Chapter 2491 - God Emperor's Energy Presence, Sword Saint's SOS, Jian Jueshi Falls

Back in Primal Kingdom, the God Prince, Primal Flame, and the others sensed Tian Lu's fall, and it put a grim look on their faces.

"Even the captain of the Forbidden Guards has fallen to Chu Kuangren's hands. He's already so powerful."

"As long as the God Emperor remains sealed, no one in the universe can rival him anymore."

"Damn it!"

While the group felt aggrieved and frustrated, they sensed an aura that spread across the Infiniverse.

The realm trembled, and for a moment there, all living beings felt an instinctive fear.

The God Prince and the others were stunned before they were overcome with absolute delight.

"This aura belongs to Father!"

The God Prince cheered and laughed excitedly, and so did the other Primal Gods.

"This is the God Emperor's aura! He's signaling us! He's coming back soon!"

"This is great!"

For a moment, the entire Primal Kingdom was freed from the sorrow of losing Tian Lu and cheered because of the God Emperor's presence.

Meanwhile, at the Pan Gu Kingdom, the Devil King, Shen Qixue, and the others were frightened when they sensed the God Emperor's aura.

“One sliver of his aura alone could instill fear in people.”

“The God Emperor is about to wake up. I believe the Primal Kingdom will make a move very soon.”

Back in Naraka, Chu Kuangren, who also sensed the God Emperor’s aura, narrowed his eyes.

“You’re finally waking up, huh?”

“That is a terrifying aura. Chu Kuangren, do you have the confidence to beat him?” Papiyas got up and walked up to Chu Kuangren with the question.

“What’s wrong? Are you scared?”

“Everyone is afraid of the invincible God Emperor,” Papiyas said.

After a quick thought, Papiyas asked, “You saved me. What do you want me to do?”

He knew Chu Kuangren would never deal with a losing business. Since Chu Kuangren saved him, the man must expect something from him.

After all, he was neither a friend nor an ally to Chu Kuangren.

“Don’t worry. We have a common goal. Go and concentrate on dealing with the Ancient Buddha,” Chu Kuangren said.

The Ancient Buddha was a Nine Honor, a Primal God.

Chu Kuangren needed someone to deal with him, which made Papiyas the perfect candidate.

Since the war had started, he would need as much firepower as possible.

As for whether Papiyas would come after him after the war, it did not matter because he could settle Papiyas with one slash.

...

When Chu Kuangren returned to the Pan Gu Kingdom, the Devil King, Shen Qixue, and the others came over.

Due to the God Emperor's aura, the Primal Kingdom was preparing for something big, so the Pan Gu Kingdom must act in response to their preparation.

While they were discussing a solution, a heavily injured swordsman came into the hall.

"Chu Kuangren, save the Sword Universe!"

It was the Sword Saint.

He looked to be in a sorry state with the injuries. His hair was messed up, his aura was weak, and his intense sword intent was almost gone.

"What happened?"

"Jian Jueshi is leading a group of swordsmen to destroy the Sword Universe!"

Chu Kuangren narrowed his eyes.

The Primal Kingdom had reacted faster than they thought.

...

The Sword Universe was mainly ruled by swordsmen, and right now, almost all the swordsmen of the universe were fighting the invaders from the Primal Kingdom.

Sword qi and all kinds of sword techniques shone in the sky, painting the heavens colorful.

Bodies floated in space like space debris.

It was a brutal battle.

Even Monarchs might not survive the battle.

On the chaotic battlefield was a swordsman wielding a longsword. The sword qi he released swept over millions of swordsmen, blasting them into clouds of blood mists.

Even planets could not survive his sword qi.

The man was the oldest swordsman in the universe and also the first Sword Overlord of the Sword Great Dao, Jian Jueshi.

“The God Emperor is waking, and we shall remove all obstacles for the emperor! We shall start by destroying the Sword Universe! All shall revert to its primal state!”

Jian Jueshi’s eyes were overflowing with intense sword intent. The sword qi swirled around him as his Overlord aura enveloped the entire universe.

The Sword Universe’s Great Dao was rumbling and might collapse at any moment.

As the swordsmen of the universe looked at him, the swords they wielded trembled, and the sword intents in them grew restless. They somehow had the urge to kneel and submit to his power.

An Overlord was too powerful!

The entire universe was no match for him!

“Don’t give up!”

The Divine Sword Palace Ruler bellowed and increased his sword intent to the limit. He even started to ignite his own life force. “If we give up, the Sword Universe will be done for!”

He then slashed forward with his sword!

The sword qi he released shone like the brightest galaxy and flew forward with indomitable force.

Encouraged by his words, the other swordsmen channeled their strongest techniques to attack Jian Jueshi.

Hundreds of millions of sword qi rained down on Jian Jueshi, forming an unprecedented sword qi torrent.

“How dare a bunch of rusty swords challenge me?”

Jian Jueshi grunted scornfully.

He swung his sword around, manifesting countless Sword Daoist laws around him. Each Daoist law he released was brighter than the brightest star in space.

When the Daoist laws were summoned, a destructive sword qi erupted.

It was the Sword Dao’s divine ability, Absolute Heaven Earth!

“Kabaam!”

The intense power of the sword qi destroyed multiple galaxies, taking the lives of countless living beings.

Countless swordsmen were killed by the sword qi as well.

There was nothing but absolute silence after the attack.

Dead bodies and broken swords floated in space. The broken blades buzzed softly as if they were crying.

Although the Divine Sword Palace Ruler and the stronger ones survived, they were heavily injured, and the Great Dao in them almost crumbled.

Jian Jueshi stood tall and strong like an inviolable god! His presence overpowered the entire universe.

“We can’t win!” one of the surviving swordsmen muttered in despair.

The Divine Sword Palace Ruler panted heavily. “I don’t understand why we can’t win! I can still fight, and I will continue fighting!”

He channeled the remaining sword qi in him for another round of attack.

Upon noticing the Divine Sword Palace Ruler’s final struggle, Jian Jueshi scoffed, “It’s meaningless for ants to struggle.”

Right before he could end the Divine Sword Palace Ruler, the entire universe trembled, and a powerful force shattered the universal barrier.

A powerful crystal sword flew in from the void.

The appearance of the crystal sword caused all the swords in the universe to resonate with it and then rise into the sky, gathering upon the crystal sword.

In just a blink of an eye, the swords around the crystal sword formed a sword dragon.

“The Human Ancestor’s sword!

“It’s Chu Kuangren, but he’s not here in person! The sword alone won’t stop me!”

Jian Jueshi narrowed his eyes. He looked at the Descendant Self Sword with utmost eagerness.

He was a Great Dao being of the Sword Great Dao, the first Overlord of the Sword Dao.

The Descendant Self Sword was a Source Supreme Treasure of the Sword Dao.

He believed he should wield the sword instead of Chu Kuangren.

“Ultimate One Slash!”

Jian Jueshi used his strongest divine ability. Terrifying sword intent erupted and formed a massive sword shadow, crushing galaxies in its way.

When the sword dragon clashed with the sword shadow, the Descendant Self Sword shone brightly and released an intense sword intent.

It was Chu Kuangren’s sword intent!

The sword intent erupted from the endless Sword Daoist law, and at the next moment, Jian Jueshi’s sword qi was torn apart.

The Descendant Self Sword continued to guide the billions of swords around him to perforate Jian Jueshi’s body from the chest!

“I said I am the only Overlord of the Sword Dao!”

Chu Kuangren’s voice echoed in the sky when his sword intent faded.

Jian Jueshi was killed on the spot.

Chapter 2492 - Primal Kingdom's Action, Grim Reaper, Primal Phoenix

Everyone in the Sword Universe stared at the lifeless Sword Overlord’s body, which had a hole in his chest, floating in space.

They were speechless and shocked.

Just like that, the Sword Overlord was killed in Chu Kuangren's hands.

Chu Kuangren did not even show up.

Only his sword and his sword intent appeared, and despite being universes away, he killed an Overlord!

"He has grown so strong..." the Divine Sword Palace Ruler murmured.

The past grudges he had against Chu Kuangren no longer mattered because he was truly grateful for Chu Kuangren's help to save the Sword Universe and the people in it.

After the Descendant Self Sword killed the Sword Overlord, it transformed into a stream of light and flew away into the universal void.

Then, the Sword Overlord's body disintegrated into countless Great Dao shards that scattered across the universe, allowing the entire universe to recover rapidly.

On top of that, the fall of an Overlord would produce countless more opportunities and vitality for the Sword Universe.

Back in the Pan Gu Kingdom, Chu Kuangren pondered after he sensed the fall of the Sword Overlord.

Then, he reached out to the void and grabbed the Descendant Self Sword that had flown back from the Sword Universe.

"Nicely done."

He did not go to the Sword Universe himself because, as ruler of the Pan Gu Kingdom, he could not leave since the Primal Kingdom had started to make its move.

The invasion of the Sword Universe was only the first of many moves the Primal Kingdom had in plan.

More invasions would happen frequently in the future.

The Primal Kingdom's purpose was to revert the universe to its primal state, and to achieve that, they would first be to annihilate all life and universes.

They had started to take the first step toward their goal.

...

In a certain universe, a black-robed figure traversed the vast starry space.

The figure's aura felt extremely strange and dead. All lively planets he passed by withered and deteriorated rapidly before dying out completely.

Countless living beings died under his influence as if he were death himself or the god that controlled death.

"All life ends with death. Death is eternal, and death is the true beauty," the black-robed figure said sentimentally.

Suddenly, another figure appeared before him.

The man was a Monarch with amazing powers and the strongest cultivator of the universe.

He looked at the figure in black coldly. "You're the one spreading death. Who are you? Why are you doing this?"

"Death is the only resting place for all life, mortals and gods alike. No one can escape their fate. I'm just making it quicker for them," the man in black said with a chuckle.

"Nonsense. The life and death of all living beings are fixed. Who are you to simply toy with them?"

The Monarch grunted and then jumped onto the man in black.

He threw a palm strike forward, containing earth-shattering Daoist law energy.

“Sigh. Even a Monarch cannot understand the truth of death.”

The man in black sighed.

He grabbed into the void, and the death energy around him formed a black scythe that he swung at the void.

The scythe did not touch the Monarch, but the Monarch stopped attacking because his body was cut in half, and the life in him faded rapidly.

The top Monarch was killed in just a blink of an eye.

The man in black then dispersed his scythe and continued spreading death across the universe. With his speed, it would take him just a few years to kill off the entire universe.

Suddenly, he stopped and stared ahead with a baffled look.

The void ahead of him started to distort.

A frosty rage qi gushed out from the distortion before a figure emerged proudly.

He wielded a spear and had a pagoda above his head. His Immortal Sparks shone across the entire universe.

“Grim Reaper of the Primal Kingdom, I have found you.”

The man looked at the man in black, his domineering aura overpowering the realm. He was countless times stronger than the Monarch earlier.

Grim Reaper, one of the Nine Honors, was second only to the God Emperor.

He looked at the person with narrowed eyes. “God of war of the human race, Shen Qixue, are you here to stop me? What a surprise. I thought it would be Chu Kuangren.”

“The ruler is not needed to deal with you.”

If Chu Kuangren had to deal with every enemy, they could just surrender and kill themselves together.

“Chu Kuangren is not here. You think you’re strong enough to stop death?” Grim Reaper said.

Shen Qixue was powerful, but as the strongest Nine Honor, Grim Reaper was more powerful.

“In that case, count me in as well.”

A frosty voice sounded from the void.

An iron-blooded and tyrannical aura came, followed by the arrival of a beautiful and valiant lady who strutted out proudly.

Her presence was fierce like an empress.

Grim Reaper narrowed his eyes on the woman. “You’re... an Overlord? A new Overlord? If I’m correct, you should be the Tempest King.”

He knew the Pan Gu Kingdom well enough to know that other than the Devil King and Shen Qixue, the newer generation cultivators should not be underestimated as well.

The Tempest King was one of the brightest young ones.

With the Source Crystals Chu Kuangren brought back, the Tempest King had successfully broken through to the Overlord Realm.

In addition to her talents and powers, she managed to master multiple Great Daos when she ascended. She could almost rival a Primal God on her own now.

Together with Shen Qixue, even the powerful Grim Reaper had to take it seriously.

“I see. Bring it on.”

...

In another universe, a ball of flame wreaked havoc and burned everything in its way.

“Burn! Burn to ashes! I will turn the Infiniverse into a scorched land to welcome the emperor!”

It was Primal Flame, and the universe was not equipped to resist the powers of a Primal God.

Suddenly, a sharp phoenix cry sounded, and a golden-red Phoenix Flame appeared to resist the Primal Flame’s flame.

Primal Flame narrowed his eyes. “Pan Gu Kingdom?”

Chu Hong stood before the Primal God with her spear while engulfed in Phoenix Flame. Her aura could rival a common Overlord.

“Ancient Godly Phoenix’s vitality qi. It seems like your bloodline is extremely close to the Primal Phoenix.”

Primal Phoenix was also a Primal God, similar to the Primal Infernal Dragon.

Chu Hong’s bloodline had gone through a lot of training to reach that height.

However, Primal Flame was unafraid. He said scornfully, “You’re not even an Overlord. How are you going to stop me?”

“Who said I’m the one who will stop you?” Chu Hong grinned.

At that moment, a stronger Phoenix Flame erupted behind her, and a beautiful Godly Phoenix soared into the sky. Her flames engulfed the entire universe.

“Primal Flame, I did not expect you to be my first opponent after I awaken.”

“Primal Phoenix!”

Primal Flame was shocked.

The Godly Phoenix that appeared before him was one of the Primal Gods.

“You’re not dead?”

“Godly Phoenixes cannot die. The power of rebirth is more profound than you think.”

Primal Phoenix sounded imposing and carried herself elegantly as if she were a noble lady.

Chapter 2493 - Papiyas Fight Ancient Buddha, Chu Kuangren's Assist, Buddha Emperor Ascend Overlord

Back in Pan Gu Universe, Chu Kuangren expanded his spirit energy to sense all the auras across different universes, exercising his control over the situation.

“Shen Qixue and Lan are engaged with the Grim Reaper. The odds of winning are slim, but they won’t lose just yet. It won’t be a problem for now.

“Primal Phoenix and Lil Red are fighting against Primal Flame. We’ll see if Primal Flame lucked out and survived the attack.”

“Lan Yu and the others are also engaged with different cultivators from the Primal Kingdom.

“This shouldn’t be a problem.”

“Hm? This is...”

Suddenly, Chu Kuangren sensed a strong Source aura approaching the Heavenly Buddhist Pure Land rapidly.

“If I’m correct, this should be him. I’ll leave it to him.”

...

At the Heavenly Buddhist Pure land, an extremely powerful aura came from the sky.

Holy and peaceful Buddhist light shone across the entire pure land, capturing the attention of all cultivators.

“That is an astonishing Buddhist light!”

“It’s even stronger than the Buddha Emperor’s. Who is this?”

There was a holy Buddhist figure sitting on top of a descending lotus, basking in endless Buddhist light. Anyone who laid eyes on him felt the urge to worship him.

It was obvious who he was.

“The oldest Buddha!”

“The source of all Buddhism!”

“He’s also one of the Nine Honors!”

Buddha Emperor and his followers exchanged quick thoughts through telepathy, their expressions solemn.

Following his arrival, the Ancient Buddha looked at the Buddha Emperor and the others.  
“Buddhists, why aren’t you on your knees?”

He spoke the fiercest words in the calmest tone.

Some weaker Buddhist cultivators were forced onto their knees, but the other Monarchs were also trying their best to fight the urge.

“Ancient Buddha, what are you doing here?”

“I am here to grant you your wish.”

Ancient Buddha swung his sleeve, shedding endless Buddhist light over the Buddhist cultivators.

Their bodies then disintegrated into light particles before Ancient Buddha absorbed them.

In just a blink of an eye, tens of thousands of Buddhist cultivators were eliminated.

It infuriated Buddha Emperor and the other Monarchs.

“Ancient Buddha, what are you doing?”

“I said I’m granting your wish. You cultivate and practice Buddhism all your life just to be with Buddha. Now, I’m giving you the chance,” Ancient Buddha said.

He raised his hand again, wiping out another batch of Buddhist cultivators and absorbing the light particles into his body.

Buddha Emperor and the others were fuming by then.

Be with Buddha?

Ancient Buddha killing them and absorbing their power was not being with Buddha!

“You’re not the Buddha we worship! You’re just a cold-blooded monster!” Buddha Emperor attacked Ancient Buddha with a palm strike.

The tremendous palm energy was hurled at Ancient Buddha.

Ancient Buddha casually swung his sleeve, releasing an explosive and vast energy that easily crushed the palm.

“Attacking Buddha? How disrespectful. You shall be eliminated!”

Ancient Buddha raised his hand with a frosty look on his face.

Then, endless Buddhist light shone across the entire pure land.

A holy feeling spread across the pure land, but it exuded a hint of indifference that regarded all life as ants, instilling fear in people’s hearts.

The Buddhist light then transformed into a massive palm that crashed down from the sky.

The palm carried terrifying power and could easily wipe out Buddha Emperor and the others.

Right before Buddha Emperor and the others were killed, blood-colored Buddhist light shone from further away and formed a red barrier around the entire pure land.

“Kabaam!”

The golden Buddhist palm clashed with the wicked Buddhist light.

The holy power tried to eliminate all, while the wicked one tried to protect.

As the palm collided with the barrier, the void trembled, and the land shook.

Ancient Buddha looked at the source of the blood-colored Buddhist light with a frosty gaze.

“It’s you.”

A wicked and handsome monk walked out from the bloody Buddhist light.

Behind him was the avatar of the Desire Buddha, having three faces and four arms.

It was Papiyas.

Buddha Emperor and the other Monarchs were silenced by Papiyas’ arrival.

It was ironic that Papiyas tried to eliminate Buddha in the past, but now that Buddha was trying to eliminate them, Papiyas saved them.

What a twist of events.

“Ancient Buddha, we meet again.”

Papiyas looked at Ancient Buddha with a frosty gaze.

The grudges between them dated back to the Source era, and both of them believed it was time to end it once and for all.

“Immovable Enlightenment Bodhi Rage!”

Ancient Buddha performed a set of mystical hand seals and unleashed his strongest attack.

The golden Buddhist light summoned yet another massive palm.

Papiyas responded with his attack as well.

“All Truth Erased!”

Blood-colored and golden Buddhist light clashed and intertwined.

The clash was so powerful that it pushed both Papiyas and Ancient Buddha away.

The entire pure land trembled as if it was going to fall apart.

Back in the Pan Gu Kingdom, Chu Kuangren rubbed his chin as he watched the battle at the Heavenly Buddhist Pure Land.

“Papiyas is slightly weaker than Ancient Buddha.”

After that, he switched his attention to Buddha Emperor and the other Monarchs.

“If so, let me give you a little assistance.”

He then took the Ancient Sarira and tossed it into the sky.

The sarira flew toward the Heavenly Buddhist Pure Land.

Back at the Heavenly Buddhist Pure Land, Buddha Emperor and the others were watching the fierce battle.

They were not strong enough to intervene.

Buddha Emperor was aggrieved. “I’m one step away from breaking through to the Overlord Realm, but I can’t seem to break through.”

He had been cultivating hard for thousands of years and had reached Unlimited Great Dao long ago. He even got some Source Crystals to aid his cultivation, allowing him to reach the pinnacle of his current realm.

He was one step shy from breaking through but lacked one opportunity.

Otherwise, he could join the battle as well.

Suddenly, a golden light came from the sky.

“What is that...”

Buddha Emperor was surprised that the light was flying toward him.

It was the Ancient Sarira!

However, Ancient Buddha was irritated when he noticed the golden light.

“That’s my sarira!”

During the first Infinity War, his powers were segregated into eighteen Ancient Sarira.

He had recovered seventeen of them and was missing only one.

He heard the last one was with Chu Kuangren, which left him helpless because he was no match.

That was why he decided to attack the Heavenly Buddhist Pure Land and absorb their powers to replace the missing sarira so that he could recover to his prime.

To his surprise, the last sarira appeared mid-battle.

“You want it back? No way!”

Papiyas stopped the Ancient Buddha while the Ancient Sarira flew into Buddha Emperor’s body and merged with his cultivation base.

Buddha Emperor's aura skyrocketed and broke through the limits of the Unlimited Great Dao.

He had finally broken through to the Overlord Realm!

“Thank you for your assistance, Ruler Chu!”

Buddha Emperor bowed to the sky.

Then, he stepped forward with his newly gained power, releasing a stronger Buddhist light in the form of a palm strike.

He joined Papiyas in fighting Ancient Buddha.

“Damn it!”

Ancient Buddha frowned.

He had rid himself of all emotions, but seeing his sarira being refined by someone else irritated him.

...

While the battle continued across the domains and universes, Chu Kuangren stayed behind in the Pan Gu Kingdom to command the troops.

The Infinity War had reached its climax!

Chapter 2494 - Little Cottage In the River of Destiny, First Generation Master of Destiny

The Infinity War had reached its climax.

Primal Kingdom and Pan Gu Kingdom sent their best soldiers to war, fighting each other in different universes.

Not only were the two kingdoms involved, but the other tribes across the Infiniverse also joined the battle by choosing either side.

Some tribes chose to stay out of it, but it was almost impossible. The scale of the war was too large to avoid.

Once the Overlord joined the battle, there would be no place to hide or run to.

Other than that, the Slaughter Kingdom also joined the war.

Since Liu Tianxue had become the new king, she naturally joined Chu Kuangren.

Although war was cruel, it was also a great opportunity for one to grow.

Multiple powerful cultivators were born from the war.

Lan Yu, Chu Hong, and the other Black Heaven Nine Stars, as well as the ancient ones from the Pan Gu Universe, performed amazingly in the war.

They were already seeing a boost in cultivation speed with Chu Kuangren's help, and with the Infinity War, their cultivation skyrocketed.

After Chu Hong fought against Primal Flame with Primal Phoenix, she came back and continued her cultivation, easily breaking through to the Overlord Realm.

Lan Yu made a name for herself in the war. She traversed across universes in the name of the Radiant Valkyrie, fighting off enemies from the Primal Kingdom.

She managed to break through to the Overlord Realm after multiple battles, becoming the first Overlord of the Radiant Dao.

Mingyue Wuxia, Three Clarities, Fuxi, Nuwa, and the others also saw great improvements and had always been the center of support of the Pan Gu Kingdom.

Besides that, Chu Kuangren got quite a number of good prizes from the Fantasy Roulette, and they helped the Pan Gu Kingdom a lot in the war.

The war between the two kingdoms separated the Infiniverse into two.

Several hundred years passed.

Chu Kuangren continued to cultivate the Destiny Dao. After many years of hard work, he started to see a chance of a breakthrough in his Destiny Dao, and the opportunity lay in the River of Fate.

With that, he decided to pay a visit to the River of Fate.

He summoned Lan Yu and the others to leave them in charge before going into the River of Fate.

The River of Fate was a profound and mystical place.

The river held the fates of all lives. Not even the first Master of Destiny could see through all of them.

Chu Kuangren walked on the river alone, searching through the fates of all life.

He followed his feelings and ventured deep into the river.

At the same time, in the Primal Kingdom, Reversal God was cultivating and sitting with his legs crossed.

Suddenly, his body released a bright burst of Immortal Sparks, and a powerful Daoist law energy erupted.

“I did it! I did it!”

Reversal God was extremely excited by his achievement. “My Fate Defiant Art has been perfected!”

The Fate Defiant Art was created to counter the first-generation Master of Destiny.

However, after the fall of the first Master of Destiny, Reversal God did not get the chance to perfect it.

Only in the final era did he get the opportunity to perfect the technique.

“Maybe this is fate as well. The first Master of Destiny may be dead, but there’s Chu Kuangren. I shall use him to test my perfected Fate Defiant Art.”

Reversal God grinned before he vanished from the spot.

He opened a crack in the void and entered the River of Fate.

He did not want to fight Chu Kuangren face-to-face.

He planned to destroy Chu Kuangren’s fate first before going to him in person. After all, Reversal God was good at targeting people’s fate.

Chu Kuangren, who had no idea that Reversal God was going after his fate, was wandering along the endless River of Fate, going where his feelings guided him.

He soon found himself in a mysterious place with a little cottage.

There was a little cottage floating in the River of Fate, which was unbelievable.

No one would believe it unless they saw it themselves.

Chu Kuangren felt tempted by the cottage. He felt like something inside was calling to him.

After a quick consideration, he went up and opened the door.

A blinding light shone from within, and Chu Kuangren was sucked into it.

Then, he found himself on a battlefield with countless cultivators fighting each other.

The cultivators from the Primal Kingdom and Pan Gu Kingdom were all there.

Lan Yu, Chu Hong, Gu Linglong, Three Clarities, and everyone was fighting the enemies, including himself.

He was fighting a man in golden robes and with golden hair, who was extremely powerful.

The golden-haired man might be the strongest opponent Chu Kuangren had ever faced or would ever face.

The man's name terrorized the past and present and was considered invincible.

One sliver of his aura could destroy universes and instill fear in all life.

Chu Kuangren recognized the man with just one glance — the God Emperor, the invincible and the oldest Primal God.

The God Emperor was much more powerful than he could imagine.

Chu Kuangren was overpowered by the man. Sword Twenty-six was useless, all his other cultivation techniques were useless, and even his three thousand Daoist laws were useless.

Every attack he did was canceled out perfectly.

In the end, the God Emperor launched a fist carrying endless God Emperor qi, and it struck Chu Kuangren, blasting him into a cloud of blood mist.

His body disintegrated into light particles and faded into nothingness.

Just like that, he was killed and died for good.

Chu Kuangren watched calmly and was not surprised by what he saw.

“Is this an illusion?”

“No, this is your future.”

Suddenly, the God Emperor looked at him as if he had noticed him. The golden eyes were glued to him, staring at him deeply and condescendingly.

His words felt like a sentence, announcing the death penalty to all who opposed him.

“My future?” Chu Kuangren murmured.

He chuckled and then released a rampant qi. “I can defy the universe, let alone fate. I am the Master of Destiny. Who shall determine my fate?”

Then, the illusory battlefield he was on started to crack like a mirror before it shattered into pieces.

His surroundings changed drastically, and before he knew it, he was standing inside the cottage.

In front of him was a tea table with a man in white robes.

The man poured himself some aromatic tea, filling the room with its fragrance.

“That is the fate that I deduced for you. It shows that you will lose to the God Emperor.”

“Is that so? I’d like to find out how he defeats me.”

Chu Kuangren sized up the man before him and asked, “You’re the first Master of Destiny?”

“I am.”

The man nodded and then said, "Tea?"

"Thanks."

Chu Kuangren sat down and lifted the cup of tea. The tea was clear, but it seemed to have runes floating inside. Although the fragrance of the tea was unusual, he finished it nonetheless.

Suddenly, a strange energy erupted in his body and filled every muscle and bone. The Destiny Dao that he had been working on reacted strongly and skyrocketed.

Chapter 2495 Fight Knowing He Will Lose, Reversal God Attacks Chu Kuangren's Fate, I Am Stronger Now

"What tea is this?"

"It has no name. I boiled it with the Source fire, and it can help you with a breakthrough in your Destiny Dao," the Master of Destiny said.

Chu Kuangren could feel that his Destiny Dao was improving rapidly.

In just a moment, the Unlimited Great Dao Realm threshold that stopped him for hundreds of years was broken like a piece of paper.

On top of that, since he was also the latest generation of Master of Destiny, the authority he had in his body merged with the Destiny Source from the cup of tea.

It boosted his Destiny Dao straight to the Overlord Realm, surpassing the Unlimited Great Dao Realm.

The entire River of Fate trembled. Fates of all life trembled as if they were cheering for the birth of a new Destiny Overlord.

"You knew I would come. Was that why you prepared this for me?" Chu Kuangren asked.

"It's just a little present I prepared for the junior. I don't know who it will be, but this person will carry on our will to fight the God Emperor," the Master of Destiny said.

Chu Kuangren nodded. The first Master of Destiny had unimaginable capabilities to see the future and plan ahead.

On second thought, he realized he had encountered many opportunities left behind by the Primal Gods along the way.

There was the Human Ancestor's sword, the Limitless Transformation, the Primal Infernal Dragon coming to the present to kill the Void Ruler, the meeting with the Master of Destiny, and so on.

"You said I will lose to the God Emperor."

"The past cannot be changed, but the future is still undetermined. The outcome that I foresee is one but many. Although you'll lose more than three billion times to the God Emperor, there is still one chance of survival," the Master of Destiny said.

For that one chance, the Master of Destiny teamed up with the Human Emperor, the Primal Infernal Dragon, and the Creation Lord to set up countless backup plans, making sure that one chance would appear.

Even if it cost them their lives, they did not regret it.

"I understand." Chu Kuangren nodded. "I'll lose more than three billion times. How discouraging."

A common cultivator would have lost his morale and hope when he heard of the bleak probability.

However, Chu Kuangren was different. He had a tenacious Daoist core.

Like the Human Ancestor and other Primal Gods, even though he knew he would lose, he still wanted to give it a try.

Fighting knowing that he would win was nothing stellar.

It was pressing on knowing that he would lose was what would make him a hero.

While Chu Kuangren was talking to the Master of Destiny, a strange aura came from the River of Fate.

Chu Kuangren sensed it as well.

"Someone is attacking my fate."

Chu Kuangren narrowed his eyes.

The Master of Destiny looked deep into the River of Fate. "It's him. It's time to put an end to the conflict between him and fate. Go."

Chu Kuangren nodded and then vanished on the spot.

After he left, the cottage disappeared from the long River of Fate.

...

Reversal God used a secret technique to locate Chu Kuangren's fate and started to attack it with his Fate Defiant Art.

However, his first attack did nothing to Chu Kuangren's fate.

On top of that, a terrifying repercussion from fate blasted him away.

"This is too powerful and strange. Not even the Master of Destiny has such a strange fate," Reversal God murmured with furrowed brows.

As the Primal God who defied fate, he had seen many fates in his lifetime.

He might be fate-defiant, but in terms of cultivation of the Destiny Dao, he was second only to the Master of Destiny.

Yet, even he felt threatened when he sensed the strange energy hidden in Chu Kuangren's fate.

"What is that? Since the beginning of time, only the God Emperor's fate has made me feel like that. Does Chu Kuangren have the power to match the God Emperor?" Reversal God pondered.

However, he had perfected his Fate Defiant Art and finally located Chu Kuangren's fate. He would not just give up after a little blunder.

"I shall show you the ultimate Fate Defiant Art."

Reversal God bellowed and started to channel Reversal energy around him.

The Reversal energy scattered and twinkled like the stars, releasing a boundless energy blast at Chu Kuangren's fate.

The Reversal energy was used specifically against fate, and one sliver of the energy was enough to destroy any fate.

With that, Chu Kuangren's fate, which was being targeted, started to tremble.

A strange willpower emerged from the fate and grew volatile. Suddenly, the light of destiny that carried intense Destiny energy shone from further away and swept across the field.

"Kabaam!"

When the Destiny energy and Reversal energy clashed, an explosion exploded in the River of Fate.

Many powerful cultivators sensed the commotion and started to deduce to find out what happened.

That was when they saw the shocking battle in the River of Fate.

"It's Reversal God. He's going after Chu Kuangren's fate."

"He's capable of that?"

"Will he succeed?"

Everyone was shocked by the scene.

Chu Kuangren emerged from the depths of the River of Fate with Immortal Sparks surrounding him.

As he swung his sleeve, profound Destiny energy erupted and instantly calmed the volatile fates.

Reversal God could tell that Chu Kuangren's mastery of the Destiny Dao had gotten stronger.

In fact, Chu Kuangren was almost as strong as the first Master of Destiny.

"Chu Kuangren, you're finally here."

He was not surprised by Chu Kuangren's arrival. He was attacking Chu Kuangren's fate, after all. It would be strange if Chu Kuangren did not feel it.

"You've challenged destiny multiple times. Now, destiny shall announce your sentence!"

Chu Kuangren raised his hand, releasing a huge amount of Destiny energy. In addition to the energy from the River of Fate, a stronger and bigger Destiny's Gate was summoned and crashed down on Reversal God.

The powerful strike could kill an Overlord outside, let alone in the River of Fate, where Destiny energy was unlimited.

"Fate Defiant Art, Fatebreaker Slash!"

Reversal God grabbed the void and formed a massive saber using powerful Reversal energy.

"Kabaam!"

The slash, which felt like it could cut through the fates of all life, cut the Destiny's Gate in half with its indomitable power.

Many other elites were in awe.

"What? Is this how strong the Reversal God is now? He can even cut Master of Destiny's Destiny's Gate in half!"

"He's much stronger than before."

Reversal God laughed. "Chu Kuangren, you're not the only one who has gotten stronger. I am now stronger than you!"

Chapter 2496 Reversal God Falls, Impersonate Reversal God, Launch The Main Attack

"Now, I am stronger than you!" Reversal God looked at Chu Kuangren with absolute confidence. His Reversal energy erupted like a volcano and flooded the space in waves. Chu Kuangren, who remained calm before the overwhelming power, looked surprised. "I see. This is the brand new Reversal energy. Let me see how strong it is." He then charged toward Reversal God with his sword hand sign, releasing surges of Destiny Dao energy.

Reversal God channeled his Reversal energy and countered with a powerful strike. Two powerful streams of energy, closely related to Destiny Dao, clashed and caused the River of Fate to tremble. Endless light shone from the clash, and it affected the fates of all life. Some elites who sensed the battle started to get worried. If the battle between Chu Kuangren and Reversal God hurt their fate, causing collateral damage, what should they do? Chu Kuangren seemed to have also thought of that, so he did several hand seals and used his own fate to form a boundary around him and the Reversal God, locking them inside.

With his fate acting as a cage, the stray energy from the battle would no longer affect other people's fate.

Reversal God laughed at Chu Kuangren. "Hypocrite, that's why you humans are weak! Chu Kuangren, you use your own fate as a boundary and consume your own energy. With so many concerns, how are you going to fight me?" Then, he channeled more Reversal energy to attack.

Following his fierce and relentless attacks, the boundary formed using Chu Kuangren's fate trembled violently.

Each strike that landed on the boundary would damage Chu Kuangren.

However, many elites who saw the scene were deeply impressed by Chu Kuangren's magnanimity. "I can't believe Chu Kuangren would go so far to protect us."

"His magnanimity and courage rivaled the Human Ancestor who sacrificed himself to seal the God Emperor."

"That's right..."

Some people respected him, while some gloated at him.

On the other hand, the Primal Gods from the Primal Kingdom were delighted to see the hope of defeating Chu Kuangren.

"Reversal God, don't let us down," the God Prince murmured.

Back on the River of Fate, Chu Kuangren's fight with the Reversal God continued.

Reversal energy and Destiny energy clashed violently, causing Chu Kuangren's fate boundary to tremble non-stop. Seeing that Chu Kuangren, too, was losing the advantage, those who watched the battle were shocked.

"The invincible Chu Kuangren is being overpowered! Is this how strong the Reversal God has grown?"

"Reversal God's energy is specifically used to target the Destiny energy."

"But Chu Kuangren can also use other forms of energy." "He's protecting the fate of all life and keeping the River of Fate free from collateral damage. That's why he's limited to Destiny energy."

"With such a heavy restriction, how will he fight with his all?"

"Kabaam!"

Following a loud blast, Chu Kuangren was sent crashing onto his own fate boundary.

Reversal God roared and channeled his Reversal energy to the limit.

"I will achieve my life-long goal and defeat destiny once and for all! "Chu Kuangren, take this! The strongest attack of the Fate Defiant Art, Reversal Lifebreaker, Master of Own Fate!"

Reversal God raised his palm in the air, forming a massive halberd using his Reversal energy. The halberd energy tore a hole in Chu Kuangren's fate boundary! As the halberd swung down, the entire River of Fate trembled.

Chu Kuangren's eyes gleamed at the incoming attack. "Destiny's Gate!"

He used Destiny's Gate once again to counter the halberd strike.

Upon collision, blinding light shone and even blocked the visions of the audience.

Cultivators who were not Overlords were blasted out from the River of Fate.

The light filled the fate boundary, forming a massive ball of light.

Earth-shattering Daoist laws and Source energy clashed violently inside the ball of light.

"Chu Kuangren, die!"

Reversal God roared and unleashed more energy through his halberd to crack Destiny's Gate.

"Die? Your death has been predestined from the start," Chu Kuangren said calmly.

With a single thought, the Destiny's Gate opened up.

Never-before-seen Destiny energy gushed out like a tidal wave, crushing the halberd instantly.

Reversal God was blasted away by the Destiny energy with blood gushing from his mouth!

A blow had injured him badly! "You have reached the Overlord Realm! And not only that but your Destiny energy is also connected to the Divine Destiny Temple!" Reversal God was shocked that Chu Kuangren had been holding back the entire battle, but why?

Why would Chu Kuangren conceal his powers?

As though he had seen through Reversal God's mind, Chu Kuangren grinned. In the blink of his eyes, his physical appearance started to change.

He transformed into the Reversal God with the Limitless Imitation technique!

Reversal God's eyes widened in fear as sudden realization struck. He was both furious and afraid. "You're trying to impersonate me to get into the Primal Kingdom! No, I won't let you succeed!"

He roared, wanting to stop Chu Kuangren.

However, Chu Kuangren channeled the Reversal energy and used the strongest attack of the Fate Defiant Art.

As Chu Kuangren swung the giant halberd down, Reversal God was cut in half!

Reversal God was killed by the Reversal energy!

He devoted his life to defying fate, yet he ultimately died in the hands of the Master of Destiny with his Reversal energy!

How ironic!

His death was actually arranged for him by the Master of Destiny, Chu Kuangren.

Strictly speaking, he died in the hands of destiny.

After Reversal God died, the fate boundary that Chu Kuangren summoned exploded into pieces.

Blinding light shone and captured everyone's attention.

Only one figure remained standing on the River of Fate. He was surrounded by rings of Reversal energy, twinkling like stars.

It was the Reversal God or, to be more precise, Chu Kuangren, who impersonated the Reversal God. Everyone tried to locate Chu Kuangren but found nothing. Not even Chu Kuangren's fate was visible.

Then, 'Reversal God' put his hands behind his back and said loudly, "From now on, there will be no predestined paths anymore, only the defiants!"

His words shocked everyone.

"Is Chu Kuangren... dead?"

"How is that possible? The invincible Chu Kuangren lost?"

"Does that mean the Primal Kingdom won the war?"

"Without Chu Kuangren, how will the Pan Gu Kingdom fight the Primal Kingdom? The Primal Kingdom would surely win!"

"This is over! The Infiniverse is doomed!"

Panic spread across the universe and all the tribes except for the Primal Kingdom.

Everyone in the Primal Kingdom was delighted by the victory, especially the God Prince.

He laughed and said, "Good one, Reversal God! I didn't expect it would be you who would end Chu Kuangren!"

Primal Flame, Ancient Buddha, and the others were rather surprised as well.

The God Prince said, "Tell the soldiers to prepare themselves! We will march on the Pan Gu Kingdom!"

Chapter 2497 Kingdom's Core, Samsara King, The World Collapse

Back in the Pan Gu Kingdom, Chu Kuangren's demise plagued the kingdom with sadness. "The ruler is dead. What's the meaning in us fighting the war?"

"Without the ruler, how are we going to win?"

"We are going to lose."

"I don't believe it! I refused to believe that the ruler is dead because of Reversal God!"

Everyone found it difficult to believe.

Gu Linglong, Lan Yu, and the others who were more familiar with Chu Kuangren strongly believed that it was not the end of Chu Kuangren.

"He's been able to overcome death many times and create miracle after miracle. I believe he will do it this time as well.

"Since Kuangren isn't here, I have to take his place and guide everyone. The Primal Kingdom will surely make a move now with his absence, and we have to be prepared."

With strong determination in her eyes, Gu Linglong summoned everyone and prepared for the upcoming war.

Shen Qixue, Devil King, and the other stronger ones made their respective preparations as well.

Even without Chu Kuangren, they could not quit a war they had prepared for many years. ...

Meanwhile, in the Primal Kingdom, the God Prince was preparing his soldiers to launch the final attack against the Pan Gu Kingdom.

He took most of the Nine Honors with him, including Primal Flame, Ancient Buddha, and Grim Reaper. He was determined to destroy the Pan Gu Kingdom once and for all.

"Reversal God, are you not joining us this time?" the God Prince asked with a subtle smile.

Reversal God shook his head. "My battle with Chu Kuangren has consumed a lot of energy. I might have killed him, but I'm badly injured. I can't participate in any battle for a while."

"Alright. You can stay here and rest."

"Thank you." Reversal God nodded.

The God Prince then led the army to march toward the Pan Gu Kingdom.

Reversal God watched them leave with a strange and wicked grin on his face.

He was actually Chu Kuangren in disguise.

With the Primal Kingdom thinking that he had fallen and mobilized most of the army to march toward the Pan Gu Kingdom, the Primal Kingdom was left defenseless.

It would be a great chance for him to wreak havoc.

His figure vanished and then appeared at a palace deep in the kingdom.

Based on the Reversal God's memories, a core was hidden deep in the kingdom. If he could just destroy the kingdom's core, the Primal Kingdom would lose the blessing of fortune, and it would inflict heavy damage to the Primal Kingdom.

Chu Kuangren tried to enter the palace, but he was blocked by an invisible barrier.

Even with the Reversal God's power, he could not break it.

"Reversal God, what are you doing here?" A frosty voice sounded, and a mysterious figure appeared behind Chu Kuangren.

He was a middle-aged man with invisible energy swirling around him, forming a vortex that kept others away.

The void had cracks opening and closing, like empty eyes blinking.

His aura alone was more powerful than that of Primal Flame and Ancient Buddha.

"Samsara King, I see your power has recovered?" Chu Kuangren asked calmly.

Samsara King was one of the Nine Honors. He was equally strong as the Grim Reaper, second only to the God Emperor.

"You haven't told me what you're doing here."

"I'm just here to see if the kingdom is operating normally. I didn't expect to see you here."

"Is that so?"

"What else could I do here?"

Chu Kuangren scoffed and then left.

Samsara King watched as Reversal God walked away with an odd look in his eyes. "Something is wrong with Reversal God..."

...

After Chu Kuangren returned to Reversal God's place, he started to think of a solution.

The kingdom's core was protected by a barrier, and it would not be easy trying to break it. Based on the Reversal God's memories, the God Prince could enter without any resistance. Did that mean the God Prince was not affected by the barrier?

It was not a problem since Chu Kuangren could also transform into the God Prince.

However, the God Prince was one of the strongest beings in the Infiniverse.

If another him appeared in the same universe, he might notice it and realize what had happened.

"I guess I'll have to wait for a while. When the war is ongoing, the God Prince wouldn't be able to make it back in time even if he found out. Still, the Samsara King is also a problem."

Samsara King was second only to the God Emperor.

Chu Kuangren could defeat the man with his full power, but it would be difficult to kill him. Therefore, he had to be prepared.

After thinking for a while, he came up with a solution. Months later, when the two kingdoms were engaged in a fierce battle, Chu Kuangren finally made his move.

He went to Samsara King.

"We've known each other for so long, but we've never sparred before. Why don't we give it a go today?"

"Oh? It seems like after perfecting your Fate Defiant Art has gained the confidence to challenge me," Samsara King scoffed.

Reversal God knew he was never Samsara King's match, so he never tried challenging him.

"You won't know if you don't try."

"I thought you were injured."

"I am, but I can still exercise a little."

Immediately after, Chu Kuangren attacked Samsara King using the most powerful Fate Defiant Art technique.

"Fate Defiant Art, Master of Own Fate!"

"Kabaam!"

Boundless Reversal energy erupted and formed a massive halberd that swung down at Samsara King.

It was a terrifying strike.

Even Samsara King's expression turned serious. Reversal God was hurt? What a joke! Samsara King channeled his Source energy to form a massive vortex to barely block the halberd attack.

Since he was ambushed, the blast sent him flying.

"Reversal God, you're not injured. Why aren't you on the battlefield?" Samsara King found it strange.

However, Chu Kuangren did not explain himself. Instead, he channeled Reversal energy to the limit and skillfully used the Reversal God's techniques.

Reversal energy was closely related to destiny.

Since Chu Kuangren was the Master of Destiny and imitating the Reversal God, he could use the energy as masterfully as the Reversal God himself.

"Bang! Bang!"

Reversal energy exploded and shook the entire Primal Kingdom.

Chu Kuangren attacked ferociously, aiming at the Samsara King's weak spot every time.

"Damn it!"

Agitated by the ambush, Samsara King channeled his Samsara and Source energy to the limit.

"Samsara Six Paths, World Sinkage!"

Endless Samsara and Source energy intertwined in the void to form a domain.

Samsara energy went rampant inside the domain, and all kinds of conjurations appeared to disrupt the opponent's mind.

The domain was extremely powerful.

Even a common Overlord would be rendered defenseless in the domain.

Chapter 2498 Versus Samsara King, Sword and Cauldron, Fight Samsara

Samsara Six Paths, World Sinkage!

Samsara King used his most powerful domain to counter the attack.

The domain caught Chu Kuangren inside, and Samsara energy was hurled at him like blades.

The domineering power was terrifying.

Chu Kuangren pointed his sword hand sign forward and channeled his Reversal energy to the limit.

"Bang! Bang! Bang!"

After multiple clashes, Chu Kuangren was pushed back.

Reversal God was indeed a lot weaker than Samsara King.

"Reversal God, are you out of your mind?"

Samsara King was furious. His Samsara energy continued to tear the void apart, creating countless vortexes that blinked like empty eyes.

He found it all very strange.

Reversal God did not seem hurt, yet he refused to join the war between the kingdoms.

He even started a challenge out of the blue.

In addition to him being suspicious at the kingdom's core, everything felt and seemed wrong with him.

While Samsara King pondered, Chu Kuangren attacked once again.

He pointed his sword hand sign forward. As he unleashed a powerful aura, Immortal Sparks instantly surrounded him. He attacked with his sword qi, his strongest means of attack!

The sword qi easily tore the Samsara energy blades and went straight for the Samsara King.

The terrifying sword aura frightened him.

"You're not the Reversal God!"

"Bang!"

The blast pushed the Samsara King back.

When the smoke settled, Reversal God was no longer in sight.

Instead, in his place stood a young man in white robes, surrounded by Immortal Sparks and three thousand Daoist laws.

His aura was so powerful that it shook the Infiniverse.

It was Chu Kuangren himself.

"It's you!"

Samsara King's eyes widened in shock, and he quickly channeled his Samsara energy to form six massive vortexes to crush Chu Kuangren.

The vortexes were terrifyingly powerful as they contained not only Samsara energy but also Source energy.

It felt like they could drag one into an endless cycle of rebirth.

"Break!"

Chu Kuangren pointed his sword hand sign to cast the Sword Twenty-six.

Sword qi wrecked the samsara vortexes effortlessly.

The blast canceled out the Samsara energy around the Samsara King, sending him flying with blood spewing from his mouth.

"Chu Kuangren, you do live up to your name."

Then, the Samsara King roared and revealed a massive compass.

Many mystical runes like heaven, human, ashuras, animals, demons, and hell were carved on the compass.

It was the Samsara King's Source Supreme Treasure, the Samsara Six Paths Compass.

When the compass was revealed, the Samsara energy in the domain grew stronger and crashed down on Chu Kuangren like a tsunami.

There were also countless conjurations of the six paths of Samsara, like the clear paths of the heavens, the bright paths of men, and the malevolent paths of the ashuras. "Bring it on!" Chu Kuangren said with a smile.

His sword intent rose sharply and blocked off the corrosion of the Samsara energy.

"Sword Twenty-six, Alter. Infiniverse Slash!"

The slash also contained three thousand Daoist laws.

As the sword qi tore the Samsara energy in the domain apart, the sword intent of past and present formed a massive sword that went straight for the Samsara King.

"You wish to kill me? Well, you can dream on." Samsara King snorted.

The Samsara Six Paths Compass behind him shone brightly and blocked the sword qi. The Source Supreme Treasure's aura was able to cancel the Infiniverse Slash!

"Chu Kuangren, since the Reversal God failed to kill you, I shall finish the job!"

Samsara King's eyes were overflowing with murderous intent.

He channeled his Samsara energy to the limit, and the environment in the domain started to change.

Chu Kuangren was dragged into a dark and scorched world.

In that dark world, countless living beings wandered aimlessly, their eyes blank and their bodies numb. It was as if they were puppets being controlled.

They were the living beings trapped in an endless cycle of rebirth.

"Samsara Calamity, All Life Perish!" Samsara King bellowed.

As if they had been summoned, the countless living beings trapped in Samsara jumped toward Chu Kuangren instantly. They were not high in cultivation level, but with their overwhelming numbers, it was terrifying.

On top of that, they were not afraid of death!

More precisely, they were the dead wandering in between life and death, and death might be a relief to them.

"Controlling the dead? What despicable means," Chu Kuangren said indifferently.

He transformed the sword intent around him into a barrier to block out the endless dead spirits.

However, it could not last forever, especially when there were almost infinite amount of them.

The sword intent barrier was starting to crack.

"Chu Kuangren, how long can you last in this sea of dead spirit?" Samsara King scoffed.

"Long enough to kill you."

"Kill me? I have the Samsara Six Paths Compass. Other than the God Emperor, who else can kill me?" Samsara King cackled.

The Samsara Six Paths Compass was a Source Supreme Treasure born from endless reincarnation. It could be used offensively and defensively, and its defensive capabilities were unrivaled.

However, Chu Kuangren chuckled and released a unique Source energy fluctuation.

Golden lotuses bloomed around him before a golden cauldron flew out from his body.

It was the All Creation Cauldron!

The moment the cauldron flew out, its powerful Creation energy dispersed the dead spirits.

Almost all of them were wiped out in the blink of an eye.

"All Creation Cauldron!" Samsara King's eyes widened when he saw the cauldron.

"You're not the only one with a Source Supreme Treasure," Chu Kuangren said.

He then closed his fist in the void, summoning a crystal sword in his hand.

It was the Descendant Self Sword.

With both the sword and cauldron summoned, they boosted Chu Kuangren's aura to an all-time high!

In fact, his power had reached a peerless state.

For a moment, Samsara King thought he saw the image of the Human Ancestor in Chu Kuangren, and he gulped nervously. "Damn it. I have underestimated you."

The Samsara King started to lose his will to continue the battle, but Chu Kuangren did not give him the chance to escape.

With a thought, the All Creation Cauldron released its energy at the Samsara King.

"Bang!"

As the Samsara Six Paths Compass trembled and dimmed from the impact, the Samsara energy on it started to go out of control.

The All Creation Cauldron was an extremely powerful Source Supreme Treasure.

Almost nothing could rival it in the Infiniverse.

Although the Samsara King's Samsara Six Paths Compass was also a top Source Supreme Treasure, it paled in comparison to the All Creation Cauldron.

With the compass hit, the Samsara King was sent flying away. However, Chu Kuangren did not stop there.

He slashed forward with the Descendant Self Sword, unleashing a powerful sword ray that outshone the sun.

When the slash struck the compass again, the shockwave caused the Samsara King to spit out a mouthful of blood.

"Damn it! I must retreat!"

Chu Kuangren had two Source Supreme Treasures.

Even though the Samsara King was powerful, he was against the odds.

Just as he was about to leave, restriction seals and runes started surrounding him, forming a massive formation boundary.

Chapter 2499 Samsara King Falls, Absorb Primal Kingdom's Core, Morale Boosted

"This is a trap!" Samsara King's eyes widened in shock when a realization struck him. Chu Kuangren had everything prepared before coming to him and was determined to make the kill today! "Damn it! Do you really think I'm that stupid!?" Samsara King grunted coldly, his eyes overflowing with anger.

He channeled his Samsara energy to the limit, and the Samsara Six Paths Compass behind him shone brightly.

With a loud bang, he hurled the compass at Chu Kuangren.

He had used every ounce of his energy in the strike, which was powerful enough to crush an entire Great Dao.

However, Chu Kuangren did not even try to dodge it. Instead, he tossed the All Creation Cauldron at the compass.

The moment two Source Supreme Treasures, the compass and the cauldron, clashed, endless Immortal Sparks exploded, and the blast shook the entire kingdom.

The terrifying energy from the collision shattered the area.

"Crack!"

After the massive explosion, something started to crack.

It was the Samsara Six Path Compass! The clash with the All Creation Cauldron left cracks on the surface, and it surprised the Samsara King.

"No!"

He tried to retrieve the compass, but it was too late.

With a single thought, Chu Kuangren flung the Descendant Self Sword at the compass.

The sword and cauldron combined to cause another massive explosion, shattering the compass into pieces.

The shockwave from the blast destroyed the boundary Chu Kuangren set and shook the entire Primal Kingdom.

All the cultivators who stayed behind were startled by the sudden blast.

"What's going on?"

"That's some terrifying energy! What is going on?"

The cultivators were confused, and some went to check on the explosion.

By then, Chu Kuangren's battle with the Samsara King had reached its end.

Following the destruction of the Samsara Six Paths Compass, the Samsara King was badly injured. He was bleeding profusely, and his face had turned pale.

Chu Kuangren seized the chance to attack with the sword and cauldron again.

"Infiniverse Slash!"

When the sword was stabbed into the Samsara King's chest, the man's Great Dao even exploded into pieces. Just like that, the top Primal God, second only to the God Emperor, fell. "Chu Kuangren, I won't die. I will watch from samsara how the God Emperor defeats you. What you're doing now are all futile attempts to save yourself," Samsara King said.

He may have fallen, but a cultivator at his cultivation level would be difficult to kill. His consciousness remained in the samsara, but he could not interfere with anything in the real world anymore.

"In that case, you better watch from the front row," Chu Kuangren said.

Then, his body shone in Immortal Sparks as he transformed into the Samsara King.

"Swoosh!"

Multiple figures arrived at the scene and saw nothing but wreckage.

They were confused about what happened.

"What happened here?" they asked. Chu Kuangren said, "I was just sparring with Reversal God. Nothing alarming here. Leave."

Everyone found themselves speechless.

Sparring? The explosion almost tore the kingdom apart, yet he claimed it was just a spar?

Even though they could not accept the explanation, the Samsara King and Reversal God were part of the Nine Honors. They were both powerful and held an important position in the kingdom, so no one dared to defy or question him.

After the cultivators left, Chu Kuangren went to the kingdom's core.

The core was still protected by an invisible barrier.

Chu Kuangren shone in Immortal Sparks again and activated the Limitless Imitation technique. Once the Samsara King had transformed into the God Prince, he channeled the God Emperor qi, which caused the barrier to light up. It opened up as soon as it detected God Emperor qi.

In a flash, Chu Kuangren darted into the palace.

Inside the palace was an altar with a prism crystal floating above it.

It was surrounded by golden fortune energy.

When Chu Kuangren spotted the crystal, the kingdom's core inside his body trembled. It was like a hungry tiger looking at its dinner. Chu Kuangren sensed the commotion in his body. He believed he could control the Primal Kingdom.

He walked up to the crystal and channeled the God Emperor qi before touching the crystal and siphoning the fortune energy from it.

The Pan Gu Kingdom's core in his body then released a terrifying suction force to absorb the golden fortune energy.

"Boom..."

The Primal Kingdom roared.

Chu Kuangren sensed endless fortune energy gushing into his kingdom's core.

In the process, the construction of the Primal Kingdom, the cultivators, and even the grass on the land appeared in the form of knowledge and images in his mind.

He was starting to gain control of the Primal Kingdom.

...

Meanwhile, the Primal Kingdom's army was engaged in a fierce battle with the Pan Gu Kingdom.

Cultivators were killing each other.

Devil King, Shen Qixue, Lan Yu, Mingyue Wuxia, and the others engaged the Primal Gods in a fierce fight.

However, in Chu Kuangren's absence, the morale of Pan Gu Kingdom's cultivators had plummeted, and even the strongest of them were lacking in performance. They eventually fell into a disadvantage as the battle prolonged.

"Die!"

God Prince channeled his God Emperor qi for a palm strike, blasting Shen Qixue away.

Even the Devil King had a tough battle against the Grim Reaper, and one of her wings had snapped during the battle.

The Pan Gu Kingdom had lost countless cultivators.

"Without Chu Kuangren, you people are weak." God Prince scoffed.

Even though there were still many powerful cultivators in the Pan Gu Kingdom, they lacked the determining factor.

The God Prince assumed the Pan Gu Kingdom would soon lose the war.

"Even if we'll lose, we won't back off!" Tempest King said sternly.

She suppressed her injuries and used the Heaven-devouring Technique to absorb Daoist law energy into her body. She managed to keep herself at her best state for now.

"God Prince, don't speak too soon."

Devil King gripped the Devil Claw tightly as she scoffed. She may have lost a wing, but she remained alluring and beautiful.

Shen Qixue, Lan Yu, Shang Honghua, and the others also continued to channel their Daoist laws for another round of attack.

Despite being at a disadvantage, their auras erupted.

They were resolved to fight to their death, and each of them had long since committed to that decision.

"Very well. If so, I will make this place your grave. All of you can die together!" God Prince announced.

He then channeled the God Emperor Seal and released even more God Emperor qi.

Like a god, he was prepared to announce the final judgment.

"God Emperor Art, King's Heaven Calling!"

God Prince raised his hand into the air, gathering more God Emperor qi.

The realm trembled as he channeled his attack.

However, right before he could launch his final attack, he sensed something. He quickly turned in the direction of the Primal Kingdom, and his face sank. "This aura..."

He had sensed another aura of himself.

What was going on? Had a second God Prince appeared? No. Someone must be impersonating him.

It was Chu Kuangren's Limitless Transformation!

"No! Chu Kuangren isn't dead!" The God Prince finally learned the truth. While he led his men to war, Chu Kuangren raided their home base. "Damn it! Retreat! Right now!"

He tried to retreat, but Shen Qixue and the others would not let him.

Although they had no idea what was going on, they knew, upon hearing the God Prince, that Chu Kuangren must be doing something important. They tacitly knew they had to work together to stall the God Prince and buy time for Chu Kuangren.

They could not afford to let the God Prince and the Primal Gods leave.

"This isn't over yet! Where do you think you are going?"

Shen Qixue and the others jumped into the sky and launched fierce attacks at the God Prince and the other Primal Gods.

The cultivators of the Pan Gu Kingdom saw a boost in morale.

Chu Kuangren was not dead, and that news alone was enough to excite them.

Chapter 2500 The Kingdom's Fortune Energy Change, Evenly Matched

The war between the Primal Kingdom and the Pan Gu Kingdom continued.

Upon learning of Chu Kuangren's survival, the spirits of the Pan Gu Kingdom's cultivators were lifted. They charged into the enemies fearlessly and fought bravely, which frightened and deterred the cultivators of the Primal Kingdom. "Are they out of their minds? Aren't they afraid of death?"

"Damn it! That Monarch self-destructed! How scary!"

"The news of Chu Kuangren being alive has made them so excited that they're not even afraid of death! This is going to be troublesome."

"Damn it! How did Chu Kuangren survive?"

The Primal Kingdom's cultivators were bitter about the fact.

The Nine Honors, too, were forced into a difficult situation by Shen Qixue and the others.

"Damn it! What is Chu Kuangren doing in the kingdom? We must go back as soon as possible!"  
The God Prince had a bad feeling about it, so he roared and channeled his God Emperor qi to the limit.

However, Shen Qixue laughed and ignited his own Great Dao to acquire energy beyond his limits just to stall the God Prince.

"With me around, you won't escape be able to so easily!"

Shen Qixue's power rose as he wielded his spear, and the pagoda above his head shone brightly like the God of War of the ancients.

"Die!"

The powerful aura shook the land.

For a moment there, the God Prince could not defeat Shen Qixue.

At the same time, a fight was going on between Primal Flame and Primal Phoenix again. The fiery battle between the two of them was terrifying.

"Primal Flame, it's time we decide who's stronger," Primal Phoenix said.

The phoenix's Nirvana energy erupted and blasted Primal Flame away.

"Buddha, it's time to settle our differences once and for all."

The battle between Papiyas and Ancient Buddha was fierce as well.

One of them shone in the brightest and most holy Buddhist light yet released a chilling sense of indifference that seemed to regard all beings as ants.

The other one shone in an eerie red light, yet he was the one who fought for protection.

They fought with all they had, and the wrath of both Buddhist figures scorched the land.

"Only in death, beauty is eternal. Why would you fight against it?" Grim Reaper said as he wielded his scythe. He swung his scythe in a flurry, cutting through the void with ease, and death's presence flooded the area. The ones fighting the Grim Reaper were Devil King and Tempest King.

The other Overlords of the Primal Kingdoms fought Lan Yu, Chu Hong, Gu Linglong, and the Three Clarities.

The war almost shattered the universe.

"Damn it!"

God Prince's eyes turned frosty. He was worried about the Primal Kingdom and what Chu Kuangren had done to it.

"Shen Qixue, get out of my face!"

God Prince channeled the Source Supreme Treasure, the God Emperor Seal.

"Bang!"

The God Emperor Seal shone brightly, blasting Shen Qixue away. His body was barely holding together as he bled profusely. "The God Emperor Seal sure is powerful. Not even my Seven Treasured Pagoda can block its attack," Shen Qixue said grimly.

The God Emperor Seal was one of the God Emperor's treasures.

It was one of the most powerful Source Supreme Treasures in the Infiniverse, having almost no rival.

Although the Seven Treasured Pagoda was also a Source Supreme Treasure, it was not on the same level as the God Emperor Seal.

"You ignited your Great Dao for more power, yet you're nothing before the God Emperor Seal," God Prince spat out.

Just as he channeled the God Emperor Seal to attack again, his expression changed.

He felt something important left his body. It was his fortune energy!

His fortune energy was leaking rapidly!

What was going on? In fact, all the other cultivators of the Primal Kingdom had also felt it, especially the Primal Gods.

They were horrified. "We're losing our fortune energy. What is going on? Who did it?"

The fortune energy might not be useful to the Primal Gods, but once lost, it would certainly affect their powers, especially in the Infinity War.

"The kingdom... Something must have happened to the kingdom!"

The God Prince immediately came to his senses.

Their fortune energy was from the kingdom, and he was one with it. Now that their fortune energy was leaking rapidly, something must have happened to the kingdom.

"It's Chu Kuangren!"

"Look! The cultivators of the Pan Gu Kingdom!"

Primal Flame pointed at their enemies in shock.

Gu Linglong, Shen Qixue, and the others were enveloped in a faint glimmer, and their exhausted energy level was replenishing.

"Their fortune energy is rising!"

The God Prince narrowed his gleaming eyes when he realized what was happening to Gu Linglong and the others. He was in awe, but that was not the end. Clouds rumbled above the Pan Gu Kingdom and released a strong wave of spiritual energy across the land, producing countless Immortal Herbs and Immortal Metals.

On the battlefield, multiple explosive auras erupted.

With the surge of fortune energy, some cultivators who reached the bottleneck of their cultivation managed to ascend mid-battle.

"Bang!"

Overlord auras erupted all of a sudden.

Heavenly Grandmaster of the Three Clarities rose into the sky with his eyes gleaming with energy. His sword intent rose sharply, and energetic sword qi danced around him. He affirmed his Dao mid-battle and became the Sword Overlord.

Not only he but Li Jun and Divine Primeval Imperial saw endless Immortal Sparks glimmering around them as well. With the fortune energy's blessing, they also ascended to the Overlord Realm.

Creation aura filled the air as Nuwa rose to the sky. She, too, had ascended to the Creation Overlord Realm.

She swung her sleeve, causing the land to rumble. Together with her Creation energy, the earthen qi controlled the land and summoned billions of human beings to join the battle.

Fuxi's Bagua diagram also allowed him to deduce the past and future. With the surge of fortune energy, he joined the others and broke through to the Overlord Realm.

With the energy of Five Ways and the Four Phenomena, his aura grew stronger than a common Overlord.

All the Pan Gu Kingdom's cultivators who were having difficulties in ascending to the Overlord Realm broke through their bottlenecks with the extra fortune energy.

At that moment, the Pan Gu Kingdom saw a huge surge in combat capabilities.

The reality of it was shocking. Even the God Prince and the Primal Gods were stunned.

"What is happening?"

"Where did they get so much fortune energy?"

"Wait, our fortune energy is gone, but they've received an extra boost of fortune energy. That means our fortune energy has been transferred to them! It must be Chu Kuangren!" The God Prince was furious but scared at the same time. The Pan Gu Kingdom already had an abundance of fortune

energy that could rival the Primal Kingdom. Now, with the addition of the Primal Kingdom's fortune energy, their cultivators enjoyed the combined fortune energy of the two kingdoms.

How powerful would that make Chu Kuangren, the ruler of the Pan Gu Kingdom?

The God Prince dared not imagine it.

"Chu Kuangren is already as powerful as the Human Ancestor. In fact, his powers might already surpass that of the Human Ancestor."

The God Prince had a bad feeling about it. He believed the God Emperor had finally met his match.
