Chapter 2411 - 2411: Fortune Leaderboard, Explore Fortune Earth World, Treasure That Contains Fortune

“Fight me!”

Chu Kuangren’s voice echoed across the universe.

Cultivators from all tribes looked at the man in white, feeling challenged. Their blood boiled as the urge to challenge Chu Kuangren grew restless.

“He’s too arrogant! He’s challenging all the cultivators in the universe! Is he trying to get himself killed?”

“Does he think he can single-handedly challenge all of us?”

“This is the Chu Kuangren I know! He’s a madman! He’s indeed the biggest legend in this era!”

“This is astonishing!”

The cultivators looked at Chu Kuangren with respect, shock, eagerness, greed, admiration, infatuation, and all kinds of mixed feelings.

After making the announcement, Chu Kuangren grinned and stepped into the Fortune Earth World. The Pan Gu Sect cultivators followed him inside.

The rest of the cultivators went inside as well.

“Go!”

“Kill Chu Kuangren, and his fortune energy will be ours!”

“Kill him, and that fortune energy will make me a Monarch or even an Overlord that rules over the Infiniverse!”

“Yeah! Kill him!”

All the cultivators jumped into the Spirit World, including some of the ancient Monarchs.

“Chu Kuangren! I’ll kill you!”

The Spatial One stepped into the Fortune Earth World.

“That fortune energy belongs to me.”

Zhu Yang’s eyes were overflowing with greed.

“Chu Kuangren, you shouldn’t have exposed your Fortune Level. Now, how are you going to stand against all the Monarchs in the universe?” The Celestial Divine Tribe Leader smirked.

The memory of Chu Kuangren raiding his tribe’s treasure vault was still vivid, and there was no way he would let the thief go.

Chu Kuangren stole their treasures, so the Celestial Divine Tribe Leader ought to kill him and snatch his fortune energy for revenge.

There was also the Six Eyes Tribe, the Beastman Tribe, the Nine-headed Tribe, Spatial Tribe, and Dragon Tribe, whose cultivators swarmed into the Spirit World.

Multiple mysterious cultivators stood in the void, watching as the other cultivators swarmed inside the Spirit World.

Their star-shaped pupils twinkled in the night.

They were the Fate Defiant Masters.

“We are almost certain that Chu Kuangren is the latest generation Master of Destiny. Our priority in there is to snatch his fortune energy and then come back to the real world to kill him,” said the leader.

They had been investigating the identity of the Master of Destiny over the years, and finally, they locked on to Chu Kuangren.

Unfortunately, the latest generation of Master of Destiny was far more capable than they thought, especially the ridiculous amount of fortune energy.

It was unprecedented.

He might be the biggest problem that the Fate Defiant Masters had ever faced.

“Let’s go.”

The Fate Defiant Masters blended themselves into the crowd of cultivators and entered the Fortune Earth World.

With their participation, a battle of fate unfolded.

When Chu Kuangren reached the Fortune Earth World, he looked around with interest.

The Spirit World was the same as the outside world, and it seemed normal.

No Immortal Herbs or Immortal Metals in sight, but the spiritual qi in the air contained a strange energy presence.

It was fortune energy!

The spiritual qi in the Fortune Earth World contained fortune energy!

“Also, there was spatial turbulence when I came in, and it seemed to have teleported me to a random spot in the Fortune Earth World,” Chu Kuangren murmured.

Lan Yu and the others were not with him.

He was the only one for miles around.

It meant that, when entering the Fortune Earth World, one would be teleported to a random spot.

“That Fortune Leaderboard...”

Chu Kuangren looked up into the sky and saw a leaderboard.

Names started to appear on it, and the first one was his name.

After him would be Mingyue Wuxia, Lan Yu, Spatial One, and so on.

It was a leaderboard that recorded everyone’s Fortune Level.

“I see. Now, everyone has an obvious goal.”

Chu Kuangren nodded.

Even without the leader board, he was the common enemy. His absurdly high Fortune Level was too tempting for others to ignore.

His reason for exposing his own Fortune Level to attract all the hostility and make them come for him was to harvest even more fortune energy without going around to look for them.

The smartest hunter always appeared as the prey to trick the target.

People may view him as prey, but he viewed others as lambs waiting to be slaughtered.

“I’m looking forward to this adventure in the Fortune Earth World.”

Chu Kuangren grinned and started his exploration.

A while later, he found a colorful herb on a mountain.

He went over for a closer look and realized the herb contained a strange energy presence, which was fortune energy. It was a fortune energy-nourished herb.

“Interesting.”

Chu Kuangren found a quiet place to refine it.

Then, he realized his fortune energy had gotten a little stronger.

It was subtle, but he could feel the increment.

“Can the Fortune Earth World produce treasures to boost one’s fortune energy?” Chu Kuangren was delighted by his discovery.

Just like that, he had found another way to boost his fortune energy. He believed the Fortune Earth World would be the key for him to create the Fortune Kingdom.

Chu Kuangren continued his exploration and found a few treasures with fortune energy.

The treasures were in different shapes and sizes. Sometimes, even a pebble along the road contained fortune energy, and Chu Kuangren harvested quite a number of them.

“Roar!”

Suddenly, a roar sounded.

A strange beast that resembled a tiger came out from the jungle and charged ferociously toward Chu Kuangren.

It was as strong as a Supreme Honorable Grand Dao cultivator!

Chu Kuangren slapped the beast away, killing it instantly.

A glowing crystal fell off the beast's body when it was killed, and Chu Kuangren picked it up to find a huge amount of fortune energy inside.

"So the beast had fortune energy crystals inside its body?" Chu Kuangren narrowed his eyes.

With a thought from his mind, he expanded his spirit energy across the land.

Soon, he located the den of the beast. It was more like a tribe as there were tens of thousands of beasts together.

Chu Kuangren's figure flashed and disappeared from the spot.

There was a spacious valley filled with strange beasts.

Some were lying down, while some were fighting for territory.

Suddenly, the strange beasts sensed a powerful aura, and they all looked up into the sky, where a white figure had appeared out of nowhere.

The strange beasts felt an unprecedented threat from the man in white and instinctively released an anxious roar.

Some of them even lunged toward the man in white.

They opened their mouths wide and shot beams of light at the man.

However, the man in white, or Chu Kuangren, was unfazed.

He raised his hand and pressed downwards.

“Bang!”

Boundless Daoist law energy rained down on the beasts.

The entire valley was shaken like never before, and it started to collapse.

Countless beasts were crushed by the collapsing rocks and stones..

Chapter 2412: Huge Temptation, Strange Poison Mist, You Fell For It

In a valley inside the Fortune Earth World, Chu Kuangren was collecting the crystals from the strange beasts he killed.

There were a lot of them, and all of them contained a decent amount of fortune energy. In bulk, it would be quite the harvest, and it delighted him.

Suddenly, he sensed something, and his eyes narrowed.

“Show yourself,” Chu Kuangren said.

Multiple figures emerged from the void.

Without even introducing themselves, a powerful formation was summoned to lock Chu Kuangren on the spot.

Daoist law energy then filled the formation.

“Chu Kuangren, we’re taking your fortune energy!” the leader said.

With the formation activated, countless runes rose into the air.

“You’re just a bunch of ants who aren’t even Monarchs. Who gave you the courage to come at me?” Chu Kuangren scoffed.

He could tell that the strongest attacker was just a Supreme Honorable Grand Dao. Even though the man had manifested his Daoist law, he was still weaker than a real Monarch.

“Hmph! We might be no match for you alone, but with all of us together and the power of this formation, we’ll surely get you!”

The leader seemed to be confident in his formation.

Chu Kuangren took a glance at it. It was a decent formation, but it was just tricks before the man who was ranked first on the Formation Leaderboard.

He casually swung his palm forward and released boundless Daoist law energy at the attackers.

The formation was broken instantly, and all the attackers were blasted away.

Many of them died and were teleported out of the Fortune Earth World.

Streams of fortune energy then gathered toward Chu Kuangren.

“What? How is this possible?”

The leader was shocked.

Chu Kuangren unleashed an attack with his palm again, sending all of them out of the Spirit World.

“Greed kills. They think they can come after me with their strength?” Chu Kuangren shook his head and scoffed.

His Fortune Level was absurdly high, and cultivators from all tribes saw him as a common target. Some were even willing to take the risk to challenge him.

Since no one would be killed in the Fortune Earth World, why not give it a try?

If they succeeded, it would be an unimaginable reward.

Everyone was tempted by it.

After absorbing the attackers' fortune energy, Chu Kuangren continued to refine the crystals from the strange beasts.

His lips curled into a wide smile when he was done, and he continued to explore the Fortune Earth World.

However, he did not conceal his presence. Quite the opposite, he released his presence wherever he went, which attracted many other cultivators.

"Look, it's Chu Kuangren!"

"He's making himself a walking sign board! Doesn't he know he's the common target now and that everyone wants to kill him for his fortune energy?"

"He's Chu Kuangren. What is he afraid of?"

"You're right. He was so arrogant back out there, and he's definitely prepared for this. In fact, this might be a part of his plan. Since all the cultivators are trying to snatch his fortune energy, why not do the opposite and snatch it back?"

"Hey, do you want to take a risk?"

"We can't die anyway. Why not give it a go?"

"Let's go!"

"Swoosh!"

Numerous figures jumped onto Chu Kuangren from all directions.

There were almost ten thousand of them.

There were Primordials, Emobiders, and even Arch Gilded Immortals.

All of them were weaker than ants before Chu Kuangren.

However, with enough ants, they could kill an elephant.

All of them shared the same thoughts and went after Chu Kuangren relentlessly.

“Hahaha! I refuse to believe he’s invincible!”

“Yeah! He’s not invincible. He will definitely have a weakness! He can’t go on forever! He’s going to get tired one day!”

“You’re right! Get him!”

“Kill him, and we can get his fortune energy!”

All kinds of cultivation techniques were blasted at Chu Kuangren.

They all crashed onto Chu Kuangren like a tsunami. They were enough to flood an entire universe.

However, Chu Kuangren remained standing in his spot and simply raised his sword hand sign.

His eyes narrowed as he drew a line in the air with his finger.

Tens of thousands of sword qi gushed forward, splitting the energy wave in two!

Wherever the sword qi went, cultivators in its way were slaughtered.

Once defeated, the cultivators were sent out of the Fortune Earth World.

After a few rounds of attacks, more than ten thousand cultivators were defeated, and Chu Kuangren got all of their fortune energy.

“Not enough. It’s still not enough,” Chu Kuangren muttered.

The amount of fortune energy he had earned so far was not enough for him to build the Fortune Kingdom.

He raised his hand and expanded the Infinity Domain.

“Bang!”

All the cultivators caught in the domain were defeated instantly. They were no match for the boundless spatial energy.

In just a few moments, Chu Kuangren was surrounded by a field of blood, but there were no bodies.

“The Fortune Earth World is really amazing. To think 1 can defeat others and get their fortune energy. How interesting,” Chu Kuangren muttered.

He defeated tens of thousands of cultivators in a single strike.

On a more conservative scale, he had gained at least a hundred thousand points of fortune energy.

Of course, the cultivators alone would not provide that much. A part of it was from the Fortune Earth World itself.

After that, Chu Kuangren continued forward.

Along the way, he ran into all kinds of cultivators aiming for his fortune energy.

Some tried to assassinate him, some ambushed him, some poisoned him, some set traps, and some even tried to seduce him.

Unfortunately, nothing worked on him.

It was almost impossible to get his fortune energy.

Just then, a wave of purple poisonous mist came in his direction.

Plants withered and animals died wherever the purple mist reached. All things were silenced as if it was death coming for them.

“Huh? This aura...”

Chu Kuangren could sense the Daoist law energy inside the mist.

Ahead of him, a lady in a black dress was trying to outrun the mist, and she looked like she was panicking.

Chu Kuangren glanced at her and found himself intrigued.

The lady saw him as well.

“Sir, please help me!” she begged.

Behind her was another old man in black robes, chasing her at a steady pace. He was the one who released the poisonous mist.

“Hehe, little girl. You can’t run now!”

The old man looked at the lady hiding behind Chu Kuangren and grinned. He then looked at Chu Kuangren and asked, “Who are you? How dare you stand in the way of Master Daoist Purple Mist? Do you have a death wish?”

Master Daoist Purple Mist shot a cloud of purple mist from his hand. The mist looked harmless, but it contained the power of a Monarch.

Chu Kuangren pointed his sword hand sign forward and drew a line in the void.

The poison mist was dispersed instantly, and the old man was blasted away.

Suddenly, a glaring blade appeared behind Chu Kuangren.

The lady in the black dress attacked!

“Chu Kuangren, you fell for it!”

The lady grinned as she thrust the blade at Chu Kuangren’s back.

The attack landed, but at the next moment, the lady’s expression froze..

Chapter 2413: Four Monarchs Team Up, You’re Alone

“Clank!”

The blade hit Chu Kuangren’s back, but it felt like it struck iron. It could not even leave a scratch on Chu Kuangren’s skin.

The lady was shocked and in disbelief.

Her blade was a Longmeng Supreme Treasure, and together with her strength, even a Monarch would be heavily injured if struck.

Yet, it could not even penetrate Chu Kuangren’s defense.

How tenacious was Chu Kuangren’s body?

Not even the behemoths or the dragons had such a tenacious physical body!

Chu Kuangren was a monster!

The lady retreated the moment her attack failed.

Master Daoist Purple Mist, too, was shocked that the plan failed.

“Get him!”

Two more figures came out from the void.

All of them carried powerful Daoist law energy fluctuations.

They were all Monarchs!

“Be careful! His physical body is terrifyingly strong!” said the lady in the black dress.

Chu Kuangren scoffed. “What a cheap plan. Do you really think this can kill me? How foolish.”

The moment the lady and Master Daoist Purple Mist appeared, he already knew what was going on. He simply did not expose them because he was confident he could control the situation.

The two of them were just acting to trick him so that the lady could ambush him from the back.

The ambush succeeded because Chu Kuangren allowed her to, yet the blade did not even scratch his skin.

Ever since he got the All Law Indestructible Physique, his body’s tenacity had reached such a terrifying level that he could ignore the common Monarchs’ attack.

The lady’s ambush was completely ineffective against him.

“Look! Someone is going up against Chu Kuangren!”

Someone else noticed the battle and quickly went closer for a look.

The battle between Monarchs was huge, let alone four Monarchs teaming up against Chu Kuangren.

“Who’s that lady? I’ve never seen her before.”

“I know Master Daoist Purple Mist. He’s from the Witchcraft Tribe, and they are all actually parasites that had attained the Dao. They are incredibly powerful.”

“What about the other two? I can’t tell where they are from.”

While the onlookers talked about the Monarchs’ background, Chu Kuangren scanned the four Monarchs around him.

Other than Master Daoist Purple Mist and the lady in black, one of the other two concealed himself under a black cloak, but he emanated a deadly aura.

As for the last one, he carried a boundless rage qi, and the Daoist law energy behind him formed the shape of a strange beast.

Chu Kuangren had a general idea of where they were from.

“Witchcraft Tribe, Undead Tribe, Nine-Headed Tribe, and you...”

Chu Kuangren looked at the lady in black, and his heart raced. His expression looked unusual.

The lady was beautiful, but it was not the reason why Chu Kuangren’s heart raced. He was surprised because he sensed a familiar presence from her.

“Master, the presence of this lady is similar to the dead Apocalypse Martial Ruler. I suspect they cultivate the Apocalypse Demon Martial Art,” Lil Ai said.

Chu Kuangren was intrigued.

Could the lady be the remains of the Apocalypse Martial Art Society?

No.

She was stronger than the Apocalypse Martial Ruler, and her Murderous Daoist law was purer. The Apocalypse Martial Art Society could not possibly produce someone as strong as her.

Chu Kuangren looked at one of the rings on his finger.

It was the God of Slaughter's Ring.

It was the item he got after killing the Apocalypse Martial Ruler, and it seemed to be connected to the God of Slaughter, who was also one of the Primal Gods. "Why is he looking at me?"

The lady in black shuddered when she noticed Chu Kuangren's gaze. She thought Chu Kuangren was infatuated with her looks.

However, she could not be bothered by it. Having come into the Fortune Earth World to seize fortune energy for her kingdom, she could not stop here.

"Die!" the lady in black bellowed.

Master Daoist Purple Mist and the other two Monarchs attacked as well.

"Apocalypse Demon Martial Art, Frosty Snow Realm!"

The lady swung her blade in a flurry. In that instant, her Daoist law energy summoned a blizzard to attack Chu Kuangren.

Endless slashes were hidden in the blizzard, and a frosty murderous aura filled the area.

Master Daoist Purple Mist condensed the purple mist around him to summon a centipede that growled and lunged toward Chu Kuangren.

Wherever its legs touched, the land was poisoned.

The Monarch wrapped in a black cloak lifted his head. His eyes glowed green glows, followed by a blast of death qi.

“Death Grim Claw!”

A hoarse voice came from under the cloak.

A bleach-white bony claw reached out at Chu Kuangren.

Then, the Nine-Headed Monarch growled. He reverted into his true form — a hydra with nine heads!

Each head released a powerful breath attack.

There was ice, flame, poison, and water from the breath attack.

Multiple different energies intertwined in the void and converged into a torrential stream of energy that blasted into the void.

All four Monarchs attacked together, and they certainly possessed a stronger aura.

The viewers were in awe.

Chu Kuangren stood still on the spot, unfazed. He swung his sleeves upward, releasing three thousand Daoist laws that shook the world.

The torrential energy stream exploded.

The blizzard dispersed, and the murderous qi disappeared.

The centipede formed by the poisonous mist growled before it, too, exploded into pieces.

When the bone claw clashed with the three thousand Daoist law energies, it shattered like broken bones.

“Bang! Bang! Bang!”

All four Monarchs were blasted away with blood gushing out from their mouths.

Still, Chu Kuangren did not budge. His white robes were free of a speck of dust.

Immortal Sparks surrounded him, complimenting his arrogance.

He simply raised his hand, and the auras of the powerful Monarchs dispersed.

The four Monarchs widened their eyes in disbelief.

“Is that all you can do?” Chu Kuangren said as he shook his head.

Then, he disappeared from the spot and reappeared above the Nine-headed Monarch.

He threw a palm strike downward.

It felt to the others like the sky was falling.

The Nine-headed Monarch roared and channeled his Daoist law energy to the limit. All nine of the hydra heads opened their mouths.

Different energies blasted forward, but it was useless as the palm strike crushed all nine heads.

“Bang!”

He was teleported out of the Fortune Earth World.

“Damn it! We must leave now!” Master Daoist Purple Mist was shocked.

However, spatial energy suddenly spread and blanketed the field.

The Infinity Domain was activated!

There was no way they could leave now.

“Die.”

Chu Kuangren pointed with his finger, crushing Master Daoist Purple Mist with his Universal Genesis Pierce.

Then, he swung his finger in the air and cut the Undead Monarch in half.

The Undead Tribe was known for their inability to die, but they were not immortals.

Even the Grim Reaper would fall before absolute power.

“You’re the only one left.”

Chu Kuangren looked at the lady in black coldly.

The lady looked pale and felt utterly helpless..

Chapter 2414 Kneel, Slaughter Kingdom, Sword Saint of Divine Sword Palace

The lady in black looked at Chu Kuangren, who had killed all the Monarchs like ants, in horror. She believed Chu Kuangren was not just a human; he was a monster!

What happened before the lady's eyes was ridiculous.

One finger would be all it would take for him to defeat her.

Chu Kuangren, on the other hand, looked at the lady in black with interest.

"Where are you from?"

The lady in black was surprised by the question.

Instead of choosing to end her, he asked her a question.

Could it be...

The lady looked at Chu Kuangren in fear. Could it be that the famous Monarch Chu was a pervert who had fallen for her looks?

"I'd rather die than be insulted!"

The lady raised a palm to her hand, wanting to end her run in the Fortune Earth World.

However, her hand froze in the air as an invisible force stopped her.

It was Chu Kuangren's spatial energy.

The lady could not even end herself. She could do nothing before the monster, and the helplessness pushed her into despair.

Chu Kuangren saw the changes in her expression, from fear to anger and disappointment. It put an odd look on his face.

It seemed like the lady had a lot going on in her mind.

However, Chu Kuangren did not care what was on her mind. He pointed at her and said, "Kneel."

The lady scoffed.

As she expected, he did want to insult her, but she would never get on her knees!

She would much rather him end her with a slash!

"Thump!"

However, the lady knelt before Chu Kuangren.

Even she was stunned.

She had no idea what was going on.

She planned to fight Chu Kuangren to the end, but a strange force enveloped her and urged her to kneel, which she did unconsciously.

The lady was confused and shocked.

She looked at Chu Kuangren, wanting to ask him what he did to her. That was when she saw a black ring on Chu Kuangren's finger.

The ring gleamed coldly.

Just one glance and the lady could feel its intense pressure impacting her mind.

"T-That's the God of Slaughter's Ring!"

The lady recognized the ring instantly and was shocked by her discovery.

To the force she belonged to, the God of Slaughter's Ring was like a symbol.

"Y-You're the successor of the God of Slaughter!" the lady cried.

Chu Kuangren was more intrigued than ever. "I see. You are indeed related to the God of Slaughter. Tell me, where are you from?" "I'm Liu Tianxue. I come from the Slaughter Kingdom," Liu Tianxue introduced herself.

The Slaughter Kingdom was an ancient force, rivaling some of the Hongmeng Tribes.

The founder of the kingdom was the God of Slaughter himself.

However, after the Infinity War, the kingdom lost a lot of its power and decided to step into the shadows.

Following the final era, they were forced to come back out into the public.

Liu Tianxue was the princess of the Slaughter Kingdom. She entered the Fortune Earth World because she wanted to gain fortune energy for the kingdom.

The God of Slaughter's Ring in Chu Kuangren's finger was meaningful to the Slaughter Kingdom because it represented the kingdom's founder.

It had always been in the God of Slaughter's possession but was lost during the Infinity War.

"That explains a lot..."

Chu Kuangren was struck with realization.

The kingdom that the God of Slaughter founded should be powerful or decent at least. With the God of Slaughter's Ring, he might have a chance to rule over them.

After thinking about that, he asked Liu Tianxue, "After this whole thing ends, you can look for me in Pan Gu Sect."

Then, he slashed Liu Tianxue in half using his sword qi.

She was useful, but since she ambushed him and teamed up with other Monarchs, she had to be punished by having her fortune energy taken away.

Liu Tianxue was teleported outside the Fortune Earth World. She was sad to find that her fortune energy was drained.

"I thought Chu Kuangren would let me go because he's the successor of the God of Slaughter, but he's cold-hearted!"

Then, she recalled what Chu Kuangren said to her earlier.

"Look for me in Pan Gu Sect..."

Was he interested in the Slaughter Kingdom?

It must be.

He had the God of Slaughter's Ring, which forced even a Monarch like her to kneel. Why would he give up on a chance to rule the Slaughter Kingdom?

"But even if you have the God of Slaughter's Ring, trying to rule over the kingdom is not easy. My brothers will never hand over their power so easily," Liu Tianxue muttered.

She stared at the door to the Fortune Earth World, pondering.

Back inside, everyone saw how easily Chu Kuangren defeated the four Monarchs, and his absurd powers scared everyone else.

After that, he looked at the cultivators who stayed to watch his battle.

The cultivators were just there for a show and could not help but exclaim in shock after they witnessed Chu Kuangren's powers. However, when they caught his gaze, they gasped in fear and had goosebumps all over their skin.

"No way. Is he..."

"Run!"

The cultivators scattered away in panic.

"Too late," Chu Kuangren said.

He closed his fist in the void, and his boundless Spatial energy formed a tornado that swept over everything.

All the cultivators blown away were defeated instantly.

Everyone in the Fortune Earth World was a source of fortune energy, except for the people of the Pan Gu Sect.

As for the onlookers, they would have to pay with their fortune energies for a great show.

Chu Kuangren chuckled as killing them was as easy as mowing the lawn. It did not take long before more than ten thousand cultivators were swept away by the tornado.

Suddenly, a powerful sword intent exploded from the void.

Chu Kuangren turned to the source upon sensing it.

An old man with white hair stood high on a mountain peak. His gaze was as sharp as a hawk as he glared at Chu Kuangren harvesting others' fortune energy.

Chu Kuangren noticed him as well.

"This sword intent is stronger than the Divine Sword Palace Ruler. Interesting," he muttered.

The man stepped forward and approached him.

With each step he took, the sword intent on him grew stronger.

Soon, his sword intent flooded the entire field, filling every corner in the realm.

Chu Kuangren also released his sword intent to fight back.

The clash between sword intents was like two tidal waves crashing into each other.

The stray sword intent materialized into sword qi and swept across the field, defeating even more cultivators.

"Such terrifying sword intent! Who is that old man?"

"I know him. He's the Sword Saint of the Divine Sword Palace! He's a peerless swordsman who overpowered his era!"

"The Divine Sword Palace? Is he here to take revenge on Chu Kuangren?"

"Yeah. The Divine Sword Palace has quite the beef with Chu Kuangren."

"The humans always fight against each other."

Chapter 2415 Fight Sword Saint, I Can, But Not Others, Answer Invitation

"Sword Saint of the Divine Sword Palace..."

Chu Kuangren looked at the Sword Saint. "I've heard of you. Judging from your sword intent, you are indeed stronger than that useless Palace Ruler." The Divine Sword Palace was not exactly his friend. In fact, they had quite a conflict in the past.

That was why Chu Kuangren was not shy to mock the Sword Saint.

The Sword Saint responded with a frosty expression.

"Chu Kuangren, I have heard of you as well. You killed the Sword Demon of our Divine Sword Palace. You should know that the Sword Demon was as talented as me, and he could've reached my level in the future," he said coldly. Since the Sword Saint, the Divine Sword Palace had not been able to produce powerful Monarchs. It was not easy for them to produce the Sword Demon, who could replicate the legendary Sword Saint, yet Chu Kuangren killed him.

The Sword Saint had no good impression of Chu Kuangren either.

"Sword Demon? Do you mean that guy I killed with one slash? Do you view him as your future, or are you as useless as him?" Journey Beyond Imagination with NovelBnI.

"Nonsense!"

As the Sword Saint's gaze turned frosty, a surge of sword qi shot out from his eyes.

His gaze was as sharp as a blade, and the sword qi flooded the area instantly.

Chu Kuangren did not budge and countered with his own sword qi. "Bang!"

The void trembled when the two sword qi clashed and shattered.

"Since we're both humans, you can walk away from this now," Chu Kuangren said with his hands behind his back.

"I'd like to see how strong the best swordsman of this era is!" The Sword Saint refused to stand down.

The best swordsman of the era was not self-proclaimed. It was the title given to Chu Kuangren by the Great Hongmeng Universe.

He possessed the Human Ancestor's sword, killed the Void Ruler with it, and was far stronger than the Divine Sword Palace Ruler.

Hence, he was worthy of being the best swordsman of the era.

"Holy Spirit Sword Art!"

The Sword Saint raised his hand to gather the spiritual qi of the realm.

They formed multiple sword qi in front of him, and as they were shot, the essence of the Holy Spirit Sword Art was on full display.

Chu Kuangren pointed his sword hand sign forward and used the same Holy Spirit Sword Art.

"Clank! Clank!"

Two surges of sword qi clashed in the air like a storm wrecking havoc across the field.

Sword Twenty-one, Sword Twenty-two, Sword Twenty-three, Sword Twenty-four...

As their sword intents rose, the sword qi grew stronger and more condensed, from ten thousand to a million and above.

The sea of sword qi clashed fiercely.

It was undoubtedly the strongest and most magnificent sword battle in recent eras, and it should be recorded in books.

"If I kill you and take your fortune energy, the Divine Sword Palace will thrive!" the Sword Saint said coldly.

He pointed his sword hand sign forward, and his sword intent rose to another level.

Behind him, a sword-wielding avatar took form. The massive sword it wielded pierced the sky with its sword ray, and endless sword qi came from the blade.

"Sword Twenty-three!"

The Sword Saint growled and unleashed destructive sword qi at Chu Kuangren.

His Sword Twenty-three was much more powerful than the Divine Sword Palace Ruler's. On top of that, his sword qi was fused into his avatar, and its power had far surpassed the original Sword Twenty-three.

The slash he released felt like it could cut heaven and earth in half.

Chu Kuangren stood still with his sword hand sign pointed upward.

Sword qi gushed out from his fingers and formed a massive sword shadow.

He, too, had cast the Sword Twenty-three!

When the two sword qi clashed, the stray energy spread across billions of kilometers, blasting a ferocious dust storm outward. It felt like the world was ending.

After the clash, the two of them stayed standing in the air.

"Your sword is indeed stronger than the Divine Sword Palace Ruler's. You're the third person, other than the Divine Sword Palace Forefather and I, who cultivates the Holy Spirit Sword Art to this extent," the Sword Said praised Chu Kuangren.

Despite being enemies, he felt a sense of camaraderie with Chu Kuangren.

"Third person? That's not good enough. I want to be the one and only in history!" Chu Kuangren pointed his sword hand sign forward and unleashed his Sword Twenty-four!

The dazzling slash felt like it could cut through space, time, and universes, ripping everything in its way to shreds.

The Sword Saint reacted grimly to the sudden attack. He, too, countered with his sword hand sign, releasing his heightened sword intent.

He unleashed his own Sword Twenty-four!

Compared to Chu Kuangren's sharpness that could tear apart everything in existence, the Sword Saint's Sword Twenty-four carried a sense of creation amid the destruction.

His sword qi seemed to be endless.

The moment the two sword qi clashed, an even bigger explosion shook the realm.

The Monarchs in the area sensed the clash.

"Such a powerful sword qi! By the feel of it, Chu Kuangren is probably one of them, but who is he fighting?"

"This sword qi... It seems like that old man has awakened." "Let's go and have a look."

"Chu Kuangren, I'm here to take your fortune energy!"

Multiple Monarchs dashed toward the scene of the clash.

When they arrived, they saw terrifying sword marks all over the place, deep enough that it formed a valley on its own.

The terrifying sword qi left the Monarchs speechless.

"It's terrifying!"

"Even though the attack of a swordsman is one of the greatest, this level of sword qi is beyond terrifying!"

Then, everyone looked toward the two figures standing in the air, where unparalleled sword intent clashed in the space between them.

"Of course, it's the two of them."

"Chu Kuangren and the Sword Saint. Only the two of them are strong enough to release such a terrifying sword qi!"

"Swoosh!"

A Celestial Divine Monarch went over to the Sword Saint.

He glared at Chu Kuangren with greed in his eyes. "Sword Saint, I'll help you. We can split his fortune energy once we kill him!"

However, right before he could attack, a sword qi was blasted at him.

"What?"

The sudden attack shocked the Celestial Divine Monarch, and he was blasted away with blood gushing from his mouth. After he crashed, he looked at the Sword Saint in disbelief.

It was the Sword Saint who attacked him.

"Sword Saint, are you out of your mind? What are you doing?" the Celestial Divine Monarch shouted.

The Sword Saint glared at him. "This is between us humans. No foreign tribe shall meddle with our business. Scram!"

Intense sword intent was locked onto the Celestial Divine Monarch, forcing him to retreat.

Those who wanted to use the Sword Saint's strength to fight Chu Kuangren were forced to stay idle and observe for now.

"Hmph. What a mood killer."

Sensing multiple Monarchs watching them from the dark, Sword Saint grunted and then suggested to Chu Kuangren, "Why don't we team up and deal with them first?"

"Oh? You want to team up with me?" Chu Kuangren was slightly surprised. The man was trying to kill him a moment ago, and now he suggested they teamed up?

"I do want to kill you and take your fortune energy, but I don't want others to meddle in it, especially the foreign tribes."

The Sword Saint's intention was clear.

As a fellow human, he could fight Chu Kuangren, but he would not allow the foreign tribes to meddle with his business.

"Interesting. In that case, I shall accept your invitation."

Chu Kuangren smiled before his gaze turned cold, and he activated the Infinity Domain to envelop the entire field, catching all the Monarchs inside.

"Damn it!" The Monarchs who just arrived were shocked.

Chapter 2416 Sword Saint Stand Down, No Confidence in Winning, Lan Yu Ascends To Monarch

"In that case, I shall accept your invitation!" With that, the two strongest swordsmen in the current era teamed up.

Infinity Domain was activated, and the endless sword qi swept across the field, reaching every corner of the area.

The Monarchs who came bearing the thought of taking advantage of the situation were stunned.

They did not expect Chu Kuangren to team up with the Sword Saint.

They thought they would help the Sword Saint kill Chu Kuangren and seize a portion of his massive fortune energy. After all, Chu Kuangren had a ridiculous amount of fortune energy. Even just a sliver of it would be a harvest for them. The other option would be hurting both Chu Kuangren and the Sword Saint in the battle, and the other Monarchs would jump in to clean the battlefield. The second option would be the most ideal.

However, to everyone's surprise, the two targets teamed up.

Why? Chu Kuangren had a grudge against the Divine Sword Palace, so how could he team up with the Sword Saint?

Yet, something the Monarchs had never even thought of happened.

They even suspected that Chu Kuangre and the Sword Saint had reached some kind of agreement, hence putting up a show to lure all the Monarchs out.

"Damn it!" a Monarch cursed.

He tried to escape using his secret technique. However, even a Monarch would choose to escape from the two strongest swordsmen, and unfortunately, he could not escape.

A figure in white appeared before him. It was Chu Kuangren.

He looked at the Monarch with a grin and said, "Since you've come all the way here, why leave so early? Why don't I give you a little lift?"

He swung his sword forward, and his sword intent shone dazzlingly, blinding the Monarch for a moment.

Immediately after, the sword qi filled his vision, and he felt as though the sword qi was the only thing left in the realm.

"Bang!"

The Monarch exploded on the spot.

One slash was all it took to kill one Monarch.

The Sword Saint, too, locked on to another Monarch and attacked with his boundless sword qi.

He did not break a sweat in killing his target.

"Not bad," Chu Kuangren said before going to the next target and continuing his killing spree.

"Hurry! We must work together to leave this domain!"

"We're no match for them!"

"Damn it..."

All the Monarchs tried to escape by attacking the Infinity Domain with all kinds of Daoist law energy.

A Spatial Monarch, in particular, detonated a space-type Hongmeng Supreme Treasure and tore a hole in the Infinity Domain.

Seeing that, the Monarchs quickly fled through the hole.

Chu Kuangren and the Sword Saint went after them. In the end, Chu Kuangren and the Sword Saint killed a few more Monarchs before they stopped.

As the only ones left standing in the sky across a billion kilometers, the two of them then exchanged a quick glance. With his hands behind his back, Chu Kuangren said, "If you want to fight again, I'll go along with you. But this time, I'll definitely end you."

The Sword Saint shot him a pensive gaze and grunted. "If you and I go all out, even if I kill you, I won't gain any benefit from it either. Besides, all the Monarchs are onto us. Once either of us is defeated, they will come after you or me. For the sake of the human race, I will not fight you for now." "Even if you kill me? You have quite the confidence. As for the other Monarchs, if they want to kill me, they can come at me. Even if they all come at me together, I, Chu Kuangren, am not afraid!" Chu Kuangren said with a smirk. "I hope you can stay arrogant forever."

After that, the Sword Saint left.

Once he was more than a billion kilometers away, he started to recall the little match he had with Chu Kuangren.

He muttered, "I killed five Monarchs just now, and he killed eight. His sword is faster and sharper than mine." It was the reason why he did not continue the fight. It was because he did not have the confidence to beat Chu Kuangren.

If he were defeated and lost his fortune energy, it would impact the Divine Sword Palace even more.

"Too bad I didn't get a chance to witness his Sword Twenty-five or Sword Twenty-six," the Sword Saint said while shaking his head regretfully.

Would he be able to take the Sword Twenty-six?

...

Meanwhile, Chu Kuangren yawned after the Sword Saint left. "Interesting. The Divine Sword Palace has such an interesting Monarch."

The Sword Saint was extremely powerful. In terms of swordsmanship, he almost rivaled Chu Kuangren.

Chu Kuangren also believed that the Sword Saint had created his own version of Sword Twenty-five.

Unfortunately, Chu Kuangren was not just a swordsman. If they really went all out against each other, Chu Kuangren had absolute confidence in beating him.

"I wonder how Lan Yu and the others are doing," he muttered as he stared into the distant horizon.

The Fortune Earth World was huge — seemingly endless. Chu Kuangren had been exploring for a while, but he had yet to run into one of his own.

He looked up at the leaderboard in the sky.

Lan Yu, Mingyue Wuxia, and the others were still on the leaderboard, which meant they were fine.

"Let's continue the exploration. I'll surely meet them one day."

...

Almost an infinite number of cultivators entered the Fortune Earth World.

The names on the leaderboard were over a trillion.

The weak and the strong were all here.

After all, dying in the Fortune Earth World did not mean actual death. One would only lose their fortune energy, so many used this chance to train themselves.

Somewhere in the Fortune Earth World, a blast of Radiant light shone.

A silvery figure emerged from the light. The winged-woman was in silver armor that made her look valiant.

It was Lan Yu, and right now, she was surrounded by Radiant Daoist law energy.

With a raise of her hand, torrential streams of light shot out.

The cultivators who had her surrounded were blasted away.

"She's so strong!"

"Another Radiant Monarch has appeared!"

"She ascended during a battle? The cultivators of the Pan Gu Sect are indeed monsters!"

"Yeah!"

Everyone looked at Lan Yu in fear.

They originally had Lan Yu surrounded and were one step away from defeating her.

However, to their surprise, she broke through to the Monarch Realm mid-battle! How absurd!

Turning the tables around with her ascension, Lan Yu broke free from the tight situation and easily killed all the attackers.

Her powers did not feel like a Monarch who had just ascended.

"I've been a Pseudo-Monarch for quite some time now, and the deep insights I have into the Radiant Daoist law prepared me to ascent to the Monarch Realm, despite breaking through mid-battle. My powers are far stronger than common First Step Monarchs," Lan Yu thought to herself.

After killing her attackers, Lan Yu looked at the Fortune Leaderboard.

Chu Kuangren's name was still on top, which was not surprising. "Master, I'm not a Monarch anymore."

Then, she put her happiness away.

It was not enough. Master said there would be a war coming, and Monarchs were merely cannon fodders who lived longer.

As such, being a Monarch was far from enough. She had to become stronger.

"The first step in reaching high is to help Master gather fortune energy."

Lan Yu locked on to a bunch of cultivators further away.

She wielded her scepter and released a torrential stream of Radiant energy.

"Bang!"

The cultivators were all blasted out of the Fortune Earth World.

Chapter 2417 Yuan Wuwang, Monarchs Assemble, Scheme Against Chu Kuangren

Fierce battles happened across the Fortune Earth World.

All forces were involved. Trillions of cultivators were fighting each other with tricks, traps, competition of cultivation techniques, personal vendettas, and all kinds of methods.

The names on the Fortune Leaderboard were changing rapidly, but no matter how they changed, the name in the first place remained the same — Chu Kuangren.

He was like a mountain that suppressed them all. The leaderboard did not display everyone's Fortune Level, but everyone knew Chu Kuangren, the first place on the leaderboard, would be the biggest opportunity in the Fortune Earth World!

If they could just kill him, the astronomical amount of fortune energy would be more than enough for anyone to achieve wonders.

One might even reach the Overlord Realm with such a ridiculous amount.

With that in mind, everyone was motivated and eager to meet Chu Kuangren.

"Chu Kuangren, you've done it."

Somewhere on a mountain peak, a man with star-shaped pupils stared at the leaderboard in the sky and exclaimed.

The man was a Fate Defiant Master named Yuan Wuwang. There were quite a few Fate Defiant Masters, and they all tried to defy fate with the blessing of the Reversal God. The strongest four Fate Defiant Masters were known as the Fate Defiant Four Kings, and Yuan Wuwang was one of them.

"Yuan Wuwang, we have contacted all the other forces."

Another Fate Defiant Master appeared before Yuan Wuwang.

"Very well. Arrange for them to meet me."

"Yes, sir."

A while later, Yuan Wuwang arrived at a valley.

There was already a crowd gathered there, and all of them were Monarchs. Their combined aura was terrifying.

Although they might have gathered together, they were still cautious against each other.

Following Yuan Wuwang's arrival, everyone turned their attention to him. One of the Monarchs had sharp eyes and recognized who he was. "Are you people the Fate Defiant Masters?" The Fate Defiant Masters were mysterious, but there were rumors about them circulating.

Hence, Yuan Wuwang was not surprised that the Monarch knew who he was.

"I am. I bet everyone knows why I gathered you here," Yuan Wuwang said.

Upon hearing Yuan Wuwang, all the Monarchs looked up at the Fortune Leaderboard and at the name that overwhelmed all.

"You gathered us here because you say you have a way to deal with Chu Kuangren. I'm interested in your solution to this," asked Zhu Yang, in his signature crimson armor.

He glanced over the valley. There were a lot of Monarchs, so it seemed Chu Kuangren must have offended a lot of people.

However, it made sense with the amount of fortune energy he had. Even the cultivators who had no grudge against him would want a share of his huge fortune energy.

"It's not difficult to locate him. He's going on a killing spree, and he doesn't bother concealing his presence. He's actually trying to attract as much attention as possible. You might be able to find him, but you might not be able to beat him." "Even if we teamed up and overwhelmed him, he could still escape. That's why, to take his fortune, we must set up a difficult situation — a situation that he cannot escape from," Yuan Wuwang said.

"What kind of situation are you referring to?"

"The Heavenly Fate Defiant Dragon Formation. This is the most powerful formation that the Fate Defiant Masters possess. It has only been used once since its creation, and it'll be perfect on Chu Kuangren."

The Heavenly Fate Defiant Dragon Formation was created by the Reversal God, and it had only been used once against the first-generation Master of Destiny.

"Formation?"

The Spatial One scoffed. "Don't forget Chu Kuangren is also the first place on the Formation Leaderboard. Are you sure a formation would work?"

"No matter how great a formation master is, it will take time for him to understand a new formation. Besides, I heard the Spatial One has an Ultimate Supreme Weapon named the Void Roulette. If we use it together with the Heavenly Fate Defiant Dragon Formation, we can certainly overpower Chu Kuangren," Yuan Wuwang explained as he looked at the Spatial One.

The Spatial One was intrigued. "I see you have a great intelligence network. I have only used the Void Roulette once, but you already know about it."

The Void Roulette was the Void Ruler's Ultimate Supreme Weapon, and the Spatial One had only used it once.

Yet, the Fate Defiant Masters had gotten a hold of that piece of information.

"There's another problem. How do you plan to lure Chu Kuangren into your formation?" the Spatial One asked after thinking about it.

"I have an idea."

Yuan Wuwang then summoned several images with his hand.

"They're from the Pan Gu Sect. If we can trap them and use them as bait, Chu Kuangren will certainly show up," Yuan Wuwang said.

Everyone pondered about the plan.

Yuan Wuwang patiently waited for their answers. He knew they would agree to work with him not only because of Chu Kuangren's fortune energy but also because Chu Kuangren was a huge threat to all the tribes.

For as long as Chu Kuangren existed, it would be impossible for the other tribes to replace the human race as the main lead of the universe.

Chu Kuangren had somehow become the main pillar of support for the human race.

Not even the Human Empress and the Earthen Monarch were as influential as him.

"I'm in," the Spatial One said.

"Chu Kuangren is not someone one tribe or a person can fight. I'm in, too," Zhu Yang said.

"I'm eager to get a share of his fortune energy!"

"We must defeat him!"

"Yeah! Otherwise, we won't be able to achieve great things."

Everyone accepted Yuan Wuwang's suggestion, which was as expected.

"Last question. When we attack Chu Kuangren, the Human Monarchs wouldn't just stand back and do nothing. We might have to fight Chu Kuangren and the other Human Monarchs."

"Yeah, especially the Human Empress and Earthen Monarchs, who are both Ultimate Monarchs."

Yuan Wuwang had thought about that as well. "If the Human Monarchs intervene, the Monarchs from other tribes wouldn't just sit back as well."

Everyone was struck with a terrifying realization.

They had a feeling that this upcoming battle would be like nothing they had before.

It was not just between them and Chu Kuangren; it was also the battle between the human race and all the other tribes.

Maybe the upcoming battle would shift the hierarchy of power in the future.

The thought made their hearts heavy, but they also felt excited, for they would be the ones who reshuffle the current hierarchy of power.

"Chu Kuangren really did single-handedly change the state of the Infiniverse," a Monarch said.

The other Monarchs agreed as well.

They might be against Chu Kuangren, but they had to admit that the man was peerless for single-handedly overpowering everyone else. No one in this era or from the beginning of time could ever challenge him. "No matter how amazing Chu Kuangren is, he will soon fall!" The Spatial One grunted coldly.

He did not have a good impression of Chu Kuangren, only hatred and jealousy.

He wished he would strangle Chu Kuangren with his own hands.

"You're right. Old legends will end, and new legends will be born." Zhu Yang was highly motivated and inspired. He wanted to be the new legend.

Chapter 2418: Chu Hong Versus Zhu Yang, Godly Phoenix's Undying Abilities, Lan Yu's Arrival

"Phew! I finally ascended into the Monarch Realm!"

Somewhere in the Fortune Earth World, a crimson figure sat down with her legs crossed and breathed a sigh of relief.

Crimson embers were circulating her, and they contained scorching Daoist law energy.

It was Chu Hong, and she was the second one to break through to the Monarch Realm after Lan Yu.

“Great! I’m one step closer to Brother!”

Chu Hong was delighted.

After she exited her cultivation, she continued exploring the Fortune Earth World.

Suddenly, she heard people talking in the same language.

“Did you hear? Someone is targeting the Pan Gu Sect.”

“It’s going to happen sooner or later. They all have so much fortune energy. It’s only normal for them to be the common target.”

“But I heard some Pan Gu Sect cultivators are locked up in a valley for torturing.”

“Torture?”

“Yeah. I heard it’s Zhu Yang of the Dragon Tribe. He’s locked them up in the valley and burned them with the Infernal Dragon Flame without taking their lives.”

“What is he trying to do?”

“God knows...”

Chu Hong’s expression turned grim when she overheard the conversation.

“Zhu Yang of the Dragon Tribe, how dare you torture the cultivators of the Pan Gu Sect! I’m coming for you!”

With that, she went after the Dragon Tribe cultivators to ask where Zhu Yang held the Pan Gu Sect cultivators.

Soon, Chu Hong arrived at the valley.

The valley was huge and burning with blazing flames. Common cultivators would be burned if they got too near.

Even so, the valley was surrounded by several cultivators.

They were talking about the crimson figure above the valley.

“Instead of killing them for the fortune energy, Zhu Yang has locked them up and tortured them. What is he trying to do?”

“Maybe he’s trying to get back at Chu Kuangren, taking revenge for the insults he received.”

Many years ago, in the Heavenly Void Spirit World, Zhu Yang was defeated by Chu Kuangren with just a few moves, and it became a stain in his life that he could not erase.

It was understandable that he wanted to take revenge by torturing Chu Kuangren’s people.

However, it looked childish.

Chu Hong looked into the valley and saw a dozen figures channeling their

Daoist law energy to withstand the scorching flames.

Despite their efforts, they were losing.

Some of their bodies were burnt to a crisp!

“Damn it!”

Chu Hong could not watch anymore.

She dashed out in a stream of red light and aimed at Zhu Yang in the sky. The Monarch’s Daoist law energy erupted in her.

Zhu Yang looked at her. “Oh? Another one.”

His lips curled into a grin, and he quickly countered with a palm of Infernal Dragon Flames.

Instead of dodging it, Chu Hong countered with her own Phoenix Flames.

When the two flames clashed, stray flames splattered all over the valley.

Chu Hong dashed out of the flames and summoned a crimson spear in her hand. It was the fire-attribute Hongmeng Supreme Treasure that Chu Kuangren gave her.

As she thrust the spear forward, the phoenix’s cry sounded in the air.

“Interesting.”

Zhu Yang narrowed his eyes and grinned.

Even Monarchs could not take his flames head-on, yet Chu Hong, who was just a rookie Monarch, could easily block his flames.

“A Prodigy of the Phoenix Tribe?”

The Phoenix Tribe was also a Hongmeng Tribe that almost rivaled the Dragon Tribe.

However, they had not produced any amazing Prodigy in this era, yet a powerful one was hiding in the Pan Gu Sect.

Zhu Yang unleashed a palm strike forward, releasing his Infernal Dragon Flame again.

“Bang!”

The spear energy was crushed.

“Damn it!”

Chu Hong’s expression turned grim.

She had just ascended, and Zhu Yang was a veteran Monarch who was a lot stronger than her.

“It seems like I’ll have to use it here.”

Chu Hong took a deep breath and wore a determined look on her face.

Daoist law energy circulated her, and her golden Phoenix Flame burst.

“This is...”

Zhu Yang was surprised as he could sense Chu Hong’s aura rising sharply.

Soon, she reached the power level of a First Step Monarch.

“How? How can a fresh new Phoenix Monarch release such power? It’s rare even for the dragons.”

Zhu Yang was not scared.

He was just surprised by the sudden change.

“Divine Phoenix Nirvana!”

Chu Hong growled and released golden Phoenix Flames that formed the image of a real phoenix, frightening countless avians across millions of kilometers.

They felt an instinctive fear from their bloodline.

When a sky-pride of the Phoenix Tribe arrived and saw Chu Hong, she was astonished.

“Such pure Phoenix blood! In fact, she’s very close to the Primal Phoenix, something our tribe hasn’t seen before!”

The Primal Phoenix was an ancient being similar to the Primal Infernal Dragon.

After Chu Hong went through the baptism in the Creation Pool, her bloodline powers were greatly amplified, and it boosted her to the level of the ancient being.

If she had more Opportunities of Fortune, she could reach or even surpass the Primal Phoenix’s level.

“Go!”

Chu Hong lunged her spear forward.

The golden Phoenix Flame gushed forward in the form of a phoenix.

Zhu Yang bellowed, “Audacious!”

Even though Chu Hong’s power-up surprised him, he was not afraid of her as he, too, possessed the blood of the Primal Infernal Dragon.

Runes shone on his body, activating the All Law Indestructible Physique.

He threw a punch at the incoming spear.

The domineering vitality qi and the Infernal Dragon Flame combined to crush the phoenix shadow.

Still, Chu Hong was not deterred. Quite the opposite, she used all kinds of spear techniques as follow-up attacks, and they all contained the Phoenix Flame.

She attacked relentlessly like a storm!

She swung her spear in a flurry, so fast that even Zhu Yang had a hard time catching up. He looked like he was overpowered.

“Damn it!”

Zhu Yang could not hold it back anymore.

He was the Infernal Dragon. He had been a Monarch longer than Chu Hong, yet he was being overpowered.

It was humiliating, and he was pissed off.

“Infernal Dragon’s Eye! Open!”

Dark golden sparkles flashed across his eyes.

Suddenly, time around Chu Hong slowed down.

Her thrusting and swinging grew slower.

“Time?” Chu Hong was shocked.

Zhu Yang seized the chance and threw a palm strike at her, blasting her away. Blood gushed from her mouth.

However, at the next moment, a strange energy erupted in her and quickly healed her injuries.

Seeing that delighted the Phoenix sky-pride. “The Godly Phoenix’s undying ability! Her regeneration rate is far stronger than my tribe’s!”

Ancient legend had it that the Infernal Dragon controlled time and the Primal Phoenix controlled the power of rebirth.

The biggest characteristic of rebirth would be undying.

“The Phoenix’s undying ability? I’d like to see how you’ll regenerate if I beat you to ashes!” Zhu Yang said coldly.

No one could kill in the Fortune Earth World, but Zhu Yang could eliminate Chu Hong from the competition for fortune energy.

He still had a lot of bait to lure Chu Kuangren out anyway.

“Hmph! How dare you torture one of the Pan Gu Sect? For that, you shall die!”

A frosty voice echoed in the sky, followed by a blast of torrential Radiant energy that shed its light across the valley..

Chapter 2419 Pan Gu Sect's Monarchs Appear Consecutively, Spatial One, Dao Lingtian Appears

A torrential stream of Radiant energy spread across the sky and blanketed the entire valley.

Enveloped by the powerful Radiant energy, Zhu Yang was forced to narrow his eyes.

"This Radiant energy rivals even the Radiant Goddess."

Based on his knowledge, only the Radiant Goddess had such high attainments in the Radiant Dao, yet that Monarch was from the Pan Gu Sect. It was obviously not the Radiant Goddess.

At the end of the Radiant energy stream, a valiant figure emerged in silvery white armor, snow-white wings, and silver hair that complemented her valiant demeanor.

The Radiant Goddess' Radiant Dao was holy, merciful, and dignified, while that person's Radiant Dao had an extra sense of Valkyrie-like sharpness. "Lan Yu!"

Chu Hong was delighted to see her friend.

Lan Yu, too, was relieved to know that Chu Hong was fine. She then looked at Zhu Yang with intense murderous intent.

"Die!"

Without further ado, Lan Yu attacked using her most powerful technique.

The Radiant energy stream was blasted forward.

Its power was far stronger than a common Monarch.

Zhu Yang narrowed his eyes and quickly channeled his Infernal Dragon Flame to counter the blast of Radiant energy.

He could tell that Lan Yu had also just ascended into the Monarch Realm, just like Chu Hong, yet they possessed powers far beyond their current level.

Could it be the blessing of fortune energy?

It should not be.

Could they be as talented as himself?

If they were as talented as himself, in addition to the blessing of fortune energy, they would easily surpass him in the future.

With that in mind, Zhu Yang's gaze turned cold.

"Pan Gu Sect, you people shouldn't be allowed to exist anymore," he said coldly.

If two random female cultivators of the Pan Gu Sect possessed so much power, Zhu Yang dared not even imagine how grand and terrifying it would be if the entire Pan Gu Sect teamed up...

Zhu Yang dared not even imagine how grand and terrifying the scene would be.

Ruling over the Infiniverse might actually be possible for them.

"Infernal Dragon Eye, Silence Realm!"

Zhu Yang activated the Infernal Dragon Eye.

A dark golden eye appeared in the void and released tremendous Time energy onto the field.

Lan Yu and Chu Hong reacted with a heavy look.

The Time energy was one of the most mystical energies in the universe.

Even though they were already Monarchs, they would still find it difficult to counter the energy.

However, to save the Pan Gu Sect cultivators from Zhu Yang and for the sake of the sect's reputation, they could not retreat. "Great Judgment of Light!"

Lan Yu channeled her Radiant energy.

She had been guided by Ming Fei and taught all kinds of Radiant cultivation techniques of the Radiant Church. Now that she had mastered it all, the Great Judgment of Light became one of her most powerful attacks.

"Bang!"

A massive ball of light was tossed forward. It was as if the sun was crashing down from the sky. Chu Hong channeled her Godly Phoenix energy, forming a living phoenix using her golden Phoenix Flame that carried a noble demeanor.

"Godly Phoenix Impacting Heaven!"

The Radiant and Godly Phoenix energies clashed with the Time energy.

"Hmph! The Infernal Dragon energy is far more powerful than yours combined!" Zhu Yang grunted coldly.

As he narrowed his eyes, Daoist law energy swirled behind him and formed an avatar of the Infernal Dragon. The moment the avatar appeared, his energy was boosted once again.

Lan Yu and Chu Hong's attacks were pushed back.

Suddenly, a domineering dragon roar echoed across the sky.

A ferocious blood dragon, carrying endless rage qi from the depths of the bloodiest battlefield, lunged toward the Time energy blast.

Three different energies, Radiant energy, Godly Phoenix energy, and Blood Dragon energy intertwined and managed to match the Time energy blast.

"Who is it this time?" Zhu Yang looked into the sky.

A crimson figure came flying in, carrying a domineering dragon qi that far surpassed the common Dragon Monarchs.

It was Shang Honghua.

"Another new Monarch?" someone cried in astonishment.

They had only entered the Fortune Earth World recently, and the Pan Gu Sect already welcomed three new Monarchs.

Their cultivation speed was ridiculously fast!

"All of you are new Monarchs. No matter how many of you are here, you shall not deter me!"

Zhu Yang grunted and blasted another stream of Infernal Dragon Flame at his opponents.

This time, the Infernal Dragon Flame contained Time energy and was strong enough to kill a common Monarch.

Suddenly, the void started to ripple, and a willow tree branch emerged from the void to strike the Infernal Dragon Flame.

"Whack!"

The Infernal Dragon Flame was canceled out by just a whip of the tree branch!

Zhu Yang was shocked.

"Spatial energy?"

The willow tree branch contained powerful Spatial energy.

"Hah! How can I not show up when someone is bullying the Pan Gu Sect?" Laughter echoed across the sky.

Suddenly, a massive willow tree appeared in the sky, releasing endless Immortal Sparks that shone across the valley.

The tree then transformed into a white-haired elderly.

With each step he took, his Spatial energy presence grew stronger.

It was Yang Mei of the Pan Gu Sect, one of the oldest beings in the Pan Gu Universe. He was also an Innate Being.

"Senior Yang Mei, you're here!" Lan Yu was relieved to see Yang Mei.

In the Pan Gu Sect, Chu Kuangren was the strongest, followed by the Tempest King. Then, there were the main supporters of the sect, and Yang Mei was one of them.

He was much more powerful than Lan Yu, Chu Hong, and Shang Honghua.

"Miss Lan Yu, there are a lot of enemies in the area," Yang Mei voiced his reminder.

Lan Yu immediately felt nervous. She carefully scanned the area and spotted many hidden presences in the void. They were well hidden, and if not for Yang Mei's reminder, she might not have spotted them.

"It seems like this is a trap, and we're not their target," Lan Yu speculated.

"Haha! That's for sure. With this scale of attack, we're certainly not the target. Their real target is the Sect Leader," said a feminine voice.

A voluptuous figure appeared before them. It was Hun Meier.

Following her arrival, the realm buzzed, and a strong aura erupted from the void.

It was a powerful Spatial energy, far stronger than Yang Mei's. A figure emerged from the void — it was the Spatial One.

He stared coldly at Hun Meier. "You bitch. How dare you appear before me! Aren't you afraid that I'll kill you?"

"If you can, why not give it a try?" Hun Meier chuckled.

The Soul Tribe and its cultivation technique were mysterious, so she was not afraid of the Spatial One.

"Hmph! I'll eliminate you first!"

The Spatial One raised his hand, channeling his spatial energy into a massive white palm. It crashed down on Hun Meier as if the sky was collapsing.

The palm was not only aimed at Hun Meier, but it even locked onto Yang Mei and the others.

The Spatial One unleashed power stronger than Zhu Yang.

"Hmph! Spatial One, I've been wanting to fight you for a while!"

A sharp sword qi swooped in and clashed with the white palm in the sky.

Upon collision, the shockwave pushed the Spatial One back a few steps.

Further away, a white feminine figure emerged.

She had a veil over her face and robes as white as snow.

Each move she made carried power sword qi as if she were the Goddess of Sword.

It was Mingyue Wuxia!

Her arrival boosted the strength of the Pan Gu Sect.

Even the Spatial One and Zhu Yang had to take her seriously.

Just then, another figure emerged from the void. Dao Lingtian looked at Mingyue Wuxia. "The top Divine Maiden of the human race, I've been wanting to fight you too!"

Chapter 2420 Chu Kuangren's Secret Force, Pan Gu Sect's Wealth, Here It Comes

When Dao Lingtian showed up, Mingyue Wuxia shot a contemptuous glance at him and said, "As a traitor of the human race, you're not worthy to be my opponent."

Her comment made Dao Lingtian's expression turn grim. "Since when did I become a traitor to the human race? I fight Chu Kuangren, and that makes me a traitor?"

"You can stand against the Sect Leader, but you teamed up with the foreign tribes and tried to snatch the human race's fortune energy to share it with them. Doesn't that make you a traitor?" Mingyue Wuxia said with a frosty grunt.

"Cut the nonsense. We must eliminate them before we go after Chu Kuangren!" the Spatial One said and quickly unleashed his attacks.

Dao Lingtian pondered for a moment before he attacked without hesitation.

The moment he unleashed his attack, violet qi shrouded the sky.

Someone in the crowd condemned his action when they saw the scene. "Hmph! Dao Lingtian attacked!" "What a shameless bastard!"

"How dare he claim to be the second-best Divine Bachelor of the human race?"

The human cultivators were infuriated by Dao Lingtian's actions.

If they were not so weak, they would have rushed in to fight him. Dao Lingtian overheard them, and his expression turned bitter. He had to take a deep breath to force himself to calm down.

"When I get Chu Kuangren's fortune energy, everything will change!"

"I am right! When I get stronger, all the criticism will disappear!"

Dao Lingtian's gaze gradually grew determined. History books were written by the victors. When he beat Chu Kuangren, he would be able to determine the traitor and the hero.

"Bang!"

While the Pan Gu Sect's Monarchs fought the Spatial One and company, the other Monarchs, including Yuan Wuwang, were talking in the void. "Should we intervene?"

"How dare he claim to be the second-best Divine Bachelor of the human race?"

"No need to rush it. Chu Kuangren hasn't appeared yet."

"That's right."

"Our target is Chu Kuangren. As for the Pan Gu Sect, let the Spatial One deal with them. We just have to make sure they won't leave."

"We still need them as bait."

...

While Chu Kuangren was exploring the Fortune Earth World, his temples suddenly twitched.

It was as if something bad was about to happen.

"What's going on? This feeling... Is someone trying to set me up again? Or is someone targeting the people close to me?" Chu Kuangren asked himself.

"Swoosh!"

A figure appeared before him and knelt on one knee.

If someone else saw the scene, they would be surprised because the one kneeling before Chu Kuangren was a Monarch, not a Human Monarch but a Monarch from another tribe.

"Temple Lord, I've finally found you. The Spatial One and company are targeting the Pan Gu Sect. They have set up a trap for you," said the Monarch respectfully.

He called Chu Kuangren Temple Lord, which meant he was from the Divine Destiny Temple.

Chu Kuangren was the Sect Leader of the Pan Gu Sect and had allies like the Devil Tribe and the Radiant Tribe, but that was just the cover.

He secretly had another force under his control — the Divine Destiny Temple.

Chu Kuangren had never stopped gathering forces over the years.

The ancient cultivators who once made a deal with the temple were being recruited under the temple's banner, serving him in return for what they were promised.

Some of them were Monarchs, including the man kneeling before him.

"I see. No wonder I have that strange feeling," Chu Kuangren muttered.

His gaze suddenly turned frosty. "If they have the nerves to go after the Pan Gu Sect, they must be prepared. Tell Space Emperor and the others to be prepared. Be on standby and don't do anything first. Wait for my arrival."

"Yes, sir."

A number of cultivators from the Divine Destiny Temple had arrived in the Fortune Earth World, including the Space Emperor.

With his secret team in command on top of his own strength, no matter what the Spatial One had in store for him, he did not mind playing along.

"Swoosh!"

Chu Kuangren's figure disappeared from the spot.

The Monarch did not even notice how Chu Kuangren disappeared. Astonished, he muttered, "Is that some kind of Spatial technique? How powerful is the Temple Lord exactly?"

Even though he was a Monarch, he could not see through Chu Kuangren. He felt like a mortal standing in front of the biggest mountain in the world before him.

"Spatial One, you could've done everything else in the universe, but you just had to set the Temple Lord up..." the Monarch muttered and sighed before he left to contact the others.

...

"Bang!"

Boundless spatial energy clashed with intense sword qi.

Mingyue Wuxia and the Spatial One were both pushed back, but a violet qi was then blasted at her from the back.

It was Dao Lingtian who ambushed her.

However, before the violet qi could hit her, a light arrow hit it, shattering the violet qi.

Lan Yu glared at Dao Lingtian. "The second-best Divine Bachelor of the human race ambushes someone from the back? You're no better than a strand of Master's hair!"

"How dare you say that!" Dao Lingtiann was infuriated.

They praised Chu Kuangren as if the man were a god, yet they looked down on him as if he were nothing.

Was Chu Kuangren truly much more powerful than him, even if he was already a Monarch?

"Violet Qi Burst, Three Thousand Miles!" Dao Lingtian attacked with a palm strike, detonating his violet qi across the land.

Lan Yu countered with her strongest attack.

Meanwhile, Zhu Yang fought Chu Hong, Yang Mei, and Shang Honghua.

All kinds of divine abilities were flying about.

As the chaotic battle continued, the scale grew larger, and the situation grew fiercer.

"Lan Yu, we're here to help!" A loud call came from further away.

Multiple figures flew in to assist Lan Yu.

They were Ye Zhu, Jue Wushen, Desire Flower, and Yu Zhi.

They were not yet Monarchs, but they had manifested their own Daoist law energy. In addition to their Hongmeng Supreme Treasure, they could unleash powers that rivaled common Monarchs.

Their addition managed to put slight pressure on the Spatial One and the others.

In the void, a Celestial Divine Monarch was infuriated when he saw the reinforcements.

"The Hongmeng Supreme Treasures they're wielding belong to the Celestial Divine Tribe! That's our Sky Heaven Sword! That's also our saber, the Void Slasher! Damn it! Damn you, Chu Kuangren!"

The Celestial Divine Monarch was infuriated. Many years ago, Chu Kuangren raided the Celestial Divine Tribe's treasure vault and looted all their treasures.

It was a huge humiliation to the tribe.

Chu Kuangren then distributed the treasures to the cultivators of the Pan Gu Sect, who were not yet Monarchs. How insulting!

Many other cultivators were surprised as well.

"The Pan Gu Sect is rich with all the weapons!"

"Yeah! Everyone has a Hongmeng Supreme Treasure."

"I'm jealous!"

The Celestial Divine Monarch could not stand it any longer. He stepped out of the void and threw a punch at Yu Zhi. "Give it back!"

He did not hold back with the punch.

Even with the Hongmeng Supreme Treasure, Yu Zhi could not withstand the attack. Although she might not die in the Fortune Earth World, she would be eliminated.

"Hmph!"

Suddenly, a frosty grunt sounded.

A sword qi was shot at the Celestial Divine Monarch, perforating his chest and dragging him more than ten thousand kilometers away.

Pinned on a mountain by the sword qi, he was covered in blood, and the Great Dao in him almost shattered.

One sword qi was all it took to disable a Monarch entirely.

"He's here."

Back in the void, Yuan Wuwang narrowed his eyes sharply.
