

U. CEO Daddy 141

Chapter 141

She doesn't want to invite him alone anymore. Let's count it!

The waiter looked at the two cards. She was in trouble for a moment, but she didn't dare to take them with a smile.

"Don't think I can't afford it, I can afford it, even if I offended you last time." after that, Susie stretched out her arms and asked the waiter to brush her card.

Wen lichen is a very sensitive person. Isn't it because the woman is so active in paying money that she won't see his idea in the future? He would not let her do it.

He reached directly for her card and pulled it back, held it in his hand, and ordered the waiter, "swipe this card."

"Hello! Give me the card back. " Susie immediately instinctively grabs her card.

Wen lichen's voice, as if there was an invisible order, made the waiter dare not disobey, picked up his black card and swiped it to check out.

At this time, the man took the initiative to pass the card to her, sushi took it, some raw airway, "you just clearly said let me check out."

"Give me your cell phone."

"What's the matter?" Asked Susie, with a slight stare.

"Save my number. It's convenient for you to ask me later." Wen lichen squints and opens his mouth.

Sushi bit her lip and handed him the cell phone. He pulled through a string of numbers and handed it back to her.

"It's a meal that I asked for." Sue complained.

Wenlichen ignored her, took back his card, put it in his wallet, and turned away.

Sushi follows. Just at the door of the second box, a fat man bumps into her. Sushi quickly backs away from her, and the man finds her at the tip of his eye.

"Miss Su, it's you! It's a coincidence. Come and have a drink with us. Last time you left without drinking. This time I'll apologize for compensation! "

Suxi Dingqing saw him and recognized him as the big investor of the last movie, general manager Li. She quickly smiled and refused, "I'm sorry, general manager Li. It's inconvenient for me and my friends to have dinner."

President Li relies on his wealth, and sushi is just a little actor in his eyes. He immediately reaches for her wrist and forcibly pulls her. "It's not inconvenient. Just have a few drinks and come..."

"It's really inconvenient, Mr. Li..." When sushi saw that he really wanted to pull her, she hurried to one side.

"Miss Su, don't forget that I invested a lot in your last movie, but I asked you to have two drinks with me. What do you want? Come on. Next time I invest in a movie, I'll let you be the heroine. " All this was a threat to sushi.

Although sushi is not short of resources, she doesn't offend people in the entertainment circle. But at the moment, her hand is caught by this man, and she can't earn it for a while.

Sushi also hated the atmosphere in the box, but Li always held her tight. When she pulled, she was about to be pulled into the box.

Suddenly, a cold voice came, "let her go."

Mr. Li was stunned. He looked up at the tall young man coming. He was shocked immediately. "Who are you?"

Wen lichen fell on the dirty hand he held on Susie's slender arm, and his eyes were cold.

Mr. Li is also a member of the upper class. However, he feels that this young man has a kind of dignity that he can't afford. In his hesitation, sushi takes back her hand and runs to wenlichen's back to seek his protection.

Mr. Li took a close look at Wen lichen. "Is this gentleman?"

"You don't have to know." Wen lichen's noble and inviolable manner alone made Li Zongxin afraid to provoke him. He smiled a little and said, "sushi, make an appointment next time!"

After Li Zong entered the room, Suxi thanked Wen lichen, "thank you!"

"Go wash your hands." The man suddenly opened his mouth.

"Er?" Suxi is shocked. What does she do with her hands?

Wen lichen's eyes fell on the wrist she had just been held by President Li. "Don't you think it's dirty?" With that, he turned to leave.

Susie slightly stared, as if remembering that this man has a strong habit of cleanliness! However, he said that she could not bear it. She hurriedly ran to the direction of the bathroom and washed the wrist that she had just been holding hard and came out again.

Back at the table, Xing liehan and Tang Siyu both look at their brothers and sisters, asking questions with eyes that only they can understand.

However, both of them are quite natural.

"Are you finished? After that, we'll go! Xiaoxi wants to take a bath. Xiaonuo will get up early and go to school tomorrow. " Xing liehan makes a sound.

"I'm full of Daddy." The little one replied.

"Elder brother, can I go to Siyu's house for a night tonight?"

"It's said that the weekend will come. It's only Thursday today." Xing liehan did not want to destroy the principle.

"Oh! Well then! " Xing YINUO finished and hung his head down.

Everyone got up and went out. The little guy and Xing YINUO walked ahead hand in hand, followed by Tang Siyu and Xing liehan. When Xing liehan walked to the counter, Wen lichen said to him, "I'm done." Tang Siyu turns to look at sushi. Sushi shakes his head a little. That's wenlichen's dinner.

Just came out of the restaurant, there was a billboard playing on the huge screen in the middle, the little guy immediately surprised, "mummy, that's you!"

Everyone's eyes looked at the big screen, only saw a cosmetic advertisement of sushi. She was in a group of swimming pools, like a sea princess, slowly holding up her face from the water. Her delicate facial features clearly appeared on the screen, her eyes were full of confidence and charm, her red lips were light and hooked, and she had an aggressive beauty.

Sushi is not very interesting. This is an international brand lipstick she represents. This brand likes to use this color tone for advertising, which means that after swimming, lipstick is still clear and elegant, without any decolorization.

Xing liehan takes a look at it and takes the little guy to the elevator. Tang Siyu can see Sushi's advertisement everywhere. It's no surprise. Xing YINUO shouts, "how beautiful!"

Wen lichen squinted his eyes, but Sushi in the advertisement was so beautiful that his heart strings were pulled. Especially the last seductive eyes, which made the man see, would have a feeling of being seduced.

Su Xi looks up at Wen lichen and finds that he is staring at himself in the advertisement. She hurriedly pulls Tang Siyu away. She feels embarrassed. Before, she thought that she had been beautiful in the advertisement, but now, I don't know why, she always feels so attractive.

In the elevator, sushi holds Tang Siyu and says to her, "take me home later!"

"Mummy, let me take mummy home with you!"

"Big brother, can you take me back?" Xing Yinuo is holding her elder brother's arm. It's not very interesting for her to go to Wen's house alone.

Chapter 142

Wen lichen said to Xing lie, "if you will send Xiao Nuo back and Liang Yao back together, I will not go back to Wenzhai tonight."

"Good!" Xing liehan answered, and said to the little guy in his arms, "do you want to accompany my father to see my aunt to Uncle Wen's house?"

Xing Yinuo is already happy. "Xiao Xi, come with us!"

"Mommy, can I go with my aunt?" Little guy asked Tang Siyu.

"All right! Just go home early. " Tang Siyu has no opinion.

At this time, Xing Yinuo said to Suxi, "sister Suxi, I'll find you a piece of paper and pen in a moment. Can you give me a signature?"

"No problem, of course." Suzy frowned.

"Well! Wait for me for a moment. My bag is in my brother's car. "

Tang Siyu didn't expect Xing Yinuo to be a Star chaser, and he liked Suxi so much. Suxi also felt honored to have the little princess of Xing family as a fan.

The elevator jingled to a stop on the first floor. Tang Siyu and Su Xi stepped out first. In the parking lot, three cars were also close. Xing Yinuo asked Xing liehan to unlock the car lock. She went in and quickly found a piece of paper and pen.

Suxi takes over and signs her name on the car frame. Her name is very poetic. She also draws a picture of love. Xing Yinuo gets the signature and jumps up happily. "Thank you, sister Suxi. Can I see you later?"

"Of course."

"Well! Goodbye, sisters. " Xing Yinuo waved politely and walked to brother's car.

Wen lichen and Xing liehan drove out first, while Tang Siyu's car drove out slowly.

In the car, Susie breathed a sudden breath, as if her nerves could finally relax.

Tang Siyu couldn't help chuckling, "what's the matter? A meal will make you fight! "

"My heart is tired!"

"Why didn't you settle the bill?" Tang Siyu asked curiously, because when she left, it seemed that Wen lichen intended to force her to settle the account.

And on the dining table, Wen lichen ordered so many valuable dishes, which seemed to have intentional ingredients.

"I wanted to check out! However, who knows that Wen lichen has come back and robbed my card without saying that I will not be allowed to settle the account, saying that this meal will not count. " Suzy was speechless. She wanted to pay for the meal she owed him so quickly that she didn't have to see him again.

Every time she saw him, her mind would automatically appear the scene of the last hot eyes, and she would have amnesia.

Although he was dressed in an elegant suit tonight, with a handsome and straight body, the appearance he didn't wear made her remember more deeply.

Tang Siyu looked at her sympathetically. "He is carrying it with you, isn't he?"

"Who knows, his mind is so unpredictable." Susie leans wearily on the copilot's seat.

Out of the window, the night is sultry and the wind is gentle. Her mind seems to be covered with a layer of confusion.

"I didn't expect Xing liehan to bring him here tonight."

"Forget it, I don't blame you!" Finish saying, Su Xi Mi Mou curiously guesses a way, "this man is what in the end!! He has the temperament of a successful person, but if he is a famous person in the business circle, I will surely know! "

Tang Siyu also wondered, "I don't know."

"Last time I saw him in the show, it was a senior show. He didn't show up in the grandstand, but he had his own suite Lounge!"

Tang Siyu guessed, "maybe he has a mysterious and powerful identity."

"I can't find any information about him on the Internet."

Tang Siyu couldn't help laughing jokingly. "However, although he is mysterious, he has a recognized fact."

"What!"

"Handsome!"

"Let me tell you! Xing liehan is more handsome. " Su Xi doesn't admit that Wen lichen is very handsome. After that, Su Xi looks at her vaguely and says, "have you lived with him for such a long time, and anything interesting happened?"

Tang Siyu's brain immediately hummed, "no!"

"Have you seen his figure?"

"Yes, that's it!"

"Is that what it is? How many ABS are there! "

"Let's talk about Wen lichen first! Don't you see all of him? Even there. " Tang Siyu is not willing to show weakness.

"I won't say." Sushi snorted and killed him.

Finally, the two girls immediately giggled, and the car was full of laughter. The chat between the girls was not simple!

The Wens and xingliehan enter the hall with their sister's gift box. The Wens have come back. They are very happy and welcome to see xingyinuo.

"Yinuo, come and have a look at the room I've arranged for you. It's similar to your room." Mrs. Wen takes Xing Yinuo's hand and goes upstairs. The little guy also follows him.

Xing liehan is in the hall, chatting with old man Wen. Wen Liangyao goes upstairs to visit the room arranged by his mother.

Mrs. Wen pushed open a room with good light and sweet and warm temperament. Xing Yinuo's eyes lit up, "it's so beautiful! Thank you, aunt Wen. ""You don't know how envious I was when your mother gave birth to your daughter," sighed Mrs. Wen. "I don't have the courage to have another daughter. Otherwise, I've already had another daughter. I like my daughter."

So, she is very happy to stay with Xing Yinuo in Xing's house. In this way, she can feel the life of having a daughter. Moreover, Xing Yinuo may come to live every week in order to let her son tutor and study.

She had to make the room pink and cozy so that Xing Yinuo could live comfortably.

"Mom, how old is she? You decorate this color." Behind, Wen Liangyao's voice whispered to Mrs. Wen's ear.

"Xiao Nuo is still small." Mrs. Wen gave him a look.

Xing Yinuo is holding a pair of dolls, looking at them happily. "Thank you, auntie. I like this room very much."

Xing liehan looked at the time, went upstairs to find his son, and looked at his sister's room by the way. He said, "the room has been arranged for you. This month, you have to work hard."

"Ah What time is it? I have two pages left in my homework yesterday! Mathematical. " Xing Yinuo thought of it.

Xing lie draws a black line on his forehead, "take it out quickly and let Liang Yao teach you how to do it."

Mrs. Wen turned to look at her little son. "Liang Yao, then you can teach Xiao Nuo here. Let's go first."

"Well!" Wen Liangyao nodded.

Xing liehan leads the little guy and Mrs. Wen down.

Xing Yinuo brings her study here. The first thing she does is not take her homework book, but draw a big heart shape on the page Susi signed for her just now. She cuts it with scissors and sticks it in her diary with a little glue.

Wen Liangyao waited for a while, his brow slightly twisted. "How about homework?"

Chapter 143

Xing Yinuo immediately thought of another person around her. She gave out her homework, and then she doubted, "are you sure you can do it? Our homework is very difficult. "

Wen Liangyao smiled lightly, "let me have a look! In my eyes, it shouldn't be difficult. "

Xing Yinuo opened his homework and looked at him with his cap on his head. "Nuo, this one."

Wen Liangyao took it up and took a look. "It's very simple. You do it first. I'll teach you no." With that, put the exercise book in front of her.

Xing Yinuo puffed up his cheeks, stared, and then whispered, "I don't know."

Wen Liangyao was a little surprised. It seems that the workload of his counselor is quite large, and the difficulty is definitely greater than the math problem. He said to her, "look at the problem first, and I'll find a chair."

It seems that he doesn't have an hour or two to teach her tonight, and he doesn't want to rest.

In the yard, Xing liehan left with the little guy.

Tang Siyu returns Suxi to the downstairs of the apartment. She is also in the direction of home. Tomorrow, she will buy vegetables to Suxi's house and cook lunch together.

Tang Siyu went home first. When she came into the room, she suddenly remembered that today's bed sheets were dirty and all of them were washed. However, she was careless that she didn't prepare to change them.

She went to touch the bedspread, and the corner of the bed was not dry, and she was tired today. On the first day of coming to good things, she would feel a sense of exhaustion.

She went to take a bath first, and after a while came out, she heard the sound of pushing the door from the small door nearby, and the sound of her son's voice came, "Mommy, I'm back."

Xing liehan's slender body stepped over, "Xiao Xi, go to find clothes, I'll take a bath for you."

"Well!" The little guy answered, went to his room, and looked for clothes in his closet.

Xing liehan looked at the woman who had bathed. He was wearing a beige conservative pajama. He hooked his lips and smiled, "where are you sleeping tonight?"

Don Siyu looks up at him. "Xiaoxi sleeps in your room. I sleep in his room."

"Sleep together." Xing liehan's low demands.

"Do you think I'll get your sheets dirty too?" Tang Siyu threatened.

Xing liehan looked at her speechlessly. "You are such a big man, can't you deal with this kind of thing?"

Tang Siyu picked up his eyebrows and said proudly, "no!"

"You should be more careful about sleeping in your son's room."

Tang Siyu thought about it, and right, she bit her lip and said, "then I won't sleep in my son's bed. I'll sleep on the sofa. Take my son to the bath quickly! Take him straight to bed after the bath. "

"I'll be here in a moment, and you'll give me some medicine." Xing liehan has burns on his chest.

Tang Siyu frowned. "You can paint it yourself!" What a simple thing! She had to do it.

However, the man overbearing fell, "I want you to paint."

With that, the little guy came out with his pajamas and looked at daddy and mummy quarreling. He immediately tooted his lips and said, "Daddy, mummy, can you stop quarreling?"

"We didn't fight!" Tang Siyu laughed.

"Daddy, can you make Mommy?"

"I always let her." Xing lie said with a smile.

Tang Siyu immediately stares at him with a suspicious expression you let go. Xing liehan leads the little guy to take a bath.

Tang Siyu laid a pillow on the sofa and took a small quilt. When she came here, she was afraid of the cold. She had to cover the quilt at night.

Half an hour later, the little guy was in Xing liehan's bed, and he came here with ointment. Except for a pair of pajamas under him, his whole upper body was naked.

Although Tang Siyu was not happy, he thought that he had washed her bed sheet early, and she could not be merciless enough not to give him medicine.

Her two thin fingers are gently applied on his chest. For Xing liehan, her fingers are greasy, like two feathers, brushing his heart lightly, tickling his heart.

After Tang Siyu finished painting, he glanced at his sensitive position subconsciously. Some pictures with hot eyes appeared. Xing liehan was helpless. This woman has the magic power to lift him up easily.

"What are you looking at? Do you want to eat? " Xing liehan laughs badly.

Tang Siyu immediately blushed and glared at him, "hurry back to your room."

Xing liehan watched as she was going to sleep on the sofa tonight. He thought of the way she turned over the sofa drunk last time, or instinctively reminded him, "don't fall down."

"I'm not a child." Tang Siyu turned his mouth, and clearly he was so hateful that she wanted to beat him in one second, and he would care about her in the next.

After Xing liehan passed, Tang Siyu washed her hands and went to sleep. She left a wall lamp and fell asleep under the covers.

Xing liehan takes the little guy to sleep. The little guy still needs to cover his stomach at night, but he is still very hot at night. Xing liehan is very alert now. If his son turns over, he will wake up immediately. This is probably the awakening of a father!

Wenlichen's single villa has a great view of the scenery in the master bedroom, which seems to bring the lights of the whole city into view. At this moment, the personalized chandelier hanging from the ceiling emits faint yellow and soft light. Wenlichen holds an iPad in his hand and is looking at the company's recent activities and schedule.

As the highest executor of Tianmu Entertainment International, he only contacted dozens of senior executives, whose identity has been well protected, because he does not like to be the focus of attention, and he does not like to be disturbed in his private life.

This is the habit that Wenjia has always inherited. As the largest shareholder and creator of Tianmu group, Wenjia is invisible in the entertainment circle.

In Tianmu group, he did not use a Chinese name, but has been using an English name, which seems to represent the supreme right and authority in the entertainment circle, Bion.

This is also his external name. Generally speaking, he will not attend any important meetings or banquets.

Wen lichen finished reading the schedule. He wanted to put down the iPad. Suddenly, his mind flashed over the sushi advertisement that he saw on the restaurant screen today.

Inexplicably, he even wants to enjoy it again. Maybe it's quiet in the night, which makes him feel defensive. He just wants to relax and do something he wants to do.

Wen lichen searched Sushi's name, and there were many news about her. But at the top of the list, it was her affair with a male star. It was her intimate tea and dinner with an actor.

Wen lichen squints his eyes and turns it off. He knows that it's just a way of making a false gesture.

Chapter 144

He added two words of advertisement directly after the name, and the video clip of sushi appeared immediately. There were several pages left, and the first one was naturally the advertisements of the big brands she received.

Wen Li Chen opened her perfume advertisement. In the quiet background of music, she was dressed in a beautiful white dress with a handsome appearance of foreign male model, and her eyes were full of seduction.

in the final picture, Susie held her hand in the bottle of exquisite perfume, and in her eyes blinking, behind her, two pairs of white angel like wings began to expand, making the whole picture full of holy and charming breath.

As the camera zooms in, Suzy's face is breathtaking.

Wen lichen's pupils reflect this picture with a different luster.

Although there are traces of post production, but this woman does have such temperament, appearance and state, there is not much change.

Wenlichen even began to have an interest, that is, to appreciate all the advertisements of this woman, there are witty, sweet, magnificent, showing different sushi, wenlichen has never been so interested in an artist.

She was the first.

After watching more than a dozen of her advertising videos, Wen returned to the page she had just had sex with. Click on the following title. Suzy's early sex stories and her recent developments are summarized in a forum. Wen has great patience to flip down.

It's nothing more than the colorful pictures in the entertainment circle, and there are also photos of her last time on the red carpet, which makes Wen lichen's thoughts about what happened on that day very clear.

Wen lichen looked at it. The lights outside the window gradually disappeared, and the time was in the early morning.

He took a look at the time and closed his eyebrows subconsciously!

Damn it, he stayed up late for a female artist. He turned off the iPad and put it in the cabinet beside him. He lay down with his arms on his back.

Originally at this time, he would be sleepy, but at this moment, his mind was full of the girl's frown and smile. In the advertisement, every expression of her was magnified, vividly and profoundly reflected in his mind.

Wen lichen was a little annoyed. What happened to him? Would it be influenced by this woman?

This woman is just plain to look at. There are so many artists in his company, but she can only say the one who is a little better. Although Wen lichen is the big boss of entertainment group, he will never contact the artists in the company. He knows that there are almost no girls who are clean in the entertainment circle!

These girls, who are all for fame and wealth, are willing to sell their bodies to obtain benefits and resources by any means, and he also maintains a spectator attitude towards such a normal situation.

But he would never touch these women, because of his own obsession with everything, and this sushi, how did she climb to this position?

Seeing that she can also receive ads from first-line brands, she must be famous in the entertainment industry. It can be said that she has been squeezed to the first-line position. He only makes decisions on the general direction of the company without the development of craftsmen, so he is not clear about Sushi's position.

At this time, Susie didn't sleep. She stayed in the group all day long to do the film. She was bored and tired. Moreover, in front of the manager, she even had to talk and control about snacks.

She was too fat all day long, saying that she was not good-looking in her costume, the whole person was too puffy and so on, which made her lose five Jin in the theatre group, but she was originally a foodie, without snacks, so what's the fun of life?

So, at the moment, she is wearing very loose clothes, sitting in front of the TV, holding her favorite snacks, watching cartoons.

Susie finished watching the cartoon, it's a little early in the morning, and she's full of food and drink, so she went to take a bath and go to bed.

Lying in bed, eating too much to sleep, she turned over and picked up her mobile phone, checked some news about her, there was a post that was all about her, comparing her with some artists, and saying that she had no acting skills.

About these things, she basically did not bother to look at them. It has nothing to do with her acting skills, but some people just can't see her well and think of ways to buy black powder to black her. In the post, there are many comparisons between her and ye Lala. Obviously, ye Lala is the one who buys black powder.

Step on her to the end, praise her to the heaven, and pull a few stars to join in the fun, step on her as always. Who else but ye Lala?

Sushi's social relationship in the entertainment circle is good. Every time her partner becomes a friend, however, she is not the kind of person who likes to make friends with others. Therefore, many relationships in the entertainment circle are not close to each other.

So she's a very flattering artist.

Suxi looked at her own lack of fun, and suddenly her brain filled with a warm face. She thought to herself, the network is so developed, she doesn't believe that this man has no information.

So, she went on the Internet and tried to find out all kinds of news about him, such as the rich list, or the noble boy, but she didn't dig out the man. "Shit, how mysterious is he?" Sushi could not help but scold.

Come on, she's sleepy and asleep.

Early morning.

Wenzhai.

Xing Yinuo hasn't opened her eyes yet. The alarm clock has been ringing several times. She gets up with a black swallow. She thinks she's still at home. She comes out in her pajamas, "Mom I want to eat poached eggs in the morning. "

"In addition to poached eggs, what else would you like to eat?" A clear and charming male voice sounded.

Xing Yinuo's eyes were still squinting, and she was immediately scared to wake up. She looked at the man standing in the corridor. She immediately ah, only to find that she was wearing pajamas and ran into the room.

Wen Liangyao was ordered by her parents to send her to school. He waited outside for half an hour before the girl got up.

"Yinuo, you still have half an hour. Hurry up!" He called out of the window and went downstairs.

Xing Yinuo also knew that she was going to be late. She changed her school uniform as fast as she could and came out with her schoolbag on her back. Wen Liangyao asked the servant to fry her eggs, while he sat at the other end and drank porridge gracefully.

Xing Yinuo sat down and ate with chopsticks, looking at Wen Liangyao, who had changed clothes on the opposite side, "will you take me to school later?"

"Well!" Wen Liangyao answered.

"Oh!" Xing Yinuo buried his head and ate it. Then he took a big sip of soymilk. "I'm running out of time."

"I thought you didn't know," Wen Liangyao snorted. After that, he wiped his mouth, picked up the car key, picked up her bag and walked out quickly. Xing Yinuo's bag was still heavy. Xing Yinuo trotted after him.

Chapter 145

On the way, Wen Liangyao sent her to the school at the fastest speed, and watched her enter the school gate. Wen Liangyao also breathed a sigh of relief. It seems that he will be the counselor and driver of this little girl in the future.

Wen Liangyao just drove home, a phone call came, he looked at it is Xing Yinuo call.

"Hello!"

"Brother Liang Yao, can you go to my room and the quilt to see if my English book is there?" The voice of Xing Yinuo asked in a low voice.

"Wait a minute, I'll see." Wen Liangyao went to her room and opened her quilt. As expected, he saw an English book under the pillow. He answered, "yes!"

"My second class is English. Our teacher is fierce. Can you send it to me? Please. " That end Xing Yi Nuo looks like a pitiful little white rabbit to beg him.

Wen Liangyao finally knows that the little guy's habit of losing things is also very strong, so he has to say, "OK! I'll send it right away. Is there anything else to send? "

"No, just the English book. Thank you."

"Good!"

"If you come and I'm in class again, would you please send them to my classroom?"

"Well, I see. I'll try to deliver it before your class." Wen Liangyao comforted, hung up the phone, he immediately picked up the book and ran in the direction of the garage.

High school department, grade 17.

Twenty minutes later, Wen Liangyao sent the book, but when he just got down from the car, he had already rang the official bell for class. He looked down at the class written on the textbook, inquired about it immediately, and walked towards Xing Yinuo's classroom.

His handsome figure, walking in the corridor outside the classroom, attracted a lot of attention from girls. Full of surprise and curiosity, he wondered whether this was a new handsome teacher.

Xing Yinuo is in her seat, anxiously waiting for her English book. At this moment, on the platform, the young English teacher is seriously asking students to turn to yesterday's page to review.

Read aloud in class.

Xing Yinuo is in a hurry. If the teacher finds out that she didn't bring her textbook with her, he must be critical. This is a shame.

Just as the English teacher was about to start, there suddenly appeared a handsome figure outside the door, a meter and eighty-three, a handsome and charming face, and the noble breath of the rich child. It was Wen Liangyao.

Even the English teacher saw him and forgot what to do.

As soon as Xing YINUO saw the man outside the door, she immediately waved in surprise and dared not make any noise.

"Hello, my sister forgot to bring her textbook. May I take it in?" Wen Liangyao asked the teacher.

The female teacher did not have what displeasure, pour is a brilliant smile, "certainly can!"

Wen Liangyao personally went to Xing YINUO's side and handed her the textbook. By the way, he said, "I'll pick you up in the afternoon."

"OK!"

As soon as Wen Liangyao left, he took away a girl's heart from all the girls in the class. Even the English teacher gawked at the figure he left. He didn't get back to himself for a few seconds.

And Xing YINUO's side, a girl asked boldly, "YINUO, where are you so handsome brother? Aren't you just Xing YIFAN and your big brother? Who is he! "

"He's my cousin." In order to stop the girls' mouths, Xing YINUO called Wen Liangyao his cousin.

"My God! Your genes are so good! Cousin is so handsome. "

"Well, quiet. What's the noise? Don't you have class? " The teacher immediately gave an authoritative order. At the same time, he still looked at Xing YINUO more and thought, does Xing YINUO have a girlfriend?

Wen Liangyao is the kind of man that makes young girls unforgettable when they look at him. Although he is young, he has a quiet temperament that boys of his age don't have.

After class, Xing YINUO was surrounded immediately. The girl asked her if he had a girlfriend, where he lived, how many telephones and various contact information.

Xing YINUO was asked a lot. At last, she said in a loud voice, "don't think about it. He has a girlfriend! It's beautiful. He can't see you girls at all. "

In this sentence, the other girls immediately showed a very disappointed expression. Xing YIFAN's family, in addition to Xing YINUO's grounding, is simply the kind of unattainable.

Xing YINUO is quiet. He smiles proudly. How can Wen LIANGYAO have a girlfriend? He didn't have one at all! However, because of him, she was envied by her female classmates.

After class at noon, Lin JING, Xing YINUO's best friend, led her to a quiet place. "YINUO, last time you wrote XIAOMEI that love letter, it was so elegant! I also want to ask you to write me a OK? Please. "

"Don't you really love Cheng Rui! Be careful! The teacher wants to know, you are miserable. "

"But to write a love letter to let him know what I mean, and what I don't do!" Lin JING's embarrassed wringing hands showed a girl's shyness.

Xing YINUO sees that her good friend likes Cheng Rui so much. She bites her lips and says, "OK! I'll write it for you. When do you want it? ""It's better to I know he will go to the blue court this afternoon I want to give it to him at that time. "

"OK, give it to me! I'll let him like you after reading the love letter. " Xing YINUO patted his chest with confidence.

"Well!" Lin JING happily hugged her. "YINUO, you are really my Savior."

"Who told me to read more love letters from my second brother! After a little practice, a love letter can't reach me. I'll give it to you after class! " Xing YINUO patted his friend on the shoulder.

In the afternoon, the first class.

In math class, Xing YINUO's least favorite class, so when the teacher in his early thirties was checking the students' answers, he found a pink page under the test volume of Xing YINUO.

"Xing Yinuo, stand up."

Xing Yinuo immediately stood up without knowing why, and the teacher immediately took out the pink pages of the book, which was just a love letter she had just written and freshly published.

Xing Yinuo's eyes widened, and he cried out to be finished.

When the teacher saw it, he was also very angry. "I learned to write love letters at a young age! Inform parents to come before class. "

"Teacher, my parents sent my brother abroad." Xing Yinuo told me in a hurry.

"Write a parent's phone number on the back." The teacher photographed the love letter in front of her and asked her to write it. Xing Yinuo's brain turned around and told elder brother that he would not be able to do it. He would be scolded! She cleverly thought of a person, quickly took out her mobile phone, turned to Wen Liangyao's number and wrote it.

The teacher pulled away, very angry to give her head teacher English teacher, this class, Xing Yinuo standing class.

Chapter 146

Wen Liangyao is writing the script with his laptop at home. Suddenly, his mobile phone rings at his desk. He picks up the number and looks at it.

"Hello!"

"Hello! Hello, is this the parent of Xing Yinuo? I'm Miss Song, her head teacher. " There are some sharp female voices coming from that end.

Wen Liangyao's eyebrows closed and he quickly responded, "yes, I'm her brother."

The female teacher at that end said in a very serious way, "Oh yes, I want to tell you something. Today, Xing Yinuo wrote a love letter to the male student during the class. We suspect that she has the suspicion of early love. Do you have time to come to school to understand the situation? This is a very serious matter, and I hope parents will pay attention to it. "

Wen Liangyao is a little surprised, but Xing YINUO is in love? Besides, I left his phone number! Obviously, she didn't dare to leave Xing's parents' phone number.

"OK! I'll go to school at once. " Wen Liangyao agrees very well.

"OK! We will keep her at school. Please hurry up to deal with this matter as soon as possible. Our school is to prevent students from falling in love early. "

"Yes, I'll be right here."

Wen Liangyao breathed a sigh. Early love is really a headache.

Xing YINUO wrote a love letter with lingering words, poetic and picturesque expression. The teacher confirmed that this is the trace of early love, which must be paid attention to.

Xing YINUO was paid the love letter on the spot, so, of course, it was her early love. At this time, Xing YINUO, naturally, was not willing to sell her classmates, so she was called into the headteacher's office sadly.

There is also the director of the teaching department.

Xing YINUO, with a bitter face, has been educated by the head teacher for more than ten minutes. Finally, at the door, Wen Liangyao steps in, wearing a gray T-shirt, jeans, clean eyes and eyebrows, and a handsome appearance, which absolutely fascinates the female teacher who hasn't finished work in the office.

The English teacher is Xing YINUO's head teacher, a 27-year-old woman. She is surprised to see that her parents are the handsome boy at noon.

"Hello, my name is Miss Song."

"Hello, I'm her guardian!" Wen Liangyao comes here as a guardian.

The English teacher handed Xing YINUO's love letter to him, "well, look at this love letter. It was written by Xing YINUO's classmates. We suspect that she fell in love early."

Wen Liangyao takes the love letter and looks carefully. Xing YINUO on the other side is so ashamed that he covers his face. God! Even if the teacher appreciates it, even let him appreciate it. What a shame!

After reading it, Wen Liangyao gave it to the teacher, "as a parent, I think this matter really needs attention. I will educate her well!"

"Education is one thing, putting an end to it is fundamental. I need Xing YINUO to write a one thousand word letter of guarantee and post it in the school journal as a warning as a punishment."

Xing YINUO looked up in fright, pleaded to see the teacher, then turned around and pleaded to Wen Liangyao for help, she didn't want it! It's a shame.

"Teacher, she is just the first time. Can you give her a chance to correct her mistakes? I promise she will never be like this again. " Wen Liangyao asked the teacher.

In the face of such a handsome man's request, Mr. Song's calm, rational and strict side, immediately changed, she smiled, "even if you are a parent's request, then I'll follow up with the police! If she is given a lighter punishment, she will be fined to write a review and not post it. "

"Thank you, teacher!" Wen Liangyao nodded and looked around at the girl with her head hanging down. "Xiaonuo, let's go home!"

"Goodbye, teacher." Xing YINUO can't wait to get up.

"About Xing YINUO's classmates, I'll contact you if there is anything else in the future! May I have your name, please? " Teacher Song asked with a smile.

"My name is Wen. I can deal with everything about her in the future." Wen Liangyao takes responsibility for Xing YINUO.

"OK!" Miss Song watched them leave with a smile. She picked up her mobile phone and looked at the number she had left. Her heart filled with joy.

Wen Liangyao is walking in front of him. Xing Yinuo is carrying his schoolbag behind him and follows him like a poor puppy. Xing Yinuo didn't have any good feelings for Wen Liangyao before. Now, she really changed her mind on him. Unexpectedly, he would help her and save her.

"That Thank you! " Xing Yinuo said with his cheeks bulging.

Wen Liangyao turned around and stared at her with deep and clear eyes. He asked earnestly, "do you really have early love?"

"No, it's not I wrote this love letter for my good friend! I don't have early love. " After that, Xing Yinuo pleaded again, "please don't tell the teacher, I will recognize this time, but I really don't have early love."

"Are you sure?" Wen Liangyao squints his eyes with an invisible majesty.

"I'm sure, I swear I didn't! Really not. " Xing Yinuo raised his hands to swear.

"But your grades are really poor. Isn't it the result of early love?" Wen Liangyao doesn't believe her.

Xing Yinuo is exquisite and lovely, just like a porcelain doll. At first sight, he can recruit the type that boys like. I believe that the male students in this school like her a lot!Xing Yinuo immediately retorted, "it's true that I'm poor at study, but I just don't have early love!"

Wen Liangyao wrote to her, but he didn't have a good way of saying, "no more such things. Writing love letters is not the thing you should do at this age."

"Will you tell my parents and my brother? I beg you not to tell them! Please! " Xing Yinuo stepped forward, a pair of big eyes full of water pleading.

Wen Liangyao was stunned by her clean and clear eyes for a few seconds. As he gently hit her head, "if you don't want me to tell them, study hard, do less things other than study, and keep up with the study."

Xing Yinuo immediately curved his mouth and smiled brightly! I will study hard, brother Liang Yao. I think you are very kind. I will listen to you carefully and study hard in the future. "

Wen Liangyao's heart tip jumps gently, reaches out and touches her head naturally, "go home! I'll help you with your homework. "

"Good!" Xing Yinuo nodded, struggling to carry her heavy schoolbag.

Wen Liangyao reaches out to take her schoolbag, carries it to the direction of the car, and Xing Yinuo happily follows him.

Xing Yinuo is also a kind of girl who gives a little sunshine. She dances behind her with a smile, and her horse tail is flying.

She felt that Wen Liangyao was much better than Xing Yifan. Every time Xing Yifan was impatient with her, she ignored her with cold face, but Wen Liangyao was different! He is gentle and patient, and he can help her with her parents' affairs, which is her God of protection.

Chapter 147

In the afternoon tea restaurant, Tang Siyu and Su Xi, together with Ye you, begin rehearsing Ye you's new songs, and her piano recording will begin. Tang Siyu begins to work again. Ye you talks about praying for cool. He has received the new play, and is going to the desert to take a scene and shoot the new play. He asks Ye you to thank Tang Siyu's representative.

Tang Siyu felt guilty because of her. In fact, at Ye you's concert, he helped her in many ways and encouraged her.

Even if Qi Liang likes her, it's normal for adult men and women. Xing liehan is too domineering and ruthless.

"I was really surprised that Xiao Xi was Xing liehan's child. Siyu, did you have a relationship with Xing liehan five years ago?" Ye you asked curiously.

Tang Siyu and Susi look at each other, and Susi explains for her, "it's also a short-term relationship."

Tang Siyu followed with a smile. She and Xing liehan didn't want the outside world to know about that five years ago, except that her family knew about it.

Ye you doesn't want to ask anymore. She has an appointment later. She left first.

"Are you going home for dinner tonight?" Asked Tang Siyu of the Suxi Dynasty.

Tang Siyu also wants to go to Xiaoxi with her, but the girl with children will naturally put her heart on the child. She nodded, "yes, I will go back to cook for Xiaoxi."

"Ah! If it's your mother and son, I must have gone to your house to cook, but Xing liehan is here. How can I go? "

Sue sighed.

"You can come, too!" Tang Siyu said with a smile.

"I don't want to be your light bulb? Or do you see all kinds of love? I'm a single dog! " Suzie didn't want to find guilt.

Don Siyu couldn't help but smile and stare at her, "which eye of yours saw me show his love? I have nothing to do with him! "

"Nothing to do with it? How did Xiao Xi come? "

"Look for a smoke!" Tang Siyu thumped Sushi's shoulder with his fist.

"Well, don't make fun of you. I'll ask my assistant to deliver dinner to me in the evening. I don't want to go out recently. I want to stay at home for snacks." Sushi as a standard food, the meaning of eating to the extreme.

"You're not afraid to get fat, either!"

"Fat is fat! When I get fat, I'll set up another person to act as my aunt. " Suzy's face doesn't matter.

Tang Siyu chuckles, knowing that she won't be fat at all, because she eats all the way, and she doesn't see her fat either! On the contrary, every time I finish a new play, I will lose a few Jin.

At this time, two phones were placed on the table, and one of them rang.

The voice is the same, even the color is the same. It's not clear. Tang Siyu thought it was Xing liehan who urged her to go home and cook. How could she know that she picked it up and was ready to pick it up? She was very scared.

"This cell phone is not mine Yours! " Finish saying, Tang Siyu still stared at the above name and called, "Wen lichen called!"

Sushi, who was drinking milk tea nearby, almost spewed it out. She took a strong swallow, grabbed her cell phone, and her mind went off.

"My God! Why did he call me? "

Tang Siyu looked at her flustered expression and said with a smile, "what else can I do? Miss you! "

"It's 100% impossible. I have to invite him to dinner. Shh..." Suzy hissed at her and then, in a natural, polite voice, picked up, "Hello, Hello!"

"Didn't save my phone?" A word of displeasure came from the man at that end.

It seems that she didn't save his phone, which made him angry.

Of course, sushi knew who he was, but she pretended to be so. Naturally, she couldn't expose him. She pretended not to know him and asked, "er Excuse me, are you... "

"Wen lichen." Introduction to the bite.

"Oh! Hello, Mr. Wen. What can I do for you? " Su Xiqiang kept calm with a smile.

"Yes, invite me to dinner tonight." The man spoke directly.

"Tonight! Can I have another day? I don't seem to have time! I have dinner in the evening. " Su Xi admires himself. When he thought of taking back the jewels, he also pushed him around? Now, it's time for her revenge.

Tang Siyu on one side praised her with a big mother's finger. Su Xi got full marks for her acting.

"You'd better put off all the meals. Your time tonight belongs to me." That end, some man's overbearing command.

Susie slightly gaped, saw the bully, never seen such a bully, but she is not vegetarian, she said directly, "I'm sorry, I really don't have time tonight, otherwise, how about tomorrow night?"

Susie had time tonight, but the tone of the man made her a little upset. What's her time tonight belongs to him?

Who is he!

He thought he was her boss!

Cut, she didn't ask him anything.

"Who did you have a dinner appointment with?"

"I made an appointment with an investor. It's very important. It's related to my work, so I really can't invite you to dinner." Susie was in a flurry. "If you lie to me, do you know the consequences?" At that end, the man warned with a cold voice.

Susie can't help being funny. What does she say? Can he find out if she has a meal on her itinerary? She said with a smile, "I didn't cheat you!"

"Good! Tomorrow at noon. " A reply, the end suddenly hung up.

Sushi snorted and smiled smugly. Tang Siyu looked at her and asked, "what's the matter? He agreed? "

"Of course, Miss Ben is not the kind of person who can make an appointment casually. I also want to see the mood. Although he is handsome, I, sushi, have never met a handsome man! I asked for that meal last night, but he didn't let me ask for it. It's nothing to talk about. Now, he said let me ask for it, will I ask for it? It's too small for me. " Susie took a sip of water.

When I called this man, she was so nervous that she was thirsty. It was disgusting.

Tang Siyu was very supportive of her idea, "yes, what is a man? He thinks he is a God and a God, so he should not satisfy them all the time. He should show the strength of our women."

In the lounge of Tianmu Entertainment International General Office, Wen lichen grasped the mobile phone on his hand and twisted the eyebrow of his sword into a rope. The woman dared to pose high for him.

Let her invite to eat, this is originally she should compensate for the offence, now, still be he begged to let her invite?

"Check an artist for me. I want to know if she has an investor dinner tonight!" Wen lichen asked the man opposite.

Sitting opposite is Wu Tao, CEO of Tianmu group, a man in his early forties who is very energetic.

"Wenshao, which artist do you want to check?"

"An artist named Susie, ask her agent to make sure she's on schedule tonight!" Wen lichen had a strong premonition that the woman must have no dinner and was lying to him.

Chapter 148

"Suzy! Very beautiful, very promising female artists. " Wu Tao had an immediate influence. Although he was in charge of the president of thousands of domestic companies, he still had a deep memory of the new artists.

"Don't talk nonsense, check." Wen lichen frowned. He couldn't wait to expose the woman's fluster.

"OK! I'll check right away. " Wu Tao quickly picked up his mobile phone and went to the side to call his agent Annie sushi.

The artists controlled by Tianmu group can be said to monopolize the domestic film industry and music field.

However, artists and musicians are just a piece of chess under the control of the master behind the scenes.

However, it's not the top directors or top producers who support and control these screen stars. Comparatively speaking, they are just the employees of Tianmu group. Tianmu group supports and controls not only a single company, but also some famous brokerage companies all over the world. All the giants in this field are afraid of the back controllers of Tianmu group Three points.

And this big hand, in fact, is just a young man.

When Wu Tao came back, he said clearly to Wen lichen, "Wen Shao, I've inquired about it. Annie said that Suxi is on vacation. She doesn't have any social intercourse or investor dinner. She should rest at home now."

As expected, it was the actor who was born. He even said flurries with such a strong sense and without any flaws.

"Wenshao, what can I do for sushi?" Wu Tao asked curiously that although he was the biggest boss of Tianmu group, he never directly asked about the artists, but today is the first time he heard about the name of a female artist.

Is it difficult that young master Wen also began to eat fireworks and pay attention to female artists?

Wen lichen lightly hooked his lips, but did not answer, but she was the first one to lie to him.

Su Xi and Tang Siyu separate in the parking lot and drive away respectively. Tang Siyu makes a phone call to Xing liehan in the car. He is taking the little guy to the shopping mall to buy vegetables. He asks her to go directly to the shopping mall to find them.

Tang Siyu's car went straight to the shopping mall downstairs. Just then, suddenly her mobile phone rang. She picked it up and looked at it. It was her father's.

She pressed the car phone to answer, "Hello! Dad! "

"Siyu! At home? "

"Yes!"

"Xiaolin said that after buying your new house for so long, she didn't come to see you. I'm sorry. Tonight, we'll come to your house for dinner. The family will get together and Yiyi will come."

Tang Siyu immediately blocked his heart Dad Now? "

"Yes! We just set out from home, Xiaolin also bought vegetables, and she will cook a meal at your home! "

"Dad, another day! I'm not ready tonight. "

"Don't prepare anything! What else does the family feel embarrassed about? I haven't seen Xiaoxi for some days

"Dad..."

"We've been out of the house. We'll be there in half an hour." Tang Xiong's voice said and hung up.

Tang Siyu breathed at once. What else did Qiu Lin want to do? Is she going to find some way to fight back? After the last time she fought back, Qiu Lin was obviously upset. The more pressure this woman exerted on her, the more she would not stop.

In the past, she could ignore it, but now, she is a mother, and it is better to be a mother.

Tang Yiyi's last cyber attack directly damaged her son's reputation, and she would never let them go easily.

Although after the event to eliminate the bottom, but the direct damage caused, or exist.

Tang Siyu rushes to the shopping mall. She finds the dazzling father and son in the shopping area. This man has a strong magnetic field. As long as he appears, women within a hundred meters can be attracted by him and fascinated by him.

When Tang Siyu came to them, he saw the girls who were staring at the father and son. The excitement in their eyes was no less than seeing the superstar idols.

However, the man also brought his own three feet of frozen people, the breath of strangers not close, so that these girls can only look far, not close to chat.

"Mommy..." The baby's cute voice called her excitedly.

In an instant, Tang Siyu felt the gaze around her, and her natural smile came to the father and son.

Tang Siyu said to Xing lie, "my father, they will come to my house for dinner tonight! Do you want to attend? "

Xing liehan was disgusted at it and said, "of course, I don't want to participate."

"Then you can go out and solve it tonight! I take Xiaoxi to eat at home. " When Tang Siyu saw that he had picked out the dishes, he took a look at him.

"Daddy, why don't you eat with my grandpa! Don't you like my grandfather? "

Xing liehan chuckled, "no, because Daddy hasn't met them officially yet. Can I introduce them when I have time to meet them formally?"

"Oh! Can't I still presuppose you in front of Grandpa? " The little guy asked cleverly that Tang Siyu had told him last time. Tang Siyu nodded, bent down and told his son, "yes! Don't mention him first! We'll keep his identity a secret. "

Xing liehan can't help but raise his eyebrows with some opinions. "Is it a shame for you to mention me?"

"It's not me, it's you, OK? Five years ago..." Tang Siyu is about to expose his background in front of his son.

But Xing liehan's eyes were in a hurry. He didn't stare her through, so he just reached out to cover her mouth.

However, the little guy heard that. He looked at Mommy curiously with his big watery eyes open. "Mommy, what happened five years ago?"

Tang Siyu looks at a man complacently, lazily holding a cart and asks him, "otherwise, you can tell your son what happened five years ago!"

Xing liehan chuckled and stroked the little guy's head. "Nothing happened. I had a fight with your mommy on a trip five years ago. She still remembers it!"

Tang Siyu's smile directly turns into anger. Can this man's face be thicker? Who traveled with him five years ago?

"Mommy, forgive daddy for such a small thing!" The little guy persuades Mommy.

Xing lie put his arms around Tang Siyu's neck. His eyes were smiling, but his voice was full of gnashing teeth. "Forgive me if my son is right!"

Tang Siyu immediately struggled with his embrace and said angrily, "it's not so cheap."

Xing lie leaned over her body and leaned against her ear. "I'll give you a son anyway."

The little guy has starlike eyes and stares at his father and mother. In his eyes, all he sees are their loving expressions, but he doesn't know what they are talking about.

Tang Siyu put his elbow firmly on his chest. "Try again."

Chapter 149

"Er..." Xing liehan's face was hurt immediately. He could not stand the scald on his chest.

Tang Siyu knew later that it hurt him, but who told him that he deserved it?

Coming out of the shopping mall together, Tang Siyu carried the dishes and said to Xing lie, "where are you going to eat in the evening?"

"I'm at home! I'll eat again when your family leaves! "

"Then aren't you hungry?" Asked Tang Siyu.

Xing liehan chuckled, "do you care about me so much? Are you in love with me? "

"I'll ask my son to send you a bowl of instant noodles! Show concern for you. " Tang Siyu said, a pick eyebrow quickly catch up with the son in front.

As soon as Xing lie's cold handsome face sinks, this woman is really cruel, will she let him eat instant noodles at night?

After going upstairs, Tang Siyu was really considerate. He asked his son to send a bowl of instant noodles with hot pepper and beef to a man

"Well! He likes to eat. Send it to him! " Tang Siyu can't help smiling, pretending to be serious.

The little guy immediately happily sent it to Daddy.

Xing liehan is sitting on the sofa with his notebook in front of him. He is dealing with the rest of the mail. His eyes are smart and bright. His hands are beautiful and long. They are beating very rhythmically.

"Daddy, are you busy with your work?" The little guy came with a bowl of noodles.

Xing liehan looks at his son coming, and then at the Paomian in his hand. His mouth is also filled with a gentle smile

"This is what Mommy asked me to give you. She said you would like to have instant noodles at night."

"Well, put it here!"

"Daddy, don't be too tired!" The little guy sits next to him and looks at the row of English inside. He immediately reads some words he knows lovingly. The pronunciation of xiaonaiyin is quite standard. Xing liehan smiles and touches his head and kisses his soft hair.

The father's love that can't be concealed is shown silently, and he likes his children unreservedly, which should be revealed naturally by every parent.

When Tang Siyu thought of Qiu Lin coming, she had no desire to cook. However, in the face of her father, she hated her mother and daughter again, but her father's face was not easy to brush.

In a car from Tang's house to Tang Siyu's residential area, Tang Yiyi dressed up extra tonight. She is looking forward to meeting Xing liehan at Tang Siyu's door!

Although the chance is slim and almost impossible, Tang Yiyi doesn't want to let it go.

Qiu Lin was shocked to know that Xing Lihan lived in the opposite door of Tang Siyu. She wondered if it would be Xing Lihan's house for his lover. However, when she came here for dinner, Qiu Lin also wanted to see Tang Siyu's life and satisfy her daughter's idea of meeting Xing Lihan.

Then the husband came.

Since Tang Siyu said that day, Qiu Lin felt that she had a sense of crisis. She had to monitor Tang Siyu's ambition well, so as not to ask her husband for her mother's share.

At that time, it will be hard for my husband to do it.

When the little guy came back, Tang Siyu was sure that the door was closed. She really didn't want Xing liehan to participate in it. He had the right and power. It was the relationship between her son and him. She and him were only in partnership.

At half past six, Tang Xiong stopped the car and Qiu Lin looked at the advantaged building. She was not happy. Her husband was also really good to Tang Siyu. Just for Tang Siyu's son to go to a kindergarten, he bought her such a good location and building, which also means Tang Siyu's position in her husband's heart.

Tang Yiyi looks at herself in the mirror and thinks that the mirror of the car can't reflect her beauty. She takes out a small mirror from her bag and carefully checks her makeup. After confirming the perfection, there is a touch of confidence and charm in her eyes. She looks forward to meeting Xing liehan.

Tang Xiong brought new toys and fruits from behind. Qiu Lin took over the toys for him. She also thought that she would please Tang Siyu's mother and son and let her down. She was a whole round smaller than Tang Xiong, so she thought that if her husband passed away later, she could hold the Tang family's group in her hand and leave it to her daughter.

But before this, Tang Siyu had better not hit her mother's idea of those shares first.

She also taught Tang Yiyi to bear it first. Don't go with Tang Siyu. Mufei is like a kite with broken wires. She can't hold it. It's better to let her daughter choose a better man.

Just entering the elevator, Qiu Lin asked her daughter in a surprised whisper, "are you sure Xing liehan lives here?"

"I'm sure that last time I quarreled with him, he still opened the door to talk to me." Tang Yiyi is quite certain.

Qiu Lin is also a person who lives in business circles. Xing liehan is such a famous and valuable person. She has never had a chance to contact him. She is not sure what kind of person he is.

However, it's hard for her to say how young men behave.

"Mom, I really want to meet him! Do you think he will be at home? "

"Whether you meet him tonight or not, you will meet him tomorrow night." Tang Yiyi didn't expect that the party would arrive tomorrow night. She nodded excitedly, "Hmm! I'm going to crush the crowd tomorrow night and succeed in attracting him. "

"My daughter is so beautiful, which man doesn't like it?" Qiu Lin said proudly.

Tang Xiong watched their mother and daughter talking all the time, but he didn't hear them clearly. He said to Qiu Lin's mother and daughter behind him, "it's going to be here soon, and you'll be a friendly guest for a while. Don't make anything happen again."

"Husband, don't worry, I've educated dependency, she won't fight for Siyu in the future." Qiu Lin has a gentle expression.

The doorbell rang. Tang Siyu, who was in the kitchen, went to open the door. Seeing her father standing outside, Qiu Lin immediately called her warmly! Today is coming. "

As if Tang Siyu was very welcome to her, Tang Siyu looked at her with a light expression, "don't change shoes, come in directly! I'll mop the floor. "

Tang Yiyi stared at Xing liehan's door and guessed whether he was there or not, but she thought that she would meet him at the party tomorrow night. She reluctantly entered Tang Siyu's home.

Tang Siyu closed the door and greeted his father, "Dad, I'll fry some dishes first."

"Grandpa!" Tang Yixi called him politely.

"Darling, let Grandpa see if there is any height." Tang Xiong pulled him and looked at him carefully.

Qiu Lin immediately asked with a smile, "what should this child call me?"

"Call grandma! It's called Yi, it's called Yi. " Said Tang Xiong.

Although the people of Tang Yixi were small, she knew that her mother didn't like them very much, and he also saw them scold Mommy behind their grandfather's back. He stubbornly didn't call them, just stared at them.

Chapter 150

Qiu Lin was angry. The child really didn't understand etiquette, just like her and her mother.

When Tang Yiyi saw Tang Siyu's piano, she immediately wanted to touch it. After sitting down, she began to play and press it without rhythm.

"Don't touch my mommy's piano." Tang Yixi stopped her.

Don Yiyi turned to stare at him. "Who says it's your mommy's? My father bought it. "

"Can you play? If you can't even play, you'll break it. " Asked the little fellow.

Tang Yiyi can't help being despised. "Of course I can play it!"

"Then play it!"

Where does Tang Yi know about piano? She is a restless person. Qiu Lin once wanted to cultivate her into an artistic girl, but she preferred DJ music in the nightclub.

"Why should I play it to you?" Tang Yiyi grunts to find a step for himself.

"Yi, what do you care about with a child?" Tang Xiong immediately scolded angrily. He was so ill bred.

"Grandpa, do you want to hear me play the piano?" Asked the little fellow, turning his head.

Tang Xiong nodded. "Yes, Grandpa would like to hear it!"

"Then I'll play it to you."

"Good!"

Tang Yixi came to the piano and said politely to Tang Yiyi, who was occupying the piano, "would you please get out of the way?"

In the bright light, Tang Yiyi stares at him carefully. However, she stares for a few seconds, but her heart is shocked directly. What's the matter?

How does the little boy look like Xing liehan?

Because her mother gave her the chance to go to the party, she was looking for Xing liehan's photos these two days. There were many personal photos of him in the business magazines. She was familiar with his facial features.

So, just a moment ago, Tang Yiyi felt a buzz in his mind when he saw Tang Yixi.

Like, like, this child is like Xing liehan.

Five senses, outline, even just like that look.

Damn it, the child born by Tang Siyu is so like Xing liehan? Where does she come from?

However, when she was a child, she grew up beautiful and disabled too much. She thought to herself, this little boy will grow up crooked.

Tang Yiyi had to get out of the way. She would have seen a child and lost her face.

Tang Yixi chose a very happy tune, only to see his two small hands very beautiful percussion Qin Jian, a pleasant tune natural drainage.

"That's great, that's great." Tang Xiong couldn't help praising.

Qiu Lin looked at her husband's love for the child, and her inner worry increased. The child was liked by her husband, which means that Tang Siyu was also liked by him.

This is not a good thing.

Tang Siyu is cooking in the kitchen. She can cook four dishes at will. Anyway, she doesn't need to greet the mother and daughter.

Listening to his son's piano sound, Tang Siyu's troubles are much less. It reminds her of Xing liehan in the next room. Can he really eat the instant noodles?

It's hard to buy so many dishes for him, but he's reduced to eating instant noodles.

"Eh! How can there be a door here? Where does this lead? " Qiu Lin noticed that there was an extra security door on the wall.

"The suite next door belongs to Siyu's good sister. They get through to each other." Tang Xiong introduces it.

Tang Yiyi thinks of Tang Siyu's good sister. Isn't she a popular female entertainer in the entertainment circle?

She can't help but be jealous. Tang Siyu has made such a good friend that she can live together.

In the spacious hall next door, Xing liehan felt hungry after reading the mail.

Usually at this time, he has dinner. Now, the Tang family next door doesn't leave, and he is too lazy to go to find Tang Siyu.

In his fridge, he didn't save any snacks except water and wine. Besides, he didn't like cooking fumes in this house, so the kitchen became a decoration.

Xing liehan is attacked by hunger. He looks at the bowl of instant noodles that his son put on the table. He exhales impatiently and takes it to the direction of the water dispenser.

Let him eat instant noodles tonight. Good. He must ask for some price from this woman tomorrow as compensation.

Xing liehan hasn't eaten this kind of junk food for a long time. However, after he soaked it, he felt OK. It was just too spicy, which made him a little angry.

On the table next door, Qiu Lin also faked Tang Siyu's cooking skills. Although she and Tang Yiyi didn't even go down with chopsticks a few times, they only ate half a bowl of rice, because Tang Siyu's dishes were too light.

And the three bowls are all green vegetables, which makes them have no appetite.

Tang Xiong usually eats a lot of fish and meat, and occasionally compensates his daughter's cooking skills, but he has a good appetite, which is also praised all the time. Only when Tang Siyu hears his father's praise, can she use it in her heart.

After dinner, Tang Yiyi wants to leave. She really doesn't want to stay at Tang Siyu's house, which makes her feel bored."Honey, let's go first! If you don't disturb Siyu, Xiao Xi will have to go to bed earlier. " Qiu Lin is making excuses.

Tang Xiong nodded and waved goodbye to Tang Yixi. The three of them left.

At last, the little guy breathed a sigh of relief. He quickly pressed the password to open the door to find daddy.

Tang Siyu is washing the dishes, and the little guy comes back. "Mommy, daddy really needs instant noodles."

Tang Siyu is stunned for a moment. It's almost half past eight. He must be hungry.

Inexplicably, I feel a little guilty about this man, but if he was willing to come here for dinner just now, she has no opinion.

It's just Xing liehan's special rejection of the Tang family. Even if he doesn't want to come, she can't demand it.

"Ask him if he wants anything else to eat."

"Daddy said no more."

Tang Siyu thought that the watermelon she bought last time was still there. She cut a plate of watermelon for her son. "Take care to serve it to your father!"

"Well!" The little guy immediately went over with great conscience.

Xing liehan eats fresh and delicious watermelons and snorts. She has conscience.

Xing liehan finished eating watermelon and asked his son to watch cartoons in his place. He came to deliver the bowl. At this time, Tang Siyu was bending over to mop the floor. She was wearing a long T-shirt and her upturned buttocks were under the man's eyes. She twisted around, so as not to be tempted.

Tang Siyu finds that there are two eyes staring at her behind her. She turns her head abruptly and directly catches the man's peeping eyes staring at her ass.

"You Where do you see it? " Tang Siyu looks at him with a thin waist.

Xing lie cold hook lips a smile, "you say see where?"

"I warn you that if you dare to sexually harass me, I will not be polite to you." Tang Siyu warns that this man is a dangerous object that will explode at any time. She feels that she must be warned at all times. Otherwise, when this man has a big beast, she will have no place to cry.
