

110 THE MATING RITUAL(R-18)

XADEN'S POV 1

Xaden's wolf could hear the whispers as he howled and ran down the halls.

He was so fast, and it was like someone was calling him.

It was like he was meant to be led elsewhere.

The god was in full power, and Xaden was merely used as a medium.

He howled as he looked for his goddess, Selene. 2

He had never been in the parts before, but he knew them with the back of his hands.

He raced down the trees and pushed past the path leading into the forests until he came to a swamp that radiated with moonlight.

And then he saw her in the water, swimming perfectly.

He howled, and then she was startled and turned to gasp.

Once she was the large wolf, her heart began to beat quickly. 1

She wanted to flee, but something made her not to.

The giant wolf growled and majestically walked towards where she was.

Then he turned to his human form, and she gasped softly at seeing him.

He walked up to the beautiful swamp.

As he moved closer to her, the lilies in the lake cleared the way for him.

He pulled her towards him, but she could not draw herself away from him.

"Celene." He whispered into her ears as she cradled her body to him. "I found you again." 3

At that moment, she was drawn to look up into the moon, and the power flowed down her, and she looked back down at him.

"My love." She whispered, and he bent down to kiss her.

She felt his tongue trail inside her mouth, and she released a soft moan.

"Another eighty years I've been waiting for you." He said as he kissed her back, and their tongues intertwined.

"How can you speak?" She asked him.

He had never been able to speak during all the times they had met during the Halo festival.

He had only been focused on the mating.

"I don't know." He said. "It must be this body."

"And mine, too." She said, her eyes twinkling.

"They are mates. This is the first time in a millennium that we've taken the bodies of two mates."

She felt how much the power flowed through her veins.

Then he pushed her red curls and said. "I've longed for you. I can not wait any longer."

Then he let his finger part her lips and crushed his lips down on her.

She held on to him, and he was fierce and hungry for her.

They moaned as his tongue dived into her mouth and tasted how sweet she was.

She grabbed his arm as he caressed her thighs.

She threw her head back as he began to drop kisses down her neck.

He had never been so gentle with her when they proceeded to mate; this was the first time.

It was like it was because of these bodies.

But the urgency that was in them was fierce.

Then he went down on her and began to kiss her passionately once again.

She cried out in pleasure as she was hungry for him.

His fingers went down the path of her thighs as he touched her within and massaged her inner thighs.

She held onto him, crying and weeping for more.

He was so hard for her.

He wanted to take her inside the lake right there and then.

He used his free hand to rub her nipples and caress her full and lush breasts.

Then he pinched on them, and she cried in pleasure.

But she desires more.

She set her hands down to his manhood and felt how hard he was.

Under the water, she played with his cock and used her hands to move back and forth around it.

He groaned in pleasure, and she looked up at him as he pressed his eyes tight in acknowledgment of her touch.

"Please." She begged him.

Without hesitating, he picked her up and set her on his waist.

Her feet were wrapped and secured around him, firmly locked in their embrace as he kissed they kissed.

With her on his waist and her legs wrapped against him, it was easy for him to find her entrance.

He nudged the tip of his cock towards her, and he felt how tight she was.

"Go in." She said to him.

And with her command, he plunged into her, and she cried aloud in pleasure at the full size of him in her.

How much his cock filled her

Then he began to move inside her back and

forth.

She cried. "Ohhh... yes. Please."

She grabbed his back as he pounded inside her, filled with uncontrollable thirst and hunger.

He felt how her inside warmth contracted, dripping with juice as he went in and out.

With every thrust, she cried to him, begged him.

The water splashed at their sides as they mated.

Then she was kissing him again, and he was plummeting harder and faster.

Their kisses compromised their moaning as when he plunged inside her, and she let out a moan, she moaned into the kiss.

"Yes.. yes." He cried.

And as they mated fiercely, they released great power unto the earth.

They could both feel it being released from their body.

She felt his release nearing, and then she held him crossed her legs tighter to make sure that he didn't let go.

He exploded inside her, and then there was a

sudden calm.

Their breaths eased until they were silent.

She looked up at him. "You're fading. Don't leave me."

He kissed her cheek. "I never left you. I've always been here."

They gave each other one more passionate kiss, and then his spirit went towards the halo moon, and so did she follow.

The moon reverted to its natural shape, and then it was calm.

Xaden opened his eyes and saw himself lying by the bank of the lake naked, with someone in his arms.

He lifted his arm and wondered where he was. It
