Chapter 2424 Lu Hanna Meet Xun Zhilin

"Arghhhh" they all screamed, they all couldn't bear the damage when they received the attack from Ye Chen.

"You idiots, what are you doing, kill that person quickly" the leader told them to immediately kill Ye Chen.

"no way, this guy has a hard and strong body, attacking him makes our hands and feet crumble" thugs report what happened.

"Are you guys kidding me he's just a kid quickly beat him and end it all" the leader said to everyone.

"we understand" they took swords as well as knives, they intended to kill Ye Chen on the spot.

"I will help you" Xun Zhilin said to Ye Chen, she said that he would help Ye Chen.

"That's not necessary" Ye Chen said to Xun Zhilin, he told her that he didn't need help defeating the people in front.

"I will immediately destroy you" Ye Chen said that he would immediately destroy them.

"You die" they swung and thrust the weapons in their hands towards Ye Chen.

Ye Chen coated his body with profound flames, when someone approached towards Ye Chen, they would of course be instantly burned, even the weapons in their hands melted when they came into contact with Ye Chen.

"ahhhh . . , what is it" they retreated, they didn't dare to come closer because Ye Chen had fire protecting his body.

Ye Chen extended his hand forward, the flames rushed straight towards the enemy in front.

"arghhh . ." they screamed, they were all burned in the flames, their bodies and clothes were covered in blisters from Ye Chen's attack.

"what" their leader immediately fell to the ground when he saw what happened, he immediately fell and was helpless when he saw what happened.

"annoying group of scum" Ye Chen said to the group of scum in front of him, they are the scum who make this place dirty, they have done many unworthy deeds by killing and looting the weak, that's why they deserve to be removed.

"wait a moment" Ye Chen advanced to where the group leader was, when Ye Chen approached, their leader looked frightened, it seemed that Ye Chen scared him.

"What?" Ye Chen asked the man in front of him.

"Please let me go, I will do whatever you ask" he begged Ye Chen, he will do whatever requested by Ye Chen.

"What can you give me?" Ye Chen asked, what could he give Ye Chen.

"I can give you so many things, I can grant your request, even if you want every woman in this place, I will directly get it for you" she said to Ye Chen, she told that she could do any request from Ye Chen.

"Too bad, I'm not interested in it" Ye Chen said that he was not interested in it, there was nothing that attracted Ye Chen from trash.

"Boom. ." Ye Chen crushed the people in front of him, this would reduce the number of bad people in this place, though it might be really hard since there were too many of them and they controlled the entire place.

Xun Zhilin saw Ye Chen, he could see Ye Chen's goal, he wanted to clean this place of trash.

"I didn't think that you would do that" Xun Zhilin said to Ye Chen.

"Don't get me wrong, I don't really like trash and bad people like them." Ye Chen told that he didn't like bad people.

"It's nice to hear you say that, to be honest people like you are quite rare in this place" Xun Zhilin said to Ye Chen.

"Why is that?" Ye Chen asked Xun Zhilin.

"That's because some regional leaders are mafia, they have power and connections, destroying them is extremely difficult, even in other regions it's the same as our current territory" Xun Zhilin said to Ye Chen.

it wasn't that it couldn't be done, it was because the evil people were deeply entrenched and extremely difficult to destroy, even if the lord of this territory would have the headache of settling things down, in any case he would be in a coup d'état and perhaps in the worst case be killed on the spot.

"just imagine, the ratio of people like you is probably 5:1, there are about 20% of people like you, meanwhile the rest are people who struggle in the dark and prey on each other to survive, this place has grown into a dark and full of terrible things" Xun Zhilin said to Ye Chen.

Xun Zhilin looked sad as he said this, to be honest living in a place like this was really hard to deal with done.

Ye Chen listened to what Xun Zhilin had to say, he listened carefully to what Xun Zhilin had to said by Xun Zhilin.

Ye Chen understood the description of this place, Xun Zhilin's explanation and words were very clear to Ye Chen.

"let's go" Ye Chen said to Xun Zhilin, they continued to stroll around.

The people ignored what happened, they were all used to what happened in this place, so they didn't really care about the street fighting going on.

"Ye Chen" Lu Hanna came over, she called Ye Chen and immediately hugged Ye Chen from the back.

"What are you doing ?" Ye Chen looked at Lu Hanna, this woman was too tightly clinging to Ye Chen's body.

"Have you thought about my offer beforehand, do you want me to work for you" Lu Hanna said to Ye Chen.

"that's not necessary, you don't need to do that for me" Ye Chen said to Lu Hanna, he told her that he didn't need that.

"Why, don't you like me ?, I can do anything" Lu Hanna said confidently.

"It's not like that, I just don't need that," Ye Chen said to Lu Hanna.

"Are you sure?" Lu Hanna kept urging, she kept urging Ye Chen to admit it.

Ye Chen felt a headache with the beautiful woman in front of him, to be honest Lu Hanna was very troublesome and didn't want to give up on Ye Chen.

Xun Zhilin was speechless when she saw what happened, she really made shocked by what happened.

"what is in front of my eyes, is this real?" Xun Zhilin thought and tried to pinch her body, she wasn't sure if this was reality.

"This must be a dream" Xun Zhilin said to herself, she believed that this was a dream.

Even so everything seemed so real, this was definitely not a dream and everything in front of her was reality.

"what exactly happened here" Xun Zhilin wondered, what really happened in this place.

Ye Chen was still being pressed by Lu Hanna, this woman was too stubborn and refused to leave.

"Xun Zhilin, can you give she a job in the Sect?" Ye Chen said to Xun Zhilin, he told Xun Zhilin to give Lu Hanna a job.

"That . . ." Xun Zhilin finally woke up, she saw the back and forth between Ye Chen and Lu Hanna.

When Xun Zhilin's gaze met Lu Hanna's, Xun Zhilin subconsciously backed away in fear.

"I understand, I will do it" Xun Zhilin said that he would do his best.

"Okay, he will give you a job" Ye Chen said to Lu Hanna.

"This is not what I expected" Lu Hanna said to Ye Chen, everything was not as she expected.

"I have given you a good job, you must do well" Ye Chen said to Lu Hanna, he told Lu Hanna to do a good job.
