Chapter 761

Huo Qiang shook his head a little angrily, and a man came to greet him immediately and very honored.

"Hello, Mr. vice president."

"Hello." Huo Qiang nodded and replied.

Other parents all cast respectful eyes on him, but they dare not disturb him, and dare not come forward to actively chat. Huo Qiang even looks very close to the people, but his momentum is not easy to approach.

The children of Daban also started to move towards the playground in a neat way. Today's parent-child activities, the children have prepared performances, and the children are blindfolded, looking for their parents and mothers, as well as handicrafts.

Huo Qiang walked into the playground and looked at the separate venues of each class. His eyes were looking for the figure he most wanted to see among many parents.

Finally, he saw Ji Anxin. She was wearing a khaki thin windbreaker, with a slender figure and long hair behind her head. She was able and professional.

She was clapping her hands, laughing and shouting at the people in the game. Huo Qiang can't help but wring her eyebrows. Dingqing looks at the person playing the game. Ji Xiaoxiao is holding a man's hand and stepping on his leather shoes happily. They have a good time.

Huo Qiang's handsome face changed a little. He knew who it was when he saw the back. It turned out that Shen Rui accompanied him to attend the parent-child program.

Huo Qiang's inner five tastes are mixed, and a kind of sour and astringent taste comes up strongly. He went to the chair beside his nephew, and he found a chair to sit down.

Because it's such a coincidence that the two classes are next door, very close.

Ji Anxin is watching her daughter and Shen Rui interact and have a good time. She can't help looking for a chair behind her. Leng Buding finds out that there is a line of sight coming from her.

This line of sight is so strong that she has to pay attention to it. She looks up at the past. Directly into a pair of deep well like eyes, Ji Anxin's heart beat two times immediately.

What happened to him? Isn't his sister coming to attend?

Huo Qiang and Ji Anxin look at each other, and there is a faint light in his eyes, which makes it impossible to guess his mind.

Ji Anxin looks away and returns to her daughter again, but her heart is not so calm.

Shen Rui doesn't notice Huo Qiang. He plays the game with Ji Xiaoxiao attentively. Moreover, he plays very well and wins the first prize. This makes Ji Xiaoxiao very happy. There is a small medal hanging around his neck.

Next, there is a small shooting stick. Next, the father accompanies the children to complete the five ball shooting.

With Shen Rui in, Ji Anxin is very idle. She is only an audience. She looks at her daughter's energetic appearance, and her mouth rings a satisfied smile.

On the other hand, Huo Qiang's eyes can't help but look over to Ji Xiaoxiao and Shen Rui. They are as close as father and daughter. Shen Rui picks her up and turns her around. Then she kisses her little head and puts it down again.

Ji Anxin looked at this scene, and then thought of the man behind her, her heart still couldn't help beating.

This should be the biggest punishment to hocheon! If he knows Xiaoxiao is his daughter, and at the moment, he can only watch Xiaoxiao interact with Shen Rui, how painful is he?

Ji Anshan 's heart suddenly reduced some hatred for him, because unconsciously, God has already punished him.

"That's the father of your child!" A mother came to chat with Ji Anxin curiously.

Ji Anxin is embarrassed for a moment. This is a parent-child program. It will be misunderstood that the father is coming.

She smiled and didn't explain. The mother really thought Shen Rui was Ji Xiaoxiao's father.

Huo Qiang looks at the big group of children with teams. At the moment, they are preparing to perform a tug of war game.

Because it is a big class of children, there are not so many parent-child links arranged, just let the parents to see the children's performance.

Huo Qiang looks at his nephew Xiaohui. He is trying to make trouble several times. He pulls the rope to his side. Huo Qiang can only look at this naughty nephew. It's hard to say.

Ji Anxin here, the children and their parents had a very good time. With the help of Shen Rui, Ji Xiaoxiao also threw two balls and made her jump like a little white rabbit.

"Uncle Shen, how are you?"

"Is it? Do you like Uncle Shen? "

"Like it!" The little guy said very loudly.

Not far away, Huo Qiang also heard. His eyes looked over. There was a touch of envy in his eyes. Inexplicably, he also wanted to be close to the child.

It's a pity that Ji Anxin warned him last time not to get too close to her children.

He was puzzled. Did she do it because she hated him? Is he going to hurt her children? No, if he had the chance, he would give everything to take care of her children.

Shen Rui doesn't know that Huo Qiang is there, so he doesn't have any pressure. If he knows that he will have pressure, his real father will be Xiaoxiao. Ji Anxin is the most entangled person in her heart. She has no other emotions except hate Huo Qiang. But now she had some sympathy for him, but only for this moment.

"Now, shall we invite some parents to play games together? Because of the game, we have to invite parents from both parents to finish the game. "

The teacher called several children's parents. At last, she looked at Ji Anshan, who was outstanding in temperament. "Would you please come forward with Xiaoxiao's mother?"

Ji Anxin is stunned. Does she have a share?

"Mommy, Mommy..." The little guy has been happily clapping his hands and looking forward to it.

Ji Anxin couldn't help but let her daughter down, so she got up and came over. The teacher actually blindfolded her father. Then, under the guidance of the children, she went to find the mother standing in front of her, until she found her.

It's also a very fun and interesting game.

Shen Rui is blindfolded, while Ji Anxin and several mothers stand 10 meters away from them.

Due to the limited space, Ji Anxin is standing a few steps away from Huo Qiang.

She felt Huo qi'ang's eyes coming again. She arranged her expression and didn't look at him.

On the opposite side, the little guy, after the teacher started, guided Shen Rui very carefully and patiently, "Uncle Shen, move forward, move forward, hurry up, Mommy is on the opposite side."

Shen Rui is smiling at the corner of his mouth. He fumbles forward and follows the little guy's shouting step by step.

Although his eyes were blindfolded, his heart was looking forward to it.

The little guy is very smart, just a few steps ahead of him, he has been dancing and shouting, let him follow her voice.

Finally, a few minutes later, Shen Rui was the first to arrive at Ji Anxin.

He smelled Ji Anxin's charming fragrance in the air, and suddenly he reached out his hand.

Holding Ji Anxin tightly, Ji Anxin didn't expect that Shen Rui would take this opportunity to give her such a warm hug. She was a little stiff.

And Shen Rui didn't tear off the blindfold, so he took advantage of this opportunity, tightly around Ji Anxin's waist, and Jun Yanqing put it on her shoulder, laughing, "I found you."

The little guy is looking back at his head and is very happy.

However, there is a man who can't sit down. Huo Qiang's heart is so bad that he even wants to stand up and separate the two hugging men and women. Ji Anxin just let Shen Rui hold her, her eyes just touched the two impatient and angry eyes, and the palm of his fist.

She hooked her lips and smiled, as if telling him about her relationship with Shen Rui.

When Shen Rui pulls off the blindfold, Ji Anxin doesn't want him to see Huo Qiang. She reaches for him and returns to their position, which is just opposite Huo Qiang.

Huo Qiang clenched his teeth and looked at the back of the pair. His heart was cut like a knife, and his jealousy covered his whole body.

On one side of Xiaohui tug of war competition, on the other hand, he thought of his uncle's encouragement. He was disappointed that his uncle was not watching him.

Why doesn't uncle look at him! He's going to win!

Chapter 762

Ji Anxin doesn't want to stay any longer. The game is coming to an end. She says hello to her teacher and comes out ahead of time with her daughter and Shen Rui.

"Have a good time?" Shen Rui asked the little guy.

"Well, happy, uncle Shen, how are you?" Ji Xiaoxiao praised the children.

"Do not forget to call me for such activities in the future!" Shen Rui smiled at the little guy.

"Well!" Ji Xiaoxiao remembers.

At this time, Shen Rui's mobile phone rings. He takes a look and says to Ji'an, "I'll take a call."

Shen Rui answers the phone, Ji Anxin hears that his tone seems to pay more attention to it, which seems to be a more important thing.

When Shen Rui came over, Ji Anxin said, "is there something important for the company? Then you go first! "

Shen Rui also urgently needs to go back. He nods and says, "OK, I'll take a step first. I'll contact you another day."

"Good!"

"Goodbye, uncle Shen."

"Goodbye."

Shen Rui left first. Ji Anxin took her daughter to the car. She asked sideways, "where do you want to play?"

"I want to go shopping for dolls." The little guy looked forward.

Ji Anxin thinks her performance today is very good. She can be rewarded with "OK, let's buy a gift."

"Yeah! I love Mommy. " The little guy held her face and gave her a kiss.

Ji Anxin also laughed happily. With her daughter, all her worries and sorrows will disappear involuntarily.

In the playground, Xiaohui also performed well. After Ji Anxin and them left, Huo Qiang also watched his nephew's performance for a while, but he was still absent-minded and in a trance.

And at this time, there is a thin woman figure gradually close to him.

He turned around and saw a woman he hadn't seen for five years.

It is exactly five years ago that her father wanted to introduce her to her. Now, as a wife and a mother, Li Xiuyuan happens to have her daughter studying here. She is usually working, and the pick-up is not her, so I seldom meet her.

But this time, she came to the parent-child program. She didn't expect to meet Huo Qiang here.

The man who became Vice President suddenly, when she saw him, her heart still filled with the feeling of heart, but she was already the mother of the child, and she knew that she was not qualified to like him again.

However, as soon as she saw him, she couldn't help but want to come over and chat with him.

"I haven't seen you for a long time." Li Xiuyuan's eyes are a little sorry.

Huo qi'ang's tone is colder, "Why are you here?"

"My daughter is three and a half years old. How time flies!" Li Xiuyuan didn't expect that five years had passed in a flash. She felt that she had changed, but this man didn't change much, just became more mature and more attractive.

"Oh!" Huo Qiang answered with a light voice.

"Are you here for your sister to participate in parent-child activities?" Li Xiuyuan asked with concern.

Huo Qiang said, Li Xiuyuan found out that he didn't want to chat with her. She also knew that she did a lot of sorry things when she was young.

Especially because of her, he lost his beloved, so that he is still alone.

"I'm sorry. I'm very sorry about the past. I'm also very sorry." Li Xiuyuan apologizes.

Huo Qiang's eyes looked at the distance, the outline of his facial features like a knife, looking very cold and stern, sending out the meaning of exclusion.

There's something in Li Xiuyuan's heart that she hasn't had a chance to tell him.

"Keang, do you have any contact with Ji Anxin? Do you still love her? If you love her, in your present capacity, you can certainly recover her. "

"Do you think it's possible?" Hodgson clenched his teeth.

"Yes, it is possible, because there is something I think I should tell you."

"What is it?" Huo Qiang squinted and looked over.

"Do you remember one time when you were very drunk? That day I just went to see you, accompanied by your bed, you You regard me as Ji Anxin. "

Huo qi'ang's eyes sank and he thought about it, but it didn't make any difference, because Ji anxiously left, and he was really drunk and dreamy many times.

"At that time, you held me tight, and I only wore a suspender skirt This scene was seen by Ji Anxin. If you need it, I can explain it to her clearly. Nothing happened to us that day. "

As soon as Huo Qiang's handsome face changed, his eyes immediately hit Li Xiuyuan's face like a blade. "Did she see it?"

"Yes, she saw it at the door. She must have mistakenly thought we had done something. I feel like she left crying." Li Xiuyuan said guiltily.

Huo Qiang's heart is tight, and her heart is dull and painful. It turns out that what forces Ji Anxin to disappear forever is the scene she saw! But this matter, he is drunk, has no memory at all, he only thinks it is a dream, and what he holds is Ji Anxin, which is in the dream, so he held Li Xiuyuan at that time, can imagine how tightly he would hold her if he regarded her as Ji Anxin.

How desperate would she be if Ji Anxin saw this?

Originally fragile love, which can stand such a blow? Huo Qiang's brain was blank for a few seconds. He always thought that the reason why she disappeared completely was what her father said to her.

It turned out that he had hurt her a lot unconsciously.

"I'm sorry. I'm really sorry. I haven't had a chance to tell you about it." After Li Xiuyuan finished, a little girl called her, "Mommy Come here. "

Li Xiuyuan said to Huo Qiang, "if you want to find Ji Anshan again, explain this to her! She will forgive you. "

With that, she walked quickly to her daughter's direction.

Huo Qiang's tall and straight body, standing in the sun, was surrounded by a remorse and remorse. It was he who pushed her away?

If he is not drunk, he will not regard Li Xiuyuan as her, will not hold her and let her run into him.

If it's true that Li Xiuyuan said that she was wearing a sling, then what would Ji Anxin misunderstand?

I must think he and Li Xiuyuan have done something!

No, from the beginning to the end, he had only one woman. In the past five years, he never looked at a woman differently, only her.

She was the only one.

"Uncle, we're back." Xiaohui came over and took his hand. "Uncle, what are you doing?"

Huo qi'ang was pulled back by his nephew's voice. He took a breath and said to Xiao Hui, "go, I'll take you home."

Xiaohui still wants to play with him! In his voice, he asked, "uncle, do you want to go back to work?"

"No, my uncle is going to find someone." Huo Qiang's eyes are firm and urgent.

He wants to explain it to Ji Anxin. Even after five years, he doesn't want her to think he betrayed her.

Huo Qiang had the whole afternoon to send Xiaohui back home. It was only 4:30. He drove out alone. He knew Ji Anxin's current address, but he didn't dare to disturb.

But today, he must find her and tell her positively that even if she hates him so much, she must know about it.

Ji Anxin takes her daughter to a supermarket and comes back home. It's more than six o'clock. Ji Anxin leads her daughter into the elevator happily.

Ji Xiaoxiao is holding her beloved baby and jumping. Ji Anxin is happy to see her daughter. She is in a very good mood.

Two people got off the elevator, Ji Anxin went to turn on the key. However, just then, she saw a man figure standing at a ventilation window beside the corridor, and her heart immediately tightened, thinking it was a bad person.

But just then, hearing the sound of them getting off the elevator, the man turned around.

Ji Anxin was just scared, but now, he was scared.

How is he? Why is he haunted?

"Handsome uncle!" Ji Xiaoxiao cried happily at once.

Hodgson smiled at her tenderly. "Hello."

Ji Anxin immediately took his daughter behind him and made a hidden move. He warned him, "what are you going to do?"

"No, I just came to talk to you about something." Huo Qiang's eyes are full of guilt, as well as her heartache. "

Chapter 763

"I have nothing to say to you." Ji Anxin takes a step back and looks defensive.

"The child is here, shall we not quarrel? What's the matter? Let's talk calmly. " Hocheonwin said.

"Why do you always haunt me when you are not a good vice president? I'll make it clear to you that I don't have any interest in the past. " Ji Anxin picks eyebrows and shows his attitude.

"Give me ten minutes, and I'll leave in ten." Said Hodgson in a low voice.

At this time, a pair of neighbors came out and looked at them. They looked weird.

Huo qi'ang's eyes are on Ji anxiously, imploring that she can invite him in.

Ji Anxin doesn't know where to soften her heart. She bites her teeth, but she can't drive him away. Let's hear what he wants to say!

Besides, she didn't want to argue with her daughter in front of her.

"OK, ten minutes." Ji Anxin said, turned to open the door, led her daughter in, she squatted down and said, "Xiaoxiao, would you like to go back to the room and play first? Mommy has something to deal with. "

"Mommy, can you stop scolding this uncle?" The little guy advised wisely.

Ji Anxin's heart was shocked. Her daughter also saw her bad attitude towards this man?

"Well, Mommy won't scold him. Go in! I want to watch TV and play it myself. "

"Well! Then I went to see cartoons. " Ji Xiaoxiao went into the room happily.

Ji Anxin closed the door of her daughter's room, circled her arms, and stared at the uninvited man with a defensive posture. She looked down at her wristwatch and said coldly,

"let's talk! Ten minutes, please leave. "

Huo qi'ang's heart is stuffy and painful. Now I get along with her and won't give him even one more minute?

"Peace of mind..."

"Please call me Ji Anshan, or call me miss Ji." Ji Anxin corrected his address.

Hodgson's heart hit again, and he bit his thin lips. "There's something I want to clarify with you."

Ji Anxin sneers and waits for him to say.

"I know why you disappeared so completely and never appeared again five years ago. You deliberately avoided me so that I could not find you all over the world."

Ji Anxin's eyes flashed a little resentment and pretended to be indifferent. "What do you want to say?"

"Five years ago, when I was drunk, Xiuyuan Li came to me. I mistook her for you. I held her. I just held her, because I thought I was holding you." Huo Qiang's eyes twinkled with regret and guilt.

Ji Anxin's eyes lifted a pain, and she bit her teeth. "What's the point of explaining this?"

Huo Qiang immediately stepped in front of her and breathed quickly. "Yes, I want you to know that I've only had you as a woman all along. I haven't touched any woman except you."

Ji Anxin's breath is also rapid because of his proximity. She takes a step back and keeps a distance with him. As soon as this man approaches, her brain is blank and unable to think.

She admitted that his influence on her was still amazing.

At the moment, his words made her more confused. She said, "what you say now is meaningless to me. Go!"

Huo Qiang's hand suddenly reached out to touch her face. Ji Anxin hid for a while, but he still held her face in a domineering way. He suppressed his strong desire for five years, bent down and kissed her eagerly.

Ji Anxin can't hide, so he is kissed by this man on his red lips.

Ji Anxin immediately reached out and pushed him. Huo Qiang took a step back and locked her disordered breathing with deep eyes.

"You bastard." Ji Anxin scolds a little.

"I miss you, and I love you, and rest assured that we will start again."

"Who will start over with you?" Ji Anxin retorts, but his face turns red.

"If you don't believe what happened five years ago, I can ask Xiuyuan Li to come over and explain to you. She is a mother now, and she is very guilty about it, because she hurt you."

Ji Anxin turned his back. Five years ago, it was the scene that hurt her the most. Li Xiuyuan hugged him and hurt people more than any bad language.

Ji Anxin believes him at the moment, but now that she has a daughter, how can she let her daughter go back to the indifferent Huo family?

So, even if this man explains ten thousand times, she can't forgive him. She must not forgive him. Only in this way can he leave her and her daughter's world.

"I don't believe you." Ji Anxin is very calm.

Huo Qiang's handsome face was so anxious that he couldn't help it. He tightly clenched his fist, which showed his inner eagerness. "Then how can you believe me? I will do anything you want me to do, as long as you believe me. "

"Well, you said you didn't betray me. Li Xiuyuan can prove it, right? What if she's giving you false evidence? How can I trust you? "Asked Ji Anxin's cold nature.

Huo Qiang's eyes flashed a pain, "I can swear, even if I am drunk, I will not betray you. "

" but you said you took her for me. " Ji Anxin's heart ached, and this matter could not be said from the circle in any way.

Huo Qiang shook his head. He firmly believed that even if Li Xiuyuan was regarded as her in that dream, he had nothing to do with her.

In addition to that hug, he tried to recall what happened that day. When he was awake, he was well dressed, while Li Xiuyuan was there, just taking care of him. But now this matter, explains already looked very pale.

"I swear, if I betrayed you, I would not die." Hodgson cursed himself.

Ji Anxin's heart gave a fierce tug, and she immediately turned to retort, "I don't want you to swear anything, I just want you to leave my life."

"Why can't we start over?" Huo Qiang narrowed his eyes painfully. "If you worry about my father, you don't have to. As long as you can get back together with me, I would rather give up everything I have now, including my status." Huo Qiang's eyes firmly locked her.

Ji Anxin was stunned. She smiled. "Vice President Huo, I'm not who I was five years ago. Do you think if you don't even have an identity, I will still see you?"

Hodgson's face tightened.

"My current identity is not something that ordinary men can afford. Even if you and Mr. vice president pursue me, I will reconsider." Ji Anxin looks confident.

All of a sudden, Huo Qiang is bitter. Now, he is really embarrassed.

If you give up everything, you won't be worthy of her. If you don't give up everything, you won't show his sincerity.

"What do you want of me?" Asked Hodgson very pitifully.

Ji Anxin points to the door, "leave my house."

"You..." Huo qi'ang didn't give up to leave. He said with a wry smile, "can I stay a little longer? How about if I care about people's livelihood? "

Ji Anxin is speechless to him.

"I can't give in to your vice president here." Ji Anxin doesn't want him to stay, because if he finds something with his daughter, it's not good.

"Peace of mind..." Huo Qiang's eyes looked at her.

Ji Anxin clenched his teeth, didn't want to be defeated by his eyes, didn't want to be soft hearted for him.

"No, it's not. It's ten minutes. You have to do what you say." Finish saying, Ji Anxin walks to the door, opens the door to ask him to leave.

Huo qi'ang sighed and walked to the door. As he passed her, his eyes gazed at her affectionately.

Ji Anxin said with an expressionless face, "don't look, it's impossible to look at us again."

"What if I pursue you again?" Hocheon said suddenly.

Ji Anxin is shocked and stares at him. "What do you say?"

"I'm going after you again, as vice president." In Huo Qiang's eyes, he shows his overbearing as a man.

"You..."

"As long as you haven't married any men, I have a chance, haven't I?" Hodgson stared at her with bright eyes.

Ji Anxin didn't expect this man to be addicted.

"No, I will not." Ji Anxin firmly refuses.

"Then I'll chase you to the day you promised." Huo Qiang said, not to give her another chance to refuse, turned away.

Ji Anxin watched him walk toward the elevator. She immediately tightened her eyebrows. Is this man really here?

After seeing him off, Ji Anshan's heart was complicated and confused.

When he swore just now, she was nervous for him because of the vicious words.

I'm afraid he will die hard!

What's wrong with her? Do you have to worry about this man even if you hate him so much?

Ji relieved and breathed a sigh. He would not worry about him any more.

Chapter 764

Huo Qiang's words upset Ji Anshan's heart. She closed her eyes and thought of the scene she saw five years ago. In fact, she was in a hurry.

In fact, she now thinks about that scene, which she will never forget. When she thinks about the details, Li Xiuyuan just buries her face on his chest, while she is still sitting on the edge of the bed, and the two are not entwined.

But at that time, for her, it was the most vulnerable time of the relationship between the two people. Such a scene really broke the last defense line in her heart. Now, all of a sudden, he explained the day, and she believed it was true.

He didn't touch Li Xiuyuan that day, but, so what?

She has decided to live alone and raise her daughter alone. She really doesn't want to get involved in the family.

Don't want to one day, Huo Ming appeared in front of her again, strongly forced her to leave this man.

Early morning.

Ji Anxin pins up two cute debates for her daughter and kisses her little head. "Let's go! We go to school. "

After sending her daughter to school, Ji Anxin sent her to the outside of the classroom. After waving goodbye to her daughter, she stood for a while with a smile and looked at her daughter putting her schoolbag alone and greeting other children.

She was satisfied, and just then a female voice asked her in surprise, "are you Ji Anshan?"

Ji Anxin turns around and sees a long lost face. Who is not Li Xiuyuan?

She was shocked and would meet her here. At that time, her appearance made her extremely painful. She became a third party and forced her into their feelings.

At that time, Li Xiuyuan was also very young. She didn't fall in love with Huo Qiang at first sight, but the two families moved around. Therefore, she liked Huo Qiang for many years, but didn't express her love.

Huo Ming thinks that she is more worthy of her son than Ji Anxin, and she also has political background behind her. Huo Ming thinks that if her son really wants to marry and have children, Li Xiuyuan is the perfect daughter-in-law.

Five years ago, Ji Anxin hated her very much, but now when she saw her, her heart was calm.

Some hate, already unconsciously disappeared.

"It's you! I saw you holding a little girl just now. Is that your child? " Li Xiuyuan asked in surprise. Ji Anxin got married and had a baby.

"Yes, my daughter." Ji nodded peacefully and answered calmly.

"I didn't expect that you were married. I always wondered if I could find a chance to say sorry to you. I was too ignorant at that time." Li Xiuyuan as a mother, but also convergence of young temperament, become more mature.

Ji Anxin pursed his lips, as if he was laughing bitterly. "Forget it. Don't mention the past."

Li Xiuyuan suddenly thought that Huo Qiang also seems to send his nephew to school occasionally. Does he know Ji Anxin's marriage and birth? Then he's really pathetic.

"Did you come to the parent-child meeting yesterday?"

"Here we are." Ji Anxin goes to the school gate, so does Li Xiuyuan.

"Did you see Keang? He's there, too. "

"Yes." Ji Anxin didn't hide it from her. Once the hatred of women was put down, there was nothing to talk about.

Listening to Ji's reassuring tone, Li Xiuyuan seems to be indifferent to what happened to Huo Qiang. She is shocked. Does she still hate him?

Li Xiuyuan stopped and looked at her carefully. "Peace of mind, I knew I hurt you. After you left, I thought I could be with Qi ang, but he let me know that he only loves you in his heart. He can't hold any women except you."

Ji Anxin walks in front of her. Her steps stop, but she doesn't turn back.

"What's the point of saying that?" She gathered her long hair and had a natural and unrestrained atmosphere.

At the moment, Li Xiuyuan is really surprised by Ji Anxin's change. She is totally different from five years ago. She has become more beautiful, and also looks very successful.

It's also the mother of the child. She doesn't seem to be a tired and tired person who is dragged down by the child.

"At least you should know that Keang still loves you." There was a touch of envy in Li Xiuyuan's tone.

Ji Anxin's face looks out into the distance, and her eyes are crossed with bitterness. Five years ago, let her know all this, it really can't remedy anything.

"That day, qi'ang took me as you and held me. I know you saw it at the door. Qi'ang kept calling your name. He was in pain at that time."

Ji Anxin turns around and stops her. "Miss Li, let her go of the past! I don't hate you anymore. I wish you a happy life. "

With that, Ji'an thought to go, and Li Xiuyuan chased her figure, "peace of mind, please don't hate him."

"This is my business." Ji Anxin finished, and walked gracefully to her car with seven centimeter tall shoes.

Li Xiuyuan's eyes envied another point, and Ji Anxin really lived the posture that women all wanted.

And she, after giving birth to a child, has only joined the work in the past two years, doing a monotonous and general job. Ji Anxin's car drove to the company, she turned on the music radio station, and the voice of the host reverberated in the whole carriage.

"What we are attached to in the past is not only to let go, but also to be grateful, because everything in the past is teaching us to grow and be strong. If there is a loved one in your memory, then you are very suitable to listen to the following songs.

Ji Anxin's carriage, haunted by a sad song, female song with a trace of sad voice, as well as the words hit the heart of the lyrics. Ji Anxin's eyes were moist and even had an impulse to cry.

At this time, there is a car behind her urging her. Ji Anxin finds the green light. She steps on the accelerator at her feet and blinks her eyes all the time, trying to force back tears.

However, her eyes were still blurry, so she had to pull over. At this moment, her mood was extremely turbulent. She leaned in the steering wheel. Her singing in the ear comforted her and aroused her deeper memories of the past.

There is a kind of sadness. It's your name.

Ji Anxin has been forcing himself to be strong, to live out of the way he wants and to forget this man for five years.

But now, what happened to her? Li Xiuyuan's appearance, her words, made her suddenly a little emotional collapse.

Outside the window is the street view of the water horse wheel, and inside the car, full of her sadness.

Ji Anxin calmed down before she headed for the company.

Ji Anxin mends her eye makeup again in the car. She doesn't want to let the employees see her crying.

In the company, she wants to be the one who never fails to urge.

Ji Anxin walks into the elevator, and the female staff will take the initiative to let her go first, because her office has the highest floor and is afraid to disturb her.

Ji Anxin stepped out of the elevator and went straight to her office. On the way, all the staff met respectfully called her, Ji Zong.

Ji Anxin nodded in response. When she came to the door of the office, her assistant came to meet him immediately. "Ji Zong, tell you a good news. Someone sent you flowers in the morning."

Ji Anxin frowned. "Who is so boring?"

"I don't know that there is no name. There is only one sentence on the card. I can't understand it." If only Xiang Yue knew, then she would know who was secretly in love with her boss.

Ji Anxin pushes the door into the office. When she sees the bouquet of lilies lined with stars, her heartstrings immediately shake. She likes stars, only two men know.

One is Shen Rui, the other is Huo Qiang.

Ji Anxin goes to the flower and takes up the delicate card in the flower. It says, "I envy the sun because it can drive away the darkness. I envy the time because it keeps you away too long."

Flowers without signature.

But Ji was relieved to know who it was. She breathed and said to the moon, "take away the flowers! I don't need it. "

Xiang Yue laughed, "what a beautiful flower! General manager Ji, let me take out some sticks and put them in your vase! Don't waste it. "

Ji'an thought to himself and nodded, "you take the flowers apart and put in some stars for me! For other flowers, see if anyone else wants them. "

"OK!" Xiangyue smiles and holds the flowers, and takes away a vase beside her table.

In a short time, Xiang Yue brought in a few stars and a lily in the center.

Chapter 765

Ji Anxin is signing on the document. Looking up, he sees the stars in the vase on the desk. The small flowers are blooming brightly and fragrant. The pure white color is pure and makes people look forward.

The flower language of all over the sky is the person who yearns for and sends flowers, with ulterior motives.

Ji Anxin's eyes drooped, like the man who refused to send flowers.

What hocheon said in front of her last night, does he really want to do this?

Pursuing her again? Ji Anxin was afraid that he would do it, because her mood today is so volatile.

She's afraid of her life now, but also because of the appearance of this man and bloodbath, she's afraid of the Huo family.

With her daughter, she is afraid of many things, because her daughter is the person she most wants to protect.

In the vice president's office, Huo Qiang was in a good mood, because he finally picked up his old self-confidence. He didn't want to waste any more time, or just look at her behind her every day.

He wanted to hug her, to kiss her, to go back with her, to hold her at any moment, and her brilliant and charming smile.

After five years of repression, she naturally wanted her coquettish appearance.

However, he can't ask too much now, as long as she can forgive him first. I sent flowers this morning. I don't know if she will throw them away, but he won't give up.

Even if he sent flowers every day, they were thrown away. Maybe one day, she would be reluctant to throw them again.

Huo Qiang is going on a business trip again. He will go for three days this time. He can't send his nephew or meet her.

However, the flowers on Ji'anxin's desk are delivered at 8 o'clock on time and signed for by Xiang Yue every day. Ji'anxin always asks her to take the flowers away, distribute them to her subordinates or insert some flowers for her.

And the color of stars is changing day by day, sometimes blue, pink, purple, green.

Ji Anxin likes this kind of flower. No matter what color it is, she really wants the man who sent the flower to stop sending it.

It's a pity that she didn't meet him when she went to school these days. Sometimes she met his bodyguard to pick up his nephew.

Ji'an thought to himself that he took photos every day and there should be nothing wrong with people.

The last time he made a poisonous oath, it was still in her mind.

Shen Rui finds time to accompany her again. He makes dinner for her every day, and makes the dishes she and her daughter love.

When Shen Rui was cutting vegetables, Ji Anxin went to the kitchen again, leaned against the door and looked at the busy Shen Rui. His eyes were full of guilt.

"Shen Rui, it's time for you to plan for yourself. You're not young." Ji Anxin said to him.

Shen Rui cut vegetables, looked up, and chuckled, "worried about me again?"

"Really, you can't go on like this. Your family must be worried." Ji Anxin is really worried for him.

"It's OK. I'm still young. I can wait a few more years." Shen Rui said disapprovingly, and then he laughed, "are you willing to let me wait a few years?"

"Shen Rui, don't do that. I'm serious with you." Ji relieved and sighed.

"I'm serious, too." Shen Rui's eyes twinkled with affection, "that's good."

Ji Anxin leans against the door frame, feeling powerless.

"Will he still go to the company to see you?" Shen Rui asked suddenly.

Ji reassured himself and shook his head. "No way."

"Just now when you were in the study, Xiaoxiao said that there was a handsome uncle who came to see you, and you scolded him. It was him!" Shen Rui's eyes are deep.

Ji Anxin's face slightly changed. His daughter likes to talk to him about something, even about it.

"Yeah!" Ji nodded at ease.

"He knows Xiaoxiao's life experience?"

"I don't know. He just came. Come and talk to me." Ji Anxin is inexplicably guilty. Talking about Huo Qiang in front of Shen Rui is unfair to him.

"What did you talk about? Did you talk about the past?" Shen Rui can't help asking again.

"A few words." Ji said calmly.

"Peace of mind, do you want to come back to him?" Shen Rui asked with a sigh.

Ji reassured in the eyes flashed several wipe struggle, finally became firm, she said directly, "do not want to."

When Shen Rui heard this, he stopped asking and said to her, "go to the hall and wait! Dinner will be ready in a little while."

Ji Anxin returns to the hall. Xiaoxiao is lining up her dolls, holding a fake syringe, pretending to inject them, and muttering something to herself.

Ji Anxin smiled and sat down. "Xiaoxiao, what's wrong with your doll?"

"Mommy, they are all sick. I'll give them an injection and take medicine now!"

Ji Anxin looked at his daughter's serious appearance and saw Huo Qiang's shadow again. It must be his kind. Her daughter really looks more and more like him. This evening, Shen Rui stayed until more than nine o'clock to leave. When Ji Anxin sent him, he held her hand at the door. Ji Anxin looked at him with gratitude in his eyes, but there was no love he wanted.

Shen Rui left a little lost.

Early morning.

Ji Anxin dressed up her daughter and led her downstairs. The little guy was still sleepy. She sat in the car with a dull face. She also slept once and was woken up by Ji Anxin at school.

The little guy probably didn't wake up. At the door of the classroom, he didn't want to see her again.

When the teacher came to hold her, her little mouth immediately flattened down, and her eyes were very pitifully red.

Ji Anxin let the teacher take her in and she turned to leave.

Suddenly I saw a tall and upright figure standing at the gate of the school. He stood there, like waiting for her.

Ji reassured herself for a while, pretending that she didn't see him, she didn't open her eyes and walked towards the door.

"Peace of mind." When passing by, I heard his gentle call.

Ji Anxin doesn't care.

He suddenly stepped forward a few steps, reached out and clasped her wrist, Ji anxiously took back his hand and turned to face him.

"What's the matter?" She raised her eyebrows and asked.

"It's OK. I want to say something to you." Said Hodgson in a low voice.

"Did you send the flowers in my office?" Ji Anxin asked.

A smile flashed across Huo's face. "I sent it. Do you like it?"

Ji Anxin frowned and said, "don't send it later. I don't like it."

"I've placed an order for a whole year, and the money has been paid. I should give it to you every day." Hocheon said in a low voice.

Ji Anxin stares at him, "please give it to others, don't send it to my office again."

"I just want to give it to you." Hocheon insisted.

Ji Anxin knows that persuasion is ineffective, so she turns around and wants to leave.

"I want to invite you to dinner."

"No time." Ji'an will not return.

Huo Qiang looked at her figure behind him, and his mouth was still curved with a smile. He felt a trace of her attitude towards him, and began to change.

Ji Anxin sits in the car and looks at him there to see him off. She bites her lips and drives away gracefully.

Hocheon also returned to the car and went to the presidential palace.

Ji Anxin came to the office. Without exception, a bunch of flowers were sent here. They were the freshest flowers, which made her office full of the fragrance of flowers. Ji Anxin has some headaches. If she receives these flowers all year round, she will really affect her mood, not because the flowers are not beautiful, but because she thinks that they are sent by him, she will always be in a trance.

These days she often looked at these flowers, and thought of him in her mind. She said to the moon, "in the future, this flower will sign at the front desk! You take care of it. "

"Don't you have to put any more in your vase?"

"No, I don't want to see it again."

"OK." When he finished speaking to the moon, he could not help laughing and hearing, "Ji Zong, this must be from your secret lover! It seems that he is very thoughtful! "

"What about people who don't like it?" Ji Anxin sighs.

"You don't like it! Is it an old man who is ugly and protruding? " I guess to the moon.

Ji Anxin can't help but laugh at her words. "You're right."

"No! Really! Don't worry, Mr. Ji. I won't send his flowers to your office in the future. "

Ji Anxin nods to get the heart to the moon.

Ji Anxin's company is a little busy recently, because she has a lot of orders. It's all because she talked with Huo Qiang at the party last time, which suddenly made her famous.

Chapter 766

In the morning, Ji Anxin took her daughter to school early, and she rushed to the company.

She usually gets stuck on the road for more than ten minutes. This morning, she arrived at the company smoothly.

Just as she stopped the car, she saw a girl on an electric car, rushing in with a bunch of fresh stars and purple roses.

Ji Anshan's heart can't help pulling. Is it Huo Qiang who ordered flowers?

When she came in, she saw a receptionist sign in a hurry, and then, holding the flower, she smiled happily as if it was for her. She also sniffed, immediately picked up her mobile phone and took a picture holding the flower pendulum. Ji Anxin knew that although she told her that the flowers would not be sent to the office again, she still had a bad feeling when she saw the front desk lady holding the flowers.

She walked towards the front desk lady who was holding the flowers. The front desk lady found her. She quickly put away her mobile phone and called out nervously, "Ji Zong"

"Give me the flowers." Ji Anxin said to her.

The front desk lady immediately handed her the fresh bouquet, Ji Anxin picked it up and went to the direction of the elevator.

"The front desk Miss murmured," to the month elder sister is not to say, Ji always does not receive flowers? "

Ji Anxin walked into the office with a bunch of flowers, and felt that all the employees in the big office were looking at her in surprise. Ji Anxin's footsteps gave a powerful glance, "what are you looking at?"

"Nothing, nothing!" The staff close to her laughed and explained.

Ji Anxin takes back his eyes and walks toward the office.

But in the staff, there are several girls who are bold to talk in a low voice.

"Our lengyanji always seems to have pursuers. The man who sends flowers every day must like her very much."

"Ji is very beautiful! If she's not so dignified, she's a pretty girl. "

"Yes! She didn't even smile at the company

"Not really. Now there are more orders. This month's performance is so good. I don't see her happy!"

Ji Anxin holds the flower to the office and puts it on the table. She holds her forehead and doesn't know how to deal with it.

Throw her to the front desk. The way the front desk lady just held the flowers made her feel uncomfortable.

Although I don't know what is uncomfortable, I just can't face it calmly.

Ji Anxin called in Xiang Yue, and asked her to put the flowers in her vase as usual, and distribute the other flowers to the employees in the office.

Huo Zhai.

Huo Qiang hasn't gone out yet, but his father comes in from the outside. His face is gloomy. He looks at his son who is finishing his cufflinks to go out. He immediately says in a deep voice, "come with me, Qiang."

Huo Qiang narrowed his eyes. He looked at his father's back, which seemed to be emitting anger. He knew it in his heart. He followed him step by step.

As soon as Huo Ming entered the study, he took a seat on his chair, looked up and stared at him, "I asked you why you didn't do the thing I asked you to do before."

"Dad, it's against the law to give convenience to people by using their power." Huo Qiang looked at his father directly.

"You I put you in this position. What's the picture? As long as you are in the process of your duties, I will give my people a convenience, and don't do anything big." Huo Ming looks at his son. He's so angry.

"It's not a big thing, but once it's done, it's a big thing."

Huo Ming pointed at him angrily and patted the table I'm your father. Don't you listen to me? "

"Dad, I'm an adult now. I have my own ability to think. Not that I don't do it for you, but that I don't do anything illegal." Huo Qiang's eyes are firm.

Huo Ming is going to have a heart attack. Because of this, he is a good politician. Now he is also angry with him!

"Good! Are you just not helping your father? You don't want to think about who recommended you to be vice president. It's me. I tried my best to win over the relationship, so I had to force Xuanyuan Chen to establish you as vice president. " Huo Ming looks at him with his teeth clenched. There's a kind of ruthlessness that his sons don't know each other.

Huo Qiang sighed, "I didn't want to do it. If you want to take it back, I can leave immediately."

"Are you threatening me? Don't think I really don't have the ability. I have a way to hold you up and pull you down. " Huo Ming shows his ability.

Of course, Huo Qiang knows that his father has made friends with many politicians over the years. He has managed to close the business thoroughly and firmly. His position is only two levels below him.

There was no threat in Hodgson's eyes. He adjusted his cufflinks and said, "I'll go to work first."

"You You are not a filial son. What's the use of having you? " Huo Ming murmured in anger.

Before, because he wanted to promote people, he would rather promote his son with outstanding political achievements than the one who could not be supported and controlled, thinking that he could control and do things for him. I don't know that this son is more able to support and control than others. In his first year in office, his political achievements are also excellent. Even Xuanyuan Chen, who had some opinions before, praised him on some occasions.

Huo Ming only thinks that the son he holds up is against him. Where else can he help him?

Huo Qiang strides away, and Huo Ming comes out with his hands in his hands. At this time, a driver who has been following him for many years comes up and says, "master, have you quarreled with master again?"

"This unfilial son." Huo Ming scolded.

But the driver didn't know why they quarreled. He immediately said, "master, don't worry. Miss Ji and master are no longer together."

After listening, Huo Ming immediately frowned, "what Miss Ji?"

The driver was stunned for a few seconds. "Isn't the master angry about the meeting between young master and miss Ji Anxin?"

"What? Is Ji Anxin back? " Huo Ming was very interested in the woman who was once the son's favorite.

"Yes! Miss Ji has returned home. Besides, her daughter and young master go to the same kindergarten. I saw him go to school twice. "

"Ji Anxin is married?" As soon as Huo Ming heard it, he was relieved. As long as his son didn't have a chance, it had no effect on him.

"I don't know, but young master often sends young master to school recently. It must be because of this miss Ji that they used to be a lover. "

"Hum! It's been many years, five years, and I don't have any feelings for her. " Huo Ming snorted coldly. He didn't think Ji Anshan's existence had any influence.

However, his eyes narrowed, but he didn't dare to be careless. As for his son's current identity, will Ji Anxin be with him again? His son is no longer in his support and control. Now there are many people in the political arena who are preparing to find out his mistakes. If he does anything to influence his identity for the sake of discipline and peace of mind, his political path will be difficult.

Huo Ming immediately called his powerful subordinates and ordered, "you can follow up qi'ang for me. If he meets any woman, take a picture for me."

At the same time, he ordered another subordinate to immediately check Ji'an's current situation. He would not allow a woman to destroy his son's political career.

Besides, he has made a girl, not Zheng Yu, but a girl with military background. If his son can marry her, his political career will be really stable.

Now, Huo Ming is also thinking about his son everywhere. In this way, he has fun in playing politics.

Huo Qiang is in the garden of the presidential palace. He has a piece of information to discuss with xuanyuanchen.

Huo Qiang just turned over a bush, and suddenly he met a small one, who hit him on the leg. The little guy raised his head with a sigh, covering his small head with pain.

Huo qi'ang squatted down and said in a warm voice, "Xiao Ling Xi, did you hurt by collision?"

"Uncle Huo, it's you!" The little guy immediately laughed and shook his head. "It's OK, I'm not afraid of pain."

Huo Qiang is really envied. This is xuanyuanchen's son. He inherits his father's appearance in his small facial features, even the firmness in his eyes.

It seems that the country will depend on this little guy in the future.

Chapter 767

Huo qi'ang reached out and stroked her little head. At this time, a beautiful female voice was calling, "son, where are you?"

"Mommy, I'm here." The little one replied immediately.

After a while, I saw a lady with noble temperament step forward gracefully. She was wearing a long white dress, with the breath of the mother of a country.

It's Suqin. Huo Qiang immediately smiles and says, "madam."

Suqin also raised a smile, "pray, you are here!"

"Yes, I'll see the president."

Suqin said with a smile, "he should be in the study. Go!"

"OK!" Hodgson waved to the little guy. "Goodbye."

"Goodbye, uncle Huo." The little guy is very polite, too.

Suqin squatted down and looked at him reproachfully. "Don't run around, Mommy can't catch up with you."

The little guy took her hand. "OK, Mommy, I'll take you."

"Good!" Suqin happily led him for a walk.

Huo Qiang saw xuanyuanchen come back, he looked at the time, 3:40.

He suddenly had an idea. He went to Ji Anxin and set out with her from her company to school.

Now, as long as it's about Ji Anshan, he wants to do it right away without hesitation.

Huo qi'ang walked to his car, and his bodyguards immediately followed him. Huo qi'ang's car drove out of the presidential palace towards the row of tall buildings in the center of the street.

When his car came out, at one of the intersections, a dark, low car immediately followed.

The car has great tracking skills, and even the bodyguards didn't find it all the way.

Hodgson's car is parked next to Ji Anxin's, where he is waiting for her. He looked at the building, he could almost estimate the direction of her office, so he looked up through the window.

In the office, Ji Anxin is about to leave. She tells her to send the documents to her in the form of e-mail at the end of the month. She picks up the car key, picks up the bag and goes out.

"Mr. Ji, drive carefully!" Wave to the moon.

"Good!" Ji Anxin nods his head and warms his heart.

Since she sat in the present position, there have been fewer friends around her. At the same time, because her time has been given to her work and daughter, she used to contact her. Now, because of her identity and time, she has gradually moved away.

So, her side, only her people, have a powerful and concerned people, she is really very happy.

Ji Anxin stepped out of the gate of the building. Today, she is dressed in a suit with a black shirt inside, which makes her walk clean and confident.

A long hair spread in the back of the brain, wearing light makeup, but lip makeup but the use of a more fiery lipstick, so that her body exudes the temperament of mature women.

Huo Qiang came out of her and looked at her through the window all the time. Every breath on her body was like a lock, firmly locking his soul.

Ji Anxin is walking towards her car. She suddenly glances at the parked car beside her. Inexplicably, she sees a series of common license plates.

When she stared at the car, her face became cold.

At this time, Huo Qiang pushes the door and steps down, looking at her with a smile in his eyes.

"Are you off work?" His voice line is low magnetic, very charming.

Ji Anxin stares at him. "What are you doing here?"

"When you get off." Huo Qiang raised his lips and smiled, showing his pursuer's appearance.

"vice president, is this job very idle?" Ji Anxin stares at him and asks.

"No, but there is time for you." Hodgson smiles.

Ji'an opened the door and sat in. At this time, the man in the passenger seat suddenly opened the passenger seat and quickly sat in.

Ji Anxin is about to put the bag in. Watching him come in, she immediately has some breathing passages. "You have a car."

"But I want to take your car. Let's go to school together! At the same time, I'm going to pick up Xiaohui, along the way. " Huo Qiang said with a thick face.

Ji Anxin really wants to refuse him, but he has already buckled his seat belt.

"Do you think it will move me? Then you must be thinking more. " Ji Anxin starts the car.

Huo Qiang looks at her and doesn't ask him to get out of the car. There is a flash of surprise in his eyes. "I'm sure you'll change your mind."

There was confidence in his tone.

Ji Anxin doesn't know who gives him such confidence. She certainly doesn't have it.

When Ji Anxin's car came out, Huo Qiang's three black cars were behind him, following him closely and keeping other cars from jumping in line.

Ji Anxin looked back at his motorcade several times, and suddenly thought that it was the vice president of this country sitting in the car. She was driving, and she really had some pressure, so she couldn't let him go wrong. Huo Qiang's eyes were all the way to her, and he didn't even have the time to blink.

Ji Anxin's eyes are on the front, but this man's eyes are very disturbing her driving.

"Have you seen enough?" Ji Anxin asked with a cold face.

"No." Hocheon replied directly.

Ji Anxin doesn't open his face. He doesn't want to let him see when he is waiting for the traffic light.

Huo Qiang's mouth is bent up and he smiles. The whole person is covered with a kind of warmth.

Such a man is really irresistible to women, because in his eyes, there is deep feeling, and in his deep feeling, it is all his sincerity.

Any woman can refuse such a pair of eyes?

Ji Anxin just doesn't look, and is afraid to touch the things in his eyes. She looks at the front all the way.

Finally, arriving at the school, Ji anxiously got off the bus, and Huo Qiang got off the bus and walked into the school with her.

Ji Anxin is picking up his daughter. He stands at the door and looks at Ji Xiaoxiao for a while. He looks happy. His eyes are warm. He likes children.

Even his naughty nephew can like it. Naturally, he likes this lovely little girl even more.

Huo Qiang went to his nephew's class and saw Xiaohui sitting in his seat, complaining, "uncle, you come to pick me up so late every day, and all the other children are gone. No one plays with me."

Huo Qiang only laughingly explained, "because my uncle is busy recently, try to be earlier next time."

Xiaohui picked up her schoolbag and was led out by him. At this time, a young female teacher almost ran into Huo Qiang, and she immediately blushed, "I'm sorry, Mr. vice president."

"Nothing." Hocheon replied mildly.

And in his back, the female teachers of the whole school are watching him. It's really a kind of thing to teach in this school!

Because you can say a word to the approachable vice president, or appreciate him.

Huo Qiang comes out. Ji Anxin and his daughter have already left. He takes Xiaohui into the car and he sits in.

As his motorcade left, a black car came out from the opposite side. There was a camera in the driver's seat of the man on the car. Just now, he took pictures of Huo Qiang and Ji Anshan.

He is Huo Ming's man.

Huo Qiang hasn't arrived home yet, and Huo Ming has received the photos sent by his subordinates immediately. In the photos, his son even ignores his vice president's identity. Run to Ji Anxin's work downstairs to wait for her, but also openly appeared in the street, sat in Ji Anxin's car.

If Huo Ming had a beard, he would be so angry that he would turn up. He looked at the photos with a gloomy face, and could not imagine the influence of Ji Anxin on his son, which still did not disappear five years later.

Ji Anxin in the picture is obviously more mature than five years ago, and at the same time, she is also very economically powerful.

Huo Ming is more worried about this. The more attractive Ji Anxin is, the more her son likes her.

He also found out the background of Ji Anxin. Ji Anxin is also the vice president of a listed headhunting company. She has a four-year-old daughter beside her, but she has not found her marriage status.

Of course, if she gets married abroad, he can't find out. She has a daughter who should be married.

Huo Ming received the news that his son was on his way to send his grandson back.

In this matter, Huo Ming must make it clear to his son, so that he can draw a clear line with Ji Anshan from now on.

Not to mention for her, regardless of his current identity, he should not appear in the street.

The higher his status is, the more dangerous he is. Huo Ming is a son. He doesn't want anything to happen to him.

Chapter 768

Xiaohui got out of the car and rushed into the hall. When he saw Grandpa coming out, he immediately smiled and ran to Mimi, "Grandpa."

Huo Ming immediately bent down and held him in his arms. "I'm not happy at school."

"Very happy."

"Go to your room, grandpa bought you a present." Said Huo Ming.

"Really? Thank you, Grandpa. " Xiaohui can't wait to see his present.

Huo Qiang came in and saw Xiaohui running up to the second floor. He said to his father, "Dad, don't buy so many gifts. Xiaohui is still young, so you will spoil him."

Huo Ming's eyes don't have a profound look at him. "I'm just a grandson now. I don't like him. Who do I like! Xiaoyuan doesn't have time to accompany him, neither do I, nor do you. She can only compensate him with materials. "

Finish saying, his eyes look at the son, "you are not young, it's time to find a girlfriend to live well, and get married for a while."

Huo qi'ang's expression can't help tensing. His father said that he must have found another one for him. He refused directly, "I'm not interested."

"Why not? Is your interest still on Ji Anshan? You don't think I didn't know you were tangled up again. " Huo Ming's voice line immediately became angry.

Huo Qiang looked at his father in chagrin. "You sent someone to follow me?"

"If I don't follow you, when are you going to hide it from me?" Huo Ming thinks he is wrong instead.

"I don't need you to take care of my affairs in the future."

Huo Qiang's eyes flashed a flash of anger. He had never been so rude or angry.

As he walked up the stairs, he turned back and warned, "I will not allow you to move her, nor your people to follow her."

Huo Ming is also directly shocked by his son's roar. He suddenly realizes that he is really old and his son is really out of control.

He said to his son, who was almost on the second floor, "OK, I won't move her, but I won't allow you to be with her again. Please keep away from her."

Huo Qiang's fist suddenly hit the wall. He didn't answer, just punished himself.

Huo Ming is still in love for a few seconds. Doesn't he want this hand?

Hocheon returned to the room. He closed his eyes. Five years ago, the pressure from his father came back on him.

But there was a firmer belief in him that he would never allow his father to hurt Ji Anshan.

As soon as Huo yuan entered the house, she saw her father standing in the same place angrily, staring at the second floor.

"Dad, what's the matter?" Huo yuan asked in surprise.

"Ask your brother if he has my father in his eyes." Huo Ming said angrily.

Huo yuan sighed, is it the father and son again? After her divorce and living here, she didn't know how much ideological work she had done for her father and brother.

Carrying her bag, she went upstairs and knocked on Hodgson's door directly.

"Come in." From the voice of Hocheon.

Huo Yuan pushed the door in and saw him sitting on the sofa. The whole person looked very tired. She couldn't help but feel sad.

My younger brother is still young. My father put him in the position of vice president. He must be under a lot of pressure.

"Quarreled with dad again? What's the quarrel?" Huo Yuan sat beside him, feeling tired.

"He sent someone to follow me. He already knows about going back home at ease. Maybe he has investigated everything at ease clearly."

"According to my father's character, I should do it."

"She's not alone. She has a child. Her life shouldn't be disturbed." This is what Huo Qiang was angry about just now. As long as he touched the thing that hurt Ji'an, he could not control his emotions.

Huo Yuan looked at her brother, who was eager to protect the mother and daughter. She sighed, "Isn't this very simple? You should stay away from Ji'an. If you don't get close to her, your father's people will not disturb her."

Huo Qiang's eyes darkened. He bit his teeth in some pain. "But I don't want to leave her again, sister. I'm going to pursue her again."

Huo Qiang looks at his elder sister, who is the best portrait he can tell. Huo Yuan understands his pain and his heart.

Huo Yuan looked at him seriously. "Are you sure you want to do this?"

"Without her, my life is meaningless. As long as there is a chance to be with her, I will not give up." There is no hesitation in Huo's voice.

Huo yuan knew that she couldn't persuade her brother. She squinted and asked, "what about Ji Anshan? Is she the same as you? Want to start over? "

"I don't know what she thinks, but I won't give up," said Hodgson, shaking his head

Huo yuan just wants to say that their current situation is worse than that five years ago. At least five years ago, the two people still love each other and can discuss something together. Now, she thinks Ji Anxin is definitely not willing to. She has both her career and her daughter now."Whose daughter is it? Do you know? " Huo yuan has no intention of killing his pain, but she is also curious about this matter.

Huo Qiang's eyes flashed a little bitterness, "she said, after hating me five years ago, a one night stand came into being."

"What?" Huo yuan was shocked. So Ji Anxin's daughter was not born from her love life?

"I hate myself. I don't hate her. I don't hate her for anything she does." Hodgson clenched his fist, his eyes full of remorse.

Huo yuan patted him on the shoulder and comforted him. "Peace of mind, you are OK. I just want you all to be safe. Don't make any more trouble. Don't quarrel with dad. Have a peaceful talk."

Then she noticed that there was blue and purple on the back of his hand. She picked up the back of his hand and looked at it. "What's the matter? Are you still fighting? "

"Nothing." Hodgson shook his head.

"It's OK. It's bruised. You need to sign it. You're vice president. Do you know how noble it is?" Huo yuan is angry with him. At least she should cherish her body.

Huo yuan came to wipe him with the medicine and wine.

After handling it for him, she got up and said, "I'll go to see Xiaohui. I'll be free tomorrow morning. Let me take Xiaohui to school!"

Hodgson nodded.

Huo yuan is going to go downstairs. She sees the white flat wall next to her, which has been smashed into a concave shape. She can't help sighing.

This evening, the atmosphere in Huo's house was still gloomy. Huo Qiang went back to his room after dinner. Huo Ming accompanied Xiaohui to watch TV. For him, staying with his grandson can cure his depression.

In the evening, Ji lay in bed, unable to sleep for a long time, while her daughter had been sleeping soundly with her beloved toy in her arms.

Ji Anxin closes his eyes. How could this happen? When she came back to China, she prepared for everything and vowed that she would never be influenced by this man again. But now why does she still have such an influence?

Like today, he suddenly appeared at her side, just like those five years ago, when she didn't care, he came, at that time, he was a big boy.

But now, he is mature and steady, and his whole body exudes a threatening momentum. It must be said that he is more attractive to women than the big boy five years ago.

Ji Anxin shakes his head and doesn't want to think about him anymore. She can barely fall asleep holding her daughter.

Early morning.

Ji Anxin takes care of her daughter properly and sends her to school. When Ji Anxin brings her daughter into the classroom, she turns to leave.

"Peace of mind." Suddenly a familiar female voice stopped her.

Ji Anxin turns around and Huo yuan comes to her.

Ji Anxin hates the rest of the Huo family, but to Huo yuan, she is like a warm sister, not hateful, but grateful.

Because she used to be nice to her and often gave her gifts, she was treated like a sister-in-law.

Huo yuan's eyes couldn't help getting back from her face. She looked at the little girl who put her schoolbag in the classroom. Ji Xiaoxiao saw her mother and the door. She ran out like a coquette again and stuck out a small head. In her tender voice, she asked, "Mommy, you haven't left yet!"

Huo yuan's eyes looked at the little guy. The way he smiled made her jerk a chord in her heart. As a doctor, she has a kind of professional sensitivity!

How does she feel the child's facial features are similar to her brother's? She is seven years older than her younger brother, so she vaguely remembers what her younger brother looked like when he was a child.

So, seeing this little girl, her heart will be touched so much. She looks at Ji Anxin.

Chapter 769

Ji Anxin also saw her eyes staring at her daughter, her heart immediately panicked for a few minutes, and said to her daughter, "Xiaoxiao, hurry in, or the teacher will scold, and Mommy will go."

"Goodbye, Mommy. "The little guy ran in obediently.

Huo yuan was only in the stage of doubt, but suddenly she found the clear color of panic in Ji Anxin's tone. Moreover, she deliberately put her daughter into the classroom, the same mother of a child, and she could tell.

She suddenly turned her head and looked at the little girl who jumped into the classroom. Her heart suddenly hurt a few times. Is this child younger brother's?

Ji Anxin said that only one night stands have children. It seems that she is not such a person, and this child is only about four years old. Maybe the month she calculated for her child, and deliberately doing something on her ID card, are beyond suspicion.

"Sister yuan, long time no see." Ji Anshan's uneasiness is a kind of fluster. Huo yuan is a doctor. In terms of her eyesight, she is probably more acute than others.

"I haven't seen you for a long time. Do you have time? I know there is a cafe nearby. Let's go and have a seat! " Huo yuan asked with a smile that she came here today to meet Ji Anshan.

Ji Anxin originally wanted to refuse. She knew what Huo yuan wanted to say, but she couldn't bear to think that she was so kind to her before. She nodded and said, "OK!"

"I asked the driver to drive. I didn't drive. Go in your car!" Huo Yuan said with a smile.

"Well!" Ji Anxin left the campus with her.

Huo yuan looks at Ji Anxin's sports car and admires her. It's really not easy for her. She has such achievements with a child.

"Peace of mind, it seems that you have had a good time in recent years!" Huo yuan asked with a smile.

"OK! In the early years, I established a company with several partners, and those who started from small companies have grown a little in recent years. "

"I heard that you are still the vice president, which is really admirable." Huo yuan is happy for her.

Ji Anxin smiled and said, "it's just an empty job."

"Anyway, I'm happy to see you live so well." Huo Yuan said sincerely.

Ji Anxin also understood that in the morning when Huo Yuan pointed to the road, two people came downstairs to a coffee shop. There were almost no guests, and the whole hall was very empty.

Two candidates sat down at the innermost window, and Ji anxiously asked for coffee and snacks.

When Huo yuan's eyes came over, Ji Anxin didn't dare to look at her. She just smiled, "sister yuan, let's talk like friends! I don't want to talk about the past. "

"The child is praying for blessings!" Huo yuan asked directly.

Ji Anxin immediately looked up and shook his head in panic to deny, "no, it's not him, it's Me and others. "

Ji Anshan 's panic has betrayed her. Huo Yuan only looks at her quietly. She sighs and says, "don' t worry, whether it is or not, I won 't say anything. It is up to you."

Ji Anxin suddenly has no power. She knows that she can hide from Huo Qiang, but she can't hide from Huoyuan. She is a person standing on the sidelines. Unlike Huo Qiang, she is dominated by emotions, so that he can't see the truth clearly. He believes what she says.

"It's his, isn't it?" Huo yuan asked again.

This time, Ji Anxin no longer refutes, she looks out of the window, there is a sadness in her eyes, she nods, "yes."

Huo yuan suddenly was also very distressed. Her younger brother didn't know that the child was his, and he was still suffering from it. He must have been close to the little girl! Say something!

Father and daughter look at each other, but they can't recognize each other. As a third party, she just imagines it, and feels very worried.

"Aren't you going to tell Keang?" Huo yuan asked in a hurry.

Ji Anxin's eyes were full of strong appeal. "Sister yuan, please, my child and I have a good life together. We just want to live a peaceful life."

Huo yuan understands that she is a divorced woman. She knows that instead of creating a warm family for her children, it's better to have them alone!

"Just like this, it's not fair to pray for ang." Huo yuan sighed.

"I know, so I try not to let them meet." Ji Anxin once had such a brief sympathy for the man.

Huo yuan looks at her and loves her. "Peace of mind. My dad knows about you and qi'ang. He knows you're back home and you've met."

Ji Anxin's face changed. "What?"

"My father is a suspicious man, and he has many people under him. You can't hide from him that you have met with qi'ang so many times."

Ji Anxin's heart immediately tightened. Huo Ming is also a powerful person. She used to be alone. Now, she has a child beside her. She doesn't want to live any more threatened life.

"Sister yuan, you know the identity of this child. Please keep it secret. At the same time, please advise your father not to disturb us again. Otherwise, it's OK to hurt me, but no one can afford to hurt the child." Ji Anxin's last words are extremely biting. Huo yuan nodded, "I understand your worry. Last night, my father and Qi ang had a fight. My father may send someone to watch you. He won't allow it. At last, he smashed his fist on the wall and hurt his hand."

Ji Anxin's eyes were slightly gaping, she just slightly clenched her lips, "he is also an adult, is it meaningful to do such a thing?"

"Maybe I quarreled with my father until he was confused and didn't deal with it afterwards. Although he has matured a lot, he is not mature enough in the emotional world." Huo yuan's heartache.

Ji Anxin's eyes were full of rejection. "Sister yuan, don't mention him."

"Well, don't mention it! It's hard for you to take the baby with you. "

"It's not hard. With children, my life will be complete and people will walk out of the pain five years ago. Now, children are everything to me. I don't allow anyone to hurt her."

Huo yuan nodded, "I will also pay attention to my father's direction, and I will advise him."

"Thank you, sister yuan. Please tell your brother not to come near us again. If he doesn't come near me, your father won't do anything to me." Ji Anxin said, took a sip of coffee, looked at the watch, "I should go to the company, there are a lot of things waiting for me."

"Well, I went to the hospital, too."

"I'll see you off."

"Yes." Huo yuan nodded.

Ji Anxin sent her to the hospital door, Huo yuan bent down and said, "come out again when you have time. "

" OK, another day. " Ji Anxin smiled and waved.

Huo yuan watched Ji Anxin's car leave. She sighed. Suddenly she knew such a big news. She didn't know whether to be happy or worried. Happily, her brother had a daughter, but worried that he couldn't recognize each other.

Of course, she just saw that the little girl was beautiful and lovely. She was raised so well by Ji Anxin. She was really happy.

Ji Anxin runs all the way to the hospital and stops at the intersection of traffic lights. Her mind is in a trance for a few seconds. It's Huo Qiang in Huo yuan's mouth. Did he really quarrel with his father? And hurt your hand?

Ji Anxin shook his head and smiled bitterly. What does it have to do with her?

Huo yuan knows the identity of the child. In fact, she has a kind of uneasiness. She doesn't think she can hide it for long, because her daughter is really more and more like him.

Now, Huo yuan knows, but she promised to keep it secret, and she also believed her. She just suffered and looked at all this, but she couldn't say.

Ji Anxin didn't want to, but he had to.

Arriving at the company, Ji Anxin's desk still has a bunch of flowers. When she hasn't opened her mouth to touch the flowers, she dare not take them away at will.

Ji Anxin holds the flowers to the cabinet next to her and places them there, which makes the whole office warm.

She asked Xiangyue for a cup of warm boiled water. She stood in front of the floor window. Her slim figure showed a kind of solitary courage. In the morning light, she was charming and charming.

Also light spilled in, kissed her delicate eyebrows and eyes, overflowed into her firm and clear eyes, which should be a woman who gets happiness and is loved by men in the palm of her hand.

But now, she is alone in her own world and doesn't need anyone's love.

In the vice president's office, Huo Qiang received a phone call from his sister, and he knew that she was going to see Xiaohui and Ji Anshan today.

"What did she say about me?" In the voice line of Huo Qiang, there is a touch of expectation.

"She asked me to advise you to stay away from her. Pray, have you ever thought of not disturbing her life again? She looks like she's having a good time and her daughter is beautiful

There was a flash of pain in Hodgson's eyes, "but I can't live without her."

"Think it over for yourself! I'm in the operating room. " Huo yuan hangs up.

Huo Qiang put down his mobile phone and held on to her eyebrows. All her injuries were brought by him. Could he only stay away from her?

Chapter 770

What is further disqualification? I'm reluctant to take a step back. Maybe it's Huo Qiang's emotional status quo!

Huo Qiang trapped himself in a dead circle of emotion, locked himself in it and couldn't get out.

His father's block and his estrangement made him not know how to make a choice.

That night, he went home and locked himself directly in the room.

In the early morning, there was a meeting in the neighboring city. He needed to go there. Huo Qiang sighed and said to the assistant, "let's go!"

"Mr. vice president, have you not had a good rest? You can have a rest in the car. It will take three hours to get there! "

"Well!" Hodgson nodded. His motorcade was waiting. Before he got on the bus, his cell phone rang. His father called.

Huo Qiang took a look. He knew what his father wanted him to do. He clenched his cell phone and didn't plan to answer it.

In the car, Huo Qiang's mobile phone didn't ring any more. Through the window, he watched the scene of the water horse wheel on the street and the lovers holding hands on the street. His heart filled with envy.

He really hopes to come from an ordinary family, without a father of an ambitious family, and to have a successful love.

"Mr. vice president, we're on the highway."

"Well!" Hodgson closed his eyes and decided to have a rest. He was too tired recently.

Close your eyes, it's Ji Anshan's face. She's cold. She smiles with her daughter. No matter which side she is, it's so exciting for him.

He really can't let go of her. In the past five years, his vacant feelings were all aroused by her appearance.

As strong as five years ago.

In the road ahead, the traffic is smooth. In order to catch up with the meeting before 10 o'clock, the bodyguard immediately stepped on the accelerator and accelerated.

As a result, his motorcade galloped on the smooth road.

In a few dense oil tank cars crawling slowly, and there is a car near the speed is very fast, but I don't know one of the cars has turned on the turn light to overtake.

The car suddenly jumped up and wanted to rush past before the cart passed.

However, the big car didn't notice the small car, and when it saw a tragedy, it immediately staged. The small car ran away close to the fence. On the tank car, the driver of the tank car found that he was immediately panicked. The steering wheel hit hard, trying to avoid the small car, and the tire suddenly tilted because of the too fast turning. The small car squeezed past the tank car.

However, the tanker was not so lucky. Suddenly, the buntons of fuel tanks in the back fell on the ground with the rollover, and the sparks started immediately from the end.

The driver's face was pale and colorless, and he was frightened.

But Huo's motorcade also arrived very quickly. When the bodyguard saw the spark in front of him, the speed reached 120 yards. Seeing Huo's car, he was about to hit it.

When the bodyguard was in danger, he immediately hit the steering wheel, and the whole car went out of control and rushed down the side of the guardrail, next to a hillside.

The whole car immediately rolled down, and the next two cars followed the brakes.

"Get out of here Go away..." The driver called out because a break in the tanker had caught fire.

The bodyguards' car immediately arrived at the place where Hodgson's car rolled, and they rushed down regardless of anything.

At this time, there was a huge earthquake and the fire was shining.

Hodgson's car has been in the valley. At the height of 100 meters, the black car is out of shape.

You can imagine how badly people were injured in the car, and what was done in the car, as well as the vice president of the country.

The bodyguards came to the car in sweat, and one of them dragged his companion out of the driver's seat. However, he had no breath.

Bodyguards work together to lift the car body. One of them pulls the car door off the back seat with his bare hands. In the back seat, a figure faints on the bloody ground, which is exactly Huo Qiang.

The bodyguard lifted him out with the lightest technique. His back brain hit seriously, and the most serious injury was in the left abdomen. A sharp object of the car body pierced in, and there was no end of blood flow.

"You still have breath, please take it to the hospital."

The bodyguard stopped a passing car with his life on the road and rushed Huo Qiang to the city center.

It happened that they were only 20 minutes away from the city center. At this moment, the car became a life-saving vehicle.

Huo Qiang also bumped into several blue and purple spots on his forehead. At that time, the bodyguards knew that in the face of bumping into the tank car, the bodyguard who was driving chose to turn around to avoid, which was the most correct.

Otherwise, it really hit, and the tanker exploded immediately. There was no chance to save people.

The bodyguard immediately called Huo Ming in the car, and the number of the assistant to the president xuanyuanchen.

Huo Qiang was sent to the nearest hospital for rescue. At this moment, all the people who were informed came from all sides. Huo Ming, Xuanyuan and Huoyuan all rushed to the hospital at the first time.

Huo Ming was the first one to arrive. He was shivering and asked about the accident. The bodyguards also answered the emergency situation truthfully.

"You How do you drive? He is the vice president of the country. What happened to him? Can you afford the consequences?" Although Huo Ming heard the story, he was still angry and roared.

This is his son. At this moment, he's in a mess.

Soon, Huo Yuan arrived, her eyes red. At the door of the operating room, she asked the bodyguard over and over again where her brother was injured and what was the situation.

Later, Xuanyuan arrived with his bodyguard and assistant. Although Huo Ming was right about him all the time, at the moment, he put down all prejudices and comforted him.

With Xuanyuan, everyone's mood has stabilized. Most importantly, it's still the result of the doctor's operation. Huo Yuan asked the hospital to let her join in the rescue.

She was the most famous doctor in the first hospital, and the hospital agreed immediately.

Huo Yuan goes into the operating room and looks at her brother lying there. Her eyes are wet. But at this moment, she can't have any emotions. She must keep awake to judge the injury.

At this moment, no one knows that the two most important figures of the country are in the hospital, one is on the line of life and death, the other is waiting patiently outside the door, and the whole corridor is full of bodyguards.

Huo Mingqiang holds calm and clenches his fist tightly. He has experienced countless storms in his life, but this time, it is the most difficult for him to survive. Now, suddenly, he has only one simple request.

Keep your son alive.

Huo yuan's participation made doctors in the rescue room have an extra helper. At this moment, the most important thing is the sharp stab wound in Huo's abdomen.

Ji Anxin is in the office, holding a report. Her eyes don't leave the report, and she is going to get water. However, she suddenly pours the cup, and the intoxicated cup immediately smashes to the ground.

Ji Anxin got up quickly in fear, and looked at the water and white debris all over the place. She couldn't help but gather her long hair.

What's the matter? She felt a little fidgety, and pushed the door to the moon.

When she saw her standing in front of a pile of debris, she immediately said, "Ji Zong, don't touch it. Be careful. I'll let the cleaning aunt come and clean it."

"Good." Ji Anxin nodded, she crossed the debris, came to the window, looked at the distance, the chest inexplicably some stuffy.

In the hospital, Huo Qiang picked up a life on the line of life and death. The operation was successful and his vital signs were stable.

When Huo yuan walked out of the operating room, she was almost paralyzed. She stood for nearly two hours. This operation was the most difficult one in her history.

Huo Ming came to help her and asked, "Xiaoyuan, how is your brother? Have you come back? "

"Dad, don't worry! I pray that Ang will be all right. " Huo yuan consoled.

Xuanyuanchen also relaxed a few minutes, "such accident, make a person sad."

Huo Ming has the most doubts. Does he think it's an accident? Is there anyone who wants his son's life on purpose? Anyway, he must investigate the matter.

"Mr. President, you are a distinguished man. My brother is out of danger. Please go back to the presidential palace." Huo yuan looks up and says to xuanyuanchen.

His identity is really not suitable to appear here for too long, and Huo Ming dare not make a mistake at this time.
