Chapter 181: You Have to Protect Your Wife!

“ .. ”

This phenomenon lasted for a quarter of an hour without any signs of fading. Everyone below was paying close attention to the huge egg that had already cracked open.

Everyone knew that this might be the phenomenon caused by the birth of the Black Tortoise Divine Beast. Naturally, they were watching with 120% attention, afraid that they would miss the opportunity to snatch it.

Of course, no one would want to ruin the birth of the Little Divine Beast at this time. Otherwise, if something went wrong, wouldn't they be sinners for eternity?

One had to know that for so many years, there had never been a Divine Beast born. If this beast egg really produced a little Divine Beast, then ...

When the onlookers thought of this, they were a little breathless. They were simply too excited! Because even though they had fought fiercely from the beginning, no one had expected that this beast egg could really produce the Little Divine Beast Black Tortoise.

Everyone only knew that this beast egg had an extraordinary origin. It was indeed the Black Tortoise's divine beast egg, but whether it was a dead egg or a live egg was hard to say.

From the looks of it, this was still a living egg!

"I must get this little divine beast!" At this moment, almost everyone had the same thought. The six experts were even more prepared to fight to the death.

Only Rong Mo, who had already attacked, stopped because of the strange phenomenon. He frowned and stared at the cracked egg, seemingly puzzled.

“!” Little White Meow was much purer. Its eyes were shining as it looked at the giant egg, looking like a little glutton.

As for Hua Qianfang, he naturally stared at Rong Mo. He wanted to know what the latter was up to. Was he really going to fight with these people for the egg?

And the truth was, it was true.

..

When the beast egg moved again, as if something was about to break out of the egg, Huo Donglai was the first to make a move. He even used his super secret technique to reach into the egg.

The speed was so fast that it was beyond common sense. Even the other five experts were a little slow when they tried to stop it! Huo Donglai was about to take the creature inside the egg.

"Hahaha, the little divine beast belongs to me, Huo Donglai. Thank you, everyone." Huo Donglai, who was confident of victory, laughed heartily. His face darkened.

Because an old hand had appeared out of thin air and grabbed his wrist! There was also an invisible corrosive force that was constantly devouring the power of his innate secret skill.

And the person who attacked was naturally the dean.

Therefore, Rong Mo's 'still not attacking' was obviously not directed at Hua Qianfang, but at the person who had been hiding in the cave for a long time! "Perverted," the dean said.

However, even though the Headmaster had stopped Huo Donglai, the other five unknown experts had already seized the opportunity to enter the giant egg.

"Eye of Heaven, open the barrier!" However, at this moment, Yu Changqing's deep voice had already erupted. There was also a layer of extraordinary power that enveloped the huge egg like layers of mountains.

"Blind Talisman, go." Hua Qianfang, who had been silent all this while, waved her hand in the air, directly sending the blinding shen glyph that she had already prepared flying into the air.

"Pfft! Tsk tsk ..."

At the same time, Rootless Divine Fire rose from the feet of the six experts. Their auras exploded! Once burned, the destructive power was shocking.

"Roar!"

In an instant, the six experts were all injured by Rong Mo and his team's coordinated attacks! Among them, Huo Donglai was the most affected because he was the main focus of the dean's attack.

The six of them retreated a few meters away and stared at Rong Mo and the others with ashen faces. They felt as if their eyes were about to spew fire.

After all, the six of them could see that Rong Mo and the others were not as strong as them. It was just that their strength was special and they had a tacit understanding. That was why they were able to plot against them, who were anxious and didn't work together.

The black-robed Huo Donglai suggested, " Everyone, it looks like we have to deal with these people first. "

"It seems like that's the case. There's no time to lose. The little divine beast is about to be born! Let's attack together and get rid of these shrimps first. Then, we'll get rid of this Saint Child and snatch the Divine Beast."

"Alright, I'll count to three. Everyone, attack together. Just take it as withdrawing from the competition." In order to prevent anyone from fishing in troubled waters, the few of them even made three rules.

Hua Qianfang broke out in a cold sweat. He could not quickly draw a second Blind Talisman. After all, his mental strength was not enough! If these people attacked together, wouldn't they be finished?

"Brat Rong, you can't beat him. Run!" Even the dean cast a glance at Rong Mo, hinting him to leave quickly. Otherwise, he would be finished. These people were too strong. He could barely deal with one of them.

"Meow, meow, meow..." Only Little White Meow was filled with righteous indignation. It looked like it wanted to fight this group of people to the end, but it did not do anything.

As for Rong Mo, he did not say a word. He just stood beside the giant egg, making the dean's old eyelids tremble. He could not understand.

After all, the thing in the egg might really be a Black Tortoise, but they had to have the ability to enjoy it. These experts of unknown origins were not easy to deal with!

"Attack!"

At this moment, the six experts that had agreed upon had already dispersed and surrounded Rong Mo and the others. Seeing this, Hua Qianfang hurriedly said, " Everyone, please wait. We won't fight anymore. We'll leave now. "

"Not bad!" Yu Changqing immediately flew into the sky after he finished speaking. It was obvious that he wanted to "abandon" Rong Mo and the others and escape first.

"Brother Yu, wait for me!" Hua Qianfang quickly followed. He didn't want to lose his life here anyway.

"..”The dean looked at the two of them with envy. He also wanted to leave, but his student refused to leave. What should he do?

He could only fight to the death!

"Brat, you better have a chance of winning. Otherwise, this old bag of bones will not let you off." Knowing that he couldn't retreat, the dean immediately unleashed all his awakened talents.

Coincidentally!

"..”

Rong Mo, who had been silently accumulating energy, had a mysterious dark light flickering in his eyes. Wisps of energy that seemed to be able to split the world were gathering.

"Quickly stop them, especially the Saint Child! He might be summoning divine power." Huo Donglai immediately shouted and struck out at Rong Mo.

The rest of the people's expressions changed when they heard this. However, at this moment...

"Kacha, kacha." The giant egg had already cracked open, and layers of mysterious aura spread out in all directions.

Then, Hua Qianfang and Yu Changqing, who were running outside, saw that the thing that came out of the giant egg was not the Little Black Tortoise, but Ye Qianli.

Even though they had looked at it countless times, they were sure that the Little Black Tortoise was Ye Qianli. She was a real person! What was going on?

"!”

At this moment, not only were the experts of unknown origins stunned, even the dean, who was prepared to fight to the death, was stunned. This was simply ...

No wonder Rong Mo wanted to die here. It turned out that his wife was inside! But why? Why couldn't he understand?

Chapter 182: Junior Leopard, Prince Chan! _1

The dean felt that his knowledge was not enough. However, not only did he not understand it, even Ye Qianli herself was quite confused.

She didn't know why she came out of an egg! Wasn't the "dark world" that she was brought into the place that her grandfather had been to? How did she suddenly break out of her egg?

More importantly, why were there still so many people watching her "broken balls"? Why did the situation in front of him feel very wrong?

"..”Ye Qianli looked around in silence. She remained motionless.

After all, she had already noticed that apart from Rong Mo and the director, one of the ten strangers was the one who had locked her up and killed her previously!

Since she did not move, the dumbfounded people at the scene naturally did not move either. Everyone was studying her, especially the six experts. It could be said that they did not understand at all how the little divine beast had turned into a human.

Could it be...

This little divine beast was indeed extraordinary. It could transform into a human the moment it was born? Needless to say, this little girl who had transformed was really not bad.

However, just as they were done with their assessment and before they could snatch it, Ye Qianli had already moved! He then pounced towards Rong Mo, shocking everyone.

"Sou!"

Ye Qianli had already pulled Rong Mo and flew towards the "skylight" of the cave entrance at an extremely fast speed! It also shocked the people present again.

Especially the dean. He was not an ordinary idiot. He just wanted to ask! Why didn't they bring him along when they ran away? Where did these two little ones' consciences go? Where did their consciences go?

Of course! Little White Meow was the only one who wasn't stunned. When it noticed Ye Qianli and Rong Mo were about to run away, it immediately grabbed the remaining huge eggshell and ran away.

For a moment...

"Hurry up and chase!"

After being stunned for a while, the six unknown experts finally understood that the little divine beast had run away with the Holy Son's pretty boy. Even the divine beast eggshell had been taken away.

F * ck!

Didn't this mean that they had worked so hard for so long, but in the end, they didn't even get a divine beast eggshell? How could this be? Naturally, it was impossible. Therefore, he quickly chased after her.

" It's over. He's already caught up. How did he react so quickly? " At this moment, Ye Qianli, who had already noticed the six masters chasing after her, felt that she should abandon Rong Mo and hide in the ancient battlefield.

However, as soon as she thought about it, her hand that was holding Rong Mo's hand was pulled back. She threw herself into Rong Mo's arms.

Ye Qianli wasn't stupid. She knew that Rong Mo wanted to run away with her because she was too slow! Naturally, she was very happy to hug him.

In order to see what was happening behind her, she had to hook her legs and wrap them around Rong Mo's narrow waist like a little leopard. Then, she hugged his neck so that her head could be seen from his shoulders. She could look behind her without delaying his escape.

Smart!

In less than a breath's time, Ye Qianli had completed a series of movements. She felt that the position she had found was quite good. One person looked in front and the other looked behind. It was perfect.

" .. "

Rong Mo, who had been entangled by her, did not strip her off. He did not let go of her waist either. He only sped up and left like a flash of light!

As for the dean, he was naturally " abandoned "...

"Meow!"

However, Little White Meow was able to keep up with Rong Mo's speed, which surprised Ye Qianli. She felt that she had underestimated Little White Meow.

However, the speed of those experts was also extremely fast. They actually chased after him relentlessly! If this continued, would he be chased to the end of time?

"Your Highness, what should we do? I can't shake it off." Ye Qianli was a little nervous. After all, the auras of the six people behind her were really powerful. It felt like they had the momentum of a thousand troops.

Anyway, if she was caught, she would definitely be crushed to death. No, no, no! If she was running, she would have been caught long ago.

"Your Highness, can we hurry up?" Ye Qianli couldn't help but ask when she saw that these people were getting closer. She hoped that they could be faster.

"I can throw you away." Rong Mo replied coldly.

Hearing that, Ye Qianli hugged Rong Mo tightly and stopped talking.

No matter what, she did not want to be left behind. Although she could still go to the ancient battlefield, if these experts kept camping nearby! When the time was up and she was kicked out of the ancient battlefield, she would still die...

However, just running like this didn't seem to be a solution.

How about...

Ye Qianli stared at Little White Meow, who was holding the eggshell and running away. She had an idea and signaled to it with her eyes. " Split up! " Split up."

According to Ye Qianli, those people probably wanted the eggshell that Little White was holding! If some of them went after Little White Meow alone, they wouldn't have to be surrounded by the six masters even if they were caught.

"Meow, meow, meow..." However, Little White Meow shook its head. It was not stupid. If it ran alone and was caught, it would die.

Ye Qianli didn't give up. " Little Bai, Little Bai, don't panic! " We'll go and save you. We can't die together."

"No, no, no. No, no, I'm panicking..." Little White Meow replied with a lively look, but it was still gnawing on the eggshell as it ran.

Ye Qianli was speechless.

The man and the cat tried to persuade each other, but I retorted. They kept communicating with their eyes, and in the end...When the little white cat finished eating half of the big eggshell.

Swoosh! Swoosh! Swoosh! At this moment, the six experts behind them were chasing after him with all their might! The more he chased, the uglier his expression became.

Damn it, this Holy Son of the Misty Immortal Palace was really despicable. He actually carried the little Divine Beast away in front of them! And it was so fast! It was almost on par with them.

However, they were all famous overlords. In the end, they actually couldn't catch up to a young kid even when they joined forces. If this matter were to spread, they would definitely make people laugh their heads off.

Therefore, even if they had to risk their lives, they had to chase after him! Must ...

"Attack immediately!"

Huo Donglai, who was still in the midst of his pursuit, roared when he saw that the distance between them was about right. After that, he unleashed his innate talent and summoned a huge eagle claw, grabbing Ye Qianli and Rong Mo.

"Attack!"

"Boom!" The other five super experts also directly attacked Rong Mo and the other two. Because they wanted to avenge their humiliation, they did not hold back!

Who cared about the Holy Son of Ethereal Immortal Palace? It was absolutely impossible for them to watch the "fat meat" that was in their mouths be taken away.

For a moment!

"It's over, it's over..." Ye Qianli hugged Rong Mo's neck tightly. She felt that she was doomed. Was she really going to enter the ancient battlefield and let the beautiful prince run away?

Chapter 183: Magical Talent (1)

"Buzz!"

However, at this critical moment, Ye Qianli felt a blur in front of her eyes, and then...She foolishly saw that the scene in front of her changed from a forest to a wasteland nearby and a snowy peak in the distance.

This scene was so familiar!

"Your Highness, we're out!" Ye Qianli shouted excitedly. At the same time, she looked around worriedly, afraid that those experts would catch up with them.

"Meow!"

However, besides Little White Meow, who was still carrying the eggshell, there was no one else's aura. So, they were out of danger, right?

Or were those experts also teleported here, but the place they came out from was different from theirs? If that was the case, would they meet again in the future?

"Let go." At this moment, Rong Mo, who had been tightly hugged by Ye Qianli, reminded her coldly as usual. Unfortunately, Ye Qianli, who was still paying attention to the surroundings, didn't hear him at all.

On the other hand, Little White Meow, who had jumped in front of them, was looking at their posture with its curved eyes. It was too flustered just now and did not notice that Little Qian Li was hugging Little Mo Mo very tightly. They were very intimate and their posture was very good.

In the end...

"Ai!" Ye Qianli, who didn't hear Rong Mo's warning, was pinched on the face. She snapped out of her daze in pain, but she didn't let go. Instead, she glared at the culprit in front of her.

However, Rong Mo did not remind her to let go of her neck. Perhaps she had been strangled too tightly just now, so he only asked, "What talent did you awaken?"

However, Ye Qianli's answer was to pinch his face with both hands! Unfortunately ... Although she was fast enough and had a good distance advantage, it should be easy for her to pinch, but she still missed.

Rong Mo's hand had already taken control of both of her hands. However, she was only a fingertip away from getting her revenge.

".."

Ye Qianli looked at the distance between her fingertips and felt extremely regretful. She should have been faster! He should have retaliated directly just now. He shouldn't have glared at her before attacking.

"You have guts." Rong Mo, who was also looking at her, narrowed his eyes and raised his eyebrows at her. If he had not been fast enough, he would have been ambushed by her.

However, Ye Qianli didn't immediately give in. She immediately retorted, ""You pinched me first. Why can't I pinch you back? Let go! I want to pinch it. "

" Hmm, you're indeed bold. It seems like the second talent you've awakened is not bad. Let me see. " Rong Mo changed the topic again because he was indeed very interested in his little fiancée's second talent.

Normally, as long as all the talents exploded with a talent phenomenon, there was no reason for him not to recognize what kind of talent it was. However, he actually did not recognize his little fiancée's talent this time?

"Let me pinch it and I'll tell you." However, Ye Qianli, who had clearly seen his interest, actually started to talk about conditions.

"Could it be some talent that increases IQ?" Rong Mo said.

Ye Qianli was speechless. Was he beating around the bush and calling her stupid?

"Let me see it. After I'm done, I'll allow you to kiss me." Rong Mo spoke again.

Ye Qianli, who had just confirmed that Rong Mo was looking down on her intelligence, was simply...

"Who wants to kiss you! If I want to pinch you, I'll pinch you! Don't you understand human language?" Ye Qianli felt that she would not be able to talk to Rong Mo properly.

" Too bad you're Junior Leopard, " Rong Mo replied. In other words, he could understand human language, but Junior Leopard's words were hard to understand.

Ye Qianli was speechless.

"Alright, be good. Show me your talent. You don't know what talent it is, right?" Rong Mo saw that she had exploded in anger, and his brain probably wasn't working properly. His voice softened a little purposefully.

Ye Qianli, who had always been petty, was softened by him. Just as he said, she really didn't know what her second talent was, so she obediently extended her right hand.

Then-

"Biu~"

Ye Qianli's index finger poked out, revealing a small purple trumpet flower.

"Puhahahahahahahahaha..." As soon as she saw the magic box of the trumpet flower, she couldn't take it anymore and kept laughing hysterically in her mind.

"Hahahahaha..." The Magic Box was about to laugh to death." Looks like it's not this Magic Box that's causing trouble. It's just that you have this little trumpet flower talent in your subconscious. That's why I often turn into a morning glory. "

"So! Ping! The bottom! Pot! Here!

Then what's going on?" Ye Qianli was furious.

"Maybe your third talent is a frying pan. Hahahahahahahahaha ... Aiai, I can't take it anymore. You're going to laugh this magic box to death and then inherit the power of this magic box. Hahahahaha ..." The Magic Box really couldn't help but want to laugh.

Ye Qianli was speechless. She silently threw the magic box to Whitey and ignored its pleas for help. This magic box was asking for a beating.

"Meow! Meow ..." The little white cat happily took the box and ate the eggshell happily.

Ye Qianli, who had finished packing up the magic box, looked back at Rong Mo, who was looking at her morning glory, and asked, ""Your Highness, do you know what this talent is?"

"I don't know." As Rong Mo spoke, he reached out and pinched the flower. However, the flower did not react other than swaying a little.

It would not give off any innate power, nor would it give off any other extraordinary aura...

"Can it fight?" Rong Mo asked.

"I'm afraid not. This is the result of my hard work." Ye Qianli shook the trumpet flower on her fingertips, feeling like she had been tricked.

Why? Her fate had always been entangled with the morning glory...

"..”Rong Mo was speechless when he heard this. However, he casually plucked it and released a trace of the Vermilion Bird Divine Fire. He originally wanted to stimulate the power of this flower, but he did not expect...

“!”

The trumpet flower was plucked under their gazes. It did not resist at all and was plucked obediently.

“Biu!”

However, a new trumpet flower soon grew out from Ye Qianli's fingertips. Rong Mo picked it a few more times, and when his hand was full of trumpet flowers, Ye Qianli's fingertips could still grow new trumpet flowers.

"Your regeneration is not bad." Rong Mo could only say that. Then, he silently put a bag of flowers in his hand. This talent...He expressed that he really didn't understand and needed to study it properly.

"And then? Do you have any other abilities? Your regenerative ability is not bad, but it doesn't seem to be useful!" Ye Qianli looked at Rong Mo expectantly, waiting for him to tell her something else.

Chapter 184: Why Are There Sky Wolf Soldiers Everywhere!

However, Rong Mo only gave her a silent look, and Ye Qianli's anticipation turned into despair.

After all, even the beautiful prince didn't know what kind of talent it was and what its specific use was. Who else could she rely on? It seemed that she could only rely on herself to slowly figure it out.

"When this talent was awakened, didn't it give you any hints?" Rong Mo looked at her and continued to ask as if he was giving her a hint.

Generally speaking, when a talent awakened a certain talent, they would be able to master it and understand some of the characteristics of the talent so that they could fuse and grow in the future.

Of course, Ye Qianli understood this, but...

"Not really."

The dejected Ye Qianli wanted to vomit blood. She had finally awakened another talent, but what kind of talent was it? What use was it? She, an Awakened, actually knew nothing! She was probably the only one who had encountered such a phenomenon.

However, she was trying to sense the Genesis Aura according to the description in the magic box! Normally, the awakened talent would be extraordinary, but why was it like this?

Rong Mo, who saw how dejected she was, reached out and patted her head as if to comfort her. However, his eyes were no longer on Ye Qianli.

Ye Qianli calmed down and asked, ""Then what level of talent is this? It can't be that it's hard to judge, right?"

" No, at least seventh-grade. " Rong Mo answered with certainty this time.

Ye Qianli heaved a sigh of relief, but just as she was about to ask something else, she realized that the beautiful prince in front of her was clearly looking into the distance.

"..”Ye Qianli looked over, but she hadn’t had the time to see what was going on.

"Sou!" Rong Mo had already brought her along and continued to fly away. In just a short while, they arrived at the peak of a snowy peak.

Ye Qianli was a little confused. She looked around and saw the buildings with extraordinary auras. She asked with confidence, ""This is the snowy peak where you said there was an underground palace, right?"

"Yes." Rong Mo nodded and put Ye Qianli down naturally. Ye Qianli, who had been put down in a different position, didn’t notice anything wrong except jumping down.

Her attention was focused on a series of footprints in front of her. After careful observation, she realized, " There are footprints here. From the looks of it, President Ye and the others went in. There are a total of 16 people. "

"Are you sure?" Rong Mo asked.

"Yes, it seems that they did not enter that place. Only us, the dean, Hua Qianfang, and Yu Changqing entered. However, the dean and the other two...Can you come out?" Ye Qianli felt a little guilty when she thought of the dean whom she had " abandoned ".

However, she couldn’t " alert the enemy " at that time. She didn’t even dare to give him a look, let alone shout a reminder. But she thought that the dean was one of the top experts in the Four Symbol Continent, so he definitely had a way to escape.

As for Hua Qianfang and Yu Changqing, they weren’t at the scene, so they probably weren’t involved. Naturally, she wouldn’t care about them.

"I can." Rong Mo’s answer was very certain, and Ye Qianli naturally believed him. As for the specifics, only the three of them who were still in that strange world could understand it...

Ye Qianli wasn’t worried anymore. She continued to ask, " Shall we go in too? "

"Wait a little longer." Rong Mo said.

Ye Qianli didn’t quite understand what he was saying, but she didn’t ask further when she saw that he seemed to be investigating something. However, she couldn’t help but frown after waiting for a while.

Rong Mo, who was using his special power to check the situation in the underground palace, seemed to have sensed her change and asked, "What's wrong?"

"I seem to have sensed the aura of Ye Rui and the others." Ye Qianli answered with uncertainty. She moved closer to the entrance of the underground palace and closed her eyes.

For a moment, Rong Mo could clearly feel that there was a mysterious aura slowly spreading out from Ye Qianli's body.

A moment later, when Ye Qianli opened her eyes again, there was a sharp glint in her eyes! A bright light flashed across her eyes.

"Are you sure?" Rong Mo asked.

"That's right, it's the aura of Ye Rui and the others. They should have entered from here when we were still in Beiliang City. The place where my grandfather was attacked in my dream was most likely here." Ye Qianli speculated with certainty.

"But according to my judgment, this underground palace has been in existence for less than three days." Rong Mo said.

"Impossible! I definitely can't sense the aura of Ye Rui and the others wrongly. They went in more than ten days ago." Ye Qianli said firmly.

".. "Rong Mo glanced at her speechlessly.

"!"This time, Ye Qianli's eyes were filled with determination.

"Then there's only one possibility. They've been in the underground palace for a long time and appeared with it." Rong Mo said. He already had a guess in his heart, so he held Ye Qianli's hand and led her directly into the underground palace.

..

At the same time, Ye Qianli sensed that Ye Rui and the other eight people were really in the depths of the underground palace! Moreover, they were not the only ones present.

Xuan Tianyan, who was supposed to be in Xuanwu City, was also in the underground palace.

Most importantly, Xuan Tianyan did not only have a Purple Spirit by his side this time, but he also had six elders from the Black Tortoise Dynasty! The Black Tortoise Great Exalt, who had been rendered speechless by Elder Zhao, was naturally among them.

Not only him, even Grand Preceptor Zi, who had just come out of seclusion, was also on this trip. The lineup could be said to be quite powerful! Moreover, they had appeared in the deepest part of the underground palace. Clearly, they had taken a " shortcut " to get here.

For a moment...

"!"

" Heavenly Wolf Army?! "

Not only were they shocked by Ye Rui and the others, but Xuan Tianyan and the others were even more stunned. They knew that they had really taken a " shortcut " to get here.

However, this " shortcut " had been prepared by the Black Tortoise Dynasty for nearly a hundred years, and they had even cooperated with the Ghost Realm! He had paid a huge price to complete it.

Now ...

" Why is your Heavenly Wolf Army here?! " Xuan Tianyan couldn't stay calm anymore. Why was the Heavenly Wolf Army everywhere? Was there still enough?

Of course, Violet Spirit was also unable to remain calm, because the Nine-Tailed Fox aura she possessed Ye Rui's body told her very clearly! Ye Rui and his group had been heading toward the Extreme Ice Realm!

On the other hand, Grand Preceptor Zi said very knowingly, "" It seems like the Ye Clan of the Northern Territory does have a connection with the Black Tortoise Divine Warrior. If I'm not wrong, your blood should be able to open the path to the center of the Divine Treasure. "

As soon as he said that!

Chapter 185: Black Tortoise Dynasty Taking the Blame!

"Pa, pa, pa..." A series of applause echoed from the dark, making everyone present stunned.

Especially the people from the Black Tortoise Dynasty, their faces turned green again and again!

After all, the Heavenly Wolf Army was probably related to Black Tortoise God, which was why they were able to find this place. However, what was going on? Which group of people were these?

One had to know that although there were strange phenomena appearing continuously before the appearance of the divine treasure trove, those phenomena all started in the Extreme Ice Realm. Therefore, no matter which party was looking for treasure, they should naturally go to the Extreme Ice Realm.

Only they, who were protected by the Black Tortoise, could obtain the opportunity to come here first! No matter how well-informed others were, it would definitely take a long time before they could find this place.

But now...

What was this?

For a moment, not only Xuan Tianyan and the others could not remain calm, even Grand Preceptor Zi's expression changed. Especially when the people in the dark clapped and walked out, the faces of the people from the Black Tortoise Dynasty all darkened.

This was because the group of people who had walked out at this moment, whether it was Xuan Tianyan, Purple Spirit, Grand Preceptor Zi, Great Exalt Black Tortoise, and the others, were all quite familiar.

This group of people all had the same characteristic, which was that they all wore ferocious ghost-like masks, and each of them had a sinister and rotten aura.

"..”Although Xuan Tianyan and the others did not say anything in the face of such a group of people, their dark green faces and fiery eyes had perfectly portrayed the grievance in their hearts! Anger.

There was no doubt that the person who colluded with the Ghost Realm in the Black Tortoise Dynasty had created this shortcut! When they came here, the Ghost Realm not only received a high reward, but they also used this passage.

Even so, everyone from the Black Tortoise Dynasty knew that they could not do anything! Because everyone knew that the Ghost Realm had always been despicable and despicable, but it was powerful and terrifying.

Therefore, when the leader of the other party said sinisterly, " Grand Preceptor Zi, Seventh Prince, how have you been? "

Grand Preceptor Zi and Xuan Tianyan, who had been named, could only suppress their anger and reply, ""Grandpa Ghost, don't! Come! Nothing! Yang!"

However, even though they had endured it, the other party still wanted to find fault with them. He said coldly, " No, no, no. I'm not in the right. If the Black Tortoise Dynasty doesn't give an explanation for my second brother's death, this matter won't end. "

"Pfft-"

When Xuan Tianyan heard this, blood immediately rushed to his head. He was so angry that he almost wanted to slap this shameless Master Ghost!

Simply a bastard!

Ghost Two accepted his mission and failed to kill Ye Qianli! It would have been fine if he had captured him alive, but instead, he had caused the capital of the Black Tortoise Dynasty, Black Tortoise City, to be burned to death by lava. Even now, the lava was still boiling! It was boiling!

Xuanwu City was gone because Ghost Two didn't complete his mission! If you say that you don't have the ability, then don't f * cking accept the mission. If you accept it and fail, the consequences will be even more serious! Worse! It was even more serious!

If Ghost Two didn't insist that he could kill Ye Qianli even with the dean, who would give him the assassination mission?

It was great now! Not only did he fail to steal the chicken and suffer a loss, but he actually had the cheek to retort to his face. He was simply going too far! This was too much!

Aaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaa
 aaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaa
 aaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaa
 aaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaa

"..."Xuan Tianyan almost vomited blood. Unfortunately, no matter how much drama he had in his heart and how much fire he was burning in his heart, he still had to swallow a mouthful of blood that rushed to his head. With a smile on his face, he said stiffly, " I don't understand what you're talking about, Master Ghost. "

" That's right. Although Second Master Gui died in Xuanwu City, the person who killed him was the Vermillion Bird Crown Prince, Rong Mo. If you want an explanation, you should go to the Vermillion Bird Dynasty. What does it have to do with Xuanwu Dynasty? " Violet Spirit added.

But as soon as she said this, the Ghost Lord grinned, his eerie yellow teeth appearing especially terrifying in the underground palace illuminated by the night pearl, causing Violet Spirit's eyelids to tremble uncontrollably.

Fortunately, Grand Preceptor Zi had already changed the topic, "" Let's not talk about Second Master Ghost for now. I'm sure we all have the same purpose for coming here. Since we're all here, let's study how to open the central passage together. This is more practical. What do you think, Master Ghost? "

"Naturally." Lord Ghost, who was grinning soundlessly, agreed. However, his sinister and naked eyes that were still fixed on Purple Spirit made Purple Spirit, who was used to being stared at, retreat behind Xuan Tianyan in discomfort.

When the Ghost Lord saw this, he had no choice but to look away regretfully and said, "The method that Grand Preceptor Zi mentioned earlier is very good. However, just the blood of the Heavenly Wolf Army is probably not enough."

"Oh? How many people does that ghost uncle think it will be enough?"

"108." " Yes, " Uncle Ghost replied. " But this number is not a problem for the two of you. I think you have gathered enough blood and flesh of the Celestial Wolf Army. After all, this is one of the purposes of your encirclement and suppression of Ye Wuji. "

As soon as he said this, Ye Rui and the others, who had been silent all this while, immediately turned red. However, this was only the beginning. When Grand Preceptor Zi really took out a bucket of thick blood...

"Roar!"

Ye Rui and the others couldn't bear it anymore and let out the Direwolf Beast, because they could clearly sense that this bucket of thick blood contained a familiar aura.

There was no doubt that it was the concentrated blood of their dead comrades!

The brothers who had fought side by side with them in the past, including their beloved Heavenly Wolf mount, had all been condensed into a bucket of blood today...

However, Grand Preceptor Zi still wanted to say, " Everyone, don't be anxious. I'll let you accompany me to the netherworld in a while. After all, over the years, although our dynasty has collected enough blood and flesh from the 108 Heavenly Wolf Army, the more the better. We still need you to contribute your blood and flesh. "

For a moment...

"Don't even think about it." The leader, Ye Rui, said coldly, and his entire body began to flush with an unnatural red color. The other seven members of the Heavenly Wolf Army were in the same situation as him.

"Roar!"

The Direwolf Beasts were the same! Because whether it was them or Ye Rui and the others, they were all doing the same thing, and that was...

"Bloodline self-destruction! Hurry up and stop them, or they will explode that bucket of blood too. This is a bloodline secret technique." Uncle Ghost said in a sinister tone and was the first to attack, slapping his withered yellow claws at Ye Rui.

"Attack!" When Grand Preceptor Zi, Xuan Tianyan, and the others heard this, they naturally did not delay and immediately attacked! After all, they had been waiting for this moment for too long. How could they let Ye Rui and the others ruin the good thing?

It was too late to say, but at that moment!

"Roar!"

The first to attack, Lord Ghost, was about to slap Ye Rui's head with his claw, but Ye Rui's Heavenly Wolf mount pounced forward at the same time, directly blocking in front of Ye Rui.

"Bang!"

Uncle Ghost's palm landed on the wolf head of the Heavenly Wolf Beast mount. For a moment ...

Chapter 186: It's Better to Come at the Right Time!

"Kacha!" This Heavenly Wolf's skull had already cracked, and blood flowed out of its seven orifices on the spot! It could be seen how terrifying the strength of this Ghost Lord's hand was, and his palm did not seem to have used all his strength.

"Roar!"

But even so, the ferocious Sirius Beast still bared its sharp fangs even though it was clearly heavily injured! It headed straight for Uncle Ghost's neck.

He was ruthless and reckless! It was obvious that they wanted to bite off a piece of the other party's flesh even if they risked their lives. This had always been the fighting style of the Heavenly Wolf Army, they were not afraid of death! It was all about fighting.

No matter how powerful the enemy was, they would still dare to charge forward! He never flinched.

However, although the Celestial Wolf Beast was ruthless, Uncle Ghost was not to be trifled with. He had clearly been prepared for this and quickly retreated. At the same time, he flipped his withered palm and summoned a thin black sword.

"Vile beast, die!" After Uncle Ghost shouted, his thin sword had already reached out, stabbing straight at the Celestial Wolf Beast's glabella bone. It was about to pierce through the Celestial Wolf Beast's head and explode its brain.

Ye Rui, who was being protected, couldn't help but shout, "Xiao Mao, quickly retreat!"

Although he knew that they would die together, Ye Rui couldn't bear to watch Xiao Mao, who had accompanied him since he was young, get stabbed in front of him.

Unfortunately ...

Ye Rui's little Direwolf didn't retreat, because it knew that it had to buy time for Ye Rui, so even if it knew that it would die if it didn't retreat! It was still pressing forward.

"Roar..."

The other seven Heavenly Wolves were just like this little white Direwolf. They were fighting to the death to fight for their human companions.

For a moment!

Not only were their bodies red, but even their eyes couldn't be any redder. Ye Rui and the others felt their vision turn misty, and tears involuntarily welled up in their eyes.

"Ah!"

Ye Rui let out a tragic roar. The blood in his body was boiling hot. He was about to die with his wolf companion Xiao Mao when it was stabbed to death.

"Clang!"

A clear sound of collision was heard at this moment, followed by a voice of condemnation. "Everyone, taking advantage of Miss Ye's absence to bully her Celestial Wolf Army doesn't seem very good. "

"Whoosh!"

At the same time as this sound was emitted, the scene could also feel a wave of very strong life force, fiercely pouring into Ye Rui's expanding body.

Then-

"Sou! Whoosh, whoosh, whoosh ..."

One figure after another tore through the air and landed in the depths of the underground palace. This group of people was naturally Ye Donglin and the others.

Ye Donglin and the others who had come down a day earlier than Ye Qianli and Rong Mo had finally found the correct location. It was obvious that the path to this underground palace was extremely complicated.

However, it was better to come at the right time than to come early. It could be said that Ye Donglin's arrival at this time was just in time! He had saved Ye Rui and the others at the most critical moment, not letting Black Tortoise and Ghost Realm leave first.

In addition, Ye Donglin and the other 16, other than Ye Shang, all of them had extraordinary cultivation! Therefore, the moment they appeared, the people from the Black Tortoise Dynasty and the Ghost Realm stopped. After all, this was not the right time to fight.

But ...

"It seems that President Ye has benefited a lot from the Ye family. Now, he even wants to protect their lackeys." Grand Preceptor Zi mocked in displeasure.

Ye Donglin replied nonchalantly, "'Of course. Otherwise, how would we know that although the Xuanwu Celestial Phenomenon is manifested in the Extreme Ice Realm, the key point is here."

"Humph!" She didn't expect Ye Donglin to be so calm, so she could only snort coldly! However, he also knew that Ye Donglin and the others were able to come here because the Ye family had leaked the news.

However, he did not know that Ye Donglin's words were also testing him!

After all, Ye Donglin did not know anything at all. He only saw that the people from the Black Tortoise Dynasty and the Ghost Realm were here. Coupled with his previous guesses, he deduced that this place should be the key point of the celestial phenomenon. However, it was only a guess.

However, the reaction given by Grand Preceptor Zi made Ye Donglin absolutely certain that his guess was correct! This was indeed the most crucial part.

However, Grand Preceptor Zi's words had a deeper meaning. It seemed that there were still secrets waiting to be discovered on that little girl from the Yates family.

Ye Donglin, who had obtained a lot of information in just one exchange, asked Ye Rui, whose bloodline power had been calmed down by him, without batting an eyelid, " Can this general of the Celestial Wolf Army tell us the whole story? "

Because he had been saved by Ye Donglin, and it was not something that could be kept secret, Ye Rui briefly recounted everything in detail.

However, just as Ye Rui finished his statement, everyone at the scene sensed that something was wrong and looked in the same direction.

Deep in the underground palace where everyone was in, there was a very empty hall. It was surrounded by supporting stone pillars made of Xuanwu stone according to the mountain's terrain.

There were a total of ninety-nine stone pillars, each of which was embedded with a luminous pearl the size of half a human head. Thus, although this place was deep in the snowy peak and was very spacious, it was still extremely bright.

"Swoosh, swoosh..." At this moment, in the southwest direction of this hall, there was clearly a violent spatial fluctuation that was constantly shaking.

"Based on this direction, could it be that the people from the Blue Dragon Dynasty are here too?!" Xuan Tianyan's expression turned ugly again. He felt that this matter was too unreasonable.

After all, in his opinion, their Black Tortoise Dynasty should have obtained exclusive first-hand information! In the end...No one was late, it was just that they had arrived a little earlier. Where was the geographical advantage that they had agreed on?

"Buzz!"

"Buzz..."

However, before the dust settled in the southwest direction, the southeast direction of the hall also released a similar spatial shock wave.

And this position naturally represented the White Tiger Dynasty.

"..For a moment, the expressions of Xuan Tianyan and the other people from the Black Tortoise Dynasty turned from blackmailing to swallowing sh * t.

When the people from the Blue Dragon Dynasty and the White Tiger Dynasty appeared from the spatial wave, Xuan Tianyan, Grand Preceptor Zi, and the others' expressions were so ugly that they could not be described with words.

"Hahaha ... Looks like I came just in time and wasn't left behind." However, the leader of the White Tiger Dynasty, a burly man, who was the last to enter the arena, had to laugh happily.

"..Xuan Tianyan and the others were so angry that they could not respond.

At the same time, Red Knife, who had appeared in the Blue Dragon Dynasty camp, noticed that something was wrong. He asked in a duck's voice, "That's not right! Senior Sister, aren't you with the dean, Senior Brother Rong, and Little Qianli? Where are they? Why aren't they here?"

That's right!

Xuan Tianyan and the others only thought of this question when Red Knife asked this question. They had probably been bullied too much before, or they subconsciously did not want to see these people who gave them the most headaches, so they did not notice too much.

But now that Red Knife had asked, they couldn't avoid it even if they wanted to. So, where were the few bastards who should have arrived first?

"Don't tell me they've already gone in?" Violet Spirit couldn't help but ask.

And in fact...

Chapter 187: Eat Flowers Eat Little Li-er!

"Eh?" Ye Qianli, who could sense that Ye Rui and the others seemed to be fine, couldn't help but stop in her haste.

"What's wrong?" Rong Mo, who was being dragged by Ye Qianli, stopped and asked. He knew that Ye Qianli must have sensed something just now, which was why she was so nervous and dragged him so fast.

Ye Qianli explained, "'Just now, I clearly sensed that Ye Rui and the others were in danger, but now they seem to be fine."

"In this underground palace, apart from the aura of the Celestial Wolf Army, did you sense any other unusual aura?" Rong Mo asked again.

Ye Qianli shook her head and asked, "'Did Your Highness discover anything?"

"Yes." Rong Mo narrowed his eyes and took out a small trumpet flower from his pocket. "I thought that your talent might be related to your perception, but it seems that it's not the case."

Ye Qianli was speechless. The connection between her and the Heavenly Wolf Army was that she was the new leader of the Heavenly Wolf Army! It was related to the Celestial Wolf Flag, but it had nothing to do with her second talent.

So ...

"Bin~" Ye Qianli looked at the trumpet flower on her finger helplessly. She had no idea what was going on. And at this moment.

"Meow, meow, meow ~" Little White Meow, who had just finished eating the eggshell, caught up with the two of them with the magic box in its arms. It saw the trumpet flower on Ye Qianli's fingertip.

"Meow!" Little White Meow jumped onto Ye Qianli's hand curiously. It looked at the flower and tried to lick it.

".. "The trumpet flower swayed gently and avoided Little White's lick. Little White immediately got excited and went closer, even purring.

".. "During this period of time, the trumpet flower seemed to respond many times. When Little White's meow stopped, it swayed a few times, causing Rong Mo to raise his eyebrows.

"Sou!" The magic box, which was originally held by the little white cat, took advantage of the time when the little white cat and the little trumpet flower were "communicating" to quickly break free from the demonic claws! It flew back to Ye Qianli.

Rong Mo naturally noticed the commotion, but he did not say anything. After all, he had long noticed that this box was unusual, and...

Rong Mo suddenly remembered that Ye Qianli had conjured a similar trumpet flower before. However, this flower was not Ye Qianli's talent at that time. It was evolved from her box.

However, there didn't seem to be much difference between the two flowers. Not only did they look the same, but their auras were also almost the same. They did not have any energy fields and were no different from ordinary flowers.

For a moment...

Li-er. " Rong Mo, who was thinking about something, suddenly called out, which startled Ye Qianli, who was observing the " communication " between Little White Meow and Little Trumpet Flower. She subconsciously looked up at the beautiful prince who had spoken, and even suspected that she was hearing things.

After all, Rong Mo rarely called her by her name. It was either Ye Qianli or Junior Leopard. " Li 'er " seemed to be something he would only call her when he mentioned her when he was talking to others.

"I remember that before you awakened, you also conjured this flower. Can you conjure it again?" Rong Mo didn't pay attention to the way he addressed him and only said seriously.

Because of his serious tone, Ye Qianli immediately asked, " Is there something wrong? "

“..”Rong Mo didn’t say anything, as if he was waiting for Ye Qianli to change.

Ye Qianli also knew that she couldn’t hide the matter of the magic box from Rong Mo. After all, he had good eyesight! Other people might think that she had many different spiritual weapons, but he would never be fooled. Moreover, the magic box had given itself away just now.

Of course, the Demon Box didn’t care about that. It was already in the ancient battlefield, quietly washing itself with sand. It decided to ignore Ye Qianli for a month! Silly! Son!

Therefore, Ye Qianli, who didn’t get a response from the magic box, could only awkwardly explain to Rong Mo, ""That’s not something that can be changed just because you want to. Why don’t I show you again the next time I conjure it?"

"No need." Rong Mo said.

“..”Ye Qianli was even more embarrassed. She thought Rong Mo was unhappy, but the box was so angry that no matter how much she shouted, it would not come out of the ancient battlefield. She could go and find it, but how could she just disappear like that?

Little did she know that Rong Mo had already roughly guessed what her second talent was. However, when he looked at the small trumpet flower in front of him that could only emit a faint light and had no energy field at all, he could not help but frown.

"Your Highness?" Ye Qianli called out cautiously. Seeing that Rong Mo was only looking at the flowers and not her, she felt that he was really unhappy and was about to explain.

Rong Mo reached out to pick the flowers again, and then...Before Ye Qianli could react, she saw Rong Mo bring the trumpet flower to his mouth and take a bite!

"Meow!" When Little White Meow saw this, its reaction was extremely fast. It immediately reached out its paws to snatch Flowey, but in the end ... Rong Mo had already stuffed the flower into his mouth.

"Meow, meow, meow!" Little White meowed as if it was accusing Rong Mo of stealing its food. It kept trying to pry open Rong Mo’s mouth with its claws, but of course, it was flung aside by its tail.

“..”Ye Qianli looked at the man and the beast in a daze. She couldn’t understand what she had just seen. Were they fighting over her little flower?

But why did he have to snatch it! She had a lot of flowers. She could take one and grow one, but...Most importantly! Why did the beautiful prince want to eat her flowers?

"Is it delicious?" Ye Qianli couldn't help but ask.

Rong Mo, who was being stared at by her, replied seriously, "It's alright. However, since you're a talented flower, don't show it to others, especially not to be picked by others."

Ye Qianli was speechless. Why did she feel that Rong Mo's words were telling her not to show off her talent and embarrass herself?

"Remember it." Rong Mo emphasized.

"Your Highness, did you notice something?" Ye Qianli looked at Rong Mo and asked seriously. She had a feeling that something was wrong with Rong Mo from the moment the magic box moved.

It wasn't that something was wrong, but it was as if...It was as if...That's right! It was as if he had suddenly seen the light. Then, he asked her about the morning glory and ate the trumpet flower.

"Your Highness, tell me! What is this flower?" The more Ye Qianli thought about it, the more she felt that Rong Mo must have known something.

Rong Mo, who was being questioned repeatedly, raised his eyebrows and said, "Looks like my IQ has really increased."

Ye Qianli was speechless.]

Could he not scold her every time that her IQ was not online? Besides, if he didn't deliberately tease her and make her dizzy, when would she lose her IQ?

"Let me try again." However, after Rong Mo said that, he suddenly pulled his little fiancée into his arms.

Then, he bent down and kissed her...

Chapter 188: Overbearing Crown Prince, Divine Treasure Appears!

There was no sign of it! Ye Qianli, who was still criticizing Rong Mo, felt a buzz in her head when she saw the kiss without any hint. He was dumbfounded.

"!"

Such a scene, in the eyes of Little White Meow, who was thrown aside, was naturally extremely impactful! Her pair of green eyes naturally curved into crescents.

Meow, meow, meow!

They kissed just like that, so shy ~

Little Mo Mo was really something, kissing just like that! Not bad, not bad. You still have some ability, but compared to your bad father, you're still far from it.

Especially when it saw that Little Mo Mo only kissed her once and let Little Qian Li go, it was really disappointed! She almost rushed up and pressed him back to kiss him.

Although Rong Mo only kissed her lips once and did not kiss her again, he did not stand up straight. His sexy lips remained on Ye Qianli's lips.

“ .. ”

Ye Qianli felt as if she had been struck by lightning. When she regained her senses, she could still smell the sweet scent between his lips and teeth. It was intertwined with the clean, snow-white scent on his body, surging into her breath and senses ...

It made her heart beat faster and her brain heat up...How could he think of anything else! This evildoer who could bring disaster to the country and the people was not only good-looking, but also so fragrant and alluring.

She had clearly made up her mind not to get too close to him, but she had failed time and time again! She had no choice. The enemy was too powerful. She could not withstand it.

"Oh..."

At this moment, Ye Qianli's heart was beating fast, but she was still trying to control herself and resist the " enemy's sugar-coated bullets ". Rong Mo kissed her again. This time, he even sucked her lips and licked them.

“..”Ye Qianli's heart was beating so fast that she couldn't even handle it. She felt so hot and dry! So hot...So dry...

However, Rong Mo would stop and look at her every time he tried to seduce her until she was about to lose her soul. When she slowly calmed down, he would start again.

Ye Qianli knew that he was teasing her after doing this for a few times. When he kissed her again, she opened her mouth and bit his mischievous lips.

However, once she moved, her little face was pinched!

"You're bad!" Ye Qianli immediately covered her face and complained. She felt that this bastard Rong Mo was unreasonable. Why did he have to do whatever he wanted? She had to fight back and get her face pinched, and he was even more ruthless!

"Meow!" Little White Meow, who had been watching, also felt that Little Mo Mo was a little too much. How could he only kiss her, but Little Qian Li couldn't kiss her back? This was too domineering.

However, Ye Qianli's face turned red when she saw its lively eyes. It was also a little hot-headed, so Little White Meow had watched the whole process.

Little White was not an ordinary cat, it knew everything!

However ...

"Meow, meow, meow!" Little White's condemnation did not last long. It suddenly meowed excitedly towards the depths of the underground palace, apparently discovering something.

Rong Mo, who had already finished playing tricks, released his little fiancée from his arms and said seriously, "It's about time. Let's go down too."

After saying this, he held his little fiancée's hand and walked down. Ye Qianli, who was being led by him, said after a long while, "Your Highness, you haven't answered me yet. What is my Huahua? "

This bastard!

He kissed and flirted with her just now because he didn't want to tell her what her talent flower was. This was too much. She clearly had the right to know.

"It took me an hour to react." Rong Mo said, making Ye Qianli speechless. She almost wanted to slap him! However, she could only think about it. The 'enemy' was really too powerful...

"I'm not sure yet. You just need to focus on fusing with this flower. When the time comes, it will let you know what it can do. " Rong Mofu added.

This made Ye Qianli, who was originally angry, not angry at all. She only asked with confusion, "Will you know after fusing with it?"

"It's hard to say. This is your talent. However, if I'm not wrong, you awakened your second talent by comprehending the Genesis aura."

"How did you know?" Ye Qianli felt that this pervert Rong Mo was too perverted. There was almost nothing he didn't know.

Even for a morning glory like her, it had only been a short while, and he seemed to have already solved the mystery! On the other hand, she, an Awakened, was still confused.

" I know you haven't fully comprehended the Genesis aura. It's just that your body is special. This aura has entered your body, which is why your talent has awakened so smoothly. However, if you can't comprehend it soon, you will miss the opportunity to fuse with this flower. " Rong Mo added.

Ye Qianli's heart skipped a beat. She asked subconsciously, " Will I never know what Huahua is after I miss it? "

" Maybe, or maybe I can only obtain a portion of the power. " Rong Mo's tone became more serious when he said this, but he also made it clear, " These are all my guesses. It might not be true. "

"..Ye Qianli didn't say anything because she knew Rong Mo was right! After all, he had analyzed her situation word for word, so his guess was definitely not far off.

It seemed that she had to go into seclusion after this trip! He had to comprehend the Genesis aura in his body as soon as possible and fuse with the little flower.

It was impossible that he could not obtain its power even after awakening!

For a moment...Ye Qianli also had a strong interest in " unlocking " her talent flower, but she didn't ask Rong Mo any more questions. Instead, she held her breath and wanted to figure it out herself.

..

At the same time.

In the depths of the underground palace, because of the appearance of the Black Tortoise Ancient Gate, the originally strange atmosphere instantly became lively.

Because everyone who came here basically understood what this door meant! So how could they not be excited? It was just that everyone had studied it for a long time, but they were unable to break through this door!

For a time, many people had evil intentions toward Ye Rui and the others under the urging of the people of the Black Tortoise Dynasty! Especially those from the Ghost Realm, their killing intent was revealed once again.

"President Ye, look here." However, at this moment, the person who was accompanying Ye Donglin once again discovered something and shouted. This naturally attracted everyone's attention.

And with a single glance, everyone discovered that in the very center of the ancient door! A small piece of the Black Tortoise's armor had been removed, revealing a strange groove.

"!"Ye Donglin's eyes immediately lit up when he saw the groove. The rest of the people who were traveling with him naturally became alert, but no one opened their mouths to reveal the news.

"Dad, is this the shape of the thing in Ye Qianli's hand?" However, at this moment, Ye Shang cried out in shock, and Ye Donglin almost exploded in anger when he heard that.

"What do you mean by the shape of the thing in my hand?" Ye Qianli's voice sounded at this moment, causing Ye Donglin to look over with a bad feeling.

Chapter 189: Blind You!

It was not just Ye Donglin. Everyone's eyes were fixed on the two people in the painting who walked out hand in hand. They felt that they were pleasing to the eye and especially beautiful.

It was like a bright jade, a bright moon that was pleasing to the eyes. It was gentle and pleasant, making people unable to move their eyes away from it with just one look. The key was...

These two elegant and graceful little ones had arrived near them in a way that no one present had noticed at all.

"!"

For a moment, while many people present were mesmerized, their pupils subconsciously constricted as a thought silently surfaced in their hearts. The more beautiful something is in this world, the more unusual it is.

So, when did such an amazing little beauty and handsome brother appear in the Four Symbols Land? Why didn't they know that they couldn't keep up with the times?

".."

Many people who didn't know Ye Qianli and Rong Mo were stunned by their silent appearance.

As for those who recognized them, Violet Spirit was the first to speak. She spoke in an extremely dark and hoarse voice, ""Ye Qianli, how dare you come."

However, Ye Qianli smiled and replied, " It's all because of you. You're such a good dancer. I like it so much. How could I not come? "

"You..." Violet Spirit's beautiful face darkened in anger. The biggest humiliation in her life was naturally that striptease dance. She was not someone who couldn't afford to lose, but Ye Qianli still wanted to bring it up. How could she not be angry!

However, Violet Spirit was also a capable person. She quickly suppressed her anger and said respectfully to the Ghost Lord, "Sir, the murderer you're looking for is here."

When the Ghost Master heard that, his gaze was fixed on Rong Mo! Of course, he knew that it was the Vermillion Bird Crown Prince Rong Mo who killed Gui Er. However, since he died in Xuanwu City, Xuanwu Dynasty had to pay a price.

However...

"Screech!"

The moment Uncle Ghost stared at Rong Mo, he felt as if his eyes were going to be blinded! It was as if there were many vermilion birds attacking his soul.

This was not the end!

"Screech-"

The terrifying Vermillion Bird Divine Power erupted! Just like a solar storm, it was like a prairie fire! It surged into Uncle Ghost's eyes in an instant.

"Bang!"

A terrifying energy wave exploded at the scene, and layers of extremely masculine violence! It shook the vast hall as if it was free, and it even responded with a buzzing sound.

“ ”

The scene fell silent, especially when everyone saw that the ghost-like masked Master Ghost had blood flowing out of his eyes. Their hearts exploded.

“!”

Even Xuan Tianyan could only describe his feelings as being terrified at this moment. He had always boasted that he wanted to be Rong Mo's opponent.

Even though his personal strength was not as good as Rong Mo's, in terms of overall planning! Didn't the attack on Vermillion Bird City show that he had the upper hand?

Furthermore, in terms of individual strength! Since he had already awakened the Black Tortoise talent of the Four Great Divine Beasts, it was only a matter of time before he could catch up to Rong Mo.

However, the reality at this moment gave him a loud slap! Rong Mo had 'blinded' the Ghost Master that he was extremely afraid of.

Ghost Two was a fool, but Gui Da was many times stronger than Ghost Two!
However...Still no match for Rong Mo?

Xuan Tianyan thought that Rong Mo must have used all his strength to kill Ghost Two, and he might have been badly injured. From the looks of it...He was too naive.

However, no matter what Xuan Tianyan was thinking, Master Ghost was furious. He had never expected that he would be defeated by a brat like Rong Mo. He immediately exploded in a sinister manner and said,"Brat, you're here! Search! Die!"

"Buzz!"

When Uncle Ghost exploded, the Ghost Realm behind him naturally became tense. A hellish cold wind blew in the underground palace, causing Red Knife to sneeze on the spot.

"!"

This kind of opening instantly made the people from several parties feel that something was amiss. Especially when the Ghost Realm's people released their auras, they realized that Rong Mo actually did not retreat at all. However, the aura around his body was clearly not right, as if he was preparing some big move.

"Stop!"

"Right, stop!"

The leaders of the Azure Dragon and White Tiger sides immediately roared. Among them, the muscular man from the White Tiger side even roared,"What are you fighting here for? Was everyone here for treasure hunting or to fight? Can I trouble you to understand the situation?"

"None of your business. Do you believe that I will eat you first?" However, how could Uncle Ghost, who had been blinded, calm down? He retorted on the spot.

"Of course I won't f * ck you. You're disgusting! Do you think I'm willing to care about you? If you want to fight outside, don't destroy my treasure gate here! If you have the guts, go out and fight!"

"That's right. If you want to fight, fight outside. Don't interfere with our treasure hunt. Don't you have any ethics?"

"You're right! I hate it the most every time I come here to search for treasure, but in the end, I fight before I even see the treasure. If you don't want to search for treasure, don't f * cking come! Every time you come, do you still want everyone to watch your performance?"

“..”A large group of powerful people who did not want to be bystanders protested and attacked one after another. They unanimously wanted to chase away the troublemakers and were determined not to watch the meaningless commotion.

After all, although the Ghost Realm was terrifying, the people who could come here were not to be trifled with. How could they let Uncle Ghost do whatever he wanted? One by one, they spat at Uncle Ghost until his aura became more and more sinister!

The faces of the people from the Black Tortoise Dynasty became better and better. Anyway, Gui Yu and Rong Mo were both damn bastards. It was really a good thing for them to fight or be surrounded again.

Who would have thought...

"Don't you want to open the door? Don't you know that I have the key?" At this moment, Ye Qianli showed her Trilobite and asked.

“!”

The crowd instantly stopped talking. Everyone's eyes naturally focused on her palm, so they could see it clearly! The thing in her hand was indeed compatible with the groove on the Black Tortoise Ancient Gate.

"You saw it?" Ye Qianli saw that everyone was very cooperative and looked over. She placed the Heavenly Silkworm Jade in Rong Mo's hand and said, " Look carefully. The key is in the hands of the Crown Prince. "

This was not the end!

Ye Qianli paused for a moment before she looked at the crowd and said, ""Don't just watch. Hurry up and chase the people from the Ghost Realm out! Otherwise, we won't open this door."

“..”

“!?”

The group of big shots was a little dumbfounded. What the hell was this? He was obviously asking them to be his thugs and directly ordering them to work? This ... This little girl had such a big face.

Chapter 190: Take the Baby Away First!

"Cough..."

Ye Donglin couldn't bear to listen to this any longer and coughed lightly. He tried to smooth things over and said, "General Bai, you have a point. This trip is a treasure hunt, and the focus is on treasure hunting. Let's not talk about past grudges today. How can we settle this privately after we leave this place? These are the rules."

"President Ye, do you think that I'm blind and should just endure it like this?" Uncle Ghost questioned coldly. He would not let Rong Mo off today no matter what! He dared to blind his eyes in public. Uncle could tolerate it, but he definitely could not.

When Red Knife heard that, he instinctively retorted indignantly, ""You don't have the ability, but you were blinded by staring at him. Don't you deserve it?"

".. "Many of the powerful spectators nodded in agreement. They didn't think that there was anything wrong with what Vermilion Bird Rong Mo had done. At most, he was a little too ruthless.

However, since the enemy had already crushed them, how could they counterattack if they were not ruthless?

"You..." However, when Uncle Ghost, who was filled with anger, heard this, he instinctively "glared" at Red Knife, as if he wanted to eat Red Knife.

"Shut up!" Ye Qianli was getting impatient. "The Black Tortoise Ancient Sect won't be around for long. Why are you still acting like this? Let's go, Your Highness. Let's open the door and enter first."

Rong Mo had no objections, of course. Although he really wanted to fight, he knew what was more important, so he had already gone to open the door.

Then, before the dumbfounded people present could react, especially before the ignored Uncle Ghost could react, the Black Tortoise Ancient Sect suddenly transformed!

"Roar!"

A Black Tortoise phantom was already imposing! His eyes were like lightning as he "came alive". Everyone who thought that he would have to continue for a while was shocked.

This was especially so for the Xuanwu phantom. It even spoke in the human language and asked condescendingly, "Who are you?"

In that case...

"Plop!"

The people of the Black Tortoise Dynasty immediately reacted and knelt down one after another. Xuan Tianyan even released his bloodline aura and his Black Tortoise talent aura as he said, "Greetings, Black Tortoise God. "

"Greetings, Xuan Wushen ... "

At this moment, not to mention the Great Deacon of the Black Tortoise, even Grand Preceptor Zi prostrated himself on the ground and bowed willingly. This was the god who protected their Black Tortoise Dynasty.

"..”Although the rest of the people present bowed, their expressions were not too good.

This was because they all knew that since this Black Tortoise phantom could even retain its intelligence, it meant that it was full of divinity. It was probably especially good at taking care of the people of the Black Tortoise Dynasty. This was not good news for them.

"No!"

While Ye Donglin was pondering, he was the first to notice that something was wrong. Ye Qianli, Rong Mo, and Ye Rui, who were originally on their side, had actually disappeared?

Just now, everyone was shocked by the appearance of the Black Tortoise! No one noticed how Ye Qianli and the others disappeared. Now that they thought about it...

"President Ye, I'm afraid they've been preparing since they came in." Cheng Yu, the powerhouse beside Ye Donglin, had already recovered from the aftertaste in the blink of an eye.

Ye Qianli must have already observed the Black Tortoise Ancient Sect when Rong Mo and Gui Da were confronting each other, and she must have communicated with Ye Rui and the others.

After that, Ye Qianli's 'boasting' was just a show to distract the audience, so that no one knew her real purpose. She was actually going to open the door and leave first.

"But since you're in the same industry, why didn't you bring us along?" Long Qing, who had also figured it out, felt a little depressed. They had been abandoned.

However ... If the dean was here, he would definitely tell them, 'What do you think you are? He was still the dean, but he was still abandoned.

"Ye Qianli must be trying to lead her Heavenly Wolf Army. She doesn't want to give us a spot. " When Ye Shang heard this, he naturally understood the key point and could not help but sow discord.

When everyone heard this, their expressions changed slightly. However, Ye Donglin said coldly, "Shut up! If you didn't reveal that the key was with Ye Qianli, we wouldn't be in such a passive position."

"We even saved her Heavenly Wolf Army. Besides, I didn't do it on purpose. I was just blabbering." Of course, Ye Shang would not admit that she had said it on purpose.

However, Ye Shang really didn't think too much about it just now. She only wanted to make things difficult for Ye Qianli, but she didn't think that this was an act of poaching herself, and the other forces would benefit from it.

Who would have thought that not only was Ye Qianli unharmed, but she had also disappeared with her men! Without even thinking, he knew that they must have already gone in.

This was great...

"No matter what! From now on, you're not allowed to say a word." Ye Donglin felt a headache coming on. He was sure! Perhaps there was a quota, but if it wasn't for his stubborn daughter, who had offended Ye Qianli with her stupid words, they would definitely have had a chance to make a move first.

Of course, although Ye Donglin scolded Ye Shang, he agreed with some of what Ye Shang said. After all, it was a fact that he and the others had saved Ye Rui and the others, but Ye Qianli was so heartless. It was really too much.

Little did he know...

"Buzz!"

Ye Qianli, who was taken away from the spot the moment she opened the door, was also a little confused! After all, it was her first time opening the door. How would she know what would happen?

But she did inform Ye Rui and the others first, telling them to pay attention and follow closely! Don't get separated.

As for Ye Donglin and the others, she believed that they wouldn't just stand there. When Ye Qianli regained her senses, she was a little curious as to why they were all her own people. Could it be...

"This teleportation is so human-like. Directly assigning a system to teleport?" Ye Qianli vigilantly scanned her surroundings, but she didn't sense anyone else's aura. There were only Rong Mo, Ye Rui, and the others.

"I'm afraid not." Rong Mo responded, "They should be stuck outside."

Ye Qianli's eyes lit up. She roughly understood what was going on. After all, they were people with keys, so their treatment was naturally different from others.

Rong Mo's tone softened unconsciously when he saw her mischievous look. ""If you understand, then let's go. Let's take a look inside first."

"Go, go, go! It's best if we can take all the big babies away first and let them cry." Ye Qianli was indeed excited. She didn't expect the Heavenly Silkworm Jade to be a key that could bring her in first.

When it came to snatching treasures, it was definitely the most advantageous to strike first! But at the same time, Ye Qianli thought calmly that she knew very little about the Ye Family.

The Sky Wolf Flag and the Sky Silkworm Jade were not ordinary items. It seemed to be even better than the dynasty's treasures. Such a Ye family ...

"Your Highness." Walking in the darkness, Ye Qianli couldn't help but look back at Rong Mo, who she had just overtaken, with a few probing questions in her eyes.

Would the imperial court not be wary of the Ye family?

"Ji." Rong Mo could tell what she wanted to ask, so he didn't answer her in riddles. Ye Qianli's eyebrows twitched as she thought of the betrothal and the current Northern Territory.

However, just as she thought about it, her little face was pinched again. She was so angry that she was about to explode when Rong Mo's cold voice fell beside her ear. "Stupid panther."
