

Troublemakers 991

Chapter 991: This is deliberately playing me.

"Xiaofeng, is this your relative?" After a while, Xiaofeng brought Li Zhenting to Reines. Li Zhenting looked Reines up and down and smiled silly, "Why are your relatives foreigners?"

"Yes, he is my cousin's husband, and my cousin has found a foreign man." Xiaofeng replied with a smile, holding his arm.

Renez stared at Li Zhenting with a pair of blue eyes.

The muscles on the handsome and elegant man's face were a little stiff, and he smiled foolishly, like an idiot, a smug and strange smile flashed in his eyes, but when his eyes fell on Li Zhenting's eyes At that moment, there was an inexplicable uneasiness in his heart. Li Zhenting's eyes under the thick sunglasses were like deep pools, unfathomable, which made him a little afraid and suspicious.

"Hello, Mr. Li, I have admired your name for a long time." He said in Chinese, "Mr. Li is well-known for his majesty, and the Li Group is even more famous. I am honored to see Mr. Li's splendor today. It is really worth hearing a hundred times." When I saw it, I was extremely impressed."

As he spoke, he reached out to take off Li Zhenting's sunglasses, wanting to see his eyes.

Obviously, he is better at reading minds. A person can pretend to be anything, but his eyes are the easiest place to sell his soul.

Li Zhenting took a few steps back, put his fingers on his sunglasses, and said with a smirk: "My cousin is the best, how can I compare to my cousin."

After speaking, she smirked at him.

Although Reines couldn't take off his sunglasses, but seeing an elite CEO turn into such a foolish appearance, he no longer felt suspicious.

"Ah, Xiaofeng, look, this group of seagulls is so beautiful, I want to take a picture and put it on the Internet." At this moment, Li Zhenting suddenly took out his mobile phone and took a picture of a group of seagulls in the sky as if he had discovered a new world. Come.

"Mr. Reines, people have already brought them here. Where are my dollars?" Xiaofeng ignored him, but went straight to Reines and asked in a low voice, this is her important matter.

Renez glanced at her: "It's in the underground cabin, but how do you take it away?"

"Zhen Ting and I each carried a few boxes and walked a few more times. I have already sent someone to drive the car outside." Xiaofeng had already made up his mind.

"It's not safe."

"It's okay, that person doesn't know what to pretend."

"Alright, then you can go in with my assistant." Reneth nodded to an assistant next to him.

"Miss Shen, please." The assistant immediately made a 'please' gesture to Xiaofeng.

Xiaofeng, who was already full of dollars in his mind, couldn't think about anything, and immediately followed his assistant out of the cabin.

The cabin I entered at the beginning was okay, but when I walked in, the cabin became darker and narrower, and the bottom was dark sea water, unfathomably deep, and there were bursts of stench.

Xiaofeng stopped holding his nose.

"Sir, where are the US dollars?" Xiaofeng was a little suspicious.

There is no one else in this place, so the US dollar does not need to be placed in such a far-reaching place.

"Miss Shen, the hacking is serious now, and the satellite image is too clear, so many dollars can only be placed at the bottom." The assistant explained.

Xiaofeng felt relieved when he heard the words.

They continued to walk in.

At last they stopped at the bottom of the darkest cabin.

"Sir, where are the US dollars?" Xiaofeng rubbed his eyes to get used to the darkness and looked around. He didn't see anything but a black hole, and he didn't know what was inside, so he asked suspiciously.

"It's inside the cave." The assistant pointed to the entrance of the cave.

"How could it be placed in such a place?" Xiaofeng was very unhappy, and said angrily, "It's all gone to the bottom, what places can't be put, but it's here, it's just playing me on purpose."

The entrance of the cave was dark, so she didn't dare to go down, and besides, even if she went down, it would be hard to come up with US dollars.

Chapter 992: Only then did she realize that she had been duped

"Then you will know if you can bring it up when you walk down." The assistant said blankly.

"You, go down and get it for me." Xiaofeng suddenly turned around and ordered loudly to the assistant.

In the darkness, the assistant's eyes gleamed with a sinister cold light.

"Miss Shen, it's you who wants the US dollar now, not me. It's already prepared for you. It's up to you if you want it. If you don't want it, then I'll go back." The assistant turned and left.

"Hey, you ordered you to bring it up to me. This is what I agreed with Reines. You have to bring it up to me." Xiaofeng yelled at him.

But the assistant just walked out: "Would you like it or not."

"If you bring it up to me, I will give you a labor fee." She seduced again.

"I'm sorry, I don't need it." The assistant left with the next sentence.

Xiaofeng was very annoyed and gritted her teeth anxiously, but facing so many dollars, how could she just give up like this.

She took out the flashlight of her mobile phone to check the terrain, and decided to go down first to see if the US dollars were there. If they were, she would go back and ask Li Zhenting to come and help them get them.

only

When she took a few steps down, she realized something was wrong.

The cabin is on a steep surface, and it is very slippery, as if it has been waxed.

It wasn't until this moment that she realized that she had been deceived, and immediately went up.

But at this time, it was too late.

The surface of the entire cabin is as smooth as a layer of moss, and it is impossible to go up after taking a few steps.

Fortunately, as she slid, her fingers climbed onto the wooden railing at the bottom of the ship's side.

But the strength of the fingers cannot support the strength of the whole body at all. As long as the strength is exhausted or the hand is released, the whole person will fall into the black hole at the bottom of the feet.

She glanced at the black hole under her feet, and a little light reflected from the surface of the black hole, making her hair stand on end.

It turns out that this black hole is the sea, dark and unfathomable, and there are sharks swimming in it. As long as you fall, you will die in the sea and be swallowed by sharks.

"Help." Realizing that it was all over, she yelled "Help" in fear.

But this was the bottom of the cruise ship, and the surroundings were as silent as death. Her cry was drowned in the darkness, and there was no response at all.

She was in a hurry, big beads of sweat dripped down, and her five fingers gradually became limp, and they were about to fall off.

Fear made her scream with all her strength.

"Xiaofeng." Suddenly, a cold voice came from above.

Xiaofeng immediately recognized the voice of Reines, and immediately shouted to Reines as if seeing a straw:

"Mr. Reines, I was wrong, please help me, I will never dare again, please, I don't want to die."

"It's too late to know what's wrong now." But Reneth's voice was as cold as coming out of hell, "Xiaofeng, you are too greedy and ignorant, today, you will come to this point, all It was your own greed that hurt you. Originally, I gave you a chance. If you don't be greedy for those dollars today, if you don't take the initiative to go on, you won't fall down, and you can leave safely. You are not greedy enough to swallow elephants, and you have come to this end, you really asked for it."

"No, Reynes, save me, I was wrong, I don't want dollars anymore." Xiaofeng kept apologizing and admitting his mistake, "As long as you give me a chance, I will repay you like a bull and a horse in the future. I can do whatever you want me to do, and I won't be greedy anymore."

Chapter 993: You and Li Zhenting didn't get a marriage certificate at all.

"Not greedy? If you are not greedy, who would be greedy? Do you think I will believe it? Back then, when you worked as a dancer in a bar and a part-time job in a restaurant, it was I who made you a phoenix nirvana and live the life of a master. Let you control Li Zhenting and become Mrs. Li. We signed the contract a long time ago, but you changed your clothes temporarily and asked me for so many dollars. Damn you, you kind People shouldn't let you live, and living will only harm others." Reines said coldly, his face full of anger.

Today, he could have let Xiaofeng fall directly to die, but he had to let her understand how he died and why she had to die!

"Mr. Reines, please, please help me. I will never dare to be greedy anymore. I will never have any thoughts. If you don't believe me, I can always be by your side and do everything. OK."

Xiaofeng's five fingers have lost strength, her fingertips have turned blue, her nails have fallen off, her body is getting heavier and heavier, and she is about to fall. and said to him:

"Reines, you let me die, so your goal has not been completed, what should I do? I have become Mrs. Li, and I will help you complete the task. You can't do without me, I am still useful."

"Haha, you still want to be Mrs. Li when you die?" At this moment, a woman's voice came, and Li Xuexi's figure appeared on it, and she laughed wildly.

"Miss Li, save me quickly, I will work for you in the Li family in the future, I will never betray you, I will help you regain the equity of the Li family group and the property of the Li family." She seemed to see hope She begged Li Xuexi with a hoarse voice.

She thinks that Li Xueyan still needs her assistance, and she is still of value to her.

But Li Xueyan sneered and said, "Xiaofeng, are you still wishful thinking when you are about to die? Do you really think you can help me? Do I need you?"

"Yes, now Li Zhenting listens to me in everything. As Mrs. Li, I can definitely help you, trust me." Xiaofeng is very confident, she thinks that Li Xuexi will definitely need her and rescue her.

After hearing this, Li Xuexi laughed again.

"Xiaofeng, you are so sad and deplorable. Do you really think you are Mrs. Li now? Just dream, because you are about to die, let me tell you the truth. The fact is that you and Li Zhenting didn't get married at all. certificate."

Xiaofeng's eyes widened, and he shouted: "Impossible, the staff of the Civil Affairs Bureau went to Li's Group to apply for the marriage certificate for me and Li Zhenting in person that day, it cannot be fake, the marriage certificate is still in my bag Woolen cloth."

"It's really naive and superficial. You think too simply of the Li's Group. How could the dignified Li's Group's elites gather around and be fooled by an ignorant and stupid woman like you? Even if you control Li Zhenting, he The cold-blooded person around you is the elite among the elites, can he make you succeed as Mrs. Li? With your virtue, can he make you succeed?" Li Xueyan said disdainfully.

"What do you mean?" Xiaofeng's face was ashen.

"Idiot." Li Xue smiled contemptuously, "But when you get a marriage certificate, when have you ever seen the staff of the Civil Affairs Bureau come to handle it in person? The laws of the country cannot be disregarded. No one can have the privilege of you, the cold-blooded fake marriage This trick can only fool an ignorant woman like you, who actually thinks that she is Mrs. Li, which is ridiculous."

"No, I don't believe it." Xiaofeng's heart was completely dead, and his whole body was trembling.

In fact, when the staff of the Civil Affairs Bureau came to her and Li Zhenting to apply for a marriage certificate that day, she felt that something was wrong, but she didn't suspect anything after seeing the work permits on the two staff. In fact, at that time Shrewd and cold-blooded had already seen her way out, even if she doubted it, she could only go on.

Chapter 994: You can only blame yourself for being too greedy

"Don't you believe it's useful? Let me tell you. I went to the Civil Affairs Bureau to check. Li Zhenting is still unmarried. He was not married at all. That day, the two staff members of the Civil Affairs Bureau who came to the door were not from the Civil Affairs Bureau at all. They are just cold-bloodedly looking for someone to pretend, of course the purpose is to deceive you, a stupid and ignorant woman, but after you are deceived, you believe it is true, and you take the falsehood as the truth, extremely rampant, don't you think you deserve to die?"

"But I saw their work ID."

"Haha, you can even pretend to be a person, let alone a work permit. If you still don't believe it, then do whatever you want. Anyway, you're going to die soon." Li Xuexi didn't plan to talk to her anymore.

Xiaofeng suddenly shouted with all his strength: "Zhenting, Zhenting, where are you? Come and save me, I have tea here, drinking it will not give you a headache, if I die, what will you do if you get a headache in the future?"

Now that Reines and Li Xueyan are both here, she thinks that Li Zhenting should be here too, so, holding on to the last hope, she shouted loudly, wanting Li Zhenting to save her.

Now Li Zhenting is being manipulated by her. If he knew that she was killed, he should come to save her. As long as he can come to save her, she has hope of surviving.

"Give up, Li Zhenting won't come to save you, not to mention that he can't hear it, even if he heard it, he won't come to save you." Li Xuexi turned around, stood on it and sneered, "You really can Hold on, hold on until now without falling and dying."

"No, I want to live, I want to find Li Zhenting, he will definitely save me." Xiaofeng's finger heads were embedded in the wood, because he wanted to survive, he clung to the wood, and the nails were bloody.

"Okay, in order to let you die with peace of mind, let me listen to what he said." Li Xuexi turned on the phone recording,

Immediately, voices came from inside.

That was the conversation between Li Zhenting and Li Xuexi, and a part of it was recorded:

"Li Zhenting, if you love Xiaofeng? Will you marry her?"

"Of course not, how could I love that kind of woman, there is only one woman I love, and that is Shen Ning."

"Yo, didn't you only love Xiaofeng before?"

"Xiaofeng died a long time ago. I just used to be with her. What I love now is Shen Ning. She gave birth to three children for me. She is the only woman I love in this life."

"How? Did you hear that?"

Li Xuexi turned off the recording and asked.

"No, he is under your control now, what he said is false, you can't believe it." Xiaofeng didn't believe it.

"Hmph." Li Xueyan sneered, and said, "Xiaofeng, this is exactly what we said after we hypnotized Li Zhenting just now. What he said at this time is definitely the most true. It's up to you whether you believe it or not."

Xiaofeng's face was dead gray.

"Li Xueyan, what are you going to do with Li Zhenting?"

"How?" Li Xueyan sneered, "You can control Li Zhenting, so why can't we control him? Rather than letting you control him to threaten us, why not control him ourselves, so what conditions do we want? "

At this point, Xiaofeng knew the original purpose of their asking her to bring Li Zhenting here. It turned out that her chess piece was useless, and they used her greed to deceive her and Li Zhenting. It just doesn't exist.

"Ah." After knowing that she was worthless, she cried out in a terrified voice.

"Xiaofeng, hurry up and die by yourself. Even if you die, you will go down by yourself. It has nothing to do with anyone. If someone comes to investigate in the future, you will die by yourself. You can only blame yourself for being too greedy." , we can't do anything about it." Li Xuexi laughed loudly.

Huge anger welled up in his heart, Xiao Feng was so angry that his eyes went dark, and his fingers softened.

"Ah, Li Xuexi, Reynes, you villains, I won't let you go even if I die. I will turn into a ghost and come to seek your life. You just wait for my soul." She tried her last breath After finishing speaking, her fingers completely went limp, and she fell downwards. With a sound of "swelling", she fell into the unfathomable sea. A group of sharks surrounded her, tearing her dumb, and the black hole was full of blood.

Chapter 995: he's out of his mind

Li Zhenting sat in the underground cabin with his eyes slightly closed.

Reines and Li Xueyan really thought he was stupid, so they controlled him and locked him up.

Li Zhenting obediently quits!

It is necessary to find their hiding place, gather them together, and wipe out the gang. He has to follow the past deeply before he can start to act.

After a while, the cruise ship started.

His ears moved slightly, and a pair of sharp eyes looked around.

The cruise ship is heading south.

"Li Zhenting, you have today too." After a while, there was a contemptuous mocking sound from above his head.

Li Zhenting's narrowed eyes slightly opened.

This is Li Xueyan's voice, he can hear it without looking.

"Li Zhenting, if you don't match your virtue, there will be disasters. You have no virtue and incompetence. Why are you the sole heir of the Li Group? Why are you the president of the Li Group? Where do you put us? We are the number one heirs, so we should inherit the property of the Li family, but we have nothing, and now I have to take back what belongs to me. I am not sorry for you by doing this, I can only blame your grandpa for being too much Eccentric, I gave you everything, he hurt you, you can blame him if you want." Li Xuexi spoke coldly with a gloomy face, her eyes were full of anger and unwillingness when she spoke at the end.

Li Zhenting turned to look at her, giggling: "Who are you? Why don't I know you?"

"Hey, I'm your aunt. Now that you're in my hands, please please me. If you behave well, I'll save your life for you to live a chic life with your own part of the property. Otherwise, don't blame me for being cruel."

"You are my aunt, are you really? Auntie, I want to go home, please take me home!" He was full of surprises, begging like a child, not seeing any wisdom and wisdom that belonged to the president. shrewd.

Seeing that he was completely dumbfounded, Li Xueyan felt an unprecedented joy in her heart.

Now, the Li family will no longer have a sole heir, and she can return to the Li family to inherit the family property openly and aboveboard.

"Stay here first, do what I ask you to do later, and cooperate with us obediently. After the task is completed, I will take you home." Li Xuexi sneered and walked out.

Li Zhenting pursed his lower lip, and a strange and unpredictable smile appeared on the corner of his lips

"Reines, shall we go back to the base now?" After a while, Li Xuexi's voice sounded outside.

Reines looked at Li Zhenting inside with cold eyes, and asked vigilantly, "How is he?"

Li Xuexi understood what he meant. He was worried about Li Zhenting's mental state. After all, he was not an ordinary businessman.

"Don't worry, he has lost his mind." Li Xuexi said disapprovingly.

"you sure?"

"I'm sure, the shrewd Li Zhenting has already been hurt badly by the greedy Xiaofeng. It's impossible for a normal man to pretend to be like this." Li Xuexi smiled confidently.

She absolutely believes in high-tech hard work, where can a man with a chip implanted in his brain go normally!

Reines' gloomy eyes looked at Li Zhenting again.

The place they are going now is their core base. If Li Zhenting is not stupid, the consequences will be unimaginable.

He must be cautious!

"Auntie, where are you? I want to go home." At this moment, Li Zhenting yelled again, looking like a fool.

Looking at his stupid look, Li Xueyan smiled at Reines: "Now you should believe it."

Correnus walked towards him sullenly.

Chapter 996: You gotta keep your promises

"Ah." Suddenly, Reines approached Li Zhenting, grabbed his arm and quickly turned it back and pressed it hard, only to hear a crisp "click", Li Zhenting's arm immediately dislocated and fell powerlessly. He screamed, his forehead was so painful that sweat oozed out, and his face turned pale.

"Auntie, Auntie, help me, he hit me." Li Zhenting shouted helplessly at Li Xuexi.

Li Xuexi looked at this scene in shock, secretly surprised in her heart, this Reines is really ruthless, he can do this to a fool, but what does it matter to her, Li Zhenting deserves this abuse.

"Don't yell, the more you yell, the more you will be beaten." She threatened fiercely.

Reines's gloomy eyes stared at the sweat on Li Zhenting's forehead, and there was a fine cold light and a triumphant smirk in his eyes.

He was testing him.

If Li Zhenting was not stupid, he would definitely react if he suddenly attacked him, but now it seems that he is indeed stupid, and he doesn't even have the instinct to resist when he is beaten.

He felt very satisfied with the result.

"Okay, let's go." He finally said and walked inside.

"Mr. Reines, are you satisfied with the result?" Li Xuexi followed up and asked with a smile.

"Yes." He nodded slightly.

"After that is done, you have to keep your promise." Li Xuexi was a little worried, and reiterated.

"Don't worry, you will be the president of Li's Group after the event is completed. We need further cooperation." Reines solemnly promised.

Li's Group is a high-tech enterprise with an unlimited future. Destroying it is one of their development plans.

Next, the acquisition of Li's Group, turning Li's Group into their company, and the high-tech technology it possesses is their ultimate goal.

Li's Group is now under the leadership of Li Zhenting, with amazing profits and terrible development momentum, especially in recent years, it has achieved amazing results in mobile phones, telecommunications, networks, etc., which they never want to see. If this continues, their living space will be completely swallowed up.

Now, they are not reconciled to just dominating the Li Group, but want to own it completely.

Of course, Li Xuexi will never know this.

"Thank you, Mr. Reines." Li Xuexi was very happy thinking that she would be the president of the Li Group in the future.

She is well-informed and has stayed in large enterprises. She has learned a lot of advanced management experience and mastered the development and survival of developed enterprises. Integrating into the

upper class economic circle, she believed that she would be able to make the Li Group bigger and stronger, and make Li Jichun look up to her with admiration.

"Don't worry, as long as you are obedient and work hard, we guarantee that you will have countless dollars, gold, silver and jewelry." Reines promised with certainty.

With Li Xueyan's identity and family background, they are the best people to use. For those who are still valuable, they are always willing to invest.

The cruise ship moves on.

After Li Zhenting's arm was broken, Reines was completely relieved, and went into the luxury cabin to eat, drink and have fun.

"Mr. Reines, what shall we do with Li Zhenting?" After she was full of wine and food, Li Xueyan held the tall red wine glass lightly with her fingers, leaning against the railing, with the sea breeze blowing against her face, she was extremely comfortable. She shook the red wine glass, tentatively ask.

Renez drank a little too much, but he was not drunk: "Of course it is to control him and let him destroy the chip that is about to be developed first."

Chapter 997: best hostage

"Well, what about after that?" Li Xueyan continued to ask calmly.

If they can let Li Zhenting go back to the Li family with her and let her control him, and she becomes the president, that would be the most ideal. After all, Li Zhenting is also from the Li family, and she doesn't want him to be controlled by foreigners forever.

Reines drank the red wine in his hand and looked back at her: "Miss Li, you also know that Li Zhenting is a talent, and talents must be used. We can't always control him through drugs. He needs to do something. Don't make due contributions. For talents, the country of the United States has always paid very generously. You are his aunt. It is best to persuade him to surrender to us, so that everyone will be happy, and your Li family will also be a great contributor to the country of the United States. In the future, the United States will definitely treat the Li family favorably."

"Then what if he doesn't want to surrender?" Li Xueyan's eyelids twitched.

For Li Zhenting to return to the United States, it would be tantamount to judging the country, which the Li family would never allow.

The education that Li Zhenting received since he was a child is also not allowed.

"If you don't want to surrender, you can only let him stay in the prison of the United States forever. We can't let him come back."

"But Li Zhenting is not an ordinary businessman. He is a well-known entrepreneur with social status and influence. Do you think that such an important person being imprisoned in the United States for no

reason will cause international repercussions?" Li Xuexi still hoped They can let Li Zhenting survive, just destroy him, there is no need to put him to death, if that happens, her taking over the position of president of the Li Group will also cause public outrage, which is what she doesn't want to see.

And the Li family will not watch Li Zhenting go to jail in the United States, and there will be a **** battle at that time, which is not good for her.

Ke Renes smiled lightly: "Isn't it normal for a person to be arrested for committing a crime? His reputation will only be ruined. Our powerful media has always been able to describe the dead as the living, black as white, Of course, Li Zhenting is no exception. As long as the U.S. government wants to detain him, there are many ways. Take the overseas investment projects of the Li Group as an example. After playing, do you still remember the man named Tang Jihua, who was the first to research chips, and has been in a prison in the United States for 20 years now."

Hearing this, Li Xuexi's back was in a cold sweat, and then she realized that dealing with these people was no joke, and if she was not careful, she would end up with her family and her life, but at this point, she had no choice but to go on.

"Listen, watch out for Li Xueyan, don't let her run away." Reines walked into the cabin and whispered to his confidant assistant.

The assistant was puzzled: "Isn't Miss Li one of us?"

"For the time being, if Li Zhenting does not return and the Li family takes tough measures, then Li Xuexi will be the best hostage. We must catch her. Of course, if they are obedient, we will not treat them badly." Renes patted He patted the assistant on the shoulder.

The assistant suddenly realized and nodded.

"How long will it take to arrive at the base?" Renes asked looking at the vast sea.

"It's just over an hour away."

"In this way, first stop the cruise ship at a nearby port to rest, we will all sleep, and then move forward at night." Reines suddenly ordered.

"Okay." The assistant agreed and walked towards the bow.

Li Zhenting was sitting in the cabin. After Renes walked for a while, he secretly connected his right arm with his left hand. The pain made him sweat profusely. Then, he waited for the opportunity, as soon as they drove into the base , he will send out a signal.

But what he didn't expect was that after the boat had left for two hours, they didn't even leave, and they moored the boat into the dock.

Everyone on board starts to sleep.

This Renes is really treacherous!

The more you say this, the closer you are to the center of gravity. They are waiting for the dark to act.

More haste less speed.

So, he leaned against the cabin and fell into a deep sleep.

Chapter 998: a terrible dream

"Li Zhenting, I hate you." I don't know how long I slept, and suddenly, a woman's voice rang in Li Zhenting's ear, the voice was dull and soft, mellow and clear.

"Ning Ning, Ning Ning." Li Zhenting recognized Shen Ning's voice, was overjoyed, opened his mouth slightly, and wanted to call out, but couldn't.

"Li Zhenting, I'm leaving, you take our child well." At this time, the resentful female voice sounded again, and then a gust of wind floated in front of him, no, someone should have come to him.

His heart was pounding, and he tried his best to open his eyes, and finally, he managed to open his eyes.

Sure enough, there was a thin woman standing in front of him, her eyes were cold, but her face was full of tears.

"Ning Ning." Li Zhenting felt a pain in his heart, guilt welled up in his heart, shouted, stretched out his fingers to touch her face.

But even after touching her several times, she couldn't touch her.

"Ningning, I'm sorry." He cried out in pain.

At this time, the woman's face gradually became clear, and he could see clearly that she was the mother of his three children, his beloved woman, Shen Ning.

"Ning Ning, you have suffered and wronged." His trembling fingers stroked her face, trying to wipe away the tears on her face,

But every finger of his was trembling, and the tears on her face were getting more and more hot, and his heart was in extreme pain.

Suddenly

The woman bit his finger as soon as she opened her mouth, biting hard.

He was motionless and felt no pain, but his heart ached badly.

The woman bit hard, as if venting her hatred.

"Li Zhenting, listen, I've already left, and I won't hinder you and Xiaofeng anymore, but our child, if you don't take good care of me, I won't let you go as a ghost, I don't owe you anything, From now on, we will never meet again." After a while, she let go of her mouth, and said something that made Li Zhenting's hair stand on end all his life.

"Ning Ning, no, don't go, I was wrong..." His atrium seemed to grow a sharp knife, piercing his heart sharply, the pain made him pale, and he grabbed her arm in fear.

This arm is so thin, like skin and bones, he didn't even dare to use force, for fear that it would be broken if he exerted a little force.

The woman walked outside and her arm slipped from his.

"Ningning, don't go, please don't go, I love you." He shouted hoarsely.

But she walked directly towards the side of the boat.

Li Zhenting's heart was congested and he couldn't breathe.

He stretched out his arms to hug her.

"Li Zhenting, take good care of our child, otherwise, I will make you suffer forever." After she finished speaking, her thin body jumped into the sea.

"Ning Ning." Li Zhenting was heartbroken and wanted to rush to save her, but his whole body seemed to be frozen, unable to move at all, and could only watch her jump into the sea.

"Ah." The extreme pain and fear made him suddenly open his eyes.

What caught the eye was the afterglow of the setting sun and dusk.

He stared blankly at the endless sea, his whole body was cold, and his hands and feet were shaking.

It turned out that he just had a dream.

This dream is too scary! It was the last thing he wanted to see.

After a long time, he exhaled.

Fortunately, it was just a dream, his Ningning should be fine, she is still taking their children in Li's Castle.

He has entrusted his father to help him guard Ningning, he knows he owes her too much!

Chapter 999: He is most sorry for Shen Ning

Li Zhenting pursed his lower lip, the bone-chilling chill still made him tremble all over.

During this period of time, after waking up, he learned from his cold-blooded mouth what he had done, and he was in great pain.

He is most sorry for Shen Ning.

He should apologize to her, love her well, and give her a grand wedding.

But at this time, the cunning enemy has not yet surfaced, so he has to pretend to be stupid until he completes the mission and finds out all the traitors.

This is the task assigned to him by the superior.

Therefore, he endured the pain in his heart every day not to see her, and still interacted with Xiaofeng in acting, but only he knew the pain in his heart.

Fortunately, Shen Ning still lives in Li's Castle to take care of the children.

He still has a chance to explain everything to her and ask her forgiveness.

Several times in the middle of the night, he drove back to Li's Castle, saw her sleeping with Xiao Xiao, and stared blankly at the sleeping mother and daughter, feeling extremely guilty and painful.

This big one and one young one are what he owes the most in his life, and it is what he wants to make up for them all his life.

Tonight, he has to complete the task.

The cruise ship finally started again.

He sat up straight, but his eyelids kept twitching.

Li Zhenting, you must go back alive to see Shen Ning and Xiao Xiao tonight, you owe them too much, you are not allowed to make any mistakes.

He secretly swears in his heart!

"Mr. Reines, the cruise ship is about to dock."

"Well, ready to disembark."

"Do you want to take Li Zhenting there?"

"certainly."

The cruise ship headed towards the pier.

After a while, two Baobiao-looking men came and escorted Li Zhenting to the pier.

As soon as he arrived at the shore, there was a black off-road vehicle parked there, Li Zhenting was escorted into the car, and the car drove towards a remote place along the seashore.

The car didn't stop until an old villa hidden in the woods appeared in front of my eyes.

Li Zhenting was escorted into an old-fashioned room.

"Sir, where is this?" He foolishly asked the assistant who brought him in, looking like a fool.

The assistant glanced at him: "This is your future home, please stay here."

After speaking, he turned and left.

Home? Li Zhenting narrowed his eyes, does this mean that this place is their permanent base.

There is a small window in the room.

Li Zhenting walked over, took out a small locator from his pocket, put it by the window, and looked out through the window.

This is indeed a good hidden place. There is no information on the mobile phone here, and the surrounding area is completely destroyed, and there are basically no people.

The gate of the abandoned villa is dilapidated and unobtrusive, but if you look carefully, the security measures are in place. Two big wolf dogs are guarding the door, and there are people walking around from time to time. There is still the smell of cooking from the kitchen over there.

Obviously, there are many people living here, and it is a very strict organization.

One o'clock.

Li Zhenting sat upright, his ears moving from time to time.

"It's not good, Mr. Reines, there are helicopters circling overhead." In the dark night, someone suddenly shouted vigilantly.

Soon, hurried footsteps sounded.

Renez sat up abruptly.

"Hurry up, all retreat." Not long after, Li Zhenting heard Reinez's distraught voice.

The entire villa began to become chaotic.

"Reines, you are already surrounded, don't make unnecessary resistance, surrender now." At this time, the clock bureau shouted through a loudspeaker in the night sky.

Li Zhenting breathed a sigh of relief.

Chapter 1000: It's just for you to use

"Reines, we are surrounded, what should we do?" Li Xueyan ran in in a panic.

Reneth looked at her, with an unfathomable coldness in his eyes, and smiled at her: "Miss Li, only you can save us now."

"I'll save you?" Li Xuexi's eyes widened in astonishment.

"Yes, that's you."

"But I can't help it, I am surrounded."

"No, you can." Reneth smiled sullenly, and winked at the assistant beside him.

soon

Two assistants came up one left and one right and grabbed Li Xuexi's arm.

"Reines, what are you doing?" Li Xuexi asked in panic.

"Don't be afraid, it's just for your use." Reneth was calm and confident.

"What use can I be?" Li Xueyan's eyelids twitched.

"You can take advantage of your status. After all, your surname is Li, so they will be more or less scrupulous." Renes looked at her, "Originally, I wanted to give you glory and wealth, but I can't help it. I failed. , and I couldn't find anyone else useful."

When Li Xuexi heard this, she finally understood, and now they are going to take her as a hostage to save her life at a critical moment.

"Renees, Li Zhenting is more useful than me, you might as well catch him if you catch me." She turned pale and called.

"Hmph, childish." Reynes snorted coldly: "Do you think the reason why we failed so quickly and were surrounded by people was not because of Li Zhenting? Tell you, he is not stupid at all, he has already discovered our It's a conspiracy, this time I came here on purpose, the purpose is to catch us all, do you think I'm going to let you go now? After all, you are his aunt, so he will have some scruples."

Li Xueyan was stunned, it turned out that Li Zhenting knew everything a long time ago, and they were all tricked.

Li Zhenting is really brilliant!

"People inside, please come out and surrender obediently. You are already surrounded. If you don't come out, we will shoot you." The voice of the bell bureau outside was extremely majestic and shocking.

Reines squinted his eyes, staring at Li Xueyan fiercely, Li Xueyan's face was pale.

"It's not good, Mr. Reines, we were surrounded upstairs and downstairs, and they were all arrested." After a while, the assistant ran over in a panic.

Reines's eyes flashed coldly, he took out a short gun from his pocket, pointed the black muzzle at Li Xuexi's temple, and shouted in a low voice: "Go, go meet them."

Li Xueyan's legs felt weak.

"Renees, you must be merciful. I have been cooperating very well with you all the time. You must worry about my safety." She pleaded bitterly.

"I can't live now, don't talk too much." Reynes yelled angrily, and walked outside holding Li Xuelashes.

On the stairs, two groups of people confront each other.

Gradually, Renes was surrounded by them.

"Don't come over, if you come over again, you'll kill her." Seeing the encirclement getting closer, the gun in Renes' hand hit Li Xueyan's temple fiercely, and shouted at Zhong Ju.

Ju Zhong looked at Li Zhenting, and waved at his subordinates.

Everyone stood still and stopped moving forward.

On the second floor, Li Zhenting stood on the stairs, overlooking the downstairs, his whole body was filled with bitter cold.

For Li Xuexi, his aunt, he hated iron but could not be strong.

If it wasn't for her being used by others, how could there be such innocent disasters? If it wasn't for the sake of grandpa, he wouldn't care about her life or death, but she is grandpa's own daughter after all, there is no parent in this world who doesn't love herself Children's.

"Reines, put down your guns and surrender immediately, that's the way out for you." Zhong Ju calmly asked to surrender.

"No, you guys let go of me right now, send me to the cruise ship and send me home, otherwise, I'll shoot her to death, and then I'll die with you." Reneth was so vicious that he pulled the trigger with his finger.
