

Unassailable CEO Daddy

#Chapter 16 – 20

Chapter 16 - Selection of Little Fathers

When Xing Yinuo heard this, her eyes widened and her mouth dropped to an "O" shape. She turned her head to look at a handsome youth, "Brother, it's true, it's true ... God! This is real! "

Xing Yifan had a headache just now, his sister actually told him to recognize his father, and now, the result was also shocking to him.

"Doctor, are you sure?" he asked.

"We believe in medicine and DNA testing. We can never get it wrong. You can marry her without worry."

"Great, great, thank you doctor, thank you doctor ..."

The doctor looked at the handsome twins and was glad for their father that he had such beautiful children.

After the doctor left, Xing Yinuo took the report, and immediately hugged his brother, "I told you! I said it was true! You actually don't believe me, but now, you have nothing to say! "

The youth was a little breathless from her embrace. He pulled her hand away and said, "Alright, I believe you now. Can you stop hugging me?"

"Brother, let's hurry up and tell our big brother!" God! I'm really looking forward to seeing his expression! Can you get it when the time comes? "

"Stop messing around, this is not a simple matter. Big Bro has an illegitimate child outside. If mom and dad know about this, they won't be in a good mood!"

"Such a cute grandson, if dad and mom knew about him, they would only be grinning from ear to ear. However, I'm not sure if Big Bro would be happy." Thinking about how she, Xing Yinuo, had always been a very prestigious brother, Xing Yinuo felt a little scared.

Xing Yifan bit his lips and said, "Even if this is true, we can only tell our family. Let's go look for Big Bro first."

"Go to the company and find him. He must be here." Xing Yinuo smiled and held his hand.

As soon as I came out, I met a few young nurses. Looking at them, I couldn't help but cover my mouth and laugh. "What a handsome youth, what a beautiful young girl. She's simply the heroine of a romance novel."

Xing Yinuo heard it with her sharp ears, and could not help but look towards the youth: "Do we look like a pair?"

"Are you worthy of me?"

"You ... You are not worthy of me, I am beautiful, intelligent, and cute. "

"Even a fool can see that you are just a fool."

"Xing Yifan, you dare to say that again."

"Pay attention to your ladylike figure."

"I don't want it, I want to be a shrew."

The two of them walked out of the car park towards the very luxurious Bentley.

After getting into the car, Xing Yinuo started to eagerly report the results to her brother.

The car stopped in front of the entrance, and a pair of siblings walked into the hall. They were the second young master and young miss of Xing Group and were known to the employees of the Xing Family Building. Even the front desk couldn't help but look at them and give them the brightest smile.

Thinking about the current CEO, then looking at Xing Group's Second Young Master, thinking about how in a few years, she would become another handsome guy who could shake the world.

In the elevator, Xing Yinuo ordered Xing Yifan, "Let me tell this news to Big Bro, you can't say it first."

"I won't fight for this chance with you." Xing Yifan smiled.

Xing Yinuo blinked his big eyes, "What you said, I will have to speak of this myself."

In front of the Xing Group's main office, Xing Yinuo greeted the beautiful elder sister assistant and then walked towards his brother's office like a butterfly wearing a flower. She knocked on the door nervously and excitedly.

"Come in." A deep, magnetic male voice rang out.

Chapter 17 - Big Brother Might

Xing Yinuo quickly pushed the door open and entered. Looking up, she saw a handsome god-like man sitting on a chair behind a luxurious desk, even though he was just sitting there, he had an imposing aura, the kind of noble aura that belonged to someone who had lived for a long time, was emitted silently.

His gaze swept the area and he looked at the young boy and girl that came in. The corner of his mouth curled up slightly as he asked, "Why are you so free to come here?"

"Big brother." Xing Yinuo immediately ran to his back, hiding something in her hands, her small face smiling adorably.

Xing Yifan followed and called out to them as well. Then, he sat on the sofa and looked at them as if he was watching a good show.

Xing Liehan looked past his sister's smiling face and saw her two slender hands hidden behind her back as if hiding something. His sword-like eyebrows slightly rose, "What did they hide?"

"Big brother, guess correctly. There will be a prize!" Xing Yinuo revealed her naughty side.

"I don't have time to guess, so tell me!" Xing Liehan couldn't do anything to his sister who was twelve years younger than him.

"Big Brother, don't! Guess, guess?" Xing Yinuo disagreed, since it was no longer interesting.

"Wrong guess?" Xing Liehan squinted his eyes. He had also experienced his sister's darkness.

"Of course it's a big meal!" Xing Yinuo didn't forget to fight for the benefit of herself.

"Then I might as well treat you guys to a big meal. You can take the initiative to say that you're hiding something!" A trace of boredom flashed across Xing Liehan's cold and arrogant face. His deep and unfathomable gaze fell onto the document as he signed with vigor.

Xing Yinuo suddenly laughed and asked: "Big brother, do you like children? "An incredibly cute and intelligent child."

Xing Liehan frowned, "With you by my side, it's already annoying."

Xing Yinuo puffed her cheeks and continued to probe, "Big brother, what if it's your own son? Do you like it? "

Xing Liehan stood up, his long body gave off a natural intimidating aura, he glanced at his sister and asked: "What are you trying to say?"

Xing Yinuo immediately pulled him back, "Big brother, where are you going?!"

"Meeting." Xing Liehan opened his mouth.

"Don't, don't, don't... Listen to me, big brother. There is a joyous occasion that you must know about, and that you must know about. " Xing Yinuo tightly held onto Big Brother's arm, not wanting him to leave.

Xing Liehan looked at his little sister with a calm expression. "Speak! What kind of happy occasion is it that I have to know? Don't tell me that your parents won't be scolded? "

"Ugh!" Brother, it has nothing to do with my clan elders' meeting! "

On the sofa, Xing Yifan was already annoyed by his sister's actions, "Just say it directly! "I won't say anymore."

"No, you cannot say it. To me, this is all my credit. You cannot take it away from me." Xing Yinuo stopped him.

Xing Liehan could only continue staring at his, snorting softly, "Then tell me, you only have one minute, my meeting is very important."

After he finished speaking, he lowered his head to look at wrist watch, and countdown, "Fifty-seventh, fifty-sixth ..."

Seeing that, Xing Yinuo quickly took a step back and said with a serious face: "Big brother, you have an illegitimate child outside."

Xing Liehan's handsome face froze for a few seconds, his imposing face scolded lightly: "What nonsense are you spouting?"

"It's true. I'm not spouting nonsense. Look if you don't believe me." With that, she took out the DNA test form from behind her back and handed it to him. Then she quickly took out her phone to flip through the photos. "Big brother, you really do have a son. A cute four-year-old kid."

Chapter 18 - A certain man is very angry

Xing Liehan received the report in his sister's hand. On it was written "DNA paternity test", his sharp eyes falling onto the bottom most result. After verification, there were two words, "father and son relationship".

"What exactly is this? Where did you get it! " Xing Liehan's gaze was deep and gloomy, as he looked at his sister with a bit of vexation. How could such a thing have happened to him?

Xing YINUO finally found the handsome photo of Tang Yixi's little friend, and passed it to him. "Here, this is your son.

Xing Liehan looked at the little boy in the photo who had features that matched his. His handsome face stunned him for a few seconds, he took his phone and looked at it closely, then said resolutely, "Impossible."

"Impossible, then is this report fake? "Big brother, I used your hair to comb through this little kid's hair. It's definitely real. If you don't believe me, ask my second brother." Xing YINUO looked at Xing Yifan at the side.

Xing Liehan knew that his sister's methods were usually unreliable, but he, as his second brother, definitely would not do anything boring. Xing Liehan's sharp eyes swept across his second brother, and asked, "Is what she said true?"

Xing Yifan nodded his head seriously, "Big brother, this child is really yours, why don't you think about it carefully?"

Xing Liehan was silent and expressionless, but the depths of his eyes were deep and unfathomable.

"Are you sure that the results on this report are from me and this child?" Xing Liehan looked at his sister.

Xing YINUO was extremely calm, and she nodded strongly with confidence, "Yes, it's absolutely true. It's not fake at all."

"Where did you find the child and think of testing it?" Xing Liehan looked at his sister with an unfathomable gaze, feeling it was unbelievable and filled with strong suspicions.

Xing YINUO smiled as she took back her phone. Then, she flipped to the video of the last round of Tang Yixi's child competition. She clicked it open and directly went to the part where she found her father.

Xing Liehan looked at the calm looking little boy in the video. At that moment, he was busy talking to the video camera.

"Hello everyone, let me introduce myself. I am Tang Yixi, my Mummy is Tang Siyu, I am extremely beautiful! I'm four years, three months, and seven days old. I want to use the television platform to find my dad's land. There are men who look like me, and they might be my dad's men. Please contact me! I believe that you, from my father's land, will definitely be able to find me. "

Xing Liehan's handsome eyebrows contracted into a line, and his pupils contracted and contracted. In the end, he only managed to look at the little fellow's face in the video.

That facial features made him hold his breath. He immediately looked through the report sheet a few times to confirm that it was correct. He then let out a deep breath.

"Big brother, this child is already four years old. Think carefully again. Four years ago, did you and that beauty ..." "That ..." Xing Yinuo's skin was not that thick yet, so she was unable to explain the rest.

Xing Liehan was currently unsure of one thing. Five years ago, he had indeed slept with a woman, but, wasn't that woman the young miss? If it was Miss, she would probably take care of the rest.

Did she not deal with it?

And did not do anything? He chose to secretly give birth to his child at that time?

Damn, this woman was too bold.

Chapter 19 - Determination of Son

When Xing Yinuo saw that her brother was not excited at all, but instead had a dark expression that looked like he was about to kill someone, she was shocked.

"Big brother, what's wrong? This child is so cute, you better not leave him! " Xing Yinuo thought that her brother was very angry at the existence of this child.

Xing Yifan was also worried, he stood up and said, "Brother, no matter what, this child is yours, I believe your parents will not blame you."

The anger in Xing Liehan's heart was obviously not because of the existence of this child, but because of the woman who dared to steal his child.

"I will definitely have a child, but I won't let that woman who stole my child get away with it."

Xing Yinuo's eyes were wide opened, what? Could it be that this little fellow was a woman who stole it from her big brother?

What was going on? How complicated! She didn't have enough brain capacity to figure it out.

"Big brother, what's going on?" Xing Yifan asked curiously.

Xing Liehan bit his lips, a cold light shooting out of his eyes. He didn't need to tell the fifteen year old pair of siblings, he said to Xing YINUO, "YINUO, do you have the mother's information and address? Now tell me. "

"Big brother, what are you doing?" Xing YINUO jumped in shock, is Big Brother looking for someone to settle the score with?

"Just give it to me." Xing Liehan squinted, it was so cold that it would make people shiver.

Damn it, this woman was not worthy to have his child. What was she planning to do with his child? Was he trying to get something out of him for nothing?

Of course, since the child was born, he would definitely take it away. He would also definitely be clear about this woman's debts.

"Brother, calm down." Xing Yifan said.

"I'm very calm. Don't tell Mom and Dad about this yet, I'll deal with it first." Xing Liehan sneered, this woman actually instigated her child to look for him on TV, that meant she had some sort of plan.

"Brother, what are you going to deal with?" Xing YINUO was a little confused.

"Do you?" Xing Liehan stared at his sister. If not, then he would check for himself.

"Big bro, don't hurt them." Xing YINUO immediately requested.

Seeing that his sister was not willing to give it to him, Xing Liehan lightly snorted, "I will look into it myself. Go back and stay, you are not allowed to tell your parents."

"Big brother ..."

"Let's go back." Xing Liehan immediately took out his elder brother's imposing manner and tyrannically ordered.

"Oh!" Then don't bully them! " Xing YINUO puffed her cheeks, she had no idea that her brother would have such an expression.

Xing Yifan did not want to say much either. He would take care of big brother's matters by himself.

It's just that, it seems like Xiao Budian's Mummy is in trouble, Big Brother is very angry!

Walking into the elevator, Xing Yinuo still had some lingering fear, she looked at her compatriot second brother, "Second brother, have I caused big trouble for the little guy's mother?"

And this big problem was her big brother.

"Seems like it."

"It's over, then what should we do!? I don't want Tang Yixi's mother to be hurt by big brother! Can I do something? "

"Xing Yinuo, at this time, don't trouble yourself anymore, go home and do your homework. If you don't understand, you can ask me."

Xing Yinuo looked like she was about to cry.

Tang Mansion.

Tang Siyu had been called back by her father today. Although she had returned back to her home, she spent the majority of her time staying at Su Xi's home. This caused Tang Xiong to have some objections.

Chapter 20 - Father-love Like Mountains

"Siyu, I can't let you live at home. You can't just stay outside and move back in sometime, right?" Tang Xiong also wanted to live a happy life.

But now that he realized that his grandson was not by his side, he had thought about it a lot.

Seeing that Qiu Lin and his mother were not at home today, Tang Siyu could only tell her father the truth, "Father, I'm sorry, I don't want to move back. You know that Aunt Qiu and I have never gotten along well."

"I asked for her opinion last night, she will get along with you."

Tang Siyu laughed coldly in the bottom of her heart. In front of her father, Qiu Lin had said that, but she already did not believe it, especially after having a child. She even more so did not dare to let her son suffer any grievances or harm.

"No need, Su Xi's house is close to the school, and we live quite well."

"I knew you wouldn't come back, boy, so I bought you a flat near the children's school a few days ago. I'll give you the key, and you can move in there. It's not good to always

trouble Su Xi. " After Tang Xiong finished speaking, he pushed two sets of new keys to the side in front of her, "You've bought all the furniture, what do you need? I'll give you one million, add it in yourself."

"Dad, you ..." Why would you waste your money on a house? " Tang Siyu was moved in her heart, but on the surface, she did not want her father to spend that kind of money.

"Foolish child, your father is not a person without money, what does a house count for? In order for you to pick up Xiao Xi, I also ordered a car for you.

The servant who was wiping the table at the side heard all of this. She was one of Qiu Lin's eyes and ears.

"Does Auntie Qiu know about you buying me a house and car?" Tang Siyu asked because Qiu Lin had recently joined the upper echelons of the Tang Family's company. When his father made some decisions, he would have to listen to her opinion.

Furthermore, the apartment they bought next to the children's school was a high-end school district. It was impossible to buy it without fifty million.

"Can't Daddy buy her a house?" Tang Xiong was a little unhappy with her asking that.

"Thank you dad, I already have the ability to earn money." Tang Siyu did not want to take money from home.

"Silly child, in my heart, you will always be my father's daughter!" After Tang Xiong finished speaking, he suddenly thought of something, and sighed to her: "You know about the matter between Yi Yi and Mu Fei, right?"

Tang Siyu's heart clenched as she pretended to be calm and replied, "I know."

"Back then when you unilaterally annulled the engagement, it made Mu Family very angry. I thought that this was the end of my relationship with Mu Family, but who would have thought that Yi Yi and Mu Fei suddenly started dating two years ago.

Tang Siyu immediately straightened her body and looked at his father, "Father, don't worry, I don't have any objections. I only hope that they get engaged and I won't participate in the wedding."

She no longer wished to see Mu Fei's face. The scene she saw five years ago had already stung her heart. This man had nothing to do with her.

"Good!" I can promise you that, but in the future, Mu Fei will be the son-in-law of the Tang Family. Tang Xiong looked at his daughter with a pained heart.

"I have already put it down. Dad, it's getting late, I should go back and pick up Xiao Xi."
