school in the '100-School Mathematics, Physics, and Chemistry Challenge'! "Just now, she took less than twenty minutes to finish a mock math exam paper right under my nose, and she scored full marks for it!" "Really?! Let me take a look!" The chief immediately took his words seriously. Chen Xiangxiang is indeed a student with great potential. When she first came to our school, everyone was worried that she wouldn't be able to keep up with the others since she came from a village, yet she has excelled in

Although he sounded like he was complaining, his eyes were full of smiles. It was clear that he admired Chen Xiangxiang a lot. Chen Xiangxiang was still unaware of this and was only focused on her target, Xi Yan. As expected, when she arrived at the Plum Garden, she saw Xi Yan sitting on a chair under a tree. His book was covering his face, and he seemed to be asleep.

I'm already so embarrassed. Why should I still talk to other people? All of a sudden, he smelt a fragrant scent, which was cold and indistinct. He then took the book o his face and glanced at Chen Xiangxiang. The way she smiled was very similar to his sister in the past; gentle and quiet, yet also strong and dependable. Xi Yan suddenly had a strong desire to confide in her.
