Chapter 81 - Chapter 81 (English Translation)

Chapter 81 Zayn's Scheme : Zayn paused briefly . His eyes locked onto Leander's face . 47 Finished Howard had once personally traveled to Mount Lurvale to witness a decisive battle that would determine the fate of Mornwick's underground world . He even filmed the fight . Zayn had watched that video many times . However , the distance from where it was shot made it impossible to clearly see the faces of those involved . All he could make out were rough outlines . In the video , the man who defeated Mason with a single punch bore a striking resemblance to Leander .

However , Leander paid no attention to him . He walked off to gather ingredients as if Zayn wasn't even there . Zayn stood frozen for a moment before snapping back to reality . " That's impossible . Mr. Ashcroft is like a Celestial Serpent , a figure of unimaginable stature . How could he possibly be mingling with these insignificant heirs of wealthy merchants ? " Zayn shook his head . He figured that someone as powerful as Mr. Ashcroft , who could single- handedly dominate an entire province , must be incredibly busy . There's no way a man like that would show up here at Water Paradise .

To be safe , Zayn turned to Autumn and asked , " Miss Little , who is that man ? " Autumn had introduced Leander earlier , but Zayn hadn't paid attention at the time . " Him ? " She glanced at Leander scoffing dismissively . " He's just a country bumpkin with no background or connections . Why do you care about him ? " Zayn felt a wave of relief upon hearing this . His gaze toward Leander now carried a hint of mockery . " It's nothing . I'm just curious , " Zayn said with a wave of his hand . " I've got other matters to attend to . You can talk to the manager if you need anything .

He'll take care of it . " Zayn left the restaurant after saying that . He left the group from Ravenridge behind . Leander continued arranging the ingredients from a distance . Autumn suddenly turned toward Madeline . " Madeline , " Autumn began . " Ginny mentioned that you and Leander used to be childhood friends . But you need to understand that there's a difference in the levels people can reach . " Her tone grew more serious . " Even though you come from a modest background , you carry 1/4
14:58 Mon , Oct 13 Chapter 81 Zayn's Scheme 47 Finished yourself with a natural grace .

It's clear you're destined for greatness with your intelligence and academic achievements . You'll likely get into one of the top universities and become a star student . " But Leander ? His personality , talent , and even social skills are all utterly lacking ! " Leander continued working in the distance as Autumn's words grew more cutting . " He met me for the first time today and didn't even have the courtesy to call me ' Miss Little . ' That's just bad manners . We've been here this whole time , and everyone's been chatting except him .

He's stayed silent and completely out of sync with everyone else . That's a complete lack of social skills . " Mr. Mardin was standing right here and talking to us . However , Leander didn't even acknowledge him and just kept stuffing his face as if it didn't matter . He'll never rise to our level with that kind of attitude . " Autumn continued and ignored Madeline's reaction . " No one would dare complain if Mr. Ashcroft , who commands the respect of an entire province , acted like that . But someone with no backing who insists on being a maverick is not showing individuality .

It's stupidity ! " Madeline stood frozen , her brow furrowing as she wanted to defend Leander . However , everything Autumn said seemed impossible to argue with . Autumn patted Madeline's shoulder and spoke with a more sympathetic tone . " Madeline , it's not that I look down on your childhood friend . It's just that the world works this way . People from different circles don't mix . You and Leander are worlds apart . You can't just force him into this group . He doesn't belong here . " I've heard that you've already signed with Glorious Entertainment and made you one of their artists .

You'll be on the path to stardom and becoming a household name soon . The gap between you and Leander will only widen . " He'll just hold you back and become a burden and an embarrassment to others . So please take my advice to keep your distance from him . Let your connection fade . It's the best thing for both of you . " Autumn stood up and walked off to enjoy the scenic views of Water Paradise after saying that . She left Madeline in a daze . Yvette , who had been sitting nearby , put her arm around Madeline's shoulder and offered some quiet comfort .

She couldn't help but agree with Autumn's words in her heart . She had told Leander the same thing before . Now , Autumn's speech confirmed that she had been right all along . Leander had some impressive qualities . However , the gap between him and people like them was too large at the end of the day . They lived in different worlds . 2/4 14:58 Mon , Oct 13 Chapter 81 Zayn's Scheme 47 Finished Colin chuckled to himself . Autumn's words had effectively nailed Leander's coffin shut and cut him off from their social circle completely . Madeline eventually snapped out of her thoughts .

By the time she did , Leander had already set a plate of food on her table . " Do you want something to eat ? " he asked with a smile . She looked at Leander for a moment , then shook her head . " No , I'll grab something myself , " she replied politely and got up to walk toward the buffet . Leander's expression didn't change . He simply shook his head and sat down to eat . Even though he had been far away , every word Autumn spoke was within his hearing . Nothing could escape him as a Martial Sovereign . What surprised him was how Madeline seemed swayed by Autumn's words .

She seemed to be putting distance between them and deliberately keeping her distance . He didn't dwell on it . Madeline was the last thing left behind by Hazel and the only person Hazel had ever cared about . His only duty was to ensure Madeline lived a life free of worries . Therefore , he didn't even care how Madeline treated him . Besides ,

Madeline would embark on her new journey toward stardom after this trip and he would leave Ravenridge to head to Tardide Valley . Perhaps it was for the best if she started becoming more independent now and learned to face the world on her own .

Autumn lounged against the railing of a lakeside villa outside the restaurant . Zayn stood not far away with a cigarette in hand as he gazed out at the view . " Miss Little , are you sure Yvette is just the daughter of some local businessman ? " Zayn's mind was filled with thoughts of Yvette . Her mature and alluring presence left him restless . " Yes , her father's Linden Sitwell , the chairman of Sitwell Group . Why ? Are you interested in her ? " Autumn asked with a knowing smirk . " Sitwell Group ? " Zayn scoffed and was clearly unimpressed .

His father ruled over Ascendia with a fortune in the hundreds of millions and connections far beyond anything the Sitwells could imagine . A small company like Sitwell Group wasn't even on his radar . Linden may be a chairman . However , he was just another businessman desperate to please in front of someone like Zayn . 3/4 14:58 Mon , Oct 13 Chapter 81 Zayn's Scheme : 47 Finished Zayn had been lusting after Yvette for a while now . Learning that she was merely the daughter of a mid - sized corporation made him even bolder . " Miss Little , please invite her out for drinks tonight .

I'll give you 300 if things go well ." Autumn's eyes flashed . She nodded without hesitation . Yvette , Madeline , and Ginny sweetly called her " Miss Little " and treated her like a sister . However , Autumn had never truly cared about any of them . Even Colin was merely a casual friend in her eyes . Only power and profit mattered for someone like her . She would side with whoever could offer her more . Trading Yvette for Zayn's favor ? That was a bargain . " Don't worry , Mr. Mardin . I'll bring her to the bar tonight . The rest is up to your performance , " she said with a sly smile .

Chapter 82 - Chapter 82 (English Translation)

Chapter 82 The Moment of Reckoning 47 Finished Zayn had arranged the best Amorous Rooms for the group from Ravenridge . Each of them was given the royal treatment and everyone was becoming increasingly impressed with their experience at Water Paradise . Madeline seemed deeply affected after hearing Autumn's words . She didn't come to find Leander that evening , instead heading to the hot spring pool with Ginny . Leander was assigned one of the furthest rooms . He leaned against the large open - air hot tub and felt the gentle evening breeze as evening fell .

The cool air was refreshing and comfortable . Zayn dressed in a well - fitted shirt and had a string of prayer beads on his wrist . He strode into the large music bar at Water Paradise . The breeze carried a faint scent that caught Leander's attention as he

passed by . His nose twitched slightly . However , he shook his head and turned his gaze away , not bothering to investigate further . " Miss Little , why didn't you invite Colin and Madeline along ? It's just the two of us going for drinks ? " Yvette asked and walked side by side with Autumn . Autumn didn't show any sign of hesitation .

She gave a casual answer . " Madeline and Ginny are soaking in the hot springs . Colin is up in the billiards room on the fourth floor . I've already sent them a message , they'll join us later . Besides , Mr. Mardin is already at the bar so we should go and keep him company . " Yvette wasn't completely convinced but nodded . After all , the one inviting them for drinks was the top young master of Ascendia , the youngest son of Mr. Mardin . Even her father wouldn't dare to show disrespect , so she couldn't refuse such an invitation .

They walked toward the bar and Yvette caught sight of Leander as they passed by his location . Her eyes flickered slightly . After hesitating for a moment , she asked , " Leander , Mr. Mardin has invited us for drinks . Are you coming ? " Leander didn't even glance in her direction . His gaze remained fixed on the water before him as he shook his head . " I'm not interested . " " Don't mind him . Mr. Mardin didn't ask him to come . It's only for us , " Autumn chimed in . Her voice dripped with sarcasm . She had always disliked Leander and seeing Yvette speak with him only irked her further .

Yvette gazed at him for a moment before shaking her head in resignation . She then continued walking with Autumn . But just as they took a few steps , Leander's voice rang out from behind them . 1/4 14:58 Mon , Oct 13 Chapter 82 The Moment of Reckoning Finished " Yvette , I don't care about your personal life . However , I feel obligated to remind you out of respect for Ms. Hollis . You'd better go back to your room and get some rest now ! " Leander suddenly spoke , causing Yvette to pause and turn in surprise . She furrowed her brows and asked , " Give me a reason .

" Leander didn't explain further . He simply waved his hand and said , " I've said what I needed to say . What you choose to do is up to you . " He turned and walked back to his room after saying that . His retreating figure was all that remained . Yvette furrowed her brow even more . She felt utterly confused by Leander's words . Although she despised his attitude and his self - righteousness , she couldn't help but feel strangely concerned by what he had said . She stood there and felt torn between going back to her room as Leander suggested or following Autumn to the bar .

At that moment , Autumn urged her impatiently , " Yvette , let's go . Why do you care about what he said ? Mr. Mardin is waiting for us at the bar , and you know his status . We might lose out on this lavish treatment next time we come to Ravenridge if we show up late ! " Yvette's mind snapped back to reality . She nodded in agreement upon thinking of Zayn's overwhelming power and his influence in the city . Then , she followed Autumn into the music bar . Inside the bar , the place was bustling with wealthy young heirs and heiresses of Ravenridge .

Although many were of high status , only one table remained untouched . At that table sat Zayn Mardin who dressed in a well - tailored suit . " Mr. Mardin ! " Yvette and Autumn greeted as they sat down in front of him . Zayn's eyes lit up as soon as they landed on Yvette . Her vibrant appearance standing out in the dimly lit room . " Ah , you're here ! What would you like to drink ? There is every kind of fine liquor available . We drink to our hearts ' content tonight ! " He eyed Yvette subtly and scanned her slender figure .

He quickly masked his the demeanor of a gentleman when she looked his way . gaze and put on The three of them ordered a few mixed cocktails . The bartender was exceptionally skilled and served drinks that far surpassed anything Yvette had experienced in the bars of Ravenridge . 2/4 14:58 Mon , Oct 13 Chapter 82 The Moment of Reckoning Finished The cocktails tasted exquisite and were a bit stronger than usual . After only a couple of sips , Yvette felt her cheeks flush . This made her look even more alluring . Zayn watched with keen interest .

He imagined the quiet that an alluring beauty in front of him becoming more intoxicated as the night progressed . His pulse quickened . The anticipation became almost unbearable . As they drank and chatted , Yvette finished her first cocktail . She felt a lingering desire for more , so Zayn handed her another glass at just the right moment . As he passed the glass , his fingers brushed against the prayer beads on his wrist . A fine dust fell from the hollow bead into the drink and dissolved completely . Yvette didn't notice the subtle move . She took the drink and savored a small sip .

The taste was slightly different this time , but she assumed it was just a change in flavor . What she didn't realize was that she had already stepped right into Zayn's carefully set trap . In the Amorous Room , Leander was lounging on the couch and playing on his phone . He suddenly received a message from Ms. Hollis . ' Leander , it's been a while since I've seen you . When will you come over for dinner ? ' Leander replied casually , then sighed as he stood up . She's Ms. Hollis ' daughter after all . I can't just ignore her ! He opened the door and quickly headed toward the music bar .

Inside the bar , Yvette had almost finished her second cocktail . Though she had initially felt quite clear - headed , her vision was starting to blur . The surrounding voices of Autumn and Zayn became harder to focus on . Zayn noticed the change in her demeanor and a smile curled on his lips . Tonight , Yvette was his prey . " Mr. Mardin , Miss Little , I'm sorry . I think I've had a bit too much . I'm going to head back to my room now , " Yvette slurred . Her head was spinning as she excused herself . As she tried to stand , her legs wobbled beneath her . She collapsed back onto the couch .

Her lips muttered incoherent words as she slipped into a half - conscious state . " Mr. Mardin , congratulations in advance ! " Autumn raised her glass to Zayn with a smile . " The money has already been transferred to your account . " Zayn smirked as he drained his glass . 3/4 14:58 Mon , Oct 13 Chapter 82 The Moment of Reckoning 47 Finished His eyes were fixed on the intoxicated beauty on the couch . The sight stirred a surge of

desire in him . He licked his lips and prepared to lift Yvette up . However , a long and pale hand moved to block him just as his hand reached out .

Zayn's expression darkened instantly . He raised his head and searched for the person daring enough to interrupt his plans . As soon as his gaze met the person , a pair of cold and indifferent eyes met him ! Send Gifts

Chapter 83 - Chapter 83 (English Translation)

From Outcast to Overlord The Unyielding Heir Chapter 83 Mr Ashcroft ? 47 Finished Zayn was clearly taken aback . His eyes were cold and devoid of emotion , as if they belonged to a demon from hell . He froze for a moment . As anger surged across his face , he regained his composure . " It's you ? " He hadn't expected the person who had stepped in to block him would be Leander , the most inconspicuous member of the Ravenridge group . " What do you want to do ? " Zayn felt a strange lack of pressure in front of Leander .

He stood up and glared at him with hostility , and his expression darkened . Autumn's eyes were cold . Things were almost settled . Why is Leander stepping in now ? " I'm here to take her away ! " Leander glanced at Zayn briefly before turning to Yvette and intended on lifting her up . " What are you doing ? Yvette came here with me . Who do you think you are to take her away ? " Autumn's gaze turned colder . Leander was just a country bumpkin in her eyes . How dare he challenge her ? Leander remained unmoved . His eyes lifted slightly , the coldness in them fixed on Autumn .

" I don't want to hit a woman , but I might make an exception for someone like you . You'd better move aside before I change my mind . " The moment his words fell , a low shout echoed through the room . " Get lost ! " Autumn was taken aback by the force of his presence and stumbled back three steps . Her face was drained of color . She hadn't expected the seemingly calm young man , who appeared to have no temper , to exude such a terrifying aura . She had never felt this kind of pressure from him even though she had often seen someone like Frankie , the local kingpin . She stepped aside .

Leander moved to carry Yvette , but Zayn suddenly bellowed , " You b * stard , who do you think you are to interfere with my business ? " Zayn threw a powerful punch aimed at Leander's back . His father was the underground kingpin of Ascendia . Zayn had grown up in the streets and often found himself in fights and brawls . He was used to winning in physical confrontations . 1/4 14:58 Mon , Oct 13 Chapter 83 Mr Ashcroft ? Finished Leander would be easy for him to overpower . Zayn struck with full force without hesitation . Bang ! He thought his punch would take Leander down .

However , Leander didn't even turn around . He slapped Zayn across the face with a swift motion before he could react . The force was so strong that Zayn flew backward like a kite with its string cut . He crashed into several tables and fell with a loud crash .

Autumn stared in shock . She was unable to believe what she had just witnessed that Leander had dared to strike Zayn ! The other wealthy youths and ladies who had been watching were frozen in disbelief . Zayn , the young master of one of Ascendia's top families and the son of the notorious Gumus , was known for being untouchable .

Yet , he had been knocked down by this stranger with a single slap . Pff ! Zayn spat out a mouthful of blood , and a few of his teeth stained red . His fury surged to a new level , and his anger reached its boiling point . " Someone , get here quickly ! " he howled in rage . A dozen bouncers wielding batons rushed into the bar within moments . They lined up behind Zayn and glared menacingly at Leander . These weren't just regular security guards . They were hired thugs and carefully chosen by Zayn himself . They were dangerous and ruthless .

They all focused on Leander when they saw Zayn get beaten . Their eyes blazed with fury . " The rest of you get out now ! This has nothing to do with you , " Zayn roared and the elites in the bar dispersed immediately . It included Autumn , too . young He pointed at Leander with a bloodthirsty smile curling at the corners of his lips . " Get him ! Beat him to death ! I'll take full responsibility if he dies ! " The bouncers surged forward and wielded their batons as they charged at Leander . They didn't care if he lived or died . They only cared about getting paid .

Leander remained motionless and his expression unchanged . He casually threw out a single punch . Wham ! 2/4 14:58 Mon , Oct 13 Chapter 83 Mr Ashcroft ? : The first six or seven men , who had been at the front , spewed blood and were sent flying backward . They took down several others in their fall . 47 Finished . The rest hesitated and were stunned by what they had seen . However , they rushed back into the fray after a brief pause . Leander still didn't move . Each punch he threw sent at least ten men sprawling .

The bar's floor was littered with groaning bouncers within moments and the room filled with the sound of their pain . Autumn couldn't believe her eyes . She watched in disbelief as Leander single - handedly took down more than a dozen burly men as if it were nothing . It was like watching a scene from an action movie . Leander finished the fight as though he had just completed an inconsequential task . His expression remained indifferent as he bent down to lift Yvette . Yvette stirred as her alertness returned .

She groggily opened her eyes and struggled to fight off the overwhelming fatigue . When she finally focused , she recognized the figure in front of her . " Leander ? " she whispered . Her voice was soft and sleepy . Leander remained cold and detached . His tone was impassive . " I'll give you one more choice . Stay here or come with me . " She was now aware that she had been drugged . She didn't hesitate for a second and responded immediately . " Take me with you . " He nodded and carefully lifted her onto his back . Yvette felt his warmth and immediately relaxed .

The sense of security washed over her , and she fell back into a deep sleep . " D * mn it , do you think you can leave after hitting me ? " Zayn recovered from the shock of being beaten and screamed out in fury . He grabbed a bottle and hurled it at Leander . However , Leander simply let the bottle fly back toward Zayn without even turning . It struck him square on the forehead and knocked him to the ground . The blood spilled from his face . Zayn's face contorted with rage .

In Leander's eyes , he was nothing more than an insignificant bug , less than an ant , Leander didn't even glance at him . He turned and walked toward the door with Yvette on his back . Suddenly , the doors of the bar were forcefully thrown open . A group of men in black suits poured in and filled the room . Behind them , a tall man in a trench coat strode in . He exuded an intimidating presence . 3/4 14:59 Mon , Oct 13 Chapter 83 Mr Ashcroft ? : 47 Finished He looked to be in his carly thirties . His face was fierce and radiating violence .

It was clear he was no stranger to bloodshed and danger . The moment he entered , the atmosphere shifted , and the entire room felt the weight of his power . Autumn's eyes " Howard ? " widened in shock upon seeing the newcomer . Zayn struggled to get up and saw the man approaching . His face instantly lit up with a mixture of relief and fury . He shouted desperately . " Howard , you're here just in time . Help me ! Kill this b * stard ! I want him dead ! " The man was Howard Mardin , Zayn's elder brother and the future heir to the Mardins ' family business .

Howard , five years older than Zayn , was known for his exceptional abilities and ran half of the family's enterprises . His strength far exceeded that of his younger brother . He was the one who truly held power . Howard had come to the bar to enjoy an evening with a beautiful woman he had just met . When he heard about Zayn's trouble , he rushed over and prepared for a fight . His eyes filled with rage upon seeing Zayn's bloodied and beaten state . He reached for the gun hidden under his coat , and his aura turned cold and deadly . " How dare you come after my people in Ascendia !

" He turned to face Leander and intended to make him pay . When he saw Leander's face , his expression froze . His eyes widened . His legs gave out beneath him , and he dropped to his knees . " M - Mr . Ashcroft ? " Send Gifts 60

Chapter 84 - Chapter 84 (English Translation)

Chapter 84 The Unreachable Peak 47 Finished Howard had been planning to take care of the arrogant punk who injured Zayn . Anyone who dared to lay a finger on the Mardins in Ascendia was digging their own grave . But when he turned his eyes towards the young man , he froze . At that moment , all his confidence drained away as soon as he saw Leander's face . His legs buckled beneath him , and he collapsed onto his knees . " M - Mr . Ashcroft ? " The boy in front of him carried a girl on his back and looked at him with cold indifference .

That gaze and his unmatched handsome face left a deep imprint in Howard's heart . Even if he forgot his own appearance , he knew he could never forget that face . Leander had been the one who shattered the stage at Mount Lurvale with a single move . He killed Mason with a punch from ten feet away , then crushed Tommy and commanded respect from all . After that , every underground power in Mornwick bowed to him . At this moment , the boy he had once regarded as a god stood before him . How could he not feel fear ? How could he not be afraid ? " Mr. Ashcroft ? Who the hell is that ?

Howard , what's going on ? " Zayn was clueless . He had called Howard to help him get revenge , but Howard was kneeling in front of Leander now . " Mr ... " He muttered the name under his breath , and then it hit him . Isn't it just earlier that I think Derrick looks very similar to Mr. Ashcroft from the video ? But didn't Autumn say Leander was just a student from the countryside ? I dismissed the thought because I figured I must have been mistaken . I even looked down on him . But now , seeing Howard kneel before Leander and call him " Mr. Ashcroft , " how can I not see the truth ?

How could I have missed it all this time ? The realization hits him . His face pales as he collapses to his knees . Autumn Little's hand covers her lips in shock . Her eyes widen , and her heart churns with turmoil . The boy I've always looked down on and thought was useless turns out to be Frankie's biggest supporter , the supreme ruler of Mornwick's underground . " You know who I am ? " Leander's voice was calm as he addressed Howard . Howard quickly got up and bowed even lower . He nodded furiously . " Mr.

Ashcroft , my father is 1/4 14:59 Mon , Oct 13 Chapter 14 1te Unnar hablé Peak Finished Gumus Mardin , and my name is Howard Mardin , I accompanied him to Mount Lurvale and witnessed your unmatched power with my own eyes a few days ago ? Sweat dripped from his forehead as his whole body trembled . The thought that he had almost raised a hand against Leander sent chills down his spine . " So , you're Gumus son , " Leander said , his gaze sliding toward Zayn . " And this is your brother ? " Howard wished more than anything to deny it .

In his mind , he cursed Zayn a thousand times over , but he still nodded reluctantly , On the other hand , Zayn was frozen in place and paralyzed with terror . Leander's lips curled into a slight smirk as he turned to Zayn . " Didn't you say you wanted me dead ? " " I ... I ... " Zayn's voice faltered . He had thought Leander was just an ordinary student , someone he could crush without a second thought . But now , Leander had transformed into something far beyond his reach , an untouchable dragon soaring above him . Leander's expression darkened . His tone was low and dangerous .

" Even Gumus wouldn't dare speak to me like that . Who do you think you are ? " The words had barely left his mouth when Howard suddenly sprang up in fury . " You d * mn idiot ! " Howard's kick sent Zayn sprawling to the ground . " Do you have any idea who Mr. Ashcroft is ? Do you think you can threaten him ? I'll kill you , you worthless piece of

trash ! " Each punch and kick that followed grew harder than the last . Already gravely injured from his earlier fight with Leander , Zayn could only lie there and barely cling to life . He was on the verge of death within minutes .

Howard hesitated but knew what had to be done . Zayn had offended Leander . By extension , he had endangered both himself and Cumus . It would be the end of their family if Leander chose to pursue this grudge . Cumus would lose everything he had built in Mornwick over the last ten years . As Howard continued to beat Zayn senselessly , he kept an eye on Leander's reaction . Leander remained cold and indifferent . He showed no emotion , even after Zayn's face was battered beyond recognition , which caused Howard's heart to sink even further .

Only now did Howard truly understand what it meant to stand in front of Leander . The fear that gripped him was unlike anything he'd ever known . This was the man who ruled Mornwick , the one who commanded the loyalty of countless powerful figures . Howard had never felt such terror in his life . 2/4 14:59 Mon , Oct 13 Chapter 81 The Unreachable Peak Desperate , he pulled out a handgun and pressed it against Zayn's forehead . Zayn was too broken to resist . He stared up at Howard with silent and pitiful pleading in his eyes . Finished " Mr. Ashcroft , should I kill him ?

" Howard asked with his finger resting on the trigger . Though Zayn was his brother , Howard knew he wouldn't hesitate to pull the trigger if Leander gave the word . In the end , Zayn's life meant nothing compared to his family's future . Leander carried Yvette and finally let out a light laugh . " Howard Mardin , I'll remember this name . Quite interesting ! " He stomped on Zayn's leg , and the sickening crunch of breaking bones echoed through the bar. Zayn passed out instantly from the pain , and his left leg was crushed beyond repair . " He said he wanted me dead .

I'll spare his life for Gumus ' sake , but this leg is the price he has to pay ! " Leander's voice was cold . " Go back and tell Gumus that Zayn is no longer allowed to manage any part of his business from today onward . He's to be stripped of all responsibility and sent to the very bottom . If I ever see him again in Mornwick's elite circles , I won't just take another leg . I'll take his life . Understand ? " Howard's heart leaped in relief , and he knelt down in gratitude . " Thanks , Mr. Ashcroft ! I'll relay your words to my father . I swear , this fool will never live in luxury again !

" Leander nodded . His gaze drifted toward the gun in Howard's hand . " Stop using that ." Howard blinked , confused . " A gun might work on ordinary people ," Leander explained , his voice calm but sharp , " but it's nothing but a death sentence against someone strong . " Crack ! Before Howard could react , the gun shattered into pieces and fell from his trembling hands in a heap of useless metal . Howard stood frozen in place , and terror etched across his face .

By the time he looked up , Leander had already left the bar with Yvette , Autumn , a once - respected figure in Ravenridge's upper circles , was now trembling in the corner and paralyzed by fear . In her eyes , Zayn and Howard had always been powerful and

untouchable figures . But they were reduced to groveling cowards in front of Leander . Zayn even lost a leg in the process . Leander held all the power and looked down on them as if they were nothing . Autumn's mind raced as she recalled the way Leander had ignored them all . It wasn't arrogance or rudeness . He simply didn't care .

He didn't even see us as worthy of his attention . 3/4 14:59 Mon , Oct 13 Chapter 84
The Unreachable Peak Finished Compared to someone like Leander , they were nothing more than children pretending to play in the grown - up world . Autumn thought back to all the dismissive things she had said about Leander in front of Madeline and felt dizzy from shame . Why would someone like him care about socializing ? Why would he need connections or allies when he already commands every major player in Mornwick ? The elite would flock to his side with a single word from him .

Who could even come close to matching his power in the entire region ? As she watched Leander disappear into the night with Yvette , Autumn shuddered and said a silent prayer for Colin . Chapter 85 - Chapter 85 (English Translation)

Chapter 85 What Are You Even Worth ? ๗๕๖ ๗ Finished Leander carried Yvette from the riverbank's corridor and made his way back to his room . Yvette remained unconscious . Though drugged , a faint smile of comfort appeared at the corner of her lips as she slept . Leander laid her on the large bed and pressed his palm against her back . The unique Nirvana Energy inside him was an unrivaled force that could repel all evil and counteract toxins . A single thread of this energy entered Yvette's body . She sighed softly as her entire body relaxed .

A wave of warmth spread from her back , soothing her . The drug inside her dissolved into a faint white mist and slowly evaporated with each breath . Once he was sure she was safe , Leander tucked her in and made his way to the living room's couch . He lay down and closed his eyes to rest . The next morning , Yvette awoke slowly . She sat up and instinctively checked her body . She let out a relieved breath when she realized her clothes were in their proper place . Her mind raced and recalled what had happened the night before . It felt like a nightmare from hell .

" Oh yeah , Leander took me away . Where is he ? " She instinctively stiffened . Zayn Mardin had ill intentions toward me , and now Leander is taking me away . Does that mean he's going to face off with the top heir of Ascendia? Zayn is far more dangerous than Tobias . If Zayn loses his temper and goes after Leander , then Leander could be in serious trouble . Yvette quickly got out of bed and made her way to the living room . But when she saw Leander lying on the couch , she stopped in her tracks .

He was sleeping soundly , his back resting on his hands as a pillow and his legs bent casually . He looked peaceful and calm , as though nothing in the world could trouble him . The morning sun illuminated his handsome face . Yvette felt a sense of warmth and security she hadn't expected as she watched him . She stepped closer , pulled out a chair , and sat down beside him . She rested her chin on the backrest and found herself simply watching him , enjoying this rare moment of peace . " You're awake ? " Leander suddenly opened his eyes and slowly sat up . " Ah ! " Yvette was startled .

It felt as if she had been caught doing something wrong , and her face flushed slightly . " Did nothing happen to you last night ? Did Zayn do anything to you ? " 1/4 14:59 Mon , Oct 13 Chapter 85 What Are You Even Worth ? 47) Finished She suddenly recalled Zayn's powerful presence here and asked with concern . She had been unconscious the entire night and was completely unaware of what had happened afterward . She also didn't know how Zayn and Howard had behaved so submissively in front of Leander . Leander's gaze moved to her as if he could sense her unease .

" You should worry less about me , " he said coldly . " You should focus more on yourself . Things could've gone much worse for you if I hadn't been there . " Yvette's face flushed with guilt as she nodded weakly . She had always considered herself a prominent figure , a capable woman among her peers . Yet , in the face of these real power players , she was nothing more than a lamb waiting to be slaughtered and had no room to resist . She understood that if it hadn't been for Leander last night , she would have become one of Zayn's conquests .

Even if her father knew , there would have been nothing he could do about it . She would have been sullied without a chance to defend herself . " I owe you my thanks again , Leander , " Yvette said quietly . Her voice filled with mixed emotions . " You saved me last night . Thank you . " Leander leaned back on the couch and casually waved his hand . " I've told you before . You're Ms. Hollis ' daughter. I'll be there if you're in trouble , so you don't need to thank me , " he added . Yvette's eyes dimmed slightly upon hearing this . Her voice became somewhat despondent as she spoke .

" So , are you doing this because of my mom ? Would you have just walked away if it wasn't for her ? " Leander remained unmoved , his voice cold as he said , " I've already answered that question before . Don't ask me the same question again . " " Is that so ? " Yvette smiled bitterly . Her feelings weren't anger , but deep frustration and disappointment . Her heart felt torn apart . In over ten years , she had rarely cried . Now , her throat tightened , and her eyes burned . She didn't understand why she felt this way . Even as a child , she had never been this heartbroken . Whoosh !

She took a deep breath and held back the tears in her eyes . She was preparing to open the door and leave . 2/4 14:59 Mon , Oct 13 Chapter 85 What Are You Even Worth ? : 47 Finished Taking a deep breath , Yvette fought back the tears . She turned to leave , but something stopped her . She remembered how Leander had carried her

on his back last night , the warmth and security she had felt . Her steps slowed as she approached the door . She paused and looked back at him . Her voice was more determined now as she spoke , her eyes shining with resolve . " Leander , I need to know .

How many girls have you carried on your back ? Am I the first ? " Leander glanced up at her , his expression bemused . " What does that matter ? " But Yvette was resolute , her eyes locked on his . " I want to know . Can you tell me ? " He paused for a moment and considered it . Then , he said , " You're the first . " For a moment , Yvette was speechless . A genuine , unguarded smile then spread across her face , lifting all the gloom and disappointment . It wasn't the answer she had expected , but for some reason , it made her happy .

Her heart lightened as she opened the door and stepped outside , her mood buoyed by the unexpected joy . Meanwhile , Leander simply shook his head and lay back down on the couch . He didn't try to figure out why Yvette had asked that question or what it meant . He wasn't interested in understanding her feelings . Suddenly , there was a loud Bang ! as the door slammed open . A figure stormed into the room , furious and demanding . " Leander , tell me . Why was Yvette just coming out of your room ? What happened last night ? " It was Colin , one of Ravenridge's top young elites .

His face was twisted in rage , and his eyes burning with jealousy . The sight of Yvette leaving Leander's room had set him off . He had known Yvette for years , and though they were family friends , they had never shared a private moment like this . Now , as he saw her leaving Leander's room with a smile on her face , jealousy and anger flared up uncontrollably . Leander didn't even lift his gaze from his relaxed position on the couch . His voice was cold , indifferent . " Colin , who do you think you are ? Do you really think you have the right to question me ?

" Colin's anger only deepened , his fists clenched at his sides . The tension in the room was palpable , and Leander's calm was the only thing standing between him and the storm that was about to break . 3

Chapter 86 Regret Beyond Measure " Colin , who do you think you are ? Do you really believe you can question me ? " gaze Finished Leander's remained indifferent , his voice cold and detached . The man in front of him , widely regarded as one of Ravenridge's most promising young talents and a future leader in the business world , barely even registered in Leander's eyes . " You b * stard , are you looking to die ? " Colin was enraged , launching a punch straight toward Leander's face . Bang !

Before his fist even got close , a powerful force pulled him out the door and sent him crashing through the railing and into the artificial river . He hadn't even seen how

Leander made his move . The commotion was massive . Yvette , Madeline , and Ginny all rushed out to see what was happening . When they saw Colin drenched and floundering in the river , they hurriedly called the staff to fish him out . Yvette rushed over and asked anxiously . " Colin ! What happened ?

" Colin , soaked and utterly humiliated , was seething , but before he could respond , Leander stepped out of the room and looked down at Colin from above . " Next time you want to pick a fight with me , make sure you're aware of your own limits first ." Colin's fury surged as if it could set him ablaze . He had come to provoke Leander , but instead , he was the one thrown into the river without even landing a hit . The humiliation overwhelmed him , especially in front of Yvette . It was the ultimate disgrace . " Leander , did you lay hands on Colin ?

" Madeline asked with a frown , turning toward him after hearing what had happened . On the other hand , Ginny was furious . She pointed at Leander and scolded , " What's wrong with you , Leander ? Colin and Miss Little brought us to Ascendia to have fun . They gave you this luxurious Amorous Room , treated you to the finest foods from across the world , and let you enjoy this beautiful scenery . And how do you repay them ? By hitting him ? " " Do you think you can do whatever you want with your skills ?

" " Please don't forget that you could work your whole life and still never experience something like this with your financial situation if it weren't for Miss Little and Colin . You don't show any gratitude . Instead , you attack him . Do you have no conscience ? " 1/4 15:00 Mon , Oct 13 Chapter 86 Regret Beyond Measure : 47 Finished Ginny's harsh words seemed to give Colin some relief , knowing that everyone present was on his side . Even Madeline didn't step in to defend Leander . What puzzled Colin most , though , was Yvette's reaction .

She silently handed him a towel , gave Leander a deep look , and said nothing . Not a single word of reproach . It only made Colin's anger burn hotter . However , Leander looked unbothered by Ginny's accusations . His expression was cold and dismissive . " Ginny , don't think too highly of yourself , and don't mistake your ignorance for something to brag about ." He pointed to himself , continuing , " I get it with my own two hands when I want something . I don't need anyone's charity .

" I've tolerated your snide remarks before because you're Madeline's friend , and I didn't want to stoop to your level . But my patience seems to have only emboldened you . So let me be clear that I won't hold back if I hear you running your mouth in front of me again from now on . " Ginny was stunned , her face paling as she realized just how terrifying Leander could be when he treated her as if she were one of his enemies . Until now , he had always ignored her provocations , and she had assumed he wouldn't dare confront her . But now , she saw the truth and it scared her .

" Leander , you're going too far ! " Madeline stepped forward , placing herself in front of Ginny . She met Leander's gaze , her displeasure clear . " Ginny is my friend , and she's a girl . How could you talk to her like that ? " We came out here to have fun , but first you hit Colin , and now you're threatening Ginny . Don't you think that's unreasonable ? It seems I made a mistake bringing you here . I shouldn't have invited you in the first place . " As her words left her lips , both Yvette and Ginny were left speechless .

Even Madeline herself was a bit surprised by what she'd just said . But thinking back on what Autumn had told her in the restaurant , and how Ginny had been whispering in her ear these past few days , Madeline couldn't help but feel disappointed in Leander . His attitude toward her friends was ruining the image she had of him . She didn't take back her words . Instead , she held Leander's gaze and clearly chose to side with Ginny and the others . In that moment , her decision was final . Leander stared at her , this girl who had always followed him around since childhood .

She used to look up to him with admiration . He shook his head and chuckled softly . " Gardner , you're an adult , huh ! " That simple name , " Gardner , " sent a shiver down Madeline's spine . Leander had always called her " Madeline " before , but now he was using a more formal name . 2/4 15:00 Mon , Oct 13 Chapter 86 Regret Beyond Measure This change in how he addressed her was like a silent rift opening between them .) Finished Leander didn't seem angry at all . His voice was calm as he said , " You've grown up , and you're no longer the little girl who followed me everywhere .

You have your own circle now , your own choices to make . " " Your path is yours to choose . No matter who walks beside you , I hope you can stay the course . Do it not just for yourself , but for Ms. Shire's memory . " He turned and walked away , his voice carried back by the wind as he disappeared from sight . " The road is already paved . From now on , there's no ' Leander ' for you , and there's no more little girl ' for me . But I'll still be there for you if you ever need help ! " His words lingered long after he had vanished and left Madeline standing frozen in place .

She was completely at a loss as unable to process everything that had happened in just a few minutes . There's no Leander ' for you , and there's no more little girl ' for me ! The meaning of his words echoed in her mind . She realized with a start that in just a few short minutes , she and Leander had completely broken off their relationship . " Lea ..." She instinctively reached out and wanted to call after him , but Ginny suddenly grabbed her arm . " Madeline , let that arrogant jerk go . Why should you care about him ? He just said all those hurtful things .

Are you really going to go running after him and beg for forgiveness ? " Ginny looked down on Leander , scoffing , " Don't bother with him . He's not even worth hanging out with . You're going to be a star soon . Why would you still care about him ? " " He's the one who chose to end things with you , so why should you be the one to crawl back ? " Colin also smirked coldly . " Madeline , you'll soon be mingling with the elite of society , rubbing shoulders with top businessmen and officials . Frankly , Leander doesn't even deserve your friendship . There's nothing worth holding onto .

" Madeline's gaze flickered for a moment . In the end , she let her hand fall to her side and didn't call out to him . She knew that her future and star - studded career would bring her into contact with the country's top elites . No matter how hard Leander worked , he could never reach that level , and she couldn't drag him there either . " Let it go , " she whispered with a sigh . Even though her heart ached , she forced herself to hold it in . She knew Leander no longer had a place in the life she was destined to live .

She felt that Madeline was making a mistake , but it was Madeline's decision , and she couldn't interfere . " Madeline . Chapter 87 - Chapter 87 (English Translation)

Chapter 87 Leander's Departure 47 Finished Autumn's statements baffled Madeline . Autumn had already told her to avoid Leander as much as possible . Madeline was confused , though , as it appeared that Autumn's attitude had entirely altered . " A friend like Leander is doomed to have no future , Miss Little . He's just an ignorant fool who doesn't know how the real world works . What is there to be sorry for ? " Ginny's lips were pursed . " And as of right now , Madeline has a contract with Glorious Entertainment . She will become a well - known celebrity in the future .

Leander is a nobody , so why should she care ? " Autumn merely shook her head without explaining . She had thought about the same thing only hours before , but Leander had won her over last night . She sighed inwardly , shook her head , and cast a sidelong glance at the resolute Madeline . " It's the greatest mistake of your life to reject Mr. Ashcroft , who holds power over a state ! " Yvette's eyes flashed a little as she looked in the direction where Leander had left . She had the sudden feeling that he would never return .

She bolted out of the hallway , a premonition in her heart , but he was nowhere to be located in the enormous Water World . The Ravenridge group visited Water World over the weekend . What shocked them , though , was that Howard , the older and more capable son , was the one entertaining them instead of Zayn . Each person's Amorous Room was upgraded to the top - level water villa that only VIP guests worth billions could stay in , and they experienced a service that was several times more opulent than previously .

Everyone was secretly ecstatic , believing that Autumn and Colin were the reasons . However , it was only Autumn's knowledge that Howard's kindness toward them stemmed from Leander . Everyone hurried back to school from Ascendia on Monday morning . When Madeline got to class , she could not help but notice that Leander's

seat was empty in the back row . He was absent . Though it seemed a little odd , she looked away . Leander had not shown up in the classroom after two lessons . It took Madeline a while to recognize that something was off . Is he not coming to class anymore ?

Though she was concerned , he never appeared . Yvette was leaning on her hand in Class Six , mindlessly staring out the window . These days , she was a little preoccupied , occasionally thinking about Leander , whether she was having fun in Ascendia or going back to school . She had tried not to think about him back at school , but Ravenridge Senior High held him in high regard due to his incredible night performance . He cast a shadow on names like Shiloh 1/3 15:00 Mon , Oct 13 Chapter 87 Leander's Departure and Victor .

47 Finished He was given titles like " Campus Heartthrob , " " Prince of Love Songs , " and " Piano Prince , " and of the girls in the class were talking about him . It was ridiculous that during breaks , she could see girls rushing to Class Four to give him love letters as they passed through the hallway . many As the new transfer student , he was also highly valued by the school . He was even utilized by the class teacher as a motivating role model for the other students . At Ravenridge Senior High , he had emerged as a prominent character .

Yvette was uncomfortable in the classroom for the entire morning , so at last , she succumbed to her restlessness and hurried over to Class Four . She could not help but desire to see him even if she did not know why . When she arrived at Class Four , she looked around but saw no sign of him; the boy who was both familiar and unknown had gone from sight . She frowned a little , deeply perplexed , and at that moment Madeline came over . " Yvette , are you here to see him ? " Madeline sounded dejected , as evidenced by her subdued voice . " No !

" When Yvette heard Madeline's query , she shook her head immediately . " I'm here to see you . Tonight , for dinner , come to my house ! Bring Leander along , by the way . Where is he ? " Her expression was natural , as though speaking of him was incidental . " He didn't come to the class . " Madeline had a sad , almost listless voice . She had not felt anything out of the ordinary since the day she and Leander had a falling out at Water World . However , she felt as though a piece of her heart was missing after being apart from him for a few days .

It appeared as though the man who would console her in times of distress and encourage her to follow her aspirations through his songs was progressively fading from her life . " Is that so ? Then , put him out of your mind ! " Although Yvette gave off the impression that she did not care at all , she was shocked . If he did not show up for school , she wondered where he would go . Leander was supposed to have simply missed school that day , but Madeline and Yvette did not see him for several days . Not even the school's most infatuated girls could track down Leander .

Leander never showed up again , not at the modest rented place or school , Yvette called him multiple times , but all she got was an unreachable tone , as if he had vanished from the school and was never to be seen again . She was troubled for a few days in a row , spending her time by herself in bed and daydreaming . " Leander , where have you gone ? " She put a gentle hand to her chest , as though it held the warmth of Leander's back from that night when he carried her .

2/3 15:00 Mon , Oct 13 Chapter 87 Leander's Departure 447 Finished It was then that she understood the young man who had first made her feel inferior to him - so much so that she was disgusted by him - had already taken up a corner of her heart and left an enduring impression . Sadly , because of his disappearance , she was unable to fully comprehend this feeling . One of the biggest Escain ethnic communities in Mornwick , Tardide Valley stood apart from other Escain ethnic communities due to its lack of tourist attractions and isolation from the outside world .

There were not many outsiders , and it felt like a utopia . However , a young man arrived in Tardide Valley today . He was dressed in a way that was entirely different from the Tardide Valley Escain people , and he gave off a very graceful and natural aura - unmistakably Leander , who had left school . He departed Water World that day and rushed to Tardide Valley overnight . Many passing Escain inhabitants noticed this weird visitor and became highly inquisitive as soon as he entered the valley .

He ignored everyone and headed directly to the modest house that Frankie had previously rented for him at a premium rate . It was also at this residence that he would plant Silverleaf . The house featured a separate courtyard , but it was not overly large . He cleaned the home and went about carefully tilling the ground in the courtyard . He was about to finish when he heard faint footsteps coming from outside the courtyard . Wearing matching traditional robes , four young women walked side by side .

The leading woman , who appeared to be in her twenties , was particularly beautiful and ethereal , and the other three followed her example . Lifting her lovely eyes , she cast a sidelong glance at Leander , tilling the field . She spoke firmly and loudly , hands on her hips . " Who are you ? Are you unaware that visitors to Tardide Valley are required to report to The Demise ? " Send Gifts a 60 B

Chapter 88 The Top Warrior of Tardide Valley 47 Finished The young ladies behind her arched their eyebrows curiously and mockingly as the bold woman stood with her hands on her hips . young Leander carried on with his job , acting as though he had not heard these young women at all when they arrived . The leading lady took a step forward and scowled . " Hi there , that man dressed in white . I'm conversing with you . Can't you hear me ? " Leander finally turned to face them , but he remained uninterested . " You were heard . So ?

Does it mean I have to respond to you just because I heard you ? " He lowered his head again to keep working and replied , " I've never heard of The Demise . Leave me alone ! " The four young ladies were taken aback by his rebukes , particularly the leader who , despite not having the same beauty and talent as her older sister , was nevertheless regarded as one of Tardide Valley's most attractive women . Among the three sizable villages , she was the most well - known .

Being The Demise's youngest disciple , she attracted a lot of attention and was respected even by the group's gifted male disciples . The way Leander treated her was the worst treatment she had ever received . Many of the valley's population revered The Demise , a centuries - old ancient group located in Tardide Valley . To be able to join the sect was an honor for everyone living in the valley . In addition , the valley was home to ethnic minorities , making it impossible for national laws to completely control them . Thus , in Tardide Valley , The Demise was the real lord .

The woman was furious at Leander's contempt for The Demise . " You are so daring ? What kind of location is Tardide Valley , do you know ? Are you aware of the significance of The Demise ? " A young woman nearby gave a chilly reprimand because she could take it no more . " The Demise decides every issue in Tardide Valley . The Demise must provide its permission for any outsider who wishes to remain in the valley . You dare to stay in this courtyard in secret even though you are unaware of the regulations . Are you trying to court death ?

" Leander gave her a quick glance , remained silent , and simply laughed softly while wearing a highly disdainful attitude , as though her comments regarding The Demise meant absolutely nothing to him . " How could you ... " With a pursed mouth , the leading young lady uttered , " Let me tell you . I recently became a disciple of this generation's The Demise . I'm Sierra Porter . I have come to enlighten you on the sect's behalf . Everything in Tardide Valley has to follow The Demise's rules .

You will be responsible for the repercussions if you choose not to provide your identity . " Leander had done tilling the ground . Disinterested , he removed the Silverleaf seeds and sowed 1/3 15:01 Mon , Oct 13 Chapter 88 The Top Warrior of Tardide Valley 47 Finished them one by one . " I previously paid cash for this residence . It's my personal space . This is my business , what I do here . Why must I report to you ? Does The Demise have the right to inquire about my identity ? " All four of the young women's emotions shifted simultaneously . Anger was heaving in Sierra's chest .

" Kid , how dare you underestimate The Demise ? " she fiercely remarked , giving Leander a stern gaze . " Alright , I can't cope with you because I recently joined The Demise and don't know any martial arts yet . However , The Demise is full of people who can handle you . Just you wait ! " With that , she turned and walked out of sight with the other three , still behaving like a little child . Leander did not even bother to

consider their arrival as he gave a slight shake of his head . Regarding this alleged The Demise , he was completely indifferent .

Tarlyn Guild was the most powerful of Mornwick's old martial arts groups . He was even able to suppress Tarlyn Guild . He would not be terrified of The Demise as a result . Leander planted all Silverleaf seeds . He carefully tended to each Silverleaf seed individually , watering each one as he went . Ten minutes or so later , there was an abrupt disturbance in the distance . The four women from before made a comeback , this time with considerably more vigor and assurance . A man was walking behind them . He appeared rugged , strong , untamed , and commanding .

He appeared to be twenty - five or twenty - six . His face was a picture of fierceness . His hefty footsteps left deep imprints in the meadow and sent dust flying . He struck one as a tough and challenging man at first glimpse . He seemed rough on the outside , but there was a tough atmosphere about him . He was outside the courtyard , having caught up to the women in a matter of strides . His eyes swept across the courtyard , and they fell on Leander . Then , he grinned scornfully . " Sierra , is that the arrogant outsider you were talking about ?

" He pointed to Leander , asking Sierra behind him . " Yes , that's him ! " Sierra nodded before shooting Leander a cold glance . " Were you not just being conceited , kid ? Ignoring us , disrespecting The Demise ? Tyler has arrived , do you feel afraid now ? Would you mind saying what you just said again ? " The three other women scoffed as well . They simply wanted to watch Leander take a solid thrashing since they found Leander's haughty demeanor offensive . The man was an inside follower of The Demise named Tyler Porter .

In contrast to the recently enlisted disciples , he possessed incredible strength and bravery by nature . He could break mountain eagles into pieces and take out wild bears with his own hands , even before he joined The Demise . From an early age , he was vicious and nasty , and at twelve , the elders of The Demise selected him . 2/3 15:01 Mon , Oct 13 Chapter 88 The Top Warrior of Tardide Valley 47 Finished He improved his martial arts abilities and multiplied his combat capability after joining The Demise . Among the disciples , he was regarded among the top twenty .

He would be feared by all in the three main settlements of Tardide Valley . Leander did nothing but use a hose to irrigate the ground . Sierra was even more delighted when she noticed that Leander was acting scared . " Kid , feel free to express your fear . Return with us at this moment , and bow down before our three hundred followers . This time , you can be spared by the kind elders of the sect . " " Otherwise , let me beat you up first and drag you over there ! " When Tyler did eventually say something , he lifted one foot to make preparations to approach Leander .

With a tinge of schadenfreude on their faces , Sierra and the other women retreated . Everyone was aware that Tyler was never slow to turn violent . Once he got going , he would not stop . Even if Leander survived , his diminutive frame would result in

catastrophic injuries . " Stop ! " Tyler was about to move forward when a chilly voice called out from the courtyard . He , who had been going to lift his foot , placed it back down , seeing as everyone was stunned . Everybody turned to face the courtyard . Leander was the one who talked .

He spoke , but he continued to water the plants without turning to face them . But everyone could hear his voice . " I have a question . How could such confidence come from an inferior sect like The Demise that can't even grow past this little enclave in Tardide Valley ? Do you think I should apologize on my knees ? Does The Demise merit it at all ? Would The Demise dare to accept it from me , even if I were eager to go ? " Send Gifts 60 3/3 15:01 Mon , Oct 13 From Outcast to Overlord : The Unyielding Heir

Chapter 89 What Is Your Purpose ? " Second - rate sect ? " 47 Finished Tyler and Sierra's expressions darkened immediately . They were shocked that , even when facing such a powerful adversary , Leander had the audacity to call The Demise a second - rate sect . It was an astounding display of arrogance . " Kid , you're asking for death ! " Tyler's rage flared as he stepped toward the courtyard entrance . " I need to warn you ! " Leander spoke again . " This is my courtyard ! Outsiders aren't welcome ! Think carefully about the consequences before you take another step !

" Everyone was taken aback by Leander's blatant threat , including Tyler , who stopped in his tracks , a slight tension forming on his face . He wasn't afraid ; he just found it unbelievable . As a core disciple of The Demise , he was not only born with immense strength but also mastered many of the sect's ultimate martial arts techniques . Even the renowned ancient martial practitioners from Mornwick didn't intimidate him . Yet here was Leander , seemingly fragile , daring to threaten him . Sierra and the others were equally shocked , their expressions a mix of confusion and disbelief .

They couldn't understand how Leander showed no fear and even dared to threaten the intimidating Tyler . Throughout Tardide Valley , it was well - known that , aside from the elders and elite disciples of The Demise , no one would dare stand up to Tyler . Whenever he appeared , nearly every household greeted him with smiles . Seemingly fragile , Leander brazenly challenged Tyler with an air of superiority . The group couldn't believe what they were hearing . " Kid , your courage is truly impressive . You insulted The Demise , and now have the nerve to threaten me ?

" Tyler paused in shock for a moment before a cruel grin spread across his face . One punch from him could defeat any formidable creature . What made Leander think he had the right to threaten him ? " I'm intrigued to see what happens if I set foot in this courtyard ! " Ignoring Leander's warning entirely , Tyler stepped forward , ready to seriously harm or even kill him at the slightest provocation . 1/4 15:01 Mon , Oct 13

Chapter 89 What Is Your Purpose ? ٤٥ Finished Tardide Valley was a traditional Escain settlement area , beyond the reach of national laws .

In this place , he could cripple or kill people without facing any consequences , which allowed him to feel completely unrestrained . Sierra and the other new disciples of The Demise secretly wished for Tyler to beat Leander into submission , eager to showcase the sect's strength . Just as Tyler raised his foot , a brisk gust of wind swept through , causing the girls ' skirts to billow . All they saw was a blur before a figure suddenly appeared in front of Tyler in a flash . His expression shifted drastically , unable to process what was happening .

In an instant , his towering frame - nearly six feet tall and weighing over two hundred pounds - was hoisted off the ground . As Sierra and the others gathered their wits , their eyes widened in disbelief . A slender , pale hand gripped Tyler's neck . It belonged to none other than Leander . They could hardly believe what they were seeing . The strong and formidable Tyler , a core disciple of The Demise , was effortlessly subdued by this fragile - looking man ! They rubbed their eyes , but the scene before them remained impossible to accept .

Tyler's face was a mask of horror , his mind completely blank . As he hung suspended in the air , he tried to struggle but found himself entirely restrained by an unseen force . He couldn't move . Fear overwhelmed him . With Tyler in his grasp , Leander's indifferent gaze swept over him . " I warned you . If you intend to step into this courtyard , you should consider the consequences . Do you really want to try ? " Tyler could feel the cold emptiness in Leander's stare , and fear consumed him entirely . He couldn't speak ; only his eyes begged Leander for mercy .

For the first time , the so - called strongest warrior of Tardide Valley realized that his title was merely relative . There were forces in this world he could not hope to match . Leander glanced at Tyler once more , and the next moment , he casually tossed him aside as if he were nothing . Tyler flew over ten meters , crashing into a rock . Blood trickled from the corner of his mouth as his face turned pale with shock . 214 15:01 Mon , Oct 13 Chapter 89 What Is Your Purpose ? : Finished " I came here to plant , " Leander said calmly , " and I didn't want to cause too much of a disturbance .

Consider this both a mercy and a warning . If I catch you near this courtyard again , I won't hesitate to cripple you . Now , get lost ! " As Leander's thunderous roar faded , Tyler didn't even bother wiping the blood from his mouth before turning and fleeing , disappearing in the blink of an eye . Having been completely subdued by Leander in under a minute , the core disciple of The Demise didn't dare stick around any longer . " Listen up , ladies ! Don't test my patience with your ignorance !

I may prefer not to harm women , but if I hear from you again , I won't hesitate to go beyond my limits ! " Leander's icy gaze swept over Sierra and the others . Moments ago

, the girls had been full of arrogance , but now they were utterly deflated . Witnessing Leander effortlessly defeat Tyler had left them terrified , their faces pale as they hurried away . Leander returned to his business as if nothing had happened , meticulously tending to the young plants in the courtyard , fully focused on the task at hand .

He devoted the entire day to the garden , eating and resting alongside the Silverleaf seeds , until late at night when he finally rose to head back inside . Just as he stood , he abruptly paused . He sensed someone approaching the courtyard , moving with a speed that unmistakably marked them as a martial practitioner skilled in inner strength . Judging by the footsteps and the fluctuations of energy , Leander gauged the newcomer's power -a master at the early stage of the Grandmaster level , considered a top - tier martial practitioner in Astria . Is this another one from The Demise ?

His demeanor shifted , growing serious as impatience began to rise within him . After enduring repeated provocations from The Demise , he considered whether it was time to confront and completely overpower them . As he mulled over his options , the newcomer approached the courtyard , a fragrant breeze following her . Turning around , Leander spotted a tall , slender woman standing just outside . With a beautiful face marred by a frosty expression , she bore a slight resemblance to Yvette , though her aura radiated a deeper sense of coldness .

Chapter 90 - Chapter 90 (English Translation)

Chapter 90 The Other One Is Jeff Ashcroft " Are you the one who injured our disciple from The Demise ? " 47 Finished Wearing a plain dress , the woman's icy gaze pierced through Leander , her stunning beauty overshadowed by clear hostility . She was also a member of The Demise , but her standing within the sect far surpassed Tyler's , and her strength was beyond anything he could ever hope to match . Tyler , who had been swiftly defeated by Leander earlier , reported the incident . Now , as the sect's chief disciple , she had come to exact revenge .

Attacking a disciple of The Demise within their own territory was a blatant affront to the entire sect ! Leander cast a quick glance her way , paused for a moment , and then turned toward his room , seeming to ignore her completely . Her expression darkened again , and a trace of malice seeped into her voice . " I don't care about your identity or your purpose in Tardide Valley ! You harmed our disciple , so you must come with me to the sect and face the elders ! " She glanced at Leander as though he were inconsequential .

After he attacked a disciple of The Demise , she believed it was her responsibility to capture him and bring him back , convinced that , although Leander had defeated Tyler , he wouldn't be able to match her . As the chief disciple , her strength surpassed that of ten Tylers , placing them in entirely separate ranks . " He approached my courtyard seeking trouble and ended up injured . That's on him ! If you want to take revenge for him , go ahead and try ! " Leander turned his back on her , his tone nonchalant . " Hmph !

" The woman let out a soft snort , poised to make her move , Just then , urgent shouts echoed from a distance . " Brittany ! " Sierra , who had been looking for trouble , hurried in their direction . She shot Leander a look filled with hatred before quickly grasping the young woman's arm . " Brittany , the elders have sent Levi to tell you to return to the sect immediately . Set this matter aside for now ; there's an urgent issue that needs your attention . Levi is waiting for you at the gate .

" Brittany Potter , the young woman , frowned slightly in confusion . " An urgent matter ? " She was surprised . The sect would only dispatch Levi to summon her back at this hour if something serious had happened . After a moment of thought , her hostility faded slightly , and she coldly remarked to Leander , " I know you're also an inner strength martial practitioner . Tyler initiated the provocation , so he bears some of the blame . Still , you injured one of our disciples . If you don't leave Tardide Valley by tonight , I will ensure you face the consequences ! You have until tonight !

It's opportunity ! " " Her ultimatum was clear and non - negotiable . your final " Leave Tardide Valley ? " Leander chuckled softly , clearly dismissive . " I live by my own principles . No one can tell me what to do ! I won't be leaving Tardide Valley ! If any of you have grievances , feel free to come at me ! " His tone was serene , yet the inner strength emanating from him was intensely powerful , leaving both Sierra and Brittany momentarily stunned . However , after a fleeting look of shock , Brittany quickly composed herself and let out a chilling laugh .

" Given your refusal to understand your situation , you will suffer the consequences ! If you remain here tomorrow , you'll see The Demise's methods in action ! " Having said that , she ignored Leander entirely and pulled Sierra with her . He showed no signs of concern as he calmly walked back to his room . What was The Demise , after all ? In Mornwick , the Tarlyn Guild stood above all other sects . Having defeated their second - in - command , The Demise hardly intimidated him . " Brittany , what if he stays here tomorrow ?

" While they walked , Sierra glanced at Brittany , her voice filled with resentment . At just ten years old , Brittany , her elder sister , was recognized by the elders of The Demise for her extraordinary talent and subsequently became the chief disciple . Aside from the Grand Elder and a few elite elders , she was seen as the strongest in the sect . Brittany

walked leisurely , responding , " Sierra , I've already made it clear what The Demise's rules are : anyone who harms our disciples becomes our enemy !

" 2/5 15:01 Mon , Oct 13 Chapter 90 The Other One is Jeff Ashcroft A flash of lethal intent flickered in her gaze . : 47 Finished " If he remains in Tardide Valley by tomorrow , I guarantee the elders will intervene . At that point , it will be too late for him to back down ! " Brittany's words sent a thrill through Sierra . She recognized the immense power of The Demise's elders ; to them , the lives of ordinary people are usually disregarded , not to mention their adversaries . Even though Leander had defeated Tyler , she thought he wouldn't stand a chance against the elders of The Demise .

How could he possibly defend himself if they decided to intervene ? She looked forward to seeing his proud expression crushed ! As the two women approached the gate , they noticed a young man waiting for them . Appearing to be around twenty , he was tall and charming , radiating a strong sense of self- confidence . Upon seeing Brittany , admiration flickered in his eyes , and he quickly approached her . " Brittany , today was meant to be your day to go home , but the sect has just received some urgent news . The elders instructed me to inform you right away !

" His gaze toward Brittany was filled with affection and admiration . They had grown close since she first joined the sect , and now that Brittany had blossomed into a striking beauty , he had secretly vowed to marry her one day . Brittany avoided the young man's gaze and responded coolly , " Levi , what happened ? " Levi Huxley , the young man , had already reached the mid - Grandmaster level at a young age , showcasing remarkable talent . He was nearly unrivaled , except for the top nine martial prodigies . Her question caused him to freeze briefly , panic evident in his expression .

" It's about the Shadow . He's coming back ! " " The Shadow ? " Brittany's expression froze at the name . " What ? " She reacted as though she had just heard the name of a deadly beast , her complexion turning pale . " Have the elders come up with a plan to handle him ? " 3/5 15:01 Mon , Oct 13 Chapter 90 The Other One Is Jeff Ashcroft After a long moment of shock , she finally managed to ask . 47 Finished Levi hesitated and shook his head . " The elders have placed the entire sect on high alert because of this !

" " Years ago , the Shadow was almost invincible in the sect , competing closely with the Grand Elder . After embracing dark magic , he has undeniably become more powerful . Even the Grand Elder has admitted that he might not be able to match The Shadow any longer ! The Shadow's return to Tardide Valley brings impending doom for both The Demise and the three major Escain clans ! " Brittany , as the chief disciple , felt her previous pride vanish , replaced entirely by fear . " If the Grand Elder can't stand against the Shadow , then ... what can we do ?

" As Levi rubbed his arm , he spoke with a serious tone , " While traveling here , I overheard the Grand Elder discussing plans with the other four elders . They're considering reaching out for external help ! " Brittany looked perplexed . Given the Shadow's formidable strength , which was nearly unmatched below the Martial

Sovereign level , defeating him would require at least a Martial Sovereign . However , those figures usually governed their own territories and rarely made public appearances . Requesting help from a Martial Sovereign was exceptionally challenging .

Though she sensed little hope , Brittany couldn't resist asking , " Who do the elders plan to reach out to for help ? " Levi slowly extended two fingers into the air . " Across Mornwick , only two individuals can rival the Shadow . One of them is Tristan Wilson , the leader of the Tarlyn Guild . Ten years ago , he was already at the half - Sovereign level . With the Tarlyn Guild's mastery of poison and hidden weaponry , he could match a Martial Sovereign . Now , he has likely made further advancements after ten years of seclusion . Confronting the Shadow should not be a challenge for him !

" Brittany's expression brightened . She was fully aware of the esteemed reputation the Tarlyn Guild held . " In that case , we should go to the Tarlyn Guild right away and request their leader's help ! " Levi immediately shook his head in response . " According to the Grand Elder , Tristan has been secluded for ten years , and his whereabouts are currently unclear .

He is not at the Tarlyn Guild's base making it nearly impossible for us to locate him . "

Brittany's hopes were dashed as she furrowed her brows and asked again , " You mentioned that there are two individuals in Mornwick who can rival the Shadow . Who is the other one ? " Levi narrowed his eyes and paused for a moment before replying . " The other one is , of course , the newly emerged Martial Sovereign in the Astrian martial realm , Jeff Ashcroft !
