

## U. CEO Daddy 351

### Chapter 351

Three days later, Tang Group, a general meeting of shareholders began at 10 noon.

At 9:30, a black ten million class car stopped at the front door of Tang's group. The security guard was ready to open the door. The security guard in the driver's seat immediately stopped the security guard. He reached out and opened the back door.

A pair of slender legs stepped down and a young woman in a dark gray suit appeared in the public's eyes.

Tang Group, has long been in the internal news, the former Miss Tang Group, will become one of the shareholders of the company.

In the past few months when Qiu Lin was in charge of the company, she has rectified it, expelled many old employees and injected new blood into it. Naturally, these blood are all new subordinates she dug from other places.

There are also many employees who have not seen Tang Siyu. At this moment, Tang Siyu is escorted by two bodyguards when he steps into the company hall.

The staff all slightly stared at the young girl who was walking calmly with a cool breath all over her body. They all exclaimed that she would really give birth!

The eldest lady of Tang Group has not only a good temperament, but also an amazing beauty.

Today is Tang Siyu's first day at a meeting of Tang's group. She knows that Qiu Lin will have many kinds of interference in her share taking this time. Sure enough, she has fixed the shareholders' articles of agreement to death. Tang Siyu's shares, in addition to her own right to exercise the decision-making power, must not be handed over to others.

Except for Tang Siyu, all the people around her shall not interfere with any decision of the company. Once discovered, all the shares of Tang Siyu will be cancelled.

This is to prevent xingliehan! Tang Siyu must be a person who has never been involved in the company. Qiu Lin was right about her, so she was not afraid to enter the board of directors according to the arrangement.

As Qiu Lin is the highest executor, these rules and regulations only need her signature to take effect immediately.

In the meeting hall of Nuo University, Qiu Lin is sitting at the head of the board in a suit, and Tang Yiyi is beside her. Next, there are ten shareholders of Tang group around her. Tang Siyu is next to Tang Yiyi, the second largest shareholder.

Tang Siyu's appearance really irritated Tang Yiyi's face. Qiu Lin looked peaceful and smiled at her. "Siyu, come on, sit down! Today I mainly introduce you to you. "

"Hello, my name is Tang Siyu. My father, Tang Xiong, once belonged to Tang Group. I'm sure you will not be strange to me. In the future, we will manage this company and grasp its future together." Tang Siyu stands up, his voice is loud.

Everyone can feel a lot of pressure from her voice, and it's hard to belittle her youth and her present identity.

Qiu Lin's face was slightly stiff, but she clapped first.

"Well said, Siyu is the second largest shareholder of our company. In the future, we have a lot of things that need her opinions. I believe she will be our good partner."

"Mr. Qiu, I would like to apply to work in the company, not only as a shareholder." Tang Siyu faces Qiu Lin directly.

Qiu Lin knew that she would make such a request, and she immediately refused with a smile, "Siyu, what kind of management do you want to join if you are a good shareholder? You must be good at the piano industry! "

There was also a sense of ridicule in what she said.

"Because I don't know the company, I need to have a deep understanding of the company. I've invested 30% of the equity in it. If I don't participate in the management of the company, I feel uneasy."

Qiu Lin's face changed a little. She couldn't keep her calm. She had to say in a strong voice, "Siyu, I can't promise this. I have to say that the company is not a place for playing. If you are free, you can find other things to do. The company is not a place for you to leave."

Tang Siyu sneered, "as a shareholder, I can't even get into the management? What if I had to get involved in the management of the company? "

"You..." Qiu Lin was a little angry.

The shareholders on one side were all frightened. Unexpectedly, when Tang Siyu appeared, he was openly against Qiu Lin.

Tang Yiyi is also furious. "Hey, Tang Siyu, don't push your luck. Don't go too far."

"It's my request. I want a position at least as general manager." Tang Siyu calmed down. She didn't want Qiu Lin to control the whole company.

Qiu Lin looks at her with a bad face. "It's up to the shareholders to decide this. I'll tell you whether it's up to me alone."

"no, I has the final say." Tang Siyu glanced at the shareholders present. Which one is not Qiu Lin's?

"Next Monday, please ask Mr. Qiu to give me a place according to the schedule. If you don't have time to do so, then I will automatically dismiss a management person, and I will do it myself." After that, Tang Siyu got up and asked all the shareholders, "I have something to leave first."

"You..." Qiu Lin stared angrily at her figure leaving the table.

She never thought that Tang Siyu would be so strong, which was really a change with Tang Siyu she had known before. Tang Siyu returns to the car under the escort of the bodyguard. There is a flash of resentment in Tang Siyu's eyes. In the future, she will never make Qiu Lin feel better.

In the office.

Qiu Lin's face was livid just when she entered the door. She went to her place and beat the table fiercely. "Tang Siyu is so cruel that she would dare to fight me."

"Mom, what do you do? Does that make her so arrogant?" Tang Yiyi grits her teeth angrily. She is also very angry now. Tang Siyu doesn't pay attention to their mother and daughter at all.

"What's Tang Siyu's idea? I'm very clear. She wants to take over my company. She wants to bully me." Qiu Lin clenched her fist. "Hum! I have to transfer assets as soon as possible to make the company lose money. I want Tang Siyu's equity to evaporate. "

Tang Siyu's car also drove to Xing liehan's company. She just entered the office.

Xing liehan pulled out of his meeting. He immediately came to her worried, supported her shoulder, and looked at her expression. "Are you scared?"

Tang Siyu chuckled. "You look down on me, how can I be scared? I told Qiu Lin that I want to enter the management. She is very exclusive. "

"In fact, I don't want you to do this either. It's too dangerous for you to do so. I don't trust you to work in Tang Group." Xing liehan tightens his brow.

"I'm willing to take risks, as long as I get my father's company back and let me do anything." Tang Siyu is biting her lips. Most importantly, she has to find out the cause of her father's death from Qiu Lin's hands.

Chapter 352

Xing liehan knows that her father's hatred can only be eliminated if Qiu Lin confesses to her guilt. Otherwise, the injury will follow her forever. If it can't be eliminated, she can't really restore her former happiness.

He really hoped that Tang Siyu, as he had just known, would lead a quiet and carefree life with her son, without any worries or pain.

But now, all of this, it takes time, it takes time for the person who hurt her to plead guilty.

If she wants to use her way to revenge, then he will do everything he can to help her and let her successfully accomplish what she wants to do.

"Well, I'll arrange for you the best assistant around me and the bodyguard to protect you. I'll be your most solid support. No matter what happens, I'll carry it with you." Xing liehan looked into her eyes and said firmly.

Tang Siyu's heart swelled with warmth. From beginning to end, no matter what she did, he would stand firmly beside her, protect her and rely on her.

"Liehan, when I get the company back, I will marry you! Would you like to wait for me? " Tang Siyu also asked firmly.

"Wait, why not? You can wait forever. " Xing lie's voice was hoarse and low.

Of course, Tang Siyu doesn't want him to wait for a lifetime. She will try her best to get the company back at the first time, and then give him the rest of her life.

Xing liehan gently hugs her into her arms and brands a kiss on her forehead. "I'll wait for the day when you put on your wedding dress and marry me."

"Well! I hope that day will come soon. " Tang Siyu rest on his chest and close his eyes and lips to smile.

Suzhai.

Sushi began to worry about how wenlichen would move his father and let him accept him. It was difficult for her to understand that.

Now, sushi can't talk about the entertainment industry in front of his father. When he talks about it, he will only cause his father's antipathy. It's like the entertainment industry has become a dirty place. His father doesn't want to know about it at all.

However, Sushi is not doing the right thing with her father recently. She gets up early and goes to bed early. In the morning, she will accompany her father to do morning exercises, tease birds, water flowers and spray water. She looks like a perfect good daughter.

After her continuous performance for several days, Su Boyan has indeed changed a lot to her. Looking at her, he no longer has a stiff face. At the bottom of his eyes, there is still a kind of affection as a father.

As long as we don't talk about the entertainment industry or her work, Su Boyan also likes her very much. He is also his daughter.

"Look how good your daughter has been lately!" Li Qian also helps to talk.

"If only she had been so good all the time, I'm afraid she would have acted like that." Su Boyan still didn't believe her.

Sushi came over with some grievances. "Dad, what else do you want me to do! I don't work anymore, so I'll stay at home with you. Don't you think I'm useless? "

"Don't worry. I've already applied for the exam for you. You can try to test for civil servants! As long as I pass the exam, I will find some relationship to give you a suitable position in line. "

Sushi immediately opened his eyes and shook his head. "I can't pass the exam. I'm afraid of the man at the end of the crane. I won't lose face to you, Dad."

Su Boyan was so angry that he stared, "I haven't passed the exam, how can you fail?"

"Dad, I really can't be in a crowded place, otherwise, there will be riots." Susie had to say it another way.

Su Boyan didn't believe it. He snorted, "I don't believe you are famous to this extent."

"Dad, you don't believe it? Well, I'll go shopping with you and your mother in a moment, so that you can see the fame of your daughter. " Suzy asked with a smile.

"You're kidding, too." Li Qian laughs at her, too.

"Mom and Dad, I'll buy you new clothes!" Susie laughed.

"Well, buy your father one! He doesn't have any good clothes. " Li Qian also wants to go.

Su Boyan usually doesn't have time to go shopping. Even Li Qian selects clothes for him. At this moment, he is also at leisure, so he nodded, "then go for a walk! I haven't been shopping with you for a long time. "

So, at 2:30 in the afternoon, sushi was wearing a mask to accompany her parents to go out. Su Boyan didn't like her very much.

"Come out of the door, what mask do you wear? Do you have no face to see anyone? "

Susie took off the mask. "Dad, are you sure you don't want me to put it on?"

"The people of my su family are not so ugly that they can't see others. Why should they cover up?" Su Boyan snorted.

Sushi had to put on her mask. She is also a pure face today. She has only applied a layer of isolation and sunscreen, but her facial features are good, delicate and three-dimensional, which is very recognizable.

Susie could not help worrying.

At the gate of the shopping mall, sushi got out of the car with her mother in her hand. Su Boyan was walking in front of her. Sushi always covered her face with long hair, because she felt that there were young passers-by staring at her.

Just arrived at the gate of the shopping mall, where there are activities. The guests on the third floor and the third floor are around to watch some activities.

Sushi looked down at the road, but could not help colliding with some young girls. She was shocked, looked up, and several girls in front of her were surprised."Sushi..."

"My God! It's really sushi... "

"I'm not Susie. You must have mistaken me." Susie hurriedly covered her face and didn't want to be recognized.

"You are sushi, you are sushi My God? My goddess! " Several girls' voices were loud again, one of them was very loud, excited and excited.

Her voice attracted passers-by who were watching the performance. They immediately brushed together and stared at this side with hundreds of pairs of eyes. Sushi stood in the crowd. Even though she wore a low-key simple coat and jeans, the star temperament she exuded still couldn't be concealed.

Su Xi felt a sense of foreboding. Su Boyan and Li Qian were surprised that their daughter was recognized. In an instant, Su Xi saw a group of passers-by coming here. She hurriedly said to her parents, "Dad, Dad, I can't stay here. I'll go first."

Just then, I heard a group of fanatical fans come around, "sushi It's really Susie! My God? How beautiful! "

"Susie, I love you!"

"Susie, I'm your iron powder."

"Susie, can you sign for me?"

Su Xi was immediately surrounded by people. Su Boyan and Li Qian were immediately pushed aside. Su Boyan was worried and worried more because their daughter was surrounded by people.

Sushton felt that her head was flickering constantly. A pile of mobile phones blocked her light. Everyone wanted to take a picture of the nearest idol with their mobile phones. Sushton was shrouded in a smothering air. She was very sad.

"Xi Xi Xixi..... " Li Qian screamed outside the crowd.

Su Boyan wants to squeeze in and pull his daughter out, but he is surrounded by younger fans who are more excited to squeeze in. The power of star chasing cannot be underestimated.

Suzy was surrounded like this, and without bodyguards and assistants, it was not good.

Chapter 353

Sushi is in the crowd, like a helpless flower for the people around to watch. Moreover, she obviously feels that some of these fans are more than just taking photos. Sushi feels that someone reaches for her arm and feels it on her waist.

Suzy really dislikes such fans, especially male fans.

"Excuse me, excuse me, will you? I'm leaving. " Susie maintained a semblance of politeness. She wanted to crowd out.

Sushi felt that it was very difficult to breathe. She actually had some intensive phobia. At the moment, the people who were constantly coming here, layer by layer, each of them used their strength to push forward, and sushi, who was in the center, was more dangerous.

Su Boyan and Li Qian are on the side, and they can't squeeze in. They are not young. How can they compare with these young people? Li Qian is already in a hurry to chop her feet. She pushes Su Boyan and says, "go to save Xi Xi! She's surrounded. "

Su Boyan didn't believe in the power of stars before. Now, when it happened to his daughter, he found that it was a terrible force. Of course, he was in a hurry! The crowd's crowding power, in case of stampede! What if my daughter is in danger? What do you meet with a sex wolf?

Isn't that dangerous?

Su Boyan immediately looked left and right. At last, she saw several security guards in the shopping mall nearby. He ran to them and said, "Mr. security guard, please help my daughter. She's surrounded."

"Your daughter is a star!" A security guard looked at him enviously.

"Don't worry about my daughter. Go and save her quickly. If you don't save her, she will be in danger. You should be responsible for this mall." Su Boyan had to use it together with intimidation.

When the security guard saw the crowd's posture, something really happened. He quickly pulled out the people to find sushi from the crowd.

Sushi's chest is getting more and more stuffy, and her fans' faces are shaking in front of her. She has a feeling of fainting. Now, sushi is in the middle, and there is a tense wave of people around. As long as anyone pushes it with some strength, all the people will fall down.

At this time, a few fans just got off the bus and heard someone shouting, "sushi, sushi..."

Listen to sushi in this, which fans do not want to go close to idols, so several girls immediately forced to squeeze past.

All of the girls who were still in tension immediately rushed forward, one by one, one by one, as if they were dominoes. Finally, the last few fans who were close to sushi wanted to protect their idols when they felt the danger, but their strength was very small at this moment!

Failed to protect sushi from being crushed, but her own strength rushed forward. Sushi was overwhelmed by several female fans. No one saw Sushi's back head thumping on the floor when the crowd screamed.

Seeing the flow of people falling, Su Boyan was shocked to push away the scattered fans and walked to the front with several security guards. Li Qian was scared to death. She saw Su Xi fall in the crowd and several fans were struggling to get up, but Su Xi's eyes were closed, as if she had fainted.

"Xi Xi, Xi Xi..." Li Qian is going to cry.

Su Boyan quickly picked up his daughter. Behind Sushi's brain, a few drops of blood were dazzling.

"Take it to the hospital, old su. Take your daughter to the hospital!" Li Qian is going crazy.

Su Boyan runs to the parking lot nearby with Su Xi in his arms. Li Qian takes Su Xi to the back. Su Boyan drives to the nearby hospital. This accident has been broadcast on the Internet for a long time.

In the office of Tianmu group, Wen lichen is greeting several foreign directors. At this time, his assistant Wang Rui doesn't even knock at the door, and rushes in without politeness. He takes the iPad and says to Wen lichen, "boss, look at this. Miss sushi has an accident."

Wen lichen immediately took over the iPad he sent, and saw that there was a video circulating. Suxi was crowded in a group of fans. She tried to keep smiling, but everyone knew that she was not breathing well, her face was pale, and it was very difficult to deal with the scene.

"Where was this taken?" Wen lichen got up in a hurry, and Junyan was extremely brave.

How terrible the power of fans is. Susie is squeezed in the middle, without bodyguards and assistants. It's a very dangerous thing.

"It's at the gate of Baile mall."

At this time, Wang Rui immediately answered the phone. He asked the person over there urgently, "are you sure?"

"Good!"

After that, Wang Rui hung up the phone and said to Wen lichen, "Wen Shao, Su Xi was pushed down by the crowd, her head was injured and she was sent to the hospital. Now a large number of fans are going to see her."

"Which hospital."

"The second municipal people's hospital."

Wen lichen's steps went out wildly. His handsome face was all anxious, worried and uneasy. He said to Wang Rui, "call all my bodyguards to the hospital. Don't let those fans get close to sushi." In almost a few seconds, his car rushed out of 100 meters and went straight to the hospital.

In the hospital, Suxi is still in a coma. The doctor bandaged her head. Fortunately, the wound was not serious, but it can't be said that it's not serious. It must be said that Suxi is in a coma. We need to see if there's a concussion or something.

At the door, Su Boyan and Li Qian are waiting for the result.

"I've told you that my daughter can't go out shopping. She's wearing a good mask. You need to let her take it down. Is that ok?"

"I How could I know she was so famous? I thought she was just making some TV series, just a little actor. " Su Boyan now most distressed, or Suxi, also regret, self blame.

But all of these are useless, and sorrow and fear have been brewed.

At this time, a nurse rushed over, "no, there are many fans in the hospital, holding flowers to visit sushi."

"My daughter is still dizzy. What else do they have to do?" Su Boyan shouted angrily, which made the little nurse speechless for several seconds.

Wenlichen and his bodyguards arrived almost at the same time. Under two black cross-country vehicles, they stepped down eight bodyguards in black suits. Each of them was strong and tall, and striding forward to the hospital with wenlichen.

In the hall, a group of fans, holding flowers, are waiting for Sushi's ward information, ready to send flowers to visit.

When I saw a tall and fierce figure step in, followed by a uniform bodyguard behind me, all the fans were scared, and when I saw the face of the person clearly, they all took a breath of cold air.

Su Xi's boyfriend, the boss of Tianmu group, Wen lichen, appeared in the hospital!

Chapter 354

Wenlichen came up with a gloomy face. He looked for the nurse who had been keeping her mouth shut. "Which ward is sushi in?"

The nurse never dared to let the fans make trouble. At this moment, when she saw this man, she seemed to have a kind of inexplicable authority, which made her come directly out of her mouth, "sushi is in room 406."

Fans all heard it, but they didn't dare to move. When Wen lichen went upstairs, the bodyguards all followed. All fans were afraid of the man.

Sushi's case exploded on the Internet, but soon, someone disposed of the videos, and even the software of private forwarding banned any video transmission of sushi.

Suxi just woke up, still a little surprised, a long hair some messy bundle in the back of her head, ears of several strands of black hair outline her white face, more and more weak and pitiful.

"Heathy, there's no big problem," said the doctor, and he made a small wound Li Qian comforts Su Boyan. He wants to comfort him, but he doesn't know what to say. He has a responsibility that can't be pushed away.

Sushi looked up to her father and smiled, "Dad! I'm fine! "

At this time, the door of the ward suddenly opened from the outside. Sushi was shocked. She thought that the fans were coming again. What she knew was a tall and familiar figure. Her eyes were flustered and disappeared in a moment. Instead, she was relieved.

He came as if everything was safe.

Wen lichen looked at the girl in bed. Thinking of the picture he saw in the video, his heart string was about to break. He had to make sure she was OK immediately.

Li Qian is pouring water for Su Xi. There is no one beside Su Xi's bed. Wen lichen calls out in a low and urgent voice, "Xi Xi! Are you all right! "

After that, he sat on the edge of the bed. Before sushi could react, he took him into his arms and examined him carefully. Sushi half nestled in his arms. Then, she thought of something, blushed and said timidly, "I'm ok!"

Wen lichen naturally stroked her forehead and probed the temperature. Su Xi's eyes winked at him.

Behind him, an unpleasant cough sounded, "cough..."

Wen lichen immediately realized something. He looked back and saw a couple behind him. He stood up calmly and said hello politely to the two people, "Hello, uncle and aunt."

"You're here, heathy just freaked out." Li Qian looks at Wen lichen with a gentle smile in her eyes.

"I'm late." Wenlichen was very self reproachful. When Susie went out, he had to arrange for her.

Su Boyan looked at the young man who was one and a half years taller than him. As for his appearance, he really had no choice. Just now, he saw that his anxiety about his daughter was not like a fake. It was his identity that made Su Boyan always feel uneasy about giving his daughter to such a man.

"Dad, his name is Wen lichen. He's the boss of my company." Suzy said that in front of her father, she was afraid to introduce him as a boyfriend.

Wen added with a smile, "at the same time, I'm Sue's boyfriend."

Li Qian's eyes are full of satisfaction. She pushes her husband, "someone Xiaochen is talking to you! You squeak! "

Su Boyan looked at Wen lichen with a stiff face. "I heard Su Xi mention you."

This tone is not enthusiastic.

Su Xi immediately covered her back brain and cried out in pain, "ouch Oh, it hurts! "

Three pairs of eyes looked at her at the same time, full of worry. Wen lichen was close. He sat down and asked sushi, "is there a headache?"

"Well, it hurts." Su Xi finished, then relied on Wen lichen's arms. Wen lichen stared at her worried. Su Xi winked at him where his parents couldn't see him. He was cute.

Wen lichen realized that she was pretending, and he smiled helplessly. Did she solve his embarrassment?

"Heathy, I'll call the doctor and have a good examination. Don't make any mistakes." Li Qian is anxious to go out.

"Let me go! You look at your daughter. " Su Boyan is very sorry for his daughter now. He wants to do more.

"I'll go with you." Li Qian sees her daughter and Wen lichen together. She doesn't keep them well, so she goes out together.

Su Xi sat up from Wen lichen's arms with a smile and said to him, "I'm ok! Even if you have a small wound, you don't have to worry. "

"Next time, don't run around like this. You need to know that you are not suitable for public. "Wen lichen gently points the tip of her nose and tells her.

Susie nodded obediently, "Well! I see, but don't mention it this time, will you? "

Wenlichen also knew that it must have something to do with her parents. Naturally, he didn't mention it. After a while, the doctor came over and checked Suxi. Suxi was in a low mood. The doctor said, "Miss Su's mood is a little depressed. Go away more and relax. Don't be too stressed."

This sentence goes to Su Boyan's heart again without any reason. These days, he forces his daughter to stay at home. Will it be boring?"Dad, I have a small request. Can you agree to me?" Sushi took the opportunity to say to his father.

"Say it!" Su Boyan's heart and intestines are soft.

"I want to move back to my house for a while." Suzy said directly.

Li Qian looks at her husband and persuades her, "don't be too rigid, let your daughter be free!"

Su Boyan thought of his daughter's serious illness, so he had to loosen his mouth and say, "OK! Let the people around you take good care of you. "

"Thank you, Dad."

"Don't worry, uncle. I'll take good care of heathy." Wen lichen also made a statement.

Su Boyan's eyes looked at him, with a trace of trial and challenge. However, it is rare that he did not see the excessive indulgence and glib face of young man Wen lichen. Instead, Wen lichen gave him a stable atmosphere.

"Dad, don't worry, Li Chen is very good to me! With him, you don't have to worry that I will take care of myself! He's very capable, he can clean and cook. That's good for me. " Sue immediately praised Wen lichen.

Wen lichen couldn't help but chuckle and feel satisfied.

Su Boyan looks at Wen lichen in surprise. Does this man really have a daughter to say so well?

"Good! Then give it to you. Let's go first. " Li Qian sees that her daughter is full of vitality, which is not a big problem. Next, I'll give it to Wen lichen to take care of her.

Su Boyan and Li Qian come out and look at the bodyguards in the corridor. They are all shocked. Obviously, this man has a lot of money.

With him and fans downstairs, Li Qian couldn't even get on the floor. Li Qian could not help but feel that she said, "look, Lao Su, with the current fame of Xi Xi, a man without any influence can't protect her."

Su Boyan acquiesced to his wife's words.

Chapter 355

Sushi was discharged from the hospital, and a line of fans stood far away to watch her, because the man who accompanied sushi was not to be offended.

Sushi was also hurt because of the enthusiasm of her fans. Now, many fans blame themselves. Some of them are more rational. Love goddess, just look at her from afar. Don't do anything to hurt her.

Su Xi sits in the car, Wen lichen's arms reach out and press her gently in his arms. Su Xi lies on his chest and raises his head. His eyes are smiling, sweet and happy.

"It's good for me to get hurt this time! You see, my father won't interfere with my freedom. " Suzy can't help but say happily.

Wen lichen light her forehead, "you also said, I would rather in the future I use action to eliminate your father's prejudice against me, do not you so hurt."

Susie gave a playful wink, "you need to work very hard on this matter, and I only need one point of credit to solve it. Why not?"

Wen lichen wanted to blame her, but at the same time he thought it was extremely useful. He laughed in a low voice, "it seems that you are more urgent than me."

Susie's pretty face was red with no reason. She pretended to be stupid, "what's my hurry!"

"Hurry to marry me." Wen lichen didn't give her face and poked her in the face.

Suzy could not cry or laugh at once, "I don't have any!"

Wenlichen didn't force her to admit it, but he hugged her tighter. Sushi looked out of the window and suddenly said, "this is not the way to my house!"

"Who said back to your house? How dare the injured live alone? " Wen lichen's voice fell.

"Back to your house?" Susie blinked.

"Don't you want to take over my villa? Even if you haven't married me, that villa is yours. " Wen lichen pinched her face fondly.

Susie's eyes flashed with excitement. "Really? Is it mine? "

"Well! Transfer it to your name tomorrow. " Wen lichen answers.

"If I transfer the ownership to my name, if I don't marry you, I won't give it back to you!" said sushi

Wen lichen's eyes flashed a kind of anger. He held her small face and stared at her with deep eyes.  
"Who do you want to marry if you don't marry me?"

"Then what if you don't want to marry me?" said Susie, somewhat speechless

"You are the only one who does not marry! And you must not marry me. " The falling voice of man's hegemony.

Susie was not angry, but laughed so hard that she could see her teeth and eyes.

Wen lichen lowered his head a little annoyed and kissed her red lips. Meanwhile, his long hand reached out to the front and pulled down the shield.

"Well..." Susie's heart is being tested, and she is not the kind of person who can kiss anytime, anywhere.

However, the man doesn't care. What she said just now offended him. If he didn't punish him properly, he was not comfortable.

After kissing, Susie immediately complained, "I'm still injured. You can't do that to me."

As soon as Wen lichen heard this, he was so soft hearted that he took her back.

That afternoon, sushi and don Siyu made a phone call. After class, she brought Wen lichen's home to visit her.

Because of all kinds of things, the two sisters haven't been together for some days. Before, their lives were simple and free, and they could stick together at any time. Now, two people's lives have been mixed with a man. In addition, so many things happened at home, even the meeting is in a hurry.

"Mummy!" A childish voice came, and sushi immediately rose from the sofa to welcome him.

"Ah! My godson, come here to godmother. "

Tang Yixi's little friend rushed into her arms immediately. Suxi picked him up and surprised him immediately, "eh! My little Xi is a lot heavier! "

Tang Siyu walked in from behind with a smile. "The teacher said that he did well in school and ate well." As a mother, what else can I ask of a four year old? Of course, it's not sick to eat and wear warm!

"Ganma, why are you hurt! Is someone bullying you! "

"What if someone bullies me?" Susie teased him.

"Then I'll take care of him for you."

Susie immediately cheered up. "What if you can't fight?"

"Then let Godfather come." The little guy immediately thought that there were two big backers behind him.

Tang Siyu and Su Xi are amused. Tang Siyu looks at Su Xi with a warm face around his arm. "It seems that good things are coming!"

Susie would have contradicted that before. This time, she chuckled as if she had acquiesced.

"Mummy, haven't you and mummy had a baby yet? When are you going to be born! " Here comes the baby again.

Susie smiled and hugged him. "When do you want us to be born?"

"I hope you will be born tonight." The little guy said it with no sense. This, Su Xi's pretty face is red, smile to explain, "tonight can't give birth, give birth to a child need to be pregnant ten months!"

"Let's have one next year!" Tang Siyu was born.

Sushi looked at the mother and daughter in tears and laughter, and sent the little guy to the flower hall nearby to dismantle the toys she had prepared for him. The next time, it was the time for sisters to chat.

The little guy played, sushi said the recent days of being disciplined at home, and Tang Siyu also said that her father left evidence for her to take back her mother's equity.

Susie cheered her up. "Really? That's great. In this way, Qiu Lin can't take it away. "

"Now, I have become the second largest shareholder of Tang Group, and I am going to work as the management of Tang Group."

"Siyu, have you thought it out? You don't have much experience in this field! "

"I have no experience to learn. In addition, liehan will send his assistant to help me. I can discuss anything with him."

"Also, with Xing liehan, a business genius, at your side, you will surely win back Tang Group." Susie cheers her on.

Tang Siyu's eyes flashed with firmness. In addition to recapturing the company, she should also approach Qiu Lin. it's better to force her to tell the truth about her father's harm one day. This woman must be rewarded.

"Now Xiao Xi has so many people who love him. You can do your job well."

"Yes! That's one of my happiest points. " Tang Siyu chuckles. After this weekend, she is going to work in Tang Group. She is most worried about her son. Xing Zhengting and his wife heard that she is going to work. They told her to rest assured and give the children to them.

This afternoon, the two sisters chatted and looked forward to the future.

Suxi also began to restrain some temper, give up some work, decided to have a good love with Wen lichen, and then went into marriage, married and had children, became a wife and a mother.

Chapter 356

Tang Siyu also has her way to go. She will take back her father's company and find out the truth for his death. When all this is over, she will marry Xing liehan and stay with him and raise her son.

In the evening, Xing liehan and Wen lichen came in together from the outside. The two men agreed to come back here. Besides, they also mentioned the ingredients for dinner. Tonight, several people can get together well.

In the evening, Su Xi fell asleep early because of her injury. Wen lichen slept directly beside her and took her to sleep all night.

Tang Siyu sent the little guy to Xing's house after going back. She came back to prepare the materials for Monday's work. Now she is ready to fight.

At eleven o'clock in the evening, Tang Siyu put the information into the bag. Behind him, Xing liehan came in wearing a black silk Pajama with a glass of milk in his hand.

"Are you finished?" He put down the milk and looked down at her gently with his arms on his back.

When Tang Siyu nodded and looked up, all he touched was the half open and strong chest of the man, sending out the charming lines of temptation and full of unpredictable explosive force.

Tang Siyu hurriedly looked away, this man dressed like this in the evening, several meanings!

Now that his son is not in the house, the man doesn't even dress properly.

Xing liehan saw through her shyness. He couldn't help but stand up and ring his arms. "I'll wait for you to sleep together."

With that, he went out first.

"Go to bed first!" Tang Siyu said a word behind him.

"No, I'll wait for you." Some man insisted.

Tang Siyu holds the warm milk he sent, but there is a faint smile on the corner of his mouth. When he orders it, he gets up to give her hot milk, which is full of love.

Tang Siyu's face suddenly felt that she was too cold to this man. In fact, in the bottom of her heart, she had become his future husband. Besides him, she would not marry anyone else.

So, some things, she can be happy to try it?

I wake up in the middle of the night every day, listening to the sound of bathing in the bathroom. It seems that I have wronged him.

Moreover, many times, his desire is so strong that she can't sleep, but because of her persistence, he has been restraining. If he continues like this, what disease would he get?

Tang Siyu thought about it seriously. After drinking the milk, she got up and went upstairs.

Now, Xing liehan doesn't sleep with her in separate beds. Where does she sleep, he will always follow her.

Tang Siyu returns to her room. Xing liehan should be waiting for her in the master bedroom at this time. Su Xi is still in the habit of wearing conservative pajamas in front of him.

But tonight, she can surprise him.

In the corner of the wardrobe, Tang Siyu took out the suspender pajamas he had bought for her and put them here. At first, she was determined not to wear them, but now, she feels that she has a good figure and may not look ugly when she wears them.

Xing liehan sits on the bed reading, the wall lamp has been dimmed, and the bedside lamp beside him is on. He is surrounded by a circle of halo, which softens his handsome features like sculpture, with thick long eyelashes hanging gently. Under the eyelids, there is a fan-shaped shadow.

Thin lips, perfect chin, sexy collarbone and half open Lapel make him exude the smell of male hormones.

Now Xing liehan is studying various ways of health preservation and restraint. He used to take a cold bath. Later, he felt that it hurt his body. So he began to read some books. Although there were some effects, it was necessary to find something to do.

Otherwise, as soon as he arrived at night, he would have only that idea in his mind.

Tonight, he thought so too. However, his restraint ability has been perfected. He only worries that the more restraint he has, when the woman wants to, he will fill in these restraint nights day by day.

There was footsteps outside the door. Xing liehan closed the book and was ready to wait for Tang Siyu to go to bed.

Open the door, in the faint yellow corridor, into a touch of fine style figure.

Xing liehan's eyes were dazed. He thought he was dazzled. His narrow eyes narrowed and blinked again. He was sure that he was right.

The woman came here tonight in suspender silk pajamas.

He swallowed saliva, just read a quiet mind, was immediately destroyed by the woman in front of him.

"You Is this His voice was hoarse, as if a fire was burning him.

Tang Siyu bit his lips, blushed, wring his hands and asked, "am I not looking good in this?"

Xing liehan chuckled, "nice! Did I do something wrong? What's wrong with you? "

"Why do you ask?" Tang Siyu doesn't understand.

"Don't you think I've endured enough? Intentionally dressed like this, let me desire but not, insomnia for you every day, cold bath for you, you are not punishing me, or seducing me? " Xing liehan is very self aware.

As he said, he had to bear it, so he got used to it. Now, holding Tang Siyu and laughing, she sat down in front of the bed on the other side, "then think about what you did wrong!"

Xing liehan's slender body immediately moved over. His arm went through her shoulder and held her in his arms. Tang Siyu was wearing a suspender Pajama, but there was only one other dress on his body, so Xing liehan had a good vision.

"Don't expect more from my patience," he said, clenching his teeth in her ear. "I've had it to the limit."

Tang Siyu raised his smile and looked at him. "What do you want?"

"What do you say?" Does Xing liehan think she is too naive? Thought he would endure for her?

"I don't know!" Tang Siyu is also witty.

"Do you want me to tell you?" Xing liehan coaxes out the sound.

"Good!" Tang Siyu blinked like a girl who didn't know the world.

This can take the man's last heart string and directly pull it off. His breath suddenly gasped. Looking at her bright red lips, he couldn't help kissing again.

This time, don Siyu was incredibly obedient and didn't push him. Although his response was not clear, he made the man feel sweet and thought tonight would be his good day.

At one o'clock in the middle of the night, there was still a sound of water in the bathroom. On the bed, Tang Siyu looked at the direction of the bathroom apologetically, biting her lips, and scolded herself. She thought it was acceptable.

But

Five years ago, the pain followed her, so she refused again. After a while, the man came out in a bath towel. His handsome face was a little ugly and a little bit more resentful.

"Tang Siyu, you should have died in my hand in your last life, so you will torture me like this in this life. One day, I will die in your hand." Some man said angrily.

Tang Siyu is speechless.

Chapter 357

On Monday, the Tang Group was at the front door.

A line of three black cars lined up, a group of staff entering the company next to them, one after another probe to know whose team this is, such a large platoon, isn't it Qiu Lin's?

However, a bodyguard quickly came down from the car behind, followed closely, opened the door of the black car in the middle, and saw a pair of extremely elegant fiber legs step down, followed by a woman in a gray suit.

Her long black hair is elegantly tied behind her head. Her facial makeup is delicate and with a trace of professional neatness. Her appearance has stunned the staff on one side.

It turned out to be the eldest miss of Tang Group! I heard that she was going to enter the management of Tang Group, but I didn't expect that she would come. However, for those male employees, it's really a blessing to have such a young and beautiful female manager.

Beside Tang Siyu, Xing Lihan has sent Han Yang, his personal assistant. Han Yang has come with a huge and extraordinary mission. At the moment, he is also calm in a suit, holding some paper bags, and following Tang Siyu's steps into the hall.

The front desk saw Tang Siyu coming in, and busy unplugged Qiu Lin's extension in the general office.

"Qiu Mr. Qiu, Miss Tang is here. "

In the general office, Qiu Lin had a big head to hold the forehead. Tang Siyu really had to block her. She bit her lips. She didn't have no strategy. She planned to give Tang Siyu a small idle job, a department manager in the personnel department.

Tang Siyu takes Han Yang and two bodyguards to Qiu Lin's office. Qiu Lin's assistant immediately stops her with a smile, "Miss Tang, we Qiu are always busy."

Tang Siyu also smiled, "is that right? Then I'm not here to bother her. I'm here to inform her. "

"I'm sorry, Mr. Qiu is out of sight now."

"Oh! All right! You told her that I resigned from Liu Sheng, the general manager of the finance department. From now on, I am the person who will take over the post of general manager of the finance department. " With that, Tang Siyu turns around and is ready to leave.

Next to her, an assistant hurriedly informed Qiu Lin. Qiu Lin quickly ran out of her office and called her angrily, "Tang Siyu, who told you to quit my company?"

Tang Siyu turns gracefully. "Don't I, as the second largest shareholder of the company, even have this real right?"

"Even if you are a shareholder of our company, I am responsible for the operation of the company. You have no right to do so." Qiu Lin's face was ugly with anger.

Tang Siyu chuckled, "that's what I want to do. If Qiu doesn't agree with me, I'll withdraw my equity."

"You..." Qiu Lin was so angry that she reached out and was furious.

Tang Siyu snorted, "I'll take this seat." Finish saying, she walked to the door of the elevator by herself, Han Yang could not help but secretly admire.

He remembered Tang Siyu's momentum when he rushed into Xing liehan's office for the first time. As expected, the eldest miss of Tang family was not a person who was allowed to rub round and flatten.

"Don Siyu, you'd better not mess around. If there is any loss in the company, you are responsible for it alone." Qiu Lin said coldly behind her.

Tang Siyu looked back at her. "I don't have the ability to manage the company, but people are forced out. I will handle my work well."

Tang Siyu and Han Yang go in with their bodyguards. Qiu Lin turns around and goes back to her office. She holds her head and thinks of ways. But now Tang Siyu forces her way into the company and hinders her work. She has nothing to do.

She had to call her current husband.

"Hello, Yan, Tang Siyu has come to our company to make trouble. She wants to take the position of general manager of finance." Qiu Lin said angrily to Xingyan.

That end Xing Yan comforts a way, "you calm down a bit first, if Tang Siyu is really disorderly, you can sue her, kick her out of the board."

"But I don't allow her to do anything wrong in my company. I have a headache after reading it."

Xingyan could not help comforting, "well, bear it first! See what else she can do, but she also has my nephew supporting her waist behind her, otherwise, she has no such ability. " Xingyan also hates xingliehan very much. Recently, because xingliehan cut off all the cooperation between him and Xingshi group, now he is also struggling to clean up his mess.

"Well, I'll take her first." Qiu Lin took a deep breath and slapped the table hard.

At this time, her internal line rang, she picked up the answer, "Hello!"

"Mr. Qiu, it's not enough for you to do so! I have been working in Tang Group for more than ten years. Is it suitable for you to kick me off like this? " That's the angry voice of Liu Sheng, general manager of the finance department.

Qiu Lin knew that it was Tang Siyu who counted this matter on her. She comforted her. "Ah Sheng, don't be angry. This is not what I mean. Tang Siyu has chosen this position. I can't help it."

"What do I do? Do you want me to leave like this? " Liu Sheng said angrily, "you know, I can help you a lot these years. I've helped you with all those accounts." Qiu Lin had some unclean accounts in her hands when Tang Xiong was there. At this moment, hearing Liu Sheng's words, she hurriedly coaxed, "don't worry, I will send you to a subsidiary to be the vice president. Take over and take the post immediately!"

Liu Sheng is stabilized, but Qiu Lin thinks that it's absolutely inappropriate for Tang Siyu to take over the position of general manager of finance directly. There are still some loopholes in the finance that have not been filled. What if she finds out and causes dissatisfaction among other shareholders?

If Tang Siyu really wants to get involved in the company's business, the best department is the business department. Let her take charge of the business project of the whole company. If she can't do it for a few days, she will leave by herself.

It's the most tired and disorderly place. Tang Siyu is the general manager of this department.

Qiu Lin finished, she calmly came out of the office, directly took the elevator to the finance department, now the finance department is in shock, suddenly the boss was transferred, they still have some reaction.

As soon as Tang Siyu finished introducing herself, Qiu Lin arrived. She came to her with a smile and said, "Siyu, let's talk alone."

Tang Siyu comes to her side, Qiu Lin pushes open the door of the office, she goes in first, behind her, Tang Siyu comes in with his arms around him, "what do you want to say?"

Qiu Lin smiled and looked at her calmly and said, "if you want to get involved in the company, I can promise you, but I take over the finance department. If you want to come in, go to the business department! There is a shortage of people. "

Chapter 358

Tang Siyu squinted and said, "why should I go to the business department? Do you think I can't manage the financial part? "

"Because finance is handled by you, many shareholders will object to it. You must be inexperienced. If you make some loopholes, it will cost tens of millions of things." Qiu Lin warned.

Tang Siyu pretended to be reluctant to say, "but I just want to stay in the finance department."

"Don't take this company as a place for you to have fun, Tang Siyu. You know, it's a mountain and river that your father fortunately fought for. You can't play with it."

Tang Siyu sneered, "you know that this is the mountain and river my father fortunately fought down, but you took my father's company and married Xingyan. You want to say these words to me."

"You I can't be widowed to old age! As a woman, I always have to plan for my future. Xing Yan is Xing liehan's cousin! In name, you have to call me auntie. "

Tang Siyu snorted, "don't put gold on your face."

Qiu Lin's face was a little ugly, but she firmly said, "I can't let you mix with the financial department. If you want to go, go to the business department. I won't stop you."

Tang Siyu hesitated for a moment, but didn't refuse, "OK! You can't get rid of me. I'm willing to stay in any department. "

With that, Tang Siyu turns around and goes out. Qiu Lin takes a breath. She is satisfied to be able to get Tang Siyu to the business department.

Tang Siyu comes out and looks at Han Yang. Han Yang immediately follows her.

"Let's go to the business department." Tang Siyu chuckled, and Han Yang's eyes flashed a smile. "It seems that as Miss Tang expected, Qiu Lin will send you to this department."

Of course, Tang Siyu is not surprised. However, what she really wants to enter is not the financial department of Tang Group, but the business department. Because she wants to work with Xing liehan to deliver the business of Tang Group, and slowly dig out the internal projects of Tang Group.

Tang Siyu didn't plan to stay in Tang Group, and she didn't want to increase the value of her equity. All she had to do was to slowly break down the internal part of Tang Group. Qiu Lin unconsciously built up all the projects of Tang Group.

She cooperated with Xing lie in and out, believing that the plan would succeed.

Although Xing liehan didn't intend her to do so, he naturally cooperated with her even though she had such an idea.

Tang Siyu arrives at the business department and announces her identity. An assistant immediately cleans up a spacious and bright office for her. Han Yang is her personal assistant. The office is nearby. In the future, any affairs of her will be sent in through Han Yang first.

In a five-star hotel, Ni Yan has been watching for the most time. Since watching Xing liehan and Tang Siyu's love at Xingyan's wedding, her unhappiness has turned into resentment. However, she really didn't want to be right with Xing liehan.

Therefore, she has always been thinking about how to recover Xing liehan's heart, that is to say, she can't recall his love with her old love, so there is always another way for her to recover his heart.

A few days ago, she made a deal with Xing Yan with great care, and it was a big project. Now, she wants to take this project to please Xing liehan, a businessman.

The businessman will attach great importance to the interests. She has seen many of them around her. Therefore, she thinks that Xing liehan and Xing Yan have become rivals now, and she also wants to crush Xing Yan. In her hands, this project can cut one third of Xing Yan's financial resources.

Thinking of this, she reached out and dialed Xing liehan's phone number. She used the hotel number, so she was worried that Xing liehan would not answer her phone.

Seven seconds later, the low male voice picked up, "Hello, hello."

Listening to such a magnetic and charming voice, Ni Yan's heart would melt. She said with a sweet and gentle voice, "it's me, Xiao Yan, that's fierce cold."

"What do you want?" In an instant, the male voice at that end was a little cold.

Ni Yan's heart was filled with disappointment, but in the voice line, she was still happy. "I have good news to tell you. I talked with your cousin about a cooperation project two days ago. Liehan, I didn't do this for myself, but for you. I want to deal with Xingyan with you. As long as I move a little on this project, he will have a lot of losses, Liehan, shall we meet and talk? "

Ni Yan thinks that this kind of interest will surely induce Xing liehan to meet her, and if she has the chance to see him, she will surely wake up his old love.

However, that end answered her in a very cold voice, "no, you don't need to interfere in my affairs, let alone participate in it."

"Liehan, you know my feelings for you. I just want to see you alone. Don't you even give me this chance?"

"There is no need for us to meet. Go back to China!" Finally, Xing liehan's voice was cold and hung up.

Ni Yan's eyes widened, unable to believe that he just hung up. Even though she spent so much energy to win over the project for him, he didn't even want to hear it."Ah..." Ni Yan painfully shook off the phone, covered her face and cried.

At the door, hearing the voice, ye Qiyuan rushed in at once, "what's the matter with you, miss?"

I saw Ni Yan covering her face, crying and complaining bitterly, "Xing liehan, why are you so cruel, why, I have done so much for you, do you even ignore all of them?"

"What's good about Tang Siyu? Where is she worth your liking? I am so low spirited, so humble to beg your forgiveness, is that how you treat me? You are so cruel, you are so cruel, I hate you... "

"Don't be too sad, miss." Ye Qiyuan advised her.

Ni Yan clenched her lips, and suddenly her eyes flashed a fierce light. "What I can't get, others can't think of it. I never want to see liehan and other women love each other for a lifetime. I don't want him to be robbed by other women."

"Eldest lady....." Ye Qiyuan was shocked and distressed. The eldest lady in his eyes had become like a madman.

Ni Yan suddenly thinks of him. She turns her head and stares at him. She comes over and arranges his clothes for him. At the same time, she asks, "Qiyuan, did you say that you are willing to do anything for me?"

Ye Qiyuan looked at her beautiful face, and he said, "I'm willing to die for you! As long as you need my life, I can give it to you at any time. "

"No I don't want you to die. I want you to do one thing for me. " Ni Yan's eyes flashed a sneer, as if crazy, "I want Tang Siyu to suffer for a lifetime, I want her to never get Xing liehan!"

"Do you want me to deal with Tang Siyu?"

"No I want you to deal with Xing liehan Even if he doesn't love me, he won't live in this world. " Ni Yan murmured a sneer.

Chapter 359

Ye Qiyuan's eyes flashed a light of calm. It seems that he was not surprised by the order. Just as it happened, he had the same idea in his heart.

Even though the man makes the young lady so miserable, if he is not in the world, will the young lady be better?

Ni Yan finished, the hatred of the bottom of her eyes did not disappear, and she was also very painful. She wanted to start with her favorite man, which was not a painful thing.

As soon as her whole body's strength is pulled, she hums and laughs, "fierce cold, you don't blame me, you know that my eyes can't contain sand. Once upon a time, and now, I can't watch other women live with you for a lifetime, so I will suffer for a lifetime."

"Don't worry, eldest lady. I will do what you say. I will bear any consequences myself."

Ni Yan's eyes showed great expectation to him, "OK! I'm sure you will succeed. "

Ye Qiyuan nodded and left the room silently.

Ni Yanhuan's arm, looking at the distance, the whole delicate face, full of resentment.

In the afternoon, at the front door of the office building of Tang's group, a cool black sports car has been parked there waiting. The staff around are all marveling. Who is sitting in the sports car?

The windows of the sports car are so tight that it's hard to see the people inside, but the sports car alone is amazing enough.

This should be a limited edition!

After a while, some staff members saw Miss Tang, who was at work on the first day today, with an assistant and two bodyguards coming out, and the bodyguard took a step ahead of time to open the passenger seat of the sports car for her. Tang Siyu's slim figure sat in.

It turned out that this was to pick up Miss Tang, which made a group of female staff envious.

When Tang Siyu got into the car, Xing liehan looked over with a smile, "how about going to work on the first day? Tired? "

Tang Siyu smiled and shook his head. "With your special help, I can handle so many things. I'm still relaxed. I urge you to give Hanyang a raise."

Xing liehan's eyes flashed a dangerous dark light. If Han Yang was in front of him, he would shake a spirit and pray to Tang Siyu. Don't praise him in front of the boss, otherwise, he would not know how to die.

"Well, if you tell him to get a raise, I'll give him a raise." Xing liehan returned to his gentle smile. "Just stay here, and Han Yang will take care of everything."

"Qiu Lin won't find out!"

"No! I will secretly buy several companies to be a shaker, seize the customers of Tang Group, and slowly turn Tang Group into a shell, as long as you don't care about your shares. "

Tang Siyu shook his head. "Anyway, I can't take out these shares. Instead of letting Qiu Lin make money with my mother's money and finally fall into Xing Yan's hands, it's better to let Tang's group fall down, which will also help you weaken Xing Yan's power."

Xing liehan reached over and gently stroked her hair. "I'm glad you've been here for a while."

"Unfortunately, I am very happy to see Qiu Lin's mad look today!" Tang Siyu's eyes flashed a happy light.

"Give me half a year at most, and I'll take care of it." Xing liehan holds her hand, and the accelerator at her feet slowly steps on. The sports car drives towards the company's gate.

"On your first day at work today, I ordered a table of vegetables to celebrate for you."

"Just the two of us?" Tang Siyu blinked, very surprised.

"Well, we two." Xing liehan's eyes showed a trace of tyranny and possession. Today, Tang Siyu is dressed in a gray suit and exudes professional temperament, which makes him even more attracted.

Tang Siyu nodded. "Thank you."

Xing liehan's car drove towards a high-end restaurant in the center of the city. The romantic candlelight dinner was not suitable for more people to come, but the atmosphere of the two lovers was just right.

As soon as Tang Siyu sat down, Xing liehan picked up a bunch of fresh roses from the sofa and handed them to her, "here you are."

Tang Siyu seldom receives flowers. She is shocked for a while. But when girls receive flowers, they are in a good mood. Naturally, she is no exception. She takes the flowers with shame, lowers her head, smells the fragrance, and turns her mouth into a sweet smile.

Seeing that she likes it, Xing liehan can't help regretting that her previous EQ is too low and didn't launch a warm attack on her. However, it's not too late now.

He knew that he could touch this woman not because of how rich he was, how handsome he was, or how gentle he was, but because he exchanged his heart for hers.

After the birth of her father, all he did for her moved her, so it was useless to capture her heart.

After serving, the dishes are delicious and rich. Tang Siyu has just taken over the management level. He wants to ask Xing liehan about many things. Naturally, the topics on the whole table are all about the company.

Xing liehan's eyes were smiling, full of patience to answer her questions and doubts one by one, without any unhappiness. Unconsciously, it was 9:30 p.m. Tang Siyu thinks about her son. She wants to go back. At least she can talk to him before he goes to bed.

Xing liehan naturally responded to her. Although he liked such a time, the time with his family was equally important.

Back to xingzhai, the little guy didn't sleep as expected. Tang Siyu asked him something about his school. The little guy didn't have any homework now, but he learned to punch in every day. He was smart enough to deal with it by himself and didn't need adults to worry about it at all.

"Mommy, are you and daddy in love?" The little guy asked quietly.

Tang Siyu's face is slightly hot. Where does his son come from? "Who told you?" she whispered

"My aunt told me."

Tang Siyu chuckled, and then she seriously replied, "yes, I'm in love with your dad."

"When are you going to get married?"

"Some more time to get married."

"Then can I be a flower boy?"

"Of course When daddy and Mommy get married, of course you are our flower boy. " Tang Siyu stroked his little head and felt that his son was very sensible. At this moment, when it comes to marriage, she accepted it peacefully.

"Daddy..." The little guy suddenly shouted a surprise at her back.

Tang Siyu's face is hot. Turn around. Xing liehan is standing behind her and eavesdropping? Did he hear what she said to her son just now?

He is not in the study and uncle to discuss things! Tang Siyu didn't dare to look at his deep and smiling eyes. He didn't need to think about it, but he knew that he must have heard it.

"Well, Xiaoxi will go to bed early, and get up early tomorrow to go to school. Mummy will go back to bed." Tang Siyu said to the little guy.

Chapter 360

The little guy nodded obediently, "Well! Good night, daddy and Mommy. And you must give me a sister! I'm very good. I won't disturb you. "

Tang Siyu had some hot faces. Now, it's even hotter. It's childlike, but the listener has his heart!

Behind him, a deep male voice fell down, firmly replied, "OK! Mom and dad will give you a sister. " With that, the voice line asked Tang Siyu, "let's cheer up."

When it comes to refuelling, Tang Siyu recalls the events of those nights and pretends not to hear them.

Anyway, it's not urgent. She has to take her time, because she's really afraid of pain!

That night six years ago, the shadow was too deep for her to accept him so quickly.

From Xing's house, Xing liehan drives Tang Siyu back to his villa. Tang Siyu is very tired today. When she enters the hall, there is a sense of weariness between her eyebrows and eyes. She says to the man beside her, "take a bath and sleep! I'm so sleepy. "

Xing liehan stands behind her, and his long fingers naturally pinch her shoulder. Tang Siyu chuckles and enjoys his gentle massage. Xing liehan pinches the thin lips for her while they fall on her ear involuntarily. He kisses her gently, and at the same time, the big palm pinching the shoulder drops.

Tang Siyu's heart was taut, and he hurriedly escaped from his claws with a smile! Do you still want to take a cold bath? "

Xing liehan looks at her speechless. He suddenly thinks, "do you want to have a drink? It's good to fall asleep with a drink. "

Tang Siyu saw through his ideas, but he didn't refuse, "OK! Then have a drink! "

Xing liehan's eyes brightened, thinking that she would refuse. Unexpectedly, she promised generously. It seems that this woman gave him another chance tonight!

"I'll take a bath first." With that, Tang Siyu went upstairs first.

Xing liehan bit his lip. He really wanted to say that he washed it with her, but now they are not mature enough to be able to naturally face each other, so he pressed this idea for a while.

Tang Siyu goes back to her room to take a bath. Xing liehan also takes a bath in his master bedroom. Tang Siyu comes to take a bath. Her long hair blows half dry, like silk, hanging behind her head, making her white face more moist and smooth.

Tang Siyu pushes open the door of the main bedroom. Xing liehan is on the table in front of the floor window. He poured two glasses of red wine. He is dressed in a black silk nightgown and embroidered with gold thread. It makes him really have the momentum of ancient emperors and generals.

Tang Siyu thought that if he had a long hair, it would be the image of a beautiful man in ancient times.

Brain patch this picture, she can't help laughing.

"What are you laughing at?" Xing liehan turns around and sees her coming in conservative pajamas.

Tang Siyu shook his head. "It's not funny." After that, she went to him and held up a glass of red wine. He opened the kind of sweet red wine she liked, as good as a drink.

Tang Siyu had just taken a hot bath, but she was thirsty. She had a drink soon.

"Good drink, I want it!" After Tang Siyu finished, he poured most of the glass again. Xing liehan looked at her with a little consternation. The degree of the red wine was quite high! Is that how she drinks?

When Tang Siyu finished drinking, she swayed and put down her glass. Then she crawled towards Xing liehan's big bed. She felt sleepier and slept better.

Xing liehan put down his glass, squinted to her side, looked at her, and called softly, "Tang Siyu, are you going to sleep?"

"Well..." Tang Siyu gently replied.

Xing liehan reached for her and pulled her into his arms, coaxing, "shall we not sleep first?"

"Well What else? " Tang Siyu asked with a wink of slightly smoked water eyes, but her eyes were clearly sleepy and unable to open.

"We Try again. " Xing liehan reached to her lips and said with great interest.

"Well Don't... " Tang Siyu shakes his head, but doesn't want to.

Xing liehan felt that this opportunity could not be wasted. His breath was slightly panting. Looking at her red lips, he naturally covered them and sealed her lips.

"Well..." Tang Siyu made a protest, but when the wine came up, she didn't have the strength to push him.

Xing liehan immediately shows his warm side, and wants to take her to follow his rhythm and enter the exploratory time tonight.

However Xing liehan kisses, feeling that the girl in his arms has no response. He squints his deep eyes, and finds that the woman in his arms has slept to death. Even if he still kisses her, she seems to have no response.

Xing liehan breathed a sigh of defeat, full of frustration.

He reached out his hand and pinched her hot face angrily. "Do you really want to suffocate me?"

Tang Siyu turned over, put his arms around his chest, and put his face on it. He was sleeping soundly holding him.

But for a man, it's like the beginning of a sleepless night. Xing lie turns to her face to face and looks at her sleeping face like a child. To be honest, he never knew that his endurance would be so good that he couldn't believe it.

He gently raised his thin lips and cauterized them on her red lips. "You are the only one who can make me happy. I'll wait for you to be ready."

In the villa next door, Susie has settled down in wenlichen's house. The wound from her back head has just recovered. Wenlichen didn't ask her to do anything.

Sushi's work has also been suspended. Although she has no work or notice, she has become the most envious person in the entertainment circle. Everyone knows her relationship with Wen lichen. She is likely to be the future mistress of Tianmu group.

Those who had been hostile to sushi were frightened. They wanted to hide when they saw her!

Sushi's life is very free now. She didn't have any free time before. Now, she is free. She can learn some self-cultivation things, such as arranging flowers, designing clothes. She must be in the entertainment circle and contact with fashionable clothes every day. She also wanted to open a clothing design company and so on.

However, these have become hobbies, which have not yet been realized.

Tonight, she is fascinated by a novel. It's about gods and monsters. She likes mythology very much.

When Wen lichen came out of her study at eleven in the evening, he saw that the light was still on in her room. He could not help knocking and pushing the door in, he saw that Susie was still reading with a book in his arms.

"Still asleep?" Asked Wen lichen in a low voice.

"I'll go to sleep after a while. Excuse me, do you have a mythological movie recently?" Sushi asked curiously.

Wen lichen squinted slightly. "What's the matter?"

"If so, when you are looking for actors, can you think about me?" Susie self promotion.

"Do you want to make a movie about it?" Wen lichen gazed at her.

"Well! Yes. " Susie nodded, looking forward to it.

Wen lichen took a sip of his thin lips. "Sleep first. I'll find you a script tomorrow."

Su Xi can't help but make a little wow. Sure enough, the advantage of finding an entertainment boss to be a boyfriend is to choose the script at will?
