

U. CEO Daddy 1261

Chapter 1261

However, there was a mess here. The big box really occupied the place. Jiang Xinwei immediately tried to hold it up and moved towards the door.

At this moment, a kind model came to open the door for her. She said a word of thanks. She left her back first and just turned around.

The big box in her hand ran into someone again. When she looked up, Xiang Qinghao was still there.

Xiang Qinghao looked at her Hercules in shock. He took off his mouth and asked, "can I help you?"

"No, thank you. Please let me." Jiang Xinwei is a little embarrassed and even a little upset. Why hasn't he left yet?

However, Xiang Qinghao looked at her clearly already very hard, but he was still trying to be brave. His Inexplicable heart was annoyed. When he came over, he could not help but pick up the paper case in her arms.

Jiang Xinwei's hands are empty. The man's long and powerful arms easily hold her box and ask her, "where to hold?"

Jiang Xinwei is inexplicably stubborn. She reaches for her hand and grabs it back. "This is my job. Don't bother. I'll do it!"

Xiang Qinghao immediately turned around, dodged her hand, and raised his eyebrows. "I'm willing to help."

Jiang Xinwei had to push open the door of the next workshop, "put it here."

Xiang Qinghao put the box on a corner of the ground, he stood up straight, tall and slender body approached her some, handsome face bent to her, "I heard you are a designer? How did you do the assistant job? "

How does Jiang Xinwei know her job? Did he ask about her?

"I'm just a newcomer. It's nothing to do. The show is about to start. You'd better go to the position!"

Xiang Qinghao narrowed his eyes and hooked his lips. "I'm not interested in watching shows. I'm here to find you."

If Jiang Xinwei didn't see what happened when he held the girl just now, she would be moved. Unfortunately, she was really disappointed when the man came to see the show with the beautiful woman and flirted with the Sao at the same time.

"Thank you just now. I'm really busy. I don't have time to talk." With that, Jiang Xinwei pushed the door out and went back to the very busy dressing room.

Xiang Qinghao stands at the door and takes a look. This kind of occasion is not suitable for him to chat with her. Then, when she finishes the show, he will invite her to have dinner or something!

Xiang Qinghao doesn't care whether he sees the show or not. But this time, Prince Ronald will accompany him. If he doesn't go, he won't give face.

Xiang Qinghao is heading for the show.

Jiang Xinwei is so busy that she has no time to drink water. She has only ten minutes to go on the show. She needs to find clothes for the model, zip the back of the model, and tidy up their clothes.

Fortunately, this show only takes one circle, and there is no need to change clothes again. Forty eight models are tall and charming. Jiang Xinwei's figure of one meter six five is very small here.

Lin Lin looks at the time, and the assistant of the show comes to remind him that it will start in five minutes.

When everything was ready, Jiang Xinwei found her water glass on the dressing table and drank two mouthfuls in a hurry. LV Zhen and Luo aimi pulled her and said, "let's go to the show!"

"Don't do anything else?"

"Everything is ready. What are you busy with? Take you to our show! " The two of them participated in the design, so they wanted to have a look at the pictures of their works coming to the stage.

Of course, Jiang Xinwei is willing to go to the show. She follows LV Zhen and Luo aimi. There is a staff position next to the show. They are three standing in a dark position, waiting for the show to start.

Jiang Xinwei's eyes immediately saw the position in the front row, sitting with Prince Ronald and his girlfriend, while Xiang Qinghao sat beside the blonde.

I don't know whether it's the lamp effect or the handsome man. Even beside the noble and handsome prince Ronald, Xiang Qinghao's Oriental temperament is not inferior to that of one person, even more mysterious.

Xiang Qinghao's position, naturally can't find Jiang Xinwei standing in the shadow, but Jiang Xinwei is standing opposite, you can see all his expressions and actions.

Xiang Qinghao's body side, the blonde girl whispered something in his ear from time to time, and his beautiful blue eyes stared at him admiringly. Like or not like a person, from the action, eyes, looks can be clearly reflected.

After Xiang Qinghao listened, he smiled, as if talking happily.

"Eh! Who is that handsome man? Is he a friend of his highness, sitting with Prince Ronald? " Lu Zhen also found Xiang Qinghao with a strong interest in her eyes.

"I don't know." Jiang Xinwei said naturally.

"Of course we don't know each other. Prince Ronald's friend, we are not qualified to know each other!" Romey retorted.

However, compared with Prince Ronald, they prefer the Asian handsome man. Maybe Xiang Qinghao is more charming and Oriental.

I saw the blonde girl holding Xiang Qinghao's arm, looking down at his watch, showing surprise and adoration. Obviously, Xiang Qinghao is also very suitable to flirt with his watch. He is famous brand all over. What's more, his own condition is the top match version of man.

At the moment, in Jiang Xinwei's eyes, this man, every cell is full of the breath of flower heart.

Finally, the show began, the top models began to show their clothes, steady catwalk, delicate makeup, with their monstrous figure to show all this.

Jiang Xinwei's eyes were full of longing. She thought, if one day, the clothes she designed can also walk on this stage, how nice!

At the moment, the fashion people on the stage are watching and appreciating seriously. Even the eyes of LV Zhen and Luo aimi are full of confidence and surprise.

Because the show seems to be very successful, the models are also very good.

Jiang Xinwei's eyes couldn't help looking at Xiang Qinghao. He was sitting in a lazy position with long legs overlapping. He looked at the stage with deep eyes. He couldn't tell whether he was looking at clothes or the beauty and figure of models on the stage. But in Jiang Xinwei's eyes, he is not looking at clothes at all! But in a hot and eye-catching model, it's inevitable that the models at the moment are wearing something that is more penetrating. For men, it's still very interesting.

Xiang Qinghao is really not interested in the show on the stage. Although he looks at the show, his mind is just meeting in the background.

He really can't think. Did he feel wrong? Mingming at the wedding, he felt that Jiang Xinwei also had a feeling for him!

What's more, she kissed him secretly! Whether it's intentional or unintentional, it's true to kiss.

Are women so unpredictable? Xiang Qinghao's long fingers held his chin. Under the light, his facial features were also profound.

The blonde next to him has already tried hard to chat with him, and even has shown great love for him. However, she still feels that Xiang Qinghao's indifference. He just shows his politeness, but has no interest in her at all.

The blonde girl is still very depressed. She thinks her figure is better than these models. But what is this man not interested in himself?

The whole show was just 20 minutes away. The three returned to the workshop together. The models would come to change their clothes and show the next designer's clothes.

After changing clothes for the models, we can take a breath of relief even if today's task is completed. It can be said that the first show is very successful.

Pack up their clothes and things, and they can go back to the hotel for a rest. Of course, you can go to the front desk to watch the show, but other people are not interested. Only Jiang Xinwei wants to continue to enjoy other masters' water products.

Xiang Qinghao saw that Jiang Xinwei's show was over. He also found a chance to get up and come to the backstage.

At the moment, Jiang Xinwei is chatting with Lin Lin. Lin tells her, "come back to the hotel after watching the show. We have a lot of work to do."

"OK! I will be back to the hotel on time. " Jiang Xinwei didn't know there was a man close behind her.

Lin Lin takes a look at the man behind her, because the man's eyes are on Jiang Xinwei.

"Want to stay and watch the show?" Cold not Ding's deep and pleasant male voice sounded from behind Jiang Xinwei.

Chapter 1262

Lin Lin is surprised to see this well-dressed man. With her knowledge of clothes, the suit on this man's body is definitely more than seven figures. On this occasion, it has various advantages to know more powerful people.

Lin Lin smiles at Jiang Xinwei and asks, "Xinwei, is this gentleman?"

Jiang Xinwei also did not expect that he ran backstage, she is trying to say do not know.

He saw Xiang Qinghao step forward and replied politely with a smile, "I'm Xin Wei's friend."

Lin Lin looks at Jiang Xinwei's friend with such status. It's no surprise that she is still the niece of the boss! The identity of Jiang's family should not be underestimated.

"Xinwei will be taken care of by you. Let's go back to the hotel first." Lin Lin can't help but be responsible for Jiang Xinwei's safety, so she asked.

"Elder martial sister, no need! I can take care of myself. " Jiang Xinwei doesn't need his care.

"Don't worry! Give her to me and I'll take her back to the hotel later. " Xiang Qinghao replied.

Lin Lin smiled and turned away. Jiang Xinwei turned around and looked at him seriously. "What are you doing backstage when you don't go to the show?"

"Even if you want to watch the show, I'll let the organizers give you the best position." Xiang Qinghao wants to sit beside him in line.

Jiang Xinwei directly shook her head and refused, "thank you for your kindness. I'll just have a look at the backstage workplace." With that, she turned to the right place.

"It will be more comfortable to sit and watch." Xiang Qinghao steps forward and reaches out to stop her.

Jiang Xinwei is a little surprised. What's the matter with this man? Don't you see that she doesn't want to take care of her? Even if we were the best man and the best woman together last time, what would happen? Even if he is Xing Biao's good brother, it doesn't mean that she has to step on him.

"Mr. Xiang, would you mind not disturbing me?" Jiang Xinwei said, from his side more past, towards the shadow next to the show.

Xiang Qinghao touched the ash on his face for no reason. He narrowed his eyes and looked at Jiang Xinwei's figure. He sighed a little. It seems that Luohua intended to be merciless.

Even if he is interested in her, and she is not interested in him, that is to say, Xiang Qinghao bit his thin lips, then he will not disturb her!

Xiang Qinghao came out of the front desk from the side corridor. He leaned down slightly to return to his position. His eyes looked directly at the shadow. Under the dazzling front desk light, her figure seemed hidden in the shadow.

Jiang Xinwei watched him return to his position. The blonde immediately handed him a cup of coffee and looked at him admiringly with her chin up.

As if the show in front of her, compared with the men around her, she only wants the men around her.

Xiang Qinghao was a little depressed. He took the coffee and took a sip. At this time, Prince Ronald leaned over to talk with him for a few words. Around five o'clock, he would leave and ask for his opinion.

Xiang Qinghao nodded and decided to leave.

Jiang Xinwei's eyes, thought she could concentrate on the show, but she could not control her eyes to see the man opposite.

Xiang Qinghao is noble and radiant. It seems that there is a huge magnetic field emanating from his hands, which makes women's eyes have to pay attention to him.

Around five o'clock, the show was over, and the guests began to discuss and leave the show.

Jiang Xinwei saw that Xiang Qinghao had been surrounded by guests. Those people were polite to Xiang Qinghao as well as greeting him.

Jiang Xinwei came out of the work corridor with her bag on her back. She saw the huge entrance of the show hall and the luxury cars. From time to time, she met the superstar big guy for an interview.

Jiang Xinwei saw that her favorite love bean was also there. She immediately stood like a little fan girl and showed her star eyes. She wanted to go forward to ask for a signature, but she was timid.

Because Adu's assistants stood by her side, strictly refusing fans to approach.

Her eyes are not reluctant to see the figure of Adu, looking at her gorgeous clothes, and she is communicating with the show designers, which makes her yearn secretly in her heart. Finally, one day, her design can also be on the stage, and then she can meet Adu.

Even can let love bean appreciate oneself, put on oneself to design clothes by oneself, think to be excited!

When Jiang Xinwei was in a daze at the door, she heard footsteps coming from behind her, and it was still a very urgent one.

She quickly turned around and saw the two teams of bodyguards coming out, reaching out to drive the people in the middle seriously. Obviously, Prince Ronald and his friends are coming out.

Jiang Xinwei doesn't wait for the bodyguard to cast her eyes away. She takes the initiative to walk down the steps. She looks at this luxurious car. She can't even see the taxi. It seems that the road is blocked. If you want to take a taxi, you have to go to a street nearby.

It's a long way from the hotel. It's 15 minutes by taxi. It's an hour's walk. Jiang Xinwei is very tired today. Her legs seem to be filled with lead now.

Xiang Qinghao comes out with Prince Ronald. His eyes can't help but look around the crowd at the door. He sees a figure walking alone on the street opposite. His thin lips are slightly hooked. Is she going to walk back to the hotel?

Jiang Xinwei heard the bustling voices behind her. She knew Xiang Qinghao must still be there. She couldn't help looking back.

Xiang Qinghao is hugging and saying goodbye to Prince Ronald. Unfortunately, when Jiang Xinwei turns her head, the blonde girl sees that he is about to leave and immediately hugs him with her hand.

Xiang Qinghao is slightly stunned. He reaches out and wants to pull her arm open. Others only when they are hugging, but only this girl can feel the power of pushing back on her arm 。

She had to step back and look at Xiang Qinghao sadly. "Mr. Xiang, can we meet again later?"

"There's a chance." Xiang Qinghao said perfunctorily.

Jiang Xinwei looks at the figures embracing and separating. She bites her red lips, turns around and shakes her head.

Some men look at the whole body abstinence breath, in fact, he has countless women around him! Xiang Qinghao waved after seeing Prince Ronald three get on the car.

Looking at his team leaving, his assistant Nie Hao came to him immediately. At the same time, he handed his car key to him, "master, your car is over there."

Xiang Qinghao pointed with the assistant's gesture, a very cool black sports car parked in the car group, there is a kind of arrogance.

"You go back to the hotel first, and I'll go out for a walk myself." Xiang Qinghao said to the assistant, he looked up and saw the slender figure, which was getting farther and farther away. He stepped towards the direction of his sports car.

Jiang Xinwei walked slowly to the other street and wanted to take a taxi back to the hotel.

The cars that drive away from you from time to time are more handsome. Today's guests are all rich people!

Although she envied, she imagined that she could realize such a dream by her own ability in the future.

Although her family is not short of money, her parents can also give her such a life, but she has been very independent since childhood, and she only wants to create things by her own hands.

Jiang Xinwei walked and heard the low roar of a sports car approaching behind her. Besides, the car was not on the Middle Road, but parked beside her. She can't help but be frightened, turn round to see past, see slowly fall in the window, a handsome extraordinary face appears, that pair of deep eyes look at her with a smile, "where to go! I'll see you off. "

Jiang Xinwei took a look. It was about 200 meters away from the taxi street. She asked, "no, thank you."

"Brother Xing is your cousin, and I am his good brother. I should give you a ride." Xiang Qinghao did pity her to walk here.

"No, thank you." Jiang Xinwei still refuses.

Xiang Qinghao can't help being upset. He pushes the door open and steps down. His slender body blocks Jiang Xinwei's way directly.

"Miss Jiang, as a friend, you are very impolite." Xiang Qinghao is really angry. He never does anything bad. This time, he came here because of her.

Jiang Xinwei raised her head and blinked her big clear eyes. "We are not friends yet!"

"On the wedding day, I think we are at least friends."

Chapter 1263

"All right! We are friends. What's the matter with Mr. Xiang? " Jiang Xinwei asked helplessly.

"Even if you are a friend, don't refuse to be thousands of miles away. Get on the bus!" Xiang Qinghao made a gesture of please.

Jiang Xinwei was stunned for a few seconds. He was so persistent. OK! She's not polite either.

"Thank you! I'll go back to the hotel. " Jiang Xinwei went to the front passenger seat and opened the door and sat in.

Xiang Qinghao chuckles and sits in the driver's seat. Jiang Xinwei is stunned by his powerful means.

Xiang Qinghao looks at her and finds that her seat belt is not fastened. He can certainly remind her, but he decides to help her personally.

Jiang Xinwei's brain was still a little hot. Suddenly, the man on her side leaned over, and she turned to stare at him. "What are you going to do?"

Xiang Qinghao looked at her like she was about to be violated. He reached over and grabbed the seat belt for her. He said, "fasten the seat belt."

Jiang Xinwei can't help but blush with embarrassment. She replied with embarrassment, "thank you."

Xiang Qinghao smiled and approached her. "In your eyes, am I a wolf?"

Jiang Xinwei blinked, but did not speak.

The man has steered the steering wheel and drove gracefully to the front. At the same time, he said, "brother Xing is my good brother, and we have a lot of cooperation, so don't worry! I dare not do anything bad to you. "

Jiang Xinwei's face, even more embarrassed red a few points, she did not have a reason to retort, "I am not afraid of you."

"Yes! If you're afraid of me, you won't kiss me at the wedding. "

Jiang Xinwei listened and immediately stared, "I I didn't really want to kiss you. I accidentally kissed you. "

Xiang Qinghao likes to carry the burden with her and sing against each other. He chuckles, "no matter whether you are intentional or unintentional, I'm not going to blame you."

Jiang Xinwei has looked at him weakly. "I really didn't mean it."

"All right! What do you mean? " Xiang Qinghao doesn't believe it anyway.

Jiang Xinwei looked at him with a big head, and felt that he was deliberately angry with her, so she had to bite her lips and not speak.

"How can I get to the hotel?"

Just chatting, she didn't say the address of the hotel!

Jiang Xinwei hurriedly pointed to the tall building in front of her and said, "that hotel."

Xiang Qinghao's sports car stopped, Jiang Xinwei reached out to open the door and said to him, "thank you for sending me!"

"Dinner together?" Xiang Qinghao asked.

"No, I'm with my senior sister and they have work in the evening." Jiang Xinwei said it was also true.

"All right! See you next time. " Xiang Qinghao finished and drove away.

Jiang Xinwei watched his car disappear into the group of cars, and she turned to walk up the steps of the hotel.

At this time, her mobile phone in her bag rang. She picked it up, and the prompt was the international number. She reached for it and said, "hello."

"This is my number. Remember to save it." Low male voice, some bullying.

Jiang Xinwei's brain is slightly flashed. She looks at the street and says in surprise, "how can you have my phone number?"

"Didn't I say I came to you? I asked brother Xing for it. " Xiang Qinghao tells the truth.

Jiang Xinwei is a little surprised and puzzled, "what do you want me to do?"

"I left in a hurry at the wedding that day and didn't get to know you well, so I want to know you well from now on." In Xiang Qinghao's voice line, there is obviously a trace of affection for her.

Jiang Xinwei holds her mobile phone and is stunned for a moment. However, she thinks that there are too many women around him, and she wants to keep a distance.

"Thank you. I'm busy at work. I may not have time..." Jiang Xinwei's words implied that she refused to make deep acquaintance.

At the moment, the man waiting for the traffic light, listening to the whole carriage, refused the obvious sweet female voice, his eyes were dazed for a few seconds.

It's true that I'm being amorous.

"Well, then you are busy! I'll get back to you when I'm free. " Xiang Qinghao opens his mouth.

"OK! Goodbye. " Jiang Xinwei said, hang up the phone first.

Holding the mobile phone, Jiang Xinwei sighed. She stepped into the hall. She was just about to go back to the room. LV Zhen was just ready to come out. She quickly pulled her. "Xinwei, something happened."

"What is it?" Jiang Xinwei was shocked, because Lu Zhen's expression showed something important.

"Today, one of our Taiwan costumes was said to be plagiarized. The other side came to us to sue us."

"What?" Jiang Xinwei was shocked. In this industry, plagiarism can be seen everywhere. However, in such a high-end show, being accused of plagiarism, even the reputation should be built in!

"Who designed the clothes to be suspected of plagiarism?" Jiang Xinwei asked in a low voice.

"It's elder martial brother amu. He is being scolded by elder sister Lin right now! Now we dare not tell master about it. "Jiang Xinwei and LV Zhen had just got close to Lin Lin's door when they heard the swearing coming out. Both of them were shocked.

"It's over. Master taught us that we should never make such a mistake. Once we are accused of plagiarism, it will be the loss of our whole oral card!" Lu Zhen's urgent and angry way.

Jiang Xinwei's heart is also very anxious! It's a brand that my aunt has worked hard to create. Once the label of plagiarism is stuck, it can't be torn off.

"Have you really copied it?"

"I didn't really plagiarize that work after I read it, but it was similar in shape, but the other side killed us with one bite. Even if we were not judged to plagiarize afterwards, it's not good for us to make a big scene!"

Two people are talking in a low voice. Suddenly the door opens. A mu comes out with a green face and Lin Lin Lin is angry. However, when she sees Jiang Xinwei, she immediately says to her, "Xinwei, come in for a moment."

Jiang Xinwei immediately reached out and pointed to herself, "am I?"

"Yes, you come in." Lin Lin nodded.

Jiang Xinwei has to step in. She doesn't know why senior sister Lin wants her in.

As soon as Jiang Xinwei came in, Lin Lin Lin's eyes locked on her and asked, "where's your VIP friend?"

Jiang Xinwei immediately thought that she asked Xiang Qinghao, and she smiled, "he left!"

"I saw him sitting with Prince Ronald today, and he was very kind to him. Are they friends?" Lin Lin asked curiously.

Jiang Xinwei nodded, "he is the guest of Prince Ronald."

Lin Lin's eyes, circulation some thoughts, she approached her way, "Xin Wei, you also heard that elder martial brother amu is suspected of plagiarism! In fact, it's not plagiarism, but the other side is a local designer, very strong, obviously want us ugly

Jiang Xinwei nodded, "so what should we do?"

"I know that the other side wants to force us to apologize. At the same time, she will publicize this matter after we apologize. At that time, the brand of our Jiang family will be destroyed. Moreover, within five years, our brand will not be on the stage, which means that your aunt's efforts will be destroyed."

Jiang Xinwei is also in a hurry. "What should I do then?"

"We are foreign brands. If we want to calm down, we have to be suppressed by local dignitaries. I have studied that amu's works are not plagiarized, but they are obviously bullying us when they cross the border. If the other side really wants to decide, we can't rely on them."

Jiang Xinwei listened carefully, worried.

Lin Lin suddenly looked up at her and pleaded, "Xinwei, there is a way right now, only you can help us."

"Eh? I... "

"Yes, your friend is a distinguished guest of Prince Ronald. Would you ask him to come out and help us deal with this matter?"

"Ah!" Jiang Xinwei exclaimed, "he?"

"Yes, if he comes out, he will be able to deal with it. Moreover, the other side will never dare to bully us, let alone make a big deal about it."

Jiang Xinwei can't help swallowing saliva. If she doesn't remember correctly, she just seemed to refuse Xiang Qinghao's offer! What's more, it's tough.

Now, is there a need for him? She really can't do it!

"Master values you so much. You can't let us down!" Lin Lin immediately pressed down, as if Jiang Xinwei had to do it.

"I..." Jiang Xinwei is at a loss, saving the brand and pleading with Xiang Qinghao. She really doesn't know what to do!

"Please, you need to know. Shifu needs to know about this. I don't know what kind of illness you will get angry with! She values her brand so much. "

In Jiang Xinwei's mind, two scales are weighing. Is face important or aunt's brand important?

At last, face is not so important, but in this case, she owes Xiang Qinghao a huge debt of human feelings.

"Good! I'd like to try, but I can't guarantee whether he has the ability or not. " Jiang Wei was going to let go yesterday.

She is suffering! If she had known it would have happened, she should have flattered him just now.

Chapter 1264

Come out of Lin Lin's room, Jiang Xinwei goes back to her room to be quiet. She really needs to be quiet! She took out her cell phone and turned to the number she had just called, which had not been saved.

She grabbed her hair and felt a kind of emotion surging in her chest. She continued to weigh it carefully in her heart. If this incident is not settled, the brand of Jiang's family will be stained later. If it is a designer of a small company who is suspected of plagiarism, the thick skin will pass.

However, Jiangshi group's brand clothes are well-known in the global international brands. Now, the competition is big and there are many competitors. If you are a little careless, the whole brand will be trampled. It will not be easy to gather the brand strength, and it will disappear.

"How could this happen?" Jiang Xinwei is holding her chin and imagining how to open this mouth.

There must be no way in the phone. It was rude to ask him. Besides, Xiang Qinghao had no reason to help her.

At this time, LV Zhen and Luo aimi push the door in, just saw her and Lin Lin staying there for a while, they all want to know what Lin Lin's attitude is now, and they dare not bother her, so they can only come to ask Jiang Xinwei.

"What do you mean, Xinwei! Have you thought of any way to solve this problem?" Lu Zhen came to ask.

Jiang Xinwei nodded. "There's a way."

"What way? Tell us!" Lu Zhen looked at it curiously.

"I know a friend and want to ask him for help."

Lu Zhen and Luo aimi look at each other. It's different that they were born in Jiang's family! I can also meet powerful friends here.

However, even if Jiang Xinwei solves this problem, they are happy instead, so they don't have to do any hard work.

"Then trouble your friend, we'll wait for your good news." Finish saying, two people hurriedly went out, for fear that this matter also can call them a part.

In the evening, Xiang Qinghao just received a phone call from r country on the street of M country. There is a research there that needs him to confirm. Xiang Qinghao has nothing to do with it. Jiang Xinwei's refusal also washes away his enthusiasm for coming to her this time.

He doesn't blame her, maybe she already has someone in her heart, and he is too abrupt.

His cell phone rings, and he answers, "Hello!"

"Young master, your plane has already confirmed the departure time. Can you get to the airport in half an hour?"

"I'm on my way to the airport now. I should be able to get there in half an hour." Xiang Qinghao replied.

"OK, then we'll wait for you at the airport."

Xiang Qinghao hung up the phone, a very cool black sports car, the above excellent performance, Pentium in the broad evening Road, like a cheetah running at night.

In the hotel, Jiang Xinwei is still doing her own ideological work. After taking a few deep breaths, she looks at the time. It's 6:30, which should be the right time to make an appointment for dinner!

I don't know if he has asked someone to have dinner. Jiang Xinwei picked up her mobile phone and took a deep breath. She pressed the dial with a little heart.

When she was listening to her ears, she was tightening a chord.

Xiang Qinghao's car has driven to the direction of the airport. Listening to the car phone ring again, he takes a look and sees the name prompt above is Jiang Xinwei.

He immediately stares at the screen and squints at it. He thinks he's wrong. Yes, it's really the girl who called.

Xiang Qinghao cleared his throat, pressed the answer key, and opened his mouth with a unique low magnetic voice, "Hello!"

"Hello, Mr. Xiang. This is Jiang Xinwei. Are you free this evening?" Jiang Xinwei's voice came like a spring.

Xiang Qinghao quietly raised a smile and answered with a normal voice line, "Miss Jiang, what's the matter?"

"Well I want to invite you to dinner! " Jiang Xinwei's warm voice came.

Xiang Qinghao immediately stepped on the accelerator at his feet, lowered his speed, turned on the turn signal, stopped at the side of the auxiliary road, and raised his eyebrows to answer, "yes! I'm worried about my dinner! "

God knows, his plane has applied for take-off preparation. He will leave in half an hour.

"Really? Can you come near my hotel? I booked a restaurant nearby. " Jiang Xinwei's words are full of solicitation.

"Good! I'll be right here. " Xiang Qinghao's reply in a good mood.

"Then I'll wait for you at the door of the hotel." Jiang Xinwei made a 360 degree transformation in the afternoon.

Xiang Qinghao didn't expect this. Of course, she won't suddenly be enthusiastic, but no matter what her purpose is to invite him to dinner, he doesn't want to miss it.

Xiang Qinghao's car drove to the front of a turning position, the sports car gracefully dropped a head, he dialed the assistant's phone.

"Hello, young master, are you here?"

"Cancel the flight. I won't leave tonight." Xiang Qinghao replied."Aren't you in a hurry to see the experimental project in r country?"

"Another day, if you contact the r country, you will say that I have something important to do."

"OK!"

Xiang Qinghao's most important thing now is to invite a girl to dinner.

After Jiang Xinwei's appointment, she immediately contacted the hotel attendant to help her locate a star restaurant nearby.

Jiang Xinwei's door was knocked. She hurriedly went to open the door. Lin Lin came in and asked anxiously, "did you ask the distinguished guest?"

"Well! We have an appointment. We'll go to the nearby restaurant for dinner later. I'll ask him for help at the table. " Jiang Xinwei nodded.

Lin Lin can't help but look at her dress at the moment. "You're not going to dress like this and have dinner with him!"

Jiang Xinwei immediately looked down at her dress. She was a little embarrassed. Although she was a designer, her usual clothes were mostly the most comfortable T-shirts and jeans.

"Not only can't you wear it like this, but you have to put on a make-up and get dressed before you go out." Lin Lin is an old man in the Jianghu. If you want to ask a man to do something, you must first grasp the man's heart. Most importantly, you must make the man happy in appearance.

"You go to Lv Zhen's room and ask her to put on a make-up for you to go out. I'll bring you the clothes."

Jiang Xinwei has no choice but to nod. Lin Lin leads her to LV Zhen's room. LV Zhen immediately decides to make a date makeup for Jiang Xinwei. Lin Lin has a visual inspection of her figure and goes to get her clothes.

Lu Zhen with a full set of make-up equipment, Jiang Xinwei micro raised a small face, by her make-up, however, her heart did not feel the need for such a grand.

In this way, she can't get close to Xiang Qinghao with ulterior motives.

She just wants to invite him to dinner. If he can do anything to help, it will be done. If he can't help, she won't ask for it.

Lu Zhen's make-up technique is still very excellent. Jiang Xinwei's plain face is very delicate and beautiful. At this moment, she is wearing make-up, which has a sweet and lovely atmosphere.

"Xin Wei, tell me what brand of skin care products you usually use, do you have any skin care secret scripts?" Lu Zhen asked her earnestly.

Jiang Xinwei blinked, then shook her head, "no! I only use simple brands. "

"It must not be popular!"

"My mother bought it for me." Jiang Xinwei bent her lips and smiled.

"You skin! It makes me envy and envy, just like a baby. " LV Zhen had to sigh that it's nice to be young! She's twenty-seven.

Jiang Xinwei reaches out and pats her face. LV Zhen makes her hair again. She makes a wavy curly hair, which is layered and full of amorous feelings.

And Lin Lin Lin also quickly took a red dress, pure red suspender gauze skirt, the back is still the thin hanging style, beautiful.

Jiang Xinwei slightly stared and swallowed, "do I wear this?"

"Xinwei, you are really beautiful. Tonight you have to conquer that gentleman with your beauty, and then mention our affairs. You will get twice the result with half the effort." Lin Lin said, and said to her, "change it! Don't let others wait for you. "

"Elder martial sister, I can't choose one by myself!" Jiang Xinwei feels more comfortable changing one.

"Believe me, I've been designing clothes for so many years, and I know what's best for you." Lin Lin is very confident about her vision.

Jiang Xinwei had to take the skirt and change it in the bathroom. Lu Zhen and Lin Lin's eyes were full of amazement.

Jiang Xinwei, who used to make up, is already very beautiful, and this red dress with suspenders simply turns her beauty into a fairy.

Lu Zhen reached out and measured her waist. God! When can she lose weight again! Look at Jiang Xinwei's slim waist. It's just a kind of hand.

Chapter 1265

Lin Lin sees Jiang Xinwei in front of her eyes, and suddenly she has great confidence in this event. However, Jiang Xinwei's beauty is good, and she will do her best in this event.

Because Jiang Shan and her family relationship, as well as her future development in the Jiang Group, are closely linked.

Indeed, Jiang Xinwei will do her best for this matter. If there is a chance to save it, she will not let it go.

At this time, Lin Lin handed her a very delicate Sequin small black bag, "carry this bag! It will match your present skirt better. "

Jiang Xinwei nodded. She felt embarrassed now. How could a good meal become like she was going to seduce Xiang Qinghao!

Jiang Xinwei went back to the room and put some important things into the small bag. She carried them on her back and came out. It was already 6:45 when she looked at the watch. I don't know if he came.

Jiang Xinwei went out, and LV Zhen stood beside Lin Lin Lin and asked, "elder sister, can she make sure?"

"She can do it." Lin Lin has a premonition, because today she can feel that the handsome young man is interested in her.

A black Bugatti sports car is running by on the street. Xiang Qinghao's eyes are staring at the front, full of a sense of expectation. He can't wait to go to this dinner.

Finally, seeing the hotel that sent her back in the afternoon, his sports car smoothly turned a corner and drove towards the hotel.

At this moment, the sunset in the distance has disappeared, and the night is really coming. The brightly lit City, with bright neon, is covered with a mysterious atmosphere.

Jiang Xinwei is standing at the gate with her arms around her. She accepts the gaze of the guests coming and going from time to time. Under the light, she is as beautiful as a princess. She is attracted by the men around her without any reason, and some of her eyes make her uncomfortable.

Because those male guests will think that she is a lady who pulls guests and so on, they will be in this five-star hotel, so dressed girls, often make people want to be elegant.

Only to hear the low roar of the sports car, Jiang Xinwei slightly poked her head, and saw a familiar sports car coming up. She walked to the light with her heart tightened.

Xiang Qinghao was thinking about where she was. It was so cold that he saw the girl under the light in front of the hall. His eyes were stunned for a few seconds, and he lost his mind. He didn't know that she was still waiting for him in such a dress.

Xiang Qinghao's identity is not that he has never seen a beautiful woman, or even a woman with any amorous feelings. However, there is no woman who can bring him the feeling of throbbing at the moment.

A red dress makes her sexy, but the sweet and childish face, and the contradictory innocence, is really a fatal temptation for men.

Xiang Qinghao lowered the window and said to the girl who looked down with a smile, "get in the car!"

Jiang Xinwei chuckled. She sat down from the copilot's seat, closed the door, and looked at him with embarrassment. "Thank you for coming."

"You invite me to dinner, how can I not come?" Xiang Qinghao chuckled and asked her, "where is the restaurant?"

Jiang Xinwei is not familiar with this area, but she just asked at the front desk of the hotel, "go from this street, turn left at the third street, and then you can see the restaurant sign."

Although such a rough route, the man didn't ask much. He stepped on the accelerator at his feet and gracefully operated the steering wheel towards what she said.

Jiang Xinwei also helps to look at the road. She is more nervous than him. In case she takes the wrong road, it's very troublesome in so many traffic.

Xiang Qinghao didn't drive fast either. When he looked at the right rear-view mirror, he could see her delicate face and those big eyes looking for circulation. His thin lips rose several times.

He began to wonder why she suddenly invited him to dinner so warmly? Did she suddenly discover his charm and be ready to fall in love with him?

Xiang Qinghao thought helplessly that this was unlikely, so the real reason made him look forward to it even more.

Turning around the third street, Jiang Xinwei sighed with relief, smiled and pointed out, "there."

Xiang Qinghao nodded and drove to the direction of the restaurant. It's convenient to park. He stepped out of the car and Jiang Xinwei pushed the door down. Her slim body and dress with drawstring make her beautiful and elegant. Her skin color is shining in the night, with long curled hair behind her head and delicate and sweet makeup.

This girl, all over the body, is sending out a kind of smell!

Sweet!

It's so sweet that men want something to pay for it.

Jiang Xinwei and Xiang Qinghao walk to the restaurant, which makes people think that this is a pair of Oriental lovers with high beauty.

Two people sat down in a window position on the second floor, and the waiter took the meal list. Jiang Xinwei said to the man opposite, "my treat, don't mention it."

Jiang Xinwei's family background doesn't make her feel constrained in the restaurant. She is also the only daughter raised by the rich, but she is independent, which makes people not think that there is a rich family behind her. Xiang Qinghao ordered his favorite steak set meal normally, and Jiang Xinwei ordered the same. The waiter poured the red wine for them and left.

The atmosphere is a little embarrassed. Jiang Xinwei is even embarrassed to see the man opposite. She shakes the red wine and struggles to open her mouth.

"Miss Jiang, do you have anything to talk to?" Xiang Qinghao calmly asked.

Jiang Xinwei saw him ask, she also had to nod, "yes, I have a thing to ask you for help."

Xiang Qinghao chuckles. She's not polite!

"I'll help you as long as I can." Xiang Qinghao takes a sip of red wine, with deep eyes, reflecting the luster of the red wine cup, which looks charming.

Jiang Xinwei saw that he was so straightforward, but she was a little embarrassed, "thank you! It's something happened to our team this time. I have a senior brother's work in the afternoon, which was recognized as plagiarism by a brand director of M country, but my senior sister thinks it's only a normal scope. The other side is to take advantage of this event to enlarge the situation and worsen the image of our brand. "

After hearing this, Xiang Qinghao was still confused and asked, "how can I help you?"

"My elder martial sister means that this is the local brand of M country. They are relatively strong. If there is a high-level aspect, it is better. In fact I also think it's a little difficult. " Jiang Xinwei suddenly thought, it seems that this matter doesn't go too far, let him go to ask for Prince Ronald, and trouble Prince Ronald, such a noble person, to say hello to a brand company, which seems to be too much trouble.

She suddenly wanted to give up and plead with him. She just owed him a favor, but he wanted to owe Prince Ronald a favor. It was even bigger than the plagiarism. What if he would repay the favor to his highness Ronald later, it would be more beneficial?

Xiang Qinghao was listening to her. She saw Jiang Xinwei, who was opposite, pondering for a few seconds. She smiled and said to him, "nothing! I just treat you to dinner. "

Xiang Qinghao is slightly shocked. Why doesn't she go on?

"Tell me if you have any difficulty. I said I can help you. I will help you." Xiang Qinghao encouraged her.

"Tonight's night is very good. It's boring. If you want to invite someone to dinner, I'm very happy if you can come to accompany me for dinner." Jiang Xinwei said with a smile under her chin.

Xiang Qinghao doesn't think so. She obviously asks for him, but refuses to go on. Does she think he can't help?

"I don't want you to give me this meal, please! What can I do for you? Please tell me if you can. I'll tell you later. " Xiang Qinghao murmured.

Jiang Xinwei is shocked. How could he be so enthusiastic? She thought for a moment and said, "in fact, it's my elder martial sister's idea. She thought you were a distinguished guest of Prince Ronald. She wanted to ask his highness Ronald to say hello to the top of the brand through you."

When Jiang Xinwei said this, she immediately stopped saying it, and shook her head. "Come on, I know it's very difficult, or I won't bother you."

Xiang Qinghao thought it was something, so he thought about it and said, "no trouble, I'll take care of it for you."

This sentence, said confidently, but determined.

Chapter 1266

Jiang Xinwei's eyes slightly gaped. He was so firm that she couldn't believe it. "You Do you really have to settle it? " Jiang Xinwei still hopes that this matter can be solved.

"In my eyes, it's just a small thing." Xiang Qinghao doesn't care about the company that bullies them, but it's right to promise to come down first.

Jiang Xinwei's water eyes are stunned again. Is it a small matter in his eyes? Does he really have such ability?

"Mr. Xiang, don't put it in your heart if you don't demand it! This meal will be treated as if we were friends! " Jiang Xinwei feels sorry.

Xiang Qinghao can't help being funny. He's seen people begging, but he hasn't seen her begging and persuading people to give up.

"Just tell me the name of that company in a moment." Xiang Qinghao said confidently.

Jiang Xinwei bit her red lips, and the man opposite seemed to be very sure and confident to help her.

"Thank you!" Jiang Xinwei really appreciates him, because this matter is too important for the brand of Jiang's group.

"You're welcome. I'll have more meals later." Xiang Qinghao chuckled and looked at her pure and beautiful face.

Jiang Xinwei finds out his eyes. She immediately drops her eyes slightly flustered. Does he want to ask for something else? He should not be such a person!

Ah! I really shouldn't have dressed up to see him like this.

"Mr. Xiang, if you help me with this, I can treat you to a month's meal." Jiang Xinwei decided to say the way to repay.

It's better to treat him to a month's meal than to ask for anything else!

How can Xiang Qinghao, who is so shrewd and insightful, not hear the hidden meaning in her tone?

"Good! It's better to have dinner with someone than I do alone. " Xiang Qinghao agreed.

"But I'll be back in a week. I'll invite you when you come back."

"Yes, I'll go back to China. Maybe I'll settle down in China." Xiang Qinghao said that if the master's condition is more stable, he said he would go back to China to have a look.

Probably still have the idea of falling leaves and returning to their roots! In a word, their family is also discussing the idea of moving back to China.

"Really? My parents have also settled down in China. " Jiang Xinwei said with a smile.

"So we have a lot of luck!" Xiang Qinghao's eyes are deep.

Jiang Xinwei was a little surprised and smiled. "When you return home, I will invite you to dinner."

The steak set meal was also delivered. Jiang Xinwei could not help but breathe a sigh of relief. She was really hungry today, so she was not polite, nor did she pretend not to be hungry like those famous ladies. She cut the steak skillfully and chewed it constantly, which made her look good.

Xiang Qinghao looks at the girl in the opposite direction with a little consternation, secretly wants to smile. This is probably the most real one he has met!

Jiang Xinwei also likes to eat sweets. As a delicacy restaurant, the dishes are very beautiful, but the quantity is really small. Four sweets are just like two.

Xiang Qinghao saw that all her desserts had been destroyed by her. He kindly pushed his sweets over her. "I'm not hungry. Here you are!"

Jiang Xinwei's eyes suddenly brightened and she bent her eyebrows and asked with a smile, "really? You don't eat it! "

"I don't like sweets." Xiang Qinghao's natural answer.

"I only had a piece of bread this noon, and I was starving." Then she took a small plate and said, "you're welcome."

Xiang Qinghao put down his knife and fork, took a sip of red wine, looked at the girl opposite, and when he was serious about eating, his double eyelashes were fluttering like butterflies, which seemed lovely for no reason.

Even the way her little mouths chewed made his throat dry.

After Jiang Xinwei finished eating, she found that his steak was only half eaten, and the desserts on the table were all eaten by her alone, while her steak and spaghetti were also eaten cleanly.

As a girl, facing such a situation, there is no escape from embarrassment.

However, Jiang Xinwei is a real person. She doesn't play with the things she does.

"I'm sorry that I've eaten all the people who invited you to dinner." Jiang Xinwei finished, looked at the wristwatch. It's half past eight. It's time for her to go back to the hotel.

Xiang Qinghao sees that she wants to leave. He says to the waiter nearby, "check out."

Jiang Xinwei immediately took out her wallet. She was afraid that Xiang Qinghao would rush to pay the bill. The waiter brought the bill. Jiang Xinwei hurriedly said, "I'll pay." With that, she took a look at the price and ordered cash on it.

The waiter took it to settle the bill and sent back the rest money. Jiang Xinwei insisted on the small bag and said to him, "it's late, let's go back!"

Xiang Qinghao got up and accompanied her out of the restaurant door. Jiang Xinwei said to him, "Mr. Xiang, if you have something, I'll take a taxi back to the hotel!"

"I'll see you off." Xiang Qinghao doesn't trust to let her take a taxi. She's wearing too much tonight. Because she is Xing liehan's cousin, he is also obliged to protect her safety.

"Thank you!" Jiang Xinwei smiled gratefully. She's not good at dealing with men. Tonight, she's playing very well.

In the car of Xiang Qinghao, I easily went back to the hotel along the way. Jiang Xinwei was going to go down the door of the cart. Xiang Qinghao could not help laughing to call her, "you haven't told me the name of the company that bullied you!"

Jiang Xinwei also realized this important thing, she said with a smile, "right! Can I send it to your cell phone later? "

"Yes!" Xiang Qinghao said, and Yulu hinted, "I'm still here tomorrow night."

It means that I want to have dinner with her tomorrow evening.

"Well, I'll invite you to another restaurant tomorrow. Goodbye." Jiang Xinwei also cleverly heard what he said.

Xiang Qinghao looks at her slender figure standing under the light. A breeze blows. She raises her skirt and her hair. She reaches for her ears, carelessly and with a touch of charm. Xiang Qinghao's eyes stay for a few seconds.

Jiang Xinwei saw that he had not left, she bent down and waved again, "goodbye."

This tone is clearly not nostalgic for him. I hope he will leave soon, so she can go back to the hotel for a rest.

Xiang Qinghao bit his thin lips, just drove out of a few meters of sports car, then stopped, he quickly pushed the door to get off, took the car key and walked towards the door.

Jiang Xinwei thought that she had sent him away. She was heading for the elevator. She heard a familiar male voice behind her. "Please park my car for me."

She could not help but look back in surprise, and saw the security guard take over his car key, and his slender and elegant figure came towards her.

"You..." Jiang Xinwei looks at him puzzled.

"I decided to stay in this hotel." Xiang Qinghao raised his eyebrows and went to the front desk to check in.

Jiang Xinwei blinked. He wants to live here?

"What floor do you live on?" Xiang Qinghao asked.

"Sixteen." Jiang Xinwei blurted back.

"I want a room on the 16th floor." Xiang Qinghao said to the front desk.

Jiang Xinwei's brain explodes slightly. How can he live on the same floor with her?

Soon, Xiang Qinghao came to him with the room card, and Yang Yang said, "live close and take good care of each other."

Jiang Xinwei didn't think so at the bottom of her heart. Was it a little condescending to live in such a common room in his financial capacity?

However, if he is happy, she can't interfere.

Two people wait for the elevator together. Jiang Xinwei looks at him and says gratefully, "please."

"You can rest assured." Xiang Qinghao will settle her naturally.

"Will you invite Prince Ronald?"

"I don't need to trouble his highness Ronald for such a small matter. I have a way." Xiang Qinghao said confidently.

If it's just a matter of money, it's not a matter for him.

Jiang Xinwei nodded and believed that he had such ability, but the human feeling was owed.

Two people got off the elevator together, Jiang Xinwei went to her room, only to see the men around her follow her, Jiang Xinwei went to her door and said to him, "then I'll go back to the room first."

Xiang Qinghao once looked at the house card, he clenched his lips and smiled, "it's really clever, it's next to you."

Jiang Xinwei is also surprised. Is it so clever? She smiled and pushed the door in first.

As soon as she entered the room, she couldn't stop patting her chest and breathing. Now she was not so calm.

Thinking that he lives next door, she still has a sense of tension!

At this time, her mobile phone rang, she picked up a look is Lin Lin Lin, she reached up, "Hello! Senior sister. "

Chapter 1267

"Are you back? How is it going? " Lin Lin asked in a low voice.

"Well, I just got back to the hotel and he promised to help us out."

"Really? That's great. I'll say you're out there. There must be no problem. " Lin Lin was relieved at that end.

Jiang Xinwei has no self-confidence, and she doesn't know where the elder martial sister is confident in her. "Let's wait for his good news!"

"Good! Then you have a rest. " Lin Lin didn't bother her either.

After hanging up the phone, Jiang Xinwei's eyes took a look at the direction next door. He lived next door, which seemed strange in her heart.

As soon as Xiang Qinghao entered the room, he contacted his all-purpose assistant. Tomorrow, he asked the president of the brand group to come out for a meeting. No matter how, he had to come

out. At his command, Xiang Qinghao took a look at the common big bed room. It was probably the worst living since he was born.

But tonight, he will.

Xiang Qinghao went to the balcony and took a look at the balcony next door. The soft yellow light came from the balcony. He imagined what the girl next door was doing.

Are you taking a bath and changing clothes?

Xiang Qinghao found that he was like a man of conjecture. He always liked to think about this girl.

Before Xiang Qinghao returned to bed, he was a little tired today. He reached out to untie his tie, pulled off several buttons of his shirt, and lay down on the sofa beside him.

Jiang Xinwei took a bath and came out. After washing her head and removing her makeup, she had a clean and pure face, which was more tender than her makeup.

Collagen full of her, still retain baby fat, make her a small face of goose egg, appears round and lovely.

She looked at the balcony, then quietly went to see the next door, there is still light, it seems that he has not slept.

But she was really tired. She touched the pillow and turned off the light and went to sleep.

Xiang Qinghao lay down for a while, then he took a bath. After taking a bath, he stood on the balcony and looked at the next door. He even shot out a dark light. Obviously, she fell asleep. Xiang Qinghao sighs again. He doesn't know whether he thinks more or whether it's true.

He had no sense of existence in front of this woman. She knew he was next door, and she could still sleep?

Only a woman who has no idea about him can sleep so peacefully. If she has a little fantasy about him, she can't sleep so early.

Xiang Qinghao, with his upper body bare and only wrapped in a bath towel, stayed for a while, but there was a foreign girl standing on her chin, stabbing at the balcony and admiring his figure.

Xiang Qinghao finds out that he turns back to the room, and his figure can be seen by no one who wants to see it.

If Jiang Xinwei wants to see it, he doesn't mind.

But Jiang Xinwei is now playing chess with Duke Zhou!

Morning!

Jiang Xinwei got up early. She took a look next door and went down to breakfast with her senior sister. She didn't tell Xiang Qinghao that she lived next door.

Lest she disturb him.

After breakfast, they will go to the show, a busy show in the afternoon.

At ten o'clock in the morning, Xiang Qinghao's assistant succeeded in asking the president of the brand company to come out. Xiang Qinghao passed Jiang Xinwei's door, and he stared for a few seconds, knowing that she must not be in the room, and he did not disturb.

Ten o'clock, coffee shop, the company's brand boss would like to come out to see Xiang Qinghao, because of Xiang Qinghao's invisible second generation identity.

No one will be able to live with money in this market.

After Xiang Qinghao sat down, he directly mentioned the brand plagiarism. The president also knew that his designers intended to fight against Jiang's group, because Jiang's group occupied a certain mainstream market in country M.

"Mr. Xiang, if you come to me because of this matter, I'm sorry. I won't compromise on this matter." The man in his early forties made a noise at once.

"I've heard that the works of both parties can't be judged as plagiarism, but I have a deal to discuss with your company." Xiang Qinghao raised his eyebrows.

"Mr. Xiang, please."

"I have an order in my hand, the amount is about 50 million US dollars. If you are willing to give up pursuing this matter, I will sign a contract with you immediately." Xiang Qinghao is negotiating freely.

The man's eyes brightened immediately, which was a big order. He pretended to think about it, and nodded immediately. "OK, I promise you, as long as Mr. Xiang can give me an order worth 50 million dollars, I can not pursue this incident, and also guarantee that I won't trouble Jiang's brand in the future."

Xiang Qinghao said to his assistant, "sign the contract with Mr. Louis. I'll go first."

"Yes, young master."

When Xiang Qinghao got up, he said to his assistant, "let's use these clothes for charity! It happens that charity needs a lot of donations. "

Mr. Louis couldn't understand his Chinese, but he was so happy that his assistant prepared the contract and was about to sign a big order.

Xiang Qinghao steps out, takes out his mobile phone and dials Jiang Xinwei's number. Jiang Xinwei is having a small meeting in the lounge. She picks up in a low voice, "Hello!"

"It's done. Louis won't bother you any more." Xiang Qinghao's voice is clear.

"Really? Thank you very much, Mr. Xiang. Thank you very much. " Jiang Xinwei is grateful.

"I'll book the restaurant for the evening." Xiang Qinghao didn't forget his appointment at night.

"Good! You're booked to tell me. " Jiang Xinwei is very willing to invite him to dinner.

"I'll go back to the hotel first. You can find me in the room." Xiang Qinghao said and hung up.

Jiang Xinwei was slightly shocked, but she still said the good news immediately, "the business of Louis group has been settled, and they will not trouble us any more."

As soon as he said this, all the people present were relieved, especially elder martial brother amu. He was very grateful to Jiang Xinwei. He was responsible for this and blamed himself.

"In the future, try to design according to your own ideas. Don't try to take a shortcut. The bigger our brand is, the stronger our competitors will be. They are always staring at us. Once there is a chance, they will be aggressive." Lin Lin is alert to everyone here.

Jiang Xinwei is also in a state of mind, which makes her more clear about her future design.

In the afternoon, the show was also very successful, and there was no movement on Louis's side, obviously things were settled.

In the evening, Jiang Xinwei dragged her tired body back to the hotel. Lin Lin knew that she would invite Mr. Xiang to dinner in the evening, so she took her team to the nearby restaurant.

Jiang Xinwei washed her face. She didn't have the heart to dress up today. She yawned and wiped her face. If she could, she would like to sleep in bed now.

However, she had to invite Xiang Qinghao to dinner. She braced up, gathered her long hair, carried her bag and went out. She reached for the door next door.

Xiang Qinghao is really waiting for her. When he reaches out and opens the door, he sees the girl standing outside, dressed in white T and jeans, as pure as a high school student. He was slightly shocked. Last night, she had a unique style. Today, she gave him another feeling.

Like, under age.

"I'm ready. Let's go!" Jiang Xinwei grins at him, wearing a khaki hoop, and looks cute.

Xiang Qinghao nodded. "I'll take my cell phone."

With that, he took his cell phone and called the front desk to let the security guard drive his car out of the garage.

Today's Xiang Qinghao is dressed in a dark shirt and slim trousers. His hair is well groomed, with a deep outline and elegant facial features. He has a mature man's demeanor, which is inadvertently revealed.

The original age difference of four years, plus Jiang Xinwei a dress up, it seems full of girlhood.

So, the feeling that two people walk together, namely have height difference, still have age difference. Xiang Qinghao thought to himself that when the girl didn't dress up, it made him feel embarrassed, as if he liked minors.

"Mr. Xiang, are you far from the restaurant?"

"The city center should be a little far away." Xiang Qinghao finished, the elevator door opened, Jiang Xinwei walked in, he followed.

The hotel used to be full of nearby guests watching the show. Just on the 15th floor, the elevator door opened and a group of foreign guests were waiting outside.

When Jiang Xinwei came in, she instinctively squeezed the men around her. Xiang Qinghao's thin lips were slightly hooked. She grabbed her waist and pulled her into her arms.

As soon as the foreigners came in, Jiang Xinwei was really trapped in his arms.

Chapter 1268

Jiang Xinwei's breath was smothering. She felt a hand around her waist. She raised her head slightly and saw the sexy chin curve of the man and the fresh and clean masculine breath on her body.

Her face, quietly red, she has been waiting for the elevator to reach the first floor. Jingle, the elevator finally reached the first floor, in front of the foreign guests a coax out, Jiang Xinwei immediately check the waist of the hand, also quietly away.

She had to pretend that it was not the case, and came out with her eyes slightly drooping.

Xiang Qinghao shook his hand, as if it was hard to believe how thin his waist was just measured.

When the two men got to the door, Xiang Qinghao 's sports car was driven to the door by the security guard.

In the car, the rhythm is very dynamic music, which is probably the time to enjoy driving a sports car.

Jiang Xinwei's blood is also in this kind of music, which seems to be very relaxed. With this kind of music, there is no need to communicate, nor is it embarrassing.

Just at the moment of turning around, I saw the man around me, a pure handmade suit, wrist watch, and the blue light from the center console of the luxury sports car. This man, all over his body, had a noble and elegant temperament.

Jiang Xinwei took back her eyes after peeping for several times. Naturally, she would never forget a handsome man like him.

How many women should be around? And he doesn't need to hook his fingers, so he has to jump on it!

Influenced by her family, Jiang Xinwei has been strictly educated by her parents, which has also formed her emotional outlook. She has a more paranoid demand for her future partner.

Don't ask each other how rich and excellent they are, but they must have a loyal heart. She wants her future husband. She is the only one in her heart and eyes.

Although the requirement is very high, she is not in a hurry to find it now, so she is not in such a hurry, just set a doorsill there.

At least this rule will not be broken when she is not the leftover girl eager to hate marriage.

Therefore, Xiang Qinghao, who is close to her, doesn't meet her requirements for her future partner even if she likes her.

She is also very strict with herself. She doesn't like to play with other people's feelings. Other people can't play with her feelings.

Xiang Qinghao's sports car stopped in front of a very senior restaurant, and a security guard came up to drive him.

Two people got out of the car, Jiang Xinwei took a look at the front of the restaurant, it seems that the price of the restaurant is relatively expensive, she has made a decision to pay the money. Entering the restaurant, Xiang Qinghao reported the name of the reservation, and the handsome waiter welcomed them to the second floor, which was still a box.

This stunned Jiang Xinwei for a few seconds. To be honest, she likes to be in the hall.

However, even if the reservation is ready, she can't change her position. She sits in the box. The waiter pours champagne for them first, and then hands the menu.

Xiang Qinghao is enjoying the menu while drinking champagne in an elegant cup.

Jiang Xinwei on the opposite side has ordered. She always has a special taste, so even if she changes the restaurant, she still orders her favorite taste.

Xiang Qinghao ordered it. The waiter took the menu and left when he closed the door.

This box immediately became a romantic and private small space.

Jiang Xinwei's breath was slightly smothering. She held up the champagne and said to the man opposite, "Mr. Xiang, thank you for your help!"

Xiang Qinghao looks at her so polite. He hooks his lips and touches her with a glass. "You're welcome. For me, it's a piece of cake."

Fifty million dollars.

"Thank you so much!" Jiang Xinwei, however, takes this kindness very seriously. She has not asked for help, so once she asks for help, she will firmly remember her kindness to each other.

"If you really want to thank me for that, then make friends with me!" Xiang Qinghao could feel that she did all this just to thank him.

Apart from gratitude, he could not feel any love from the girl.

It really hurt his heart. It can't be shown yet.

"We are already friends!" Jiang Xinwei raised her eyebrow and smiled, "you are my cousin's friend, which is my friend."

Xiang Qinghao smiled helplessly, "you are right."

Jiang Xinwei is very curious, but also want to ask him, in the end, how to help, the other party has not been difficult to him.

"Mr. Xiang, how did you do it? I heard my elder martial sister say that the people of Louis group are very strong. You are not wronged

Grievance?

Xiang Qinghao can't help but reach out and cover the corners of his mouth. He has never been wronged since he was a child. Only he can be angry with others. Who can be angry with him?

"I just talked with him and told him not to bully him too much. He probably knew my relationship with Prince Ronald, so he promised me not to trouble you."

As for the 50 million dollar order, he didn't want to say it, lest she should be frightened. Jiang Xinwei listened, it seems that he just went out a little, did not make him too difficult. Thank you! I'll give you a toast. " Once again, Jiang Xinwei held up the champagne and held it up to him.

Xiang Qinghao saw that she was more polite and his heart was less than his taste. He raised his glass and touched the edge of the cup lightly. He drank it and looked the girl opposite with deep eyes through the edge of the cup.

Jiang Xinwei is also drinking, her remaining light feels the opposite man is looking at her, she pretends not to see.

"Miss Jiang, may I have your name? Xinwei." Xiang Qinghao has the cheek to ask.

Jiang Xinwei nodded and smiled, "of course."

Xiang Qinghao was secretly delighted, only to hear that the girl on the opposite side continued to add a sentence,

"we are friends!"

Friend!

The smile on Xiang Qinghao's face just rose was a little stiff. Did the girl deliberately want to get rid of this relationship?

Xiang Qinghao didn't know how much trouble the blonde girl sitting next to him caused him in the show last time.

Maybe the line of a man is thick. If he thinks about it carefully, he will know the root cause of the distance between Jiang Xinwei and him.

"I'm going to another country tomorrow. When will you come back?" Xiang Qinghao had to leave.

"I'll be back in a week." Jiang Xinwei replied.

Xiang Qinghao thought about it. If he handled the matter well, his grandfather's body would be stable at that time. He could go back to China to choose a place with good Fengshui and welcome grandpa back to live.

"Well, I'll see you at home then." Xiang Qinghao is ready for the next meeting.

"Good! When you return home, I will continue to invite you to dinner. " Jiang Xinwei wants to repay his kindness as soon as possible.

Xiang Qinghao also found out that he only laughed for a moment, "then I'll wait."

Jiang Xinwei was still hungry. She naturally showed herself and didn't pretend to be a lady in front of him.

Domestic.

A private plane landed steadily. The assistant and bodyguard who came to pick up the plane had already waited in advance.

On the ladder connected by the plane, Xing Yifan holds his beloved wife's hand and takes her very carefully. Bai Xia is too careful to laugh and cry because of his over careful appearance.

She was pregnant with a baby, but she didn't go down the stairs to watch.

"Second young master, second young grandma, the car is here." The bodyguard greeted respectfully.

Bai Xia is a little uneasy because of this sentence, but obviously, this is her necessary identity.

Xing Yifan took her hand, bent down to her and said softly, "let's go home! Tell my parents the good news

Bai Xia nodded softly, "OK."

Three black cars all the way straight to the direction of xingzhai. I heard that they suddenly returned home. Jiang Lan also prepared a table of good dishes for them to come back.

Just, on the phone, she didn't ask her second son how he came back suddenly. According to their plan, isn't it more than half a month to go back home?

Although Jiang LAN is curious, she is also waiting for them to come back and say the reason. She is busy in the kitchen at the moment.

Xing liehan is in the company, Tang Siyu also has a job, and the two grandsons are in school respectively. At this time, Xing's family is quite quiet.

When Xing Yifan's car came in, Jiang LAN came out to meet her. When Xing Yifan and Bai Xia saw her, they immediately called out in unison, "Mom."

Jiang LAN replied with a smile, and asked curiously, "how can I come back suddenly? Isn't it going to many countries? "

Chapter 1269

Xing Yifan's eyes showed a strong surprise. He said to his mother, "Mom, guess?"

Jiang LAN looks at her second son's surprise. She just guesses what she knows. She also follows the surprise. "She won't have summer!"

Xing Yifan was shocked. As expected, it was his mother. He could guess right.

The shy smile on Bai Xia's face has revealed the answer. Xing Yifan hasn't answered yet. Jiang LAN is excited and holds Bai Xia's hand. "Xia Xia, is Ma right?"

"Well! I'm pregnant. " Bai Xia should laugh.

Jiang LAN can't help but smile. She is thinking about when these two sons and daughters-in-law will have children! I didn't expect that the surprise came so fast, just after I got married. "That's great. We Jiang's family are going to have more children and grandchildren." Jiang LAN is also very happy, holding Bai Xiadao, "come to the hall to have a rest."

Xing Yifan, who was left behind, was a bit neglected. However, he had no opinion at all, so he quickly followed up.

Bai Xia was also very happy, especially her mother-in-law was so happy. After she sat down, Jiang LAN asked Xing Yifan to pour a glass of water, and she asked Bai Xia carefully about her pre pregnancy symptoms.

"Mom, I'm fine now. I don't have a reaction to my pregnancy." Bai Xia said with a smile.

"That's good. It's hard to get pregnant. Tell me what you want to eat in the future. I'll make it for you." Jiang Lan said affectionately.

"I will be by her side and take good care of her." Xing Yifan spoke out.

"Yes, you don't want to go to the company for the moment. It's important to serve Xia Xia well." Jiang LAN admonishes her second son.

At noon, Xing Zhengting also came back. Xing liehan and Tang Siyu heard that they had come back and went home together.

At the dinner table, the whole family was very happy to hear the good news. Bai Xia and Xing Yifan will go to have a pregnancy test tomorrow to check the condition of the fetus.

M country, in the early morning, a huge private plane rose up, steadily rushed into Yunxiao, Xiang Qinghao left.

As he was flying in the morning, he just sent a message to Jiang Xinwei, and he boarded and left with his assistants.

Jiang Xinwei received his message in the room. She breathed a little, and didn't know what it was like. In a word, she was in a trance.

She doesn't have much time to be dazed, and she has a lot of work to do.

This is the best place to enjoy the aurora.

Pei Yuehuang and LAN Qianchen have arrived. They have also spent half a month in the journey in a twinkling of an eye. In this journey, except for the last time of distress, the journey has been very smooth.

At this moment, they have ordered the best ice house to enjoy the aurora, which is full of the mysteries of the universe.

During the day, they are here to enjoy the scenery and take photos. The beautiful scenery along the way is unforgettable. Pei Yuehuang holds her camera to capture some beautiful scenery.

At the same time, I also took photos of my husband. It must be the best model! Sometimes, LAN Qianchen takes a camera and takes photos of his wife's face and body. Every picture is like a big movie.

Although it's a trip for two people, it's not lonely at all. Two hearts are closely connected.

In a twinkling of an eye, it's evening. After dinner, you can go around and enjoy the night. It's as close to the stars as you can reach them.

Hand in hand walking under the romantic starry sky, chatting together, looking forward to the future life together.

Of course, the next life, but also to talk about the topic of children together.

Pei Yuehuang can already foresee that if she is pregnant this year, then there will be a world of three.

Since the decision was made on the rooftop that day, no measures have been taken for the next trip, which makes the two couples more intimate.

Finally, it's over nine o'clock. The beautiful turquoise aurora is floating in the sky, full of mystery, like a dazzling picture. The whole sky is dizzy and dyed. It's like the master overturned the green painting plate and splashed the whole paper.

Lying in the ice room, you can see the stars and the aurora when you look up. This feeling is really shocking. At the same time, it's also very romantic to be able to enjoy the time with your beloved.

Pei Yuehuang picks up the camera and lies on the bed. She also takes some pictures. After taking the pictures, LAN Qianchen reaches under her neck and takes her to his arms.

Pei Yuehuang snuggles up to him like a little woman. When he appreciates the aurora, she looks at him full of adoration.

Is appreciating the husband handsome side face, but did not want to be discovered by him, blue thousand Chen turns his head, two pairs of eyes touch.

Pei Yuehuang couldn't help laughing, "it's still my husband."

Blue Qianchen's hand quickly touched the remote control switch beside him. He reached out and pressed it, only to see the ceiling on the igloo closed automatically.

Pei Yuehuang is slightly stunned. She looks up and touches his eyes. She asks deliberately, "how did you close it?"

"How can I have a baby if I don't close it?" Blue thousand Chen asks in a low voice, in voice line, already revealed his idea. Pei Yuehuang smiled and sighed, hugging his neck, "OK! Then have a baby! "

The aurora outside the window, showing off all kinds of things, sprinkled the whole night sky, but in this warm ice room, it is another style.

Home, early morning.

Xing Yifan got up early and got ready. Today, he will take Bai Xia to the hospital for examination. Now he even prepares breakfast at home, but the breakfast outside is not as good as his own.

Bai Xia is probably pregnant, which makes her sleepy. She went to bed early last night, but she is still too sleepy to get up in the morning.

Xing Yifan turned off her alarm clock again, so it was already 9:30 when she woke up naturally.

Bai Xia can't help sighing. The alarm clock she set last night was turned off by him.

Bai Xia went downstairs wearing a very comfortable suit. Xing Yifan had cooked breakfast and was waiting for her.

"Wake up, wife." Xing Yifan put down the book in his hand, which is the book of pregnancy. Obviously, his new husband is still mending this knowledge.

Bai Xia complained, "why did I turn off my alarm clock! You don't wake me up. "

"I don't want to call you because you sleep so hard. You need more rest now." Xing Yifan took her hand and brought her to the table.

Bai Xia has no complaints. When Xing Yifan is about to leave, she reaches around his waist, raises her eyebrows and smiles, "thank you husband."

Xing Yifan lowered his head and kissed her on the forehead. "You are the most important person now."

Bai Xia didn't want to be treated as a special person. After breakfast, Xing Yifan drove her to the private hospital of Xing's family.

Arriving at the hospital, the hospital immediately according to row the most outstanding doctor to come to do the examination for Bai Xia.

Bai Xia is lying in bed, feeling that the doctor is doing B ultrasound for her. She can't help getting nervous. Maybe for the first time! She thought, there is no problem with the child!

"Congratulations to the second wife, you have twins!" As soon as the doctor checked, he was surprised to tell her the news.

After listening, Bai Xia's head is buzzing, twins? My God? She's pregnant with two? "Isn't it wrong?" Bai Xia asked.

"How could it be wrong? Master Xing has genes in this field, so it's not surprising that you are pregnant with twins. " The doctor laughed.

Bai Xia's head was a little bigger at once. She was really surprised and happy. She was shocked to suffer later. She got two children at a time.

After the doctor finished the examination, he said to her, "the fetus is very healthy and everything is good. The second wife can often come here for examination later."

"OK! Thank you! " Bai Xia replied, and the doctor came to help her up very carefully.

Xing Yifan, who has been waiting outside, can't wait to know what's going on inside.

He saw Bai Xia come out, and a pair of big eyes were staring at him, which made his heart tighten immediately. Because Bai Xia's expression at that moment, he could not understand it.

"What's the matter? Any questions? " Xing Yifan immediately reached for her hand and asked anxiously.

Bai Xia said bitterly, "there is nothing wrong with the child! Just! I have two in my stomach. "

After hearing this, Xing Yifan's head exploded. "Twins?"

His first thought was that it was a very difficult thing for pregnant women to have twins. However, he had not heard less about the difficulties of his mother's bearing twins since the novel.

Bai Xia saw that he was also frightened. She chuckled, "it's OK. She suffered once and gave birth to two babies!"

Xing Yifan reached into her arms and was deeply moved. At the same time, he knew more about his responsibilities in the future.

Chapter 1270

M country, it's the last show in a blink of an eye. Day and night, the war life is coming to an end.

Jiang Xinwei solved the problem of plagiarism by her ability, which raised her position in senior brothers and sisters. As we all know, although she is young, she has a very strong network.

In this regard, Jiang Xinwei didn't say it carefully. In terms of contact, she is indeed indispensable. Xing family and Jiang family can get good contact resources, but she has nothing to do and won't bother others.

Finally, that night, Jiang Xinwei had a good sleep, and Lin Lin didn't give them time to go to waves, so she booked a ticket to go back home.

Jiang Xinwei slept all the way back to China, and arrived at two o'clock in the afternoon.

The driver who picked up the plane sent them all home. Jiang Xinwei also heard a good news. Finally, she didn't need to stay in the hotel. Her parents had bought a real estate. It was a medium-sized villa, enough for their family of three.

Standing in front of her new home, Jiang Xinwei immediately felt warm. Wherever her parents were, no matter what kind of house she lived in, it was the warmest.

Jiang Xinwei came home with a gift box to surprise Jiang Tiansheng and his wife, who were watching TV in the hall.

"I'm back. I've got you here." Jiang's mother once looked at her daughter as if she were an artist. She must be very tired to go abroad! People are thin.

"Mom, how did you find this place? The environment in this area is very good!" Along the way, Jiang Xinwei saw beautiful scenery, scattered gardens and very good living environment.

"We were also introduced by your aunt. There were several bigger villas, but if you think about it, our family of three is too big to live in, so we bought this one. It's not small, it's just enough for us to live in." Zeng Yueyi said, "do you want to see your room?"

Jiang Xinwei can't wait. She goes up the stairs happily. "Yours is on the third floor." Zeng Ruyi said a word downstairs.

Jiang Xinwei ran all the way to the third floor and walked into a warm room with independent bathroom and cloakroom, which is her favorite small world.

There is also a half-month balcony, her mother gave her a comfortable sofa and small table, but also her favorite.

Jiang Xinwei stretches and stretches, lies down on the soft bed, closes her eyes, the corner of her mouth is still rising happily. Next, she develops well in China.

Down the stairs, Jiang Xinwei set out in a hurry this time, so she only brought a gift to her parents. Her father is a belt and her mother's is a small handbag.

"I don't have time to go for a walk. I can only choose two kinds of shops near the show. I hope you like them."

"Yes, you like everything you send!" Jiang Tiansheng looks at his beloved daughter.

Only gave birth to this daughter, their love from small to large, all in her body, fortunately, did not spoil her daughter to be coquettish and willful, on the contrary, she is very sensible and independent.

"Mom and Dad, I'll go back to my room first!"

"It's dark around your eyes. Go and have a good sleep!" Zeng Ruyi loves her daughter.

Jiang Xinwei went back to her room, took a bath, dried her long hair, and sat on the bed. She looked at some news curiously. She happened to see a star who had been to the show and sent back photos. Not only that, but also the media people who were lurking in. This time, she sent out some pictures of the show and made a lot of eyeballs.

Jiang Xinwei looks at these photos. Suddenly, a familiar figure comes into view. It's a group of photos of Prince Ronald secretly taken, and Xiang Qinghao sitting beside him is also in the photo.

Only in the dim yellow light, his legs, long and straight, casual expression, exuding a lazy atmosphere, five features in the shadow, deep three-dimensional.

The media introduced Prince Ronald. However, they called the young man around him as a mysterious prince. They also mentioned his handsome appearance and outstanding aristocratic atmosphere.

Jiang Xinwei can't help but look through the comments curiously and find a group of girls calling to know the mysterious man. Even her husband is shouting. It seems that Ronald's popularity will be robbed by him.

Jiang Xinwei went back to the picture and looked at Xiang Qinghao. She couldn't help thinking that he would return to China and didn't know when he would return.

At dinner, Jiang Xinwei heard a big happy event. Xing Yifan's cousin and Bai Xia's sister-in-law came back, and Bai Xia was pregnant with twins.

This weekend, I just made an appointment to get together at Xing's house.

Mentioning this matter, Zeng Yueyi looked at her daughter curiously and asked earnestly, "Xin Wei, although you are only twenty-three years old, if you meet someone you like, don't miss it. You can communicate with each other and take it home for us to see."

Jiang Xinwei's face turned red. She said shyly, "Mom, I'm still early!"

"Isn't your sister-in-law Bai Xia only twenty-four?"

Jiang Xinwei said with a smile, "OK! When I meet a man as good as my cousin one day, I will think about it. "Zeng Ruyi also knows that this kind of thing can't be forced, but she really hopes that her daughter will meet with a good one, so don't miss it.

Xing Yifan and Bai Xia still live in his villa. Since the good news, Bai Xia has begun to feel some early pregnancy diseases, such as being unable to eat, vomiting when smelling greasy, eating sour and spicy things, and not wanting to eat fruits.

This made Xing Yifan a little worried. Jiang LAN sent an aunt who had served Tang Siyu to cook for them. She knew the taste of pregnant women.

Xing Yifan's task now is to take care of Bai Xia and accompany her through the early pregnancy.

Bai Xia now finally realized the hard work of pregnancy. With her stomach only two months old, she felt that her appetite was very poor. She seemed to be sleepy and sleepy all day long.

Bai Xia wakes up now. She is looking at the videos of some babies and looking at some babies with big eyes. Bao Ma says that eating apples can make their skin white and red. Eating trial grapes can make their eyes big and round.

It seems that she will eat more of these two kinds of fruits in the future, and look at those months old babies, her heart melted.

If her children are so lovely in the future, she will persist no matter how hard and tired she is during pregnancy.

Xing Yifan just washed the fruit. When Bai Xia saw the grapes, she ate happily.

"What would you like to eat at night?" Xing Yifan asked her.

Bai Xia suddenly bit her red lips. Now she even wants to buy baked sweet potatoes at the school gate.

"I don't know if the roasted sweet potato shop is still there. I really want to eat his."

"Where? I'll buy it for you. " Xing Yifan now hopes that her appetite will be better. He will satisfy her with whatever she wants to eat.

Bai Xia really wants to eat, "there is one across the gate of my high school. I don't know if it's still open."

"Then I'll take a look for you. If there is, I'll buy it for you." Xing Yifan said to her.

"It's too hard for you. Forget it. I won't eat it." Bai Xia also loves him to take care of her every day.

Xing Yifan chuckled, "what kind of hard work is it? If you give birth to a child for me, even if you let me do anything, I am willing to do it. It is worth it. "

Bai Xia blinked and was moved. She nodded, "OK, I'll write the address to you."

Xing Yifan immediately drove out. After eating the fruit, Bai Xia slept on the sofa for a while. Her sleep was good, but because she couldn't eat, she was a little thin.

After leaving country f, peiyuehuang and LAN Qianchen moved to another country. They also received the good news from Xing Yifan two days ago, which made them happy for them, and they also decided to have children.

They are not in a hurry now, let it be. Now their most important thing is to eat, drink, play and keep the most pleasant mood. At the same time, they also have the sweetest night and enjoy all the fun.

However, this is the last country they arrived in. After living here for a week, they decided to go back to China, because it was almost a month before they came out.

In the evening of Friday, a huge Boeing 787 large private plane landed at the airport, taxied to the entrance of the VIP passage, and a long and charming figure stepped off the plane.
