

## Troublemakers 971

Chapter 971 You must be the unlucky one!

"Manager Fang, are you comfortable?" At this moment, Xiaofeng smiled, grabbed his hand and put it on her body, and took several pictures in succession with the other hand holding the phone.

Fang Xianyun had never encountered this kind of thing before, and all of a sudden, he was in a daze. When he woke up, Xiaofeng had already hugged him and took many ambiguous photos.

"You bitch." He was furious and pushed her away.

Xiaofeng was pushed and fell to the ground.

"Delete those photos for me immediately." Fang Xianyun pointed at her and shouted angrily.

Xiaofeng sneered: "It's useless to delete it, I've already sent it to someone else, you seduce me, want to molest me, why don't you let me take a picture?"

"You..." Fang Xianyun was trembling with anger. There is still such a woman in this world. Li Zhenting, who has always been shrewd, was deceived by her and even got a marriage certificate with her. Is it because this woman is too clever, or is it Li Zhenting? Also silly.

He was too angry to speak.

At this moment, Xiaofeng got up from the ground, approached Fang Xianyun and said, "Manager Fang, the situation is actually not as bad as imagined. As long as you listen to me, I guarantee that those photos will not be spread."

Fang Xianyun sneered: "Manager Shen, you take yourself too seriously, so what if those photos get out? You are not afraid of a woman, but I am a man, with a clear conscience, what are you afraid of? Li is always an elite in the workplace, he will believe those?"

"Haha." Xiaofeng laughed loudly, "Manager Fang, you don't know how Wang Qingfei left. At that time, I also asked Mr. Li for instructions. How is it? Didn't he agree with me to fire her?" "

"Manager Shen, think about it carefully. You will soon be Mrs. Li. If those photos spread, do you think your status as Mrs. Li will be preserved? Will the Li family want someone like you?" Fang Xianyun calmed down, Analyze the truth with her.

But Xiaofeng raised his lips and smiled: "If it was before, I was really worried, but now, I have obtained a marriage certificate with Zhenting, and you also know that marriage is based on the law, and holding a wedding ceremony is just a formality. Now I am already a veritable Mrs. Li. Even if something happened, and you seduced and molested me, Zhen Ting can't do anything to me. Then I will ask the media to publicize it. You have something to say Do you understand? Who would believe that the last Mrs. Li would seduce a small employee?"

Besides, I am now Mrs. Li, and Zhen Ting will also fire you in order to take care of my reputation. So, the unlucky one must be you!

Hey, what a pity, the dignified manager of the development department, with an annual salary of 5 million, if he is fired like this, how will he gain a foothold in society in the future? You must know that such scandals will be blacklisted by the industry. Your reputation must be rotten. No good company will dare to hire you again. This life is really ruined. Why bother? Why not cooperate with me? Let's make money together, how good you say it is. "

"You are so despicable and shameless!" Fang Xianyun gritted his teeth angrily, "I tell you, even if I die, I will never cooperate with a woman like you. Good luck."

"Whether I will end well, I don't know, but I know you will definitely not end well, because your evidence is in my hands, and your fate is also in my hands." Xiaofeng proudly laughing, "Although you have a backbone, you won't know how you will die then."

Fang Xianyun belatedly reached out to find his cell phone to record, but saw Xiaofeng holding his cell phone in his hand and sneered: "I want to record as evidence, I'm sorry, your cell phone is already here with me, you, Still too tender."

Fang Xianyun looked like he was sifting chaff all over his body. It wasn't because he was unprepared, but because he had never met such a shameless person, and he never knew that the workplace would be so dangerous, so that he didn't have this kind of mind at all.

#### **Chapter 972: You want to break the contract?**

"I believe in fairness and justice, and I never believe in these crooked ways. No matter how much you coerce and lure me, I will never submit to you. Let me go." Fang Xianyun said angrily, then shook his sleeves and left.

Xiaofeng looked at his angry back, with a sneer on his lips.

It seems that if you don't give him some seriousness, he won't be able to recognize the reality!

She slowly returned to the office. As soon as she returned, the phone rang. When she picked it up, her face was covered with frost.

"Hello, Mr. Renes." She leaned against the desk with a lazy expression.

"Xiaofeng, what happened to the task I asked you to complete?" Reyes looked anxious over there.

"What task?" Xiao Fengxue put her white fingers in front of her eyes, looked at the beautifully painted nails, deliberately pretending to be stupid, and asked casually.

Renez was stunned for a while and then said: "I don't know how many times I have told you, but now you tell me that you don't know what it is?"

"Mr. Reines, you should know that what you told me is difficult, how can it be so easy, am I just trying to find a way? Why do you keep urging me?"

"Then when will you be able to finish it?"

"Just wait and see..."

"No, I can't wait any longer. If you wait any longer, everything will be over. I feel that things are not that simple now. It seems that we are already being watched by someone. You have to hurry up and get it done." Xiaofeng hadn't finished speaking yet. Reines interrupted her and ordered forcefully.

A look of impatience flashed in Xiaofeng's eyes, and he said: "I said Reneth, it's useless to be anxious, I just got a marriage certificate with Li Zhenting, and he hasn't handed over some things to me, and I can't. It's too obvious, otherwise it would be bad to make him suspicious."

"Really?" Reines sneered, "But I heard that you are very popular in the Li Group now, and Li Zhenting listens to you for everything."

Xiaofeng had a smug look on his face when he heard the words.

Hmph, as long as you know!

Now you are begging me, not I begging you, you are still so arrogant in front of me, can I just listen to you!

"Hey, Mr. Reines, I'm in some trouble now." She replied slowly, her face full of indifference.

Reneth was startled, and suddenly understood something, and a murderous look flashed in his eyes.

"What's the trouble? Or do you just want to be Mrs. Li now and don't want to help us?" He asked.

Xiaofeng smiled lightly and said: "Actually, Renez, think about it carefully, as Mrs. Li, I own at least half of the property of the Li Group. If the chip is developed, I don't know what to do." How much wealth the group has brought, if I help you, wouldn't that be self-destructive?"

"So, you want to break the contract?" Renes held back his anger and asked.

"No, I'm just weighing the gains and losses." Xiaofeng said lightly.

"Okay, then tell me the number." Renes already understood her thoughts, and gritted his teeth.

"Let me think about it first, and then send it to your phone." Xiaofeng smiled and hung up the phone.

"Oh, mygod, Xiaofeng has turned into such a person." After Reines hung up the phone, his face was full of anger.

"What's wrong?" Li Xuexi lit a cigarette and asked.

"Now that Xiaofeng and Li Zhenting have obtained their marriage certificate, they don't pay attention to us anymore, and don't want to help us at all." Reines spread his hands.

Li Xueyan sneered: "This woman is so superficial, she won't know how to die by then."

"But we can't finish our current task, it will be very troublesome." Renes had a headache, sat down and whispered: "Have you noticed, I always feel that something is wrong recently, every time I go out, it seems that someone is following us. Yes, do you think our whereabouts will be exposed?"

"No way." Li Xuexi was also a little nervous, "Li Zhenting is still under our control, and our whereabouts are very secretive, even Xiaofeng doesn't know where we live, but we often talk to Xiaofeng. We can be found through her mobile phone positioning system, could it be that Xiaofeng betrayed us?"

"Don't worry, I used the anti-jamming factor. When Xiaofeng was talking to us, others could not find our exact location through her cell phone signal. Now I am worried whether Li Zhenting is really under our control, or there is a higher-level people noticed us."

### **Chapter 973: you are so kind to me**

Li Xueyan was full of nervousness. After taking a puff of cigarette, she put out the cigarette butt, stood up and paced in the room, suddenly a flash of inspiration came to her mind, and she walked up to Reines and whispered in her ear.

"Okay, that's it." Renes nodded.

"For the sake of caution, let's split up from today."

"Okay, I will contact you by text message later."

The two left in a hurry and disappeared into the snowy night.

President's Office of Li's Group.

"Zhenting, why didn't you come here until now?" Li Zhenting was wearing a dark coat with the collar up to his ears. Under the sunglasses, a pair of sharp and deep eyes shone with a gloomy and unclear light. He walked slowly with his long legs. Slowly walked into the president's room, with a dull expression on his face, Xiaofeng immediately greeted him coquettishly, and spoke aggrievedly.

"What's wrong?"

"Zhenting, Fang Xianyun, the manager of the design department, came over just now, he, he..." Xiaofeng deliberately stopped talking, and just burst into tears.

Li Zhenting twitched his ears and asked, "What happened to him?"

"He, he actually molested me." Xiaofeng finally said out loud, crying bitterly, feeling so wronged that he was about to jump off the stairs.

Li Zhenting raised his eyebrows, and asked calmly, "How did he molest you?"

"He, he actually touched me, still hugged me, and said he wanted to sleep with me, otherwise, he threatened to tell you that the chip design data I gave you are all fake, and you know, those data are all fake." It came out after countless overtime calculations by me. He was unwilling that I would steal his fame, and was even more afraid that I would surpass him. He even threatened that I should give him the final test data, and then we would sell it to Americans to make money together. It's really disgusting." Xiaofeng cried loudly, and while crying, he took out his mobile phone and put it in front of him, saying:

"Look, Zhen Ting, this is a photo of him molesting me just now. I took it as evidence when he wasn't paying attention."

Li Zhenting took her mobile phone and looked at it, then said angrily: "It turns out that Fang Xianyun is such a despicable villain. It's a pity that I used him again before. Don't be angry, I will fire him immediately."

"Zhenting, you are so kind to me, thank you." Xiaofeng was overjoyed, and was about to slip into his arms.

Li Zhenting pushed her away: "Xiaofeng, go and make me a cup of tea, I have a headache."

"Okay, I'll go right away."

Xiao Xiao coquettishly walked towards the bathroom.

Li Zhenting picked up her mobile phone, quickly took it apart, stuffed a chip into it and installed it.

"Zhen Ting, come, drink it while it's hot." Xiaofeng brought the tea over, smiling all over his face.

"Well, thank you." Li Zhenting took it and took a sip, and said, "Xiaofeng, you order a few dishes first, and I will come to the toilet right away."

"Okay." Xiaofeng took the phone and started to eat happily.

Li Zhenting walked into the bathroom, poured tea into the toilet, and then let go of the tap. After a while, he came out.

"Zhenting, let's have a few drinks tonight, and I'll order a bottle of good red wine." Xiaofeng stood up enchantingly and took his arm, with a charming and \*\*\*\* smile.

"good."

Li Zhenting took Xiaofeng to sit down on the sofa, and Xiaofeng hooked his neck to act like a baby.

He pushed her away without any trace, and said: "Xiaofeng, sit down first, I ask you, every time I have a headache, you will drink the tea you made for me, and then my head will not hurt, you What kind of tea did you give me?"

Xiaofeng was stunned for a moment, and guilt flashed in his eyes.

"It's a kind of tea from our hometown, which is specially used to treat headaches. My mother used to drink it often."

"Oh, what about your mother, where is it now?"

"She died of illness." A dark light flashed in her eyes.

"Then where are you from?" Li Zhenting asked again.

Xiaofeng felt flustered for no reason, and looked at him, seeing his blank and silly expression.

Her heart was at ease again.

**Chapter 974: i won't lose to you**

"Zhen Ting, today is New Year's Eve, don't ask these sad questions, okay? This is our first New Year's Eve dinner, eat more and drink more later, and spend a meaningful night, okay? ?" Xiaofeng's fingers stroked his chest softly, all the way down.

Li Zhenting grabbed her finger.

At this moment, the cell phone on his body rang.

He picked it up after glancing at it. Not knowing what was said there, he heard him say: "Grandpa, okay, I'll be right over."

"Xiaofeng, my grandparents are waiting for me in Li's old house, I have to go there soon."

"Zhen Ting." Xiaofeng's face pulled down, "It's Chinese New Year, I'm so lonely by myself."

"There is no way, the Li family is from a big family, and we must go to the elders for a reunion during the Chinese New Year."

Li Zhenting stood up.

"Zhen Ting, take me there. Didn't we get a marriage certificate? I like honoring elders the most."

"No." Li Zhenting resolutely refused.

"Why? An ugly daughter-in-law will see her in-laws sooner or later." Xiaofeng was very upset, and pouted.

"The elders of our Li family only recognize Shen Ning as my wife, not other women."

After saying something, he pushed her away and left in a hurry.

Xiaofeng's face was pale, and his fingers were tightly clenched.

Shen Ning, you are really scheming, and you have managed to get rid of all the elders of the Li family. Just wait and see, I will not lose to you.

Li's old house.

When Li Zhenting hurried over, in the living room, Mr. Li was sitting on the sofa, and beside him were two middle-aged men in black plain clothes.

He was talking with them.

"grandfather."

"Zhenting, come, let me introduce you, this is Director Wang of the National Security Bureau." As soon as Li Zhenting came over, Mr. Li immediately introduced him to the two men in black beside him.

"Hello Director Wang."

"Hello, Mr. Li."

After exchanging pleasantries, everyone sat down.

Wang Chu's face was very serious: "Mr. Li, according to our information, spies have already infiltrated the Li Group. We must protect our private enterprise, and also to ensure the smooth development of chips."

"Thank you, don't worry, I'm ready."

"We received information today that the traitor is likely to be Li Xuexi, the young lady of the Li family. You have to be prepared."

"Beast." As soon as Wang Chu's words fell, Old Man Li cursed angrily, "I should have sent her in last time, and I will never repent."

Speaking of his daughter Li Xuexi, Mr. Li was so angry that his chest felt tight and his face was livid.

"Grandpa, don't be angry, this time, she will definitely not be able to escape." Li Zhenting comforted his grandfather, feeling very complicated in his heart.

Li Xueyan must have been used by foreign forces, which is why he has not taken action against Xiaofeng for a long time. He has to use Xiaofeng to lure out the foreign forces behind him, so that maybe there will be a way out for Li Xueyan.

Although grandpa hated Li Xuexian deeply, he was his own daughter after all, no matter how much he hated her, he would never want her to die.

Old Master Li wiped his tears with a tissue, feeling very heartbroken.

The Clock Bureau took out a map, and they began to discuss countermeasures.

the next day.

New Year's Day.

The old castle of Li's family was very lively, and the elders began to give out red envelopes to the younger generations.

"Ke Ke, Ding Ding, Xiao Xiao, Lan Lan, happy new year, my aunt gave you red envelopes." Li Jiaojiao came early in the morning, and she gave each of the four little guys a red envelope of two hundred yuan, of course Well, today she is mainly here to harvest the lucky money from the little ones.

"Huh." Ding Ding saw her pouted her mouth, and he really disdains this aunt's money-lovers.

## **Chapter 975: children pray new year**

"Go down." The little guys ran downstairs.

"Slow down, see grandpa and grandma want to say happy new year, wish them a happy new year, all the best, and be sweet." Shen Ning urged from behind.

"Don't worry, we'll pick a good one and talk about it." Xiaoxiao replied sensibly.

Shen Ning smiled.

In the living room downstairs, Li Jinyao was wearing a Chinese-style Tang suit, looking decent and clean. Li Wanqing had just returned from morning exercises in the back garden. Today, Li Wanqing wore a dark red cheongsam, which showed her good figure. Extravagance.

"Grandpa, Grandma, Happy New Year." Coco was the first to rush down and shouted loudly.

He was wearing a small suit with a small red bow tied on his chest, so cute and cute.

"Hey, whose big baby is this, so cute, how could I not recognize it." Li Wanqing pretended not to recognize Ke Ke, and asked with a smile.

Ke Ke hurriedly replied: "I am Ke Ke, today is the first year to celebrate the New Year at Li's house."

He didn't forget to remind this, the implication is that the red envelope must be huge.

"Ah, so it's my big baby Cocoa." Li Wanqing's eyes narrowed into slits with a smile, "It's true, grandma's sweet baby is the first year with grandma for the New Year, so I have to give it to someone. Big red envelope."

She immediately took out a big red envelope from her pocket and gave it to Ke Ke.

"Thank you grandma, I wish grandma good health and all the best in the New Year." Coco took the red envelope with both hands, bowed to her, and sent blessings with her sweet mouth.

Immediately afterwards, Ding Ding came over.

"Grandma, Happy New Year." Ding Ding was also wearing a small suit, with a small light red tie on his chest, with a cool expression, as if he had long been used to the scene of reaching for a red envelope.

"Ding Ding is so handsome today, hurry up and send grandma New Year's greetings." Li Wanqing took out another big red envelope and asked Ding Ding to say blessings.

Usually Ding Ding doesn't like to say nice words, he is always handsome and cold, Li Wanqing wants him to learn to say some sweet words.

"I wish grandma a happy new year, and I hope that grandma will be as happy every day in the future as she is today."

"Wow, not bad, not bad." Li Wanqing was very pleasantly surprised, her eyes lit up, and she immediately gave him the big red envelope, bent down and kissed his little cheek, and praised, "It turns out that Ding Ding is hiding everything. It sounds good, and it's also very innovative."

Ding Ding smiled coolly, took the red envelope, and followed Ke Ke towards Li Jinyao.

Xiaoxiao was wearing a red down jacket, with two small \*\*\*\* tied on her head, and was about to run up to send blessings to Li Wanqing, but she was pushed aside by someone behind her.

I saw Lan Lan rushing up from behind her.

"Grandma, happy new year. I wish grandma forever young and beautiful. Lan Lan loves you so much." Lan Lan's mouth is so sweet that she is used to New Year's greetings. In the past, there were only her

and Ding Ding in the family. Give her the best and biggest red envelope, but this year two little guys came to share her love, especially Xiaoxiao, who almost divided her love by half. in front of.

"Lan Lan is so obedient and beautiful." Lan Lan was wearing a little velvet skirt, which was clinging to her chubby body. It wasn't easy to say anything, so she took out a big red envelope with a smile and gave her one, "Lan Lan needs to grow up in the new year."

This is a hint that she should not bully Xiaoxiao.

"Thank you grandma." Lan Lan hugged the big red envelope and bowed to Li Wanqing, then ran towards Li Jinyao.

Li Wanqing smiled and walked towards Xiaoxiao.

After being pushed aside by Lan Lan, Xiaoxiao's face turned pale, and she stood there with her lips pursed, her little eyes glistening with tears.

### **Chapter 976: Is grandma protecting daddy?**

"Xiaoxiao, you are grandma's most obedient and obedient granddaughter. Grandma has always loved you the most." Li Wanqing hugged Xiaoxiao into her arms and kissed her little cheek.

Xiaoxiao was happy now, looked at Li Wanqing: "Grandma, do you love Mommy?"

Li Wanqing was taken aback, and immediately said: "Of course, grandma loves your mommy the most."

"Then Daddy bullies Mommy, why don't you care?" Xiaoxiao was unhappy, puffing her face.

"..." Li Wanqing was momentarily at a loss for words.

Of course she wants to take care of it, but she can't help her son when he grows up.

"Is grandma protecting Daddy?" Xiao Xiao pouted.

"Of course not." Li Wanqing felt very sorry for the little sensible, "Please trust grandma, grandma will definitely criticize your daddy."

"Really?" Xiaoxiao's eyes were dark and bright.

"Yes." Li Wanqing nodded emphatically.

Xiao Xiao happily put her arms around Li Wanqing's neck and said, "I knew grandma was the best, grandma, I wish you a happy new year, good health, and younger and younger."

"Okay, okay, my good granddaughter." Li Wanqing smiled happily, took out a big red envelope from her bag and gave it to Xiaoxiao, kissed her on the face, and said in a low voice: "Xiaoxiao, you are also this year's granddaughter." It's the first time celebrating the new year with grandma, and grandma has prepared a big red envelope for you."

After finishing speaking, she quietly took out another red envelope and stuffed it into her pocket.

Xiaoxiao immediately felt that the red envelope was heavy, and it must be heavy.

"Remember, don't tell others. You can give the red envelope to your mommy later, and let her keep it for you." She told her quietly.

"Okay, thanks grandma."

Li Wanqing took her little hand and walked towards the sofa.

Ke Ke, Ding Ding, and Lan Lan received big red envelopes from Li Jinyao again. This time Li Jinyao prepared big gold bars for them, and Coco and Xiao Xiao each had one more.

While the children were having fun, Li Zhenting came back from the outside.

"Hurry up, pay New Year's greetings to your daddy." Li Wanqing immediately urged a few little guys to pay New Year's greetings to their daddy and get red envelopes.

"Hmph." Unexpectedly, when Ke Ke, Ding Ding and Xiao Xiao saw him, they all snorted and were unwilling to go up.

But Lan Lan went up.

Li Zhenting immediately gave Lan Lan a big red envelope.

Then he raised his eyes and smiled at the three little guys.

"Hurry up, the red envelope given by Daddy must be the biggest." Li Wanqing pushed the three little guys again.

The three little guys are still pouting.

Li Zhenting took out a red envelope from his pocket, walked up to them, and gave them a red envelope, knelt down and stroked their heads, feeling a pain in his heart.

"Thank you Daddy, I wish Daddy a happy new year and a happy family reunion." The little milk said in a childish voice.

Li Zhenting was stunned when he heard this, the words were a bit sour no matter how they sounded, she was probably wishing him a reunion with Xiaofeng.

With a sore nose, he hugged Xiao Xiao into his arms.

At this time, people from other houses in the Li family also started to come over to pay New Year's greetings, and Li Wanqing also took the four little ones to other uncles and elders to pay New Year's greetings.

Originally, Shen Ning was supposed to take the children there, but since Shen Ning and Li Zhenting had already divorced, she couldn't force it.

Li Jiaojiao followed Li Wanqing, very happy. She was holding an exquisite bag in her hand, which was used to hold red envelopes for the little ones.

"Zhenting, are you leaving for America soon?" Shen Ning heard Li Jinyao asking Li Zhenting when she went downstairs.

She stopped.

As long as Li Zhenting is there, she doesn't want to appear.

"Yes, Dad, we have already contacted you over there."

"Hey, it's Chinese New Year's Eve now." Li Jinyao sighed softly.

"I can't help it. It's urgent. If I can save my aunt's life, I have to go if I don't." Li Zhenting's tone was helpless.

...

Their voices became smaller and smaller, and Shen Ning had no intention of eavesdropping, so he turned and walked upstairs.

"Dad, I have something to ask you." Li Zhenting asked suddenly.

"What's the matter?" Li Jinyao asked.

"Please, you and Mom must protect Shen Ning during this time, force her to stay at home, and don't let her go."

Li Jinyao frowned: "Aren't you with Xiaofeng?"

"Dad, it's hard to say anything now. I'll explain it to you after a few days. Please take care of Ningning and the children first."

### **Chapter 977: You have to keep your word**

"Don't worry, for Shen Ning and the children, your mother and I can't wait to give them food if we don't eat it."

"No, I mean security." Li Zhenting shook his head.

Li Jinyao seemed to realize something, Zheng nodded: "Don't worry, I will send more people to guard here."

"Okay, thank you Dad."

The phone in Li Zhenting's hand rang, and he picked it up after looking at it, and quickly stood up and left.

"Ah, I got rich, there are so many red envelopes." After a while, Li Jiaojiao came back with four little guys carrying a big bag of red envelopes, smiling.

"Quickly open it and see how many there are." Ke Ke, Ding Ding, Xiao Xiao, and Lan Lan surrounded them, and the four little guys sat on the floor on the blanket in the living room.

Li Jiaojiao dumped the red envelopes on the carpet, and they began to look through them one by one.

In the end, what made Li Jiaojiao tongue-tied was that the red envelopes Li Zhenting gave each little guy was a set of villas in a prime location, especially Xiaoxiao. He also gave her two sets, and Li Jinyao gave the children gold bars. Ke Ke and Xiao Xiao each had five, Ding Ding and Lan Lan had only three, and Li Wanqing gave a huge red envelope.

The other houses gave red envelopes, but after Li Jiaojiao cleaned them up, there were hundreds of thousands.

Of course, there is another big problem that Mr. Li and Mrs. Li did not give the red envelopes. They are definitely gold locks, jade and other jewelry. Because they are too expensive, they are all collected by the guardian in the end, and she dare not open them. That's the idea, but there are many elders in Li's old house, and they usually give big red envelopes, and what Li Jiaojiao wants is those.

Because Li Zhenting gave the children a villa, Li Jiaojiao couldn't get it, so the others...I'm sorry!

"Children, you have to keep your word. Except for the house, these are all mine." Li Jiaojiao picked out the red envelope given by Li Zhenting and returned it to them, while she filled the red envelope with a bag full of eyes. .

"But you didn't help us find Daddy back." Ding Ding was not convinced.

"Don't worry, I will continue to help in the future. I will definitely help you find Daddy and drive that disgusting woman away." Li Jiaojiao promised while putting a red envelope.

Ke Ke, Ding Ding and Xiao Xiao looked at each other and said 'grab'. The three of them snatched a big red envelope and ran upstairs.

"Hey, you are still back." Li Jiaojiao shouted.

At this moment, Li Jinyao came out of the study.

Li Jiaojiao was worried about the Dongchuang incident and was scolded by Li Jinyao, so she had to carry a big bag full of red envelopes and leave. Anyway, it was just three red envelopes, and the loss was not big, but she ran home and saw that the three little kids robbed her of the money. It turned out to be a gold bar, and the flesh hurt so badly.

It turns out that Ke Ke, Ding Ding and Xiao Xiao had discussed it a long time ago and decided to leave the gold bars to Mommy.

"Mummy, here is the gold bar from grandpa." Upstairs, the three little guys ran into the guest room and gave the gold bar to Shen Ning.

"Mum, I still have a bag of golden melon seeds here. Grandma specially gave it to me, and I will give it to you too." The last extra bag of golden melon seeds that little general Li Wanqing gave was also given to Shen Ning.

Shen Ning looked at the golden gold, smiled slightly and said: "Coco, Ding Ding, Xiao Xiao, you are still young, and there will still be a lot of money to be spent in the future, Mommy won't want yours, these were originally given to you by your grandparents, naturally I have to give it to you, so how about it, Mommy will help you save it in the piggy bank first, and then take it out when you need it later, okay?"

"But Mommy, we just want to give it to you and let you keep it for us, okay?" Coco knew that Mommy wouldn't want it, so she had to say this.

Shen Ning smiled: "Mommy has no fixed place now, and it's not safe to hold these things. It's the safest to put them in a piggy bank. Besides, you are not young anymore, you can start saving money, understand? "

She moved a chair, stood up and took down Ding Ding's piggy bank, and deposited his gold bars in it.

Then, I bought a piggy bank for Ke Ke and Xiao Xiao on the Internet, and put them in it after the courier arrived.

### **Chapter 978: i want you to stay with me**

Next, Shen Ning devoted all his attention to being with the children, staying at home for six days in a row.

The children cling to her every day, and she patiently accompanies them, cherishing this rare good time.

The seventh day of the first month.

Employees of various large and small companies in the imperial capital have also begun to come back to work.

Gucci is no exception.

Shen Ning went to Gu Qi early in the morning.

After all, she is going to work on the first day of the new year, and she, the president, has to give out red envelopes to the company's employees, so she can get off to a good start or something.

On this day, Xiaofeng was fired by Butler Luo.

She came to the hospital with her bag on her back in a daze.

Because Li Jinyao sent additional people to protect the safety of Shen Ning and the little guys, and Shen Ning was inseparable from the little guys, and Aunt Dong was watching by her side, so she couldn't do anything.

Fortunately for her, Xiaofeng didn't look for her anymore, and didn't force her to frame the child in Shen Ning's womb, which reassured her a lot.

She is going to discharge her mother from the hospital today, take her back to her hometown, and stay away from this strange and prosperous city.

"Mom, Mom, what's the matter with you?" But when she walked into the hospital ward with her luggage on her back, she suddenly collapsed. On the hospital bed, her mother was lying sleepily with her arms hanging down, looking as if she had no vital signs, she screamed, crawled over, and shouted on top of her.

But no matter how she shouted, my mother remained motionless.

She took her hand, it was cold! He hurriedly put his hands under her nose, and she was no longer breathing.

"Doctor, doctor," she yelled, terrified.

After a while, all the doctors and nurses rushed over. After some examinations, the doctor announced that the patient had died.

"Mom." Xiaofeng burst into tears.

She didn't know why her mother died suddenly. Last night, she asked for leave to visit her and talked to her. Although her mother's illness was very serious, it was not an acute illness. It could be delayed for a few years, and it may be possible to cure it.

But now, my mother died suddenly.

How is this possible!

After crying for an unknown amount of time, she raised her head, sparks of anger flashed in her eyes.

It must be Xiaofeng who killed her mother, after all, she did not complete the task she gave: causing Shen Ning to have a miscarriage.

Li Group.

"Zhenting, when are you coming back?" Xiaofeng called Li Zhenting's cell phone and asked aggrievedly.

Since he left on the night of New Year's Eve, he has disappeared, and he hasn't been with her throughout the Spring Festival. She is really lonely.

If she hadn't received a marriage certificate, she really suspected that he had abandoned her.

"I still have something to do here, and I will go back tomorrow." The man's voice was a little hoarse, as if he hadn't woken up yet.

"Zhen Ting, I miss you so much." Xiaofeng said coquettishly, Yiyi affectionately, holding the phone and refusing to let go, forcing him to make a promise, "Tomorrow is my birthday, I want you to stay with me."

"Okay, I'll come back tomorrow to treat you to dinner." Leaning slightly, Li Zhenting promised there.

"Okay, then I'll book it in the couple restaurant of the six-star hotel Didi Hotel. After dinner, let's spend a special night in the presidential suite, okay?" Xiaofeng's eyes lit up and his face was full of joy .

"Um."

She happily hung up the phone, picked up her mobile phone and started to book tomorrow's table and the presidential suite.

After a while, her cell phone rang.

She glanced at the caller number with a look of disgust and disgust on her face.

It was Xiaofeng who called. This incompetent and stupid woman was unable to complete the task she gave her. She is simply a waste.

"What's the matter?" She still connected her phone with an arrogant tone.

"Miss Shen, how did my mother die?" Over there, Xiaofeng asked angrily, her eyes burning, holding back the pain.

"Yo, how your mother died, it's none of my business, just die." Xiaofeng replied indifferently, not taking her mother's death seriously at all.

"Did you kill it?"

"Hey, you didn't complete the task I gave you. You took so much money from me, and I've kept you for a few years. I don't want you to get back the loss. How dare you come and ask me, you bitch, trash.

"Xiaofeng ridiculed and disdainfully.

### **Chapter 979: How can you be bullied like this!**

Xiaofeng was trembling with anger, and asked repeatedly: "Say, did you kill my mother?"

"So what if it is? So what if it's not? You can't complete my mission, I told you a long time ago, your \*\*\*\* mother is a waste like you, an idiot, she doesn't deserve to live at all, tell you, in the future Don't come to me again, otherwise, if you \*\*\*\* me off, you won't even survive." Xiaofeng hung up the phone after threatening.

"Mom." Xiaofeng fell on her mother and cried into tears. Needless to say, it must be Xiaofeng's vicious woman who killed her mother, "Mom, I'm sorry for you, don't worry, I will definitely avenge you of."

She cried hoarsely.

Here, after Xiaofeng put down the phone, he threw the phone on the sofa.

"It's really unlucky to meet such a mother and daughter." Xiaofeng muttered and walked towards the chip design department over there.

Today is the first day of work after the year.

When she walked in, there was no cold pool inside.

Fang Xianyun was fired!

This news surprised all the staff of the Li Group, and the reason for the dismissal turned out to be because of indecent assault!

Everyone couldn't believe this happened. Fang Xianyun usually has a good manner, how could he tease 'Mrs. Li'? He is not a frivolous person.

Although everyone has doubts, there is no evidence, and Li Zhenting listens to Xiaofeng in everything now, so they dare not say anything more.

Xiaofeng walked to Fang Xianyun's desk, and asked blankly, "Where's the key to Fang Xianyun's drawer?"

No one speaks!

"Are you all dumb?" Xiaofeng asked angrily.

"I don't know. Manager Fang didn't hand it in. He assigned it himself." Someone finally replied in a low voice.

"He distributes the keys himself? Isn't this a public property? He even distributes the keys himself. It seems that there must be some ulterior secret in it." Xiaofeng sneered and ordered: "Call the engineering department and let The master carpenter broke the lock."

"Okay." The clerk on the side had no choice but to call the engineering department.

Soon, the master carpenter came and smashed the lock.

"Send all the materials in this drawer to my office. I want to check them carefully." Xiaofeng ordered and walked outside.

"Cut." Someone hissed and made a disdainful expression.

"I don't know how Mr. Li fell in love with this kind of woman, she's too superficial and arrogant." Some people really couldn't understand it and whispered.

"Who was talking about me just now?" Xiaofeng frowned, turned around suddenly, and asked angrily.

Nobody answered.

Xiaofeng picked up a book next to him and slammed it on the head of a young man.

The book fell on the man's head.

"Get out."

The young man graduated from a prestigious university and is the pride of heaven. How could he be bullied like this!

"Why?" He asked angrily.

"Because I am your manager now, I am your boss."

"What kind of boss are you? You are just a deputy manager. If you want to fire me, you have to follow the company's rules and regulations. Could it be that the dignified rules and regulations of the Li Group allow a woman to do anything wrong?"

"Hey, you are really arrogant. Fang Xianyun was fired by me. What are you? You don't want to leave, right?"

"I can go, but I have to ask President Li to come and tell me what mistakes I made, and then fire me through formal channels before I agree, otherwise, no one can trample on the company's rules and regulations." The young man spoke plausibly.

Xiaofeng rushed over and picked up the documents on his desk and smashed them on the ground. After casually throwing the documents in the air, he raised his hand and slapped the young man severely, and walked away.

"My God, this is crazy."

"How could such a strange thing happen to Li's Group?"

"It seems that the Li's Group is about to end. There is no future for such a woman to become the proprietress."

...

## **Chapter 980: then let her go**

Xiao Feng rushed back to the office, and her cell phone rang again.

She glanced at it and picked it up.

"Xiaofeng." A gloomy voice came from over there.

Xiaofeng smiled coldly: "Miss Li, what's the matter?"

"Xiaofeng, your wings are hardened now, and your tone is different." Li Xuexi listened to Xiaofeng's arrogant tone, her face darkened.

"Why, Miss Li, am I busy?"

"Busy?" Li Xueyan snorted coldly, "Have you not finished the task we entrusted to you?"

"Miss Li, I've already fired Fang Xianyun, why don't we take it step by step." Xiaofeng looked at Fang Xianyun's drawer of documents that was delivered, flipped through it with his slender fingers, and answered impatiently.

"I think you didn't want to finish it on purpose." Li Xueyan's patience was worn out to the extreme. "Hey, I just taught a disobedient employee for your mission, what do you mean by that, besides, I didn't call me the dollar bill I sent to Reines." Xiaofeng's lips cornered. A sly smile floated up.

Hmph, if you want me to do things for you, I won't do it unless you send her the money!

"Xiaofeng, listen, I order you to hand over the information immediately and destroy the chip research results of the Li Group, otherwise, this side will not let you go, don't forget, we signed the contract back then, I can also drive you out of Li's house." Li Xuexi was so angry that she gave the order directly.

"Miss Li, who doesn't know that you were kicked out by the Li family. You are no longer a lady. Now everything in the Li family has nothing to do with you, and I am the real Mrs. Li, who belongs to the Li family. I have a share in everything, you have no right to order me to do anything, and I, as the same sentence, I have to weigh the pros and cons, think about it yourself." Xiaofeng hung up the phone directly after finishing speaking.

Li Xuexi flushed with anger.

After a while, she called Reines, and after discussing it, the two finally agreed: since Li Zhenting is under their control now, and Xiaofeng is just a pawn, then just abandon her.

Immediately, Reines called Xiaofeng.

Xiaofeng was sorting out Fang Xianyun's information, saw Reines's call, picked it up, and said slowly: "Mr. Reines."

"Xiaofeng, where is President Li now?"

"What's wrong?"

"Have you seen Li Zhenting these days?"

"Of course I saw it." Xiaofeng thought that Li Zhenting would invite her to dinner tomorrow, and they would spend the spring evening together in a six-star hotel, with spring on his face.

"Then where is he now? Li's Group or Li's Castle?" Reines was very nervous.

What he is most worried about is whether Li Zhenting is really controlled by them. Just now, there is information that they saw Li Zhenting in the United States yesterday afternoon. This is a very bad signal. Why did Li Zhenting suddenly come to the United States? Does this mean that Li Zhenting has not been controlled by Xiaofeng or that Xiaofeng has already betrayed them?

"He, he went on a business trip these few days."

"What are you doing on a business trip?"

"Sign a foreign trade order, and I will be back tomorrow."

Reines was secretly relieved when he heard this. In this way, it is normal for Li Zhenting to appear in the United States, and it is not what he thought.

As long as Li Zhenting is still controlled by them, everything will be easy!

"In this way, Xiaofeng, I have already prepared the one billion dollars you asked for. You also know that overseas remittances are not only complicated, but also extremely risky. The inland side is holding tight. I am going to directly send The US dollars are handed over to you, and the money can be enjoyed by you for a lifetime, which is much better than being Mrs. Li." He was tempting there.
