

The Useless Consort Suddenly Makes A Comeback

#Chapter 221: The Beautiful Prince Is So Shameless! - Read The Useless Consort Suddenly Makes A Comeback Chapter 221: The Beautiful Prince Is So Shameless!

Chapter 221: The Beautiful Prince Is So Shameless!

Dongfang Xiao was in so much pain that his soul felt like it was about to split! He felt as if his bones were about to explode. At the same time, the talisman he struck out also burst out with a surging white light! It engulfed him and Dongfang Yue.

"Ah!"

"No-"

At the same time! Of course, none of the Dongfang family's guards were spared! All of them were burned by the Vermilion Bird's flames. Those grade-4 talents who were already on the verge of death were burned to ashes on the spot.

Those half-dead grade-5 talents only had time to let out a miserable cry before they died. A large number of people were all dead.

Not a single one survived! Death comes one after another, and there are many companions on the road to hell.

".."

Ye Qianli was dumbfounded! She had always known that Rong Mo was strong, but she didn't know that Rong Mo, who hadn't summoned the Vermilion Bird God, was also terrifyingly strong!

Eight Tier 5 talents and eight Tier 4 talents, two of which were at the peak of Tier 5, had all died just like that.

The strength of those two peak Rank Five talents should be equivalent to that of Grand Preceptor Zi and the Great Guardian of the Black Tortoise. Yet, she had beaten them up! They were fighting to the death, but he was fighting a group of people with ease.

This gap, Ye Qianli...

Rong Mo had to clarify at this moment, ""They are all Divine Flames. Do you know how much room your Nine Heavens Obsidian Flame still has to develop?"

Ye Qianli was speechless. She had been hit hard and decided not to speak to Rong Mo for three days. This was too much! Was there such a blow? After all, she was his savior.

However, Rong Mo, who had dealt a blow to Ye Qianli, frowned in dissatisfaction. " I just recovered. I'm still too slow. Two of them ran away. "

Ye Qianli was speechless. She had sensed this because the aura that engulfed the Dongfang siblings earlier was the aura of the shen glyph! Furthermore, it should be a fifth-ranked Divine Inscription.

The power of the fifth-ranked Divine Inscription was pierced through by Rong Mo's Divine Flame and injured! Even if the Dongfang siblings didn't die here, Ye Qianli didn't think that they would have a good life.

Rong Mo's fire was too terrifying! Being severely injured by his fire, ordinary pills and doctors probably couldn't save him. He would most likely die, just not on the spot.

However ...

"They actually have fifth-ranked Divine Inscriptions engraved on their bodies. How did they do it?" Ye Qianli was more curious about this.

Because she was a Divine Inscriptionist, she knew very well that if she wanted to preserve the Divine Inscriptions that she had inscribed, unless she was controlling them herself, it would be impossible.

"It's a secret art. Divine Inscriptionists themselves are extraordinary, and with the addition of the special talisman paper, it's only natural that they can do it." Rong Mo explained nonchalantly.

"Then do you have this kind of talisman paper and technology?" Ye Qianli asked subconsciously.

"No, I haven't."

".. "Ye Qianli was speechless. She thought that he didn't care about it at all. In the end, it didn't...

"Does it still hurt?" Rong Mo had already returned to Ye Qianli's side after dealing with the eyesore. Although her wounds were healing, she was still covered in blood, making it difficult for him to breathe.

"It hurts." Ye Qianli reached out her hands and looked like she was in pain and wanted a hug. Rong Mo's eyes twitched, but he did as she wished and hugged her.

Ye Qianli immediately hugged his neck with a sneaky smile, but when she saw her torn clothes, she couldn't help but retract her hand.

"Is there any point in retreating now?" Rong Mo raised his voice, which made Ye Qianli, who had just seen his spotless brocade clothes dyed red by her, smile embarrassedly.

Rong Mo bent down slightly and enlarged his impeccable handsome face in front of her eyes. Even the smell of her own blood was washed away by his snow-white breath.

"..Ye Qianli subconsciously took a deep breath. Her chin was lifted slightly, and her eyes met with the pair of dark eyes that were approaching her.

It was still so deep that she couldn't see the bottom. Ye Qianli still had a feeling that her soul would be absorbed if she wasn't careful. She subconsciously lowered her eyes.

"Look at me." However, Rong Mo was overbearing and did not allow her to look down. He even kissed her on the eye, causing her timid and frightened little heart to beat really, really fast! He couldn't even suppress it.

"Your Highness," Ye Qianli felt her heart beating faster and faster, and her body was heating up. She could feel her wounds burning and stinging. They were all healed!

Her injuries looked terrible, but they were actually not bad. They were all external injuries. After all, the Black Tortoise Great Exalt, who had ended her life, could not provide "follow-up support." Therefore, the terrifying force of the attack was actually very weak. She only suffered superficial injuries.

Rong Mo knew that, but when he caressed the wounds on her body, his eyes were still getting darker and darker. Ye Qianli, who was "forced" to look at him, wanted to lower her eyes again.

However, just as she was about to lower her eyes, Rong Mo called her, "Ye Qianli."

Her eyelashes trembled when she heard that. She immediately looked at him with interest, as if she was a frightened little leopard. A touch of gentleness naturally flashed across Rong Mo's dark eyes.

"Do you have anything to say to me?" Rong Mo asked softly.

"Ah?" Ye Qianli was confused.

"Think carefully." Rong Mo continued to speak. The hand that was originally caressing the wound on her arm was now wrapped around her waist, and he also touched the wound on her waist.

"Pfft, itchy..." Ye Qianli's waist trembled, and she instinctively tried to dodge. However, Rong Mo held her down tightly, not allowing her to dodge at all.

Ye Qianli couldn't avoid it, but she could feel Rong Mo's long fingers gently caressing her wounds. It made her heart palpitate and her body feel even hotter.

Rong Mo's hand continued to stroke the wound on her lower abdomen after he had finished stroking the wound on her waist. His hand moved up and up until her face was completely red.

"Hall ... Your Highness..." Ye Qianli's voice was trembling. She was like a boneless octopus, lying in Rong Mo's arms.

"Have you thought of that?" Rong Mo's voice was still as cold as ever, but he still whispered into her ear. When she didn't reply, his fingers pinched her maliciously. "Hmm? "

" Ah! " Ye Qianli cried out in shock. Her whole body trembled, and her hands subconsciously grabbed his back. Her mind went blank! No, the beautiful prince was so shameless.

However, at the same time, she felt a weight on her body. She...

She had been placed on the ground, and Rong Mo was pressing down on her. His sinful hands were clearly still at the crime scene. He stared at her, and there was an endless surge of darkness in his deep eyes that swept towards her! Violent, violent ...

Chapter 222: This Prince Is Good Looking, Serves Him Right?

This Rong Mo shocked Ye Qianli so much that her soul was trembling. She felt strange and her heart was burning. She also felt guilty subconsciously.

Rong Mo saw her guilty conscience, and it made his eyes surge with rage. However, he still did not say anything, as if he was waiting for something.

He didn't say anything, but he tightened his grip on Ye Qianli's body, making it harder for her to breathe. Her entire body was probably as red as a tomato.

Red! It was so hot that she subconsciously swallowed her saliva, but it still could not relieve the dry mouth and tongue that came from her soul. How could she think about it? At this moment, her brain did not have the ability to "think" at all.

Moreover, Rong Mo's refreshing " thirst-quenching " scent was right in front of her. It was so enticing that she did not even think about it. She had already followed her heart and entangled herself with him. Her heart was extremely hot! She needed to cool down.

"Ye..." Rong Mo wasn't surprised by her kiss, but that wasn't what he had been waiting for. He wanted to stop her from pressing down on the cheeky little leopard, but the distance between them was too close, and he pressed the wrong spot.

"Yes..." Ye Qianli moaned as she was pressed down by him. Her long legs instinctively wrapped around his narrow waist, and her lips and tongue naturally wrapped around him more passionately. Her small hands even wanted to touch his clothes.

His speed was really fast. He clearly wanted to eat him up!

Rong Mo immediately grabbed her hands and pressed them against her head. Even her legs were pressed down by his long legs.

In this way, Ye Qianli couldn't even move, let alone act recklessly.

Rong Mo's series of actions had sobered up Ye Qianli, who was still in a daze. She couldn't help but feel ashamed of her own "shameless impatience"!

"Are you awake?" Rong Mo asked coldly when he saw that her eyes were no longer as dazed as before. However, his breath still lingered in her nostrils.

"Cough!" Ye Qianli cleared her throat and tried her best to be serious. "Your Highness, please stay away from me. I can stay awake." In other words, if you continue to be like this, I really won't be able to stay awake.

Rong Mo raised his eyebrows and said meaningfully, "Is this prince in the wrong?"

"Yes, Your Highness knows that I like you very much, but you still came to seduce me. That's why I couldn't control myself. You can't blame me." Ye Qianli said seriously.

"Heh." Rong Mo laughed, but his gaze on her darkened. "So you're not in the wrong. I'm good-looking and deserve it?"

Ye Qianli was speechless. Why did she feel that there was something else in his words?

However, before she could think about it, Rong Mo continued, "Aren't you afraid that I'll do something to you and break your body of a goddess by pestering me like this?"

"I..." Ye Qianli almost blurted out that she wasn't afraid because he wasn't the kind of person who couldn't resist flirting. She even suspected that it was because her skills were too lousy that he didn't react at all.

However, when she looked into his eyes, which were dark and made her feel guilty, she could not say anything.

For a moment, the two of them fell into a suspicious silence. However, because their positions were too ambiguous, this silence only made Ye Qianli's heart beat faster and faster...

However, this quiet throbbing also made Ye Qianli realize that this was a good opportunity to tell her about her mistakes.

"!Ye Qianli's heart was still burning as she recalled Rong Mo's words. He seemed to have other intentions. He...He ... Was he waiting for her to confess?

Thinking about this, Ye Qianli's body felt hot, but this time, it wasn't because she was embarrassed! It wasn't because he was moved, but because he was especially nervous.

"Bang! Bang bang!"

At that moment, Ye Qianli could hear her own heartbeat in her ears and mind. She believed that if there was a heart rate detector, it would definitely be able to detect her heartbeat, which was ten times faster than normal!

Such a rapid heartbeat made some of the deep wounds on her body look like they were about to burst open again. Rong Mo gently caressed her chest and could feel her heart beating so fast that it felt like it was about to explode out of her chest.

"Inhale! Take a deep breath." Rong Mo tried to guide her, but his actions and voice only made Ye Qianli more nervous!

Therefore, even though Ye Qianli tried her best to remain calm and speak, she couldn't make a sound even after opening her mouth a few times. Her face was pale and her forehead was covered in sweat.

The darkness in Rong Mo's eyes dimmed a little, and his voice became gentler. " Don't be nervous. Do you think I can eat you? "

But at this moment...

"Meow?" A sudden meow made both of them freeze. Rong Mo's face froze, and Ye Qianli's heart froze.

However, the two of them looked at the source of the sound in tacit understanding. They saw that Little White Meow had appeared out of thin air less than ten feet away from them. It was tilting its head and sizing them up.

"Meow, meow, meow..." Little White Meow, who was obviously stunned, meowed a lot after it reacted. It was mainly trying to explain that it did not mean to disturb them. It just happened to pass by and did not see anything. Continue.

In short, after a series of " explanations ", Little White Meow twisted its little butt and carried the two of them on its back ...

Rong Mo was speechless.

"Puff!" Ye Qianli smiled. She was thankful to the little cat, otherwise, she would have been the first person to die of nervousness.

However, the moment she finished laughing, she felt that the beautiful prince on her body was about to pull away. He gave her a feeling that he was about to leave her and was not as intimate as before.

This made her subconsciously blurt out, "Your Highness, I have something to confess to you."

Rong Mo, who was prepared to leave, raised his eyebrows and looked at her intently. He didn't want to leave, but he was all ears.

".."At this moment, Little White Meow had already turned its head around sneakily and stole a glance at the two of them. However, Rong Mo gave it a warning look.

"!"Little White Meow immediately turned around. Its fur was standing up. It was scared.

Ye Qianli's hearing and sight were very sharp, so she naturally noticed the interaction between the man and the cat, and the nervousness in her heart dissipated.

That's true. Could he eat her? Squeeze him to death? Was he willing to...

Thinking of this, Ye Qianli took a deep breath and prepared to confess. But what about Rong Mo? He was waiting patiently.

"Buzz!"

"Buzz!"

However, at this moment, the cultivation room that the two of them were in began to tremble abnormally. Wisps of mysterious black fog were also splitting the ground.

However, Rong Mo ignored the unusual commotion. He stared at Ye Qianli and said, ""Don't worry about it. Speak."

Chapter 223: Revenge!

Rong Mo's reaction made Ye Qianli, who already had a guess, certain that he knew! He was waiting for her to confess. Everything he had said just now was just to tease her into telling the truth.

Moreover ...

Even though he didn't show it, Ye Qianli had a hunch! He was very anxious, so anxious that he could ignore the ultimate divine treasure.

So could she guess that even if he knew, he was still a little nervous, afraid that the person was not her? Was she afraid that his speculation was different from what she wanted to confess?

With that thought, Ye Qianli exerted her strength and pressed Rong Mofa under her body. At the same time, her eyes sparkled as she said, "I won't say! After you recall the Black Tortoise divine power, we'll go back and talk."

"You..." Rong Mo did not expect her to retaliate like this. When he saw her turn from a little coward to a little leopard baring her fangs and brandishing her claws, his eyes darkened.

Ye Qianli leaned over and bit his thin lips.

"Tsk-"

Ye Qianli was stunned as she heard the sounds from all directions. Her intuition told her that something terrible had happened.

Then, when she looked around, she realized that something extraordinary had really happened! She was not surrounded by walls, winding paths, or cultivation rooms.

That was a human...

A group of people!

..

"I didn't expect Crown Prince Rong to be such a person in private." Aunt Hong sighed. She had always thought that Rong Mo would be overbearing! The one who liked to be in charge of everything, the one above.

"Indeed." The Verdant King expressed that he hadn't expected this at all. However, when he thought about his own hobbies, he felt that it was understandable. After all, he had dealt with too many things and was very tired.

Sometimes, it was fun to let a woman lead the fun in the boudoir...

"As expected of the young miss." As for Ye Rui and the others, they felt from the bottom of their hearts that as the leader of the Heavenly Wolf Army, Ye Qianli had not weakened the might of the Heavenly Wolf Army at all! Domineering.

"Cough cough...Cough cough..." Bai Ying Xiong was also blinded by the light. Now, he somewhat believed that the Black Tortoise Imperial City had been destroyed by this little girl! There was no cheating.

"Looks like we can have the wedding soon." Ye Donglin smiled. He did not expect to see such a scene after the Phantom Maze Formation dissipated.

However, his daughter, Ye Shang, was almost blinded. Her greenish-gray face looked a little ferocious, and she felt like smoke was coming out of her seven orifices.

The key was...

"!"Ye Qianli was so embarrassed that she couldn't move. Her first reaction was that Rong Mo had done it, so she glared at him.

However, when she glared at him, she realized that Rong Mo did not look too good either. His arm around her waist was indeed very tight. It was so tight that it seemed like he wanted to break her small waist.

"How embarrassing. Why are you still not letting go..." Ye Qianli was speechless. She didn't feel embarrassed being surrounded by so many people.

"It's too late to be shy now." Rong Mo said faintly.

"Your Highness, Your Highness...Please let go. We'll talk about it when we get back. Besides, don't you think it's embarrassing for me to ride you like this?" Ye Qianli was so embarrassed that she begged him to let go.

"I think so."

"Then why aren't you letting go!"

"It's a waste to scatter it."

"What do you mean?"

"Don't you know? Feel it yourself." Rong Mo wanted to facepalm. Was this something he could decide just by letting go? She had picked the perfect time and blamed him.

Ye Qianli was speechless. She was stunned for a while before she gradually realized that not only was she unable to move, but no one else present seemed to be moving.

So ...

It wasn't that Rong Mo didn't want to let go, but that it would be useless even if he did. They were all frozen!

Thinking of this possibility, Ye Qianli carefully sensed and observed. She found that the place where they were was clearly evolving into an Eight Trigrams Diagram.

And she and Rong Mo were lying in the middle of the Yin and Yang levels! The others seemed to have chosen their positions and were standing somewhere in the Eight Trigrams. The one closest to them was Xuan Tianyan, who had run away earlier. He was only about 100 feet away.

"We've been frozen." Ye Qianli was speechless.

"Yes." Rong Mo felt that his stupid leopard had a worrying IQ. He hoped that the future leopard would not inherit her IQ.

Ye Qianli, who was despised by Rong Mo for her intelligence, did not see the "worry" in his eyes. She was so embarrassed that she wanted to bury herself alive.

"May I ask, how long do we have to maintain this position?" Ye Qianli only wanted to know the answer to this question.

"Isn't it just as you wished?" Rong Mo said coldly. Although he didn't like being watched by so many people, he could only accept the fact that things had come to this.

Or else?

"Meow!"

Little White Meow, who had been silent all this while, suddenly meowed. It pulled out a blanket from somewhere and covered the two of them with it. It "understood" Rong Mo's intentions.

Uh ...

"Pfft, hahaha!" Lady Hong couldn't help but burst out laughing.

"Puff!"

"Pfft..."

The rest of the people at the scene laughed. Wasn't this the same as saying that there was no silver here? There was even more room for imagination. This was really ...
Hahahaha ...

".. "Ye Qianli wanted to die.

"Meow, meow, meow!" Little White Meow also hid under the blanket and jumped beside the two of them to claim credit. Ye Qianli felt that she couldn't control herself and wanted to light it up, but she couldn't move.

"Well done." Rong Mo said, obviously praising Little White Meow! Little White Meow was even more excited. It barked a few more times and then crawled out of the blanket, leaving the two of them alone.

"Where did you get this weird cat? Also, how can it move!" Ye Qianli was speechless. What a weird master and servant.

"Damn it, the place that can trap Little White probably hasn't appeared yet." Rong Mo replied softly.

Ye Qianli's eyebrows twitched, but she was not impressed by Little White Meow's power. Instead, she asked the key question, ""Your mother? Divine Empress?"

"No." Rong Mo frowned, but he heard Xuan Tianyan's shocked voice coming from outside. " What do you want? "

Ye Qianli was stunned. She subconsciously sensed and found that Little White Meow had run to Xuan Tianyan! She even jumped on top of his head.

At this moment, Little White Meow had changed its usual soft and cute image. Its aura was obviously a little gloomy, and its little paws were still on Xuan Tianyan's head.

"It wants to kill Xuan Tianyan?" Ye Qianli was shocked.

"I can't." Rong Mo said with certainty, but Xuan Tianyan's shrill scream immediately came from outside, accompanied by the exclamations of Purple Spirit and the others. " Your Highness! "

"Your Highness-"

"Meow!" The ferocious meows of Little White made Ye Qianli think that Rong Mo's assessment was inaccurate and that a murder had already happened outside.

In fact ...

Chapter 224: The Descent of the Black Tortoise God!

Little White Meow only plucked Xuan Tianyan's hair, leaving nothing behind! Xuan Tianyan, who was actually a handsome young man, was shaved into a monk.

"!"

The people who couldn't move were also dumbfounded! This speed, this strength, it was also invincible. In the blink of an eye! His hair was all gone.

Everyone present subconsciously felt a chill run down their spines, and they looked at Xuan Tianyan with sympathy. This was truly a terrifying revenge.

"..”Rong Mo laughed silently because Little White Meow's revenge had definitely won his heart.

"Rong Mo, is there any meaning to this? Letting your little tamed beast take advantage of me when I'm in trouble, is this your pride as the Vermillion Bird Crown Prince?" At this moment, Xuan Tianyan was already furious.

"Meow!" When Little White Meow heard that, it smacked Xuan Tianyan's bald head unhappily, and its little claws even pierced into his skin.

The sharp pain made Xuan Tianyan's face turn pale. He suddenly remembered that this little cat was not as harmless as it looked! It had once hugged the Black Tortoise Divine Arrow! Its claws...

"!"Xuan Tianyan couldn't help but shiver. He was certain! If the little white cat wanted to kill him, it would be a piece of cake. Its claws could definitely tear his brain apart.

In fact!

Little White Meow really wanted to tear Xuan Tianyan's head apart, but an invisible divine breath had already wrapped around Xuan Tianyan at this moment! This aura was naturally the Black Tortoise Divine Power.

"Meow!" Little White meowed unhappily and jumped down from Xuan Tianyan's bald head. It wriggled its little butt and crawled back into the blanket.

"..”

At this moment, Xuan Tianyan was already covered in cold sweat. He was scared by Little White Meow! He knew that if it wasn't for the power that suddenly protected him, he would probably have been killed by now.

"Thank you, Senior!"

At this moment, Xuan Tianyan was extremely glad that he had awakened the Black Tortoise's talent and obtained the favor of the Black Tortoise's guardian phantom. Otherwise, he would really have died unjustly.

"..”However, the Black Tortoise Guardian phantom, which had indeed helped Xuan Tianyan, did not respond or appear at this moment. This was because it did not expect

that the person who appeared at the center would not be Xuan Tianyan, but two other people.

One of them was the secret key to the Hidden Mysterious Realm. It could understand, but the other man! It could not understand, but this person was indeed very strange.

If it wasn't for the fact that it was unable to control the Mystic Gate Divination Formation set up by the Overgod with its power, it really wanted to get that person out! Because it felt that this person might ruin things.

However, at this moment ...

“ .. ”

There was already a silent and invisible aura that made everyone present feel extremely pressured. This made everyone subconsciously focus and become solemn.

"Meow, meow, meow..." Little White Meow was still in the blanket, trying to get credit from Rong Mo. Unfortunately, Rong Mo did not respond at all.

Ye Qianli couldn't stand it anymore and praised, ""Little White is amazing! Xiaobai is the best!"

"Meow!" Little White Meow immediately puffed out its little chest, its eyes full of pride! Ye Qianli's heart melted when she saw this, so she didn't bother about the blanket.

"You are its master." Rong Mo said coldly, causing Little White Meow to tremble. Ye Qianli was confused.

However, Rong Mo had already sat up at this time. Ye Qianli was stunned. Didn't he say that he couldn't move? Why could he move?

As soon as Rong Mo sat up, he pinched Ye Qianli's face while she was still in a daze. When she came back to her senses, he looked at her and said, ""I'll deal with you when we get back."

"I..." Ye Qianli opened her mouth, but before she could say anything, Rong Mo had already hugged her lower body. Then, Rong Mo bit her earlobe, causing her to cry out in pain.

" The ultimate divine treasure here is this Qimen Dunjia Painting. You and I are at the center of the two poles, so the divine breath we can sense is the strongest. Cultivate honestly and try to comprehend the Genesis Qi. Then, fuse with the Taiyi Divine Flower and wait for me to come out of seclusion. " Rong Mo whispered.

"Alright." Ye Qianli didn't dare to say anything else, because she could feel that the beautiful prince who was biting her ear seemed to be gritting his teeth and explaining himself! If she dared to be dishonest, she might really be eaten by him.

She was done for. She probably didn't confess honestly before and was hated by him again. When he came out of seclusion, he would definitely let her know why the flowers were so red.

The key was that after he came out of seclusion, his strength would definitely increase by another level. Then, she would not be able to escape from his palm! He could do whatever he wanted!

Uh ...

She regretted it! Why did she have to be so shameless just now and keep him in suspense? Great! She was going to play herself to death. What would she do when she turned around?

Really ...

A moment of pleasure, a moment of crematorium...

However, there was no medicine for regret in this world. No matter how regretful Ye Qianli was, she could only swallow her own actions and look pitifully at Rong Mo, who had already pulled off the quilt and sat down cross-legged.

However, while she was " watching " sadly, she did not stay idle. Of course, she also got up and found her own seat. As for the others in the hall, they could naturally move.

However, everyone could only move within a small area. Clearly, this was the "norm" of the Qimen Dunjia Diagram. The Phantom Maze Formation before this was a test to determine everyone's position.

When everyone was seated, the Black Tortoise phantom appeared again and swept across everyone one by one, causing many people to subconsciously feel a chill in their hearts.

But this time...

" Since everyone is able to enter the divine treasure, it means that you are fated with it. Although this test isn't long, the Sovereign has already issued a divine decree to activate the inheritance of the Deity. As a mere strand of guardian intent, I can't interfere. All of you, take care of yourself. Don't let the Sovereign down. "

After the Black Tortoise Guardian phantom spoke slowly, it turned into a cloud of black fog and completely dissipated, as if it had never appeared. However, its meaning was

very clear. The test this time was very short! It was different from what was originally planned, and this was actually Martial God Xuan's intention.

"I see. No wonder it went so smoothly without any casualties." The Verdant King was enlightened. After all, this was much easier than other dangerous places. It seemed that he was really lucky to have caught up with the Black Tortoise God's mercy.

"Unfortunately, I don't know where Xiao Dao went." Auntie Hong sighed regretfully. If she had known that this would go so smoothly, she would have brought her stupid nephew with her.

However, to everyone, it was smooth sailing. To Xuan Tianyan, it was an indescribable bitterness, pain, and hatred ... He stared at the center of the two poles in front of him, at the two thorns in his eyes! Her eyes were red from staring at him.

"Roar!"

At the same time, an ancient divine roar that came from the void arrived as expected. It covered the entire scene with its majestic divine breath. It was the Black Tortoise! God Descent.

Chapter 225: Black Martial God, Despicable Ant!

"Hiss-"

Endless divine roars and endless divine hisses seemed to come from the chaos! Not only did it resound in everyone's ears, but it also resounded in the Black Tortoise Dynasty at the same time and alarmed the entire continent.

".."

At that moment, everyone looked north! He would definitely be able to see that in the extreme north of the sky, a divine beast with boundless divine might and aura had already appeared.

After the Vermilion Bird Dynasty, the guardian god of the Black Tortoise Dynasty, the Black Tortoise God, also displayed its own majestic demeanor.

"Black Tortoise God!"

At this moment, the entire Black Tortoise Dynasty was excited!

".."

At this moment, the entire Vermillion Bird Dynasty fell silent.

..

"Saint-Emperor, this old subject requests permission to head to the Land of Extreme Ice!" Elder Zhao, the Vermilion Bird Head Exalt, who had just returned, could not help but ask for instructions when he saw this lineup.

The Amethyst Light Sword from before and the Black Tortoise God now made Elder Zhao more and more fearful. He was afraid that something would happen to the crown prince and the future crown princess consort. If that happened, the Vermilion Bird Dynasty would definitely be finished.

The geniuses were barren and the northern territory was in decline. This was the current situation of the Vermilion Bird Dynasty. The Vermilion Bird Dynasty had not declined because of two people.

One was Crown Prince Rong Mo, the Vermilion Bird God he had secretly summoned! He stabilized the hearts of the entire dynasty and intimidated the Black Tortoise Dynasty that was eyeing him covetously.

One of them was the future crown princess consort. She had awakened the Sky Wolf Flag! He had gathered the scattered morale of the Northern Territory, and even! She even used a stroke of genius to destroy Xuanwu City.

These two people, one first and one last! He had already become the pillar of the Vermilion Bird Dynasty and the soul of the entire dynasty.

"Your Majesty, we agree." The Vermilion Bird Temple's second priest, third priest, and other priests all agreed.

"If you all go, what about the temple? We had no choice, how could the temple remain unguarded?" Of course, Rong Feng would not agree.

No matter how much he wanted to agree, he had been caught off guard. No one had expected the Revered Elders of the Vermilion Bird Temple to lead the Divine Sparrow Army to the Xuanwu Dynasty.

Now that the news had spread out, the empty Vermilion Bird Temple was filled with danger. Therefore, Rong Feng could not let the returning talents take the risk and return to the Xuanwu territory.

"Let Second Brother and the others go back. I'll bring a few people back." Elder Zhao still did not give up and suggested. In short, he could not just sit there and wait. This was really going to kill him.

"Go back, hurry back." Rong Feng said, because this was something Rong Mo had specially reminded him in his letter, "All the Foreign Elders and Divine Sparrow Army

must return to the temple as soon as possible after retreating to the Vermilion Bird Dynasty.

"Your Majesty, hey!" Elder Zhao could tell that there was no room for negotiation in Rong Feng's words, so although he was unwilling, he could only grit his teeth and accept the order.

"Elder Zhao, you don't have to worry too much. The Heavenly Wolf Army hasn't returned yet, so they must have infiltrated the Extreme Ice Territory. The Crown Prince and the Crown Princess Consort know what to do. They'll be fine." Rong Feng comforted him, but he was also comforting himself.

God knows, if he could, he would also want to go! However, as the Saint Emperor of the dynasty, he was already in danger by coming to Beiliang City. How could he act recklessly?

"I understand, but ... Ai, if our dynasty had more experts, we wouldn't be so busy." Elder Zhao let out a bitter sigh. Although his blood was boiling from his trip to the Black Tortoise Dynasty, the difference between the peak battle prowess of the two dynasties still shocked him.

If not for the fact that the Crown Prince and the Crown Princess Consort were god-like existences, it would only be a matter of time before the Black Tortoise Dynasty invaded their Vermilion Bird Dynasty.

However, if Elder Zhao knew that Ye Qianli had killed the two strongest fighters of the Black Tortoise Dynasty, Grand Preceptor Zi and the Black Tortoise's Head Exalt, he would probably laugh for three days and three nights.

If they knew that Xuan Tianyan could not win against Rong Mo and Ye Qianli, they would probably laugh for another three days and three nights. The Vermilion Bird Dynasty would be in a state of panic now.

Unfortunately, the divine treasures had sealed off everything, so no one knew exactly what had happened. Even the people of the Black Tortoise Dynasty who had rushed to the scene first did not know.

However, because of this huge change in the situation, the four empires and the various aristocratic families could no longer sit still. All parties had quickly arranged their main forces to rush to the scene of the incident.

..

However, the changes in the outside world had nothing to do with the people in the divine treasures. Everyone's attention was focused on their heads.

Ye Qianli was no exception, because in front of her was a sea of stars that was constantly changing and mysterious! Full of the unknown...

The Magic Box, who had also "seen" this scene, could not help but sigh. "This Qimen Dunjia Painting is quite interesting. It's actually an illusion that creates the best cultivation scene that is realistic through everyone's different talents and the different problems they face at the moment."

"So everyone sees it differently?" Ye Qianli thought of Rong Mo and wondered what he would see. Was it the Black Tortoise God himself?

"That's right. If I'm not wrong, the origin of the sea of stars you saw should be the evolution and birth of the Genesis aura. I can't tell you the details, but I'm looking forward to it. Interesting, interesting." The Magic Box was obviously a little excited.

"According to what you said, this seems to be a little similar to the special training room of the academy." Ye Qianli thought of this problem. Just like how she felt like she was in the stars, the special training room also had the same effect.

"Uh ... Now that you mention it, it does look a little similar, but the level is far from it. Stop talking nonsense and hurry up and cultivate, you weakling."

"You also need to cultivate well. Please don't cheat me."

".."

After the man and the magic box were done arguing, they quickly sank into their cultivation state. Cough! The Magic Box actually felt that it was a bit of a scam, so this time, it was also honestly replenishing its "knowledge."

However, Ye Qianli probably didn't expect that Xuan Wushen would actually appear in front of Xuan Tianyan! This made Xuan Tianyan so excited that he almost fainted. His bald head turned red.

"Black Tortoise God!" Xuan Tianyan was extremely excited. However, Xuan Wushen, who had appeared quietly in the void, only looked at him indifferently as if he was looking at an ant.

Such a gaze made Xuan Tianyan's heart choke, as if a basin of ice water had been poured on him! Even if he was extremely ambitious and came to this Black Tortoise Divine Treasure to control Black Tortoise Divine Treasure.

However, when faced with reality and disdain! When he saw the Black Tortoise God who looked down on him, he realized how difficult it was for him to achieve his goal.

Black Tortoise!

How could he be controlled?

How can I be controlled?

But ...

"Even if it's not good enough, I have to master the technique to summon the Black Tortoise God!" Xuan Tianyan suppressed the subconscious inferiority in his heart and began to cultivate under the gaze of Xuan Wushen.

At the same time, everyone else at the scene also received their own opportunities, even Ye Shang! There were some, but unfortunately, she couldn't cultivate, so she could only watch.

It was worth mentioning Ye Rui and the others, because they were completely different from the others! They ...

Chapter 226: Melting the Taiyi Divine Flower!

They disappeared. While everyone was immersed in their own opportunities, the figures of Ye Rui and the others gradually scattered...And it wasn't just them!

Ye Feng and the others, who had also sneaked into the divine treasures, also disappeared at the same time, as if they were the Celestial Wolf Army! They had obtained the same fortune.

The 108 Celestial Wolf Army soldiers had disappeared without a trace. As for Ye Qianli, her master, she had sensed something because the Celestial Wolf Soul Beast had also disappeared.

"Looks like the ancestors of my Ye family do have a deep relationship with the divine treasures. The mysterious existence of the Heavenly Wolf Army is the product of the Black Tortoise Divine Treasure, right?" Ye Qianli had a guess, but she didn't have time to think about it now. After all, she was also cultivating.

..

Time passed in a flash, and in the blink of an eye, two months had passed. The reinforcements from the various factions were basically all in place, either openly or secretly guarding the divine treasures.

Of course, it wasn't that no one had tried to enter the mountain to search for the exact location of the divine treasure trove. Unfortunately, when they arrived, not only had the entrance to the divine treasure trove disappeared, but even the magnificent corridors and pavilions that Ye Donglin and the others had seen before had also disappeared.

If it wasn't for the fact that the Amethyst Light Sword was stabbed into the snowy peak where the divine treasure was located, many people wouldn't even be able to find the target. However, even if they found their target, no matter how hard they searched, they could not find anything.

On the other hand, the Amethyst Light Sword had attracted the attention of everyone. However, because the Black Armor Army and the Zifu Army were stationed near the Amethyst Light Sword, no one could get close. They could only watch from afar and discuss.

" That's strange. Why is the Amethyst Light Sword stuck here? Doesn't Grand Preceptor Zi always take back his Purple Mansion after using it? "

" Who knows? I guess I was in too much of a hurry this time and didn't have time. I don't know what happened that made Grand Preceptor Zi forget about the Amethyst Light Sword. It's a pity that we've been exploring this place for half a month and haven't found any clues. "

"I heard that the Black Tortoise Divine Treasure has appeared. It has already ended. Unfortunately, we came too late. Otherwise, we might have a share of this great opportunity. What a pity, what a pity..."

As time passed, more and more people gathered on the snowy peak. Other than the people from the various Dynasties and aristocratic families, there were also many adventurers and onlookers.

However, no matter how many people came, there was no movement from the snowy peak. In the blink of an eye, two months had passed, and the snowy peak was already overcrowded. The Black Tortoise Dynasty had no choice but to send more troops to guard it, maintain order, and seal the mountain.

If they did not seal the mountain, the snow peak would probably collapse...

However, even if the mountain was sealed, it could not stop the enthusiasm of the onlookers. After that, many talents and cultivators still came here in a mighty manner. Even if they could not enter the mountain, they were willing to watch from the outside.

..

Half a year later, there was still no movement from the snowy peaks. Instead, the Black Tortoise Dynasty had directly entered the period of the highest human flow since the establishment of the dynasty.

" If this continues, the people of the Four Symbol Continents will all rush over. " Old Zhu and Feng Lihuan, who had just arrived with their team, were stunned by this scene.

They were slow to arrive. They had just arrived at the snowy peak area. Because the vice principal said that there was no hurry, they were late. As for sealing the mountain or something, it didn't exist for the Genius Academy.

However, the two knowledgeable teachers were really shocked by this large crowd. They really didn't expect there to be so many people who had nothing to do.

" They've gone a little overboard this time. I saw that even the elders of the Ye and Hua families are here, but the vice director is actually able to keep his cool and not come. " Feng Lihuan's divine sense was sharp. He had already sensed many old acquaintances not long after arriving at the scene.

"If the vice dean couldn't hold it in, all the kids of the Genius Academy would have come running over right now." Old Zhu replied unhappily.

"Hahaha..." Feng Lihuan immediately laughed. Fortunately, he was only bringing a child this time, which was why he had the chance to watch the show. Otherwise, as the form teacher, he could only be like the other form teachers, suppressing those noisy brats in the academy.

With such a huge commotion this time, the students of Earth Profound Yellow were still fine. However, the pricks of the sky class were all like sore butts. No one could sit still! If it wasn't for the form teachers and the vice principal, they would have skipped class and come here.

"You can be proud of yourself." Old Zhu saw Feng Lihuan's coquettish face and wanted to slap him. This bastard! She had just taken in a proud student, yet she was smiling like a spring flower every day. Just looking at her made her angry.

However, Feng Lihuan didn't know how to restrain himself. He grinned even more brightly and said, " That's true. After all, I'll be very free for the next six years. The most important thing is that I still have results. "

Old Zhu was so angry that he cursed on the spot and said,"Damn it, do you believe that if you laugh again, this old man will slap you!"

"Cough cough...I'm sorry, Senior Zhu. I forgot that you've never accepted such a good student. It's my fault." Feng Lihuan hurriedly apologized.

"Pa!" Old Zhu couldn't take it anymore and started fighting! He was so angry. Sigh...If he had known earlier, he would have volunteered to go to the Vermilion Bird Dynasty. He should not have been unwilling to take advantage of his seniority to do such a hard job.

However, when he was young, he had been running around with broken legs, but he had never seen such a good seedling like Ye Qianli! Why was this crazy kid's luck so good?

Old Zhu's heart ached when he thought of the miserable state he saw when he passed by Xuanwu City! Why wasn't such an awesome student his?

However ...

"Your teacher didn't teach Li anything at all, yet you still have the cheek to show off. You don't know shame!" After Old Zhu pretended to beat him up, he said sourly.

"..Feng Lihuan felt a little awkward. After all, what Old Zhu said was the truth. He had indeed taken advantage of him as a teacher. It seemed that he had to work harder! He would strive to teach Li something.

"Humph!" Old Zhu saw that he had been defeated and immediately looked back at the snowy peak. At this time, a trace of purple qi drilled out from the center of the snowy peak.

"Chi-" Purple Qi soared into the sky. Before anyone could react, it had already quietly opened in the sky! It blossomed into a huge purple flower.

".."

The originally noisy snowy peak area was now completely silent. Everyone was staring blankly at the giant pale purple flower above their heads. It was like a dream, quiet and peaceful.

After a long while, Feng Lihuan, who was the first to regain his senses, asked in confusion, "Who awakened their talent and caused this phenomenon? But what kind of talent looks like this? Elder Zhu, have you heard of it?"

"If there's anything, Old Zhu. If there's nothing, Old Zhu. Little madman, you're so realistic." Old Zhu retorted angrily, but he had to say, "But I've never seen this kind of flower before. It looks like a morning glory if it's shrunk. What do you think?"

"It seems so." Feng Lihuan rubbed his chin. Indeed, he felt that it was very similar. However, after Old Zhu studied it for a while, he suddenly clapped his hands childishly! She said excitedly, "I remember now!"

Because Old Zhu suddenly thought of something...

Chapter 227: Coming Out of Seclusion One After Another

"What?" Feng Lihuan was shocked, but his eyes lit up as he asked expectantly, thinking that Old Zhu had figured out what kind of talent it was.

In the end...

"When I was in the Fire Abyss, I saw Little Li conjure up! It's just a miniature version, and it's useless. I was wondering at that time. At this time, the little girl is still playing with Little Flower." Old Zhu recalled emotionally.

Feng Lihuan was speechless at first, then he fell silent. In the end, the more he thought about it, the more suspicious he felt! Could it be that this flower was a phenomenon caused by Li girl's awakened second talent?

But what exactly was this flower? No matter how he looked at it, he only felt that it was good-looking and the more he looked at it, the more interesting it was. There was nothing else extraordinary about it?

In fact, not only did Feng Lihuan and Old Zhu not understand, even the most senior elders of the Ye family and the Hua family did not understand the meaning of the flower in the sky.

..

At the same time, Ye Qianli, who had once again performed the Taiyi Flower, was actually still cultivating. She was too immersed in it and did not know that she had triggered another phenomenon.

In fact, Ye Qianli didn't even know that she had already reached the perfect state of fusion with the Taiyi Divine Flower.

From the very beginning, she hadn't been cultivating to fuse with the Taiyi God Flower. Instead, she had been trying to sense the Genesis aura that was inexplicably in her body.

So until now, she was still immersed in the chaos, watching the beginning of the world, watching the chaos dissipate, in a daze, lost.

"This Qimen Dunjia Painting is really strange. It can even transform into such a scene. I'm afraid this isn't something that Black Tortoise God can do." The magic box that accompanied Ye Qianli was filled with doubts.

After all, the Black Tortoise was only one of the Genesis Divine Beasts that appeared after the beginning of the Primordial Chaos. No matter how capable it was, it was

impossible for it to have such a deep understanding of the world before it was born, let alone transform.

"Could it be that this diagram has a life form and I can deduce it myself?" When the Magic Box thought of this, it felt that it was impossible. Otherwise, wouldn't this Qimen Dunjia Painting be a monster!

However, what Ye Qianli saw shocked the magic box. It was too real! The key was that even the indescribable aura of Genesis was so real in the illusion.

"I know! This wasn't the Qimen Dunjia Painting that defied the heavens, but the Second Fool! She actually let that wisp of Genesis aura give her a real world..." After the Magic Box finished muttering its speculations, it was a little excited.

Even though it didn't know how Ye Qianli did it, it was more and more certain that its guess was right.

However, it was a pity that Ye Qianli's realm was too low. Even though the Genesis Aura had given her this great fortune, she still couldn't comprehend much. Therefore, she was really in a daze.

Therefore, after being pleasantly surprised, the magic box began to worry again. "Don't tell me that the silly girl is going to get into a dead end. With her current realm, she can't understand it. If she forcefully gets into it, it will probably affect her state of mind. "

However, in Ye Qianli's current state, the Magic Box couldn't do anything about it no matter how worried it was. If it forcefully woke her up, she wouldn't end up well either.

After all, the current her was not at the same level of cultivation as when she fused with the Taiyi Divine Flower in the face of danger. The current her, if she was not careful, she could easily go berserk.

The Magic Box understood this very well, so it could only wait patiently. At the same time, it retracted its perception and returned to reality, checking its surroundings.

"Buzz!"

At this moment, the people who had obtained the opportunity to cultivate here had already opened their eyes one after another. Other than Zi Ling, Xuan Tianyan, Ye Qianli, and Rong Mo, the rest had all woken up.

"My cultivation has increased! That's great."

"I didn't expect that a talent that had just awakened would be fused at the peak. It's too unbelievable!"

"I feel like I'm about to awaken my next talent. This feeling is so real, and I know what my next talent will be. I've already chosen it!"

For a time, the hall was filled with all kinds of uncontrollable exclamations because of this half a year of cultivation! Everyone benefited greatly.

He had just awakened a new talent and fused with a new talent at the peak. The person who had been shackled and unable to awaken the next talent had found the way to awaken it. In short, everyone had gained something!

Except for Ye Shang...

"Shangshang, how do you feel?" Ye Donglin had just suppressed the excitement in his heart when he saw his daughter's extremely ugly expression not far away. Naturally, he hurried over to ask.

"Ha..." Ye Shang smiled bitterly and hugged his knees and legs in despair. Tears fell on the spot.

Ye Donglin's expression darkened as he checked her pulse. However, his expression slowly turned better because he realized that although the cold qi in his daughter's body was still there, it had been suppressed in her bone marrow! It would not affect her cultivation and display of her talent.

"Shang Shang, this situation is already very good. I believe that as long as you control it well in the future, this cold qi will not act up. With such an opportunity, why are you still crying?" Ye Donglin felt that this was already a joyous occasion.

"This is equivalent to me coming here for nothing. Not only that, but I'll also bring back a hidden illness. Who knows when this strange cold qi will act up? Without the Black Tortoise Divine Treasure, what should I do?" Ye Shang vomited blood.

"..." Ye Donglin stopped talking. He knew that there was something wrong with his daughter's mentality. In fact, he had already realized that she was too arrogant! He couldn't stand setbacks.

However, at that time, he did not think that this was a big problem. After all, he was the president of the Treasure House. He could guarantee that she would not have any worries for the rest of her life and would not let her suffer any setbacks.

But now, it seemed that he was the one who thought too highly of himself. How could he have such ability... Now, her daughter had suffered a setback in her relationship with Rong Mo, and was also beaten badly by Ye Qianli. Now, she had gained nothing. How could she not be emotionally broken?

"Shangshang, it's father's fault. I shouldn't have brought you here. I shouldn't have taken things for granted. Sigh..." Ye Donglin held his daughter's shoulders, feeling very upset.

Ye Shang cried and complained, ""I don't blame Father. I blame myself. I ... I shouldn't have congratulated Junior Sister Ye back then. Father ... It was really her who kicked me into the ice pool and plotted against me. Otherwise, how could I have fallen in!

I'm not a weak woman. I might panic at the beginning, but I'll definitely be able to react and save myself later! Father ... Why do you think Junior Sister Ye did this? Was it because I showed that I liked Junior Brother Rong and she found out? Then she won't tolerate me?"

"Shang Shang..."

"Father! I swear that I'm not lying! If I lie, I will be struck by lightning." Ye Shang said firmly. She hated him! If she was jealous of Ye Qianli in the past, she hated her now!

He hated it to the bone.

However!

Chapter 228: There's Movement in the Stomach?

"Pa!"

After hearing her swear, Ye Donglin gave her a slap and shouted coldly, " Ye Shang! You're not young anymore. If you continue to be so willful, don't go out in the future."

"..Ye Shang was stunned again. She thought that her father would definitely believe her. After all, what she said was true. She even dared to swear.

And the result? He was beaten up again.

Moreover, from her father's words, it was possible that she would be grounded at home forever in the future and would not be allowed to take even half a step out of the house? But ...

Why?

Ye Shang couldn't believe it. After she suffered such a misfortune, her father, who loved her the most, not only didn't avenge her, he even grounded her.

Was he giving up on her and no longer nurturing her as the heir of the family? Therefore, he no longer loved her...Yes, it must be! After all, she was now a half-cripple who could be crippled at any time.

“..”Ye Shang silently lowered her eyes and slowly wiped away her tears. However, there was only deep hatred in her eyes! Ye Donglin didn’t want to see Ye Shang like this. He turned his head away in disappointment.

Actually, he believed his daughter’s words, but so what? Putting aside the fact that her daughter had gotten into this state, it was clearly her own fault. Moreover, Ye Qianli and Rong Mo were not people the Ye Clan could afford to offend.

The Ye Clan was no longer the Ye Clan of the past. He had painstakingly supported the huge clan by relying on the clan’s old foundation. If he acted absurdly, the Ye Clan’s foundation would probably be finished.

Thinking about the younger generation of the Ye family, Ye Donglin smiled bitterly. In the past, he thought that his daughter was quite good. Even if she could not expand the Ye family in the future, she could at least protect the Ye family.

Now, it seemed that he was really blind...He had once thought that his grandfather was blind to chase out his genius elder cousin, the dean, from the family. He had become a joke and hindered the development of the Ye family.

Looking at it now, he was just the pot calling the kettle black. Sigh...

..

"Hey, look! This, this is Grand Preceptor Zi? And this, this is the Black Tortoise’s Head Exalt?" At this moment, someone cried out in surprise.

"Whoosh!"

The crowd immediately went into an uproar and looked over. Then, everyone realized that the two " people " lying outside the Qimen Dun Jia Painting were really Grand Preceptor Zi and Great Revered Elder Black Tortoise.

Even though Grand Preceptor Zi had been charred beyond recognition, everyone present had good eyesight and quickly recognized him as Grand Preceptor Zi.

As for the Great Revered Elder of the Black Tortoise, he had died with his eyes wide open. His corpse looked perfectly fine, so there was no mistaking it. However, these two people were actually dead!

Most importantly, everyone quickly realized that Grand Preceptor Zi was burnt by the Nine Heavens Obsidian Flame. Could it be that Ye Qianli killed him? This, this is impossible, right?"

Soon, someone at the scene wanted to conduct an autopsy, but they were stopped by the Second Guardian of the Black Tortoise Dynasty and the others. However, after their

own people finished examining, they realized that the two peak experts of the Black Tortoise Dynasty had their brains bitten off.

"President Ye, what do you think?" Seeing that Ye Donglin had also come over to spectate, the Verdant King asked in a low voice, his eyelids twitching.

These two people died too miserably! It seemed that the cause of death was related to Ye Qianli, but he didn't know what role Rong Mo played in this process.

"Ye Qianli must have joined the battle, but I personally think that Rong Mo must have killed them. However, this method is too strange, so it's hard to say for sure." Ye Donglin shook his head. His emotions were extremely complicated.

On one hand, he was already in a bad mood because of Ye Shang. On one hand, no matter how the two of them died, Ye Qianli's fire had obviously injured Grand Preceptor Zi!

Just this point alone was enough to shock everyone present. However, when they thought about how she could destroy Xuanwu City in the past, they felt that it was somewhat normal.

"Aunt Hong, don't you think that both Ye Qianli and Prince Rong are much stronger than we thought after they used their talents?" The Verdant King asked Aunt Hong.

"Judging from the firepower, that's true. A grade-7 talent is indeed heaven-defying, but it's not like I haven't seen it before. However, although the grade-7 talent power displayed by those few people is very terrifying, it's really not as good as Ye Qianli." Aunt Hong said truthfully.

In Lady Hong's knowledge, a super talent who could awaken a third-tier talent had extraordinary strength to fight a cross-realm battle, but she had never heard of it! To be able to surpass four levels was so abnormal.

Hearing this, the Verdant King frowned and said, "I miscalculated this time. I should have let Che 'er come."

"..Aunty Hong did not reply. However, when she looked up at Zi Ling, Xuan Tianyan, Ye Qianli, and Rong Mo who were still cultivating, she knew that both the Blue Dragon Empire and the White Tiger Empire had made a mistake.

Especially after they had watched and waited for nearly a month! The four of them showed no signs of waking up, which made the Verdant King even more frustrated.

Many people were even getting impatient from waiting. However, the doors of the palace were tightly shut, and they could not leave at all! It was likely that the doors of the hall would only open after everyone had finished their cultivation.

"How long do we have to wait? It won't take three to five years, right?" Bai Ying Xiong was the first to get agitated, especially when none of the four people who were cultivating in seclusion were from the White Tiger Dynasty.

"We still have to wait." The Verdant King smiled bitterly in annoyance. However, he felt a little better when he saw Gui Da and the others' gloomy collective mood.

These people from the Ghost Realm had been causing trouble. They had tried to disrupt Rong Mo's cultivation many times. They must be seeking revenge! However, this Qimen Dunjia Diagram was so powerful that none of them could get close to those four people.

"One woke up." Auntie Hong suddenly spoke. As soon as she finished speaking, everyone saw Violet Spirit open her eyes and couldn't help but heave a sigh of relief.

However, the demonic aura emanating from the Violet Spirit's body caused many old fellows with extraordinary eyesight to immediately hold their breaths! Because even the experienced and shrewd of them were actually slightly dazed at this moment.

"Her charms are natural. It seems like she has fused with the nine-tailed fox talent at the Paragon level." Aunt Hong said decisively. In the future, there would be many young masters who would lose themselves to this Purple Spirit and willingly become puppets!

"..The Verdant King's heart sank even more because he could not help but think that if the Crown Prince of the Azure Dragon Dynasty came, he would definitely be able to fuse with the Azure Dragon's talent!

However, at this moment!

"Is she going to wake up too?" Auntie Hong looked at Ye Qianli as if she had noticed something. She could feel the girl's slight movements.

"Are you going to wake up?" Violet Spirit also sensed it, so her gaze was fixed on Ye Qianli. She secretly heaved a sigh of relief, feeling that her talent was indeed not inferior to Ye Qianli's.

"That shouldn't be the case. Can't she use this opportunity to awaken her second talent?" Auntie Hong felt that something was wrong. After all, Ye Qianli had already fused with the Nine Heavens Obsidian Flame.

But in reality?

Ye Qianli had already awakened her second innate talent and had completed the fusion. However, the disturbance she was experiencing now was not from her, but from her stomach.

Chapter 229: Xiao Xiao Mo (1)

"Ji, ji, ji..." A series of faint and strange sounds entered everyone's ears as the big shots in the hall held their breaths and focused.

"Uh ..."

Everyone was stunned! He did not come back to his senses for a long time.

"Pfft, she must be hungry." Auntie Hong was the first to react and smiled. However, she thought about how Ye Qianli had been in seclusion for more than half a year and was only a level one talent. It was normal for her to be hungry.

"Is she going to wake up from hunger?" The Verdant King said with a strange expression. Bai Ying Xiong nodded in agreement. "That's not impossible. "

"Then she'll suffer a huge loss. I hope she can endure it. " Auntie Hong shook her head and smiled. She really hoped that Ye Qianli would seize this opportunity.

Furthermore, she was very curious. For a person who could awaken a seventh tier Nine Heavens Obsidian Flame with his first innate talent, what kind of innate talent would he awaken with his second innate talent?

However, unlike Auntie Hong's curiosity, Violet Spirit wanted nothing more than to wake Ye Qianli up! Unfortunately, she couldn't get close either, so she could only watch.

..

Just like that, another month passed. When Bai Ying Xiong had started to train his soldiers, Xuan Tianyan woke up! He woke up earlier than Ye Qianli.

"Your Highness." Violet Spirit greeted him carefully. She could sense that Xuan Tianyan's mood seemed to be very gloomy. It was very likely that he had not achieved his wish. She had to be careful to not let him vent his anger.

However, she secretly heaved a sigh of relief in her heart. However, just as she heaved a sigh of relief, Xuan Tianyan glared at her coldly and said, "Are you happy?"

"Plop!" Violet Spirit hurriedly knelt on the ground, her face filled with fear and gentleness. Many people in the hall subconsciously felt pity for her.

Xuan Tianyan merely glanced at her indifferently, then turned to look at Ye Qianli and Rong Mo who were still cultivating in seclusion. The dark and murderous aura in his eyes could not be suppressed.

However, it was just a glance. When he looked at everyone again, he had clearly regained his calm. He even had a peaceful smile on his face as he said, "I believe everyone can't wait to go out."

"You have a way?" Bai Ying Xiong was the first to respond. After all, he could not sit still any longer. A boorish man like him had never sat and stared for so long, except when he was in seclusion. He was really suffocating.

"Naturally, This King can open this door." Xuan Tianyan said frankly and walked straight to the door of the hall. He easily opened the door that trapped everyone.

“..”

However, although the door was open, no one walked out. Even Bai Ying Xiong did not act rashly. He was looking at Xuan Tianyan suspiciously, thinking that this matter was going too smoothly.

"I know that everyone must think that there is a trap, so it is fine. This door will open here. Please go ahead, this king will make a move first." However, Xuan Tianyan said indifferently. Then, he led the people of the Black Tortoise Dynasty and left the hall.

"This..."

The elders in the hall were a little hesitant. However, Bai Ying Xiong gritted his teeth and led his men out of the hall. He really did not want to stay any longer.

"Old White didn't scream. Looks like there's nothing wrong with this door. What does Aunt Hong think?" The Verdant King asked cautiously. After all, Xuan Tianyan was too cunning.

"I think there should be no problem, but there is a possibility that they might not be able to come back. Your Highness can let someone try." Aunt Hong suggested.

The Verdant King immediately arranged for people to go in and out. The result was just as Aunt Hong had expected. They really could go out! I can't get in ... During this period, the people from Ghost Realm had already left without batting an eyelid.

"Let's go out too." The Verdant King thought for a while and decided not to stay. After all, the Black Tortoise and the Ghost Realm would definitely come after Rong Mo and Ye Qianli. He didn't want to get involved.

"Your Highness, there's still no news about Xiao Dao. I have to stay."

“..”The Verdant King looked at Aunt Hong with some hesitation. After all, Ye Rui had told them about Red Knife's situation before. He also felt that Red Knife was most likely in trouble.

" A silly child like Xiao Dao will have silly luck. I don't believe anything will happen to him. " Aunt Hong said firmly, but she also suggested, " Your Highness, you don't have to wait. Just help me send a message to the Hong family. "

When the Verdant King heard this, he knew that he could not persuade Aunt Hong to leave. Thus, he only warned her to be careful before leaving with the people from the Blue Dragon Dynasty.

President Ye, let's go too. " On the other hand, the people around Ye Donglin did not really want to stay either. Firstly, because the dean had not appeared, their team had already dispersed. Secondly, Rong Mo and Ye Qianli didn't bring them to play, so they didn't feel the need to stay and get involved.

Moreover, this matter had clearly developed into a dispute between the two dynasties and a personal grudge! It was not good for them to interfere, so they might as well leave early.

Ye Donglin was naturally aware of these twists and turns, so he nodded and said, "Alright, let's go."

Ye Shang had learned her lesson and left without saying anything. She didn't even look at Rong Mo and Ye Qianli, as if she had given up.

..

Aunt Hong was the only onlooker left in the huge hall. She was looking at Ye Qianli and Rong Mo, who were still in the center of the two poles.

At this moment, Ye Qianli's stomach growled again, perhaps to make Aunt Hong more excited. " Ji, gu, gu..." 's voice.

"Ji, ji, ji..." This time, the commotion continued for quite a while. Hearing this, Aunt Hong's eyes were filled with smiles. She felt that it was really hard on this young lady. She was already so hungry.

However, this movement woke up Little White Meow, who was lying next to Rong Mo and seemed to be asleep. It opened its eyes in confusion. " Meow? "

"Ji, ji, ji..." The sound in Ye Qianli's stomach seemed to be responding to it, and it came out again.

Little White immediately pricked up its little ears and stared at Ye Qianli's belly. However, after staring at it for a while, nothing happened.

"Meow?" Little White Meow jumped over and carefully looked at Ye Qianli's stomach. At this time, another series of " Ji Gu Gu " sounds were heard.

"Meow!" Little White Meow was excited and quickly went over to listen. Red Aunt, who was watching, almost laughed out loud. She felt that this little cat was too funny.

However, Auntie Hong did not understand why Little White Meow was so excited! Because it sensed that it was a breath of life! Breath...

Breath!

"Meow ~" Little White Meow approached Ye Qianli's belly excitedly and lay down to continue listening. Sure enough, it heard some movement inside.

The key was that it felt that wisp of life was like a small fish swimming around in Little Qianli's stomach. This ... This ... This was ... Was it Xiao Xiaomo?

Ah!

[illegible]

Little White Meow was so excited that it could not breathe. Its eyes were wide open! Simply ... It was simply unbelievable! Heavens, what did it miss?

Why did she wake up with Xiao Xiao-Mo? What? What? Meow, meow, meow!

Chapter 230: Devouring Genesis!

“I”The little white cat was so excited that it was stunned for a while. Then, it went to listen again to confirm and carefully sensed for a while.

"Meow!"

You're wrong!

It was Xiao Xiaomo!

And she had been pregnant for almost a year! In other words...

Little Qian Li got pregnant a long time ago after Little Mo Mo did this to her! But wait a minute, why didn't it notice that there was a baby in Little Qianli's stomach?

Thinking about it this way!

The excited Little White Meow noticed that something was wrong again. It had been pregnant for a year! Why hasn't she given birth yet? When Little Xi was pregnant with Little Mo Mo, she gave birth less than a year later.

"Meow?" Little White Meow scratched the fur on its little head and carefully moved closer to Ye Qianli's belly. But it had been almost a year.

Although the baby's growth was very slow and it felt like he had not fully grown, there was no mistake. It had been a year! It had really been a year.

"Meow, meow, meow..." After Little White Meow confirmed it, it meowed to itself again. No one knew what it was saying, as if it did not know itself.

"Is this cat stupid?" The Magic Box, who had noticed Little White's "madness", felt a chill run down its spine. If it wasn't curious about what was wrong with it, it would have run to the ancient battlefield to hide.

"Meow meow ~" After Little White Meow said that excitedly, it reached out its little paw and gently rubbed Ye Qianli's belly, revealing a motherly smile.

The Demonic Box's body twitched as he watched, and he felt even more terrified! Was he really crazy? Then should it quickly hide?

"Puhahahaha..." At this moment, Auntie Hong could no longer hold it in and burst out laughing. Hahaha ... How could he...So funny...

Hahahaha..."

Unfortunately, although Auntie Hong was laughing loudly, Little White Meow really did not hear her. It was completely immersed in its own joy. From time to time, it would sense Little Mo. It was so happy that it could not control itself.

"Meow, meow, meow..."

That's great, Little Mo Mo is going to have Little Mo, and Little Qian Li. She won't be alone anymore. That's great.

Little White Meow was so excited that it couldn't help but rub its eyes. Its watery blue eyes were misty, and drops of tears couldn't help but fall.

Only it knew how difficult it was for its little Momo. Otherwise, she would not have grown from a little cutie to a little iceberg. She had even grown crooked ...

"Meow, meow, meow, meow..." Little White Meow lay in Ye Qianli's arms and couldn't help but whimper. The low wail shocked the magic box.

".. "Auntie Hong also stopped laughing. She could not laugh anymore because in Little White's whimpers, there was a strong sense of sadness, heartache, relief, and so on. It was a complicated emotion that made people feel particularly sad.

However, Little White Meow only whimpered for a while before it became happy again. The way it looked at Ye Qianli's belly became brighter and more loving.

The magic box was speechless.

Aunty Hong's lips twitched. Why did she feel like Ye Qianli was pregnant and Little Meow was the mother? It was too strange.

However, while the Magic Box was speechless and Aunty Hong was holding her forehead, Ye Qianli, who was a real mother, was still completely unaware. She was still watching the evolution of the Primordial Chaos and the beginning of the Chaos.

Although the more she looked at it, the more confused she became, she could feel that the faint breath that caused all of this seemed to be getting closer and closer to her. It was as if it was no longer so floating and could not be captured.

Even!

"Buzz."

When Ye Qianli instinctively reached out her hand, a purple light slowly wrapped around her fingertips and then disappeared.

However, Ye Qianli could clearly sense that the light had entered her body! It entered her stomach and was swallowed and digested.

This ...

"F * ck, no way!" The Demonic Box was even more excited than Ye Qianli. It had already left the illusion, so it could clearly sense that Ye Qianli had swallowed a wisp of Genesis Power!

It wasn't an aura, but the real Genesis Power that had evolved this great world! The first wisp of power, oh my god ... Oh my god ...

What was going on? As its master, it wouldn't die, right?

The magic box wasn't happy at all. It felt that the entire box was in a bad state. After all, although the Genesis Power sounded awesome, and it was indeed awesome, it knew clearly that its weak master couldn't withstand it.

"Second Fool, my Second Fool. He really can't swallow anything. My God ..." The Magic Box really wanted to destroy Ye Qianli's cultivation, even if she would go berserk.

How could he swallow this thing?

Hey hey ...

The Magic Box was anxious to death!

"Meow!" Little White Meow was excited. It naturally sensed what the magic box could sense. But it suddenly realized why Little Qian Li was pregnant for a year and the baby was still so small. It turned out to be malnourished! He just lacked this sliver of Genesis Power.

"Ji, ji, ji..."

As for Ye Qianli's stomach, it was making a soothing sound. No one else noticed it, but Little White Meow did. Little Mo was feeling better.

Meow, meow, meow! As expected.

"Meow, meow, meow..." Little White patted its paws excitedly and listened carefully for a while. After confirming that the baby was fine, it immediately beamed with joy.

"Eh?" At this moment, the magic box also sensed the "strangeness" and subconsciously sensed Ye Qianli's stomach. Then, it felt as if it had been struck by lightning.

Uh ...

A child!

Uh ...

Whose?

The magic box was completely stunned. After all, it appeared after Ye Qianli had done that to the beautiful prince. It had no idea that its stupid master had once been so complacent.

Of course, it also knew clearly that its Second Fool had never done this or that with any man...The question was, why was there a doll?

Looking at the cat's expression, could it be that this baby belonged to this cat? Ah pui! The Magic Box looked down on itself speechlessly. It felt that it was also brainless. What kind of mess was this...

But where did this child come from! The magic box was about to collapse. It had clearly been with the Second Fool all this time, but it actually didn't know why the Second Fool had a child.

This ...

Oh!

Could it be that when it went to the ancient battlefield to avoid suspicion, the idiot took advantage of the beautiful prince's illness and did this to him?

"It's possible! It should be!" The magic box thought that this was the only time. However, it did not hide for long. It was done so quickly? That beautiful prince's body was too weak.

"Ji, ji, ji..."

While the Demonic Box was thinking, the movement in Ye Qianli's stomach became much stronger, accompanied by a faint purple aura. This movement naturally attracted the attention of Lady Hong.

Most importantly, when this faint purple qi dissipated...

"Boom!"

The sky changed.
