

## UATC Draw 2431

Chapter 2431 Gu Linglong and the Others' Get Prepared, Gold Wing Monarch's Reinforcement, All Tribes Join Forces

After the Human Empress and Six Eyes Diviner's visit, Gu Linglong relayed the message to the Tempest King, Mingyue Wuxia, and the others, telling them to be prepared.

The whole Pan Gu Sect was alarmed.

In the blink of an eye, several decades went by.

During that time, many things had happened in the outside world.

Ever since Chu Kuangren returned from the Fortune Earth World, he became the target of many other cultivators because of his massive fortune energy. Hence, the Pan Gu Sect became a common target.

The cultivators wanted to know the Pan Gu Sect's next step.

What would they do next? Conserve and prepare? Or seize the moment and rule the Infiniverse?

To the universe's surprise, the Pan Gu Sect chose a more defensive approach to things.

All the cultivators started to build defensive structures around the Immortal Island, which was surprising. "Are they trying to defend against something?"

"It's possible. Chu Kuangren took away that much fortune energy, making him a common target of all the tribes. It makes sense for his sect to be prepared."

"Has Chu Kuangren finally understood the meaning of fear?"

Other than the Pan Gu Sect, the other tribes were preparing for something big as well.

Some Monarchs had sensed the unusual reaction from all the tribes.

Back in Pan Gu Sect, Gu Linglong and the others were looking at the information collected on the other tribes, especially the tribes that stood against Chu Kuangren, such as the Dragon Tribe, Spatial Tribe, Six Eyes Tribe, and more.

All the monitored tribes showed signs of expanding and recruiting more cultivators.

Were they preparing for a siege on the Pan Gu Sect? Gu Longlong was worried. She had assigned men to keep an eye on them, and if the monitored tribes showed signs of launching a siege, Pan Gu Sect would respond immediately.

"Something interesting caught my attention."

Mingyue Wuxia picked up a jade talisman and said, "A while back, the Manifa Destiny Sect excommunicated Dao Lingtian. He ran but then went back to the sect, surrendering himself. Sometime later, the sect's treasure vault was raided, and Dao Lingtian disappeared."

"He looted the treasures?"

"God knows. Rumor has it it was our Sect Leader who raided them since he's known as the Phantom Thief," Mingyue Wuxia said with a shrug.

"That's groundless claims." Gu Linglong pursed her lips.

Chu Kuangren had been in closed-door meditation for decades. No one knew what he was doing, but he had not gone anywhere. How did he raid and loot the Manifa Destiny Sect's treasure vault?

"How about the Six Eyes Diviner?" Gu Linglong asked.

The Six Eyes Diviner excelled in deduction and foresaw a disaster befalling the Pan Gu Sect in the future.

After warning the Pan Gu Sect, he went back and continued his deduction, trying to see the details of the incoming disaster.

Unfortunately, he made little to no progress.

The future was ever-changing, and someone blocked him out, so he could not see anything.

"He's still the same." Mingyue Wuxia shook her head. "He said someone blocked him from seeing the future. The only one who can interfere with his divination is the Six Eyes Tribe, so someone powerful from that tribe must have intervened."

"Six Eyes Tribe is becoming a problem. How about the Human Empress?"

"I think she's almost done."

"Great. When she recovers, we will have an Ultimate Monarch by our side, and we can handle the incoming disaster better," Gu Linglong murmured.

"Other than the Human Empress, before the Sect Leader went into cultivation, he handed the Human Ancestor's sword to me. With the sword, I can rival an Ultimate Monarch as well," Mingyue Wuxia said with a smile.

She was not strong enough even though she was the sword spirit's reincarnation. It was only by having the sword that could she rival an Ultimate Monarch.

Even though she could not wield the same power as Chu Kuangren's Sword Twenty-six, fortunately, it would be enough for now.

"Yeah..."

Gu Linglong nodded.

As Pan Gu Sect had done a lot of preparation for the disaster that the Six Eyes Diviner mentioned, they were confident to handle all kinds of situations.

Even if an Unlimited Great Dao besieged them, they would not be afraid.

"Sister Linglong, this just came in!"

Chu Hong came into the room with a solemn look. "Our informants said that the Dragon Tribe, Six Eyes Tribe, Witchcraft Tribe, Celestial Divine Tribe, and many of their soldiers are marching toward the Spatial Tribe in secret, and the reason is unknown."

"What are they doing marching on the Spatial Tribe?" Gu Linglong wondered.

Before she could figure it out, a Monarch's aura arrived in Pan Gu Sect. Gu Linglong went out to see a middle-aged man in golden robes coming toward her. The Daoist law energy on him was not too powerful.

He was only a Second Step Monarch who had just manifested his avatar.

"Gold Wing Monarch."

Mingyue Wuxia recognized him. He was the enforcer of the Supreme Council.

"Brother Gold Wing, what are you doing here?"

"I heard something bad might happen to the Pan Gu Sect, so I came to offer assistance. Not only me, but the other enforcers are also making their way here." Gold Wing Monarch laughed confidently. Mingyue Wuxia's eyes gleamed.

The Supreme Council had many Monarchs. If they could lend a hand to the Pan Gu Sect, it would be great.

"I thank you in advance." Gu Linglong bowed with a fist salute.

"We are all humans and allies. You don't need to thank me."

A while later, as Gold Wing Monarch said, more than a dozen Supreme Council's enforcers arrived. Their addition was a huge boost to the Pan Gu Sect's current lineup.

Meanwhile, at the Spatial Tribe, the Spatial One stood in the void with mystical Spatial Daoist law swirling around him.

Before him were a group of Monarchs and an army of countless soldiers from different tribes. The leader of the army was a human — the Heavenly Sovereign, the traitor of the human race

Beside him was Dao Lingtian.

"Spatial One, we'll have to trouble you and the Spatial Tribe," the Heavenly Sovereign said to the Spatial One.

The Spatial One chuckled and said, "It's fine. I wonder how those humans would react when they see you leading an army against them."

"Hahaha! Even if I have to become the villain, I don't mind. I'm doing this for the peace between the human race and the Infiniverse," the Heavenly Sovereign said righteously.

Many soldiers from the alliance were speechless.

Peace between the human race and the Infiniverse?

It was utter nonsense.

He was just trying to regain authority over the human race.

There was no need for him to sound so righteous with his selfish desires.

In order to regain authority over the human race, the Heavenly Sovereign worked with the Fate Defiant Masters closely for many years, especially after the Reversal God bestowed him with the right to mobilize the Fate Defiant Masters.

He then visited the other tribes to forge an alliance against the human race.

He did not mind hurting the human race's benefit for his own selfish gains.

Even though the alliance was not exactly on good terms with the human race, and they hated the Heavenly Sovereign for planning the whole thing against his own tribe, no one made their thoughts verbal.

The Heavenly Sovereign was powerful, having almost no match in the Infiniverse. He was also a human, which made him the perfect candidate to fight Chu Kuangren.

"Let us begin," the Heavenly Sovereign announced, his gaze cold.

He knew what the other tribes thought of him, but he did not care.

He did not mind the trivial details in order to achieve his grand plan. As long as he could achieve his goal, grievance was part of the process.

Chapter 2432 Six Eyes Diviner Saw A Fragment of the Future, Not A Place For You To Cause Trouble

"No!" The Six Eyes Diviner, who had been deducting the future for the Pan Gu Sect, suddenly opened his eyes. His six pupils flashed, and the third eye on his forehead shone brightly. He finally broke through the shackles of fate that all Six Eyes Monarch would face and managed to catch a glimpse of the future.

He only saw a glimpse, but it was enough to horrify him.

In that glimpse of the future that he saw, the Pan Gu Sect was covered with dead bodies. The Black Heaven Nine Stars were either dead or heavily injured. The Human Empress and Tempest King were barely alive.

It was the worst future that he could see, and it would happen soon!

"I have to inform the Matriarch immediately!" The Six Eyes Diviner gulped nervously.

He was frightened by what he saw.

He did not see anything regarding Chu Kuangren because the man was not in his deduction range. However, the terrible future that he saw a glimpse of might very well happen.

He could not imagine how angry Chu Kuangren would be if the Pan Gu Sect was obliterated. Could the Infiniverse sustain his wrath?

However, before he could make a move, the void trembled all of a sudden.

A tremendous aura descended from the sky.

Gu Linglong was overseeing the defensive construction of the sect when the sudden aura put a serious look on her face.

"What's going on?"

With a swoosh, Gu Linglong disappeared.

A spatial vortex appeared above the Pan Gu Sect, and an army started to emerge from within. There were so many of them that they filled the entire horizon.

Each of them carried intense rage qi.

"What? How did they get here?"

Some of the Pan Gu Sect cultivators were confused.

Yang Mei narrowed his eyes. "A Spatial technique, and a very powerful and high-level one at that. It must be the Spatial Tribe."

Tens of millions of cultivators emerged from the vortex, including many Monarchs.

The army appeared above the Pan Gu Sect without any signs, and the technique they used baffled even Yang Mei.

The Spatial Tribe must have conjured a lot of energy to teleport them here.

"Pan Gu Sect, your end is here!" A frosty voice sounded.

The Spatial One emerged with a stern look.

In order to avoid the other Human Monarchs and Pan Gu Sect's heavy defense line, the Spatial Tribe spent at least half of their resources to teleport all the cultivators here.

If they could not eliminate the Pan Gu Sect and kill Chu Kuangren this time, they would never get the chance again.

"Who do you think you are? Trying to end us?" Another frosty voice echoed across the sky.

Deeper in the sect, a blast of divine light shot up into the sky, and a valiant figure emerged from it, carrying a domineering aura.

It was the Tempest King.

She glared at the Spatial One and his army coldly. As she raised her hand, she formed a connection with the Immortal Island's spiritual qi. The aura that she released surged to the level of an Unlimited Great Dao, rivaling some of the strongest cultivators out there.

"This energy... It's from the Immortal Island?" The Spatial One narrowed his eyes.

He had done proper homework before he led the siege on the Pan Gu Sect, so he knew about the Immortal Island.

He knew Chu Kuangren brought the island back from the Human Ancestral Land, and as the island ruler, he had absolute control over everything on it.

They thought Chu Kuangren was the island ruler, but the ruler turned out to be the Tempest King instead.

"Can the island's control be transferred?"

The Spatial One quickly realized the truth.

"Since you know the truth, you people will stay!" The Tempest King reached out to the void for a grab.

Then, a powerful surge of energy gushed forward.

With the boost of the Immortal Island's spiritual qi, her powers surged. Each move she made contained power that could crush common Ultimate Monarchs.

The alliance army was afraid of her powers as it was too scary!

However, the Tempest King's attack suddenly stopped, and a surprised look appeared on her face. Her connection to the Immortal Island was cut off.

"What?" As her eyes widened in surprise, a figure emerged from the army — the Heavenly Sovereign. He looked at the Tempest King and said. "Tempest King, long time no see."

He had a smirk on his face.

Strictly speaking, the Tempest King was the main reason why he was forced to take that step today.

If not because of her investigation, he would not be exposed.

If she had not teamed up with the Human Empress and Earthen Monarch, he would not have been forced to escape.

"What did you do?"

"Nothing. I just placed something on the island, like the Manifa Destiny Sect's Spirit Stabilizer Pillar," Dao Lingtian answered with a grin.

The Spirit Stabilizer Pillar was a Hongmeng Supreme Treasure that belonged to the Manifa Destiny Sect.

It could be used to stabilize the spiritual qi.

"Spirit Stabilizer Pillar... I see!" Gu Linglong was struck with realization. "It was you who raided the Manifa Destiny Sect's treasure vault! You stole it from the sect and used it to stabilize the spiritual qi on the island!"

"We know how powerful the island is. Why wouldn't we do anything to stop it?" Dao Lingtian said.

The Spirit Stabilizer Pillar was the reason why he returned to the sect.

He surrendered himself and got locked behind bars for that. When he escaped, he looted the treasure vault. His betrayal of his sect severed his relationship with them and made him a traitor to the human race, just like the Heavenly Sovereign. However, he did not care.

If they won the battle, he and the Heavenly Sovereign could regain authority over the human race.

He could change history with just a word.

"How did you install the pillar on the island?" Gu Linglong was still confused.

Suddenly, she thought of something, and her eyes widened in fear. "Gold Wing Monarch and the other enforcers of the Supreme Council!"

"Madam Chu, you are really smart."

A frosty voice sounded behind her, followed by a blast of palm strike.

At the same time, another palm strike was shot forward, canceling the ambush.

It was Mingyue Wuxia who intervened.

She looked at a Monarch coldly. The Monarch was one of the enforcers from the Supreme Council who claimed to have offered assistance to the Pan Gu Sect.

He had betrayed the human race as well.

"I've been in the Supreme Council for many years, so of course, I have my own foundation and connection. It was just a piece of cake bringing the Spirit Stabilizer Pillar to the island." The Heavenly Sovereign scoffed.

"Without the buff from the island and the other Monarchs coming to your assistance, I'd like to see how you people can fight us!"

Dao Lingtian shouted, "Kill them!"

They could not drag it out any longer.

Dao Lingtian, the Spatial One, and the others acted immediately and led the army to besiege the Pan Gu Sect.

"This is the Pan Gu Sect, not a place where you people can cause trouble!"

A frosty voice sounded.

Blood patterns spread across the realm, and boundless murderous qi erupted.

At the far end of the endless murderous qi, a man with white hair, wielding a Broken Arm, came over.

It was Armament Destruction, who had just ascended to Monarch recently.

However, his aura was much more terrifying than common Monarchs, rivaling that of Ultimate Monarchs.

It was because he was boosted by the Water Nation Warring Map Formation, which was also one of the trump cards of the Pan Gu Sect!

Chapter 2433 Monarch War, Human Empress Ascended to Unlimited Great Dao

Buffed by the Water Nation Warring Map Formation, Armament Destruction's aura rivaled that of an Ultimate Monarch.

The Heavenly Sovereign looked askance at Armament Destruction and scoffed, "An Ultimate Monarch can't turn the tables around. Today, Pan Gu Sect will fall!"

Then, the other Monarchs behind him launched their attacks.

The Spatial One, Zhu Yang, Dao Lingtian, and others attacked as well.

Monarchs from both sides clashed fiercely.

"Ha! Based on the numbers, we have an advantage. This time, we can surely beat the Pan Gu Sect!"

"Be careful! Chu Kuangren has yet to show up."

"Don't worry. We have the final trump card for him."

The alliance was confident.

Suddenly, multiple auras burst from within the Pan Gu Sect.

Monarchs emerged one after another.

They were Yang Mei, Lan Yu, Shang Honghua, Chu Hong, the Three Clarities, Fuxi, Nuwa, and even the enforcers, who were truly here to help the Pan Gu Sect.

The number of Monarchs was more than the alliance expected.

On top of that, all the Monarchs were well-equipped. The weakest item they wielded was a top Hongmeng Supreme Treasure. They were much more well-prepared than the soldiers of the alliance.

In fact, not only the Monarchs but even the Grand Dao cultivators of the Pan Gu Sect had Hongmeng Supreme Treasure.

"They have quite the Monarchs."

"So what?"

"Kill them!"

Even though the Pan Gu Sect had more Monarchs than expected, the alliance had mobilized fifty to sixty Monarchs. In addition to the resources from different tribes and the hidden trump cards, they were determined to wipe out the Pan Gu Sect.

The battle was on.

All kinds of attacks and energies exploded in the sky of the sect.

The blinding explosions from the clash released dazzling divine lights and colorful Immortal Sparks.

"Immortal Destruction Formation!"

The Heavenly Grandmaster cast the brand new Immortal Destruction Formation and single-handedly fought four Monarchs at once. The sword qi went rampant and allowed him to match their strength.

Li Jun was surrounded by a massive Taiji diagram, allowing him to overpower three Monarchs.

Divine Primeval Imperial wielded his jade scepter and released rays of divine light at the enemies, shooting down several Monarchs.

The Three Clarities were the strongest among the ancient beings, and they, too, had gotten a lot stronger after they arrived in the Great Hongmeng Universe.

In addition to Chu Kuangren's guidance and all kinds of resources, they were exceptionally powerful after they ascended to the Monarch Realm.

Other than them, there were Fu Xi and Nuwa. One of them wielded the Creation energy while the other cast the Bagua formation.

The brother and sister teamed up and managed to hold back a Second Step Monarch.

Zhen Yuanzi, the West Ruler Matriarch, and the other ancient beings fought bravely as well.

The battle between Monarchs was fierce, but it was not the deciding factor.

The deciding factor was the battle between the Ultimate Monarchs.

An Ultimate Monarch could rival a hundred common Monarchs.

They were the key to determining the victor of the battle.

On top of the Heavenly Sovereign, the alliance had to mobilize three more Ultimate Monarchs from the Spatial Tribe, Dragon Tribe, and Celestial Divine Tribe.

As the Spatial One with his Void Roulette could also rival an Ultimate Monarch, he became the fourth Ultimate Monarch.

They rose to the sky and released a blinding light.

Their tremendous aura impacted the void in waves, blanketing the entire Pan Gu Sect.

They were looking for Chu Kuangren.

They knew the Three Clarities and the Black Heaven Nine Stars were not a match for them.

The only one they were concerned about was Chu Kuangren.

As long as he remained hidden, the battle was not yet at its decisive moment.

"The information said Chu Kuangren hasn't shown himself for years. He's in closed-door meditation. What is he cultivating this time? Is he preparing to ascend? Or something else?" the Heavenly Sovereign thought to himself.

However, it might be an opportunity for the alliance because they could focus on wiping out the Pan Gu Sect first before concentrating on the last boss.

"Let's just deal with the Tempest King and the others first." The Heavenly Sovereign grunted. With that, the Ultimate Monarchs attacked.

The Spatial One locked onto Hun Meier.

"Bitch! Die!" For canceling the wedding and humiliating him, Hun Meier was the next person he hated after Chu Kuangren.

He attacked without holding back.

"Soul Light!" Hun Meier shot a beam of light to counter the attack.

"Bang!"

The Spatial One felt a severe concussion and dizziness.

The Soul Dao was indeed strange.

He narrowed his eyes and concentrated his mind before attacking once again.

Hun Meier's Soul Dao might be mystical, but the difference in cultivation level remained, and she could not just make up for the difference with her techniques. Right before she fell into a bitter position, a blast of palm energy sent the Spatial One away.

"How dare you hurt my daughter! Is the Spatial Tribe going to war against the Soul Tribe?" The Soul Tribe Leader had arrived to assist his daughter.

A while back, he received news from the Pan Gu Sect, and due to his concerns for Hun Meier, he had been staying in the Pan Gu Sect for some time now. As such, he became one of the strongest cultivators the Pan Gu Sect had on their side.

"Hmph! When the Soul Tribe canceled the wedding, you have become our enemy!" the Spatial One said with a frosty grunt.

He fought the Soul Tribe Leader.

The Ultimate Monarch of the Spatial Tribe, Dragon Tribe, and Celestial Divine Tribe attacked as well.

As the Tempest King engaged one of them, a massive energy explosion went off.

The Ultimate Monarch was sent flying away by the Tempest King's attack.

"She's strong! She's no longer just a common Ultimate Monarch!"

The Tempest King's powers surprised the three of them.

"Oh? She's grown stronger again?" The Heavenly Sovereign was surprised.

Then, a boundless murderous qi erupted.

Armament Destruction attacked. With the buff from the Water Nation Warring Map Formation, he was able to match the Celestial Divine Ultimate Monarch.

The Tempest King took on the other two.

"Handling three Ultimate Monarchs has taken everything you've got. I'd like to see you stop me!" The Heavenly Sovereign laughed.

He channeled his Heavenly Golden energy to eliminate the Three Clarities and the others.

Suddenly, deep inside the Pan Gu Sect, a mystical Creation energy erupted, and golden rain started to rain across the land.

The Human Empress arrived.

She immediately attacked with a palm strike, unleashing her Creation Daoist law energy.

The blast managed to push the Heavenly Sovereign back a few steps, which shocked him.

"This power... How?" He was in disbelief. The Human Empress had to team up with the Earthen Monarch and the Tempest King to hurt him many years ago. However, she could do it alone now.

Had she improved that much in such a short time?

"No, you should be hurt. How did you recover so fast?"

The Human Empress fought the Heavenly Sovereign and then the Void Ruler, which left her heavily injured.

She should have less than twenty percent of her original strength left.

Even the Heavenly Sovereign had to rely on the Reversal God's help to recover.

What did the Human Empress do to recover so fast?

"The secrets that lie in the Pan Gu Sect are far beyond your imagination," the Human Empress said.

She, too, was surprised. She did not know that Pan Gu Sect had the Creation Pool, an Ultimate Supreme Treasure that was related to the Creation Source itself.

The pool healed her injuries, and because she cultivated the Creation Dao, it was able to amplify her powers.

She managed to break through the limits of an Ultimate Monarch and reached the level of Unlimited Great Dao Realm!

Chapter 2434 The Man Who Stopped Devil King, Divine Destiny Temple Versus Fate Defiant Masters

The battle of Pan Gu Sect attracted much attention. The entire universe paid close attention to the battle, but only a few came to the sect's aid.

Most of them stayed back and observed.

In the Devil's Territory, the Devil King sensed the battle going on at the Pan Gu Sect as well. She wanted to help, but then an aura appeared before her, locking onto her. She was rather surprised.

The aura came from a man in black armor wielding a trident.

He stood in the air, emanating a boundless ancient aura.

The Monarchs would be shocked if they saw him because his aura had far surpassed an Ultimate Monarch.

Even among Unlimited Great Dao, he was one of the strongest — stronger than the Heavenly Sovereign and Human Empress.

The man stared at the Devil King and said, "You're not allowed to interfere with the battle of Pan Gu Sect. Chu Kuangren must die."

"Wen Tianfeng, you've awakened?" The Devil King narrowed her eyes at the man.

She seemed to know him.

"This is the final era. Isn't it normal for me to wake up? You, on the other hand... After that battle, how many of you are still alive?" Wen Tianfeng said.

"Hmph. Heavenly Shadow, you guys can go ahead first."

The Devil King then opened up a portal in the void with her hand.

Heavenly Shadow nodded and brought the Archdukes into the portal, where they disappeared. Wen Tianfeng lifted his trident and shot a ray at the portal, but the Devil King stopped him.

"This is my place. You're not allowed to behave like an animal here!" the Devil King said coldly.

She countered with a palm strike, releasing the evil intent of the universe.

"You've grown as strong as your original self, Devil Bone, and I've always wanted to fight you," Wen Tianfeng said with a grin.

The moment they fought, the entire Devil's Territory trembled.

In the Pan Gu Sect, the battle continued fiercely, especially the battle between the Human Empress and the Heavenly Sovereign. It was Heavenly Shadow and company!

"Matriarch!"

Heavenly Shadow went over to Gu Linglong and bowed before he ordered the Devil army to attack the alliance.

"Where's the Devil King?" Gu Linglong was rather baffled.

The Devil King was a strong ally to the Pan Gu Sect. Now that the Pan Gu Sect was under siege, there was no way she would not show up.

"The Devil King was stopped by a mysterious man," Heavenly Shadow said.

Gu Linglong frowned. "A man who can stop the Devil King? It seems like the Heavenly Sovereign has more allies than we expected."

Even though Gu Linglong was prepared for this, the Heavenly Sovereign and his army were also well-prepared.

"Bang!"

Just then, a huge light bridge emerged from the sky.

Holy knights rushed out from the bridge, and the leader was the Radiant Right Sky King, Ming Fei, who had ascended to the Monarch Realm a while back.

"Master!" Lan Yu was delighted to see the Radiant Tribe.

Ming Fei went over to her with a smile. "My dear disciple, let's show our enemies how strong the Radiant Monarchs are!"

"Yes, Master!"

The two of them teamed up, releasing blinding radiance at the enemy.

Another person stepped out of the Radiant Bridge. The Radiant aura that she emanated was strong, dignified, and holy.

It was the Radiant Goddess! She, too, had come to the Pan Gu Sect's aid.

Further away, the Buddha Emperor led the cultivators from the Pure Land to the battlefield.

"Even the Heavenly Buddha Pure Land is here?" "Since when did they become an ally to the Pan Gu Sect?"

Someone from the alliance was shocked. Before their question was answered, a burst of earthen qi erupted from the ground.

The Earthen Monarch, one of the three Adjudicators of the Supreme Council, had joined the battle.

He was in awe when he saw the Human Empress rivaling the Heavenly Sovereign. "The Human Empress has broken through to the Unlimited Great Dao! This is great!"

It was wonderful that the human race had welcomed another Unlimited Great Dao! Following more reinforcements arriving on the battlefield, especially Ultimate Monarchs like the Earthen Monarch and Buddha Emperor, the alliance started to lose its advantage and show signs of weakening.

"Heavenly Sovereign, your plan is not working."

The Human Empress attacked with a palm strike, pushing the Heavenly Sovereign back several steps.

The other Human Monarchs who sided with him started to worry. They felt like they were on the wrong side.

"Really?"

The Heavenly Sovereign glanced over the Monarchs on the Pan Gu Sect's side and grinned before narrowing his eyes. "Show yourselves!" Powerful auras erupted from the void.

The leader of a new group of cultivators was Yuan Wuwang, the Fate Defiant Master!

There were three other similarly powerful auras that came together, making it four Ultimate Monarchs who had joined the battle! In addition to the other Monarchs, the Fate Defiant Masters had invested a lot into the siege as well.

Some of the viewers of the battle gasped in fear.

"Wait a minute... Four Ultimate Monarchs?"

"How many more allies does the Heavenly Sovereign have?"

Gu Linglong looked at the Four Fate Defiant Kings with almost no surprise. "As we expected. Space Emperor, I'll leave them to you!"

"Yes, Matriarch!"

A powerful spatial aura erupted and attempted to overwhelm the Four Fate Defiant Kings. The aura alone easily surpassed any one of the Four Fate Defiant Kings.

At that moment, a golden-haired figure emerged.

"Space Emperor?" The Spatial One was surprised to see him.

The Space Emperor was an Ultimate Monarch imprisoned by the Spatial Tribe many years ago. He was extremely powerful, and the Spatial Tribe spent quite the resources to capture him.

Besides the Space Emperor, another group of Monarchs appeared and stared coldly at the Fate Defiant Masters. "What? The Pan Gu Sect has more hidden forces? Where did Chu Kuangren find them?"

"He's indeed unpredictable!"

The arrival of the Space Emperor and the other Monarchs shocked many people.

Yuan Wuwang glared at the Space Emperor with disdain. "Lapdogs of destiny, you people have finally arrived."

"We're just fulfilling our end of the contract. You people, on the other hand, bowed to the Reversal God to serve him, yet you claim you've broken the shackles of destiny. You're the lapdogs." The Space Emperor scoffed.

He sided with the Divine Destiny Temple because he had to keep his end of the promise.

In simple words, he worked for the Divine Destiny Temple. On the other hand, Yuan Wuwang and the Fate Defiant Masters worshiped the Reversal God and devoted their lives to him. They claimed to have defied destiny, yet they worked as slaves to a higher power.

"My liege's greatness is not something you can understand."

"I don't like your god, and I don't want to understand him!"

With that, both sides engaged in a fierce fight. The Fate Defiant Masters and the Divine Destiny Temple officially fought.

As the battle escalated, the realm started to turn dark.

A frosty aura spread across the land, and darkness came from the distant horizon.

A glance at it felt depressing.

"This aura..."

When the Radiant Goddess sensed it, her expression shifted.

A pitch-black figure emerged from the darkness, emanating an aura that rivaled the Heavenly Sovereign. "Pan Gu Sect, are you ready to be devoured by darkness?"

It was the Doomsday Darkness!

Chapter 2435 All Shall Know Me, Armament Destruction, Broken Arm Blazing Flame, Celestial Demon Bloodthirst

Doomsday Darkness had arrived.

The aura on him was much more terrifying than years ago and than the Heavenly Sovereign. "He had recovered his energy by twelve, thirteen, or more than fifty percent!" The Radiant Goddess looked concerned.

When Doomsday Darkness was at his prime, even if he was not an Overlord, he was a few steps shy of becoming an Overlord. Even with just twelve to thirteen percent of his original power, he could easily surpass an Unlimited Great Dao and had almost no rivals in the Infiniverse.

His arrival pressured the Pan Gu Sect.

"Die!"

Doomsday Darkness attacked as soon as he arrived.

Boundless and unrivaled energy burst out like a tsunami, crushing all the Pan Gu Sect cultivators who could not escape.

The darkness tsunami was, coincidentally, heading toward Gu Linglong.

"No! Sister Linglong!"

Shocked, Lan Yu immediately channeled her Radiant energy to the limit and lunged her scepter forward.

"Bang!"

The scepter penetrated the darkness wave but failed to stop it completely.

"No, you don't!" Mingyue Wuxia grunted coldly and stepped forward with the Human Ancestor's sword.

She slashed and unleashed a domineering surge of sword qi forward. Her attack was more powerful than that of a common Ultimate Monarch.

Yet, even she could not completely stop the darkness energy from corroding everything in its way.

Mingyue Wuxia was blasted away.

As the corrosive darkness qi crashed down on her, Gu Linglong suddenly released a powerful Monarch Daoist law energy.

The Daoist law energy was so cold that it could freeze everything in the universe.

"Frigid Spirit Sword!"

Gu Linglong summoned an ice sword in her hand and released frost qi that could freeze even the world.

When she swung the sword down, the darkness qi finally dispersed.

Gu Linglong was pushed back several steps, but she managed to hold herself together.

"Oh? An Ultimate Supreme Weapon?"

Doomsday Darkness narrowed his eyes.

Gu Linglong was already a Monarch. In addition to the Frigid Spirit Sword that complimented her cultivation Dao, she managed to block the darkness qi attack.

"Phew."

Lan Yu and the others breathed a sigh of relief.

Some of them were in awe.

Gu Linglong was the most inconspicuous Monarch on the battlefield. She did not have much of a battle record, yet she could block Doomsday Darkness' attack with an Ultimate Supreme Weapon.

Despite having blocked the attack, Gu Linglong was not happy. "Even with Lan Yu, Mingyue Wuxia, and I, we can barely up to cancel one attack from Doomsday Darkness. He is stronger than the Heavenly Sovereign! Is he the trump card they have for Kuangren?" Gu Linglong thought to herself.

She held the Frigid Spirit Sword tightly.

She had gotten the sword from Chu Kuangren for defensive purposes. The Frigid Spirit Sword was a rare Ultimate Supreme Weapon and one of the most precious prizes that he got from the gacha draw in recent years.

Gu Linglong cherished it a lot since it was a gift from Chu Kuangren. However, she was already considering detonating it if it could successfully destroy Doomsday Darkness.

Would it be strong enough?

"The Pan Gu Sect does have a lot of treasures. After I'm done with all of you, I'd like to visit your treasure vault to see what you have." Doomsday Darkness grinned.

His words enlightened the hopes of the alliance.

He was correct. Pan Gu Sect had a lot of treasures, and they were ridiculously resourceful.

If the alliance could level Pan Gu Sect, it would be a great harvest.

With that thought in mind, the alliance soldiers became more determined than ever. Doomsday Darkness was prepared to attack again as his aura laid tremendous pressure on the Pan Gu Sect's Monarchs.

"I'm your opponent!" a frosty voice said.

It was Armament Destruction!

He wielded his Broken Arm and reversed the Great Dao in him. With the buff from the Water Nation Warring Map, his aura had slightly surpassed that of an Ultimate Monarch.

However, Doomsday Darkness did not take him seriously.

Seeing a similar face to Chu Kuangren disgusted him. "You're a fake. Get out of my face!"

He threw a palm strike at Armament Destruction, sending him crashing through a dozen mountains.

Armament Destruction immediately rose from the rubbles with messy hair and jumped into the sky.

In the void, blood patterns appeared, and endless murderous qi erupted before they were infused into his body, materializing into blazing flames that surrounded him!

"Behind me, mountains of corpses and seas of blood. Beneath me, the land crumbles; above me, the sky shakes.

"Before me, god sighs and demons cry!

"I, am Armament Destruction!" Armament Destruction roared! His aura suddenly surged over the limit of an Ultimate Monarch!

"Armament Destruction, stop it!" "You will die if you ignite your Monarch's Heart!"

Igniting the Monarch's Heart would burn off one's cultivation base for good, and in return, the user would get a burst of energy that surpassed his or her physical and mental limits.

Armament Destruction was ready to give his life away!

"Hahaha! Today, the world shall know me, Armanet Destruction!"

His eyes were bloodshot as his aura continued to surge! With the crimson flames around him, he looked like a bloodthirsty demon! He stepped forward and lunged toward Doomsday Darkness, swimming the Broken Arm in the latter's face.

The fierce energy made Doomsday Darkness' Great Dao tremble.

"Armament Destruction? Fine, I'll remember you."

Doomsday Darkness countered with a punch.

When the punch and Broken Arm clashed, it released a powerful shockwave that tore the void across tens of thousands of kilometers and shadowed even the sun. The Broken Arm that Armament Destruction wielded shattered upon impact, breaking down into bits.

However, he did not back down.

Without the weapon, he used himself as the weapon.

His punch was sharp as a spear, his chop was fierce as a saber, and his fingers were as precise as swords.

Armament Destruction unleashed relentless attacks that shook even the universe.

"Even if you ignite your Monarch's Heart, reverse your Great Dao, and have the buff of a powerful formation, you are no match for me, Doomsday Darkness!"

Doomsday Darkness punched Armament Destruction in the chest, blasting him away with blood gushing from his mouth.

It was difficult for Armament Destruction to match the power of Doomsday Darkness, who was almost in the Overlord Realm.

"Cough!"

Armament Destruction's face turned pale as he coughed up more blood. However, he grinned and continued to increase his aura.

"I have one more strike in me! Doomsday Darkness, do you have the nerve to take it?" "I am afraid of nothing!"

Doomsday Darkness looked proud as he stood tall.

At the same time, multiple weapons started to form in the void.

Armament Destruction got up on his feet and continued to ignore the murderous flames around him. Then, his body started to disintegrate into countless light particles.

At the same time, multiple weapons started to form in the void.

There were sabers, spears, swords, halberd, ax, claws, hooks, and more.

All the weapons were incomplete, making them Broken Arms.

Armament Destruction was born from the combination of the Broken Arms' ragi qi and a sliver of Chu Kuangren's will. Now, at the end of his life, he reverted back to his true form and transformed into countless Broken Arms, fusing with the endless rage qi and the Blazing Flame Dao.

A sliver of his fiery presence could scorch the land.

"Broken Arms Blazing Flames, Celestial Demon Bloodthirst!"

Armament Destruction roared and shot tens of millions of Broken Arms at Doomsday Darkness.

Each Broken Arm contained absolute power that could destroy a Monarch.

The Broken Arms soared across the sky like a beautiful crimson meteor rain before converging into a single stream in the sky.

The commotion silenced the whole battlefield.

"How terrifying." The Heavenly Sovereign's eyes narrowed.

Even he was not confident enough to take the hit.

Countless cultivators remembered the name Armament Destruction as he sacrificed himself to deliver the most powerful attack.

"Bring it on!!"

Doomsday Darkness roared and channeled the Darkness Daoist law around him into a black barrier.

The Broken Arms rained down on it, causing ceaseless explosions.

Amidst the explosions, the crowd could hear loud grunts and roars in the background.

To their surprise, the terrifying pressure had managed to push Doomsday Darkness back, and the darkness barrier he summoned started to crack!

"Crank!"

The barrier shattered, exposing Doomsday Darkness to tens of millions of Broken Arms!

"Doomsday Darkness Slash!"

Doomsday Darkness manifested his Darkness Daoist law into a black halberd and swung it in a flurry, blocking the incoming Broken Arms.

"Bang! Bang!"

All the Broken Arms exploded when they crashed onto the spinning halberd.

"Doomsday Darkness won," Heavenly Sovereign said with a shake of his head.

Armanet Destruction had died the moment his body disintegrated. The Broken Arms rain was just the remainder of his attack.

Suddenly, a streak of blue light flew across the sky and went after Doomsday Darkness.

Doomsday Darkness was busy blocking the incoming attacks, so he failed to react to it.

The blue light seized the chance and perforated his chest.

The blue light was actually a frosty sword.

"Damn it!" Doomsday Darkness' expression turned grave.

Further away, Gu Linglong's expression turned frosty as she bellowed, "Detonate!"

Chapter 2436 Detonation of the Ultimate Supreme Weapon, Brand New Descendant Self Sword

"Detonate!" With a fierce shout, Gu Linglong detonated her Ultimate Supreme Weapon!

Terrifying frost qi erupted from the sword and instantly shrouded the sky. With the wind, cloud, air, and everything on the land blanketed by the frost qi, it instantly froze into a massive and sturdy ice mountain that crashed down from the sky with a bang!

The entire Immortal Island trembled.

The frost qi from the ice mountain frightened countless cultivators, causing them to scuttle away in fear.

The frost qi was terrifying! It froze everything it touched — a death freeze, to be exact! The frost qi was something that living beings could not cope with. Some of the Monarchs shuddered when they got too close, and it was just the frost qi emanating from the ice mountain.

It was unimaginable how much frost qi was contained in the ice mountain.

Even an Unlimited Great Dao would be frozen inside it.

"Is this the power of detonating an Ultimate Supreme Weapon!?"

"It's crazy!"

"Gu Linglong detonated it in just a heartbeat! I think Doomsday Darkness is done for this time!"

"So this was what they were aiming for. Armament Destruction set alight his Monarch's Heart and reversed his Great Dao not to defeat Doomsday Darkness but to create a window for Gu Linglong to detonate the Ultimate Supreme Weapon in Doomsday Darkness' face."

All the cultivators were in awe of their risky and resolute tactics.

Be it Armament Destruction's resolution to sacrifice everything to create a window for Gu Linglong or Gu Linglong's resolution to detonate the Ultimate Supreme Weapon, their resolutions impressed many.

One misstep from their combined attack would produce a completely different outcome. It would be nearly impossible for them to achieve what they had done if something went wrong.

"Armament Destruction..." Armament Destruction's sacrifice saddened Gu Linglong. Armament Destruction may have been born from Chu Kuangren's will, but he was his own entity, becoming a close friend and rival of Chu Kuangren. Yet, he sacrificed himself for the sect.

Not only Gu Linglong but Lan Yu, Chu Hong, and others were also saddened by the loss.

Suddenly, the ice mountain cracked, and slivers of Darkness qi leaked from within it.

The scene shocked everyone.

"Doomsday Darkness is not dead?"

"Damn it!"

Lan Yu and the others were mortified.

The power contained in the detonation of an Ultimate Supreme Weapon was unrivaled.

It could kill Ultimate Monarchs with ease, yet it could not kill Doomsday Darkness!

How powerful was Doomsday Darkness exactly?

As the cracks spread across the ice mountain, Gu Linglong growled and unleashed even more attacks on the ice mountain.

A massive amount of frost qi was blasted at the ice mountain, enveloping it whole.

Even if the explosion did not kill Doomsday Darkness, she had to stall him as long as possible.

Unfortunately, the Darkness qi from the ice mountain grew denser.

Following a tremendous explosion, the ice mountain exploded into pieces.

Doomsday Darkness emerged from within, looking wretched, and a layer of frost was covering the injury on his chest.

Even with his powers, he could not remove the frost qi completely.

The large amount of frost qi corroded his body, causing him to shiver.

"Damn it! For injuring me to this extent, all of you shall die!"

Doomsday Darkness had never felt so infuriated!

He could not believe he was ambushed by a woman and heavily injured by the blast!

Not only did it hurt him physically, but it humiliated him as well!

"That woman is dead." The Heavenly Sovereign scoffed. "Doomsday Darkness is angry, and no one can save her now. I wonder how Chu Kuangren would react if he found out that his woman died. I'm looking forward to it."

The Tempest King, Human Empress, and the others reacted grimly to the situation.

They tried to help Gu Linglong but were stopped by the Heavenly Sovereign and the others.

They could not get to Gu Linglong.

"Die!"

Doomsday Darkness attacked Gu Linglong angrily. Even though he was hurt by the detonation of the Ultimate Supreme Treasure, he remained a terrifying foe with great power!

Without the Ultimate Supreme Weapon, Gu Linglong was not powerful enough to block the attack. At the critical moment, Mingyue Wuxia managed to step in and counter with a slash. The sword qi she released gushed forward like a comet!

"Bang!"

When the sword qi clashed with the Darkness energy, the explosion sent Mingyue Wuxia flying away.

She even lost the Human Ancestor's sword during the blast.

The sword captivated the different tribe cultivators from the alliance.

"It's the Human Ancestor's sword!"

"The Supreme Treasure is closely related to human's source!"

"It's mine!"

Some of the cultivators, including Monarchs, dashed over to the sword, trying to seize it for themselves.

"Damn it!"

Mingyue Wuxia tried to retrieve the sword but could not due to her condition. Once the Human Ancestor's sword was possessed by the enemy, the human race would be in danger.

Suddenly, a crack opened in the sky, and an endless sword qi gushed out like a geyser!

The cultivators who tried to seize the Human Ancestor's sword were blasted away.

"Who is that?"

Everyone was surprised, but no one emerged from the spatial crack.

While the Sword Great Dao continued to release sword qi from within, a white sword flew out from the Great Dao itself.

The sword shadow shone brightly and contained boundless sword intent.

"What is going on?"

"Why did the Sword Great Dao appear by itself?"

"What is that sword?"

"Descendant Self Sword!"

Mingyue Wuxia was delighted.

The sword shadow was the sword spirit of the Descendant Self Sword!

The sword spirit had grown incredibly strong, and the aura it released was unparalleled. It was as if it wanted to overthrow the Infiniverse!

At the same time, the sword intent it released contained extreme anger as well.

The Descendant Self Sword had sensed the battle at the Pan Gu Sect and knew it was the place its master lived and cherished.

Now, it was besieged by enemies, and the enemies must be killed!

The Descendant Self's sword spirit flew toward the Human Ancestor's sword to combine with it.

The moment the sword spirit and sword combined, unrivaled sword intent and sword ray erupted!

The blast of sword intent even sent some of the Monarchs flying away.

Mingyue Wuxia was gratified to see the two combine.

"A brand new Human Ancestor's sword... No, a brand new Descendant Self Sword!"

"Buzz! Buzz!"

Endless sword intent rose to the sky.

All the swordsmen in the Great Hongmeng Universe sensed the sword, and their swords resonated with it. In fact, the Sword Great Dao was resonating with it as well.

"That is a terrifying sword!"

"That sword is mine!"

All the Monarchs on the battlefield were not deterred by the unparalleled sword intent from the Descendant Self. Instead, their desire for the sword grew stronger!

They all wanted to get the Supreme Treasure as greed got the best of them.

"It's mine! No one can take it from me!"

A Monarch threw himself forward, but before he could get close, the Descendant Self Sword buzzed and released a sword ray, cutting the Monarch in half.

The Descendant Self Sword only had one master, and that fact would never change.

There was no way someone else would wield it.

The Descendant Self Sword flew toward Gu Linglong, who looked at the sword and tacitly understood its intention. She grabbed the hilt and wielded it as her own.

The Descendant Self Sword was sentient, and its sword spirit knew that she was Chu Kuangren's Daoist partner, so it allowed her to use him.

With the sword in her hand, Gu Linglong's aura surged.

She was just a common Monarch, but with the sword's power, she was able to deter some of the Ultimate Monarchs.

Only Doomsday Darkness remained cold and angry. "You plan to fight me with just a sword? You're too naive!"

Chapter 2437 Gu Linglong Versus Doomsday Darkness, Heavenly Saint Ambush, Pan Gu Sect Monarchs Falls One After Another

Gu Linglong wielded the Descendant Self Sword and started to merge with its aura.

As the combined aura rose sharply, she slashed forward with the sword.

The vast sword qi gushed forward like a torrential stream, freezing everything in its way. However, Doomsday Darkness was not deterred. He, too, swung his halberd forward.

"Bang!"

The clash between the Darkness Daoist law and the sword qi was so powerful that it shook heaven and earth.

Gu Linglong and Doomsday Darkness were both pushed back.

"Again!" Gu Linglong bellowed.

She knew the only way for the Pan Gu Sect to win was to defeat Doomsday Darkness! Having a foe that possessed powers near an Overlord was troublesome for the entirety of the sect.

"Descendant Self, aid me!"

Gu Linglong bellowed and wielded the sword in a flurry.

She was not a swordswoman, but her husband, Chu Kuangren, was the strongest swordsman in the universe. Under his influence, her swordsmanship was at a decent level.

She even cultivated a frost-element sword art.

Slash after slash, the land and sky were frozen to ice.

"Doomsday Darkness Slash!"

Doomsday Darkness swung his halberd in a flurry and clashed with the Descendant Self Sword.

However, the Descendant Self Sword was stronger than ever before. With the sword spirit trained in the Sword Dao Eye by the sword intent from past to present, it had grown ridiculously strong.

On top of that, its blade was the first sword in the Infiniverse, the Human Ancestor's sword.

When the two combined, the power it could unleash was unimaginable.

Doomsday Darkness' halberd shook strongly after each clash as if it could break before the next hit.

Having been pushed back by the relentless attacks, Doomsday Darkness' expression turned grim. "How? How did the sword become so powerful?"

Even if Gu Linglong wielded the Source Supreme Treasure, due to her cultivation level, the amount of power she could use should be limited.

Although the Source Supreme Treasure was powerful, it needed a matching cultivation level to bring out its full potential.

Yet, Gu Linglong could unleash powers that rivaled Doomsday Darkness just by wielding the Descendant Self Sword!

"It's the sword spirit!"

Doomsday Darkness was struck with a realization.

The sword spirit was releasing its power on its own, which allowed a common Monarch like Gu Linglong to rival one of the strongest beings in the universe.

"Doomsday Darkness Art, Barren Sky Darkness Explosion!" Doomsday Darkness shouted and swung his halberd down with boundless Darkness Daoist law energy as if he was wielding the Darkness Great Dao itself.

It was the Unlimited Great Dao energy!

"Bring it on!" Gu Linglong did not even try to dodge it.

The Descendant Self Sword buzzed and released the powers of the Sword Great Dao!

She, too, was able to use the Unlimited Great Dao energy!

Upon clashing, both of them were pushed back once again.

This time, the Darkness Daoist law energy on Doomsday Darkness grew restless, and he actually lost!

"Damn it!" Doomsday Darkness' expression turned grimmer.

The Descendant Self Sword's powers exceeded his wildest imagination.

The others were also shocked that such a terrifying sword existed in the universe. Its appearance made other swords look like useless irons.

"Doomsday Darkness, take this! Blizzard No Return!" Gu Linglong bellowed and channeled her energy to the limit.

As she raised the Descendant Self Sword high in the sky, she cast her most powerful attack!

A resolute sword intent of no return spread across the battlefield.

When she unleashed the attack, a fierce snowstorm broke out.

The snow in the air turned into sword qi that carried an indomitable sword intent. Even someone as strong as Doomsday Darkness felt intimidated, which was rare.

As such, he roared and channeled his Darkness energy to the limit as well.

"Doomsday Art, Endless Darkness!"

He thrust his halberd forward, releasing torrential streams of Darkness.

The moment the snow and darkness clashed, the land was turned upside down!

The Immortal Island trembled violently.

Doomsday Darkness was blasted away again. However, his aura was starting to weaken, and his Monarch's Heart was shaking.

"Today, I shall end Doomsday Darkness!" Gu Linglong bellowed and wanted to follow up with another attack.

Suddenly, someone appeared behind her and attacked her from the back. "Bang!"

The palm strike struck her shoulder and sent her flying, with blood gushing out from her mouth. The Descendant Self Sword fell out from her hands as well!

"Sister Linglong!"

Lan Yu, Chu Hong, and the others were shocked.

Everyone stared at the aggressor fiercely. Based on the powerful aura the person possessed, he must be an Ultimate Monarch, but no one noticed how he got so close to Gu Linglong.

He was shrouded by a layer of light, concealing his true face.

"This aura... Heavenly Saint! It's you!" Mingyue Wuxia shouted, her expression cold.

He might have concealed himself, but Mingyue Wuxia would never mistake his aura!

"I will kill you!"

The sudden twist of events paused the battlefield for a moment.

Infuriated, the Tempest King threw a punch at the Heavenly Saint.

"Bang!"

The energy exploded around the Heavenly Saint, dissipating the light around him.

When his true face was finally revealed, everyone was shocked. "It really is the Heavenly Saint! He is betraying the human race as well!"

"Piece of sh\*t!" "Heavenly Saint, Heavenly Sovereign, both of them are cancer to the human race!"

The cultivators of the Pan Gu Sect were infuriated.

However, the Heavenly Sovereign grinned. "I bet none of you would've thought the Heavenly Saint would join me and finally show his true colors!" "What did you promise him?"

"Nothing but Chu Kuangren! I promised to give him the Human Ancestor's blood when we're done with Chu Kuangren!"

The Heavenly Saint was obsessed with the Human Ancestor's cultivation technique.

In his opinion, if he could get the Human Ancestor's blood, he might be able to learn the Limitless Transformation!

It was the reason why he agreed to side with the Heavenly Sovereign!

"You recognized me," the Heavenly Saint said to Mingyue Wuxia.

"Don't forget I cultivate the Heavenly Human Art too. Your aura can fool anyone but me!" Mingyue Wuxia said coldly.

Heavenly Human Art allowed the user to blend with the realm's natural energy.

If used properly, it would be the best cultivation technique for stealth operation and tracking. It was that technique that allowed the Heavenly Saint to get close to Gu Linglong without exposing himself.

He then grabbed the Descendant Self Sword and channeled his own Daoist law energy to infuse into the blade, attempting to suppress the sword spirit.

However, the Descendant Self fought back fiercely.

The Heavenly Saint used all of his strength to manage to hold on to the hilt.

It was the Human Ancestor's sword, after all. If he got the Human Ancestor's blood and then cultivated the Human Ancestor's cultivation technique, he would be the next Human Ancestor!"

"Hahaha! Nicely done, human!" Doomsday Darkness laughed.

After that, he looked at Gu Linglong, who had crashed further away.

Gu Linglong had a life-saving treasure that saved her from the ambush earlier.

However, Doomsday Darkness already viewed her as a dead person.

"Die!"

He attacked, trying to deliver the final blow!

"Dream on!"

"Protect Sister Gu!"

The Three Clarities, Nuwa, Fuxi, and the Black Heaven Nine Stars jumped in to counter the attack.

They all released their respective Monarch energy to try and block or cancel the attack, but even with their combined energies, they were no match for Doomsday Darkness!

"Bang!"

Ye Zhu was killed on the spot, his body exploding into a blood mist.

Shang Honghua lost half of her body to the blast.

Zhen Yuanzi was corrupted by the Darkness energy and disintegrated into ashes.

The Pan Gu Sect's Monarchs were no match for Doomsday Darkness. They could not even survive one hit from him, yet they did not step away.

Those who survived stood strong to protect not only Gu Linglong but also the Pan Gu Sect!

Chapter 2438 Pan Gu Sect's Desolation, Despair, Fortune Kingdom

It was a tragic scene.

The Pan Gu Sect's Monarchs fell one after another at the hands of Doomsday Darkness, yet none of the survivors were deterred.

The Black Heaven Nine Stars, Three Clarities, Nuwa, Fuxi, West Ruler Matriarch, and all the supporting pillars of the sect remained brave and unwavering. They unleashed all kinds of cultivation techniques at their foe.

Even if they were no match to him, they were prepared to sacrifice themselves like Armament Destruction. They were not afraid of reversing their Great Dao and igniting their Monarch's Heart just to inflict some damage on the enemies.

The battle between Ultimate Monarchs continued fiercely.

The Tempest King was infuriated.

Her silky hair danced in the air as she unleashed Yin Yang and Thundergale Daoist law energy at her enemies.

However, no matter how she fought back, the Ultimate Monarchs of the Celestial Divine Tribe and the Spatial Tribe held her back and kept her busy, preventing her from assisting the others.

The Human Empress was also in a similar situation as she continued to fight the Heavenly Sovereign.

The Space Emperor and other Monarchs fought the Four Fate Defiant Kings fiercely.

No one was left to stop Doomsday Darkness.

It felt like the man in pure darkness had brought about doomsday, instilling fear into everyone's heart.

The Monarchs who watched from the dark sighed helplessly. "Pan Gu Sect is over!"

"No one can stop Doomsday Darkness. The Human Ancestor's sword has been taken away by the Heavenly Saint, and even if Chu Kuangren shows up now, he won't be able to turn the situation around."

"What is Chu Kuangren doing? Where is he? His sect is falling apart, yet he's nowhere to be seen. Is he afraid?"

"It's not like him."

"How is the man who single-handedly massacred all the tribes afraid? Where is he anyway?" Chu Kuangren's absence sparked a fierce discussion among the Monarchs who were not involved in the battle.

The Spatial One cackled. "Chu Kuangren, show yourself! See what has happened to the sect that you built! What's wrong? Are you afraid?"

Zhu Yang and Dao Lingtian were delighted as well.

They could finally vent their grievance after being oppressed by Chu Kuangren for years.

Their laughter echoed across the sky.

On the other hand, the Heavenly Saint was still suppressing the Descendant Self Sword and had no time to fight anyone.

He glanced at the Heavenly Sovereign and said, "Remember our deal."

"Of course."

"Very well."

The Heavenly Saint then left the battlefield with the Descendant Self Sword.

He wanted to go back to the Heavenly Human Sanctuary to refine the sword. As for the Human Ancestor's blood in Chu Kuangren, he left the Heavenly Sovereign to retrieve it.

The Heavenly Sovereign had sworn on his Daoist core, so there was no way he would back off on the deal.

Back in the Pan Gu Sect, the fierce battle continued. The Pan Gu Sect was blanketed with dead bodies.

The Tempest King was heavily injured after multiple Ultimate Monarchs ganged up on her.

The Human Empress might have ascended to the Unlimited Great Dao Realm, but there was still a strength gap between her and the Heavenly Sovereign. After a fierce battle, she could not keep up and was heavily injured too.

As for the other Monarchs, they were no match for Doomsday Darkness.

Many were killed and injured.

The Three Clarities, Black Heaven Nine Stars, and some others were killed as well.

Gu Linglong and Lan Yu leaned against each other for support, preventing each other from falling.

"The future I saw has come true..."

The Six Eyes Diviner, who was fighting a Fate Defiant Master, was horrified and shaken when he saw the scene before his eyes.

Fear consumed him.

Would he be one of the dead bodies on the ground?

What would happen to the Infiniverse next?

"Temple Lord, where are you? Why aren't you coming out?"

The Six Eyes Diviner looked deeper into the sect. He refused to believe that Chu Kuangren would abandon them. Could it be that Chu Kuangren could not sense the battle?

What exactly was he doing?

Not only the Six Eyes Diviner but everyone else was also baffled.

What was Chu Kuangren doing? What was he cultivating?

The Pan Gu Sect was on the verge of collapsing, yet he was nowhere to be found.

"I shall locate him!"

The Spatial One wanted to locate Chu Kuangren, but Chu Kuangren must be cultivating in a secret place because he could not find the man no matter how hard he looked.

However, the Spatial One was not in a hurry. He raised his hand and unleashed even more Spatial Daoist law to destroy the sect.

"I refuse to believe you won't show up even after I level Pan Gu Sect to the ground!" The Spatial One grinned.

With that, Zhu Yang and Dao Lingtian joined him in destroying the sect.

They vented the grievance they felt from Chu Kuangren by destroying everything he built!

"Hahah! Chu Kuangren has abandoned you! Now, die!"

Doomsday Darkness channeled his Darkness energy and aimed a ball of Darkness energy in his hand at Gu Linglong and the survivors.

If the ball of energy landed, Lan Yu, Gu Linglong, and the survivors would be annihilated!

The Tempest King and Human Empress could barely keep themselves alive anymore.

The Pan Gu Sect had never felt such despair!

"Kuangren, I'm sorry I failed to protect Pan Gu Sect," Gu Linglong muttered.

"My Honorable Teacher, I'm sorry..." the Tempest King muttered.

"Is this the end for the human race? Is this how the human race ends in the final era? Are we no longer the main lead of the universe?" The Human Empress chuckled bitterly. She was not afraid of dying, but after she died, no one would care for the rest of the humans anymore.

How would the human race face the rest of the tribes in the Infiniverse?

The thought broke her heart.

"Die!"

Doomsday Darkness cackled and delivered the final blow when suddenly, he sensed something that made him freeze on the spot.

Not only Doomsday Darkness but all the Monarchs in the Great Hongmeng Universe sensed an unusual commotion, and their expressions shifted.

"What is this strange feeling?"

"The spiritual qi of the realm seems to be moving."

All of them sensed the changes.

The realm's spiritual qi was moving toward the Immortal Island.

In just a few moments, the spiritual qi converged into multiple torrential streams that flowed to the island. It was as if the island was absorbing all the spiritual qi.

Strange phenomena also started to occur on the island.

Spiritual lotuses bloomed in the void, and endless clouds of spiritual qi shrouded the sky and the mountains. Endless light shone from the center of the island, conjuring all kinds of auspicious conjurations. Dragons and phoenixes danced, kylin roamed, the black tortoise rose, all mythical beasts knelt, Buddhas and deities appeared, and violet qi filled the air with the sun and moon rising together.

All kinds of phenomena, seen and never before seen, appeared together.

There were countless more phenomena than when someone ascended to the Monarch Realm.

All the Monarchs were in awe.

"What is going on?"

"Why are there so many auspicious conjurations and phenomena?"

Then, something even more terrifying happened.

Structures and buildings of a palace rose from the center of the island and expanded outward.

The pavilions and buildings were real, not illusions.

They were being built in real-time and in the real world!

Each pavilion had countless mystical runes carved on it, releasing a faint glow of Immortal Spark. They were each grand and glamorous.

Countless pavilions formed a massive palace that rose into the sky!

It was as if a new kingdom was born!

The Monarchs even noticed the boundless mystical energy around the structures.

"Fortune Kingdom! That's the Fortune Kingdom!!"

The Six Eyes Diviner was shocked by the scene before his eyes.

Before he joined the Divine Destiny Temple, he had a vision of it when he peeked into the future of the island.

Now, the future he saw was unfolding before his eyes!

Chapter 2439 Wen Tianfeng's Surprise, Revival Was An Option, Realm Reversal

As the Fortune Kingdom was being created, all kinds of conjurations and phenomena happened across the Great Hongmeng Universe.

Even the Infiniverse saw countless auspicious conjurations.

Further away in the Devil's Territory, the Devil King was fighting Wen Tianfeng.

After all, the Devil King was a Source Being. Even though she had reincarnated, she was not to be underestimated. On top of having retrieved her Ultimate Supreme Weapon, she was extremely powerful.

Common Unlimited Great Dao was no match for her.

However, Wen Tianfeng was not just any Unlimited Great Dao. Back in ancient times, he rivaled Overlords.

The reason the Devil King could match him now was because he had just awakened and had not gotten used to the laws of this era yet. Once he had adapted to the environment, it would only be more difficult for the Devil King.

"Devil Bone, you're indeed an unusual one." Wen Tianfeng laughed.

Right before he cast his strongest attack, his expression shifted. He sensed the commotion happening across the universe and saw the endless grand and auspicious phenomena!

The most shocking one was that of a majestic kingdom rising from the land!

"Fortune Kingdom?" Wen Tianfeng was mortified.

The Fortune Kingdom existed in ancient times but only in rumors or legends.

From the beginning of time, only less than a handful of people could create the Fortune Kingdom.

The strongest kingdom that was ever created was the Primal Kingdom, the oldest one that ever existed.

The Primal Kingdom was the first kingdom-type structure created.

"It is impossible that someone in this era knows the Fortune Kingdom and has successfully created it!" Wen Tianfeng could not believe his eyes.

The way of creating and constructing the Fortune Kingdom was extremely difficult and rare.

After the God Emperor, only a few succeeded, and the God Emperor later wiped out the technique of constructing the Fortune Kingdom.

It had been countless eras since then, yet someone had figured it out and successfully created it.

"That is in Pan Gu Sect's direction!" The Devil King's eyes flickered, and she had her own speculations. "Chu Kuangren, oh, Chu Kuangren! You always surprise me!"

Even she had yet to learn how to construct the Fortune Kingdom or possess the fortune energy to create one.

Chu Kuangren had achieved something that she could not!

...

Back in Pan Gu Sect, all the Monarchs were in awe as the palace rose before their eyes, especially Doomsday Darkness. He was stunned beyond words.

"Impossible! This is impossible! Why is the Fortune Kingdom here? How can someone be as strong as the God Emperor and successfully construct the Fortune Kingdom?"

Doomsday Darkness could not wrap his head around the situation.

"It must be Chu Kuangren! It must be him!" The Heavenly Sovereign's expression turned grim.

The Fortune Kingdom explained everything.

Chu Kuangren had been in closed-door meditation to create and construct something so majestic!

The Fortune Kingdom was something recorded only in legends, yet he successfully did it!

Although Chu Kuangren was already known for creating miracles, the Heavenly Sovereign was still shocked, more than before. In the center of the glimmering palace, a white figure emerged, radiating in endless fortune light and Immortal Sparks. He was also emanating an intimidating sense of nobility like he was the one and only Immortal King.

The universe paled before his presence, and all living beings felt the urge to worship him.

He reminded Doomsday Darkness of the God Emperor.

"Impossible! This is impossible! How can Chu Kuangren be as strong as the emperor?" Doomsday Darkness shook his head in denial.

When Chu Kuangren saw the desolate state of the Pan Gu Sect, his eyes widened, and his rage almost snapped his sanity.

He was unaware of what was going on in the outside world when he was cultivating the Fortune Kingdom. However, when he finally succeeded, he was greeted with a desolate and horrifying scene before he could celebrate it.

Even with his Rocksteady Daoist core, he almost lost it.

Fortunately, he fought his own anger and managed to force himself to calm down.

He went over to Gu Linglong and started to heal her, Lan Yu, and the others without saying anything.

"My dear, I'm sorry I couldn't protect the sect..." Gu Linglong murmured in sorrow.

Her eyes were teary, and she looked helpless.

"It's okay. I'm here now. Everything will be fine," Chu Kuangren said.

"Hahaha! Chu Kuangren, you really do have great tolerance! Your Pan Gu Sect is almost destroyed, with tons of Monarchs dead, but how are you so calm? I have to admit that you are something else! Or should I say you're just a cold-blooded monster and that their deaths meant nothing to you?"

The Spatial One laughed and mocked Chu Kuangren.

He had killed a lot of the Pan Gu Sect's cultivators, but he was still not satisfied.

He wanted to see the anger, irritation, and despair in Chu Kuangren.

He wanted to see the rage that could devour Chu Kuangren.

He wanted Chu Kuangren to have a taste of the despair and hatred he once felt.

He wanted Chu Kuangren to fall a hundred times worse!

"Yeah, Chu Kuangren. Look around you. Your people are dead because of you!" Zhu Yang shouted.

He shared the same feeling as the Spatial One.

However, no matter how they provoked or teased Chu Kuangren, Chu Kuangren remained calm and cold.

The two of them frowned.

Was Chu Kuangren heartless?

It was impossible.

Could he have a Daoist core so strong that it was indestructible?

"Are you done? Who said they're dead?" Chu Kuangren said.

His words surprised everyone.

However, shortly after, the Spatial One and Zhu Yang cackled.

"Chu Kuangren, have you lost your mind?"

"Look around you! Do you see the bodies? Do you think they can survive that? Are you stupid or what?"

"Do you think you can revive them?"

Some of them had even lost their souls.

How could Chu Kuangren revive them?

They simply assumed Chu Kuangren had lost his mind.

Chu Kuangren, however, was not bothered by their teasing and sneers. Instead, he grinned as he said, "Revive? It can actually work."

Then, he raised his hand, and his eyes shone in dark gold.

Time energy erupted and blanketed the battlefield.

"Infernal Dragon Eye, Realm Reversal!"

Time Daoist law started to swirl around Chu Kuangren and create a mystical Great Dao of Time!

The things on the battlefield started to move.

Broken mountains reformed, fallen structures recreated, and broken limbs reattached.

It was as though many pairs of invisible hands were fixing and repairing things back to their original form.

"T-That's the Primal Dragon's forbidden divine ability!"

Zhu Yang's eyes widened in fear and disbelief.

Realm Reversal was the Infernal Dragon's strongest divine ability.

Not even the Primal Infernal Dragon could use it without a heavy cost, let alone Zhu Yang. He was not even strong enough to cultivate it.

Now, Chu Kuangren was using it before his eyes! It was the strongest divine ability of Time Dao!

Chapter 2440 One Thought Decides Life and Death, I Rule My Kingdom, Reversal God Appears

It was the technique, Realm Reversal!

Time was reversed, and the dead Pan Gu Sect's cultivators were brought back to life.

Armament Destruction opened his eyes and looked around, feeling strange and confused. "What happened? I thought I died." Not only he but even Ye Zhu, the Three Clarities, the Wine Honorable, and many others were brought back to life by the reversal of time.

They looked around, confused.

One thing worth noting was that only the Pan Gu Sect's cultivators were brought back to life. Not one of the alliance soldiers was revived. Chu Kuangren's precision in his mastery of time was astonishing, and it shocked Zhu Yang.

Everyone finally knew why Chu Kuangren remained so calm after seeing his people die.

He could bring them back to life!

The alliance fought a fierce battle to destroy more than half of the Pan Gu Sect, yet everyone was brought back to life, and the whole sect was restored in just a moment.

The unbelievable scene stunned everyone in the alliance, including the Heavenly Sovereign and Doomsday Darkness.

"H-How is this even possible?"

"This is crazy!"

Chu Kuangren looked at those he revived with his hands behind his back. He might not show it on his face, but he was also worried before he succeeded.

Even though he was confident in bringing all of them back to life, his heart pounded wildly until he saw the final result.

Fortunately, everything turned out as expected.

He was almighty in the Fortune Kingdom.

He controlled life and death with just one thought, ruling over every aspect of his kingdom.

It was the reason why the Fortune Kingdom was so powerful.

"You would be next." Chu Kuangren looked at Doomsday Darkness, Heavenly Sovereign, and the others coldly. His eyes were overflowing with murderous intent.

All who caught his gaze shivered in fear.

They were horrified by his presence.

How could they win against someone who could control life and death with just one thought?

"I don't believe it! You're not invincible!" The Spatial One finally snapped.

He roared and threw the Void Roulette out.

It shone in endless light as it crashed down at Chu Kuangren.

However, the Void Roulette stopped three feet away from Chu Kuangren as if stopped by an invisible barrier.

"You're still as weak as always," Chu Kuangren said.

"Damn it! Detonate!"

The Spatial One lost his calm and decided to detonate the Void Roulette in Chu Kuangren's face.

The power from the detonation of an Ultimate Supreme Weapon was tremendous and terrifying.

More light burst out from the Ultimate Supreme Weapon, attempting to devour Chu Kuangren.

"Realm Reversal!"

Chu Kuangren controlled time once again and forced the light back into the Void Roulette.

It was reverted back to its intact form!

He could even control the detonation of an Ultimate Supreme Weapon!

Now that he could control time in the Fortune Kingdom, he became truly invincible!

Chu Kuangren held the Void Roulette and said, "It's such a waste detonating an Ultimate Supreme Weapon. I'll take it."

He might not have a use for it, but there were many others in the Pan Gu Sect who could use it.

With that, he activated the Thousand Weapon Heart, which allowed him to instantly control the Void Roulette.

He even wiped out the Spatial One's spirit branding on it.

"Damn it!" The Spatial One was furious, surprised, and scared.

Before he could do anything, Chu Kuangren arrived before the Spatial One and pointed with his finger.

Spatial Daoist law energy concentrated at the tip of his fingers.

"Void Tribulation!"

A huge spatial vortex exploded at the tip of his fingers and caught the Spatial One entirely.

The Spatial One's body exploded into a cloud of blood mist, marking the end of his life.

Ironically, he was killed by a Spatial technique, which he was so good at.

"Infernal Dragon Eye, Heaven Earth Darkness!"

Zhu Yang was so afraid that he channeled his strongest attack.

In an instant, the day turned into night.

Chu Kuangren raised his hand and snapped his fingers.

"Clank!"

The night was shattered instantly, and the sun came back.

Then, he pointed at Zhu Yang.

"Bang!"

Zhu Yang's body engorged like a bubble before exploding.

The rarest Infernal Dragon was killed just like that!

"I-I must leave!" Dao Lingtian was horrified.

He felt helpless and frightened when he saw Chu Kuangren obliterating the Spatial One and Zhu Yang like an invincible god.

Without further ado, he fled.

Not only him but all the other alliance soldiers were horrified. When Chu Kuangren displayed his ridiculous powers, they started to scuttle away. "Those who besiege the Pan Gu Sect today shall not run," Chu Kuangren said.

With just a thought, the spiritual qi on the island rumbled and formed a massive boundary surrounding it.

It was like a cage capturing everyone inside.

"No! This is impossible!"

"The Spirit Stabilizer Pillar should have sealed the spiritual qi on the island! How could you use the island's spiritual qi?" Dao Lingtian was shocked.

"Spirit Stabilizer Pillar?"

Chu Kuangren scoffed and grabbed into the void.

Further away, a golden pillar was lifted from the ground. It was the Spirit Stabilizer Pillar!

It had countless runes and carvings on it that made it look mystical.

Chu Kuangren then closed his fist.

"Bang!"

The so-called Spirit Stabilizer Pillar was crushed into a pile of rubbles.

"You tried to use that to seal my island's spiritual qi? How naive."

Even though he shared the island's authority with the Tempest King, hers was incomplete.

He was the one and only island ruler.

He had the most authority, and coupled with the Fortune Kingdom, the Spirit Stabilizer Pillar posed no threat to him.

"I hate traitors the most. Die."

Chu Kuangren pointed his sword hand sign forward and swung it down.

The domineering sword qi cut Dao Lingtian into shreds.

They were no longer in the Fortune Earth World.

To die out here was the end. Without Chu Kuangren's ridiculously powerful abilities, no one could be resurrected, and there had not been many cultivators like Chu Kuangren since the beginning of time.

"Chu Kuangren, you have grown so powerful."

The Heavenly Sovereign looked at Chu Kuangren with a gloomy expression.

He had a feeling that he could no longer resist Chu Kuangren.

"Die!"

Doomsday Darkness channeled his full strength for one last attack.

The rampant Darkness energy crashed down on Chu Kuangren.

"Foolish."

Chu Kuangren unleashed a slash with his sword hand sign.

The Darkness energy wave was cut in half, and the sword qi continued forward with indomitable force, blasting Doomsday Darkness away.

The hit almost shattered the Doomsday Darkness' Monarch's Heart.

"Damn it!"

Doomsday Darkness got nervous. Chu Kuangren was unbelievably powerful in his Fortune Kingdom. Not even Doomsday Darkness could challenge him anymore.

"Four Fate Defiant Kings, go!" the Heavenly Sovereign shouted.

The Four Fate Defiant Kings rose to the sky and channeled their respective Reversal energy to the limit.

They even started to ignite their Monarch's Hearts.

Their Reversal energy converged and formed a massive vortex.

Then, a colossal figure emerged from the vortex.

His eyes shone like stars. Each breath he made felt like a cosmic storm.

His body was glimmering and emanating a powerful aura that shook the Infiniverse.

It was a terrifying being who was stronger than Doomsday Darkness and the Heavenly Sovereign, not just a little bit but countless times stronger because he was an Overlord!

"I control my own destiny! I break the shackles of fate! Master of Destiny, are you ready to die?"
