

U. CEO Daddy 251

Chapter 251

At this time, Qiu Lin, who came by, heard this sentence, and she strode over immediately, "what do you say, master Xing? Why not cremate. "

"That's what Siyu means." Xing lie shoots Qiu Lin with cold eyes.

Qiu Lin is usually afraid of the Xing family young master. But now, her husband is dead. She still has the right to speak.

She snorted coldly, "as Tang Xiong's wife, I have the most say in this matter. I suggest that my husband should be cremated immediately."

Cried Qiu Lin.

Tang Siyu is sad again. At the moment, she is also forced to bear it. She goes to Qiu Lin and says, "Qiu Lin, what is it that stimulates my father's heart attack! Can you tell me now? "

"I was not with him, how do I know?" Qiu Lin turns her head and stares at her.

"Well, as my father's daughter, I need to test my father's body." Tang Siyu said strongly.

Qiu Lin's face changed. Although she could let Tang Siyu check Tang Xiong's body, she didn't prescribe any medicine anyway.

However, Tang Xiong's operation was performed by Li de. she can't guarantee whether he did anything in Tang Xiong's body, so she can't let Tang Siyu check Tang Xiong's body.

"Your father has passed away. Do you want to hurt him? Your father had a heart attack and died of it. What else do you have to check? "

Tang Yiyi on one side hurriedly said, "yes, my mother is right. My father has passed away. How do you want to beat him?"

"We only need one day." Xing liehan frowned and said in a deep voice.

"Master Xing, this is our family business. Would you please not speak first? You are not from our Tang family Qiu Lin said unkindly to Xing liehan.

Xing lie snorted coldly, "who says I have no right to speak? I am the son-in-law of the Tang family. I have the right to participate in this matter. "

"What? You Did you get the card? " In Tang Yiyi's voice, there was obvious jealousy.

"Yes, we have obtained the certificate abroad this time. I am the son-in-law of the Tang family now." Xing liehan answers Tang Yiyi's question very firmly.

Tang Siyu did not retort. She looked at Qiu Lin and said, "give us one day. I only need one day."

Qiu Lin sneers, "not for an hour, I will not let you touch my husband's body again. As his wife, you are unfilial for your children, and as his wife, I must give him the best dignity."

With that, Qiu Lin said to a middle-aged man beside him, "give my husband a row, and make cremation immediately."

"No way!" Tang Siyu stops it loudly.

"I has the final say, can't you? Do you still want to take away your father's corpse and let him corpse and crowd?" Qiu Lin immediately takes Tang Xiong as an article.

Hearing this, Tang Siyu was indeed silent, and his heart was so painful that he could not breathe.

Xing liehan holds her hand and looks at her anxiously, waiting for her decision.

"Tang Siyu, I can assure you that I have never done anything to your father. He is my husband and I love him. How can I harm him? If you don't believe it, you can ask Lao Xu. He has been with him all these days since you left. His physical condition and condition are the most clear. I have been

taking care of the jewelry business, and I don't have much chance to see Lao Tang. " Qiu continued that she wanted to dispel Tang Siyu's idea of examining Tang Xiong's body.

"Tang Siyu, you are too much, you even suspect my mother will poison my father, how can you so wrong my mother? My mom and dad have been together for more than 20 years. How could they do such a thing with such good feelings? "

Tang Siyu took a deep breath. "OK, let dad settle down! But I will find out about my father's death. "

Qiu Lin's face changed. Unexpectedly, Tang Siyu didn't give up.

"Everyone's gone. What else can I find out? Waste time. " Qiu Lin snorted and said to the man beside her, "let's arrange the fire!" Then he said to Tang Yiyi, "Yiyi, if you're afraid, don't go in. Mom will go in and give your dad the last ride."

Tang Yiyi nodded. "OK, I'll wait outside."

Xing lie said to Tang Siyu in the cold Dynasty, "do you want to go in?"

Don Siyu nodded. "I want to go in."

"Good! I'll be with you. " Xing liehan finished, took her hand and accompanied Tang Xiong on the final journey.

Tang Yiyi is behind him. He looks at Tang Siyu and Xing liehan's tall and straight back with envy.

Where does Tang Siyu come from? Let Xing liehan be such a powerful and handsome man to treat her so well? Do they really have to get a certificate abroad?

If so, isn't Tang Siyu too Xing? Thinking of this, Tang Yiyi felt uneasy.

In the cremation room, Tang Siyu didn't have the courage to see. She buried her face tightly in Xing liehan's arms and clenched his hand.

Xing liehan holds her in one hand and presses her side face in the other hand to block her, while his eyes are still watching Tang Xiong's body being sent in. Qiu Lin watched her husband turn to ashes. Her heart finally relaxed. Now, everything happened as she arranged.

Next, she can bring out Tang Xiong's legacy to the public.

At that time, she will be the legal successor of Tang Group.

Tang Siyu came out with the ashes in his arms. Qiu Lin didn't fight with her this time. She seemed to dislike her. She walked a few steps far behind her.

Tang Siyu steps down the stairs step by step with her ashes in her arms. She also hopes that her father will go to another world, where she can forget all the resentments and be calm and happy.

"Your father bought a cemetery before. I didn't expect it to be so fast. Let's do the funeral in three days!" Qiu Lin said after her death, "send the ashes here first, and come to pick them up in three days."

The staff nearby also said that it was hard to bring these things into the house. Tang Siyu held his father's ashes for a while and didn't let them go. Finally, he handed them over to the staff and sent them to a jar for storage.

Qiu Lin takes Tang Yiyi away first.

Tang Siyu stood in the same spot, lost in his wits. Xing liehan took her up. "Go home!"

Tang Siyu's heart was empty. She couldn't believe it. Within a day, she lost her father.

She didn't believe it, and she didn't want to believe it. She thought that now she would be able to see her father in tangzhai, or in his office, and see him calling to her with a smile, "Siyu..."

Thinking about it, tears came down.

She knew it was impossible, it would never be.

On the way back to Xing liehan's villa, Tang Siyu kept silent and didn't know what she was thinking. When the car arrived, the first thing Xing liehan wanted to do was to contact his good friend Wen lichen, and then let him contact Suxi to let her come to comfort and relieve Tang Siyu.

As a good friend, she must know how to let Tang Siyu vent her sadness.

Xing liehan stood outside the yard and called Wen lichen.

"Hello! Liehan, have you returned to China? " Wen lichen asked directly.

He will know that Xing liehan is abroad, not from Xing liehan, but from his younger brother Wen Liangyao, who seems to care about his female student Xing Yinuo.

"Well! Back home, today Siyu's father died. Do you have Sushi's number? You take her to comfort Siyu. She is very sad now. " Xing liehan's voice line is quite hoarse.

The voice of Wen lichen was also serious. "I have her number. I'll contact her now and take her to your house."

"Good!" Xing liehan answers and hangs up.

Susie is in the studio at the moment, and Annie is making some ideological preparations for her, how to deal with the love month training group she is going to enter, and how to make her make a lovely role in it.

Suxi didn't want to listen any more. At this time, her cell phone rang directly. She took it up and looked at it. It was Wen lichen's. she was stunned and directly picked it up.

"Hello!"

"Susie, where are you now?"

"I'm in the studio."

"I'll pick you up now."

"Pick me up? Where to? "

"I'll tell you when I arrive! Come out in fifteen minutes. " Wen didn't call her.

It must be said that Suxi is Tang Siyu's best sister. If she knew that Tang Siyu was now immersed in grief, she would also be sad.

So he decided to see her in person.

"Good." Susie blinked in response. Although she didn't know what Wen lichen was looking for, his tone was deep, which made her feel like something important was coming to her.

Fifteen minutes later, Susie stood at the door of the office, wearing a mask, but she was not found by passers-by.

Wenlichen's car slipped on her side and she opened the passenger's door and sat in.

Entering the car, Susie took off her mask and turned to look at him. "What can I do for you?"

"Tang Siyu has returned home."

"When did it happen?"

"Probably came back this morning."

"Why did she come back so soon?"

"Because her father died today." Wen lichen said heavily.

Suzy's pupils widened suddenly. In her eyes, tears flowed out quickly. She covered her lips and choked, "what do you say? Uncle Tang died? "

"Yes, half an hour ago, liehan called me and said that Tang Siyu is very sad now. Let me take you to comfort her."

"No How is this possible? " Although sushi murmured, her tears still slipped down her cheeks. She could imagine what Tang Siyu would look like at the moment.

"Send me there." Susie took a breath and looked at Wen lichen pleadingly.

Wen lichen immediately stepped on the accelerator and drove straight to Xing liehan's villa. At the same time, that was his home's direction.

Half an hour later, I drove into the villa yard road of Xing liehan and stopped at the entrance of the hall.

As soon as the car stopped, Susie in the front passenger's seat hurriedly pushed the door and got off. She ran straight into the hall.

Seeing that there was no one in the hall, she hurried upstairs to look for Tang Siyu.

At the moment, Tang Siyu shut himself in the room, Xing liehan gave her a quiet space, and he sat in the hall on the third floor, and Junyan was also wondering what he was thinking.

He saw Suxi hurriedly upstairs. He stood up and pointed to Tang Siyu's door. "She's inside."

Suxihong nodded with her eyes fixed. She went to the door of Tang Siyu's room and knocked it gently. Then she unscrewed the guard and pushed the door in.

Tang Siyu didn't know Suxi would come. She thought it was Xing liehan who came in. She quickly wiped her tears and looked back.

However, she saw her best sister coming.

"Xi Xi..." She got up from the chair in front of the French window and rushed to sushi. The two sisters hugged each other.

"I'm sorry, Siyu. I'm late. I didn't know my uncle was in such a hurry. You should tell me, I can accompany you!" Susie began to blame herself.

Tang Siyu hugs her, buries on her shoulder sobs, she at the moment, really needs Suxi.

Susie hugged her as if she wanted to share the pain.

In the hall outside, Wen lichen also stepped upstairs and sat down beside Xing liehan. The two men were speechless at the moment.

In the room, after Tang Siyu cried for a while, Suxi dried her tears. "Uncle walked so suddenly, it's really unexpected." "My dad's gone uneasily." Tang Siyu choked.

Susie blinked her eyes. "Why?"

"Because he didn't walk naturally, but was framed!"

"By whom?"

"If I don't have a guess, it's about Qiu Lin." Tang Siyu gnashed her teeth and firmly believed that her father's last finger of resentment was absolutely what it meant.

"My God! How could she be so vicious." Susie clenched her fist.

"I don't have any evidence, but I'll find out sooner or later! It's fair for my father." This is the only thing that Tang Siyu can't let her suppress her sadness at the moment.

"If so, then you must not let this woman go." Suxi is also angry. She thinks of Xiaoxi. She asks softly, "does Xiaoxi know that his grandfather is not here?"

Don Siyu shook his head. "I haven't told him yet. I don't know how to tell him." She covered her lips with grief.

Sushi also feels this. Although the child is still young, he will be very sad to lose a close relative.

Xing Lihan asks assistant Han Yang to buy some vegetables. Tang Siyu has not eaten anything for a day from noon to six o'clock in the evening. On the plane, he also eats less. He is worried that she will be hungry and have a bad stomach. Su Xi is here, so he can persuade her to eat some.

Wen lichen didn't leave either. Xing liehan went downstairs to cook. He followed him downstairs to help. Two handsome men were worried about the woman upstairs at the moment.

When Xing liehan saw that Wen lichen had not left, he couldn't help asking him, "what's the matter? Have you started to like Susie? "

"It's hard to say, but this woman is really worrisome," said Wen lichen, who was washing dishes with his sleeve in his hand

Hearing this answer, Xing liehan knows the women he can worry about. They must be the women he cares about.

"Susie is good!"

"Tang Siyu is not bad either."

"So, I intend to pursue her." Xing liehan chuckles.

Wen lichen sank for a few seconds and said, "let me see again!"

"If you like, hold it well."

Wen lichen didn't refute. He thought Xing liehan was right, but he was not sure whether he really liked sushi enough to pursue her.

What's more, he hasn't recognized his heart, and he's not sure that he'll be with this woman all his life.

However, Xing liehan and Tang Siyu have children, and Tang Siyu is not bad, so Xing liehan pursues her and likes her for more reasons.

The two women upstairs are comforting each other, while the two men downstairs are making dinner with their sleeves on. In the evening, there is a warm picture.

Chapter 253

An hour later, Xing liehan went upstairs and knocked on Tang Siyu's room. The sadness on Tang Siyu's face was still obvious, but the mood seemed to be stable. Su Xi looked at her and her eyes were full of sadness and pain.

"Come down to dinner!" Xing liehan said to the two of them.

"Well, we'll be right down." Suzy replied.

Tang Siyu's eyes were red and swollen with tears. She just lifted them slightly, but she didn't see Xing liehan. Xing liehan closed the door gently.

Suxi got up and went to the bathroom. She took the warm towel and came out. She gently raised Tang Siyu's face and wiped the tears on her face with the towel. Tang Siyu closed his eyes. His eyes were red and swollen. His face was pale and his whole face looked very haggard.

"Siyu, we can find out about Uncle secretly, but now you have to think about your body! You can't have another accident. Xiao Xi needs you. " Susie let her go.

Tang Siyu just talked with Suxi for an hour, and she also expressed her heartache. She hated Qiu Lin, her fake fishy appearance, her indifference to her father, and her unworthiness and unfairness for her father. This woman, she resented to the extreme.

Some words, roaring out of her heart, can really make people more calm. It's an indisputable fact that her father left. In addition to her grief, she should find a chance to find the cause of her father's death.

Crying all the time is not the solution. Suxi has done a lot of ideological work. His son has become the driving force for Tang Siyu to be strong.

Susie took her arm and comforted her, "let's go to dinner! Your father's affairs need to be dealt with. You must keep your spirits up. "

"Well!" Tang Siyu nodded softly. At the moment, her whole body was weak and weak. She thought that if she had no appetite, she must not let herself stride at this time.

Downstairs, Xing liehan and Wen lichen cooked a table. The two men sat at the table, motionless, waiting for them.

Tang Siyu goes downstairs, Xing Lihan stands up and goes to the other side of her. He reaches out to hold her. Su Xi lets go of Tang Siyu's hand and takes the initiative to sit beside Wen lichen.

After Tang Siyu sat down, Xing liehan filled a bowl of light porridge for her and put it in front of her. "If you have no appetite, first drink some porridge to warm your stomach."

Tang Siyu's eyes flashed with tears. He looked at him gratefully. Wen lichen also sympathized with her. So suddenly he lost his father. No one can bear it.

Tang Siyu lowered his head and spoon by spoon sent the sweet white porridge to the import, but she didn't move the chopsticks. Instead, Xing Lihan took several dishes and put them into her bowl.

On the table, the atmosphere was sad. Everyone ate in silence. Half an hour later, Xing liehan hoped that Su Xi would stay with Tang Siyu tonight. Of course, Su Xi didn't refuse. She decided that she would not leave her these days. After she finished her father's business, she would talk about it.

Tang house.

At that time, the atmosphere was very dull. Tang Yiyi thought of her father while eating, or she got up and Qiu Lin, who was sitting opposite her, immediately scolded her, "what's there to cry about? Eat well. "

"Mom, how can dad walk so fast?" Tang Yiyi can't believe that she has at least one person to rely on when her father is here.

"What goes so fast? He's been taking drugs for heart disease, sooner or later

"Mom, why are you Not so sad? " Tang Yiyi has been asking questions in his heart.

Qiu Lin clenched her lips and snorted, "Yiyi, you are my daughter. Whatever I do, I do it for you! For your future. "

"My future?"

"Do you want to be trampled by Tang Siyu?"

"Of course I don't want to." The sadness on Tang Yiyi's face turned into unwillingness.

"Do you know that when your father was alive, he drew up a plan to leave 50% of the company's equity to Tang Siyu, and you only got several properties?"

"What? My father is so eccentric? " Tang Yiyi immediately stared angrily.

Qiu Lin also raised her lips and sneered, "no, his heart has long been in favor of Tang Siyu. As soon as this stinky girl comes back, your father would like to give her the whole Tang family, hum!"

"Did dad pay attention? Does he really have to give her half of the Tang clan? " Tang Yiyi cares about this most.

"Of course not! His attention has not yet begun! However, mom has a way to let Tang group belong to us. You can rest assured. I just hope you don't be sad anymore. Such a father will die if he dies! You just have to live with mom. " Qiu Lin said coldly to her daughter.

Tang Yiyi was still grieving before. At this moment, her mother's words made her wake up with a bang. She bit her lips and raised a cold smile on her mouth. "So, dad is better dead."

Qiu Lin saw that her daughter was so cold. She thought to herself, thanks to what she was born with, she shared her heart with her. She nodded, "yes, your father is dead. It's only good for us. Now, have a good meal, and when he's finished, the whole Tang clan is our mother and daughter's, so she'll stand by Tang Siyu!" "Well! Yes, mom, please don't give it to her. She has got Xing liehan.

Let her leave the company again, then we will be trampled to death by her." Tang Yiyi holds the fist.

"Don't worry, this company will have your rich dowry in the future. I don't believe that you will not find a better man than Xing liehan."

Tang Yiyi immediately felt extremely happy. "Well, mom, I will be happier than Tang Siyu."

"Mom, I ask you one thing. Have you ever loved dad?" Tang Yiyi asked curiously in his eyes.

"What does he love or not? He doesn't love me either. I found that the graveyard he bought is adjacent to Tang Siyu's mother. What do I feel that I love him for? At that time, he didn't neglect our mother and daughter, only because I pestered him later, he had to marry me! I only value his money." Qiu Lin said very realistically.

When Tang Yiyi heard this, she felt that the father was insignificant in her heart. Right, next, when her mother took over the company, she would have more money to spend.

That night, Tang Siyu couldn't sleep at all. Susi was lying beside her. In the dim yellow light, Tang Siyu opened her eyes, and the tears slipped silently in the corner of her eyes. She didn't cry any more, but her yearning for her father was still strong.

Sushi picked up the soft paper and gently wiped the corner of her eyes. At the moment, she didn't want to comfort her, so let her cry! Her silent tears made her more distressed.

Chapter 254

In the master bedroom, Xing liehan didn't fall asleep either. He sat in front of the floor to floor window and looked at the stars in the night sky. His handsome face covered a layer of mysterious shadow. At this moment, his heart began to think about the whole thing before and after Tang Xiong's death.

He believed that Tang Siyu said that Tang Xiong must be trying his best to say something when he was sober at the end, but his hand was angrily pointing to Qiu Lin, which meant that his death must have something to do with this woman.

If you want to untie Tang Siyu's knot, you must find out this matter as soon as possible, and return Tang Xiong a justice.

He reached out and unplugged his assistant Hanyang's mobile phone. Although it was early in the morning, Hanyang also picked up quickly. "Hello, Xingshao, what's the matter?"

"Contact Tang Group's cooperative law firm for me in the morning tomorrow. You tell him that Xing group wants to cooperate with them." Xing liehan said in a voice.

Han Yang didn't have many rooms at that end. He replied directly, "OK! I'll invite their leader to see you tomorrow morning. "

After hanging up the phone, Xing Lihan gently raised a sneer on the corner of his mouth. As soon as Tang Xiong died, how did the Tang Group of Nuo Da divide up? I believe Qiu Lin already had a set of means. If he expected to do well, Qiu Lin must have a left eye in his hand, and it is still a left eye that does not benefit Tang Siyu.

Tang Xiong died suddenly. Within two days, the rescue was ineffective, and he was in a coma all the time. Then he certainly didn't have time to deal with the things left behind.

And Tang Group has always had a cooperative law firm. I believe Qiu Lin believes in these people most. Tomorrow, he will first test them.

If this firm refuses his future case of Xing group, it can only show that they are bought by Qiu Lin and have already joined hands.

Qiu Lin, who has been in business for many years, naturally thought of this matter. At this critical moment, she must not make any mistakes. That night, she told Chen Feng, the chief executive of the firm. Xing liehan was behind Tang Siyu to stay on the mountain. Let him prepare for his thoughts. Don't mess up.

Chen Feng has received Qiu Lin's benefits. In addition, serving a company that he has control over, of course, is more advantageous than choosing a new employer. Therefore, he will not betray Qiu Lin.

Xing liehan pillows his arm and looks towards the door. He wants to know how Tang Siyu is now. Does she sleep? Is she still in tears of grief?

Moreover, his son, who was far away from home, did not know the news of his grandfather's death, let alone his mother's grief.

Now, after all Tang Xiong's affairs are finished, he will take his family back for a reunion. At this time, it's better if his son is not here, so that he can't bear to see his mother's grief at his young age.

Early morning.

Tang Siyu cried and fell asleep at 4 o'clock last night. Suxi also fell asleep with her. But in the morning, Tang Siyu woke up first, woke up and sat on the bed. She was in a trance and her brain was blank.

Thinking of her father, she felt empty.

Qiu Lin is still in charge of her father's affairs. She knows only a few of her father's friends. Only Qiu Lin can contact them to come to sacrifice her father.

Her father's funeral was three days later, so she didn't know what else to do these two days.

Suddenly, an idea came up. By the way, she had to find someone. That was her father's assistant, Lao Xu. She wanted to ask her father about that day.

Don Siyu didn't wake Suxi. She got out of bed to wash and change clothes.

She thought she would not disturb anyone, but when she came out, she saw Xing liehan sitting in the hall facing the door, with a cup of coffee beside him.

Xing liehan looks tired. Tang Siyu looks at him with a little consternation. "Last night Not sleeping?"

"

Xing liehan didn't sleep very much, so he made coffee early in the morning to refresh himself.

"Well! Where are you going so early? "

"I'm going to see my dad's assistant."

"You alone?"

"Susie is still sleeping. She stayed up with me until over four o'clock in the morning last night. I want her to go back to sleep."

"Just as I'm going out, I'll let Li Chen come to accompany her." Xing liehan also wants to go out. He wants to meet with the senior management of the cooperative law firm of Tang Group.

Tang Siyu can't drive now, because her mental condition is not good, she looks at him, "by the way? Take me out with you. "

"Of course, let's go! I'll have breakfast with you first. "

"I won't eat any more." Tang Siyu is in a hurry to see Lao Xu.

Xing liehan shook his head and insisted, "to eat, I don't want you to break your stomach. You didn't eat anything last night."

Tang Siyu looks up and touches his deep and firm eyes. She has a kind of helplessness that can't refuse him, so she nods and says, "OK! Let's go! "

When Xing liehan went out, he called Wen lichen and asked him to come to accompany Suxi, so that she would not be alone in the villa.

Wen lichen happens to live on the other side of the hillside. He will come naturally. Xing liehan takes Tang Siyu out to a nearby breakfast restaurant. Tang Siyu still drinks a bowl of porridge. Her heart is so bitter that she has no appetite at all.

Xing liehan doesn't force her to eat anything.

Tang Siyu contacts Lao Xu, who is about to be in a coffee shop on his way to work. At this time, Lao Xu is also in great sorrow. He asks for a vacation from the company. He wants to rest for a week and also waits for Tang Xiong's memorial service.

Xing liehan put her at the entrance of the cafe. He was a little uneasy. "Do you need me to call two bodyguards?"

"No." Tang Siyu shakes her head. She is angry now. She doesn't believe Qiu Lin dare to touch her at this time.

Xing liehan nodded and said to her, "call me immediately after chatting. I'll come and pick you up."

"Good!" Tang Siyu responded, walked to the cafe and pushed the door in.

Xu has been sitting in a corner waiting for her. When he saw her coming, he immediately got up to meet him. "Big miss, you are here."

Tang Siyu's eyes were still red and swollen. Her mood was much more stable. She nodded, "Uncle Xu, I want to know what happened to my father on the day he entered the hospital, and his previous physical condition."

Old Xu sighed, "elder lady, since the old master fainted, he was sent to the hospital, and then came back, his body is not as good as before, but the old master doesn't want you to worry about it, so he shows full of spirit in front of you, but in fact, he has increased some dosage."

Tang Siyu's heart is very painful. He blames himself very much.

"It's my fault that I didn't watch it." Tang Siyu clenched his fist and wished he could slap himself.

"It's not your fault. It's not your fault. It's my father's love. He doesn't want to burden you."

Chapter 255

"Then why did he go to the hospital that day? Did he faint in the office?"

"No, he decided to go to the hospital that day. Maybe he wanted to know how sick he was! As long as he took the medicine, he was in good spirits, and saw nothing different. That afternoon he signed too many documents, sat for too long, and got up a little dizzy, so he was a little worried, saying that he would go to the hospital for examination. "

"Before my father went to the hospital, his health was stable! There was no stimulation, was there?" Tang Siyu asked carefully.

"No! Recently, the company's performance has rebounded. The master is relieved that he has not been stimulated in his work. I have been with him all the time. "

"Then there's nothing wrong with his medicine!"

"The master 's medicine is OK. Every time I pour it to him, it is the medicine that the doctor prescribes for him."

"That's what Dr. reed prescribed before."

"And then? Did you see my dad faint that afternoon? "

"No! When Tang Xiong and I just got out of the computer, my wife called me and said that my son-in-law had done something to my daughter. My daughter was angry back at my house. I was very angry. I kept telling my wife and daughter that it was my fault. I didn't follow Mr. Tang. " Xu also blamed himself for this.

Tang Siyu also comforted him, "Uncle Xu, I don't blame you. I just want to find out why dad suddenly fainted. If his condition is not stimulated, he should not faint."

"Isn't Mrs. Tang there that day? Did you go back to ask Mrs. Tang? Did she see that president Tang fainted? "

Tang Siyu twisted his eyebrows. "Are you sure Qiu Lin was on that floor?"

"I heard that she was checking on that floor. I was standing on the balcony next to the elevator to answer the phone. I think she didn't go up the elevator! But I turned and saw her coming down the corridor. " Xu carefully recalled.

Tang Siyu's eyes flashed to think that Qiu Lin was on that floor, which means that she had a chance to hurt her father, but what did she do that would make her father faint?

"Where is my father dizzy?"

"In Dr. Lide's office! When I was in the past, he was sitting on the chair and lying on the desk. At that time, director Li rushed out and said that your father had passed out. "

Tang Siyu has some confusion in her mind, but she has an intuition that her father's death is not easy. She will not give up so easily.

Next, in addition to some of the details before she returned to China, Tang Siyu has only a strong sense of guilt.

In the general office of Xing's group, Xing liehan stood in front of the huge floor to ceiling window. He just received a call from Han Yang. He went to interview the law firm in person and was refused to meet by a person in charge named Chen Feng.

As he expected, his Xing group's lawsuits of more than 1 billion yuan per year could not attract this medium-sized law firm. On the contrary, Tang Group's company with less than 100 million yuan of lawyers' fees per year made this person happy to stay.

At about 10 o'clock, Xing liehan receives a call from Tang Siyu. She finishes talking, and Han Yang is nearby. She goes to meet with the company.

In Xing liehan's villa, in front of Suxi's bed, there is an elegant and charming figure. Wen lichen is brushing with his mobile phone, looking at the girl curled up in the bed sleeping soundly from time to time.

Last night Susie slept later. She could only make sure that Tang Siyu was asleep. She just fell asleep. So, she went to sleep at about five o'clock.

Suddenly, Susi in bed turned over and instinctively hugged Tang Siyu, but felt empty. She woke up immediately and said, "Siyu..."

She was really worried that Tang Siyu was in a low mood and would do stupid things. She bounced up and felt someone on the sofa next to her. She turned her head and saw Wen lichen sitting there casually.

Susie was immediately startled. "What are you? What about Siyu? "

"She went out in the morning." Wen lichen put away her mobile phone and replied, looking at the bed and sleeping, but her face was obviously short of blood. "Get up or go to sleep?"

"Of course, get up. I'm going to find Siyu. Can you go out and wait for me?" Su Xi finished, opened the quilt and got out of bed. She was wearing a new conservative Pajama of Tang Siyu.

Sue changed her clothes and went out. Wen lichen was downstairs waiting for her.

Suzy came to him, and her cell phone rang. She picked up Annie's, and she picked it up. "Hello! Anne. "

"Heathy! Where are you? Where did you go? Do you know what you can't do for the last two days?"

"

"Annie, I have something urgent."

"It's urgent, but you're about to enter the production group of love month. Call over there and let you pack up."

"Sister Anne, can you push for me? I don't have time to go."

"Miss, you have signed the contract. If you don't go like this, it's against the contract." Annie is worried at that end.

"But I really can't go, Annie, you can find a way to push for me! " With that, Susie hung up directly. Wen lichen stood aside and looked at her. "Is there something urgent in your studio?"

"No, it's the cast that loves the month and wants me to go the day after tomorrow. I can't leave at this time. I want to accompany Siyu." Su Xi's face firmly said that even if she joined the program, it would make her more popular, but she could not leave in order to be famous.

"You are at ease with Tang Siyu. I will postpone the time for you to join the group."

"Really? Can you put it off for a week or ten and a half days? " Asked sushi, looking up and pleading.

Wen lichen, with a little head in his hand, answered very lightly, "yes!"

"Really? Thank you. Would you please postpone the group time for me

"Don't you want to give up?" Wen lichen twisted his eyebrows, thinking that her partner was still his cousin, he was not a little upset.

"But I signed the contract. If I break the contract, I will pay at least 10 million liquidated damages." Even if Susie made some money, it was not so wasted.

"Didn't I give you two and a half billion? It's enough for you to default a hundred times. "

"Oh! I forgot to tell you that I gave you the card with the money. It's in your house! " Suzy only remembered it.

Wen lichen's face was suddenly gloomy, and his voice was full of displeasure

"I returned it, at your house, but I can't tell you where it is now, unless you promise me to return it to you." With Susie finished, she took the lead in walking to the gate of the yard.

After her death, Wen lichen's face was staring at her. The woman dared to play tricks. However, it also proved that she was not the girl who was greedy for money and money. She was very special.

Su Xi comes out and calls Tang Siyu. It's said that she's with Xing liehan now. She's relieved. Tang Siyu won't come back until evening.

Sushi didn't drive over either. Standing in the yard, she said to the man behind her, "can you take me out?"

"Where are you going?"

"I want to find a large flower shop. I want to fix a bouquet. The day after tomorrow is the day to pay tribute to Uncle Tang." Said sushi.

Hearing this, Wen lichen's heart was soft, and sushi was also a man of love and justice. She had more and more advantages.

"Good! I'll take you to the flower shop, "

Chapter 256

In the evening, Xing Lihan and Tang Siyu came back together. Xing Lihan didn't tell Tang Siyu about the lawyer for the time being, because she has suffered enough now, and now everything has to wait for her father's success.

That night, Tang Siyu didn't ask Susi to take care of her again, because Susi was tired last night. She asked her to go home and rest. The day after tomorrow, she met at her father's memorial ceremony. Susi also agreed. She wanted Xing liehan to be beside Tang Siyu, and she was relieved.

This evening, after taking a bath, Xing Lihan came to her room wearing a set of leisure pajamas. At this time, Tang Siyu did not refuse his company. Xing Lihan asked her to rest on his arm, and his chest became the bend of her warm rest. Tang Siyu, who had not had a good rest for two days, was breathing the clear bath fragrance of his body, and she fell asleep.

It's just that a pair of Demi eyebrows are always twisting. Xing liehan stroked her eyebrows and eyes several times, trying to smooth them for her, and patted her on the shoulder to coax her into deeper sleep.

Early in the morning, Susie was still sleeping. A phone call woke her up. She picked up the phone and saw that it was sister Anne's again. She had a big head. Was it about joining the group again? She really has no mind to go.

"Hello! Sister Anne, didn't I say, let you push me? "

"Now you don't have to push it. You can take a few days off. It's just announced by the official. This program will be put off for another month. I don't know what's going on."

"What? one month? Really? " There was joy in Sushi's voice.

"Yes! It's strange. How can such a large cast be pushed back? "

Of course, sushi knew who could do it, but she didn't expect that Wen lichen had such a way, and even delayed for a whole month, which made her more and more curious about this man. What mysterious identity does he have?

Tang Siyu went back to Tang's house at nine in the morning. She had to take part in her father's affairs. Qiu Lin had already informed all that should be notified. Seeing Tang Siyu enter the house, she immediately snorted, "I still think you're a big lady and gone!"

"How is my father doing?" Tang Siyu's cold inquiry.

"Of course, there are more than 200 people who come to pay homage to him." Qiu Lin said proudly.

Tang Siyu can't help clenching his fist. Has her father's affair become the occasion for this woman to fight for the limelight?

"Qiu Lin, let me ask you again how my father fainted!"

"I don't know if you ask me a hundred times. If you have the ability, you can ask your father underground." Qiu Lin is calm enough. She doesn't take Tang Siyu seriously.

Tang Siyu clenched her teeth. At this time, she really didn't want to fight with this woman. She forbear, "tomorrow is a few days!"

"The spirit hall is located in the courtyard. It's 8 o'clock to welcome guests. You and Yiyi are children. They have to kneel beside them. Don't worry. I'll handle this properly. You can come earlier tomorrow." Qiu Lin also hopes that after Tang Xiong's death, outsiders will not gossip about the Tang family, but that she will still have the title of Tang's wife on her head!

Tang Siyu looks at the hall. She steps upstairs.

"What are you going to do?"

"I'll go and get something from my father as a memory." Tang siyutou didn't return.

Qiu Lin sneered and let her go. She went to the yard and pointed to the setting up of Lingtang by servants Hui.

Tang Siyu took a few photos of Tang Xiong and his favorite pipe as a souvenir.

When she left, Qiu Lin didn't forget to remind her, "you should bring back your father's ashes for display early tomorrow."

When the next day arrived, Tang Siyu got up at five o'clock in the morning. Xing liehan accompanied her to meet her father at the funeral home in the dark street. Tang Siyu held his father's urn and drove her to the Tang house.

When she arrived, only a few servants were lighting candles and burning incense. Tang Siyu put his father's ashes in front of the enlarged black-and-white picture of his father, and her heart hurt again.

She knelt in front of her father with tears in her eyes. Xing lie and Han Jing stood by her side. Tang Siyu knelt for half an hour until Qiu Lin brought Tang Yiyi in. The servants put the prepared white uniforms on their bodies. They stood on their knees.

Xing liehan was the first one to come to sacrifice. He stood in front of Tang Xiong in a black suit and stared at the smiling picture of Tang Xiong for a few seconds. Then he bowed down and saluted. After a column of incense, he stood beside Tang Siyu.

There was no sadness on Tang Yiyi's face at all. She couldn't even pretend. She looked at her father. As long as she thought that there was only Tang Siyu in his eyes, she resented.

After eight o'clock, the mourners began to come. Lao Xu and his wife came here. Some of them had seen Tang Siyu, but most of them were friends of Tang Xiong's business circle. She had not seen them. They were dressed in black with black gauze around their arms. Their expressions were serious and painful. They expressed their mourning for Tang Xiong's death from the heart.

At 9:30, Suxi came. She was holding a bunch of white chrysanthemums. Beside her, Wen lichen accompanied her. Tang Siyu watched them enter gratefully. Wen lichen held his head towards Tang Siyu, and then accompanied Suxi to express his condolences to Tang Xiong. Tang Yiyi's eyes are shocked to see Suxi, and at the same time, they are also surprised to see the men around her. Suxi is Tang Siyu's good sister, so Tang Yiyi doesn't like her very much, but now she is angry.

Tang Siyu is surrounded by Xing liehan, and Su Xi is just a second-line artist. Unexpectedly, there is also a tall man with charming temperament standing beside her. Where are their blessings? All the handsome guys like it?

Because of the large number of visitors, sushi and wenlichen came out after the ceremony and waited. Sushi was unwilling to leave, and wenlichen also stood beside her.

This really moved Suxi. When buying flowers, Wen lichen said he would come with her. She didn't expect that he would come downstairs early in the morning, and at the moment, he still stood here with her.

This man has this intention, she also moved.

The mourners came from 8:00 to 11:30 at noon. Qiu Lin was wearing a black skirt and a hat with a light gauze hanging down. Even at this time, she was still wearing makeup and taking the opportunity to get the sympathy of those guests. She was best at acting. At this moment, she played a sad role of wife, which made several ladies look at her heartily.

But Tang Siyu knew that she was not sad at all. Even, she noticed that Tang Yiyi stood for several hours without expression, beat his legs secretly several times there, disappeared in his position several times, and had no respect for his father at all.

Chapter 257

Xing Lihan's identity is standing in the Lingtang, which is also of great concern. Some business people came here to say hello to him and express their politeness to the president of the Xing group. Xing Lihan returned one by one. He would stand here just to accompany Tang Siyu.

Murphy and his father also arrived at the last moment. Murphy was in love with Tang Siyu, but she was accompanied by Xing liehan. He just mourned and left with his father.

Qiu Lin broke down several times in the sympathy of some business partners, which made Tang Siyu extremely disgusted. Her father didn't need her to cry so falsely.

After setting off a string of firecrackers at noon, Tang Yiyi holds the remains of Tang Xiong. Tang Siyu holds his ashes and rides in a black car to the place where he is buried. Tang Siyu has been away from Tang Xiong for many years, so she doesn't know where the cemetery he bought is.

Xing liehan is sitting in Wen lichen's car with Su Xi.

Until the car stopped on the street of the cemetery, Qiu Lin opened a road in front of her and led some volunteers to see her off. Tang Siyu's heart ached. Her father's cemetery was beside her mother, and her heart ached instantly.

Mother's graveyard is very clean, and her memorial day is next month. It seems that when she is not in China, father still hasn't forgotten to clean mother's graveyard.

Tang Siyu stood beside her mother's grave with her father's ashes in her arms. She gently begged her mother to forgive her father and let them get together in the world below.

Su Xi tells Xing liehan that Tang Siyu is standing in front of the gravestone, which is her mother's graveyard. Xing liehan's heart also moves. Unexpectedly, her parents are still buried together. She should be happy!

Put Tang Xiong's ashes in a specific coffin, fill the earth, build a monument, and Tang Siyu's tears silently slide down. Behind her, Xing liehan comes to her, and he holds her in his arms, and Tang Siyu turns his head, buries it in his chest, and cries soundlessly.

One side of sushi also covered her lips, eyes red, tears gushing, standing beside her Wen lichen, long eyelashes flashing, he reached out his arm, grabbed her shoulder, a little effort, she will be brought into the arms.

Su Xi was stunned for a moment, raised his tears and looked at him. Wen lichen's deep eyes also locked her, with a touch of comfort.

But Tang Yiyi next to her is greatly stimulated. She hates Tang Siyu, and she never watches Suxi's TV series. She also hates it. Unexpectedly, now both of them are embraced by the top handsome men. In her heart, she really doesn't like it.

Qiu Lin only hoped that her husband's funeral would be over soon and Tang Xiong would be buried. Next, the Tang family would be her world.

Tang Siyu is holding a bunch of white chrysanthemums and kneeling on the ground. Behind him, there are a group of people in silence. They are giving Tang Xiong their last farewell, probably

because Xing liehan is also there. So, this time, Tang Xiong's business friends almost came here. The scene is very big, which makes his funeral very grand.

Wen lichen has always been an invisible identity. In addition to a few specific people who know his identity, he is only a noble son in the eyes of outsiders. Even some people don't know his surname, but they dare not look down on him.

When the guests left one after another, and it was evening, there was a cool breeze in the cemetery. Qiu Lin felt nervous immediately. She didn't want to stay here. She led her daughter and said, "Yi Yi, let's go back!"

Tang Yiyi nodded. She gave a cold look at Tang Siyu who knelt on the ground and didn't want to get up. She thought to herself, it's better to let Tang Siyu's legs kneel here.

Qiu Lin's mother and daughter left. Before the cemetery, there were only four of them. Tang Siyu didn't want to leave. Su Xi didn't leave naturally. Wen lichen and Xing liehan also stayed.

Tang Siyu kowtowed three heads to her father, then went to her mother's monument, knelt three more heads, and she stood up. But because of her poor appetite recently, her hypoglycemia broke out. She was only dizzy and nearly fell down.

"Siyu..." Su Xi wants to rush over, Xing liehan takes a step faster. When Tang Siyu wants to turn to one side, he reaches for her with his long arm and pulls her into his arms. "It's time to go back!" he says heartily

Tang Siyu nestles in his arms and nods gently. Xing liehan sees that her legs must be numb. He holds her straight and horizontally and walks to their car. Behind him, Su Xi is worried to follow. Wen lichen follows him closely.

As Wen lichen was the only one driving over, Suxi was in the passenger seat, Xing liehan and Tang Siyu were in the back seat, and the four headed back.

Xing liehan's car was also handed over to the assistant to drive. Tang Siyu stood for half a day today and knelt for half a day. He didn't eat anything at noon. Xing liehan was worried that she couldn't stand it.

All the way to Xing liehan's house, tonight, he cooked at his house. At this time, Tang Siyu's father just passed away, of course, he can't go to the hotel to eat and drink, which is absolutely disrespectful.

Tang Siyu sent it back, sushi helped her to go back to the room to rest first, and cooking has become the business of these two men.

After his father's funeral, Tang Siyu finally knew that there was no father in the world. This makes her heart empty, and she wants to cry again. Sushi holds her, and she tears silently all the time. Sushi is infected, and the two people sit in the room and cry relative to each other.

When dinner was ready, Su Xi wiped a tear face for Tang Siyu. They went downstairs to have dinner. Tang Siyu held the chopsticks, but he didn't move them. Xing Lihan diligently put vegetables in her bowl until she had a bowl of rice.

After dinner, Wen and sushi said goodbye.

Outside the yard, sushi got into wenlichen's car and said to him, "take me home!"

Wen lichen started his car and drove out of the yard. However, instead of going to the avenue leading to the street, he turned a corner and drove to his home.

"Are you going the wrong way?" Sue asked in a hurry.

"No mistake. Go to my house tonight, find that card and take it back."

"I don't want I said I would give it back to you! " Sue protested quickly. She couldn't really ask for his money.

"Why?"

"No merit, no reward! I didn't do anything for you. I can't ask for your money. " Suzy sighed. She would only accept a deal of equal value.

Wen lichen looked at her with deep eyes. "OK! Stay at my house tonight. "

"Er..." Susie immediately subconsciously tightened her arms. "You What do you want to do? "

Chapter 258

Wen lichen looked at her defensive consciousness, and he sneered, "you know it's not too late to defend me now? If I want to touch you, I can touch the first few opportunities. "

Susie stared, and soon her face turned white. "You You can't be such a jerk! "

"Men are not bastards. Don't you women love them?" Wen continued to retort.

"You Who said that? For me, I'll never like a jerk. I like a gentle gentleman. " Susie's even more disagreeable retort.

Wen lichen squinted his eyes. In the dark carriage, his eyes were still sharp and frightening. "So, do you have a man you like?"

Suxi has Ji Yuhao's face in her mind. She thinks, I don't like it, just enjoy it! Because he does meet the conditions she likes.

Because he said that before, and also lured sushi to let him understand that she was not a casual person, she picked up her eyebrows and said, "yes!"

Wen lichen's face was under the dark blue central control lamp, which was extremely tense and ugly. He didn't expect that this woman had a man she liked.

"Who is it?"

"There's no need to tell you!" Susie's lips are hooked!

Wen lichen slammed on the brake, and sushi leaned forward fiercely. She immediately looked at the man around her in surprise. She didn't know what he was going to do!

"Get out of the car!" Wen lichen drove her away.

Susie's brain slightly flashed, some blank, he even drove her out of the car?

And sushi is not the kind of woman who wants to sit in his car. She picked up her bag, reached out to open the door cleanly and got out of the car. As soon as she slammed the door tightly, the gentle car drove forward and disappeared on a corner.

And Susie stood under the street lamp, dressed in black, very pitiful.

For a few seconds, she picked up her cell phone and dialed Annie's number. She was going to send it to her to pick up someone.

Suzy really thought too much about Wen lichen's practice, but today he accompanied her to Uncle Tang's funeral, and she didn't care. She just couldn't figure it out. He was the first bastard to get up, but it seemed that the responsibility of this matter was her?

Forget it, for a man who doesn't want to reason, any reason is useless!

Sushi didn't walk around after calling. Fortunately, in this villa area, it should be very safe. She sat on a chair next to her and stood at the top to enjoy the beautiful night view in the distance.

The night wind blows gently and the atmosphere is quiet.

Within five minutes, suddenly she heard the sound of the car coming from the side. She thought to herself, Annie must not have come so soon. Is that another resident?

However, this road seems to have only one resident, that is Wen lichen.

Suzy's face changed slightly. She saw two lights coming. It was Wen lichen's car that drove down. She held the bag a little embarrassed.

She thought that Wen lichen was going out. Of course, he would never talk to her again. Just in time, she didn't want to be dealt with by him.

But the car came over at a very fast speed, but when she was on her side, the tires were zizzing, and he was slamming the brakes.

Susie was startled and stepped back two steps, when the driver's window fell down and Wen lichen's beautiful face came out.

He gave her a cold look, and calmly opened, "get in the car!"

"Why!" Susie frowned at him.

"Take you back." Wen Li Chen's eyes were fixed on the front, as if reluctant to speak.

At the same time, Susie didn't need to lead him. She said proudly, "no, I asked my people to come and pick me up. If you have something, you can go first."

Wen lichen's handsome face was cold for several times. He raised his lips and looked at her coldly. "Are you sure your people can come into this community? Without the permission of the residents, no foreign vehicle can step into the road, so you have to go out for half an hour. "

Now, Suzy's face is a little pale. It takes less than ten minutes to drive from here to the gate of the community, but at least forty minutes to walk! She bit her lips, but for a moment she didn't know whether to ask him for it.

"You can choose to get on the bus or walk." Wen lichen asked her.

Suxi knows that she has no choice. If she walks for 40 minutes in high-heeled shoes, her feet will be wasted tomorrow, and she can never disturb Tang Siyu and Xing liehan at this time. Therefore, she has no choice but to ask for help from the man in front of her.

Suxi is also flexible, she went to the front passenger seat, opened the door and sat in, puffed her cheeks and said, "if there is a car, why should I walk?"

"No backbone." Wen lichen gave a low scolding.

Susie's face was a little red. She bit her teeth and put up with it.

Wen lichen no longer stimulates her, but he doesn't want her to have backbone. He is also a big head girl who is too stubborn. He immediately steps on the accelerator and heads straight to the door of the community.

Sushi's face has been looking out of the window, sullen, like a lifeless porcelain doll, a small face under the street lamp, white jade like luster, with her long hair blown by the wind, it is a kind of weak beauty. Wen lichen looked around for several times, and the anger just now seemed to subside quietly.

"Don't let your people come, or you'll go for nothing." He opened his mouth and said.

Susie turned her face out of the window. "Just leave me at the gate of the community. I'll have my people pick me up."

Wen lichen just calm heart lake, and was hit by a stone down like, surging angry water.

"If you get on my car, don't think about getting off now." With that, Wen lichen's car, like an angry Beast, ran straight ahead.

"Ah You are crazy. What are you doing so fast! " Susie immediately grabbed the guard on the top of her head, which she couldn't stand.

Wen lichen now entered a seaside Avenue, and his speed gradually kept around 80. Now, Suzy really didn't dare to stimulate him any more.

Even if he wants to send, she will let him do it!

She took out her mobile phone and sent a message to Annie, asking her not to come. She went home.

After her hair was finished, she looked out of the window at the dim and uncertain sea, just like this unpredictable man around her, so that she could not see through his mind.

She was all the way back to her home. Wen lichen stopped and got off. Sushi angrily pushed the door open. After getting off, she closed the door and left.

She didn't want to say thank you because she was sulking, too.

Wenlichen's heart was so stuffy that he picked up his cell phone, dialed a series of phones, and gave an order to the other end, "check for me if sushi has a boyfriend outside the circle or her intimate and interactive boyfriend."

"OK! Less temperature! " That's his assistant's response.

Chapter 259

The early morning's signature is particularly brilliant, like a huge golden seam that cuts the sky and the earth, tearing the gray sky bit by bit, shining on the earth.

Tang Siyu opened her eyes, and there was just a ray of sunshine in her eyes, which made her close her eyes quickly. She cried too much these days, which made her pupils dry and sensitive. At this time, a big hand was very considerate to cover her eyelashes to prevent the sun from spilling into her eyes again.

In Xing lie's cold and warm palms, you can feel her long eyelashes blinking, like feathers brushing his palms, which makes his sexy mouth hook.

He took the remote control on the head cabinet and pulled up the thin curtain to cover the sunshine and make the whole room warm.

Tang Siyu's hand on her eyelashes flicked, her eyes blinked gently. With two more blinks, her eyes were clear and bright, as if they were twinkling stars. Xing liehan really loved these eyes, crying, heartbreaking, laughing and moving.

"I'm up!" Tang Siyu sat up with her back against the bed, but she didn't know what she was going to do.

Xing liehan gently holds her hand and puts it on his palm. Tang Siyu's empty heart is suddenly filled with something. She looks up at him and says, "let's go to breakfast."

"Good!" Xing liehan nods, which is exactly what he wants to do.

Tang Siyu went back to her room and changed her clothes. Although her mind was blank just now, now she feels that there are many things waiting for her to do. First of all, she needs to know what Qiu Lin did in the hospital that day.

Second, she still wanted to know what was the direct cause of her father's fainting.

In the cafeteria.

Xing liehan chooses a quiet place. He looks at Tang Siyu drinking porridge. He stirs his coffee and just stares at her quietly.

After Tang Siyu had drunk most of the bowl, she looked up at him, "how do you keep looking at me?"

"I have something to tell you after the porridge! Drink first! Xing liehan looks at her with a deep face.

Tang Siyu frowned and looked at his expression. She couldn't drink any more. She took a tissue and wiped her mouth and asked, "what's the matter?"

"Siyu, have you thought about the problems your father left behind? Have you thought about how to distribute the shares of Tang Group after he left? " Xing liehan put these practical problems in front of her.

Tang Siyu has been immersed in the grief of her father's leaving these days. She really hasn't thought about it.

"When my father was alive, he asked me about what I left behind. He said he would leave 50% of the company's equity to me! Among them, my mother once owned 30% of the company, plus 20% of his hands. " Tang Siyu thought of it immediately.

Xing liehan's eyes flashed brightly, squinting at her and saying, "this is what your father told you before he died?"

"Well! The day before I went abroad, my father told me alone. "

"Is he just speaking? Do you know what he left behind?" Xing liehan couldn't help searching.

Don Siyu thought about it and shook his head. "I don't know. He didn't mention it when he called my father several times later!"

When Xing liehan heard her saying that, he had a premonition that Tang Xiong would die before he had time to pay attention, or that his death was really related to Qiu Lin. because Tang Xiong gave Tang Siyu 50% of the shares, Qiu Lin would never agree.

Tang Siyu murmured to himself, "should I check with my father's lawyer?"

Xing liehan felt that there was such a need, and whether Tang Xiong had left his eyes on the world, which must be made clear. He nodded, "OK, after dinner, I'll go with you."

Tang Siyu nodded, "Hmm!"

After breakfast, Tang Siyu and Xing liehan went straight to a law firm serving Tang Group and found Chen Feng, Tang Xiong's private lawyer.

Chen Feng has been reminded by Qiu Lin for a long time. Behind Tang Siyu, there is a rich man like Xing liehan as the background. When he saw that Xing liehan accompanied Tang Siyu to come, his heart strings tightened.

"Hello, Miss Tang! I didn't expect you to come here in person. You should call in advance. I can provide door-to-door service. "

"Hello, Lawyer Chen. I'm here to ask you something." Tang Siyu is going to say it directly.

"Excuse me."

"Has my father ever paid attention to you?" Tang Siyu asked.

On one side, Xing lie's eyes are staring at Chen Feng's face. Chen Feng immediately nods and answers, "Li, Tang Zong has set up a left eye in my hand before he died!"

Tang Siyu was surprised. Didn't he expect that his father should be left behind?

Xing liehan is not so optimistic. At first glance, Chen Feng is a veteran of the legal profession. It's hard to see the intention behind his smiling face.

"May I see it?" Tang Siyu asked.

"Miss Tang, I'm sorry. I gave Mr. Tang's attention trust. It's only after he has finished his work. It's seven working days before his family members can see it. Besides, it can only be opened in the presence of all the legal successors of the Tang family." Tang Siyu looks back at Xing liehan and Chen Fengdao of Xing liehan Dynasty, "Lawyer Chen, I believe my assistant came to you one day ago. It's just that my lawyer team of Xing group still needs people. I wonder if you would like to give up Tang Group and work in Xing group? The treatment is absolutely generous. "

Tang Siyu is slightly stunned. What is Xing liehan doing?

Chen Feng immediately looked serious and said, "yes, your assistant did come to invite me in person. I'm sorry, Mr. Xing. I've been serving Tang Group for nearly ten years and I have feelings. I really can't leave at this time."

"Your contract is signed once a year! I can wait until your contract expires this year and then transfer to our company. " Xing liehan put his hands in his pockets and looked lazy with sincerity.

In fact, Chen Feng was really moved by the invitation of Xing group. It must be that the lawyers could not rob a huge partner. But he is under the control of Qiu Lin now, and he has Qiu Lin's handle. How dare he leave Tang Group?

Chen Feng's face was slightly shaken, but soon he still smiled and shook his head. "Thank you Mr. Xing for trusting me, but I really can't leave Tang's group. If there is a chance to cooperate in the future, I will certainly be willing to help you."

"That's a pity." Xing lie's smile at the corner of his mouth was a little unpredictable.

This made Chen Feng dare not look into his eyes, but pretended to collect the information.

Tang Siyu can't see now, so she has to leave first.

When he left the office hall of the law firm, Tang Siyu looked at the man around him curiously.
"Are you here to dig a lawyer?"

Xing liehan shook his head and smiled, "of course not, I am testing Chen Feng!"

Chapter 260

"Test him? Why try him? " Tang Siyu is confused.

Xing liehan also understood her business Xiaobai. He patted her on the shoulder. "I'll tell you in the car."

After getting on Xing liehan's car and the windows are closed, Xing liehan looks at Tang Siyu and waits for his answer.

"I doubt that in Chen Feng's attention, you have less than 50% of Tang's equity!" Xing liehan said directly.

Tang Siyu could not help breathing. "Why?"

"I don't think your father made any legacy before his death, but after his death. Qiu Lin and Chen Feng conspired to make it. If I'm right, you won't get a share of Tang Group!" Xing liehan had to give her a preventive injection to prepare her.

Tang Siyu's face is directly white. If his father left behind his attention, the Tang clan would fall into Qiu Lin's hands? Is the 30% equity that belongs to her mother to be robbed by her?

"Then I What else can I do now? " Tang Siyu clenched her fist. Of course, she didn't want to end up like this.

Xing liehan looks at her calmly, "don't worry, let's make plans after Chen Feng announces his attention! Chen Feng will hide his attention now. We can't get it except for him. "

"Is Qiu Lin trying to get Tang's company, so she murdered my father?" Tang Siyu said angrily.

"It's just one possibility."

So, as long as the cause of his father's death is solved, then everything will not be broken.

Don Siyu pleaded with him, "would you take me to the hospital now? I want to go to the hospital and investigate something more. "

"Shall I go with you?"

Tang Siyu shakes his head. His Xing image is too ostentatious. She just wants to ask something in a low-key way, "no! I'll go myself. "

"Good! I'll wait for you at the gate of the hospital. " Xing liehan nodded, still not sure about her.

The second municipal hospital, which is a first-class hospital of city a, has advanced and complete equipment.

After Tang Siyu walked into the hospital hall, she went directly to the cardiology floor. She didn't find Li De either. She smiled at the nurse on the front desk and asked, "Hello, Miss nurse, I'm here to get my aunt's checklist! Excuse me, where can I get it? "

"Oh! You are Miss Tang! I remember you. " The nurse remembered her.

Because Tang Siyu is very beautiful. Maybe the beautiful people will be unforgettable.

Tang Siyu nodded at once, "yes, I am."

"It's a pity about your father. Most patients like him can still be rescued!" Miss nurse said politely for Tang Xiong.

Tang Siyu's heartstrings also hurt. She continued to ask the nurse, "when can I get my aunt's inspection report?"

"Your aunt?"

"It's my stepmother. She asked me to come here to get the inspection report."

"Madame Tang! Did Mrs. Tang have an examination in our hospital? "

"She has! She's on this floor. Why don't you call for me! It's very urgent. She's depressed because of my father's death. I'm worried. " Tang Siyu said in a flurry.

The nurse immediately nodded, "OK, I'll call you and ask."

After that, the nurse called several inspection windows and asked Qiu Lin's name, but she didn't answer. Tang Siyu was surprised. Did Lao Xu get it wrong? He said that Qiu Lin came out of this floor that day!

What's more, she said to Lao Xu, is it a fake that she's doing an inspection here?

"Miss Tang, are you sure your aunt has been examined here? But we really can't find it. Besides, we can't find her hang up number in the computer. " The nurse did ask her.

"Am I wrong? But she came to check on the 7th. " Tang Siyu continued to ask.

The nurse couldn't help thinking about the seventh. She happened to be there that day. She immediately said, "I remember that your aunt did come that day, but she didn't do the examination. She came to see Dr. Lide."

"What? Why did she call Dr. Lide? " Tang Siyu's face was shocked. Qiu Lin had looked for Li De in advance that day?

"It seems that she has been in Dr. Li's Hospital for a long time. Moreover, she seems to have come not only that day, but also the other afternoon."

Tang Siyu's heart beat hard. On the day when his father fainted, Qiu Lin was in Li De's office?

"Do you remember that afternoon when my father came, my aunt was still in Dr. Li's office?"

"I really don't remember that day. My aunt didn't feel well that day. She left here several times. I don't know."

Tang Siyu smiled and said, "it's OK! My dad just passed away, and I was worried about my aunt's heart. "

"Don't worry! Even if she didn't register to take the medicine, there must be no problem! ""Then may I ask another question? How long did my aunt stay in the office of Li hospital that day? "

The nurse didn't think much about it. She thought about it carefully and said, "about 20 minutes! Before that time, it was even longer, because Dr. Li also informed us that he would not attend the clinic that afternoon. Maybe his patient is your aunt! "

Tang Siyu knew what she wanted to know. She thanked the nurse, "OK, thank you!"

"You're welcome." When the nurse finished, she could not help but look at her appearance, and secretly envied her. It was beautiful.

Tang Siyu is standing in the elevator. She holds her fist tightly. Why does Qiu Lin come to Li De so often? What's more, it's only 20 minutes to talk? What are they talking about? Is it about my father's illness?

And Li De is the doctor who gives his father full power to operate this time. Isn't it What are they conspiring against?

Li De's charitable face suddenly became terrible in her heart.

Tang Siyu's heart was dripping blood. When she returned to Xing liehan's car, her fists were still clenched and she shivered.

Xing liehan reached out to cover her fists. "What's the matter? What happened? "

Tang Siyu's eyes narrowed angrily. "I just heard that Qiu Lin has looked for Li De twice. Once before, they talked for a long time. When my father fainted, she should also be in Li De's office. If so, my father fainted, she should be at the scene. How can she be so cruel? Watching my dad die

Tang Siyu gnawed his teeth and swore, his tears rolling in his eyes.

Xing liehan looked at her with heartache. He patted her on the shoulder and said, "Qiu Lin is very ambitious. I think she can do it."
