

# Unassailable CEO Daddy

## Chapter 52

Tang Siyu's breath was smothering. He quickly swallowed the words behind him. God! Did the man eat it?

"Mommy, you cooked a good meal tonight! I like it so much. Let's hurry up and eat it! " Tang Yixi's children coax mommy to say all the good things, and Xiaolian is also flattering.

Tang Siyu looked at her son's difficult life in the middle. She had to take a deep breath and said to the man who ate, "OK, let's have dinner tonight. Don't come later."

"Mommy, I don't think it's enough!"

"I'll order some noodles." Tang Siyu didn't respond well.

"Mommy, cook more! Daddy may eat a lot. " Little guy doesn't want daddy to starve.

Tang Siyu some want to cry no tears into the kitchen, God! Will her family be occupied by this man in the future?

It's hateful.

On the dining table outside, a man had already eaten half a bowl with thick skin. Xing liehan did not expect that the woman looked at the delicate appearance of ten fingers not touching Yang Chunshui, and the dishes he made were so delicious that he had a big appetite.

Tang Siyu turned to look at the father and son eating out of the kitchen window, only to see that her son had a good time, and her resentment was gradually replaced by his laughter.

She bit her teeth, why not charge him for food? She can take the opportunity to ask for more, so that she will not worry about the cost of living in the future, and this man has money, not for nothing.

Anyway, with such a cheeky face, he doesn't care about her feelings at all. Besides, it's not a good thing to live across the street without looking up. It's necessary to make her so embarrassed and embarrassed. Especially, she loves her son very much. He's in the middle. It seems that he's hard to please this and that. He's still so small and shouldn't let him live so depressed.

Tang Siyu leaned at the door of the kitchen with his apron tied, and said to the man who ate slowly, "OK, you can eat here if you want. You can pay 100000 meals a month, and you are not allowed to ask me anything. You can eat whatever I cook."

Every month, 100000 yuan. It's already a lot of money. Tang Siyu thought that this man would not like it. Unexpectedly, the man's sword eyebrow was "OK."

Tang Siyu choked at once, and he agreed? Also, she neglected that he is a big boss of a multinational group, 100000 yuan a month. For him, it's just like drizzle.

All of a sudden, she hated that she didn't want more, but she had already said something. If she wanted to change her mind again, it would appear that her character was no longer good.

"Yeah! Mommy, you are so wonderful. I love you Tang Yixi gave her a kiss.

Tang Siyu looks at her son and finally doesn't need to flatter herself with a small tail. She leans her lips and shakes her head. She goes back to the room and brings out the cooked noodles.

She took a bowl again and sat opposite the man. She picked up the noodles and ate them alone.

"Mommy, I want noodles." Little guy hands his little bowl.

Tang Siyu gave him half a bowl and told him to eat slowly and burn his mouth carefully. However, she also found that the rich man didn't pick up the right food, as if he was quite satisfied with her food tonight.

Damn it, why does she have to make such delicious food for him? She should cook it so bad that she can eat it for him.

But, also cannot, because the son wants to eat! She can't treat her son badly, so she has to cook carefully for him every day.

"The food is handed in once a year, so when you come tomorrow, you'd better bring me a card with 1.2 million." Tang Siyu immediately became a financial fan.

Xing Lihan put down his chopsticks, took out his wallet from his pocket, and took out a black card from it. "The amount in this is one hundred million yuan. You can brush it casually, as long as you can make sure that the food every night is enough for me."

Tang Siyu slightly gaped, this man is a billion black card? How long does a billion feed him? Anyway, it seems like a long time.

Even if he gave it, she was polite. She took the card out of his hand and said, "OK, it's settled."

"Mommy, when did you become so greedy!" Tang Yixi asked Mimi with a smile. At the same time, he said to his father, "Daddy, my mommy is not such a person. Don't misunderstand her!"

Tang Siyu's speechless stare at his son, "eat noodles, what are you talking about?"

Besides, what kind of person is she and what does it have to do with him?

Xing Lihan gracefully takes up a bowl to eat his rice. Of course, he can understand the meaning of his son's words. His son hopes that he will be interested in this woman.

It seems that he can only let his son down. He will come here for dinner, purely for the better exchange of feelings between father and son. He has nothing to do with this woman!

After dinner, Xing liehan takes the little guy back to his room. Tang Siyu cleans up the dishes. He feels sad. How can he feel like a family with this man?

Bah?

Who is his family? Tang Siyu breathed and decided to call his son back to take a bath and go to bed.

It's almost nine o'clock. Tang Siyu picks up his mobile phone and dials up Xing liehan's phone. That's the guy who answers the phone.

"Mommy, I'll be back in a minute to take a bath. Can I sleep with Daddy after I take a bath?" The little guy asked.

It seems that the son is more interested in the new daddy, so Tang Siyu has to answer, "OK! You take a bath first. "

The little guy soon opened the door and came back. Tang Siyu took him to take a bath. After taking a bath, the little guy returned to Xing liehan's room in his pajamas, and told her that Xing liehan would send him to school in the morning.

"Mommy, you can sleep in." He also said that.

Tang Siyu felt speechless. Looking at her entering Xing liehan's room, she had to see him, because there was a corridor outside, and it was not safe for someone to enter or leave the elevator at any time.

When she was about to close the door, Xing liehan suddenly asked, "are you at home tomorrow?"

"For what?" Tang Siyu stares at him.

"I decided to open a door on our wall."

"What? No, absolutely not. I don't want to connect with you! " Tang Siyu is going crazy. This man really takes himself seriously!

"For the sake of my son's safety, I can't do it." Some man overbearing fall words, shut up the door.

Tang Siyu breathed a sigh, and the whole man felt very angry. What right does this man have to make a decision on her home?

Even if it's convenient for her son to get in and out, she can't get through her home!

This evening, Tang Siyu fell asleep with some breath.
