Chapter 1 - Meeting a Bastard

A luxurious villa hotel.

The young and handsome man had just come out of the bathroom. His sturdy waist was wrapped in only a towel. His body was filled with strength and beauty, as if he was an Apollo from the West.

"Damn it." With a low curse, the man lowered his head with a face full of annoyance and vexation.

He picked up his cell phone and dialed his assistant's number. "Get me a clean woman."

"Young Master, why are you interested tonight?"

"I drank the wrong thing at the party. Hurry up." The low sound was no longer a nuisance.

"Ok, right away."

The girl dressed in cool clothes raised her head and looked at the snake-like route map in front of the landscape light. She felt quite speechless.

He had clearly come for a trip, but he had actually gotten lost.

What was even more infuriating was that her phone was out of battery, so she didn't see a single ghost along the way.

She did not know that she had entered the luxurious private villa complex.

She could only continue to walk forward. Finally, a magnificent villa appeared in the darkness of the night. Her heart was filled with joy. She was saved.

Although the villa seemed high-end and grand, she had no choice but to enter it in order to win her way back to her hotel.

She rang the bell.

The door banged open.

She was stunned for a moment, feeling that the owner of the door was giving her too much face.

Stepping into the luxurious hall that was like a palace, Tang Siyu asked the quiet hall, "Is there anyone here?"

No one answered her, that was impossible! He turned on the light and clearly opened the door for her. There must be someone inside!

Could it be upstairs?

Tang Siyu walked up step by step, and when she saw the main bedroom with its lights on, she swallowed her saliva.

She had been lost for half an hour, and if she didn't find someone to ask her where she was going, she would have to spend the night out in the open air.

"That... Is anyone there?" she asked in English as she stepped through the half-open bedroom door.

Suddenly.

A powerful force jerked her wrist, and she was dragged into the room.

The next second, the light in the bedroom went out.

"Ah ..." Who are you? What are you doing? " Tang Siyu screamed in panic and asked in Chinese.

"Shut up." The man's hoarse voice was cold.

The man spoke in Chinese.

"Why did you turn off the lights?" Tang Siyu asked in panic, had she met a perverted killer? You want to kill her?

"I don't want to see you." The man's tone was cold and disdainful.

The man obviously saw her as the woman who let out the flames when her assistant came to the door.

Tang Siyu panicked and lost her composure, his body being lifted up by the man's waist and thrown onto the bed, she screamed again, causing Tang Siyu to feel dizzy and dizzy, the man's handsome and muscular body falling down.

"Ah ..." Tang Siyu desperately pushed him away, "Bastard, let go of me ... "Ugh ..."

Her scream and fear were all blocked by the domineering man in the next second.

Because this man hated noisy and disobedient women the most.

Even though it was just a toy delivered to her doorstep, what qualifications did she have to refuse him? He would not give her less than a point. In fact, his bid was more than ten times more than normal.

However, the aura of this girl, who he had randomly found, was actually damnably sweet, causing his originally somewhat boring mood to turn greedy.

Tang Siyu's eyes widened as she tried her best to push away the man who was bullying her, but to no avail ...

Tears rolled down her face like broken pearls as she sobbed from his deep kiss. Her heart was filled with despair and helplessness. She didn't know who this man was, but she could feel a strong sense of danger.

## Chapter 2 - The Appearance of Jubilee

In the darkness, she couldn't see the man's face. All she could feel was his strong, muscular body.

His body exuded a strong hormonal aura, as well as explosive power.

It frightened and unsettled her.

She had a premonition that this would be a miserable night.

This was a trip before she got married, but she didn't expect to lose her virginity.

As soon as the other woman entered the hall, she heard the sound of the girl's broken sobs upstairs, and the man's wild voice, and she turned away in fright.

That night.

On the water blue bed, the phoenix was being tossed by the luan.

The craziness of a man made him suspicious of his own life. Was he going to die on this woman just now?

When he went into the bathroom, the girl who had fainted on the bed had left. From start to finish, he hadn't been able to see what she looked like.

However, he didn't want to see it either. It was just a tool for solving his needs. Even if he saw it, he would be annoyed. He would just pay her to leave, and this night, it wouldn't appear in his memory again.

Just as he was about to open the bed and go to sleep, suddenly, the tinge of red on the bed shocked him for a few seconds. He had told his assistant to clean it earlier. As expected, it was clean enough.

Three days later.

In the gray sky of the airport, Tang Siyu hit the taxi in panic, and the taxi driver asked her where she was going.

She casually mentioned the address of her fiancé, Mu Fei.

That night's events had been like a nightmare, lingering over her.

She didn't know what she had to say or how she would say it when she saw Mu Fei later, but she wanted to see him.

Because a week from now, it would be their wedding.

When she arrived at the villa, it was only around 7 in the morning. She thought that since Mu Fei had been busy working at the company recently, he must be exhausted.

She gently pushed open a small door and walked in. She placed the box at the entrance of the hall and went upstairs step by step.

She was tired, extremely tired. She really wanted to throw herself into Mu Fei's embrace and cry.

She gently pushed open the door to the master bedroom. She looked forward to see Mu Fei's sleeping face.

However, what appeared before her eyes ...

It was a scene that made her explode in anger. Her fiancé was hugging a naked girl and this girl was none other than her half-brother's little sister, Tang Shishi. The two of them seemed to have spent an insane night together.

The messy clothes under the bed and the disgusting smell in the air made Tang Siyu cover her mouth, with only her eyes wide open.

She almost ran out the door.

At the wedding a week later, she sent a message to her family, Mu Fei. After she unilaterally annulled the wedding, she had disappeared.

Five years later.

In the airport lobby, a girl wearing a pure white fashionable one-step dress walked out with a waist length of steps, holding a cute little boy's hand.

The girl's elegance exuded a touch of classical beauty. Her skin was tender, her spirit was like autumn water, and her posture was leisurely. Her eyes that were as clear as water landed on the body of the boy next to her, filled with an indescribable gentleness.

She had already become the center of attention in the crowd, but the little boy she was holding was now the center of attention of all the passengers around her. He was dressed in a handsome black uniform with cool dark jeans, small gray sneakers, a small oval face with a deep, three-dimensional face, white, delicate skin, and thick, soft black hair covering his plump white forehead. He looked like the most eye-catching young model on the stage.

It was clearly a four year old child, but Gu Panpan could feel a noble aura emanating from her bones.

"Mummy, will Grandfather really like me?" The little fellow raised his head and looked at Mummy. He had a face full of curiosity towards his grandfather, who he had never met before.

"I will." Tang Siyu laughed as he caressed his son's head.

### Chapter 3 - Return

Back then, she didn't say a word and just resolutely withdrew from the wedding. The relationship between Tang Mu and his family that took place after a hundred years was extremely awkward. Her father was extremely angry at that time, and he was angry to the point that he didn't speak to her for a year.

The cold wind blew in his stepmother, stepsister, and ears. Her relationship with her father was extremely stiff, thinking that she was someone whose life was chaotic without any sense of propriety.

She hadn't been home for five years, but time had made him more tolerant of her, and she would occasionally send him photos of herself and her child.

Three days ago, when he was sick, he called her and told her to come home and bring his grandson over to see him.

Five years of living abroad had also caused Tang Siyu to forget about the past five years. Now, in her life, there was only this little fellow's world.

The taxi drove back to Tang Mansion from the airport.

Standing at the luxurious entrance of the Tang Mansion, Tang Siyu let out a light sigh. Ever since her mother passed away, this family had never been complete.

Qiu Lin openly brought her daughter inside the house, and after her father and mother got married, the news of him raising an illegitimate child was revealed three months later.

She had hated and struggled, but her mother had left. As her daughter, she could only silently accept this fact.

However, in this family, she gradually became an outsider.

"Mummy... What are you thinking about?" The tender male voice by her side asked.

Tang Siyu pulled back her train of thoughts, pursed her lips into a smile, and stepped down to help his son straighten her hood, "Do you need to remember to let people know later?"

"Hm!" "I know." The little guy's lips curved into a smile. His two large eyes that were like stars were so beautiful that it would cause people to hold their breath.

Ever since she gave birth to her son, Tang Siyu had released his resentment towards that bastard. His son became more and more beautiful, but his facial features did not resemble hers, causing her to be at a loss for words.

No matter what, the child belonged to her alone, but that damned bastard, she didn't want to see him again for the rest of her life.

Tang Siyu got up and pressed the doorbell. Not long later, the servant who opened the door said in surprise, "Young miss, you're finally back! This must be the young master! "She's really pretty."

"Is my dad home?"

"Here!" "Madam and Second Miss are here as well ..." The smile behind the servant's back was stiff.

Tang Siyu already cared not for the mother and daughter pair anymore, she was only bringing her son back to see her father.

On the sofa in the hall, her father, Tang Xiong, was making tea. When she raised her head and saw the mother and daughter pair who had entered, she hurriedly put down her teacup and stood up.

"Dad, I'm back." Tang Siyu hurriedly called out to him. As she was his daughter, she had to put down her previous prejudice.

"Sigh!" "It's good that you're back." Tang Xiong looked at the eldest daughter, who was becoming more and more beautiful, and his gaze slowly fell on the little boy beside her.

In the photo, he already knew what his grandson looked like, but looking at such a cute and handsome little grandson alive, his heart was still stirred up a little, "You must be Xiao Xi!"

"Hello, Grandpa." Tang Yixi bent his body and politely called out to him.

"Ai ..." Come, come and let Grandfather have a good look. " Tang Xiong's heart was moved all of a sudden.

The little guy immediately threw himself into Tang Xiong's embrace. Tang Xiong gave him a hug, and immediately looked at the little guy carefully. Then, he complacently raised his eyebrows, "This child's eyebrows are similar to mine."

#### Chapter 4 - Cute Xiao Budian

Tang Siyu was secretly speechless. She glanced at his father's eyebrows and then looked at his son. However, this scene caused the corners of her mouth to curl up involuntarily.

Her father loved her son. This was her happiest moment.

And right in front of the railing on the second floor, a mother and daughter saw this scene. They looked at each other, and resentment and annoyance flashed across their eyes.

"Yo!" I just came back, and I thought you were going to arrive in the afternoon! " As Qiu Lin walked down the stairs, she feigned enthusiasm.

"Auntie!" Tang Siyu indifferently called out to her, and looking at Tang Yiyi's face again, the color in her eyes became even more indifferent.

"This child is so cute and handsome." Qiu Lin naturally could not lose the grace of a mistress in front of her husband. When she sat down and reached out to pull the little fellow, Tang Siyu's heart immediately tensed up, afraid that Qiu Lin would do something to his son in secret.

She knew very well how much this mother and daughter pair hated her.

"Elder sister." Tang Yiyi laughed proudly as she walked to her side, "Long time no see."

Tang Siyu turned her head, she did not want to see her. Five years ago, the scene of her naked body and her fiance being embraced was still able to hurt her heart at certain times.

She and Mu Fei had been childhood friends for a long time; she hated Mu Fei, and she also hated this shameless little sister of hers who had no bottom line.

That year, she had suffered two kinds of injuries. Her innocence had been destroyed, and her fiance had betrayed her. She had seen through everything, and there wasn't a single good man in the world.

"Xiao Lin, go clean up the guest room for Siyu and her son to stay."

"No need, Dad, I plan to bring Xiao Xi to stay at my good friend's house."

"If you don't have a family, how can you bother others?"

"She's my best sister." Tang Siyu persisted, because she was worried that her son would live in this home, the mother and daughter pair were not easy to deal with, her father liking Xiao Xi so much, means, that they have become a thorn in their heart.

"Grandfather, that's my godmother's home. I also want to see her." The little guy also spoke up for his mother.

"Alright! It's up to you guys!" Tang Xiong stopped arguing, and then he stood up and held onto the little guy's hand, "Accompany Grandfather when you walk around the garden."

The little guy immediately laughed and held his hand. Tang Xiong's heart, which had always had a stone heart, was warmed by the little guy's smile.

It seemed that he owed his daughter and this grandson of his all these years. No matter what, this child had the blood of the Tang Clan on him.

Tang Siyu didn't follow her out. Her father wanted to enjoy the happiness of being heaven and earth with his grandson, so it wouldn't be good if she went.

"Sis, why did you suddenly come back? Aren't you comfortable abroad?" Tang Yiyi's mocking voice sounded out.

"This is my home, why can't I come back?" Tang Siyu looked at her coldly.

In these five years, she seemed to have changed a lot. Although her face was still beautiful enough to make her jealous, the temperament on her body became even more charming. Looking at her daughter, although she was not bad, standing with Tang Siyu, seemed to be lacking something.

"Now I know why you aren't marrying Mu Fei anymore. Counting the date your son was born, you have long betrayed him." Tang Yiyi started to mock him.

Tang Siyu could no longer bring up what happened back then, "Yes, since you like him, I'll give it to you."

"It's really as you wish. I'm already Mu Fei's girlfriend, we're planning to get engaged soon." Tang Yiyi laughed with extreme pride.

## Chapter 5 - Sister's Pride

Tang Siyu thought that she would never feel pain for this man again, but at this moment, she felt that it was hard to breath, and her heart was held tightly by a hand.

She still cared about him, because that man had lived in her heart for so long, had loved her so deeply, had not erased her feelings for him even after five years.

"Do you know the current status and wealth of the Mu Family! That's the height you can only look up to, and I'm going to be the envy of everyone. " Tang Yiyi laughed even more complacently.

Qiu Lin pretended to be annoyed as she looked at his daughter, "Why are you talking so much to her? Now, Mu Family has nothing to do with her anymore. Mu Family still holds a grudge towards her for running away from the marriage that year! "

Tang Siyu looked at the faked fishy mother and daughter, her words flaunting her relationship with the Mu Family. The Mu Family was indeed a wealthy family in the entire country, even the Tang Family would not be able to match up to him.

However, no matter how rich the Mu Family was, what did it have to do with her?

"Don't worry, I won't be envious of you. Marry Mu Fei well! I wish you all the best. " Tang Siyu said these words coldly, completely in the tone of a curse.

Tang Yiyi heard it and her face turned red in anger, "Tang Siyu, don't be complacent, when I marry into the Mu Family, you will know what kind of life I will lead. When that time comes, I'm afraid you will be so jealous that you will cry on the side!"

"There won't be such a day." Tang Siyu coldly snorted.

Originally, he had gone for a walk with Tang Xiong, but when Tang Xiong wanted to answer an important phone call, he came back to accompany Mummy. Who would have known, that Mummy would actually be bullied by these two women.

The little guy bit his thin lip, and a person appeared in his mind. It was a heroic man, and that person was the father that he had never seen before.

Yes, as long as we can find father's land, Mummy would not be bullied by anyone in the future.

The little guy clenched his little fists tightly. He had to find his father to protect the Mummy as soon as possible.

After eating lunch, Tang Siyu quickly brought the little guy to find her good friend Su Xi. Because there was a place with these two mother and daughter, so she was definitely worried about her son's safety.

Her good friend Su Xi was no longer the Su Xi of before, but a popular female star who had worked hard in the entertainment circle for five years. She owned a very beautiful apartment, and when Tang Siyu came over, she had just woken up.

"Godmother." The little guy stuck his head out and called to her.

Su Xi immediately hugged him and kissed him, "My darling Xiao Xi, you really miss me to death."

"Heather, what is the life of a big star like you? Why have you only just woken up? "

"I recited the lines from last night. I'm so tired that I'm about to faint. Come in."

"Have you eaten?"

"No!"

"What is there to eat at home?"

"instant noodles and snacks ..." And frozen dumplings. "

Tang Siyu looked at her and shook her head, "I will cook some dumplings for you! Don't starve your stomach. "

Su Xi hugged the little fellow on the sofa, and looked at it while saying, "I'll leave my lunch with you, I'll look after my son for you."

"You can't do this."

"I don't have a son, so I'll just casually settle it with three meals a day. When will I ever have a handsome and cute son like you, and my life will be regular? Tsk, tsk, Tang Siyu, when did you give birth to such a handsome son? He's even more handsome than any man I've ever seen, and he's going to be a disaster in the future. "
