

U. CEO Daddy 371

Chapter 371

Unexpectedly, he woke up so soon.

"I'll call the doctor." Tang Siyu said, want to leave, however, she put the hand in the palm of the man's hand was held in an instant.

Tang Siyu's body just started to sit back again. She did not dare to break away from him or pull his hand hard. Her excited face was close to the jade face of a man. "What's the matter?"

Xing lie held up a smile at the corner of his mouth. "You're going to leave as soon as I wake up?"

Xing liehan woke up from the pain for a while during the operation, so he knew that he was in the hospital and that he had been saved, but what made him happy was that the first thing he saw when he opened his eyes was the woman he was most worried about. Looking at her good company in front of the bed, what could be more reassuring to him?

"But, your injury..."

"It's all trauma. I can't die." Xing lie replied as if in a relaxed way. But heaven knows that he was covered with gauze, and the blood on it was shocking.

Don Siyu really can't say to him so easily. Her heart has been pulled into a ball. It hurts so much that she can't breathe.

"Don't mention it. You can't die. You can't leave me and my son. You can't leave all the people who love you." In Tang Siyu's tone, there are orders and entreaties.

Xing liehan draws up the corners of his mouth, bleeding too much, which makes his face pale, but does not damage his handsome.

"Of course not. How can I die? I haven't got you Cough..."

Tang Siyu's face is slightly red, and her heart beats are all disordered. When is the time for this man? She is ashamed and anxious that he should have the heart to make such a joke. "Well, stop talking. I'll get you a doctor to check it."

Tang Siyu called the doctor over and examined Xing liehan. It didn't matter.

Xing liehan bled too much, but fortunately, he didn't hurt his internal organs and important organs. The bullet on his shoulder was not fatal, but he was attacked by an explosion. His skin injury was serious. If he did, he might also leave scars. He just had a few months' rest.

Get this certain news, Tang Siyu's heart fell again, what is scar? As his woman, she doesn't care.

After a while, Xing Lihan summoned his bodyguard to come in and say a few words. Tang Siyu was not allowed to be present. Tang Siyu was worried. What else could he avoid at this time?

When the bodyguard went out, Tang Siyu came in and asked what he had been thinking, "do I need to contact your parents now?"

Xing lie's face was slightly chilly. He was hurt and his voice was a little hoarse, but he was firm. "No! Don't tell them. "

Tang Siyu looked at his pale face with astonishment, reached out his hand and gently rubbed the ink hair on his forehead, "why don't you tell them? They have the right to know what happened. "

"I just asked my bodyguards to strengthen the domestic protection for them. They won't have an accident. Anyway, I can't die until I'm well injured!" Xing liehan has his own plan and consideration. Now, he is injured and doesn't want to tell anyone.

Because he had a premonition that the man who wanted to assassinate him was still at large, and his life and death were very important to the man, so he might as well wait for the man to find the door anxiously.

If that person is Xing Yan, will he tell his father about his accident? As long as something happens to him, the stock of his company will be strongly affected. This is what Xing Yan wants to see most. If he did this, he will take the opportunity to disrupt his company.

If Xing liehan's life and death become a mystery, only to the domestic business trip, then the situation of his company will not be disordered, and the other side will be caught by surprise.

"But is that really good?" Tang Siyu doesn't agree with him, but he will be hurt like this. As a family, he will be worried.

"My side, now as long as you are good, do you want to let my son see me like this?" Xing liehan really doesn't want to. In front of his family, he is always a strong image.

"At this time, what image do you want to keep? Even if the son knows, he can bear it. " Tang Siyu really can't understand what a wounded man thinks.

"Listen to me, later, my plane will fly directly to another country, where it will be safer." Although Xing liehan was lying in bed, wrapped in gauze, embarrassed and weak, his plan was well arranged.

Tang Siyu's worry became speechless, but at the same time, he was more distressed. Didn't the injured lie down and take care of their injuries?

Why does he have so much thought?

That night, Xing liehan was injured on the plane and went straight to the next country.

There are also nurses and doctors on the plane, but Xing liehan only needs Tang Siyu's company throughout the whole process. Even if he can't bear the sleepiness, he still needs to hold her by his hand, as if once he lets it go, she will disappear.

The flight to another country is not long. It's four hours. Xing liehan has a villa here. He doesn't need to go to the hospital directly and is sent to the villa for rest. This evening, Tang Siyu side lay beside him, boil for more than 20 hours, she was also sleepy, gently attached to his good shoulder fell asleep.

This time, the accident was calm, and the premier appeared. The accident was suppressed, and the bodies of the bodyguards were sent back to their respective relatives, and their families were properly placed, and their consolation money was sent. Some bodyguards were alone, and Xing liehan buried them.

In China, Xing Zhengting and his wife received a phone call from Xing liehan the next afternoon. He told them that they would probably spend a month abroad with Tang Siyu to recruit and take good care of the little guy and his family. In addition, Xing liehan also reminded his father from the side and asked him to be careful about his next trip.

Xing liehan's injury was closely protected. In the quiet villa, Tang Siyu woke up after sleeping for several hours. When she saw the sleeping man beside her, her heart pounded and fell.

Her domestic affairs are temporarily replaced by Han Yang. In the following time, she will only accompany him, help him to recover the injury and return to visit his son.

At the time of dressing change, Tang Siyu couldn't bear to look directly at the wound on Xing liehan's body. The nurse was very careful. However, the appearance of the wound still made Tang Siyu turn around and cry. Such a wound, for ordinary people, doesn't it hurt to faint?

But the man sat upright, twisting his sword eyebrows, humming without humming, as if the skin and flesh stuck by the gauze were not his.

Chapter 372

"If you don't dare to see it, go out and wait!" Xing liehan looked at the woman with her back to him and gently advised.

Don Siyu didn't dare to see it, but she didn't want to go.

She took a deep breath, turned around and walked to him. With her eyes narrowed tightly, Tang Siyu seemed to be hurting with him. After a while, her eyes were covered with tears again. Xing liehan's just wrapped hand gently wiped it off for her.

"Don't cry, it doesn't hurt much." Xing liehan comforts her.

Tang Siyu is biting his lips, so he doesn't believe him.

"It's a little bit painful. Kiss me and relieve it for me, will you?" Xing lie cold hook lips a smile, at this time transferred the feeling.

Tang Siyu is stunned. Can kissing him help relieve his pain? Without thinking about it, she held his handsome face and kissed his face in front of the two nurses. Then, she felt that it was not enough.

She kissed his forehead upward, and the red lips kissed his forehead for a long time before she stepped back.

"Is it better?" Don Siyu really hopes to kiss him a few times, and he will be more comfortable.

"Well! Much better! " Xing lie curls his lips with a smile, which is really effective.

After the nurse changed the gauze all over his body, she left. Xing liehan gently put on a broad dress. This man, who wears nothing, doesn't lose his temperament, is still so handsome that people can't move their eyes.

"Do you have anything special to eat? I'll do it for you. " Tang Siyu thought to himself, the appetite of the wounded must be taken good care of. Only when they eat nutritiously can they get better faster.

"Good! I'd like to have porridge, just a little chicken. " Xing liehan really wants to drink. She hasn't had porridge for a long time.

Tang Siyu chuckled. "OK, I'll go to the nearby supermarket and cook it for you right away."

"Let them buy it! Just stay here and wait. " Xing liehan doesn't trust her to go out alone.

Tang Siyu was slightly shocked. In order to make him more relieved, she would not brush his meaning. She nodded and said, "OK!"

An hour later, Tang Siyu came in with the cooked porridge. Xing liehan was sitting on the sofa with good spirit. He lost too much blood, making his skin more white and transparent than before. In the sun, he had a kind of ice sculpture like beauty.

He looks at the porridge coming. He reaches for it. Tang Siyu hides. "Don't move your hand if it's hurt."

Although the hand is not seriously injured, the skin injury is enough for Tang Siyu.

"I'll feed you!" Tang Siyu asked for it.

Xing liehan's eyes flashed a surprise, and the smile on the corner of his mouth was bent up. He was very satisfied with the treatment.

It seems that the disaster will not die, and the good fortune will come.

If he had known that he was hurt, he would have let this woman be obedient to him. He should have done so.

"What are you laughing at?" Tang Siyu took porridge, scooped a mouthful and blew it, but saw that he was still smiling.

"I'm happy." Xing liehan continued to laugh.

"What's so happy about the injury?" Tang Siyu couldn't understand.

Xing liehan squints his eyes slightly. There is a deep and warm light in his eyes. "I know you love me so much."

This sentence as if the feather general lifted Tang Siyu's heart, she pursed her lips, also can't help a smile.

"Is that good for you? I will be better to you in the future. "

"Really?" Xing liehan looks forward, "then I'll wait."

Tang Siyu tries the temperature and sends the porridge to his lips. Xing liehan drinks it with a smile. At this moment, in the early winter outside the window, a few ice crystals fall from the sky and begin to snow.

But in the window, the atmosphere is extremely warm.

Tang Siyu fed him porridge, cleaned it up and came up to accompany him. She took a medical book to see that the nurse could not wait on him for a month, so she should know more about the wound protection in the future.

Xing liehan looks at the books she holds. It's really difficult for her to interpret those obscure medical books.

However, the more this is, the warmer his heart is. However, Tang Siyu can directly explain the English words that he doesn't know. This makes Tang Siyu realize that this man has a wide range of knowledge.

At the time of Xing liehan's explanation, she had already held her chin in one hand and stared at him with adoration in her eyes.

To love a person is to look up and worship him like a God!

Xing liehan, after explaining, looked at her face like a fool. He couldn't help kissing her on the side. "Do you understand?"

"Eh? Will you say it again? " Tang Siyu found out that she was stunned to see him just now and forgot to listen.

Xing liehan smiled and stroked her head, and said it patiently again.

Domestic.

Ye Qiyuan didn't go back to see Ni Yan immediately after that day, but wiped out all the people he took this time. At the same time, he was still waiting for the news of Xing liehan's death to come out.

However, he has been waiting for a week. He once went to the nearby hospital to inquire about it. Xing liehan's affairs were suppressed by the premier, and he naturally couldn't find anything. This made Ye Qiyuan very anxious. In the end, he chose to go back to Ni Yan's country. However, Xing group was calm and there was no unexpected news.

"Is he dead?" Ni Yan asked about it at the first sight.

Ye Qiyuan did not dare to look into her disappointed eyes. He shook his head. "I'm not sure, but that night, he was shot and suffered a wave of explosions. That distance, ordinary people can't survive."

Ni Yan's eyes suddenly burst into a layer of painful tears, "shut up Stop it. Why don't you give him a good time? You're going to make him so miserable? "

"First lady."

"Stop! No matter whether he is dead or not, don't touch him again. " Ni Yan's spirit collapsed. She listened to Ye Qiyuan's statement. She could almost imagine Xing liehan's serious injury. Her heart hurt so much that she couldn't recover. She rushed out of the door.

"Eldest lady....."

"Don't follow me. I don't want to see you now." Ni Yan said angrily and strode out of the door.

When she went to the hotel, Ni Yan walked towards the street. She didn't know where to go, but her mind was full of pictures described by Ye Qiyuan.

Xing liehan is shot. He is not far from the explosion

Ni Yan's regretful tears came up, and she stepped out of the sidewalk. Suddenly, a minivan with insufficient brake slammed into her.

Ni Yan feels great pain from her legs The car stopped and one of her legs was crushed under the tire

She opened her eyes wide. Next moment, she fainted

"Eldest lady....." Ye Qiyuan doesn't trust to follow, but what he sees is Ni Yan lying on the ground, one leg crushed and broken

Chapter 373

Ye Qiyuan picked up Ni Yan who had passed out. When his eyes saw the white legs under Ni Yan's skirt, they were already flesh and blood blurred, and his mind went crazy. He shouted, "take us to the hospital, take us to the hospital..."

A kind taxi driver immediately stopped by his side, opened the door, and ye Qiyuan shouted, "go to the nearest hospital, please go to the nearest hospital..."

The driver is very familiar with the road section. It's less than ten minutes. The driver is kind enough not to have his money. Let him send people to the hospital quickly!

Ye Qiyuan is flustered. He is flustered. It seems that this leg is his own. Even if he breaks his leg, he will not be in such a state of agony and fear. But this is Ni Yan, his most beloved woman.

The doctor hurriedly pushed the cart and sent Ni Yan to the operating room. Ye Qiyuan watched the door close tightly. His fist tightly grasped it. Then, an angry fist hit the nearby wall and made a painful cry.

Just now, when he came out, Ni Yan was still standing on the side of the road. However, it was not a green light, but Ni Yan walked into the road in a daze. Where could she see a small car coming? Ye Qiyuan saw Ni Yan's sorrow and fear happen in front of his eyes, but he could do nothing but see Ni Yan fall under the wheel.

He can't imagine if Ni Yan would go mad when she woke up and saw that leg.

At this time, the doctor came out and asked Ye Qiyuan, "Sir, are you the family member of this lady? The situation is very urgent now. The young lady's leg is broken. We need amputation. "

"No, doctor, please, please, please keep her leg. No matter what method you use, do you have to keep her leg?" Ye Qiyuan's eyes were red and his face begged.

"There's nothing we can do, sir. Even if the best doctor in the world comes to operate on this lady's leg, it won't work. If this leg isn't amputated, it may endanger her life." The doctor said with a heavy face.

How could ye Qiyuan not see Ni Yan's legs? His face flashed with intense pain and struggle. He begged the doctor, "please save her. You must save her."

"We have a document here that needs to be signed by the family. Please sign here immediately. We can operate immediately."

Ye Qiyuan looked at the document, and his face turned pale. He wanted to give up Ni Yan's leg in person. He took the pen and signed it with a little tremble.

When the doctor got the contract, he immediately turned around and went into the operating room to start the emergency cut-off operation.

The operation was close to five hours, and ye Qiyuan spent five hours outside.

On the operating bed, Ni Yan has changed into a sick suit. Anesthesia makes her whole person faint. Finally, she struggles to wake up from the sleep of consciousness. She opens her eyes and sees a group of doctors around her. She asks hoarsely, "is this a hospital?"

"Miss, you have an accident. Do you remember? This is the operating room. " The nurse spoke softly to her.

Ni Yan's mind immediately reflected what she had seen before she fainted. Suddenly, her eyes widened, and she went to see her legs in fear. She saw that one leg was in her pants, while the other leg, from the distance of one palm of her thigh, had disappeared, and she saw it.

"My legs My legs Where's my leg? " Ni Yan screams wildly.

"Don't get excited, miss

How can Ni Yan not be excited? She collapsed, she was crazy, she couldn't believe reaching out to touch the lost leg, hissing, "my leg, why is my leg gone Give me my leg back... "

Outside the door, ye Qiyuan heard Ni Yan's cry in the operating room. He asked anxiously outside the door, "what's the matter?"

After a while, Ni Yan was pushed out. In accepting the fact, she was already loveless. She was lying on the bed with a pale face. Tears rolled down her eyes.

"Eldest lady....." Ye Qiyuan looked at her painfully, but could not say a word to comfort her.

Ni Yan's mind is full of despair. She is such a proud and confident woman. Now, without a leg, her world collapses and her future becomes dark, as if there is no hope.

Abroad.

The wounded also experienced a baptism of death. Xing Lihan was accompanied by Tang Siyu. Even though he was hurt, he was not depressed. Instead, he was content to enjoy the mood at the moment.

It's almost a week since that incident happened. Xing liehan has been secretly investigating the maker of the incident during his recuperation. He thought it would be Xing Yan, but there was no movement in Xing Yan. Even though he couldn't do it himself, Xing liehan's solution is that he can't be so quiet after this incident. Waiting for him to recover, Xing Yan is a man who knows how to seize the opportunity, but this time his style is not like him.

If it wasn't Xing Yan, then who would hate him enough to want to get rid of him? What's more, it costs so much to kill him? Xing liehan had to investigate in a net way. As a result of the explosion, the police of r country was also alarmed. The prime minister appeared. The police immediately took over the investigation. Xing liehan was injured. This matter can only be investigated and evidence collected by the police first.

When Tang Siyu misses his son, he videos with the little guy. Xing liehan is wearing clothes. It's rare that he was hurt so badly this time, but his face is not damaged at all. It seems that heaven has a heart to cherish him!

In the video, the little guy also misses them very much and looks forward to their coming back to China soon. Xing Zhengzheng finds out something is wrong, so he calls Xing liehan and asks him what happened.

Xing liehan knew that he couldn't keep the truth from his father in the company, so he told him the story on the phone, but he hoped that his father would know. Don't tell his mother. Xing Zhengzheng was shocked by the phone call and confirmed that his injury was ok, so he came down.

At the same time, he will help to take care of the company, let him and Tang Siyu take good care of their injuries in other countries, and wait to find out the murderer and get a confession.

In the evening sky, just under some snow, the trees outside the window seem to be covered with a layer of light silver. In front of the floor window, beside the fire, and in the warm room, Xing liehan

reclines on the sofa, and a piano is placed beside it. Only when Xing liehan bought the Villa before, the piano was there. Because of the more classic style, he stayed.

Chapter 374

At the moment, Tang Siyu hasn't touched the piano for some time, and can't help tickling. Xing liehan's eyes are shining, and his eyes are full of affection. My ears are like a spring of piano sound, and his eyes are Tang Siyu's delicate and charming back, which reminds him of the time when he chased her.

It was the most anxious and joyful thing in his life, because from that moment on, his heart occupied her figure, making his life full of expectation and satisfaction.

Xing liehan is suffering from typhoid now. He doesn't move much. More often, he can only sit and rest.

Tang Siyu just stopped, Xing liehan clapped his hands and smiled at the corners of his mouth. "Come here."

Tang Siyu walked up to him. As soon as she was soft, she snuggled up to his uninjured shoulder. She took a cup of warm water beside her and gave it to the man.

Xing liehan reaches for her and locks her down. She is like his favorite toy. He can do whatever he wants at the moment.

Xing liehan gently raised her chin, and her thin lips were about to fall on her forehead. Tang Siyu raised his body with a smile, which made him kiss less hard. Now, she has to take care of his wounded mood.

A kiss, Xing lie's cold and deep eyes had a thick luster, and he suddenly sighed angrily, "I'm so depressed. Now I can only see, touch and eat."

As soon as Tang Siyu heard this, she reflected what he meant. She looked at him seriously. "This kind of thing must wait for you to get well."

Xing liehan put out his hand and gently put it around the tip of her nose. "What did I owe you in my last life? Owe you money or owe you life? "

Tang Siyu chuckled, "I owe you."

Xing liehan has a premonition that no matter what he owes her, he will give it back to her for the rest of his life, and he is willing to give it back to her.

"Siyu! Can you give me a bath later? I haven't touched the water for a few days. It's a bit hard. " Xing liehan pleads in a low voice. His wound can't touch the water at random. Therefore, the old master Xing, who loves cleanness, can't bear to take a bath.

Tang Siyu's pretty face is a little red, she also knows that even if the weather is cold again, it must be very uncomfortable to endure not taking a bath for the last week.

She lowered her eyes with some shame and did not refuse, "OK! I'll give you a bath. "

Xing liehan rubs her hair happily, lowers his head, kisses her again and praises her.

Tang Siyu put the water in place, but it was dry. Naturally, it could only be wiped. Tang Siyu also turned up the air conditioner in the bathroom, for fear that he would catch cold.

Xing liehan was wearing a thick robe. His tall body stepped in, and the bathroom felt a little bit oppressive. Tang Siyu watched him untie the strap of his robe, and she instinctively turned her back to him.

Behind him came the man's deep laugh, "excuse me?"

Tang Siyu bit his lips and said in the bottom of his heart, what's the shame? He and his son look like this. If you want to do exercises for him, think of it as a bath for your son! It's no big deal!

With such a relief, Tang Siyu turned around with a red face. Behind him, the man took off nothing, and Some things happen.

"Ah Can you... " Tang Siyu covers his eyes.

Xing liehan had no choice but to say, "No."

Twenty minutes later, Tang Siyu pushed the man out with a red face, because she was sweating all over and had to take a bath.

Such funny things often happen here. Xing liehan often "bullies" her because he is the wounded. Tang Siyu also thinks that he is the wounded and accepts his "bullying" by default. Anyway, Xing liehan is so injured now, and bullying is nowhere to go.

Ten days later, a good news finally reached Xing liehan's side. The police successfully locked a gang, most likely the killer of Xing liehan's assassination. Several road photos were sent to Xing liehan's hands.

He looks at some strange faces in the picture. These people are the professional killers of Huo servant. Who are their people?

At last, Xing liehan was shocked by one of the side faces in the fourth picture for a few seconds. This man, he seems to have met somewhere!

Xing liehan has the ability of never forgetting. As long as the people he has met meet again, he will never forget. And the men who go to a restaurant with these killers, he has an influence.

Xing liehan just narrowed his eyes slightly and pondered for a few seconds, then grabbed a trace of memories. This man is the man standing beside Ni Yan, who is Ni Yan's subordinate.

At the moment, the identity expressed by the police to him is also the person of Ni Yan's country, called Ye Qiyuan.

Xing liehan's chest was tightly clenched and his fist was clenched. He didn't expect that the person who gave him a cruel hand would be Ni Yan's subordinate. Did she want his life because of hatred?

It can be confirmed from the appearance of the killer found by the police that the man named Ye Qiyuan was the main culprit this time. Moreover, he was still at the scene of the crime and shot the mercenary. Now he has fled back to Xing liehan's country. In the afternoon, he received a phone call from the police chief. He said at that end that this incident happened in his own country and would certainly give him a confession. He was already negotiating and arrested Ye Qiyuan for trial.

Xing lie's cold eyes flashed a flash of rage, but he didn't expect that Ni Yan would send her men to assassinate him. Six years later, she changed, and she had a snake and a scorpion heart.

This matter has been interfered by the police. Xing liehan doesn't need to deal with it in private. Just give it to the police! Ye Qiyuan could not escape the legal sanction.

Tang Siyu knows it's Ni Yangan, and she is also angry. She only hopes that this incident, she and her subordinates will get the retribution they deserve.

Domestic.

Since Ni Yan lost a leg, ye Qiyuan has been taking care of her day and night, comforting her. Ni Yan never looked at this man more before. At this moment, she may have lost a leg. Her heart is often fragile and broken. Ye Qiyuan's careful company and meticulous care make her full of a glimmer of hope for life.

Some people need to be tested by time to find the importance of people around them. Ni Yan used to think that ye Qiyuan was a person who loved her, but he didn't deserve her.

Now, ye Qiyuan is the one who doesn't dislike her and loves her the most. She knows clearly.

But it's too late.

The police of r country were soon allowed to enter the country and arrest people. In addition, ye Qiyuan was not a native. The police of the two countries cooperated closely.

Ye Qiyuan is feeding Ni Yan medicine. Behind him, the door knocks and pushes open. Police from both countries are waiting for him outside.

Ye Qiyuan's heart was flustered. He didn't expect that Xing liehan would come here so soon.

"Qiyuan, what's the matter?" Ni Yan reaches out and grabs him, as if afraid of his leaving.

"Ye Qiyuan, you are suspected of killing Mr. Xing liehan by Huo servant killer, which causes very bad criminal nature. The evidence is conclusive. You will be taken back to country R and punished by law." The voice of the police officer was loud and dignified.

Ye Qiyuan droops his eyes, clenches his fists, watches the panic in his bed and relies heavily on his woman. At this moment, he really realizes what it's like to despair.

His favorite woman just lost a leg and needed his company and encouragement, but he had to face a disaster. Ni Yan covered her face with regret, "Kai Yuan, I'm sorry, I'm sorry I'm sorry. "

"I did it alone, and I'll take all the consequences. Miss, you're good enough to live. Don't give up." At the moment, ye Qiyuan really wants to kneel down and beg heaven to give him a few days to take care of Ni Yan again.

However, he did not have such a chance.

Ni Yan looks at Ye Qiyuan being detained by the police. Her heart regrets to the extreme. She shouldn't hurt Xing liehan. She should have accepted Ye Qiyuan's feelings. Now, everything can't go back.

Her leg is broken, and her position at home will be taken away by those greedy cousins sooner or later. Ni Yan becomes a loser.

Chapter 375

Ye Qiyuan was sent back to r country for trial, and Ni Yan's family members rushed to China to take her back to her country for further treatment. However, in just a few months, this beautiful lady fell to the end of her broken leg.

All this was her own fault.

She sent the man who loved her the most to prison, and wounded the man she had loved deeply into a serious injury, and her own life was miserable.

A month later, a plane from abroad landed steadily at a City International Airport. A pair of men and women stepped down from the plane. They were very handsome and beautiful. In winter, they just got off the plane and came cold.

As soon as Tang Siyu's body was cold, he folded his coat and had an extra arm on his shoulder. He took her into the man's warm windbreaker. Tang Siyu immediately stood up carefully and said softly, "don't touch your wound."

"Nothing!" Xing liehan gave a low smile, but he walked to the exit of the VIP passage for her to block the wind. Before Tang Siyu could see clearly, he heard a clear little milk sound, "Mommy, Daddy..."

Then, outside the passage, there is a small figure sitting in Xing Zhengting's arms. Who is not Tang Yixi's kid? Jiang LAN and Xing Yinuo are here too. They are all smiling to meet them!

Xing Zhengting looked at his son with good spirit and normal look. Finally, a heart fell to the ground. He never expected that his son would almost be in danger abroad in more than a month.

Tang Siyu also walked quickly to the entrance of the passage. The little guy came down from his grandfather's arms and ran straight to her. Tang Siyu leaned down and picked up the little guy. He hadn't seen her for more than a month. God knows how much she missed in her heart. As soon as he picked up, he couldn't help but kiss his young face.

"Mommy, I miss you so much." The little guy's mouth was flat and his eyes were red, as if he had been abandoned.

Tang Siyu immediately held him in his arms and patted his back. "It's Mommy's fault. Mommy will never leave for such a long time. Darling, don't cry or cry."

Xing Lihan reaches over. When the little guy immediately plans to go to dad from Tang Siyu's arms to hug him, Tang Siyu reaches out and hugs him. He is not allowed to climb to Xing Lihan's arms. "Mommy hugs you. Mommy hasn't hugged you for a long time. You're a little heavier!"

Xing liehan stroked the little guy's small head, lowered his head and kissed him in his soft hair. Xing Yinuo's clear voice came, "brother, sister-in-law, you are back!"

Tang Siyu's heart was slightly shocked. Xing Yinuo even changed her name. She was Siyu's elder sister before. Now she has become elder sister-in-law. Her face is slightly red, but she also accepts such a name.

Jiang Lan also came over. "Xiaoxi missed you, and finally came back."

Xing Zhengting wanted to pat Xing liehan on the shoulder, but I heard that his shoulder was hurt. For a while, he didn't know which side to pat. He pulled his hand back again. Then, he asked directly, "are you ok?"

"Dad, I'm fine." Xing liehan smiled and saw that his mother was not worried. It seems that his father kept the secret.

The family went home and sat in a very spacious business car. The family was talking and laughing. Tang Siyu was relieved and finally came back. She still liked to stay with her son.

Besides, she also wants Susie. She has time to make an appointment to get together.

Back in the villa, Xing Zhengting still found an opportunity to call Xing liehan into his study. Tang Siyu knew what they were talking about. She was brought out by the little guy to see how many plants and meat he planted. She planted them with Xing YINUO, which made him very successful.

"It's so beautiful, Xiao Xi is wonderful." Tang Siyu praised him with his mother.

In the evening, Tang Siyu brings the little guy to his side, sleeps with him, tells a story, and the mother and the son return to their previous lives. Tang Yixi sleeps in Mommy's arms, and has a small mouth of coke.

At eleven o'clock, the little guy fell asleep. Tang Siyu also carefully looked at his son's sleeping face, couldn't help kissing and kissing again, stroking his little head. In his eyes, maternal love showed itself.

At this time, she heard footsteps. As the door opened gently, Xing liehan came in wearing a set of pajamas. Tang Siyu was slightly shocked and said softly, "what are you doing?"

"Sleep!" Xing lie, with a low smile, lies down with his clothes gently beside the little guy.

"No, you're injured. What if your son takes your foot?" Don Siyu can't promise! Sometimes when my son sleeps, he doesn't behave well.

"Not afraid." Xing liehan is not worried! As long as I can sleep with my wife and son, I am willing to take ten feet!

"You..." Tang Siyu can't help him.

"I can't sleep without you around me." Xing lie's voice was hoarse and cold. Her eyes were like thick ink, which locked her. At the same time, they fell gently on the little guy's face.

The feeling of a family of three is really realized at this moment.

Tang Siyu didn't catch up with him either. He just grabbed his son in his arms and said to him, "sleep over here and cover the quilt."

Xing liehan immediately slept obediently and covered the quilt. Tang Siyu dimmed the light and turned it to the best dark sleep light. She blinked, kissed the little guy gently on his forehead, looked through the little guy and stared at the man around him. Xing lie's cold mouth has been bending charming smile, in such a cold night, his eyes seem to warm to people, Tang Siyu in his eyes, hugging his son, fell asleep peacefully.

On a cold winter night, it's really a lack of warmth for a single dog. Suxi runs back home to sleep because wenlichen is on a business trip.

Her relationship with her parents was not easy because last time her injury eased, and she also came home more often. Her sister ran out every day, and her daughter would come back to spend more time with her family.

Now, Susie is totally out of work. Naturally, wenlichen doesn't want her to pick up the script. However, the advertisement will take several for her after the new year, and all of them are first-line big brands. When the contracts between big brands and other artists expire, all of them will fall on her.

This makes her more and more proof of one thing, there is a entertainment boss boyfriend, many benefits.

Now it's December, and the new year is coming soon. She looks forward to a different new year.

Tang Siyu came back and had a rest for three days before entering Tang's group. Qiu Lin has had a lot of business in recent years. In addition, Han Yang submitted the report of the business department every day, and there was no loophole. Qiu Lin didn't say anything. When Tang Siyu came back, Qiu Lin became nervous.

She is not afraid of Han Yang, but she is afraid of Tang Siyu. However, what Qiu Lin should be afraid of is Xing liehan's first special help to Han Yang.

Qiu Lin calls Tang Siyu to her office directly. Tang Siyu looks at Qiu Lin's face and hides all her resentments and faces her calmly.

She was waiting for one day to send Qiu Lin to prison to repay all her sins.

"Siyu! Have a good time abroad! The company is not busy now. It doesn't matter if you don't come back to work. " Qiu Lin laughed, and Tang Siyu was in front of her, always making her eyelids jump.

"I will come back to work." Tang Siyu's voice is light.

"Han Yang is very good. He has done a very good job. I'll give him a raise!" Qiu Lin laughed, but she liked Han Yang's work efficiency.

"Oh! By the way, I forgot to say that the company has an annual meeting. Would you like to attend?" Qiu Lin asked with a fake smile.

"I don't have time to go." Don Siyu doesn't like to take part in these.

"There's nothing to do, so go back to work!" Qiu Lin pretends to be very busy looking through the information on the table.

Tang Siyu turns around and comes out. She goes to a balcony where her father used to like smoking very much. She stands for a while. Her father used to like smoking, but he doesn't smoke in the office. Therefore, this balcony has become the place he often comes to. There is also a chair here. At the moment, the chair is gone, but it's very cold.

Tang Siyu went to the elevator from the balcony. When he got to the elevator, the elevator door opened. Qiu Lin's assistant Xiao Xie led a man with a fierce face inside.

Seeing Tang Siyu, Xiaoxie's face was obviously a little alarmed. She said to the man in the elevator, "don't come out soon."

The man looked at Tang Siyu and his eyes lit up immediately. Greedily, he stared at her and asked, "there are so many beauties in your company."

"Don't talk." Xiao Xie gave him a warning.

The man muttered, "I am your chief guest."

When Tang Siyu happened to enter the elevator, she heard this sentence, and an idea came to her mind. Qiu Lin likes to make some rich and powerful friends. Now, this sloppy man dressed casually and with a beard even claims to be her distinguished guest.

If it wasn't for Qiu Lin that she had something to do with this man, or if it wasn't for him, this man would be very important to Qiu Lin. Qiu Lin didn't even want to see a man like him.

Tang Siyu immediately thought that Li De, the former doctor in charge of his father, had fallen into the river and died. Needless to say, Qiu Lin must have done it. Did that man have anything to do with this?

Or is he Qiu Lin using bribes outside? Tang Siyu's heart strings tighten. Sure enough, staying by Qiu Lin's side, she will surely grasp some of her evidence and handle.

She went back to the office and called Han Yang to his side. She asked him to stop his work, wait downstairs, track the man and find out his name and occupation.

Han Yang agreed without saying anything. He went downstairs to wait.

And upstairs, in Qiu Lin's office, Qiu Lin looks at the messy man sitting on her noble leather sofa with disgust. She rings her arms and says, "didn't I say that? You can ask for money, but you can't appear in my company. "

"I would not have offended you if it was not for Mr. Qiu that you were hard to find."

"We agreed last time, and how much did I pay you that time? That's enough for you." Qiu Lin stared at him coldly.

The man circled his arms and raised his legs. "Yes, you gave me a lot of money last time, but I also spent a lot of money. I thought it would be less than a year. President Qiu is the female president of this company. I am in many newspapers! Magazines! On the news! I saw your interview. It's called one person scenery! "

"Shut up! Don't do this, you say it! How much do you want this time! " Qiu Lin's face was tense. She was eager to get rid of Li De last time. She thought she found a useful killer. Unexpectedly, she was caught by him.

Now sitting in front of her is Zhang Sheng, a ruthless person who specializes in disaster relief. However, this person has no professional ethics. He thought that he would be paid for one time. Unexpectedly, he called a week ago to ask for a second sum of money.

Qiu Lin naturally intends to deal with it coldly, but who knows that this man has come to her office.

She had to be frightened, and the police dealt with it carefully.

"It's the same as last time, 50 million yuan, not less. President Qiu, although I killed people, I killed people according to your order. Don't you think I don't know why you killed that doctor, because you want to kill your husband and sit in the position of President?"

"You talk nonsense." Qiu Lin's face was livid.

Zhang Sheng laughs and is very proud. "President Qiu, you know better than me, and I will not expose you. As long as I have money in my hand, my mouth is very strict."

"You are not afraid to expose yourself. Do you have to bear the consequences?" Qiu Lin also threatened him. "I'm different from President Qiu. You have a company, a staff, a family and a daughter. I don't have anything. I can die anywhere." Zhang Sheng faced her with a rogue face.

Qiu Lin's head is really big. 50 million yuan. If she gives it this time, Zhang Sheng will have a third and fourth time. Then she will always spend money to support the waste. She doesn't want to do this.

"I can only give you ten million at most. I don't have so much money in my hand." Qiu Lin replied gnashing her teeth.

Zhang Sheng flashed over, "ten million is too little, twenty million."

"You..."

"If you don't, then I'll tell you what you told me to kill Lide. I'm not going to be OK then. Don't think so."

Qiu Lin was really worried about this. She said with clenched teeth, "OK! I'll give you 20 million yuan. You'd better not show up in front of me again. "

"It depends on how long it's taken me."

"Don't look for me again."

Zhang Shengneng has got 20 million yuan, which is enough for him to be cool and unrestrained for a period of time. He has to say, "OK, give me 20 million yuan first, and then we will talk about it."

"Go away! I'll charge you later. " Qiu Lin shook her fist and turned white with rage.

Zhang Sheng took a piece of paper with a string of bank accounts written on it. He put it on the table and knocked twice. "Don't type it wrong. If I don't see the money, don't blame me."

Zhang Sheng is in a good mood when he gets the money. He goes to the elevator and looks at the brilliance of Tang Group. He thinks that this is his ATM in the future.

Zhang Sheng came out and drove away in an off-road vehicle. Behind him, Han Yang's car immediately followed.

Chapter 377

Tang Siyu stayed in the office, waiting for Hanyang's news. Hanyang was following the man, and did not know if he would encounter any danger.

She called Xing liehan. Xing liehan comforted her there and told her not to worry. Han Yang is a person who knows how to be careful.

Nearly an hour, finally, Han Yang called Tang Siyu.

"Miss Tang, I followed this man. He took a sum of money out of the bank and went into an underground casino. Maybe he gambled in it."

"Did he take a lot of money?"

"Look at him carrying a bag, at least half a million!"

Tang Siyu thought to himself, this man is a type of man who doesn't do his job. But he has so much money to gamble. It must not be earned by the real business. Is it Qiu Lin?

"Han Yang, can you find out his identity first?"

"I've already taken his picture and asked my friend to look it up for me. I think there will be news soon."

"Good! Come back first! We can look it up slowly. " Don Siyu said to him.

Tang Siyu didn't control the financial power this time, because she wanted to sneak into the business department first, but at the moment, if she could control the financial power of the company's financial department, maybe she could find out what, how much did Qiu Lin give the man? If the amount is huge, maybe she will go to the company account.

Tang Siyu sighed. She couldn't help but think of Xing liehan and wanted to ask him if he could help.

She got through to him again.

"Hello! Han Yang just told me that I think your intuition should be right. " Xing liehan picked up the phone at that end and praised her.

Tang Siyu also believed in her intuition. She sighed, "if I can hold more evidence, maybe I can be more sure about this matter."

"What more evidence do you want?"

"I think the value of a human life will never be low. This man wants more from Qiu Lin. Qiu Lin will not leave so much money in her own account. Maybe she will make money from the company account."

Xing liehan praised again at the other end, "your analysis is good, it's very possible."

"I knew that I should have gone to finance so that I could handle every expenditure."

"Don't worry, if you want to know, I have a way." The voice of Xing liehan is confident.

Tang Siyu was immediately happy. "Do you have any way?"

"Of course, it's not difficult to invade your company's internal network. As long as you find experts, you can unconsciously check your accounts."

Tang Siyu is relieved. With his help, this matter will become more attractive. She can't help laughing and said, "how can you help me?"

"Call me husband, I'll tell you!"

Tang Siyu chuckled. At this time, she threatened her. She had to cry out sweetly, "honey, help me."

"Yes, my wife." Xing liehan also replied gently.

Tang Siyu is sitting in the office, no one is around, but her face is still slightly hot. She puts down the phone, and after more than 20 minutes, Han Yang comes back with a young man beside him.

That man is wearing a pair of glasses, very polite, but at the same time, the light in his eyes can not be underestimated. Tang Siyu understands that he is the hacker sent by Xing liehan!

"Manager Tang, this is my friend," Han said

"Hello." Tang Siyu smiled at the man. The young man knew her identity and immediately greeted her respectfully, "hello."

"OK, Xiaohui, let's do something first!" He said.

Tang Siyu watched them enter the office, she thought, hoping to get Qiu Lin's evidence.

Qiu Lin is now in the office. The manager of the finance department comes to her with a report and says, "Mr. Qiu, the information you want."

Qiu Lin nervously took the information and said to the manager, "don't make a statement about this matter. You can make an account of the money so that no one can find it."

"OK! President Qiu. " The manager of the finance department can stay here, that is, he is in charge of some unknown data of Qiu Lin's expenditure. Now, he has a high salary, but it's nothing to do a fake account for Qiu Lin.

Qiu Lin watched people go out. She couldn't help but breathe a sigh of relief. Now the money is made out of the company's accounts, so she doesn't need to use her own money. Now the company is in her hands, and none of the shareholders cares about it. Therefore, her general and larger expenses can be reimbursed in the company's accounts.

But this 20 million account, she still needs to be careful.

Connected to the company's intranet, Xiaohui's hands quickly knocked on the jianpan, cracking the computer firewall of Tang Group, and soon entered the archive of financial expenditure statement. He quickly called out the annual account expenditure report, copied out the documents, and finished the work.

On Tang Siyu's computer, Han Yang sent a copy to her. Tang Siyu didn't expect Xing liehan's people to work so efficiently. She reached out and opened it. Today, there are more than one hundred big and small expenditure settlements. Tang Siyu once looked at it, there were more than twenty three hours ago. Among them, there was an expenditure of 20 million yuan, which made her pay special

attention. In general, there is seldom such a whole amount of customer expenditure. The money seems to be different, and the address of a customer is written on the back.

Tang Siyu immediately searched the list of all customers in the computer, and it turned out that there was no such customer. It was clearly a short customer. Tang Siyu didn't think of one of his own temptations, so he caught Qiu Lin's evidence of making false accounts.

In the evening, Xing liehan's sports car picked her up downstairs as promised. Tang Siyu made a bill and was going to go home with Xing liehan. She was not good at reading the accounts.

Tang Siyu's heart strings are tight. If she can find the murderer of Li De, she will go forward step by step. One day, she will personally send Qiu Lin to prison.

When Xing liehan was waiting for the traffic light, he looked at the way she looked down at her eyes and thought. His eyes flashed a touch of heartache. He reached out and stroked her head. "Well, don't always think about it, but also relax properly."

Tang Siyu chuckled, "Hmm! I will. I'll go back just in time. I can go out for a walk with my son. "

"Well! Good. " Xing liehan chuckles.

Arriving at Xing's house, Tang Siyu takes the little guy with him. The little guy holds the ball in his hand, and Xing Yinuo begins to play in the garden with his snacks.

Xing liehan was just about to come out when his mobile phone rang. He picked up the phone and saw it was from country M. his face was slightly heavy. Country m would only call him alone.

His eyes were cold, almost three feet. He walked to the corridor beside him, and at the same time he picked up, "Hello!"

Chapter 378

"Fierce cold, it's me..." That end is Ni Yan's weak voice.

Xing lie said coldly, "what's the matter?"

"Liehan, I'm sorry I'm sorry. " That clue Yan cries a way.

Xing liehan is silent, and ye Qiyuan is her person. What ye Qiyuan does, she can't get rid of the relationship. After this incident, everything between him and her is completely clear.

"Liehan, I'll say sorry to you instead of Qiyuan..."

"Please tell him that he will never leave prison." Xing liehan's voice was cold.

"Fierce cold I broke a leg I broke a leg I paid the price, I hope you can forgive me..." Ni Yan sobbed.

Xing liehan's eyes didn't fluctuate at all, and he snorted, "Ni Yan, from now on, don't disturb my life again, but what happened to you and what price you paid has nothing to do with me, but if your people dare to fight against me again, I will be rude to you and your family."

Heavy falling sound, Xing liehan presses the mobile phone to disconnect.

Tang Siyu's eyes looked from the direction of the garden towards him. One second before his eyes were still icy and snowy. The next, when he touched Tang Siyu's eyes, he was as gentle as water. He walked towards her and her son.

When Tang Siyu came in front of him, he couldn't help asking, "whose phone was it just now?"

"Company phone, nothing important." Xing liehan chuckles.

Tang Siyu is not a fool either. She looks at him with her head askew. "Don't panic me. Tell me the truth."

Xing liehan looked at her with a slight look. "If I tell you when to panic, it's kind. I just don't want you to know something about it."

"Nothing! My heart is very big. I don't block it. Let's talk!" Tang Siyu didn't force him, and he still had a smile on his lips.

Xing liehan locks her, to be honest, "Ni Yan called."

"Oh! What did she say? " Don Siyu blinked, didn't guess, and waited for him to continue.

"She apologized to me and said she paid for one leg and asked me to forgive her." When Xing liehan mentioned this, he didn't look good.

Tang Siyu's tone was not sympathetic. "I just want her to stay away from our life."

Xing liehan reached out his hand and gently took a look at it. He murmured, "I will never let her near us again."

With the assurance of this sentence, Tang Siyu no longer thinks about it. Ni Yan broke a leg. No matter how it was broken, people who do evil have their own retribution from heaven.

Suzhai.

Susie had dinner, the first thing is to call a man, but she has to hide in the room to call, although her father has no objection, but those sarcastic love words, she did not dare to say in front of her parents.

When SUSIBA made a phone call, he waited for the person at that end to pick up. At this moment, Wen lichen's country is only in the afternoon, and he should be able to receive it.

"Hello!" The low magnetic male voice rings out unexpectedly.

"Hello What are you doing! " Sushi put her cell phone close to her ears again. Listening to the man's voice is a kind of enjoyment.

"No! Just after the meeting, I'm going back to the hotel. How about you? "

"Of course I am at home! In my room, you must come back tomorrow, don't you! " Susie's cheeks were bulging, as if she were complaining.

"Be sure to return." Wen lichen gave a positive answer.

Sushi could not help bending up a smile. "OK, I'll wait for you to come back."

"What shall I do when I come back?" The man immediately asked hoarse questions.

Susie choked a little, for a moment.

"Will you surprise me when I come back?" The man asked again.

"Er ok What surprises do you want? "

"It's better to give me something substantive, such as A dinner, a kiss, or, send yourself. " The charming voice line is intoxicating.

Susie blushed across the microphone. She turned over and looked at the ceiling. Her mouth turned up! If you can stand in front of me before 3 o'clock tomorrow afternoon, I will give you a surprise. If you exceed, there will be no! "

Sushi also wants to cheat, which is also a very able request! There must be a private plane. I don't want to fly.

"To cheat." Wen lichen gave a low scolding.

Sushi smiled smugly. "It's just cheating! Do you want a surprise! If you don't, I can't help it! "

"Hum, is it dare to be presumptuous across the phone?"

"You are right. You are so far away from me anyway. Even if I offend you, you can't do anything to me!" Susie laughed even more triumphantly.

"Wait, I'll go back and treat you well."

"Wait!" Su xihehe smiles. At this moment, she hears the charming female voice coming from wenlichen's side. Wenlichen seems to be communicating with her through the phone. On this side,

Susie's ears immediately stand up. Is there a woman around him? Didn't he go back to the hotel? How can I have women around me?

As a woman's sixth sense, Susie immediately narrowed her eyes. Is this man on a business trip with some beautiful gentle secrets around? Hateful.

"Why don't you talk?" At that end, Wen lichen asked.

"Cough You go back to the hotel! How about we have a video? I'd like to see your hotel room. " Sushi made a plan.

"Good! I'm still in the elevator. "

After a while, Su Xi hung up the phone and opened the video. Wen lichen opened the video. Su Xi's eyes immediately showed a beautiful and charming face, and she appeared in the video with a plain face facing up to the sky. She immediately felt that she was covering her face, only showing a pair of eyes looking at Wen lichen's room.

"What are you doing? Let me see. " Wen lichen asked in a funny way.

"No makeup, no confidence, let me see your hotel! Let go. " Susie wants to find clues in his room. If there is a woman in his room, there must be something female.

Wen lichen is speechless, and turns the video to a new direction for her to enjoy.

But I don't know. Sushi's serious face appears in the video. Her pure and lovely plain face, together with her detective like eyes, all fall on the man's eyes. He can't help laughing, "what are you looking for in my room?"

"Find women's things." Suxi blurted out, and then she hurriedly covered her mouth, a little annoyed, "I'll see the decoration..."

Wen lichen now understands why it's not good to make a good phone call. Video is necessary. Does this woman doubt that there is a woman around him?

"Then don't look. You can't find it."

"Why?"

"Because I don't have any women around me." Wen said firmly.

"Really? Which woman were you talking to? "

"Hotel attendant."

Sushi immediately hid his face and said, "Oh! Then I'll turn off the video. "

"Wait, I haven't looked at you well. Take your hands off me." Wen lichen's overbearing order.

Sushi had to move his hand a little bit, and then, with a delicate white face, he stared at him. He stared for a few seconds and said directly, "I miss you."

In the video, sushi is stunned for a few seconds, and then, shyly, comes closer. "I miss you, too. Goodbye."

Finish saying, hang up, look down again, she can be flesh and blood.

Chapter 379

In the evening, Xing liehan had a look at the internal accounts of Tang Group. With his eyes, he saw the problems in the accounts in a flash. However, the 20 million yuan was typed out this afternoon, so Qiu Lin must have given him a sum of money to stop the man's mouth.

In addition, there are some abnormal accounts, which also make Xing liehan suspicious. However, this is the internal bill of Tang Group. You can keep it first. In the future, Tang Siyu can question Qiu Lin as the second shareholder.

But this 20 million bill is definitely problematic.

"Twenty million yuan. This money is absolutely not small for an ordinary person. If it wasn't for killing people, Qiu Lin would never allow a huge sum of money." Tang Siyu is sure, so it's a hopeful thing to lock the man.

"When Han Yang finds out the identity of the man tomorrow, we will make a good plan to let him tell him what he has done and let the police investigate."

"In this case, the man may shake out Qiu Lin, and Qiu Lin will also be involved. It's not difficult to pull her." Tang Siyu's hands clenched their fists consciously. No matter what, she must pay a price.

Xing liehan holds her hand gently. "Don't worry, her retribution will come soon."

Later, because Tang Siyu hasn't fallen asleep yet, the little guy by his side has already fallen asleep. Now, the little guy has been separated for about a month, and he's stuck on again.

Children and mothers have an inseparable blood relationship, so children rely more on their mothers than anyone else.

Tang Siyu takes a look at her son's innocent and lovely face and sighs. If Qiu Lin is solved, she really doesn't want to be a person full of resentment. She wants to stay with her son and live a peaceful and happy life as before.

This evening, Xing liehan didn't come here to sleep. He had a foreign video conference later. He didn't want to disturb their mother and son.

Early morning.

Han Yang reported a good news. The man's identity has been found out. His name is Zhang Sheng. He is a man who has no serious work. Moreover, he has a criminal record of hurting people. He is also a man who used to be a soldier in his early years and has the ability to kill people.

Tang Siyu is almost certain that Zhang Sheng is to help Qiu Lin solve the murderer of Doctor Li De, and Li De is the murderer who killed her father together with her, so Qiu Lin's hands are equal to holding two lives.

Tang Siyu already has a goal, so the next thing to do is to let Zhang Sheng plead guilty. However, this man is tough at first sight, and he will not admit to killing people so easily.

In addition, Li De's case was closed six months ago. He dealt with it by accident. He wanted the police to overturn the case, unless new evidence appeared, and he wanted to pry open Zhang Sheng's mouth. He was afraid that it would not be so easy.

At this time, don Siyu doesn't want to save money. She wants to lead out this case one by one. Before that, she should first check the company's accounts and slowly extend them to Qiu Lin's account.

Tang Siyu believes that in her current status, she has the right to ask about the company's accounts. She only needs to ask the financial department to make a bill while Qiu Lin is not in the company.

Qiu Lin's itinerary is only in her assistant's hands, but it doesn't mean that Tang Siyu can't hold it. Qiu Lin's car is in the garage, with a special parking space. Tang Siyu asks Xing liehan to send a bodyguard to squat down and find out her whereabouts.

Although Xing liehan wants to come out for her and solve this problem quickly, Tang Siyu doesn't want him to mix too much. The most suitable person for this problem is herself.

Xing liehan's bodyguard reported at 11:00 at noon. Qiu Lin went out. Besides, the bodyguard followed her all the way back to Xing Yan's home. It seems that Xing Yan's return happened to be on Xing liehan's side. So, it seems that the newlyweds of the two men and women have been separated for some time. This time, they should stay for a while.

Han Yang did a little more to guide Liu Sheng, the general manager of the finance department, out. At this moment, the speaker of the finance department is not there. People like Qiu Lin won't get too many confidants. I believe that Liu Sheng is the only one working for her in the finance department.

And the rest of the staff, or dedicated staff.

Tang Siyu suddenly appeared in the financial department, which made the whole department immediately rigorous. Because it was reported that Miss Tang and Qiu Lin were competing in the court, Tang Siyu became a stern person in their eyes.

Tang Siyu stood in the office, her eyes scanning the staff, she said, "now who is in charge of the financial department?"

"The general manager is out."

"Who is his manager now?"

"Miss Tang, what can I do for you?" A middle-aged man stepped forward nervously. Although he was in his early forties, he still didn't dare to look Tang Siyu in the eye.

Tang Siyu's face didn't soften, but he was still on business. "I want to see the detailed financial expenditure report for the whole year in ten minutes, and send it to my office later."

"Miss Tang, is this a matter approved by President Daqiu?" The middle-aged man still knows that Qiu Lin is in charge and dare not offend. Tang Siyu chuckled, "what? Do you think I'm not qualified to read these materials? "

"No, the finance department always listens to Mr. Qiu, so I'm just asking for a routine question. "

"If the report is not on my desk in ten minutes, you can go away today." Tang Siyu's voice line didn't give him a way back.

This man is also the deputy manager of the finance department. When he heard this, he was scared to death. He finally got into this position, but he couldn't be cut off like this.

"OK! I'll send someone to print it out and send it to Miss Tang's desk. "

Tang Siyu turns around and leaves. The people behind are all relieved. Before, they only knew the existence of Tang Yiyi. Unexpectedly, there was another eldest lady in Tang's group. Moreover, seeing her today, although she was beautiful, she was even more dignified.

Tang Siyu went back to her desk. She was so severe just now. Just to prove her position here, she also wanted these people to fear her and not dare to make any small moves below.

Ten minutes later, an assistant came in with the financial expenditure report of the whole year. Tang Siyu opened it, which was not different from the one he saw last night. It was obviously not a deleted version.

Last night, Xing liehan circled out a dozen different accounts for her. At this moment, she handed them over to Han Yang to check. It must be that this is the business department. It's the most convenient to contact customers. As long as the existence of these customers is confirmed, the expenditure will be effective. Qiu Lin is very smart and uses the name of the shell company to enter the money. This is commercial fraud.

Chapter 380

Tang Siyu sat in the office, behind her, her assistant sent her a cup of coffee. After entering the company for a few days, she also found out the development rules of some companies. She didn't have so much difficulty in contacting documents. She suddenly regretted that if she had entered the company earlier to help her parents, she would not have given Qiu Lin a chance to poison her hands.

At noon, around two o'clock, a handsome man stepped out of the airport. Wen lichen's assistant gave him the car key. "President Wen, won't you go back to the company?"

"No! I have something important to do. " Wen Li Chen's eyes were sharp, and there was a trace of expectation. He raised his watch and looked at the time. The corner of his mouth raised a smile.

For her sake, he had to get some practical rewards when he got out of the meeting to catch the plane!

Wenlichen's sports car sped off in the street, heading straight for the direction of Suzhai.

Sushi can't stop painting a play today. She admires the heroine's acting skills. She brushes and eats with a little snack. She completely forgets the casual promise of last night.

Besides, she is sure that Wen lichen will not come back.

She giggled a few more times, attracted Li Qian to push the door to come in to hear, can't help but look at her a few eyes, however, the mother's love at the bottom of the eyes all shows.

"I've cut you fresh fruit. Don't eat it with snacks. Eat fruit!"

"Thank you mom. You're so kind to me."

"You're my daughter. I'm not good to you, to whom."

"That's very kind of you, sister. I'm not so lucky! How happy! " Susie smiled smugly. The next time she called her sister, she must show off her position at home.

Li Qian is amused by her ancient spirit, but her eldest daughter is too mature and steady, and she doesn't stick to her as she was when she was a child. Instead, her younger daughter has returned to the role of a child, and she depends on and sticks to her.

"Mom, you too." Sushi took a fork and put it into her mouth. Li Qian was also happy to be fed. Then she was worried. "Where is Li Chen, Sishi? Why don't you contact him? I don't think you're going to be divided! "

After learning Wen's identity, she is worried. Her daughter is just a small artist under his company, and he is a big boss. What if he doesn't see her?

Now even her husband has no problem with Wen lichen. She doesn't want such a good son-in-law to run away.

"Mom, he's on a business trip. Maybe he'll come back tonight!" Suzy is not sure.

"Heathy, you've got to get in touch."

"Mom, what are you worried about! Are you still worried that he doesn't want me? " Sue asked with a smile.

Li Qian was really worried about this. She nodded, "of course, to be honest, Li Chen's family background is so good, and he is handsome. How many women like him!"

"Mom, do you think your daughter is not beautiful enough to match him?" Suzy was speechless, how could she have arranged her daughter like this!

Li Qian looks at her and says, "you're not bad, but Li Chen is too good. I'm afraid of you! I can't catch him. "

"If you can't catch it, you can't! He doesn't want me, and I don't want him either. " Su Xi said with her cheeks bulging, but after that, although she was addicted to her mouth, her heart was a little stuffy, as if Wen lichen really would not want her.

Li Qian didn't want to say anything, and said to her, "don't eat too much, be careful to eat fat you."

I'm afraid that I'm fat, and I'm even more unworthy of it.

Suxi watched her mother go out with a silent face. She breathed a sigh, picked up the snack, just delivered it to her mouth and threw it back. No way, she can't become a woman who can't match Wen lichen.

She's going to give up snacks.

Just then, suddenly her cell phone on the desk rang. She picked it up and looked. Who is Wen lichen?

Her heart beat immediately thumped, and she quickly picked up, "Hello! Are you back? "

"Remember what you said last night?"

"What did I say last night?"

"If you can stand in front of you before 3pm, you will reward me!"

"But you Didn't you come back? " Susie squinted, feeling a bad foreboding.

"You stand at the window and look into the yard..."

Before he finished speaking, sushi had rushed to the window and pushed it open. Then she saw a handsome and slender body standing there, calling and smiling at her.

Susie covered her chest excitedly, and he really came back.

Li Qian also came out, "here comes Li Chen, come on, come on in, come on Heathy is upstairs. "

Wen lichen received the phone, smiled and said to her, "aunt, long time no see."

"It's been some days. I miss you so much. Have tea!"

"Let me see heathy first!" Wen lichen can't wait to see her.

"She's upstairs. Go up!" Li Qian is also happy and relieved. Wenlichen stepped upstairs step by step. Sushi had rushed back to her room and was washing her face in the bathroom. When she was just about to change a nice dress, there was a knock outside the door.

And she is still wearing a winter Pajama, bought by her mother, so, of course, it's not fashionable. For people at the level of mom, it's enough to keep warm.

Of course, keeping warm is a bar, so Susie has been wearing dark red pajamas since she got up in the morning.

"Wait..." Susie tried to save her image, and the gate was unscrewed.

She hurriedly covered the pieces that had just been untied, and hurried back. Outside the door, there was a man in a black suit, a pair of big boss figures just pulled out of an important meeting, which formed a contrast with her.

This makes Suxi really have a kind of resentment that will be abandoned by this man at any time.

"Why don't you let me change clothes and come in again." Suzy asked in silence.

Wen lichen looked up and down at her around her arm. "I think it's good. Why do I need to change it?"

Susie blinked, seriously doubting his appreciation, but her heart was sweet.

Wen lichen looked down at the time on the wristwatch. "It's ten minutes before three o'clock, so I did it. What about my reward?"

Sushi didn't expect a funny remark last night to make him take it seriously. She was at a loss immediately and didn't know how to award him.

"I haven't thought about that, or I'll treat you to dinner tonight." Susie felt that seeing him, she wanted to invite him to dinner.

Wen lichen shook his head and said with dissatisfaction, "please treat me to dinner every day. You're not tired. I'm tired. I'll have something fresh."

"Then I Please Sing. " Su Xiqiang squeezed out a word.

At this time, I saw Wen lichen close the door tightly, and his strong body oppressed him. "I'll ask for the prize myself!"

"You You have to Well Susie was drummed directly on the wall by the man.

Suxi is so regretful that she will never talk big again, because there seems to be nothing that this man can't do!
