### Chapter 2418 The Battle Against The Great Elder

"let's start fighting, it looks like this will be an interesting battle to do" Ye Chen said to the great elder who was in front of him.

Everyone glared at Ye Chen with disbelieving eyes, this was the first time seeing something like this, this lunatic was trying to challenge one of the higher echelons within this Sect directly and what the hell with that power, he made a great elder's attack like swatting away a fly.

"how come you used to do that" the great elder said to Ye Chen, how could Ye Chen do that.

"Of course, I can do everything" Ye Chen said that he could do everything he wanted.

"Damn it. . ." The great elder looked angry and annoyed towards Ye Chen, he really wasn't happy with what Ye Chen said.

It seemed like this battle would still continue where Ye Chen fought with Elder.

"What happened in this place" a man approached towards Xun Zhilin, this man asked about what happened in this place.

"Master, earlier there was a battle between Zhou Tong and that person, and as a result he was defeated quickly and badly, until this person made the entire Sect shake" Xun Zhilin told what happened in this place.

"Did that person do it?" this man did not believe that Ye Chen did it, to be honest it was quite hard to believe in this kind of matter.

"That's right. . ." Xun Zhilin nodded, if not believing then the women in the back could be witnesses.

"master, it seems like the battle is becoming more lively, is there nothing we can do to stop this" Xun Zhilin asked.

"No way, he is a great elder, there is no way I can interfere and the difference between my strength and his is quite large" he informed her that he would not be able to interfere.

This was not the domain of someone like him, this battle was a high level battle that a master like him could not interfere with.

"We can only watch the battle from afar, no one can stop them unless the Patriarch Sect appears" for now no one can stop the battle, at least in this place no one is capable and can do that.

"Your strength is a little disappointing, I thought you would be a great person since your son said you were strong" Ye Chen said to the great elder in front of him.

He stepped on Zhou Tong who was under his body quite hard and Zhou Tong coughed up blood.

The great elder looked towards Ye Chen, his gaze could penetrate into Ye Chen and it was very dangerous.

Zhou Tong was still in Ye Chen's hands, he could not be rash and attack Ye Chen.

"Crack. . ." Ye Chen stepped on Zhou Tong even harder, he intended to cripple the cultivation possessed by Zhou Tong.

"Soon he won't be trash" Ye Chen told that he would make Zhou Tong trash.

"That I will not allow" the great elder would not be able to allow this matter, he would not allow Zhou Tong to become trash.

The great elder took his demon sword, he could only fight with Ye Chen and snatch Zhou Tong from Ye Chen's hands.

"Boom. ." when the great elder approached Ye Chen, a huge force blew him back, this force was huge and devastating once.

"Ahhh" the clothes of the great elder shattered into pieces, his body was scarred by hundreds of cuts.

"What was that?" the great elder didn't know what happened, now Ye Chen was too mysterious and got himself injured.

"A wind defense" The great elder realized that Ye Chen had a strong wind defense, that was the reason why he couldn't get close.

"So then I just need to get rid of it quickly" The great elder just needed to get rid of it, he had to use more strength.

Ye Chen knew what this old man was thinking, he must be thinking about using more power to fight Ye Chen.

"It's useless, it won't be able to defeat me" Ye Chen said that the great elder would not be able to defeat Ye Chen.

"Nine Shadow Step" Ye Chen used the shadow step and he quickly approached towards the enemy.

Unnoticed by the enemy, Ye Chen reached the front and immediately launched a punch towards the great elder's chest.

"uahhhhh" blood spurted and the great elder fell to the ground, Ye Chen's powerful punch instantly shattered the great elder's ribs.

The great elder fell down, he couldn't bear the pain of having his bones shattered by Ye Chen's attack.

"this bastard, he broke my bones, his punch is so strong, how can he have such a strong punch" the great elder didn't know how Ye Chen could have such a strong punch, the punch clearly destroyed the great elder's body.

"if it continues like this, I will lose soon" great elder realized that he would lose soon.

"No, I can't lose" great elder said that he can't lose, he can't lose against the young man in front of him.

"how can I lose to a child, it's unforgivable" great elder wouldn't lose to a child, he had the pride to not be able to lose to Ye Chen.

The determination of the great elder made him rise up against Ye Chen, he must not lose to Ye Chen, his journey is still not over in this place.

"I will defeat you" the great elder said that he would defeat Ye Chen.

The great elder gathered his strength, his body was filled with dark power and muscles began to come out, the great elder's body became bigger and bigger, he was like a powerful and terrifying monster.

"I will use this form to defeat you" this was the Demon cultivation technique, he transformed and showed his form in front of Ye Chen.

It could be said that this form was extremely terrifying, the large body, large muscles and also red eyes made people feel goosebumps.

Even the aura around him was extremely terrifying and too strong, this aura intimidated everyone.

"hahahaha, let's see if you can fight me" the great elder said to Ye Chen, he wanted to see if Ye Chen could fight himself or not.

"great elder has used transformation to Demon Beast form, that is a high level technique, I didn't expect that there would be people who can make him do that kind of thing" people were naturally surprised when they saw great elder using transformation technique to fight Ye Chen.

"It is obvious that the great elder regards Ye Chen as a threat that must be fought with full force.

"This is the end for you, no one has ever been as long as me after seeing this form" the great elder said to Ye Chen, he told him that no one has ever been as long as him after seeing his current form.

"Your appearance is very hideous" Ye Chen said that the appearance of the person in front of him was very hideous.

"Of course, I'm very hideous" the great elder told that he was very hideous.

"Then end this right now" The great elder struck a hard blow towards Ye Chen.

"This punch was very powerful and blew away the buildings and walls behind Ye Chen.

Even the strong Sect gate was shattered into pieces by one swing of the great elder's fist.

"No way, this is too powerful" the onlookers could only gape when they saw the power of the great elder.

The power just now was enough to crush them into nothingness with ease.

The great elder's attack was indeed powerful, but Ye Chen still stood in place and was not moved in the slightest by the attack.
