

## True God 2415

### Chapter 2415 It's Enough To Be A Kind Person

"I didn't expect that there would be beautiful women in this place, not bad either" Ye Chen saw that the women here were quite good, their appearance was quite good, they could easily seduce men with their overly sexy bodies.

It was not only Ye Chen who recognized that they were beautiful, here there were quite a few people who recognized that they were a group of beautiful women.

Almost everyone knew that and they could not take their eyes off this group.

Dong Limo and Tai pile also looked interested, they were at the very front of the crowd, they looked very excited.

Ye Chen himself was on top of a tree and looking from about a mile away, no one would realize that Ye Chen was far away.

"You all deserve to die, how dare you defile this young master lady" When everyone was excited, a strong killing aura appeared. A powerful force swept through the people and they turned into a mist of blood.

"Eh. . ." Ye Chen from afar looked at the people who turned into blood mist, their bodies shattered by the great force.

They had no resistance under this force and died on the spot.

"What the hell" Ye Chen simply did not imagine that the situation would turn out like this, almost half the audience was killed so quickly.

"ahh. . ." loud screams occurred, those who survived tried to get up and retreat as far as possible.

A man descended from the sky, this person was wearing a black outfit with some white cloud motifs, from appearance alone, this man was quite good, he had a handsome and fierce appearance.

He resembled a handsome man with a cold face and full of domineering aura.

"What are you doing?" the beautiful woman asked the man who had just arrived, she looked angry with what happened, she saw people who knew nothing being killed in front of her.

"I'm just protecting you from the bastards who are trying to tarnish you" the handsome man said that he wanted to protect the beautiful woman in front of him.

The handsome man's name was Zhou Tong, and the beautiful woman's name was Xun Zhilin, both were among the leading disciples in the Sect and were said to be a good match.

"I don't need that" Xun Zhilin said that she didn't need any help from Zhou Tong.

"Why do you keep refusing my help, when I have good intentions" Zhou Tong said to Xun Zhilin.

"Your good intentions are useless, you are a person who thirsts for blood and kills everyone you don't like" Xun Zhilin said to Zhou Tong.

Xun Zhilina didn't really like the person in front of her, this person was too bloodthirsty, if he already disliked someone, he would immediately kill them.

Zhou Tong was not too happy about this, he was not happy when he saw Xun Zhilin antagonizing him in such a way.

"Why do you always reject me?" Zhou Tong asked Xun Zhilin.

"It's because I already have someone I like" Xun Zhilin told Zhou Tong.

To avoid trouble, Xun Zhilin randomly said that she already had a crush, that would make Zhou Tong leave and would no longer dare to approach.

"Who is it, I will kill him" Zhou Tong was angry, he wanted to kill that person.

"That's why I won't tell you" Xun Zhilin said that she wouldn't tell Zhou Tong.

"who is it, is it among the people here" Zhou Tong's killing aura became stronger and stronger, he became stronger and more terrifying.

People hid, they were all afraid and didn't dare to look at Zhou Tong.

Even the women behind Xun Zhilin were frightened when they saw Zhou Tong.

"You stop right now, you're scaring them" Xun Zhilin told Zhou Tong to stop right now because he was scaring everyone present.

"People are looking from afar, they don't dare to come closer, even the elders around only dare to look and don't want to interfere in the matter of the two, they don't want to get involved in the matter and choose to stay and watch." Xun Zhilin said.

"Damn it" Zhou Tong was furious, he immediately used his strength and began to destroy the surroundings of this place.

"Boom. . ." Zhou Tong launched an attack around here, this of course destroyed the buildings and facilities near this place.

"Run for your lives" everyone ran, they were saving themselves from Zhou Tong's fury.

Zhou Tong's attacks became more and more terrifying, no one stopped them as they were unable to do so.

Until the attack hit where Ye Chen was sitting on the tree and destroyed the tree Ye Chen was sitting on.

Ye Chen bounced off because of that, he wasn't very alert and ended up bouncing off.

"It sucks, I hate the person in this place" Ye Chen hated the person in this place, he didn't like the way they treated people like something that had no value, they easily destroyed anything they didn't like.

Ye Chen stood up and cleaned himself up, there must be someone who changed a place full of trouble.

"master, have you decided to make a move" Chu Yuechan asked Ye Chen.

"It's enough to be a kind person, it's time to destroy the trash and put this place in order" Ye Chen said to Chu Yuechan.

It was enough for Ye Chen to stand by and look at the cruel thing, he had to stop everything because the victims were already horrible enough to look at.

"Stop I say" Xun Zhilin had a hard time stopping Zhou Tong, this man wouldn't listen to what Xun Zhilin said.

Ye Chen walked over towards Zhou Tong, he stood in front of an angry Zhou Tong.

"what are you doing there" Xun Zhilin said to Ye Chen, she told Ye Chen to get out of the way right now because Zhou Tong could kill Ye Chen easily.

"oh there's an ant coming forward" Zhou Tong looked at Ye Chen, he instantly blew away Ye Chen who was trying to stand in front of himself.

Zhou Tong shot a red ball like blood towards Ye Chen, this could destroy anything in front.

Ye Chen dodged the attack from Zhou Tong, he used his bare hands to ward off the attack from Zhou Tong.

"Huh?" Everyone who saw was surprised when Ye Chen did that.

"who is he, how did he do such a thing" Everyone looked confused when they saw Ye Chen was able to fend off the attack from Zhou Tong.

"That shirt isn't it a servant level , what the hell, I've never heard of a servant being able to withstand an attack from a Top tier core disciple".

The whole place became rowdy due to Ye Chen, they started to find out who Ye Chen was, how he easily parried the heavyweight attack launched by Zhou Tong.

"This guy, what's with this guy ?" Xun Zhilin looked towards Ye Chen, she wanted to know who Ye Chen was, how was she able to withstand the attack from Zhou Tong.

"if I remember correctly, he should be a useless servant" one of the people in this place seemed to know a bit about Ye Chen.

"No way, are you kidding, if it is like that, then what about us, aren't we more useless" everyone couldn't believe that Ye Chen was a useless person.

Ye Chen's appearance does look weak and ugly, but if Ye Chen unleashes his power, even the lord at the top will have bad luck when fighting Ye Chen.
