

## Troublemakers 931

### Chapter 931 You are so kind

Shen Ning turned around in surprise.

I saw Xiaofeng standing behind her, who came here at some unknown time, with her hands crossed, very cautious, Qian Hei had a simple and honest smile on her face.

"Xiaofeng." Shen Ning was not overly surprised when she saw her. After all, her mother was downstairs in the hospital. She could see her, and she could see her. I found it, but I didn't expect to be seen by her. I squeezed out a smile, pretended not to know, and said, "Why did you come here?"

Xiaofeng's face darkened, but she quickly smiled and said, "My mother is in the hospital downstairs. I saw you, my wife, unexpectedly. Is there something wrong with you in the hospital?"

She was also playing sloppy on purpose, pretending that she had just seen Shen Ning's appearance, and she was very worried when she asked about the back, and looked left and right.

"Oh, my palace is cold, and I have a lot of aunts, so I will check and take care of you here." Shen Ning smiled lightly, and asked with concern, "How is your mother now?"

"Fortunately, the condition is stable now, thank you for your concern." Xiaofeng looked a little dazed.

"Is your mother's medical expenses enough? If not, tell me."

"Enough, enough." Xiaofeng nodded hurriedly, seeing the concern on Shen Ning's face, her mood was extremely complicated.

"You must tell me if you have any difficulties." Shen Ning told her carefully.

"Thank you, ma'am, you are so kind." Xiaofeng was very grateful, and suddenly asked, "Madam, I will bring food to my mother tonight. Do you want to eat something? Tell me, I will give it to you when I am done." You send them here together."

"Don't bother, I'll just order takeaway."

"That can't be done, it will cause malnutrition, you must eat well, tell me what you want to eat, I will bring it to you, if you really don't want to tell me, then I will cook it myself and bring it to you." Xiaofeng was very persistent and sincere.

Seeing her sincere appearance, Shen Ning couldn't bear to disappoint her kindness, so he had to say: "You can ask the kitchen to cook me ribs soup."

"Okay, don't worry, I will definitely bring you the food and pork rib soup." Xiaofeng crisply agreed and turned to leave.

"Oh, that's right, Xiaofeng." Shen Ning suddenly remembered something, stopped her, and said, "Don't tell others about my physical examination and hospitalization here, I will leave here the day after tomorrow."

"Okay, I know, don't worry, I won't tell anyone." Xiaofeng understood it, and immediately promised.

Shen Ning saw how understanding she was, and nodded in satisfaction.

Xiaofeng said goodbye and left.

Shen Ning looked at her back and sighed, took out his mobile phone and bought a lot of supplements in a software supermarket, and asked the deliveryman to deliver them to Xiaofeng's mother's ward.

Li's Castle.

Xiaofeng carried the vegetables she bought from the vegetable market and walked like a zombie, her eyes were empty and her expression was numb, but her heart was beating like a gong and drum, beating non-stop.

Calm down, be sure to be calm!

She secretly cheered herself up.

This time is definitely an opportunity. As long as the medicine is put in, Shen Ning will undoubtedly drink it, and the child in her stomach will be gone.

As long as her child is gone, the mother's life can be saved.

For her mother, she has been forced to have no way out. When she was very young, her father died. It was her mother who raised her with painstaking efforts. She has not had time to repay her kindness. How can she let her mother die? , never!

Chapter 932 What's on your mind?

"Xiaofeng, where have you been? Madam has been looking for you all afternoon but has not found you." As soon as Xiaofeng entered the living room, Aunt Dong saw her and stopped her to ask.

"Aunt Dong, I went to see my mother, and I asked the housekeeper for leave." She replied in a low voice.

"Hey, what are you shopping for?" Aunt Dong was very surprised when she saw the vegetables in her hand.

This Xiaofeng has been weird for more than a day or two, but it is definitely rare for her to buy so many vegetables. In Li's Castle, the servants are all provided with food and accommodation, so there is no need to buy vegetables by themselves.

"My mother is in the hospital, I will buy food for her." Xiaofeng quickly replied.

"Oh." When Aunt Dong heard that her mother was in the hospital, she felt pity. She thought that her eccentricity must have something to do with her family environment. She heard Shen Ning say that her family was not in a good place, so she immediately asked, "Do you want to help? I have time."

"No need, Aunt Dong, thank you, I can do it myself, I just want to borrow the kitchen for a while."

"That's no problem, and there are still a lot of vegetables in the refrigerator. You can't finish them at all. In the future, you can tell your wife that you don't need to buy vegetables. You can cook them together in the big stove. Just send some to your mother. You Financial difficulties are not easy." Aunt Dong kindly reminded her.

"Okay, then I will tell my wife next time, thank you." Xiaofeng accompanied her with a smiling face.

At this time Xiaoxiao came to find Aunt Dong, and Aunt Dong took her out for a walk.

Xiaofeng carried the dishes into the kitchen and began to wash them.

"Ah." After a while, she cleaned up and started to chop vegetables, but because of her restlessness, the kitchen knife actually cut her finger, and blood flowed instantly.

it hurts!

She turned pale, covered her fingers and went to the medicine box. After disinfecting for a while, she took a band-aid to stop the bleeding, and then continued to cook.

"Xiaofeng, turn off the fire, the vegetables are overcooked." When she was holding the spatula in a daze, suddenly, someone called her from behind.

Xiaofeng was startled, and when she came back to her senses, she saw black smoke rising from the pot, the fish she had just fried had been burnt, her face turned pale, and at this time the people behind had rushed over and turned off the fire .

"Xiaofeng, what's the matter with you? You can burn any dish." Li Wanqing smelled the burning smell. She had already called Xiaofeng a few times when she was in the living room, but she couldn't There was no response, so she rushed over to turn off the fire in fright.

"I'm sorry, ma'am, I didn't mean it, so I won't dare next time." Xiaofeng quickly apologized.

"Xiaofeng, you've been either in a daze or in a daze every day during this time, what's on your mind?"

Originally, Li Wanqing wanted to ask Xiaofeng to have a good talk with her in the study today, but she didn't see her in the afternoon.

Just in the middle of the night before yesterday, when she woke up to go to the toilet, she thought of the children sleeping upstairs. Ding Ding had been coughing a bit these days, and it was cold at night, so she went upstairs because she was afraid that the little guy would kick the quilt.

But when she went upstairs to look, she suddenly became angry, and saw that in the children's room upstairs, Ke Ke, Ding Ding and Xiao Xiao were all uncovered, Ding Ding was still coughing, and Xiao Feng, who was on the night shift, was missing.

She covered the children with a quilt and went to find Xiaofeng, but she didn't expect that she fell asleep in the guest room, which was still sleeping peacefully.

At that time, she was very angry, woke her up, and criticized her severely.

After that incident, Li Wanqing began to pay attention to Xiaofeng.

It's okay if you don't pay attention to this, but the more you pay attention, the more flustered you become.

She found that Xiaofeng was like a wandering ghost during the day, wandering around, and at night, she either stood in a daze, or sat in a daze, in a trance, and had no intention of taking good care of her grandchildren. This made her very worried.

In this case, she was worried about leaving the children to her.

Chapter 933 How about you do me a favor?

"Ma'am, it's all right, it's all right, I'm in a trance." Xiaofeng was terrified, and hurriedly denied it.

Li Wanqing has seen countless people, how could she trust a little girl.

She decided that she must have something on her mind, so she wanted to ask her out.

But no matter how she did her ideological work, Xiaofeng just refused to admit it. Not only did she not admit it, but she kept begging her not to fire her, saying that she would work hard and take good care of the children.

After talking about it, I kept crying.

Li Wanqing looked at her pitifully, and thought about giving her a chance first and staying with her for a while to see if she could improve.

After Li Wanqing left, Xiaofeng began to concentrate on cooking.

But when she cooked the pork rib soup and took out the packet of medicine powder from her pocket, she was dumbfounded again. A picture of Shen Ning's lower body bleeding flashed in front of her eyes, and her opponent trembled.

"Xiaofeng, is the food ready?" Later, when Aunt Dong came back to fetch warm water for Xiaoxiao, she saw Xiaofeng standing there in a daze, and asked hurriedly.

"Ah, ok, ok, I'll go right away." After asking a few times, Xiaofeng answered anxiously, but the answer was not what was asked.

Aunt Dong frowned involuntarily, but thinking of her mother being hospitalized, she probably understood her. She took a small water glass and filled it with water and walked towards the living room, but when she walked into the living room, she felt uneasy. Turned around again.

Turning around, I saw Xiaofeng was holding something in his hand, shaking and begging to pour it into the soup.

"Xiaofeng." Her eyelids twitched and she blurted out.

"Ah." Unexpectedly, Xiaofeng's reaction was even bigger this time, she jumped up and screamed out loud.

"Xiaofeng, what's wrong with you?" Aunt Dong hurriedly walked over and asked again.

"No, it's okay." As soon as she walked over, she saw Xiaofeng holding a small white transparent plastic bag with something in it. When she walked in front of her, Xiaofeng had already put the plastic bag in the palm of the hand and put it in the pocket by the way.

"What are you doing?" Aunt Dong stared at her hand, saw her face turned pale, and asked suspiciously.

"No reason, just put some pepper to warm my mother's stomach." Xiaofeng squeezed out a smile.

"Oh, then you can let it go if you want, why do you act like a thief." Aunt Dong really couldn't understand her panicked and ghostly behavior, so she should be suspicious, she was giving Her mother's cooking won't hurt her own mother, right?

At the moment, she looked at her suspiciously, and then walked towards the living room, where Xiao Xiao was still waiting for a drink of water.

After Aunt Dong left, Xiaofeng breathed a sigh of relief, now she didn't dare to prescribe medicine to Shen Ning at home, but hurriedly packed up the food and walked towards the hospital.

In the hospital.

"Sister-in-law, I bought crab mountain snacks for you. Try it quickly. There are also sesame berries, which are delicious." Li Jiaojiao brought a large bag of food and fruits over with a smile. She didn't have much effort. The ward was turned into a tea room, with food everywhere.

Shen Ning also loves Xieshan snacks very much. As soon as she put them on, seeing the attractive appearance, she couldn't help but started to eat them. Because of the hot and sour sauce, she still ate a lot, and she ate them after a while. Supported.

"Biao sister-in-law, isn't Ji Mingshou coming?" Li Jiaojiao began to \*\*\*\* after Ji Qingshan after she was full, and was a little disappointed when she didn't see him coming, looking around.

Shen Ning was dumbfounded by her.

"Professor Ji is very busy, how can he have time to walk to me all day long, I am not someone to him."

"That's right." Li Jiaojiao smiled, and suddenly took her hand and said, "Cousin-in-law, how about doing me a favor?"

"What's busy?"

"I want to chase Ji Qingshan, please help me."

Chapter 934 is very dangerous

"How do you want me to help?" Shen Ning had already guessed what she was thinking, and asked immediately.

"It is to say more good things about me in front of him, or create conditions for us to be alone." Li Jiaojiao blurted out, as if she had already thought about it.

Shen Ning smiled helplessly: "Okay, I will try my best."

In fact, she really wanted to tell Li Jiaojiao that Ji Qingshan's enthusiasm for her was not only low, but also prejudiced against her. She hoped that she would be more reserved and make Ji Qingshan look at her in a new light instead of setting him a trap like this. She didn't win by playing tricks, but this little girl is full of energy, what else can she say besides agreeing.

The two were talking when someone knocked on the door outside.

"Come in."

The door opened quickly.

They looked up and saw Xiaofeng walking in carrying a bento and an insulated lunch box, with sweat on his forehead.

Shen Ning was taken aback, and then remembered that Xiaofeng said he was going to bring her food.

"Madam, hello Miss Biao." Xiaofeng greeted them politely, put the food in her hand on the bedside table in front of her, and said to Shen Ning, "Madam, I'm sorry, it's a bit late, I'm hungry Come on, eat it while it's hot."

As she spoke, she was about to open the thermos to fill her with soup.

"Xiaofeng, let's put it away for now. I'm full and I can't drink it for the time being. Thank you." Shen Ning stopped her and smiled gratefully at her.

Xiaofeng was startled, she never thought that Li Jiaojiao would bring so many delicious food, Shen Ning is like this, it seems that she doesn't want to eat.

She was stunned, but an inexplicable sense of relief welled up in her heart.

Why don't you eat it? It's fine if you don't eat it, and nothing will happen.

What if you don't eat it? If she doesn't eat, mother will die.

"Madam, the soup I just made is quite fresh. I put some mushrooms in it. It's good for your stomach if you eat it while it's hot. I see that you often vomit these days. I'd better fill it out for you and drink it." Xiaofeng persuaded.

"Okay, you put it away first, I'll drink it later." But Shen Ning still didn't intend to drink it.

Xiaofeng stood still.

Li Jiaojiao bit the straw in her mouth, and said to Xiaofeng: "Just put it here, and she will eat it when she's hungry, you go out first."

"Okay, okay." Xiaofeng had no choice but to agree, and left.

She walked to the door of the ward, turned her head and saw Shen Ning and Li Jiaojiao talking and laughing, and she didn't notice anything wrong at all.

For a moment, she was glad that she didn't drink it, and when she returned to the ward, she looked at the supplements that Shen Ning bought, and felt even more ashamed, and then looked at her mother on the hospital bed, feeling like a knife was twisting her heart, sitting there with tears in her eye sockets. Turn around.

In the bedroom of the seaside villa.

"Cold-blooded, this is what was implanted in my brain? What exactly is it?" Li Zhenting observed something the size of a sesame seed with his fingers, and asked expressionlessly.

"Yes, Mr. Li, after urgent confirmation by the research institute sent by the hospital, it was concluded that this is a high-tech chip that can interfere with human brain cells, paralyze nerves, and make people often in a coma state. Drowsy, hallucinations appear in front of the eyes when it is severe, misidentified people, and even obey others, and it is easy to be controlled by others."

Li Zhenting's face was livid.

"Who planted this in my head?" he asked sharply.

"Mr. Li, we can't confirm it yet, and we haven't found any evidence yet, but the current Li Group is very dangerous. According to my investigation, there have been foreign mysterious forces infiltrating in. As for the evil hands behind the scenes, we will temporarily I don't know, and I hide it very secretly." Leng Xue's face was very serious.

"Tell me in detail what happened during this period." Li Zhenting's ears moved, and his deep and cold eyes shone like sharp knives.

"good."

Leng-Blood began to speak in detail.

Chapter 935 Does your head still hurt?

Li Group.

Wearing sunglasses, accompanied by Leng Xue, Li Zhenting walked in slowly.

A group of senior executives stood waiting in the corridor. They hadn't seen each other for many days, and each of them held a thick document that needed to be signed for approval.

"Shocking."

Sudden.

A woman ran out of the office over there, with her arms outstretched, her face full of shyness, and in front of so many senior executives, she walked straight into his arms without shame, wrapped her arms around his strong waist, and wrapped her arms around his waist. Her face was pressed against his chest, her face was full of excitement, and she kept yelling his name, like a newlywed couple who hadn't seen each other for a long time.

This woman is Xiaofeng.

She is wearing a \*\*\*\* fashion, charming and colorful.

Li Zhenting stood upright, his back stiff.

After a long time, he slowly raised his hand, pushed her away, and said in a low voice, "Who are you?"

"Zhenting, I'm Xiaofeng." Xiaofeng looked at him with a raised face, and asked in surprise, "Don't you know me?"

"Xiaofeng, who is Xiaofeng?" Li Zhenting was still in a daze, and asked in a murmur.

"Zhen Ting, what's wrong with you? Is it amnesia? I was with you every day a few days ago. I am your favorite Xiaofeng." Xiaofeng was a little anxious, "Take a good look at me."

"Oh." Li Zhenting pushed down his sunglasses, and the black pupils under the sunglasses were gloomy and unpredictable. After a soft 'oh' sound, he stretched out his hand to her, "Then let's go in."

"Okay." Xiaofeng was full of joy, and put his little hand into his big palm, and his whole chest was pressed against his arm, but when it was pressed, he was supported by the man's bent elbow, separating him from the chest. After the distance, Xiaofeng had no choice but to hold his arm and walk towards the inside with a happy face.

The executives next to him had expressions of surprise and disdain in their eyes.

This Xiaofeng is too exaggerated and unreal. In this kind of workplace, Mr. Li has not announced the identity of her girlfriend. She is so bold and has such an ambiguity with Mr. Li. The ambiance was offbeat.

Besides, Mr. Li still has a family, including three children!

But Li Zhenting's actions made them all shut up. After all, this is the Li family group and the Li family's world, and outsiders can't say anything about them.

"Zhen Ting, where have you been these days? I've been looking for you every day. It's been so hard to find you. Why did you suddenly disappear?" As soon as they entered the president's office, Xiaofeng helped him to sit on the sofa. When she got down, she squatted in front of him, patted his chest lightly with her small fists in both hands, her big eyes were teary, and she was very delicate.

Li Zhenting sat blankly, and replied: "I don't know either."

Xiaofeng was startled, stopped his hands and looked at him: "Zhenting, don't you know where you have gone?"

Li Zhenting said blankly: "I don't know, I only know that I am sleeping."

Xiaofeng blinked his big eyes, it seems that the effect of the chip implanted in his brain is getting better and better.

This is the best, and Li Zhenting can control it better.

"Zhen Ting, does your head still hurt?" An unpredictable smile appeared on the corner of her lips, she sat down on his lap, and gently stroked the back of his head with her fingers, stroking it lightly.

"Ouch, it hurts so much." Li Zhenting's face was pained, and there was a wound in the place where he had just undergone surgery.

"Does this hurt too? I just touched it lightly." Xiaofeng was surprised, not sure whether he had a headache or the place where she pressed it hurt.

"My head hurts." At this moment, Li Zhenting suddenly put his head in his hands and shouted.

Xiaofeng was taken aback, isn't this still exactly the same as before, she was secretly delighted!

"Zhenting, don't worry, I'll help you go to bed and rest." She said caringly, helped Li Zhenting stand up, and led him to the suite inside.

Chapter 936 He listens to me very much

"Xiaofeng, I'm thirsty, I want to drink tea." Li Zhenting was still crying after lying on the bed with a headache, just like before.

Of course Xiaofeng knew what tea he was going to drink, but because Li Zhenting had been missing for several days, she was not prepared for the time being.

"Okay, I'll help you pour tea." She replied softly and considerately, went outside and took his jade cup and warm boiled water for him to drink.

Li Zhenting didn't seem to relieve his headache after drinking it, and continued to complain about his headache.

Xiaofeng reached into his pocket, fiddled with something, and soon, a faint fragrance slowly wafted out.

Li Zhenting became dizzy for a while, closed his eyes and stopped talking.

"Zhen Ting, does your head still hurt?" Xiaofeng asked gently as water, stroking his handsome face with his fingers.

Li Zhenting replied in a warm voice: "It doesn't hurt anymore."

"Well, that's good." Xiaofeng looked at his eyes, and wanted to reach out to take off his sunglasses, but Li Zhenting took her hand, "My eyes hurt, don't take off the sunglasses."

"Oh." Xiaofeng was taken aback, and asked, "Zhenting, isn't your eye healed after surgery?"

"It relapsed again these days."

"That's it, then you have to be careful." Xiaofeng was concerned and distressed, and asked cautiously: "Zhenting, have you had your eyes checked these days, but why didn't you tell me?"

"I don't know." Li Zhenting turned over, like a child who didn't know anything.

Xiaofeng looked at his back, with an inexplicable smile on the corner of his lips.

"Zhen Ting, good boy, take a rest first, tell me what you want to eat later, I'll buy it for you, I'll go to work first, let me tell you, the chip of Li's Group will be designed soon, this is Good news." Xiaofeng said softly, and gently covered him with the quilt.

"Well, good." Li Zhenting replied, and a slight breathing sound came out from the nose quickly.

Xiaofeng retreated to close the door and returned to his office. As soon as he came back, he closed the door and called Reines.

"Mr. Reines, good news, Li Zhenting has returned to the company." She reported in a low voice.

"Oh, so has he changed now?" Renez looked very nervous.

During the days when Li Zhenting disappeared, their chips could not receive any information, and the eerie calm made them fall into panic.

After all, Li Zhenting is not an ordinary businessman, if he finds out about the matter, the consequences will be disastrous.

"Nothing has changed, it's still the same as before." Xiaofeng replied casually, "And I feel that the chip implanted in his brain is better than before. Before, he would resist me when he was awake, but now it seems, He doesn't doubt me at all, and trusts me a lot."

"Really?" Renes breathed a sigh of relief, dispelling some shadows in his heart.

"Of course, I have been with him just now, and he listens to me very much." Xiaofeng said arrogantly.

"That's good." Reines was completely relieved, "Xiaofeng, you have to act quickly, the Li Group is not an ordinary company, and sooner or later we will be discovered by them. empty."

"Okay, I understand." Xiaofeng agreed and hung up the phone.

Hmph, you want to use me!

After I become Mrs. Li, you will know how powerful I am, so please come and beg me!

She threw the phone aside, opened the closet, began to put on makeup for herself, and picked out the sexiest and most beautiful clothes.

Chapter 937 I will never forgive you!

In the ward.

After playing with Shen Ning for a while, Li Jiaojiao felt a little disappointed before Ji Qingshan came over.

But this beast only visits the clinic for half a day a week, so she has no way to find him.

"Biao sister-in-law, Hanhan will come to the capital to perform tomorrow, can you help me make an appointment with Ji Qingshan to watch the performance?" Shen Ning took out two concert tickets from his pocket and asked salivating.

Shen Ning smiled: "Ji Qingshan is a scholar, do you think he will go after stars?"

"Then what should I do?"

"Well, tomorrow there will be a Chinese-foreign exchange academic conference in the medical field at Xingyun Hotel. Ji Qingshan will be a special guest to give a speech on stage, and you will definitely see him there."

"Really?" Li Jiaojiao's eyes glowed green.

With a "poof", Shen Ning was amused by her, this little girl is more lustful than her brother Li Zhijun.

"Of course it's true, when did I lie to you?"

"Cousin-in-law, you are so kind, I love you so much." Li Jiaojiao rushed forward, wrapped her arms around her neck and patted Rainbow Fart, "I knew that there was nothing wrong with being with my cousin-in-law, don't worry, I won't Forget yours."

"Okay, don't be too fussy." Shen Ning pushed her away, and said with a smile, "Think about how to get in to this academic exchange meeting first, everyone has invitation letters, how do you get in by yourself Woolen cloth?"

"That's it." Li Jiaojiao became depressed, and suddenly rolled her eyes, and said, "Cousin, you are the smartest, and you can definitely think of a way. Help me find a way."

"What can I think of? Xingyun Hotel is a hotel under the Li Group. I, an outsider, can't get invitation tickets." Shen Ning said this intentionally, but in fact, she was reminding her to go to the Li Group to get the tickets. After all, the Li family is her relatives.

The smart Li Jiaojiao understood immediately, blinked her big eyes, and immediately said: "Cousin, I understand, I will go to my cousin right now, as long as he tells me, don't say that I went in, just go to the venue Being a manager is just a word for him."

"You said this, I didn't say it, it's none of my business." Shen Ning pretended not to understand, and said lightly.

"Cousin, I know, I won't tell my cousin that you told me, thank you, I'll go first." Li Jiaojiao was very happy, she turned around and ran, but she turned back just as she reached the door Come back and say: "Cousin, let me tell you, you must not give up my cousin because of that woman, you have to trust him, he is definitely not a scumbag, there must be a reason for this, Wait for me, I will definitely find out the reason and return my cousin to you, you must remember."

She gave serious and serious orders before turning around and leaving.

Shen Ning's face that was still smiling darkened, and the scene of Li Zhenting and Xiao Feng being intimate and ambiguous flashed in his mind, and his heart ached.

If he is not a scumbag, then who is the scumbag? Ever since she met him, her heart has been scarred and can no longer be repaired.

She caressed her belly with her fingers, her eyes were as cold as ice!

Li Zhenting, in this life, I will never forgive you! You have caused me enough pain!

After a while, there was a knock on the door.

When she recovered from the pain, she saw Xiaofeng standing at the door.

"come in."

"Madam, have you drunk the pork rib soup I made for you?" Xiaofeng walked in and asked politely and respectfully.

Shen Ning was startled, and then remembered that she gave her soup last night.

"Sorry, I forgot." She quickly apologized.

He came here with good intentions, but she forgot to drink it, which made her feel very sorry.

But it's already overnight, and she can't drink anymore.

Chapter 938 What are you?

Xiaofeng's fingers tightly twisted the hem of the clothes, and her palms were covered with sweat.

When Shen Ning said that he didn't drink, his nervous heart relaxed again.

"It's okay, I'm here to get the insulated lunch box, what else do you want to drink today, I'll bring it to you after cooking." Xiaofeng walked over to pick up the insulated box and asked politely.

"Xiaofeng, no need, thank you, I will be discharged from the hospital tomorrow, and the Chinese New Year is coming soon, I have to go back to Li's Castle to spend the New Year with the children." Shen Ning shook his head and refused.

"Okay then." Hearing that she would go back to Li's Castle, Xiaofeng felt less flustered and agreed.

"Then I'll go first." She turned around and was about to leave with the insulation box in hand.

Shen Ning saw that she looked a little lost, and said, "Xiaofeng, can you pour me a glass of water?"

"Okay." Xiaofeng was taken aback, and immediately went to get her cup, went to the water dispenser to get her a glass of water, handed it to her hand, and said, "Madam, please drink some water."

"Okay, thank you." Shen Ning took a few sips from the water glass, smiled gently at her, took out a bank card from his pocket and said, "There is a little money here, you can give it to me first." Your mother should pay the operation fee, and tell me if you have any difficulties."

"..." Xiaofeng didn't answer, and stood with red eyes.

"Accept it, I know it's not easy for you, you are also women, so help if you can." Shen Ning comforted her.

"Madam, you are really a good person." Xiaofeng burst into tears.

The more Shen Ning treats her like this, the more sad she feels and blames herself for being unable to do anything.

"It's okay, my financial ability is stronger than yours, and saving your mother is the most important thing." Shen Ning smiled, and must have made her accept the bank card.

Xiaofeng left with tears in her eyes.

Li Group.

"Zhenting, let's eat quickly. This is your favorite Norwegian salmon. Eating it is good for the brain and won't hurt your head." In the president's office, Xiaofeng was holding the rice bowl, extremely gentle.

Li Zhenting sat on the sofa and said lightly, "I'll do it myself."

He took over the job from Xiaofeng and started to eat by himself.

"Zhen Ting, where's your ID card and opening book?" Xiaofeng sat down beside her and asked softly.

"Why do you need a household registration book and ID card?" Li Zhenting asked after taking a bite of fish.

"Zhen Ting, have you forgotten? You promised me a few days ago that we will go to the Civil Affairs Bureau to get a marriage certificate." Xiaofeng looked at him affectionately, "We love each other so much that we should stay together forever, right?"

"Oh, that's it." Li Zhenting looked blank, as if he didn't remember this at all.

"It's true, you also gave me the household registration booklet and ID card. We were going to register at the Civil Affairs Bureau the next day, but you disappeared the next day. I don't think about food and drink these days, and I think about you every day. , It's really bitter." Xiaofeng shed tears of grievance and longing as he spoke.

She put her face on the man's arm and hugged him with both hands, looking extremely tender.

Li Zhenting's body was stiff, and the veins on the back of his hand holding the chopsticks were bulging.

"Hey, what are you doing?" At this moment, a girl's figure rushed in, pointed at Xiaofeng and shouted angrily, "Why are you so close to my cousin? What are you, my cousin Brother has a wife and children."

As soon as Li Jiaojiao came in, she saw that Xiaofeng was seducing Li Zhenting, she became angry, ran over and grabbed Xiaofeng's arm and shook him, causing Xiaofeng to fall to the ground.

"Zhenting." Xiaofeng fell to the ground and looked up at him tearfully.

There is no expression on Li Zhenting's face, and the black pupils under the sunglasses are as deep as the sea, unfathomable.

"Cousin, are you stupid? You don't love such a good woman as your cousin, but you hang out with such a fairy-like woman. How did you become like this?" Li Jiaojiao was heartbroken, "I remind you now, hurry up and get my cousin back, she will be snatched away by someone else, and it will be too late for you to regret it, and cry to death by then."

#### Chapter 939 Hiding by the door and listening to the corner

Li Zhenting's back was stiff, sitting like a log, the corners of his lips and jawline were tense.

"Zhenting, Jiaojiao is still young and doesn't understand love, so don't listen to her nonsense." Xiaofeng fell to the ground and cried aggrievedly.

"Ah bah, you don't understand love. You use the guise of love to do things that hurt nature and reason. It's immoral. I tell you, you won't get rewarded." Li Jiaojiao spat contemptuously.

"Zhen Ting." Xiao Feng wept weakly and wept as if he had been wronged.

"Xiaofeng, you go out first." Li Zhenting slightly lifted his thin lips.

"I..." Xiaofeng stopped crying, and looked at Li Zhenting in a daze, not understanding what he meant.

"Get out." Li Zhenting's voice was low, with irresistible power.

"Okay, okay." Xiaofeng felt a little inexplicably afraid for a while, and walked out after saying that.

"Cousin, what is going on with you now? How could you hurt your cousin so much?" Li Jiaojiao asked dissatisfiedly as soon as Xiaofeng left.

Li Zhenting was silent, his fingers on the side gripped the bed sheet tightly.

"Cousin, you are like a stupid king, greedy for beauty, fatuous and incompetent, you don't look like a corporate president." Li Jiaojiao walked back and forth in the room with her hands behind her back, scolding him a lot.

After a long time, Li Zhenting asked, "What's the matter with you?"

Li Jiaojiao was stunned for a moment, no, I almost forgot the business.

"Cousin, yes, there's something wrong." She covered her mouth with her hands, and with a smile on her face, she scolded him just now. This guy won't hold grudges and refuse to help, so she hastily stated her intentions, Of course, she didn't tell Li Zhenting that she was chasing Ji Qingshan, she only said that she was looking for someone.

Li Zhenting did not speak.

"Cousin, my sister-in-law asked me to come to you. You won't help me." Li Jiaojiao completely forgot the promise she made in front of Shen Ning. In order to achieve her goal, she had no choice but to use any means.

I don't know if it was Shen Ning's fault, but Li Zhenting took out Zhang Ming's card from his pocket and handed it to her.

Li Jiaojiao took a look and couldn't help but be overjoyed. This is equivalent to his own franchise pass, and all subsidiaries of the Li Group can enter and leave freely.

"Thank you, cousin." She immediately put it in her bag, blew a kiss to him, and said, "Don't worry, I will help you guard your cousin, but you have to work hard yourself."

She turned and left impatiently.

"Ouch." But when she opened the door, with a cry of pain, a figure followed the door and fell in.

She was taken aback, but upon closer inspection it turned out to be Xiaofeng.

It turns out that this woman didn't leave at all, but hid by the door and listened to the corner, it's disgusting.

Originally, she could have given her a hand, but she just raised her hand and pushed her inadvertently.

This time, Xiaofeng immediately fell to the ground and screamed.

"It deserves it." Li Jiaojiao clapped her hands and walked away swaggeringly.

Li's Castle.

"Grandma, I want five Baobiao." Ke Ke, Ding Ding and Xiao Xiao walked up to Li Wanqing, and Ke Ke and Ding Ding spoke coolly.

"Oh." Li Wanqing looked at the three little ones and asked in surprise, "Why do you want Baobiao all of a sudden?"

"Because we want to protect Mommy." The three little ones said in unison.

"why would you say so?"

Thus, San Xiaozhi talked about how Xiaofeng hurt little things after he was discovered by Xiaofeng in Li's Castle that day, especially focusing on the scene of Shen Ning protecting Xiaoxiao from wrestling.

Li Wanqing's face turned black with anger.

She forgot that the children are already on winter vacation, and the three of them cannot be allowed to go out alone. Moreover, Coco was hijacked by criminals before.

"Okay, grandma will arrange it for you right away." She agreed immediately, pinching their little cheeks: "Very good, with a sense of safety."

"Thank you grandma." The three little ones bowed in unison, expressing their thanks in a milky voice.

Li Wanqing hugged the three cubs and loved them very much. It was true that she was negligent about arranging Baobiao, which should be arranged as soon as the winter vacation is over.

Chapter 940 Eye circles red with jealousy

In the hospital.

Shen Ning is packing his things and preparing to be discharged from the hospital.

Sudden

The door opened.

Three little guys walked in majestically, heads held high, followed by five strong Baobiao, the scene was very majestic and spectacular.

"Mommy," they shouted in unison.

Shen Ning looked back, tears welling up in his eyes.

"Coco, Ding Ding, Xiao Xiao." She squatted down and stretched out her arms to the three of them.

The three little guys ran towards her arms together.

"Mum, did you fall down that day, that's why you came to the hospital." Xiao Xiao asked worriedly. Mum rolled on the ground to save her that day.

"No, Mum just came here to rest and recuperate, and she's ready to go home now." Shen Ning hugged the three little guys into his arms, kissed their little faces one by one, smiling, and didn't know how they knew her Hospitalized here.

"Mum, don't worry, we will protect you in the future and won't let anyone bully you again." Seeing that Shen Ning was fine, Ke Ke and Ding Ding felt relieved and patted their chests with pride.

It turned out that San Xiao only installed a monitor in Shen Ning's bag to protect Shen Ning, because Shen Ning's bag was covered up two days ago, they couldn't see it, but last night, Ding Ding already knew through analysis that his mother Mi was in the hospital, and they were very worried about her, so early in the morning, they found Li Wanqing and asked for Baobiao, and then rushed over quickly.

"Thank you." Listening to the children's words of concern, Shen Ning's heart was warm, and her face was blushing with happiness.

after a little while.

In the corridor of the hospital, Shen Ning was surrounded by three jade-carved little guys and walked outside. Coco and Ding Ding were majestic and domineering, full of luxury, and their unbelievably beautiful faces were full of respect for Mommy. Pet, behind him, five tall and strong Baobiao followed, respectful.

"Oh my god, this is the young master of the Li family. The young lady is so beautiful. She really is a child of a wealthy family. She has a great temperament since she was a child, and she is different from others."

"Wow, I am so blessed to be the young mistress of the Li family."

...

Wherever they went, everyone turned their heads and looked at them, tsk-tut-tut-tut-tut-tut look-at-the-crowd-in-the-middle

Shen Ningshi's eyes were full of envy.

Shen Ning has grown up so big, this is the first time he has enjoyed the highlight moment of being surrounded by people and attracting everyone's attention.

This

All brought by her three children.

She deserves it!

"Mummy, please get in the car." Baobiao opened the car door at the gate of the hospital, and Ke Ke and Ding Ding stood by each other to welcome Shen Ning into the car. Shen Ning held her little hand like a queen After getting into the car, Ke Ke and Ding Ding followed the car, sitting next to Shen Ning on one left and one on the right. The white Rolls-Royce drove slowly outwards, taking everyone's eyes away for a long time. Far.

Beside the pillar next to him, Xiaofeng stood there, his eyes were red with jealousy.

Shen Ning, let you be proud and majestic for a few days, and you will cry blind in no time!

Today, after Xiaofeng called Xiaofeng and learned that she hadn't done anything yet, he was very furious and decided to take a look in person, but unexpectedly, he saw a picture of Shen Ning being surrounded by several children in a very happy scene.

She was mad with anger and walked outside.

It seems that we must act quickly!

Li Group.

"Zhenting, please bring me your ID card and household registration book. We will go to the Civil Affairs Bureau to get a marriage certificate tomorrow morning. I have already made an appointment." Xiaofeng took Li Zhenting's hand affectionately, with a shy and gentle face Incomparable.

Li Zhenting sat stupidly, as if he didn't hear it.

"Zhen Ting, I'm talking to you, did you hear that?" Xiaofeng shook his hand coquettishly.

"Aren't we already married?" Li Zhenting asked blankly, "Why are we still married?"

Xiaofeng hurriedly replied softly: "Zhenting, we are not married, you were about to get married last time, but you suddenly disappeared, and now your ID card and household registration book have been taken away by Ke Ke and Ding Ding, you go quickly Find them and get them back, these are needed for marriage registration."

After she finished speaking, she recounted the scene of Ke Ke and Ding Ding rummaging in her office that day.

But Li Zhenting just sat there blankly, without saying anything.

Xiaofeng became anxious, reached into his pocket, took out a spray-like thing from inside, and sprayed it on Li Zhenting behind him.

"Zhen Ting, can we go to Ke Ke and Ding Ding to get back the household registration book and ID card now?" Xiao Feng asked softly in his ear.

"Okay." Li Zhenting agreed, stood up obediently and said, "Then let's go."

"Okay." Xiaofeng was very happy, and immediately took his arm.

The two walked out.
