

## Troublemakers 951

### Chapter 951 Someone bullied Mommy

"What are you proud of? You are a little girl." Ke Ke got angry when she saw Lan Lan's schadenfreude, glared at her fiercely, and yelled angrily.

It happened that Shen Ning was going upstairs and downstairs.

Lan Lan was terrified by Ke Ke's yelling, she pursed her lips, and burst into tears.

She knew that Shen Ning generally would not favor Ke Ke.

"Auntie, Ke Ke glared at me and yelled at me." She pouted at Shen Ning and complained.

Shen Ning came down and immediately asked Ke Ke: "Ke Ke, why are you glaring at Lan Lan and yelling at her, she is your sister."

"She laughed at us, I'm angry." Ke Ke couldn't come up with a good reason, after all, Lan Lan didn't do anything, even if she laughed, it was only on her face, so she could only answer in a low voice.

Shen Ning looked at Lan Lan and asked, "Lan Lan, are you laughing at them?"

"No."

Shen Ning immediately became serious: "Ke Ke, Mommy hasn't seen you for several days, why did you become like this, quickly apologize to Lan Lan."

Ke Ke was full of grievances, Lan Lan was obviously laughing at them, and Daddy had already married that woman, they felt very uncomfortable, but facing Shen Ning's seriousness, he had no choice but to tell Lan Lan reluctantly Said: "I'm sorry, I won't dare next time."

Lan Lan smiled triumphantly.

Ke Ke felt more and more uncomfortable, and walked upstairs with a sullen face.

Ding Ding and Xiao Xiao followed closely behind.

Shen Ning looked at the appearance of the three little ones, and frowned, what happened to them, if they saw her normally, the three little ones would definitely open their arms and run towards her, but now it's like this, it's too strange up.

She turned and followed.

"Ke Ke, Ding Ding, Xiao Xiao, what's the matter with you?" After going upstairs, she asked softly.

The three little ones lined up and sat on the sofa without speaking, all with puffed cheeks and red eye circles.

Shen Ning felt pain in his heart, stroked Ke Ke's little face, and asked gently: "Ke Ke, are you blaming Mommy for not letting you apologize to Lan Lan?"

Ke Ke pursed her lips and said nothing.

"Ke Ke, you are a boy. Boys should be gentlemen. Don't haggle over every detail with girls. Usually, you can let girls do some small things. Even if girls are wrong, as long as they are not too much, you can give way appropriately. This is called Manliness, understand?" Shen Ning explained carefully while holding his little hand.

"Mommy, we are not angry because of this." Ding Ding couldn't hold back and helped Ke Ke.

"Why is that?" Shen Ning was taken aback and asked immediately.

After the three little ones looked at each other, they all burst into tears, tears streaming down their cheeks.

Shen Ning panicked when he saw the seriousness of the matter, and hurriedly asked: "Tell Mommy, what's wrong with you? Who bullied you?"

San Xiao only wiped her tears with a tissue: "It wasn't someone who bullied us, it was someone who bullied Mommy, and we feel distressed."

Shen Ning's heart twitched and ached, and he asked carefully.

After a while, San Xiaozhi told what had happened.

Shen Ning's face quickly turned pale.

Li Zhenting, you really can't wait!

I have divorced you, do you have to hurt your children by marrying so hastily in front of them? Won't you change the date under cover?

Even if you don't think about yourself, you still have to think about the children, they are still so young, how can they bear this blow! I really think highly of you!

She was dizzy with anger.

"Mommy." At this time, the three little guys fell into her arms and cried loudly, feeling very sad.

Shen Ning's heart feels like a knife is cutting, but facing the cruel reality, she has nothing to do.

"Ke Ke, Ding Ding, Xiao Xiao, don't be sad. Mommy and your father have no love. He loves Aunt Xiaofeng and wants to marry her. Live with them, you will grow up soon, and you will have your own life when you grow up, don't look at them, don't blame Daddy, everyone has their own choice." She could only cry Soothe their young hearts.

Chapter 952 He has no choice.

"Mommy, we feel wronged for you, Daddy is so bad, he is sorry for you." San Xiaozhi pursed her mouth, heartbroken.

Shen Ning smiled when he heard the words: "It's okay, Mommy voluntarily divorced your daddy, Mommy is not sad, why are you sad, don't cry, Mommy loves you, and Daddy loves you too, We will always love you the most."

She took the three little ones into her arms and comforted them by patting their backs.

The three little guys snuggled up to her, their fleshy bodies healed the wounds in her heart at once, and a warm feeling melted in her heart.

"Mommy, let's go with you. Get out of here. We don't want to stay here anymore, and we don't want Daddy anymore." Xiao Xiao raised her face, looking very serious.

Shen Ning smiled, kissed her on the forehead and said: "Little boy, you should receive education when you grow up, and train well. If you follow Mommy, you won't have such high-quality educational resources. From now on, listen to what daddy says, don't fight against your stepmother, remember to protect yourself, as long as you live well, Mommy will be happy, you have to remember, no matter what happens, you must tell your grandparents, you know? "

"Mum, are you leaving us?" Ke Ke heard the mystery in Shen Ning's words and asked sadly.

Shen Ning's heart throbbed fiercely, and he said, "Ke Ke, you will leave Mommy sooner or later when you grow up, and you will go to the United States to study after the Chinese New Year, and you will also leave Mommy."

"But Mommy, we don't want to go anywhere, we just want to be with you." Ding Ding shook his head.

"That can't be done. You have to learn your skills well. Mommy is waiting for you to come back after learning your skills in the imperial capital. Only when you have the skills can you create your future and be filial to Mommy." Shen Ning shook his head and pulled Hold Ding Ding's hand tightly.

"But Mommy, we love you and will miss you." The three little guys snuggled into her arms again, sniffing their little noses.

Shen Ning's heart was in great pain, and she hugged them tightly. If possible, how could she be willing to leave her children!

In the Rolls-Royce saloon.

"Cold-blooded, have the children arrived home safely?" Li Zhenting's voice was low, and his whole body was filled with a gloomy murderous look.

"Boss Li, you've arrived home safely."

"Add more people to protect the children and Shen Ning, and we must not let anything happen to them." There was a cold glint in his eyes, but there was deep guilt on his face.

Today the children begged him not to get a marriage certificate with Xiaofeng in front of him, crying and making noises, God knows how much his heart hurt at that time, the pain went deep into the bone marrow!

He is sorry for the children, and even more sorry for Shen Ning!

I can only blame myself for my incompetence!

But now the situation is very critical, he has no choice.

"Don't worry, the security of the entire Li's Castle has been strengthened now, and the young lady and the children will not be in danger." While talking coldly, he took out an ID card and household registration book from his bag, and asked, "Mr. Li, These two documents..."

"Throw it away." Li Zhenting said indifferently.

"Okay." Leng Xue threw it into the trash can casually.

"Is there any movement over there?"

"No, it's surprisingly quiet. It seems that this big fish hiding behind is very cautious and won't come forward easily."

"Okay, I see." Li Zhenting replied coldly.

At this time, the phone rang.

After looking at it, he connected.

"Zhen Ting, where are you, I can't find you anywhere." The woman's voice was coquettish and coquettish.

Li Zhenting's eyes shone coldly, his fingers clenched into fists, and the veins on the back of his hands were throbbing.

He took a breath, his face was expressionless, and his tone was low: "I have something to do outside."

"Zhen Ting, today is the first day we get our marriage certificate, let's go celebrate tonight, I've already booked the best hotel."

"okay."

"Zhenting, I love you, come back soon." Xiaofeng's tone became more and more coquettish.

"good."

After he hung up the phone, there was a faint murderous look on his expressionless face.

Chapter 953 Didn't treat her as one of her own at all

"Mr. Li, please hold your breath. This is just a fake marriage certificate, and Xiaofeng can only be regarded as a pawn. The real behind-the-scenes master is hidden very deeply. If she is not allowed to go crazy, it will be difficult to lure out the criminals behind the scenes." Yes." Looking at Li Zhenting's forbearance, Leng Feng reminded him softly.

"I see, let's drive." Li Zhenting's thin lips parted slightly, and the words he spit out were not the slightest bit warm.

Started the car in cold blood.

Li Group.

"Manager Fang." Xiaofeng walked into the office of the chip design department stepping on high heels, and stood beside Fang Xianyun.

Fang Xianyun is leading several subordinates to study the data.

"Deputy Manager Shen, what's the matter?" Fang Xianyun looked up at her and asked.

"Manager Fang, how is the chip research going now? When will it be successful?" She asked seemingly casually.

Fang Xianyun raised his eyebrows: "Deputy Manager Shen, we are all waiting for your chip design drawings to come out. I wonder when you can give us the final data?"

"Well, it's not so fast, it's too busy these days." Xiaofeng raised his head slightly, and Yiran was already the aloof Mrs. Li, "Don't worry, the Li Group is now my home, and I will take it seriously. Responsible."

Fang Xianyun's lips curled into a fleeting mocking smile, and he said, "By the way, Deputy Manager Shen, I have something to tell you. It's the data you gave us last time. After this period of time, our Repeated calculations found that there is a big error, I wonder if you found it?"

"Is that so?" A guilty conscience flashed in Xiaofeng's eyes, but he quickly covered it up, and just said indifferently, "I'll study it when I get to the office, how about this, Manager Fang, you will Let me have a look at the current research results, and I will think about it comprehensively."

Fang Xianyun looked at each other with several engineers, and slowly replied: "Deputy Manager Shen, we don't have a clue yet, and we don't have any research results. We are waiting for your final data."

After hearing this, Xiaofeng said displeasently: "Manager Fang, now even the foreign media and the news know that Li's Group's chip research is about to be successful, are you guarding against me, or are you lying to me or treating me as an outsider?" ?"

Fang Xianyun smiled wryly: "Manager Shen, you know better than us how the chip research of our Li Group is doing. Can you believe the rumors in the newspapers that are speculative?"

Xiaofeng was blocked, and after a while, he could only say bitterly: "Okay, then you guys study it quickly, and I won't bother you for now."

She turned and walked out.

"I'm so \*\*\*\* off." Xiaofeng went back to his office and closed the door, slamming the book on the desk.

This Fang Xianyun ghost spirit doesn't regard her as his own at all, and is on guard against her. Recently, she discovered that he often called his subordinates to hold secret meetings to study and discuss. As long as he saw her, he would not say anything, but keep everything confidential. She was not allowed to participate at all, but Wang Qingfei knew more than she did.

A sneer appeared on the corner of her lips.

Wang Qingfei has already been fired by her. This Fang Xianyun is so ignorant of current affairs. If she doesn't get rid of him, it will be difficult for her to complete the task.

Renez has a background in intelligence, and there are American intelligence agencies behind him. His information must be accurate. Obviously, the Li Group is about to develop a chip, and Fang Xianyun is definitely the core figure.

Her fingers tapped the tabletop.

Now she has been promoted to Mrs. Li, let's see how arrogant he can be, anyone who opposes her must get out.

There was a cold light in her eyes.

night.

Yunxing Hotel.

Several large boxes are all connected together, luxurious and high-end, full of joy.

The dinner to celebrate Xiaofeng and Li Zhenting receiving their marriage certificate is about to begin.

Xiaofeng was wearing a festive bridal gown, with gold and diamond jewels on her head and body, and walked in swaggeringly accompanied by the hotel manager.

Chapter 954 The position of Mrs. Li is really valuable

"Mrs. Li, please accept it for my little meaning." As soon as Xiaofeng came in, many senior executives lined up to give her a big red envelope.

Xiaofeng smiled like a flower: "I'm so sorry, it's just a marriage certificate, and I haven't had a drink yet. I really don't need red envelopes, thank you, thank you."

She said that she didn't need it, but she took the red envelopes one by one and squeezed them tightly.

Not long after, she had red envelopes on both hands.

At this time, the waiter brought a red tray, and she put all the red envelopes in her hand into the tray. In an instant, the trays were piled up high.

"Did you hear that, when they serve wine, they will still have to receive red envelopes. Double gifts, this Xinli wife is quite good." Some staff muttered dissatisfiedly after returning to the banquet seats.

President Li is getting married. If there are too few gifts, they can't do it. If there are too many, it really hurts!

"Yes, the old Mrs. Li is still easy-going, unassuming, and kind. She never does these things. She usually smiles politely when she sees us, humble and gentle. It's a pity that men don't like this kind of thing."

...

Here, Xiaofeng is holding a full red envelope, and his heart is full of joy.

The position of Mrs. Li is really valuable, and she only got a marriage certificate, and already so many people flock to her, flattering her.

It would be even more beautiful after getting married and having children.

Thinking about that woman Shen Ning, she is really stupid. She used to be a legitimate Mrs. Li, but she never knew how to use her status to gain fame and wealth.

The next thing that surprised her even more was that some subordinate contractors and some heads of small companies attached to the Li Group respected her even more, and gave her money and goods, as respectful as a queen.

Xiaofeng has already started to feel dizzy, and can't tell the difference between south, east and north.

But she wasn't completely dizzy yet.

Although she is surrounded by everyone, she understands that Li Zhenting is her real god. All the light on her body is given by him. If he is not around, these lights will disappear in an instant.

Therefore, her beautiful eyes were looking for Li Zhenting's figure everywhere. When she walked through the corridor with a tray, when she turned around, she saw a handsome man standing behind her, full of wealth and majesty. It made her breathless.

"Zhenting." She shouted in surprise.

Li Zhenting's eyes fell on the red envelope on her tray, flashing a sharp light.

"Zhen Ting, they were too enthusiastic and insisted on forcing it to me." Xiaofeng was very smart, and immediately caught the displeasure in his eyes, and explained obediently.

"Hmm." Li Zhenting said "hmm" and walked forward.

Xiaofeng followed closely behind, never leaving.

"President Li, congratulations." As soon as Li Zhenting appeared, all the executives in the box became agitated, congratulating him loudly and respectfully.

Li Zhenting nodded slightly.

"Leng Xue, let the financial statistics show who gave the red envelope just now, and how much it was given, and it will be reissued when the salary is paid this month." In the corner, Li Zhenting ordered Leng Xue beside him.

"yes."

Outside the box here.

Li Jiaojiao came in quietly with her bag on her back.

"Ji Qingshan, you dead beast, how dare you date a woman without telling me." She was full of anger, and walked directly into a private room.

soon

She stopped at the door of the quiet box and looked inside through the glass.

In the box, Ji Qingshan, dressed in a blue suit and wearing glasses, was sitting there with elegant manners, chatting and laughing happily.

And beside him, a delicate and capable woman with long curly hair and a dress is sipping thick white soup. Under the warm-colored ceiling lamp, the taro purple manicure is romantic, elegant and fairy-like, beautiful. draw the circle.

Chapter 955 This woman is cheap

Li Jiaojiao's jealousy rose from the bottom of her heart.

Hmph, what a gentle scum called a beast!

Superficially polite, he is actually a big pervert!

Her chest was bulging with anger, she grew so big, but she never missed anything she wanted, let alone love.

Ji Qingshan made her encounter a big problem, this man didn't take her seriously at all.

No matter how she took the initiative to approach him, he always ignored her, how could she swallow this tone.

After walking around the door for a few times, she suddenly frowned and thought about it.

Got it!

She snapped her fingers and walked towards the manager's office.

Xingyun Hotel is owned by the Li Group, so it's hard to get her!

In the box.

"Dean Chen, come, let's have a cup of tea first." Ji Qingshan picked up the teapot with his slender fingers and stood up to pour tea for Chen Jue, very gentlemanly.

"Thank you." Chen Xunxuan tapped the table with his nail-painted fingers, elegant and polite.

"I am lucky to be able to pour tea for Dean Chen." Ji Qingshan smiled slightly with a soft tone.

It's just that, after pouring it around, I found that there was no water in the teapot.

"Waiter." He stepped out and shouted outside.

"Here we come." Outside the door, a tall young waitress greeted her. The waitress wore a mask and lowered her head, "Sir, what do you need?"

Ji Qingshan said: "There is no more boiling water, let's continue the water."

After he finished speaking, he turned and walked in.

"Okay." The waitress agreed and followed behind with her head bowed.

Ji Qingshan sniffed.

There was a faint fragrance from the waitress behind.

He frowned, are all the waitresses so fashionable now!

You must know that this is Dreamland Magnolia fragrance perfume, which is the latest popular one in the United States.

After sitting down in his seat, he inadvertently raised his eyes to look at the back of the waitress.

The waitress is pouring water at the service desk.

He didn't care either.

"Professor Ji, the Bethune-style selection of good doctors has already begun. This is the highest honor award for a doctor, and it must go to you." Chen Yuxie smiled and complimented, took a small piece of foie gras and put it in his mouth. Chewing finely, the praise is beyond words.

"Hey, I don't care about these." Ji Qingshan smiled indifferently, calmly.

"Indeed, with Professor Ji's real talents and practical learning, no matter how great the honor I give you, I won't be worthy of you." After hearing the words, Chen Yuxuan immediately sought after him, but he didn't expect that before the words fell, a hot sting suddenly came from him. It came from her arm, and she screamed in pain and jumped up.

"What's the matter?" Ji Qingshan was taken aback, and hurriedly stood up and asked.

"What's the matter with you? Why did the boiling water burn my arm? How did this waiter work?" Chen Xie looked back and asked the waitress standing aside.

"I'm sorry, I'm sorry, I was careless." Li Jiaojiao apologized repeatedly.

It turned out that the waitress was Li Jiaojiao.

She originally wanted to come in and listen to what they were talking about, but who knew that as soon as she came in, she heard Chen Xie praising Ji Qingshan without limit, and she felt jealous, sour and disdainful.

Hmph, when a woman is with a man, shouldn't it be the man who praises the woman!

But this woman tried her best to curry favor with men, this woman is cheap, she loses her worth, shameful!

She doesn't look down on Chen Yuxiu at all, and she is also the dean, I don't know how she got there!

While thinking this way, he just turned around from the service desk to fill up a pot of water, his palms trembled, and somehow the pot tilted down, and the boiling water came out freely and scalded Chen Xie's arm.

Of course, she didn't really want to burn her.

Since she was a child, she was pampered and pampered without reaching out for four taels. It is true that she has never done the work of taking care of others, and she never thought that the pot of boiling water would be so hot and heavy, and she couldn't control it well.

Then, Chen Xunxiu's arm suffered a disaster.

Chapter 956 Will I believe you are innocent?

"Dean Chen, how are you? Are you burnt?" Ji Qingshan's face changed color, and he immediately took a tissue to wipe the boiled water on Chen Yuxie's arms nervously, his face full of concern.

"It hurts." Chen Yuxie's face was full of pain, and she looked at Li Jiaojiao with resentful eyes, which happened to meet Li Jiaojiao's innocent and flustered eyes. Inexplicably, she narrowed her eyes and looked at Li Jiaojiao. Jiao: "Miss waitress, are you new here?"

Li Jiaojiao avoided her eyes in a panic.

At this moment, Ji Qingshan came to his senses, and glared at Li Jiaojiao with a gloomy face: "How do you serve? You dare to burn the customer, you are so bold, call your manager quickly, this matter is endless."

Li Jiaojiao's eyes dodged: "Okay, okay, I'll call right away."

She bowed her head and walked quickly outside.

Ji Qingshan looked at her back, his eyes gradually became sharper.

"Who the \*\*\*\* are you?" Just as Li Jiaojiao was about to walk out of the room, he rushed up suddenly, grabbed Li Jiaojiao's arm and turned it inside, and tore off the mask on her face.

Li Jiaojiao's face turned pale.

"It turned out to be you?" Ji Qingshan gritted his teeth after being stunned for a while, and sneered, with anger bursting out of his eyes, "You really linger, you appear wherever I go, and now you have me. All of my friends were burned, it's just too bad, I won't let you go this time."

"No, Professor Ji, I didn't mean it." Li Jiaojiao hurriedly shook her head to clarify that she had never done any work before, and she never thought that serving tea and water would be so difficult.

"Isn't it intentional? Then what are you doing here? Will I believe you are innocent?" Ji Qingshan sneered.

Li Jiaojiao suddenly got annoyed, shook her hand, and shouted loudly: "Ji Mingshou, anyway, I have already scalded her, so just tell me, what are you going to do with me?"

"Hey, you're pretty crazy, you're so wrong, you're so confident." Ji Qingshan sneered, turned to look at Chen Xie, and asked apologetically, "Dean Chen, what do you think about her?"

Chen Xiezheng covered the burnt area with one hand, and kept his eyes on Li Jiaojiao.

In fact, she recognized her only at the first sight when she saw her. With a woman's intuition, she recognized her.

At the last academic exchange meeting, she was still the manager of the reception meeting, and the hostility towards her was obvious, especially when she was with Ji Qingshan, it was even more obvious.

Women have a sixth sense, so she can see through her mind at a glance.

"Professor Ji, forget it, the little girl didn't do it on purpose, and I didn't hurt too much, just ask their manager to give me some burn ointment to deal with it." She said empathetically, expressing that she didn't want to pursue the matter up.

Ji Qingshan was even more ashamed when he heard it, and apologized repeatedly: "I'm sorry, I'm really sorry."

He walked towards her and reached out to take off the clothes on her arm to see how she was burnt. When the man's fingers touched the skin on Chen Xunxue's arm, Chen Xunxue's face suddenly turned red.

Ji Qingshan felt it, and hurriedly retracted his fingers, with an embarrassed expression on his face.

"Hmph, how disgusting." Li Jiaojiao looked at the ambiguous couple, snorted coldly, turned and ran outside.

"Hey, don't run away." When Ji Qingshan still wanted to catch up with Li Jiaojiao to settle the score, Chen Juexiu stopped him, smiled at him and shook his head, signaling him to forget it.

Ji Qingshan secretly breathed a sigh of relief, but he felt even more guilty and uneasy in his heart. After this incident, he felt that women like Chen Yuxiu were really rare, gentle and understanding, and better than the wayward Li Jiaojiao. how many times.

Chapter 957 She looks like a different person

Gucci Perfume Company.

As soon as Shen Ning returned to the president's office, Marley came over.

He told her the company's recent situation in detail.

In general, it is pretty good, nothing happens, and the company is making steady profits.

Accompanied by Marley, Shen Ning went to various departments of the company to check carefully. After the inspection, he secretly called the executives to hold a meeting, mainly to discuss the budget and plan for next year's perfume!

Some things, she has to budget in advance!

"Uh, uh." It was almost twelve o'clock after the meeting. Shen Ning walked towards the president's office. When passing by the public women's toilet, suddenly there was the sound of vomiting. She was secretly startled. Could it be Is the staff sick?

With an instinct of concern, she walked in.

In the women's bathroom, a female staff member was lying on the marble platform and vomiting, even jaundiced water came out, looking extremely uncomfortable.

She was dumbfounded.

This kind of vomiting is not unfamiliar to her at all. When she got up early this morning, she still vomited.

She was shaken in her heart, and she was about to go up to help her.

Sudden

The female employee raised her head, and saw Shen Ning in the mirror as soon as she looked up, her face turned pale with fright, she lowered her head and was about to walk towards the squatting seat in the bathroom, intending to close the door of the bathroom.

Shen Ning also looked into the female staff's eyes through the mirror, and was taken aback. Isn't this Secretary Li? What's wrong with her?

"Secretary Li." Just as Li Mengqing was about to enter the bathroom and close the door, she yelled.

Li Mengqing had no way to hide now, so she turned around and smiled all over her face: "Mr. Shen, it turned out to be you. You have finally returned to the company."

"What's wrong with you?" Shen Ning didn't reply to her words, but asked with concern, "Did you catch a cold?"

Li Mengqing forced a smile: "Yes, I feel a little uncomfortable in my stomach these days, maybe I ate something bad."

Shen Ning listened to this kind of answer, how could it be so similar to when she answered others.

"Then hurry up and go to the hospital. I'm vomiting so badly, some illnesses can't be delayed." Shen Ning took out his mobile phone, "I'll ask the driver to take you to the hospital."

"No need, no need." Li Mengqing immediately shook her hands when she heard that, her eyes were full of panic.

Shen Ning looked at her suspiciously.

"Mr. Shen, I have to go to the bathroom, so I won't accompany you. It doesn't smell good here. You can go out." She covered her stomach and ran in and closed the door, regardless of whether Shen Ning was still standing here. up.

"Secretary Li, come to my office later, I have something to see you." After a pause, Shen Ning had to give instructions before walking out.

She just came back to the office.

Secretary Yang came in with a smile and asked her what she wanted to eat.

Shen Ning had no appetite, so he ordered a soup and ordered a hot and sour rice noodle, but suddenly remembered something, and ordered an extra serving.

Soon, the takeaway was delivered.

Shen Ning smelled the sour smell of capers, and his stomach had an appetite, so he stood up and took the takeaway and went to the sofa to eat slowly. Suddenly, he saw an extra serving beside him, and immediately called Secretary Li. Tell her to come to her office right away.

After a long while, Secretary Li bowed his head and walked in.

"Mr. Shen, do you have anything to do with me?" She stood in front of her, embarrassed and uncomfortable, with her eyebrows lowered, like a little daughter-in-law.

Shen Ning looked up at her, is this still the lively and cheerful Li Mengqing from before?

After only ten days of absence, she seemed to be a different person.

"Mengqing, sit down, let's eat hot and sour noodles together." She smiled at her, and pointed to the sofa beside her to let her sit down.

Secretary Li sniffed, probably because he was attracted by the sour smell of the hot and sour powder. His saliva flowed out, and he sat down obediently.

Shen Ning pushed another piece of food in front of her.

"Thank you." Li Mengqing picked up the chopsticks and began to eat slowly.

"There are also sour radishes here." Shen Ning placed a large bowl of sour radishes that he deliberately ordered in front of her.

"Thank you." Li Mengqing picked it up and ate it.

The two of them ate with relish, and it was all cleaned up in a while.

"Here." Shen Ning took the paper and handed it to Li Mengqing.

"Thank you." Li Mengqing took it and wiped her mouth.

Shen Ning stared straight at her.

Li Mengqing also looked at her.

At that moment, it seemed that there was no need to say anything, as they understood each other's heart.

Li Mengqing's face immediately turned red, and the generosity she had during the meal just now disappeared, and she lowered her head cautiously.

Chapter 958 But what if he is willing to marry you?

"How many months?" Shen Ning asked suddenly.

"What?" Li Mengqing blushed, but she still didn't want to admit it.

Shen Ning looked at her deliberately light makeup face, but the sallowness still couldn't be concealed, so she couldn't help but sighed.

The reason why she came back today is also for Li Mengqing.

Last time, in the hotel toilet, when she vomited, someone beside her also vomited.

At that time, she felt strange, because she didn't know who it was, and she didn't care. She didn't understand anything until she saw Li Mengqing coming out of it.

Today, she is even more sure.

"Do you still want to hide it from me?" Shen Ning's eyes gradually became sharper, "Even if you hide it from me, can you hide it from others? As the month gets bigger and bigger, you can't hide it. You plan to make rumors go away." Do you get up?"

Li Mengqing was stunned, and suddenly covered her face and burst into tears.

Shen Ning put his hand on her back and patted her lightly.

"Don't cry, tell me something." She comforted her softly.

After a while, Li Mengqing finally stopped crying.

"Mr. Shen, it's been almost three months, and I don't know what to do." She sobbed.

"Hey, don't cry, it's not good for the child." Shen Ning sighed and held her hand, "When you encounter such a thing, you don't even tell me, it's obviously treating me as an outsider. I have to criticize you."

"I'm sorry." Li Mengqing lowered her head and wiped away her tears. If she wasn't pregnant with Jing Chenxi's child, she would definitely be the first to tell her, but when it comes to him, she really doesn't have the guts to say so.

"The child belongs to Jing Chenxi, right?" Shen Ning asked at this time, it was clearly a question but he used an affirmative tone.

Li Mengqing lowered her head, kneading the hem of her clothes uneasily with her fingers.

"Yes," she admitted, "that night."

"Then what are you going to do? Did you tell him?" Shen Ning's eyes deepened.

Li Mengqing shook her head blankly: "I plan to give birth to the child, as for him, I am not going to tell him."

"Why?"

"Because, because he doesn't love me at all, the distance between us is too far, there will be no future, and I am willing to give birth to a child, I don't tell him, because I don't want us to be involved, and I

don't want to I will use the child to blackmail him, that's the best result, it is enough for me to have the child to accompany me in this life." She said with affirmation.

Bringing up the child, the light in Secretary Li's eyes brightened, as if seeing hope, he sat up straight, and his whole body was full of the brilliance of mother's love and longing for the child.

Shen Ning was moved by her, and smiled: "I thought so too at the time, but the fact is that children hope to have a father's love."

The light in Li Mengqing's eyes gradually dimmed.

"I'm sorry for my child, my child will never be able to have a father's love." She was very guilty.

"Not necessarily." Shen Ning disagreed, "Jing Chenxi is not an irresponsible scumbag, if he knows about the child, he will be responsible for the child."

"No, I don't want him to be responsible, I don't want to tell him, and I don't want to use children to morally kidnap his feelings. Let's stop this matter. We are all adults. That night was my fault. I have to pay for my mistakes." Li Mengqing shook her head again and again, begging Shen Ning not to speak out.

"But what if he wants to marry you?"

Li Mengqing's eyes widened suddenly, and she looked at Shen Ning as if she was watching a big joke: "President Shen, please don't make this joke, he doesn't love me, he doesn't have the slightest feeling for me, and I will never be able to get along with him, and, I am not good enough for him, I never thought of marrying him, please don't say this again in the future, please."

"I'm really not joking. All the feelings of men and women in this world are equal, and love is even more sacred and inviolable. I think you are a good match for him. Although the family background is not good, Mr. Jing is not picky." People, he pays more attention to feelings, he is a good man who is infatuated, I think you should fight for it, even if it is for the children." Shen Ning analyzed seriously.

Chapter 959 A pair of big warm hands

"No, I don't want it. He doesn't like me. I know myself." Li Mengqing shook her head in panic. Regarding this question that she dared not even think about, she would never take a step into the thunder pool, let alone, she I don't want to climb the dragon and attach the phoenix.

She actually loves Mr. Jing, she is already very satisfied to be able to give birth to his child, and guarding this relationship silently. She doesn't need anything extra, and she is already mentally prepared.

Shen Ning looked at the pure and simple Li Mengqing, and remembered the road he had traveled before. This road is definitely not easy to walk. It is too painful and wronged for a woman.

She decides to help her.

"Mengqing, everyone should boldly pursue love, love must be spoken out loud, I suggest you boldly confess to Jing Chenxi, it may not be that he doesn't like you, you are beautiful and young and lively, he How can you not like it, as the saying goes, men chase women, and women chase men, as long as you dare to confess, you may have unexpected gains."

Secretary Li smiled wryly: "President Shen, please don't persuade me anymore, I understand it in my heart."

Seeing her unconfident appearance, Shen Ning knew not to push her too hard.

"So, Secretary Li, I'm going to send you to the United States for a year of study to learn about perfume formulas. I hope you can study hard and try to formulate innovative perfumes. After you finish your studies, you will return to Gucci and become a company in the future. An important backbone, what do you think?"

Li Mengqing stared at her blankly, and after a long while, she lay on her shoulder and cried: "Boss Shen, thank you so much."

These days, she is having nightmares every day, not knowing what to do next?

Now that Shen Ning proposed this plan, it was a chance from heaven. It perfectly helped her solve her worries and allowed her to give birth to a child with peace of mind.

It's not too good!

"Don't cry, too much crying is not good for the baby in the womb, we are all women, I will definitely do my best to help you." Shen Ning patted her on the back to comfort her.

"Mr. Shen, don't worry, I won't ask the company for a penny to study in the United States, as long as you give me this opportunity, I will definitely return to the company and work hard after I finish my studies." She wiped her tears and said.

Shen Ning smiled: "The company sent you to study for the future development of the company. You are talented in perfumery. I believe you can return from your studies. Don't worry, your salary will be paid during your studies."

"I...Mr. Shen, thank you very much." Li Mengqing was moved to tears again.

"Don't thank me, you can go home today and have a good New Year first. You will go directly to the American school on the tenth day of the new year. I have already contacted you over there. You don't have to come to the company anymore. I will tell you Go down." Shen Ning held her hand slightly: "Take care, study hard, I hope you can get happiness."

"Okay, I will." Li Mengqing went out with red eyes, and she quickly packed her things and went home.

Shen Ning heaved a sigh of relief.

As far as she knows, Jing Chenxi is in the country of America.

And the school she asked Li Mengqing to study in happened to be sponsored by the Jing Group. I hope they can meet in the United States.

She let go of a stone in her heart, put her hands on her forehead, and fell down on the sofa. Women who are pregnant with children are prone to sleepiness, and she fell asleep after a while.

In a deep dream, suddenly, she felt someone approaching her. She turned over and tried to open her eyes, but she couldn't.

At this time

A pair of warm hands caressed her face, delicate and gentle, as gentle as a spring breeze.

Chapter 960 Do you really think I'm talking nonsense?

"Ning Ning."

She seemed to hear a magnetic and deep voice calling her, gentle and affectionate, touching people's hearts.

"sorry."

A heavy sigh, low, lingering in the ear, like crying.

who is he?

She wanted to open her eyes to see who this person was but couldn't open them. She wanted to ask him, but she couldn't speak!

He should be a man!

Afterwards, the man picked her up, and she lay in his broad, firm and warm arms, feeling familiar.

She fell into a deeper sleep.

"Diling, Diling." After some time, Shen Ning was awakened by the sound of the doorbell and got up. The office was empty. There was no man there. This man doesn't need to think that she knows who he is!

She really despises herself!

"Please come in." She got up and pressed the remote control.

The door opened and Marley strode in.

"Ningning, I'm going back to my hometown this afternoon to celebrate the New Year. Is there anything else you can do for me?" He asked with concern.

For this girl who was as old as his own daughter, he really cared about her.

"Uncle Marley, I wish you a Happy New Year in advance, I'm fine." Shen Ning smiled and shook his head.

"Ningning, can I ask you a question?" Marley asked after a pause.

"what is the problem?"

"Li Zhenting, is he treating you well?" Marley asked softly after hesitating for a while.

Shen Ning's face turned pale, and he smiled immediately: "It's okay."

"But I heard that he got a marriage certificate with a woman named Xiaofeng yesterday. Is this true?" Marley's eyes burst into anger.

"Don't listen to other people's nonsense about nothing." Shen Ning hastily denied it.

She didn't want her affairs to bother him, and she didn't want him to bear a grudge against Li Zhenting. After all, Gu Qi could only be handed over to him to take care of it. She had to leave the imperial capital as soon as possible, otherwise, the child in her belly would be lost.

"Okay, I'll go first." Although Marley had doubts, Shen Ning refused to admit it, and he had no choice.

"Well, go slowly." Shen Ning smiled.

Marley turned away.

"By the way, Uncle Marley, you can take that BMW business car home and use it. It's a waste to put it in the company." Shen Ning stopped him and asked him to drive the car in the company to use it. Make it easier for him.

"Don't you use it?"

"I don't need it." Shen Ning shook his head and handed him the car keys.

"Okay." Marley hesitated for a while, took the car keys and left.

As soon as he left, Shen Ning also packed up his things and prepared to go back to Li's Castle to accompany the children.

"Ah, it's snowing, it's snowing a lot." Shen Ning packed up his things and walked out. Snowflakes floated on the street, and someone yelled out in surprise.

"The snow is so big." Someone reached out and picked up the snowflakes to play with.

Shen Ning looked up at the sky, the sky was gloomy, and dense goose-feather-like snowflakes were flying down from the sky, majestic and majestic.

The tragedy of heaven and earth moved her a little, and she stared at the sky in a daze.

"Ning Ning." A luxury car stopped in front of her, the door opened, and Zhu Qixiong's handsome face appeared at the door.

"Young Master Zhu." Shen Ning laughed after seeing him stunned for a while, "Why did you come here?"

"Come to see you, miss you."

"Nonsense again."

"You really think I'm lying?"

Zhu Qixiong lit a cigarette, held it between his fingers, and slowly took a puff, his eyes darkened.

Shen Ning bowed his head and did not speak.

"Get in the car, I'm in a bad mood, stay with me." After taking a breath of cigarette, Zhu Qixiong spoke to her with gloomy eyes.

"Okay." Shen Ning was taken aback for another moment. This prodigal son in love would also be in a bad mood, so he agreed immediately.

After she got into the car, the car drove forward.
