Chapter 31 - Rich Dad

"His name is ..." It's called Xing something! " Tang Siyu squinted, she could not think of that man's full name.

"Xing what?" Su Xi blinked her eyes, her face full of curiosity.

Tang Siyu immediately curled her lips, "He seems to be the boss of the Xing Group, I don't know anything about Xing. In short, she's just a bastard, I don't want to mention him again."

The Giant Jia Ma in the business world was extremely familiar with Su Xi. Just by hearing about the Xing Group, she had already blurted out, "Is it Xing Liehan?"

Tang Siyu immediately turned her head to look at her strangely, "It seems to be him, how did you know?"

Su Xi was flabbergasted, she looked as if she had seen a ghost and exclaimed, "Oh god! Xiao Xi is actually Xing Liehan's child! Tang Siyu, the man that you slept with back then was Xing Liehan! "

Why was he not sad for her, but excited for her?

Tang Siyu's mood today was extremely terrible. She exhaled, "Don't mention this man's name to me.

"You actually don't know who he is? "But he ..." Su Xi really wanted to explain to her, because the woman that wanted to sleep with this man could go around the world once.

Maybe a few years ago, he was still the young master of Xing Family, but in the recent years, he was already at the top of the Wealth rankings and was as rich as a nation. Moreover, the market value of his company was incalculable, just GPD alone was already more than a few small countries, in short, he was someone that no one dared to offend.

But, before she could finish speaking, Tang Siyu had interrupted her, "I don't care who he is, in short, I don't want to see him again."

Su Xi naturally understood Tang Siyu's anger. Even if it was Xing Liehan, his actions five years ago were still considered very much a scoundrel.

"Alright, alright, I won't talk about him. I won't talk about him, so what do you plan to do? Will he fight with you for Xiao Xi?" Su Xi asked with incomparable concern.

"Xiao Xi grew up by my side. Can he snatch it away?" Tang Siyu was extremely confident in this point. If he was allowed to choose who his son would live with in the future, his son would of course choose her.

"That's right, even though Xiao Xi wants father, he definitely cannot leave you." Su Xi was very sure of this.

"Oh!" My dad bought me a house near the school, and I plan to go there tomorrow night to cook my first meal. "

Su Xi was happy for her. "Looks like your father really loves you."

"He also bought me a car."

"Then you can continue to be the young miss of the Tang Clan in peace. You don't have to work so hard to earn money anymore." Su Xi looked at her enviously.

Tang Siyu shook her head, "No, I won't give up my job. No matter what, I cannot rely on my father.

"Right, you are a good youth with ideals and ambitions, don't worry! I'll introduce you to a good job. " Su Xi smiled and hugged her, "In the future, I will be coming to your house to eat unrefined food everyday!"

"Anytime." Tang Siyu had been angry for an entire afternoon. She only had her best friend's time, to let her smile again.

Tang Siyu went to cook in the kitchen while Su Xi accompanied the little fellow back to his room. On the way, she casually probed the little fellow's thoughts about the role of father. It was so similar!

Chapter 32 - Confession to family

Sure enough, father and son were father and son. With such a powerful gene, maybe her godson would become the future heir to Xing Group!

Xing Family mansion.

At eight-thirty, Xing Liehan's slender body walked in from under the lights of the hallway. A young lady who was sitting on the sofa waiting for him had already rushed over with a bright smile on her face, "Big Brother, you're back."

Xing Liehan swept a glance at his little sister, and reached out to stroke her little head, "Mn! Have you finished your homework? "

"I finished it long ago." After saying that, Xing Yinuo moved closer to him, her slender hands on her lips as she promised him, "Big bro, I didn't tell mom anything about you!"

Xing Liehan's eyes revealed gratitude, he stared at his little sister and said softly, "Xiao Nuo, thank you for helping me find Xiao Xi."

Xing Yinuo was immediately overjoyed, her brother had actually praised her, her effort was not in vain, she asked curiously in her nervousness, "Big brother, you did not cause trouble for Xiao Xi's mother right? She's the one who gave birth to your son. You can't treat her badly! Otherwise, Xiao Xi would also be unhappy. "

Xing Liehan narrowed his eyes, thinking back to the girl who was like a little cat today, he snorted lightly, "I still need some time to settle the matter between her and myself."

Xing Yinuo immediately asked out of curiosity, "Then will you hurt her?"

Xing Liehan thought for a few seconds, "Not at the moment."

If this woman obediently allowed him to interact with his son in the future, he could let go of the matter of her secretly giving birth to his child. If she dared to obstruct him, it would be hard to say.

Xing Yinuo puffed her cheeks, feeling a little worried.

"Where's Mom and Dad!?"

"Mom and Dad are on the second floor watching TV." Xing Yinuo said, then saw her brother's figure walking towards the stairs, she immediately followed: "Brother, are you going to tell me the truth?"

"En!" Xing Liehan answered. He needed to tell his parents about this matter, at least let them know that he had a grandson in the world.

Xing Yinuo hurried to catch up, and then, she ran over to Xing Yifan's room first, and pulled the youngster who was currently reading out. This was a big matter of the family, and everyone must participate.

In the grand hall of the second floor, the Xing couple was currently watching the news. When Madam Xing saw that her eldest son had returned, he immediately asked in concern, "Lie Han, have you eaten dinner?"

"Yes." Xing Liehan sat next to his parents, looking like he was deep in thought.

At this time, Xing Yinuo pulled Xing Yifan and sat on the other side of the table. She propped her chin on her hand, looked at her parents, and said: "Dad, mom, brother has something to tell you!"

Xing Zhengting looked at his cute daughter and smiled, then turned to look at his eldest son. Usually, his son would return to his private villa, so he definitely had something to do at the Xing Residence tonight.

"What I want to talk about is a mistake I made when I was young." Xing Liehan calmly looked at his parents.

Madam Xing looked at his son, and her heart immediately tensed up. "Lie Han, what mistake have you made?"

Xing Yinuo looked at Xing Yifan, who was standing beside her, and revealed a smile that she could not hide. Ever since they had become sensible, their big brother had always been their role model. Excellent, perfect, high intelligence, high face.

Right now, it was rare for him to see his big brother make a mistake.

"Speak!" What have you done? " Jiang Lan urged anxiously, even her heart was panicking.

"Five years ago, I drank something wrong at a banquet and made a mistake." Xing Liehan looked at his sister-in-law who was listening to his conversation with relish, and didn't quite understand what she meant.

However, Xing Zhengting and his wife already understood, Jiang Lan quickly turned his head to look at the pair of fifteen years old children, and asked his eldest son: "And then?"

Chapter 33 - Loving This Little Kid

"Aiya, Big Brother, I'm getting anxious listening to all this. I say, Big Brother slept with a girl that night and then gave birth to a child." Xing Yinuo snatched the right to speak.

Xing Zhengting and his wife looked at their younger daughter in shock, and then, they turned to stare at their eldest son. "Is what Xiao Nuo said true? Do you really have a child outside? "

"Right, a son. He's already four years old, three months old." Xing Liehan admitted it in a deep voice. It was fine for his sister to say it for him, because this kind of thing was indeed not something he was good at.

Jiang Lan immediately covered her chest lightly, "Oh my god! How did you know about this today? "

"Mom, you must thank me. I was the one who found this child." Xing Yinuo laughed.

"Just what exactly happened, quickly tell us everything." Xing Zhengting looked at the three children anxiously.

Xing Yinuo immediately told her about how she was initially infatuated with Tang Yixi on television, and how she found out about his father through the television platform. Then, she hurriedly told her again about how he got her hair and DNA checked, which was really unbelievable for the two of them, not daring to believe that their little girl's action would actually help the Xing Family find a grandson who was exposed to the outside.

After Jiang Lan finished listening, her beautiful eyes were filled with reproach as she stared at her eldest son, "Lie Han, why are you so foolish as to do such a stupid thing?"

Then we shall have a good chat with that girl and see if she is willing to marry into our Xing Family with her child! Xing Zhengting said.

Xing Liehan's black pupils contracted slightly as he squinted, "Dad, what did you say?"

"Your dad is right, now that we have children, you should take responsibility for this young lady." Jiang Lan also didn't want her son to be an irresponsible person, especially in front of a pair of young siblings.

"This is impossible." Xing Liehan immediately rejected his offer with a look of disdain, and snorted: "I can use other methods to compensate her, but marrying her is impossible."

Xing Zhengting and his wife looked at each other. They were troubled by their eldest son's words.

Xing Yinuo, who had been silent, helped his big brother out. "Dad, mom, even if you guys forced big brother to marry that woman, since big brother made that mistake, she must have hated big brother for it. How could she marry big brother?"

These words made Xing Zhengting and his wife look at each other. They felt that their youngest son's words were reasonable.

That girl must have hated her son to death, and now she was wrong. If this girl wasn't greedy for money or power, she wouldn't have married her son.

"Dad, Mom, I'll show you your extremely cute and cute little grandsons. Dang, little friend Tang Yixi." Xing Yinuo brought over the last video of Tang Yixi's little friend searching for his father for his parents to enjoy.

When the two elders saw that the video had the same model child as their son, even without looking at the DNA verification report, they immediately confirmed that it was their Xing Family's child.

"Oh my god!" It's exactly the same as when we were young, Lie Han! " Jiang Lan was so excited that her eyes started to tear. Xing Zhengting was overjoyed as he stared at the confident and calm child on the screen.

Xing Liehan also stood up. With regards to his own son, he really didn't see enough.

Chapter 34 - Peeping at Grandsons

"My Young Nephew is the champion of this year's competition, his piano is even better than mine and Xing Yifan's. He's already level 6 when he's four, you can see how well his mother can teach her children."

"It must be a talented girl. If only I could marry her back." A beautiful and gentle girl directly appeared in Jiang Lan's mind.

It was a pity that her son had made such a mess of things. It would be strange if a girl looked at him again!

"Dad, mom, I know which school Xiao Xi is in, so you guys can take this opportunity to catch a glimpse of him from afar!" Xing Yinuo suggested.

"Alright, I'll go and take a look with your dad tomorrow."

"I will bring the child back to meet you in a few days." Xing Liehan opened his mouth confidently.

Xing Lan turned her head to glare at him. "You'd better think of a way to supplement the child's mother!"

"Brother, don't worry. I'll help you." Xing Yinuo felt that his brother was really pitiful!

Xing Liehan squinted his eyes, and said to his: "Alright! "But don't mess around."

Xing Zhengting and his wife had difficulty falling asleep that night. The surprise was too sudden, and too unexpected.

"I must go and take a look tomorrow morning, even from a distance." Jiang Lan excitedly said to his husband.

"Alright, go to sleep! I'll accompany you to see your grandson tomorrow. "

"I was still worrying that Lie Han would get married late and give birth late, we didn't have a grandson to hug, but now, my grandson is already so old, the heavens are truly blessing me." Jiang Lan couldn't sleep at all.

His long body was lazily donned in a black pajamas, revealing his firm and sexy chest. His long legs were straight and powerful, and under the dim light, he looked like a leopard who was napping, concealing a dangerous aura.

At this moment, his mind was filled with that little fellow's cute and handsome little face that resembled him, and his small voice that was like glutinous rice. He was calling out to his father directly. This kind of feeling made him feel extremely satisfied and excited.

However, he was even more upset that night. He had clearly asked his assistant to call her 'Miss'. Why was it not 'Miss' but a girl who had lost her way and ran into his room?

Could it be that she didn't have the vulgar scent that a young lady should have, but was instead emitting a faint scent, and he still vividly remembered how crazy that night had been.

In Su Xi's apartment, Tang Siyu was tossing and turning without being able to sleep, she would occasionally look at the face in her arms that was soundly asleep, and thinking about how, from today onwards, there would be a man that would fight with her, she felt extremely panicked. What if her son was taken away, what should she do?

Her son was someone more important than her life. She definitely wouldn't allow anyone to snatch him away.

Absolutely not.

So what if Xing Liehan had power and influence? She wasn't afraid at all.

Early morning.

On the way, Tang Siyu sent her son to school, and today, there were still many luxurious cars gathered at the entrance of the school. However, the luxurious Bentley was the first to arrive at a favorable position, and behind the window, Xing Yinuo sat on a Driver, pointing at Tang Yixi's parents and identifying his little friend behind him.

"Dad, Mom, here they are. Look, a handsome little bro." Xing Yinuo immediately found the little fellow in the crowd.

At the same time, it was her first time seeing Tang Yixi's mother. For such a handsome little fellow, his father's genes were important, and his mother's genes were equally important!

Chapter 35 - People Living Next Door

Jiang Lan and Xing Zhengting saw Tang Yixi to the door and at this moment, they looked at their grandson through the window. Jiang Lan was also pleased, her grandson's mother was just like what she thought, a girl that had talent and looks.

"Indeed, Xiao Xi's mother is very beautiful, but unfortunately, Lie Han did not have the chance to marry her." Jiang Lan consoled.

"Mom, don't be discouraged! Maybe Big Bro will chase after this beautiful big sister in the future. Big Bro is so handsome, and is also rich.

"I think this girl isn't like those girls who worship gold nowadays. She definitely wouldn't like your brother because of money and looks. Plus, she doesn't seem like someone who needs money." The more Jiang Lan said, the more disappointed he became.

At this time, Tang Siyu had also finished sending off the little guy. She was prepared to go back to her new home to see if she could buy something else.

Xing Zhengting sighed. This short period of looking at each other through the window was not enough to satisfy his grandfather's mood.

"Let's go back!" I can only wait for Lie Han to bring this little fellow back to my house next time. "

A black limousine pulled out.

In the morning, after Tang Siyu looked around his house, she wrote a few small items that she needed to prepare. As a girl, she must have more small decorations to decorate her house, in order to make it more warm and loving.

She went to the nearby streets to buy some trinkets. When she returned, she saw that the elevator had been occupied by the people who moved the furniture. She curiously waited.

When she got off the elevator, she found that the person who moved was the owner opposite her house. She could even hear the sound of decorating inside.

She curiously asked a decorator, "May I ask if this family will be refurbished?"

"Yes!" It seems that our guests have bought all the other suites in addition to your house.

"What?" Three houses connected? " Tang Siyu felt that it was strange, what kind of person was this free? Do you find it too much? With this kind of money, it would be

better to buy a large villa. This area was filled with semester rooms, who would be bored to open all three suites? Wouldn't it be a bit noisy if they thought of this?

It looked like she couldn't bring her son in with her. Otherwise, she would hear the sound of decorations everyday!

"Why did this owner have to open up so many rooms!" Lin Si Yu couldn't help but ask curiously.

"I'm not sure either."

Lin Si Yu was a bit annoyed. This meant that in the future, she and the other resident of this building would be the only two people on this floor? She was hoping it would be more lively! He hoped that the man living across the street was not a pervert.

Just then, she received a call from Su Xi, saying that she was looking for a job, so Tang Siyu immediately drove over.

It turned out that Su Xi's female singer had a friend that was preparing to hold a concert, her songs required a piano performance, and her previous pianist, because of some matters, couldn't participate in it, so he had recruited her, and Su Xi had introduced her.

When this female singer heard that the super young star was her son, even without taking any tests, she already planned to hire her. Tang Siyu had accepted the job, and his salary was not bad either.

At 4: 30 in the afternoon, Su Xi accompanied her and met up with the little guy for a big meal outside. At the dining table, Tang Siyu told her about the decorations at her new home, showing that she would not be able to move in for at least two weeks.

was overjoyed, this way, while she was resting at home, Tang Siyu would be able to take care of her three meals a day. Furthermore, she would not be bored, and the little guy had no objections.

Therefore, he tried his best not to think about his father.

Chapter 36 - New Home

"However, we can visit his new home tomorrow. After that, I will accompany Xiao Xi to my father's house for lunch, and in the afternoon, I will bring him to the museum to visit, then go to the ocean world the day after tomorrow."

"Alright, then you can only bring it. I still have a few more announcements to make tomorrow." Su Xi said somewhat regretfully.

Tang Siyu laughed, "Go back to your work! But don't be too tired either. As celebrities, your daily life is chaotic. "

"I know." Su Xi pursed her lips and smiled. Even though she had entered the entertainment circle, Su Xi was a very clean star. Of course, it was mainly because of her backers.

After dinner, the family went back happily.

Early morning.

The little guy was very happy to see the piano. Su Xi immediately made her play a tune, and then, facing this warm and loving suite, she immediately sat on the sofa and said, "I really want to move in with you!"

"I've prepared a room for you. When the time comes, you can come here to sleep anytime."

"Really! "Alright, I won't leave from here." Su Xi really liked the style of this suite. Adding to the scenes that Tang Siyu had spent some time and effort to set up, it was truly a suitable place for girls to stay.

Coming down from their new home, Tang Siyu drove a car and brought the little fellow back to Tang Mansion. He had already called Tang Xiong before.

Tang Mansion.

Qiu Lin was very clear about the matter of Tang Xiong buying a dorm room for Tang Siyu, and there was still that car, but, Qiu Lin's anger was buried deep in her heart, and had all of it calculated on Tang Siyu. She thought, it must be because Tang Siyu was poor right after she came back that she got her husband to buy her a house and a car.

Furthermore, there was no need to mention Tang Yiyi's hatred toward Tang Siyu. She felt that after Mu Fei bumped into her at home that day, her gentleness and consideration towards her had faded, as if Tang Siyu's figure was still lingering in his heart.

She spent five years, but still couldn't expel Tang Siyu from her heart. This kind of feeling made her feel as if something was stuck in her throat, and was extremely uncomfortable.

Tang Siyu prepared to leave after lunch. At the table, Qiu Lin knew that if her husband was going to buy it, she would buy it too. She might as well make a favor out of it. You've been living outside the entire time, so it's not good for you to stay at a friend's house. Can't afford to buy you a house? Hubby, don't you think so? Let's see if we can buy a suite for Siyu! "

Seeing his wife being so magnanimous, Tang Xiong immediately laughed, "I've already bought a set for Siyu near Xiao Xi's school."

"Oh!" Really? "It's good that you bought it. Siyu, look how nice your dad is to you. He's usually more filial." Qiu Lin smiled shamelessly.

Tang Siyu sneered in her heart. Qiu Lin already knew that his father bought her a room, and the faking of her fishy generosity was all for his father to see. However, she did not expose him.

Tang Yiyi glanced at Tang Siyu and spoke to his father, "Father, Mother, Mu Fei and I have already discussed this. We are going to get engaged at the end of this month."

"Yo!" That's good! Hurry up and book the engagement, then, marry next year's spring, how great is that! " Qiu Lin looked at her daughter with a doting expression.

Chapter 37 - He stalks his son

"Sis, when the time comes, you must come on time to attend our engagement ceremony!" Tang Yiyi invited Tang Siyu enthusiastically, as if she didn't remember at all that Tang Siyu was Mu Fei's former fiancée.

Tang Xiong's face immediately turned gloomy, and he looked at his daughter.

Tang Siyu squinted her eyes, and said indifferently, "I might not have time, so I won't go over."

"Is there anything more important than Yi Yi's engagement ceremony?" Qiu Lin said in displeasure.

The little fellow at the side had long known that Mummy and this mother had a grudge, so he immediately spoke up, "Mummy, I'm going to painting class that day, why don't you accompany me!"

"Hm!" Good! Mummy will accompany you. " Surprised by her son's understanding, Tang Siyu actually helped her.

"Your son's painting is more important than my engagement ceremony? Do you still take me for a sister? " Tang Yiyi put down her chopsticks a little angrily. She wanted to see Tang Siyu go over, because if she saw the scene of her being engaged to Mu Fei, she would definitely be angered to death.

Tang Siyu immediately raised her brows, "That's right, my son's matter is more important than anything else."

Tang Xiong also felt that the atmosphere on the table was not right, he immediately tried to smooth things over, "Alright, alright, alright, let's not talk about it anymore. If Siyu doesn't go, you all know the reason, and if Xiao Xi wants to draw, then Siyu won't go!"

"You don't dare to go!" Tang Yiyi did not want to end this topic like this, she wanted to urge Tang Siyu to go over.

"Why wouldn't I dare to go? "I'm afraid that if I go, you will become a joke. You must have picked up something that I don't want, so there's nothing to be proud of." Tang Siyu sneered.

"You ..." Tang Yiyi was so angry that her face turned red, and Mu Fei actually became a second-hand goods?

"Siyu, what are you saying!? Is it appropriate for you to describe Mu Fei like this? Mu Fei likes Yi Yi, you don't have to be that jealous right! " Qiu Lin was also very angry.

Tang Siyu swept his gaze across the mother and daughter pair, "This is the truth."

"Alright, Siyu, stop talking. Mu Fei will be our family from now on. It's best if you don't get too stiff since you can't see us at all." Tang Xiong lectured her.

Tang Siyu immediately kept quiet and fed some food to her son.

And when Qiu Lin and Tang Yiyi looked at each other, the resentment in their eyes was extremely obvious. They did not expect that after five years, Tang Siyu had actually become so ignorant.

Who is Mu Fei? Right now, the Mu Clan was the newest upstart in the business world, and Mu Fei was the dream of many women. Excellent, capable, handsome, rich, they were definitely the best choice for his husband.

After Tang Siyu finished eating, she spoke to her father before bringing her son out. She drove straight to the museum, but what she did not know was that ever since she came out from Tang Mansion, her car had been followed by a black car. Inside the car were two bodyguards who kept track of her car while reporting to the other end of the phone.

When Tang Siyu's car drove into the museum, the bodyguard reported it back in time.

"Boss, Miss Tang is bringing Young Master around to visit the museum."

"Follow them. I'll be right there." At that moment, a deep, magnetic male voice was commanding them.

The bodyguard immediately did not dare delay, and parked the car beside Tang Siyu. Tang Siyu picked up the little fellow's cup of water, and went to the window to buy a ticket to enter.

She didn't realize that the two men behind her were following them as if they were separated from each other, firmly grasping their whereabouts.

Chapter 38 - He's Here

The museum was very big, and it might not even be complete after a afternoon stroll. However, Tang Siyu slowly brought her son around for a look, and was not in a hurry either.

Twenty minutes later, a black Maybach sports car was parked in the parking lot. The man who stepped out of the car was noble, elegant and filled with an imposing and inviolable aura.

This man was Xing Liehan, he was paying attention to the mother and son duo's situation at all times, and with such an opportunity, how could he let go of being together with his son?

After confirming the mother and child's location, Xing Liehan stepped forward with his long legs and looked for them leisurely.

At this moment, Tang Siyu was showing his son around the dinosaur museum. Inside, he saw a giant dinosaur fossil, which stunned the little guy, and she let out a wow. The floor was made of glass, and under the glass, he could see a nest of dinosaur fossil eggs, as well as a pile of stones, reverting back to how they used to be when the dinosaurs were alive. The little guy looked at him with his big eyes, and when she looked, she saw a man appear at the entrance.

Tang Siyu was admiring the little dinosaurs by the side, but when she suddenly heard her son's call, she immediately turned her head in alarm. As expected, A man walked over and hugged her son into her embrace and kissed him a few times.

"Yes." The little guy hugged his father's neck and laughed very happily.

Xing Liehan's gaze swept past his son and fell upon the woman whose face was obviously unsightly. He acted as if he did not see her, and put the little fellow down, and then held his hand. "Father will be accompanying you to the museum."

"Great!" Daddy, how did you find us! " The little fellow asked curiously.

"Daddy has his ways." Xing Liehan did not plan to tell him the truth.

Tang Siyu was very clear, was this man actually sending someone to secretly follow her? She angrily put her hands on her waist and glared at the man as he walked over. She angrily warned him, "Tell your men to stay away from us, mother and son."

"Is there a problem with me accompanying my son?" Xing Liehan raised her sword-like eyebrows as her voice turned slightly cold.

"Daddy, Mummy, can you not quarrel! Shall we see the dinosaurs? I love it here! I want Mummy to accompany me, and I also want Father to accompany me. " The little guy immediately tried to smooth things over for his parents.

After saying that, the little guy saw that there was also a child's machine on the side. He was lured over, leaving behind a man and a woman who glared at him angrily.

"I hope you understand that in the time I spend with my son, you'd better not have any objections. Otherwise, I don't mind snatching my son away." Xing Liehan growled in warning, but only Tang Siyu heard it.

Tang Siyu was not afraid of him, she snorted and said, "You can steal it from me."

Xing Liehan's handsome face sunk, this woman actually didn't take his warning seriously? Of course, he couldn't lose his dignity. "Try it."

Tang Siyu crossed her arms, "Then I'll see."

With that, she walked in the direction of her son, leaving behind the man with a gloomy expression.

Xing Liehan's existence had firmly caught the attention of the girls around him. When he stood there, he was like a powerful magnet, causing the woman's heart to beat wildly.

Except Tang Siyu.

The little guy was fiddling with a eyeglass, inside it could be seen a small picture of him being scared, he excitedly said to Tang Siyu beside him, "Mummy, quickly look, there are a lot of dinosaurs!"

Chapter 39 - Don't touch

Tang Siyu also planned to ignore the existence of this man and wholeheartedly accompany her son to play. Undoubtedly, her final goal would be to happily accompany her son through this afternoon.

No matter how much of an eyesore this man was, he was not qualified to ruin this beautiful afternoon.

Tang Siyu immediately took his son's eyeglasses, and looked at the clear picture inside, she was very interested, too. By her side, Xing Liehan watched as his son walked to the side and took a step, in front of the intelligent machine that could move a dinosaur on the screen, his little feet started running on the spot.

The dinosaur in the video also began to run. As he slowed down, so did the dinosaur.

Tang Siyu looked at her son's happy expression and her mood improved. She picked up her phone to take a picture of her son, while Xing Liehan looked at his son. From time to time, his gaze turned towards this woman.

After finishing his stroll in the Dinosaur Library, immediately after, he arrived at a forest pavilion, where there was a strange sight of the forest, the lighting had become dim, and Saturday was the peak hour of the human traffic, upon entering the pavilion, Tang Siyu held onto the little guy's hand, not allowing him to run around, it would be bad if he ran away.

Xing Liehan was also paying attention to his son, so he followed right behind Tang Siyu. In front of him suddenly rushed a fat little rascal, he and another companion were chasing and fighting each other, and bumped into a few people, causing Tang Siyu to be hit by his fat body very unceremoniously. She was forced to retreat a little, but suddenly, she felt a strong arm wrapped around her waist.

Tang Siyu immediately sensed who it was and she turned her head around a little angrily: "Don't touch me carelessly."

Xing Liehan's handsome face immediately became more sinister, "Who wants to touch you?"

If he didn't help her, she would fall. He didn't want her son to fall too.

The little guy Tang Yixi at the side secretly shook his little head. No wonder the Mummy didn't like him looking for his father! It turned out that Mummy and Father had quarreled the moment they met.

Sigh! He really didn't know how they could possibly have given birth to him together in the past. The little fellow didn't have enough knowledge now, so he was puzzled as well.

Following that, Tang Siyu was extremely careful not to get hit by others, she did not want to be taken advantage of by the man behind her.

The little guy was in high spirits. Although Tang Siyu was a little tired, he was also walking resolutely with the little guy, who was also feeding him water and wiping his sweat, and with Xing Liehan's vast knowledge, the little guy didn't understand. He would patiently tell him and explain everything to him, and at this moment, Tang Siyu stood at the side.

Finally, he finished swimming. Tang Siyu looked at the time, it was five thirty, and the time to close up.

Walking to the car park, Tang Siyu said to the little fellow, "Xiao Xi, it's time for us to go back."

"Mummy, can we have a meal together with Father? Daddy just said that he wanted to invite me to dinner. " Tang Yixi wanted to bring his father's Mummy to eat together with him.

How could Tang Siyu have the heart to accompany this man to eat at this moment? Even if her son begged her, she would not be willing.

"No, you still have to go back to sleep early tonight. will take you to eat something." Tang Siyu didn't want his son to get too close with this man. What if his son transferred his feelings for her to this man, and when his son could make a decision in the future, he would choose to live with him?

Chapter 40 - Obscene Person

Therefore, she had to minimize the amount of time the man spent with her son.

"Oh!" "Alright then!" Tang Yixi turned his head to look at his father, who was beside him, but still waved his hand happily. "Daddy, then we'll meet again next time!"

"Alright, I believe we will meet again soon." Xing Liehan was not in a hurry, because he spent a lot of time with his son.

"Goodbye, Daddy." The little guy waved his hand, and Xing Liehan stood in place without moving. The golden light of the setting sun shone on his body, and the man in a dark shirt was as handsome as a god, it was astonishing.

Tang Siyu brought the little fellow into the car and let him sit in the safe seat, she drove directly past Xing Liehan.

Xing Liehan saw the little guy waving at him through the window, and his gaze also inadvertently swept past the woman who was driving.

Xing Liehan heaved a sigh of relief, and stepped into his car.

Tang Siyu drove while carefully looking at the cars behind her. She had to be on guard against Xing Liehan's subordinates following them.

The little guy wanted to eat the De Chicken, so Tang Siyu took him to eat it. After eating, she returned to her new home to watch some cartoons and Tang Siyu started to

familiarize herself with the tracks. She planned to go to her new home to practice after sending her son to school on Monday.

A little later, Su Xi walked in tiredly. With her makeup on, her pure face had become quite a bit sexier.

Su Xi did not like the feeling of makeup, so she immediately went into the bathroom to take a bath. Her pure and clean face made her look even more beautiful.

"Did you have fun with Xiao Xi today?" Su Xi took a bottle of milk from the fridge and handed it over to Tang Siyu who was looking at the list on the sofa.

Tang Siyu took it and drank it, then sighed and said, "Don't mention it, Xiao Xi and I had a good time, but there's someone who is bad to the eye."

"An eyesore? "Who is it!?" Su Xi looked at her curiously.

"That bastard." Tang Siyu unceremoniously gave Xing Liehan this title.

Su Xi immediately opened her eyes wide, "Xing Liehan also went? "Did you make an appointment?"

"Who arranged an appointment with him? He sent someone to follow us and then ran over here on his own. It's so annoying." Tang Siyu had a look of disdain on her face. When she thought about this man's disdainful tone and her current aloof attitude five years ago, she felt that it was because of him that she detested him.

Su Xi then burst out laughing, "This shows that you have some sort of destiny!"

Who wants to be fated with him! It would be best if he disappeared beside Xiao Xi and I. I m just happy! " Tang Siyu was so angry that he sucked the milk pipe angrily.

Su Xi sat beside her with her legs crossed and her chestnut colored curly hair hanging down to her chest. Siyu, do you really not know how charming Xing Liehan is? "All the female celebrities in the industry that I know see him are like wolves that have starved for eight hundred years. They want to pounce on him and climb onto him."

After Tang Siyu heard this, goosebumps rose all over her body, she turned to look at her good friend, "It can't be that you are the same, right?!"

Su Xi almost spat out milk as she stared at Tang Siyu, "What are you doing!? How could I be interested in him? I don't like this kind of cold and heartless man. I like warm men! I wouldn't dare to offend a man like him even if she were to gift it to me! Furthermore, he's Xiao Xi's father now, and is also the man you used to be.
