Not long later, Zhu Yuan smiled and said to her, "Zinan, the boys are going to

Only then did Wang Zinan agree. "Okay, I'll do it for your sake, but I won't take the initiative to look for him." She had always felt that Xi Yan wasn't worthy of her. He's just a useless young

master who has nothing but money. He's not worthy of me fawning over him. Wang Zinan had nothing but her pride.

Xi Yan did not have his usual one-on-one consultation for today, so he carried

He was about to go crazy. He was so stressed from studying every day that he

was about to go bald, and the great ambitions that he once had disappeared without a trace. All he wanted to do right now was to just go out and relax. "Xi Yan, wanna go for a race?" His friends called to ask him. "We're going to Hongyang Mountain, and the venue has already been set up."

Xi Yan hesitated for a moment and looked at Yan Xi. "Little Sis..." Yan Xi said, "If you can guarantee that you can complete all the homework that Miss Ye and I assigned for the week, it's fine for you to go out to play occasionally."

She wasn't that much of a rigid person, and as Xi Yan was the same age as

On the contrary, she felt that it was too ine icient. To her, it was purely a waste of time and it was completely undesirable. As long as he gets adapted to the current pace of studying, his consultations

would slowly decrease in the future. Eventually, he would only need to focus

on listening in class, so there was no need for him to waste too much time

Besides, she didn't believe that all work and no play would result in good

Xi Yan was a little surprised, but he was very happy. "Thank you, Little Sis! I'll just play for a while tonight. I'll definitely be home by 11, and I'll study hard over the weekend!"

She then called Gu Nianfeng before she turned around and walked to the

She was going for the 'appointment' she had made earlier during lunch. Since she had already thrown down the gauntlet, she couldn't go back on her word. Besides, she didn't like to drag things out. The sooner this matter is resolved,

She hasn't done it in a long time. Let's take her there to relax for a bit."

Fu Yuhuai carried his bag and walked out of the school gate leisurely.

Zhang Kai smiled and suggested, "Young Master Fu, do you want to go to

Hongyang Mountain to race? Hua Zi and the others said that they're going to

Fu Yuhuai narrowed his fox eyes. "Sure, let's get Xiangxiang to go with us too."

There was a smile in Zhang Kai's eyes. Chen Xiangxiang's racing skills were

A few seconds later, he suddenly looked up and he held his phone so hard that his knuckles turned white. The group of students had already walked far away.

Fu Yuhuai immediately picked up his bag and strode toward Zhang Kai, who

He hugged Fu Yuhuai's bag in confusion and started to run a er him as well.

But a er a few steps, he realized that he couldn't catch up with Fu Yuhuai at

What happened? It's been years since I last saw Fu Yuhuai lose his composure

Lu Qingming opened the window and looked at the falling cherry blossoms
