

The Ugly Wife Returns: She's Gone Viral Chapter 14

“Chloe...”

Anne did not know how to comfort her.

“I can ignore everything, but she can't touch Georgie!”

Thousands of Chanul endorsements could not be compared with George.

“Mr. Grieg is yours, and no one can take him away from you!” Anne continued slowly, “Even if she was with Mr. Grieg last night... Gah, men! For men like Mr. Grieg, there will be thousands of women around him. Which female entertainer in the entertainment industry doesn't want to climb into Mr. Grieg's bed?”

“This... I feel very threatened by this woman.”

“She just wants to irritate you. The more you mess up, the more you're playing to her will! We have to pull ourselves together.”

After Anne comforted her again and again, Chloe calmed down a bit.

“Let's call Mr. Grieg. All you need to do is say a word to him, and he will get rid of that woman, right?”

Anne took out her mobile phone and made a call to George. The phone rang for a few seconds and before it was declined.

...

In the Oasis Group conference room, George looked at the incoming call from 'Anne Mutter' and terminated the call.

He walked out of the meeting with his phone and called back.

The call was quickly connected.

Chloe sobbed, “Georgie... Someone bullied me...”

“Huh?” George frowned slightly. “Who bullied you?”

Chloe exclaimed aggrievedly, “Yvonne! She came to me to show off her power and said that she was with you all night yesterday. She said that she was going to take you away and my film contract and ambassadorship...”

George frowned, and Yvonne's beautiful and flamboyant face appeared in front of him. Just like a little witch.

Chloe realized that he did not answer for a long time. "Georgie, are you listening..."

George replied, "If you're upset, quit the entertainment industry."

Chloe was rendered speechless. She never thought that that would be his answer.

George paused. "A place like the entertainment industry is not suitable for you. I don't like the entertainment industry."

Chloe suddenly fell silent. Since she debuted in the entertainment industry, Mr. Grieg had been brooding over her for so many years.

The Old Master of the Grieg family has been known to hate the entertainment industry, and his hatred was also passed down to George.

No matter how much Mrs. Grieg liked Chloe, Mr. Grieg would still stand in her way.

However, Chloe also had difficulties getting involved in the entertainment industry.

Back then, Chloe was picked by a talent scout and filmed a play. However, when she debuted as a child star, she did not pursue it as her main career.

It was not until the Cooper family business faced difficulties and a capital shortage that Chloe returned to the entertainment industry.

The annual income of a top female star was worth the market value of several listed companies.

"Georgie, didn't I promise you that I'll quit the entertainment industry when we get engaged?" Chloe asked softly, "Have you forgotten?"

On the other end of the phone, George said slightly coldly, "Tommy doesn't like you."

Chloe did not know what to say.

"For so many years, you've never cared about him. He doesn't even want to kiss you."

"What right do I have to care about him? I also want to hold Tommy and tell the world that I'm his mother and he's my son, but what can I do? We're still not married. In the eyes of the outside world, I'm an unmarried woman. Besides... I don't dare to approach Tommy. I'm protecting him. Georgie, didn't you say that... you would marry me? Don't you want to marry me?"

“I’m still in a meeting. I’ll get back to you after it’s over.”

After speaking, George hung up the phone. Chloe held the phone, her face frozen.

She suddenly felt that George was like quicksand, and she could no longer hold it.

There seemed to be a broken string in her mind, and Chloe started to cry.

Anne hurriedly comforted her. “Chloe, what’s wrong?”

“He blamed me for spending too little time with Tommy, but what can I do? I’m not married yet. How can I stay by Tommy’s side openly?”

The Cooper family paid close attention to famous festivals. If it was revealed that she was pregnant before marriage... It would definitely affect her career.

“It’s been five years! I’ve waited for him for five years! He hasn’t proposed to me yet. Do you want me to propose to him?”

Peggy kept asking her to restrain herself, and it was also because of this restraint that Chloe never dared to give herself to George for so many years.

She wanted to leave the precious ‘first time’ for their wedding night.

“Today’s era is not as good as it used to be. The Cooper family has a strict upbringing, but... in this era of materialistic desires, I’m afraid that Mr. Grieg will encounter a few lowly vixens like Yvonne, and he will lose his heart. He will be hooked away.”

“Then... what do you mean?”

“Chloe, you still have Tommy. It will be a rite of passage for the mother to rely on the child in the future. I’m afraid that you won’t be able to grasp his heart. Even if you get married one day, his mind may not be on you.”

Chloe asked urgently, “Then what should I do?”

Anne replied meaningfully, “Sometimes, a woman must use some tricks to bind a man’s heart.”

Chloe immediately understood, and a gleam of light flashed in her eyes.

...

At night, the limousine stopped at the Global Entertainment building.

Chris opened the car door, and when Chloe walked to the side of the car, she saw George sitting in the back seat, holding a laptop in his hand. There was a dense string of data on the screen.

The man was staring at the screen attentively, hitting the enter key from time to time.

Chloe sat in the back seat and said, "Georgie, are you still busy with work?"

George gently closed the laptop. "The company's financial report. Take a look at it."

The door closed. Chloe tried to inch closer to George.

George did not notice what she was doing, and he said to the driver, "Send her back to the Cooper Residence."

"Wait a minute!" Chloe hurriedly interrupted.

George looked at her suspiciously.

She pouted, "I don't want to go home."

"What's wrong?"

"Georgie, I... I miss you. You're so busy these days that you don't have time to spend with me."

Saying that, she took his arm and gently rested her head on his shoulder.

"I've been learning to cook recently. Would you like to try my craft?"

"Why did you suddenly learn to cook?"

"After we get married, I'll quit the entertainment industry, and then when you come back from the company, you can eat the food I made. Isn't that good?"

George replied, "Someone else will do these things."

Chloe responded, a little aggrieved, "Then, don't you want to taste my cooking?"

George furrowed his eyebrows but did not say anything more. He then instructed the driver, "Drive."

"Mr. Grieg, should I go to Mallory Suites?"

The main residence of the Grieg family was quite a distance away from the company.

Therefore, Grieg bought a bungalow in the urban area near the Oasis Group Building named Mallory Suites.

It was situated in the city's core area, and it was a quiet area, away from the hustle and bustle.

Just as the car was parked in the basement, George suddenly received a text message from Yvonne.

[Yvonne: Saffron Bar. Come over in half an hour.]
