

The Three Little Guardian Angels

Chapter 1940

Chapter 1940 Both of them stared at each other in abysmal silence. After a long while, he

straightened his body and cleared his throat.

"Finally: You have finally said something sensible."

Freyja chuckled.

"Well, you don't look that annoying as well when you keep quiet."

Colton was rendered speechless.

Under normal circumstances, he would have fought back, but seeing how happy she was, he

did not know why but felt rather good to keep quiet once in a while as well.

He did not say anything for a long while.

Freyja couldn't help herself anymore and laughed.

She.

tugged at his sleeves and said, "How long are you going to keep quiet like this?"

He crossed his arms in front of his chest and turned his head sideways embarrassingly.

"I...

I just don't feel like talking." LLLLL "Really?" Freyja laughed.

She was aware that Colton was someone who did not want to expose his true emotions to other

people.

It was just that she did not expect such a cute side from him.

When she said he did not look that annoying when he kept silent, she did not expect him to take

it so seriously.

Colton glanced at her and asked, "Are you feeling better now?"

Her smile froze.

ELITE 'Did he overhear my conversation with the editor?' She lowered her head and replied,

"Yeah.

I feel a lot better now." "Then take some rest.

I'm going to the guest room." Just when Colton turned around, Freyja grabbed his clothes again.

"What if I become sad again after you leave?" TE

Colton turned his head around to look at her.

This was the first time she tried to tease him.

F

Something appeared in his head, and he chuckled.

After that, he walked up to her.

He leaned forward and secured her tightly in his arms.

"I know what you want.

You can always tell me if you don't want me to go."

ll

Freyja grabbed the collar of his shirt and pulled him down.

She turned around and mounted on top of him, stunning him.

"What are you Freyja placed her finger on his lips and said, "Let me do it thistime." The weather

was cold at 6:00 in the morning.

Colton stopped his car in front of the Goldmann mansion.

He lay on top of the steering wheel, and his ears were red to the tips.

It had been him who took the lead and occupied the upper hand, but last night, not only was he

the passive one, but he let Freyja do whatever she wanted to him.

1

He was addicted to her enthusiasm and passion.

He leaned against the back of the seat and covered his face with his palm.

He looked ahead through the slit between his fingers and thought, 'Am I considered running

away like this?'

By the time Freyja woke up, it was already 9:00 a.m., and Colton was long gone.

She placed the back of her hand on her forehead as her body screamed at her.

She must have gone out of her mind last night.

That was why she would allow herself to do something like that to Colton.
LLLL She got out of the bed, and then she saw a piece of paper underneath
the cupon the
drawer beside the bed.

She assumed that it was a note Colton had left for her.

(Just wait, I'm going to get back at you another day.)

While looking at the note, Colton's satisfied expression appeared in her head,
and she chuckled.

She had never expected Colton to have such a "cute" side
to him when he got "bullied" by her.

At Tenet...

Daisie had picked several scripts, but all of them were inferior to the
suspense drama series she
read the other day.

She couldn't make up her mind, so Charlie crossed his arms and frowned .

"Now that you've become popular, you don't like these productions
anymore?"

In fact, these scripts were not bad.

They were all rather popular , and even the directors were well known in the
film and television
industry.

Besides, other than the main characters, most of the supporting cast were
experienced actors
and actresses.

Since they were the supporting cast, it meant that Daisie was going to take
the lead.

Daisie raised her head.

"I've played both protagonist and antagonist, but I want to try something that
I've never tried
before."

"Jeez,everyone keeps saying that I'm choosy, but they don't know that the
choosy one is you,"
said Charlie.

11

However, he was not angry.

He kept all the scripts and said, "Suit yourself.
You know what you want, and if you want to challenge yourself, you first
need to improve your
acting skills.
But I don't think that is hard for you.
