Irene's pov..

Jennie is annoying she wants us to stay away from lisa why would I do that? tsk! if she knew how long I waited to be with lisa I also found out that lisa has girlfriend but that's not a reason for me to stop my feeling for lisa I will do everything to make lisa mine.

Even if it will ruin our friendship.

Everyone enjoyed the game 7 minutes in heaven except us Me, Rosè and lisa cause we haven't played that game.

The game rules were simple, a player picked two people from the group and sent them into a dark, small room for 7 minutes. In the room, the pair could do anything from making out to talking or simply keeping mum. As luck would have it,.

As soon jisoo spin the bottle,.. the bottle landed first at lisa everyone shouting and clapping they cheer lisa I heard her sigh before she stood up as jisoo spin the bottle again I was suddenly nervous I don't know what to do.

The bottle landed on me, butterflies shut up and down to my stomach, my heart keep beating so fast. I was going to be in a closet for full 7 minutes with the one and only Lisa. I got up and look at jennie and Rosè who's now gritted their teeth i gave them a smirk.

I look at lisa with full of lust and desire i smile sweetly to her then wink before i walk towards the closet first.

As soon she enter inside. I caught her by her hand and lured her into the tiny, dark room. As she locked the door, my heart started racing. I didn't know what would happen in those 7 minutes. I tried to talk to her, but she didn't reciprocate at all.

A er a point, I simply gave up. We anyway had 3 minutes to go and I wanted to get this done with as soon as possible. Just when I was about to place my hand on the doorknob, she wrapped her arms around my waist. It was dark and everything looked blurry. She rubbed her beard on my neck and started kissing me on my lips.

She then whispered into my ears that She'd been an admirer of mine since we meet. She later went on to confess that she didn't strike a conversation with me because she felt I was out of her league.

Just before I could say another word, she shushed me and kissed me again. And it was so good! I didn't want to leave, a er she got me addicted to her touch. We didn't even realise how fast those 3 minutes went by. It was only a er the lights came on and a er hearing several knocks on the door that we decided to head out. Everyone in the house gave us this flirty smirk (like everyone knew what we did in there). Well, they thought darn right.

Then someone called me causing me to back on my sense i saw her,..i saw lisa infront of me she snap her fingers infront of my face.

"Ahmm sorry" I wheeze

"Hays finally you've been spacing out for whole 3 minutes." She sighed and leaned back against the wall

3minutes? i realize we're here in the dark closet oh god i need to do something before this end. i look at her she's holding her necktie she so fucking hot.

I walk sexyly towards her that made her look at me in shock she was about to say something but i shush her i put my finger to her lips then i caressed it while my other hand holding her necktie, I look at her doe eyes

"Hyun.." She so ly said my heart beating so fast damn.

"Lisa,..kiss me slowly" I whisper she hummed in responds i slowly puled her necktie closer to me i can feel her breath towards me.

which made me smile she chuckled while shaking her head.

"Let's go?." She asked i nod then we head out.

Everyone gave us flirty smirk except Rosè and specially jennie she's fuming in anger i playfully wink at her.

"Did something happen?." Nayeon asked which made me look at them and sighed. "Nope,..it just a make out." I giggled and smirk enough jennie and Rosè see it.

Let the game begin.
