

U. CEO Daddy 591

Chapter 591

"Yes, as long as you like, I will deal with everything, break through all obstacles, and be with you." Xuanyanchen reached out and gently wiped her tears. "Fool, I haven't tried. How do you know we can't?"

Suqin jumped up in a hurry. She had never talked with him frankly about this matter. At this moment, she felt the power transmitted from him, and her heart was struggling fiercely.

"Do you know how I spent these days when you left? I'm desperate, life is not like death. If it's not the burden of responsibility on me, I have to be calm, I'm crazy. " Xuanyanchen's eyes, showing the accumulated pain of these days light, that is his most real feelings.

Su Qin subconsciously reaches out his hand and blocks it on his thin lips. He is not allowed to talk any more.

Xuanyanchen reaches out to hold her hand, lowers his head, kisses her for a while, "loves me, returns to my side."

A few hours ago, Suqin was still in a confused future.

Now, suddenly, it turned into a tortuous and thorny road, which she never expected. Now, she even had the chance to go with him.

"I..." Used to refuse him all the time, now, Suqin can't answer.

Xuanyanchen lowered his head, sealed her TANKOU, and worried that she would say no to him again. That is to say, he simply let her not even have a chance to say it.

Suqin's head was blank again. She didn't know what else to think. Except for the gentle kiss of the man on her lips, she put her hand around his shoulder and told him by action that she would not refuse.

This kiss lasted for a while, and Suqin gasped for breath. Looking at the man again, it seemed that he also suppressed an emotion.

Xuanyuanchen really wanted to have her here, but he suddenly felt reluctant to let her become his woman under such circumstances, which was too aggrieved for her.

"Come back with me tomorrow." Xuanyuanchen orders in her ear.

Suqin's long eyelashes blinked and she looked very flustered.

"You have no room for rejection." Xuanyuanchen had to be domineering, inexplicable, in front of her, he always needs to be strong, she will be obedient.

Suqin has no choice but to smile bitterly. She sighs and says, "OK, I'll go back with you."

If he stays here for a long time, she will worry about her life. So, she will go back for his safety.

"I'm tired." Xuanyuanchen is tired and makes a sound. These days, he is suffering from nervous tension and lack of sleep.

At the moment, under the light, his eyes were bloodshot. Suqin looked at him painfully. "Then go to have a rest!"

"You're with me." Xuanyuanchen holds her hand and goes to the big bed.

Suqin's pretty face turned red, and silently followed him to the bed. Xuanyuanchen lay down with one arm on his pillow, and at the same time, he pulled her into his arms. "Sleep with me for a while."

Suqin is also tired. These days, close to his chest, she also feels a strong sense of tiredness. She closes her eyes, which is probably the fastest and most reassuring sleep for her.

Xuanyuanchen is also the same, two people embrace and sleep.

Early morning.

Around eight o'clock, Wenyang's figure surprised and excitedly stepped down from the direction of the elevator, because Suqin promised him to come over at eight o'clock and ask him to have breakfast.

When he came to the corridor of Suqin, he was shocked by the array on the corridor. Six bodyguards stood on both sides of Suqin's door as if they were sculptures. The strong warning from his body made Wenyang immediately stare.

"You What are you doing? What did you do to sister Suqin? " Although Wen Yang was afraid, he was very worried about Suqin's safety.

"Stay away, please." The bodyguard gave a cold warning.

"What did you do to sister Suqin?" Wen Yang asked angrily, as if Suqin was suffering from something in the room.

However, in the room, Suqin has packed up the salutes. Although she slept for only five hours, the quality of sleep for both of them was very good, so her spirit recovered.

Xuanyanchen is at Suqin's side, helping him from time to time.

At this moment, he suddenly saw a pair of close fitting trousers that Suqin left on the bed. He picked them up and asked with a smile, "don't you want this?"

Suqin saw it, blushed immediately, snatched it from his hand and quickly stuffed it back into the gift box.

Xuanyanchen looked at her embarrassed look, but she was very happy.

"Pack up, let's go!" Suqin said to him that she didn't want to stop for another moment.

"Good! Let's go! " Xuanyanchen finished, reached out to lift her box, Su Qin was stunned for a while, this man has become her coolie completely.

At this time, there was a sound outside the door. Suqin opened the door in surprise and saw that Wenyang was grabbed by a bodyguard and controlled on the wall.

"Please stop, it's my friend." Suqin was so scared that he made a sound. The bodyguard just let go of Wenyang who was red and coughing. Wenyang was very sad. He almost thought he was dead just now.

"Sister Suqin, are you ok! How are you doing? Did they give you a bad hand? " Wenyang thought that he had been taught this way. Suqin must have suffered as well!

As soon as he was worried, he took Suqin's hand. At this time, there was a cold and unpleasant voice line beside him, "let her go."

Wenyang didn't see the man, but the majesty of the voice made him release his hand.

He looked up and saw a tall man with a box coming up from behind Suqin. His strong body, noble aura, and his handsome face

Wen Yang was stunned instantly, showing the most shocked expression in the world.

My God! Mr President He didn't read it wrong! Is Mr. President behind Suqin?

Su Qin sees Wen Yang to also recognize Xuan Yuan Chen, she can't help laughing comfort, "need not be afraid."

Xuanyuanchen's eyes are frowning. How can she make friends with a young boy here?

"Always Mr President Wynn stammered.

Xuanyuanchen nodded and led Suqin to walk past him. "We should go!"

Suqin looked back and said to Wenyang, "I'm back home. Goodbye!"

Wenyang can't believe it. Suqin is the president's woman. God! What did he do? Did he fall in love with the president's girlfriend?

Looking at a couple of people who were protected and left by bodyguards, Wen Yang felt that the bravest thing in his life was what happened these days!

Su Qin accompanies xuanyuanchen to the tarmac on the top floor, and Li Sen quickly greets him, "Your Excellency, Miss Su."

"Is the plane in line?"

"It's in order. It's ready to take off." Li Sen nodded.

Suqin's salute was carried away by the bodyguard, and Xuanyuan Chen led her to his helicopter. Suqin was afraid, and immediately fastened his hand. Xuanyuan Chen turned around and comforted him with a smile, "don't worry, I'm here, nothing."

Suqin's tension was immediately relaxed by his words, and suddenly found that standing in front of this man, she had the courage to be the enemy of the whole world.

Chapter 592

On the plane back home, Suqin sat on the sofa in front of the window, her heart gradually settled down, watching the plane return safely, her frightened heart, also suffered a lot.

Xuanyuanchen is reading the documents with a notebook. He is a person who even has a very luxurious time. Therefore, whenever and wherever he is, he will have a lot of important official affairs.

Suqin sits beside and looks at him painfully. Xuanyuanchen finds that her eyes are looking at him. He immediately closes the computer, unlocks the security and takes it to her side.

"Su Qin a Zheng," is busy finished? "

"It's OK. I'll be with you for a while." Xuanyuanchen murmured.

Suqin immediately felt remorseful and remorseful. She looked at him. "I'm sorry, what I said to you before is not my true words. Don't keep it in mind."

"Oh! What do you mean? " Xuanyuanchen pretends not to remember and wants to listen to her.

Suqin remembers, because she can't forget all the things that hurt him. She stays in her heart and suffers from guilt and suffering. She must remember to punish herself.

"I said that I like people who have time to accompany me. In fact, it's not like this. I don't care if you have time to accompany me. Even if you pay all your personal time for the country, I won't be angry or mind." Suqin looked up and looked at him tenderly.

Xuanyuanchen listened to this sentence, and he was very pleased. Although he knew that what she had said and done before was the opposite, he was still very happy to hear her admit that it was a lie.

"Don't worry, I won't keep it in mind, but I will try my best to spare time to be a qualified boyfriend with you." Xuanyuanchen said, reaching for her back arm and holding her.

Su Qin leaned gently in his arms, closed his eyes, like a dreamer, she even went back to China with him.

And after returning home, she has not made enough preparation for everything she will face.

Not only in the face of his mother, but also the pressure from the outside world, she has not told her parents, she does not know what kind of reaction their parents will have.

The plane flew back to the domestic sky smoothly. It was noon when it arrived at the airport. Li Sen's platoon had arrived. It was very safe to escort xuanyuanchen and Suqin back to the presidential palace.

However, Cheng Xuelan has not concealed this matter. Since she knew that her son had seen through everything she had done, she has been paying attention to her son's whereabouts. At the same time, she also knew that Suqin had asked for a month's leave for her new job, and the person must not be in China.

Xuanyuanchen goes out secretly again. As his mother, Cheng Xuelan naturally has a way to know his whereabouts. Therefore, when she learns that he went abroad secretly, she still tightens her heart.

In the 15 minutes when xuanyuanchen's plane returned to China safely, she received this news, and her mind was quite stable!

But at the same time, she got the news that her son not only came back, but also followed a woman beside him.

Needless to guess, it must be Suqin, who is on vacation abroad, who was picked up by his son.

However, she didn't plan to go to her son to talk about it immediately. She needs to check again. In Suqin's attitude, will she still give up for her son's future as before?

In the presidential palace.

Suqin went back to this familiar place. She was still in a trance. Now, she is not an employee of the presidential palace, so she came here simply because of her other identity.

Xuanyuanchen's girlfriend.

"Drink water!" Xuanyuanchen looked at her sitting on the sofa, dazed, and handed her a glass of water.

Suqin reached for his cup and saw it. She held it in her hand and took two sips.

"Do you want to go home? If you don't go back, stay here first. " Xuanyuanchen asked, sitting beside her.

Suqin thought for a moment and said, "let me go home first! At the same time, I'm thinking about what to do with my work! "

"You don't have to worry about that. I'll resign for you. That's not the job you really want. If you go, you won't be happy." Xuanyuanchen thought that she had suffered so many grievances, which made her heart ache.

Suqin nodded, with his help, she would save a lot of trouble, but in her capacity, resignation is also a very troublesome thing.

"I'll take you back after dinner in the evening. Now I'll go to the office to handle business. You'll wait for me here."

"Well! OK, I want to sleep for a while. I'm a little tired. " Suqin answers.

"Go to my room." Xuanyuanchen suddenly makes a sound.

"Eh? I'll sleep in my room! " Suqin is not used to sleeping in his room.

Xuanyuanchen low smile, "anyway, you are going to sleep in my room sooner or later. What's the difference between going to bed earlier and going to bed later?"

Suqin's face was flushed, "I sleep in my room."

"Your room has been packed. Those sheets and other things should not have been laid back." Xuanyuanchen said. Su Qin is stunned. How could such a thing happen?

"Take a rest on the sofa first. I'll go to my study." Xuanyuanchen said, then went into the study, but, he is not for work, he picked up the phone number of Ye Dong, let him immediately put up the bed sheets in Suqin's previous room.

Ye Dong suddenly received this order. Although it was strange, even though the president ordered it, he naturally did not dare to leave it alone.

Xuanyuanchen came out and said to Suqin, "my study is a bit messy. Would you like to clean it up for me?"

It's not the tone of his opponent's order, but a bit of entreaty.

When Su Qin heard that there was no reason to disagree, she immediately got up. When she left the hall, ye Dong hurriedly went upstairs.

Suqin went into his office. There were several pieces of materials in the study in a mess. She checked them carefully and picked them up for him.

Xuanyuanchen looked at the time almost, also don't want to let her tired, shortcut, "I send you back to the room to rest."

Suqin shook his head and said, "no need to send it. I'll go up by myself."

"I'll see you off." Xuanyuanchen insists on delivering.

Suqin doesn't refuse either. Xuanyuanchen accompanies her upstairs. Suqin doesn't believe that all the sheets in her room are packed up.

So when she got to her door, she stopped and said, "I'll sleep in this room!"

Then she reached out to open the door and saw that there were no cushions or sheets on the flat cushions inside. She was stunned for a few seconds.

Xuanyuanchen scolds a bit immediately, "didn't tell you, haven't tidied up all the time here?"? Go to my room. "

Chapter 593

After that, he took her hand and pushed it toward his door. Before Suqin could get back to her, she went into xuanyuanchen's master bedroom. His room was tidy and clean. The gray golden edge big bed made people want to sleep.

Suqin was in his room, a little embarrassed at once.

"Go to bed and lie down." Xuanyuanchen urges her. Suqin swallows her saliva. Suddenly, her body is light. She is held up by the man.

Su Qin is surprised, the arm naturally hugged his neck, beautiful Mou bashfully looks at him.

Xuanyuanchen gently put her on the bed and sat down. He crouched down and was about to take off her shoes. Su Qin was immediately flattered and said, "no, I'll come."

However, the man didn't listen, but took off for her. Suqin's breath was slightly smothering. I'm afraid that in addition to his family, she was the only one who enjoyed the service of this man!

Xuanyuanchen stood up and saw that she was still sitting on the edge of the bed. As soon as he pressed his hands, Suqin lay on his bed.

Suqin breathed slightly, xuanyuanchen tucked in the quilt to cover it for her, bent down and kissed her on the forehead, "good, sleep! Wait for me to come back. "

Suqin has a kind of heart that he takes care of as a child. It's right to say that when he finds a man who dotes on women as children, he can marry.

Sure enough, this feeling is very contented.

Xuanyuanchen kisses the forehead, suddenly feel not enough, brand on her red lip again, just smile contentedly to get up, turn around and push the door to leave.

He didn't stop because he knew that the woman had come back to him and would never leave again.

Suqin was suddenly sleepy. She closed her eyes and soon fell asleep.

These days, she is under too much pressure. The pressure in her heart is invisible, but it is like a stone pressing heavily on her chest.

But now, xuanyuanchen moved the stone for her, she felt the whole person relaxed.

Xuanxuanchen sits in the office to deal with official business. When he is free, he naturally thinks of ways to face his mother. In this matter, he has no right to blame his mother, because all she does is for his good. At this time, the mobile phone in front of him rings. He takes a look at the strange numbers. However, it is definitely not those information advertisements that can have his numbers, because those numbers have been blocked by the first barrier for a long time.

"Hello!" He reached for it.

At that end, the voice of the sweet woman came immediately, "Hello! Xuanyuan, I'm the ice moon."
"

"Miss Lin, what can I do for you?" Xuanyuanchen asked calmly.

"Brother Xuanyuan, are you free? Tonight, I'd like to invite you to dinner. " That end, asked Lin bingyue.

"There may be no time at night. Let's have another day!" Xuanyuanchen politely refused.

"Then when do you have time? Do you have it tomorrow? It's OK the day after tomorrow. Can you ask your assistant to make a meal for you? " Lin bingyue's voice is full of longing questions.

"I haven't had time lately." Xuanyuanchen had to cut off her expectation once and for all.

"Oh! Is it? It's just that I haven't seen you for some days. I miss you very much. " That end forest ice moon takes the opportunity to express his love.

"Miss Lin, if you like, I can call you my sister." Xuanyuanchen said in a low voice.

"No I don't want to be your sister, brother Xuanyuan. I want to be your wife. " The end forest ice moon urgently refutes.

"Miss Lin, I'm sorry. I have a woman I like. I'll be busy first." Xuanyuanchen finish saying, cut off the call directly.

Lin bingyue didn't bring him any trouble. In his time, if it wasn't important people or things, he would not spare any extra time to think about these unimportant things.

And Lin bingyue to him, no matter this time refuse, have hurt her heart, to Xuan Yuan Chen, all belong to one of unimportant people.

In the garden of Lin Zhai, there is a girl who sighs with disappointment. Lin bingyue holds a mobile phone, and there is a strong loss in her eyes. She summons up her courage to make the call. Unexpectedly, what she gets is xuanyuanchen's refusal.

Still have, he just said, he has the woman that likes, but why does LAN aunt not tell her?

She has become one of the most outstanding people in the political family. What kind of superior family background can she get the girl xuanyuanchen likes?

Lin bingyue is suddenly very curious about the identity of that woman. She is not only curious about her identity, but also about her appearance. For women, appearance is often a matter worthy of competition.

Lin bingyue dare not question Cheng Xuelan about it, because it is her respected elder, and she absolutely does not want to do something disappointing in front of her.

Therefore, to find out who xuanyuanchen likes, we can only rely on her to master the information.

Who is it? Lin bingyue has an urgent desire to know.

When Suqin slept until 5:30 p.m., the presidential palace was very quiet around her. She couldn't hear a breath of flute, and no one would quarrel with her. So Suqin slept for three hours. When she opened her eyes and looked at the time, she immediately sat up in chagrin. She had always been a person who looked at the time very precious, and was not greedy for comfort, so she felt guilty after sleeping so long.

She was lifted out of bed. Outside the window, it was still cold and cold in December, and it was only half a month since the Spring Festival.

Suqincai did not wash for a long time, xuanyuanchen came back. The dinner was a double meal prepared by Ye Dong, and he cooked the bird's nest for her.

Sitting on the dining table, Suqin quietly uses the meal. Opposite, xuanyuanchen's eyes also stare up at her from time to time.

Time is quiet, air, interwoven with a romantic and subtle atmosphere.

After su Qin accepted her real heart, her body and mind relaxed.

She raised her eyes, and did not dodge the eyes of the opposite man. She was just thinking, how could she make him like himself?

Perhaps, everyone will feel that they are not outstanding enough, not good enough. If the other side is a better person, there will naturally be a lot of inferiority complex in their hearts.

"What do you like about me?" Suqin looked at him and asked curiously.

Xuanyuanchen's eyes flickered with a smile, "why do you want to know this?"

"I'm not worth your liking." Su Qin shook his head and said helplessly.

"In your eyes, love is a business that can be divided into two parts, right? Where is it worth saying?" Xuanyuanchen asked.

Su Qin was stunned and blinked.

"No matter what your status is, as long as I like it, it's worth it." Xuanyuanchen opens his mouth in a low voice.

Suqin bit his lips. "Like it all his life?"

Xuanyuanchen's deep eyes lock her and answer in a mute voice, "for life."

Chapter 594

After dinner in the presidential palace, xuanyuanchen still sent her home at Suqin's request. Now, although Suqin and him have opened their hearts and accepted each other's feelings, they need to face more things next.

Xuanyuanchen is not a man in a hurry. He has been waiting for such a long time in this world, and Su Qin has just come to him. He is not in a hurry for a while, and he has the patience to continue to wait. He believes that Su Qin will not let him wait for too long.

Suqin dragged the gift box home, just arrived at the door, she heard a familiar voice from home, she cried out happily at the door, "Xiaoxi."

"Sister? Sister, you are back. " Suxi's voice immediately came to the door, and at this time, behind, Li Qian immediately rushed to catch up with a word.

"Look out, heathy." Finish saying, Li Qian also hurried to come over.

While changing shoes, Suqin looked at Suxi and asked with a smile, "what's the matter with you? Make mom nervous like this. "

Suzy blushed, surprised and embarrassed. "I'm not alone anymore."

Suqin immediately gaped at her, and looked at her happily. "Do I have a nephew? When did it happen? "

"It's still early! It was measured last week. At this time, it's only about a month. " Susie pursed her lips and her eyes sparkled with novelty.

"Xiaoqin, why did you come back suddenly? Is the holiday over? " Li Qian looked at her eldest daughter curiously, didn't she say she had a month's holiday? Why did you come back in a week?

"Well, it's over early." Su Qin chuckles and hides everything in her heart.

"Sister, that's great. So, you have a vacation next! We just got together. "

"Didn't Li Chen come back?" Suqin asked curiously.

"He's busy with his work. How about me! I'm going to raise a baby here and mend my body. "

"You're very delicate now. Don't run away." Suqin took her hand with a smile, and a trace of envy flashed in her eyes.

"Elder sister, then you should also cheer up and find the other half as soon as possible." Sushi was at home these two days, and she was very worried about it because of her mother's influence.

"No hurry." Suqin laughed, took her arm and said, "I'll spend the rest of my time with you and mom."

Li Qian immediately scooped out a bowl of hot chicken soup for her eldest daughter to mend her body. Suqin and Suxi sat at the table at home.

There is a feeling back to childhood, but now, both of them are big, this feeling is more precious.

While drinking soup, while smiling at each other, chatting about the recent situation, time imperceptibly late at night.

Suqin went back to the room and took a bath. She was tired. She slept in the afternoon. Now she was very awake.

At this time, sushi knocks on the door and comes in. Suqin immediately straightens out his mood and asks with a smile, "you are pregnant now. Are you still sleeping so late?"

"I'm also adjusting my sleep time, but I have to step by step. I usually don't go to bed until half past eleven." Suzy sat down in front of her bed and looked at her sister. "Sister, you are really a beautiful woman! I think if you want to enter the performing arts circle, you will be popular in an instant. "

Suqin reached for her long hair. It was a kind of female style. Suqin had a mature and capable atmosphere. With her grand and beautiful features, she was a real goddess.

"Sister, can you tell me the truth, you really don't have a boyfriend? Mom is in a hurry. I think Dad can't sit down. " Sushi asked curiously.

Suqin's eyes flashed a sweet smile, which was not easy for her to open her mouth, but it surprised Suxi.

"Do you have someone you like? Elder sister, tell me quickly, what kind of man is it? How long have you been dating? When will you bring it home? "

Suqin chuckled, "which question do you want me to answer?"

"Any pictures of him? Let me see what my future brother-in-law looks like. " Suzy asked curiously.

"You should have seen him." Suqin laughed and thought that his sister had been prophesied by God before. Now, he thought it was incredible.

"I met him? Is he a public figure? Is it a male star Susie blinked and began to guess.

"No, not in the entertainment business." Suqin shook her head and denied.

"Not in the entertainment world, I've seen it?" Susie blinked and thought inexplicably, but she couldn't really think of it.

"Elder sister, don't play tricks, just tell me!" Suzie took her hand, shook it, and played Jiao.

Suqin was immediately shaken to a soft heart, she thought, "I can tell you, but you promised me first, now don't tell parents, you must keep it secret for me, OK?"

"So mysterious?" Susie also tightened her heart.

"Do you agree?" Suqin looked at her seriously.

"Well, I promise you, I will never tell my parents, but when are you going to tell them!""Wait for the right time." Su Qin sighed, and she was helpless.

"You can rest assured, I really won't say, who is my brother-in-law in the future!"

"He You saw it on TV. " Suqin was still embarrassed to tell her immediately, because she was embarrassed by the God's prophecy.

"On TV? Political? Maybe I don't pay much attention to this. Maybe I didn't pay attention to it! " Gongxi blinked and said, "sister, you can say it directly! Who is he! "

Suqin saw how she could not guess, she had to stoop to her ear and said, "his name is xuanyuanchen."

"I never heard of the name." Sushi felt familiar with her name. She only thought for a few seconds. Her head exploded and four words of Mr. President came out.

"Is our president also called xuanyuanchen? Do you have the same surname? " Sushi still can not imagine the future of his brother-in-law is the president.

"In our country, Xuanyuan is the surname of the emperor. Where does it come from with the same surname?" A funny explanation from Suqin.

Susie froze, and then, at last, decided on one thing.

"Sister, your boyfriend is Mr. President?" Asked Susie, gaping.

"You think it's incredible, don't you? Think he is a very far away person, right! Yes, I've got a relationship with him. " Suqin is as shy as a girl now.

After the shock, Sushi's second thought was to be happy, excited and excited.

"My God! My future brother-in-law should be Mr. President and sister. Did I say that before? " Susie feels wonderful.

"Yes, you joked before. Unexpectedly, the prophecy came true." So did Suqin.

"Sister, when will you bring him back to see your parents?"

Chapter 595

"Not yet. His identity is too special. I'm afraid my parents will be scared if they know it."

"Sister, how do you know each other? How do you get together? Does he love you very much?"
Suxi's face was that of a gossip girl.

"Are you really not sleepy? If you are not sleepy, I will tell you. "

"I can't sleep now. If you don't tell me, I may not be able to sleep tonight."

With that, Susie opened her quilt and lay on her bed. "I'll sleep in your room tonight."

Suqin spent this time on this matter. She didn't have anyone to talk to. She was all bored in her heart. Now, she can finally talk to her sister.

Suxi listened quietly to her talk about her meeting with xuanyuanchen. She knew each other, loved each other and talked about it. Suqin also thought that she had a deep feeling for him. She was so clear about everything and every detail.

Sushi felt like she was listening to a very romantic fairy tale, but later, when she heard her sister talking about the reason for the holiday, she couldn't help but feel nervous again.

Originally, sister's love is full of twists and turns and difficulties. Even now, it is not optimistic. That's why she's not allowed to tell her parents.

"Sister, cheer up. As long as Mr. President loves you, you will get through all difficulties." Susie cheered her on.

Suqin bent his legs, chin on his knee, and chuckled, "I didn't believe that love could resist everything before, but after this time, I believed that when I gave up on him, how painful I was, how painful he was. I always thought that as long as I left, everything would be ok, but I didn't know that I was hurting him, and I will do it later It won't be so stupid. "

"Sister, I support you." Sue patted her on the back.

This evening, the two sisters talked late at night. In the morning, they all got up early.

The new year is coming soon. The whole city is overflowing with an atmosphere of welcoming the new year.

Suxi's current identity requires her to be very careful when she goes out. After she is pregnant, she also needs to relax and can't take a car. Suqin accompanies her to walk in the nearby park.

When she got up in the morning, the air was very good. Sushi was wearing a hat and a mask. In winter, such overseas Chinese dress was not easy to recognize.

At about nine o'clock, Wen lichen came. His wife was there, and his heart was there. What's more, sushi was still pregnant with his children. He was eager to keep going.

But Susi is just pregnant now, and her appetite is a little tricky. At her mother's house, she can satisfy her taste very well, and let her eat more tonic food. The two old Wens have no opinion, and they both hope Susi will be happy. Suqin makes them sweet. She goes back to the room and lies down for a while. Soon, her cell phone starts singing directly.

She picked up a look, just looking at the name, her mouth curved up, she reached up to pick up, "Hello!"

"Are you up?" At that end, xuanyuanchen's magnetic and pleasant voice sticks to his ears.

"Well! It's up. "

"Dinner tonight."

"To your house?"

"The last restaurant."

"Well, when you're done."

"Suqin, anyone looking for you in the future, you must tell me at the first time you know? I don't want you to take all the pressure on yourself. " Xuanyuanchen's painful exhortation made a sound.

Suqin deeply felt his affection, and she answered, "OK."

"Have you told your parents about our relationship?" Xuanyuanchen asks curiously suddenly.

"No, I haven't said yet."

"It's not urgent. When I find a suitable time, I'll visit them directly." Xuanyuanchen laughed.

"OK, but not now." Suqin was afraid that he would suddenly appear at home tonight.

"Why?" Xuanyuanchen asked with a smile.

"I'm afraid my parents can't bear your identity." Suqin knows her parents.

"Well, listen to you. What you say is what you say." In xuanyuanchen's tone, he was flattering to her.

"My sister is back, too. I just know she's pregnant. I'm going to be an aunt." Suqin said expectantly.

Xuanyuanchen can't help being happy for her. "In this case, I will be an uncle." After that, he seriously asked, "do you want a baby?"

Suqin's heart immediately tightened, and he said with shame, "not for the moment."

"If you want, we can ask in advance." Xuanyuanchen laughed, "I'm not young, I should have had a child."

Suqin was so ashamed that she didn't speak out. She never thought about the problem of having a baby. And although she was 28 years old, her first love didn't break the final line, so she was very shy about it.

"What are you thinking?" Xuanyuanchen asked with a deep smile.

"Nothing. Let's talk about it later." Suqin replied with a smile. At this time, Xuanyuan Chen seems to be talking to someone there. Suqin waits for him to talk, and she says, "you are busy with your work first, and then you can make an appointment in the evening."

"Good! Remember to think of me." Xuanyuan Chen does not forget to tell, just hang up the phone.

In the hall, Li Qian went to buy vegetables and Su Boyan went to exercise. In the hall, only Wen Lichen and his wife were there. At this moment, he was cutting an apple for Su Xi. Su Xi was waiting, smiling expectantly.

Wen Lichen finished cutting, cut four pieces and put them on the side of the plate. Su Xi picked up his fork and ate happily.

"What else would you like to eat? As long as I can buy it for you, I will buy it for you immediately."

"Really?" Su Xi asked with a smile.

"Well! What would you like to eat? "

"I suddenly want to eat a pancake, but it's not a famous brand store. It's a very famous one, but it often needs to be bought in line."

"Where is the address? I'll buy it for you now."

"But line up." Su Xi thought, his identity is certainly not suitable to line up! It's important to love your husband.

"I'm willing to do anything for you, not to mention queuing up. Even if I ask the boss to do it for you, I won't say anything."

"Do you really want to go?"

"Tell me the address! And what kind of food do you want? " Wen Lichen asked earnestly.

Sushi had to write down the address to him, and then he said several tastes he wanted to eat, and Wen picked up the car key and went out.

Suqin went downstairs and saw her sitting here alone. She asked curiously, "what about lichen?"

"He bought me pancakes."

"Where can I buy it?"

"That's the one we used to like."

"That one is very popular. Every time I drive by, I need to form a long line." Suqin immediately remembered.

"Yes! I want to eat, but I don't want him to line up, but he is determined to buy it for me. "

In front of the pancake stand in a busy road section, there are more than ten people in line.

In the team, a mature and charming tall figure, very eye-catching, attracted the attention of women in the past, even some secretly photographed him, and then sent to the network, causing a strong heat.

Chapter 596

In the evening, Suqin received a call from xuanyuanchen. She said something to her parents and went out.

Only sushi knew that she was going on a date, and that she was still with the president of a country! She is happy for her sister. I hope she can find her happy partner.

Xuanyuanchen's motorcade was very low-key and stopped under a row of trees beside her. Suqin saw that there were plainclothes bodyguards at the front and the back of the car.

Suqin passed by, and the bodyguard immediately opened the door for her. Suqin sat in. Instead of wearing a thick down jacket, she was wearing a gray windbreaker, which made her cold for a short period of time.

Sitting in, I brought in a cold wind. The man beside me, when the door was closed, immediately reached over to hold her hand and warmed her.

Suqin raised her eyes and bumped into the man's affectionate eyes. Her heart pounded. She met the man at the door of her home, with an unspeakable thrill.

"Why do you wear so little?" Xuanyuanchen reproves in a low voice.

"It's OK. I'm not cold." Su Qin shakes his head. Xuanyuanchen takes the scarf still hanging around her neck and wraps it around her neck twice.

Suqin was shocked and looked down at the dark scarf. As a woman, her intuition was that the scarf should not be his own.

"Who sent it?" Suqin is holding the end of the scarf, his eyes are full of questions.

"From a woman." Xuanyuan Chen hook lips a smile.

Suqin's heart immediately clenched, send scarf such thing, also should be a woman, what kind of woman is it? Is it from Miss Lin?

Gongqin's heart is not feeling any more, but she doesn't say it. She just feels that the scarf around her neck is not so comfortable.

"I don't want to know which woman sent it?" Xuanyuanchen approached her vaguely.

Suqin blinked. Would he tell her?

"Your confidante!" Suqin guessed.

Xuanyuanchen also does not hang her appetite, he laughs, "my mother."

Suqin immediately had a feeling of chagrin. It was clear that the man was deliberately playing tricks on her, making her jealous. Then, he proudly said the answer to embarrass her.

"You..." Suqin gave him a coquettish look.

Xuanyuanchen smiled and reached for his arms. "Well, in this world, apart from my mother and I, I'm closest to you. Don't be angry."

"You did it on purpose."

"I want to see you jealous." Xuanyuanchen laughed.

Suqin was biting her lips and didn't miss him very much.

Xuanyuanchen gets close to her and kisses her hair. "Really angry?"

"Not angry." Suqin's voice still has some angry emotions.

Xuanyuanchen takes her again, coax way, "good, my mistake, I..."

Suqin's voice immediately gently interrupted him, "no blame you!" Then she nestled in his arms.

Xuanyuanchen's heart also turns to be soft around her fingers. She smiles and kisses her hair. This woman knows how to love and understand him. At the same time, she captures all his sincerity.

Arriving at the restaurant, it is a very secret space, and the dishes are also very good, comparable to the level of five-star meal. During the meal, neither of them spoke very much. Sometimes, one look is enough to represent what they want to express.

Xuanyuanchen carefully takes care of her, takes dishes for her and pours tea for her. Suqin deeply feels that his mind is all over her.

"I'll go home tomorrow and take the initiative to mention you to my mother. You don't have to worry. I'll deal with these things. You'll be at ease waiting for the result, and my family will accept you." Xuanyuanchen's tone is full of strength and reassuring atmosphere.

As if, as long as he said something, it must be done, and it will not be disappointing.

Suqin nodded, with a smile in her eyes and a touch of expectation.

With his words, it's enough to calm her mind.

In a boudoir in the general's mansion, Lin bingyue has experienced a lot of inquiries. She finally holds a message, which is not rare.

All the staff in the presidential palace know that there is a woman who has an ambiguous relationship with Mr. President. Her identity, information and family background are already in her hands.

"Suqin, 28, is an ordinary political family." Lin bingyue read the message, and her eyes flashed a hint of ridicule.

After knowing all this, Suqin has become the kind of woman who has attached great importance to power. As an assistant, she even flirts with the president. Her ambition is really big.

"Is that you? Is the woman Xuanyuan said to like you?" Lin bingyue looks at the photo. It's a certificate photo. It's only a two inch picture. But the woman in the photo has delicate features and long hair like satin. She is very beautiful and charming.

Lin bingyue looks at this face. She can't help looking up at the mirror on the dresser. She carefully looks at her face in the mirror, which will never be worse than Su Qin. What's more, she also has a perfect family background. It seems that as long as she repels this woman, she has a very good chance to be with xuanyuanchen.

However, she will not tell anyone about this idea, not even her family. She just wants to find Suqin in silence and know her well, so that she can leave without hesitation. Don't waste her time trying to be the first lady.

To this point, Lin bingyue thinks that she is very sure to persuade her, because, the throne of the first lady, not everyone can sit, such as her identity, sitting on it, will also be a joke, when the time comes, provoke the laughingstock of the whole country!

If an assistant goes up by any means, xuanyuanchen's identity will be ridiculed.

Lin bingyue only hopes that Suqin is a person who knows the general and knows the advance and retreat. If she wants to climb xuanyuanchen wholeheartedly, she will definitely take other measures against her.

At 9:30 p.m., xuanyuanchen's motorcade returned to Suqin's house. The whole motorcade turned out its lights and looked silent under the shadow of trees.

Suqin sat in the middle of a back seat, she pulled away from the man around her hand, "I should go back."

Xuanyuanchen is reluctant to give up. At this moment, he really wants to have her all night and doesn't want her to leave.

Every time he watched her leave, his heart would be very sad, there was never a woman, let him worry, every minute and every second want to stay with her.

"Can I see you tomorrow?" Xuanyuanchen asked.

"If you are busy..."

"I'll see you when I'm busy. I'll have a rest in the presidential palace in the afternoon. I'll ask Li Sen to pick you up." Xuanyuanchen feels that if she is not seen in one day, she will miss her very much.

Suqin's heart was sweet. She nodded, "OK! As long as it doesn't affect your work. "

Chapter 597

"I'll arrange it." Xuanyuanchen finish saying, lean over, kiss on her face for a while, "go to bed early."

Suqin nodded his head shamefully and pushed the door to get off.

She silently watched the motorcade go away, her heart seemed to be taken away, and at this time, a cold sentence came from her side, "Xiaoqin, what are you doing here?"

Suqin was startled immediately. She turned around and looked at her father, who had come back from the walk, with his hands on his back.

"Well Nothing, Dad. Why are you so late? "

"Who was that team just now?" Su Boyan can see clearly that the team is very dignified.

"Er! It's about work. " Suqin said flustered.

Su Boyan doubted and said to her, "go back!"

The two father and daughter go back to the hall together. In the hall, Li Qian is still making some snacks for Suxi, because she doesn't eat, only likes to choose some tasty food, which is sour and spicy.

Li Qian came out with a freshly mixed cold skin, saw her eldest daughter coming back and asked, "Xiaoqin, and do you want to?"

"I'm full." Suqin smiled.

Li Qian immediately said, "Xiaoqin, where did you get your scarf?!" This is not yours! "

Su Qin was stunned immediately, and then thought that when he got on the bus, xuanyuanchen put the scarf around her neck again. She forgot to give it back to him just now when she got off the bus. She was a little embarrassed and said, "it was sent by a friend."

"From a man?" Li Qian immediately asked with a smile.

Sushi looked at her with a pair of smiling Mimi's eyes. "Sister, do you have any pursuers?"

"This I'll tell you later. " Suqin did not deny either.

"Mom and Dad, you all heard. Maybe you'll have a new son-in-law soon." Suxi giggled and added a sentence in the bottom of her heart. It's a great person!

Of course, she can't say that now.

"Xiaoqin, when can I bring them home for dinner? Even if they are friends, they can get to know each other!"

"Mom, say it again! He is very busy. " Suqin replied with shame.

"No matter how busy you are, there will always be time for dinner!" Li Qian is looking forward to it.

Su Boyan immediately thought of the mysterious motorcade he had just left. His heart was tight. His daughter's boyfriend was the one sitting in that car?

Anyway, Su Boyan feels that the other side is not small, and hopes her daughter will not be bullied.

"Today, Li Chen bought another pile of supplements. Tomorrow, I'll give them to your sister. Li Chen's Day is not heavy. His family can't fit them." Li Qian exclaimed.

What did sushi think of? She was speechless. "Tell you one thing. Today, Li Chen went to line up for me to buy pancakes and was photographed. Then, it immediately became the number one hot search. The title said that the bully president doted on his wife. It's so romantic."

After hearing this, Li Qian immediately stared at her, "you child, let Li Chen do this kind of thing, just ask me to buy it. His identity must be watched."

"Let me see." Suqin immediately sat by her side, and Suxi opened the photo above the hot search, only to see the news of Wen lichen, who could not live for a long time, and the heat continued to rise.

Wen lichen's figure stood in the line of people, very eye-catching, the following message comments, are going to die a group of people, but, all the netizens envy of the image, only sushi.

Who but his wife can let Wen lichen down?

"Next time you want to eat something, just ask us to buy it. Don't tell Li Chen." Li Qian added.

Suxi also loves that her husband is photographed by passers-by. She dare not.

Only the next morning, when Wen lichen came, he bought the pancakes she liked. It was the same family. Last night, he was secretly photographed. He totally ignored it.

Sushi and Suqin are eating breakfast. Sushi takes a bite and eats sweetly. Meanwhile, she says with heartache, "next time you don't have to go to the queue, I can skip it."

Wen lichen looked at her, clearly love to eat, his heart is very satisfied, "it's OK, I'll buy it tomorrow."

At noon, Wen lichen went to the company to deal with the affairs. The two sisters of the Su family were at home, accompanying their parents and the whole family. This winter also became warm and harmonious.

In the afternoon, xuanyuanchen called and temporarily added a meeting. She couldn't answer her. Suqin had no opinion at all. She also gently comforted him and worked hard.

Meeting such a tolerant and generous girlfriend, xuanyuanchen feels really blessed.

In the evening, xuanyuanchen asked his family to have dinner. He hurried from the presidential palace to his parents' home. He didn't go back for some time.

Li Sen prepared the present for him, and xuanyuanchen's motorcade set out.

Xuanyuanchen's father's home in his old age is an area on the edge of the city. All around here are retired old people from politics. There are LAN pavilions around, which are very safe and quiet. Xuanyuanchen's father chose a Chinese style villa with a large courtyard. The decoration inside is also Chinese-style sandalwood structure.

Xuanyuanchen's car drove into the yard, and Li Sen quickly opened the door for him. Xuanyuanchen came in, and an old man called respectfully, "young master, you are back."

In this family, xuanyuanchen is not the president, he is the young master of this family.

"Sanbo, how are you these days?" Xuanyuanchen asked with a smile.

"It's very peaceful to trust the young master's house."

"Are my parents in there?"

"Yes, I'm waiting for you."

Xuanyuanchen nodded, to go back to this home, his mood is very light, this is his work, the most warm and comfortable place, but today, his mind is a little tense.

Cheng Xuelan stepped out of the door and looked at him. "He's back."

"Mom!" Xuanyuanchen immediately came forward, stretched out his hand to hold his mother's shoulder, with a pleasing smile in his eyes.

After all, Cheng Xuelan's face was slightly resentful just now. She immediately softened and felt helpless.

"Mom, I brought you good things this time. Your favorite collection of jade bracelets is very good in color." Xuanyuanchen took the good of his mother and specially picked it back.

Cheng Xuelan knew how she complained about her son's disobedience. As long as he coaxed her, her heart would be soft and everything would depend on him.

Li Sen immediately took out the green jade bracelet and put it on the table, among the black flannelette. This jade bracelet is crystal clear and moist, which is absolutely a rare treasure.

Cheng Xuelan took a look, and her eyes showed her affection. "Your eyes are getting better and better."

"Of course, how dare I neglect those who are filial to your mother!" Xuanyuanchen smiled and picked up the jade bracelet. "Mom, I'll try it on for you."

"Forget it. Keep the jade bracelet! Maybe it's for someone else. "

Xuanyuan Chen a Zheng, some tight Jing of look at mother, "Mom, this is special to give you."

Cheng Xuelan looks up at him seriously. "Are you coming back this time to be with Suqin?"

Chapter 598

Xuanyuanchen can't help bending his lips and smiling. He looks serious. "As expected, nothing can be concealed from your mother!"

Cheng Xuelan sighed, and she was also prepared. Her son would not hesitate to go abroad to pick her up this time. It can be seen that his son is very attentive this time. Maybe she really miscalculated his son's love for Suqin.

"Mom, I'm here to ask your permission. I like Suqin." Xuanyuanchen's eyes are serious and firm.

At this time, a deep and mellow man's voice nearby sounded, "I told you not to be confused. The marriage of my son is decided and planned by him. You have to listen."

A man in glasses and apron came in with a shovel, apparently just working in the back garden.

"Dad." Xuanyuanchen called out with a smile.

Cheng Xuelan looks at her husband and stares at him. "I haven't seen you nervous about my son's marriage. Don't you want to have a grandson earlier? Play with your plants every day, and don't give him pressure. "

Xuanyuanchen looked at his parents helplessly. At the age of 32, he couldn't bring them a grandson. He also blamed himself very much. Now, he realized that this matter can't be delayed.

"Son, I listen to your mother. You have a picture. When will you bring it back? Let's have a look." Xuanyuan Xi said to his son, and went to wash his hands in the direction of the sink.

Xuanyuanchen's face turned to look at the head of the family. His mother, Cheng Xuelan, picked up the bracelet on the table and looked at it. "This bracelet is not suitable for young girls. It's suitable for people of some ages."

Xuanyuan Chen hasn't reflected what his mother wants to express. Xuanyuan Xi, who washed his hands and came in, solves his doubts for him. "Your mother's meaning, this bracelet is suitable for your future mother-in-law."

"As a royal family, you have to give something different, something that you can handle." Cheng Xuelan put the bracelet down again and pushed it to xuanyuanchen.

Xuanyuanchen's eyes flashed a surprise, "Mom, do you mean that you agree with me and Suqin?"

"Can I disagree? If my infatuated son leaves his job and goes abroad, I can't bear the responsibility. " Cheng Xuelan's eyes are full of reproach and stare at him.

Xuanyuanchen's heart string immediately relaxed. With his understanding of his mother, she would not be too cruel. Even if she advised Suqin to leave this time, however, the position she transferred to her also showed that she was compensating her.

"Mom, thank you for accepting Suqin. I appreciate it." Xuanyuanchen looked at his mother carefully to express his joy.

Cheng Xuelan was worried, but looking at her son's smile, she smiled helplessly, "I see you haven't asked me for anything for a long time, so I promise you this time! Your marriage is up to you. "

"Political marriage is definitely not what I want. What I need is a woman who suits me, I like and loves me unconditionally." Xuanyuanchen expresses his inner thoughts.

Cheng Xuelan sighed, "I have seen Suqin. She is a good girl, and I can see that she loves you very much. For you, she can give up everything."

"Don't stop, let your son take it back one day!" Xuanyuanxi sat next to his wife. "You always need a successor for your work. You are too old. Don't worry about it. Let your son marry a capable daughter-in-law and take over the burden for you!"

Xuanyuanchen also agreed, "Mom, you have been checking on charity, so the charity of the whole country is excellent, but you are old, and I will let Suqin take over your work."

"Then you have to give me your grandchildren first." Cheng Xuelan's smile has been hard to hide.

"Well, I'll hurry up." Xuanyuanchen's heart finally fell to the field.

Dinner is the most warm time of the family. Xuanyuan Xi takes out the new tea and tea he has developed to his son, and the fresh vegetables in their vegetable garden. For their husband and wife, this may be the happiest time of their later years.

Self sufficiency, abundant food and clothing, enjoying the fun of the countryside, xuanyuanchen every time he goes home, he is very relaxed.

Despite his identity and pressure outside, he lies under his father's vineyard at night, smelling the fruit and enjoying the night sky.

Today, for him, the biggest harvest is the recognition of Suqin by his parents.

At about 9 p.m., Li Sen received an emergency treatment, and xuanyuanchen immediately returned to the presidential palace for overnight treatment.

Generally, the events that can reach the presidential palace are very urgent. When Xuanyuan Chen returns to his room, it's already four o'clock in the morning. However, things are still fermenting. Xuanyuan Chen, persuaded by Li Sen, has a rest for a while. In the morning of tomorrow, there's a meeting waiting for him.

Early morning.

Lin family, a red car from the front door, the girl in the driver's seat, wearing sunglasses, with delicate makeup, gives a rich family temperament.

She is Lin bingyue. She has fully grasped all the information of Suqin. She can't help looking for her.

At the moment, she really drove in the direction of Suqin's address. Suqin was also waiting for Xuanyuan Chen's phone call late last night, but he didn't. Suqin also knew that if he was not busy, he would call her, but if he was busy, it must be an important thing.

Even if she would like to know, what is the result of his meeting with his family this time, she can't take the initiative to disturb him.

Outside the courtyard door of Su's house, a red car stops at the door. Lin Bingyue pushes the door to get out of the car and holds the cell phone core to the number plate. After confirmation, she does not hesitate to reach out and ring the doorbell.

In the hall, Suqin heard the doorbell. She said to her mother, "Mom, I'll open the door."

Suqin went to the gate of the courtyard and looked at the figure of a woman standing outside the gate. She asked through the gate bar, "who are you looking for, please?"

Lin Bingyue across the door bar, she saw Suqin's face, she directly picked up her eyebrows and said, "I'm looking for you."

Suqin opens the door and the two women face to face. Looking at the girl, Suqin is a little surprised and says, "excuse me, are you?"

"My name is Lin Bingyue. I'm Xuanyuan Chen's official girlfriend. Can I have a talk with you?" Lin Bingyue directly crowned herself as Xuanyuan Chen's girlfriend.

Because of the information she holds, Suqin is a woman who is greedy and usurps profits. Therefore, she has no idea about her feelings with Xuanyuan Chen. Therefore, she claims to be Xuanyuan Chen's girlfriend, and she also takes it for granted.

Suqin's face changed a little and looked at the woman in front of her carefully. She turned out to be the miss of the general's office.

Chapter 599

Although she never met, Miss Lin's figure had been in her mind for many times. The Lin Bingyue in front of her was as noble as she imagined, with a superior atmosphere behind the gate.

"Hello, what can I do for Miss Lin?" Suqin asked with a polite smile.

"What I want to talk to you about, it's inconvenient to say here. Is there a senior coffee shop near here? Let's go sit down. " Lin bingyue says to her that although she has the heart to invite love, there is not much respect in her tone.

Suqin also wants to hear what Miss Lin wants to talk with her. No matter what she talks about, she is now determined and not afraid of anything.

"There is a coffee shop not far away. The environment is very quiet." Suqin said to her.

"Then lead the way!" Lin bingyue points to her car, "drive my car."

Suqin nodded, and Lin bingyue looked at her in surprise. She thought Suqin should be a confident woman. However, she felt very quiet and gentle in front of her.

However, Lin bingyue doesn't believe her false appearance. She thinks that Suqin must deliberately make this kind and deceptive appearance in front of her, and dare to seduce the president's female assistant. That's not timid and has great ability.

Suqin comes out with her mobile phone. She makes a phone call to her mother and says to go to a nearby place with her friends. Lin bingyue arrives at a coffee shop not far away under her guidance.

Lin bingyue thought that Suqin's high-end coffee shop was the kind of coffee shop she imagined. When she saw that it was just a general coffee shop, her face immediately showed her dislike. At this time, there were not many people in the coffee shop.

Suqin and her find a window position, Lin bingyue frowned, or don't forget to abandon a sentence, "this kind of coffee shop won't be for us to brew fast melt!"

"The coffee here is very good, of course not instant." Suqin explained.

"Maybe the two of us have different visions. This kind of coffee shop, in my ordinary words, will never come in. I'm afraid that I drink inferior coffee."

Suqin looks at the superiority of Lin bingyue. She chuckles and doesn't answer.

After ordering the coffee, Lin bingyue's eyes stared at Suqin. Suqin met her eyes and asked with a smile, "why does Miss Lin suddenly come to me?"

"You don't know me, but I often hear your name. Do you know where I hear your name?" Lin bingyue leans on the back of the chair lazily and looks at her with eyebrows raised.

Suqin shook her head.

"I have several sisters who have a good time working in the presidential palace. They mentioned you in front of me. I heard that you were an assistant in the presidential palace before."

"Yes, I've been transferred. I'm on vacation." Suqin nodded.

Lin bingyue suddenly felt that it was uninteresting to talk with her so insincerely. She had a straightforward personality since she was a child. She suddenly approached Suqin and said, "I heard that you seduced Mr. President by means of bad means, didn't you?"

Suqin also guessed through her intention, but she was so direct with the word "SEDUCTION", she still can't accept it.

Before she answered, Lin bingyue sneered, "Miss Su, be a man! It's better to have a little self-knowledge. A family like you, who can work in the presidential palace, has taken a lot of back door relationships! Don't block your future. "

"Miss Lin, I don't quite understand what you want to say." Suqin replied calmly.

"I mean very simply, let you not want to get some things that do not belong to you, including the identity of men and xuanyuanchen. I hope you have a clear idea." When Lin bingyue saw that she was still on the way of installation, she was very upset.

"In what capacity, Miss Lin, has warned me?" Suqin looks up slightly, with a polite smile in her eyes.

Lin bingyue is stunned. With that, she sneers, "maybe you don't know my identity yet! I was born in the military and political family. How strong my background is? I'm afraid it's hard for you to understand. Let me tell you so! If the country wants to choose a vice president, my family will hold several votes. "

Suqin saw that she was so proud of her family, she couldn't help but make a surprised expression, "the old Miss Lin family."

Lin bingyue still felt that she didn't put her in the eyes at all, so she leaned towards her and said, "Suqin, I want you to leave xuanyuanchen as far as possible. Otherwise, it's not so easy for your father to retire."

Suqin Demi tightened, "Miss Lin, are you threatening me?"

Through chatting with Lin bingyue, Su qincai found that she had been so well imagined before that she was really the most suitable woman for xuanyuanchen. However, now she realized that Lin bingyue only matched him in identity, but in character, it was hard to determine.

"You can think so." Lin bingyue looks at her with a smile.

"Miss Lin, you disappoint me so much. Before I saw you, I heard your name and knew that you and Mr. President had kissed each other." "You How do you know? " Lin bingyue asked in surprise.

Suqin said quietly, "because my relationship with Mr. President is not what you think. I seduce him or something."

"It's not seduction. Are you really falling in love?" Lin bingyue looks at her mockingly.

"Yes, we are in a normal relationship." Suqin's reply was very calm, and there was also a deep feeling in his tone.

Lin bingyue suddenly smiles, and the smile is full of a funny meaning.

"Miss Su, where are you confident that Mr. President will fall in love with you?"

"I didn't show you the need for proof. In short, Miss Lin, you may be disappointed to come to me." Suqin said, standing up, "my mother may be worried about me. I'll go back first."

After that, Lin bingyue immediately got up and said her name, "Hey, Suqin, stop. Even if he likes you, do you think his family can accept you? A family like him, your presence, just humiliates them. "

as soon as Suqin's step stops, she didn't receive xuanyuanchen's phone call last night, and he said that he would go home to face his family last night, she didn't think about it, whether she had been rejected or not.

Now, Lin bingyue's words are like a basin of cold water.

Lin bingyue came to her and stood in front of her. "As long as his family doesn't admit you, you can only be an ugly person, and I will be his wife. At that time, if you pester him again, I won't let you live."

Chapter 600

Suqin strolls home from the direction of the coffee shop, which is two kilometers away from her home, and she doesn't plan to take a taxi back. At this time, she hears the roar of cars coming from behind. It's Lin bingyue, as if showing her anger. Her car is on the street where there is no one, and suddenly goes away.

Su Qin sighed a little. At this time, a snowflake came to her eyes. She looked up and saw the snowflake flying down. Su Qin's depressed mood disappeared immediately. She smiled.

She took out her mobile phone, found Li Sen's phone number and dialed it. She wanted to know what he was doing. If he was busy, she would not disturb him, but Li Sen often had time to answer the phone.

"Hello, Suqin?" There's a voice from Leeson.

"Mr. President, is he busy?" Asked Suqin in a low voice.

"He's in a meeting. Do you have anything important to tell him?"

As soon as Suqin heard that he was in a meeting, she immediately decided not to disturb him. She smiled, "no, I'm just asking. Let him do it first!"

"OK!" Li Sen answered and hung up.

Suqin gathered her windbreaker, wrapped it up and went home in the snow.

In a spacious office of the presidential palace, Xuanyuan Chen saw Li Sen answering the phone at the door just now. When he came in, he asked casually, "whose phone was that just now?"

"It's Suqin's." Li Sen replied.

Xuanyuan Chen looks a Zheng, think of what, he picks up the mobile phone to leave the hall.

"Sir, the meeting will take place in two minutes." Li Sen quickly reminded him.

"Give me five minutes." Xuanyuan Chen told him to pick up his cell phone and walk to the empty meeting room nearby.

Just dial Susie's number.

Sushi heard the cell phone in her bag. She reached out and picked it up. She saw a Chen character on it.

Her heart beat faster immediately. She went to a corner to avoid snowflakes and reached for it.
"Hello."

"Why don't you call me directly?" Xuanyuan Chen's voice reproved.

Su Qin is slightly stunned and chuckles, "I'm afraid you're busy."

"In the future, if you want to call me, you don't need to call me directly through Li Sen. no matter how busy I am, as long as I know it's your call, I will definitely answer it." From the deep, powerful voice of the man.

Suqin felt warm in her heart, and she said, "well, I know."

"Suqin, you're ready." Xuanyuanchen suddenly said this.

Su Qin's heart string immediately tightens, in the heart prepares? What are you prepared for? Is he prepared to be rejected by his family?

"I'm prepared." Suqin took a breath of cool air and replied.

"Do you know what I want you to prepare for?" Xuanyuanchen asked with a deep smile.

"I don't know," said Suqin

"Be ready to meet my family! They want to see you. " Xuanyuanchen announces the answer.

Suqin's expression directly stayed for a few seconds. He swallowed his saliva nervously and asked, "when?"

"Wait for me to arrange, in short, I will arrange you and me to go home as soon as possible."

"Then they..." Suqin's heart was tense, and she was very confused.

"They like you and accept you completely." Xuanyuanchen's low and dumb voice is determined to be very.

Su Qin looked at the hazy snow in front of her eyes, and her heart fell on the spot like these snowflakes.

"Really? You didn't lie to me! " She couldn't help asking.

"I said, I'll never cheat you in my life." Xuanyuanchen's mellow voice like wine gives people a sense of strength.

Suqin covered her lips, and the whole person seemed to pull out her strength. She squatted down and squatted in the corner. She was so excited that she had a smile in the corner of her eyes, but also a trace of tears.

"Well! I'll wait for you. " Suqin answers in a low voice.

"Where are you?"

"I'm at home." Suqin had to say panic, do not want to let him worry.

"It's too cold. Don't run around."

"So do you. Take a rest. Don't be too tired."

"Good." Xuanyuanchen answered with a low smile, "I'll go to the meeting first and call you later."

"Well! Get busy! " When Suqin heard that end of the phone hang up, she received the phone and looked up slightly. All the threats and pressures Lin bingyue had given her just now disappeared.

She didn't talk to him about the case of tiring bingyue and didn't want him to worry about it. He was very tired of handling state affairs every day. She could bear these locking things herself.

Is Lin bingyue willing to die? Now, seeing Lin bingyue's character, Suqin will not give in any more.

Love can never yield.

Suqin went home step by step, out of a thin sweat, she opened the door and walked in, and she saw her mother greeting someone at home.

Su Qin was stunned and stepped in. When she saw the man sitting at the table, her face changed a little. It was duanzixuan.He found his home.

Duanzixuan looks at Suqin who comes back. He immediately stands up excitedly, "Xiaoqin, you are back."

"What are you doing here?" Suqin frowned.

"I'm here to see my uncles and aunts and bring them some health products." Duanzixuan smiled softly.

"Xiaoqin, this is your friend!" Li Qian asked her daughter.

"Auntie, I am not only Suqin's friend, but also her Boyfriend. " Duanzixuan shamelessly says this identity.

Li Qian was shocked and looked at him in surprise. "Are you Xiaoqin's boyfriend?"

"Mom, No." Su Qian quickly denied, and said to duanzixuan, "let's go out and talk about something."

Duanzixuan's coming here this time is definitely not so simple, and Suqin doesn't want him to talk nonsense in front of his parents.

Seeing Suqin's face unhappy, duanzixuan didn't want to annoy her either. He got up and said, "OK, let's go find a place to talk!"

Suqin just came back. She turned around and went out. Duanzixuan came up behind her. He looked at Suqin with his eyes, which had become different, even a little afraid, because Suqin's identity was about to change.

Out of the gate, Suqin turned to look at duanzixuan behind her, and said coldly, "what do you want to do with me? Don't look for my family in the future. "

"Xiaoqin, I know I went too far last time. I shouldn't have forced you to get back together." Duan Zixuan looked at her pitifully. "I also paid for it. Now I am transferred to an idle department, and I work with no ambition every day. I really don't want to do this."

Don't open your face, Suqin. "I'm not interested in knowing about you."

"You and I are very clear, I will fall to this step, because of what, Xiaoqin, help me, help me, say a good word in front of the president, transfer me back to the original department, OK?" Duanzixuan begged to look at her, and he was desperate.

Suqin is not surprised. Duanzixuan was originally a very ambitious person. Now, he has been transferred from his original position. Now, the unit that he has been transferred to is in place.

"I can't help you." Suqin's cold refusal.
