*Chapter 201: Sure enough, They Are Here to Robb!*

"Buzz!" The Heavenly Silkworm Jade in Ye Qianli's bosom released a shockingly pure energy wave! It was extremely dazzling.

This commotion naturally exposed their whereabouts. The Dongfang family members who had entered first had already surrounded them in unison.

"!"However, the light released by the Heavenly Silkworm Jade was too dazzling. The Dongfang family and the others could not see who the other party was at the first moment.

When the light dissipated, they saw clearly that it was a man and a woman. The man! Dongfang Yue recognized who it was at a glance, so she subconsciously exclaimed, "Holy Son? "

" Saint Child!?" Dongfang Xiao, who was standing beside Dongfang Yue, looked at the man in front of him in shock because of the title of sister.

Dongfang Xiao furrowed his brows. He had been to the Misty Immortal Palace before. Although he did not have the chance to meet the Holy Son in person, he had seen him from afar.

Although he was really far away and could not even see the Saint Child's face clearly, he still felt that he was different from the person in front of him. Firstly, his clothes!

The Saint was usually dressed in white, but the man in front of him was dressed in brocade. Furthermore, there were hair accessories. The Saint Child usually had loose hair, but the man in front of him had a tiara.

However, excluding these details, the man in front of her was indeed extraordinary, especially the cold arrogance that was emitted from the inside out! His disdainful attitude made it easy for people to feel inferior in front of him. It was as if looking at him was disrespectful.

“ ”  
..

Therefore, after taking a few glances, Dongfang Xiao subconsciously lowered his eyes and suppressed the layers of doubts in his heart. He and his sister Dongfang Yue greeted the newcomer.

Ye Qianli, who thought that a fight was about to break out, was completely confused.

However, she wasn't stupid. Seeing that the two of them were so polite and Rong Mo was so calm, she continued to pretend to be calm.

"Saint Child, may I ask who this lady is ..." Dongfang Yue, who had just finished her greeting, naturally turned her attention to Ye Qianli.

In fact, she had been paying special attention to Ye Qianli since the beginning because she was too beautiful! She was so beautiful that she had an inviolable sense of nobility.

In addition, Ye Qianli had long hidden her cultivation and only released a faint divine fire aura, which naturally made her look even more elegant.

But no matter how Dongfang Yue thought about it, she couldn't remember any person who could match up to this woman. The most important thing was that this woman and the Saint had a very subtle relationship. They were actually holding hands?

"What did you take?" However, Rong Mo, who was asked, asked back. The Dongfang siblings' expressions changed immediately when they heard that. They had a hunch that this Saint was indeed here to rob them!

Even the Dongfang family guards behind the siblings had a solemn expression on their faces. In the end, Dongfang Xiao braced himself and said, "Saint Child, please excuse us. We just arrived."

"You guys have just entered for less than ten minutes, but the things inside have been touched." Rong Mo explained indifferently, causing the faces of the Dongfang family members to turn pale.

That was because they had indeed arrived less than ten minutes ago, but when they entered, there was no one inside or outside. Then how did this Saint know?

"Saint Child, although my brother and I have searched, we really haven't found anything. Saint Child, please be clear. Yue'er is really not that kind of two-faced person. You know that." Dongfang Yue said, hinting at the divine egg.

"Hand over the Divine Treasure Map," Rong Mo said.

"!" The faces of the Dongfang family members turned pale and pale. They were in a bad mood, especially Dongfang Yue, who almost fell down.

"Saint Child, you ..." Dongfang Yue wanted to say, " You're being too unkind, " but she didn't dare to say it.

"Since you knew your place before, I hope you know your place now." However, Rong Mo had already pointed it out coldly. If he did not know what was good for him, then don't blame him for doing something.

"Saint Child, I'm sorry but I can't do as you say!" Dongfang Xiao couldn't take it anymore. He felt that the Holy Son was too much of a bandit. This was worse than asking them to leave the Divine Martial Hall.

But as soon as he said that, Ye Qianli cooperated, ""Presumptuous! If the Holy Son wants to see the Divine Treasure Map, he's doing your Dongfang family a favor. Don't be ungrateful."

Dongfang Xiao shuddered at the scolding, but...

Wait a minute! Look? Just looking? Not snatched away?

Dongfang Xiao was indeed a person who paid attention to details. He immediately caught the key point of Ye Qianli's words, so he boldly asked, " Are you really just looking? "

"If not, why would I waste my breath on you?" Ye Qianli continued to bluff. God knew that her palms were sweating from nervousness. The magic box had told her that the cultivation of the siblings might not be particularly strong, but their followers were not simple.

The key was that Ye Qianli couldn't tell which one of them was the strongest! It felt like they were all the same.

However, Dongfang Xiao was able to adapt to the situation, he replied after some consideration, " I'm sorry. Dongfang Xiao was too petty to take the Holy Son's belly. A person like the Holy Son would naturally disdain to snatch it. "

As he spoke, Dongfang Xiao took out a jade slip and handed it to Rong Mo. Rong Mo opened it on the spot. As for Ye Qianli, who was beside him, she didn't look at him at all, as if she wasn't curious at all.

"Pa!" After a short while, Rong Mo closed the jade slip and threw it back to Dongfang Xiao under the watchful eyes of the Dongfang family.

"I've made a fool of myself in front of the Saint Child. Do you have any other instructions?" Dongfang Xiao was not angry at all. He only felt relieved.

"You're tactful." Rong Mo only gave a faint " evaluation " before pulling Ye Qianli away, leaving behind an unfathomable back view.

Dongfang Yue couldn't help but say with admiration, "" As expected of the Holy Son of the Immortal Palace. He really didn't snatch our Divine Treasure Map or fight with us for the things in the Divine Martial Pavilion. Is he disdainful? "

"No, I'm afraid he remembered the Divine Treasure Map." Dongfang Xiao said in a muffled voice. Although this was only his speculation, it should not be wrong.

Dongfang Yue was stunned for a moment, but she didn't take it to heart. ""It doesn't matter if I remember it."

"That's true." Dongfang Xiao nodded. The siblings knew that the Divine Treasure Map was not as simple as it seemed. There were many places that they had to walk to before the Divine Treasure Map would give them the next step.

This was also the reason why Dongfang Xiao was so generous to give them the Divine Treasure Map. After all, as long as it wasn't taken away, they didn't have to worry at all.

Little did he know...

"Do you remember the map?" Ye Qianli asked softly after they were far away.

"Yes." Rong Mo, who had seen through the mysteries of the Divine Treasure Map, nodded. However, his brows furrowed more and more tightly. Ye Qianli, who hadn't noticed it, had already taken out the Heavenly Silkworm Jade with a complicated expression.

#### *Chapter 202: Confession (1)*

The Heavenly Silkworm Jade was so bright just now. It must be because her grandfather's aura was in the Divine Martial Pavilion! If the conditions allowed her to search carefully, there might be clues.

However, in the situation just now, she and Rong Mo had only managed to get out successfully by cheating and swindling. How could they have the chance to find any clues? If he was exposed, he might not even know how he died.

However, when Rong Mo saw her take out the Heavenly Silkworm Jade, he said, ""This thing lit up because of the Divine Treasure Map."

"What do you mean?" Ye Qianli was stunned! Although he had some guesses, he still looked at Rong Mo with uncertainty, waiting for him to explain.

However, Rong Mo had already picked her up without a word. Shocked, Ye Qianli subconsciously hugged his neck and then...She was carried to another place.

This was a garden with ancient trees, birds, and flowers. It was completely different from the quiet halls, corridors, and the Divine Martial Pavilion. However, Ye Qianli was not surprised at all.

She finally understood that the Black Tortoise Divine Treasure was made up of countless independent spaces. She knew nothing about the trick to traversing through these spaces, but Rong Mo was obviously very familiar with it.

Of course, Rong Mo, who was familiar with everything, even reached into Ye Qianli's arms and took out the Heavenly Silkworm Jade.

"You..." Caught off guard, Ye Qianli almost exploded on the spot! This fellow had almost done the same thing the last time. She had even scolded him angrily, but what happened in the end?

He had changed this time. His speed had become faster! It was so fast that she didn't have time to stop it before the Heavenly Silkworm Jade was taken away. Where was he touching? Don't think that she didn't feel anything. He...

"You're a hooligan!" Ye Qianli was so embarrassed that she almost died of anger. However, the original body of the hooligan in front of her was still looking at the Heavenly Silkworm Jade as if nothing had happened.

However, after she finished her accusation, Rong Mo raised his eyebrows and looked at her, but his gaze was directed at the wrong place. Ye Qianli was so embarrassed that she quickly covered her chest.

"No wonder you didn't let me touch you last time. It's because you haven't grown well." Rong Mo said.

"!"Ye Qianli felt as if she had been struck by lightning. She immediately retorted, "Nonsense! Which part of me hasn't grown well? You're the one who hasn't grown well. Your size..."

Ye Qianli wanted to say that her size hadn't gotten better, but she couldn't bring herself to say it.

Because the size of the beautiful prince was clearly floating in front of her eyes, just like him...She really couldn't bring herself to say such heartless words.

However, when she stuttered, her momentum weakened and she was pulled into Rong Mo's embrace. He even asked her condescendingly, ""How's the size?"

"No... Nothing much..." Ye Qianli couldn't go against her conscience, but she couldn't say what she was thinking. She could only laugh it off, but...

"You can't say that about me. How am I not growing well? Although I'm not as big as a coquettish fox, I'm still qualified! Don't go too far. Tell me honestly, did you watch a striptease?" The more Ye Qianli spoke, the more she felt that it must be true. Otherwise, why would she despise her for being small?

No!

He couldn't get over this hurdle, and he actually lied?

He had lied to her earlier that he hadn't seen it, but he had clearly seen it!

The more Ye Qianli thought about it, the angrier she got. She was about to explode. However, Rong Mo's cold voice sounded beside her ear, ""Are you sure you've recovered?"

"Don't change the topic. I ..." This time, Ye Qianli wasn't fooled by his teasing. She was about to settle the score with him.

"Then this prince will touch it again. Perhaps it was a mistake just now." After Rong Mo finished speaking in a serious manner, he attacked again.

"!"Ye Qianli felt as if she had been struck by lightning. She had been struck from head to toe so beautifully that her whole body went soft. She could not stand steadily and leaned into the arms of the culprit, making it easier for him to act like a hooligan.

By the time Ye Qianli came back to her senses, Rong Mo's evil claws had already left the crime scene. He gently stroked her little ear and said to her seriously, " It's indeed healed. It was an accident. "

".."Ye Qianli was so embarrassed that her legs went weak. This bastard Crown Prince was really too evil. He was simply...Simply...He was definitely taking revenge on her for almost touching him! Don't think that she didn't know.

In fact, when Rong Mo reached out to take the Heavenly Silkworm Jade, he did have the intention of " taking revenge ". After all, he had not had the time to teach it before.

However, what happened next was completely out of his control. He found that when he touched this little leopard, the feeling was still ...

"Very good, right?" Ye Qianli's voice was half embarrassed and half angry, almost in sync with Rong Mo's " aftertaste. "

"Yes." Rong Mo replied subconsciously.

It was nothing much, but after he said " hmm ", Ye Qianli, who had been bullied by him, suddenly wrapped her legs around his narrow waist. She looked up at him and said, " Then I want to touch His Highness too. "

Rong Mo was speechless.

Seeing Rong Mo's eyes darken, Ye Qianli almost laughed herself to death. She plucked up her courage and lifted the beautiful prince's clothes, wanting to touch his chest!

However, Bu Mo did not let her succeed at all and directly pressed down on her mischievous hand. Ye Qianli didn't get angry and continued with her other hand!

Both of her hands were pressed down, so she went to kiss him. Rong Mo was so tormented that he almost threw her aside, but she still touched his chest.

Satisfied, Ye Qianli immediately said, ""You said that the Heavenly Silkworm Jade lit up because of the Divine Treasure Map, but is it because it's the key?"

Rong Mo narrowed his eyes and answered as he tidied up his clothes, "" Yes, it was also because the Divine Treasure Map was evolving at that time that the Heavenly Silkworm Jade was stimulated. "

Ye Qianli didn't say anything, but she stared at Rong Mo. She felt that Rong Mo's every move was seductive and sexy.

Ye Qianli couldn't help but recall that he had also tidied up his clothes like this the other day after he had done something bad! It was just that the magnitude was a little bigger. After all, she was naked at that time.

Rong Mo could not help but ask coldly, ""Do you really want to take off my clothes?"

Ye Qianli nodded honestly. Then, her face was pinched. It hurt so much that she immediately looked into his eyes, not daring to look anywhere else.

"Does Grandpa not want to look for me anymore and just want to pounce on me?" Rong Mo asked.

"No, we have to do it simultaneously." Ye Qianli said seriously. Rong Mo's cold expression showed signs of cracking. Why did he feel that his little fiancée had been replaced?

"Your Highness." However, Ye Qianli continued to push herself. She put her arm around his shoulder and called out to him in a coquettish manner, which made Rong Mo's eyes darken.

"Have I ever told you that I like you very much?" Ye Qianli leaned closer to his lips and kissed him. She did not kiss him, but just followed his example and let her breath into his.

"..”Rong Mo’s eyes darkened.

"Your Highness, I like you." Ye Qianli looked into his eyes and expressed her love for him sincerely.

For a moment...

*Chapter 203: Returning the favor*

"I know." Rong Mo’s reply was so obvious that Ye Qianli didn’t know what to say next. This was different from what she had expected!

Ye Qianli felt a little awkward, especially when Rong Mo’s deep eyes were staring at her. He was looking at her with such an innocent expression, which made her even more confused. She...

"Hehehe...I know. It’s good that you know. Okay, okay ...” Ye Qianli laughed foolishly, then quickly loosened her legs and got down. She quickly changed the topic, " Then let’s go. My grandfather is in the divine treasures, right? I..."

Seeing that she was rambling incoherently, Rong Mo calmly helped her tidy up and said, "Since he asked you to take the Heavenly Silkworm Jade and look for it, and the Heavenly Silkworm Jade is the key to the divine treasure, logically speaking, he is indeed in the divine treasure. "

"Yes." Ye Qianli took a deep breath and tried to suppress her chaotic emotions. She thought about the purpose of this trip and couldn’t help but curse herself. She hadn’t even found her grandfather yet. What nonsense was she thinking?

How could it be so easy to win over someone like Rong Mo? Even if he really had feelings for her, it was impossible for him to have her for himself overnight.

However, his influence on her was really huge. Not only could he easily stir up her emotions, but he could also bring her into a " trap " at any time. Ah-she was too deeply poisoned!

In the future, before he had to be with her, she might have to be with him first...

"Hiss!" Thinking of this, Ye Qianli shivered, but she became calmer. Rong Mo, who had been looking at her, frowned unconsciously.

Then, before Ye Qianli could compose herself, Rong Mo grabbed her wrist. She was so shocked that she instinctively wanted to break free, but he tightened his grip.

Ye Qianli had no choice but to let him be. She could sense that he was only checking her body condition. It was probably because she had shivered just now. After all, they had just absorbed the holy water. He was worried that she would suffer from side effects.

In fact, Rong Mo's worry was not unreasonable. The amount of holy water that Ye Qianli absorbed was not less than his! It was also far beyond his expectations.

After all, his body was special. Even if there were hidden dangers, no one could compare to him. However, his little fiancée had once again refreshed his understanding.

Not only did she absorb it almost as much as he did, but she even digested it all.

..

"Your Highness, I don't think there's really a problem with me, do I?" Seeing Rong Mo remain silent for a long time, Ye Qianli, who had been feeling good about herself, couldn't help but feel a little worried.

Could it be that there were some side effects to her feeling that she was wrong?

However, she felt that it was really good. When she was carried by him previously, she had even done a detailed self-examination and did not find anything wrong with it.

"Yes." However, Rong Mo nodded his head seriously, which made Ye Qianli's heart skip a beat. She thought that she was suffering from a rare disease.

"Use your second talent again." Rong Mo said seriously. Ye Qianli's expression turned serious and she quickly released her second talent.

"Biu~"

The trumpet flowers were released as scheduled, but this time! As an Awakened, Ye Qianli could feel that the trumpet flower seemed to be a little different.

"As expected." Rong Mo said in understanding. He even reached out to touch the little trumpet flower, and then...A speechless scene appeared.

".."Ye Qianli was shocked to see her little flower 'fawning' over Rong Mo's slender fingers!

This ...

Uh ...

This wasn't her talent, but Rong Mo's!

"..Rong Mo smiled silently. His sexy lips curved into an obvious arc as he looked at Ye Qianli's long legs.

Ye Qianli subconsciously shrank back under his gaze, and her hand also pulled back the flower. However, the flower actually wilted reluctantly.

"Ha..."

Rong Mo laughed out loud. His clear laughter was like the water that had just melted from a snowy mountain, flowing into Ye Qianli's heart.

Bitter cold! Ecstasy.

It made her heart and body tremble, but Rong Mo smiled and said, ""Find a chance to communicate with it. It should be able to tell you what it's used for now."

"Alright." Ye Qianli took a deep breath and replied. However, she felt that she was really done for. Rong Mo was poisonous! And she was already deeply poisoned. She liked her breath, her looks, her laughter...Ah! Calm down, calm down.

Ye Qianli felt that she was letting herself go by changing her strategy! She couldn't control herself first. How terrible.

Rong Mo, who saw that she was very obedient, held her hand very naturally and walked towards a small path in the forest. However...

As soon as Ye Qianli walked up, she noticed the problem and said, ""Your Highness, this road didn't exist before, right?"

"Yes." When Rong Mo heard this, there was an obvious look of admiration in his eyes, but his tone was a little teasing. " I thought you were only thinking of pouncing on me. I didn't expect you to notice your surroundings. "

Ye Qianli was speechless. She realized that Rong Mo had turned bad!

However, Rong Mo did not continue to play tricks. He said seriously, "" As I speculated, the path to the center of the divine treasure trove will only slowly develop after someone enters, and it will vary from person to person. "

"Doesn't that mean that you didn't see it?" Ye Qianli was a little confused. After all, Rong Mo had said that he would remember it. But if the path was only formed when

people came, it would change! Then how was he going to draw the Divine Treasure Map?

"To others, yes, but not to me." Rong Mo said, which shocked Ye Qianli. She wanted to ask something, but she didn't.

It was not that she had not asked about him before, but he had basically not revealed any information. It had always been like this...He knew everything about her, but she knew almost nothing about him.

Thinking of this, Ye Qianli couldn't help but lower her head in frustration. She felt that perhaps she shouldn't have changed her strategy. She suddenly lost the confidence to enter his heart completely.

But at this moment...

"Ye Qianli." Rong Mo called out to her.

"Yes." Ye Qianli responded in a disgruntled manner.

"I came here to recall the Black Tortoise Divine Power." Rong Mo continued.

"Yes." Ye Qianli was still depressed, so she responded casually. However, she realized that something was wrong after she responded. She couldn't help but look up at Rong Mo with her eyes wide open.

Mind your words, did he say "recall"?

What did he mean? Did she hear wrongly?

"You didn't hear wrongly." Rong Mo, who could see the confusion and shock in Ye Qianli's heart, pinched her silly face and said in a clear voice, "" I'm old friends with Black Tortoise. It's waiting for me. They're all waiting for me. "

"!"Ye Qianli was shocked because Rong Mo's words contained too much information! Even though he didn't say it in detail, she understood what he meant.

Especiallly...

*Chapter 204: Ruler of the Continent!*

Ye Qianli had seen Rong Mo summon the Vermilion Bird God! At that time, she knew that Rong Mo was very strong! Very, very strong.

Therefore, even though she was shocked by what he said now, she was still shocked. He wasn't surprised at all. He even understood that he wasn't just talking about the

Vermilion Bird Deity and the Black Tortoise Deity, but also the White Tiger Deity and the Green Dragon Deity.

I was born with the Four Symbols Divine Body, but I lost them. " Rong Mo said softly, which made Ye Qianli's heart tighten.

However, it was at this moment that Ye Qianli suddenly understood. It was not that he did not want to tell her everything about him, but she was not qualified to know when she asked him that question, and it was best not to know.

No, no, no.

Even the current her did not have the ability to bear this burden! The four guardian gods of the Four Symbol Land were his divine power. What did this mean?

No.

That wasn't even the main point. The main point was that he had thrown them away! Ye Qianli felt like her brain was spinning. She didn't even dare to ask why she lost it.

There was more!

Was it really good for him to say such a big thing so casually? He didn't even give her any mental preparation and just said it like that. Was it really okay?

"..Ye Qianli felt that she had to take her time to digest Rong Mo's " short " words. As a result, she was in a daze and could only let Rong Mo lead her away.

..

At the same time.

In the hall where the large wine bottle was located, Xuan Tianyan, who was absorbing the holy water with all his might like everyone else, suddenly opened his eyes.

The person who woke up almost at the same time as him was Grand Preceptor Zi, who had been very low-key during this trip. The two of them looked at each other silently and then withdrew from the wine cup without leaving a trace.

Following that, Purple Spirit and the others also came out one after another. Under Xuan Tianyan's lead, they left everyone behind! He walked at the same pace as Rong Mo and gradually disappeared from the hall.

However...

Once they left!

"!"The Verdant King opened his eyes and looked at Aunt Hong, who had opened her eyes at the same time. Seeing that the latter had nodded her head imperceptibly, he withdrew from the wine cup.

Although it was a pity, the Verdant King knew that there was something to gain if there was something to lose. If he did not give up the Extreme Ice Holy Water now, everything that happened next might have nothing to do with the Blue Dragon Dynasty.

Therefore, the people from the Blue Dragon Dynasty quickly left the hall under the lead of Aunt Hong! Ye Donglin and the others followed behind, followed by the people from the Ghost Realm. However, there was no movement from the White Tiger King Dynasty.

"General, they're all gone!" He Dongliu couldn't help but open his eyes. As a Quasi-Divine Inscriptionist, his mental energy was pretty good. Thus, he had sensed the movement of Purple Spirit and the others.

However, he wasn't as good as Hong Gu, who could immediately remember the way Xuan Tianyan left. However, after Hong Gu, Ye Donglin, and Gui Dadu brought their people around, he remembered it.

However, Bai Ying Xiong, the leader of the White Tiger Dynasty, was steadily absorbing the water without any intention of following them!

"General!" He Dongliu didn't give up and called out again.

Bai Ying Xiong opened his eyes impatiently and glared at He Dongliu. ""What are you mumbling about? What if I absorb less?"

He Dongliu was speechless. He wanted to say that he didn't need to absorb holy water! Others have already gone to snatch better treasures, but you're still here to cherish things that others don't want.

However, He Dongliu could only think about it in his heart. Of course, he could not say it out loud. He could only explain calmly, "This old master also knows how to follow. Should we catch up? If we're late, I'm afraid we won't be able to drink anything."

" What are you afraid of? Just absorb the holy water obediently. We'll march after everyone has finished absorbing it. " Bai Ying Xiong remained unmoved, which made He Dongliu so angry that he wanted to punch him.

However, Bai Ying Xiong refused to leave. He had no choice but to continue absorbing the holy water. However, he did not know that Bai Ying Xiong had his own reasons.

He felt that they were basically playing with him this time. Instead of chasing after him and watching him play, it was better to play with what others had left. He only wanted stability.

Of course, his cowardly response was also related to the fact that the White Tiger Dynasty did not have enough extraordinary people on this trip...Otherwise, he would be happy to get first place!

However, if Bai Ying Xiong knew that Xuan Tianyan and the others who were running for the first place had not found a single hair in the Divine Martial Pavilion, he would probably praise himself for his wit.

"Your Highness, this place has been looted. There's nothing here." Violet Spirit's expression wasn't too good. She hadn't expected that she wouldn't even be able to find "trash".

Xuan Tianyan didn't expect Ye Qianli and Rong Mo to move so quickly. They were not late, but it had only been about an hour, and they had all been emptied.

"No, maybe it wasn't those two little ones who moved it." However, Grand Preceptor Zi noticed some clues and quickly analyzed that there was another group of people.

"Could it be the dean?" Xuan Tianyan guessed.

"It's hard to say, but this wave of people is indeed very strong. We have to be extra careful." Grand Preceptor Zi couldn't be sure. After all, the remaining aura was limited.

When Xuan Tianyan heard this, he only pondered for a moment before deciding, "In that case, let's go directly to the main hall."

"Alright." Grand Preceptor Zi also knew that if there were too many people here, it was indeed better to go directly to the main hall. He would rather not have any other secret treasures, just not miss the ultimate divine treasure.

Xuan Tianyan seemed to be very familiar with this place, just like Rong Mo. Grand Preceptor Zi and the others were not surprised at all. After all, Xuan Tianyan had awakened the Black Tortoise talent.

In fact, Xuan Tianyan had indeed relied on his Black Tortoise talent to instinctively walk in this world of divine treasures. His intuition was the most accurate map indication.

..

At that moment.

Ye Qianli, who was being held by Rong Mo, had finally finished digesting all the information. Rong Mo's two sentences were trying to express his meaning, but he couldn't help but ask, " Then, is it because you lost the Four Symbols Divine Power that you have a hidden illness? "

"How did you know that I have a hidden disease?" Rong Moqing asked back, but his heart was in turmoil! Other than Little White Meow, only the dean and the deputy dean knew about his illness.

Of course, there was one more person who would know, that person! She was the woman who had an affair with him, and this woman ... Rong Mo glanced at the woman beside him without batting an eyelid.

Ye Qianli, who knew that she had been exposed, wanted to slap herself! He only said a few words from his heart, and you let your guard down again!

However, although Ye Qianli was crying from her own stupidity, she explained calmly, ""I'm not stupid. You already said that you were born with the Four Symbols Divine Body, but you lost it. Doesn't this mean that there's a problem with your body now?"

"That's true." Rong Mo replied softly, but his eyes were unfathomable. However, Ye Qianli could no longer notice Rong Mo's emotions because she saw a tall skeleton.

That was because...

When the skeleton appeared, the Heavenly Silkworm Jade in her arms lit up again.

*Chapter 205: One Last Time (1)*

"Buzz! Buzz ..."

The closer she got to the skeleton, the brighter the Heavenly Silkworm Jade became. Ye Qianli's breathing became a little hurried, but her mind became clearer. She calmly stared at the skeleton that was right in front of her.

At this moment, she carefully recalled that person, her grandfather...His height, skeleton, physique...However, she realized that they were almost identical.

In particular, the skeleton was holding a broken spiked club. Although the club had been destroyed beyond recognition, it was still a spiked club.

And the Purple Extreme Mace was her grandfather's weapon...

"Ha..." Ye Qianli took a deep breath and tried her best to remain calm. However, her voice was trembling when she sent her telepathic message to the Magic Box. " Magic Box, help me identify if he is ... "

"Yes." Even though it was a pity, the Magic Box did not lie to Ye Qianli. It said, " He's related to you by blood. He must be the grandfather you've been looking for. "

"..Ye Qianli stopped talking. She took out the Heavenly Silkworm Jade from her bosom. Seeing how bright it was, her vision gradually blurred.

"Ba da, ba da..." Streams of tears fell from Ye Qianli's eyes. She had been searching for so long, and she had always believed it! Her grandfather was not dead.

But now?

The magic box told her that the skeleton sitting at the end of the path was her grandfather.

The Heavenly Silkworm Jade's instructions also told her that the skeleton in front of her was her grandfather.

She could not believe her own eyes, could not believe her own judgment, but what about the magic box and the Heavenly Silkworm Jade? The magic box was definitely not wrong. It had identified the broken hand last time. It was not his grandfather's hand, and it was indeed the case.

But ...

Why?

Wasn't Grandpa waiting for her? He gave her a hint, and she followed his hint and followed the guidance of the Heavenly Silkworm Jade all the way here. Why was this the result?

Was it too late?

Was it because she was too late? Yes, it must be. How long has it been? More than three months. It has been more than three months since Grandpa's accident.

She was late. Why was she late? She should have come earlier, she...

"Ha..." Ye Qianli took another deep breath and tried to hold back her tears. She opened her eyes wide and looked at the skeleton in front of her. She even reached out to touch it and studied it carefully.

Then, she slowly realized that the skeleton had been dead for less than three months, and its bone marrow was still very fresh. The deceased had suffered many serious internal injuries before he died. However, she could not identify the most serious blow, which was the fatal blow.

But what was certain was that the last fatal blow had also killed the victim until only his bones were left.

Three months and many internal injuries. This matched her grandfather's experience. This match made Ye Qianli completely collapse! It was really...It really was.

" Even if you rushed over when you heard the news, you still couldn't save him. He's been dead for three months. " At this moment, Rong Mo gave a clear time of death.

Three months. It had already taken more than a month to get here from the Vermillion Bird City. The news of Ye Wuji's demise was only known when the Vermillion Bird City was broken.

Even if Ye Qianli had rushed over day and night, it would have been too late. However, although she understood this principle, she still could not let it go.

Maybe?

What if she could make it in time?

But it was too late...

It was too late.

There was no 'what if'. She didn't leave immediately, so there was no 'what if'. So, she was still late. Grandpa was waiting for her! But she was too late.

There was nothing else.

Her only grandfather was gone. The grandfather who doted on her in this world was gone. Perhaps it was destined that she would have no relatives.

That was true. She was an orphan to begin with. She was too greedy to ask for so much after being reborn. Being able to be reborn was already a miracle among miracles. She still wanted so much.

"Ye Qianli." Rong Mo called out in a deep voice because he realized that even if he had explained it objectively, she would not have been able to save him even if she had rushed over early in the morning.

However, the little woman in front of him was obviously still trying to get into a dead end. The more she tried, the more she felt that something was wrong. She was listless and lifeless!

Rong Mo didn't want to see Ye Qianli like this, so he pulled her into his arms and pinched her face.

However, Ye Qianli's reaction was to push him away. She didn't scream in pain or get angry. She just pushed him away with great force! But how could Rong Mo let her succeed? Naturally, he held her tightly in his arms.

"Let go."

"It's none of your business. Don't think too much about it." Rong Mo was not someone who could comfort people. He had already reached his limit by saying that.

"I know. Let go. I want to see my grandfather." Ye Qianli replied calmly. At the same time, she tried to push Rong Mo away but failed.

"You..." Ye Qianli wanted to break free with all her might. She wanted Rong Mo to leave and leave her alone, but just as she was about to open her mouth...

Rong Mo's breath was already close to her ear, and his cold voice became gentler, but it was slightly stiff as he said, "Ye Qianli, you still have me. "

Ye Qianli was startled.

"The Ye Family, your father, the Heavenly Wolf Army, and the Northern Region Army are all waiting for you. You're not alone." Rong Mo continued. After a pause, he continued, "In the future, you can raise a nest of little leopards."

Ye Qianli was speechless.]

"Besides, it's just a skeleton. Although it looks similar, what if it's not?" Rong Mo had probably told Ye Qianli all the comforting words he had said in his 18 years of life, including white lies.

However, it was undeniable that this last sentence! Ye Qianli's eyes lit up. It was just a skeleton.

But ...

"I can sense that he is related to me by blood." Ye Qianli felt dejected when she thought about the magic box. However, Rong Mo's "comfort" did make her feel better.

It was destined that she would not have any family ties. However, she still had to thank this grandfather whom she had never met. Even if he only existed in her memories, he still made her feel warm.

Unfortunately ...

"Grandpa..." Ye Qianli recalled the last scene in her dream. She never thought that it would be the "last time". It was so surreal yet so real.

"Be good." Rong Mo could feel that although the person in his arms was crying, she was no longer going into a dead end. Only then did he secretly heave a sigh of relief.

However, his words sounded as if Ye Qianli was calling him " Grandpa ". Ye Qianli was so angry that she punched his shoulder with tears in her eyes. What the hell!

".. "Rong Mo let her hit him, but his eyes fell back on the skeleton. This time, he sensed a dangerous aura from the eye sockets of the skeleton. He didn't know if it was because of the angle or because he didn't look carefully just now.

*Chapter 206: Taiyi Divine Flower!*

Rong Mo continued to stare at her without batting an eyelid. Gradually...A blood-red spider the size of a grain of rice silently crawled out of the skull's eye socket.

".. "Rong Mo's originally calm eyes flashed with surprise when he saw the blood-red spider.

The blood-red spider suddenly returned to the skeleton's eye socket, causing Rong Mo to be stunned.

"What's wrong?" At this moment, Ye Qianli, who was still immersed in sorrow, also noticed that something was wrong. Especially just now, she also caught a hint of danger.

However, Rong Mo did not answer her. He just pressed her down tightly and did not allow her to move an inch.

However, he also noticed the 'enemy situation' and sent a bullet comment to Ye Qianli, "" It's the God-Slaying Spider. Your grandfather's brain was most likely drilled by the God-Slaying Spider. It first swallowed the brain and then ate the flesh. That's why you can't tell which attack your grandfather died from. "

" It's still there?! " Ye Qianli's breathing became heavy. No wonder she had sensed danger. It was because the " murderer " was still there.

" That's right. It's in the eye socket of the skeleton. It crawled out just now. " The magic box replied.

"On the bones?" Ye Qianli was stunned. She had checked carefully, but she didn't find any God-killing Spiders.

"The God-Slaying Spider is very small and very good at hiding its aura. It's a very ancient vicious beast. Do you know why it's called the God-Slaying Spider? It was because it could even eat the flesh of a god! "

Your grandfather died in the hands of such a sinister person. It can be considered a worthy death. Fortunately, you didn't alarm it just now. Otherwise, you would definitely have died." The Magic Box was worried for Ye Qianli.

Ye Qianli was speechless. What did it mean to die for a reason? Was there anyone who spoke like this?

"However, this God-killing Spider is also strange. It clearly crawled out and was prepared to attack when it saw the opportunity. Why did it crawl back? Could it be that you've discovered this magic box and are afraid?" The magic box was puzzled.

Ye Qianli was also curious. The key was that it was the murderer, and she wanted to kill it! She wanted to avenge her grandfather, but Rong Mo refused to let her move.

In the middle of a stalemate...

"If you don't want to die, come out." Rong Mo suddenly spoke, and his words were obviously directed at the God-killing Spider. Ye Qianli and the Magic Box were dumbfounded.

The most important thing was that the magic box was shocked to find that the God-Slaying Spider that had retreated had really crawled out after hesitating for a while!

F \* ck!

What was going on?

Since when was it so easy to command something as sinister and cunning as the God-killing Spider? The Magic Box felt that its worldview had been refreshed once again!

At this moment, Rong Mo spoke again, "Li-er, release your second innate talent. "

Ye Qianli was in Rong Mo's arms, so she didn't see what was happening. However, she trusted Rong Mo, so she did as he said.

However, the Magic Box noticed that the God-Slaying Spider was about to retreat after Ye Qianli's second Sky Poem was displayed. However, Rong Mo flicked his finger and sent the God-Slaying Spider into Ye Qianli's flower.

" Ji--" An ear-piercing scream pierced Ye Qianli's eardrums. However, she also sensed the " happy " mood that came from her talent.

Ye Qianli was a little confused. The baby didn't even realize that Rong Mo had let go of her. She just stared at the little flower on her fingertip, and naturally, she also saw the little blood-red spider inside.

"I know, I know what your talent is!" The Magic Box's excited comments popped up at this moment because it finally remembered what Ye Qianli's second talent was.

It was the Taiyi Divine Flower!

Taiyi Divine Flower!

Ah--

It actually did not remember for a moment. After all ... As far as it knew, no one had ever awakened the Taiyi Divine Flower as a talent. Because it was the most intelligent of the nine wood spirits! The most difficult to control Wood Origin Spirit Flower.

Compared to the nine original wood spirits such as the Evergreen Tree and the Phoenix Parasol Tree, the Taiyi Divine Flower only appeared in the records of the Primordial World. No one knew about its divinity.

"What is it?" Ye Qianli, who was excited by the magic box, was also curious. She knew that although the magic box was a trap, it was still knowledgeable. To be able to make it so excited, it was obvious that her second talent was extraordinary.

"Uh ... It's better if I don't tell you. I'll wait for you to comprehend it yourself. After all, it didn't tell you. It definitely doesn't want you to know too much and affect your fusion." the magic box explained.

Ye Qianli was speechless. What was this? He had piqued her curiosity, but he didn't tell her.

However, Ye Qianli couldn't do anything about it even if the Magic Box didn't want to tell her. Besides, her attention was soon attracted by the little spider that kept screaming.

"Ji--"

"Ji ji--"

The little spider's screams were getting more and more shrill, as if it was about to die? Ye Qianli was very satisfied. After all, she wanted to kill the culprit.

However ...

"Talk to your talent. Don't kill this God-killing Spider. It can become another sharp weapon for you." Rong Mo suggested.

Ye Qianli understood what Rong Mo meant immediately, but she didn't want to keep the God-killing Spider, especially when she thought about how it had devoured her grandfather and how it still had his flesh and blood in its body.

However, Ye Qianli quickly suppressed this willful reluctance. The talented flower, under her will, spared the God-killing Spider.

However, Ye Qianli didn't want to let it go. She wanted to turn it into a puppet. Therefore, she communicated with the flower and got the flower's "don't worry" feedback. She then controlled it on the spot.

The God-Slaying Spider was indeed "controlled". Although it was unwilling, it tried to escape when Ye Qianli let it out a few times. However, it was beaten up by Flowery and then became obedient.

Rong Mo watched the whole process. Seeing that the God-killing Spider was becoming more and more obedient, he nodded and said, "It's almost time. What do you plan to do with the old man's remains?"

"Naturally, I have to bring it back to the Northern Territory." Ye Qianli put away her talent Flower and God-killing Spider. Although she was sad, she decisively put the corpse and the broken purple mace into her Universe Bag.

"Let's go." Rong Mo patted Ye Qianli's head and held her hand as they walked into the attic. However, his hand froze in mid-air.

At the same time, Ye Qianli, who was still holding the Qiankun Bag, looked up at the sky as if she had noticed something. She saw that the originally clear sky had cracked like a spider web.

Not only that!

".."

The courtyard, which was originally filled with the chirping of birds and the fragrance of flowers, was now completely silent. It was as if the chirping of birds and even the fragrance of flowers were all illusions.

Such a strange change made Ye Qianli alarmed! However-

"Roar!" A beast roar that was as heavy as muffled thunder and filled with boundless divine might had already exploded at this moment. It blasted out a wave of extremely powerful energy waves that seemed to be able to destroy the world.

*Chapter 207: Gathering Together!*

"Roar!"

Ye Qianli immediately summoned the Direwolf Beast. At the same time, she released her Divine Fire. Even the little flower was released.

"Bang!"

At the same time, the terrifying divine power surged towards Ye Qianli and Rong Mo like a tide. The continuous attacks almost sent Ye Qianli, who was fully armed, flying.

"Roar!"

Fortunately, the Direwolf Beast was not weak either. It protected Ye Qianli like a pillar and blocked most of the godly power.

"Chi chi..."

The Nine Heavens Obsidian Flame was also rapidly devouring the energy that was spreading toward Ye Qianli. The flower did nothing but sway in the energy waves, looking like a calm bystander.

Ye Qianli was speechless. It seemed that she had to find time to communicate with the flower as soon as possible. She couldn't miss the chance to completely merge with it.

However, what made Ye Qianli even more speechless was that she had spent a lot of effort to resist the roar, but what about Rong Mo?

"..He just stood there calmly, allowing the surging energy tide to wash over him. He remained unmoved, unaffected in the slightest.

Ye Qianli was speechless. She expressed that she was a little shocked. She had thought that after improving so much, the gap between her and Rong Mo would not be too big.

Now, it seemed that the difference was obvious!

Thinking back to her previous actions, he was the only one who did not mind. Otherwise, even if she had ten faces, they would not be enough for him to pinch...Therefore, it was not unreasonable for her to be afraid of him.

However, she was only dejected for a moment before the ground beneath her feet silently split open. Before she could react, her body had already fallen uncontrollably!

Ye Qianli's expression changed slightly in shock. Rong Mo's slender palm held her hand in time, and his cold voice comforted her, ""Don't panic."

The calm and confident tone in his words made Ye Qianli, who had already calmed down, feel as if everything was under his control.

Ye Qianli asked, "" Has the ultimate divine treasure appeared? "

"Yes." Rong Mo responded and pulled her into his arms. The two of them fell even faster. However, Ye Qianli felt her head was floating again after being treated like this.

There was no other way. This man was poisonous! However, he knew that she could not stand his flirting, and from time to time, he would do something that she could not bear.

Hugs, kisses...

"!"Ye Qianli took a few deep breaths to suppress the fluttering thoughts in her mind. She tried to think of something else instead of thinking too much.

Otherwise, if this continued, she would really be at a loss and would have no choice but to be with him...Moreover, since the ultimate divine treasure had appeared, he would probably have to meet Xuan Tianyan and the others again.

Xuan Tianyan, hehe.

Thinking of the " last meeting " in the dream, Ye Qianli naturally wouldn't forget what Xuan Tianyan had done in the dream! If the God-killing Spider was the ultimate killer, then Xuan Tianyan was the culprit behind her grandfather's death!

If not for Xuan Tianyan's ambush and pursuit! How could her grandfather come to this so-called divine treasure? Would he die alone in this space?

Xuan Tianyan...

This time, since he had come, she wanted him to be buried in the divine treasure forever, to be buried with her grandfather! Thinking of her grandfather who was only left with a skeleton, she did not want to let anyone from the Black Tortoise Dynasty off.

..

And with the appearance of the ultimate divine treasure, the originally independent small space of the divine treasure completely collapsed with that dull and tyrannical beast roar!

All the people who entered the divine treasures were gathered in the same place-the main hall of the divine treasures! Even Ye Rui and Ye Shang were no exception.

Of course, this included the entire Dongfang Family!

Therefore, when Ye Qianli and Rong Mo entered the main hall, they saw two distinct factions. One was the Dongfang family, and the other was the forces of the Four Symbols Continent.

Even the people from the Ghost Realm were standing closer to the few Dynasties, Ye Donglin, and the others. After all, they were not familiar with the Dongfang family. However, the people from the Ghost Realm were naturally 'perceptive' and could sense that the Dongfang family was not simple.

However...

"Saint Child."

"Junior Brother Rong!" As soon as Rong Mo and Ye Qianli appeared, Dongfang Yue and the pale Ye Shang cried out at the same time. This made Ye Qianli, who could see the situation clearly, cry out, " Oh no! "

"Dumb teammate!" Ye Qianli could not help but curse Ye Shang in her heart, but she knew that even if Ye Shang did not call him " Junior Brother Rong ", the reaction of the people in the Four Symbol Continent would definitely be seen through.

"Junior Brother Rong?" Dongfang Xiao, who had sharp reflexes, stared at Rong Mo with a dark expression. Even Dongfang Yue, who was slower, sensed that something was wrong and looked at Rong Mo with an unpleasant expression.

"You lied to us!" Dongfang Yue had never expected that this young master with an extraordinary temperament and unfathomable strength would appear in front of her! It was actually a fake Holy Son who pretended to be sanctimonious.

Unfortunately ...

Rong Mo, who was being criticized, did not even look at her. He only looked up at the center of the hall, which was already filled with a faint black fog. He did not bother to explain at all.

"..”Ye Qianli was impressed by his reaction. However, when they met at the Divine Martial Pavilion, this young lady of the Dongfang Family seemed to have already determined that Rong Mo was the Holy Son of the Ethereal Immortal Palace.

It seemed like Rong Mo had lied to a girl more than once. She felt that this was different from the " honest and unforgiving " beautiful prince she knew!

However, if Rong Mo knew what she was thinking, he would definitely be speechless. After all, he had never lied from the beginning to the end. However, other people wanted to " confirm " that he was the Holy Son, and he was just reluctant to be the Holy Son.

"!”Compared to Ye Qianli, Dongfang Yue, who was ignored, was fuming with anger! Of course, Dongfang Xiao and the others beside her also had ugly expressions on their faces.

However, Dongfang Xiao was a shrewd person. He didn't attack directly, but threatened, ""Who are you exactly? Do you know that just because you impersonated the Holy Son, there is no place for you in the world?"

However...

Rong Mo continued to ignore him, which made Dongfang Xiao's face turn green like a vegetable! The Dongfang family guards behind him also released their auras. It was obvious that they were about to make a move.

Ye Qianli subconsciously grabbed Rong Mo's sleeve nervously, but she didn't say anything. She just communicated with the little flower quietly.

If these Dongfang Family people were blind and insisted on fighting! She didn't mind letting the God-Slaying Spider feast on her first. It was a good opportunity to test how powerful it was.

However, Ye Qianli's silence and Rong Mo's indifference didn't mean that others wouldn't make a fuss, such as Xuan Tianyan! After observing for a while, he said confidently, May I ask where you are from? How could you not recognize the famous Vermillion Bird Crown Prince Rong Mo of Four Symbols Continent? "

As soon as he said this ...

*Chapter 208: Borrowing the Blade to Kill Xuan Tianyan!*

"Four Symbols Continent?" Dongfang Xiao was stunned for a moment. He had never heard of the Four Symbol Land, so he glanced at an old servant beside him.

Ye Qianli's eyes and ears were sharp. She immediately caught the flash of realization and disdain in the old servant's eyes. This made Ye Qianli guess that these people from the Dongfang family must have a powerful background.

"Never heard of it." Dongfang Xiao's expression immediately became much better after receiving the old man's signal. However, his eyes were filled with a dark killing intent! However, Ye Qianli understood that she couldn't let this go.

"Your Highness." Ye Qianli called out to Rong Mo in a low voice. Rong Mo, who had been paying attention to the black fog since the entrance, responded with a "hmm".

Ye Qianli was speechless by his casual "hmm". He was about to kill her, and yet he was still so careless.

"How dare you deceive my Dongfang family and use the name of the Holy Son. I'll give you two choices. One is to commit suicide to apologize! The second one..."

Dongfang Xiao was the one who had started the conversation, but Dongfang Yue interrupted him. "Kneel down and kowtow! Please let me go. If I'm happy, I might let you live."

Dongfang Xiao, who was interrupted, frowned. However, when he looked at Rong Mo's appearance, he knew that his sister was a little tempted.

After all, if everything else aside, this kid's charm and appearance were indeed top-notch. Otherwise, Dongfang Xiao would not have been fooled.

But speaking of which, the girl beside this kid was pretty good. If they knew what was good for them, it would be fine if they didn't kill her. It would just be two more people to serve.

Dongfang Xiao didn't stop Dongfang Yue, but the siblings didn't respond. Rong Mo couldn't be bothered with them, and Ye Qianli, who had been anxious, calmed down.

Since Rong Mo was not in a hurry, he must have the confidence to deal with them. Then, there was nothing to be anxious about. Thinking of this...She just watched calmly.

Their reaction naturally angered Dongfang Yue. She immediately berated them, "Bastard! Are you deaf? Didn't you hear what I said?!"

"Kong Wu, You Li, capture these two for me!" Dongfang Xiao was much more direct. He immediately ordered his subordinates to take action. He could finally see that this self-righteous Vermillion Bird Crown Prince didn't have any blood! She wondered why the flowers were so red.

"Everyone, let's talk things out! There might be some misunderstanding." When Ye Donglin saw this, he naturally couldn't continue watching. He stood up and tried to smooth things over.

"Swoosh!"

However, as soon as Ye Donglin spoke, Dongfang Xiao struck out with his palm! The palm wind carried a tyrannical power of lightning, shocking Ye Donglin so much that he hurriedly released his strongest talent.

"Boom!"

The Raging Flames of Rage burst out from Ye Donglin's body and collided with Dongfang Xiao's palm, creating a terrifying shockwave.

"Boom!" Ye Donglin was knocked back a step, but Dongfang Xiao did not move a single step. There was a clear distinction between the superior and the inferior, but Ye Donglin was a fifth-grade talent and was already in his forties or fifties.

But what about Dongfang Xiao?

Ye Donglin could tell that the other party was at most in his twenties. The other party was only a third-rank talent. There was only one possibility for him to be stronger than him--the talent he had awakened was very strong.

“ ..”

The Verdant King, Bai Ying Xiong, Gui Da, Grand Preceptor Zi, and the others were all shocked by this scene! Because everyone knew that although Ye Donglin was forced to take a step back, Ye Donglin's strength was not weak!

Ye Donglin was a fifth-rank talent, and the highest talent he had awakened was only the sixth-rank Southern Flame Earth Fire! But his lowest talent was also a Tier 5 Explosive Ape! He was a Tier 5 alchemist with a very stable foundation.

Otherwise, he wouldn't be able to hold on to his position as the president of the Treasure House! But now, he was defeated by a young man of unknown origin with just one palm strike?

"Trash, you have the right to speak? It seems that the Four Symbol Continent that you speak of is indeed not worth mentioning." Dongfang Xiao, who had gained the upper hand, sneered. He was basically certain that these people of unknown origins were weak.

He looked like a fifth-rank talent, but he could not even withstand a palm strike from a third-rank talent! He was already so old, and the others were probably just like that.

When he heard the other party belittle the entire Verdant King of the Four Symbol Land, he immediately said indifferently, ""Ridiculous! President Ye's forte is pill refinement, not fighting and killing like a brute. I wonder where you guys come from to have such a crude upbringing."

"Looks like you want to die too." Dongfang Xiao glanced at the Verdant Emperor, his eyes filled with killing intent!

"Old Bai, let's attack together?" The Verdant King did not say anything else but looked at Bai Ying Xiong. Although he did not say it explicitly, Bai Ying Xiong, who had been watching from the side, understood what he meant.

Bai Ying Xiong looked like a boorish old man, but he was actually very smart. He replied, " Yes, but Old Mao Zi, Gui Da, you two should come too. Don't think about fishing in troubled waters. "

"Ha! What does your killing have to do with me?" Gui Da sneered and refused.

"That's right. This matter started because of Rong Mo. What does it have to do with my Xuanwu Dynasty?" Grand Preceptor Zi also refused. He couldn't wait for these people to fight to the death.

"It's fine if you don't make a move. If you dare to take advantage of the situation later, just wait for the revenge of my Blue Dragon Dynasty!" The Verdant King had already expected this, but he spoke in a powerful voice.

"You guys talk too much, Uncle Chen! Make your move. Don't leave anyone alive to save trouble." Dongfang Xiao looked at them with disdain and took a step back.

He also understood that this group of people were not united! That was even less of a threat. He would directly kill them all so as not to delay them from seizing the treasure.

However, when Uncle Chen, who was called out, slowly stood up!

"Do you know what talent he has awakened?" Ye Qianli suddenly pointed at Xuan Tianyan and said. Xuan Tianyan's eyelids twitched when he heard this, and he knew that something was wrong.

But Ye Qianli continued, "The Divine Beast Black Tortoise."

"What?" The Verdant King and the others in the hall were shocked when they heard this. After all, Xuan Tianyan had done a good job of keeping it a secret. They really did not know about this.

However, even though he was exposed, Xuan Tianyan denied it in an orderly manner, ""I hope that I can really awaken the divine beast Black Tortoise's talent. In that case, the divine treasure will be mine. What else do you have to do?"

"You have indeed awakened the Black Tortoise talent. Otherwise, you wouldn't be so familiar with this place." However, Aunt Hong, who had been silent all this while, spoke up to prove it.

"Ridiculous! Rong Mo is more familiar with this place. Could it be that he has also awakened his Black Tortoise talent?" Xuan Tianyan sneered and asked back, but a faint purple light flashed in his eyes.

"I don't know about him, but you definitely are. Moreover, you've already reached a tacit understanding with the Black Tortoise Guardian Phantom. If you want, you can kill us all here." Aunt Hong said shockingly.

As soon as he said that! Everyone was silent.

Even Uncle Chen of the Dongfang family, who was about to make a move, looked at Xuan Tianyan with a lightning-like gaze. He could ignore everyone present, but he had to be cautious about the words "Black Tortoise Guardian Phantom".

"..Xuan Tianyan, who had instantly become the focus of everyone's attention, did not panic at all. He even revealed a strange smile!

*Chapter 209: Protecting His Wife Quietly!*

"Pa, pa, pa." Xuan Tianyan, who was clearly fearless, even clapped his hands and clapped. Everyone's expressions changed.

"Humph! Pretending to be mysterious." However, when Uncle Chen of the Dongfang family saw this, he made a prompt decision! He punched at the top of Xuan Tianyan's head.

"Roar!"

As soon as this fist was unleashed, everyone present could see that a golden titan had already exploded from behind Uncle Chen! It turned into the soul of this punch and smashed towards Xuan Tianyan.

" Gold element explosive battle type talent, seventh rank Gold Titan! " Ye Donglin could even tell at a glance the level and type of Uncle Chen's talent!

Moreover, if his senses were not wrong, this person's cultivation should be at the peak of tier 6, comparable to the academy's dean! It was simply terrifying.

However, when did such a powerful peak-level sixth rank talent appear in the Four Symbol Land? He had never heard of Uncle Chen, but he seemed to be just a retinue of the Dongfang family!

A person with such a powerful cultivation was actually willing to be a retinue? What was the background of this Dongfang family? Why had he never heard of them? Could it be that the true hidden cultivation clan was alerted by the Black Tortoise Divine Treasure?

".."

Ye Donglin's mind was filled with uncertainty. The rest of the people present were similarly shocked, but...

"Roar!"

The Black Tortoise phantom that had appeared before had indeed appeared beside Xuan Tianyan at this moment. It swept its claws at the Golden Titan.

"Bang! Rumble!"

The golden titan, which had been so powerful that it had shocked Ye Donglin and the others, was torn apart by the claw and dissipated into a stream of light.

" Pfff! " Uncle Chen spat out a mouthful of blood on the spot and was smashed into the wall of the hall. He was embedded in the wall and his life force was instantly extinguished.

Fallen...

In just one exchange, this person had the same combat strength as the principal! Uncle Chen, the servant of the Dongfang clan elder, had fallen.

He did not even have time to release his other talents. He only summoned his strongest Golden Titan talent! Ye Qianli didn't expect such a result.

"..”The crowd was dumbfounded. They obviously didn't expect that even the informant, Hong Gu, was shocked.

However, thinking about it, it made sense. No matter how awesome the Golden Titan's talent was! It was just a beast that had comprehended a trace of the metal-elemental origin, while the Black Tortoise was a primordial divine beast that had mastered the water-elemental origin.

Therefore, even if the Black Tortoise was only a shadow of the Guardian Deity Treasure, it still had endless power! Then ... If he could obtain the ultimate divine treasure, how terrifying would his power be?

“!”

At this moment, everyone present was shocked! He was happy and even more panicked. After all, although this ultimate divine treasure moved people's hearts, this guardian phantom was too terrifying! Most importantly, it was controlled by Xuan Tianyan.

This made Dongfang Xiao, who also understood this point, turn even paler and paler. It was extremely interesting! Just a moment ago, he was still mocking the Four Symbol Land for not being worth mentioning. The next moment, he was slapped in the face.

However, the culprit, Xuan Tianyan, didn't look at Dongfang Xiao. He only looked at Ye Qianli and said mockingly, ""Are you surprised?"

And what he said was exactly what Ye Qianli had said to him before she destroyed Xuanwu City...

"A little." Ye Qianli nodded honestly. Her hand that was grabbing Rong Mo's sleeve was covered in cold sweat. She had never expected this! Xuan Tianyan still had this trick up his sleeve.

However, when she thought about Xuan Tianyan's awakened talent and the fact that the guardian of the Black Tortoise Dynasty was the Black Tortoise God, she felt relieved. However, she also knew that she had gone too far this time.

With the enmity she had with the Black Tortoise Dynasty, it would definitely be her turn to be unlucky.

"Senior, capture this slut!" Xuan Tianyan also made a request as Ye Qianli expected! As soon as his request was made, the Black Tortoise's shadow reached out its claw to grab Ye Qianli.

"Young Miss!" When Ye Rui and the others saw this, their expressions all changed! However, even if they had already rushed forward without any regard for their own safety, with their strength, they could not stop it at all.

An existence that could destroy a peak Tier 6 talent like an ant was not something that anyone present could stop! Even if the dean was here, it would be futile.

"What a pity." The Verdant King sighed with a complicated look in his eyes. Beside him, Aunt Hong said firmly, "Not necessarily." She felt that Crown Prince Rong would definitely bring her a surprise.

However, he didn't!

"It's over." Everyone present saw that the giant claw of the Xuanwu phantom had already firmly grabbed Ye Qianli. There was no suspense.

It seemed like the Vermilion Bird Crown Princess Consort, whose talent was no less than Crown Prince Vermilion Bird Rong's, was about to fall into the hands of the cunning Xuan Tianyan.

But why didn't Crown Prince Zhu Que Rong react at all?

At this moment, not only was Aunt Hong puzzled, but many people present were also very puzzled, especially Xuan Tianyan himself. He thought that Rong Mo would stop him, and even if he did, it would be in vain. But he didn't?

"No, that's not right!" Xuan Tianyan looked around and found that Ye Rui and the others who had rushed out without any regard for their own safety were nowhere to be seen.

"Buzz!"

At the same time, Ye Qianli, who had been pinched, turned into a wisp of black smoke and disappeared. This scene stunned everyone! He couldn't understand it at all.

"It's actually an illusion! What a realistic illusion, how did you do it?" Auntie Hong was shocked, but she did not understand why it was an illusion. Could it be that these two little ones were not real people from the beginning? That was impossible.

"What happened?" Xuan Tianyan couldn't understand it either, so he could only ask the Black Tortoise phantom. However, at this moment, the Black Tortoise phantom was clearly a little confused! Because its four eyes were clearly filled with astonishment.

When Xuan Tianyan saw this, he had a bad premonition. He could not help but ask in a deep voice, "Senior, what's going on? Where are they?"

"It's the final test of the divine treasure trove, the Phantom Maze Formation. They've entered." The Black Tortoise phantom said in a dignified voice, but there was a thick look of doubt in its eyes. Logically speaking, the final test of the divine treasures could not have appeared so quickly.

However, the nine doors that had silently appeared at this moment were indeed the entrance to the final test of the Black Tortoise Divine Treasure. The position where Rong Mo and Ye Qianli were standing was where the ninth door was.

In other words! They had indeed gone in.

This knowledge...

"Damn it!" Xuan Tianyan was so angry that he almost vomited blood. If he had known earlier, he would have attacked earlier. Now, it was great! He had wasted a great opportunity.

However, he had never expected that the final test of the divine treasures would appear so quickly. Wasn't it said that it would only appear after everyone had arrived? That red knife is not here yet!

If it wasn't for Hong Gu's revelation, Xuan Tianyan would have waited for Red Knife to appear and then quietly wipe them out to prevent the news from leaking.

Now ...

### *Chapter 210: Illness Acting Up!*

Xuan Tianyan was so angry that he could only hide this plan in his heart. He led the people from the Black Tortoise Dynasty directly into the ninth door, the same door as Ye Qianli and the others.

The Black Tortoise phantom also disappeared naturally after Xuan Tianyan and the others left, but everyone knew! As long as Xuan Tianyan summoned it, as long as it was within this divine treasure, it could reappear at any time.

"Your Highness, let's go in as well." However, Auntie Hong wasn't too worried. Thus, she reminded the Green King after she regained her senses.

The Vermillion Bird was the one who had a grudge against the Black Tortoise Dynasty. As long as Xuan Tianyan was not crazy, he would definitely not cause trouble for the Blue Dragon Dynasty. Moreover, after entering this so-called ultimate test array, the Black Tortoise phantom should be beyond his reach.

Otherwise, Rong Mo and Ye Qianli would definitely be hunted to death. How could Xuan Tianyan let them go? With this thought, the Verdant King calmed down.

"Let's go." The Verdant King led the team to the first gate. He did not want to meet the two groups of people. He was not so bored that he would panic.

After that, Bai Ying Xiong chose the third gate, Gui Xuan chose the sixth gate, and Ye Donglin chose the second gate. As for the Dongfang family, they never chose.

"Brother, what should we do? Do you want to go back first?" Dongfang Yue was frightened by the attack of the Black Tortoise phantom just now. Her expression was still very ugly. She was not worried about anything else, but she was afraid that Xuan would want to silence her.

"I bet they wouldn't dare, or else we would have attacked them just now." Dongfang Xiao replied coldly, but he was a little nervous. However, he knew that if the other party really wanted to silence them, they would definitely not be able to hide.

In that case...

Dongfang Xiao pondered for a while and decided, "Let's go in first." After all, they had the Divine Treasure Map, so they had an advantage in the illusion formation.

Rather than betting on being let off, it was better to strike first! If he could kill that Xuan guy inside, all the danger would be resolved. Why would he need to worry about being intercepted?

He had made up his mind! Dongfang Xiao led his men into the ninth lane.

"Brother..." Dongfang Yue was a little worried, but she did not object because she knew that Dongfang Xiao was right.

After all, although Uncle Chen was dead, as long as the Black Tortoise phantom did not appear, the Dongfang family's strength would still be above these people. As long as they killed that Xuan in the array, they would have nothing to fear.

At that time...

"!Dongfang Yue's heart palpitated when she thought of the 'fake Holy Son.' She decided that as long as he admitted his mistake, she would bring him back to the Dongfang family. Seeing that he was quite talented, she would let him have it easy! He wanted him to be the Dongfang family's son-in-law.

..

As the various groups of people entered the array with their own thoughts, the illusory image of the Black Tortoise that had originally disappeared appeared in the hall again. It looked at the ninth door thoughtfully.

"I can't be wrong. The reason why the Nine Gates appeared so early must be because of that kid with the Vermillion Bird's aura! However, he had the power of the Vermillion Bird, so how could he draw the Black Tortoise Divine Breath? He even made the divine treasure test appear in advance." The Black Tortoise phantom could not understand.

In fact, other than Ye Qianli, who knew a little about it, no one else could understand! However, she still wanted to confirm it. As she walked, she asked, "You were the one who summoned this illusion formation, right?"

"Not really." Rong Mo said. After all, this formation was already there. He had only drawn it out in advance to avoid the Black Tortoise's guardian phantom.

"You knew that you would encounter the Black Tortoise phantom?" Ye Qianli thought for a moment and realized that Rong Mo seemed to have known that he would encounter this big trouble from the beginning. Therefore, he must have been preparing to summon this formation the moment he entered the hall.

"Ninety percent." Rong Mo was still very concise. Ye Qianli didn't say anything and just followed his fast pace. At the same time, she signaled Ye Rui to follow and asked about their situation.

"Young Miss, we are useless. We didn't take good care of Young Master Hong." Ye Rui first apologized, then explained the situation in detail. Thinking of the red knife that he hadn't seen until now, he felt uneasy.

Speaking of which, these few people could still kill enemies on the battlefield, but here, they had become a burden to the Eldest Miss and were of no use at all.

This realization made Ye Rui a little depressed, but he didn't show it on his face...

"This is not your fault. If you really want to blame someone, you should blame Ye Shang." Ye Qianli didn't expect that Red Knife would go missing to save Ye Shang. She didn't know what to say.

Especially when she thought about how her grandfather...Ye Qianli's eyelids trembled, and her breathing became a little chaotic.

Especially since all the living people were here, why didn't Red Knife come? Thinking of this, Ye Qianli's heart sank even more. She felt that Red Knife was probably in trouble too.

Damn it! She really didn't like the word " bad luck " at all, but the truth was always so unsatisfactory. No one knew which one would arrive first, an accident or tomorrow.

"..”Ye Qianli thought silently. Her mind was in a mess. However, Rong Mo's speed was getting faster and faster, which made her heart even more anxious.

However, Ye Qianli didn't ask any more questions. She maintained the same speed and walked along the same curve for about 15 minutes.

Rong Mo suddenly stopped, catching him off guard! Ye Qianli, who was very close to him, bumped into his back and almost sent herself flying.

However, Rong Mo, who had been knocked into, had already turned sideways and pulled her into his arms. It was impossible for her to be sent flying even if she wanted to, but...Thinking of her subordinates, Ye Qianli quickly stood up.

Rong Mo didn't stop her and only ordered, ""Ye Rui, you guys go forward for a mile, turn left at the fork, and guard there."

"..”Ye Rui didn't respond. After all, he wasn't Rong Mo's soldier. Moreover, his master was here, so it wasn't Rong Mo's turn to give him orders.

Fortunately, Ye Qianli reacted quickly and said, ""Ye Rui, quickly bring people to guard it. Those bastards of the Black Tortoise must be chasing us."

" Yes, Eldest Miss, Your Highness. " Ye Rui didn't make things difficult for Ye Qianli. After he finished his words, he left with his men.

After they left, only Ye Qianli and Rong Mo were left in the one-meter-wide dark bend. When there were many people, Ye Qianli didn't feel anything. Now that there were fewer people, Ye Qianli felt a little cramped.

"What about us?" she asked.

Rong Mo seemed to be silent for a moment before continuing to lead the way, "Follow me."

"Oh." Ye Qianli didn't dare to get too close to him. She was afraid that what happened just now would happen again. Although she liked his embrace, she didn't want to do it now. They were doing serious business. She was afraid that she wouldn't be able to think properly.

However, Rong Mo, who was walking in front of her, frowned when she deliberately stepped back. He reached out his hand and said, " Give me your hand. "

"Ah?" Ye Qianli was stunned for a moment, but Rong Mo stood in front of her and refused to leave. He seemed to be unwilling to leave until she held his hand.

Ye Qianli had no choice but to let him hold her hand. She didn't know if it was an illusion, but Rong Mo seemed to hold her hand more tightly this time.

However, along with this feeling, there was also the feeling that his hand was getting colder and colder! Ye Qianli panicked and thought of a possibility...
