

Unassailable CEO Daddy

Chapter 51

This kiss is fiercer and stronger than before.

Tang Siyu's brain was dizzy and obviously frightened.

The man let her go and stared at her.

"You see, I dare not!" Xing lie's handsome face suppressed his deep anger, which was obviously the kind of person who could do it.

Tang Siyu's face turned red with rage, but he stared at him. He didn't dare to contradict.

In the room, Tang Yixi moved a small chair to see what daddy and mummy were doing. Unfortunately, they avoided the cat's eye, so he could not see anything.

At this time, Tang Siyu pushed the door in, saw her son standing behind the door, tall, she was shocked.

"Xiaoxi, what are you doing?"

"Mommy, what are you talking to Daddy about? Why don't I hear you? " Tang Yixi asked in some confusion.

Tang Siyu's face was still red at the moment. She hurried to the kitchen and said, "nothing."

"Can I go to daddy's house later?"

Although Tang Siyu hated this man deeply, his son must be his son. He was right. The more she hindered his son, the more unhealthy his mind would be.

She should believe that even if he gets along with this man, his favorite thing is himself.

"OK, you can go after the drumsticks." Tang Siyu compromises, she is in the kitchen, taking water to wipe her red lips severely, she does not want to leave any breath of that man on it.

The little guy took his three drumsticks and sat on the sofa. He ate fast because he wanted to see daddy's house. After eating, he ran to the washstand and washed his hands. He said to Tang Siyu, "Mommy, I've gone to find daddy."

Of course, Tang Siyu is not sure. The corridor is still unsafe. She comes up, opens the door, watches her son go out, and weighs her feet to ring the doorbell.

Tang Siyu stared at the door and was very angry.

Very shutter opened, Xing lie cold hook lips a smile, welcome son to come in, raise eyes to see her, directly recovered cold.

Tang Siyu said to his son, "come back for dinner in half an hour."

"Well! Good! " The little guy promised very well.

Tang Siyu closed the door tightly. She was really angry to think that she had been directly taken advantage of by this man in the corridor just now.

Tang Yixi's children looked at daddy's big house and made a beep directly. Daddy's house is so big! Moreover, they are all open, without any walls to block them, and the panoramic floor to floor windows are so beautiful!

Xing liehan ' 。

"Daddy, your house is so big!"

"Like it? You can come and sleep with me later in the evening. " Xing liehan's main purpose of settling down here is to facilitate the establishment of feelings with his son.

"Well! I will. I will come and sleep with Daddy. " Little guy also wants to be close to Daddy.

"Daddy, are you going to my house for dinner later?" The little guy suddenly thinks that daddy is a man. He can't cook!

Xing liehan thought for a moment. In the future, his dining here is really a problem. He doesn't like people entering his room, so he must discuss with the woman opposite him well. In the evening, he can go to her house to eat with his son, and he can pay her the meal fee every month.

"Daddy, you don't have to cook in the future. You can go to my mommy's place to eat every day! She has made a delicious meal! " The little guy invited him.

"Good." Xing liehan thinks that his son's proposal is good. Now, it's necessary for him to call this woman.

At the moment, Tang Siyu is busy in the kitchen. Suddenly, she hears the phone ringing. She frowns. Hasn't Suxi left yet? Will you come back for dinner?

When she picked up the phone and looked at it, her face changed immediately. It was the man opposite. She thought it might be her son, and she picked it up.

"Hello!"

"Cook more dishes. I'll come over with my son later." A low, commanding tone came from the man.

"You think so." Tang Siyu replied directly and hung up.

Just into the kitchen, Tang Siyu was so angry that he almost cut vegetables to his fingers. Where did this man come from? Want to eat in her house! No doors!

Tang Siyu continues to cut vegetables, but she usually makes two more dishes in the evening, which is convenient for her son's stable balance. However, she absolutely does not allow this man to come here to eat.

Half an hour later, she heard the doorbell. She came to open the door quickly and saw Xing liehan standing behind her son. When his son stepped in, his long legs followed him.

"Hello! You are not allowed to come in. " Tang Siyu refused him directly."Mommy, daddy is so poor. He has no one to cook for him. He will be hungry. Please, let daddy come to us for dinner!" Tang Yixi's children immediately used the pitiful image, holding Tang Siyu's thigh and pleading.

"He's rich. He won't starve to death." Tang Siyu bends down to comfort his son. It's best to starve him to death.

Xing liehan squints his eyes, but in order to stay with his son for a long time and solve his dinner problem, he needs to communicate with this woman.

"Don't worry, I'll pay you the meal fee every month. You can have as much as you want." Xing lie opens his mouth in a cold and deep voice with a touch of arrogance.

"I don't want you to eat in my house much. I just want my son." Tang Siyu didn't want to agree. He hated this man to the limit.

Xing liehan narrowed his eyes and said in a consultative tone, "it's just dinner."

"No, I won't do your share."

"Mommy Please! Don't be so ruthless! Just cook one more Tang Yixi's children feel that daddy is so pitiful! There is no food to eat.

Tang Siyu is about to be speechless by his son's expression. Doesn't his son know that he is rich and powerful? Can't even afford dinner?

Xing liehan picks up his son, and his long legs go to the table top of three dishes and one soup arranged by Tang Siyu. Meanwhile, the rice is also brought out. Xing liehan pulls out a chair and sits down.

"Hello! You... " Tang Siyu didn't like him any more, but she couldn't do the same behavior as those shrews. She could only watch the bowl of rice she served, and was held in her hand by the man's long fingers. The chopsticks she had just tried to eat were picked up by the man.

"No, it's me..."

And the man has entered.
