

U. CEO Daddy 821

Chapter 821

Huo Qiang's motorcade set off soon. Li Rui brought Ji Anxin a nutritious breakfast. Ji Anxin sat on the sofa and looked at the previous photos. Before, she dared not touch the memories again. Now, like the tide, those happy, sweet and happy memories rushed up like the tide.

Behind every photo is their sweet past. Looking at the self in the photo, Ji Anxin really wants to go back to the past. She can have the world's pure her only by love.

However, now, she is still her, but she prefers her now.

Huo Qiang appeared in the base. Along the way, he was excited and could not wait to get to his daughter's side.

In a garden of the base, there is a pile of stones. At this moment, when he came in, he saw a small figure crouching in the pile of small stones. He was seriously stacking stones there, and he made a tender voice from time to time.

Huo Qiang's heart was so excited that he couldn't help himself. He wanted to go and hold the little guy at once. This was his flesh and blood, this was his child, which made him so proud.

Huo Qiang crouches down and is beside the little guy. He looks at the little guy's side face and finally wants to give himself a fist. The little guy looks very similar to him! He never recognized it.

"Why are you here, handsome uncle?" The little guy looked up and saw him and asked excitedly.

Handsome uncle? Huo Qiang couldn't help but smile bitterly. He reached out and held the little guy in his arms. "Xiaoxiao, I'm not your uncle."

The little guy blinked his big eyes and thought, "what should I call you?"

"You should call me dad." Hodgson answered her in a low and serious way.

The little guy grew up abroad. Her name for her father is daddy. She stared at Huo Qiang with big eyes and excitement. She was afraid and full of expectation.

"You're my daddy?"

"Yes, I'm your daddy." Huo Qiang nodded and answered her firmly.

The little guy immediately jumped up and looked at him with big black eyes. "Are you really my daddy?"

Hodgson nodded very positively. "Yes, I am."

"Yeah! I have a father. I have a father at last. " The little guy turns around happily.

Huo Qiang, afraid that she would fall, immediately hugged the little guy in his arms. He could not wait to kiss her face, like a treasure.

At this time, Ji's parents came over. They saw and heard it just now. Depending on the situation, his daughter told him about it!

"It seems that peace of mind has been figured out." Jifu sighed.

Ji's mother complained a lot about Huo's family, but when she saw her granddaughter in front of her father, she was so happy that she felt soft.

"Uncle and aunt, I'm here to pick you up. By the way, I'm here to pick Xiaoxiao up and go back to my comfort zone." Huo said, and was very grateful. "Thank you for taking care of Xiaoxiao so well. After so many years, I can't do my father's duty. I'm very sorry. In the future, I will do my best to take care of peace and children."

"I didn't intend to forgive your family at first, but if I choose to forgive you with peace of mind, I can't say it." Jimuqikou road.

"We just hope Xiaoxiao can get the best care and education in your family, and also hope you don't hurt your peace of mind any more." Jifu also made comments.

Huo Qiang's inner self reproach can't be described in words. He is really ashamed of his family and his children.

On the way home, the little guy followed Huo Qiang's car. At the time of separation, Ji's parents sent their bodyguards back to their hometown, and they wanted to have a rest for a while.

And Ji Xiaoxiao's little friend followed Huo Qiang back to the villa. The little guy missed his mother.

As soon as she got out of the car, she ran to the hall, shouting, "Mommy, Mommy..."

The little guy ran into the hall and saw Ji Anxin. However, she saw Ji Anxin's leg in plaster for the first time. She blinked for a few seconds immediately, "Mommy, you are injured."

Ji Anxin opened his arms with a smile, and the little guy ran into her arms. His big eyes were red. "Mommy, why are you hurt?"

"Mommy is OK! Mommy just accidentally fell and broke her leg. It will be OK soon. "

"Mommy, you should be careful when you walk. Don't fall down again." The little guy told me right away.

"Good! Mommy knows. She will have a good look at the road in the future. She will never fall down. "

At this time, Huo Qiang came in from the outside, holding the toy in his hand. The little guy immediately surprised Ji'an and said, "Mommy, he's daddy, he's my daddy!"

Ji Anxin looks at her daughter's proud expression, which is funny and sad in her heart.

"Yes, he is your daddy. From now on, he will protect you, take care of you, and you will live with him." "Well! I live with daddy and Mommy. We eat, play and sleep together! " The little guy is counting with his fleshy little finger.

Ji Anxin listens to her daughter's words, and her face is slightly hot. Listen, isn't this the daily life mode of the family of three?

"Good!" Huo qi'ang answered in a low voice. He sat down beside Ji Anxin with a smile, reached out his hand and took the mother and daughter into his arms. "Later, our family will love each other and stay together forever."

The little guy opens his little arm and tries to hold daddy and Mommy. He can't see his teeth with a smile. He's very happy.

"How can I fix lunch?" Ji Anxin asked a man behind him.

"I cook." Huo Qiang said initiatively.

"Good! I asked Li Rui to buy a lot of dishes and come back. Start making lunch! Xiaoxiao and I are hungry. " Ji Anxin also enjoys being taken care of by him.

Huo Qiang kissed her face with a smile, and the little guy immediately put the little face together. "I want to kiss too."

Huo Qiang leaned down and kissed her little face again. The little guy kissed him back. The little guy weighed his feet again and kissed Ji Anxin's face.

"Mommy, it's your turn." Said the little fellow with a smile.

Ji Anxin bent down and kissed the little guy on the face. She thought it was over.

However, the little guy stopped, "Mommy, you haven't kissed daddy yet!"

Huo Qiang is waiting for his daughter's words. He sends Ji Anxin's side face to Ji Anxin. Ji Anxin hasn't kissed him actively. In front of her daughter, she has to do the same. The red lips are sent to the man's side face and kissed him.

Huo Qiang immediately satisfied with the hook lip smile, "OK, wait, I'll make lunch for you."

Ji Anxin embraces his daughter and is satisfied.

The little guy leaned down and looked at her legs. "Mommy, do you hurt?"

"It's gone." Ji Anxin smiled and shook his head.

"Mommy, you need to get better soon."

"Well! Mommy is working hard. " Ji Anxin as like as two peas in her little head, and looked at her frown.

Huo Qiang made lunch, and the family of three sat down at the table. When there was a little guy, the atmosphere would not be stuffy, and laughter would continue.

In the afternoon, Huo had to go out for a meeting and come back in the evening.

Ji Anxin is accompanied by her daughter. The little guy becomes very sensible. He brings tea and water for her and takes care of the injured girl. Ji Anxin feels her daughter's filial piety and is very happy.

It's worth the injury.

In the evening, Huo Qiang came back late. At half past eight, Ji Anxin and the little guy's dinner were all delivered by Li Rui.

As soon as hocheon entered the door, the little guy waited for him, "Daddy..."

A sweet and tender little milk voice changed Huo qi'ang's heart. He took her in his arms and kissed her, "do you want Daddy?"

"Yes!"

Ji Anxin watched him come back and said to her, "take a bath for your daughter later!"

Huo CHIONG said with a smile, "OK!"

He can't wait to be a qualified father now, because he has been absent for too long, and he will double the compensation to his daughter in the future.

Just four years old, he put her in the bathtub. In the bubbly water, he was very cute.

Ji Anxin sits on the sofa and watches Huo Qiang come out with the little guy who has bathed in his arms. The two father and daughter are still having a good time. The little guy's face is full of self-confidence, as if she has another father, and her courage is greater.

The little guy is wearing a set of plush cartoon pajamas, jumping around on the bed, like a cute little rabbit, Huo's heart is filled with a sense of satisfaction and happiness.

He is satisfied with his lovely little daughter and his favorite woman.

Chapter 822

On the first night of sleeping with his daughter, how could Huo Qiang give up sleeping?

Now, in his big bed, Ji is sleeping peacefully, while he is sleeping, and there is a small figure sleeping in the middle. Ji Xiaoxiao's little head and mouth are slightly open, showing two small baby teeth like a rabbit. Under the dim yellow light, her small face, Wuguan, has a delicate appearance.

Ji Anxin also didn't sleep, because her daughter came back, she was still used to watching her daughter sleep first.

At this moment, in the quiet room, the men and women at both ends of the sleep did not chat, and their eyes were all looking at the little guy in the middle.

Huo Qiang's eyes twinkled with excitement, excitement and pride. He reached out and touched the little guy's face carefully.

Looking at her sweating forehead, she gently closed her forehead hair, revealing a small pink face, lovely and cute.

Ji Anxin can't help laughing at his careful appearance, but he is more stable in his heart. With this man accompanying her to raise her daughter, she will be very happy in the future.

Over the years, she has been able to give her daughter everything, but not a complete home. Now, this wish has come true.

"May I have a kiss?" Hodgson asked in a mute voice.

Ji Anxin nods gently.

Huo qi'ang was immediately allowed to bend down and give a kiss on the little guy's forehead. The little guy seemed to feel it. She immediately turned over and held Huo qi'ang's face in her tender palm. She felt it on it as if she was looking for her security.

Ji Anxin can't help but want to laugh. His daughter's habit of sleeping and touching her face has existed since childhood. At this moment, she can finally touch another person.

Huo qi'ang is nervous and excited. She motionless lets her daughter touch her face and looks at the lovely sleeping face of the little guy who smashes his mouth.

When the little guy fell asleep, his saliva flowed down his mouth. Huo Qiang immediately wiped it off for her and said to Ji'an, "saliva!"

"Put her straight and she won't sleep." Ji Anxin teaches.

Huo Qiang immediately moved gently and put the little guy right to sleep. The little guy slept heavily. Soon, he found a comfortable position and slept soundly.

But the little guy doesn't like to cover the quilt. When he is asleep, he kicks the quilt off his body with two calves, revealing his calves and stomach.

Huo Qiang immediately carefully tucked in the quilt and covered it for her, so as not to freeze her.

As long as she doesn't let the little one know, she won't kick away.

Ji Anxin was also a little tired. She was facing the man who was still holding her elbow and staring at her daughter. "It's time to sleep. It's late."

"You go to bed, I'll wait." Hodgson can't sleep.

Ji Anxin blinked and felt a sleepy attack. She closed her eyes and went to sleep.

Huo Qiang is guarding the mother and daughter, especially now facing his daughter. He just looks at her like this, and feels like he doesn't want to sleep all night.

Early morning.

In his sleepiness, Huo Qiang felt that a small soft meat ball suddenly fell into his arms. When he opened his eyes, he saw a small face smiling and Mimi approaching.

"Daddy Get out of bed! "

Looking at the little guy in a long hair, young and lovely, Huo Qiang immediately embraced her and kissed her little head, "Xiaoxiao wakes up."

Ji Anxin has combed and washed. She stands on her crutch and says to the noisy little guy on the bed, "stop it. Let your daddy sleep for a while. You go downstairs to play first."

"No, I'll sleep with Daddy." The little guy immediately got into daddy's bed and held him tightly.

Huo Qiang also happily hugs her daughter and kisses her little face. He is eager to make up for his absence.

Ji Anxin helplessly looks at their father and daughter, "get up! Li Rui will bring breakfast. "

Ji Anxin came to the small hall on the second floor to rest and wait for breakfast.

She heard the man's deep laughter coming from the master bedroom and the daughter's loud laughter. It was indeed the blood relationship between the two fathers and daughters that made them immediately close.

Ji Anxin's mouth also rises unconsciously. Now, she is still worried. Huo Ming knows the existence of his daughter. What will he think?

Would you not want your daughter?

However, now Huo Ming is not the time when power was at its peak five years ago. His downfall of Party members means that he is about to step off the stage next.

Huo Qiang is laughing with his daughter. His phone rings. He holds the little guy in his arms and hisses at her with a smile. "Daddy answers a phone call."

The little guy nodded. He was very cooperative and quiet.

Huo Qiang looks at the other end of the phone. His face is slightly taut. He picks up, "Hello, Dad."

"I'll go home at noon." From the voice of Huo Ming. Hodgson replied, "it depends."

"My result has come down. I have to go in for a year. I will go in tomorrow. Don't you come to see me off?" Huo Ming sighed bitterly.

"OK, I'll go back." Hocheon promised him.

"Well, wait till you come back!" Huo Ming has nothing to say at that end. He hung up first.

The little guy looked at him and put his cell phone aside. She immediately blinked curiously and asked, "Daddy, whose phone is it!"

"Yes Your grandfather's." Hodgson gently put his hand around her little face. "It's my father, your grandfather."

"Do I have a grandfather? Can I see him?" The little guy looks forward to asking, because in school, there are many grandfathers to pick up the children, so she is curious about what kind of person grandpa is.

Huo Qiang pondered a little. His father will go in after tomorrow. For a year, he said it's not long or short. Should he let him see his granddaughter?

However, Huo Qiang still needs Ji Anxin's approval for this matter. If Ji Anxin doesn't want to, he won't take Xiaoxiao home.

Li Rui has sent breakfast to us. The family of three is sitting for breakfast. Huo Qiang looks at Ji'an's expression carefully several times, but he still dare not mention it. He is afraid Ji'an will be disgusted.

"Mommy, have you seen my grandfather?" The little guy is eating snacks and looks up curiously.

Ji Anxin's eyes immediately glanced at the man opposite, questioning.

Huo Qiang quickly explained, "it was my father who called me in the morning. Xiaoxiao asked, and I told her."

Ji Anxin looked at his careful and cautious appearance, and she was helpless. She sighed, "do you want to take Xiaoxiao back to see your father?"

Huo Qiang immediately became nervous. "Be at ease. If you don't agree, I won't take Xiaoxiao back."

Ji Anxin lowers her head and drinks porridge. She looks up and asks, "when will your father go in?"

Hocheon had mentioned this to her before, and he replied in a low voice, "the result has come down. He has no time. He will have to go in tomorrow for a year's hard work."

Ji Anxin looks at his daughter's big eyes with curiosity. Anyway, her daughter has the blood of the Huo family. She is the offspring of the Huo family.

"Xiaoxiao, have you finished? Let's play with toys first!" Ji Anxin said to his daughter.

Ji Xiaoxiao immediately put down his spoon. "Mommy, can I go to see the cartoon for a while?"

"Yes!" Ji reassured himself.

After his daughter left the table, Ji Anxin looked at the man opposite and said her decision, "you can take Xiaoxiao back, but I won't go back to see your father. Besides, if your father doesn't like Xiaoxiao, I will never allow him to see my daughter again."

Huo Qiang's eyes twinkled with gratitude. He nodded and promised, "be relieved, thank you for letting Xiaoxiao go back with me. I promise you that Xiaoxiao will not be hurt."

Huo Qiang also knows that after his father's experience, he has also changed. Maybe he will like his daughter.

"I'll ask my assistant to come over at noon, and you can take good care of Xiaoxiao."

"Don't worry, I won't let our daughter suffer any injustice." Hodgson assured her.

Ji Anxin is not sure whether Huo Ming was the one five years ago, but she will never forgive what Huo Ming did.

Chapter 823

Around 10 o'clock, Huo Qiang takes Ji Xiaoxiao back to Huo's house. Ji Xiaoxiao also thinks of Ji Anxin. Ji Anxin happens to have a leg injury, so there is a reason not to accompany her.

Huo Zhai and Huo Ming are under pressure from all walks of life. He has grown old rapidly. His hair is half white. In his later years, he has to go in again. This is equivalent to erasing his achievements in life and leaving an indelible stain.

Recently, he also thought a lot of things and figured out a lot of things. His property, in addition to the house of Huo, has been sealed up. Now, he has nothing but a stigma.

But fortunately, he has a son worthy of praise. Now, Huo Ming also understands that he is right that his son is not on his way.

Huo Yuan also stayed at home and waited for Huo Qiang to come back. It was rare for her family to have a meal together. Her father wanted to go into the prison to transform. Although she was worried, she was helpless and could only accept such a fact.

She hoped that her father would come out one year later and live a good life again, enjoy his old life, and stop touching this circle.

In the garden, the happiest time for Huo Ming now is to play with his only grandson. At this moment, Xiaohui is playing football in the garden, and Huo Ming is playing with him at the other end.

Xiaohui heard the sound of the car, and immediately excited, "it's my uncle who is back."

Huo Ming also looked up and heard Huo Qiang's private car coming in, just parked in the next parking space.

"Uncle..." Xiaohui runs happily with the ball.

The bodyguard immediately got out of the car and reached out to open the back door of Huo Qi'ang. Huo Qi'ang's legs stepped down. However, in his arms, he still held a little girl in a lovely little skirt.

A long hair tied with two ponytails, showing a small face, round and lovely, pink carved jade, like a doll.

Huo Ming looks at the little girl his son is holding. He knows her very well. Isn't this Ji Anshan's child?

Xiaohui is also surprised to see the little girl in his uncle's arms. She is the daughter of the beautiful aunt in his school!

Huo Ming's heart is a little complicated. Now, he really has no ability to block his son's feelings, and even has no qualification.

It seems that in the end, the son and Ji will settle down together. Now, even her daughter is so intimate with her son.

Huo qi'ang holds Ji Xiaoxiao and goes to his father. "Dad."

Huo Ming's eyes fell on the little girl sitting on his elbow. "You are back. How can this child be with you?"

Hodgson smiled at his father and asked, "do you think we are like each other?"

Huo Ming can't help being surprised by his son's sudden question. He can't help looking at the little girl carefully. He grew up looking at his son. He knew how he looked from childhood.

At the moment, he just looked at the outline of the little girl's facial features, and his heart trembled a little. With the son's warning, the little girl and her son were really like a little bit when they were little.

Huo yuan came from the nearby garden. She saw the little girl in her brother's arms. She was also surprised and excited. How did the younger brother bring the little niece back?

"The child The child..." Huo Ming was so shocked that he didn't say it.

At this time, Huo yuan was unable to hide. She excitedly said for her father, "Dad, this child is your granddaughter. She is a child of peace and prayer."

Huo Qiang heard from Ji Anxin that her sister always knew the truth, but helped her hide it. Now, he doesn't blame her.

Huo Ming was shocked and even scared. Looking at this lovely little granddaughter, he was filled with a kind of conscience guilt, because when he wanted to deal with Ji Anxin, he considered whether to start from her daughter.

However, this child, the only granddaughter under his knee, Huo Ming suddenly had a hot eye socket and felt extremely ashamed.

"Are you my grandfather?" Ji Xiaoxiao's curious voice and childish voice show his desire for family affection.

"Yes, he is your grandfather." Huo Qiang kissed his daughter's face and told her.

Huo yuan also had tears in her eyes. Finally, she recognized her little niece. She was happy for her brother. The woman he had been waiting for so long came back to him. Huo Qiang looked at his father and asked the little guy in his arms, "do you want grandpa to hold it?"

Ji Xiaoxiao nodded, "yes." With that, he extended his hand to Huo Ming. Huo Ming choked in his throat. He reached for his granddaughter and held her in his arms. His conscience was strongly condemned. He was so tight that he dared not shake his hand for fear that he would hurt her.

Huo yuan came to Huo Qiang's side and patted him on the shoulder gently. "Didn't she come back with you?"

"I have hurt my feet and can't go anywhere for the time being." Said Hodgson in a low voice.

Huo Ming is listening. Ji Anxin's injury is also related to him. If he didn't raise those ruthless people, how could it happen?

At the moment, Huo Ming's inner five tastes are mixed, and his remorse and self reproach are useless. Ji Anxin, who was strongly blocked by him in those days, also gave birth to a blood line for her Huo family. "It's my fault, it's my fault." Huo Ming holds Ji Xiaoxiao in his arms, and suddenly tears burst into his eyes.

Ji Xiaoxiao looked at it and immediately stopped. Then, he wiped the corner of his eyes with his little hand very wisely. "Grandpa, why are you crying?"

Huo yuan immediately reached over, took Ji Xiaoxiao back, and said to her father, "Dad, it's all over, so don't blame yourself, as long as you don't object to praying and being at ease."

Huo Ming shook his head and waved his hand. "I pray that you will make up your mind! I have no face to face you. "

This meal was the last meal before Huo Qiang and his father went to prison. In the afternoon, he left Ji Xiaoxiao to play with his nephew Xiaohui, while Huoming watched. What was on his mind could be seen from the strong self reproach in his eyes.

In the evening, Huo qi'ang came to his father's side and calmly comforted him, "after you go in, take good care of yourself, don't think too much, wait until you come out, and then do the arrangement."

Huo Ming looked at his son and smiled bitterly. "If you were not the son, I would have no face to see the ancestors."

Huo Qiang also saw his father's regret. He didn't want to talk about the past. His eyes showed his family concern, "we must take good care of ourselves."

"Don't come to see me, don't affect your identity, I will take care of myself, you! Continue to do your vice president's job well. In the future, firmly move towards your own goal, and do not forget your original intention. "

Hodge listened to the sermon and nodded, "I will."

Huo qi'ang left with Ji Xiaoxiao in his arms. Huo Ming stood at the door of the hall and watched him for a long time. He didn't expect that he would have to wait another year if he could spend one day with his granddaughter.

He thought that he must make a good transformation and take responsibility for his past affairs. A year later, he will come out again, become a new man, and have the face to appear in front of his granddaughter again.

Ji Anxin sits in the bright light, waiting for his daughter and Huo Qiang. She also thinks a lot. Huo Ming is wrong, but she can't achieve herself without his strong opposition.

Bad past, as a kind of growth!

Ji Anxin hears the sound of the car and pulls her thoughts back. Looking at the window, she hears her daughter's voice, "Mommy Mommy

Ji Anxin smiles to welcome her daughter home. Behind her, Huo Qiang comes in gracefully in the light of dusk.

Ji Anxin's heart, or can't stop beating. The reason why this man hasn't left her heart is that his attraction to her is fatal and will never disappear.

Huo Qiang comes in and looks at her sitting on the sofa. He goes straight to her side, leans down and kisses her face. Ji anxiously looks up at him. "How are you today?"

"My father likes Xiaoxiao very much. He regrets that he can't spend more time with her."

Ji Anxin felt that this was also some retribution of Huo Ming. She only thought about it in her heart and didn't say it.

"Wait, I'll make dinner," he said with a smile

Ji Anxin can't help being sweet. Now her daily meals are all made by the vice president of this country. It's a great honor to think about it!

Chapter 824

In a flash, Ji Anxin's leg plaster is nearly 20 days old, and her recovery is good, and she can be removed.

Today, Huo Qiang sent his daughter to school, and he accompanied Ji Anxin to the hospital to remove the plaster. Ji Anxin was also released again, and watched the heavy plaster be removed and recovered easily.

She was really happy. Huo Qiang knew that she had suffered in this period of time and really wanted to make up for her.

However, Ji Anxin has to go to the company now that he has solved the first thing of gypsum. Because George has sent someone to take care of the company. Although the prospect of the company hasn't improved, George is still very firm and keeps the company for future war. In particular, he hopes Ji Anxin can lead the company back to the right track.

Ji Anxin should also come down, so she will still become the boss of the company in the future, and make her own career.

Ji Anxin put on a pair of very soft flat shoes after plastering, which made her usual goddess style of walking on high-heeled shoes very mismatched, and her height was also affected.

Coming out of the hospital, Ji Anxin's height of one meter and six eight meters, beside the man, was petite.

"Can you not go to the company? I'm not at ease with you. " Huo Qiang took her hand and pleaded.

Ji Anxin looks up to him and comforts him. "Don't worry, I'll just go over and have a look. I'll just sit and do business, not run around."

Huo Qiang really had no way to deal with her. He thought for a few seconds and said, "I will accompany you to the company."

Ji Anxin was immediately shocked, and quickly refused, "no, you can't go."

Huo Qiang can't help but hook his lips and smile. He has a charming face? Do you think my boyfriend can't do it? "

Ji Anxin's heart beat a little faster because of the face she gathered recently. She blinked and said, "no, on the contrary, you are so excellent that I can't match you."

Huo Qiang immediately stopped smiling and resumed his very serious expression, "don't think so, there is no one between us who can't match, only the match forever."

Ji Anxin also agreed to smile, "OK, you hurry back to the presidential palace! I went to the company. "

Huo Qiang takes her to the car. Her assistant Xiang Yue is driving. Xiang Yue can't hide her surprise and excitement. Unexpectedly, the gossip in the office has always been true!

It turns out that Mr. Ji's boyfriend is really Mr. vice president!

Xiang Yue drives his car carefully. Ji Anxin can't help saying, "Xiao Yue, don't talk nonsense when you arrive at the company."

"I know, Mr. Ji, I will never say anything, but I still want to say that Mr. vice president is so handsome." Said to the moon with a smile.

Ji Anxin can't deny this. Moreover, her heart is sweet, as if praising this man is praising her.

"Just so!" Ji Anxin said a word modestly.

Xiang Yue quickly retorted, "what's the average! Vice president that is called general, then don't have a man to still want to live? "

Ji Anxin can't help chuckling and looking out of the window. He doesn't retort, and acquiesces. OK! This man is good looking. Besides, he is not only good looking, good character, good cooking skills, but also able to bring children, speak love and warm the bed.

Ji Anxin's mind is complicated. These days, although he is sleeping with him, he has a daughter in the middle. With her legs and plaster, he dare not touch her when she sleeps.

Afraid of pressing her legs, and afraid of waking up to her daughter, so, two people on their own side of the sleep for more than half a month.

So, usually this man kisses her every day, or when he passes by her, he grabs her waist, kisses her hair, flirts and teases her, but the two people haven't reached the most intimate step yet.

For the moment, though, with a daughter, it's not something to think about.

Because the little guy now pesters Huo Qiang to the extent that he has pestered the border.

During this time, Huo Qiang was at home, doing housework, taking care of her children, and working every day, so he was full and busy.

Ji Anxin returns to the office, her legs can't walk too fast, so she walks slowly, but her pressure is still there.

As soon as she came in, the employees who were talking loudly shut their voices and looked at her nervously with a pair of eyes.

Ji Anxin couldn't help laughing. "As long as it's work, you can discuss it freely."

This smile, such as the general gentle spring breeze, makes the staff dumbfounded.

How does Ji always seem to have changed a person? Anyway, it's a good thing.

Ji Anxin sits in the office. The management manager sent by the headquarters comes to hand over some work matters to her. Ji Anxin takes over. She handles this until 3pm.

The plane in front of her rings, and she reaches for it. "Hello." "Peace of mind, it's me!" The voice of Shen Rui came.

"Shen Rui? Where are you?" Ji Anxin asked in surprise.

"I've been quite busy recently. I forgot to tell you that I'm now transferred back to the foreign headquarters. Maybe I'll work here in the next time." Shen Rui said with a smile.

Ji Anxin's inner bottom is filled with a sense of guilt. She is really sorry for Shen Rui.

"Peace of mind, don't feel guilty, see you find your happiness again, I am very happy for you, finally, I can find my other half."

Shen Rui said with a smile.

Ji Anxin chuckled and said to him, "OK, if you find it, let me know."

"Well, don't forget to invite me for your wedding."

Ji Anxin is stunned. She hasn't thought about this yet, but she still responds, "well, if there really is one day, please come here."

"I wish you all happiness." Shen Rui said with a smile, "I'll hang up first. I'm a little busy."

"Good! Next time we go back to China. " Ji Anxin replied softly.

"OK." Shen Rui answers and hangs up.

Ji Anxin takes a breath. She really hopes Shen Rui can meet his other half earlier.

When Ji Anxin works, it's four o'clock unconsciously, and her mobile phone rings.

She picked up a look, Huo qi'ang's phone, she was signing, pressed hands-free answer, "Hello!"

"I'm going to pick up Xiaoxiao. Would you like to join me?" From the voice of hocheon.

Ji Anxin chuckles, "OK! How long do you have to come to me? "

"About half an hour."

"Good! Just call me when you get downstairs. I'll come down. " Ji Anxin also wants to pick up her daughter, because she hasn't picked up her daughter for a long time.

Hodgson replied with a smile, "OK!"

Ji Anxin is busy. Time passes unconsciously. She picks up her mobile phone and looks at it. It's half past four. Before Huo's call comes, she goes downstairs and waits.

Ji Anxin stands at the door. Three black cars come here. The middle one stops in front of her. The bodyguard gets off and opens the door for her.

Ji'an sat in with a thank-you and looked at the man in formal clothes beside her. Her heart pounded two times.

She was suddenly curious. In these five years, did he really not meet the woman who was in love again? Because with his appearance, he can definitely attract the best women to take the initiative.

"What are you looking at?" Hodgson was a little curious by her eyes.

"I'm thinking, in five years, have you ever met a woman who makes you attractive?" Ji'an asked directly what he thought.

Huo qi'ang's eyes flashed and he was absolutely determined, "no, except for you."

Ji'an's heart is full of sweetness. She believes his words.

"What's good about me? Why do you keep thinking about me? You can look for a more perfect woman. " Ji Anshan can't help but relegate himself.

Huo Qiang held her hand nervously. "In my eyes, you are perfect. No one can replace you in my heart."

"No, there has been a woman to replace it." Ji Anxin immediately picked up his eyebrows and looked over.

Huo qi'ang was stunned. The tension in her eyes escalated again. What kind of vinegar did she eat?

"I'm sure there's no such woman." Hocheon almost swore.

Ji Anxin's eyes flickered with a joking smile, "think again."

Chapter 825

Huo Qiang is serious in this matter. How can she think that she is joking?

"Not really." Hodgson doesn't have to think about it. He's sure it won't happen.

Ji Anxin had to say the answer, "yes! Why not! Our daughter, isn't she? She has successfully replaced me in your heart. "

Huo qi'ang immediately breathed a sigh of relief. At the same time, she made her laugh, "you should eat Xiaoxiao's vinegar!"

Ji Anxin also laughed with a bright and charming smile, "not jealous, I just said, your heart, from now on, there are two most important people."

Hodgson nodded immediately. "Yes."

All the way to the school gate, Ji Anxin and Huo Qiang get off the bus, Ji Anxin said, "is Xiaohui picked up?"

"My sister's assistant will come to pick it up. Now my sister has moved out. I originally wanted Xiaohui to live with us, but my sister is also a person. If there is no child around, she will be very lonely." Huo Qiang is also worried about her sister's marriage.

"Well! Then have time to pick up Xiaohui to play at home! Xiaoxiao likes playing with him very much. "

"Good." Huo Qiang said, and led her hand into the room.

Along the way, some people also came to greet Huo Qiang. Looking at them, the female parents all envied Ji Anxin. Unexpectedly, she and Huo had such a fate.

In the classroom, Ji Xiaoxiao is playing with toys on the desk. When the teacher sees Ji Anxin coming, and vice president, she laughs and calls Ji Xiaoxiao's name, "Xiaoxiao, who do you see?"

Ji Xiaoxiao's eyes immediately looked over. As she excitedly mentioned her schoolbag, "Daddy, Mommy, you are here."

The teacher immediately looked at Huo Qiang in shock, and then asked, "Mr. vice president, are you Xiaoxiao's father?"

"Yes, I am." Hodgson smiled.

Now, the teacher was really surprised. Unexpectedly, Ji Xiaoxiao had a beautiful and excellent mother, her father, and even the vice president. No wonder they were similar!

Huo qi'ang reaches for her daughter and walks to her nephew's classroom. Xiaohui has been taken away, so they go back to the car.

The little guy sat in his father's arms and was very happy.

"Daddy, Mommy, can you pick me up every day?" Asked the little fellow, looking forward.

"Of course." Hocheon said with a smile.

Ji Anxin also promised, "OK, Mommy will try to find time to pick you up later."

Huo Qiang takes her daughter into the car, asks her to sit in the middle and fasten her seat belt. The little guy immediately leans on his arms and is not obedient.

Back in the villa, Ji Anxin's legs can't walk too often. Huo Qiang asked her to sit on the sofa and not run around, but he began to prepare dinner.

The family had dinner, and it was 9:30 p.m. unconsciously. In order to match their daughter's sleeping time, Ji Anxin and Huo Qiang were ready to go to bed.

Now, it's almost the cold December, approaching the new year's day. Although the air conditioner is turned on, it still feels cold.

Huo Qiang holds her daughter in his arms and warms her bed. The little guy soon sleeps in his arms.

She fell asleep, but the people who slept at both ends of the bed could not sleep, could not talk, and could only look at each other with eyes.

In such a dim light, a subtle and ambiguous atmosphere rose.

Ji Anxin's legs can also be rotated at will. When she looks at her daughter, the deep and dark eyes of the man opposite are so tightly locked on her.

Ji Anxin was confused by these eyes. She looked up at the past, and Huo Qiang's eyes showed his thoughts.

Ji Anxin deliberately turned her back. In fact, in her heart, she didn't really refuse, but, after all, five years, there was still a lot of strangeness between her and him.

Moreover, after she gave birth to a daughter, although her body recovered, the pain of giving birth to a child still made her remember deeply. Some people said that after a woman gave birth to a child, the feeling in that respect was cold.

She felt that she had never thought about it in the past five years because she was afraid of it.

The daughter is born naturally, she has completely ignored her own physiological needs. Of course, except this man can make her feel, other men, she has no idea at all.

At this time, the little guy can't help rolling, so he pushes Huo qi'ang to the corner of the bed. Even, he can't sleep at all.

He couldn't stop his daughter from pushing her body, so he gently lifted the quilt and left the warm quilt to her.

Ji Anxin heard him get up, she could not help but tighten her heart. She looked back and saw that her daughter was sleeping in the middle. Now she had rolled to the bedside. Moreover, she was tightly wrapped by the quilt, only showing her small head and sleeping heavily. Ji'an thought to himself that this man should have no place to sleep. He should go to the guest room!

She was thinking, saw the man come to her side, low toward her way, "sleep over some, let some position for me."

"Er! Didn't you go to the bedroom?" Ji Anxin asked in a low voice.

Hocheon could not help chuckling. "Who said I was going to sleep in the guest room?"

Ji Anxin swallowed his saliva and had to move to his daughter's direction to make room for him to sleep.

However, the little guy still occupies half of the whole bed, and the rest half is close to each other.

Ji Anxin's back is the man's strong chest, and her head, the man's breathing sound, is also very clear.

Ji Anxin can't help tensing her heart strings. On the waist, the man's hand came over and held her tightly.

"Don't mess about!" Ji Anxin whispers a warning that his daughter is by her side!

Huo Qiang could not help panting in her ear. "Rest assured, just hold you to sleep."

Ji Anxin is also at ease, because he can't mess around at this time. In case his daughter wakes up, the two will be over.

Fortunately, the little guy slept soundly and didn't wake up, and Ji Anshan's tight heart string gradually relaxed, and she felt sleepy.

Close your eyes and sleep in a man's arms. It's hard to pray for Huo.

Because he was going to lose sleep, holding this woman in his arms, he couldn't calm down at all.

Early morning.

Ji Anxin opens her eyes and sees the man around her wake up. She wants to send her daughter to school. She quickly takes a look at her mobile phone. It's only seven twenty. The little guy is still asleep.

Huo Qiang, who was already dressed up, came out of the cloakroom. He leaned down and kissed her in the ear. "You go to sleep, I'll take my daughter to school."

"The little one hasn't got up yet!" Ji Anxin looks at his daughter.

Huo Qiang then sat on the edge of the bed, lowered his head and kissed the little guy's face, "Xiaoxiao, it's time for us to get up."

Little guy has some gas of getting up. He immediately toots his little mouth, turns over again and continues to sleep.

Huo Qiang immediately came over, bent down and gently rubbed her small body. "Xiaoxiao, how about daddy send you to school? Shall we get up? "

Then he kissed her little face all the time.

Ji Anxin watched the man coax his daughter to get up so patiently. If it was her, she would wake up her daughter and then dress her and carry her away.

The little guy can't sleep because of his beard. She holds his face. "Daddy, let me sleep again!"

"There's not enough time. Daddy will brush your teeth and wash your face, and then we'll go out together."

The little guy thought, "I want daddy to dress me."

Huo Qiang smiled and picked up her small body from the bed, picked up the prepared clothes and put them on for her. The little guy said to Ji'an, "Mommy, you have bad legs, so you can rest at home!"

"OK, Mommy won't send you, but she will pick you up in the afternoon."

"Well!"

Hodgson took the little guy out of the house properly.

Ji Anxin's sleep is satisfied again. Later, Xiangyue's car arrives at the door. Ji Anxin goes out to the company.

After a while, Huo Qiang's phone came over and cared about her breakfast.

In the presidential palace, Huo Qiang came to xuanyuanchen's office and asked about his vacation.

Xuanyuanchen had promised him before. He gave Huo Qiang two months' holiday. After two months, he came back to work.

Huo Qiang also gladly accepts, because next, he wants to accompany his woman and daughter well.

Chapter 826

Ji Anxin's legs can walk normally. As long as you don't run or jump, do vigorous physical exercises or wear high-heeled shoes, you can walk normally.

Ji Anxin starts to clean up the company's mess. In the afternoon, she happens to have a meeting that can't leave. Huo Qiang asks her to work hard. Don't worry about her daughter's affairs, because he will fix it.

Ji Anxin's meeting lasted until 6:30 p.m., she drove home by herself, and when she stopped in the villa, she could smell the smell of food coming from the hall.

Ji Anxin pushes the door to get out of the car, steps into the hall of the villa, and sees the little guy sitting on a sponge pad, holding some beads, strung there, looking up and seeing her come in, she smiles and shows, "Mommy, I'm making a bracelet for you! A present for you. "

Ji Anxin immediately squatted down and held her small head, kissed her, "really? For me? "

"Well! Mommy, don't worry, I will make a very beautiful bracelet for you! "

"Good! Thank you baby. "

With that, Ji Anxin kissed her little head again and got up. He saw a man in an apron coming out with insulated gloves and a pot of soup. He smiled gently at her. "Come back, have a rest and have two dishes."

With that, Huo qi'ang walked into the kitchen, where he was busy, and Ji's heart was warm.

She went to the kitchen door and looked at the figure of the man in the kitchen who was seriously cutting vegetables. She was inexplicably impulsive. She walked over, reached around the waist of the man, and gently pasted her face on his back, feeling his temperature at ease. Huo Qiang's mouth curved with a smile. All the time, he was taking the initiative and she was avoiding. Now, her initiative means that everything he did in front of him is worthwhile and meaningful.

"Go and sit down. It'll be ready in a minute. There's lampblack here. You should smell less." Hocheon said to her in a low voice.

Ji Anxin around his waist, miso his back, "you smell, I smell."

Huo qi'ang smiled and turned his head. He didn't hold her, because his hands were all wet with water. He just kissed her on the forehead with his thin lips and said to her, "it's not too late to kiss until Xiaoxiao falls asleep at night."

Ji Anxin's pretty face was reddened, and she immediately gave him a coquettish look. "It's not so fast."

Huo Qiang was not upset either, he said with a low smile, "I have patience."

Ji Anxin had to go out with her daughter. The little guy carefully compared her wrists and made a very beautiful crystal bead bracelet for her. Ji Anxin finished it for her, so he really had to wear it on his hand.

"Mommy is so beautiful, so beautiful."

"Mommy, you have to wear it all the time!" Said the little one.

"Good! Mommy will wear it all the time, only when she takes a bath and sleeps, OK? "

For Ji Anshan, this string of little beads from his daughter is more meaningful than all expensive luxuries.

During the meal, Huo Qiang said about the holiday again, "it's going to be the new year soon. I can just stay at home and spend the winter holiday with Xiaoxiao."

Ji Anxin also felt that he should rest. She agreed, "OK! I may be busy with the company. Xiaoxiao will give it to you. "

Huo qi'ang chuckled. He was looking forward to the next time to accompany his daughter

Later, Ji Anxin is writing a plan. Huo Qiang plays with the little guy. When it's time to take a bath, he sends the little guy to take a shower and play in his pajamas on the bed.

Huo Qiang now takes over his father's and mother's work and performs the rhythm of his beloved wife and baby.

Ji Anxin instead appears to be able and full, sitting in the study, tapping on the computer, signing some documents, showing the demeanor of a strong woman.

Huo Qiang put the little guy to sleep. It was already half past ten. He took a bath, went into the study in his grey pajamas, took a glass of water and looked at the woman still reading the documents. He walked behind her silently.

Put it into the water, reach out and gently knead her shoulder. Ji Anxin's shoulder is indeed a little sour. She feels the proper kneading of the man. She can't help but close her eyes, lean back against the chair, and let him massage for a while.

Huo Qiang looks at the woman who looks up slightly and the red lips that she purses slightly. His mind is moving. He leans down and the thin lips cover her red lips.

Ji Anxin felt the shadow over her eyes. She opened her eyes, and the handsome face of the man had been pasted. She had no room for rejection, and her red lips were blocked by the man.

A kiss makes it difficult for both of them to hold on to themselves. However, Ji Anshan has a fear in his heart, so she pushes him away.

"No way! I'm not ready. " Ji Anxin pushes away the man who breathes heavily, and his breath is also chaotic.

Huo Qiang looked at her painfully, and even if he wanted to, he restrained.

"What's the matter with you?" Hocheon asked, worried.

Ji Anxin bit his red lips and said, "I haven't had such a thing since I was born Xiaoxiao... " Then she said with a wry smile, "you know, it's too painful to have a good delivery."Huo Qiang's eyes flashed a strong remorse. He immediately came up and hugged her. "I'm sorry, I let you suffer such a crime."

Ji Anxin shook his head and laughed, "I'd like to accept this crime, as long as my daughter is born healthy, but the shadow is too big, I can't walk past, give me some time."

Where hocheon would force her, he lowered his head and gently branded a kiss on her forehead, "OK, any time."

Ji Anxin also has some problems making him wait too long, but at least give her some time!

"Is the work finished? Take a bath! It's a little late. " Hocheon asked with concern.

"It will take a while before you go to accompany Xiaoxiao, lest she suddenly wake up and find us afraid."

Huo Qiang leaned down to kiss her again and said, "don't be too hard. I can't support you."

Ji Anxin hears this sentence, can't help chuckle.

"What are you laughing at?" Huo Qiang asked with a smile.

Ji Anxin could not help joking and said, "just after hearing the joke, many men said that I raise you, and finally found that, in addition to raising you, I will raise others."

Huo Qiang can't help but stare at her, and then stare at her seriously, "you know, I won't."

Ji Anxin was so serious that she couldn't even joke. She nodded at once, "I know. I'm just kidding!"

Huo CHIONG gently wrapped her nose. "I will be anxious if I don't say this kind of joke later."

Ji Anxin nods and agrees, "OK, no, who told you to love so much?"

"As long as it's about you, I'm serious." Huo Qiang is helpless, and he has no way.

Who called his heart, her position so important?

Ji Anxin takes a bath and goes to bed. The little guy occupies one side of the bed and sleeps peacefully there. Ji Anxin is afraid to sleep with him, because in this case, neither of them can sleep well.

Ji Anxin took the little guy to the middle and made room for him. Huo Qiang immediately looked at her helplessly. "I finally let her sleep."

"Let her sleep in the middle!" Ji Anxin won't let his scheme succeed, but the little guy doesn't know at all. His existence has seriously affected his parents' intimacy.

Ji Anxin looks at his daughter's expression of sleeping like a pig. His mother's love shows on her face. Huo Qiang looks at this scene and only thinks that life can have all this, which is a gift from heaven.

In the early morning, Ji Anxin was still sleeping. She felt two wet kisses falling on her face. She opened her eyes slightly, and saw her daughter's little face with a bright smile. Beside her, it was a man's beautiful face.

"Mommy, daddy sent me to school. You can sleep a little longer!" Said the little guy wisely.

Ji Anxin bent his lips and nodded with a smile, "OK, let's go! Be safe on the road. "

Ji felt comfortable that he could go back to sleep in the morning.

Huo Qiang sent his daughter to school, and he appeared in the supermarket. Because he was wearing casual clothes, plus a pair of black framed glasses and masks, it was totally inconceivable that he would be the vice president of the country.

Chapter 827

In other people's eyes, he is more like the temperament of a frontline actor. Although he wears a mask, he can be judged to be a handsome man just by his figure, back, and the outline of his face.

At the moment, Huo qi'ang is shopping for fresh dishes. Two girls are chasing him all the way around and watching him secretly. Because he is mysterious and charming, women can be fascinated by his back alone.

Huo Qiang, on the other hand, looks at the women around him admiringly. He either ignores them or looks back with his eyes, and politely smiles.

Huo Qiang comes out after buying the vegetables. He has a look at the time. It's about 10 o'clock. He ordered a bunch of flowers in the florist and sent them to Ji Anxin's office.

At this moment, Ji Anxin has already had an early meeting to return to the office. As soon as she came in, she saw a bunch of flowers on her desk. She was surprised.

Xiang Yue immediately smiled at her and said, "Mr. Ji, it's from the one who loves you the most."

Ji Anxin doesn't need to think about it, but also knows who it is. She closed the door with a smile and smelled the flowers on her desk. She was depressed because of her work in the morning. At the moment, looking at the flowers, she was in a beautiful mood immediately.

Huo qi'ang contacted her sister and asked her to have dinner at home in the evening. Huo yuan was thinking of coming to get together these days, so she agreed.

In the afternoon, Huo Qiang went to pick up her daughter and nephew, and Huo yuan came to work early.

Ji Anxin was still on her way back. Huo yuan came in and saw her brother, who had taken off a suit and put on an apron and was busy in the kitchen. She felt that the contrast was really big!

Sure enough, under the power of love, everything will change.

Huo yuan looked at her brother's skillful cooking skills. She smiled and said around her arm, "I'm so lucky to pray for you. I envy you all."

Huo Qiang didn't turn back and smiled and answered, "I'm blessed."

Huo yuan also agreed, "also, it can be said that you are all excellent, and you are very happy to form this family."

"Elder sister, then you should also think about it! I heard that a doctor in your hospital is interested in you. Do you think about it? "

Huo yuan shook her head and said, "I'm not interested in marriage, just live like this! By the nature of my job, no one is willing to accept a wife who has worked so long. "

Huo yuan is open, also look down.

Ji Anxin came back in a short time. Although she can't wear high-heeled shoes, her charming atmosphere is still very strong.

She is smart and smart in a suit.

"Sister, here you are." Ji Anxin said hello with a smile.

"Well! Not long ago, two little guys were playing in the room Huo Yuan said with a smile.

Ji Anxin walked in and looked at the busy man in the kitchen. She immediately came over and said, "can I help you?"

"No need to talk with my sister! I'll do it. " Hodgson turned his head and smiled.

Ji Anxin had to go back and chat with Huo yuan. They had a very hot topic.

Dinner is also very happy, with two children, the atmosphere is very lively.

After this dinner party, Ji Anxin's work has also improved, and the company's reputation has also rebounded. In addition, Ji Anxin's work has made progress in doing business with some old customers and in reaching cooperation with some new companies.

The new year is coming. It's the happiest year Ji Anxin has had in the past five years. He has brought his parents to his side and stayed with his children. Huo Qiang is also there. There's also news from Huo Ming. He's actively correcting his mistakes and doing very well.

Huo Qiang didn't care about his father's ultra vires, but he visited him regularly according to the schedule, and Huo Ming was willing to be punished.

On the second day of the new year, Ji Anxin sent her daughter to her parents' home, and she and Huo Qiang had time for two worlds.

"Let's go to the cinema tonight! I made a reservation. " Ji Anxin asked the man around him.

"Good! What movie? "

"A fabulous movie with a great reputation." Ji Anxin said with a smile.

The happiest thing for Huo Qiang is to accompany her out for a walk. He nodded and said, "OK, what time?"

"It starts at 7 p.m. and we have dinner nearby. I'm just worried about your identity." Ji Anxin felt that his identity always made her nervous. She was worried when she went out.

Huo Qiang consoled, "don't worry. If I dress up, no one will recognize me."

"All right! Then I'll wait for you. " Ji Anxin is waiting for him downstairs. At this moment, it's the second day of the new year. In a blink of an eye, a year has passed.

Not far away, before dawn, I have seen the bright lights. This is a very lively new year.

When Huo Qiang went downstairs, Ji was relieved to say that this man, whether in formal dress, family dress or such casual dress, was damned charming.

Huo Qiang looks at her and stares at himself without blinking. He is nervous. "Isn't it nice?"

"How is it possible? I bought this sweater for you. I have my own eyes. Can I say it's not beautiful?" Ji Anxin finished, and went to straighten the scarf for him. Huo Qiang couldn't help laughing. "Are you praising the clothes or me?"

"It's good-looking clothes, but it's also good-looking people who can wear good taste, isn't it?" Ji Anxin boasts to him,

Huo Qiang is in a good mood after listening. He reaches out and holds her hand, "you can go out."

In a large movie theater this evening, the movie is already full. Fortunately, Ji Anxin booked tickets early and booked a very central position.

Ji Anxin has not had such a leisure time for a long time. Holding the man's arm and carrying a cup of coffee, he enters the arena.

In the large parking lot at the gate of the cinema, a gray sports car is parked in a position, and there are a group of fans who are on their way. Only a few little girls are excitedly saying, "hurry up, I want to get in quickly. I can't be any mirror head of my noble."

In the sports car, the girl who is getting off is wearing a hat, a mask, a small face, a pair of clear and charming eyes, and a pair of aged black eyes.

She smiled at the group of fans. At this time, an arm came to her side and said with a low smile, "what are you thinking?"

"I'm thinking, do I really have to be so likeable?" Asked the girl with her head askew.

The man smiled and held her. "Don't worry about it, people who like you, naturally like you."

This loving couple is Xing YINUO and Wen LIANGYAO, who haven't seen each other recently.

They also came to see the movie. Xing YINUO wanted to come over and feel the effect in the movie theater. Wen LIANGYAO set a place for her and two people rushed to the scene.

This is Xing YINUO's favorite script, while Wen LIANGYAO's script has created a mythical spectacle, which makes the movie, before its birth, crazy for fans.

Now, on the second day of its release, it has become the top box office, and the number of shows is full, which is popular all over the country.

Xing YINUO's fame was once again exploded.

At the entrance of the movie hall, Wen LIANGYAO asked for a coke and a popcorn. Xing YINUO was looking forward to it. From time to time, she heard the fans rushing by talking excitedly. In the hearts of the fans, she was called a kind name, Nobao.

Because Xing YINUO's appearance, though not as beautiful as words, is lovely and likeable like a neighbor's baby on many occasions.

Xing YINUO also likes the name. When she admits that others call her that, her fans really need to call her that.

Wen LIANGYAO's slender body is outstanding in the crowd, exuding a kind of temperament like jade. Xing YINUO is bending his eyes, smiling, all his figures.

Xing YINUO takes the popcorn, and Wen LIANGYAO takes her hand. "Follow me, there is some black in it."

"Well!" Xing YINUO just wants to wait for the light to turn off before going in, because she is afraid that she will be recognized, which will affect fans to watch movies.

At the moment, Ji ANXIN and Huo QIANG are already sitting in the middle of the movie. Ji ANXIN pulls up the middle cup bar after the light is turned off. Her waist, the man naturally takes her to her arms.

Ji Anxin is also gentle like water, enjoying the love of this moment.

In the back row of corners, there are two separate positions. It's not crowded. Xing YINUO sits beside Wen Liangyao and begins to enjoy her movies.

Chapter 828

The shocking IMAX perspective creates the best picture level, which makes people feel as if they are in it and experience the ultimate sensory enjoyment.

In the whole movie hall, the way of Xing YINUO's appearance was to hold her breath, which attracted the female fans to scream and shout "beautiful and immortal".

In the picture, Xing YINUO flies by from a pink peach blossom cluster. The camera zooms in. She has a delicate and charming face with her own spirit.

Sitting in the seat, Xing YINUO can't help chuckling. She can make such a wonderful picture. Even if she hangs Weiya several times, she is willing to!

At this moment, the sound of nature has also conquered the audience's ears. The song like the spirit brings people into the fairyland like a fairy.

Xing YINUO is surprised to hear Wen Liangyao, "I'll tell you! My junior sister's singing is wonderful."
"

Wen Liangyao nodded, "well, it's very suitable for this play."

In the picture, the voice is shocked, and the plot moves to pull people's hearts, sometimes relaxed, sometimes thrilling. The whole plot tightly grasps the hearts of the spectators, making them follow the ups and downs of the plot, while enjoying a kind of exciting sensory vision.

In the middle, Ji Anxin has been attached to Huo Qiang's ear from time to time, praising the play. Even Huo Qiang is fascinated by it. He marvels at the elaborate production of the play's script, which is absolutely a rare conscience play.

Towards the end, Wen Liangyao and Xing YINUO left in advance. When Xing YINUO came out, she forgot to put on her mask because she had eaten popcorn. When she came out, she happened to meet the audience in another scene. Several young girls had sharp eyes.

"Noble It's noble. "

This sentence surprised Xing YINUO, who was standing at the door of the elevator. Wen Liangyao also took care of her for the first time.

At this time, the elevator came, Xing YINUO looked back and waved to the excited fans into the elevator.

However, the fans standing next to her were so excited that they didn't expect to meet her in the cinema.

Even Xing YINUO, who lives in real life, is too perfect to find faults.

In the elevator, Xing YINUO put on her mask. She sighed and looked up at Wen Liangyao. "I think I want to try this kind of play again. I love watching it myself."

"Two years later, didn't you say you wanted to take a break?" Wen Liangyao gazed at her tenderly, but actually worried that she was too hard.

Xing YINUO didn't even use a double for this play. He did a lot of hard work and action. Sometimes, diaowia's skin was red. She didn't say a word, but he was extremely distressed.

Xing YINUO blinked, "OK! Take a break. "

Wen Liangyao smiled and took a look around her nose. "It's more and more like a workaholic."

Xing YINUO wrinkled her nose lovingly, then thought of something. She took out her mobile phone and dialed a number.

"Hello! A promise. " There was a sweet female voice from that end.

Xing YINUO called her with a smile, "younger martial sister, I just came out of the movie. Your singing is wonderful."

"I'm still worried. When you invited me, I was afraid I couldn't cope."

"Don't worry, it's great. When you don't know your song is on, I hear a fan call your name." Xing YINUO comforted.

"Well, I don't have time today. I'll book a ticket to the cinema tomorrow." The female voice at that end laughed and looked forward to it.

"Well! Come out for tea some other day, but you should be busy preparing for the Spring Concert! "

"Well! In preparation, rehearsal may be necessary recently. "

"I wish your concert a success. I will go to the concert then!" Xing YINUO said that the cold wind made her shiver, and her body was wrapped in a man's thick coat.

"Well, be sure to come then." The girl at that end finished laughing.

Xing YINUO said, "I got in the car and hung up."

Finish saying, sit in the car, she can't help rubbing her hands, her hands and feet will automatically turn cold in winter, so, in winter, she'd better stay at home, don't go anywhere.

Sitting in the car, Wen Liangyao starts the car and turns on the heating. At the same time, his big palm reaches out, "give me your hand."

Xing YINUO hands him two hands. It's two degrees below zero outside the window. Just now she's on the phone again. Her hands are frozen red.

The man holds her two cold hands and covers them in his warm coat. Xing YINUO bends his lips and smiles like stars in his eyes.

Wen Liangyao looks at the small face close to her eyes. She bends down and kisses her red lips.

"Are you warming my hand, or are you taking advantage of me?" Xing YINUO asked with a smile.

"For a little reward." Wen Liangyao said, and kissed her red lips again, "YINUO, do you want a baby?"

Xing YINUO was coaxed to be happy, "Well! Yes. "

"When do you think?" Wen Liangyao asked in a hoarse voice. Xing YINUO blinked his eyes. "Or start planning tonight?"

Wen Liangyao breathed a little and kissed her red lips twice, "OK, listen to you, don't repent."

Xing YINUO knows that he has always wanted a baby, but she has no time plan for acting recently. Now, her most satisfactory play has been successfully released.

It's time for her to carry out the plan. Next, she brings him a surprise.

"Well, no regrets." Xing YINUO promised him, "tonight."

Wen Liangyao's eyes flickered with excitement and gratitude, and he drove steadily towards his villa.

At this moment, when the movie is over, all the fans out of the movie still have a sense of meaning on their faces. They all want to brush the play again.

Ji Anxin, holding Huo qi'ang, walked towards their car. Tonight was a very happy night for them.

Ji Anxin took a look at the time. At 9:30 p.m., she said to Hodgson, "how about going for a ride?"

Hodgson leaned down, her sexy voice in her ear. "I'm your man tonight. I'll do whatever you want me to do."

Ji Anxin's pretty face is a little hot. She says with coquetry, "who wants you to be my man?"

"Then you can be my man." Hodgson replied with a smile.

Ji Anxin opened the front passenger's door, but his eyes were full of sweet smile.

In the car, they plan to take a ride in the downtown street and then go back. Tonight, the little guy is not around. All the time belongs to them.

Ji Anxin is sitting on the front passenger's seat lazily. Tonight, she is wearing a bright and sexy make-up and a luxurious and charming cashmere woolen coat. She is definitely the most amorous woman in men's eyes.

It's hard for hocheon to look away from her tonight.

The light of the street lamp outside the window hit her. Huo Qiang looked at her several times. Ji Anshan looked lazy and his eyes were naturally satisfied, which made him really want to Hold her tight.

Finally, his car drove to a riverside, and there are many cars here tonight. From here, you can see the fireworks show on the sea, and Huo's car stopped in a very good field of vision.

Ji Anxin was fascinated by the brilliant fireworks in the distance. However, when she found out, the deep and hot eyes of the men around her had been falling on her.

She looked up into his eyes and read the man's desire directly.

Ji Anxin's whole body is hit by electric current. The man leans over his upper body from the driver's seat. Ji Anxin immediately knows what he wants to do.

She can't help being funny, but at the same time, she put her arms around his neck and kissed him with four lips.

She let him wait too long, and she also, after getting along with this man day and night, she found that she had returned to her original love for him.

Therefore, she is willing to give everything for him and overcome all fears for her. A kiss, let two people seem to be on fire general, Huo Qiang put her forehead way, "we go home now."

"Good!" Ji Anxin agrees.

A black car went straight to Huo's villa. Ji Anxin suddenly felt that it was close to her home.

"Go to my house." Ji Anxin put it forward boldly.

Huo Qiang's eyes are dark and deep, as if a trapped animal has been released suddenly.

"Good!" Of course, Hodgson has no problem.

Chapter 829

Ji Anxin's apartment door was opened. Before he could turn on the light, the man kissed her tightly in the dark, and the hot breath rose in the dark room.

Early morning.

In the warm quilt, Ji sleeps peacefully in the man's arms. There are a few mottled kissing marks on his neck. His face is covered with black hair, but with a sense of satisfaction.

Huo qi'ang opened his eyes, and the gratitude in his eyes made him regain the treasure. He tightly held the woman in his arms, and his cheek was lightly pressed on her forehead.

Ji Anxin miso, although she did not wake up, but the corner of her mouth, has raised the color of happiness.

"Peace of mind, let's get married!" Hodgson proposed in a low voice.

Ji Anxin lifted his eyelashes and looked at him with a smile, "OK! when? I'm looking for my parents' Hukou book! "

He smiled and kissed her on the forehead. "Wait a minute, wait until I'm ready to propose the diamond ring."

He was just too eager to enter into marriage with her. Now, he feels too shabby. He is not prepared for anything.

Ji reassured by shaking his head, "no, just buy the wedding ring! I can't afford to wait. "

Huo Qiang and her forehead, low way, "OK, I'm ready to wedding ring."

Ji Anxin was so relieved to embrace him. Last night, she was very happy. Once again, the happiness came to her tightly.

She knew that she would never regret spending her life with this man.

"Wait, let's do it later! Get the license first, no wedding! " Ji Anxin said.

Hocheon immediately knew what she meant, because his father was still in prison, so he missed an elder.

Huo qi'ang's heart was deeply moved. He held her tightly in his arms and said, "peace of mind, wronged you."

Ji Anxin's eyes were slightly wet. She was wronged. But this time, she felt it was not important. What's important is that everything went back to the original place.

Huo Qiang went to visit his father on the third day. Huo Ming heard the news of their marriage. He was silent for a long time. He sighed, "OK, you decide! I have no opinion. "

"Dad, I think about it with ease. Let's wait for you to come out and do it!"

Huo Ming's face shook for a few seconds. "You want to wait for me to come out?"

Huo Qiang nodded. "It's a reassuring decision. Let's get the card first and wait for you to come out and have a wedding."

For a while, Huo Ming couldn't speak. He just nodded, "OK, I will do my best to come out as soon as possible and attend your wedding."

Years later, Ji Anxin's company is getting better and better. He and Huo Qiang choose a nice day to get married.

Huo Qiang is the vice president, but he and Ji Anxin don't do too much queuing. They line up like other people. When someone recognizes him, they immediately have employees coming to prepare for their specially arranged passageway.

However, Huo Qiang refused. He and Ji Anxin took a waiting ticket and followed the normal process.

After getting the marriage certificate, Ji Anxin still had a dream like feeling. She took two red copies and looked at them carefully in the sun. It was good that they got married.

Huo Qiang's holiday is coming to an end. Xuanyuanchen contacted him in advance. Now the state affairs are tense, and he is required to return immediately as the vice president to help him deal with state affairs.

Ji Xiaoxiao, a child, lives in a complete family. He has a father, a mother and no longer has to envy other children.

They have formed a warm small home. In this small home, two people work hard to operate and maintain together, making this home full of warmth and love.

Ji Anxin's marriage, except for Xiang Yue, the other employees didn't know that their vice president was already the vice president's wife.

Ji Anxin is still low-key. Huo Qiang doesn't allow her to work too hard for the company. If she can make money, she will make money. If she can't, he will support her family.

Of course, Ji Anshan is not bad. She managed the company back to its former glory. However, every month Huo Qiang's card is on her. She is the mistress of the family who holds the power of property.

Of course, this is not Ji Anxin's strong actions, but the men around her take the initiative to give her everything.

Ji Anxin took over, but she would never let her husband lose face outside, so when she gave him the card, there was always a fixed amount.

Ji Xiaoxiao is five years old, and starts to shift to the big class. Ji reassures her daughter to go to school. When she comes out, she takes a look at the parking lot. Her mouth bends with a smile.

This place will certainly become a memorable place in her memory. Those hurried mornings when she sent her daughter to school, Huo Qiang's car stopped here, waiting for her every day. Now think about it, it's very sweet.

She now thinks, he is also quite pitiful, however, in the next time, she will not let this man be wronged again, she will love him with her whole life.

It's spring time. On the Internet, Xing Yinuo's film has won a great praise and achieved great achievements. She has won the award for the third best actress in her life. For a girl who is only 24 years old, it's really a glorious time in her life. Tonight, the stars are shining brightly. Xing Yinuo is standing on the stage with the cup. She has been very calm. She is not as excited and nervous as before. She knows that she has paid her sweat and efforts to get the award.

However, tonight, she didn't want to have this honor alone. She opened her mouth to the microphone and said, "I want to invite a good friend to come to the stage and accept this honor with me. Although she didn't participate in the film shooting, she added luster to the play with her beautiful singing. She is very talented and a young star in our singer industry."

In the third row of the stage, a girl in a Khaki Skirt immediately reached out to cover her red lips. She couldn't believe it. She just came to the award party. How could she have thought of being praised by Xing Yinuo?

"When the play was nearly half made, we didn't find a suitable soundtrack until we met her. My younger martial sister Zhuang Nuan was willing to try to dub. Unexpectedly, she used fairy voice and natural voice to make my film shine." Xing Yinuo continued to speak emotionally on the stage,

at the same time, reached out his hand to the embarrassed girl under the stage, "warm, please come on stage!"

Zhuang warm immediately stood up shamefully, a show white face was flushed, she walked to the stage, Xing Yinuo immediately hugged her, and faced the audience again, Xing Yinuo smiled and led Zhuang warm hand, and continued, "warm is my younger martial sister, but I chose to be an actor, and she chose music, believing that her fame is very important in the music industry Loud, she and her team, love band, are very good. "

"Thank you for letting me stand on this stage. I'm very honored and nervous. I will continue to work hard and cheer for the music industry. Please support our love Orchestra more, thank you, elder sister." Zhuang warm finish saying, Xing Yi Nuo also ended her prize, toward the audience, "thank you."

There was warm applause under the stage. Xing Yinuo and Zhuang wennuan sat back in their seats. Zhuang wennuan couldn't help coming to Xing Yinuo's ear and said, "sister Yinuo, you've left me unprepared and embarrassed."

Xing Yinuo whispered, "it's a rare opportunity to make a name for you."

Zhuang warm warm heart is grateful, as a member of the love Orchestra, she just did not forget to speak for her team.

However, the soundtrack for Xing Yinuo's film this time is the music and lyrics she wrote by herself. However, outside, any glory of Zhuang Nuan will be closely connected with her team.

She represents the team of four behind her, a famous group of four.

Zhuang wennuan's mobile phone suddenly rang a text message. She reached out and picked it up. It was a group chat. At this moment, a sentence came out, "don't be hypocritical, you can directly represent yourself, can't you? If we have to pull our team out, our team will not dare to accept such honor. "

Zhuang Nuan sighs a little. It's one of her members. Her original voice was released in Xing Yinuo's film this time, and the fire broke out. It really made other members unhappy.

When Xing Yinuo came to her, she just wanted to help her with the music. She didn't think too much about it, but she was not satisfied with other members.

Chapter 830

At noon, in a high-end private restaurant, sat a pair of handsome men and beautiful women.

Ji Anxin is a sexy and elegant white shirt that shows her figure very well. She is wearing a small black dress with buttocks and a thin Khaki windbreaker outside. She is the spokesman of fashion.

The man sitting opposite him, his hands folded under his chin, looked at the woman in the opposite direction fascinated to take off her Khaki coat, and because the air conditioning here is slightly higher, she lifted her long hair to one side, all her actions.

All make her opposite man, suffer some kind to call suffering, he only feels dry mouth, body tight.

Ji Anxin also felt that these eyes had been looking at herself. She could not help lifting her long eyelashes and passing her slightly blurred eyes, "what are you looking at?"

"Look at my wife." Huo Qiang said with a silly smile.

Ji Anxin's temperament also has something to do with her present position. She has shown the grace of a successful woman in her every move.

Ji Anxin can be appreciated by him, and her heart is also very sweet. She doesn't need other men's eyes, but she wants his eyes.

At this time, Ji Anxin's mobile phone rang, she took a look and smiled, "Mr. Yang, hello."

Ji Anxin whispered to the man opposite, "take a call." With that, she stood up and picked up in front of the French window.

"Well, I'll be on time. It's a rare opportunity. I won't miss it."

"Thank you so much, Mr. Yang."

"Yes, I'm very honored. OK, see you tonight. Goodbye." Ji Anxin answers the phone, she is ready to return to the position, waist, there is a bully arm hoop came over, her waist tightly embrace.

"Whose phone?" A strong vinegar smell came from the voice.

Ji Anxin couldn't help laughing. "Customer, there's a private business dinner tonight. I'm invited to attend it. I happen to have several customers here."

"So, you decided to take part?" Hocheon said, kissing her slender neck with thin lips.

Ji Anxin immediately giggled and turned to stop him. "Mr. vice president, would you please have some self-respect?"

"If I kiss my wife, will anyone have a problem?" Huo qi'ang's kiss falls in her hair again. At the moment, he is like a tiger full of vinegar. He can't stop thinking that he wants to possess everything.

Ji Anxin could not help coaxing out, "it's really just a greeting from the past. Don't be jealous."

Huo Qiang is really jealous, especially when she listens to the phone calls of different men and talks with them. Although her tone is very normal, he just pours a mouthful of jealousy.

That's why he loves this woman so much. Who calls her so damn charming?

Ji Anxin can feel his inner thoughts. Ji Anxin is just a kind of on-the-spot exchange in the shopping mall. If it's interesting to any man, it's absolutely not. Otherwise, in the past five years, she has met many men, and no one can make her move.

Moreover, she is very clear that she will never fall in love with anyone except the man around her.

"What if I'm jealous?" Huo Qiang is like a wronged child, holding a pair of sad eyes to lock her.

Ji Anxin chuckled, but after laughing, she found that she had to take it seriously, otherwise the man's heart would be even worse!

"I promise, it's just for work. I swear, I won't look at any man except you." Ji Anxin holds up his palm to guarantee.

In Huo Qiang's eyes, the bitterness is still there, as if it is not enough to comfort his injured heart.

Ji Anxin blinked, put his arms around his neck, fixed his toes, and kissed on his side face, "how about this?"

Huo Qiang suddenly pressed her on the French window, and a warm kiss came down. After the kiss, he was a little satisfied. "That's enough."

Ji Anxin is speechless. This man clearly wants to kiss her. What are so many excuses? She didn't want him to kiss.

"What are you going to wear tonight?" Asked hocheon as he sat down.

"It's an exchange reception. Maybe I have to change my dress. It's not polite to wear casual clothes." Ji'an thought to say.

Huo Qiang's eyes twinkled and looked forward to what kind of beauty she would look like wearing a gift?

When Ji Anxin saw what he was thinking, she immediately promised, "don't worry, I will only choose conservative evening dresses."

Huo Qiang looks at her lovely appearance. In fact, he is relieved. Ji Anxin's appearance at the moment is very beautiful and confident for him.

Love a person, should not break her feathers, block her way forward, but let her fly, fly high, one day fell, he caught behind, escort her, let her become the person she wants to be.

After a meal, Ji Anxin went back to the company, while Huo Qiang went back to the presidential palace.

Just after sitting down, Huo Qiang said to Li Rui, "look up a client named Yang who is a reassuring client. He is going to hold a private business banquet tonight. I need to know the address." As soon as Li Rui heard this, he guessed what he was going to do. "Sir, you are not going to go there!"

Huo Qiang's mouth is slightly raised. He won't be in the whole scene. He just went up to show his face and pick up his wife when Ji anxiously wanted to leave.

Huo Qiang calls her sister, and Huo Yuan is going to pick up Xiaohui this afternoon. He asks her to take Xiaoxiao back together and have dinner at her house. It's really fun to have two little guys together.

Tonight, Huo Qiang must come out. No matter what men dare to make a decision on Ji Anshan tonight, he will not let them have a chance.

In Ji Anxin's company, Ji Anxin comes out with Xiang Yue to choose the evening dress for tonight.

Ji Anxin receives a call from Huo Qiang. Xiaoxiao will go to Huoyuan's house for dinner. She is also at ease. Anyway, she will go back later tonight. When she comes home, she can pick up her daughter.

Ji Anxin tried an evening dress. For her, as long as she is conservative, of course, her figure is also very suitable for evening dress. She has a bright and charming temperament.

"Wow! Mr. Ji, you are so beautiful and temperament! So envious. " Make a face to the moon.

Ji Anxin smiles and shakes her head. She is also very satisfied with her own growth. Of course, she will suffer when she is dignified.

After Ji Anxin bought the dress, he and Xiang Yue went to the nearby afternoon tea restaurant and sat down. Xiang Yue brought out her new plan in a quiet coffee shop.

Ji Anxin has a laptop in front of her. She is lazy and casual. She secretly reads romance novels to the side of the moon. Anyway, at this time, she doesn't know how to spend her time.

After reading many love stories, Xiang Yue can't help but hold her chin and feel her face. Ji Anxin is the heroine prototype in the novel! And vice president must be the hero!

Looked to the moon saliva all flowed down, hurriedly wiped, thought in the heart, when can also meet her prince charming.

After reading the novel for a while, she went to see the gossip to the moon. Recently, she was paying attention to the news about the members of a rising women's League. She watched the four beautiful, sexy, pure and young women's League members. As an ordinary and curtilage girl, she was really envied.

Among the four women's groups, they all look very beautiful, but they are very different, because each of them has their own personality, singing and dancing, which is very good.

"Xiaoyue!" Ji Anxin called her.

Xiang Yue immediately turned off his mobile phone and looked up. "General manager Ji, what's the matter?"

Ji smiled at ease. "Go and get me a rose tea."

"Oh! All right, now. " Xiang Yue immediately gets up and worries about Ji Anxin blaming her for checking her cell phone during working hours!

In order not to disturb Ji Anxin's work, Xiang Yue takes the initiative to go to the front desk and order. At this time, she sees a guest coming in at the door next to her. She turns her head and looks at it. She can't help gaping, my God! It's a member of the love women's group. There are three of them. I can't see Zhuang Nuan.

Xiang Yue doesn't believe that she can meet her idol here, but Ji Anxin invites her to this coffee shop, but it's very high-end, and ordinary people won't come to this kind of place for consumption.
