

Unassailable CEO Daddy

Chapter 54

Tang Siyu thought about not picking it up, but bit her lips. She wanted to hear what he wanted to say.

"Hello!" She asked with a cold voice.

"It's me!" Murphy's voice came in a low and magnetic voice.

"I know it's you. What can I do for you?" Tang Siyu continues to talk coldly.

"I'm not engaged!" Murphy said quietly at that end.

"I know that Tang Yiyi just called to scold me. It's your business to cancel your engagement, but why do you involve me?" Tang Siyu scolds me a little.

Murphy at that end was obviously stunned for a few seconds. Five years later, Tang Siyu was no longer the obedient and clever girl. She seemed to have a kind of stab on her body, but he found that he liked it better.

"I'm sorry, I've brought you in, but that's what I want to tell everyone. I still have a you in my heart. No one can replace you in this life." Murphy's voice was calm, but also a trace of sadness.

"Murphy, what do you want to do?" Tang Siyu is a little angry. Now what's the use of all this? To her, it's just bullshit.

"I miss you." Murphy is simple and direct.

Tang Siyu's heart was still slightly clenched. She bit her lips and said, "mufei, do you need me to remind you again? I'm finished with you. It's not possible anymore. Do you understand? "

"Nothing in this world can really end. It's over. It can start again."

"You..." Tang Siyu also finds that mufei has changed and become shameless.

"Goodbye." Tang Siyu hangs up.

At the other end of the phone, Murphy is sitting in his sports car, staring at the cell phone that has been hung up, and a smile rises from the corner of his mouth, "you said goodbye to me, which means that we can see each other again, Siyu. Even if I don't marry in this life, I will be with you."

She watched over her son, and he watched over her.

Tang Siyu abandoned all the magazines and read the music. He had a meal in the coffee shop at noon, and then waited for his son to pick up in the afternoon.

The thought that the man would break a big hole and rebuild a door at home made her extremely resentful.

Tang house.

Tang Yiyi was sent back. Her eyes were red and swollen with tears. Her make-up had been turned into tears. She did not look like a bride to be at all. It was an unspeakable irony.

Qiu Lin is also very angry. Her daughter's good marriage was lost by Tang Siyu's return to China. She and her daughter have the same idea. It must be when Tang Siyu deliberately carried them on his back, she found mufei, and then forced mufei to cancel the marriage by any means, which made her daughter sad and desperate.

Five years ago, she knew about her daughter's sleeping with mufei, so Tang Siyu came back for revenge.

At the moment, the door is closed, and Tang Yiyi continues to sulk on the quilt. The love she waited for five years ago has disappeared. The man she

loves so much doesn't want her anymore. Moreover, in front of all her relatives and friends, she says that she still loves another woman, and her face is lost.

Qiu Lin sat beside her bed, watching her daughter's body trembling with tears. Her heart was also aching. She gently comforted her, "Yi Yi, don't cry. Maybe it's just that mufei didn't prepare for her heart. He will be engaged to you later."

Tang Yiyi doesn't believe it at all. She buries the quilt and shakes her head violently. "No, he won't marry me again. There is Tang Siyu in his heart all the time. He doesn't forget him at all. Mom, I hate that bitch. Why does she come back Why did she ruin my marriage? "

"Don't worry, I'll never make her feel better in the future." Qiu Lin said angrily.

Tang Yiyi sat up with tears on her face. It was very ugly. Qiu Lin took a piece of paper and wiped it carefully. "Yiyi, stop crying. Without mufei, there are many good men. Mom will find you another one."

"I only love Fei. I don't want anyone but him." Don Yiyi shouted like a wayward child.

"Well, then I will find mufei for you and let him marry you." Qiu Lin is also a strong woman. She can't see her daughter sad.

"Mom, you must find mufei for me." At this moment, Tang Yiyi can only rely on her mother. She snuggles up to her mother, and her eyes shoot out fierce resentment.

It's for Tang Siyu.

At about 4 p.m., Tang Siyu drove from the nearby shopping mall to her son's school gate. She thought, Xing liehan is working on the door of her home. She must have no time to pick up her son! She parked the car aside, and just then, she saw a leisure figure step out of the side of the mall.

Xing liehan's gray casual clothes, even the home clothes, can make this man wear elegant and noble feeling. He clearly saw her standing aside, and he seemed to ignore the general, long legs towards the school gate.

Tang Siyu narrowed his eyes. What's so remarkable about this man? Don't think that his family is rich, so he is not afraid of people.

Tang Siyu is not willing to show weakness and hurriedly steps into the school. When she arrives, she just sees Xing liehan holding her son and kissing her. Tang Yixi looks at her and immediately Nuo Nuo cries, "Mommy." Tang Siyu came to the man's side, looked up at him, and asked displeased, "what are you doing out there? Didn't you show me the house? "

Xing lie's long and narrow eyes narrowed, "what's good-looking in your home?"

"In case anything is lost, I'll make it up to you." Tang Siyu is not at ease. He brought people here, and even if she didn't lose anything at home, what would happen?

"Mommy, is daddy making you angry again?" Tang Yixi's children are calm when they see their parents quarreling.

Before Tang Siyu could answer, he heard a deep and pleasant voice and said softly, "son, let's go home!"

Tang Siyu is following the man. His tall body is walking in front of him. The little guy of Tang Yixi is sitting in his strong arms. He is not comfortable.

Tang Siyu sees him holding his son home, and she can only run to drive her car to the direction of home. Just parked in the garage, she sees the man holding the little guy coming. Tang Siyu stops the man and asks, "is the door installed?"

"Installed." Xing lie's voice was cold and faint.

Tang Siyu is slightly shocked. How efficient is his people? It took only half a day to install a door?

She didn't believe it. In the elevator, when they were about to close, it was the mother and daughter who hurriedly pressed the door yesterday. The woman was in her early thirties. She just looked at people who liked chatting. She said with a smile, "I've met you again, Mrs. Tang. How happy your son is! Every time you go with your husband, I don't have such a time! "
