Chapter 3171 a trap that Long Gun Hee had prepared

"Enjoy", the fifth elder said to Long Luxie.

"Ummm . . ." Long Luxie tried to break free from the chains.

It would be a shame if he could not do this, the chain is very strong and cannot be removed.

"I can't let it go, it's too strong" Long Luxie realized that if it were too strong, she wouldn't be able to let go of the object.

"It's useless, you won't be able to escape, you just need to wait here, the person you like will soon fall into a trap and be killed" the fifth elder said to Long Luxie.

"That won't happen, he is a strong man, you won't be able to do that" Long Luxie said that Ye Chen was a strong man, he wouldn't be easy to beat.

"let's just watch, you will witness it" the fifth elder said to Long Luxie.

After saying such words to Long Luxie, the fifth elder immediately left this place.

Long Luxie kept trying to break free, she didn't want to give up and wanted to be free.

Long Luxie worked hard alone, her spirit for freedom was very high.

.

.

Ye Chen entered the territory of Long Gunhe.

When Ye Chen entered the territory of Long Gunhe, he found no guards.

"Very suspicious" Ye Chen realized that this was very suspicious.

Is it possible that they have prepared a trap for Ye Chen, Ye Chen thought about whether the enemy had really done that.

"I have to be more careful" Ye Chen seemed to have to be careful, it seemed like the enemy had prepared a trap for him.

Ye Chen decided to use Clone, he hid behind Clone by using Invisible Body Art.

Ye Chen didn't want to fall into the trap set by the enemy, because of this, he would control the Clone from behind and see what they would do.

Ye Chen entered very smoothly, no one prevented or hindered Ye Chen.

A situation like this made Ye Chen more alert to his surroundings, he didn't easily believe what was around him.

Because no one was blocking Ye Chen, Ye Chen quickly arrived at Long Luxie's place.

When Ye Chen arrived at Long Luxie's place, he saw Long Luxie tied up, Long Luxie seemed to be trying to free herself, however, she couldn't do this.

Ye Chen saw what happened to Long Luxie, to be honest Ye Chen was angry when he found out what happened to Long Luxie.

The person who kidnapped Long Luxie right now was at the side, he was the fifth elder, the person who had taken Long Luxie away.

Ye Chen saw the fifth elder, Ye Chen looked unhappy when he saw the fifth elder.

"This person, he seems to be the one Feixu was talking about" Ye Chen realized that this was the person, he was quite skilled at kidnapping someone.

Apart from the fifth elder, there were so many people present in this place, they all stood guard and surrounded Ye Chen.

More than 10,000,000 troops belonging to Long Gunhe also surrounded this place.

They were all gathered in one place to face Ye Chen.

It wasn't strange that Ye Chen didn't see these people, it turned out they had been waiting for Ye Chen.

"You dare to come, I thought you would be afraid" Long Gunhe spoke to Ye Chen.

A man sat at the highest point, he had the greatest aura among everyone in this place.

Ye Chen could confirm that this was Long Gunhe, only someone like Long Gunhe could have such strength.

"so you are Long Gunhe" Ye Chen said to Long Gunhe.

"Of course, I am Long Gunhe, I heard you challenged me" Long Gunhe said to Ye Chen.

"That's very true, I quite hate people like you" Ye Chen said that he hated Long Gunhe.

Long Gunhe raised an eyebrow when he listened to what Ye Chen said, he seemed displeased with what Ye Chen said.

"How impudent" everyone in this place shouted, they were angry with Ye Chen who had dared to insult Long Gunhe.

Everyone here was Long Gunhe's loyal dog, it wasn't strange that they would defend Long Gunhe tooth and nail.

"calm down all of you" Long Gunhe told everyone to calm down.

Everyone was silent after Long Gunhe's words fell and resounded throughout the venue.

Long Gunhe stood up, he rose from his throne.

"You don't know what you will face next, this is a place that I own, I have prepared a trap for you" Long Gunhe said to Ye Chen.

"Ye Chen, be careful, this person has prepared a trap for you, and that trap can weaken you" Long Luxie said to Ye Chen.

Long Luxie told Ye Chen that Long Gunhe had prepared a formation to kill Ye Chen.

"The formation is the 12 Dragon Prison Pillar formation" Long Luxie said to Ye Chen.

Long Luxie told Ye Chen that a formation of 12 dragon prison pillars had been prepared here.

It was one of the most dangerous formations for someone with dragon heritage, they would not be able to use their power.

"What a fool, your warning was too late, he was a rat that had walked into a trap" the fifth elder said to Long Luxie.

The warning given by Long Luxie was too late, it would no longer be of any use.

The formation was already underway, a purple light illuminated the surroundings, a large purple dome was formed with 12 black dragon pillars.

Ye Chen looked around, the formation used by Long Gunhe seemed to have a purpose.

"Master, are you okay?" Chu Yuechan wanted to know Ye Chen's condition.

"I'm fine" Ye Chen was fine, it seemed like he wasn't affected by the power of this formation.

"Thank God you are not affected by this kind of thing" Chu Yuechan was happy that Ye Chen was not affected.

"Yuechan, this formation is to weaken the power of my dragon inheritance, right?" Ye Chen asked Chu Yuechan.

"It should be like that" Chu Yuechan nodded, that was what should happen.

Because Ye Chen's Sage God inheritance was much stronger, it made Ye Chen fine even though he was inside the 12 Pillar Dragon prison formation.

"How about now?" Long Gunhe said to Ye Chen, Ye Chen must feel very uncomfortable, he will now be unable to fight back.

"Hehehehehe" Ye Chen laughed when he listened to what Long Gunhe said.

Long Gunhe saw Ye Chen, there seemed to be something wrong with Ye Chen.

"So funny, do you want to trap me with something so ridiculous like this?" Ye Chen said to Long Gunhe.

Ye Chen just laughed at what Long Gunhe did, what Long Gunhe did was very funny.

"Why, why doesn't he show any signs of weakening, ordinary people would be weak and find it difficult to breathe" Long Gunhe looked confused.

The 12 Dragon Prison Pillars Formation was quite powerful, even if it was Long Gunhe, he would have a hard time and probably pale.

Ye Chen didn't show any signs of this, Ye Chen was completely in the best condition.

"What's wrong with him?" everyone here was surprised to see Ye Chen unfazed.

"Are you guys finished?" Ye Chen asked if they were finished.

" ? ? ? "Everyone was surprised to see Ye Chen challenging everyone.

"Bastard, I will behead that person" everyone was so angry towards Ye Chen, they wanted to kill Ye Chen.

Chapter 3172 Super Meteor

There were so many people who were angry with Ye Chen, they all wanted to kill Ye Chen.

Everyone's anger could no longer be contained, they could immediately launch an attack on Ye Chen.

"Sir, give us orders" they asked Long Gunhe.

"do it, kill him, do it slowly, show me an interesting show" Long Gunhe said to everyone.

Long Gunhe told them all to put on the most exciting show.

"Gladly" they were all excited, they couldn't wait to finish off Ye Chen slowly.

There are so many people targeting Ye Chen, the situation now is very dangerous for Ye Chen.

"master, is it necessary to call for help?" Chu Yuechan asked Ye Chen.

Chu Yuechan will give a signal if Ye Chen wishes.

"hold on for a moment" Ye Chen said to Chu Yuechan, he told Chu Yuechan to wait a moment.

"What are you planning to do?" Chu Yuechan asked Ye Chen, Ye Chen's situation was bad, millions of people were chasing him.

"First I will try to save Long Luxie first" Ye Chen said to Chu Yuechan.

Ye Chen said that he would help Long Luxie first, that way they wouldn't have any burdens.

"I will use Clone to trick them all" Ye Chen said to Chu Yuechan.

Ye Chen used Clone, he deceived everyone around him.

Everyone was aiming for the Clone that Ye Chen had.

Ye Chen just went straight to Long Luxie's side, and no one noticed.

"hahahaha, look, how will he survive, from that many enemies" the fifth elder said to Long Luxie, he told Long Luxie to see what would happen next.

Long Luxie saw this, she saw what happened to Ye Chen.

Ye Chen's situation was very bad, how could he win against so many people.

It was obvious that it was impossible to do, that was because of the large number of enemies and their great strength.

"I want his head?" everyone wanted to get Ye Chen's head, they attacked Ye Chen aggressively.

The clone created by Ye Chen used defense to distract them, it probably wouldn't last long against so many incoming attacks.

The most important thing was to be able to buy time for Ye Chen to save Long Luxie.

"Ye Chen, don't lose" Long Luxie supported Ye Chen.

"hahahaha, it's useless, no matter how strong he is, he won't be able to win, he will be killed soon" the fifth elder said to Long Luxie.

Ye Chen will not win, this is the end for Ye Chen's story, he will be buried in this place.

"I should be the one to say that to you, Jlub. . ." a sword pierced the fifth elder's heart.

"Uhhh, what happened?" The fifth elder saw that there was a sword piercing his body.

"This is me, how do you laugh at someone you think will lose?" Ye Chen asked the fifth elder.

"You . . ." The fifth elder finally saw Ye Chen, how could Ye Chen be behind him, the fifth elder didn't even notice Ye Chen's existence.

After Ye Chen finished, he immediately kicked the fifth elder's body until he fell.

Ye Chen rescued Long Luxie and took him away.

"Ugh. . ." the people behind saw the fifth elder being killed, it made them all shocked.

"The fifth elder was killed," A scream made everyone aware, and they all immediately looked toward the fifth elder, who was lying on the ground.

"what happened?" everyone looked confused about what happened and why the fifth elder could be killed just like that.lightsnovel

They saw that there were two Ye Chens, one Ye Chen in front of them, and another Ye Chen carrying Long Luxie.

"You guys are really easy to trick," Ye Chen said to everyone in this place.

Everyone looked towards Ye Chen, who was now carrying Long Luxie.

They could tell that it was probably the real Ye Chen.

Ye Chen's clone disappeared, it seemed like it had been destroyed by the attacks of so many people at once.

Long Gunhe saw Ye Chen, Long Gunhe was surprised when he saw Ye Chen somewhere else.

"So that's how it is, just now, you used a substitute body to deceive us all" Long Gunhe said to Ye Chen.

Who would have imagined that Ye Chen would use a substitute body to trick them all.

"Damn it, how dare he trick us" Ye Chen made everyone even more angry, what Ye Chen had done made everyone there so angry.

"That is the stupidity that you have, don't blame people for the stupidity that you have" Ye Chen said to those who insulted him.

They didn't realize they were stupid people, they were too easy to be tricked by Ye Chen.

Everyone of course felt angry with Ye Chen, they didn't accept Ye Chen's words, it was an insult to all of them.

"Ye Chen you helped me" Long Luxie said to Ye Chen, she was happy because Ye Chen helped her.

"Are you okay? They didn't do anything to you, right?" Ye Chen asked Long Luxie.

Ye Chen wanted to know what they had done to Long Luxie, if they dared to do bad things to Long Luxie, Ye Chen would not let them go.

"I'm fine, just a little scared," Long Luxie said to Ye Chen.

Long Luxie was just a little scared, she was fine and in good condition.

"I understand" Ye Chen understood, it seemed like they had scared Long Luxie.

"Then I won't let them go" Ye Chen wouldn't let them go, they had to pay for what they had done to Long Luxie.

"damn, it disgusts me," they all said to Ye Chen and Long Luxie.

What Ye Chen and Long Luxie did was disgusting, they didn't like romance scenes like that.

"You will pay" Ye Chen said to everyone, Ye Chen would make them all pay for what happened.

"You are alone, what can you do" They said to Ye Chen, Ye Chen was alone, what could Ye Chen do.

"I'm not alone," Ye Chen said that he was not alone.

"Then let's destroy this annoying formation."

"Super Meteor" Ye Chen used such a large amount of profound energy that he pulled a huge meteor from outer space and strengthened it using his technique.

This is a combination of earth and fire element techniques, Ye Chen combines both

"Using the technique you just learned, huh? Will that be enough?" Chu Yuechan said to Ye Chen.

"I think it's enough to destroy the barrier and wipe out some of these people" Ye Chen said to Chu Yuechan.

"But this technique will also have an impact on you" Chu Yuechan said to Ye Chen.

"That won't happen because I will be leaving for a moment." Ye Chen used the teleportation ability and left for a moment.

He took Long Luxie to a safe place.

"Damn, where did that guy go?" They were all looking for Ye Chen's whereabouts, they didn't just let Ye Chen go.

They were very serious about looking for Ye Chen, they didn't want just to let Ye Chen go.

"oi, look up." Everyone looked up, and they saw a large rock coming down towards them.

The stone is very large, the stone is 100x the size of planet Earth.

Chapter 3173 1/3 Of Long Gunhee's Troops Were Destroyed

"Damn it, he wants to kill us" the troops from Long Gunhe were so angry, they had to find Ye Chen's whereabouts right now.

They had to find Ye Chen's whereabouts quickly if they wanted to stop this thing.

"You all stop that, all the elders work together to stop that" Long Gunhe gave the order.

"Understood." All the elders and all the forces worked together to stop the meteor from falling; they used all the power they had to stop it from hurtling here.

"Boom. . ." So many attacks were launched to block the meteor, and with everyone's combined strength, the meteor started to disintegrate.

From a distance Ye Chen saw what was happening, it seemed like the technique was lacking to defeat so many people at once.

"it looks like it was destroyed" Long Luxie said to Ye Chen.

"no problem" Ye Chen said to Long Luxie.

Ye Chen wouldn't mind this, even if part of it were destroyed, the impact would still be very strong to destroy the surroundings.

½ part of the meteor remains, its destructive power will also decrease.

"So loud" they all shouted, the meteor was loud and not slowing down.

"A collision cannot be avoided, everyone quickly make protection" the elder told everyone to make protection, that was because the collision would be unavoidable.

Everyone united their strengths, they created a defense that was so strong and sturdy.

Their defense would not be broken easily, a meteor would not be able to destroy a defense made by 10 million people.

"Such a huge barrier is insane, it's crazy" Long Luxie couldn't imagine seeing such a huge and powerful barrier.

Such a barrier was enough to withstand any attack at hand.

"Master, what are you going to do?" Chu Yuechan asked Ye Chen.

lightsNovel

Ye Chen just smiled when he saw what happened.

"very good question, I will destroy that barrier" Ye Chen said to Chu Yuechan.

"Yuechan, please look after her for me" Ye Chen said to Chu Yuechan.

Ye Chen told Chu Yuechan to look after Long Luxie.

"I understand" Chu Yuechan came out, she immediately looked after Long Luxie according to the directions given by Ye Chen.

Ye Chen headed back towards Long Gunhe's place, he appeared above everyone.

"See, that person is back." Everyone looked toward Ye Chen, and they could see that Ye Chen was back.

"I will give gifts to you" Ye Chen said to everyone.

"Bastard, we will kill you !!!" everyone shouted, they wanted to kill Ye Chen.

"Dream about doing this, you should think about holding this back" Ye Chen used Dimension Breaker.

He destroyed the barriers created by everyone.

"Gah. . ." with the destructive power of the Dimension Breaker that could destroy all kinds of things, the super strong barriers created by everyone were destroyed.

"damn . ." everyone cursed loudly, Ye Chen destroyed the barrier they had created, and they had all run out of time to recreate it.

"Everyone quickly takes cover." 5 seconds left of impact, they all scattered and tried to escape.

Too bad they didn't have time to leave this place.

"Boom. . ." A huge explosion occurred, the explosion swept everyone away, they were unable to save themselves and were swept away.

Long Gunhe protected himself, his safety came first.

The destructive power was very large, the surrounding area was destroyed and razed.

Hot and dense mist enveloped the surroundings, the area of Long Gunhe was pitch black and destroyed.

It was razed to the ground due to the impact of a meteor that was so big and so strong.lightsnovel

The heat traces from the explosion could be seen clearly on the ground, there were so many people lying on the ground covered in injuries.

They are all covered in wounds and are very difficult to heal.

It is estimated that 1/3 of the Long Luxie troops were destroyed, and another 1/3 were injured.

Only 1/3 fully survived and only suffered minor injuries.

"Very great" Long Luxie saw the destructive power of Ye Chen's attack, the power was only ½, if it was full, it would be even more terrifying.

"It seems like that power was too excessive, those of us here were also affected" Chu Yuechan said to Long Luxie.

Ye Chen's attack was so strong that Chu Yuechan had to use such a strong defense to survive the explosion.¹

"shall we join the battle?" Long Luxie asked Chu Yuechan.

Long Luxie wanted to help Ye Chen fight against Long Gunhe.

"of course, we will help him, more like all of us" Chu Yuechan said to Long Luxie.

"Have you come?" Chu Yuechan told Nangong Xiang, Cheng Mengyan, Fu Lanling and several others who came to assist.

"Of course, we have been waiting for the signal from earlier" Nangong Xiang appeared, she had been waiting for the signal from Ye Chen.

"Eh, who are they, they are all so beautiful" Nangong Xiang was surprised when she saw everyone, they were all really very beautiful.

Their beauty was so pretty, like a group of goddesses descending from the sky.

" ? ? ?" Long Luxie seemed confused by this, her head was dizzy when she saw so many beautiful women.,

Of all the people, Long Luxie had only ever seen Nangong Xiang, if I'm not mistaken, at that time she met Nangong Xiang as Empress Sun who was a beauty in the God Realm, now they met again after a long time.

"You must have so many questions right?" Chu Yuechan said to Long Luxie.

"Um, that's very true" Long Luxie indeed had so many questions, she wanted to know more about Ye Chen.

And who they are, they look charming and beautiful, it's hard to compete with everyone.

"I will explain everything when all the matters are resolved" Chu Yuechan told Long Luxie.

"First of all, let's solve this problem first" Nangong Xiang said to Chu Yuechan and Long Luxie.

"I agree, solving this problem is much more important" Chu Yuechan seemed to agree with what Nangong Xiang said.

"let us depart" Nangong Xiang and everyone decided to depart, they showed the enemy their strength.

Nangong Xiang together with everyone used their strength, they released their full aura.

The lowest was at the eighth level of the Immortal True God Realm, Nangong Xiang brought the best woman that Ye Chen had, the strength of this group would definitely cause Long Gunhe serious trouble.

"How about it, do you like the gift I gave you?" Ye Chen asked everyone whether they liked the gifts that Ye Chen had given them.

People looked at Ye Chen, they all looked at Ye Chen with such a strong killing gaze, they were obviously angry with what Ye Chen had done.

"It looks like you are completely angry with me," Ye Chen told Long Gunhe's troops.

"Come on, kill him, kill him" there were so many people shouting, they wanted to kill Ye Chen.

The fire of their passion burned very fiercely.

On the one hand Long Gunhe and all the elders were safe, they had no injuries, only a slight shock.

"1/3 of our troops have been wiped out, this is a huge loss" several elders said to Long Gunhe.

These were the losses they had, 1/3 of their troops destroyed, that was a very high price.

"Bastard" Long Gunhe released a lightning aura that was so terrifying, the lightning aura made everyone feel goosebumps.

"Rumble, rumble . . ." A very strong roar hit the surroundings, and millions of lightning struck the surroundings, creating a tense situation.

Chapter 3174 Nangong Xiang And The Others Joined The War

"Look, the boss is already very angry, that guy will be finished soon" everyone looked towards Long Gunhe.

Long Gunhe's power was the greatest in this place, he was able to shake the entire Dragon God Realm and cover it in lightning.

People probably knew what was going on, even though they knew what was happening right now, they all chose to retreat and not interfere.

Let them finish the battle, who will win, whether Ye Chen or Long Gunhe ?.

"Finally you decided to fight me, that's great, I've been waiting for it" Ye Chen said to Long Gunhe.

Ye Chen had been waiting for this, he wanted to fight against Long Gunhe.

Long Gunhe moved because he used the lightning in his body, and his speed became much faster.

Ye Chen fought back, he attacked Long Gunhe using a speed that was equal to Long Gunhe.

"Blam . . ." the two of them started hitting each other, Long Gunhe was quite great, he calculated every move that Ye Chen had.

That makes him hard to hit.

Ye Chen was the same, he avoided well, he had Time Vision, so it was difficult to hit Ye Chen when fighting like this.

Everyone was focused on Ye Chen and Long Gunhe's battle, they were all shocked to see Ye Chen and Long Gunhe's speed.

Only a few people could see Ye Chen and Long Gunhe's battle, while the rest could only see the sparks and explosions that resulted from the two of them fighting.

"It seems like Master Long won't be able to win easily, everyone come help with your strength" the first elder said to everyone.

A very stern old man with a burly body appeared, and he told everyone to help Long Gunhe.

The first elder was aware that Long Gunhe would not be able to win alone, they were in the same league, it would take a long time for both of them to lose.

Maybe this battle could last for days.

To speed things up, the first elder decided to help Long Gunhe.

"Understand" everyone understood, they knew that Ye Chen was a dangerous person, even though he was alone, he was able to put up such a strong resistance, that it made them lose 1/3 of their combat power.

"Use the great lightning punishment wheel formation." The first elder ordered everyone to prepare to make the most powerful attack.

This was an attacking formation, a lightning attack that could easily wipe out someone at the ninth level of the Immortal True God Realm.

They prepared and started to gather strength, they formed a spinning wheel of lightning.

The "roaring" power of the lightning wheel was extremely powerful, the combined strength of all the troops and elders was used, it was not strange that this could become such a powerful and terrifying attack.

"Everyone, ready?" The first elder asked everyone present whether they were ready or not.

"we are all ready" they are ready, they have prepared themselves so well, they won't lose to Ye Chen.

"In that case . . ." They were all prepared, they would start to shoot Ye Chen.

"Golden Flame Supernova" Nangong Xiang released Heavenly Gold Flame, she blasted everyone who wanted to harm Ye Chen.

"Boom!" A huge explosion occurred again, and the people in the formation experienced the terrifying impact of the Golden Flame Supernova explosion.

"The explosion from the Golden Flame Supernova was extremely terrifying, it was able to incinerate quite a lot of people and destroy the formation in the center.

Their attacking formation was immediately destroyed, and the huge lightning punishment wheel was launched towards Ye Chen.

"Damn it, who dares to disturb" the first elder was angry, he received quite a wound because of the reversal that occurred.

Nangong Xiang and several of Ye Chen's women appeared, they all appeared in front of everyone.

"Eh . . ." Many men were surprised when they saw the figure that appeared.lightsnovel

There were Nangong Xiang, Fu Lanling, Cheng Mengyan, Mu Xueying, Chi Shui, Xia Qingyu, Ning Xia, Mu Nianci and Mei Yueli, meanwhile there were three members of the Seven Fairy Succubus and also several beautiful and seductive former disciples of the Heaven Dream Sect who decided to follow Ye Chen.

They were all at early eight stage, they had fought quite hard until today.

They came to help Ye Chen and wanted to be useful to Ye Chen's Harem.

There were also Long Luxie, Su Feixu, and Chu Yuechan, who were behind.

They will help from the back, their position will allow them to help everyone from the back, whether it's helping or helping in the fight.

"Damn, how can there be so many beautiful women in one place?" They all couldn't believe that there were so many beautiful women in one place, the sight was incredible and hard to believe.

"Who are you ?" the first elder asked Nangong Xiang.

"We have come to fight you" Nangong Xiang gave a direct and firm answer.

After hearing this, the first elder realized this was Ye Chen's favor.

"So that's how it is, so you are in the same camp" The first elder already understood the situation, if it was like that, Nangong Xiang and everyone else were enemies.

"all of you, these people are enemies, capture them all, you can do whatever you like" the first elder gave the order, he told them to capture Nangong Xiang.

"Yes! ! !" they all looked very excited, they were going to try to catch Nangong Xiang and the others.

As the first elder said, they could do all kinds of things they wanted, they could play with the bodies of the beautiful women in front of them as they pleased.

This obviously made everyone very excited, they were all very excited and wanted to catch Nangong Xiang and the others.

"So disgusting" Mu Nianci insulted, Long Gunhe's troops were quite disgusting.

"They are so cute, let's play together with them" Chi Shui couldn't wait to play with them, she would use lightning to make them feel pain.

"You seem to be in great spirits" Ning Xia said to Chu Shui.

"Of course, I can't wait to see the desperate faces they will show us." Ning Xia said she couldn't wait to see how desperate their faces would be.

Ning Xia looked at Chu Shui, Chu Shui was serious, it seemed like she would make them all experience the worst thing in their lives.

"All of you, there is no need to hold back" Nangong Xiang said to everyone, they did not need to hold back.

"There are only 20 of us, if we hold back, there will be no chance of surviving," said Mu Xueying.

Their numbers were limited, while the enemy still had more than 5 million troops who could still fight against them.

"We really don't need to hold back, just use all your abilities," Nangong Xiang said to everyone.

Nangong Xiang didn't want to endanger all the women around her.

she told them all to use everything they had.

"Um. . ." Everyone understands it's time for them to fight and fight the enemy.

"she is mine, all of you move aside" many people jostled to try to catch Nangong Xiang.

Nangong Xiang used Heavenly Gold Flame, she attacked people who tried to approach her.

The power of the Heavenly Gold Flame burned everyone so easily.

"Ahhh. . ." sharp shouts resounded all around, everyone retreated, they no longer dared to fight Nangong Xiang recklessly.

"Come forward all of you, don't you want to do what you want?" Nangong Xiang said she told them all to come forward.

How could they possibly advance, they were wary after seeing Nangong Xiang's strength.

Chapter 3175 Nangong Xiang Vs Long Kehin (1)

Since they refused to go forward, Nangong Xiang decided to go forward.

"Retreat, don't touch the flames" they all started to panic and formed a formation, they fought Nangong Xiang with full strength.

"Boom" Nangong Xiang tried to destroy the formation they had created.

Their defensive formation was not bad either, it caused Nangong Xiang quite a bit of trouble.

she had to erode their defense little by little.

They all kept retreating backward; they didn't want to get burned.

"use ice and water to resist her attacks." People with ice powers came forward and tried to resist Nangong Xiang's power.

Everyone worked hard, they did their best to resist the power of Nangong Xiang.

How could the heavenly fire be restrained so easily, the ice melted quickly and was knocked back by Nangong Xiang.

"Very bad, no use, the firepower is very strong." They all decided to retreat even further.

"You are all useless" The first elder was so angry, how could he raise such a useless army, he couldn't even fight one woman.

Since no one could stop Nangong Xiang, the First Elder decided to step in and fight Nangong Xiang.

"It seems that's enough for now, I will defeat you" The first elder said to Nangong Xiang.

The first elder was the one who could stop Nangong Xiang.

"so you are the most powerful person here, then I will fight you." Nangong Xiang had already decided she would fight the first Elder.

The first elder's name was Long Kehin, the master of lightning, just like the other elders.

"My opponent is a lightning user, which means neither he nor I will benefit." Because both of them have opposite elements, certainly, Nangong Xiang will not gain much of an advantage.

"I start first, lightning dragon horn" fifth elder started, he used his power.

Above his head, lightning began to appear which formed a horn, after the horn was formed the fifth elder attacked Nangong Xiang.

"The attack is so strange." The fifth elder's attack was so strange.

"Most likely, he is trying to trick me." Nangong Xiang thought the enemy was trying to trick her, this was one way to trick Nangong Xiang.

"I won't get caught up in something like that" Nangong Xiang won't get caught up,

"Golden Jade Spiral Flame" Nangong Xiang began to display defense against attacks from Long Kehin,

Flames started to swirl around Nangong Xiang, it was like a Jade wall protecting Nangong Xiang.

"Boom" the lightning dragon horn hit Nangong Xiang's defense.

A huge explosion followed when this happened, causing Nangong Xiang and Long Kehin to retreat.

"damn, she is so alert" Long Kehin cursed, Nangong Xiang was so alert.

Its defense was strong and could not be easily penetrated by such a powerful attack.

"I thought so" Nangong Xiang had expected this, she had guessed that this would definitely happen.

If Nangong Xiang had not used a defensive technique earlier, she would definitely have been injured.

"All of you, this woman is smart, so be careful" Long Kehin said to all the troops around, he told them to be careful, that was because Nangong Xiang was a smart person.

"Thank you for the compliment." Nangong Xiang was grateful for the praise and smiled at the praise Long Kehin gave.

lightsNovel "-_- " Long Kehin's face darkened when he listened to Nangong Xiang's words.

"This bitch, she did it on purpose, she was trying to lose the focus I had" Long Kehin gritted his teeth, and he tried to restrain himself from making a mistake.

Even a small mistake can land him in trouble that is very difficult to get out of.lightsnovel

"I won't fall for cheap tricks, I have to defeat her in my way" Long Kehin wanted to defeat Nangong Xiang using his method.

"All of you, obey the orders I have, we will fight this woman and obtain victory" Long Kehin said to everyone.

He was going to defeat Nangong Xiang, so he needed everyone's help to face Nangong Xiang.

Long Kehin didn't want to fight Nangong Xiang alone, he fought with his troops.

This may seem unfair to Nangong Xiang, but Long Kehin's decision was correct in a war.

Nangong Xiang stood where she was, still so calm in the face of the enemy led directly by Long Kehin.

Nangong Xiang would not underestimate the strength that Long Kehin possessed, this person had such good leadership, he was able to coordinate everyone so well.

"Let's start the plan we have. First, we will surround her, use freezing to resist her firepower and after that, use defense and attack in a few moments," Long Kehin gave directions.

After they got directions from Long Kehin, they knew what to do.

They began to surround Nangong Xiang very neatly, creating an ice prison for Nangong Xiang.

Nangong Xiang was locked up in the middle of an extremely cold, ice prison.

The temperature dropped very quickly, and in just a few moments, it dropped to minus hundreds of thousands of degrees.

And it is continuing to fall, as people are starting to focus on giving their powers to those with ice powers.

They focused on extinguishing Long Luxie's fire, as long as they could do that, then Nangong Xiang was not a threat to them.

They didn't know yet that Nangong Xiang had the Eternity Flame Art cultivation technique, so extinguishing Nangong Xiang's flames was impossible, only a fool would try to do it.

The temperature might drop rapidly, the fire around Nangong Xiang kept her warm, in fact the fire did not decrease even though it was in such a low temperature.

"Attack. ." They started attacking Nangong Xiang, they used a push-pull technique, where some people would attack once and then retreat, then be replaced by others.

They all attacked Nangong Xiang, they did not hold back in attacking Nangong Xiang.

"feel this" they slashed and speared Nangong Xiang.

Nangong Xiang waved her arm, and golden flames shot out and spread rapidly.

The fire immediately struck people who approached, they were burned and could not extinguish the fire on their bodies.

"argh. . ." even the people at the front had to retreat because Nangong Xiang's flames burned through their shields.

"Our attack didn't work, this woman's fire is still as strong as before" they started to despair, Nangong Xiang's fire was really unreasonable, they couldn't even put out the fire.

As long as they were exposed to the fire, they could not survive.

All the troops from Long Kehin withdrew, they seemed to have started to lose their enthusiasm to fight Nangong Xiang.

"Damn it, what are you guys doing, don't retreat and stay in formation" Long Kehin scolded the retreating troops.

"We won't win, we are not her opponent" they realized that they were not Nangong Xiang's opponent.

It could be said that they were not suitable to fight Nangong Xiang.

"Surrender is better" Nangong Xiang said to the people in front of her, surrender was much better for them.

Nangong Xiang's words made everyone think, it was true that surrendering was much better for them.

"Are you willing to betray your master, all of you ignorant dogs?" The first elder was angry when he saw the hesitation in the troops.

Long Kehin could see that they were hesitating, which meant they wanted to defect to their master.

"why not elder come forward himself, he is not an opponent in the same realm as us" they said to Long Kehin.

The one who could fight evenly against Nangong Xiang was Long Kehin himself.

Chapter 3176 Nangong Xiang Vs Long Kehin (2)

Long Kehin had to step in, public trust in him continued to decline, this was not good for Long Kehin at all, he could lose the position he had now.

"There is no choice left, I have to face this person" Long Kehin had no choice but to face Nangong Xiang.

"Then I will use the power of all of you" Long Kehin absorbed the entire force of the army, he used an evil technique to do it.

Their energy was all absorbed by Long Kehin, it made them all powerless.

Long Kehin's strength was so great that he could defeat Nangong Xiang.

"Evolution" Long Kehin changed, he became much bigger than before.

His body was covered in dragon scales with a horn above his forehead.

A wing came from Long Kehin's back, and four wings came out from Long Kehin's back and were very long.

"Hahahaha, this is it, I will win" Long Kehin said to Nangong Xiang, he wanted to tell Nangong Xiang that victory was him.

lightsnovel Nangong Xiang was alert when Long Kehin showed changes, and her strength increased rapidly.

"So this is the change in the dragon race, their strength has increased quite a lot" Nangong Xiang could see the increase in Long Kehin's strength.

The increase in strength was so pronounced that the difference was perhaps between heaven and earth.

"hahahahahaha" Long Kehin immediately attacked Nangong Xiang.

He used his horn and started shooting powerful lightning towards Nangong Xiang.

Lightning emerged from the horn and struck Nangong Xiang, it was very fast, in just a short time hundreds of lightning bolts shot towards Nangong Xiang.

"Boom. . ." Nangong Xiang defended against the lightning attack, she blocked Long Kehin's attack with the Golden Jade Spiral Flame.

The Golden Jade Spiral Flame can still withstand Long Kehin's attacks, but that is a temporary solution.

The Golden Jade Spiral Flame's defense would struggle if Long Kehin used a stronger and more destructive attack.

"Let's see how long your defense can withstand my attacks" Long Kehin told Nangong Xiang, how long Nangong Xiang's defense can withstand Long Kehin's consecutive attacks.

"Bzzz . ." Some lightning began to penetrate the flames from Nangong Xiang, and sparks of explosion occurred when the lightning met the flames around Nangong Xiang.

"bad, I can't continue defending" If Nangong Xiang continued to defend against Long Kehin's rain of attacks for a long time, then Nangong Xiang would lose.

"Eternity Flame Seal" Nangong Xiang decided to attack Long Kehin using the Eternity Flame Seal.

Flames appeared on Long Kehin's body, and he began to burn.

"Argh. . ., damn, damn" Long Kehin tried to extinguish the fire on his body, even though his body was covered with lightning protection, he could still be burned by Nangong Xiang.

Long Kehin used his strength to suppress the flames from Nangong Xiang.

"There's something wrong" Long Kehin saw that the fire couldn't be extinguished.

"The fire really can't be extinguished" Long Kehin finally understood, the fire couldn't be understood.

Such a terrifying technique, he was tricked by Nangong Xiang.

Because he couldn't put out the fire, Long Kehin used another method, he took off his skin.

He decided to use this method to escape from the Eternity Flame Seal.

"Huh, Can they do something like that?" Nangong Xiang first saw such a thing in the dragon race.

"He seems a little special" Nangong Xiang saw that this person was a little special.

"That was a little troublesome, it's a shame that I got away" Long Kehin said to Nangong Xiang.

Long Kehin let himself go, which was a loss for Nangong Xiang.

"So what if you can break free?".

"I can continue to attack you," Nangong Xiang said to Long Kehin, she could still attack the enemy again.

"Next time, I won't be hit by your attack." Long Kehin said that he would avoid Nangong Xiang's attack.
lightsnovel

"Boom," Nangong Xiang attacked, and their battle became even more intense.

Long Kehin avoided every attack from Nangong Xiang, he didn't let Nangong Xiang hit him.

"He just keeps dodging" Nangong Xiang was starting to get annoyed, the enemy kept trying to dodge.

"hahahaha, how about it, you can't hit me can you" Long Kehin laughed, he was laughing at Nangong Xiang.

Nangong Xiang looked at Long Kehin, she watched and memorized every move that Long Kehin had.

"it seems like he's not that strong, then it's time to end the battle Long Kehin decided to end it.

"lightning horn ball," he immediately used a large-scale attack.

A ball of lightning the size of 1000 miles was formed.

"that is one of the strongest techniques of the first elder, let's quickly get out of the way" they decided to leave, they didn't want to die.

This technique was one of the strongest techniques that the first elder possessed.

Once this technique was used, Nangong Xiang could not live.

The first elder intended to kill Nangong Xiang, he couldn't hold back too much anymore.

"Die" Long Kehin immediately shot a lightning horn ball at Nangong Xiang.

"Eternity Flame Domain" Nangong Xiang finally cast a domain.

It could be said that Nangong Xiang was forced to use her Domain.

"burning" the lightning horn ball burns until nothing remains.

"What ?" Long Kehin was shocked when he saw this, an attack as strong as a lightning horn ball could be burned until Nangong Xiang left nothing.

"You are too dangerous, I will finish you off first" Nangong Xiang said to Long Kehin.

Long Kehin was too dangerous, the attack just now was enough to endanger everyone there.

Because of this, Nangong Xiang had to defeat this person first.

Using the Eternity Flame Domain, Nangong Xiang's flames became stronger and burned things much faster.

"Bad, I have to leave this domain immediately." The first elder knew he was in danger and had to leave this place quickly.

Long Kehin ran away, he just ran away and left the Eternity Flame Domain, he didn't care about other people, his safety was currently the main priority.

"You are trying to escape ?" Nangong Xiang would not let this person escape.

Nangong Xiang closed all the roads used by Long Kehin, Long Kehin would no longer be able to escape.

"damn . ." Long Kehin was so angry, all his roads were closed, how could he escape.

"It's over" Nangong Xiang trapped Long Kehin in a fire, she was being burned using the Heavenly Golden Flame.

"Arghhhh, it hurts so much, damn it" Long Kehin screamed, it really hurt.

His body began to burn within 30 breaths, Long Kehin's body was completely reduced to ashes.

After Long Kehin was defeated, the Eternity Flame Domain ended.

"Do you guys still want to fight?" Nangong Xiang asked the enemy.

"let's run away." After the first elder lost, they all decided to run away.

After the death of the first elder, people left, and they all left and ran away.

Nangong Xiang did not chase them, she let them run away.

After finishing there, Nangong Xiang immediately went to the other side to help the others.

There were still some elders and strong men who were unwilling to give up, it seemed like they would not be willing to give up before Long Gunhe died

Chapter 3177 The Emergence Of Monsters And Experimental Humans

lightsnovel Meanwhile, Ning Xia, Mu Xueying, Fu Lanling, Cheng Mengyan, Mu Xueying, Chi Shui, Xia Qingyu, Ning Xia, Mu Nianci, and Mei Yueli fought the elders and the troops around them, their battle was faster, it was because the opponent they were not as strong as the first elder.

The second elder was not here, so apart from the first elder, there was no significant threat to Fu Lanling, Cheng Mengyan, Mu Xueying, Chi Shui, Xia Qingyu, Ning Xia, Mu Nianci and Mei Yueli.

"rumbling . . ." thunder rumbled.

Chi Shui was currently having fun, she was using the power of lightning to rain down on the enemy.

Chi Shui's strength was area, of course, she could reach many people at once.

"Ahhhh . . ." People began to despair, Chi Shui's attacks were terrible and left them all injured.

"Come on, didn't you guys want to catch us?" Chi Shui told them to come closer.

It's a pity they don't want to come closer, approaching Chi Shui is the same as death.

"sister is really having fun." The three members of the Seven Fairy Succubus smiled when they saw Chi Shui having fun alone.

"The number of enemies is so large, it is endless" Mu Xueying saw that there were so many people.

Even though they defeated many people, the number of opposing troops still did not decrease.

"Looks like we've only defeated the weakest, I can detect that there are quite a lot of people in realms seven and eight who haven't taken action yet," Ning Xia said to Mu Xueying and Mei Yueli.

she said that the enemy still had not brought out the full strength they had, they were still using weak troops to weaken Fu Lanling, Cheng Mengyan, Mu Xueying, Chi Shui, Xia Qingyu, Ning Xia, Mu Nianci and Mei Yueli.

"What's the situation here?" Nangong Xiang asked Fu Lanling.

she wanted a report on this place, whether they had succeeded.

"Seems like there are still quite a lot of enemies," Fu Lanling said, stating that so many enemies were left.

"Aren't they willing to surrender?" Fu Lanling asked if they did not want to give up.

"I think it's very unlikely to happen, they refuse to give up" Fu Lanling said to Nangong Xiang.

"Their numbers are not decreasing, or perhaps more and more are coming to help," Nangong Xiang said to everyone.

It seemed like Long Gunhe's troops were still growing, there were so many coming here.

"It seems there is only one way, to kill Long Gunhe directly" Ning Xia said to everyone.

The way to end the battle was to kill Long Gunhe directly, the only way to make someone retreat.

"But he's quite strong, it's not easy to kill him." Mei Yueli saw the battle Ye Chen was fighting, it seemed like the battle between Mei Yueli and Long Gunhe was quite fierce.

"You are absolutely right" Nangong Xiang also saw their battle, their battle was indeed very fierce and very strong, it seemed like it would not be easy to end.

"We just need to postpone it." Mu Xueying said that they just needed to postpone it.

Mu Xueying used the power of ice to freeze the surroundings, she wanted to tell everyone how to solve the problem.

"It seems like we have to do it, we will hold them off" Nangong Xiang agreed.

They had to hold back all the enemies who wanted to attack Ye Chen.

They worked so well together and held so many enemies in one place.

"You are quite strong, you can last that long" Ye Chen told Long Gunhe.

Long Gunhe was quite strong, he was able to last quite a long time against Ye Chen.

"Hahahaha, I am indeed strong, do you think I will lose with just 1 attack, that is impossible to happen" Long Gunhe said to Ye Chen.

Ye Chen could only cause a little damage to Long Gunhe.

Long Gunhe's body was very hard to injure.

He also had many strange methods and had never been seen by Ye Chen.lightsnovel

It caused Ye Chen trouble in defeating Long Gunhe quickly.

"rumbling" as the battle progressed, Ye Chen listened to the sound of collapsing from a distance.

"What's that?" Ye Chen immediately looked for the origin of the sound, after Ye Chen looked for it, he found the origin of the sound, the sound came from a mountain.

The mountain was destroyed and many monsters and humans with strange shapes appeared.

"That?" Ye Chen saw that everything was very strange like it was man-made.

"a surprising sight isn't it" Long Gunhe said to Ye Chen.

Long Gunhe showed the view in the distance to Ye Chen.

Ye Chen saw what Long Gunhe saw, he could see what Long Gunhe had prepared.

"What kind of monster did you bring" Ye Chen said to Long Gunhe, Long Gunhe was bringing such a strong monster here.

"So you are aware, those are top-level monsters created from the results of the research I have done, although there were some who did not obey what I said, I released them to run amok," Long Gunhe said why he released such a terrible group of monsters, his purpose very easy and very clear.

Everything was done to defeat Ye Chen, Long Gunhe would use all kinds of methods at his disposal to defeat Ye Chen.

Even though Long Gunhe had to do crazy and inhuman things.

Releasing research monsters is a dangerous action, this region might suffer an impact.

"Are the women down there able to resist the monster, or will they be destroyed?" Long Gunhe asked Ye Chen.

Long Gunhe seemed to really enjoy it, he told Ye Chen that Fu Lanling, Cheng Mengyan, Mu Xueying, Chi Shui, Xia Qingyu, Ning Xia, Mu Nianci and Mei Yueli were in danger.

Ye Chen also knew that they were in danger, they could all get hurt fighting the monster created by Long Gunhe.

The monsters created by Long Gunhe had a bloodthirsty aura, and they would attack anyone they met, no matter whether they were friends or enemies.

Long Gunhe's troops were smart, they gave way to the monsters, they retreated and immediately ran away.

If they blocked the way, it was certain that they would be destroyed.

All monsters know neither foe nor friend, they will destroy everything in their path.

"What's that?" all the women looked towards the monster that appeared, and they saw it approaching them.

The monster that came was a monster with great strength, just by taking a step it could destroy many places.

"It seems like our situation will worsen," Nangong Xiang said.

"Everyone, you must prepare to fight" Nangong Xiang told to prepare to fight.

Everyone is ready, and they will bring out all their abilities.

"Slash" After a few moments, the monster's body split into two parts.

The person who did that was Su Feixu.

Su Feixu seemed like she could no longer sit back and watch, deciding to fight.

"You guys can leave this matter to me." Su Feixu told everyone to leave this matter to her.

she would defeat all the monsters Long Gunhe created, which was Su Feixu's responsibility.

"It looks like we can rely on you," Nangong Xiang told Su Feixu.

"Just leave it to me, do your job." Su Feixu told everyone to leave this matter.

"Then I will also help" Chu Yuechan decided to help, Long Luxie also didn't want to lose and helped.

"Don't let their work go to waste, we must also do our duty" Chi Shui said to everyone.

Chapter 3178 Long Gunhe's Full Form

"Su Feixu, damn it" Long Gunhe was angry when he saw what Su Feixu was doing.

This woman dared to bother him so much, it made Long Gunhe angry.

"Very good" Ye Chen gave Su Feixu a thumbs up, she did a really good job, it seemed like all the problems had been resolved and Ye Chen could focus on Long Gunhe.

"now I can focus on fighting you" Ye Chen said to Long Gunhe, he could focus on fighting Long Gunhe.

"Damn it, so this was your plan, I didn't expect it" Long Gunhe didn't expect this at all, who would have thought that Su Feixu would collaborate with Ye Chen.

How could Ye Chen convince Su Feixu, even though convincing a woman like Su Feixu was difficult.

"Every man has their way" Ye Chen said to Long Gunhe, he told him that he had his own way to make Su Feixu want to help him.

"So that's it, then you guys are my enemies" Long Gunhe said to Ye Chen, Ye Chen was his enemy.

"I will beat you and take the mirror from you" Ye Chen told Long Gunhe.

"dream kid" Long Gunhe said to Ye Chen, Long Gunhe attacked Ye Chen.

"Boom. ." Ye Chen and Long Gunhe fought again, they showed their abilities and strength.

Long Gunhe was quite strong, evident from his ability to face Ye Chen's attack head-on.

Long Gun became more aggressive than before, he became more aggressive when launching attacks.

"I won't let it happen" Ye Chen wouldn't let it go, he attacked even more forcefully.

Ye Chen used an attack with enormous intensity and strength, an attack like that was clearly capable of causing quite serious injuries to Long Gunhe.

"damn" Long Gunhe was injured by Ye Chen's punch, Ye Chen's punch made Long Gunhe's bones and organs twist.

lightsNovel

"Not yet, I'm still preparing an even stronger attack," Ye Chen told Long Gunhe.

Long Gunhe couldn't take Ye Chen's every attack, so he decided to avoid Ye Chen's attacks.

"miss" Long Gunhe dodged and backed away, keeping his distance from Ye Chen.

It seemed like Long Gunhe's way of fighting Ye Chen was wrong, he couldn't fight Ye Chen in that way.

Ye Chen's defense was much stronger compared to him, so ordinary methods would not work to defeat Ye Chen.

"What's wrong, you can't fight anymore, or are you afraid?" Ye Chen asked Long Gunhe.

"Hahahaha, I'm just giving you a breath, next time, you won't be able to rest" Long Gunhe said to Ye Chen.

Long Gunhe took out something, a potion, and started drinking it.

"? ? ?" Ye Chen saw what Long Gunhe had just used.

"What's that?" Ye Chen tried to guess what Long Gunhe had just worn.

"whatever it is, it will definitely be troublesome," Chu Yuechan said to Ye Chen.

Chu Yuechan was sure that it would be a very troublesome thing.

"Boom. ." Long Gunhe's strength rose, he displayed such great strength and was so impressive.

"Increased strength, nothing more than that, his killing aura has also increased" Ye Chen said to Chu Yuechan.

Long Gunhe's strength and killing aura suddenly became very great.

It was up about 10x from before, obviously due to the effects of his medicine.

"Very good. It's time to hunt," Long Gunhe said to Ye Chen.

This was the time for Long Gunhe to hunt Ye Chen, he would destroy Ye Chen.

"Gahhh . . ." Lightning began to envelop Long Gunhe's body.

This can increase the speed and power of Long Gunhe's attacks.

"One, two, three, you will die" Long Gunhe said to Ye Chen, Ye Chen would die.

Ye Chen prepared for the upcoming attack, the attack from Long Gunhe came towards Ye Chen quickly.lightsnovel

"Blam" Ye Chen was hit in the chest, the blow was heavy and Ye Chen couldn't block it.

"Hahahaha, take that, it sure hurts a lot" Long Gunhe didn't stop, he threw the first, second and so on blows.

Hundreds of punches had now landed on Ye Chen's body, Ye Chen could barely fight anymore and was beaten by Long Gunhe.

"hahahaha, how about it, do you like it" Long Gunhe asked Ye Chen, did Ye Chen like it.

Ye Chen didn't speak and received the attack from Long Gunhe.

"Take this, counter lightning blow." Long Gunhe attacked Ye Chen using a lightning blow, the lightning blow hit Ye Chen's body and made Ye Chen hit the ground very painfully.

"It seems I think too much that you are great; it's just a waste of my time." Long Gunhe was bored, and Ye Chen didn't even use his strength to fight.

Or maybe Long Gunhe's strength was too strong, it made Ye Chen unable to fight Long Gunhe.

Ye Chen got up from the ground, he cleaned his body which Long Gunhe had hit.

"Not bad, it hurt a little" Ye Chen said to Long Gunhe, he told him that it was quite painful just now.

"eh?" Long Gunhe couldn't believe what was happening, this didn't make sense, how come Ye Chen wasn't injured, after receiving such an attack.

"Why, such a strong attack, why can't it hurt you?" Long Gunhe asked Ye Chen, why couldn't such a strong attack kill Ye Chen.

"Strong? you said that kind of attack is strong?" Ye Chen said to Long Gunhe.

"Of course," Long Gunhe replied, saying that the attack just now was strong.

Strong enough to make Ye Chen seriously injured.

"Um, I think it's still weak," Ye Chen said Long Gunhe's attack was still weak.

"Don't joke with me, that's an attack I have, it can't be weak" Long Gunhe immediately denied what happened.

"I have also used a potion to increase strength and focus." Long Gunhe didn't believe it, he had already used a potion to increase strength and focus.

"You are not self-aware" Ye Chen said to Long Gunhe, he told him that Long Gunhe was not aware of his strength and abilities.

Long Gunhe was silent for a while, and he couldn't accept the reality of what had happened.

"I am one of the dragon gods, my strength is the strongest" Long Gunhe said to Ye Chen.

Long Gunhe finally gave off a greater aura compared to before.

He still kept his true strength.

"Master, it's coming," Chu Yuechan informed Ye Chen from afar.

it seemed like he would show his true form to Ye Chen.

Lightning aura began to gather and create a very large dragon.

"Boom. . ." The falling lightning struck with such terrifying power.

The people below were affected by the attack.

"Damn. . ." So many people were struck by lightning and started scattering to save themselves.

"make a defense" Nangong Xiang said to everyone, they had to make a defense.

Nangong Xiang together with all the women created a barrier, they tried to save themselves from the lightning falling to the ground.

"come here," Chu Yuechan said to Long Luxie.

"um" Long Luxie immediately went to Chu Yuechan's side, she took cover behind Chu Yuechan's body.

Everyone tried their best to defend themselves, they were all forced to defend against the anger of Long Gunhe.

Ye Chen was in front of a huge lightning dragon figure, this was the dragon figure who was Long Gunhe.

"The anger I have has reached the highest level," Long Gunhe said to Ye Chen.

Chapter 3179 Healing Using Cells In The Body

"I will destroy everything you have" Long Gunhe said that he would destroy everything Ye Chen had.

"Then I will also destroy everything you have." Ye Chen will destroy everything Long Gunhe has.

"Boom. . ." Ye Chen brought out all his strength.

This battle had reached its peak, Ye Chen used True God power, meanwhile Long Gunhe immediately transformed and showed a high level of transformation that could only be achieved by those with the title of dragon god.

Long Gunhe looked at Ye Chen, Ye Chen could still exert that much power.

"This can't be happening, he can still exert that much power" Long Gunhe looked at Ye Chen, how could he have that kind of power.

This strength was the same as Ling Gunhe, with that kind of strength, Ye Chen could be part of them.

"Very interesting, after killing you, I will dissect the contents of your brain" Long Gunhe said to Ye Chen.

Long Gunghe wanted to find out everything, he wanted to know all the secrets of Ye Chen.

Long Gunhe was indeed crazy, like all the enemies Ye Chen had ever fought.

He was the leader of the crazy people, so it wasn't strange that he was much crazier than everyone Ye Chen had ever fought against.

Among all the troops from Long Gunhe that Ye Chen had fought against, Long Gunhe was probably the most crazy and unreasonable.

Ye Chen and Long Gunhe started fighting, and finally, a battle with full strength began.

"Flame Star Sea" Ye Chen used Flame Star Sea, and a sea of fire appeared. A silver sea of fire appeared and enveloped the surroundings.

Heavenly Silver Flame spread out and started to burn Long Gunhe's body.

Long Gunhe's body was covered in lightning, so it wasn't easy to burn Long Gunhe's body inside.

The Heavenly Silver Flame could only penetrate 2/3 of the lightning dragon's body, and reaching Long Gunhe's place seemed difficult.

"Very weak." Long Gunhe approached Ye Chen and took advantage of this opportunity to attack Ye Chen.

"Wizard Thunder Dragon Claw" Long Gunhe attacked Ye Chen with an enormous lightning dragon claw.

"slash" The claw tore Ye Chen's body.

Ye Chen created a dimensional wall, he defended against the attacks launched.

"Clang" Long Gunhe felt a rough barrier, not even the Wizard Thunder Dragon Claw could break it.

"so loud." Because it was too loud, Long Gunhe stepped back.

"He couldn't destroy the barrier I made, that means his attack wasn't that strong" because Long Gunhe couldn't destroy Ye Chen's dimensional barrier, which means the power of Long Gunhe's attack wasn't that strong.

"Okay, I will try to break its defense, that lightning dragon form, it is like a very strong armor" Ye Chen understood.

Ye Chen couldn't continue to rely on using the dimensional barrier, the dimensional barrier required a lot of profound energy to form, using it too much would make Ye Chen's profound energy run out.

Because of this, Ye Chen couldn't use this all the time.

"Then I will use some strengthening on my body" Ye Chen decided to use some strengthening on his body.

Several reinforcements were used by Ye Chen, such as God Thunder Armor, God Mask, and also Ye Chen used earth veins to strengthen his defense, the inheritance from the Rhino Tank was also very helpful for Ye Chen.

"Okay," Ye Chen advanced, trying to penetrate Long Gunhe's defense.

Long Gunhe saw what Ye Chen was trying to do, Ye Chen seemed to attack.

"What a fool, choosing to attack me, that was the stupidest decision you made" Long Gunhe said to Ye Chen.

"With this perfect form, whoever can penetrate his defense, those who approach will be struck by lightning and immediately die.lightsnovel

Ye Chen came at high speed, advanced, and tried to get into Long Gunhe's absolute defense.

"eh, he doesn't stop, this guy, is he crazy?" Long Gunhe saw what Ye Chen was doing, it seemed like Ye Chen had gone crazy.

"jlub . . ." Ye Chen stepped forward and entered the lightning dragon form created by Long Gunhe, Ye Chen was not struck by lightning and easily entered.

"What, that's impossible." Long Gunhe was late, Ye Chen was at such a close distance that he could not get away.

"Bam. ." Ye Chen hit Long Gunhe's stomach, he was blown away, and the lightning dragon form disappeared.

Long Gunhe's body flew and hit hundreds of buildings, his palace was also destroyed.

"I expected it, it would be much easier to surrender, I'm not affected by lightning, so there's no need to hold back and start fighting roughly" Ye Chen decided to use rough methods to overcome Long Gunhe.

"Why, why can he do the impossible again?" Long Gunhe really couldn't think, this was illogical, something he had never seen.

Ye Chen always made unreasonable things, even people who had such high knowledge couldn't explain Ye Chen's anomalies.

Ye Chen's punch made a hole in Long Gunhe's stomach, even though it had a hole, Long Gunhe was still alive.

lightsNovel Someone like Long Gunhe definitely wouldn't be easy to kill, even with such serious injuries.

"You still look healthy after getting such serious injuries" Ye Chen said to Long Gunhe.

"Wounds like this, this is nothing to me."

Long Gunhe said that he would not die, he could heal his wounds by using cells in the body that had been stored for hundreds of thousands of years.

It could be said that he accelerated cell regeneration, it would only take a little of his life, and that was one of Long Gunhe's weapons to continue living.

"that is a force that is truly difficult to defeat" Ye Chen said to Long Gunhe.

"of course, if you want to kill me, you have to injure me tens of thousands of times," Long Gunhe said to Ye Chen.

"I understand. Thank you for telling me about our weaknesses," Ye Chen thanked Long Gunhe.

"Long Gunhe is very stupid to tell Ye Chen something like that.

Ye Chen could tell what he had to do to deal with Long Gunhe.

"Shadow Clone" Ye Chen made so many Clones.

"Everyone, attack him with all your abilities, don't hold back and make him regret it" Ye Chen said to all the Clones.

After getting direct orders from Ye Chen, all the Clones immediately attacked Long Gunhe.

They used all the techniques learned by Ye Chen, which were used to attack Long Gunhe.

"Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom, Boom." Millions of explosions occurred, explosion after explosion occurred, and there were so many of them.

"damn . . ." Long Gunhe was trapped, he was at the center of the explosion, there were too many attacks launched by Ye Chen.

Even though it was just a Clone, this attack caused much damage to Long Gunhe.

The more wounds there are, the more cells Long Gunhe Gunhe uses.

"This guy, he knows what to do against me" Ye Chen was quite smart, he could put Long Gunhe in danger.

Long Gunhe would die if he didn't heal himself.

Long Gunhe used all the cells he had stored in his body to heal himself.

This was the biggest loss that Long Gunhe had ever experienced, it was the same as taking away the spare life that Long Gunhe had.

Chapter 3180 Ye Chen Vs Long Gunhe Peak Battle

"Damn it, I have to get out of this place" Long Gunhe had to get out quickly, he couldn't stay here and die silly.

Long Gunhe tried to escape, he did his best to escape this place.

"Trying to run away, I won't let that happen" Ye Chen said that he wouldn't let Long Gunhe run away.

Ye Chen increased his attacks and blocked Long Gunhe, Ye Chen did not give Long Gunhe a way to escape.

"Damn it" Long Gunhe was so angry, he couldn't escape from Ye Chen.

Ye Chen closed all of Long Gunhe's paths, making it impossible for Long Gunhe to escape.

Long Gunhe was of course very annoyed, he was annoyed because he couldn't escape from this place.

"arghhhhh" Long Gunhe felt the pain, his cells were starting to run out and he couldn't regenerate his body anymore.

"bad, really bad" Long Gunhe could no longer hold on, he was running out of time.

"how?, did you enjoy it" Ye Chen asked Long Gunhe, did Long Gunhe enjoy it.

"Damn it, I want to kill you" Long Gunhe said to Ye Chen, he wanted to kill Ye Chen.

Ye Chen used all his strength, which might be what caused this.

Long Gunhe saw that Ye Chen had released such a terrifying technique.

"That would be terrible, if I got hit by that." The Five Lord Elements Technique was very powerful, if Long Gunhe got hit, he wouldn't survive.

"There's nothing else to do, I will also use the strongest technique" Long Gunhe decided to use a technique that was much stronger than what Ye Chen had.
