Chapter 811

Huo Qiang laughed, "not yet, but sooner or later, there will be such a day."

For the first time, Li Rui was as excited as a child!

Huo Qiang went back to his house and continued to work hard for the gift. He turned on the computer and began to search the list of toys that the little girl liked. In his eyes, it was the most important thing for him to choose a favorite gift for Xiaoxiao's children tonight.

Finally, Huo Qiang decided to prepare one of the top five gifts on the list, hoping that the little guy would like it.

At the moment, a middle-aged man in a suit is bound in a chair in a waste factory which is far away from the urban area. He looks at the kidnapper calmly at the moment, and some of them say, "let me go."

"Wu dare, let you go, as long as you can provide us with useful information, we will let you leave here unharmed."

"I don't know what you're talking about. I'm just an ordinary employee."

"You're ordinary, but you don't do ordinary things. Say, is Mr. vice president checking us?"

"I don't know."

"Has Mr. vice president secretly dealt with us?"

"I have no idea what you're talking about."

A man in a suit, looking at a dog, squatted down and looked at him, "you know what? I won't do anything to you, but you will go to work as usual tomorrow. However, we have all the relatives around you. You need to know, if you don't say, what will happen to them. "

"You dare."

"Of course, we won't do anything now. As long as you tell us useful news, they will be safe and sound, and we won't want to cause anything."

The man is thinking with his mouth closed.

"I know it's a secret investigation this time. Maybe a lot of our situations have been held up. Now tell us the truth and how many situations you have mastered."

The man continued to fight in silence.

"Your son has read the first day of junior high school! In what schools, in what classes, and what we usually like to do, we know everything. "

"You You are scum. "

"It's not up to you to judge what we are, say." The man grabbed his throat angrily and forced him.

The man's face is red and his ears are red. He is keeping his duty. In his heart, he is still as stubborn as a man.

However, the weakness of a man is not himself, but his family.

After several threats, he said something to save his family's life and confirmed some facts they wanted to know.

"Let him go and keep an eye on his family. If he dare to do anything, the consequences will be the same." In front of the kidnapped man, the man gave an order to his men.

And the man immediately pleaded, "I won't say anything, I won't say anything, you let my family go."

"Well, very well, tonight it's supposed not to have happened! Let's go! "

The man immediately stumbled away, and the interrogated man took out his cell phone and said to the other side, "summon them to meet and discuss something."

After the man made a phone call, he tightly grasped his cell phone and said, "Huo CHIONG, you want to die."

"We can take you up or pull you down, but now you can't stay."

Huo Zhai and Huo Ming are walking around in the study anxiously. Now he can feel that his former subordinates have wronged him.

If so, it is likely that they have found out what their son is doing. Whether they are in prison or lose their rights in the rest of their lives, they will certainly fight back at all costs.

It's too late for Huo ming to regret. Now he has caused a huge fire, which can't be extinguished by himself.

He reached out and made a phone call to Hodgson.

As soon as that end answered, Huo Ming said urgently, "I pray you, immediately add more people around you. We must add the most people to protect you. I feel that you are very dangerous."

"Dad, don't worry! I'm ready. "

"Xiaoyuan, they have left. You can rest assured." Said Huo Ming.

"Dad, you can hide!" Huo Qiang exhorted.

"What am I afraid of, what am I hiding from? Hum, these people don't dare to touch me. " Huo Ming doesn't think so.

Huo Qiang knew that he couldn't help persuading him, so he said, "then you should have a rest earlier, close the doors and windows, and more trust people around you."

"Don't worry!" Huo Ming said and hung up. He didn't leave because he needed to stay with his son to clean up the mess.

That group has become very ferocious for the sake of profit.

As for the power of those people, Huo Ming is the most clear.

After Huo Qiang hung up the phone, he naturally worried about another person, Ji Anshan. Although there are few insiders about Ji'an and him, they are not without them. If these people hit Ji'an with their abacus, it will be dangerous.

Huo Qiang immediately gets up and dials up Li Rui's phone. "Li Rui, I want you to squat at the gate of Ji'anxin's community by four hands in a row, and follow her car to make sure her safety without disturbing her."

"Yes, sir. I'll be in line."

Huo Qiang is still uneasy. He wants to talk to Ji Anxin in person tomorrow, so that she'd better take her family on a trip abroad to avoid it.

Early in the morning, the little guy's birthday. I was so happy when I got up early. It happened to be the weekend, so Ji Anxin could accompany her all day.

Originally she was going to eat out, but Ji said she was cooking at home. Just cook a few more good dishes. I will eat them outside. I don't eat anything at all.

"Xiaoxiao, would you like to play at home while Mommy orders a big cake?"

"Well, I want a big cake." Said the little fellow greedily.

"Good! Mommy promised you Then Ji Anxin picked up the bag and said to his mother in the kitchen, "Mom, I'm going down."

"Good! Come back early. "

Ji Anxin steps out, and she doesn't drive. She just walks to a large cake shop nearby, but she doesn't find that there are two black cars slowly following her behind her.

This is the person Huo Qiang sent to protect her. At this moment, Huo Qiang's motorcade also drove to the nearby area. He wanted to see her.

Ji Anxin orders the cake and comes to pick it up in the afternoon. She is ready to go out to buy fruit. Suddenly two bodyguards like men appear in front of her, blocking her way.

"Miss Ji, your excellency wants to see you." Said the bodyguard.

Ji Anxin looks at them in surprise, and these two bodyguards are familiar with each other. They are Huo Qiang's people.

"Where is he?"

The bodyguard points to an armored car nearby. Ji Anxin feels that there are two eyes looking at her in the window. She walks to the door. The bodyguard opens it for her and Ji Anxin sits in.

Her heart strings are tightening. Now, he has changed his car into this kind of armor and bullet proof. Is it really dangerous?

Huo Qiang sits in a suit and looks at her coming. He looks at her tenderly. "Don't mind if I disturb you like this."

"Is there anything?" Ji Anxin turns to look at him and wants to see something in his eyes.

Huo Qiang didn't want her to worry. He smiled and said, "nothing, you order the cake! Is Xiaoxiao going to have a birthday

Ji Anxin is stunned. How does he know? She asked warily, "where did you hear that?"

Huo Qiang has been so busy recently that he really forgot about it, but Shen Rui kindly reminded him that he had to say, "I checked your information before, and remember it."

Ji Anxin was a little annoyed. "Don't steal my life in the future. Don't think it's great to have rights."

Huo Qiang could not help but smile and shake his head. "OK, No."

"If you have anything to say! I'm going to buy fruit. " Ji Anxin asked him.

Huo Qiang's face was a little more serious. "Peace of mind, I have something to remind you. I'm afraid I've offended some people recently. These people are powerful people. It's not difficult for them to hold on to my news."

Ji Anxin's nerves tightened again, listening to him finish.

"Of course, they will find out my past, and some of them used to be under my father's control. They must also be supportive of me and my emotional life. You know I'm not afraid of them, but you're my weakness. You're the only person I'm most afraid of losing except my family. I don't want you to be in danger."

"Then you What do you want me to do? " Ji Anxin swallowed his saliva, became nervous and worried about him.

Chapter 812

Huo Qiang looks at her and scares her. He comforts her. "Don't worry, I have four bodyguards around you. They will protect your safety for the time being, but it's best if you can take your family and Xiaoxiao to leave the country."

"Take them away?" Ji Anxin's eyes are slightly gaping. Is it so serious?

"And you?" When Ji Anxin said this, her hand had subconsciously clasped the man's strong arm on the small table.

Huo Qiang's eyes drooped, watching her slender fingers tightly holding his wrist, and his mouth curved with a happy smile.

Ji Anxin's heart is tight, but she sees that the man is still smiling. She immediately looks at the past, only to find that her hand has grasped his wrist nervously.

She quickly drew her hand back and coughed with embarrassment, "what do you do? Are you going to fight them hard? "

Huo qi'ang listened to her voice and could not conceal his concern for himself. His heart was full of satisfaction.

"Don't worry, I have my own plan, as long as you are safe enough."

Ji Anxin ponders for a moment. It's OK for her to take her parents abroad. But what kind of reason does she use to take them out? They have already forbidden themselves to have anything to do with this man.

"Must I go abroad?" Ji relieved and sighed.

Huo qi'ang reached out and wanted to hold her hand. Ji Anxin couldn't help dodging. Huo qi'ang took it back with his fist. He said seriously, "peace of mind, if I can, I really don't want to bring you such a danger. If you don't want to go abroad, I can arrange you to live in the safest place for a while. When the wind is over, will you come back?"

"Where?" Ji Anxin asked, squinting his eyes.

"There is a military base, which is a place for family members to live in. The security there is the best. No one can hurt you there. Be assured. Trust me, I will protect you." Huo Qiang, this time, did not let her hide, some domineering hold her hand, "I will arrange a vehicle to pick you up in the morning tomorrow."

Ji Anxin thought for a few seconds, nodded, and she didn't gamble on the dangers of her children and parents.

"Well, I'll persuade my parents to accompany me, and tomorrow we'll pack up."

"I have prepared a birthday present for Xiaoxiao. I'll have it delivered later."

Ji Anxin is slightly stunned. Did he prepare a birthday present in advance?

"OK, thank you for Xiaoxiao." Ji Anxin said, and his eyes fell on his face. There were some tired colors between Huo's eyebrows.

It seems that he often stayed up late to work overtime to deal with these people recently! Ji Anxin's eyes flashed a trace of heartache, at the same time, there was a sudden impulse in his heart to tell his daughter.

But she has endured. Now he is tired enough to deal with those people. If he knows that Xiaoxiao is his daughter, even if the news will not be leaked, he can't guarantee in case. If he shows up and lets people guess Xiaoxiao's identity, are the people around him credible?

"OK, I'm going down." Ji Anxin finished and pushed the door down.

Huo Qiang did not forget to say, "tomorrow is ready, I will arrive around 9 o'clock."

"Good!" Ji Anxin nodded and closed the door. She went to a fruit shop next to her.

When she looked back, she saw that the orderly line had left.

Ji Anxin breathed a sigh. She picked up her mobile phone and arranged for one of her company's directors to take over her work from tomorrow. She wanted to take a vacation and let him directly connect with George, the headquarters company.

After hanging up the phone, Ji Anshan's heart relaxed a lot. In the past five years, she has worked hard for the company. Now, she is tired and wants to rest.

Ji Anxin went home with fruit. After a while, the doorbell rang. She immediately looked at the person outside the door vigilantly. It was Li Rui, assistant of Huo Qiang. He specially ordered a cooked noodle to come.

Ji Anxin opens the door. Li Rui smiles and holds five gifts. "Miss Ji, this is your daughter's birthday present. Please accept it."

"Thank him for me." Ji Anxin takes the gift and says to Li Rui.

"OK!" Li Rui smiled and turned away.

Ji Anxin brought the toys in, and the little guy was in full bloom. She didn't expect to receive so many gifts at once, and they were all her favorite.

"Mommy, who sent it!" The first time the little guy held the doll, he asked her.

"This is from an uncle." Ji Anxin bent down and said with a smile.

"Wow, that uncle is a good man." The little guy said with a smile, Ji Anxin took the gift to her little room and let her play by herself. She took the door for a moment, then went to the hall. She said to her mother who was picking vegetables, "Mom, don't be busy. I have something to tell you."

Ji's parents looked at her strangely. Three of them sat on the sofa. Ji looked at them reassuringly and said, "Mom and Dad, what I'm going to say in a moment, please don't get excited?" "What is it? You say it!" Jifu said to her.

Ji Anxin breathed a little, "I've been in touch with hocheon recently."

"You're not going to be back in love!" In Ji Mu's tone, there is a color of complaint.

Ji Anxin shook his head. "At present, we are just friends."

"Hum! Did he pester you first? It's reassuring that my mother doesn't like him. I really don't like his father. I don't take anyone seriously. I'm arrogant." Jimu is also very pertinent.

Ji Anxin understands her parents' resentment towards the Huo family. She has been wronged for so many years, and they all see it in their eyes.

"Mom and Dad, now we don't talk about these old things. There is a thing in front of us. We need to cooperate. Huo Qiang is in great trouble now. There are a group of people who want to deal with him. He is in danger now. My past relationship with him may be used by those people. Our family will be in danger." Ji Anxin looked at her parents' frightened expression, and she comforted them.

"Don't worry, either. He said that tomorrow morning, we will come in line and take us to a safe place to avoid for a while. When the wind is over, we will come back."

"Why does his business bother you? Don't those people know you broke up five years ago? "

Ji Anxin was a little embarrassed, but he still told the truth, "because Because I've been in touch with him recently, it might make people think we're reunited. "

Ji's parents looked at his daughter. It must have been a recurrence of Huo Qiang's old love. Ji's mother sighed, "so, do you still like him?"

"He must be Xiaoxiao's father. Even if he can't be a lover, he doesn't want to be an enemy. I will choose to be friends with him." Ji reassures his parents.

"Then are you going to tell Xiaoxiao's identity?" Asked Ji Fu.

"Dad, Xiaoxiao is getting bigger and bigger. She needs a father. I will tell him when the time is right."

"Well, what do we need to prepare?"

"We have some clothes and important identification. His team will pick us up early tomorrow morning." Ji Anxin said to his parents, "parents, let go of his prejudices first! Safety first, and Xiaoxiao is still small. She can't do anything, and I don't want to be his drag. "

Ji Anxin's words, although let Ji's parents have some opinions, but, all agreed.

At the moment, in a private teahouse, there are five power centralizers, among them, headed by a man named Wang Qi, sitting on the mahogany sofa, the most central position, also shows his identity as a leader in this group.

"Boss, now that we have confirmed that Hodgson is in action, what should we do? Is that how he was allowed to mess about? "

"Hum! Who is willing to sit and die? Doesn't that make us die? " Another man with a strong army belly snorted.

"Then what do you mean?"

"That nature wants to let him understand, also want to let Xuan Yuan Chen understand, we also are not easy to deal with." This man's mouth is arrogant, even xuanyuanchen has put forward.

Wang Qi's face slightly changed and stared at him. "I think you really want to die."

As soon as he said this, everyone shut up and waited for Wang Qi to speak.

Chapter 813

"If we can not touch hard, we'd better not touch hard. This matter is mainly led by Huo Qiang. As long as we can let him get rid of this idea and say a few good words for us in front of xuanyuanchen, we can add up our past merits and hardships together, at least we can't be desperate and still have a life."

"What? Boss, can we keep our position in this way? "

"Haven't you got enough in these years? I'm afraid you can't spend your whole life, so be content! "

"Then how can we negotiate with Hodgson?"

"We have to meet him and talk to him alone." Wang Qi, as the leader of these people, is naturally more rational. Moreover, he doesn't want to die, and he knows how to retreat and seek the second place. He knows that he will fight against the most senior people in this country, without saying that they are both defeated, only their defeat result.

Several other people are afraid of death. If they keep fighting like this, they will have no way to go.

"But now, we certainly can't get close to him."

"If we can negotiate with Huo Qiang, we don't need to go to the last step at all. We have no way to go." Wang Qi said, looking at several people in the room, "what can you do?"

"If you want to pull us out, isn't Huo Ming the first one to bear the brunt? He's the boss before us. If we go to jail, he'll go to jail too. "

"You don't see whose Laozi he is. Can Huo Qiang not protect him? Besides, Huo Ming is just playing with power, but we all have several people in our hands. Huo Ming is better than us. "

"Anyway, we have to offer Hodgson a talk."

"What's more, if we can't talk in such a calm way, he will be looking into us now. It's useless to talk about anything. If he wants to look into us, he will have to look into the end."

Wang Qi looked at the man who was talking. "Then what do you think is the way to talk?"

"We must catch Huo Qiang's weakness and force him to talk. As long as he lets us go, we decide to start a new life, or quit, just give us a way to live." What are your weaknesses? I think he must have lined up the people around him at the moment. "

"No, his biggest weakness is a woman, a woman named Ji Anshan."

"What's the background of Ji Anxin?"

"She's just the head of a headhunting company now. We have all her information and the connections around her."

Wang Qi's eyes twinkled with gloomy thinking. He knew that it was a dangerous game. Only with the handle in his hand could he have a chance to talk with Huo Qiang.

"When can you get Ji Anshan?"

"I think it's fast. Otherwise, Hodgson will definitely move away."

"As long as the boss orders, we can catch her tonight."

"Well, Buwang should seize this discipline first, and make an appointment with Huo Keang tomorrow. Otherwise, the time will be too late."

At Wang Qi's command, the people in the teahouse left.

Ji Anxin's home, at the moment, the little guy is celebrating his birthday. After singing the birthday song, she toots her mouth and blows out the candle light. When the light comes on, she claps her hands happily. "Mommy, can I eat the cake now?"

"Yes, mummy will cut you a piece."

"Mummy, cut four pieces and we'll eat together."

Ji Mu immediately raised her hand and said, "xiaoxiaozen is sensible and has grown up for another year."

Ji'an cut the cake and gave it to her parents and kids. She also took a small plate and sat with her family.

While eating, Ji Anxin's cell phone rings suddenly. She picks it up and looks at it. It's a strange number. She frowns and picks it up. "Hello!"

"Hello, is it reassuring sister? I am Xiaotao. It's not good. There is something wrong with President Shen. "

"What? What happened to him? " Ji Anxin immediately stood up, his heart string tightened.

The voice of Xiao Tao, Shen Rui's assistant, on the other end of the phone.

"He's got food poisoning. He can't wake up. Now he's on his way to the hospital. Please come here quickly, sister."

"Well, which hospital is he in?"

"I'll send you an address."

Finish saying, that end sent an address to hang up, Ji Anxin looked at the name of the hospital, she hurriedly said to her parents, "parents, you look at Xiaoxiao, remember, no matter who comes here, don't open the door, call the police or call Huo Qiang."

After that, Ji Anxin picked up his father's mobile phone and input Huo's phone to let his father keep it.

"Peace of mind, what happened to Shen Rui?"

"His assistant said he had food poisoning. I have to go and see. His family is not here."

"Then hurry up! It's not easy for Shen Rui to be here alone. " Ji's mother hurriedly greets Ji anxiously to visit.

Ji Anxin naturally has no doubt, because calling her is Shen Rui's personal assistant, and Shen Rui's help in the past five years has made her very interested in his affairs. How can she not pass this situation?

Of course, Ji Anxin doesn't know it's a game at all. At the moment, Shen Rui is really dizzy at a dinner party. His assistant, Xiao Tao, is getting through the phone with a gun on his head. At the moment, he's pale and shivering. He just wanted to save his life.

Shen Rui drinks the overpowering medicine and is unconscious.

"Go, go to the hospital and wait for Ji Anxin to go online." The group immediately set off for the hospital to settle down.

Ji Anxin rushes over on the road. She worries about Shen Rui, which makes her ignore the danger at all.

When she came out, it was already 9:30 p.m. and Huo Qiang's bodyguards left at 8:00 p.m. because Ji Anxin's identity is not their responsibility. They did not take 24-hour protection, but took protection actions when she went out in the daytime.

Ji'anxin's community belongs to the senior community, and the security of the community is also 24-hour monitoring of the security of the community.

Ji Anxin's sports car ran straight to the hospital in the place. After an hour's driving, she finally arrived. This is a very remote hospital, which makes her wonder why Shen Rui would stay here.

As soon as she entered the hall, a doctor came over wearing a mask. "This lady, are you Shen Rui's family?"

"Yes, I am."

"Come with me. The patient's condition is not very stable."

Ji Anxin listens to it, quickly follows it, and goes to a ward. The doctor pushes the door open, turns around, and when Ji Anxin comes in, he is covered by the man behind the door with a cloth sprinkled with overpowering drugs. Ji Anxin is late when she realizes the danger. She only feels that she is faint. She only sees the doctor remove the mask and show a fierce face.

But by this time, she was dizzy.

"Take her away."

Two men put Ji Anxin on the cart, pushed it all the way to the backyard, sent it to an ambulance and took it directly.

Shen Rui and his assistant are all tied up in a private house. Before they talk to Huo Qiang, they don't allow anyone to let the wind go.

This night, Ji Anxin didn't come back, while Ji's two elders called and her daughter's cell phone didn't answer.

They can only guess that it's not that their daughter has set the mute and is accompanying Shen Rui in the ward. There is no doubt.

This night, just like this, came in the morning.

Ji's parents dressed Ji Xiaoxiao early and packed up the salute, waiting for Huo Qiang's motorcade to pick up the people.

In the morning, Huo Qiang started to go to the presidential palace from his home. Suddenly, his mobile phone rang, and he took a look. It was the inside line that called in.

"Hello! Hello. " Hocheon answers.

"Hello, vice president Huo. This is Wang Qi."

Huo Qiang's face is slightly taut, the voice line is calm, "what's up?"

"Mr. vice president, can we make an appointment to have a good talk?"

"Yes, you can make an appointment with my assistant." Hocheon didn't turn him down directly.

"No, no, Mr. vice president may have misunderstood me. The appointment I said is not to go through those complicated procedures, but to face the interview directly."

"I'm afraid I don't have time for this. The state affairs are busy recently. If you want to see me, you can only go through the procedure." Huo Qiang knows what Wang Qi wants to talk about, and he doesn't want to give him such a chance.

Wang Qi at that end smiled, "Mr. vice president, if I have a woman I want, would you take a moment to talk to me?"

Huo Qiang wanted to hang up the phone. He immediately clenched it and even trembled, "what do you say?"

"Ji Anshan is in my hand. I want to talk to you. Just today, I'd like to ask the vice president to squeeze in time."

Chapter 814

Huo qi'ang stood in front of the floor to floor window, he tightly grasped the cell phone, and his mind was blank for a few seconds. He gritted his teeth towards the end of the phone and said, "where is she!"

This sentence has shown his care, his nervousness.

"Does the vice president have time to talk? I am sincere. " Wang Qi said very calmly, "I will not hurt Miss Ji. I just asked her to come over and let the vice president take a moment to see me."

"You If you dare to touch one of her hair, I will never let you go. " Huo qi'ang's reason is still a little out of order. Few people can make him so.

Except for family, only Ji Anshan can.

"The vice president is assured that she is safe now, and there will be no accident." At that end, Wang Qi didn't want to provoke him again on top of his anger.

Huo Qiang could hear that Wang Qi was just threatening Ji Anshan to talk to him.

"Well, I'll set the time." Hocheon said.

"I hope you are sincere, Mr. vice president." Wang Qi naturally wants to reach his destination.

Don't touch her. I'll meet you in line when I call

"Good! I am very patient to wait for you, but I hope that this matter will not be known to too many people. " Wang Qi said that and hung up.

Li Rui has been standing beside him. He has already felt Huo Qiang's anger at the moment.

"Sir, is there something wrong with Miss Ji?"

"Wang Qi caught her." Huo Qiang clenched his fist and beat the wall hard. He even let her involved.

"Our team has gone to meet Miss Ji's family."

Huo Qiang knows that Ji Jia's people can no longer be concealed at this moment. They must be worried about Ji'an's safety.

Huo Qiang picks up his cell phone. His phone has been saved in Jifu's. he dials it directly.

"Hello!"

"Uncle, it's me. I want to tell you something." Hocheon opened his mouth.

"What can I do for you, master Huo?" The duanji father didn't realize that there was something wrong with his daughter.

"I was kidnapped at ease. Now, your Er Lao takes Xiaoxiao to my motorcade and goes to a safe place."

"What? Was kidnapped at ease?" The duanji father exclaimed in shock.

"Don't worry, uncle, I will save you. I can't hide this matter from you, but please believe me. I won't let it happen." Hocheon said sincerely.

Then Duan Jimu immediately grabbed the phone and said, "you must save your mind. I'm just a daughter. You can't let her have an accident."

The voice of Duan Jimu was choked and hoarse, and she was already crying.

"Auntie, don't worry. Please take Xiaoxiao to my motorcade immediately. When I hear from you, I'll rescue in line immediately. I'll be safe." Hocheon consoled.

They are Ji Anxin's parents. When something like this happens, they have the right to know, even if they are worried, they have the right to know.

"Well, I'll give you my peace of mind. You must bring her back." The voice of Jifu came with the color of supplication.

"Don't worry, uncle! Take good care of my aunt and Xiaoxiao and give them to me at ease. " Hocheon promised.

Ji and his granddaughter Ji Xiaoxiao went to Huo's motorcade with their salutes. Huo's life is no longer in danger for Ji's people.

In a bright private villa, Ji Anxin's lips are pasted with tape, her hands and feet are tied to a chair, at the moment, she can't move.

It has been a while since she woke up. She also realized that what happened to Shen Rui last night was a trap. Looking at the kidnapped place and the senior independent villa, she must be rich and powerful.

So, she knew very well that she had been caught by the dangerous elements in Hodgson's mouth.

"Let go of me..." Ji Anxin is still struggling. She wants to know more about her situation.

Even she was worried about Shen Rui. Did these people do anything to Shen Rui in order to attract her? These people don't treat people as human beings at all. They have means, rights and do whatever they want.

When Ji Anxin struggles hard and makes some sounds, a man comes in. He sits opposite Ji Anxin. He looks at Ji Anxin. His eyes flash with amazement.

I didn't expect that Huo Qiang's vision is good, and the woman she likes has a very lasting appeal.

"Miss Ji, don't waste your energy. You can stay here for a while! As long as you cooperate, we won't do anything to you. "

Ji Anxin bites his teeth and stares at him with his eyes.

"Ji Anshan, you should be a smart person. As long as you cooperate, you don't have to suffer."

Ji Anxin closes her eyes and is tied here. She is hungry and tired. Of course, she doesn't want to be treated like this.

It seemed that the man could see it. He clapped his hands immediately and walked into two big female thugs. They came over with food. The man said to them, "give Miss Ji a good hello and don't neglect our guests." With that, the man left, and Ji Anxin was relieved by two female thugs to untie the cloth, give her breakfast, and let her move.

Ji Anxin also wanted to escape from here, but it was impossible. She saw that there were two female thugs outside the door, and here was the fourth floor of the villa. She jumped down and died.

So, at the moment, she can only pray for Huo Qiang to save her.

At the moment, Huo Qiang is also delaying the meeting with Wang Qi, and quickly mastering the kidnapping process of Ji Anxin.

He asked Li Rui to go to the Public Security Bureau and secretly investigated the surveillance video of Ji Anxin leaving home. Within half an hour, he found Ji Anxin and finally disappeared in a hospital.

Huo Qiang immediately went to the hospital again, but the video of the hospital was all broken last night, that is, Ji Anxin disappeared here. Last night, there were at least 30 or more vehicles in and out of the hospital. It is impossible to find Ji Anxin. At this moment, Huo Qiang is standing at the desk of the office, and the whole person is in a state of anxiety. He just wants to find Ji Anshan and make sure her safety.

Moreover, he knows that Wang Qi's talk will never be simple. He may use Ji Anxin to force him to sign any contract and force him to give up this action. On the one hand is his favorite woman, on the other hand is his responsibility. He can't let go of both things.

Just then, a phone call came in, and Huo Qiang immediately reached for it. "Hello."

"Sir, I found out. Last night, a nurse became a witness. She saw Ji Anxin was sent to the backyard with a push bed and taken away in an ambulance."

Hodgson was immediately surprised. "Are you sure? Check, immediately check the whereabouts of the ambulance. "

"It's already under investigation by the police. It should be found out soon."

"Well, let me know the news as soon as possible. Hurry up."

Hocheon wanted to determine Ji's place of peace, so that he could put the place of conversation close to the place where she was imprisoned and arrange for help.

At this time, Huo Qiang's internal telephone was called in again. He took a look, reached out and calmly answered, "Hello!"

"Mr. vice president, haven't you made time yet? My patience is limited. " Wang Qi at that end obviously can't sit.

Three hours have passed since morning. He also knows what Huo Qiang is doing. He doesn't want to give him a chance to master too much information.

"Just now, Mr. President came to talk to me, but the time has been delayed. I'll let my assistant make an appointment immediately. Let's meet in the afternoon!"

"No, I'll make an appointment." Wang Qi decided to turn passivity into initiative.

Hodgson's eyes sank. "I've got the assistant set up."

"Let the vice president send an address! I wish I could have a good chat instead of being disturbed.
"

"OK, ten minutes for you." Huo Qiang finished and hung up.

At this moment, he originally wanted to find out the location of Ji Anxin and the rescue situation nearby. Depending on the situation, he had to deal with the old fox Wang Qi first.

"Now, sir?" Li Rui asked.

"As for the teahouse we discussed just now, I'll go there. You stay here and wait for the reassuring news. Once you find out her position, Li Rui, you must rescue her safely. I will hold Wang Qi back and not let him hurt her."

Chapter 815

Huo Qiang looks at assistant Li Rui, his eyes full of pleading and trust.

Li Rui nodded at once, "Sir, I will do my best to ensure Miss Ji's safety. You should be careful."

Huo Qiang hopes to save her in person, but if he doesn't hold Wang Qi back, he can't buy more time for Li Rui, so he can only give Li Rui this matter.

Huo Qiang sent the address to Wang Qi and took his bodyguards to the teahouse. Wang Qi received the address and summoned two important men to rush over. He has a sense of peace in his hand, but he is not afraid of anything.

What's more, this time he was trying to show his weakness.

He must let Hocheon give them a way to live.

Ji Anxin is not bound. She is trapped in a room, surrounded by female thugs. These thugs stare at her all the time. Her expression can't escape their eyes.

Ji Anshan sits on the sofa expressionless. At the moment, she can only rely on imagination.

Hocheon must have known she was arrested. What would he do? He will certainly protect his parents and daughter for the first time, which she knows about him. At the moment, Ji Anxin is worried about what her parents will worry about when they know she's kidnapped.

So, she has to get out of here as soon as possible. Those people must have talked to Hocheon.

Do these people want his life, or what good? This is something Ji Anxin can't be sure about, but when she hears the man's words just now, as long as she cooperates obediently, nothing will happen.

Presumably these people didn't mean to hurt her, so we can guess that these people are ready to negotiate terms with Huo Qiang.

Should not hurt him, think through this, Ji Anxin's heart can't help but sigh a sigh of relief, but, anything is in case, so, she can't be too optimistic.

Huo Qiang's team took the lead in arriving at the teahouse. Except for a tea making employee, all the others were driven away by Huo Qiang's people. In the whole teahouse, Huo Qiang sat in a box with two bodyguards standing by his side.

Wang Qi soon came. Looking at Huo Qiang's tall and straight young figure, he felt a kind of fear. People like him are the most afraid of people like Huo Qiang who are just and hard.

Huo Qiang is like a piece of hard bone, which makes them unable to find the place to lower their mouth. Otherwise, Huo Ming will not be forced to this extent by his own son.

When they were young, they also wanted to do practical work and do great work. However, there are not many people who can resist the temptation of interest in this circle. Therefore, they have become slaves of money, driven by whatever they want, to this point.

Wang Qi saw a kind of bearing that he admired from Huo qi'ang, but at this moment, Huo qi'ang is like a sharp blade lying in front of them, killing everything at any time.

"Mr. vice president, here you are." Wang Qi sat opposite Huo CHIONG with a smile.

Huo Qiang's eyes swept coldly. "Before we talked, Ji relieved."

"Mr. vice president, Miss Ji will be in good condition. As long as the vice president can accept our conditions, everything will be fine." Wang Qi explained his intention directly.

He wants a privilege card in Hodgson's hand.

Huo Qiang squinted. "Then tell me your conditions."

Wang Qi immediately smiled, "Mr. Xiangbi is very clear about what we want. We want Mr. vice president to let us go. We promise to leave politics and retire for the aged in the future."

Huo qi'ang's eyes flickered coldly, "it seems that you know what you have done."

"Vice president, please see that we have been working with your father for many years, and have helped you to the position of vice president, giving us a way back." Wang Qi's words show his appeal.

Huo Qiang put his hand on the table and slowly clenched it into a fist.

Wang Qi's heart immediately seemed to be clenched, and he looked nervously at Huo CHIONG.

"What if I don't agree?" Huo Qiang looks at Wang Qi coldly.

Wang Qi's eyes immediately narrowed a few points, he forced to bear the anger and smiled, "why does the vice president embarrass us? We have also realized that we have decided to devote our lives to charity and society. "

At this time, Huo Qiang's bodyguard said to him, "Sir, do you need more tea?"

This is a sign that Huo Qiang and his bodyguards formed before. If the bodyguards say this, it means that Li Rui has the place of Ji Anxin's imprisonment.

Huo Qiang handed the tea to the bodyguard. "It's cold. Give me a hot one."

The bodyguard immediately picked up the tea cup and went to the tea room next door to pour tea.

Wang Qi is a little wary, but there is no more doubt.

"Mr. vice president, please think about it! It's good for all of us. Miss Ji is still young. We don't want to let her do anything to ruin her life. " Wang Qi can't help but secretly threaten.

Huo Qiang's handsome face was immediately gloomy. He clenched his teeth and warned, "you dare to move her." "Ah, the vice president is still a man with deep feelings! There is only one peace of mind in this world, and I don't want the vice president to suffer forever. " This is Wang Qi's last move. He wants to threaten Huo Qiang to compromise.

Huo Qiang can only delay at this moment, that is to say, Li Rui has found the place where Ji Anxin is locked, which must be carrying out rescue, and he wants to fight for more time. "Don't touch her. We can discuss it again." Huo Qiang suppressed his anger and pretended to be negotiable.

Wang Qi was relieved immediately. As expected, controlling Ji Anshan was very threatening to Huo Qiang.

"Good! Then let's have a good talk. I'm very sincere. " Said Wang Qi.

"That is to say, then you have to give me some information, so that I can help you to talk in front of the president."

This is very happy for Wang Qi. At least Huo Qiang began to find a way for them.

Li Rui found the last place where Ji Anxin's car disappeared half an hour later. At this moment, he is approaching this area with six bodyguards, ready to wait for someone to rescue.

The bodyguards are equipped with advanced equipment and very strong detection ability. They immediately lurk in a lot 500 meters away from the cell and work in a car.

They raised a stealth spy plane to scan around the villa.

Soon they got a lot of data. They used infrared to find out the number of people in the villa and make data analysis.

There are eight people in this villa, two of them are in the hall on the first floor, and five are distributed on the second floor, and one of them is curled up on the second floor, which must be Ji Anshan trapped.

Li Rui is staring at bodyguards to do business. In his heart, he also hopes to rescue Ji Anxin immediately. Otherwise, Huo Qiang may encounter difficulties there.

I'm afraid that after Wang Qi found out, he would take an extreme route, because it's impossible for people who are forced to hurry to keep their normal thinking and reason.

"Assistant Li, after we have analyzed it, we can save lives. We have not detected that they have stronger lethal weapons in their hands. Maybe they are only knives. We will rush in and save lives." The bodyguard put forward a simple and crude rescue method.

After listening to their analysis, Li Rui asked, "I'm sure there's no accident!"

"We must bring Miss Ji out safely."

"Well, let's go!" Li Rui orders.

At the moment, in the villa, two of Wang Qi's subordinates control here. Upstairs are five female thugs of Huo Jin, who are specially guarding Ji Anshan.

They thought last night in the hospital had wiped out the reconnaissance route, let Ji Anxin disappear without trace.

However, they did not expect a nurse on the second floor to see them send Ji anxiously away.

At the moment, they are waiting for the result of Wang Qi's negotiation, waiting for Wang Qi to give orders to complete the task.

Ji Anxin has been closed here a little fidgety. She can't help but walk to the window. At this time, a female thug immediately reaches out to stop her. "Miss Ji, don't get close to the window."

Ji Anxin grins her teeth and stares at the female thug. Suddenly, she sees a small flying UAV, which stops in the middle of the sky.

Ji Anxin's heart suddenly rejoiced that the rescue was coming.

She immediately quietly turned around and said to the female thug, "when are you going to lock me?"

"Wait for the order." Female fighters are also trained. They have no feelings.

Chapter 816

At four o'clock in the quiet afternoon, a group of bodyguards were lurking in the side of the villa, intending to rescue Ji Anxin.

They quietly crossed the two meter high wall and entered the yard. At the moment, except for two Wangqi's men in the hall who were chatting and drinking tea, the five female thugs who were summoned were all on the second floor. Ji Anxin was locked in a small living room here.

Ji Anxin's heart strings tightened little by little. She knew that the rescuers were coming, and she waited patiently.

Just then, outside the window on the second floor, a man's hand appeared quietly outside the window frame. Ji Anxin saw a female Thug's eyes ready to look over there. She immediately covered her stomach and cried out, "ah! It hurts so much. What did you give me to drink? "

The eyes of the female thugs immediately stared at Ji Anxin. Ji Anxin saw the face of the bodyguard. The bodyguard watched Ji Anxin help him shift his attention. He jumped in and hid in the window.

At the moment, a group of people and horses rushed in from the hall to control. Two bodyguards directly controlled two men in the hall on the first floor. Then, the three men fell all the way to the second floor.

A man on the first floor shouted, "take Ji Anxin away, someone will rescue you."

This man just finished, the bodyguard can only let him down, a boxing dizzy him.

The female thugs on the second floor were alert immediately. One of the thick women immediately held Ji Anxin in her hand. Ji Anxin's hands were tightly bound by the twisted cloth, and there was no resistance at all.

The bodyguards hiding out of the window were immediately in trouble, fighting with one of the female thugs. The three bodyguards who rushed in from the front door also dealt with the rest of the female thugs.

Ji Anxin recognized that these men were Huo Qiang's bodyguards. These female thugs all had sharp weapons. The bodyguards were all fighting barehanded. For a while, they had a fierce fight with several female thugs.

One of them stopped Ji Anxin, and the female thug immediately took the opportunity to pull Ji Anxin to the door.

"Let go of me." Ji Anxin shouted and struggled.

The female thug immediately dragged her out of the door, trying to take Ji Anxin away alone, because they were told that no matter what happened, they must control Ji Anxin.

This group of female thugs are all trained by Wang Qi. They are the female bodyguards he usually travels. They are very skilled and loyal to Wang Qi.

"Follow me." The female thug drank a low sentence and talked about Ji Anxin. However, before going down the stairs, a male bodyguard rushed out immediately and stopped the female thug from taking Ji Anxin away.

The female thug immediately put Ji Anxin down. Ji Anxin is surrounded by a corridor, next to which is a spacious glass floor window. Ji Anxin is forced to step back to the floor window behind her. Because the female thug is more powerful, and she is very clever to stop Ji Anxin from escaping.

The male bodyguard is not weak. Step by step, he forces the female thug to hide. The male bodyguard also wants to rescue Ji Anxin from behind the female thug.

Ji Anxin finally had her back against the glass, because she was surrounded by walls on both sides, and she could not back away. Facing the fierce fighting between the two people, she was a little frightened.

At the same time, she struggled hard to tie her tape, and finally let her free.

At the same time, the female thug was in a daze after the male bodyguard slammed several punches. The female thug was picked up by the male bodyguard. The next second, the female thug was thrown through the window heavily.

A "bang" made the glass brittle.

Ji Anxin watched in horror as the female Thug's body smashed the glass, and her whole body flew out of the second floor window.

Ji Anxin takes a breath and covers her chest, because she has never experienced such a fierce fight since she was a child.

"Come with me, Miss Ji. I'll take you out." The bodyguard rubbed the blood on the corner of his mouth and said to Ji'an.

Ji Anxin nods, just as she is about to walk towards the bodyguard, suddenly, she feels that she is still naked in front of the window and is clasped by one hand.

Ji Anxin's frightened breath smothers. She turns her head and sees that the female thug who was just thrown out of the window has not fallen down, but she is still under the window and hanging under the window. At this moment, her hand clasps Ji Anxin's bare feet, because of anger!

There was a vicious flash on her bruised face, and she clasped Ji Anxin's right foot.

"Let go of me..." Ji Anxin seems to pull her out of the window at any time.

"Miss Ji..." The bodyguard found out and immediately reached for her.

Ji Anxin only felt that her head was blank for a few seconds, but she didn't react. She was pulled out of the window by a force of gravity

Ji Anxin only feels weightless. Downstairs from the window, it is a garden umbrella. Ji Anxin's body is hurled hard to the umbrella. It's nearly three meters away from the ground. Ji Anxin's body is blocked by the umbrella. It slides down quickly. Ji Anxin wants to catch something but doesn't catch anything. Her body falls heavily on the concrete ground .

She heard a sharp snap in her kneecap. The sharp pain almost made her faint. She fell on the ground, her forehead was also very impolite on the ground, she felt the whole head dizzy.

The female thug was not so lucky. She fell down from three meters, hit her head against the window on the first floor and jumped over the wall. She fainted.

Ji Anxin heard the voice of the bodyguard coming quickly, "Miss Ji, are you ok! I'll take you to the hospital immediately. "

Ji Anxin was carefully picked up from the ground by the bodyguards and walked out of the villa door. Four bodyguards immediately threw them back into the car. Li Rui did not expect that Ji Anxin would have such an accident. He drove to the nearby hospital.

In the teahouse, Ji Anxin is rescued. He immediately informs Huo Qiang's bodyguard in his ear. The bodyguard immediately leans down and says to Huo Qiang, "vice president, it's time for you to go back."

Huo Qiang nodded and said coldly to Wang Qi who was chatting across the street, "Wang Qi, no matter what mean means you use, will add another crime to your future cost."

"Mr. Vice President What do you mean? " Wang Qi immediately stood up and his face changed.

"Excuse me for not being with you." Huo qi'ang said and got up. His eyes were cold. "If you dare to move the people around me again, the prison will open to you at any time."

With that, Huo Qiang strides away, and Wang Qi's phone rings. He stands up and roars, "what's going on?"

"Boss, it's not good. Ji Anxin is saved by Huo Qiang's bodyguard."

"You bastard, you can't do this well." Wang Qi had a big drink and shook off the phone.

Just as Huo Qiang got into the car, he received a call from Li Rui. He breathed, "where is she!"

Li Rui sighed at the end. "Miss Ji is in the hospital."

"At the hospital? Why is she in the hospital? What happened to her?" Huo Qiang is eager to ask at the end of the phone.

"Don't worry, sir. Miss Ji's life is not in danger, but her leg is broken."

Huo Qiang heard that, Junyan immediately worried about changing color, "how could she get hurt?"

"It was an accident. Originally, the bodyguard saved her and was going to take her away. Who knows that a female thug suddenly appeared behind the window, caught Miss Ji's bare feet and dragged her down from the second floor."

Just heard here, Huo qi'ang's heart almost burst out of his chest, "she fell from the second floor?"

Li Rui comforts, "Miss Ji's body is blocked by a sunshade, which reduces the risk. She just broke her left knee when she fell to the ground. Now she is doing plaster in the hospital. Would you like to come here?"

"Which hospital, I'll be right there." Hocheon breathed.

Li Rui said the hospital address, and Huo's motorcade immediately went to the hospital. At the moment, sitting on the hospital bed, Ji Anxin's forehead is wrapped with a layer of gauze, and her slender right leg is now plastered and hoisted. The pain of the fracture is needless to say. Now she thinks about it, it's still a cold sweat, which just made her faint.

Chapter 818

In the early morning, Ji Anxin had a very painful sleep. Because one leg was hung, sleeping became a very helpless thing. Moreover, the leg was often numb. Huo Qiang would not come over. He rubbed it gently for her to feel comfortable and ease the blood pressure.

So, she didn't sleep well all night, and the man almost didn't sleep all night. At about five o'clock in the morning, Ji Anxin was really sleepy. When she slept, she also asked Huo qi'ang to squint for a while, but she fell asleep, Huo qi'ang didn't sleep, and he continued to rub for her every other time.

At this moment, Ji Anxin opened her eyes and saw the sofa beside her. The man was still sitting there looking at the documents. She immediately asked in surprise, "did you sleep last night?"

Huo qi'ang raised her eyes. Her red eyes made her heart ache instantly.

"I'm fine." Huo Qiang's spirit is still good with a smile.

"Do you think you are an iron man? How can you stand that? " Ji Anxin scolds him angrily.

"Legs numb? I'll rub it for you again. " Huo Qiang finished, sat down, reached for her gently rubbing.

Just then, Li Rui knocked on the door and walked in. "Sir, your meeting schedule is out today. Do you need to go back for a bath and change clothes?"

"A few hours to go."

"There are three hours left for the first meeting."

Ji Anxin said to Li Rui, "assistant Li, get him back to have a rest. I don't need his help here."

Li Rui wanted to laugh, but he still looked at Huo Qiang and advised him, "Sir, you'd better go back and have a rest! There must be several meetings to be held today. "

"I'm fine." Hodgson shook his head.

Ji Anxin said to him, "Huo Qiang, you can't suffer from bad health. Then, who will take care of Xiaoxiao and me?"? You can go back to rest, or you can go to the car and have a sleep. "

Although this is with some angry words, but everyone can hear that Ji Anxin is concerned about him.

Huo Qiang's eyes flickered with a smile, feeling her concern. He was warm in his heart, and he didn't insist, and he couldn't make her angry.

"Well, I'll ask the nurse to come and take care of you. I'll go to the presidential palace for a meeting first and come to accompany you later." Huo Qiang said to her, went to the sofa next to her, picked up the suit and put it on her wrist, ready to leave.

Ji Anxin replied, "I'm just having trouble with my legs. I don't have to worry about anything else."

When Huo Qiang was walking, he just got to the door, and suddenly he looked back at her. Ji Anxin's heart couldn't help tightening. She realized what he was going to do, and Li Rui closed the door very wisely.

Ji Anxin watched the man come over, and she immediately said with embarrassment, "no, I haven't brushed my teeth and washed my face."

Huo Qiang could not help puckering his lips and bending down, kissed her on the forehead. "I don't dislike it."

After kissing, he gazed at her for a few seconds and turned away.

Ji Anxin swallows her saliva. At this moment, no matter how reluctant she is to admit it, she can't deny the sweet breath surging up in her heart. It is twining in her heart and flowing in her limbs. Every cell feels full and satisfied.

She closed her eyes, wanted to refuse, and longed for the familiar love atmosphere. Five years ago, her feelings were blank. Unexpectedly, when she met this man again, she even got the same sweetness as his first love.

Ji Anxin stayed in the hospital for one day. In the afternoon, she made a phone call with her parents to pretend that she was busy in the office and let them think she was working.

She calls her daughter again and listens to her childish voice. Ji's heart is satisfied. She begins to look forward to receiving her daughter to Huo's side and living with him.

She is also happy for her daughter, because she can finally recognize her father, after that, no longer need to envy other children.

At 5:30 in the evening, Ji Anxin was waiting for her dinner. At this time, there was a sound of footsteps outside the door. Soon her door knocked, and Huo qi'ang stepped into the door.

He changed into a gray suit. Compared with the dark suit in the morning, the suit made him more young and handsome. If the man didn't become vice president, he would be able to play in the entertainment circle or model circle.

Huo Qiang looks at the dazed woman lying on the bed. He can't help but feel sorry for her. He can't forget that she was seen at the gate of the campus that time. She was sexy, charming, spirited and full of dazzling success.

At that moment, he was very excited. In the following time, every time he met, the woman had a kind of Goddess breath that was hard to get close to. Sometimes, he would feel that he, the vice president, was not qualified to get close to her in front of her.

But now, she is because of him, lying in this hospital bed, dazed, hanging legs, it's very bent.

Even her usual charming long hair, at this moment, I don't know where to get a tendon, which is tied behind my head at will, but no matter what kind of hair style, it can't hide her beauty and charm. Ji Anxin looked at her as soon as he came in. She couldn't help looking hot. Now she looks really embarrassed. In the past five years, she has used the best side to show people, so in front of others, she dressed elegantly, with delicate makeup, just to disguise her inner emotional failure.

She wants to live a wonderful life. She wants to let people know that she can support the whole day alone.

And she, too, has been doing so, so, in her office, she will be called the iceberg beauty, the high cold goddess and so on.

However, when someone loves and hurts, who is willing to be such a person?

At the moment, Ji Anxin is a little embarrassed. It seems that she always shows him the most embarrassed side in front of this man.

"Don't watch it. There's a charge for it." Ji Anxin glared at him.

Huo qi'ang couldn't help puzzling, laughing and asking in a low voice, "how much is it?"

"It's expensive."

"Then shall I pay for my life?" Huo Qiang said, and sat down at the front of her bed, reached out and took her hand. "My people are yours, whatever you want, whether you want them to be round or flat, all at your command."

Ji Anxin looks at his handsome face. She remembers that she likes to touch his chin very much, because his chin is very charming. It's a popular lemon chin. At the moment, she has an impulse to touch it.

But she still held back. She must have been separated by five years and hated each other. Suddenly, she went back to her previous intimacy, which was not suitable for her.

"Have a good rest tonight! Your eyes are red. " Ji Anxin saw that he must have had a day's meeting and didn't have a good rest.

"It's OK. I can take care of you tonight." Hocheon said firmly.

At this time, Miss nurse pushed over the dinner and counted Huo's share in it. The dinner was also very nutritious and light. Huo took Ji Anxin to sit up, fixed her legs again and put the dinner in front of her.

Ji Anxin is also hungry. He picks up chopsticks and eats them. Huo Qiang accompanies her. Ji Anxin is eating, and the man brings a fresh shrimp.

"Eat yourself!" Ji Anxin is not very interesting to eat.

Huo Qiang is determined to send it to her lips, Ji Anshan hides for a while, but still can't hide, so he has to open his mouth and eat it, which makes Huo Qiang smile with satisfaction. This kind of feeding each other's food is often done by two people when they were in love, so Huo Qiang wants to relive the old love at this time.

After a dinner, Ji Anxin can only lie on the bed. She is really bored. She can't help picking up her mobile phone, flipping through the news and watching the news. She sees her daughter's little shopping game again, and she orders it at will.

The cartoon sound of small game rings, Ji Anxin is busy going to pass.

Huo Qiang has heard. He can't help but squinting and smiling. "Are you playing Xiaoxiao's game?"

"Well! Can't you? " Ji Anxin has some false questions.

"Of course." Huo Qiang finished, the smile in his eyes was obvious.

"What are you laughing at?" “

Chapter 819

"No smile." Huo Qiang quickly resisted, but he thought of Ji Anxin's appearance as a cold female vice president, and now she is wearing long hair, sick clothes, hanging legs and playing the children's game.

Inexplicably, he felt very cute.

Ji Anxin is playing games. Huo Qiang is doing his work. In the quiet ward, the atmosphere is very good.

It can be said that it is very peaceful.

Get along with each other comfortably, be at ease, as long as you look up, you can see each other, there is a kind of satisfaction.

Ji Anxin played for a long time. Huo Qiang got up and poured a glass of water for her. Ji Anxin was thirsty.

She drank half of the water and handed it to the man. The man took it and drank it directly.

This kind of intimate behavior made Ji Anxin not adapt to her before. Up to now, she didn't mind a bit, and even had a sweet feeling.

She has some feeble check-up. She really needs to go back to her former self completely.

In the evening, when Ji Anxin is sleeping, Huo Qiang still wakes up from time to time to knead her legs. In this way, her legs will not be numb. Ji Anxin is sleeping better.

After a week like this, Ji Anxin's legs still have to be hung. However, she can leave the hospital and go back to Huo's home. Huo has already packed everything in her home and is ready to take her home.

Ji Anxin also missed her daughter. She thought that she would take her daughter back tomorrow.

At Huo's home, Ji Anxin doesn't need to hang her leg, because her fracture is healing and she can put down her leg. It only takes a month to break the plaster.

But she couldn't land and walk, so she came back and could only continue to lie on his bed.

Moreover, as soon as she slept, she slept in the master bedroom, smelling the bed full of the unique hormone breath of men, and Ji slept comfortably.

Doctors and nurses have left, the whole villa, only Ji Anxin and Huo Qiang.

Ji Anxin's legs are not so serious now. At least she can land for a short time. Just don't land hard. She also needs a pair of crutches. She can take something in the room or go to the bathroom on her own.

Huo qi'ang applies for love to Xuanyuan Chen. He will work at home recently. Xuanyuan Chen also knows about this incident. He has taken over and dealt with this case in the past, giving Huo Qi more time to take care of Ji Anshan.

Wang Qi's incident has almost reached the time of prosecution or arrest under Huo Qiang's thunder. This group of powerful people who once worked under Huo Ming will be uprooted completely.

Huo Ming can't get rid of the influence of this matter. Now, his position has been cast and he can only stay at home and wait for the final result of this matter.

The worst result may be that he needs to go in for a year or half a year, but this is the most forgiving treatment that Huo can win for him.

This storm is gradually ending.

Ji Anxin has not bathed for several days, which is the most intolerable thing for a very clean woman, especially her hair, which is too oily to look at herself directly.

"In the hospital, the nurse can wash her hair, but here, Ji Anxin finds that it is not a very good thing to live in the man's home, because she needs his help in everything.

Ji Anxin gathers a bunch of long hair, which is very uncomfortable. Huo Qiang is cleaning up his master bedroom. He is hanging several boxes of clothes Li Rui brought from Ji Anxin's home into his wardrobe. After finishing for half an hour, he sees Ji Anxin looking at him, as if there is something to say.

"What's the matter? Is there anything I can do for you?" Hocheon sat in front of her bed.

"I want to wash my head." Ji Anxin said, he can only help.

"Good! I'll wash it for you." Huo Qiang was so happy that he could not help but smile and ask, "do you want to take a bath? I can help you, too."

Ji Anxin blushed in embarrassment. "If you don't wash tonight, wash your hair first."

Huo Qiang prepares immediately. Ji Anxin lies on the bed, with towel and isolated tarpaulin around his neck. Huo Qiang is like a professional shampoo. He kneads and washes her gently and massages her for a while. Ji Anxin is so comfortable that he wants to sleep.

After washing, Huo Qiang patiently dried her hair. Ji Anxin's long hair was smooth and shiny. He stroked it in his hand, which was as comfortable as silk. Huo Qiang took the opportunity to touch it several times more.

Ji Anxin is also comfortable, but she is really uncomfortable, but she can't let him do such things as bathing.

Thinking of the last time she was drunk, the man took the opportunity to show her all.

It's so unfair that she hasn't had a chance to see him again!

Later, Huo Qiang made dinner and brought it up. This man's cooking is good. Ji Anxin had a good meal. She lay on the bed and felt that after this time, she would definitely gain a few Jin. Hodgson looked at the time. It's half past nine. It's time for him to take a bath.

Ji Anxin suddenly thought, where is this man going to sleep tonight? Will he sleep in the guest room? Or with her in the master bedroom?

"I'll take a bath." Hocheon said a word to her and went into the bathroom.

Ji Anxin listens to the sound of water in the bathroom. Her head is blank for a few seconds. Her mind is full of replays of the past pictures of this man's figure. When she was young, he had nothing to choose from.

Now, it seems that he is also very strong. This man has a very good self-discipline and is also very strict with body management.

Ji Anxin was thinking about it. Suddenly the door in the bathroom opened. She thought the man came out in his pajamas.

How to know that one hand of him can be a little dangerous to hold the butt end of the bath towel, so he came out.

Moreover, the water drops on the body have not been wiped. Under the light, the honey skin is amazing.

A picture was in her eyes.

Ji Anxin immediately blushed with shame and said with some chagrin, "can you get dressed?"

Huo qi'ang didn't even tie the bathrobe, but grabbed it with one hand and smiled back at her. "I forgot to take my pajamas."

"You did it on purpose." Ji Anxin sees through him.

Huo Qiang saw through, he suddenly so close to the bed, hook lips a smile, "yes, I am intentional, still satisfied with my body?"

Ji Anxin swallowed saliva, like a shy girl, dare not stare at his figure.

"Get dressed." Ji Anxin orders with his teeth clenched.

Huo Qiang went to get dressed and came out in a pajama. He wiped his wet hair and sat on the edge of the bed.

"You sleep here at night?" Ji Anxin asked.

Hodgson nodded, of course, "of course."

"No, you can sleep in the guest room." Ji Anxin is not ready to sleep with him.

Hodgson shook his head. "I'll sleep here."

"Then I'll sleep in the guest room." Ji Anxin insists.

Hodgson immediately reached out and pressed her. "What do you think I can do to you like this?"

Ji Anxin, "..."

Indeed, it seems that it can't be so, but Ji Anxin just can't look directly at the feeling of over affinity with him.

"Don't worry, I'm just a gentleman." Hodgson assured her.

Ji Anxin is now pressed by him. His whole body is surrounded by breath. The smell of masculinity on his body makes her breathe disorderly. There is even a sense.

"You let me go." Ji Anxin blinks his eyes and doesn't want to be found by him.

Huo qi'ang immediately released her hand for fear of hurting her.

Ji Anxin lies down, Huo Qiang also sits in bed, beside him still has several documents, he says to her, "you sleep first, I look at the documents for a while, wait for the hair to dry naturally, I will sleep."

Ji Anxin reached for her mobile phone and watched the news. She can't sleep now. Huo Qiang came to tuck in the quilt for her, bent down and burned a kiss on her forehead. This kind of kissing action seemed to form a kind of nature for him.

Ji Anxin is injured. Although she doesn't do anything every day, she is really tired. She turns around, squints her eyes, and closes her eyes.

There is a man around her, so she inexplicably produced a sense of security, sleepiness is also more intense.

Huo Qiang comes to tuck in the quilt corner for her from time to time, and stares at her sleeping face. His eyes also show five years of long lost peace.

Chapter 820

In the morning, Ji Anxin opens his eyes and sees a face close to his eyes.

Because she didn't move, so she didn't disturb the men around her.

Ji Anxin didn't want to wake him up. It seems that he worked late last night. Let him sleep more!

Ji Anxin blinked. In five years, she didn't look at him seriously. In fact, he was innocent and pitiful. Five years ago, the misunderstanding hurt each other.

As soon as she left, she did not want to look back, but what about him? Wait in place, she won't give him the chance to find her.

If it wasn't for her job transfer, I'm afraid she could hate him for life and never come back.

Ji Anxin thought of being transferred back to China last time, and she argued with George. Finally, George said that the domestic market development prospect is very good, so she must not miss the opportunity, under the strong persuasion of interests and George.

She was willing to return to China for development, but she never thought of meeting him again.

But God is so fond of teasing people. She chose her daughter's school, and finally, she was in the same school with her nephew. Therefore, this encounter turned into an unexpected encounter.

When she saw him, her heart was shaking. She was not as cold as on the surface. Her heart was flustered and her mind was surging, but her hatred made her not want to be near him again.

But at the moment, the misunderstanding was explained and her hatred disappeared. Instead, she felt pity for him.

Huo qi'ang slept heavily. His thick long eyelashes, because of the sun behind the curtain, cast a thick shadow under his eyelids. His facial features are well-defined and three-dimensional. The corner of his mouth seems to be slightly lifting at the moment, as if he is immersed in a dream.

Ji Anxin looked at him as if he were a narcissist, reluctant to move away from his face. She stared at him so quietly as if time had stopped.

At this time, the sleeping man's hand reached out and gently grasped her shoulder, while the place where the arm was crossed, as well as her chest, Ji anxiously twisted his brow, but did not open his hand.

Ji Anxin had a good sleep last night, except that he was a little bit numb by his feet several times in the middle of the night.

A dream is a dream, and there is him in the dream.

Huo Qiang's consciousness also arrived. He felt that he had a pair of eyes looking at him. When he opened them, he really touched a pair of clear and blurred eyes, which was reassuring.

Ji Anxin is thinking of Hu. Her eyes are focused on a pair of deep and quiet eyes. She's scared and wants to move away. She's a little flustered.

However, there was a man's good mood deep laugh in his ear, "how long have you been watching me?"

Ji Anxin immediately stopped looking. "I just woke up."

Huo Qiang won't break her anything. His heart is full of joy. His hand is still on her chest. He immediately takes back the greedy miso.

Ji Anxin immediately turned his head and stared at him, which was full of warning.

Huo Qiang is not afraid of death smile, "aftertaste."

"Don't do anything to me while I'm hurt." Ji Anxin warns.

Hodgson was immediately taught, "No."

"Today, I'm going to pick up my daughter and send my parents back safely. In addition, if you have too many people, send two bodyguards to protect them." Ji Anxin said to him.

At this point, Huo Qiang has already thought about it. He nodded and said, "don't worry, I'm arranging all these things. Besides, those people, what should be dealt with, are already being dealt with. There should be no danger."

Ji Anxin's eyes couldn't help looking at him and asked calmly, "what about your father?"

Huo Qiang didn't hide her, "it should be six months."

Ji Anxin originally wanted to reply, which was Huo Ming's right, but when the words came to her throat, she still swallowed them, and she kept silent.

Huo Qiang holds her hand lightly and says, "don't worry, my father should not stop us any more. He has already repented."

"No matter what we will do in the future, I don't want to see him very much." Ji Anxin still has her principles.

"Well, I respect your decision. If we get married later, what you want to do depends on you." Huo Qiang did not dare to ask for anything else. He knew that his father had hurt her badly.

Ji Anxin doesn't want to talk about this topic. She looks up and says, "go to pick up Xiaoxiao. I miss her very much."

"OK, I'll start right away, oh! I'm also going to ask the assistant to pick up some toys. " Huo Qiang thought that his family, without children's toys, would be very boring for Xiaoxiao to live here in the future.

"Don't buy it. You can spend more time with her in the future! Don't spoil her with toys. " Ji Anxin said.

Huo Qiang's eyes flashed a smile, "you can rest assured that I will treat Xiaoxiao as my own child, and I will do it all my life."

Ji Anxin's heart was shocked. It seems that she changed her daughter's birth month, and this man has no doubt."If I really have to have a one night stand with another man, will you still accept me and love me forever?" Ji Anxin asked him carefully.

In Huo Qiang's eyes, there was no pause of hesitation. Instead, he reached out and comforted her. "Peace of mind, you are you. In my eyes, as long as you are, I will love you all my life. I will never pursue the past."

Ji Anxin's heart crossed a stroke of self reproach, her eyes were slightly moist, she took a deep breath of airway, "there's something I should tell you."

Huo Qiang looked at her serious appearance. He could not help but also looked forward to it. He asked with a smile, "did you hide anything from me?"

Ji Anxin bit his lips, thought about it, and used the most straightforward sentence: "Xiaoxiao is your child, not the result of my one night stand."

Huo Qiang stayed for a few seconds as if he had drawn a soul. However, he was shocked by the news. His face was as ecstatic as a child. He took Ji'an's shoulder with a sudden excitement. "Really? Really? Xiaoxiao is my daughter and our child? Is that true? I'm not dreaming! "

Ji Anxin can't help being asked by his childish question, which makes her laugh and cry. Instead, she has some breathing passages. "Can't your eyes see it? Xiaoxiao is obviously like you. You have no idea. "

"Xiaoxiao looks like me? Is it? I Why didn't I find out? " With that, Huo Qiang stared as if recalling her daughter's appearance.

"It's more and more like that. I know I can't hide it from you sooner or later, so I have to tell you." Ji Anxin sighed, some unwilling to say, "it was like mine when I was a child."

Huo Qiang was in a good mood to explode. He immediately clenched his fist and whispered excitedly, "it's my child. Xiaoxiao is my daughter. How could I have found out earlier?"

Ji Anxin looked at his expression. She thought he should be so happy, but didn't he blame her?

"Don't you blame me for keeping it from you?" Ji Anxin asked.

Huo Qiang immediately shook his head. There was no blame in his eyes, but gratitude and heartache. He held her tightly in his arms. "You should have told me earlier, so that I can take care of her with you instead of letting you bear so much alone."

Ji Anxin's eyes are red, and her tears are coming down. Over the years, she has suffered too much. No one wants to be a strong woman, and she doesn't want to rely on herself for everything. When she has a generous embrace to rely on and can rest, she also wants to rest.

Huo qi'ang reaches out and gently wipes tears for her. Ji Anxin wipes the tears himself. She is not used to showing too much emotion now.

"Well, pick up your daughter! From now on, she can live with you. " Ji Anxin pushes him.

Huo Qiang lowered his head and kissed her hair gently. "OK, I'll pick up our daughter. I'll ask Li Rui to buy breakfast for you. I'll be back at noon."

"Good! Go! " Ji Anxin nods. Now, she also wants to see her daughter, because she missed her so much after such a long separation.

Besides, isn't the daughter always thinking about her father? Now her father will be with her all the time.

She will be very happy.
