

U. CEO Daddy 1051

Chapter 1051

Ye Jiamei couldn't help but hook her lips and smile, "even if your father asked me to come here, of course I will."

Bai Xia still didn't want to invite her in. She was disgusted and said, "let's go! I'll tell your father. "

"Bai Xia, we are a family. Is there any reason why you keep my stepmother away?" Ye Jiamei just wants to go in and have a look.

Bai Xia said angrily, "what do you want to do? Don't disturb my life. "

Ye Jiamei said to her, "just open the door for me to have a look, and I will go."

Bai Xia immediately sees through her ideas. Ye Jiamei just wants to come and see what kind of life she has.

Bai Xia didn't want to get entangled with her either. She pressed the fingerprint lock, pushed the door open, and said to her, "you can see it!"

Ye Jiamei steps in. Bai Xia's decoration is in the style of hardbound room. It's not much style, just very warm and comfortable.

Ye Jiamei walked into every room and took a look. She was also relieved. Fortunately, Bai Xia didn't buy any valuable furniture, just general decoration.

Bai Xia stood at the door. After ye Jiamei turned around her arm, she opened the door and said to her, "now, can you go?"

Ye Jiamei is still Lao Jiang. Looking at Bai Xia's angry expression, she sits on the sofa with a smile? Do you want me to cheat on the guy next door when I'm gone? "

Bai Xia was so angry that she stared, "you What nonsense are you talking about! "

"I didn't expect that you have a lovely face, but I didn't expect that you just moved here for a few days! And the next door's male neighbors, really no mother taught people, that's it, shameless. " Ye Jiamei sneers.

Bai Xia's face turned blue and white when she heard it. She cried angrily, "you still have the face to mention my mother. You know how my mother left."

Ye Jiamei pretends to have an unknowable expression, "how did your mother leave? How did I know?!" I only listen to your father. She can't think of jumping into the river. "

"That's because you're secretly trying to force her." Bai Xia was so angry that he pointed out.

Ye Jiamei suddenly laughed happily. "It's only your mother's poor bearing ability that can be blamed. Such a small thing is worth dying. Don't you think I've survived? Who makes your father spend money? "

"Shut up." Bai Xia was so angry that she shivered. For the first time, she mentioned her mother's affairs with Ye Jiamei, but the woman was so complacent that she did not repent.

Young Bai Xia is not the rival of Ye Jiamei, a man of experience and talent, and a man of inner strength.

"Am I wrong? Blame your father for that! What do you hate me for? Hate him! " Ye Jiamei also wants to separate Bai Xia and Bai Shize.

Just like before, Bai Xia didn't want to see his father, so he would not disturb their lives.

But Bai Xia is not that naive and fleeing person. Listening to Ye Jiamei's words, Bai Xia immediately said in a cold voice, "I won't be so stupid, even if my father is wrong, but he is always my father, I won't leave."

Bai Xia's words also make ye Jiamei angry. Bai Xia really has a plan, which can't stimulate her.

"Then wait! See if you are important in your father's heart, or if my children are important in his heart, you will never be loved. "

"It's about me and my dad. It's not about you as an outsider." Bai Xia retorts.

Ye Jiamei immediately glared at her angrily. "You will regret being against me if your teeth are sharp and your mouth is sharp."

After that, ye Jiamei didn't want to stay here. When she went out, she immediately shook the door hard.

Bai Xia was just stimulated by her, her heart string was taut, but at the moment, her tears still came up, biting red lips, tears rolled down from her eyes, she did not wipe them, she was not worth it for her mother, why did she leave? Give way to this kind of woman?

At this time, her door was pressed again. Bai Xia immediately thought that it was Ye Jiamei who had left and wanted to come back. She rubbed her eyes hard, walked to the door, opened the door without thinking, and said angrily, "you still want to..."

Before she could say what she was doing, she was shocked, because there was not ye Jiamei standing outside, but Xing Yifan with one hand in his trouser bag.

Bai Xia's tears, which had not been wiped clean, hung in the corner of her eyes and looked at the man outside. She panicked and made a move. She closed the door again.

After closing the door, she quickly took the sleeve to wipe the tears. She wanted to pretend that she was ok, pretended to be very happy, very happy.

White summer just wiped, the doorbell outside the door rang again, white summer hurriedly toward the outside of the door, "wait a moment."

After that, she was afraid that the man outside the door would be in a hurry. She wiped a tear, turned around and opened the door. She saw the man outside the door, and her deep eyes fixed on him.

Bai Xia immediately smiled at him at a loss. The smile with red eyes made him sad. "I'm sorry, but my eyes just went into the sand." Bai Xia tries to find an excuse, because she doesn't want Xing Yifan to know that she is crying because she is sad.

Otherwise, she didn't even believe this excuse. Xing Yifan would believe it.

"Who is that woman?" Xing Yifan asked in a low voice. Just now when he was sitting at home, he heard a loud closing noise outside the door. He thought something was wrong with her, so he immediately came to knock on the door, but he saw her cry and red eyes.

"She's my stepmother..." Bai Xia said, and some ruthless way, "she is no one."

"Did she tell you anything? Or a fight?" Xing Yifan's eyes have been staring at her, but Bai Xia also pretends to clean up, so that he can't see her red eyes and the face with resentment.

"She and I have always disagreed. When we meet, we either quarrel or look at each other badly. We are used to it. It's nothing." Bai Xia's tone was calm, as if she had not been wronged.

Xing Yifan's heart strings are tight. At the moment, he can't do anything for her. It must be her family affair.

Bai Xia was also a little embarrassed. She didn't want to let him see her. She said to him, "I'm really OK. Thank you for coming here. Go back!"

On the other hand, Bai Xia was absent-minded to collect the things on the table, but because of a vase close to the edge of the cabinet, her elbow touched the ground.

"Bang..." The sound of an earthquake, white summer scared the whole person to a contraction.

Xing Yifan immediately got up and walked to her side, with a low voice line, "did you hurt?"

Bai Xia shakes her head quickly. "No." Then, looking at the debris, she wanted to clean it up.

Xing Yifan suddenly clasps her arm, pulls her to the sofa, sits down according to her, and orders, "sit down, don't move, I'll clean it."

Bai Xia looks up in dismay. Xing Yifan has gone to her balcony to find cleaning tools.

Chapter 1052

Xing Yifan cleans up all the debris on the ground, while Bai Xia sits on the sofa, looking at him with some consternation to finish all this, and comes back to the hall after he put the cleaning tools.

Bai Xia brought him a cup of warm water. "It's hard for you."

Xing Yifan took over the drink and said to her, "I'm going to prepare lunch. Go to my side!"

"Good!" Bai Xia nodded. She is not in a good mood now. She would like to do something with him when she is alone.

From Bai Xia's home, into Xing Yifan's home, Bai Xia holding flowers sitting on the sofa, Xing Yifan went into the kitchen to get vegetables.

The mood that Bai Xia was just angry with Ye Jiamei disappears unconsciously. She teases the flowers in her arms, and occasionally sends out a loving smile. When she hears the sound of the kitchen, there is a warmth in her heart, and a sweet smell in her heart

Xing Yifan finishes his lunch, and after two people finish eating, they will take a bath in the afternoon. Xing Yifan has all the things Xi is ready. Duo Duo is a cat afraid of water. Every time she takes a bath, she looks like a war. Bai Xia is soaked and sweats all over herself.

"I'll do the washing for her alone. Don't wet the clothes." White Xia Dynasty a clean man said.

"Together!" Xing Yifan found it interesting instead.

This is only a small type of house in Longjuyuan, so there is not much room for the bathroom. Bai Xia can't understand why a wealthy young man like Xing Yifan has to live in such a small house. His villa seems to be not far from the city center!

"It's a bit crowded. I'll come alone!" Bai Xia is afraid that he will be wronged.

Xing Yifan insisted, "I'll help."

Bai Xia had to nod his head, so they both squatted in the bathroom and closed the door. Xing Yifan held many flowers in his arms. Maybe he knew that they were bathing! Immediately drill and drill into his arms as if he thought he could escape.

"Duoduo, darling, shall we take a bath! I am very gentle! It will never hurt you. " Bai Xia is used to coax each flower as a child. Before taking a bath, she has to coax for half a day.

Xing Yifan's mouth can't help bending. This woman is so lovely!

Bai Xia put half the water in the bathtub. She has been washing for a year. She also knows the water temperature and bath steps that Duoduo likes.

"Come on, give it to me." Said Xing Yifan of the white Xia Dynasty.

Xing Yifan gives her many flowers in her arms. Bai Xia first holds them in her arms to appease her, let the little guy relax his vigilance, and then slowly put them into the water.

Xing Yifan only hears the small bathroom, which is full of sweet and pleasant sounds of white summer. He doesn't know whether it's too small or something. He feels a little hot. He thought that no matter what mistake the woman made in the future, as long as she begged him with such voice lines, he would forgive her.

"Dear baby, don't be afraid, mom is here, we are gentle, OK?" Bai Xia's lips are bent, smiling and comforting.

Finally, duo's whole body was in the water. However, the little guy was overreacting, and suddenly she was tossing in the water. Her tail splashed directly on Bai Xia's face.

Bai Xia can't care that her face is full of water, so she presses the little guy half in the water and quickly waters her body to make her adapt to the water temperature and calm down.

"Meow..." Each is crying pitifully.

Xing Yifan looks at the girl with water on her face. When he gets up, he picks up his washcloth hanging on it. He squats down and wants Bai Xia to wipe it himself. But at this moment, Bai Xia's hands are on the body of many flowers, one is pressing its body, the other is watering her. Where can he wipe her face with his hands free?

Xing Yifan had to whisper, "I'll wipe your face."

Bai Xia was also very uncomfortable. Hearing that he would help, she immediately raised her face with a smile, closed her eyes and leaned over. Xing Yifan looked at the white, tender and clear face stained with water. He swallowed it secretly, picked up his towel, gently absorbed the water drops on her face, until her red lips, Xing Yifan's eyes narrowed, and turned dark.

Bai Xia also felt a little embarrassed. At this time, she felt not so good, because her body was resisting, arching up, and her hair stained with water was not easy to press. Suddenly, she jumped out of the water basin.

"One after another." Bai Xia opened her eyes and saw that many flowers were hiding in Xing Yifan's arms. She hurried to catch the cat, but the cat didn't catch it. Her half up body was pressed towards the man beside her.

"Ah..." Bai Xia exclaimed.

At this time, many flowers have jumped out of Xing Yifan's arms. When Xing Yifan saw the girl under pressure, his arms immediately hugged, and his squatting figure also sat directly on the ground.

White summer and his height is about the same, this pounce, her a panic face, also straight at his handsome face pressure.

Her tiny red lips aim at the thin lips of men.

Almost two people knew what was going to happen, but in a second, four lips touched like this, and Bai Xia's body hit hard. So that the kiss, or her heavy pressure down.

One after another, wet and meowing, I don't know what happened because of its incongruity.

Two of its owners kissed.

Bai Xia stares at his eyes, and looks at himself kissing Xing Yifan. Xing Yifan is half squinting at his eyes, feeling the two soft lips on his lips pressing him. The touch is very delicate.

Just now, my body was still feeling hot. Now it's more like a fire.

Bai Xia immediately propped up his shoulder, pulled back, a pretty face red, and said to him, "I'm sorry, I'm sorry..."

Xing Yifan bit his thin lips and smiled, "is this the strong kiss in the legend?"

"Eh? No I didn't mean to kiss you Bai Xia's face is so red that she feels embarrassed!

After hearing this, Xing Yifan's good mood just now has been reduced by some points, and he doesn't want to kiss him forcefully? So she hates the kiss?

"Forget it, I don't blame you." Xing Yifan is also rational return, do not deliberately think about other!

"Yuduo, do you want to take a bath or not! I'm so dirty. If I'm not good, I'll beat you! " Bai Xia immediately put the flowers back into the water, which tone, there is a delicate state.

Xing Yifan looks at each flower and cooperates obediently. He only looks at him with big, watery eyes, as if he is asking for help.

Xing Yifan also reached out his hand and gently stroked his cerebellum pocket, saying, "listen to my mother's words."

After listening to this, Bai Xia can't help but chuckle and smile. He just feels funny and dare not say anything more.

Xing Yifan glanced at her, only to see that Bai Xia was still blushing and clenching his lips because of his shyness. Xing Yifan could not help but stare for a few seconds.

If he could, the kiss just now, he would like to stay longer.

"Good news for you." Xing Yifan said to the girl beside him.

"Eh? What's the good news?" Bai Xia asked in surprise.

"That was my first kiss!" Xing Yifan announced with his eyes narrowed.

Bai Xia immediately stared at her eyes. She had just lost her blush and was dyed red again. At this moment, even her eyes were too shy to look at him.

"I'm sorry! I didn't mean to." Bai Xia is really embarrassed.

Xing Yifan suddenly became curious and asked, "is this your first kiss?"

Bai Xia buries her head and bathes for each flower. Listening to this question, she nods gently.

Xing Yifan didn't know why. He ignited the most joyful nerve in his heart. He reached out to touch many flowers. At the same time, Bai Xia's hand reached out. He didn't respond for a while, so he held his hand.

Bai Xia immediately drew her hand. Today she is going to die of shame.

Finally, I cleaned them up. Xing Yifan came out with the wet little guy and went to the balcony to blow his hair. Bai Xia was cleaning up in the bathroom.

After cleaning up, she looked at herself in the glass mirror. She reached out and stroked her pretty face. For the kiss just now, she wanted to cry without tears.

After Bai Xia finished cleaning up, he saw a half dried cat in the man's arms on the sofa on the balcony. He cooperated with him lazily. Soon, the clean hair color appeared, very beautiful.

Bai Xia sits on the sofa. Xing Yifan sends flowers to her arms. He cleans them up.

White summer in the dark gently patted one after another, quietly scolded a sentence, "bad one after another, all blame you."

"Meow..." Dorothy didn't know what she had done wrong.

Chapter 1053

She happened to be caught by Xing Yifan through the glass mirror. He couldn't help picking up the corners of his mouth.

Bai Xia's mobile phone rings. She picks up her mobile phone and looks at it. It's the editor in chief. She dare not neglect to pick it up. "Hello! Boss. "

"Miss Bai, can you update it earlier today! Those readers are urging us to change! Your cartoon is popular this time. Everyone is looking forward to the next wonderful content! "

"Oh! I try to be early. " White summer should say.

After hanging up the phone, Bai Xia put them on the sofa and said to the man coming out of the bedroom, "I have to go back to work, you take care of them."

"Well! Go! Work early, don't stay up late at night. " Xing Yifan's opening order.

"Good!" Bai Xia replied with a smile and went back to work in her room.

Xing Yifan sat on the sofa, and after a while, his cell phone rang. There was a voice of blue Qianchen, "is there a big case that you can't answer?"

"How big?"

"Involving two billion financial fraud cases, it happened to be an uncle I knew. He asked me to recommend powerful lawyers to him. I thought of you first."

Xing Yifan just thought about it for a few seconds and replied, "OK! I'll take it. "

"My uncle wants to see you today."

"Good! I'm going out now. You can make an appointment. "

"All right!" Blue thousand Chen answers.

Xing Yifan gently stroked the flowers in his arms, showing the tender side of the iron man. He picked up the little guy, pushed the door open, and knocked on the door of Bai Xia's house.

Bai Xia just didn't start. When she heard the knock, she hurried to open the door. "What's the matter?"

"I'll take care of you. I have something to go out today." Said Xing Yifan.

"Good! Give it to me, you can rest assured. " Bai Xia held each flower in her arms and looked at him. "Will you come back for dinner in the evening?"

"It depends! If you don't come back, I'll call you. " Xing Yifan stared at her.

Bai Xia has a hot face. How can it be like a way of getting along with her boyfriend and girlfriend!

"Good! Just send me a message. " Bai Xia said with a hot face, ah! He can't come back. What does she ask!

"Good!" Xing Yifan replied and turned to enter his room.

Bai Xia closed the door and was embarrassed.

Xing Yifan returns to his master bedroom, where there is only a small cloakroom. He brings several suits from the villa.

After a while, the man stepped out of the master bedroom was already in a straight suit, with a dark green wristwatch shining on his wrist. He had a strong elite atmosphere.

Xing Yifan picks up the car key and pushes the door out. When he passes by the door of Bai Xia's house, he takes a look and walks towards the elevator.

LAN Qianchen asked for a quiet coffee shop that was very suitable for conversation. Sitting beside him was a businessman in his early forties, who was full of the smell of a successful man. This time, he wanted to sue a good brother before him, but now he has become an enemy.

When he looked at the young man walking in, he was shocked. The good brother introduced by LAN Qianchen was younger than he thought!

He thought that those who came out of the profession of lawyers, who had some experience, had to start at the age of 30!

But the man in front of him, who is only twenty-five-six, is not afraid to look down on his calm self-confidence.

However, LAN Qianchen just told him the identity of this young master Xing. He had the bottom of his heart. He was the second young master of Xing group! It's true that heroes are young!

"Yifan, I'd like to introduce you to my father's friend Chen Liang, who is also an uncle I respect very much." LAN Qianchen rises to introduce.

"Hello, Mr. Chen." Xing Yifan reaches over.

Chen Liang immediately took his hand and looked respectfully, "Hello, master Xing!"

"Just call me anything." Xing Yifan said politely.

"Good! Then I will call you Yifan! I also have a headache in this case! Thanks to Qianchen recommending you to me, I feel hopeful. "

"Uncle Chen would like to talk about this case with me first!" Xing Yifan sat down. He was most interested in the case itself.

LAN Qianchen looks at Xing Yifan's face and is full of interest. He thinks that as long as he is interested in something, the case will be half won.

The conversation passed unconsciously, and Bai Xia, who painted at home, has completed half of her work. Her current work is basically to record her and Xing Yifan's life, and today's kiss event is also painted by her.

Just when drawing the picture of two people kissing, all she had in mind were the feelings with Xing Yifan for a few seconds.

Just feeling the blank of her brain, something exploded in her heart, which made her heart stop.

However, at this time, when he thought of Xing Yifan, she thought, would he lie to her!

How could he be the first kiss? Last time I saw him take the girls home! If she didn't hide there, he might not know what happened that day.

Thinking about it, Bai Xia suddenly gets upset. He even lied to her! Also let her own honest confession, she had to be the first kiss!

It's six o'clock in the evening unconsciously. Bai Xia is waiting for Xing Yifan's message with her mobile phone. If he doesn't go home, she will cook the frozen dumplings she bought.

Because of the complexity of the case, LAN Qianchen asked Xing Yifan to have dinner together in the evening, and Xing Yifan agreed.

Just, he quickly thought of one thing. He picked up his cell phone and said to LAN Qianchen, "I'll make a call."

Then he got up and walked out the door.

This makes blue thousand Chen a little surprised to see him, what telephone need to carry him to make! Is there any secret between them that he can't know? LAN Qianchen really has some complaints.

Is this the treatment of a good brother?

Although Xing Yifan can send a message, he doesn't want to do it. He wants to hear her voice.

Bai Xia is at home holding flowers in her arms. Her cell phone rings. She picks it up and sees that Xing Yifan called in.

She quickly picked up the answer. "Hello, are you coming back for dinner?"

"You may not come back. Don't wait for me. Is there anything to eat at home?" Xing Yifan asked.

"Yes! I have frozen dumplings! I'll cook it later. " Bai Xia laughed.

"That's what you eat?" Xing Yifan is slightly surprised.

"Yes!" Bai Xia laughed.

"Forget it, you don't have to cook it. I'll have the restaurant pack up and send it to your house later." Xing Yifan feels that she is too aggrieved to have such a coping dinner.

Bai Xia hurriedly said, "no, it's too much trouble."

"No trouble! You wait at home! It's about seven at the most. " Xing Yifan finished and hung up.

Bai Xia had to wait at home. When Xing Yifan came in, LAN Qianchen took the opportunity to whisper, "what are you doing, mysterious God?"

"Nothing." Xing Yifan shakes his head.

LAN Qianchen thinks that Xing Yifan must have something to hide from him. Hum, when he is free, he must be torn down.

Xing Yifan chooses a new restaurant, which is close to Longjuyuan, so that he can send the restaurant to Bai Xia's home as early as possible.

Xing Yifan comes to the front desk and orders while LAN Qianchen and Chen Liang are talking about things.

Bai Xia sat at home. At about seven o'clock, it was delivered as expected. At the first sight, the lunch box was still very high-grade packing and the dinner was also very rich.

There is a dinner, snacks, desserts, fruits, she can not help but secretly wow, what a high-level dinner!

It must have come from a very expensive restaurant! Bai Xia's heart is sweet. At this moment, she is really hungry.

Eating and thinking, OK! Forgive him for cheating her on the first kiss!

Who made him nice to her?

Xing Yifan always talked about coming back late. About 9 o'clock, he stepped out from the direction of the elevator. Because there was no nest in Bai Xia's house, he had to take them home to sleep.

He rang the doorbell.

Bai Xia had a bath now and was drawing in her pajamas at home. When she heard the doorbell, she rushed over. Looking through the cat's eyes, she opened the door in surprise.

The man outside the door is not dressed casually, but in a formal suit, handsome and awe inspiring. The dark gray suit on his slender and charming body is just damned charming.

Because Bai Xia is short of material for his suit, she stares at Xing Yifan who is greedy outside the door.

"What are you looking at?" Xing Yifan squints.

Bai Xia's reaction is just now. She has been staring at him for too long. She laughs, "it's nothing. Do you want to pick them up?"

"Well!" Xing Yifan nodded.

As soon as Bai Xia let him in, she found that she was wearing cartoon pajamas and had not yet worn a bra. She was so embarrassed that she encircled her arm. I hope he didn't find out.

"The flowers are in my room. I'll take them out." Bai Xia finished, rushed into the room and carried out the flowers on the quilt.

In front of him, xingyifan reached out to pick it up. They struggled for a while. Xingyifan, fearing that it would fall, immediately put his hands around it.

His palms were in one embrace, and he inadvertently wiped Bai Xia's chest.

Bai Xia's pretty face is hot. He reaches for his hand and encircles himself. Xing Yifan's eyes come here. Although she encircles her, he knows that she has nothing to wear under her. It's quite big.

Chapter 1054

Bai Xia has been in Xing Yifan after going out half ring, just shy holding chest thump.

Where was his eyes just now? Bai Xia looked down at herself and couldn't help crying. Last time she saw the girl he brought home, she seemed inferior to others!

Bai Xia breathed a sigh, and his mind flashed the appearance of Xing Yifan's suit just now.

It seems that her comic hero tonight can have a new shape.

This evening, Bai Xia went to bed early because she didn't want to miss the breakfast at eight tomorrow.

However, Xing Yifan was working overtime because he wanted to sort out the case in his hand. He sat in his study and only turned on a desk lamp. His thick long eyelashes were like two rows of dense fans covering him, leaving a shadow.

Xing Yifan unconsciously has seen the data until about 3 a.m., he has a look at the wristwatch, he has sorted out the data, got up and went to the bathroom.

It's about 4:00 a.m. when Xing Yifan came out of the bath, he was lying in bed. He thought he could fall asleep, but inexplicably, what appeared in his mind was the seconds when Bai Xia kissed him in the bathroom today.

At that moment, his brain was also a little blank, but when her red lips touched, he found that the girl's breath was so sweet.

The soft touch, jumping at the top of his heart, makes him want to continue to taste, meaning is not enough.

Xing Yifan is resting on his arms. Under the dim yellow light, the chest of his nightgown is half open, and the solid and strong chest muscles of bronze are shining with sexy and charming luster.

He is not that 15-year-old boy, he is 26 years old, nearly 27 years old birthday, he exudes the atmosphere of maturity.

Xing Yifan closes his eyes, but in his mind is Bai Xia's smile, her voice and everything about her, which makes it difficult for him to fall asleep again, because his body is too hot to bear because of thinking about this woman.

He had to get up again and take a cold bath. In winter, he took a cold bath, which is something ordinary people dare not do.

In the morning, Bai Xia's alarm clock is set to 7 o'clock. She opens her eyes and has a pair of clear water eyes. It is clear and bright when she sleeps fully. She stretches her back. For her, it's like a good date every day to invite Xing Yifan to have breakfast in the morning.

Although, it's just a breakfast.

Usually she lives at home alone, and she doesn't care about anything beautiful or not, as long as she has enough to eat and is comfortable to wear. But at the moment, she found that she didn't even buy a new dress or skirt in her wardrobe.

Bai Xia sighed and knew that she would buy more skirts. However, the weather outside is still a little cold. She should buy some fashionable windbreaker and so on.

Bai Xia sat in front of the dressing table and took up the eyebrow pen to trace. In the mirror, her skin was shining with a kind of white luster, as if she had drunk enough water. The water was tender and elastic.

Bai Xia didn't care whether she looked good or not before, but now, she hopes she looks better.

When smiling for the nth time in front of the mirror, Bai Xia suddenly bit her lips and thought shyly, what is she doing!

Are you really ready for a date?

At this time, she took a look at the time. Wow, it's seven fifty-seven. Bai Xia quickly grabbed the bag and pushed the door.

She thought, Xing Yifan may not have come out yet! But after she pushed away, she found that on the opposite wall, Xing Yifan was dressed in a suit, resting on the wall with his eyes closed. His hair was well groomed, and his features were as sharp as sculpture. His thin lips were slightly pursed, which gave off an attractive feeling of kissing the past.

The sound of Bai Xia's pushing the door woke him up. Suddenly, the covered long eyelashes opened, and a pair of deep but apparently bloody eyes stared at him.

Bai Xia slightly stared at his eyes, "didn't you sleep well last night?"

Xing Yifan doesn't want to admit it, but Dan Ying says, "it's OK."

Bai Xia doesn't know whether she is worried or distressed. She is domineering, "you are not allowed to stay up late."

Xing Yifan's sword eyebrows are slightly selected. He hooks his lips and smiles. Does this girl take care of him? He didn't answer in the direction of the elevator.

"Do you hear me! I didn't stay up late. " Bai Xia said after his back.

Xing Yifan stood at the door of the elevator and looked at her sideways. "OK."

This time, Bai Xia can't help puckering up the corners of her mouth, bending her lips and laughing. It's like a sense of achievement.

After breakfast, Bai Xia plans to choose several clothes to wear alone. Xing Yifan wants to go to Chen Liang to find out about the case because of the case.

Bai Xia takes Xing Yifan's car to a shopping mall.

"Thank you! You go to work! " He waved in the white Xia Dynasty.

"Call me if you need anything." Xing Yifan told her, as if Bai Xia was a simple abducted child in his eyes. Bai Xia smiled and nodded, "OK! Go to work! "

Seeing Xing Yifan's car leave, Bai Xia also turns around happily and goes to the direction of the shopping mall.

Xing Yifan went straight to Chen Liang's office, and Chen Liang also prepared more materials for him to discuss. When Xing Yifan sat down, Chen Liang put a pile of materials in front of him. "This is the account book we need to use in this case. It's quite a lot. It's about two years. Young master Xing, please have a look."

"Well! Just find me a quiet office. " Xing Yifan looked at the documents and said calmly.

"Do you need two assistants in line?" Chen Liang asked aloud.

"No need." Xing Yifan refuses. When he works, he doesn't like to be disturbed by others.

Chen Liang found a quiet office for him. Xing Yifan turned on his computer and began to read documents from the beginning. He had a natural sensitivity to numbers, as if he was suitable for dealing with them in his life.

Time is running away unconsciously. Xing Yifan is writing a document. Suddenly, he hears the sound of rain hitting the glass from the window behind him. He can't help but look up and see that the world outside the window is already a pouring landscape.

In Xing Yifan's mind, it immediately occurred to him that Bai Xia, who was thrown at the gate of the mall today, was still in the mall in such a heavy rain!

Unfortunately, Bai Xia has come out of the shopping mall now. She is waiting for the bus to go home, but the rain is too heavy. In addition, there are many people, she has to wait for the bus. She is now huddled on the bus platform with a group of people. Her slim figure has been wetted by the rain.

At this time, she heard her cell phone ring, she picked up a look, not from a happy, is Xing Yifan call.

"Hello!" Bai Xia can't help picking it up in a hurry because she bought too many clothes at one time today. At least five clothes and bags make it inconvenient for her to answer the phone.

"Where are you?" Xing Yifan's deep voice came from that end.

"Well I'm at the bus stop! " Finish saying, because Bai Xia is squeezed by a person for a while, she stepped on the person behind her, she turns around and is very sorry to face that humanity, "I'm sorry Ah Don't squeeze

On the other hand, Bai Xia also reminds the people in front of her because she is about to be squeezed into the rain.

Xing Yifan listens to her embarrassed voice line, his voice line immediately anxiously a few minutes, "which bus stop?"

Bai Xia looked up and said, "it's right at the gate of the shopping mall. It's OK. My bus will arrive soon. Are you finished?"

"Stay out of the rain and wait for me." Xing Yifan's voice line came firmly.

"Eh? You're coming! No, it's raining hard. Don't come here. " Bai Xia urged quickly.

"Find a place to hide." Xing Yifan orders again and hangs up.

Bai Xia immediately holds the mobile phone and is stunned. Does he mean that he will still come here?

Bai Xia looks at the rain pouring down beside her. The cars on the road are frantically brushing the wipers, and they are crawling like a turtle.

At this time, Bai Xia really doesn't want Xing Yifan to come here, because it's not safe to travel in such a heavy rain!

At this time, another bus came and a group of people came down. At the same time, there were also people pouring into the bus platform from the rain. Bai Xia's position was in danger. She's already feeling a little chilly on her back.

Chapter 1055

In a company's underground parking lot not far from the mall, a black cross-country vehicle rushed out, just like a sharp blade cutting through the dense rain, straight to the direction of the mall.

Xing Yifan's eyes narrowed firmly. When his eyes passed a nearby bus station, the crowd of people hiding from the rain, he could not help but think that Bai Xia was also in it. She was so thin, and now she would be drenched in soup.

Bai Xia is really going to get wet at the moment. She sees a big mother with a child suddenly squeeze over. Bai Xia is not willing to earn a position. She steps back and gives a small area that can cover the rain to the mother and the child, while she holds up a clothes bag to cover her head.

Next to the taxi will not stop at all, probably do not want to sports car at this time!

The bus station is very open and far from the shopping mall. No matter where you go, you need to walk for a while and get wet all over because of the heavy rain.

It was as if someone was pouring down on top of his head.

There was also a piece of water on the ground. At this time, a car, regardless of the people in the bus station, drove over and directly splashed a piece of water on the crowd, and Bai Xia became a member of the bad luck.

Her clothes were almost wringing out of the water. In the midst of scolding, her eyes shrouded in rain looked in the direction of the way.

She is waiting for Xing Yifan's car. She has a firm idea that he is coming. Why did he come in such a heavy rain?

Bai Xia has been waiting for more than ten minutes. In fact, as long as he comes, she will stand here and wait for him in the rain.

Twenty minutes later, finally, in the group of cars with double flashing, suddenly a very aggressive off-road vehicle drove to this side. The black body looked so tall and dazzling, and the flashing lights seemed like the eyes of the devil.

Although I can't see the license plate clearly, there is a kind of affirmation in Bai Xia that it is Xing Yifan's car.

Xing Yifan saw that the station platform was full of people in the wipers. At this time, his eyes locked on the girl who had been drenched in the rain.

She held a bag on top of her head, all exposed in the rain, but he saw her eyes looking at him excitedly, and Bai Xia reached out and waved at him.

Xing Yifan still didn't stop at the bus stop. He drove out for 50 meters before stopping. At this moment, he couldn't find an umbrella at all. He picked up his suit and put it beside him and pushed the door to get off.

His slender figure stepped into the rain. He came over with his suit and coat tightly protected. His dark shirt got wet in a flash.

At the moment, Bai Xia was so moved that she wanted to cry. Looking at the man running towards her, who was all wet, she rushed to him, even though it was only fifty meters away.

But in the cold rain, it's a long distance.

"Xing Yifan..." Bai Xia called his name because he was worried about his wet clothes.

As the two approached, Xing Yifan raised the suit in his arms and directly spread it over her head. With a natural grasp of his arms, he took the woman who was wet all over to the front passenger seat of his car.

Bai Xia's shoes are already wet. She can't care about them in the street that has become a river.

Xing Yifan pulls out the copilot's seat and sends her up. Bai Xia takes the bag of clothes and puts it in the back carriage.

At the moment when the door closed, Bai Xia's eyes watched him anxiously as he walked around the car back to the driver's seat.

At this time, Xing Yifan was dripping water all over his body. His hair, which had been treated very well in the morning, had been drenched by the rain on his forehead, and his facial features were also wet with water drops.

"Wipe it." Bai Xia took out the paper and put it on his face.

Xing Yifan looked up and saw that she had no time to wipe herself, so he wiped her face. He clasped her wrist and said, "wipe yourself first."

With that, he leaned over and buckled the safety belt for her. After he had buckled it, he stepped on the accelerator and drove to their neighborhood.

"I'm sorry You're all wet. " Bai Xia really blamed himself, because he was all wet when he came to pick her up.

Xing Yifan turned to look at her. "I'm ok, and you don't have to blame yourself."

No one expected that such a rainstorm would come. Some people were caught off guard.

But Bai Xia's heart still blames herself! She can't care about her drenching at this moment. She feels distressed when she sees him drenched.

Because he was so noble and elegant, he was like a prince, but he suffered such a crime.

"Yawn..." Bai Xia suddenly sneezed loudly. At the same time, because of the cold, she shivered around her arm.

Now I realized that it was really cold to get wet in winter! Xing Yifan immediately turned on the heating to the maximum, but still couldn't save the cold at the moment.

At this time, Xing Yifan's car drove into the underground parking lot of the community, and Bai Xia had sneezed several times.

The car quickly stops at the position. Xing Yifan pushes the door to get out of the car, and quickly steps to the front passenger seat. When Bai Xia pushes the door to get out of the car, she is very slippery because she doesn't step on the pedal. Her wet sole suddenly slips. She exclaims and pounces at the man at the door. Xing Yifan quickly put his arms around her waist and pressed her tightly into his arms.

The two wet bodies are closely touching each other. Bai Xia gasps a little. Looking up, she sees Xing Yifan's eyes staring down. She takes a shy step back. "Thank you."

"Go back and have a hot bath." Xing Yifan finished, clasped her wrist and walked toward the elevator.

Bai Xia can't take any clothes now. She's really going to die of cold.

Once in the elevator, Bai Xia was looking around at the man with wet clothes. His dark shirt was close to his body. He could see his six strong muscles. Seeing more than two eyes, Bai Xia's heart began to jump. Finally reached the 18th floor, Xing Yifan opened the elevator, his hand immediately clasped her wrist and led her out.

Bai Xia opened the fingerprint lock and turned to him and said, "thank you, Xing Yifan."

"Don't say that again. Take a bath." In Xing Yifan's eyes, there is a clear flash of worry about her.

Bai Xia pushes the door in, and she also runs into the bathroom. She takes off all her wet clothes and shoes. Standing under the shower head, her shivering body feels surrounded by warmth.

She sighed softly and stood in the warm water. In her mind, it was Xing Yifan who just opened the door in the rain and rushed to her recklessly.

At this moment, Bai Xia's tears burst into her eyes, not water drops, but her tears, moving tears.

Because from childhood, she has not been so valued by one person for a long time, even her father has not done such a thing for her, but Xing Yifan has done it.

In the nearby bathroom, Xing Yifan is also taking a bath. He is all wet, but he doesn't regret it.

If he doesn't come and look at the chaotic scene, she may not even be able to get on the bus.

Inexplicably think of her standing next to the bus platform in the rain, her delicate figure let him at that moment, suddenly have an idea, if you can, this life, he wants to protect her around, avoid her panic, avoid her wind and rain.

Apart from his family, Xing Yifan never had such a strong desire to protect a girl.

Bai Xia finally took a hot bath. When she came out, she was a little dizzy. She poured a cup of boiled water and sat on the sofa in a thick coat. She reached out and touched her forehead.

I don't know if it's the reason why she just took a bath. She thinks her forehead is a little hot. It must be the reason why she just took a bath!

White summer thinks so, also have self-confidence to own body, won't drench this rain to get sick.

Just then, she heard a knock on the door. She didn't need to think about who it was. She hurriedly got up and opened the door.

The door opened, and Xing Yifan stood outside. He had changed into clean clothes, and his hair was still wet. Apparently, he came here without drying.

"How are you? How are you! " Bai Xia looked up and asked him.

Xing Yifan saw that she had just been caught in the rain, but now she had a red face in the white. He twisted the eyebrow of his sword, and his big palm came to him.

The hot temperature, damn it, is really hot.

Chapter 1056

Bai Xia looks at the man's big palm, but she is stunned. Looking at Xing Yifan's brow tightening, she immediately says with a smile, "I'm ok!"

"You're hot." Xing Yifan opens with a low voice.

"Eh? Really? I don't have a fever. " Bai Xia blinks and touches himself. It's just a little hot! Even though she is dizzy and distended, she doesn't feel uncomfortable!

"Do you have a medicine chest in your house?" Xing Yifan asked.

Bai Xia can't help thinking, shaking his head, "it seems that there is no one."

And Xing Yifan didn't prepare either, he said to her, "wait at home, I'll go to the drugstore."

"Xing Yifan..." Of course, Bai Xia doesn't want him to run again! Because she really doesn't think she's anything.

But Xing Yifan's figure is already by the elevator. Seeing that she hasn't closed the door, he looks back and says, "close the door."

"Oh!" White summer had to answer a, shut the door, she sat on the sofa, propped up her forehead, probably she did not overheat for a long time! So, I didn't know that I was feverish.

"Yawn." Bai Xia sneezes again and again. She wears thick pajamas and sweats all over. Why does she still feel cold?

She was around her arm and had to admit that maybe she was really hot.

Ten minutes later, the doorbell rang. Bai Xia knew immediately that Xing Yifan rushed to open the door.

Quickly let the man outside the door frown directly, he has no good airway, "you don't make sure the person outside the door, so eager to open the door?"

"I know it's you!" Bai Xia has some wronged answers.

"What if it wasn't me?" Xing Yifan stepped in, but his tone was unhappy.

If it's a bad person, she runs to open the door so quickly, she doesn't worry about her own safety?

"Oh! Then I'll open the door next time I see it clearly." Bai Xia thinks his worry is reasonable.

Xing Yifan sat on the sofa, took out the thermometer and gave it to her, "take it."

Bai Xia takes it, it's an electronic thermometer. She clips it under her arm. Xing Yifan goes to his water dispenser, picks up a pair of lovely pairs of cups beside it, and brings two cups of warm boiled water directly.

Bai Xia immediately blushed. When she bought the cup, it was because it was a couple cup. When they were together, a man and a woman were kissing each other with tiny red lips. It was very creative.

At the moment, Xing Yifan and Bai Xia's cup are leaning against each other, which seems ambiguous without any reason.

This is the thermometer ring, she took out a look, 38 degrees five, as expected fever.

"How much?" Xing Yifan sat opposite and asked her.

"Thirty eight five." Bai Xia said, but also optimistic smile, "fortunately, it's not a high fever."

Xing Yifan took the medicine, and he began to put it in front of her with several medicines. "Take the medicine."

Bai Xia is the one who is most afraid of taking bitter medicine. She covers her nose and stares at the medicine, as if she has some deep hatred.

Xing Yifan took a drink of water, leaned back against the sofa, squinted and stared at her, "too bitter?"

"It's hard." Bai Xia really hopes to have a more relaxed way to reduce the fever.

"Can I post a decal?" Bai Xia asked, apparently as if he had bought it.

Xing Yifan picked up the eyebrow slightly and said, "if you want to take the medicine, you need to paste the antipyretic paste."

Looking at the medicine, Bai Xia immediately thought of something. He got up and went to the room, took out some sugar and put it on the table. He also handed him one. "Do you want to eat sugar? It's delicious."

Xing Yifan's eyes are obviously refusing, and his thin lips spit out two words, "no need."

Bai Xia took apart one and put it, then took up the pink cup, put the medicine in the palm of his hand and swallowed it. After swallowing it, he quickly picked up the sugar and put it into his mouth, which was a relief.

Xing Yifan laughs. Such a big man is afraid of taking medicine?

Bai Xia took the antipyretic sticker, tore it up and pasted it on her forehead. After pasting it, her face became more delicate and delicate, and even had a morbid delicate beauty.

Xing Yifan's eyes, drinking water, are dark for this reason.

At this time, Chen Liang's assistant confirmed the elevator of his home, took out his mobile phone and dialed Xing Yifan's number. He came here to send him information.

This is also the investigation data that Xing Yifan left in the office just now. Xing Yifan looks at the mobile phone and picks it up

"Master Xing, I'm at the door of the elevator."

"Just a moment." After Xing Yifan finished speaking, he hung up the phone, pushed out the door and saw the assistant with the information. Xing Yifan took over the information and the assistant also left.

Xing Yifan went directly to Bai Xia's home with the information and didn't return to his home to work.

Bai Xia has finished the medicine now. Maybe the ingredients of the medicine have the effect of sleeping! She only felt the heaviness of her eyelids.

But Bai Xia didn't want to go back to her room to sleep. She thought of a small quilt. She got up and went to the cupboard to remove the quilt and went to the sofa. After Xing Yifan sat down, he piled up the materials on his clean desk, obviously ready to work in her home.

"I'll sleep here. Will it disturb you?" Bai Xia asked in a low voice.

Xing Yifan shook his head. "You sleep!"

With that, he began to take his notebook, while looking through the information, while quietly taking notes.

Bai Xia couldn't sleep for a while, blinking at his serious work. Although he was only wearing casual clothes, his elite wisdom was so strong and fascinating.

It's true that men at work are the most handsome and sexy!

Bai Xia began to design his hero in his mind. Xing Yifan is the real hero, and her hero's image is also very plump. No wonder a bunch of fans are urging her to update now!

Bai Xia was just thinking about it, so she was very sleepy. She had a comfortable position and fell asleep peacefully with her hands on her pillow.

Xing Yifan's long fingers were slightly touched, his deep eyes slightly raised, and he saw the sleeping face facing him.

The soft yellow quilt cover, and in the heat of her, light blue decal, her face protein red, pink like peach blossom, as if there is a feeling of tender water.

Xing Yifan suddenly has an impulse to pinch her face. Is it really so tender.

His eyes can't help but wantonly fall on her slightly moving red lips. Under the heat, her two lips are as red as blood, as if wearing rouge.

Xing Yifan swallowed for a while, picked up the pink cup beside him and drank up the cold water inside.

Just now, it was the brain with quick thoughts. At this moment, there were some cards inexplicably. Xing Yifan thought helplessly. In this case, he would better not work first! Otherwise, if something goes wrong, it will come back.

He closed the computer, put the data back into the bag and got up. He couldn't help coming to Bai Xia's side, squatted down to look at her, and saw her sweating all over.

After a cold and sweaty summer, I felt very cold and curled up in a thin quilt.

Xing Yifan is slightly shocked. Is she cold?

Judging from Bai Xia's constant encircling action, she was really cold. Xing Yifan couldn't help but get up and take the girl wrapped in the quilt directly into her arms to warm her.

Bai Xia's back rests comfortably in his arms, just like a child sleeping in his mother's arms.

Bai Xia's coldness was suddenly dispelled because of the embrace of the man. With the man's temperature infecting her, she slept very peacefully.

Xing Yifan lowers his head, because at the moment, Bai Xia is sleeping in his arms, he bends down, and Bai Xia's red face is in the eyes, and his red lips

Xing Yifan's once proud restraint seems to have a tendency of digging. At this moment, he has a feeling of being attracted and wants to kiss her red lips.

Bai Xia sleeps heavily at this time. He doesn't know that he sleeps in the man's arms, or that this beautiful face is only half a palm away from her.

Her long, fan thin lashes are clearly covered under her beautiful eyelids. Under her pretty nose, her lips are perfectly angled, with charming heart-shaped arc.

Full and moist

Just appreciate it, you can imagine how sweet it will be after touching it. Xing Yifan seems to be bewitched by some magic spell.

Like a thief, he touched her red lips lightly with his thin lips.

Chapter 1057

Xing Yifan also because of last night's lack of sleep, coupled with the intensity of work, so that he holds Bai Xia, also can't help leaning his head on the sofa, feeling sleepy.

After a while, the two fell asleep on the sofa together, Bai Xia was sleeping in his arms, his head was resting in his arms, and Xing Yifan was slightly looking up and falling into a deep sleep.

Outside the window of the rain in the evening, into the patter of light rain, appears particularly dim.

Bai Xia almost woke up. When she was awake, she felt that she was not lying on the bed, but in someone's arms. She opened her eyes directly, in the dim light.

She actually slept in Xing Yifan's arms, and Xing Yifan also fell asleep.

Bai Xia didn't stir, because she didn't want to wake him up, but kept thinking in her mind, when did she sleepwalk into his arms?

Isn't she honest in her sleep? Bai Xia's mind was filled with these thoughts, and just at this time, she woke up the man with just a slight move.

Xing Yifan looks down at her. Bai Xia's big clear eyes directly hit him. She immediately smiles, "it's noisy with you?"

Xing Yifan's palm gently opens her antipyretic sticker, naturally covers her forehead, and probes her temperature.

Fortunately, at this time, the heat of Baisha has subsided a little. It feels like a normal temperature.

"I'm fine." Bai Xia sat up and looked at him with some shame. "Is your hand sour?"

"No." After Xing Yifan finished, he raised his hand slightly, but it was a little stiff. However, he would not let her find out.

Bai Xia turns on the light, and the whole hall warms up. Bai Xia has a look at the time. It's half past six in the evening. However, she has a fever and doesn't feel hungry at all. Xing Yifan also got up and after packing his things, he said to her, "come to my house for dinner in an hour."

"Oh! OK, can I help you? " As soon as Bai Xia's heart warmed, he wanted to help him.

"No, you need a rest." After Xing Yifan finished, he went over with his things.

Bai Xia took a sip of water and went back to her study. When she sat down, she held her chin and thought how she had just slept in his arms?

Before she could figure it out, her cell phone rang. She picked it up and saw that it was her father.

"Hello! Dad. " Bai Xia picks it up.

"Summer and summer, it's cold recently. Go to buy more clothes. Don't be reluctant to spend money. Dad's card is enough for you." The voice of baishize came from that end, probably old, and learned to ask for help.

Bai Xia replied, "well, I know."

"In two days, Dad's company will hold a small party. I want to invite you to come here and have a good time. Don't stay at home all day."

"Dad, I don't like the occasion very much." Bai Xia wants to refuse.

"It's not everyone. It's all my father's partners and subordinates. Come and join us!" Bai Shize still wants to let her go. Because his daughter is so beautiful, he has a great face to take out.

Seeing that Bai Xia could not refuse, he had to say, "OK! I'll be there. "

"Xia Xia, it's time for you to get married in a twinkling of an eye. It's almost your 24th birthday. This year's birthday, my father will accompany you personally." Bai Shize said at that end.

Bai Xia said, "thank you, Dad."

"Xia Xia, my father asked you if you have a boyfriend." Then Bai Shize asked.

White summer across the phone, some embarrassment, she quickly replied, "I have no plans for this."

"Oh! OK, don't worry. Take your time. " Bai Shize didn't ask much, "I'll let my driver pick you up at five o'clock the day after tomorrow. Just dress up and wear a nice skirt."

"OK." Bai Xia replied that she would not have gone if it had not been for her father's request.

After Bai Xia hung up the phone, she was still confused. In fact, she didn't want to get anything from her father, but if ye Jiamei could get angry, she would like to get close to her father.

An hour later, Bai Xia was still drawing. Suddenly, the message came. She picked it up, and Xing Yifan sent two simple words, "come here."

Bai Xia thought, is it done so soon?

Bai Xia tidied up the table, hurriedly came out of the study happily, and went straight to the door of the man beside.

Just as she knocked, the door opened from the inside. Bai Xia was shocked. She saw only warm yellow lights and a man's casual white T. the whole man exuded a kind of beauty and elegance between boys and men.

Bai Xia's heart pounded for several times, and she bent up her signboard smile. "It's cooked so fast."

Xing Yifan turns to let her in. As soon as Bai Xia comes in, she smells the smell of rice fragrance. She leans down to hug each flower in her arms and kisses it. Bai Xia strokes the little guy's head again. Then when she is going to walk towards the table.

Cold not Ding of a male voice came, "wash your hands."As soon as Bai Xia stayed, she looked at the clean man, and she was embarrassed, "Oh! All right! "

Bai Xia is hiding in the kitchen, washing her hands. Her face is a little red, just touching each other! He is fastidious.

Bai Xia washed her hand and sat at the table. She didn't eat lunch either. She was really hungry at the moment.

Xing Yifan's cooking is nothing more than home cooking. However, men have a good command of cooking. Each dish has its own flavor.

As soon as Bai Xia sat down, she handed over a bowl of rice. She quickly picked it up, bit the chopsticks, and smiled, "thank you, master Xing."

Xing Yifan sat down and stared at her. "How big is it to bite chopsticks?"

Bai Xia was too embarrassed to bite at once. She ate well.

"What are you doing now!"

"For others." Xing Yifan said one sentence.

"Wow! You're so good, I can't. I get a headache when I see a book with rules and regulations. " Bai Xia said with a smile, that's why she chose to be a cartoonist, doing whatever she wanted.

"Are you sure you can make money?" Xing Yifan is curious about her career.

Bai Xia immediately said proudly, "there is no problem in supporting myself." After that, she asked carefully, "do you like reading comics? Like those comic books that are popular now, you shouldn't like them! "

"I never look," Xing Yifan said

Bai Xia immediately breathed a sigh of relief. How nice! She hoped that he would never read it in his life, otherwise, if he could see the content of her current comic book, he would not know how angry he would be.

Because her comics began to tell about love, and her setting in the comics was that he was chasing the hostess! Hee hee!

Bai Xia is suddenly curious. What tricks does this man use to chase girls? Or, has he ever loved a girl?

Thinking about it, Bai Xia was even absent-minded when she ate. At this time, a pair of chopsticks came into her wrist.

Bai Xia immediately wakes up and looks up. Xing Yifan stares at her with a slightly unhappy look. He opens his mouth with some inconceivable words, "can you distract yourself from eating?"

Bai Xia was a little embarrassed. If this man knew that she was distracted by him, he didn't know how he would laugh at her.

"That My father just called and asked me to go to a private party in his company the night after tomorrow. I don't really want to go, but he is my father, and I can't refuse him. " Bai Xia told him her troubles.

Xing Yifan's hand is a little tight. What is her father's virtue? He has found out. Private party? Let her go again? What is his father's calculation?

Xing Yifan's eyes looked at the girl with a bitter face and a beautiful picture under the light, and he was worried that the interests of people in the business community were above all else. Even if he sold his daughter, he could not do it.

"You must go?" Xing Yifan squints and looks at the bottom of his eyes.

"I also want to refuse, but my father means that I must go, so I can only go." Bai Xia said helplessly.

Xing Yifan didn't say anything and didn't stop her. Bai Xia didn't want to mention her family either. She smiled and said, "your medicine is really effective. I don't have fever now."

"Remember to go back and take the medicine." Xing Yifan immediately touched her forehead across the hand of the table.

Long arms are good.

Bai Xia immediately asked him to touch her head, and complained, "I'm not hot, I have to eat!"

Bai Xia's head is big when she thinks of medicine. She really doesn't want to eat it.

"It's better to have an injection without eating." Xing Yifan threatens.

"Ah! I don't want it. I take medicine. I'll take it when I go back. I still have sugar! " Bai Xia immediately answers with interest. She is even more reluctant to give an injection.

It suddenly occurred to Xing Yifan that when she was with her sister before, she didn't take any medicine, so she used this move to ensure that she would take all the bitter medicine. Is this move universal to girls?

Chapter 1058

Bai Xia had dinner and didn't leave immediately. She wanted to clean up the table and was rejected by Xing Yifan. Bai Xia had to hold many flowers and stood at the kitchen door, watching the man wash the dishes.

For Xing Yifan, although his family background is good enough to make him do nothing, but after high school, he left his parents to live in a foreign country alone, and formed the habit of doing things himself.

Even many times, he is not willing to show his family background, he is more willing to prove himself, low-key life of his own.

Xing Yifan washed the dishes, turned around and saw the girl behind him. Suddenly, he had an impulse to come and hug her. However, he forbore the impulse.

White summer also just looked up at him, two pairs of eyes in the quiet room touch, white summer immediately some shameful droop eyes touch the flowers.

Under the light, her pretty face was a little white and red, and red was unnatural. Xing Yifan squinted his eyes, and when he stepped out, his clean big palm covered her forehead.

Bai Xia immediately let him feel it, and the temperature just retreated rose again. The fever like her has a continuous process of fever reduction.

Bai Xia looked at his expression, his hand pulled away, she felt it for a while, only to find that her forehead was hot again.

"How can it get hot?" Bai Xia is a little upset.

"Go back and take your medicine!" Xing Yifan said, holding each flower from her arms to the sofa, put it down, turned to her and said, "do you believe me?"

Bai Xia looked at him puzzled. "What do you believe?"

"I want your door code." Xing Yifan's eyes are deep.

White summer immediately brain blank a few seconds, want her door code? Bai Xia is a little confused, but her first thought is not to refuse, because she believes him.

Xing Yifan's tone was low. "Won't you give it?"

Bai Xia blinked and nodded, "OK! I Sometimes when I'm not at home, you can also look after me, right

She thought that she had to make up a reason to agree with him! Otherwise, if she answers so willingly, will he think she is very casual!

Xing Yifan suddenly stepped over, clasped her hand and went to his door. When Bai Xia didn't know what he was going to do, Xing Yifan opened the door and stood in front of his advanced fingerprint lock. His long fingers were operating there. After a while, he said to Bai Xia, "press the big mother's fingers up!"

Bai Xia understood that he wanted her fingerprint to be recorded in his door lock! Bai Xia hesitates, only hears a deep laugh, "why? Don't you show me the house? "

Bai Xia chuckled, "OK! I'll take care of your home while you're away. "

Then she reached over and recorded her fingerprints. From now on, she can enter his home at will, and he can enter her home at will.

This What does that matter?

Soon, I came to Bai Xia's house and recorded Xing Yifan's fingerprint. From now on, though they are separated by two doors, they can enter each other's house at any time.

After recording, Xing Yifan poured a cup of warm boiled water for Bai Xia at her home and put the medicine on the table, "remember to take the medicine and have a rest after eating."

"Oh! OK, thank you! " Bai Xia is really grateful that he is like a warm brother, taking good care of her.

After thinking about it, Bai Xia suddenly had an impulse. She blurted out and said, "Xing Yifan, can I recognize you as the eldest brother?"

Xing Yifan's figure suddenly froze for a few seconds when he quickly stepped to the door, and he did not return, "no way."

Then he opened the door and went out.

Bai Xia was rejected, which made her slightly shocked, why not! Does he want to be a friend?

This evening, Bai Xia did not go to bed after eating the medicine. She also wrote a plot on the bed, just recording her relationship with Xing Yifan.

At half past ten, she was so sleepy that she fell asleep.

In a study next door, Xing Yifan is sitting under the desk lamp, sorting out the materials. Under his slightly twisted sword eyebrows, his pure and introverted eyes are shining with calm and wise luster.

He is surrounded by complex business statements, which are mixed with Chinese and English materials. For him, there is no pressure.

When Xing Yifan saw the information at 1:00 in the morning, he drank a glass of water and looked up at the time. When he closed the computer, he emptied his mind, and at the first time, he began to care about Bai Xia. He didn't know whether she was sleeping or not, or whether she was hot.

Although Bai Xia had some fever after taking the medicine, it was not serious.

Early in the morning, Bai Xia got up at 8 o'clock. She touched her forehead, which was not very hot. She took her temperature and had a low fever of 37.5.

Bai Xia also didn't want Xing Yifan to worry about it. She took the medicine early in the morning. At this time, there was a knock outside the door. She immediately got up to open the door and looked at the cat's eye. It was Xing Yifan.

"Good morning!" She opened the door and looked at the man in a formal suit. He was tall and straight with a white shirt and a dark thin lattice tie, which made him exude a kind of ascetic elite temperament. The expensive wristwatch on her wrist sparkled with blue and cold light, which matched him very well. "Where are you going?" Bai Xia asked curiously.

"After breakfast with you, I'm going to see some guests." After Xing Yifan finished, he looked at his wristwatch and said, "I'll send you back before nine o'clock."

"Are you short of time? Then I'll eat at home! Go ahead and do it! " Bai Xia doesn't want to embarrass him. She's not a child.

In fact, only in front of Xing Yifan, she is taken care of like a person who can't take care of her own life. In fact, she lives like a wild grass, which can grow everywhere.

"Enough time, go out!" Xing Yifan is willing to accompany her to breakfast.

Bai Xia rushed into the room immediately, grabbed the bag and came out. In fact, she was worried about his time.

"When you come back, please go to my house and feed Duo Duo." Xing Yifan enters the elevator and tells her.

"All right, give me flowers." Bai Xia smiles. Fortunately, there are not many elevators in the morning. He arrives at the parking lot all the way. Xing Yifan's car drives out of the underground gate of the community and towards the nearby breakfast shop.

Sitting in the early restaurant, the meal was also very fast. Bai Xia had a good appetite in the morning. Xing Yifan looked at her and asked, "is she still having a fever?"

"Thirty seven five, I took the medicine when I came out. It should be ready soon. Don't worry about me." Bai Xia replied with a look up.

"Take the medicine at noon." Xing Yifan asked.

Bai Xia immediately chuckled, "why am I in your heart, like a three-year-old?"

Xing Yifan's eyes narrowed a little. He did intervene too much in her life, and he didn't know why. In his eyes, it seemed that she was really like a child.

"I just care." Xing Yifan took a sip of coffee cup.

"Don't drink coffee in the morning! It's not good for your stomach. Drink some hot milk or something to warm your stomach. " Bai Xia also cares about him.

Xing Yifan put down his coffee cup. There was still half a cup of coffee left. He didn't drink any more.

Bai Xia didn't realize her words worked so well.

Xing Yifan put her at the gate of the community when it was almost nine o'clock, and his black SUV immediately turned around and left.

Bai Xia chuckled and suddenly felt that there was something warm in her heart.

She went to the neighborhood to buy fruit and then went home.

Xing Yifan's figure appeared in Chen Liang's company. He asked for a meeting hall and called several important shareholders under Chen Liang to know the situation.

There are several men in their early forties, who are in a high position in the company, who show a little restlessness in the face of a young lawyer's inquiry. However, Xing Yifan does not let go of any answers he wants because of these two people's restlessness. His eyes radiate a cold sharp breath, which makes people a little hairy, as if he is a bad head The beast that provokes.

"Master Xing, we are not prisoners either. We can't stand your torture!" A man's face was very unhappy and he didn't cooperate with him as soon as he came in.

Xing Yifan takes his look into his eyes. He suspects that this case of fund fraud is a two-way operation of the company's internal personnel. Otherwise, Chen Liang cannot sign the forged documents, which results in his money being reasonably stolen out within one year. "I'm just a regular question. Doesn't Mr. Liu want to recover this huge sum of money from the company?" Xing Yifan asked sharply.

Chapter 1059

Liu Baorong's heart was cold. As the vice president of the company, he was very sensitive to such questions.

"Lawyer Xing, what do you mean? Do you doubt me?" Liu Baorong's face turned red with anger, and he was very angry.

"I just hope that all of you in this room will cooperate. I have accepted the entrustment of President Chen. I don't want to disappoint you, do I?" Xing Yifan's eyes swept the audience sharply.

Chen Liang said, "let's all cooperate. Lawyer Xing is just doing his job."

After more than an hour's questioning, Xing Yifan left Chen Liang to chat with him. Chen Liang was also very anxious this time, because he did sign on those documents. He just injected that money into a subsidiary company to start a new project. How do you know? The document he signed suddenly became the name of a company he once worked with. Now, that money He has been quick to invest out to catch up.

"Master Xing, I did sign it. Are you sure you want to come back?" Chen Liang is also in urgent need of money recently. If he can recover the two billion yuan, he will have much more money on hand.

"Uncle Chen, don't worry. As long as you can hold more evidence, it's very promising to come back." Xingyifan appeased.

"Thank you. It's up to you." Chen Liang also believes in the strength of Xing Yifan.

At this time, in front of the company's top railings, Liu Baorong took a mobile phone, looked around and dialed a phone number.

"Hello, didn't you tell me not to call me recently?" The people on that end are a little anxious.

Liu Bao can immediately lower his voice and say, "isn't this something for me? Cheng Liang has hired a very powerful lawyer. I'm afraid that this matter will be found out. "

"What are you afraid of? Didn't Cheng Liang sign it in person? I'm not afraid of the police! I'm still afraid of lawyers! ' "I heard Chen Liang's introduction. This lawyer is terrible. It is said that he has never lost a lawsuit!"

"What kind of international barrister?"

"No, I don't know whether it's true or false when I look at my twenties or sixes. We can't look down on a young man. We must guard against him."

"Why don't you give him a little warning? It's really not. I'll make him suffer and keep him from getting out of bed for a few months. Let's see how he accuses US. " The clear tone at that end is the mixed tone.

Liu Baorong was also angry with Xing Yifan just now. Moreover, Xing Yifan was young, but he dared to be so rude to him. He thought it was better to teach him a lesson.

"OK, although you show up, find some gangsters to deal with him. Don't kill people. There can be no more mistakes."

"Don't worry, give me the boy's address information."

"I'll send someone to follow his address and call you later."

Liu Baorong received the phone and snorted, "you son, you dare to doubt me, I'll make you eat too much."

Chen Liang invited LAN Qianchen to have lunch with him. Meanwhile, Xing Yifan did not refuse to talk about the case.

It's just that he took a look at the watch. It's half past eleven. He can't help worrying about some woman. Is she going to make noodles for lunch again?

"I'll make a call." Xing Yifan said to Chen Liang, rising to the balcony next to him.

At the moment, Bai Xia has already ordered takeout, because her task today is heavier, and with some low fever, she is too lazy to move.

She was playing with each other. She could not help but hear the phone ring. She took a look from the sofa, smiled and picked up, "Hello!"

"What's for lunch?" Xing Yifan is curious.

"I ordered takeout. I'd like some noodles." Bai Xia replied.

"In the future, take away is not clean."

"Oh! It's called from a physical store I usually go to. It's OK. " Bai Xia explained one sentence.

"Well!" Xing Yifan said, "OK, hang up."

With that, he really had to hang up.

Bai Xia is still very happy because of his concern.

Baisheze's company is also busy for the banquet tomorrow night. Although Baisheze has some playfulness, his company is still doing well. Recently, he is old and has received a lot of attention.

Bai Shize just after the meeting, he received a call from his wife Ye Jiamei.

"Hello! What's the matter?" Bai Shize asked.

"Shize, I heard that your company will have a celebration dinner tomorrow, and I would like to attend as well." That end leaves beautiful half coquettish say.

"What about the children?" Bai Shize's idea is not to invite her.

"I'll let the servants take care of the children. It's only one night! You let me go! " Ye Jiamei pleaded.

"Forget it, take care of the children! It's just a company gathering. There's nothing to come to. " Bai Shize didn't bring any junior or senior this time, because he wanted to bring his daughter Bai Xia to play.

Also because I owe her, and I don't usually have anything to ask her to come to my side. It's just the right time for this party to let her come to see the world. When ye Jiamei saw that she had been rejected, she immediately felt that there was a ghost in her husband's heart. Wouldn't she come and let other women come?

She can stay for such a long time beside Bai Shize, because of her strong endurance, she turns a blind eye to the foxes surrounded by her husband, as long as he will go home.

"Husband, let me come here!"

"Don't come here. Bring the children. I'll be back early." Bai Shize finished and hung up.

At the other end of the phone, ye Jia is so angry that she jumps. Although she doesn't want Bai Shize's people now, she also wants his money and loves that he spends a lot on the little three and little four.

Ye Jia was so angry that she trembled. However, she also had a problem. That is, she was not a worry free person, but she had been playing a very safe side in front of Bai Shize. Bai Shize didn't know there was someone outside her these years.

This man is Ye Jiamei's high school classmate, the person in charge of a small company. He has some abilities, but he can't compare with Bai Shize.

Ye Jiamei's phone call went directly to seek comfort.

As soon as the male voice at that end answered, it was a very pet for her. "Jiamei, what's the matter?"

"Ye Shize is angry with me again. He won't take me to a celebration dinner tomorrow evening."

"Then don't go! Come to me, I'll accompany you. "

"I don't want to. I want to go. I want to see what kind of coquettes are around him." But ye Jiamei has made up her mind that tomorrow, no matter what, she must go and show her white lady's position.

And let the women in the company know her majesty.

"How are the children?" At this time, the man at that end asked.

"All right!" Ye Jiamei suddenly said softly, "now Rongrong is a little less, but Bai Shize is willing to pay for it and escort him in."

"That's one of the top universities in China. As long as you can get in, you can spend the money fairly."

"Not really. Can our son not go to the best university? In the future, he will inherit the white family's property. "

The man at that end was immediately excited. "I can't give my son anything. It's up to you."

"He owes me baishize. He deserves to raise our children for us." Ye Jiamei snorted coldly, "now, his eldest daughter is back, and dare to fight openly against me. I think she wants to rob the family property."

"Didn't you say that the daughter had run away from home?"

"Before, she didn't come back for three years. Now, she comes back and becomes smart. When she asks for a suite and a car, she doesn't know what benefits baishize will give her!"

"Jiamei, it depends on your ability. The property of the white family is all for our children."

"I won't let this stinky girl get it, hum!" After a few complaints, ye Jiamei is in a better mood. Now, she is going out to buy a set of evening dress for the party tomorrow evening.

"Well, no more talking. I'm going out shopping. "

"Good! "The man on the opposite side is also very obedient to her.

Ye Jiamei likes him. In addition to giving birth to two children for him, he is the one who holds her in his hands and calls out for her.

This is the gentleness that cannot be found in baishize.

Ye Jiamei is thinking about tomorrow's party. If she can catch her husband and any woman together, she should show her white lady's demeanor.

Chapter 1060

Xing Yifan accompanied Chen Liang and LAN Qianchen out for lunch. Behind their motorcade, a small blue car was following. The man had been parked in the parking lot waiting for them to have dinner.

Around two o'clock, Xing Yifan and LAN Qianchen came down with Chen Liang. Chen Liang had a driver, so he drank a little wine. In front of Chen Liang's drunken image, Xing Yifan and LAN Qianchen stood beside him, almost like two top male models, with a dignified and handsome figure.

"Uncle Chen, slow down, slow down..." LAN Qianchen escorts him to the car, and tells his driver to slow down and take him back to rest.

After delivering Chen Liang, LAN Qianchen turned to Xing Yifan and said, "do you want to go somewhere?"

"I went home to read the papers. The case is a little complicated." Xing Yifan refused.

However, LAN Qianchen didn't know that his heart was not only attracted by the case, but also wanted to go back to see a girl.

LAN Qianchen nodded, patted him on the shoulder and said, "we must not lose this lawsuit."

"Give it to me." Xing Yifan has absolute confidence in his voice.

"I believe you, let's go!" LAN Qianchen and he got into the car and drove out of the parking lot.

In the back of Xing Yifan's car, a blue shabby car doesn't look very obvious. He follows Xing Yifan's car slowly. It seems that he has some tracking skills.

Xing Yifan was thinking about the case while driving, but he didn't notice that there was a car tracking behind him.

It's not far from home. It's twenty minutes later. Xing Yifan's car drives into the underground garage. The person in the blue car immediately makes a phone call.

"Hello! Did you track it? "

"I tracked the lawyer into the Longjuyuan community in the center of the city. It seems that he should live here."

"It's good. Just find out his address. You can leave." Liu Baoneng received the call, and then told the other party the information, telling him, "find a good opportunity to start, and it's best to take advantage of his travel alone, so that he can't get out of bed."

"No problem, we can handle it in the near future. Give it to me!" The man at that end replied.

Liu Bao can hang up the phone, hum a sentence, a little boy dare to provoke him.

In the company, Chen Liang didn't disclose Xing Yifan's identity to others, just as he was an ordinary lawyer.

After Xing Yifan's car stopped, he walked to the elevator with his briefcase.

Bai Xia finished her work in the study and went out to have a sun on the balcony. Her low fever also went down. She just had a heat, which made her whole person lazy. She was covered with white quilt and fell asleep on the balcony not long ago.

Next to each flower also lies on her quilt to sleep.

The door bell rang. Bai Xia didn't hear it. However, after pressing it several times, the door bell stopped, but the door opened from the outside.

Xing Yifan opens the fingerprint lock and comes straight in.

As soon as he glanced, he saw the girl sleeping in the afternoon sun on the balcony. He wanted to smile. The girl's life was really like a cat's.

Xing Yifan steps over and sits down on the other side of the sofa. Duo Duo finds him. However, seeing that the host is back, it just changes its position and continues to curl up and fall asleep comfortably.

Xing Yifan looked at a cat, a girl, he smiled and shook his head, he did not leave, took out the documents in his briefcase, and sat on the sofa lazily and looked up.

At this moment, this scene inevitably has a kind of peaceful atmosphere of years.

Bai Xia also slept almost. The sun was still dazzling, which made her wake up in her sleep.

Her long and clear eyelashes vibrated for a while, and a pair of bleary eyes opened. She was thinking of turning over and squinting for a while, but as soon as she turned over and lost her eyes, she stared at the long and slender legs on the opposite side. She immediately followed the long legs of the man.

She was a direct shock.

Scare!

Bai Xia hurriedly covers the quilt and sits up. She is also frightened by the flowers on her head. She quickly dodges away.

Xing Yifan looked at her frightened look, or some self reproach way, "scared you?"

Bai Xia is not scared, just scared. Unexpectedly, he read the documents in her house!

Bai Xia secretly gathered her messy long hair and asked shyly, "when did you come back! Why don't you wake me up? "

"Half an hour ago, when I saw you sleeping, I didn't quarrel with you." After Xing Yifan finished, he continued to read his documents as if her family were his family.

Bai Xia has the habit of wearing pajamas at home. Moreover, she has the habit of not wearing underwear in pajamas, so she doesn't wear them now.

Bai Xia is embarrassed and wants to go to the room to put it on. She opens the quilt, puts on her shoes and goes back to the room. Soon she changes into a suit of casual clothes.

Looking at the man on the balcony looking at the information carefully, she poured out two glasses of water, which was the only couple cup prepared by her family. Now, it has become the cup for them to drink water."Drink water!" Bai Xia sat opposite him and looked at the information he had put on the table. She could not help but hold her chin curiously and ask, "can I have a look?"

"Well!" Xing Yifan picks up the water cup she sent and goes to thin lips.

Bai Xia can't help but carefully take one and look at it in front of her. It's a contract. It's a complicated business statement, which makes her look big. She just looks at it and puts it back.

And she looked at the man opposite, as if these complex contracts were in his eyes, as simple as they could be.

He also has a head. Why is his head so smart? Besides work, she thinks about three meals a day.

Ah! Can't compare, if compare, it is the difference between a genius and a fool clearly!

It's said that genius doesn't like fools! Bai Xia can't help thinking of some depression.

Xing Yifan drank a few mouthfuls, looked up at her and said, "what are you doing with a calm face?"

"Let me ask you a question! You say, do smart people like to deal with smart people? " After Bai Xia asked, he thought this question was enough for an idiot.

Ah, it shows her stupidity everywhere.

Xing Yifan drank the water gracefully, his eyes narrowed and smiled, "it depends."

"Depending on what?"

"At work, I like to deal with smart people, but in life, I will be more relaxed when I get along with stupid people." Xing Yifan laughed a little.

Bai Xia's pretty face is red. Is he suggesting that she is stupid?

"Oh!" But Bai Xia didn't reply.

Xing Yifan looked at her expression of some grievances, and he hooked his lips and smiled, "don't take your seat."

Bai Xia immediately looked up and bit her red lips. "In front of you, I admit I'm stupid!"

Xing Yifan chuckled, "you admit that you are stupid!"

Bai Xia also laughed, "I'll admit it in front of you. I won't admit it in front of others, but will you let me know more about it?"

Xing Yifan was nervous just now because of reading the data. At this moment, the woman was able to relax his tense mood in a few words, and even felt a little pleasure.

"Good! I'll let you. " Xing Yifan's generous answer.

Bai Xia also bent his lips and smiled happily.

"Go out for dinner! There's no time to do it today. " Xing Yifan suggested.

Bai Xia just thought that the contribution fee in the afternoon had arrived. Although it was not much, he could still be invited to dinner.

"I'm paid today. I'll treat you." Bai Xia thought of the serial of the new cartoon, that is, the hero based on him, and thought that he should be invited to dinner.

Xing Yifan squinted his eyes, "OK! Then please! "

Bai Xia was immediately happy. She thought, "you can choose the restaurant! Which do you like to eat? "

Xing Yifan usually goes in and out of high-end restaurants. She may have to eat half of her salary after a meal.

However, Xing Yifan promised to ask her, in fact, he would not let her. "Just follow me in a moment."

"Good!" Bai Xia nodded.

Xing Yifan looks at the time when he is sorting out the materials. It's time to start.

Xing Yifan goes home and puts out the data. Bai Xia is waiting for him with a small bag on his shoulder. Bai Xia took the card with her this time. Moreover, even if her salary is not enough, and the card given by her father, it must be enough.
