

## The stars are originally a pair – Companionship c14

The night is cool and the stars are sparse, An Xingyue was led by night Xiu Chen to leave the classroom, walking on the campus path, one in front of the other, the moon is broken, the shadows are dappled.

An Xingyue looked at the man in front of her, the two holding hands did not let go, in her memory, night Xiu Chen is the first male to hold her hand like this, even her father had never held her when she was a child, not to mention the kiss and hug between father and daughter to raise high.

"Can you climb over the wall?" The company's main business is to provide a wide range of products and services to its customers.

"Well, wearing a skirt, it seems impossible to climb over." An Xingyue took a look at her outfit, she wore a long skirt tonight, it is not convenient to go over the wall. The actual fact is that you will be able to get a lot more than just a few of these. I don't know.

An Xingyue looked straight at night Xiu Chen, the meaning is obvious: wearing a skirt, can not go over the wall, what do you say?

The first thing you need to do is to get a good idea of what you want to do.

"Say."

"I'll carry you over the wall, how about it?"

"Will fall? Is there a safety guarantee?"

"Will not let you fall." And not to let you fall.

An Xingyue thought about it and frowned, it seems that this is the only way, unless not to go out.

"Then fine, you hold, I want to go out." To go out, a big loss.

"Forget it, carry it, it's easier to carry, hold it for fear of bumping into you." Night Xiu Chen thought about it, or carry the safety is higher.

After saying that, he turned his back on her squatting down, indicating that she lie up.

An Xingyue looked at the squatting man, slowly lying on his back.

The young boy, not yet fully grown, not a wide body but gave her a sense of security without words, which she had not felt in the first seventeen years.

Night Xiu Chen felt the hot, soft touch coming from the person behind him, and in the quiet dark night, these were slowly amplified.

Night Xiu Chen carried An Xingyue backward a few steps, one hand holding her hips, admonished: "Yue Yue hold my neck tightly, or later when jumping you will lean backwards."

An Xingyue did not say anything, silently put her hands over his neck, and then held the ten fingers together.

Night Xiu Chen sprinted forward, and then leaped up to the top of the fence, propped himself up there with one hand, stabilized his body and then jumped down, the two of them successfully jumped out of the fence, and An Xingyue succeeded in escaping from class for the first time. (•~? ~•)

Night Xiu Chen jumped off the fence and stood firmly before slowly squatting down and letting An Xingyue down from his back.

"Thank you, Night Xiu Chen." An Xingyue shouted his name seriously for the first time.

"It's my honor to help my little tablemate, where are you going now? I'll accompany you." Night Xiu Chen was not at ease with her being out alone, especially now, and she was so good looking.

"Want to go to a lively place to walk, you do not need to accompany me ah, I can alone." An Xingyue does not like crowded places, but her current emotions need to go to a crowded place to relieve.

And hearing that night Xiu Chen also does not like these places, so do not want to force him to join her.

But An Xingyue does not know, not to mention that now just go to a lively and crowded place, even if it is hell, he will also accompany ah.

"Don't ah, I'd better join you, look, you're so small one, in case you encounter any danger, what to do? And haven't you been in Jiangcheng before? How do you know which places in South City are lively, and I have at least stayed longer, I can take you to play."

Night Xiu Chen has decided, even if stalking him to also with her, really is not at ease ah. And she is obviously unhappy ah, he can still coax her if he is there.

The most important thing is to make sure that you have a good idea of what you are doing.

You're afraid you don't know your position very well?

The person who dislikes the sky and the earth, still wants to coax people?

An Xingyue looked at the man in front of her, made his attitude clear, a look of dead or alive, completely devoid of the usual cold and untamed.

But he is also right, when he came back to South City, he prepared for the transfer, and they did not have time to accompany her to stroll through South City, so An Xingyue is quite ignorant of South City.

"Then I'll trouble you, night guide." With a free guide, why not, besides, even if she didn't agree, she guessed he would follow secretly.

"Since you think it's a bother to me, just buy me something to eat later, I'll take you to the night market in South City, go? That has good food and fun, and the night view is not bad." Night Xiu Chen took out his phone and called a car, after all, it's quite troublesome to wait for public transportation now.

"Sure, buy you something to eat." The corners of An Xingyue's mouth curved and smiled lightly, the cold expression instantly disappeared, the whole person softened a lot.

The company's main business is to provide a wide range of products and services to its customers.

The night Xiu Chen heard the sound of laughter, narrowed his eyes, the little table unexpectedly good coaxing ah, smile is also very good ah.

The night market in South City is extraordinarily lively.

After getting down from the cab, night Xiu Chen took An Xingyue's hand without refusal on the pretext that it was easy to get separated from the crowd.

When you arrive at the night market, An Xingyue's whole heart is hanging on the dazzling merchandise, which does not care whether he holds the hand or not?

"Table are you going to eat, or walk around first?" Night Xiu Chen looked at the person in front of him smiling so happily, the heart tasted very ah, came here, she to ignore him like.

Have to find a sense of existence for themselves. The actual fact is that you can't be sure that you're going to be able to get a good deal on your own.

"Let's go for a walk, okay?" An Xingyue blinked at night Xiu Chen, "I have not been to these places?"

In the past, she was either doing problems, or taking interest classes, or finding a place to stay quietly for a day and a half, this kind of place has never set foot, compared to the night Xiu Chen their fun, her to be much boring.

"Good." Although night Xiu Chen has only been here a few times, but to take a person to play or can.

"Look, this red rope is well braided." An Xingyue is holding a braided red rope with an engraved wooden carving on it, and is holding it up for Night Xiu Chen to see, which is similar to a child who has found a treasure is asking for credit from an adult, waiting for the adult's praise.

Night Xiu Chen approached and looked at it and said, "If you like it, buy it." He said and was ready to pay.

An Xingyue pulled him, "I want to pick it again."

Then she put down the red rope in her hand and picked it up again.

"Old grandpa, can this carved wooden carving with words be carved on site? The words I want are not available here." An Xingyue looked through the existing wooden carvings and none of the words on them fit her.

"Hahaha, what word does the little girl want, you and the old man I say, I'll carve it for you now, but it will take a while." The old grandfather who was sitting and reading the newspaper spoke out, the carvings in this store are carved by the old man himself, the red ropes are made up by his wife, the two old people are in the store and no one else is invited, but the prices in this store are higher than other stores, so there are fewer customers.

"Old grandpa, I want a month of words to wear with a red rope." An Xingyue finished looking at night Xiu Chen who was standing, bored to death playing with his phone, "And a character of Chen, worn with a black rope, is that okay?"

"Yes, but it will take a while, you can go for a walk elsewhere first, and come back later to get it." With that, the old man took out his tools and prepared to start carving.

"Good, then old grandpa I will come back later to get it."

"Night Xiu Chen, let's go eat." An Xingyue walked up to him and said.

Night Xiu Chen looked at her with empty hands, didn't she just want to buy the red rope?

"Didn't you want to buy that? Didn't you see it?"

"No, I asked the old grandfather to help engrave the words, not so fast, let's go eat first, said to treat you." An Xingyue tugged his clothes and walked towards the door.
