

The ultimate husband in Chinese chapter 3001-3010

Chapter 3001

“His Royal Highness Princess!”

“His Royal Highness...”

At this moment, the surrounding palace guards exclaimed in surprise, and all of a sudden surrounded them, they saw that Long Qianyu’s breath was weak, and he was obviously seriously injured.

In an instant, many guards glared at Duan Yu.

This person is so bold that he dares to hurt His Royal Highness the Princess.

Under the anger, many guards wanted to rush up, but thinking that this was a ring match, they held back one by one.

“Is there anyone else coming up?” At this moment, Duan Yu glanced around slowly and said with a smile.

When he said this, Duan Yu had a smile on his face, but the aura that permeated his body made everyone gasp out of breath.

quiet!

The entire prayer altar was silent, and a drop of a needle could be heard clearly.

Feeling the powerful aura around Duan Yu, many sect powerhouses present were terrified.

Even if Long Qianyu was defeated, who is still his opponent?

“Brother!”

At this time, Mei Hui, who had been quietly watching the game, couldn’t help but said: “Why does this Yue Chen look a little wrong? I remember that he practiced a kind of yin and evil art called ‘Xuanyin Shengong’. Fa, but when I was fighting with the eldest princess just now, it wasn’t evil at all...”

Huo!

This chapter is provided by . Visit for daily update.

Hearing this, Yue Feng did not respond, but looked solemn.

This Yue Chen is indeed suspicious, but at this time the arena is almost over, and if no one is on the stage, it is time for him to take action.

At this moment, on the ring, Duan Yu stood there proudly and said loudly, “Has no one come up yet?”

The sound was not loud, but it spread throughout the prayer altar.

Swish!

At this moment, everyone looked at each other in dismay, and no one dared to answer.

At this moment, I saw King Guangping sitting there, standing up slowly, and walked straight to the center of the ring.

The next second, King Guangping looked at Duan Yu and said, “Yue Chen, I didn’t expect to see you in a few years. You are so strong, I’m really gratifying!”

When he said this, King Guangping looked complimented, but his eyes were blank. Flashing contempt.

At that time, the weather army attacked Donghai City in the Diyu Continent. After that, it was defeated twice. Because of the scandal, Yue Chen followed the army back to the Tianqi Continent and owed allegiance to the Emperor Tianqi. Later, at Ren Yingying’s marriage meeting, King Guangping killed the Emperor Tianqi, Yue Chen. Chen took the opportunity to join the King of Guangping.

Later, the felon under Yue Chen’s custody escaped from prison, committed the crime of negligence, and fled to the Xi Cang Continent.

Therefore, in King Guangping’s heart, Yue Chen is a despicable villain who has no position, even if he is strong, he is not afraid.

However, King Guangping did not know that the person in front of him was not Yue Chen at all, but Duan Yu.

Whoa!

Seeing this scene, the audience was in an uproar!

In particular, the elites of the Royal Forest Army brought by King Guangping were very excited.

“Your Majesty is on stage!”

“Your Majesty’s divine power will definitely defeat this Yue Chen easily...”

At this moment, the eyes of the audience all focused on King Guangping, each with an extremely complicated expression.

“The emperor of the Apocalypse Continent only played at the end, and he must have won the game!”

“Yeah, I heard that the emperor of the Apocalypse Continent is also very strong!”

While watching, many people whispered.

call!

Yue Feng, who was standing there, showed a smile.

King Guangping, you are finally here.

That’s right, Yue Feng has been holding back, just waiting for King Guangping.

Chapter 3002

At this time, in the ring.

King Guangping stood there proudly, his stern face was full of confidence.

Just like Yue Feng, King Guangping had never made a move before, and was waiting for the last moment.

In King Guangping’s heart, just now, ‘Yue Chen’ had fought several times in a row. Although he was strong and defeated many people, the continuous battle would definitely consume a lot of internal strength. This is the best time to play.

After all, the order of Hades has been given, and today, no matter what, the eight nine-day saints will be taken away.

Hehe..

Feeling the contempt of King Guangping, Duan Yu breathed a sigh of relief and smiled: “I am truly honored to be praised by Your Majesty. As the old saying goes, leave for three days, and look at it with admiration.

” Yu continued: “I used to serve under His Majesty. It stands to reason that I should admit defeat in this arena, but there are rules in the arena, so I can only do my best in the future.

”, Duan Yu said it entirely as Yue Chen, after all, he occupied Yue Chen’s body and could only identify himself as Yue Chen.

To be honest, Duan Yu could see that King Guangping looked down on Yue Chen very much, but he didn't care. When he got the power to dispose of the eight saintesses, he absorbed the power of Nascent Soul from them, and then Kyushu would be free to traverse, what? Emperor Apocalypse, Queen Nayun, don't have to take it seriously.

Swish!

Hearing this, King Guangping's face instantly turned gloomy, and said coldly: "Stop talking nonsense, since I have entered this arena, I will win the championship based on my strength, and there is no need for you to release water."

Mad, this Yue Chen actually underestimated himself, really looking for death.

After becoming Pluto's puppet, King Guangping's strength has improved a lot, and his perception is much sharper than before, but he didn't notice anything unusual about the 'Yue Chen' in front of him.

"Since Your Majesty is so confident, then please." Duan Yu smiled and said.

King Guangping was too lazy to talk nonsense, he snorted coldly, and his inner strength moved.

hum!

In an instant, a terrifying aura erupted from King Guangping's body, and in an instant, the surrounding air seemed to stagnate.

This...

Feeling the terrifying aura on the stage, everyone around the arena was shocked, and they only felt that they couldn't breathe.

Strong, strong!

Um?

Duan Yu's expression also changed, staring closely at King Guangping, secretly shocked.

This King Guangping, in just three years, has his strength become so strong?

Although he didn't have much contact with him, Duan Yu knew very well about King Guangping's strength. Three years ago, before Duan Yu became Emperor Xi Cang, he went to Tianqi Continent to meet King Guangping. At that time, King Guangping was Wu Duan Wuhuang.

In Duan Yu's perception, although King Guangping has a good talent for cultivation, within three years, at most he will reach the late stage of Tribulation Transcendence. Even stronger.

Not only that, but in that powerful breath, there is a palpitating Yin Sha power.

At this time, Duan Yu did not realize that the person in front of him was no longer the former King of Guangping, but the puppet of Hades.

call!

At the same time, Yue Feng, who was standing under the stage, also frowned as he watched King Guangping.

It's only been a day since I didn't see him, and the strength of this King Guangping seems to have improved a lot.

Thinking to himself, Yue Feng calmed down secretly.

No matter what the relationship between King Guangping and King Pluto was, the more fiercely he fought Yue Chen on stage, the better for him. It is best to lose both, so that I have a chance to rescue Huanxiang and the others.

"Kacha!" On the

stage, Duan Yu didn't panic in the face of King Guangping's explosive momentum. He raised his right hand, accompanied by a crisp sound, a black sword, which he firmly grasped in his hand.

As you can see, this black big sword is cold, and it is a purple-rank weapon.

Chapter 3003

"Fuck, purple-rank weapon."

"This... This seems to be the Overlord Sword that Mingdong exclaimed more than ten years ago."

"Yes, I didn't expect it to be in the hands of this Yue Chen."

Yes, this sword comes from the famous sword villa in the Yellow Sea Continent, called 'Bawang Sword'. Twenty years ago, the famous sword villa held a famous sword conference. Being chased and killed by the enemy, the Overlord Sword disappeared.

Half a year ago, Yue Chen passed through a bandit cottage and swept the entire cottage, and found this Overlord Sword in the warehouse where the treasure was stored.

After Duan Yu took away Yue Chen's soul, he couldn't put it down. He used the Heaven Opening Axe before, and he was very handy with this heavy weapon.

Purple weapons?

Seeing the Overlord Sword, King Guangping was stunned, and then sneered disdainfully.

As the emperor of Apocalypse Continent, what King Guangping lacked most was weapons.

hum!

In the next second, King Guangping stared at Duan Yu, no longer talking nonsense, and clenched a long knife with his right hand, and charged directly at Duan Yu.

You can see that on this long knife, there is an exquisite dragon and phoenix pattern engraved, which is also of the quality of the purple order.

Bang bang bang!

Duan Yu didn't hesitate, the figure flew high into the sky, attacked it, and in the blink of an eye, he was in a fierce battle with King Guangping!

Huh..

Seeing this scene, many people around the arena were very excited.

"Both sides are purple-ranked weapons, and some have watched this battle."

"It's fortunate that I didn't play just now, otherwise I'd lose miserably."

Under the discussion of the crowd, the battle between King Guangping and Duan Yu in the arena became more and more intense.

I saw the figures of the two of them constantly shuttle back and forth in the arena, and the burst of breath caused the surrounding air to distort.

Speaking of which, King Guangping became a puppet of Pluto and practiced the Yin Sha technique, and his strength has improved a lot. If it was before, he could completely crush Duan Yu. After all, Duan Yu's body belongs to Yue Chen, and Yue Chen cultivated it. Xuanming Divine Art has not yet reached a state of ecstasy.

However, after Duan Yu seized Yue Chen's soul, with his extraordinary talent, he comprehended the essence of Xuanming Divine Art, and at the same time successfully integrated the power of Nascent Soul of Saint Lady Lanxin.

In this case, it was difficult for King Guangping to suppress it.

After a long battle, King Guangping became anxious and roared: "Yue Chen, your strength is indeed much stronger than before, but it is impossible to win me in this arena."

Om!

The voice fell, and the air around King Guangping suddenly condensed! A terrifying power of Yin Sha spread out from his body crazily!

"Heaven and earth will be destroyed!" The

cold four words came from the mouth of King Guangping, and the next moment, the originally clear sky was suddenly surging, and the entire prayer altar was also cloudy!

I saw that King Guangping raised his hands slowly, and the whole person was also hidden in a black mist, like a ghost, which made people feel palpitated.

"This...the emperor of the Apocalypse Continent, what are you going to do?"

"What kind of skill is this?"

"What a sinister practice..."

At this moment, many people looked up and looked at King Guangping in the black mist, all of them were extremely horrified.

Um?

Duan Yu also frowned, secretly surprised.

This skill is so evil? It's not the practice of the Apocalypse royal family at all. He is an emperor of the Apocalypse Continent, where did he learn it?

Yue Feng below Chapter 3004 also frowned secretly.

Nima, this King Guangping is getting more and more evil. It seems that he guessed right before. He has an inextricable relationship with Hades.

This...

At the same time, the eight Huanxiang who were tied there also trembled, and their eyes were fixed on King Guangping, all of them were shocked and angry.

This King Guangping actually knew the exercises created by Hades. He was a member of Hades.

No wonder she slandered herself before, she was a fake Nine Heavens Saintess.

Knowing this, all eight of Huanxiang were furious and wanted to shout loudly and tell everyone around them, but they were all acupuncture points, and they were extremely weak. Not to mention shouting, they had no strength to speak.

good!

The destruction of heaven and earth by King Guangping is a unique skill in the ghost world. This unique skill was created by Hades, and it is extremely sinister. At that time, after King Guangping became a puppet of Pluto, in order to express his reward, Pluto specially asked Gong Hao's messenger to pass this stunt to King Guangping.

Today is the first time that King Guangping has used this unique technique, the annihilation of heaven and earth. Naturally, no one knows it!

Om...

At this moment, the power of Yin Sha condensed in the entire sky, almost shrouded the entire prayer platform, and everyone present was almost breathless.

Whoosh!

At this moment, the power of Yin evil gathered around King Guangping's body reached a terrifying state, and he saw his figure flashing like a black meteor, rushing directly towards Duan Yu.

call!

Seeing King Guangping rushing towards him, Duan Yu's face was extremely solemn. He endured the panic in his heart. He clenched the Overlord Sword tightly, and completely exploded his inner strength. In an instant, a terrifying force erupted from the Overlord Sword.

"Everything goes to hell!" Duan Yu stared at King Guangping who was rushing over, and shouted frantically.

"Boom!" The

voice fell, and a huge phantom burst out from the Overlord Sword. Everyone present clearly saw that it was a huge skeleton. Then, the huge skeleton turned into a black sword shadow.

In the blink of an eye, over the entire Nanyun Imperial City, the sun and the moon were dark and gloomy.

Myriad Laws Return to the Underworld, from the Xuanming Sword Art, and the Xuanming Sword Art is a unique skill in the Xuanming Divine Art. Yue Chen has never understood it before, but after Duan Yu took his body, because of his unique talent, In just two days, I realized the essence of it.

Xuanming Sword Art is the most evil swordsmanship in Kyushu, and when it is displayed in conjunction with the Overlord Sword, its power is even more astonishing.

boom!

In the blink of an eye, the figures of Duan Yu and King Guangping collided in mid-air, and a roar of sky and earth cracking came out. The entire Nanyun Imperial City was shaking. The entire arena was filled with smoke and dust.

Phew...

Seeing this scene, everyone present felt chills down their spines, and their brains were buzzing.

Strong, really strong.

At the same time, Yue Feng was also shocked. These two people are so strong that they have endless troubles. It is better to take this opportunity to get rid of them.

After thinking about it, the most important thing now is to rescue the eight saintess of Huanxiang first. And in the current situation, it is not convenient for him to reveal his identity.

Thinking to himself, Yue Feng knew that the opportunity was coming when he saw that the dust and smoke had not completely dissipated on the ring.

Whoosh!

In the next second, Yue Feng's figure flashed and he rushed directly to the back of the ring.

Yue Feng's speed was very fast. Everyone present was focused on King Guangping and Duan Yu, and didn't even notice it.

In the blink of an eye, Yue Feng was in front of Huanxiang.

“You...”

Suddenly seeing someone rushing over, Huanxiang was stunned. At this moment, Yue Feng changed face, and she couldn't recognize it at all.

Before he could finish speaking, Yue Feng grabbed his wrist tightly.

“Don't be nervous.”

Yue Feng lowered his voice and said, “I'm here to save you.”

With that said, Yue Feng was about to relieve the acupuncture points for Huanxiang, but King Guangping practiced the yin and evil exercises in the ghost world, and the acupoint-pointing techniques were very peculiar. , Yue Feng tried twice, but he didn't solve it.

Nima, this is embarrassing.

For a time, Yue Feng was sweating profusely.

Chapter 3005

At this moment, the dust and smoke on the ring completely dissipated.

King Guangping and Duan Yu saw Yue Feng almost at the same time.

Swish!

In an instant, King Guangping's face was extremely gloomy, and he said coldly to Duan Yu: “Well, you Yue Chen, there are still accomplices, you want to take people away when people are not paying attention, right?”

Because Yue Feng changed his face, King Guangping didn't recognize Zhu Lai at all, thinking he was Duan Yu's accomplice.

Hearing this, Duan Yu was furious and said coldly: “What accomplice?”

After speaking, Duan Yu's eyes flickered, and he said to King Guangping: “This is your subordinate, you want to quietly take people away. , but in turn slandered me, King Guangping, you really belong.”

Duan Yu was not a fool either, thinking that King Guangping deliberately slandered himself.

Whoa!

At this moment, everyone's eyes also turned to Yue Feng's side, and there was an uproar.

"Who is this person? When did he go up?"

"He wants to let go of these fake Nine Heavens Saintess."

"Not a little timid."

Hearing the discussions of the people around, Yue Feng wanted to cry without tears.

Mad, I didn't take such a good opportunity, but I have to say that King Guangping's acupuncture technique is too evil.

"Catch him!"

At this moment, King Guangping locked Yue Feng tightly and couldn't help shouting.

wow.

When the voice fell, the elites of the surrounding Royal Forest Army, as well as the forbidden army of the Nanyun Imperial Family, rushed up and surrounded Yue Feng.

Nima!

Looking at the people rushing up, Yue Feng scolded secretly, but at this time he couldn't care about so much, so he moved his figure and directly greeted him.

However, in order not to reveal his identity, Yue Feng did not use his skills, but met the enemy with his fists and feet.

Bang bang bang...

Although the elites of the Imperial Forest Army brought by King Guangping, as well as those Nanyun Imperial Guards, are all very strong, but to Yue Feng, there is no threat at all. In the blink of an eye, they will charge. The people who came up were easily knocked to the ground.

Seeing this scene, King Guangping was furious: "What a bold madman!" The

voice fell, King Guangping's inner strength exploded, and he rushed towards Yue Feng.

Today, these eight saintess, they are determined to win, how can they be taken away by others?

However, before rushing over, Duan Yu stopped him.

“King Guangping!”

Duan Yu’s inner strength urged, raised his hand, intercepted King Guangping, and sneered: “You don’t have to pretend, you want your subordinates to secretly take people away, do you really think we are fools?”

“Presumptuous!” King Guangping roared angrily: “I want to take these fake Nine Heavens Saintess away, why do I need to use this method? You should not provoke them.”

Being entangled by Duan Yu, King Guangping was very angry.

Phew...

Seeing this scene, everyone around the arena was also stunned.

what’s the situation?

Who is the kid who broke in with?

The matter suddenly became complicated, and the major sects present did not dare to act rashly.

Ha ha....

Seeing this situation, Yue Feng was indescribably comfortable, and King Guangping and Yue Chen actually became suspicious of each other.

Guess each other, the more this is, the better it will be for me. Thinking to himself, Yue

Feng turned to Huanxiang and asked eagerly: “Several saints, how can you unlock the acupuncture points on your body? Tell me now, or it will be too late.”

Pay attention to the movement of Long Qianyu not far away.

The ultimate husband in Chinese chapter 3006-3010

Chapter 3006

King Guangping and Duan Yu are suspicious of each other, so don’t worry at all.

The major sects below also have their own ghosts and will not rush up for the time being.

The only thing to worry about is Long Qianyu. After all, this is the Nanyun Imperial City, and Long Qianyu is not weak.

call!

At this time, Long Qianyu looked at Yue Feng, and then at the two people who were fighting in mid-air. His eyebrows were knitted together, and he was extremely puzzled.

what's the situation?

Is the person who suddenly rushed up, is it the subordinate of King Guangping, or is it Yue Chen's party?

At the same time, the eight saintess of Huanxiang were all very puzzled.

"You..." The

next second, Huanxiang looked at Yue Feng, her eyes couldn't hide her vigilance: "Who are you? Why do you want to save us?" The

voice was weak, and at the same time, there was deep doubt.

Yes, after today's events, the saintess Huanxiang and Ziyan are very disappointed in the Kyushu Continent. These people are not only cunning and treacherous, but also a bit pedantic. They are obviously the real saintess of the Nine Heavens, but no one believes them.

And the person in front of him, whom he had never seen before, kept saying that he wanted to save himself, how could he believe it?

Shit....

Feeling Huanxiang's vigilance, Yue Feng couldn't help laughing and laughing.

This chapter is provided by . Visit for daily update.

Immediately, Yue Feng said patiently, "I'm just a nobody in the arena. I believe that you are the real Nine Heavens Saintess, so I took the risk." To

be honest, Yue Feng wanted to tell them that he was Yue Feng.

But before, Huanxiang had always insisted that they had killed Saintess Lanxin, so naturally it was not easy to reveal their identity.

Nobody?

Hearing the answer, Huan Xiang and Zi Yan looked at each other, and the alertness in their eyes did not diminish at all.

“Come here!”

At this moment, Long Qianyu, who had been pondering secretly, seemed to want to understand something, waved his jade hand, and ordered to the surrounding Nanyun guards: “Watch these eight fake Nine Heavens Saintess. , and also, take down this person who came up.”

“Yes, Your Royal Highness!” The surrounding Nanyun Imperial Guards responded one after another, pulling out their long knives and rushing towards Yue Feng.

Nima!

Seeing this scene, Yue Feng was so anxious that he wanted to cry without tears.

I originally thought that I had expressed enough sincerity to gain the trust of the eight Huanxiang, but I didn't expect that their vigilance was too high, but now, Long Qianyu has reacted, and it will be difficult for them to think about it.

“King Guangping, Yue Chen!”

At this time, Long Qianyu looked at the two people who were still fighting in midair, and said coldly, “No matter who this guy is, the rules of the arena have been broken, I think you don't want it. Let's compare.”

“As for the eight fake Nine Heavens Saintess, let us handle the royal family of Nanyun.”
The

voice was not loud, but it spread throughout the prayer altar, no doubt.

“No!”

King Guangping roared, his eyes were extremely blood red, and his whole body was filled with evil spirits.

“These eight women, I must take them away.” A few cold words came out of King Guangping's mouth, and in the next instant, he took out a small black cauldron the size of a palm from his body.

I saw that this small black cauldron was very delicate in all directions, but it was engraved with ghost skeletons and all strange inscriptions, giving people the feeling of indescribable evil.

Swish!

In an instant, both Duan Yu and the people around him all focused on the small cauldron in the hands of King Guangping.

“What is this?”

“It’s so evil!”

“What is he going to do?”

At this moment, many people had a bad feeling.

“Pluto Cauldron!?”

Chapter 3007

At the same time, the eight saintess Huanxiang and Ziyang were trembling and exclaimed.

Pluto Ding?

Yue Feng frowned secretly and couldn’t help asking: “Several saints, do you recognize this thing? What is Hades Cauldron?”

Huanxiang bit her lip and stared at Hades Cauldron in her eyes, unable to hide her anxiety Panic: “Pluto Ding is the magic weapon of Pluto. There is an independent space inside. As long as you are trapped in it, it is difficult to get out.”

When saying this, Huanxiang’s beautiful face showed deep fear.

The few Zi Yan next to her were also extremely flustered.

independent space?

Hearing this, Yue Feng was shocked, and the whole person was stunned.

Isn’t this similar to the holy sect’s treasure, Qiankun Gourd? You must know that in the Qiankun gourd, there is a too illusory realm. After entering it, I almost couldn’t get out.

boom!

At this moment, I saw King Guangping open the Hades Cauldron, only to hear a thunder, a rumbling sound, and the world changed color.

At this time, the night gradually fell, and a cloud of dark clouds gathered together, covering the entire sky.

Phew!

At this moment, everyone present was inexplicably panicked.

Everyone can feel that in midair, a terrifying force is condensing!

“No one can stop what I want to do in Kyushu!” At this time, King Guangping was suspended in the air, his face was extremely ferocious, and his body was filled with suffocation.

Yes, the small black cauldron in the hands of King Guangping is the magic weapon of the ghost world, the cauldron of the Hades.

Before coming to Nanyun Continent, the messenger Gong Hao was ordered by the King of Pluto to bring the Cauldron.

So at first, King Guangping didn't intend to use the Hades Cauldron, but he was entangled by Duan Yu just now, which made King Guangping very annoyed.

After that, Long Qianyu was about to cancel the arena and let the Nanyun royal family deal with the eight Huanxiang. King Guangping couldn't help it.

Om...

At this moment, under the urging of King Guangping, I saw the evil spirit between heaven and earth, which quickly gathered towards Hades Cauldron. In the blink of an eye, a huge black vortex was formed.

At the same time, everyone also felt the ground under their feet, and there were bursts of violent roars and strong vibrations, which almost made people stand unsteady, as if the world had collapsed!

Nima!

At this moment, both Yue Feng and everyone present were taken aback.

At the same time, everyone also felt that there was a terrifying suction in the huge black vortex, and this suction covered the entire prayer altar, and everyone was within the scope of this suction.

not good!

At this moment, Yue Feng's heart skipped a beat, realizing that it was not good, he was about to rush out of the prayer altar, but it was too late.

hum!

The power of the huge vortex erupted stronger and stronger, and then a ray of light burst out, covering everyone in the entire prayer altar. Immediately afterwards, everyone only felt that they were sucked into the huge vortex as soon as their eyes darkened.

After inhaling the crowd, the huge vortex turned into a black light and merged into the Hades Cauldron.

“This...”

“What’s the situation?”

The Nagumo Imperial Guard outside the prayer altar, as well as the people of the entire imperial city, were inexplicably frightened.

So many people, all at once?

How could this be?

“Haha...”

At this time, King Guangping in mid-air showed a wicked smile, then put away the Hades Cauldron, his figure flashed, and flew directly outside the imperial city.

Although the eight saintess were not captured alive, but they were trapped in the Hades Cauldron, and they were able to go back for business.

As for Long Qianyu, as well as the people of the major sects, they are trapped in the Hades Cauldron. Whether they die or live depends on their fortunes.

Chapter 3008 On the

other side, Pluto Dingzhong.

Yue Feng only felt the darkness in front of him, his ears were whistling, and he couldn’t hear other people’s voices.

I don’t know how long it took before the falling feeling disappeared.

Boom!

Finally, Yue Feng’s feet stepped on the ground. At the same time, the darkness in front of him gradually disappeared. Yue Feng rubbed his eyes, couldn’t help looking around, and couldn’t help but gasp for air!

Nima!

This... This is the world inside the Hades Cauldron?

I saw that there was an incomparably vast world in front of me, but it was extremely dark. There was no sun, moon and stars above my head. of repression.

In the nearby woods, a layer of green mist shrouded, obviously, these mists are highly poisonous.

call!

Seeing this scene, Yue Feng smiled bitterly.

This kind of environment is even worse than the wild and strange realm. Being trapped here is simply a dead end. However, since it is an independent space like the Great Illusory Realm, there must be a way to get out.

By the way, so many people were sucked in, why didn't I see a single one?

Whoosh.

Just when Yue Feng was muttering secretly, suddenly, he heard a movement above his head, Yue Feng quickly looked up, but the environment here was too dark, Yue Feng couldn't see who it was at all, only saw a slim figure. The figure descended from the top of his head.

I go!

The figure descended so fast that Yue Feng had no time to dodge, so he raised his hands and took the figure into his arms.

smell good.

The next second, Yue Feng smelled an intoxicating fragrance, and couldn't help sighing. At the same time, he looked carefully, and when he saw it, he was immediately blinded and embarrassed.

I saw that Huanxiang was embarrassed and angry, and her eyes flashed with anger, but this angry look was indescribably charming.

"It turned out to be an illusion..." After being stunned for a few seconds, Yue Feng reacted and was about to explain.

Snapped!

However, after only saying a few words, Huanxiang raised her jade hand and slapped Yue Feng without warning.

“You shameless villain, you want to take advantage of this saint and seek death!” Huanxiang said coldly, very embarrassed.

This...

Yue Feng rubbed his face, very speechless, and smiled bitterly: “Saint Huanxiang, you are unreasonable, you fell from the top of my head, you can't hide at all, if I don't reach out to pick it up, don't you think? Seeing you being smashed?”

After saying this, Yue Feng continued: “Besides, I will catch you with kindness and avoid falling.”

When he said this, Yue Feng felt bitter in his heart. This Saintess Huanxiang was too hot-tempered, and slapped her face if she disagreed, but Yue Feng was relieved when she thought that Huanxiang blocked herself at the door of a clubhouse half a month ago.

“Shut up.” Huanxiang scolded coldly, feeling unspeakably irritable at this time.

It's just that she was considered a fake Nine Heavens Saintess, but now she's trapped in the Hades Cauldron again, and she's separated from her other sisters.

What bothered Huan Xiang even more was that the acupuncture points on his body were released the moment he was sucked into the Pluto Cauldron, but the power of Nascent Soul was very weak, and he had to find a safe place to restore his strength.

It's just that the environment here is so bad, it's not much better than the purgatory in the ghost world, how can there be a safe place? !

never mind!

Seeing that Huanxiang was not appreciative, Yue Feng smiled bitterly, rubbing his face and preparing to look for others.

The power of Hades Ding burst out just now, covering the entire prayer altar, everyone was sucked in, and Mei Hui was not spared.

This place is so dangerous, Meihui must be found first.

“Stop!”

However, before taking two steps, he heard Huan Xiang's coquettish shout, her tone unquestionable, and at the same time a bit of surprise.

Chapter 3009

“What else is there for the Holy Maiden Huanxiang?” Yue Feng stopped and looked back at Huanxiang.

I saw that Huanxiang was standing there, her eyes fixed on Yue Feng’s face, her eyes were full of surprise. At this time, Yue Feng’s face had returned to its original appearance.

Obviously, after being slapped by Huanxiang just now, Yue Feng rubbed his face again, making the previous disguise completely ineffective.

“Yue Feng!”

After staring at her for more than ten seconds, Huan Xiang reacted, gritted her teeth and said fiercely, “It’s you!”

When she said this, Huan Xiang was full of anger, and her delicate body also trembled faintly.

No wonder when he first came to power, he said that he believed that he was the real Nine Heavens Saintess. He was Yue Feng. Of course, he knew that he and Zi Yan were the real Nine Heavens Saintess.

What the hell!

Feeling Huanxiang’s anger, Yue Feng was stunned for a moment, then touched his face, feeling embarrassed.

The effect of disguise is gone, and it’s not easy to do this now.

“Yue Feng.” Huanxiang couldn’t hide her anger, and asked coldly: “You disguised yourself into the conference, and you still want to save us, what is the conspiracy?”

In the ring, I found that Duan Yu broke out with the power of Nascent Soul. , Huanxiang knew that she had misunderstood Yue Feng, but even so, she still didn’t like Yue Feng in her heart.

conspiracy?

Hearing this, Yue Feng couldn’t help laughing and crying: “What conspiracy can I have? That King Guangping is obviously related to King Hades, how can I let you fall into his hands?”

Huanxiang obviously didn’t believe it, but she didn’t bother to talk nonsense: “Okay. Come on, let’s go!” The

voice fell, Huanxiang looked around, sat next to a rock, and began to meditate and recover.

After thinking about it, Huanxiang will recover her strength first, then look for Zi Yan and the others. After the eight saintess are all together, she is trying to find a way to get out of here.

I go...

Huanxiang's attitude made Yue Feng very speechless.

What does this take you to be? Called to come, swipe away ah?

In his heart, Yue Feng didn't bother to care, so he was going to look for Meihui, but after thinking about it, he was not familiar with this place at all, so it would be better to be a companion with Huanxiang. Learn some.

After making up his mind, Yue Feng walked to the side and sat down cross-legged, and began to close his eyes and rest.

"Hey!"

Seeing that Yue Feng didn't leave, but sat down next to him, Huanxiang was very unhappy: "You hurry up, you are not allowed to be here."

Hearing this, Yue Feng couldn't help laughing: "Why? "

I am here to cultivate and recover, you will disturb me here, don't you understand?" Huanxiang said coldly, with a look of impatience.

"Why!"

Yue Feng suddenly shouted: "You can cultivate here, why can't I rest here? You are too unreasonable? Besides, this is not the goddess of your Nine Heavens Saintess. Spirit Realm!"

When he said this, Yue Feng looked like a rogue.

Speaking of which, Yue Feng didn't want to quarrel with Huanxiang. After all, he still wanted to be with her. However, seeing Huanxiang's arrogant attitude, he couldn't bear it any longer.

"You..."

Huan Xiang stomped her feet, but couldn't refute it, so she had to ignore Yue Feng and continue to practice and recover.

Yue Feng took it as soon as he saw it, and continued to close his eyes and rest without speaking.

For a while, the atmosphere became quiet and looked very harmonious.

At the beginning, Huanxiang recovered very smoothly, but gradually, I felt that something was wrong.

“Hmm...”

After a few minutes, Huanxiang’s delicate body trembled, and she couldn’t help but let out a light hum, and there was a hint of pain on her beautiful face.

Chapter 3010

Terrible!

At this moment, Huanxiang, her brows knitted together, she felt a little inexplicable panic in her heart.

I was only concerned with cultivating and recovering, but I forgot that this is the independent space of Hades Cauldron, full of yin suffocation, because it is too weak, causing yin suffocation to invade the body...

What should I do?

At this moment, Huanxiang clearly felt that under the influence of the evil spirits, a cold air flow began to travel around in the various meridians.

Huanxiang was in a hurry, but the more anxious, the faster the evil qi invaded!

In the blink of an eye, Huanxiang only felt that the body was getting colder and colder, especially the Nascent Soul, as if it had been frozen. The cold that invaded was unbearable!

what’s going on?

Hearing Huanxiang’s painful voice, Yue Feng opened his eyes and was stunned!

The next second, Yue Feng stood up and couldn’t help asking, “Saint Huanxiang, what’s the matter with you?”

When he said this, Yue Feng had no sympathy in his heart, but rather gloated.

This Huanxiang Saintess, since the first time they met, insisted that she was still the Lanxin Saintess, chased and killed herself all the way, and also had an aloof attitude.

Now that she has a problem with her practice, Yue Feng is naturally happy.

“It’s none of your business, go away!” Huanxiang bit her lip tightly and responded angrily.

While speaking, Huan Xiang was covered in a layer of cold sweat, and the cold sweat soaked into the long skirt, and the charming curve was exposed at once.

Gudong!

At this moment, seeing that exquisite and tight curve, exposed in front of him, Yue Feng was immediately stunned, and couldn’t help swallowing his saliva secretly.

As expected of the Nine Heavens Saintess, this figure is so perfect!

“You…”

Seeing Yue Feng staring at him without blinking, Huanxiang blushed, anxious and angry: “Look at your eyes again!!

” Gao Leng and noble, but at this time, he was so arrogantly scrutinized, how will he meet people in the future?

The more Huanxiang thought about it, the more angry she became, and she wished she could slap Yue Feng again. However, the suffocation entered her body, and she was extremely weak now, not to mention her hands, she even lost the strength to stand up.

What the hell!

They are so weak, yet so cold and arrogant?

At this moment, Yue Feng frowned, not turning around, but looking at her more wanton.

“Pfft!”

Seeing that Yue Feng was getting more and more presumptuous, and the phantom aroma was not good, he suddenly spit out a mouthful of blood under the rush of fire.

What the hell!

Seeing this scene, Yue Feng was taken aback, and quickly said: “Okay, I won’t watch it, you hurry up to heal!”

This Huanxiang has such a strong personality that he vomited blood just by looking at it.

Thinking to myself, Yue Feng is going to go a little farther and avoid it for a while.

“Wait!”

However, at this moment, Huanxiang bit her lip and couldn't help shouting.

“What's wrong?” Yue Feng couldn't help laughing and laughing, he stopped and asked.

“Are you sure you really want to help us Nine Heavens Saintess?” Huanxiang stared at Yue Feng and asked very seriously.

“Of course!” Yue Feng replied without thinking.

call!

Huanxiang endured the cold in her body, sighed lightly, and continued: “I will ask you again, does Saint Lady Lanxin's death have anything to do with you?”

Yue Feng was speechless and smiled bitterly: “I will answer this question. Several times, the death of Saintess Lan Xin has nothing to do with me, I was wronged.”

When he said this, Yue Feng was very puzzled, what the hell is this Huanxiang trying to do?

Hearing the answer, Huanxiang pondered for a while, and finally looked closely at Yue Feng: “Okay! I will trust you once, and now you help me heal.”

When she said the last word, Huanxiang's eyes did not meet Yue Feng's. Look, a little embarrassed.

Speaking of which, with Huanxiang's personality, she would never ask Yue Feng for help, but there was really no way out. The evil spirits invaded, and with her current situation, it was difficult to completely eliminate it.

The ultimate husband in Chinese chapter 3011-3015

Chapter 3011

I'm going!

At this moment, Yue Feng was stunned, thinking that he had heard it wrong.

Let me help you drive away the evil spirits, with such a strong attitude.

Thinking to himself, Yue Feng smiled slightly, nodded and said, "Okay." After saying that, he came over and sat cross-legged opposite Huanxiang.

At the same time, Yue Feng's eyes couldn't help but look at Huanxiang's charming curves again.

At this moment, Huanxiang bit her lip and was about to bleed, she was ashamed and angry, she couldn't help saying: "Yue Feng, I warn you, if you really help, then honestly help me get rid of the evil spirits, It's best not to have other thoughts, let alone look around!"

"Saint Huanxiang, you're in a difficult situation. How can I help you drive away evil if I don't open my eyes? If you touch the wrong place, wouldn't it be even more embarrassing? " Don't be so eloquent, let

's get started!"

"Is there any reason to ask people to help you so fiercely?"

"You..."

rustling...

The two were bickering, and at this moment, only I heard footsteps in the woods not far away.

The footsteps were very light, but there were a lot of people listening!

I go!

Hearing the footsteps, Yue Feng's heart skipped a beat. It wouldn't be so coincidental. He had just started helping Huanxiang to exorcise evil spirits, and someone came. If someone saw this scene, he would definitely misunderstand.

This chapter is provided by . Visit [for daily update.](#)

At the same time, Huan Xiang was biting her lip, inexplicably flustered.

Just now, I broke out in a cold sweat, and the long skirt was tightly attached to my body, and I must not be seen by others.

“Zi Yan!”

Just when Huanxiang was secretly nervous, she heard a gentle voice in the woods: “Let’s go to those rocks, where the terrain is high, maybe we can find Huanxiang’s whereabouts!” The

voice was soft and crisp. It sounds very good, it is Yu Ling, one of the Nine Heavens Saintess.

As soon as the voice fell, Zi Yan’s voice sounded: “Okay, let’s go and see!”

It was a coincidence that I went!

Hearing the sound, the stone hanging in Yue Feng’s heart instantly fell to the ground.

I thought it was someone else, since it was another Nine Heavens Saintess, then don’t worry.

call!

At the same time, Huanxiang also secretly sighed, feeling inexplicably excited.

I was thinking about how to find Zi Yan and the others. Unexpectedly, they found this place first.

The next second, seeing the appearance of herself and Yue Feng, Huanxiang’s heart trembled, and she became anxious. No way, Yue Feng helped her to exorcise her evil spirits, and put her hands on her lower abdomen. See, I will definitely think more.

I thought to myself, Huanxiang was about to stand up, but it was already too late.

Whoops!

At this time, I heard the footsteps getting closer and closer, and I saw Zi Yan and Yuling seven saintess, coming together, they were sucked into the Pluto Cauldron together before, although they were a little embarrassed, but the fairy temperament that permeated the whole body was still the same. Incredibly charming.

Swish!

As soon as they arrived on the rock, Zi Yan and Yu Ling saw Yue Feng and Huan Xiang!

In an instant, Zi Yan and Yu Ling were all stunned with a trembling body.

what's going on?

How does Huanxiang get together with a guy? And.... the man's hands are still on Huanxiang's belly, so ambiguous.

"It's you?" After being

stunned for a few seconds, Zi Yan took the lead in reacting and looked at Yue Feng in astonishment: "Why are you here? You and Huanxiang..." Before she finished speaking, Zi Yan said Can't go on, there is a blushing blush on the beautiful face.

At the same time, the expressions of Yu Ling next to her were also complicated.

What the hell!

At this moment, Yue Feng was very embarrassed and wanted to explain.

However, before he could speak, he was interrupted by Huan Xiang.

Chapter 3012

"Zi Yan, Yu Ling, it's not what you think." Huanxiang's face was extremely red, and she said anxiously: "I just recovered from my practice and was accidentally invaded by the evil here, Yue Feng is helping me drive away the evil Yes!"

When she said this, Huanxiang was so anxious that she was afraid she couldn't explain clearly.

That's it.

Hearing this, Zi Yan suddenly nodded.

As for the few Yulings beside them, their delicate bodies trembled, and their eyes locked on Yue Feng.

"You are Yue Feng?"

"What does Lan Xin's death have to do with you?"

Several saintess drank tenderly and gathered around, glaring at Yue Feng, and the atmosphere suddenly became tense.

Uh...

Seeing this scene, Yue Feng was very helpless and said bitterly: "Several saintess, the death of saintess Lan Xin, really has nothing to do with me!"

Nima, how long will this black pot be carried? what.

At this moment, Zi Yan came out and said, "Sisters calm down, before in the ring, that person named Yue Chen had Lan Xin's Nascent Soul power in his body, and he was the murderer!"

"In the middle, Zi Yan is smart and wise, and handles things calmly.

When the voice fell, Yu Ling and a few closed their mouths.

In the next second, Yu Ling couldn't help but said, "However, Huanxiang said that before Lan Xin died, she personally said that Yue Feng had harmed him." As she spoke, she looked at Huanxiang, her eyes full of questions.

This...

Huanxiang frowned, and she couldn't understand at this time, she said softly: "Yes, before Lan Xin committed suicide, she told me that it was Yue Feng who killed her, but... Yuan Ying's power Why is it on another person?"

Saying that, Huanxiang couldn't help frowning and looking at Yue Feng, she suddenly thought of something, and asked coldly, "Yue Feng, what is your relationship with that Yue Chen?"

"I... Yue Feng hesitated, scratched his head and said, "

He and I are cousins!" To be

honest, Yue Feng didn't want to tell his relationship with Yue Chen, but if he told a lie, the Nine Heavens Saintess knew the truth and would be completely right. I don't trust myself anymore.

What?

Hearing this, Huan Xiang and Zi Yan were all shocked.

cousins? Yu Ling's personality is relatively straight, so she immediately became vigilant, and shouted at Yue Fengjiao

: "This is very obvious, since you are cousins, it is Lan Xin that you two murdered together, right?"

A saint also nodded in agreement.

What the hell!

Hearing this, Yue Feng couldn't help laughing and crying: "Although we are cousins, but our relationship is very bad, how could it be possible to join forces to kill Saintess Lan Xin?"

After speaking, Yue Feng raised his hand and swore: "But now the situation is very obvious, Lan Xin. The death of Saintess Xin must have something to do with Yue Chen, I swear, I will help you find out the truth, how?"

Yu Ling looked at each other, obviously not believing in Yue Feng.

"Okay!"

At this moment, Zi Yan seemed to have made up her mind and said, "Since Yue Feng said so, let's believe him once."

"Zi Yan!"

"Don't trust this kind of person..."

At this moment, Yu Ling couldn't help but open her mouth, but seeing Zi Yan's seriousness, she closed her mouth again.

Among the nine saints, Zi Yan is the most prudent, and the other saints regard her as their eldest sister. Since Zi Yan has said so, it can only be like this.

Afterwards, with the help of several saintess Zi Yan and Yuling, the evil spirits in Huanxiang were quickly and completely expelled.

After regaining his strength, Yue Feng and the eight saintess explored the surroundings together!

Um?

Half an hour later, Yue Feng and the eight saintess came to a stone forest. In an instant, everyone frowned when they saw the stone forest.

I saw that this stone forest was very large, and the fog was shrouded in it, and I couldn't see the head at a glance.

Yue Feng saw that every stone pillar in the stone forest was engraved with some strange runes, and the runes were densely packed, giving people an inexplicable depression.

Chapter 3013

“What’s written on it?” Yue Feng said with a frown, and walked straight over.

A few Huanxiang followed suit.

When I got to the front, I saw the runes on the stone pillars. They looked like seals but not seals. They didn’t belong to the Kyushu continent at all.

call!

At this time, Zi Yan took a step forward, looked at the rune above, and said softly: “This is Mingdu Wen, this is a kind of ritual that gathers yin, and it mainly gathers the yin between the world.

”!

Hearing this, Yue Feng nodded suddenly, and at the same time was a little fortunate. Fortunately, he was walking with the eight saintess, otherwise it would be troublesome if he didn’t understand the words above.

At this moment, Saint Lady Jia Xue came up from behind, looked at the stone forest in front of her, and frowned: “Everyone, be careful, this stone forest not only gathers yin energy, but also a ‘gathering evil spirit formation’.”

Jia Xue is a nine-day saint . One of the women, with a restrained personality, she is good at the Qimen escape technique.

Hearing this, Huan Xiang and Zi Yan all nodded.

Yue Feng couldn’t help but glance at Jia Xue, secretly admiring, as expected of the Nine Heavens Saintess, she could see at a glance that this was the ‘Gathering Evil Spirit Formation’.

Yes, Yue Feng also saw that the stone forest in front of him was a huge formation.

There are some records in the “Bai Qi Shen Zhen Formation”, which is a relatively sinister formation method, which is very complicated.

However, Yue Feng could clearly see that there seemed to be some differences between the stone forest in front of him and the Evil Soul Formation in the records.

How did that happen?

Discovering this, Yue Feng frowned secretly.

“All right!”

At this moment, Jia Xue’s red lips lightly parted, and he said, “Follow me, everyone, don’t get lost.” The voice fell, and he was about to enter the stone forest.

“Wait!”

But at this moment, Yue Feng couldn’t help but stop: “Several saints, don’t rush in, there seems to be a problem with this stone forest.”

When he said this, Yue Feng looked serious.

You must know that this is the space inside the Hades Cauldron, and the stone forest in front of you seems to be the same as the Jusha Fascinating Array in the records, but there are differences in some places, and there must be another mystery.

In this case, Yue Feng felt that it was better to be cautious.

Swish!

At this moment, Huan Xiang and Zi Yan all looked at Yue Feng, each with a frown.

“Yue Feng!” Zi Yan said softly: “Do you think there is something wrong with this stone forest?” The

voice fell, and Huan Xiang also said: “What? You also know the formation method?”

Hu!

Yue Feng took a deep breath and said humbly: “I understand a little bit, this stone forest seems to be a gathering of evil spirits, but I don’t think it’s that simple. Let’s study it first, and then decide whether to go in.”

Seeing what he said, the eight The saints looked at each other.

puff!

The next second, Saint Yuling couldn’t help laughing out loud, glanced at Yue Feng lightly, and sneered: “Yue Feng, although you are a well-known figure in the Kyushu continent, your skills in formation are still not enough. Can you compare to Jia Xue?”

The other saintess next to him couldn’t help but laugh out loud.

In the hearts of these saintesses, Jia Xue’s formation skills are unparalleled, she is optimistic, but Yue Feng said that there is a problem, it is completely grandstanding.

Jia Xue also looked unhappy, looked at Yue Feng and said, "If you think there is a problem, don't follow us." After the

voice fell, Jia Xue stepped into the stone forest first.

Huanxiang and Ziyang followed closely behind.

What the hell!

Seeing this situation, Yue Feng was dumbfounded.

I just made a suggestion and asked everyone to be careful. It was completely kind, but it was ridiculed.

Forget it, let's go and see for yourself.

Thinking about it, Yue Feng also followed.

Chapter 3014

Call!

After entering the stone forest, Yue Feng couldn't help but take a deep breath, and at the same time, he was alert and alert.

Yue Feng clearly felt that because of the accumulation of yin in the stone forest, it was extremely cold, and it was several degrees lower than the outside. Not only that, but the fog was getting stronger and stronger. With Yue Feng's strength, he could only see the distance of ten meters. range within.

At this moment, I heard movement from the front, and then, Jia Xue, who was walking in front, and Huan Xiang, all stopped.

I go!

Yue Feng was grateful to look at it, and his heart was suddenly shocked.

I saw that there was a flame floating between the stone pillars in front, the flame was green and faint, very strange. What is even more frightening is that in the flames, there seems to be a skeleton image looming.

Bone spirit demon fire? !

Seeing this, Yue Feng frowned secretly, and at the same time he couldn't help sucking in cold air.

The Bone Spirit Demon Fire ranks fifth in the world's strange fire list. It is a very sinister fire. It is extremely rare in the Kyushu continent. It is rumored that it can only be seen in the cold and cold places of the wild and strange realm. However, Yue Feng has explored the wild and strange realm, and he has never seen it.

Unexpectedly, the independent space in the Hades Cauldron could actually be encountered.

Speaking of which, Yue Feng has Bailian cold fire, so don't panic at all, because Bailian cold fire is the first abnormal fire and has the ability to devour other abnormal fires, but the bone spirit demon fire is very evil. , attached to the bones and burned, so Yue Feng did not dare to be careless.

“Bone Spirit Demon Fire?”

At this time, Jia Xue, who was at the front, also reacted, with a dignified expression on his beautiful face: “Sisters, be careful, let's stimulate the power of Nascent Soul together, these bone spirit demon fires, Don't dare to get close.”

Um!

When the voice fell, Huan Xiang and Zi Yan nodded.

As the Nine Heavens Saintess, the power of the Nascent Soul within her body is the nemesis of all evil, but the bone spirit demon fire is extremely evil, so they do not dare to take it lightly.

In an instant, the eight saintess mobilized the power of the Nascent Soul together, and they saw clusters of golden light burst out, gathered together, and finally formed a golden protective film to cover them.

At this time, Zi Yan turned her head and said to Yue Feng: “Yue Feng, you also come in, remember, don't leave the protective film, or you will be burned by the bone spirit demon fire, and we will not be able to save you.”

When saying this, Zi Yan's beautiful face was full of indifference.

To be honest, she didn't want to be too concerned about Yue Feng's performance, but there was no way, Lan Xin died too strangely, and she needed Yue Feng's help to find out the truth, so she couldn't let him have an accident here.

At this time, Zi Yan forgot, Yue Feng raised a glass of white lotus cold fire, and was not afraid of bone spirit demon fire at all.

“Zi Yan, why are you talking to him so much?” Yu Ling couldn't help but glance at Yue Feng, her eyes full of contempt.

At the same time, the other saintess next to him also despised Yue Feng.

In their hearts, although the fact that Saintess Lan Xin was murdered has not been found out, Yue Feng can't escape the relationship. It was very kind to not kill him before, and there is no need to take care of him in every possible way.

Uh...

Sensing the eyes of several saintess, Yue Feng smiled bitterly.

It seems that because of Lan Xin's death, these saintess have a great opinion of themselves.

Thinking to himself, Yue Feng looked around and couldn't help but say: "Several saints, I think this stone forest is getting weirder, should we stop first?"

Yue Feng clearly felt that the bone spirit demon fires floating in front of him were burning more and more vigorously. Not only that, but the surrounding stone pillars seemed to be alive and slowly changing.

Various signs prove that this stone forest is by no means simple.

Seeing Yue Feng starting to point fingers again, Yu Ling was so annoyed that she couldn't help but shouted: "Shut up!"

At the same time, Jia Xue also frowned and said coldly: "I have already said, this There is no problem with the formation, Yue Feng, don't make trouble!"

Chapter 3015 The

voice is not loud, but it is unquestionable.

Seeing this situation, Yue Feng was very helpless and had to shut up.

I have already said what I need to say, but if you don't listen, when something goes wrong, it will have nothing to do with me.

Seeing Yue Feng shut up, Jia Xue and Yu Ling stopped talking and continued on.

Huhu...

Just after a few steps, I saw the bone spirit demon fire in front of me, it seemed to sense something, and it suddenly floated over.

There is a protective film in front of the Nascent Soul's power, and the eight saintess are not panic at all.

Chi Chi... The

next second, I saw the Bone Spirit Demon Fire hit the protective film, making a burning sound, and then it was blocked by the protective film.

“Yue Feng!”

At this time, Saint Yuling’s face was full of arrogance and arrogance, and said to Yue Feng: “See, the Bone Spirit Demon Fire never breaks the protective film, and, Jia Xue is proficient in formation, we will be able to pass through this stone forest soon, please don’t make a fuss, you know?”

The other saintes next to him were also proud.

Yue Feng smiled and did not respond.

In the next ten minutes, Yue Feng and the eight saintess continued to move forward, occasionally encountering some bone spirit demon fires, but these bone spirit demon fires were blocked by the protective film.

Everything seems to be going well.

However, Yue Feng found that the deeper the stone forest, the more bone spirit demon fire.

Soon, when Yue Feng and the eight saintess arrived at the center of the stone forest, they saw a huge stone pillar standing in the center. This stone pillar was more than ten times stronger than other surrounding stone pillars, like a stone peak. , straight into the gray sky.

Not only that, there were more than a dozen groups of bone spirit demon fires floating around the huge stone pillar, which were several times more than what they had encountered before.

call!

Seeing this scene, Yue Feng couldn’t help taking a deep breath and frowned.

The location of this huge stone pillar is the center of the stone forest, which is the eye of the gathering evil spirit formation. However, this is completely different from the records in the “Bai Qi Shen formation”.

Could it be... that there is another formation hidden within this ghost gathering formation?

A few seconds later, Yue Feng suddenly thought of something, and his expression changed.

At the same time, Saintess Jiaxue at the front looked at the huge stone pillar in front of her and the dozen or so groups of bone spirit demon fires floating in front of her, her brows furrowed.

This is obviously a gathering evil spirit formation, why has the formation eyes completely changed?

Just like Yue Feng, Jia Xue at this time also realized that something was wrong, but he hadn't found out what the problem was.

Whoohoo!

At this time, I saw more than a dozen groups of bone spirit demon fires in front of me, as if they had spirituality, they quickly gathered together to form a huge cyan fireball, and then whistled.

boom!

In the next second, the fireball slammed into the protective film, making a violent roar. The protective film was directly burned with a gap, and the fireball also collapsed, forming a sea of fire around it.

"Oops!"

The protective film was broken, whether it was Saint Lady Jia Xue, or Yu Ling and Huan Xiang, all of them trembled and exclaimed.

Seeing this sea of azure fire, it shrank rapidly, completely trapping them in it.

The ultimate husband in Chinese chapter 3016-3020

Chapter 3016

Chi Chi... In the

blink of an eye, the flames attacked, and the long skirts on the eight saintesses were instantly burned to ashes. In an instant, the exquisite and charming curves of the eight saintess, all of a sudden exposed.

Gudong!

Seeing this scene, Yue Feng couldn't help swallowing his saliva and his eyes were straight.

Yue Feng clearly saw that because the eight saintess had Nascent Souls in their bodies, these bone spirit demon fires were only temporarily attached to the surface of the skin and burned, and they could not penetrate into their bodies for a while.

However, they had been activating the protective film before to resist the Bone Spirit Demon Fire. At this time, the power of the Nascent Soul of the eight saintess was almost exhausted. It would not be long before the Bone Spirit Demon Fire would take advantage of it.

"Yue Feng!"

Aware of Yue Feng's gaze, the Yuling Saintess was full of shame and anger, and she shouted coldly: "Close your dog's eyes!"

At the same time, the other saintess also glared at Yue Feng.

How could the dignified Nine Heavens Saintess be stared at like this by a man like him?
!

What the hell!

Hearing this, Yue Feng was angry again, and it was ridiculous.

It's all this time, and they're still so proud.

Um?

At this moment, Jia Xue frowned and looked at Yue Feng in surprise: "You... how are you all right?"

This chapter is provided by . Visit for daily update.

At this time, Jia Xue clearly saw that this piece of bone spirit demon fire seemed to be very Fearing Yue Feng, he avoided him.

This is incredible.

At this moment, Yu Ling and Huan Xiang also discovered the problem and looked at Yue Feng in surprise.

Ha ha!

Seeing their astonished eyes, Yue Feng smiled slightly: "Maybe I am special!" The voice fell, Yue Feng stretched out his hand, and in that instant, a white flame appeared in Yue Feng's hand!

It is Bailian Lenghuo!

Whoa!

Seeing Bai Lian's cold fire, Jia Xue's body trembled, completely stunned.

"You..."

Soon, Yu Ling reacted and glared at Yue Feng: "You actually have a white lotus cold fire, why didn't you say it just now?"

Yu Ling was very angry at this time, this Yue Feng was obviously Deliberately, he clearly has the cold fire of Bailian, but he watched him consume the power of Nascent Soul to resist the demon fire of bone spirit.

This man is so nasty.

Yue Feng shrugged his shoulders with a look of helplessness: "Saint Yuling, you didn't let me talk nonsense just now, why did something go wrong and you blame me again?"

"You..."

Yuling blushed . , For a moment, he didn't know how to refute, and stomped his feet in anger, indescribably charming.

"Alright, alright!" At this time, Zi Yan bit her lip and said softly to Yue Feng: "Yue Feng, hurry up and use the cold white lotus fire to devour these bone spirit demon fires!

" , you put it lightly, so many bone spirit demon fires, if I want to swallow them all, it will consume a lot of internal energy!" Yue Feng said with a smile.

To be honest, Bailian cold fire restrains the bone spirit demon fire, if Yue Feng wants to devour it all, it will not consume much internal energy at all, but before the few saintesses Yuling have always looked down on him, Yue Feng deliberately teased them.

And when he said this, Yue Feng's eyes couldn't stop looking at the eight saintess.

I have to say that these eight fairies really have their own merits, and each of them has a superb figure.

Especially at this time, the long skirts on their bodies were completely burned, and the exquisite and bumpy curves were undoubtedly revealed. Any man who saw it would go crazy for it.

Huanxiang and Yuling, proud and cool.

Zi Yan and Jia Xue are the intellectual and charming type.

The remaining few, some gentle and quiet, some gentle, are really dizzying, and it is a visual feast.

"Yue Feng!"

Chapter 3017

Seeing that Yue Feng has been staring, Huanxiang has a grumpy personality, and can't help it: "I haven't seen enough? I can't swallow it, then you can think of a way."

At this time, Huanxiang was very angry, but I don't even care about this.

The situation is critical right now, and if you can't think of a solution, your sisters are really in danger.

Speaking of which, as the Holy Maiden of the Nine Heavens, even if the Bone Spirit Demon Fire invades, there is no danger of life, but the pain of the burning tarsus is not something that ordinary people can bear.

At the same time, Zi Yan and Yu Ling also looked at Yue Feng, all of them anxiously.

"Okay, okay!"

Yue Feng nodded with a smile: "Don't worry, saints, I have a solution!" After the

voice fell, Yue Feng urged Bailian Lenghuo to form a circle of white protective masks around the eight saints. The woman covered her, and in an instant, the surrounding azure sea of flames was cut off all of a sudden.

However, the scope of this protective mask is very small, and the eight saintess Zi Yan and Yuling can only squeeze tightly around Yue Feng.

call!

At this moment, surrounded by the eight saintesses, and at the same time smelling the fragrance from their bodies, Yue Feng was in a happy mood and was intoxicated.

Hahaha...

It's such a wonderful feeling to be surrounded by eight nine-day saints.

Swish!

At this moment, the faces of the eight saintess were all flushed and shy.

"Yue Feng, you..." Zi Yan blushed, bit her lip and reproached: "Did you do it on purpose? You can't make this protective cover bigger, and it has to be so small?"

When the words fell, Yu Ling and Huan Xiang were also embarrassed and angry.

Uh....

Yue Feng scratched his head embarrassingly, and then pretended to say: "Saint Ziyan, how can I do it on purpose? I can deploy such a large protective cover, it is already the limit, you must know, these The Bone Spirit Demon Fire has formed a sea of fire around you. You Nine Heavens Saintess can't stop it, let alone I am from the Kyushu Continent?"

Hearing this, Zi Yan bit her lip and didn't care anymore.

In the next second, Zi Yan tilted her head to look at Jia Xue: "Jia Xue, how do we go next?"

Shuh!

At the same time, the other saintess also looked at Jia Xue. After all, among the nine saints, only Jia Xue was proficient in formation.

"I..."

Facing the inquiries of the sisters, Jia Xue's beautiful face showed a trace of embarrassment, and said softly: "This formation is very strange, when I first came in, it was obviously a gathering evil spirit formation, But when we get here, it seems to have completely changed again."

Saying that, Jia Xue's face flushed, and he lowered his head and said, "I can't find a way out for a while."

What?

Hearing this, Zi Yan and Yu Ling were all trembling and panicked.

How to do? Even Jiaxue couldn't find a way out, so was he trapped like this?

"Or."

At this moment, Yue Feng couldn't help but said, "I'll try it!"

When he said this, Yue Feng looked confident.

That's right, just when he cast the white lotus cold fire and deployed the protective mask, Yue Feng had already seen the problem of this stone forest.

What?

In an instant, the eyes of the eight saintess converged on Yue Feng.

Especially Jia Xue, whose beautiful face showed deep doubt: "Yue Feng, don't think this is a child's play, I admit that you have the cold fire of white lotus, which is indeed extraordinary, but this stone forest is very strange, once you leave Wrong, I'm afraid we'll never be able to get out." The

voice fell, and Yu Ling and a few others also criticized.

"That's right, Jia Xue can't do it, what can you do?"

"Don't think that you have the cold fire of white lotus, so you are arrogant."

The words of several saintess kept coming, and no one believed in Yue Feng, you know, here is the In the space within the Hades Cauldron, the formation is extremely sinister and unpredictable, and it is simply not comparable to the ordinary formations in the Kyushu continent.

Chapter 3018

Oh!

Seeing this situation, Yue Feng smiled bitterly.

"Sisters!" At this moment, Zi Yan couldn't help but softly said: "Since Jia Xue has no choice, let's let Yue Feng try it!" For

some reason, Zi Yan chose to believe in Yue Feng from the bottom of her heart. After all, there is no need for Yue Feng to joke about this situation.

Seeing Zi Yan say so, Yuling and the saintess, it is not easy to say anything.

Haha...

Seeing that the eight saintess had no objection, Yue Feng showed a smile, then opened his hands, hugged them together, and walked forward.

Swish!

At this moment, being hugged by Yue Feng, the eight saintess were all blushing, but they did not dare to move, because if they moved, they would go out of the protective mask and would be burned by the cold fire of the bone spirit.

“Left five, right seven... Gan Er Kun four...”

For the next ten minutes, Yue Feng recited the formula in silence, and soon successfully brought the eight saintess out of the stone forest.

This....

the moment he walked out of the stone forest, whether it was Jia Xue or the other saintess, all trembled and were completely shocked.

Really successfully walked out, how did this Yue Feng do it?

Especially Jia Xue, his eyes were fixed on Yue Feng, his eyes were full of incredible: “Yue Feng, you...how do you know where the exit is?”

Yue Feng smiled and said slowly: “This stone forest is not One formation, but two formations are superimposed together, one is the Jusha Fascinating Array, and the other is the ‘Ling Void Purifying Soul Array’, but the gathering evil fascination array is in the bright place, and the Spirit Void Purifying Soul Array is in the dark. So it’s hard to find.”

These two formations are recorded in “Baiqishen Formation”, and they are still very complicated high-level formations. Speaking of which, Yue Feng didn’t find it at first, until he reached the center of the stone forest and saw the huge stone pillar. , then suddenly understood.

call!

Hearing these words, Jia Xue suddenly understood, and looked at Yue Feng’s eyes, which also flashed a strange light.

This person seems to be not serious, but his attainment in formation is higher than himself.

At the same time, Zi Yan and Yu Ling, who were next to them, were also secretly sighing. I didn't expect this Yue Feng to know so much...

Hula!

Just as he was talking, he heard footsteps in the fog not far away.

Yue Feng quickly looked over, and his face changed suddenly.

I saw the masters of dozens of sects quickly approaching here. Obviously, they are also exploring the environment here and looking for a way to get out.

However, Yue Feng was not happy at all, instead his face was a little complicated.

The disguise on his face is gone, and he is still with the eight saintess. If they are seen by these people, it is easy to misunderstand. After all, at the meeting of the prayer altar, King Guangping said that the eight saints were fake. And also his own comrade.

More importantly, the long skirts of the eight saintess have just been burned by the bone spirit demon fire, and there is no obstruction. If people from these sects see it, it will be even more unclear.

Swish!

At the same time, Zi Yan and several saintess were also in a hurry.

No, I'm too embarrassed for the way I am now. If I'm seen, how will I see people in the future?

"Yue Feng!"

Anxious, Zi Yan urged Yue Feng: "You...you think of a way, don't let these people come over!"

When she said this, Zi Yan couldn't be more anxious. But innocence is more important than life.

At the same time, Yu Ling and Huan Xiang also looked at Yue Feng with urgency in their eyes.

Haha...

Feeling the anxiety of the eight saintess, Yue Feng did not panic at all, and said with a smile: "Saint Ziyang, you can also ask me for help. You can call me good brother."

Chapter 3019

Swish!

Hearing this, whether it was Zi Yan or the other saintess, their faces flushed red, and they were full of shame and anger.

This Yue Feng is so abhorrent that he dares to make such a request, he is simply courting death.

Zi Yan stomped her feet in anger, and said in a coquettish manner, "Yue Feng, stop making trouble, and think of a way."

As she spoke, she looked at the front, and the people from the sect were coming soon.

Yue Feng looked leisurely and said lightly: "I'm not fooling around, we have nothing to do with each other, how can I help you? Besides, I've already helped you a lot just now, bringing you out of the stone forest is already benevolent and righteous, let's talk about it. Now, you have always said that I'm still the Holy Maiden Lanxin, and you didn't give me a chance to explain, and now you need me to help you with one sentence, is it appropriate?"

This....

Zi Yan bit her lip, her face flushed anxiously, But speechless.

The Huanxiang next to them were also very angry, but they had nothing to refute, because Yue Feng was right, the two sides were not friends, and even had some grudges, Yue Feng really had no reason to help.

However, if Yue Feng didn't help, when the people from the sects came over, his image of the Nine Heavens Saintess would be completely ruined.

call!

Two seconds later, Zi Yan took a deep breath and said softly to Yue Feng: "Good brother!" To

be honest, calling Yue Feng a good brother, Zi Yan felt ten thousand reluctant in her heart, but the situation was urgent and she was uncompromising. If so, it's too late.

Seeing that Zi Yan opened her mouth, Huanxiang and the other saintess also put down their dignity and opened their mouths one after another.

“Good brother...”

Hahaha...

This sound is so good brother, Yue Feng’s whole body is crisp, and he just feels refreshed.

“Several good sisters, how good!” Yue Feng said with a smile, then raised his hand and waved, Bai Lian jumped out coldly, forming a white light curtain, like a curtain, surrounding the eight saintess stand up.

Whoops!

It was at this time that the dozens of sect masters also arrived.

“Yue Feng?”

“And those eight fake saints...”

“How are they together?”

At this moment, everyone was stunned when they saw Yue Feng.

While discussing, the eyes of many people couldn’t help looking at the eight saintess, and the eyes of many men were straight.

The eight saintess at this time, although they were blocked by the white light curtain, the exquisite curves are still looming, and the faces of each have their own merits, which is almost dazzling.

I go!

At this moment, Yue Feng was also stunned, and saw that in the crowd, there was a pretty slender figure with delicate facial features and a hint of arrogance.

It is Long Qianyu.

At the same time, Long Qianyu also saw Yue Feng, and immediately frowned.

After being sucked into the Hades Cauldron before, Long Qianyu soon encountered other sect masters, and immediately went together to explore this independent and sinister space, but he did not expect to meet Yue Feng here.

“Yue Feng!”

Finally, Long Qianyu reacted and said coldly to Yue Feng, "Why are you here? You always explain what happened to these eight people who pretended to be the Nine Heavens Saintess, and what did they have to do with you? What is your conspiracy?"

A series of questions were asked in a row, and there was no doubt about it.

Swish!

The voice fell, and the eyes of the sect masters next to him suddenly converged on Yue Feng, each with a bad look.

At the conference, King Guangping said that Yue Feng had something to do with these fake Nine Heavens Saintess, and everyone was still skeptical, but at this time, seeing that they were together, they couldn't help but be suspicious.

Chapter 3020

Uh!

Facing Long Qianyu's questioning, Yue Feng was very helpless.

This Long Qianyu, fortunately, is still the eldest princess of the Southern Cloud Continent, and her mind is too simple. Now that the situation is so obvious, she even thinks that the eight saintess are fake.

Thinking to himself, Yue Feng looked at Long Qianyu and said slowly: "You haven't seen it till now? You were all deceived by King Guangping, these eight saintess are real. As for King Guangping, he kept saying For the sake of the world of Kyushu, he is actually the person of Pluto."

"Look around you, do you know where this place is? This is the inner space of Pluto Cauldron. Pluto Cauldron is a magic weapon in the ghost world. If King Guangping is not a person of Pluto, how come there is a Pluto Cauldron in your hand?"

This...

Hearing this, dozens of sect masters looked at each other in dismay, unable to speak for a while.

At the same time, Long Qianyu's beautiful face was instantly embarrassed. Could it be that...have you misunderstood the eight saintess?

"Yue Feng!" At this moment, a man

in a blue robe came out and asked Yue Feng, "You keep saying that they are the real Nine Heavens Saintess, what evidence do you have?"

Around the age of 20, he has a refined temperament, but there is a slyness in his eyes.

It was the head of Wanhezong, Su Shengfei.

Wanhezong is the second largest cultivation sect in the Xuanye Continent. Its strength is second only to Yuyao Pavilion.

Speaking of which, Su Shengfei and Yue Feng have no grudges, but over the years, Yue Feng's reputation in the Kyushu mainland is too loud, Su Shengfei has always been unconvinced, and has always wanted to find an opportunity to suppress Yue Feng, and now is a good opportunity. .

call!

Feeling the cunning in Su Shengfei's eyes, Yue Feng took a deep breath, feeling a little unhappy.

Nima, the head of the Wanhe Sect, has a sick mind. He has already said so much, and he is deliberately picking things up.

Thinking to himself, Yue Feng said lightly: "What else is there to prove? The Nine Heavens Saintess, whose physique is different from ordinary people, at the conference of the prayer altar before, the shadows on their bodies were the unique essence of the Nine Heavens Saintess. Baby."

"What kind of evidence is this?" Su Shengfei sneered.

At the same time, Su Shengfei's eyes couldn't stop looking at Huanxiang.

Su Shengfei was not only narrow-minded, but also very lecherous. In fact, he already understood at this time that the eight saintesses in front of him were real, but when he saw that Yue Feng had a close relationship with them, he couldn't help but feel jealous.

Nima!

At this moment, Yue Feng lost his patience, looked at Su Shengfei and said coldly, "Then what do you want?" This Su Shengfei is really sick.

Seriously, if it wasn't for watching so many people present, Yue Feng really wanted to teach him a lesson.

For a time, the atmosphere became a little dignified.

Yue Feng thought about it, no matter what, he must not let these people in front of him hurt the eight saintess again.

“Okay, okay!”

Seeing that the atmosphere was not good, a slim figure came out and said, “Everyone should say a few words less, now the most important thing is how to get out of here.”

The

voice is gentle and pleasant, it is Yu The head of Yaoge, Ye Zhixin.

When she said this, Ye Zhixin couldn't help but take a deep look at Yue Feng. Two months ago, Yue Feng dressed up and joined Yuyao Pavilion. It seemed that after getting along for a few days, Ye Zhixin trusted Yue Feng and knew him. Not a person who talks about it.

call!

Seeing Ye Zhixin's opening, Su Shengfei didn't know what to say, chuckled lightly, and stepped aside.

Yuyao Pavilion and Wanhezong are both sects of Xuanye Continent, and their relationship has always been good. Moreover, Su Shengfei has always secretly admired Ye Zhixin. At this time, seeing her speaking for Yue Feng, although she is very upset, it is not easy to refute.

Seeing this scene, Long Qianyu also came out and said lightly to Yue Feng: “Okay, I'll trust you for the time being!”

After speaking, Long Qianyu looked around and continued: “Everyone, Sect Master Ye Well said, the most important thing now is to find someone else and find a way to get out of here.”

The ultimate husband in Chinese chapter 3021-3030

Chapter 3021 The

voice fell, and everyone around them nodded subconsciously.

call!

At this moment, Yue Feng secretly breathed a sigh of relief, and glanced at Ye Zhixin gratefully.

He deserves to be the head of the first sect of Xuanye Continent, so profound and righteous.

Muttering in his heart, Yue Feng tilted his head and said to the eight saintess of Huanxiang: "Several saints, what do you plan to do next?" The

eight saintess looked at each other, and then Zi Yan said softly: "I was there just now. In the stone forest, we have consumed too much internal energy, and now we need to find a hidden place to cultivate and recover."

When she said this, Zi Yan's face was red, showing a bit of shyness.

Because at this moment, there are eight of them, and there are no obstacles on their bodies, and they are still covered by the cold fire of the white lotus that Yue Feng casts. Of course, such an image cannot be with the people of these sects.

The voice fell, and the other saintess also nodded.

Yue Feng nodded: "That's fine."

This place is full of dangers, and we must find a way to gather other people who have been separated.

Speaking of which, these major sects have always misunderstood themselves, and Yue Feng is unwilling to be with them from the bottom of his heart, but for the sake of the Kyushu Continent, don't care.

After all, the people trapped here are all the famous sect masters in the Kyushu continent. Once they get rid of their troubles, the entire rivers and lakes of the Kyushu continent will be completely over.

"Let's take a step first, and when we regain our strength, we'll join you again." Zi Yan said while biting her lip, she greeted the other saintess, and under the cover of Yue Feng Bai Lian Leng Huo, she quickly left in the distance.

In the blink of an eye, the eight saintess disappeared into the mist.

This chapter is provided by . Visit for daily update.

Pfft!

Watching the eight saintess go away, Yue Feng let out a long sigh of relief and sat on the ground at once.

From the beginning of Shilin, Yue Feng has been urging Bai Lian Leng Huo to protect the eight saintess, until just now, the internal energy consumption is serious, and it is very weak at this time.

Whoa!

Seeing this scene, dozens of sect masters were all stunned.

The next second, Su Shengfei strode over and shouted at Yue Feng, "Yue Feng, what are the eight saintesses doing?"

At the same time, everyone else looked at Yue Feng, waiting for his answer.

"Eight saintess, there are important things to do." Yue Feng responded lightly.

The eight saintess avoided these people because they had no cover up. This matter involves the reputation of the nine-day saintess, how can they say it?

"Mysterious and mysterious, there must be a problem!" Su Shengfei continued to shout in a stubborn manner.

Mad!

Yue Feng frowned and couldn't help scolding in his heart, this Su Shengfei is really sick.

Yue Feng was too lazy to talk nonsense, and said lightly: "Everyone is trapped here, what else can I have a problem with, the Nine Heavens Saintess is gone, but I am still here, what are you afraid of?"

"You..."

Hearing this Su Shengfei's face was extremely ugly, but he was speechless to refute.

"Okay!"

At this moment, Long Qianyu said: "Don't make any noise, everyone is tired, find a place to rest first, and then think of a way to find someone else." The

voice fell, Long Qianyu Glancing at Yue Feng, he then walked towards a valley not far away.

Long Qianyu is the eldest princess of the Southern Cloud Continent. She has a royal demeanor all over her body and is quite prestigious. In an instant, everyone followed suit.

Yue Feng smiled bitterly and followed behind.

Chapter 3022

Soon, when they reached the valley, Long Qianyu and everyone were relieved.

I can see that this valley has a quiet environment, an open space in the middle, and only a few sparse trees around it. It has a wide field of vision and is convenient to observe the situation. It is a very good place to rest.

However, Yue Feng looked at the big trees carefully, frowning secretly.

I don't know why, the quieter the place in front of me, the more Yue Feng has a bad premonition, especially those big trees, Yue Feng obviously felt that they were very different from the trees he had encountered before.

The branches are twisted and twisted, the branches show their teeth and claws, like a ghost, it is very evil.

“Okay!”

At this time, Long Qianyu found a flat place, sat cross-legged, and said, “Everyone, let's practice and recover here.” When the words

fell, everyone also looked for a place to meditate.

“Wait!” At this moment, Yue Feng couldn't help but say, “This place is not good!”

Shuh!

Hearing this, everyone looked at each other in dismay!

“Yue Feng!” Su Shengfei couldn't help shouting: “What do you want to do?”

Yue Feng did not respond directly, but looked around, carefully observed the surrounding trees and the environment of the valley, and then took a deep breath, shook his head and said, “This valley is not safe!” Is it

not safe?

Long Qianyu frowned, "Why is it not safe?"

Yue Feng pointed at the surrounding trees and said slowly, "Let's not talk about the environment of this valley, these trees are completely different from the ones we encountered before. It's different, it's very evil, I think we should change the place!"

Shua!

Hearing this, everyone's eyes fell on those big trees, and they all looked puzzled. As you can see, these big trees have different shapes and are indeed different from what they have seen before.

Just.... just a few trees, what could be dangerous?

Seeing everyone's expressions, Yue Feng took a deep breath and continued: "This is the inside of Hades Ding, and everything is dangerous. I don't think we should take it lightly."

After speaking, Yue Feng explained the situation he encountered in the stone forest before in detail. said it.

Hearing this, everyone was inexplicably nervous.

Ye Zhixin frowned and couldn't help but said softly: "Yue Feng, what do you mean, there are also bone spirit demon fires hidden in these big trees?"

Yue Feng shook his head: "I don't know this, I just feel This place is not right!"

Yes, Yue Feng observed carefully just now, and did not find any problems with these big trees, but based on past experience, Yue Feng firmly believed that his feelings would not be wrong.

"Feeling?!"

Hearing this answer, Su Shengfei couldn't help but get excited: "Sect Master Yue, just based on your feeling, we are all about to give up such a good place to rest? Do you think it's children playing games? Or You were frightened by the Bone Spirit Demon Fire before?"

Haha... When the

voice fell, many people around couldn't help but laugh.

They also felt that Yue Feng was a little surprised.

Seeing that everyone didn't believe it, Yue Feng was very helpless.

In the next second, Yue Feng looked around and said, "I've already said what I should say. It's not safe to rest here. I'm going to the next hillside to rest. Whoever wants to be with me can follow me!"

This. ..

At this moment, everyone present looked at each other in dismay, and no one stood up.

At this time, everyone was too tired, and no one wanted to fool around with Yue Feng.

"I'll go with you." At this moment, a graceful figure emerged from the crowd, with delicate facial features and seriousness.

It was Ye Zhixin.

In Ye Zhixin's heart, Yue Feng would not do this for no reason. Since he said that this valley is dangerous, there must be something wrong.

Whoa!

Chapter 3023

Seeing Ye Zhixin stand up to support Yue Feng, everyone was in an uproar.

Is the head of Yuyao Pavilion confused? Yue Feng is just talking nonsense and has no evidence at all. How can he believe his words?

Especially Su Shengfei, he couldn't sit still on the spot, and quickly stood up to persuade: "Master Ye, don't believe him." The

voice fell, and others also spoke.

"Yeah, there were rumors in the rivers and lakes that Yue Feng's blasphemy against Chang'e has not been clarified yet. Who knows what his heart is now."

"With so many of us together, even if there is a problem, we can solve it together.

While everyone was discussing, Su Shengfei walked quickly to Ye Zhixin, with a sincere expression on his face: "Sect Master Ye, I think Yue Feng just wanted to slip away. He hadn't yet produced evidence to prove that the eight were the real Nine Heavens Saintess. Let people go, and now make up a reason for wanting to run." As he

spoke, Su Shengfei gave Yue Feng a contemptuous look.

Ye Zhixin is her own goddess, how can she go with you? !

The voice fell, and many people around nodded.

“Yes, Yue Feng is deliberately alarmist, there must be a conspiracy!”

“We can’t be fooled!”

Hearing this, Yue Feng suddenly became angry.

Ma De, I kindly reminded you, but I was treated as a donkey’s liver and lungs. Forget it, let’s do what you like.

Thinking to himself, Yue Feng gave Su Shengfei a cold look: “I have already said it very clearly, believe it or not, but when something happens, don’t cry and beg me to save you.”

What?

Hearing this, everyone was stunned for a moment, and then sneered.

Su Shengfei couldn’t help but shouted: “Okay, Yue Feng, don’t put on the air, we are not fools!”

Yue Feng didn’t bother to pay attention to him, turned around and walked towards the hillside not far away. Ye Zhixin hesitated for a while, then quickly followed.

To be honest, Ye Zhixin was also skeptical in her heart, but in the end she chose to believe in Yue Feng.

“Wait!”

At this moment, Long Qianyu quickly chased after him, his beautiful face did not fluctuate at all, and said to Yue Feng, “I’ll go with you too!” After

speaking, Long Qianyu turned back and rushed He said to the others, “You rest here, I’m watching Yue Feng!”

Like everyone in Su Shengfei, Long Qianyu didn’t believe in Yue Feng, and he followed up at this time to prevent Yue Feng from escaping.

Haha...

Seeing the distrust on Long Qianyu’s face, Yue Feng smiled and didn’t say much.

A few minutes later, the three of Yue Feng came to the hillside not far away, and they saw that there was a cave on the hillside. The cave was not big, only a few square meters, just enough to accommodate three people to rest.

“Oops!”

Seeing the cave, Yue Feng showed a smile. He walked in first, and said with emotion, “It’s still this place, it’s reassuring.”

With that, Yue Feng was about to meditate cross-legged.

“Yue Feng!”

However, at this moment, Long Qianyu, who was standing at the entrance of the cave, said coldly, “Come out and rest outside the entrance of the cave.” His tone was cold and unquestionable.

“Why?” Yue Feng frowned.

Long Qianyu tilted his head and glanced at Ye Zhixin, and continued: “I am also the head of Ye, both women, how can I rest in the cave with you? If it spreads out, how should Jianghu talk about it?”

Ye Zhixin next to him also had a look on his face shy.

What the hell!

Yue Feng was very upset. He clearly proposed to rest on the hillside himself, and it was also the cave he found, but now he has to rest outside. What kind of reason is this?

“Also, don’t even think about running away!” At this time, Long Qianyu said coldly again.

Chapter 3024

Yue Feng was very helpless, nodded and walked outside the cave to meditate cross-legged.

At the same time, my heart is also very suffocating.

This Long Qianyu, who had previously announced to the world that he had canceled his engagement with him, is now doubting himself everywhere, really...

thinking to himself, Yue Feng didn’t bother to care anymore, and began to close his eyes and rest.

I don’t know how long it took, Yue Feng woke up from the cold.

Inside the cave, Long Qianyu also began to meditate and recover. Ye Zhixin

, on the other hand, was full of curiosity and couldn't help but ask Yue Feng outside the cave, "Yue Feng, is the valley below really dangerous?"

I also know a little bit about different techniques, but I can't see any problems with those big trees.

"You have to believe me!" Yue Feng responded with a smile.

Haha... As soon as he finished speaking, Long Qianyu couldn't help sneering and mockingly said: "Okay, Yue Feng, don't pretend to

be a ghost. Honestly, you are deliberately fooling everyone, what's your purpose?"

At that time, Long Qianyu still didn't believe Yue Feng, thinking that he was alarmist.

"I..."

Feeling Long Qianyu's questioning, Yue Feng opened his mouth, but for a while he didn't know how to speak, so he was speechless.

Whoa!

However, it was at this time that a disturbance was heard in the valley below.

I really got it right!

Yue Feng quickly stood up and looked towards the valley below, stunned.

At the same time, Long Qianyu and Ye Zhixin also hurried out of the cave, and their bodies trembled when they saw the situation in the valley.

I saw that in the valley, a black fog rose. In the black fog, there were many black shadows shuttled quickly. Dozens of sect masters were fighting against these black shadows, which was very intense.

This...

Seeing this situation, Long Qianyu's delicate body trembled, and he was secretly shocked.

It was really said by Yue Feng that the valley was really unsafe.

But, what are those shadows, and where did they come from? !

"Go and help!" At this moment, Yue Feng took the lead in reacting, slammed a word, and quickly rushed towards the valley.

Long Qianyu and Ye Zhixin looked at each other and quickly followed.

hiss!

When they reached the valley, they clearly saw the situation in front of them. Whether it was Yue Feng or Long Qianyu, they couldn't help gasping for air.

I saw that the shadows in the black mist were some evil beasts, all of them were pitch black, reminding them that they were like wolves and dogs, but they had three eyes, each of which was flashing with evil light, and each one was as fast as a dog. lightning.

There are hundreds of these beasts in groups, constantly attacking Su Shengfei and the others.

Su Shengfei and the others were all panicked and cooperated with each other to resist. However, there were still many people injured, screaming and shouting together. What was originally a quiet valley suddenly turned into hell.

This...is this a hell dog? !

Finally, Yue Feng reacted and was extremely shocked.

Speaking of which, Yue Feng didn't know about the hell dog. When he was in Shilin, it was Zi Yan who told him, because this is the space of the Hades, and there are many evil things in it, including the hell dog.

At that time, after Yue Feng learned about this, he didn't take it seriously, but he didn't expect it to happen so quickly.

Afterwards, Yue Feng looked at the big trees around him. Despite the black fog, Yue Feng could vaguely see that there was a hole on the top of the trunks of those big trees. Obviously, these hell dogs were hidden in the trunk before. among.

Long Qianyu and Ye Zhixin next to them were also inexplicably frightened and didn't know what to do.

"Yue Feng!"

At this moment, Long Qianyu was a little anxious, and couldn't help but say, "What should I do, go in and help them!" With

that, Long Qianyu was about to rush in.

Yue Feng hurriedly stopped him with a serious face: "Don't rush in rashly, these are hell dogs, very evil!"

Chapter 3025

Hell dog?

Hearing this, Long Qianyu felt a chill in his heart, and only felt that his legs were weak, and he didn't dare to act rashly.

At this time, Yue Feng took a deep breath and shouted at the trapped people, "You guys should find a way to rush out!"

Yue Feng noticed that the area surrounded by these big trees is the range of activities of these hell dogs. , as long as they rush out of this range, they are safe.

Swish!

Hearing Yue Feng's words, many people were shocked and ashamed at the same time.

Yue Feng was right before, there is really a problem with this valley.

But these people have laughed at him before.

I thought to myself, everyone cooperated with each other and tried to break out. However, there were too many hell dogs around, hundreds of them.

Everyone tried several times, but failed, and for a while, they were all panicked.

"What should I do?"

"Are you going to die here?"

"I don't want to die!" Under the

panic, many people were desperate.

Seeing this situation, Long Qianyu frowned and stomped her feet anxiously: "Yue Feng, think of a way!"

"You are the eldest princess of the Southern Cloud Continent, with high prestige!" Yue Feng smiled and said: "Also, you found this place, you should think of a way."

This Long Qianyu is too self-righteous, so she must have a long memory.

While speaking, Yue Feng also frowned secretly, thinking about countermeasures.

"You..." Long Qian's tone was not good.

What time is it, Yue Feng is still thinking about this.

In the next second, Long Qianyu was about to refute, when he saw Yue Feng's internal force urging him, raised his hand and waved, Bai Lian jumped out coldly, forming a protective film around his body.

Whoosh!

The next second, Yue Feng rushed directly into the black mist.

Yes, Yue Feng intends to rescue the people inside one by one. Speaking of which, Yue Feng doesn't know how to deal with the hell dog, but he thinks that his white lotus cold fire is the number one abnormal fire in the world, and it may be able to force the hell dog back.

To be honest, Yue Feng is completely gambling by doing this, but he can't help it, he can't just watch these people die!

"Wooooo..."

At this moment, seeing Yue Feng rushing in, many hell demon dogs immediately surrounded them, their three eyes flashing with blood-red evil lights, howling, and biting towards Yue Feng. Come.

However, as soon as they rushed to the front, they felt the protective film around Yue Feng's body, which was condensed by the cold fire of white lotus.

Haha....

Seeing this, Yue Feng showed a smile, secretly rejoicing.

This method really works.

Excited, Yue Feng grabbed two people with one hand, rushed out of the black fog, and then returned to save the others.

In less than a minute, Yue Feng rescued more than half of them.

In the end, Su Shengfei was the only one trapped inside.

Pfft!

But at this moment, Yue Feng sat on the ground, wiping the sweat on his face: "I'm exhausted, take a rest!"

"Alas? Sect Master Yue! Help, I'm still trapped!"

In the dark fog, Su Shengfei was fighting against the hordes of hell demon dogs alone, almost crying. The internal force is also quickly exhausted, and his face is pale.

Yue Feng didn't seem to hear it.

Nima, this Su Shengfei, who has been against himself before, has such a good opportunity, of course, it will make you suffer more.

The ultimate husband in Chinese chapter 3026-3030

Chapter 3026

"Yue Feng!" Long Qianyu was also in a hurry: "Sect Leader Su is still trapped inside, save him!"

Yue Feng showed a smile and said lightly, "I said before that there was danger here. , he said that I was alarmist, talking nonsense, and said that even if something went wrong, I didn't need my help, since he is so capable, let him rush out on his own!"

Hearing this, Long Qianyu opened his mouth, But he was speechless.

"Yue Feng!"

At this moment, Ye Zhixin came over, biting her lip and begging: "There is indeed something wrong with the head of Su, but we are trapped here, we need to unite, we can't die without help! "

Seriously, even though Yuyao Pavilion and Wanhezong have a good relationship, Ye Zhixin doesn't like Su Shengfei's character. But no matter what, everyone is a fellow from Kyushu, so you can't ignore it.

Mad!

At this time, Su Shengfei, who was trapped inside, was also anxious and angry when he heard Yue Feng's words!

This Yue Feng is obviously revenge! With so many beasts in front of you, how can you handle it?

"Ouch, ooh..."

Yue Feng rescued so many people and lost so many targets all at once, these hell demon dogs were also completely aroused by their ferocity, one by one screaming desperately, like crazy He rushed towards Su Shengfei.

Swish!

Seeing this situation, Su Shengfei was so frightened that his face turned pale, and he panicked completely.”

Su Shengfei almost cried when he shouted this.

To be honest, Su Shengfei didn't want to be rude in front of Yue Feng, but he couldn't help it. The situation at hand was critical.

This chapter is provided by . Visit for daily update.

After all, among all the people present, only Yue Feng has the cold fire of white lotus, and is not afraid of these hell demon dogs.

As soon as he finished speaking, Long Qianyu also stomped his feet in a hurry: “Yeah, Yue Feng, Sect Leader Su can't stand it anymore!”

Yue Feng smiled and said slowly to Long Qianyu: “What's the hurry? The sect master is very capable, some hell dogs can't hurt him at all.”

After speaking, Yue Feng stretched his waist.

This...

Long Qianyu frowned, very embarrassed.

Yue Feng made up his mind not to save people, and he couldn't force it. After all, a few days ago, he broke off the engagement with him, and it had nothing to do with it.

At this time, Su Shengfei's face turned green, and he kept shouting: “Sect Master Yue, please, there are too many beasts, I can't stop them...”

Yue Feng smirked in his heart, still too lazy ignore it.

Mad, this idiot used to target himself everywhere, and I'm sorry for not letting you suffer.

Seeing that Yue Feng persisted for a while, Ye Zhixin came over and grabbed his arm: “Yue Feng, this Sect Leader Su is narrow-minded, and he is not a wicked person, please help him!

”, Ye Zhixin bit her lip, very embarrassed.

Putting it away, Ye Zhixin was also more disgusted with Su Shengfei, but there was nothing she could do, they were all the same people in all corners of the world, how could she not be saved? !

Ugh!

Seeing Ye Zhixin speak, Yue Feng secretly sighed and nodded: "Okay, this time it's for the face of the head of Ye!"

With that said, Yue Feng urged Bai Lian Leng Huo to protect his body and rushed in to rescue Su Shengfei.

"Ouch, ooh..."

At this moment, after losing the last target, the hell dog in the black mist let out an unwilling howl, then burrowed back into the tree hole, and walked cleanly in the blink of an eye, followed by the black mist. It also gradually disappeared, as if everything before had never happened.

However, everyone present was still in shock, and recalling the thrilling scene just now, they were all heartbroken.

"Thank you Sect Master Yue, thank you..."

Su Shengfei kept thanking Yue Feng for regaining his life, and saw that he was full of scratches and scratches all over his body, and he was extremely embarrassed.

Chapter 3027

But while thanking, Su Shengfei's eyes flashed with a trace of resentment.

Ma De, he almost died inside, and Yue Feng took action to save him. This account will be settled with him sooner or later.

Yue Feng ignored it and raised his hand: "Okay, everyone, hurry up and rest, rest well, then continue on the road and look for others!" After

tossing for so long, everyone was exhausted, and many people suffered hurt.

Hearing this, everyone nodded, not daring to stay in this valley, and followed Yue Feng to the hillside not far away to rest.

...

the other side!

A few dozen miles away from the hillside where Yue Feng is located, is a black forest.

This black forest stretches for hundreds of miles, with tall trees, obscuring the sky and the sun.

At this time, more than a dozen figures are slowly moving forward in this black forest.

I saw that there are many familiar figures among them, Meihui, Zheng Chunqiu, and other masters of the sect.

Being sucked into the Pluto Cauldron, Mei Hui was very flustered at first, but soon met Zheng Chunqiu. After meeting, she walked together, and then she met other Jianghu colleagues.

Meihui, Zheng Chunqiu and the others had made plans to find a way to leave this forest first, and then find other people.

Um?

After walking for a while, Zheng Chunqiu, who was in front of him, suddenly stopped.

At the same time, the others were also looking ahead, frowning one by one.

“Brother Zheng, what’s the matter?” Mei Hui hurried up and asked.

When I met Zheng Chunqiu before, I knew that he was a friend of my eldest brother, so Mei Hui removed the disguise and returned to her original appearance.

“The front is weird again!” Zheng Chunqiu responded solemnly.

Mei Hui hurriedly followed the eyes of everyone, and was immediately stunned.

I saw that in the woods ahead stood a circle of stone monuments. These stone monuments did not know what material they were made of. They were dark and shiny, and the surface was as smooth as a mirror, which was very strange.

“How come there is a stone tablet here?”

After a few seconds, Mei Hui recovered and couldn’t help but said softly, “General stone tablets should have characters on them, but there are not a single word on them. Moreover, so Smooth, like a mirror.” As

she said that, Mihui walked over curiously.

“Let’s go and have a look!”

At the same time, Zheng Chunqiu and others couldn’t hold back and walked over one after another.

In front of these stone tablets, everyone found that the surface of these stone tablets was very smooth, like a mirror. For a time, everyone looked at themselves in the stone mirror and wondered secretly.

What are these tombstones for?

” Everyone!” At this moment

, Zheng Chunqiu suddenly frowned and said, “Everyone, get out of here!”

At this time, Zheng Chunqiu’s face was a little bad. He clearly felt that there was a strange smell in the stone tablet in front of him. The power of his body slowly diffused out, and under the influence of this power, he was so exhausted that he couldn’t exert any strength.

Not only that, but the inner strength can’t be released! Dantian seemed to be suppressed.

When the words fell, Zheng Chunqiu was about to turn around and step back, but found that his feet seemed to be filled with lead, and he couldn’t move.

How could this be?

Zheng Chunqiu was terrified and inexplicably panicked in his heart.

Chapter 3028

Seeing Zheng Chunqiu’s expression, Meihui quickly asked, “Brother Zheng, what’s wrong with you?”

At the same time, everyone else looked at Zheng Chunqiu.

Zheng Chunqiu opened his mouth and was about to speak when he was interrupted by a sneer.

“Jie Jie...” The sullen

laughter came from the stone tablet in front of him, and he saw that the stone tablet in front of Zheng Chunqiu’s eyes suddenly came alive, twisted and changed a little bit, and finally condensed a figure. , and this figure is exactly what Zheng Chunqiu looks like.

It’s just that those eyes are full of endless evil.

Swish!

Seeing this scene, whether it was Zheng Chunqiu, Meihui and others, their expressions changed greatly and they were shocked.

A good stone tablet suddenly turned into a human being, and it still looks like Zheng Chunqiu. If you hadn’t seen it with your own eyes, who would have believed it?

“You...”

Finally, Zheng Chunqiu reacted, looking at the fake self in front of him, he couldn't help asking: “What are you?”

“What am I? Hey, my name is Mirror Image, but now, I It's you!” The other party laughed evilly.

Mirror Demon?

Hearing this, Zheng Chunqiu only felt his brain buzzing and panicked inexplicably.

Mirror Demons are the inner space of Hades Ding, a special existence, nurtured by endless yin and evil spirits. They like to transform into the shape of a stone tablet. When someone approaches and looks in the mirror, they will become the other party's appearance. .

“You evil, want to replace me?” Zheng Chunqiu was furious, staring fiercely at the mirror image demon in front of him, and was about to mobilize his internal strength to resist, but his whole body was imprisoned by that strange force, and he couldn't move at all.

At the same time, Mei Hui and the others were also shocked and angry, and wanted to rush over to deal with this mirror image demon.

But to their astonishment, they couldn't move.

“Why can't I move?”

“Me too...”

Buzz buzz...

Just as they were talking, everyone in Meihui was shocked to find that the stone tablet in front of them quickly changed and twisted, and finally turned into their own appearance. .

Obviously, every stone tablet is a mirror image demon, and these mirror image demons have all turned into beautiful people.

“Haha...”

At this moment, one of the leading mirror demons laughed proudly: “Finally turned into a humanoid, I heard that there are a lot of humans here, we can play with them!”

The voice fell, and more than a dozen mirror image demons tied Zheng Chunqiu, Meihui and the others, and then stuffed them into a nearby cave, and then disappeared into the black mist.

....

the other side!

Yue Feng and Long Qianyu, after resting on the hillside for a few hours, continued to explore the surroundings, looking for other rivers and lakes.

Many of the hellhounds encountered in the valley before were injured, but none of them were life-threatening.

“Everyone!”

At this time, Ye Zhixin thought of something, and said to everyone: “The situation encountered in the valley before proves that Yue Feng’s guess is correct, so I think we should follow Yue Feng’s command for the next actions. !” The

voice fell, and everyone looked at each other in dismay. At the same time, his eyes were also subconsciously looking at Long Qianyu.

You must know that Long Qianyu is the eldest princess of the Southern Cloud Continent and has high prestige, so everyone followed her arrangement before, but now she is suddenly replaced by Yue Feng, which is naturally a bit awkward.

“I...”

Seeing everyone looking at him, Long Qianyu bit his lip tightly, and said lightly, “I don’t care!”

When he said this, Long Qianyu was indifferent on the surface, but he was a little unconvinced in his heart. Princess, it is really embarrassing to obey Yue Feng’s command.

But there is no way, Yue Feng did say exactly what happened in the valley before.

Seeing Long Qianyu taking the lead, everyone else nodded.

“Okay!”

“Since the eldest princess has said so, we have no objection.”

Many people were also dissatisfied with the words.

Chapter 3029

Especially Su Shengfei, who pretended to fight for Long Qianyu: "Isn't it wrong, before, Her Royal Highness the eldest princess led everyone, now it's Yue Feng, in case..."
The words were not

finished, Ye Zhixin glared at him: "If you want to have an opinion, you don't have to come with us."

This Su Shengfei really doesn't know what to do, if it wasn't for Yue Feng, he would have been torn apart by those hell demon dogs long ago. Just forget.

"No opinion, no opinion!" Su Shengfei squeezed out a smile and spoke quickly.

Having said that, Su Shengfei felt extremely jealous in his heart.

Ma De, Ye Zhixin is her own goddess, but she speaks for Yue Feng, why?

Yue Feng didn't care about this, smiled and said, "Since everyone trusts me so much, then I will do my part!"

After saying that, Yue Feng took the lead and walked forward.

Everyone hurry up!

Um?

I don't know how long I walked, and when I reached a black swamp, Yue Feng suddenly stopped, and his heart was shocked!

I saw that more than 100 meters ahead, in the swamp and quagmire, there were more than a dozen figures trapped. Looking carefully, it was Meihui, Zheng Chunqiu and others.

Whoa!

At the same time, Ye Zhixin and others also saw it, and there was an uproar.

"That...it seems to be the Sect Master of Danzong and

the others." "They are trapped in the quagmire." The

anxious discussion came, and Yue Feng was also a little anxious, thinking about ways to save people.

You must know that the environment of this swamp and quagmire is complicated. If you accidentally get stuck in it, it will be difficult to get out.

“Help!”

“Come and help us!”

At this time, the people who were trapped in the quagmire found Yue Feng and others, and shouted.

At this moment, Yue Feng was going to rush over, but when he heard the call of the other party, he suddenly felt that something was wrong.

Meihui and Zheng Chunqiu, one is her sister, the other is her brother and friend, they can see themselves, they don't have a name, they just keep calling for help.

Moreover, Yue Feng noticed that these people trapped in the quagmire were filled with a faint evil spirit.

“Quick!”

At this moment, Long Qianyu couldn't bear it any longer, and urged, “Yue Feng, let's hurry up and save people!” There

are so many people from all corners of the world who are trapped, and they must be rescued.

As soon as the voice fell, Long Qianyu was about to move his figure and rush over to save people.

At the same time, Ye Zhixin and others were also preparing to act!

“Wait!”

However, at this moment, Yue Feng frowned and stopped, “Don't save it yet!”

“Why?” Long Qianyu was stunned and frowned.

Yue Feng took a deep breath and said lightly: “They are not in danger for the time being, let's not act rashly!”

What?

Hearing this, everyone around was very unhappy.

So many sect masters have been sucked into Hades Cauldron, and now it is hard to find some of them, and they are still stuck in the swamp, but Yue Feng is not in a hurry to rescue, what is his heart?

Feeling the dissatisfaction of everyone, Yue Feng did not speak, but quietly observed these people in the quagmire.

The more he looked, the more Yue Feng felt that there was a problem.

Yue Feng clearly found that these people who were trapped in the quagmire kept calling for help, but there was no panic on their faces.

Could it be.... these people are all under control?

Thinking about it, Yue Feng was more cautious and planned to continue to wait and see.

Chapter 3030

Seriously, Meihui and Zheng Chunqiu were trapped, and Yue Feng was more anxious than anyone else, but he also knew in his heart that this is the inside of Hades Ding, where dangers are everywhere, and you must be careful in everything.

Yue Feng felt right. It was not Meihui and Zheng Chunqiu who were trapped in the swamp, but the mirror demons.

These mirror image demons are very cunning, and they deliberately pretend to be trapped here, trying to attract Yue Feng and others to come in. Once Yue Feng and others approach, they will launch a surprise attack. Seeing that Yue Feng had no intention of saving people, Long Qianyu

suddenly became anxious: "Yue Feng, why don't you let everyone save people? Do you want to watch them get engulfed by the quagmire?"

full of displeasure.

This Yue Feng is really ruthless. Seeing that his fellow comrades are in trouble, he doesn't want to help. Originally, I admired his Tianmen quite a bit, but now it seems that he really looked up to him before.

Ugh!

Yue Feng smiled wryly.

As the eldest princess of the Southern Cloud Continent, she is well-informed, so how can she think so simply? There was obviously something wrong with the situation in front of her, but she didn't see it at all!

Thinking to himself, Yue Feng said lightly: "Wait!"

Still waiting?

Hearing this, everyone around was anxious!

What does he mean, do you want everyone to give up the rescue? It's a shame that he is still the sect master of Tianmen, and he has been preaching for the benefit of the Kyushu rivers and lakes.

"Yue Feng!"

Finally, Long Qianyu couldn't bear it anymore, and scolded: "I know that there were rumors in Jianghu before that you blasphemed Chang'e, and all the sects accused you and Tianmen, so you were very unhappy, but once Code to code, you can't wait until you die!"

When the words fell, Su Shengfei also jumped out and shouted: "That is, Yue Feng, you are too narrow-minded, even if others don't save you, you have to save your sister-in-law, and the Sect Master of Dan Sect, right?"

"Sect Master of Dan Sect Zheng Chunqiu, You have always been worthy of your brother, how many times you have been desperate to help you, but now, you don't care about him, is this what people do?"

When he said this, Su Shengfei's face was righteous, but his eyes flashed. With the pleasure of revenge.

Mad, this Yue Feng, had deliberately made things difficult for himself before, but now such a good opportunity for revenge cannot be missed.

Su Shengfei's words attracted everyone's nods.

Even Ye Zhixin couldn't stand it any longer, and said to Yue Feng, "Yue Feng, save people, the time is running out."

Phew!

Seeing that everyone didn't believe in himself, Yue Feng was very helpless, took a deep breath and said, "It's not that I am selfish, you can see clearly, this swamp is completely different from what we usually see, and there may be other dangers hidden in it."

” Moreover, these trapped people are shrouded in evil spirits, I think they are being controlled, so let’s not act rashly...”

However, no one believed Yue Feng’s words.

“What is being controlled, don’t look for reasons!” Su Shengfei said loudly.

Long Qianyu was too lazy to talk nonsense: “Okay, if you don’t save us!”

Om!

The voice fell, Long Qianyu’s inner strength exploded, and the figure was astonishing, and flew directly towards the quagmire.

Swish swish....

At the same time, Su Shengfei and others also flew up one after another, following closely behind.

Seeing this scene, Yue Feng wanted to stop it, but it was too late.

“Sect Master Zheng!”

When he got to the front, Long Qianyu was suspended in the air and shouted at Zheng Chunqiu, “Grab the ribbon, I’ll pull you up!” The voice fell, the jade hand lifted, and a ribbon was thrown towards Zheng Chunqiu.

Long Qianyu thought about it, the environment in this quagmire is dangerous, and he definitely can’t go down, so he can only use this method to save people.

At the same time, Su Shengfei and the others who followed followed this method. Those who threw the rope, and those who had no rope, threw out the whip on their body.

At this time, Long Qianyu and others did not realize that the people who were trapped here were not the familiar Jianghu fellows at all, but the mirror image magic.

“Thank you!”

At this moment, he transformed into Zheng Chunqiu’s mirror image demon, showing a wicked smile, then tied the ribbon and pulled it violently.

Long Qianyu didn’t respond at all, and was dragged into the quagmire all of a sudden.

The ultimate husband in Chinese chapter 3031-3040

Chapter 3031

Puff, puff...

At the same time, Su Shengfei, Ye Zhixin and others were also dragged into the quagmire by other mirror image demons.

“Zheng Sect Master, what are you doing?”

“You’re crazy!”

“We’re here to save you...”

Listening to everyone’s discussion, these mirror image demons laughed sullenly.

A mirror image headed by the demon, directed at Long Qianyu, said sadly: “It’s not easy to deceive you, let me tell you the truth, we don’t need to save you, but send you to hell, hahaha...”

hum!

The voice fell, and a terrifying yin and evil aura erupted, and then a palm hit Long Qianyu.

What?

Long Qianyu’s pretty face changed, and at this time he realized that Yue Feng was right, and there were problems with these people in front of him.

She clearly saw that the ‘Zheng Chunqiu’ in front of her had a sinister expression on her face, her eyes flickering with evil light, and the Zheng Chunqiu she knew before was completely two people.

In a panic, looking at the Mirror Demon who rushed up, Long Qianyu was about to fly out of the quagmire when he used his internal power.

Hissing...

But at this time, I heard a strange sound coming from the quagmire under my feet. This sound made people hairy. The next second, I saw a vine with the thickness of an arm burrowing out. Zi wrapped Long Qianyu’s feet.

This chapter is provided by . Visit for daily update.

In an instant, Long Qianyu was unable to move, and could only use his internal strength to fight fiercely with the Mirror Demon who rushed over.

bang bang bang...

At this time, the other mirror demons also attacked Su Shengfei and others.

Like Long Qianyu, Su Shengfei was also entangled by vines emerging from the quagmire, restricting his movements one by one, and the situation was very critical.

call!

Seeing this scene, Yue Feng was anxious and helpless.

I had already said that there was a problem, but they didn't listen.

Thinking about it, Yue Feng's figure moved and burst out.

hum!

The next second, Yue Feng raised his hand and waved, and a ball of white lotus jumped out of cold fire, bursting straight towards the vines in the quagmire.

Chi Chi...

The vines touched the cold fire of the white lotus, and they were instantly burned to ashes. However, in the next second, a new vine came out quickly, which was very evil.

Nima!

Seeing this scene, Yue Feng was secretly surprised.

What are these vines? Can it be reborn?

At this time, Yue Feng did not know that these vines, called ghost man vines, were difficult to destroy completely because they absorbed the constant yin qi from the ground.

It is precisely because of this that these mirror image demons will attract Long Qianyu and others, so that they can use Ghost Manteng to deal with them.

However, Yue Feng couldn't care less, he raised his hand and summoned Fang Tianhuaji to help Long Qianyu and others to fight against these mirror image demons.

At the beginning, Yue Feng thought that he had Bailian cold fire and was very confident, but gradually, he became a little powerless, because these ghosts and vines could not

be killed at all, and at the same time, he had to take care of Long Qianyu and others, which was completely ineffective.

Under such circumstances, Yue Feng was completely anxious, holding Fang Tianhua halberd tightly, slashing like crazy.

“Yue Feng, let’s help you!”

At this moment, a coquettish shout came from the sky not far away.

Yue Feng followed the voice and was immediately excited.

I saw that in the mid-air not far away, eight figures flew quickly, and their long skirts were flying. It was the eight saintess of the Nine Heavens.

Chapter 3032

“The Nine Heavens Saintess is here!”

“That’s great!”

Seeing the eight saintess coming, everyone in Long Qianyu was overjoyed.

And the eyes of some men in Su Shengfei were also deeply attracted, unable to extricate themselves.

I saw that these eight saintess, without their previous embarrassment, all dressed in long skirts, full of immortal energy, standing together, each has its own advantages, which is dizzying!

“Yue Feng, don’t panic, we’ll help you!” Zi Yan, who was flying in the front, opened her mouth to Yue Feng with her red lips lightly parted.

After being separated from Yue Feng, the eight saintess found a hidden place and resumed their cultivation. Then they came to look for Yue Feng, and they saw that Yue Feng and Long Qianyu were trapped in a swamp.

At this moment, a smile appeared on Yue Feng’s face: “Thank you for a few good sisters!”

When he was in Shilin before, Yue Feng teased the eight saintesses and asked them to call him good brother. Just said it.

Swish!

When the words fell, Zi Yan’s pretty face flushed, and she said angrily: “Shut up!”

At the same time, the other saintess' faces turned red all of a sudden, embarrassed and angry.

This Yue Feng is really not serious at all.

Long Qianyu, who was trapped in the quagmire, couldn't help but glared at Yue Feng. This bastard, every day, every day, even the Holy Maiden of the Nine Heavens dares to provoke her!

Um?

At this moment, I felt the breath of the eight saintesses, and the mirror demons in the battlefield were all inexplicably frightened.

"You evil sprites, don't hurt anyone!" Huan Xiang let out a coquettish cry when she got to the front, and her figure was astonishing, and she took the lead in joining the battlefield.

Immediately after, the other saintess of Yuling followed closely.

The eight saintess joined, Long Qianyu and the others felt the pressure relieved immediately. Yue Feng was

also very excited, but also had some doubts in his heart. He couldn't help but said to Zi Yan: "Saint Zi Yan, are my little sister and these people being controlled?"

The devil and the ghost Manteng in the depths of the quagmire were fighting. At this time, in his heart, he thought that the 'Meihui' and 'Zheng Chunqiu' in front of him were being controlled.

control?

Zi Yan frowned and responded seriously: "These are not your little sisters and friends at all, they are transformed from mirror magic." As a nine-day saint, Zi Yan can see at a glance that these mirror magic are in front of her. Nature.

What?

Hearing this, both Yue Feng and Long Qianyu were shocked.

These people in front of you are all fake, all of them are mirror images of magic?

But what is the mirror demon?

Seeing Yue Feng and others looking puzzled, Zi Yan bit her lip and continued: "Mirror image demons, with a special existence, are very evil, they like to transform into stone

monuments, the surface of the stone monument is as smooth as a mirror, waiting for people to come over. After looking in the mirror, the mirror demon will turn into the appearance of these people.”

“That is to say, your little sister and friends are under the shadow of these mirror demons.”

Nima!

Upon learning of these circumstances, Yue Feng was furious.

Fortunately, I was observant, and I felt that there was something wrong with the ‘people’ in front of me from the beginning. Otherwise, like Long Qianyu and others, I would be deceived by these mirror image demons.

Phew...

At the same time, Long Qianyu and the others also looked at Yue Feng one by one, feeling ashamed in their hearts.

It seems that Yue Feng’s previous guess was correct. If he listened to his advice at first, he would not be entangled by these mirror image demons.

Frightened, Yue Feng clenched Fang Tianhua’s halberd and continued to fight with the surrounding mirror demons.

However, what made Yue Feng depressed was that Fang Tianhuaji was extremely sharp, but it could not cause any damage to these mirror image demons.

Chapter 3033 Trick

....

I saw that a mirror image demon was cut into two pieces by Fang Tianhuaji, but in the next second, it quickly overlapped at the speed seen by the naked eye, which was very strange.

Madd, how could this be?

Yue Feng became more and more frightened, and then cast the white lotus cold fire, but the result was the same, after these mirror image demons were burned by the white lotus cold fire, there was no reaction at all.

“Yue Feng!”

At this moment, Zi Yan, who was fighting fiercely beside him, couldn't help but said: "These mirror image demons are born from the yin evil spirit here, they belong to demon spirits, they have no physical body at all, they cannot Use the previous methods to deal with it."

"Didn't you take the Chaos Yin-Yang Pearl from Empress Nuwa? Use the power of the Yin-Yang Bead to deal with them!" The

Chaos Yin-Yang Pearl, which contains the supreme innate aura, is the nemesis of these evil spirits. .

Yeah, how did I forget this.

Hearing Zi Yan's words, Yue Feng's eyes lit up, and immediately activated the power of Yin Yang Pearl.

hum!

The next second, Yue Feng slowly raised his right hand, and saw a dazzling light burst out. Then, he slapped the mirror demon in front of him with a palm.

This mirror-image demon, transformed into the appearance of Meihui, sensed the power of the yin and yang beads driven by Yue Feng, and instinctively felt a fear, his face changed, and he quickly stepped back, but it was still too late.

boom!

This palm slapped the Mirror Image ferociously on the body of the Mirror Demon, and after hearing it howl, it was shaken and flew out, and it flew several dozen meters away before falling into the quagmire.

"you..."

Struggling to stand up, the mirror-image demon stared at Yue Feng, very inconceivable: "Innate spiritual energy? How can a human being have innate spiritual energy?"

"You don't need to ask." Yue Feng's mouth showed With a sneer, he stared at the mirror demon coldly: "I ask you, where are my little sister and brother Zheng?"

"Om!" After the

voice fell, Yue Feng raised his hands again. All shrouded in a dazzling brilliance.

Hu Sanyang's head buzzed, before he could think about it, he turned around and ran!

How can he have the slightest fighting spirit now? The strength of Yue Feng's period of Martial Emperor, even ten thousand years of fine iron can't trap him, how can he be his opponent?

"So you are that girl's brother." Under the shock, there was a hint of cunning in the eyes of the mirror demon: "I want to know where they are, unless you can catch me, hehe..." The

voice fell, and the figure turned into a black streamer rushed towards the distance.

At the same time, the other mirror demons around, under the joint attack of the eight saintesses, were gradually unable to stop them, and they dispersed in a hurry, escaping in all directions.

"Want to run?"

Yue Feng snorted coldly, his eyes locked on the mirror image demon who had transformed into Meihui, and he quickly chased after him.

Yue Feng knew that these mirror-image magic could transform into Meihui, Zheng Chunqiu and others, and he must know where they were, so he had to catch one alive no matter what.

Yue Feng chased the mirror image demon and rushed out of the swamp unknowingly.

Ten minutes later, the two sides came to a mountain one after the other.

Whoosh!

When he got to the mountain peak, he saw the figure of the mirror image flashed, got into a stone crevice, and disappeared.

Yue Feng was furious and furious, and at the same time, he frowned secretly when he saw the mountain in front of him.

I saw that the mountain in front of me was formed by the accumulation of square boulders, which were hundreds of meters high. From a distance, it looked like a huge tomb. Moreover, there is a huge stone crevice every ten meters.

Yue Feng clearly felt that there was a terrifying evil aura in the depths of this huge stone, as if something terrifying was dormant inside.

"Come out!" Yue Feng did not go in, but roared at the crack.

Chapter 3034

“Jie Jie!” The

voice fell, and there was a mirror image of evil laughter from the stone crack: “Boy, aren’t you very powerful? Come in and catch me if you have the ability! If you catch me, I will tell you about those people. Fall.”

Mad!

Yue Feng scolded secretly, angered in his heart, and rushed in directly.

When I got inside, I saw that the stone cracks were very narrow, and the passages inside were even more intricate, like a huge labyrinth.

At the same time, Yue Feng saw that the mirror image demon was not far away.

“Hey!”

Seeing Yue Feng coming in, the mirror demon smiled evilly: “You are very kind, you have the guts to come in!” When he said this, the mirror demon’s eyes flashed with cunning.

Yes, the Mirror Demon deliberately brought Yue Feng here. This place is called Yin Ling Tomb. This is the center of the Hades Cauldron. All the Yin Qi gathers here. Not only that, but there is also a Ten Thousand Demons in the deepest part. The tower is even more dangerous inside.

This mirror demon has thought about it. Since this person has innate spiritual energy, he can’t beat him, so he will be led to the Ten Thousand Demon Pagoda.

As long as he enters the Ten Thousand Demon Pagoda, there is absolutely no chance of him surviving.

Swish!

At this moment, Yue Feng’s eyes were locked on the mirror demon, and he asked coldly, “Where are my little sister and friends?” The

mirror demon didn’t respond, but smiled evilly, turned around and ran towards the Ten Thousand Demon Pagoda.

Nima!

Yue Feng was so angry that he pursued him.

Soon, at a stone gate, the Mirror Demon rushed in, followed by Yue Feng.

“Haha!”

However, at this moment, the Mirror Demon laughed evilly and opened the mechanism of Shimen. Hearing a rumbling sound, the stone gate slammed shut. Immediately, the mirror image turned into a cloud of black mist and escaped along the gap in the stone gate.

All this happened too fast, Yue Feng was not familiar with the environment, and was suddenly trapped in the Shimen.

“Boy, enjoy yourself in the Ten Thousand Demon Pagoda!” The Mirror Demon laughed very proudly, and after saying this, he left quickly.

“Boom!”

Yue Feng was furious and slammed a punch on the stone gate, Ma De, in the end, let it run away.

Nima, what the hell is this place?

The next second, Yue Feng turned his head, looked at the surrounding environment, and suddenly felt inexplicable in his heart.

He could see that there was a space the size of a basketball court in front of him, the light was dim, some green and sparkling spirit fires were floating in the corners all around, and dozens of pale-faced ghosts were floating above his head.

These ghosts, with pale faces, with a frightening cold glow in their eyes, are panicking in their hearts! Obviously, they didn't know how long they had been dead, and then they were kept in the Hades Cauldron. They were baptized by the yin and evil spirits all the year round, and they became extremely evil.

hiss!

Seeing this scene, Yue Feng couldn't help gasping for air, and his heart thumped.

Huhuhu...

At this moment, these ghosts sensed the existence of Yue Feng, their eyes locked quickly, and then they rushed over.

What the hell!

Seeing these ghosts rushing towards him, Yue Feng was startled. He didn't have time to think about it.

hum....

However, what frightened Yue Feng was that the powerful palm force did not repel these ghosts, but passed through their illusory bodies, as if they were hit in the air.

In the next second, before Yue Feng could react, several ghosts had already arrived and grabbed his hands at once. One of them was even stuck on his neck.

In an instant, Yue Feng had difficulty breathing, and his face turned purple. At the same time, the ghostly aura of the ghost kept coming. Yue Feng felt as if he had fallen into an ice cave, and his soul couldn't help trembling. .

“Ah!”

Yue Feng couldn't help shouting, and he was also panicking.

Nima, these ghosts are immortal, and their inner strength is completely ineffective against them. What should I do now?

swoosh swish....

Chapter 3035

Yue Feng's howl instantly attracted other ghosts, and each and everyone was howling, completely surrounding Yue Feng.

Yue Feng was tightly grasped by several ghosts, unable to break free at all. In just a few seconds, his body was frozen by Yin Qi, and he gradually lost consciousness.

In this case, Yue Feng became more and more anxious.

No, if you don't think about it, you will definitely die here, and in the end, you will become the same as these ghosts.

correct!

Suddenly, Yue Feng's eyes flashed, and he suddenly had an idea.

hum!

Immediately afterwards, Yue Feng hurriedly activated the power of the Chaos Yin-Yang Pearl. In the swamp, since the power of the Chaos Yin-Yang Pearl could defeat those mirror demons, it would definitely be able to deal with these ghosts.

After all, the Chaos Yin-Yang Pearl was passed down to him by the Empress Nuwa. It contains supreme innate spiritual energy and is the nemesis of all evils.

Phew...

The next second, I saw a black bead slowly condensing in front of Yue Feng.

It is the Chaos Yin Yang Pearl.

At the beginning, Yue Feng and Lu Lingshan got the Chaos Yin-Yang Pearl in the Nuwa Empress's Crystal Palace, Yue Feng was the black Chaos Yang Pearl, and Lu Lingshan was the white Chaos Yin Bead.

"Woo, woo..."

As soon as the Chaos Yangzhu appeared, the surrounding ghosts suddenly panicked and collapsed. Those who had no time to escape were directly swallowed by the Chaos Yangzhu.

At this moment, Yue Feng clearly felt that after the Chaos Yangzhu devoured these ghosts, his strength had improved a lot. Not only that, but his understanding of the Chaos Yangzhu seemed to have gone a step further.

Haha...

Upon realizing this, Yue Feng was extremely excited!

Unexpectedly, the Chaos Yin-Yang Pearl can not only deal with evil, but also has the effect of devouring.

The mirror image demon just now thought that if he was trapped here, even if everything was going well, he never thought that this sinister environment had become a testing ground for himself to strengthen the power of the Chaos Yin-Yang Pearl.

Thinking to himself, Yue Feng didn't have time to think about it, and urged the Chaos Yangzhu to continue to devour the surrounding ghosts.

"Wooooo..."

In an instant, these ghosts became frightened birds and fled wildly, but in the end they couldn't escape the fate of being swallowed.

At this time, if the mirror image demon saw this scene, he would definitely be shocked.

Ordinary people, if they are trapped here, will soon become one of these ghosts, but Yue Feng is not only not in danger, but has turned this place into a testing ground.

One minute, five minutes!

Finally, more than an hour passed, Yue Feng urged Chaos Yangzhu to swallow all the ghosts here.

I saw that the Chaos Yangzhu at this time was shining brightly, and the power inside was even more full.

Phew...

At this moment, Yue Feng sat on the ground with a sigh of relief, Nima, it's finally done.

Then, seeing the corner in front of him, Yue Feng frowned.

I saw a staircase in the corner, covered with dust.

And the second floor? !

Is this a tower? !

Muttering in his heart, Yue Feng took a break, and then slowly walked up the stairs.

At this time, Yue Feng did not know that he was trapped in the extremely dangerous Ten Thousand Demon Pagoda.

This...

just arrived on the second floor, when he saw the scene in front of him, Yue Feng frowned.

I saw that in this layer, there were countless ghost soldiers, all of them with empty eyes, wearing black armor, holding a long knife in their hands, and the Yin Qi permeating their bodies was much stronger than the ghosts on the first floor.

However, Yue Feng is not nervous at all, he owns the Chaos Yangzhu, and in this place, he is invincible.

The ultimate husband in Chinese chapter 3036-3040

Chapter 3036

"Come on!"

Yue Feng shouted without hesitation, urging the yin and yang beads, and rushed over directly.

Huhu...

As Yue Feng guessed, the Chaos Yangzhu completely restrained these ghost soldiers. In the blink of an eye, after swallowing many ghost soldiers, the radiance of the Chaos Yangzhu became more and more dazzling.

...

on the other side, the ghost world.

King Guangping used the Hades Cauldron, and after receiving the masters of major sects and the eight saintess, he immediately sent a message to Gong Hao.

After getting the news, Gong Hao was very excited, so he took King Guangping through the soul-inducing road, entered the ghost world, and went to see Hades.

When he stepped into the soul-inducing road, although King Guangping was prepared, he was still inexplicably frightened!

In the entire ghost world, life is dead and there is no anger at all.

When entering Mingdu, looking at the majestic black building, King Guangping felt inexplicably uneasy in his heart.

The Great Hall of Mingdu looks similar to the imperial palace in the Kyushu Continent, except that it does not have the slightest vitality, and it shows the death and coldness everywhere.

call!

When he arrived in the main hall, King Guangping was even more nervous. He saw that all the messengers were standing there neatly, and on the throne of the main hall, there was a burly figure with a face like a knife, full of sinister! There is a palpitating aura all over the body!

It is Hades.

This chapter is provided by . Visit for daily update.

“His Majesty.”

At this time, Gong Hao slowly walked forward and presented the Underworld King Cauldron: “King Guangping did not capture the eight saintesses alive, but he also successfully trapped the eight saintesses in the Hades Cauldron. In addition to the eight saintesses, there are also Kyushu The masters of various sects in the mainland.”

King Guangping, who was standing behind, was full of apprehension.

“Okay!”

Pluto took the Pluto Cauldron, looked at King Guangping, smiled and praised: “I didn’t see the wrong person, this matter is not bad, King Guangping, I order you to send troops immediately to crusade all continents! The masters of various sects are trapped in the Hades Cauldron, this is a good time for us!”

When he said this, King Guangping was very happy, you must know that the Nine Heavens Saintess has always been a thorn in the eyes of Hades, and now they are all trapped in In the Pluto Cauldron, Pluto has no worries.

“Yes, His Majesty Pluto!” King Guangping nodded quickly.

In the next second, what did King Guangping think about? “Your Majesty, although the weather army I have received can fight well, but if other continents unite...”

Before he could finish speaking, Pluto interrupted with a wave of his hand. .

“You don’t need to worry about this.” Pluto looked confident: “When the time comes, Jed from the Shura tribe will help you!” After speaking

, Pluto looked around: “Jed!” The

voice fell, Jed walked out quickly, respectfully Said: “My subordinates are waiting for His Majesty’s

orders!” Pluto showed a smile and said slowly: “I order you to call your subordinates immediately, split up with King Guangping, and attack the Rakshasa first.”

Pluto made a plan, let Guangping first King Ping and Jade cooperated with each other to occupy the continent of Kyushu, and they themselves dealt with the Holy Maiden of the Nine Heavens in the cauldron of Hades.

“Yes, Your Majesty!” Jed quickly took the order, and then quickly left the hall with King Guangping.

.....

On the other side, the Rakshasa clan land.

Inside the Queen’s Hall, Mona sat on the throne, her brows furrowed, and her beautiful face was full of solemnity.

Below, the warriors of the Rakshasa tribe were all silent, and the atmosphere was very dull.

Two days ago, the story of the Nine Heavens Saintess gathering in the Southern Cloud Continent spread all over the entire Kyushu at once. After that, the Nanyun Royal Family wanted to build the Xuantian Great Array for the Nine Heavens Saintess, and issued an edict requesting the Kyushu Continent to come and help. However, at the final meeting, King Guangping took out a strange little cauldron and collected everyone present.

Half a day ago, when Mona got this news, she couldn't sit still.

After all, the lips are dead and the teeth are cold. If the situation in the Kyushu continent is turbulent, it will be difficult for the Rakshasa to live a peaceful life.

"Everyone!"

At this moment, Mona looked around and said softly: "Half a day ago, I asked you to send someone to inquire about the news, but what did you gain?" The

voice fell, and the warriors present shook their heads.

King Guangping used that strange little cauldron to collect the masters of various sects and disappeared.

Chapter 3037

"Your Majesty!"

At this moment, a patrol captain walked in quickly, sweating profusely: "Your Majesty, it's not good, Jed brought someone to call, and...and... ."

When he said this, the patrol captain's face was pale, and he looked very frightened.

What?

Hearing this, the entire hall was in an uproar.

This Jade, who dares to come to trouble, is simply looking for death!

Mona's pretty face changed, and she was also very angry. She stood up suddenly and said coldly: "What are you panicking, Jed, this traitor, I was looking for him. He came to the door himself!

"Yunyue is coming!" The

voice fell, and the queen quickly walked out of the hall.

The warriors present followed suit.

call!

Arriving outside the station, when she saw the scene in front of her, Mona suddenly trembled!

The many warriors behind him couldn't help but take a breath!

I saw the black army all the time, coming in a mighty way! There are tens of thousands of people, wearing uniform black armor, holding a long knife, murderous awe!

In the air in front of the army, there is a man suspended in the air, his body is filled with suffocation, and his face is gloomy.

It was Jed.

“Jade!”

Seeing Jade, Mona was furious and shouted: “You traitor, you ran away last time, don't want to leave alive today!”

At the beginning, Jade led his subordinates to rebel and launched a surprise attack on the Rakshasa. What's more abhorrent is that Jade also set up his own door, calling himself the Shura, and wanted to divide the boundary with the Rakshasa.

Such betrayal of the ancestors is simply outrageous.

“Hehe...”

Feeling Mona's anger, Jed did not panic at all, and said slowly: “Mona, let me put the air of your queen in front of me, let me tell you, the pattern of the entire Kyushu continent is going to change, you If you know a little bit, you will take refuge with us, if you are obsessed with it, then the entire Rakshasa clan will cease to exist!”

Mad!

Hearing this, the surrounding Rakshasa warriors exploded and shouted angrily.

“Dare to threaten the Queen!?”

“Jed, you are courting death!”

“Stop talking nonsense, just kill him!”

The anger of the warriors came, and Mona bit her lip, without the slightest expression fluctuation. At this time, seeing the arrival of Zang Yunyue, Mona did not hesitate at all, and waved her hand: “Warriors, clear the door today, kill Jed

and his rebels, and leave no one behind!”

These tens of thousands of troops, Mona did not pay attention to it at all. She has Zang Yunyue sitting on her side. You must know that Zang Yunyue has inherited the power of the ancestors.

“Kill!” The

voice fell, and all the Rakshasa warriors let out a roar, and rushed towards Jed.

Looking at the former Rakshasa warriors, Jed did not panic at all, and shouted: “Meet the enemy!”

Hula...

In an instant, tens of thousands of troops attacked and fought fiercely with the Rakshasa warriors.

“Clang clang clang! clang clang clang!”

The two sides continued to confront each other, and the sound of weapons colliding and roaring echoed throughout the Rakshasa clan.

At this time, in the fierce melee, Mona was holding a long sword of bone, and she was indescribably valiant. Between the figures flying, several enemies fell down immediately

. “Jade!”

Mona was full of contempt and couldn't help it. He shouted at Jade: “Just bring this number of people, and want to destroy the Rakshasa?! Are you too arrogant!”

Jade sneered: “Who told you that I am only this person?”

Chapter 3038

“Mona, from today onwards, the Rakshasa clan will cease to exist.” Jade howled wildly, his face extremely hideous. The moment the voice fell, he took out a black token from his body.

Um? !

What is this? !

Seeing the black token, Mona frowned and suddenly had a bad feeling.

I saw that this black token was completely dark, with cumbersome ghost inscriptions engraved on it, and it contained a strong aura of death. At this time, it was held by Jed, and the air in the whole station suddenly cooled down. .

At this time, Mona didn't know that the black token in Jed's hand was the Pluto Spiritual Order.

Pluto's Soul Summoning Order, like Pluto Cauldron, is one of the magic tools in the ghost world, which can summon nearby undead to fight for oneself.

"The ghostly soul, honor my order..." The

next second, a crazy voice came from Jed's mouth!

hum!

At the moment when the voice fell, Jed held the Pluto Spiritual Token high above his head, and at the same time, the inner strength of his dantian burst out and injected it into the Pluto Spiritual Token.

In an instant, a terrifying aura of death enveloped Jade in an instant, and then, with Jade as the center, it spread around.

"What is he going to do?"

"What a terrifying aura?" In an

instant, the expressions of the Rakshasa warriors in the battlefield below changed, and they were all inexplicably frightened.

hum!

Just when everyone was secretly shocked, they saw that the originally clear sky became extremely dim, and dark clouds gathered quickly.

Yes, Jed is using the edict to summon nearby ghosts.

Before in the Hall of Hades, when Hades decided to let Jade provoke a war, considering that Jade's military strength was too far from the Rakshasa clan, he made an exception to give his summoning order to Jade.

The soul-evoking order contained a terrifying aura of death. At this time, when Jed was mobilized, he saw the entire Rakshasa tribe stationed with yin energy. At the same time, the flowers, plants and trees in a radius of hundreds of miles also withered and died, like hell. .

“What is this?” Mona bit her lip, shocked.

Such terrifying power is not something that Jed can burst out at all.

“This...”

At this moment, Zang Yunyue, who was next to him, trembled, and guessed something at once: “This...it seems to be a ghost summoning order from the ghost world, and Jed wants to summon the ghosts of the dead nearby.”

Zang Yunyue received the inheritance of the ancestor Kuafu, and at a glance, he could see that the token in Jed’s hand was related to the ghost world.

What?

Hearing this, Mona’s face changed, her eyes locked on Jed, and she was furious.

When the Supreme Conference was held in the Imperial City of Beiyong, Jed suddenly appeared and captured the major sects. At that time, it was rumored that Jiede took refuge in the ghost world Hades, and Mona was still dubious at that time.

At this time, seeing the power of death that Jed exploded, Mona no longer doubted at all.

Kachacha...

Just when Mona was secretly shocked, she saw a sound of ground breaking on the hillside not far away, and then, a terrifying corpse crawled out of the soil.

Some of these corpses were wearing the armor of the Kyushu Continent, and some were wearing the leather armor of the Rakshasa tribe. It was the people who died in the war between the Kyushu Continent and the Rakshasa tribe three years ago.

You must know that the location of the Rakshasa clan at this time is not very far from the battlefield of that year, and the war three years ago lasted for more than a month. Whether it was the Kyushu mainland or the Rakshasa clan, there were heavy deaths and casualties. Add up to hundreds of thousands of people.

At this time, all of these dead corpses were summoned by Jed using the Pluto Soul Summoning Order.

This....

seeing this scene, whether it was Mona or the Rakshasa warriors present, their hearts trembled, and they couldn’t help gasping for air.

The army of so many corpses gathered is too shocking.

“Kill!”

Chapter 3039

At this moment, Jed was full of pride and howled loudly.

Crash.... When

the voice fell, this army of corpses let out a horrifying roar and rushed into the battlefield like a tide.

Ah....

in the blink of an eye, hundreds of Rakshasa warriors didn't have time to react, let out a scream, and were torn to shreds.

Seeing this scene, the remaining Rakshasa warriors were all inexplicably frightened. There were so many opponents, and they were all terrifying corpses. How could they fight?

Frightened, many Rakshasa warriors only felt that they could not stand still, and just wanted to turn around and run away.

“Don't panic, everyone, line up to meet the enemy!”

At this moment, Mona reacted, couldn't help but shouted, and then rushed into the battlefield.

At the same time, Zang Yunyue also exploded with internal power, followed closely behind.

Seeing the Queen taking the lead, the timid Rakshasa warriors were instantly inspired to fight, and they rushed towards the army of corpses howling.

“Dangdangdang!”

For a time, the sound of weapons colliding and fighting reverberated throughout the Rakshasa station, blood stained the ground, and the air was filled with a strong smell of blood.

At this time, in the fierce melee, Mona was full of fighting spirit, holding a long white bone knife and swinging it hard!

“Chichi...”

With the sound of shattering bones, dozens of corpses were smashed.

However, to Meng Na's astonishment, these defeated corpses, with their stumps and arms scattered all over the place, were quickly combined under the control of the Pluto Spiritual Order.

How could this be? Can't these corpses be killed?

Under the anger, Mona was extremely angry, and scolded Jade: "Jade, you betray your ancestors, and use this evil method to deal with the Rakshasa, you will not have a good end!"

Said, Meng Na's tone was cold: "Even if you win today, you are still a sinner through the ages!"

"Hahaha..."

Hearing this, Jed didn't get angry at all, but laughed up to the sky and said proudly: "Mona, use your ancestors less. Come and oppress me, the Rakshasa tribe is the strongest tribe in Kyushu, but under your rule, there is no blood at all, I am willing to hide in this desolate place and leave such a tribe, I have no regrets." The

voice fell, Jed once again urged Hades to summon the spirit order. Suddenly, hundreds of dead corpses rushed towards Mona.

"Huh!"

Mona bit her lip tightly, her beautiful face, without the slightest fear, directly greeted her!

After thousands of years of exile, the Rakshasa clan finally returned to the Kyushu mainland. All this was hard-won. Even if they died in battle today, Jade's conspiracy would not be successful.

Just as the Rakshasa tribe was attacked by Jed, King Guangping led the Apocalypse army and launched a war on the Diyu Continent.

For a time, the situation in Kyushu became turbulent again.

.....

On the other side, Pluto Dingzhong, Ten Thousand Demon Pagoda!

With the strength of the Chaos Yangzhu, Yue Feng broke through layer after layer, constantly devouring the power of the demon spirit inside.

Phew...

At this moment, Yue Feng took a deep breath and stepped into the twelfth floor.

I don't know what's going on outside, have the eight saintess and Long Qianyu found Meihui and Zheng Chunqiu...

Thinking about it, Yue Feng was very anxious.

Um?

It was at this moment, seeing the scene on the twelfth floor, Yue Feng frowned.

Chapter 3040

saw that guarding the twelfth floor were two burly demon generals.

These two demon generals, each more than two meters tall, wore green armor, one held a giant hammer, the other held a giant axe, and their eyes were emitting green flames.

What the hell!

Seeing this scene, Yue Feng was taken aback immediately. These two demon generals must have been influential figures in the Kyushu continent during their lifetimes. Later, they died tragically and were taken into the Ten Thousand Demon Pagoda by Hades. To temper in such an environment is not only very evil, but also very terrifying in strength.

However, if you have Chaos Yangzhu, you don't need to be afraid.

call! call!

At this moment, the two demon generals also discovered Yue Feng, and without any hesitation, rushed over directly, like two hills.

At this moment, Yue Feng didn't have time to think, and hurriedly summoned the Chaos Yangzhu.

Bang bang bang!

Ten minutes later, Yue Feng successfully used the Chaos Yangzhu to devour the power of the two demon generals, and at the same time he was too tired.

It should be the last layer.

After resting for a few minutes, Yue Feng slowly stood up, stepped on the stairs, and entered the thirteenth floor.

hiss!

Just reached the thirteenth floor, Yue Feng couldn't help shivering, and at the same time looking at the scene in front of him, the whole person was also stunned.

I saw the thirteenth floor in front of me. It was a completely frozen world. White ice covered every corner, and the cold air was permeating. Compared with the twelve floors below, the temperature was almost dozens of degrees. The body couldn't help shivering.

And in the center is a huge ice platform, on which is a delicate throne, crystal clear and exquisite.

On the throne, a slender figure was lying half-lying, and in an instant, Yue Feng's eyes were deeply attracted.

Gudong!

The next second, Yue Feng couldn't help swallowing his saliva.

beautiful!

So beautiful!

This woman, in her twenties, was wearing an ice-blue long skirt, which showed off her sexy figure. The skirt was made of unknown material, and it was covered with snowflake patterns, giving people an indescribable feeling. temperament.

And that beautiful face is beautiful and moving, but there is an icy coldness all over her body.

For a time, Yue Feng's eyes were straight. At the same time, he was very suspicious.

what's going on?

In such a dangerous place, there is such a beautiful woman.

At this time, Yue Feng didn't know that the woman in front of her was the woman of Hades, Queen of Hades, Bingyao.

Bing Yao has a cold temperament, but is kind-hearted and wholeheartedly helps Pluto rule the ghost world, but later, Bing Yao found out that Pluto was ambitious and wanted to control the Kyushu continent, and the two sides had a disagreement.

Later, Hades trapped Bing Yao in Hades Cauldron.

Until now, Bing Yao has been trapped here for five hundred years.

Swish!

Just when Yue Feng sighed secretly, Bing Yao slowly opened her eyes and locked him at once.

“Who are you?”

Yue Feng’s gaze made Bing Yao very unhappy, and at the same time a little surprised.

You must know that the Ten Thousand Demon Pagoda is extremely dangerous. For thousands of years, as long as anyone who broke into this place has no bones, and no one has ever been able to break through the twelve floors below.

And this person in front of him not only broke into his thirteenth floor, but also did nothing at all.

Hearing the question, Yue Feng scratched his head: “That...beautiful, I was tricked in by the mirror image demon. Excuse me, how do I get out!” As

he said, Yue Feng still couldn’t help but look at Bing Yao.

beautiful!

It’s really beautiful, especially the cold and arrogant temperament on her body, which makes people unforgettable at a glance.

“Get out?!”

Bing Yao frowned, and said coldly, “I’m afraid you won’t be able to get out!” As the Empress of the Underworld, in Bing Yao’s heart, Yue Feng’s gaze was a great blasphemy to herself.

The ultimate husband in Chinese chapter 3041-3050

Chapter 3041

Om!

The voice fell, and a terrifying icy aura burst out from Bing Yao's body, and in an instant, the surrounding air seemed to be frozen.

Unfathomable and powerful pressure, Yue Feng has a feeling of being out of breath.

In the next second, Bing Yao slowly raised her right hand and hit Yue Feng with a palm!

What the hell! How to say get started? !

Seeing Bingyao's palm coming, Yue Feng was startled. Yue Feng did not dare to be careless, and urged all his internal forces to resist!

Bang!

The palms of the two collided, and a violent vibration broke out. Yue Feng only felt an incomparably cold force coming, groaned, and took a dozen steps back. The inner strength of his dantian seemed to be frozen, which was very terrifying.

Nima!

Who is this woman? The strength is simply too terrifying!

For a time, Yue Feng was dripping with cold sweat and was extremely shocked.

Um?

Bing Yao stood there quietly, extremely cold and arrogant. But in my heart, I was secretly surprised, and looking at Yue Feng's eyes, there was also a strange light flashing.

"I can't tell, it's quite powerful, and it can actually block my palm." Bing Yao looked up and down at Yue Feng, her red lips lightly parted, and she spat out a few words.

"That, beauty..."

This chapter is provided by . Visit [for](#) daily update.

Yue Feng quickly explained: "Since we are all trapped here, we should find a way to get out together, right? I have no ill will towards you.

"Don't go." Bing Yao said coldly, "If I could go out, I would have gone out five hundred years ago!"

What?

Hearing this, Yue Feng was taken aback.

This woman has been trapped for five hundred years?

At this moment, Bing Yao's eyes locked on Yue Feng: "Although this is the Ten Thousand Demon Pagoda, the thirteenth floor is my forbidden area. If you break into my forbidden area, you will die!"

"Om!

"Falling down, at this moment, I saw Bing Yao slowly raise her hand, and a powerful force of ice reverberated throughout the thirteenth floor.

"Extremely ice-breaking."

Bing Yao's red lips opened slightly, and four cold words slowly came out of her mouth.

The next moment, the air suddenly split in front of her! Thousands of ice thorns appeared around her! Those ice thorns are all illusioned by internal force.

hum!

In a short blink of an eye, thousands of ice thorns cut through the air, as if tens of thousands of them flew to Yue Feng in an instant!

"Go to hell!" Bing Yao shouted coldly.

Speaking of which, Bing Yao and Yue Feng have no grudges, but Yue Feng's eyes just now made Bing Yao feel blasphemous, and he was trapped here, and there was no way to get out.

So, just kill him.

Whoosh whoosh!

The thousands of ice thorns ripped apart the air, and in the blink of an eye, all of Yue Feng's retreats were blocked.

I go!

Seeing this scene, Yue Feng was shocked and a little depressed at the same time.

Nima, this woman is too high and cold, just looking at you a few times will kill me, but I have to say that this woman's strength is too strong, especially the explosion of thousands of ice thorns, it is simply too terrifying.

In the blink of an eye, the sweat on Yue Feng's face fell down!

At this moment, Yue Feng, he can't dodge at all, thousands of ice thorns are coming from all directions, and there is no way out!

call! At this critical moment, Yue Feng didn't have time to think about it, and quickly urged Bailian Lenghuo to deploy a protective film in front of him to resist these thousands of ice thorns.

"Dangdangdang!"

Those ice slams hit the protective film, making a metal crash sound. I saw that the protective film soon appeared one after another cracks.

At the same time, Yue Feng felt the continuous coming of powerful forces, and the whole person was suddenly shaken back dozens of steps, and finally he sat on the ground and spat out a mouthful of blood.

Chapter 3042

Papa!

At the same time, the Chaos Sun Pearl on his body also fell out.

Before using Chaos Yangzhu to clean up the demon spirits on the first twelve floors, Yue Feng had not yet had time to integrate into his body.

Um?

At this moment, Bing Yao was going to pursue her victory and kill Yue Feng completely, when she suddenly saw Chaos Yangzhu, her body trembled.

"This...this is the Chaos Yin-Yang Pearl?" Bing Yao stared at the Chaos Yang Pearl, very shocked, and walked over quickly as she spoke.

As the Empress of the Underworld, Bingyao certainly knew that the Chaos Yin-Yang Pearl was born out of chaos thousands of years ago, when the heavens and the earth were not divided. Ascension, the Chaos Yin-Yang Pearl disappeared.

At this time, Bing Yao never thought that there was a Chaos Yangzhu on the body of the man in front of him.

What the hell!

Seeing Bing Yao's gaze, Yue Feng realized something, and he was about to pick up the Chaos Yangzhu.

However, he was injured, and Bing Yao was very fast. He raised his jade hand and grabbed the Chaos Yangzhu from the air.

"Huh!"

Holding the Chaos Yangzhu, Bing Yao's icy and beautiful face showed a smile.

With Chaos Yangzhu, he has the opportunity to leave here.

Thinking to herself, Bing Yao did not hesitate, opened her red lips, and swallowed the Chaos Yangzhu directly.

"Don't..."

Seeing this scene, Yue Feng was taken aback, but it was too late to stop it.

Gudong!

After swallowing the Chaos Yangzhu, Bingyao was in a good mood. She tilted her head to look at Yue Feng and asked coldly, "Where did you get this Chaos

Yangzhu?" .

As he said that, Yue Feng was very complicated while observing Bing Yao's reaction.

This chaotic yin and yang pearl, he and Lu Lingshan have successfully merged, and now they are swallowed by this woman, won't there be a problem?

"You are talking nonsense!"

Bing Yao frowned, unable to hide her contempt, "Nuwa will pass on such an important thing to you?" After

speaking, Bing Yao began to try to integrate the power of Chaos Yangzhu.

At the beginning, Bing Yao was still full of confidence, but soon she felt that something was wrong. In less than ten seconds, Bing Yao's forehead was covered with a layer of sweat, and her face became pale.

Oops!

Could it be that what this person said was true, that this Chaos Yangzhu was passed on to him by Empress Nuwa?

You must know that there are two Chaos Yin and Yang Pearls, one is Chaos Yang Bead and the other is Chaos Yin Bead, which requires a man and a woman to fuse with each other. Once the fusion is successful, others will not be able to fuse again even if they get Chaos Yin Yang Bead.

Not only that, if they merge rashly, it will cause power disorder.

At this moment, Bing Yao clearly felt that her power was out of control, and endless cold air was roaming around her body.

Bing Yao suddenly panicked and wanted to drive out the Chaos Yangzhu, but the more impatient, the more disordered the power!

In the blink of an eye, under the turbulence of the power of ice in the body, Bingyao's whole body was covered with a layer of ice, and the inside of the body was extremely cold. The cold that penetrated into the bone marrow was unbearable!

“Um...”

Finally, Bing Yao couldn't bear it any longer, she let out a painful moan, her delicate body curled up on the ground and trembled gently, her beautiful face was full of pain.

Ugh!

Seeing this scene, Yue Feng stood up slowly and said with a half-smile, “How is it? Believe me now? I have merged this Chaos Yangzhu. If you forcibly take it away, it will only lead to disorder of your own strength.”

“You...”

Bing Yao bit her lip tightly and said to Yue Feng, “In that case, get it out!”

Chapter 3043

Yue Feng shook his head and said helplessly: “Beauty, I was injured by you just now, I'm very weak now, how can I help you get it out? You must know that it takes a lot of energy to take out the Chaos Yangzhu from you. .”

When he said this, Yue Feng looked serious, but there was a smile in his eyes, showing a hint of revenge.

Yes, Yue Feng is the master of Chaos Yangzhu, as long as you move your mind, Chaos Yangzhu will come out of Bing Yao's body.

It's just that Bing Yao wanted to kill him just now, and Yue Feng naturally wanted her to suffer more.

At the same time, Yue Feng's eyes couldn't help but look at Bing Yao.

Close observation, Yue Feng was amazed!

This exquisite face, exquisite and tight curves, and the figure is absolutely amazing!

"You..."

Bing Yao was very embarrassed when she noticed Yue Feng's gaze, and she shouted:
"Close your dog's eyes!"

At this time, Bing Yao wanted to kill Yue Feng immediately, but the ice power in her body The backlash has made her extremely weak now, let alone start, she has no strength to stand up.

What the hell!

All so weak and so cold and arrogant!

Hearing this, Yue Feng chuckled lightly, not only did not avoid suspicion, but looked at her even more wanton.

"Pfft!" Bing Yao's whole body was trembling with anger, and she suddenly spit out a mouthful of blood under the rush of fire. Although the relationship with Pluto broke down, she was still a high-ranking underworld queen, aloof and noble, but at this time he was watching!

What a shame!

Feeling Bingyao's anger, Yue Feng didn't panic at all, and after watching it for a while, he smiled slightly: "Beauty, this is your fault, if you want to kill me and steal my things, don't let me see it. How many times have you looked at?"

Bing Yao bit her lip and didn't respond.

Yue Feng closed it when he saw it, and sat beside him and began to adjust his internal energy.

A few minutes later, Yue Feng stabilized the shock in his body, and then summoned the Chaos Yangzhu in Bing Yao's body.

call!

At this moment, without the Chaos Yangzhu, Bingyao only felt that the whole person was much more relaxed, but the beautiful face still showed a bit of weakness.

At this time, Yue Feng was almost recovering, and couldn't help but ask: "I haven't asked the beauty's name yet!"

"Bing Yao!"

"Good name, Bing Yao... Bing Qing Yujie, Yaotai Yinque! By the way, I It's called Yue Feng!" Yue Feng said with a smile.

Hearing the compliments, Bing Yao's beautiful face did not fluctuate in the slightest.

Uh...

Seeing Bing Yao's icy coldness, Yue Feng was very embarrassed, scratched his head and said, "Then you can cultivate and recover, I'll go first!"

Yue Feng saw that there was no exit at the last layer. , can only go down and check other places.

"Wait!"

Just two steps away, Bing Yao shouted eagerly from behind.

Yue Feng stopped, looked back, and saw Bing Yao biting her lips tightly, with a hint of hesitation on her cold and beautiful face!

"Anything else?" Yue Feng said with a half-smile.

This woman, won't she still miss her Chaos Yangzhu?

Facing Yue Feng's gaze, Bing Yao breathed a sigh of relief and said slowly: "This Ten Thousand Demon Pagoda has no exit at all, if you want to go out, you can only destroy it, but we can't do it alone, we need to remove the Chaos Yangzhu. Only with the power of yours."

After speaking, Bing Yao briefly explained the situation of the Ten Thousand Demon Pagoda.

It turns out that the Ten Thousand Demon Pagoda is the center of the entire Hades Cauldron, and the yin and evil energy of the entire space is gathered here. Therefore, even if Bing Yao is the Queen of the Underworld, it is difficult to get out of trouble, but with Chaos Yangzhu, it is the same. Chaos Yangzhu contains innate spiritual power and is the nemesis of Yin evil energy.

That's why, seeing the Chaos Yangzhu just now, Bingyao eagerly took it for himself.

It was so!

Hearing this, Yue Feng suddenly realized and was extremely happy at the same time.

Chapter 3044

"Yue Feng..."

At this time, Bing Yao bit her lip tightly, as if she couldn't open her mouth, she glanced at Yue Feng, then lowered her head: "I have already told you how to get out... Wait a minute. Can you take me with you when you leave?"

After saying this, Bing Yao's eyes were filled with anticipation, and her previous high coldness was gone.

Being trapped here for five hundred years, Bing Yao dreams of going out, but now that she has the opportunity, of course she will not let it go.

I go! Is this begging me?

Yue Feng was stunned for a moment, then said with a smile: "Let me take you out? I have to think about it, you wanted to kill me just now, and now let me help you, this..."

Said, Yue Feng The wind pretended to be contemplative.

This Bing Yao is extremely cold, she almost killed herself just now, and now she wants to take her out by herself, how can such a good thing happen.

This....

Hearing this, Bing Yao was in a hurry, walked over and pleaded with Yue Feng: "Yue Feng, I was wrong before, please help me, okay?"

Bing Yao at this time , I never thought that I would put down my posture and plead with a man.

call!

Seeing Bingyao's look of anticipation, Yue Feng scratched his head and said in deep thought, "I can take you out, but...you promise me a condition!" After saying that, Yue Feng looked at Bingyao with a smile.

Bing Yao's tender body trembled, and she whispered, "What conditions?"

At this time, Bing Yao was very embarrassed and angry. This Yue Feng is really hateful.

But there is no way, the other party has Chaos Yangzhu and can take him away.

Yue Feng thought for a while, then smiled and said: "It's very simple, after I take you out, you must obey my orders, and you must not violate it!"

Although he didn't know Bing Yao's identity as the Queen of the Underworld, Yue Feng also understood in his heart, She is so powerful that it is absolutely harmless to draw her to her side.

What?

follow your orders?

Hearing this condition, Bing Yao's pretty face froze, and her heart was full of resistance. How could she, who is so high above, obey the orders of a Kyushu man? !

Seeing Bingyao's shame and anger, with a leisurely face: "If you want to, I won't force it, let's just say goodbye!"

With that, Yue Feng pretended to leave.

"Okay!"

Bing Yao's tender body trembled, and she was in a hurry. She quickly

said, "I promise you!" To be honest, Bing Yao resisted Yue Feng's condition ten thousand times, but she had no choice. She might be the only one who left here. If you let Yue Feng go, he will never be able to get out.

Seeing that Bingyao finally agreed, Yue Feng nodded in satisfaction and let her enter the spirit beast bag. You must know that this Ten Thousand Demon Pagoda gathers the yin energy of the entire space. Even if Bing Yao is very powerful, she can't stand it. If you want to take her out, she can only keep her spirit beast in the bag.

This is also the only way.

Afterwards, Yue Feng urged Chaos Yangzhu to leave Ten Thousand Demon Pagoda according to what Bing Yao said.

...

the other side.

After the eight saintess helped Long Qianyu and others defeat the mirror image demon, they quickly found Meihui, Zheng Chunqiu and others through clues.

After everyone got together, they were very excited. At the same time, it was also discovered that Yue Feng was chasing a mirror image demon and has not returned yet.

“Let’s go find it!”

Zi Yan said softly, and then flew into the air, towards the distance.

Huanxiang and other saintess also urged their figures to search in other directions.

After the eight saintess left, Long Qianyu and everyone looked at each other, feeling a little uneasy!

This place is full of dangers, and I haven’t found a way to get out yet, and now, Yue Feng has always been there.

Chapter 3045

Especially Mei Hui, her eyebrows knitted together, unable to hide her worries.

“Those mirror-image demons are very cunning, Yue Feng is chasing him alone, and he doesn’t know what’s going on!” At this moment, Ye Zhixin couldn’t help but said, with a trace of worry on her beautiful face.

When Yue Feng was there before, everyone would be able to turn danger into a safe place in any situation, so in Ye Zhixin’s heart, Yue Feng had been regarded as the backbone.

“Master Ye!” At this time, Meihui’s beautiful face was full of seriousness: “Big brother is so powerful, there will be no problem.”

Although she was worried, Meihui believed in Yue Feng’s strength.

When the voice fell, Su Shengfei and the others next to him laughed lightly. These people are very dissatisfied with Yue Feng, wishing that something happened to him.

hum!

Just as he was talking, a strong aura suddenly came from the sky not far away, and the surrounding air plummeted in an instant.

what’s the situation?

Meihui and Long Qianyu were all shocked, and their eyes turned to look at them.

hiss!

Seeing the scene in front of them, everyone present couldn't help but gasp in breath!

I saw that it was originally a dark sky, and now the yin qi filled the air, and the black yin qi covered the entire sky, and in the endless yin qi, a figure came quickly.

He was dressed in a black robe with a black dragon pattern embroidered on it.

It is Hades.

Let King Guangping and Jed, after the war started in Kyushu, Hades can't wait to enter Hades Cauldron to deal with the Nine Heavens Saintess.

At this time, Hades had a sneer of pride on his face, holding a black iron chain, slowly dancing in the black yin, like a long black snake, wickedly arrogant.

call!

Feeling the terrifying breath of Hades, everyone present was inexplicably frightened.

"Where's the Nine Heavens Saintess? Come out and die!" Hades looked around and said coldly, with a strong killing intent permeating his body!

Feeling the killing intent, Long Qianyu and Meihui both felt chills in their hearts!

"You... who are you?"

In shock, Long Qianyu stepped forward and couldn't help but speak!

"This deity is the ruler of the ghost world, Pluto!" Pluto smiled evilly, looking extremely proud.

What?

Hearing this, whether it was Long Qianyu or everyone around him, their expressions changed and they were shocked.

Hades... the rumored existence of controlling the ghost world?

Feeling the panic of everyone, Hades seemed to enjoy this feeling, and said coldly: "Soon, the deity will rule Kyushu, and you ants will be called the stepping stones on the road of the deity's rule. Before the deity takes action, you have What last words can be said."

When he said this, Hades looked proud.

At this moment, Long Qianyu, Meihui and the others looked up at Hades one by one, only to feel that their hearts were blocked, and they were even a little breathless!

At the same time, they were all terrified.

Pluto wants to rule the Kyushu continent?

Thinking to himself, Long Qianyu took a deep breath and said slowly: "You are the master of the ghost world, but you want to intervene in the Kyushu continent and violate the laws of heaven, so you are not afraid of being punished by heaven?"

"God punished?"

Hearing this, Hades sneered: "Kill you and the Nine Heavens Saintess, I am Heaven, who can punish me?"

Om!

The voice fell, and a terrifying aura erupted from Pluto's body. Immediately afterwards, a dazzling light burst out from the iron chain in his hand, tearing apart the world and bursting towards everyone.

The iron chain in Pluto's hand, called the Chain of the Underworld God, is the strongest artifact in the ghost world, and its power is terrifying.

The ultimate husband in Chinese chapter 3046-3050

Chapter 3046 The

dazzling light, carrying the unparalleled power of death, fell into the crowd! In an instant, the smoke filled the air, and the mourning continued! Many sect powerhouses fell into a pool of blood before they could react!

This... is this the power of Hades? Too.. too scary!

In an instant, the rest of the people saw this scene, and their backs were all chilled!

"Hahaha..."

Looking at their pale faces, Hades laughed loudly: "You don't have to struggle, this is your destiny! Besides, I can tell you that my subordinates have already started a war in Kyushu, Even if you can get out alive, you won't be able to return to the sky."

What?

Hearing this, Long Qianyu and the rest were all shocked and angry. Until this time, everyone finally understood that what Yue Feng said before was all right. King Guangping and the traitor Jade of the Rakshasa tribe were all from the King of Pluto.

In the next second, Long Qianyu reacted and bit his lip: "As long as we are still here, you can't succeed!"

"Everyone in the rivers and lakes, in the time of life and death, fear is useless." The last word fell, Long Qianyu's toes Tap the ground lightly, fly up, and go straight to Hades!

"Zhennan..."

Jiang Shan next to her, also trembled, pulled out a long sword, and jumped up!

"Let's go together!"

Seeing that Long Qianyu took the lead, and there were still some panicked people around, they instantly cheered up, howling loudly one by one, urging their inner strength to rush towards Hades.

However, the strength of these family disciples was completely vulnerable in front of Hades.

This chapter is provided by . Visit for daily update.

"A bunch of dead ants"

Looking at the people who rushed up, Hades' face was full of contempt, and he kept waving the chain of the underworld god in his hand. He saw that the surrounding air was almost completely torn apart. When he got to Pluto, he was torn into pieces!

The disparity between the strengths of the two sides is huge, and it is completely a unilateral massacre!

After all, the opponent in front of them is the strongest existence in the ghost world.

In the blink of an eye, hundreds of sect powerhouses were killed by the Hades, the ground was stained red with blood, and the blood filled the air, like hell!

Pluto was arrogant and arrogant, his eyes locked on Long Qianyu, and his tone was unquestionable: "It is said that you are the eldest princess of the Southern Cloud Continent, and your prestige is very high. As long as you take the lead and surrender to me, maybe I can save your life!"

“Submit to me!” You? Impossible!” Long Qianyu bit his lip and spit out a few words coldly.

“I don’t know how to lift.”

Pluto’s eyes turned cold, and the chain of the Underworld God suddenly rose up in his hand, and a dazzling light threw it directly towards Long Qianyu.

Feeling the power of the Chain of the Underworld God, Long Qianyu’s pretty face changed.

Whoa!

The chain collided with the long sword, and the long sword shattered instantly. Immediately, the chain swept across Long Qianyu’s body fiercely. Long Qianyu’s delicate body trembled, and a mouthful of blood spurted out.

Such a terrifying power.

At this time, Long Qianyu was full of horror and despair at the same time.

You can’t even catch a single move from Hades, do you really want to die here?

“The deity has given you a chance and you don’t want it, so don’t blame the deity!” Pluto’s mouth evoked a trace of cruelty, his voice fell, and he walked towards Long Qianyu step by step.

“Princess!”

Seeing this scene, dozens of Nagumo Palace guards couldn’t help shouting and rushed over.

However, Hades did not take these guards seriously at all, and with a wave of his hand, the Chain of Hades was thrown out like a poisonous snake.

“Ah...” As the rays of

light flickered, these palace guards were torn apart by the Chain of the Underworld God before they rushed to the front, and fell into a pool of blood one by one!

Long Qianyu’s face was full of despair, and he completely collapsed!

It’s over.. It’s really over!

Chapter 3047

At the same time, the surrounding Su Shengfei and others were also extremely frightened. They had no desire to continue fighting, and just wanted to turn around and run away.

“Pluto, do you only bully the weak with the strong?”

However, at this critical moment, I could only hear a coquettish shout from the sky not far away!

Following the voice, Long Qianyu’s delicate body trembled, and a hint of excitement appeared on her beautiful face. I saw eight figures flying over. It is the eight saintess of Ziyang.

The eight saintess were originally looking for Yue Feng, but they couldn’t find any trace of Yue Feng after searching around, and then they sensed a powerful death atmosphere here, filling the world, and quickly returned.

As soon as he arrived, he saw that Hades was wanton slaughtering.

“Shhh!”

At this moment, Pluto’s gaze instantly locked on the bodies of the eight saintess.

Tightly attracted by the six fairies.

“Hahaha...”

After a few seconds, Pluto laughed and said coldly: “Nine Heavens Saintess, I was looking for you, and you took the initiative to send you to the door, just in time to catch you all.”

“Arrogant!”

Huanxiang Hot personality, too lazy to talk nonsense, he rushed over with a squeak.

“Pluto, we are here today, don’t think about messing around!”

“Back then you secretly destroyed the Xuantian Great Array, but now you think about cholera and Kyushu, new and old accounts, let’s make a good calculation!”

At the same time, Zi Yan and Yu Ling and the other saintess also shouted coquettishly, and at the same time flew up and quickly surrounded Hades.

“Ha ha...”

Facing the anger of the six fairies, Pluto looked proud: "I'll settle the account with me? I'm afraid you are not strong enough!"

Om!

The voice fell, the power of Hades erupted, and a terrifying aura swept out from the whole body. In an instant, the surrounding was raging, like a chaotic world. The chain of the underworld god in his hand was even more flickering with a strange light!

The next second, the two sides fought fiercely in mid-air.

At the beginning, the eight saintess could still contain Pluto, but gradually, the eight saintess became somewhat powerless. You must know that there were originally nine saintesses in the Nine Heavens, and they cooperated with each other to explode their strongest power.

However, Holy Maiden Lanxin was humiliated and committed suicide, resulting in one less Saint Maiden of the Nine Heavens. At this time, facing Pluto, it is natural to be unable to resist.

How to do?

At this moment, Huanxiang and Ziyang were all in a hurry.

Phew...

At the same time, everyone watching the battle below secretly sweated for the Nine Heavens Saintess.

Meihui, in particular, stomped her feet in a hurry. The eight saintess were obviously not Pluto's opponents.

Bang bang bang!

At this time, Hades became more and more fierce, and found an opportunity to wield the Chain of Underworld God. The air was suddenly torn apart, and then the eight saintess trembled and fell from the air, all of them pale.

Obviously, they were all injured when they were drawn by the Chain of the Underworld God.

"Hahaha!" Hades laughed frantically, his eyes swept over Huanxiang and Meihui one by one: "Accept your fate, Holy Maiden Nine Heavens, when I merge the power of Nascent Soul in you, I will be able to leave the ghost world, Go to the Kyushu Continent to be my master!"

Yes, Pluto has worked so hard to prepare for so long, and the ultimate goal is to get the power of the Nascent Soul of the Nine Heavens Saintess. You must know that as the ruler of the ghost world, Pluto cannot appear in the continent of Kyushu. This is the law of heaven and earth, but once it is merged With the power of Nascent Soul in the Nine Heavens Saintess, Hades is no longer restricted by laws.

As soon as the words fell, Hades threw out the Chain of Underworld God and was about to tie the eight saintess.

Whoosh!

However, at this moment, a figure rushed forward and blocked the front of the eight saintess.

It is Mihui.

Chapter 3048

“You are not allowed to hurt the Nine Heavens Saintess!” Mei Hui looked at Hades, her delicate face showing determination.

She knows that her strength is not worth mentioning in front of Hades, but the Nine Heavens Saintess is related to the safety of the entire Kyushu. Once they have an accident, the consequences will be disastrous.

“Get out of the way!”

Seeing this scene, the saintess Zi Yan and Huanxiang were all shocked.

At the same time, the surrounding Ye Zhixin, Long Qianyu and others were also taken aback.

“Where did you come from, little girl, courting death!”

Pluto said coldly, his eyes full of contempt, and the moment the words fell, the Chain of Underworld God was thrown directly over.

With this whip sweep, Meihui must have her bones shattered.

boom!

However, at this moment, suddenly, there was a very strong vibration not far away.

With this shock, everyone present was blinded, and they all looked over, and saw a place not far away, filled with dust and smoke, obviously something had collapsed.

This...

Hades frowned, his face could not be seen, but his heart was secretly shaking.

Others do not understand the situation, but Pluto is very clear in his heart. This is the direction of the Ten Thousand Demon Pagoda, and with such a big movement, it is obvious that someone rushed out from the Ten Thousand Demon Pagoda, causing the Ten Thousand Demon Pagoda to collapse.

who? To be able to rush out of the Ten Thousand Demon Pagoda? !

In astonishment, Hades stared at the piece of dust and smoke, and saw a figure floating faintly above the smoke.

This figure is Yue Feng.

At this time, Yue Feng, relying on the Chaos Yangzhu, absorbed a lot of power in the Ten Thousand Demon Pagoda, and his strength increased a lot. The breath that permeated his body was very terrifying!

Whoa!

As the dust and smoke dissipated, many people present also saw Yue Feng, and there was an uproar.

“It’s Yue Feng!”

“He’s fine...”

“What a strong breath, his strength seems to have improved again!”

In the midst of the discussion, Yue Feng flew over quickly.

This...

When he got to the front, Yue Feng was shocked when he saw the scene in front of him.

He clearly saw that the eight saintess were weak, and everyone in Long Qianyu was injured. The ground was full of blood, and there were many corpses of sect masters lying on the ground.

And in the mid-air, Hades hovered proudly there, and his whole body was filled with the momentum of destroying the world.

“Big brother!”

“Yue Feng!” The

eight saintess and Meihui were extremely happy when they saw Yue Feng just coming.

Swish!

At this moment, Pluto’s eyes were also locked on Yue Feng, and his tone was extremely proud: “You are Tianmen Sect Master, Yue Feng!?”

” Shock.

The opponent’s strength is unfathomable, and the whole body is filled with such a terrifying aura of death, could it be Pluto?

“very good!”

At this moment, Pluto said coldly to Yue Feng: “It is said that you are very famous in Kyushu, and that you have destroyed my deity over and over again, and just now destroyed my Ten Thousand Demon Pagoda, just to get rid of you together. Drop!” The

voice fell, and the figure of Hades flashed, coming straight towards Yue Feng.

call!

Seeing this scene, both Mei Hui and the eight saintess secretly sweated for Yue Feng.

Looking at the former Hades, Yue Feng was also very nervous. He didn’t have time to think about it. He summoned Fang Tianhuaji and completely exploded his inner strength. A terrifying force was condensing!

The next second, Yue Feng stared at Pluto who was rushing over, and coldly shouted out a few words: “Blood battle in all directions !

“

The surrounding air was dyed red with blood!

Bloody battles in all directions are Lu Bu’s unique skills, and Yue Feng’s hard work in the past few years has reached another extremely high level.

boom!

Chapter 3049 In the

blink of an eye, the blood-colored light and shadow slammed into Hades, and a roar of earth-shattering came out. The whole world was shaking violently.

I saw that the figure of Hades hovered proudly, and it seemed that he had not suffered much damage.

shit.

Seeing this scene, Yue Feng was startled and panicked.

Even bloody battles in all directions can't hurt Hades, so how can we fight?

"Is this only the strength?" The

corners of Pluto's mouth twitched, and a trace of contempt appeared on his icy face. When the words fell, Hades suddenly raised his hand, and saw the chain of the God of Hades suddenly soared dozens of times, and suddenly slammed into Yue Feng!

The Chain of the Underworld God is the strongest magic weapon in the ghost world. Like Yue Feng's Linglong Pagoda, it can be big or small. At this time, the chain of the Underworld God has grown by several hundred meters. The air was shrouded in a strong breath of death.

Feeling the terrifying breath of death, Yue Feng's face was extremely pale, and a chill ran from the soles of his feet to the top of his head.

hiss!

At the same time, the eight saintesses who were watching around, as well as Meihui and others, also felt a terrifying aura, and they were all terrified, and they couldn't help sweating for Yue Feng.

"Pluto's strength is too strong, I'm afraid Yue Feng can't stop it."

"Yue Feng, be careful!"

At this moment, everyone believed that Yue Feng had no chance of surviving.

After all, the power disparity between the two sides is too great.

Under the exclamation, the eight saintess were about to come to help, but before the fierce battle with Hades, they were all injured, and it was too late.

Nima!

Looking at the Chain of Underworld God swept over, Yue Feng clenched his fists tightly, and at the same time he was shocked, but also a little desperate!

How to do? The strength of this Hades is too terrifying, and even bloody battles can't hurt him, so it is estimated that Bailian's cold fire is useless.

correct!

At this critical moment, Yue Feng suddenly remembered something, his eyes flashed, he quickly opened the spirit beast bag, and shouted at the same time: "Bingyao, come and help me!

" Then a slim figure appeared in front of everyone.

It was Bingyao, the Empress of the Underworld.

Whoa!

At this moment, the eyes of everyone below were focused on Bing Yao, especially some men from Su Shengfei, their eyes were straight.

beautiful!

So beautiful.

The charming figure and delicate face, even standing with the eight saintess, are not inferior, especially the cold and arrogant temperament on the body, which is simply unforgettable.

"Bing Yao?"

At the same time, Pluto was also shocked, watching Bing Yao, speechless.

She was trapped in the Ten Thousand Demon Pagoda by herself, and it was impossible to come out. If the Ten Thousand Demon Pagoda was destroyed, she would also perish along with her. How could she come out alive?

Thinking to himself, Pluto gave Yue Feng a cold look, yes, he brought Bing Yao out.

Although Pluto and Bingyao are nominally husband and wife, they are completely incompatible because of their different ideas.

Swish!

At the same time, Bing Yao's eyes were like ice, and she locked onto Hades tightly. Under her anger, her delicate body kept shaking.

For five hundred years, Hades trapped himself in the Ten Thousand Demon Pagoda for five hundred years. This account must be calculated carefully.

The more Bing Yao thought about it, the more angry she became. She was too lazy to talk nonsense. She raised her jade hand and saw the surrounding chaotic sky. Snowflakes suddenly floated. Then, a huge ice sword condensed and stabbed directly at Hades.

Seeing the ice sword flying, Hades didn't dare to neglect, he threw up the Chain of Hades to resist.

boom!

The ice sword and the Chain of Underworld God collided, and I saw Hades' face changed, and he was shaken back several steps!

Ha ha!

Seeing this scene, Yue Feng was both shocked and happy.

Fortunately, I brought Bing Yao out, otherwise, I really couldn't fight Hades.

This...

At the same time, the surrounding Meihui and Long Qianyu also looked at Bing Yao and were shocked.

The strength of this woman is so strong that she can actually knock Pluto back.

Chapter 3050

"Bing Yao!"

At this time, Yue Feng was excited, and couldn't help but remind Bing Yao, "Be careful!"

Although Bing Yao's strength is not weak, the other party is Hades after all.

More importantly, this is the inner space of Hades Cauldron, and the situation is still under the control of Hades.

"Master, you don't have to worry about me, I want to settle the old account with Hades." Bing Yaoshen replied softly, not loud, but full of determination!

At the same time, Bing Yao's eyes were always fixed on Hades.

Whoa!

Hearing this, whether it was Long Qianyu or the others, they were all stunned, looking at Yue Feng one by one, their eyes full of incredulity.

This powerful and mysterious woman actually called Yue Feng the master?

At the same time, Pluto was also stunned, and said to Bing Yao in surprise: "You recognize this kid as the master? Have you forgotten your identity!

"His wife now recognizes a boy from the Kyushu mainland as the master. When this news spreads, what is his majesty?

"Who I think is the master has nothing to do with you!" Bing Yao responded coldly.

Saying that, Bing Yao couldn't hide the hatred in her eyes: "You still have the face to mention your identity to me. When you raided me and trapped me here for five hundred years, it was Yue Feng who helped me get out. An eye-catching mortal is a thousand times better than you."

"Don't talk nonsense, let's see the trick!!"

Om!

When the last word fell, Bing Yao let out a soft drink, and the cold air filled her body, coming directly to Pluto.

"good very good!"

Looking at Bing Yao who was rushing towards him, Pluto's face was gloomy and he said coldly, "If that's the case, then there's nothing to say." After the words

fell, Pluto clenched the Chain of the Underworld God and fought fiercely with Bing Yao.

For a time, the figures of the two were constantly in midair, shuttle back and forth, and the violent vibration caused the air to be extremely distorted, as if the end of the world, the scene was indescribably shocking.

Huh..

This scene made everyone stunned. You must know that this level of battle can be said to be rare in a thousand years, and many people are stupid!

Yue Feng was also shocked to see it. At the same time, he stepped aside and meditated cross-legged to regain his strength.

Just now in the fight with Hades, Yue Feng consumed a lot of internal energy and was injured by shocks, so he needs to recover quickly.

At this moment, a few hundred meters away, there is a figure watching the situation here from a distance.

He was dressed in a gray long gown, elegant and handsome, but his eyes flashed cunningly.

It was Duan Yu.

Like the masters of various sects, Duan Yu kept looking for a way out after being sucked into the Pluto Cauldron. Just now, when he felt the movement of the fight, Duan Yu immediately came to check, and it turned out that Yue Feng and the others were fighting with Pluto. fierce battle.

Duan Yu was insidious and cunning, so naturally he would not be kind enough to help.

He thought about it, first look at the situation, and then make plans.

This side of the battlefield.

Under the fierce battle, Pluto's face was cold, but his heart was secretly anxious.

Before dealing with the eight saintess and Yue Feng, Hades consumed a lot of strength, and now facing the angry Bing Yao, he gradually became powerless.

hula....

Just when Hades was secretly irritable, I heard footsteps not far away, and then, I saw hundreds of figures rushing here.

These hundreds of figures are also the masters of the sect trapped here, led by the white horse.

Like Duan Yu's situation, after the white horses gathered, they kept looking for a way to get out. Later, when they heard the movement here, they came over to take a look.

call!

When they got to the front, when they saw the scene in front of them, everyone on the white horse was stunned.

In mid-air, between the dark mist and the snowflakes, the two figures shuttled back and forth, fighting endlessly, and the aura that erupted was extremely terrifying.

Such a strong breath, who is this man and woman fighting?

At this time, the white horse people did not know the situation, and they did not know that they were fighting fiercely. It was the king of the ghost world, the king of the underworld, and the queen of the underworld, Bingyao.

call!

The ultimate husband in Chinese chapter 3051-3060

Chapter 3051

Seeing the white horse crowd coming, Hades frowned secretly, and felt a little anxious.

With so many people here again, the situation is getting more and more out of control.

hum!

At this moment, seeing Hades distracted, Bing Yao didn't have time to think, she raised her jade hand, and the surrounding snowflakes quickly condensed into a huge ice ball, which slammed into Hades.

In an instant, wherever the hockey puck passed, the air seemed to freeze.

Seeing this scene, everyone below is very excited!

Um?

Pluto was also taken aback when he saw the ice hockey puck hit, and hurriedly waved the Chain of Underworld God to resist.

“Boom!...” The

ice ball smashed on the Chain of the Underworld God, and a terrifying vibration broke out. Just listening to Hades groaning, the figure was directly shaken and flew out! Before dealing with the eight saintess, Pluto consumed a lot of power, but at this time, facing Bing Yao's strongest blow, he naturally couldn't stop it.

At this time, Pluto's face was extremely ugly. He knew that he could not be in love, but the eight saintess must be taken away.

Thinking to himself, the eyes of Hades flickered fiercely, and he clenched the chain of the God of Underworld, and threw it towards Bing Yao.

hum!

This whip contained the terrifying power of Hades, and the power was so terrifying that Bing Yao did not dare to take it hard, and floated back.

Taking this opportunity, Pluto threw out the Chain of Underworld God again, tied the eight saintess at once, and then flew into the distance.

This chapter is provided by . Visit for daily update.

In a blink of an eye, he had disappeared from everyone's sight.

"Damn!"

Seeing Hades kidnap the Nine Heavens Saintess, Bing Yao's beautiful face was very unwilling.

At the same time, everyone below was also very angry.

Especially Yue Feng, when he was anxious, he would urge his figure to pursue him. Hades is ambitious and ruthless, and if the Nine Heavens Saintess falls into his hands, it will be more fortunate than for luck.

hum!

However, at this moment, a vibration was heard, the ground shook violently, and at the same time, black clouds were rolling in the sky.

Feeling this shock, everyone has a bad premonition.

"Yue Feng!"

Bing Yao bit her lip and shouted at Yue Feng, "Stop chasing, this place is about to collapse, let everyone gather together and deploy the teleportation array to leave!"

Others don't know the situation, but Bing Yao Yao knows very well that Yue Feng relied on the Chaos Yangzhu to rush out of the Ten Thousand Demon Pagoda, causing the Ten Thousand Demon Pagoda to collapse. The Ten Thousand Demon Pagoda is the center of the entire Pluto Ding. Once it collapses, the entire space will collapse and disappear.

"Quick!"

Hearing this, Yue Feng didn't have time to think about it, and hurriedly shouted at the surrounding: "Get together and deploy the teleportation array."

Hula!

In an instant, Long Qianyu, Meihui, and the others gathered together.

At this moment, Duan Yu, who was not far away, frowned secretly.

Whoosh!

The next second, Duan Yu looked at the direction that Hades was leaving, urged the figure, and chased after him directly.

Duan Yu knew that it was impossible for him to leave with Yue Feng and others with his current identity, so he might as well follow Pluto quietly. After all, Pluto is familiar with this place and must have a way to leave.

Soon, near a cave, Duan Yu discovered the whereabouts of Hades.

I saw Hades lead the eight saintesses directly into the cave, and then a beam of light came out from inside.

Um?

Duan Yu couldn't help being curious, and quietly approached the cave. Seeing the situation inside, he was stunned.

As you can see inside the cave, there is a teleportation formation. Just now, Hades left the teleportation formation with the eight saintesses.

Haha...

Duan Yu was very excited when he saw the teleportation formation.

No wonder this space is about to collapse, Pluto is not panic, it turns out that there is a teleportation array here.

Thinking to himself, Duan Yu quickly entered the teleportation formation, and a ray of light immediately enveloped him. After a few seconds, Duan Yu was teleported away.

Chapter 3052 I

don't know how long it took, Duan Yu finally stepped on the ground.

Huh..

Feeling his feet, stepping on the ground, Duan Yu breathed a sigh of relief.

The next second, Duan Yu looked around, and he was stunned.

Duan Yu saw that he was in a black hall, surrounded by yin, which made people shudder. It was obviously a ghost world, and this hall was obviously the place where Hades rested!

It turned out that the teleportation array was connected to the ghost world!

While muttering in his heart, Duan Yu's eyes fell on the secret passage behind. This secret passage was very deep and deep, lit by green lanterns, extending all the way. I don't know where it leads?

There is also a secret way, could it be that the King of Pluto is in it?

Thinking to himself, Duan Yu took a deep breath and walked in quietly.

To be honest, Duan Yu was very nervous when he entered the resting place of Hades, but he couldn't help it. He's all here, just go in and have a look!

After walking for a few minutes, finally, Duan Yu came to the end!

call!

Seeing the scene in front of him, Duan Yu was shocked and extremely shocked.

I saw that at the end of the secret passage, there was an incomparably huge secret room. The walls on both sides were engraved with dense runes, and in the center, there was an altar.

In front of the altar, the eight saintess were tied there, and the Pluto on the side was muttering words, as if performing some kind of ceremony.

Gudong!

Seeing this scene, even though Duan Yu was prepared, he couldn't help swallowing his saliva. His eyes were drawn tightly by the eight saintess, and he was stunned.

I have to say that these eight saintess are really beautiful. They are tied together at this time, and they are all different. Even if they are incomparable at the moment, their charming curves and delicate faces will make any man crazy when they see it.

With emotion in his heart, Duan Yu did not forget the situation at this time, and carefully hid in the dark, watching quietly.

At this time, this side of the altar.

Pluto was full of pride, and looked at the eight saintess. Although he was injured by Bing Yao just now, as long as he integrates the power of Nascent Soul of the eight saints, he can recover quickly. Not only that, but with their power of Nascent Soul, he can enter Kyushu without any worries.

At this time, Pluto did not notice at all, and Duan Yu sneaked in quietly.

Pluto's gaze made the eight saintess feel ashamed and angry.

"Pluto!"

At this moment, Zi Yan couldn't help shouting: "You better let us go, otherwise, God Domain will not let you go!"

At the same time, Huanxiang and Yuling's other saintess, They also shouted angrily.

"If you violate the way of heaven, you will be punished."

"Let us go!"

Hearing the coquettish shouts of the eight saintess, Hades was not angry at all, but became more and more complacent.

"Let you go?" Hades raised his mouth and said with a sneer: "In order to catch you, I have spent a lot of effort, do you think I will let you go? Also, as long as you combine the power of your Nascent Soul, I will be able to come to Kyushu, and at that time, Kyushu and the ghost world will be ruled by me, and the realm of the gods will not be able to do anything to me."

Hu....

Hearing this, the eight saintess were all terrified and a little panicked in their hearts. .

Because Pluto was right, the power of Nascent Soul in his body contains supreme spiritual energy. As long as Pluto integrates, he can be free from the rules of heaven and earth.

At this time, Pluto lit a circle of lanterns around the altar, and saw the yin energy in the entire secret room gathering crazily toward the altar.

Immediately, Pluto looked at the eight saintesses, and finally his eyes fell on Zi Yan: "Everything is ready, let's start with you!" After the

voice fell, Pluto slowly raised his hand and placed it on top of Zi Yan's head.

hum!

At this moment, Zi Yan's delicate body trembled, and the power of Nascent Soul leaked wildly and was absorbed by Hades.

"You let me go, let me go..."

Chapter 3053

At this time, Zi Yan was frightened and panicked again.

Without the power of Nascent Soul, he would no longer be the Nine Heavens Saintess, and more importantly, he could not let Hades' conspiracy succeed.

“Stop!”

“Hurry up...”

Huanxiang and the other saintess also kept drinking, trying to break free, but they were tied up by the five flowers and couldn't move.

However, the more they reprimanded, the more proud Pluto became.

hum!

With the swallowing of Hades, Zi Yan's whole body slowly flashed a halo, followed by a young figure, which slowly condensed.

It is Zi Yan's Nascent Soul.

“Haha, don't worry, when I devour her, it will be your turn!” Pluto's face was grim, and he sneered wildly. As soon as Nascent Soul appeared, it meant that his swallowing was about to succeed.

“Pluto, you won't have a good end...”

At this time, Zi Yan clearly felt that her Nascent Soul power was rapidly weakening, and her beautiful face was filled with grief and despair.

At the same time, Huanxiang several, under the jealousy and anger, tears could not stop flowing, and they were all very unwilling.

hum!

However, just when Pluto completely devoured, suddenly, a powerful breath came from behind him, and then, a figure, fast lightning, rushed from behind and slapped Pluto with a palm!

It was Duan Yu!

To be honest, if it was before, Duan Yu would never have dared to raid Hades, but at this time he clearly felt that Hades swallowed Zi Yan's power of Nascent Soul, completely defenseless, how could Duan Yu miss such a good opportunity? !

hum!

Rushing to the front, a powerful breath burst out from Duan Yu. .

“Who?!”

Pluto was taken aback when he felt the movement behind him, and when he turned back to see Duan Yu, he was so shocked and angry that he shouted coldly.

Duan Yu seized Yue Chen’s soul. At this time, he was completely Yue Chen’s appearance, and Hades couldn’t recognize it.

This person is so bold, he dares to break into his own cultivation altar.

It’s him!

At the same time, seeing Duan Yu, the eight saintesses of Zi Yan were also shocked, shocked and resentful.

At the conference of the Nanyun Royal Family and the Prayer Altar, Yue Chen and King Guangping fought against each other, showing the power of Nascent Soul. At that time, the eight saintess recognized it at once, and this talent was the real murderer of Lan Xin.

Seeing him appear here at this time, the eight saintess were also furious.

Duan Yu didn’t pay any attention to the glares of the eight saints, and his eyes were fixed on Hades.

“Your Majesty Pluto!” The corner of Duan Yu’s mouth rose slightly, unable to hide his excitement and madness: “How about eight saintess, have you tolerated it? Why don’t you divide me into two!” As

he spoke, Duan Yu burst out with all his strength, Shot out.

“Looking for death!”

Hades was furious and wanted to fight back, but this was the critical moment of devouring, and it was too late.

boom!

This palm slammed into Pluto, and a dull vibration was heard. Pluto trembled and was knocked back ten steps.

Speaking of which, Duan Yu is a mortal, and it is very difficult to hurt Pluto, but he has the power of Nascent Soul of Saint Lady Lanxin in his body, plus the critical period when Pluto is swallowing, it is when he is the weakest, and he is suddenly killed by Duan. Feather took advantage.

“You...”

Pluto stabilized his figure, his face was extremely gloomy, and he looked at Duan Yu in astonishment: “Why do you also have the power of Nascent Soul?”

At this time, Pluto was both shocked and puzzled.

He clearly felt that Duan Yu’s palm contained the pure power of Nascent Soul, otherwise, it would be impossible to hurt himself.

Chapter 3054

Call!

Seeing this scene, Zi Yan’s eight saintess all bit their lips, and their faces were extremely complicated.

Duan Yu attacked Hades and saved them indirectly, but none of them were happy. After all, the power in Duan Yu’s body was Lan Xin’s power of Nascent Soul.

“Haha!”

Duan Yu felt very proud of Pluto’s anger, and said with a smile: “Your Majesty Pluto, it is true that the original owner of this body once obtained the power of Nascent Soul of a Nine Heavens Saintess, but only in the end, it was cheap for me, hehe...”

With that, Duan Yu’s eyes flickered with coldness, and he continued: “I forgot to tell you, I am Duan Yu, the one who was imprisoned in purgatory by you three years ago!”

Shuh!

Hearing this, Pluto’s face changed: “Good boy, it’s you... You actually escaped from purgatory...”

In response, Pluto was so angry that he was about to swear angrily, but he just scolded a few words. , Suddenly his body trembled, and at the same time his face suddenly turned blue and white.

The power of Nascent Soul that devoured Zi Yan just now was interrupted by Duan Yu at a critical moment. At this time, Pluto could no longer control the power in his body.

“I’m going to kill you... ah...”

Hades howled wildly, he wanted to kill Duan Yu immediately, but his power was completely violent and completely out of his control.

Buzz...

Under the madness of the power, the entire secret room was shaking violently, and the power escaping from the Hades formed a terrifying storm, which was very amazing.

boom!

Finally, Hades roared in the sky, and the figure fell to the ground with a bang, and at the same time, a violent force collapsed from his body.

At this moment, Duan Yu didn't have time to think about it, he immediately walked over, sat cross-legged, and began to integrate the power of Hades' disintegration.

Buzz...

Under the fusion, Duan Yu only felt a pure power, full of whole body, and his strength continued to rise...

Seriously, if it were normal, Duan Yu would never absorb the power of Hades, but He has the power of Nascent Soul in his body, and there is no obstacle in the fusion.

After half an hour, Duan Yu completely completed the fusion, and saw that the body of Hades became illusory, and finally disappeared.

As the master of the ghost world, Pluto has no real body, but a spiritual body. After all the power is swallowed and merged by Duan Yu, the spiritual body will dissipate.

"Haha!"

At this moment, feeling the strong power in his body, Yue Chen couldn't help laughing up to the sky, his eyes flashed with evil light, and his whole person looked extremely evil.

Huh...

Seeing this scene, the eight saintess Zi Yan next to them all trembled faintly and were shocked.

He...he actually merged the power of Hades.

Whoa!

At this moment, there was a sound of footsteps coming from the secret passage outside, and soon, Gong Hao and Zhong Wuchen, several messengers of the Hades, and a large number of soldiers rushed in.

Pluto was completely violent just now, and the power caused violent vibrations. Feeling the movement, these Pluto messengers brought the Pluto soldiers over to check.

Swish!

Entering the secret room and seeing the scene in front of him, whether it was Gong Hao and Zhong Wuchen, the messengers of the underworld king, or the underworld soldiers, they were all stunned!

I saw that the eight saintess were tied to the altar, and next to him, Duan Yu stood proudly, and his body was filled with amazing aura.

“Who? Dare to trespass into the ghost world?”

Finally, Zhong Wuchen reacted, staring at Duan Yu and yelling angrily!

“What about the ghost world?” Duan Yu raised the corner of his mouth, showing a sneer, and said lightly: “I don’t even pay attention to Hades.”

What a crazy boy!

Hearing this, Zhong Wuchen and Gong Hao were both shocked and furious.

They didn’t know yet that Duan Yu had absorbed the power of Pluto, and Pluto no longer existed.

The next second, Zhong Wuchen took a step forward and shouted angrily: “Dare to disrespect His Majesty Pluto, courting death!”

Om!

The voice fell, and a powerful yin and evil aura erupted from Zhong Wuchen’s body. He clenched a long black knife and stabbed straight at Duan Yu. In an instant, wherever the long knife passed, the air in the entire secret room was distorted. .

Seeing Zhong Wuchen burst out, Duan Yu looked contemptuous.

“It’s not certain who is courting death!”

The ultimate husband in Chinese chapter 3056-3060

Chapter 3055

Duan Yu spoke coldly, a terrifying aura erupted, and in an instant, the entire secret room was filled with an aura of death.

Hiss...

such a strong breath!

At this moment, whether it was Zhong Wuchen or Gong Hao, they were all taken aback.

This person in front of him actually possesses such a terrifying power of death. Moreover, this power of death is exactly the same as that of Hades...

How could this be?

At this time, everyone did not know that what Duan Yu burst out was the power of Hades.

“Om!”

Duan Yu didn't talk nonsense, slowly raised his right hand, a palm shadow condensed, Zhong Wuchen didn't have time to react, and was directly shot by the palm shadow.

“Ah...”

Zhong Wuchen let out a scream, and his whole body was shaken and flew out. When he landed, his whole body shrank rapidly and turned into a skin and bones. The power of Yin Sha was all swallowed by Duan Yu.

Hiss...

Seeing this scene, Gong Hao and the other Hades messengers, as well as the surrounding Hades soldiers, couldn't help gasping for air and were terrified.

The strength of this person.. is too terrifying!

quiet!

This chapter is provided by . Visit for daily update.

For a moment, the entire secret room was silent.

At the same time, the eight saintess were also extremely shocked, staring blankly at Duan Yu, speechless one by one.

This person is so ruthless, a messenger of Hades, kill if he says kill.

“you...”

At this moment, Duan Yu walked slowly to the altar, his eyes swept across Gong Hao's people, and said indifferently: "Have you seen the new Hades, why don't you kneel?"
The

voice was not loud, but the majesty and domineering that could not be said. The crowd was almost breathless.

Pfft!

The next second, Gong Hao took a deep breath and walked out first. He knelt in front of Duan Yu and shouted respectfully, "My subordinate

sees His Majesty Pluto." Gong Hao is not stupid. , devoured the power of Hades. If you don't give in to yourself, you're going to find your own way.

"See Your Majesty Pluto."

In an instant, the entire secret room knelt down, and the other Pluto messengers and Pluto soldiers shouted in unison, all of them being extremely respectful, not daring to have the slightest dissatisfaction.

Killing Zhong Wuchen in one move, his strength is even more terrifying than the previous Hades, who dares to be presumptuous?

Um!

Duan Yu nodded with satisfaction, and said with a smile, "Get up!" After the words fell, everyone in Gong Hao got up one after another.

"Your Majesty."

At this time, Gong Hao took a step forward and said cautiously: "King Guangping and Jade are conquering the continent of Kyushu, do you want to call them back?"

Originally, King Guangping and Jade were the puppets of Hades, but at this time , Duan Yu absorbed the power of Pluto and became the new master of King Guangping and Jed.

"No need!" Duan Yu showed a smile: "Let them act according to the original plan, and tell them that they have made military exploits and will be rewarded!"

"Yes, Your Majesty!" Gong Hao nodded quickly, and then looked at the altar tied to the altar. The eight saints above: "Then... how about them?"

Phew!

Duan Yu took a deep breath, pondered for a moment, and said slowly: "Lock it up for now!"

Because the Pluto is an imaginary body, he must absorb the power of the Nascent Soul of the Nine Heavens Saintess in order to transcend the rules and go to the Kyushu Continent. Duan Yu is different. He has Yue Chen's body and can travel between the ghost world and Kyushu freely.

Under such circumstances, Duan Yu was naturally in no hurry to devour the power of the Nascent Soul of the eight saintess.

As soon as the words fell, Gong Hao hurriedly called in a few underworld soldiers to take the eight saintess out of the secret room and locked them in purgatory.

Done!

In an instant, the eight saintess looked desperate.

This person is ruthless and has become a new Pluto. I am afraid that the fate of his sister will be even worse.

Chapter 3056 On the

other side, inside the Pluto Cauldron.

Buzz....

the vibration is getting more and more powerful, there is chaos between the heaven and the earth, and the violent power is raging everywhere.

Soon, the unique inner space of Hades Cauldron will be completely shattered.

Huh....

Under the instructions of Bing Yao, Yue Feng and everyone gathered together, mobilized their inner strength, and deployed a teleportation formation.

I saw that after the deployment of the teleportation array, a dazzling light enveloped everyone, and then quickly teleported away. Speaking of which, if there was no Bing Yao, Yue Feng and the people from the various sects would likely die as the space collapsed.

I don't know how long it took, accompanied by a dizziness, Yue Feng finally stepped on the ground.

call!

The moment his foot stepped on the ground, Yue Feng looked around and saw that there were not many people from the major sects, and suddenly heaved a sigh of relief.

Then, seeing the surrounding environment, Yue Feng was stunned.

I saw that I and everyone were in a majestic fortress. This fortress was built halfway up the mountain, and the houses were all built of huge stones, which was indescribably majestic.

However, in such a grand fortress, no one was seen.

Not only that, but Yue Feng also saw that the deserted streets were in a mess, as if they had been looted.

I go!

What is this place?

Seeing this scene, Yue Feng couldn't help frowning secretly.

The people around were also frowning in surprise.

"This..." At this moment, Ye Zhixin

next to him said softly: "This seems to be the frontier fortress of Xuanye Continent, Black Cloud City. I visited Jianghu and came here before."

Mo locked: "This is a border traffic fortress, and there are heavy troops stationed, how can there be no one?"

Hearing this, Yue Feng couldn't help frowning: "Could it be that a major change has occurred?"

At this time, Yue Feng, There are some bad premonitions. The eight saintess were kidnapped by Hades, and they were a little anxious. However, these people managed to escape the collapse inside Hades Cauldron, but were sent to the empty Black Cloud City.

This is not a good sign.

At this time, the masters of the various sects searched around, but found no one.

This is an empty city.

"Let's go out and see!" Someone shouted.

Yue Feng nodded, looked around and said: "This matter is too strange, let's go out of the city together, don't spread out." With that, Yue Feng took the first step and walked out of the city.

Long Qianyu looked at each other and slowly followed.

What the hell!

As soon as he walked out of the city and saw the valley below, Yue Feng was shocked, and the whole person was stunned.

I saw that in the valley below, an army of several hundred thousand lined up neatly, forming a siege situation. These hundreds of thousands of troops, wearing uniform black armor, were far apart. Feel the chill in them!

In the mid-air in front of this army, there was a proud figure suspended in the air, wearing a golden dragon robe.

It was King Guangping.

A day ago, King Guangping was ordered by Hades to launch wars against other continents, and soon occupied the Diyuan Continent, and then led a large army to continue the expedition against the Xicang Continent, and today they hit Heiyun City.

Speaking of it, the military strength of Tianqi Continent is not the strongest in Kyushu, but since the war between Kyushu and the Rakshasa clan ended three years ago, King Guangping has strengthened his military strength, often training his army, making the weather army more powerful. The army has been greatly increased.

More importantly, after King Guangping started to be a puppet of Pluto, he practiced evil arts, his strength increased greatly, and he led an army to conquer the Quartet, which was almost invincible.

Chapter 3057

Wow!

At this moment, everyone in Long Qianyu also saw this scene, and they were all stunned, especially when they felt the evil aura on King Guangping, they were all secretly surprised, and at the same time, anger flashed in their eyes.

In the previous prayer altar in the Nanyun Imperial City, King Guangping used the Hades Cauldron, and everyone was trapped in the inner space of the Hades Cauldron. When they saw him again, they couldn't hide their anger.

call!

At this moment, Yue Feng reacted, tilted his head and glanced at the depths of the valley, and suddenly frowned secretly.

I saw that the defenders of Black Cloud City were all trapped inside, and there were more than a hundred thousand people. Many people were injured and they were very embarrassed.

Obviously, King Guangping led a large army to attack Heiyun City and launched a surprise attack. The defenders of Heiyun City rushed to meet the enemy, lost and retreated, and were finally trapped in this valley.

The general of the garrison of Black Cloud City, called Zheng Hong, was dressed in white armor, but at this time, the armor was covered in blood, and there were injuries everywhere, and the whole person was indescribably embarrassed and weak.

“Zheng Hong!”

At this time, King Guangping, who was suspended in mid-air, shouted at Zheng Hong with a look of contempt: “Competing with me is undoubtedly a man’s arm, I think you are also a man, surrender to me immediately, and I will Spare the lives of you and your subordinates.”

When he said this, King Guangping’s tone was cold and unquestionable.

The entire Black Cloud City has been destroyed, and Zheng Hong, the remnant and defeated generals in front of him, are not worried at all.

Because of the complex environment, the road from Black Cloud City to the valley is full of rocks, so King Guangping has not found Yue Feng and others.

call!

Hearing this, Zheng Hong clenched the silver spear in his hand, with a resolute expression on his face, and responded to King Guangping: “You have rashly started a war and acted as an unjust teacher. If I surrender, I will help Zhou and abuse.” After

speaking, Zheng Hong Turning around and looking around, he shouted : “Soldier, even if you die today, you must not forget your responsibilities. You won’t surrender in a

deadly battle!”

, the sound shook the sky.

call!

Seeing this scene, Yue Feng felt agitated, watching Zheng Hong secretly nod in admiration.

In the face of such a desperate situation, he can still be so calm, this Zheng Hong is not very powerful, but he is also a man of the sky, which is rare.

At the same time, Long Qianyu and the others behind them were also shocked by the scene in front of them, and their hearts were agitated.

“Don’t surrender?!”

Hearing this response, King Guangping’s face became gloomy, he raised his hand, and said coldly: “Attack immediately, defeat the remnants in front of you, kill a single piece of armor, and strengthen my army! “

Kill!” The

voice fell, and the hundreds of thousands of Tianqi army below, let out a howl that shocked the world, pulled out their weapons and rushed towards Zheng Hong.

Looking at the enemy rushing up, Zheng Hong had a solemn expression on his face, gritted his teeth and roared: “Brothers of Heiyun City, swear to guard Heiyun City, never back down, kill!” “

Kill!”

“Swear to defend Heiyun City!”

Falling down, the hundreds of thousands of Black Cloud City defenders behind them, howling like crazy, rushed up to meet them!

In the blink of an eye, the two sides collided head-on in the valley, and a tragic fight broke out!

“Ah!”

For a while, the screams and roars continued to sound, and the blood continued to splash, dyeing the entire valley red.

Seeing this scene, everyone in Long Qianyu couldn’t help it, their blood boiled.

“Go up and help!”

“That’s right, it’s not too late, the defenders of Black Cloud City are too late. The whole army will be destroyed!

Chapter 3058

“Wait a minute!”

However, at this moment, Yue Feng walked out quickly and stopped everyone.

Swish!

In an instant, everyone stopped and stared at Yue Feng with puzzled eyes.

“Yue Feng!”

Long Qianyu was the first to react, and his eyebrows knitted together, “The battle is urgent, it will be too late, so what are you waiting for?” After the

voice fell, Su Shengfei couldn't help but shouted: “Yue Feng, you What do you want to do again? Black Cloud City is at stake, do you want to wash your hands and watch?”

Su Shengfei had been unconvinced of losing face several times in front of Yue Feng before.

idiot!

Yue Feng didn't bother to pay attention to Su Shengfei, but looked around and said lightly: “Like everyone, I am also anxious, but we can't just rush past.”

“King Guangping has hundreds of thousands of troops, and we only have tens of thousands. People, fighting head-on, the odds of winning are very low. Even if there are surprises, there will be a lot of casualties.”

“So I think we have to come up with a strategy.”

Strategy?

Hearing this, everyone present exploded.

“After talking for a long time, you want to command.”

“Yue Feng, are you so interesting?”

Everyone started talking, and many people expressed their dissatisfaction. Black Cloud City is at stake, yet Yue Feng is still thinking

of playing this game... During the discussion, Su Shengfei and Bai Ma screamed the loudest.

They were all very dissatisfied with Yue Feng, and naturally wanted to do everything possible to oppose him.

What the hell!

Listening to everyone's discussion, Yue Feng was dumbfounded.

I did this to reduce everyone's casualties. You must know that the masters of the various sects added together, but there are only tens of thousands of people. How can they repel the hundreds of thousands of King Guangping's army? But in their eyes, it is ridiculous to think that they are grandstanding.

"Okay!"

At this moment, Long Qianyu came out, looked around and said, "Don't say it, everyone, I think Yue Feng is right, we really need to figure out a strategy." After speaking

, Long Qian said He looked at Yue Feng in a complicated manner: "What do you say?"

Seeing Long Qianyu say this, everyone shut up. After all, Long Qianyu is the eldest princess of the Southern Cloud Continent, and she is very prestigious, so she opened her mouth. Well, people can't say anything.

However, Su Shengfei and Bai Ma still had dissatisfaction in their eyes.

call!

Yue Feng took a deep breath, looked at the battle situation in the valley below, and said slowly: "Let's divide into four routes, Long Qianyu leads the way, attacking from the west, Su Shengfei, you lead the way to attack from the east, White Horse leads the way to attack the north, I Lead the way and attract the attention of King Guangping from the front." After

speaking, Yue Feng looked solemn: "Everyone remember, don't fight, and don't chase after the enemy."

"Understood!"

Everyone responded and quickly divided into four groups. Rush down the hill quickly.

At this time, the fierce battle in the valley was still continuing, and it was seen that Zheng Hong and others were struggling to support. In just a few minutes, tens of thousands of casualties had been killed, and they were already on the verge of desperation.

“Kill!”

At this moment, I heard a scream of killing from all around, Yue Feng, Long Qianyu and others, quickly killed.

Whoa!

Seeing this scene, Zheng Hong and the soldiers of Black Cloud City were overjoyed.

“Are you here for reinforcements?”

“It’s from the major sects, that’s great!”

At this moment, King Guangping was also taken aback, especially when he saw Yue Feng, Long Qianyu and others, he was even more shocked.

what happened?

Aren’t these people trapped in Hades Cauldron? How can it appear here?

At this time, King Guangping still didn’t know that the interior space of the Pluto Cauldron had collapsed, and the deity of Pluto had also been swallowed up by the white horse and replaced it.

Chapter 3059

Hula.

At this moment, Yue Feng, Long Qianyu, and the others rushed into the battlefield in four directions. In an instant, the weather army, which was still dominant, suddenly became confused, and the formation of the army was chaotic.

“Haha...”

Seeing this scene, Zheng Hong was excited and shouted: “Soldier, it’s time to counterattack!” When the

voice fell, he led his subordinates and launched a counterattack.

In an instant, the weather army was surrounded by enemies on all sides, and many soldiers were too late to react and fell in a pool of blood.

Madd?

Watching his subordinates and soldiers keep falling down, King Guangping looked extremely embarrassed, and at the same time, a pair of eyes locked on Yue Feng.

“King Guangping!”

Feeling the anger of King Guangping, Yue Feng did not panic at all, his figure was suspended in the air, and he chuckled: “Did you not expect it? Tell you, we have a million troops coming soon. Today, Neither you nor your subordinates can leave.”

When he said this, Yue Feng’s face was indifferent, but his heart was full of confusion.

Yes, Yue Feng deliberately frightened King Guangping. He and the major sects had just escaped from the Ding of Hades. How could there be an army of millions? That being said, I just want to scare King Guangping back.

An army of millions?

Hearing this, King Guangping’s face instantly became solemn.

If this is the case, in today’s battle, I will definitely lose.

At the same time, the surrounding Apocalypse soldiers were also inexplicably frightened, and they all lost the confidence to fight.

“His Majesty!”

At this moment, a general said to King Guangping: “Why don’t you.... retreat first!”

King Guangping’s face was extremely gloomy, and he was very unwilling. As long as he captured Black Cloud City, his army would be able to drive straight in. , swept the entire Xi Cang Continent, and withdrawing at this critical moment, isn’t it a failure?

It’s just that there are millions of troops coming behind Yue Feng, and if they don’t leave, I’m afraid it will be too late.

Thinking to himself, King Guangping raised his hand and was about to order the withdrawal of the army.

“Haha...”

However, at this moment, I saw a figure rising into the sky from the north of the battlefield, filled with a powerful fighting spirit, and his eyes flashed with excitement.

It is the white horse!

Swish!

In an instant, everyone’s eyes on the battlefield converged on the white horse, and they were all shocked.

Especially King Guangping, his eyes were extremely hot.

Open the axe? This peerless divine weapon is actually in his hands.

“The opponent’s formation has been messed up, everyone kills!” At this time, the white horse looked crazy, like a god of war, waving the opening axe and rushing into the Apocalypse army.

According to Yue Feng’s plan, Bai Ma should not make another move, just let King Guangping withdraw, but in Bai Ma’s eyes, how could he miss such an opportunity to make a name for himself?

“Ah...”

Under the swing of the Kaitian axe, golden light radiated in all directions, and many Apocalypse soldiers were immediately killed.

What the hell!

Seeing this scene, Yue Feng frowned, secretly anxious.

What is this white horse doing? Why not go according to plan?

Seeing that many soldiers and soldiers died at the hands of white horses, King Guangping’s face was extremely ugly.

In the next second, King Guangping took a deep breath, stared closely at the white horse in mid-air, raised his hand and waved: “Take this person to me and take the Kaitian Axe!

” Yue Feng has an army of millions, so he is not afraid anymore.

Swish swish...

The voice fell, and thousands of soldiers rose into the air one after another, rushing towards the white horse!

Looking at the Apocalypse soldiers who rushed up, the white horse was full of fighting spirit, and laughed loudly: “Haha, good time!” The voice fell, and he swung out with an axe!

“Om!” In the

next second, a touch of golden light seemed to tear the world apart and swept away toward thousands of apocalyptic soldiers!

Chapter 3060

“Pfft... ah!” In the

blink of an eye, thousands of apocalyptic soldiers were swept away by Jin Mang, screaming constantly, fell from the air, and fell into a pool of blood.

“Take him down, don’t dare to pay any price, but also take this person!”

Seeing that his subordinates continued to die, King Guangping was completely furious and howled wildly.

To be honest, King Guangping originally wanted to withdraw his troops, but seeing the white horse so arrogant, how could he bear to kill his own soldiers under his own eyes?

Whoa!

The voice fell, and the surrounding Apocalypse army broke out with a shrill howl, and they rushed towards the white horse. In the blink of an eye, the white horse was surrounded by circles.

Not only the white horse, but also the other sect masters who attacked the north with the white horse were also besieged.

Nima!

Yue Feng is not good, this white horse is really a bad thing.

Originally, after letting King Guangping withdraw, Black Cloud City was temporarily saved, but he insisted on provoking King Guangping’s anger. Once the battle continued, King Guangping would soon know that he did not have millions of reinforcements, and it would be even more troublesome at that time.

Whoosh!

Anxious, Yue Feng soared into the air and quickly rushed in to join the battle.

Speaking of which, Bai Ma was uneasy about his plans and was trapped at this time, and Yue Feng was too lazy to care about his life or death.

But there are other sect masters who are trapped together with Bai Ma. They can’t be ignored because of Bai Ma’s fault.

“Yue Feng!”

At this moment, King Guangping locked Yue Feng's eyes tightly: "You want to save people? Can you save it?"

As soon as the voice fell, King Guangping stimulated his inner strength, and a terrifying aura erupted, rushing directly towards Yue Feng.

boom!

In the blink of an eye, the two figures collided fiercely, and Yue Feng groaned.

To be honest, fighting alone, Yue Feng is not afraid of King Guangping at all, but before deploying a teleportation formation together with a sect master, it consumed a lot of internal energy.

"Yue Feng..."

"Be careful..."

Seeing this scene, Ye Zhixin, Meihui, Zheng Chunqiu and others who were not far away couldn't help but exclaimed.

At the same time, they wanted to rush over, but there were too many enemies around.

"Haha..."

Seeing that Yue Feng was injured by himself, King Guangping was extremely proud: "Why haven't your millions of reinforcements come yet? Tell you, today I will not only get the Kaitian Axe, but also your item. Head."

Om!

The voice fell, and the figure of King Guangping burst out, like a bolt of lightning, coming straight towards Yue Feng.

At this time, King Guangping didn't know that he was deceived by Yue Feng. He didn't have a million reinforcements at all, but King Guangping also planned. Before Yue Feng's reinforcements arrived, he must capture the Kaitian Axe and kill Yue Feng. .

Nima!

Seeing that King Guangping erupted again, Yue Feng clenched his fists and panicked.

His internal strength has not recovered, and he can't stop King Guangping at all. This is trouble.

hum!

Seeing that King Guangping was in front of him, Yue Feng suddenly thought of something, and hurriedly activated the spirit beast sac, and saw a breath that filled the air, followed by a slender figure that appeared in front of everyone.

Wearing an ice-blue long dress, she looks like a fairy, and her facial features are exquisite and beautiful.

It was Bingyao.

Before Bing Yao and Hades fought, consuming a lot of power, after instructing everyone to deploy the teleportation array, they entered Yue Feng's spiritual beast bag to cultivate.

Whoa!

As soon as Bing Yao appeared, whether it was King Guangping or the weather army below, there was an uproar. Hundreds of thousands of pairs of eyes suddenly converged on Bing Yao, and the eyes were straight.

What a beautiful woman.

Such a cold and arrogant temperament.

call!

The ultimate husband in Chinese chapter 3061-3065

Chapter 3061 In

shock, King Guangping reacted quickly, his speed did not decrease at all, and he slapped him fiercely.

No matter what identity this woman is, since she is related to Yue Feng, she must get rid of it.

Feeling the powerful breath of King Guangping, Bingyao did not hesitate at all, and raised her jade hand slightly to meet her.

Bang!

The two palms collided, and King Guangping only felt an overwhelming force coming. At the same time, this force also contained the terrifying power of ice, and he groaned and stepped back.

King Guangping clearly felt that under the attack of this ice power, his whole body seemed to be frozen.

So strong!

Where did Yue Feng recruit his helper?

He hit the strongest slap, and even got hurt by her.

call!

Seeing this scene, Yue Feng breathed a sigh of relief, secretly thankful, fortunately he thought of Bing Yao, otherwise, he really couldn't stop King Guangping.

"Yue Feng!"

At this moment, Bing Yao's red lips lightly opened, and she said to Yue Feng: "If you want me to help in the future, tell me in advance, and don't call me out at every turn."
After

saying that, Bing Yao looked at it lightly. He glanced at King Guangping: "Who is this person?"

Uh...

This chapter is provided by . Visit for daily update.

Yue Feng scratched his head and smiled awkwardly: "I won't ask you to help unless it is absolutely necessary.

" Yue Feng pointed at King Guangping: "This person is the emperor of the Apocalypse Continent and the minions of the Pluto."

Pluto's minions? !

Hearing this, Bing Yao's beautiful face instantly became extremely cold, and there was a terrifying chill all over her body.

"Since it's a minion of Hades, don't blame me!" Bing Yao looked up and down at King Guangping, and said coldly.

She and Hades were incompatible with each other, and she was trapped by Hades for five hundred years. At this time, she would not be merciful when encountering people under Hades.

hum!

The voice fell, Bing Yao slowly raised her jade hand, and saw the temperature between heaven and earth plummet, and then, an ice sword condensed and blasted towards King Guangping.

Gudong!

Feeling the terrifying power contained in the ice sword, King Guangping broke out in cold sweat on his forehead, and couldn't help swallowing his saliva!

Such a powerful force, I'm afraid I can't stop it.

Seeing the ice sword in front of him, King Guangping didn't have time to think about it, he quickly activated his inner strength and deployed a protective film in front of him.

Bang!

The ice sword slammed hard on the protective film, and the protective film shattered in an instant. When King Guangping let out a muffled groan, the whole person was shocked and flew out, and flew more than a hundred meters before falling heavily to the ground. .

Before fighting against Yue Feng, King Guangping had already consumed a lot of internal energy, but at this time, he couldn't resist Bing Yao's skills.

After all, Bingyao was once the woman of Hades, the queen of the underworld!

“Your Majesty!”

Seeing this scene, the surrounding Apocalypse soldiers all changed their expressions, exclaimed in surprise, and rushed over to help King Guangping up.

King Guangping’s face was miserable, looking at Bing Yao closely, his heart was even more shocked.

Strong, too strong.

King Guangping clearly felt that the breath in his body was already disturbed after being hit hard by the ice sword just now.

“Evacuate... The whole army is evacuated!” In the

next second, King Guangping gritted his teeth and issued an order, very unwilling, but there was no way, the woman Yue Feng summoned was too strong.

Whoops!

The voice fell, and many soldiers and soldiers quickly evacuated to protect King Guangping.

call!

Seeing this scene, whether it was Yue Feng, Long Qianyu and the others, they all breathed a sigh of relief.

Chapter 3062

“Big Brother!”

“Yue Feng, how are you...”

At this time, Mei Hui, Ye Zhixin and the others hurriedly gathered around them. At the same time, Zheng Hong and many of his subordinates also gathered around.

Without Yue Feng and everyone arriving, Black Cloud City was at stake, so Zheng Hong was very grateful.

“I’m fine!”

Yue Feng showed a smile and shook his head. He glanced around, and was suddenly very sad.

He saw that in the battle just now, the defenders of Black Cloud City died countless times, not only that, the major sects Many people were also seriously injured.

Yue Feng clenched his fist tightly, very angry.

Ma De, this is the white horse. If he hadn't been eager for quick success, he wouldn't have completely angered King Guangping, and he wouldn't have killed so many people.

"Thank you Sect Master Yue for your help!" At this moment, Zheng Hong came over and bowed his hands to Yue Feng, very grateful.

Yue Feng waved his hand, indicating nothing.

Swish!

The next second, Yue Feng's eyes locked on the white horse: "White horse, do you know what's wrong?"

In an instant, the eyes of everyone present were focused on the white horse, each with a complex expression.

In the fierce battle just now, the white horse was indeed brave, but he went against the previous plan and made his own decisions, causing many people to be injured.

Um?

Seeing the situation in front of him, Bai Ma was shocked, then he calmed down forcibly and looked at Yue Feng: "Yue Feng, what do you mean? Why am I wrong?"

Hu!

Yue Fengqi was trembling all over, and said coldly: "Before the action, we agreed, not to fight, just now King Guangping is about to withdraw, why do you still take action?"

"Do you know, just because you didn't listen to the command, How many innocent lives have been killed?" The

last sentence, Yue Feng almost roared out.

Hearing this, Bai Ma's face changed, and he chuckled: "Yue Feng, you don't have to do this, King Guangping launched a war for no reason, and everyone got it and killed him. Enemy, is there something wrong?"

After saying this, he argued with reason.

Words...

At this moment, everyone around couldn't help but talk about it.

"That's not unreasonable."

"Yeah, this White Palace Master did this to kill a few more enemies..." During the discussion, Su Shengfei came out and said to Yue Feng, "Yue Feng, you are not. Put on the air of your sect master that day, as I see it, you just saw the opening of the sky axe in the hands of the white hall master, and you are jealous, so you are deliberately asking for trouble, right?"

Speaking of which, Su Shengfei and Bai Ma have no friendship, but they are also dissatisfied with Yue Feng, Naturally help the white horse to speak.

Nima!

Yue Feng suddenly became angry. This fool, Su Shengfei, knew this earlier. He should not have been saved in the inner space of Hades Ding at that time, and it would have been better to let him be killed by those hell demon dogs.

Thinking to himself, Yue Feng ignored him, but looked at the white horse and said coldly: "Speaking of your identity as the Palace Master of Changsheng, I want to ask you, how did you get the seat of the Palace Master? My elder brother Wen Chou Chou, how did he die?"

When he said this, Yue Feng's eyes were extremely blood red, and his whole body was filled with a strong killing intent.

When he met Wen Chou Chou before, Yue Feng already knew the truth. Back then, in the Wutian organization's main forum, it was Bai Ma who secretly raided Wen Chou Chou, which caused him to fall off the cliff. It can be said that Wen Chou Chou was in such a situation, and Bai Ma was the culprit.

Two days ago, at the prayer altar in the Nanyun Imperial City, when the white horse appeared, Yue Feng couldn't help it, but then the situation was twists and turns, and everyone was absorbed by the Hades Cauldron, so Yue Feng never had the opportunity to question the white horse. , In order to help Black Cloud City, Bai Ma refused to obey the command, and Yue Feng couldn't help it.

This... In

the face of Yue Feng's questioning, Bai Ma's face changed, and he suddenly panicked.

Chapter 3063

At the same time, everyone present also exploded.

“What’s the situation?” “Didn’t

Palace Master Wen be killed by Zhang Jiao?”

“Is there another secret?” The

surrounding discussion came, Bai Ma’s eyes flickered, and he was very uneasy.

Damn, if the truth is exposed, you will become the target of public criticism. You must know that in the arena, the most taboo is betrayal.

But the white horse quickly reacted.

At that time, he raided Wen Chou Chou, and no one saw the scene at all. Even if Yue Feng knew the truth, he couldn’t produce any evidence at all, so he didn’t need to be afraid.

More importantly, Wen Chou Chou is still in his hands.

Thinking of this, Bai Ma gained confidence, looked directly at Yue Feng and sneered: “Yue Feng, what do you mean, make it clear!”

“What do you mean?”

Yue Feng looked at him closely, unable to hide his inner anger: “At that time At the main altar of the Wutian Organization, do not betray the Hall of Longevity, attack Brother Wen, cause him to fall off the cliff, and then take the opportunity to seize the throne of the hall master, right?”

Kacha!

Saying that, Yue Feng held Fang Tianhua halberd tightly: “Today, I will take revenge for Brother Wen, except for you scum!”

“Am I a scum?”

Facing Yue Feng’s anger, Bai Ma shouted without panic at all. : “You keep saying that I’m still brother Wen, do you have any evidence?”

Seriously, if a few months ago, facing Yue Feng, who was burning with rage, Bai Ma would have been absolutely frightened, but now, Bai Ma has an axe. The strength has also improved a lot, which is not false at all.

Moreover, Baima expects that Ding Yuefeng can’t come up with conclusive evidence, so he is naturally confident.

“You...”

Hearing this, Yue Feng was extremely angry, but he was speechless.

Yes, these things were all told by Wen Chou Chou himself, but now, Brother Wen doesn't know where he is, and Yue Feng really can't show evidence.

Seeing that Yue Feng was speechless, Bai Ma became more and more complacent and sneered: “Yue Feng, don't you just want to trouble me? Let me tell you, my white horse walks and sits upright, so I'm not afraid of your slander.

” When the

voice fell, Su Shengfei next to him couldn't help but help: “Palace Master Bai, I support you, some people are just too self-righteous, thinking that they have a little ability, they can point fingers at others and slander at will, in fact, they are indeed arrogant. Having

said that, Su Shengfei looked around and said slowly: “Two months ago, some people blasphemed the Empress Chang'e and wanted to be the emperor of Beiyong. There was a lot of uproar in the whole arena, and the truth has not been revealed until now.

” In the last sentence, Su Shengfei looked at Yue Feng with a half-smile but not a smile: “Sect Master Yue?! How do you explain this?!”

Whoa...

In an instant, everyone around was also talking about it.

Yue Feng took a deep breath and said coldly: “The clearer is self-clearing, this matter is originally groundless, someone deliberately slandered, why should I explain?!”

When he said this, Yue Feng couldn't tell the fire.

“Haha...”

At this moment, Bai Ma couldn't help laughing, and smiled at Su Shengfei: “It's still the head of Su who knows righteousness, thank you, thank you!” After

saying that, Bai Ma couldn't bear it anymore. She looked at Yue Feng proudly.

Haha... someone help me talk to see what you do.

“You're welcome!” Su Shengfei waved his hand with a fake face: “Maintaining justice in the arena is the duty and responsibility of each of us.”

Nima!

Seeing the two of them singing together, Yue Feng's inner anger rose, clenching his fists, his fingernails were almost embedded in his flesh.

Chapter 3064

Under the anger, Yue Feng wanted to do it directly and kill the white horse, but he finally held back.

There are so many sects around, and I have no evidence. If you kill the white horse, you will easily fall into the blame, which will be extremely detrimental to the reputation of Tianmen.

Forget it, I'll spare this villain today, and I'll confront him when I find Brother Wen.

I thought to myself, Yue Feng no longer bothered about these things.

However, the white horse did not intend to stop there.

Seeing that Yue Feng was speechless, Bai Ma was very proud, and asked with a half-smile: "Sect Master Yue, since you can't produce any evidence about the Palace Master Wen, let's not mention it for the time being, but I have a question. I want to ask you."

Saying that, the white horse pointed to Bing Yao who was standing behind Yue Feng: "Who is this woman? Can you explain why she knows how to deploy the teleportation array and leave the space of the Hades?! It's not that I'm suspicious, it's just that this matter is too strange."

When he said this, Bai Ma's face was serious, but his eyes flashed with cunning.

Mad, this Yue Feng is still trying to trouble me.

Swish!

The voice fell, and everyone's eyes suddenly converged on Bing Yao, and everyone began to be suspicious.

Yes, the woman beside Yue Feng appeared too suddenly, and she knew how to leave Hades Cauldron, so she had to be suspicious.

"Her identity?"

Facing everyone's gaze, Yue Feng did not panic at all, and said lightly: "I was led to the Ten Thousand Demon Pagoda by the mirror demon before, and when I met her on the last floor of the tower, she was trapped for five hundred Nian, I brought her out, and in order to repay me, she became my female entourage, why, there is a problem!"

When he said this, Yue Feng looked indifferent.

At this time, Yue Feng only knew that Bing Yao and Hades had a grudge, but she didn't know that she was the woman of Hades, the queen of the ghost world.

female attendant? Still trapped for five hundred years! ?

Hearing this explanation, everyone present was stunned.

A woman who has been trapped in the Ten Thousand Demon Pagoda for five hundred years has long since turned into ashes, right? ! Although practitioners reach a very high level, their life expectancy will be extended, but the Ten Thousand Demon Pagoda in the Pluto Cauldron is an extremely dangerous place. No matter how strong this woman is, it is impossible for her to survive.

“Yue Feng!”

Finally, Bai Ma took the lead in reacting, sneered, and mocked Yue Feng: “Okay, don't open your mouth, what is trapped for five hundred years, this woman looks like your accomplice, maybe, You were trapped in the Pluto Cauldron with us before, and it was also a performance.”

Speaking of which, the white horse looked around and said loudly, “I suspect that Yue Feng, like King Guangping, are from the Pluto, otherwise, why? He just wanted King Guangping to withdraw? Don't you want us to pursue it?” The

voice fell, and everyone around looked at each other, and many nodded in agreement.

“It makes sense...”

“Yeah, in the battle just now, although we didn't have an advantage in numbers, the formation of King Guangping's army was already messed up, so we could take advantage of the situation to pursue...”

“In this way, Yue Feng is indeed suspicious. ..”

Nima!

Yue Feng was so angry that he couldn't help but curse.

This white horse is too cunning, it is obviously his fault, but he leads the problem to himself.

Seeing that everyone began to doubt Yue Feng, Bai Ma became more and more daring, walked directly to Bing Yao, and asked in a pretentious manner: “This beauty, tell me,

are you and Yue Feng from King Hades? As long as you explain honestly, We will not embarrass you.”

When saying this, Bai Ma’s eyes couldn’t help but look up and down at Bing Yao.

beautiful.

So beautiful.

Bai Ma’s gaze made Bing Yao very unhappy.

“Presumptuous!” The cold words came out of Bing Yao’s mouth. Immediately after, the jade hand raised, Yao gave a slap without warning, and slapped it on Bai Ma’s face!

Bing Yao is smart and wise. Although she doesn’t know Bai Ma, she can tell at a glance that the person in front of her is a down-to-earth cunning villain. It was already a little annoying to see him arguing with Yue Feng just now. I can’t stand it anymore.

More importantly, the grievances between himself and Pluto were inseparable, but he said that he was sent by Pluto, which was extremely hateful.

This slap was very heavy, but for a moment, there was no sound in the audience, and everyone was stunned.

Chapter 3065

“You... You dare to hit me?” Bai Ma covered his face and looked at Bing Yao in disbelief, with surprise and anger in his eyes.

His dignified Hall Master of the Palace of Longevity was beaten by a woman, and in front of so many people, how would he meet people if it spread to the rivers and lakes?

The more the white horse thought about it, the more angry he became, and he suddenly pulled out the opening axe.

Whoa!

At the same time, everyone around was also shocked.

Too crazy to hit someone if you don’t agree? !

“Want to do it?”

Bing Yao didn’t panic when she saw the white horse pulling out the opening axe, took a step closer, looked at the white horse and said coldly, “Even if you have the opening

axe, you don't fully understand the power of the opening sky axe. It's not Ben Gong's opponent at all, but if you really want to court death, Ben Gong can help you!"

When she said this, Bing Yao's pretty face was frosty, and her whole body was filled with a terrifying aura.

Gudong!

Feeling the chilling coldness, Bai Ma couldn't help but secretly swallowed his saliva, and felt a little inexplicable fear in his heart.

At the same time, Yue Feng and the people around him were also extremely surprised.

Does she call herself this palace? Could it be...

At this moment, Bing Yao looked around and said slowly: "Aren't you questioning the identity of Ben Gong? Then Ben Gong will tell you that Ben Gong is the queen of the ghost world."

What ? ?

After the Underworld....

hearing this, everyone was shocked.

No wonder her strength is so strong, it turns out that her identity is the queen of the ghost world.

But the Queen of Hades, isn't she the woman of Hades? And she has a close relationship with Yue Feng. It seems that Yue Feng is really related to Hades.

At this moment, Yue Feng was also stunned.

Damn, it's no wonder that Bingyao is trapped on the top floor of the Ten Thousand Demon Pagoda. She originally had such an identity.

Seeing everyone's expressions, Bing Yao continued: "But I have nothing to do with Pluto, he trapped me in the Ten Thousand Demons Tower in Pluto Cauldron for five hundred years, and Yue Feng rescued me. Are you satisfied with this explanation?"

At

this moment, everyone looked at each other in dismay, and they were not talking nonsense.

“So that’s how it is!” Bai Ma squeezed out a smile and tried to smooth things out: “A misunderstanding, it’s all a misunderstanding.”

As he spoke, Bai Ma secretly sweated for himself, but the other party was actually the Queen of the Underworld, and he acted rashly, that’s not it Are you looking for death?

Shameless villain!

Seeing that the white horse changed his face so quickly, Yue Feng couldn’t help but feel contempt.

“Misunderstanding?”

Bing Yao glanced at Bai Ma coldly: “You just said nonsense, questioning me and Yue Feng, just a misunderstanding? Also, in the battle just now, you violated the original plan and hurt a lot of people. Injured, such reckless actions must be severely punished.”

After speaking, Bing Yao looked at Yue Feng: “How should you deal with this situation in the military camp?”

“If you follow the rules of the military camp and violate the order, you should be executed!” Yue The wind said without hesitation.

At the same time, Yue Feng nodded at Bing Yao to express his gratitude.

What?

At this moment, Bai Ma’s body trembled, and his legs suddenly became weak.

At this time, the white horse never thought of it. He wanted to slander Yue Feng, but in the end it was self-defeating.

Seeing that Bingyao wanted to punish Baima, none of the people present came out to beg for mercy. Su Shengfei, who was helpful at the beginning, also quietly retreated into the crowd.

The ultimate husband in Chinese chapter 3066-3070

Chapter 3066

At this time, Yue Feng took a step forward and looked at Bai Ma: "Bai Ma, what else do you have to say for breaking the agreement for a moment ?

"

Kneel down on the ground!

"I...I...!" Bai Ma was terrified, and he was sweating profusely.

How to do? With the support of the ghost queen behind Yue Feng, do you really want to be beheaded in public? !

"Sect Master Yue, I was wrong, I was in a hurry for quick success, please circle me once!" In panic, the white horse kept begging for mercy from Yue Feng.

To be honest, Bai Ma was reluctant to submit to Yue Feng in public.

But there was no way, everyone around was shocked by Bing Yao's aura, no one came to intercede, and he still wanted to be famous in the world, so he couldn't just die.

Yue Feng did not respond, and there was no expression on his stern face.

"Sect Master Yue, please forgive me once! Please..."

Bai Ma kept begging for mercy, almost crying.

At this moment, Long Qianyu came over and said softly to Yue Feng: "Yue Feng, the White Palace Master is not worried about his plans, there is indeed something wrong, but now that the crisis in Black Cloud City has just been resolved, it is impossible for King Guangping to make a comeback. We still need to stay here."

"When employing someone, why don't you spare him once?"

Ye Zhixin couldn't help but say, "Yeah, this White Palace Master violated the plan before, also to kill more enemies, so give him Give him a chance!"

Seeing someone begging for mercy, White Horse nodded quickly: "Yes, what the eldest princess said is very true, we still have to stay here, please give me a chance."

This chapter is provided by . Visit for daily update.

Phew!

Yue Feng took a deep breath, pondered, nodded and said, "Okay, I will give it to you once, but the death penalty can be avoided, and the death penalty is inevitable, so you will be punished with a hundred military sticks. In addition, you will clean up the battlefield with your subordinates."

To be honest, Yue Feng really wanted to behead the white horse immediately to avenge Wen Chou Chou, but Long Qianyu was right. King Guangping is very likely to make a comeback. Heiyun City is short of manpower. share of strength.

What?

One hundred military sticks, still need to clean up the battlefield?

Bai Ma was stunned for a moment, ashamed and angry, but he still showed gratitude: "Thank you, Sect Master Yue!"

Saying so, Bai Ma was full of resentment.

Okay, Yue Feng, wait for me.

Yue Feng didn't say more, took everyone, and Zheng Hong and the other defenders, returned to Black Cloud City together, and began to deploy defenses.

Black Cloud City has a special position and is easy to defend and difficult to attack. Soon, Yue Feng came up with a perfect defense plan.

in the valley.

The white horse instructed the disciples of the Hall of Longevity to clean up the battlefield.

At this time, the white horse was very angry. Although ordinary military sticks could not hurt him, it was a shame to be punished in public by Yue Feng as the head of the Hall of Longevity.

"Palace Master!"

At this moment, a sub-altar master came over and said cautiously: "Now the entire Black Cloud City is under the command of Yue Feng, it is boring to stay here, let's go!"

"Go!?"

Bai Ma said angrily: "King Guangping will fight back with a large army. This is a good opportunity for our Longevity Palace to become famous. If we leave, what will Jiuzhou Jianghu think of us?"

Saying that, there was a hint of cunning in Baima's eyes: "Yue Feng still wants to be a hero in Kyushu, but I don't like what he wants. After cleaning up the battlefield, you can send a trusted person to map the defense of Black Cloud City. Send it to King Guangping's camp, you know?"

The altar master understood instantly, and quickly said, "Understood, my subordinates will prepare now."

.....

On the other side, it is dozens of miles away from Black Cloud City . In other places, King Guangping ordered the army to rest here.

Chapter 3067

At this time, in the military tent of the camp.

King Guangping sat on the throne with a gloomy expression on his face.

Just now, King Guangping sent someone to inquire about the news of Heiyun City, and learned that Yue Feng did not have a million reinforcements, and he was completely deceived. King Guangping almost vomited blood!

After learning that he was cheated, King Guangping wanted to kill him immediately, but Yue Feng had already deployed a defense in Black Cloud City.

To be honest, in the heart of King Guangping, he always regarded Yue Feng as his first-class enemy, and always wanted to get rid of it, but he also knew that Yue Feng used his troops like a god. Not at all false.

But now, Yue Feng has deployed a defense in Black Cloud City, and if he rushes to attack, he will definitely not be able to please him.

But if you give up Heiyun City and withdraw your troops, how will you fight for Kyushu in the future?

The more King Guangping thought about it, the more angry he became, and he kept drinking.

The many generals standing on both sides did not dare to come out.

"Your Majesty!"

At this moment, Nie Yunxiao, the commander of the Imperial Forest Army, came out and couldn't help but said, "Since Yue Feng doesn't have a million reinforcements, if we attack by force, we will definitely be able to occupy Heiyun City!"

King Guangping gave him a look of anger. He said, "Don't underestimate the enemy? That Yue Feng is very good at fighting. If he can't take the Black Cloud City, what will be his face?"

This...

Nie Yunxiao opened his mouth and was speechless for a while.

Just as he was talking, he saw a soldier walk in quickly, knelt in front of King Guangping, and said respectfully, "Your Majesty, I just caught a soldier guarding Black Cloud City! It looks like he's here to inquire about the situation.

" ?

Hearing this, King Guangping's eyes lit up, and he quickly waved his hand: "Bring in!" The

voice fell, and the soldier hurried out. After a while, he came in with a man tied up with five flowers. He saw that this man was wearing the clothes of the Black Cloud City defender. , looked flustered.

This person is Liu Hong, and it was Baima who deliberately sent him to send information to King Guangping.

"What did Yue Feng send you to do?" King Guangping asked coldly.

Liu Hong took a deep breath and looked very frightened: "Send me out to inquire about the news and see if the Tianqi army is really gone."

While speaking, Liu Hong subconsciously covered his trouser pocket. The inside of the pocket is the deployment and defense map of Black Cloud City.

Yes, at this time, Bai Ma deliberately asked Liu Hong to do this. Bai Ma knew that King Guangping was suspicious by nature. If he sent a defense map directly, King Guangping would definitely not believe it. Therefore, Bai Ma asked Liu Hong to pretend to be the defender of Black Cloud City, and then was accidentally caught by the weather army.

"Inquiring about news?"

King Guangping saw Liu Hong's actions, and sneered: "Since that's the case, why are you nervous about your pockets?" After the

voice fell, King Guangping waved his hand and signaled for a body search.

Soon, a defense deployment map was found.

“This is my own, give it back to me...” Liu Hong was nervous, but secretly excited.

King Guangping got the defensive topographic map, and he completed the task himself.

“Your Majesty!”

This is the map that the soldiers collected and presented it to King Guangping.

“Hahaha...”

King Guangping took a look at the map, and immediately looked up to the sky and laughed: “The defense deployment map of Black Cloud City is really helping me.” After

speaking, King Guangping calmed down and glared at Liu Hong: “You are so bold, you were arrested. You still lied to me, tell me honestly, what are you going to do with the topographic map of defense?”

King Guangping was not stupid, he was worried about how to attack Heiyun City, and then he arrested a defender of Heiyun City, and he It also brought the deployment map of Black Cloud City, which was too coincidental.

Chapter 3068

“I...”

Liu Hong took a deep breath and looked terrified: “Your Majesty, calm down, I said, I said...”

“Actually, I didn’t come to investigate the situation, but to serve Following Sect Master Yue’s order, I went to other continents to request reinforcements, because the environment of Black Cloud City is complicated, so I brought a map so that the reinforcements can familiarize themselves with the terrain...”

“I am just a soldier who relays a letter, and I beseech Your Majesty to spare me. ..”

Finally, Liu Hong kept kowtow. On the surface, he was terrified, but he was secretly proud of himself. King Guangping would definitely not doubt it any longer.

call!

Hearing this, King Guangping secretly rejoiced, and waved his hand: “Detain this person!” As he

said, King Guangping studied the map and smiled proudly: “This Yue Feng still wants to move rescue troops? Haha, I never thought of it , his defense map will fall into my hands!”

At this time, King Guangping was very excited. With this defensive topographical map, I have mastered Yue Feng's detailed deployment in Black Cloud City, and it will be as easy as the palm of my hand to destroy Black Cloud City.

In the heart of King Guangping, he thought that this Liu Hong was caught by his luck, but he didn't realize that it was sent by White Horse on purpose.

"All soldiers!" In the

next second, King Guangping looked around and issued an order: "Go on, the whole army will rest and recuperate. Tomorrow morning, attack Black Cloud City!"

"Yes, Your Majesty!"

Inside the tent, Nie Yunxiao And many soldiers, in unison.

...

At this moment, Black Cloud City!

During the day, the weather army fought fiercely, no matter if it was the major sects or the defenders of Black Cloud City, they were all exhausted.

After Yue Feng deployed the defense, everyone rested early.

However, in the place where the white horse rested, the lights were still on at this time.

At this time, the white horse was sitting in front of the window, sipping tea leisurely, very relaxed and comfortable.

Just now, the person who secretly escorted Liu Hong had sent back news that Liu Hong was successfully arrested into the Tianqi camp, which means that the defense deployment map on him had already fallen into the hands of King Guangping.

When he got the situation, Bai Ma was very excited, and at the same time, his heart was extremely cold.

That Yue Feng, in the daytime, openly punished himself, embarrassing himself in front of so many people, and when the Black Cloud City is conquered by King Guangping tomorrow, I see how you look like.

Bai Ma thought about it, when Heiyun City was forced, Yue Feng's image in the crowd would collapse, and then it would be his turn to show his strength.

Boom!

At this moment, there was a knock on the door, followed by a pleasing voice from outside the door: "Palace Master White, have you rested yet?"

Huh?

Bai Ma frowned, hurriedly opened the door and looked, and was stunned for a moment.

Seeing Su Shengfei standing there with a smile on his face, he looked very polite.

"It turned out to be Sect Leader Su?" Bai Ma showed a smile, hurriedly greeted him, and at the same time invited Su Shengfei into the room.

During the day, Su Shengfei speaks for himself, and Bai Ma is very fond of him. But seeing him looking for him so late, he was also a little puzzled.

"Sect Leader Su..."

Entering the room, White Horse asked with a smile, "It's so late, what's the matter?"

call!

Su Shengfei took a deep breath and looked very indignant: "In the daytime, the White Palace Master fought so hard to kill the enemy, which is admirable, but Yue Feng, in order to show his prestige, actually relied on the support of some underworld queen behind him. I feel extremely indignant to punish the White Palace Master in front of everyone."

When it came to Yue Feng, Su Shengfei couldn't hide his hatred.

Yes, he came to White Horse so late to discuss how to deal with Yue Feng.

Chapter 3069

Hearing this, White Horse was very useful, but he still smiled helplessly: "No way, who would let someone be the sect master of Tianmen, a hero recognized by Kyushu? There is the support of the Queen of the Underworld behind us, we are not opponents."

When he said this, Bai Ma looked helpless, but his eyes were also gloomy.

"Hero of Kyushu?"

Su Shengfei said with contempt on his face: "What hero of Kyushu, is a deceiver, the master of the White Palace, today's matter, I am not worth it for you, do you really want to swallow this tone?"

“Not really . By the way, I came here this time to discuss with the White Palace Master how to deal with Yue Feng!”

Su Shengfei’s expression was urgent and sincere when he said this.

Haha...

Hearing this, Bai Ma was overjoyed and quickly said, “Of course I can’t swallow this breath. Since Sect Leader Su said so, I wonder what Sect Leader Su can do?”

At this time, Bai Ma was very excited, and he and Su Shengfei is a despicable villain, and he was very dissatisfied with Yue Feng when he heard it.

At this time, Su Shengfei pondered for a while, and said slowly: “Then Yue Feng is very powerful, and there is an underworld queen to support him. At this time, he is still the commander-in-chief of Black Cloud City. If we do it directly, we will not be able to take advantage of it. It’s not reasonable.”

“Yeah, it’s not easy to deal with him.” Bai Ma followed.

At this time, White Horse wanted to tell Su Shengfei that he had secretly disclosed the map of Black Cloud City’s defense deployment to King Guangping. But on second thought, he held back.

After all, he and Su Shengfei are not too familiar with each other.

“Have it!”

The two pondered for a moment, and Bai Ma suddenly thought of something, unable to hide the treacherousness, and said to Su Shengfei: “I heard that the head of Su has always admired Ye Zhixin of Yuyao Pavilion, why don’t we start from this Ye Zhixin.”

“Her?”

Su Shengfei was stunned for a moment, and said very depressedly, “Palace Master Bai is right, I adore Ye Zhixin, but she has always turned to Yue Feng, how can I start with her?”

Su Shengfei had a headache when he thought of Ye Zhixin.

She has expressed her love to Ye Zhixin more than once, but Ye Zhixin has always been lukewarm, and what makes Su Shengfei even more unbearable is that Ye Zhixin has been helping Yue Feng.

“Haha...”

Seeing his expression, Bai Ma smiled slightly, then lowered his voice and said, "It is precisely because Ye Zhixin and Yue Feng have a close relationship that we have the opportunity to take advantage of it, and we will go to Ye Zhixin's room quietly and fascinate her later. Halo."

What?

Su Shengfei was taken aback: "Palace Master Bai, what are you going to do?"

"Don't be nervous." Bai Ma said calmly with a smile, "Ye Zhixin is your sweetheart, how can I have coveted hearts? I mean Yes, let's talk about Ye Zhixin being unconscious, you took the opportunity to steal her innocence, and then we quietly took Ye Zhixin to Yue Feng's room, and then took the opportunity to slander Yue Feng."

"At that time, Yue Feng will be speechless, and no one will speak for him again. "

In this way, you have not only enjoyed the tenderness of the beautiful woman, but also dealt with Yue Feng, wouldn't you kill two birds with one stone?"

After saying the last sentence, Bai Ma looked smug.

call!

Hearing this, Su Shengfei couldn't help but slapped his thighs and praised again and again: "Palace Master Bai is indeed thoughtful, this idea is so good, so wonderful!"

Haha...

Saying that, the two looked at each other and laughed.

The next second, the two discussed the details, and took advantage of the night to touch the room where Ye Zhixin was resting.

Soon, when they got to Ye Zhixin's room door, they saw that the lights inside had already been turned off. It was obvious that Ye Zhixin had rested.

Without any hesitation, Bai Ma took out a bag of fan powder from his body and blew it in through the crack of the door.

"Who?"

Although the movement was very small, Ye Zhixin was the head of Yuyao Pavilion, and her vigilance was very high.

Chapter 3070 What the hell

!

Hearing the scolding, Su Shengfei, who was next to him, suddenly panicked, and Bai Ma was also a little uneasy.

Her movement was so small, but Ye Zhixin was still alarmed.

However, Bai Ma quickly calmed down and pinched his nose quickly, imitating Yue Feng's voice: "Cough cough... that Sect Leader Ye doesn't need to panic, I'm patrolling around and just passing by here."

His voice was a little hoarse, but there were seven Eight points are similar.

Seeing the white horse's reaction so fast, Su Shengfei was very impressed and couldn't help but secretly gave a thumbs up.

Yue Feng?

Hearing the voice outside the door, Ye Zhixin frowned, without the slightest suspicion.

It's so late, Yue Feng is still patrolling around for the safety of Black Cloud City, it's really hard for him.

Thinking to herself, Ye Zhixin said softly, "It's hard work!"

Just as she was talking, Ye Zhixin suddenly felt that something was wrong, she only felt that her whole head was dizzy, and she could hardly sit still.

What's the matter, I was fine just now, why did I suddenly become so weak?

At this time, Ye Zhixin still didn't know that the person outside the door was not Yue Feng at all, and she herself had also inhaled the fan powder unknowingly.

Pfft...

Two seconds later, Ye Zhixin felt the world was spinning, and finally couldn't hold back and fainted.

"Haha..."

Hearing the movement in the room, Bai Ma showed a smile and said to Su Shengfei: "You're done, the rest is up to you, Sect Leader Su."

"Haha, with the help of the White Palace Master today, I can only kiss the beautiful Fang Ze." Su Shengfei was also excited, smiled and said gratefully: "I, Su Shengfei, dare not forget such a kindness."

In his heart, such a despicable act is not in the slightest. Feeling humiliated, but proud.

At the same time, in Su Shengfei's heart, his relationship with White Horse became closer.

"Hehe, from today onwards, you and I are brothers who share weal and woe, so don't be so polite." White Horse said with a smile.

Um!

Su Shengfei nodded, then pushed the door impatiently to enter. At the same time, the white horse stood in the shadows outside to help Su Shengfei.

Gudong!

Entering the room and seeing the scene in the room, Su Shengfei couldn't help but take a breath, and the whole person was stunned.

Just saw Ye Zhixin wearing a long white dress, unconscious on the bed, her eyes tightly closed.

"Ye Zhixin!"

Soon, Su Shengfei came to his senses, walked in slowly, and said to the unconscious Ye Zhixin: "Don't blame me, I like you so much, how many times I have shown my sincerity to you, but you I will never accept it." The

voice fell, and Su Shengfei walked over impatiently.

A few seconds later, there was a blushing sound throughout the room.

After some cloud and rain, Su Shengfei put on his clothes, and his heart was full of joy.

At this time, Ye Zhixin was still in a coma, and she didn't know that she had been defiled.

call!

Su Shengfei took a deep breath and admired Ye Zhixin carefully. He had to say that Yue Feng, this sister-in-law, was so beautiful.

Especially just now, that feeling is unforgettable.

However, Su Shengfei didn't forget his business, he quickly came to his senses, put on a long dress for Ye Zhixin, picked him up, and walked towards the door.

“Hehe.”

Seeing the white horse that Su Shengfei came out with Ye Zhixin in his arms and held the wind outside, he couldn't help laughing and said, “Congratulations

to Sect Master Su for getting what he wanted.” It's not too late, let's quickly get Ye Zhixin to Yue Feng's room!”

“Don't worry!”

The ultimate husband in Chinese chapter 3071-3080

Chapter 3071 The

white horse looked at the sky and stopped: "It's still early, Yue Feng is definitely still resting, let's wait until it's almost dawn, I'll find a way to lead Yue Feng out, and you can bring Ye Zhixin to his room ."

Although the white horse is despicable, he acts very cautiously. He knew very well that if Yue Feng was resting, it would be difficult to get Ye Zhixin into his room. The best way was to wait until Yue Feng was away.

"Yes, Yue Feng is not easy to fool..." Su Shengfei nodded again and again.

After the agreement, the two waited in Ye Zhixin's room.

Before you know it, the sky is getting brighter outside.

"Wooooo..."

It was at this time that a horn sounded outside, which was the signal for assembly.

Bai Ma and Su Shengfei glanced at each other and knew that the opportunity was coming. Because the signal for assembly sounded, all the heads of the sects had to go to the Black Cloud City Hall to discuss the strategy against the enemy. At that time, Yue Feng would definitely be there.

The next second, the two of them took the unconscious Ye Zhixin and avoided the patrolling disciples all the way to the room where Yue Feng was resting.

A few minutes later.

Black Cloud City Conference Hall.

Yue Feng sat on the main seat, and on both sides of the hall, Long Qianyu, Zheng Hong, and the heads of the major sects were all there.

Um?

Yue Feng looked around and saw that Ye Zhixin was the only one missing, not only frowning secretly.

Before the break last night, everyone agreed to discuss how to defend against the Apocalypse army of King Guangping. Why was Ye Zhixin absent in this first meeting?

This chapter is provided by . Visit for daily update.

But after thinking about it, Ye Zhixin seemed to be injured in the battle yesterday, and maybe she hasn't recovered yet.

While murmuring in his heart, Yue Feng didn't think much, looked around, and said slowly: "Everyone! Yesterday I pretended to have millions of reinforcements, scared away King Guangping, and temporarily kept Black Cloud City. King Guangping knew the truth and would definitely return. There will be a large number of crimes, what can you do to deal with it?"

When he said this, Yue Feng's expression was calm, but his heart was secretly anxious.

After King Guangping retreated yesterday, Yue Feng received other news from the Kyushu Continent. The Rakshasa clan was raided by Jed, and Jed also summoned the army of death, and the Raksha clan almost retreated.

Yue Feng thought about it, and after helping Black Cloud City completely defeat King Guangping, he quickly went to support the Rakshasa clan.

Phew...

Hearing this, Long Qianyu and the others all looked at each other in dismay. At this moment

, Bai Ma stood up and said with a half-smile, "Sect Master Yue, you use your troops like a god, and you have already deployed defenses in Black Cloud City. What else should we worry about?"

His face was complimenting, but a sinister grin flashed in his eyes.

At the same time, Su Shengfei also responded with a yin and yang peculiarity: "Yes, Sect Master Yue is unparalleled in the world, that King Guangping was so frightened yesterday that he dared to come?"

After speaking, Su Shengfei and Bai Ma looked at each other secretly, and continued: "By the way, why didn't you see Ye Zhixin at the meeting this morning?"

Su Shengfei's expression was serious at this time, but he sneered inwardly.

Haha...

Ye Zhixin's innocence has been taken away by herself, and she is now on Yue Feng's bed. As long as this matter is exposed, Yue Feng will definitely be ruined.

Whoa!

At this moment, everyone around was surprised.

“Yeah, why don’t you see Ye Sect Master?”

“Isn’t something going to happen?”

Listening to everyone’s discussion, Yue Feng said lightly: “Perhaps, Ye Zhangmen was too tired from yesterday’s battle and was still resting.” “

Rest?”

He got up and sneered: “Sect Master Yue, I just wanted to ask, how do you know that Ye Sect Master is still resting? Could it be that you two were together last night?”

Nima!

Yue Feng frowned, and suddenly became angry: “White horse, what do you mean?”

Just now when Baima picked up his own words, Yue Feng was a little uncomfortable. Seeing him taking the initiative to pick things up at this time, he couldn’t help it.

Chapter 3072

“Hehe!”

Feeling Yue Feng’s anger, Bai Ma said without a smile: “Sect Master Yue, I’m just talking casually, what are you excited about?” After

speaking, Bai Ma ordered the disciples outside the hall: “Hurry up Let’s go and see what’s going on with Sect Master Ye?”

At this time, Su Yanchao couldn’t help but pretend: “Yes, Sect Master Ye fought a lot yesterday, and he did a lot of work, but there must be no accident.”

“Yes. ..”

A few disciples outside the door quickly responded, and then went to the room where Ye Zhixin was resting to check the situation.

After a while, several disciples returned, all looking flustered.

“It’s not good!”

One of the leading disciples walked into the hall sweating profusely: “Sect Master Ye is not in the room.”

What?

Hearing this, whether it was Yue Feng, Long Qianyu and others, they were all taken aback.

Ye Zhixin wasn't in the room, and she didn't come to the parliament. Could something really happen?

Bai Ma and Su Yanchao looked at each other with ecstasy in their hearts.

The plan went well, can you not be happy?

“Quick!”

Yue Feng stood up at once and ordered, “Search the entire Black Cloud City immediately, and be sure to find Ye Sect Master!”

At this time, Yue Feng didn't know that he was framed by Bai Ma and Su Yanchao, and Ye Zhixin was with him. in the room.

.....

On the other side, Yue Feng's room.

Um?

Ye Zhixin woke up faintly, only to feel a splitting headache, and after looking around, her body trembled.

what happened? This... this is not my room.

Swish!

The next second, feeling the condition of her own body, Ye Zhixin's heart trembled even more, and she felt ashamed and angry.

Ye Zhixin clearly felt that she had been defiled by others, not only that, but the other party also helped her put on a long skirt.

Who took away his innocence?

For a while, Ye Zhixin's head was buzzing, and the whole person was a little stunned.

“Master Ye!”

“Headmaster Ye, where are you?”

“Quick, look for one room at a time...”

At this moment, there was a shout from outside the room, and then the door was pushed open, each The masters of the main sect all walked in.

Whoa!

Seeing the situation in the room, everyone was stunned.

Just saw Ye Zhixin sitting on Yue Feng's bed, with a trace of grief and anger on her beautiful face.

This...

At the same time, Yue Feng was also stunned, staring blankly at Ye Zhixin, stunned.

Why is she in my room? When I left just now, I obviously didn't see her.

"Sect Master Ye?!"

At this moment, Bai Ma took a step forward and asked Ye Zhixin with concern, "Are you all right? Why are you in Yue Feng's room?"

As soon as he finished speaking, Su Shengfei quickly said, "Sect Master Ye, are you alright? Tell me, is Yue Feng bullying you?" I

have to say, Bai Ma and Su Shengfei are very similar, and everyone around me doesn't notice it. , thinking that the two of them were in a relationship with Ye Zhixin.

"I..."

Ye Zhixin bit her lip lightly, her face flushed: "I don't know..."

At this time, Ye Zhixin, in a mess, came to Yue Feng's room inexplicably, and changed to any girl, facing this In any case, it is difficult to calm down.

At this time, everyone in Long Qianyu couldn't help but talk about it.

"What's the matter?"

Chapter 3073

"The breath of the head of Ye looks very weak, as if someone has been drugged..."

"Could it be that Yue Feng..."

Everyone's discussions kept coming, Bai Ma and Su Shengfei's faces were stunned, and they felt in their hearts But they were all ecstatic.

Haha... so many people have seen it with their own eyes, even if Yue Feng has a hundred mouths, he can't tell.

"Sect Master Ye!"

At this moment, Long Qianyu reacted, walked over and asked Ye Zhixin, "What happened? You say it, and everyone will decide for you." After

speaking, Long Qianyu said nothing . Forgot to stare at Yue Feng.

It seemed obvious that Yue Feng was going to plot against Ye Zhixin, and it seemed that he succeeded.

"I..."

Ye Zhixin bit her lip and said softly, "I was resting in my room last night, and in the middle of the night I heard Yue Feng patrolling by, I said a few words to him through the door, and then I didn't know anything. ."

When she said this, Ye Zhixin was very complicated.

To be honest, she didn't believe that Yue Feng would do such a thing, but the matter in front of her made people doubtful.

Whoa!

When the words fell, there was an uproar in the audience, and everyone looked at Yue Feng, terrified.

The fact was obvious, it was Yue Feng who had stunned Ye Zhixin.

What the hell!

Seeing this scene, Yue Feng was furious.

In the next second, Yue Feng couldn't help but explain: "Last night, I never went out for inspection. It was impossible for me to pass through Ye Sect's room and greet her. This is obviously someone slandering me."

"Slander?"

As soon as he finished speaking, Bai Ma couldn't help shouting: "Yue Feng, the fact is in front of you, you still want to deny it? Besides, Ye Sect has already said it herself, is she joking about her innocence? ?"

Su Shengfei also shouted: "Yue Feng, there were rumors in the rivers and lakes before that you blasphemed the Empress Chang'e, but I didn't believe it at first, but now it seems that you are not only immoral, but your methods are also very despicable and despicable. Sect Ye has always supported you. You treat her like this."

"I..."

Hearing the angry shouts of the two, Yue Fengji's face flushed, but he didn't know how to refute.

It all happened so suddenly, it was hard for anyone to calm down.

Nima!

But soon, Yue Feng suddenly realized something, looked at Bai Ma, then at Su Shengfei, frowning secretly.

These two people were singing together in the hall just now. Ye Zhixin was absent from the meeting. They found out first, and then they said they would send someone to look for Ye Zhixin.

Could it be that... all of this is what they did?

The people who really defiled Ye Zhixin were Bai Ma and Su Shengfei?

Thinking of this, Yue Feng stared at the two white horses, and asked coldly, "White horse, Su Shengfei, where were you last night?"

Huh?

Feeling the anger in Yue Feng's eyes, Bai Ma suddenly panicked, but he calmed down quickly and sneered: "What do you mean, Yue Feng? You don't want to say that we two deliberately framed you?"

"He shouted: "Yue Feng, you are shameless, you have done such an ugly thing yourself, if you don't admit it, you still want to be a rogue?"

Saying that, Su Shengfei looked around and continued: "Everyone, this kind of person is simply a scum from Kyushu. Who has the qualifications to be a commander? It is a big joke to hand over the safety of Black Cloud City to such a person.

"When he fell, many people around him responded.

"Not bad."

"Such immoral conduct is not worthy of being our commander."

At this moment, a guard soldier ran in quickly: "Apocalypse army is calling!"

What?

At this moment, everyone was shocked, and then Long Qianyu looked around: "The matter of Yue Feng, let's talk about it later, let's go meet the enemy!"

Although the things in front of him made people angry, but the black cloud The safety of the city is more important.

Hearing this, everyone no longer hesitated, and followed Long Qianyu to the direction of the city gate.

Yue Feng was so depressed that he quickly followed him out.

call!

When they reached the city gate, whether it was Yue Feng, Long Qianyu and others, they couldn't help but take a deep breath.

I saw that King Guangping led an army of several hundred thousand, and he came in a mighty manner, like a rainbow!

Chapter 3074

Seeing this scene, Yue Feng looked solemn.

He knew that King Guangping would not let Heiyun City easily, but he didn't expect it to come so quickly.

"Yue Feng!"

King Guangping hovered in the air, his eyes fixed on Yue Feng, and he shouted angrily: "You dare to deceive me, saying that there are millions of reinforcements, and today I will break through the Black Cloud City and take your head.

" King Ping's anger sank into his dantian, and his voice resounded throughout the world: "All officers and men follow orders, attack!"

"Kill!" The

voice fell, and the army of hundreds of thousands of Tianqi also rushed towards Black Cloud City like a tide.

Swish.

At this moment, whether it is Long Qianyu or the others around, they are all inexplicably frightened. Here in Black Cloud City, there are only a hundred thousand people in total, how can they stop the hundreds of thousands of King Guangping's army?

"Don't panic, everyone!" At this moment

, Yue Feng reacted and shouted: "According to yesterday's deployment, form a formation to meet the enemy!"

At this time, Yue Feng had regained his composure, and the defense that had been deployed yesterday, Even if the disparity in admitting defeat is too great, it can block the army of King Guangping.

"Kill!" The

voice fell, and the defenders of Black Cloud City screamed to meet them. In the blink of an eye, they were in a melee with the Tianqi army. The sound of weapons colliding and shouting for killing were intertwined and resounded throughout the entire Black Cloud City. .

However, many experts from the major sects remained motionless.

Because of Ye Zhixin's affairs, many people had a great prejudice against Yue Feng.

call!

Seeing this scene, Yue Feng frowned secretly and was so anxious: "Why don't you guys act?"

Yue Feng saw that these sect masters did not help, and the defenders of Black Cloud City could not stop the weather army at all. In just a few minutes, many had already fallen into a pool of blood.

"Yue Feng!"

Su Shengfei walked out of the crowd and said coldly at Yue Feng, "You are not of good character, shameless and despicable, and you are not qualified to command us." The

voice fell, and many people around nodded in agreement.

Nima!

Yue Feng was extremely frightened. This Su Shengfei was too hateful. Now that Heiyun City was at the moment of life and death, he was still against himself. Moreover, what happened to Ye Zhixin was obviously that he and Bai Ma deliberately slandered him.

“Okay!”

At this moment, Long Qianyu bit his lip tightly, looked around and said: “The situation is urgent, everyone should unite to defend the enemy first, and then discuss how to deal with Ye Sect’s head after the Tianqi army is defeated. It’s something.”

After speaking, Long Qianyu couldn’t help but glance at Yue Feng, his eyes showing a bit of indifference.

To be honest, Long Qianyu also didn’t believe that Yue Feng was innocent, but for the safety of Black Cloud City, he could only temporarily appease everyone.

As soon as he finished speaking, Bai Ma said hypocritically: “The eldest princess is right, the most important thing right now is to defend against the Apocalypse army first, and talk about other things later.” After speaking

, Bai Ma shouted at Yue Feng: “Yue Feng, For the safety of Heiyun City, I will follow your command for the time being, and when the enemy is repelled, I hope you can give an explanation about Ye Sect!”

At this time, Bai Ma, with just words on his face, looked in his eyes. But flickering cunning.

“Palace Master Bai!”

Seeing this situation, Su Shengfei became anxious all of a sudden, rushed over to pull the white horse, and whispered: “Why should we compromise with Yue Feng? We have already successfully let him take the blame, why should we listen to his command? ?”

When he said this, Su Shengfei was very unconvinced.

Bai Ma smiled slightly and said in a low voice: “Don’t get excited,

Sect Leader Su, just wait and watch the show.” King Guangping obtained the defense deployment map of Black Cloud City. At that time, when Black Cloud City fell, Yue Feng couldn’t escape the guilt, and coupled with Ye Zhixin’s incident, he was completely ruined.

Of course, there were too many people around, and it was difficult for White Horse to explain these things to Su Shengfei.

call!

Chapter 3075

Seeing Bai Ma say this, Su Shengfei took a deep breath and said nothing more.

At this time on the battlefield, the defenders of Black Cloud City, many soldiers and soldiers were wounded, and more than 20,000 people fell in a pool of blood.

Whoosh!

At this moment, Yue Feng flew into the air, raised his dantian, and shouted: "Every sect obeyed the order, according to yesterday's deployment, all are in place, ready to fight back."

Hearing this, many sect powerhouses, I was very conflicted in my heart, but for the safety of Black Cloud City, I moved quickly.

Soon, the masters of the major sects formed a huge five-element formation around the city gate of Black Cloud City. They were interdependent and had both offense and defense. This five-element formation was arranged by Yue Feng yesterday. The terrain is enough to block the army of hundreds of thousands of Apocalypse.

call!

Seeing the formation of the great formation, Yue Feng secretly breathed a sigh of relief.

With this great formation, we will not be afraid of King Guangping's Apocalypse army.

Yue Feng thought about it, and when the Tianqi army was defeated, he would take care of Ye Zhixin's affairs. No matter what, he had to find out the truth.

"Is this okay..."

"Is Yue Feng too confident?"

The masters of the sects who deployed the Five Elements Array were all skeptical. However, under the command of Yue Feng, the formation still followed.

soon! A scene that shocked everyone appeared.

The original Black Cloud City defenders were retreating under the onslaught of the Tianqi army, but with the cooperation of the five elements, they actually surrounded the Tianqi army.

Whoa!

At this moment, whether it is Long Qianyu, the masters of various sects, or the defenders of Black Cloud City, they are all very excited.

Great, the situation has been reversed, and I have to say that this Yue Feng is worthy of being a famous figure in Kyushu, and he is really powerful.

Just excited, at the same time, many sect masters secretly regretted in their hearts.

Although this Yue Feng used soldiers like a god, it was a pity that his character was too despicable.

At this moment, King Guangping frowned in midair, and said coldly: "All the army obey the order and break through!"

King Guangping had already prepared for this attack on Black Cloud City, so he saw that the army was trapped. , don't panic at all.

"Breakthrough?"

Yue Feng smiled coldly: "King Guangping, I'm afraid you won't have a chance!"

With that, Yue Fengqi raised his dantian and roared, "Everyone obeyed the order and started fighting back."

"Kill..."

Listen When the order was reached, the masters of various sects, as well as the defenders of Black Cloud City, without the slightest hesitation, mobilized their internal strength and started a counterattack.

"Ah!" The

army of hundreds of thousands of Tianqi was trapped in the five elements and could not break through. At this time, facing the counterattack of the Black Cloud City defenders and the major sects, none of them could fight back, and they made a terrible sound. Yell, fell in a pool of blood.

call!

Seeing this scene, King Guangping clenched his fists and his face was extremely ugly.

Although King Guangping was ready to lose his troops in this attack on Heiyun City, he couldn't help but feel angry when he saw his soldiers die tragically.

"King Guangping!"

Seeing this scene, Yue Feng showed a smile and shouted: "Today's battle, you will definitely lose, and it is too late to surrender!"

Guangping Wang Yangtian laughed, his eyes flashing crazy: "Yue Feng, you are too confident. Now , who wins and who loses, not sure."

Wow!

As soon as the voice fell, I heard a thunderous roar from the northwest of Black Cloud City.

At this moment, whether it was Yue Feng, or the defenders of the major sects and Heiyun City, they all turned their heads to look, only one glance, and they were all shocked.

The ultimate husband in Chinese chapter 3076-3080

Chapter 3076

saw that in the northwest of Heiyun City, on the rugged mountain road, an army of tens of thousands attacked.

The leading general, dressed in black black armor and holding a long sword, is majestic.

It was Nie Yunxiao, the commander of the Imperial Forest Army of Tianqi Continent.

what's going on?

Seeing this scene, both Yue Feng and the others were shocked.

You must know that this mountain road in the northwest of Black Cloud City is very secret, and unless it is the people of Black Cloud City, it is difficult for others to find it.

How did the King of Guangping know this way?

“Kill!”

At this moment, Nie Yunxiao raised his hand, roared, and rushed over first.

At the same time, the tens of thousands of soldiers behind him also burst into a roar, killing them directly.

Nie Yunxiao suddenly attacked from the rear. Whether it was the major sects or the defenders of Black Cloud City, they couldn't reach them.

What?

Seeing this scene, whether it was Yue Feng, Long Qianyu and others, they were all shocked.

They saw that the Five Elements formation, which was both offensive and defensive, was rushed from the rear by Nie Yunxiao's extraordinary army, and the formation was in chaos.

Nima!

This chapter is provided by . Visit [for](#) daily update.

At this moment, Yue Feng looked closely at King Guangping, with unspeakable doubts and shocks in his heart.

Impossible, there was no flaw in his deployment yesterday, and he also set up soldiers to guard the mountain road in the northwest. Even if King Guangping sent spies, he would not be able to find this road.

However, King Guangping actually sent an ambush to come around from the back mountain.

How could this be?

Haha...

Looking at Yue Feng's expression, the white horse not far away was very excited.

Yue Feng, Yue Feng, you want to maintain your reputation in Kyushu by guarding Black Cloud City, but you never expected that your detailed deployment would have been disclosed to King Guangping by me long ago.

Once this battle is defeated, you are a sinner, completely ruined.

"Your Majesty!"

At this moment, during the fierce battle, Nie Yunxiao shouted at King Guangping: "My subordinates lived up to their expectations, and now they are fully fighting back!"

Before dispatching troops today, Nie Yunxiao was instructed to quietly bypass the black cloud city. After the mountain, wait for the time.

Haha...

Guangping Wang Yangtian laughed, indescribably happy, and praised Nie Yunxiao: "Yes, General Nie should be credited for this battle, and I will reward you when Black Cloud City is broken!"

Saying that, King Guangping's eyes flashed with madness, the long sword in his hand pointed at Heiyun City, and he said loudly: "Soldier, it's time to counterattack, annihilate the enemy, leave no one behind..." The

voice fell, King Guangping's power exploded, and the figure Like a ghost, he rushed over directly.

"Ah..."

King Guangping practiced the evil arts of the ghost world. At this time, he burst out with all his strength, like the evil god of hell. With his sword swung, many of the defenders of Black Cloud City fell in a pool of blood.

"Kill!"

At the same time, Tianqi's army also howled and launched a counterattack against the Five Elements Great Array. Before, the Tianqi army was besieged in groups and had no resistance. At this time, the Five Elements Great Array was broken by Nie Yunxiao from the rear. Open a few gaps, the formation is in chaos, and there is no more threat.

Mad!

Seeing a lot of sect masters and Black Cloud City defenders falling down one by one, Yue Feng's eyes were instantly blood red, and he kept roaring: "Don't panic, let's join forces to meet the enemy..."

However, facing the Many people were completely panicked by the front and back attacks of the Tianqi army, and they couldn't raise their morale at all.

At the same time, many people also began to doubt Yue Feng.

"Yue Feng, didn't you say that the deployment of Black Cloud City is impeccable? Why was it surrounded by the Apocalypse army?"

"What kind of military use is like a god, I think it's a false name!"

"Hehe, we trust him too much..."

Everyone's doubts kept coming, Yue Feng was depressed and anxious.

Until this time, Yue Feng couldn't understand, there was no problem with his deployment, how was King Guangping taking advantage of it.

Chapter 3077

"Kill!"

In just a few seconds, the Apocalypse army, encouraged by King Guangping, was like a broken bamboo, and had already killed at the foot of the city gate.

“Haha...”

Seeing Yue Feng being questioned by his own people, King Guangping was even more proud and laughed: “Yue Feng, didn’t you expect that you would lose so quickly? Defensive map, went out to ask for help, but unfortunately I was caught.”

“In the end, I also want to thank you, if it weren’t for the deployment of the defense map, I would not have found the flaws in Black Cloud City.”

When saying this, King Guangping was full of mockery.

What?

Hearing this, Long Qianyu and the masters of various sects all exploded.

“Did Yue Feng send someone out and leaked the deployment of Black Cloud City?”

“How could such a low-level mistake be made?”

“Why didn’t you tell everyone about this?” During the

discussion, many people glared at Yue Feng, At this time, everyone thought that it was Yue Feng who sent people out of the city privately, and Xie Lu got the information, which led to the destruction of Black Cloud City.

What?

Yue Feng froze there, only feeling his brain buzzing.

I sent someone out to ask for help, and I also brought the defense map of Black Cloud City? How is this possible?

Thinking to himself, Yue Feng took a deep breath and shouted at King Guangping: “You speak clearly? Who did you get the map from?”

“Haha!

” Feng, today your defeat has been decided, what’s the point of worrying about it?”

While speaking, King Guangping urged his soldiers to attack the city.

“Yue Feng!”

At this moment, Bai Ma shouted angrily: "We trust you so much and entrust the safety of Black Cloud City to you, but what about you? But you sent people out of the city on your own initiative, leading to intelligence Leaked, made such a serious mistake, what else do you have to say?"

When he said this, Bai Ma's face was righteous, but he sneered inwardly.

Ye Zhixin was defiled, Heiyun City was forced, Yue Feng, don't think about turning over again this time.

When the words fell, many people also criticized Yue Fengkou.

"That's right, you have to explain this matter."

"I was really blind before, and I actually believed him."

"Don't talk about it, Black Cloud City can't keep it, everyone should withdraw first."

Everyone shouted . Among them, the gate of Black Cloud City has been breached.

Whoa!

Seeing this situation, everyone knew that Black Cloud City was completely lost, so they quickly evacuated with the defenders of Black Cloud City.

As soon as they withdrew from Black Cloud City, hundreds of thousands of Tianqi troops poured in one after another.

"Your Majesty is mighty!"

At this moment, hundreds of thousands of Northern Ying army cheered in unison, and the momentum was overwhelming.

Hearing the cheers of many soldiers, King Guangping hovered in mid-air with a smile on his face, then he lifted his dantian and said slowly, "Everyone has worked hard, I will rest in Heiyun City today, and tomorrow morning, I will march into the Imperial City of Xicang. !"

"Yes, Your Majesty!" Many soldiers and soldiers responded in unison.

the other side.

Yue Feng and the masters of various sects, as well as the defenders of Black Cloud City, retreated all the way to a forest more than ten kilometers away from Black Cloud City, and took a short rest.

When Black Cloud City fell, everyone was in a bad mood. For a time, the atmosphere was very depressed.

“Yue Feng!”

At this moment, the white horse walked out of the crowd and glared at Yue Feng: “The innocence of Ye Zhangmen has been destroyed, and the Black Cloud City has fallen. What do you explain?”

Shuh!

At this moment, everyone’s eyes were focused on Yue Feng.

Chapter 3078

Yue Feng took a deep breath and said slowly, “I was framed by the humiliation of the head of Ye. As for leaking the defense deployment of Black Cloud City, I have never done it, and I have never sent anyone out.

” Words, what Yue Feng said was decisive!

At this time, Yue Feng was very angry in his heart, Ma De, it was Ye Zhixin’s business first, and he was slandered for no reason. Now that Black Cloud City has fallen, he can’t escape the responsibility.

It’s just... that I haven’t done any of these things myself. Hearing this, Bai

Ma’s face was gloomy, and he shouted: “I haven’t admitted it yet, Yue Feng, you are relying on your own strength and don’t take everyone present in the eye, right?”

Looking around, the voice spread throughout the audience: “Everyone, Yue Feng is so arrogant, I propose to take him on the spot and put him on trial!”

Speaking of which, Bai Ma wanted to do it directly, but considering that Yue Feng is too strong , decided to incite the people around.

As long as everyone works together, even if Yue Feng has the support of the Queen of the Underworld, he will not be afraid.

The voice fell, and many people nodded in agreement.

“That’s right! It’s still sophistry now, and it must not be tolerated!”

“If we continue to indulge him, we will help Zhou to abuse.” In the anger of the

crowd, Su Shengfei walked out quickly, pointed at Yue Feng and shouted: "Everyone, stop talking nonsense. , take him down first." The

voice fell, and many sect masters urged their inner strength to surround Yue Feng at once.

"Stop!"

At this moment, a slender figure instantly blocked in front of Yue Feng.

It is Mihui.

At this moment, Mei Hui's delicate face was full of anxiety, she looked around and shouted, "You must have misunderstood, my eldest brother is not that kind of person." The

eldest brother is bright and aboveboard, how could it possibly tarnish Ye Zhixin? Also leaked information to King Guangping?

"Not bad!" The

voice fell, and Zheng Chunqiu also came out, standing firmly beside Yue Feng with a firm face: "What happened today is very strange, I think Yue Feng was framed."

Hu!

Looking at Meihui and Zheng Chunqiu, Yue Feng was moved beyond words.

In the next second, Yue Feng looked around and said seriously: "Everyone, I promise you, I will find out what happened today." As

soon as he finished speaking, Bai Ma said with a sneer, "You don't have to be hypocritical, there are two things today. It's a matter, don't even try to clear the relationship, what are you checking? You just want to find a reason to get out."

Said, Bai Ma looked at Zheng Chunqiu and Meihui: "And the two of you, as Yue Feng Their accomplices can't escape the relationship."

"Yes, take them down together!" Everyone around also shouted.

"You..."

Seeing this scene, Mihui stomped her feet in a hurry.

call!

Yue Feng took a deep breath and sneered: "Okay, since you have to do it, then I will accompany you to the end!"

At this time, Yue Feng had already seen that what happened today was that someone deliberately slandered himself. In this case, no matter how you explain it, there is no such thing.

In this case, there is no need to waste words.

Thinking of this, Yue Feng pulled out the Fang Tianhua halberd and immediately said to Zheng Chunqiu: "Brother Zheng, I was framed for what happened today, but I must not implicate you. I will block them later, and you will take my little sister with you. Leave." The

voice fell, and Mei Hui couldn't help shouting: "Big brother, I'm not leaving!"

How could he bear to leave Yue Feng alone in the current situation?

Zheng Chunqiu also had a resolute look, and said to Yue Feng, "We are brothers. You are being slandered now. If I leave, how will I stand between heaven and earth in the future?"

"Today, I will advance and retreat with you!"

Hearing this, Yue Feng's heart was full of blood, and he laughed loudly: "Okay!"

After that, Yue Feng held Fang Tianhua halberd tightly, his eyes swept over Bai Ma, Su Shengfei and the others, and said word by word, "You guys If you want to catch me, just come up."

Phew!

Feeling Yue Feng's aura, everyone looked at each other in dismay, and no one dared to take the lead.

Chapter 3079

"Yue Feng."

At this moment, Su Shengfei held a long sword tightly, pointed at Yue Feng and cursed: "You still dare to be mad, do you really think no one can cure you?" The

voice fell. , Su Shengfei's inner strength surged, his body flashed, and the long sword stabbed directly at Yue Feng's heart.

Seriously, if Su Shengfei would never dare to fight with Yue Feng, after all, Yue Feng is too powerful.

But now, with so many people around, Su Shengfei didn't panic at all.

Mad!

Seeing Su Shengfei rushing towards him, Yue Feng clenched his fists tightly and burst out with anger. He clenched Fang Tianhua halberd tightly and met Su Shengfei directly.

clang!

The next second, Fang Tianhua halberd and the long sword violently collided, making a loud noise, and seeing Su Shengfei groaning, the whole person flew straight up, flying dozens of meters away, and finally broke a few trees, only fell heavily on the ground.

puff!

Su Shengfei struggled to stand up, a mouthful of blood spurted out, his face pale. At the same time, he stared fiercely at Yue Feng.

"Beyond one's own strength!" Yue Feng said coldly, his eyes full of disdain.

The next second, Yue Feng looked around the audience and said lightly, "Who else? If you don't dare to go alone, let's come together!"

Wow!

Hearing this, everyone present was furious.

Crazy, this Yue Feng is too crazy.

Soon, the white horse reacted and rushed out, pointing at Yue Feng and shouting angrily: "Yue Feng is so arrogant, what are you waiting for? Let's go together!" The

voice fell, and the white horse held the opening axe tightly and rushed up first. .

The surrounding people no longer hesitated, and they all urged their inner strength to charge towards Yue Feng.

"Good job!"

Seeing the masters of various sects coming under siege, Yue Feng laughed wildly, grabbed Fang Tianhua's halberd tightly, and attacked directly.

At the same time, Meihui and Zheng Chunqiu also joined the melee.

At this time, Yue Feng was holding back his fire and was angry. The loss of Black Cloud City made him very irritable. At this time, he was slandered by everyone, so he was no longer merciful.

Under such circumstances, many sect masters were injured by Yue Feng.

Mad!

Seeing that Yue Feng was so mighty, Bai Ma was in a hurry, and then his eyes locked on Mei Hui, and he rushed over and slapped Mei Hui on the back.

Meihui was besieged by several people, and she couldn't react at all. She was slapped in the back by the palm of the white horse, her delicate body trembled, and she was suddenly very weak.

clap clap!

Bai Ma sneered, quickly shot, and clicked on Meihui's acupuncture point.

The next second, the white horse grabbed Meihui's neck and shouted at Yue Feng: "Yue Feng, capture him immediately, otherwise, I will kill him immediately!"

Shuh!

Hearing the angry shout, Yue Feng and Zheng Chunqiu both looked over subconsciously.

Seeing this, Yue Feng was shocked and angry, and the anger in his heart rushed upwards.

At the same time, Zheng Chunqiu was also extremely angry, and shouted angrily at Bai Ma: "Bai Ma, it's a shame that you are still the master of a sect, to use such despicable means, if you have the ability, let her go and arrest us by your ability. Stop!"

Whoosh!

At the same time, the surrounding Long Qianyu and others also looked complicated.

Although Yue Feng is hateful, but Bai Ma seizes Meihui to coerce, and this kind of behavior is not fair.

"Haha!"

In the face of Zheng Chunqiu's anger, Bai Ma sneered: "What do I care about dealing with a scum like Yue Feng?" After

speaking, Bai Ma continued towards Yue Feng: "Yue Feng, I'll give it to you again. If you have a chance, stop immediately." While speaking, her fingers slowly exerted force, and Mei Hui suddenly had difficulty breathing, and her delicate face turned red from suffocation.

Chapter 3080

Nima!

At this time, Yue Feng's eyes were extremely blood red, staring at the white horse, wishing to smash his corpse into ten thousand pieces, but he still stopped and dared not act rashly.

Yue Feng could clearly see that Baima's right hand was tightly holding Meihui's neck. As long as she exerted force, the little girl would be fragrant.

In Yue Feng's heart, Meihui was one of his closest relatives, so how could he just watch something happen to her?

call!

Seeing this scene, Zheng Chunqiu was furious, but stopped.

And Zheng Chunqiu was also very upset for Yue Feng.

Yue Feng has done so many things for the sake of Kyushu. In the past two days, in order to defend the Black Cloud City, he has worked hard, but what happened? But he was maliciously slandered by these people in front of him.

Where is the heaven? !

"Bai Ma!"

At this moment, Yue Feng glared at Bai Ma, his voice completely hoarse, and roared: "Let my little sister go immediately."

"Hehe..."

Bai Ma smiled treacherously, his face full of mockery: "It's okay to let him go, But it depends on your sincerity!" After speaking

, Bai Ma's face sank, and he said coldly: "I immediately disarm and surrender, and kneel down to all of us to atone for our sins, do you know that because you are too confident, the black cloud The city was breached, how many Jianghu fellows and the defenders of Heiyun City, how many innocent people died? And Ye Sect, whose innocence was sullied by you!"

“If you don’t deal with you today, it will be hard for heaven!

”, Generous statement, said with confidence!

At this time, the white horse has a face of justice, but his heart is full of joy.

Haha... Yue Feng, you are completely finished today.

call!

Yue Feng did not answer, but clenched his fists tightly, his eyes blood red.

At the same time, the entire audience was silent, and everyone around them looked at Yue Feng coldly.

In their hearts, what Bai Ma said was right, Yue Feng committed a heinous crime, he defiled Ye Zhixin and caused the fall of Heiyun City, so it would be light for him to kneel down and confess his guilt.

At this moment, Mei Hui was so anxious that she couldn’t help crying: “Big brother, don’t mind me...”

Big brother has always been rebellious, when did he bow his head to others, not to mention today’s matter, he was slandered of.

Hearing Meihui’s cry, Yue Feng was full of discomfort.

The next second, Yue Feng took a deep breath and stared at the white horse: “White horse, if you go back on your word, I will never forgive you!” The voice fell, Yue Feng put away Fang Tianhua halberd, and was about to kneel.

“Brother Yue Feng.”

At this moment, Zheng Chunqiu became anxious and couldn’t help shouting: “You are not wrong, why are you kneeling?”

Puff!

Yue Feng shook his head at Zheng Chunqiu, then bent his knees, knelt down toward the crowd in front of him, and said word by word: “Today, Black Cloud City was breached, I do have a responsibility, it’s my deployment that is not perfect, this is my fault. I admit it!”

When he said this, there was a hint of shame on Yue Feng’s face.

Although he didn't send anyone out of the city to move for rescue, the fact that King Guangping sent someone to make a surprise attack from the back mountain road in Black Cloud City was considered his negligence.

Huh...

Seeing this scene, whether it was White Horse, Long Qianyu, or everyone around, all looked indifferent.

"Of course it's your fault!"

"Black Cloud City has been breached, and it's too late to say anything now."

"Haha..."

In the eyes of everyone, Yue Feng kneeled down and admitted his mistake, which was a matter of course, and no one sympathized.

Big brother....

And Mei Hui, who was controlled by the white horse, was trembling with a delicate body, indescribably distressed, and tears kept flowing down.

In order to defend Heiyun City, the eldest brother has done his best, but these people are not only not grateful, but also criticize him...

"Hehe..."

The ultimate husband in Chinese chapter 3081-3090

Chapter 3081

At this moment, the white horse looked down at Yue Feng and said with a gloomy smile: "The attitude is quite sincere, yes, let's not mention the matter of Black Cloud City for the time being, what about the head of Ye? Shouldn't you also explain it well? What?"
The

voice fell, and Su Shengfei next to him shouted: "Yes, you must have an explanation for the matter of the head of Ye."

When he said this, Su Shengfei and Bai Ma looked at each other secretly, and they were incomparable to each other. of excitement.

Heiyun City was broken, Yue Feng admitted his mistake, and maybe he could get everyone's forgiveness, but it was not so easy to clean up Ye Zhixin's innocence.

call! Yue Feng took a deep breath, unable to hide his indignation, and said loudly, "I admit the fall of Black Cloud City, but Ye Zhangmen was innocent and humiliated. I didn't do it at

all. I was slandered."

Yue Feng is very suffocating.

It's your own fault, you bear it yourself, but you won't admit it if you don't do it.

wow.

Hearing this, everyone was extremely indignant.

"The evidence is convincing, but he's still stubborn now?"

"I think he can't see the coffin and won't cry..."

"He admitted his fault just now, I quite appreciate it, now.... Hehe..."

Everyone's comments The discussion kept coming, and Long Qianyu, who had been silent all the time, couldn't bear it any longer. With a flash of his tender body, he rushed over, his jade hand raised, and directly touched Yue Feng's acupuncture point.

Papa...

This chapter is provided by . Visit for daily update.

Long Qianyu shot quickly, Yue Feng couldn't react at all, and his body was shocked, and he couldn't move.

At this moment, Yue Feng was very frightened. He thought that even if someone made a surprise attack, it would be White Horse or Su Shengfei, but he never expected it to be Long Qianyu.

At the same time, Zheng Chunqiu and Meihui were also tapped on acupuncture points and could not move.

"Yue Feng!" Long Qianyu's beautiful face was full of contempt: "You are really disappointing."

Like everyone else, Long Qianyu also believed that it was Yue Feng who tainted Ye Zhixin. If he had the courage to admit it, Maybe Long Qianyu would give him a high look, but Yue Feng refused to admit it, which made Long Qianyu very indignant.

disappointed you?

Hearing this, Yue Feng smirked and didn't bother to explain.

"Everyone!"

At this moment, Bai Ma gave Yue Feng a cold look, and said loudly to the people around him: "Yue Feng has misbehavior and did such despicable things, what should everyone say to deal with it?" The

voice fell, Su Shengfei and many others responded.

"Kill him!" "This kind of scum

is the shame of our Kyushu rivers and lakes, and it must not be tolerated."

"Execute on the spot!"

, Nima, this white horse is too sinister, deliberately slandering himself, and wants his own life.

At this time, Yue Feng was even more certain that Ye Zhixin's innocence and humiliation had something to do with the white horse. It's just that now everyone is pointing their finger at him, and he has no evidence, so he can only be anxious.

Zheng Chunqiu and Meihui next to them were also in a hurry, but their acupoints were taped, and they wanted to come and help, but they were helpless.

Ha ha...

Seeing this scene, Bai Ma was overwhelmed with excitement, and then said to Long Qianyu: "His Royal Highness, the eldest princess, Yue Feng's crime is so heinous that death is not a pity. As for how to execute him, it's up to you to decide."

Bai Ma is very cunning . , I have always been very active in the matter of slandering Yue Feng today. If I kill Yue Feng in the end, it will inevitably be suspected later, so I will hand over the last step of dealing with Yue Feng to Long Qianyu.

After all, Long Qianyu is the eldest princess of the Southern Cloud Continent, with high prestige.

Swish!

The voice fell, and the eyes of the audience suddenly converged on Long Qianyu.

Long Qianyu nodded silently, without the slightest emotional fluctuations on his beautiful face.

The next second, Long Qianyu looked around and finally landed on Ye Zhixin: "Sect Master Ye, come here and kill Yue Feng!"

What? ? !

Ye Zhi's heart trembled, and her whole body was a little dazed.

When she first woke up in the morning, she learned that her innocence had been destroyed, Ye Zhixin's mind was always in a mess, and when she followed everyone to evacuate Heiyun City, she was in a daze, as if she had lost her soul. At this time, she suddenly heard Long Qianyu. If he wanted to kill Yue Feng himself, he was completely confused.

Chapter 3082

"I..."

At this time, under the gazes of everyone, Ye Zhixin's heart trembled uncontrollably, and whispered to Long Qianyu: "I... I can't get down. Hand..."

Although all the clues pointed to Yue Feng, Ye Zhixin still didn't want to believe that Yue Feng would do such a thing to herself.

Long Qianyu frowned: "Sect Master Ye, you still believe in this scum?"

"You helped him so much before, but he did such a despicable thing to you. You still have this kind of person. What a pity?"

Hearing this, Ye Zhixin's somewhat flustered eyes gradually became firmer.

That 's right...

When Yue Feng changed his name and surname to join Yuyao Pavilion, after he knew the truth, not only did he not blame him, but he also defended him everywhere.

But he... when he

thought of his innocence and humiliation, Ye Zhixin felt a surge of resentment deep in his heart.

At this time, everyone around them also opened their mouths.

"Sect Master Ye, kill this scum."

"Yes, Yue Feng acted daringly, this is his own fault."

"Kill him..."

Hearing what everyone said, Ye Zhixin clenched her sword and walked towards Yue Feng step by step. come over.

Soon, Ye Zhixin stopped a few meters away from Yue Feng, her face full of complexity.

"Master Ye."

Seeing the tangle in Ye Zhixin's eyes, Yue Feng took a deep breath and said slowly, "I'm sorry for what happened to you, but I really didn't do it, but don't worry, I will definitely find out. murderer."

After some words, Yue Feng said it very sincerely, but at the same time, he was secretly anxious.

Hearing this, Ye Zhixin frowned, and her heart became confused again.

At this moment, Su Shengfei couldn't help shouting: "Sect Master Ye, don't listen to his nonsense, this Yue Feng is best at rhetoric, hurry up."

When he said this, Su Shengfei's eyes flashed with excitement.

Haha...

I enjoyed Ye Zhixin's tenderness last night, and even successfully blamed Yue Feng, it really kills two birds with one stone.

If at this time, Ye Zhixin could kill Yue Feng with her own hands, that would be even better.

The voice fell, and the white horse couldn't help shouting: "Yes, the head of Ye is quick to do it, if you let him go this time, I'm afraid you won't have this chance again in the future."

Hu!

Hearing these shouts, Ye Zhi's delicate body trembled, and a trace of resentment flashed in her eyes: "Yue Feng, you insult my innocence, go to hell!" The

voice fell, and the long sword in her hand stabbed directly.

puff!

This sword pierced directly into Yue Feng's chest, piercing almost his entire body! In an instant, blood spurted out and dripped down the long sword.

To be honest, Ye Zhixin never believed that Yue Feng was the one who defiled her, but everyone around her said so, so she no longer doubted it.

"You..."

Yue Feng was trembling all over, his face was pale, he stared blankly at Ye Zhixin, his heart ached.

He didn't expect that Ye Zhixin would really attack him.

"Big brother..." "Brother

Yue Feng!"

Seeing this scene, Mei Hui and Zheng Chunqiu couldn't help shouting.

Especially Mei Hui, who almost burst into tears, tears streaming down.

Yue Feng didn't seem to hear the shouts of the two, but looked directly at Ye Zhixin with a sad tone: "Really....not me..."

Facing Yue Feng's eyes, Ye Zhixin's delicate body trembled. , couldn't help but take a step back: "I..."

Ye Zhixin didn't know why, so she moved her hand, but she didn't feel any revenge in her heart, instead she was a little flustered.

Could it be...you're blaming him wrong? !

The one who really defiled himself, someone else?

“kill him!”

Chapter 3083

“Master Ye, hurry...kill him!”

At this time, Bai Ma, Su Shengfei and the others kept yelling from behind.

However, Ye Zhixin was completely in a mess, her hands kept shaking, and she couldn't hold the long sword anymore.

puff.

At this moment, Yue Feng's body softened and he slumped on the ground, his breath was extremely weak, he could feel it.

The sword just pierced the heart, Yue Feng clearly felt that his life force was slowly passing away, but with his strong willpower, he had not fainted yet.

“Everyone!”

At this time, the white horse looked around and said loudly, “Ye Zhangmen is kind-hearted and can't bear to kill her, so let me do it for her!”

After speaking, the white horse's eyes fell on Yue Feng, and he said with a wicked smile. : “Go to hell, Yue Feng!”

Om!

The last sentence fell, and the white horse pulled out the axe to open the sky, and the figure rose into the air, heading straight for Yue Feng.

“Don't!”

“Stop it...”

Seeing this scene, Mei Hui and Zheng Chunqiu yelled loudly, but to no avail.

Nima!

Seeing the white horse rushing towards him, Yue Feng's eyes were extremely blood red, and at the same time he was a little desperate.

I have been upright and upright all my life, but I didn't expect to be calculated by these villains in the end.

It's so sad to die like this.

hum.

Seeing that Yue Feng was about to be hit by the opening axe, suddenly, at this critical moment, in the sky not far away, there was a strong aura, and then, two figures flew quickly like cannonballs. .

Two men, one with sullen eyes, full of evil spirits, the other young and handsome.

It was Zhang Jiao and Wen Xiaoyu.

Two days ago, after Zhang Jiao and Wen Xiaoyu returned to Kyushu, they inquired about the situation and learned that the major sects were all imprisoned in the Hades Cauldron by King Guangping, and then King Guangping launched a war, and they are attacking these two days. Black Cloud City, the master and the apprentice hurried over to take a look.

“Tsk tsk...”

When he got to the front, Zhang Jiao looked around and sneered: “There are a lot of people.”

Wow!

At this moment, whether it was Bai Ma or Long Qianyu and the others, their hearts were shocked and their faces paled in shock.

In particular, White Horse, with a proud and confident face, was suddenly horrified, thinking that he had read it wrong.

How is this possible?

Zhang Jiao obviously died in the Hall of Longevity, but he still watched with his own eyes. He was buried in the back mountain by his disciples. But why is he alive again?

Bai Ma didn't know yet that Zhang Jiao practiced the inextinguishable scriptures, and there was a stunt that could destroy life and forget death. Back then in Mount Emei, Zhou Qin was also buried alive by Yue Wuya. With this stunt, he escaped from death.

Yue Feng, who was not far away, was also secretly shocked.

However, Yue Feng was not surprised by Zhang Jiao's appearance, but his eyes were fixed on Wen Xiaoyu.

Brother Wen's son? Why is he with Zhang Jiao?

At this time, there was also an uproar around, and many people reacted and talked a lot.

"Zhang Jiao? Why is he here?"

"This person is strong and cunning, but it's not easy to deal with."

At this time, Zhang Jiao's eyes swept over everyone, and finally fell on Bai Ma, and said coldly: "You despicable villain, I didn't expect that I was still alive. Right?"

When he said this, Zhang Jiao couldn't hide his anger.

He is a man who has become famous for thousands of years, but it is a shame and shame to be planted in the hands of a villain like White Horse.

"I..."

Bai Ma opened his mouth, very flustered, and then retorted with courage: "Zhang Jiao, you are very ambitious and cause trouble for the rivers and lakes. When I was on Changsheng Island, I led you into a trap. Although it is disgraceful, it is also It can be regarded as eradicating evil for the rivers and lakes. I have nothing to be ashamed of."

After these words, the righteousness was awe-inspiring.

To be honest, seeing Zhang Jiao come back to life, Bai Ma was very flustered, but thinking of so many people around, he suddenly had the courage.

Chapter 3084

"Worthy of your heart?"

Hearing this, Zhang Jiao laughed upright, his face full of sarcasm: "Bai Ma, calling you a despicable villain really flatters you, a person like you is simply extremely shameless."

With that said, Zhang Jiao glanced at Wen Xiaoyu next to him: "Even if you deal with me for the sake of justice, what about Wen Chou Chou? How did you kill him, dare you admit it?"

Phew!

At this moment, Wen Xiaoyu glared at the white horse, like a dormant cheetah, waiting for an opportunity.

At the same time, Yue Feng was also inexplicably excited, and his body trembled faintly.

There was no evidence before, and the white horse framed Brother Wen. Now that Zhang Jiao has appeared, everything will be revealed.

Although he didn't like Zhang Jiao, at this time, Zai Yue Feng hoped to see Zhang Jiao punish the villain Bai Ma in public.

Whoa!

Seeing the situation in front of him, the eyes of everyone around him suddenly converged on the white horse, each with a complicated expression.

what's going on?

Could it be that the white horse really betrayed Wen Chou Chou and then took over the position of the Hall Master of the Hall of Longevity?

"Explain?"

Seeing everyone looking at him, the white horse's expression changed, and then he retorted at Zhang Jiao: "Why should I explain? Palace Master Wen was killed by you, so I want to avenge him, in Changsheng Island. Is it wrong to lead you into a trap?"

"What is the truth, you know better than me."

Seeing that he was still arguing at this time, Zhang Jiao was furious: "Bai Ma, you don't need to speak sophistry, in short, today I am I'll do the math with you."

With that said, Zhang Jiao glanced at Yue Feng and couldn't help laughing: "Looking at the situation, even Yue Feng was hurt by this kid."

Zhang Jiao was resourceful and far-sighted. Although he has always been hostile to Yue Feng, he also Knowing Yue Feng's character and the situation in front of him, he could see at a glance that Yue Feng was framed again, and was then besieged by everyone.

call!

Hearing this, everyone around looked at each other in dismay, and their hearts were complicated.

Even Zhang Jiao said that Yue Feng was framed. Could it be that there is really another secret behind the destruction of Black Cloud City and the defilement of Ye Zhixin?

To be honest, if others say that, everyone will never be shaken, but Zhang Jiao is a well-known existence in the world, and in his capacity, he will not say this for no reason.

At the same time, Ye Zhixin and Long Qianyu not far away were also trembling.

Could it be... it's really not Yue Feng, you have misunderstood him?

“Everyone!”

Seeing everyone's expressions, the white horse suddenly became anxious and shouted: “Zhang Jiao is very ambitious and always wants to dominate Kyushu. Everyone, don't listen to his nonsense.”

At this time, Zhang Jiao was too lazy to talk nonsense, and directed at Wen Xiao Yu said: “Xiao Yu, the enemy who killed his father is right in front of you, what are you waiting for?”

Om!

Wen Xiaoyu nodded, motivated by internal force, and saw an extremely strong breath burst out, and the surrounding air seemed to be stagnant.

During this time, Wen Xiaoyu has been practicing with Zhang Jiao. Because of his unique talent, he has been taught by Zhang Jiao, and his strength has almost improved by leaps and bounds.

The next second, Wen Xiaoyu looked at Zhang Jiao and pleaded earnestly: “Master, I will deal with the white horse, please save my Uncle Yue.”

Wen Xiaoyu saw that there was a sword in Yue Feng's heart, blood dyed his clothes red, and he was extremely weak. He was his father's sworn brother, and he must not die without help.

“Don't worry, with me here, your Uncle Yue won't die.” Zhang Jiao nodded with confidence on his face.

If it were three months ago, Zhang Jiao would never agree to accept Yue Feng. After all, in his heart, Yue Feng has always been regarded as the number one enemy, but after the death of Changsheng Island, Zhang Jiao has seen through a lot.

More importantly, the purpose of today is to kill the white horse.

What?

Master?

Chapter 3085

Hearing the conversation between the master and the apprentice, both the white horse and the people around were stunned.

Wen Chou Chou Yi Bo Yun Tian, and his son actually worshipped Zhang Jiao as his teacher.

At the same time, Yue Feng was also stunned, staring at Wen Xiaoyu, speechless.

The next second, Wen Xiaoyu looked at Zhang Jiao's plea seriously, and said coldly: "When you pretended to be with me and killed Wen Chou Chou in secret, you fled back to the Hall of Longevity, took the opportunity to sit in the position of the hall master, and then deceived him again. My Heaven-Opening Axe,"

However, no one thought that at this moment, suddenly, a loud shout came from behind! Immediately afterwards, a figure, with rapid lightning, rushed from behind Yue Feng and slapped Yue Feng with a palm!

"Haha..."

Finally, Bai Ma was the first to react and couldn't help laughing: "I understand, it turns out that Yue Feng and Zhang Jiao have been colluding with each other." After

speaking, Bai Ma looked around and shouted. "Everyone, Zhang Jiao is talking nonsense, slandering me and killing the Palace Master Wen. In fact, his purpose is to save Yue Feng. We must unite and not let him succeed." The

voice fell, and everyone looked at each other.

At this moment, Su Shengfei followed and shouted: "Yes, if Yue Feng didn't collude with Zhang Jiao? Why did Wen Chou Chou's son worship Zhang Jiao as his teacher? As we all know, Yue Feng and Wen Chou Chou were sworn brothers, and Wen Chou Chou died. After that, Yue Feng is equivalent to this kid's father, how could he apprentice to Zhang Jiao without Yue Feng's permission?"

Wow!

The remarks attracted many people nodding and applauding.

"That makes sense..."

"So it seems that today we tried Yue Feng in a public trial, and we did the right thing."

Hearing these words, Yue Feng was furious, Mad, this white horse is really despicable, he actually fabricated the facts, the last time he and Wen Xiaoyu met was three years ago, how could it be possible to teach him to worship Zhang Jiao as a teacher?

“Bai Ma, die!”

At this moment, Wen Xiaoyu roared, the figure burst out, and slapped the white horse with a palm.

Wen Xiaoyu, who was in a vigorous grade, couldn't help it when he saw that the white horse had turned the facts upside down.

“Good job!”

Seeing Wen Xiaoyu rushing towards him, the white horse didn't panic at all, sneered, and greeted him with a palm.

boom!

The palms of the two sides collided, and a huge earthquake came out, and the dust and smoke rose, and the figures of Bai Ma and Wen Xiaoyu were seen, and they were simultaneously shaken back in mid-air.

Obviously, the two sides held each other's hands, and no one took advantage.

Made!

Bai Ma stared at Wen Xiaoyu closely, calm on the surface, but shocked in his heart.

I haven't seen each other for a few days, but this kid has become so strong.

To be honest, Bai Ma really wanted to cast the Sky Axe immediately, but he was afraid of Zhang Jiao, so he held back. After all, Zhang Jiao was the former owner of the Sky Axe, and his understanding of the Sky Axe was much deeper than his own. .

If the opening axe is rashly used, if it is not successfully killed, and the opening axe is snatched back by Zhang Jiao, it will not be worth the gain.

hum!

At this moment, Wen Xiaoyu's inner strength exploded and rushed over again.

At the same time, Zhang Jiao also took this opportunity, his figure flashed, and he charged directly towards Yue Feng.

Seeing this scene, Bai Ma was furious, and while fighting with Wen Xiaoyu, he shouted at everyone around him: "Everyone, stop Zhang Jiao, you mustn't let him save Yue Feng."

Whoa!

Hearing this, everyone around hesitated, but they still rushed towards Zhang Jiao.

In an instant, the masters of the major sects all mobilized their internal strength, and the explosive breath distorted the sky, and the momentum was astonishing.

However, Zhang Jiao didn't panic at all.

"A group of brainless people, you are all used by the white horse, you are all treated as spearmen, and you are foolish to work for him." Zhang Jiao said coldly, then raised his hands, and his internal force formed a powerful aura storm, swept out towards the surrounding.

The ultimate husband in Chinese chapter 3086-3090

Chapter 3086

Bang bang bang...

Under the violent shaking, I saw many sect masters being shaken out. But then, more people approached Zhang Jiao.

At this time, everyone present was bewitched by the white horse and believed that Yue Feng and Zhang Jiao were secretly colluding, and Zhang Jiao appeared with Wen Xiaoyu to save Yue Feng.

The fall of Heiyun City, which was killed by Yue Feng, tarnished Ye Zhixin's innocence. The crime was unforgivable. How could he be rescued by Zhang Jiao?

Made!

Seeing more and more people crowding around, Zhang Jiao was furious.

I thought that I could easily take revenge when I found the white horse, but I didn't expect that the white horse was so cunning, and with a few words, he incited the experts around him to deal with him.

Huh..

Seeing the scene in front of him, Yue Feng was too anxious.

There are too many people here in Baima, even if Zhang Jiao is strong, I am afraid that he is not an opponent.

At this time, Yue Feng's heart is also extremely complicated. In Yue Feng's heart, he has always had no good feelings for Zhang Jiao, but at this moment, it is the unprecedented hope that Zhang Jiao can win.

Whoosh!

Just when Yue Feng was secretly anxious, suddenly, a figure rushed over with an evil smile on his face.

It was Su Shengfei.

When he got to the front, Su Shengfei shouted at the white horse crowd: "Everyone, you block Zhang Jiao, I will watch Yue Feng and prevent him from escaping!"

This chapter is provided by . Visit for daily update.

After saying this, Su Shengfei turned his head and looked at Yue Feng with a half-smile.

Nima!

Seeing Su Shengfei's expression, Yue Feng frowned secretly, realizing that there was nothing wrong.

"Hey!"

At this moment, Su Shengfei walked up to Yue Feng with an aloof attitude: "The dignified Heavenly Sect Sect Master, the former Emperor of Xi Cang, has ended up in such a situation. It's really embarrassing."

Yue Feng sneered, no Pay attention to it, while secretly regulating the internal force. The acupuncture point was sealed, and Ye Zhixin stabbed the central vein with a sword just now. The blood loss was too much, and it took a long time to recuperate.

Seeing Yue Feng's expression, Su Shengfei was furious.

Mad, you're about to die, and you're putting on airs with me.

But after thinking about it, Su Shengfei squeezed out a smile again, leaned in front of Yue Feng and whispered, "Yue Feng, do you want to live?"

As he spoke, Su Shengfei paid attention to the movement around him, and saw the white horse and Long Qianyu. Everyone was still fighting with Zhang Jiao and Wen Xiaoyu, and no one cared about it.

“What do you mean?”

Hearing this, Yue Feng glanced at Su Shengfei and responded coldly, “If you have something to say, just say it!”

Su Shengfei raised his mouth and said in a low voice, “Yue Feng, we are all smart. People, your current situation has been spurned by major sects, and you will be executed when Zhang Jiao is repelled, and now the two sides are fighting lively, no one pays attention to this side, this is your only chance to survive!”

Saying these At the time, Su Shengfei looked treacherous.

As the Sect Master of Tianmen, Yue Feng was not only powerful, but also possessed the dragon spirit beasts that the entire Kyushu envied, especially the dragon spirit beasts, which Su Shengfei had coveted for a long time.

This villain...

Yue Feng is an old man. Seeing Su Shengfei smiling, he immediately guessed that this kid has ulterior motives.

The next second, Yue Feng sneered: “What are you trying to say?”

Speaking of which, Yue Feng didn’t want to pay attention to a villain like Su Shengfei who retaliates his kindness and revenge, but now he can’t help himself, so he has to deal with him.

“It’s very simple!”

Su Shengfei laughed sinisterly and lowered his voice: “As long as you give me the dragon spirit beast, I will let you go.”

After saying this, Su Shengfei looked closely at Yue Feng, his eyes flashing with excitement and anticipation .

Chapter 3087

Dragon is the strongest divine beast in Kyushu, and everyone wants to have it.

However, Su Shengfei didn’t really want to let Yue Feng go. After all, he was the one who defiled Ye Zhixin and framed Yue Feng on purpose. How could he let him go.

Su Shengfei thought about it, as long as he got the dragon spirit beast, he would kill Yue Feng immediately. At that time, the truth of Ye Zhixin’s taint, Yue Feng’s death, would never be clear.

Originally wanted a dragon spirit beast!

Hearing this, Yue Feng frowned and sneered silently.

This kid Su Shengfei has no ability, and he thinks it is quite beautiful.

“Yue Feng!”

Seeing Yue Feng just sneering and not speaking, Su Shengfei became a little anxious, and continued: “Think about it, this is a good chance for your life, don’t miss it, it won’t come again, and you have to take good care of yourself. Think about your sister-in-law, and your Sect Master Zheng, if you die, they won’t end well either!”

“Could it be that you have the heart to watch them be implicated by you?”

“A dragon spirit beast, in exchange for your three lives, you No loss!”

When he said this, Su Shengfei looked at Meihui and then at Zheng Chunqiu.

Especially Mei Hui, watching Su Shengfei swallowed saliva secretly.

I have to say that this sister-in-law of Yue Feng is also a rare beauty. Even if she is tied up with five flowers, she is very embarrassed, but her slender and charming figure is still so attractive.

“Su Shengfei!”

Just when Su Shengfei was fascinated by it, Yue Feng said coldly, “If I guessed correctly, Ye Zhangmen’s innocence was destroyed, and it was you and Bai Ma who deliberately slandered me, right?”

Uh.

Su Shengfei was stunned for a moment, very embarrassed, and was speechless for a while.

Yue Feng took a deep breath, unable to hide the contempt in his heart, and continued: “Dragon is the strongest spiritual beast in Kyushu, the embodiment of justice, and represents the righteous path of heaven and earth, and it is only a person like you who can only play small tricks behind your back. Is it worthy to own?”

Shua!

Hearing this, Su Shengfei’s face turned into a pig’s liver, and he was extremely ashamed and angry.

“Nima’s.” In the next second, Su Shengfei pointed at Yue Feng’s nose and scolded: “Yue Feng, don’t be ashamed of your face, you dare to teach me a lesson when death is imminent?”

“Go away!”

At this moment, Yue Feng He was too lazy to talk nonsense, and said coldly: “Shameless villain, you are not worthy of negotiating terms with me!”

Yue Feng is not stupid. In the current situation, he can only pin his hopes on Wen Xiaoyu and Zhang Jiao. As for villains like Su Shengfei , even if the dragon spirit beast was given to him, he would not let him go.

Because this kind of villain has no credit at all.

Made!

Feeling the contempt in Yue Feng’s eyes, Su Shengfei was completely furious. He suddenly pulled out his long sword and stabbed Yue Feng’s shoulder directly. In an instant, blood spurted out, and the ground was scarlet.

Pfft...

Yue Feng’s body trembled, he gritted his teeth and did not shout, his eyes were instantly blood red.

Mad, if it wasn’t for the acupuncture point, how could a villain like Su Shengfei be able to show off his power in front of him?

At this time, Yue Feng really wanted to summon the dragon spirit beast or Bing Yao, but Bing Yao had consumed too much energy before, and is still recovering from the retreat, and Xiaolong is still a minor, even if it is released, it will be very difficult. It is difficult to turn the situation around.

Su Shengfei stabbed Yue Feng with a sword, and Su Shengfei said with a grim face: “Yue Feng, don’t know how to lift up! Quickly hand over the dragon spirit beast.”

When he said this, Su Shengfei clenched his long sword tightly around Yue Feng’s neck, his eyes filled with killing intent.

Swish!

Seeing the situation here, everyone who was fighting was stunned.

Immediately, Long Qianyu couldn’t help shouting: “Sect Leader Su, look at Yue Feng, how can you use lynching?”

Zhang Jiao and Wen Xiaoyu are not weak, and they can be restrained by everyone now because of their consideration. Yue Feng, if Yue Feng died, the two of them would have no scruples, and everyone would be unable to stop them.

Chapter 3088

At this moment, other sect masters also frowned secretly.

call!

Seeing that everyone noticed this, Su Shengfei hurriedly shouted: "This Yue Feng is not honest, I will teach him a lesson."

When he said this, Su Shengfei looked calm, but felt a little uneasy in his heart.

I took the opportunity to think about Yue Feng's request for the dragon spirit beast, and I must not let anyone know.

"Don't hurt my Uncle Yue!"

Wen Xiaoyu, who was fighting fiercely with the white horse, suddenly had blood red eyes, couldn't help but howl, and was about to rush over.

However, the white horse didn't give him a chance at all. He waved his axe, and the golden light raged, and Wen Xiaoyu was quickly intercepted.

"Big brother..."

At the same time, Mei Hui, who was next to her, couldn't help but whisper: "How are you?"

Mei Hui could clearly see that half of Yue Feng's body was dyed red with blood, and his expression was extremely weak.

Under the tension, Mei Hui kept shouting at Su Shengfei: "Stop, stop now..."

Until this time, Mei Hui also saw that what happened today was deliberately slandered by Bai Ma and Su Shengfei.

Seeing Meihui's worried look, Yue Feng showed a smile and signaled not to worry.

Immediately, Yue Feng said indifferently to Su Shengfei in front of him: "Su Shengfei, even if I die, I will not give you the dragon spirit beast. You should die!"

Yue Feng knew that even if he agreed to Su Shengfei, he would not give it to you. I won't let myself go.

“good very good!”

In an instant, Su Shengfei was completely angry, and sneered again and again: “Yue Feng, you are very tough, right? You are not afraid of death, right? Okay, then I will play with your righteous sister!”

After saying that, Su Shengfei put away his long sword, turned and walked away. Going to Meihui, she smiled and said, “It’s a pity to kill such a sexy beauty, why don’t you let me appreciate it!”

“

Very embarrassed, and kept drinking.

Swish!

At this moment, Yue Feng was on fire!

Su Shengfei, this villain, in order to achieve his goal, he didn’t want to be shameless, and he even threatened himself with Meihui.

Zheng Chunqiu, who was tied beside him, was also furious, and his eyes were blood red.

“Su Shengfei!” In the

next second, Zheng Chunqiu couldn’t help but scolded: “It’s a shame that you are still the master of a sect, but you come to bully a woman who has no resistance. Are you still human?”

Immediately, Zheng Chunqiu tightly Staring at Su Shengfei, his voice was almost hoarse: “If you want to be a man, just let me go, let’s go one-on-one!”

In Zheng Chunqiu’s eyes, he has always had no affection for Su Shengfei. This man is narrow-minded and has despicable methods. Bullying Meihui, she couldn’t help it anymore.

“Su Shengfei!”

At the same time, Yue Feng’s eyes were blood red, and he howled: “If you dare to touch her, I will crush you to ashes!”

In Yue Feng’s heart, although Meihui is his righteous sister, Like his biological sister, after Ouyang Zhennan’s tragic death, Yue Feng secretly vowed to protect Jiang Shan and Meihui in the future.

At this time, seeing that Su Shengfei was going to do something to Meihui, he instantly touched Yue Feng's inverse scale.

If you touch my family, you will kill them!

hiss!

Su Shengfei's hand was about to touch Meihui's face, but when he met the strong killing intent in Yue Feng's eyes, his heart trembled, and he couldn't help gasping for air.

Yue Feng's strength is terrifying, and he really wants to kill himself, but it's as easy as the palm of his hand.

However, now that he was injured and had acupuncture points, what was he afraid of?

Thinking to himself, Su Shengfei looked grim and sneered at Yue Feng: "Yue Feng, you can't protect yourself now, how dare you speak out?"

Chapter 3089

After speaking, Su Shengfei turned his head towards Zheng Chunqiu and said, "And you, do you want to be a hero?"

"Crack!" After the words

fell, Su Shengfei slapped Zheng Chunqiu with no warning and slapped it on Zheng Chunqiu's face. .

This slap directly knocked Zheng Chunqiu back two steps, his body swayed, and he fell directly to the ground, while a mouthful of blood spurted out.

"Stop!"

"Su Shengfei, what are you coming at me!"

Seeing this scene, Yue Feng and Meihui couldn't help but shouted.

Listening to the shouts of the brothers and sisters, Su Shengfei became more arrogant and walked to Zheng Chunqiu step by step.

"Pfft!"

At this time, Zheng Chunqiu spat out a mouthful of blood, raised his eyes and looked at Su Shengfei, and said coldly: "Su Shengfei, if the three of us are missing a hair today, my Danzong will never let you go!"

” Damn you Mad!”

Su Shengfei’s face was full of contempt, and his eyes showed a bit of ruthlessness: “Your life is in my hands now, what qualifications do you have to shout at me?” After the voice fell, Su Shengfei slapped Zheng Chunqiu in the heart, Hearing Zheng Chunqiu groan, he passed out.

“Su Shengfei, what the hell!”

Seeing this scene, Yue Feng was completely furious and couldn’t help howling: “If I don’t die today, I’ll blow your bones to ashes...”

Although he didn’t marry Zheng Chunqiu, But in Yue Feng’s heart, he has always regarded him as a brother of life and death. How can he not be angry when he sees him being tortured by Su Shengfei at this time?

“Ha ha....”

Yue Feng’s howling did not make Su Shengfei restrain himself, but aroused his madness, and he laughed loudly.

Immediately, Su Shengfei tilted his head to look at Meihui, and then slapped him fiercely.

“Crack!”

With a crisp sound, Meihui let out a coquettish cry, and half of her beautiful face suddenly swelled up, and a trace of blood flowed from the corner of her mouth!

“Yue Feng, I’ll give you another chance. If you don’t agree to my conditions, I’ll have a good time with your adopted sister!” Su Shengfei smiled evilly.

“The Black Cloud City you harmed was destroyed, and Ye Sect Master was defiled. The methods were despicable, and everyone was able to kill them, and the people you were close to could not escape the relationship. No one will come to stop me, if you don’t believe me, let’s try.” As the

voice fell, Su Shengfei raised his right hand and slapped Meihui’s head fiercely!

“Big brother...”

Seeing Su Shengfei slap in the face, Meihui was angry and unwilling, tears kept streaming down, and cried at Yue Feng: “Little sister can’t accompany you in the future, you must To live, avenge me...”

Said, Mei Hui closed her eyes in despair, she was tapped, facing Su Shengfei's slap, there was no way to avoid it.

"Little sister!"

Yue Feng shouted frantically with red eyes, his voice hoarse instantly.

At this time, Yue Feng, heartbroken like a knife, wanted to rush over, hit him with two swords, and was tapped at acupuncture points. He was so weak that he could only watch helplessly.

"Su Shengfei!"

Yue Feng's eyes were red and blood red, and he roared wildly at Su Shengfei: "If you dare to hurt your little sister, I, Yue Feng, will destroy your Wanhe Sect and tell you to die without a place to be buried!"

"..."

This roar echoed endlessly in the air!

Seeing that this palm was about to hit Meihui, Yue Feng was hoarse, and finally closed his eyes with indescribable resentment.

"Roar!"

At this moment, a ray of light erupted from Yue Feng's waist, followed by a roar of dragons, and the surrounding air suddenly distorted.

In the next second, a dragon tens of meters long burst out of the sky.

It is Yue Feng's dragon spirit beast.

Chapter 3090

Although he has been dormant in the spirit beast sack, the dragon spirit beast and Yue Feng are in the same mind. At this time, Yue Feng's emotions are sensed, and he can't stand it anymore.

More importantly, the soul of the dragon spirit beast is Xiaoxi. Xiaoxi and Meihui are like sisters. They sensed that Meihui was in danger. In a hurry, they rushed out without waiting for Yue Feng's call.

Huh....

Seeing the dragon spirit beast appearing in front of him, Yue Feng was both happy and worried.

I didn't summon myself, how did it come out?

Also, this dragon spirit beast is not yet an adult, and its strength is limited. Even if it can crush Su Shengfei, behind Su Shengfei, there are masters from various sects.

This...

At the same time, Su Shengfei was also stunned, staring blankly at the dragon spirit beast in front of him, his eyes full of shock.

The people who were fighting not far away also stopped subconsciously, their eyes fell on the dragon spirit beast, and they were shocked.

As expected of the strongest divine beast in Kyushu, the breath that pervades this dragon is too shocking.

"Su Shengfei!"

At this moment, Yue Feng reacted and said coldly to Su Shengfei: "This is the dragon spirit beast you want. If you have the ability, you can subdue it!"

"Roar!"

"The dragon spirit beast, let out a roar that shocked the world, and then, the blood basin opened its mouth, and a group of purple flames spewed out! Go straight to Su Shengfei.

Su Shengfei was taken aback, and without thinking much, he raised his hand and placed a protective film in front of him.

boom!

When the flame hit the protective film, Su Shengfei's body trembled, and he groaned, and was directly sent flying out. A mouthful of blood spurted out, and half of his clothes were burned.

hiss!

Seeing this scene, everyone present was shocked, and then many people reacted and rushed over.

"Yue Feng summoned the dragon spirit beast, hurry up and block it..."

“Let’s all work together to stop this dragon first!” After

shouting, many people burst out with internal energy and rushed towards the dragon spirit beast, surrounded by circles. live.

For a while, the situation became chaotic.

At this time, in the crowd, the white horse had a complicated face, and the figure turned and flew quickly towards the distance.

The white horse is very cunning. When Zhang Jiao and Wen Xiaoyu appeared just now, he was a little flustered. At this time, when he saw Yue Feng’s dragon spirit beast, he stopped staying and decided to leave first.

“Run?”

Seeing the figure of the white horse going away, Wen Xiaoyu shouted angrily, urging the figure, and directly chased after him.

Speaking of which, Wen Xiaoyu really wanted to save Yue Feng, but he was really unwilling to watch the white horse leave.

call!

Zhang Jiao took a deep breath, frowned, and followed Wen Xiaoyu closely, chasing towards the white horse.

In the blink of an eye, the three figures quickly disappeared from everyone’s sight.

“Roar!”

At this time, surrounded by everyone, the fierceness of the dragon spirit beast was stimulated, and the huge body hovered and danced in the air, and a loud roar erupted.

At the same time, flames kept spewing out of his mouth.

“what!”

This flame is called the Flame of Dragon’s Breath. Although it is not a different fire, it is very powerful. I heard a scream, and many sect masters were burned.

However, after all, the dragon spirit beast has not grown into an adult. Although it is mighty, there are too many sect masters around. In less than half an hour, the speed slowed down, and there were many wounds on the body.

call!

Seeing this scene, Yue Feng was so anxious.

Oops, I didn't summon the dragon spirit beast at first, because it was immature and couldn't stop so many sect masters.

The ultimate husband in Chinese chapter 3091-3100

Chapter 3091

Mad!

At the same time, Su Shengfei, who had stepped aside, was also extremely annoyed.

I wanted to deceive Yue Feng and let him give the dragon spirit beast to himself in private, but he didn't expect that he actually summoned the dragon spirit beast.

Now that so many people have seen it, I am afraid that it is impossible to get the dragon spirit beast.

"Roar, roar..."

As there were more and more wounds on the body, the dragon spirit beast kept roaring, and there was unwillingness in the roar.

At the same time, those blood-red eyes were looking at Yue Feng, full of reluctance.

"Master, I did my best!"

Among the dragon spirit beasts, Xiao Xi's soul shouted unwillingly.

hum!

At this moment, I saw a terrifying aura coming from the sky not far away, and in an instant, the sky and the earth changed, and the dark clouds rolled.

The sudden vision of heaven and earth caused everyone present to be stunned.

"Dragon...a lot of dragons..." At this moment, someone shouted, and the voice was indescribably terrified.

Hearing the shout, everyone looked at the distant horizon, and all of them couldn't help gasping for air.

I saw in the sky, one after another huge figure, coming from the clouds and fog, accompanied by thunder and lightning, there were dozens of giant dragons.

This chapter is provided by . Visit [for](#) daily update.

Each of these giant dragons is more than 100 meters long, and the scales all over the body are covered with a cold light under the reflection of lightning, which makes people palpitate.

Suddenly seeing so many dragons, everyone present was stunned, even a little timid, their legs were weak, and they could hardly stand still.

In front of these giant dragons, a slender figure walked in the air.

A fiery red dress with a dragon-shaped totem embroidered on it. With a beautiful face and a slender figure, he just showed an aura of contempt for the world all over his body.

hiss!

Such a terrifying power.

Feeling this woman's breath, everyone felt breathless.

is her!

At this time, Yue Feng also stared blankly at the figure in the air, and he was surprised and excited at the same time.

That's right, the woman in the fiery red dress is one of the four dragon envoys of the Shenlong clan, Long Xiang'er.

A few days ago, King Guangping used the Hades Cauldron to trap the major sects in the Hades Cauldron. Later, King Guangping and Jade were ordered by Hades to split their troops and start a war in Kyushu. Arrived at Shenlong Island.

Xiandi, the empress of the dragon clan, quickly made a decision to let Long Xiang'er bring the strong dragon clan to come to Kyushu to help Yue Feng. You must know that Yue Feng's dragon spirit beast is Xiandi's younger sister.

"Excuse me!"

At this time, Long Qianyu took the lead in reacting, took a step forward,

and said to Long Xiang'er, "I don't know how holy your Excellency is!" Ten giant dragons, trembling in their hearts.

To be able to lead so many giant dragons must have an extraordinary origin.

As soon as he finished speaking, a giant dragon opened his mouth wide and said coldly, "This is the divine dragon envoy of our divine dragon clan."

What? The dragon envoy of the Shenlong family?

Hearing this, whether it was Long Qianyu or the others, their hearts were shocked.

For thousands of years in the Kyushu mainland, the dragon family has disappeared, but there are still some sporadic records in some ancient books. It is rumored that the dragon family has a strict internal hierarchy, and being able to be a dragon envoy must be very terrifying.

“Shenlong Envoy!”

At this moment, Su Shengfei stepped out of the crowd, squeezed out a smile, and flattered at Long Xiang'er: “You must have come for this young dragon, don't get me wrong, we didn't want to kill it just now. This young dragon is saving it.”

After speaking, Su Shengfei pointed at Yue Feng, and said with a sullen expression: “Yue Feng used despicable means to take this young dragon and force it to be his own spirit beast, We can't see it...”

Su Shengfei was despicable and cunning, knowing that the dragon Xiang'er and these giant dragons in front of him must have come for the sake of the young dragons, so he deliberately fabricated lies and put the blame on Yue Feng.

Chapter 3092

At this moment, many people around also nodded in agreement.

Suddenly there were so many giant dragons, who would dare to pay attention to the young dragons? Seeing Su Shengfei slandering Yue Feng at this time, although he felt it was inappropriate, he still subconsciously added fuel to the flames.

As long as the attention of these gods and dragons is shifted to Yue Feng, they will not be in danger.

“Crack!”

Long Xiang'er slapped Su Shengfei's face fiercely without warning!

At this time, Long Xiang'er's beautiful face was full of anger. She could clearly see that the young dragon beside Yue Feng, under the siege of the major sects, was covered in wounds, while Su Shengfei in front of her was actually full of wounds. It is hypocritical to say that this is to return the freedom of the young dragon. Such a shameless person, whoever encounters it will not be able to bear it.

More importantly, the master-servant relationship between the young dragon and Yue Feng was recognized by the dragon empress. Moreover, Yue Feng is also the Dragon Zun of the Shenlong Clan, and his status is aloof.

And this person, who openly slandered Yue Feng, was simply courting death.

This slap was very heavy, but for a moment, there was no sound in the audience, and everyone was stunned.

Especially feeling Long Xiang'er's anger, everyone's heart tensed.

"You...?"

Su Shengfei was directly blinded, looking at Long Xiang'er in disbelief, with surprise and anger in his eyes.

After all, he is also the master of a sect, and he was beaten in front of so many people. How will he meet people in the future?

Under the fire, Su Shengfei wanted to break out, but thinking of Long Xiang'er's identity, he still held back, he was a divine dragon envoy. Hit hard, you can't take advantage of it at all.

"Hey!"

At this moment, Long Qianyu couldn't stand it any longer, and shouted at Long Xiang'er, "You are the envoy of the dragon, so you can't just hit anyone." , I couldn't help it.

"Anyone?" Long

Xiang'er had a frosty face, looked around, and said coldly, "This person is talking nonsense and blatantly slandering His Excellency Long Zun. Shouldn't he be beaten?"

The wind came.

When they got to the front, the pride on Long Xiang'er's face disappeared, replaced by a very respectful gesture, and said softly to Yue Feng: "Lord Long Zun, we are late, and you have suffered."

When saying this , Long Xiang'er's incomparably humble and polite, compared with the attitude towards Su Shengfei, it is like heaven and earth.

"Hohoho..."

At the same time, dozens of giant dragons suspended in mid-air made a roar of dragons, and then bowed their heads to Yue Feng at the same time.

Um?

But then, Su Shengfei saw a jade card on Long Xiang'er's waist, his body was shocked, and his whole body froze.

What? !

Seeing this scene, everyone present opened their mouths wide and froze there. To be honest, the scene in front of me was really shocking.

Dozens of giant dragons bowed their heads to Yue Feng at the same time.

Moreover, Long Xiang'er, who has a detached status, is also polite to Yue Feng, and calls him Long Zun? !

How could this be?

It is not to say that dragons are extremely proud divine beasts. From ancient times to the present, they have never bowed their heads to human beings, but at this time, these giant dragons are so humble and respectful to Yue Feng.

Long Qianyu is also stupid!

At this moment, her legs felt weak, and her delicate body couldn't help but take two steps back.

She could see that Long Xiang'er in front of her eyes and the giant dragon in midair were extremely respectful to Yue Feng.

He...he turned out to be the Dragon Lord of the Dragon Clan!

quiet!

For a moment, the audience was silent, and a drop of a needle could be heard clearly.

Su Shengfei was also completely stupid. He only felt that his legs were weak and he could not stand firm. How could this be? Yue Feng changed his body and became the Dragon Lord of the Dragon Clan, and he was still slandering him just now...

Chapter 3093

"You..."

After being stunned for a few seconds, Su Shengfei reacted and looked at Long Xiang'er blankly, dripping with cold sweat.

Long Xiang'er looked at him coldly: "Yue Feng's dragon spirit beast is the younger sister of our dragon queen, and the master-servant relationship between them was also approved by our queen, but you are talking nonsense and slandering Long Zun, What do you think you should be blamed for?"

“Pfft!”

Feeling the coldness in Long Xiang'er's eyes, Su Shengfei felt a chill in his heart, trembled all over, and knelt on the ground all of a sudden!

“I...I...!” Su Shengfei was terrified, and was extremely shocked inside.

It's over, it turns out that Yue Feng and the Dragon Clan have such a close relationship.

“Misunderstanding, it's all misunderstanding, it's my nonsense...” Su Shengfei was about to cry, and kept explaining to Long Xiang'er.

However, Long Xiang'er didn't pay attention to it at all, but said politely to Yue Feng: “Your Excellency Long Zun, this person is despicable and shameless, how to deal with it?”

Hu!

Yue Feng took a deep breath and did not speak, but looked at Mei Hui and Zheng Chunqiu next to him.

At this time, Zheng Chunqiu was knocked unconscious by Su Shengfei's palm, and he still hadn't woken up yet.

As for Meihui, she almost didn't escape Su Shengfei's clutches just now.

Thinking of this, Yue Feng was burning with anger, and said coldly: “Kill him.” His tone was awe-inspiring, and there was no room for relaxation.

hum!

When the words fell, Su Shengfei's heart was shocked, his face was instantly pale, and he was so scared that he slumped on the ground.

At this time, Su Shengfei was panicked and depressed. He thought that he successfully framed Yue Feng today, and Yue Feng had no chance to turn around. Who knew that the situation was unpredictable and the Shenlong Clan would suddenly arrive.

“Sect Master Yue...”

At this moment, Su Shengfei knelt on the ground and kowtowed to Yue Feng: “I was wrong, I am a despicable villain, you are a lot, please spare my life...”

The other people around were extremely silent, and none of them dared to speak to Su Shengfei. After all, the momentum of Long Xiang'er and dozens of giant dragons was too strong, overwhelming everyone.

Ha ha!

Facing Su Shengfei's begging for mercy, Yue Feng had no expression on his face, and said coldly, "You keep killing me, how can I forgive you?" "

I..."

I'm going to pee my pants.

Suddenly, Su Shengfei thought of something and shouted: "Sect Master Yue, I can prove your innocence. The one who really tarnished Sect Master Ye was actually Bai Ma, who deliberately wanted to frame you."

Su Shengfei said this. excited face.

Su Shengfei knew that he would die if he didn't reveal anything about the situation in front of him. Anyway, the white horse was not here, so he could say whatever he wanted.

Whoa!

Hearing this, there was an uproar in the audience.

"It's the White Palace Master..."

"I really can't think of it."

"No, if the white horse did it, how would Su Shengfei know?"

At the same time, Ye Zhixin, who was standing in the crowd, also trembled, her mind buzzing.

When everyone's discussion came, Yue Feng frowned, Ma De, as expected, was the ghost of a white horse.

The next second, Yue Feng asked Su Shengfei, "You know so well, could it be that you are an accomplice of White Horse?"

"No, no..."

Su Shengfei shook his head again and again, sweat dripping from his forehead, and quickly denied: "Morning When I was there, I saw the white horse lingering near the room of Sect Master Yue, sneaking around, I didn't think much about it at

the time, but after thinking about it, I felt very suspicious." When Su Shengfei said this, his face was serious, but his heart was panicked. no.

It is absolutely impossible to admit that he and Bai Ma conspired to frame Yue Feng. Now, as long as he puts everything on Bai Ma, he will have a chance to survive.

Chapter 3094

Hearing this, Yue Feng's expression became more and more gloomy: "So when the white horse slandered me, you deliberately pushed the boat with the flow, so that I could never turn over in my life? Right?"

When he said this, Yue Feng was angry in his heart soaring.

Ma De, no matter whether this Su Shengfei conspired with White Horse or not, he must not be forgiven lightly today.

"I..."

Su Shengfei blushed, not knowing how to refute for a while.

"Kill him!" Yue Feng was too lazy to talk nonsense, and said to Long Xiang'er: "Execute on the spot."

Hmm!

Long Xiang'er nodded, her whole body burst out, thinking of Su Shengfei coming step by step.

Su Shengfei was frightened, trembling all over, shrinking back, and at the same time begging for mercy from Yue Feng: "Sect Master Yue, I really didn't mean to slander you, it's because the white horse is too cunning, I was also confused by him at the time. ..."

"Yue Feng!"

Seeing that Long Xiang'er was about to come to Su Shengfei, suddenly, Long Qianyu couldn't help but said, "In this matter, the white horse is the most suspicious, it is better to leave this Su Shengfei alive first. Wait until the white horse is caught, and then let them confront each other."

In Long Qianyu's heart, Yue Feng had to execute the opponent just because Su Shengfei slandered him, which was somewhat inappropriate.

"Yes, yes..."

Su Shengfei was overjoyed when he saw Long Qianyu come out to help himself, and nodded repeatedly: "First catch the white horse..."

However, Yue Feng ignored it at all, and signaled Long Xiang'er to hurry up.

To be honest, if it was before, Yue Feng would never have been so arbitrary, but just now Su Shengfei tried to get his hands on Meihui and violated Yue Feng's evil scale, so he had to kill him.

Swish!

Seeing this scene, Long Qianyu was anxious and angry, and said tenderly, "Yue Feng, don't be fooled." After speaking, he was about to rush over to stop Long Xiang'er.

In her heart, although Su Shengfei is hateful, she is not guilty of death.

Whoops!

At the same time, the masters of the surrounding sects couldn't stand it any longer and started talking.

"Sect Master Yue, we need to take a long-term view on this matter."

"Yeah, since the white horse is the most suspicious, it's better to find him first."

"Yue Feng, don't go too far, can you act recklessly just because you are Long Zun? Do you still care about the rivers and lakes of Kyushu?"

After drinking, many sect masters rushed over with Long Qianyu.

"A long-term plan?"

Hearing these words, Yue Feng's eyes instantly turned blood red, and he couldn't help sneering: "When you were about to execute me before, did you ever think about a long-term plan?"

"Ye sect was just found in my room, so you It was concluded that I was worthy of my conspiracy and did not give me a chance to explain it. Now the situation has reversed, and you think about it for a long time, is it ridiculous?"

Hu!

Hearing this, Long Qianyu and the masters of the major sects were all embarrassed and speechless.

At this time, Long Xiang'er looked around and said coldly: "Long Zun has already ordered to execute this person, whoever dares to intervene is against our Shenlong Clan!"

Om... The

voice fell, a strong breath, It erupted from Long Xiang'er.

At the same time, the dozens of giant dragons suspended in mid-air also landed quickly, turning into human figures one by one, surrounding Su Shengfei to prevent the major sects from approaching.

The dragon is the strongest mythical beast in Kyushu, and when its strength reaches a certain level, it can transform into a human form.

Chapter 3095

This....

Seeing this scene, everyone in Long Qianyu was terrified and stopped one by one.

Su Shengfei trembled all over, and was completely desperate.

When it was over, Yue Feng was determined to take his own life, and now he was really not saved.

Wah wah wah...

At this moment, I heard the sound of neat footsteps in the woods not far away, and there seemed to be a lot of people.

In an instant, everyone, whether it was Yue Feng or Long Qianyu, all looked at them, and all of them were stunned.

Just saw the army of hundreds of thousands of Tianqi rushing in quickly. In front of the army, King Guangping wearing a black dragon robe, suspended in the air, majestic and amazing.

At this time, it was late at night. King Guangping originally ordered the army to rest in Black Cloud City. However, just now, when he saw the sky and the earth changing and the dark clouds were rolling, King Guangping felt that something was wrong, so he immediately led his army to check.

call!

Seeing this scene, Long Qianyu and the others present were secretly shocked.

Yue Feng also frowned secretly, only Long Xiang'er and dozens of dragon powerhouses who transformed into human figures were extremely indifferent.

Yue Feng's face changed and he was shocked.

“Haha!”

When he got to the front, King Guangping looked at the scene in front of him, his face was excited, and he couldn't help laughing: “A bunch of defeated soldiers, so you are hiding here.” After

saying that, King Guangping's eyes were fixed on Yue Feng, sarcastically said: “Yue Feng, today you and the major sects are hard to fly.”

King Guangping clearly saw that Yue Feng was covered in blood, his breath was weak, and the masters of the surrounding sects were also extremely tired. It was obvious that they had gone through a fierce battle before.

King Guangping is a smart man. He guessed at once that Black Cloud City was breached, and there were conflicts between Yue Feng and the major sects. Guessing this, King Guangping was very excited. The infighting between Yue Feng and the major sects was a good thing for him. Taking advantage of the fact that both sides were injured, it happened to be wiped out.

While excited, King Guangping also noticed Long Xianger and the dozens of dragon powerhouses. But didn't take it to heart.

Seeing the excitement on King Guangping's face, Yue Feng pretended to be calm and did not respond.

At this time, King Guangping waved his hand, and hundreds of thousands of troops swarmed to surround everyone.

“Leave Yue Feng alone, and kill the others.” The cold words came from the mouth of King Guangping. King Guangping thought about it, Yue Feng's identity is extraordinary, he must be captured alive, and it will be useful in the future.

hum!

The voice fell, and hundreds of thousands of troops pulled out their long knives and attacked the crowd of Long Qianyu.

“Don't spread out, everyone, and meet the enemy.” Long Qianyu shouted, and took the lead to meet the enemy.

hula.

The masters of the major sects were also shocked and furious. One by one, their internal strength exploded and they greeted the Tianqi army. In an instant, a fierce battle broke out between the two sides.

Because of King Guangping's order, there were no weather soldiers to attack Yue Feng for the time being, but Long Xiang'er and dozens of Dragon Clan experts were still closely guarding Yue Feng.

"Ah.."

Under the fierce battle, many sect masters fell in a pool of blood and suffered heavy casualties. In order to punish Yue Feng, the sect masters consumed a lot of internal energy. At this time, facing hundreds of thousands of apocalypse The army, of course, can't stop it.

"Ha ha.."

Seeing that the situation was under his control, King Guangping was extremely proud and laughed at Yue Feng: "Yue Feng, you are determined to be a great hero in Kyushu, and today I will completely eradicate these sects in front of you, without these Zongmen, there will be no Kyushu rivers and lakes, I see how you maintain the justice of the rivers and lakes."

When he said this, King Guangping glanced at Long Xiang'er and dozens of dragon powerhouses, his eyes full of contempt. In the eyes of King Guangping, Long Xiang'er and these are just ordinary disciples of the sect, and they are nothing to worry about.

At this time, King Guangping did not know that the people guarding around Yue Feng were not people from the major sects, but the powerful dragon clan.

Listening to King Guangping's mockery, Yue Feng was expressionless, but he was secretly anxious.

The ultimate husband in Chinese chapter 3096-3100

Chapter 3096 The

next second, Yue Feng turned his head towards Long Xiang'er and said, "Long Xiang'er, hurry up and help."

Yue Feng saw that people from various sects were suffering more and more casualties. According to this rhythm, In less than half an hour, they will all be annihilated by King Guangping.

"Long Zun!"

Hearing this, Long Xiang'er was stunned for a moment, then bit her lip and said, "Why do these people want to kill you just now, why do you want to help them? Moreover, our dragon clan has a rule that we do not participate in it. The battle within Kyushu. We only

protect your safety, and the life and death of others have nothing to do with our dragon clan.”

When he said this, Long Xiang'er looked indifferent.

Yes, the Dragon Clan has lived on Shenlong Island for thousands of years.

You must know that the reason why the dragons inhabited the remote Shenlong Island at the beginning was because the humans of Kyushu wanted to capture dragons. Therefore, in the hearts of the dragons, they only hated humans. How could they help the major sects?

Uh...

Seeing Long Xiang'er's answer so straightforward, Yue Feng was very embarrassed, but he couldn't help but say: "Long Xiang'er, I know that your dragon clan has resentment towards humans, but for my sake, please help. "To

be honest, just now, Su Shengfei and the major sects believed that they had defiled Ye Zhixin, and Yue Feng was very annoyed, but he couldn't just watch them be wiped out by King Guangping.

Long Xiang'er frowned and fell into a tangle.

"King Guangping won't let me go, it will be too late if he doesn't act." Yue Feng was completely anxious.

"Yue Feng!"

At this moment, King Guangping's inner strength exploded, heading straight for Yue Feng, and the air was torn apart wherever the figure passed.

The situation has been controlled by himself, and if you catch Yue Feng alive, you're done.

This chapter is provided by . Visit for daily update.

Um?

Seeing the outbreak of King Guangping, Long Xiang'er frowned and shouted: "Don't hurt Long Zun." The

voice fell, Long Xiang'er tapped the ground with her toes, flew into the air, and raised her jade hand to hit King Guangping. go.

Bang!

In the next second, Long Xiang'er and King Guangping collided. King Guangping only felt a powerful force coming, and the whole person was shaken back ten steps, and his face flushed.

Long Xiang'er was also shaken back by the volley. Obviously, neither side took advantage of this fight.

call!

At this moment, King Guangping stared at Long Xiang'er, his eyes full of surprise. This woman is young, but her strength is so powerful. Where did Yue Feng find his helper?

But soon, King Guangping calmed down. He had hundreds of thousands of troops, so why should he be afraid of a woman?

Thinking to himself, Yue Feng sneered at Long Xiang'er and said, "I can't tell, the strength is quite strong, but can you protect Yue Feng comprehensively by yourself?"

Shuh!

The contempt of King Guangping made Long Xiang'er very angry.

The next second, Long Xiang'er said coldly: "Do you really think that everything is under your control?" After

speaking, Long Xiang'er gave an order to the dozens of dragon powerhouses below: "Help each sect. , to defend against the enemy army."

When he said this, Long Xiang'er was suspended in the air, and his beautiful face showed cold arrogance and self-confidence.

Speaking of which, Long Xiang'er didn't want to help the major sects, but the arrogance of King Guangping made Long Xiang'er very displeased. You must know that the dignity of the dragon family cannot be desecrated.

"As ordered."

At this moment, dozens of dragon powerhouses guarding around Yue Feng responded in unison, and then flew into the air one after another.

"Haha..."

Seeing this scene, King Guangping couldn't help sneering and mocking: "Just these dozens of people, just want to block my army of hundreds of thousands? What daydreams...huh?"

” After speaking, King Guangping shuddered, and was stunned.

hum, hum, hum!

I saw that dozens of dragon powerhouses flew up in the air, and the explosive power gathered together, and the entire sky instantly darkened, followed by dark clouds rolling, lightning and thunder.

And the figures of these dragon powerhouses were also hidden in the dark clouds and disappeared from everyone’s sight.

The voice fell, and the air around Yue Feng suddenly condensed! A terrifying force spread out from his body crazily!

what’s the situation?

Guangping Wang secretly frowned, with a bad feeling.

“This...how did these people disappear?”

“What a powerful force.”

Chapter 3097

At the same time, the hundreds of thousands of the apocalypse army below were also inexplicably nervous.

call!

Yue Feng breathed a sigh of relief and showed a smile.

Long Xiang’er and these dragon powerhouses are finally willing to take action, and now everyone is saved.

“Hoohoho...”

At this moment, between the layers of dark clouds, a shocking dragon roar came out, and then, dozens of giant dragons circled out and rushed towards the Apocalypse army below. go.

What?

Seeing these dozens of giant dragons, King Guangping’s heart trembled.

what happened?

Those dozens of people just now, are.... the powerhouses of the dragon clan?

Didn't dragons disappear for thousands of years? How come there are so many all of a sudden?

"Dragon?"

"It's a dragon..."

At this moment, the weather soldiers in the battlefield below were all terrified and exclaimed. At the same time, many people wanted to turn around and run away, but it was too late.

"Ah..."

Dozens of giant dragons erupted at the same time, and the burst of power gathered together, almost devastating, I heard screams and screams, and many weather soldiers were torn apart by the giant dragons. , Some fell into a pool of blood before they could react.

massacre!

It was a massacre without suspense.

call!

Seeing this scene, many sect masters did not have the slightest excitement, and they only felt chills down their spines.

This is the power of the dragon, so terrifying, so terrifying.

At the same time, there are also many people who secretly rejoice. Fortunately, I didn't completely tear my face with Yue Feng just now. Otherwise, the one who died under the claws of these giant dragons was me.

"Fellow fellows from all corners of the world!"

At this time, Long Qianyu reacted and shouted: "It's time to counterattack, kill .

" With the cooperation of the major sects and giant dragons, the invincible Apocalypse army was completely chaotic and collapsed. Made! Seeing this scene, King Guangping's eyes were extremely blood red, and he was extremely frightened. He really underestimated the enemy, and the people around Yue Feng turned out to be the illusion of giant dragons. "Huh..." Under the anger, King Guangping's face was extremely ugly, and he almost vomited blood. He clearly saw that his army of hundreds of thousands had suffered countless casualties in less than a few minutes. Less than a

hundred thousand. Most of the soldiers who were still alive were also seriously injured. In this battle, the vitality of Tianqi's army was greatly damaged. "Withdraw... Quickly withdraw!" Finally, King Guangping reacted, gritted his teeth and shouted, and glared at Yue Feng, full of unwillingness. Whoops! The voice fell, less than 100,000 remaining soldiers were defeated, and they quickly evacuated with King Guangping, throwing away their armor and armor one by one, very embarrassed.

wow.

At this moment, the major sects cheered and cheered, and it was not easy to reverse such a disadvantage, and at the same time, they were even more in awe of the dragon race.

Yue Feng also showed a smile.

Um?

The next second, Yue Feng looked around, and his expression changed suddenly. He saw that Su Shengfei, who was kneeling not far away, disappeared at this time. Obviously, when King Guangping was withdrawing his army, he took advantage of the chaos to escape.

Chapter 3098

"Quick!"

Under the anxiety, Yue Feng couldn't help shouting: "Su Shengfei ran away, take him back..." Before he finished speaking

, Yue Feng's eyes turned black and he slumped on the ground. , was stabbed twice before, and lost too much blood. Even if Yue Feng has a strong internal force to protect his body, he can't stand it.

Whoosh...

At this moment, Long Xiang'er's delicate body flashed, quickly rushed over, and helped Yue Feng: "You are too weak, healing is important, that kind of despicable villain, let him live for a few days."

When saying this, Long Xiang'er looked serious. Compared with catching Su Shengfei, Yue Feng's safety is more important. After all, he is the Dragon Lord of the Dragon Clan.

At this moment, Meihui was untied of the acupuncture points and ran over quickly, her delicate face was full of worry: "Brother, how are you?"

Huh!

Yue Feng took a deep breath, smiled and comforted: "It's alright, I can't die!"

After that, Yue Feng looked at Zheng Chunqiu who was still in a coma: "How is Brother Zheng?"

Mei Hui went over to check and responded: "It's just that I passed out, I'm fine for the time being."

Hearing this, Yue Feng was relieved.

"Yue Feng!"

At this time, Long Qianyu came over, his delicate face was full of shame: "Before we... misunderstood you."

At the same time, the other sect masters around were also embarrassed. , Speaking of which, if Long Xiang'er hadn't arrived in time, everyone would have killed Yue Feng by mistake, and was almost wiped out by King Guangping.

Yue Feng smiled bitterly and did not respond.

At this time, Long Xiang'er took out a fiery red medicinal pill and handed it to Yue Feng: "This is the Dragon Spirit Pill of our Dragon Clan. It is very effective for treating injuries."

Yue Feng took the medicinal pill without thinking about it. swallowed.

call!

In an instant, after swallowing the Dragon Spirit Pill, Yue Feng only felt the pain of the sword injury, which was relieved a lot, and his body gradually recovered his strength.

Seeing that Yue Feng was no longer in danger, Long Xiang'er breathed a sigh of relief, and then said seriously: "Long Zun, the situation in the Kyushu mainland is unstable now, why don't you take the young dragon and return to Shenlong Island with us.

" Looking at the young dragon lying on the side, his eyes were full of distress.

I saw that just now, in order to protect Yue Feng, the young dragon had wounds all over his body and blood dripping from his scales. Although he did not worry about his life, he was extremely weak, and it would take at least a few months to recover.

"This..."

Yue Feng hesitated and said slowly: "Well, you take Xiaolong back, I still have a lot of things to do, so I won't go with you."

Although King Guangping's weather army, just defeated, it is impossible to provoke another war in a short time, but there is still one Jade. I heard that Jade has occupied the station of the Rakshasa clan and is preparing to enter the Kyushu Continent. It can be said that the Kyushu Continent is now in the midst of wind and rain, and at this critical moment, he must not leave.

"Long Zun!"

Long Xiang'er became anxious and frowned: "You have done so much for the Kyushu Continent, but how did the Kyushu Continent treat you? How many people want to replace you, and even maliciously slander you, what happened just now? , if we hadn't arrived in time, you'd be dead."

"Such a ruthless and unscrupulous Kyushu river and lake, what do you have to be attached to?"

Alas!

Hearing this, Yue Feng smiled bitterly, and said slowly: "I understand what you said, but as a native of Kyushu, I can't watch my home being destroyed and remain indifferent."

Seriously, Yue Feng really wanted to make Long Xiang'er sent a message that the Empress of the Dragon Clan would send a strong person to help the Kyushu Continent, but she gave up thinking of the grievances between the Dragon Clan and the human race.

"Okay!"

Seeing Yue Feng's resolute attitude, Long Xiang'er was no longer insisting. She greeted dozens of dragon powerhouses, and quickly left with the injured young dragon. In a blink of an eye, they disappeared from everyone's sight.

As soon as the forefoot left, Long Qianyu and the surrounding sect masters also left. Jed has already captured the Rakshasa station, and will soon invade Kyushu. He has to go back and deploy defense.

"Little sister!"

Watching everyone leave, Yue Feng took a deep breath, stood up slowly, and said to Meihui, "Let's go too, first meet you sister Yingying, Wuya and the others." After

being separated for so long, Ren Ren Yingying and the Great Sage should have successfully recovered their strength with the help of Lu Dongbin.

Um!

Chapter 3099

Meihui responded and took Zheng Chunqiu along with Yue Feng and went away.

...

One day later, the Imperial City of Nagumo Continent!

On the dragon chair in the palace hall, the queen sat quietly, dressed in a gorgeous dragon robe, showing her tight figure to the fullest, with a myriad of manners, and her whole body was filled with a powerful royal majesty.

Long Qianyu stood quietly beside the Queen, wearing a long purple dress, with a dignified look on her beautiful face.

On both sides of the hall, the civil and military officials stood there neatly, each with a serious expression.

After Long Qianyu returned to the Southern Cloud Continent yesterday, he reported the situation to the Empress in detail. The Empress was very happy to learn that King Guangping's army of hundreds of thousands had been defeated, but she did not take it lightly, because it was just two hours ago. , There was news that Jade led an army of nearly one million dead and was gathering at the southern cloud border, and could launch an attack at any time.

At this time, the queen called the civil and military officials to discuss how to resist Jade.

"Aiqings."

At this time, the queen looked around, her red lips parted lightly, and she said softly, "Jed's army of death is no trivial matter. What are your best strategies to retreat from the enemy?"

" main hall.

Her voice was soft, but it gave off an inviolable majesty.

Whoa!

As soon as the voice fell, the ministers of civil and military affairs who were present immediately erupted into heated discussions.

Some advocated taking the initiative to attack, and some suggested defense.

Seeing this, the queen frowned and became very irritable.

“Well...”

Suddenly, the queen’s delicate body trembled slightly, her slender waist bent down, and she retched a few times, her beautiful face showing a trace of pain.

“Sister Huang, what’s the matter with you?”

“Your Majesty!”

“Go and ask for an imperial physician.”

Seeing this scene, both Long Qianyu and the civil and military ministers present were all startled and exclaimed. Immediately afterwards, someone went to call the imperial doctor.

At this time, the queen was also secretly suspicious.

what happened? It was fine just now, why did you suddenly feel nauseated? !

Soon, the imperial physician Sun Liang came in a hurry, and under everyone’s attention, he took the pulse of the queen.

“Doctor Sun, what’s wrong with my imperial sister?” Long Qianyu couldn’t help asking.

Whoa!

At the same time, the eyes of the Minister of Civil and Military also focused on Sun Liang, waiting for his response.

“Your Majesty... Your Majesty she...” Sun Liang was sweating profusely, hesitating and hesitating, looking very tangled.

At this time, Sun Liang was very surprised, because he clearly diagnosed that the queen was happy, but how could the queen be pregnant after the late emperor had passed away for many years?

“Sun Liang, what’s wrong with Zhen?” Seeing that he didn’t say anything, the queen was also a little impatient and couldn’t help urging.

“Your Majesty...”

Sun Liang took a step back, knelt there, tremblingly said: “Your Majesty...you are happy!”

What?

Hearing this, both Long Qianyu and the civil and military officials present were shocked and completely stunned.

The queen also trembled, thinking she heard it wrong.

“Sun Liang!”

Finally, Long Qianyu reacted and shouted at Sun Liangjiao, “What nonsense are you talking about? It’s been a few years since the late emperor passed away, how could the emperor be happy?”

Chapter 3100

Feeling the anger of Long Qianyu, Sun Liang was covered in cold sweat and almost cried: “The eldest princess calms down, how dare the ministers talk nonsense? Your Majesty’s happy pulse is beating frequently, and she is indeed pregnant...”

Wow!

The voice fell, and the civil and military officials present suddenly burst into an uproar.

“What’s the situation?”

“The late emperor has long been gone, His Majesty is pregnant...”

“Shh, keep your voice down!”

At this moment, the queen’s body was also trembling, and her beautiful face lost the majesty of the past, but instead Full of doubt and confusion.

After the death of the late emperor, he had been guarding himself like a jade, how could he be pregnant with a child?

At this time, the queen did not know that she was pregnant with Yue Feng’s child. When Yang Jian led his troops to attack the Nanyun Continent, one night, Yue Feng entered the queen’s room by mistake, and was mistaken for the first emperor by the queen. relation.

And just a month ago, by chance, Yue Feng had another night of warmth with the Queen, and it was this time that the Queen was pregnant with a child.

quiet!

For a time, the hall was surprisingly quiet.

“Haha!” Finally, among the civil and military officials, a

burly figure slowly walked out and looked at the queen with a half-smile, “Your Majesty, why don’t you explain it?”

The four-clawed golden python is embroidered on it, which is Zhennan Wang Long Yaotian.

Long Yaotian has a prominent identity and is the younger brother of the late emperor. When the late emperor was still there, he was specially designated as the King of Zhennan, guarding the frontier of the Southern Cloud Continent, and he had a lot of troops. Above, it is comparable to Long Qianyu.

When the previous emperor died, Long Yaotian had the opportunity to inherit the throne, but he was in the frontier at that time, so the queen seized the opportunity.

Therefore, in Long Yaotian’s heart, he was always dissatisfied with the queen, and he wanted to take back the throne all the time. At this time, seeing the queen’s inexplicable joy, he knew that the opportunity had come.

“Long Yaotian!”

At this moment, the queen reacted and looked at Long Yaotian coldly: “What do you mean?”

“What do you mean?”

Long Yaotian took a step forward, righteousness: “The late emperor passed away for many years, but you still Being pregnant, this is simply a blasphemy to the royal family, how can a shameless woman like you be qualified to be an empress?”

You don’t need me to say more about the situation in front of you, you already know why your Majesty is in Yutai Engraved with the names of you and Zhu Bajie? “

Shu!

The voice fell, and the eyes of the surrounding officials suddenly converged on the Queen. In their eyes, there was no reverence before, but full of complexity!

Because Long Yaotian said it well, the Queen is the ruler of the Southern Cloud Continent. The person represents the image of the entire Southern Cloud Continent, but now, but the bead is dark and pregnant, if it spreads out, the Southern Cloud Imperial Family will become the laughing stock of Kyushu.

Immediately afterwards, many civil and military officials couldn’t help but whisper . “I didn’t expect that Her Majesty

the Queen, whom I have always admired, turned out to be this kind of woman. “

Oh, after all, she is also a woman, not to mention, the late emperor has been dead for so many years...”

“That being said, it is understandable that there is a need, but she is pregnant.... this...”

Listen The queen was embarrassed and angry at the discussions around her, but she didn't know how to scold her.

Next to Long Qianyu, the delicate face is also extremely ugly.

Haha...

Seeing this scene, Long Yaotian was secretly proud, then stared at the Queen, and said coldly: “Tell me, who is the wild man who is having sex with you?”

“You...” After the

voice fell, the Queen The delicate body trembled, and she was so angry that she pointed at Long Yaotian with her jade finger: “Long Yaotian, you are arrogant!”

The ultimate husband in Chinese chapter 3101-3110

Chapter 3101 The

dignified Queen Nanyun, who was so questioned by Long Yaotian in front of so many people, where did she put her face?

What's more abhorrent, he actually said that he was having sex with a wild man.... he couldn't bear it!

Feeling the anger of the queen, Long Yaotian had a fearless face, and his expression did not fluctuate at all.

call!

Seeing this scene, the surrounding civil and military officials did not dare to show their air.

One is Her Majesty the Queen, who intimidates the world, and the other is King Zhennan, who is in control of the military. No one dares to offend these two.

For a time, the atmosphere of the entire secret room seemed extremely solemn.

"Long Yaotian!"

At this moment, Long Qianyu, who was next to him, finally couldn't bear it anymore, and shouted at Long Yaotian: "You are so bold, you dare to talk to His Majesty like this, do you want to rebel?"

Seriously Yes, what happened in front of her also caught Long Qianyu's attention, but she and the Queen's sisters were deeply in love. Even if the Queen made a mistake, she would give her full support and never let others bully her.

Ha ha!

In the face of Long Qianyu's reprimand, Long Yaotian snorted lightly, his face could not hide the contempt: "Long Qianyu, don't point fingers at me, your sister seduces men, is pregnant with wild seeds, and loses all the royal family. Face, I will investigate this matter thoroughly!" After speaking, Long Yaotian took a

deep breath, didn't bother to talk nonsense, and said coldly to the Queen: "Today's affairs, there must be an explanation!"

, can't bear to refute!

This chapter is provided by . Visit for daily update.

“You...”

Long Qian’s tone was not good, but he didn’t know how to refute it. After all, it was a fact that the Queen was pregnant.

Swish!

At this time, the civil and military officials in the main hall also looked at the queen again.

call!

Facing the eyes of everyone, the queen bit her lip tightly, almost bleeding, and said slowly, “I have never done anything to be sorry to the late emperor. Over the years, I have often met the late emperor in my dreams. Maybe This child is the congenital spirit of the late emperor, who gave me the gift of the royal bloodline, someone who has successors...”

When she said this, the queen’s face was extremely red, and she was indescribably shy.

This kind of private matter, if it is normal, the queen will never say it, especially in front of civil and military officials, but at this time there is no way, Long Yaotian stares at it, and if he does not explain, he will really say Not clear.

After saying this, the queen turned her head to look at Long Yaotian: “Are you satisfied with such an explanation?” Her tone was indifferent, but an uncontrollable anger rose in her heart.

This Long Yaotian, openly slandering himself, is simply lawless.

Meeting the Emperor in a dream?

Hearing this, both Long Yaotian and the surrounding civil and military officials were stunned.

“Haha...”

After a few seconds, Long Yaotian reacted and laughed loudly, his eyes full of mockery: “Meeting Your Majesty in a dream can you get pregnant? Do you think we are three-year-old children?” As he said that

, Long Yaotian’s eyes flickered, and he asked the Queen, “I’ll ask you again, who is that wild man?”

Innocent, there are no wild men.”

“Okay!”

Long Yaotian sneered and said coldly: “If that’s the case, then don’t blame me for not giving you a chance, as the Queen of Nanyun, but secretly pregnant, humiliating the royal family’s reputation, it seems that you will be thrown into prison, Let’s interrogate well!”

After speaking, Long Yaotian looked around the audience, and his cold voice spread throughout the hall: “I, Long Yaotian, declare as the king of Zhennan that the empress is shameless, and she has sex with wild men and is pregnant with evil seeds. To humiliate the late emperor’s trust is a real shame for the royal family, all of you are deeply favored by the late emperor and emperor, and you should support this king to clean up the royal family, so that you can see what you hear!”

Om!

The last sentence fell, and a powerful breath burst out from Long Yaotian, sweeping the audience.

Chapter 3102

Wow!

The voice fell, and the surrounding civil and military millions nodded in agreement.

“Yes, things like this that insult the royal family must be strictly investigated!”

“If you don’t love yourself, how can you be qualified to be an empress?”

“I will fully support King Zhennan!” In

agreement, no one sympathized with the empress. Contempt flashed in his eyes.

“You...”

At this moment, the queen’s delicate body trembled, and her jade finger pointed at Long Yaotian, unable to speak in anger.

This Long Yaotian is getting more and more presumptuous, and even openly attracts hundreds of officials to fight against him, this is obviously a rebellion.

“Long Yaotian!”

At this moment, Long Qianyu couldn't bear it anymore, and shouted: "You are so bold, you are disrespectful to the royal sister, and you have to rebel openly. I am here today, you don't want to hurt my royal sister. A hair!" The

voice fell, and Long Qianyu's delicate body flashed, clenched a long sword, and came straight to Long Yaotian!

call!

Seeing this scene, the surrounding civil and military officials quickly retreated.

Long Qianyu's strength is strong, and everyone present is very clear. Seeing her take action at this time, they are all afraid of being accidentally injured.

"Haha!"

Seeing Long Qianyu burst out, Long Yaotian did not panic at all, but was somewhat excited: "Long Qianyu, others are afraid of you, but I am not afraid of you, I tell you, you two sisters rule The era of the Southern Cloud Continent is over!"

Kacha!

As soon as the words fell, Long Yaotian's whole body surged with inner strength, and he held a long knife tightly in his hands, and then greeted him!

"Clang!" In the

next second, the swords collided, and everyone only heard a vibration, and the entire hall trembled. Then, Long Qianyu's delicate body trembled, and the whole person was shaken back ten steps, his face pale. .

Speaking of which, Long Yaotian is no match for Long Qianyu, but in order to defend Heiyun City, Long Qianyu was injured and returned to Nanyun Imperial City yesterday. It hasn't fully recovered yet.

At this time, facing Long Yaotian in his peak state, he naturally couldn't stop it.

This....

seeing this scene, the surrounding civil and military officials were all shocked.

King Zhennan has been guarding the border for many years and rarely returns to the imperial city. He did not expect his strength to become so strong, and he defeated Long Qianyu with just one move.

"Imperial Sister!"

At this time, the Queen was shocked and angry, and held Long Qianyu in her arms. Her beautiful face was full of worry: "How are you?" Yaotian hurt his younger sister, and was instantly furious.

Long Qianyu shook his head, indicating that he was fine, but still stared at Long Yaotian fiercely.

"Long Yaotian!" The

queen looked at Long Yaotian tightly, and said tenderly, "Since I became the queen, you have been unconvinced. You said so much, didn't you just want to get the throne? Well, I'll take a look at you. Do you have the ability!"

"Kacha!" The

voice fell, accompanied by a crisp sound, a jade sword appeared in the Queen's hand.

As you can see, this jade sword is lustrous and translucent. It is made of top-quality white jade. It is very exquisite and invaluable.

This jade sword was a gift from the late emperor to the empress. The empress always carried it close to her body and was reluctant to take it out. Facing Long Yaotian's aggressiveness today, the empress couldn't help it.

"Sister Huang, I'm here to help you."

At this time, Long Qianyu, who was resting for a while, gave a coquettish cry, clenched his sword tightly, unable to hold back his fighting spirit, flew to the Queen's side and fought against Long Yaotian together!

Huh..

Seeing this scene, the civil and military officials in the hall were extremely shocked, and at the same time, many eyes were also focused on the queen and the sisters Long Qianyu.

Chapter 3103 The

queen and Long Qianyu, these sisters are not only noble, but also top-notch beauties in Kyushu. At this time, they are fighting against Long Yaotian in mid-air, and their perfect figure is revealed, which makes the people in the hall Civil and military officials, looking at the heart is shaking.

The battle situation is getting more and more intense, three figures, from the hall to the mid-air outside, the violent aura vibrates, causing the air to distort.

The two sisters are in the same mind and cooperate with each other tacitly, and Long Yaotian is gradually powerless.

Whoa!

Hearing the movement, the guards in the imperial city also came quickly. The one at the head, wearing silver armor and majestic, is the commander of the guards, Duan Peng!

call!

Seeing that Duan Peng arrived with the guards, the Queen and Long Qianyu were extremely happy.

Although the two sisters worked together to suppress Long Yaotian, it was difficult to say that Long Yaotian was defeated for a while. If Duan Peng helped, they would be able to completely control the situation.

“Duan Peng!”

Delighted, the queen shouted at Duan Pengjiao: “Long Yaotian is blatantly rebelling, take him down immediately.”

However, Duan Peng stood there, not showing any signs of doing anything, but his eyes flickering, as if Thinking about something. Long Qianyu

was also in a hurry and couldn't help shouting: “Duan Peng, what are you waiting for? Quickly help His Majesty take down the rebels.

“

You two sisters don't need to shout, Duan Peng is my person, how can I obey your orders?”

“Five years ago, I sent Duan Peng to be placed in the palace to pay attention to your sisters' every move, and today, it finally came in handy. already.”

With that said, Long Yaotian pointed at the queen and shouted at Duan Peng: “Duan Peng, this woman colluded with a wild man, gave birth to evil seeds, and lost the face of the royal family. Help me take it down immediately.”

“Subordinates obey . !”

Duan Peng responded with a sound, raised his hand and waved, bursting out with dozens of his subordinates, leaping into the air, and surrounding the Queen and Long Qianyu.

“Duan Peng, you...” The

queen trembled and was furious. She scolded, “I’m not mean to you, but you actually betrayed me.”

“Betrayal?”

” I have never regarded you as a real queen, so how could I betray? King Zhennan is the younger brother of the late emperor, and he is the orthodox royal family.”

“And you, who have occupied the throne for many years, are still doing scandalous things that embarrass the Huang family. If I support you You are the most rebellious.”
The

voice fell, and Duan Peng and dozens of guards burst into internal energy at the same time, rushing towards the queen and sisters.

With Duan Peng’s help, Long Yaotian’s pressure was relieved a lot, and the situation was instantly reversed.

The Empress and Long Qianyu were also a little flustered when they were frightened.

boom!

Finally, Long Yaotian found an opportunity and hit Long Qianyu’s back with a palm. The speed of the palm was so fast that Long Qianyu couldn’t react at all, his body was shocked, and the whole person was like a broken kite, and flew straight away. Going out, he flew dozens of meters away and vomited several mouthfuls of blood.

When he landed, Long Qianyu’s eyes darkened and he passed out.

“Imperial Sister!”

Seeing this scene, the Queen couldn’t help but let out a coquettish cry, and at the same time wanted to rush over, but was entangled by Duan Peng and the others and couldn’t get away at all.

And because of her distraction, the queen was hit with several palms, her delicate body trembled, and she could hardly stand still.

“It’s over!”

Long Yaotian smiled evilly, his voice fell, he rushed over quickly, quickly raised his hand, and tapped twice on the queen’s acupuncture point.

In an instant, the queen’s delicate body froze, unable to move at all.

“Take them all!”

At this time, Long Yaotian, with a proud face, ordered Duan Peng and the others.

Whoops!

In an instant, Duan Peng brought the guards over and put the Queen and Long Qianyu in jail.

Chapter 3104

Call!

Seeing the Queen and Long Qianyu being taken out of the hall, all the civil and military officials present were silent.

The next second, a civil servant came out and knelt down in front of Long Yaotian in public: “My minister, see Your Majesty!”

“My minister, see Your Majesty!”

In an instant, the entire hall knelt down.

The court cannot be without a king for a day, and the queen is abolished. Naturally, Long Yaotian will be enthroned and proclaimed emperor.

Um!

Seeing this scene, Long Yaotian nodded with satisfaction, walked up slowly and sat on the dragon chair, looked around and said, “All flat, pass my order, and immediately assemble the army to the border!”

“Yes.”

Civil and military officials responded in unison.

...

On the other side, at the border of Xicang Continent and Apocalypse Continent, in the mountains and forests.

A figure, desperately fled forward. It is the white horse.

At this time, the white horse was already very tired, but did not dare to stop. Because Wen Xiaoyu and Zhang Jiao were chasing after him, once they stopped, they would be caught up.

Before, in the outskirts of Black Cloud City, Bai Ma thought that if he left quickly, he would be able to escape the trap, but he never thought that Wen Xiaoyu was chasing after him in order to avenge his father's death.

I don't know how long it took to run, but the white horse couldn't stand it anymore, so he slowed down and looked at his surroundings at the same time.

Oops!

Seeing this, Bai Ma felt a chill in his heart, and suddenly felt a little desperate.

I saw that there was a cliff not far ahead, steep and precipitous, and it was a dead end.

No, we have to find another way quickly!

Thinking to myself, White Horse is about to turn back and find another way.

Shasha...

But at this moment, I heard footsteps coming, the pace was brisk, and soon I arrived at a place dozens of meters away from the white horse.

It was Zhang Jiao and Wen Xiaoyu.

Mad!

Seeing the two masters and apprentices, Bai Ma couldn't help gasping for air, and at the same time an evil fire rose in his heart.

Really haunted.

At this time, Wen Xiaoyu was staring at the white horse, with endless resentment flashing in his eyes.

"White horse, you can't escape!" Wen Xiaoyu snorted coldly, no longer talking nonsense, and the figure rose into the air, coming straight towards the white horse.

"Stinky boy!"

Bai Ma was completely rushed, his eyes were blood red, and he howled: "Do you really think I'm afraid of you?"

Bang bang bang...

In the blink of an eye, the two fought fiercely in mid-air. The white horse was running for his life and consumed a lot of internal energy, but with the power of the opening axe, it was still easy to suppress Wen Xiaoyu.

Zhang Jiao stood aside, watching quietly, not in a hurry.

As the previous owner of Kaitian Axe, Zhang Jiao knew the strength of Kaitian Axe, but he was not in a hurry.

Snapped!

Ten minutes later, seeing that Wen Xiaoyu couldn't stand it anymore, Zhang Jiao found an opportunity, his figure was like a ghost, rushing from behind, and hitting the back of the white horse with a palm.

This slap, seemingly unremarkable, but very ruthless, Bai Ma's attention was on Wen Xiaoyu, and he couldn't see Zhang Jiao's shot, but he could feel a terrifying force that instantly swept him from behind.

At that time, Bai Ma was completely stunned, and his body flew out like a kite with a broken string!

"Ah..." The

white horse let out a miserable howl, and was directly knocked off the cliff by the slap, and fell rapidly downward.

At this moment, Zhang Jiao and Wen Xiaoyu rushed to the cliff at the same time, and they saw that the cliff was ten thousand feet high and very steep.

"It's over!" Zhang Jiao took a deep breath and said slowly.

Chapter 3105

If you fall from such a high place, even yourself can't escape death, not to mention, the white horse was seriously injured by himself.

call!

Wen Xiaoyu also breathed a sigh of relief, then knelt on the ground with his knees bent, and shouted at the sky: "Dad, I have avenged you, you can rest in peace." Before

the words fell, tears could not help flowing down. .

Wen Xiaoyu has been taught by Wen Chou Chou since childhood, and his father and son have a very good relationship. At this time, thinking of his father's tragic death, Wen Xiaoyu couldn't hold back his emotions at all, and almost burst into tears.

Zhang Jiao did not comfort him, but stood aside and watched silently.

Feeling sad for a while, Wen Xiaoyu gradually calmed down and left with Zhang Jiao.

...

below the cliffs.

The figure of the white horse fell quickly, only to hear the wind whistling in his ears, and he was very desperate.

Done.

I thought that if I got the Kaitian Axe, I could become famous in the world, but I didn't expect it to end like this.

Pfft!

Finally, the white horse smashed several trees on the cliff, and finally fell to the ground, his eyes darkened, and he passed out.

In a blink of an eye it was night.

Bai Ma slowly opened his eyes, the pain came from all over his body, he couldn't help gasping for air, but at the same time he was extremely happy. He is really dead, if it weren't for the trees on the cliff, which buffered the force of the fall, he would have fallen into a meat pie.

Excited, White Horse stood up and looked around. The ten thousand-foot cliff in front of him was obviously unable to fly up to him, so he could only walk along the valley.

I don't know how long it took, but the white horse stopped, and the whole person was stunned.

He saw that a cave appeared in front of him. The cave was dark and damp, giving people a gloomy feeling.

What is this place?

Bai Ma frowned secretly, and didn't really want to go in, but there was no way ahead, so he could only bite the bullet and enter the cave to explore.

call!

Once inside the cave, Bai Ma was stunned.

I saw that this was a huge alchemy secret room, but it had been abandoned for a long time, and the huge alchemy furnace had already decayed, but on the shelf next to it, there were still many bottles and jars, and there seemed to be a lot of medicinal pills in it.

Seeing this, Bai Ma's eyes flashed, and he was inexplicably excited, and hurried over.

When he got to the front, the white horse was indescribably excited.

"Tian Lingdan, Jiulu Linghua San... What the hell, there are so many top-quality medicine pills?"

Although Bai Ma didn't know about alchemy, he also knew that the medicine pills in front of him were extremely rare elixir. After all, before Baima became the master of the Hall of Longevity, he was also one of the Four Great Dharma Kings, and he had a lot of experience in all corners of the world.

Hahaha...

Sure enough, the catastrophe is not dead, there must be blessings, I was seriously injured, and I just need medicine pills to recover, and now I have so much.

I don't know that this is the place where the senior master's alchemy is made, and he finally cheapened himself.

Excited, Bai Ma didn't have time to think, picked up the jade bottle in front of him, and swallowed the medicinal pills one by one.

hum!

After swallowing all kinds of elixir, the white horse sat there cross-legged and began to practice and recover. He felt a stream of heat filling his body, and his strength continued to rise.

...

the other side.

Yue Feng and Meihui, with Zheng Chunqiu, finally arrived at the Holy Sect after several hours of rushing.

When he was separated from everyone before, Yue Feng had agreed with Lu Dongbin that if he didn't come back in a day, let him take everyone back to the Holy Sect first.

"Yue Feng!"

As soon as he arrived at the main hall of the mountain gate, he saw a slender figure running over and threw himself into Yue Feng's arms. The beautiful face was full of joy and excitement. It was Ren Yingying.

Ren Yingying hugged Yue Feng tightly, not paying any attention to the gazes of the surrounding Shengzong disciples: "Yue Feng, I heard that you were in Nanyun Imperial City and were caught by King Guangping. I have been worried..."

Yue Feng smiled. Laughing and comforting softly: "I made you worry!"

When he said this, Yue Feng clearly felt that Ren Yingying had regained her strength.

The ultimate husband in Chinese chapter 3106-3110

Chapter 3106

"Your strength has recovered!" Yue Feng asked happily.

Um!

Ren Yingying smiled lightly and nodded: "Me and the Great Sage have all recovered, thanks to Daoist Lu!"

Hula!

Just as he was talking, he saw Lu Dongbin and Dasheng Sun all rushing out of the hall!

In the past few days, with the help of Lu Dongbin, after everyone regained their strength, they kept inquiring about Yue Feng's whereabouts. At this time, they were all excited to learn that Yue Feng had returned safely.

"Haha..."

At this moment, seeing everyone recovering successfully, Yue Feng couldn't help laughing.

In the next second, Yue Feng clasped his fists at Lu Dongbin, and said gratefully, "Thank you, Daoist Lu."

“Sect Master Yue is very polite!” Lu Dongbin smiled slightly and replied, “Everyone is from the same rivers and lakes. Besides, if it wasn’t for you before, I won’t come out of the illusory realm so easily.” After

speaking, Lu Dongbin couldn’t help but ask: “By the way, some time ago, it was rumored that you and the people from the major sects suddenly came to the prayer altar of Nanyun Imperial City. Disappeared, and the one who caused all this was King Guangping, the emperor of the Apocalypse Continent, what the heck is going on?”

Shuh!

When the words fell, Ren Yingying, Sun Dasheng and others also looked at Yue Feng and waited for his answer.

“It’s a long story!” Yue Feng smiled wryly, and recounted the experience of the past few days in detail.

What?

This chapter is provided by . Visit [for](#) daily update.

When they heard about the situation, everyone was shocked.

King Guangping and Jade are both people of Pluto... No wonder their strength is so strong.

At this time, Yue Feng looked around and said seriously: “King Guangping’s weather army has just been defeated, and its vitality has been severely damaged. In a short period of time, there is no threat to Kyushu, but I got news that Jed summoned the death army, and is now going to It’s not too late to set off on the Southern Cloud Continent, we must hurry to support.”

“Okay!” Everyone nodded.

A few minutes later, Yue Feng and Ren Yingying said goodbye to Lu Dongbin and quickly rushed towards the Nanyun Continent. Zheng Chunqiu was severely injured and temporarily stayed in the Holy Sect to recuperate.

After several hours of rushing, Yue Feng and the others finally arrived at the border of Nanyun Continent.

Um?

Arriving near a steep canyon, Yue Feng and everyone stopped subconsciously, looking at the direction of the canyon, frowning secretly.

Just above the canyon, there were dense clouds and mist, and there was a strong aura fluctuation.

boom!

Just when Yue Feng and everyone were secretly surprised, they only heard a loud noise from the canyon in front. Then, a cliff collapsed, and the entire canyon was filled with dust and smoke.

At this moment, Yue Feng and Ren Yingying looked at each other and rushed over immediately.

When they got to the front, everyone was stunned!

I saw a figure suspended in the dust and smoke.

This figure was in tatters, but there was a terrifying aura all over his body.

It is the white horse!

At this time, the white horse had more than doubled his strength because he had taken nearly a hundred elixir.

It's him!

Seeing the white horse, whether it was Yue Feng or Ren Yingying, they were all taken aback, and at the same time, they were even more astonished when they sensed the aura pervading him.

Especially Yue Feng, his eyes were full of surprise.

Isn't this white horse being chased by Zhang Jiao and Wen Xiaoyu? How can it be here, and the strength is much stronger than before.

"White Horse!" In the

next second, Yue Feng reacted, and his figure rose into the air, shouting angrily at White Horse: "You murdered Brother Wen, and you deliberately framed me, new and old accounts, let's settle it together!"

"Om!" The

voice falling down, Fang Tianhuaji held hands tightly, and a blood-red light burst out, carrying the momentum of thunder, and swept toward the white horse!

Chapter 3107

Watching Yue Feng burst out, Bai Ma was startled at first, and then showed a contemptuous smile.

“It’s really the enemy’s road is narrow.” Bai Ma said coldly, his eyes full of madness: “I just absorbed the power of so many spiritual pills, just to try the power with you!”

Om!

Saying that, the white horse suddenly raised his hand and waved, and a golden beam burst out from the opening axe, tearing the heaven and earth, and going straight to Yue Feng!

Boom...

In an instant, the two figures collided in mid-air, and a violent vibration of aura erupted. Immediately, Yue Feng’s figure was shaken back dozens of steps, and his face was pale.

And the white horse was hovering proudly there, his expression as usual!

What?

Seeing this scene, everyone below Ren Yingying was shocked.

This... the strength of this white horse is not in the mainstream in Kyushu at all, how did the strength suddenly become so powerful?

Nima!

At the same time, Yue Feng, who was stabilizing his figure in the air, stared at the white horse, and his heart was indescribably shocked!

It’s unbelievable that this white horse’s strength has improved so much in just one day. You must know that the stronger your own strength, the more terrifying the power of the Sky-Opening Axe that is motivated.

“Haha...”

Seeing Yue Feng’s expression, the white horse was full of pride, and couldn’t help but tease: “Yue Feng, the reincarnation of heaven, I used to be unable to beat you, but now, you are no longer my opponent. !”

Yue Feng’s face was gloomy and he didn’t respond!

“Ma De, the villain is successful! Fengzi, I’m here to help you!”

Seeing this scene, Sun Dasheng roared angrily, and his figure erupted. Immediately afterwards, Ren Yingying and Xiao Yuruo rushed towards the white horse.

hum!

Several people burst into internal force at the same time, directly distorting that piece of sky, the power is amazing!

“Yingying, Great Sage, be careful...” Yue Feng couldn’t help exclaiming.

The strength of the white horse has suddenly become so terrifying, and there is still an axe in his hand. Even if Yingying and the others join forces, I am afraid they are not opponents.

“Haha, let’s go together?”

Seeing everyone rushing up, the white horse didn’t panic at all, sneered, then waved the opening axe, and a golden beam burst out, swept away directly towards Ren Yingying and everyone.

Bang bang bang!

In the blink of an eye, Ren Yingying and everyone were swept away by Jin Mang, all of them trembled and fell towards the bottom. The moment he landed, he spat out blood almost at the same time.

call!

At this moment, whether it was Ren Yingying, Sun Dasheng and others, they were all horrified. This white horse, who used to be in the rivers and lakes of Kyushu, was originally an unattractive

character, but now he is so powerful, so many people join forces, and he can’t stop him...

“Yue Feng!”

In the air, staring closely at Yue Feng, he said word by word, “Yue Feng, no one can save you today, you should die.”

“Hahaha!”

At this moment, the white horse hovered proudly in the air, looking down at everyone: “The Sect Master of Tianmen, the Ouyang Family, and the Heroes of Jiuzhou are just as strong.”

Saying that, Bai Ma looked at Yue Feng and continued: "Yue Feng, you are really lucky, I set up a chain plan in Black Cloud City before, but I couldn't get rid of you, but you must know that this time you Not so lucky!"

Hearing this, Yue Feng's eyes sank: "What did you say?"

"Hehe!"

Bai Ma looked contemptuous: "Tell you, the defense map of Black Cloud City was revealed to King Guangping by me. Yes, there is also Ye Zhixin, and Su Shengfei and I jointly set up a trap to deliberately slander you."

Seriously, these things are very dishonorable, and Bai Ma didn't intend to say it, but after his strength became stronger, Bai Ma was very inflated. Don't care about that anymore.

On the contrary, Bai Ma deliberately said it, just to anger Yue Feng, because the state of mind is very important in the duel of masters.

Chapter 3108

"Sure enough, it's you!"

At this moment, Yue Feng clenched his fists tightly and his eyes were blood red. When he was slandered before, Yue Feng knew that Bai Ma and Su Shengfei couldn't escape this matter. Admit it, I can't help it.

hum!

Under the anger, a terrifying aura erupted from Yue Feng's body, and then he held Fang Tianhua halberd tightly and went straight to the white horse.

The white horse smiled contemptuously, and his inner strength urged, a dazzling golden light erupted from the opening axe and directly greeted Yue Feng!

"Clang!" In the

next second, Fang Tianhuaji and Kaitian Axe collided, making a loud noise, and Yue Feng groaned, and the whole person was directly sent flying more than 100 meters, and a mouthful of blood spurted out.

Speaking of which, Baima is not Yue Feng's opponent in a single round of cultivation, but he has just taken a lot of medicinal herbs and his strength has greatly increased.

You know, just now in the Star Picking Building, facing the Xi Cang soldiers, Yue Feng made a big killing, and now the Blood Drinking Sword has reached the purple rank! But still can't stop the axe!

Phew...

Seeing this scene, everyone below Ren Yingying sweated for Yue Feng.

This white horse has an axe in his hand, the power is too terrifying, Yue Feng can't hit it hard, how can he fight!

"Yue Feng, be careful..."

Ren Yingying sat there cross-legged, while recovering her inner strength, while paying attention to the situation on Yue Feng's side, she couldn't help shouting.

Dasheng Sun next to him was also secretly anxious.

The other people around also wanted to rush up to help, but they all knew that if they came up, they would die. After all, Ren Yingying and Sun Dasheng just suffered a loss.

"Hahaha..."

Baima laughed in the sky, extremely arrogant: "Yue Feng, today is the day you and the Ouyang family are destroyed, and I, Baima, can truly stand on the top of Kyushu!"

"Om!"

The voice fell, and the white horse raised his hand again, and a breath of destruction erupted from the opening axe again! He slashed fiercely at Yue Feng!

call!

This axe seems to split the entire sky into two worlds!

Feeling the power of this terrifying, everyone was shocked and sweated for Yue Feng!

Nima!

Yue Feng was also taken aback. At this time, he never thought that Bai Ma's understanding of the Heavenly Axe was no less than Duan Yu's.

"Miaoying, Yanhong, come and help me!"

In a hurry, Yue Feng hurriedly opened the spirit beast sac and shouted at the same time. In an instant, he saw two charming figures, breaking out of the air and blocking Yue Feng's body. forward.

It was the fairy spirits, Yan Hong and Miao Ying, who were born in the illusory realm.

When they left the Holy Sect before, because Yanhong and Miaoying had too special identities, Yue Feng let them temporarily enter the spirit beast bag.

I saw that Yan Hong and Miao Ying were both wearing long dresses, one red and one blue, and they were dazzling.

Um?

At this moment, Bai Ma was stunned for a moment, and his eyes were straight.

These two women are so beautiful, they not only look exactly the same, but their strength is also very terrifying. Who are they?

At the moment when the white horse was stunned, Yanhong and Miaoying joined forces to form a protective layer in front of Yue Feng!

boom!

It was at this moment that the golden glow of the opening axe slashed hard on the protective film, making a roar that shocked the world!

Under the violent vibration, I saw Yan Hong and Miao Ying, both of them were shocked and took a few steps back. A peerless divine weapon like the Heavenly Axe is also somewhat unstoppable.

Chapter 3109

"Tsk tsk..."

At this time, the white horse reacted and sneered at Yue Feng: "Yue Feng, I didn't expect that you have quite a few confidantes, this pair of sisters is pretty good, I'll take care of you first Accept them, haha..." The

voice fell, Bai Ma laughed evilly, and clenched the axe and charged towards Yan Hong and Miao Ying.

At the same time, Bai Ma's eyes were constantly scrutinizing Yanhong and Miaoying.

"Looking for death!"

Yan Hong had a hot personality, and when she saw Bai Ma's gaze, she was immediately embarrassed and angry, and she directly attacked her.

Miao Ying also bit her lip and cooperated with Yan Hong to attack.

However, the Heaven-Opening Axe in Bai Ma's hands was too powerful. Yan Hong and Miao Ying cooperated with each other and could never occupy the top position. On the contrary, they were almost injured by Bai Ma several times.

call!

Seeing this scene, Yue Feng was so anxious.

You can't go on like this.

The next second, Yue Feng saw the scorching sun above his head, and suddenly thought of something, he quickly shouted at Yanhong and Miaoying: "Yanhong, you attack from the left, Miaoying, you cooperate on the right, remember, don't Head-to-head."

Yue Feng remembered that when he first became Emperor Xi Cang three years ago, Duan Yu's concubine had told himself about the drawbacks of Kaitian Axe!

The Heaven-Opening Axe is an artifact of the utmost yang and stubbornness. Each burst of power is like a round of scorching sun.

At this time, it was Lieyang who was at the head, and the white horse had been urging the power of the opening axe, and sooner or later, it would devour him.

You must know that the ultimate power of the opening axe was beyond the control of Duan Yu, and the white horse in front of him was even more incapable.

Huh...

Hearing this, Yan Hong and Miao Ying looked at each other and quickly changed their strategy according to Yue Feng's command.

What Yue Feng asked them to deploy was a two-meter formation. The two-meter formation in "Bai Qishenzhen" belongs to the upper-middle-level formation, and two people can use it. The white horse doesn't understand the formation, and the two-measure formation can be completely trapped. live him.

Yue Feng thought about it, let Yanhong and Miaoying contain him well, and it would be easy to deal with when the white horse was counterattacked by the power of Kaitian Axe.

For a time, the battle situation became more and more intense, and Baima was trapped in the two-meter formation by Yanhong and Miaoying, and could never break out.

Mad!

Bai Ma was very annoyed and couldn't help shouting at Yue Feng: "If you have the ability, just fight with me one-on-one, and always ask women to help, what kind of hero is that?"

Yue Feng smiled slightly and said lightly: " Bai Ma, aren't you very talented? Even the two women can't deal with it, and you still want to stand on the top of Kyushu?" The

voice fell, and Ren Yingying next to him couldn't help shouting: "Yes, wait until you defeat them. If you are qualified to fight against Yue Feng, I'm afraid that neither of you two women will be able to fight."

Ren Yingying Bingxue was smart and could see at a glance that Yue Feng was dragging time.

Swish!

Hearing the ridicule of Yue Feng and Ren Yingying, Bai Ma was extremely angry, and an evil fire rose in his heart. In mid-air, he continued to fight with Miao Ying and Yan Hong.

At this time, the white horse has been stimulated by Yue Feng.

He owns the Sky-opening Axe, how could he be unable to beat even two women? !

hum!

In a fit of anger, Baima simply exploded all of his dantian's inner strength and poured it into the opening axe.

In an instant, the scorching power of the scorching sun above his head was almost completely absorbed by the Sky-Opening Axe, and a terrifying aura condensed within the Sky-Opening Axe.

Everyone present in the photo could hardly open their eyes.

"Death to me!" In the

next second, Bai Ma's eyes locked on Yan Hong's two, and with a roar, he was about to rush over. Suddenly, his body trembled, and his face turned blue and white.

Chapter 3110

Haha...

Seeing this scene, Yue Feng showed a smile.

This white horse was finally devoured by the power of Kaitian Axe, and this was the end of his arrogance.

what happened?

At this time, the white horse was also terrified. He clearly felt that his dantian inner strength was completely out of his control and was on the verge of collapse.

Until this time, the white horse did not know that the opening axe had the disadvantage of being easily broken.

“Yue Feng...”

Finally, Bai Ma’s body trembled violently, and he couldn’t stand it any longer.

I thought that my strength would improve and I would be able to destroy the Yue Feng and Ouyang families, but I never expected that they would be attacked by the power of Kaitian Axe.

“Shameless villain, go to hell!”

At this moment, Sun Dasheng howled, his figure rose into the sky, raised his hand, and hit the white horse.

boom!

Sun Dasheng’s speed was very fast, and the white horse had no time to react. With this palm, it slammed into the back of the white horse, and a dull vibration was heard. The white horse spurted blood and the whole person flew out.

Pfft!

After flying for more than 100 meters, the white horse shed a rain of blood in the air, and finally smashed heavily on a rock, shattering its bones and losing its breath.

Seeing this scene, both Yue Feng and Ren Yingying were all relieved.

The treacherous villain, Bai Ma, finally got the end he deserved.

Dang bang.

At the same time, the opening axe also fell to the ground, Sun Dasheng's eyes flashed, he rushed over and picked it up.

"Haha!"

Yue Feng couldn't help laughing, and congratulated Sun Dasheng: "Dasheng, you will be the master of Kaitian Axe in the future!"

Over the years, Kaitian Axe has gone through several masters, whether it is Duan Yu , Zhang Jiao, or a white horse, either a big treacherous person, or a treacherous villain, and at this time, the opening axe fell in the hands of Sun Dasheng, and it was considered to have met the real master.

Hearing Yue Feng's congratulations, Sun Dasheng was also extremely excited. He couldn't put it down, stroking the opening axe, and kept admiring: "It is indeed a peerless weapon, a good weapon..."

After speaking, Sun Dasheng said to Yue Feng: " It's not too late, let's go to support the Southern Cloud Continent!"

At this time, Dasheng Sun couldn't wait, he got the Axe, and he just wanted to reach the battlefield quickly and fight the enemy bravely.

Um!

Yue Feng nodded, then greeted everyone, and continued to set off.

At this time, Yue Feng felt very happy. Killing the white horse can be regarded as a bad breath for Brother Wen.

And thinking of Wen Chou Chou, Yue Feng couldn't help but feel a little worried. He heard from Saintess Zi Yan before that Wen Chou Chou was captured by Hades again, and now I don't know what happened.

...

On the other side, an unknown valley in the Southern Cloud Continent.

This valley is in a remote location. There is a bandit camp that has been abandoned for decades in the valley, which is indescribably desolate.

However, in a hole in the back of the camp, a person was chained inside, dressed in a black robe, with a refined face and a bookish look, but his whole body was filled with a sinister aura.

It is the ugly ugly.

After Baima caught Wen Chou Chou before, because he was going to Nanyun Continent to participate in the Xuantian Conference of the Nine Heavens Saintess, he couldn't bring Wen Chou Chou with him at that time. He passed by here and locked Wen Chou Chou in this abandoned camp. A few confidants were sent to guard.

call...

The ultimate husband in Chinese chapter 3111-3115

Chapter 3111

At this time, Wen Chou Chou sat there and couldn't help taking a deep breath, feeling very complicated.

In the past few days, Wen Chou Chou has been trying to fight the iron chain, but he was too weak and failed. This made Wen Chou Chou very annoyed, and what made him even more inexplicably disturbed was that the soul contract between himself and Hades seemed to have happened. Variety.

At this time, Wen Chou Chou still didn't know that a lot of things had happened in the past few days. Duan Yu devoured the power of Pluto and replaced it, becoming the new Pluto.

Shasha...

Just when Wen Chou Chou was secretly depressed, he heard footsteps outside, very light and light.

Immediately afterwards, the dungeon door was pushed open, and a figure walked in. The person who came had the head of a deer, with cunning flashes in his eyes. It was White Horse's confidant Huang Qiang.

Seeing Huang Qiang, Wen Chou Chou secretly frowned.

"Palace Master Wen!"

When he got to the front, Huang Qiang squeezed out a smile, and said to please: "How do you feel after staying here for a few days?"

Wen Chou Chou sneered: "If you come to see my joke, you will be disappointed. , in ten days and a half months, Lao Tzu will not die."

Bai Ma is sinister and despicable, and Huang Qiang is his minion, so Wen Chou Chou will naturally not have a good face.

Uh...

Seeing Wen Chou Chou's attitude, Huang Qiang was very embarrassed, but he still smiled and said, "Palace Master Wen, don't be so rude, my subordinates are here to care about you."

When he said this, Huang Qiang looked serious, but his eyes flashed with cunning.

This Huang Qiang is also cunning by nature. There was no news of the white horse for a few days, and suddenly he had a different heart, so he wanted to come to Wen Chou Chou to get some benefits.

This chapter is provided by . Visit for daily update.

Care about me?

Hearing this, Wen Chou Chou couldn't help sneering: "Don't come here, tell me, what should Bai Ma tell you to do with me?"

"Palace Master Wen!" Huang Qiang hurriedly said: "It wasn't Bai Ma who sent me here, but I came to find you myself. Speaking of which, the white horse took the position of the palace master and imprisoned you. It was a complete crime, and the subordinates couldn't stand it for a long time. This adventure came in with the intention of letting you go out! "

Really?" Wen Chou Chou looked at Huang Qiang up and down, and said lightly, "I'm afraid it's not that simple, right?"

Wen Chou Chou thought about it, and at a glance, it was obvious that Huang Qiang had other plans.

"Hehe..."

Huang Qiang smiled and leaned over to say, "Palace Master Wen is indeed resourceful and far-sighted, yes, there are conditions for this subordinate to take such a big risk. I'll let you go, how about it?"

Yes, Huang Qiang's purpose is to get the practice of moving flowers and connecting trees, you must know that moving flowers and connecting trees is the secret book of the hall of longevity, only the master of the hall can practice, Huang Qiang has been coveted for a long time.

Hehe...

Hearing this, Wen Chou Chou laughed out loud on the spot, too lazy to talk nonsense: "Just a shameless villain like you, you also want to get the unique skills of the longevity hall? Hurry up and don't let the old man get dirty.

" Talk, resolutely, resolutely and mercilessly.

Swish!

Huang Qiang's face changed suddenly, it was extremely ugly, and at the same time, he was also angry.

“Ma De!” In the

next second, Huang Qiang’s face was hideous, showing his true face, he pulled out his dagger, placed it against Wen Chou Chou’s heart, and said viciously: “I don’t know how to lift up, Wen Chou Chou, you think you are still the high-level Hall Master of the Palace of Longevity. ? Now you are just a prisoner, hand over the secret book quickly, otherwise, I will let you die without a burial place.”

However, Wen Chou Chou did not panic at all, but stared at him coldly with contempt in his eyes.

“Looking for death!”

Wen Chou Chou’s gaze completely angered Huang Qiang, and with a howl, the dagger stabbed fiercely.

Seeing that the dagger was about to pierce his heart, Wen Chou Chou was tied with chains on his hands and feet, unable to fight back.

Whoa!

In the next second, a crisp sound was heard, and then the chain on Wen Chou Chou’s hand snapped. It turned out that the moment Wen Chou Chou leaned to dodge, the dagger accidentally cut off the chain in his hand.

Chapter 3112

Huh?

Seeing that the iron chain on Wen Chou Chou’s hand was accidentally cut off by himself, Huang Qiang was shocked and immediately stunned.

“Shameless villain!”

At this moment, Wen Chou Chou shouted angrily, suddenly raised his right hand, and slapped Huang Qiang with his palm.

After being detained for so many days, Wen Chou Chou was extremely weak, but he did his best for this palm.

boom!

Huang Qiang hadn’t regained his senses yet, and he didn’t have time to dodge. He let out a miserable howl, and flew out, tens of meters away, and finally slammed into the wall at the entrance of the cave, before sliding down softly.

Pfft....

At the moment of landing, Huang Qiang spurted out a mouthful of blood, and immediately lost his breath. He didn't even think about it when he was about to die, and he ventured in to seek benefits from Wen Chou Chou.

Huang Qiang was killed with one palm, and Wen Chou Chou's remaining internal strength was almost exhausted. He was so tired that he sat there gasping for breath.

Click click!

After resting for a while, Wen Chou Chou slowly stood up, picked up the dagger that had fallen on the ground, and cut off the chain on his feet. Then prepare to leave the cave.

Boom...

But at this moment, there was a roar from the entrance of the cave, soil and gravel crashed down, the entire cave collapsed at once, and the entrance was sealed tightly.

Obviously, this cave has been abandoned for a long time. Just now, Huang Qiang was knocked flying by a palm, and his body was smashed at the entrance, causing the collapse.

What the hell!

Seeing this scene, Wen Chou Chou was shocked and angry, and wanted to cry without tears.

I thought I could take the opportunity to escape, but I didn't expect that I was completely in a desperate situation.

Is this his destiny?

At this moment, Wen Chou Chou was full of bitterness, took a few steps back and leaned against the stone wall, feeling extremely bad.

Clap la la...

And at this moment, I heard a piece of gravel slide down from the stone wall behind me, revealing a fist-sized hole.

Um?

Wen Chou Chou was stunned there, uncertain, but he could clearly feel that there was a faint wind blowing from the entrance of the hole, revealing a hint of coldness.

Strangely, in this abandoned cave, there is actually another universe.

Thinking to himself, Wen Chou Chou immediately squatted down and started digging the hole with the dagger in his hand.

In a short while, the hole was digging bigger and bigger!

hiss!

At this moment, seeing the situation inside, Wen Chou Chou was shocked and completely stunned!

As you can see, the steps extend down, this is not a natural cave at all, but a secret passage. Wen Chou Chou saw that the stone walls on both sides are engraved with simple patterns, which are obviously old.

In shock, Wen Chou Chou walked in directly.

The further down he went, the more surprised Wen Chou Chou felt in his heart. There was no end in sight of the steps in front of him, and he didn't know how long they were. Not only that, but there was also a faint chill in the pervading cold and yin air. gas.

hiss!

I don't know how long it took, but finally, Wen Chou Chou came to the end of the stone steps. Wen Chou Chou was completely stunned by the scene in front of him.

Chapter 3113 What is

presented in front of you is a huge open space! And in this open space, there was a black army lined up neatly, a total of hundreds of thousands of people, all blood-red black armor, holding a black iron long knife, murderous aura.

This.... this secret passage is underground, how can there be an army?

Shocked, utterly shocked.

Soon, Wen Chou Chou realized that something was wrong.

I saw the army in front of me. The soldiers were riding black horses, neatly arranged, but they didn't move, like statues. Every soldier was very burly, but his face showed a dead gray, obviously dead. It has been a long time, but there is no sign of decay in the body, and it seems that it can come back to life at any time.

In front of this army, there is a huge stone platform on which is placed a tiger talisman and a volume of Zongwen.

Wen Chou Chou walked over curiously, unfolded Zong Wen, and read word by word: "My name is Sima Yunfei, General Xuan Jia of Da Wu Zhou..."

Da Wu Zhou?

At this moment, Wen Chou Chou only felt his brain buzzing.

Wen Chou Chou is familiar with ancient books and has read a historical document about the Nanyun Continent. He clearly remembers that before the current Nanyun royal family, there was a Dawu Zhou Dynasty that ruled the Nanyun Continent for nearly a thousand years. At that time, the Dawu Zhou Dynasty, once established a black armored cavalry, called the blood Buddha, this blood Buddha is brave and good at fighting, invincible, and the commander of the blood Buddha is called an admiral.

Later, the Dawu Zhou Dynasty was overthrown, and the blood Buddha army also mysteriously disappeared.

Could it be that the army in front of him is the Blood Buddha?

Under the shock, Wen Chou Chou looked at Zong Wen and continued reading: "I heard about Long's mutiny recently. I led the generals and quickly supported the imperial capital at the border. How could I know that while resting on the way, I was lurking in the army by Long's spies. I was poisoned, and none of the 180,000 soldiers were spared, and I couldn't help but die..."

"Later... Long's traitors seized the throne, and in order to prevent the scandal from being exposed, all my 180,000 soldiers were buried underground... .. I and all the officers and men failed to repay the favor of the emperor, and died in anger, and the resentment lingered in death, only one day to see the sun again..." At the

end of reading, Wen Chou Chou's heart trembled, and it was difficult for him to calm down for a long time.

It is no wonder that there are very few ancient books about Xuanjia iron in the history books. It turned out that when the Dawu Zhou Dynasty was destroyed, the soldiers of the entire Xuefutu were poisoned by the enemy with despicable methods, and then all were buried.

And these 180,000 blood slaughtered soldiers died because of anger.

Speaking of which, if it was before, Wen Chou Chou would never have figured it out, but after becoming the messenger of Pluto, he understood a lot. For example, the soldiers in front of the blood slaughter died because of anger, and the ghosts did not want to leave the body after death. .

Swish!

Just when Wen Chou Chou secretly sighed, all of a sudden, the blood buddha soldiers under the stage, each with a cold light flashing in his eyes, directly locked Wen Chou Chou.

Oops!

Suddenly locked in the eyes of so many dead people, Wen Chou Chou's heart trembled and he shuddered.

Although the soldiers of these blood slaughterhouses have been dead for a long time, they still have some consciousness because of their grievances and ghosts. It was a complete offense to stumble into their dormant place by mistake.

call!

Panicked, Wen Chou Chou tried his best to calm himself down. After taking a deep breath, he subconsciously picked up the tiger talisman on the stage as a weapon, and said nervously, "All blood buddha soldiers, I didn't mean to offend, I just came here unintentionally."

I am very sympathetic to what you have suffered, but it has been so long, you should rest in peace."

As he said, Wen Chou Chou blocked the tiger talisman in front of him to prevent the bloody Buddha army in front of him, the dagger on his body, I lost it when I dug a hole just now, and I can only use the tiger talisman as a weapon.

Pfft...

But what Wen Chou Chou didn't expect was that the blood slaughtered army in front of him did not launch an attack, but bent his knees one by one and knelt down directly to him.

This...

This time, Wen Chou Chou is completely stupid. The hundreds of thousands of troops kneeling in front of him is too shocking. It is difficult for anyone to calm down about this matter.

what's going on?

A few seconds later, Wen Chou Chou reacted, and when he saw the tiger talisman in his hand, he immediately understood.

Chapter 3114

It is said that the soldiers of the Blood Buddha are strictly disciplined and regard military orders as mountains, and the tiger talisman symbolizes the supremacy of the monarchy.

Knowing this, Wen Chou Chou was both surprised and delighted.

“All soldiers, get up!” The

next second, Wen Chou Chou cleared his throat and said slowly.

Whoa!

As soon as the words fell, hundreds of thousands of blood slaughtered soldiers stood up in unison, and no one responded, each and everyone was filled with a deadly coldness, but the momentum was shocking.

If there are other people around, you will definitely be shocked by the scene in front of you. It is incredible that an army that has been dead for thousands of years can still obey the command, but it did happen.

.....

On the other side, the border of Nanyun Continent, Longmen Pass!

Longmen Pass is a frontier fortress in the Nanyun Continent. The environment is dangerous, it is easy to defend and difficult to attack.

I saw that in the wilderness more than ten miles outside the city, a dense army of death was constantly gathering, and the breath of death enveloped the whole world.

On the tower of Longmen Pass, the Nanyun defenders were waiting in full force, but every soldier's face showed a panic from the bottom of his heart.

The army of death in front of them, even the brave and skilled Rakshasa clan could not stop them. How could a small Longmen Pass be able to defeat them?

In order to resist the army of death, the people of Longmen Pass have all been evacuated under the arrangement of the defending generals. Not only that, the various sects of the Kyushu mainland have also come to support them one after another.

At this moment, on the official road in the northwest of Longmen Pass, Yue Feng and Ren Yingying are coming quickly.

I go!

At this time, looking at the Longmen Pass not far away, both Yue Feng and Ren Yingying were all stunned.

I saw that on the city wall of Longmen Pass, the densely packed soldiers were all standing there, all of them holding long swords, waiting in full force, and defense deployments were also made on the outside of the city gate!

At this time, the Longmen Pass can be said to be heavily guarded, like a copper wall and an iron wall, and not a fly can fly in.

And in the vast field a few miles away from Longmen Pass, nearly a million dead armies are gathering. These dead armies are all people who died in the Chaos Mountains three years ago, some are Kyushu soldiers, some are Rakshasa warriors, gathered together, Gives a feeling of being in hell.

From far away, you can feel a strong breath of death.

Nima, this Jed has gathered so many dead warriors!

After being stunned for a few seconds, Yue Feng calmed down, greeted Ren Yingying and everyone, and hurriedly entered the Longmen Pass.

When I got inside, I saw many sects coming, there were hundreds of thousands, but compared to Jed's army of millions of deaths, it still paled in comparison.

strangeness!

Yue Feng looked around, not only frowning secretly, but the Nayun border was at stake, why didn't he see the Queen and Long Qianyu?

At this time, Yue Feng did not know that the Queen and Long Qianyu had been imprisoned by Long Yaotian.

Whew wow...

Just when Yue Feng was muttering secretly, he heard footsteps coming from outside the city, and then someone exclaimed: "Quick, the other party is calling!"

Hearing the voice, all the sect masters It was taken aback, and immediately flew up and landed on the city wall, ready to start to meet the enemy.

Whoosh!

Yue Feng didn't have time to think about it, his inner strength urged him to fly high into the sky, and when he looked out of the city, he saw an army of millions of dead, slowly advancing.

"I'm here to see the power of these dead armies!" A cold voice came from Yue Feng's mouth, and then he waved Fang Tianhua halberd, and a blood-colored light condensed.

“Blood battles in all directions!”

Yue Feng roared, Fang Tian drew a halberd and pointed at the army of death!

hum!

Chapter 3115 The

bloody light, like a thunder and lightning, swept down and slammed into the army of millions. I saw a violent roar, and nearly a thousand dead soldiers were sent flying.

Seeing this scene, whether it is the defenders of Longmen Pass or the major sects, they are very excited.

As expected of the Sect Master of Tianmen, with such a strong strength, these death armies are not to be feared at all.

“Haha, Fengzi, I’m here to help you...”

At this moment, Sun Dasheng laughed loudly, his body filled with fighting intent, and he also flew high into the sky, waving the sky-opening axe, and bursts of golden beams blasted towards the army of millions.

Boom, boom, boom!

With a roar, I saw another one fell among the army of millions of dead, nearly ten thousand people.

Seeing this scene, Yue Feng and Sun Dasheng looked at each other and smiled.

What army of death is not vulnerable.

However, the next second, an astonishing scene appeared, and I saw the downed death warriors stand up tremblingly, the wounds on their bodies seemed shocking, but there was no blood flowing out.

Obviously, the outbreak of Yue Feng and Sun Dasheng just now did not cause fundamental damage.

Whoa!

In an instant, the entire Longmen Gate was in an uproar, and everyone was stunned.

what’s going on? Can these dead armies kill?

At the same time, Yue Feng and Sun Dasheng, who were suspended in mid-air, also frowned secretly, their eyes dignified.

Nima, if you don't die like this, how can you fight?

"Hahaha..."

At this moment, a burst of laughter came, and then, over the army of death, a figure quickly flew over, dressed in black armor and looking arrogant, it was Jed.

"Yue Feng!"

At this time, Jade faced Yue Feng in the air, his tone full of contempt: "The Rakshasa clan has been defeated, and the Kyushu continent will not be my opponent when you unite, so you should surrender obediently."

Surrender?

Hearing this, Yue Feng smiled coldly, met Jade's gaze, fearless, and his voice spread throughout the audience: "Jede, you betrayed the Rakshasa clan and took refuge in Hades, you are no longer a human being. You surrender, isn't it even worse than you?"

He said, neither humble nor arrogant.

"You are courting death."

Hearing this, Jed's face flushed, and he only felt greatly humiliated. In his heart, he never felt that he had betrayed the Rakshasa clan, and Yue Feng was a traitor, which was simply unbearable.

Feeling Jade's anger, Yue Feng didn't panic at all, and sneered: "You betrayed your clan and took refuge in Hades. Heaven and earth will not tolerate it. Even if you have an army of millions of dead, you are just a soulless poor bastard!

"!"

Jed was completely furious and roared frantically: "The whole army attack, let me level the gantry gate, not a single one!" The

voice fell, and the army of millions of deaths let out a howl, rushing up like a tide.

Jed hovered in mid-air, madness flashing in his eyes.

Even if Yue Feng and the major sects came, they couldn't stop his army of death.

"Everyone..."

Looking at the army of death swarming up, Yue Feng took a deep breath, turned back and shouted at the people at Longmenguan: "The way of heaven will last forever, evil is invincible, kill me!"

The voice fell, and the guards of the major sects and Longmenguan responded loudly as if they had been beaten with blood.

"That's right, evil can't overcome righteousness, kill it!" In the

next second, everyone rushed out of the Dragon Gate Pass and fought fiercely with the army of millions of dead.

The ultimate husband in Chinese chapter 3116-3120

Chapter 3116

Yue Feng was suspended in the air, watching the fierce battle below, secretly surprised.

I saw that each of Jade's death warriors was extremely brave, because they were all dead, and they felt no pain at all. Some had their arms cut off, and even their heads were gone, but they could still fight.

There is a huge disparity in the strength of the two sides. Every sect master has to deal with five or six dead soldiers. In addition to this special situation, everyone present is a little powerless.

These death warriors can't be killed at all, how can they fight?

Nima!

Yue Feng frowned secretly, too anxious.

It is impossible to fight like this. We must find the weakness of this army of death. Otherwise, not only will the Dragon Gate Pass be unbearable, but the entire Southern Cloud Continent, and even the entire Kyushu will fall into the flames of war.

"Hahaha!"

Just when Yue Feng was secretly anxious, he saw Jade laughing wildly and looking directly at Yue Feng: "Yue Feng, you see, my army is invincible, and there is no one in Kyushu. I can be, even if you were in Black Cloud City before and defeated the Tianqi army, you can't stop me!"

"Today is the day when you and the Kyushu rivers and lakes will be completely destroyed, will you die?"

"Come out and come straight to Yue Feng. Wherever the figure passed, the sky was torn apart, and the whole body was filled with a terrifying evil atmosphere.

"Yue Feng! Be careful..."

"Be careful."

Seeing this scene, everyone in Ren Yingying below couldn't help but exclaimed.

Although Yue Feng's strength is very strong, but Jed has taken refuge in Hades, and the evil power he cultivates is so terrifying, he must not be underestimated.

This chapter is provided by . Visit for daily update.

call!

Seeing Jade burst out, Yue Feng did not panic at all.

“Om!”

Seeing Jade rushing to the front, he saw his hands crossed, and a yin and evil breath burst out, forming a green flame in front of him, which directly filled Yue Feng.

Jade shot quickly, Yue Feng had no time to react, and was instantly surrounded by this sea of green fire. When he was in it, Yue Feng could not feel any scorching heat, but there was a kind of fear in his soul.

“This...”

“The sea of green fire...”

“Could it be... this is the nether karmic fire of hell?! Burned to the point where there are no bones left...”

“Get out of the way!”

At this moment, the following Many of the people couldn't help exclaiming, and they all trembled in their hearts. Under the panic, all the sect masters closest to Yue Feng did not hesitate at all, and urged their figures to avoid them in the distance.

Seeing this scene, Jed became more and more complacent, and laughed loudly at Yue Feng: “Yue Feng, let's see who can save you this time!”

Nether Karmic Fire, like the ancient ghost fire, only exists in the ghost world. , once it is burned, the soul and body will be burned without a trace, which is very terrifying.

However, Jed didn't know yet that the Nether Karmic Fire was a different fire, and Yue Feng was not afraid at all.

“Nether Karmic Fire?”

Looking at the raging green flames, quickly surrounded, Yue Feng's mouth twitched, and he chuckled: “Jade, you think you can kill me with Nether Karmic Fire, that's too naive! “

When he said this, the surrounding Nether Karmic Fire had already burned on Yue Feng, and he could see that Yue Feng was enveloped in green flames, but Yue Feng's expression showed no pain at all, but was surprisingly calm.

What?

Seeing this scene, Jed's heart trembled, and the whole person was stunned.

Yue Feng is not afraid of Nether Karmic Fire, how is this possible?

At this time, Jade didn't know yet that Yue Feng possessed the cold fire of white lotus in his body, and he could restrain the fires in the world, so he was naturally not afraid of his ghostly karma.

Chapter 3117 What

shocked him even more was still behind.

"Playing with fire with me, you are not qualified!" A cold and contemptuous voice came from Yue Feng's mouth. The moment the voice fell, a white flame jumped out from the right hand, showing a faint shape of a lotus flower.

It is Bai Lian Leng Huo.

Huhuhu...

The next second, Yue Feng raised his hand and waved, Bailian Lenghuo directly met the surrounding Nether Karmic Fire, accompanied by a shock, the Nether Karmic Fire was swallowed up a lot.

This...

Seeing this scene, Jed was completely dumbfounded, and his eyes were fixed on Yue Feng, full of astonishment.

But soon, Jed reacted, and hurriedly turned on the evil spirit, recalled the remaining Nether Karmic Fire, and shouted angrily: "Yue Feng, even if you can block my Nether Karmic Fire, it will not change today's situation. "

Guling giant!"

Under the howl, Jed flew up into the sky and shouted, and at the same time, he wrote a series of ghostly inscriptions in the sky with his right hand. The suffocating energy quickly condenses!

hum!

In the blink of an eye, more and more Yin Sha Qi gathered, and saw the formation of a huge skeleton. This skeleton was dozens of meters high, with white bones, and a cold evil light flashed in his eyes, holding two bone knives.

Nima!

Seeing this huge skeleton, Yue Feng's expression changed and he was shocked.

Yue Feng clearly felt that this huge skeleton contained the terrifying power of Yin Sha, and this Yin Sha power was stronger than that in Hades Cauldron.

Yue Feng didn't know yet that Jade, as the first puppet of Hades, was given a heavy responsibility by Hades, so he taught a lot of ghost world exercises, and his strength was much stronger than that of King Guangping.

"Blood battle in all directions!"

Seeing the huge skeleton rushing towards, Yue Feng didn't have time to think about it. After shouting loudly, his inner strength burst out. He held Fang Tianhua halberd tightly to meet him, and saw a blood-colored light burst out, tearing it apart. Split the world.

"Boom!"

At this sight, the blood-red glow collided with the huge skeleton, and an extremely strong vibration swept out. Within a kilometer, dust and smoke filled the air, and many surrounding sect masters and death warriors were shaken out.

In the dust and smoke, Yue Feng snorted, and the whole person was also shaken out, flying more than 100 meters before falling to the ground, the blood in the body was churning, and his face was extremely pale.

Although he was not injured, Yue Feng clearly sensed that his dantian's inner strength was showing signs of disorder. After all, it was this huge skeleton, whose strength was too terrifying.

"Fengzi, I'm here to help you!"

At this moment, Sun Dasheng roared wildly, and his figure burst out, holding the Heaven-Opening Axe tightly and heading straight for Jed.

Sun Dasheng has a hot personality. He and Yue Feng are sworn brothers. Seeing that Yue Feng suffered a loss, he couldn't help it.

"Great Sage!"

However, Yue Feng's expression changed, and he couldn't help shouting: "Don't be impulsive..." Although the Great Sage obtained the Heaven-Opening Axe, he had not really understood the power of the Heaven-Opening Axe. Not Jade's opponent at all.

Having said that, Yue Feng was about to rush to stop it, but Sun Dasheng was too fast and had already rushed to the huge skeleton.

hum!

“A bunch of evil spirits, all die!” Sun Dasheng howled, swinging out the axe, slashing at the huge skeleton.

clang!

I heard a crisp loud noise, and the huge skeleton was chopped with a trace, and the huge body also shook.

In the next second, the huge skeleton reacted, and his cold eyes locked on Dasheng Sun instantly. He raised his hand and waved, and the huge bone knife swept across. Because the distance was very close, Dasheng Sun had no time to dodge, so he could only raise the open axe in front of him. .

“Bang!” The

huge bone knife collided with the opening axe, and saw Dasheng Sun being blasted out like a cannonball. The moment he landed, a mouthful of blood spurted out.

Chapter 3118

Mad!

Sun Dasheng clenched the opening axe tightly, struggled to stand up, stared at Jade fiercely, and was extremely horrified in his heart.

Even the opening axe can't get on it, the defense of this huge skeleton is too abnormal.

“Haha...”

Looking at the huge skeleton he summoned, and defeating Yue Feng and Sun Dasheng with a face, Jed couldn't say how proud he was, and shouted: “What about the heroes of Kyushu? Wasn't it the same as being stepped on by me?” The

voice fell, and Jade gave instructions to the huge skeleton again.

Swish!

In an instant, the huge skeleton turned his body, his eyes locked on Yue Feng again, and then rushed over like a hill.

In Jed's heart, Yue Feng is the biggest enemy. After killing Yue Feng, Sun Dasheng and the others are nothing to be afraid of.

call!

Seeing the huge skeleton rushing towards him again, Yue Feng didn't have time to think about it.

"Haha, Yue Feng, do you only hide?" Jade couldn't help but mocked loudly.

Yue Feng took a deep breath and said coldly, "Jade, don't be complacent. The big guy you made is really strong, but don't be too confident. I can't cure it, it doesn't mean others can't cure it."

"Haha!"

Hearing this, Jed's face was full of disdain: "You're just playing tricks now... eh?" Before he finished speaking, he saw Yue Feng in front of him, and was stunned for a moment.

Whoosh!

I saw that the air in front of Yue Feng suddenly distorted, and then a slender figure appeared in front of everyone, wearing an ice blue long dress, a beautiful face, and a tight and perfect figure, which just gave people a cold feeling. Cold to the bone.

It was Bingyao!

Since the Hades Ding came out, Bing Yao has been cultivating because of too much consumption, and it is not until today that she is fully recovered. Speaking of which, Yue Feng didn't intend to ask Bing Yao to help, but the situation in front of him was really uncontrollable.

Whoa!

Seeing Bing Yao, both Jade and everyone below were stunned, and many men's eyes were straight.

Such a beautiful woman, such a strong breath, such a cold temperament.

"Tsk tsk..."

Finally, Jed regained his senses and looked Bing Yao up and down: "You... who are you?"

As a puppet of Hades, Jed clearly felt that the beauty in front of him couldn't help but be imposing. Powerful, the power contained in the body seems to be related to the ghost world.

"It's Pluto's lackey again!" The cold words came out of Bing Yao's mouth.

While speaking, Bing Yao's eyebrows were tightly knitted, her eyes flashed with cold light, and then she raised her hand, and within a thousand meters, the temperature dropped suddenly.

hum!

In the next second, snowflakes appeared in the dark sky, and in the snowflakes in the sky, a very strong aura was rapidly condensing.

call!

Seeing this scene, the masters of the major sects who were fighting below were inexplicably excited. At the same time, because of the sudden drop in temperature, the actions of the millions of dead soldiers also became slow.

At the same time, Jade's face became solemn. And the huge skeleton felt the threat even more, and roared at Bing Yao.

hum!

At this moment, I saw a group of icy blue brilliance appear in front of Bing Yao, bursting with dazzling brilliance, and then, a huge blue sword shadow condensed.

In the next second, the huge sword shadow roared towards the huge skeleton with endless might!

I saw that the blue sword shadow was like a meteor, and it almost tore apart that piece of sky wherever it passed!

So strong!

At this moment, feeling the power of the blue sword shadow, Jed completely lost his previous pride, and his expression was full of fear! He clearly felt that the woman in front of him was not something he could compete with at all.

"What a powerful attack!"

Chapter 3119

"What kind of stunt is this?"

At the same time, the masters of the various sects below were also extremely shocked, and they were all stunned when they looked at Bing Yao, who was suspended in the air.

boom!

At this moment, the sword shadow slammed into the skeleton, a violent roar sounded, and saw the huge skeleton, the body retreated dozens of steps, the skeleton that defended the horror, there were cracks one after another, and then crashed to the ground, A pile of broken bones.

quiet!

Silence!

At this moment, both Yue Feng and those sect masters were indescribably excited.

Great, after defeating this huge skeleton, Jed will definitely lose.

“You...”

Jed also opened his mouth wide, full of horror.

This is impossible. His Majesty Pluto has said that in Kyushu, no one can defeat the giant general of ancient spirits, unless he is the deity general, or the queen of the underworld who is trapped in the cauldron of the underworld.... queen of the

underworld... Could it be she... ..

Thinking of this, Jade looked at Bing Yao, and he was dripping with cold sweat!

“It’s your turn!”

At this moment, Bing Yao’s eyes locked on Jade, the voice fell, a terrifying aura burst out from Bing Yao’s body, and a palm hit Jade!

Done!

Feeling Bingyao’s terrifying aura, Jed was startled, he didn’t have time to dodge, so he had to hold the long knife in his hand tightly and attacked! At this time, Jade did not dare to be careless, and urged all his inner strength to resist!

Bang!

The palm force slapped the long knife fiercely, and Jed only felt a vast force like the sea coming, and with a grunt, the volley was shaken back dozens of steps, but he still

resisted abruptly, but the long sword in his hand was stunned. The knife shattered into pieces.

This... this strength is simply too terrifying, I have used all my strength to barely block it!

At this time, Jed was almost on the verge of crying, but he never expected that Yue Feng could invite such a terrifying helper!

Um?

Bing Yao was secretly frowning, the other party was able to block her palm, it seems that Hades put a lot of effort into him.

Yue Feng, who stepped aside, also showed a smile at this time.

Haha... Bingyao's shot, this Jed will surely die, and once Jed dies, this army of death will be a group of flies with no heads, no need to worry anymore.

"It seems that you have learned a lot of skills by following Hades." At this moment, Bing Yao spoke coldly, and the moment the words fell, she raised her hand and clenched an ice sword.

This ice sword is completely condensed out of internal force, exuding an endless icy aura. As soon as the sword came out, the surrounding temperature plummeted again.

Gudong!

Feeling the killing intent that permeated Bingyao's body, Jade's forehead was sweating, and he couldn't help swallowing!

Oops, I tried my best to block the slap just now, but now that the other party is getting serious, I am doomed.

hum!

Bing Yao didn't talk nonsense, her delicate body flashed, like a elf in the snow, a dazzling sword light burst out from the ice sword and stabbed straight at Jed.

Jed didn't have time to think about it, he quickly activated his inner strength and formed a protective film in front of him.

Bang!

Jianmang slammed hard on the protective film, and he heard a crisp sound, the protective film instantly collapsed, and then Jade let out a scream, and the whole

person was shocked and flew out, flying more than 100 meters away. It fell heavily to the ground.

When he resisted Bing Yao's palm just now, Jade had exhausted his strength, and facing Bing Yao's ice sword at this time, he couldn't stop it at all.

"Pfft..."

At the moment of landing, Jed spat out a mouthful of blood, but the blood was black. He became a puppet of Hades and was no longer human, so the blood was no longer bright red.

Chapter 3120

Jed was hit hard, and the army of millions of dead stopped.

Whoa!

At the same time, Yue Feng and Sun Dasheng, as well as everyone present, were also very excited.

"Jed!"

Under the excitement, Yue Feng's figure rushed to the sky and said to Jed: "Jed, I said, you scum will not have a good end!"

Said, Yue Feng directed Bingyao shouted: "Kill her directly!"

At this time, Yue Feng wanted to do it himself, but he also knew that Jade was a puppet of Hades, whose physique was different from ordinary people. With his own ability, he couldn't kill him at all, but Bing Yao Yao is different, she is the queen of the underworld, and even the king of underworld is afraid of existence.

The voice fell, and everyone around Sun Dasheng was also emotional and shouted.

"Yes, kill her!"

"This scum is a disaster for Kyushu, and death is not a pity."

"Directly smashed to ashes!"

Feeling the killing intent of everyone, Jed was dripping with cold sweat, slumped on the ground, unable to stand up. .

call! Bing Yao's eyes were fixed on Jed

, without the slightest fluctuation, she was extremely cold and arrogant: "Those who rely on Hades will not end well! Accept your fate!"

Jed comes.

A powerful breath permeated the entire wilderness.

Gudong!

Jed swallowed his saliva, trembling all over in extreme panic, and then begged for mercy: "It was me who was confused for a while, and took refuge in Hades, and begged the Queen of Hades to give me a chance!"

Although Bing Yao did not reveal her identity, Jade was not a fool. At this moment, she could guess with her eyes closed that the woman in front of her was the Queen of the Underworld who was imprisoned by Hades in Hades Cauldron.

Except for her, no one can hurt herself like this in two strokes.

"Some things can't be salvaged without regret!" The Queen said softly, with a firm tone, without any room for negotiation, the voice fell, and the ice sword stabbed directly at Jed's heart.

It's over, it's over.

Terrified, Jed closed his eyes in despair.

hum!

Seeing that Jed was about to be pierced by the ice sword, suddenly, a terrifying aura erupted from not far away, and at the same time, a sinister voice sounded: "The subordinates that Hades is looking for are really inferior to one! "The

voice fell, and a dark shadow flashed past, blocking Jade.

I saw that this person was wearing black and gold armor with a dragon pattern engraved on it, but the dragon looked a little evil, and his elegant face was full of evil spirits.

It was Duan Yu!

Of course, Duan Yu was still in Yue Chen's appearance at this time.

Swish!

In an instant, the eyes of the audience all converged on Duan Yu, one by one in shock.

It is this person again, and it seems that the strength is a lot stronger.

Yue Feng also frowned secretly, and the anger in his heart rose.

Madeleine, it was he who defiled Saint Lady Lanxin, but caused himself to be defiled.

“Who is making trouble? Looking for death?”

Finally, Bing Yao took the lead in reacting, and with a cold and tender voice, the ice sword stabbed directly.

Seeing Bing Yao's speed, Duan Yu didn't panic at all, and slapped a palm on the tip of the sword.

clang!

Hearing a crisp sound, Bing Yao's delicate body trembled, and she was directly knocked back a dozen steps, and the ice sword in her hand also shattered into pieces.

What?

Seeing this scene, both Bing Yao and Yue Feng were all shocked.

The ultimate husband in Chinese chapter 3121-3130

Chapter 3121 Bingyao

's strength is obvious to all, but now, it was gently repelled by Yue Chen's palm, which is incredible.

When did this guy become so strong?

"You..."

Jade, who was blocked by Duan Yu, was humming in his head, looking at Duan Yu, and the whole person was stupid.

what happened? Why did this man save himself?

And... the breath on his body is so familiar, it is exactly the same as Hades.

Aware of Jade's doubts, Duan Yu said coldly: "Useless things, the new master is here, but you don't know how to greet him?" The

new master?

Hearing this, Jed's heart was shocked, and he understood in an instant, and hurriedly knelt down and shouted: "Subordinate Jed, see Hades!"

What?

Hearing this, the audience immediately exploded, Yue Feng and everyone looked at each other, completely dumbfounded.

Even Bing Yao frowned and looked at Duan Yu up and down, shocked.

"You..."

Finally, Bing Yao reacted, stared at Duan Yu and asked: "You devoured the power of Hades? Replaced him?"

Duan Yu smiled slightly and nodded at Bing Yao: "Yes, before. My Hades has been destroyed by me, seeing your temperament is so special, you are the Queen of Hades, as expected, just as rumored, cold and arrogant."

This chapter is provided by . Visit for daily update.

Having said that, Duan Yu looked around the audience and continued: "Everyone, it's up to now, I don't hide it anymore, I'm not Yue Chen, but Duan Yu, I was originally

imprisoned in purgatory in the ghost world forever, but I have a great fate and finally escaped.”

“Speaking of this, I would also like to thank the Palace Master Wen. If it wasn’t for his help, I wouldn’t have escaped from the ghost world. After I came out, I met this kid Yue Chen. I lost my body during the critical period of fusion...”

This...

Hearing this, whether it was Yue Feng or others, they were all stunned on the spot, unable to calm down for a long time.

Especially Yue Feng, his brain was buzzing, almost like it was going to explode.

It turned out.... in Yue Chen’s body, is Duan Yu’s soul.

It turned out...the one who fought against King Guangping at the prayer altar of Nanyun Palace before was Duan Yu. Moreover, Duan Yu later devoured the power of Hades.

It’s just that he told the whole truth, did he want to...

“Haha...”

Just when Yue Feng was muttering to himself, Duan Yu smiled coldly and continued: “You don’t have to guess, the reason why I said it all Come out, I want you to wait and die clearly. Since the previous Pluto helped me pave the way, how can I give up halfway?” The

voice fell, Duan Yu’s eyes flashed, and he suddenly raised his hand.

Whoops!

In an instant, the army of millions of dead that were frozen in place, one by one, as if they had life, let out a hoarse howl, rushing towards the Longmen Pass like a tide.

“Ah...”

All this happened so fast that many sect masters and Longmengan guards were too late to react. In the blink of an eye, many people died tragically in a pool of blood.

“Cao Nimad...”

Seeing this scene, Sun Dasheng’s eyes were blood-red, he howled, clenched his axe, and charged directly towards Duan Yu.

hum!

In the next second, the power of the Sky-Opening Axe was activated, and a golden glow erupted, sweeping towards Duan Yu!

Whoosh whoosh!

At the same time, Yue Feng and Bing Yao also burst out one after another, rushing towards Duan Yu.

Seeing the crowd coming, Duan Yu snorted coldly: "Sun Dasheng, use the Heaven-Opening Axe in front of me? Who gave you the courage!? And you, Yue Feng, our previous grievances and grievances have been cleared, so I don't want to kill you, As long as you surrender, I can save your life!"

While speaking, Duan Yu raised his hand lightly, and the terrifying Yin Sha Qi burst out, forming a black vortex, and when he saw the golden glow of the Kaitian Axe, he directly swallowed up, disappeared.

What the hell!

Yue Feng was taken aback, Nima, the power of the Heaven-Opening Axe was so easily resolved by him?

Chapter 3122

In shock, Yue Feng looked directly at Duan Yu and said coldly: "You have known me for so long, when have you seen me surrender?"

After saying that, Yue Feng was angry and shouted at Duan Yu. : "And you, who used to be from Kyushu, are now bringing an army of death to harm Kyushu. Even if you become the King of Hades, you are still a sinner through the ages!"

Shuh!

Hearing this, Duan Yu's face suddenly became extremely ugly.

"Okay. Very good!" In the

next second, Duan Yu's eyes flashed with cold light, and he said word by word: "If this is the case, then there is nothing to say."

Om!

When the words fell, Duan Yu suddenly raised his right hand, and saw the yin and evil energy between heaven and earth, which quickly condensed, and finally formed a huge black palm print, carrying an unparalleled momentum, bursting towards Yue Feng.

In an instant, there was chaos between heaven and earth, as if the end of the world.

“Be careful, Yue Feng!”

“Fengzi...”

Seeing this scene, Dasheng Sun, Ren Yingying and everyone couldn't help shouting, and at the same time wanted to rush over to help, but the distance was too far and it was too late.

Nima!

Feeling the terror of the huge palm print, Yue Feng was also sweating coldly. He didn't have time to think about it, so he quickly activated his inner strength and held Fang Tianhua halberd in front of him to resist!

Bang!

In the next second, the palm print slapped the Fang Tianhua halberd fiercely. Yue Feng only felt an overwhelming force coming from the sea, and he let out a groan, and the whole person was shocked and flew out, flying more than a hundred times. Mi Yuan fell heavily to the ground.

When he fought against Jade before, Yue Feng had already consumed a lot of internal energy, and now facing the more powerful Duan Yu, he couldn't resist it at all.

“Yue Feng, I have already given you a chance, but if you don't grasp it properly, then don't blame me.” Duan Yu said coldly, his body filled with suffocation, and his figure erupted again.

Duan Yu was so fast that Yue Feng didn't have time to dodge.

Whoosh!

At this critical moment, I saw a slender figure rushing towards and directly blocking Yue Feng, it was Xing Yao.

Immediately, Xing Yaoyu raised her hand and touched Duan Yu.

boom!

In an instant, Bing Yao and Duan Yu touched their palms and made a dull vibration. At this moment, Bing Yao's delicate body stepped back several steps, and her icy and beautiful face suddenly turned pale!

"You..."

Bing Yao only felt a tightness in her chest. After stabilizing her figure, she looked at Duan Yu in astonishment, her face full of incredible!

This.. this is impossible! Even if he devoured the power of Pluto, he would not be so strong. You must know that his strength is almost on par with the previous Pluto.

At this time, Bing Yao still didn't know that Duan Yu had also fused the power of a Nine Heavens Holy Maiden before devouring the power of the Pluto.

"Tsk tsk!"

Duan Yu had a wicked smile on his face, looked Bing Yao up and down, and said with a smile: "As a former Underworld Queen, it is a pity to work for a man from Kyushu! I heard that your strength is the same as before. There is no distinction between the underworld kings, so I will take a good look at it!"

When he said this, Duan Yu was full of smiles, but his eyes were flickering with wickedness.

Duan Yu thought about it, Yue Feng has no fighting power, and he is not enough. The most important thing right now is to kill this Bing Yao first. You must know that this Bing Yao's strength is not trivial, and she is the woman of the previous Hades, so she must be released.

hum!

The next second, Duan Yu's figure erupted, just wanting Bing Yao to leave.

Bing Yao bit her lip tightly, not daring to be careless, she attacked with all her strength, and fought with Duan Yu in mid-air.

"Kill!"

At this time, the fierce battle below became more and more tragic. Yue Feng clearly saw that the masters of the major sects, as well as the defenders of Longmen Pass, were under the impact of the death army, and the ground was completely destroyed. Stained red, the air was filled with a strong smell of blood.

The entire Longmen Pass has almost become hell.

Seeing this scene, Yue Feng's eyes were extremely blood red.

Chapter 3123

"The way of heaven is immortal, justice lasts forever, you all deserve to die!" A cold voice came from Yue Feng's mouth, and in the next instant, Yue Feng, regardless of his injury, rushed into the air, Fang Tianhua halberd raised.

hum!

Under the surging aura of terror, I saw nine long blood-colored dragons surrounding Yue Feng!

"Nine Dragons Ascension!"

Yue Feng almost roared out, pointing at the army of death!

Nine Dragons Ascension to Heaven was the first skill Yue Feng learned when he first became a practitioner. Now, over the years, Yue Feng's comprehension of this skill has reached the peak level. At this time, it erupted with Fang Tian Hua Ji, with amazing power.

"Roar!" The

nine blood-colored dragons let out bursts of earth-shattering roars, swept down, and rushed into the army of death. Just seeing the terrifying power raging, many dead warriors are instantly fragmented.

Made!

Seeing this scene, Jade, who was commanding the battle not far away, looked extremely ugly.

The new Hades has arrived, and the whole situation is almost completely under control, but under such circumstances, it is a great shame to be able to kill so many dead soldiers by Yue Feng.

"Kill...kill me Yue Feng..."

Jed stared at Yue Feng tightly, his expression crazily contorted, and shouted: "Cut him into eight pieces for me, and the entire Longmen Pass. , one will not stay, one will not stay..."

"Ow..." The

voice fell, and the death army let out a terrifying howl, rushing up like a tide, and in the blink of an eye, Yue Feng was caught surrounded.

“As long as I still have a breath, you can’t even enter the Dragon Gate Pass!” Yue Feng’s eyes were blood red, and he clenched Fang Tianhua’s halberd, slashing like crazy.

Many death warriors were swept away by Yue Feng’s Fang Tianhuaji before they approached. However, as soon as some of them were repelled, more death warriors rushed up, and they couldn’t finish the fight.

“Kill!”

Seeing this scene, the masters of the major sects were originally timid, but after being infected by Yue Feng, they regained their fighting spirit one by one, and rushed into the enemy army like a chicken blood.

However, the power disparity between the two sides is too great.

“Ah...”

Accompanied by screams, many sect masters and Longmenguan defenders fell in a pool of blood, dying without resting their eyes.

“Since ancient times, the evil has been invincible, and I will die!”

Seeing more and more fellows in the rivers and lakes fall, Yue Feng was completely anxious, roared wildly, and raised his hands suddenly.

“All thoughts are despairing!” In the

next second, four words shouted from Yue Feng’s mouth like thunder.

hum!

At the moment when the last word fell, the air between heaven and earth was instantly distorted, and a domineering and unparalleled force gathered crazily, forming a huge storm of power that was involved in the enemy army!

Kaza, Kaza...

I saw that the death warriors who were caught in the storm were separated one by one, mourning constantly, and the rest were panicked. Although these death troops did not have their own consciousness, they were You can also feel the danger.

Whoa!

Seeing this scene, the major sects were extremely excited, and many people cheered.

“Sect Master Yue is mighty...”

“Sure enough, Sect Master Yue is still very powerful.”

In the praise of everyone, Yue Feng’s face was pale, Fang Tianhua halberd stuck on the ground, supported his body, and performed two stunts in a row, the dantian’s inner strength was almost consumed.

“For the sake of Kyushu, kill!”

Under the excitement, Sun Dasheng was the first to react, howling, and then rushed into the enemy with the opening axe tightly.

The masters of the major sects, followed closely behind!

However, the strength of the two sides is too disparate, and in the blink of an eye, many more people fell in a pool of blood.

Chapter 3124

At this moment, the battle in mid-air is getting more and more intense!

Seeing that above the black mist filled the sky, the figures of Duan Yu and Bing Yao kept colliding. Duan Yu looked leisurely and relaxed, but Bing Yao’s face was pale and her delicate body trembled faintly.

Not bad, Bing Yao is about to be unable to stop her.

“Haha!”

At this moment, Duan Yu shook Bingyao back a few meters with a palm, and said with a smile, “If I remember correctly, your name is Bingyao, I have absorbed the power of Hades, and you are Hades. This is enough to prove that we are destined. Since we are destined, why do we have to fight to the death?”

“I don’t think it is better than this. From now on, you will be my woman, and when I occupy Kyushu, you will be the mistress of this world. How?”

While speaking, Duan Yu’s eyes kept looking at Bing Yao.

Swish!

Hearing this, Bing Yao’s beautiful face was filled with shame and anger, and she shouted: “Shameless!”

As the Queen of the Underworld, Bing Yao is extremely arrogant and powerful, and even the previous Hades was jealous of her. How can I not be angry when I was teased by Duan Yu?

hum!

The next second, Bing Yaoyu raised her hand, and the ice sword condensed, stabbing towards Duan Yu like lightning.

“Tsk tsk.”

Feeling Bing Yao’s anger, Duan Yu didn’t panic at all.

Nima!

Seeing this scene, Yue Feng, who was fighting below, looked extremely ugly.

Now it seems that Bing Yao is not Duan Yu’s opponent at all, and Duan Yu’s subordinates, as well as Jed and the army of millions of deaths, it seems that there is really no hope of winning this battle.

Thinking to himself, Yue Feng gritted his teeth and kept waving Fang Tianhua halberd.

Yue Feng couldn’t remember how many dead soldiers he had repelled. He only knew that after these soldiers were defeated, they would get up again and continue to join the battle.

In this case, Yue Feng gradually became powerless.

“Yue Feng, go to hell!”

At this moment, Jade, who had been looking for opportunities not far away, suddenly shouted and looked at Yue Feng’s back with a knife.

“Push!”

In an instant, blood swarmed out!

“Yue Feng!”

“Fengzi!”

Seeing this scene, Sun Dasheng and Ren Yingying, who were not far away, all exclaimed in exclamation, and they were all furious.

Nima!

Yue Feng was also furious, and he never thought that Jade was so despicable that he would make a surprise attack when no one was prepared, Fang Tianhuaji swept out fiercely, and directly knocked Jade back.

“Ow...”

However, at this moment, the surrounding death warriors screamed and rushed forward, and the bone knife in their hands stabbed Yue Feng again.

“Puchi! Puchi!”

Yue Feng almost exhausted his inner strength and couldn't dodge at all. A dozen bone knives were stuck on his body, blood sprayed, and he completely became a blood man.

Finally, Yue Feng couldn't hold it any longer and fell to the ground all of a sudden, bleeding all over his body and his face was extremely weak.

“Fengzi, hold on...”

“Yue Feng, you'll be fine...”

Sun Dasheng and Ren Yingying were all shocked, and at the same time they shouted, they were about to rush over.

However, the surrounding death warriors seemed to be inexhaustible. One group was repelled, and more rushed forward, unable to rush to Yue Feng at all.

Ren Yingying is a tough woman. Seeing that Yue Feng was hurt so badly, and she couldn't rush over to help, her heart clenched and tears kept flowing.

call!

Listening to Ren Yingying's cry and Sun Dasheng's crowd's shouting, Yue Feng's eyes became a little wet, and at the same time, his heart was completely desperate.

myself... try my best.

Chapter 3125

Really tried my best.

Thinking to himself, Yue Feng let out a long sigh of relief and slowly closed his eyes. Completely desperate.

“Fengzi, Great Sage!”

However, at this time, a loud shout suddenly came from the distant horizon.

Um?

Hearing the call, both Yue Feng and Sun Dasheng were all refreshed and looked over.

Seeing this, everyone was stunned.

I saw that an army of hundreds of thousands was coming quickly. In this army, every soldier was riding a black warhorse, wearing black and red armor, holding a long knife, and arrogant.

Some people noticed that the long knives of these soldiers were different from ordinary long knives. The blade surface was wider and longer, with a cold and cold light.

What surprised everyone even more was that every soldier in this army had a clean face and was obviously not a living person. When they gathered together, the lifeless aura and the murderous aura pervaded their body, which made people shudder.

And in the air in front of this army, a person wearing a black robe, the momentum is soaring.

It is the ugly ugly.

Yes, Wen Chou Chou led the army of the Blood Buddha that was discovered in the cave before.

Half a day ago, Wen Chou Chou returned to the ground with the Blood Buddha, and when he learned that Jade was leading the death army to attack the Nanyun Continent, he rushed over quickly.

“Brother Wen!!”

“Haha, Brother Wen, you really didn’t die, you didn’t die...”

Seeing Wen Chou Chou appearing, Yue Feng was so excited that he was speechless.

Sun Dasheng was even more excited to shed tears.

“Is it the Lord of the Palace?”

“What a strange army.”

At the same time, the major sects were also stupid, and they were shocked when they saw the blood slaughter that came quickly.

They clearly felt that the murderous aura that erupted from the blood slaughtered slaughtered army almost covered the sky and the sun, and the pressure was so overwhelming that people could not be kicked up. What was even more terrifying was that there was not a single living person in this army.

Ugly?

Duan Yu, who was in a fierce battle with Bing Yao in the mid-air, frowned at this moment and stared at Wen Chou Chou in astonishment.

what's the situation? Where did Wen Chou Chou get such an army?

In a blink of an eye, Wen Chou Chou had already rushed to the front with the blood slaughter. At this moment, seeing the state of Yue Feng and Sun Dasheng, Wen Chou Chou's eyes instantly turned blood red.

I saw that Yue Feng was covered with bone knives, almost turning into a bloody man.

And Sun Dasheng is covered in blood!

Swish!

"Xuefutu obeyed the order and exterminated this army of death for me, not leaving one!! Not leaving one!!" Wen Chou Chou's eyes were extremely blood red, and he almost roared out.

Whoa!

After receiving the order, the soldiers of the blood slaughtered slaughter can speed up the horses and drive straight in, like a sharp sword into the battlefield. In the blink of an eye, the formation of the death army was washed away. Immediately afterwards, many dead warriors were knocked away by the blood slaughter horses, and they were powerless to fight back.

Speaking of which, the army of death and the soldiers of the Blood Buddha, although they are both dead, are almost worlds apart compared to their equipment and strength.

In less than a minute, Jed's army of millions of dead was completely chaotic under the impact of the Blood Buddha.

Whoa!

Seeing this scene, the masters of the major sects, while being shocked, are also excited and jubilant.

Made!

In midair, Duan Yu's face was extremely ugly.

"Wen Chou Chou!" In the

next second, Duan Yu stared at Wen Chou Chou closely and said loudly: "You want to fight against me too?"

Wen Chou Chou looked at Duan Yu, righteously: "Duan Yu, I am not against you. , and you are going to oppose the entire Kyushu, if you knew it would be like this today, I would not save you from purgatory if I said anything at the beginning!" After speaking

, Wen Chou Chou's eyes sharpened: "Before we had a clear relationship, but you hurt me. Brother, I will make you pay your debts with blood!"

The ultimate husband in Chinese chapter 3126-3130

Chapter 3126

"Hahaha..."

Hearing this, Duan Yu seemed to have heard a joke, and laughed wildly: "Let me pay the debt with blood? Wen Chou Chou, have you forgotten that you were the messenger of Pluto, and Pluto With the soul contract, life and death are under the control of Pluto!"

"And now, I have swallowed the power of Pluto and replaced it with a new Pluto, which means that your life and death are now in my hands!" The

voice fell . , Duan Yu's eyes burst into a bright light, and he recited a series of incantations at Wen Chou Chou: The series of incantations was so fast and urgent that everyone heard their ears buzzing.

"Pfft!"

At this moment, Wen Chou Chou's heart was shocked, a mouthful of blood spurted out, and he fell to the ground, trembling uncontrollably.

What?

Seeing this scene, whether it was Yue Feng or Sun Dasheng and others, they were all shocked, and at the same time they couldn't express their worries.

Immediately afterwards, Yue Feng endured the pain on his body and rushed over: "Brother Wen, how are you, brother Wen?" Then, he was about to help Wen Chou Chou up.

However, Wen Chou Chou didn't seem to hear Yue Feng's words, his whole body was cold, he couldn't stop trembling, and his expression was extremely dazed.

Nima!

Yue Feng was sweating profusely, but he didn't dare to act rashly.

"Yue Feng!"

At this moment, Bing Yao couldn't help shouting at Yue Feng: "This is the Soul Exterminating Curse, use it to block his ears, and at the same time use internal strength to protect his heart, otherwise, Soon the soul will fly away!"

As a former Empress of the Underworld, Bing Yao knew very well what the spell Duan Yu was chanting was, and even knew how to decipher it.

This chapter is provided by . Visit for daily update.

Internal power?

Hearing this, Yue Feng was very excited, but he was in trouble in the next second, and his internal strength was almost exhausted. How can I help?

"Yue Feng, let's come..."

At this moment, Ren Yingying and a number of sect masters rushed over, mobilizing their inner strength, protecting Wen Chou Chou's heart and blocking his ears at the same time.

Made!

Seeing that his method was quickly cracked, Duan Yu was very angry, his eyes locked on Bing Yao coldly: "Mind your own business." When the

voice fell, Duan Yu's power exploded, and he slapped Bing Yao with a palm.

At this time, Bing Yao had also consumed a lot of strength in the fight just now. At this time, facing Duan Yu's outbreak, she could only respond hastily. After a few seconds, she was completely suppressed.

"I'm here to help you!" Sun Dasheng couldn't bear it any longer and shouted, his figure burst out and rushed towards Duan Yu.

Swish swish...

Then, dozens of sect masters also burst out to help Bing Yao and deal with Duan Yu.

Previously, the masters of the major sects were surrounded by Jed's army of millions of deaths, and they couldn't get out.

"Haha!"

Seeing Sun Dasheng and many masters rushing in, Duan Yu looked contemptuous and said lightly: "You rotten fish and shrimps are also worthy of fighting against me. Since you have to die, I will fulfill you!"

hum!

The voice fell, and a terrifying aura erupted from Duan Yu's body, and for a moment, the surrounding air seemed to stagnate.

"Crack!" In the

next second, Duan Yu slowly raised his right arm, holding a black iron chain tightly in his hand.

It was the Chain of Underworld God that had been used by Hades before. After Duan Yu devoured the power of Hades, the Chain of Underworld God fell into his hands.

As soon as the Chain of Underworld God came out, the whole world was filled with black mist.

call!

At this moment, whether it was Yue Feng or everyone around him, they all sweated for Sun Dasheng.

Chapter 3127

Although Sun Dasheng has an axe in his hand, Bing Yao is still the queen of the underworld, but against such a powerful Duan Yu, I am afraid that he is not an opponent.

At the same time, Dasheng Sun and Bingyao in the air all looked solemn.

"Great Sage!"

At this moment, Yue Feng suddenly thought of something, and shouted at Sun Dasheng: "You go to the right position in the north, Bingyao, you go to the position in the south... and there are others... .."

Hearing the shouts, Bing Yao, Sun Dasheng and the others did not hesitate at all, they moved, scattered around, and surrounded Duan Yu.

Formation?

Duan Yu frowned secretly, and then said disdainfully: "Just a single formation, you want to trap me? Yue Feng, you are too naive!" The

voice fell, and Duan Yu's figure erupted, shaking the Chain of the Underworld God, about to rush go out!

However, what Duan Yu did not expect was that Bing Yao and Sun Dasheng, under the command of Yue Feng, cooperated closely, and their attack was easily blocked by their joint efforts.

Bing Yao exploded towards the front.

For a time, Duan Yu was very annoyed and tried a few more times, but he never rushed out.

That's right, what Yue Feng asked Sun Dasheng to deploy was a formation called the Qiankun Promise Formation.

The Qiankun Promise Formation is one of the strongest formations in the records of the Baiqi Divine Formation. The requirements are very demanding. Those who form the formation must have the strength to cross the Tribulation Realm, so Yue Feng has never had the opportunity to deploy. After all, in Kyushu, it is too difficult to find more than a dozen masters who have crossed the Tribulation Realm.

But now, Bing Yao, Sun Dasheng and others are fighting against Duan Yu together, and every strength is above the Tribulation Transcendence Realm, which just meets the requirements of the Qiankun Promise Array.

call..

The fierce battle in mid-air made many people below look excited.

Such an epic battle is a rare occurrence in a thousand years.

However, Duan Yu was trapped in the Qiankun Wuji Formation and couldn't get out. It seemed that he was at a disadvantage. In fact, the Sun Dasheng people who formed the formation were also secretly complaining because Duan Yu's strength was too strong. Every attack requires Sun Dasheng and the others. It was only after joint resistance that it was barely able to stop it. The time was short, but the longer the time, the more unbearable it was.

After all, Duan Yu combines the powers of Hades and Lanxin Saintess, and the power is endless.

Ten minutes later, except for Bing Yao, Sun Dasheng and others, all of them were pale.

It can't go on like this!

Discovering this, Yue Feng was secretly anxious.

Swish...

At this moment, in the sky not far away, dozens of figures flew over, all dressed in red, the one at the head, with a graceful figure, like a fairy, but with a proud face.

It was Lu Lingshan and the disciples of the Holy Fire Palace!

Speaking of which, Jed led the army of death to attack the Nanyun Continent, and the news spread all over the Kyushu. After Lu Lingshan learned about it, she did not plan to come to support, but she and Yue Feng had a special life and death relationship with each other because of the Chaos Yin-Yang Pearl. Qian, sensing that Yue Feng was in danger, rushed over immediately.

"Yue Feng!"

Lu Lingshan's eyes flickered with confusion, and she said to Yue Feng, "Are you alright?"

Seeing Lu Lingshan coming, Yue Feng forced a smile: "It's alright, I can't die, I'm dead. What do you do?" His tone was a little frivolous.

To be honest, Yue Feng was not in the mood to joke about the current situation, but when he saw Lu Lingshan, he couldn't help but want to tease.

Swish!

Hearing this, Lu Lingshan's face flushed, and she glared at Yue Feng angrily: "You'd better die quickly!"

This Yue Feng, who was so hurt, was still glib.

This...

Seeing this scene, everyone around was stunned, with complexities in their eyes.

What's the matter, aren't Lu Lingshan and Yue Feng enemies? Why is it like a lover now, starting to flirt with Qiaoqiao?

Chapter 3128

“Yue Feng!”

At this moment, Duan Yu in the sky couldn't help but sneered at Yue Feng: “You can't get rid of the shackles of love between children in your life, that's all you can do.”

The voice fell, and the chain of the Underworld God was waved in his hand, and the air around it was suddenly torn apart.

Bang bang bang....

Then, there was a sound of vibration, and the formation formed by Bing Yao, Sun Dasheng and others suddenly appeared some flaws, and it seemed that they could not be stopped.

Huh....

Seeing this scene, the sect masters below were all shocked, and at the same time, they were also a little desperate.

Bing Yao, Sun Dasheng, all of them are very powerful, and at this time, they can't fight against Duan Yu. Could it be that this battle will really end in misery?

In desperation, many people began to withdraw in their hearts.

“Lu Lingshan!”

However, at this moment, he took a deep breath and shouted at Lu Lingshan, and then, with his toes on the ground, he flew into the sky.

“Om!”

At this moment, Yue Feng's expression was determined, and under the urging of internal force, a black bead slowly condensed from his dantian.

It is the Chaos Yangzhu.

Yes, Yue Feng was also a little desperate in the current situation, but when Lu Lingshan came, it was different. The two had a life-and-death connection. As long as they activated the Chaos Yin-Yang Pearl at the same time, they might be able to turn the tide of the battle. After all, the Chaos Yin-Yang Pearl is a Before Pangu opened up the world.

“Duan Yu, who wins and who loses, not sure!” A cold voice came from Yue Feng's mouth.

At this time, under the burst of Chaos Yangzhu's power, Yue Feng's dantian's inner strength was completely drained, just like an ordinary person.

Seeing this scene, everyone was shocked.

"What is Yue Feng going to do?"

"Are you crazy?"

"What kind of fetish is that black bead, that it can burst out such terrifying power.

"On the Chaos Sun Pearl in front of Yue Feng, his eyes were full of surprise. Even Duan Yu was stunned for a moment

, and then laughed: "What? You want to fight with me? Do you still have this strength?"

.

A single bead can burst such a powerful breath. It seems that Yue Feng was underestimated before.

However, what made Duan Yu even more surprised was still behind.

Whoosh!

Just saw, in Yue Feng's shout, Lu Lingshan bit her lip, and her figure was astonishing, flying high into the sky.

hum!

When she was next to Yue Feng, Lu Lingshan's inner strength urged, and she saw a dazzling white light flashing, followed by a white bead, which quickly condensed.

It is Chaos Yinzhu.

Another bead? !

Seeing this scene, both Duan Yu and everyone below were secretly surprised.

Especially Bing Yao, her delicate body trembled, her eyes fixed on Lu Lingshan, her eyes were full of surprise and envy.

It turned out... Chaos Yinzhu was on this woman.

Everyone around, including Duan Yu, didn't know what Chaos Yin-Yang Pearl was, but Bing Yao, who was the Queen of the Underworld, knew nothing about it.

Ten thousand years ago, the world was not divided, and the world was chaotic. In this chaos, two beads, one yin and one yang, were born, which contained the supreme innate spiritual power. The power of the two beads is combined, and the power of destroying the heavens and the earth can erupt.

“Bingyao, Great Sage, spread out!”

Just when everyone was secretly surprised, Yue Feng shouted, and at the same time joined with Lu Lingshan to completely stimulate the power of the Chaos Yin-Yang Pearl.

Hearing this, Bing Yao, Sun Dasheng and the others did not hesitate at all, and immediately spread out their silhouettes towards the distance.

Chapter 3129

Om! hum!

At this moment, I saw two rays of light, one black and one white, burst out from the Chaos Yang Pearl and the Chaos Yin Pearl, and then gathered together to form a dazzling beam of light that descended from the sky and blasted directly towards Duan Yu.

From a distance, the beam of light ripped apart the sky, like a huge sword, invincible and terrifying.

At the same time, the sky is changing, the stars are eclipsed, and the ground beneath your feet is splitting terrifying gaps.

But he didn't hear their words, floating in mid-air, his eyes tightly closed! Finally, a cold voice came from Yue Feng's mouth, resounding throughout the world!

Phew...

Seeing this scene, everyone below was palpitated, and at the same time extremely excited.

What kind of terrifying power is this to form such a scene?

If you hadn't seen it with your own eyes, who would have believed it?

“Duan Yu, die for me!”

“Death!”

At this moment, Yue Feng and Lu Lingshan shouted in unison, and the power of the Chaos Yin-Yang Pearl was condensed from the sharp sword, slammed to Duan Yu.

Made?

Duan Yu was shocked and didn't have time to think about it, and hurriedly waved the Chain of Underworld God to resist.

"Boom!" The

sharp sword slammed on the Chain of the Underworld God, a terrifying burst of energy, and the entire Longmen Pass was shrouded in a dazzling light.

As the rays of light shone, I saw Duan Yu's figure, who was suddenly shaken and flew out, flying more than a thousand meters, and finally landed on the wilderness, looking weak and extremely embarrassed.

Even if he possesses the power of Hades, he cannot resist the combined attack of the Chaos Yin-Yang Pearl. After all, in the fierce battle just now, Duan Yu was consumed by Bing Yao and Sun Dasheng and others.

Puff, puff!

At the same time, Yue Feng and Lu Lingshan, who were in the air, also landed, staggering a few steps before stabilizing their figures.

Actuating the Chaos Yin-Yang Pearl, Yue Feng and Lu Lingshan's internal strength was exhausted, and they were also extremely weak.

Especially Yue Feng, who was so weak that he could barely stand up. He had been fighting fiercely before, and he had just forced the power of Chaos Yangzhu to be used. Whether it was internal strength or mental strength, it was a catastrophe, and it took at least a month to rest. Row.

Whoa!

At this moment, everyone present was stunned, unable to recover for a long time.

This... is this a win?

What kind of skills did Yue Feng and Lu Lingshan explode just now? It was so shocking, I had never heard of it.

"Haha... Okay, very good! Yue Feng, you are lucky today, we will have a date later!"

At this moment, Duan Yu stood up slowly, eyes like poisonous snakes, stared at Yue Feng, and then shouted at Jade Said: "Withdraw!" The

voice fell, Duan Yu's figure flashed, flew into the thick black fog in the air, and disappeared from everyone's sight in the blink of an eye.

"Withdraw!"

Jed shouted without any hesitation, and fled to the distance with the shattered army of death.

call!

Seeing this scene, Yue Feng secretly breathed a sigh of relief, Nima, it was not easy to finally repel the strong enemy.

Muttering in his heart, Yue Feng wanted to stand up, but he didn't have any strength, so he slumped on the ground.

"Yue Feng!"

Seeing this scene, whether it was Ren Yingying, Sun Dasheng and others, they all exclaimed and hurriedly surrounded them.

When they got to the front, Ren Yingying hugged Yue Feng, her eyes full of worry: "How are you? Are you alright?"

Yue Feng shook his head: "I'm fine."

After thinking of something, Yue Feng turned his head to look He glanced at Wen Chou Chou who was in a coma: "Quick, let's see how Brother Wen is doing?"

Chapter 3130

Everyone hurried over to check.

I saw that Wen Chou Chou was no longer trembling, but his eyes were closed, and he was still in a coma.

call!

Seeing this, everyone was at a loss.

Especially Yue Feng and Sun Dasheng, they are even more anxious. Brother Wen has gone through so much hardship, and there must be no more troubles.

"Don't panic!"

At this time, Bing Yao walked over slowly, looked at Wen Chou Chou's situation and said, "His soul was damaged because of the Soul Exterminating Curse just now, but he has no worries about his life."

Hearing this, Yue Feng suddenly felt relieved, and then couldn't help asking: "By the way, the soul contract between him and Duan Yu..."

Before he could finish, Bing Yao interrupted with a chuckle: "Go. Going to a soul contract is no big deal, I can solve it, it just takes some time."

Great!

Yue Feng was overjoyed, and quickly asked Sun Dasheng and others to bring Wen Chou Chou into Longmen Pass, and cooperated with Bing Yao to let her heal Wen Chou Chou well.

Later, Yue Feng and the major sects also entered the Longmen Pass to cultivate.

In the following two days, Yue Feng cultivated while investigating the movements of Duan Yu and Jade. Perhaps this battle was severely damaged, and Duan Yu had no new movement.

With the help of Bing Yao, Wen Chou Chou completely got rid of the soul contract, but his body is very weak and needs to continue to recuperate.

At the same time, Yue Feng was at Longmenguan, and Duan Yu's army of one million was destroyed. In just two days, it spread all over Kyushu. Long Yaotian was very excited when he heard the news, and immediately sent a special envoy to Longmenguan. Express thankfulness.

On the third day, the envoy brought a lot of treasures and gifts, and specially met Yue Feng at Longmen Pass.

At this time, in the rest room, Yue Feng looked at the many healing elixir in front of him with a calm expression. In front of him, the special envoy sent by the Nayun royal family stood respectfully aside.

"It's thanks to Sect Master Yue that I can hold the Dragon Gate Pass this time." The special envoy complimented him.

Yue Feng smiled and then asked: "I want to ask the special envoy, why didn't you see the eldest princess this time while guarding Longmen Pass?"

Until this time, Yue Feng didn't know that Long Qianyu and the Queen were both locked up by Long Yaotian Pass. up.

This...

the special envoy hesitated for a while, and said awkwardly: "This...Long Qianyu is no longer the eldest princess, and the queen has also been forced to abdicate..." After saying that, he put the situation of the Nagumo royal family. , said it briefly.

At the end of the story, the special envoy said lightly: "Who would have thought that their sisters would be so disobedient. As the queen, my sister is actually pregnant with a child. You say, if this story spreads, the royal family will What's the face?"

"By the way, Your Majesty has decided to parade in the imperial city three days later and publicly interrogate their sisters."

What?

Hearing this, Yue Feng's heart was stunned, and he only felt that his brain was buzzing, and he was completely stunned there.

The queen and Long Qianyu were both thrown into prison because she was pregnant with a child.

A year ago, she had a night of favor with the queen, and another night of spring supper two months ago. Could it be that the child in her womb... is her own?

Yes, definitely his own.

Thinking of this, Yue Feng couldn't sit still.

An hour later, after the special envoy left, Yue Feng called to Ren Yingying and everyone to continue guarding the Longmen Pass, while he quickly rushed to the Nanyun Imperial City.

.....

On the other side, Nagumo Imperial City!

The sky is gray, like a person's mood, depressing and heavy!

At the west gate of the palace, several hundred guards gathered at this time, holding two prison carts.

In the two prison cars, Long Qianyu and the Queen were detained respectively. Today is the day when their sisters will be parading in the streets!

As the supreme ruler of the Southern Cloud Continent, the queen secretly had a child with a man. This story has spread throughout the imperial city.

At this time, the surroundings of the west gate of the palace were crowded with people watching the excitement.

The ultimate husband in Chinese chapter 3131-3140

Chapter 3131

In the prison car in front of him, the queen was dressed in a white prison uniform, her beautiful face was pale, and her eyes flashed with endless grief and anger.

In the prison car behind, Long Qianyu was even more grief-stricken.

Even if Long Yaotian captured his sister, he still had to parade to the public at this time. It would be better to kill his sister. You must know that the Southern Cloud Continent takes a woman's chastity very seriously.

What makes Long Qianyu even more depressed is that these days, she has been asking who the father of the child in the Queen's womb is, but the Queen has always refused to say.

"Start the parade..."

At this moment, the captain of the guards who led the team shouted, and the prison car slowly moved forward.

wow.

The people on both sides of the street gathered more and more, and everyone's eyes were full of contempt. No one sympathized with the Long Qianyu sisters, but incomparable disgust.

"Bitch!" Finally, someone in the crowd shouted!

All of a sudden, the surrounding people were aroused by emotions, and they pointed at the queen and Long Qianyu and cursed.

"As an empress, she did such a shameless thing and was thrown into the face of the Southern Cloud Continent."

"This kind of woman should die!"

"Smash her to death..."

Indignation, many People began to throw things, vegetable leaves, eggs, and stones like raindrops, towards the queen.

The queen's hands and feet were tightly bound in the prison car, and she couldn't dodge at all. For a time, dirty things were thrown all over her body, and she was very embarrassed.

This chapter is provided by . Visit for daily update.

“stop...”

Seeing this scene, Long Qianyu, who was in the prison car at the back, was furious and his petite body trembled: “All stop...”

Long Qianyu saw that the queen’s face was pale, and it was obvious that she was about to be unable to hold it, you know This situation is very dangerous. If it continues like this, even if the queen does not die, the child in her womb may not be able to be preserved.

Long Qianyu’s coquettish drink failed to stop the crowd.

The captain of the guards in front of him scolded Long Qianyu coldly: “Shut up!”

“Even if our sisters are guilty, but the child is innocent, please stop the surrounding people!” Long Qianyu said anxiously.

“The child is innocent?” The captain of the guards sneered and retorted: “It’s just an evil species, and shouldn’t have come to this world at all!”

Shuh!

Hearing this, Long Qianyu was very angry. At this time, he wanted to rush out of the prison car, but all the acupoints were blocked, and he was completely powerless.

Finally, the prison cart made a full circle around the entire imperial city, and finally stopped at the main entrance of the palace.

It was at this moment that Long Yaotian, accompanied by hundreds of civil and military officials, walked out slowly.

“See Your Majesty!”

Seeing the emperor coming out, the people on both sides of the street stopped throwing things at the prison cart and knelt down at Long Yaotian in unison.

Haha...

Seeing the embarrassed appearance of the Queen and Long Qianyu, Long Yaotian was very excited, he waved his hand and said, “Be flat!”

After speaking, Long Yaotian slowly sat on the throne.

At this time, the captain of the guards trotted over and reported, "Your Majesty, the public parade has ended, and the public trial will begin next!"

Long Yaotian's mouth twitched, revealing a smile.

In the next second, Long Yaotian looked at the Queen: "You still refuse to say it? Whose child does it belong to?"

Huh!

The queen slowly raised her face, looked at Long Yaotian on the throne, and her tone was full of grief and anger: "I...have nothing to say!"

"Is your mouth still stubborn?"

Long Yaotian sneered, his face full of mockery: "As an empress, you are so self-respecting and self-loving, that you have sex with men, and that you are pregnant with evil seeds, making the Nanyun royal family ashamed. If I forgive you lightly, wouldn't the Nanyun royal family become the laughing stock of Kyushu?"

Chapter 3132

"Bah!" The

voice fell, Long Qianyu couldn't help spit, and said coldly: "Full of hypocrisy, Long Yaotian, if you want to kill my sister, do it as soon as possible, stop talking nonsense!

"

At this moment, Long Yaotian's face was extremely ugly.

As the emperor, but being confronted by Long Qianyu in front of so many people, what's the face?

"Execution!"

Under his anger, Long Yaotian shouted angrily without any hesitation.

In an instant, several palace guards came up, dragged the Long Qianyu sisters out of the prison cart, and escorted them to the execution platform next to them.

Seeing this scene, the people watching around couldn't help but talk about it.

"Such shameless woman, don't talk nonsense!"

"Yes, as an empress, but she is so shameless, it's a crime that deserves death!"

“Kill her...”

Under the discussion, many people couldn't control it. Stopped his emotions, pointed at the queen and shouted.

call!

The scolding from everyone kept coming, and the Queen's beautiful face was full of grief and anger, but also despair.

Are you going to die? I'm so unhappy!

At the same time, Long Qianyu was even more ashamed and angry, and kept shouting: “My sister is not a slut, she is being slandered...” However, the surrounding shouts were too loud, and her voice was quickly overwhelmed. submerged.

“Drink!”

At this moment, the guard next to him shouted, then pulled out his long knife and slashed directly at the Queen's neck.

In desperation, the queen simply closed her eyes.

It's okay to die, just pity the unborn child in the womb.

“Leave someone under the knife!”

Seeing that the queen was about to fall to the ground, but at this critical moment, a loud shout came from the sky not far away, and then, in the sky outside the imperial city, a figure flew very fast Come on, look anxious.

It is Yue Feng!

Half a day ago, Yue Feng learned that the Queen and Long Qianyu were going to be paraded on the street and finally be interrogated publicly. In a hurry, Yue Feng rushed over without stopping.

Whoosh!

In the blink of an eye, Yue Feng arrived on the execution platform, stood in front of the queen, and said loudly, “With me here, no one will want to hurt their sisters!”

Shuh!

At this moment, all the people present focused their eyes on Yue Feng, all of them were extremely shocked. The entire imperial city was filled with deadly silence.

After a few minutes, a heated discussion broke out in the crowd!

“Tianmen Sect Master Yue Feng?”

“Why is he here?”

At this moment, Long Yaotian was also stunned, he didn't seem to expect that at the critical moment, Yue Feng would come over to disrupt the situation.

Yue Feng!

The Queen and Long Qianyu were also inexplicably delighted.

Especially Long Qianyu, seeing Yue Feng arrive at a critical moment, his mood is indescribably complicated.

“It turned out to be Sect Master Yue!”

Finally, Long Yaotian reacted and looked at Yue Feng with a half-smile but said: “Yue Feng, you just fought off the army of millions of dead, why didn't you take a good rest at Longmen Pass? Suddenly you came to the Imperial City. already?”

Having said that, Long Yaotian looked at the two queen sisters and continued: “They have brought shame to the royal family, and they should be executed by everyone. Moreover, this is the matter of our Nanyun royal family, so you should not participate.”

When he said this , Long Yaotian looked serious.

To be honest, Long Yaotian didn't want to be so polite to Yue Feng, but he couldn't help it. Yue Feng had just helped Nanyun Continent to defend the Longmen Pass, and he was a big contributor.

More importantly, Yue Feng was powerful, and Long Yaotian had just ascended the throne and became emperor, and his foundation was unstable, so he naturally didn't want to provoke Yue Feng.

Yue Feng was too lazy to talk nonsense, and said lightly: “The queen and the eldest princess can't die!”

Huh?

Hearing this, Long Yaotian frowned secretly and said displeasedly, “Why?”

Chapter 3133 The

voice fell, and many ministers behind him couldn't bear it anymore, and scolded Yue Feng one after another.

"Yue Feng, don't be rude to Your Majesty!" "That's right, this is about our Southern Cloud Continent

, and it has nothing to do with you!

"

All gathered on Yue Feng.

call!

In the face of everyone's accusations, Yue Feng took a deep breath, and his tone was unquestionable: "There is no reason, in short, their sisters will not die!"

Haha!

Hearing this, Long Yaotian couldn't help but sneered, completely impatient: "Yue Feng, just with your words, I will let them go, do you think it's possible? Besides, you and Long Qianyu have already Without the marriage contract, is it worth it to be the enemy of the Nanyun royal family for their sisters?" The

voice fell, the queen bit her lip and said to Yue Feng: "Yue Feng, leave us alone, hurry up and go!"

Said Really, Yue Feng suddenly appeared, and the queen was very happy, but she could also see that Yue Feng had been injured in guarding the Longmen Pass before, and he has not fully recovered yet.

In this case, he cannot be allowed to take risks for himself.

"I won't go!"

Yue Feng took a deep breath, staring at the Queen with a bit of guilt: "I'm sorry, I caused all this!"

What?

Hearing this, the queen's delicate body trembled, and the whole person was stunned.

The surrounding people, as well as civil and military officials and Long Yaotian, also frowned secretly.

what's the situation? What does this have to do with Yue Feng?

“Yue Feng!”

After a few seconds, the queen reacted and said softly to Yue Feng: “What are you talking about?”

Yue Feng was ashamed and said slowly, “I am the father of the child! Therefore, I absolutely won’t watch you die!”

“You...”

Hearing this, the Queen only felt her brain buzzing, and she couldn’t stand still.

The father of the child is Yue Feng, when will I be with him...

At the same time, Long Qianyu next to him is also like being struck by lightning, his delicate body is trembling, and his eyes are staring at Yue Feng, full of shock and surprise. ashamed.

Soon, Long Qianyu calmed down and shouted at Yue Fengjiao, “Yue Feng, you bastard!”

At this time, Long Qianyu was full of anger.

It must be Yue Feng who used despicable means to sully the imperial sister.

Whoa!

At the same time, the surrounding area was completely exploded.

“The father of the child is actually Yue Feng?”

“This...”

“It’s a shame, it’s really shameful.”

At this moment, Long Yaotian was also looking at Yue Feng closely, his face changing.

A few seconds later, Long Yaotian couldn’t help but chuckle: “I really didn’t expect that the dignified Tianmen Sect Master would be so lecherous, even the former Queen Nanyun dared to get involved, good, very good!”

Hearing this, Yue Feng was too lazy to explain, and said lightly: “Whatever you say, anyway, I must take the two of them away!”

It’s not loud, but it’s unmistakable!

Long Yaotian's face changed, and he was completely furious!

The Yue Feng in front of him, even if he is famous in Kyushu, is just a person. However, he uttered wild words and despised the Nayun royal family so much. How could he bear it?

"You are courting death!" Long Yaotian shouted angrily.

As soon as the words fell, the surrounding palace guards pulled out their long knives and rushed towards Yue Feng.

The strength of these palace guards is not low. At this time, they erupted together, and the gathered power distorted the surrounding air, and the momentum was amazing!

Ugh!

Seeing these guards rushing in, Yue Feng secretly sighed, he didn't want to do it, but for the safety of the Queen and Long Qianyu, there was nothing he could do.

In the next second, Yue Feng raised his hand and waved, Fang Tianhua halberd clasped in his hands, and then swung it violently, and saw a dazzling blood-colored light burst out, directly shrouding dozens of guards.

Chapter 3134

Bang Bang Bang!

Accompanied by a shock, I saw these palace guards, who were instantly shaken and flew out, falling from the air one by one, their faces pale.

Yes, Yue Feng left room and did not start killing, otherwise, these palace guards would have died.

This!

Even so, seeing this scene in front of him, whether it is Long Yaotian, or the civil and military officials and people present, can't help but gasp!

This Yue Feng is worthy of being a famous figure in Kyushu. He is only one person, but dozens of palace guards can't even stop him!

Under the shock, Long Yaotian's eyes also revealed a hint of gloom.

Yue Feng ignores the imperial power, and he must be removed today! At this time, Yue Feng looked directly at Long Yaotian, and his tone

was unquestionable: "I said, today I must take their sisters away, whoever dares to stop them will be a dead end!" , Long Yaotian was completely furious and shouted: "Take him down for me, take it..." The voice fell, accompanied by a wave of breath, a dozen figures rushed out of the palace, These people, all wearing golden armor, are filled with powerful aura! It is the Nagumo Imperial Family, the most special existence, the Heavenly Drive Saint Guard. The Heavenly Drive Saint Guard, who is responsible for the safety of the emperor, is very mysterious and rarely appears. At this time, seeing Yue Feng making a riot in the palace, the Heavenly Drive Saint Guard immediately came to escort him. Da da da..

At the same time, the sound of neat footsteps came from not far away, and I saw the imperial city guards rushing over, with a huge momentum, tens of thousands of people!

Phew...

Seeing this scene, Yue Feng couldn't help taking a deep breath, Nima, so many people, it would be a little difficult to safely take the Queen and Long Qianyu away.

The queen next to her also bit her lip tightly, her delicate body trembling faintly.

No matter how strong Yue Feng is, it is impossible to deal with so many people at the same time.

"Yue Feng!"

At this moment, Long Qianyu couldn't help shouting, his beautiful face was full of resentment: "You get out, we don't need your help, get out, get out..." "

Long Qianyu couldn't hide his disgust when he shouted these out.

In Long Qianyu's heart, Yue Feng has never been accepted. Although the death of Saint Lady Lanxin finally revealed the truth, Long Qianyu did not regret breaking the engagement with Yue Feng, because Yue Feng was surrounded by too many confidantes. And Long Qianyu's personality is very strong, and he is not willing to become one of Yue Feng's harems.

Therefore, Long Qianyu has been doing everything possible to distance himself from Yue Feng.

But now, Yue Feng has a child with his sister, which is difficult for any woman to accept.

Ugh!

Hearing Long Qianyu's scolding, Yue Feng was very depressed and wanted to explain, but he didn't know how to start, so he could only sigh.

Whoops...

It was at this moment that the Heavenly Drive Saint Guard and the Imperial City defenders had already rushed to the front.

Yue Feng did not hesitate, grabbing Fang Tianhua's halberd and attacking him. In an instant, the two sides fought together, the sound of weapons colliding, and screams intertwined, and blood stained the palace gate.

At the beginning, Yue Feng was able to deal with it calmly, but because his internal strength did not fully recover, he gradually became unstoppable.

After all, there are too many people on the other side, especially these Heavenly Expulsion Saint Guards, each of whom is in the realm of Fifth Stage Martial Sovereign, and cooperates closely with each other, causing Yue Feng a headache.

"Pfft!"

Finally, a Heavenly Drive Saint Guard found an opportunity and slashed Yue Feng's shoulder with a knife.

In an instant, blood sprayed, Yue Feng staggered back a few steps, his face was extremely pale.

"Haha..."

Seeing this scene, Long Yaotian was extremely excited and shouted, "Good job, kill him..."

Chapter 3135

Got the order, Tianxu Shengwei and imperial city guards swarmed up.

Yue Feng waved the Fang Tianhua halberd, and his heart was like an ant on a hot pot.

No, if this goes on, not only will I not be able to save Sister Long Qianyu, but I will also risk my life here.

"Yue Feng, we are here to help you!"

At this critical moment, a soft and beautiful cry was heard, and then, two charming figures appeared in the sky not far away.

One was wearing a blue dress and the other was wearing a red dress. The appearance is beautiful, the figure is slender and charming, and more importantly, the two women look exactly the same, but one is cold and the other is gentle.

It was Yanhong and Miaoying.

After Yue Feng left Longmen Pass, Miao Ying felt a little worried, so she called Yan Hong to come and have a look, but just now, she saw that Yue Feng was being besieged in the imperial city.

Whoa!

Seeing Yanhong and Miaoying, there was an uproar inside and outside the palace gate.

Whether it was Long Yaotian, the civil and military officials, and the surrounding people, they were all stunned.

Two beautiful women, not only look exactly the same, but also so powerful.

However, Long Qianyu's face became more and more ugly.

How many confidantes does Yue Feng have? There are already so many women around, but it is unforgivable to defile his own imperial sister.

“Quick!”

Seeing Yanhong and Miaoying arriving, Yue Feng was surprised and delighted, and hurriedly shouted, “Help me stop them!”

Hearing these words, Yan Hong and Miao Ying did not hesitate, their figures were astonishing, and a terrifying force erupted together, welcoming the Heavenly Drive Saint Guard and the Imperial City Guards.

Boom...

In an instant, I heard a roar, and the Heavenly Drive Saint Guard and the Imperial City Guard who rushed up were all shaken back by dozens of steps.

On the other hand, Yanhong and Miaoying stood in front of Yue Feng, fluttering like immortals, not moving at all.

What?

The strength of these two women is too terrifying. After so many days, they are not opponents!

Seeing this scene, Long Yaotian and the civil and military officials were shocked!

You must know that the Heavenly Drive Saint Guard is the secret trump card of the Nayun royal family. With so many Heavenly Drive Saint Guards appearing, even Yue

Feng has to avoid the edge, but facing the two women in front of him, he can't take advantage of it at all. arrive.

If you don't see it with your own eyes, who can believe it? !

They didn't even know that Yan Hong and Miao Ying were not from Kyushu at all, but fairies born in the illusory realm.

"Yue Feng, take someone to go first!" At this moment, Miao Ying urged softly.

When the words fell, Yan Hong also said lightly, "Let's go quickly, obviously the strength has not recovered, so I have to cause trouble."

Uh...

Hearing Yan Hong's words, Yue Feng was very embarrassed.

After that, Yue Feng did not hesitate, endured the pain, holding Long Qianyu and the Queen tightly, one in each hand, soaring into the sky and flying towards the outside of the imperial city.

"Stop them!"

Seeing this scene, Long Yaotian was furious and couldn't help shouting.

swoosh swish...

In an instant, many Heavenly Drive Saint Guards urged their internal forces to pursue them, but they were intercepted by Yanhong and Miaoying before they flew into the air.

Bang....

Seeing this scene, Long Yaotian's face was extremely ugly, and he slapped his palm on the dragon seat: "Trash, it's all trash, pass my order, no matter how much you pay, you must take down these two women and arrest them. Staying in Yue Feng..."

It was a shame and shame for Yue Feng to take sister Long Qianyu away in front of so many people.

The ultimate husband in Chinese chapter 3136-3140

Chapter 3136

"Kill!" The

voice fell, and the Tianxu Shengwei and the imperial city guards screamed and rushed towards Yanhong and Miaoying.

In an instant, the two sides fought together, screaming constantly!

...

the other side.

Dozens of miles away from Longmen Pass, there is a valley where Duan Yu is temporarily stationed with the defeated army of death.

At this moment, Duan Yu sat there in the tent of the camp with a gloomy expression on his face.

Jed stood aside, trembling. The atmosphere was indescribably depressing.

This time the attack on Longmen Pass was a tragic defeat. Whether it was Duan Yu or Jade, the mood was extremely bad.

“Your Majesty!”

Finally, Jade took a step forward and said cautiously: “I will reorganize the army later, and I must capture the Longmen Pass to relieve Your Majesty’s worries.”

Duan Yu chuckled and sneered: “Then Yue Feng and Lu Lingshan have the Chaos Yin-Yang Pearl of Empress Nuwa, I am no match, can you beat me?”

Uh...

Jed scratched his head awkwardly, then thought of something, and quickly said: “Your Majesty, Chaos Yin-Yang Pearl is nothing, didn’t His Majesty capture the Nine Heavens Saintess? As long as they fuse all their innate auras, defeating Yue Feng is easy.”

After speaking, Jed showed a smile and continued: “The previous generation of Hades is still there. At that time, I overheard him say that in order to fully integrate the power of the Nine Heavens Saintess, it is necessary to form a great soul-melting formation on the top of the Kunlun Mountains at the top of Kyushu, because the Kunlun Mountains are connected to the Mitian Spiritual Realm where the Nine Heavens Saintess is located. , the fusion of innate spiritual power will be more pure...”

This chapter is provided by . Visit for daily update.

Hahaha...

Hearing this, Duan Yu was overjoyed, nodded in approval and said, "Okay, just do as you said, set off immediately, and take the Holy Maiden of Nine Heavens to the top of Kyushu."

"Yes, Your Majesty!" Jade responded and hurriedly Get out of the tent.

A few minutes later, the death army quickly assembled, escorted Duan Yu, and headed for the top of Kyushu.

...

on the other side, in mid-air.

Yue Feng took Long Qianyu and the queen and flew out of the imperial city smoothly.

"Yue Feng, let go of me, let go..." Long Qianyu's pretty face flushed, and she kept struggling and shouting.

The queen was in a trance, as if she had lost her soul.

Suddenly, he was pregnant, and then he was expelled from the throne and thrown into prison. Before he fully understood what was going on, Yue Feng suddenly appeared again and said that he was the father of the child. It would be difficult for any woman to accept this for a while.

At this time, the queen only felt that her brain was buzzing, and it was completely messed up.

Long Qianyu shouted and made a lot of noise, but Yue Feng ignored it.

Pfft!

After flying for more than ten minutes, and seeing that there were no chasing soldiers behind him, Yue Feng slowly landed in a forest. The moment he landed, Yue Feng finally couldn't hold it anymore, and suddenly collapsed on the ground.

When he came from Longmen Pass, Yue Feng's injuries had not fully recovered. He had experienced a fight just now, and he couldn't stand it anymore.

"Yue Feng!"

Seeing this scene, the Queen, who had been in a trance, reacted, couldn't help but exclaimed, and quickly took Yue Feng's arm: "How are you?"

When asking these questions, the Queen's beautiful face , full of complexity.

To be honest, knowing that Yue Feng is the father of the child, the queen was also a little ashamed and angry, but she didn't know why, but she couldn't hate Yue Feng.

"It's okay, I can't die!" Yue Feng responded with a wry smile.

The next second, Yue Feng looked at the Queen seriously, and said with guilt: "Your Majesty, it's my fault, I made you like this, but there are too many coincidences in it..."

After that, Yue Feng said He explained in detail what happened when he mistakenly entered the queen's bedroom and was then regarded by the queen as the first emperor.

Swish!

Chapter 3137

Hearing this, the queen's beautiful face suddenly flushed with shame.

It turns out...the truth is like this.

At this time, Yue Feng scratched his head, embarrassed: "Your Majesty, the main responsibility for this matter lies with me. If you want to kill or cut me, you will never complain." The

queen pondered silently.

Yue Feng continued: "If Her Majesty the Queen wants to give birth to the child, I will be responsible to the end..."

"..."

Hearing this, the Queen's face blushed again, and her heart was a little confused.

Yue Feng is a famous figure in Kyushu. He knows everything about astronomy and geography. He is a rare talent. The queen really can't bear to kill him, but she is a majestic queen and wants to be his woman

... , the queen was in a tangle.

Seeing that the Queen hesitated, Yue Feng did not urge, but looked at her quietly.

puff!

However, at this time, Yue Feng rushed to the back and a chill came, and then his heart was cold, and he saw a sword directly penetrated his heart, and blood gushed out instantly!

When the severe pain came, Yue Feng only felt the blackness in front of him, and when he turned his head to look, he saw Long Qianyu holding a long sword tightly, and his eyes were full of resentment.

“You...”

Yue Feng was shocked, opened his mouth, but only said one word, and he couldn't go on. He only felt that the strength of his body was rapidly draining, his breath was extremely weak, and he lost the strength to speak.

In his heart, he was also extremely shocked. Yue Feng never thought that Long Qianyu would surprise him from behind.

“Yue Feng!”

Seeing this scene, the queen's delicate body was shocked, and the whole person was stunned.

In the next second, the queen said to Long Qianyu, “What are you doing, are you crazy?” As she spoke, the queen took out the brocade from her body and hurriedly helped Yue Feng to cover the wound, but Yue Feng was bleeding too much and was very Kuaijinpa was dyed red.

“Imperial Sister!”

Long Qianyu gave Yue Feng a look of disgust with a cold face: “I'm not crazy at all, Yue Feng is despicable and shameless, tarnishing your innocence, it's not a pity to die, get out of the way and let me kill you He.”

“No!” The

Queen immediately shook her head and said anxiously, “He was hurt like this to save us. You killed him now, wouldn't you take advantage of others' danger? Let's talk about it...” With

that, the Queen's delicate face It was a bit complicated: “The matter between me and him is also a coincidence. If you kill him, what will happen to the child?”

“Child?”

Hearing this, Long Qian's delicate body trembled. , the anger in his heart was completely ignited, and he shouted: “Do you really want to give birth to a child? Don't forget, who hurt you so badly? If this bastard tarnished your innocence, you wouldn't be kicked out. When you step down to the throne, you won't be called a woman who has no shame in the mouths of the people.”

“All of this is Yue Feng, it’s him.”

Bah!

The last word fell, Long Qianyu pushed the Queen away, and the long sword stabbed at Yue Feng.

What the hell!

Seeing the long sword piercing, Yue Feng was furious and instinctively wanted to dodge, but because he lost too much blood, he had no strength at all, and could not dodge at all.

At this time, Yue Feng was almost on the verge of crying without tears.

He never thought that he would desperately try to rescue the Long Qianyu sisters. In the end, Long Qianyu was not grateful at all and would kill himself.

However, Yue Feng couldn’t hate it, because Long Qianyu said it well, if it wasn’t for Yue Feng, the Queen would not have ended up in such a situation.

The queen next to her wanted to stop her, but she was helpless.

“Stop it!”

At this critical moment, a coquettish shout came, and then, two slender figures flew quickly from a distance, blocking Long Qianyu’s sword.

It was Miao Ying and Yan Hong.

Chapter 3138 Yanhong

and Miaoying joined forces, and they were invincible. The entire Nanyun Imperial City was unstoppable. They quickly defeated the Tianxu Shengwei and rushed to join Yue Feng. As soon as they arrived, they saw that Long Qianyu was going to kill Yue. wind.

At this moment, Miao Ying stood in front of Yue Feng and said to Long Qianyu: “What’s the matter with you, Yue Feng took the risk to rescue you, why did you kill him?” As

she spoke, Miao Ying saw Yue Feng’s situation suddenly trembled, and he was worried.

I saw that Yue Feng’s heart was pierced, the blood flowed non-stop, and the whole person was extremely weak.

“Yue Feng, how are you, how are you...” Miao Ying helped Yue Feng, her eyes were full of worry and she was about to cry.

“Look at how nervous you are!”

Yan Hong, who was next to him, looked indifferent: “He won’t die, but he lost too much blood.”

After speaking, Yan Hong looked at Long Qianyu: “Why did you kill him?”

Long Qianyu bit her lip tightly, and said coldly, “He tarnished my royal sister’s innocence, and it would not be a pity to die 10,000 times.” After

speaking, Long Qianyu looked at Yue Feng and said, “I didn’t kill you just now, count you. Good luck!”

Whoosh!

Feeling Long Qianyu’s anger and disgust, Yue Feng took a deep breath, not knowing whether to laugh or cry. At this time, Miao Ying couldn’t stand it anymore, and shouted at Long Qianyu

: “Yue Feng saved you, but you want to kill him, aren’t you ashamed?”

What it means, she only knows that Yue Feng risked his life to rescue Long Qianyu, but Long Qianyu retaliates with kindness, which is very inappropriate.

Long Qianyu snorted coldly and did not respond.

“okay!”

At this time, Yan Hong was too lazy to talk nonsense, and said lightly: “What are you talking about with her? Just kill it.” After the words fell, Yan Hong stretched out her finger and touched Long Qianyu’s acupuncture point.

She and Miao Ying are both fairy spirits, but Yan Hong has a violent personality and is extremely murderous.

Yanhong’s speed was so fast that Long Qianyu didn’t have time to react. In an instant, her delicate body trembled, and she couldn’t move at all.

hum!

The next second, Yanhong slowly raised her right hand and patted it on Long Qianyu’s head.

Feeling the powerful aura of Yanhong’s eruption, Long Qianyu had a fearless face on the surface, but was panicked in his heart.

It's so sad to die like this.

"Don't!"

Seeing this scene, the queen's delicate body trembled, and she couldn't help but let out a coquettish cry.

Immediately afterwards, the queen tilted her head to plead for Yue Feng: "Yue Feng, the imperial sister has an impulsive personality. You know it better, so please forgive him this time."

Having said that, the queen held her own identity, and did not want to be so arrogant to Xiang Yue. Feng begged for mercy, but there was nothing she could do. She and Long Qianyu were deeply in love, so how could she just watch her die?

"Sister, you don't ask him!" Long Qianyu couldn't help shouting.

Yue Feng hurt his sister so badly, he would rather die than bow his head to him.

However, the queen didn't seem to hear it, and kept begging to Yue Feng: "Yue Feng, please spare her, please..."

Phew!

Yue Feng took a deep breath and said to Yanhong: "Forget it, let her go!" To

be honest, Long Qianyu's surprise attack from behind made Yue Feng very annoyed, but Yue Feng also knew that the two sisters of Long Qianyu In such a situation, he has a direct relationship.

What's more, the queen is pregnant with her own child, and she really wants to kill Long Qianyu, which is too unreasonable.

What?

Yan Hong thought she had heard it wrong, her eyebrows furrowed, and she said to Yue Feng, "She almost killed you, so you want to let her go?"

"Yes!" Yue Feng said seriously, "Let her go!"

However, Long Qianyu didn't appreciate it at all, her pretty face flushed and she cursed: "Yue Feng, don't be hypocritical, kill if you want, stop talking nonsense, let me tell you, even if you let me go, I won't forgive you, and I won't let the imperial sister give birth to the child, you better die!"

Hearing this, Yue Feng's face was extremely ugly.

Chapter 3139

Nima, this Long Qianyu is crazy, she explained it herself, and the queen didn't blame it, but she always held on to it.

Thinking to himself, Yue Feng was too lazy to say more, and motioned Yanhong to let Long Qianyu leave quickly.

Yue Feng thought about it, the queen is pregnant, she should stay by her side and take good care of it. As for Long Qianyu, let her go first, she will calm down after a long time.

Yanhong didn't let go of Long Qianyu immediately, seeing that the more she scolded her, the more unpleasant it sounded, she said coldly, "You don't know how to praise..."

Long Qianyu interrupted her before she finished speaking.

"You don't come and teach me." Long Qianyu's eyes flashed with contempt, and he sneered: "You are not a good thing to follow a person like Yue Feng!"

At this time, Long Qianyu, under the shame and anger in his heart, has lost reason.

Swish!

Seeing her pointing her finger at her, Yanhong's face changed, and a murderous intent burst out in her eyes: "You are courting death!"

As fairy spirits born in the illusory realm, Yanhong and Miaoying are diametrically opposed. He is evil by nature, acts as he pleases, and has no scruples. He didn't restrain himself until he met Yue Feng, but Yue Feng was also in awe of her, but at this time, he was insulted by Long Qianyu face to face, how could he bear it?

What the hell!

At this moment, Yue Feng was also shocked, looking at Long Qianyu's eyes, showing helplessness and depression.

She has to be careful with Yanhong, but Long Qianyu dares to scold her, isn't this courting death?

hum!

Under the anger, Yanhong's power erupted, and a terrifying aura instantly locked Long Qianyu.

"stop!"

In a panic, Yue Feng couldn't help shouting: "Yanhong, let her go immediately." His voice was weak, but there was no doubt.

"A mortal woman dares to scold me, she really doesn't know her life or death." Yan Hong said coldly.

When the words fell, Yan Hong stretched out her jade hand and grabbed Long Qianyu's neck all of a sudden. With the powerful force surging, she saw Long Qianyu's beautiful face instantly turn purple.

Long Qianyu wanted to struggle, but with the terrifying power of the fairy in front of him, he had no chance to resist at all. He only felt that his eyes were darkened and his breathing became more and more difficult.

"Yanhong!"

Seeing this scene, Yue Feng was shocked and angry: "You didn't listen to my orders, didn't you, don't forget, how did you promise me in the Great Illusory Realm before? Are you going to go back on your word? ?"

When he said this, Yue Feng was righteous, but his heart was confused.

Previously in the illusory realm, Yue Feng used the formation to trap Yan Hong and forced her to obey, but Yue Feng also knew that in Yan Hong's heart, she had never accepted herself. At this time, she wanted to kill Long Qianyu wholeheartedly, and she really couldn't stop it.

call!

Hearing this, Yan Hong's icy face was gloomy and uncertain, and it took more than ten seconds before she let go of her jade hand.

"Yue Feng, what can you do with a soft-hearted person like you? You want to let her go, right, okay, I will follow your wish, but in the future, don't ask me to help you again.

" With these, Yanhong's figure turned around and walked towards the distance.

Obviously, Yue Feng's actions made her very annoyed, but she couldn't help it. She had promised Yue Feng in the illusory realm before that everything had to obey his orders. Yan Hong was arrogant, but she did what she said.

call!

Seeing this scene, Yue Feng secretly breathed a sigh of relief.

Nima, it is fortunate that this Yanhong is faithful to her words, otherwise, Long Qianyu would be really dangerous.

Long Qianyu walked around from the edge of death, and was still in shock, but he didn't have the slightest gratitude to Yue Feng.

"Yue Feng, I won't let you go!" Long Qianyu said coldly, and turned away without looking back. In the blink of an eye, he disappeared into the woods.

Nima!

Watching Long Qianyu go away, Yue Feng was very depressed.

What is this called.

He saved Long Qianyu twice, but he didn't say thank you, and indirectly offended Yanhong.

Chapter 3140

"Yue Feng!"

At this time, the queen said softly: "Don't blame the emperor...she is so impulsive sometimes."

Yue Feng smiled and said it was fine.

Miao Ying next to her was nervous: "Yue Feng, how do you feel?" As she spoke, she sat down with her knees crossed to help Yue Feng heal her injuries.

It has to be said that Miao Ying, as a fairy in the illusory realm, has a pure innate spiritual energy, and after a while, Yue Feng's complexion recovered a touch of rosy.

"Let's go!"

Yue Feng took a deep breath and said slowly: "Let's go back to Longmenguan, hurry!" His tone was flat, but his eyes were a little anxious.

To be honest, Yue Feng's current situation needs to be cultivated in time, but he is very clear in his heart that he has just rescued the Long Qianyu sisters from the palace. Long Yaotian will never give up and will definitely send an army to Longmenguan to deal with Ren. Yingying and Sun Dasheng.

Therefore, it is imperative to rush back.

.....

At this moment, Nagumo Palace!

Inside the hall, Long Yaotian sat there, his face extremely gloomy.

I originally planned to publicly judge the Queen and Long Qianyu today to secure my throne, but unexpectedly, Yue Feng suddenly attacked, not only saving people, but also making a mess of the palace.

“Report—“

At this moment, Liu Quan, the commander of the imperial city guard, walked in quickly, knelt down with a plop, sweating profusely: “Avoid, my subordinates lead the army to search the mountains and fields near the imperial city with all their strength, but... There is no whereabouts of Yue Feng!”

“Trash!”

Hearing this, Long Yaotian was extremely angry: “Yue Feng was seriously injured when he fled, and it is absolutely impossible to escape.”

Liu Quan knelt there tremblingly, not daring to let out a breath.

In the next second, Liu Quan thought of something, and said cautiously, “Your Majesty, although Yue Feng has escaped, the Ouyang family is still at Longmen Pass. As long as we capture the Ouyang family, Yue Feng will definitely show up!”

Shuh!

Hearing this, Long Yaotian’s eyes flashed suddenly, and then he showed a smile: “This is a good way!”

Although Yue Feng escaped, but the Ouyang family was still at Longmenguan, how could he forget this.

Thinking to himself, Long Yaotian was very excited, and immediately ordered: “If you send the order, you can send troops to Longmen Pass and wipe out the Ouyang family!”

“Yes!”

Liu Quan hurriedly responded and walked out of the hall.

A few minutes later, hundreds of thousands of elites from the imperial city, led by Liu Quan, rushed to Longmenguan!

Hundreds of thousands of elites from the Imperial City left, and the defense of the entire Nagumo Palace was weakened a lot in an instant.

At this time, darkness gradually fell, and the entire Nagumo Palace was shrouded in darkness.

“Whoosh!”

Suddenly, a slender figure flew from a distance and landed steadily on the top of the north gate of the palace.

Through the moonlight, I saw her wearing a fiery red dress, her tight figure was looming, and she was extremely charming.

It is Yanhong.

Before Yanhong wanted to kill Long Qianyu, she was stopped by Yue Feng with a tough attitude, which made Yanhong very annoyed. She was originally a fairy in the illusory realm, with an evil and cruel nature, but her freedom of behavior was restricted by a human man. , At this time, there is nowhere to vent his grievances, and he intends to come to trouble the Nagumo royal family.

“Huh? Who?!”

“So bold? Dare to trespass the palace?”

“It’s her!? The woman who helped Yue Feng before...” In an

instant, the palace guards discovered Yanhong, and everyone panicked. at a loss.

At the same time of panic, the eyes of many guards also looked at Yan Hong without blinking.

The ultimate husband in Chinese chapter 3141-3150

Chapter 3141

Beautiful!

This woman is so beautiful, with a beautiful face and a perfect figure, without the slightest flaw, just the breath that permeates her body, too strong, too fierce.

Yan Hong didn't care about the gazes of these guards, her icy expression did not fluctuate in the slightest.

"Tell your emperor to come out and lead him to death." An icy voice sounded from Yan Hong's mouth.

Yanhong has a cruel personality and acts arbitrarily. Although what happened today was caused by Yue Feng, it is also indirectly related to Long Yaotian. Because Yanhong has to keep his promise, he can't do anything to Yue Feng, so he can only spread the fire on the ground. On the Nayun Royal Family and Long Yaotian.

What?

Hearing this, all the guards below were extremely shocked.

This woman is so arrogant that she even single-handedly provokes the imperial palace, and even threatens to be detrimental to His Majesty. She is so arrogant and lawless.

"You're not timid!"

Finally, a captain of the guards took the lead in reacting and shouted angrily at Yan Hong: "During the day, Yue Feng and Yue Feng made a riot at the execution ground. See if you don't know how to write dead characters."

"It's long-winded." A

cold voice came from Yanhong's mouth, and then her delicate body flashed, and she instantly came to the captain and slapped him fiercely. face!

"Ah..."

Before the captain could react, the whole person flew up, spilling a patch of blood in the air, and when he landed, he died of anger.

hiss!

This chapter is provided by . Visit for daily update.

Seeing this scene, the other guards present couldn't help gasping for air.

Strong... This woman's strength is simply a pervert. You must know that the captain of the guards is also the strength of the fifth stage Martial Emperor, so he was beaten by Yan Hong.

"Someone is making a riot in the palace, come and help!"

Under the shock, several guards couldn't help shouting. In an instant, all the guards in the palace were alerted, including the heavenly exorcism saints, all came.

Seeing so many guards coming, Yan Hong's expression was cold, without the slightest fluctuation.

In the next second, Yanhong looked around and saw Long Yaotian's figure, so she couldn't help but scornfully said: "Your new emperor, can you be so capable? I don't dare to come out alone! In that case, I will take you all first. Kill it, set the palace on fire with a torch, and see where he can hide!"

Om!

When the voice fell, Yan Hong slowly raised her jade hand, and saw a black fog quickly spread out, and then, a fiery red thunder and lightning condensed in Yan Hong's hand.

It was Yanhong's ultimate move, the Blood Devil Lightning Palm.

What a strong breath, and this thunderbolt turned out to be blood red.

Seeing this scene, all the guards present, including Tianxu Shengwei, trembled in their hearts.

It was at this moment that Yan Hong did not hesitate at all. With a wave of her jade hand, blood-colored lightning burst out!

boom!

The blood-red thunder and lightning broke out in the crowd of guards in an instant, and the blood-colored thunder and lightning spread rapidly, and many guards were enveloped.

Seeing this scene, the remaining guards, as well as the Heavenly Drive Saint Guard, all turned pale.

This woman's strength is too terrifying, how can she fight?

Whoops!

That is, at this moment, several figures came out of the hall quickly, and the dragon robe at the head was Long Yaotian.

“It’s you again!”

Seeing Yanhong, Long Yaotian was stunned for a moment, and then roared, “How dare you come back to make a riot in the palace? This time you don’t want to leave alive!”

While speaking, Long Yaotian clearly saw, Surrounded by the bodies of guards, the ground was dyed red with blood, and the anger was rising.

Yan Hong snorted coldly, a trace of gloomy expression on her beautiful face, looked at Long Yaotian and said word by word, “Stop talking nonsense, I’m going back and coming back, I’m here to take your life!”

Chapter 3142

Swish!

Hearing this, Long Yaotian’s face was extremely ugly, and the flesh at the corner of his eyes twitched.

“Okay, very good!!” In the

next second, Long Yaotian sneered and said with red eyes: “I want to see how talented you are!” The voice fell, and Long Yaotian urged him with a long sword. Holding hands tightly, it erupted immediately, heading towards Yanhong.

Seriously, after seeing Yanhong’s strength in the daytime, Long Yaotian didn’t want to do it himself, but he was so dignified by Emperor Nanyun that he was despised by a woman.

Moreover, this woman fought against the Heavenly Drive Saint Guard during the day, and the internal energy consumed must have not recovered, so Long Yaotian did not panic at all.

At this time, Long Yaotian didn’t realize that the Yanhong in front of him was not a human at all, but a fairy.

“Om!”

Seeing Long Yaotian burst out, Yan Hong raised a trace of contempt at the corner of her mouth, then raised her jade hand and laid down a protective layer in front of her.

“Boom!” In the

next second, Long Yaotian's long sword stabbed hard on the protective film, and he saw Long Yaotian's face instantly pale, and his body was shaken out.

On the other hand, Yanhong was quietly suspended in mid-air, not moving at all.

What?

Seeing this scene, all the guards around were dumbfounded.

Long Yaotian stabilized his figure and looked at Yanhong closely, shocked.

How could this be? His all-out blow didn't even threaten this woman at all. Who is she?

"ended!"

Just when Long Yaotian was secretly shocked, Yanhong's red lips parted lightly, and she said a few words, and then her figure was astonished, and she slapped Long Yaotian with a palm. Wherever the figure passed, the sky was distorted.

"Bang!"

Long Yaotian had just been shaken, his internal strength was disordered, and he had no time to dodge. This palm directly smashed the top of his head, and he fell to the ground with a bang, his eyes widened, and his breath was completely gone.

Yanhong stood there proudly, looking at Long Yaotian's corpse, her eyes were full of cold evil. In her heart, killing Long Yaotian was no different from crushing an ant.

call!

At this moment, the surrounding guards were all dumbfounded, and the whole place was deadly silent.

"Your Majesty is dead!"

Finally, someone shouted, and many guards dispersed, scrambling to escape.

...

on the other side, Longmenguan!

In the hall of the defending general's mansion, Wen Chouchou, Sun Dasheng and others sat there one by one, all a little anxious.

Yue Feng went to the imperial city alone, and he didn't know what happened.

Because before Yue Feng left, he only said that he would rescue the Queen and Long Qianyu, and he did not say any relevant details, so the crowd of Wen Chou Chou did not know the specific situation.

“It’s not good!”

At this moment, Meihui walked in quickly, with a hint of panic on her delicate face: “The royal family of Nanyun has sent a team of elites and they have already gone outside the city. I heard that it is for our Ouyang family. Come!”

What?

Hearing this, Wen Chou Chou, Sun Dasheng and the others all looked at each other in dismay.

Could it be that Yue Feng caused trouble in the Nanyun Imperial City?

That’s not right, Yue Feng had just helped to defend the Longmen Pass, and the new emperor of Nanyun Continent had specially ordered someone to send him a generous gift.

“Don’t panic!”

At this time, Wen Chou Chou reacted and said slowly, “Let’s go out and have a look.” After saying that, he walked out first.

In the past few days, with the help of Bing Yao, Wen Chou Chou completely got rid of the soul contract, and his injuries have also recovered a lot.

After getting rid of the soul contract, the evil arts of the ghost world that Wen Chou Chou practiced before disappeared without a trace, and at the same time lost control of the blood Buddha. It is said that before Wen Chouchou got rid of the soul contract, he was a living dead person with extremely heavy yin, so he could control the blood Buddha through the tiger talisman, and once the soul contract disappeared, he would lose the ability to control the blood Buddha.

Chapter 3143

Losing control of the blood slaughterhouse, Wen Chou Chou is not a pity at all, since he has changed back to a normal person, he can be with his brothers, and it is worth the cost.

Sun Dasheng, Ren Yingying and the others looked at each other and followed.

Outside the city gate, I saw other sects also coming out.

call!

Seeing the scene in front of him, whether it was Wen Chou Chou or Ren Yingying and others, they were all stunned.

I saw the elites of the 200,000 Imperial City, waiting in full force, enclosing the entire Longmen Gate like an iron barrel!

These elites in the imperial city are much stronger than the defenders of Longmen Pass. They are uniform in armor, armed with long spears, and their murderous aura is awe-inspiring!

In front of this elite army, a man was riding a warhorse and wearing golden armor, his face was cold.

It is the commander Liu Quan!

“Hey!”

At this time, Sun Dasheng couldn't help coming out and looked directly at Liu Quan: “Are you the commander of the imperial guards? You named our Ouyang family, what's the matter?”

Liu Quan did not respond immediately, but looked around. After a circle, he said lightly: “The people from other sects stand back, so as not to hurt the innocent!”

Wow!

Hearing this, the other sects around were in an uproar.

“What's the situation?”

“This is going to be done?”

“The Ouyang family has just helped guard the Longmen Pass, and the credit is not small. Could it be that the Nanyun royal family is going to cross the river and demolish the bridge?” During the

discussion, many sects retreated.

At this moment, Wen Chou Chou was also a little angry, and glared at Liu Quan: “What do you mean?”

Liu Quan sneered, then his eyes turned cold, and he shouted: “The whole army obeys the order and immediately eradicates the Ouyang family, leaving no one behind! “

Yes!" The

voice fell, and the elites of the 200,000 Imperial City drew out their long knives in unison, howling one by one, and charged directly towards Ren Yingying, Sun Dasheng and others.

"You..."

Ren Yingying's body trembled and she was furious.

Sun Dasheng was even more enraged, he pulled out his axe, and howled, "Okay, you Nanyun Continent, we just helped to defend the Dragon Gate Pass, then turn around and deal with us!"

At the same time, retreat to the other surrounding The masters of the sect were also frowning secretly, feeling that the actions of the Nanyun Imperial Family were too much.

"Haha!"

Liu Quan sneered and said to Sun Dasheng: "You feel very angry, right? Well, I'll let you all understand that Yue Feng acted daringly, forged with the previous queen, and conceived a wicked seed. Later, he was openly on the execution ground, Taking the Long sisters away and ignoring the imperial power is a heinous crime, and you, as Yue Feng's relatives, are also unforgivable!"

What?

Hearing this, both Ren Yingying and Sun Dasheng, as well as the surrounding masters of various sects, were all stunned.

Yue Feng...and the previous queen...have a child?

Especially Ren Yingying, her body was trembling and her heart was extremely complicated.

I thought that Yue Feng went to rescue the Long Qianyu sisters, just to help them mediate the conflict with the royal family, but never expected that the situation would be so serious.

No wonder they sent an army here.

At the same time, the surrounding sects also exploded.

"This Yue Feng is so daring..."

"To actually get her hands on the empress..."

“What about her strength? Her character is so corrupt, and now it’s affecting the Ouyang family...”

Under the discussion , No sect came to help, but avoided far away, for fear of being involved.

Chapter 3144

Wow!

In the blink of an eye, everyone in the Ouyang family was besieged in circles, and fierce battles broke out between the two sides.

Despite the huge disparity in numbers between the two sides, Wen Chou Chou, Sun Dasheng, Ren Yingying and the others are all top experts in Kyushu, and even if they are besieged, they have no disadvantage.

Swish, swish, swish...

Just when the two sides were fighting fiercely, suddenly, a roar was heard in the wilderness not far away.

Looking at the sound, I saw an army of tens of thousands of dead coming quickly. Under the night, the white faces of those dead soldiers made my heart shudder.

Headed by the two handsome figures.

It is Jed’s right-hand man, Zangshuiyue and Zanghuoyue.

what’s the situation?

Seeing this scene, whether it is the two sides who are fighting fiercely, or the surrounding sect masters, they are all shocked.

A day ago, didn’t Duan Yu and Jade lead the army of death to withdraw? Why did it appear silently again?

At this time, everyone didn’t know that Duan Yu didn’t take all the death warriors away, but kept some of them. He was watching the situation near Longmen Pass. The people in charge were the brothers Zang Huoyue and Zang Shuiyue.

Just now, the Zang Huoyue brothers discovered that there was an infighting at Longmen Pass, and without any hesitation, they led tens of thousands of dead soldiers to launch an attack.

“Quick, meet the enemy!”

In an instant, the masters of various sects who were watching the battle around, reacted one after another, and fought fiercely with the army of tens of thousands of dead.

In this case, Wen Chou Chou, Sun Dasheng and others also temporarily stopped fighting with Liu Quan and resisted the army of death together.

Although this army of death was only tens of thousands of people, it was difficult to kill these dead soldiers, and everyone was in a hurry to resist, so after a fight, everyone suffered heavy casualties.

Bang Bang....

During the fierce battle, Sun Dasheng waved his axe and sent several dead soldiers flying in front of him, and then shouted angrily at Liu Quan: "You Nanyun Continent are really shameless, you have to provoke infighting, otherwise, I won't let the army of death have a chance to take advantage of it!" The

voice fell, and Wen Chou Chou followed suit: "Yes, if the Dragon Gate Pass falls this time, the Nanyun Royal Family will be blamed!" When he said this, Wen Chou Chou was very anxious.

Just dealing with Liu Quan and the elites of the Huang family, the Ouyang family is not afraid at all, but now that the army of death is taking advantage of it, it will be different.

"Nonsense!" Hearing this, Liu Quan was very annoyed and scolded: "If it wasn't for Yue Feng's nonsense ,

why would I use Nanyun Continent to do anything to you?

"

Howling rushed up and drowned out their voices.

The situation is getting more and more critical.

It was at this moment that several figures came from a distance, it was Yue Feng, Miao Ying, and the three queens.

What?

Seeing the scene in front of him, Yue Feng was shocked and anxious.

He was in such a hurry to come back because he was afraid that the royal family of Nanyun would take action against the Ouyang family. He didn't expect it to be a step too late, and what he didn't expect was that Duan Yu actually left a small army of death behind.

At the same time, the empress next to her also trembled and was shocked.

Unexpectedly, the battle situation ahead is so tragic. . . .

In the next second, Yue Feng didn't have time to think, and said to Miaoying, "Miaoying, take down those two brothers!" His injury did not recover, so Miaoying could only take action.

Yue Feng is proficient in the art of war, and he knows the truth of capturing the thief first. As long as the brothers Zang Huoyue and Zangshuiyue are controlled, those tens of thousands of dead soldiers are nothing to worry about.

Um!

Miao Ying responded, and her figure flew up, heading straight for Zangshuiyue and Zanghuoyue.

"A woman, also rushed over to be presumptuous?" Seeing Miaoying coming, Zang Huoyue didn't panic at all, her eyes were full of contempt.

Zang Shuiyue also sneered and joined hands with Zang Huoyue to deal with Miaoying.

At the beginning, the two were still full of self-confidence, but gradually they felt that something was wrong. No matter how they cooperated, they couldn't hurt Miao Ying, and they couldn't even touch the corners of her skirt.

bang bang....

Chapter 3145

Finally, Miao Ying found an opportunity, raised her jade hand, and clicked on the acupoints of the brothers.

In an instant, Zang Shuiyue and Zang Huoyue were both shocked and unable to move.

"Let these death warriors stop immediately!" Yue Feng came over, took a deep breath, and shouted angrily at the brothers.

"Haha..."

Zang Huoyue smiled coldly and said cunningly: "The army of death, only obey the orders of Lord Jed and Hades. If you have the ability, you can find Master Jed and His Majesty.

" With the support of Pluto, Zang Huoyue did not panic at all.

Zang Shuiyue next to her also had a cold and arrogant look on her face.

Mad!

Yue Feng was very annoyed, even if he captured the leading Zang Huoyue brothers, the surrounding tens of thousands of dead troops would not stop fighting, and the battle had to continue...

“Fengzi, kill them!”

“Yes, kill them directly. It’s over...”

Seeing the situation here, Sun Dasheng and Wen Chouchou, who were still fighting, couldn’t help shouting.

Hearing this, Yue Feng nodded at Miao Ying and signaled to start.

Since the two brothers did not cooperate, they were killed directly, so as not to leave future troubles.

“Yue Feng!”

At this moment, Ren Yingying suddenly thought of something, and shouted at Yue Feng: “Don’t kill them first, I heard Bing Yao say that to control these dead armies, you need an exorcism spell, check it out. On the two of them.”

Yue Feng nodded, walked quickly to the Zang Huoyue brothers, peeled off their upper clothes, and saw a faint blue spell painted on their backs.

Yue Feng saw that these two spells were painted with the unique pigments of the ghost world, and water could not wash them off at all.

However, Yue Feng quickly thought of a way to let Miao Ying use her innate spiritual energy to directly dispel the spell on the brothers.

The moment the spell was dispelled, tens of thousands of dead soldiers on the battlefield stopped fighting and froze there, like statues.

Puff, puff!

And Zang Huoyue and Zang Shuiyue also trembled and collapsed directly to the ground with panicked expressions.

Done!

The exorcism spell on his body was broken. Tens of thousands of death warriors have fallen. If Hades and Jed knew about it, they would not let their brothers go.

call!

At this time, the surrounding masters of various sects secretly breathed a sigh of relief.

Fortunately, Yue Feng came back in time, otherwise, Longmengan would be really dangerous.

However, under the emotion, everyone looked at Yue Feng's eyes, but did not show any gratitude, but showed complexity.

Especially the elites of the imperial city headed by Liu Quan, and Sun Dasheng, Wen Chou Chou and others, confronted coldly, the smell of gunpowder was strong, and they were about to explode.

"Yue Feng!"

Finally, Liu Quan glared at Yue Feng and couldn't help shouting: "You still dare to go back to Longmen Pass? I am under His Majesty's order to bring you and the Ouyang family back. Capture it!"

Although Yue Feng had just solved the crisis at Longmen Pass, he could not forget his mission, and in any case, he had to be taken back to the imperial city and handed over to His Majesty's disposal.

Yue Feng did not respond, his face was indifferent, but his heart was extremely bitter.

He was indeed at fault for the whole thing. After all, he had a night of spring rain with her without the Queen's knowledge, causing her to conceive a child and lose the throne.

After all, the Nagumo Royal Family is right.

But now that Duan Yu is harming Kyushu, it is just when the wind and rain are drifting, how can he follow Liu Quan back to the imperial city?

"Your Majesty?"

Just when Yue Feng was secretly depressed, suddenly, a faint voice came from the sky not far away: "This commander, your Majesty, I'm afraid you will never see him again!"
The

last one The words fell, and a slender figure flew over quickly, the beautiful face was extremely cold, and at the same time there was a bit of mockery.

It is Yanhong!

The ultimate husband in Chinese chapter 3146-3150

Chapter 3146

Huh?

Hearing this, Liu Quan was stunned for a moment, frowning at Yan Hong: "What do you mean?"

Yue Feng also frowned secretly, with a bad feeling in his heart. Yan

Hong chuckled lightly, looking at Liu Quan with contempt in her eyes, and wrote lightly, "Can't you hear this? Your Majesty, I killed you two hours ago."

Looking at Yue Feng with a smile, "Yue Feng, that emperor sent someone to hunt you down. It's very abominable. I have already solved it for you.

"It's just that there is a hint of cunning in his eyes.

Yes, Yanhong did it on purpose.

In the past, Yue Feng tried his best to protect Long Qianyu, which made Yan Hong very unhappy. In order to let out his anger, he killed Long Yaotian behind Yue Feng's back. At this time, he made a special trip to tell Yue Feng, just to make him feel uncomfortable.

Whoa!

Hearing this, both Liu Quan and the others present were shocked.

She...she actually killed Long Yaotian.

Only the Queen stood there, stunned, and did not recover for a long time. Long Yaotian conspiracy to usurp the throne, he should be killed, but for some reason, the queen is not happy.

The Yanhong in front of her is charming and sexy, but her methods are very hot. Yue Feng keeps such a woman by his side, which is unpredictable.

"Yue Feng!"

Finally, Liu Quan reacted, glared at Yue Feng and shouted: "You are so bold, you dare to instruct the people around you to harm your Majesty, you are full of benevolence, righteousness and morality, open your mouth to Kyushu and close your mouth to

Kyushu, but you can hide behind your back. , but fornicating with the previous queen, causing the Nanyun royal family to lose face, and now killing the emperor, is this what you call justice in the world?”

This chapter is provided by . Visit for daily update.

When he said this, Liu Quan was righteous, and his eyes almost burst into flames.

At this moment, Liu Quan really wanted to give an order to let the elites of the imperial city behind him make another move to capture Yue Feng, but feeling the strength of Yan Hong and Miao Ying, he didn't have the courage.

What's more, in the previous melee, the soldiers were exhausted and no longer able to fight.

The voice fell, and the surrounding masters of various sects also talked about it.

“To send someone to assassinate Emperor Nanyun, this Yue Feng is crazy.”

“Haha... It's not to continue to hang out with the previous queen...”

“The famous Tianmen Sect Master is just like that.”

“Yes . Ah, I have always admired him so much, it turns out that he is a deceiver and a daring person.” The

surrounding discussions kept coming, Yue Feng's face was extremely embarrassed, but he didn't know how to refute.

After all, Yanhong was on her side. She killed Long Yaotian, and she couldn't escape the responsibility.

“Yanhong!” In the

next second, Yue Feng looked directly at Yanhong and asked, “Why did you do this?” Speaking of which, Long Yaotian committed a crime and forced the Queen to step down. It really deserves to die, but Yue Feng didn't think about it for the time being. Overkill him, after all, the biggest enemy of Kyushu now is Duan Yu.

But now, Yanhong has killed Long Yaotian, and the Nanyun Continent will surely fall into turmoil, which is very unfavorable for the Kyushu to fight against Duan Yu together.

Yan Hong looked displeased: “I got rid of the enemy for you, are you still unhappy?”

“When did I ask you to kill Long Yaotian?”

“But you didn’t say, don’t let me kill him! “

“You...”

In the face of Yan Hong’s strong words, Yue Feng was at a loss for words, unable to say anything.

“Okay, okay!”

Under the fire, Yue Feng looked around and said loudly: “Everyone, I didn’t know about Emperor Nanyun’s death in advance. From now on, I declare that I will draw a clear line with Yanhong. What I did has nothing to do with me.”

Chapter 3147

At this time, Yue Feng has also figured it out clearly, Yanhong is evil by nature, if she is forcibly restrained because of the agreement in the illusory realm, it will only make her more and more rebellious, and cause trouble for herself one after another, it is better Clear the relationship.

“Okay!”

Hearing this, Yan Hong sneered: “Yue Feng, this is what you said, and we will have nothing to do with each other in the future.”

When saying this, Yan Hong’s face was full of anger, but her eyes flashed. Be proud.

That’s right, everything Yanhong had done before, the ultimate purpose was to force Yue Feng to draw a clear line with herself. Then, without Yue Feng’s restraint, she would be able to do whatever she wanted.

After speaking, before Yue Feng could respond, Yan Hong’s delicate body flashed and rushed into the night sky, disappearing from everyone’s sight.

“Yue Feng!”

Seeing this scene, Ren Yingying stamped her feet anxiously, walked over quickly and whispered, “You shouldn’t have done this.”

Ren Yingying’s mind was quick and she could see Yanhong’s subplot at a glance. both.

“Why?” Yue Feng frowned.

“You have drawn a clear line with her, and there is no one in Kyushu to restrain her.” Ren Yingying sighed, her beautiful face was full of worry: “Also, these people in front of you will not believe you. “

Sure enough, as soon as Ren Yingying finished speaking, Liu Quan sneered.

“Yue Feng!”

Liu Quan stared at Yue Feng, and said coldly, “You don’t play this trick, you send someone to kill His Majesty, and then you clear the relationship and put the blame completely, thinking that We are all three-year-old children.”

“Your Majesty’s revenge, let’s write it down for the time being, and when the army of death is completely defeated, we will settle accounts with you in the Southern Cloud Continent.”

The last sentence, Liu Quan shouted out, and finally called the elite of the imperial city and retreated to the Longmen Pass.

Liu Quan knew that fighting with Yue Feng at this time was completely courting death, but he couldn’t lose his momentum.

At this moment, the surrounding sects could not help but speak.

“Yue Feng, your conduct has made the entire Jiuzhou rivers and lakes ashamed for you. From today onwards, our Mingzong has nothing to do with your Tianmen!”

“Our Tianmen will also have nothing to do with your Tianmen.”

“Yue Feng, the covenant . Release it, you can do it yourself.”

“And us...”

For a while, the major sects present expressed their dissociation from Tianmen, and then retreated to Longmen Pass.

call!

Seeing this scene, Yue Feng was depressed and helpless.

Ren Yingying, Wen Chou Chou and the others looked at each other, each with an extremely aggrieved expression.

“Made!”

At this moment, Sun Dasheng couldn’t hold back his grievances, he slammed the sky-opening axe on the ground, and cursed: “These people, the whole special code is full of water, and Fengzi is for the sake of Kyushu. After doing so many things, in their mouths, they have become despicable villains?”

Afterwards, Sun Dasheng spit at Longmenguan: "Who cares about alliance with you."

At this time, Wen Chou Chou came over and pointed at Yue Feng He comforted: "Fengzi, don't feel bad, even if the whole world misunderstands you, as long as the three brothers are together, the big thing is nothing."

"That's right!" Sun Dasheng said.

Um!

Yue Feng nodded, the sullen breath in his chest suddenly became much smoother, and then the three brothers looked at each other and smiled.

A few minutes later, the three brothers, Ren Yingying and others temporarily set up camp at a place more than ten kilometers away from Longmen Pass. Yue Feng and Tianmen were rejected by the major sects, and there was no need to go back to Longmen Pass. Things cannot be ignored.

At the same time, there are Zang Shuiyue and Zang Huoyue brothers.

Chapter 3148

After setting up the camp, Yue Feng asked people to bring the Zang Huoyue brothers over.

"Let me ask you!"

Yue Feng looked blankly at the brothers, "Duan Yu and Jade, where have you been?"

When he came back just now, Yue Feng saw that something was wrong, and he stayed near Longmen Pass. , only Zang Shuiyue and Zang Yunyue, and tens of thousands of dead soldiers were left, but Duan Yu and the main force disappeared.

Duan Yu was arrogant and belligerent, and suddenly disappeared with the main force. This was not his style.

"I don't know!"

Zang Huoyue and Zang Shuiyue looked at each other and answered in unison!

do not know?

Hearing this, Yue Feng's face turned gloomy: "As your subordinates, don't you know where Duan Yu and Jed are going? Do you think I'm stupid?" As

soon as he finished speaking, Sun Dasheng next to him exclaimed: “Fengzi, stop talking nonsense. , These two scum, first betrayed the Rakshasa clan, and then followed Jade to harm the Kyushu Continent, so let’s cut it directly.”

Sun Dasheng had a fiery personality, and at this time, seeing the brothers were still stubborn, he couldn’t help it.

“Great Sage!”

As soon as he finished speaking, Wen Chou Chou, who was sitting next to him, gave a wry smile: “Don’t talk yet, let Feng Zi decide!”

These two brothers, Jade’s right-hand man, must not be killed easily.

Sun Dasheng stopped talking.

call!

Yue Feng took a deep breath and looked at the two brothers in front of him: “I’ll give you one more chance, where did Duan Yu and Jade go?”

“Yue Feng, kill if you want, stop talking nonsense!” Zang Huoyue sneered. .

Zang Shuiyue said coldly: “Yes, even if we know, we won’t tell you! If you want to do it , do it. His Majesty Pluto and Lord Jed will definitely avenge us.” With a face of fearlessness, even if Yue Feng really killed them, Duan Yu would be able to resurrect them through the power of the ghost world, so it was not false at all.

Made!

Seeing that the two brothers refused to eat, Yue Feng’s face was extremely ugly, but he was helpless.

Whoa!

At this moment, a slender figure walked in, with a long ice blue dress, with a cold temperament that could not be desecrated, glamorous like a fairy, detached from the world, it was Bing Yao.

After Bing Yao helped Wen Chou Chou disperse the soul contract, he went to investigate Duan Yu’s situation. As a result, Duan Yu left with the main force. Bing Yao searched for a day and a night, but could not find Duan Yu’s whereabouts, and finally returned without success.

As a result, when I returned to Longmenguan, I saw that Yue Feng and Wen Chou Chou were not there. Only then did I learn that Yue Feng and Tianmen were excluded from the rivers and lakes of Jiuzhou, and finally found this place.

“Bingyao! You’re back!” Yue Feng was very happy to see Bingyao, and hurriedly said, “Have you found out Duan Yu’s whereabouts?”

“No!” Bingyao’s red lips parted lightly, and she spat out two words.

Swish!

In the next second, Bing Yao’s eyes fell on the Zang Huoyue brothers, her eyes were full of hostility.

Feeling Bing Yao’s gaze, both brothers were inexplicably flustered.

“Have you come up with something?” Bing Yao asked at Yue Feng.

Yue Feng shook his head: “These two people are not afraid of death at all, they didn’t ask anything.” Aren’t they

afraid of death?

Bing Yao frowned, walked slowly in front of the two brothers, raised her jade hand, a terrifying aura permeated, and saw a curse condensed out of her palm.

Hiss...

Seeing the curse in Bing Yao’s palm, the brothers became inexplicably terrified and gasped at the same time.

“You... what are you going to do?” Zang Huoyue couldn’t help but speak, her voice trembling.

Bing Yao said with a blank face: “I know you are not afraid of death, but don’t forget, I am a former queen of the underworld, and I will also do some of the methods of the king of the underworld! The reason why you are not afraid of death is because you will be killed by that person after death. Duan Yu was resurrected, that’s why he is so fearless!”

“Have you seen the curse in the palm of my hand, as long as I slap it on top of your heads, you will all be blown away, and there will be no possibility of rebirth!”

Chapter 3149

Call!

When the words fell, Bing Yao gently waved her palm and patted the nearest Cang Huoyue on top of her head.

Seeing the curse getting closer and closer, Zang Huoyue was so frightened that her legs became weak, and she quickly said, "I said, I said..."

Zang Shuiyue, who was next to him, was also pale, completely lost his previous arrogance and arrogance. Calm down.

Haha...

Seeing this scene, Yue Feng was very happy. Fortunately, Bingyao was there, otherwise, there would be no way to take these two brothers.

Thinking to himself, Yue Feng shouted angrily at the two brothers: "Come on!"

Zang Huoyue trembled and stammered: "His Majesty Pluto and Lord Jed, went to Kunlun Peak!"

What?

Hearing this, Yue Feng was stunned for a moment, and then asked: "What are you going to do at Kunlun Jue Ding?" Zang Huoyue lowered her

head and said in fear: "His Majesty the Hades is going to combine the power of the eight saintess, and the nine-day saintess is where The entrance to the Mitian Spirit Realm is just above the top of Kunlun, so..."

In the next few minutes, Zang Huoyue didn't hide anything, and told everything she knew.

To be honest, Cang Huoyue didn't want to say it, because the end of betraying Hades was terrible, but there was no way, if you didn't say it, you would be lost.

Swish!

Knowing these circumstances, both Yue Feng and Bing Yao's expressions changed.

No wonder Duan Yu's whereabouts are so difficult to trace. It turns out that he took the main force of the death army to Kunlun Peak.

"quick!"

Finally, Wen Chou Chou took the lead in reacting, and ordered to the people outside: "Go and inform the major sects in Longmen Pass so that they can rush to the top of Kunlun!"

After saying this, Wen Chou Chou said to Yue Feng, "It's not right. Late, let's go too quickly."

If Duan Yu were to combine the power of the eight saintess, the consequences would be unimaginable.

Yue Feng nodded, and quickly sent someone to Longmenguan to report the letter, and at the same time greeted everyone to prepare to leave.

"Report!" A

few minutes later, the person who was sent to Longmenguan quickly returned with a very ugly face: "Brother Huifeng, the major sects in Longmenguan do not believe that Duan Yu is at the top of Kunlun, and he said, he said Let's stop wasting our scheming..."

Hearing this, both Yue Feng, Wen Chou Chou and others were all angry.

Bang!

Sun Dasheng slapped the table fiercely and cursed: "What a bunch of villains, all of them are full of benevolence, righteousness and morality. They say that others are not. When it really comes to the matter, none of them can be counted on." After speaking

, Sun Dasheng directed at Yue Feng Dao: "Fengzi, they don't believe it, let's go!"

"Yes, this matter cannot be delayed!" Wen Chou Chou followed.

"Okay!"

Yue Feng's eyes flickered, he nodded, and then he and everyone rushed towards the top of Kunlun.

After several hours of traveling, Yue Feng and Wen Chou Chou finally arrived at a forest near the top of Kunlun Mountain.

call!

At this moment, seeing the direction of Kunlun's top, everyone couldn't help gasping.

I saw that at the foot of the top, the death army was densely gathered, like a copper wall and an iron wall. Not only that, but Jade led thousands of elites and constantly patrolled around.

Obviously, in order to prevent Kyushu from coming to support, Duan Yu specially let Jade lead the army of death to make arrangements at the foot of the mountain.

“What should I do?”

At this time, Ren Yingying observed for a while, very anxious, and couldn't help saying: “With so many enemies, when we all break through and rush to the top, I'm afraid it's too late.”

Wen Chou Chou also frowned and thought, Think about countermeasures.

“That's it!”

After a few seconds, Yue Feng thought of a solution and said slowly, “You attract Jed's attention and lead the army away. Me, Miaoying and Bingyao will find a chance to fly to the top.”

Chapter 3150

When he said this, Yue Feng was very helpless.

To be honest, if the major sects believe in themselves and come together, they can completely contain Jade and the army of death. At that time, you and Wen Ge, Dasheng, Ren Yingying and others will be able to reach the top of the mountain smoothly.

But now, with a serious shortage of manpower, this is the only way to plan!

As soon as the words fell, Ren Yingying shook her head and refused: “No! I want to go with you!”

At the same time, Wen Chou Chou and Sun Da Sheng also objected.

“Fengzi, Duan Yu's strength is too strong, but the three of you go up, I'm afraid it's not an opponent!”

“Yes, we three brothers go up together, live together, die together!”

Huo!

Hearing this, Yue Feng felt a warm current in his heart. It is worthwhile to have such a brother in life.

In the next second, Yue Feng took a deep breath and said slowly, “Let's follow my plan. If there are too few of us, if we all rush to the decision, there are too many targets and it is easy to cause casualties.” After speaking

, Yue Feng smiled slightly . : “Don't worry, Bing Yao and Miao Ying, one is the Queen of the Underworld and the other is a fairy. With their protection, I will be fine.” After

hearing these words, Wen Chou Chou and Sun Dasheng were very unwilling, but No rebuttal.

Because what Yue Feng said is right, Kunlun is extremely high, steep and steep, and if they rush upward together, they are completely targets.

Soon, after the agreement was reached, Yue Feng took Miaoying and Bingyao to hide in the dark.

“Kill!”

Wen Chou Chou and Sun Dasheng led the crowd, waved the flag and shouted, pretending that there were many people, and launched an attack directly on Jed’s death army.

At this time, Jed was patrolling around with his subordinates, and suddenly he was stunned when he heard the screams of killing.

Immediately afterwards, I saw the woods not far away, filled with dust and smoke, followed by Wen Chou Chou, Sun Dasheng, and the others, killing them with great momentum.

Made!

Seeing this scene, Jed was furious, and quickly shouted: “Quick, meet the enemy, the major sects in Kyushu are coming!”

At this time, Jed did not know that there were not many people in the dust and smoke in front of him. It was Wen Chou Chou and Sun Dasheng who deliberately made noise.

Whoa!

After receiving the order, the death army quickly assembled to meet Sun Dasheng and others, and a fierce battle broke out between the two sides.

However, Wen Chou Chou, Sun Dasheng and others did not forget Yue Feng’s explanation. After fighting against Jade, they did not fight in love, but led the army of death to the distance.

call!

Seeing this scene, Yue Feng, who was hiding in the dark, breathed a sigh of relief, then greeted Bing Yao and Miao Ying, rushed over quickly, and flew towards Kunlun Jue Ding.

.....

At this moment, Kunlun is on top.

On the extremely wide platform, there was a huge copper tripod.

Under the copper tripod, a faint blue fire burned.

Around the copper tripod, there was a circle of white skulls, and the skull exuded a trace of death black energy, which was constantly being absorbed by the copper tripod.

Not only that, the entire sky above the summit was also shrouded in thick black clouds.

At this moment, Duan Yu stood aside, looking at the bronze tripod, showing a trace of pride and excitement.

Behind him, the eight saintess Zi Yan and Huanxiang were all tied up with five flowers, all pale and extremely weak.

“Saints!”

At this moment, Duan Yu turned around slowly, his eyes swept over the eight saintess one by one, and jokingly said: “The soul fusion formation has been completed, we can start, wait for me to merge. Your power is the ruler of the entire Kyushu and the ghost world, so you should be honored!”

Om!

When the words fell, Duan Yu raised his hand and waved, and the chain of the Underworld God was suddenly thrown out, directly entangling the nearest Zi Yan.

“Let go of me, let me go...”

Zi Yan was resisting all over, her beautiful face was filled with despair in addition to resentment.

The soul-melting formation in front of him has been completed, and there is no room for turning around.

The ultimate husband in Chinese chapter 3151-3160

Chapter 3151

But it's just so dead, I'm not reconciled.

The remaining seven saintess were all biting their lips, watching Zi Yan about to be thrown into the copper tripod, and they almost bleed from their bites.

“Shameless villain!”

Finally, Huan Xiang, the most stubborn personality, couldn't bear it anymore, and stared at Duan Yu: “You killed Lan Xin first, and now you want to combine our power, you will be punished by heaven. , you let Zi Yan, let her go...”

While shouting, Huan Xiang struggled.

The Nine Heavens Saintess sisters are deeply in love, and now that Zi Yan is about to be thrown into the bronze tripod, Huanxiang almost collapses.

At the same time, the other saintess also drank.

“Let Zi Yan go...”

“You villain, let her go...”

“Haha!”

Duan Yu didn't panic at all, but instead showed a trace of cruelty on his face. With a smile: “What are you shouting? It's your destiny to fall into my hands. When I combine her power, it will be your turn.”

After speaking, Duan Yu was about to throw Zi Yan into the bronze tripod . .

call!

At this moment, Zi Yan closed her eyes in despair, and the tears couldn't stop flowing.

Sisters, farewell.

This chapter is provided by . Visit for daily update.

“Stop!”

At this critical moment, only a roar was heard, followed by a figure, leaping to the top, his knife-like face was full of anger, his eyes were like electricity, it was Yue Feng.

Yue Feng?

Seeing Yue Feng, whether it is Zi Yan or Huanxiang, is a surprise.

Duan Yu's pupils shrank even more, staring at Yue Feng, flickering with astonishment and anger.

Mad, how did he know that he was at the top of Kunlun?

Soon, Duan Yu came to his senses, looked around Yue Feng, and grinned: "Okay, you are the only one who can find this place?"

"Yes, just me!" Yue Feng said coldly.

When he said this, Yue Feng's face was cold, but his heart was a little uneasy. At the same time, Yu Guang also subconsciously looked behind Duan Yu.

I saw that two slender figures were quietly approaching the saintess of Huanxiang.

It was Bing Yao and Miao Ying.

That's right, when he reached the summit just now, Yue Feng had made a plan to attract Duan Yu's attention, and then let Bing Yao and Miao Ying find an opportunity to quietly release the eight saintess.

After all, Duan Yu's strength is too strong. If he fights head-on, not only will he have no chance of winning, but he will also accidentally hurt the eight saintess.

Hahaha...

Hearing Yue Feng's answer, Duan Yu couldn't help laughing up to the sky, his laughter was full of mockery: "Yue Feng, Yue Feng, sometimes I really admire you, and many things are clearly unacceptable. And because of this, I like to be brave, without that Lu Lingshan joining hands with you, how would you deal with me?"

Yue Feng's mouth twitched, and he said lightly: "I am not sure, I will come up alone? Let me tell you, Lu Lingshan has already put Chaos down. The power of Yin Zhu has been passed on to me, and I have combined the power of Yang Zhu and Yin Zhu, if you don't believe me, you can try it." As he

spoke, Yue Feng clenched his fist tightly, his palms sweaty.

Yes, Yue Feng was trying to scare Duan Yu, the Chaos Yin-Yang Pearl couldn't be fused in one person.

Um?

Duan Yu was stunned for a moment, staring at Yue Feng, secretly surprised.

Yue Feng combines the power of Chaos Yin-Yang Pearl? How is this possible?

In Longmen Pass, after Duan Yu was injured by Yue Feng and Lu Lingshan, he deliberately studied the yin and yang beads of chaos. These two beads were bred before chaos opened up the world. One yin and one yang can only be attached to each other. can never be merged together.

Rub, rub, rub...

Just as Duan Yu frowned and couldn't figure it out, he heard a sound behind him.

Duan Yu looked back quickly, and when he saw it, he was instantly furious.

Chapter 3152

saw that the shackles of the Huanxiang and the saintess who were tied up with five flowers had been untied. In front of them, two slim figures stood.

It was Bing Yao and Miao Ying.

Mad!

Seeing this scene, Duan Yu was stunned for a moment, then his eyes were instantly congested, and the anger in his heart also rose!

"Okay, very good!" In the

next second, Duan Yu turned back and looked at Yue Feng coldly: "The dignified Lord of Heaven has also learned to deceive people, Yue Feng, you play this game with me, right! It's up to you guys. Three, just want to save the Nine Heavens Saintess? You underestimate me too!"

Duan Yu looked arrogant when he said this.

But it has to be said that Duan Yu combines the power of Hades and also has arrogant capital.

"Duan Yu!"

Feeling Duan Yu's anger, Yue Feng took a deep breath and said slowly: "The Nine Heavens Saintess is about the safety of Kyushu, I have to take them away!"

Duan Yu held the Chain of the Underworld God tightly with a hideous expression on his face. Zhiji: "Okay, I'll see how you can save it! Today I'll give you a chance, the three of you will come together!" The

voice fell, and a terrifying aura erupted from Duan Yu!

call!

Seeing this, Yue Feng frowned secretly, and glanced at Bing Yao and Miao Ying at the same time.

At this time, Yue Feng was very depressed. He wanted to attract Duan Yu's attention and let Bingyao and the two quietly leave with the Nine Heavens Saintess. found out.

Yue Feng saw that the powers of Huanxiang and several saintess were sealed, and they were no different from ordinary people, and could not help at all.

Nima, just fight!

Thinking to himself, Yue Feng didn't hesitate, he directly summoned Fang Tianhuaji, together with Bingyao, he rose into the air and surrounded Duan Yu!

Yue Feng and Bing Yao are two, one is the famous Tianmen Sect Master in Kyushu, the other is the Empress of the Underworld, and the other is a fairy in the illusory realm. They are all people looking up to in Kyushu Jianghu. At this time, they joined forces and broke out. , I saw Kunlun's peak, the wind and clouds were surging, the whole sky was distorted, and the momentum was amazing!

At the same time, Yue Feng did not forget to shout to the saintesses of Huanxiang: "Quick, hurry up, let's block him!"

Yue Feng knew that when he and Bingyao joined forces, they were not necessarily Duan Yu's opponents. But since it has come up, no matter what, the Nine Heavens Saintess must be kept out of danger.

Hearing this, Huanxiang and several saintess looked at each other and were about to leave Kunlun Jue Ding.

"Go?"

Duan Yu laughed wildly, his eyes full of contempt: "Do you think they can go?" The

voice fell, Duan Yu had a word in his mouth, and saw a black mist permeating from the huge Tongding, a short In just a few seconds, the entire Kunlun was enveloped.

Feeling the evil spirit in the black mist, Yue Feng and Miao Ying frowned, only to feel that their breathing increased. As the Empress of the Underworld, although Bing Yao is not afraid of these black mists, her beautiful face becomes solemn.

Pfft, puff...

What made Yue Feng even more furious was that after inhaling the black mist, the eight saintess of Huanxiang, all of them trembled and collapsed to the ground, as if they had been taken out of time. Normal strength.

Nima!

Yue Feng was startled, angry and anxious.

What's the situation? Bingyao two, didn't you help them untie them? And there was no injury on his body, so he didn't even have the strength to walk.

"Soul Locking Curse?" At this moment, Bing Yao frowned and spit out a few words.

Yue Feng was stunned for a moment: "What is the Soul Locking Curse?"

Bing Yao let out a sigh of relief and said slowly: "The Soul Locking Curse is similar to the Soul Contract. Those who are hit by the Soul Locking Curse will be controlled by the caster, which is very sinister. "

Haha..."

As soon as he finished speaking, Duan Yu laughed loudly and nodded at Bing Yao: "As expected of the previous generation, I can see it at a glance, yes, I will give these eight saintess, all of them." With the soul-locking spell, as long as I recite the spell, none of them can leave."

Chapter 3153

Hearing this, Yue Feng was completely stunned.

I didn't expect Duan Yu to have a backer, what should I do now?

"Suffer to death!"

Just when Yue Feng was secretly anxious, Duan Yu's eyes were blood red, he roared wildly, and the chain of the Underworld God was thrown out like a snake in his hand.

In an instant, a shriek was heard from the Chain of the Underworld God, followed by a burst of blood-colored light that instantly enveloped Yue Feng and Bing Yao.

Yue Feng did not have time to dodge, and was directly swept by the golden light!

Bang Bang Bang...

For a time, Yue Feng and Bing Yao trembled, and they were directly pulled out and fell to the edge of the extreme.

Yue Feng struggled to stand up, only to feel the qi and blood in his body churning, and at the same time, his heart was terrified.

You, Bing Yao, and Miao Ying can't stop Duan Yu's move?

Is this the power of Hades? It's really terrifying.

Duan Yu didn't take advantage of the momentum to pursue, but gave Yue Feng a cold look: "See, Yue Feng, your strength is not worth mentioning in front of me. Still want to save people? It's ridiculous."

"You..." Yue Feng furrowed his brows, unable to say anything, but his expression was still very firm: "I am here today, don't try to hurt the Nine Heavens

Saintess.

"

"Since you insist on courting death, I will do as you wish. From now on, I want you to disappear completely in Kyushu!"

When the voice fell, Duan Yu's internal strength exploded, and a terrifying aura swept out from the whole body. In an instant, the surrounding air seemed to be stagnant, and then, the chain of the Underworld God in his hand slammed towards Yue Feng again.

At the same time, the Heaven-Opening Axe in his hand also flashed a dazzling light!

Yue Feng didn't have time to think about it, and hurried to dodge.

"Yue Feng, let's help you!"

At this time, Bing Yao let out a coquettish cry, and Miao Ying rose up again to fight Duan Yu with Yue Feng. The power of the two sides erupted, causing the surrounding dark clouds to roll and thunder to vibrate, like the end of the world.

However, a few minutes later, the three Yue Feng could not subdue Duan Yu at all, but were suppressed by Duan Yu.

On the other hand, Duan Yu continued to chant the spell while fighting Yue Feng three fiercely.

Of course, this time Duan Yu did not recite the Soul Locking Mantra, but activated the Soul Melting Formation.

hum!

At this moment, I saw the dense inscriptions on the huge copper tripod in the center of the formation, emitting a faint green light, and then the copper tripod rotated at a high speed.

Huhuhu....

In the high-speed rotation, a strong suction burst out from the copper cauldron, and then, I saw the eight saintess of Huanxiang, all paralyzed there, their delicate bodies trembled violently, and at the same time, The power of Nascent Soul was madly sucked into the copper tripod.

“Hahaha...”

Duan Yu was very proud, and sneered at Yue Feng: “See Yue Feng, even if you bring helpers to make trouble, it will not affect my plan at all, even if I fight with you, I will It is possible to absorb the power of the Nascent Soul of the Nine Heavens Saintess through the soul fusion formation, hahaha...”

Yue Feng did not respond, but he was very anxious in his heart.

How to do? Duan Yu was able to absorb the power of the Nine Heavens Saintess through the Soul Melting Great Array while fighting against himself.

Bing Yao and Miao Ying also stomped their feet in a hurry.

“Yue Feng!” In the

next second, Bing Yao said to Yue Feng, “Go help the Nine Heavens Saintess, Duan Yu and Miao Ying will deal with it.” As

she spoke, Bing Yao bit her lip, avoiding Duan Yu’s words. With a whip, the figure did not advance but retreated, getting closer to Duan Yu, and the jade hand hit his heart.

Chapter 3154

“Fight me head-on?”

Seeing Bing Yao attacking, Duan Yu didn't panic at all, sneered, and attacked with a palm.

Although Bing Yao was the Empress of the Underworld, Duan Yu didn't take it seriously, and when the other party drew closer to him, it was completely courting death.

Whoosh!

Just as Duan Yu and Bing Yao's palms collided, Miao Ying attacked quickly, also with one palm.

Duan Yu didn't have time to think, and raised his left hand to meet him.

Bang bang...

I heard two dull vibrations, Duan Yu's two hands pressed against Bing Yao and Miao Ying respectively, fighting together in mid-air.

Yes, Bing Yao and Miao Ying just made eye contact, the only way to hold Duan Yu is to fight with him.

This....

Seeing this scene, Yue Feng was stunned.

"Haha!"

At this time, Duan Yu also reacted and sneered: "Fight with me? Do you think you will win? You will only lose even worse!" The voice fell, and the terrifying Yin Sha force continued to pass through far and wide. The hands burst out.

Feeling a strong force coming, both Bing Yao and Miao Ying were pale and their delicate bodies trembled, but they still resisted with gritted teeth.

In the next second, Bing Yao urged Yue Feng, "Yue Feng, hurry up!" The

Nine Heavens Saintess was almost unable to withstand the copper tripod's absorption.

Hearing this, Yue Feng gritted his teeth and flew down to the front of the eight saintess.

At this time, Yue Feng saw that the eight saintess, under the absorption of the copper tripod, all turned extremely pale, and the situation was very dangerous.

"Several saints, what should I do?" Yue Feng asked quickly, sweating profusely.

call!

At this moment, the eight saintess looked at each other with complicated expressions.

Immediately afterwards, Huanxiang breathed a sigh of relief and said slowly: "It's too late, Yue Feng, you and your friends go, leave us alone!"

This section of feathers are too strong, and the three Yue Feng are not opponents at all. More importantly, because of Lan Xin's death, his sisters misunderstood Yue Feng, and he can no longer let him take risks for his eight sisters.

"No!" Yue Feng became anxious all of a sudden: "I will never allow you to have an accident, tell me how to make that bronze tripod stop."

Seeing Yue Feng's expression, Huanxiang and several saintess are all Inexplicable emotion and guilt.

This Yue Feng was a real man, but unfortunately, he had always misunderstood him before.

"Phew!"

Finally, Huan Xiang took a deep breath and said softly to Yue Feng: "Once the Soul Melting Array is activated, it cannot be stopped, unless you have a way to form a barrier around us and cut off the copper cauldron. Absorb the power."

What? can not stop?

Hearing this, Yue Feng's brows were furrowed, his heart was burning, and he no longer hesitated, and directly urged Bailian Lenghuo to deploy a protective film around the eight saintess.

The moment the protective film was formed, it immediately protected the eight saintess and blocked the bursting suction of the copper cauldron.

It worked!

Seeing this scene, Huanxiang and the others were very happy, but when they saw Yue Feng's face, they were all worried.

I saw that Yue Feng's face was pale, and the cold sweat kept on his forehead.

The power of the soul-melting formation was unimaginably powerful. Yue Feng could only protect the safety of the eight saintess by constantly activating the cold fire of Bailian and strengthening the protective film.

But constantly urging Bai Lian's cold fire consumes a lot of internal strength.

In less than a minute, Yue Feng couldn't hold it anymore, and his legs were straight and weak.

In mid-air, Bing Yao and Miao Ying were still fighting with Duan Yu. The whole situation seemed to freeze, but it was very unfavorable for Yue Feng.

“Om...”

Chapter 3155

However, at this time, a powerful breath came from below the top, and a fiery red figure flew up to the top. The beautiful face was cold and proud, and the sexy body was filled with terror. breath.

It is Yanhong!

Swish!

Feeling Yanhong's aura, whether it was Duan Yu or the eight saintesses, they were all secretly surprised.

Yue Feng's expression changed.

Oops, Yan Hong has also come, and the situation is even more difficult to control.

Thinking to himself, Yue Feng shouted at Yan Hong: “Yan Hong, hurry up, help me deal with Duan Yu!”

“Hehe!”

Hearing this, Yan Hong's mouth twitched, revealing an indifferent smile: “Yue Feng, why should I help you? I killed Long Yaotian for you before, but you blamed me in turn, and you have to draw a clear line with me. It's only two days later, and you asked me to help you again. When will you change? It doesn't count if you have to talk?”

Uh...

Yue Feng was very embarrassed, then squeezed out a smile and said comfortably: “Yanhong, I was wrong before, I shouldn't blame you, I apologize to you now.

” The matter of the Nine Heavens Saintess is related to the safety of Kyushu, nothing can happen, and you and Miaoying have the same origin, do you want to watch her have an accident?”

When he said this, Yue Feng's eyes were full of anticipation, and his body couldn't stop trembling.

Yes, continuously urging Bai Lian Leng Huo to help the eight saintess resist the power of the Soul Melting Great Array, Yue Feng's internal strength is almost exhausted, and he can't stand it anymore.

To be honest, Yue Feng was very reluctant to apologize to Yanhong.

But there is no way, the situation is getting more and more critical, if Yan Hong does not help herself, not only will the eight saintess not survive, but she and Bing Yao will also die.

However, Yan Hong's face was icy cold, and she was not moved at all.

Yue Feng was so anxious that he almost cried: "Yanhong, I beg you..."

Hearing this, Yanhong breathed a sigh of relief and nodded.

hum!

In the next second, Yan Hong's delicate body flashed, and instantly came behind Duan Yu.

At this time, Duan Yu was still fighting with Bing Yao and Miao Ying for internal strength, and his clones were lacking.

Feeling the danger approaching behind him, Duan Yu was shocked and hurriedly said: "Hey, don't listen to Yue Feng, what benefits can you get from helping him, I'm different, I'm the Pluto of the ghost world, and I will be called the Pluto King soon. The ruler of Kyushu."

"It's better that you and me join forces, as long as you help me integrate the power of the Nine Heavens Saintess, I will never treat you badly..."

Shuh!

Hearing this, Yanhong's eyes flickered and she stopped instantly: "It sounds good!"

Nima!

Seeing this scene, Yue Feng's face changed, and he hurriedly shouted: "Yanhong, don't believe him, this person is very cunning and unbelievable. You helped him today, and he will turn his head against you tomorrow.

" At that time, Yue Feng was very anxious, and he never thought that Duan Yu would tempt Yan Hong with profit.

At the same time, the eyes of Bing Yao, Miao Ying, and the eight saintess were also fixed on Yan Hong. You must know that the two sides are now deadlocked, and the only one who can break this situation is Yan Hong.

For a time, Yan Hong was suspended there, her eyebrows knitted together, and her heart seemed to be swaying.

“call!”

Finally, Yan Hong breathed a sigh of relief and looked at Duan Yu up and down: “I heard that you not only fused the power of the Nascent Soul of a Nine Heavens Saintess, but also devoured the power of the previous Hades?”

Duan Yu was stunned, not understanding for a moment. Yanhong means.

At this moment, Yanhong continued: “So, I can devour your power, right?”

Om!

The voice fell, Yan Hong’s power exploded, and the jade hand lifted up and buckled on top of Duan Yu’s head.

Yan Hong is evil by nature, Duan Yu’s words really made her very interested, but she didn’t expect to cooperate with Duan Yu, but wanted to replace him.

The ultimate husband in Chinese chapter 3156-3160

Chapter 3156

What?

Seeing this scene, both Duan Yu and Yue Feng were all shocked.

Especially Duan Yu, he was angry and panic: “You are courting death... I am the Pluto...”

At this time, Duan Yu never thought that he would throw an olive branch to Yan Hong, not only Instead of drawing Yanhong over, he also brought in a fatal disaster.

Under the howl, Duan Yu wanted to turn around and counter Yanhong.

However, the two Bing Yao in front of him were fighting with him, and Duan Yu couldn’t withdraw his palms rashly.

Huhu...

In an instant, under the swallowing of Yanhong, Duan Yu only felt that the power in his body was madly escaping, and the momentum that originally despised the world disappeared in an instant, and the whole person was also extremely weak.

What frightened Duan Yu even more was that his own soul seemed to be about to come out of his body. This body was originally intended to seize Yue Chen. At this time, all the strength of his body was swallowed up by Yanhong, and his soul gradually lost control of his body.

Om, hum, hum...

With the continuous devouring, the power of Yanhong continued to rise, causing the surrounding air to be extremely distorted and extremely terrifying.

call!

Seeing this scene, both Yue Feng and Bing Yao were inexplicably shocked.

At the same time, Bing Yao and Miao Ying also quickly returned to Yue Feng's side to help him resist the power of the Soul Melting Array.

"Bingyao!"

This chapter is provided by . Visit for daily update.

At this moment, Yue Feng was paying attention to Yanhong's movement in midair, and anxiously said: "Quickly think of a way to stop the great formation of soul melting!" Bingyao is the former queen of the dead, and she must know the way.

Bing Yao opened her mouth and was about to speak, but was interrupted by a sneer from Yan Hong.

"Don't bother!" At this time, Yanhong completely integrated Duan Yu's power, her delicate body flashed, and she was already in front of Yue Feng, her icy face was extremely proud.

Yanhong's gaze made Yue Feng have a bad premonition, and said coldly, "Yanhong, what else are you doing?" As he

spoke, Yue Feng subconsciously looked at Duan Yu who fell from the air, and instantly I was in a cold sweat.

I saw that Duan Yu had only one sentence left at this time.

Yanhong not only fused Duan Yu's power, but also devoured his soul.

Speaking of which, although Yan Hong is powerful, it is very difficult to swallow Duan Yu's strength and soul. However, Duan Yu and Bing Yao and Miao Ying used up a lot of internal strength before, so Yan Hong took advantage of it.

"This person named Duan Yu has deployed the Soul Melting Array, so it can't be wasted!" Yan Hong said coldly, then raised her jade hand and grabbed the nearest Huan Xiang.

Yes, Yanhong swallowed Duan Yu's power and felt that it was not enough. At this time, it was necessary to integrate the power of the Nine Heavens Saintess.

"You..."

Yue Feng was so frightened that he was about to stop him, but he had consumed too much internal energy before, and he was simply powerless.

Bing Yao and Miao Ying's expressions also changed, and they rushed over to stop them at the same time, but Yan Hong's speed was too fast, and it was too late.

boom!

Seeing that Yanhong was about to grab Huanxiang, suddenly, in the Soul Melting Great Array, the huge copper cauldron exploded with a terrifying roar, causing the entire Kunlun to be filled with dust and smoke. At the same time, dark clouds rolled in the sky and lightning flashed thunder.

Obviously, Yanhong devoured Duan Yu's power, causing chaos in the soul-melting formation, and finally causing the copper cauldron to explode.

Bang bang bang...

Along with the roar, the entire Kunlun peaked and shook violently, and then, a huge black vortex appeared in the sky covered with dark clouds.

hiss!

Seeing this scene, both Yue Feng and Yan Hong were stunned.

As for the saintesses of Huanxiang, their expressions were solemn, and their eyes flashed with inexplicable panic.

Chapter 3157

What's the situation?

The next second, Huanxiang was the first to react and shouted at Yue Feng: "Quick, hurry up and leave this Kunlun Peak, this is a chaotic vortex."

Chaos vortex?

Hearing this, Yue Feng was confused and endured his fear: "What kind of chaotic vortex?"

Huanxiang quickly said: "The chaotic vortex is a special existence that can swallow everything, and once it is inhaled, it will be forever. I can't come back!"

Hearing this, Yue Feng's expression changed, and a scientific term he learned when he was young in school, cosmic black hole, also appeared in his mind.

Could it be that this chaotic vortex is a cosmic black hole?

Nima, how did this happen to Kunlun Jue Ding?

At this time, Yue Feng didn't know that Kunlun Jue Ding was the Nine Heavens Saintess, at the entrance of Mitian Spirit Realm, where Duan Yu deployed the Soul Melting Great Array, but was interrupted by Yan Hong in the middle, causing the formation to erupt, and then triggering the spiritual energy of heaven and earth Totally devastated.

In this case, the Chaos Vortex appears.

boom!

Just when Yue Feng was in shock, Yan Hong suddenly sneered and slapped Yue Feng's back with a palm. Hearing Yue Feng groan, the whole person was shocked and flew out, and the direction of the flight happened to be the chaotic vortex.

Yes, Yanhong intends to let Yue Feng be swallowed by the chaotic vortex, so that he will have no future troubles.

Nima!

Yue Feng was shocked and angry, but he reacted very quickly, grabbing Yan Hong's skirt tightly.

hum!

At this time, the chaotic vortex quickly turned, and a dazzling light burst out, covering Yue Feng and Yanhong. In this dazzling light, there was a terrifying suction force.

“Let go!” Yan Hong shouted, she never expected that Yue Feng would grab the corner of her skirt at a critical moment.

As soon as the words fell, Yanhong slapped Yue Feng on the shoulder with another palm, and she heard Yue Feng groan, and a mouthful of blood spurted out, but her hands were still clutching the corner of the skirt tightly, not letting go.

At this time, Yue Feng, under his anger, was ready to die together with Yanhong.

Mad, this Yanhong. If you want me to be swallowed by the chaotic vortex, I can't live, so don't think about it.

“Yue Feng!”

Seeing this scene, Bing Yao and Miao Ying, as well as the eight saintess, all changed their expressions and exclaimed tenderly.

Whoosh!

Immediately afterwards, Miao Ying bit her lip tightly, without any hesitation, she flew up and hugged Yue Feng.

“Miaoying, what are you doing?” Yue Feng was shocked and couldn't help asking Miaoying.

While saying this, Yue Feng's hands were holding tightly to the corners of Yan Hong's skirt.

“Yue Feng, you are finished, I am your wife.” Miao Ying bit her lip tightly, her beautiful face was extremely firm: “You admitted it before in the illusory realm, so let's live together, Die together!”

Miao Ying and Yan Hong are both fairy spirits in the illusory realm, but their personalities are two extremes.

Miaoying is kind and single-minded. She identified Yue Feng. At this time, seeing that Yue Feng was about to be sucked into the chaotic vortex, she would definitely die, and she would never live alone!

call!

Hearing this, Yue Feng was moved beyond words: “Miaoying, why are you so stupid...”

hum!

It was at this time that the suction force that erupted in the chaotic vortex became stronger and stronger, completely swallowing the three Yue Feng, and the figure disappeared.

“Yue Feng!”

Seeing this scene, whether it was Bing Yao or the eight saintesses, they all shed tears when they were sad.

Chapter 3158

Buzzing....

At this time, the violent vibration caused by the chaotic vortex is getting bigger and bigger, and the entire Kunlun Peak is shaking, as if it will collapse at any time.

“Several saintess!”

Bing Yao bit her lip and said anxiously: “Quick, let’s get out of here, otherwise, we will also be swallowed by the chaotic vortex...”

However, the eight saintess were still immersed in sadness. , as if not heard.

Because of the death of Saintess Lanxin, they tried every means to kill Yue Feng, but in the end it was found out that Yue Feng was framed. Because of this, the eight saintess have always harbored guilt in their hearts, but now , Yue Feng was swallowed by the chaotic vortex in order to save himself, how could he not be sad?

Seeing this scene, Bing Yao felt very uncomfortable, but she walked over quickly and flew down to the top with the eight saintess.

Boom...

At this moment, the power of the chaotic vortex broke out completely, and I heard an earth-shattering roar, and the entire Kunlun collapsed with a bang. For a time, there was flying sand and rocks between heaven and earth, as if the end of the world.

The movement of the Kunlun Peak eruption was even more terrifying than the movement caused by the opening of the Heavenly Axe ten years ago. For a time, the entire Kyushu was shaken by it.

.....

At this moment, Nayun Continent, Longmen Pass!

The masters of the major sects stood on the long building one by one, looking at the direction of Kunlun's peak, dumbfounded.

Just now, the major sects were still discussing, Duan Yu led the army of death to attack again, how to resist, but halfway through the discussion, suddenly the mountain shook, and everyone was stunned.

Then everyone came out to watch, and they saw the direction of Kunlun's top, a black chaos that enveloped the world.

"It seems that Kunlun is the top."

When everyone was stunned, someone shouted: "Could it be that... the situation that Yue Feng sent people to say is true? Duan Yu is really top in Kunlun?"

Wow!

The voice fell, and everyone around was in an uproar.

"It looks right..."

"Such a big movement, what happened?"

"Quickly go to Kunlun Peak and take a look..." In

shock, the masters of various sects set out one after another, facing Kunlun Go to the top direction.

...

the other side.

Wen Chou Chou, Sun Dasheng, and Ren Yingying were originally fighting against the army of death, restraining Jade, but suddenly, they felt the ground under their feet suddenly vibrate, and immediately after the Kunlun Peak in front of them, there was also a burst of roaring, the world was full of chaos.

what's the situation?

Everyone was shocked by the scene in front of them, and then they saw the surrounding army of death, one by one, fell to the ground and turned into piles of bones.

boom!

Just when everyone was shocked, they heard a violent roar, and the entire Kunlun Peak collapsed directly. In an instant, large and small rubble fell overwhelmingly, which was amazing.

At this moment, everyone was completely stupid, standing there one by one, shocked.

“Get out of the way.”

Soon, Wen Chou Chou was the first to react and couldn't help shouting. Only then did everyone react, and they all ducked into the distance.

When they reached a safe area, everyone looked back and saw that the entire Kunlun Peak had completely collapsed, and the sky and the earth were billowing with smoke, like the end of the world.

For a time, everyone had a bad premonition.

The Kunlun Mountains collapsed, and Yue Feng...

Swish...

At this moment, I saw several figures rushing out from the billowing dust and smoke.

Chapter 3159

“Yue Feng...” Ren Yingying's face was overjoyed, thinking that it was Yue Feng who came out, and hurriedly shouted, but when she saw the person coming, she was dumbfounded.

It was Bing Yao and the eight saintess who came out of the dust and smoke, and Yue Feng was not among them.

At this moment, seeing Bing Yao and the eight saintess, Wen Chou Chou and others were also stunned.

Soon, Wen Chou Chou reacted, stepped forward quickly, and asked Bing Yao, “Where's Feng Zi?”

Shuh!

The words fell, and the surrounding Sun Dasheng and others also looked closely at Bing Yao, waiting for her answer.

“He...” Bing Yao sighed softly, her beautiful face full of complexities: “Yue Feng was sucked into the chaotic vortex, I'm afraid...”

After a pause, Bing Yao lowered her head and said "I'm afraid I won't be able to come back!"

At this time, Bing Yao felt very uncomfortable. When she was brought out by Yue Feng from Pluto Ding, Bing Yao secretly swore that she would find an opportunity to repay Yue Feng, but Yue Feng Just...

what?

When the words fell, everyone present was buzzing.

Yue Feng was sucked into the chaotic vortex?

Especially Ren Yingying and the surrounding women Xiao Yuruo were trembling as if struck by lightning!

"You...what did you say..." Ren Yingying's eyes turned red, her voice trembling, she asked Bing Yao, "What happened to Yue Feng?"

At this time, Ren Yingying was trying her best to restrain her emotions, and she was unwilling to do so. Believe in this fact.

Bingyao breathed a sigh of relief and said, "Yue Feng was sucked into the chaotic vortex. The situation was too complicated at that time, and I couldn't rescue him in time. However, that Duan Yu was already dead, and Kyushu was no longer a threat. All this was due to Yue Feng. The hero of Jiuzhou, he deserves it!" The

voice fell, Xiao Yuruo and Su Qingyan were all blacked out and almost fainted on the ground.

"Impossible!" At this moment, Ren Yingying could no longer restrain her emotions. Looking at the smoke and dust in front of her, she

cried, "This is not true, Yue Feng will not have an accident, no..."

, Ren Yingying was about to rush in to look for Yue Feng, but soon, she was stopped by the surrounding people.

"Don't go in!"

"Yeah, calm down, the chaotic vortex has not disappeared, and you won't be able to come back if you go in."

Ren Yingying was held back, she couldn't hold it any longer, and cried out with a wow.

Yue Feng, do you know that you are the only man in my life. Something happened to you, what should I do?

The few Xiao Yuruo around were even more heartbroken and burst into tears.

Beside him, Wen Chou Chou and Sun Dasheng stood side by side, looking at the crumbling Kunlun Peak in front of him, his eyes were blood red, and his heart was even more uncomfortable as a knife cut.

If I knew this was the result, I should have gone to the top of Kunlun with Fengzi.

The Kunlun Peak collapsed, and the dust and smoke caused by it floated for three days and three nights before it completely dissipated. In this way, the top of Kyushu completely ceased to exist. After the dust and smoke completely disappeared, Wen Chouchou and Sun Dasheng ordered people to be on the site of Kunlun Peak. , A huge stone tablet with a height of 100 meters was erected, with the eight characters of 'The Lord of Tianmen, upright and noble' written in memory of Yue Feng.

...

the other side.

In the chaotic vortex, Yue Feng, who was almost crushed by the huge suction and pulling force, was out of breath, and finally had to let go of Yanhong's skirt.

Before helping the eight saintess to resist the power of the soul-melting formation, Yue Feng almost exhausted his inner strength. At this time, he was sucked into the chaotic vortex and could no longer hold it. After releasing Yanhong, he quickly fainted.

In a coma, Yue Feng felt as if he had fallen into the sea, his body was light and fluttering, ups and downs...

I don't know how long it took, it seemed like a century, and it seemed like a moment, Yue Feng gradually woke up.

What the hell!

Didn't you die?

The moment he regained his senses, Yue Feng couldn't help taking a deep breath, surprised and happy.

Chapter 3160

Hiss...

And then, there was a shock of pain all over his body, Yue Feng couldn't help taking a breath.

Nima, the power in the chaotic vortex is so terrifying that he almost was torn apart.

By the way, I'm fine, Miaoying and Yanhong, aren't they fine?

Thinking to himself, Yue Feng slowly opened his eyes, looked around, and suddenly the whole person was stunned.

Nima!

where is this?

Yue Feng could clearly see that he was lying on the seaside. Not far from the seaside was a seaside city, but the buildings here were so peculiar, with round and pointed roofs, and the streets were very lively, but there was not a single car. .

The vehicle you see is a special kind of carriage, because the horse pulling the carriage has a long horn on its head.

Not only that, the people on the street and their clothes were very different from what Yue Feng had seen.

Where is this?

At this moment, Yue Feng was completely stunned. He had never seen such a place in the Kyushu Continent.

The scene in front of me is like a fantasy world seen in a movie.

Could it be that... through the chaotic vortex, he was transported to another space world?

Whoa!

Just when Yue Feng was stunned, he heard footsteps behind him, and when he looked back, he saw several men in ragged clothes running over in a panic.

Behind these men, a group of soldiers chased after them. These soldiers, wearing heavy armor and helmets covering their entire faces, only exposed one pair of eyes, looking a bit funny.

"Damn slave, how dare you run away? Take them all back!" The

leading soldier shouted, and soon he and his companions captured the men.

What the hell, slave?

Are there still slaves in this world?

Seeing this scene, Yue Feng was secretly shocked.

“There’s another one here!”

At this moment, these soldiers rushed over when they saw Yue Feng and shouted. Yue Feng’s clothes were tattered, just like those slaves.

What the hell!

Yue Feng was startled and wanted to turn around and run away, but he was too weak. Before he could run two steps, he was pressed to the ground by these soldiers and tied up.

“Several military lords, I was passing by, not a slave, you arrested the wrong person.” Yue Feng couldn’t help shouting.

At this time, Yue Feng was very depressed. If it weren’t for the exhaustion of internal energy, the soldiers in front of him would not have to be taken seriously.

Hearing this, several soldiers looked at each other and frowned.

“What military lord?”

“Don’t talk nonsense with him, take it away.”

After a few soldiers scolded, they took Yue Feng and other slaves and walked towards the seaside city not far away.

Yue Feng was in a hurry and wanted to struggle, but when he felt the strength of these soldiers, he was surprised again.

At this time, Yue Feng clearly sensed that these soldiers had no internal strength, but there was a strange aura around them, which should not be underestimated.

When walking through the city street, Yue Feng also found that the people here seem to be similar to those from Kyushu, but there are some differences in subtleties, and the eyes are dark blue.

Soon, Yue Feng gradually understood his situation through the conversation of these soldiers.

The place where Yue Feng is located is Roland Continent, and the coastal city in front of him is located at the westernmost end of Roland Continent, called Port Simon, which belongs to a medium-sized coastal city.

At the same time, Yue Feng also learned that the people here also cultivate, but the cultivation method is very different from that of Kyushu.

The ultimate husband in Chinese chapter 3161-3165

Chapter 3161

Yue Feng learned that the realm of holy power is also divided into many levels, namely holy teachers, holy kings, holy gods, holy emperors, holy spirits, and each stage is divided into three levels: lower, middle, and upper.

These soldiers who captured Yue Feng were basically the strength of middle-level saint masters, equivalent to the realm of martial masters in the Kyushu Continent.

Ten minutes later, Yue Feng and many slaves were brought to a meeting.

Yue Feng saw that the gathering in front of him was very large, and a huge wooden platform was built in the middle. At this time, many slaves were already brought on the platform, and there were signs hanging around their necks, which marked the price.

What the hell! This is to buy yourself as a slave.

Seeing this scene, Yue Feng wanted to cry without tears.

Soon, Yue Feng was also put on a sign and brought to the stage.

Whoa!

At this time, more and more people gathered around the assembly, because Yue Feng's clothes looked different, and many people's eyes gathered.

During this period, there were still many girls pointing at Yue Feng.

"This person looks stupid, so funny..."

"Looking at the clothes, it doesn't seem like we are here..."

"No matter how special, he is also a slave..."

Listening to the discussions of the people around, Yue Feng Can't laugh or cry, very depressed.

Nima, he is also the sect master of Tianmen, but in this other world, he is treated as a slave, and he is also watched by these people like animals.

This chapter is provided by . Visit for daily update.

No, we must find a way to return to Kyushu.

Just when Yue Feng was thinking about this, suddenly, he heard a commotion in the crowd, and immediately, the crowd split up and came out.

Not far away, I saw a beautiful figure, surrounded by a few burly soldiers, slowly walking over.

The woman is about 20 years old, wearing a yellow corset dress, her facial features are exquisite and charming, giving people a feeling of elegance and nobility. Such a woman is the focus wherever she goes.

Even Yue Feng was stunned, staring at the woman closely, his eyes unblinking, and his heart was filled with emotion.

I didn't expect that in this different world, there are such beautiful women, but it feels very proud.

The woman's name is Irene, the daughter of the city lord of Simon City, with an extraordinary status. She is also the goddess in the hearts of many men in Simon City.

"Miss Irene!"

Seeing Irene, the captain of the soldiers in charge of the rally, hurried up to meet her with a respectful look: "Why are you here?"

"Miss I can go wherever she wants, do I need to report to you?" Lin's red lips parted lightly and said lightly.

"Yes, yes..." The soldier captain responded again and again.

At this time, Irene was looking at the many slaves in the stands and continued: "I heard that you brought a lot of slaves back today, I'll come and pick two."

Hearing this, the soldier captain immediately shouted at the stage . : "Every one of them stood up, let the young lady pick." In an

instant, many slaves were trembling and stood up quickly, only Yue Feng's face was calm and calm.

Swish!

At this moment, Irene's eyes slowly swept across many slaves, and finally fell on Yue Feng: "Just him."

What?

Hearing this, Yue Feng was in a hurry, and quickly said: "Miss, I am not a slave at all, but I was caught by mistake. I..." Before the

words were finished, a burly man beside Irene The soldier came over and gave Yue Feng a slap in the face.

Snapped!

With a crisp sound, Yue Feng only felt a burning pain on his face, and the whole person was also extremely angry.

"As a slave, do you understand the rules? It's an honor for you to be selected by the lady to go to the City Lord's Mansion." The burly soldier said coldly, and when the words fell, he pulled Yue Feng off the stage and brought it to Irene.

Chapter 3162

At this time, Irene looked up and down at Yue Feng, her delicate face showing indifference: "From now on, you are my person, you can only follow my orders, understand?"

In Roland Continent, Slaves have no human rights at all, and are no different from animals.

call!

Yue Feng took a deep breath and wanted to explain, but when he saw the soldiers around him, he held back.

In the next second, Yue Feng nodded and said, "Understood!"

At this moment, Yue Feng was very aggrieved, but he had no choice. He was new here, he was unfamiliar with life, and his strength had not recovered, so he could only choose to compromise temporarily.

Irene was very satisfied with Yue Feng's attitude, and then left the meeting with Yue Feng.

On the street outside, Irene directly got into the car, the one that Yue Feng had seen before. It was similar to a carriage, pulled by two animals that looked like horses but not horses.

Knowing this, Yue Feng only knew that this kind of animal is called a unicorn. It is a unique spiritual beast on the Roland continent. It has good endurance and fast speed.

Of course, as a slave, Yue Feng couldn't sit in the unicorn car, he could only follow behind.

However, Yue Feng didn't feel depressed at all, he could just move his body and restore the inner strength of his dantian.

After ten minutes, he finally arrived at a huge castle near the sea.

At this moment, although Yue Feng was prepared, he was still stunned!

I saw the castle in front of me. It was completely made of huge stones. It was divided into five floors and was nearly 100 meters high. It was indescribably majestic. .

Huh..

After two seconds, Yue Feng realized that this is where the Lord of Simon City lives, quite domineering.

"Let's go!" Just when Yue Feng was stunned, the soldier behind him kicked him and scolded him coldly.

Nima!

Yue Feng scolded secretly, but still followed him in.

When they reached the lobby on the first floor of the castle, Yue Feng was ordered to stand at the door and not to enter.

At this moment, Yue Feng couldn't bear it anymore, and said to Irene, "Miss Irene, you brought me back, what do you want me to do?"

Irene looked lazy, sitting on the chair in the hall, faintly Said: "You don't have to do anything for the time being, just wait at the door." The

tone and expression were extremely arrogant and aloof.

Waiting at the door? Isn't this a watchdog?

Hearing this, Yue Feng was stunned for a moment, and suddenly became a little angry.

Nima, you really treat me as a slave!

"Yeah!"

That's when I saw Irene covering her head with a trace of fatigue and weakness on her delicate face. She has suffered from dizziness since she was a child, and has been maintained on medication.

"Hurry up, quickly bring Miss's medicine here." Seeing this, the soldier next to him hurriedly shouted.

The voice fell, and a maid walked over quickly, took a pill, and gave it to Irene.

Seeing this scene, Yue Feng frowned secretly.

This Irene looks weak at first glance, and the drug completely treats the symptoms but not the root cause.

Muttering in his heart, Yue Feng suddenly had an idea, standing at the door and said, "Miss Irene, do you often get dizzy and tired?"

Yue Feng thought about it, as long as this Irene's disease is cured, maybe Free again.

"Who told you to talk?" Irene frowned, very unhappy.

This slave really has no rules at all.

Swish!

The soldiers next to him also glared at Yue Feng.

Yue Feng did not panic at all, with a serious look on his face: "That's right, I have learned some medical skills, Miss Irene believes my words, why don't I help you take a look." Hearing this, Irene was stunned.

The next second, Irene couldn't help but chuckle: "Have you studied medicine?"

Chapter 3163

Haha... The

voice fell, and several soldiers around couldn't help but laugh.

"Miss Irene, this kid wants to please you."

"Looking at his flattering appearance, he is really a natural slave..."

"Hehe, Miss's symptoms, I don't know how many pharmacists have been found since I was a child, and I have never been able to. Healing, you are a slave, and you

are so shameless...” Listening to everyone’s ridicule, Yue Feng was both angry and funny, but he didn’t care, but looked at Irene and continued: “Miss Irene, let me try It’s nothing to try, what if it succeeds?”

Irene pondered for a while, nodded and said, “Okay, then you can show me.” She said so, but there was still contempt in her eyes, she didn’t believe a small Slaves who are proficient in medicine.

call!

Seeing Irene’s promise, Yue Feng breathed a sigh of relief and walked over directly.

At this moment, whether it was Irene or the soldiers around, they all frowned secretly.

What is he going to do?

It was at this moment that Yue Feng walked up to Irene, stretched out his right hand, and put it on Irene’s wrist, ready to treat the pulse. Yue Feng had studied medical theory with Shennong, and taking the pulse was a very common method.

Whoa!

However, at this moment, everyone present was taken aback.

Especially Irene, her delicate body trembled, and she threw away Yue Feng’s hand, her anger was unforgivable: “You dare to offend Miss Ben, you are very courageous, come on, catch me and chop it up!

” At that time, Irene’s face was extremely red, and her eyes were almost spitting fire.

The world in which Roland Continent is located is very different from Kyushu in medicine, and there is no such thing as a pulse, so Yue Feng’s behavior is completely regarded as a deliberate offense.

Whoa...

In an instant, the surrounding soldiers rushed up and surrounded Yue Feng.

What the hell!

Yue Feng was startled, and quickly waved his hand to explain: “You guys misunderstood, I’m taking the pulse of Miss Irene, not deliberately offending.”

However, these soldiers didn’t listen at all, and they burst out with holy power, holding their weapons tightly, facing Yue Feng chop.

Yue Feng was so anxious that he flashed his body and rushed outside the hall. At this time, Yue Feng's internal strength was only slightly recovered. Facing the siege of so many people, he was not an opponent at all.

The next second, Yue Feng saw that there were many potted plants around, and these potted plants were as tall as one person, and he immediately had an idea.

Whoosh!

In the next ten seconds, Yue Feng moved the surrounding potted plants while dodging the siege of many soldiers.

Yes, Yue Feng placed these potted plants in a gossip array.

Since the people here don't know the pulse, they must know how to play, and they don't know anything.

Um?

After the gossip formation was formed, those soldiers frowned secretly. What is this kid doing? The potted plants he moved looked a little weird.

Under the doubts, many soldiers stopped.

Erin also frowned.

Seeing this, Yue Feng showed a smile and said, "Just a few potted plants scared you all?"

"You..."

Hearing this, Irene was furious and shouted: "Catch him for me!" The

surrounding soldiers no longer hesitated and rushed into the gossip array. Soon, one by one felt that something was wrong. This slave clearly Right in front of her, but she couldn't catch him.

This....

Irene, who was standing outside, also trembled with an incredible look on her face.

She could clearly see that after a dozen soldiers entered the potted plant, all of them seemed to be blind, dazed and turned around by Yue Feng.

How could this be?

Chapter 3164

For a time, Irene looked at Yue Feng closely, her eyes full of doubts.

How on earth did he do it?

At the same time, Irene was even more annoyed. More than a dozen soldiers were actually being played around by a slave. If it spread out, they would not be laughed at by the whole Simon City?

It was at this time that more soldiers in the castle came.

“Catch him.”

In anger, Irene couldn't help but shouted: “Cut off his legs for me...”

Clap...

the voice fell, and the soldiers who came to join the siege one after another. Yue Feng's ranks, in an instant, the entire castle became a mess.

Looking at the soldiers who kept rushing into the formation, Yue Feng put away his smile and frowned secretly.

Nima, this is not the way to go.

After all, this is someone else's place. Continuing to consume it is very detrimental to oneself.

“What happened?”

At this moment, a low voice came from not far away, and then, a middle-aged man, accompanied by a few soldiers, walked slowly.

The man was dressed in a dark blue robe with exquisite embroidery on the robe, with gems and agate inlaid at the corners, very gorgeous, and a powerful aura pervaded his entire body.

This man is the city lord of Simon, Irene's father, Doug.

“Lord City Lord!”

Seeing Doug, all the soldiers present hurriedly stood at attention and shouted to Doug in unison.

What the hell!

Seeing this scene, Yue Feng almost wanted to cry without tears.

Is this man the city lord? It's broken, it's a big trouble now.

At this time, Irene hurried up to meet Doug's arm: "Father, you are here."

Mmm!

Doug responded, then looked around, and finally his eyes fell on Yue Feng: "What's going on?" The

voice was not loud, but it was quite majestic.

As soon as the words fell, Irene responded angrily: "Today I was at the meeting and I just picked a slave, but this slave was too bold. He lied to me that he knew medical skills and wanted to help me see a doctor, but he touched mine. Hand, take advantage of this opportunity, I let the soldiers catch him and punish him, and he resists."

When saying this, Irene did not forget to give Yue Feng a stern look.

What?

Hearing this, Doug was immediately furious: "The slaves now are getting more and more unruly and bold."

Irene is Doug's only daughter. How can you endure being desecrated by a humble slave?

In anger, Doug looked around and scolded the soldiers: "Can't you catch so many people as a slave? You..."

Halfway through, Doug saw Yue Feng placed a potted plant The gossip array was immediately stunned, and his eyes flashed with a strange light.

This... these potted plants look like the paintings on an ancient book that I treasured...

hum!

Under the shock, Doug couldn't help swallowing secretly, and then pointed to Yue Feng: "He placed these potted plants?"

"Yes." Irene nodded heavily, with a bit of anger in her tone: "It's this new slave, father, you must punish him severely, it's better to chop off his feet, no, the execution in Simon City Hang him on the stage."

Nima!

Yue Feng couldn't help but scolded, this Irene was too cruel, I just wanted to help you, and I didn't really want to take advantage of you. I had to look at my legs and hang it...

At this time, Yue Feng didn't know, in this world, although women's ideas are relatively open, there are also class restrictions. The highest are Doug and Irene, who are prominent, followed by saint power cultivators, and then there are soldiers, and then are commoners, and slaves are the lowest.

Therefore, Yue Feng, as a slave, touches Irene's hand, safety is a kind of blasphemy and disrespect.

Chapter 3165

However, Doug seemed to ignore Erin's anger.

The next second, Doug reacted and looked at Yue Feng up and down: "What's your name?"

"I..." Yue Feng hesitated and responded, "My name is Yue Feng!"

"Helplessly, he continued: "You are the city lord of Simon City, aren't you? To be honest, I really am not a slave, but I was caught by mistake."

Doug didn't seem to care about this, but looked at Yue Feng closely. : "You placed all these potted plants?"

When he said this, his eyes showed an indescribable complexity and urgency.

Um?

Yue Feng frowned secretly.

Does this city master know the formation method?

Thinking to himself, Yue Feng nodded and said, "That's right. I did it!"

When he answered, Yue Feng looked calm, but he was a little flustered for no reason.

If this Doug knew the method of cracking, then he would have no advantage, and the inner strength of his dantian had only recovered a little, and he could not stop so many soldiers at all.

"Huh!"

Just when Yue Feng was secretly worried, he saw Doug take a deep breath, and finally waved his hand: "All retreat!"

“
Hearing this, the surrounding soldiers were a little puzzled, but seeing Doug’s serious face, they didn’t dare to go against it, and they all retreated.

Irene was also stunned, and couldn’t help but say, “Father, you...”

Before she finished speaking, she was interrupted by Doug’s wave.

“Irene, you are waiting here now.” Doug said, then slowly walked down the steps towards Yue Feng.

Arriving in front of the Bagua Array, Doug said to Yue Feng, “Yue Feng, right, please come with me!” His tone was calm, and he lost all the force he had before.

With that said, Doug turned around and walked towards the study.

This....

Yue Feng was stunned, what’s the situation, this Doug not only didn’t do anything to himself, but also had a private interview with himself?

What is he going to do?

At the same time, Irene and the surrounding soldiers also looked at each other in dismay, even more astonished in their hearts.

What happened to the mayor? Even took this slave to the study? You know, Doug has a prominent identity and never looks at these slaves, but at this time, he looks at the slave in front of him so differently.

More importantly, this guy offended Miss Irene before.

Soon, when he arrived at the study, Yue Feng looked around and was stunned.

As soon as I saw the study in front of me, it was the size of a basketball court. There were several rows of bookshelves neatly arranged, and there were tens of thousands of books on it, just like a small library.

“Mr. Yue Feng!”

Just as Yue Feng sighed inwardly, Doug suddenly said, “Excuse me, what is your relationship with Lord Fu Yi, is he his descendant?”

At this time, in the study, only Doug and Mr. Yue Feng, and Doug also completely put down the shelf of the city owner, looking at Yue Feng's eyes, full of anticipation and excitement.

Lord Fuyi?

Looking at Doug's expression, Yue Feng couldn't help frowning and said, "What is Lord Fuyi?"

Mentioning Lord Fu Yi, Doug became excited all of a sudden: "Master Fu Yi is the most legendary, mysterious and greatest person in the entire Roland continent for two thousand years. His knowledge can be described as vast as the sea, and his ability, even surpassing the gods..."

"It's just that such a great person left too little and too little. A few years ago, I was fortunate enough to get a book about Lord Fu Yi, with a picture on it, and The shape you made with the potted plant just now is almost exactly the same."

As he spoke, Doug carefully took out an exquisite wooden box from the innermost bookshelf, and then took out an ancient book.

What the hell!

At this moment, Yue Feng took the ancient book and glanced at it, and the whole person was stunned.

The ultimate husband in Chinese chapter 3166-3170

Chapter 3166

This...

Yue Feng held the ancient book, his hands trembled uncontrollably, and his brain was buzzing.

I saw that there are several illustrations in the ancient book, and these illustrations are all formation patterns, and one of them is the Bagua formation that Yue Feng used just now, but there are some differences in subtleties.

However, Yue Feng recognized at a glance that this was Fuxi's innate gossip.

Yue Feng clearly remembered that the gossip was created by Fuxi. It was originally called the innate gossip, and then evolved with the continuous improvement of future generations, and finally it was called the gossip for short.

And what is recorded in this ancient book in front of me is the very first innate gossip.

For a time, Yue Feng was stunned there, shocked in his heart, but he couldn't calm down for a long time.

Lord Fu Yi....Fu Xi innate gossip!

Could it be that... the Lord Fu Yi in Doug's mouth is Fuxi, one of the three emperors? Two thousand years ago, Fuxi lived in this different world?

This...this is also incredible.

Who is Fuxi? One of the three emperors in the ancient Three Sovereigns and Five Sovereigns, is the human ancestor of the Kyushu continent. In the Kyushu continent, almost everyone knows about it.

At this time, Yue Feng actually saw Fuxi's innate gossip in this different world, can he not be shocked?

"Mr. Yue Feng?"

Just when Yue Feng was secretly shocked, Doug whispered from the side: "Mr. Yue Feng, what's the matter with you?"

Yue Feng calmed down and said quickly, "Uh... It's nothing."

This chapter is provided by . Visit for daily update.

Doug quickly asked, "Do you know the picture on this?"

Yue Feng did not hide it, nodded and said: "I know, this is called a gossip map!"

Wow!

Hearing this, Doug became excited all of a sudden: "I guessed right, Mr. Yue Feng really has something to do with Lord Fu Yi." Then he explained the legend of Fuxi in this different world in detail. come out.

Hearing this, Yue Feng was also very excited.

It is no wonder that for thousands of years, the tomb of Fuxi has never been found in the Kyushu continent. It turned out that he came to this different world. Perhaps, Fuxi also entered the vortex of chaos like himself.

However, from Doug's words, Yue Feng learned that two thousand years ago, Fuxi used the name Fuyi to travel to the Roland continent, leaving behind various legends, which were regarded as god-like beings by all parts of the Roland continent, but only a few Ten years later, there is no trace.

Today, more than two years have passed in Roland Continent, but Fuxi's deeds are still circulating.

Knowing that Yue Feng and Fuxi were related, Doug was incoherent: "Mr. Yue Feng, are you a descendant of Lord Fu Yi?"

Hmm!

Yue Feng nodded. Fuxi is the ancestor of humanities in the Kyushu continent, that is, his own ancestor, and he is certainly a descendant of Fuxi.

"Two thousand years ago, why did Lord Fu Yi suddenly disappear?" Doug continued to ask.

This...

Yue Feng scratched his head, how did he know this?

Perhaps, Fuxi used some method to leave this other world, or he went into seclusion.

Thinking to himself, Yue Feng opened his mouth and said, "Lord Fuyi lived in seclusion on an overseas island back then, and I came from that island! As soon as I arrived at Port Simon, I was caught as a slave by your people."

When he said this, Yue Feng looked serious. Speaking of which, Yue Feng didn't want to talk about it, but he couldn't help it. If he said that he was sent from another world by the chaotic vortex, Doug would definitely think it was a fantasy. Since it is determined that he has a relationship with Fuxi, it is better to make up a lie.

Chapter 3167

It turned out to be like this.

Hearing this, Doug's eyes flashed and he suddenly realized.

Immediately, Doug asked urgently: "Excuse me, where is your island..."

Before he could finish speaking, Yue Feng made up his mind: "Lord City Lord, since my ancestor, Lord Fu Yi, chose to live in seclusion, I just don't want to be disturbed by the world, so I'm sorry, I can't tell you the location of this island."

Uh... Doug

was a little disappointed, but he was still very excited: "I took the liberty of understanding this."

Flickering with anger: "These damned soldiers, one by one, they are stupid, and they have caught the descendants of Lord Fu Yi. I must punish them later."

Yue Feng smiled and said: "Forget it, I don't know. It's not surprising, by the way, please Lord City Lord, please keep my identity secret for me, and don't mention it to the second person."

Fuxi has such a great influence in this different world, if it is known that he is his descendant, he will definitely Cause a lot of trouble.

Doug is a smart person, he can understand at one point, he quickly nodded and said, "Don't worry, Mr. Yue Feng, I will definitely keep it a secret for you." In the

next second, Doug asked very politely: "Mr. Yue Feng, this time you Come to Roland Continent, what's the matter?"

Yue Feng thought about it and replied: "Since the ancestor Fuyi decided to live in seclusion, my family has been living on that island for more than two thousand years, and it has been cut off from Roland Continent. Contact, I grew up on the island, and I wanted to come to Roland mainland since I was a child, so I didn't have anything important to do this time, I just wanted to come out and experience it."

When he said this, Yue Feng looked serious, but his heart was Secretly hilarious.

Ha ha...

He is too witty, this lie is made up, it is simply impeccable.

Hearing this, Doug nodded and said sincerely: "Since it's an experience, Mr. Yue Feng came to Simon Port. He really came to the right place. We have beautiful scenery and warm people here."

After speaking, Doug continued. : "If Mr. Yue Feng needs any help in the future, I will give full support from Simon Port."

Yue Feng nodded and said with a smile, "Then I would like to thank the Lord City Lord."

At the same time, Yue Feng felt an indescribable joy in his heart.

I thought it would be a lot of trouble today, but I didn't expect that, in a blink of an eye, I became the guest of the city lord. After all, it was Fuxi's blessing.

I just came to this different world, and with Doug's help, I can save a lot of trouble.

"You're welcome!" Doug smiled and was even more happy.

The person in front of him is the descendant of the legendary Lord Fu Yi. It is a blessing that he has cultivated in his lifetime to have a relationship with him.

At this time, Doug didn't know yet that Yue Feng in front of him was indeed a descendant of Fuxi, but it was by no means what he imagined.

"Lord City Lord!"

At this moment, Yue Feng thought of Miaoying and Yanhong, and said, "Before I came to Simon Port, I met two friends, but I don't know how to find them. Please help!"

"No Question!" Doug agreed without thinking.

In the next few minutes, Doug called the painter. In this different world, there are no cameras and electrical appliances, only the painter, and because of the relationship of rank, only the person of Doug's identity can afford the painter.

Then, under the description of Yue Feng, the painter drew the portraits of Miao Ying and Yan Hong.

"Mr. Yue Feng, I'll send someone to help you find someone with a portrait later!" Doug said very politely.

The next second, Doug thought of something, and he hesitated to say anything and looked very embarrassed: "Mr. Yue Feng, I have a small request, I hope Mr. Yue Feng will not refuse."

At this time, Yue Feng was in a good mood, Nodding: "What request, say it!"

Chapter 3168

"Well..." Doug hesitated, and said with a smile: "I want to invite Mr. Yue Feng, Irene's teacher, my daughter, she is smart and smart since she was a child, but she is a bit willful, I hope Mr. Yue Feng can Teach her skills, so that she can restrain her temperament..."

This...

Yue Feng pondered, and after a few seconds, he nodded and said, "Okay."

Speaking of which, Yue Feng didn't want to agree, after all, now The most important thing is to find Miaoying and Yanhong, and then find a way to return to the world of Kyushu Continent.

But I just arrived here, and I still need Doug's help in the future. If I refuse, it will be unreasonable.

"Great!"

Seeing Yue Feng agree, Doug was very excited and smiled.

Afterwards, Doug politely invited Yue Feng out of the study.

When I got to the courtyard outside, I saw Irene and the surrounding soldiers were still there.

Swish!

At this moment, seeing Doug and Yue Feng talking and laughing, both Irene and all the soldiers present were stunned.

This... what's going on? Are you dazzled?

This despicable slave actually stood side by side with the city lord, and the city lord was still very polite to him?

Especially Irene, her delicate body trembled, and her face was full of incredible.

"Irene!" At this moment, Doug waved at Irene.

Irene recovered and walked over slowly.

When he got to the front, Doug smiled and pointed at Yue Feng: "Irene, I just found a master for you, this is Mr. Yue Feng. In the future, you have to be obedient and focus on learning skills with Mr. Yue Feng, you know?"

What?

Hearing this, the entire castle was in an uproar, and everyone exploded.

Irene trembled even more, completely stunned.

Is father crazy? Let a slave be your own teacher?

Immediately afterwards, there was a lot of discussion around.

"What's the situation?"

"The city chief asked Miss Irene to be this slave's apprentice?"

"This..." The

surrounding discussions kept coming, and Irene also reacted to it, calling at Doug: "Father, he is a slave, how can he be qualified to be my teacher? Are you confused?"

When she said this, Irene gave Yue Feng a cold look, unable to hide her contempt.

"Shut up!"

Doug shivered angrily and shouted at Irene: "Mr. Yue Feng is not a slave at all, but a person with great ability. It is your honor to be your teacher!"

Not a slave ?

Hearing this, Irene was stunned for a moment, and then said disapprovingly: "Even if he is not a slave, he is nothing special, and he is not worthy of being my teacher!"

Doug pointed at Yue Feng and said, "Not worthy? Do you know, just now he used..." He got stuck in the middle of the story. In Roland Continent, no one knew about the existence of the formation, even if Doug kept an ancient book, which recorded the innate gossip, it was completely can not read it.

At this time, Yue Feng reminded next to him: "Bagua Array!"

"Yes!"

Doug nodded heavily, and then scolded Irene: "Mr. Yue Feng used the gossip array just now, and more than a dozen soldiers couldn't touch him. As a teacher, I don't have your daughter!"

When Chapter 3169

said this, Doug was anxious and angry.

The people around him are the descendants of Lord Fu Yi. He finally asked Yue Feng to promise himself, but this daughter is still unwilling in every possible way.

call!

At this moment, the entire castle was silent!

Everyone's eyes were fixed on Yue Feng, and their eyes were full of complexity. Who is this kid? How could the city master admire him so much.

Erin is also stupid!

Doug's words, like an invisible giant hammer, slammed into her heart. If he doesn't recognize the teacher, the father will not recognize his daughter. Why? What's so good about this man dressed like a slave?

Thinking to herself, Irene took a deep breath and said, "What kind of gossip array, he has no ability at all, and he was just lucky, so he didn't get caught. Anyway, I won't recognize him as a teacher.

" You..."

Doug was completely angry, shivering with anger.

Seeing her father's anger, Irene also realized that it was inappropriate for her to refuse directly. She looked around and pointed at a burly soldier next to her: "It's okay for me to recognize him as a teacher, unless he can beat Heath.

" At this point, Doug frowned.

Yue Feng turned his head to look, and saw this Hiss, very burly, almost two meters tall, wearing heavy armor, looking like a hill from a distance, holding a broad sword, looking at Ling Fear of life.

Whoa!

At this moment, the other soldiers around were also excited.

You know, in Roland Continent, where martial arts are popular, no matter which city, there is a special venue for people to compete. Of course, it is not called an arena here, but a competition.

In Simon City, there is a competitive competition held every year. At this time, seeing Irene want to let Yue Feng and Hesby fight, every soldier is inexplicably excited.

Of course, Heath's voice is very high. You must know that Heath is Doug's personal guard, and he has the title of knight. He is the most powerful person under Doug.

"How is it?"

Seeing Yue Feng pondering, Irene looked smug: "Do you dare?" After saying that, she looked up and down at Yue Feng, very confident.

The person in front of him had no holy power at all, and Hiss could easily knock him down with a single finger.

At this time, Irene did not know that Yue Feng came from another world, and the inner strength of his dantian was completely different from the one here. Imperceptible.

Aware of Irene's contempt, Yue Feng didn't care, smiled slightly, and

said lightly, "What dare you?" To be honest, Yue Feng didn't want to compete with Heath, but he had already promised Doug that he would accept Irene as the job. Apprentice, you can only try it out.

Swish!

The voice fell, and Heath strode out. At the same time, the surrounding soldiers quickly dispersed, leaving an open space.

At this time, Doug said to Yue Feng: "Mr. Yue Feng, what weapon do you use?"

Seriously, Irene asked Yue Feng to compete with Heath. Doug was very angry, but at the same time he wanted to see this What kind of strength is the descendant of Lord Yi?

At this moment, Heath had reached the center of the clearing.

Yue Feng took a deep breath and said lightly, "I don't need weapons."

Although the internal strength has only recovered a small part, it is more than enough to deal with the Hiss in front of him. Moreover, his Fang Tianhua halberd is a special-shaped weapon in this different world, and cannot be easily displayed.

What?

Hearing this, whether it was Doug and Irene, or the people around, were all taken aback.

Of course, most of them thought that Yue Feng was bragging. You must know that in the Roland Continent, the battle among the saint power practitioners is not as complicated as that of the Kyushu, and there is no such thing as the argument that the soft overcomes the rigid, and the four or two move a thousand pounds. In this case, Their own strength and weapons are particularly important.

Heath's giant sword is hard and sharp, and it has an advantage in itself, but Yue Feng doesn't use weapons, it is impossible to win, and it is a proper loss.

Chapter 3170

At this time, Heath narrowed his eyes slightly and looked at Yue Feng: "Are you sure you don't need weapons?"

Yue Feng walked slowly to the field, nodded and said, "Yes, we can start!"

Yue Feng's attitude, making Heath feel contemptuous, roaring loudly, holding the giant sword tightly, his figure leaped high, and slashed directly towards Yue Feng!

call!

At this moment, Yue Feng only felt a strong wind blowing towards his face, and he was secretly surprised. The holy power of this other world is nothing special, but the momentum that erupted was really strong.

Thinking to himself, Yue Feng turned around and quickly dodged backwards.

boom!

Yue Feng's measure was very good, just to avoid it, he saw Hiss's great sword slashed to the ground at once.

Haha...

Seeing this scene, the surrounding soldiers couldn't help laughing. In their opinion, Yue Feng's dodging was showing weakness.

Irene also looked proud, and couldn't help but said to Doug: "Father, you see, this person has no skills. As soon as he encounters an opponent, he knows to hide."

Doug frowned and did not speak. But I couldn't help but mutter in my heart.

This descendant of Lord Fuyi can't really beat Heath, right?

On the field now!

Seeing Yue Feng dodging his sword, Heath couldn't help sneering and mockingly said, "That's all you can do? Can you only dodge?" The

voice fell, clenching the giant sword in both hands, and charged towards Yue Feng again.

call!

Yue Feng's face was light and cloudy, he breathed a sigh of relief, and then rushed forward.

Seeing that the two were about to collide, Yue Feng suddenly circled to the right of Heath, raised his hand and tapped on the acupoint of Heath. Yes, Yue Feng could see that the holy power in this world is completely different from the inner power of Dantian. There is no meridian, let alone what acupuncture points are. As long as you click on the acupoints of Heath, you can easily defeat them.

Snapped!

When the acupuncture point was tapped, Heath trembled and couldn't move.

Yue Feng's speed was very fast, and everyone felt that their eyes were blurred, and Heath didn't react at all.

"Huh? What's the matter, why is Heath not moving?"

"Yeah..."

At this moment, many soldiers around couldn't help but talk, and they were very surprised.

Heath in the field was even more shocked. He clearly felt that his body was completely out of control, as if he was under a spell.

How could this be?

Just when Heath was secretly panicking, he saw Yue Feng smile slightly, and his body flashed directly to the front, and then he kicked Heath's stomach.

This kick also solved Heath's acupuncture point by the way.

Bang!

A dull sound came, and Heath was kicked and flew out. He flew more than ten meters before falling heavily to the ground. Although he was not seriously injured, he was very embarrassed.

This...

seeing this scene, everyone in the audience was dumbfounded, this Yue Feng actually defeated Heath without weapons? Incredible.

It's just... why did Heath suddenly stop moving just now?

When Yue Feng touched the acupuncture point just now, he shot very quickly, and even Heath himself didn't respond, so the people around couldn't see clearly, and thought it was what happened to Heath himself.

The ultimate husband in Chinese chapter 3171-3180

Chapter 3171

"You lost!" Yue Feng stood there with his hands behind his back, smiling at Heath and said.

Heath gritted his teeth and glared at Yue Feng. He was very unconvinced, but he didn't know how to refute it.

At this time, Irene walked over quickly and scolded Heath: "This man doesn't even have weapons, so you can't beat him. Also, what happened to you just now? Why did you stop and let him stand there? Kick?"

When she said this, Irene was very angry, she thought Heath would win, but she didn't expect to lose so embarrassingly.

"Miss Irene, I..."

Heath opened his mouth, wanting to cry without tears: "I don't know what's going on, I just suddenly couldn't move." He is famous in the entire Simon City. It was a shame for a knight to lose to an unknown soldier.

Depressed, Heath did not look at Yue Feng with admiration because of his defeat, believing that the defeat just now was just a coincidence.

"Hahaha..."

At this time, Doug came over with a big laugh and said to Irene, "Irene, did you see that Mr. Yue Feng defeated Heath and is qualified to be your teacher?"

When he said this, Doug couldn't hide his excitement.

Although the battle just now, Yue Feng won not be very brilliant, and even a little confusing, but still won in the end.

"Father!"

Irene bit her lip and said, "You saw it just now, Heath suddenly couldn't move, and obviously he was not in shape today, so this game doesn't count!"

Like Heath, Irene also felt that the comparison just now Dou, Heath suddenly couldn't move, it was an accident, otherwise, Yue Feng couldn't beat him at all.

When Doug's face changed, he was about to scold.

This chapter is provided by . Visit for daily update.

At this moment, Yue Feng laughed and said to Irene: "It's really interesting, it turns out that Miss Irene can also talk and it doesn't count. You proposed the game, and now you lose and don't admit it, Lord City Lord, you Simon The established rules have always been like this, can you not count what you have said?"

After saying this, Yue Feng's face was light.

Swish.

This time, everyone's eyes fell on Irene. Irene said just now that if Heath was going to lose, she would recognize Yue Feng as her teacher.

Is she really going to break the bet?

At this moment, looking at Yue Feng's smiling face, Irene bit her lip tightly, almost bleeding.

Doug couldn't bear his face, and couldn't help but scolded: "Irene, why don't you apologize to Mr. Yue Feng?"

He is the city lord of Simon City. If his daughter's words don't count, if the matter spreads, where will the face go?

Hearing the scolding, Irene trembled.

In the next second, Irene slowly walked over to Yue Feng, her face blushed, and she whispered: "Mr. Yue Feng, I'm sorry... in the future... please give me more guidance in the future!"

In Roland Continent, the apprentice To recognize the teacher, there is no saying of salute and kneeling, and there is no tradition of serving tea.

However, in Irene's heart, she promised to recognize Yue Feng as her teacher and apologized in public, which was already her bottom line.

At this time, Irene was full of suffocation! Seriously, at this moment, she really wanted to turn around and leave, but in this way, her reputation would be ruined, and her father's reputation would be affected. After all, it was a fact that Heath lost the fight, and there were so many people watching.

Ha ha....

However, Yue Feng was standing there, but he sneered secretly. This Roland Continent really has no rules at all. Now that he is a teacher, he doesn't even have basic etiquette.

“Mr. Yue Feng?” Seeing Yue Feng standing still, Doug realized something was wrong and quickly asked, “Do you have anything to say, sir?”

Huh!

Yue Feng took a deep breath and said lightly: “At my place, when you recognize the teacher, you must kneel down, otherwise it won’t count!” When he said this, Yue Feng looked at Irene with a half-smile.

To be honest, when Yue Feng first arrived, he didn’t want to embarrass the city owner, but thinking that she had treated herself as a slave and humiliated her in every possible way, she planned to take the opportunity to teach her a lesson.

Chapter 3172

What?

Bow down!

Hearing this, there was an uproar in the audience. All the soldiers looked at Yue Feng in astonishment, thinking that this man was crazy.

Especially Irene, her eyes widened, she glared at Yue Feng, her delicate body trembling.

You must know that in Roland Continent, only on very solemn occasions can one kneel and worship, and the object is only the supreme ruler, or one’s own parents.

I’ve never heard of it before. When you recognize a teacher, you must kneel and worship, because the atmosphere here is relatively open. Teachers and students are both teachers and friends.

This...

Doug was also stunned, but he quickly realized that Yue Feng is a descendant of Lord Fu Yi and lives on overseas islands all year round. It is normal for customs and etiquette to be different from Roland mainland.

Thinking of this, Doug didn’t hesitate, and urged Irene, “Quick, kneel.”

However, Irene stood there with no intention of kneeling at all.

“Father!”

Finally, Irene reacted and couldn’t help shouting at Doug: “Why? Why do you have to let me recognize him as a teacher? Kneel? I won’t kneel!”

Doug was so angry, He walked over quickly and slapped Erin on the face!

“Clap!”

This slap used almost all her strength, and Irene was immediately blinded, her face was covered with her jade hand, and her eyes were full of grievances!

“Father!” Irene cried out all of a sudden, “What kind of demon have you fallen for? What’s so good about this person?”

Doug trembled in anger, pointed at Yue Feng and said, “Do you know who he is? Don’t say it’s me, he can enjoy the highest treatment anywhere in Roland Continent!”

At this time, Doug, I wanted to say that Yue Feng was the descendant of Lord Fu Yi, but at the critical moment, he held back.

What?

Hearing this, the soldiers around were all dumbfounded.

Where can I get the best treatment? What kind of identity is this Yue Feng!

Erin is also stupid!

At this moment, her legs felt weak, and her delicate body couldn’t help but take two steps back.

She could see that her father’s expression was full of respect and politeness when he mentioned Yue Feng.

Is this man really unusual.

Pfft!

A few seconds later, under Doug’s strong pressure, Irene had to bow down, bend her knees, and kneel in front of Yue Feng.

call!

Seeing this scene, Yue Feng was indescribably happy. He walked up to Irene with a smile and patted her head: “Well, this is good, apprentice, get up.”

With Yue Feng’s action, Irene again Embarrassed and angry, her delicate face suddenly flushed red, and she secretly swore in her heart.

Yue Feng, you wait for me, it made me so embarrassed today, and I will not let you go when I have a chance in the future.

.....

On the other side, the Kyushu Continent.

Duan Yu's power of the Hades was swallowed up by Yanhong. Afterwards, Yanhong, Yue Feng, and Miaoying were swallowed up by the chaotic vortex, and the Kunlun Peak was completely destroyed.

Under such circumstances, the situation in Kyushu also changed rapidly.

At this moment, stay away from Shenlong Island outside Kyushu.

Chapter 3173 In the

hall, Xian Di was sitting on the throne in a long dress, with a gratifying smile on her beautiful face. In the seat next to her, Xiaolong Xiaoxi sat there very well-behaved.

Half a month ago, in order to protect Yue Feng, the young dragon was seriously injured and was taken away by Long Xianger who arrived in time. After returning to Shenlong Island, Xiandi used a lot of heaven and earth to heal the young dragon.

At this time, the young dragon Xiaoxi has recovered from his injuries, and with the help of Xiandi, his strength has greatly increased, and he has the ability to transform into a human form.

These days, Sandy has been accompanying the young dragon.

However, the young dragon has always been unhappy. You must know that the young dragon is the soul of Xiao Xi. When she was brought to Shenlong Island by Long Xianger before, Xiao Xi knew that the situation in Kyushu was chaotic and Yue Feng was the sect master of Tianmen. , If you want to turn the tide, you will definitely suffer many difficulties, and you must return to Yue Feng.

This matter, Xiao Xi told Xiandi more than once, but Xiandi would refuse on the grounds that Kyushu was too dangerous.

Xian Di didn't know yet that the younger sister in front of her had another soul in her body.

However, Xiandi couldn't stand Xiaoxi's soft and hard bubbles in the end, and finally decided to let Long Xianger go to Kyushu to inquire about the situation.

At this time, Xiao Xi looked at the direction outside the hall and couldn't hide her worries: "I don't know what's going on in Kyushu, what about Brother Yue Feng!"

Hearing this, Xian Di smiled lightly: "Sister, your heart is too kind, Kyushu has nothing to do with our Shenlong Island, what do you care about?" After

speaking, Xian Di thought about it and continued: "Speaking of Yue Feng, this person is not weak, and he is very witty. It shouldn't be a problem. Also, although you and Yue Feng have a relationship of recognizing the master with a drop of blood, they can't be too close, you know? You are a dragon, he is a human, how can you be called eldest brother?"

"Then, I saw a slender figure and walked quickly into the hall.

It was Long Xiang'er who went to Kyushu to investigate the news.

"Sister Xiang'er!"

Seeing Long Xiang'er, Xiao Xi quickly stood up and asked impatiently, "Is there any news about Brother Yue Feng?"

When asking these questions, Xiao Xi's eyes were full of anticipation.

call!

Long Xiang'er took a deep breath, her beautiful face was full of complexities: "Yes... it's just..."

After a pause, Long Xiang'er said word by word, "I found out that Yue Feng was finally there. The Kunlun Peak is swallowed up by the chaotic vortex, life and death are unknown, and the Kunlun Peak has also collapsed..."

After saying this, Long Xiang'er's eyes flickered, and she did not look at Xiao Xi, and there was some indescribable sadness in her heart.

What?

Hearing these words, whether it was Xiao Xi or Xian Di, their bodies trembled and they were completely stunned!

Especially Xiao Xi, her heart hurts like being struck by lightning!

"How could this be, did you hear it wrong?" Xiao Xi asked softly with red eyes, trying to control her emotions.

Long Xiang'er breathed a sigh of relief and said, "It shouldn't be wrong, I specially went to the Kunlun Judging Site, which is already a ruin, not only that, but Yue Feng's two sworn brothers also built a huge stone tablet on purpose. Remembering Yue Feng..."

After speaking, Long Xiang'er looked at Xiao Xi and said, "Also, the situation in Kyushu has become more complicated, you should not go, it's too dangerous!" The

voice fell, Xiao Xi's figure flickered, I almost fainted, tears welling up in my eyes!

Brother Yue Feng is dead?

No, it's not true!

"Sister!" Xian Di, who was next to him, quickly supported Xiao Xi and gently comforted him: "If something like this happened to Yue Feng, it may be his doom, so don't be too sad, that's fine, it's gone. You are also free in the relationship of recognizing the Lord with a drop of blood. In the future, you can take care of Shenlong Island with me and help my sister revive the Dragon Clan!"

"No!"

Xiao Xi shook her head with a look of grief: "Brother Yue Feng will not I'm dead, I'm in contact with his blood confession, he hasn't completely disappeared, he's not dead, he's not dead..."

When saying this, Xiao Xi's tender face showed a trace of madness.

Xiao Xi didn't lie. She clearly felt that the connection between her and Yue Feng was vague and not completely cut off. If Yue Feng really died, she would never feel this way. Therefore, Xiao Xi concluded that Yue Feng was not dead yet.

What?

Hearing this, Xian Di and Long Xiang'er were stunned.

Chapter 3174

Is there such a thing?

A few seconds later, Xian Di reacted and said softly: "Even if Yue Feng is really not dead, but he is swallowed by the chaotic vortex, it will be difficult for him to come back alive. I think you should not hope too much."

Xiao Xi did not speak. , staring blankly at the sky outside the main hall, his tender face is full of sadness and pity.

“He will definitely come back!” Xiao Xi’s eyes flashed with determination, and then she said to Xian Di: “Sister, I decided to return to Kyushu. Brother Yue Feng is not here. I want to help her protect

the Ouyang family.” Xi’s tone was firm and unquestionable.

She firmly believed that Yue Feng would definitely come back alive, and the first time Yue Feng came back, he would definitely return to the Ouyang family.

This...

Hearing this, Xian Di hesitated, but looking at Xiao Xi’s firm appearance, she reluctantly agreed: “Okay.”

After saying that, Xian Di said to Long Xiang’er: “In this case, you can Protect your sister’s safety, remember, don’t reveal the identity of your dragon clan unless it is absolutely necessary!”

“Understood!” Long Xianger hurriedly agreed

a few minutes later, under the escort of Long Xianger, Xiao Xi quickly returned to Kyushu mainland.

...

the other side. Ouyang family!

In the hall, Wen Chou Chou, Sun Dasheng, Ren Yingying and others were discussing the situation in Kyushu, and they saw that the former Queen of the Southern Cloud Continent was also there.

After the Kunlun Peak Incident was over, the queen followed everyone and returned to the Ouyang family. In the queen’s heart, she was pregnant with Yue Feng’s flesh and blood, and she was also a member of the Ouyang family.

At this time, Wen Chou Chou looked around: “Last night, I got the news that Long Qianyu has taken over the power of the Southern Cloud Continent, and she is the new Southern Cloud Queen!”

When saying this, Wen Chou Chou subconsciously looked at the Queen. .

The queen’s delicate body trembled, and there was no joy in her heart, but she couldn’t tell the complexity. She knew Long Qianyu’s personality too well. Although she was strong, she acted more willfully. Speaking of which, it’s not a good thing.

"This Long Qianyu!" Sun Dasheng couldn't help but said: "After Fengzi was swallowed by the chaotic vortex, she still hates Fengzi, thinking that Fengzi has defiled the queen. Now that she is the queen, she is afraid to deal with us.

" When he arrived at Yue Feng, Sun Dasheng felt very uncomfortable.

call!

Wen Chou Chou took a deep breath and sat there without speaking, with a hint of worry on his face.

The great sage said it well. Long Qianyu hated Fengzi before, but now that she is the queen, she will definitely not let the Ouyang family go. What's more, the queen still has Yue Feng's flesh and blood in her stomach.

"Boom!"

As he was speaking, he heard a vibration from outside.

At the same time, a disciple walked in quickly, looking flustered: "Palace Master Wen, Sect Master Sun, it's not good, Nanyun Continent sent a large army to surround the mansion."

What?

Hearing this, whether it was Wen Chou Chou or Sun Dasheng and others, their expressions changed. Nima, this Long Qianyu is quite fast. As soon as she mentioned her, the Nanyun Army came!

Frightened, Wen Chou Chou hurried out, followed by Sun Dasheng and others!

When we got outside, everyone was shocked when they saw the scene in front of them!

I saw a large army of tens of thousands of Nanyun, ready to fight, surrounding the entire Ouyang mansion like an iron barrel. These soldiers, wearing uniform armor and holding long knives, were murderous!

In front of the army, a man was riding a tall horse and holding a long spear.

It was the commander-in-chief Yan Chao.

Chapter 3175

Seeing Yan Chao, the queen has a complicated expression. This person is the captain of the palace guard. He was loyal to the queen before. It seems that after Long Qianyu became the queen, he promoted him to the commander.

However, the Queen clearly felt that Yan Chao looked at her with a look of indifference instead of the respect he used to have.

Obviously, the queen was pregnant with Yue Feng's child, which ruined the reputation of the Nanyun royal family. Yes, Yan Chao's attitude has also changed.

"Yan Chao!"

Soon, the queen reacted, took a step forward, and shouted at Yan Chao: "What are you bringing the army here for?"

Yan Chao took a deep breath and looked directly into the eyes of the queen: "I serve Your Majesty. Order, I specially asked you to go back!"

After speaking, Yan Chao took out an imperial decree from his body and read out: "The former queen Long Qianying, who had a child in private, humiliated the royal prestige, today specially ordered Yan Chao to lead the army to bring her back. , to abort the fetus, Yu Lenggong faced the wall and thought about it, there must be no mistake." Long Qianying is the real name of the queen.

After reading the imperial decree, Yan Chao said indifferently to the queen: "You have also heard the imperial decree, I am acting on my orders, I hope it will not make me embarrassed.

Dengdeng...

Hearing this, the queen's heart aches, like being struck by lightning, The delicate body staggered and took a few steps back.

Long Qianyu wanted to kill his own child and imprison himself in the cold palace?! This...this is his own sister, why is he so cruel now?

Wow!

With this At the same time, the surrounding Wen Chou Chou and others were also in an uproar.

Putting the queen into the cold palace, but also killing the children.

This is too ruthless. When Long Qianyu became the queen, has he lost any family affection?

" Hello! "

Sun Dasheng has a hot personality, he couldn't help it on the spot, and shouted at Yan Chao: "What kind of bullshit imperial decree, you can sacrifice the life of an innocent child for the sake of the royal family's face?"

"He whispered to the queen, "Are you going to follow me back?" The queen bit her lip and shook her head.

At this time, the Queen's heart was unspeakably uncomfortable. She and Long Qianyu had a deep love for each other. They had been helping each other for so many years, but she never thought that after she became pregnant, the sisters' relationship would change quietly.

Speaking of which, the queen really wanted to return to the Nanyun Palace and make it clear to Long Qianyu in person, but once she went back, the child in her belly could not be kept.

After receiving a response, Wen Chou Chou did not hesitate, and said to Yan Chao: "Go back and tell Long Qianyu, she will not go back with you." The voice was not loud, but there was no doubt.

Previously, Yue Feng was swallowed by the chaotic vortex, leaving no bones. This made Wen Chou Chou very guilty. At this time, he must not watch Feng Zi's unborn child suffer persecution.

Swish!

At this moment, Yan Chao's face became extremely ugly. The group of people in front of them dared to ignore His Majesty's decree. When the matter spread, how could they stand on the mainland of Kyushu?

In anger, Yan Chao glared at Wen Chou Chou: "You are not too timid, do you know the end of disobeying the imperial decree?"

Ren Yingying, who had been silent for a while, couldn't help shouting: "Don't do this, This is the Continent of Earth Circle, not the Continent of Southern Clouds. How can you resist the decree? On the contrary, you are leading the army to surround the Ouyang family, and you have bad intentions!"

"Okay, very good!"

"To be right, he suddenly became furious: "All the officers and soldiers obey the order and immediately take Long Qianying away. Whoever dares to stop them will be killed!"

Whoops!

The voice fell, and more than a hundred soldiers in the front row rushed towards the queen.

The ultimate husband in Chinese chapter 3176-3180

Chapter 3176

“Fuck you ma...”

Looking at the swarming Nanyun soldiers, Sun Dasheng’s eyes were instantly blood red, he roared, and the opening axe instantly appeared in his hand, and a dazzling golden light burst out.

The next second, Sun Dasheng’s figure flashed, directly blocking the Queen behind him.

“As long as my Dasheng Sun lives for one day, you will never want to hurt anyone in the Ouyang family!” Dasheng Sun howled desperately, his body was filled with a strong fighting spirit, he turned and said to the people behind him: “Defend the family, kill me!”

Dasheng Sun knew clearly , the Ouyang family is the only place Yue Feng cares about, and it is his home. In any case, the Nanyun army cannot be allowed to act recklessly here.

When the voice fell, the entire Ouyang family responded.

“Defend the Ouyang family!”

“Don’t let them take people away!”

“Kill!”

Speaking of which, after the great changes before, the great sage of the Ouyang family is now able to fight, with less than a hundred people, and Compared with the army of tens of thousands of Nanyun, they were like chariots, but they all looked resolute, and none of them retired.

“Kill!”

Along with the bursts of howling, Sun Dasheng held the opening axe, took the lead, and rushed into the enemy army first!

“Yan Chao, if you have an order to go back later, tell Long Qianyu that Yue Feng has helped Nanyun Continent so much before, and he has never been sorry for him. If it is because he and the queen have a child, the Ouyang family will suffer unwarranted

disasters. She will pay her blood debts with blood!" A cold voice came from Sun Dasheng's mouth.

The next second, Sun Dasheng stimulated his internal force, and the air around him was instantly distorted!

"Roar!"

This chapter is provided by . Visit for daily update.

In the next second, a sound of dragon roar resounding through the heavens and the earth came from the opening axe, and then, a golden beam burst out and slammed directly into the crowd in the Southern Cloud Continent.

boom!

In an instant, an earth-shattering sonic boom sounded, and within a kilometer radius, dust filled the air, and in the dust and smoke, hundreds of weather soldiers screamed and fell into a pool of blood.

This...

Seeing this scene, the remaining Nagumo soldiers couldn't help but gasp.

Is this the power of the opening axe? so horrible.

At this time, Yan Chao's face was also extremely ugly. It was just one move that actually killed so many of his soldiers. But soon, Yan Chao calmed down.

Yan Chao clearly felt that the power of Sun Dasheng's explosion seemed to be very strong, but in fact, he had not fully comprehended the power of the opening axe.

"Don't be afraid, everyone!"

Realizing this, Yan Chao looked around and shouted at the soldiers: "Sun Dasheng has not yet realized the power of the Heaven Opening Axe, and using the Heaven Opening Axe consumes a lot of internal energy,"

Hu!

Hearing this, the surrounding soldiers reacted, regained their strength, and rushed up again.

"Dangdangdang!" The

two sides continued to confront each other, and the sound of weapons colliding and roaring echoed over the entire Ouyang family, and the air could smell a strong smell of blood.

At this time, in the fierce melee, Sun Dasheng descended like a god of war, holding the Heaven-opening Axe and waving it constantly!

“Ah...”

Every time he swung the axe, a few Nagumo soldiers must fall.

However, gradually, Sun Dasheng became a little powerless. Yan Chao guessed right. Sun Dasheng just got the opening axe a few days ago, and he has not yet realized the power of the opening axe. In this case, the internal force is quickly consumed.

After a while, there were several more wounds on Sun Dasheng’s body, dripping with blood. In front of him, Nagumo soldiers followed one after another, rushing up and surrounding him, unable to kill him at all.

Sun Dasheng only felt that his hands were weak, and he could not grasp the axe firmly, but he still gritted his teeth and insisted with his last breath.

Chapter 3177

Not far away, the situation of Wen Chou Chou and Ren Ying Ying is also not optimistic. Under the constant charge of Nanyun soldiers, they retreated. Before fighting against the army of death at Kunlun Extreme Peak, everyone’s insides had not completely recovered. At this time, facing Yan Chao’s army of tens of thousands, it was naturally unstoppable.

Despite being at a disadvantage, no one gave up.

The queen stood there, guarded by everyone, and her delicate face was full of anxiety.

She really wanted to go up and help, but she was pregnant and couldn’t do it. If the fetal gas moved, it would be troublesome.

“Pfft!”

At this moment, Sun Dasheng was injured again, a Nanyun soldier rushed from the back, and the spear pierced Sun Dasheng’s lower abdomen at once.

Blood swarmed out all of a sudden!

Pfft!

Sun Dasheng's face was instantly pale, his body softened, and he was half-kneeling on the ground. He only felt that all the strength in his body was taken away in an instant, and the whole person was extremely weak.

"No!"

Seeing this scene, the queen's delicate body trembled, and she couldn't help exclaiming.

Afterwards, the queen shouted at Yan Chao: "Yan Chao, please let them stop, I'll go with you, I'll go with you..." When she shouted these, the queen's tears couldn't stop flowing. It hurts to see Sun Dasheng and the people of Ou Yan's family hurt for their own sake.

Especially Sun Dasheng, he is Yue Feng's sworn brother, if he died for himself, he would feel guilty for the rest of his life.

"I'm sorry!"

Hearing the Queen's cry, Yan Chao was expressionless, with a trace of indifference in his eyes: "It's too late for you to decide now, before I set off with the army, Your Majesty specifically explained that once the Ouyang family resisted the decree, no matter what, no one will be spared!"

When he said the last four words, Yan Chao's eyes were full of killing intent.

Yes, what Yan Chao said was indeed explained by Long Qianyu. Yue Feng tarnished his sister's innocence, and caused the Nayun royal family to lose face. Long Qianyu almost hated it, and naturally he would not let the Ouyang family go easily.

What?

Hearing this, Long Qianyu's delicate body trembled and was completely stunned.

My sister is going to destroy the Ouyang family? Just because he had an affair with Yue Feng? How did she become so heartless? After all, Yue Feng was once her fiancé.

At the same time, Sun Dasheng and Wen Chou Chou were also terrified.

Madd, it turns out that Long Qianyu not only wanted to take away the queen, but also to destroy the Ouyang family. Fortunately, he fought back immediately. Otherwise, the entire Ouyang family would have been imprisoned.

"Sun Dasheng! Wen Chou Chou!"

At this moment, Yan Chao showed a sneer and shouted: "In fact, Your Majesty is not too heartless, she also said that if you surrender and promise to be loyal, you will be spared for a while. How is it?"

"Fuck you Mad!"

As soon as he finished speaking, Sun Dasheng scolded angrily, his eyes blood red: "Long Qianyu, this wicked woman, thinks quite beautifully, let me and Brother Wen be his lackeys? Dreaming. Let's go!" The

voice fell, and Wen Chou Chou nodded in agreement: "That's right, we Changsheng Palace, Peach Blossom Island, Tianmen and Ouyang Clan are born from Earth Circle Continent and die as ghosts of Earth Circle Continent, we can never surrender. Nanyun Continent!"

Swish!

Hearing this, Yan Chao's face was extremely ugly, and his anger rose: "Mad, I don't know what to do, but you dare to insult Your Majesty, you all should be damned, damned!"

With the last sound, Yan Chao almost roared out, and then, the surrounding Nagumo soldiers burst into the sky again, like a tidal wave.

Seeing this situation, Sun Dasheng and Wen Chouchou looked at each other with no fear, and went up to meet them side by side.

However, the disparity between the numbers of the two sides was too great, and in the blink of an eye, the Ouyang family had killed and injured a lot of people.

"Made..."

At this moment, Dasheng Sun was so anxious that he was extremely sad and angry, and shouted up to the sky: "Even if you die today, you have to kill a few more enemies, and you can't humiliate the reputation of the Ouyang family!"

Chapter 3178

"Kill!"

Beside him, Wen Chou Chou's long shirt was also dyed red with blood.

Like Sun Dasheng, Wen Chouchou has almost exhausted his internal energy. At this time, facing the constantly rushing enemies, he completely lost his confidence, but he still clenched the long sword in his hand with high fighting spirit: "Dasheng, in today's battle, let's fight. I have done my best, and I have no regrets if I die..."

Hearing this, Sun Dasheng laughed loudly: "Yes, let's kill together today!"

After speaking, the two looked at each other and laughed, but in their hearts they said Uncomfortable.

He was at the top of Kunlun before and failed to protect Fengzi's safety. Do you have to watch the Ouyang family collapse now?

Not reconciled, so reconciled.

Listening to the brothers' laughter, Ren Yingying and everyone not far away were also desperate, and the depressing atmosphere shrouded everyone's heads.

At this moment, everyone has no hope!

However, there is one last belief in everyone's heart, that is, before the destruction of the Ouyang family, a few more Nagumo soldiers must be killed.

"Kill!"

At this time, with the determination to die, Sun Dasheng didn't know where the strength came from, waving the opening axe, like crazy, and rushed into the enemy group again.

"Brother Wen, Brother Dasheng, I'm here to help you!"

Just when the hope in everyone's heart was about to be completely shattered, suddenly, a soft and pleasant shout came from the sky not far away.

Um?

At this moment, everyone followed the voice and was stunned!

I saw a petite figure in the night sky not far away, flying quickly.

He looks like eleven or twelve years old, with exquisitely carved jade-like alchemy, a pair of eyes twinkling and agile, wearing a short skirt of feather gauze, indescribably cute, and at the same time, he has a special temperament.

It is Xiao Xi who has transformed into a human form.

This... who is this girl doll?

Seeing the scene in front of them, everyone in the entire Ouyang family frowned and wondered.

This girl doll has an extraordinary origin when she looks at her temperament, but she is very face-to-face, and she has never seen it before?

Especially Sun Dasheng and Wen Chou Chou looked at each other and were a little confused.

She called her brother, but she didn't seem to know her.

call!

On the other side of the battlefield, Yan Chao rode a big horse and stared at Xiao Xi, also secretly surprised.

At the same time, feeling the special temperament of Xiao Xi, Yan Chao also had a bad premonition.

“Hey!”

Just when everyone was stunned, Xiao Xi's figure fell to the ground, then pointed at Yan Chao and said, “You are the commander of this army? Soldiers leave, otherwise you will be at your own risk.”

When she said this, Xiao Xi's voice was childish, but there was an unquestionable aura.

After a long time, under the protection of Long Xianger, Xiao Xi left Shenlong Island and came to the Ouyang family. After arriving, she saw that the Ouyang family was besieged by the Nanyun army from a distance. At that time, Xiao Xi was shocked and angry, and hurried over to stop it.

What?

Hearing this, tens of thousands of Nanyun soldiers were all stunned, staring at Xiao Xi in astonishment.

Hahaha....

After a few seconds, the tens of thousands of troops burst into laughter.

“What did this girl say? You want us to retire?”

“Interesting! Whose child? He came out in a dream in the middle of the night

!

” Chao also gradually calmed down, the corners of his mouth twitched, revealing a contemptuous smile.

In the next second, Yan Chao looked at Xiao Xi up and down: "Doll girl, do you know who I'm talking to?"

An underage girl actually threatened to withdraw her troops? Just a big joke.

Chapter 3179

Call!

Yan Chao's contempt, Xiao Xi didn't care, he sighed lightly, and said coldly: "I'll just say it once, you're running out of time now, don't wait until you're about to die, and it's too late to regret it."

When he said this, Xiao Xi's voice was immature, but her expression revealed a calmness and calmness that was inconsistent with her age.

"Looking for death!"

Xiao Xi's attitude made Yan Chao feel humiliated, his face was extremely ugly, and then he shouted, the figure erupted, and the long knife in his hand slashed directly at Xiao Xi.

call!

Yan Chao's strength is not weak. He saw that wherever his figure passed, the air was torn apart by the long knife, and the power was amazing.

"Be careful!"

"Be careful..."

Seeing this scene, whether it was Wen Chou Chou, Sun Dasheng, Ren Yingying and others, they couldn't help but shout, and at the same time wanted to take the blow for Xiao Xi, but There were too many Nagumo soldiers around, and it was impossible for them to rush forward.

In the hearts of Wen Chou Chou, although this girl is very unfamiliar, she helps the Ouyang family, she is her own, and she must not watch anything happen to her.

Seeing Yan Chao burst out, Xiao Xi stood there quietly, her expression indifferent and unperturbed.

"Roar!"

Seeing that Yan Chao's long knife was about to hit Xiaoxi, suddenly, he heard a deafening dragon roar in the sky, and then, the dark clouds rolled, the strong wind and

tiger roared, and a red giant roared. Long burst out of the air and blocked in front of Xiao Xi.

Yes, this giant dragon is Long Xiang'er.

When Long Xiang'er and Xiaoxi arrived just now, they saw that the Ouyang family was besieged by the army, and Xiaoxi was in a hurry, but Long Xiang'er was very calm, because Xiandi had said that the grievances of the Kyushu mainland had nothing to do with the Dragons.

Moreover, before leaving Shenlong Island, Xian Di explained that the identity of the dragon family should not be easily exposed, so Long Xiang'er hid it.

At this time, seeing Yan Chao's shot at Xiao Xi, Long Xiang'er couldn't help it.

hiss!

At this moment, the surrounding Nagumo soldiers were all shocked! All eyes gathered on Xiao Xi, unable to speak for a long time!

This girl is actually blessed by a giant dragon. Who is she?

Not only that, Wen Chou Chou, Sun Dasheng and everyone were dumbfounded.

Speaking of which, they have seen dragons, because there were dragon spirit beasts before Yue Feng, but apart from Yue Feng, the entire Kyushu has never seen anyone who can summon a giant dragon.

At this time, Wen Chou Chou and everyone didn't know that the female doll in front of him was Yue Feng's dragon spirit beast, not only that, but Xiao Xi's soul.

What?

At this time, seeing the giant dragon that suddenly appeared, Yan Chao was completely dumbfounded. He only felt that his legs were weak and he could not stand firmly.

The heart is even more shocked.

Total shock.

When Xiao Xi appeared just now, Yan Chao felt that this female doll was extraordinary, but he did not expect that she could summon a giant dragon.

Moreover, this girl doll is still aimed at the Ouyang family!

Could it be that she has something to do with Yue Feng?

Thinking to myself, Yan Chao was completely silent! Looking at Yue Feng, he was extremely shocked!

“I’ve given you a chance!”

Just when Yan Chao was secretly shocked, Xiao Xi said slowly, “It’s a pity that you didn’t grasp it properly.” The

voice fell, and Xiao Xi gestured to Long Xiang’er.

Roar!

At this moment, Long Xiang’er did not hesitate at all, and a dragon roar erupted, and the long dragon tail carried the momentum of thunder and swept directly towards Yan Chao.

Feeling the power of the giant dragon rushing towards his face, Yan Chao’s expression changed, without any hesitation, he quickly raised his long knife to resist.

Bang!

The dragon tail slammed on the long knife, and Yan Chao let out a scream, and the whole person was shocked and flew out, flying more than 100 meters before falling heavily to the ground.

Although Yan Chao is very powerful, he is only a mortal body, and facing the strongest divine beast in Kyushu at this time, he can’t resist it at all.

Chapter 3180

Hiss!

Seeing this scene, the surrounding Nagumo army all had their legs weakened and were terrified.

Is this the power of the dragon? It was really terrifying. With the strength of the commander Yan, he couldn’t even catch a single move.

“Commander!”

After being stunned for a few seconds, a few soldiers walked over quickly and helped Yan Chao up.

“Withdraw, withdraw...” Yan Chao opened his mouth, said a few words, and then sprayed a mouthful of blood, his face extremely weak.

Yan Chao clearly felt that the dragon's tail was thrown over just now, and his heart was injured. If it was more serious, he would die.

At this time, Yan Chao was directly frightened by Long Xiang'er's beating, and he didn't have the courage to continue to trouble the Ouyang family.

Whoa!

Hearing the order, tens of thousands of troops immediately guarded Yan Chao and fled.
call!

Seeing that the Nagumo army was withdrawing, Wen Chou Chou and everyone breathed a sigh of relief.

Sun Dasheng was still thinking about chasing, but when he thought that his internal strength was almost exhausted, he resisted the urge.

"Little sister!" At this moment

, Ren Yingying walked over slowly and looked at Xiao Xi with a smile: "Excuse me, where did you come from? Why do you want to help our Ouyang family?"

Yingying's eyes, intentionally or unintentionally, looked at Long Xiang'er in the form of a giant dragon next to her.

With a giant dragon guarding her, this girl's identity is definitely not ordinary.

The voice fell, and Sun Dasheng couldn't help but say: "Yeah, you still call me Dashengge, do we know each other?"

Swish.

At this moment, the eyes of everyone around also focused on Xiao Xi.

Xiao Xi did not answer directly, but waved her hand to let Long Xiang'er leave.

When Long Xiang'er disappeared into the clouds and disappeared, Xiao Xi turned her head, her eyes swept across the crowd, tears flashing, and she could no longer restrain her emotions.

"Sister Yingying!"

Xiao Xi shouted, and then threw herself into Ren Yingying's arms: "I'm Xiao Xi, Xiao Xi..."

His soul was integrated into the young dragon's body. Because of the young dragon's strength, he He couldn't speak for a year, and he couldn't recognize Yue Feng. Now, he can speak in a human form, but Yue Feng is no longer there, but seeing Ren Yingying's relatives, Xiao Xi is still very excited.

What?

Hearing this, whether it was Ren Yingying or Sun Dasheng and others, they were all shocked and completely stupid.

...

the other side!

Another world, Roland Continent, Simon City.

The sky was just getting brighter at this time.

As soon as Irene finished her breakfast, she went straight to her father's study!

In the study, Doug was looking at an ancient book. This ancient book was the one he showed to Yue Feng yesterday. It recorded Fuxi's innate gossip.

Yesterday, I saw that Yue Feng used some potted plants to trap more than a dozen soldiers, which opened Doug's eyes, like pondering the mystery inside, but after watching it all morning, he couldn't figure it out at all.

At this time, Irene walked forward, biting her lip, her eyes were full of grievances and displeasure: "Father, who the hell is that Yue Feng? You insisted that he be my teacher and let me be in front of everyone. , bow down to him..."

When she said this, Irene was full of resentment.

That bastard, who took advantage of himself by seeing a doctor yesterday, hadn't punished him properly, but in the blink of an eye, he became his own teacher again.

Any woman would not be able to swallow this sigh of relief.

call!

The ultimate husband in Chinese chapter 3181-3190

Chapter 3181

Doug closed the ancient book, frowned slightly and said: "Irene, you are my jewel, how could my father harm you? You believe me, Mr. Yue Feng being your teacher will only benefit you, not harm!"

After a pause, Doug added: "Besides, such an opportunity, no one else can dream of, you are very lucky!"

Irene pouted: "I don't feel lucky, but I feel very unlucky. !"

Bang! Hearing this, Doug was very displeased and patted the table: "Don't talk nonsense! Let me tell you, in the future, be more respectful to Mr. Yue Feng, be polite, and don't be unruly

, understand?"

Ge's tone softened, "I'll tell you the truth, this Mr. Yue Feng is related to Lord Fu Yi two thousand years ago, but this matter must be kept strictly confidential and must not be revealed, do you know?"

When he said this, Doug I couldn't help but looked out the door, for fear that a third person would hear it.

Speaking of which, Doug is a very trustworthy person. He originally promised Yue Feng to keep secrets, but he would never tell the public, but seeing that his daughter was always prejudiced against Yue Feng, he had no choice but to tell the situation.

What?

Hearing this, Irene trembled, and only felt her brain buzzing?

That Yue Feng is related to Lord Fu Yi?

How is this possible?

A few seconds later, Irene reacted and frowned: "Father, have you been deceived by others, how could he be related to Lord Fu Yi, you must know that Lord Fu Yi suddenly disappeared two thousand years ago, and then There's been no news."

Hehe...

Hearing this, Doug couldn't help laughing: "Of course I have evidence, it's this ancient book..." After saying that, he opened the Fuxi innate gossip on the ancient book, and

then discussed with Yue Feng's deployment yesterday. The gossip array, explained in detail.

This chapter is provided by . Visit for daily update.

This...

Knowing the situation, Irene was completely stunned.

She could clearly see that the innate gossip in the ancient book was really similar to the shape that Yue Feng deployed with potted plants yesterday.

Is he really related to Lord Fuxi?

A few minutes later, Irene left the study and went to Yue Feng's resting room.

Doug treated Yue Feng very well. Not only did he have a rest room, but he also had a small hall for meeting guests. The outside terrace looked out to the sea. With this exotic castle environment, the scenery was very good.

At this time, Yue Feng was sitting in the side hall, playing with a crystal ball the size of a fist.

Last night, Yue Feng and Doug chatted for a long time and learned a lot about the customs of Roland Continent, which opened Yue Feng's eyes, and the crystal ball in his hand was also a unique contact tool in Roland Continent. , you can send messages to people thousands of miles away, and even reflect the other person's face, just like the video call in the Kyushu mainland, which is very magical.

"Alas!"

Just as Yue Feng was fascinated by the study of the crystal ball, a pleasant voice came from the door.

Yue Feng turned his head to look, and saw Irene standing there pretty, her expression no longer the dissatisfaction and resistance of yesterday, but a little more complicated.

I have to say that Irene is also a top beauty. At this time, she is wearing a short white dress and her slender legs are exposed to the air, which makes people imagine that any man will go crazy when he sees it.

"So early, you came to learn your skills from me?" Yue Feng said with a smile.

With a smile on his face, Yue Feng was secretly anxious.

We can't stay here forever, we must find Miaoying and Yanhong as soon as possible, and then find a way to return to the Kyushu mainland.

Irene walked in slowly, looked at Yue Feng and said, "Listen to my father, you are very capable."

Yue Feng laughed again: "Did you not see the test with that Heath yesterday?"

Phew!

Irene breathed a sigh of relief and said disapprovingly, "That's because you're lucky, it's not a skill. If you really want me to be your apprentice, you have to show your true skills." The

voice was soft, but there was no doubt about it. .

Seriously, Irene was skeptical about the relationship between Yue Feng and Lord Fu Yi, and planned to test Yue Feng's ability again.

What the fuck? !

Seeing Irene's expression, Yue Feng couldn't help frowning secretly.

This is not to learn skills, this is to find fault on purpose.

Chapter 3182

Thinking, Yue Feng looked at Irene with a half-smiling smile: "How can it be considered a real skill?"

Irene bit her lip and thought for a while: "As long as you can convince me!"

When saying this , Erin's eyes flashed with slyness.

Father said that this person is related to Lord Fu Yi, but no matter how he looks at it, he looks like a liar. Now give him a problem and see what he does.

Convinced orally?

Hearing this, Yue Feng frowned.

Nima, the concept of convincing is too vague. Even if you take off the stars yourself, if you are not convinced, am I wasting my efforts?

"What?"

Seeing Yue Feng eating and not talking, thinking that he was still afraid, Irene couldn't help taunting: "If you can't show your true skills, you should leave here quickly, it's better not to let me see it again. ."

Phew!

Yue Feng took a deep breath and smiled: "Do you want to see what you can really do? Okay."

After speaking, Yue Feng wrote the five characters of gold, wood, water, fire, and soil on the surrounding walls, and then poured the inside into the crystal ball and handed it over. To Irene: "Let's make a bet, you sit here with a crystal ball, if you can hold on for half an hour, I will admit defeat, how about it?" The

last sentence fell, and Yue Feng pointed to the chair next to him.

Yes, Yue Feng has just deployed a five-element array, and the crystal ball is the eye of the array.

"Half an hour?"

Irene took the crystal ball with a look of contempt: "I can sit still for an hour, just wait and admit defeat!" After speaking, she sat down on the chair. Although Roland Continent does not have high-tech automobiles, it has clocks and clocks, and it is similar to the Earth Continent, counting 24 hours a day.

"Hey!"

After doing it, Irene said angrily to Yue Feng: "When I win, you have to say what you say."

Yue Feng nodded with a smile.

What else did Irene have to say, but at this moment, she suddenly felt that her whole body became hot all of a sudden, and it felt like being in a crater, the heat was unbearable!

what happened?

Irene was a little flustered, and she screamed at Yue Feng: "You.... what have you done to me?!"

Yue Feng looked at her with a smile: "I'm just standing here, not doing anything? What? It's just the beginning, so you're scared?"

“Who said I was scared?” Irene was very nervous, but she didn’t want to be soft on her lips, and said angrily, “It’s just a little trick like yours, it’s not scary at all. Stay with me!”

Yue Feng looked at her with a smile, did not speak, and waited quietly.

At this moment, the scorching heat on Irene disappeared, replaced by a chilling cold.

This icy cold directly enveloped Irene, and she felt that her whole body was frozen, as if she was frozen, and her delicate body trembled uncontrollably.

The Five Elements Formation contains gold, wood, water, fire and soil. Irene has experienced fire and water, followed by wood, metal, and soil.

Soon, after the cold was over, Irene felt that she was entangled by invisible vines, and she felt as if she was tickling her whole body under the entanglement of the vines.

“Haha..ah..haha..”

At this moment, Irene couldn’t bear it any longer, she laughed dumbly!

“It’s so itchy, Yue Feng, please stop these vines, haha...” Irene couldn’t bear the itchy and hot feeling. She felt that every inch of her skin was strange from top to bottom. Itching is unbearable!

Yue Feng said cheerfully: “Miss Irene, look carefully, how can there be vines around you?”

When he said this, Yue Feng’s eyes were a little proud. He knew that Irene at this time was in the Five Elements. Under the torture of the array, hallucinations have appeared, but it is not enough.

Hearing this, Irene looked around and saw that she was sitting on a chair, there were no vines, but the itch all over her body was still there.

what happened?

Chapter 3183 In

shock, the itch on her body came, and Irene couldn’t help laughing again: “Haha, Yue Feng, I don’t want to gamble anymore, please stop, stop!”

Until this time, Ai Lin still didn’t understand what was going on, but she also knew that this strange feeling in her body must have something to do with Yue Feng.

At the same time, Irene also wanted to throw away the crystal ball, but the crystal ball, as if growing on her hand, could not be thrown away at all.

For a time, Irene's itchy body trembled, her red lips opened and she kept laughing, but the expression on her face, where was the smile, it was clearly not knowing whether to laugh or cry!

Seeing it is almost over, Yue Feng secretly exhaled and said with a smile: "How is it? Are you convinced now?"

"No!"

Irene's body trembled uncontrollably. Biting his lip, he resolutely spit out two words.

It's impossible to convince yourself with just this little trick.

"Okay!"

Seeing her stubborn face, Yue Feng was not in a hurry. He sat on the chair next to him and looked at the sea view leisurely: "Then you can enjoy it slowly!"

"As for Jin and Tu, Irene has never been in contact with the formation. The longer it goes, the more uncomfortable she will be.

call!

After more than ten seconds, Irene only felt that the itchy feeling all over her body disappeared. Just when she breathed a sigh of relief, she felt a feeling of suffocation, followed by darkness around her.

"Uuuu..."

At this time, Irene felt that she was buried in a mound, the air around her was getting less and less, she could hardly breathe, her suffocation became more and more serious, and her spirit gradually improved. In a trance.

"Help... help..." Irene's red lips parted slightly, and she couldn't help shouting.

Ugh!

Seeing this scene, Yue Feng knew that Irene couldn't stand the pressure of the Five Elements Array and had already had hallucinations.

I have to say that this woman is quite stubborn, and she still refuses to admit defeat.

Thinking to himself, Yue Feng walked over, stretched out his right hand, and prepared to seal Irene's Shentai acupoint. As long as the Shentai acupoint is sealed, Irene will be able to wake up.

“Father!”

However, at this moment, just as Yue Feng approached, he saw Irene screaming and threw herself into his arms, her beautiful face full of excitement: “Father, father, save me out.

” groove!

Being suddenly hugged by Irene, Yue Feng was stunned.

This....Isn't Irene's hallucination is too serious, to think of herself as Doug?

Muttering in his heart, Yue Feng only felt a fragrant aroma, and felt that all the bones in his body were crisp. Seriously, this Irene's figure is almost perfect. Especially at this moment, hugging myself tightly, it feels really wonderful.

“Father!”

Just then, I heard Irene muttering to herself: “This Yue Feng is very evil, he doesn't know what kind of sorcery he used to bury me in the soil, take me out. ...”

Yue Feng guessed right, at this time, Irene was already deep in hallucinations.

After hugging happily for a while, Yue Feng smiled slightly, raised his hand and clicked on Irene's Shentai acupoint.

hum!

In an instant, Irene's body trembled, the magic fragrance in front of her disappeared, and the whole person woke up.

“you...”

After waking up, seeing herself in Yue Feng's arms, Irene just felt her brain buzzing and she was completely stunned.

In the next second, Irene reacted and quickly broke away from Yue Feng's embrace, and said with a show of anger, “You...what are you doing?” This Yue Feng, taking advantage of herself again, is really hateful.

Chapter 3184

Oh!

Yue Feng sighed and said with a smile: “Miss Irene, it was you who had hallucinations and took the initiative to hug me, how can you blame me?”

Hearing this, Irene trembled and was stunned.

Yes, I just saw that I was buried in the soil and I saw my father. It seems that I really had hallucinations just now.

It's just... that I mistakenly regarded him as my father, and I took the initiative to hug him, which is really embarrassing.

"How is it?"

Just when Irene was secretly embarrassed, Yue Feng said with a smile: "Are you convinced now?"

"You..."

Irene blushed and opened her mouth: "What are you doing? "Demon magic?"

"Demon magic?" Hearing this, Yue Feng couldn't help laughing and laughing, and said seriously: "This is not a magic magic, but a five-element formation, you are trapped in it, and there is no way to crack it, it is easy to have hallucinations. "

At this moment, Irene bit her lip and didn't speak, but she was shocked.

Five Elements Array?

Could it be that what my father said is true, this Yue Feng is really related to Lord Fu Yi?

For a time, the atmosphere became subtle.

"Teacher!" After a few seconds, Irene bit her lip tightly and said softly, "I will study with you in the future."

At this time, Irene completely lost her previous arrogance.

The Yue Feng in front of him is indeed a man of great ability.

Um!

Yue Feng nodded with satisfaction and smiled: "The attitude is not bad, pour me a glass of water."

Irene responded obediently, walked to the side, and poured water for Yue Feng.

"Mr. Yue Feng!"

At this moment, a voice sounded outside the door, and I saw a tall figure slowly approaching, with bright armor, it was Heath.

“Mr. Yue Feng, the city owner has a request...”

Heath was stunned as soon as he said a few words when he arrived at the door.

I saw that Yue Feng was sitting in front of the window sill with a leisurely face, while Irene was holding a glass of water and stood beside her, respectfully and politely, without the pride of the eldest lady at all.

what’s going on?

Seeing this scene, Heath frowned secretly and was stunned.

Miss Erin, don’t you dislike this kid? Why are you being so polite to him now?

Yesterday, he fought with Yue Feng and was pale in front of so many people. This matter made Heath feel very angry. At this time, seeing Irene also accepted this Yue Feng, he felt even more upset.

“Okay!”

Hearing Heath’s words, Yue Feng got up and walked out of the room. Doug was looking for himself, it must be because of Miaoying and Yanhong.

Thinking of this, Yue Feng quickened his pace.

“Miss Irene!” As soon as Heath

walked away, Heath reacted and walked quickly to Irene: “Do you really think this guy is a teacher?”

Lin’s expression changed.

Three years ago, Heath followed Doug to Simon City. When he saw Irene at the first sight, he was deeply fascinated. Although Heath was a noble knight, his identity was worse than that of Irene. a lot of.

Therefore, Heath has always buried this deep admiration in his heart.

Seeing Irene at this time, she was very upset with a foreign boy who compromised softly.

“Don’t call him this guy.”

Chapter 3185

Irene frowned, couldn't help but scolded softly: "Mr. Yue Feng, he is a person with great ability. In the future, we should be more respectful to him, understand?"

This....

hear this, Heath was stunned for a moment, but he didn't give up: "Miss Irene, he..."
Before he

finished speaking, he was interrupted by Irene.

"You go out first." Irene was too lazy to talk nonsense, and said lightly: "I'm here waiting for Teacher Yue Feng to come back. By the way, I won't allow it in the future. You are not allowed to come in and disturb Mr. Yue Feng, you know!"

Heath was very unwilling, But he didn't dare to refute, so he had to answer: "I see!" After saying that, he walked out.

At this time, Heath was very suffocated.

Ma De, I don't know that Yue Feng, what kind of ecstasy soup was poured into the young lady, to protect him like this. When there is a chance in the future, we must teach him a good lesson.

the other side.

When Yue Feng came to the study, he saw Doug sitting there, his face a little ugly.

"Mr. Yue Feng!"

Seeing Yue Feng coming in, Doug quickly stood up and said very ashamedly: "The two women you are looking for have no clue at all."

Phew!

Hearing this, Yue Feng took a deep breath and his mood suddenly dropped.

At this time, Doug continued: "Mr. Yue Feng, do the two women you are looking for have any other characteristics besides their appearance?"

Yue Feng suddenly smiled bitterly.

Miaoying and Yanhong are fairies bred in the illusory realm. They are not human at all. They are just this secret. How can they tell Doug?

At this moment, Doug thought of something and said, "Mr. Yue Feng, it will be All Souls' Day in a few days. At that time, I will represent Simon City and go to Arandis to see the king. At that time, Yue Mr. Feng can go with me, Arendis is the greatest city in the Roland continent, maybe when you get there, you can find clues about your two friends." All

Souls' Day?

Hearing this, Yue Feng was stunned.

Next, through the conversation, Yue Feng learned that the All Souls Festival is similar to the Mid-Autumn Festival in the Kyushu mainland, and it is a very important festival in the Roland mainland.

The Roland Continent was originally a unified continent. Later, due to the change of power, it was finally divided into six principalities. This situation is somewhat similar to the Spring and Autumn Period and the Warring States Period in the Kyushu Continent.

The Principality of Tianxing was one of the six duchies, Simon City was a coastal city in the Principality of Tianxing, and Alandis was the capital of the Principality of Tianxing.

At this time, Yue Feng also learned that the rulers of the six principalities did not call themselves emperors, but kings.

"Mr. Yue Feng, what do you think?" Doug said!

Yue Feng nodded: "Okay!"

Doug said it right, he was just waiting for news in Simon City, it was difficult to find Miaoying and Yanhong, it is better to go to Arendis to see, maybe you can find clues.

Haha...

Seeing Yue Feng's agreement, Doug was very excited and couldn't help but say: "When I get to Arendis, I will definitely introduce Mr. Yue Feng to the king. I believe that with the appreciation of the king, Mr. Yue Feng will definitely I can do a great job."

However, Yue Feng shook his head: "Thank you for the kindness of the city lord, but I think it's better to keep a low profile!"

After speaking, Yue Feng continued: "When the time comes, I will Beside the city master, just be a follower!"

Doug is a smart person, and he nodded when he knew that Yue Feng was inconvenient to reveal his identity.

Early the next morning, Yue Feng followed Doug on the road.

Because it is All Souls' Day, it is of great significance, so Irene also accompanied him. Heath, as Doug's personal guard, naturally accompanied him.

As the city owner, Doug's car is naturally unusual, pulled by four unicorns, and the carriage is luxurious and exquisite.

Along the way, Yue Feng, Doug, and Irene sat in the carriage, talking and laughing, while watching the beautiful scenery along the way, which was very pleasant.

After walking for a day and a night, Arendis is getting closer and closer. Looking from a distance, I saw a huge statue of a god standing outside the city, which was very spectacular.

Yue Feng knew that Roland Continent had very bright myths and stories and believed in gods, so it was normal to have such a huge statue outside the royal city of the Principality of Tianxing.

The ultimate husband in Chinese chapter 3186-3190

Chapter 3186

"Mr. Yue Feng."

At this time, Doug showed a smile and said, "Arendis is here!"

Yue Feng nodded, without the slightest wave on his face.

Although the Arendis in front of him is majestic, with many shops on the street, and it is very prosperous, it is still inferior to those imperial cities in the Kyushu Continent.

A few minutes later, Doug took Yue Feng and others into the royal court.

The royal court is the place where the prince ruled and rested. The exotic style is more intense, showing elegance and sophistication everywhere.

When I arrived at the Royal Court Hall, I saw that the city lords of various cities had arrived, sitting in their seats one by one, talking to each other, it was very lively.

On the main seat, sitting a thin figure, dressed in a golden royal robe, wearing a crown, all over his body, showing a strong aristocratic atmosphere.

It is the ruler of the Tianxing Principality, the prince.

Yue Feng clearly felt that the strength of the king in front of him was not very strong, and he also lacked the temperament of ruling the world. Obviously, he was a very mediocre king.

And beside Wang Jue, sat a sexy figure in a long wine red dress, which showed the graceful figure vividly, and the delicate face, with heavy makeup, like a glass of strong wine, intoxicating.

This woman is in her mid-thirties, and she is very charming, and she is the king's younger sister, Kelly.

Compared to the king, Kelly looked exquisite, and from time to time greeted the city lord present.

call!

Seeing Kelly, Yue Chen couldn't help taking a deep breath.

This chapter is provided by . Visit for daily update.

I thought that in this royal court, the atmosphere would be very solemn, but I didn't expect it to be so relaxed and lively, especially this Kelly, it was so beautiful.

Soon, Doug chatted with everyone, dragged Irene to find a seat and sat down.

Because Yue Feng was a follower and had no seat, he could only stand behind Doug like Heath.

At this time, the king looked at the time and said with a smile: "Okay, all the city lords have arrived. To celebrate the All Souls' Day, you won't be drunk tonight!" The

voice fell, and the king raised his glass.

For a time, the many city lords present, all with smiles, got up and toasted.

Seeing this scene, Yue Feng was very bored.

Soon, after three rounds of drinking, a city lord stood up and smiled at Wang Jue: "Your Excellency Wang Jue, on this special day of All Souls' Day, just drinking is boring, why don't you play a game to add to the fun."

This person called Hall, the lord of Storm City, is sinister and cunning.

"Haha, good!"

Wang Jue was excited, and he agreed with a smile, "I don't know if Hall has any good proposals."

Hall smiled, then beckoned, and the next second, he stood by him all the time. The guard behind him walked slowly into the field.

Whoa!

At this moment, the entire hall was in an uproar, and everyone's eyes were focused on this guard.

Yue Feng was also stunned!

I saw that this guard was more than two meters tall, much stronger than Hiss, and looked like a giant bear.

This person is called Sam, and he is the number one general under Hall's command, the most powerful saint king.

At this moment, Hall looked around, and finally his eyes fell on Doug: "I heard that the Heath Knight next to Doug is the first warrior of Simon City. Today, through the All Souls' Day banquet, let him compete with Sam. How about a moment to cheer up the wine?"

When he said this, Hall had a smile on his face, but his eyes flashed coldly.

Storm City is not far from Simon City. Although it belongs to the Principality of Tianxing, there has always been friction. Hall deliberately proposed the competition to embarrass Doug in public.

In an instant, everyone's eyes were focused on Doug.

"Okay!" Doug nodded in agreement without thinking.

Although this Sam is brave, Heath is not weak. If he really fights alone, Heath will not necessarily lose.

The voice fell, and Heath walked slowly into the arena.

Chapter 3187

"My lords!"

But at this moment, Sam looked around and said loudly: "Today is All Souls' Day, I will fight with the Heath Knights, no matter who is injured, it will inevitably hurt and harm, I think Change the rules."

Saying this, Sam pointed to a large water tank at the door: "Whoever can lift this water tank, whoever persists for a long time, will win."

What?

Hearing this, the entire hall exploded in an instant, and everyone was stunned.

"This big water tank is at least a thousand pounds, right?"

"I heard that this Sam is a famous strongman in Storm City. It shouldn't be a problem to lift the water tank, but this Heath is difficult to say."

"Interesting... .."

Under the discussion, many people looked at Doug with half a smile.

At this time, Doug was very annoyed.

Mad, this Sam is clearly on purpose. He is a strong man. He has no problem lifting the water tank, but how could Heath be able to lift it?

At this moment, Heath stood there with an extremely ugly expression on his face.

Fighting alone, I am not afraid of Sam at all, but compared with strength, Sam is a strong man, how can I be an opponent? It's just that in this royal palace, if you retreat, Simon City will be ashamed.

"You..."

Finally, Irene couldn't bear it anymore, she stood up all of a sudden, and said indignantly: "This is not fair..."

Before she could finish, she was interrupted by Hall: "Miss Irene, Sam is just for the sake of drinking, not a real competition, if you think it's unfair, you can not accept the challenge."

Hearing this, Irene's face flushed red, her body trembled with anger, but she didn't know how to refute.

"Okay!"

At this moment, Kelly, who had been sitting beside the throne, said with a smile: "Today is a happy day, you all stop arguing."

After saying that, Kelly looked at Doug: "Dao Grid, this is just a game, not an arena, you can refuse."

Phew!

Doug took a deep breath and was about to say no, but at this moment, Yue Feng reached out and patted him: "I'll try it!"

What?

When the voice fell, whether it was Doug or Irene, they were all taken aback.

"Mr. Yue Feng, don't be impulsive." Doug hurriedly whispered.

At this time, Doug was very moved. He knew that Yue Feng competed with Sam for the sake of Simon City's face, but even if he was a descendant of Lord Fu Yi, he would not be Sam's opponent compared to his strength. .

Heath also felt ashamed, and said lightly: "This Sam is a strong man, you are not an opponent, don't make fun of yourself!"

Yue Feng smiled, indicating that Doug should not be nervous.

The next second, Yue Feng walked into the arena and looked at Sam: "I'll compare with you!"

Huh?

At this moment, everyone was stunned.

Sam looked at Yue Feng up and down with a look of contempt: "Who are you?"

"Mr. Doug's entourage!" Yue Feng responded lightly.

Follower?

Hearing this, Sam was stunned for a moment, and then he couldn't help laughing: "A follower dares to compare with me? Do you think it's a child playing the house?"

Haha...

All of a sudden, the whole hall burst into laughter.

The boy in front of him, looking thin and weak, has no holy power at all, how dare he compare his strength with Sam?

Even Kelly couldn't help laughing, and at the same time looked at Yue Feng curiously. This man looks ordinary, but his courage is not small.

Chapter 3188 In the

midst of everyone's laughter, Sam looked at Yue Feng with a half-smile, "Are you really going to compare yourself with me?"

Sam's eyes were full of contempt when he said this.

The boy in front of him, thin and weak, compared his strength with himself, he was simply looking for abuse.

Yue Feng smiled lightly and said, "What? Is there anything I can't do? Just now, the Lord Hall also said that this is not a competition, it is just to cheer up the wine. There is a saying that it is not important to win or lose, but to participate!"

Hearing this, many people around couldn't help but laugh.

What this person said is really interesting. It doesn't matter whether he wins or loses. It seems that he is not sure of winning at all.

"The most important thing is to participate!"

At this moment, Kelly nodded approvingly at Yue Feng and said with a smile: "This warrior is brave enough to compete with Sam, everyone should stop laughing at it! Hurry up and start!"

Yue Feng's calmness made Kelly very much appreciate it.

Seeing Wang Jue's sister speak, everyone stopped saying anything.

"Your Excellency!"

At this moment, Hall slowly stood up and said respectfully: "It's just a simple test, no fun, can I add a bet?"

"Yes." The king nodded, There was a hint of interest: "What do you want to bet?"

Yue Feng felt right, this king was mediocre, indulged in fun all day long, and was a gambler. When he heard that Hall wanted to increase the bet, he came immediately. interest.

Hall nodded and looked at Doug with a half-smile in his eyes: "Doug, this person is your entourage, right? If he loses, he will be a slave to me, and you will also give me a A thousand gold coins, dare you to gamble?" In Roland Continent, currency is calculated in gold coins, and one thousand gold coins is a considerable amount.

Hall trusts Sam very much, and it is no different to win this test. Taking this opportunity, Doug must make a fool of himself.

Swish!

Hearing this, Doug's face suddenly became extremely embarrassed. Mad, this Hall is so hateful, this is deliberately trying to embarrass himself in public.

Although Mr. Yue Feng is a descendant of Lord Fu Yi, he is not Sam's opponent at all compared to his strength.

The people around were also happily watching the excitement.

"What?"

Seeing that Doug didn't speak, Hall became more and more complacent: "Don't you dare to gamble?"

As soon as he finished speaking, Yue Feng

said, "We gambled!" After that, Yue Feng pointed at Sam: "Wait. If he loses, he will be a slave to our Lord Doug, how about that?"

Wow!

In an instant, the entire hall was in an uproar, and Doug, the entourage, was too arrogant.

Hall also changed his face and became angry, but he held his identity and did not attack on the spot. Instead, he sneered and gritted his teeth: "Okay, it's settled."

Sam on the side clenched his fists and looked at Yue Feng coldly. : "Boy, don't cry when you lose!"

Mad, a small entourage, dared to be so rude to Lord Hall, he was courting death.

At this time, on the throne.

"Not bad!" Wang Jue smiled, patted his thigh and said, "If there is a bet, then it will be interesting!"

After saying that, Wang Jue tilted his head towards Kelly and said, "Sister, why don't we take a bet too? "

Wang Jue is a gambler, and the opportunity in front of him will naturally not be missed.

“OK!”

Kelly smiled lightly, and glanced between Yue Feng and Sam: “Who does the king want to bet on to win?”

“Of course it’s Sam!” Wang Jue laughed and said, “I’ll bet five thousand gold coins, both sides will win. There is a huge disparity in strength, I can’t take advantage of you as a big brother, and my sister will press a thousand gold coins.”

In Wang Jue’s heart, he also thought that Sam would win.

“Okay!”

Kelly was gentle and easy-going, nodded, and said, “Actually, if Brother Wang doesn’t tell me, I also want to suppress Doug’s follower.” For some

reason, Kelly always felt that there was something special about Yue Feng. temperament.

Saying that, Kelly stood up slowly. At this stop, the charming curve was more perfectly displayed, and it was extremely charming.

Chapter 3189 “Okay, let me talk

about the rules.” Kelly looked around, her red lips lightly opened: “Whoever can lift the water tank at the door and hold it for a long time wins!”

Kelly sat down again and raised her jade hand: “It’s time to start.”

The moment the voice fell, Sam shouted, “I’ll come first!”

With that, Sam tucked up his sleeves and walked slowly to the door of the hall, grabbing his hands with both hands. Hold on to the edge of the water tank and start to work slowly.

I saw that the muscles on Sam’s shoulders bulged, and blue veins burst out, showing an explosive force all over his body.

Whoa!

Seeing this scene, everyone in the hall nodded in admiration.

“As expected of Hall’s number one general.”

“Hercules is well-deserved!”

Hearing the voices of discussion, Hall sat there, drinking leisurely, with great confidence.

This game is a solid win, so think about how to humiliate Doug later.

Doug and Irene, on the other hand, frowned secretly, panicking and anxious in their hearts.

Especially Doug, like an ant on a hot pan.

It doesn't matter if he loses this game, it doesn't matter if he is humiliated by Hall, but if Mr. Yue Feng becomes Hall's slave, it will be troublesome.

However, Yue Feng, who was standing there, had a calm expression, watching Sam's aura, and pondering secretly.

Yue Feng had already seen the holy power of this continent when he fought with Hispe before, and the holy power that erupted from the Sam in front of him seemed to be stronger.

However, Yue Feng did not panic at all.

How powerful is it? But it is the bravery of a man.

Seeing Yue Feng's expression, many people thought he was frightened, and couldn't help laughing.

"Haha, looking at this guy, he seems too frightened to move."

"Needless to say? Where is he Sam's opponent? Dare to agree to the game, it's just grandstanding."

"Not bad..."

Hearing the surrounding Yue Feng didn't care about everyone's ridicule.

call!

At this moment, Sam shouted loudly, holding the water tank tightly with both hands, and slowly raised it to the top of his head. In his hands, the heavy water tank was as easy as a water cup on the table, and the whole person was as stable as Mount Tai, without the slightest shaking.

"It's lifted!"

"As expected of a strong man, lifting such a heavy water tank is like playing."

“Amazing...”

Seeing this scene, the hall erupted in admiration again, and many people were amazed. Incredibly excited!

Hall sat there, the smile on his face even more intense, and even had a cup of tea with Wang Jue.

In the entire Roland Continent, there are very few who can compare with Sam in strength. How can this follower of Doug be compared to him?

The king also showed a smile.

There is no suspense in this big gamble.

At this time, someone has already started to time Sam.

“One minute...two minutes!”

Sam held the water tank steadily, motionless.

“I’m going, it’s been ten minutes, and this Sam can still stand it. With such a fierce general, Hall is really enviable!” No one in the crowd said a word, and then many people looked at Hall.

At this time, Hall held a glass of wine in his hand and drank it slowly.

Sam’s strength, he knows very well, let alone ten minutes, he can last for an hour.

Ugh!

Irene sighed and whispered to Doug: “Father, it looks like we’re going to lose!”

Chapter 3190

Doug didn’t speak, but looked at Yue Feng quietly.

In the two days that he had been in contact with Yue Feng, Doug knew that Yue Feng acted in a low-key manner and was a person who didn’t like to be publicized. At this time, he was definitely not a hothead when he competed with Sam in public.

But how does he win?

boom!

Finally, Sam slowly released his hand and put down the water tank!

The person next to the clock shouted excitedly: "Thirty minutes, Sam lasted for thirty minutes!"

Wow!

As soon as these words came out, there was an uproar in the audience! Everyone opened their mouths.

He persisted for 30 minutes, which was amazing.

Hall smiled and praised Sam, "Not bad."

Sam really didn't let himself down.

"Come on!" The king was even more excited and shouted, "Pour Sam a glass of wine as a reward!" As a subordinate, Sam was not qualified to drink in this royal palace, but the king Happy, I made an exception.

Soon, someone brought Sam a glass of wine.

Sam drank his drink, tilted his head and looked at Yue Feng with a smile instead of a smile: "Boy, it's your turn!" The

voice fell, and the eyes of many people quickly converged on Yue Feng, each with a complicated expression.

Sam persisted for thirty minutes, and the boy would be hard to lift.

Yue Feng didn't pay attention to the eyes of the people around him, but walked slowly to the water tank, gestured the size of the water tank with both hands, and looked at the water inside for a full minute, but he never meant to lift it up.

Is this giving up?

Seeing this scene, many people couldn't help laughing.

Irene also sighed secretly, with a hint of disappointment in her eyes.

I thought he really had something to do, it seemed that he was too happy.

Heath curled his lips and couldn't help but whisper: "Miss, you shouldn't have let him go up just now, it's okay for him to lose and become Hall's slave, but it would be too bad to make the Lord of the City lose face. It's worth it."

Erin bit her lip and said nothing.

“Boy!”

At this moment, Sam was too lazy to talk nonsense, and looked at Yue Feng proudly: “I think you should admit defeat, come over and kneel down to toast our adults, maybe our adults will be happy, and they will take you from Slave is promoted to follower, hahaha...”

“Haha!”

Hearing this, Yue Feng couldn't help laughing: “Sam, the game is not over yet, how do you know I lost? Maybe, wait and kneel down. It's you who's toasting!”

“Stinky boy is courting death!” Sam's expression changed, and he pointed at Yue Feng and roared loudly.

Mad, a small entourage, dared to talk to himself like that.

At this time, Sam wanted to rush over to teach Yue Feng a lesson, but he held back when he thought that this was the royal court.

“Sam, don't be impulsive.” At this time, Hall waved his hand, and then looked up and down at Yue Feng: “Boy, it's useless to play tricks, you have to show your skills, Sam has already raised the water tank, now it's your turn, Don't waste everyone's time!”

Saying that, Hall looked at the water tank at the door: “If you think you can't lift it up, hurry up and admit defeat!”

Phew!

Yue Feng breathed a sigh of relief, smiled and said, “Don't worry, Lord Hall, I haven't given up yet, but it's too boring to lift the water tank, I want to lift that!” After he finished speaking,

Yue Feng pointed to a knight outside the hall. statue.

What?

Hearing this, everyone present was stunned.

Is this kid crazy? Want to lift the knight statue?

You must know that this knight statue in the royal court was built two hundred years ago by hundreds of craftsmen and took three months to build. It is eight meters high and weighs five tons. It is impossible for one person to lift it.

“Ha ha...”

The ultimate husband in Chinese chapter 3191-3200

Chapter 3191

Finally, Hall was the first to react and laughed at Doug: “Doug, do you have a brain problem, you follower, you want to lift the knight statue? Don’t you have no one in Simon City? , can this kind of person be recruited as a follower?”

Haha... The

voice fell, and the entire hall burst into laughter.

Irene couldn’t stand it anymore, and whispered to Doug: “Father, let’s admit defeat!”

Doug shook his head.

To be honest, Doug also thought that Yue Feng was joking, but thinking about it carefully, when Lord Fu Yi traveled to the Roland Continent two thousand years ago, he was also regarded as an alien at the time, and later performed various miracles, which were later used by future generations. To be regarded as a legend...

At this time, Yue Feng said that he would lift the knight statue, which seemed absurd and ridiculous, maybe he could really do it.

Everyone’s laughter came, but Yue Feng ignored it!

The next second, Yue Feng slowly walked out of the hall and came to the statue of the knight.

“Haha...”

At this time, Sam couldn’t help sneering: “The clown is about to start performing. Everyone, come and see!” The

voice fell, and many maids and soldiers of the royal court also gathered around, facing Yue Feng. Point to point.

“What is this person doing?”

“It looks like he’s going to lift the statue of the knight.”

“Is there something wrong with his brain...”

This chapter is provided by . Visit for daily update.

While everyone was talking, they saw Yue Feng walking around the statue of the knight. , reached out and touched the statue, as if checking something.

However, no one saw it at this time. When Yue Feng was touching the statue, he quietly took out a packet of powder from his body and smeared it on the statue.

The powder used by Yue Feng is called Shiqingsan. As the name suggests, sprinkled on the stone can make the stone lighter. Speaking of which, this Shiqingsan was accidentally invented by Yue Feng when he was concocting alchemy. Used, but interesting, and left it on.

Just now, after betting with Sam, Yue Feng immediately thought of Shi Qingsan. You must know that this knight statue is carved from stone, and it is completely fine to use stone to reduce weight.

“Look, he’s ready to lift it!” Just when everyone was impatient, someone suddenly shouted, and in an instant, the whole audience was stunned.

He saw that Yue Feng bent down, grasped the cornerstone of the knight statue with both hands, and slowly lifted it up. What?

Seeing this scene, whether it was Sam or the others, their eyes widened in disbelief.

This.... this kid actually moved the knight statue, how is this possible?

Simply incredible.

At this time, everyone did not know that after the statue of the knight was smeared and scattered, the weight was reduced by dozens of times. At this time, it was less than a few tens of kilograms. It was easy for Yue Feng to lift it.

quiet!

At this moment, the entire Royal Court Hall was deadly silent, almost a needle dropped, and the sound could be heard clearly.

And what’s even more shocking is the back.

call!

Seeing Yue Feng take a deep breath and use his hands again, he slowly lifted the huge knight statue above his head. This scene looks the same as Sam lifting the water tank just now, but one is in the sky and the other is underground.

Whoa!

Seeing this scene, the audience was boiling!

Everyone's eyes looked at Yue Feng in horror, completely shocked.

The knight statue weighing several tons was lifted up by him with ease.

If you hadn't seen it with your own eyes, who would have believed it?

Hall's smile suddenly froze on his face, his heart trembled, and he couldn't believe his eyes at all!

This... how is this possible?

This man looks very thin, but he has so much power.

Sam on the side was even more stunned.

He really lifted it up. It was a statue of a knight weighing several tons. This kid lifted it up effortlessly. Is he still a human?

Chapter 3192

Bang!

After holding it for half an hour, Yue Feng knew that it was almost the same, because the duration of Shi Qingsan was only about half an hour. As soon as his hand was released, the statue of the knight suddenly fell, and in an instant, a cloud of dust filled the air.

Immediately, Yue Feng clapped his hands and said to Hall with a smile: "Lord Hall, you have lost."

Shuh!

The voice fell, and everyone's eyes focused on Hall.

Hall blushed, embarrassed.

A few seconds later, Hall recovered from the shock and said to Sam, "Sam, from today onwards, you should follow Lord Doug."

When he said this, Hall looked calm, but his heart ached in secret.

Sam was his number one general, so he handed it over to Doug. He was really unwilling, but he had no choice. I made a bet in front of the king just now that if he went back on his word, he would be embarrassed in the future.

“Sir!”

Hearing this, Sam’s heart was shocked, and his whole body was full of resistance.

Sam has been loyal to Hall for five years, and he has suddenly become Doug’s subordinate. It is difficult for anyone to accept it. More importantly, Hall and Doug have always had a feud.

“No need!”

At this moment, Doug walked out with a smile and said to Hall: “Sam is your favorite, I don’t want to take love with a knife, but since he loses, come over and give it to me. Kneel down and toast the bar. By the way, Hall, you still owe me a thousand gold coins, don’t forget!”

Yue Feng won Sam, and Doug was very happy.

But Doug was not dazzled by the victory. You must know that Sam is Hall’s confidant, and even if he came to work under his own hands, he would not be willing. Instead of leaving a hidden danger around, it is better to take this opportunity to humiliate Hall’s reality.

Hearing this, Hall blushed and was very annoyed, but he couldn’t refute it.

Sam was secretly relieved, and then hurried over to pour a glass of wine.

Pfft!

The next second, Sam walked up to Doug, bent his knees, and knelt down: “Master Doug, please use wine!”

Mmm!

Doug nodded with satisfaction, took a sip from the wine glass, and said lightly: “Sam, don’t act so flamboyant in the future, you know, there is still a mountain high in a flash, even if you have a backer, maybe your backer will one day. It’s down.”

When he said this, Doug glanced at Hall subconsciously.

Mad!

Hearing Doug taunting himself, Hall secretly clenched his fists, trembling with anger, but not easy to attack.

“Wonderful! Really wonderful!” At this time, Wang Jue couldn’t help but clapped his hands and said with a smile: “I didn’t expect that a small follower could have such magical

power, which is really eye-opening.”

Kelly also smiled slightly, looked at Yue Feng and said, “What’s your name?”

When asked, Kelly’s eyes flashed with a strange brilliance.

I didn’t expect that he really won, and the performance just now was really shocking.

“My name is Yue Feng!” Yue Feng responded.

Kelly smiled lightly, becoming more and more interested in Yue Feng at this time, and continued to ask: “Are you really Doug’s entourage?”

When the words fell, Doug hurriedly said: “Dear Your Highness Kelly, in fact, Mr. Yue Feng is not my entourage, but my friend.”

Doug is a smart person, and he knows that Yue Feng cannot condescend to be a small person. Little Simon City, why not take this opportunity to introduce him to the king, so that Yue Feng has more room for development, and he will definitely be grateful to himself. When Yue Feng became famous, he would have a strong backer.

Not a follower?

At this moment, everyone present was stunned for a moment, and then they were all stunned.

Chapter 3193

It turned out to be Doug’s friend, so it’s no wonder, if it’s just a small follower, how could it have such magical power?

“Come on!”

At this time, Kelly smiled and said, “Pour wine for this Mr. Yue Feng, the scene just now is really eye-opening.” The

voice fell, and Wang Jue also said with a smile: “I declare, Feng Yuefeng is a knight of the royal court, and can enter and leave the royal court freely!”

Wow!

Hearing this, there was an uproar in the audience, and many people cast envious glances at Yue Feng.

You must know that in Roland Continent, being called a knight is the dream of countless people. Before in Simon City, Heath was Doug's personal knight, and he had an extraordinary position, and the royal knight was even more extraordinary, and it was a supreme honor.

It can be said that the royal knights are similar to the imperial guards in the Kyushu mainland, but they are more noble. After all, there are only three royal knights in the entire Tianxing Principality.

"Your Majesty, the Knight of the Royal Court, must be a person who has made a great contribution to our Tianxing Principality, or has a strong strength. This Yue Feng, who has no strength, is directly named a Knight of the Royal Court. It seems a little sloppy!"

At this moment, a man stood up and said slowly.

This man's name is Roston, he is the head of the guard of Arendis, and he has a good personal relationship with Hall.

Just now Hall and Doug lost the bet, and Roston felt very upset for Hall. At this time, the person Doug brought was named a knight of the royal court by the king, which made Roston even more dissatisfied.

As soon as the voice fell, many people around also spoke up.

"Yeah, this Yue Feng has great strength and average strength."

"It seems too far-fetched to make him a knight of the royal court!"

"Your Majesty, think twice."

Seeing so many people objecting, Wang Jue suddenly hesitated. His ability is mediocre. The position of this king is also passed down by his father. At this time, Kelly

looked around and said coldly: "What? The king has already decided. You openly objected. Are you questioning my brother's vision?"

All over the hall, at the same time, the charming body was filled with a powerful aura.

Unlike her elder brother, Kelly acted resolutely, and it was with her assistance that the king could sit firmly on the throne.

"Don't dare!"

Feeling Kelly's aura, Roston trembled, shook his head quickly, and backed away.

At this time, Kelly looked around and said slowly: "Everyone has seen the scene just now, this Mr. Yue Feng, who can lift several tons of knight statues, has amazing power, how about our entire Tianxing Principality, Who can do it? He is fully qualified to be a knight of the royal court!"

Hearing this prosperity, everyone who opposed it just now closed their mouths and did not dare to say a word.

What the hell!

Seeing this scene, Yue Feng's face did not fluctuate at all, but his heart was secretly excited.

Looking at it like this, the status of the royal knights is very high, which is not bad. With such a status, it is easier to find Miaoying and Yanhong.

Doug and Irene next to them were also very excited.

Yue Feng became a royal knight all of a sudden, and Simon City would follow suit.

"Yue Feng!"

At this moment, Kelly smiled lightly, looked at Yue Feng and said, "How would you like to be a Templar Knight?"

Yue Feng shrugged and responded with a smile, "I can do whatever I want!"

Being a Knight of the Royal Court is not the purpose. What matters is to find Miaoying and Yanhong as soon as possible, and then return to the world of the Kyushu Continent.

What?

Hearing this, everyone present was stunned for a moment, and looked at Yue Feng's eyes, which were also extremely complicated.

The royal knight, but the supreme glory, this kid actually looks indifferent.

Chapter 3194

"Okay!"

Kelly looked at Yue Feng with a smile, nodded and said, "That's it!" After saying that, she gave Yue Feng a waist card symbolizing the identity of a royal knight.

Yue Feng's attitude is very presumptuous in the eyes of everyone, but in Kelly's eyes, there is a different kind of free and easy.

The banquet lasted for several hours, and when it ended, it was already late at night.

"Lord Knight, please stay!"

Just as the crowd dispersed, a maid suddenly stopped Yue Feng.

Yue Feng stopped on the foot cloth, and Doug and Irene next to him also stopped.

"Is something wrong?" Yue Feng couldn't help asking.

The maid was very respectful: "His Royal Highness Kelly wants to see you!" As she spoke, she made a gesture of invitation.

This...

Hearing this, Yue Feng was stunned.

It's so late, what does Kelly have to do with herself? You must know that Kelly is the king's younger sister, and her status is noble. It is inevitable that people will be suspicious if she summons herself alone.

And Doug and Irene also have complicated expressions, especially Irene, with a bit of blush on her delicate face.

"Teacher, don't go!" Irene couldn't help but pulled Yue Feng's arm and whispered.

Everyone in the Tianxing Principality knew that Kelly, as Wang Jue's younger sister, had a prominent status, but she was wild by nature and was ambiguous with many men. At this time, she suddenly asked Yue Feng to see her, and it was definitely not a good thing.

Hearing Irene's words, Yue Feng hesitated.

However, after thinking about it, with Kelly's help, wouldn't it be easier to find Miaoying and Yanhong in the future?

Thinking to himself, Yue Feng nodded and said, "Okay, I'll go with you!" After the voice fell, Yue Feng followed the maid and went to the resting place behind the royal court.

Seeing this scene, Irene stomped her feet angrily.

To be honest, Irene worshipped Yue Feng as her teacher, and she was always unconvinced in her heart. When Yue Feng and Sam competed, the audience was shocked, and Irene looked at Yue Feng with admiration.

However, seeing Yue Feng meeting Kelly at this time, Irene felt a little sour in her heart and was very unhappy.

the other side!

Yue Feng followed the maid and walked through a beautiful corridor to Kelly's room, and saw that the room was lit.

"His Royal Highness Kelly, the Yuefeng Knight is here!" The maid stood at the door and spoke respectfully.

As soon as the voice fell, Kelly's delighted voice came from the room: "Come in!"

Phew!

At this moment, Yue Feng took a deep breath, pushed the door and walked in. He was stunned when he saw the scene inside.

I saw that Kelly was wearing a light nightgown, her sexy curves were looming, and she had drunk a lot at the banquet before. At this time, her face was still flushed, and under the light, she was indescribably charming. .

A few seconds later, Yue Feng reacted and said, "I don't know what happened to His Highness's sudden summons!"

"Yue Feng, you don't have to be restrained, sit down..."

Kelly was very enthusiastic, and after saying hello, she couldn't wait "I'd like to know, how did you do it when you competed with Sam and lifted a statue of a knight that weighed several tons?"

It turned out to be because of this.

Hearing this, Yue Feng thought for a while and smiled: "This... is actually nothing!" After speaking, Yue Feng started talking nonsense, mixed with a lot of words from the Kyushu Continent. Li tut tsk amazed.

call!

A few minutes later, Kelly looked adored and couldn't help saying: "I didn't expect that Yue Feng Knight would know so much! What you said is very interesting, why don't you leave tonight..."

What ? not leaving?

Yue Feng was taken aback, this Kelly is really open, she is just a royal knight, staying in the room of Wang Jue's sister for one night, if it is spread out, it will definitely be misunderstood.

Thinking to himself, Yue Feng hurriedly said: "His Royal Highness Kelly, it's getting late, I have to go back to rest, and if you have something to do in the future, you can call me again!"

After speaking, Yue Feng opened the door and turned to leave. .

Kelly was a little disappointed, but she still smiled lightly: "Okay, I'll see you off."

"Don't dare, please stay, Your Highness!" Yue Feng dropped these words and left quickly.

Chapter 3195

Call!

When he got outside, Yue Feng couldn't help taking a long breath, his palms were sweaty.

I have to say, this Kelly is so enthusiastic, and she is almost completely different from the aloof attitude in the hall before.

Leaving the royal court, Yue Feng did not return to Doug's resting place, but wandered on the streets of Arendis.

It has to be said that Arendis, as the royal city of the Tianxing Principality, is very lively and prosperous. Even if it is late at night, the streets are still very lively.

Yue Feng thought about it, Arendis was the largest city in the Principality of Tianxing, so he might be able to find clues about Miaoying and Yanhong.

After making up his mind, Yue Feng chose a high-end tavern and walked in directly.

When I got inside, I saw a lot of people and it was very lively. And most of the wine here is wine.

"Hey!"

Just when Yue Feng sat down and was about to order wine, suddenly, a few big men came around, all with bad expressions on their faces.

The one at the head, wearing a cowhide vest and facing the evil, is the famous gangster of Arendis, Sang Biao.

“Boy!”

At this time, Sang Biao looked at Yue Feng up and down, and said in a arrogant tone: “Get up, get out!”

Sang Biao is a regular customer of this tavern and has always been in this position. At this time, he saw Yue Feng sitting here. , suddenly there is some fire.

In Sang Biao’s eyes, Yue Feng was obviously an outsider, and he didn’t take it seriously at all!

Um?

Yue Feng was stunned for a moment, then smiled and said, “Friend? We have no grievances, right?”

“What are you talking about? Get up quickly!” Sang Biao said coldly with wide eyes.

At the same time, several companions beside him also spoke.

“Ma De, where is the stinky boy, dare to take our place.”

“If you don’t get out of the way, you will break your leg .

“

One by one, they were gearing up to surround Yue Feng.

Whoops!

Seeing this situation, the surrounding guests hurriedly avoided one after another, and pointed and pointed from a distance!

“Where did you come from, dare to provoke Sang Biao.”

“Outside, I’m afraid it will be unlucky!” Surrounded

by Sang Biao, Yue Feng did not panic at all, and looked at him with a smile: “You are a guest, and I am also a guest. , why do I have to get up to make room for you?” He

was just a local ruffian, and Yue Feng didn’t take it seriously at all.

“Boy looking for death!”

Sang Biao suddenly got angry, took a step forward, grabbed Yue Feng's shoulders, and was about to pull him up.

Um?

However, it was at this time that Sang Biao was shocked when he saw what was on Yue Feng's waist, and he was stunned.

"Boss Biao, what's the matter?"

"Boss..."

Seeing Sang Biao's face, the surrounding accomplices were a little puzzled, and then they were also shocked when they saw the knight's waist card on Yue Feng's body.

This... this kid, is actually a royal knight?

You are right!

In shock, Sang Biao couldn't help rubbing his eyes and looked again.

That's right, Yue Feng's waist is the royal knight's waist badge that Kelly gave him before, which is the highest honor symbol of a knight.

For a time, Sang Biao was dripping with cold sweat, staring blankly at Yue Feng, his mind in a mess. Totally speechless.

Although he is a gangster, Sang Biao has been well-informed after staying in Arendis for a long time. The knight's waist badge on the person in front of him is genuine and definitely not fake.

The ultimate husband in Chinese chapter 3196-3200

Chapter 3196

At the same time, several brothers behind Sang Biao also stared blankly at the waist card, fearful and afraid to show the atmosphere.

what's the situation?

Seeing this scene, the crowd watching the excitement all frowned secretly, and the eyes of many people converged on Yue Feng.

At this time, Yue Feng suddenly became the focus!

"Your Majesty the Knight of the Royal Court!"

Finally, Sang Biao came back to his senses, squeezed out a smile, and said to Yue Feng in fear: "Misunderstanding, this is a misunderstanding, I was confused for a while and offended you..."

Saying this At that time, Sang Biao only felt that his heart was about to jump out, and he was terrified.

The person in front of him turned out to be a royal knight, how could he be a little bastard?

What?

Royal knight?

Hearing this, the expressions of the people around froze, and they couldn't help taking a deep breath.

This inconspicuous boy in front of him turned out to be a royal knight?

Yue Feng was too lazy to talk nonsense, so Sang Biao left!

"Tsk tsk!"

At this moment, a slender figure slowly came down from the upstairs, with a pleasant voice: "I didn't expect that it would be a great honor to have a royal knight visiting our store!"

This chapter is provided by . Visit for daily update.

" A long dress, a delicate and beautiful face, painted with light makeup, and the whole body is filled with a charming atmosphere.

It is the female owner of this tavern, Blue Rose!

hiss.

As soon as the blue rose appeared, everyone present couldn't help but take a breath!

So beautiful.

Even Yue Feng was stunned.

Unexpectedly, the owner of this tavern turned out to be a woman, and she was a beautiful woman, and she was so charming and charming.

For a while, the entire tavern was silent, and many male guests stared at Blue Rose without blinking, unable to move their eyes away.

Along with the commotion, Blue Rose walked up to Yue Feng.

Lan Rose showed a faint smile, staring at Yue Feng: "Dear Royal Knight, is it convenient for you to chat alone?"

Wow!

Hearing this, there was an uproar in the surrounding area, and many men cast envious glances at Yue Feng. You must know that Blue Rose, a delicate woman, can open a tavern in Arendis, not just by her beautiful appearance, but also as well as strong communication skills and wit.

Because of this, Blue Rose has become the goddess in the hearts of many men, but there are very few who can be admired by her. It is said that many noble young masters of Arendis want to make Blue Rose, but they are all rejected by her.

At this time, Lan Rose actually took the initiative to invite Yue Feng, can the men present not be jealous?

Chat alone?

Yue Feng was stunned for a moment, then nodded: "Yes."

Seeing Yue Feng's agreement, Lan Rose smiled charmingly, then turned and walked upstairs.

Looking at Blue Rose's charming back, Yue Feng couldn't help but feel a little restless, but he calmed down and followed quickly.

On the second floor, Yue Feng followed Blue Rose and entered a luxurious room.

call!

At this moment, the moment he entered the room, Yue Feng was stunned.

As you can see, the whole room is completely rose-red, with a soft carpet on the floor. In addition to the soft sack for rest, there are also wine cabinets and bartending tables. It is just like the presidential suite, very luxurious.

"How is it here?" Blue Rose said with a smile, then took out a bottle of wine from the wine rack and poured a glass for Yue Feng.

Yue Feng took the wine glass, sat directly on the sofa, nodded and said: "Not bad!"

Lan Rose smiled, and then said seriously: "I heard that at the banquet in the royal court tonight, the city lord of Simon City brought a My friend, raised the statue of a knight in the royal court in public, and was named a knight of the royal court by the king, that's you!"

Chapter 3197

When saying this, Blue Rose looked up and down at Yue Feng, looking very interested.

What the hell!

Yue Feng was stunned for a moment, secretly surprised: "How do you know?"

A tavern owner is so well-informed about Wang Ting's news, this woman is not simple.

puff!

Looking at Yue Feng's surprised appearance, Lan Rose couldn't help laughing, and she couldn't help but be charming and sultry: "What's surprising, there are all the guests who come to my tavern every day, what news do I want to find out? , but it's easy."

Hearing this, Yue Feng nodded secretly.

Yes, a place like a tavern is indeed a good place to collect information.

"Then you called me up, what's the matter?" After regaining his senses, Yue Feng went straight to the point.

"Giggle..."

Blue Rose couldn't help laughing, and said softly: "The dignified knight of the royal court, come to my tavern, of course I will entertain you well, you must know that the entire Tianxing Principality, plus you only have Three royal knights, this status is incomparably noble, but it is the dream of many people for a lifetime."

I went, there were only three in the entire Tianxing Principality.

Yue Feng was taken aback secretly, no wonder so many people around him objected at the royal banquet before.

At this time, Lan Rose stretched out her jade hand and put it lightly on Yue Feng's shoulder: "Don't be nervous, Sir Knight, I just want to make friends with you."

Lan Rose is a wise woman. It can be seen that Yue Feng is not an ordinary person, otherwise, he would not have been named a royal knight as soon as he arrived in Arendis.

Such people, naturally, should be well drawn.

What the hell!

At this moment, Yue Feng only felt an aroma coming to his face, and the whole person was crisp.

I have to say that this blue rose is so sexy, especially this charming look, which is even more charming than Kelly.

With emotion in his heart, Yue Feng said with a smile: "Of course you can be friends, just right, I just came to Arlandis, I have a lot of things, and I still need help."

After speaking, Yue Feng took out two portraits, just before In Simon City, Doug asked someone to paint the portraits of Miao Ying and Yan Hong, and Yue Feng kept two of them on his body.

Wow!

Seeing the portrait, Lan Rose's delicate body was shocked, her red lips slightly parted, and she looked very surprised.

"Two beautiful beauties, are these your women?" Blue Rose asked curiously.

Uh...

Yue Feng was embarrassed and explained with a wry smile: "You misunderstood, these are my two friends. I have been separated from them before, please help me pay attention to them. If there are any of their whereabouts, please first Let me know when it's time."

Yue Feng could feel that Lan Rose was not an ordinary woman, maybe she could really help herself.

"Okay, there's no problem with this!" Blue Rose smiled lightly and agreed without thinking.

Finding two people was just a trivial matter for her, but in exchange for a royal knight friend, it was worth it.

"Thank you then!" Yue Feng said with a smile, and then touched the glass with Blue Rose.

The blue rose smiled charmingly, and the beauty was inexhaustible.

An hour later, Yue Feng and Blue Rose said goodbye!

At this time, Yue Feng was in a very good mood. He became a knight of the royal court and got acquainted with Blue Rose. In the future, it would be much easier to find Miaoying and Yanhong.

It was already late at night, and the lively streets were also deserted.

Whoosh!

As soon as he arrived at a street intersection, Yue Feng heard a faint sound behind him. He looked back subconsciously, but he didn't see anyone. At this moment, his back suddenly numb.

I saw an anesthesia needle stuck on Yue Feng's back.

What the hell!

what's the situation?

Yue Feng cursed secretly, and looked around to see who was plotting against him, but the anesthetic needle was powerful, and before he found anyone, his eyes were dark, and he didn't know anything!

Chapter 3198 I

don't know how long I was in a coma, Yue Feng woke up in a daze.

The moment he opened his eyes, Yue Feng only felt that his whole body was numb, and his whole body was also tied up.

Um?

The next second, Yue Feng looked around and was stunned.

I saw that I was locked in a stone room, and the entire stone room was empty except for a chair, but this chair was very beautiful.

A beautiful sexy woman is sitting on a chair.

A long red sleeveless dress brings out the exquisite curves. The facial features are exquisite, but there is a heroic spirit. Holding a glass of wine in his hand, it is indescribably elegant, and at the same time, it gives people a strong sense of oppression.

And beside this woman, stood a man.

Mad!

Seeing this man, Yue Feng was shocked and frowned.

It is the head of the guard of Arendis, Roston. At that time, at the banquet, he was the first person to object to Yue Feng being a knight of the royal court.

Did he catch me?

In a panic, Yue Feng turned his eyes to the woman again, who is this person? I didn't seem to see it at the royal court banquet before.

"It's him?"

At this moment, the woman looked up and down at Yue Feng, her red lips parted lightly, and she said slowly, "With one person's strength, you lifted the statue of the knight in the royal court?"

"Yes!" Roston nodded quickly. The attitude is very humble and respectful.

call!

Yue Feng looked at the woman and couldn't help but said, "Who are you? Why are you arresting me?"

Yue Feng could see that this woman was above Roston and was also the mastermind behind her arrest.

"Do you know the Blood Hand Organization?" The woman said lightly, but her expression was extremely proud.

The Bloody Hand Organization is a killer organization in Roland Continent, with great influence. And this woman is the leader of the Bloody Hand Organization, Olina.

As for Roston, he was the commander of the garrison of Arendis on the surface, but secretly, he was a senior member of the Bloody Hand Organization.

During the day, Roston saw Yue Feng holding up the statue of the knight, and he was very shocked, so he told Olina of the situation at the first time. At that time, Olina was very surprised, so Roston tried to catch Yue Feng.

Bloody Hands?

Hearing this, Yue Feng frowned secretly.

It seems that it is an underground organization, but I just came to Arendis, and I don't seem to have any grudges against this organization.

Thinking to himself, Yue Feng looked at Roston and took a deep breath: "Roston, as the head of the guard, if you arrest me in private, you are not afraid of being known by the king and punish you?"

"Haha!"

Roston sneered: "Don't use the prince to scare me. Since I dare to arrest you, I'm not afraid of it!"

After speaking, Roston didn't bother to talk nonsense, and went straight to the point: "Let me ask you, how did you lift the knight statue during the day?"

It was because of this.

Yue Feng smiled secretly and looked directly into Roston's eyes: "It's nothing special, I'm just born with divine power!" As

he spoke, Yue Feng secretly urged his inner strength to break free from the rope. However, the rope on his body was mixed with a special Metal is very tough. Yue Feng tried several times, but he didn't succeed.

Snapped!

At this moment, Roston walked over quickly and slapped Yue Feng fiercely: "Innate power? Do you think I'm a child? There must be something wrong with this, you'd better explain it honestly."

"What's wrong with me? Explained? I said everything I should say." Yue Feng responded lightly.

The matter of Shi Qingsan cannot be said easily. You must know that this is the Roland Continent, not the Kyushu. Moreover, the people here do not understand the knowledge of alchemy, and even if they say it, they will not understand.

Seeing Yue Feng's tough mouth, Olina, who was sitting there, lost her patience and said coldly, "Roston, stop talking nonsense with him!"

Hmm!

Roston nodded, and then pulled out a cane from the corner next to him.

I saw that the rattan was full of sharp spines, so tough that it would peel off if it was beaten.

Chapter 3199 What the hell

! Seeing this scene, Yue Feng couldn't help taking a deep breath of cold air and was furious: "Roston, don't forget my identity!"

"Identity?"

"Your status as a royal knight in our hands is just a false name. I tell you, no one will know if I kill you today!" The

voice fell, and Roston held the cane tightly and took it directly!

Snapped!

A crisp sound came, Yue Feng couldn't help taking a breath of cold air, and his body suddenly burst into flesh and blood dripped.

Mad!

Yue Feng clenched his teeth tightly and did not cry out, but his eyes were instantly bloodshot!

"Speak or not?" Seeing the blood, Roston's eyes flashed with madness, and shouted at Yue Feng.

Yue Feng took a deep breath and said slowly, "Okay, I'll say it." Immediately, Yue Feng explained Shi Qingsan in detail.

To be honest, Yue Feng didn't want to compromise so quickly.

But there is no way, people have to bow their heads under the eaves. Continue to speak stubbornly, and you will only end up with bruises all over your body.

Stone light scattered?

Is there such a magical thing in the world?

Hearing Yue Feng's words, Roston and Olina looked at each other in astonishment.

The next second, Olina couldn't help standing up and walked to Yue Feng: "This Shi Qingsan, do you still have it?"

"Yes, it's on me, but you have to untie me first!" Yue Feng responded.

When talking, Yue Feng's eyes couldn't help but look at Elena.

So sexy!

The facial features are also perfect, but unfortunately, this is a rose with thorns.

Hearing this, Olina gestured to Roston and asked him to untie the rope for Yue Feng.

“Where’s Shi Qingsan?” The moment he untied the rope, Roston stretched out his hand, no doubt.

Yue Feng took a deep breath and took out a bag of stones from his body.

At this moment, Olina and Roston’s eyes lit up, and then Roston snatched it away.

“Sprinkling it on a stone can make it lighter?” Olina asked suspiciously.

Yue Feng nodded.

At this time, Roston hurriedly went out to get a stone, and then sprinkled the stone lightly on it.

A few seconds later, Roston picked up the stone again, his eyes full of incredulity: “This.... This stone has really become lighter, it’s not as heavy as a piece of paper.”

Really!

At this moment, Olina’s delicate body trembled, and she was extremely happy. Looking at Yue Feng’s eyes, a strange light flashed.

It’s unbelievable that something so miraculous actually exists.

“Haha...”

At this moment, Roston reacted, unable to hide the contempt in his heart, and mocked at Yue Feng: “Ma De, I thought you really had any skills, so you used this thing to deceive you. Everyone, just like you, can you still be a royal knight? Hehe...”

Yue Feng ignored him, but looked at Olina and said, “Can you talk about it alone?”

Olina pondered for a while, then nodded: “Yes! Roston, you go out first.”

“Your Excellency!”

Roston was stunned for a moment, and quickly said: “This guy is very cunning, you can’t trust him.”

In his heart, Yue Although the wind’s stone light powder is magical, it is only a little trick of carving insects, and it is not necessary to pay such attention to it.

However, Olina insisted on her face and softly reprimanded: "Get out!"

As the leader of the Bloody Hand Organization, Olina is very far-sighted. This Shi Qingsan seems to be a trick to bluff people, but if Used in the right place, it can play a vital role.

Chapter 3200

Seeing Olina's insistence, Roston couldn't say anything else, so he had to withdraw.

"How many of these things do you have?" Olina asked Yue Feng as soon as her forefoot left.

Yue Feng looked directly at Olina with a smile on the corner of his mouth: "This is the last bag on my body, there is no more!"

What?

Olina's face changed, her eyes widened, and she looked at Yue Feng closely, and then, a powerful killing intent filled her body.

"Are you kidding me?"

At this time, Olina was extremely angry. I thought that this person was going to talk alone, and there would be a lot of Shi Qingsan on his body, but he didn't expect that the one he just took out was the last bag!

The leader of his dignified blood-handed organization was played like this, how could he bear it?

"I think you are courting death!" The cold words came out of Olina's mouth, and a cold light flashed in her hand. A dagger appeared in her hand, and then stabbed towards Yue Feng's heart!

Seeing that his heart was about to be pierced, Yue Feng did not panic at all, and said lightly: "Shi Qingsan, I am indeed gone, but I have other things! I have a kind of medicine pill, which can double the strength. Is Miss Linna interested?"

When he said this, Yue Feng looked serious, but there was a hint of teasing in his eyes.

Elixir?

When Olina heard this word for the first time, her body trembled and she was stunned.

The next second, Olina's pretty face was covered in frost: "Can you double your strength? How could there be such a thing in this world? You want to lie to me!"

Yue Feng smiled calmly and shrugged: "That Shi Qing What about San? You didn't believe it at first, but you saw it just now."

This...

Olina's body trembled, and she was speechless.

Seeing the change in Olina's face, Yue Feng showed a smile. He was too lazy to talk nonsense, and took out a medicinal pill from his body: "This medicinal pill is called Tongshen Dan, and it can instantly enhance the holy power after taking it."

Seeing that Yue Feng really took it Out of the medicine pill, Olina's delicate body trembled!

There really is!

However, Olina was still a little worried, and looked closely at Yue Feng: "Can you really double your strength?"

Yue Feng smiled slightly: "Miss Olina, I am in your hands now, how could I lie to you? You?"

Tongshen Pill, which Yue Feng refined on the basis of Tongtian Pill, can indeed improve his strength, but at the same time retains the characteristics of Tongtian Pill.

Yue Feng knew very well that in Olina's hands, it was impossible to get out alive, because he knew Roston's identity.

"Okay!"

Seeing Yue Feng's serious face, Olina no longer hesitated and swallowed the medicine pill.

Haha....

Seeing her swallowing it, Yue Feng showed a smile and stood silently waiting.

After a few minutes passed, Olina didn't feel any change in her strength, and suddenly became puzzled: "Why is there no sign of my strength improving at all!"

Yue Feng frowned, it shouldn't be.

In the next second, Yue Feng thought of something. This is Roland Continent. The holy power he cultivates is completely different from the inner strength of the dantian in Kyushu, so Olina took the magic pill, and it did not improve the effect at all.

However... the toxicity contained in the medicinal pill should not have any effect.

“Yue Feng, what’s the matter? Why hasn’t my strength improved?” Olina frowned and asked Yue Feng coldly.

As soon as the words fell, Olina suddenly frowned, her delicate body trembled, and her face was a little bad.

At this time, Olina clearly felt that her whole body was soft, and she couldn’t exert any strength?

Not only that, but the holy force could not be released, as if it was suppressed by an invisible force.

The ultimate husband in Chinese chapter 3201-3210

Chapter 3201

How can this happen?

In shock, Olina realized that she was poisoned, and glared at Yue Feng: "You dare to lie to me."

Yue Feng responded with a smile: "Miss Olina, I don't know if you have heard a sentence called soldiers never tire of cheating. , you caught me first, and now I'm just fighting back properly."

"Bastard!"

Olina shouted, ready to stab Yue Feng with a dagger, but she lost all strength, just raised her hand, The dagger fell to the ground.

"Don't struggle!" Yue Feng said with a relaxed look on his face, and said with a smile: "Tongshen Dan contains highly poisonous, and if there is no antidote within a year, it will fester and die. It will speed up the spread of the poison in the body, if you don't believe it, you can try it!"

"You're courting death..."

Olina was shocked and angry, staring at Yue Feng, angrily.

The leader of his own dignified blood-handed organization almost traverses the Roland Continent. I didn't expect to be planted in this person's hands today. What a shame!

"Hurry up and take out the antidote!" The more she thought about it, the more angry she became, and she couldn't help shouting coquettishly.

At this time, Olina was very annoyed. She didn't expect this person to be so cunning, but in the end, she underestimated the enemy.

Yue Feng smiled slightly: "Do you think it's possible? I'll give you the antidote now, and you'll die! But don't worry, we can negotiate a condition!"

"What condition?" Olina said, biting her lip.

Yue Feng said slowly: "It's very simple, within a year, you have to do things for me wholeheartedly and obey my orders. When that time comes, I will naturally give you the antidote."

Although he didn't know the Bloody Hand organization, Yue Feng could feel that people like Roston were willing to be this woman's subordinates, so her background strength must be very strong.

This chapter is provided by . Visit for daily update.

If you can use Olina for your own use, that would be even better.

"Impossible!" The cold words were spit out from Olina's mouth without any hesitation.

As the leader of the Bloody Hand Organization, how could he obey his orders?

Yue Feng guessed that she would refuse, shrugged his shoulders, and said indifferently: "Well, if you don't agree, let's die together. It's not a loss for me to have a beauty like you buried with me."

"You. ..."

Olina was so angry, her delicate body trembled.

Finally, after a few seconds of confrontation, Olina finally let go of her dignity: "Okay, I promise you..."

Seriously, to compromise with a person who was caught by herself, Olina was reluctant. But if you don't promise, you can't do it. When she thinks that she has no antidote, her whole body will fester and die, and Olina's whole body is cold and shuddering.

call!

Seeing that she finally agreed, Yue Feng showed a smile: "Very good, I hope we can cooperate happily in the future..."

Olina nodded, and then called Roston in.

"Miss Olina!"

The moment Roston came in, he immediately said respectfully to Olina: "Did this guy provide Shi Qingsan's smelting technology? Do you want to kill him now? Don't worry, where is the royal court? I have done a good job, no one will know."

When he said this, Roston gave Yue Feng a contemptuous look, in his heart, Yue Feng was no different from a dead person at this time.

At this time, Roston didn't know that Olina had already surrendered to Yue Feng.

"Shut up!"

Olina scolded, no doubt: "Don't be rude to Lord Yue Feng!"

What?

Lord Yue Feng?

Hearing this, Roston was shocked, and the whole person was stupid.

Miss Olina called him lord? Isn't this kid a prisoner?

Chapter 3202

Seeing Roston froze there, Olina frowned and said coldly: "What? Do you have any questions?"

"Don't dare!"

Roston trembled and shook his head quickly.

A few minutes later, Olina sent Yue Feng out.

Back at the resting place, it was already early morning.

As the city lord of Simon City, Doug has a prominent identity. This time he came to Arandis to participate in the All Souls Festival and was arranged by the prince in Baisheng Palace.

The Baisheng Palace is next to the royal court, and it is heavily guarded, and ordinary people cannot approach it at all.

What the hell!

Entering Baisheng Palace, Yue Feng was a little confused.

This place is also too big, many rooms are similar, which one is yours?

After turning around, Yue Feng had a big head, so he just found a room. After tossing around in the middle of the night last night, he was really tired.

Um?

Entering the room, Yue Feng could smell a faint fragrance in the room.

The life of this Roland mainlander is quite sentimental. Do you still use perfume?

He was muttering in his heart, but Yue Feng didn't care. He was too tired at this time, so he took off his clothes and lay on the bed.

At this time, Yue Feng didn't know that he had walked into the wrong room. This room belonged to Irene.

Just a few minutes before Yue Feng came in, Irene went to the bathroom to wash after waking up.

At this time, Irene was only wearing a nightgown. After washing up, she was going to change her clothes to find Doug. Teacher Yue Feng went to see Kelly last night, and she hasn't come back yet. There must be something wrong.

Thinking of this, Erin felt very unhappy.

I thought this teacher Yue Feng, who usually speaks frivolously, should be very upright, but he never thought that when he met Kelly, he would be fascinated by it.

Swish!

Back in the bedroom, Irene was stunned when she saw the scene in front of her, her delicate face flushed with embarrassment.

I saw that Yue Feng was lying on his bed with his upper body unobstructed, just naked...

"Yue Feng..."

Two seconds later, Irene reacted and couldn't help but let out a coquettish cry, A heart is beating wildly.

He...isn't he in the royal court? Why did he suddenly appear in his room, and he didn't have clothes on yet, could it be that he wanted to do something to himself...

For a while, Irene's head was buzzing, and the whole person was a little dazed.

who called me?

Yue Feng was about to fall asleep when he suddenly heard Irene's cry and sat up suddenly.

What the hell!

The moment he sat up, seeing the scene in front of him, Yue Feng's body froze, and he was stunned!

I saw Irene standing there, shy and angry, her delicate face like a ripe apple.

More importantly, she was only wearing a nightgown, and that charming curve was half-covered...

hiss.

At this moment, Yue Feng only felt that his head was blank, and the whole person was crazy!

“what!”

Aware of Yue Feng’s gaze, Irene quickly reacted and screamed! He hurriedly picked up the clothes next to him and ran into the bathroom quickly. While putting on his clothes, he shouted, “Yue Feng, what do you want to do? Why did you come to my room...”

What? Is this her room?

Hearing this, Yue Feng was stunned for a moment, and suddenly wanted to cry without tears!

Chapter 3203

Nima, it’s too coincidental, I accidentally entered Irene’s room by mistake.

“No, you misunderstood!” Yue Feng quickly explained: “I didn’t know this was your room. I thought this room was empty, so I came in and rested...” As he spoke, Yue Feng also hurriedly dressed. .

At this time, Irene got dressed and came out of the bathroom, looking at Yue Feng, full of disappointment: “Yue Feng, I treat you as a teacher and respect you so much, but I didn’t expect you to stay with Wang Jue’s sister last night. One night, not only that, but also came to my room, you are a big pervert, bastard...”

At this time, Irene was embarrassed and angry, so charming.

Yue Feng stared at it for a while, and then smiled bitterly: “Irene, it’s not what you think, I...”

However, Irene didn’t believe it at all. Thinking of the scene just now, a shameful picture emerged in her mind. , his face turned even redder, and he stomped his feet and turned to leave the room.

Uh....

Seeing this, Yue Feng couldn’t help laughing and laughing, and quickly left the room.

After finding his room, Yue Feng began to sleep soundly, and he slept until the afternoon, feeling refreshed.

After getting up, Yue Feng washed his face with water, thinking about waiting to see if Irene came back.

Bang bang...

As a result, at this moment, there was a knock on the door!

Yue Feng quickly opened the door and saw Doug standing outside smiling.

“Mr. Yue Feng!” Doug said with a smile: “I was named a Knight of the Royal Court last night, I haven’t had time to congratulate.”

“You’re welcome!” Yue Feng responded with a smile.

When he said this, Yue Feng had a smile on his face, but he was a little embarrassed.

Will Erin tell Doug about the morning?

“That’s right!”

Just when Yue Feng was thinking about it, Doug took out a letter of recommendation from his body and said politely, “Although you are a royal knight now, but you just came to Alandis, you still need to Just a little more connections. Mr. Xue Shan, the leader of the Bounty Alliance in Arlandis, is my friend. In this letter, I introduced you to him, maybe the two of you can become friends.”

Bounty Alliance?

Hearing this, Yue Feng was stunned.

In the next few minutes, Yue Feng learned through inquiries that in the Roland Continent, the situation was complicated because of the co-existence of several principalities, so many lawless people were born, and the principalities did not have the energy to bring these lawless people to justice. , and a profession was derived, the bounty hunter.

Although bounty hunters are social groups, they are recognized by various principalities, and the principalities will reward bounty hunters if they catch criminals.

Under this circumstance, the profession of bounty hunters was very prosperous, and finally the Bounty Alliance was formed, and the headquarters of the alliance was located in Arendis.

Understanding this, Yue Feng was very moved. He took the letter of recommendation and smiled at Doug: "Thank you!"

Seriously, Yue Feng knew that Doug's full help to him was entirely up to him and Fuxi relationship, but it is also my luck to get to know such a friend.

Doug waved his hand and said humbly: "Mr. Yue Feng is very polite. I am very grateful that you can be Irene's teacher. It is nothing to help you. Originally I planned to go to see Xue Shan with you, but Wang Jue just sent someone and said that he wants to summon me, so he can't accompany you."

"Okay!"

Yue Feng nodded: "I see."

With that said, Yue Feng and Doug said goodbye temporarily, left Baisheng Palace, and rushed in the direction of the Bounty Alliance.

Yue Feng knew that it would not be easy to find Miaoying and Yanhong in Roland Continent with the power of Doug and Blue Rose. In this case, one more friend means one more way.

The Bounty Alliance is located in the western city of Arendis.

call!

Ten minutes later, Yue Feng arrived at the Bounty Alliance headquarters and was shocked when he saw the magnificent building in front of him.

As you can see, this Bounty Alliance headquarters has three floors, and there are beast sculptures at the entrance, which are very majestic.

With emotion, Yue Feng approached the hall!

"Hello, do you need any help?" In the

hall, a female receptionist came up to meet Yue Feng and said with a smile.

Chapter 3204

This woman is in her mid-twenties, very beautiful, with fair skin and a short skirt suit, which is very sexy.

I'll go, this bounty alliance is okay, the people in the lobby are all so beautiful.

"That... I want to find Mr. Xue Shan." Yue Feng replied with a slight smile!

Looking for a leader?

The woman was stunned for a moment, and then forced a smile: "I'm sorry, Mr. Xue Shan has something to do and is not here." As she spoke, she couldn't hide the disgust in her eyes. This person is dressed in ordinary clothes, and he has no holy power on his body. I don't know where the gangster came from, and he still wants to see the leader?

Sensing the woman's face, Yue Feng secretly frowned.

She's pretty, but she's a little underwhelming.

"Come back next time!" Seeing that Yue Feng didn't mean to leave, the woman couldn't help urging.

Yue Feng smiled bitterly, and was about to take out a letter of recommendation.

"Ah!"

But at this moment, I heard footsteps, and then I saw a few people supporting a middle-aged man and rushing into the hall.

The middle-aged man's face was full of pain and blood was dripping all over his body. It is the leader of the Bounty Alliance, Xue Shan.

"Leader!" "Lord

Xue Shan!"

Seeing this scene, all the people in the hall panicked and rushed around.

Is he Xue Shan?

Yue Feng frowned and walked over quickly.

"Quick, stop the bleeding for my father." A young man shouted anxiously, and then went to find a pharmacist. The pharmacist is the name of the doctor in Roland mainland. The bounty alliance is strong and has a special pharmacist.

This young man is Xue Shan's son, Xue Peng.

After Xue Peng left, the people around hurriedly stopped the bleeding to Xue Shan. However, there were too many wounds on Xue Shan's body and they couldn't stop it at all.

Yue Feng stood aside, observed it secretly, and saw at a glance that Xue Shan was attacked by a beast, and the wounds on his body were caused by sharp claws.

This Xue Shan's strength is very strong, and he was injured like this. What kind of beast is it, so terrifying.

Thinking to himself, Yue Feng walked over: "You can't stop the blood like this!" After the voice fell, Yue Feng took out the silver needle from his body, started with lightning, and stabbed several acupoints on Xue Shan's body.

"What are you doing?"

"Who is this person..."

Everyone's anger came, and the woman who received Yue Feng was even more angry, and shouted at Yue Feng: "Who made you mess up? ...Huh?"

After speaking, the woman's eyes fell on Xue Shan, and her body trembled.

At the same time, everyone around was stunned.

I saw that the wound on Xue Shan's body stopped bleeding without a drop of blood.

Swish!

The next second, everyone's eyes converged on Yue Feng, and they were very surprised. Who is this person? This method is incredible.

At this moment, Xue Peng hurried over with the pharmacist, and when he saw the scene in front of him, his expression changed.

Xue Peng saw that his father had a few strange needles stuck on his body. Isn't this fatal?

"Who did it?" Xue Peng looked around and roared.

Seeing Xue Peng getting angry, everyone around was trembling with fear, and at the same time their eyes turned to Yue Feng.

"It's me!" Yue Feng looked at Xue Peng and said, "Don't be nervous, I am using acupuncture to help your father stop the bleeding."

Acupuncture?

Hearing this, Xue Peng frowned, unable to hide his anger and contempt: "Where is the liar, a few needles can stop the bleeding? You treat me as a child, I think you are tired of living."

In Roland In the mainland, there has never been a word about acupuncture. In Xue Peng's mind, this is simply nonsense.

Saying that, Xue Peng was about to pull out the silver needle.

Chapter 3205

Yue Feng frowned and stopped: "If you pull out the needle, your father's situation will be very dangerous!"

Yue Feng is not alarmist, Xue Shan is not only scratched, his internal organs have also been severely injured. Feng sealed the meridians and acupoints with silver needles, stabilizing the deterioration of the injury. Once it was pulled out, the consequences would be disastrous.

Hearing this, Xue Peng was completely angry and cursed: "Ma De, where did you get the liar? You got here, do you know where this place is? This is the Bounty Alliance."

After speaking, Xue Peng pointed Zhu Yue Feng: "Come on, tie him up to me!"

Whoa!

The voice fell, and several people walked over quickly and surrounded Yue Feng.

Yue Feng did not resist, but let them tie him up.

"I've said everything I need to say, don't regret it later!" Yue Feng said lightly.

Regret! ?

Hearing this, Xue Peng laughed angrily, didn't bother to talk nonsense, waved his hand, and asked his subordinates to lock Yue Feng in the back basement.

As soon as his forefoot left, Xue Peng pulled out the silver needle.

call!

The moment he pulled out the silver needle, Xue Peng was inexplicably nervous and stared at his father!

After more than ten seconds, seeing that nothing happened to Xue Shan, Xue Peng couldn't help sneering: "A liar, dare to scare me!" The

voice fell, and the pharmacist who had been silent next to him answered: "The situation is chaotic now, All kinds of liars are emerging one after another, but fortunately we came in time!"

After speaking, he ordered everyone to bring Xue Shan to the upstairs room.

Xue Peng didn't go in, but went downstairs and asked everyone, "What happened to that person just now?"

Thinking of the scene just now, Xue Peng was a little angry.

As soon as the words fell, the woman at the front desk was full of fear: "I'm sorry, this person said that he was looking for the leader, but I stopped him and didn't drive him away in time. It's my fault!"

Xue Peng's face was gloomy: "This is This situation is only allowed to happen once, and the next time, I can't spare you!"

"It's not good!"

Just as he was talking, he heard a shout from upstairs, and then the pharmacist came down with a panicked face: "Boss The adults are dying, hurry up and come!"

What?

Xue Peng's expression changed, and he hurried upstairs.

The people around also looked at each other in dismay, and immediately followed.

When I got to the room, I saw Xue Shan lying on the bed, his face was pale, his whole body was trembling, and the wound was bleeding again, and he couldn't stop it.

At this moment, Xue Peng only felt his brain buzzing.

"How could this be?" Xue Peng couldn't help muttering.

The pharmacist stood aside, his face completely lost the confidence he had before, and cautiously said: "Master Chief is too injured and lost too much blood, I have tried my best!"

Hearing this, Xue Peng was heartbroken and couldn't help losing his voice. Hu:
"Father..."

The faces of everyone around were also gloomy and very uncomfortable.

"Could it be..."

At this moment, someone in the crowd said, "Is it caused by pulling out the silver needle? Wasn't that person a liar just now?" The

voice fell, and the expressions of everyone present became complicated.

Xue Peng was also stunned there.

For a time, the whole room was terribly quiet.

“Go!”

Finally, Xue Peng reacted and ordered to the person at the door: “Bring that person up.”

Seriously, in Xue Peng’s heart, Yue Feng was a liar, and he absolutely couldn’t believe it.

But there is really no way out now, why don’t you bring him up to try.

The ultimate husband in Chinese chapter 3206-3210

Chapter 3206

“That person is obviously a liar, how can you believe what he said?” The pharmacist next to him, suddenly anxious, couldn’t help speaking.

While talking, the pharmacist took out two bottles of medicine and quickly gave Xue Shan an injection.

These two bottles of medicine were specially prepared by the pharmacist, and they have obvious relieving and calming effects. This medicine is not easy to use, but now Xue Shan is in critical condition and can only take a risk.

Xue Peng frowned: “Does your method work?”

“It can temporarily relieve the leader’s pain. The medicine lasts for an hour. Within this hour, I will find a way as soon as possible!” The pharmacist wiped his sweat and said.

Just as he was talking, Yue Feng was brought in.

Ugh!

As soon as he entered the room, Yue Feng couldn’t help sighing, and saw that Xue Shan was lying there, his face pale, and the situation was very critical. He had a needle in his arm and was undergoing an infusion.

Seeing this scene, Yue Feng shook his head secretly, the infusion was useless at this time!

Muttering in his heart, Yue Feng walked over and took down the medicine.

“What are you doing?” The pharmacist’s expression changed, and he couldn’t help but scold.

Xue Peng was even more angry!

I brought this kid here, just to ask about the situation, but he was so bold that he made his own decisions as soon as he came.

Feeling Zheng Peng’s anger, Yue Feng did not panic at all, and said indifferently: “This treatment method can only be relieved for a while, it is useless at all!”

Hearing this, the pharmacist was very angry, and said coldly: “This is still What do you say? The leader’s situation is very dangerous, and this is the only way to alleviate it.”

This chapter is provided by . Visit for daily update.

“That’s because your ability is limited, you can’t do it, it doesn’t mean that others can’t do it.” Yue Feng said lightly, and then carefully observed Xue Shan’s situation.

I told you not to pull out the needle. If you don’t listen, you should be panicking now.

Huh....

Hearing this, everyone present was stunned, looking at Yue Feng with complicated eyes.

What is this kid saying? How dare he despise the pharmacist? You must know that this pharmacist has been in the Bounty Alliance for more than five years. During these five years, I don’t know how many people have been saved.

And the boy in front of him actually said that he was not good at medicine.

The pharmacist was also stunned for a while, and looked at Yue Feng with an extremely angry smile: “You are not young, but your tone is not young, you...”

Xue Peng interrupted him just halfway through.

“Okay, stop arguing!” Xue Peng looked gloomy and looked at the pharmacist: “In an hour, are you sure you can think of a cure?”

Uh... The

pharmacist was embarrassed and immediately closed his mouth.

Xue Peng turned his head to look at Yue Feng: “Do you have a way to save my father?”

“Yes!” Yue Feng nodded.

Xue Peng took a deep breath, and after some entanglement in his heart, he said coldly: “Okay, I will believe you once, but if you don’t come here, you can bury with you!”

Hearing this, the pharmacist became anxious and wanted to stop it. But seeing Xue Peng’s gloomy face, he swallowed the words that poured out of his mouth.

Hearing Xue Peng’s threat, Yue Feng smiled lightly, then walked slowly to the bed and carefully checked Xue Shan’s situation: “Let me ask, has your leader been poisoned before?”

With Xue Shan’s current situation, even if the silver needle was pulled out, it would not have become so serious in just a few minutes.

Moreover, Xue Shan’s face at this time was pale with a hint of cyan, and Yue Feng immediately concluded that Xue Shan had been poisoned before, and the poison in his body had not been eliminated at that time.

Whoa!

Hearing this, the surrounding people suddenly whispered.

“This kid doesn’t treat the leader quickly, what nonsense is he talking about?”

“That is, I think he is trying to find a reason to shirk his responsibility...” During the

discussion, the pharmacist couldn’t help but sneer and scolded Yue Feng: “What nonsense are you talking about, the leader is so powerful, how could he have been poisoned?” As

he spoke, the pharmacist wanted to make some sarcasm, but Xue Peng waved his hand to stop him.

Chapter 3207

At this time, Xue Peng, with complicated eyes, looked at Yue Feng: “My father was bitten by a poisonous python five years ago, and he was in a coma for three days.”

When he said this, Xue Peng looked at Yue Feng There was a bit of surprise in Feng’s eyes.

To be honest, Xue Peng originally questioned Yue Feng’s ability, but after hearing what Yue Feng said just now, he suddenly changed his mind.

It is not simple to be able to see at a glance that his father has been poisoned before.

What?

Did the old man really get poisoned?

For a moment, everyone around was stunned again.

“That’s right!” Yue Feng nodded, then took out a dozen silver needles and stabbed them on the major acupoints on Xue Shan’s body.

In the next second, Yue Feng mobilized his internal force and injected it into Xue Shan’s meridians through the silver needle.

Chi Chi...

A few seconds later, Xue Shan trembled slightly, and some black venom came out from the place where he was pierced by the silver needle.

This....

Seeing this scene, Xue Peng was stunned.

And the pharmacist next to him opened his mouth even more, which was enough to smother a fear, and was extremely shocked.

The venom remaining in the body was expelled like this? And this method is really unheard of.

Is there such a way in the world?

Yue Feng didn’t pay attention to the shocked faces of everyone, but urged his inner strength to detoxify Xue Shan. After a few minutes, after all the venom had been expelled, Yue Feng did not stop and continued to clear Xue Shan’s meridians.

call!

After being busy for more than half an hour, Yue Feng stopped and wiped the sweat from his face: “Okay.”

Everyone quickly looked, and saw Xue Shan’s pale face, now rosy and body. There was no trembling, and the heartbeat gradually returned to normal.

Really cured!

Seeing this scene, everyone present was dumbfounded.

The pharmacist opened his mouth even more, unable to speak for a long time.

At this time, Yue Feng asked the person next to him for paper and pen, wrote a prescription, and handed it to the pharmacist: "According to the above, make these medicines twice a day, morning and evening, and give them to the leader. Within seven days, they will be It can be healed."

"Uh...good." The

pharmacist's voice trembled a little when he was shocked by the result of the prescription.

"It seems that your medical skills are really good." Xue Peng recovered and looked up and down at Yue Feng and

said, "Who the hell are you?" live in doubt.

A man of unknown origin, with such excellent medical skills, is really suspicious.

"Haha..."

Yue Feng smiled slightly: "I came here this time because I was recommended to visit Lord Xue Shan." After speaking, he took out Doug's letter of recommendation.

Xue Peng took the recommendation letter and read it, and was stunned: "Mr. Doug's friend?" The

next second, Xue Peng looked ashamed and said to Yue Feng, "It turned out to be recommended by Mr. Doug. How offended." Doug and his father are old friends, and if he introduced them, they are not outsiders.

"You're welcome!" Yue Feng smiled, and then looked at Xue Shan, who was still in a coma: "I was looking for the leader this time to ask for advice on some things. Now that the leader is injured, I won't bother. Come back another day."

After saying this, Yue Feng was about to leave.

"Father!"

However, at this moment, an anxious voice came from outside the door, followed by a hot figure who hurried in.

Is a very beautiful woman.

Grade 25 or so, with delicate facial features, hot body, and a close-fitting red leather jacket, indescribably sexy and charming.

Chapter 3208

is Xue Shan's daughter, Xue Peng's sister, Xue Mi'er.

Xue Mi'er is also a bounty hunter. She originally had a task to do today, but she hurried over when she learned that Xue Shan was seriously injured.

When she got to the room, Xue Mi'er felt a little panic when she saw Xue Shan lying on the bed, still in a coma.

"Brother!"

After a few seconds, Xue Mi'er reacted and asked anxiously at Xue Peng, "How is your father?"

Xue Peng smiled and comforted: "My father is fine for the time being, don't panic, and said Get up, thanks to this gentleman." The

voice fell, Xue Peng pointed to Yue Feng, and said the situation just now.

he?

Xue Mi'er was stunned for a moment, her eyebrows frowned, and her eyes looked up and down on Yue Feng: "He saved his father?"

When she said this, Xue Mi'er's eyes flashed with complexity, and she obviously didn't believe it. This person looks ordinary, and it is difficult to associate with a highly skilled pharmacist.

But Xue Mi'er didn't think much about it, as long as her father was okay.

"That's right!"

At this moment, Xue Mi'er thought of something, and said to Xue Peng: "I just got news that Auf may be hiding in a cave a dozen kilometers north of Arendis. According to the news, Auf arrested him. A couple of beautiful women who don't know what to do."

Really?

Hearing this, Xue Peng was shocked and very excited: "Ma De, finally there is news about him!"

Auf, a fugitive from the Principality of Tianxing, this man is tyrannical and does all kinds of evil. Half a year ago, he rewarded him. The Golden Alliance received a mission, and the target was this Auf, but this Auf was too cunning. He almost caught it several times, but he ran away.

beautiful woman?

At the same time, Yue Feng's eyes flashed, and he naturally thought of Miaoying and Yanhong. Speaking of which, Miao Ying and Yan Hong are immortals with powerful strength, so they should not be caught, but this is a different world after all, who knows if there will be accidents.

Excited, Xue Peng said to Xue Mi'er, "You take care of your father, I'll catch Auf!" After saying that, Xue Peng took a big sword and was about to leave, but suddenly his body trembled and his face turned pale.

Obviously, when Xue Shan was escorted back just now, Xue Peng was also injured.

"Brother!"

Seeing this scene, Xue Mi'er quickly supported Xue Peng, worried: "I'll go, you stay to recover." The

elder brother was injured, and he was definitely not Auf's opponent.

Xue Peng frowned: "Can you do it alone?"

"Don't worry, I know Mrs. O's a lot, so I'll check it out secretly. I won't show up to fight him unless I have to." Michelle comforted him. road.

At this time, Yue Feng came over and said, "How about I go with this young lady?"

Speaking of which, the Bounty Alliance has nothing to do with him, but in case one of the women caught by Auf has Miao Ying and Yanhong, didn't you miss them?

"You?"

Michelle turned her head and glanced at Yue Feng, unable to hide her contempt: "How can you help?" This person has no holy power at all, and it is a complete burden to carry.

Feeling Michelle's contempt, Yue Feng didn't care.

"Sister!"

At this moment, Xue Peng showed a smile and said to Michelle: "Since Mr. Yue Feng said it, let him accompany you."

Although this Yue Feng is not strong, but his medical skills are brilliant. In case of an emergency situation and his sister is injured, this Yue Feng is present and can take care of him.

“Brother, why let him follow.” Michelle looked unhappy.

Xue Peng smiled bitterly, and then said seriously: “Father hasn’t woken up yet, I’m your brother, so you have to listen to me. If you don’t listen, don’t go!” The

voice was not loud, but there was no doubt about it.

Chapter 3209

Seeing that Xue Peng’s tone was firm, Xue Mei’er was not good at opposing it, but she was still reluctant, stomped her feet, and walked out quickly.

“Mr. Yue Feng, trouble!” Xue Peng smiled awkwardly.

Yue Feng waved his hand, indicating that it was all right, and then quickly chased out.

When they got outside, they saw Xue Mi’er standing on the side of the road, her beautiful face full of pride.

“Hey!”

Seeing Yue Feng coming out, Xue Mi’er said angrily: “When you get to the place, everything follows my arrangement. If you don’t obey the command and something happens, I don’t care about you, you know?”

“Okay. !” Yue Feng smiled and nodded.

To be honest, Xue Mi’er’s arrogant attitude made Yue Feng very uncomfortable, but in order to find out whether there were two beauties caught by Auf, Yue Feng didn’t bother to care.

Seeing his happy promise, Xue Mi’er turned around and left the city without further talking.

Yue Feng followed slowly.

After leaving Arendis and walking north for more than an hour, Yue Feng and Xue Mi’er came to one barren mountain, and they saw that this barren mountain was overgrown with grass and trees. Dimly lit up.

There is only one mountain road leading to the platform, but there are many people guarding it at the foot of the mountain.

These people, all of them are not low in strength, and their faces are hideous, all of them are Auf’s subordinates.

Xue Mi'er hid in the dark to observe, and said coldly: "Follow me!"

Saying that, Xue Mi'er bypassed the people at the foot of the mountain, went to the back of the hillside, and approached the platform from a hidden path. Xue Mi'er is a local, so she is very familiar with the environment around Arendis.

Soon, near the platform, Michelle and Yue Feng hid behind the tree and observed it secretly.

I saw that inside the platform, there was indeed a big cave, vaguely, I could hear the cries of women coming from the cave.

At the entrance of the cave, a bonfire was lit, and there were several big men sitting around, talking and laughing while drinking wine.

The one headed by him was burly and had a scar on his face that stretched from his right eye to the corner of his mouth.

It was Off.

Swish!

Seeing Auf, Xue Mi'er bit her lip tightly, her eyes couldn't hide the anger: "This bastard, really caught some women and locked them here."

Yue Feng did not respond, but listened carefully to the sound from the cave. The woman was crying, and there seemed to be no Miaoying and Yanhong in the cry. Yue Feng suddenly let out a sigh of relief.

At this time, the entrance of the cave.

Auf and several of his subordinates had already drunk a lot of alcohol at this time, and all of them were inexplicably excited under the stimulation of alcohol.

"Boss!"

At this moment, one of them said to Auf: "The aristocratic women we caught are more beautiful than the other, but they just asked for some ransom, which is too bad." The

voice fell, and the others All followed suit.

"Yeah!"

"Brothers have been on this broken mountain for so long for this business, and they have forgotten what it's like to be a woman."

Hearing this, Auf grinned, with sinister eyes flashing in his eyes: "Look at you one. A hopeless person, well, when you finish drinking these wines, you can go in and play, remember, don't let these women commit suicide, and if they die, they won't get the ransom."

"Thank you boss!" Several subordinates were overjoyed and responded in unison.

Yue Feng and Xue Mi'er could clearly hear the conversation between Auf and several of his subordinates.

"These bastards!" Xue Mi'er clenched her pink fist tightly, her delicate face flushed red, and she was furious.

Mad!

Yue Feng also frowned secretly, with a trace of anger in his eyes.

This Auf is really notorious, even if he kidnapped these women, he had to let his subordinates have fun.

Chapter 3210

"You are here!"

At this time, Xue Mi'er reacted and said to Yue Feng, "I'll go back and find someone."

Xue Mi'er knew that it was impossible to destroy the cave with the strength of the two of her own. The woman inside was rescued. Now that the situation has been investigated clearly, the only thing that can be done is to go back and move rescue soldiers.

"This is inappropriate!" Yue Feng shook his head.

Swish!

Seeing that he didn't obey the command, Xue Mi'er was very unhappy, and said coldly: "Stop talking nonsense, this time, everything follows my command."

Yue Feng was very helpless, and smiled bitterly: "You heard it just now, these people finish drinking soon, and wait for you to bring people over, I'm afraid the women in the cave have already suffered."

Although Yue Feng heard that there were no Miao Ying and Yan Hong in the cave, he couldn't helplessly watch Auf and these. People do evil.

Hearing this, Xue Mi'er was stunned for a moment, and her heart suddenly became entangled.

Yes, it takes at least an hour to go back and forth from here to Arendis. For such a long time, I am afraid that the innocence of the women in the cave will be ruined by people like Auf.

But... if you don't go back and call someone, what else can you do? Relying only on himself and this Yue Feng, he is no match for the people like Auf.

call!

Just when Xue Mi'er was secretly anxious, she saw Yue Feng take a deep breath, then stood up, moved some stones, and placed them on the mountain road.

Just now, Yue Feng carefully observed the environment. Most of Auf's subordinates were at the foot of the mountain. In order to prevent them from coming up to support, a stone formation was deployed on the mountain road they must pass.

In this way, when the fight really starts, I am not afraid that they will come up to support Auf.

"Hey!"

Seeing this scene, Xue Mi'er was anxious and angry, and couldn't help shouting: "What are you doing?"

At this time, Yue Feng had already deployed the stone formation, and when she heard Xue Mi'er's inquiry, she replied lightly: "Prepare to save Man, I did this to block the people below and prevent them from rushing up."

What?

Hearing this, Xue Mi'er was stunned for a moment, and looked at Yue Feng in a complicated way, thinking that there was something wrong with this person's brain.

Just get some rocks and put them on the road to block the people below?

This guy can't be crazy.

At this time, Xue Mi'er didn't even know that the stones placed by Yue Feng seemed to be chaotic and ordinary, but they were actually an extremely powerful ecstasy formation.

"Hahaha..."

At this moment, Auf and a few subordinates were very excited after drinking the last bottle of wine.

“We’re done drinking, let’s go in and pick beautiful women!”

“Let’s go, let’s go in together.”

“Haha, I’m so excited.”

A few of his men laughed and thought about walking inside the cave.

Nima!

Seeing this scene, Yue Feng hurriedly said to Xue Mi’er: “Wait for me to attract their attention, you find a chance to sneak into the cave and rescue people.” After the

voice fell, Yue Feng took a deep breath and stood up and left. In the past, he shouted: “Hey, such a good thing, everyone has a share, do you want me to choose a beautiful girl too?”

Huh?

In an instant, Auf and several of his subordinates were stunned for a moment, and then they all looked over and looked at Yue Feng up and down.

“Boy, who are you?” Auf asked coldly with a gloomy face.

Yue Feng smiled slightly: “Don’t be nervous, I’m just a passerby. Seeing that you guys are very lively here, just come and have a look!”

Passing by?

As soon as the words fell, Auf and several of his subordinates were all furious, and after that, a few people looked at each other and quickly approached Zhou Qin. Mad, a passer-by, dared to make trouble, he was just courting death.

Oops, this man is sick!

At the same time, Xue Mi’er, who was hiding in the dark, stomped her feet in a hurry. This Yue Feng, who has no holy power at all, dares to provoke Auf in the past, does he think he will live long?

Patting his forehead, Yue Feng stood up cautiously and walked up to it.

“Made. Chop him for me!” At this time, Auf was also very angry, pointing at Yue Feng and scolding.

Whoops!

The ultimate husband in Chinese chapter 3211-3215

Chapter 3211 The

voice fell, and several of the men pulled out their weapons and charged directly towards Yue Feng.

Seeing a few people rushing over, Yue Feng didn't panic at all, but he pretended to be very frightened and shouted: "Oh, I'm really a passerby, even if you don't like it, you can't do it. Ah."

While shouting, Yue Feng pretended to turn around and run away, but secretly he was running the inner strength of his dantian.

Bang!

In the next second, the guy who rushed to the front was hit by Yue Feng and snorted, and the whole person flew out directly. After landing, he passed out!

Um? !

Seeing this scene, whether it was Auf or a few other people, they were all stunned.

What is the situation, this kid has no holy power at all, how did he fall?

At the same time, Xue Mi'er, who was hiding in the dark, also frowned, looking at Yue Feng with complex eyes.

How did he do that?

"Mad!"

Finally, Auf reacted and scolded: "Hack him to death for me! The black dog must have drunk too much and tripped himself." The black dog was the one who was knocked out by Yue Feng. guy.

Black dog, haha, the name is interesting.

Hearing this, Yue Feng couldn't help laughing.

After hearing Auf's words, the remaining subordinates howled and charged towards Yue Feng again.

This chapter is provided by . Visit for daily update.

At this moment, Yue Feng was no longer pretending, moved his wrist, and directly greeted him.

bang bang bang...

After just a few seconds, the robbers all fell to the ground, each with a painful expression.

What?

Seeing this scene, Xue Mi'er trembled, completely stunned.

This Yue Feng is so fast, how did these people get knocked down, I didn't see clearly once.

At the same time, Auf was also shocked!

"Good boy, it turned out to be faked just now!" After reacting, Auf roared, holding a huge hammer, and smashed it directly at Yue Feng.

The hammer weighed a few hundred pounds, but it was blown away by Aufwu, with astonishing power.

Yue Feng did not fight recklessly, but with agile movement, surrounded the bonfire, and fought with Auf.

"Quick, go into the cave to save people!" Yue Feng did not forget to shout at Xue Mi'er while pestering Auf.

At this time, Xue Mi'er was completely dumbfounded when she saw that Yue Feng and Auf did not lose in the fight, but she still reacted quickly when she heard Yue Feng's shouting.

Um? there's still one!

Seeing Xue Mi'er, Auf was even more angry, and his eyes were instantly blood red.

Wow...

But just when Xue Mi'er was about to rush into the cave, suddenly, there was a sound of footsteps coming from the bottom of the mountain, and then, she saw dozens of Auf's men at the bottom of the mountain, rushing quickly. come over.

Obviously, the sound of fighting here alarmed them.

"Quick!" Auf shouted, "Give me a hold of this woman!"

At the same time, Auf's eyes couldn't help but glance at Xue Mi'er, flashing with excitement.

This woman is so beautiful. Compared with the noble women in the cave, she is no less inferior. She must be captured alive.

When the voice fell, dozens of subordinates howled and rushed towards Xue Mi'er.

Done!

Seeing this situation, Xue Mi'er's delicate body trembled, and she couldn't be more anxious.

So many people, how can I stop myself?

Thinking to herself, Xue Mi'er gave Yue Feng a stern look. It was this person who had to mess around. Now it's alright, both of them can't run away.

Um?

But just when Xue Mi'er was secretly annoyed, she was completely stunned by the scene in front of her.

I saw that dozens of Auf's subordinates rushed into the stone, one of them seemed to have lost their way, and they circled around in place, but they couldn't get out.

Chapter 3212

What's the matter?

Isn't this just a pile of rocks?

Seeing this scene, Xue Mi'er only felt her brain buzzing, and she was extremely shocked.

At the same time, Auf was also stunned.

He clearly saw that dozens of his subordinates were trapped in a rock, and they were all dizzy, as if they were playing hide-and-seek.

"Made!"

Soon, Auf reacted and cursed: "What are you doing in there? Why don't you come and help?" The

voice fell, and dozens of men trapped in the stone formation were all about to cry. No tears.

“Boss, we can’t get out.”

“These stones are so evil that they seem to be able to move.”

“Yeah...”

The voices of dozens of subordinates came, and Auf was anxious and angry.

Bang!

At this moment, Yue Feng found the opportunity and punched Auf in the heart. Hearing Auf groan, the whole person staggered back a dozen steps, and the giant hammer in his hand fell to the ground.

With this punch, Yue Feng stimulated five layers of internal force and broke Auf’s two ribs.

Speaking of which, if Yue Feng broke out with all his strength, this Auf would definitely die, but Yue Feng knew that this was the Roland Continent, and his dantian inner strength was of a different kind. Click OK.

Anyway, the situation in front of him is basically under his control.

“Go in and save people!” Yue Feng shouted at Xue Mi’er.

Oh!

Hearing the shout, Xue Mi’er reacted and rushed into the cave quickly.

Yue Feng took a deep breath, walked slowly towards Auf, and said leisurely: “Auf, right? You can’t run away today, so just catch yourself!”

Mad!

Watching Yue Feng come step by step, Auf’s face was extremely gloomy. He never thought that with so many people, even a kid couldn’t stop him.

What makes Auf unacceptable is that this person in front of him has no holy power at all, and he can still hurt himself.

“Mad, go to hell!” Seeing that Yue Feng was less than two meters away from Auf, Auf suddenly scolded, raised his right arm at the same time, and showed the arrow on his arm.

Um? And dark weapons!

The moment he saw Xiu Jian, Yue Feng frowned secretly, instinctively wanting to hide, but the distance was too close, it was too late.

Whoosh!

Auf quickly pressed the machine spring, and the sleeve arrow shot out. He saw Yue Feng's body trembled suddenly, his shoulder was instantly pierced, and blood spurted out.

At this time, Xue Mi'er rescued the woman who was trapped in the cave. Just when she saw the scene, her tender body trembled.

What the hell!

Seeing the women rescued by Xue Mi'er, Yue Feng was also stunned.

I saw that these girls were all in their twenties, each one was prettier than the other, wearing aristocratic long skirts, but they were all too scared.

This Auf's vision is quite good, and he has caught so many beautiful women.

call!

Muttering in his heart, Yue Feng endured the severe pain from his shoulders, took a deep breath, stared at Auf, and showed a smile: "Auf, you are over, is it interesting to do such a meaningless resistance?"

As he spoke, Yue Feng raised his hand to seal the acupuncture point on his shoulder to stop the bleeding.

What?

Seeing this scene, both Auf and Xue Mi'er opened their mouths wide and their eyes filled with incredulity.

Just tap on the shoulder and the blood stops flowing.

How did he do that?

There is no point of acupuncture in Roland Continent. At this time, Yue Feng's approach is more miraculous than magic in the eyes of Auf and Xue Mi'er.

"you you..."

Chapter 3213

Finally, Auf reacted, his tone trembled, obviously panicking.

In the next second, Auf's eyes flashed with ferocity, and he rushed towards Xue Mi'er. Xue Mi'er was startled and instinctively retreated.

However, Auf's target was not Xue Mi'er, but the woman she had just brought out of the cave.

Those women were imprisoned for a day, and they were all very weak. At this time, it was too late to dodge. In the blink of an eye, one of them was tightly grasped by Auf.

"Fuck you, back me up!" Auf pulled the woman and stood in front of him, not knowing when there was a dagger in his hand, which was placed across the woman's neck and scolded at Yue Feng.

At this time, Auf's eyes were full of madness.

He knew that he was not Yue Feng's opponent, and the only way to escape was to take hostages.

"Don't, don't kill me..." The woman was frightened, her delicate body trembled, she kept begging for mercy, and her tears kept streaming down.

Nima!

Seeing this situation, Yue Feng was instantly furious.

This Auf is simply a lunatic who dares to threaten him with the hostage.

For so many years, Yue Feng is not afraid of powerful enemies. The only thing he hates is that the opponent threatens him with weakness.

"Don't come here, or I'll kill her! Hurry back, if you hear me, back up..." Seeing Yue Feng's changing face, Auf howled loudly.

At the same time, Auf also clenched the dagger in his hand.

Swish!

At this moment, Xue Mi'er bit her lip tightly and became tense in an instant, all her heart was raised in her throat.

She never thought that Auf was even more sad than rumored, and took a woman as a hostage.

Yue Feng did not rush forward, clenching his fists and looking at Auf!

“Hey...”

Seeing Yue Feng stop, Auf looked smug: “Made, aren’t you very good? Don’t you want to listen to me now?”

After saying that, Auf turned his head and glanced. Xue Mi’er: “And you, you look familiar, you should be from the Bounty Alliance, right?”

“Not bad!” Xue Mi’er responded: “The leader of the Bounty Alliance, Lord Xue Shan, is my father. ” Speaking, Xue Mi’er

took a deep breath and said slowly: “Auf, today you can’t fly, or give up your resistance and go back with us obediently!

“

Do you think it’s possible? Let me tell you, even if I die today, I’ll pull a back.”

Auf yelled, looking around, planning an escape route in his heart.

At this time, Auf was extremely resentful in his heart.

Mad, if it wasn’t for the men and women’s raid, he and his subordinates would have already received the ransom.

Seeing Auf’s refusal to accept the softness, Xue Mi’er’s body trembled with anger.

call!

At this time, Yue Feng lost his patience, took a step forward, and said coldly to Auf: “Auf, you are also a famous person, don’t you feel ashamed to use a woman as a shield now?

” Nimad!” When the

voice fell, Auf’s face changed, and he couldn’t help but yell: “What kind of thing are you, you are also qualified to say Laozi?”

Over the years, he has traversed the Roland Continent, has a notorious reputation, and has a gang of subordinates who follow him with all his heart, and can be regarded as a generation of heroes.

And this little-known boy in front of him, how can he endure such humiliation?

In the face of Auf's rage, Yue Feng did not panic at all, and said lightly: "Isn't it? If you want to be considered a man, let her go and fight me dignifiedly!" As he

said, Yue Feng continued to slow down. Approach slowly.

"You're wrong! Stop, you give me a special code to stop!" Auf's eyes flashed with hatred, and he shouted angrily.

Yes, Yue Feng said this on purpose, preparing to psychologically break Auf's line of defense. As long as Auf is confused by himself, there will be flaws.

"Hey!"

Seeing this scene, Xue Mi'er's pretty face changed, and she stomped her feet anxiously: "Don't be impulsive!"

Is he crazy? What if he really pushed Auf into a hurry and really killed the hostage?

Chapter 3214

Yue Feng's face was indifferent, and he gave Xue Mi'er a look, indicating not to be nervous.

The next second, Yue Feng showed a smile and looked at Auf: "Okay, everyone take a step back, how can you let her go!"

When he said this, Yue Feng looked behind Auf intentionally or unintentionally, I saw a few meters behind Auf, a colorful little snake, lying there.

Yue Feng knew that the more beautiful a snake was, the more poisonous it was, and at this moment he had a plan in his heart.

"Hahaha..."

Seeing that Yue Feng finally compromised, Auf couldn't help laughing up to the sky: "Is it a condition? It's very simple. I want you to remove those stones and cut off one of your own hands."

Until now, Auf has not figured out how his dozens of subordinates were trapped in those stones, but he knew that as long as the stones were removed, these subordinates would be fine.

As for letting Yue Feng cut off a hand, it was entirely Auf's way of venting the anger in his heart.

Nima!

Hearing this, Yue Feng couldn't help but scolded in his heart, this Auf was quite ruthless, and even let himself cut off a hand.

Thinking of this, Yue Feng showed a smile, nodded and said, "Okay, you have to say what you say!"

"Hey, you're crazy!!" As soon as the words

fell, Xue Mi'er had a complicated face and couldn't help shouting.

This Auf is vicious and despicable, and what he said is not credible at all. If Yue Feng really cut off one of his hands, the situation would be completely passive.

Yue Feng secretly shook his head at Xue Mi'er and said, "Go, move the stone away!"

Xue Mi'er was very reluctant, but seeing Yue Feng's serious expression, she still walked slowly towards the stone formation.

Swish!

At this moment, Auf stared closely at Xue Mi'er, with excitement and cruelty flashing in his eyes.

Auf has thought about it, as long as his subordinates are released, they will immediately let them capture Xue Mi'er alive. As for this Yue Feng, he has cut off one hand and cut off another hand, so he has no threat to himself, so don't worry at all.

Complimented, Auf said to Yue Feng coldly: "She's going to move the stone, cut off one of your hands! Don't try to play tricks."

Yue Feng replied with a smile, and then put his hand in his mouth, making a series of hissing noises.

Hissing...

Hearing the sound, the poisonous snake lying there, as if it had received an order, crawled towards Auf like lightning.

Yes, Yue Feng used ventriloquism just now to signal an attack to this poisonous snake.

"What are you doing?" Auf frowned and asked coldly.

At this time, Auf did not realize that the danger behind him was rapidly approaching.

"Oh!"

Yue Feng had a leisurely face and responded with a smile: "It's nothing, the shoulder injury is a little uncomfortable."

Auf's eyes flickered, and just as he was about to speak, he saw the poisonous snake behind him, which had already arrived in front of him and bit him. Off's calf.

hiss!

When the pain came, Auf couldn't help taking a deep breath. When he looked back, his face changed.

I saw a poisonous snake biting my calf.

Pfft!

The next second, Auf hurriedly released the hostage, trying to squeeze the venom out, but the venom spread quickly, and in an instant, a sense of paralysis spread throughout the body, and Auf shuddered and fell soft to the ground.

what's the situation?

At this time, Xue Mi'er had just walked to the stone formation, and when she heard the situation here, she quickly looked over. When she saw it, she was immediately stunned.

I saw Auf's face turning blue, lying on the ground, completely losing his resistance.

After being stunned for a few seconds, Xue Mi'er walked over quickly and asked Yue Feng, "What's the matter? Where did the poisonous snake come from?"

Alas!

Yue Feng smiled slightly, looked at Auf and said hypocritically: "It seems that he has done too much evil, and God can't stand it anymore, so he sent a poisonous snake to punish him."

It's better not to talk about his ventriloquism. After all, this is another world.

Yeah?

Chapter 3215

Xue Mi'er was stunned, but seeing Yue Feng's serious face, she had no doubts.

The next second, Xue Mi'er took out the rope, walked over to tie Auf Wuhua, and didn't forget to kick a few times: "I made you do bad things, and now you get the retribution, you really deserve it."

Haha...

Look At this scene, Yue Feng couldn't help but burst into laughter.

This Xue Mi'er is quite interesting.

At this time, several noble women next to them also recovered, and came over to express their thanks to Yue Feng.

"Thank you for saving us..."

"Thank you for your benefactor..."

"I don't know what the benefactor is called."

Yue Feng smiled and replied: "Don't be so polite, my name is Yue Feng, by the way, your family is in Where? How did they get arrested?"

Hearing the question, several noble women looked at each other, and then answered one by one.

"My name is Rena, I'm the daughter of Duke Ruibo of the Crescent Principality..."

"I'm from the Stead family..."

"My father is the lord of Lie Sun City..."

Hearing these women's answers, Yue Feng was stunned there, secretly startled.

Damn, the identities of these women are more prominent than the other. This Auf is really audacious. He has captured so many noble ladies. No wonder he is wanted by the entire Roland Continent.

After a few chats, Yue Feng let these noble ladies go down the mountain and leave.

"Yue Feng!"

At this moment, Xue Mi'er came over and said, "You stay here, I'll go back and call someone to send Auf and the others to Arendis for trial."

Yue Feng nodded, expressing no objection. At this moment, Xue Mi'er

thought of something, pointed to the stone formation and asked, "How on earth did you do it? Why are these people trapped inside and can't get out?"

full of curiosity.

Until this time, dozens of Auf's subordinates were still trapped inside, like headless flies.

This...

Yue Feng scratched his head and said with a smile: "It's actually very simple. When I placed this stone before, I smeared a potion that can cause hallucinations on each stone. Auf's these My subordinates, after entering, inhaling these medicines, they become unconscious, and naturally they are trapped inside." The

formation technique is more esoteric and difficult to understand than ventriloquism, Yue Feng was too lazy to explain to Xue Mi'er, Just made up a lie.

It turned out to be so.

Hearing this, Xue Mi'er nodded suddenly, then curled her lips and said: "I thought you had some special ability, so you used such a small trick." The

voice fell, Xue Mi'er said no more, and hurried down the mountain to call someone went.

call!

After Xue Mi'er left, Yue Feng breathed a sigh of relief, feeling a little bored.

At this time, Auf's poisoning deepened and he was completely unconscious.

Made!

At this moment, Yue Feng's eyes fell on Auf, and he couldn't help muttering in his heart.

This Auf has done so many bad things in Roland Continent, robbing and killing people, doing all kinds of evil, and there must be treasures on him.

Thinking to himself, Yue Feng walked over and searched Auf's body. Soon, he found a crumpled map. He saw that this map has drawn the entire Roland Continent, but the paper is yellowed, obviously the age long time ago.

In a place at the top right of the map, it was specially marked with a red dot.

Treasure Map?

Seeing the red dot marked, Yue Feng was stunned for a moment, not at all excited.

Mad, what is the use of the treasure map for me? I don't even need money.

Although a little depressed, Yue Feng still put away the treasure map.

After a while, Xue Mi'er came with people and brought Auf and his men to Arendis.

The ultimate husband in Chinese chapter 3216-3220

Chapter 3216

Sending Auf to Arendis for trial had to go through a lot of formalities, so Yue Feng didn't follow, and when he got down the mountain, he said goodbye to Xue Mi'er and others.

Returning to Arendis, seeing that it was still early, Yue Feng did not rush back to his residence, but wandered on the street.

"Manny carnival night?" A

few minutes later, Yue Feng passed by the entrance of a tavern, and was immediately attracted by the name of the tavern. He saw that the tavern is in a good location, the decoration is relatively high-end, there are many customers, and it is not inferior to the blue. Rose's Tavern.

The tavern is a good place to inquire about news. Although I had Blue Rose's help before, I can't be idle.

Thinking to himself, Yue Feng entered the hall of the tavern.

Entering the tavern, Yue Feng asked for a seat by the window, ordered a bottle of wine, and poured himself a drink while observing the surroundings to see if he could hear news about Miaoying and Yanhong from the surrounding guests. .

Um!

Looking around, Yue Feng's eyes fell on a private room on the second floor, and he saw a man and a woman sitting in the private room, talking and laughing.

The man was young, in his mid-twenties, dressed in bright knight armor, indescribably handsome, and filled with powerful holy energy.

The woman is wearing a long purple dress, which shows her sexy figure and is indescribably charming and sexy.

The man Yue Feng did not know, but when he saw the woman, Yue Feng was stunned.

It was Erin.

Why is she there?

Is the guy her friend?

This chapter is provided by . Visit for daily update.

A few seconds later, Yue Feng came back to his senses and wanted to say hello, but he held back.

It was embarrassing to break into Irene's room by mistake. I guess Irene still misunderstood herself at this time.

At this time, the elegant room is here.

Irene sat in the private room, her delicate face couldn't hide her excited smile, and her whole person became much more reserved.

The handsome man sitting across from Irene is Wick, a long-established royal knight in the Principality of Tianxing.

Five years ago, in the grand competition held in the Principality of Tianxing, Wick force won the first place, and was specially named a royal court knight by the king. After that, Wick devoted himself to the king and became the king's side. Reds, it can be said that the scenery is infinite.

Not only is Wick strong and powerful, but also with his handsome appearance, he has captured the hearts of many young ladies.

Erin is one of Wake's many admirers.

"Your Excellency Knight!"

At this time, Irene smiled and poured wine for Wick: "I am so happy to sit and drink with you!"

Yue Feng broke into her room in the morning, and Irene was in a bad mood, went out to go shopping to relax, but unexpectedly bumped into Wick. At that time, Ailin took the initiative to say hello and was invited by Wick to drink together.

At this time, Irene was completely immersed in the joy of meeting her idol.

Wick smiled slightly and said humbly: "Miss Irene is really polite, you are the eldest miss of Simon City, it is my honor to be so loved by you." The

words were humble and polite, full of gentleman style.

However, with humility on his face and a pair of eyes, Wick couldn't stop looking at Erin.

beautiful!

So beautiful.

It would be even better if we could spend the night together.

“You are so humble, who doesn’t know that you are a celebrity beside the king. Even if my father sees you, he should be polite!” Irene said with a smile.

The next second, Irene patted her head and smiled apologetically: “Sorry!” After saying that, she got up and went to the bathroom.

call!

Watching Irene leave, Wick showed a smile, then took out a small bottle from his body and poured the potion into Irene’s wine glass.

Yes, Wick poured a drug.

Chapter 3217

Speaking of which, Wick is a gentleman on the surface, but in fact he is a womanizer. In recent years, relying on his position by the king’s side, I don’t know how many women have been deceived, and today, a sexy and beautiful eldest lady took the initiative. Delivered to your door, Wick will not miss it.

Although Irene is the daughter of the city lord of Simon City, Wick is not afraid at all because he is the red man beside the king.

Wick’s movements were clearly seen by Yue Feng, who was sitting on the first floor.

Nima!

At this moment, Yue Feng frowned secretly, this guy actually drugged Irene?

Fortunately, I saw it myself, otherwise, the consequences would be disastrous.

Thinking to himself, Yue Feng went straight to the second floor without any hesitation.

As soon as I arrived in the private room, I saw Irene came back.

At this time, Irene hadn’t seen Yue Feng yet. After entering the private room, she and Wick looked at each other and smiled.

“Miss Irene, it’s a pleasure to meet you today, let’s have a few more drinks!” Wick said with a smile, and at the same time he took Irene’s wine glass thoughtfully.

Erin smiled lightly and was about to take the cup.

However, at this moment, Yue Feng walked in quickly and said to Irene, "Don't drink, it's getting late, it

's time to go back!" When he said this, Yue Feng couldn't help looking up and down at Wick.

Damn, this guy is very strong, he turned out to be an upper-level saint, and he is a stage higher than the Hiss next to Doug.

"You..."

Suddenly seeing Yue Feng, Irene's body trembled, and she was stunned.

Soon, Irene calmed down and said angrily, "Why are you here?" Irene hadn't forgotten what happened in the morning, so she didn't like Yue Feng at all.

Yue Feng smiled: "You're here, I can't be here?"

After speaking, Yue Feng glanced at Wick: "Is this your friend?"

Irene nodded, unable to hide her inner admiration, and said Said: "Yes, not only my friend. He is also my idol, his name is Wick, he is the greatest royal knight in the entire Tianxing Principality!"

Also a royal knight?

Yue Feng was stunned for a moment, and then he couldn't help but chuckle: "Irene, don't be deceived by the appearance of some people, some people look bright on the outside, but behind the scenes, they

are not good people!" When saying this, Yue Feng looked Wick up and down.

Yue Feng's words made Irene very unhappy: "What do you mean?"

At this time, Wick's face also darkened, looking at Yue Feng and said coldly: "Who are you? Do you know who you are talking to? "

Haha...

Yue Feng smiled, too lazy to talk nonsense: "Wick, right, my name is Yue Feng, unfortunately, I am also a royal knight, I advise you to pay less attention to Irene, just now you were in I can see clearly when drinking alcohol."

Yue Feng?

Wick frowned, then thought of something, and sneered: "Oh, it turns out that on All Souls' Day, the one who defeated Sam was you. Innate power? Hehe... It doesn't look very good."

After speaking, Wick's eyes became cold: "You said that I drugged in the wine, what evidence do you have?" After the voice fell, Wick placed the wine glass heavily on the table, deliberately pushing hard, and the wine inside splashed all at once. came out.

Made.

Seeing this scene, Yue Feng was very angry.

This kid is very cunning, and actually destroyed the evidence.

At this time, Irene reacted and shouted at Yue Feng: "Don't talk nonsense, Wick is not that kind of person! If you are deliberately making trouble, you can go now!"

Yue Feng took a deep breath and directed Irene said earnestly: "I am your teacher, so I have the right. He was indeed drugged with alcohol just now. You were deceived by him on the surface. Come with me!" As she said that, she was about to grab Irene's hand.

Seriously, Irene's attitude annoyed Yue Feng, but her father Doug had helped him, so he couldn't ignore it.

However, Irene was very resistant and pushed Yue Feng's hand away.

"Yue Feng, are you finished? I saved face for you in the morning, haven't I told my father yet?" Irene said with disgust in her eyes, "I tell you, Wick is mine. Idol, you are not allowed to slander him like this!"

Chapter 3218

At this time, Irene was very angry, and her impression of Yue Feng was even worse.

Wick is a personable, gentleman and polite. From entering the tavern until now, he has always been respectful and polite to himself. How could such a person be a bad person who drug behind his back?

On the contrary, this Yue Feng was the most suspicious when he appeared here, maybe he was secretly following him.

Thinking of Yue Feng breaking into her room in the morning, Irene was even more disgusted.

What the hell!

Feeling the contempt in Irene's eyes, Yue Feng suddenly became angry.

What's the matter with this Erin? Why don't you believe in yourself?

How can I say that I am also her teacher, but I would rather believe in Wick, an outsider.

Thinking of this, Yue Feng didn't bother to talk nonsense: "Irene, I know you're still angry, but what happened this morning was really a misunderstanding. It's so late, you haven't gone back yet, aren't you afraid your father is worried?"

Huh!

Hearing Yue Feng mentioning her father, Irene shook her lips slightly and hesitated.

As the eldest lady of Simon City, it is indeed inappropriate to drink outside so late.

It's just...

"Hehe..."

Just when Irene was hesitating, Wick smiled slightly and said, "What do you have to worry about, Lord Doug? This is Arendis, the safest place in the entire Tianxing Principality. The place, let's say, with me by my side, Miss Irene will never have anything to do."

Seeing his hypocritical appearance, Yue Feng sneered.

Irene nodded in agreement, and then said to Yue Feng: "Yes, even if I am drunk, Wick will send me back, you go Yue Feng, I don't care about you!"

At this moment, Yue Feng was completely impatient, and grabbed Irene's arm: "It's useless to say anything, you have to go back with me today!"

Yue Feng understood, this Irene was a stubborn, and she didn't believe anything she said. Can only be taken away by force.

"Let go of me, let me go..."

Irene was very resistant when Yue Feng grabbed her arm, her beautiful face suddenly flushed, and she kept struggling, but Yue Feng's hands were like iron clamps. Same, can't break free at all.

"Made, let me go!"

Seeing this scene, Wick was instantly angry and couldn't help shouting loudly.

This Miss Irene, she is about to get her hands, how can she watch her being taken away by Yue Feng?

The voice fell, and Wick rushed over at once, blocking Yue Feng.

“Get out of the way!” Yue Feng was too lazy to talk nonsense, and spit out two words coldly.

Wick looked at Yue Feng with a half-smile but not a smile: “Yue Feng, right, you are very arrogant, Miss Irene has let you go, you not only have the cheek to not leave, but also use force to Miss Irene, a little gentlemanly No, it’s ridiculous that someone like you can be a royal knight.” After

speaking, Wick’s tone became cold, and he continued: “Now I’ll give you one last chance, hurry up, otherwise, you will be at your own risk!”

Hula. As

soon as the last word fell, I saw that more than a dozen big men came from the corridor outside. These big men, wearing uniform black leather armor and holding a machete, were all in the realm of holy kings.

These are Wick’s subordinates. Wick has been a royal knight for five years, and he has formed his own power since he was a prosperous person in Arendis.

call for help?

Seeing this scene, Yue Feng frowned secretly, but he didn’t panic at all.

Irene’s body trembled, she couldn’t help but said to Wick: “Your Excellency Wick, don’t...” Although she was disgusted with Yue Feng, she couldn’t bear to see Yue Feng and Wick conflict.

After all, Yue Feng was brought to Arlandis by his father, and he was also named a royal knight. If something happened to him, his father would not be able to escape the responsibility.

“Miss Irene rest assured!” Wick smiled slightly and comforted Irene: “I just taught him a lesson, I won’t do anything to him!”

When he said this, Wick looked casual, but his eyes flickered. With a hint of gloom.

call!

Hearing this, Irene felt a little relieved, and then stepped aside.

Chapter 3219 At this moment, Yue Feng breathed a sigh of relief, looked at Wick and said, " Scare

me? What if I don't get out?"

Today, I will see how powerful you are!" The

voice fell, and Wick raised his hand and waved: "Fuck him!"

During the day, when he learned that the king had appointed a new royal knight, Wick felt in his heart. Very unhappy, you must know that the Royal Court Knight is a very high honor, how can you allow others to be equal to yourself?

Whoa!

Hearing Wick's order, more than a dozen big men around, without the slightest hesitation, approached Yue Feng directly.

Really hands on, then accompany you to play.

Looking at the dozen or so big men rushing up, Yue Feng smiled coldly, his inner strength was running, and he immediately greeted him.

Bang...

In the blink of an eye, the two big men rushed to the front, and before they could react, they were knocked to the ground by Yue Feng. The strength of the Holy King is nothing in Yue Feng's eyes.

However, Yue Feng was on the mountain before and was injured on the shoulder by that Auf's sleeve arrow. At this time, the wound had not healed, and gradually he couldn't stand it anymore.

Each of Wake's subordinates is extremely sturdy.

Seeing that the two companions were knocked down, not only did the rest not flinch, but they were excited and rushed up one by one howling.

Mad, these people are crazy.

Seeing this situation, it was difficult for Yue Feng to calm down, and a layer of cold sweat appeared on his forehead.

"Hahaha!"

Wick's face was full of pride and excitement, and he mocked Yue Feng loudly: "The dignified knight of the royal court, is this only the strength? I see where you came from, go where you go." After

speaking, he did not forget to face his subordinates. He shouted: "Hit, hit me hard."

Hearing this, a dozen men immediately pulled out their daggers.

Puchi, puchi...

Soon, Yue Feng was scratched by the dagger, and blood flowed out instantly.

When the pain came, Yue Feng endured and did not shout, and at the same time held Irene's hand tightly, and he would take her away today no matter what. To be honest, Yue Feng really wanted to summon Fang Tianhuaji at this time, but he was besieged by more than a dozen people, and it was too late.

Hiss...

The news of the fight spread, and the guests in the entire tavern were frightened and hid far away.

"Yue Feng!"

Irene was also anxious and couldn't help shouting: "You let go, let go, if you don't let go, you will be killed!"

At this time, Irene never thought that this Yue Feng He is so persistent and insists on taking himself away, but he is only one person, how can he beat so many of Wick's men?

"I am your teacher, and I have the responsibility to take care of your safety!" Yue Feng gritted his teeth and responded with red eyes.

Hearing this, Irene's body trembled, and her heart was inexplicably moved. And looking at Yue Feng's eyes, it is also a bit complicated.

Could it be....I really misunderstood him?

At this time, Wick's men were still attacking.

Yue Feng touched the wound on his shoulder, and his movements were getting slower and slower, and he would soon be unable to hold on!

"Made!"

Seeing Yue Feng holding Irene tightly and not letting go, Wick was completely angry, and shouted: "Pull him away!"

Hearing the order, a dozen men rushed up together, and they were about to take Yue Feng and Erin pulls in.

call!

Yue Feng took a deep breath, grabbed Erin's hand tightly, and protected her behind him.

Seeing this, more than a dozen subordinates made a ruthless attack, and the daggers in their hands stabbed again.

Chapter 3220

Yue Feng gritted his teeth and waved his arms to resist. Soon, he was stabbed in several places, and blood flowed out, staining the floor red.

Irene was so anxious that she couldn't help shouting: "You...you let go, you will die like this..."

At this time, Irene felt a little regretful. If she knew this, she should have been with him just now. go back. It's just too late to say anything now.

"Don't cry!" Seeing Irene's remorse

, Yue Feng showed a smile: "I can't die!

"

Word by word: "Already half-dead, yet still boasting, I want to see how many lives you have!"

Om!

The voice fell, and Wick raised his long sword, and a terrifying aura erupted around him. Immediately, the long sword stabbed directly at Yue Feng's heart like a shock.

I go!

Feeling the power of this sword, Yue Feng was secretly surprised.

Is this the swordsmanship of Roland Continent? There are no cumbersome moves, simple and direct, and the power is so overbearing.

“Stop!”

Seeing that Yue Feng was about to be pierced by this sword, suddenly, a loud roar came from outside, and then, dozens of powerful figures rushed in like a tide.

These men were wearing blood-red robes with a bloody hand embroidered on the cuffs.

It is the elite of the Bloody Hand Organization.

On the other side of the tavern, a subordinate tree, a sexy and cold figure, stood there quietly, watching the situation here.

It is the leader of the Blood Hand Organization, Olina.

The conflict between Yue Feng and Wick was very noisy. It happened that Olina was nearby. After learning about the situation, he immediately sent someone to help Yue Feng.

Speaking of which, Olina was tricked by Yue Feng, and she was very annoyed. When she learned that he was besieged by Wick’s men, she didn’t want to help, but when something happened to Yue Feng, no one could give her the antidote.

hiss!

Seeing the scene in front of them, everyone watching the excitement near the tavern couldn’t help gasping for air.

“This... This is the Bloody Hand Organization...” “There are so many people, and the aura is so strong.”

At the same time, Wick was also stunned.

As a Knight of the Royal Court, Wick of course knows that the Blood Hand Organization is spread all over the Roland Continent. The total number of personnel is almost a hundred thousand, and the power is very powerful.

“Excuse me...”

Finally, Wick reacted and asked He opened his mouth to ask, but was interrupted after only two words.

“Fuck him!” An elite of the blood-hand organization headed by, pointed at Wick and shouted, and then, dozens of companions rushed towards Wick.

Before these bloody hand organization elites rushed in, Olina told him not to have any communication with Yue Feng, just help him deal with Wick directly.

Seeing this scene, Wick was furious and hurriedly waved his long sword to resist. Speaking of which, Wick was very strong, but he couldn't stand so many people and was quickly knocked to the ground.

"Your bloody organization is so bold, dare to attack me, I am a royal knight!" Wick kept shouting.

"It was you who hit!"

Dozens of elites of the Bloody Hand Organization, all with sullen faces, kept punching and kicking at Wick.

Besieged by so many people, Wick couldn't stand up at all and almost vomited blood.

However, Wick is not a fool. Although these people from the Bloody Hand Organization have not communicated with Yue Feng, they can guess that they are coming for Yue Feng.

"Yue Feng, colluding with the Blood Hand Organization, you are dead!" Wick continued to howl.

Yue Feng ignored it, with so many wounds on his body, he was very weak at this time.

After fighting for more than half an hour, Wick had half his life left, and the talents of these bloody hand organizations stopped.

Wick didn't dare to stop, glared at Yue Feng, and left in embarrassment.

call!

Seeing this scene, Yue Feng breathed a sigh of relief.

Fortunately, the people from the bloody hand organization came in time, otherwise, they would really be miserable.

The ultimate husband in Chinese chapter 3221-3230

Chapter 3221

With emotion, Yue Feng couldn't hold it anymore, his eyes darkened and he fainted.

Whoops!

Seeing this scene, dozens of elites from the Bloody Hand Organization quickly gathered around and carried Yue Feng out.

At this moment, Irene wanted to stop her, but the suffocation of these blood-hand organizations was too strong, as long as they watched them take Yue Feng away.

.....

Yue Feng and Wick, the two royal knights fought in the tavern, and the news quickly spread throughout Arendis.

At this time, Baisheng Palace, Doug's room.

Doug sat there, his face gloomy and terrible!

Beside her, Irene stood there, her delicate body trembling faintly, and her heart was flustered.

call!

Finally, Doug took a deep breath and asked Irene angrily, "Mr. Yue Feng was taken away by the Bloody Hand Organization?"

"Yes!" Irene replied in a low voice, "There are too many of them. I didn't dare to stop it!"

Hearing this, Doug became annoyed: "Okay, let's not mention this for the time being, let me ask you, why did Mr. Yue Feng fight with Wick?"

"The situation was said.

At the end, Irene was very aggrieved: "Who knew that Teacher Yue Feng was so persistent and insisted on taking me away, and said that Wick was not a good person, I think Wick is very good!"

This chapter is provided by . Visit for daily update.

"Not bad?"

At this moment, Doug He couldn't bear it any longer, his eyes almost burst into flames, and he pointed at Irene and roared loudly: "That's a wolf in sheep's clothing. After saying a few sweet words to you, you can't tell the difference between north and south?"

Wick is romantic by nature. He has harmed many girls over the years. With his deep background, he secretly suppressed these things, but these things could not be hidden from Doug.

After all, as the lord of Simon City, Doug can easily find out.

"How can you blame me?"

Irene was very aggrieved and couldn't help shouting: "It was he who had to provoke Wick, but his strength was not enough, and he was attacked by Wick's men. K..."

"Crack!" Before

he could finish speaking, Doug raised his hand suddenly and slapped Erin hard.

At this time, Doug was trembling with anger: "You are still obsessed with it? Wick is plotting against you, and it was Mr. Yue Feng who saved you. Do you know that, and you still say that Mr. Yue Feng is self-conscious. How can I give birth to your stupid daughter?"

After speaking, Doug said coldly: "I tell you, if Mr. Yue Feng is all right, it will be fine, if there are three advantages and two disadvantages, I will never forgive you!"

When he said this, Doug's face was gloomy, and his eyes were even more anxious.

Mr. Yue Feng is the descendant of Lord Fu Yi. If he is a knight of the royal court, if he is famous in the world, he will follow him, but if something happens to him, he will also be unlucky.

Irene covered her face, feeling wronged and angry.

"Father, you...you beat me for an outsider? I really don't understand, what did I do wrong!" Irene shouted with tears, then stomped her feet and ran out.

Ugh!

Watching his daughter run out, Doug sighed, and then called his subordinates: "No matter what method you use, you must find Mr. Yue Feng, go!"

"Yes!"

...

the other side!

Not knowing how long he had been in a coma, Yue Feng woke up faintly.

call!

The moment he opened his eyes, Yue Feng smelled a charming fragrance, and when he opened his eyes, he was stunned.

I saw myself lying in a boudoir. The furnishings of the whole room were indescribably fresh and elegant. The air was sprayed with perfume, and the fragrance was charming.

On the stool next to the bed, sat a charming and cold figure.

It was Olina.

Seeing Yue Feng open her eyes, Olina hurried over and said softly, "Wake up? What do you think?"

Yue Feng nodded and looked at her with a smile: "It's okay, luckily your people are here. Timely, by the way, how did you know that I was in that tavern, did you send someone to follow me?"

Chapter 3222

Hearing this, Olina's pretty face changed, and she quickly explained: "No, I happened to pass by."

Seriously, Olina didn't want to be so humble in front of Yue Feng, but she had no choice but to take it. Tong Shen Dan, within a year, needs Yue Feng's antidote to survive.

Seeing her nervous look, Yue Feng showed a smile, and wanted to tease her more: "Well, if that's the case, why didn't you show up at that time?"

"This..."

Olina hesitated and said softly: "You may not know yet, our Bloody Hand organization is huge and its personnel are all over the Roland Continent, so the six major duchies regard us as a threat."

"You and Wick are both royal knights of the Tianxing Duchy. As the leader of the Bloody Hands organization, naturally he can't show his face easily."

It turned out to be the case.

Hearing this, Yue Feng suddenly nodded.

The next second, Yue Feng looked at Olina with a smile: "It's really uncomfortable to have so many wounds on my body, why don't you give me a hammer? Maybe I can get better faster!

"

Hearing his words, Olina's cold face immediately flushed red!

This... This Yue Feng is really too much. How can he be the leader of his dignified blood-handed organization?

Seeing Olina's expression, Yue Feng patted his forehead! "Oh, I wanted to give you an antidote earlier, but today I was injured and my brain hurt, and I suddenly couldn't remember it..."

"You..."

Olina was anxious when she heard this. A stomp.

She is a smart person, and naturally understands what Yue Feng means. If she doesn't agree, he will keep delaying giving the antidote. For a year, it's not too long, naturally it's better to get the antidote earlier.

Thinking of this, Olina bit her lip: "Okay, I'll press it for you..." The voice fell, Olina sat beside the bed, a pair of jade hands on Yue Feng's shoulders, and pressed gently.

call!

Feeling Olina's jade hand, it came out softly, Yue Feng was indescribably comfortable, he let out a long sigh of relief, and narrowed his eyes in enjoyment.

I can't see that this Olina is usually very cold and gentle, and it is also so fascinating.

If there are people from the Bloody Hand Organization present, they will definitely be surprised.

It is incredible that the leader of the dignified bloody hand organization put down his dignity and pressed the shoulder for a man.

For the next few hours, Yue Feng was in Olina's room to cultivate. Speaking of which, Yue Feng is a skin injury, and there is no need to refine medicine pills, and Olina also has some good healing medicines.

Therefore, Yue Feng is getting better very quickly.

A few hours later, Yue Feng said goodbye to Olina and returned to Baisheng Palace.

“Mr. Yue Feng!”

Doug was in a hurry. When he saw Yue Feng coming back, he was surprised and quickly greeted him: “I sent someone to look for you everywhere, worried that something happened to you.”

Yue Feng smiled slightly : “It was just a fight, what could have happened?”

Doug nodded, and then thought of something: “By the way, I heard that the Bloody Hand Organization came at that time, does Mr. Yue Feng know them?”

Huo!

Yue Feng took a deep breath, thought about it, and responded, “Yes! I have some connections with the Bloody Hand Organization.” Yue Feng didn’t plan to say anything about his relationship with Olina.

Doug was a smart man, so he didn’t ask much, but his brows furrowed: “Broken! That Wick is very cunning. Guessing that you are related to the Bloody Hand Organization, he will definitely sue in front of the king!

“

Yue Feng frowned.

If you lose, file a complaint, this Wick will not be so despicable.

“Master Knight!”

Just as he was talking, a soldier walked in quickly and respectfully said to Yue Feng: “The king has invited you to visit the royal court!”

At this moment, Yue Feng and Doug looked at each other, both stunned.

As soon as Wang Jue was mentioned, Wang Jue sent someone to summon him. Obviously, it was because of Yue Feng and Wick.

Soon, Doug reacted and said, “I’ll go with you!”

Yue Feng thought about it and smiled, “No need!” Although the tavern was because of Irene, it was also provoked by himself. , Yue Feng did not want to implicate Doug.

Chapter 3223 The

voice fell, and Yue Feng followed the soldiers to the royal court.

After a while, Yue Feng came to the Royal Palace.

As soon as he entered the hall, he saw Wang Jue sitting there with a gloomy face, and Kelly next to him also frowned.

And Wick was standing there, smug and gloomy on his face. However, after being taught by dozens of people organized by bloody hands in the tavern, the bruises on his face were still there, which looked very funny.

Made!

Seeing this scene, Yue Feng immediately understood something. It must be Wick who told Wang Jue that he had colluded with the Bloody Hand Organization.

Thinking to himself, Yue Feng didn't panic at all, he walked forward and saluted Wang Jue: "Yue Feng has seen His Royal Highness Wang Jue !

"

Yuefeng Knight, during the day you and Wick had a conflict in the tavern, and then the people from the Bloody Hand Organization came, right?"

"Not bad!" Yue Feng responded.

"Then the bloody hand organization besieged Wick, right?"

"Yes!" Yue Feng said calmly.

boom!

As soon as he finished speaking, Wang Jue's face sank, he slammed down his throne, and shouted angrily, "Knight Yue Feng, have you colluded with the Blood Hand Organization? Tell me honestly!"

Olin said it well, the Blood Hand Organization is all over the place. Roland Continent, the six major duchies are all regarded as a huge threat, and they have long wanted to eradicate them. At this time, Yue Feng and the Blood Hand Organization were suspected of collusion, and Wang Jue was very angry.

Feeling the anger of the king, Yue Feng did not have the slightest wave in his heart, and said lightly: "Go back to the king, no!"

"No?"

At this time, Wick couldn't help sneering, and shouted at Yue Feng: "If not, why did the Bloody Hand help you deal with me? Don't think about sophistry!"

Wang Jue nodded in agreement.

Only Kelly sat there, frowning slightly, as if thinking about something.

call!

Yue Feng took a deep breath, looked at Wick and said, "Everything needs evidence. Those who organized the bloody hands entered the tavern and never communicated with me. How do you think I know them?"

"Come up and besiege me?" Wick said coldly.

Yue Feng chuckled lightly: "Who knows? Maybe you have misbehavior and provoked them."

"Fart!"

Wick was furious and shouted: "Don't think I don't know, after I leave, you will be in a coma, and then was taken away by the Bloody Hand Organization!"

Yue Feng did not change his face, and responded: "I was in a coma at that time, and I didn't know anything. I only knew that I woke up in the suburbs of Arlandis. When I came, there was no one around!"

After speaking, Yue Feng looked at Wang Jue and Kelly, and continued: "I just came to Arlandis two days ago, so how could I know the people of the Blood Hand Organization??"

Hearing this, Wick sneered suddenly.

The next second, Wick respectfully said to the king: "His Royal Highness, this Yue Feng is too cunning, why don't you lock it up and torture him!"

Hmm!

With a gloomy face, the king nodded subconsciously.

The king is dull and has no opinion, and Wick is a popular man around him. He can speak well, so he naturally listens to his slander.

What the hell!

Seeing this situation, Yue Feng was startled, is this prince too incompetent? Before confirming that he was related to the Bloody Hand, he followed Wick's advice.

At this moment, Wang Jue waved his hand, and several soldiers walked in.

Yue Feng clenched his fist secretly, angry and depressed.

I thought that when I became a Knight of the Royal Court, I would be able to find Miao Ying and Yan Hong better, but I didn't expect that this king was so incompetent, just after hearing a few slanderous words from Wick, he would lock himself up.

At this time, Yue Feng secretly stimulated his internal strength and prepared for battle.

Since this prince is so incompetent, there is no point in staying here by himself. What kind of royal knight is not uncommon for me.

Chapter 3224

Seeing those soldiers approaching, Yue Feng did not panic at all, ready to summon Fang Tianhuaji.

For a time, the atmosphere was indescribably solemn, and the air was filled with the smell of gunpowder.

Haha...

Seeing this scene, Wick stared at Yue Feng, his eyes couldn't hide his pride.

What if you are a royal knight? The king is completely on my side and fighting with me is completely self-defeating.

"Alright, alright!"

However, at this critical moment, Kelly, who had been sitting there silent, smiled at the prince: "The matter hasn't been figured out yet, why do you want to arrest Yue Feng? I see. , there must be a misunderstanding in this."

Hmm....

Hearing this, Wang Jue pondered, rubbing his beard lightly and said, "Sister is also right!" Wang Jue has been in control of the Tianxing Principality for all these years, and Kelly has always been Assisting and helping behind the back, so many things, the king obeys Kelly.

At the same time, the soldiers also stopped.

Wick was in a hurry and couldn't help saying: "His Royal Highness, this Yue Feng is obviously colluding with the Bloody Hand organization, and he must not be lightly forgiven..."

Kelly interrupted him before he finished speaking.

"Wick, you keep saying that Yue Feng and the Bloody Hand Organization have colluded, but you can't come up with conclusive evidence." Kelly's delicate face, showing a bit of displeasure, pointed at Wick: "Also, Yue Feng, like you, is a knight of the royal court. If he is locked up today, how will the king convince the public in the future?"

"..."

Hearing this, Wick blushed and wanted to refute a few words, but didn't have the guts.

Although she is a celebrity beside the king, Kelly is the younger sister of the king and holds a lot of power.

At this time, Kelly's face softened and she said slowly: "Actually, what happened today is a misunderstanding. I didn't think it was as serious."

After saying that, Kelly looked at Yue Feng and then at Wick. : "You two are both royal knights, and you are the right-hand man of the king. How can you argue with each other? Well, wait for the king and I to prepare a banquet. You two stay and shake hands and make peace!"

said At these times, Kelly's voice was soft, but with unquestionable majesty.

"Okay, that's good." Wang Jue nodded in agreement with a smile.

With my sister here, you can worry about everything.

This...

Wick hesitated, instinctively wanting to refuse, but seeing Kelly's expression, he nodded and said, "Okay!"

Yue Feng also nodded, agreeing, and was secretly grateful.

Nima, fortunately, this Kelly is sensible. If it weren't for her to come forward, there would really be a fight.

Soon, at Kelly's command, a sumptuous banquet was ready.

Yue Feng sat there with a calm expression on his face, and kept toasting with Wang Jue and Kelly.

Wick was not happy at all, and couldn't tell the fire in his heart.

I thought that I could get rid of Yue Feng by relying on Wang Jue, but I never thought that at a critical moment, Kelly would help Yue Feng speak.

no!

We must think of a way to get rid of Yue Feng.

After making up his mind, Wick's eyes kept moving between Yue Feng and Kelly, flashing gloomy and cold, and soon thought of a plan.

After half an hour, the banquet was over.

When he walked out of the hall, Wick hurriedly called a soldier. This soldier was Wick's confidant and had secretly helped Wick do a lot of bad things.

"Wait when you go and tell Yue Feng, and say that His Royal Highness Kelly is looking for him."

"Yes!" The soldier responded and left quickly.

Watching the soldier walk away, Wick gave a treacherous sneer, then looked to the courtyard where Kelly was resting.

Wick's solution is very simple, that is, to use Kelly to frame Yue Feng.

Wick knew that Kelly had the habit of bathing every time she drank, and she must be bathing in her room just after the banquet. Before Yue Feng arrived, he knocked Kelly unconscious, then put the blame on Yue Feng, and then came forward to accuse him. At that time, Yue Feng couldn't argue, and he was dead.

Soon, Wick came to the door of Kelly's room, and sure enough, he heard the sound of rushing water inside.

At this moment, Wick did not hesitate, and looked over from the windowsill.

At this time, Kelly, with her eyes closed, was bathing in a wooden barrel, and she didn't realize that Wick had sneaked in.

Bang!

The next second, Wick quietly approached from behind and slapped Kelly on the back of the neck with his palm.

Chapter 3225

Kelly couldn't react at all, her delicate body trembled, and she fainted as soon as it got dark.

Hehe....

The plan went so smoothly, Wick was very proud, but he didn't stay much, turned around and left quickly.

Right now, on the other side.

After the banquet, Yue Feng was about to leave the royal court and go to Baisheng Palace to find Doug.

"Your Excellency Yue Feng!"

As a result, before he left the royal court, he heard a shout from behind. Yue Feng turned to look, and saw a soldier chasing after him quickly.

"Is something wrong?" Yue Feng stopped and asked.

The soldier looked polite: "Your Excellency Yue Feng, His Highness Kelly wants to see you."

Kelly wants to see me?

Yue Feng was stunned for a moment, the banquet has just ended, why do you want to see me again?

On second thought, there must be something wrong with Kelly seeing herself alone. Moreover, in the hall before, Kelly also spoke for herself and resolved a crisis, so it would be inappropriate not to go.

Thinking of this, Yue Feng nodded and said, "Okay!"

With that, Yue Feng asked the soldiers to lead the way and rushed towards the courtyard where Kelly was resting.

Soon, outside Kelly's door, the soldier politely said: "Here, Your Excellency Yue Feng, go in directly!" After speaking, he turned and left.

The soldier walked very quickly and disappeared in a blink of an eye, but Yue Feng didn't think much about it.

call!

Yue Feng took a deep breath, stood outside the door and said, "His Royal Highness Kelly, I'm here!" The

room was silent and no one responded.

what's the situation?

Yue Feng scratched his head and shouted again: "His Royal Highness Kelly, what are you looking for from me?"

Still no one paid attention.

This time, Yue Feng realized that something was wrong, was it not there? No, Kelly was called her own, and she should be in the room at the moment.

Muttering in his heart, Yue Feng slowly opened the door.

I go!

The moment the door was opened, Yue Feng was shocked when he saw the scene in front of him, and he was stunned!

I saw that in the elegant and luxurious room, mist was lingering, facing the door, there was a large wooden barrel, and a sexy and charming figure was soaking in it.

It's Kelly!

At this time, Kelly, with her back to Yue Feng, was surrounded by water mist, and her charming shoulders were exposed in the air. Any man who saw it would be unable to extricate himself.

It was the same with Yue Feng, who watched for more than ten seconds before he recovered.

And in my heart, I was extremely shocked.

This... This Kelly is about to take a bath and rest, but she asked someone to call her over, is it interesting to herself?

Thinking to himself, Yue Feng secretly swallowed his saliva and said, "His Royal Highness Kelly?"

However, what made Yue Feng depressed was that Kelly was soaked in the wooden barrel, motionless, and still did not respond.

What's the matter?

At this moment, Yue Feng was completely impatient and walked over slowly. When he got to the front, he was suddenly stupid.

I saw that Kelly's eyes were closed, and the whole person was completely in a coma.

No, it's a trap!

Seeing this scene, Yue Feng completely woke up and quickly exited the room to leave.

After so many years of walking in the rivers and lakes, Yue Feng was very vigilant. In the situation in front of him, it was obvious that someone had knocked Kelly unconscious, and then wanted to slander himself.

Whoa! Whoa!

As a result, as soon as he walked outside the door, he heard footsteps from not far away.

Made!

Yue Feng hurriedly looked over, and when he saw it, his brows were furrowed, and his heart was angry.

The ultimate husband in Chinese chapter 3225-3230

Chapter 3226

saw that Wick brought dozens of royal court soldiers and quickly surrounded the entire yard. These royal court soldiers were all powerful.

"Yue Feng!" At this moment, Wick

took the lead and pointed at Yue Feng and shouted: "The banquet is over long ago, you won't go back to rest, what are you doing here?"

Is very proud.

Haha...

This Yue Feng is still hooked, who can help you this time?

Yue Feng did not speak, but looked at him coldly.

Wick was too lazy to talk nonsense, so he called a maid who pretended to say, "Quick, go and see how Your Highness Kelly is doing!" The

maid hurriedly approached the room, and after a few seconds, ran out in a panic: "Not good, Her Royal Highness Kelly was knocked unconscious and is still in the barrel..."

"Good you Yue Feng!"

At this moment, Wick was full of anger and cursed at Yue Feng, "Your Highness Kelly is right. You are not bad, you were talking to you in the main hall before, but you sneaked into her room, knocked her unconscious while she was bathing, and plotted to do something wrong! People like you deserve to die!" I

have to say, Wick's rest Very enough, for a time, the surrounding soldiers all glared at Yue Feng.

You know, Kelly is Wang Jue's sister, and this Yue Feng is so bold, he is courting death.

Phew...

Hearing Wick's accusation, Yue Feng took a deep breath and laughed in anger.

This chapter is provided by . Visit for daily update.

"Wick, half an hour ago, I thought you were just lecherous!" Yue Feng looked at Wick and said coldly, "But I never thought that as a knight of the royal court, you would use such despicableness. nasty means."

The scene in front of him, Yue Feng guessed at once, all this is a game set up by Wick.

Otherwise, how could it come so coincidentally, so quickly?

"Made, what did you say?" Wick said angrily.

Yue Feng chuckled: "What I said, you know clearly."

Hula!

Just as he was talking, Wang Jue and many royal court soldiers rushed over when they heard the movement.

Um?

When they got to the front, Wang Jue and everyone were stunned when they saw the situation in front of them.

“What’s the matter?”

“Your Excellency Wick, and Your Excellency Yue Feng, why are you arguing again?”

“Also, it’s still in the place where His Royal Highness Kaelin is resting.

” Live proudly.

“Wick, Yue Feng!”

Finally, Wang Jue reacted, and asked very displeased, “What’s going on?” The two royal court knights confronted each other at the door of their sister’s room.

“His Royal Highness!” Wick hurried over and said loudly, “This Yue Feng was so daring, he knocked her out while Her Royal Highness Kaileen was bathing, ready to do something wrong. Fortunately, I was patrolling nearby and came over in time. , otherwise the consequences would be unimaginable!”

What?

Hearing this, Wang Jue was furious and glared at Yue Feng: “Yue Feng, is that so?”

Yue Feng took a deep breath and said slowly: “Your Excellency Wang Jue, this is just one side of Wick’s words. I was going to go back to rest just now, but a soldier found me and said that Your Excellency Kelly wanted to see me, so I came, and I came. After that, I saw Her Royal Highness Kaileen passed out in a wooden barrel.”

“I was about to find out the situation when Wick brought someone here.” He said, neither humble nor arrogant.

Hearing this, the king frowned secretly, and then said: “According to you, is it Wick who misunderstood you again?”

Chapter 3227

Yue Feng smiled slightly and glanced at Wick: “I was indeed wronged. As for whether Wick framed me or not, I still need His Royal Highness to make a clear decision.” The king pinched his beard and pondered.

At this time, Wick couldn't help sneering: "Yue Feng, you don't have to quibble. You said that a soldier sent you a message, can you tell who it is?"

Yue Feng was stunned, looked around, and said no for a while. speak out.

The soldier who sent the message just now walked too fast, plus it was night and the light was dim, so he completely forgot what he looked like.

Haha...

Seeing that Yue Feng was speechless, Wick showed a playful smile: "Yue Feng, are you speechless? When I brought someone here just now, you were about to run away, right?"

" , Wick said to Wang Jue: "Your Highness Wang Jue, this Yue Feng built a bloody hand organization before, but it has not been checked, and now he wants to conspire against His Royal Highness Kelly, it is a disaster to stay with such people, it is better to hurry up. Get rid of it."

Whoa!

Hearing this, the anger in Wang Jue's heart rose, pointing at Yue Feng and roaring: "Catch him for me."

Wang Jue and Kelly have a deep relationship. If Yue Feng made other mistakes, maybe You can still open up the net, but when Kelly is involved, it is like touching the scales of the king, and he will never forgive him lightly.

Of course, it was precisely because he knew this that Wick used Kelly to frame Yue Feng.

Swish swish....

The voice fell, and the surrounding soldiers pulled out their weapons one after another, and one by one, the holy power exploded and charged directly towards Yue Feng!

call!

Looking at the soldiers rushing up, Yue Feng took a deep breath. At this moment, his heart was ashes as he was, and he said lightly to the king: "When I was at the banquet before, I decided to stay for the time being because of His Highness Kelly's face. Wrong, the Duchy of Tianxing has such an incompetent and incompetent prince, it is really sad!"

Said, Yue Feng's eyes fell on Wick: "Do you think you can kill me with too many people? You underestimate me too much. "

"You're courting death!!"

At this moment, Wang Jue was furious and pointed at Yue Feng: "Kill him to me, kill him!"

He was the dignified ruler of the Duchy of Heaven, but Yue Feng was in front of everyone. How to convince the public without killing him?

"Dare to be disrespectful to His Royal Highness, you are courting death!" Wick also yelled.

Swish swish...

At this moment, dozens of soldiers have rushed to the front.

Yue Feng stopped talking nonsense, his inner strength was mobilized, and a powerful breath swept out, and then he slowly raised his hands!

Yue Feng had been hiding his dantian inner strength before, just to avoid trouble, but now, facing the despicable Wick, Yue Feng didn't want to hide it.

"Nine Dragons Ascension!" The

four words came out of Yue Feng's mouth like thunder, and the moment the voice fell, he saw that the surrounding air was suddenly torn apart, and then, under the roar of dragons, nine giant dragons and tigers roared. He came out and rushed towards the dozens of soldiers who were rushing.

"Ah!" In the

blink of an eye, dozens of soldiers screamed incessantly, and all of them fell into a pool of blood.

what!

Seeing this scene, whether it was the king, Wick, and the surrounding soldiers, they couldn't help but take a deep breath.

What kind of skill is this, and what is that huge beast?

Moreover, this Yue Feng is only one person, but dozens of soldiers can't even stop him!

"Yue Feng!"

Under the shock, Wick was the first to react, pointing at Yue Feng and shouting: "You finally showed your true face, and said that you have nothing to do with the Bloody Hand Organization!"

"Wang Jue shouted: "His Royal Highness, Yue Feng's skills are very evil. It is said that there are many people in the Blood Hand Organization, and they know some powerful magic arts. It can be seen that Yue Feng and the Blood Hand Organization must have some skills. Relationship."

In the Roland Continent, Yue Feng's Dantian Nelly, and the exercises he practiced, were unseen and unheard of by everyone present.

Chapter 3228

Nima!

Hearing this, Yue Feng was both angry and funny.

This Wick, who has never seen the inner strength and skills of the dantian in the Kyushu mainland, said it was a sorcery.

But Wang Jue believed it, glaring at Yue Feng, his eyes blood red: "Bastard, I was almost deceived by you before, tonight, don't want to leave alive!" As the words

fell, more soldiers kept rushing towards Yue Feng.

Whoosh!

At the same time, Wick couldn't bear it any longer, and the figure burst out, rushing directly towards Yue Feng.

"Yue Feng!"

At this time, Wick mocked Yue Feng with a mocking expression: "Yue Feng, it doesn't matter whether you are plotting against His Highness Kelly, you are showing your true colors now, even if you are bloody. The leader of the organization is here, but he can't save you!"

After speaking, Wick rushed to Yue Feng, lowered his voice, and continued: "Also, aren't you trying to protect that Irene? Hey, the woman I liked, sooner or later, get it!"

"I just want you to know that going against me is going to be miserable."

Wick's eyes were full of pride when he said the last sentence.

Cao Nimad.

Hearing this, Yue Feng was completely irritated, his eyes were instantly blood red, and he looked Wick directly: "You are courting death!"

Seriously, Wick didn't say these things, but when he said this, Yue Feng immediately became really angry. .

A despicable villain, showing off his strength in front of himself, no one can bear it.

call!

At the moment of the roar, Yue Feng flipped his palm, and a white flame jumped and jumped, quickly transforming into the shape of a lotus flower. In an instant, the surrounding temperature rose rapidly, and the entire royal court was enveloped by a white light.

It is Bailian Lenghuo!

Um? white flame? !

Seeing Bai Lian's cold fire, Wick was stunned for a moment, and then chuckled disdainfully, "A fire is like dealing with me? Is it my naivety, or are you naive?"

" come up.

In Roland Continent, there is no such thing as a different fire, so Wick has no idea what a terrifying existence he is facing.

A fool!

Seeing that Wick came up directly, Yue Feng didn't talk nonsense, he waved his hand, and Bai Lian Leng Huo directly floated over!

"Ah..."

Bai Lian's cold fire was burning very fast. Before Wick could react, his whole body was engulfed by a white flame. In an instant, the whole person let out a shrill scream, and after a few seconds, it turned into a piece of fly ash dissipated into the air.

hiss!

Seeing this scene, whether it was Wang Jue or the others present, they couldn't help gasping for air.

This white flame is so terrifying. Wick is in the realm of the Holy Venerable. Fighting alone, the entire Tianxing Principality can fight against one of the few, and at this time, he was burned to death.

Moreover, there is no chance of resistance at all.

In an instant, the entire royal court was deadly silent, and everyone stared at Yue Feng blankly, unable to say a word in panic.

And Yue Feng, proudly suspended in mid-air, like a killing god.

call!

A few seconds later, Yue Feng took a deep breath and withdrew Bai Lian's cold fire.

Wick is despicable and shameless, and should have died a long time ago, but these soldiers around are innocent, and there is no need to deal with Bailian cold fire.

Moreover, Yue Feng found that when he came to this different world, the speed of dantian's internal power consumption was twice as fast as when he was in Kyushu. And Bai Lian Leng Huo consumes the most internal energy, so you don't need to use it if you can.

Wow...

just when Yue Feng put away the cold fire of the white lotus, footsteps sounded again not far away, and then, tens of thousands of guards rushed over quickly, the one headed by a black armor, holding a big sword .

Chapter 3229

It is Roston!

"Roston!"

Seeing Roston, the king reacted, and hurriedly shouted: "This Yue Feng, who colluded with the Bloody Hand Organization, killed Wick just now, get him for me!"

"Yes, Your Royal Highness!" Roston responded quickly, his eyes quickly locked on Yue Feng, flashing gloomy and cold!

Made!

This Yue Feng must have leaked the information of the organization, and before his identity is exposed, he must kill him quickly.

When Yue Feng first arrived at the Royal Court, he beat Sam in the competition and was named a Knight of the Royal Court. At that time, Roston felt very unbalanced. After that, Yue Feng was named a VIP by Olina, which made Roston even more in his heart. Unhappy, I will not miss such a good opportunity at this time.

Roston?

At this moment, Yue Feng was secretly relieved when he saw Roston.

This guy is a high-level executive of the Bloody Hand Organization, and Olina told him before to help him secretly. It seems that he can easily escape now.

However, what happened next was the exact opposite of what Yue Feng imagined.

“Array, use beast spar!” Roston shouted with no expression on his face!

wow.

The voice fell, and tens of thousands of guards quickly formed a formation to surround Yue Feng.

The next second, each soldier took out a spar from his body, mobilized the power inside, and gathered together. In an instant, a terrifying power quickly condensed.

What the hell!

Seeing this scene, Yue Feng was shocked, this Roston did not help him to leave, but wanted to kill himself?

At the same time, Yue Feng also saw that the spar in the hands of these guards was similar to the Neidan in the Kyushu Continent, but there were some differences. Moreover, the practitioners in the Kyushu Continent all fused the power of the Neidan into their bodies for the purpose of I use it myself, and the people here directly use it as an external force.

But I have to say that when it is displayed like this, the power is really amazing.

hum!

Just when Yue Feng was secretly surprised, this violent force erupted towards Yue Feng like the top of Mount Tai.

At this moment, Yue Feng did not hesitate in the slightest, and quickly mobilized his inner strength to form a protective film in front of him!

Bang!

The violent force was crushed, and Yue Feng’s body trembled, the protective film shattered instantly, a mouthful of blood spurted out, and the whole person was directly shaken.

To be honest, tens of thousands of guard soldiers used beast spar, Yue Feng was not afraid at all, but before using the white lotus cold fire, it consumed a lot of internal energy, so it was not blocked.

“Go to hell!”

At this time, Roston roared, and before Yue Feng could stabilize his figure, he clenched his sword and rushed over.

Nima!

Seeing Roston rushing towards him, Yue Feng scolded secretly, turned around and ran without any hesitation.

At this time, Yue Feng was very annoyed. He thought that Roston could help him, but he never thought that he would fall into trouble.

Seeing Yue Feng fleeing, Wang Jue was both excited and anxious: “Hurry up, hurry up!”

“Don’t worry, His Royal Highness, he can’t run!” Roston responded, and immediately led his men to chase after him. go up.

Soon, Yue Feng rushed out of Arendis, and saw Roston chasing after him, he was very anxious.

“Roston!”

When he reached a cliff and saw that there was no way in front of him, Yue Feng simply stopped and turned back and shouted at Roston: “We are all our own people, if you kill me now, you are not afraid that you will not be able to go back. Explain?”

Yue Feng’s voice was not loud, only he and Roston could hear it.

Hearing this, Roston’s face changed, and then he stopped the people behind him.

In the next second, Roston showed a smile and pretended to say to Yue Feng: “Mr. Yue Feng, I had no choice but to watch the prince just now, don’t worry, the leader told me to help you, how could I forget? ?”

When he said this, Roston’s face was harmless, but there was a trace of viper-like coldness in his eyes.

Chapter 3230

Call!

Hearing this, Yue Feng secretly breathed a sigh of relief.

Since this Roston was acting before, he didn't have to worry about it.

"Mr. Yue Feng!"

Seeing Yue Feng relax his vigilance, Roston showed a smile and said slowly: "You have seen the situation now, the king wants to kill you, you can't escape alone, why don't you follow me? Let's go, I'll find a way to send you to the stronghold of the Bloody Hand." As

he spoke, Roston slowly approached.

Yue Feng thought for a while, then nodded and said, "That's fine!"

At this time, Roston had already arrived, his polite face suddenly turned hideous, and he shouted, "I really thought I would help you? Go to hell. Go!"

Om!

The voice fell, and a powerful holy force burst out from Roston, then raised his hands, and the big sword slashed towards Yue Feng.

With this sword, Roston almost burst out with all his strength, and the big sword swung out a dazzling light curtain, as fast as thunder, extremely powerful!

Nima!

Seeing Roston's sudden attack, Yue Feng was taken aback, because the distance was too close, it was too late to avoid, so he cursed inwardly, Yue Feng quickly put Fang Tianhua halberd in front of him to block Roston's attack!

Bang!

The big sword slammed into Fang Tianhua's halberd, and he heard a dull vibration. Roston's big sword shattered in an instant, and Yue Feng also let out a groan, the whole person trembled, and fell directly from the cliff. go.

Fang Tianhua halberd was Lv Bu's weapon back then. It was extremely tough, comparable to the existence of a magic weapon. Although Roston's great sword was also well-made, it was several levels inferior to Fang Tianhua halberd.

Speaking of which, Yue Feng, relying on the tenacity and sharpness of Fang Tianhua halberd, does not need to take Roston seriously, but he was seriously injured in the royal court just now, and the use of Bailian cold fire also consumed a lot of internal energy, so , Roston succeeded in the raid even though his great sword was destroyed.

hiss!

At this moment, Roston looked at the remnant sword in his hand and was extremely shocked.

What kind of weapon is this Yue Feng holding in his hand? It was terrifying to be able to shatter his own sword.

In shock, looking at Yue Feng falling off the cliff, Roston smiled again.

What if your weapon is sharp? Didn't he die at my hands in the end?

Complimented, Roston waved at the many subordinates in the distance: "Go, go back!" This cliff is high and dangerous, and Yue Feng will surely die if he falls, so he doesn't need to go down to check.

Crash.... The

voice fell, and everyone followed Roston and quickly returned to Arendis.

At this time, Yue Feng is here.

Huhu....

Yue Feng's body fell rapidly, the wind whistling in his ears kept coming, and his heart was also anxious and angry. Madd, I thought this Roston would help him, but he didn't expect that he was a shameless man hiding a knife while laughing.

Pfft!

After falling for more than ten seconds, Yue Feng fell into the water. It turned out that there was a river under the cliff. The river was very wide and the water was fast.

Haha....

immersed in the icy river water, Yue Feng was not depressed at all, but extremely excited.

It seems that God still cares for him very much.

He thought that Yue Feng was about to swim to the shore, but what made Yue Feng depressed was that the river was too fast, and he was traumatized one after another, and his strength was very weak.

call!

In this turbulent water current, Yue Feng was completely helpless, and was finally involved in the undercurrent of the water. As soon as his eyes darkened, he fainted.

...

On the other side, Roston took his men and quickly returned to the royal court.

The ultimate husband in Chinese chapter 3231-3240

Chapter 3231

At this time, the king is sitting in the hall, his face is very gloomy, Wick is dead, and he has lost a right-hand man, how can he not be angry?

At this moment, Roston quickly approached the main hall and respectfully said to the prince: "His Royal Highness!"

Seeing Roston's return, the prince quickly asked, "Have you caught that Yue Feng?"

"Report to your majesty .

With a smile, Roston said, "Then Yue Feng was knocked off the cliff by me. The cliff is high and dangerous. If it falls, it will be smashed to pieces, and Yue Feng will die!" "

Okay!"

Hearing this, Wang Jue revealed With a smile, he said with relief: "That's great, this bastard Yue Feng dared to call my sister's attention and die like this, it's really cheap for him!

" He waved his hand: "You took a lot of credit for getting rid of Yue Feng. Now I will call you the Duke of Roston. Well, you can go back and rest!"

At this moment, Roston was extremely excited, and hurriedly said, "Thank you, Your Royal Highness!"

When the voice fell, he exited the hall.

Watching Roston leave, the king stood up from the throne and walked towards the place where Kelly rested.

My sister was knocked unconscious by Yue Feng, and she should have woken up now.

Soon, when I got there, I saw that Kelly had woken up.

"Sister!"

Wang Jue walked over quickly and asked with concern, "How are you feeling now?"

This chapter is provided by . Visit for daily update.

At this time, Kelly, who looked a little weak, replied softly, "Fortunately, what's going on? "

Phew!

Wang Jue took a deep breath, and told what happened before in detail. At the end, Wang Jue was very angry: "This Yue Feng is really hateful, you helped him in the hall before, but he not only did not I'm grateful, but he plotted against you, and what's even more infuriating is that he killed Wick."

Thinking of Wick's tragic death, the king was heartbroken.

Hearing this, Kelly's body trembled, and her whole body was stunned.

Wick was killed by Yue Feng?

At this moment, Wang Jue took a deep breath and continued: "But this Yue Feng also got his retribution. He was knocked off the cliff by Roston

. . . .

Hearing this, Kelly's heart trembled, and she only felt her brain buzzing.

Yue Feng is also dead? This...

After being stunned for more than ten seconds, Kelly recovered and said slowly to the king: "Brother, I think you must have misunderstood Yue Feng, he is not that kind of person!"

Yue Fenggang On the night he was named a Knight of the Royal Court, he met Yue Feng alone. At that time, Yue Feng was courteous and gentle to him. How could he be a womanizer?

Wang Jue frowned, very displeased: "Sister, Yue Feng knocked you out while you were taking a bath, and you still speak for him? He killed Wick, I wish I could hang Yue Feng publicly!

", Wang Jue thought again: "Also, when Yue Feng and Wick fought, they used a very evil white flame, not only that, but also summoned a huge beast, which is very evil. Judging from these circumstances, He must have something to do with the Bloody Hand."

Kelly didn't answer, but fell into deep thought.

"Go!" The

more Wang Jue thought about it, the more angry he became, and he ordered the soldiers outside the door: "Call Doug right away."

This Yue Feng came with Doug. If Yue Feng colluded with the Bloody Hand Organization, Doug couldn't get rid of it.

After a while, Doug hurried over.

At this time, Doug was almost in a hurry. Doug already knew about Yue Feng's confrontation with the king in the royal court. When he learned that Yue Feng had escaped from Arendis, Doug sent his confidants to investigate. Before the news was found, Wang Jue sent someone to summon him.

As soon as he entered the room, Doug saw that Wang Jue was standing there with a gloomy expression on his face, and Kelly next to him had a delicate face full of complexity.

There was a dull and oppressive atmosphere in the whole room.

Chapter 3232 Seeing

this scene, Doug's heartbeat suddenly accelerated and he became nervous. He took a step forward and said cautiously: "Doug has seen His Royal Highness!"

"Doug!"

, said word by word: "I ask you, who is that Yue Feng? How did you know him?"

Huh!

Doug took a deep breath and said cautiously, "I met him in Simon City. This man is knowledgeable and talented."

"What is his relationship with the Bloody Hand Organization?" Wang Jue continued to ask.

This...

Doug's heart trembled, and he quickly said: "His Royal Highness, Yue Feng has nothing to do with the Bloody Hand Organization."

When he said this, Doug's face was serious, but his heart was panicked.

Yue Feng said before that he has some origins with the Blood Hand Organization, but Doug knew in his heart that this must not be said. You must know that the Blood Hand Organization is a sensitive topic among the six major duchies. Once admitted, he will also be implicated. .

"Why are you so sure?" Wang Jue narrowed his eyes slightly and asked coldly.

“I...”

Doug blushed, not knowing how to respond for a while.

“Bang!”

Seeing that Doug couldn't speak, Wang Jue was completely angry, slammed down the table, and shouted: “You still want to cover up Yue Feng, right? Let me tell you, Yue Feng has fallen off the cliff and will surely die. But this matter is not over yet.”

“I can see clearly the sorcery that Yue Feng performed in the royal court before. If it has nothing to do with the Blood Hand Organization, how could there be such a powerful sorcery?”

“Doug, I'll give you one last chance to tell the truth about what you know, otherwise, I'll treat you as Yue Feng's accomplice and convict it of treason!”

Putong!

Hearing the last sentence, Doug's face turned pale and he slumped to the ground.

Treason is a serious crime, and the whole family is not spared, and they will all be hanged.

“Speak!” Wang Jue roared, pressing step by step.

“His Royal Highness!”

Doug's heart trembled, wiped the cold sweat on his forehead, and quickly said: “Yue Feng really has nothing to do with the Blood Hand Organization, as for his sorcery, it is actually inherited from Lord Fu Yi, Wang Jue Your Highness, this Yue Feng is the descendant of Lord Fu Yi two thousand years ago.” To

be honest, Doug promised Yue Feng that he would never reveal his identity.

But now there is no other way, only by speaking out, can Wang Jue's incomprehension be eliminated, and he and his family can also save their lives.

What?

Hearing this, Wang Jue and Kelly looked at each other in shock.

This Yue Feng... is the descendant of Lord Fu Yi?

Lord Fu Yi, the most legendary figure in the Roland Continent for two thousand years. In Roland Continent, almost everyone knows it.

However, Lord Fu Yi disappeared two thousand years ago, so how could Yue Feng be his descendant?

Thinking to himself, Wang Jue glared at Doug: "Are you kidding me?"

"Really!"

Doug swallowed his saliva and said quickly: "This is Mr. Yue Feng, he admitted it himself, and he also has a kind of The formation method is the same as that described in an ancient book I collected!"

With that said, Doug explained the details of Yue Feng's use of the Eight Trigrams Array.

At the end, Doug continued: "His Royal Highness, think about it carefully, if Mr. Yue Feng is not a descendant of Lord Fuyi, how could he lift a few tons of knight statues? The entire Roland continent, except for Lord Fuyi's Descendants, who can do it?"

"Yes!" The

voice fell, and Kelly, who had been silent, couldn't help but say: "The first time I saw this Yue Feng, I felt that he was different. Brother, I'm afraid you really misunderstood him." It's

over!

Chapter 3233

Seeing that his sister said the same, the anger in Wang Jue's heart disappeared all at once, and was replaced by inexplicable nervousness.

I actually misunderstood the descendant of Lord Fu Yi, and asked his subordinates to knock him off the cliff...

The next second, Wang Jue shouted at the soldiers outside the door: "Quick, send someone to search under the cliff, be sure to find it. Yue Feng."

At this time, Wang Jue kept praying in his heart, hoping that Yue Feng would be fine.

.....

On the other side, Sunset City.

Sunset City, located on the southwest border of the Sunrise Principality, bordering the Crescent Principality, is an important fortress of the Sunrise Principality.

There are six principalities in Roland Continent, and the principalities are constantly attacked.

At this time, the New Moon Principality dispatched an army of 50,000 people to attack Sunset City. The Lord of Sunset City immediately led the guards to resist, and the two sides fought fiercely.

It's just that the guard army of Sunset City is only 10,000 people. Against the 50,000-strong army of the New Moon Principality, the disparity in strength is too great. After a lot of fighting, Sunset City is about to be unable to stop it.

However, for the sake of duty and honor, Abel, the lord of Sunset City, never gave up, and took his subordinates to resist, because Abel knew that Sunset City was the barrier of the Sunrise Principality. Once lost, the entire Sunrise Principality would be in danger.

“Dangdangdang!”

For a time, the two sides continued to confront each other. The sound of weapons colliding and roaring echoed over the entire Sunset City, and the streets were stained with blood!

During the melee, many people of Sunset City also lost their lives innocently, and the cry of women and children could be heard from time to time.

At this time, on the mountain road outside Sunset City, a young woman was walking slowly.

With a slender and charming figure, her facial features are exquisite and beautiful, and her whole body is filled with an extraordinary temperament, like a fairy who does not touch the fireworks of the world.

It's Miao Ying!

Like Yue Feng, after Miao Ying was involved in the chaotic vortex, she was also transported to this Roland Continent, and suddenly came to this different world.

Miao Ying firmly believed that Yue Feng did not die in the chaotic vortex, but also in this different world.

And today, Miao Ying passed Sunset City and came in to take a break!

hiss!

When she was about to arrive at the city gate, when she saw the scene in front of her, Miao Ying's delicate body trembled, she couldn't help taking a breath, and she was stunned!

I saw that in Sunset City, the two armies were fighting fiercely, and the streets were almost bloodied. Many people in Sunset City also survived, falling into a pool of blood one by one.

“Wooooo...”

Miao Ying saw a four- or five-year-old child standing on the street crying, and his family members were lying in a pool of blood, very pitiful.

Seeing this scene, Miao Ying didn't have time to think about it, she rushed over to hold the child in her arms: “Don't cry, don't cry...”

Although Miao Ying was a fairy born in an unreal world, she was kind-hearted and was the most difficult to see. The people suffer.

At this moment, the fierce battle in Sunset City was about to end. The army of the Crescent Principality had almost occupied the entire Sunset City, while Abel, with the remaining thousands of remnants, retreated into an alley for the final resistance. .

“Hahaha...”

At this time, Eric, the commander of the new moon army, laughed proudly, and then ordered to his command: “Arrest all the people in the city.”

Victory is imminent, and if you capture the people, you will be able to completely control Sunset City, and Abel, the remnants of defeated soldiers, have no threat, so you don't have to worry at all.

Whoa!

After hearing the order, the soldiers below immediately began to arrest them. In an instant, many people were tied up and cried.

At this time, several New Moon soldiers spotted Miaoying and rushed over.

Miaoying frowned, without any hesitation, she unleashed her innate spiritual power and waved her jade hand!

Bang bang bang...

Several crescent soldiers, before they rushed to the front, were shocked and flew out by a force.

Chapter 3234

This...

Seeing this situation, the other soldiers were secretly surprised.

This woman seems to be delicate, but her strength is so strong?

Swish!

At this moment, Eric's eyes locked on Miao Ying at once, and shouted angrily, "What a bold woman, how dare you resist?" The

voice fell, and Eric rose into the air.

call!

At the same time, a powerful holy force burst out from Eric's body, and the long sword in his hand swung a dazzling light, coming straight towards Miaoying.

Eric, the Saint Venerable in the lower section of strength, burst out at this time, and his momentum was very amazing.

Seeing Eric attacking, Miaoying bit her lip tightly, not panic at all!

"As the commander-in-chief, it's your duty to fight, but if you let your subordinates hurt innocent people, it's a big treason! If you meet me today, even if you're unlucky." A cold voice came from Miaoying's mouth!

hum!

The moment the voice fell, a white light shrouded Miaoying, and at the same time, a terrifying aura also crazily condensed in Miaoying's hands!

Hiss... what kind of power is this? So strong...

At this moment, whether it was Eric, the soldiers on both sides, and the people who were tied up, they were all stunned. They stared at Miao Ying in shock.

"Hey!"

Miao Ying didn't talk nonsense at all. With a wave of her jade hand, she saw a dazzling white light burst out, like a shock, tearing the world apart.

Eric didn't have time to react at all, and was directly hit by the white light.

"Ah..."

Eric let out a scream, and the whole person sprinkled a rain of blood in the air, flew out all at once, and finally hit the ground heavily.

At the moment of landing, Eric's eyes widened and he was out of breath. He saw that a fist-sized blood hole was pierced through his heart, and blood kept flowing out.

What?

This Eric is the youngest and most powerful commander of the Crescent Principality, but at this moment, he can't even handle this woman's move!

For a while, the entire Sunset City was silent.

"This..."

Finally, Abel took the lead in reacting, staring at Miao Ying, unable to hide his excitement and devotion: "This is the goddess of light, long live the goddess of light..."

The

voice fell. , Abel dropped the sword in his hand and knelt down towards Miaoying.

Putong putong...

Immediately afterwards, thousands of the guards of Sunset City, as well as the people who were arrested, all knelt down towards Miao Ying, and at the same time, they shouted loudly and loudly.

"Long live the goddess of light." The

goddess of light is a goddess of justice believed in Roland mainland. In the six major duchies, many cities have temples of the goddess of light. Sunset City also has a Temple of the Goddess of Light.

Just now, Miao Ying killed Eric with one move, and the strength she showed was beyond the imagination of everyone present, so Miao Ying came into the world as the goddess of light.

"Run, run..."

At this time, among the new moon army, someone shouted, and in an instant, tens of thousands of soldiers fled from Sunset City in embarrassment.

Commander Eric is dead, and Sunset City is guarded by the Goddess of Light. There is no need to fight this battle.

Whoa!

After the crescent army escaped, Abel walked over with a few thousand men.

When he got to the front, Abel bowed ninety degrees to Miaoying and said with great respect: “Respected goddess of light, my name is Abel, the city lord of Sunset City, thank the goddess for taking action and helping us defeat the enemy.”

When saying this, Abel is extremely humble.

At the same time, the thousands of soldiers behind him were extremely respectful, and they didn’t even dare to look at Miaoying.

Chapter 3235

“1...”

Seeing this scene, Miao Ying bit her lip lightly, feeling a little helpless.

But in the next second, Miao Ying still raised her hand: “You don’t have to be so polite!”

After saying that, Miao Ying looked around and continued: “In the fierce battle just now, many places in the city were damaged, you have to deploy quickly. , and then settle down the people...”

Seriously, Miao Ying wanted to say that she was not the goddess of light, but then she thought that it was difficult to explain her true identity to these people, so she would simply be wrong.

“Yes!” Abel nodded quickly and ordered his men to clean up the battlefield. At the same time, he invited Miaoying to the Temple of Light.

...

On the other side, Yue Feng followed the undercurrent in the river, ups and downs, and was finally washed into the sea.

Yue Feng didn’t know how long he had been in a coma, but he only felt that he had a very long dream. In the dream, he was sucked into the chaotic vortex again, and the surroundings were dark...

Phew!

Finally, Yue Feng felt that he had regained consciousness and slowly opened his eyes.

The moment he opened his eyes and saw the surrounding environment, Yue Feng was stunned.

I saw that I was lying on a simple bed with a simple wooden house in front of me. The wound on my body was smeared with a layer of light blue ointment, and the ointment

exuded a faint fragrance. Under the action of the ointment, the wound has begun to heal.

And outside the door of the wooden house, a little boy was sitting there, playing with two little crabs. Not far away is the sea, and the sound of waves crashing on the shore kept coming.

Damn, was someone rescued?

Seeing this scene, Yue Feng muttered secretly, and then slowly sat up.

Hearing the movement, the little boy outside the door immediately looked over, with a pure smile on his face: "Are you awake?"

Hmm!

Yue Feng nodded with a smile: "Thank you, did you save me?" The

little boy shook his head: "My grandfather saved you."

"What's your name? Where is this place? Simon City?" Yue Feng continued to ask.

"Simon City?" The

little boy tilted his head, very surprised: "Simon City is far away from us, and it belongs to the Principality of Tianxing, this is Pearl City, and it belongs to the Principality of Crescent Moon."

What?

Hearing this, Yue Feng was stunned, and he actually came to another principality.

At this moment, the little boy continued: "My name is Jack, and my grandfather's name is Adolf. He is the most powerful pharmacist in our Pearl City."

After speaking, the little boy pointed to the wound on Yue Feng's body and said proudly: "The ointment on your body, called 'Life Fish Oil', was invented by my grandfather and is very effective in treating trauma."

Haha...

Seeing Jack's proud expression, Yue Feng couldn't help laughing and reached out to touch it. His head: "Then I'm so lucky, by the way, where is your grandfather?"

"He was invited away by the Dumen family. I heard that the eldest lady of the Dumen family was seriously ill and needed grandpa to go to the rescue." Jack responded.

Immediately, Jack took Yue Feng's hand: "You should rest first, my grandfather said, he will be back soon."

Phew!

Yue Feng took a deep breath and nodded.

Mad, was raided by Roston, fell off a cliff, and soaked in water for so long. Although he had Adolf's ointment, the trauma was much better, but it also took time to cultivate.

Whoa!

Just when Yue Feng was about to continue resting, suddenly, he heard footsteps coming from outside, and then he saw dozens of soldiers in armor surrounding the wooden house.

Seeing these soldiers, Jack was a little scared and ran into the house quickly.

Yue Feng also frowned secretly.

Nima, isn't it here to catch you?

But... this is the Crescent Principality, how can the king of the Tianxing Principality have such great power?

The ultimate husband in Chinese chapter 3236-3240

Chapter 3236

"It's this little brat!"

Just when Yue Feng was muttering secretly, a dozen soldiers rushed in at once, and one of the leading ones pointed to Jack and shouted: "Adolf's grandson, grab it!"

"After falling, a few soldiers rushed over and wanted to catch Jack.

Jack was terrified, but he couldn't help shouting: "Why are you arresting me? My grandfather is treating your eldest lady."

At this time, Yue Feng also saw that these soldiers in front of him, and the one guarding the city The guards were different. When I heard Jack's words again, I immediately understood that these should be the personal guards of the Dumen family.

"Your grandfather?"

At this time, the leading guard sneered and scolded Jack: "You still have the guts to mention that old Adolph? It's him, who made our young lady's condition worse, and Lord Dumen was very angry and ordered We'll catch you and send you on the road with your grandpa."

What?

Hearing this, Jack was stunned for a moment, then shook his head and shouted: "You are talking nonsense, my grandfather's medical skills are the best."

However, these guards were too lazy to talk nonsense, took out the rope, and directly thought that Jack would come around.

"Hey!"

At this moment, Yue Feng couldn't stand it anymore, rushed over to block Jack from behind, and said slowly: "A dozen adults, bullying a child, is this a bit too much?"

Shuh!

At this moment, the eyes of more than a dozen guards suddenly converged on Yue Feng, each with a bad look.

The next second, one of the leading guards yelled at Yue Feng: "Who are you? Don't meddle in your own business."

This chapter is provided by . Visit for daily update.

Yue Feng was about to speak when Jack hurriedly shouted, "He was my grandpa's patient. He was about to die when he first saw him. He used my grandpa's ointment, and now it's almost healed."

In Jack's heart, grandpa Medicine is the best.

"Shut up!" The

headed guard shouted angrily, and then said coldly to Yue Feng: "Get out of the way, or you will be caught."

Yue Feng did not panic, and said lightly, "Don't be impulsive, I'm not trying to make trouble, so let me go with you, as long as you don't bully this child."

When he said this, Yue Feng's voice was not loud, but there was an unquestionable aura.

Speaking of which, Yue Feng didn't want to cause trouble, but his life was saved by Adolf. Now that Adolf is in trouble, if he doesn't ask, is he still a human being?

Um?

Hearing this, more than a dozen guards looked at each other in dismay. This person is really interesting. When others encounter this kind of thing, they always hide away.

"Take it away together!"

In a daze, the leading guard waved his hand, and he and his subordinates escorted Yue Feng and Jack, and walked towards the Dumen family.

A few minutes later, Yue Feng and Jack were taken to the exclusive family's manor.

call!

The moment he entered the gate, when he saw the environment of the manor in front of him, Yue Feng couldn't help taking a deep breath, and the whole person was stunned.

I saw that this manor is very large, covering an area equivalent to two football fields, and there is an independent garden. In the garden, there are flowers everywhere, which is indescribably quiet and elegant.

Soon, in a quiet courtyard at the back, I saw an old man tied up with five flowers.

The old man was wearing a tunic full of patches, it was Adolf.

Around Adolf, there were several guards standing, all staring at each other.

At the entrance of the courtyard, an old man in a gorgeous robe sat quietly, his facial features were amiable, but there was a hint of gloom in his eyes.

This old man is the patriarch of the Dumen family, Mr. Dumen.

Chapter 3237 The Dumen

family is one of the best families in Pearl City, and the unique old gentleman who is the patriarch of the family is also very famous in Pearl City.

"Grandpa!"

At this moment, when he saw Adolf, Jack couldn't help shouting. At the same time, he wanted to rush over, but his hands and feet were tied, so he could only be in a hurry.

Seeing his grandson being arrested, Adolf trembled, knelt down at Du Men, and pleaded, "Lord Du Men, the aggravation of the young lady's illness is all my fault, it has nothing to do with my grandson, please let him go. Du Men

stood up slowly, without the slightest emotional fluctuations on his face, and said lightly: "Adolf, I originally believed in you, but I didn't expect you to make such a serious mistake today, you know, Lolita. She is my beloved granddaughter and the last bloodline of our Dumen family."

"If something happened to her, how can I forgive you?"

After saying the last sentence, Dumen waved his hand: "Throw Adolf and his grandson into the sea together. Feed the sharks." The

voice was small, but it was majestic and hair-raising.

At this moment, Adolf's body trembled, and he almost collapsed on the ground, his old face extremely pale.

"I don't want to feed sharks..."

Jack was also frightened, and couldn't help crying: "Grandpa, I don't want to feed sharks..." The young body kept struggling, arousing pity.

However, the surrounding guards were unmoved. When they came up, they were about to drag the grandfather and grandson away.

"Wait!"

At this moment, Yue Feng couldn't stand it any longer and couldn't help shouting.

Swish!

In an instant, the eyes of the audience converged on Yue Feng.

Adolf's attention was always on Jack, and he didn't pay attention to Yue Feng until this time, his face was happy: "Are you awake?" The voice fell, and his expression went down again.

The so-called parents' hearts of doctors, Adolf was very happy to see his patients recover so quickly, but when he thought about his situation, he couldn't help but feel a little desperate.

Yue Feng nodded and said politely to Adolf: "You are Senior Adolf, thank you for saving me."

Senior?

Hearing this title, Adolf was stunned for a moment. There has never been the title of senior in Roland Continent, and he just thought it was very strange.

“Adolf!”

At this moment, Du Men reacted and looked at Adolf with a frown: “Who is this person?”

“He is a stranger I accidentally rescued by the sea. He was seriously injured at the time. Wake up soon.” Adolf answered truthfully.

The voice fell, grabbing a guard from Yue Feng, and couldn't help but interjected: “When we went to catch the child, this person said he wanted to come together, so we grabbed it together by the way.”

Hu!

Hearing this, Du Men's face was gloomy, and he looked at Yue Feng up and down: “You follow along, what do you want to do, save Adolf?” The voice was not loud, but there was a strong sense of oppression.

Yue Feng took a deep breath and said seriously: “Of course, he saved my life, I can't just watch him die.”

Haha...

Hearing this, Du Men couldn't help laughing, his eyes flashing with contempt: “Boy, your tone is not small, do you know where this place is?” The

voice fell, and the surrounding guards also burst into laughter.

“There's something wrong with this guy's brain.”

“Hehe, looking at the sick man, his tone is not small.”

“I think he is a lunatic.” When

the surrounding discussions came, Yue Feng didn't care, but looked at Du Men and said slowly: “You misunderstood, I It's not to use force to save Senior Adolf. I heard that your granddaughter is seriously ill. It happens that I have some medical skills, so let me see! If I cure her, I hope you can let Adolf and his grandson go, how?”

Chapter 3238

What?

Hearing this, both Du Men and the people around were stunned.

Does this kid know medicine?

“You...”

Finally, Adolf was the first to react, and he said urgently to Yue Feng: “Don’t talk nonsense.” If he knew medical skills, how could he be so seriously injured, lying on the beach dying, if I didn’t find it myself, I would have died a long time ago.

When the words fell, Du Men couldn’t help but sneer, and said coldly to Yue Feng: “I admire your courage, but I have seen too many smart people like you, you said that you see a doctor for my granddaughter. , is actually procrastinating, isn’t it?” After speaking, Du Men

’s eyes flashed a gleam of light: “You have thought about the consequences of playing such a small trick in my unique family!”

The terrifying aura made it hard to breathe.

call!

Yue Feng took a deep breath and looked calm: “I’m not joking, nor am I delaying time.”

Said, Yue Feng’s eyes showed full sincerity: “Anyway, the lives of the three of us are in your hands, and you My granddaughter, there is no other hope, why don’t you let me give it a try?”

“If I succeed, you let the three of us go, and if it fails, you throw me into the sea too.”

Hearing this, Dumen pondered.

Because what Yue Feng said was right, his granddaughter’s illness was getting worse and worse, and even Adolf was helpless. It can be said that he is now lying in bed waiting to die.

Since this person is so confident, why not let him give it a try.

What if... really saved the granddaughter?

“Okay!”

Finally, Du Men pondered for a few minutes, then nodded at Yue Feng: “I will trust you once, if you lie to me, you will be at your own risk!”

Yue Feng smiled and said nothing.

This...

At this moment, all the guards around were stunned.

The adults actually agreed to this guy.

“Sir!”

At this moment, a fat middle-aged woman walked out of the room, her face full of flesh, giving people a vitriolic feeling.

It was the housekeeper of the single family, Laura.

Launa has been a housekeeper for more than ten years in a single family, and has a pivotal position.

At this moment, Laona looked eager and said to Du Men: “Sir, this person has no ability at first sight, how can he save Miss? Don’t be deceived by him!”

Du Men was upset and said coldly: “I have already decided Now, don’t let him try it, do you have a way to save Lolita?”

“I...”

Launa blushed and froze.

Du Men was too lazy to talk nonsense, waved his hand, and motioned for the guards to loosen Yue Feng.

Yue Feng moved his hands and feet and said to Du Men: “Where is Miss Alita now? Can I see it?”

Du Men nodded and motioned for Yue Feng to enter the room behind him.

call!

Yue Feng walked into the room and was stunned when he saw the scene in front of him.

I saw a slender figure lying quietly in the fragrant boudoir, with perfect curves and delicate facial features, but his face was pale and a little painful.

It is the eldest lady of the single family, Lolita.

This... This Lolita looks like Xuan'er.

At this moment, Yue Feng stared blankly at Lolita, and only felt his brain buzzing. He saw the appearance of this Lolita, which was nine points similar to Liu Xuan, except that the eyes were dark blue. some exotic beauty.

Unexpectedly, in this different world, you can meet a beauty so similar to Xuan'er.

At this moment, Dumen next to him opened his mouth and said, "People have seen it, can you help me?"

Chapter 3239

"Yes!"

Yue Feng calmed down, nodded and said, "There is a way, but it's a little more troublesome." Just glanced at it just now, Yue Feng was sure that this Lolita was cold, causing her body to become weak. Deficiency.

This kind of disease is the most difficult to treat. It seems that Adolf used the wrong medicine, which caused Lolita's condition to worsen.

But for Yue Feng, it was a piece of cake. After all, Yue Feng's medical skills were learned from Yaozu Shennong.

Hearing the answer, Du Men's spirit was shocked.

At this time, Yue Feng didn't talk nonsense, and instructed Launa: "Go, prepare a big wooden barrel!"

Shuh!

At this moment, Launa's face was extremely ugly. She was the big housekeeper of a single family, and she always ordered others by herself.

But seeing Du Men by the side, Launa didn't dare to say anything, and hurried to prepare.

Soon, the wooden barrel was ready, Yue Feng walked to the shelf aside, and chose some herbs. Lolita had been sick for more than a year, and there were all kinds of herbs in the room.

After picking out the herbs, Yue Feng threw it directly into the wooden bucket, and then had someone fill up with hot water.

After everything was ready, Yue Feng clapped his hands and said to Du Men: "Okay, now you can let Miss soak in."

Soak in?

Hearing this, both Du Men and Lau Na frowned.

Just get some herbs, throw them into hot water, and let people soak them in to cure the disease?

Finally, Du Men reacted and questioned Yue Feng: "Are you treating a disease? Why have I never heard of it?"

"Haha!"

Yue Feng smiled and said casually: "This is called a medicinal bath, you don't have it here at all, of course you don't know..." Halfway through, he realized that he had exposed his mouth, and quickly stopped.

We don't have it here, what do you mean?

At this moment, Du Men's brows were furrowed, his face full of confusion.

"My lord, I'll just say this person is a liar." Launa couldn't help crying, looking at Yue Feng's eyes, full of contempt: "Just throw any herbal medicine into the water and it can cure the disease? It's too much of a joke. "

Nima, this woman is sick.

Yue Feng frowned secretly, feeling a little angry, but he didn't bother to pay attention to Launa.

"The temperature is just right now. If it's too late, the effect will not be good when the water cools down." Yue Feng said to Du Men.

Du Men hesitated for a while, then nodded: "Okay, Laura, go get the young lady into the wooden barrel!" After saying

that, Du Men said to Yue Feng, "Come out with me!"

The barrel is too exposed, how can Yue Feng see it?

"Okay!"

Yue Feng nodded understandingly and followed Du Men to the door.

Swish!

At this moment, Adolf and Jack, who were waiting outside, suddenly focused on Yue Feng.

“How’s it going?” Adolf couldn’t help asking.

At this time, Adolph’s heart was almost in turmoil. There was absolutely nothing he could do about Lolita’s disease, but this Yue Feng said that it could be cured.

Is he really going to heal, or is he just stalling?

At the same time, Jack also asked Yue Feng curiously, “Are you really good at medicine?”

Hehe...

Feeling the nervousness of the grandparents and grandchildren, Yue Feng couldn’t help laughing, nodding and comforting: “Don’t worry, you will be all right soon.”

Saying that, Yue Feng leaned against the pillar at the door. , wait quietly.

Du Men sat on the chair next to him, calm on the surface, but he was agitated in his heart, a little worried, and a little expectant.

“Sir!”

After half an hour, Du Men couldn’t wait any longer, when he heard Launa’s cry from the room: “Miss is awake, awake...” The voice was very loud and penetrating. Surprise.

Chapter 3240

Du Men’s spirit was shocked, he walked in quickly, saw the scene inside, and suddenly smiled.

I saw that Lolita, who was originally sick, had a red light on her delicate face at this time, and her whole person was much more energetic.

“Grandpa!”

Lolita shouted softly when she saw Du Men coming in: “I feel better. Did Adolf save me?” Before taking the medicated bath, Lolita was so weak that she was almost in a coma, so Don’t know the situation yet.

“Haha, okay, okay...”

Du Men was very excited at this time: "It's not Adolf, but a young gentleman."

After speaking, Du Men turned back and shouted at Yue Feng outside the door: "This is Sir, please come in quickly." Because he was so happy, Du Men at this time forgot that his granddaughter was soaked in the wooden bucket, and it was very inconvenient.

Hearing the call, Yue Feng smiled and walked in.

Did it work?

At this moment, Adolf and Jack, who were standing outside, were shocked.

Both grandparents and grandchildren thought that Yue Feng was delaying time and would not save people at all, but they did not expect that he really succeeded in saving Lolita.

What the hell!

Entering the room and seeing the scene in front of him, Yue Feng couldn't help gasping for air, and the whole person was stunned.

I saw that Lolita was soaked in the wooden barrel. Compared with the weak appearance before, she has changed almost like a person. She is indescribably bright and moving, especially the charming curve, which is looming in the water....

Shhh!

Feeling Yue Feng's gaze, Lolita's face suddenly blushed.

"Hey!" Lau Na next to her couldn't help but accuse Yue Feng: "Why are you looking at it? There are really no rules at all."

Uh...

Yue Feng calmed down and was very embarrassed.

"Hahaha..."

Du Men laughed and said indifferently: "It's my fault, I was just happy, and I forgot that Lolita hasn't changed her clothes yet." After speaking, he took Yue Feng's hand, out of the room.

"What's your name, sir? Where did you come from?" Du Men asked very politely when he got outside, completely losing his previous arrogance.

“My name is Yue Feng, I’m... just a wanderer!” Yue Feng thought for a while and responded.

It is better not to talk about what he experienced in Arendis.

“Yes, yes!”

Du Men smiled and nodded, and continued to ask: “I heard that you were seriously injured and then rescued by Adolf?”

“Yes!” Yue Feng scratched his head, thinking, while making up a lie: “Passing through Pearl Harbor yesterday, I didn’t expect to be robbed by a group of pirates, and in the end I fell into the sea and didn’t know anything.”

Du Men did not doubt, but said with sympathy: “That’s right, I don’t know about Mr. Yue Feng’s Where did you learn medical skills? It’s amazing.”

This... Yue

Feng pondered for a while and smiled: “This is an ancient book that I accidentally got when I traveled before.”

Glancing at the room behind him, he continued: “In the medicinal bath just now, I will let Miss Lolita soak it once a day for three months, and she will be cured.”

Du Men nodded again and again, and hurriedly ordered to continue.

Then, Du Men thought of something, and waved at the person next to him: “Quick, bring the reward.”

Hearing the order, a servant quickly responded, and then walked over with a box.

When he got to the front, the servant opened the box, and Yue Feng was stunned.

I saw that it was full of gold coins, and there were thousands of them.

“You saved Lolita, these are considered rewards.” Du Men said with a smile.

Yue Feng reacted and said quickly: “This is too polite, but I don’t need money very much. Let’s give these gold coins to Adolf and his grandparents.”

The ultimate husband in Chinese chapter 3241-3250

Chapter 3241

If Adolf didn't save him, he would have drowned at the bottom of the sea. Moreover, Adolf's wooden house by the sea is too shabby.

call!

Hearing this, Du Men nodded approvingly: "Mr. Yue Feng is really rare."

After speaking, he asked his servants to give the gold coins to Adolf's grandparents.

He suddenly got his life back, and at the same time got a large amount of gold coins, Adolf was completely blinded, and he was stunned for more than ten seconds before he came back to his senses and thanked Yue Feng.

Afterwards, Adolf's grandparents and grandsons were sent out.

"Mr. Yue Feng!"

At this moment, Du Men couldn't hide his excitement, and said to Yue Feng: "You don't want to be paid, I'm really sorry. In this way, when I prepare a banquet, I will ask Mr. Yue Feng to show his face."

At this moment, Yue Feng did not hesitate, nodded and smiled: "Okay!"

He was brought here just after waking up from a coma. After so long, he was hungry.

Moreover, Yue Feng didn't know what was going on, and found that this Lolita and Liu Xuan looked alike, so he wanted to stay here for a while.

Seeing Yue Feng's agreement, Du Men was very happy, and quickly ordered his servants to prepare a banquet.

Afterwards, Du Men asked people to set off fireworks in the manor to celebrate. The illness that had plagued his granddaughter for more than a year was finally cured, can you not be happy?

night!

There was a lively atmosphere in the hall of the manor.

This chapter is provided by . Visit [for daily update.](#)

There were only Yue Feng and Du Men at the dinner table, but there were more than a dozen maids around who were responsible for serving tea and pouring wine, which made Yue Feng very emotional.

Du Men was in a good mood and kept clinking glasses with Yue Feng.

After three rounds of drinking, Du Men thought of something, and asked Yue Feng with a smile: "By the way, I haven't asked Mr. Yue Feng, what are your plans next?"

"This." Yue Feng thought about it and smiled. Said : "I'm not sure yet."

Just as he was talking, he saw a guard walk in quickly, with a complicated face, and said to Du Men: "Sir, Maddie is here!"

What?

Hearing Maddie's words, Du Men's face changed, and instantly became gloomy, and he said unpleasantly: "What is he doing?"

Haha...

As soon as he finished speaking, he heard a burst of laughter from outside the hall, followed by a handsome The figure walked in slowly. He was about twenty-five years old, dressed well, and had a good aura.

It is the young master of the McWay family, McGrady.

The Maiwei family, like the Dumen family, is also one of the largest families in Pearl City. Moreover, because of the growing business in recent years, the limelight has overshadowed the Dumen family.

"Old man!" After

entering the hall, Maddie smiled and saluted at Du Men: "I came to visit without prior notice. Don't be surprised." When he said this, Maddie didn't even look at Yue Feng.

In Maddie's heart, he thought that Yue Feng was Du Men Xinshou's subordinate, but he didn't take it seriously at all.

"What are you doing here?" Du Mian said coldly with an expressionless face.

"Oops!"

Maddie snorted, with a face of ingratiating her expression: "Father, old man, our family is a family friend, and you and my grandfather are old friends, why are you rejecting me so much?"

Saying that, Maddie glanced outside and continued: "In the afternoon, I saw fireworks set off in the manor, and then I heard that Lolita's illness was cured, so I came here to congratulate."

"Really?" Du Men chuckled lightly. A cry, unable to hide the disgust in his heart.

It's good that Maddie didn't mention this, but Du Men was furious when he mentioned it.

Speaking of which, the unique family and the Mai Wei family are indeed friends from the world, and three years ago, the two specially arranged the marriage of Maddie and Lolita.

However, after Lolita fell ill a year ago, everything changed. Maddie not only broke off the marriage, but also secretly dealt with the Dumen family with other families, causing the Dumen family's winemaking industry to plummet.

Chapter 3242

Feeling Du Men's indifference, Maddie didn't care at all, and said with a smile: "By the way, what about Lolita?" As he

spoke, Maddie couldn't help but look around.

"She's just getting better, she's still a little weak, and she's resting!" Du Men responded coldly.

Speaking, Du Men glanced at Maddie lightly: "So, she won't see anyone now."

Er...

Hearing this, Maddie was a little embarrassed, but he quickly calmed down and smiled: "Okay, it's better to take more rest! In fact, besides visiting Lolita, I have one more important thing to do this time."

"Speak!" Du Men was too lazy to talk nonsense.

Maddie took a step forward and said to please: "Master, I want to discuss with you about my marriage with Lolita."

What?

Hearing this, Yue Feng, who was standing beside him, was stunned for a moment, and couldn't help but look at Maddie seriously.

Is he married to Lolita? This kid looks like a dude's disciple, if Lolita marries him, her whole life will be ruined.

Swish!

At the same time, Du Men's expression changed in an instant, with a trace of anger flashing in his eyes: "Maddy, do you still have the face to mention marriage to me? When Lolita was sick a year ago, I didn't see you coming to visit, and sent me Someone came to cancel the engagement, and now that Lolita has recovered from her illness, don't you think it's funny that you have come to mention the marriage?"

At this time, Du Men wanted to blast Maddie directly, but thinking of the other party's identity, he held back.

"this..."

Maddie scratched his head, and then said with a fake smile: "Old man, I was forced by others before, young and ignorant, for the sake of the two families, don't care about me, besides, I and Luo Rita grew up together, she became my wife, and I will love her for the rest of my life." As

he spoke, Maddie clapped his hands towards the door, and the two attendants walked in quickly, holding two boxes in their hands.

Whoa!

The next second, after the box was opened, both Du Men and the maids present were stunned.

I saw that the two boxes were full of jewels, the dazzling brilliance, almost everyone couldn't open their eyes, the pearls as big as fists, the gems as bright as blood, and the exquisite pure gold accessories, each of which was valuable. Not cheap.

What the hell!

Even Yue Feng was moved.

This kid is quite willing to pay for Lolita.

"Old man!" Maddie showed a smile and said to Du Men: "These two boxes of jewelry are my betrothal gifts. Before coming, I have discussed with my family. After a few days to choose a good day, I will hold a meeting with Lolita. Wedding, how?"

Maddie looked confident when he said this.

The entire Pearl City can only be worthy of Lolita. Moreover, in recent years, the Dumen family's business has plummeted, and it has long since lost its former glory. At this time, as the young master of the Maiwei family, he took the initiative to come to the door to marry, Dumen this The old guy must have asked for it.

To be honest, Maddie came to propose marriage this time, not because he really loved Lolita, but because of Dumen's family property. You must know that Dumen's son died in an accident a few years ago, and the only relative he gave birth to was Lolita, as long as she marries Lolita, she controls the entire single family.

call!

Facing Maddie's self-confidence, Du Men breathed a sigh of relief, his face did not fluctuate in the slightest, and slowly said: "Madi, take these dowry gifts back."

When he said this, Du Men suppressed his anger.

This Maddie, arrogant and often bullying others in Pearl City, must not let Lolita marry him.

"Why?" Maddie was stunned, thinking he had heard it wrong.

Du Men chuckled: "Because Lolita already has a sweetheart, and the wedding will be held soon."

What?

At this moment, Maddie completely froze there, and then he couldn't help but ask, "Who is that person? Which family?" Maddie at this moment was full of anger.

Chapter 3243

Mad, in Pearl City, whoever dares to rob a woman with himself is simply courting death.

At the same time, Yue Feng, who was next to him, also frowned secretly.

That Lolita has another crush?

However, when Lolita was seriously ill just now, no young man was present.

In the face of Maddie's questioning, Du Men looked indifferent and said slowly: "This person is not a rich young master, but this Mr. Yue Feng next to me!" After speaking, he raised his finger and pointed at Yue Feng.

The voice fell, and the whole hall was in an uproar.

Swish!

At this moment, Maddie's eyes also locked on Yue Feng.

At the same time, Yue Feng was also blinded and only felt his brain buzzing.

What the hell is this Dumen doing? I just met Lolita, how did I become her sweetheart? Even if Du Men didn't want his granddaughter to marry this Maddie, he couldn't be so casual.

"Huh!"

Finally, Maddie reacted and looked at Yue Feng up and down, unable to hide the hostility: "That's him?"

"That's right!"

Du Men nodded and said, "Mr. Yue Feng, with his superb medical skills, is exactly the He completely rescued Lolita, and Lolita has a good impression of him."

Hearing this, Maddie couldn't help sneering: "Master, are you confused? After a long time, this guy is just a Pharmacist, you have no power and no power, how can you compare with me?"

After speaking, Maddie gave Yue Feng a contemptuous look, with an aloof attitude.

Du Men sneered and retorted: "You are wrong, our single-family family is not short of money, so Lolita's men don't need to be rich or powerful, just good character, and that's enough." The

meaning is obvious, you Maddie Too bad character to be worthy of Lolita.

"You..."

Maddie blushed and was angry, but he didn't feel good, and waved his hand: "Let's go!" The voice fell, and he walked out of the hall angrily.

The two followers quickly took the treasure chest and followed closely.

"Old man!"

As soon as his forefoot left, Yue Feng reacted and looked at Du Men with a dumbfounded expression: "Is this a big joke?"

At this time, Yue Feng also saw that Du Men didn't want his granddaughter to marry Maddie, so he would take himself Made a shield.

Hehe...

Du Men took a deep breath, smiled bitterly, and said embarrassedly: "Mr. Yue Feng, Maddie came so suddenly, I have no choice but to do it."

After speaking, Du Men thought of something and said bitterly, "This Maddie came here. The Maiwei family I belong to has always had a good relationship with our Dumen family, but after Maddie's grandfather, my old friend, died, the relationship changed, especially this Maddie, who deliberately wanted to annex our Dumen family's property."

"Originally, Maddie and Lolita had a marriage contract, but a year ago Lolita was seriously ill, and they broke off the marriage. Now that they know that Lolita is getting better, they want to marry again. It's shameless."

"Actually . I know that Maddie's marriage to Lolita is fake, and it's true to control the property of my Dumen family."

"It's so sinister and despicable, how can I let them succeed?"

Finally, because he was too excited, Dumen hunched over, violently. cough up.

At this moment, looking at Du Men's old image, Yue Feng suddenly felt a little sympathetic in his heart, but he couldn't help saying: "But, you lied to this Maddie today, he will find out the truth sooner or later. This method can only be delayed for a while. Ah."

Du Men smiled and did not answer directly, but looked at Yue Feng and asked, "Mr. Yue Feng, what do you think of Lolita?"

Uh...

Seeing Du Men's sudden remark, Yue Feng was stunned. down.

Chapter 3244

After more than ten seconds, Yue Feng reacted: "Master, you..."

Before he could finish, Du Men waved his hand to interrupt.

"Mr. Yue Feng, although we have only just met, but through the story of Adolf's grandson and grandson, I can see that you are a very noble person." Du Men smiled and said with admiration: "Knowing that there is danger , and resolutely came here to save their grandparents and grandchildren!"

Said, Du Men's face was serious: "So, I decided to marry Lolita to you."

"This..."

Yue Feng was shocked, I just felt my brain buzzing: "I'm afraid this is a bit inappropriate, I'm just a wanderer, how can I be worthy of Miss Lolita?"

Du Men shook his head and smiled: "You are too humble, although I Du Men are old, Your brain is not confused. Although you have nothing, your moral character is a hundred times stronger than that of Maddie. Besides, it is not a problem that you are always wandering around. It is your fate to save Lolita today. It is better to join our Dumen family. Hearing this ,

Yue Feng couldn't sit still and said with a wry smile: "Old man, I'm really ashamed to be able to love you so much, but I never thought of joining the big family, maybe it's my wandering habit. I'm gone."

I'm not from here at all, how can I join the Dumen family?

Hearing this, Du Men pondered and asked, "Don't you like Lolita?"

"No... Miss Lolita is beautiful, like a fairy in the sky, it's just me..." Yue Feng quickly waved his hand, his heart was in a mess, and he didn't know how to explain it.

"Then why are you resisting so much?" Du Men was very puzzled.

Yue Feng scratched his head, and in a hurry, he locked the truth and told the truth: "Father, the truth is, I'm not from here..."

In the next few minutes, Yue Feng explained his identity and origin in detail.

To be honest, Yue Feng didn't want to tell the truth so quickly, but with the situation in front of him, he couldn't think of any other reason to refuse. Moreover, Yue Feng could see that this Du Men, like Doug, was tolerant and kind-hearted, so it wouldn't hurt. my own.

What?

Hearing this, Du Men was stunned.

He... is he from another world? In the next second, Du Men

reacted and nodded suddenly: "No wonder, no wonder you treated Lolita just now. I have never heard of the medicinal bath you used to treat Lolita."

Yue Feng said sincerely: "In that case, how about a deal between Mr. Yue Feng and me?"

"What deal?" Yue Feng couldn't help but ask.

Du Men stroked the white beard on his chin and said slowly: "Three days later, you and Lolita will fake marriage and become the son-in-law of our Dumen family. A woman, at the same time, find a way to help you get out of here."

“The time limit is three years. After three years, no matter if you can find someone for you or not, you can break off the engagement with Lolita as agreed.”

This...

heard Yue Feng was stunned for a moment, and couldn't help frowning and said, “Old man, I don't understand why you must let me join your Dumen family. I heard that there are many wealthy families in this Pearl City. Except for Maddie, there are always A person suitable for Miss Lolita.”

Du Men shook his head: “Mr. Yue Feng, you still don't understand the situation, most of Pearl City's industries are now almost monopolized by the Maiwei family, and other families follow the Maiwei family's lead. Under such circumstances, who would dare to marry our Dumen family?”

“I did this to make that Maddie stop thinking.”

Having said this, Du Men smiled at Yue Feng: “To be honest, we made this agreement entirely for Lolita's consideration. After you fake marriage, Lolita doesn't have to worry about being harassed by Maddie, and can do it wholeheartedly. Manage the family business.”

Phew!

Hearing this, Yue Feng couldn't help but take a deep breath and sighed secretly.

Jiang is really old and spicy. I didn't expect that Du Men would see so long.

Chapter 3245

Thinking, Yue Feng couldn't help but say: “Since the old man said so, if I refuse, I can't justify it, but will Miss Lolita agree?”

Seriously, Yue Feng doesn't want to get involved in this Family grievances rise.

But thinking about it carefully, I made such a big commotion in Arendis in the Principality of Tianxing, I am afraid that the Principality of Tianxing is still chasing him everywhere, in this case, it is better to stay in Dumen than to take risks on my own. The family, with the help of the strength of the Dumen family, inquired about Miaoying and Yanhong.

Hehe...

Seeing that Yue Feng finally let go, Du Men was very happy: “You don't have to worry about this, Lolita's side, I'll tell you, she has listened to me since she was a child, and she will definitely agree.”

After saying this, Du Men Greeting Yue Feng to sit down, he continued to change the cup, and drank happily.

The banquet didn't end until very late.

After arranging a room for Yue Feng to rest, Du Men hurriedly went to Lolita's room.

In the room, Lolita hadn't rested yet, and the housekeeper Lorna was waiting by the side.

"Haha..."

At this time, Du Men walked in with a blushing face, and said with a smile: "Lolita, it's a big happy event."

Lolita frowned and said softly: "Grandpa, what a big deal. Happy event, I heard, that Maddie came to propose, right?" When

it came to Maddie, Lolita became angry.

Du Men shook his head and said, "It's not Maddie! Grandpa chose a better husband for you!"

"Who is it!" Lolita couldn't help asking.

At this time, Laona next to her couldn't help but said, "Yes, which family's young master?"

"It's the pharmacist who saved you today, Mr. Yue Feng." Du Men said with a smile: "This Mr. Yue Feng, who is of noble character, is a gentleman and polite, is an ideal candidate. I have decided that three days later, I will give you the meeting. Wedding!"

Speaking of this, Du Men was very excited and continued: "I talked to Mr. Yue Feng just now, and he has agreed, now it's up to you, Lolita!"

What? Marry that pharmacist?

Hearing this, Lolita's body trembled, and her whole body was stunned.

Laura next to her was also dumbfounded.

After a few seconds, Lolita reacted and said with great resistance: "Grandpa, that Yue Feng is just a pharmacist, and his origin is unknown, so I asked me to marry him so hastily?" "

Yeah!"

Laona said, "That person has a little medical skills and doesn't understand anything, so he is worthy of our young lady? Sir, are you confused?"

Du Men suddenly got angry and glared at Laona: "Shut up. , what do you know?"

Laona was startled and quickly shut her mouth.

At this time, Du Men took a deep breath and said to Lolita with a kind face: "Lolita, you have to trust Grandpa. If Grandpa does this, it will never hurt you."

At this time, Du Men wanted to tell Lolita the truth. , but was afraid that she would not be able to accept it, so she held back.

Lolita was very resistant, covered her ears, shook her head and said, "Grandpa, this is too hasty. I don't want to marry Yue Feng. If I have to choose, I'd rather not marry for the rest of my life."

Lolita is not a girl who covets wealth and wealth. Son, but she has always been very strict when it comes to love. In her heart, if she can't find the person she likes, she would rather not marry for the rest of her life.

The ultimate husband in Chinese chapter 3246-3250

Chapter 3246

"Cough cough..."

Seeing that Lolita didn't agree, Du Men was so anxious that he coughed violently, and at the same time said eagerly: "Lolita...you...why don't you understand? Grandpa's painstaking efforts? You want... If you don't get married, Maddie will always harass you... Then, how will you keep the Dumen family's property... ahem..."

"Grandpa does this only temporarily. An expedient measure, three years...within three years, when you have complete control of the family business, grandpa will allow you and Yue Feng to break up the relationship between husband and wife..."

In a hurry, Du Men coughed out a trace of blood.

Yes, Du Men is old, and it is already in his twilight years, and the pressure of the family is almost unbearable.

"Grandpa..."

Seeing this scene, Lolita was quite frightened, she quickly grabbed Du Men, and said distressedly: "Grandpa, don't be angry, I promise you."

When saying this, Luo Rita bit her lip, her delicate face full of complexity.

To be honest, Lolita was reluctant to marry the Yue Feng she just met, but she had no choice but to compromise for the sake of the family business and to reassure her grandfather.

Only three years will pass soon.

Haha...

Seeing that the granddaughter finally agreed, Du Men smiled brightly, and his mood suddenly improved a lot. The next second, Du Men directed at

Launa: "Go, prepare the invitation immediately, my old Du Men is going to marry his granddaughter, and the wedding must be grand."

"Okay, sir!"

, but still responded and went out to prepare.

This chapter is provided by . Visit for daily update.

.....

Overnight, Miss Lolita of the Dumen family was going to marry a little-known pharmacist. The news spread all over Pearl Harbor, and all of a sudden, people were talking about it.

At this time, in the manor of the Maiwei family.

Maddie sat there, his face gloomy to the extreme.

Just now, the news of Lolita and Yue Feng's wedding in three days reached Maddie's ears, which made him very annoyed.

"Mad!"

Maddie grew angrier as he thought about it, and couldn't help but slapped the table: "This old Duman really married Lolita to that kid, yes, yes."

As long as he married Lolita, After Du Men's death, the Du Men family's business fell into his own hands, but now this plan is completely in vain.

"Master Di, the Dumen family has sent an invitation." At this time, a follower cautiously said, "You, are you going?"

Maddie became angry and yelled, "Where are you going? Get out of here? !" The entourage responded and quickly backed out.

"Wait!"

At this moment, Maddie suddenly stopped the entourage and pondered, with a gloomy look in his eyes: "Since it is the happy day of the Dumen family, it is inappropriate not to go, I want to prepare a big gift."

When he said this, Maddie couldn't hide the anger in his heart.

Du Men, an old man, thinks that if you marry Lolita to someone else, you will be able to give up your heart, but I will not let you do so.

...

At this moment, in the Dumen family manor.

The wedding will be held in three days. At this time, the manor is decorated with lanterns, and there is a festive atmosphere everywhere.

Last night, I drank very late with Du Men. Yue Feng slept until noon and woke up. After washing up, he came to the courtyard where Lolita lived.

Although it is a fake marriage three days later, but also to understand each other.

call!

As soon as he arrived at the courtyard, Yue Feng was stunned when he saw the scene in front of him.

I saw that Lolita was wearing a long white dress and was sitting on a bench in the yard, indescribably elegant and charming. Beside her, Laura quietly accompanied her.

It really looks like Xuan'er.

Chapter 3247

At this time, from Yue Feng's point of view, Lolita's profile is really similar to Liu Xuan's, and she was completely stunned for a while.

At this time, Lolita saw Yue Feng and was stunned for a moment: "You...why are you here?"

Although this person doesn't look annoying, but when she thinks about marrying him in three days, she can't tell in her heart. resistance.

Yue Feng calmed down, scratched his head and said with a smile, "I'll come to see you." As he

spoke, he was about to come over.

However, just two steps away, she was stopped by Launa.

"Hey!"

Launa shouted at Yue Feng with a look of disgust on her face: "Do you understand the rules? You and the young lady haven't gotten married yet. How can you come to the place where the young lady lives? Hurry up and go out.

" At these times, Laura carefully observed Lolita's expression.

Laona has been a housekeeper in the Dumen family for more than ten years, and she almost watched Lolita grow up. She could see that Lolita did not want to marry Yue Feng at all.

In this case, Luo Na naturally did not have a good face towards Yue Feng.

Seeing Launa scolding Yue Feng, Lolita's delicate face was full of indifference, and she didn't mean to stop it.

Uh...

Yue Feng scratched his head, very embarrassed: "I'm sorry, I was abrupt!" He

turned around and left.

At this time, Launa thought of something, and said to Lolita: "By the way, I just heard that the tens of thousands of troops from the New Moon Principality attacked Sunset City, and it was about to be successful. As a result, the Goddess of Light appeared and helped Sunset City..."

"Really?" Lolita responded lightly, seemingly uninterested.

Goddess of Light?

At this moment, Yue Feng was about to leave, and suddenly stopped when he heard their conversation. Are there gods in this world?

“What is the goddess of light?” Yue Feng looked back at Lolita and couldn’t help but ask, with a look of anticipation in his eyes.

If there are gods in this world, they must know how to leave this world.

Launa’s face was full of impatience: “What’s the matter with you? Why don’t you leave? Don’t think I don’t know what you think, I deliberately find a topic and want to stay here, right?”

Nima!

Yue Feng frowned, feeling a little angry in his heart, but still said seriously: “No, I really don’t know the goddess of light, I want to hear what you guys tell me.”

Launa was stunned for a while, and couldn’t help but contemptuously said: “Lian The goddess of light doesn’t know? How did you live so big?” After speaking, he ignored Yue Feng.

Lolita, who was sitting there, never looked at Yue Feng.

Seeing this situation, Yue Feng was very depressed and turned to leave.

call!

At this moment, looking at the back of Yue Feng’s departure, Lolita bit her lip, and her heart was full of misery.

The goddess of light is Roland Continent. She believes in the goddess of justice a few years ago. Everyone knows it, but this Yue Feng doesn’t know it. I really don’t know what grandfather likes about him. He insists on marrying him.

Leaving Lolita’s courtyard, Yue Feng was bored.

I don’t know what happened to Adolf’s grandparents.

Thinking to himself, Yue Feng left the Dumen family manor and walked towards the sea.

When he was about to arrive, he could see from a distance that there was a group of people standing around the wooden house where Adolf’s grandson and grandson lived, pointing and pointing.

“Grandpa, grandpa, wake up...” In the

crowd, Little Jack sat there, crying non-stop, while Adolf lay on the side with his eyes closed and blood on his forehead, obviously being knocked unconscious.

What the hell!

Seeing this scene, Yue Feng didn't have time to think, and hurried over.

Chapter 3248

“Jack!”

When he got to the front, Yue Feng asked Jack, “What’s the matter, what happened to Senior Adolf?”

When he said this, Yue Feng checked Adolf’s injury and it should have been knocked out by a wooden stick. Yes, it’s scratched a bit, but it’s fine.

“Wooooo...”

Jack wiped away his tears and sobbed: “There were two pirates just now, who stole our money and knocked out grandpa, woohoo...”

Pirates?

Hearing this, Yue Feng was stunned.

In the next few minutes, Yue Feng learned through inquiries that there was a demon island dozens of miles away from Pearl City, with a group of pirates entrenched on it, rampant. For decades, Pearl City has organized several The encirclement and suppression operations were unsuccessful.

Half an hour ago, two pirates in disguise came to Pearl City to hang out. They accidentally learned that Adolf had received a large sum of money from the Dumen family, a few thousand gold coins. The wooden house, snatched the gold coins, and knocked out Adolf.

Nima!

Knowing these circumstances, Yue Feng was very angry, and these pirates were too rampant. In broad daylight, they dared to blatantly loot.

Thinking to himself, Yue Feng asked Jack, “Where is Alcatraz Island?” Jack was about to speak when he was interrupted by a voice

: “Little Jack! Have you really been robbed by pirates?”

A heroic figure walked over from the crowd.

The woman is about 20 years old, with delicate features, wearing a golden and red knight armor, holding a long and narrow sword, and her long golden hair fluttering in the wind.

I go! Female knight?

Seeing this woman, Yue Feng was stunned.

At this time, Yue Feng still didn't know that the woman in front of her was the captain of the guard of Pearl City and the only female knight in Pearl City. In Roland mainland, the status of women was low, so there were very few female knights.

Whoa!

At the same time, the people around were in an uproar.

"Captain Thea is here."

"It's so beautiful, worthy of being the only female knight in our Pearl City."

The admiration from the surrounding continued, and Thea's face did not have the slightest emotional fluctuations, and seemed to be used to this kind of attention-seeking scene .

The next second, Thea walked up to Jack and asked again: "Little Jack, are you really robbed by pirates?"

Hmm!

Jack reacted and nodded.

Xia Fan clenched her fists tightly and said fiercely: "These damn pirates don't take the guards of Pearl City seriously. If you don't teach them a lesson, these pirates will be more reckless in the future."

Said, Xi Ya comforted Jack, "Don't worry, I will definitely help you recover your losses."

These days, the guards of Pearl City are negotiating how to exterminate the pirates in Alcatraz Island, and today, the pirates openly came to Pearl City to rob the city. The plundering of the people, Thea, as the captain of the guard, couldn't bear it at all.

After comforting Jack, Thea jumped into a small boat, ready to explore Alcatraz alone.

"Alas!"

At this moment, Yue Feng quickly followed and said to Thea: "Are you going to Devil's Island? Take me with you!"

Adolf saved his life, but now he was robbed by pirates, he decided Can't sit idly by.

"You?"

Sita turned his head and looked at Yue Feng up and down: "Who are you?"

This person, who has no holy power in his body, has the courage to go to Devil's Island. Do you think he has a long life?

At this time, Thea did not know that Yue Feng had hidden the inner strength of his dantian, so he looked similar to ordinary people.

"My name is Yue Feng!" Yue Feng took a deep breath and said seriously: "Adolf helped me, but now something happens, I have to do something for him."

Yue Feng's voice was not loud, only he and Xi Ya can hear.

Yue Feng?

Hearing this name, Thea frowned, and suddenly thought of something: "Oh, it turns out that you are the one who is going to marry the eldest lady of the Dumen family in three days. It doesn't look very good.

" Thea looked at Yue Feng again, with a bit of contempt in her eyes.

The Dumen family's wedding had already spread in Pearl City, and Thea naturally knew it.

Chapter 3249

Yue Feng smiled: "I have already said what I should say, you can take me there."

Phew!

Seeing Yue Feng's insistence, Thea pondered for a while, nodded and said, "Okay, I can take you there, but when you arrive at Devil's Island, you must obey my instructions. If you mess up by yourself and are caught by pirates, Don't blame me for not saving you."

Hearing this, Yue Feng couldn't help laughing.

This Thea is a bit interesting, because she is afraid of making trouble for her.

Thinking to himself, Yue Feng smiled and nodded: "Okay, listen to your command." With that, Yue Feng jumped onto the boat.

As soon as it was uploaded, Thea threw the oar to Yue Feng: "You row!" The sound was not loud, but it was unquestionable.

What the hell!

At this moment, Yue Feng was stunned.

This is using yourself as a subordinate.

Muttering in his heart, Yue Feng didn't care, he slowly slid the oar, and under the guidance of Thea, he headed towards Devil's Island.

Along the way, Thea sat there, very cold.

Yue Feng originally wanted to ask about the pirates, but seeing Thea's posture, he held back.

Half an hour later, the boat finally arrived at Alcatraz.

"Yue Feng!"

When she went ashore, Thea warned Yue Feng again: "It's very dangerous here, you must

follow my instructions later, understand?" When she said this, Thea was serious on the surface, but she was actually very nervous. , You know, this is her first time to explore Alcatraz.

Yue Feng was a little confused, but nodded and said, "Understood!"

As they spoke, the two explored the depths of the island.

"Huh? What is that?"

After a while, in a forest, Thea's eyes flashed and she found something, her delicate face showed a hint of excitement.

Yue Feng quickly looked over and saw a dried fish hanging from the branches in the woods ahead.

Each fish was large and apparently caught by pirates on the island.

“The pirates are drying the fish here. It seems that their old nest is near here!” Xia said hurriedly, and was about to walk over to investigate.

Yue Feng nodded in agreement, but at this moment, he found that the ground under the dried fish had traces of cover.

Clearly, there is a trap here.

Discovering this, Yue Feng quickly shouted at Thea: “Don’t go there, there are traps here!” At the same time, Yue Feng couldn’t help but muttered in his heart.

Acting so recklessly and not at all careful, how did you become the captain of the guard?

“There is no one around, how can there be any danger?”

Thea looked disapprovingly, looked around, and then quickened her pace!

What the hell!

Hearing this, Yue Feng was very depressed, and quickly followed, ready to stop Thea!

Whoa!

However, it was too late, and a sound was heard, Thea triggered the trap hidden on the ground, and a huge net suddenly bounced up, directly covering Yue Feng and Thea.

All this happened so fast that Xia and Yue Feng didn’t have time to react, only to see the big net tightened quickly, directly hanging the two of them up.

“Look!” Yue Feng couldn’t help but said: “I said there are traps here, but you don’t listen!”

“You...”

Xia blushed and blamed angrily: “Who asked you to follow? Even if there is a trap here, I can only be trapped by one, you follow me rashly, we are both trapped, whoever comes is us?”

While speaking, Thea pulled out the dagger on her body, ready to slash Open a big net, but this big net is extremely tough, and the dagger never cuts.

What the hell!

Hearing this, Yue Feng was dumbfounded.

Obviously you didn't listen to the advice, but now it's my fault?

Chapter 3250

While depressed, Yue Feng was very happy. At this time, he and Thea were squeezed into the big net, not only could appreciate Thea's figure up close, but also smell the fragrance from her body.

"Hey, don't move!" Seeing Yue Feng's gaze, Xia was so embarrassed that she couldn't help but scold.

Yue Feng smiled bitterly and said, "Why am I moving? Are you moving?"

"You...shut up..."

Hula...

the two were arguing when they heard footsteps around. , Immediately afterwards, dozens of pirates gathered around, each with a burly figure and a bad face, some with red turbans tied on their heads, and their imposing manners were overwhelming.

The three people headed by them were filled with a powerful aura.

These three are the leaders of this group of pirates on Devil Island, the eldest Zare, the second Zack, the third Zaha, and the three brothers are rampant in the waters near Pearl City, doing all kinds of evil.

Done!

Seeing these pirates, Yue Feng and Xia's expressions changed.

"Haha..."

At this moment, the pirates walked up to them, and they couldn't help laughing when they saw Yue Feng trapped in the big net.

While laughing, the eyes of many pirates were deeply attracted by Thea.

beautiful!

So beautiful.

Finally, the boss Zalei came over and looked at Thea up and down: "Tsk tsk, I thought I caught someone who didn't open my eyes, but I didn't expect it to be a famous female knight in Pearl City."

Gudong!

When the voice fell, Zach and Zaha beside him were also deeply attracted by Thea, and they kept swallowing saliva.

Thea was ashamed and angry, and said coquettishly: "You don't get complacent, I warn you, it's better to let me go quickly, otherwise, you will wait to be exterminated."

"Hehe!"

Facing Thea's scolding, Zha Not only did Lei not panic, but he laughed proudly: "Destroy us? Miss Thea, how many siege operations have you organized in Pearl City over the years, and as a result, are we not living well? Tell me, how did you annihilate us? Ah? Haha..." The

voice fell, and the surrounding pirates all laughed.

"You..."

Thea blushed and was too angry to speak.

What Zare said was the truth. Alcatraz has a complex environment and is easy to defend and difficult to attack. Over the years, Pearl City has been besieged and suppressed several times, all of which have failed miserably.

"Big brother!"

At this moment, the second child Zack's eyes fell on Yue Feng: "This Xia's subordinate, just kill it, let's just leave this female knight, have fun, hehe!" The

voice fell, and the surrounding The pirates nodded in agreement.

In their hearts, they believed that Yue Feng was Xia's subordinate, and it was of little value to keep it.

What the hell!

Hearing this, Yue Feng's expression changed. These pirates are very cruel. If they don't ask anything, they will kill themselves.

At the same time, Thea also changed her pretty face and couldn't help saying: "Don't mess around, he's not my subordinate."

Xia has justice in her heart. Although she doesn't like Yue Feng, she can't bear to watch him die. .

Not a subordinate?

At this moment, the pirates frowned.

In the next second, Zare couldn't help sneering: "Miss Thea, you don't have to do this with us, he is not your subordinate, how could he be caught by us with you?"

"You want to save him, only It's a pity that this method is useless for us."

Saying that, Zare raised his hand, and suddenly the two pirates clung to the long knives and walked over quickly.

The ultimate husband in Chinese chapter 3251-3260

Chapter 3251

Nima!

Seeing this situation, Yue Feng was sweating profusely. To be honest, with Yue Feng's strength, he could completely shake the big net, but in this case, it would inevitably hurt Thea. But if he didn't explode his internal power, he would be hacked to death by these pirates...

Seeing the pirates getting closer and closer, Yue Feng suddenly had an idea.

"Brother pirates!"

Yue Feng made a very frightened look and shouted: "I really have nothing to do with this Xia, to be honest, we are traveling together, and I am also a pirate. Of course, I am just a little boy who is not in the mainstream. Pirates, you can't compare to the big brothers at all. Half an hour ago, Thea was caught by this Thea!"

"This Thea caught me and asked me to help him explore Alcatraz Island. As a result, the big brothers were caught by the big brothers as soon as they arrived on the island. Got it!"

What? ...This kid is also a pirate?

Hearing this, both the three Zare brothers and the surrounding pirates were all stunned.

Thea also trembled, staring blankly at Yue Feng, speechless.

Did he say he was a pirate? What does he want?

"Boy!"

Finally, Zalei was the first to react and said to Yue Feng, "Are you really a pirate too?"

Yue Feng nodded quickly and made a compliment: "It's true, how dare I deceive Brothers, speaking of which, I am very longing for Alcatraz Island, but unfortunately no one has ever recommended it, this time I was caught by the brothers, it is also a fate, if you don't dislike it, I want to join you!"

When he said this, Yue Fengyi The sincerity of his face, at the same time, his mind turned rapidly.

Yes, Yue Feng didn't really want to join these pirates, but a temporary stopgap measure. To be honest, Yue Feng is not afraid of these pirates in a real fight, but in a real fight, it is inevitable that he will accidentally hurt Thea.

This chapter is provided by . Visit for daily update.

Yue Feng thought about it, first stabilize these pirates temporarily, and then rescue Thea when there is a chance.

"You..."

Seeing this scene, Thea was anxious and angry, and yelled at Yue Feng: "This bastard, do you want to join Devil Island?"

This person has no backbone at all, and does not know the Dumen family. The eldest lady, how did you see him.

The more Thea thought about it, the more angry she was, and she wanted to say more, when she saw Yue Feng shaking his head secretly.

At this moment, Thea immediately closed her mouth.

Xia is not stupid, she vaguely guessed something from Yue Feng's eyes.

Could it be...he didn't really want to join Alcatraz, but to break into these pirates?

Um!

At this time, feeling the sincerity of Yue Feng, Zalei nodded: "This brother is so sincere, well, from now on, you are from our Devil's Island!" After

speaking, he waved people Put down the big net.

At this moment, a few people came up, released Yue Feng, and at the same time tied Thea.

"Three big brothers!"

At this time, Yue Feng stepped forward to please, took out a bag of gold coins from his body, and handed it politely: "The brothers just joined, there is nothing to express, these jewels should be regarded as the entry fee."

These jewels, which Doug gave to Yue Feng for emergency use when he was in Simon City before, are of great value.

After so many years of walking in the rivers and lakes, Yue Feng is well versed in the world of people.

“Haha!”

Zare took the jewelry, his eyes were straight, and he was very happy: “Brothers are so polite, we will be our own from now on.”

“Yes, everyone is brothers...”

“Brothers are so polite. , Hahahaha...”

Zach and Zaha next to him were also smiling, the brother in front of him was so generous, who wouldn't feel good after seeing it?

Seeing this scene, Thea's face was calm, but she was secretly worried.

I didn't expect this Yue Feng to join Devil's Island so smoothly, but... there are too many pirates, can he successfully rescue himself?

Chapter 3252

With new members joining, the three Zare brothers are very excited.

Soon, surrounded by many pirates, Yue Feng and Xia were taken to the camp.

call!

When he arrived at the camp, Yue Feng looked around and saw that the camp was set up in a shallow water bay on the island, with large and small houses scattered in an orderly manner.

Not only that, Repulse Bay was also specially enclosed, and many sea areas were kept in captivity.

call!

Seeing this scene, Yue Feng couldn't help feeling secretly.

Nima, these pirates are really cunning. With this Repulse Bay, even if they don't go out to loot for a few months, they are enough to eat and drink. No wonder it hasn't been wiped out for so many years.

Whoa!

At this moment, I heard chaos from the pirates guarding Repulse Bay.

“Boss, there are sharks moving around!” A pirate rushed over in a panic and said to Zare.

Yue Feng quickly looked, and saw a shark quickly approaching on the sea not far away.

“Mad, these nasty sharks are making trouble again!” Zare frowned, scolded, and then instructed many pirates: “Quick, go to Xiaoting and drive this shark into Repulse Bay for me!

”!

Hearing the order, dozens of pirates took action one by one, jumping onto the small boats on the shore, and then under the command of Zare, they chased and blocked the shark.

Seeing this scene, Yue Feng frowned secretly.

These pirates are really hard to deal with.

I saw that these pirates were very disciplined. Under the command of the boss, Zare, they cooperated with each other tacitly. After a while, they drove the big shark into the Repulse Bay. Although the shark was fierce, it was immediately caught in the Repulse Bay. stuck.

“Haha!”

Zare was very excited, so he immediately arranged a banquet and said loudly, “Brothers, today we have a new brother, and we also caught a big shark, so we must have a good drink later. “

Hearing this, the pirates present were extremely excited and couldn't help cheering.

Soon, the banquet began.

Because Yue Feng contributed a lot of jewelry, he was very appreciated by Zare, and was placed at the front table.

After three rounds of drinking, the second child, Zach, stood up slowly, looked around and smiled: “Brothers, we are going to start our old game next, whoever has a good drink, this female knight of Thea, let him tonight. Enjoy, haha...”

Wow!

The voice fell, and the surrounding pirates rubbed their hands together excitedly.

In Alcatraz, every time these pirates robbed a woman, they would use the method of drinking wine to distribute the former rights of women. This is the rule.

What the hell!

At this moment, Yue Feng's heart was shocked, and he was suddenly stunned.

These pirates are so good at playing that they decide Thea's enjoyment rights by way of drinking beer.

"You..."

At the same time, Aki, who was tied to the pillar next to him, with an indescribable humiliation, his delicate face flushed extremely red, and he couldn't help scolding: "You bastards, kind of kill me. ..."

Under the delicate drink, Thea kept struggling, but her hands and feet were tied, which was of no use at all.

"Ha ha..."

And Thea's struggle aroused the interest of the pirates.

At this time, Zach drank the wine in the cup, looked at Thea with a smile, and teased: "Your Excellency the female knight, you don't have to struggle, this is Devil Island, not Pearl City, you shout again. Loud, no one can save you."

Saying that, Zach moved a wine jar from the side and smiled at Yue Feng: "Brother, why don't we compare first?" Come brothers, you have the right to play games first, this is the rule.

Swish!

At this moment, everyone's eyes were focused on Yue Feng.

Yue Feng stood up, looked around, scratched his head and said with a smile: "This... drinking is too boring, why don't we change the game?"

When he said this, Yue Feng had a smile on his face, but his eyes showed cunning. .

He could see that this second child, Zach, had a strong back and had nothing to do with drinking two jars just now. Fighting with him was just looking for abuse.

Change the game?

Hearing this, everyone was stunned, and then many people looked at Zare. Zare is the boss, and if you want to change the gameplay, you have to get his consent.

“Haha...”

Zarei smiled slightly, looked at Yue Feng and said, “I don’t know Brother Yue Feng, what would you like to do differently?”

Yue Feng took a deep breath and pointed to the shark trapped in the Repulse Bay. One sentence: “Who can subdue this shark today, this Miss Thea, who is it, how?”

What?

Hearing this, both Zare and the pirates around were stunned.

Even Thea trembled, staring blankly at Yue Feng, thinking that she had heard it wrong.

Chapter 3253

Is he crazy, even proposing to subdue sharks?

quiet!

The entire pirate camp was deadly silent, and a drop of a needle could be heard clearly.

Although these pirates kill without blinking, when they hear that they want to subdue sharks, they all feel a little nervous. You must know that sharks are the overlords of the ocean. How is it possible to subdue them with human power?

“What?”

Seeing that no one dared to respond, Yue Feng showed a smile: “Brothers, you are invincible across the ocean, are you still afraid of a shark?”

As soon as the voice fell, Zach shouted, his face proud: “Who is afraid Now, isn’t it a shark, I’ll come first!”

Saying that, Zach clenched a dagger, walked down quickly, and plunged into Repulse Bay.

“Second leader is mighty!”

“Second leader, domineering.”

“It’s so exciting...” In an

instant, the pirates around couldn't help shouting, and at the same time, they all stared at the situation in Repulse Bay.

Yue Feng stood there, watching with a half-smile.

I saw that after Zac entered the Repulse Bay, the shark locked him in an instant, swam over quickly, and then fought fiercely in the water.

Zac was very brave at the beginning, but gradually he couldn't bear it.

Pfft...

Finally, the shark found an opportunity, bit Zack's shoulder, and tore off a piece of meat. Zach's face was pale, and he completely lost his previous self-confidence, but was extremely frightened.

"Quick, pull me up!" Zach couldn't help shouting.

Hearing the call, a few pirates who had been prepared on the shore hurriedly threw the rope over and brought Zack up.

At this time, Zach was dripping with blood, and he couldn't tell how embarrassed he was.

call!

Seeing this scene, the pirates around couldn't help but start talking.

"This shark is too strong!"

"Yeah, even the second leader is no match!"

"In my opinion, no one in this world can subdue a shark, it's impossible."

Listening to the discussions around, Yue Feng couldn't help but secretly sneer.

A bunch of idiots, going head-to-head with sharks, can never surrender.

Thinking to himself, Yue Feng looked around and said loudly, "Is there anyone else who wants to try it?"

Many pirates looked at each other in dismay, but no one dared to answer.

Even Zach was bitten by a shark and almost died, who would dare to go?

"Hey!"

Finally, someone couldn't help shouting at Yue Feng: "You want to change this game. If you have the skills, you can go and try it?" The

voice fell, and many people agreed.

"That's right, do you dare?"

"I think this guy is very talkative."

"He definitely won't dare..."

Everyone shouted, and Yue Feng smiled slightly: "I don't dare to say anything. What?" The

voice fell, Yue Feng moved his hands and feet, and walked towards Repulse Bay.

This...

Seeing this scene, everyone was stunned.

This guy really went.

At this moment, Thea looked at Yue Feng closely, and her delicate face also revealed a bit of surprise and worry.

Then Zach was bitten by a shark, he still wants to go, isn't he to die?

Speaking of which, Thea knew that Yue Feng did this entirely to save himself, but it was a shark.

Pfft!

Under everyone's attention, Yue Feng jumped and jumped into the shallow bay. While diving into the water, Yue Feng quietly took out something from his body.

It is the Imperial Beast Ring.

Yes, when Yue Feng proposed to change the rules of the game just now, he planned to enter the Repulse Bay and use the beast ring to subdue the shark.

To be honest, with Yue Feng's real strength, he can also subdue sharks, but it is too troublesome, and it is easy to expose his strength. If he uses the beast ring, it is much easier.

Chapter 3254

Swish!

As soon as he dived into the water, Yue Feng felt that he was locked tightly by a pair of eyes, and then, a huge body quickly approached.

It was that shark.

At this moment, Yue Feng didn't have time to think about it, and quickly urged his inner strength to inject it into the beast-fighting ring.

hum!

In an instant, I saw the beast ring flashing with a strange light, and then, a wave of energy waves shrouded the shark.

Feeling the energy fluctuation, the shark instantly slowed down, staring at Yue Feng with a pair of eyes, revealing a trace of doubt.

The breath that pervades this human being is so special...

At the same time, the shark did not relax its vigilance, posing a posture of fighting at any time.

At this time, the shark did not realize that the special breath that permeated Yue Feng's body was emitted by the ring of the beast, which could communicate with the beasts in the world, and this shark was no exception.

"Good, good..."

Feeling the danger of the shark, Yue Feng did not panic at all, and kept sending messages to the shark through the beast ring: "Don't be afraid, I'm not here to hurt you..."

"Those pirates It's their fault for trapping you here, don't worry, I'll take you back to the sea later, but you have to listen to me, you know?"

Yue Feng said this with sincerity on his face, but in his heart A little nervous. You know, this is a shark, the most ferocious existence in the ocean.

If the communication is not good and the fierceness of this shark is stimulated, it will be troublesome.

Hearing Yue Feng's words, the shark lay there quietly, as if in contemplation. Yue Feng communicated with it through the beast-fighting ring, and the shark naturally understood what Yue Feng meant.

And at this moment, in the camp outside.

Seeing Yue Feng diving into the water and not moving for a while, the pirates couldn't help but whisper.

"Look, I'll say that this kid is talking big!"

"That's a shark, how can one person be subdued?"

"It's not worth taking a life to enjoy this beautiful female knight... ."

The pirate's discussion kept coming, Thea bit her lip, indescribably embarrassed. At the same time, looking at that piece of Repulse Bay, there is an indescribable sadness in my heart.

This Yue Feng.... is too self-aware, how could he subdue the shark alone?

Speaking of which, Thea didn't have a good impression of Yue Feng, but at this time, she couldn't help but feel moved when she saw that Yue Feng was desperate to save herself and was in deep danger.

"Hey!"

At this moment, Zalei, who was sitting on the main seat, couldn't help sighing, and said regretfully: "This brother Yue Feng has extraordinary courage and admiration, but it's a pity that he is a little too confident!"

Saying that, Zalei waved his hand: "Quick, get ready to go down and rescue Brother Yue Feng!"

Like everyone else, Zalei also thinks that Yue Feng is very ferocious, and this newcomer is good, and he can't be allowed to die like this.

Whoa!

Hearing Zare's order, dozens of pirates prepared to board the boat to rescue Yue Feng.

"Haha..."

However, at this moment, a cynical laughter came from the Repulse Bay, and then, Yue Feng's figure slowly surfaced out of the water. No sign of injury at all.

What?

Seeing this scene, both Zare and the other pirates present were stunned.

He... is he all right?

Just when everyone was stunned, they saw that Yue Feng's feet also quickly left the water, and under his feet was the shark. Everyone clearly saw that the shark had completely lost its previous ferocity, and had become extremely docile under Yue Feng's feet.

This...

Chapter 3255

At this moment, everyone's eyes widened, looking at Yue Feng in a daze, their eyes full of inconceivable, completely stupid.

He actually managed to tame a shark, this... how did he do it?

If you hadn't seen it with your own eyes, who would have believed it?

At this time, everyone did not know that Yue Feng had a beast ring on his body that communicated with the beasts in the world. Otherwise, he would not have tamed the shark so easily.

quiet!

At this moment, the entire Devil Island was silent, and a drop of a needle could be heard clearly.

"Boss!"

At this time, Yue Feng rode the shark and smiled at Zare: "The shark has been successfully tamed by me. I won this game. Does this Miss Xia belong to me?"

"Ya's delicate face suddenly blushed, and she couldn't help but spit out two words: "Shameless!"

When Xia didn't say these two words, Xia looked at Yue Feng's eyes, but there was a strange brilliance.

I thought this Yue Feng was ordinary and had no ability, but now it seems that he is really different, no wonder the eldest lady of the Dumen family would marry him.

"Haha.."

At this time, Zare also recovered and said with a smile: "I didn't expect my brother to have this kind of ability. Today is really eye-opening. It's wonderful. It's really wonderful."

” He tilted his head and glanced at Thea, and continued: “Okay, from now on, this beautiful female knight in Pearl City belongs to you!”

At this time, Zare was very excited, this newcomer was able to subduing the shark, with his joining, the strength of my pirate organization has been greatly enhanced, can you be unhappy?

The voice fell, and the surrounding pirates also cheered.

At this moment, all the pirates looked at Yue Feng with admiration. Unknowingly, Yue Feng’s status in Devil Island suddenly improved a lot.

You must know that pirates are all advocating force, and seeing Yue Feng successfully subduing the shark just now, they all naturally regarded Yue Feng as a hero, and they became very close to Yue Feng in their hearts.

“Thank you, boss!”

At this moment, Yue Feng laughed: “Then I’m welcome!” After saying that, he walked over and hugged Xia lazily.

Swish!

Xia was not ready when she was suddenly embraced by Yue Feng, her delicate blushing with embarrassment.

“Don’t talk, they have gained my trust now.” Yue Feng lowered his voice and said slowly, “I’ll let you go when I get a chance, and I’ll wipe out these pirates.”

Yue Feng’s voice was very small, Only he and Thea could hear it.

Um!

Thea nodded, just being held by Yue Feng like this, she felt a little uncomfortable.

Yue Feng didn’t speak, and walked towards the resting place with Thea in his arms. After joining Alcatraz just now, Zare specially arranged a resting place for Yue Feng.

Yue Feng thought about it, and when he got to the resting place, he released Thea directly, and then let him leave quietly. As for himself, stay on Alcatraz Island, and when Thea brings reinforcements, he will catch these pirates inside and out.

“Brother!”

However, before taking two steps, Zare’s cry came from behind.

Yue Feng stopped, turned around and smiled at Zalei: "Boss, what's the matter?"

When he said this, Yue Feng's face was calm, but his heart was secretly anxious.

Mad, this Zare doesn't like Thea and suddenly changes his mind, right?

"Brother Yue Feng!"

Just when Yue Feng was muttering secretly, he saw Zalei smiling and said: "It's still early, the brothers want to enjoy the beauty, so don't be in a hurry, it's better to stay and drink more with the brothers. A few cups, I really want to know how you subdued the shark just now."

Saying that, Zare looked around: "I believe that many brothers also want to know, right?"

The ultimate husband in Chinese chapter 3256-3260

Chapter 3256 The

voice fell, and the surrounding pirates nodded in agreement.

"Yeah, the scene just now was really shocking."

"Brother Yue Feng, you have to teach us any tricks."

"Yes, this Xia, let my brother send you there first, anyway, it's all about it. What are you waiting for?"

Many pirates were enthusiastic and chattering, two of them came over and took Thea to the resting place, while Yue Feng was pulled back to the wine table. superior.

At this moment, Yue Feng wanted to cry without tears.

Nima, she can't get out, so she can't let Thea go. It seems that she will change her plan.

Thinking to himself, Yue Feng looked around with a smile: "Actually, I don't have any special skills, I guess it's just luck..." Of course, the matter of the Royal Beast Ring can't be said, and Yue Feng began to talk nonsense.

At the same time, Yue Feng did not forget to pour wine for each pirate diligently.

While pouring the wine, Yue Feng quietly took out a packet of medicinal powder from his body and mixed it in the wine. The medicine powder is a kind of stun medicine. It was made by Yue Feng when he was refining alchemy before. It was useless when it was left on the body.

No one paid attention to Yue Feng's small movements.

After a while, the pirates drank a lot of wine. Yue Feng's conversation is extraordinary, and he subdued the shark just now, which made all the pirates look at him with admiration. Therefore, the wine Yue Feng poured, all the pirates did not refuse, even the three Zare brothers drank a lot.

After three rounds of drinking, the stunner started to attack.

"How do you feel, today's wine has a bit of stamina..." Zare muttered, and fell asleep on the table.

puff puff....

This chapter is provided by . Visit for daily update.

Zac and Zaha beside them, and the pirates around them, also stumbled and lost consciousness.

Ha ha!

Seeing this scene, Yue Feng showed a smile.

Nima, it's finally done.

Muttering in his heart, Yue Feng walked quickly to the resting place.

As soon as she entered the room, she saw Thea was tied there, obviously she couldn't wait.

"Yue Feng!"

Seeing Yue Feng coming in, Thea quickly asked, "How's the situation outside? Come over and untie me!"

Yue Feng did not untie her immediately, but said with a smile, "What are you anxious about? There are pirates guarding outside, if I untie you, I will be exposed!"

"You..."

Hearing this, Xia's body trembled, embarrassed and anxious: "Then what are you going to do? You You won't really want to be with me..." The last sentence, Thea didn't say it, it was too embarrassing.

Seeing her expression, Yue Feng couldn't help laughing and said, "Otherwise? If there is nothing between us tonight, they will definitely doubt it."

When he said this, Yue Feng had a playful expression on his face.

This Thea is too conceited. If she hadn't strayed into the trap before, she and herself would not have been caught. At this time, she decided to tease her and teach her a lesson.

Swish!

Hearing this, Thea's delicate body trembled, and her delicate face was extremely red.

I am innocent, how can I be with him.....

Haha...

Yue Feng closed it when he saw it, and said with a smile: "Okay, I won't tease you, I have taken care of all the pirates outside!" After saying that, he came over to untie Thea.

Xia was so angry that she glared at Yue Feng: "Then you lied to me just now?"

Saying that, Xia walked out of the room and was stunned when she saw the scene outside.

Chapter 3257 I

saw that at the banquet not far away, the three Zare brothers, as well as many pirates, were lying there, one by one, unconscious.

After being stunned for more than ten seconds, Thea calmed down and looked at Yue Feng: "How...how did you do it?"

At this time, Thea was very shocked. You must know that on the Devil's Island The pirates, all newbies are fierce, especially the three Zare brothers, who are powerful.

And Yue Feng was only one person, and he didn't have the slightest holy power, but he managed so many people.

Simply incredible.

"It's nothing!" Yue Feng shrugged, his face indifferent: "It's just some small tricks!"

Thea did not speak, but fell into deep thought, looking at Yue Feng's eyes, also flashing a strange brilliance.

This Yue Feng is really hidden.

“Okay!”

At this moment, Yue Feng said to Thea: “While these pirates have fallen asleep, you hurry back to Pearl City and bring people over. I’ll stay here and watch them.”

Thea nodded . Head, indescribably excited. This time, he has done a great job in killing all the pirates of Alcatraz Island.

Soon, with the help of Yue Feng, Thea boarded a small boat and quickly returned to Pearl City.

Watching Thea go away, Yue Feng took a deep breath and returned to the camp.

At this time, the three Zare brothers, as well as many pirates, were still in a deep coma and would not wake up until at least ten hours later. Yue Feng was bored and searched the island.

After searching around, Yue Feng found three treasure chests in the cave behind the camp, all of which were treasures.

At this moment, Yue Feng couldn’t help feeling secretly.

Nima, these pirates have been entrenched in Alcatraz Island for so many years, and they have robbed so many treasures.

With emotion in his heart, Yue Feng turned around again, and accidentally discovered an inconspicuous hole. The entrance of the hole is covered with straw, which is very hidden.

hiss!

Yue Feng walked over curiously, opened the straw, and suddenly couldn’t help gasping for air.

I saw that this hole was half the size of a basketball court, and it was full of gold coins and treasures.

What the hell!

After being stunned for more than ten seconds, Yue Feng gradually reacted.

The three Zare brothers are too cunning to hide a huge treasure in such a hidden place.

With emotion, Yue Feng used straw to cover the entrance of the cave again. Speaking of which, Yue Feng has no need for money, but such a huge treasure may be useful to keep. Get these treasures in case you need them.

Half an hour later, Thea arrived with the guards of Pearl City, and took the three comatose Zare brothers, as well as many pirates, back to Pearl City. At the same time, they brought back the three boxes of jewelry.

And the treasures hidden in the cave were not discovered because they were too hidden.

A few minutes later, more than a dozen ships, with many pirates, returned to Pearl City in a mighty manner.

At this moment, Thea stood on the deck, indescribably excited and excited.

Yue Feng stood aside with a calm expression.

“Yue Feng!”

Excited, Thea said to Yue Feng, “Thanks to you, I can completely wipe out these pirates. When I return to Pearl City, I will tell the city owner the truth. At that time, the city owner will definitely It will give you a knighthood.”

When saying this, Thea looked serious. She did this also for Yue Feng’s good. You must know that the marriage between Yue Feng and the Dumen family eldest lady has long been spread all over Pearl City. Many people think that Yue Feng is not worthy of the Dumen family eldest lady. After all, he is only a Unknown pharmacist.

But this time, Yue Feng helped exterminate the pirates of Devil Island. If he was named a knight again, no one would make irresponsible remarks.

“No need!” Yue Feng shook his head and said with a smile: “This time, the main credit for destroying the pirates of Devil Island is you. I just made a mistake and got lucky. I don’t need to report to the city owner.

” Yue Feng didn’t want to publicize anything about Landis, and thought it was better to keep a low profile.

Chapter 3258

Seeing Yue Feng’s serious face, Thea had no choice but to nod: “That’s fine!”

At the same time, there was some doubts in her heart!

This Yue Feng is really strange, he clearly caught these pirates, but he didn’t take any credit.

After a while, back in Pearl City, Yue Feng said goodbye to Thea immediately and returned to the Dumen family.

As soon as I returned to the Dumen family, I ran into Laura.

“Hey, where have you been all day? The master asked you to discuss the wedding, but I couldn’t find anyone.” As soon as she saw Yue Feng, Lau Na began to nag.

Launa has been a big housekeeper in the Dumen family for several years, and she has a strong sense of superiority and has always looked down on Yue Feng.

Yue Feng was too lazy to talk nonsense, so he just found a reason and returned to the room.

Three days later, the Dumen family estate.

Today is the wedding of Yue Feng and Lolita, and the whole manor is very grand and lively.

In the garden behind the manor, there are hundreds of seats.

The Dumen family is quite famous in Pearl City, so for this wedding, all the major families in Pearl City came, and even the city owner personally came to support.

At this moment, Du Men was sitting there dressed in full clothes, with a knowing smile on his old face.

Although Yue Feng and Lolita’s marriage was only a three-year agreement, Du Men could see that Yue Feng was a person who valued friendship and would definitely stay with Lolita for a long time.

It was almost noon, and the guests were almost all there. At this time, the wedding host walked out quickly, looked around and said loudly, “Welcome to the wedding of Mr. Yue Feng and Miss Lolita!

” Warm applause for the start of the wedding.”

Whoa whoa whoa!

The voice fell, and many guests applauded, and then, they saw Yue Feng and Lolita walking out slowly.

At this time, Yue Feng, dressed as a groom, was indescribably handsome and stylish.

However, the eyes of the surrounding guests all converged on Lolita, and they couldn’t help but sigh with regret.

“The groom is this kid? There’s nothing special about it!”

“Yeah, I really don’t know what this Miss Lolita thinks.”

“I heard that this marriage was decided by Mr. Dumen, and Miss Lolita didn’t at all. What a pity!”

While many male guests were discussing, their eyes focused on Lolita, and they all stared blankly.

At this time, Lolita, wearing a snow-white wedding dress, showed her graceful figure. Because her condition had not fully recovered, her expression was a little weak, but even so, it did not affect her charming temperament, but revealed A different kind of beauty.

Yue Feng didn’t take it to heart when the surrounding discussions came.

Anyway, the marriage between himself and Lolita was fake, it was just an agreement.

But I have to say that this Lolita is really beautiful, and she, as a woman, will shoulder the burden of the entire Dumen family in the future, which is really pitiful.

Soon, Yue Feng and Lolita walked to the wedding table side by side.

At this time, the wedding host showed a smile, looked around and said, “May the great God witness the wedding of this couple today, let’s...”

Bang!

Before the wedding host had finished speaking, suddenly, the gate of the manor was kicked open. Looking from a distance, I saw a dozen burly men walking in quickly.

The leader was also dressed as a groom, with a gloomy face.

It’s Maddie!

This... what’s the situation?

Seeing Maddie, everyone at the wedding was stunned.

“It’s Master Maddie!”

“This... Maddie is also dressed as a groom, do you want to get married?”

Chapter 3259

“No way...”

For a while, many people couldn't help but talk.

"Maddy!"

At this moment, Du Men reacted, stood up and glared at Maddie: "What do you mean?"

When he said this, Du Men suppressed his anger.

"What do you mean?" Maddie shrugged and chuckled: "Today is Lolita's big day, how could I miss it?"

After speaking, Maddie looked around, and finally his eyes fell on Lolita: "Me and Luo Lita has grown up together since she was a child, and it can be said that she is a childhood sweetheart. In the entire Pearl City, only I am worthy of Lolita, and only I can be a man of Lolita."

Wow!

Seeing this scene, everyone present was in an uproar.

It's really interesting to rob a relative.

Du Men was furious and shouted angrily: "Maddy, you are arrogant!"

At the same time, Lolita was also trembling with anger, and scolded: "Maddy, don't be fooling around here, I can't marry you, I My husband is Mr. Yue Feng, please leave."

Hahaha...

Maddie laughed, looking extremely arrogant, pointed at Yue Feng and said, "I'm not fooling around, let's let everyone present say, this guy, Is there anything better than me?"

Saying that, Maddie's eyes fell on Yue Feng, unable to hide his contempt: "Boy, now I officially challenge you, if you have the kind, just have a test with me, you If you win, I'll leave immediately, and I won't make trouble, if you lose, get out of Pearl City!"

At this moment, Maddie's eyes were full of confidence.

In the past two days, Maddie sent someone to investigate Yue Feng secretly, and learned that Yue Feng was a wanderer and that he did not have a trace of holy power, so he planned this marriage grab.

In Maddie's heart, Yue Feng didn't dare to accept his challenge at all. At that time, the Dumen family would lose face and the wedding would not go on.

Swish!

At this moment, everyone's eyes will focus on Yue Feng.

Maddie challenges at the wedding, does he dare to answer?

Yue Feng stood there, his eyes narrowed slightly, looking at Maddie, his face did not fluctuate, but his heart was full of anger.

Mad, this kid is so arrogant that he dares to make a big fuss about the wedding.

"Maddy!"

At this moment, Du Men almost fainted from anger, and said angrily: "Today is Lolita's wedding, you better not make trouble, otherwise I will never forgive you!"

Yue Feng is highly skilled in medicine, but there is nothing on him. How could Shengli be Maddie's opponent?

Maddie sneered and ignored it.

In the next second, Maddie pointed at Yue Feng and said arrogantly, "Boy, dare to fight, say something!"

Slap!

As soon as he finished speaking, he saw Yue Feng's body flash and slap Maddie fiercely.

The crisp voice sounded, and everyone around was stunned.

This... this guy, actually beat Maddie?

Go crazy.

Maddie was also beaten, covering his face and looking at Yue Feng, he couldn't help howling: "You dare to beat me? Mad, I'm going to abolish you."

"As the young master of a family, he came to deliberately disrupt other people's weddings. It seems that he lacked education since childhood. Today, I will discipline you for your family!" Yue Feng said coldly.

"Aren't you going to challenge? Okay, as long as you can meet me today, even if you win!" The voice fell, and Yue Feng slapped him again.

To be honest, Yue Feng was too lazy to pay attention to Maddie, but in front of everyone, he made a big fuss about the wedding, and he was so arrogant, Yue Feng couldn't help it at all.

Chapter 3260

"You are courting death!" Maddie was completely angry, roared, and charged directly towards Yue Feng.

In the blink of an eye, the two fought fiercely together.

call!

Seeing this scene, everyone around was completely stupid. Many people were shocked to see that Yue Feng was so fast that he couldn't even catch it with the naked eye. In comparison, Maddie seemed very clumsy.

How could this be?

This Yue Feng has no holy power at all, how could he be so powerful? You know, Maddie is the strength of the Holy King, but in front of this Yue Feng, there is no chance to resist at all, and he is completely beaten.

Lolita was anxious, but she was stunned when she saw the scene in front of her.

Isn't he a pharmacist? How can it be so powerful?

Bang!

At this moment, Maddie's scream was heard, and he fell heavily to the ground, his face swollen like a pig's head, extremely embarrassed.

Beside him, Yue Feng stood there proudly, with a grim expression.

What?

This... this Yue Feng, actually won?

At this moment, the entire wedding banquet was silent, and everyone was dumbfounded!

"You...you dare to hit me, you're dead." Maddie covered her swollen face, staring at Yue Feng in shock and howling.

The young master of his dignified Mai Wei family was actually abused by a pharmacist. If the news spreads, how can he still gain a foothold in Pearl City in the future?

Yue Feng took a deep breath and said coldly to Maddie, "What? You were the one who wanted to challenge me just now. Now that you can't beat me, you're going to jump off the wall?"

"Let me tell you, today is my wedding with Lolita, I won't let anyone make trouble easily!" The

last sentence fell, and Yue Feng walked towards Maddie step by step.

At this moment, Yue Feng's eyes flashed with anger, and his face was extremely cold.

Maddie wanted to continue scolding, but when he met Yue Feng's eyes, his heart trembled, and he couldn't help but gasp.

Such a terrible look...

just a pharmacist, how can there be such a terrible look.

Soon, when he got to the front, Yue Feng didn't talk nonsense, he raised his foot and stepped on Maddie's body, and then slapped him with a slap!

Snapped! Snapped! Snapped!

Every slap is crisp and loud, with a loud voice!

In the huge garden, everyone present looked at Yue Feng blankly, as if seeing a devil, and everyone was shocked.

I thought that this Yue Feng was just a useless member of the Dumen family, but he never thought that Master Maddie would be so completely abused by him.

Du Men, who was sitting there, looked at Yue Feng with a bit of approval.

He really did not see the wrong person. This Yue Feng not only valued friendship, but was also a man who stood up to the sky at a critical time. He could feel at ease when he handed his granddaughter to him.

On the wedding stage, Lolita also looked closely at Yue Feng, her delicate body trembling faintly, and her heart was also inexplicably throbbing.

This Yue Feng thought that he would be cowardly in the face of Maddie's riotous wedding, but he didn't expect that he actually beat Maddie in public. It seemed that he had misunderstood him before.

Liu Zhiyuan was about to cry without tears, and rolled on the ground.

No one from the surrounding Liu family dared to step forward to stop them. Finally, the grandmother couldn't stand it any longer, and waved at the young Liu family.

“Slap! Slap! Slap!”

At this time, Yue Feng hadn't stopped, and every time he slapped, everyone around was terrified!

Finally, Maddie's subordinates couldn't bear it any longer, they approached cautiously, and shouted: “Stop...stop!”

“Let go of our young master!”

“Hurry up and stop...”

The ultimate husband in Chinese chapter 3261-3265

Chapter 3261

Hearing these words, Yue Feng raised his head and glanced at them, his eyes flashing coldly: "It was your young master who challenged me, why? You want to go back on your word? Otherwise, I won't stop."

"Who are you? If you are not convinced, you can come up and try, I am not responsible for hurting you by mistake!"

Feeling Yue Feng's powerful aura, several of Maddie's subordinates were all nervous, and none of them dared to step forward.

This person, even the young master is not an opponent, he is looking for abuse if he goes up himself. After drinking a few people back, Yue Feng's eyes fell on

Maddie: "Do you admit defeat?" At this time, Maddie was beaten and rolled on the ground, unable to resist. "I give up, I give up!" Maddie yelled, almost crying. McGrady held his own identity, and would rather die than admit defeat to Yue Feng, but he also knew that if he did not admit defeat, it would be even more embarrassing to be abused by Yue Feng all the time. "That's right!" Hearing this, Yue Feng showed a smile, clapped his hands and let go of Maddie: "How much better it is? I have to get a few more slaps." After speaking, Yue Feng's face darkened and he continued. : "Remember, in the future, when the Dumen family makes trouble again, think about it first, so as not to be embarrassed!" Shua! Hearing this, Maddie almost exploded with anger. Mad, the dignified young master of the Maiwei family, was threatened by a son-in-law who came to the house. wow. At this time, the surrounding men quickly walked over and helped Maddie up. At this time, Maddie, unable to say anything, held back his fire and shouted, "Go!"

When the voice fell, he took his subordinates and left in embarrassment.

"Boy!"

When he was about to walk out of the garden, Maddie turned back and glared at Yue Feng: "You wait for me, we're not done." After

speaking, Maddie yelled at Du Men again: "Old man, don't think you are Marry Lolita, I can't do anything about it, let's see."

Du Men's face was gloomy and he didn't respond.

Yue Feng, on the other hand, looked indifferent, smiled at Maddie and said, "I'm not convinced yet, okay, I'll wait for you."

Maddie grinned and led people away.

call!

At this time, everyone around them reacted, and they looked at Yue Feng with complex expressions.

This door-to-door son-in-law beat Maddie, I was afraid that the Dumen family would have a hard time. You must know that the Maiwei family is one of the largest families in Pearl City. If the young master was beaten, they would not let it go.

This chapter is provided by . Visit for daily update.

At the same time, Laona and the servants around were also a little flustered.

This Yue Feng's disaster, the life of the Dumen family, I'm afraid it will not be easy.

However, Du Men didn't seem to be worried about this, stood up with a smile, and motioned for the wedding to continue.

The wedding reception continued until the end of the evening.

"Master!"

After seeing off the guests, Yue Feng said embarrassedly to Du Men: "Am I being too impulsive during the day?"

"It's okay!" Du Men smiled and comforted: "That bastard, Maddie, dare If you come to make trouble at the wedding, you deserve to be taught a lesson." Thinking of the scene during the day, Du Men became a little angry.

"master!"

At this moment, Launa next to her couldn't help but shouted: "It's true that the uncle is too impulsive today, so don't go to him. Maddie was beaten so badly, and we won't let our Dumen family go easily in the future. ."

Saying this, Lau Na pointed at Yue Feng: "As I see it, let him go to the Mai Wei family to plead guilty as soon as possible, there may be room for relaxation."

When she said this, Lau Na looked at Yue Feng with dissatisfaction. .

This uncle, if he has no other skills, will be impulsive to cause trouble.

Chapter 3262

“Shut up!”

Du Men frowned and couldn't help scolding: “Who told you to speak, back off!”

Seeing that the master was angry, Lau Na quickly shut her mouth, but she was very unconvinced.

I don't know what's so good about this Yue Feng. The master not only married the young lady to him, but also favored him everywhere.

“Lolita!”

At this moment, Du Men showed a kind smile and said to Lolita: “What do you think about today's affairs?”

At the same time, Yue Feng also looked at Lolita.

In today's matter, I didn't embarrass the Dumen family, maybe it could make her change her opinion of herself.

However, with a look of indifference on Lolita's face, she glanced at Yue Feng and said lightly, “What can I say? I'm tired, I'll go to rest first!” After saying that, she walked towards the backyard.

Speaking of which, when Yue Feng beat Maddie in the daytime, Lolita also felt relieved at the time, but after calming down, she felt that even if Yue Feng fought fiercely, he acted recklessly. It's still too far.

Uh...

Seeing this scene, Yue Feng was very embarrassed.

It seems that this Lolita is still very resistant to herself.

At this moment, Du Men winked at Yue Feng and urged: “Hurry up, the wedding night, hurry up and rest, haha...”

Yue Feng nodded and walked towards the wedding room.

call!

As soon as he entered the room, he saw Lolita sitting beside the bed, looking helpless.

“you...”

Seeing Yue Feng come in, Lolita's delicate body trembled, a little nervous, and a little embarrassed: "Why did you come in?"

"We are husband and wife now, why can't I come in?" Yue Feng said with a smile.

Hearing this, Lolita bit her lip and said, "Don't laugh at me, let me tell you, our marriage is just an agreement between you and your grandfather, it's not true at all, so you'd better not treat me What are your thoughts?"

Yue Feng nodded and smiled bitterly: "You don't have to be nervous, I won't do anything to you, but we are married, so we have to act like that! Oh, I'm so tired..."

With that said, Yue Feng stretched and prepared to go to bed.

Swish!

Seeing this scene, Lolita's delicate face suddenly blushed, this Yue Feng, wants to sleep in a bed with him?

Shameless!

Thinking to myself, Lolita kicked Yue Feng's butt.

Yue Feng didn't expect Lolita to kick himself, lost his balance all of a sudden, and sat on the ground.

"Hey, what are you doing?" Yue Feng didn't know whether to laugh or cry.

This Lolita's temper is too big.

"Who let you sleep on my bed?" Lolita said coldly, with disgust in her eyes, and then pointed to the ground: "You will sleep on the ground in the future, you know?"

"

Hearing this, Yue Feng was very speechless, and at the same time, he was a little angry. Even if you and I are fake husband and wife, we can't be so indifferent.

Thinking to himself, Yue Feng stood up all of a sudden, turned on the electricity, and tapped Lolita's acupuncture point directly.

Snapped!

Lolita didn't react at all, her delicate body trembled and she couldn't move.

“Yue Feng!” At this time, Lolita, embarrassed and angry, shouted: “What have you done to me?”

When she said this, Lolita couldn't tell the panic in her heart, she clearly felt it. , his body is out of control, but he can still speak.

There is no point of acupuncture in Roland Continent, so Lolita at this time is very terrified.

Chapter 3263

Seeing her panicked appearance, Yue Feng smiled slightly: “Don't panic, you have been tapped by me, of course you can't move.”

Acupuncture?

Hearing this, Lolita was stunned.

What kind of means is this, I have never heard of it.

Soon, Lolita reacted: “What are you doing? Let me go.”

Yue Feng smiled and looked at her playfully: “You don't let me go to bed, I have to do this, you are tired today too. Let's rest together!”

With that, Yue Feng carried Lolita onto the bed.

call!

At this moment, smelling the fragrance of Lolita, Yue Feng couldn't help taking a deep breath.

I have to say that Lolita looks sexy and charming, and her figure is also very good. Speaking of which, Yue Feng didn't want to tap Lolita's acupuncture points, but she always looked down on herself, and Yue Feng wanted to tease her.

Being held in Yue Feng's arms, Lolita couldn't move at all, her face flushed with anger: “You bastard, let me go...”

Yue Feng shook his head and deliberately made a bad look: “We had a wedding during the day, I am your husband now, but you call me a bastard and make me sleep on the floor, you say, should I teach you a lesson?”

“You...”

Hearing this , Lolita didn't know how to refute for a while, and was about to cry.

Seeing her pitiful appearance, Yue Feng sighed secretly and said, "Isn't that right? You call me a good husband, and I'll let you go, and then sleep on the ground today, how about that?"

Shuh!

At this moment, Lolita's face was blushing and embarrassed.

This Yue Feng is getting more and more excessive. He and he are obviously fake marriages, and they have to call her husband.

But if I don't shout, I will sleep with him on the bed tonight, how can this work?

Seeing her hesitant face, Yue Feng couldn't help laughing, and jokingly said, "Are you screaming? If you feel reluctant, forget it, I'm going to turn off the lights and go to bed!" As he

said that, he was about to turn off the lights.

At this moment, Lolita was so angry that she stared at Yue Feng fiercely.

Knowing that this Yue Feng was such a scoundrel, he should not have promised his grandfather a fake marriage before.

Thinking to herself, Lolita bit her lip and said softly, "Okay....good husband!" After shouting this sentence, Lolita's delicate face was extremely flushed and indescribably charming.

"Oh, my wife is really good."

Seeing that she finally called out, Yue Feng responded with a smile, and then unblocked her acupuncture points. At this time, she only thought that this Lolita was quite cute.

"You..."

Lolita was angry, but she was helpless.

In the next second, Lolita stomped her feet: "Aren't you going down yet?"

"Okay, let's go down now." Yue Feng smiled, got out of bed, spread the quilt on the ground, and then lay on it. The wind slept soundly.

Early the next morning, Yue Feng and Lolita were called by Du Men to the study.

"My good granddaughter!"

After arriving, Du Men stood up with a smile and said to Lolita: "From today, I will hand over all the family business to you, don't live up to my expectations! "

Lolita nodded: "Don't worry, Grandpa, I will work hard!"

Saying that, Lolita tilted her head and glanced at Yue Feng: "Go out!" What grandfather said is all about the family business. He is a son-in-law who comes to the house, how can he be qualified to listen here?

"No, no..."

As soon as he finished speaking, Du Men waved his hand: "He is your husband, his own person, and Yue Feng will help you with family affairs in the future."

Lolita's face was full of displeasure . : "Grandpa, he will cause trouble if he goes out, how can he help?"

Lolita became furious when she thought about how Yue Feng forced herself to call her husband last night.

Chapter 3264

Haha...

Looking at Lolita's expression, Yue Feng laughed secretly.

This Lolita is really interesting, and she hates herself because of what happened last night.

At this time, Du Men smiled and said, "Okay, alright, the family doesn't need to see outsiders like this." After speaking, Du Men explained the situation of the family business in detail.

What the hell!

At this moment, learning about the situation of the Dumen family, Yue Feng couldn't help being secretly surprised.

The Duman family is involved in many industries, such as fish market, wine brewing, and even a grape plantation of several hundred hectares. It can be said that the industry is strong.

It's just these years, with Dumen's old age, these industries are a little downturn.

"Master!"

Just as he was talking, a servant suddenly ran in, sweating profusely: "Something happened to the grape plantation. There was a fire in the plantation last night, and a lot of grapes were destroyed."

What?

Hearing this, Dumen and Lolita were shocked.

The grape plantation, one of the largest properties of the Duman family, was destroyed by fire overnight, with immeasurable losses.

Soon, Lolita reacted and said, "I'll take a look!" She is now at the helm of the Dumen family. If something goes wrong, of course she's going to take a look.

The voice fell, and Lolita walked out of the study, preparing to rush to the grape plantation.

Yue Feng quickly followed.

"What are you doing here?" Lolita couldn't help frowning.

Yue Feng smiled and said, "I'm also a member of the Dumen family now. If such a big thing happens, of course I want to go and see it with you."

Lolita frowned and didn't even think about it: "No need.!" The

voice fell, and he took the unicorn car directly and drove out of the manor.

Uh!

At this moment, Yue Feng was speechless. It seems that this Lolita has never regarded herself as her own.

However, Yue Feng didn't care, and asked the servant next to him, ready to walk to the grape plantation.

Crunch!

After leaving the manor, before walking far, I heard a brake sound behind me, and I saw a gorgeous unicorn car parked on the side of the road. Immediately afterwards, two

big men walked over quickly and looked at Yue Feng up and down: "Are you Yue Feng?"

"Someone asked you to go up and talk."

“Come with us!”

Wind on the unicorn car.

call!

After getting on the unicorn car, Yue Feng was stunned when he saw the scene inside.

I saw a sexy and enchanting figure sitting quietly inside, wearing a long burgundy dress, which set off that perfect figure and graceful beauty, but there was a cold aura all over his body.

It is the leader of the Blood Hand Organization, Olina.

Opposite Olina, a middle-aged man stood respectfully.

“Mr. Yue Feng, it’s really you!”

At this moment, seeing Yue Feng, Olina was overjoyed and took Yue Feng’s hand very excitedly.

Half a month ago, Yue Feng was forced to fall off a cliff by Roston led by Roston in Arendis. When she learned of the situation, Olina was very annoyed and scolded Roston fiercely. They sent people to search around the cliff, but they couldn’t find any trace of Yue Feng.

Olina realized that Yue Feng might have escaped from Arendis, so she kept sending people to inquire about it.

Just yesterday, Olina learned that the Dumen family in Pearl City held a wedding, and the groom was named Yue Feng. When she got the information, Olina immediately rushed to Pearl City, but she didn’t expect that there would be a I met Yue Feng.

Chapter 3265

Call!

Feeling Olina’s enthusiasm, Yue Feng looked indifferent and said with a smile: “Long time no see, Olina.”

“I’ve been looking for news about you recently, I’m really afraid something happened to you.” Olina smiled. respond.

Hearing this, Yue Feng smiled and said nothing.

He knew in his heart that Olina was so excited that she was not really worried about her own safety, but was thinking about the antidote of the magic pill.

After a brief chat, Yue Feng looked at the middle-aged man next to him: "This is..."

Before he could finish speaking, the man hurriedly said: "My name is Kunning, and I'm a small attendant of Miss Olina. "

Little follower!

Hearing this, Yue Feng nodded. At this time, Olina couldn't help but said: "Mr. Yue Feng, I heard that you joined the Dumen

family. Is this true?"

is complicated.

You must know that this Yue Feng was a royal knight of the Principality of Tianxing before, and his status was very noble, but now he is married to a small Dumen family and became a door-to-door son-in-law. It is incredible.

Yue Feng smiled: "What? Isn't it bad to be married?"

"No, no, it's good!"

Olina shook her head quickly, then pointed to Quentin and introduced: "This Kunning is the biggest winemaker in Pearl City. Shang, since Mr. Yue Feng stayed in Pearl City, maybe he can help you in the future."

After speaking, Olina instructed Kunning: "This Mr. Yue Feng is my most important friend, and he will be my most important friend in the future. If you have any orders, you must do your best, you know?"

"Understood, I understand!" Kunning nodded again and again, shocked at the same time.

As the leader of the Bloody Hand Organization, Olina is very cold and arrogant. She has never heard of any friends, but at this time, she is so complimenting the person in front of her, which shows that this person is extraordinary.

Thinking to himself, Kunning bowed ninety degrees to Yue Feng: "Mr. Yue Feng, please give me more advice in the future."

Yue Feng didn't take Kunning's words to heart, he just nodded and smiled.

After chatting for a while, Yue Feng and Olina said goodbye.

.....

On the other side, on the outskirts of Pearl City, the wine plantation of the Duman family.

At this moment, Lolita stood in the plantation with her mouth full, looking at the scene in front of her, her delicate face was extremely ugly.

I saw that the plantation that was supposed to be fruitful was filled with thick smoke at this time. Although the fire had been extinguished, hundreds of hectares of grapes had been burned.

Seeing this scene, Lolita was distressed and annoyed.

Hundreds of hectares of grapes were completely destroyed, and this time the family lost a lot.

“Oops!”

At this moment, a yin and yang strange voice came from not far away: “It’s all burned down, it’s such a pity.”

Shuh!

Lolita looked back immediately, her brows furrowed, and there was a bit of anger in her eyes.

I saw that Maddie, surrounded by several subordinates, swaggered over and was brutally beaten by Yue Feng yesterday. At this time, Maddie’s face was not healed, but he still couldn’t hide his pride.

“Lolita!”

When they got to the front, McGrady looked at Lolita up and down and said with a smile: “I just got married yesterday, and today I will take over the family business? Such a big burden falls on a delicate woman, alas, it is really pitiful.”

McGrady His gaze made Lolita very unhappy.

“Shut up!” Lolita’s pretty face was cold and frosty, and she shouted coldly: “Maddy, don’t talk sarcastically here. Let me ask you, my grape plantation suddenly caught fire last night, does it have anything to do with you?”

This Maddie must be reported. Yesterday, he was beaten by Yue Feng and lost face in public. He will definitely not swallow this breath, so the fire in the plantation must be related to him.

Maybe it was the fire that he secretly instructed his men to set.

The ultimate husband in Chinese chapter 3266-3270

Chapter 3266

“Lolita!”

Maddie looked displeased: “This is your fault, I heard that your grape plantation was on fire in the morning, I kindly came over to take a look, but I didn’t expect you to say it was me. The ghost.”

When he said this, Maddie looked serious, but there was a slyness in his eyes.

Lolita guessed right, the plantation was set on fire by Maddie’s orders, and this time he came here to see the joke.

Seeing Maddie’s serious look, Lolita was suspicious.

“Lolita!”

At this time, Maddie took a step forward: “I heard that your Dumen family signed a cooperation agreement with Mr. Kunning’s winemaking company a few months ago, and will provide them with grape raw materials for winemaking in the future. There was a fire last night, and all the grapes in the plantation were destroyed. When the time comes, your Dumen family can’t pay it, but it will be considered a breach of contract.”

Hearing this, Lolita’s pretty face changed, and she said coldly: “You What do you mean?”

At this time, Lolita’s expression was calm, but her heart was a little flustered.

Because McGrady said it well, the Dumen family did sign a cooperation agreement with the winery company in Kunning, and provided the winery company with a lot of grape raw materials for winemaking every year.

There was a fire in the plantation last night, and the grapes that were about to ripen were completely burnt. In a few days, the Duman family will deliver the raw materials. They will not be able to get them by then, but they will have to pay a huge amount of compensation. Maddie

showed a smile and said to Lolita: “Lolita, don’t be so indifferent to me all the time. I’m here this time because I really want to help you. We are friends from life.”

He continued: “I just got the news that Mr. Kunning from this brewing company will hold a private banquet in Pearl City at noon today. Maybe you have a chance to meet him.”

Phew!

Hearing this, Lolita's delicate body trembled, and she couldn't help but say, "Really?"

This chapter is provided by . Visit for daily update.

No matter how the fire started last night, it is already a fact that these batches of grapes were destroyed. If there is a chance to see Kunning I, explaining the situation, may be able to make the family lose less.

It's just that Kunning is a big man, can he see it easily?

Seeing that Lolita seemed to be moved, Maddie's smile gradually deepened, approached slowly, and continued: "In the past few years, our Maiwei family has cooperated with Mr. Kunning many times, and we are also friends. If you If you want, how about I take you to this private dinner tonight?" As

he spoke, Maddie watched Lolita's expression change.

To be honest, the McWay family and Kunning do cooperate, but they have only met McGrady a few times, so they are not friends. McGrady is doing this, just creating an opportunity to get along with Lolita.

Maddie thought about it, as long as Lolita attended a private banquet, he would get her drunk. As long as Lolita was drunk, he could do whatever he wanted.

Anyway, Du Men is already old, so there is no need to worry.

And Yue Feng, the son-in-law who came to the door, should not be taken seriously.

The thought of Yue Feng made Maddie angry, and his teeth itch with hatred. Maddie, at the wedding yesterday, he was humiliated by this Yue Feng in front of so many people. He must have revenge for this.

call!

At this moment, Lolita hesitated, bit her lip and said softly: "Will you help me introduce Mr. Kunning? Maddie, will you be so kind?"

Maddie shook her head and said solemnly: "Lolita, you Why don't you believe me? You forgot, our two families are long-term friends, and we have had other business dealings over the years. If your Dumen family is in a state of collapse due to the plantation being burned, our Maiwei family will also suffer."

"So, I'm helping you this time, and I'm actually helping myself." I

have to say that Maddie acted very similar, and his words were full of emotion and could not be refuted.

This...

Lolita pondered for a few seconds, and finally nodded: "Okay, I'll go to the party with you."

Haha... Hooked.

Seeing Lolita's promise, Maddie was instantly overjoyed, and hurriedly said: "It's getting late, it's not too late, let's go quickly! I'll wait for you in the car first."

Chapter 3267 The

voice fell, and Maddie got on the unicorn car not far away. Lolita directed at the attendants

around her: "You guys go home first, tell Grandpa about the situation, and say that I attended the banquet and then go home."

"Okay, miss!"

Turned around and left.

At this time, I saw Yue Feng approaching from a distance. After saying goodbye to Olina just now, Yue Feng hurried over.

Um?

At this moment, seeing the situation in front of him, Yue Feng was stunned.

I saw Lolita standing at the gate of the plantation, her delicate face showing a bit of exhaustion and helplessness, and not far away, a unicorn car was parked there, Maddie was sitting in the carriage, with a leisurely look on his face.

what's going on? How did Maddie come here?

Muttering in my heart, Yue Feng quickened his pace!

At this moment, when Lolita saw Yue Feng, she was a little unhappy: "Why are you here?!"

"I am also a member of the Dumen family now. If something happens to the plantation, I will come and see!" Yue Feng smiled. As he spoke, he immediately pointed to Maddie on the unicorn car: "What's the matter? Why is he here?"

At this time, Lolita was very upset, but she still told the situation and told In the end, Lolita said lightly: "I'm going to attend a private banquet with Maddie later, don't follow me, go back first."

Private banquet?

Hearing this, Yue Feng was stunned for a moment, and then he came to understand: "That guy Maddie's words are not credible at all, I advise you not to go!"

Mad, that guy Maddie, has been thinking about Lolita, and taking her to a private banquet at this time is definitely not a good thing.

"You don't need to worry about what I do." Lolita didn't listen at all. After saying this coldly, she walked towards the unicorn car.

To be honest, Lolita doesn't want to be with Maddie either, but for the sake of the family business, she can only apologise to herself temporarily.

However, in these situations, Lolita was too lazy to explain to Yue Feng, nor did she want to explain. What can an impulsive person know?

What the hell!

Feeling the indifference of Lolita, Yue Feng was very depressed.

The next second, Yue Feng chased after him: "If you have to go, how about I'll be with you?"

Lolita said impatiently, "Yue Feng, are you bothered or not? I said, I don't need you to take care of my business." The

voice fell, and when she was in front of the unicorn car, Lolita walked up quickly.

"Tsk tsk!"

At this time, Maddie in the car saw Yue Feng, with a proud and mocking expression on his face: "I said why Lolita didn't come up for a long time, it turns out that your son-in-law who came to the door is here."

"Lolita and I want to Talking about business, you can go home and eat soft rice, haha..."
The

last word fell, and Maddie drove away quickly.

Nima!

Listening to Maddie's laughter, Yue Feng stood there, getting further and further away, very annoyed.

This Lolita is really a muscle, why don't you listen to your own advice?

Thinking to himself, Yue Feng quickly followed.

Chapter 3268

Half an hour later, Yue Feng followed the unicorn car to a private manor near the sea.

As you can see, this manor is very large and the scenery inside is beautiful. It is Kunning's private manor.

Because there is a private banquet in the manor today, there are many guards at the entrance, and guests need invitations to enter, which can be said to be heavily guarded.

At this moment, Yue Feng wanted to break in directly, but he held back. Yesterday at the wedding, Maddie was beaten up in public, and the city was full of trouble.

Thinking to himself, Yue Feng saw the weak deployment of the back door of the manor, so he quietly went over and slipped in without anyone noticing.

call!

Arriving in the manor, Yue Feng couldn't help taking a deep breath when he saw the situation in the front hall.

I saw that there were already quite a few guests in the hall, and each of them was a well-known figure, not only the dignitaries of Pearl City, but also many family representatives from other cities. At this time, the host Kunning hadn't arrived yet, so many guests gathered in twos and threes and were chatting and laughing.

Around, many servants walked around the hall with wine and fruit plates.

The whole front room was filled with a happy atmosphere.

Seeing this scene, Yue Feng couldn't help sighing secretly.

Unexpectedly, these nobles in Roland Continent would enjoy it quite a bit.

At this time, Yue Feng didn't know that the person who held this private banquet was Kunning, who had just met once.

With emotion in his heart, Yue Feng looked around and saw that Maddie and Lolita were sitting not far away, and immediately walked over without thinking much.

At this time, Lolita and Maddie were talking and didn't notice Yue Feng at all.

"Lolita!" Maddie flattered, holding a glass of wine, he smiled and said: "When Mr. Kunning appears, I will introduce you as soon as possible, don't worry, Mr. Kuning and I are old acquaintances. , he will definitely give me face!"

Lolita nodded: "That's good!"

Maddie's eyes flickered, and he said with a smile: "Lolita, if this matter is really resolved, how do you thank me? "

While speaking, Maddie's eyes were looking at Lolita recklessly. Maddie

's gaze made Lolita very unhappy, and she said lightly: "How do you want me to thank you?"

"

, after the banquet is over, you can stay with me..."

Shua!

Hearing this, Lolita's body trembled, embarrassed and angry.

At the same time, Yue Feng, who was standing in the back, felt a great fire in his heart. Mad, this Maddie was not too timid, and dared to make such a request to Lolita.

Thinking to himself, Yue Feng couldn't bear it any longer, and said coldly, "Lolita won't accompany you !

"

, couldn't help scolding, but seeing that it was Yue Feng, he swallowed the words behind.

Mad, is it Yue Feng?

At this moment, Maddie's eyes met Yue Feng's, and he couldn't help but fight a cold war. Thinking of being abused by Yue Feng at the wedding yesterday, Maddie was even more afraid.

But thinking of the environment here, Maddie suddenly regained his confidence, and mocked at Yue Feng: "Who do I think, it turns out to be your son-in-law."

When the voice fell, Lolita also reacted and frowned: "Yue Feng, why are you here?"
After speaking

, Lolita was very puzzled: "You didn't have an invitation post, how did you come in?"

Yue Feng was about to answer, but was directly interrupted by Maddie.

"Is there any need to ask?" Maddie sneered and sneered: "I think he sneaked in when no one was paying attention!" This is Mr. Kunning's private banquet, and Yue Feng is just a door-to-door son-in-law. Eligible to participate?

Lolita bit her lip tightly, her face was very ugly, she frowned at Yue Feng and said, "Go back quickly!"

Chapter 3269

This is Mr. Kun Ning's private banquet, and the people who come to attend are all prominent figures in Pearl City, and Yue Feng acts impulsive, so he can't be embarrassed here.

"Why should I leave?" Yue Feng replied without thinking, his tone unquestionable.

Saying that, Yue Feng glanced at Maddie: "He doesn't really want to help you at all. You should know what his purpose is. I don't think we need to attend this banquet. Come home with me."

Lolita was tight. Biting his lip, he was anxious and angry, but he didn't know how to refute.

"Haha..."

At this time, Maddie couldn't help laughing, and taunted Yue Feng: "Yue Feng, you said I wouldn't help Lolita, do you have the ability to help her? Apart from fighting fiercely, if you can eat soft rice, what else can you do?"

Maddie's laughter caught the attention of everyone around him, and many people looked over and pointed.

"Hey? Isn't this the son-in-law of the Dumen family?" "I heard that the eldest lady of the Dumen

family married a poor boy, so it turned out to be him."

The dung is on..." The

crowd's discussion came, and Lolita's delicate face was instantly difficult to look at.

This Yue Feng, let him go or not go, and now it's okay, the entire Dumen family's face has been thrown away by him.

Yue Feng was indifferent, and whispered to Lolita: "Lolita, let's go back!" After the voice fell, Maddie couldn't help taunting: "Okay Yue Feng, I'll bring Lolita to talk. Seriously, don't be ashamed here."

This idiot!

Yue Feng frowned and was about to speak.

Whoa!

However, at this time, the crowd suddenly became restless, and then, a middle-aged man walked in slowly.

It is Kunning!

When they saw Kunning, the people around them quickly gathered around and greeted each and everyone nicely.

"Mr. Kunning!"

"Haha, Mr. Kunning has finally appeared!"

"Mr. Kuning is really spirited today..."

The families present all have their own grape plantations, and Kunning has the largest vineyard in the entire Crescent Principality. It can be said that the brewery is like the God of Wealth, so it is natural to have a good relationship.

At this moment, Maddie also put on a smile and hurriedly greeted Kunning: "Haha, Mr. Kunning, we meet again."

Compliments resounded throughout the hall.

Only Yue Feng stood there indifferently, as if the scene in front of him had nothing to do with him.

"I'm sorry everyone!"

Facing the enthusiasm of everyone, Kunning smiled: "I have something to do just now, it's too late!"

Just as he was talking, Kunning's eyes fell on Yue Feng, and his heart was shocked, and then he was shocked. walked over.

At this time, Kun Ning was very surprised. This Mr. Yue Feng, who was Olina's friend, suddenly came to his private banquet, and was really flattered.

Um?

Seeing this scene, both Maddie and the others around were stunned.

what's going on? Does Mr. Kunning know this door-to-door son-in-law?

"Sir, I didn't expect to see you here."

At this time, Kunning came to the front, very attentive shook hands with Yue Feng, and spoke with great excitement.

Chapter 3270

This...

At this moment, everyone around is completely dumbfounded. "Isn't this kid the door-to-door son-in-law of the Dumen

family?"

"Yes, how did he know Mr. Kunning?"

"Could it be that this door-to-door son-in-law has another identity?"

Rita was also stunned, staring at Yue Feng, speechless.

What is his relationship with Mr. Kunning?

"Yue Feng!"

Finally, Lolita reacted and couldn't help but ask Yue Feng, "Do you know each other?"
As the

voice fell, Kunning hurriedly said, "This beautiful lady is Lolita, I am. And..." He wanted to say that he knew each other, but halfway through, he was stopped by Yue Feng with his eyes.

"I'm an unknown pharmacist, how can I know Mr. Kunning?" Yue Feng said with a smile: "I think this Mr. Kunning is the wrong person."

When he said this, Yue Feng had a face on his face Seriously, at the same time secretly winked at Kunning.

Kunning is a smart person, and it was immediately obvious that Yue Feng didn't want to reveal his identity, so he patted his forehead and smiled awkwardly: "Oh, this gentleman is right, it seems that I have identified the wrong person.

", Kunning smiled modestly at Yue Feng: "I'm sorry, you are very similar to one of my former friends."

Phew!

Seeing this scene, everyone around couldn't help but breathe a sigh of relief.

After a long time, it turned out that Mr. Kunning recognized the wrong person, and thought that this son-in-law who came to the door had nothing to do with Mr. Kunning.

At the same time, Lolita recovered and looked a little lost.

I thought that Yue Feng and Kunning knew each other. If that happens, if the botanical garden is destroyed, there is no need to worry about paying Kunning liquidated damages. Unfortunately, it is just a misunderstanding.

And Maddie, who was standing aside, couldn't help but sneer.

It turned out that Kunning had mistaken the wrong person, Mad, who was really taken aback just now.

Thinking to himself, Maddie couldn't help but flattered Kunning: "Mr. Kunning, this kid is the son-in-law of the Dumen family, a man who eats soft rice, there is no need to tell him too much! By the way, this kid may be It was sneaked in. Let the guards chase it out."

Hearing this, the eyes around him suddenly converged on Yue Feng.

This guy came uninvited and would definitely be driven away by Mr. Kunning.

However, Kunning ignored McGrady.

"This gentleman." Kunning looked at Yue Feng with a smile: "Being able to recognize the wrong person by me also proves that the two of us are destined. If you don't mind, how about we make friends?"

Kunning said this, A polite face.

Just kidding, this Yue Feng is Olina's friend, and even if he has ten courage, he doesn't dare to blast him out.

What?

Hearing this, whether it was Maddie or everyone around him, they were all dumbfounded.

Mr. Kunning, actually took the initiative to make friends with this son-in-law who came to the door?

Hmm...

Yue Feng pondered for a while, and said indifferently: "I don't like to make friends, but Mr. Kunning is so enthusiastic, then let's make friends!"

This....

At this moment, the expressions on the faces of the people around them were extremely wonderful.

This kid is crazy, Mr. Kunning took the initiative to make friends with him, and he was still reluctant.

"It's great."

Kunning looked very happy, and quickly asked the narrator's maid to bring two glasses of wine, and said to Yue Feng, "I'm really happy to have a friend like Mr. Yue Feng today, come, let's Let's have a drink together!"

Yue Feng nodded and touched the glasses with Kunning.

call!

At this moment, the expressions of the surrounding people changed one by one, and there was jealousy and envy in the eyes of Yue Feng.

The ultimate husband in Chinese chapter 3271-3280

Chapter 3271

At the same time, Lolita was also stunned, unable to recover for a long time.

In a blink of an eye, Yue Feng, who was mocked by everyone, became friends with Mr. Kunning.

Incredible.

Under the feeling, Lolita couldn't help looking at Yue Feng, and suddenly felt that this man didn't seem to be as annoying as before.

At this time, Maddie's face was extremely ugly.

This Yue Feng has actually become a friend of Mr. Kun Ning? How could he be able to receive such courtesy from Mr. Kunning?

No, just now Mr. Kunning admitted the wrong person. In order to alleviate the embarrassment, he took the initiative to make friends with this waste. Yes, it must be the case.

Thinking of this, a smile appeared on Maddie's face again.

In the next second, Maddie said to Yue Feng, "Hey, you've eaten soft rice, and you've also drank wine, let's go, we're going to talk about serious business later, it's no fun to stay here."

This idiot.

Yue Feng chuckled lightly, glanced at Maddie, and ignored it.

Kunning's expression changed, his heart was angry, and he glared at Maddie.

Ma De, the young master of the Mai Wei family, is he mentally ill? This Mr. Yue Feng, but Olin's friend, doesn't even dare to neglect himself in the slightest. How dare he speak out? At this time, seeing Yue Feng not speaking, thinking that he was guilty, Maddie

shouted again: "Can't you understand people's words? Hurry up.

“

This chapter is provided by . Visit for daily update.

Hand, slapped Maddie's face fiercely!

With this slap, Kunning almost used all his strength, only to hear Maddie's scream, staggered back, and sat on the ground.

hiss!

At this moment, everyone around couldn't help taking a breath of cold air.

Maddie covered her face and was almost blinded: "Mr. Kunning, what's the matter?"

"So rude to my friend, Maddie, do you think I'm air?" Kunning scolded coldly, his voice falling down, he rushed over and kicked Maddie violently.

Maddie was completely stunned, and was kicked and rolled on the ground.

Everyone around was dumbfounded, and soon, a few guests couldn't stand it any longer and came up to persuade.

"Mr. Kunning, don't be impulsive!"

"Calm down!"

However, Kunning didn't listen at all, looked around and shouted angrily: "Shut up! I tell you, this Mr. Yue Feng is my friend. Sleep is disrespectful to him, just look down on me Kunning."

Hearing this, everyone looked at each other, and they dared not talk nonsense any more.

At this time, McGrady couldn't help shouting: "Mr. Kunning, I was wrong, I was wrong, I will not be like this in the future."

At this time, McGrady almost wanted to cry without tears. I would beat myself up in public because of a friend I just met.

"Maddy!"

Kunning sneered and said angrily, "It's not that I don't give you a chance, you are bullying people everywhere because you are the young master of the Maiwei family, and now you are rude to my friends in public, I think, I There is no need to cooperate with your family!" The

voice fell, Kunning waved his hand: "Come on, shoot him out for me."

What?

Hearing this, Maddie's heart trembled, and he slumped on the ground, completely stunned.

Soon, a few servants walked in quickly and took McGrady out without any reason.

Huh....

Seeing this scene, everyone around was completely dumbfounded, staring blankly at Yue Feng, speechless.

Kunning actually stopped cooperating with the Mai Wei family for this door-to-door son-in-law?

quiet!

For a while, the entire hall was silent.

Chapter 3272

"Friend..."

At this moment, Kunning squeezed out a pleasing smile and said apologetically to Yue Feng: "I'm so sorry, the first time you attended my private banquet, you met such an unqualified person. Man, but you can rest assured now, this Maddie has been kicked out by me!"

This!

Seeing this scene, everyone present was dumbfounded!

This, what's the situation? !

The dignified Mr. Kunning was so polite to this Yue Feng, didn't they just know each other?

What ability does this door-to-door son-in-law have? Can make Kunning so humble.

Lolita was also stunned.

To be honest, she was very worried before, she was afraid that Kunning would drive Yue Feng out under Maddie's instigation, and then the entire Dumen family would be embarrassed, but she didn't expect that what happened in front of her was completely and worrying. On the contrary, Maddie was kicked out, while Yue Feng was left behind like a VIP.

Shock!

At this time, Lolita was completely shocked.

Yue Feng laughed without saying a word!

“Friend!” Seeing that Yue Feng didn’t speak, Kunning suddenly felt uneasy, and quickly said: “Is it my banquet, what else makes you dissatisfied...”

This person is Olina’s friend , If you are neglectful today, you will not have a good life.

Yue Feng showed a smile and said to Kunning: “Mr. Kunning, don’t be too polite, this banquet, I just came with my wife, since Maddie’s annoying fly has gone, I’m relieved. “

Saying that, Yue Feng smiled at Lolita: “I’ll go back first, about the plantation, please explain the situation to Mr. Kunning, I believe he will not embarrass you.”

After saying this, Yue Feng Turn around and leave the hall.

Phew...

Seeing Yue Feng’s back leaving, Lolita reacted and couldn’t help but let out a sigh of relief.

The next second, Lolita walked up to Kunning, bit her lip and said, “Mr. Kunning, I...”

Before she could finish speaking, Kunning waved her hand and said politely, “Miss Lolita, I have already heard about your grape plantation, it happened suddenly, everyone understands, don’t worry, I will not hold you accountable for the Dumen family, and I will not ask for liquidated damages...”

Hearing this, Lolita’s body trembled, she was extremely happy, and her mood suddenly improved a lot.

.....

On the other side, an upscale pub in Pearl City.

In the luxurious box on the second floor, McGrady sat there with a gloomy face, accompanied by two sexy beauties, but at this time McGrady was not interested.

Thinking that at the private party just now, Kunning taught herself a lesson in public and kicked herself out for the sake of the son-in-law who came to the door, Maddie couldn’t help shaking her heart and almost exploded with anger.

Mad, today is really too embarrassing.

Opposite Maddie, sat a gloomy middle-aged man with a centipede tattooed on his neck, and his body was filled with a powerful aura.

The middle-aged man is called Man Xiong, the leader of a group of bandits, and he is ruthless. A year ago, Manxiong and Maddie met, and they became friends because they were both lustful and like-minded.

At this time, seeing Maddie's depressed face, Manxiong couldn't help laughing: "Master Maddie, the two beauties are not interested, what makes you so unhappy."

Maddie smiled bitterly: "Don't mention it, Just thinking about it makes people angry."

Huh?

Hearing this, Manxiong was a little surprised: "What's the matter? Let's listen to it."

Maddie pondered for a while, but he hesitated, and finally said: "Ma De, the one from the Dumen family who came to the door. Son-in-law, today at Mr. Kunning's private banquet, I made a fool of myself and was kicked out!"

Chapter 3273

Saying that, tell the situation at that time!

"What?"

Knowing the situation, Manxiong looked indignant and couldn't help but patted the table: "A son-in-law who came to the door, dared to offend Master Maddie, he was courting death, but he is a person who knows Mr. Kunning's kind. Big man?"

"Hehe!" Maddie sneered, and said disdainfully, "He knows a shit, but Mr. Kunning mistaken him for the wrong person. It's just luck. Maddie, I really can't swallow this bad breath."

Manxiong nodded suddenly . , then patted Maddie on the shoulder and comforted: "Okay, just a son-in-law who came to the door, so you frown? In this way, I will let my subordinates find a chance to teach that guy a lesson, and help you out. "

Manxiong, don't take it lightly, that guy doesn't have any holy power, but he fights very hard!" Maddie couldn't help reminding him.

At the wedding before, Maddie had learned how powerful Yue Feng was.

Manxiong looked confident and said proudly: "Don't worry, my subordinates are not vegetarian!"

Seeing him say this, Maddie showed a smile, because Manxiong said it well, their group has been doing evil everywhere in recent years. Even the guards can't do anything about it, it's more than enough to deal with a Yue Feng.

At this moment, McGrady was in a good mood all of a sudden, and smiled: "Then I will ask Big Brother Manxiong for this matter. Today's consumption is mine, haha..." The voice fell, and McGrady hurriedly gave Manxiong to arrive. a glass of wine.

"Haha, Master Maddie just wait for my good news!"

..... the

other side.

Yue Feng returned to the Dumen family, and seeing that it was still early, he sat on the balcony and basked in the sun leisurely.

After a while, Lolita came back from the banquet.

"I'm asking you!"

Seeing Yue Feng, Lolita couldn't hide her doubts and asked, "What's the matter with you and Mr. Kunning?"

At the wedding banquet, Mr. Kunning told Yue Feng attitude is really unpredictable.

"Friends I just met, weren't you watching from the side at the time?" Yue Feng looked indifferent.

Lolita's face was full of disbelief, and she wanted to ask again, just at this moment, Du Men walked in, followed by the housekeeper Launa.

"Lolita!"

Du Men looked at Lolita with a smile: "I heard that you went to Mr. Kunning's private banquet. What did Mr. Kunning say about our plantation? Did it embarrass you?"

Lolita bit her lip lightly and responded, "Mr. Kunning understands and doesn't embarrass me."

When she said this, Lolita couldn't help but glance at Yue Feng.

She knew that Mr. Kunning's generosity had something to do with Yue Feng.

"That's good! That's good!"

Hearing this, Du Men was relieved and said with a smile: "You have to worry more about the family business in the future. By the way, if you encounter anything in the future, you can talk to Yue Let's discuss it with Feng, after all, he is your husband now."

Lolita's face showed a trace of complexity, and she couldn't help but look at Yue Feng.

Yue Feng scratched his head: "Lolita's ability to do things is very strong, why do you need my help!"

Seeing Yue Feng being humble, Du Men smiled.

And Launa, who was standing by the side, couldn't help but mocked: "The family industry is too lazy to participate, this is to eat soft rice for a lifetime."

Although Yue Feng taught Maddie a lesson in public at the wedding, in Laona's heart, she still looked down on her.

Chapter 3274

At this time, Lolita also gave Yue Feng a disappointed look.

Ben also had some expectations for him, but he didn't expect that this Yue Feng was so unmotivated.

Disappointed, Lolita left with Laura.

Ugh!

As soon as his forefoot left, Du Men sighed lightly and said to Yue Feng: "Mr. Yue Feng, I really wronged you, Lolita's personality is a little cold, but she has a good heart."

Yue Feng smiled slightly: "Old man, don't worry, Since I promised you, within the agreed time limit, I will take good care of Lolita." After

chatting for a while, seeing that it was still early, Yue Feng went to the beach to find Adolph and his grandson.

In the past few days, Du Men used his connections to search for news about Miaoying and Yanhong in the entire Roland Continent, but there was no clue. Yue Feng couldn't wait, so he wanted to go to Adolf to investigate some things.

You know, Adolf is a well-known pharmacist in Pearl City. He knows many people and is well-informed. Maybe we can get some clues about Miaoying and Yanhong from him.

As a result, after leaving the manor, Yue Feng realized that he was being followed.

Yue Feng noticed that several burly men followed sneakily behind, with fierce eyes and unkind expressions. Moreover, each of them is not low in strength, and they are all around the Holy King.

interesting?

Noticing this, Yue Feng did not panic at all, except for Pearl City, he went directly to the barren hills in the suburbs.

“Hey!”

When they reached a forest, Yue Feng stood on the cloth and said to the people behind him, “Why are you following me?” The

men looked at each other with a fierce look on their faces, and quickly surrounded Yue Feng.

One-eyed took the lead, looking at Yue Feng up and down at this time: “Boy, are you the son-in-law of the Dumen family?”

Yue Feng nodded: “It’s me.”

After hearing the answer, One-eyed stopped talking nonsense and said coldly: “That’s right, your kid has provoked someone who shouldn’t be provoked. If you don’t want to die, you will cut off an arm.”

Cut off an arm yourself?

Yue Feng frowned and couldn’t help laughing: “If I guessed right, you were sent by Maddie, right now, I’m in a good mood now, I don’t want to embarrass you, get out!”

Shuh!

Hearing this, whether it was One-Eyed or the companions around, they were all furious.

A mere son-in-law who came to the house, a rubbish who eats soft rice, didn’t even take his own people seriously, he was just courting death.

“Fuck him.”

Under his anger, One Eye couldn’t help but howl.

wow.

The voice fell, and several companions rushed over thinking of Yue Feng.

Looking at the few people rushing up, Yue Feng chuckled lightly, motivated by his inner strength, and directly greeted him.

Bang Bang Bang...

Although the strength of the one-eyed companions is not weak, in front of Yue Feng, it is not worth mentioning at all, and in a few moments, a few people were easily knocked to the ground.

What?

Seeing this scene, the one-eyed heart trembled, and he stared at Yue Feng blankly, extremely shocked and angry.

This guy has no holy power at all, how can he be so powerful? Before he could see clearly, several of his companions fell.

How did he do that?

Snapped!

Just when One-eyed was stunned, Yue Feng flashed his body, rushed over quickly, and slapped One-eyed's face with a slap.

One-eyed howled miserably, and the whole person flew out and fell heavily on the ground. Before he could get up, he was stepped on by Yue Feng.

At this time, Yue Feng, with a relaxed face, clapped his hands and said: "Tell me, did Maddie send you here?"

"You..."

Being stepped on by Yue Feng, one-eyed was extremely sad and angry, and shouted: "Let me tell you, I am the man of the eldest man, if you dare to fight with us, you will die!"

The

voice fell, and the surrounding companions who were knocked to the ground also shouted.

"Boy, Boss Manxiong won't let you go!"

"You wait to die..."

Chapter 3275 Savage

?

Hearing this, Yue Feng frowned secretly, this savage man, who I heard from Du Men before, is an out-and-out villain.

But, don't you know this barbarian? Why send someone to follow you?

While murmuring in his heart, Yue Feng was too lazy to think too much, and said coldly with one eye: "Go back and tell you boss Manxiong that you want to trouble me, come and teach me anytime."

After that, Yue Feng turned around and strode away . .

Just after returning to Pearl City, a man walked up to him quickly, with a unicorn car parked beside him.

"Mr. Yue Feng!"

When he got to the front, the man said very politely, "Mr. Kunning has something to do, I would like to invite you to the manor to talk about it!"

Kunning? What is he doing to me?

Yue Feng frowned, but got into the car anyway.

Soon, at Kunning's private manor, Yue Feng was directly invited to the second floor.

call!

When he arrived at the meeting room on the second floor, Yue Feng was stunned and saw a graceful and sexy woman sitting there, wearing a long red dress, which was very eye-catching.

It was Olina.

"Mr. Yue Feng." At this moment, Olina hurriedly stood up, with a hint of respect on her delicate face: "I'm sorry, I'm not convenient to show up for a private banquet during the

day!" Yes, Kunning held a private banquet during the day. At the time, Olina was also in the manor, but because she was the leader of the Bloody Hand Organization, it was inconvenient to show her face.

Yue Feng smiled: "You are looking for me specifically, you won't just say this? I asked you to help me find someone before, how is it?" When he was in Arendis, Yue Feng explained to Olin Na, let her help him find Miaoying and Yanhong.

“I have sent someone to look for it, but there is no clue yet?” Olina bit her lip and said with some shame: “But Mr. Yue Feng, please rest assured, I will do my best to find those two women!”

Phew!

Hearing this, Yue Feng was a little disappointed, but still nodded.

“Mr. Yue Feng!”

At this time, Olina came over and hesitated: “You have seen my sincerity, can you...can you give me the antidote to the magic pill...”

Saying this At the time, Olina’s eyes were full of expectations.

During this period of time, the efficacy of the Tongshen Pill was slowly onset, and Olina clearly felt that her body was obviously weaker than before. This time, she was looking for Yue Feng to get the antidote.

Haha...

Seeing Olina’s expression, Yue Feng couldn’t help laughing.

After a long time, it turned out that I wanted an antidote.

Thinking to himself, Yue Feng took out an antidote from his body and handed it to Olina: “I happen to have one on me, you should take it first, but I have to tell you that this one can only last for half a year. After half a year, you can get me another antidote and you will be cured!”

When he said this, Yue Feng’s face was serious, but his eyes flashed with slyness.

Yue Feng lied to Olina. Taking this antidote, Olina recovered. There is no saying that it will last for half a year. This is to make Olina worry about herself.

Speaking of which, Yue Feng didn’t want to give Olina the antidote so quickly, but he thought of relying on her for help in the future, so he simply took it out.

“Thank you, Mr. Yue Feng!”

Olina took the antidote and hurriedly stuffed it into her mouth.

Yue Feng nodded, not forgetting to exhort: “Looking for someone, you have to hurry up!”

“Understood, Mr. Yue Feng!”

After Yue Feng explained a few more words, he said goodbye to Olina.

.....

this moment, the other side.

Northwest of Pearl City, in an abandoned house.

Man Xiong sat in front of the bonfire with a gloomy face.

In front of him, there were several subordinates standing in fear and sincerity, all of them with blue noses and swollen faces, and they were the one-eyed and others who followed Yue Feng during the day.

“Ma De!”

At this moment, Man Xiong glared at the one-eyed few people and cursed: “Are you all rice buckets? So many people deal with a door-to-door son-in-law, and he even taught him a lesson? Even one was soft-hearted. You can’t even handle the food, you are even more useless!”

The ultimate husband in Chinese chapter 3276-3280

Chapter 3276

The barbarian at this time is very hot.

I thought I could show my strength in front of Maddie this time, but I didn’t expect a few subordinates to be so useless.

Facing the rage of the barbarians, the one-eyed few wanted to cry but had no tears.

The next second, One Eye said cautiously: “Boss Manxiong, it’s not our fault, that kid is too evil!” The

voice fell, and several companions behind him nodded in agreement.

“Yeah, that kid doesn’t have holy power, but he can shoot very quickly...”

“I didn’t see how he shot at that time.”

After listening to the words of his subordinates, Man Xiong gradually calmed down and frowned: “That kid Really so powerful?” The

one-eyed few nodded quickly.

“Crack!” Manxiong slammed down the table, with a grim expression on his face, with a bit of

sullenness in his eyes: “No matter how evil this kid is, whoever dares to touch me is courting death!”

One-Eyed ordered: “You all prepare immediately, tie up the eldest lady of the Dumen family, and then lead this kid out!”

No matter how powerful Yue Feng is, as long as he captures his wife, he will definitely be submissive.

“Okay, boss!” One Eye nodded quickly.

Immediately, One Eye thought of something, scratched his head and said, “Boss, we have tied up the eldest lady of the Dumen family, can that kid come out? He is a son-in-law who came to the door!” The

This chapter is provided by . Visit for daily update.

voice fell, and Manxiong scolded angrily: “You are so special. I don’t have a brain, my wife has been arrested, can he still eat soft rice with peace of mind?”

One-eyed suddenly realized, and quickly flattered: “Understood, the boss is still very thoughtful.”

The voice fell, and several people around also agreed.

“It’s still the boss!”

“This is a great way.”

Manxiong urged impatiently, “You don’t want to flatter me at all, and act quickly.”

“Yes, boss...”

...

Another On the other hand, Yue Feng returned to the Dumen family and saw the lights in Lolita’s room from a distance.

Take a break so early?

Yue Feng murmured in his heart, but without thinking much, he walked over and opened the door!

What the hell!

The moment the door was opened, Yue Feng's body froze when he saw the scene in front of him, and the whole person was stunned!

I saw that there was a wooden barrel in the room, filled with herbs, steaming hot, and Lolita was soaking in it, without any cover, the charming curves were looming...

During this time, Lolita has been insisting The medicated bath was only during the day before, but today there are too many things, so it was postponed to the evening.

hiss.

At this moment, Yue Feng was stunned, his head was blank!

At this time, Lolita also saw Yue Feng, and suddenly her body trembled!

"Ah!"

Soon, Lolita reacted and couldn't help screaming. At the same time, she pulled a bath towel and wrapped herself, shy and angry: "You... When did you come back?"

He wasn't Are you out? Why did you come back so soon?

"I..." Yue Feng didn't know whether to laugh or cry. He scratched his head and said, "I didn't mean it, you... you continue..." Then he hurried out the door.

Nima, I thought Lolita was resting, it turned out to be in the medicinal bath... After a while, Lolita put on her clothes and opened the door. At this time, the blush on her face had not completely subsided.

Seeing Yue Feng standing outside, Lolita was even more embarrassed.

For a time, the atmosphere was very delicate.

"I..."

After more than ten seconds, Lolita bit her lip and said softly, "I'm going out for a walk." It was so embarrassing just now, and she had to calm down.

Yue Feng reacted: "Would you like me to accompany you..."

"No!" Lolita decisively refused, and at the same time quickened her pace.

Ugh!

Chapter 3277

Looking at Lolita's figure walking away, Yue Feng couldn't help shaking his head and smiling bitterly. This eldest lady is still very resistant to herself.

Thinking to himself, Yue Feng went back to his room to rest, and after a day of tossing around, he was really tired.

Yue Feng was not worried about what happened to Lolita, after all, she was the eldest lady of the Dumen family.

.....

As a seaside city, Pearl City is very lively at night.

Lolita wandered the street for a while, and her mood finally calmed down.

Thinking about it carefully, this Yue Feng didn't seem to have much ability, but he helped him a lot before he knew it, and he saved his own life.

Is it too much to be so indifferent to him?

I thought, Lolita is going home.

However, as soon as they reached an intersection, a few men suddenly stopped Lolita, all with malicious smiles on their faces.

Yes, it is Manxiong's subordinates, a few people with one eye.

At this moment, one eye looked at Lolita up and down: "Miss Lolita?" She is indeed the most beautiful rich lady in Pearl City. This face, this figure...

It's so sexy.

Lolita was taken aback and said vigilantly: "Who are you? Why are you blocking my way?"

"Hey!"

One-eyed smiled and said, "Don't be afraid, our boss wants to see you!" Just take out a sack and cover Lolita directly!

Oops, I was kidnapped!

Lolita was taken aback, and before she could react, she was quickly taken away by one-eyed people!

Ten minutes later, Lolita was taken to the outskirts, where Manxiong was hiding.

“You...”

The moment the sack was removed, Lolita became nervous when she saw the situation in front of her, and couldn't help but shouted, “Who are you? Why are you arresting me? Tell you, I'm the Dumen family. My eldest lady, let me go!”

When she said this, Lolita wanted to struggle, but her hands and feet were tied and she couldn't exert any strength.

“Tsk tsk.”

Manxiong slowly walked over and said with a smile: “I've always heard that the eldest lady of the Dumen family is a famous beauty, and when I see it today, it's true.” As he said, Manxiong looked up and down. Lolita.

Beautiful, so beautiful.

After watching for more than ten seconds, Manxiong reacted and smiled at Lolita: “Miss Lolita, my name is Manxiong, you should have heard of me!”

What?

Hearing this, Lolita's heart trembled and she panicked.

Manxiong is a famous mountain bandit in the Pearl City area. He is ruthless and ruthless.

However, the Dumen family doesn't seem to have any grudge against him.

Thinking to himself, Lolita couldn't help but say, “Why did you arrest me?”

Manxiong smiled and said slowly, “Don't panic, I won't hurt you for the time being. Your husband and I have a little grudge, but it's just that This kid has been hiding in your Dumen family, I can only catch you, and then lead him out!”

With that, Man Xiong asked his men to lock up Lolita.

At this moment, Lolita was nervous and inexplicably angry.

When did this Yue Feng provoke a wicked man like Manxiong, and he was implicated.

.....

the other side.

Seeing that an hour has passed, and Lolita has not returned, Yue Feng has a bad premonition.

“Mr. Yue Feng.”

At this moment, a servant stood outside the door and said, “Someone sent a letter just now, saying it was for you!” After speaking, he handed over a letter.

Yue Feng opened the letter, and his expression changed suddenly after reading it.

Nima, Lolita has been kidnapped.

It was clearly written in the letter that Yue Feng was to rush to the barren hills outside Pearl City within an hour, and only one person was allowed to come, otherwise, Lolita would be killed.

Chapter 3278

Holding back his anger, Yue Feng quickly left the Dumen family and went to find Olina.

To be honest, no matter who the other party is, Yue Feng doesn't pay attention to it at all, but for Lolita's safety, Yue Feng feels more cautious.

When they arrived at Kunning's private manor, they saw that both Kunning and Olina were there.

Yue Feng didn't talk nonsense, and directly told the situation.

What?

Knowing the situation, Kunning and Olina were both extremely shocked and furious.

Soon, Olina reacted, with anger on her delicate face: “During the day, that savage subordinate followed Mr. Yue Feng, and at night Miss Lolita was kidnapped. Looking at the situation, this savage is off the hook. It doesn't matter!”

“It's just a bunch of bandits, they're not too timid, I'll send someone to destroy them.” As the words

fell, Olina was about to call her men.

At this moment, Yue Feng waved his hand and said: "Don't be impulsive, Lolita is in their hands, so you can't force it." After speaking, Yue Feng

thought for a while, and continued: "Well, I will meet that savage man. , to attract his attention, when the time comes, take your subordinates and secretly find out where Lolita is being held!"

"Understood!" Olina nodded quickly.

After the discussion, Yue Feng and Olina said goodbye and went to the barren hills outside Pearl City.

.....

At this moment, Manxiong is here.

After locking up Lolita, Man Xiong sent his subordinates to call Maddie.

After a while, Madison came in a hurry.

"Big Brother Man Xiong!"

After entering the wooden house, Maddie couldn't wait to ask Manxiong: "How is it? Did you teach that Yue Feng a lesson?"

Manxiong showed a hint of embarrassment, and then he smiled and said: "Of course I learned a lesson, not only that, but I also tied it up. Miss Lolita!" Of course, I can't say the things that my subordinates were abused by Yue Feng, it's too shameless.

What?

Maddie was stunned: "You tied up Lolita? What are you doing?"

"I asked my subordinates to teach that Yue Feng a lesson during the day, but that kid was too cunning. Seeing that he couldn't beat a few one-eyed people, he ran away."

Man Xiong Explained: "I felt angry, so I tied Miss Lolita to lead him out."

It turned out to be so.

Hearing this, Maddie nodded suddenly, then showed a smile, and continued: "Since you have captured Lolita, it's just right, I can play a hero to save the beauty. When that Yue Feng comes, you can use Lori Ta threatens him, that kid will definitely be soft, then you will tie him up and humiliate him."

"When you have finished teaching Yue Feng, send me a firework signal, and then you will pretend that you can't beat me and make me perfect. Let's save Lolita."

Maddie looked smug when he said this.

Haha... I'm so smart, I can come up with such a perfect plan. At that time, when I save Lolita from Man Xiong, Lolita must be grateful to myself.

Maybe, back in the Dumen family, Lolita broke off the engagement with Yue Feng and passed it on to herself.

For a time, Maddie became more and more beautiful the more she thought about it.

Hearing this plan, Manxiong couldn't help but praise: "Master Maddie, he is really smart, this plan is too good."

"As long as this matter is completed, I will definitely repay Big Brother Manxiong."

"Haha.. ."

After the agreement was reached, Maddie left quickly and hid in the distance, waiting for the fireworks signal from Manxiong.

...

the other side.

Half an hour later, Yue Feng arrived at the place Manxiong said.

call!

Reaching the dilapidated house, Yue Feng took a deep breath and walked in directly.

Chapter 3279

At this time, a few of the one-eyed guards at the door spotted Yue Feng and immediately surrounded him.

"Boy!"

At this moment, the one-eyed, with a gloomy look on his face, grinned at Yue Feng: "You are quite courageous, you are really here alone!"

Stupid!

Yue Feng didn't bother to pay attention to it and walked in directly.

When I got inside, I saw a bunch of bonfires burning vigorously. Man Xiong was sitting there, playing with a delicate dagger in his hand, his face was a bit playful, and his whole body was full of powerful aura.

Swish!

Seeing Yue Feng coming in, Manxiong's eyes instantly locked on him.

Man Xiong clearly felt that the person in front of him had no holy power at all, but in the daytime, the one-eyed few couldn't beat him!

interesting!

After looking at it for a few seconds, Manxiong said abusively: "You are the son-in-law of the Dumen family? I heard that you are very good at fighting!"

Yue Feng was too lazy to talk nonsense, and said coldly: "It's me, where is Lolita?"

"Haha . Manxiong

smiled coldly, his eyes flickered with cruelty, and his tone was full of play: "As expected, you eat soft rice, you are so worried about Miss Lolita, are you afraid that something will happen to her, and you will not be able to be a son-in-law?" The

voice fell. , One-eyed and a few of his subordinates also laughed.

"This kid, at first glance, is a waste of soft food!"

"Boss, don't talk nonsense with him."

"Mad, this kid punched me several times during the day, and I must get it back tonight with profit. ."

Listening to the shouts of the one-eyed people, Yue Feng did not panic at all, chuckled lightly, and sat on the chair opposite Manxiong, with Erlang's legs crossed, not panicking at all, but extremely calm.

Mad!

Seeing this scene, whether it was Man Xiong or a few people with one eye, their expressions changed and their hearts became angry.

"Ma De, when you arrive at our site, how dare you show up?"

"Get up, who told you to sit?"

“I don’t know if you live or die!”

At this moment, Man Xiong’s eyes flashed with murderous intent.

But I don’t know why, looking at Yue Feng with an indifferent face, Man Xiong suddenly had a feeling that he couldn’t tell.

The person in front of him has no holy energy at all, but this calm and calm demeanor doesn’t seem to be pretending.

Just when Manxiong was thinking about it, Yue Feng said lightly: “Manxiong, right? We have no grievances and no enmity, so I don’t want to talk nonsense, and let Lolita go immediately, otherwise, you will regret what you did today. For.”

When he said this, Yue Feng’s face was serious, but his heart was a little uneasy.

Yes, Yue Feng is delaying time, because at this moment Olina is leading her subordinates to secretly search for the location where Lolita is locked. It’s just that the environment here is complicated, and I don’t know if Olina can succeed.

Swish!

Hearing this, Man Xiong’s face changed, and then he laughed in anger.

You have been in the Pearl City area for so many years, and you are not even afraid of the guards, but at this time, you are threatened by a son-in-law who comes to your door? If this thing spreads out, it won’t be laughed out of your teeth?

“Boy!”

Finally, Man Xiong reacted, staring at Yue Feng like a poisonous snake, and sneered: “You have the guts, dare to talk to me like this, I think you are really tired of living?” Let your subordinates do it.

“Boom!”

However, at this moment, only a loud noise was heard outside.

Hearing the loud noise, Man Xiong and his surrounding men were startled.

Chapter 3280

Immediately afterwards, I saw a subordinate running over in a panic, his face full of horror: “Boss, it’s not good, suddenly there are a lot of people on the mountain...a lot of people!”

When he said this, the subordinate almost To fall to the ground!

Hearing this, Man Xiong's expression changed and he hurried out. The one-eyed few quickly followed.

hiss!

When I got outside, seeing the scene in front of me, whether it was a savage man or a one-eyed crowd, I couldn't help but take a deep breath!

I saw hundreds of men in black, swarming over and surrounding the wooden house. These men in black, uniformly dressed, with machetes in their hands, were domineering.

The head is a beautiful and sexy woman, wearing a black and red dress, like a blooming rose in the dark night, but her body is filled with a cold breath.

It was Olina and her men.

Gudong!

At this moment, Manxiong, One-Eyed and the others, their eyes fell on Olina, they all swallowed saliva secretly, their eyes straightened.

What a sexy woman!

And then, feeling Olina's strength, Manxiong's heart tensed.

The saint above? So strong...

Under the shock, Man Xiong squeezed out a smile, stepped forward to please Olina and said, "This beauty, my name is Man Xiong, dare to ask..." Before he finished speaking

, he was caught by Ao Lina. A subordinate next to Linna interrupted.

"A little mountain bandit is also qualified to ask the name of our big leader?" The arrogant subordinate said coldly at Manxiong: "Have you seen the logo on our clothes? We are the Blood Hand Organization, This is our big boss!"

What?

Bloody Hands?

Hearing this, Manxiong was shocked, and his legs suddenly felt weak.

Who in the entire Roland Continent does not know about the Bloody Hand Organization? That is an existence that even the six major duchies are afraid of. There are more than 100,000 people all over the place, and the power is very terrifying.

According to rumors, the big leader of the Bloody Hand Organization is a sexy beauty, but I didn't expect it to be true.

It's just that I don't have any grudges against the Bloody Hand Organization, so why surround my hiding place?

Thinking to himself, Man Xiong was inexplicably panicked.

"Mr. Yue Feng!"

At this moment, Olina walked slowly and respectfully said to Yue Feng: "Miss Lolita, we have successfully rescued her, but she was too frightened and is still in a coma."

When Yue Feng and Manxiong were negotiating just now, Olina secretly led people to search the barren hills, successfully found the place where Lolita was imprisoned, and rescued them. Then, she directly led people to surround the wooden house where Manxiong was hiding. .

"Yeah!" Yue Feng nodded approvingly: "Good job!"

When he said this, Yue Feng finally breathed a sigh of relief. He thought that tonight's plan was a bit risky, but Olina was quite efficient.

What? !

Seeing this scene, whether it's the savage man or the one-eyed few, he's completely stupid.

At this time, Man Xiong stared at Yue Feng blankly, speechless.

This.... this door-to-door son-in-law has something to do with the big leader of the Bloody Hand Organization?

The one-eyed ones next to them also have weak legs, and they can hardly stand still.

They clearly saw that the legendary leader of the Bloody Hand Organization was standing in front of this Yue Feng, extremely respectful and polite.

How is this possible?

Isn't this Yue Feng a pharmacist, the son-in-law of the Dumen family? How can there be such a terrifying connection?

Pfft!

Finally, Manxiong couldn't hold it any longer, and knelt down in front of Yue Feng, panicking: "Mr. Yue Feng, this... This is a misunderstanding, please listen to my explanation..."

The ultimate husband in Chinese chapter 3281-3290

Chapter 3281

Man Xiong has been around for so many years, and at this moment he understands that he has provoked a big man he shouldn't have provoked.

This Yue Feng, even the big leader of the Blood Hand Organization, is polite to him, and he is against him, isn't he courting death?

call!

Yue Feng breathed a sigh of relief and looked at Manxiong with a half-smiling smile: "Come on, we don't know each other at all, why are you going against me?"

Hearing this, Manxiong wiped the cold sweat from his forehead and said quickly: " Mr. Yue Feng, you're right, we don't know each other, and we don't have any grudges?"
After speaking

, Manxiong paused and continued cautiously: "Today's affairs are all because of that bastard Maddie... "

Made, it really is this Maddie!

At this moment, Yue Feng was expressionless, but the anger in his heart was rising.

This idiot, fighting alone is not his own opponent, and finding someone to kidnap Lolita is really despicable and shameless.

Thinking to himself, Yue Feng continued to ask: "After catching Lolita? What's your plan?"

"This..."

Manxiong scratched his head, unable to express his fear: "Maddy said, as long as I If you use Miss Lolita as a threat, you will definitely be soft, and I will tie you together by the way. After that, I will send out a firework signal, and Maddie will come over and stage a hero to save the beauty..."

Nima!

Hearing this, Yue Feng was both angry and funny.

This Tracy McGrady thinks so beautifully, and still wants to play Heroes to save the beauty?

This chapter is provided by . Visit for daily update.

Thinking to himself, Yue Feng said to Man Xiong: "In this case, wait for the fireworks signal, and let Maddie come!"

After saying that, Yue Feng ordered Olin again: "You and your subordinates, take Lolita and wait for me at the foot of the mountain. Be sure to hide your whereabouts and don't let Maddie find out!"

"Got it!" Linna nodded, greeted her subordinates, and left quickly with the unconscious Lolita.

This...

Seeing this scene, Manxiong was a little panicked and cautiously said to Yue Feng: "Mr. Yue Feng, you are..."

Before he could finish speaking, Yue Feng interrupted with a smile: "Doesn't Maddie like acting? I'll play with him." After speaking, he told his plan.

Hearing Yue Feng's plan, Man Xiong nodded again and again, daring not to violate it in the slightest.

Bang, bang, bang!

A few seconds later, Man Xiong asked his subordinates to set off fireworks, which was the signal he had agreed with Maddie before.

"Lolita!"

Not long after the fireworks were set off, they heard a loud shout from the woods not far away, and then saw Maddie clasp a big sword, rushing towards him.

At this time, McGrady, with a fake face of justice, kept shouting: "Lolita, don't be afraid, I'm here to save you!"

have to say, McGrady is very similar, but he still doesn't know, Lolita has been rescued and is not here at all.

Seeing Maddie's appearance, Manxiong didn't hesitate at all, shouting: "You're not too timid, dare to come to me to save people? Take him down!" The voice fell, and Manxiong waved his hand.

Whoa!

In an instant, the one-eyed people around him surrounded Maddie at once.

At this moment, Maddie did not panic at all, and whispered to the one-eyed: "Several brothers, it's hard for you, after this is done, I will invite you to drink!"

I discussed it with Manxiong before, and I staged a hero to save the beauty by myself, defeating Manxiong and their men, and saving Lolita. And Man Xiong and his subordinates will cooperate well with them.

However, what puzzled Maddie was that none of the one-eyed ones responded, and all of them had a gloomy expression on their faces.

Bang bang bang...

In the blink of an eye, the two sides fought, and saw a few of the one-eyed, cooperated with each other, and launched a fierce siege on Maddie, not only that, but Man Xiong also joined the battle group.

For a time, Maddie wanted to cry without tears, and at the same time was extremely puzzled.

what's going on? Didn't you say yes, Manxiong and these people, pretending to be not their opponents? Why are they all so real?

Chapter 3282

Bang!

Soon, Man Xiong found an opportunity and punched Maddie in the face. He heard Maddie howl, flew a few meters away, and fell heavily to the ground.

Immediately afterwards, a few of the one-eyed rushed over and tied Maddie.

At this time, Maddie was completely stunned. Looking at Manxiong, his face was puzzled: "Brother Manxiong, what's the situation? We agreed, let me rescue Lolita, how did you tie me up?"

"Shut up!" Man Xiong shouted loudly and cursed: "Shao Te Ma Pan relationship, who is your eldest brother?"

Hearing this, Maddie's head buzzed and he was completely stunned!

What the hell is going on with this savage? It was discussed well before, how do you turn your face when you turn your face?

"Maddy!"

At this moment, a faint voice came, and then I saw that Yue Feng came out of the wooden house slowly, with a relaxed and comfortable expression on his face.

Um?

Seeing Yue Feng, Maddie was startled: "Why are you alright?"

Yue Feng looked at Maddie with a half-smiling smile: "Seeing me okay? Are you disappointed? Listen to Manxiong, you like acting and want to How about being a hero to save beauty? Does it feel good now?"

Yue Feng's tone made Maddie feel humiliated, and couldn't help scolding: "You are so proud of your special code..."

Just halfway through the curse, he was scolded. Barbarian interrupted!

"Dare to scold Mr. Yue Feng, you are looking for death!" Man Xiong howled, and he was a big mouth at Maddie.

Knowing the relationship between Yue Feng and the big leader of the Bloody Hand Organization, Man Xiong didn't dare to slack off. At this time, he just wanted to perform well in front of Yue Feng. Speaking of which, Maddie is the young master of the Maiwei family and has a certain status in Pearl City, but compared with the Bloody Hand Organization, it is not worth mentioning at all.

At the same time, the surrounding one-eyed people also gathered around, punching and kicking at Maddie.

"Brother Manxiong, what the hell is going on here!" Maddie wanted to cry without tears.

However, the howls of Maddie, the barbarians didn't seem to hear them, and they attacked harder each time.

"Okay!"

Seeing that Maddie was about to be beaten to death, Yue Feng waved his hand.

Seeing Yue Feng speak, the Manxions quickly stopped, and one by one they respectfully retreated to the side.

"Maddy!"

At this moment, Yue Feng sat on the chair and looked at Maddie with a half-smile: "You asked someone to teach me a lesson, and you even called my wife Lolita's attention, tell me, how to solve this problem."

At this time, Maddie was already afraid of being beaten, and was extremely terrified: "You...how do you say it will be solved?"

Haha!

Yue Feng smiled indifferently: "I heard that your Maiwei family has cooperated with the Dumen family in several industries. So, wait for you to make a letter and ask the Maiwei family to withdraw from these industries?"

What?

Let the McWay family quit those industries?

Hearing this, Maddie trembled and looked embarrassed.

You must know that the industries that the Maiwei family and the Dumen family cooperate with cover several fields, and their value is immeasurable.

"how?"

Seeing Maddie hesitating, Yue Feng sneered: "This is the last chance I'll give you! If you don't want to, I'll hand you over to Manxiong to deal with." The

voice fell, and Manxiong said coldly, "Mr. Yue Feng, don't worry, as long as you say a word, I promise that this kid will disappear from this world forever."

Shua!

At this moment, Maddie trembled and almost collapsed to the ground.

He and Manxiong had known each other for two years. Of course, he knew that Manxiong was ruthless. If he really wanted to kill himself, he would definitely not survive tonight.

It's just that Maddie still doesn't understand why Manxiong is so respectful to Yue Feng all of a sudden.

"Maddy!"

Looking at Maddie's expression, Manxiong couldn't help but said coldly: "Don't blame me for being ruthless. I didn't know Mr. Yue Feng's identity before, and I accidentally offended him. Fortunately, at the critical moment, Mr. Yue Feng gave me a chance, otherwise, my brother and I would have died a long time ago!"

What?

Chapter 3283

At this moment, Maddie's heart trembled, Man Xiong and his subordinates almost died at the hands of Yue Feng?

This door-to-door son-in-law has such great ability?

At this time, Yue Feng was a little impatient: "Have you decided yet?"

"I write, I write..." Maddie grimaced and nodded like a chicken pecking at rice.

To be honest, Maddie was reluctant to agree to Yue Feng's conditions.

But there is no way, even the barbarians have been subdued by Yue Feng, if he insists on doing it, he is completely courting death.

Seeing Maddie's promise, Yue Feng showed a smile, and then asked Manxiong's men to bring paper and pens.

After a while, Maddie wrote the receipt. After Yue Feng read it, he felt that there was no problem, so he put away the receipt and turned to leave.

At the foot of the mountain, I saw Olina and her subordinates waiting there neatly, but at this time, Lolita had not woken up.

"It's been hard work today!"

Yue Feng smiled at Olina when he got to the front, "Go back and rest!"

Hmm!

Olina nodded and left with her subordinates.

As soon as the forefoot left, Lolita woke up faintly.

"Yue Feng!" The moment she opened her eyes, Lolita

saw Yue Feng standing in front of her with a smile, and her body trembled: "You...why are you here?"

All around, I found myself at the foot of the barren mountain outside the city, and I suddenly remembered that I had been kidnapped before.

In response, Lolita was about to ask Yue Feng, and at this moment, she saw several figures walking down the mountain.

It's just a few barbarians.

Swish!

Seeing Man Xiong, Lolita's delicate body trembled, and she was so nervous that she quickly hid behind Yue Feng.

"Mr. Yue Feng!"

At this moment, Man Xiong approached and said respectfully to Yue Feng, "I have let that kid go, don't worry, that kid will not dare to go against you in the future!"

This...

see At this scene, Lolita was stunned.

What's the situation? This Man Xiong is ruthless and notoriously wicked, but at this time, he is so polite to Yue Feng?

Besides, Man Xiong has kidnapped himself!

What the hell is going on? What happened?

For a time, Lolita only felt her brain buzzing and her whole body was confused.

Noticing Lolita's expression, Man Xiong squeezed out a smile and explained carefully: "Miss Lolita, I really don't know. Sorry, we caught the wrong person earlier!"

Caught the wrong person?

Lolita frowned slightly and couldn't help but say, "Didn't you say that you had a holiday with Yue Feng?"

Uh...

Manxiong looked embarrassed, and quickly said: "It's all a misunderstanding, misunderstanding..."

At this time, Yue Feng waved at Manxiong: "Okay, stop talking nonsense, hurry up and leave! By the way, don't do things that hurt the world in the future, you know?"

I know, I know..."

Man Xiong nodded again and again, and then left with his subordinates.

Watching Man Xiong leave, the more Lolita thought about it, the more wrong it became.

“Yue Feng!” In the

next second, Lolita stared closely at Yue Feng and questioned, “What is your relationship with Manxiong, why is he so polite to you?”

When she said this, Lolita looked at Yue Feng’s eyes were full of scrutiny. At this time, he felt that the man in front of him seemed more and more difficult.

Chapter 3284

This...

Yue Feng scratched his head and said with a smile: “Man Xiong and I just met, but we’re not very familiar.”

“Just met?”

Lolita frowned, even more puzzled!

Yue Feng pondered for a while, and started talking nonsense: “How do you say, this man has always admired you very much, knowing that you are married to an unremarkable pharmacist, you are very unbalanced, like a lesson to me! That’s why he I’ll tell you that I had a holiday with me!”

Yue Feng knew that Lolita was full of doubts about what happened tonight, so she could only make up a lie at will.

Swish!

Hearing this, Lolita blushed instantly.

That savage man turned out to be his admirer.

Thinking to herself, Lolita couldn’t help but say, “If that’s the case, why did he kidnap me?”

Yue Feng thought while explaining: “Manxiong kidnapped you, in fact, he was testing me to see if I would ignore it. I will save you from everything, if I didn’t come today, I would be a coward and not worthy of you.”

“However, I’m here anyway, so Manxiong admires me as a real man and makes friends with me.”

Hearing this, Lolita nodded suspiciously, but couldn’t help but give Yue Feng a blank look.

This Yue Feng, who praised himself, is really thick-skinned. Thinking to herself, what did Lolita

think, she looked at Yue Feng without blinking, and asked softly, "You...are you really here to save me tonight?"

They were all in a coma and had no idea what was going on.

Yue Feng smiled and nodded!

"Why did you do this?" Lolita couldn't help but ask.

Yue Feng breathed a sigh of relief and said with a smile: "Fool, because I'm your husband!"

Phew!

At this moment, when she heard Yue Feng's answer, Lolita couldn't help trembling, and deep in her heart, there were ripples, a little moved, and a little shy.

In an instant, the atmosphere became subtle.

After a few seconds, Lolita reacted, blushing, and whispered: "It's getting late, let's go back!"

Hmm!

Yue Feng nodded and returned to the single family with Lolita.

....

Early the next morning, Du Men asked his servants to wake up Lolita and Yue Feng.

Yue Feng did what he said. Although he shared a room with Lolita, he always slept on the ground. When he learned that Du Men had something to do, he quickly got up to wash and went to the front hall with Lolita.

When he arrived, he saw Du Men's red face, and he was very happy.

"Haha.."

Seeing Yue Feng and Lolita coming in, Du Menxing hurriedly said: "Lolita, it's a good thing, the Mai Wei family just sent someone over, and the industries we cooperated with before, spices, Seafood... they all quit!"

"Now these industries are all owned by our Dumen family? Haha..."

When he said this, Dumen couldn't hide his excitement and laughed heartily.

You must know that these industries are very profitable. Before, the Maiwei family always wanted to squeeze out the Dumen family and enjoy these industries exclusively, but today, they suddenly announced their withdrawal, which is really surprising.

But in any case, the withdrawal of the Maiwei family is beneficial and harmless to the single family. Can you be unhappy?

What?

Hearing this, Lolita's delicate body trembled, and she was also inexplicably excited.

This kind of good thing happened early in the morning. Did the Maiwei family find out by conscience?

And Yue Feng, who was standing aside, also showed a smile on his face, but he was not too excited.

Of course, Yue Feng knew what was going on. He sang with Manxiong last night and forced Maddie to write down the evidence. He thought that this kid would delay the time, but he did not expect to take action so quickly.

Chapter 3285

At this time, excitedly, Du Men thought of something, and smiled at Lolita: "Lolita, you are the executor of the family now, and many things require you to come forward. Tomorrow noon, Pearl City There is an auction, and it is said that Earl Howey will be there, and our Dumen family has been invited, why don't you go and see it?" The auction?

Hearing this, Yue Feng's heart moved. There is also an auction in Roland Continent?

Lolita seemed to have lost interest and shook her head: "Grandpa, you know my character, I don't like that kind of occasion!"

Haha...

Du Men smiled and patiently persuaded: "Of course I know, but you are a family now. The executor, many relationships have to be maintained, why don't you show up?"

After speaking, Du Men looked at Yue Feng: "In this case, let Yue Feng accompany you! It's settled!" The

voice fell, Dumen touched Lolita's forehead and walked out of the living room with a smile.

Ugh!

Seeing this situation, Lolita sighed helplessly, and then said to Yue Feng: "Tomorrow to Pearl City, everything will follow my arrangement, you know?"

This kind of auction has gathered countless celebrities and nobles, and Yue Feng is just a door-to-door son-in-law, and he cannot let him lose the face of the family.

"Okay." Yue Feng nodded.

...

on the other side, the McWay family estate.

In the splendid room, Maddie sat there, smelling of alcohol, and his face was extremely gloomy.

I thought of using Manxiong to teach Yue Feng a lesson, but I never thought that it was self-defeating, and Manxiong actually helped Yue Feng deal with him. Not only that, he was also forced to write down documents and quit several industries, causing heavy losses to his family.

This whole day, Maddie has been drinking to vent.

"Master!"

At this moment, a servant outside the door respectfully said: "The guest is here!" The voice fell, the door was pushed open, and the servant walked in with a black robe.

This black-robed man, wrapped in black robes and wearing a black hood on his head, was hidden in the darkness, and his body was filled with a cold and powerful aura.

This person is called Leng Feng, a person from the Hall of Living Beings.

In the past two months, a secret killer organization has suddenly emerged in Roland Continent. It calls itself the Hall of All Living Beings and adheres to the principle of equality for everyone. As long as they give money, they will kill anyone.

Maddie suffered a big loss from Yue Feng, and the more he thought about it, the more angry he became, so he asked his subordinates to contact the Hall of Living Beings.

"Master Maddie!"

At this moment, Leng Feng looked at Maddie indifferently: "Who are you going to deal with?"

Maddie gritted his teeth and said, "That old Du Men, and Yue Feng." As

he spoke, Maddie pointed to the two boxes of gold coins beside him. : "This is the deposit. After the matter is completed, I will pay more commissions!"

At this time, Maddie's face was full of madness.

Mad, no matter what the backing is behind this Yue Feng, he must die, and the old man Du Men, don't think about it.

"Okay!"

Looking at the two boxes of gold coins, Leng Feng's expression did not fluctuate in the slightest, and he said lightly: "This order, we have accepted the order."

When he said this, Leng Feng's face was indifferent, but the whole body was filled with lingering words. A suffocating coldness.

.....

The next morning, Yue Feng and Lolita boarded the unicorn car and headed for Pearl City.

Pearl City is the capital of the Crescent Principality, as prosperous as Arendis.

After a three-hour journey, Yue Feng and Lolita arrived at the Rose Manor.

The Rose Manor is the private manor of Earl Howey, and this auction was held here.

At this time, I saw a lot of people gathered at the entrance of the manor. All of them were well-dressed. Those who were able to participate in this auction were all prominent celebrities and dignitaries in the Crescent Principality!

The ultimate husband in Chinese chapter 3286-3290

Chapter 3286

Swish!

At this moment, many men around, all focused on Lolita.

In order to participate in today's auction, Lolita deliberately dressed up, wearing a long white dress, giving people the feeling of being fresh and capable, gentle and charming.

“This is Miss Lolita of the Dumen family, right?”

“I heard that Miss Lolita is a first-class beauty, and she really is!”

“It’s a pity that she married a pharmacist, and the one next to her is her Husband? That son-in-law who came to the door? It looks nothing special!” The

surrounding discussions kept coming, and Yue Feng just pretended that he didn’t hear it.

On the other hand, Lolita’s face turned red and embarrassed.

If I knew this earlier, I wouldn’t bring him here.

Soon, the manor housekeeper came out to welcome the guests, and Yue Feng and Lolita entered the manor with many guests.

When I got inside, I saw that this manor was very big and luxuriously decorated everywhere.

When I arrived at an elegant courtyard, I saw an auction stand set up on the lawn, surrounded by dozens of elegant seats.

Yue Feng and Lolita found a seat and sat down.

“Yue Feng!”

After sitting down, Lolita looked around and asked Yue Feng, “Have you ever participated in an auction before?”

This chapter is provided by . Visit for daily update.

After a few days of getting along, Lolita felt more and more like Yue Feng. It is not simple. Behind the seemingly ordinary identity, it seems that there are many unknown secrets hidden.

“Understood!” Yue Feng responded with a smile.

Yue Feng had participated in several auctions in the Kyushu Continent before, and of course he was very familiar with it.

However, when the voice fell, I heard a sneer not far from the side: “An unremarkable pharmacist, a son-in-law who eats soft rice, also knows about the auction? It’s really ridiculous.”

Hearing the ridicule, Yue Feng and Luo Rita turned her head to look, and saw a young man sitting there with a cold and arrogant expression.

Matsuda?

The next second, Lolita frowned and her mood suddenly became worse.

Matsuda is also a family master in Pearl City, and has a good relationship with Maddie. Moreover, the two have similar tastes and often bully the weak in Pearl City, which has always made Lolita very disgusted.

At this time, seeing Matsuda at the auction, Lolita lost her mood instantly.

idiot!

Hearing Matsuda's mockery, Yue Feng chuckled and ignored it.

At the previous wedding with Lolita, Matsuda also came on behalf of the family. Yue Feng had seen it and knew it naturally.

Soon, the auction will begin.

Yue Feng noticed that this Roland Continent auction was similar to the one on the Kyushu Continent. The rules were basically the same, and the auction items were also some antiques and jewelry.

Several things were auctioned off in a row, and Lolita sat there with no interest. She came here to buy and shoot, just to socialize, and she didn't even think about taking pictures.

Yue Feng was also a little bored.

At this moment, a new auction item was presented on the stage. It was a white jade piece with some strange symbols engraved on it. Compared with the previous auction items, it was too ordinary and had no collection value.

Whoa!

Seeing this jade piece, everyone present sighed.

"What is this?"

"It's just an ordinary piece of jade, what is engraved on it?"

"This thing can also be auctioned?"

Under the discussion, everyone was indifferent.

Lolita, who was sitting there, also found it very boring.

Swish!

However, at this time, Yue Feng's eyes flashed, and he looked at the jade piece tightly, and his body trembled!

Yue Feng could clearly see that what was engraved on the jade piece was the ancient script of the Kyushu continent.

In the Roland Continent, you can find something in the Kyushu Continent, can you not be excited?

call!

Chapter 3287

After a few seconds, Yue Feng reacted, couldn't help taking a breath, couldn't hide his excitement!

He has already decided that if no one bids, he will buy the jade piece himself.

At this time, on the auction stage.

Listening to the complaints from the crowd, the man in charge of the auction said with a smile: "This piece of jade is of high quality, but the engraving on it is a little weird. This item was obtained by Earl Howey accidentally, and I don't know what it is for. Just take it out and put it up for auction!"

After saying that, the man looked around: "This piece of jade was auctioned at a low price of 1,000 gold coins, and the auction will start now."

1,000 gold coins?

Hearing this, many people around shook their heads and chuckled.

It's just a piece of jade, how can it be worth so much?

The guests present are all celebrities, powerful and well-informed. Who would be willing to bid on a useless thing?

For a while, the atmosphere was a little cold, and none of the people present made a bid.

Seeing this situation, the man in charge of the auction was a little embarrassed, so he was about to take down the jade piece!

“I’ll give you a thousand gold coins!”

However, at this moment, a faint voice sounded, it was Yue Feng!

Swish!

In an instant, the eyes of the audience converged on Yue Feng.

This. . . This door-to-door son-in-law wants to bid for this jade piece?

Have a problem with your brain?

“Ha ha...”

Finally, Songtian , who was sitting not far away, was the first to react and laughed loudly at Yue Feng: “One thousand gold coins, buy a jade tablet, should you take medicine?” Abuse, he continued: “Also, you are a son-in-law who comes to the house, can you get a thousand gold coins? You won’t let your wife pay for you?”

Haha... The

voice fell, and the surrounding was full of laughter.

Seeing this scene, Lolita couldn’t help but pull Yue Feng: “Why are you buying this jade piece?”

“I’m useful!” Yue Feng responded seriously: “Don’t worry, I won’t let you pay, a thousand Gold coins, I can get them out!”

Hearing this, Lolita was very anxious.

One thousand gold coins is not a small amount, and since Yue Feng has no source of income, how can he get it?

I thought, Lolita was about to ask, but because of the current situation, she held back.

“This gentleman!”

At this moment, the man in charge of the auction looked at Yue Feng in surprise: “Are you sure you want to bid on this jade piece?”

No one bid for this jade piece, and he was about to give up, but he didn’t. Thinking that this door-to-door son-in-law actually made an offer, I was really surprised.

Yue Feng nodded: "Yes, I'll give you a thousand gold coins!"

"Okay..."

The man in charge of the auction nodded with a smile: "It seems that this gentleman has a very unique taste, a thousand gold coins, this thing is yours That's it."

After saying that, the man looked around: "I don't think anyone is bidding, right?"

As soon as he finished speaking, he heard a voice: "Who said no one bid?"

It was Matsuda!

At this time, Songtian gave Yue Feng a playful look, and said loudly: "I bid two thousand gold coins!"

Yes, Songtian was not optimistic about this jade piece, but when he saw that Yue Feng was going to bid, he deliberately raised the price.

Whoa!

The voice fell, and there was an uproar around.

Yue Feng was also stunned for a moment, his eyes and Matsuda looked at each other, and a faint anger rose in his heart.

Mad, this idiot has a sick mind!

"Everyone!"

At this time, the man in charge of the auction shouted excitedly: "Master Matsuda from Pearl City, offered two thousand gold coins, is there anyone else who has increased the price?"

Chapter 3288 The

voice fell, and everyone around looked at each other, and no one responded.

They could all see that Songtian's bid just now was deliberately aimed at Yue Feng.

Swish!

For a time, everyone's eyes were focused on Yue Feng, and every face was full of jokes!

"Oh!"

At this time, Songtian looked at Yue Feng with a half-smile, "Son-in-law, do you still have money to increase the price? If it's not enough, ask your wife to ask for it, haha..."

Yue Feng ignored him and gently He breathed a sigh of relief and shouted, "I'll give you 10,000 gold coins!"

Today, no matter what, I want to get this jade piece.

What?

When the voice fell, there was a sudden exclamation around, and everyone was stunned.

This jade piece is not worth 500 gold coins. The son-in-law who came to the door actually sold 10,000 gold coins. You must know that the highest price of the previous auction items was only 8,000 gold coins, and this jade piece, he actually sold 10,000 gold coins. .

Crazy?

At the same time, Lolita, who was sitting beside her, trembled, and couldn't help but say, "Yue Feng, are you crazy? How can you have 10,000 gold coins? Also, what's so special about this jade piece?"

Yue Feng smiled lightly: "I can read the words above!"

What?

Hearing this, Lolita was stunned.

he. . . Can he read the words on it?

"Ha ha..."

At this moment, Song Tian, who was not far away, also reacted, and couldn't help sneering at Yue Feng: "It's really interesting, it's just an ordinary piece of jade, and this son-in-law who came to the door is also regarded as a treasure!

" For those who are soft-hearted, let his wife help him with 10,000 gold coins and buy a piece of jade."

After taunting a few words, Matsuda waved his hand: "Since they want to buy 10,000 gold coins, I don't want it!"

When he said this, Matsuda looked smug. He didn't really want to bid for this jade piece at first, just to raise the price. Now that the goal has been achieved, he naturally stopped shouting.

call!

At this moment, everyone looked at Yue Feng, each with a playful expression, as if they saw a bad guy.

"Everyone!"

At this time, the man in charge of the auction shouted excitedly on the stage: "This gentleman has bid 10,000 gold coins, is there anything else to increase the price?" The voice fell, and there was a sudden boing around, all of them were impatient.

"It's alright, alright, let's drop the hammer!"

"That's right, no one has increased the price, so don't waste your time!"

Amid the urging of the crowd, Matsuda also shouted: "Hurry up and sell it to this son-in-law who came to the door, who else but him? Will you be foolish to spend money on this useless thing?"

Haha. . .

Many people laughed again.

The surrounding laughter came, Yue Feng just pretended not to hear it, stared at the jade piece, and was secretly relieved.

Mad, finally got the auction successfully.

At this time, the man in charge of the auction ordered someone to wrap the jade pieces, and then began to bid for the next exhibit.

At this time, Song Tian had a playful look on his face, and shouted at Yue Feng: "My son-in-law, you are very courageous. It cost 10,000 gold coins, but can you get the 10,000 gold coins? Would you like to beg me? , I can lend you some!"

Yue Feng looked at him quietly, and said lightly: "Thank you for your kindness, no need!"

Hehe!

Matsuda sneered and stopped talking.

At this time, Lolita couldn't help but say, "Yue Feng, where did you get ten thousand gold coins?"

Chapter 3289

"Don't worry!" Yue Feng's face was light and cloudy, and he said with a smile: "I have a way." The pirates on Devil Island were exterminated before, and the biggest treasure trove inside was sealed by Yue Feng. , 10,000 gold coins are just a drop in the bucket.

Seeing Yue Feng's serious face, Lolita stopped talking.

.....

This moment, the other side!

Pearl City, in the Dumen family garden.

Du Men dressed in loose casual clothes, sitting by the pond, fishing leisurely!

All the family business was handed over to Lolita, and Du Men was relaxed and could enjoy the happiness.

"Mr. Du Men?"

Just as he was at ease, suddenly, a cold voice came from behind.

Du Men was stunned for a moment, and immediately turned around to see that a man in a black robe was standing quietly behind him, his whole body was filled with a gloomy and cold aura, like a dormant poisonous snake.

The man in black robe is the killer hired by Maddie, Leng Feng of the Hall of Living Beings.

"You..."

Finally, Du Men reacted and looked up and down the black robe man: "Who are you?"

Leng Feng was expressionless, and said lightly: "Mr. Du Men, have you heard of the Hall of Living Beings?"

Hall of Living Beings?

Hearing this, Du Men's heart was shocked, and he suddenly panicked. The Hall of All Living Beings is a secret killer organization that has recently emerged. How could he not know?

In the next second, Du Men couldn't help but say, "What are you doing in the Hall of Living Beings looking for me?"

Leng Feng said lightly: "Of course someone paid for us to deal with you, but before I take action, I hope you can cooperate and tell me the origin of that Yue Feng!"

After being entrusted by Maddie, Leng Feng began to investigate Yue Feng. Feng, the result was nothing, this Yue Feng, like suddenly appearing in this world, is very mysterious.

However, Yue Feng is the son-in-law of the Dumen family, and the old man of Dumen must know his origin.

"You want to deal with Mr. Yue Feng?" Du Men was shocked and angry, and said coldly: "I think your Hall of Living Beings is beyond your control. I know the origin of Yue Feng, but I will never tell you, please leave me immediately. Manor!" The

voice was not loud, but there was no doubt.

He promised Yue Feng that he was tight-lipped about his origins, and naturally he had to do what he said.

More importantly, Yue Feng promised himself that he would protect Lolita for three years, help her stabilize the Dumen family, and he would not betray him.

Swish!

Seeing Du Men's refusal to cooperate, Leng Feng's eyes flickered with coldness, and he said coldly, "If you don't cooperate, don't blame me!" The

voice fell, Leng Feng took out a packet of powder from his body, raised his hand and sprinkled it in front of Du Men's face.

At this moment, Du Men wanted to dodge, but Leng Feng's shot was too fast to dodge.

hum!

In an instant, after inhaling the powder, Du Men's body trembled, and he felt that the world was spinning. What was even more surprising to him was that his hands and feet seemed to be out of control.

What are these powders?

At this time, Du Men was very frightened, and at the same time, his consciousness gradually became blurred.

Leng Feng stood there quietly, without the slightest emotion on his face, and silently chanted a spell in his mouth.

Whoa whoa. . .

At this time, Du Men was completely confused, his eyes were empty, and his face was dull. After hearing those incantations, Du Men stepped forward and walked slowly towards the pond.

In just a few seconds, Du Men's whole body was submerged in the pool water.

Yes, the powder used by Leng Feng is a special kind of magic medicine. As long as you inhale it, you will lose consciousness and your body will be controlled.

"Interesting!"

At this time, Leng Feng was expressionless and said to himself: "This old man Du Men would rather die than tell the origin of Yue Feng. It seems that this Yue Feng is indeed unusual, but he is loved by all of us. If the temple is watching, you can't escape death."

After saying this, Leng Feng looked at the pond and made sure that Du Men had been drowned, so he quickly turned and left.

Chapter 3290

Not long after Leng Feng left, Du Men's body also floated up from the pond.

hiss!

At this time, a passerby saw it, his face turned pale with fright, and his legs were weak.

"Someone...Old...Master is dead..."

After a few seconds, the servant screamed in horror, and the entire manor was in chaos.

.....

the other side!

Pearl City, in the Rose Manor.

The auction was about to end. At this moment, there was a commotion in the crowd, and a man in a gorgeous robe was seen walking slowly, accompanied by the guards.

The man is about forty years old, with a gentlemanly and elegant manner, and a powerful aura pervades his body.

It is the owner of the Rose Manor, Earl Howey.

“Your Excellency Earl, long time no see!”

“The Earl is really the same.”

“I have seen Your Excellency Earl!”

Seeing the appearance of Earl Howey, everyone present rushed forward to say hello! You must know that Earl Howey is the head of the guard of Pearl City. He is the most powerful person in the Crescent Principality under one person and more than 10,000 people. Except for the king, everyone present is trying their best to curry favor.

Yue Feng and Lolita stood aside, watching quietly.

“Everyone!” In

the face of everyone’s compliments, Earl Howey showed a smile and said slowly: “I’m a little late, I’m sorry everyone. I heard that today’s auction was very successful and exciting.”

When the words fell, Matsuda couldn’t help laughing and said: “It’s really wonderful, there is a fool who spent ten thousand gold coins to buy an ordinary jade piece, can’t it be wonderful?”

Haha... The

voice fell, and many people around He laughed and looked at Yue Feng in unison.

In their hearts, Yue Feng spent 10,000 gold coins to buy that jade piece, which was completely out of his mind.

Nima!

Seeing Matsuda picking up trouble again, Yue Feng secretly frowned and became angry.

This idiot is over, isn’t it?

Swish!

At this time, Earl Howe couldn’t help but looked at Yue Feng and said curiously, “This is a very good-looking friend, I don’t know where he is from.”

“Your Excellency Earl, my name is Yue Feng!” Yue Feng replied.

At this time, Matsuda answered again: “Your Excellency, the son-in-law of the Dumen family in Pearl City at this time. It is said that before he joined the Dumen family, he was just a poor pharmacist.”

Hearing this, Earl Howey nodded. He looked away from Yue Feng.

A door-to-door son-in-law, nothing worth noting.

“Your Excellency Earl!”

At this moment, someone in the crowd shouted: “I haven’t seen Your Excellency Earl for a long time. I have shown alchemy. It’s so lively today, can it open our eyes?”

” The field suddenly boiled, and everyone’s eyes were focused on Earl Howey, with incomparable expectations.

alchemy?

Hearing this word, Yue Feng was stunned.

At this time, Yue Feng did not know that the alchemy of Roland Continent was the metal casting of the Kyushu Continent, and the alchemist was also the forging division.

Earl Howey has a distinguished status and is also an alchemist. He has a unique understanding of alchemy since he was a child. Before he was named an earl, he had a good achievement in alchemy.

Of course, the reason why these people present were so enthusiastic was not to see Earl Howey’s alchemy, but to please and flatter him.

Especially Matsuda, when he walked up to Earl Howey at this time, he complimented him: “I have never seen the alchemy of Your Excellency the Earl. If I am lucky enough to see it today, it will be worthwhile to come to Pearl City this time.”

The ultimate husband in Chinese chapter 3291-3300

Chapter 3291

Hehe...

Earl Howe enjoyed the feeling of being sought after, showing a smile, and said slowly: "Okay, since everyone is so enthusiastic, then I will show my shame once." After

speaking, he rushed. The man behind him waved his hand and asked them to prepare the necessary utensils.

After a while, the alchemy table was ready.

Yue Feng saw that the alchemy platform in front of him was similar to the military forging platform in the Kyushu mainland. It was almost the same. In the Yellow Sea Continent's Famous Sword Villa, Yue Feng had been to the Forging Sword Valley, and the forging platform there was similar to the one in front of him. .

Seeing this, Yue Feng couldn't help but muttered: "This is to cast weapons on the spot?" The

voice fell, and Lolita next to him couldn't help but whisper: "It should be, we Roland Continent, alchemists are very rare, listen to It is very rare to say that this Earl Howell is not only a high-ranking man, but also has a unique accomplishment in alchemy!"

When he said this, Lolita's tone was calm, but there was a bit of admiration in her eyes.

Yue Feng nodded, stopped talking, and quietly looked at the alchemy platform.

At this time, Haowei stood on the alchemy platform, looked around, and said with a smile: "During this time, I have a new understanding of smelting the great sword, so I will make a great sword on the spot." The

voice fell, Howe picked out several metal materials and began to smelt and forge. It can be seen that every step is very smooth, and the movements are more smooth.

Phew...

Seeing this scene, everyone present couldn't help but admire.

"So skilled, His Excellency the Earl is really amazing!"

"It's really eye-opening..."

This chapter is provided by . Visit for daily update.

During the discussion, the eyes of many girls also flickered with admiration.

The discussions of the surrounding people did not affect Earl Howey. Soon, after the metal was melted, it was poured into the embryo mold to form the original sword embryo.

Immediately afterwards, Earl Howey began to forge and strike the sword embryo.

Seeing this, Yue Feng couldn't help but nodded secretly.

This Earl of Howe really knows the art of forging, but it is not as good as the Famous Sword Villa in the Kyushu Continent.

Chi Chi...

At this moment, Earl Howey forged dozens of times and put the sword embryo into water for cooling treatment. With a burst of smoke rising, I saw that the great sword was already formed.

At this time, Earl Howey began to sharpen the blade. After just ten minutes, after installing the hilt, a great sword with a flickering cold light appeared in front of everyone.

Whoa!

At this moment, everyone present was extremely excited and exclaimed in amazement.

"What a great sword!"

"Your Excellency the Count's alchemy has really improved a lot. I admire it."

In admiration, everyone stared at the big sword, almost unable to look away.

At the same time, Lolita, who had been in no mood for a while, couldn't help but praise her: "It is said that Earl Howie's alchemy is very outstanding. When I see it today, it really lives up to its reputation!" As

she spoke, Lolita tilted her head. Directed at Yue Feng: "What do you think?"

Huh!

Yue Feng breathed a sigh of relief and said lightly, "Let's be so-so, it's okay!" When he said this, Yue Feng glanced at the great sword in Earl Howey's hand with a calm expression.

It's no wonder that Yue Feng doesn't like it. In the Kyushu continent, weapons are divided into seven levels of red, orange, yellow, green, blue, blue, and purple.

On Yue Feng, Fang Tianhuaji, who was comparable to a divine weapon, naturally wouldn't put a big sword in his eyes.

Yue Feng's voice was not loud, but many people around him heard it.

Swish!

At this moment, dozens of pairs of eyes converged on Yue Feng, and they were both shocked and irritated.

This door-to-door son-in-law actually said that the great sword smelted by the earl was like a great sword?

Chapter 3292

"Alas!"

Finally, Matsuda was the first to react and mocked Yue Feng: "What right do you have to comment on the great sword of Your Excellency Count, do you know alchemy? I'm afraid it's the first time I've seen the alchemy platform. Right?" As soon as

the voice fell, everyone around him also laughed.

"That's right, a son-in-law who comes to the door is really shameless!"

"I don't know and pretend to understand, this guy has a problem with his brain!"

"No? Otherwise, he wouldn't spend 10,000 gold coins to buy a useless jade piece."

Everyone The ridicule, you sent me a sentence, and Lolita was so anxious that she pulled Yue Feng's arm: "Don't talk nonsense!"

This Yue Feng is really unruly, and he judged Earl Howey indiscriminately. The great sword that has just been smelted.

Yue Feng smiled and signaled to Lolita not to be nervous.

"Interesting!"

At this time, Earl Howey looked closely at Yue Feng and couldn't help laughing: "Your name is Yue Feng, right? You said just now that the great sword I just smelted is just like that, why? You know it too. Alchemy?"

When he said this, Earl Howey's expression was indifferent, but his heart was a little angry.

A door-to-door son-in-law dares to question his own alchemy, he really knows nothing.

Yue Feng smiled lightly: "I understand a little bit!"

After saying that, Yue Feng pointed at the big sword and continued: "Your Excellency the alchemy skills of the Count are decent, but he still lacks some experience, this big sword is flashy, just a decoration. The quality is alright, but if you use it in actual combat, I'm afraid it's useless!"

Yue Feng said it right, compared with the weapons of the Kyushu mainland, this great sword is mediocre.

Whoa!

Hearing this, there was another uproar around.

Matsuda couldn't help shouting: "Yue Feng, is your brain sick? It's your turn to comment on the great sword of Your Excellency the Earl, so don't pretend to understand!"

"Listening to what you said, you really have a lot of research on alchemy, so let's smelt a sword on the spot and let everyone see your alchemy."

When he said this, Earl Howey endured it. anger.

This guy, dare to despise his alchemy so much, don't give him some color, what kind of prestige will he have in the future?

At this moment, everyone's eyes focused on Yue Feng.

Dare to question the count's alchemy, this son-in-law will be out of luck.

Everyone present at this time thought that Yue Feng did not dare to agree. After all, he was just a door-to-door son-in-law, so what kind of alchemy did he know?

Lolita was also in a hurry, and hurriedly said to Earl Howey: "Your Excellency, I'm really sorry, Yue Feng is just talking nonsense, he..."

Seriously, Lolita knows that Yue Feng is not an ordinary person, he His medical skills are indeed miraculous, but alchemy, not everyone can do it.

Just before he finished speaking, he was interrupted by Yue Feng!

"Okay!" Yue Feng showed a smile and said to Earl Howell, "Then I'll give it a try!"

When he was in Famous Sword Villa before, Yue Feng had seen the Ye family's skillful craftsmanship, how to forge swords , Moreover, Yue Feng is a famous alchemist in the Kyushu mainland. You must know that refining medicine pills and casting weapons have the same effect.

Under this kind of looting, Yue Feng forged a sword, which was a piece of cake.

What?

At this moment, everyone around was stunned.

This door-to-door son-in-law actually agreed?

“Haha...”

At this moment, Matsuda laughed loudly, looking at Yue Feng's eyes, full of sarcasm: “Interesting, a son-in-law who comes to the door dares to compare alchemy with His Excellency the Earl, I really don't know where your confidence comes from!”

Said, Matsuda did not forget to compliment Earl Howie: “Your Excellency, this kid has a problem with his brain, just shoot it out!”

In Matsuda's heart, he did not think that Yue Feng could smelt swords, and the reason why he had to smelt in public was just because Just grandstanding.

Chapter 3293

How can such a clown be qualified to stay here?

Swish!

At this moment, the eyes of everyone around also fell on Earl Howey, waiting for his response.

Earl Howey waved his hand, not listening to Matsuda's advice. The next second, Earl

Howey looked at Yue Feng quietly, and said with a chuckle: “Very well, I don't see that you are quite courageous, so I will give you a chance.”

Turning around, he continued: “As long as you can also develop a great sword, and it is better than mine, you will be my honored guest in the future, but if you can't smelt it, then you Dumen family, you are not allowed to step into the Pearl City in the future! “

When he finished the last sentence, Earl Howey had a smile on his face, but his eyes flashed coldly.

“Okay!” Yue Feng nodded without thinking.

When the words fell, Yue Feng breathed a sigh of relief and walked slowly to the alchemy platform!

Subsequently, Yue Feng began to carefully select smelting metals and materials.

Haha...

Seeing his serious look, many people onlookers couldn't help but chuckle.

Obviously don't understand, but also pretend to be the same.

At this moment, Matsuda was also full of sneer, and couldn't help but said to Yue Feng: “The alchemy materials of Your Excellency Count have been carefully selected, you choose slowly, don't be blinded!”

Yue Feng Ignore it and continue to select materials.

Yue Feng knows that casting weapons, like alchemy, requires precise proportions of materials. Not only that, but also the need to control the heat, each of which is essential.

And Earl Howey, who was standing there, saw Yue Feng's serious face, and couldn't help frowning secretly.

Earl Howey saw that every material Yue Feng selected was very serious.

Could it be... This door-to-door son-in-law really knows alchemy?

But... several of the materials he selected are rare metals. These metals are very hard, can they be fused together?

At this moment, Songtian pointed at Yue Feng and shouted again: “I don't think he understands anything. To build a big sword, even adding so many rare metals, the sword embryo cannot be formed, it is a complete waste of materials! “

Although Matsuda does not understand alchemy, he has seen many alchemists smelting weapons.

At this time, Yue Feng was completely foolish in his eyes.

The voice fell, and many people around also nodded!

“Yes, I don't understand at first glance!”

“It's completely messed up!”

“Oh, what a waste of time and materials.” When

everyone’s comments came, Lolita was also nervous, and her heart was about to jump out. .

He really knows alchemy, but he’s still fooling around.

If he really wants to lose, the entire Dumen family will be implicated by him, and they will not be able to come to Pearl City in the future.

Under the strange eyes and discussions of the people around, Yue Feng was not affected at all. After selecting the materials, he began to smelt and then poured into the mold.

After a while, a perfect sword embryo was taken out by Yue Feng.

What?

Seeing this scene, both Earl Howey and the people around them all widened their eyes.

The selection of materials was messed up just now, but in the end, the sword embryo was successfully smelted?

Good luck at this time, Meng, right?

Just when everyone was extremely surprised, they saw Yue Feng brandishing the hammer and starting to forge the sword embryo. You must know that forging is the most critical part of casting weapons.

Chapter 3294

At this time, Earl Howey’s eyes gradually became solemn!

He clearly saw that although Yue Feng Forging’s action of hitting the sword embryo was not particularly professional, the impact of the hammer was accurate and the strength was just right!

Unknowingly, Yue Fengduan struck the sword embryo dozens of times, and at this moment, beads of sweat appeared on his forehead.

call!

Finally, Yue Feng stopped and smiled at Earl Howey: “Your Excellency, can you ask your people to help me get some soil.”

Mud?

Hearing this, Earl Howe was stunned: "What do you want soil for?"

When he said this, Earl Howe couldn't help but look at the sword embryo in Yue Feng's hand, which had already been forged for dozens of times. After many times, only the last step of quenching is left, but he actually wants soil? It's really mind blowing!

Yue Feng smiled mysteriously: "Wait for Your Excellency the Earl to find out!"

At this time, Songtian next to him couldn't help but sneer: "Okay, don't pretend, you still need soil to smelt a big sword, do you think playing the family? "

Yue Feng ignored it!

At this time, Earl Howey reacted and ordered his servants: "Go, get some dirt!"

Matsuda was a little anxious and wanted to stop, but seeing the serious look on Earl Howe's face, he held back. !

After a while, the servants brought dirt.

Yue Feng got some water, mixed the soil a few times, and put it aside.

Afterwards, Yue Feng picked up the sword embryo and began to sharpen the blade.

This....

Seeing this scene, both Earl Howey and everyone around were stunned.

At this time, the sword embryo has just cooled, and it has not been quenched in water before it starts to be sharpened? This is too random.

Also, what did he use to get people to get dirt?

Just when everyone was secretly suspicious, they saw that Yue Feng put the long sword with an edge on the fire again to burn it red, and then smeared the thin mud on the sword.

That's right, what Yue Feng used was the most miraculous technique of covering the soil and burning the blade in the Kyushu continent. With this process, the degree of the blade of the blade can be enhanced, as well as the rigidity and sharpness of the blade.

What?

However, seeing this scene, everyone around was shocked.

What the hell is this son-in-law doing?

Even smearing the sword with mud, is this considered a play? In Roland Continent, there is no such thing as covering the soil and burning the blade when smelting weapons, so they all felt that Yue Feng was making a fool of himself.

Earl Howe also had a complicated expression, but he keenly discovered that Yue Feng's smearing technique was very particular. The mud on the sword body smeared the shape of waves, which seemed to be very low-end, but it was very beautiful.

Chi Chi...

At this moment, Yue Feng smeared the mud and put the long sword in cold water to quench it. After that, Yue Feng cleaned the mud on the sword and polished it for the last time!

hiss!

At this moment, everyone looked at the long sword in Yue Feng's hand and couldn't help exclaiming.

It was seen that an exquisite long sword appeared in front of everyone, the sword body was sharp, and the blade showed a wavy texture, reflecting a colorful halo in the sunlight.

"Looks great!"

"It turns out that he used soil just now to reduce the different textures on the blade!"

"It's really beautiful!"

Listening to everyone's discussion, Lolita was also trembling, staring at Yue Feng blankly, speechless.

Unexpectedly, he really understands alchemy!

call!

Yue Feng was also secretly relieved.

I didn't expect that the first time I made a sword, the result was not bad.

At this moment, not only Matsuda was stunned, his face was incredulous.

He really succeeded in smelting out a big sword.

Chapter 3295 The

next second, Matsuda reacted and said with a sneer: "What about the appearance? It seems that it has not been used by His Excellency the Earl. I am afraid that it will break if you touch it, and it will be flashy!"

Yue Feng smiled and said nothing!

"Someone!"

At this moment, Earl Howey reacted, called for a servant, and struck the great sword he forged.

I made a bet with Yue Feng just now that as long as the sword that Yue Feng made was stronger than the one made by himself, he would be treated as a guest.

Soon, his subordinates beat the big sword over, and at the same time, Yue Feng also handed over his long sword.

call!

At this moment, the audience was silent, and all eyes were focused on the two swords.

Especially Lolita, she was so nervous that she could barely stand still. Although Yue Feng successfully smelted the sword, it might not be stronger than the great sword of Earl Howell, which is still unknown.

If they lose, the Dumen family will also be implicated.

"Hey!"

At this time, Songtian mocked and shouted at Yue Feng, "Get ready to leave Pearl City!"

Although this Yue Feng had forged a long sword, he was only lucky, and he was the same as the count. Compared with the sword, there is only a disastrous share.

Yue Feng ignored Song Tian's mockery!

Bang...

At this moment, under the signal of Earl Howey, the two servants each held two swords tightly and collided fiercely. They heard a crisp sound, and in an instant, everyone present was dumbfounded. !

I saw that the great sword smelted by Earl Howey was cut in two directly, and the fracture was smooth and flat, like a piece of tofu that was cut open.

However, the long sword smelted by Yue Feng was completely intact, and there was not even a slight crack on the blade.

quiet!

At this moment, the audience was silent, and a drop of a needle could be heard clearly.

Everyone was dumbfounded.

This... the long sword smelted by this son-in-law at the door is so sharp? With such ease, he cut off the Count's sword.

Simply incredible!

If you hadn't seen it with your own eyes, who would have believed it?

At this time, Yue Feng showed a smile, looked at Earl Howey and said, "Your Excellency, you are embarrassed. I won the bet just now!"

This...

At this time, Earl Howey looked very embarrassed.

A few seconds later, Earl Howey forced a smile, nodded and said, "Yes, Mr. Yue Feng won the bet just now. From now on, you will be my VIP!"

Hearing this, everyone around also responded. Come here, there is an uproar.

I thought that this son-in-law would make a fool of himself in public, but in the blink of an eye, he would become the distinguished guest of Earl Howey.

Especially Matsuda, who stared at Yue Feng closely at this time, his eyes were full of jealousy.

Mad, originally thought of using Earl Howey's hand to teach this guy a good lesson, but he never imagined that he really knew alchemy, and his attainments seemed to be higher than that of Earl Howey.

At this moment, Lolita only felt that her legs were softening, and she looked at Yue Feng without blinking, unable to calm down for a long time.

This Yue Feng has excellent medical skills, and at this time, he also has such high attainments in alchemy that even Earl Howe lost to him. What secrets does this man have that he does not know.

"Haha..."

At this time, Earl Howie came over with a big laugh and grabbed Yue Feng's shoulder: "Mr. Yue Feng's alchemy is really eye-opening, can you tell me what you just did? What is the name of smearing mud on the sword?"

When he said this, Earl Howey put down his arrogance, and his eyes were full of anticipation.

Although he is an earl, Howe has an almost crazy obsession with alchemy. At this time, seeing that the long sword smelted by Yue Feng is so tough and sharp, he naturally needs to ask clearly.

Yue Feng smiled slightly and said, "This is called burning the blade covered with soil."

When he said this, Yue Feng's face was indifferent, but his heart was secretly funny.

Just a piece of earth-covering and burning a blade can make this Haowei so excited. You must know that in the Kyushu mainland, the process of covering the earth and burning a blade is quite common.

The ultimate husband in Chinese chapter 3296-3300

Chapter 3296

Covering the soil and burning the blade?

Hearing this, Earl Howey was stunned.

It was the first time that I had heard of this kind of craftsmanship after being an alchemist for so many years.

Seeing his expression, Yue Feng smiled slightly, and explained the process of covering the soil and burning the blade in detail.

At this moment, Earl Howey was overjoyed and couldn't help but praise again and again: "Amazing, amazing, I really think that Mr. Yue Feng has such high attainments in alchemy." With

that, Earl Howe rushed towards the man behind him. The man ordered: "Quick, prepare the banquet immediately, I want to treat Mr. Yue Feng well!"

Earl Howey was very obsessed with alchemy. At this time, he learned a new smelting technique from Yue Feng, and he was almost overjoyed.

Soon, the banquet was ready, and Yue Feng was directly named as a guest by Earl Howey and sat in the most conspicuous position.

As Yue Feng's woman, Lolita was naturally treated specially.

call!

Seeing this scene, both Matsuda and the other guests present were envious.

At the banquet, Earl Howe kept pouring wine for Yue Feng and asked about alchemy. Yue Feng talked freely and talked about a lot of casting techniques in the Kyushu Continent, and Earl Howe was amazed again and again.

Of course, Yue Feng did not mention the continent of Kyushu, but only said that these casting techniques were all learned from an ancient book.

The banquet lasted for several hours.

After the guests left, Earl Howey deliberately left Yue Feng behind to continue discussing alchemy. It was not until the evening that he personally sent Yue Feng and Lolita out of Pearl City.

This chapter is provided by . Visit [for](#) daily update.

...

on the other side, the Sundial Principality.

A few days ago, Miao Ying helped Sunset City defeat the army of the Crescent Principality and kept Sunset City, but Abel, the owner of Sunset City, mistakenly thought it was the goddess of light.

Afterwards, Abel informed the king of Zuri Duchy of the news. The king was very excited and ordered Abel to take Miaoying to the royal city for an audience.

At this time, accompanied by Abel, Miaoying came to the royal city of Zuri Duchy.

When she entered the royal city, Miao Ying didn't feel any excitement in her heart when she saw the splendid building. She didn't want to come, but she thought that she had been searching for so many days by herself, and there

was no clue from Yue Feng. Perhaps with the help of the power of Zuri Principality, she could gain something, so she came here.

The knights in armor stood respectfully on both sides. On the throne in the hall, sat a middle-aged man, dressed in golden robes, with a powerful aura!

It is the king of the Sundao Principality!

Swish!

At this moment, as soon as Miao Ying appeared, the eyes of everyone in the hall converged.

beautiful!

so beautiful!

Even the king stared at Miao Ying blankly, his eyes straightened.

At this time, Miao Ying, dressed in a pure white dress, under her graceful posture, was indescribably extraordinary and refined, like a white lotus that was not stained with mud, so that she could not afford the slightest blasphemy in her life.

“Your Majesty.”

At this moment, Abel stepped forward and said respectfully: “Respected goddess of light, I have brought it here! Thanks to the help of goddess of light, Sunset City was able to defeat the army of the Crescent Principality!”

“Okay, too All right..”

The king showed a smile and nodded excitedly: “It is an honor for me to be favored by the Goddess of Light!”

After speaking, the king stepped down from the throne very excitedly, came to Miaoying, and said politely: “Dear Goddess of Light, what can I do for you?”

At the same time, many knights in the hall also bowed 90 degrees to Miao Ying.

Chapter 3297

Call!

Seeing this scene, Miao Ying bit her lip lightly and said, “Your Majesty, in fact, you have misunderstood, I am not the goddess of light! Before, I was just passing by Sunset City and saw the soldiers of the Crescent Principality, mutilating the people, so I just Ca n’t help but help!”

What?

When the voice fell, whether it was the king or Abel and others, they were all stunned!

She.. she is not the goddess of light?

“This...”

Finally, Abel was the first to react, looking at Miao Ying puzzled: “Dear Goddess, please stop joking, you killed the commander-in-chief of the Crescent Army, Eli, with one move. Ke, many people saw it at that time. Besides you, who else has such a powerful power?”

“I’m really not the goddess of light!” Miao Ying’s delicate face was very serious: “My real name is Miao Ying, What you cultivate is a power completely different from holy power, so in your eyes, it looks a bit bizarre.”

Miaoying is kind-hearted and does not want to pretend to be the goddess of light all the time, so she clarified in public at this time.

call!

At this time, the king also reacted and smiled slightly: “It turned out to be a misunderstanding, but it doesn’t matter, this beautiful lady helped us to defend the Sunset City, and is our friend of the Sunzhang Principality.”

Although a little embarrassed, the king is also a big man. Those who are saved are not angry!

Hearing this, Miao Ying breathed a sigh of relief, and then asked: “Your Majesty, I have been looking for a person named Yue Feng recently, but I have no clue. I beg your Majesty to help!” The

king pondered, his eyes flickering. Continuously, smiling: “I can promise you, but you also have to promise me a condition.”

Great!

Seeing the king’s agreement, Miao Ying was very happy, and quickly said: “What conditions does Your Majesty have?”

“

The king laughed: “My condition is very simple. I want you to follow my army of the Sun-Driving Principality to conquer other principalities in the name of the Goddess of Light!”

When he said this, the king had a smile on his face, but a twinkle in his eyes. cunning.

For hundreds of years, the six principalities of the Roland Continent have been fighting against each other constantly. No matter which principality is the ruler, they want to unify the entire continent, and the same is true for the king of the Daily Principality.

However, the strength of the six principalities is equal, and it is too difficult to unify.

However, if there is the support of the Goddess of Light, it will be different. You must know that the entire Roland Continent believes in the Goddess of Light. At that time, as long as the Goddess of Light appears in the army, it will be easy to sweep other principalities.

What?

Want me to pretend to be the goddess of light?

At this moment, Miao Ying's delicate body trembled, and her delicate face could not hide the resistance.

The goddess of light, but the goddess of justice that this continent believes in, has a detached status, and she is just a fairy from other worlds. If you continue to pretend, it will be inappropriate.

But if he didn't agree, the king would not help him find Yue Feng.

"Beautiful Miss Miaoying!"

Seeing Miaoying's hesitation, the king smiled slightly and said slowly: "You have also seen that the six major duchies are constantly fighting, and the people have been living in dire straits. Only when the entire continent is completely unified can this be achieved. Complete tranquility, you pretended to be the goddess of light, it seems disgraceful, but you are also doing good things for the people of the whole continent."

Phew!

Hearing this, Miaoying pondered, nodded and said, "Well, I promise you!"

Haha...

Seeing her finally agreeing, the king was very excited, and immediately ordered Abel: "Quick, spread the word immediately. When the news came out, it was said that the Goddess of Light fully supported the Sunrise Principality, and also, immediately prepare the army to march towards the Crescent Principality."

"Yes, Your Majesty the King!"

Abel responded quickly, and then quickly exited the hall.

Chapter 3298 On the

other side, Yue Feng and Lolita left Pearl City and returned to the Dumen family.

Um?

As soon as they returned to the family manor, Yue Feng and Lolita were stunned.

I saw that the entire family was terrifyingly silent, and the faces of every servant could not hide the sadness.

what happened?

Seeing this scene, Yue Feng suddenly had a bad premonition, and hurriedly took Lolita into the front hall!

Swish!

As soon as he entered the front hall, when he saw the scene inside, Yue Feng's body trembled, and his whole body froze completely. Lolita's body trembled even more, and she almost fainted.

I saw that in the center of the front hall, there was a crystal coffin with a figure lying in it, motionless.

It was Dumen.

Yue Feng saw that Du Men was swollen all over, his face was pale, and he had long since lost his breath.

"Grandpa....Grandpa...." Lolita shouted, threw herself in front of the crystal coffin, sobbing so hard that her tears kept streaming down.

At this time, Lolita never thought that she and Yue Feng just went to Pearl City, and something happened to her grandfather.

Yue Feng stood beside him, and he was indescribably sad. He clearly felt that Du Men's corpse was soaked in water so badly that it was almost unbearable to see.

"How could this be?"

Finally, Yue Feng reacted and looked around with red eyes: "What happened to the old man?" The

voice fell, and a servant said cautiously: "The old man was found in the pond, we are here. At that time, the old man was already drowned."

"Sir City Lord, Captain Thea, who sent the guards, specially came to check the scene and said... that the master was killed by someone!"

Killed by someone?

Hearing this, Yue Feng was stunned.

“How could this be? ... Who killed my grandfather, I will never let him go!” Lolita was even more grief-stricken, her tears kept flowing, and she cried uncontrollably.

At the same time, the delicate body also kept shaking!

“Lolita... don't, don't be too sad...” Yue Feng couldn't help but gently comforted her, while secretly clenching his fists, no matter what, he must find the real culprit.

The next second, Yue Feng suddenly discovered that there was a trace of black residue between the nostrils on Du Men's pale face.

Yue Feng was highly accomplished in medical theory, and he could tell at a glance that Du Men had inhaled special drugs before his death.

Made!

Discovering this, Yue Feng's inner anger was instantly ignited, and his eyes were blood red!

Obviously, Du Men was drugged before he died, and then drowned!

“Old man, I will definitely help you get justice!” Yue Feng said coldly, and then signaled his servants to take good care of Lolita, and strode out of the front hall!

A few minutes later, Yue Feng came to the place where the Pearl City guards were.

Swish!

At this moment, all the members of the guard team suddenly focused on Yue Feng.

The son-in-law of the Dumen family?

Du Men just died, what did he come here for?

Yue Feng ignored everyone's gaze and walked in directly.

At this time, Thea was sitting there, with a topographic map of the Dumen family spread out in front of her, and she was studying the cause of Dumen's death.

As the captain of the guard, Thea is in charge of this case.

“Yue Feng?”

At this time, seeing Yue Feng coming in, Thea quickly stood up, her delicate face showed a trace of complexity, and then politely said: "You sit first!"

Said, Thea directed at the few people at the door He waved his hand: "You go out first!"

What?

Seeing this scene, the guard soldiers present were all stunned.

You know, Thea is the only female knight in Pearl City, and she has a very proud personality, but at this time, she is so respectful to a son-in-law who comes to the door.

Chapter 3299 is

simply incredible.

Yue Feng was not polite, walked over, sat down opposite Thea, and asked, "Is there any clue to the death of the old man?"

"Yes!" Thea bit her lip lightly and responded, "It's just Not sure yet!"

Speaking of which, Thea originally didn't like Yue Feng, but since she experienced the Alcatraz incident, she changed her previous views. Later, at the wedding, Yue Feng abused Maddie in public, which made Thea even more impressed. .

uncertain?

Yue Feng frowned and couldn't help but say, "Tell me!"

Xia breathed a sigh of relief and said slowly, "I investigated the scene before, and the murderer didn't directly break into the Dumen family's manor, but sneaked in and avoided it. The next person, go directly to the old man Du Men!"

Speaking of this, Thea's delicate face revealed a bit of complexity: "Being able to sneak into a family manor quietly, the entire Roland Continent, except for the powerful Blood Hand Organization. , there is also a newly emerging killer organization, and the Hall of Living Beings has this strength."

Yue Feng nodded silently, thought about it, and said, "It looks like it is the Hall of All Living Beings."

Olina, the leader of the Blood Hand Organization, and himself The relationship is so close that it is absolutely impossible to assassinate Du Men.

At this moment, Thea was stunned; "Why are you so sure?"

Yue Feng didn't answer, but smiled, got up and said goodbye to Thea.

Leaving the guards, Yue Feng went directly to the private manor where Olin was.

.....

half a day later!

Located dozens of miles away from Pearl City, by the seaside, there is a hidden castle.

This ancient castle is the main altar of the Hall of Living Beings.

The leader of the Hall of Living Beings, called Moloch, was only thirty-five years old, strong and decisive.

At this time, Moloch was sitting on the main seat of the ancient castle hall, and there was a hint of a smile on his sinister eyes.

In front of him, neatly placed several large boxes filled with gold coins and jewelry.

On both sides, Leng Feng and several other elite killers stood there quietly.

"Haha!" At this moment, Moloch smiled slightly, and said

to Leng Feng, "I didn't expect that the young master of the Maiwei family would be willing to pay for it. Du Men's life would cost so much money!"

Locke thought of something, and continued: "By the way, the second target, is the investigation clear?" The

voice fell, Leng Feng took a step forward, and responded: "I investigated, a month ago, suddenly appeared in Pearl City, claiming to be a pharmacist, and later saved the life of the eldest lady of the Du Men family, and was recruited by Du Men as her son-in-law."

Speaking of this, Leng Feng looked disdainful: "Speaking of which, there is nothing special about this Yue Feng, and yesterday I went to participate with the eldest lady of the Du Men family. The auction is over, I should be back today, I'll take action later, kill him, and get the rest of the pay back."

Hmm!

Hearing this, Moloch nodded approvingly.

However, at this time, a loud noise suddenly sounded outside, and the gate of the ancient castle was smashed by a powerful force.

Immediately afterwards, a cold voice came: "No need to act, I'm here!" The voice fell, and a figure was seen, striding towards the hall.

It is Yue Feng!

At this time, Yue Feng's eyes were blood red, and his body was full of murderous aura!

Two hours ago, Yue Feng found Olin and asked her to use the power of the Blood Hand Organization to investigate the situation of the Hall of Living Beings, and learned that the main altar of the Hall of Living Beings was in this ancient castle. Yue Feng politely refused Olin's request. Help, a man rushed over.

Although Du Men and Yue Feng didn't know each other for a long time, in Yue Feng's heart, Du Men was a respectable elder. His sudden death made Yue Feng unforgivable!

Today, Yue Feng not only wants to avenge Du Men, but also to find out the messenger behind the scenes!

Um?

Who is this person?

At this moment, whether it was Moloch or other elite killers, they were all stunned!

But Leng Feng was secretly shocked.

This door-to-door son-in-law actually found this place!

"Good boy!" In the

next second, Leng Feng reacted and said coldly to Yue Feng: "I was looking for you, and you will be delivered to the door!"

Chapter 3300

What?

Is this the door-to-door son-in-law of the Dumen family?

Hearing Leng Feng's words, Moloch and the surrounding killers were all startled, and at the same time there was a glint in their eyes.

Yue Feng's eyes were gloomy and he looked at Leng Feng tightly: "You killed Du Men?"

"Not bad !

” Hearing the answer, Yue Feng’s eyes were blood red, and he said word by word, “Very good, tell me who the employer is!” “Haha!” Leng Feng couldn’t help sneering: “A little son-in-law who comes to the house, he is also arrogant, since Don’t even think about leaving alive!” The voice fell, and a machete was now in Leng Feng’s hands, followed by an explosion of holy power, coming straight towards Yue Feng! hum! Just saw that where Leng Feng’s figure passed, the air in the entire hall was stagnant. Seeing Leng Feng attacking, the anger in Yue Feng’s heart swelled: “Okay, very good, kill an unarmed old man, you will die for me, die!” “Roar!” The voice fell, Yue Feng wrist With a flip, a mass of white flames jumped in the air, and finally transformed into the shape of a lotus! It is Bailian Lenghuo! In an instant, the temperature of the entire hall rose rapidly, and the air was about to burn! Um?

Feeling the scorching temperature, Leng Feng’s expression changed, and he had a bad premonition.

In this world, is there still a white flame?

At this time, Leng Feng didn’t know that Yue Feng’s Bailian Lenghuo was brought from another world, and its power was terrifying.

“Huh!”

Just when Leng Feng was secretly surprised, Yue Feng didn’t talk nonsense, raised his hand and waved, Bai Lian Leng Huo floated directly to Leng Feng!

“Ah...”

Bai Lian Leng Huo was erratic, and the speed was very fast. Leng Feng had no time to react. In the blink of an eye, he was drowned by Bai Lian Leng Huo, and the whole person let out a scream, and then he was completely burned. , not a trace of ashes remained.

hiss!

Seeing this scene, both Moloch and the surrounding killers were dumbfounded. One by one was terrified.

This... This Leng Feng is the hall of all living beings, the most powerful killer, but in front of this door-to-door son-in-law, he has no resistance at all, just died like this?

Also, what is that white flame?

How did he do it?

Swish!

At this time, Yue Feng stared closely at Moloch, and his icy voice spread throughout the audience: "You are the leader of the Hall of All Living Beings, right? I ask you, who is the employer? Otherwise, I will step down here and wash your blood in the Hall of All Living Beings. !"

Hearing this, Moloch was furious, pointed at Yue Feng and shouted: "I don't know whether to live or die, kill him for me, kill him..."

When he shouted the last sentence, Moloch almost roared.

Leng Feng was his most valued subordinate, but he died tragically at the hands of this door-to-door son-in-law.

Moreover, this door-to-door son-in-law also threatened to step on the hall of all living beings, which is simply the greatest humiliation to himself.

If you don't cut him into eight pieces, it's hard to let go of the hatred in your heart.

Swish swish...

The voice fell, and more than a dozen elite killers around them burst into holy energy, clutching their weapons, and rushing towards Yue Feng!

These elite killers were carefully trained by Moloch. Each of them is not weak, and the lowest is the realm of a holy king.

The ultimate husband in Chinese chapter 3301-3310

Chapter 3301

However, Yue Feng looked indifferent and didn't take it seriously at all.

"Today, I'm going to take your lives to pay homage to the dead soul of the old man Du Men. If you die, you will die for me !

"

Summoned, a blood-red ray of light swept out to meet more than a dozen elite killers.

"Ah!" A

dozen elite killers were instantly shrouded in blood-colored light, screaming constantly, blood sprayed, and the last one fell from the air and fell into a pool of blood.

For a time, only Moloch was left in the entire hall!

hiss!

Seeing the scene in front of him, Moloch couldn't help gasping for air, and he was completely shocked.

What is the origin of this door-to-door son-in-law, and his strength is so terrifying!

At this time, Yue Feng held Fang Tianhua halberd tightly, his eyes locked on Moloch, and his tone seemed to come from hell: "It's your turn, tell who the employer is, and I'll give you a treat!"

"Ha ! Haha..."

Feeling Yue Feng's cold arrogance, Moloch smirked: "Okay, very good, since I established the Temple of All Living Beings, no one has ever dared to talk to me like this, you are the first, you want My life, I'm afraid I don't have this ability!" The

voice fell, and Moloch burst into holy power!

hum!

This chapter is provided by . Visit [for](#) daily update.

In an instant, Yue Feng clearly felt that a terrifying aura erupted from Moloch's body and instantly filled the entire hall!

Nima!

Yue Feng's face changed, and he stared at Moloch, secretly shocked.

This Moloch turned out to be the strength of the Holy Emperor.

After staying in the Roland Continent for nearly two months, Yue Feng knew clearly that the cultivation strength in this world was divided into five realms, namely the Holy Teacher, the Holy King, the Holy Venerable, the Holy Emperor, and the Holy Spirit.

In Yue Feng's cognition, it is already very remarkable to be able to reach the Holy Venerable. After all, in the Principality of Tianxing before, the royal knight Wick was the realm of the Holy Venerable.

And Moloch in front of him turned out to be the Holy Emperor!

"Kacha!"

Just when Yue Feng was secretly shocked, he saw Moloch raised his hand and waved, and a pitch-black scepter appeared in his hand.

This black scepter, which seems to be cast from a special metal, has a white skull at the top, which looks very evil.

Seeing Moloch's black scepter, Yue Feng's eyes flickered with disdain.

He owns the Fang Tianhua halberd, and he doesn't care about any weapon in the Roland Continent.

hum!

Moloch didn't talk nonsense. After summoning the black scepter, he charged directly towards Yue Feng.

Bang bang bang!

Yue Feng did not hesitate, his figure flashed, and he rushed forward. In the blink of an eye, he was in a fierce battle with Moloch!

I saw the figures of the two of them, in the hall, constantly shuttled back and forth. At first, Moloch was very confident, but gradually he was horrified to find that the son-in-law who came to the door in front of him obviously did not have a trace of holy power, but his whole body was filled with The breath made him almost breathless.

A few minutes later, Moloch was completely anxious and roared: "Good boy, it seems that I really underestimate the enemy, but you are definitely not my opponent!"

Om!

The voice fell, Moloch raised his hand fiercely, raised his scepter, and in an instant, a sinister power crazily spread from his body. Immediately afterwards, a black mist filled the air and enveloped the entire hall.

In the black fog, Moloch's expression was ferocious, like a ghost.

Um?

Seeing this scene, Yue Feng's face changed, and while he was shocked, he was also extremely puzzled.

A familiar evil force.

Yue Feng clearly remembered that in the mainland of Kyushu, at that time, King Guangping and Jie De were controlled by the Hades of the ghost world, and they practiced Yin Evil Techniques one by one.

But... this is Roland Continent, another world, how can this guy in front of him have the power of Hades?

Chapter 3302

"Boy, go to hell!"

Just when Yue Feng was secretly surprised, Moloch howled, holding the black scepter tightly, like a ghost, coming straight towards Yue Feng.

Under the blessing of the evil aura, Moloch's speed was almost twice as fast as before.

In the blink of an eye, Moloch was in front of Yue Feng.

What a great speed.

Yue Feng was taken aback and had no time to dodge, so he had to hold Fang Tianhua halberd in front of him.

boom!

At this moment, the black scepter and Fang Tianhua halberd collided fiercely. Yue Feng clearly felt that a powerful force erupted, and the whole person trembled, and was directly knocked back ten meters away.

Nima!

Yue Feng quickly stabilized his figure and stared at Moloch, terrified.

This guy broke out the power of Yin evil, and his strength has been doubled. Fortunately, he has internal strength to protect his body, otherwise, he will be disabled even if he does not die.

“Hahaha...”

At this time, Moloch was indescribably proud, and there was also a bit of contempt in his eyes: “With this little strength, you still want to kill me? If you don’t blow your bones to ashes today, I won’t be. Moloch.”

Moloch’s eyes were full of madness when he said this.

In Moloch’s heart, the son-in-law who came to the door before him, although he had just killed Leng Feng and more than a dozen elite men, was very powerful, but he was not his opponent.

“Really?”

Feeling Moloch’s arrogance, Yue Feng chuckled and said lightly: “You are indeed very strong, but I tell you, what you saw just now is not my true strength!”

Om!

The voice fell, Yue Feng slowly raised his right hand, and saw a pure black bead slowly emerge.

It is the Chaos Yangzhu.

Chaos Yangzhu is an innate treasure before the division of heaven and earth, restraining all evil spirits.

What is this?

Seeing Chaos Yangzhu, Moloch frowned and was very puzzled. At the same time, he also had a bad feeling in his heart.

Yue Feng didn’t talk nonsense, he directly stimulated the power of Chaos Yangzhu, and then merged with Bailian cold fire to form a white fireball, which suddenly smashed towards Moloch.

hum!

In an instant, wherever the white fireball passed, the air burned with it.

Moloch was shocked, and quickly took the black scepter to resist.

“Boom!...” The

white fireball slammed on the black scepter in an instant, and a powerful roar was heard. Then, Moloch screamed, a mouthful of blood spurted out, and his body shook out and slammed into the hall door.

At the same time, the black scepter in his hand was also completely burnt.

Moloch’s evil power is terrifying, but in the face of a nemesis like Chaos Yangzhu, it can’t be stopped at all.

laugh.

Yue Feng did not give Moloch a chance to resist, and at the moment when the white fireball disappeared, he waved Fang Tianhua halberd violently, and saw a blood-colored light, like lightning, coming towards Moloch!

Moloch didn’t have time to dodge at all. This **** light directly penetrated his right shoulder, dripping blood, and it was terrible.

hiss!

When the pain came, Moloch couldn’t help taking a breath of cold air. Looking at Yue Feng’s eyes, he lost his previous cold and arrogance, but showed panic.

Who is he? The strength is so terrifying!

At this time, Moloch did not dare to continue fighting, and raised his hand and slapped it on the pillar at the door. He used all his strength for this palm!

Chapter 3303

Wow!

In the battle just now, the castle hall was already crumbling. At this time, Moloch broke the pillar and could no longer support it.

And Moloch took this opportunity to turn around and run.

When Yue Feng rushed out of the dust and smoke, he saw that Moloch had disappeared without a trace.

Nima!

At this time, Yue Feng clenched his fists tightly, his face extremely ugly.

I thought that after defeating Moloch, I could ask him who the employer was, but I never thought that this guy was so cunning that he collapsed the castle and then took the opportunity to escape.

However, Yue Feng didn't get anything.

This Moloch actually knew Pluto's evil exercises, which must have something to do with Yanhong. You must know that Abel first devoured Pluto's power, and at the peak of Kunlun, Yanhong devoured Abel's power.

After that, Yan Hong, Miao Ying, and Yue Feng were both involved in the chaotic vortex, and were then teleported to the Roland Continent.

Therefore, the evil power of this Moloch must come from Yanhong.

Thinking of this, Yue Feng immediately returned to Pearl City to find Olina.

The Roland Continent is too big, and it is difficult to trace Moloch's whereabouts by relying only on himself, so he can only rely on Olina's bloody hand organization.

...

At this moment, the Maiway family!

Maddie sat in the hall, his face was calm, but his heart was secretly anxious.

Leng Feng from the Hall of Living Beings said that as long as Yue Feng returns to Pearl City, he will be killed within half a day. And now, Yue Feng has returned to Pearl City for a day, and there is no news of being assassinated.

Could it be that there was an accident in the assassination of the Hall of Living Beings?

The more Maddie thought about it, the more anxious he became. At this time, he did not know that the main altar of the Hall of Living Beings had been leveled by Yue Feng, Leng Feng had been killed, and the leader Moloch had fled.

No, I can't wait for news!

With a murmur in his heart, Maddie called his confidant Jacka over.

Jackie is the housekeeper of the McWay family and the person McGrady trusts most. In the Maiwei family for more than ten years, he is very loyal to Maddie.

Entering the hall, Jacka respectfully said, "Master, do you have anything to do with me?"

Maddie took a deep breath and asked in a deep voice, "What's the situation with the Dumen family now?"

Jacka smiled and responded: "That Dumen The old thing is dead, and now the entire Dumen family is busy arranging the funeral? Why did the young master suddenly ask this?"

Hu!

Maddie nodded silently and exhaled: "It's nothing, by the way, I asked you to monitor Manxiong's situation for the past few days, how is it?" male.

"Young master!"

Mentioning Manxiong, Jacka's face instantly became solemn, and he said slowly: "I have been secretly sending people to watch, which is strange, Manxiong has not come to Pearl City these days, nor has he robbed anywhere. Just yesterday, a lot of subordinates were dismissed, and then he left with a few cronies!"

Left?

Hearing this, Maddie was stunned for a moment. A dignified and dignified bandit leader turned out to be a good person?

Could it be because of Yue Feng?

Thinking of the night a few days ago, he was threatened by Yue Feng and Man Xiong, and he signed the letter of shame, and Maddie's heart filled with endless resentment.

Under the resentment, Maddie's eyes flickered, thinking of something, and asked: "Are any of Man Xiong's dismissed subordinates in Pearl City?"

Jacka thought for a while, then scratched his head and said: "There seems to be one, called Amon, who has changed his identity. Working in the fishing port."

Maddie nodded, a hint of gloom on the corner of his mouth, and said slowly: "Jacka, I'll give you a task now, use money to pay for this man named Amon, then at Dumen's funeral, I will It's going to be a good show!!"

When he said this, Maddie's eyes were full of gloom.

There has been no news from the Hall of Living Beings for a long time, and it is temporarily impossible to count on it. It's up to you now.

Chapter 3304

“Okay, young master, I’ll do it now!”

Jacka responded quickly, then walked out of the hall quickly.

...

the other side.

Crescent Principality, Eagle Castle!

Eagle Fort, located in the southernmost part of the Crescent Principality, surrounded by mountains and mountains, is a border town.

Today’s weather is good, the wind is sunny, and the streets of Feiyingbao are full of pedestrians, a bustling and lively scene.

The guards at the gate of the city gathered together in twos and threes, chatting and bragging there, which was very pleasant.

Wow wow wow...

But at this moment, on the mountain road outside the city, there were bursts of strange noises.

“What’s the sound?”

“Come up to the city tower!”

The guards who were chatting and bragging when they heard the sound became alert one by one, and they boarded the city gate one after another and looked out of the city.

hiss!

At this moment, the guards present couldn’t help gasping for air.

I saw that on the mountain road outside the city, a large army was coming quickly. There were tens of thousands. The uniform bright-colored armor, the position of the heart, embroidered with the shape of the sun, was the elite of the Principality of Zuri.

“This...”

“The Principality of Zuri is calling!”

Seeing the situation in front of him, the guards present were inexplicably panicked.

Half a month ago, the Principality of the New Moon attacked the Sunset City of the Principality of Sunrise, and suffered a disastrous defeat. I wanted to recharge my batteries, but I didn't expect that the Principality of Sunrise came over first.

"It's not good, the Principality of Zuri is coming, hurry up and gather!" In a panic, the guards of Flying Eagle Fort shouted loudly.

Whoa!

In an instant, it was the lively Feiyingbao Street. The people ran in panic, the shops closed one after another, and there was a tense atmosphere in the air.

Immediately afterwards, thousands of guard soldiers quickly assembled, and at the same time, the city lord Harun quickly arrived.

Harlan is about forty, the realm of strength and sainthood.

At this moment, Harlan climbed the tower and saw the situation outside the city, his face was extremely solemn.

It was seen that the army of the tens of thousands of Sun-Zhi Principality had already arrived under the city gate, and the commander-in-chief headed by them was the lord of Sunset City, Abel.

"Abel!"

Seeing Abel, Harlan couldn't hide the contempt in his eyes, and shouted: "We attacked Sunset City before and let you win by luck. Now you dare to violate my border. Have you thought about the consequences?"

"The environment of the fort was complex, and it was easy to defend and difficult to attack. Although there were only a few thousand guards, Harlan did not take Abel's army of tens of thousands in his eyes.

"Haha!"

Hearing this, Abel looked up to the sky and laughed, and the holy energy all over his body exploded and rose into the air.

In the next second, Abel stared at Harlan and said coldly, "Harlan, I know that Eagle Fortress has a strong defense, but it can't stop us. Let me tell you, our Crescent Principality is under the care of the goddess of light, united by the goddess of light. The mainland is God's will, if you are wise, open the door and surrender immediately!"

What?

Hearing this, Harlan was shocked. Goddess of Light wants to help the Crescent Principality to unify the entire continent?

How is this possible?

Thinking to himself, Harlan couldn't help laughing loudly: "Abel, is your brain...what?"

Before he could finish speaking, Harlan was completely stunned when he saw the scene in front of him.

Not only that, many guards around Flying Eagle Fort also stayed where they were.

I saw that in the mid-air behind Abel, a slender figure was quietly suspended, dressed in a long white dress, with delicate facial features, beautiful and refined, and an air of immortality permeated his body.

It was Miao Ying.

quiet!

Chapter 3305

For a time, the entire Flying Eagle Fort was dead silent.

Really...really the goddess of light.

At this time, neither Harun nor the guards of Flying Eagle Castle doubted Miao Ying's identity, because when the New Moon Principality attacked Sunset City, it was about to win a big victory. At that time, Miao Ying suddenly appeared and attacked Killed the commander at the time and defended Sunset City.

This matter, at that time, spread throughout the Crescent Principality.

"Harlan!" At this moment, Abel

couldn't hide his pride and shouted: "Open the city gate and surrender quickly, are you going to go against the wishes of the goddess of light?"

At this time, Abel was indescribably excited. .

Although this Miss Miao Ying is a fake goddess of light, but with this extraordinary temperament, even if the real goddess of light comes, it is difficult to distinguish. With her present, the army of the Principality of the Sun has already won in terms of momentum.

call!

Hearing this, Harlan reacted, took a deep breath and said: "The king of the Sun-Zhiking Principality, but a mediocre monarch, how can the entire continent be unified, the goddess of light is really confused!"

Abel's face changed: "Dare to blaspheme the light. Goddess, you are courting death!"

Om!

When the voice fell, Abel pulled out his broad sword, and the holy power exploded, thinking of Harlan rushing directly.

Not to be outdone, Harlan fought Abel in midair.

Bang bang bang...

I saw that the two of them were in the air, constantly shuttled to each other, and bursts of breath vibrations erupted.

Seeing this scene, the soldiers on both sides were extremely nervous.

In the blink of an eye, more than ten minutes passed, and neither Abel nor Harlan could do anything about the other. Speaking of which, the two were of equal strength, and it was difficult to tell the winner in a short period of time.

"Respected Highness Goddess of Light!"

At this time, Abel was a little anxious, and shouted at Miaoying: "This battle is very important, and please help Your Highness Goddess!"

Seriously, I really want to explode with all my strength. If so, Abel could also defeat Harun, but the price was too great. And Miss Miaoying is so powerful that it is better to let her help.

More importantly, when the 'Goddess of Light' made a move, it was even more intimidating, and the Principality of Ziri was also famous this time.

Um!

Hearing the call, Miao Ying bit her lip lightly and responded.

The next second, Miao Ying raised her hand, and the spiritual energy of heaven and earth quickly condensed, and then formed a dazzling light, directly thinking of Harun bursting out.

To be honest, Miao Ying didn't want to take action herself, but since she promised the king of Zuri Principality, she couldn't care less.

boom!

This dazzling ray of light was like a lightning bolt, and Harun couldn't dodge at all. The whole person was directly shaken, flying a few hundred meters, and smashed into the street of Flying Eagle Fort, sprayed with blood, and died tragically on the spot.

What? !

Seeing this scene, the thousands of guards in Flying Eagle Fort trembled.

Lord City Lord, was this a trick?

This...is this the strength of the Goddess of Light? so horrible!

At the same time, the many people hiding in the Flying Eagle Fort were completely stupid at this time.

"Long live the goddess!"

"Long live, long live..."

At this moment, the army of tens of thousands of Sun-Zhi Principality couldn't help cheering, and the momentum was overwhelming.

"The soldiers of Eagle Castle and the people listen!"

At this moment, Abel leaped over the city gate and shouted: "His Royal Highness the Goddess of Light, fully support the Crescent Principality, you have all seen it, don't disobey the wishes of His Highness the Goddess, let alone make senseless resistance."

Hearing

this, nearly 10,000 soldiers guarding the Eagle Fort lowered their heads and gave up their resistance. Then the gate was opened.

Whoa!

For a time, tens of thousands of the Principality's army, incomparably excited, poured into the Eagle Fort like a tide!

The ultimate husband in Chinese chapter 3306-3310

less than a day, the goddess of light helped the Principality of Ziri to break the Flying Eagle Fort, which spread all over the Roland Continent at once.

In an instant, in addition to the Sunrise Principality, enormous pressure shrouded the other five principalities.

The goddess of light is so favored by the Principality of Zuri, how can this be fought?

...

on the other side, Pearl City.

Duman family.

Today's weather is gloomy, just like the mood of everyone in the Dumen family.

Yes, Dumen's funeral will be held today.

At this time, the hall of the Dumen family's manor was filled with white flowers, and there were hundreds of mourning guests standing around.

Du Men was a prominent figure in Pearl City. For his funeral, all the major families in Pearl City came to attend, and even the city lord came in person.

In front of the crystal coffin in the center of the hall, Yue Feng, dressed in a black long gown, stood there quietly with a filial piety wrapped around his cuffs, with a sad expression on his face.

After making a riot at the main altar of the Hall of All Living Beings, Yue Feng immediately found Olina and asked her to track down Moloch's whereabouts and at the same time track down the mastermind behind the assassination and blocking the door.

However, a day has passed, and there is still no news from Olina.

Beside Yue Feng, Lolita was wearing a long black dress and her eyes were red, which was pitiful.

The surrounding guests stood there one by one, mourning for the crystal coffin, and the atmosphere in the entire hall was indescribably heavy.

This chapter is provided by . Visit for daily update.

Whoa!

However, at this moment, the door of the hall was pushed open, and then, several figures walked in quickly.

The first one looked indifferent, but his eyes flashed with pride.

It was Maddie.

Woolen cloth?

Seeing Maddie, everyone present was stunned.

Why is the young master of the Maiwei family here? Last time, at the wedding of Lolita and Yue Feng, Maddie deliberately provoked trouble, but was tortured by Yue Feng. After that, the Mai Wei family withdrew from the industrial cooperation with the Dumen family.

It can be said that now the Maiwei family and the Dumen family have no relationship at all.

“Maddy!”

Finally, Lolita took the lead in reacting and said coldly to Maddie, “What are you doing here?”

Alas!

Maddie sighed and said hypocritically, “Lolita, although our two families have stopped cooperating, they were considered family friends before, and Mr. Du Men suddenly passed away. Is it wrong for me, a junior, to come to the funeral on purpose? ?”

Hearing this, Lolita was at a loss for words and didn’t know how to refute.

“Participate in the funeral?”

At this moment, Yue Feng took a step forward and stared at Maddie coldly: “I think you have another purpose?”

At this moment, Yue Feng was holding back his anger.

Du Men’s death is too suspicious. Although the employer has not been found in the Hall of Living Beings, it is not difficult for Yue Feng to guess that the person who hired the killer of the Hall of Living Beings is likely to be Maddie.

After all, during this time, Maddie suffered too much from Yue Feng.

“Yue Feng!” Maddie looked displeased: “What do you mean?”

Yue Feng sneered and asked Maddie, "Old man Du Men was killed by a hired killer, and I have already found out that the killer is The Hall of Living Beings, which has just risen recently, I would like to ask, does this have anything to do with you?"

Shuh!

At this moment, the eyes of the surrounding guests all converged on Maddie.

A few days ago, the Maiwei family withdrew from several industries that they had cooperated with the Dumen family, and word spread throughout Pearl City. The Maiwei family suffered a big loss, and then Du Men died, which is indeed worth scrutinizing.

Facing everyone's eyes, Maddie's eyes flickered, and then he sneered: "Yue Feng, you do good things yourself, but you want to blame me, you really do."

After speaking, Maddie looked around and shouted: "Ladies and gentlemen, this time, in addition to seeing off the old man Du Men, I also have to tear down the mask of this Yue Feng. The old man Du Men was actually killed by him!"

"

One after another!

Chapter 3307 Mr.

Du Men, was Yue Feng killed?

Yue Feng was extremely shocked.

Madd, this Maddie turned out to be the first to sue the villain?

Lolita was also trembling with anger, and shouted at Maddie: "Mady, don't talk nonsense, how could Yue Feng kill Grandpa?"

After getting along for the past few days, Lolita gradually understood Yue Feng, this man, act upright and aboveboard, definitely not a despicable villain.

"Haha!"

Maddie chuckled and said slowly, "Lolita, you were deceived by him, do you still remember that you were kidnapped by Manxiong before? It was all planned by him and Manxiong, and the purpose was to make you fight against him. He has a good impression." With

that, Maddie clapped his hand, and a man suddenly approached the hall.

The man was twenty-five or six years old, and there was a scar on his forehead, which made him look a bit fierce, but at this time he was submissive and restrained.

It is Man Xiong's former subordinate, Amon.

At this moment, everyone's eyes were focused on Amon.

At the same time, Yue Feng was also stunned.

This person seems to be Man Xiong's subordinate, why did he come with Maddie?

"Everyone, this person is the notorious Man Xiong's subordinate. He can confirm the specific situation." Maddie said loudly, a sinister smile appeared on the corner of his mouth.

"Not bad!"

Amon pointed at Yue Feng and said loudly: "It's him, I heard it with my own ears, he said to Boss Manxiong that he wanted to control the Dumen family, but the old man Dumen was a stumbling block and he had to be the first. Get rid of it!"

"Afterwards, he conspired with the Boss Manxiong, kidnapped Miss Lolita, and then acted as a hero to save the beauty in order to win Miss Lolita's trust.

" Trust, he will have no worries!"

When he said this, Amon looked serious.

Whoa!

Hearing this, the whole hall burst into flames.

Everyone's eyes were focused on Yue Feng, flashing with anger.

Haha...

Seeing this scene, Maddie's face was indifferent, but his heart was indescribably excited.

Half a day ago, Maddie bought Amon with a lot of money and asked him to slander Yue Feng. How could he be unhappy when the plan went so smoothly?

"You..."

At this moment, Lolita's delicate body trembled, and she turned her head to look at Yue Feng: "Yue Feng, is this... true?"

Yue Feng suddenly became anxious and shook his head: "Don't Listen to his nonsense!"

At this time, Yue Feng's anger was rising, and he never thought that Maddie would find Man Xiong's subordinates and slander him in public.

"Bullshit?"

At this moment, Maddie made a look of grief and indignation, pointed at Yue Feng and shouted, "You not only want to control the Dumen family, but you are also very ambitious to attract the attention of our Maiwei family.

"Maddie took out the letter written before, and said to the surrounding: "After Yue Feng and Manxiong colluded, they kidnapped me too, and forced me to write a letter, asking the Maiwei family to give up several items of cooperation with the Dumen family. Industry! This Amon can also testify."

"Yes!" Amon nodded: "I was there at the time, and it was Yue Feng and the boss Manxiong who forced Master Mai Wei to write the letter."

"Okay, it's true!"

At this moment, Yue Fengqi laughed and glared at him. He said to Maddie, "Mady, you are really good at it. I really underestimate you, but I tell you, you can't escape the death of Mr. Du Men."

Until this time, Yue Feng was more certain that he hired a killer to kill him. Du Men's is Maddie, otherwise, he wouldn't deliberately discredit himself.

Snapped!

As soon as the words fell, Lolita next to her suddenly raised her jade hand and slapped Yue Feng's face.

"Yue Feng, you bastard." Lolita's tender body trembled, her eyes were full of hatred and grief: "My grandfather is not mean to you, why did you do this? Why..."

She shouted the last sentence At the time, Lolita was almost insane.

Speaking of which, Lolita doesn't want to believe Maddie's words, but Man Xiong's subordinates have all come to testify, can it still be fake?

Chapter 3308

Yue Feng covered his face and looked at Lolita complicatedly, full of bitterness.

I thought that Lolita would believe in herself, but she didn't expect that she was also deceived by Maddie's conspiracy. After all, Lolita had no social experience and was too simple.

"Damn it!"

At this moment, the Pearl City Lord Seth, finally couldn't bear it anymore, he stood up, pointed at Yue Feng and shouted: "Well, you Yue Feng, we were almost deceived by you before, we Pearl City, the city of etiquette, the state of civilization, has a scum like you!"

"Bastard scum, take it directly, open trial!"

"Yes, such scum, it is not a pity to die!"

In an instant, all the surrounding guests, They also pointed at Yue Feng and cursed.

The loud scolding from the crowd came, Yue Feng clenched his fists tightly and locked on Maddie: "Mady, you know the truth better than anyone else, do you think you can cover up your ugly behavior by turning black and white?"

"I told You, the death of the old man Du Men, I must personally seek justice for him!"

At this time, Yue Feng was extremely emotional, and when he recalled Du Men's help to him, Yue Feng's heart couldn't help but tremble.

"Yue Feng!"

Maddie said with a smug look on his face, and said to Yue Feng with a faint smile: "You are still arguing? Manxiong's subordinates have said everything, I think you should give up."

"Just a The little pharmacist has become the son-in-law of the Dumen family. It is already a gift from God to you, and you? But you are not satisfied. Not only do you want to occupy the Dumen family's property, but also collude with the most evil tyrants to kill the old man Dumen. , people like you should be struck by lightning."

When he said this, Maddie had a look of resentment on his face.

Speaking of which, Maddie was a little nervous in the face of Yue Feng's anger, but thinking about the presence of so many people and the presence of the city lord, he regained his courage.

Swish!

Hearing this, Yue Feng's eyes were extremely red, and he walked towards Maddie step by step!

"Stop, you...what are you doing..."

Seeing Yue Feng approaching step by step, Maddie trembled, suddenly panicked, and his voice trembled.

too terrifying.

This Yue Feng's eyes, like a devil, are extremely terrifying.

"Crack!"

Yue Feng didn't talk nonsense. When he got to the front, he slapped him fiercely. This slap, he used all his strength. He heard a miserable howl from Maddie, and the whole person was forcibly fanned, and flew out of the hall directly, landing heavily on the ground.

"Pfft!" A

mouthful of blood spit out from Maddie's mouth. Before standing up, Yue Feng walked over quickly, raised his right hand, and slapped it slap after slap.

"Clap! Clap! Clap!"

The crisp sound made everyone stunned, but they never thought that Yue Feng would dare to attack Maddie in public!

At this moment, some of Maddie's subordinates wanted to rush up, but they could feel the momentum on Yue Feng's body, and they all felt inexplicable heart palpitations.

"Ma De, you dare to hit me? You're dead!" Maddie felt extremely humiliated by Yue Feng's slap in the face, howling, and wanted to get up.

However, Yue Feng did not give him any chance at all!

Not knowing how many slaps he slapped, Maddie's face was swollen like a pig's head, and Yue Feng stopped.

"I, Yue Feng, use my personality to guarantee that Du Men's death has nothing to do with me!" Yue Feng looked around the audience and said coldly, "Master Du Men is not mean to me, if I harm him, I will be struck by lightning!"

As for me forcing Maddie to write down the evidence, it is indeed a fact, but I am not trying to occupy these industries, but to help the Dumen family clear up potential threats.”

“As for this Man Xiong’s subordinate, it is true that I colluded with Man Xiong. It’s just his one-sided words, how can it become evidence?” The

words were loud and clear!

quiet!

At this moment, the entire Dumen Family Manor was silent, and everyone was silent.

“Yue Feng!”

Chapter 3309

After being silent for more than ten seconds, finally the lord of Pearl City, Seth, came out slowly, with a majestic look on his face: “Since you say you are innocent, then accept the investigation.”

Said, Seth waved He started: “Come here, take him down and put him in the guards prison! The trial will be open tomorrow.”

Phew!

Hearing this, Yue Feng took a deep breath, nodded and said, “I can cooperate with the investigation, but there is a requirement that this Maddie has a serious suspicion. If he wants to be imprisoned, he must be imprisoned together.”

At this time, Yue Feng, Very angry, Mad, what happened today, obviously he was slandered, but everyone present was bewitched by Maddie, and even the city owner believed that he was the murderer.

But no matter what, McGrady can’t be easily let go.

“Nonsense!”

Seth’s face changed and he scolded: “Are you the city lord, or am I the city lord? The biggest suspect in this matter is you, what is your relationship with Maddie?”

When he said this, Seth looked serious , but there is complexity and gloom in his eyes.

As the lord of Pearl City, Seth has a close relationship with the major families, especially the Mai Wei family, who have huge interests. How could it be possible to capture Maddie.

Hehe...

Hearing this, Yue Feng was stunned for a moment, and then he understood something.

Mad, the city lord helped Maddie to speak, and it seemed that he and the Maiwei family were on the same page. He thought he could handle it impartially, but it seemed that he thought too much.

At this moment, a man in the crowd came out, pointed at Yue Feng and shouted: "A son-in-law who comes to the house, a scum who eats soft rice, dares to negotiate conditions with the city owner, what do you think you are?" The

tone was mean, showing contempt, It was Matsuda.

Matsuda and Maddie have a good relationship in private. Just now, Yue Feng beat Maddie in public, which made Matsuda very annoyed.

Yue Feng sneered silently!

At this moment, everyone around him also shouted at Yue Feng. "A son-in-law who came

to the door openly attacked the young master of the Maiwei family. It is really lawless."

"This kind of scum, hurry up and arrest!"

"That is, we must give justice to Du Men!"

Stand there and don't panic!

At this moment, standing there, Lolita's delicate face was full of indifference, and her eyes flashed with grief and anger.

Like everyone else, Lolita also believes that Yue Feng is the most suspicious.

Seeing Yue Feng refusing to plead guilty at this time, Lolita felt extremely regretful in addition to being angry.

If I knew this earlier, I would never promise my grandfather to marry this bastard.

For a while, the atmosphere became more and more tense!

"Yue Feng!"

At this moment, a heroic figure walked over quickly, it was the captain of the guard, Thea.

When they got to the front, Thea said complexly to Yue Feng: "Don't be impulsive, let alone confront the city lord, first follow what the city lord said, don't worry, I will definitely help you find out the truth before you are publicly interrogated. "

When she said this, Thea was very anxious.

Thea is an honest person, and has no interests in the major families. It can be seen at a glance that the old man Du Men has many doubts, and Yue Feng was obviously framed by Maddie.

It's just that the city lord and the Mai Wei family have a close relationship, so they will naturally turn to Maddie. In this case, Yue Feng and the city lord will definitely suffer.

The relationship between Thea and Yue Feng is not close, but I don't know why, seeing Yue Feng being slandered, it is difficult for Thea to sit back and watch under the drive of justice.

"Thank you, Thea."

Yue Feng took a deep breath, glanced at Thea gratefully, and said slowly: "I understand your kindness, you should leave this matter alone, in this place, although I He has no status or status, but he has always acted upright, and he will never bow his head to any force!" The

words were firm and unequivocal.

Chapter 3310

Thea stomped her feet in a hurry, but didn't know how to refute.

This Yue Feng is really too stubborn.

"Yue Feng, you are so bold!"

At this moment, Seth, who had been sullen all the time, pointed at Yue Feng and scolded: "You want to openly confront the entire Pearl City?"

"Haha!"

Yue Feng chuckled lightly . With a bang, he responded: "City Lord, don't use these high-sounding reasons to oppress me. You want to cover up Maddie, just say it!"

"Sir City Lord." : "Yue Feng openly attacked me, and now he is so disrespectful to you, so arrogant, don't talk nonsense!" The

voice fell, Seth did not hesitate at all, and pointed at Yue Feng and howled: "All the guard soldiers listen to the order, Give me this Yue Feng!"

Whoa!

The voice fell, and the guard soldiers waiting outside the manor rushed in at once, hundreds of them.

These guard soldiers, responsible for the safety of Pearl City, belong to the direct command of the city owner, and they are not low in strength.

Seeing this scene, the guests present scattered far away.

"Yue Feng!"

At this time, Seth, with a gloomy face, said coldly at Yue Feng: "I will capture it immediately, if you dare to resist, you will be at your own risk!" The

voice fell, and Thea on the side also shouted anxiously: "Yue Feng, calm down, don't be impulsive, okay?"

Huo!

Yue Feng breathed a sigh of relief and looked at the hundreds of guards around him with a proud face: "A mere group of guards just want to arrest me? I want to go, none of you can stop me!"

The sound is not big, but it spreads throughout the audience, and it is domineering and unparalleled!

At this moment, feeling the aura of Yue Feng's body, everyone present felt nervous.

Such a strong breath.

Finally, Maddie reacted, laughed and sarcastically said: "No one can stop you? What do you think you are?"

"Take it, take it down immediately..." Seth was too lazy to talk nonsense and howled loudly.

Buzz buzzing...

The voice fell, and hundreds of guard soldiers burst into holy energy one after another, holding their long swords tightly and rushing towards Yue Feng.

Yue Feng stood there proudly, without the slightest nervousness, instead showing a smile.

Since you want to fight, then come with a special code!

hum!

At this moment, a powerful aura erupted from Yue Feng's body and swept the entire manor.

At this time, Yue Feng, holding the Fang Tianhua halberd, shrouded his body with blood-colored rays of light, his aura was like a rainbow, like a killing god.

“Blood battle in all directions!” The

cold four words came out from Yue Feng's mouth, Fang Tianhua halberd suddenly swung out, and a dazzling blood-colored light burst out towards the surroundings.

Bang bang bang ...

In an instant, hundreds of guard soldiers were instantly shrouded in blood-colored light, and under the crushing force of terrifying, many soldiers let out a scream.

In this bloody battle, nearly a hundred soldiers lost their combat effectiveness in an instant and fell into a pool of blood one by one.

What?

Seeing this scene, whether it was Seth or Maddie and the many guests who had retreated far away, they couldn't help gasping for air, they were all stupid.

Just a door-to-door son-in-law, his strength is so terrifying.

What he burst out just now is obviously different from holy power. What kind of power is it?

Also, what kind of weapon is in his hand?

For a time, shock and doubt filled the minds of everyone present.

At this moment, Lolita stood there, staring blankly at Yue Feng, and was shocked.

The ultimate husband in Chinese chapter 3311-3315

Chapter 3311

It turns out that he is so powerful... But why does he hide his strength?

At the previous wedding, Maddie came to make trouble, and Yue Feng tortured him in public. At that time, Lolita didn't think much about it, thinking that Yue Feng was just lucky, but at this time, when she saw that Yue Feng had summoned Fang Tianhuaji, this was the case. Realize that this man is much stronger than he imagined.

"Yue Feng!"

At this moment, Maddie reacted, covering his face and shouting at Yue Feng, "Finally showing

your true colors, right!" After speaking, Maddie shouted at the surrounding: "Everyone has seen it. , This Yue Feng is very powerful, otherwise, how can he collude with Man Xiong? Only with his strength, can he secretly kill the old man of Du Men without leaving any evidence!"

Hearing this, many people around him were shocked. They nodded.

At this time, Seth wiped the cold sweat from his forehead and shouted at the remaining guard soldiers: "Don't be afraid, no matter how strong he is, there is only one person, come together and take this scum!"

Wow!

The voice fell, and the remaining guard soldiers looked at each other and rushed over at the same time!

Mad!

Seeing this situation, Yue Feng's eyes were completely blood red, and he locked on Maddie: "Mady, even if the blood splashes three feet today, I will first take off your head to pay homage to the spirit of the old man Du Men in the sky!"

"Those who block me will die. Come on special!"

At this time, Yue Feng was completely irritated, this Maddie was too sinister and despicable, and at this time, he didn't forget to smear himself and didn't get rid of him, it was hard to vent his heart.

The last howl fell, Yue Feng held Fang Tianhua halberd tightly, thinking of Maddie rushing directly.

Swish!

This chapter is provided by . Visit for daily update.

Feeling Yue Feng's terrifying aura, Maddie felt a chill in his heart, his face was extremely pale, and he fled toward the crowd behind.

"Stop him!" Seth was even more shocked.

The next moment, Yue Feng was intercepted by guard soldiers.

"Pfft!"

"Pfft!"

At this time, Yue Feng, intent on killing Maddie, didn't pay any attention to these guard soldiers. When the halberd is raised, several guard soldiers must fall.

call!

Seeing this scene, many of the guests in the distance were so horrified that they could hardly stand still, and some timid female guests fainted with fright.

Horrible, so scary!

Only one person, fighting so many guard soldiers, can still defeat so many people, is this still a person?

At this time, everyone didn't know that what Yue Feng showed was not the peak strength, otherwise, a cold white lotus fire, and the entire Dumen family manor would be burned to ashes.

"Everyone!"

At this moment, Seth shouted at the guests not far away in anger: "Yue Feng is a disaster for Pearl City, and the crime is terrible. We must unite as one, and ask your family to help!"

When he shouted these words, Seth panicked.

I thought that with so many guard soldiers, I could easily take down Yue Feng, but I never thought that the strength of this son-in-law was too terrifying, like a god of war descending to earth.

In this case, we can only ask the major families present to help. You must know that the major families have their own guards. Together, they are a force that cannot be underestimated.

The voice fell, and the major families among the guests shouted.

“The guards of the Green family, take down Yue Feng for me!”

“Guardian of the Rocky family, take down Yue Feng.”

Wow!

In an instant, the guards of the major families heard the order and surrounded Yue Feng, nearly a thousand people.

Nima!

Seeing this situation, Yue Feng was both angry and anxious.

There were more and more people, and things became more and more troubled, and he suddenly became the public enemy of the entire Pearl City.

But no matter what, I have to kill Maddie today to avenge the old man Du Men.

Chapter 3312 The

other side!

Located 80 miles northwest of Pearl City, it is a virgin forest.

At this time, in this forest, a figure kept running forward with a pale face. It was Moloch, the leader of the Hall of Living Beings.

Half a day ago, after being hit hard by Yue Feng, Moloch destroyed the main altar and took the opportunity to escape, without the slightest pause along the way.

After several hours of running away, Moloch finally came to a precipitous mountain.

I saw that this mountain was steep and straight, towering into the clouds, very dangerous, and only a hidden path could reach the top of the mountain.

This mountain, called Giant's Peak, was the resting place of one of Moloch's benefactors.

call!

At the foot of the mountain at this time, Moloch breathed a sigh of relief, and the panic of fleeing before was completely gone. As a benefactor, his strength is unfathomable. Even if the son-in-law who came to the door chased him here, he didn't have to be afraid.

Thinking to himself, Moloch took a short rest and went up the mountain quickly.

....

at this moment, the summit of the Giants.

On the top of the peak, there is a wide cave, and at this time, at the entrance of the cave, a slender figure is sitting there, closing his eyes and resting.

This woman is in her twenties, wearing a long black and red dress, which shows the graceful curves, and her facial features are exquisite and beautiful. Against the backdrop of the surrounding smoke and clouds, she is like a fairy, but her entire body is filled with ice that cannot be blasphemed. breath.

If Yue Feng was present at this time, he would definitely be surprised.

Because this woman is exactly the Yanhong he has been looking for!

A few months ago, Yanhong, Yue Feng, and Miao Ying were involved in a chaotic vortex together, and were finally teleported to this Roland Continent. At that time, Yanhong had just swallowed Duan Yu's Pluto power, but Pluto's power was too strong, so I came here. After arriving on this continent, Yanhong has been practicing fusion.

call!

At this moment, a figure slowly climbed to the top of the peak, and the exhaustion that could not be concealed was Moloch!

Yes, Yanhong is Moloch's benefactor.

Speaking of which, Moloch was originally an unknown wanderer. A month ago, he was oppressed by the nobles in the Principality of the New Moon, and almost died. In the end, he met Yan Hong who was passing by and was rescued.

At that time, Yanhong found out that Moloch's aptitude was not bad, so he taught him some exercises, and then asked him to build the Hall of All Living Beings.

Yanhong did this because she wanted to establish her own power in this different world.

"Morocco!"

Seeing Morocco, Yan Hong frowned lightly: "You didn't manage the Hall of Living Beings well, how did you come here?" Yanhong

explained to Moloch that there is no important thing, so don't disturb yourself.

"Respected Highness Goddess!"

Moloch walked up to him with a bitter expression on his face, and said respectfully, "Something has happened to the Hall of Living Beings..." Because of awe, Moloch always called Yanhong His Highness the Goddess.

Later, Moloch explained the situation in detail.

Huh?

Knowing the situation, Yan Hong's eyes flashed, and her beautiful face suddenly became solemn: "What did you say? The main altar of the Hall of Living Beings has been destroyed?"

"Yes!" Moloch was ashamed, wiped his sweat, and said cautiously: "That person is very evil. I used the power that His Highness the Goddess taught me, but was suppressed by that person."

"Fortunately, I was witty. Destroyed the main hall, and then escaped, otherwise, he would have died in the hands of that person."

Yan Hong's eyes flickered, and she said lightly, "What's this person's name? Where is he from?"

Hu!

Moloch took a deep breath, unable to hide the resentment in his heart: "This person is Yue Feng, he is Pearl City, the son-in-law of the Dumen family..."

Yue Feng?

Before he could finish speaking, Yanhong's expression changed and she stood up.

.....

On the other side, Pearl City, Duman Family Manor.

The fighting continues.

To be honest, with Yue Feng's strength, if it broke out completely, these guards would not be able to stop him, but Yue Feng did not lose his mind. It was Maddie who deserved death, and these guards and guards were innocent.

Therefore, Yue Feng did not use the killer, but severely injured these guard soldiers and guards without taking their lives.

Chapter 3313

However, it was precisely because of Yue Feng's kindness that he was besieged by the guards of major families for a while, and it was difficult to rush to Maddie.

Bang bang bang...

Finally, after more than three hours of fierce fighting, I saw that the guards of the major families, as well as the guard soldiers of the city lord, were lying there in disorder, one by one completely lost their combat effectiveness, and no one could stand. up.

And Yue Feng, standing there proudly, holding the Fang Tianhua Halberd, was majestic.

Phew...

At this moment, both the City Lord Seth and the major families present were all dumbfounded.

Shock.

Total shock.

So many people can't stop Yue Feng alone...

"Maddy!"

At this moment, Yue Feng stared at Maddie, and his icy voice spread throughout the manor: "Get ready to die, no one can save you! "

You..."

Maddie's body trembled, only to feel her legs were weak, and she couldn't panic: "You...you..."

Under the huge panic, Maddie was speechless. The wind strength is terrible.

Yue Feng didn't talk nonsense, he held Fang Tianhua halberd tightly, thinking about Maddie step by step, every step seemed to be stepping on Maddie's heart.

hum! However, at this moment, I saw the sky not far away, the wind was surging, and then a charming figure flew over quickly, with a charming figure and beautiful facial features, but it was as cold as ice!

It is Yanhong!

Knowing from Moloch that Yue Feng had become a son-in-law in Pearl City, Yan Hong was very surprised, and then rushed over quickly.

Yue Feng, it's really him!

At this moment, seeing Yue Feng standing proudly in the manor, Yan Hong's delicate body was shocked.

Ever since she came out of the Great Illusory Realm, Yan Hongtian was not afraid of anything, but she was only afraid of Yue Feng. Seeing that he, like herself, had also come to this different world, Yan Hong was completely unable to calm down.

Whoosh!

At this time, Yanhong did not hesitate at all, and immediately accelerated her speed. At the same time, a very strong aura burst out, condensed on her right palm, and slapped Yue Feng's back fiercely!

Whoa!

The sudden appearance of Yanhong surprised everyone present, and at the same time, they were all attracted by Yanhong's charming appearance.

Especially the young masters of the clan like Maddie and Matsuda, all eyes were straight.

What a beautiful woman.

Also, the aura is so powerful.

Um?

Yue Feng's attention was originally on Maddie, but when he suddenly saw that the faces of the people around him were wrong, he turned back subconsciously, but it was too late.

Yanhong was originally a fairy, but now she has the power of the Hades, and her strength is extremely powerful.

"Bang!" In the

blink of an eye, Yan Hong came to the front and slapped Yue Feng's shoulder, causing a dull vibration. At that time, Yue Feng's body was immediately sent flying out, and it flew out more than a hundred times. Mi Yuan fell heavily on the ground, and a mouthful of blood spurted out!

Nima!

At the moment of landing, Yue Feng only felt that all his internal organs were shattered! There was a burst of pain, and I almost fainted!

Yue Feng wanted to struggle to stand up, but the palm just now was really powerful. At this time, Yue Feng's body was soft and he couldn't even try.

Yanhong? is her!

Yue Feng endured the severe pain, turned his head to look, his eyes fell on Yan Hong, his heart was shocked, and the whole person was stunned.

Nima, how could it be her?

Whoa!

At the same time, everyone present was stunned, looking at Yan Hong in shock.

The strength of this woman is so terrifying?

The strength that Yue Feng showed just now is already shocking, and this beautiful woman seems to be stronger than Yue Feng.

Chapter 3314

"Yue Feng!"

At this time, Yan Hong looked up and down at Yue Feng, with a bit of drama on her delicate face: "I didn't expect it, we will meet again! I didn't expect that your life is quite big. , was caught in the chaotic vortex and didn't die!" The

voice fell, Yan Hong slowly walked over, full of evil spirits!

Yanhong couldn't hide her anger when she thought that she was brought into the chaotic vortex by Yue Feng.

call!

Seeing Yanhong getting closer and closer, Yue Feng took a deep breath and revealed a smile: "You're all right, how could I die in the chaotic vortex? Yanhong, you are a fairy in an illusory realm, but you also learned It's really disappointing."

At this moment, listening to the conversation between the two, everyone around was stunned.

Chaos vortex? Too illusory? Fairy?

What are Yue Feng and this woman talking about?

"Crack!"

At this moment, Yan Hong walked up to Yue Feng, first smiled evilly, then raised her jade hand and slapped Yue Feng without warning.

Yue Feng was just attacked by Yanhong and was extremely weak. He couldn't dodge this slap at all. After a crisp sound, half of his face suddenly swelled up.

hiss!

For a while, the whole place was dead silent.

Soon, Maddie was the first to react, and laughed in relief: "Beauty played well, then..." Before she could finish her sentence, Yan Hong interrupted her with a look.

At this moment, when he felt Yanhong's cold eyes, Maddie only felt a chill in his heart.

This woman is so sexy and beautiful, but her eyes are so terrifying.

After glaring at Maddie, Yanhong turned around!

"Yue Feng!" Yan Hong looked up and down at Yue Feng, her eyes full of arrogance: "Don't laugh at me, do you think you are still the famous hero of Jiuzhou? This is a different world, and I am about to merge with Hades. Strength, when the time comes, in this other world continent, no one will be my opponent, so when you talk to me, you have to be polite, understand?"

Hearing this, Yue Feng rubbed his face, a little dumbfounded.

This Yanhong really hasn't changed at all, she's still so cold and arrogant. Thinking to himself, Yue

Feng couldn't help but say, "How do you know I'm here?"

I can find you!"

Your person?

Yue Feng was stunned for a moment, but he quickly reacted and said with a dumb laugh: "It seems that I guessed right, that guy named Moloch is indeed yours."

Seeing that he could still laugh, Yan Hong frowned. Locked tightly: "Yue Feng, are you really afraid that I will kill you?"

"You won't for the time being!" Yue Feng shook his head and said firmly: "You know better than me, this is not our world, and we will go back sooner or later. , when you decide to go back, you will definitely ask me for help, won't you?"

Phew!

Hearing this, Yan Hong fell silent.

Yue Feng is right. After Yanhong came to this Roland Continent, she was not used to everything. During this time, while integrating the power of Hades, she also thought about how to leave, but she had no clue.

"Okay!"

Finally, Yanhong reacted and looked at Yue Feng in a complicated way: "You are really smart, I really won't kill you for the time being, but I can't let you go now, unless you can promise me a condition! "

When saying this, Yanhong's eyes flashed with slyness, and her tone was unquestionable.

"What conditions?" Yue Feng asked subconsciously.

"It's very simple!" Yan Hong showed a smile, extremely charming: "You swear to be loyal to me, and from now on, everything will obey my orders!"

At that time in the illusory realm, Yan Hong and Yue Feng lost the bet and agreed. To obey Yue Feng's orders, this matter has always been a shame in Yan Hong's heart.

And now with such a good opportunity, Yan Hong naturally wants to regain his face.

What?

Chapter 3315

At this moment, Yue Feng's expression froze, and the whole person was stunned.

From now on, at your command?

Nima, this Yanhong's tone is not small.

Muttering in his heart, Yue Feng looked at Yan Hong secretly with a pair of eyes.

It has to be said that this Yanhong, as a fairy born in the illusory realm, is not only sexy, but also has a queen-like aura all over her body. And after a while, it seems to be even more charming.

Seriously, it's been a pleasure working with such a charming stunner.

But Yanhong is evil by nature, she really has to agree, I am afraid that Yanhong will make her do a lot of things that hurt heaven and reason.

"Hey!"

Seeing that Yue Feng remained silent, Yan Hong lost his patience and urged, "Have you made up your mind?"

Yue Feng smiled and said, "Yan Hong, do you think I will agree?"

Shuh!

Hearing this answer, Yan Hong's pretty face changed, and her eyes flashed with a hint of coldness.

"Okay, very good, Yue Feng, you are very strong!" Yan Hong said coldly, and then looked around: "Those around are all your enemies, right? I know that the practitioners in this world, and the continent of Kyushu. There is a big difference between them, and you are so powerful that you are not afraid of them at all. But if I block your dantian inner strength, what do you think will happen?"

Pa! Snapped! Snapped!

The voice fell, and Yan Hong shot without warning, sealing several acupoints on Yue Feng's body.

Yan Hong's shot was very fast, Yue Feng didn't have time to react, and he couldn't move for a moment.

Nima!

Yue Feng was incessantly complaining, angry and helpless.

"Yue Feng, I'll give you one last chance!"

At this time, Yan Hong was very proud, with a bit of drama in her eyes: "I surrender to me immediately, and I will take you away safely! Otherwise, you will Do it well."

Yue Feng gritted his teeth and did not respond.

To be honest, agreeing to Yanhong's conditions might be the best choice at the moment, but doing so would violate his own principles.

Seeing that Yue Feng was still unwilling to accept softness, Yan Hong was very angry.

"This... this beautiful lady."

At this moment, the city lord Seth walked over slowly and said carefully to Yan Hong, "Who are you? What kind of grievance do you have with this Yue Feng?"

" At these times, Seth was sweating profusely and was very nervous.

As the lord of Pearl City, Seth didn't want to act so cowardly, but he couldn't help it. The aura of the woman in front of him was too powerful.

Swish!

At the same time, the eyes of other people around also focused on Yan Hong.

Yan Hong frowned and replied lightly, "I have nothing to do with him! I just happened to be passing by and saw this person committing murder in public, so I came over to help."

Although Yan Hong is a fairy, she is not stupid, and naturally she will not. Tell them the truth.

It was passing by.

At this moment, both Seth and Maddie were all secretly relieved.

At this time, Yan Hong looked around the audience and asked, "What kind of grievance does this person have with you, why are you besieging him?"

As soon as the words fell, Maddie quickly replied: "Beautiful lady, this is the case, this Yue Feng is despicable and shameless, he is the son-in-law of the Du Men family, and he is not restless at all, not only killing the old man Du Men, but also wanting to occupy other people's properties. .."

For the next few minutes, McGrady told the situation.

Of course, when McGrady said it, he deliberately distorted the facts and added fuel to it, making Yue Feng a heinous scum.

The ultimate husband in Chinese chapter 3316-3320

Chapter 3316

Nima!

Seeing Maddie reversed black and white, Yue Fengqi's eyes were blood red, and he wanted to refute, but the injury was too serious, the acupuncture points were blocked, and he didn't have the strength to speak.

"Tsk tsk!"

Hearing this, Yanhong showed a teasing smile, walked over, and mocked Yue Feng: "I can't tell, Yue Feng, who is famous in the Kyushu continent, would actually do such a thing. "

"I'm a hypocrite, and pretend to be arrogant in front of me? Whether I agree to the conditions I said or not!"

Yue Feng chuckled, too lazy to refute.

"Okay, okay!" Yan Hong sneered: "I see how hard you can be." In the

next second, Yan Hong looked around and said slowly, "This person has no fighting power, what should you do? !" After the

last sentence fell, Yanhong tapped the ground with her toes and flew into the distance, disappearing from everyone's sight in the blink of an eye.

Yanhong didn't give up Yue Feng completely, she thought about it, let Yue Feng suffer a little from the people in Pearl City first, and then talk about the conditions when he can't stand it any longer.

What the hell!

Seeing Yanhong leave, Yue Feng's heart was shocked, and he was stunned.

gone like this?

Whoa!

At this moment, Seth and Maddie not far away reacted one by one, indescribably excited.

This chapter is provided by . Visit for daily update.

“Yue Feng!” Maddie smiled proudly at Yue Feng: “Have you seen it? If you do too much evil, God can’t stand it. That beautiful lady passing by was sent by God to punish you.”

At the same time, Seth waved his hand quickly: “Quick, bind Yue Feng.”

Suddenly, several people walked over and tied Yue Feng.

Yuefeng’s acupuncture point was sealed, and he couldn’t resist at all.

“You despicable and shameless thing!”

At this time, a middle-aged woman came out of the crowd. It was Launa, the housekeeper of the Dumen family.

Arriving in front of Yue Feng, Lau Na scolded: “Master is so good to you, but you killed him, you should go to hell!” After speaking, she spit on Yue Feng’s face.

Speaking of which, Launa didn’t dare to do this half an hour ago, when Yue Feng was invincible, like a god of war.

But now it’s different. Yue Feng was injured by the beautiful lady and tied up. Launa was not afraid at all.

Whoa!

For a time, the surrounding people also reacted and attacked Yue Fengkou.

“Such a scum, just kill him.”

“Yes, hang him publicly!” During the

curse, many people from the big family looked at Yue Feng with intense hatred. In the previous battle, Yue Feng didn’t know how many family guards he had hurt. At this time, the people of these big families could not wait to peel him off.

In the face of everyone’s responsibilities and abuse, Yue Feng was too lazy to explain.

This city lord Seth, colluding with the major families, is useless no matter how to explain it.

“Calm down everyone!”

At this moment, Seth shouted, then came over, looked at Yue Feng and said coldly: “Yue Feng, do you plead guilty now?”

Huh!

Yue Feng took a deep breath, looked directly at Seth, and was not afraid: "I didn't kill the old man, what am I guilty of?"

Hearing this, Seth was so angry that he shouted: "You are still arrogant. Man Xiong's subordinates have already identified you, what else do you have to say?"

At this time, Maddie stepped out and shouted, "Don't talk nonsense with this kind of person, let's give him some color first!" The

voice fell, The people of the major families around also nodded.

"Yes, this guy has injured so many of our guards just now, and he must not be forgiven lightly."

Chapter 3317

"Teach him a good lesson and see how long he can be tough."

Hearing everyone's shouting, Seth didn't hesitate, raised his hand and waved: "Come here, hit me until he confesses his guilt.

" As soon as he landed, a soldier of Seth's body quickly walked over, holding a soft whip in his hand. You can see that this soft whip is made of metal wire and beef tendon, and it is extremely tough.

Haha...

At this moment, Maddie looked proud, and said to Yue Feng, "Yue Feng, I advise you to confess your guilt quickly, so as not to suffer from flesh and blood!"

When he said this, Maddie couldn't express the excitement .

As long as Yue Feng confessed his guilt and killed Du Men, it would be a sure thing.

Nima!

Hearing this, Yue Feng was furious and responded with a sneer: "Maddy, don't be complacent, as long as I don't die, I won't let you go!"

When he said this, Yue Feng's face was meaningless, and he felt in his heart. But want to cry without tears.

Nima, it's really a tiger falling and Pingyang being bullied by a dog. If Yanhong hadn't attacked him just now, he wouldn't have fallen into the hands of these people.

At this time, Seth next to him stopped talking nonsense and shouted: "Hit, hit me!"

Slap!

As soon as the words fell, the soldier immediately raised the whip and slammed it on Yue Feng. With a thunderous explosion, a bloodstain appeared on Yue Feng's body, and the blood soaked his clothes in an instant!

Damn Nima.

When the pain came, Yue Feng couldn't help gasping for air, gritted his teeth and didn't cry out, but his eyes were blood red.

Seeing that he gritted his teeth and still pleaded not guilty, Seth's face turned grim: "Come on, how did you kill the old man Du Men?"

Yue Feng sneered and did not respond.

Seth was furious and let the soldiers continue to fight!

"Crack! Slap! Slap!" The

soldier waved his whip and kept falling on Yue Feng's body.

Yuefeng's acupuncture point was blocked, and he couldn't move at all, he could only bear it with gritted teeth.

Seeing this scene, Maddie and everyone in the surrounding family showed a smug smile.

Although this Yue Feng is very powerful, he has not been caught in the end?

At the same time, Lolita stood not far away, looking at Yue Feng, whose body was dripping with blood, her eyes twinkled with complexity, and her delicate body also trembled slightly.

At that moment, Lolita couldn't bear it, but when she thought of her grandfather's tragic death, her eyes returned to indifference.

The whip lashed, Yue Feng finally couldn't bear it anymore, he gritted his teeth and cursed at Seth: "As the city lord, you don't have the ability to distinguish right from wrong. In today's matter, Maddie is obviously slandering me. You have been covering him up, and I tell you, if I don't die, what you did to me today, I will pay back tenfold!"

"And your family, none of you can escape!" He

said in a cold voice, as if General from hell.

Swish!

In an instant, whether it was Seth or the major families present, when they heard these words, they couldn't help but fight a cold war, and then they all became furious.

"It's still so rampant now?"

"Kill him directly!"

Under the anger, Seth also pulled out his great sword, walked towards Yue Feng step by step, and said solemnly: "Do not confess? Then I will fulfill you!" After the

voice fell, Seth raised the great sword and pointed directly at Yue Feng. The wind pierced the heart.

Nima!

Looking at the giant sword, Yue Feng's eyes were blood red, and he couldn't tell how unwilling he was.

just die? Not reconciled!

Chapter 3318

"Lord City Lord!"

However, at this critical moment, an urgent voice was heard, and then a heroic figure stopped Seth.

It was Thea.

"Thea?"

Seth frowned, very unhappy, and said coldly: "What are you doing? Get out of the way!"

This Yue Feng was so arrogant, he didn't put himself and the major families in the eyes, and he had to kill him Not possible.

At the same time, everyone around Maddie frowned.

"Sir City Lord!" Thea bit her lip and said anxiously: "Don't be impulsive, the law of the duchy stipulates that to execute a prisoner, you need to convene the public and execute the execution in public. If you kill him here, it is a violation of the law of the duchy. Fa."

When she said this, Thea looked at Yue Feng intentionally or unintentionally, feeling anxious.

She believed that Yue Feng was framed, how could she just watch him be executed?
call!

Hearing this, Seth was silent for a while, then put away the big sword, and said angrily: "Come on, put Yue Feng into the prison first, and tomorrow morning, call the people of the city and execute them publicly."

Seriously, Seth is very I wanted to kill Yue Feng immediately, but Xia was right, the law of the duchy stipulated that no one could use the death penalty in private. As the city lord, you cannot knowingly commit crimes.

Whoa!

Soon, several soldiers came over and left the manor with Yue Feng.

At this moment, Yue Feng secretly breathed a sigh of relief, and at the same time glanced at Thea gratefully.

At this time, Yue Feng never thought that at the last crucial moment, Thea would help him.

After Yue Feng was taken away, the major families also left one after another, and only Maddie stayed.

"Lolita!"

Watching everyone leave, Maddie showed a smile, walked up to Lolita and said to please: "The old man is gone, people can't be resurrected, don't be too sad!"

When he said this, Maddie had a face Sad, but my heart is happy.

Haha... Yue Feng has already lost his reputation, and now he has no worries.

Lolita breathed a sigh of relief and said slowly, "Maddy, thank you for revealing Yue Feng's mask today. Otherwise, I would have been kept in the dark by him."

As soon as Yue Feng was mentioned, Lolita snorted . Deep disgust.

"No, no!" Maddie waved his hand, with a look of course: "The old man is also my elder, and I should do it."

After speaking, Maddie leaned a little closer: "Lolita, my heart for you, You should understand that when Yue Feng is executed tomorrow, you will marry me, okay? The old man is gone, and you also need a man to take care of you, don't worry, I will definitely treat you well for the rest of my life."

Maddie at this time, in his eyes Full of anticipation.

However, Lolita shook her head: "I'm sorry Maddie, I don't want to talk about marriage for the time being. Even if I want to get married, I have to be filial to my grandfather for a year!"

A year of filial piety?

Hearing this, Maddie was a little disappointed, but he nodded slyly and said, "Lolita, you are so filial. Well, I'll wait for you for a year."

A year is not too long, I can afford it myself .

Afterwards, Maddie chatted with Lolita for a few more words, and left happily.

.....

At night, Pearl City, guard the prison.

In the gloomy and dark cell, Yue Feng was tied there, unable to move.

Across the prison door, listening to the sound of the sea water in the distance, Yue Feng had a sad face. He had been beaten with dozens of whips during the day, and the wound was burning with pain. Moreover, the acupuncture point was sealed by Yanhong.

However, Yue Feng did not sit still and endured the pain, secretly mobilizing his inner strength and trying to break through the acupoints.

call!

Chapter 3319

Finally, after more than an hour of hard work, the acupoint opened.

"

Squeak—" Before Yue Feng could breathe a sigh of relief, suddenly, he heard footsteps coming from outside the prison door. The footsteps were very soft, and then, the prison door was gently pushed open a gap, and a charming figure flashed in quickly.

Nima, Maddie secretly sent someone to assassinate him!

At this moment, Yue Feng was startled, and hurriedly looked at the door. After seeing who was coming, he breathed a sigh of relief.

I saw that the person who came was wearing a knight's armor, with delicate facial features, charming curves, and a heroic spirit all over his body. It was Thea.

"Xia, why are you here?" Yue Feng was very surprised and couldn't help but ask.

Thea didn't answer directly, but came over, first looked at Yue Feng's wound, and then scolded: "Yue Feng, why didn't you listen to my advice during the day? If you have to fight with the city lord and the major families, you There is only one person, can it be their opponent?"

When saying this, Thea was full of accusations, but there was a bit of worry in her eyes.
call!

Yue Feng breathed a sigh of relief and smiled bitterly: "You came to see me on a risky basis, and you made a special trip to accuse me? You don't like me, do you?"

Hearing this, Thea's delicate face instantly flushed red. He said with a good air: "Shut up, you are about to die, and you are still so rude!" After saying that, he quickly helped Yue Feng to untie the chain.

"Now is the most slack time in prison, wait for me to send you out of Pearl City, and don't come back again!" Thea said seriously.

Hearing this, Yue Feng felt warm in his heart and was very moved, but he couldn't help but say, "Are you going to let me go?"

Huh!

Thea exhaled, her eyes flashing a bit of complexity: "That savage subordinate, the man named Amon, I investigated him yesterday, and he was bought by Maddie, but I have insufficient evidence, but I believe , you are being slandered!"

Said, Thea changed her words: "The city lord has a close relationship with the Maiwei family, and has close contacts with other families. It is really unwise for you to conflict with them today.

" I'm letting you go late, not because I like you, but for justice, understand?"

Hearing Xia's remarks, Yue Feng fell silent, and a little admiration for Xia also rose in his heart.

Although this female knight is not very strong, this sense of justice is really rare.

With emotion, Yue Feng couldn't help but said: "You let me go, what do you do?"

Thea smiled lightly: "Don't worry, no one saw me when I came in, time is running out, let's go quickly!"

"After falling, Thea left the prison with Yue Feng.

The guard prison in Pearl City is not very big, and soon, Yue Feng and Xia arrived at the city gate.

Um?

When he was about to leave the city, Yue Feng suddenly stopped!

Yue Feng clearly felt that there was a faint movement in the direction outside the city gate!

Seeing that Yue Feng suddenly stopped, Thea couldn't help but wonder: "Why don't you leave?" After saying that, she followed Yue Feng's gaze, and her body trembled when she saw it!

I saw that there were a lot of people standing quietly on the roadside outside the city gate, waiting for them.

The leader, in a gorgeous robe, with a gloomy face, is the city lord Seth!

"Thea!"

At this time, Seth's eyes fell on Thea, and his tone was full of sinister: "You don't let me kill Yue Feng during the day, I feel that something is wrong, it seems that I really guessed right, you and this Yue Feng are really related. That's amazing!"

Said, Seth's eyes sank, and he shouted: "Thea, let go of the felon in private, do you know

the crime?" Oops!

Thea's delicate face was a little pale, and she was very flustered.

At this time, Thea did not expect that Seth had been eyeing her for a long time.

Yue Feng stood aside, his face seemed calm, but his heart was secretly anxious!

Chapter 3320

"Seth!"

In anxiety, Yue Feng tried his best to calm down and shouted at Seth: “Just based on the one-sided words of that man’s subordinate, you think that I am still the old man of Dumen, it seems that you secretly charged It’s a lot of good for Maddie!”

“As the city owner, secretly colluding with major families, and pretending to be full of benevolence and morality, it’s ridiculous!

“

Hearing this, Seth was furious, too lazy to talk nonsense, and shouted: “Take it down, take both Thea and Yue Feng!” The

voice fell, and nearly a hundred guard soldiers rushed over thinking of Yue Feng. .

Mad!

Seeing this situation, Yue Feng scolded secretly, and his internal force was running, and he went up directly. At the same time, Thea also pulled out the long sword on her body.

Although Yue Feng rushed to open the acupoint, his injuries were too serious. At first, he was able to cope with the siege of many guards, but gradually he couldn’t stand it anymore.

boom!

Under the fierce battle, a guard soldier rushed over from behind and punched Yue Feng on the back. Hearing a dull sound, Yue Feng trembled, staggered back a few steps, and at the same time spurted out a mouthful of blood.

Seeing this scene, Thea was very anxious, and swung a sword to force the few people in front of her to retreat, then quickly rushed over and supported Yue Feng’s arm: “Yue Feng, how are you?”

“It’s okay..” Yue Feng Shaking his head, he wiped the blood from the corners of his mouth.

Ma De, if he hadn’t been raided by Yanhong before, and then beaten with dozens of whips, he wouldn’t be so weak. Moreover, Olina and the people from the Bloody Hand Organization left Pearl City two days ago. If Olina was still here, she would not be so passive.

“Thea!”

At this moment, Seth stood there with a gloomy expression on his face, and shouted at Thea: “It’s not a pity to die like a scum like Yue Feng. As the captain of the guard, you

have colluded with him, have you ever thought about the consequences? Immediately put down your weapons. , I may give you a chance!”

Hearing this, Thea’s delicate face was full of determination: “Seth, don’t be hypocritical, I have been working under you for all these years, and I have seen you clearly. , This captain of the guard, I have long wanted to do it.”

“Okay, very good!”

At this moment, Seth was trembling with anger, pointing at Thea and roaring: “I have given you a chance, since you don’t Be sure, then don’t blame me for being cruel!”

“Execute them on the spot.” The

last sentence was shouted, and Seth’s eyes were full of madness.

After following his subordinates for several years, he suddenly betrayed him, how can he not be angry?

“Kill!”

For a time, nearly a hundred guard soldiers let out a howl and rushed up again.

To be honest, if it was during the day, these guards would not dare to rush. At that time, at the Dumen family manor, Yue Feng fought against the major families alone, like a god of war. But at this time, Yue Feng was injured and there is no threat at all.

Seeing these guard soldiers rushing over, Thea’s delicate face was not at all nervous.

The next second, Thea pushed Yue Feng away and said seriously: “Yue Feng, I will block them, you go!” For the

sake of fairness and justice, Yue Feng must not fall into their hands.

What the hell!

Yue Feng was stunned for a moment, and shouted: “Are you crazy?” With

so many people, how could you be able to stop them alone?

“I’m not crazy, don’t forget, I’m the only female knight in Pearl City, these guards can’t stop me at all!” Thea showed a smile and urged Yue Feng: “Go, go!” The

last sentence When the words fell, Thea used all her strength to push Yue Feng away!

Whoa!

At this moment, nearly a hundred guards rushed over and surrounded Thea at once. In the blink of an eye, a fierce battle broke out between the two sides.

Yue Feng saw that Thea was wielding a long sword, like an elf in the dark night, with a light figure, constantly shuttled through the crowd, but there were too many enemies to rush out.

The ultimate husband in Chinese chapter 3321-3330

Chapter 3321

Nima.

Seeing this scene, Yue Feng clenched his fists, and his eyes were instantly blood red.

Thea sacrificed her life to save her, if she left, would she still be a human being?

“Hahaha...”

Seeing Thea surrounded by his subordinates, Seth was full of pride: “Thea, I advise you to give up.” When he said this, Seth’s eyes swept Yue Yue contemptuously. A glance at the wind.

Originally, Seth was very jealous of Yue Feng, but seeing his weak appearance at this time, he was not afraid of him escaping at all.

Seth thought about it, grabbed Thea first, as long as he caught Thea, Yue Feng couldn’t run away.

Facing Seth’s call, Seth did not respond, but bit his lip and continued to fight with the surrounding guard soldiers, but the speed was obviously slowed down due to the consumption of holy energy.

call!

At this moment, Yue Feng took a deep breath and moved a stone from the side.

what is he doing

Seeing this scene, Seth frowned secretly. This Yue Feng knew that he couldn’t run away, and was he going to use stones to resist?

At the same time, Thea, who was in the fierce battle, was also in a hurry: “Yue Feng, why are you still not leaving? Go...” He temporarily held off the guard soldiers, he didn’t leave quickly, why did he move the stones? ?

However, Yue Feng did not respond, but continued to move stones.

In the grass outside the city gate, there are many rocks. Yue Feng can find it easily. Just when Thea keeps urging, Yue Feng is already in front of him, placing a lot of rocks.

This chapter is provided by . Visit for daily update.

Yes, Yue Feng used these stones to form a formation.

Since his injuries have not healed, he cannot help Thea to fight, so he can only use the formation.

Um?

At this moment, seeing the stones that Yue Feng placed, Seth felt something was wrong. He clearly saw that these stones seemed to be placed in a mess, but there seemed to be another mystery in them.

“Seth!”

Just when Seth was muttering in secret, Yue Feng clapped his hands with a provocative expression on his face: “The dignified city lord of Pearl City, let so many subordinates deal with a woman, I’m really ashamed for you, you don’t want to arrest me. Me? Come in if you have the guts.” The

voice fell, and Yue Feng quickly entered the stone formation.

“You’re courting death!” Seth burst into anger, “How dare you laugh at me when death is imminent?”

How could he endure being mocked by a fugitive, the dignified lord of a city?

In anger, Seth did not hesitate at all, clenched his sword tightly, and rushed directly into the stone formation.

Hahaha...

Seeing Seth breaking in, Yue Feng showed a smile, indescribably excited.

This Seth, whose IQ is not that good, was so easily provoked.

Thinking to himself, Yue Feng shouted at Xia: “Xita, bring in those guard soldiers!” When he said this, Yue Feng looked confident.

The stone formation placed by Yue Feng is called the Four-Phase Formation. It belongs to a medium formation in the Baiqi Divine Formation, but it is enough to deal with people like Seth.

Hearing Yue Feng’s cry, Thea was so anxious: “What the hell are you doing?” If you can’t go, what’s the use of getting these stones now?

At this moment, Thea was very depressed, but for some reason, seeing Yue Feng's self-confidence, she still chose to believe him. With a flash of her tender body, she led the guard soldiers into the four-phase formation.

"Yue Feng."

Seeing that his subordinates were also introduced to the stone formation by Thea, Seth shouted with disdain, "You scum, you think you can deal with us by getting some rocks? It's so naive." The

voice fell, and Seth commanded The subordinates planned to kill Yue Feng and Xia on the spot, but the next scene made him dumbfounded.

Chapter 3322

Seth was amazed to see that the stones in front of him seemed to move, blocking him from Yue Feng. Not only that, but his subordinates were also dizzy after they came in.

How could this be?

At the same time, Thea was also stunned, and saw that Seth and nearly a hundred guard soldiers were being played around by Yue Feng among these stones.

He... how did he do it?

"Thea!"

Just when Xia was secretly shocked, Yue Feng shouted with a smile: "Don't be stunned, follow me closely!"

Hearing this, Xia responded and quickly joined Yue Feng.

A few seconds later, Yue Feng took Thea away from the Four Phase Array.

And Seth and his subordinates were still inside at this time, and they were like headless flies, and they couldn't rush out.

This...

At this time, Thea, her delicate body trembled faintly, and was completely shocked. Looking at Yue Feng's eyes, it was also full of inconceivable.

Just use some stones to trap the enemy. If you hadn't seen it with your own eyes, who would have believed it?

"Seth!"

At this moment, Yue Feng stood outside the stone formation, smilingly looking at Seth who was trapped inside, his tone was full of teasing: "We will have an appointment in the future, remember, I, Yue Feng, will be back."

When the voice fell, Yue Feng greeted Thea to leave.

Mad!

At this moment, Seth almost vomited blood and kept howling: "Yue Feng, you scum, I will catch you sooner or later..."

The howling came, Yue Feng ignored it, and in a blink of an eye, he disappeared into the night with Thea.

boom!

Seeing Yue Feng and Xia walking away, Seth slapped a rock hard, his face extremely ugly.

I thought I could easily intercept Thea and Yue Feng tonight, but I never thought that I would be trapped by Yue Feng with these stones.

Just a shame.

In anger, Seth roared at his subordinates: "Every one is a rice bucket, find an exit!"

At this time, the guard soldiers also wanted to cry without tears.

"Lord City Lord, it seems that there are stones all around..."

"Yeah, we can't find an exit."

In a blink of an eye, more than an hour passed, and Seth and nearly a hundred of his men were still trapped in the fourth phase. in the array.

Whoosh!

At this moment, in the night sky not far away, there was a fluctuating breath, followed by a slender figure that flew quickly.

A long black and red dress with charming curves, but the whole body is filled with icy cold.

It is Yanhong.

After sealing Yue Feng's acupuncture point during the day, Yan Hong decided to leave, intending to let Yue Feng suffer in Pearl City. Nearly ten hours have passed since then, Yan Hong felt that it was almost the same, and came over to check the situation.

From a distance, outside the city gate, Seth and nearly a hundred guard soldiers were trapped in the stone formation. Yan Hong frowned and rushed over.

Reaching the front, Yanhong asked Seth, "Where's Yue Feng?" The voice was not loud, but there was a strong aura.

Whoa!

Seeing the appearance of Yanhong, both Seth and the soldiers under him were extremely happy.

In the next second, Seth said excitedly: "Dear lady, you are so timely. Yue Feng escaped from the prison and trapped us in these stones." With

that, Seth pleaded. : "Please help, let us out."

In Seth's heart, Yan Hong was so powerful that even Yue Feng was no match, so he would definitely be able to save himself.

What?

Knowing the situation, Yan Hong's delicate face suddenly turned gloomy, and she said with contempt, "It's really a bunch of rice buckets." Yue Feng was blocked by himself and had no resistance at all, but these people in front of him could still let him run away. Now, what is not a rice bucket?

Chapter 3323 As the words

fell, Yanhong didn't bother to pay attention to Seth, her tender body flashed, and chased in the direction Yue Feng left.

Even though Yanhong is a fairy, she doesn't know anything about fighting techniques. How could it be possible for Seth to unravel the stone formation?

Uh...

Seeing this scene, Seth was embarrassed and almost wanted to cry without tears.

It's over, do you want to be stuck here forever?

...

Yue Feng and Xia walked all the way for more than two hours. After confirming safety, they slowed down.

At this time, the two came to a hillside.

call!

Yue Feng took a deep breath and completely relaxed.

Nima, it's finally safe!

"Yue Feng!"

At this time, Thea walked up and asked curiously: "How did you do it just now? What are those stones? It's amazing that they can trap so many people. It's over."

Thea couldn't hide her excitement when she thought that Seth's gang was trapped in the stone and couldn't get out.

Seeing Xia's look of anticipation, Yue Feng smiled slightly: "That's called the Four-Phase Formation, which belongs to a kind of formation. Of course, there is no formation in your world, you can't understand it, it's normal..."

To be honest, Yue Feng didn't want to say it, but Xia risked her own life to save herself. It would be inappropriate if she continued to conceal her identity.

Formation?

Hearing this, Thea frowned and looked confused.

The next second, Thea reacted and couldn't help but ask: "What formation, what are you talking about? Also, why do you say 'your world'?"

"Ow!"

Yue Feng scratched his head, To explain, suddenly, I heard a roar that shocked the soul from the forest ahead, and then, Yue Feng saw a huge black shadow appear in his sight.

Nima, what kind of beast is this?

Yue Feng was taken aback and squinted his eyes to take a closer look.

I saw that it was a black bear, but it was very large, more than three meters tall, with dark and shiny hair, and its sharp claws flashed with cold light.

At this moment, Thea saw the big black bear, and her body was shocked. She couldn't help but said: "Oh, we just ran away, and we came to the Giant Bear Mountain unknowingly."

Giant Bear Mountain?

Hearing this, Yue Feng was stunned.

Thea took a deep breath and continued: "The area around the Giant Bear Mountain is complex, and there are often giant bears, so it's very dangerous!"

After speaking, Thea's delicate face became solemn: "Two years ago, a group of mountain bandits It is said that they have tamed the black bears here, and they are very strong, but now, a giant bear has suddenly appeared here, it seems that the bandits are operating nearby!"

Damn, a band of bandits can tame the giant bears ?

At this moment, Yue Feng couldn't help frowning secretly.

Whoa!

That is, at this moment, I heard footsteps not far away, and then, a dozen big men came around, all of them holding long knives and looking bad.

This group of people is the mountain bandit of Giant Bear Mountain.

The one at the head, with a burly stature and a giant hammer in his hand, is very mighty. It is the leader of this gang of bandits, Ou Shan.

Nima.

Just talking about these mountain bandits, these mountain bandits appeared?

Seeing Ou Shan and the others, Yue Feng frowned.

At the same time, feeling the strength of the people like Ou Shan, Yue Feng complained even more in his heart.

All of them are even more powerful than the Holy King.

I just escaped from Pearl City, and I didn't stop all the way, so Yue Feng's strength has not fully recovered.

Chapter 3324

Mountain bandits in Giant Bear Mountain?

At the same time, Thea was also shocked, and her delicate face was full of vigilance.

“You’re not too timid, dare to break into the Giant Bear Mountain?” At this time, Ou Shan slowly walked over with a arrogant expression on his face: “When you come to our site, hehe, you guys... eh? This woman is so beautiful.”

Said Halfway through, Okuyama’s eyes fell on Thea, and his eyes suddenly lit up.

Swish!

At the same time, several accomplices behind them also looked at Thea closely, their eyes straight.

What a beautiful woman, especially this temperament, it is simply fatal.

The eyes of everyone in Okuyama made Thea very displeased, and said coldly: “We are just passing by, no offense. And I tell you, I am the female knight Thea of Pearl City, you better be honest.

” At these times, Thea looked calm, but her heart was unspeakable.

You know, the group of people in front of them are very powerful, and they can even tame giant bears.

The female knight of Pearl City?

Hearing this, everyone in Okuyama was stunned.

In the next second, Okuyama couldn’t help laughing, looked up and down at Thea, tsk tsk admiration: “It turns out to be the female knight of Pearl City, no wonder the temperament is so different.”

After saying that, Okuyama’s eyes flashed with evil: ” I heard that the female knights of Pearl City are not only sexy, but also very beautiful. When I see them now, they really deserve their reputation. To be honest, we have been entrenched in Giant Bear Mountain for so long, and we have robbed many nobles and wealthy families, but we have never robbed women. Where’s the knight.”

When Okuyama said this, a dozen companions had already surrounded Yue Feng and Xia.

“you...”

Seeing this scene, Thea was panicked and angry: “Don’t mess around.”

Yue Feng stood there, but was unusually calm.

The more nervous Thea is, the more proud Okuyama is, he laughed and said: "Beautiful knight, don't be so nervous, as long as you don't resist, we won't hurt you. Did you see the giant bear not far away? It's us. Tame, if you resist and anger the giant bear, I will not be responsible!"

When he said this, Okuyama didn't even look at Yue Feng.

This guy doesn't have any holy power at all, and he still has injuries on his body, so it's nothing to worry about.

At this moment, Thea was anxious and desperate.

I thought I had escaped from Seth's pursuit and was temporarily safe, but I didn't expect to break into the Giant Bear Mountain by mistake.

"Haha!"

At this moment, Yue Feng smiled lightly, and said to Ou Shan: "It's just a bunch of little thieves, they are really lawless, hurry up and apologize to Miss Xia, otherwise you will be at your own risk!"

When he said this, Yue Feng His face was indifferent, and there was no nervousness about being in danger at all.

What?

When the words fell, Okuyama and the surrounding subordinates were stunned, thinking that they had heard it wrong.

what did he say? Want to apologize to this female knight yourself?

There's something wrong with this kid.

"Yue Feng." Xia was also in a hurry, and said to Yue Feng, "Don't talk nonsense!" These bandits, one by one, were extremely vicious, and Yue Feng was injured, but he took the initiative to provoke them.

Yue Feng smiled and signaled Thea not to be nervous.

Finally, Ou Shan reacted and glared at Yue Feng: "Boy, are you courting death?"

Yue Feng ignored it, but put his finger in his mouth and made a series of 'woohoo' sounds.

Yes, Yue Feng used ventriloquism to signal an attack to the giant bear not far away. Not only that, but Yue Feng secretly took out the beast-fighting ring.

When he observed the giant bear just now, Yue Feng could see that the bandits used special drugs to tame the giant bear, because in the Kyushu mainland, some people also used this method to tame wild beasts.

Speaking of which, this method, compared with Yue Feng's method, is completely paediatric.

Haha...

Seeing Yue Feng's actions, Okuyama and the surrounding subordinates couldn't help but burst into laughter.

Chapter 3325

"What does this kid learn?"

"Is this a fool?" In the

jeers, Okuyama was too lazy to talk nonsense, clenched the giant hammer and smashed it directly at Yue Feng.

Watching Okuyama make his move, Yue Feng didn't panic at all. He took a step back and shouted to Thea at the same time, "Xia, come behind me."

Hearing Yue Feng's call, Thea stomped her feet in a hurry.

You have angered the other party and asked me to hide behind you. Is it useful?

"Ow..."

Seeing that the giant hammer was about to smash Zhong Yuefeng, at this critical moment, I saw that the giant bear not far away suddenly became violent, and then rushed over quickly.

I saw that the giant bear's eyes were extremely blood red, and he completely lost his mind, and the target he locked was Okuyama.

what's the situation?

Seeing the giant bear rushing towards him, Ou Shan's face changed greatly, he quickly ducked to the side, and at the same time took out a packet of medicinal powder from his body and sprinkled it towards the giant bear.

Yue Feng guessed right, Ooshan and his gang were able to tame the giant bears by relying on a special medicinal powder.

However, what made Okuyama depressed was that the medicinal powder didn't seem to work at this time. The giant bear in front of him was completely insane, with a terrifying roar from his mouth, waving the bear's paw, and pounced on it again.

For a time, Okuyama dodged desperately, almost crying.

The companions around were all dumbfounded.

Why did this giant bear suddenly go crazy?

This...

Seeing the scene in front of her, Thea was also shocked and stunned.

what happened?

Wasn't this giant bear tamed by these bandits? But now, he suddenly went crazy, desperately attacking and chasing a mountain bandit leader...

Haha...

Yue Feng stood there, holding his arms, his face relaxed!

Just now, Yue Feng used ventriloquism, and at the same time he gave instructions to the giant bear, he also activated the beast-fighting ring. The beast ring can control the world's spirit beasts, and naturally it can also make this giant bear obey the instructions.

At this time, under the constant attack of the giant bear, Okuyama was extremely embarrassed.

Soon, the companions around reacted one by one and prepared to help Okuyama to restrain the giant bear. However, the giant bear was too strong and so powerful that a dozen bandits joined together and could not restrain it.

"Hey!"

At this moment, Yue Feng said with a smile: "If you don't want to be killed by the giant bear, please quickly apologize to Miss Thea."

Mad!

Hearing this, Ou Shan suddenly reacted and glared at Yue Feng: "Is it your kid?"

At this time, Ou Shan suddenly remembered that the giant bear had passed by Yue Feng several times just now, and he had no intention of attacking him. , but always look at yourself.

Obviously, the giant bear suddenly became violent, and it was his ghost.

idiot!

Yue Feng cursed inwardly, and said coldly, "I have limited patience, so make a decision quickly."

"You..."

At this moment, the anger in Ou Shan's heart rose, and this kid actually threatened him. I and my brothers have been entrenched in the Giant Bear Mountain for so long, who have they served?

However, in the face of the violent giant bear, Okuyama and a dozen companions soon couldn't stand it anymore, and they saw that the giant bear was swept away by Okuyama's shoulder, dripping blood, and it was very miserable.

"Okay, I apologize, I apologize!" Under the severe pain, Okuyama hurriedly shouted.

To be honest, Xiang Yuefeng was submissive, and Ou Shan felt ten thousand unconvinced in his heart, but there was nothing he could do. If he didn't compromise, he would really die under the bear's paw.

The ultimate husband in Chinese chapter 3326-3330

Chapter 3326

"Miss Thea, I'm sorry." In the

next second, Okuyama begged for mercy at Thea: "I offended you a lot just now, I hope you don't remember the villain, don't care about us!"

"I know it's wrong, Please stop this giant bear."

When he shouted these, Okuyama almost cried.

If you don't stop, you will really be shot to death by the giant bear.

call!

At this moment, Thea reacted, with a bit of complexity on her delicate face, she said softly to Yue Feng: "Yue Feng, please stop the giant bear.

” But not to die.

Yue Feng smiled slightly, then whistled, and saw that the violent giant bear suddenly quieted down, and then slowly crawled towards the distance.

Phew...

Seeing the giant bear leaving, both Okuyama and the surrounding companions were relieved.

Seeing this scene, Thea was amazed and curious: “Yue Feng, how did you do it?” Before using the formation to trap the people of Seth, now, with just a whistle, you can make the A giant bear obeys orders, how many secrets does this man have?

“I’ll tell you later!” Yue Feng smiled and walked quickly towards Ou Shan and the others.

When he got to the front, Yue Feng took out an elixir from his body and stuffed it directly into Ao Shan’s mouth.

Gudong!

This chapter is provided by . Visit [for](#) daily update.

Ou Shan was exhausted from being chased by the giant bear just now, and he couldn’t react at all, so he swallowed the medicine pill directly.

“Made!”

Ou Shan was very angry and glared at Yue Feng: “Boy, what did you give me?”

“Don’t be nervous, I give you Tongshen Pill.” Yue Feng said with a smile: “This is a kind of A chronic poison, after a year, if you don’t take the antidote, your whole body will fester and die.”

“If you don’t believe me, if you press on your lower abdomen, does it hurt?”

Yue Feng said this with a relaxed expression on his face.

After what happened in Pearl City, Yue Feng realized that if he wanted to gain a foothold in this different world, he had to build his own strength, and the bandits in front of him were not weak, so it would be a pity to kill them directly.

Tong Shen Dan?

At this moment, Ou Shan’s face was hideous, and he was very unconvinced, but after reaching out and pressing his lower abdomen, his face changed greatly.

At this time, Okuyama clearly felt the pain like a needle in his lower abdomen. Obviously, what the person in front of him said was true.

Mad!

At this time, Ou Shan's subordinates were all shocked and angry, and shouted at Yue Feng.

"Boy, you are courting death!"

"Dare to poison our boss?"

"Get out the antidote, otherwise, I will teach you to die without a place to be buried." In the

roar, a dozen men quickly surrounded Yue Feng. stand up.

Yue Feng didn't panic at all, and said slowly: "Do you still want to do it? That giant bear hasn't gone far, and I tell you, the antidote for this magic pill, only I can prepare in the entire Roland Continent, you kill me. , in a year, just wait for your boss to collect the body!"

Hearing

this, more than a dozen big men looked at each other and did not dare to act rashly.

At this time, Yue Feng looked at Ou Shan and said word by word, "Actually, we have no grievances. I did this because of your strength, so I decided to accept you as younger brothers. As long as you submit to me, I will keep you safe and sound. How?"

"Of course, if you don't surrender, I won't force it. After a year, you will wait for the poison to die."

Hearing this, Okuyama's face changed, and he almost exploded with anger, but he couldn't refute it. .

Chapter 3327

"Okay!"

Finally, after more than ten seconds of silence, Ou Shan put down his arrogance and bowed his head to Yue Feng: "I surrender, from now on, you are our boss."

Immediately, he did not forget to rush He shouted at his accomplices around him, "What are you doing? Why don't you come over to see the new boss?" To

be honest, surrendering to Yue Feng, Ou Shan felt ten thousand reluctance in his heart.

But there is no way, my life is in the hands of the other party, if you don't bow your head, you will die.

For a time, more than a dozen people around also put away their weapons and bowed to Yue Feng.

"I've seen the boss!"

"Boss!"

Haha...

Seeing this scene, Yue Feng felt indescribably happy and waved: "Very good, from now on, we are our own people, my name is Yue Feng, you can call me Brother Feng in the future."

Hearing this, everyone in Okuyama nodded quickly.

This...

Seeing this scene, Thea's delicate body trembled and was completely stunned.

To conquer these bandits so easily? Incredible.

Soon, under the leadership of Okuyama, Yue Feng and Thea came to their camp.

Originally, Okuyama was very unconvinced, but after the exchange, he was quickly convinced by Yue Feng's personality. After returning to the camp, Okuyama hurriedly asked his brothers to prepare a banquet to welcome the new boss.

"Brothers!"

At this time, at the banquet, Yue Feng picked up a glass of wine and looked around: "I am very happy to meet you brothers, this glass of wine toasts you!"

When the voice fell, everyone in Okuyama quickly raised their wine glasses.

Only Thea sat there with a bit of displeasure on her delicate face.

She was originally a female knight in Pearl City, and she was very proud. How could she sit and drink with a group of bandits, and Yue Feng's behavior also made Xia a little disgusted.

In Xia's heart, she always thought that Yue Feng was an upright person, but she never thought that Yue Feng would get along with these bandits.

Yue Feng saw Thea's abnormality, but he didn't care, and continued to drink with everyone.

It is said that the friendship of men is established at the wine table, and this sentence is indeed true. After three rounds of drinking, the relationship between Yue Feng and everyone in Okuyama suddenly became much closer.

"Boss!" At this time, Ou

Shan said to Yue Feng with the help of wine: "I heard you say that you were the son-in-law of the Dumen family in Pearl City, but you were framed and escaped?"

Very angry: "Ma De, tomorrow morning, I will take my brothers and rush into Pearl City to avenge the boss!" The

voice fell, and everyone around him echoed loudly.

"Yes, you must help the boss to vent his anger."

"Ma De, those big families in Pearl City, I have long disliked them."

Everyone shouted, you and I came, and Thea, who had been silent, suddenly became anxious. .

"Yue Feng, you can't mess around!" Thea bit her lip tightly and said to Yue Feng, "Although the major families in Pearl City are hateful, there are also good people, you..."

Before she could finish speaking, Yue Feng interrupted with a smile.

"Don't worry, I, Yue Feng, act upright and upright, and I won't mess around!"

Saying that, Yue Feng looked around at everyone in Oshan: "Brothers, don't worry about revenge on the major families, I just ask you one thing, starting from tomorrow, secretly protect Miss Lolita of the Dumen family. Remember, you must not conflict with other families, let alone reveal your identity, understand?"

When he said this, Yue Feng looked serious.

That's right, although he escaped from Pearl City, Yue Feng couldn't worry about Lolita. After all, he had promised Mr. Dumen that he would protect Lolita.

Chapter 3328

This...

Hearing this, Okuyama and everyone looked at each other and were stunned.

In the next second, Ou Shan took a deep breath, his face full of admiration: "Boss, the Dumen family is so indifferent to you, yet you have to help them secretly, this kind of mind is really admirable, okay, don't worry, we will go to Pearl tomorrow. City, as long as I am here, I will never let Miss Lolita do anything."

At the same time, Thea also trembled, staring at Yue Feng, speechless.

It turned out... He subdued these mountain bandits to protect Miss Lolita.

At the Dumen family's manor, Lolita didn't believe him so much, but he still cared about Lolita's safety, this bearing, this mind, this is a real man.

The banquet went on very late.

"Yue Feng!"

At the end of the banquet, Thea stood up and said to Yue Feng, "You don't need my protection anymore after taking in so many subordinates. I think I should go too."

"You Where are you going?" Yue Feng was stunned.

Thea smiled lightly: "When I was very young, I had a dream to travel the entire continent, but then I became a female knight, and the dream was put on hold. Now that I have left Pearl City, I can just travel around.

" Then, Yue Feng nodded and said with a smile: "Well, let's help you along the way. If you encounter trouble, you can go to the Bloody Hand Organization for help. You can say that you are my friend, and the Bloody Hand Organization will definitely help you. "

Bloody Hand Organization?

Thea was shocked and looked at Yue Feng blankly: "You are also related to the Bloody Hand Organization?"

This man is really unfathomable.

Yue Feng smiled and said: "Yes, I have some friendship with the big leader of the Blood Hand Organization." Yue Feng didn't want to say too much about the relationship with Olina.

Thea is a smart person, so she didn't ask any more questions, said goodbye to Yue Feng and left.

call!

At this moment, watching Thea leave, Yue Feng's heart was up and down, and he was very emotional.

The only female knight in Pearl City, although she sometimes acts recklessly, she has a great sense of justice. In order to help herself, she lost her position as the captain of the guard, and I don't know if I will see her again in the future.

With emotion, Yue Feng looked around, and saw everyone in Oshan, all of them were very drunk. Lying there and sleeping soundly.

However, Yue Feng did not have the slightest drowsiness.

I escaped from Pearl City, and I don't know what happened to Lolita.

correct!

At this moment, Yue Feng suddenly thought of something, and took out a simple jade piece from his body.

This jade piece was auctioned for 10,000 gold coins at the auction of the Rose Manor before.

At that time, Yue Feng thought that after returning to Pearl City, he would go to Devil Island to take out the treasure left by the pirates to pay for the ten thousand gold coins. As a result, after the auction ended, Lolita helped to pay.

When Lolita appeared in Yue Feng's mind just now, he suddenly thought of this jade piece.

Um?

At this time, Yue Feng was standing on the cliff outside the camp, groping for the jade piece with his hands, and when he looked at it carefully by the moonlight, he could clearly sense that the jade piece seemed to contain a strange power.

Aware of these, Yue Feng subconsciously motivated his inner strength and injected it into the jade piece.

hum!

At the moment when the internal force was injected, the power in the jade piece was suddenly stimulated, and suddenly, a dazzling light emerged, forming a beam of light that shot straight into the sky.

What the hell!

Yue Feng subconsciously blocked his eyes and was secretly shocked.

In a small piece of jade, there is such a powerful force?

Chapter 3329

After more than ten seconds, the beam of light gradually disappeared, Yue Feng looked at the jade piece in his hand again, ready to study it in depth.

hum, hum!

However, at this time, there was a sudden aura fluctuation from the place under the cliff, and then, two figures flew quickly!

These two figures were so fast that they arrived in front of Yue Feng in the blink of an eye!

These are two young men, about twenty-five years old, well-proportioned, wearing uniform golden armor, with a strong aura all over their bodies.

Yue Feng saw that the armors of the two were very different from the knight costumes he had seen before. Not only that, there was also a hexagram on the chest.

Who are these two people? How can it appear here?

While looking at it, Yue Feng frowned secretly.

After feeling the strength of these two people, Yue Feng was even more shocked.

Nima, these two are actually the strengths of the previous Saint Emperor.

One more step up is the Holy Spirit of the highest realm.

Swish!

At this time, the two men in golden armor also looked up and down at Yue Feng, and the two of them didn't have the slightest expression, they looked very indifferent.

These two people are the Paladins of the Temple of Light.

The Temple of Light is the most sacred place in Roland Continent, and the one who rules the Temple of Light is the Goddess of Light that the people of the entire Roland Continent believe in.

The Paladins are the most powerful subordinates of the Goddess of Light. There are a total of twelve, named after the twelve constellations unique to the Roland Continent, called the twelve Paladins. The strength is very strong.

In front of Yue Feng at this time, it was the Golden Lion Paladin and the Capricorn Paladin of the Twelve Paladins.

“Who are you?”

Finally, the Golden Lion Paladin reacted and stared at Yue Feng: “Why do you have the fragments of the

sacred book in your hand?” A book of many years, it is said that it contains all kinds of things. However, a thousand years ago, the Temple of Light suffered a catastrophe, and half of the sacred book was missing.

And the jade piece in Yue Feng’s hand is the fragment of the lost part of the sacred book of jade!

Holy Book of Jade?

Hearing this, Yue Feng frowned secretly, suddenly a little stunned.

The next second, Yue Feng shook his head and said, “I don’t know what you are talking about.” The

Golden Lion Paladin was too lazy to talk nonsense, and said lightly: “If that’s the case, come with us!” The

voice was not loud, but it was unquestionable!

Recently, in the name of the Goddess of Light, the Principality of Sunrise suddenly launched a war. After the Temple of Light learned of the situation, it sent the Golden Lion Paladin and the Capricorn Paladin to investigate the situation. As a result, after passing through the Giant Bear Mountain, a ray of light broke through the sky.

At that time, the two holy knights did not hesitate, and they rushed over directly. They saw the jade piece in Yue Feng’s hand and immediately recognized it. At this time, the jade piece in the sacred book.

The jade piece belongs to the Temple of Light, and naturally, it must be brought back.

go with you?

After muttering a word, Yue Feng didn’t think about it, shook his head and said, “Sorry, I’m not interested!” The

Dumen family has Ou Shan and others secretly protecting him, so he doesn't need to worry for the time being, Yanhong also has news, now what he has to do , is to find Miaoying as soon as possible, how could it be possible to go with them?

Snapped!

Hearing the answer, the Golden Lion Paladin was too lazy to talk nonsense, and suddenly shot, tightly clasping Yue Feng's wrist!

Yue Feng's internal strength did not fully recover, he couldn't react at all, he just felt like he was being held by iron tongs.

Before he could struggle, the Capricorn Paladin next to him suddenly raised his hand and slashed his palm on the back of Yue Feng's neck.

Chapter 3330 I

don't know how long I was in a coma, but Yue Feng woke up.

When he opened his eyes, Yue Feng only felt a little dizzy in his head.

Nima, those two people are sick, right?

Yue Feng's eyes were red, and while scolding inwardly, he subconsciously looked around.

At this moment, seeing the surrounding environment, Yue Feng was shocked, and the whole person was stunned!

Damn, where is this?

Yue Feng saw that there was a small island in front of him. The island was surrounded by the sea with beautiful scenery. On the seaside not far away, stood a huge statue of a goddess.

This statue is more than 100 meters high, with beautiful curves and vividness. From a distance, it is alive and vivid, as if it were real.

Snapped!

Just as Yue Feng looked at the statue and sighed secretly, suddenly, he was hit hard on the back of the head.

Yue Feng was shocked and angry, and when he looked back, he saw the Golden Lion Paladin who had kidnapped him, standing there with a cold and arrogant expression.

“This is the statue of Her Royal Highness the Goddess of Light. You dare to stare at it like this, it is blasphemy.” The Golden Lion Paladin warned coldly: “This time it is a warning, and next time, I will gouge out your eyes.”

What?

Hearing this, Yue Feng was shocked.

Is this a statue of the Goddess of Light?

Could it be that the legendary Temple of Light is on this island?

When I first came to Roland Continent, Doug told Yue Feng a lot of legends here, and the Temple of Light was one of them. However, the Temple of Light was very hidden and few people knew about it.

At this time, the Golden Lion Paladin didn't talk nonsense, and dragged Yue Feng up: “Go, follow me to see His Highness the Goddess of Light!” What the

hell!

At this moment, Yue Feng was completely shocked.

I thought that the goddess of light was the spiritual sustenance of the people of Roland mainland.

The subordinates are so powerful, this goddess of light must be very terrifying.

While Yue Feng was thinking about this, the Golden Lion Paladin dragged him and slowly walked towards a palace on the island.

Yue Feng saw that the palace in the center of the island was all made of white boulders, and the golden roof glowed in the sun, giving people a grand and solemn spirit.

In front of this palace, there is a huge square.

The square is very large, surrounded by statues of twelve paladins, which is very imposing.

Behind the square is the Temple of Light.

hiss!

The moment he entered the temple, when he saw the scene in front of him, Yue Feng couldn't help taking a deep breath.

You can see that on both sides of the temple, ten holy knights are standing neatly, and their strength is the same as that of the golden lion paladins.

In the center of the temple, there is a throne full of treasures.

On the throne, a woman sat quietly, wearing a colorful crown and a golden robe.

This woman's face is delicate, like a fairy, and her body curves are even more exquisite. Under the foil of the golden robe, her whole body is filled with a suffocating aura.

It is the goddess of light, Arina.

Gudong.

At this moment, Yue Feng was stunned, and when he felt Yarina's strength, he was even more surprised.

It's unfathomable, and you can't even perceive it...

"Your Highness Goddess!"

At this time, the Golden Lion Paladin took a step forward and respectfully said to Yarina, "When my subordinate passed through the Principality of Zuri, I accidentally found this person's hand in the hand. If there is a fragment of the sacred book of jade, I will bring it back immediately!"

After speaking, he handed over the jade piece.

"What's your name?" Yalina looked at the jade piece and asked Yue Feng, her tone soft but full of majesty.

The ultimate husband in Chinese chapter 3331-3340

Chapter 3331

“Yue Feng!” Yue Feng reacted and responded.

Yarina nodded and continued to ask: “Where did you get this jade piece from?”

When she said this, Yarina’s delicate face was full of expectations.

call!

Yue Feng breathed a sigh of relief, and answered truthfully: “I got this at an auction!”
After

speaking, Yue Feng continued: “Listen to you, this is part of your holy book of jade, which can make me Have a look at this holy scripture jade book?”

The words on the jade piece are ancient writings from the Kyushu continent, since there are still many in this temple of light, Yue Feng will naturally not miss the opportunity.

Whoa!

When the voice fell, whether it was Yarina or the surrounding paladins, their expressions changed.

“You are so daring!” The Golden Lion Paladin was the first to react, rushed over and kicked Yue Feng, scolding: “The Holy Code Jade Book is the holy relic of our Guangming Temple, how can I show it to you?”

Nima!

Yue Feng was very annoyed, and at the same time was a little bit dumbfounded.

“It’s really interesting.”

Yue Feng scratched his head and said helplessly: “You guys caught me back because of this jade piece, but you didn’t let me see it. Besides, on this continent, apart from me, I’m afraid No one can recognize the words above.”

What?

This chapter is provided by . Visit for daily update.

Hearing this, the entire temple fell silent.

Yarina and the surrounding paladins stared at Yue Feng, thinking they had heard it wrong.

“you...”

Finally, Yalina reacted and couldn't help but said to Yue Feng, “Do you know the words above?”

When she said this, Yalina couldn't hide her excitement.

Two thousand years ago, a legendary figure in the mainland, Mr. Fu Yi founded the Temple of Light, dedicated to safeguarding the justice of the world.

Afterwards, Lord Fu Yi secretly selected a talented girl in the entire Roland Continent, and cultivated her into a goddess of light to lead the Temple of Light.

After the creation of the Temple of Light, Master Fu Yi left behind a cultivation technique and a holy book of jade, and then he broke the void and left.

For thousands of years, every goddess of light has been able to successfully practice the exercises, but the holy book of jade left by Lord Fu Yi has never been able to comprehend.

At this time, Yalina is already the twenty-sixth generation of the goddess of light, and there is half a volume left in the holy book of jade, but Yalina has been studying for several years and has no clue.

However, this Yue Feng in front of him actually said that he knew the words above, how could he not be excited?

Uh...

Sensing the expectation in Yarina's eyes, Yue Feng was very puzzled.

Even if I know the words above, I don't need to be so excited.

“Boy!”

At this time, the Golden Lion Paladin came over and said coldly to Yue Feng: “I warn you, this is the Temple of Light, you better think clearly before you speak, if you dare to deceive His Highness the Goddess, you will be at your own risk. !”

Said, the Golden Lion Paladin continued: “The Holy Book of Jade is a sacred relic left by Lord Fu Yi back then, are you sure you know the words on it?”

Lord Fu Yi?

Hearing this, Yue Feng was stunned for a moment, and then he couldn't help laughing.

No wonder the jade tablets are engraved with ancient characters from the continent of Kyushu, which turned out to be left by Fuxi.

Thinking to himself, Yue Feng couldn't help laughing: "It turned out to be something left by Lord Fu Yi, no wonder. I really didn't lie to you, because I am a descendant of Lord Fu Yi. What's strange about knowing the words above? ?"

What?

The voice fell, and the entire hall was silent.

Whether it was Arina or the surrounding paladins, they were all stunned.

What did he just say?

He...he is the descendant of Lord Fu Yi?

Chapter 3332

"Good boy!"

Finally, the golden lion reacted and yelled at Yue Feng: "You are getting more and more courageous, and dare to say that you are the descendant of Lord Fu Yi." Lord Fu Yi is the founder of Guangming Sage The ancestors of the temple, a legendary figure passed down through the ages, and this Yue Feng dared to pretend to be his descendant was simply disrespectful.

Moreover, there is a record in the Temple of Light, Lord Fu Yi left the void two thousand years ago, how could there be descendants.

As soon as the words fell, the other holy knights around, one by one, calmed down, glared at Yue Feng, and scolded.

"That's right, this kid is so daring, he doesn't care about the Temple of Light at all!"

"Stop talking nonsense with him, just kill him!"

"Yes, kill him!"

"Paladins, all of them exploded their inner strength and locked Yue Feng!"

For a time, the atmosphere of the entire temple was extremely solemn and full of gunpowder.

At the same time, Yarina also frowned, with a trace of anger in her eyes.

This man is getting more and more outrageous!

Like the twelve paladins, Yarina also thought that Yue Feng was talking nonsense.

Ugh!

Hearing the reprimands, Yue Feng sighed and said helplessly: "If you don't believe the truth, then I can't do anything about it! By the way, the jade piece has the words 'Chang Yun Tian Dao...' written on it. This is an ancient script that no one can understand except the descendants of Lord Fu Yi!"

Hearing this, the temple fell silent again.

He... does he really recognize the words above?

But what he said is true or false, and it cannot be verified.

"Okay!"

Finally, Yarina stood up slowly, looked at Yue Feng, and a soft voice came out of her mouth: "You said that you are the descendant of Lord Fu Yi, except that you can speak the words on the jade piece. , is there any other way to prove it?"

This...

Yue Feng pondered for a while, feeling a little embarrassed for a while.

His own alchemy technique is a must, but there is no such thing as alchemy in this continent.

After thinking about it, Yue Feng suddenly had an idea and smiled at Yarina: "When Lord Fuyi traveled to the mainland, he was very good at arranging troops, right!"

Doug, the city lord of Simon City, collected a collection of This book of Lord Fuyi records the innate gossip formation. From this, it can be inferred that two thousand years ago, Lord Fuyi showed the formation technique in front of the world.

"Not bad!" Yarina nodded.

Hearing the answer, Yue Feng said very easily: "If that's the case, then so be it, wait for His Highness the Goddess to assign me fifty people, let's play an offensive and defensive battle, if I win, it means that I am Fu Yi. The descendants of your lord, if you lose, you can deal with it, how about it?"

Wow...

Hearing this, the entire temple was in an uproar, and the twelve paladins looked at each other, thinking they had heard it wrong.

Is this kid going to compete with the Temple of Light?

who gave him the courage.

You must know that the Temple of Light is the most mysterious and most powerful place in the entire Roland Continent. Not to mention the offensive and defensive battles, there are twelve Holy Knights, and if you pull out any one, you can set off a shock in the six major duchies.

At this time, Yalina was also stunned, and then looked at Yue Feng and said: "Yue Feng, I appreciate your courage, well, I will give you a chance, then how do you compare this offensive and defensive battle?"

Yue Feng smiled and said slowly: "In this offensive and defensive battle, I only need fifty people to be responsible for the defense. Everyone present, you can lead as many people as you want, and within half an hour, you can disperse me. Formation, even if you win!"

What?

As soon as the voice fell, the entire temple suddenly exploded!

Crazy, so crazy.

Only fifty people are needed to challenge the entire Temple of Light.

Yarina also frowned secretly, this Yue Feng seems to be a little overconfident. There are only fifty people, and the formation is too fragile. How can it withstand the impact of thousands of troops?

Looking at Yarina's expression, Yue Feng's face was light and cloudy: "Your Highness Goddess, you can arrange someone for me now."

Chapter 3333

Yarina nodded, and then summoned fifty guards to lead Yue Feng.

Immediately afterwards, everyone left the temple and came to the outer square.

"Everyone!"

When he got outside, Yue Feng looked around at the twelve Paladins with a smile on his lips: "The game can start, who wants to come up and try?" The

voice fell, and the golden lion said coldly: "Boy, Don't be too crazy, I will lead a hundred guards and compare with you first!"

One hundred?

Yue Feng shook his head and said lightly: "With just a hundred people, I can't break my formation at all. I think, you twelve holy knights, come together!"

Shuh!

Yue Feng's words made Jin Shi feel humiliated, and said coldly: "Good boy, I think you are really outrageous."

After saying that, Jin Shi gritted his teeth and said to the other holy knights around him: "This boy is like this. Self-confidence, let's go together, I want to see how good this guy who claims to be the descendant of Lord Fu Yi is in the formation of troops!"

Hearing this, the other Paladins nodded, At the same time, looking at Yue Feng's eyes, anger flashed.

"Okay, I'll lead a team too, try his awesomeness!"

"And me!"

When he said this, the twelve Paladins each led a hundred people, adding up to a total of 1,200 people.

One thousand two hundred people, against fifty people, the difference between the numbers of the two sides is huge.

Seeing this scene, Yarina stood there quietly, without the slightest fluctuation on her face.

I don't know why, but looking at Yue Feng's indifferent face, Yalina has a feeling she can't tell.

Just leading fifty people, can he really win?

Soon, Yue Feng set up the formation.

At this time, the twelve Holy Knights, without any nonsense, launched an attack on their subordinates!

Whoa!

In an instant, the voices of the twelve paladins fell, and 1,200 people formed a charge formation, rushing towards Yue Feng like a tide.

Dozens of people, fighting against more than a thousand people, is simply hitting the stone with an egg!

However, Yue Feng did not panic at all. On the contrary, a smile appeared on Yue Feng's face when he saw more than a thousand people rushing up.

"You guys!"

Seeing that the other party was about to rush to the front, Yue Feng ordered the fifty people behind him: "Ten steps forward, you... fifteen steps to the right, and the rest, back five steps."

When he said this, Yue Feng's face was relaxed and leisurely.

The voice fell, and fifty people acted one after another and began to change their positions.

Whoops!

At this time, one thousand two hundred people from the other party had already rushed to the front, and all of them were surrounded by Yue Feng.

call!

Seeing this scene, Yarina shook her head secretly.

With such a huge disparity in strength, there is no suspense at all, this Yue Feng will definitely lose!

However, at this moment, a shocking scene appeared.

It was seen that the fifty guards, under the command of Yue Feng, cooperated closely with each other, and stood together like an iron wall.

What?

This Yue Feng, relying on fifty people, really blocked more than a thousand people?

Seeing this scene, Yarina's tender body trembled, and she looked at Yue Feng's eyes, full of shock. She clearly saw that the fifty people led by Yue Feng easily blocked more than a thousand people of the twelve holy knights. .

Chapter 3334

Nima!

How could this be?

At the same time, the golden lion and the remaining eleven paladins were also extremely furious.

This game is about the glory of the Temple of Light, and at this time, with the absolute advantage of the number of people, it is impossible to defeat the fifty people led by Yue Feng?

Shame, a great shame.

At this time, everyone in the Golden Lions did not know that Yue Feng deployed the Jiugong Bagua Array. This formation came from the Innate Bagua Array, but it was improved a lot. Not to mention 1,200 people, even if there are ten times more, it will be difficult to break through.

Frightened, the twelve holy knights of the Golden Lion used various methods to continuously attack Yue Feng, but what annoyed them was that the fifty people led by Yue Feng were as stable as Mount Tai like a thousand troops.

“Okay!”

Seeing that half an hour was about to pass, Yarina reacted and said slowly, “Everyone, please stop.”

Yarina could see that, even if half an hour were given, Jin Shi and others, Can't beat Yue Feng.

The voice fell, and the two sides immediately stopped.

At this time, Yalina concealed the shock in her heart and asked Yue Feng: “Yue Feng, how did you do it?”

Yue Feng smiled: “I used the Jiugong Bagua Array, when Lord Fu Yi used to do it. The innate gossip was created, and after improvement, it became the current nine palace gossip.”

Phew!

Hearing this, Yalina pondered for a moment, and finally nodded: “So, you are really the descendant of Lord Fu Yi. It's really an offense to catch you hastily in the Temple of Light!

” Yarina, no longer doubts Yue Feng’s identity.

Because this innate gossip is also recorded in the sacred book, since this Yue Feng can use the gossip, he must be the descendant of Lord Fu Yi.

Not only that, but Yarina’s attitude towards Yue Feng has also become much more polite.

Just now, Yue Feng used fifty people to fight against more than a thousand people, and he commanded with ease from start to finish, which must be admired.

Seeing Yarina admitting her identity, Yue Feng smiled slightly.

However, the Paladins like the Golden Lion were dissatisfied.

“His Royal Highness Goddess!”

At this time, the golden lion took the lead, his face full of unwillingness and anger: “Don’t believe this kid, he is lucky, and we were a little underestimated just now.” The

voice fell, the other Paladins, They also nodded.

Yarina frowned, glanced at the golden lion, and said coldly: “With more than a thousand people, you can’t defeat the formation of fifty people. How dare you say that you underestimate the enemy?”

“I...”

Jin The lion’s face turned red, and he didn’t know how to answer for a while.

Yarina ignored it, and her eyes fell on Yue Feng again.

“Mr. Yue Feng!” In the

next second, Yalina smiled and said politely: “Two thousand years ago, Lord Fu Yi broke the void and left this world. Can you tell me where he went?”

This. ..Yue

Feng pondered for a while, scratched his head, and said, “In fact, Lord Fu Yi did not break the void and left, but found a remote place to live in seclusion. In order not to be disturbed, he deliberately released news that he had left. this world.”

How could Yue Feng know whether Fuxi, who lived two thousand years ago, left this different world, so he could only make up a reason at will.

It was so!

Yarina believed it to be true, nodded suddenly, and then smiled: “Mr. Yue Feng, this Temple of Light was created by Lord Fuyi back then. The temple is very destined.”

Said, Yalina’s delicate face showed a bit of seriousness, and continued: “I have decided that from now on, you will be the saint of the Temple of Light. You have the same status as me, and you can do whatever you want. Mobilize anyone in the Temple of Light! What do you think?”

What? !

When the voice fell, the twelve Templar Knights of the Golden Lion were all stunned.

Chapter 3335

Not only that, but the surrounding guards were also in an uproar, and then, all eyes converged on Yue Feng, indescribably shocked and envious.

Holy?

At the same time, Yue Feng froze there, secretly rejoicing in his heart.

Haha... I didn’t expect that, by talking nonsense, I not only deceived this Holy Maiden of Light, but also mixed up the position of a Holy Venerable.

The right to be able to mobilize anyone in the Temple of Light is cool.

“His Royal Highness Goddess!”

Just when Yue Feng was secretly excited, he saw Jin Shi shouting anxiously: “Is this Yue Feng a descendant of Lord Fu Yi? I haven’t confirmed yet, how can I seal him? For the Holy Venerable? Moreover, he has no holy power at all, if he is caught in the future, won’t it damage the prestige of our Guangming Temple?”

When he said this, Jin Shi looked at Yue Feng’s eyes, revealing A bit of contempt.

At this moment, the other Paladins also spoke.

“Your Highness Goddess, think twice!”

“Yeah, this Yue Feng, apart from being lucky, has nothing special at all.”

The doubts from the crowd kept coming, and Yue Feng stood there with a leisurely expression on his face.

This group of people is really interesting, they obviously lost, but they still refused to admit it.

call!

Yalina frowned, very displeased, her eyes swept over the golden lions, and said coldly: "I have already decided on this matter, so don't talk too much!" The

voice was not loud, but it was clear There is a strong sense of oppression, no doubt.

I have to say, as the goddess of light, Yalina's aura is really strong.

Seeing that Yarina was a little angry, the golden lion didn't dare to say anything, and stepped aside, the other paladins also quickly shut their mouths.

The Goddess of Light, the supreme ruler of the Temple of Light, has supreme rights, and no one dares to violate her wishes.

"Mr. Yue Feng knows the words on the jade book, and he also knows the gossip array created by Lord Fuyi. These two points are enough to prove that he is the descendant of Lord Fuyi. What else do you doubt?" Yalina looked around. Circle, cold road.

Hearing this, Jin Shi and the others did not dare to talk nonsense.

call!

At this moment, Yue Feng felt extremely relaxed.

"Mr. Yue Feng!"

At this time, Yalina looked at Yue Feng and said with a smile: "It's too late, you will rest in the temple tonight, and I will send someone to take you out of here tomorrow, okay?"

"Okay!" Yue Feng nodded quickly, and couldn't help saying at the same time: "By the way, what kind of sacred book, can I look at it?"

This...

Yarina pondered: "You have a good rest first, I'll make a special trip to show you tomorrow!"

Hearing this, Yue Feng felt a little disappointed, but nodded anyway.

Afterwards, Yalina chatted with Yue Feng for a few more words, and asked Jin Shi to take Yue Feng to rest.

The Golden Lion was a little reluctant, but did not dare to go against it.

Soon, taking Yue Feng to the resting room, Jin Shi couldn't help but ask: "Are you really a descendant of Lord Fu Yi?"

Although he lost badly in the offensive and defensive battle just now, Jin Shi is arrogant and still doesn't like it. Believe in Yue Feng's identity.

Ha ha....

Yue Feng couldn't help laughing, this golden lion is really interesting.

Thinking to himself, Yue Feng smiled slightly: "Then you are willing to believe it?"

Jin Shi thought about it and said: "Master Fu Yi, is the greatest sage of Roland Continent. Apart from being very eloquent and knowing how to line up a little, I really don't see anything outstanding."

Hearing this, Yue Feng was very helpless: "In this case, do you dare to make a bet with me!"

The ultimate husband in Chinese chapter 3336-3340

Chapter 3336

"What bet?" Golden Lion frowned.

Yue Feng showed a smile and said slowly: "It's very simple, you let me tap on you, and before tomorrow morning, you must come and beg me! If I get it right, you must obey my orders wholeheartedly in the future. If you don't say it, you don't want the position of the Holy Venerable, how?"

What?

At this moment, Jin Shi was stunned for a moment, then laughed: "You can really blow it, just tap on me. I have to come and beg you before tomorrow morning? Well, I'll bet with you." The

voice fell . , Yue Feng didn't talk nonsense, he directly raised his hand and clicked on Jinshi's wind numb acupoint.

Fengma acupoint is one of the important acupoints in the human body. After being tapped, there will be no signs at first, but then, symptoms of soreness and numbness will appear on the body. The longer the time, the more serious the symptoms.

Yue Feng firmly believed that no one could hold back this numbness overnight, not even the Paladins.

After being tapped on the acupuncture point, Jin Shi didn't feel anything, thinking that Yue Feng was frightening himself, and couldn't help sneering: "I think you are pretending to be mysterious, and tomorrow morning, you will wait for me to drive you out of the Temple of Light."

After saying this, the golden lion strode away.

Yue Feng didn't care about the taunting of the golden lion at all, so he lay in the room and rested.

Before I knew it, it was late at night.

Bang Bang Bang...

At this time, Yue Feng was meditating and meditating when suddenly, he heard a knock on the door.

Yue Feng quickly opened the door and saw a temple maid standing outside respectfully.

"His Royal Highness, the goddess is invited!" The saint said softly.

This chapter is provided by . Visit for daily update.

Um?

Yue Feng was stunned. It was so late, what did the goddess do for him?

Muttering in his heart, Yue Feng didn't ask much, and followed the maid to the palace where the Goddess of Light rested.

call!

After arriving, Yue Feng was stunned when he saw the scene in front of him.

I saw that in the luxurious and elegant room, Yarina was wearing a long white dress, sitting there, holding some gems in her hand, deducing something, her serious look, indescribably charming.

Soon, Yue Feng could see that she was studying the formation.

After understanding this, Yue Feng was very shocked.

As expected of the goddess of light, it is too extravagant to use gems to deduce the formation.

“Mr. Yue Feng?”

Just when Yue Feng was secretly sighing, Ya Lina saw him with a look of joy.

Yue Feng stood at the door, feeling Yalina’s joy, and smiled slightly: “What’s the matter with Your Highness the goddess looking for me so late?”

Yalina smiled and greeted Yue Feng to come in, and then said: “Yue Feng Sir, don’t you want to read the sacred book of jade? It’s here!” Saying that, Yalina pointed to the half-scroll of the jade book on the table.

Yue Feng quickly picked it up and read it carefully.

call!

Soon, Yue Feng finished reading the half volume of the jade book, and he couldn’t hide his excitement, but at the same time, he was also a little depressed.

It turned out that in this jade book, in addition to some classic scriptures, it also wrote how to leave this world, but it was broken at key places.

Depressed, Yue Feng couldn’t help but ask, “Where is the second half of this jade book?”

At this moment, Yue Feng was very anxious.

Chapter 3337

After finding the second half of the volume, you can leave here and return to the mainland of Kyushu.

Yalina bit her lip lightly, and said very ashamedly: “A thousand years ago, a civil strife broke out in the Temple of Light, and the second half of the book disappeared.”

After speaking, Yalina continued: “But in recent years , I sent the Twelve Holy Knights to investigate the news all the time, and with some eyesight, I believe that I will soon be able to find the lost second half of the volume!”

Hearing this, Yue Feng felt a little better.

“Mr. Yue Feng!”

At this moment, Yalina bit her lip and hesitated: "Can you translate for me, what is written in the first half of the book?"

Yue Feng nodded, and then he said a sentence translate.

Yarina listened very seriously. After half an hour, she understood the mystery and couldn't help sighing: "So the content of this sacred book is so mysterious."

After speaking, Yarina continued: "By the way, the Nine Palaces Eight Trigrams array you used during the day, I have been studying for a long time just now, but I still can't comprehend it, can you teach me?"

Yarina's eyes were full of anticipation when she said this.

Yes, this is the real purpose of Yalina calling Yue Feng to come. In the temple during the day, there are so many people around watching, Yalina can't let go of her identity, so she can only meet Yue Feng alone at night, and ask for the formation.

call!

Seeing the expectation in Yarina's eyes, Yue Feng breathed a sigh of relief, and

said slowly: "You have never been in contact with the formation method. It may be a little difficult to learn it for the first time..." With that, Yue Feng picked up the gem on the table, began to cover up in detail how to deploy the array.

As the goddess of light, Yalina is talented and intelligent, and under the careful teaching of Yue Feng, she quickly understood the mystery, and her delicate face was full of amazement: "It's really amazing, no wonder fifty people can block one. Thousands of people are attacking..."

Excited, Yalina couldn't help but ask: "Mr. Yue Feng, is there any other formation besides this Nine Palaces Eight Trigrams formation?"

"Of course!" Yue Feng slightly With a smile, he nodded and said, "The formation technique is broad and profound, and the gossip formation is just an introduction!" Is the gossip formation just an introduction?

At this moment, Yalina was so excited that she couldn't help pulling Yue Feng's arm and said softly, "Mr. Yue Feng, you... can you be my teacher and teach me the formation?"

After seeing the mystery of the formation, Yalina was deeply attracted at once, and Yue Feng was still a descendant of Lord Fu Yi, so he was naturally qualified to be his own teacher.

What?

At this moment, Yue Feng was stunned.

Goddess of Light, do you want to recognize yourself as a teacher?

After being stunned for a few seconds, Yue Feng scratched his head and said with a smile: "Your Highness Goddess, you have a noble status, how can I be qualified to be your teacher!"

Yalina quickly shook her head: "Mr. Yue Feng, you are too modest. Now, you are the descendant of Lord Fu Yi, and the Temple of Light was created by Lord Fu Yi, you are most qualified to be my teacher!"

Saying that, Yalina bit her lip and took Yue Feng's arm: "Mr. Yue Feng, just accept me, okay!"

Gu Dong.

At this moment, listening to Yalina's coquettish tone, Yue Feng couldn't help swallowing his saliva.

Who would have thought that the aloof goddess of light would look like a little girl at this time.

With emotion, Yue Feng had no choice but to nod with a wry smile: "Okay, I agree."

Seeing Yue Feng finally agreeing, Yalina smiled wide-eyed: "The disciple has seen the teacher!"

Yue Feng smiled and said seriously: "However, I can't give you too much for the time being, because tomorrow morning, I will return to the mainland, and I have important things to do."

Hearing this, Yalina nodded repeatedly: "Okay, I will let Jinshi and the others go with you tomorrow, to protect the safety of the teacher at any time! Recently, someone under the guise of me has supported the Principality of Ziri to launch a war, and by the way, let them check the situation."

Chapter 3338

"No need!" Yue Feng didn't even think to refuse.

The most important thing for me now is to find Xiao Xi. How can I let the Paladins follow this kind of thing?

“Okay then!” Yarina didn’t force it, she smiled and said, “It’s getting late, teacher, let’s go to rest!”

When she said this, Yarina’s delicate face was full of tenderness, which was the same as the one she had before in St. The lofty attitude of the hall is completely different from the two.

Yue Feng nodded, bid farewell to Yarina, and returned to his room.

This sleep, Yue Feng slept soundly.

“Mr. Yue Feng!” Early the

next morning, an anxious voice came from outside the door.

Yue Feng rubbed his eyes, got up and opened the door. Seeing the scene outside, he suddenly burst into laughter.

Just saw the golden lion standing outside the door, twisting and twisting all over his body, looking very uncomfortable, and the expression on his face was even more difficult to laugh or cry.

“Mr. Yue Feng, oh no, it’s His Royal Highness!”

At the moment when the door was opened, the golden lion pleaded with Yue Feng as if he had grabbed a life-saving straw: “I was wrong, I offended a lot yesterday, please raise your hand and help me. I’ll treat it.”

After making a bet with Yue Feng last night, Jin Shi didn’t care at first, and even thought that Yue Feng was playing tricks, but soon he felt something was wrong. It lasted for a full night, and the golden lion was almost tortured to death.

Jin Shi realized that Yue Feng was really the descendant of Lord Fu Yi, and he rushed to beg for mercy early this morning.

Ha ha...

Seeing the pitiful appearance of the golden lion, Yue Feng couldn’t help laughing, nodded and said, “It’s good to know the mistake.” After saying that, he raised his hand and untied the wind numbness of the golden lion.

At this moment, the golden lion clearly felt that the unbearable tingling feeling all over his body disappeared suddenly, and he dropped to the ground with Yue Feng’s admiration: “His Royal Highness, from now on, I, the golden lion, would like to be loyal all my life. Yue Feng waved his hand and said lightly, ” It’s alright , alright, I’m

going to leave here soon. Help me prepare.” Ship to send Yuefeng to the island. call! At this moment, Yue Feng sat on the boat with ease, feeling very happy. I thought that this time I was caught in a bad way, but I never thought that I would become the saint of the Temple of Light and the teacher of the goddess of light. By the way, try to cultivate holy power. Under the pleasure, Yue Feng suddenly thought of something, so he sat cross-legged and began to practice holy power. When teaching Yarina’s formation last night, Yue Feng also asked Yarina about the holy power of this other world. Through in-depth understanding, Yue Feng learned that the biggest difference between the internal power and the holy power of the Kyushu continent is that one is restrained and the other is extroverted. Internal power requires Qi to transport the dantian, which travels through the meridians of the body, while holy power is to exercise one’s own limits, sense the energy, and then focus on bursting out. Yue Feng was extremely talented, and his comprehension far surpassed that of ordinary people, and he quickly understood the mystery. hum. Half an hour later, a powerful force lingered around Yue Feng, and at the same time, Yue Feng opened his eyes and burst out with two bright beams. Haha, success!

The holy king of the previous paragraph!

At this time, Yue Feng is very excited. He has strong internal strength, and he has a natural advantage compared to anyone in this world. He just practiced for half an hour, and he reached the upper-level holy king. At this speed, it will not take half an hour. month to reach the Holy Spirit.

The more Yue Feng thought about it, the more excited he became, and he couldn’t help laughing.

...

At this moment, the Temple of Light.

After Yue Feng left, Yarina called the twelve holy knights together.

“The Principality of Ziri is using my name to start a war on the mainland!” Yarina sat on the throne and looked around at the twelve Paladins: “This matter must be thoroughly investigated.”

Chapter 3339

said, Yarina waved her hand: “Okay, you can go!”

“Yes, Your Highness Goddess!” The

twelve Paladins agreed in unison, and then set off for the mainland.

...

the other side.

Crescent King City.

In the palace of Wangcheng, the king is sitting there, drinking fine wine.

In front of him, several beauties were dancing gracefully.

“It’s not good!”

At this moment, a guard walked in in a hurry, his face full of panic: “Your Majesty, the army of Zuri Principality has already broken through our two cities.”

When he said this, the king was full of heads. He sweated profusely, his voice trembled.

What?

The king was startled, he immediately sat up straight, and said angrily: “How strong is the army of the Principality of Ziri?” A day ago, the king heard the news from the Principality of Ziri, and he didn’t take it to heart at all. The Grand Duchy, with equal strength to each other, even if a war is provoked, it will not last long.

“Your Majesty!” The guard wiped away his cold sweat and said cautiously, “The strength of the Principality of Ziri is similar to ours, except that they have the Goddess of Light in charge, their morale is greatly increased, and their momentum is like a rainbow. Our defenders can’t stop it. “

Goddess of Light?

The king was shocked and looked at the guard closely: “What are you saying is true?”
The

guard nodded repeatedly: “It is true, our defeated soldiers have seen this goddess of light with their own eyes. It is said that she is very beautiful and powerful. Unpredictable.”

Phew!

Hearing this, the king took a deep breath, and the whole person was a little dazed.

The goddess of light supports the Principality of Zuri, I thought it was a rumor, but I didn’t expect it to be true.

It’s just...why does the Goddess of Light support the Sunzader Principality?

The more the king thought about it, the more confused he became. After a few minutes, he gradually calmed down and ordered, "Quick, send an envoy immediately to ask for help from other duchies." The

so-called dead lips and teeth are cold, his own Crescent Principality is really about to be destroyed, and so will the other duchies. Dangerous, they won't just watch.

"Yes, Your Majesty the King!"

The guard quickly responded, and then walked out of the palace quickly.

At this time, the king was no longer in the mood to watch the dance, and waved his hand: "Okay, you all retire!"

It was really a headache to lose two cities at once.

Half an hour later, the request for help from the Crescent Principality quickly spread to the other four principalities. In an instant, these principalities were extremely shaken.

However, there were only two principalities who promised to help send troops to support them.

...

a day later, Storm City.

Storm City is a prosperous city in the northwest of the Crescent Principality. Two days ago, it was captured by the Sunrise Principality.

The Principality of Ziri is led by Abel, and at the same time, Miao Ying, the 'Goddess of Light', is in charge.

After capturing Storm City, Abel was preparing to attack the royal city of the Crescent Principality. However, at this time, the other two principalities suddenly sent troops to assist the Crescent Principality.

For a time, Abel was caught in a dilemma.

At this time, in the command post of Storm City!

Abel sat there, his face extremely gloomy. I thought that Miao Ying, the 'Goddess of Light' was in charge, and other duchies did not dare to act rashly, but they did not expect that two duchies would send troops to support the Crescent Principality.

Chapter 3340

Abel was very irritable at this time.

At present, the army of the two principalities, one is on its way, and the other is directly attacking the principality of Zuri.

In this case, I can only return to help as soon as possible. You must know that the main force of Zuri Principality has been brought out by myself, and the border defense is empty.

But if they returned to help, the Storm City, which was finally defeated, would have to give up.

Faced with this dilemma, Abel has a headache!

“Abel!”

At this moment, Miao Ying, who had been silent for a while, said softly, “How about you lead an army and go back to support, and I’ll take one to guard in Storm City.”

Saying this At that time, Miao Ying’s delicate face was full of seriousness.

When I was with Yue Feng before, I had learned some formations from Yue Feng, and defending a storm city was no problem at all.

To be honest, Miao Ying has no interest in fighting at all, but in order to find Yue Feng, she can only do this. More importantly, he promised the king of Zuri Principality to boost his morale as the goddess of light, and he could not break his promise.

Hahaha....

Seeing Miaoying speaking, Abel was very excited and said with joy: “Miss Miaoying said that, I really can’t ask for it.” Speaking of which, Abel was a little worried about Miaoying’s ability to command the army, you know, It’s not easy to defend the city, but thinking about Miaoying’s strength, I don’t worry anymore.

Before Miao Ying killed the lord of Flying Eagle Castle in one move, who is her opponent among the six duchies?

A few minutes later, Abel mobilized a large army and left Storm City.

...

the other side!

Yue Feng took a small boat and finally arrived at a seaside city after half a day of sailing.

This seaside city is called Tianzhao City and belongs to the Principality of Ziri.

Um?

As soon as he got ashore, Yue Feng could clearly hear that a fierce battle was breaking out outside Tianzhao City.

Hearing this, Yue Feng didn't think much, and hurried over.

call!

Outside the city, Yue Feng was stunned when he saw the scene in front of him.

I saw that in the open space outside the city, two large armies were fighting, and the number of both sides was not large, only tens of thousands of people, but the fighting was very fierce.

One of them, on the armor of the soldiers, was embroidered with the pattern of the scorching sun, which was the army of the Sun-Zhiking Principality, and the commander was Abel.

On the other side, is the army of the Principality of Tianxing.

A few hours ago, the Principality of Tianxing received help from the Principality of the Crescent Moon, and directly sent a large army to attack Tianzhao City. It happened that Abel led the army to come back for support, and the two sides fought directly.

At this time, the two sides had been fighting fiercely for half an hour, and they saw that the army led by Abel was already showing signs of defeat.

Speaking of which, Abel was strong and well-organized, so he would not be easily defeated, but after just a few hours of marching, the soldiers didn't rest much, and when they encountered the Tianxing army that was waiting, they naturally fell behind.

"Haha..."

At this time, Wen Liang, the commander of the Tianxing Army, laughed at Abel and said, "I didn't expect you to come back to support very quickly, but now the soldiers under your command are dying, I think, you should surrender quickly."

Phew!

Hearing this, Abel took a deep breath and said coldly: "I, Abel, never knew what surrender means. With me here today, don't even think about breaking Tianzhao City."
The

voice was not loud, but it spread throughout the entire battlefield.

Seeing this scene, Yue Feng couldn't help but nodded.

This man named Abel has blood.

Muttering in his heart, Yue Feng looked at Wen Liang and felt an indescribable disgust in his heart.

Half a month ago, Yue Feng was still a royal knight of the Principality of Tianxing, but after being framed, he was hunted down by the entire Principality of Tianxing. When he thought about it, Yue Feng couldn't say anything.

The ultimate husband in Chinese chapter 3341-3350

Chapter 3341

At this moment, on the battlefield!

Seeing Yabering's unyielding death, Wen Liang couldn't help but chuckle: "What you said is righteous and dignified, but don't forget, it was the war that you provoked first by the Principality of Day by Day. You captured two cities in the Principality of the Crescent Moon, and now we are attacking them. It's also a tit for tat."

"Shut up!"

Abel was very excited, his eyes were blood red, and he shouted angrily: "We are in the Principality of Sunshine, with the support of the Goddess of Light, it is God's will to unify the continent, and your Principality of Tianxing, in turn To help the Principality of the New Moon is to defy the will of God."

"You..."

Wen Liang was stunned when he heard this, not knowing how to refute for a while.

Um?

At this moment, Yue Feng's heart was also moved, and he frowned secretly.

The goddess of light that Abel said was a fake, right? You know, the real goddess of light is still in the temple of light, and she taught her the formation last night.

"Abel!"

Just when Yue Feng was muttering secretly, he saw Wen Liang react with a sneer on his face: "Even if it is really supported by the goddess of light, you have been deceived by you! Not much nonsense, this Amaterasu City, I will definitely take it today, and since I don't surrender, I'll lead to death."

"The whole army obeys the order, don't leave one, kill me."

Wen Liang almost howled out the last sentence.

Whoa!

For a time, the army of tens of thousands of stars rushed up like a tide. The soldiers under Abel's men were almost exhausted at this time, and the formation was scattered all at once, and many soldiers fell in a pool of blood.

This chapter is provided by . Visit for daily update.

“Soldiers, swear to defend Tianzhao City to the death!”

Seeing his soldiers fall one by one, Abel was instantly blood red, almost fell into madness, howled loudly, and rushed into the crowd of enemy troops.

Bang bang bang...

At this time, Abel burst out with all his strength, like a tiger entering a flock. Under the swing of the big sword, enemy soldiers kept falling down. However, there were too many opponents. Gradually, Abel's face turned pale. , The big sword in his hand was almost unsteady, and he looked extremely weak.

“Haha!”

Seeing this situation, Wen Liang was indescribably excited. He laughed and sarcastically said, “Abel, your men are about to be killed by me. How long can you last? How much blood do you have left to shed?”

The words fell, Wenliang Shengli erupted, and he rushed forward thinking of Abel.

Looking at the gentle rushing, Abel looked terrified.

“Hehe, I, Abel, have been honored all my life and have been highly valued by the king. I originally wanted to help His Majesty the King, expand the territory, and complete the great cause of unification, but I didn't expect that I would end up dying at the hands of someone like you. I...I'm not reconciled!” Abel clenched his sword tightly, looked incomparably sad and angry, and roared up to the sky.

As soon as the words fell, Abel was about to rush up and fight Wen Liang for the final battle.

hum!

However, it was at this moment that a figure burst out and stood in front of Abel.

It was Yue Feng.

At the same time, Wen Liang also rushed to the front.

boom!

At this moment, Yue Feng raised his right hand and slapped Wen Liang's sword with his palm. He heard a dull sound, and Wen Liang was shaken back a few steps.

What?

Seeing this scene, both Wenliang and Abel, as well as the soldiers on both sides, were stunned.

Who is this man and where did he come from?

Moreover, with one palm, the gentleness was shaken back, so strong.

Then, feeling the strength of Yue Feng, the audience was shocked again.

This... This kid only has the strength of a holy king, but he has shaken back the gentleness of the holy realm? How can it be?

Chapter 3342

Mad!

Finally, Wen Liang took the lead in reacting and stared at Yue Feng: "Who are you? Dare to attack me and seek death?"

" , how not to get angry?"

Swish!

At the same time, tens of thousands of soldiers of the Tianxing army also locked on Yue Feng, each with murderous intent flashing in their eyes.

Like Wen Liang, these soldiers all believed that Yue Feng was able to knock Wen Liang back with a single slap.

"Who am I, you don't need to care!" Yue Feng looked at Wenliang, his tone was cold: "Anyway, I just don't like you!" The

voice was not loud, but it showed deep contempt.

Before Yue Feng was hunted down by the Principality of Tianxing, he almost died. At this time, when he saw the Tianxing army, he naturally didn't like it.

More importantly, Abel's fear of death just now reminded Yue Feng of the time when Tianqi's army attacked Donghai City, when he, the Great Sage, and Brother Wen were also preparing to coexist with Donghai City.

At this time, Abel was also in the same predicament. Under the same feeling, Yue Feng did not hesitate to help!

Whoa!

Hearing this, the army of tens of thousands of Tianxing immediately exploded.

This guy is so crazy, he actually said that we are not pleasing to the eye?

At the same time, Wen Liang's face was blue and white, and he was about to explode with anger. He pointed at Yue Feng and howled: "What a arrogant boy, I think you are really tired of living." The

voice fell, and Wen Liang burst into holy energy. , holding the big sword tightly, slashed towards Yue Feng fiercely.

With this sword, Wen Liang used all his strength, and wherever the figure passed, the air was distorted, which was amazing.

"Sir, be careful!"

Seeing this scene, Abel couldn't help but exclaimed, his eyes full of worry.

This unfamiliar man helped him at a critical moment, which is very touching, but he is only the strength of the Holy King, what's the matter with a gentle opponent?

At this time, Abel didn't know that Yue Feng was just hiding his strength, not just the realm of the Holy King.

Hearing Abel's reminder, Yue Feng smiled and signaled not to worry.

hum!

In the next second, Yue Feng's internal power exploded, and at the same time he summoned Fang Tianhuaji and directly met Wen Liang.

"Boom."

Fang Tianhua halberd and the big sword collided fiercely. With a loud noise, I saw that the big sword in Wen Liang's hand shattered instantly, and at the same time, Wen Liang let out a scream, and was directly shaken and flew out, flying dozens of meters away before landing heavily on the ground.

At this time, Wenliang clearly felt that his internal organs were severely traumatized.

"You...!" Wen Liang struggled to stand up, staring at Yue Feng, full of shock and resentment: "What the hell are you..." On the ground, breathless and dead.

What?

In an instant, the entire battlefield was dead silent.

one move? Just one move to kill Wen Liang?

The strength of this person is too terrifying, right?

But he only has the strength of a holy king.

In particular, the army of tens of thousands of Tianxing was stunned and inexplicably frightened. I thought that in this battle, I could kill Abel and successfully occupy Tianzhao City, but I never thought that a strange man suddenly appeared and killed Commander Wen Liang with one move.

At this time, Yue Feng put away Fang Tianhua halberd and looked around the audience: "Who else will die, just come up." The

thick voice spread throughout the battlefield, shocking people's hearts.

Chapter 3343

For a time, the army of tens of thousands of Tianxing looked at each other, and no one dared to respond.

"Run!" In the

next second, someone shouted, then turned around and ran, followed by other Tianxing soldiers, who also fled desperately into the distance, like a frightened herd of beasts.

Commander Wen Liang is dead, who would dare to stay?

Did you win?

Seeing this scene, whether it was Abel or the wounded and wounded around him, all of them were stunned, unable to recover for a long time.

"Thank you!"

Finally, after more than ten seconds, Abel reacted to Yue Feng and said, "Thank you for helping this gentleman." With that, Abel endured the pain and rushed towards Yue Fengshen. Bow deeply.

At the same time, the surrounding soldiers also looked at Yue Feng with admiration.

"You're welcome!" Yue Feng smiled slightly, and said lightly, "I just passed by and saw that the soldiers of the Tianxing Principality were not pleasing to the eye, so I came to help. You are seriously injured, so take a good rest."

After saying this, Yue Feng turned around to prepare Leave.

“Sir, stay!”

However, before Yue Feng took two steps, Abel hurriedly shouted!

“What, do you have something else to do?” Yue Feng stopped and looked back at Abel.

Abel said with sincerity and politeness: “I don’t know what Mr. is called? Where are you from? You saved the entire Tianzhao City. As the commander in chief, I must thank you.”

Yue Feng thought about it and said: ” My name is Fengtao, and I’m just a wanderer. As I said just now, I’m just passing by, and I don’t like Tianxing Principality, so you don’t need to be very grateful.”

He used to be a knight of the royal court in the Principality of Tianxing before, and then he was chased and killed. Yue, Feng didn’t want too many people to know about this, so he used the previous fake name.

However, Abel didn’t give up, walked up quickly, and said with a smile: “Mr. Fengtao, you are not high in strength, but you are not weak, you are a rare talent, it is a pity that you are just a wanderer. “

Now that we are in the Principality of Sunrise, with the support of the Goddess of Light, to unify the continent, it is the time to hire people. Why don’t you join us and make a career, how about that?”

When he said this, Abel’s eyes were full of expectations.

to join you guys?

Hearing this, Yue Feng frowned, feeling a little conflicted in his heart.

Speaking of which, when he was in the Kyushu Continent, Yue Feng hated war the most, because once the war broke out, it was the people and the people who suffered.

At this moment, Yue Feng was about to refuse, and suddenly he thought of something, and asked Abel, “You said just now that you have received the support of the Goddess of Light in the Principality of the Sun?”

“Yes!” Abel nodded.

Yue Feng showed a smile and continued to ask: “Are you sure, is that the real goddess of light?”

Huh?

Hearing this, Abel became instinctively alert: "Mr. Feng Tao, I don't understand what you mean."

Only she and His Majesty the King knew about Miss Miaoying's impersonation of the Goddess of Light. It is impossible for Feng Tao to know . .

"Nothing!" Yue Feng smiled and said very relaxedly: "I have a little friendship with the Goddess of Light. I want to know if someone is impersonating her."

Seriously, Yue Feng is not interested in these things, but why? Saying that he is also the Holy Venerable of the Temple of Light, if you know that someone is impersonating the Goddess of Light, and you don't ask, it will be unreasonable.

What?

At this moment, Abel was shocked and stunned.

what did he say? He has some friendship with the Goddess of Light?

This is a lunatic.

You must know that for thousands of years, the goddess of light has only been rumored, and no one has ever seen it with their own eyes. Even the temple where the goddess of light is located is extremely mysterious. Having a relationship with her, is this not a lunatic?

Chapter 3344

Seeing Abel's expression, Yue Feng smiled: "What? Is there any problem?"

"No!"

Abel reacted, shook his head and said, "Since Mr. Fengtao and the Goddess of Light know each other, wait until the fight is over. If there's a war, I'll take you to see her, how?"

No matter whether this person is Fengzi or not, he can kill Wen Liang with one move, which is definitely a rare talent, and he should be kept no matter what.

"Okay!" Yue Feng thought for a while and nodded in agreement.

Miao Ying didn't have any clues, and she had nowhere to go for the time being, so she might as well stay in this Storm City temporarily.

Seeing his promise, Abel showed a smile, then greeted the surrounding soldiers and returned to Storm City.

...

the other side.

The news that Wen Liang led the army to attack Storm City and failed miserably soon spread to the Principality of Tianxing. For a time, the entire principality was in uproar.

You must know that Wen Liang, the youngest commander in the Tianxing Principality, died like this.

Soon, some rumors spread in the Principality of Tianxing, and some said that the Principality of Zuri had the support of the Goddess of Light, and the will of God was hard to defy, so Wenliang would fail miserably.

Located in the northwest of Arendis, there is a Guangwu Academy.

Guangwu Academy was founded by the Principality of Tianxing and specialized in cultivating cultivation talents. It is the highest institution of the Principality of Tianxing. Many famous cultivation talents in the Principality of Tianxing came from this Guangwu Academy.

Of course, including gentle.

At this time, in a courtyard of Guangwu Academy, an old man was sitting there, comprehending and meditating.

It is Mr. Fu Zheng.

Mr. Fu Zheng is the greatest sage of Guangwu Academy, close to the strength of the Holy Spirit, and also a gentle teacher. The status is extraordinary, even when the king sees him, he has to give three points politely.

“Teacher!”

At this time, several young men walked into the yard quickly, each with an extremely complicated expression.

These are Mr. Fu Zheng’s students. The one headed by him is called Dong Shen. He is burly and imposing. He is the most admired disciple of Mr. Fu Zheng.

Hearing the footsteps, Mr. Fu Zheng slowly opened his eyes.

“Teacher!”

At this time, Dongshen and a few people came to him and said, "Wen Liang led the army to attack the Principality of Ziri, but was killed, do you know this?"

When he said this, Dongshen's eyes flashed with grief and anger.

Because they are both disciples of Mr. Fu Zheng, Dongshen and Wenliang have the best relationship. Now that Wenliang is gone, I am very sad.

call!

Mr. Fu Zheng breathed a sigh of relief and said lightly, "I see, the two armies are fighting, casualties are inevitable, and Wen Liang's death may be his fate."

After speaking, Mr. Fu Zheng sighed: "In the end, this time Our Tianxing Principality is still too hasty to send troops."

When he said this, Mr. Fu Zheng looked indifferent, and at his age, he has already looked down on life and death.

Hearing this, Dongshen and several disciples looked at each other.

In the next second, Dongshen took a deep breath and said seriously: "I've heard clearly, when Wenliang attacked Storm City, he had a fierce battle with Abel. He could have broken Storm City, but a strange man appeared out of nowhere and attacked him. Kill Wenliang."

"It is said that this strange man is only the strength of the Holy King."

What?

Mr. Fu Zheng was stunned for a moment, then moved slightly: "The strength of the holy king?"

Wenliang is the strength of the holy venerable, but he was killed by a holy king, this...

At this time, Dongshen continued: "Teacher, if Wenliang died During the battle between the two armies, I won't say much, but this matter is too strange. I think it is necessary for us to go to Storm City to meet this strange man." The

voice fell, and the other disciples behind him , also nodded.

"I also think Wen Liang was killed."

"Yes, how could a guy with the strength of a holy king kill Wen Liang?"

Chapter 3345

“Teacher, Wenliang is your most valued disciple. It’s unclear whether he died, so you must take care of it.”

The voices of the disciples kept coming, and Mr. Fu Zheng frowned secretly.

“Okay!”

Finally, after a few seconds, Mr. Fu Zheng made up his mind and said slowly, “Go ahead and prepare, let’s set off as soon as possible.”

Seriously, Guangwu Academy should not have participated in the war between the two countries, but Wen Liang was his favorite disciple, but he died so strangely, so he really had to check it out.

...

on the other side, Storm City!

At this time, in the hall of the city master, a sumptuous banquet has been prepared.

However, there were only three people on the huge dining table.

Yue Feng, Abel, and Hong Chang, the lord of Storm City.

Yes, the city owner of Storm City is a woman, and she is also a very arrogant and beautiful woman.

At this time, Hongshang, wearing a gorgeous long dress, was indescribably sexy and mature, but sitting at the dinner table at this time, her delicate face was indifferent.

If she sat with Abel, Hong Chang would definitely be in a happy mood, but when she saw Yue Feng, she was a little unhappy.

When Wenliang led his army to attack Storm City during the day, Hongshang was being summoned by the king in the king’s city, so he didn’t come back in time.

After returning in the evening, Hongshang was very happy to learn that Abel had successfully defended Storm City. However, when he learned that Wen Liang died at the hands of Yue Feng, Hongshang was immediately surprised.

The person in front of him, dressed in ordinary clothes, only had the strength of the Holy King, how could he kill Wen Liang.

Hongshang believes that it was Wenliang and Abel who fought fiercely at that time, and the holy energy was almost exhausted, so Yue Feng took advantage of it.

In this case, Hongshang became more and more unpleasant to Yue Feng. A bit of disgust appeared on his face from time to time.

If it weren't for Abel who was going to have dinner with Yue Feng, Hongshang would have gotten up long ago and sat at a dining table with a person of unknown origin, which would be a shame.

Hongshang's indifferent attitude, Yue Feng did not take it to heart at all, and talked and laughed with Abel.

After understanding, Yue Feng admired Abel very much.

After three rounds of drinking, Yue Feng smiled slightly, took out a healing medicine pill from his body, and handed it to Abel: "You are injured, drink less wine, this is my unique medicine for wound healing, it can speed up Your injury has recovered."

This healing medicine was refined by Yue Feng before, and it has never been used. gave it to Abel.

During the day, Yue Feng admired Yabering's unyielding performance.

A solitary remedy?

At this moment, Abel took the medicine pill and was a little stunned.

Is this Feng Tao still a pharmacist?

Before Abel could react, Hong Chang, who was sitting on the side, couldn't help it.

"Abel, you can't just take medicines!"

When she said this, Hongshang frowned lightly. This guy named Fengtao, dressed in such a normal way, and even took out a dirty pill, must be a liar.

However, Abel laughed and swallowed the pill directly, not forgetting to thank Yue Feng: "Thank you, Mr.

Fengtao . Thank you, thank you." ? What's more, he also killed Wen Liang during the day and helped himself defend Storm City.

At this moment, Hong Chang wanted to stop her, but it was too late, and she stomped her feet in anger.

The origin of this storm is unknown, how could Abel believe him so much?

A few minutes later, a scene that surprised Hong Chang appeared.

I saw that after Abel took the medicine pill, his face was pale, his face was rosy, and his spirit was much better than before.

“Haha...”

At this time, Abel was very excited and laughed at Yue Feng: “This medicine is really amazing, Mr. Feng Tao, did you make this yourself?”

Yue Feng smiled slightly: “Yes, I have learned some medicine.”

The ultimate husband in Chinese chapter 3346-3350

Chapter 3346

What?

Seeing this scene, Hongshang’s delicate body trembled, and the whole person was stunned.

Is this person still medical?

“I really can’t see it, sir, you can’t hide it.” Abel said with admiration on his face: “Not only is he good at reaching out, but also his medical skills are so brilliant.”

Abel clearly felt that after taking the medicine pill, the injury recovered. The speed has increased significantly.

Yue Feng smiled with a humble expression on his face.

The next second, Abel was going to ask how Yue Feng made the healing medicine into the shape of a sphere, because in Roland Continent, there is no such thing as a medicine pill, so it is very novel.

However, before he could speak, he was interrupted.

“Sir City Lord!”

A city gate guard ran in sweating profusely: “No, there is a group of people who want to force their way into Storm City. They claim to be from Guangwu Academy, and one of them is Mr. Fu Zheng.”

What?

Hearing this, Abel and Hong Chang were both shocked.

You must know that Mr. Fu Zheng is a well-known figure in the Principality of Tianxing, and he has a pivotal position in Guangwu Academy. Many powerful people in Tianxing Continent are his disciples.

It's just that Mr. Fu Zheng has been teaching and preaching at the Guangwu Academy, and he rarely bothers about the disputes between the principalities. Why did he suddenly come to Storm City?

Thinking about it, Abel and Hongshang looked at each other and understood something at once.

This chapter is provided by . Visit for daily update.

Wen Liang was Mr. Fu Zheng's disciple, but was killed by Feng Tao. Could it be because of this?

"Mr. Fengtao!"

Realizing this, Abel took the lead in reacting, and hurriedly said to Yue Feng: "It's a little troublesome, I'll send someone to escort you out of Storm City immediately."

Yue Feng was stunned: "Why?"

Abel took a deep breath and quickly To explain: "You killed Wenliang, and Wenliang is Mr. Fu Zheng's disciple. This Mr. Fu Zheng's strength is terrifying. He suddenly came to Storm City because of Wenliang's business..."

It turned out to be the case.

Hearing this, Yue Feng looked indifferent, smiled and said: "What's the matter, he came, why should I run?"

Abel suddenly became anxious: "He really wants to do something to you, I'm afraid Storm City Among them, no one can stop you, and you are not in the realm of the Holy King, how can you be his opponent?"

At the same time, Hongshang was also displeased.

This person is not strong, but he is full of big words, which is really annoying.

Yue Feng smiled and said, "It's okay, since people have come to the door, let's meet. If I run away secretly, what kind of man is I?" After speaking, he strode out of the hall.

Abel looked anxious and quickly followed.

Hong Chang couldn't help but glanced away and followed.

call!

Outside the city gate, Yue Feng couldn't help taking a deep breath when he saw the scene in front of him.

I saw four figures standing quietly outside the city, each with a powerful aura, headed by an old man, dressed in a gray robe, with a kind expression, but not angry.

It is Mr. Fu Zheng.

At this moment, feeling the strength of Mr. Fu Zheng, Yue Feng was secretly surprised.

It turned out to be close to the strength of the Holy Spirit.

However, Yue Feng didn't care. You must know that the twelve Holy Knights of the Temple of Light are all the strength of the Holy Spirit. Compared with them, the strength of the old man in front of him is a little bit worse, and it's nothing at all.

Swish!

At this moment, Mr. Fu Zheng and several of his disciples all focused on Yue Feng.

Abel and Hongshang are both city lords, so they know each other naturally, and this stranger's strength is only the power of a holy king, which is very consistent with the news of the investigation. Obviously, Wenliang died in his hands.

Finally, Mr. Fu Zheng reacted and said to Yue Feng, "Wen Liang died at your hands?"

Chapter 3347 Damn

, so direct?

Hearing this, Yue Feng was stunned for a moment, then nodded and said, "Yes!"

Upon hearing the answer, Mr. Fu Zheng's face showed a bit of solemnity, and he asked word by word, "You are not as powerful as the Holy King, how did you kill it? His? Or, what means did you use in secret?"

Yue Feng laughed suddenly, and said lightly: "What other means do I need to kill Wenliang? I heard that you are his teacher? Seriously, your disciple was too much at that time. I'm confident, and his strength is really not that great."

When he said this, Yue Feng looked indifferent, but he was a little irritable.

Mad, I was disturbed when I was having a good meal, but I was in a bad mood for anyone else!

Swish!

Hearing this, both Mr. Fu Zheng and the disciples behind him were angry.

This kid is crazy.

At the same time, Abel was also in a hurry. I just told him to leave quietly without listening, and now I'm challenging Mr. Fu Zheng in person. Isn't this courting death?

Even if you are good at it, you are only a holy king.

call!

At this moment, Mr. Fu Zheng took a deep breath and looked at Yue Feng coldly, his face gloomy: "You dare to talk to me like this, you are very courageous, what is your name?"

"Fengtao!" Yue Feng said lightly.

As soon as he finished speaking, Dongshen strode out and said angrily: "Teacher, stop talking nonsense with him, let me kill him and avenge Wenliang!"

When he said this, Dongshen gave Yue Feng a cold look, Full of contempt.

It's just that the strength of the holy king must have used despicable means to kill Wenliang. This kind of person can be abused with one hand.

Mr. Fu Zheng nodded silently: "Alright, try his strength!" To

be honest, on the way here, Mr. Fu Zheng was still thinking if he was too reckless, but after seeing Yue Feng, he realized, Wen Liang's death is indeed doubtful, this person in front of him is really the strength of the Holy King, fighting alone, he can never kill Wen Liang.

With the teacher's permission, Dongshen strode over, pointed at Yue Feng and shouted, "Boy, do you dare to fight with me?!" Yue

Feng chuckled lightly, "Why not?!"

He said to Mr. Fu Zheng: "Mr. Fu Zheng, right? Let's agree first. You asked your apprentice to challenge me. When he loses or is killed by me, you can't hold him accountable."

Mr. Fu Zheng Instead of responding, he frowned.

“Your special code is courting death!” And Dongshen was even more furious. This kid was so arrogant that he actually said that he was not his opponent.

In anger, Dongshen stopped talking nonsense, roared, and came straight to Yue Feng.
hum!

At the same time, a violent holy force erupted, forming a powerful storm around Dongshen, which was amazing.

Seeing this scene, Abel couldn't help sweating for Yue Feng: “This person is much stronger than Wen Liang, and I don't know if Mr. Feng Tao can stop it...” The

voice fell, and Hong Chang's face Indifferently, he said lightly: “Even if it's not an opponent, I don't blame us. You have suggested to let him leave before, but this Fengtao doesn't listen at all. Even if he is killed later, it has nothing to do with us.”

Zai Hong In Chang's eyes, Yue Feng only has the strength of the Holy King, and is not Dongshen's opponent at all.

call!

At this time, Dongshen had already rushed forward, clenched his right fist, and slammed it towards Yue Feng.

Yue Feng didn't panic at all, and threw a punch to meet him. In an instant, the two fists collided violently, causing a dull vibration.

After the vibration disappeared, I saw Dongshen's figure swaying, while Yue Feng was standing there, as steady as Mount Tai.

What?

Seeing this scene, whether it was Abel and Hongshang, or Mr. Fu Zheng on the opposite side, they were all taken aback.

This wind wave actually blocked Dongshen's punch?

He only has the strength of the Holy King, how did he do it?

Chapter 3348

Mad!

At the same time, Dongshen was also furious.

This guy in front of him is really weird. With that punch just now, he exploded five layers of holy power, but he was so easily blocked by him.

At this moment, Yue Feng looked relaxed, and said to Dongshen, "You are not my opponent, do you still want to fight?"

Hearing this, Dongshen's face flushed, and he only felt that he had been greatly humiliated.

"Boy!" In the

next second, Dongshen's eyes were extremely blood red, he locked on Yue Feng tightly, and said coldly: "Don't be proud of me, I will kill you today."

Om!

When the words fell, Dongshen broke out completely, a violent holy force burst out from his body, and then, he saw the skin on his arm showing blood-colored lines.

Ka Ka...

Immediately afterwards, I heard a burst of crunching sounds from his bones. Then, the figure grew larger at a speed visible to the naked eye. In the end, it became a giant ten meters high, like a hill. In general, very shocking.

hiss!

Seeing this, Abel's face was solemn, and he couldn't help taking a deep breath of cold air.

This Mr. Fu Zheng is indeed a rare cultivation genius in the past 100 years. Half a year ago, there were rumors that Mr. Fu Zheng created a practice that can instantly improve his strength and his body shape will become larger. I thought it was Rumors, unexpectedly turned out to be true.

Hong Shang next to her, even more delicate body trembled, shocked.

At the same time, there is some sympathy for Yue Feng.

Dongshen showed his true strength, this Feng Tao, I am afraid that he will lose miserably.

call!

At the same time, the opposite Mr. Fu Zheng also showed a smile.

The other disciples behind him were even more excited.

“Haha...Dongshen performed a stunt of dominance, this kid is dead.” ” Dongshen , slap him to death!”

“Yes, avenge Wen Liang!”

Confidently, he abused Yue Feng and said, “Boy, this is my true strength. You kneel down immediately and tell me what despicable means you used to plot against gentleness. Maybe I will spare your life!”

Yue Feng stood there with a look of contempt: “Is this your true strength? It’s nothing more than that!”

When he said this, Yue Feng’s eyes were full of calm, without the slightest panic.

You must know that in “Wuji Pill”, there is a kind of Overlord Pill. After taking it, it can not only improve your strength, but also make your body bigger, just like Dongshen in front of you. Anyone who has some attainments in the art of alchemy can be refined.

Therefore, Yue Feng naturally would not take it seriously.

What?

The voice fell, and the two sides and others present were all stunned.

Dongshen’s domineering stunt is so shocking, but this wind wave is not even in his eyes.

It’s not confidence, it’s arrogance.

At this time, Dongshen was also stunned, and then his face was extremely hideous. He stared at Yue Feng and said coldly: “Good boy, you really don’t know how to live or die!”

At this time, Dongshen was extremely furious.

This guy in front of him actually despised himself so much that he didn’t kill him, it was hard to understand the hatred in his heart.

“When facing the enemy, you are so impetuous, how can you possibly win?” Yue Feng showed a smile and said lightly, “Since you have taken out the stunt of pressing the bottom of the box, I will show you my true strength. !”

Click!

The voice fell, Yue Feng's internal force was running, and at the same time he slowly raised his right hand.

In an instant, the spiritual energy of heaven and earth was surging, and then it gathered towards Yue Feng frantically. Then, I saw a huge figure bursting out of the sky and hovering above Yue Feng's head.

It was a huge unicorn.

And this unicorn was formed entirely by internal force, with black hair all over his body, blood-red eyes, sharp teeth and claws, and it was lifelike.

Yue Feng knew very well that dealing with Dongshen's stunt of domineering body must not be confrontational, it could only be dealt with in this way.

Um?

Chapter 3349

Seeing the unicorn above Yue Feng's head, everyone present was stunned.

Such a ferocious beast, how did this man come out?

Moreover, what kind of monster is this, I have never seen it before.

At this time, whether it was Abel, Hongshang, or Mr. Fu Zheng and others, in addition to being deeply shocked, they were also a little confused. You must know that there is no unicorn mythical beast in Roland, so they naturally do not know each other.

call!

At this moment, Dongshen was also stunned, staring blankly at the condensed unicorn.

But soon, Dongshen reacted and said with a sneer: "Make a fake beast and make a mystery, do you really think I would be afraid?"

Dongshen clearly felt that the beast in front of him was transformed by Yue Feng, not at all. real.

Since it's fake, there's nothing to be afraid of.

"Kill!" In the

next second, Dongshen roared wildly, and the huge figure rushed forward, punching the unicorn fiercely.

Seeing the mountain-like Dongshen rushing over, Yue Feng didn't panic at all, and quickly issued an order to the unicorn. He heard a roar that shocked the world, and immediately, a huge figure came up to meet him.

boom!

Dongshen's huge figure and the unicorn collided fiercely, making a roar that resounded through the heavens and the earth. In an instant, dust filled the air.

Not only that, the surrounding trees, under the raging rage, were broken and turned into powder.

At this moment, whether it was Abel, Hongshang, or Mr. Fu Zheng and others, they all stepped back to avoid the rampant aura.

After more than ten seconds, as the dust filled the air, I saw Dongshen's figure returned to normal size, his face was pale, and he looked very weak.

Yue Feng, on the other hand, still stood quietly in the same place, his expression as usual.

Whoa!

Seeing this situation, Mr. Fu Zheng was shocked and his face was full of astonishment.

impossible!

The stunt of dominance is a defensive stunt that he created after 10 years of comprehension. It is extremely powerful, but at this time, it was easily defeated by this person.

More importantly, he is only the strength of the Holy King.

The disciples behind him were also dumbfounded.

"How could this be?"

"This...is this guy really only the Holy King?"

"...."

In their hearts, Dongshen is already the top saint, and against this wind wave, there is no suspense at all. It was properly crushed, but I never expected that it was Dongshen who was crushed.

This...

At this moment, Abel was also stunned, staring at Yue Feng, his eyes flashing with strange light, and his heart was extremely shocked.

Total shock.

If it was by himself, Dongshen would have already been defeated when he performed his stunt.

And this Fengtao didn't have anything at all, not only that, but also brought Dongshen back to his original form.

It's incredible.

Hong Chang, who was standing on the side, even had her legs weak, and she couldn't stand still. She stared at Yue Feng blankly, unable to speak.

This... this wind wave is so powerful.

When I heard that he killed Wen Liang before, I thought he was just lucky, but I didn't expect that he really had this strength.

But the key is that he only has the realm of the holy king, and he can actually completely abuse Dongshen, who is in the realm of the holy king.

If you hadn't seen it with your own eyes, who would have believed it?

quiet!

At this moment, the audience was silent, and a drop of a needle could be heard clearly.

"You..."

Finally, Mr. Fu Zheng came back to his senses and looked at Yue Feng complicatedly: "Who the hell are you?"

Chapter 3350

At this time, Mr. Fu Zheng's expression was indifferent, but his heart was shocked.

This Fengtao is really a genius of cultivation. It is only the strength of the Holy King, but it completely crushes the strength of the Holy Venerable Dongshen.

Hehe...

Yue Feng smiled slightly: "I'm just a nobody who wanders around, Mr. Fu Zheng, you have also seen that your disciple is not my opponent at all, what else do you have to say?"

Uh...

Hearing this, Mr. Fu Zheng was very embarrassed and smiled bitterly: "Yes, looking at this situation, it is not wrong for Wen Liang to die in your hands, he is indeed inferior to others."

"Teacher..."

"This... "

At this moment, Dongshen and other disciples' expressions changed.

The teacher said this, it means that Wenliang's death will not be pursued any more. How can this be done?

Especially Dongshen, his face was extremely red and ugly, and his dignified holy strength was actually lost to a holy king. When the news spread out, how could he be so embarrassed?

Mr. Fu Zheng waved his hand to signal them not to interrupt.

Afterwards, Mr. Fu Zheng looked at Yue Feng seriously: "Dare to ask, who is your teacher?"

When he said this, Mr. Fu Zheng's eyes were full of curiosity. You must know that the skills of this person in front of him are really too much. Strange, he has lived for nearly seventy years and has never seen it.

At this time, Mr. Fu Zheng didn't know that the Yue Feng in front of him was not from the Roland Continent at all, but from a different world.

Hearing the question, Yue Feng smiled: "I'm a nobody, how can I have a teacher? The skills I used just now were all realized by myself."

I came from another world, so I absolutely can't say it, I can only find a reason.

Did you realize it yourself?

Hearing this, Mr. Fu Zheng was shocked, and he was stunned, unable to hide his excitement.

This is no longer a wizard, but a genius.

“Fengtao!”

Finally, Mr. Fu Zheng reacted with sincerity on his face: “I wonder if you are willing to join our Guangwu Academy and become my student? As long as you are willing, I will give you better resources to help you. Known as a person who shocked the six major duchies.” To

be honest, Mr. Fu Zheng was very saddened by Wen Liang’s death, but the wind and waves in front of him have even greater potential.

You must know that for thousands of years in the entire Roland Continent, there are only a handful of people who can create their own skills.

What?

When the words fell, whether it was Dongshen’s disciples, or Abel, Hongshang and others, they were all stunned.

Mr. Fu Zheng wants to accept Fengtao as a disciple?

“Teacher!”

At this moment, Dongshen reacted with an anxious expression: “This kid killed Wenliang, how can the teacher accept him as a disciple?” Thinking of the fiasco at Yue Feng’s hands just now, Dongshen was even more furious.

Several disciples next to him also nodded.

Mr. Fu Zheng looked serious and said lightly: “Wen Liang, as the commander of the Principality of Tianxing, died on the battlefield, it was his life, and we have already found out that this Feng Tao did not use despicable means, but attacked with strength. After killing Wen Liang, what else do you have to care about?”

“Besides, Feng Tao, who can create his own skills, is extremely talented, and can be called a genius. If you become your senior brother, you can also learn a lot from him.”

“I often teach you not to sink into hatred, but to learn to let go and be tolerant.”

Phew!

Hearing these words, Dongshen and the others lowered their heads and said nothing.

The ultimate husband in Chinese chapter 3351-3360

Chapter 3351

At this time, Abel and Hongshang on the opposite side were secretly anxious.

At this time, they did not expect that the situation would change so dramatically. Originally, Mr. Fu Zheng came to Xing Xing to ask his guilt.

Especially Abel, looking at Feng Tao closely, he couldn't be more anxious.

But you must not agree.

You must know that at this time, the Principality of Ziri is going on a crusade, and it is hostile to the Principality of Tianxing, and Guangwu Academy is the highest institution of the Principality of Tianxing. If Yue Feng joins, then the Principality of Ziri will have an additional strong enemy.

As the commander-in-chief of the Principality of Sunrise, Abel would never allow such a thing to happen.

At this moment, Abel wanted to dissuade Yue Feng, but thought that he and him were just friends, and the decision to control him was too abrupt, so he held back.

“Fengtao!”

At this moment, Mr. Fu Zheng smiled slightly and looked at Yue Feng: “How is it? How did you think about it?”

Shuh!

In an instant, the eyes of the audience all converged on Yue Feng, each with a complicated expression.

Yue Feng smiled and looked very relaxed: “I understand Mr.’s kindness. I am used to being free.”

What?

The teacher took the initiative to invite, but he is still unwilling?

At this moment, several of Dongshen's disciples were secretly angry, but because of Mr. Fu Zheng's face, they did not dare to attack.

This chapter is provided by . Visit for daily update.

Mr. Fu Zheng was also stunned, feeling a little lost.

Abel and Hong Chang, on the other hand, were secretly relieved.

At this moment, Yue Feng continued: "However, if I went to Arlandis that day, maybe I would go back to Guangwu Academy to visit Mr., and then I hope Mr. will not turn me away."

When he said this, Yue The wind looked sincere.

Although Yue Feng is strong and is not afraid of anyone in this different world, he has to say that there are many extraordinary ways of cultivation in this world, and Mr. Fu Zheng is a big man in Guangwu Academy. It is still necessary to make friends.

Moreover, Mr. Fu Zheng took the initiative to release his suspicions, and he had to give the other party a step down.

call!

Hearing this, Mr. Fu Zheng showed a smile and nodded: "Okay, then I'll wait." Although Yue Feng did not agree to be his own disciple, which made people a little disappointed, but since he said that he would go to Guangwu in the future. There is still hope for the academy.

With that said, Mr. Fu Zheng bid farewell to Yue Feng and left with a few disciples.

call!

As soon as his forefoot left, Abel reacted and patted Yue Feng on the shoulder with a big laugh: "Haha, Mr. Feng Tao is indeed a genius, and he can even let Mr. Fu Zheng accept him as a disciple."

Yue Feng smiled . : "Are you very nervous just now that you were afraid that I would agree?"

Abel's temperament is broad, and he doesn't hide it, he laughed: "Of course, if you go to Guangwu Academy, you will be against me, can I not be afraid?"

Saying that, Abel took Yue Feng's hand: "Let's go, let's go back and continue drinking!"

Just now seeing Yue Feng's strength again, Abel was not only shocked, but also extremely excited. At this time, he just wanted to have a good time with Yue Feng. Have a good relationship.

At this time, Hongshang next to him also let go of his previous cold arrogance and contempt, and said to Yue Feng with a smile: "Mr. Fengtao and Na Dongshen fought

just now, which is really eye-opening. From now on, you are Our VIP of Tianzhao City, the gate of Tianzhao City is open for you at any time.”

When she said this, Hongshang smiled like a flower, very charming.

Feeling the change in Hongshang's attitude and her sexy and hot body, Yue Feng couldn't help but secretly praised, and then said with a smile: “Thank you for your love.”

After

that, Yue Feng, Abel, and Hongshang returned to At the banquet.

Chapter 3352

Yue Feng and Abel drank very late, during which time Hongshang kept company.

Early the next morning, Yue Feng was sleeping soundly when Abel woke him up.

“Mr. Fengtao!”

Abel said solemnly: “I planned to take you to see the Goddess of Light today, but there were some temporary changes.”

After speaking, Abel took a deep breath and continued: “The gentleman of the Principality of Tianxing, led the army. They attacked Storm City and were defeated. Wen Liang was also killed. This incident has caused a sensation in the major duchies. If it is not what I expected, the duchies that were on the sidelines at the beginning would definitely send troops. How powerful.”

“So, I must return to the royal city as soon as possible to meet with His Majesty the King to discuss countermeasures.”

Hearing this, Yue Feng nodded and understood.

I have to say that Abel has a long-term vision and is a qualified commander. The current situation in Roland Continent is indeed the case. Since the Principality of Zuri has provoked a war, it has reported many victories and has not lost a single battle. Under such circumstances, the other five principalities will definitely not be able to sit still.

At this time, Abel continued: “Then I'll set off. If you are in a hurry, you can ask Hongshang, and she will do her best to help you.” After the

voice fell, Abel said goodbye to Yue Feng, with a team of guards, Go to King City.

After Abel left, someone brought breakfast.

At this time, Yue Feng was already a VIP of Hongshang, and the servants of the entire city lord manor did not dare to be slighted.

After breakfast, Yue Feng went to the front hall.

When I got to the front hall, I saw that Hongshang had summoned the guard commander of Storm City and was deploying the defense.

At this time, Hongshang, wearing a long purple dress, showed her charming curves, coupled with that high-cold temperament, she was indescribably charming.

“Mr. Fengtao!”

Seeing Yue Feng coming in, Hongshang showed a smile and waved to let everyone back down.

Yue Feng walked in slowly, smiled slightly, and said, “I have something to do, I want to ask the city lord to help!”

“What is it? Just say it, sir.” Hong Chang said without thinking, after what happened last night, Hongshang’s view of Yue Feng has changed greatly, and she even has some admiration.

call!

Yue Feng took a deep breath and took out a portrait from his body. On it was painted a very beautiful woman, like a fairy, it was Miao Ying’s portrait.

When he was in Simon City at that time, Yue Feng asked Doug to help find Miao Ying, and he painted many portraits, and Yue Feng kept one on his body.

“This is a friend of mine who has been separated from me. I want to ask the city owner to help me find it.” Yue Feng said.

For so long, there has been no news of Miao Ying, and she has to be found no matter what.

call!

At this moment, Hongshang took the portrait and looked at it, and suddenly her body trembled.

What a beautiful woman.

With emotion, Hongshang smiled lightly: “Mr. Fengtao don’t worry, I’ll let my men do it.”

After speaking, Hongshang was very curious: "Is this woman the wife of Mr.?" I saw Yue last night. After Feng's true strength, Hongshang became more and more interested in him.

"That's right!" Yue Feng nodded with a smile.

In the illusory realm, the first time I saw Miaoying, it was a coincidence that she and Miaoying were indeed married.

Hearing this, Hong Chang's eyes flashed with a strange brilliance. To have such a beautiful wife, this Feng Tao is definitely not an ordinary person.

"Report!"

At this moment, a knight in armor walked in quickly and respectfully said to Hong Shang: "The news just came that the five principalities have formed a coalition, and the troops are divided into two groups, all the way to Storm City, ready to go. Help the Crescent Principality to recover Storm City, and the other way is coming to our Tianzhao City!"

What?

Hearing this, Hongshang's delicate body trembled, and she was furious.

Chapter 3353 The

five principalities actually formed a coalition?

At the same time, Yue Feng was also stunned for a moment, and then smiled: "Abel really has foresight. When he said goodbye to me in the morning, he expected that the five major duchies would join forces, but he didn't expect it so soon.

"Chang reacted and asked the knight: "How far is the allied army from our Tianzhao City?"

"About fifty miles away!" The knight said quickly.

fifty miles? It's here in two hours.

Hongshang Xiu frowned, realizing that the situation was critical, and immediately said: "mobilize all the defenders, be on guard, and immediately ask Cyanwood City for support, hurry!"

Cyanwood City is not far from Tianzhao City, if you are fast, within an hour, the reinforcements of Aoki City will be able to arrive.

“Yes, Lord City Lord!” The knight responded quickly and walked out of the hall.

As soon as the forefoot left, Hongshang quickly opened the map of Tianzhao City and began to study the preparation strategy.

At this time, Yue Feng looked at the map and said, “How are you going to fight?”

Huh!

Hongshang took a deep breath, and her delicate face was full of seriousness: “Tianzhao City has a special geographical location, so it is safer to play by guarding.”

Hearing this, Yue Feng shook his head: “It’s definitely not possible to play by guarding, you see. , Tianzhao City is surrounded by mountains on three sides, if the enemy forces occupy the hilltops on three sides and form an encirclement, no matter how you defend it, it will be useless.”

Yes!

Hongshang’s delicate body trembled, and she suddenly became anxious: “Then what should I do?” Although Hongshang is the lord of a city, she is still young and has never fought a war.

A day ago, Wen Liang led the army to attack Tianzhao City. Fortunately, Abel arrived in time and defended Tianzhao City. It was because of this that Hongshang was very grateful to Abel.

At this time, Abel went to Wangcheng, Hongshang had no experience in fighting, and was very clueless, so he could only ask Yue Feng for help.

Yue Feng pondered for a while, and said slowly: “If the city owner believes me, he will transfer all the defenders out of Tianzhao City, join forces with the reinforcements from Qingmu City, and fight the opponent outside the city.”

This...

Hongshang is tight Biting his lip, he hesitated for a while: “Is this okay?”

Yue Feng did not respond, but showed a confident smile.

Back then, in Kyushu Continent, Yue Feng used his troops like a god and became famous all over the world. Moreover, the wars in Kyushu were hundreds of thousands, or even nearly a million large-scale wars, and the six principalities of Roland Continent, the total number of people who fought together. , not more than half a million.

In Yue Feng’s eyes, it’s like a child playing a house, and it doesn’t matter at all.

“Okay!”

After a few seconds, Hongshang struggled inwardly, and finally nodded: “Just do as Mr. said!” The

voice fell, Hongshang immediately dispatched troops, and under Yue Feng’s instructions, sent Tianzhao The main force of the city was mobilized on a hillside outside the city.

It was at this time that tens of thousands of reinforcements from Aoki City arrived.

The leader is Zhan Chao, the lord of Aoki City.

“Hongshang!”

After arriving, Zhan Chao was blindsided when he saw the situation in front of him: “Why did you call out all the defenders?”

Zhan Chao saw that the 30,000 defenders in Tianzhao City were all over the place. Hongshang gathered on the hillside, plus the reinforcements he brought, a total of no more than 70,000. In this kind of terrain, how could it be possible to stop the hundreds of thousands of coalition forces?

Hongshang bit her lip lightly and responded, “This is Mr. Fengtao’s idea!” After saying that, Hongshang glanced at Yue Feng next to her.

At this time, Yue Feng was observing the surrounding environment.

Mr. Feng Tao?

Zhan Chao was stunned and looked at Yue Feng up and down: “Who is he?”

Chapter 3354

Hongshang didn’t hide it, and said softly: “Zhan Chao, this is Abel’s friend, Mr. Feng Tao. Before, Wen Liang of the Principality of Tianxing led his army to attack Tianzhao City, and he was killed by him?”

What?

Hearing this, Zhan Chao was stunned.

This kid killed Wen Liang? But he only has the strength of a holy king. You must know that Wenliang is the youngest and best commander in the Principality of Tianxing, with the strength of a holy lord.

After being stunned for a few seconds, Zhan Chao reacted and smiled lightly: "I heard that Wen Liang and Abel fought fiercely for a long time at that time, and both sides consumed a lot of strength, so Wen Liang was able to be killed by this wind wave. , he just happened to catch up." In his

words, there was disdain for Yue Feng.

Feeling Zhan Chao's contempt, Yue Feng didn't care.

Hongshang was a little anxious, and said, "Zhan Chao, you don't know, Mr. Fengtao..."

However, Zhan Chao interrupted him before he finished speaking.

"Hongshang, you are also the master of a city anyway. How could you let an outsider get involved in such a big event as the two armies are fighting?" Zhan Chao frowned, a little impatient: "Hurry up with me while you still have time. Let's retreat back to the city together."

Wow...

just after the voice fell, I heard footsteps coming from the woods under the hillside, and then I saw hundreds of thousands of coalition troops coming quickly, and in the blink of an eye The valley is surrounded.

Done!

Seeing this scene, Zhan Chao's face was pale, and he was furious.

There is no danger to defend this hillside, and now it is surrounded by enemy troops, and it is impossible to go down. This battle will definitely be lost.

At the same time, Hongshang also trembled with a delicate body, panicking in her heart.

Only Yue Feng looked calm.

Hahaha...

That's when the coalition forces at the foot of the mountain saw the situation on the hillside and burst into laughter.

Immediately afterwards, the commander of the coalition, Ren Guang, shouted at Zhan Chao and Hongshang on the mountain: "You guys are very fast, I didn't expect that the reinforcements from Qingmu City would arrive one step ahead of us, but you only have this amount of troops to gather here. Are you going to break up our formation on the hillside? Haha..."

In the geographical environment of Tianzhao City, defending and fighting is the best choice, but the two city lords, Hongshang and Zhan Chao, actually stationed troops on the hillside, Simply ridiculous.

Boom.. The

voice fell, and the surrounding hundreds of thousands of coalition soldiers burst into laughter again.

Mad!

Hearing Ren Guang's mockery, Zhan Chao's face was extremely stern.

At the same time, he didn't forget to give Yue Feng a stern look. It was this kid. If he hadn't made up his mind, he and Hong Chang would not have been so passive.

Hongshang next to her also frowned, secretly anxious.

"Don't be in a hurry!"

At this moment, Yue Feng smiled slightly, and said to Hong Shang: "You call the enemy commander now and tell him that the decisive battle tomorrow morning!"

When he said this, Yue Feng had a light expression on his face. Yun Dan, very confident.

What?

Hearing this, Hongshang, Zhan Chao, and the surrounding soldiers were all stunned.

They are all surrounded by the mountain, the crisis is extremely high, you have to take the initiative to fight the opponent, isn't this courting death?

"Shut up!" Zhan Chao couldn't help but yelled at Yue Feng: "It was you who made up your mind and caused us to fall into such a situation. I tell you, if this battle is lost, I will kill you first!"

Facing Zhan Chao's anger, Yue Feng chuckled lightly: "How do you expect this battle to be lost?"

Seeing that the atmosphere was getting more and more stiff, Hong Shang hurried to smooth things out: "Zhan Chao, calm down first!"

After speaking, Hong Shang rushed Yue Feng asked, "Mr. Fengtao, what are your plans?" Hongshang was very flustered at this time, but she believed that Yue Feng must have his reasons for doing this.

After all, even Mr. Fu Zheng from Guangwu Academy admired him.

call!

Chapter 3355

Yue Feng breathed a sigh of relief, looked around the hillside and said: "I said that the decisive battle tomorrow is just a tactic to delay the troops. In fact, we don't have to fight with them at all. Before dawn tomorrow, the opponent will lose."

What?

Hearing this, both Hong Chang and Zhan Chao were stunned.

Without confrontation, the opponent can be defeated?

How is this possible?

"Haha!"

Zhan Chao quickly reacted, unable to hide his contempt: "Okay, don't talk nonsense here, I don't think you understand anything." After speaking

, Zhan Chao tilted his head and looked at Hong Chang: "The most important thing for us now is to wait until it gets dark, find a way to break through and go back to defend Tianzhao City."

Hong Chang bit her lip tightly, not knowing what to do for a while.

At this time, Yue Feng pointed to the distance and said slowly: "Look, the movement of the mountains in the distance, combined with the river in the distance, does not look like a bow?"

Huh?

Hearing this, Hongshang and Zhan Chao followed his gaze, and sure enough, they saw that the river not far away was meandering, indeed like the back of a bow.

But, what does this have to do with the war at hand?

Yue Feng said again: "Look again, the position pointed by this big bow and feather arrow is exactly at the foot of this hillside. This is called anti-bow water in Feng Shui. Bad!"

Whoops!

Hearing this, everyone around was in an uproar.

Zhan Chao couldn't bear it anymore, and shouted angrily, "Boy, what nonsense are you talking about? What are you talking about? I think you are a liar!"

In Roland Continent, there is no such thing as Feng Shui, so in Zhan Chao's eyes, Yue Feng is a complete fabrication and confuses people.

Yue Feng ignored Zhan Chao's shouting, but tilted his head and smiled at Hong Shang: "Trust me, message the enemy, and agree to a decisive battle tomorrow morning. We only need to wait one night and wait for work."

Hong Shang hesitated. , then nodded: "Okay."

As soon as he finished speaking, Zhan Chao interrupted loudly: "Hongshang, do you still believe his nonsense?"

In an instant, the surrounding soldiers also agreed.

"That's right, I've never heard of it!"

"I think this person is deliberately making up reasons, even if it's getting dark, so he's looking for a chance to escape!"

"Yes, this person must not be trusted!"

Listening to the crowd Yue Feng frowned secretly.

Nima, they have already said it so clearly, yet they still don't believe it. But then again, there is no feng shui statement in Roland Continent, and it is really difficult to convince them.

At this time, Hongshang reacted and said to Zhan Chao: "Zhan Chao, no matter what Mr. Fengtao said is feasible or not, we have no other way now, and we can delay the time by agreeing with the enemy for a decisive battle tomorrow!"

" At this point, Zhan Chao didn't say anything, but still stared at Yue Feng fiercely.

"Ren Guang!" The

next second, Hongshang shouted at the foot of the mountain: "Tomorrow morning, let's have a decisive battle, how about it?"

At this time, Ren Guang was deploying soldiers to form a formation under the hillside, ready to take Hongshang and Zhan Chao. The tens of thousands of soldiers were trapped on it.

What? Is she going to fight tomorrow?

At this moment, when he heard Hongshang's shouting, Ren Guang was stunned for a moment, and then he couldn't help laughing.

This city owner of Tianzhao City is really interesting. He has already been trapped on the hillside by me, and he still has the courage to agree to a decisive battle tomorrow morning.

While feeling ridiculous, Ren Guang shouted at Hong Shang: "Okay, let's have a decisive battle tomorrow morning, but I remind you, if you want to delay the time and break through the siege at night, you should give up your thoughts."

As the commander-in-chief, Ren Guang Not stupid, guessing that Hongshang is delaying time by doing this.

But Ren Guang was not afraid, because this hillside had already been besieged by himself, not even a mouse could escape, let alone tens of thousands of soldiers.

The ultimate husband in Chinese chapter 3356-3360

Chapter 3356

"Red dress!"

Seeing this situation, Zhan Chao was anxious and angry: "You really listen to him, I'm afraid we will all be annihilated on this hillside until tomorrow morning! The most important thing now is , is to find a way to break through, not to listen to his nonsense."

Hearing this, Yue Feng frowned and couldn't help it.

Nima, this Zhan Chao has a sick mind.

However, Yue Feng was too lazy to explain, and said lightly to Zhan Chao: "I have said everything I should say, believe it or not, if you really want to break through the encirclement, you can try! Remind you."

Hehe...

this kid is still pretending to be with me?

Hearing this, Zhan Chao laughed dumbly, his face full of disdain: "Boy, do you know who you are talking to? When it comes to wars, our military has a lot of merit, how about you?"

Yue Feng showed a smile: "As a commander, you are so impetuous, I don't think your ability to fight is very good!"

Mad!

Zhan Chao suddenly became angry, and shouted angrily: "What did you say?"

How can he bear the contempt of this guy who has no status and no status?

In anger, Zhan Chao was about to rush to Yue Feng, but was stopped by Hong Chang.

Zhan Chao almost exploded with anger: "Hongshang, this guy is a liar, why are you protecting him?"

Phew!

This chapter is provided by . Visit for daily update.

Hongshang breathed a sigh of relief, and her delicate face was full of helplessness: "Zhan Chao, it's not that I have to protect him, I just want you to calm down, the enemy army has already formed a formation at the foot of the mountain, you will break through rashly and you will be damaged. I think it is better to listen to Mr. Fengtao's opinion."

"Listen to him? You're crazy..."

At this time, Yue Feng didn't bother to talk too much, walked to a flat grass in the distance, and lay down leisurely.

The opponent's commander, Ren Guang, has promised to fight tomorrow morning. As the commander, he will promise a lot of money, so he doesn't have to worry about the opponent attacking in the dark, so he just needs to wait.

And Hongshang and Zhan Chao are still arguing.

Finally, Hongshang couldn't beat Zhan Chao, stomped her feet, and walked towards Yue Feng.

"Mr. Feng Tao!"

When he got to the front, Hongshang was very anxious: "Zhan Chao has to break through, and now he is selecting the vanguard, what should I do?"

Yue Feng lay there leisurely and smiled slightly: "He doesn't believe in evil, let him try. After trying it, he will be honest when he suffers a loss." The opponent's army of hundreds of thousands is guarding below, unless this Zhan Chao can fly, he will never break through.

While speaking, Yue Feng couldn't help admiring Hongshang.

I have to say that this red dress is really very temperamental. At this time, wearing a gorgeous robe, the temperament is indescribably charming, and from the angle of Yue Feng at this time, you can just see that charming curve... I

feel Yue Feng's eyes, Hong Chang's delicate face, suddenly turned red.

A few seconds later, Hongshang reacted and said, "But..."

Yue Feng interrupted her before she finished speaking.

"Okay, since you can't stop it, why don't you learn from me, take a good rest while it's still early, and recharge your batteries!" Yue Feng said with a smile, and raised Erlang's legs at the same time!

At this time, Zhan Chao, who was not far away, had already selected hundreds of vanguards, and when night fell, they dived down the hillside and prepared to break through.

However, before reaching the foot of the mountain, he was discovered by the enemy.

"Tsk tsk..."

At this moment, Ren Guang's ridicule resounded throughout the hillside: "Isn't this Zhan Chao? With so few people, just want to break through? I think you don't have to wait until tomorrow morning, just surrender now. Haha..."

Mad!

Zhan Chao was very annoyed that he failed to break through the siege, and returned to the hillside in dismay with hundreds of soldiers.

Haha...

Seeing this scene, Yue Feng couldn't help laughing.

This idiot had already warned him, but he didn't listen.

Hongshang next to her frowned, looking at Yue Feng with a strange look.

Chapter 3357

Who is this Fengtao? In the face of such a difficult situation, you can still be calm and calm.

Unable to break through, Zhan Chao was very irritable. Seeing that the night was getting darker and tens of thousands of soldiers were trapped on it, Zhan Chao was very anxious.

Several hours passed in a blink of an eye.

Seeing that there was no movement at the foot of the mountain, Zhan Chao finally couldn't bear it anymore. He took out his big sword and pointed at Yue Feng: "Boy, it's all you, we're in such a desperate situation, let's die!

"It was dawn in more than an hour, and by then, tens of thousands of soldiers would be wiped out.

At this time, Zhan Chao, in anger, just wanted to kill Yue Feng.

idiot!

Seeing Zhan Chao coming with the big sword in his hand, Yue Feng didn't panic at all!

Hongshang hurried over to stop him: "Zhan Chao, don't be impulsive, Mr. Feng Tao is Abel's friend."

"What about Abel's friend? I have to kill him."

Rumble!

Just when Zhan Chao and Hong Shang were arguing, suddenly, a deafening loud noise was heard in the distance.

In an instant, both Zhan Chao, Hongshang and the surrounding soldiers were all shocked.

Immediately afterwards, everyone hurried to look over, and when they saw it, they were all stunned.

I saw that the river bank a few hundred meters away suddenly burst open, and the rushing river water poured down the hillside in an instant. In an instant, the formation of the enemy army below was in chaos!

This...

Seeing this scene, Hongshang's delicate body trembled, shocked!

Did he get it right? ! It's really not good to have troops below.

What Feng Shui he said before is too amazing.

call!

At the same time, Zhan Chao and the surrounding soldiers couldn't help gasping for air.

I saw that in the blink of an eye, the hillside became a vast ocean, and many enemy soldiers were swept away by the flood, and the screams, mixed with the surging river, resounded through the world.

This wind wave is really right. Before dawn, without fighting, the opponent will be defeated.

But...that's too incredible.

right!

This guy is just lucky, the blind cat broke the dead mouse, and the nonsense is right.

Any feng shui is made up.

Thinking to himself, Zhan Chao reacted from the shock and turned his head to look at Yue Feng, his eyes full of contempt.

Ten minutes later, the river receded, and the hillside was in a mess.

It was seen that the hundreds of thousands of coalition forces led by Ren Guang were swept away by the river in the face of the sudden natural disaster.

Great!

Seeing this situation, Hong Shang was indescribably excited and happy, and looked at Yue Feng's eyes with deep admiration.

This Mr. Fengtao is really amazing.

At this time, Yue Feng showed a smile and said to Hong Shang: "The enemy has been scattered, and now is the time to counterattack! Quickly give an order."

Hearing this, Hong Shang did not hesitate at all, and snorted: "Soldier We obey orders and fight back in an all-round way!"

"Kill..."

Hearing the order, the surrounding tens of thousands of soldiers rushed down the hillside, all with imposing manners.

At this time, the coalition forces were all mired in the quagmire, and they had not yet reacted. At this time, facing Hongshang's counterattack, none of them had the strength to fight back, and they screamed and fell into a pool of blood.

Mad!

Seeing the coalition soldiers fall one by one, Ren Guang, who had just recovered from his recovery, his eyes were extremely bloody, his body was trembling, and his heart was even more angry!

Chapter 3358

"Break through, all break through..." A roar came from Ren Guang's mouth, revealing deep unwillingness!

I thought that trapping the other party on the hillside this time, I could easily capture Tianzhao City, but I never thought that the river bank not far away suddenly burst open, and hundreds of thousands of troops were flooded.

At this time, Ren Guang wanted to fight Hong Chang head-on, but the coalition soldiers had lost their morale, and even their formations were scattered. Forcing a battle would cost even more.

Whoa!

The voice fell, and many coalition soldiers turned around and ran. In an instant, he escaped cleanly, very embarrassed.

wow.

At this moment, whether it was the people in the red dress or the people in Tianzhao City not far away, they all cheered.

Hundreds of thousands of coalition troops were defeated like this!

If you hadn't seen it with your own eyes, who would have believed it?

This is God helping Tianzhao City, otherwise, the river bank is so good, how can it collapse?

While everyone cheered, no one cared about Yue Feng. After all, what Yue Feng said about Feng Shui seemed like a fantasy and could not exist at all.

Hongshang, however, looked at Yue Feng closely, with deep shock and admiration in her eyes.

Others don't understand it, but Hongshang knows that this time the enemy can be defeated, and it is entirely up to him to strategize.

"Mr. Fengtao!"

Under the excitement, Hongshang smiled lightly, and said to Yue Feng: "This time, I can defend Tianzhao City, sir, and when Abel comes back, I will let him report to the king, be good. Give you some rewards."

Hearing this, Yue Feng smiled.

Helping Hongshang to guard Tianzhao City this time, she didn't want to see the people suffer, and never thought of any reward.

"Hongshang!"

However, at this time, Zhan Chao was a little unhappy, and frowned: "This time we can defeat the enemy, relying on God to help us, what does it have to do with him, do you really believe what Feng Shui he said? ?"

Zhan Chao couldn't tell the disgust in his heart when he saw that Hongshang respected Yue Feng so much.

He was just a nobody, how could He Dehe get such an honor?

"You..."

Hong Chang stomped her feet angrily, but didn't know how to refute.

Although Hongshang believed Yue Feng's feng shui, he didn't understand it very well, so he couldn't argue with Zhan Chao.

"Okay!"

At this time, Yue Feng smiled at Hong Shang: "Don't argue with him, since the city owner Zhan Chao doesn't believe it, I won't force it. Anyway, Tianzhao City has been saved for the time being!"

Yue Feng slowly descended the mountain and walked towards the city.

Hong Chang hummed and quickly followed.

.....

On the other side, Storm City.

In the command camp in the city, Miao Ying sat there with a bit of sadness on her delicate face.

After so long, there has been no news of Yue Feng. Could it be that he didn't come to this world?

"The enemy army is coming!"

"A lot!"

Just when Miaoying was worried, she suddenly heard chaos outside the city, and the soldiers guarding the city gate exclaimed in surprise.

Um?

Hearing the movement outside, Miao Ying frowned, and quickly walked out.

Arriving at the city gate, seeing the scene outside, Miao Ying's delicate body was shocked, and she was stunned!

I saw that hundreds of thousands of coalition troops came in like a tide and surrounded the entire Storm City. The one headed, dressed in black armor, is majestic.

It was the commander-in-chief of the coalition forces on this road, Tian Yi.

There are so many people!

Miao Ying bit her lip lightly, shocked.

Half a day ago, Miaoying received a secret letter from Abel, saying that the five principalities had formed a coalition and might help the Crescent Principality to retake Tianzhao City.

Chapter 3359

Wow!

As soon as Miao Ying appeared, the defenders of the entire Storm City immediately cheered.

"The goddess has come out!"

"With the goddess here, no matter how many troops the enemy has, don't even think about taking back Storm City."

"Not bad!"

In the eyes of the Storm City defenders, Miaoying appeared as if she had eaten one. Peace of mind.

This...

At the same time, the hundreds of thousands of coalition troops outside the city were also stunned when they saw Miao Ying.

Beautiful, so beautiful.

And the strength is unfathomable, too strong.

At the same time as the shock, the hundreds of thousands of coalition troops lost their morale one by one. With the goddess of light stationed here, can this storm city be attacked?

“Respected Highness Goddess of Light!”

Finally, Tian Yi, the commander of the coalition forces, reacted, took a deep breath, and said politely to Miaoying: “You are admired by all people, why do you want to help the Principality of Zuri and start a war?”

When he said this, Tian Yi’s face was serious, and his tone was indescribably respectful.

Seriously, as the commander-in-chief of the coalition forces, Tian Yi holds his own identity and doesn’t want to be so humble, but he can’t help it. The goddess of light is in front of him, do you dare to be disrespectful?

At this time, Tian Yi didn’t know that the goddess of light in front of him was fake.

Swish!

At this moment, whether it was the hundreds of thousands of coalition troops or the defenders in Storm City, all eyes were on Miao Ying to see how she answered.

“No reason!” Miao Ying’s red lips parted lightly, and she spit out a few words without the slightest emotional fluctuation.

She just wanted to find Yue Feng. As for the fake goddess of light, it was just an agreement with the king of Zuri Principality. Therefore, she was too lazy to think about why she wanted to start a war, nor did she want to think about it.

This... The

voice fell, and the hundreds of thousands of coalition troops suddenly burst into an uproar.

This answer is too casual. As a goddess, you should treat the six major duchies fairly and justly, but her answer is obviously partial to the Sunrise Duchy.

Tian Yi also blushed, unable to express the embarrassment.

In the next second, Tian Yi smiled wryly: "So, Her Royal Highness the Goddess must help the Principality of Zuri, even if she was criticized by the world, she insisted on doing so?"

"Not bad!"

Miaoying was too lazy to talk nonsense, and looked around the city Outside, he said lightly: "With me here, if you can't break through Storm City, you should retreat as soon as possible."

Phew!

At this moment, Tian Yi's face turned blue and white, and he couldn't say how to hold back his fire.

The commander-in-chief of the dignified hundreds of thousands of coalition forces, shouldering the heavy trust of the five principalities, and has already surrounded Storm City with a large army.

In the next second, Tian Yi's eyes became firm: "Since His Highness the Goddess insists on doing this, then don't blame us." The

voice fell, and Tian Yi raised his hand and waved: "The whole army obeys the order and can attack the city!" The goddess of light, so partial to the Principality of the Sun, there is no need to respect it.

Whoa!

Hearing the order, hundreds of thousands of coalition troops burst into howls and launched a siege battle.

At the same time, Tian Yi drew out his big sword and rushed towards Miao Ying directly.

Seeing Tian Yi rushing in, Miao Ying did not panic at all, and said lightly: "You are not my opponent, don't be brave!"

Om!

The voice fell, and a powerful aura erupted from Miaoying's body. In an instant, the surrounding air seemed to be stagnant!

Unfathomable and powerful coercion, suppressing people panic!

The next second, Miao Ying slowly raised her jade hand and called Tian Yi with a palm!

What a great speed!

Feeling the powerful pressure, Tian Yi was shocked.

At this time, Tian Yi clearly felt that the palm sent by Miao Ying seemed to be fluttering gently and slowly, but it came to him in the blink of an eye.

Chapter 3360

At this moment, Tian Yi didn't have time to dodge, and quickly put the big sword in front of him.

Bang!

In the next second, the palm force slammed on Fang Tianhua halberd. Tian Yi only felt an overwhelming force, and the whole person was shocked and flew out. After landing, he retreated a few dozen meters before he stabilized. live figure.

too strong!

As expected of the goddess of light, it's just an understatement, and I can't handle it myself.

At the same time, the hundreds of thousands of coalition troops were also shocked.

"I said, you are not my opponent!" Miao Ying floated in mid-air, looking at Tian Yi and said softly, "Give it up!"

Miao Ying is kind-hearted and doesn't want to kill anyone, so the palm of her hand just now If he didn't do his best, otherwise, Tian Yi would be dead.

call!

Hearing this, Tian Yi gritted his teeth secretly, his face extremely ugly.

How to do? Are you really going to withdraw?

Buzz buzzing...

Just when Tian Yi was in a dilemma, suddenly, there was a wave of powerful aura fluctuations in the sky not far away, and everyone quickly looked over, all of them were stupid.

I saw that twelve figures, like thunder and lightning, came quickly.

These twelve men, wearing uniform golden armor, shone brightly in the sun, like gods descending to earth.

It is the twelve holy knights of the Temple of Light.

Hiss...

At this moment, feeling the strength of the Twelve Paladins, everyone couldn't help but gasp.

It turned out...it was the power of the Holy Spirit.

"This... this is the Twelve Holy Knights of the Temple of Light?"

Finally, someone exclaimed in surprise. All of a sudden, everyone in the room was shocked, and their eyes converged on the Twelve Holy Knights. , speechless for a long time!

In the entire Roland Continent, no one does not know that the Goddess of Light lives in the Temple of Light, and there are twelve Paladins under her command. These twelve Paladins are very terrifying, but for thousands of years, very few of them have been in the world. appear in front of you.

At this time, these twelve Paladins appeared together, which was really shocking.

However, the goddess of light is all here, and it is normal for the twelve paladins to appear.

At this time, everyone thought that the twelve holy knights were summoned by Miao Ying.

Whoa!

For a time, the defenders in Storm City were indescribably excited.

"Haha, the Twelve Paladins are here. Now there will be hundreds of thousands of people from the five principalities." "

Yeah..."

“Long live the goddess, long live the Twelve Paladins.”

The guards couldn't help but cheer loudly.

The hundreds of thousands of coalition troops outside the city were inexplicably panicked, and their hearts sank to the bottom of the valley.

The Twelve Paladins are here, how can we fight this battle?

Oops!

As for Miao Ying, who was suspended in mid-air, her brows were furrowed. She looked at the twelve Holy Knights who were approaching quickly, and she felt inexplicably nervous in her heart.

Are the twelve holy knights from the Temple of Light? It seems that his fake identity can't be concealed.

At this time, the twelve holy knights came to the front, and the golden lion, headed by him, stared at Miao Ying, and said coldly, “You are very courageous, you dare to pretend to be the goddess!”

When he said this, the golden lion couldn't hide his inner anger. .

The goddess of light has a noble status and cannot be profaned, and the woman in front of her, who dares to fake it, deserves death.

However, at the same time as he was furious, seeing Miaoying's celestial face, the golden lion was also a little stunned for a while.

What a nice view!

The ultimate husband in Chinese chapter 3361-3365

Chapter 3361

Moreover, this temperament is comparable to that of a goddess.

What?

Is this goddess of light fake?

Hearing this, both Tian Yi and the soldiers on both sides changed their expressions.

She originally thought that these twelve holy knights were specially summoned to guard Storm City, but she never expected that the situation had changed so people were caught off guard. This goddess of light turned out to be a fake.

In this way, the Twelve Paladins and her are enemies, which is too beneficial for him.

Thinking about it, Tian Yi was inexplicably excited.

“Speak!” At this moment, the golden lion glared at Miao Ying, no doubt: “Who the hell are you? Why are you pretending to be the goddess?”

“I will pretend to be whoever I like.” Miao Ying said lightly, “You don’t care. !”

Now that her identity was revealed, Miaoying was too lazy to hide it.

Swish!

Hearing this, the golden lion was furious, and said coldly: “Okay, very good, since that’s the case, you can just go ahead and capture it!” The voice fell, and the golden lion burst into holy power. In an instant, a terrifying aura formed around him. storm.

In the next second, the golden lion clenched his fists like a cannonball and came directly towards Miaoying.

The golden lion was so fast that Miaoying couldn’t dodge it, but she didn’t panic at all, and fluttered her palm to greet him.

boom!

This chapter is provided by . Visit [for](#) daily update.

The fist and the palm touched, and a dull vibration was heard, and the surrounding air was stagnant. At this moment, the golden lion trembled, and the volley was shaken back more than 100 meters.

As for Miao Ying, her delicate body swayed slightly.

Obviously, in the fight just now, Miao Ying had the upper hand.

Although the golden lion is the strength of the Holy Spirit, Miaoying is the body of the fairy, gathering the spiritual energy between heaven and earth, of course, the golden lion is not her opponent.

So strong!

At this moment, Jin Shi only felt that his heart was stuffy. After stabilizing his figure, he looked at Miao Ying in shock and anger, and his face was full of incredible!

This... This woman is so powerful.

call!

Seeing this scene, everyone below was dumbfounded.

This fake goddess of light is so powerful that the Paladins are not her opponents?

At the same time, the remaining eleven paladins also frowned secretly and looked solemn.

“Goddess of Light’s subordinates are not very strong.” Miao Ying was suspended in mid-air, smiled lightly, and said softly.

To be honest, Miao Ying has a kind heart and would not mock her at all, but she was affected by Yue Feng for so long before.

hateful!

The golden lion’s face turned red, and it was unspeakably ugly. With so many people present, he was so despised by this woman, where would he put his face?

The next second, the golden lion was too lazy to talk nonsense, so he flew up and charged towards Miaoying again!

“Golden Lion, let’s deal with her together.”

The other eleven holy knights spoke, and then rushed over quickly, and saw a golden figure flickering, quickly surrounding Miaoying.

Seeing the twelve Paladins attacking together, Miao Ying did not dare to despise her, she bit her lip tightly and said, “Do you want to come together? Very good!”

The voice fell, and a terrifying aura erupted from Miao Ying's body, and for a moment, the surrounding air seemed to stagnate. Immediately, they fought fiercely with the Twelve Paladins.

call!

Seeing the fierce battle in front of him, everyone below was stunned.

Just saw Miao Ying and the Twelve Paladins, the figures constantly shuttled in the air, causing the sky to be turbulent, like the end of the world, which was very shocking.

And many men are even more feasted!

Miao Ying's face is exquisite, and her figure is even more perfect. At this time, she is fighting fiercely with the twelve holy knights in mid-air. The charming curves are disappearing and appearing from time to time, and many of the men below have their eyes straight.

Chapter 3362 In the

blink of an eye, half an hour has passed, the Twelve Paladins still haven't defeated Miao Ying, and Miao Ying has never been able to break out of their siege.

At first, with her light and quick movement, Miao Ying was able to deal with it calmly, but gradually she became unstoppable. Her delicate face was pale.

To be honest, if they were to fight alone, none of the twelve holy knights could be Miao Ying's opponents, but they could unite with amazing power.

boom!

Finally, taking advantage of Miao Ying's inattention, the golden lion rushed over from the back and slapped her on the shoulder.

After landing, Miao Ying hadn't stabilized her figure yet, and the remaining eleven holy knights had already surrounded her and tied Miao Ying with five flowers.

call!

Seeing this scene, the defenders in Storm City were all shocked.

After Miaoying was arrested, how could the tens of thousands of troops in the city stop the hundreds of thousands of coalition troops?

The hundreds of thousands of coalition troops outside the city were extremely excited.

Especially Tian Yi, indescribably excited and excited.

At this moment, the golden lion slowly walked over and said to Tian Yi, "You are the commander of the coalition forces. This woman is pretending to be the goddess of light. She has done a lot of crimes. Now I will leave it to you!

"Lina specifically explained that if she finds a woman who is impersonating herself, she will deal with it on the spot, and there is no need to bring it back to the Temple of Light.

Now that Miao Ying was captured, Golden Lion wanted to kill him on the spot, but so many people around him watched, considering his identity and the prestige of the Temple of Light, Golden Lion held back and decided to hand it over to Tian Yi.

"Understood, Lord Paladin!" Tian Yi was stunned and nodded quickly.

The golden lion stopped talking nonsense, and after explaining a few more words, he took the other paladins and left quickly.

"Here!"

Tian Yi directed at the men beside him as soon as his forefoot left. "Immediately lock up this woman, and the others, follow me to attack the city!" The

voice fell, and several soldiers came over and tied the five-flowered Miao. Ying took it down.

Whoa!

At the same time, hundreds of thousands of coalition troops, led by Tian Yi, attacked Storm City like a tidal wave.

"Withdraw... Let's get out, get out..."

Seeing this scene, the defenders in Storm City were terrified one by one. Then, I don't know who shouted. Abandoned the city and fled, full of fear!

No one is stupid, everyone has seen it, Miaoying was arrested, this battle can't be fought, even if Miaoying is a fake goddess of light, but her strength is unfathomable, and even she has been arrested, how can this battle be beat? !

.....

the other side!

Abel was very happy when he learned that Yue Feng had devised a strategy, repelled hundreds of thousands of coalition forces, and once again defended Tianzhao City, so he took Yue Feng to Wangcheng to meet the king.

Along with them, there are Hongshang and Zhan Chao.

At this moment, the luxurious and elegant palace of the King City was filled with a joyful atmosphere.

The king sat there, smiling.

Abel, Zhan Chao, Hongshang, and other city lords sat down one by one, looking happy.

Since the start of the war, the Principality of Day by Day has been victorious, can you not be happy?

At this time, everyone did not know that the Storm City occupied a few days ago had been breached by another coalition of the five major duchies. Not only that, Miao Ying's false identity was revealed and she was arrested.

Facing the pleasant atmosphere in front of him, Yue Feng sat there with a calm expression on his face.

“Your Majesty!”

At this time, Abel stood up and said politely to the king, “It was all thanks to this Mr. Fengtao that he was able to defend Tianzhao City.” He pointed at Yue Feng next to him.

Swish!

Chapter 3363 The

voice fell, and the eyes of the king and other city lords all converged on Yue Feng.

This person dressed in ordinary clothes, what ability does he have to defend Tianzhao City twice in a row?

However, at this moment, Zhan Chao stood up and said disapprovingly: “Abel, I think you are flattering this wind wave. Tianzhao City avoided the war twice, and this wind wave did participate, but you said it was all about him. The credit is a bit exaggerated.”

After speaking, Zhan Chao explained the situation in detail.

At the same time, looking at Yue Feng's eyes, is also full of disdain and contempt.

This guy is just lucky, what credit can he have?

Whoa!

Knowing the details, whether it was the king or others, there was an uproar.

With the strength of the Holy King, this person killed the gentleman with the strength of the Holy Venerable?

Moreover, they also advocated that troops should be stationed on the hillside, and they defeated hundreds of thousands of coalition troops with ease... huh

!

Feeling the eyes of everyone, Yue Feng smiled slightly and said to the king: "Your Majesty, the city lord Zhan Chao is right, Tianzhao City can avoid the war twice, thanks to the efforts of Tianzhao City's soldiers, and I, it's just luck."

Yue Feng didn't think about any reward, so he didn't bother to explain.

After all, Feng Shui is difficult to explain to these people.

"Sir..."

At this moment, Abel was a little anxious, and was very upset for Yue Feng. But as soon as he said two words, he was interrupted by Yue Feng with his eyes.

"Ha ha!"

Finally, the king reacted, looked at Yue Feng with a smile, nodded and said, "No matter what the truth is, Tianzhao City can be saved, you have no credit, but also hard work!"
To

be honest, the king couldn't see what Yue Feng had. What's special, but he trusts Abel very much. Since he is a talent recommended by Abel, he can never be wrong.

After speaking, the king said to the maid next to him: "Give Mr. Fengtao a glass of wine!"

"Yes, Your Majesty." The

maid hurried over and poured a glass of wine for Yue Feng.

"Now that we are in the Principality of Sunrise, to complete the great cause of unification, it is the time to employ people." The king looked at Yue Feng with a smile, and said slowly: "And Abel also respects you very much. I announce that from now on, I will seal you. For the Duke."

Whoops!

In an instant, there was an uproar in the hall.

Abel and Hongshang both showed smiles, very happy for Yue Feng!

On the other hand, Zhan Chao and the other city lords were shocked and looked at Yue Feng with even more hostility.

It is a great favor for a commoner to be able to drink with the king in the hall.

And now, the king has given him the title of duke.

This kid, how can He De He Neng?

If you were someone else, you would be overjoyed to get such a reward.

However, Yue Feng was indifferent and smiled at the king: "Thank you, Your Majesty!" To be honest, Yue Feng didn't want to be a duke, but the king had already spoken. If he refused, it would be too shameful.

What?

Hearing Yue Feng's response, Zhan Chao and several city lords were startled, and they were all shocked and angry.

This wind wave is so rude.

His Majesty sealed the duke, but he didn't even know how to kneel down to thank him, and just sit there motionless, how unruly!

At this time, the king also frowned secretly, but he was in a good mood today, so he didn't care about Yue Feng.

Chapter 3364

"Everyone!"

At this time, the king looked around and said with a slight smile: "During this period of time, we have reported many successes in the Principality day by day. Today, let's celebrate."

With that, the king raised his glass.

For a time, all the city lords also raised their glasses one after another.

“Your Majesty!” At this time, Zhan Chao stood

up and smiled at the king: “I am so happy today, why not let Tomita paint a song to enhance the wine, how about it?”

Tomita.

Futian is the lord of Lingyun City, and a famous painter in Zuri Principality, and he has a good relationship with Zhan Chao.

Swish!

The voice fell, and the eyes of other city lords also converged on Futian, and they all echoed and applauded.

“That’s right, Tomita came to do a painting.”

“I haven’t seen Tomita painting for a long time...”

“Today is a rare opportunity!”

With the support of everyone, Tomita slowly stood up and smiled at the king: “Since everyone’s interest is so high, then I’ll do a painting on the spot!”

“Okay!” The

king smiled and nodded, and then ordered someone to prepare the case, as well as pen, ink and paper. As you can see, the pen is a beautiful quill, and there is no brush in this Roland Continent.

painting?

At this moment, Yue Feng’s heart moved, and he also became interested.

When he was still a young master in the Yue family, Yue Feng had studied Eastern and Western painting, which was considered to be somewhat accomplished. At this time, he really wanted to see the painting art of Roland Continent.

Soon, everything was ready, Tomita picked up the quill and began to draw seriously.

For a time, whether it was the king or the city lords like Zhan Chao, they all looked at them seriously, each with anticipation on their faces.

You must know that Tomita’s painting art is not only famous in the Principality of Zuri, but also has a certain influence in the entire Roland Continent. As long as the paintings he paints, they must be classics.

In contrast, Yue Feng had a leisurely look on his face.

A few minutes later, under the watchful eyes of everyone, Tomita finally drew a landscape map, and said to the king with a smile: "Your Majesty, this is a map of mountains and rivers I drew, which means that we can pass day by day and unify the continent and mountains and rivers as soon as possible. Forever!"

With that, Tomita raised the scroll for everyone around him to appreciate.

I can see that the mountains and rivers on the picture are majestic, the water is gurgling, and the far and near scenes are very cleverly outlined, which is a rare masterpiece.

Whoa!

In an instant, Zhan Chao and the other city lords stared at the scroll and couldn't help but admire.

"Good painting!"

"Mountains and rivers are forever, this means too good."

"As expected to be the number one painter in our Daily Principality, amazing..."

Under the admiration of the people around, the king nodded in approval, his eyes revealing Admiring it, he laughed and said, "Haha, well, this painting of Tomita is very good, it means that the mountains and rivers are forever, it is very appropriate, not bad."

Uh!

Seeing this scene, Yue Feng couldn't help but burst into laughter.

What the hell, just this kind of painter can also be called a masterpiece? In the Kyushu mainland, this is at most the level of a middle school art class!

"Shhh!"

The expression of Yue Feng, the people around didn't pay much attention, but Zhan Chao looked at him. In an instant, Zhan Chao's face was gloomy, and he couldn't suppress his inner anger.

"Fengtao!" In the

next second, Zhan Chao finally couldn't help it and shouted angrily at Yue Feng: "What are you laughing at? Do you even know how to paint?"

When the king named him a duke just now, Zhan Chao I was very upset, and at this time, when I saw Yue Feng laughing at my friend's words, I couldn't help it.

idiot!

In the face of Zhan Chao's anger, Yue Feng cursed secretly, then said with a smile: "If you can laugh, I can't laugh?"

When he said this, Yue Feng didn't care.

"you..."

Chapter 3365

Zhan Chao's face flushed, and he didn't know how to refute for a while.

At this time, the king looked at Yue Feng and couldn't help but said, "What? Mr. Feng Tao, do you also know how to paint?"

"A little!" Yue Feng nodded.

The king smiled slightly: "Then what do you think of Tomita's painting?" As he spoke, his eyes were full of anticipation.

Yue Feng stood up slowly, looked at Futian's landscape map, and said lightly: "The painter is fine, but the artistic conception is not enough. In general, it's just average!"

What?

generally?

Hearing this, no matter it was the king, everyone present was stunned.

This Feng Tao, with such a big tone, dares to comment on Tomita's paintings like this.

"It's really interesting!"

Finally, Zhan Chao reacted and glared at Yue Feng and said, "You seem to understand what you said, but what about the mood, do you know who he is? The Principality of Ziri, and even the entire Roland Continent, is the most influential. A powerful painter."

At the same time, the other city lords around couldn't help but criticize them one after another.

"Yes, don't pretend to understand!"

“I think this guy is really grandstanding.”

The most influential painter?

Hearing these words, Yue Feng smiled lightly, too lazy to explain.

At this time, Hongshang next to him was also a little anxious, and gently pulled Yue Feng: “Fengtao, don’t talk nonsense.”

Although this Fengtao does have many advantages, it cannot be commented in this way. Tomita’s painting.

Yue Feng smiled and signaled Hongshang not to be nervous.

“Fengtao!”

At this moment, Futian also reacted, looked at Yue Feng, and said slowly: “You said that my paintings are average, it seems that you are very accomplished in painting!”

Yue Fengrao He scratched his head, and said humbly, “I don’t dare to be good at it, that is, I just understand a little bit.”

Haha...

Hearing this, Zhan Chao and many people around couldn’t help but burst into laughter.

This guy, so soon coward?

At this time, Zhan Chao couldn’t hide his contempt, and sneered at Yue Feng: “I see you don’t understand anything. Since you don’t understand, don’t talk nonsense, so as not to be embarrassed!”

At the same time, several people around, also They all nodded.

“That’s it.... Don’t talk nonsense in the future!”

“I thought it was so powerful.”

“I think this person has just become a duke, and he is a little carried away...”

Listening to everyone’s words, Tomita showed a smile.

In the next second, Futian looked at Yue Feng with a generous face and said: “Okay, since you said that, I won’t care about you anymore. If you are interested in painting and want to learn painting in the future, I can teach you. !”

You teach me?

Hearing this, Yue Feng couldn't help laughing: "Futian, to be honest, your paintings are really average, so don't put on airs!"

Seriously, if Futian didn't say this, Yue Feng would also I won't be serious with him, but his high-spirited attitude makes Yue Feng very unhappy.

Swish!

Hearing this, Tomita's body froze there, his face extremely ugly.

Mad, this guy really doesn't know how to flatter.

At the same time, the entire hall also exploded.

"It's crazy..."

"This wind wave, I really don't know how to praise..."

Even Abel and Hong Chang's expressions changed, and they suddenly became anxious.

Soon, Tomita reacted and was about to explode with anger, and said coldly to Yue Feng: "Very good, very good, listen to you, your realm in painting is going to be higher than mine, in this case, Just ask you to draw a picture on the spot, and let me ask for advice!"

The ultimate husband in Chinese chapter 3366-3370

Chapter 3366 The

voice fell, and Zhan Chao next to him couldn't help shouting: "Yes, you are really capable, and you can draw a picture!"

At the same time, other people around were also booing!

"That's right, what's the use of being pretty? Show your real skills." "Yes, draw a picture on the spot!"

"Hehe, I don't think he has the guts."

Taking a deep breath, he said to Yue Feng: "Fengtao, since everyone has said so, you can also paint a picture. Let's take a look at your painting skills."

At this time, the king was also very curious. Is this Feng Tao really able to paint, or is he just bragging.

The voice fell, the king raised his hand, and immediately someone prepared new drawing paper on the drawing table.

Seeing this scene, Abel and Hong Chang were a little dumbfounded.

They also felt that Yue Feng was a little too flamboyant today. Although he is very strong and has a good ability to lead troops and fights, but... in terms of painting, is he good at it?

At this moment, Zhan Chao walked over slowly and smiled faintly at Yue Feng: "Fengtao, since you have studied painting so much, you should have a good foundation. Let us have a look."

Futian next to him, look In Yue Feng's eyes, anger flashed.

I don't know how high the sky is, the boy will teach you to be a good person later.

Swish!

At the same time, many of the surrounding city lords were also staring at Yue Feng, and their eyes were full of teasing and ridicule.

This chapter is provided by . Visit for daily update.

Dare to compare painting with Tomita, I don't know how high the sky is!

At this time, everyone expected that Yue Feng would not dare to paint on the spot, and even if he agreed, he would not be able to paint any good works.

“Okay.”

Under everyone’s attention, Yue Feng nodded with a smile, then walked to the painting table and moved his wrists: “Since everyone wants to see it, then I will paint one, I haven’t painted it for a long time. , I don’t want to take advantage of this, I’ll just do it!”

Yue Feng said it right, before in the Kyushu mainland, painting was not a brush, but a professional brush, and this feather pen was the first time I used it!

Haha..

when I heard this, there was laughter around!

This kid can really blow, no, no, he even said that the pen is not good at hand!

Yue Feng ignored everyone’s ridicule, his expression was indifferent, he picked up the quill, began to color paint, and then drew on the paper.

Yue Feng also painted a landscape.

At first, everyone around them was sarcastic and contemptuous, but gradually, when they saw Yue Feng’s paintings, after seeing the prototype for the first time, many people closed their mouths.

Um?

The same is true for Tomita. At first, he always had a contemptuous smile on his face. After Yue Feng finished painting, his expression suddenly became solemn, and deep in his heart, he was also a little surprised.

I saw the peaks in Yue Feng’s painting, although there are only a few strokes, but they are full of artistic conception.

This...

For a moment, Zhan Chao was shaking in his heart, staring at the painting blankly, unable to speak for a long time.

This person can really draw, and he has such a solid foundation.

At the same time, everyone around was dumbfounded.

The landscape in front of me is more than one level higher than Tomita's painting, whether it is artistic conception, charm, or skill.

How could this be?

This seemingly inconspicuous guy has such a strong foundation in painting?

call!

Looking at everyone's expressions, Yue Feng smiled, but secretly heaved a sigh of relief!

I haven't written for so many years, but I'm not ashamed at last!

Thinking to himself, Yue Feng looked around, and finally his eyes fell on Futian. He said with a smile: "Futian City Lord, this is my landscape map, how much do you think it is different from yours?"

"I... ."

Chapter 3367

Hearing this, Tomita's face flushed red, and he couldn't tell the embarrassment, and said ashamed: "Mr. Fengtao's painting art is indeed better than me, I am really convinced!"

Seriously, bowed his head to Yue Feng To admit defeat, Tomita was ten thousand reluctant in his heart.

But it is an indisputable fact that the landscape pictures drawn by others in public are indeed better than their own.

"Tomita..."

At this moment, Zhan Chao was in a hurry, but he couldn't go on with only two words.

I thought that taking this opportunity today would allow Tomita to suppress Fengtao well, but he did not expect that Tomita, who is the number one painter, would actually lose to Fengtao.

quiet!

At this moment, the entire hall was silent.

Everyone's eyes are focused on Yue Feng, including the king!

“Haha!”

At this time, the king recovered from his amazement, unable to hide his excitement, and laughed at Yue Feng: “Yes, yes, this painting by Feng Tao is a masterpiece among the best. Come here, hang the painting in the inner hall and keep it as a Chinese painting.”

“Yes!” A maid quickly responded, then carefully put the painting away and brought it into the inner hall.

Seeing this scene, everyone looked at Yue Feng’s eyes with deep envy.

In particular, Tomita has mixed feelings in his heart.

You must know that, as the first painter in the Principality of Zuri, Tomita has painted so many paintings, and there has never been a painting that was regarded as a Chinese painting by the king.

“Ha ha..”

At this time, Abel was so excited and excited that he patted Yue Feng’s shoulder and said, “I really didn’t expect that Mr. Fengtao has such high attainments in painting. I admire, admire.”

The Hongshang next to her, Even more delicate body trembled, looking at Yue Feng closely, indescribable admiration.

This man is so powerful, he can’t do anything.

“Come on!”

At this time, the king smiled and raised his cup: “We have another great painter in the Principality of the Sun. It is gratifying that we will not be drunk today.”

Hearing this, everyone in the hall raised their hands. Pick up the wine glass.

“Your Majesty!”

But at this moment, a messenger rushed in in a panic: “Your Majesty, it’s not good, Storm City was taken back by the coalition forces, and the Goddess of Light was also arrested!”

What?

Hearing this, whether it was the king or the people around, there was an uproar.

“Impossible!”

Abel was the first to react, frowning and said: "The goddess of light is unfathomable, who can catch her?"

The messenger was sweating profusely, and panicked: "Originally, there was a goddess in Storm City. , there is no danger, but the twelve Paladins suddenly appeared..." The

Twelve Paladins?

Hearing this, Abel was shocked, and suddenly understood something.

It's broken, Miao Ying's impersonation of the goddess of light has been exposed.

At this time, the king was also shocked and looked at Abel: "Oops, Miss Miaoying's identity has been revealed."

What?

Originally Yue Feng was very calm, but when he heard Miao Ying's name suddenly, the whole person was stunned.

.....

On the other side, Storm City.

The weather is not very good today, the sky is overcast and overcast.

At this time, a wooden high platform was built outside Storm City.

Around the high platform, hundreds of thousands of coalition troops were lined up neatly, and not far away, there were many people standing on their feet and watching.

Before, the twelve holy knights joined forces to capture Miaoying and handed her over to Tian Yi. After Tian Yi led the army to occupy Storm City, he immediately ordered people to build a high platform and publicly executed Miaoying.

Chapter 3368

Wow!

At this moment, along with the sound of iron chains, I saw several soldiers escorting Miaoying out and slowly ascended the high platform.

At this time, Miao Ying's delicate face showed a bit of indifference, and she was not nervous at all about being captured.

As a fairy born in the illusory realm, Miao Ying is not only kind-hearted, but also has a tough personality, and is not afraid of death at all. More importantly, Miao Ying firmly believes that if Yue Feng is on this road, if she knows the news, she will definitely come to save herself. of.

But... after searching for so long, there is no news of him!

Is he really in this Roland continent?

Thinking about it, not only a little sadness flashed in Miao Ying's eyes.

call!

Seeing this scene, the onlookers at the scene gathered their eyes on Miaoying, and there were many discussions, some with emotion, some with regret.

"Such a beautiful woman pretends to be the Goddess of Light!"

"Yeah, what a pity!"

"But I have to say, this woman is really strong. If the Twelve Paladins hadn't appeared in time, I'd be afraid of the hundreds of thousands of coalition forces. , it is very difficult to break through Storm City."

Under the discussion, many men's eyes could not help but look at Miao Ying, all eyes were straight.

At this time, Miao Ying, although she was bound with iron chains, still couldn't hide her charming temperament, with her delicate face and perfect curves, any man would be unable to extricate himself when he saw her.

Facing the strange gazes around her, Miao Ying didn't care at all, but quietly looked at the distant sky in a trance.

He is about to be executed, will Yue Feng appear?

If Yue Feng was not in this continent, he would die if he died. Anyway, without Yue Feng's company, it would be meaningless to live alone here.

"Everyone!"

At this moment, Tian Yi slowly walked towards the high platform, first glanced at Miao Ying, and then looked around the audience and said loudly: "This woman, pretending to be the goddess of light, is extremely sinful, today I, Tian Yi, have the honor to get the Twelve Saints The knight's order, deal with this woman! All the people present testify that I am not killing innocent people, but doing justice for the sky." The

voice fell, Tian Yi looked at the time and waved his hand: "The hour has come, prepare to execute!"

"!

The words fell, and two soldiers came over, holding hemp ropes in their hands, ready to hang Miaoying.

In Roland Continent, executions are rarely performed by beheading, but by hanging.

Seeing this scene, Miao Ying slowly closed her eyes, feeling despair in her heart.

Yue Feng, I hope you are still alive now.

And I can't accompany you from now on.

call!

At this moment, the people watching from a distance, seeing the scene in front of them, all looked complicated.

Speaking of which, many people felt that it was a pity to hang Miao Ying, but none of them came out to beg for mercy. You must know that the Goddess of Light is the god of justice that the people of the entire Roland Continent believe in. She is a spiritual sustenance, and this woman faked the Goddess of Light. It is blaspheming the beliefs of the entire Roland Continent.

In this case, no one sympathized with Miaoying.

"Execution!" Tian Yi's eyes were cold, and he said coldly!

The voice fell, and the two soldiers tied the rope to Miaoying's jade neck.

hum!

However, at this critical moment, suddenly, in the sky not far away, a fiery red figure came quickly, like a shooting star.

At the same time, a very strong aura surged towards the high platform.

Dengdengdeng... Under

the impact of the aura fluctuation, whether it was Tian Yi or a few soldiers on the high platform, their bodies trembled, and they took a dozen steps back before they stabilized their figure!

Tian Yi was shocked and angry: "Who is making trouble?"

While shouting angrily, his eyes turned to the fiery red figure.

At the same time, the eyes of everyone present also converged.

Chapter 3369

Hiss!

What a beautiful woman.

At this moment, seeing the face of the other party clearly, whether it was Tian Yi or the others around, were all stunned, and at the same time he secretly took a breath of cold air.

I saw that it was a woman who was wearing a long red dress. She was astonishing, with a compact body and charming facial features, but her whole body was filled with a coldness that could not be blasphemed.

It is Yanhong!

Since Yue Feng left Pearl City, Yanhong has been following him. Half a day ago, while passing through Storm City, she learned that a woman had been caught pretending to be the Goddess of Light. Yanhong didn't care at the time, and later learned about this. The woman who pretended to be the goddess of light was called Miao Ying, Yan Hong was very surprised and rushed over immediately.

"You..."

At this time, Tian Yi was also stunned by Yanhong's beauty, but he quickly reacted and shouted, "Who are you?"

Yan Hong was too lazy to talk nonsense, and said lightly: "You don't deserve to know my name, I'm going to take this woman away!" After speaking, her jade hand went straight to Miao Ying.

Although she has always been against Miao Ying, how can she see Miao Ying being executed by others?

The voice fell, and Yan Hong slowly landed on the high platform.

Swish!

Feeling Yanhong's contemptuous gaze, Tian Yi felt extremely humiliated and angry, and shouted: "Someone, take her down!"

This woman in red is not only arrogant, but also wants to rob the criminal. Why? Can you bear it?

Whoops!

The words fell, and the surrounding soldiers burst into holy energy, rushing towards Yan Hong.

Overcome!

Yan Hong sneered and gently raised her jade hand. In an instant, the air distorted and vibrated on the entire high platform!

Bang bang bang!

The terrifying aura swept up, and the soldiers who rushed up only felt a strong force, and they were shaken out one by one, and fell to the ground.

What?

Seeing this scene, everyone present was stunned.

This woman is so strong.

At the same time, Tian Yi was also stunned there, inexplicably panicked.

At this time, Yan Hong removed the iron chain and hemp rope from Miao Ying's body, and said lightly, "Follow me!" The tone was indifferent, without the slightest emotional fluctuation.

Miaoying was stunned and couldn't help but say, "You...why do you want to save me?"

In Miaoying's memory, Yanhong always wanted to compete with herself, and even wanted to get rid of herself many times. And today, he actually saved himself in public.

"Your life is mine, and if you want to die, you have to die in my hands." Yan Hong replied lightly, and immediately took Miaoying and flew high into the sky.

Mad!

Seeing this, Tian Yiqi's face turned black, and he shouted: "Stop her, stop them for me..."

Hearing the order, the surrounding soldiers chased after them. However, Yanhong's speed was too fast, how could they Can you catch up? In a blink of an eye, Yan Hong and Miao Ying disappeared from everyone's sight.

This!

Seeing this scene, the people watching from a distance suddenly burst into an uproar.

“Who is that woman?”

“She’s so strong.”

“Yes, and she’s so beautiful..”

Seeing Miao Ying being rescued, Tian Yi’s face was extremely ugly.

I thought that if this woman who pretended to be the goddess of light was disposed of in public today, she would be able to become famous in the Roland continent, but at a critical moment, people were left, and she was watched by so many people.

“Your Excellency!”

At this moment, a soldier came over and said cautiously, “What should I do now?”

Chapter 3370

Tian Yi was so annoyed that he didn’t have a good air: “What else can I do? Remove the platform, and strengthen the guards of Storm City.” Everyone was rescued, and he lost face, and the high platform for execution was also useless.

“Yes!”

Hearing this, the soldier hurriedly backed away, and after a while, the high platform was demolished.

...

On the other side, in the woods dozens of miles northwest of Storm City, Yan Hong and Miao Ying slowly landed.

“Yanhong!”

At the moment of landing, Miaoying couldn’t help but said: “Thank you, I thought you were trapped in the chaotic vortex, so you are all right.”

When she said this, Miaoying couldn’t say anything in her heart. easy.

I thought it was doomed this time, but I didn’t expect Yanhong to appear in time. Although it wasn’t Yue Feng who saved him, he was safe anyway.

Miao Ying's gratitude, but Yan Hong did not appreciate it at all, and said coldly: "What? You really hope that I will be trapped in the chaotic vortex? Without me, you can be with Yue Feng, right?"

"Yue Feng, Yan Hong couldn't tell the fire in her heart.

Kunlun in the Kyushu Continent was at the top of the mountain before, if Yue Feng suddenly dragged him, he would not have been involved in the vortex of chaos, and a few days ago in Pearl City, I thought that Yue Feng could be forced to soften, but the gang of trash in Pearl City, it made him run away.

"I..."

Miao Ying bit her lip lightly and said softly, "Yanhong, don't be like this, why are you always fighting against Yue Feng, in fact, they are very nice."

"Haha!" Yanhong smiled disdainfully. : "If you like him, of course you say he's good."
The

more Miao Ying said good things to Yue Feng, the more disgusted Yan Hong became.

Swish!

At this moment, Miao Ying's delicate face suddenly turned red, shy and indescribably charming.

In the next second, Miao Ying thought of something, and quickly asked, "By the way, do you have any news about Yue Feng?"

"Yes!" Yan Hong nodded and replied, but her tone was still very cold.

Miao Ying suddenly became excited and couldn't help holding Yan Hong's hand: "Where is he? Can you take me to see him?" When she said this, Miao Ying's eyes were full of anticipation.

In order to find Yue Feng, Miao Ying did not hesitate to pretend to be the goddess of light, and became a sinner on this continent. Now that she finally has the news of Yue Feng, can you not be excited?

call!

Seeing Miaoying's expression, Yanhong breathed a sigh of relief and showed a smile: "I can tell you where Yue Feng is, but you have to promise me one condition."

When saying this, Yanhong had a serious face, but her eyes were full of a bit cunning.

“What conditions?” Miao Ying asked without thinking.

Yanhong smiled slightly: “From now on, you will obey my arrangements in everything, you have to do whatever I ask you to do, if you agree, I will take you to see Yue Feng, if you don’t listen to me, You’ll never want to see him.”

Speaking of which, Yanhong didn’t want to threaten Miaoying like this, but she was very unhappy when she saw that she cared so much about Yue Feng.

“This...”

Hearing this, Miao Ying bit her lip tightly, her beautiful face full of entanglements.

Yanhong has a wicked personality, if she agrees, she will definitely let herself do some bad things.

But if you don’t agree, you won’t be able to see Yue Feng.

Seeing Miaoying’s hesitation, Yanhong lost her patience and couldn’t help urging: “Have you made up your mind, I don’t have the patience to spend time with you here.”

Miaoying sighed softly and had to nod her head: “Okay, I promise you!”

As long as you can find Yue Feng, everything you do is worth it.

.....

At this moment, in Storm City.

Miaoying was rescued, the high platform was demolished, and the people who were watching were scattered.

At this time, Tian Yi sat there in the hall of the City Lord’s Mansion with a gloomy expression on his face, because Miao Ying was rescued, and his anger had not subsided.

The ultimate husband in Chinese chapter 3371-3380

Chapter 3371

“It’s not good.”

At this moment, a soldier staggered in and ran in, his face turned pale, and shouted at Tian Yi: “It’s not good, a man forced his way through the city gate guard and said To save that woman!”

What? !

Tian Yi slapped the table suddenly, stood up suddenly, and yelled at the soldier, “What nonsense?! The woman has been rescued, why is there anyone else to rescue her?”

At this time, Tian Yi was in a bad mood. pole.

“

Boom!” Before he finished speaking, he heard a loud bang, and the gate of the City Lord’s Mansion was kicked open at once!

Immediately afterwards, I saw a figure, full of invincible aura, strode in.

It was Yue Feng.

At this time, Yue Feng had a determined face, and his eyes were full of anxiety.

Half a day ago, Yue Feng learned from Abel that Miaoying pretended to be the Goddess of Light and was subdued by the Twelve Paladins. She was shocked and angry at the time. Later, she learned that Miaoying was going to be executed in Storm City, and Yue Feng did not hesitate at all. , rushed directly to Storm City.

Although Miao Ying is a fairy, she is kind-hearted, and she is more affectionate and righteous to herself. Moreover, Yue Feng has been searching for Miao Ying for so long, how can something happen to her.

Yue Feng had already thought about it before he came, no matter how many troops Storm City had, he would save Miaoying.

Mad!

Someone really broke in!

This chapter is provided by . Visit for daily update.

At this moment, Tian Yi looked up and down at Yue Feng, his eyes flashing with intense anger.

At the same time, many soldiers came from all directions, all eyes focused on Yue Feng.

This person is not small, dare to break into Storm City?

“Who are you?” Finally, Tian Yi

reacted, glared at Yue Feng, and shouted, “Do you know where this place is? Do you know the consequences of trespassing on the City Lord’s Mansion?”

At the same time, looking at Yue Feng’s eyes, there is also a bit of contempt.

The person in front of him, but the strength of the Holy King, dared to break in here, he was simply courting death.

At this time, Tian Yi didn’t know that Yue Feng seemed to be in the realm of a holy king, but his real strength was beyond his imagination.

call!

Yue Feng took a deep breath and said to Tian Yi word by word, “You are the person in charge of Storm City, right? I don’t want to say more nonsense, and hand over Miao Ying immediately.” The

voice was loud, like rolling thunder, resounding through The entire Storm City.

Hearing this, Tian Yi’s face was extremely ugly, and the anger in his heart rose even more.

Before Yanhong rescued Miaoying in front of so many people, Tian Yi lost face, and is still annoyed by this matter, but at this time, the guy in front of him said that he came to save people.

Madd, is there really no one in Storm City?

The more Tian Yi thought about it, the more angry he became. He was too lazy to talk nonsense. He pointed at Yue Feng and shouted: “Take him down for me and execute him on the spot!”

Tian Yi almost shouted out the last four words.

Whoa!

The voice fell, and more than one hundred soldiers rushed over like a tide.

Nima!

Seeing that the other party didn't say a word, he immediately took action. The anger in Yue Feng's heart was instantly aroused. Looking at the hundreds of people approaching, there was no fear on his face!

If you want to fight, then come with a special code!

“Roar!”

At this moment, a loud dragon roar rose into the sky!

Seeing Yue Feng's body, a powerful aura burst out, and then, a golden light shone, and nine long dragons circled around him, like a killing god!

Chapter 3372

“The Nine Dragons Ascension!”

“Kill!” Yue Feng roared frantically, raising his hand to point at the nearly 100 soldiers in front of him.

Nine long dragons rushed over in an instant, and wherever they passed, the air was cut open by cracks!

What?

Seeing this scene, Tian Yi's heart was shocked, and he was indescribably terrified.

Isn't this kid the strength of the Holy King? How could the burst of breath be so terrifying?

Also, what are these nine huge beasts?

There are no dragons in Roland Continent, so Tian Yi didn't know the nine golden dragons transformed by Yue Feng, but he felt inexplicably panicked when he felt the terrifying aura.

At the same time, the hundreds of soldiers who rushed up also stared blankly at the nine golden dragons, all of them inexplicably horrified.

“Ah!” In the

next second, the hundreds of soldiers, before they could react, were swept away by the force that erupted from the Golden Dragon. They screamed constantly, and there were more than 50 people on the spot, who were directly beaten and vomited. Blood, no resistance!

hiss!

At this moment, whether it was Tian Yi or the other soldiers around, they couldn't help gasping for air.

The entire City Lord's Mansion was deadly silent, even if a needle fell on the ground, it could be heard clearly!

Everyone looked at Yue Feng as if they were looking at a monster!

Just one skill killed more than 50 people.

This...is this still human? Is this code still human? !

Under the stunned gazes of everyone, Yue Feng walked to Tian Yi step by step, and said coldly, "I'll ask you one last time, where is Miaoying?" Almost lost my mind.

"Your Excellency!"

Tian Yi wiped away his cold sweat and smiled bitterly: "To be honest, that young lady named Miao Ying has been rescued, and she is also a woman with great strength!"

When he said this, Tian Yi With a look of apprehension, the arrogance and aura of before have completely disappeared.

I thought that this person in front of me would be easy to take down, but I never imagined that the other party would hide it and kill more than 20 of his soldiers as soon as he shot.

The other party is so powerful that they have to compromise.

rescued?

Hearing this, Yue Feng frowned.

The next second, Yue Feng looked at Tian Yi coldly: "I warn you, don't play tricks with me, and tell me, where is Miaoying locked up?"

At this time, Yue Feng thought that Tian Yi was lying to himself. , Miaoying has no relatives and no reason on this road, who else can save her except herself? She must be locked up.

“Your Excellency!”

Seeing Yue Feng’s disbelief, Tian Yi almost cried: “Really, I didn’t lie to you, she was really rescued, if you don’t believe me, ask the others!” As the words

fell, the soldiers around nod.

“Yes, I was really rescued!”

“We saw it with our own eyes!”

Hearing what everyone said, Yue Feng’s brows became deeper and deeper, and the more he didn’t believe it.

“Don’t think that if you let your subordinates make false evidence together, I will believe you?” Yue Feng looked at Tian Yi coldly, with an unquestionable tone: “Do you know Wenliang? I killed him, I can’t see Miaoying today. , I’ll level Storm City.”

What?

Is he the powerhouse who killed Wenliang?

Hearing this, Tian Yi was shocked, and at the same time wanted to cry without tears.

This person is crazy, he said it so clearly, but why doesn’t he believe it?

Depressed, Tian Yi wanted to tear his face off with Yue Feng, but he held back when he thought of the opponent’s strength.

“Okay!”

Finally, under the pressure of Yue Feng’s powerful aura, Tian Yi’s heart changed, and he suddenly had an idea, and smiled bitterly: “Your anger, I shouldn’t lie to you, that Miss Miaoying, who is in the north of the city. On Stormwind Mountain.”

When he said this, Tian Yi’s face was sincere, but cunning flashed in his eyes.

Under the cliff of Storm Mountain in the north of the city, there is a huge natural cave, which is bottomless, and there are often hurricanes raging. It is precisely because of this that this city is called Storm City.

Chapter 3373

Tian Yi has thought about it, since the madman in front of him doesn’t believe in himself, he will deceive him into that cave. As long as he enters, he will not come out alive.

“Take me there!” Yue Feng couldn’t help urging.

Tian Yi nodded, accompanied with a smiling face, then took Yue Feng, walked out of the City Lord’s Mansion, and walked towards Stormwind Mountain in the north of the city. Dozens of soldiers followed behind him.

call!

Soon, when he reached the cliff on Stormwind Mountain, Yue Feng looked around and frowned.

Nima, except for the huge cave below, where can there be a shadow of Miaoying?

“Where are the people?” Yue Feng couldn’t help but ask, murmuring in his heart.

Tian Yi showed a smile and said politely: “It’s in the cave, because she pretended to be the goddess of light, and she was imprisoned in such a place.” I

have to say that Tian Yi acted very similar, and said nothing. flaw.

Hearing this, Yue Feng nodded silently: “Okay. You’d better stop lying to me, otherwise, you will be at your own risk.”

Whoosh!

The voice fell, Yue Fengqi raised his dantian, jumped, and jumped into the cave.

Seeing this scene, both Tian Yi and the surrounding soldiers were stunned.

This... this guy is really crazy.

The cave was bottomless, and he jumped directly into it.

Under the shock, Tian Yi showed a smile, indescribably proud.

Haha...

This man actually jumped straight down, saving himself a lot of trouble.

If you jump from such a high place, you will surely die.

With pride, Tian Yi greeted dozens of soldiers and returned to Storm City.

Below the cave.

Huhuhu...

The wind whistled in my ears, Yue Feng's body fell from the cliff, and the speed was getting faster and faster, but Yue Feng did not panic, he summoned Fang Tianhuaji and stabbed it on the mountain wall to slow down the falling. strength.

Finally, after ten minutes, Yue Feng finally stepped on the ground.

If he fell from such a high place ten years ago, Yue Feng would definitely be injured, but at this time, Yue Feng's strength has reached a very high level, and he just took two steps back and stabilized his figure.

Nima!

After stabilizing his figure, Yue Feng looked around, and suddenly became angry.

Mad, cheated again.

As you can see, the cave in front of you is very large and has many forks, like a huge labyrinth. The wind was howling all around, and there was not a single person in sight.

When you go back by yourself, you have to calm down Storm City.

In anger, Yue Feng slowly walked forward.

The more he went inside, Yue Feng clearly felt that the wind blowing around was stronger, and it almost blew Yue Feng's eyes.

How can there be such a strong wind in this underground cave?

In his heart, Yue Feng didn't think much about it, just wanted to find a way out as soon as possible.

"Roar!"

I don't know how long it took, Yue Feng suddenly felt a wave of breath coming from the front. Immediately afterwards, a roar that shocked the soul followed.

What the hell!

Hearing the roar, Yue Feng's body trembled, only to feel his heart beating faster.

This roar is too shocking, it is not an ordinary beast at all, it can be issued. Could it be that this Roland Continent also has divine beasts?

Deep in this cave, is the habitat of divine beasts?

Muttering in his heart, Yue Feng subconsciously accelerated his pace.

What the hell!

After walking more than 100 meters, Yue Feng reached a huge rock, and when he saw the scene in front of him, he was shocked and completely stunned!

Chapter 3374 I

saw a huge beast lying on the open space ahead.

This giant beast is nearly 100 meters long, has no hair, is covered with black and red scales, and has a long neck and tail. At first glance, it looks like a dinosaur that has long been extinct in the Kyushu continent, but on its back there is a pair of huge wing.

A pair of eyes, flashing blood-red light, full of evil, and the whole body is filled with a terrifying aura.

Especially feeling the strength of this giant beast, Yue Feng was even more shocked.

So strong, it turned out to be the realm of the Holy Spirit...

sigh!

After staying for more than ten seconds, Yue Feng reacted and couldn't help gasping for air.

Is this... is this the dragon of this other world?

When he first arrived in this different world, Yue Feng had read many ancient books in Doug's study, and had seen records of dragons in this world in an ancient book.

Yes, in this Roland Continent, there are also dragons, but the dragons in this world are not only different in appearance from the Kyushu Continent, but also very evil in temperament.

In the ancient records of Roland Continent, dragons are powerful and greedy beings, attacking towns and maiming human beings. Two thousand years ago, the dragon suddenly disappeared, and since then, the people of Roland Continent have never seen it again.

Thinking of this, Yue Feng couldn't help taking a deep breath, unable to hide his inner shock.

Nima, I thought there was nothing in this huge underground cave, but I didn't expect that there was a dragon living here.

Under the shock, Yue Feng was not at all nervous.

Because this dragon was lying there, his eyes narrowed slightly, as if he was resting, not only that, but two long jade thorns were also nailed to the two wings on his back.

Yue Feng clearly saw that the jade thorns were engraved with runes, and there were even more strange power fluctuations.

It was these two jade thorns that restricted the dragon's movements and prevented it from flying.

This...

At this moment, Yue Feng looked at the two jade thorns carefully, and suddenly his heart was shocked, and he almost screamed out.

It looks like a dragon thorn.

When he first founded Tianmen, Yue Feng had collected a lot of ancient books and documents. He once read in a book that ancient practitioners, in order to capture dragons, Teyin invented a hidden weapon called the Dragon Prisoner. It is said that as long as the dragon is hit by the imprisoned thorn, it will lose the ability to move.

Later, the dragon disappeared in the Kyushu mainland, and the dragon thorn was also lost.

But Yue Feng never imagined that in this different world, he could actually see the dragon thorn.

Shasha...

Just when Yue Feng was secretly shocked, he heard the sound of light footsteps coming from another fork on the left. Immediately afterwards, two figures appeared in Yue Feng's sight.

This is a man and a woman.

The woman was wearing tight-fitting soft armor, showing the perfect curve, her facial features were exquisite and beautiful, holding an exquisite dagger in her hand, and her expression was tired.

The man is also dressed in armor, quite handsome, but also tired.

is her?

Seeing the woman, Yue Feng was stunned.

It was Xue Mi'er, the daughter of the leader of the Bounty Alliance, who had met in Arendis before. At that time, Yue Feng went to the Bounty Alliance and rescued Xue Shan by chance. Later, she and Xue Mi'er went to arrest the leader of the big bandit, Oshan.

Why is she here?

Um?

Just when Yue Feng was stunned, Xue Mi'er also found Yue Feng, and her body trembled, she was surprised.

The next second, Xue Mi'er endured the surprise in her heart, and said softly to Yue Feng: "Yue Feng? It turns out that nothing happened to you. I thought you were dead. Why are you here?"

"It was a royal knight of the Principality of Tianxing. Later, something happened, and he was chased by Arendis. Finally, he heard that he had fallen off a cliff, and his life and death were unknown.

Chapter 3375

When she got the news at that time, Xue Mi'er was also a little regretful. Although she was not familiar with Yue Feng, it was entirely due to Yue Feng that she was able to successfully catch Ou Shan at that time.

At this time, I was very happy to see that Yue Feng was all right.

"Xue Mi'er, long time no see!" Yue Feng replied with a smile.

While saying that, Yue Feng couldn't help looking at Xue Mi'er.

I have to say, this Xue Mi'er is really a top beauty. She has not seen her for a while and has become even more sexy.

"Mi'er!"

At this moment, the man next to him looked at Yue Feng up and down and frowned, "Who is this person?"

"Bounty League.

While asking, Karen looked at Yue Feng's eyes with a bit of disdain.

This guy, dressed in ordinary clothes, is not as strong as the Holy King, but he actually knew his cousin.

At this time, Xue Mi'er was excited and quickly introduced: "Cousin, this is the Yue Feng I mentioned to you, who helped me catch Auf."

What?

Hearing this, Karen was stunned for a moment, and then chuckled: "Cousin, how could he help you catch Auf? Even if it's true, it's just luck."

Seeing Karen's disbelief, Xue Mi'er pouted angrily, very charming.

Yue Feng, on the other hand, has an indifferent face. He has been used to being misunderstood by all kinds of people for so many years.

Afterwards, Yue Feng and Xue Mi'er chatted a few times and learned that Xue Mi'er and Karen were chasing a big villain recently, but they came to the area of Stormwind Mountain and were run away by the other party, while Xue Mi'er and Karen, it was by mistake that he stumbled into this underground cave.

hiss!

After chatting for a while, Xue Mi'er finally saw the dragon not far away, her body trembled and her legs went soft.

At the same time, Karen also sucked in a breath of cold air, and the whole person froze there.

"Dragon?"

Finally, Xue Mi'er was the first to react, and her voice was full of trembling: "This...there is actually a dragon here." After the

voice fell, Karen came over, put Xue Mi'er in front of him, and comforted: "Cousin Don't be afraid, it's me." He said so, but his face was pale and his legs couldn't stop shaking.

What is in front of you is the dragon who disappeared nearly two years ago. Can you not be shocked?

Swish!

At this moment, hearing the movements of the three, the sleeping dragon also woke up, and the blood-red eyes locked Yue Feng three at once.

In the next second, the dragon flapped his wings, and a strong wind swept toward the three Yue Feng.

The dragons of this world are cruel, and when they see three people in front of them, their first reaction is to kill them all.

Oops!

At this moment, both Yue Feng and Xue Mi'er's expressions changed drastically.

I saw that the raging wind, where it passed, the air was distorted, and formed wind blades, which was very terrifying.

"What should I do?" Xue Mi'er panicked.

Karen took a deep breath and said loudly: "Cousin, don't panic." The voice fell, and the holy energy exploded all over her body, intending to block this strong wind.

Karen has liked Xue Mi'er since she was a child. She recently joined the Bounty Alliance because she wants to get closer to Xue Mi'er. At this time, facing the trap, she naturally has to show it well.

In an instant, the strong wind slammed into Karen, and the whole person was shocked and flew out.

Bang!

This time, Karen slammed directly into the rock wall behind, and couldn't help spitting out a mouthful of blood, her face pale.

The ultimate husband in Chinese chapter 3376-3380

Chapter 3376

"Cousin!"

Seeing this scene, Xue Mi'er couldn't help exclaiming.

Until now, Xue Mi'er had not recovered from the shock. She never thought that there would be a dragon in this huge cave.

Cough cough...

Karen coughed a few times, and it was obvious that he was seriously injured just now.

The next second, Karen struggled to stand up and said anxiously at Xue Mi'er: "Cousin, this dragon is too powerful, we are not opponents at all, try to run!"

When saying this, Karen looked around quickly.

run?

Hearing this, Xue Mi'er almost burst into tears, this cave is so big, like a maze, where are you going?

Yue Feng, who was next to him, looked indifferent, looking at the dragon in front of him thoughtfully.

Boom, boom, boom!

That is, at this moment, the giant dragon stood up and approached quickly. The huge figure was like a hill. Every time it moved, it would make an earthquake-like movement, shocking people.

Seeing the dragon getting closer, Karen and Xue Mi'er were both panicked and anxious.

Click!

In the next second, Karen had an idea, activated the holy power again, and stood fiercely on the rock wall with the big sword in his hand. Suddenly, a piece of stone fell, forming a stone wall, blocking the way of the dragon.

This chapter is provided by . Visit for daily update.

Not only that, but also blocked Yue Feng inside.

Nima!

Seeing this scene, Yue Feng frowned secretly.

This Karen didn't know to say it beforehand?

"Cousin!" At the same time, Xue Mi'er was also in a hurry, and said to Karen: "Why did you block Yue Feng in? Find a way to save him."

The strength of this giant dragon is too terrifying Now, if Yue Feng can't get out, the consequences can be imagined.

However, Karen looked indifferent and said slowly: "Cousin, it's time for you, why do you still care about the lives of others? He can't run away anyway, so let him hold the dragon to delay us. "

When she said this, Karen was very serious, but her eyes flashed coldly.

Yes, Karen deliberately blocked Yue Feng inside. In this way, Yue Feng became the target of the giant dragon. As long as the giant dragon caught Yue Feng, it would not chase after himself and his cousin.

“You...”

Xue Mi'er was furious when she heard this.

My cousin was too selfish to do this, and even used Yue Feng's life to delay time for himself.

Thinking to herself, Xue Mi'er was about to criticize, but Karen didn't give her a chance. She grabbed her arm and quickly rushed into the distance.

“Cousin, let me go, let me go...”

“Cousin, don't blame me...”

Nima!

Listening to the voices of the two, getting further and further away, Yue Feng's face was extremely ugly, and he was very angry.

This Karen is too shameless. In order to survive, he sacrificed others without hesitation?

“Roar!”

At this moment, the giant dragon rushed to the front, looked down at Yue Feng, and opened his mouth wide.

At this moment, Yue Feng couldn't tell how nervous, but he quickly thought of something, took out the beast ring from his body, raised his head and shouted at the giant dragon, “Hold on.”

Um?

Chapter 3377

Hearing the shout, the giant dragon stopped instantly, looking at Yue Feng's eyes, full of doubts!

what happened? The aura on this person suddenly became very strange.

At this time, the giant dragon clearly felt that Yue Feng in front of him had an aura that made him kind, and this kind of aura was emitted by the beast-fighting ring.

call!

At this time, Yue Feng took a deep breath and continued to communicate with the dragon in front of the beast ring: "Dragon, dragon, we have no grievances and no enmity, there is no need to make you die, right!"

Seriously, with Yue Feng The current strength, and the giant dragon in front of him, is not false at all, but doing so will consume too much strength, and it is not necessary at all.

"You..."

Hearing this, the dragon's eyes flashed with brilliance, and he was very surprised: "How can you communicate with me?"

At this time, the dragon still didn't know that Yue Feng had a beast ring on his body, so he could naturally communicate with it.

Yue Feng smiled slightly: "Maybe, I have a special ability." The

dragon pondered for a while, and was extremely proud: "What if you can communicate with me? In my eyes, you are just a humble human being who meets me. , even if you are unlucky."

Immediately, the giant dragon couldn't hide his greed: "I haven't eaten people for a long time, and I forgot what it tastes like. Since you broke into my place, feel free to cook my food.

" Ma!

Yue Feng frowned secretly, and at the same time, he couldn't help but curse inwardly.

Sure enough, the dragons in this different world are very evil, and they have expressed their friendship, and they even want to eat themselves.

But Yue Feng didn't panic at all, and said to the giant dragon: "Okay, I originally wanted to help you remove the dragon thorn from your body. Since you want to eat me, then forget it."

Huh?

At this moment, the giant dragon was stunned.

"What did you say?" The

giant dragon's heart-wrenching eyes showed a bit of shock, and he looked at Yue Feng closely: "Can you help me remove the two imprisoned dragon thorns?"

At this time, the giant dragon was very Excited, you must know that it was trapped here for two thousand years because of the imprisoned dragon thorns on its wings, unable to fly.

"Not bad!" Yue Feng nodded. The giant dragon pondered

for a while, and looked up and down at Yue Feng: "You humans are very cunning, you don't want to be eaten by me, so you deliberately made up this lie, right?"

The prison dragon thorn is from Fu Yizha. He is the leader of your human beings. His strength is tyrannical. For many years, no one has ever reached his realm. Can you solve it, do you think you can take it? Will I believe it?" The

last sentence fell, and the dragon's eyes flashed with evil light.

Haha...

At this moment, Yue Feng couldn't help laughing.

It turned out that the dragon thorn on its body was pierced by Fuxi, no wonder.

Thinking to himself, Yue Feng breathed a sigh of relief, and said lightly: "If you don't try, how do you know that I can't take it? Anyway, I'm here, and I can't run away." The

dragon pondered for a while, and finally nodded after a few seconds: "Okay, I'll believe you once, if you dare to lie to me, I'll tear you to pieces." This man is right, he can't escape anyway, if he really helped himself to take down the dragon thorn, he would recover by himself. Once you are free, you can leave this broken place.

Seeing the dragon agree, Yue Feng showed a smile.

The next second, the giant dragon slowly put his head down, Yue Feng did not hesitate, his feet were a little on the ground, and with a slight jump, he jumped on the back of the giant dragon.

Thorn...

However, Yue Feng did not immediately take out the prison dragon thorn, but pulled out a dagger from his body, slashed his finger, and in an instant, blood gushed out.

Immediately afterwards, Yue Feng quickly walked to the top of the dragon's head and dripped the blood from his fingers. At the same time, the internal force is motivated, and the dragon has a blood drop to recognize the master.

Yes, Yue Feng talked so much with the dragon just now. The ultimate goal is not to help it take out the dragon's thorn, but to confess the master with its blood.

Chapter 3378

Om!

At this moment, the huge body of the giant dragon trembled suddenly, and his heart was also full of anger.

While angry, the dragon was also inexplicably shocked.

It clearly felt that the strength of the person in front of him was not a holy king at all. The power surging in his body was so powerful that it was almost unfathomable.

Soon, the confession of the Lord on the drop of blood was completed.

At this moment, the giant dragon let go of his previous pride and respectfully said to Yue Feng: "Master!"

Although the giant dragon was very unwilling, but there was nothing he could do. The blood-dropping recognition of the master has been completed, and no one can change it. From now on, his own destiny is tied to the person in front of him.

Um!

Yue Feng smiled and nodded: "I know you are not convinced and feel that you have been deceived, but let me tell you, I can really help you remove the dragon thorn."

After speaking, Yue Feng turned around and said, "But, before I take down the dragon thorn, you have to promise me that after you leave here, you don't need to do anything wrong and endanger human beings."

"Yes, master." The dragon responded quickly.

Yue Feng stopped talking nonsense, jumped back on the dragon's back, recited the formula, and pulled out the prisoner's thorn. To pull out the thorn of the prisoner, you need a formula, which Yue Feng has read in ancient books.

"Roar!"

At this moment, feeling the freedom, the giant dragon raised his head and roared with indescribable excitement and excitement.

...

the other side.

Karen took Xue Mi'er and ran for more than ten minutes. After making sure it was safe, she stopped.

"Cousin, why, why did you keep Yue Feng behind?" Xue Mi'er trembled with anger and heartache.

Just as he met Yue Feng, he was abandoned by his cousin.

Karen wiped away his sweat and patiently persuaded: "Cousin, that Yue Feng is just an ordinary friend of yours, why are you so worried about him? Besides, he didn't die in vain, use his life for two of ours... "

Before he could finish, he was interrupted by Xue Mi'er: "Don't say it, even if he is just my ordinary friend, isn't life not life?"

"I..."

Feeling the atmosphere of Xue Mi'er, Karen was helpless.

"Roar!"

Just as he was talking, he heard a giant dragon roar again not far away.

Hearing this roar, Karen and Xue Mi'er both trembled and panicked inexplicably.

After so long, Yue Feng must have been killed by the dragon.

Just when the two were extremely nervous, they saw the huge figure of the giant dragon coming from a distance.

I saw a proud figure standing on the top of the dragon's head. This man, with knife-like facial features, is extremely cold!

It's not who Yue Feng is!

What?

Seeing this scene, both Karen and Xue Mi'er were shocked.

He... he didn't die?

Not only that, but standing on top of the dragon, how did he do it? Simply incredible.

"Yue Feng?!"

Finally, Xue Mi'er was the first to react, stood up, and shouted at Yue Feng in surprise and joy: "So you're all right, that's great." She

thought that Yue Feng had been killed by the dragon, I was still sad for him just now, but at this time, seeing Yue Feng intact, can you be unhappy?

Karen next to her frowned.

Mad, this guy is not dead.

What a hell.

Feeling Xue Mi'er's concern, Yue Feng smiled: "How could something happen to me?"

Xue Mi'er looked curious: "What's going on here? How can you get along with this giant dragon? What?" When she said this, Xue Mi'er did not forget to pay attention to the giant dragon vigilantly.

Hehe...

Yue Feng said with a smile: "I talked to the giant dragon just now, and he said that I have rough skin and thick meat, and it's not delicious."

What?

Chapter 3379

Hearing this, Xue Mi'er trembled, and she was stunned.

After a few seconds, Xue Mi'er reacted and said in disbelief: "You... can you communicate with the dragon?"

For thousands of years, the dragon has been the strongest creature in the world, and humans can only look up to it. And this Yue Feng, can actually communicate with the dragon?

"Of course." Yue Feng smiled slightly: "Otherwise, how could I stand on its head?" To

be honest, Yue Feng wanted to tell Xue Mi'er the truth, but for some reason, seeing her curious appearance, he Couldn't help but tease him.

"Hey!"

At this moment, Karen came back to his senses and shouted at Yue Feng: "Since you can communicate with it, take him to a far place. Don't be here."

Mad.

It's good that Karen didn't speak, but when he saw him speak, Yue Feng suddenly became inexplicably angry.

Just now, this Karen, in order to save his life, even used gravel to trap me and the dragon together, which is so despicable.

With a curse in his heart, Yue Feng shook his head at Karen and said, "I just brought it here to find food, how can I leave ?

"

: "What do you mean?"

Yue Feng shrugged his shoulders with a relaxed look on his face: "It's very simple, the two of you, one of you is going to be the food for a giant dragon. Miss Xue Mi'er and I are friends, forget it."

"So, only you will become the dragon's food."

What?

When the voice fell, Karen only felt a thunderbolt sounded in her head, and the whole person was blinded.

"Can't you communicate with the dragon? Help me beg for mercy!" Karen yelled, her voice trembling.

Yue Feng smiled lightly: "Why should I plead for you?"

Mad, in order to escape, you used gravel to block my retreat, and let me help you hold down the dragon. Now that you are in danger, I thought of asking me to help you. Are you pleading? There is nothing so good in this world.

Thinking to himself, Yue Feng laughed and joked: "Aren't you very capable? Try to communicate with the dragon later, maybe, the dragon won't eat you!"

Gudong!

Karen swallowed hard, almost crying.

How can I have the ability to communicate with the dragon.

At this time, Xue Mi'er couldn't stand it anymore, she bit her lip tightly, and said to Yue Feng: "Yue Feng, you... just ask the dragon for mercy, don't let it eat cousin, okay?"
Yue

Feng Feng did not hesitate, and shook his head: "I'm sorry, he just abandoned me without hesitation, I have no obligation to save him."

This...

Xue Mi'er suddenly became anxious and pleaded again: "Yue Feng, I know Cousin was wrong just now, he shouldn't have left you, and I apologize to you for him!"

Although Karen's previous actions were abhorrent, she was not guilty of death.

Yue Feng folded his arms and stood leisurely on the dragon's head, without responding.

Mad!

At this moment, Karen was anxious and angry, and said to Xue Mi'er: "Cousin, don't beg him, look at him as a villain, isn't it just communicating with the dragon, he can do it, I I can also..."

After speaking, he was about to walk over to communicate with the giant dragon.

Just before taking two steps, she was stopped by Xue Mi'er.

"Cousin, you're crazy!" Xue Mi'er was anxious and angry: "Do you really think dragons are so easy to communicate with? I'm afraid it will swallow you in one bite without waiting for you to get close.

"Lun's body was shocked, his mind was much clearer, and at the same time he panicked.

Yes, the other party is a giant dragon, so evil, how could he communicate with him?

But how did Yue Feng do it?

"Yue Feng!"

At this time, Xue Mi'er was so anxious that she almost cried: "Yue Feng, please, help my cousin to say good things, don't let the dragon eat him, count me... count me beg You..."

Seeing Xue Mi'er's expression, Yue Feng couldn't bear to refuse, and smiled slightly: "Okay, then why are you begging me? You have to show it a little bit."

Seriously, although Karen was too much before, Yue Feng smiled. Feng didn't even think about him dying, he just wanted to teach him a lesson.

"Then how do you express it?" Xue Mi'er's delicate face was full of confusion.

call!

Yue Feng breathed a sigh of relief and thought for a while: "Well, call me husband. I'll help him plead for mercy."

Chapter 3380

Swish!

Hearing this, Xue Mi'er's delicate face suddenly flushed red, biting her lip shyly.

This... This Yue Feng actually asked himself to call him her husband. Although he is not a golden branch, he is also the daughter of the leader of the Bounty Alliance. On weekdays, anyone who sees him is polite. Seeing that he even mentioned this to himself. requirements.

At the same time, Karen's expression changed, and she couldn't stand it anymore, and shouted: "Mad, what did you say?"

How can she call someone else's husband if her cousin is going to marry her in the future?

Ha ha!

Feeling Karen's anger, Yue Feng did not panic at all, and said lightly: "Karen, are you qualified to yell at me?"

Hearing this, Karen was about to refute, but when she thought about it, she was now His life was held in Yue Feng's hands, and he held it back abruptly. But looking at Yue Feng's eyes, he could almost spew fire.

"Xue Mi'er?"

At this moment, Yue Feng turned his eyes to Xue Mi'er and said with a smile: "If you don't scream, then forget it!" As he spoke, he admired Xue Mi'er up and down.

This Xue Mi'er is not only beautiful, but also has a superb figure.

Yue Feng's eyes made Xue Mi'er's face even redder, she bit her lip and whispered: "Okay, my name is..."

“Old...husband! “

When she shouted these two words, Xue Mi'er's heart was trembling slightly, her voice was as thin as mosquitoes and flies, and if you didn't listen carefully, you couldn't hear it at all.

Gudong.

Hearing this husband, Yue Feng only felt the bones all over his body. It's going to be crispy.

But Yue Feng didn't think it was enough. Standing on the giant dragon's head, he leaned down and smiled, “Xue Mi'er, what did you just call me? I didn't hear it.”

When he said this, Yue Feng deliberately looked at it. Glancing at Karen.

Nima!

At this time, Karen was almost going to explode with anger, this guy definitely did it on purpose.

At the same time, Xue Mi'er was also shy and angry.

This Yue Feng is really not in the slightest form. Does he have to take enough advantage to save his cousin?

Thinking to herself, Xue Mi'er bit her lip tightly, almost bleeding, and shouted again: “Husband..” When the

words came out, that beautiful face instantly lowered. Xue Mi'er was also a proud and arrogant woman. She called Yue Feng's husband twice in a row, and she felt shy in her heart.

“Well, really good!”

Yue Feng accepted it when he saw it, nodded, and said with a smile: “Okay, since you are so sincere, then I will help your cousin to beg for mercy!”

Xue Mi'er nodded again and again: “Thank you, Yue Feng!”

Karen had a gloomy face, unable to say anything.

I thought I could protect my cousin, but at this time, I needed my cousin's help, and I also called someone else's husband. Any man would feel uncomfortable in this matter.

“Karen!”

At this time, Yue Feng noticed Karen's expression and said with a half-smile: "I've already lost face by your cousin, but what you did just now really made me uncomfortable, so you need to apologize to me. That's fine."

"As long as you apologize, I'll ask the dragon for mercy!"

Shua!

Hearing this, Karen couldn't bear it anymore, and said angrily: "Boy, don't go too far."

Yue Feng put away his smile and sneered: "I'm going too far, you used gravel to trap me just now. , made it clear that I was going to die at the hands of the giant dragon, so that you could escape and delay time. Let me tell you, I am worthy of you for not trying to find you now."

"You..."

Hearing this, Ka Lun's face flushed, and he wanted to refute, but he only said one word, and he couldn't say it.

"Cousin, just apologize!" Xue Mi'er was also in a hurry and couldn't help but said, "You were really wrong just now. It's right to apologize to Yue Feng."

The ultimate husband in Chinese chapter 3381-3390

Chapter 3381

However, Karen clenched her teeth tightly and still couldn't let go of her dignity.

He is also the best bounty hunter in the Bounty League. I apologize to this guy in front of me, how can I still have face?

call! At this moment, Yue

Feng lost his patience and sighed: "Okay, since you don't want to apologize, then forget it. Xue Mi'er, you have seen it. I gave him a chance. He is not sure about it."

Feng reached out and patted the giant dragon's head, pretending to say: "Dragon, giant dragon, you've been hungry for so long, so eat this man and put your stomach on it."

"Roar!

" The dragon let out a roar, and the huge body came directly towards Karen.

Pfft!

At this moment, Karen collapsed instantly, her legs became weak, and she slumped on the ground, shouting: "Don't... Yue Feng... I was wrong, please help me beg for mercy, don't let the dragon Eat me, I was a bastard before, I'm not a human, I shouldn't treat you like that, you are a lot of adults, forgive me..."

When he said this, Karen's face was full of horror, and he almost urinated.

To be honest, Karen didn't want to be so cowardly, but there was no way, the giant dragon in front of him was not an opponent at all.

But while pleading, Karen's heart was gloomy.

Ma De, I have no face in front of my cousin who was harmed by Yue Feng. If it falls into my hands in the future, I will definitely not forgive him lightly.

Haha...

Hearing the begging for mercy, Yue Feng showed a smile and stopped the giant dragon.

This chapter is provided by . Visit for daily update.

"Yue Feng!"

At this time, Xue Mi'er was very shocked and couldn't help but ask: "Why does this giant dragon listen to you so much?"

"I can communicate with it. Didn't I say it just now?" Yue Feng said with a smile.

Xue Mi'er bit her lip, always feeling that something was wrong.

Communicating with dragons is one thing, but getting dragons to obey your orders is another.

At this time, Yue Feng stopped talking nonsense, greeted Xue Mi'er and Karen, and jumped on the back of the giant dragon together.

At first, Xue Mi'er and Karen were very frightened, and they didn't dare to come up. Later, when they saw that the giant dragon obeyed Yue Feng's words, they jumped up cautiously.

Whoosh!

When the two reached the back of the giant dragon, Yue Feng gave an order, and the giant dragon stretched its wings and flew out of the cave.

Haha...

Soon, he flew out of the cave and reached the sky, Yue Feng was indescribably happy.

Mad, finally come up, and when I return to Storm City, I must find that Tian Yi to settle accounts.

What a beautiful scenery!

At the same time, Xue Mi'er and Karen, sitting on the back of the giant dragon, looked at the mountains and rivers below, and they were also indescribably shocked and at the same time inexplicably excited.

I really thought that when I met a giant dragon, I could still come out alive, and I never thought that I could still sit on the back of the giant dragon and fly into the sky.

Soon, on a hillside, the giant dragon slowly descended under the gesture of Yue Feng.

"Xue Mi'er."

When Xue Mi'er got off the dragon's back, Yue Feng smiled and said, "I still have important things to do, so I won't be with you."

Tian Yi of Storm City deceived himself into the underground cave, and he had to go back and find him to settle the account, and it was naturally inconvenient for Xue Mi'er to follow him.

Um!

Xue Mi'er nodded: "Okay, then let's see you again."

After saying that, she took Karen away.

Chapter 3382

"Okay!"

Watching the backs of the two go away, Yue Feng took a deep breath and turned back to the giant dragon and said, "Go find a habitat too, remember, you can't do anything wrong and harm mankind."

Yue Feng originally wanted to bring the giant dragon back to Storm City, but then he thought that the giant dragon was too big, so he gave up in order to avoid panic among the people.

"I know, Master!" The giant dragon responded respectfully, then spread its wings and flew into the distance.

Watching the giant dragon disappear into the sky in the distance, Yue Feng took a deep breath, turned and headed towards Storm City.

Half an hour later, Yue Feng arrived at Storm City.

After being trapped in the underground cave for nearly ten hours, Yue Feng was a little tired. After entering the city, he found a tavern and planned to take a break before going to Tian Yi.

It was noon at this time, and there were many people in the tavern.

As soon as Yue Feng sat down, he heard the guests at the next table talking about the fake 'Goddess of Light'.

"Have you heard? That fake goddess of light was rescued..." "More

than I heard, I was there yesterday, and the one who came to the execution ground was also a strong woman."

"Yeah . . . I can also see clearly, the woman in the robbery and execution ground is very beautiful, but she looks very fierce..."

The discussion of several guests, you and I came, and Yue Feng was stunned. .

What the hell!

It turned out that Tian Yi didn't lie to him, Miaoying was really rescued.

In shock, Yue Feng smiled bitterly.

He had misunderstood that Tian Yi, and almost lost his mind at that time in order to meet Miaoying.

Afterwards, Yue Feng sat there calmly and continued to listen to the discussion of the guests next door. Through their descriptions, Yue Feng quickly determined that it was Yan Hong who rescued Miaoying.

For a time, Yue Feng was secretly worried.

Yanhong came and went without a trace, it was really difficult to find her.

Moreover, Yanhong and Miaoying had been at odds all the time. Miaoying fell into her hands, which was really unpredictable.

After resting in the tavern for a while, Yue Feng did not trouble Tian Yi, but hurried to Ziri Duchy.

Yue Feng thought about it. If he wanted to find Yanhong's whereabouts, he would need the help of Ziri Principality. After all, he had already been made a duke by the king of Ziri Principality.

.....

At this moment, Storm City, the City Lord's Mansion.

At this time, the hall was filled with representatives of the five principalities.

Tian Yi led the coalition and successfully recaptured Storm City, and at that time, the Twelve Paladins suddenly appeared and subdued Miaoying. This matter soon spread to the five major duchies, and then the five major duchies sent representatives. Discuss how to deal with the Sundial Principality.

"Everyone!"

At this time, Tian Yi, who was sitting on the main seat, looked around and smiled bitterly: "Tell you some bad news! That fake goddess of light was rescued."

What?

Hearing this, the entire hall was in an uproar.

That fake goddess of light, was rescued?

“What should I do?”

“Yeah, it is said that the fake goddess of light is very powerful. Now that she has been rescued, she will definitely go back and continue to support the Principality of Ziri in launching the war.”

“Yes, this is a big hidden danger. “

Everyone expressed their opinions, and all of them had worried expressions on their faces.

Chapter 3383

Seeing this scene, Tian Yi showed a smile and said comfortably: “Don’t worry, everyone, the fake Goddess of Light was subdued by the Twelve Paladins, that is to say, she has been targeted by the Temple of Light. Now, I can’t protect myself, how can I support Ziri Principality again? So, we don’t have to worry!”

Hearing this, the expressions of the people around them relaxed one by one.

“That’s right!”

“Since that’s the case, we don’t have to worry about it anymore. Let’s discuss how to deal with the Principality of Ziri.”

Under the discussion, everyone began to discuss how to attack the Principality of Ziri, but after discussing for a long time, they could not find a good reason. . You must know that when a war is launched in Roland Continent, it is also important to be famous.

At this moment, Tian Yi thought of something, smiled and said: “I have a way, half a day ago, a person broke into Storm City, and he also wanted to save the fake goddess of light. I found out that this person is called Feng Tao. He once killed Wenliang.”

“This person is strong and has a close relationship with the Principality of Ziri, and is also related to the fake Goddess of Light.”

“We will send envoys to let the Principality of Ziri hand over this storm, if they can’t do it. , we have a reason to send troops!”

Hearing this, everyone around looked at each other in dismay.

Finally, I don't know who shouted: "The Principality of Zuri, what if this wind wave is handed over?" The

voice fell, and the others nodded.

Haha...

Tian Yi couldn't help laughing, shook his head and said: "It's impossible for the Principality of Zuri to hand over Fengtao, because half a day ago, Fengtao was led by me to the cave under Stormwind Mountain, the place is very sinister, I'm afraid This Feng Tao has already died below. And this matter, the Principality of Zuri still doesn't know, how could they hand it over?"

Huo!

Hearing this, everyone suddenly realized one by one, and at the same time, smiles appeared on their faces.

"Haha, this method is good!"

"Not bad...."

.....

Sunday Principality.

King City Hall!

The five principalities sent envoys, proposing that the principalities should hand over Yue Feng every day, otherwise they would send troops, and the news quickly spread to the hall.

Upon hearing the news, the king was shocked and angry, and immediately summoned the major city lords to discuss the matter together.

At this moment, the king sat on the dragon chair with a bit of gloom and anger on his face, and said lightly: "Everyone, these five principalities are too deceiving. They have already recaptured Storm City, but they still want me to hand over Feng Tao. What do you think?"

When he said this, the king was very aggrieved.

This Feng Tao, who has just been made a duke by himself, not only has a set of skills in fighting, but also has extremely high attainments in painting. How can he be handed over to the five principalities?

But if they don't pay, the five major duchies will join forces to deal with the Sun-Zhi Principality.

At this time, Zhan Chao was the first to stand up and said slowly: "Your Majesty, the messenger of the five principalities, it is very clear that the wind wave has something to do with the fake goddess of light, so we will let us hand over Yue Feng. , and it was the war we started first."

Speaking of this, Zhan Chao looked serious: "I think it's better to hand over Feng Tao and temporarily stabilize the five principalities, otherwise, they will really send troops, let's I can't stop it."

When he said this, Zhan Chao's face was selfless, but his eyes were gloomy and cold.

That Feng Tao has embarrassed himself repeatedly, so naturally he will not miss such a good opportunity now.

"you shut up."

As soon as the words fell, Abel strode out and scolded Zhan Chao: "Do you think this is worthy of your conscience? Don't forget that the coalition forces attacked Tianzhao City twice before, and it was Your Excellency Fengtao who helped to defend it. , Moreover, Your Majesty Fengtao was also named a duke by His Majesty, so he handed over him like this, how can we keep a foothold in Roland Continent in the future?"

Haha...

Zhan Chao sneered and retorted: "He can help defend Tianzhao City, it's all good luck, what's the real ability? Well, you don't advocate handing over Feng Tao. When the coalition forces of the five principalities come over, you will stop them? Can you stop them?"

"You... ." Abel's face flushed red, and he was angry.

Chapter 3384

Seeing that the atmosphere was getting more and more turbulent, the king frowned and waved his hand: "Okay, stop arguing!" The

king spoke, but Abel and Zhan Chao both closed their mouths and stepped aside.

"This matter!" The

next second, the king pondered for a while, and said slowly: "It is related to the prestige and life and death of our Principality. Let me think about it, you all should step back first!"

At this time, the king , also fell into a tangle, and my heart was very irritable.

“Yes, Your Majesty!”

The city lords who were present responded in unison and exited the hall one after another.

Zhan Chao’s eyes flickered, but he didn’t leave.

“Your Majesty!”

Seeing that everyone was gone, Zhan Chao stepped forward and respectfully said to the king, “I really don’t plan to hand over Feng Tao? In this way, the five principalities are really going to come, but we can’t stop it.”

call!

The king took a deep breath and said helplessly: “Of course I know this, but Fengtao was named a duke by me, and he is a member of our Sunrise Principality. If I hand him over to the five principalities, how will I rule in the future? Who else will obey me in the Principality of Zuri Sun?”

Hearing this, Zhan Chao smiled slightly: “It turns out that Your Majesty is worried about this, so let’s wait for Feng Tao to return, and leave this matter to me. “

“Leave it to you?” The king was stunned.

Zhan Chao nodded: “Yes, I will find a way to catch Fengtao and send it to the five major duchies. When the time comes, I will say that the whole thing is done by myself and has nothing to do with Your Majesty. In this way, Your Majesty will not l’m worried about the loss of prestige.” The

king pondered for a moment, then nodded: “Okay, then do as you said!”

To be honest, the king didn’t want to hand over Feng Tao, but there was no way, in order to avoid war, that was the only way.

.....

On the other side, after a two-hour flight, Yue Feng finally arrived at the King City of Ziri.

At this time, Abel should be resting.

Muttering in his heart, Yue Feng walked towards the manor where Abel lived.

“Your Excellency the Duke...”

When he was about to reach the manor, he saw a knight hurriedly approaching him.

“What’s the matter with you?” Yue Feng stopped and asked with a frown.

When he said this, Yue Feng looked at the knight up and down, and this outfit did not seem to belong to Abel.

“Your Excellency the Duke!” The knight said politely and respectfully: “I am a knight under the commander of City Lord Zhan Chao. City Lord Zhan Chao has something to discuss with your Excellency.”

Zhan Chao?

Hearing this, Yue Feng frowned secretly, and couldn’t help muttering in his heart, that Zhan Chao, who was against himself everywhere, suddenly sent someone to look for him, there must be nothing good.

Thinking to himself, Yue Feng shook his head and said, “Sorry, I have something to do, let’s go another day!” He was

about to leave.

The knight did not give up, and said quickly: “Your Excellency, just see the city lord Abel? He was summoned by the king and is still in the palace! It is very important that the city lord Zhan Chao is looking for you. Please follow me. Go for a trip, otherwise, your subordinates really can’t communicate with each other.”

Abel is in the palace?

Yue Feng scratched his head: “Okay, you can go ahead and lead the way.”

Soon, under the leadership of the knight, Yue Feng arrived at Zhan Chao’s manor.

Entering the manor hall, I saw Zhan Chao already sitting there waiting.

“Aiya…”

Seeing Yue Feng, Zhan Chao quickly stood up and said with a smile: “The great painter is here, it’s really a shame to welcome him!”

“Zhan Chao, what exactly are you looking for me for?” Yue Feng was too lazy to talk nonsense and asked straight to the point.

Zhan Chao smiled embarrassingly: “Fengtao, I have been against you before, targeting you everywhere, but then I think about it, I am jealous of your talent, I really shouldn’t!”

Chapter 3385

“You are now a duke. Let’s serve His Majesty together, and we are all our own people... So, I specifically apologized to you today. Besides, I have prepared a banquet, I hope you will not refuse.”

When he said this, Zhan Chao looked urgent and sincere, but there was a hint of cunning in his eyes.

Huh...

Hearing this, Yue Feng’s eyes flickered and he muttered secretly!

Nima, this Zhan Chao has always been disgusted with himself, and suddenly showed his favor, why did he feel that something was wrong.

But it’s inappropriate to refuse directly, let’s see what tricks he’s playing.

Muttering, Yue Feng nodded: “Sir City Lord is really polite.”

Haha... Seeing that Yue Feng did not refuse, Zhan Chao smiled happily, and hurriedly said: “The banquet is at

the back, please come with me!”

Lead the way ahead.

Yue Feng responded and followed behind.

Um?

In the back room, Yue Feng was stunned.

I saw that the room was empty, not to mention the banquet, not even a table.

Click!

It was at this moment that Zhan Chao sneered, pressed a switch at the door, and heard a loud noise. Then, a huge black cage descended from the ceiling and directly covered Yue Feng.

Chi Chi...

Followed closely, cylinders were also exposed on the four walls, and a dozen palm-sized feather arrows were shot out from inside.

Nima!

All this happened too fast, and the range in the iron cage was too small, Yue Feng couldn't use it at all, and soon, he was hit with six or seven feather arrows.

"Zhan Chao..."

Yue Feng endured the pain, his anger rose, and his eyes locked on Zhan Chao: "As expected, it is nothing to be courteous, either a traitor or a thief, don't forget, I am the Duke now, you do something to me, Have you thought about the consequences?"

At this time, Yue Feng understood that Zhan Chao didn't want to apologize at all, but to deal with himself!

"Haha."

Feeling Yue Feng's anger, Zhan Chao didn't panic at all, but laughed loudly: "Even if Your Majesty finds out, he won't blame me, let me tell you the truth, the five major duchies sent envoys to negotiate the conditions, as long as the If you hand it over, you will be in peace with each other, otherwise, you will send troops to attack the Principality of Ziri!"

"For the safety of the Principality of Ziri, I can only use this method to capture you and hand it over to the Five Principalities. At that time, Your Majesty Don't blame me either."

What?

Hearing this, Yue Feng frowned secretly, and his heart was very shaken.

The five major duchies, on the condition of me, came to threaten the Principality of Zuri?

Soon, Yue Feng reacted, and he was too lazy to talk nonsense, and he would break the iron cage by urging his internal force, but what surprised him was that the iron cage was very tough. Not only that, but the whole body began to become weak.

Mad, is there poison on the feather arrow?

However, oneself is invulnerable.

At this moment, Yue Feng was furious.

Ha ha...

Seeing Yue Feng's expression, Zhan Chao sneered: "Fengtao, this cage is made of Xingxiao stone, even if you have the strength of the Holy Spirit, don't try to open it, and

also, the feather arrow in you has been wiped. A special anesthetic, one can anesthetize fifty unicorns, and if you hit six or seven, don't waste your energy!"

When he said this, Zhan Chao was indescribably proud.

It turned out to be anesthesia, no wonder he couldn't use any strength.

Hearing this, Yue Feng's eyes were blood red, completely furious, and he cursed: "Zhan Chao, you despicable and shameless villain, you'd better let me out, otherwise, you will regret what you did today!"

The ultimate husband in Chinese chapter 3386-3390

Chapter 3386

"I'm afraid you won't have this chance!"

Zhan Chao smiled coldly, and then ordered to the two men outside the door: "Watch closely, and when he has no resistance, just tie it up." The

voice fell, Just walked out of the room.

Nima!

Yue Feng clenched his fists tightly and wanted to curse, but he could clearly feel that the anesthetic on the feather arrow started to attack, and waves of numbness quickly spread throughout the body.

In just ten seconds, Yue Feng lost consciousness all over his body, and at the same time, his eyes turned black, and finally fainted.

I don't know how long he had been in a coma, but Yue Feng gradually woke up and felt a little groggy.

Um?

The moment he opened his eyes, Yue Feng was stunned.

He saw that he was tied up with five flowers and locked in a prison cart. The prison cart was completely made of fine steel. At this time, he was slowly moving forward, and a team of more than ten knights was escorting the prison cart around.

Seeing the surrounding environment again, Yue Feng frowned secretly.

On the left is the continuous mountain, and on the right is the endless wilderness. Obviously, this is no longer the boundary of the Principality of the Sun.

Mad, did Zhan Chao really hand me over to the five major duchies?

Cursing inwardly, Yue Feng asked the knights outside through the iron cage of the prison cart: "Lord Knight, where are we going ?

"

This chapter is provided by . Visit for daily update.

He couldn't stop joking and said: "You have been abandoned by the Principality of Zuri, and you don't even know where you were sent?"

Having said that, the knight continued: "Let me tell you, after the negotiation of the five principalities, you will be sent to our Golden Lion Principality for trial."

Half a day ago, Yue Feng was sent by Zhan Chao to Storm City, where he was in Storm City at the time. After deliberation, the representatives of the five principalities decided to hand over Yue Feng to the Golden Lion Principality for disposal.

Nima!

Hearing this, Yue Feng's face was extremely ugly.

Do you really consider yourself a criminal?

Depressed, Yue Feng showed a smile and said, "Several knights, my name is not Feng Tao. You have been deceived by the Principality of the Sun. Why don't you let me go?"

Seriously, with Yue Feng's strength, I can easily rush out of the prison car, but the anesthesia effect on my body has not disappeared, I can only think of a way, from the knights in front of me.

Not Feng Tao?

Hearing this, the knight was stunned for a moment, and then he couldn't help laughing: "Hehe, you don't have to play this kind of thought with me. Before in Storm City, Mr. Tian Yi has confirmed that you are Feng Tao!"

At this moment, Yue Feng was very depressed.

Seeing Yue Feng's expression, the knight chuckled lightly: "Okay, let's not say more, you should honestly return to the royal city with us, and when you meet our queen, as long as you talk about your relationship with that fake goddess of light relationship, maybe Her Majesty will take it lightly."

Queen?

Yue Feng was stunned for a moment. The ruler of this Golden Lion Principality is a woman?

At this time, Yue Feng did not know that among the six principalities of Roland Continent, only the Golden Lion Principality was ruled by a queen, and it was also the only female ruler for thousands of years.

“Stop!”

Just as Yue Feng was muttering secretly, suddenly, the knight in front shouted, and the prisoner car braked suddenly.

Yue Feng didn't react at all, didn't sit still, and hit his head on the iron cage of the prison car.

What the hell!

Yue Feng endured the pain and felt depressed.

What's the matter, why did it stop suddenly?

Muttering, seeing the situation ahead, Yue Feng couldn't help taking a deep breath.

I saw that not far ahead, more than a dozen people stood quietly in the middle of the road, holding big swords and covering their faces.

These people are not low in strength, and most of them are in the realm of Saint Venerable.

Chapter 3387

“You guys are so bold.”

At this time, the captain of the knight in charge of escorting the prison van stepped forward and shouted at these masked men: “Dare to block the way of our Royal Guard, hurry up, or else there will be consequences. Be conceited.”

Yes, these knights are all members of the Royal Guard of the Principality of the Golden Lion, with extraordinary status and can freely enter and leave the palace.

At the same time, the other knights also drew their swords one after another, each with a solemn expression.

Haha...

Hearing this, the man in black at the head couldn't help sneering: "Today we robbed your royal guards! Brothers, give it to me!"

Hula!

As soon as the words fell, more than a dozen men in black burst into holy energy, thinking of these knights rushing over. In the blink of an eye, the two sides fought fiercely.

What the hell!

Seeing this scene, Yue Feng was completely blinded.

what's going on? I've seen people robbing money halfway, and I haven't seen a prisoner car robbing halfway, and I don't know these men in black. They won't save me, right?

Thinking to himself, Yue Feng watched the battlefield situation closely.

Just seeing that these masked people are not only strong, but also cooperate very well with each other. In the blink of an eye, these knights are rushed to pieces.

Bang bang bang...

Ten minutes later, the knights around the prison van were all knocked to the ground by these masked men, losing their combat effectiveness one by one, and passed out.

call!

It was at this moment that the masked man in the lead tore off his face towel and strode over thinking about the prison car.

At this moment, Yue Feng took a deep breath and tried his best to calm himself, but at the same time, countless thoughts were spinning in his mind.

Did they save themselves?

Or... secretly instructed by Zhan Chao to kill himself.

"Hello."

At this moment, the man walked to the prison van and said coldly to Yue Feng: "Don't worry, we won't hurt you, but you have to promise to cooperate with us later, otherwise, I will be the first. I'll kill you!"

When he said this, his face was fierce.

This man is called Qiangxiong, and he is the biggest bandit leader in the Golden Lion Principality.

Cooperate?

Hearing this, Yue Feng looked confused, but nodded and said, "Okay, I understand."

If it was a day ago, Yue Feng would never have put these people in his eyes, but now, the anesthesia effect on his body It hasn't disappeared yet, you can only choose to compromise.

Seeing Yue Feng's agreement, Qiangxiong was too lazy to talk nonsense, and urged the surrounding men: "Quick, put on these knights' clothes, we are running out of time."

Hearing the order, the masked people around hurriedly put those knights in a coma. The knight's clothes were stripped off and put on himself.

This...

Seeing this scene, Yue Feng was secretly surprised, and at the same time vaguely guessed something.

The group of people in front of them seem to be pretending to be the royal guards and infiltrating the palace. What is their purpose in doing this?

A few minutes later, Qiangxiong's group, all changed their clothes, and then escorted the prisoner's cart to the King City of the Golden Lion Principality.

Along the way, Qiangxiong and his surrounding subordinates were indescribably excited, talking and laughing.

"Boss!"

At this moment, one of his subordinates smiled at Qiangxiong: "It's a great idea to fake the royal guard and sneak into the palace, but the palace is so big, can we find the half volume of the holy book? ?" The

voice fell, and everyone around was worried.

Qiangxiong had a confident look on his face, and said lightly: "What are you panicking, as long as we sneak into the palace, we will find a way to find the queen. As long as we catch the queen, are we afraid that we won't be able to find out the whereabouts of the sacred book?

" At that time, Qiangxiong looked confident.

Chapter 3388

Yes, Qiangxiong led his men to raid the Royal Guard today, the purpose is to infiltrate the palace and find the sacred book.

Three days ago, Qiangxiong inadvertently got news that the second half of the lost volume of the sacred scriptures of the Temple of Light was in the palace of the Principality of the Golden Lion. According to legend, the sacred scriptures hid a huge secret. Got the secrets inside, what you want.

Knowing this situation, Qiangxiong called his subordinates to discuss how to infiltrate the palace. Just half a day ago, he learned that the royal guard was going to escort a prisoner back to the palace. Qiangxiong took someone and stopped him halfway.

What?

Hearing the conversation between Qiangxiong and everyone, Yue Feng was shocked.

It turned out that this group of people mixed into the palace to find the holy book of jade?

Could it be that the second half of the lost sacred book of the Temple of Light is in the palace of the Golden Lion Principality?

Muttering in his heart, Yue Feng was inexplicably excited.

When he was in the Temple of Light before, Yue Feng had read the first half of the sacred book, the contents of which were passed down by Fuxi, and the second half of which recorded how to leave this world.

If you get the second half of the volume and find Miaoying again, you can leave.

After several hours of traveling, Qiangxiong and others escorted Yue Feng and finally arrived at the King City of the Golden Lion.

At this time, the world was already dark.

Because Qiangxiong and the others were all wearing knight armor and tokens on their bodies, the palace guards did not stop them at all.

Haha....

At this moment, Qiangxiong and his subordinates were indescribably excited.

“Boss!”

At this moment, one of them glanced at Yue Feng and couldn't help saying: "What about this guy? He was on the road before, and he listened to our plan."

Qiangxiong did not hesitate, and said coldly: "Find a corner and kill it directly. Just don't let anyone find out." As the biggest bandit leader in the Golden Lion Principality, Qiang Xiong is ruthless, and in his heart, Yue Feng is just a criminal and has no value at all.

What the hell!

Hearing this, Yue Feng was shocked, shocked and angry.

These people are too cruel, aren't they going to kill without saying a word?

Thinking to himself, Yue Feng hurriedly said to Qiangxiong: "This boss, don't kill me, aren't you looking for the queen? I know where her bedroom is. As long as you promise to let me go, I can take you there. "

Yue Feng doesn't know where the Queen lives at all. He said this to delay time for himself.

Um?

Hearing this, Qiangxiong and the surrounding men looked at each other with a strange light in their eyes.

The next second, Qiangxiong endured the excitement in his heart and looked at Yue Feng: "Do you really know the Queen's bedroom?" If this person knew, he would save a lot of trouble.

"I know, I was caught because I broke into the Queen's palace at night." Yue Feng nodded.

When he said this, Yue Feng had a serious face, but he was secretly laughing in his heart.

Haha...

I'm just talking nonsense, these people really believe it.

"Okay!"

Qiangxiong was overjoyed and patted Yue Feng's shoulder: "You will take us to the Queen's Palace later. As long as our plan is successful, you will be the one who will benefit."

With that, Qiangxiong asked his subordinates to give Yue Feng The chains on the hands and feet were undone.

call!

The moment the chains of hands and feet were undone, Yue Feng couldn't help sighing in relief, Nima, he was finally free.

Muttering, Yue Feng showed a smile, and then walked around the palace with Qiangxiong and others. Qiangxiong and others were all dressed in knight costumes, and the guards in the palace would not interrogate them at all.

After turning around for ten minutes, Yue Feng saw the lights in a palace not far ahead, and quickly said: "The Queen's bedroom is in front!"

Qiangxiong waved his hands without any doubt: "Brothers, rush in. , grab the queen." The

voice fell, Qiangxiong rushed into the bedroom first, followed by a dozen of his men.

Haha... a bunch of idiots!

Seeing this situation, Yue Feng didn't hesitate at all, turned around and ran.

After Qiangxiong and the others broke into the palace, they saw a priest's table inside. There was no sign of the queen at all. Obviously, this was a palace dedicated to priests.

"Huh?"

"Boss, there is no queen here."

"Made, I was deceived by that kid."

Chapter 3389 In shock,

Qiangxiong hurriedly led people out of the palace, but where is Yue Feng's figure outside?

boom!

At this moment, Qiangxiong's face was extremely ugly, and he slapped the stone statue at the gate of the palace fiercely. That kid dared to lie to himself, and when he caught him, he must be smashed into pieces.

Whoops!

At this moment, a team of patrolling guards came over and frowned when they saw Qiangxiong and others standing at the door of the Priest's Hall.

"What are you doing here? Don't you know that the Priest's Palace is not allowed to enter?"

"Why do these guards look so good?"

"They seem to be fake."

Soon, these patrolling guards realized that something was wrong and shouted. Below, he rushed over.

Mad! Identity revealed!

Seeing the patrolling guards from before, Qiangxiong and the others had no time to escape, so they had to bite the bullet and fight fiercely with the other party.

For a time, the sound of fierce fighting and shouting resounded through the sky above the entire palace.

the other side!

After Yue Feng ran for a while, he heard the sound of fighting in the direction of the priest's hall, and then, many patrolling guards kept rushing over.

Haha...

These idiots must have their identities revealed.

Yue Feng showed a smile, his body relaxed, and he took advantage of the night to walk towards the direction outside the palace.

Yue Feng thought about it, and waited until the paralysis on his body disappeared completely, and then came back to explore the palace. After all, knowing that the sacred book of jade is here, you can't come here for nothing.

After walking for a while, Yue Feng felt that his head was getting bigger.

This palace is really big, and it was still night, Yue Feng felt that he had entered a huge labyrinth, and he couldn't find the palace gate no matter how he walked.

Nima.

You wouldn't be trapped here, would you?

Depressed, when he heard a bedroom in front of him, the lights were still on, Yue Feng lightly walked in and walked in slowly.

Forget it, grab a palace maid and ask.

hiss!

As soon as he walked in and saw the scene inside, Yue Feng was shocked and couldn't help taking a breath.

I saw that inside this bedroom, the decoration was very luxurious and resplendent, and even the bed was carved from ivory.

Holy crap...it wouldn't be so coincidental.

Is this the queen's bedroom?

Yue Feng took a deep breath and continued to look inside, and he was stunned!

I saw a beautiful and sexy woman sitting on the ivory bed. The woman had long blond hair, delicate facial features, and was wearing a pale golden nightgown. Her charming curves made people unable to take their eyes off her.

Beside them, two beautiful palace maids waited quietly.

What the hell!

Really queen.

Feeling the powerful aura on the woman, Yue Feng realized that this is the queen of the Golden Lion Principality.

After watching for more than ten seconds, Yue Feng gradually reacted and couldn't help but pat himself.

I was going to leave the palace in the chaos, how could the queen be fascinated by it? !

Muttering in his heart, Yue Feng was about to turn around and leave.

At this moment, the movement outside grew louder and louder.

"What's going on outside?" The

Queen frowned, and ordered the two palace maids beside her, "Go out and see!!"

"Yes." The two palace maids responded in unison and walked out of the palace quickly.

call!

At this moment, Yue Feng didn't have time to think, and quickly hid behind the pillar to avoid being discovered by the two palace maids.

Chapter 3390

Hula!

As soon as the two palace maids left, a team of patrolling guards ran over and guarded around the palace.

"There are assassins infiltrating the palace!"

"Protect Her Royal Highness!"

Seeing this situation, Yue Feng wanted to cry without tears.

Nima, I can't leave now.

Swish!

At this moment, the queen stood up suddenly, walked to the door, and asked, "What's the matter?"

"Go back to Your Majesty." to the palace." The

queen frowned, "You must catch them, and never let them run away."

"Yes!"

While the queen asked the guards, Yue Feng walked in quietly and hid behind the ivory bed. Now there are guards everywhere outside, and in a short period of time, it is definitely impossible to leave. It is better to hide in the Queen's palace and watch the changes.

At this time, the queen returned and sat on the ivory bed.

At this moment, through the hollowed-out ivory bed, Yue Feng admired the Queen up close and couldn't help but sigh.

I really did not expect that there is such a beautiful queen in Roland Continent.

"Protect the queen, catch the assassin!"

Just as Yue Feng was secretly admiring the queen, suddenly, a loud shout came from outside, and then, a man in golden armor walked in quickly.

“Mengyi?”

Seeing the person coming, the queen frowned and looked very displeased: “What are you doing here?”

The man’s name is Mengyi, and he holds the title of Marquis. His status is second only to the Queen. One person is below ten thousand people. It can be said that he is powerful. Recently, he has secretly cultivated his own power, which seriously threatens the Queen’s status.

In the past few days, the Queen is trying to figure out how to get rid of Meng Ying, so seeing him at this time will naturally not have a good face.

“Your Majesty!”

Feeling the Queen’s displeasure, Meng Yi did not panic at all, and said hypocritically, “I just heard that an assassin broke into the palace, so I rushed over to escort me.” The

Queen exhaled softly and said coldly: “Assassins are outside, if you are really loyal to me, go over and catch them all. Also, this is my bedroom, there is no summons, and you are not allowed to enter, understand?”

However, Mengyi didn’t seem to hear, Standing there smiling without saying a word.

Seeing this scene, the queen became even more angry: “Meng Yi, you can’t hear me?”

Hehe...

Meng Yi didn’t answer, but clapped her hands!

Whoa!

In an instant, a dozen people broke in from outside and surrounded the Queen.

The queen was extremely frightened and shouted: “Mengyi, what do you mean? Are you going to commit the following crimes, treason?”

“

At the same time, Yue Feng, who was hiding behind the ivory bed, was secretly taken aback.

This guy named Meng Yi is so daring, he actually wants to do something to the queen.

With a proud face, Meng Yi smiled and said, "Yes, I'm going to rebel today. Anyway, you're ready to get rid of me. It's better to take the initiative to attack, right?"

Said, Meng Yi glanced outside and continued: "I didn't plan to do it today, but the assassins created perfect conditions for me, hehe, now the guards of the entire palace are attracted by the assassins to the priest's hall. Now, no one will bother to come here, and these guards guarding your palace are all my people."

"If you are a little bit sensible, give your place to me, otherwise, don't blame me for being rude!"

What? ?

The guards outside are also his people?

The ultimate husband in Chinese chapter 3391-3400

Chapter 3391

Hearing this, the queen's delicate body trembled: "Mengyi, even if you kill me tonight, you won't get the support of the people..."

Before she could finish speaking, Mengyi interrupted .

"Of course I won't kill you myself." Meng Yi smiled evilly and said word by word, "It was these people around you who killed you. After they took your life, I will use the charge of an assassin. Catch them all."

"Wait until tomorrow morning, I will announce to the entire principality that you were killed by an assassin, and I will come to rescue you, but it is a step too late, and then everyone will elect a new king. "

And I am the most suitable candidate, understand?"

After the last sentence, Meng Yi laughed proudly.

"You..."

At this moment, the queen was so angry, her delicate body kept trembling, and she was speechless for a while.

At the same time, Yue Feng also frowned secretly.

Mad, this blindfold, let his subordinates pretend to be assassins to deal with the queen and get rid of the responsibility himself. This trick is really poisonous.

At this time, Meng Yi stopped talking nonsense, raised his hand and pointed at the Queen: "Kill her!"

Buzz...

In an instant, the people around burst out with holy energy and went towards the Queen!

Seeing everyone rushing over, the queen bit her lip tightly, her delicate face full of anger and coldness: "Mengyi, just these people want my life? You really underestimate me."

Om!

This chapter is provided by . Visit for daily update.

The voice fell, and a powerful holy force burst out from the Queen's body. In an instant, the air in the entire bedroom seemed to be stagnant.

The Queen is not only the ruler of the Principality of the Golden Lion, but her cultivation strength is also very strong.

“Crack!”

Then, with a crisp sound, a golden long sword appeared in the Queen's hand.

This golden long sword, made of special metal, is a symbol of the kingship of the Golden Lion, and only the kings of all dynasties can have it.

As soon as the golden sword came out, the entire bedroom was shrouded in a golden glow.

At this moment, everyone around was inexplicably panicked.

“What are you panicking about?”

Seeing this situation, Meng Yi frowned and shouted: “She is only one person, no matter how strong she is, it won't last long. As long as the big event is accomplished tonight, all of you will be heroes.”

Listen . At this point, everyone's heart is certain, speed up, and surround the queen in the middle.

Obviously, these people were specially trained by Meng Yi, and they cooperated very well with each other. I saw that the Queen was holding a golden sword and her figure was agile and elegant, but she couldn't rush out.

call!

Seeing this scene, Yue Feng couldn't help but take a deep breath, and then sat there cross-legged, urging the inner strength of his dantian to drive out the anesthetic residue in his body.

At this time, Yue Feng was very anxious, because he knew that once the queen was killed, Meng Yi would definitely search the entire palace, and at that time, his whereabouts would be exposed.

Under such circumstances, it is necessary to restore strength as soon as possible.

While expelling, Yue Feng also paid attention to the situation in front of him.

I saw that the Queen was holding a golden sword, and surrounded by everyone, her figure shuttled back and forth, and her perfect figure was displayed, which was simply too beautiful.

Soon, half an hour passed, the Queen's holy energy consumption was too much, the speed slowed down, and there was a bit of fatigue on her delicate face.

Haha...

Seeing this scene, Meng Yi was indescribably proud, and shouted: "Let's face the reality, don't struggle!" The

queen bit her lip and didn't respond. She continued to wave her golden sword and supported her hard.

"Alas!"

At this moment, a sigh came from behind the ivory bed: "So many people beat one, you are really embarrassing." The voice fell, and a black shadow was seen, like thunder and lightning, towards The crowd in front of the queen left.

Chapter 3392

This shadow is exactly a chair.

boom!

The crowd didn't have time to react, and one of them was hit directly in the head, and suddenly fainted.

Mad!

Seeing this scene, Meng Yi and the surrounding subordinates were shocked and angry, and they all looked behind the ivory bed.

I saw that a handsome figure came out slowly, and there was a bit of coldness on his resolute face.

It was Yue Feng.

At this time, the queen also trembled, when did this person hide here? I never knew it myself.

Swish!

At this moment, everyone's eyes were focused on Yue Feng.

"I can't control you, but if so many people bully a woman, then I can't just sit back and ignore it." Yue Feng stretched his body and said slowly.

After half an hour of dispersing, the anesthetic in Yue Feng's body had completely disappeared.

Hearing this, Meng Yi's face became gloomy, and he said coldly: "Who are you? Dare to talk to me like this, courting death?" After speaking

, Meng Yi glanced at the queen, guessed something in her heart, and laughed and mocked: "Oh, I see, this is the man you hid in the palace, right? It just so happens that you will be executed together tonight."

At this moment, in Meng Yi's heart, Yue Feng was the man the queen hid in the palace. Will hide behind an ivory bed?

Swish!

The queen's delicate face suddenly flushed red, shy and angry, and shouted at Meng Yijiao: "Shut up, I don't know him at all."

This blindfold not only commits the following crimes, but now slanders his innocence, how can he bear it?

The voice fell, and Yue Feng also said: "Yes, I have nothing to do with the Queen, you stop talking nonsense here."

Nonsense?

Meng Yi sneered, too lazy to talk nonsense: "No matter who you are, since you are hiding in the bedroom, don't even think about going out alive." With that, he raised his hand and waved, and the surrounding men quickly surrounded Yue Feng.

Ha ha!

Looking at the people who rushed away, Yue Feng did not panic at all. Ever since he was deceived by Zhan Chao, a fire was simmering in his heart, and now he was just using these people to vent his anger.

Thinking to himself, Yue Feng raised his fist directly!

Bang!

The person who rushed to the front, before he could react, was punched in the face by Yue Feng, the whole person was smashed into the air, and immediately passed out after landing!

What? !

Seeing this scene, whether it was the Queen, or Meng Yi and his subordinates, they were all shocked and their faces were full of astonishment.

This... this guy is just a holy king, he knocked out someone with a punch? !

You know, Meng Yi's subordinates are not low in strength, but in front of this guy, they have no resistance at all.

Could it be that he is the assassin who broke into the palace?

Under the shock in his heart, the other people who rushed to him didn't dare to act rashly, they secretly swallowed their saliva and looked at Yue Feng's eyes with a bit of dread.

"Your Excellency the Marquis!"

Finally, one of his subordinates cautiously said to Meng Yi, "This guy is a bit evil, what should I do?"

Meng Yi's face was black, and he yelled angrily: "Trash, this guy is only in the realm of the Holy King, and it's just one person, what are you all cowardly?! Let's go together, kill him first, and then kill the queen!"

According to the plan, to Before the assassins outside were caught, I killed the queen first, so that I could put the blame on those assassins, but I never thought that a man suddenly appeared and disrupted the plan.

Whoops!

Hearing Meng Yi's anger, more than a dozen of his subordinates took a breath, burst into holy energy again, and charged directly towards Yue Feng.

Chapter 3393

Yue Feng's face is relaxed, not panic at all.

Although Meng Yi's subordinates are not low in strength, in Yue Feng's eyes, there is no threat at all.

However, Yue Feng did not show his real strength, but pretended to be very scared, screaming and dodging around.

"Oh, I want to bully the less, I'm not a hero."

While dodging, Yue Feng kept moving the things in front of him to block the steps of the people behind, tables, screens, chairs, and even ivory beds. , all moved by Yue Feng.

“Ow!”

A guy, seeing that he was about to catch Yue Feng, slammed his head on the table, couldn't help howling, and squatted down, bowing like a shrimp.

“Whoops!”

“Ah...my eyes!”

In the next few minutes, the rest of the crowd were either hit in the face by the chair or hit the ivory bed, and in the end, fell to the ground one by one, The expressions were painful, and they all lost their fighting power.

Mad!

Seeing this scene, Meng Yi was about to explode with anger. So many people besieged a person, not only did he not catch him, but he was also knocked down in this way, which was really shameful.

This...

At the same time, the queen is also trembling, looking at Yue Feng's eyes, full of surprise.

So many people were knocked down by him using furniture, which is very lucky.

In the Queen's heart, Yue Feng was not as powerful as the Holy King, but he used furniture to defeat so many people. Apart from being lucky, he couldn't think of any other reason to explain it.

“you wanna die!”

Finally, Meng Yi reacted, glared at Yue Feng, and rushed over after shouting angrily.

Haha... Seeing that Meng Yi was

completely irritated, Yue Feng smiled secretly, but his face showed a very panicked look: “Aiya, are you angry?”

Circling around the palace.

When Yue Feng was dodging Meng Yi's men just now, he pulled the table and chairs, seemingly casual, but he was actually deploying a formation.

At this time, the formation has been formed, as long as Mengyi is trapped, don't think about it.

Meng Yi didn't know what the mystery of these moving furniture was. He wanted to kill Yue Feng on the spot, but after chasing it for a while, he realized that something was wrong. The distance between myself and the guy in front of me is obviously less than two meters, but I can't catch up.

Moreover, the surrounding furniture seems to have spirituality, and it seems that it can change its position with its own movements.

Time passed by minute by minute, Meng Yi vomited blood, but he still couldn't catch Yue Feng!

Phew...

Seeing this scene, the queen standing there was also full of astonishment!

She clearly saw that Yue Feng was pursued by Mengyi, fled the palace, and was in a state of indescribable embarrassment, but Mengyi couldn't catch him.

How could this be?

Meng Yi is a saint. This person is just a saint king. The disparity between the strengths of the two sides is so great that Meng Yi should be able to catch him soon, but at this time, he is playing around with him.

Who is he? Are you with the assassins outside?

But if he was an assassin, why would he help him deal with Meng Yi?

Thinking to herself, the queen frowned, staring at Yue Feng's figure, completely confused.

Soon, half an hour passed.

Meng Yi was sweating profusely, but he was still two meters away from Yue Feng.

"Your name is Meng Yi, right!"

At this moment, Yue Feng stopped and looked at Meng Yi with a smile, with a bit of drama in his eyes: "Seeing that your status is not low, your strength is average, even me You can't catch such a nameless soldier, and you still want to be a king? Aren't you afraid of being laughed at? Haha..."

Chapter 3394 The

last sentence fell, Yue Feng laughed proudly, his eyes full of drama.

Yes, Yue Feng just wanted to provoke Meng Yi on purpose.

“Mad, you are courting death!” Meng Yi was completely furious.

At this moment, Mengyi Shengli burst out, suddenly raised his arm, and heard a click, revealing a silver sleeve arrow.

It’s just that Xiu Jian did not aim at Yue Feng, but instead aimed at the Queen.

At this time, Meng Yi was already furious, but he still retained a bit of rationality. He realized that Yue Feng was deliberately delaying time with himself. In this case, he must kill the queen first.

As long as the queen is killed first, there will be no worries, and when that time comes, I will slowly clean up this guy.

What the hell!

Seeing this situation, Yue Feng scolded secretly, and at the same time shouted at the Queen: “Get out of the way!”

Whoosh!

That is, at this moment, Mengyi buckled the motor spring, and the silver sleeve arrow shot out, tearing the air, turning into a cold light, and heading towards the Queen’s heart.

Hidden arrows were so fast that the queen couldn’t react at all.

Seeing that Xiu Jian was about to hit the Queen, at this critical moment, Yue Feng didn’t have time to think about it, but luckily, he rushed over and blocked in front of the Queen.

To be honest, Yue Feng and the Queen didn’t know each other, so there was no need to block the arrows for her, but I thought that the Holy Book of Jade was in this palace, and only the Queen knew where it was. If the Queen dies, I’m afraid I will never be able to find it. arrive.

“You...”

Seeing Yue Feng standing in front of her, the queen reacted and her body trembled.

She never thought that this person would stand in front of her recklessly.

puff!

At this moment, the Xiu Jian hit Yue Feng, piercing almost the entire right shoulder. In an instant, blood came out, dyeing half of his body red!

When the pain came, Yue Feng couldn't help but gasped! But he gritted his teeth and didn't shout, his eyes stared at Meng Yi, and he showed a smile: "You are also a person with a head and face. Isn't it shameful to use such despicable methods?"

"A piece of cloth was torn off from his body and quickly wrapped around the wound.

Mad....

Meng Yi was stunned for a moment, he did not expect that Yue Feng would help the queen to block the arrow.

The next second, Meng Yi sneered and said, "Those who achieve great things are not careful about the details. As long as they can kill you, they don't care about their methods. I'll tell you, there's a poison on the sleeve arrows. Before I lose ten counts, you will be poisoned to death."

Said, Meng Yi looked proud, and began to count: "One...two..."

However, after counting a few, Meng Yi couldn't help frowning secretly, and saw Yue Feng's expression as usual, No sign of poisoning at all.

How could this be?

What's wrong with this guy?

At this time, Meng Yi didn't know that Yue Feng had a special physique and was immune to all poisons.

"Your poison doesn't work!" Yue Feng showed a smile and said to Meng Yi, "It seems that you are not very lucky today, even God will not help you, I think you should give up and surrender. "

You..."

Meng Yi was furious, his face was extremely ugly, and he was also a little panicked at this time.

This person, obviously only has the strength of the Holy King, but he has defeated so many of his subordinates at once, and now, he has been poisoned by his own arrow, and he has nothing to do. Could it be that this kid is really the nemesis sent by God?

"Sister!"

At this moment, a shout suddenly sounded outside, and then a slender figure walked in, dressed in a long court dress, with charming curves and delicate facial features.

It was the Queen's sister, Angie.

Seeing An Qi, the queen's expression changed, and she quickly shouted: "An Qi, don't come in!" But it was still too late.

Um?

Seeing the situation of the palace, An Qi was stunned for a moment, and saw that the whole palace was in a mess, and there were more than a dozen people lying on the ground. Not only that, but Meng Yi, and a strange man.

Chapter 3395

Without waiting for An Qi to react, Mengyi's eyes flashed fiercely, and he rushed up quickly, grabbed An Qi directly, and put his right hand on her jade neck.

In the next second, Meng Yi had a grim face and shouted at the queen: "Pass the position to me immediately, or I will kill her!"

At this time, Meng Yi was completely crazy, and he thought that he would be able to kill it smoothly tonight. The queen, as a result, was disrupted by a strange guy. Since she could not kill the queen, she could only use her sister to threaten.

"Meng Yi."

An Qi looked panicked and scolded: "You are so bold, you dare to commit the following crimes, have you thought about the consequences?"

At the same time, the queen trembled and shouted: "Meng Yi, let my sister go!" What the

hell!

Seeing this, Yue Feng frowned secretly.

The woman caught by Meng Yi turned out to be the queen's sister, which is in trouble.

Thinking to himself, Yue Feng took a deep breath and said to Meng Yi: "Meng Yi, accept the facts, stop fighting the beasts, and let the people go."

Meng Yi said with a grim face, "Give it to me. Shut up, what kind of thing are you qualified to teach me?"

Yue Feng sighed and continued: “Mengyi, taking an unarmed woman as a hostage, and delusional desire to be a king, as a man, do you still need a face? ?”

“What did you say?”

Meng Yi was furious, his body filled with murderous aura.

As a marquis, he has power over the entire Golden Lion Principality. Whoever sees him is not respectful, but this kid in front of him humiliates him so much.

In anger, Meng Yi stared at the Queen: “Kill this kid immediately, and then pass the throne to me, otherwise, wait for your sister to collect the body.” In the

last sentence, Meng Yi almost howled out. .

To be honest, Meng Yi really wanted to kill Yue Feng with his own hands, but he chased him for half an hour just now, and he couldn't even touch the corner of his clothes, so he could only endure his anger and force the queen to take action.

As he spoke, Meng Yi's right hand exerted force, and when he saw An Qi's delicate face, it suddenly turned purple, almost breathless.

“Stop...”

Seeing this scene, the queen panicked and couldn't help shouting, and her eyes fell on Yue Feng.

The origin of this person is unknown, and he has sneaked into his own bedroom. Even if he helped him block the arrow just now, he couldn't forgive him lightly. It's better to listen to Meng Yi's words, kill this person and change his sister's life.

Seeing the Queen's gaze, Yue Feng couldn't help but whisper: “Your Majesty, you must not believe him, even if you kill me, he will not let your sister go.”

Yue Feng's voice was very low, only Only the Queen can hear.

Yes...

Hearing this, the queen suddenly fell into a tangle.

Meng Yi is ruthless, how can he believe his words? Even if he killed the man in front of him, Meng Yi would not necessarily let An Qi go easily.

But... If you don't do it yourself, An Qi is just as dangerous.

“Your Majesty!”

Just when the Queen was secretly anxious, Yue Feng continued to whisper: "There is only one way now, I will hold him back and you will attack."

"You shoot from the ivory bed on the left, he can't react. Come."

Ivory bed?

The queen glanced at the ivory bed, just to the left of Mengyi, and frowned immediately.

Is it possible to succeed at such a close distance? Meng Yi will definitely take precautions in advance.

Seeing that the Queen was still hesitating, Yue Feng was a little anxious: "Trust me!"

The surrounding tables, chairs, screens and ivory beds were just deployed by Yue Feng into a formation, and Mengyi was in the center of the formation. Vision has been affected by the formation, in other words, the queen launched a surprise attack from the position of the ivory bed, and Meng Yi couldn't see her at all.

call!

Seeing Yue Feng's serious face, the Queen nodded. I don't know why, the person in front of him seems to be careless, but his words are inexplicably convincing.

Yue Feng no longer hesitated, and smiled at Meng Yi: "Meng Yi, being so stiff is not a solution. Let's make a deal. I advise the queen to give up the throne to you, and you let her sister go."

The ultimate husband in Chinese chapter 3396-3400

Chapter 3396

Hehe...

Hearing this, Meng Yi smiled disdainfully: "Can you persuade the Queen to treat me as a child?"

Just as the two of them were talking, the Queen took the opportunity to quietly move behind the ivory bed.

"If you don't believe me, then I can't do anything about it." Yue Feng shrugged, looking relaxed: "Do you think the queen doesn't know what you're thinking? Even if she kills me, you won't let her go. Sister, right."

Meng Yi snorted softly, too lazy to talk nonsense, and also found that the queen behind Yue Feng suddenly disappeared.

Mad, something is wrong.

hum!

Just when Meng Yi realized that something was wrong, suddenly, a dangerous breath came from the direction of the ivory bed next to him.

From Yue Feng's point of view, he saw the golden sword held by the Queen, stabbed directly towards Meng Yi.

But from Mengyi's angle, the Queen's figure could not be seen at all.

"Ah..." In the

next second, a golden light shrouded him, and Mengyi couldn't open his eyes due to the flash of light. When he reacted, he only felt a pain in his heart, and he saw the queen's golden sword, which pierced directly. his heart.

Blood dripped down the golden sword, staining the floor red.

"You..."

Until this moment, Meng Yi saw the queen. Under the severe pain, her voice trembled, and she was also extremely shocked.

This chapter is provided by . Visit for daily update.

This is impossible, how could she suddenly appear in front of him?

In the next second, Meng Yi's face was full of unwillingness, and he fell to the ground all of a sudden, dying of breathlessness. Until he died, he didn't know that he was actually killed by Yue Feng's formation.

Pfft!

The moment Mengyi died, An Qi also fell to the ground softly due to lack of oxygen, and passed out in a coma.

"Sister..." The Queen hurried over to check on An Qi, and she was relieved to see that she had just passed out.

The next second, the Queen looked back at Yue Feng, her eyes full of surprise and doubts.

done!

The method he just said was really successful.

It's just...it's so unreasonable.

Thinking to herself, the Queen couldn't help but say, "Who are you? What happened just now?"

At this time, Yue Feng moved the table, chair, and screen to their original positions. Hearing the Queen's question, Immediately smiled: "Your Majesty, don't panic, in fact, I..."

Just halfway through, I heard footsteps coming from outside.

Yue Feng didn't have time to think, and quickly hid behind the ivory bed.

The queen frowned and wanted to scold, but she held back. She was the queen, and there was a strange man in the palace. If the guards saw it, it would inevitably lead to misunderstanding.

Whoops!

Just as Yue Feng was hiding, dozens of palace guards walked in quickly.

"Your Majesty!" The

headed guards respectfully said to the Queen: "All the assassins who broke into the palace have been captured. For the preliminary interrogation, the leader of this gang is called Qiangxiong."

When he said this, the guards looked around. In the bedroom, everyone is covered!

I saw that Marquis Meng Yi fell in a pool of blood, and there were more than a dozen people around, unconscious. Not only that, but the queen's sister, An Qi, also fainted there.

Um!

The queen sat on the ivory bed, nodded, and then said coldly: "Meng Yi attempted to rebel and led someone into my bedroom, and I have already killed him. Immediately report this matter to the entire principality.

", the queen waved her hand: "Get the Mengyi corpse out."

"Yes, Your Majesty!" The guard quickly responded, and immediately put Mengyi's corpse and Mengyi's subordinates out.

Later, the queen called the maid again and took An Qi back to rest.

Chapter 3397

After a while, the blood in the bedroom was cleaned up, and everyone withdrew.

“Okay!”

At this moment, the Queen took a deep breath and said to Yue Feng who was behind the ivory bed, “You can come out!”

Yue Feng walked out slowly, smiled at the Queen and said, “Since it’s all right, I also say goodbye!” With that, he turned to leave.

“Stop!”

However, before taking two steps, I heard the Queen scolding coldly: “Who are you? What was the purpose of lurking in my bedroom before?” I

have to say, this Queen has a strong aura. Ye Feng’s heart skipped a beat at the reprimand.

Uh...

But Yue Feng quickly calmed down, scratched his head, and while thinking, he responded: “Your Majesty, calm down, in fact, I’m a new palace guard, I’m not familiar with the palace environment, and I made a mistake tonight. When I entered His Majesty’s palace, I was afraid that His Majesty would blame him, so I hid it temporarily.”

Yue Feng knew that the palace was strict and strict, no matter how he explained it, he was guilty, so he might as well make up a lie that he was a guard.

The new palace guard?

Hearing this, the queen frowned, and couldn’t help looking up and down at Yue Feng: “You still dare to deceive me? You are a criminal, but you say you are a new guard? What’s the crime?”

“

Yue Feng’s heart skipped a beat, and he was stunned.

How did she know she was a criminal?

The next second, Yue Feng followed the Queen’s gaze, looked at his right arm, and understood at once.

He saw that there was a red mark on his right arm. Obviously, this was a special mark only for criminals. Because of the mark, the queen concluded that she was a criminal.

“Okay!”

Unable to hide it, Yue Feng couldn't bear it any longer. He nodded with a wry smile and said, “My name is Fengtao, and I am the one from your five major principalities who asked the principality of the day to hand over.”

After that, Yue Feng said Tell what happened today, one by one.

call!

Hearing this, the Queen breathed a sigh of relief, and looked at Yue Feng's eyes, full of complexity: “Even if you broke into my bedroom by chance, why don't you make it clear? Do you have to make up lies? I see you This person is very dishonest!”

After speaking, the Queen shouted outside: “Someone, put this person in jail for me.”
What the

hell?

Yue Feng was taken aback, he didn't know whether to laugh or cry!

Just now, I saved you anyway, but I just told a lie and I'm going to be put in jail?

This queen is too unreasonable!

Whoops!

Soon, several palace guards rushed in, took out the rope, and prepared to tie Yue Feng Wuhua.

Seeing this situation, Yue Feng's internal force was running and he was ready to resist.

When facing Meng Yi before, Yue Feng didn't want to reveal his strength, but there was nothing he could do about the situation in front of him.

“Well...”

But at this moment, I heard the queen on the ivory bed, her brows furrowed, and a low groan came out of her mouth. Her delicate face suddenly turned pale with pain.

Yes, before the fierce battle with more than a dozen men of Mengyi, the queen was hit hard, but she endured it at first.

Whoa!

At this moment, the expressions of several guards changed.

“Your Majesty...”

“No, Your Majesty is injured!”

Seeing this scene, Yue Feng was also stunned, and then he understood something.

This queen’s character is really tough. She was seriously injured, but she can endure it until now.

Chapter 3398

For a time, the entire bedroom was in chaos, and several guards rushed to find the palace pharmacist, temporarily unable to take into account Yue Feng.

“Your Majesty!”

Soon, an old man walked in quickly, holding several potions in his hand, and respectfully walked up to the Queen: “Take the healing medicine quickly.” The

old man’s name was Gou Dong, the Queen’s royal pharmacist.

call!

Seeing that Gou Dong brought the healing medicine, everyone in the palace couldn’t help but breathe a sigh of relief.

“Wait a minute!”

However, at this moment, before the Queen could take the healing medicine, Yue Feng suddenly shouted and said solemnly at the Queen: “Your Majesty, in your current situation, it is useless to take this healing medicine. If you don’t get it right, it will aggravate the injury.”

Yue Feng has high attainments in medicine, and he could tell at a glance that the Queen had just fought fiercely with Meng Yi’s subordinates, and her heart was damaged.

And the healing medicine that Goudong brought can only temporarily relieve the pain, not the root cause.

Swish!

Hearing this, whether it was the Queen or Gou Dong and the others, their eyes suddenly converged on Yue Feng, each with a surprised expression.

Finally, the queen reacted and said lightly: "How do you know that this medicine is useless?"

Yue Feng showed a smile: "I have studied medicine, and, just now, you and Meng Yi's men fought fiercely, and I was there, of course I am clear! "

Have you studied medicine?

Hearing this, the queen was stunned for a moment.

And Gou Dong and the surrounding guards also looked at each other, and then couldn't help but laugh.

"A criminal who actually said that he has studied medicine? Haha..."

"This person is not honest..."

At this time, Gou Dong also hurriedly said to the Queen: "Your Majesty, this person is completely talking nonsense. How could the medicine that my subordinates bring to treat internal injuries doesn't work?"

Gou Dong didn't forget to glare at Yue Feng when he said this.

He is a dignified royal pharmacist and is highly valued by the Queen, but he was told by this criminal that the medicine was useless, where would he put his face in the future?

Yue Feng didn't care about everyone's discussion, but took out a pill from his body.

"Your Majesty!" In the

next second, Yue Feng looked at the Queen with a smile, and said slowly: "My medicinal pill, called Heart Quenching Pill, has a miraculous effect on treating internal injuries. Your Majesty can try taking it!

" It specializes in the treatment of damaged heart vessels. Half a year ago, Yue Feng made a few and kept them with him.

What?

Hearing this, both the Queen and Gou Dong frowned.

Heart quenching pill? What kind of drug is this? How have never heard of it.

Yue Feng was too lazy to talk nonsense, so he went over and gave the elixir to the queen.

“Stop!”

However, just two steps away, Gou Dong stopped him.

At this time, Gou Dong, with a look of suspicion and anger, scolded Yue Feng: “You are so bold, take out a pill and give it to the Queen? I think you are poison, and you want to murder Her Majesty the Queen. !”

After speaking, Gou Dong said to the Queen, “Your Majesty, this man has ulterior motives, don’t believe what he says!” The

voice fell, and the surrounding guards all nodded.

“Yeah, this person is a criminal, and he has to be guarded.”

“Let’s lock him up!”

Everyone’s discussions kept coming, Yue Feng couldn’t laugh or cry, and was very depressed.

Mad, these people are too suspicious.

call!

Chapter 3399

At the same time, the queen frowned and hesitated in her heart.

What Gou Dong and others said made sense. This Feng Tao was a criminal escorted from the Principality of Zuri, and he had a close relationship with the woman who pretended to be the goddess of light, so he had to guard against it.

“Your Majesty!”

Seeing the Queen’s expression, Yue Feng said with a wry smile: “If I wanted to harm you, I would have helped you deal with Meng Yi just now? Besides, my life is now in your hands. If I give you poison, I am not courting death. Is it?”

Hearing this, the queen pondered.

After more than ten seconds, the queen put down her guard, nodded and said, “Okay, I will trust you once.” After saying that, she took the medicinal pill from Yue Feng and took it.

At this moment, Gou Dong wanted to stop him, but he didn't dare, so he was secretly anxious.

At the same time, the surrounding guards all stared at the Queen, quietly waiting for the effect, while tightly surrounding Yue Feng.

As soon as the queen felt any discomfort, the person was killed immediately.

Seeing this situation, Yue Feng did not panic at all, but looked relaxed and relaxed.

In a blink of an eye, ten minutes passed!

I saw that the queen's pale face suddenly became ruddy, and her complexion was much better.

call!

The queen showed a smile, her eyes fell on Yue Feng, and she couldn't help but say, "This Heart Quenching Pill is really amazing, and the pain has been relieved a lot in an instant!" The

voice fell, and Gou Dong and the surrounding guards were all shocked.

It's incredible to have such an effect in such a short period of time.

In the next second, the queen looked at Yue Feng closely, her eyes were a bit dignified: "Although you healed my wounds, I have a question. I still need to ask you, what is your relationship with that goddess of light?

"Also, did the Principality of Zuri use the name of a fake goddess to start a war, did you also participate?"

When she said this, the Queen's tone was gentle, but there was an irrefutable aura.

call!

Yue Feng took a deep breath and responded, "Go back to Her Majesty the Queen, that fake goddess of light is called Miao Ying, and she is my friend. We were separated before, so I don't know how she faked the goddess, but I believe she must be I have my own reasons..."

In the next few minutes, Yue Feng told the situation, of course, he and Miao Ying were from other worlds, so they kept it a secret, after all, this kind of thing was too shocking.

It turned out to be so.

Hearing this, the queen nodded, and then said softly: "Since this is the case, I will not pursue it. From now on, you will be named as the front guard of the palace, are you willing to be loyal to me?"

The person in front of him, not only He helped himself to eradicate the blind wings, and his medical skills were so brilliant, so he had to make good use of such talents.

This...

Feeling the expectation of the Queen, Yue Feng was stunned for a moment, then nodded and said, "Thank you Your Majesty for the reward, it is my honor to be loyal to Her Majesty, and I am willing to stay."

When he said this, Yue Feng's face was serious, and his heart was even more excited.

Haha... I

was still thinking about how to stay in the palace so that I can search the whereabouts of the holy scriptures, but I never thought that the queen would seal herself as a guard in front of the palace.

What?

On the other hand, Gou Dong and the surrounding guards were all stunned.

Your Majesty made this guy a front guard?

The next second, Gou Dong took a step forward and persuaded the Queen: "Your Majesty, this person is a criminal, and it seems a bit ill-considered to designate him as a guard in front of the palace."

Hearing this, the surrounding guards nodded.

This wind wave, but the strength of the Holy King, how can he be qualified to be the guard in front of the temple?

Swish!

The Queen's face was full of displeasure, and she said to Gou Dong, "What should I do, do I still need you to teach me? Step back!"

Seeing the Queen's anger, Gou Dong's heart trembled: "Don't dare! Don't dare!" Get back quickly.

The guards around were also trembling and did not dare to talk nonsense.

Chapter 3400

“Okay!”

At this time, the queen waved her hand: “It’s getting late, you all step back.” This night, it was an assassin and a rebellion. It was really tiring.

Gou Dong and the guards responded and hurriedly exited the palace.

Yue Feng also walked out, and was named a guard in front of the palace, and Yue Feng had a special place to rest.

That night, Yue Feng slept soundly.

The next morning, someone brought soft armor specially worn by the guards. After Yue Feng put it on, he felt indescribably happy.

Haha...

As the front guard of the hall, it is more convenient to find the sacred book.

As long as you find the second half of the sacred book, you will quickly find Miao Ying, and then you will be able to leave this different world.

During the day, the queen has to deal with a lot of things and should not be in the palace.

Thinking to himself, Yue Feng walked out of the room humming a little tune and walked towards the Queen’s resting palace.

“Stop!”

Just after a few steps, I heard a scolding from behind.

Yue Feng stopped, looked back and frowned. I saw a pair of patrolling guards walking towards this side, each with a bad expression.

The one in the lead, about thirty years old, with a proud face, was the captain of the patrolling guard team, Yuan Shitong.

When he got to the front, Yuan Shitong looked up and down at Yue Feng: “You are the front guard that His Majesty just appointed last night? Feng Tao?”

Yuan Shitong is arrogant and arrogant. He learned that a person with the strength of a holy king was named the front of the palace by the queen. Guard, I’m very upset, so I came here to take a look today.

“Yes, it’s me!” Yue Feng nodded.

Yuan Shitong couldn’t hide his contempt, and sneered: “I heard that you killed Wenliang before, and last night, you helped His Majesty get rid of Mengyi? I thought it was so powerful, but it looks like that.”

This man However, with the strength of the Holy King, he can actually be the guard in front of the hall, and I don’t know what His Majesty thinks.

The voice fell, and the other guards behind him also laughed, looking at Yue Feng’s eyes with contempt.

Seeing this situation, Yue Feng was too lazy to talk nonsense, and said lightly: “Is there anything else? If it’s okay, I’m leaving!” After speaking, he turned around and left.

Um?

Seeing Yue Feng’s attitude, Yuan Shitong frowned, very upset!

“It’s not too small.” In the

next second, a guard stopped Yue Feng’s way, and shouted arrogantly: “Will you go? When you meet the captain, don’t swear, there are no rules at all.”

This guard His name is Zheng Hang, Yuan Shitong’s valet, and he knows how to beat the horse. He saw that Yuan Shitong was very upset with Yue Feng, and wanted to show it.

Yue Feng frowned: “I’m the guard in front of the hall, and you are the patrol guards. Even if you see your captain, there is no need to salute.”

“You!”

Hearing this, Zheng Hang’s face flushed and he could not speak words come.

Because Yue Feng said it well, the guards in front of the palace are directly under the jurisdiction of the Queen, and their status is higher than that of the patrolling guards. However, it was precisely because of this that Yuan Shitong looked at him unhappy.

“Interesting!”

At this time, Yuan Shitong came over, his eyes full of provocation: “According to your meaning, it is natural for you to be the guard in front of the palace, I am challenging you now, let me see how capable you are, Do you dare to fight?”

As a palace guard, you can’t fight in private, but the challenge is another matter.

At this time, Yuan Shitong had a confident face, and his strength as a saint could easily end this storm.

Whoa!

The voice fell, and Zheng Hang and others next to him were all excited.

“Captain is domineering.”

“Boy, our captain has challenged you, do you dare to fight?”

“I don’t think he dares, haha...”

The ultimate husband in Chinese chapter 3401-3410

Chapter 3401 The sound of

laughter kept coming, Yue Feng frowned.

Nima, aren't these people mentally ill? If you don't go on patrol, they have to trouble me?

Thinking to himself, Yue Feng looked at Yuan Shitong with a half-smile, "Challenge me? You don't seem to be qualified!"

What?

Hearing this, whether it was Yuan Shitong or Zheng Hang and others, they were all stunned, and then their anger rose.

"What a mad boy, he actually said that the captain is not qualified to challenge him."

"Who gave him the confidence?"

"To be so defiant?"

Under the discussion, Zheng Hang couldn't help it, and he came over and pointed at Yue Feng's nose and shouted: "Boy, I think you just don't know how to live or die, if you don't dare to fight, just say it, don't pretend to be here..."

"Go away!" Before he finished speaking

, Yue Feng suddenly became angry and raised his right hand suddenly, without a trace. A slap of the sign slapped Zheng Hang's face.

Snapped!

With a crisp sound, Zheng Hang's scream was heard, the whole person turned around in a circle, and finally sat on the ground, half of his face was swollen, very embarrassed.

To be honest, Yue Feng didn't want to do it at first, but these people in front of him were endlessly looking for trouble, and finally he couldn't help it.

Mad!

This chapter is provided by . Visit [for](#) daily update.

Seeing this scene, Yuan Shitong and the several guards behind him all changed their expressions and became furious.

This guy is so arrogant that he actually beat people?

“you...”

Zheng Hang covered his face and stood up with a grim face, pointing at Yue Feng and cursing: “Ma De, you dare to hit me? I think you don’t want to stay in the palace

any longer.” Yue Feng ignored him, but went straight Looking at Yuan Shitong, he said lightly, “Aren’t you challenging me? Okay, I will fight, but I have to add a bet.”

“Wait when I win, and when you see me later, you should respectfully call the boss, if I lose, I will immediately resign as the guard in front of the palace.”

What?

Hearing this, Yuan Shitong was stunned for a moment, and then sneered: “Boy, listen to you, you are sure to win? Hehe... just wait and get out of the palace.”

Yue Feng shook his head: “Who loses? Whoever wins, we’ll find out later!”

Yue Feng’s voice was not loud when he said this, but he showed a strong confidence.

Whoa!

At this moment, several guards hurriedly retreated to the distance, making room for the two of them. At the same time, all of them were inexplicably excited.

It’s been a long time since I saw the captain make a move, and this Feng Tao will definitely be abused badly.

What’s even more ridiculous is that Feng Tao, who dares to bet with the captain, really doesn’t know where the courage comes from.

“I’m very confident!”

Yuan Shitong couldn’t help but sneer: “When I’m knocked down, don’t regret it!” After the words fell, Yuan Shitong’s holy power exploded and punched Yue Feng.

The speed of this punch was very fast, like a lightning current star, and it was in front of Yue Feng in the blink of an eye.

Yue Feng smiled lightly, without panic at all, his figure flashed and greeted him directly. In the blink of an eye, the two were fighting fiercely together.

Speaking of which, Yue Feng wanted to explode his true strength and defeat Yuan Shitong in one move, but he thought that this was the palace and he still had to find the sacred book, so he held back.

Moreover, Yue Feng is about to break through the Holy Venerable, so he intends to use this competition to fully understand the essence of the Holy Power.

Bang bang bang...

For a while, I saw the figures of Yue Feng and Yuan Shitong, shuttled back and forth, colliding, causing the surrounding air to condense strong winds, which was amazing.

Zheng Hang, who was watching the battle next to him, was shocked.

This... This wind wave, but the strength of the Holy King, was able to fight evenly with the captain, it was shocking, you must know that the captain is the Holy Venerable.

Chapter 3402

At this moment, Yuan Shitong, who fought against Yue Feng, was also shocked.

Zheng Hang and a few watched from not far away and didn't understand the situation at all, but Yuan Shitong felt it very clearly.

The storm in front of him seems to be the strength of the Holy King, but the power that erupts every time he makes a shot is very terrifying, and Yuan Shitong needs to do his best to stop it.

What shocked Yuan Shitong even more was that the opponent's speed was more than double his own.

How could this be?

This guy is just a holy king, how can he be so strong?

boom!

In shock, the two fists slammed into each other again, and Yuan Shitong groaned. He couldn't stand, and staggered back a few meters.

Yue Feng, on the other hand, looked indifferent, as steady as Mount Tai.

Mad!

After stabilizing his figure, Yuan Shitong looked extremely ugly, stared at Yue Feng, and wanted to say something, but his throat seemed to be blocked by something, and he couldn't say a word.

Whoa!

Seeing this scene, Zheng Hang and several others were stunned, and their eyes were full of astonishment.

In the collision just now, the captain actually fell behind?

How is this possible?

The captain is the Holy Venerable, and this Feng Tao is nothing but the Holy King.

At this time, Yue Feng looked at Yuan Shitong with a smile but not a smile: "I said it just now, it is uncertain who will win and who will lose. It turns out that you are not my opponent. Do you want to continue fighting?"

Hearing this, Yuan Shitong only felt that he was greatly humiliated, shouted, and rushed over again.

Ugh!

Yue Feng shook his head and said to himself, "You still don't give up? But I have no patience to play with you." As the voice fell, a powerful holy force erupted from Yue Feng's body.

The next saint!

At this moment, Yue Feng's aura was completely different from just now. In an instant, he broke through from the Holy King to the realm of the Holy Venerable.

Just now in the fight with Yuan Shitong, Yue Feng had a new understanding of the holy power of this world, and suddenly broke through the realm of the saint. It is precisely because of the breakthrough that Yue Feng did not want to continue wasting time with Yuan Shitong.

The powerful breath made everyone gasp for breath.

This... The

next second, when I felt the strength of Yue Feng, Yuan Shitong, Zheng Hang and others were all dumbfounded.

He was a holy king just now, but now he is a holy king?

Could it be that... he just promised to fight with the captain just to break through?

At this moment, Yuan Shitong stood there, his eyes fixed on Yue Feng, unable to say a word, his face full of incredulity.

Just played against me for a few rounds and broke through!

Is this guy still human?

At this time, Yue Feng walked slowly to Yuan Shitong, the corners of his mouth twitched, and he said lightly, "You lost. As the captain of the patrol guard, you shouldn't go back on your word."

Phew!

Hearing this, Yuan Shitong's face was extremely ugly, then he took a deep breath, lowered his head and said, "Boss." When Yue Feng made a bet just now, he said that if Yue Feng won, Yuan Shitong would call him the boss, and his attitude should be Respectfully.

When he shouted these two words, Yuan Shitong couldn't say anything, but he couldn't help it. If he went back on his word, it would be even more embarrassing.

At this time, Yuan Shitong never imagined that he would lose to this Feng Tao, let alone that Feng Tao, with the help of this battle, could easily break through from the Holy King to the Holy Venerable.

Seeing that Yuan Shitong was soft, Yue Feng nodded approvingly: "Okay, take your people and go, remember, don't be too arrogant in the future." The

voice fell, Yue Feng turned and strode away.

Mad!

Looking at Yue Feng's back in the distance, Yuan Shitong couldn't help holding back his fire, and his eyes were cold.

Fengtao, wait for me, you made me so embarrassed today, and I will double it back from you in the future.

the other side.

Yue Feng arrived at the Queen's bedroom. Because it was daytime, the defense around the bedroom was very lax, so Yue Feng slipped in easily.

Chapter 3403

Call!

Entering the bedroom, Yue Feng could smell a faint fragrance in the air, and when he thought about the scene last night, he couldn't tell the emotion in his heart.

What if it wasn't another world here? You can stay here for a while and appreciate the beauty of the queen.

By the way, hurry up to find the holy book of jade.

With emotion, Yue Feng patted his forehead and searched carefully in the room.

I have to say that the queen's bedroom is not only large, but also very luxurious. It took Yue Feng nearly an hour to roughly turn over the entire bedroom.

But what made Yue Feng depressed was that after searching for so long, he didn't even see the shadow of the sacred book.

Nima, isn't the holy scripture jade book here?

Um?

Just when Yue Feng was secretly depressed, suddenly, he saw a piece of the wall behind the ivory bed bulging faintly, obviously with a mystery.

Yue Feng didn't have time to think about it, he walked over quickly, tapped it with his hand, and heard that it was really empty inside.

haha... found it.

At this moment, Yue Feng was very excited and was about to open the secret door on the wall.

"Sister!"

However, at this moment, a crisp voice came from outside, and then, a slender figure walked in quickly.

A long emerald dress, golden hair, and beautiful facial features.

It was An Qi who had a relationship with Yue Feng last night, the queen's sister.

What the hell!

Seeing An Qi walking in, Yue Feng was taken aback and wanted to find a place to hide, but it was too late.

Swish!

At this time, An Qi also discovered Yue Feng, her delicate body trembled, and she was stunned.

The next second, An Qi reacted: "Aren't you the man who was here last night? I heard that my sister appointed you to be the guard in front of the temple." After

speaking, An Qi's tone gradually became sharper: "Even if it is the temple The former bodyguard, you are not allowed to enter the Queen's palace without permission, tell me honestly, what are you doing here?"

"I..."

Facing An Qi's question, Yue Feng scratched his head, wanting to cry without tears, for a while Don't know how to answer.

Oops, this An Qi saw her last night, it's not easy to deceive her with a lie.

At this time, An Qi walked over quickly.

"Hey!"

When she got to the front, An Qi looked up and down at Yue Feng: "Do you like my sister? So you hid here in advance and waited until my sister came back, so that I could peek at her?"

"

Hearing this, Yue Feng was dumbfounded.

The queen's sister has a very rich imagination.

Muttering in his heart, Yue Feng scratched his head and said hesitantly: "This..."

Seeing his hesitant look, An Qi strengthened her guess and smiled slyly: "Just admit it, don't worry, you If you listen to me, I won't tell my sister about this."

Her sister is so beautiful, and she is the queen, she will like any man she sees, An Qi is not surprised at all.

This...

This time, Yue Feng was stunned.

This An Qi seems to be blackmailing herself with this matter. What is she going to do?

Thinking to himself, Yue Feng smiled bitterly: "I don't know what Miss An Qi has ordered. As long as you don't tell the Queen about today's affairs, I will obey your orders."

Nima, sneaking into the Queen's palace is a death penalty. Ah, so no matter what, keep this An Qi steady.

An Qi smiled, with a strange expression on her face, she lowered her voice and said, "Seeing that you are so obedient, I will help you keep a secret, but, you will find a way to get me out of the palace today."

When saying this, An Qi looked at the sky outside the bedroom with yearning in her eyes.

An Qi grew up in the palace. Because of her delicate status, she never left the palace, so she always wanted to go outside to see it. This time, she accidentally bumped into Yue Feng's secret, and naturally she would not miss the opportunity.

Chapter 3404

What?

Hearing this, Yue Feng's heart skipped a beat, and the whole person was stunned.

Want me to take you out of the palace? What a joke.

To be honest, although these royal families in Roland Continent are not as strict as the imperial palaces in Kyushu Continent, this An Qi, after all, is also the Queen's sister, equivalent to a princess.

Thinking to himself, Yue Feng shook his head without thinking: "No, this is absolutely not possible." He had just gained the Queen's trust, and if he left the palace with An Qi and the Queen found out, it would be over.

Swish!

Hearing this, An Qi was very angry, and her face was unreasonable: "I tell you, you have to agree if you don't agree. Otherwise, I will go to the queen now and say that you broke into her bedroom, and it was indecent. I..."

"I..."

At this moment, Yue Feng was almost on the verge of crying, but Nima, this An Qi also fought hard to go out to play, and even threatened with indecent assault.

Depressed, Yue Feng had no choice but to nod with a wry smile: "Okay, just this time."

Taking An Qi out of the palace, Yue Feng was reluctant, but there was no way, this An Qi was so unreasonable.

“That’s great!”

Seeing Yue Feng’s answer, An Qi was excited and cheered: “Wait for me, I’ll change my clothes.” After saying that, she walked out of the bedroom quickly.

After a while, An Qi changed into a bodyguard’s clothes and came back, and then walked out of the palace with Yue Feng.

A few minutes later, on Wangcheng Street.

The weather was good today, and the streets were crowded and noisy.

An Qi and Yue Feng were both dressed as guards. An Qi thought it was boring, so she took Yue Feng, found a clothing store, and changed into an ordinary dress.

I have to say that An Qi has delicate facial features and a sexy figure. Even if she wears an ordinary long dress, she still can’t hide her charming temperament.

But how could Yue Feng be in the mood to appreciate it.

After strolling on the street for more than an hour, Yue Feng couldn’t help but say: “Okay, it’s almost time, we should go back!”

However, An Qi didn’t have enough fun, and shook his head: “I want you to go back, I haven’t Enough to play.” I

finally came out once, and it was too boring to go back like this.

Nima!

Hearing this, Yue Feng was depressed.

“Huh? Isn’t this His Highness An Qi?”

Just as Yue Feng was thinking about how to persuade An Qi to go back, suddenly, a surprise came from behind him, and when he looked back, he saw a gorgeously dressed young man standing in a few Surrounded by guards, he slowly walked over.

It was the son of the commander-in-chief of the Royal City Guard, Sirang.

When he got to the front, Xi Lang was pleasantly surprised: “It’s really His Highness An Qi, you...why are you here?” As he spoke, Xi Lang couldn’t help looking up and down at An Qi.

As the son of the commander-in-chief of the guards, Xilang often entered the palace, met the queen, and of course knew An Qi.

Shh...

An Qi put her finger on her red lips, and said in a low voice, "Keep your voice down, I sneaked out, so I can't let my sister know." After speaking, An Qi couldn't help but look around. lock up.

Hearing this, Xi Lang understood and nodded: "Understood, Your Highness An Qi can rest assured, I will not tell Her Majesty the Queen." When he said this, Xi Lang kept his eyes on An Qi and ignored Yue Feng at all. .

In Xi Lang's heart, Yue Feng was just a guard in the palace, and he didn't take it seriously.

call!

Seeing this, Yue Feng took a deep breath and frowned secretly.

An Qi has been discovered, and she must return to the palace quickly.

Thinking to himself, Yue Feng said to An Qi, "Your Highness, it's really getting late, we should go back."

"Are you bothered?" An Qi looked unhappy.

Chapter 3405 When the

voice fell, Xi Lang also looked up and down at Yue Feng, and said angrily: "What's the matter with your bodyguard? When will His Highness go back, do you still want to listen to your instructions? Go away."

While talking , and looked at An Qi in a pleasing manner.

An Qi is not only the queen's younger sister, she is also a beautiful woman in the palace, and Xi Lang has long admired her. Now that An Qi is quietly leaving the palace, she will not miss this good opportunity.

Feeling Xi Lang's contempt, Yue Feng ignored it.

To be honest, Yue Feng has seen too many of this kind of bullying guy, and he is not in the mood to care. Now I just think about how to coax An Qi back.

"His Royal Highness!"

At this moment, Xi Lang walked over and flattered An Qi: "You finally came out, just shopping here, it's too boring, I know an interesting place, I don't know you have I'm not interested."

"Where?" An Qi's eyes lit up, and she suddenly became interested. She stayed in the palace all the year round, and suddenly came outside, she was naturally interested in everything.

Xi Lang smiled mysteriously, lowered his voice and said, "There were rumors two days ago that there was a giant dragon appearing on the hills outside Wangcheng. This thing has gone crazy, and many people have gone to investigate."

"Today I brought people, and also I'm going to find out, I don't know if Your Highness wants to go and see."

Dragon?

Hearing this, An Qi's body trembled, and a strange brilliance flashed in her eyes.

You must know that the giant dragon has disappeared from the entire continent for nearly two thousand years, and it is the strongest creature in the world.

Thinking to herself, An Qi couldn't help but say, "Is it true or false?"

"Of course it is true!" Xi Lang nodded seriously and said, "How dare I deceive Your Highness?"

Hearing this, An Qi was overwhelmed with excitement, and nodded again and again: "Go, of course you will." If you can see the giant dragon, it will be worth it to sneak out of the palace this time.

What?

Hearing their conversation, Yue Feng was also shocked.

Could it be the giant dragon that he conquered before?

"Haha..."

Seeing An Qi's answer, Xi Lang was very excited, and quickly said: "Then let's go quickly."

After saying that, Xi Lang tilted his head and glanced at Yue Feng, frowning: "Who is that, Your Highness? Just leave it to me, you don't have to follow." This guy, but the strength of the Holy King, can't help much, and will get in the way.

Yue Feng frowned.

At this moment, An Qi said softly: "Let him follow." Anyway, Feng Tao also took him out of the palace, and now it is inappropriate to drive him away.

Seeing An Qi speak, Xi Lang said nothing.

Afterwards, the group walked out of the Wangcheng and walked towards the hills in the suburbs.

Along the way, I saw many people coming down from the mountain, and the news of the appearance of the giant dragon attracted many people to come to investigate, but most of them returned without success, not even seeing the shadow of the giant dragon.

When going up the mountain, Xi Lang kept trying to please An Qi: "His Royal Highness, I heard that the giant dragon appeared in the cave above. If you really want to meet it later, don't panic, I will protect you."

Hearing this, An Qi was also inexplicably excited.

A few minutes later, Yue Feng and Xi Lang came to a huge cave.

Um?

Seeing the scene in front of them, whether it was Yue Feng or Xi Lang and others, they all frowned secretly.

I saw that the entrance of the huge cave was surrounded by a group of people. These people were wearing black clothes, and each of them was not low in strength. It was obviously a cultivation gang who also came to investigate the dragon.

The first one was blind in one eye and looked very fierce.

"Hey!"

Seeing Xi Lang, Yue Feng and the others, One-eyed was full of arrogance: "We occupy this place, you hurry down."

One-eyed's name is Huang Lang, a key member of the Blood Wolf Bounty Group, and he said yes The bounty group is actually a gang of robbers. Recently, I heard that there is a giant dragon here, and the blood wolf group rushed over to investigate.

The ultimate husband in Chinese chapter 3406-3410

Swish!

Hearing this, both Xi Lang and the guards behind him were terrified.

In the next second, a guard took a step forward and glared at the blood wolf: "What a bold man, dare to talk to our young master like this, do you know who he is? The son of the commander-in-chief of the Wangcheng Guards."

At the same time, Xi Lang also had a face of pride.

On the other hand, Yue Feng, who was standing beside him, had a calm expression on his face, and also observed the environment of the cave secretly.

Um?

Because of the relationship with the giant dragon to recognize the master, Yue Feng soon realized that there was really a remnant of the dragon in the cave, but the dragon was not in the cave at this time.

Wang Cheng's son of the commander-in-chief of the guards?

Hearing the guard's words, Huang Lang and the surrounding men were stunned, and then burst into laughter.

Haha...

Huang Lang couldn't hide the contempt in his heart, and said lightly: "Who cares your son, we came first to this cave, and now it's mine, understand? Don't blame us for being rude.

" The members of the regiment were all fierce and fierce, and naturally they would not take Xi Lang in their eyes.

Whoops!

When the words fell, Huang Lang raised his hand and waved, and with dozens of accomplices, quickly surrounded everyone in Xilang.

Seeing this, Xi Lang's face flushed, shocked and angry.

This chapter is provided by . Visit for daily update.

Mad, the group of people in front of them are so arrogant. They know their identity and dare to be so rude, but then again, there are indeed many people on the other side.

At this time, An Qi couldn't bear it anymore, walked out and pointed at Huang Langjiao and shouted: "What are you doing? Under the foot of Wang Cheng, dare to be so presumptuous? Believe it or not, arrest you all?"

Swish!

At this moment, the eyes of Huang Lang and the surrounding companions all converged on An Qi.

Beautiful, so beautiful. After watching it for more than ten seconds, Huang Lang

took the lead to react: "What are you asking us? Hey, this beauty, have you heard of the Blood Wolf Group?"

An Qi looked at her body and continued: "The head of our Blood Wolf Group is still short of a wife. Is the beauty interested? Hehe..."

Slap!

As soon as the words fell, An Qi couldn't bear it any longer, she suddenly raised her jade hand, slapped it hard, and slapped it directly on Huang Lang's face.

With this slap, An Qi almost used all her strength, when she heard Huang Lang groan, the whole person staggered back a few steps, and finally sat on the ground, very embarrassed.

To be honest, An Qi is not strong, but Huang Lang is unprepared and can't dodge at all.

"What blood wolf group? I think you are a bunch of shameless scoundrels. You dare to talk to me like this, you are really courting death!" An Qi looked at Huang Lang coldly, and the moment she spoke, a powerful royal aura filled her body. .

At this time, An Qi was very angry. As the queen's sister, she was noble and pure, but she was teased by these bandits in front of her. How could she bear it?

Mad!

Huang Lang covered his face, his eyes flickered with anger and savagery, and pointed at An Qi and shouted: "The beauty is quite temperamental, Mad, brothers, give me this! Catch this woman for me, and when it gets dark, everyone will take turns. Enjoy!" The

voice fell, and the seventy or eighty strong men around rushed towards An Qi!

Seeing that she had angered the other party, An Qi's face turned pale, and she quickly hid behind Yue Feng.

“Don’t panic, Your Highness!”

At this time, Xi Lang did not hesitate at all, and pulled out his big sword: “Give it to me, teach these bastards a lesson!” The voice fell, and Xi Lang directly greeted him.

Buzz...

At the same time, the guards behind them erupted with holy power, and they fought with everyone in Huanglang in an instant!

Although Huang Lang’s side has an advantage in numbers, Xi Lang’s subordinates are all elites in the Wangcheng Guards. Moreover, seeing the other party’s disrespectful words to An Qi, each of them is like a chicken blood, and the momentum is like a rainbow.

After all, An Qi is the queen’s sister. If she is not well protected, her head will fall.

Chapter 3407

Seeing this situation, Yue Feng also wanted to do it, so he held back.

Yue Feng could see that Xi Lang wanted to perform in front of An Qi, and since that was the case, he wouldn’t join in the fun.

“Ah!” The

two sides fought very fiercely, the entire entrance of the cave was in chaos, and screams kept ringing!

Soon, five or six of Huang Lang’s group were beaten and passed out, while on Xilang’s side, only two guards were slightly injured.

In the melee, Xi Lang was very heroic, almost staring at Huang Lang, the big sword made Huang Lang scream, and half of his body was covered in blood.

“Retreat!”

Seeing that the situation was getting worse and worse, Huang Lang held back his fire and shouted, calling for his companions to retreat.

Hearing the howling, Huang Lang’s companion hurriedly ran down the mountain, but at this time, Huang Lang was angry, he turned his head and pointed at Xi Lang and cursed: “Ma De, don’t go if you have any ideas, just wait for me.”

After shouting the last sentence, the person ran away without a shadow.

Haha...

Seeing this scene, Xi Lang and the surrounding guards couldn't help laughing.

"Ma De, with this little strength, why are you still clamoring?"

After driving away Huang Lang and others, Xi Lang was indescribably excited.

At this time, An Qi was also full of smiles, and praised at Xi Lang: "As expected of the young master of the commander-in-chief of the guards, Xi Lang, you were so heroic just now."

After receiving An Qi's praise, Xi Lang was even more beautiful: "Your Highness praised it, it is my honor to be able to vent your anger for His Highness, hehe..."

Said, Xi Lang looked attentive: "His Royal Highness, those flies have been driven away, let's explore this cave."

Um!

An Qi nodded and walked into the cave with Xi Lang.

The other guards followed.

Seeing this, Yue Feng smiled secretly.

Mad, this Xilang is really a master of flattery.

Muttering, Yue Feng also walked in.

When I got inside, I saw that the cave was very big, but it was empty inside, leaving some scratches on the mountain wall. Where is the shadow of the giant dragon?

Not seeing the dragon, An Qi was very disappointed.

Xilang comforted: "His Royal Highness does not need to be lost. I think that since the giant dragon uses this place as a habitat, it will definitely come back. Why don't we stay here for one night?"

When he said this, Xilang looked expectant. .

At this time, in Xi Lang's heart, it doesn't matter whether he can see the giant dragon or not, he just wants to find a reason to spend more time with An Qi.

This...

Hearing this, An Qi hesitated.

“No!” Yue Feng came over and vetoed: “Your Highness is a delicate person, how can you spend the night on the wild mountain? It’s getting late, we should go back.” After

speaking, Yue Feng looked at An Qi and said, “If the queen finds out You are not in the palace, you will definitely be anxious.” The

voice fell, and Xi Lang shouted angrily: “Shut up, do you have any reason to speak here? When His Highness was humiliated by those people just now, why didn’t you take action? It’s all right now. Now, it will start chattering.” The

voice fell, and the surrounding guards also accused Yue Feng.

“That’s right, he’s still a palace guard.”

“I don’t have much ability, but I have a lot of words.”

“How did this kind of person become a bodyguard?”

I heard a mocking sentence from you. Yue Feng was very angry, but he still held back. Now the most important thing is, It is to take An Qi back to the palace quickly, and then find the sacred book, there is no need to waste words with these people.

Chapter 3408

At this time, An Qixiu frowned and said, “Okay, don’t talk about it, I...”

As soon as the words were normal, they were interrupted by a footstep outside.

At this moment, Xi Lang frowned and motioned for a guard to go out and have a look.

The guard walked to the entrance of the cave and glanced at it, and his body was shocked and his voice trembled: “Master, there are a lot of people outside! It seems to be the accomplices of those people just now.”

What?

Hearing this, Xi Lang turned his face aside and quickly took the other guards out.

Yue Feng frowned and followed An Qi.

call!

At the entrance of the cave, Xi Lang and others were stunned when they saw the scene in front of them!

I saw that there were three or four hundred people standing neatly outside, surrounding the entire cave. The one at the head had a gloomy face and a wolf head logo on his forehead.

It was the head of the Tu Li regiment, Tu Li.

Behind Tu Li, Huang Lang followed.

At this time, Huang Lang, with half of his face swollen and sandbags wrapped around his shoulders, was indescribably funny.

However, at this time, Xi Lang couldn't smile at all.

"Boss!"

At this time, Huang Lang pointed at Xi Lang and shouted: "It's them! We found this cave first, but they took it away, and they also injured us. Young brother."

Tu Li looked around coldly, and finally his eyes fell on Xi Lang, and said coldly: "Dare to provoke our blood wolf group, I think you are tired of living, after all, how to solve it?"

hum!

The voice fell, and a powerful holy force burst out from Tu Li.

Hiss, what a powerful force!

At this moment, I felt the breath of Tu Li, whether it was Xi Lang or the guards behind him, he couldn't help taking a breath of cold air.

A few seconds later, Xi Lang squeezed out a smile and said to Tu Li: "Don't be impulsive, Your Excellency, there is some misunderstanding about today's matter..."

Before he could finish speaking, Tu Li interrupted coldly: "Misunderstanding? You robbed our cave and injured my subordinates, and a misunderstanding is over?"

Uh...

Xi Lang's face flushed and he was speechless for a while.

At the same time, An Qi was also nervous. Although this place was not far from the royal city, there were so many people on the other side, so how could there be a chance to move rescue troops.

At this time, Tu Li looked up and down at Xi Lang, and said word by word: "I heard that you are the young master of the commander-in-chief of the Wangcheng Guards?"

“Yes, yes...” Xi Lang nodded again and again and squeezed out a smile: “Could it be that you know each other? My father, if that’s the case, that would be great, please see my father’s face, forgive me...” Before

he could finish speaking, Tu Li spat on the ground: “Bah, who knows your father in particular? “

Two years ago, Tu Li committed a case in Wangcheng. He was rounded up by Xilang’s father, and he managed to escape at that time. It can be said that it was a near-death situation. At this time, when he learned of Xilang’s identity, he naturally didn’t have a good face.

do not know?

At this moment, Xi Lang was stunned and said with a bitter face: “Then what should I do according to Your Excellency’s intention?”

Hu!

Tu Li took a deep breath, with no expression on his face: “It’s very simple, you give up your life, and let this woman stay with me for one night, forget about it!”

What?

Hearing this, Xi Lang was dumbfounded and only felt his brain buzzing.

Not only to hand over a life, but also An Qi to accompany him for one night?

Swish!

Chapter 3409

At the same time, An Qi’s delicate face turned red all of a sudden, ashamed and angry.

This person is so arrogant that he wants to accompany him for one night? She is the queen’s sister, Jinzhiyue, how can she accompany a man casually?

Seeing Xilang’s hesitant face, Tu Li lost his patience and roared loudly: “Can you do it? Don’t challenge my patience!”

“This...” Xilang’s heart skipped a beat and wiped the cold sweat on his face: “I’ll give you a life first, okay?” When he said this, Xi Lang couldn’t help but feel aggrieved.

Seriously, Xi Lang really wanted to fight with Tu Li, but the disparity between the strengths of the two sides was too great.

Saying that, Xi Lang looked around and pointed at Yue Feng: "Just him!"

This guard is not his own, so he has no loss when he hands it over.

Xi Lang thought about it, handed over Yue Feng first, and then tried to delay the time.

Swish!

At this moment, the eyes of everyone in the audience focused on Yue Feng.

Nima!

Yue Feng was so angry that he couldn't help but curse.

This Xi Lang is really good at picking people. Before, you had to behave in front of An Qi, and then you offended these blood wolves. Now that you can't control the situation, hand me over?

An Qi also trembled, frowning at Xi Lang: "You..."

"His Royal Highness!" Xi Lang quickly whispered: "There are too many people on the other side, we can't fight, we can only take this guard first. Hand it over and stabilize the other party's emotions, anyway, this guy is not very strong, and it's no pity to die."

Hearing this, An Qi couldn't bear it: "But...how can he say that he is also the guard of the palace." As the queen's sister, she has to hand over the bodyguard to a bunch of wicked people. Where to put your face?

call!

Feeling An Qi's unbearable, Yue Feng secretly exhaled, feeling a little better.

The queen's sister is a bit human.

Thinking to himself, Yue Feng said lightly: "Okay, I'll go!" After speaking, he slowly walked towards Tu Li.

Seeing this scene, Xi Lang showed a smile: "This guy is quite self-aware. It is worth your life to exchange your life for the safety of so many of us."

An Qi stomped her feet in a hurry, thinking about it. To stop Yue Feng, but seeing Tu Li's gloomy face, he couldn't summon the courage.

"Very good!"

At this moment, Tu Li showed a smile and nodded approvingly at Xi Lang: "You are quite interesting. I accept this person's life. What about this woman, do you want to pay it?"

Xi Long Lang hurriedly said: "Don't worry, Your Excellency, I will persuade her."

An Qi suddenly became anxious: "You really want to hand me over? My sister knows that she will not let you go."

"His Royal Highness!" Xi Lang almost cried: "I'm just slowing down the army, don't worry."

The voices of the two were so small that only Xi Lang and An Qi could hear them.

Seeing this scene, Tu Li thought that Xi Lang was really trying to persuade An Qi, but he did not urge him for the time being.

In the next second, Tu Li pointed at Yue Feng: "Come on, chop off this person's head." Mad, who dared to fight against the Snow Wolf Group, is what happened.

Whoops!

The words fell, and several of the men drew out their big swords and quickly surrounded Yue Feng.

At this time, Yue Feng did not panic at all.

Seeing the big swords of several people slashed over, Yue Feng said to Tu Li, "You are organized by the bloody hands, right?" Yue Feng's voice was not loud, but Tu Li could hear it clearly.

When he said this, Yue Feng looked confident.

When Tu Li appeared just now, in addition to the wolf head mark on his forehead, Yue Feng also saw a bloody hand mark on the right side of his neck. At that time, Yue Feng concluded that this person was not only a member of the blood wolf group. Long, or a person with bloody hands.

"Wait!"

Hearing Yue Feng's words, Tu Li's heart was shocked, and he shouted quickly, then walked over quickly and stared at Yue Feng: "What did you say? How do you know that I am a bloody person? Half a year ago, I secretly joined the Blood Hand Organization. Few people know about this. How did the guy in front of him see it?"

Chapter 3410

Facing Tu Li's doubts, Yue Feng smiled slightly and took out something from his body: "Since you are organized by the bloody hands, you should know this thing."

When he said this, Yue Feng's voice was very small, only He and Tu Li could hear it.

The thing in Yue Feng's hand is a special blood jade, which is engraved with a hand holding a sword, which is the token of Olina, the leader of the blood hand organization, and a symbol of identity.

Previously in Pearl City, before leaving, Olina handed the blood jade to Yue Feng, saying that in the future when someone encounters the bloody hand organization, as long as the blood jade is displayed, the other party will obey.

At this time, Yue Feng determined that Tu Li was a member of the Blood Hand Organization, so he revealed the blood jade.

Swish!

At this moment, Tu Li was shocked, his eyes were fixed on the blood jade in Yue Feng's hand, his tone was complicated, and he was a little surprised: "This.... This thing, where did you come from?"

Said this At that time, Tu Li tried his best to restrain his excitement!

As a member of the Bloody Hand Organization, it is natural to know this Bloody Jade, which is a substitute for the great leader, a supreme symbol.

But how could something like this happen to this person?

What is his relationship with the chief?

Seeing that Tu Li's tone was obviously different from before, Yue Feng smiled slightly: "This is given to me by your chief. In other words, I am the VIP of your Bloody Hand Organization."

VIP?

Hearing this, Tu Li was stunned for a moment, and then he said suspiciously: "But why haven't I heard of you? Honestly, did you steal this blood jade?"

Tu Li is not stupid, not because of a blood jade , I believe in Yue Feng.

"If you don't believe me, you can give it a try." Yue Feng did not panic at all, and said lightly, "You kill me now, take the blood jade back to your chief, and see if she will reward you or deal with you. "

This...

At this moment, Tu Li pondered, yes, if he made a mistake and offended the VIP of the big leader, it would be a dead end.

Thinking to himself, Tu Li hurriedly bowed to Yue Feng and said politely, "Your Excellency, it was all a misunderstanding just now. I hope Your Excellency has a large number of people and don't care." To be honest, Tu Li didn't want to be so spineless, but There is no way, the other party has the blood jade of the big leader in his hand, dare you be rude?

Yue Feng smiled slightly and waved his hand: "Don't be so polite, those who don't know are innocent."

Phew!

Seeing this scene, Huang Lang and others next to him were all stunned.

What's the situation? Why did the boss treat this kid with such respect after looking at the blood jade?

Um?

At the same time, Xi Lang, An Qi and others not far away also frowned secretly.

what's going on?

Not only did the other party not kill the guard, but he was polite to him.

For a time, the atmosphere was a little subtle.

Finally, Huang Lang reacted and couldn't help shouting: "Boss, this kid is a palace guard, why are you being so polite to him? Hurry up and kill him, and then let them hand over that woman."

As soon as he finished speaking, Tu Li suddenly He raised his hand and slapped Huang Lang's face with a slap in the face. He heard a crisp sound, Huang Lang turned around in a circle, and the other half of his face was also swollen, indescribably miserable.

"Ma De, I still need you to teach me what I am going to do?" Tu was exhausted and shouted, "This is my VIP, and you are not allowed to be rude when you meet me in the future, understand?"

VIP?

Hearing this, Huang Lang covered his face, unable to express his grievance, and at the same time was also very shocked.

This palace guard can't be related to the blood wolf group at all, how can he become a VIP?

At the same time, Xi Lang, An Qi and others who were not far away also stayed there one by one, unable to calm down for a long time.

"Your Mightiness!"

The ultimate husband in Chinese chapter 3411-3415

Chapter 3411

At this time, Tu Li flattered Yue Feng with a face: "Since it's a misunderstanding, look at this..."

Before he could finish speaking, Yue Feng waved his hand and said, "It's alright, you all leave."

Tu Li hurriedly nodded, then thought of something, glanced at Xi Lang who was not far away, and couldn't help saying: "Your Excellency, that guy was very rude to you just now, do you want me to teach him a lesson and vent your anger?"

Speaking, Tu Li glared at Xi Lang fiercely.

Mad, it's all this bastard, and he almost killed the big leader's VIP.

Feeling the killing intent in Tu Li's eyes, Xi Lang couldn't help shivering, his face was extremely pale, his legs were weak, and he could hardly stand still.

call!

Yue Feng took a deep breath, shook his head and said, "No need, you should leave here as soon as possible." To

be honest, Yue Feng was also very annoyed when Xi Lang handed over Yue Feng's life to Tu Li, but now it's getting late, Yue Feng didn't want to worry about these, and just wanted to return to the palace as soon as possible. After all, it was the most important thing to find the sacred book.

"Okay!"

Seeing Yue Feng's refusal, Tu Li couldn't hold on, and after agreeing, he left with many of his subordinates.

gone?

Seeing this scene, whether it was An Qi or Xi Lang and the others, they were all full of astonishment, and at the same time secretly relieved. Especially Xi Lang, who secretly wiped away his cold sweat.

It's so dangerous. Fortunately, these people are gone. Otherwise, the consequences will be unimaginable.

The next second, Xi Lang reacted, strode towards Yue Feng, and asked coldly, "Hey, what happened just now?"

This chapter is provided by . Visit for daily update.

When the words fell, An Qi also came over and looked at Yue Feng with a puzzled face: "Fengtao, what's going on, why did those people respect you so much just now?"

Yue Feng smiled slightly and said lightly: "It's nothing, The boss of this group of people just now recognized the wrong person and regarded me as a benefactor in the past, so I will do whatever it takes and let them go."

Benefactor?

Hearing this, An Qi was stunned for a moment, then nodded approvingly.

This Feng Tao is not strong, but his brain is quite exciting.

But Xilang next to him had a look of disdain: "Ma De, I thought what was going on, but it turned out to be the wrong person."

After speaking, Xilang thought of something, stared at Yue Feng, and asked: "No, These people are not weak, and they are not fools, how can you admit the wrong person, honestly, are you and them in the same group? Did you deliberately show it to us just now?"

When he said this, Xi Lang Yi His face was arrogant, like a prisoner.

Nima!

Yue Feng frowned and suddenly became angry.

Is this Xilang mentally ill? I just saved you. If you don't appreciate it, you still slander me?

Thinking to himself, Yue Feng chuckled and said to Xi Lang, "If I were with them, I would have left with them just now. What are you still doing here

?" Lang said without thinking: "You were sent by them to sneak into the palace, of course you want to stay."

Stupid.

Yue Feng cursed secretly, and didn't bother to talk nonsense, said lightly: "Okay, since you doubt me, then catch up with them and ask, I guess they haven't gone far."

“You...”

Xi Lang's face flushed, and he suddenly became angry, but he couldn't refute it.

Tu Li's gang, all of them are so powerful, Xi Lang is afraid to hide, how dare they chase after them and question them?

“Okay, okay!”

Seeing the two quarreling, An Qi couldn't stand it anymore, and frowned, “Don't say a word, it's so late now, I haven't seen the giant dragon, I'm hungry too, you guys go. Get me something to eat. After I finish eating, I'm going back to the palace.”

Seeing that An Qi spoke, Xi Lang stopped saying anything, and hurriedly greeted his subordinates and went to find something to eat near the cave.

Chapter 3412

Yue Feng did not go out, but stayed at the entrance of the cave.

“Hey!”

Xilang was displeased, and said coldly at Yue Feng: “His Royal Highness An Qi is hungry, didn't you hear? Are you still looking for something to eat?”

At this time, Xilang looked at Yue Feng more and more. The wind is less pleasing to the eye.

Yue Feng replied with a blank expression: “There are so many of you, where is it my turn to find food? Besides, I am the palace guard, and I have to protect the safety of His Highness An Qi at all times, so how can I just leave?”

“

Hearing this, Xi Lang's face was extremely ugly, and the guards around him, looking at Yue Feng, also flickered with displeasure.

This guy dares to challenge Master Xi Lang, he is really courting death.

The next second, Xi Lang glared at Yue Feng, and took his subordinates to search nearby.

I have to say that the luck of Xilang and others was not bad. After a while, they caught a few rabbits, and then set up a bonfire in the cave and began to roast the rabbits.

With food, An Qi is in a good mood.

Yue Feng was bored. Because of his status, he couldn't eat with An Qi, so he could only wait outside the cave.

Seeing this situation, Xi Lang's eyes flashed coldly, and he greeted a few of his subordinates secretly, and quickly followed.

"Hey!"

Outside the cave, Xi Lang coldly shouted at Yue Feng.

Yue Feng looked back and saw Xilang's cold eyes, and said lightly: "What?"

Yue Feng could see that Xilang came out with a few guards to trouble himself, but he didn't panic at all.

"nothing."

Xi Lang smiled coldly, with an indescribably arrogant tone, and said word by word: "A small palace guard, with a lot of air, just now in front of His Royal Highness An Qi, I don't care about you, but it doesn't mean I forgot. "

Said, Xi Lang pointed to his feet: "I will give you a chance now, kneel down to apologize to me, and I will forgive you!" The

tone was firm and unquestionable.

Nima!

Want me to kneel down and apologize? Your brain is caught in the door?

At this moment, Yue Feng was stunned for a moment, and then sneered: "For no reason, why should I apologize to you? Also, I just took away those people and helped everyone. If you really want to count, you should tell me. Thank you!"

What?

As soon as these words came out, the guards behind Xi Lang were all stunned.

This guy is too crazy to talk to Master Xi Lang like this.

At the same time, Xi Lang was also angry and said coldly: "Okay, very good, it seems that I really underestimate you, but I tell you, my father is the commander-in-chief of the palace guards, and his status is extraordinary, and you, but It's a small palace guard, you challenge me, have you thought about

the consequences?" At this time, Xi Lang looked proud.

What he said was right. As the son of the commander-in-chief of the guards, Xilang walked almost sideways in the entire royal city. Naturally, a small palace guard would not take it seriously.

idiot!

However, Yue Feng was not nervous at all, but chuckled lightly and turned to enter the cave.

An Qi should have almost eaten by now, and it's time to go back to the palace.

"Stop for me with your special code!"

Seeing that Yue Feng didn't take himself seriously at all, Xi Lang was completely angry. He was so special that so many guards were watching him, but he was ignored by a palace guard. Where would he put his face in the future?

The more Xi Lang thought about it, the more angry he became. He blushed and howled loudly: "Dare to pose in front of me? I think you are courting death!"

Om!

When the words fell, Xi Lang burst out with holy energy, then clenched his fists and called directly at Yue Feng's back.

Chapter 3413 I

saw that wherever Xilang's figure passed, a strong wind raged, and the power was amazing!

With this punch, Xi Lang used all his holy power to kill Yue Feng on the spot.

call!

Seeing this scene, the surrounding guards were very excited.

"Dare to challenge the young master, I'm really tired of living!"

"As expected of the young master, this punch is very powerful." During the

discussion, no one sympathized with Yue Feng. In their eyes, Yue Feng was just a palace guard, whose status and western Lang Tian is so different, yet so arrogant, it is his own fault to be beaten to death by Xi Lang.

Nima!

Seeing Xi Lang's punch, Yue Feng sneered, and his anger also surged!

This Xilang is really sick, I'm too lazy to care about you, but you slap your nose on your face!

Thinking to himself, Yue Fengqi raised his dantian and prepared to face him with a palm. Although Xilang was not weak, in Yue Feng's eyes, he was not worthy of being an opponent at all.

"Stop it!"

Just when Yue Feng was about to take action, suddenly, a coquettish shout came from the cave.

Immediately afterwards, I saw An Qi walked out quickly with a cold face. She was tasting rabbit meat inside, but when she heard the noise outside, she came out to have a look, and she saw that Xi Lang was fighting with Yue Feng.

At this time, An Qi glanced at Xi Lang coldly and was very angry.

Xi Lang is so arrogant and domineering. Feng Tao just saved everyone, but Xi Lang bullied him.

Seeing An Qi coming out, Xi Lang quickly stopped, and then squeezed out a smile: "His Royal Highness An Qi, are you full?" He said, but his heart was secretly holding back the fire.

I thought that while An Qi was eating, I could teach this Feng Tao a good lesson, but I didn't expect that An Qi would come out so soon.

call!

An Qi took a deep breath and walked past him without looking at Xi Lang.

The next second, An Qi came to Yue Feng and said softly, "Feng Tao, did he hurt you just now?" This Feng Tao is only the strength of the Holy King, and definitely not Xi Lang's opponent.

At this time, An Qi did not know that Yue Feng had hidden his strength and broke through the Holy Venerable yesterday. If we really want to fight, the only one to be abused is Xi Lang.

Yue Feng smiled slightly, shook his head and said, "It's alright!"

This...

Seeing this scene, the guards around were stunned, and their faces were all incredulous.

His Royal Highness An Qi is so concerned about a palace guard?

Especially Xi Lang, the handsome face suddenly turned hideous, jealous and annoyed at the same time.

This guy, He De He Neng, can make An Qi care so much about him?

Xi Lang was originally displeased with Yue Feng, but now seeing An Qi caring about him so much, his heart became even more unbalanced.

“Xilang!”

At this moment, An Qi looked at Xilang coldly: “Xilang, you are going too far, Fengtao is the palace guard, I can leave the palace today, thanks to his help, but you Do you do something to him? I’m the queen’s sister, don’t you take it seriously?”

When she said this, An Qi was very angry.

When Tu Li’s gang was there just now, Xi Lang couldn’t help it. Now that there is no danger, he turned to bully his own people. It’s so nasty.

“Uh..”

In the face of An Qi’s accusation, Xi Lang’s face flushed, and he was unspeakably depressed and embarrassed.

The next second, Xi Lang reacted and explained to An Qi with a smiling face: “His Royal Highness An Qi, how did I bully him, I just want to fight with him!”

Said, Xi Lang acted very innocent : “It was all up to him just now, the blood wolves didn’t bother us, how could I do anything to him? I was a little bored just now, so I proposed to have a fight with him. If you don’t believe me, ask these guards! “

Chapter 3414 The

voice fell, and the surrounding guards nodded in agreement.

“Yes, the young master is fighting with him!”

“Yes, what is the identity of the young master? How can you fight with a guard?”

“His Royal Highness An Qi, you have misunderstood our young master.”

Several guards testified one by one. Seriously.

Ha ha...

Seeing this scene, Yue Feng sneered and said nothing.

This Xilang is really a villain, one thing on the surface and one behind it. It is really sad that the commander-in-chief of the dignified guards can give birth to such a son.

call!

Seeing that everyone said this, An Qi no longer pursued it, and said indifferently: "It's so late, what is there to fight?" After speaking, An Qi

said to Yue Feng: "It's getting late, let's go back to the palace. "

Yue Feng nodded, and at the same time he was relieved.

Nima, I wasted most of the day with this An Qi, and finally I have to go back.

"His Royal Highness An Qi!" Xi Lang came over and said flatteringly: "I'll send you off, it's so late now, if you encounter any trouble on the way back to the royal city, I can also protect you!"

"No need. !"

As soon as he finished speaking, Yue Feng said lightly: "I will accompany His Highness An Qi back." He could see that Xi Lang had no good intentions towards An Qi.

Mad!

Xi Lang was instantly angry and shouted at Yue Feng, "What do you mean? Giant dragons have appeared in this place. If you encounter a giant dragon, can you protect His Highness An Qi by yourself?"

At this time, An Qi also said: "Let Xilang follow, there are more people to take care of." Although it is not far from the king's city, the road is rough and the environment is complicated. It is safer to have people like Xilang following.

Seeing An Qi speak, Yue Feng smiled and said nothing more.

Afterwards, the group left the cave and walked down the mountain.

"Roar!"

However, not far away, a deafening roar was heard not far away, and then, a huge figure flew from the night sky not far away.

He has black scales all over his body, and a pair of blood-red eyes like lanterns.

It was the giant dragon that Yue Feng had conquered before.

A day ago, this giant dragon came to this area to find a habitat, but it was discovered that the giant dragon cave left after a short stay. An hour ago, sensing that Yue Feng was here, the giant dragon hurried over to investigate.

You must know that with the relationship between the drop of blood and the recognition of the master, within a hundred miles, the dragon can clearly sense the whereabouts of Yue Feng.

hiss!

Suddenly seeing the giant dragon appear, whether it is Xi Lang and others, or An Qi, their hearts are trembling, and they can't help gasping for air.

There are really dragons.

Moreover, this giant dragon is so big and its breath is so terrifying.

For a time, everyone froze there, dumbfounded.

On the other hand, Yue Feng had a calm expression on his face, very relaxed and natural.

Bang, bang, bang!

Soon, the giant dragon landed and walked towards Yue Feng with a step. The huge dragon claws stepped on the ground and made a deafening sound, like an earthquake.

“Master!”

As he approached, the giant dragon looked at Yue Feng with respect, “Why are you here?”

“It's hard to say anything!” Yue Feng's face was bitter.

At this time, Yue Feng secretly communicated with the giant dragon with the Royal Beast Ring, so everyone around didn't know it at all.

At this time, seeing the giant dragon so close at hand, Xi Lang and the others were indescribably terrified, all of them were pale, and they could hardly stand still.

Seeing Xilang's appearance, Yue Feng chuckled, and then said lightly: "Master Xilang, you agreed to protect His Highness An Qi. Now that the giant dragon has appeared, you won't be afraid!?"

Huh ...

Chapter 3415

Hearing this, Xilang's face flushed red, and he argued with a stiff neck: "Who... who is particularly afraid?"

Saying this, Xilang's forehead was full of cold sweat, and his voice was a little too loud tremble.

At this moment, An Qi was also trembling, her delicate face was extremely pale. When I didn't see the giant dragon before, I was full of expectations. Now that I saw it, in addition to being shocked, it was endless horror.

In panic, An Qi couldn't help pulling Xilang, and her voice trembled: "Xilang, what should I do?"

"I..."

Xilang was also panicked: "I don't know either."

Haha....

Seeing this scene, Yue Feng laughed secretly, and then teased at Xilang: "Master Xilang, it is rumored that these giant dragons are evil, since we were discovered by it, someone must be eaten. Come on, let's go, I'll take His Highness An Qi to run first, and you and your Queen will hold it back."

What?

Hearing this, Xi Lang almost jumped up.

I dragged the dragon with my subordinates? What a joke, this giant dragon is so powerful, how many people can't escape death if they stay.

"Run! Run!" In the

next second, Xi Lang couldn't help shouting, and ran down the mountain first, followed by a dozen of his subordinates, each running faster than a rabbit.

In Xi Lang's heart, An Qi's safety is important, but it is not as important as his own life.

In a blink of an eye, Xi Lang and a dozen of his men disappeared without a trace.

“You...”

Seeing this scene, An Qi was furious and stomped her feet in anger!

She never thought that Xilang, who had sworn to protect herself just now, turned into a tortoise when she saw the giant dragon.

“His Royal Highness An Qi!”

Yue Feng smiled slightly and said, “I see, whether some people can be trusted or not, you can see it at a critical moment.”

When is this Feng Tao, and he is still in the mood to say this.

Hearing this, An Qi couldn't help crying and laughing, and at the same time she couldn't be anxious: “Fengtao, what should we do? Will this giant dragon eat us?” As she said, An Qi glanced at the giant dragon in front of her in horror.

Seeing that An Qi was about to cry, Yue Feng gently comforted: “Don't panic!” After

saying that, Yue Feng waved at the giant dragon: “We are just passing by, no offense, let's go!”

Said At the same time, Yue Feng secretly urged the beast-fighting ring to give the dragon an order to leave.

“Master!”

After receiving the order, the dragon responded, “Then I'll go first!” Immediately, his wings vibrated, his huge body flew up to a thousand meters, and disappeared from the sight of Yue Feng and An Qi in a blink of an eye.

Phew...

Seeing this scene, An Qi's body trembled, and her head was buzzing.

The dragon didn't even attack him and Feng Tao?

And.... just now Feng Tao talked to the giant dragon?

After being stunned for more than ten seconds, An Qi finally reacted, full of curiosity, and said to Yue Feng: “Fengtao, did you talk to the giant dragon just now? Can you understand?”

Yue Feng nodded: "Yes, I know a little animal language."

The matter of conquering the giant dragon is no trivial matter, so don't let An Qi know.

Beast language?

Hearing this, An Qi's eyes flashed with brilliance, and she instantly looked at the guard in front of her with admiration.

Immediately, the two continued on the road and walked towards the direction of Wangcheng.

Along the way, An Qi kept asking about the animal language, but Yue Feng had no choice but to make up some things to fool the past. At the same time, he also said some interesting things about the Kyushu Continent, which made An Qi stunned for a moment.

Soon after arriving at the palace, An Qi completely put down the air in front of Yue Feng and took Yue Feng's arm: "Fengtao, you know too much, you will stay in my bedroom tonight and continue to follow along. I'll tell the story, okay?" What the hell

!

Hearing this, Yue Feng was startled and shook his head quickly: "How can this work?"

The ultimate husband in Chinese chapter 3416-3420

Chapter 3416

Yue Feng at this time is almost dumbfounded.

This An Qi is too playful, she still wants to listen to the story so late, and she is only a bodyguard, how can she stay in her room?

Thinking to himself, Yue Feng patiently coaxed and persuaded: "Today is too late, let's another day. I took a big risk by quietly taking you out today."

Hearing this, An Qi was very disappointed, but she nodded. accepted.

Then Yue Feng and An Qi separated and walked towards the room where they were resting.

As soon as I arrived at the door, I saw a maid waiting there. Seeing Yue Feng, she quickly said: "Fengtao, Her Majesty the Queen wants to see you, come with me!" Opportunity.

Oops!

Yue Feng frowned secretly, and a trace of panic rose in his heart.

Did the queen know about the fact that she brought An Qi out of the palace privately?

Soon, under the leadership of the maid, Yue Feng came to the queen's resting palace. call!

The moment he entered the bedroom, seeing the scene in front of him, Yue Feng couldn't help taking a deep breath.

I saw that the queen was sitting there quietly, and several maids were waiting there, the atmosphere was a little subtle and dull.

"Fengtao."

Seeing Yue Feng, the Queen's delicate face showed no expression at all, and she said softly, "The pill you gave me before was very effective, do you still have one? Give me another one."

This chapter is provided by . Visit for daily update.

When she said this, The Queen's tone was very light, but there was no doubt about it.

The Queen was seriously injured in the fierce battle with Meng Yi's subordinates. Although she had taken Yue Feng's medicine pill before, she had not yet fully recovered.

It turned out to be a pill.

Hearing this, Yue Feng's nervous mood suddenly relaxed.

Immediately, Yue Feng scratched his head and responded, "Your Majesty, I only have one Heart Tempering Pill, but if you need it now, I can refine it immediately." Refine it

immediately?

The queen was stunned for a moment, her beautiful face full of surprise: "Is that pill made from refining?" There is no such thing as alchemy in Roland Continent.

"Yes!"

Yue Feng nodded, then looked at the maid next to the Queen with a smile: "Please help me to prepare some herbs, I need earth dragon grass, purple sunflower..."

The next dozen or so In seconds, Yue Feng quickly explained the materials for refining the Heart Quenching Pill in detail.

This!

In an instant, the maids looked at each other, none of them moved, but looked at the Queen in surprise.

The herbs Fengtao mentioned are available in the palace, but can these things be used to refine pills?

The Queen looked indifferent and waved her hand: "Go!" Although this Feng Tao's words and deeds were very special, after what happened that night, she still chose to believe it unconditionally.

"Yes, Your Majesty." Seeing the Queen speak, several maids hurried to prepare herbs.

After a while, the herbs were ready, Yue Feng took a clay pot from the side and used it as a vessel for alchemy. Immediately afterwards, the fire started to rise.

After doing this, Yue Feng took out the medicinal materials in an orderly manner and put them into the fire one by one. At every step, Yue Feng was methodical and serious.

call!

Seeing this scene, whether it is the queen or the maids around, all have complicated eyes.

Can you make pills like this?

Especially the queen, who closely watched Yue Feng's every step, her eyes flashed with strange light. As a queen, she was well-informed, but it was the first time she saw what Yue Feng was doing. arrive.

Under everyone's attention, Yue Feng was methodical, and after placing the materials, he began to slowly control the heat.

As the temperature of the stove continued to rise, the entire bedroom was also warm.

Bang!

Chapter 3417

Unconsciously, ten minutes passed, and there was a sudden vibration in the pill furnace.

The maids around were all taken aback, exclaimed and stepped back, thinking that the pot was blown up, but when they reacted, they saw that the pot didn't burst.

At this time, these maids understood that this was the reaction produced by the airflow in the pot under the high temperature.

Yue Feng smiled and slowly opened the pot.

At this moment, all the maids couldn't help but surround themselves, and even the queen stood up and couldn't help looking around. For a while, the entire bedroom was silent!

Whoa!

The next second, several maids couldn't help but exclaimed, looking at Yue Feng's eyes, full of admiration and admiration!

Really refined!

I saw the bottom of the clay pot, and there was a round pill lying quietly, and the fragrance of the pill filled the entire bedroom. It is the Quenching Pill.

"Your Majesty!" Yue Feng took out the medicinal pill and quickly handed it to the Queen:
"Please take it!"

Hmm!

The queen responded and took the medicine pill. After a while, she felt refreshed, her face was rosy, and she was indescribably charming.

“Fengtao.” The

queen showed a smile on her face, looked at Yue Feng, and said softly: “I can’t see that you are so knowledgeable and knowledgeable, and after taking this medicine just now, my injury should be completely healed. Well, yes, Fengtao, you are really a talent of my Golden Lion Principality!”

When she said this, the queen had a smile on her face, but her eyes were a bit complicated.

Ha ha...

Hearing this, Yue Feng’s heart suddenly became excited. The queen praised herself so much, so she could take the opportunity to ask for the holy book.

“However!”

Just when Yue Feng was secretly rejoicing, he saw the Queen’s face sank and her tone became cold: “You took An Qi away from the palace in private and stayed outside for a day before coming back, tell me, what’s going on? “

Fuck!

Yue Feng was stunned for a moment, and his heart was half cold. It was broken. He thought that this matter could be kept from the Queen, but she didn’t expect that she already knew.

Thinking to himself, Yue Feng quickly turned his head and explained: “Your Majesty, calm down, today I’m taking His Highness An Qi out to relax, there is nothing else to do.”

Hearing this, the Queen’s delicate face showed no expression at all. , said indifferently: “An Qi is young and ignorant, so are you ignorant? Leaving the palace rashly, what should I do if I encounter danger?” After

speaking, the queen called out to the outside: “Come on, shut Feng Tao down. Go to jail for half a month as punishment!” When the

last sentence came out, the queen couldn’t hide her anger.

This Feng Tao has no rules at all. He even carried himself behind his back and took An Qi out of the palace. You must know that An Qi is his only relative. If something really happened, how could he bear it?

In this matter, although Feng Tao's crime will not kill him, it will be over in a sentence or two. How can the royal family still have majesty in the future?

The voice fell, and the two palace guards outside the door immediately walked in.

What the hell!

Seeing this, Yue Feng wanted to cry without tears.

How can I be locked up for half a month if I haven't gotten the holy book of jade yet?

Seeing the two royal guards getting closer and closer, Yue Feng's mind also turned quickly, thinking about countermeasures.

Mad, what should I do? Do you want to break up with the queen?

But if this is the case, it will be difficult to find the holy scriptures in the future.

"Sister, don't..."

Just when Yue Feng was in a dilemma, suddenly, an anxious shout came from outside the bedroom, and then, a slender figure walked in quickly and stood in front of Yue Feng.

It was Angie.

It turned out that An Qi had come a long time ago. When she saw Yue Feng inside and was questioned by the queen, she did not come in, but watched from the door.

Seeing that the Queen was going to punish Yue Feng, An Qi couldn't help it.

Chapter 3418

At this time, An Qi's delicate face was full of tension, and she said to the Queen: "Sister, I forced him to leave the palace today, no matter what happened to him. I beg my sister to spare him."

Said At these times, An Qi's eyes were full of anticipation.

When I met the giant dragon before, it was Feng Tao who saved him, so how could he watch him be locked up?

Pfft!

At the same time, Yue Feng hurriedly knelt down and looked terrified: "Your Majesty, I beg Your Majesty's forgiveness!" To

be honest, kneeling to the Queen, Yue Feng didn't want to kneel.

But no way. In order to find the second half of the holy book of jade, we can only temporarily compromise.

call!

Seeing An Qi coming in to plead for mercy, the Queen frowned and said coldly, "An Qi, you are already quite old, why are you so nonsense?" After speaking

, the Queen glanced at Yue Feng and continued: "Even if you force him Yes, he can't get rid of this matter, and taking you away from the palace is dereliction of duty." The

voice was not loud, but it was full of majesty.

The queen acts with clear rewards and punishments, which is her consistent style.

Hearing this, An Qi suddenly became anxious: "Sister, if you really want to punish, punish that Xilang, that bastard is the most hateful." When it came to Xilang, An Qi's body trembled. Unspeakable anger.

That bastard, when he saw the giant dragon, he left himself alone. It was too shameless.

Um?

The Queen was stunned: "What does this have to do with Xi Lang?"

"Sister, it's like this." An Qi walked over, hugged the Queen's arm, and explained everything that happened today in detail.

At the end of the story, An Qi couldn't hide her anger: "At that time, Xilang kept saying that he wanted to protect me, but when the giant dragon appeared, he ran away with his subordinates, and he didn't care about me and Fengtao's life or death, if it weren't for Fengtao's meeting. A little animal language, can communicate with the dragon, I am afraid that the two of us will really be eaten by the dragon." There is

such a thing.

Hearing this, the Queen's beautiful face suddenly turned gloomy: "Okay, I know about this, and I will ask that Xilang well tomorrow."

After speaking, the Queen waved at Yue Feng : “Okay. Now , you should step back first.”

“Yes, Your Majesty!” Yue Feng responded quickly.

call!

At the same time, Yue Feng couldn't help but breathe a sigh of relief, and glanced at An Qi gratefully.

Although this An Qi is a little playful, she can still help at critical moments.

Muttering in his heart, Yue Feng exited the palace.

“Sister!”

Seeing Yue Feng exiting the palace, An Qi held the Queen's hand affectionately and said coquettishly, “This Feng Tao is really good, he has been protecting me today, he is very heroic, why don't you let him be mine? Personal bodyguard.” The

queen gave her a look and said angrily: “I haven't settled the account with you about your unauthorized departure from the palace today, and the personal bodyguard will be discussed later...”

Feng Tao is a rare one. It is too subservient to let him be An Qi's personal bodyguard.

Hearing this, An Qi was disappointed.

.....

On the other hand, Yue Feng exited the bedroom and returned to the place where he rested.

Accompanying An Qi out of the palace during the day, wasting a day, and then being reprimanded by the queen, Yue Feng's mood was almost extremely bad.

That night, Yue Feng tossed and turned until very late.

Early the next morning, Yue Feng was woken up.

“Fengtao!”

A maid knocked on the door: “Your Majesty, I want you to go to the front hall, hurry up.” After speaking, she walked away.

Nima!

Chapter 3419

Yue Feng rubbed his eyes, very depressed, what did the queen ask her to do in the front hall this early in the morning?

Muttering, Yue Feng quickly got up to wash, and then rushed to the main hall.

call!

After arriving, Yue Feng was stunned.

I saw that the queen was sitting on the throne of the main hall, and the city lords of the cities were standing neatly below, not only that, but Xi Lang and An Qi were also there.

In front of Xi Lang, stood a middle-aged man with a mild expression.

It is Xilang's father, the commander of the Wangcheng Guards, Xibo.

However, what attracted Yue Feng's attention was a woman standing opposite Xibo. She was dressed in a gorgeous purple-red robe, which showed her graceful figure incisively and vividly, and her delicate face showed an extremely seductive charm. Any man who saw it, All will be stunned.

Seeing this woman, Yue Feng couldn't help swallowing his saliva, and the whole person went crazy.

What the hell!

Who is this woman? No matter her figure and beauty, she is on par with the Queen.

Especially that charming temperament, if you go to the mainland of Kyushu and enter the entertainment circle, it will definitely explode.

Just when Yue Feng sighed secretly, he saw An Qi wink at him.

Yue Feng understood and quickly walked to An Qi's side and stopped.

"Is it the first time to come to the main hall?" An Qi lowered her voice and said to Yue Feng, "Look at how stupid you are."

Yue Feng replied softly, "The queen suddenly called me here, of course I'm nervous." As she spoke, Yue Feng still couldn't help looking at that charming woman.

The voices of the two were so small that the people around them could not hear them at all.

“Hey!”

Seeing Yue Feng’s gaze, An Qi was very unhappy: “You don’t listen to me carefully, and you keep looking at what that vixen is doing?” As she spoke, her delicate face couldn’t help but show a hint of dissatisfaction. Points of contempt.

Vixen?

Yue Feng was stunned.

“Mrs. Lanya, who is famous in the entire royal city, haven’t you heard that she is the best at seducing men.” An Qi pouted and said angrily.

call!

Hearing this, Yue Feng’s face was stunned. It turned out that the woman was Mrs. Lanya.

In the past two days in the palace, Yue Feng had heard a lot of anecdotes here, including this Lady Lanya. It is said that her husband, who used to be a powerful duke, died later in order to defend against the invasion of other principalities. On the battlefield, the queen was very heartbroken at that time. In order to thank the duke for her contribution, she gave his wife the privilege, that is, Mrs. Lanya, to enjoy the duke’s treatment all her life.

It can be said that this Lady Lanya is the only woman with the title of duke in the Golden Lion Principality, or even the entire Roland Continent.

However, it is not Mrs. Lanya’s status that is rumored, but her romantic history.

It is said that Mrs. Lanya is a master of love, no matter any man, she can easily play in the palm of her hand.

When Yue Feng heard these rumors, he just laughed it off, but he did not expect that he would meet this Madam Lanya in the main hall today.

After watching Mrs. Lanya for a while, Yue Feng came back to his senses.

In the next second, Yue Feng couldn’t help but whispered to An Qi: “By the way, the queen asked me to come, what’s the matter?”

“

Seeing that he was still a little nervous, An Qi couldn’t help laughing, and then whispered: “What are you nervous about, it wasn’t my sister who passed on you, I asked the maid to call you.”

What?

Yue Feng was stunned for a moment, both angry and funny.

This An Qi is really daring, dare to use the Queen's name to pass herself into the hall?

Just when Yue Feng was secretly sighing, he heard An Qi continue: "Today, my sister is going to punish Xi Lang in public, I specially asked you to come and see."

Hearing this, Yue Feng nodded suddenly.

Speaking of which, what Xilang did yesterday was really shameless.

Chapter 3420

Thinking to himself, Yue Feng looked around the lower hall, and sure enough, he saw Xi Lang standing there, looking trembling and sweating on his forehead.

And that Xibo seemed calm, but there was also anxiety in his eyes.

The atmosphere of the entire hall was also a little heavy and depressing.

"Xibo!"

Finally, the queen's red lips lightly opened and she uttered two words!

Xibo was shocked, and quickly came out: "What is your majesty's order!" The

Queen's delicate face, without the slightest expression, said coldly: "As the commander-in-chief of the Royal City Guards, you are highly used by the royal family, and I have always admired you very much. You, but I didn't expect you to have such a big opinion about me and the royal family."

What? Hearing this, Xibo only felt like a thunderstorm sounded in his mind, he knelt down and said in fear: "I have always been loyal to our Golden Lion Principality and even the royal family. I do n't

know why Your Majesty said that?"

knowledge?

The Queen breathed a sigh of relief and said lightly, "Why do I say this? You ask your son, what did he do yesterday?"

When she said this, the Queen's face was indifferent, but she couldn't hide a bit of anger in her eyes.

This Sirang, at a critical time, abandoned his sister and ran away, how can he not be angry?

Swish!

In an instant, the eyes of the entire hall were all focused on Xi Lang.

Xi Lang's face was extremely pale all of a sudden, and he quickly knelt down and shouted at the Queen: "Your Majesty, calm down, I didn't leave Your Highness An Qi yesterday..."

Before he could finish speaking, he was interrupted by An Qi: "Xilang, in front of me, how dare you lie? Yesterday, when the giant dragon appeared, you immediately fled with people, and didn't care about my life or death, if it weren't for Feng Tao. Knowing the animal language and being able to communicate with giant dragons, I'm afraid I've already been eaten by giant dragons."

Thinking of what happened yesterday, An Qi was furious.

The voice fell, and the other city lords around couldn't help but talk about it.

"At a critical moment, he actually left His Highness An Qi, this Xilang is really outrageous."

"Yes, as the son of the commander-in-chief of the guards, it's really shameful..."

"I was quite optimistic about him, alas. ..." The

surrounding discussions kept coming, Xibo's face was extremely ugly, and he was dripping with cold sweat.

What a shame to have such a son.

At the same time, Xi Lang almost cried, and said in fear: "His Royal Highness An Qi, you really misunderstood me. I didn't want to run, but to go back to save people so that I could fight the dragon.

" Xilang, wanted to cry but had no tears.

I thought that An Qi and Feng Tao were dead last night. Anyway, they sneaked out of the palace and were eaten by a giant dragon. No one knew, and the queen would never find out about her.

But he never expected that An Qi and Feng Tao would come back safe and sound, and they also told the Queen about the situation.

Hehe...

Hearing this, An Qi sneered, not believing it at all.

Seeing that An Qi refused to forgive himself, Xi Lang was completely anxious and continued to explain!

“You bastard!”

However, at this moment, Xibo suddenly roared, huh, this beast actually did such a shameful thing, and still hasn't repented? Immediately walked over and slapped Xi Lang on the face!

“Crack!”

The slap used almost all his strength, and Xi Lang covered his face, his face swollen high.

“Father!” Xi Lang shouted, and almost didn't cry: “Yesterday, I really didn't abandon His Highness An Qi, I ran away at that time, I was going to rescue soldiers!”

“Crack!”

The ultimate husband in Chinese chapter 3421-3430

Chapter 3421

Hearing this, Xibo was furious, slapped him again, and shouted: "You bastard, you still have to argue now? You have lost all the face of our family. I usually How did you teach you to be loyal to the royal family for the rest of your life, and to defend the safety of Her Majesty the Queen and the royal family to the death. How did you do it?"

Xi Lang was full of grievances and was speechless for a while.

Xibo was still angry at this time, pointed at Xi Lang and continued to curse: "At a critical moment, you left His Highness An Qi and ran away by yourself. If you don't punish you properly today, I will not be your father!"

Said Then, Xibo shouted at the outside: "Come on, drag him out and beat him a hundred times."

Seriously, Xibo was very distressed when he beat his son a hundred times, but there was nothing he could do. If he didn't take the lead in expressing himself, the Queen would definitely not spare him lightly.

What?

Hearing this, Xi Lang trembled all over, and suddenly slumped on the ground with a face ashen.

Hit a hundred sticks, who can withstand it.

Soon, several guards walked in quickly and dragged Xi Lang out.

"Ah..."

Immediately afterwards, Xi Lang's miserable howl sounded outside the hall.

Hearing his son's screams, Xibo looked indifferent, then walked forward, and said to the queen in fear: "Your Majesty, I teach my son no way, from now on, I must take good care of myself, and I will ask the queen for what happened yesterday. Let me open up ." The

Queen pondered for a while, but did not respond.

The next second, the Queen turned her head to look at An Qi, and said softly, "An Qi, what do you think?" The

Queen and Sister An Qi are deeply in love. Yesterday, An Qi almost died, and the Queen was very angry, even if it happened. If you want to pass, you also need to see what An Qi means.

This chapter is provided by . Visit for daily update.

An Qi bit her lip lightly, pondered for a while, and then smiled: "Let Feng Tao make the decision."

Huh?

When the voice fell, whether it was the Queen or Xibo, they were all stunned.

Especially Xibo, looking up and down at Yue Feng, his eyes are full of complexity and surprise.

This guy, just a small bodyguard, has made His Highness An Qi pay so much attention.

Swish!

At the same time, the other city lords around were also looking at Yue Feng closely, unable to hide their curiosity.

Her Royal Highness An Qi asked for the advice of a guard.

What is his relationship with His Royal Highness An Qi?

Facing the eyes of everyone, Yue Feng looked indifferent. Afterwards, Yue Feng

smiled slightly and nodded at Xibo: "Since Your Excellency Xibo has set an example and taught his son a good lesson, I don't think there is any need to pursue it."

Bo continued: "Your Excellency Xibo, you should discipline your son well in the future, don't be ashamed."

Mad, yesterday Xilang fought against himself twice and twice. If he didn't want to hide his identity, he would have turned against him long ago. . Although Xi Lang was punished today, let him remember this lesson firmly.

"Yes..." Xibo's face turned blue and white, and nodded with a smirk.

At this time, Xibo had a smile on his face, but his heart was unspeakable.

Ma De, the commander-in-chief of his own dignified guards, was taught a lesson by a small palace guard in public. Where would he put his face in the future? But in front of the queen, it's not easy to attack, so I have to endure it.

“All right!”

At this moment, the queen said softly: “This matter is over. By the way, yesterday An Qi encountered a giant dragon, and you immediately sent someone to investigate.” The

giant dragon appeared near the Wangcheng, which is no trivial matter.

“Yes.” Everyone in the hall responded in unison.

In the next second, Mrs. Lanya walked out slowly, unable to hide her curiosity: “His Royal Highness An Qi said just now that this Fengtao understands animal language and communicated with the giant dragon yesterday, maybe he can find the whereabouts of the giant dragon. .”

When saying this, Madam Lanya looked at Yue Feng with her eyes like autumn water, her charming and delicate face, with a little smile, was indescribably charming.

Chapter 3422

Seriously, in Mrs. Lanya’s eyes, although this Feng Tao is average in strength, but it is so important to An Qi, there must be something special.

Yes...

Hearing this, the eyes of many people in the hall suddenly converged on Yue Feng.

This person understands the animal language, and it may be easier to find the dragon.

You must know that the dragon is tyrannical in strength and evil in character. If it is searched aimlessly, it is impossible to guarantee that there will be no casualties.

“Fengtao!”

At this moment, the queen showed a smile, looked at Yue Feng and said softly: “Are you sure about this matter?” If Yue Feng can find the whereabouts of the giant dragon, Wangcheng can formulate corresponding measures. Countermeasures to prevent the giant dragon from disrupting the people of the royal city.

“This....”

Yue Feng scratched his head, dumbfounded.

The giant dragon has been subdued by himself, how can he reveal its whereabouts? But seeing the Queen speak, Yue Feng is not easy to refuse.

Yue Feng thought about it, and then he secretly issued an order to the dragon to keep it away from the King City of the Golden Lion.

Thinking of this, Yue Feng took a step forward and respectfully said to the Queen: "Your Majesty, in fact, I don't think we need to go to great lengths to find the whereabouts of the giant dragon."

Huh?

Hearing this, the queen was stunned for a moment, and couldn't help but say, "Why?"

At the same time, everyone around was also puzzled.

Yue Feng smiled slightly and said slowly: "Yesterday when I encountered the giant dragon with His Royal Highness An Qi, I communicated with it and learned that the giant dragon had no plans to live nearby, so it let me and His Highness An Qi go. After that, I left directly, I think, it is no longer in our Golden Lion Principality."

So....

Knowing these circumstances, the queen pondered.

The other people around also breathed a sigh of relief. Since the dragon has left, there is no need to worry.

However, Xibo, who was standing there, sneered.

"It's really interesting!" The

next second, Xibo came out, looked at Yue Feng with a half-smile, and mocked: "It's quite like that, I think you're scared and don't dare to investigate the giant. Dragon's whereabouts, did you say that on purpose?"

"The giant dragon is powerful and evil by nature. Maybe it's dormant somewhere near Wangcheng right now. If I heard your words, Wangcheng didn't take precautions in advance, and waited until it appeared to attack Wangcheng. In the words of the people, who will take this responsibility?"

When he said this, Xibo's face was righteous, but his eyes looked at Yue Feng, but there was a bit of deep coldness.

Just now, Yue Feng embarrassed Xibo in public, and Xibo held a grudge. At this time, he deliberately contradicted Yue Feng on the issue of the giant dragon.

Whoa!

As soon as the voice fell, a discussion broke out in the entire hall.

“Your Excellency Xibo is right.”

“Yeah, if the giant dragon doesn’t leave, it will be troublesome.”

“Yes, this matter can’t be so sloppy!”

Yue Feng frowned as everyone continued to talk. , very speechless.

Seeing that many people support his point of view, Xibo’s eyes flashed with pride, and he said to Yue Feng: “Fengtao, do you have anything to say?”

“Since you think so, I have nothing to say.” Yue Feng said lightly With a smile, he responded.

Since you are going to toss, go to toss.

However, Xibo didn’t let Yue Feng go, he first looked around, and then shouted: “Everyone has seen this, this person is timid, if I guess right, he doesn’t understand animal language at all. Otherwise, Why don’t you dare to investigate the dragon’s whereabouts?”

As soon as these words came out, many people nodded in agreement.

“Yes, what Your Excellency Sibon said is reasonable.”

“How can anyone in this world understand Beast Language?”

Chapter 3423

Seeing this situation, Yue Feng was secretly angry.

Madd, is there something wrong with this Xibo? Your son acted so cowardly yesterday. It was his own problem. He was questioned in public by the queen today.

Listening to everyone’s discussion, Mrs. Lanya, who was standing there, looked at Yue Feng with a hint of disappointment.

I thought there was something special about this person, but it turned out that he could speak animal language, which was false.

“You shut up!”

At this moment, An Qi couldn't stand it any longer, looked around and said, "Yesterday Fengtao communicated with the giant dragon, I was there at the time, and I saw it with my own eyes. Don't slander him.

"Angie was very angry.

If it wasn't for Feng Tao yesterday, he would not have been able to come back alive, but this Xibo wanted to slander Yue Feng, which was really annoying.

Hehe...

Hearing this, Xibo couldn't help laughing, and said to An Qi: "Your Highness An Qi, you are too simple, although your encounter yesterday was very thrilling, but after careful consideration, there are still many doubts. Yes."

"The dragon is evil by nature, how can it communicate with humans? Perhaps, the dragon was full yesterday, so it didn't attack you."

"And this storm, when it wanted to show itself in front of you, just pretended to be. If you understand the animal language, you don't want to do it when you meet the dragon, so you can come back safely. In other words, Feng Tao was just lucky yesterday. In fact, he doesn't know the animal language at all, let alone communicate with the dragon."

After saying the last sentence, Xibo's face was determined, as if the situation at the time was the same as what he said.

"You..."

An Qi's face flushed and she was so angry that she couldn't speak.

This Xibo, saying one thing at a time, is really hard to refute.

At the same time, Yue Feng also laughed in anger.

Nima, this Xibo's imagination is really rich. What happened last night was obviously his own credit, but he insisted that he was lucky.

"Alright, alright!"

At this moment, the queen frowned and couldn't help but softly said, "Stop arguing for now!"

Seeing the queen's opening, Xibo stopped talking, and everyone around him also closed his mouth.

For a while, the entire hall was silent.

“Fengtao!” The

Queen looked at Yue Feng quietly, and couldn't help but ask: “It's true or false that you can speak animal language.” At this time, the Queen's curiosity was also aroused, and she really wanted to know , Yue Feng can't speak animal language.

Uh...

Yue Feng scratched his head and smiled bitterly: “Since Your Excellency Xibo said I was pretending, then I'm pretending.” Yue Feng was too lazy to explain this question. Anyway, the communication with the giant dragon, how to say it, everyone present will not understand.

“Haha...” The

voice fell, Xibo couldn't help sneering, grabbed the handle all of a sudden, pointed at Yue Feng and shouted: “You can't speak animal language? Then you are deceiving Your Majesty, and the sin

is unforgivable.” Yes, Xibo has been messing around on the issue of animal language before, just to force Yue Feng to admit that he does not know animal language, so that he can be charged with accusations.

At this time, seeing Yue Feng say it himself, Xibo was indescribably proud.

Mad, this kid embarrassed himself in public just now, and didn't show him any color. I really thought that I, the commander of the guards, was a piece of paper.

call!

At this moment, the queen sitting on the throne also frowned, her eyes twinkling with complexity.

To be honest, the Queen's heart is towards Yue Feng, but at this time there are so many people in the hall, Yue Feng really can't speak animal language, that is, he has committed a big crime of deception. If he is partial, he can't justify it.

At the same time, the surrounding city lords looked at Yue Feng with indifference, and none of them spoke to Yue Feng.

Made.

Yue Feng was also shocked and his heart was angry.

This Xibo is really insidious. I said so much just now, and the ultimate purpose is to put me in charge of the crime.

Chapter 3424

Thought, Yue Feng didn't panic at all, looking at Xibo with a smile but not a smile: "Your Excellency Xibo, you are indeed the commander-in-chief of the guards, so powerful."

Xibo sneered and ignored it.

The next second, Xibo respectfully said to the Queen: "Your Majesty, this wind wave is really abominable. Even though he can't speak animal language, he wants to deceive Your Majesty and beg His Majesty to give him the most severe punishment."

When he said this, Xibo looked on his face. Seriously, with a smug smile in his eyes.

The queen groaned.

At this time, Yue Feng smiled and said to Xibo: "Your Excellency Xibo, just now you kept saying that I don't know the animal language, I just follow your meaning and say it casually, you can take it seriously. , but also take the opportunity to condemn me, this seems a little unreasonable."

Hu!

Hearing this, Xibo was stunned for a moment, and then sneered: "Listen to what you mean, you really understand the animal language?"

"Otherwise?" Yue Feng looked relaxed.

Yue Feng's attitude made Xi Bo very unhappy, and said coldly: "There is no evidence, since you really know the animal language, you have to prove it." After speaking

, Xi Bo looked around: "Everyone is right . Right ?" The

voice fell, and many people who had a good relationship with Xibo agreed.

"Yes, I just said, who wouldn't."

"I have to prove it."

Listening to everyone's discussion, Yue Feng frowned secretly.

Mad, what bad idea is this Sibos holding back?

Seeing Yue Feng's expression, Xibo sneered secretly.

The next second, Xibo respectfully said to the Queen: “Your Majesty, since Feng Tao said that he can speak animal language, why not let him prove it, what does Your Majesty think?” Fengtao can speak animal language?”

As a queen, it is natural to be fair and impartial, Xibo’s proposal is not too much, and naturally he will not refuse.

Haha...

Seeing the Queen’s promise, Xibo showed a smile.

Immediately, Xibo said to the queen: “Recently, a new batch of golden lion mounts has arrived in the Royal City Guards, and there are more than a dozen of them with violent temperaments, which are difficult to tame. Since this storm can speak animal language, why not let him and these The golden lion communicates and sees if he can tame it.”

“If he succeeds, it proves that he can speak animal language, if not, he is lying and deceiving His Majesty.”

After the last sentence, Xibo looked at Yue Feng with a proud look. Vice your dead attitude.

Whoa!

After these words fell, the entire hall was suddenly in an uproar, and many people exclaimed in surprise.

“Let Fengtao tame the golden lion mount?”

“Some of you have seen it now.”

“Your Excellency Xibo, this is a great move.” During the

discussion, many people looked at Yue Feng with sympathy.

You must know that the reason why the Golden Lion Principality has the word ‘Golden Lion’ is because there are a large number of golden lions inhabiting the Golden Lion Principality. These golden lions are powerful and fierce in character. The prince’s royal family invests a lot of manpower and money every year to tame the golden lion and strengthen the elite golden lion army.

Just taming the golden lion, the success rate is very low, a thousand golden lions, only a few dozen can be tamed successfully in the end.

Moreover, to tame a golden lion, it takes dozens of people to cooperate with each other. Even so, it is difficult to guarantee that no one will be bitten to death by the golden lion.

And now, Xibo actually proposed to let Yue Feng tame more than a dozen golden lions. This is not a test, but it is clear that Yue Feng will suffer.

Even if it is not done well, Yue Feng will be bitten to death by the golden lion.

“Xibo!”

At this moment, An Qi’s body was trembling, and she yelled at Xibo, “Don’t go too far.”

Even if Feng Tao could speak animal language, he couldn’t tame more than a dozen golden lions at once. This Xibo is really hateful, he is clearly looking for trouble.

“His Royal Highness An Qi!” Xibo said with an innocent look, and said with a wry smile: “This Fengtao said that he can speak animal language, I just suggested that he prove it, why is it too much?”

Said, Xibo looked at Yue Feng With a glance, he couldn’t hide the contempt in his heart: “If he doesn’t dare, he can refuse.”

Chapter 3425

As long as Feng Tao dares to refuse, it proves that he has a ghost in his heart.

Swish!

At this moment, the eyes of everyone in the hall converged on Yue Feng.

Would he dare to tame a dozen or so cruel golden lions?

At this moment, Yue Feng also frowned secretly, this Xibo’s fox tail was finally exposed, and he even asked me to tame the golden lion. interesting!

“Fengtao!” An Qi was very anxious and whispered, “Don’t agree!”

Yue Feng smiled and signaled her not to worry.

“How is it?”

Seeing that Yue Feng didn’t respond, Xi Bo couldn’t help urging: “Don’t you know the animal language? It should be no problem to tame the golden lion, you won’t dare.”
After speaking

, Xi Bo became more and more proud . : “Well, a dozen golden lions are indeed a bit too many, just two.”

“Okay!”

Yue Feng nodded and said with a smile: "Tame the golden lions, right!"

Phew!

Hearing this, whether it was Xibo or An Qi and others, they were all stunned.

He really agreed.

At this time, Yue Feng breathed a sigh of relief, and continued with a relaxed expression: "It's just that two heads are boring, didn't you say there are more than a dozen heads? Let

's release them all." When he said this, Yue Feng looked indifferent, and there was no sign that he was about to face a beast. nervous.

What?

At this moment, everyone in the entire hall was stunned, and looked at Yue Feng with unbelievable faces.

Is this storm crazy? To tame more than a dozen golden lions at the same time.

Even if he really knows the animal language and wants to express himself in front of the queen, is his confidence a bit too much?

An Qi, in particular, stomped her feet in a hurry and pulled Yue Feng: "Are you crazy?" A dozen or so golden lions became violent, and the consequences could not be imagined. You must know that an adult golden lion is equivalent to the realm of the middle-ranking saint.

Yue Feng smiled: "Don't panic!"

Mrs. Lanya, who was standing opposite, looked at Yue Feng quietly, and her delicate body trembled slightly.

He really had to tame a dozen golden lions.

Is this bravery? Or too arrogant?

"Huh!"

At this time, the queen also reacted and looked at Yue Feng in a complicated way: "Yue Feng, are you sure you want to do this? You want to tame a dozen golden lions at the same time?"

" Taming the golden lion was deliberately making things difficult for Yue Feng, but Yue Feng personally agreed. As the queen, it was inconvenient to stop him.

At this time, the queen was only worried about Yue Feng's safety.

This Feng Tao, who is erudite and talented, must not let anything happen to him.

"Your Majesty."

Feeling the Queen's worry, Yue Feng smiled slightly, with a cynical attitude: "Since Your Excellency Xibo has said it, I can't refuse it, or it will be too disrespectful!"

"Okay!"

See you He said that, the queen was not ready to say anything else, she waved her hand, and asked the guards outside to prepare, and then she led the crowd out of the hall to the square outside.

Soon, more than a dozen huge iron cages were pulled into the square. In each iron cage, a huge golden lion was trapped. Each golden lion was more than three meters high and five meters long, covered with golden colors. The hair is majestic and shocking.

What the hell!

Seeing this scene, Yue Feng secretly sighed.

No wonder Xibo was proud when he mentioned the golden lions. It turned out that these golden lions were really ferocious.

However, Yue Feng did not panic at all.

The ultimate husband in Chinese chapter 3426-3430

Chapter 3426

"Roar..."

At this time, a dozen or so golden lions roared non-stop in the iron cage, the sound shook the sky, and the breath that filled their bodies almost enveloped the entire square.

Haha...

Seeing this, Xibo smiled and his eyes were a bit gloomy.

For this wind wave to tame more than a dozen golden lions at the same time, it is simply impossible. There are only two possibilities for the end, either being bitten by the golden lion or being torn to pieces.

At this time, under the Queen's order, many guards set up a circle of iron fences in the center of the square as a venue for Yue Feng to tame the golden lion.

After doing this, more than a dozen golden lions were driven out of the cage and into the enclosure.

"Haha!"

At this moment, Xibo was very proud and laughed at Yue Feng: "Everything is ready, it's your turn to show!"

After saying that, Xibo couldn't help but mocked: "You won't be in trouble. Are you afraid?" The

voice fell, and the audience's eyes converged on Yue Feng.

"A dozen or so golden lions are too shocking, does he dare?"

"Looking at his appearance, he must be delusional!"

"Nonsense, it's you and you are delusional!"

"Come, Yue Feng smiled slightly: "What do I dare not?" The

This chapter is provided by . Visit for daily update.

voice fell, Yue Feng moved his hands and feet, and his figure jumped lightly, and jumped into the iron fence.

Phew...

Seeing this scene, everyone in the audience was stunned.

This guy is crazy, he really got in!

At this moment, An Qi looked at Yue Feng closely, with a bit of surprise and worry on her delicate face.

A dozen golden lions, is he really not afraid of death?

Not far away, Mrs. Lan Ya also looked closely at Yue Feng's figure, her heart was hanging.

This Feng Tao has really entered...

At the same time, the Queen quietly looked at Yue Feng, her eyes flashing with a strange brilliance, revealing deep approval.

In the face of such a dangerous situation, it is really rare to be able to be so relaxed.

“Roar, roar... Roar!”

Just when everyone was secretly surprised, they saw that after Yue Feng entered the iron fence, a dozen golden lions roared one after another, and then quickly surrounded them, each with a bloody mouth. Opened, revealing sharp fangs.

For a time, both An Qi and Mrs. Lan Ya secretly sweated for Yue Feng.

In the entire square, except for the roar of the golden lion, everyone was silent, all eyes widened, watching how Yue Feng responded!

At this time, in the iron fence.

Seeing more than a dozen golden lions quickly surrounding them, each with a dangerous atmosphere, Yue Feng did not panic at all, but urged his inner strength to quietly inject it into the beast-controlling ring on his body.

hum!

In an instant, a special power fluctuation erupted from the beast ring, with Yue Feng as the center, covering the surrounding golden lions.

“Hooho...”

Feeling the energy fluctuation, more than a dozen golden lions suddenly burst into a restlessness, and then stopped one by one, their eyes focused on Yue Feng, puzzled.

The breath of this human being is so special...

“Hooho...”

At the same time of doubt, the dozen or so golden lions kept making low-pitched roars, their eyes locked on Yue Feng, waiting for an opportunity.

call!

Seeing this scene, everyone around was holding their breaths.

Especially Xibo, with a wicked smile on his face.

Ha ha..

Chapter 3427

This wind wave has to tame more than a dozen golden lions. Now these golden lions are going to be provoked. Let's see what he does.

At this time, Xibo believed that Yue Feng could not speak animal language, and had already angered these golden lions, but he did not know that Yue Feng had activated the animal control ring, making these golden lions a little restless for the time being.

in the iron fence.

“Be good...”

Looking at the dozen or so golden lions surrounding him, Yue Feng did not panic at all, and kept sending messages through the beast ring: “Don't be impulsive, I am not here to hurt you. ...”

“You should have felt my power. If you really fight, you are not my opponent. If you do not, you will be killed by me. However, as long as you are obedient, you will be fine. Do you understand?”

” At the time, Yue Feng looked relaxed, but he was a little nervous in his heart.

Speaking of which, Yue Feng is not afraid of being besieged by these golden lions, but in that case, he will show his true strength, and at that time, his true identity will not be able to be concealed.

Therefore, it is better to communicate with these golden lions as much as possible and let them take the initiative to surrender.

“Roar, roar...”

Hearing Yue Feng's words, more than a dozen golden lions kept roaring, but the fierceness in their eyes slowly disappeared. After a few seconds, they surrounded Yue Feng one by one. Sticking out his tongue, he licked Yue Feng's face affectionately.

Yes, licking the face is a gesture of goodwill by the Golden Lion.

Pfft!

When more than a dozen golden lions rushed up to lick his face, Yue Feng couldn't stand still and fell to the ground all of a sudden.

Whoa!

Seeing this scene, the people outside the iron fence suddenly exclaimed. From their point of view, they saw Yue Feng being thrown down by a dozen golden lions, thinking that he had been attacked.

“My God, a dozen golden lions have attacked together. I’m afraid this Feng Tao will not survive!”

“I thought he really knew the animal language, but it turned out...”

“Yeah, this person is overconfident. It’s over.” The

discussion kept coming, and An Qi bit her lip tightly, feeling unspeakable sadness in her heart.

This Feng Tao is so arrogant, how can he tame so many golden lions at the same time?

Mrs. Lanya, who was not far away, couldn’t help but sigh softly and felt sorry for Yue Feng. Like everyone else, she also thought that Yue Feng was attacked by these golden lions and had no chance of surviving.

At the same time, the queen was also trembling.

This wind wave....really dead?

“Alas!”

At this time, Xibo, who was standing at the front, said with a fake expression of regret: “I just asked him to tame two golden lions, but I didn’t expect this wind wave to be so arrogant that he had to tame a dozen of them together. Now It’s really heartbreaking to end up like this.”

When he said this, Xibo’s face was full of pity, but his eyes were full of pride.

This Feng Tao, who dared to teach himself a lesson in public before, was bitten to death by these golden lions and deserved it.

Thinking to himself, Xibo said to the Queen: “Your Majesty, it seems that Feng Tao is dead, let someone drive the golden lion back to the iron cage!” The

Queen bit her lip and did not respond.

“Xibo!”

At this moment, An Qi scolded Xi Bo with grief: “It’s all you, you have to let Feng Tao prove that he can speak animal language. Now that he is dead, you are satisfied!”

At this time, An Qi hated Xibo to death. I had been in contact with Yue Feng for a day, and heard a lot of interesting things from Yue Feng, and I was thinking of letting him be my personal bodyguard, but now, he was bitten to death by the golden lion.

“His Royal Highness An Qi.” Xibo said innocently: “How can you blame me? When I was in the hall before, I didn’t force him. He wanted to tame more than a dozen golden lions at a time, but he didn’t tame them and lost them. In death, I can only say that he is too confident.”

“You...”

Hearing this, An Qi’s face flushed and her whole body trembled with anger, but she didn’t know how to refute it.

Because Xibo said it well, it was indeed Yue Feng who wanted to tame more than a dozen golden lions together.

“Look at...”!

After arguing, I suddenly heard exclamations from the surrounding people.

An Qi hurriedly followed everyone’s gaze, and when she saw it, her delicate body trembled, and she was completely dumbfounded.

He saw that Yue Feng’s figure stood up in the group of golden lions, his face was licked wet, his whole body was intact, and there was no sign of being bitten.

Not only that, but more than a dozen golden lions, snuggling up beside Yue Feng, were as docile as kittens, and completely lost their previous ferocity.

Chapter 3428

This...

At this moment, everyone’s eyes widened, staring at Yue Feng in a daze, their eyes full of incredible, completely stupid.

He actually managed to tame more than a dozen golden lions?

Incredible, he... how the hell did he do it?

If it really depends on the animal language, it would be amazing.

At this time, everyone did not know that Yue Feng had a beast ring on his body that communicated with the spirit beasts in the world. Otherwise, he would not have tamed a dozen golden lions so easily.

quiet!

At this moment, the entire square was silent, and a drop of a needle could be heard clearly.

Especially Xibo, his face turned into a pig's liver color, which was extremely ugly, and his heart was also full of anger.

Ma De, I thought that this time I could use the golden lion to teach Feng Tao a good lesson, but I never expected that Feng Tao really tamed a dozen golden lions. This kind of ability is even the top of the Golden Lion Principality. The animal trainer is also far behind.

"Fengtao!"

At this moment, An Qi couldn't hide her excitement and excitement, and shouted at Yue Feng, "You are amazing!" While shouting, her eyes flashed with excitement.

At the same time, the queen also showed a smile, and her delicate face was full of relief.

This wind wave, really did not let himself down.

Mrs. Lan Ya, who was standing not far away, looked at Yue Feng with a strange brilliance.

I originally thought that this Feng Tao was just an appearance and had no ability, but now it seems that he is really different, no wonder he is so appreciated by His Royal Highness An Qi.

Thinking to herself, Mrs. Lan Ya reacted and praised Yue Feng softly: "I really didn't expect that this Feng Tao really has such ability to tame more than a dozen golden lions at the same time. It's really incredible.

" At that time, Mrs. Lanya became more and more interested in Yue Feng.

Hearing the praise, Yue Feng smiled.

Seeing this, Xibo's face became even more gloomy. The mood was even worse.

It was originally intended to make Yue Feng make a fool of himself, but in the end, he won applause from the audience. Can you not be angry?

"Your Excellency Xibo!"

At this time, Yue Feng showed a smile and said to Xibo: "You have seen that, a dozen golden lions have been successfully tamed by me, I know the animal language, I believe you will never again. Do you have any questions?" The

voice was not loud, but it spread throughout the audience.

Swish!

In an instant, all the eyes around him focused on Xibo.

"This..." Xibo was embarrassed, scratching his head, not knowing what to say.

At this moment, An Qi couldn't help but said: "Xibo, you just said that Feng Tao deceived His Majesty, and you have to give him an accusation. Now that they are arguing, won't you say something?"

"Qi looked around the audience and continued: "Xibo, as the commander-in-chief of the Wangcheng Guards, is arguing with a palace guard over a trivial matter. In my opinion, he must publicly apologize to Fengtao."

As soon as these words came out, Many people around nodded in agreement.

"Yeah, this Fengtao does have real material!"

"Your Excellency Xibo, you really need to apologize."

"His Royal Highness An Qi is right."

Listening to the discussions around, Xibo's face was extremely ugly, and his heart was unspeakable.

I thought I was going to teach this Fengtao a lesson, but it turned out to be self-defeating, but how could he be the commander-in-chief of the guards, how could he apologize to a guard in public? If you do, what will happen next?

"Sibo!"

Chapter 3429

When Xibo was tangled in secret, the Queen who had been silent all the time said softly: "You really did something wrong today, you should apologize to Yue Feng."

After saying that, the Queen looked at Yue Feng, The admiration could not be concealed in his eyes.

"Yes, Your Majesty!" Xibo was reluctant, but he still answered.

The next second, Xibo walked up to Yue Feng and whispered: "Fengtao, I'm sorry, I was a little rude before, please don't mind."

When he said these words, Xibo almost squeezed between his teeth. When he came out, his heart was full of anger and humiliation.

Ma De, Fengtao, you wait for me, and when it falls into my hands in the future, it will definitely make your life worse than death.

Seeing Xibo's dissatisfaction, Yue Feng smiled slightly and didn't take it to heart: "Your Excellency Xibo is really polite, if you didn't insist on it just now, I wouldn't have the chance to show you the beast language, so, I still have to thank you."

Yue Feng's attitude made Xibo almost explode with anger, he snorted softly and said nothing more.

"Okay!"

At this time, the queen raised her jade hand, motioned everyone to be quiet, and said slowly: "Today Fengtao demonstrated his animal taming skills, which is eye-opening, such talents are really rare, I announce that from now on, and promoted Yue Feng to be the commander of the palace guards."

Wow!

When the words fell, the audience was in an uproar, and everyone looked at Yue Feng with envy.

Immediately afterwards, many people came to congratulate.

Yue Feng smiled and greeted those who came to congratulate him.

"Your Excellency Fengtao!"

At this moment, a gentle and pleasant voice came, and I saw Mrs. Lanya walking slowly, and smiled at Yue Feng: "The scene just now was really wonderful, how did you do it, let more than ten people. The golden lion is so obedient?"

After speaking, Mrs. Lanya looked at Yue Feng closely, her delicate face full of curiosity.

Yue Feng smiled: "Well... the animal language I learned is somewhat mysterious, and I can't explain it clearly for a while." As he spoke, he admired Mrs. Lanya up close and sighed.

I have to say that this Mrs. Lanya is really sexy, especially her unique charming temperament. Any man who sees it will fall into it and cannot extricate himself.

That's it...

Hearing this, Mrs. Lanya was a little disappointed, and then smiled lightly: "Since this is the case, if there is a chance another day, I will ask for some advice. I hope Your Excellency Fengtao will not refuse."

After speaking, Madam Lanya smiled charmingly at Yue Feng and turned to leave.

Gudong.

With that smile, Yue Feng only felt that his entire soul had flown away. At the same time, he could not help but sigh with emotion.

Looking at the situation, the rumors may be true, this Mrs. Lanya really has a way of dealing with men. You can be careful in the future.

...

an hour later, Hibiscus Manor.

Furong Manor is the residence of Mrs. Lanya. It is located in the southeast corner of Wangcheng. It occupies an area the size of a football field. It is full of flowers and plants.

At this time, in the hall, Mrs. Lanya was sitting on a chair, and opposite her, a man sat there with a thorn, wearing armor, majestic, but his face was full of anger.

It's Sibō.

"Made!"

At this moment, Xibo raised his head and drank a glass of wine, and said angrily: "Today is really shameful and lost at home. If I don't take revenge, I, Xibo, will not be

a human being." Thinking of today's events, Xibo is unforgivable. , First the son lost his face, and then he was taught by that Feng Tao in public.

Seeing Xibo's face full of anger, Mrs. Lanya smiled lightly and comforted: "Your Excellency Commander! Why are you making such a big fire? I think that wind wave is quite interesting."

While speaking, Mrs. Lanya got up . Come here and pour Sibō a glass of wine.

Chapter 3430

If there are outsiders present at this time, they will definitely be surprised.

In the dignified Golden Lion Principality, Mrs. Lan Lanya, the only one who received the privilege of the title, was so gentle and obedient in front of Xibo.

To be honest, Mrs. Lan Lanya didn't want to do this either. Xibo held her very important handle in his hand. In front of him, he could only put down his body and make compromises.

"Haha..."

Hearing Mrs. Lan Lanya's words, Xibo sneered: "It seems that you appreciate him, don't you?" After the

voice fell, Xibo stretched out his hand and squeezed Mrs. Lan Lanya's chin, and his eyes flickering with a bit of ferocity, without the slightest pity.

"Your Excellency Commander!"

Madam Lan Lanya exclaimed tenderly, her delicate face showing pain: "You hurt me."

Xibo laughed evilly and let go of his hand.

At this time, Mrs. Lan Lanya stabilized her emotions and said softly: "That wind wave can speak animal language and can tame more than a dozen powerful golden lions at once, which is extraordinary, you saw it with your own eyes, and this man He is highly valued by the Queen, and has just been designated as the commander of the guards, if you continue to oppose him, I'm afraid it will be inappropriate."

Thinking of Feng Tao, Mrs. Lan Lanya's eyes could not help but flicker with a strange brilliance.

However, Xibo, the more he thought about it, the more angry he became, and he said coldly, "What if you are highly valued by the Queen? If you provoke me, it will look good to him." When the

voice fell, Xibo's fingers were hard, and the wine glass instantly shattered.

Madam Lan Lanya was startled and couldn't help but say, "Then what are you going to do with him?" Huh

!

Xibo took a deep breath, then looked up and down Mrs. Lan Lanya, and smiled badly: "When I was in the square before, I saw Feng Tao's eyes staring at you all the time, I must have some thoughts about you, so, You look for opportunities to confuse him."

What?

Hearing this, Mrs. Lan Lanya's delicate body trembled: "You let me go... to confuse him?"

Xibo nodded, his face unquestionable: "With your beauty and the way you deal with men, That kid is by no means your opponent, and when he is addicted to your beauty and can't extricate himself, it's time for me to take action." When

he said this, Xibo looked smug.

In the Golden Lion King City, there is no man who can resist the temptation of Mrs. Lan Lanya's beauty.

This...

Hearing this, Mrs. Lan Lanya bit her lip tightly, very tangled.

To be honest, she really appreciates Feng Tao in her heart, but if she wants to take the initiative to tempt it, it's a little...

Seeing her hesitating, Xibo's face darkened, and he said coldly: "What? You don't want to?" The voice was not loud, but revealed a hellish gloom.

Mrs. Lan Lanya's heart trembled, and she quickly said: "Okay, I will find an opportunity as soon as possible."

While responding, Mrs. Lan Lanya couldn't tell the grievances.

If her husband was still alive, Mrs. Lan Lanya would never have been bullied by Xibo like this, but now, apart from enjoying the status of the title, she looks like she is completely helpless. If she doesn't agree to Xibo, the end will be extremely miserable.

"Hehe..."

Seeing her finally agreeing, Xibo showed a smile and said proudly: "That's right, don't worry, as long as you help me deal with Feng Tao, I will never treat you badly."

Speaking of these knowledgeable goods, Xibo drank the wine, feeling indescribably happy.

Fengtao, with the help of a peerless stunner like Mrs. Lan Lanya, just wait to die.

.....

On the other side, the Royal Palace.

Yue Feng returned to his residence with a very complicated mood.

The ultimate husband in Chinese chapter 3431-3440

Chapter 3431

Although in the square just now, he tamed a dozen golden lions at once, shocking the audience and causing the queen to seal the commander position, but Yue Feng was not happy at all.

It's been three days, and I haven't found the sacred book, which is really worrying.

A sneeze.

In the irritability, Yue Feng sneezed a few times.

Nima, who is talking about me behind my back?

"Fengtao!"

Just as Yue Feng was muttering secretly, he heard An Qi's cry from outside the door.

The next second, I saw An Qixing hurried in, her delicate face full of excitement.

Yue Feng smiled bitterly: "His Royal Highness An Qi, this is where the guards live, why are you here?"

"I am the Queen's sister." An Qi tilted her head and said with a charming face: "The entire palace is my home, Where do I want to go, who can control me?"

Said, An Qi took Yue Feng's hand and asked impatiently: "Fengtao, you have tamed so many golden lions just now, it's really amazing, you called me Is the animal language good?" What the hell

! This Angie is really a headache.

At this moment, Yue Feng was almost on the verge of crying without tears. He couldn't find the holy scriptures, but he encountered this quirky An Qi.

Thinking to himself, Yue Feng scratched his head and said solemnly: "Beast language is not something that ordinary people can learn, it requires talent, it's innate, understand..." Of course he can't own the beast ring. Said, so, Yue Feng can only talk nonsense.

Hearing this, An Qi was full of confusion, and finally gave up.

This chapter is provided by . Visit for daily update.

“Okay, I won’t learn it anymore.” An Qi shook her head: “It’s really profound, by the way, what other special skills do you have?”

Yue Feng smiled and said casually: “My skills are all Little tricks, nothing.”

As he said that, Yue Feng suddenly thought of something and took the opportunity to say, “But I’ve been studying ancient books recently.”

Ancient books?

Hearing this, An Qi was stunned.

Yue Feng nodded and said seriously: “It’s a book left by the ancients, it contains the wisdom of the ancients, it’s amazing, there is one book, what is the holy book of jade, I don’t know if His Highness An Qi has heard of it? “

When he said this, Yue Feng looked casual, but there was some expectation in his eyes.

On my own, I don’t know when I will be able to find the sacred book, and An Qi, who is the queen’s sister, may be able to help.

“This ancient book, I seem to have seen my sister study it. It is made of exquisite white jade. It is very beautiful, but it is only half a volume...” An Qi replied while thinking.

Yue Feng suddenly became excited and couldn’t help holding An Qi’s hand: “Really? Do you know where it is?”

An Qi’s body trembled and glared at Yue Feng: “What are you doing? You want to take me It’s cheap.” As the Queen’s younger sister, An Qi is at the age of the flower season, and anyone who sees it is polite, and no man has dared to take the initiative to hold his hand.

Uh...

Yue Feng looked embarrassed, and quickly let go: “I was a little excited just now, His Highness An Qi calmed down.”

Pfft!

Seeing that he was a little nervous, An Qi couldn’t help laughing, with a bright smile: “Look at how nervous you are, I’m just trying to scare you.”

After speaking, An Qi looked serious: “You honestly say, why are you so interested in that holy scripture jade book?”

"This..." Yue Feng thought for a while, then smiled: "Didn't I say it just now, I've been interested in ancient books recently, and knowing that the palace has a collection of holy scriptures, I wanted to open my eyes."

Hearing this, An Qi no longer doubted: "Well, I'll find an opportunity that day to ask your sister, But you have to promise me, listen to me in the future, do whatever I ask you to do, and don't refuse."

"Okay!" Yue Feng didn't even think about agreeing.

As long as you can find the sacred book, these conditions are nothing.

Chapter 3432 is

great.

Seeing Yue Feng's agreement, An Qi cheered happily, then chatted with Yue Feng for a few words, and left happily.

call!

Watching An Qi leave, Yue Feng breathed a sigh of relief, and his mood suddenly improved.

With An Qi's help, I believe that I will be able to get the holy book of jade very soon.

Thinking to himself, Yue Feng sat on the chair and comfortably brought himself a glass of wine.

"Your Excellency Fengtao..."

At this moment, a guard walked in and said respectfully, "Mrs. Lanya sent someone to invite your Excellency to the Furong Manor."

When he said this, the guard looked respectful, At this time, Yue Feng is the commander of the palace guards, can you be polite?

Um?

Madam Lanya looking for me?

Hearing this, Yue Feng was shocked and almost jumped up.

When she was in the square before, Mrs. Lanya's charming smile was still reminiscent of Yue Feng, but she didn't expect that in less than two hours, Mrs. Lanya sent someone to invite him.

Thinking to himself, Yue Feng couldn't help but ask: "What's wrong with Mrs. Lanya?"
The

guard shook his head: "This, my subordinates are not very clear!"

Alright!

Yue Feng didn't ask, got up and walked out of the room. When he got to the palace, he saw a slender figure waiting there quietly. It was Mrs. Lanya's maid.

Seeing Yue Feng coming out, the maid hurriedly bowed and said politely, "Your Excellency Fengtao, please."

Yue Feng nodded and got into the unicorn car next to him.

Soon, at Furong Manor, Yue Feng couldn't help feeling secretly.

What a beautiful and elegant place.

I can see that in the manor, there are clusters of flowers, and all kinds of exotic flowers and plants are competing for beauty.

call!

Finally, under the guidance of the maid, Yue Feng came to a side hall, but the moment he stepped in, he was stunned when he saw the scene inside, and at the same time he couldn't help taking a deep breath.

I saw a graceful figure lying quietly on the soft couch in the side hall.

It was Mrs. Lanya.

At this time, Mrs. Lanya was wearing a long white dress. The material of this long dress was similar to the silk of Kyushu, showing a translucent state. The perfect curve was looming and extremely charming.

It seems that he has just drunk, and his delicate facial features are red.

More importantly, Mrs. Lanya was lying there at this time, very lazy and relaxed, coupled with that unique charming temperament, any man would fall into the trap when he saw it.

Gudong!

After watching it for more than ten seconds, Yue Feng finally came to his senses. He stepped forward and said respectfully, "Fengtao has seen Madam!" Although Yue Feng

is the commander of the guards, Madam Lanya enjoys the treatment of a marquis and cannot be compared in terms of status. .

While speaking, Yue Feng kept looking up and down Mrs. Lanya's charming figure.

To be honest, Yue Feng didn't want to be so rude, but it was hard to restrain, after all, this Madam Lanya was really charming.

"Your Excellency Fengtao!"

Mrs. Lanya smiled lightly and sat up from the soft couch, her tone indescribably soft and pleasant: "I thought that Your Excellency was the commander, it would be difficult to invite, but I didn't expect you to come, Do it, don't be rude!"

Yue Feng smiled slightly, and was not polite, walked in and sat on the chair next to him.

Immediately afterwards, Yue Feng couldn't help but ask: "I don't know why Mrs. Lanya suddenly called me here, why?"

Mrs. Lanya smiled softly: "Before in the palace square, you tamed a dozen heads at once. The golden lion shocked the audience. It is a rare talent. I am very curious. As far as I know, no one has been able to do this in the Roland continent for thousands of years. Moreover, it is the first time I have heard of the beast language. ."

Chapter 3433

It's because of the animal language again.

Hearing this, Yue Feng smiled, and immediately started talking nonsense: "Is this, in fact, the word beast language, I came up with it myself, I have the ability to communicate with beasts since I was born, I don't know if this is considered a What..."
As he

said that, Yue Feng's gaze couldn't help but scrutinize Mrs. Lanya.

After watching it for more than ten seconds, Yue Feng woke up.

Oops, she is so rude, will Mrs. Lanya be angry?

Thinking to himself, Yue Feng paid attention to Mrs. Lanya's expression, but was surprised to find that she was not at all unhappy, but adjusted her sitting posture to show her most charming curves.

Gudong!

Seeing this, Yue Feng couldn't help swallowing his saliva again.

This woman really sucks.

“Huh..”

At this time, after listening to Yue Feng’s nonsense, Mrs. Lanya couldn’t help but sigh: “It turns out that Your Excellency Fengtao is very talented, I thought this animal language can be learned by everyone, just To learn something from you, now it seems that I have no chance.”

“However, your Excellency is also a rare talent in our Golden Lion Principality. Today, Your Excellency is willing to come to my Furong Manor. It is really my honor.

” After the last sentence, Mrs. Lanya got up and walked to the table, stretched out her jade hand and poured two glasses of fine wine.

Afterwards, Mrs. Lanya handed one of the cups to Yue Feng and said with a tender smile, “I wonder if Your Excellency Fengtao is interested in having a drink with me?”
The

looming perfect curve, slender legs, and such a close distance, Yue Feng I just felt my throat was dry and my brain was a little foggy.

“Oops!”

Just when Yue Feng was stunned, he saw that Mrs. Lanya didn’t stand still, she screamed softly, and was about to fall to the ground.

Yue Feng reacted quickly, and quickly embraced Mrs. Lanya in his arms.

hiss!

In an instant, Ruan Xiang fell into his arms, and he couldn’t help gasping for air, and his bones were almost crisp.

So soft, so fragrant.

At the same time, Madam Lanya’s beautiful face was also blushing, and at the same time, her jade hand hugged Yue Feng naturally.

The next second, Mrs. Lanya said softly: “Suddenly I feel a little dizzy, Your Excellency Fengtao, can you help me to the soft collapse?” When saying this, Mrs. Lanya deliberately stuck to Yue Feng’s ear.

What the hell!

At this moment, Yue Feng only felt itchy ears, and a heart beat faster.

Is this Mrs. Lanya implying herself?

Thinking to himself, Yue Feng nodded, and then helped Mrs. Lanya to sit on the soft couch.

Sitting on the soft couch, Mrs. Lanya did not let go of her hand immediately, but still hugged Yue Feng tightly, her face blushing and indescribably beautiful: "Your Excellency Fengtao, it will be dark soon, why don't you go tonight? Just stay with me here."

When she said this, Mrs. Lanya's face was charming, but her eyes flashed with complexity.

Such blatant seduction of Yue Feng was not Mrs. Lanya's true intention, but she had no choice. She had already promised Xibo.

hiss!

At this moment, Yue Feng froze there, his brain buzzing.

Nima, what's going on?

Did I hear it wrong? This Madam Lanya wants to keep me here for the night?

Thinking to himself, Yue Feng couldn't help admiring Mrs. Lanya up close, such a beautiful stunner, who took the initiative to make such a request, and any man would not refuse it.

But at this time, Yue Feng still maintained a bit of rationality, and felt that the things in front of him were very strange.

I only met Mrs. Lanya today. Even if she admires it, it's developing too fast.

Chapter 3434

Thinking to himself, Yue Feng couldn't help but say: "I'm afraid it's not right!"

"What?"

Mrs. Lanya smiled, her delicate face was charming and unbelievably beautiful: "Could it be that I Isn't it beautiful?" After speaking, he stretched out his jade hand and hugged Yue Feng again.

At the same time, Mrs. Lanya's other hand quietly picked up some light red powder and bounced it into the air.

Mrs. Lanya's movements were very light, but Yue Feng was still aware of it.

What the hell!

Aware of this, Yue Feng frowned and couldn't help muttering secretly.

This Mrs. Lanya, asking herself to come, really has a purpose.

Muttering in his heart, Yue Feng did not see through it immediately, but planned to take the plan.

hum!

Soon, after inhaling the powder in the air, Yue Feng only felt a sense of dizziness, but Yue Feng has a physique that is invulnerable to all poisons, so he quickly woke up.

However, in front of Mrs. Lanya, Yue Feng still pretended to be confused.

"A little dizzy, this wine is a little too strong." Yue Feng covered his forehead, pretending to say, while observing Mrs. Lanya's reaction.

Mrs. Lanya smiled softly, let Yue Feng rest on her long legs, and gently rubbed Yue Feng's face with her jade hand: "Since you are tired, just rest here with me..."

While saying this, Lan Mrs. Ya's face was charming, but she was secretly relieved.

Finally got this Yue Feng done.

call!

Hearing Mrs. Lanya's gentle words, Yue Feng only felt that all the bones in his body were going to be brittle. At this time, Yue Feng wanted to know what this Madam Lanya was going to do when she made herself dizzy.

.....

On the other side, the Crescent Principality.

In a valley dozens of miles away from Pearl City, there is a beautiful valley.

At this time, on the shore of the lake in the valley, two slender figures were sitting quietly, one with a long red dress and the other with a long light blue dress. They were graceful and graceful.

It was Yanhong and Miaoying.

Five days ago, after Miao Ying was rescued by Yan Hong, she has been cultivating in this valley.

“Yanhong!”

At this time, after meditating and resting, Miaoying couldn't help but ask Yanhong, “You said you wanted to take me to see Yue Feng, but where is he?”

Yanhong smiled slightly, but did not respond immediately. , but said indifferently: “Miaoying, why are you so eager to see him? Besides, you have not fulfilled the conditions you promised me before.”

Phew!

Hearing this, Miao Ying bit her lip tightly and said, “Okay, what do you want me to do for you?” She promised Yan Hong before that as long as she could see Yue Feng, she would do anything for her.

Yanhong's eyes flickered: “At that time in Storm City, you were besieged by twelve holy knights in the Temple of Light, and you were caught, right?”

“Yes!” Miaoying replied without thinking about it. Those twelve people are very powerful.”

Yanhong nodded: “Well, you can help me find the twelve holy knights.”

What?

Miao Ying's delicate body trembled, and she stood there: “What are you doing with them?”

Yan Hong's delicate face showed a bit of arrogance: “It is said that the most powerful goddess in this world is the goddess of light. She is admired by thousands of people. I want to replace her.”

When saying this, Yan Hong's eyes flashed. firm.

Yanhong is not only arrogant, but also extremely ambitious. Since she has come to another world, she must be called an existence standing on the peak.

Seeing her expression, Miao Ying was stunned for a moment, and then she reacted: “But how do I know where the Twelve Paladins are?”

Yan Hong smiled, with a serious face: “Before you pretended to be the Goddess of Light, these Paladins are If you want to lead them out, the best way is for you to pretend to be the goddess of light again.”

“No!”

Chapter 3435

Miao Ying trembled, shook her head and refused: “I won’t impersonate anyone again.” She pretended to be the goddess of light before, which triggered wars and led to the displacement of many people. Miao Ying has a kind heart. Very regretful, how could it continue to fake the goddess of light.

Seemingly guessing that she would refuse, Yan Hong was not angry, she chuckled lightly, “Forget it if you don’t want to, and don’t want to know where Yue Feng is in the future.”

“You...”

Miao Ying stomped her feet, angrily. No, after several struggles in her heart, she nodded and said, “Okay, I promise you, but this is the last time I will pretend to be the Goddess of Light.”

Yan Hong nodded, and then rushed towards Pearl City with Miaoying.

Ten minutes later, Yanhong and Miaoying arrived over Pearl City.

It was noon at this time, and I saw an endless stream of pedestrians on the streets of Pearl City. Indescribably bustling and prosperous.

Soon, the two Yanhongs suspended in mid-air were noticed.

“Look, there are people in the sky!” Someone

shouted, and in an instant, the people of the entire Pearl City raised their heads to look at Yan Hong, all of them were dumbfounded.

Just in the middle of the sky, I saw two women, long skirts flying, beautiful curves, and beautiful facial features, as if they had been carefully crafted, they were absolutely beautiful.

“It’s so beautiful!”

“Is this a goddess descending to earth?”

Many people exclaimed in shock.

Soon, the turmoil alarmed the city lord Seth.

“Beautiful lady!”

At this moment, Seth was stunned when he saw Yanhong. After a few seconds, he quickly said respectfully, "I don't know why the lady came to Pearl City all of a sudden?" Back then,

Yue Feng was slandered and killed Du Men The old man has become a sinner in Pearl City. When the two sides fought, Yan Hong suddenly appeared and injured Yue Feng, shocking the audience. Seth was there at the time. When he saw Yan Hong, he recognized it immediately. .

At this time, Seth, while talking, his eyes moved back and forth on Yanhong and Miaoying.

These two women, one is more beautiful than the other, I don't know what is the relationship between them.

At this moment, when she heard Seth's call, Yanhong did not respond immediately, but looked around the city, a clear and cold voice resounded in the sky: "People from Pearl City, listen, the one next to me is the Goddess of Light. Your Highness, from now on, Pearl City will be directly ruled by the Goddess

! Hearing this, there was an uproar in Pearl City. The extremely beautiful woman next to her is actually the Goddess of Light? Not only that, but the goddess also rules Pearl City? Even Seth was shocked, and the whole person was blinded. As for Miao Ying, who was suspended in mid-air, her face was indifferent, without the slightest expression. Her appearance is to cooperate with Yanhong, and she doesn't need to speak at all. A few seconds later, Seth reacted and smiled bitterly at Yanhong: "This... Pearl City is under the jurisdiction of the New Moon Principality, how can it be ruled by a goddess, and..." "There is so much nonsense!" After she finished speaking, she saw Yanhong's pretty face froze as she spit out four words coldly, and then she raised her jade hand, and a burst of shock shot out, just wanting to be enveloped by Seth.

boom!

That blood-colored shock was as fast as lightning, and Seth couldn't dodge at all. The whole person was shocked and flew out, flying a few hundred meters, hitting the city gate, and died tragically on the spot!

hiss!

The entire Pearl City is silent!

The mayor died like this?

Seeing this situation, in Pearl City, whether it was the defenders or the common people, they couldn't help gasping for air, and they were extremely frightened!

“Yanhong!”

At this moment, Miaoying’s body trembled and she was furious. She couldn’t help but blamed Yanhong: “How did you kill? We didn’t agree, just let me pretend to be the goddess of light? No? Killing innocent people?”

Yan Hong said with a look of indifference: “Don’t show your love in front of me, what’s the big deal just to kill a city lord? I did this to attract the Twelve Paladins to appear as soon as possible.”

The ultimate husband in Chinese chapter 3436-3440

Chapter 3436

Speaking, Yanhong looked around, and the cold voice resounded over the entire Pearl City again.

“There should be no objection now. All the defenders listen and immediately notify the other nearby city lords. Within a day, they will come to see His Highness the Goddess.”

When the last sentence fell, Yan Hong’s delicate face showed A smile.

Miao Ying entered Pearl City as the goddess of light. As long as this matter spreads, I believe that the twelve holy knights will come soon.

“Yes...”

At this moment, the Pearl City defenders present were all terrified and at the same time responded.

Soon, the nearby towns were shocked when they learned that the Goddess of Light appeared in Pearl City and killed Seth. At the same time, the Temple of Light also got the news, and immediately sent twelve Holy Knights to investigate.

After half a day!

Yanhong and Miaoying are meditating in Seth’s manor.

Buzz...

Suddenly, I saw a dozen golden figures coming over the sea in the distance, coming quickly, each with a powerful aura.

It was the Twelve Paladins.

Sensing the powerful aura fluctuation, Yanhong stood up at once, her delicate face showing a bit of excitement: "It's coming quite fast!"

After speaking, Yanhong smiled at Miaoying and said, "Miaoying, I'll see you next."

Miao Ying nodded and said at the same time, "Yanhong, I can help you, but don't hurt anyone else." As she spoke, Miao Ying's toes were a little on the ground, and her figure looked like a graceful figure. Qinghong, flew high into the sky, and greeted the Twelve Holy Knights.

This chapter is provided by . Visit for daily update.

Swish!

Before reaching the front, the eyes of the Twelve Paladins suddenly locked on Miao Ying.

In the next second, the golden lion at the head couldn't help shouting angrily: "It's you again! You are not small, how dare you pretend to be the goddess again and again, courting death?"

When he said this, the golden lion was full of anger, I was a little surprised.

This woman, who was in Storm City at the beginning, had already been caught by herself, why did she run out again?

At the same time, the other Paladins also glared at Miao Ying.

In an instant, the atmosphere above the entire Pearl City was extremely dignified, almost overwhelming.

However, Miao Ying did not panic at all, looked at the golden lion and said indifferently: "Don't talk nonsense, I will win first."

Om!

The voice fell, and a powerful breath burst out from Miaoying's body.

"Beyond your own power!" The golden lion roared coldly, and rushed up first.

Buzzing...

At the same time, other holy knights also burst into holy power, and cooperated with the golden lion to surround Miao Ying in mid-air, and then a fierce battle broke out between the two sides.

At this time, the Twelve Paladins did not take Miaoying seriously at all. After all, they had joined forces to capture her in Storm City before, and naturally they would not take Miaoying seriously.

However, none of the twelve holy knights knew that besides Miao Ying in front of her, there was a powerful Yanhong hidden in the dark below.

At this time, sensing the movement outside, the people of Pearl City walked out of the door one after another, looking up at the fierce battle in the air, all of them were extremely shocked.

Bang Bang Bang... During

the fierce battle, I saw the twelve Holy Knights cooperate with each other and force Miao Ying to retreat.

Whoosh!

However, at this moment, a slender figure suddenly rose into the sky and attacked the golden lion, wearing a blood-red dress, drawing a gorgeous streamer in the air.

It is Yanhong.

Yes, Yanhong's plan was to attract the twelve holy knights in the light, while she was looking for opportunities in the dark.

What?

Suddenly seeing Yanhong, Jin Shi was taken aback, and at the same time wanted to turn around to fight back, but it was too late.

boom!

Yanhong slapped a palm and slapped the back of the golden lion fiercely. He heard a groan, and the figure fell directly.

"Golden Lion be careful!"

Chapter 3437

"Why is there another one?"

"It's so strong."

At this moment, the remaining Paladins were also shocked. Seeing the Golden Lion being raided, they were even more shocked, and they rushed towards Yanhong. Come.

The twelve holy knights are a whole, and the power of the joint outbreak is very strong, but at this time, the golden lion was raided, and there were only eleven people left, and the strength was greatly weakened.

Bang Bang Bang...

Soon, with the cooperation of Yan Hong and Miao Ying, the remaining eleven Paladins were all severely injured by Yan Hong and fell to the ground one by one.

However, Yanhong didn't stop there, the figure immediately fell to the ground, raised her jade hand, and sealed all the acupoints of the twelve holy knights.

Gudong, Gudong...

After sealing the acupoints, Yanhong took some pills from her body and stuffed them into the mouths of the twelve paladins. These paladins swallowed them subconsciously before they could react.

Just after swallowing the pill, the golden lion headed by him suddenly trembled, only to feel a sharp pain coming from his lower abdomen.

At the same time, the other Paladins also frowned, each one breaking out in cold sweat.

Haha...

Seeing this situation, Yan Hong looked smug: "Don't stare at me like that, the food I give you is a potent poison that I developed by myself, if there is no antidote within three days, it will kill you!"

When I left the illusory realm, Yanhong stayed with Yue Feng for a while, learned some alchemy skills from Yue Feng, and developed a poison, which is not a problem at all.

"Made!"

Hearing this, Jin Shi's complexion changed suddenly, and he looked at Yan Hong in surprise: "What a vicious woman, dare to poison me, have you thought about the consequences?" The

voice fell, and the remaining eleven The paladin was also furious and shouted at Yanhong.

"Dare to poison us, you are courting death!"

"Hurry up and take out the antidote!"

At the same time, the twelve paladins wanted to activate their holy power, but to their astonishment, their bodies were completely immune to the pain. Controlled, unable to move at all.

At this time, the twelve holy knights didn't know yet that Yanhong had tapped their acupoints, and they couldn't move at all if they didn't untie the acupoints.

"Why can't I move?" Jin Shi's face was hideous, and his eyes were blood red.

At the same time, the expressions of the other eleven Paladins also changed, and they were inexplicably panicked!

"Ma De, I can't move anymore!"

"Me too..."

"How could this be?"

Seeing this scene, Yan Hong sneered at Jin Shi, "I have tapped the acupoints for you, so naturally you can't move. alright ."

Pointing holes?

Hearing this, Jin Shi was stunned, and his anger grew even stronger.

In the next second, Jin Shi tried his best to calm himself down, took a deep breath, and said to Yan Hong, "What do you want?"

At the same time, the remaining eleven paladins also glared at Yan Hong.

Yanhong didn't panic at all, showing a charming smile, and said slowly: "Don't worry, I don't want your lives, I just need you to take us to the goddess of light!"

"As long as I see the goddess of light, I will give it to you immediately. Your antidote!"

Whoa!

Hearing this, the faces of the twelve Paladins changed greatly, and then they refused without thinking.

"Do you want to see His Highness the Goddess?"

"How noble is the Goddess, how could it be possible for you to see it?"

"Stop dreaming!" The

Twelve Paladins accused one after another, with a cold and arrogant tone in every tone.

Hearing this, Yan Hong smiled slightly, and said coldly, "Okay, since you don't agree, I won't force it. Anyway, you were poisoned, and you were given acupoints by me, so you won't survive for three days."

"I told you . You, this kind of poison, the entire Roland Continent, only I can solve it."

After speaking, Yan Hong greeted Miao Ying, and was about to turn around and leave.

Chapter 3438

"Wait!"

As soon as he took two steps, he heard the golden lion scream, his face full of unwillingness, showing deep horror.

Yanhong stopped and looked back at him with a smile: "What? Changed your mind?"

Jin Shi took a deep breath, let go of his previous arrogance, and whispered, "...I promise you!"

When he said this, Golden Lion was very suffocated. He didn't want to be submissive, but he couldn't help it. If he died of poison in three days, he would be too aggrieved.

Seeing his promise, Yanhong's mouth twitched, and then she looked at the other Paladins: "How about you?"

Huh!

The remaining eleven Paladins looked at each other and nodded.

"We have no opinion!"

Nothing is more important than life, and no one wants to die.

Seeing the twelve holy knights, all of them were subdued, Yan Hong's delicate face was full of pride, and then she went over and untied their acupuncture points.

This...

Seeing this scene, Miao Ying bit her lip lightly, her mood was indescribably complicated.

Yanhong acted too ruthlessly, she helped her deal with the twelve holy knights, and she didn't know whether it was right or wrong.

“Okay!”

At this moment, Yan Hong smiled slightly and said, “Now that you have resumed your actions, you can take me to see the Goddess of Light!” The

twelve holy knights nodded, and then boarded a boat by the sea, heading towards the light. to the island where the temple is located. Being poisoned, the Twelve Paladins could not fly.

.....

On the other side, Furong Manor.

Seeing Yue Feng closed his eyes, Mrs. Lanya thought he had passed out.

The next second, Mrs. Lan Ya put Yue Feng on the soft couch, then walked to the table and poured herself a drink.

Yue Feng quietly opened his eyes and saw Mrs. Lanya’s gaze, looking at the door, as if waiting for someone.

Squeak...

After a while, the door was gently pushed open, and a tall middle-aged man walked in slowly, wearing a gorgeous robe, his expression gloomy, and at the same time showing a bit of excitement.

It’s Xibo.

Mad!

Seeing Xibo, Yue Feng was stunned.

Why is this Xibo in Mrs. Lanya’s manor?

Muttering in his heart, Yue Feng quickly closed his eyes to avoid being noticed by Xibo and Mrs. Lanya.

“Your Excellency Commander!”

At this time, Mrs. Lanya went up to meet Xibo and said to Xibo, “You’ve come.”

Xibo glanced at Yue Feng on the soft couch, and sneered: “Have you got it done?”

Mrs. Lanya Nodding: “It’s done, I was a little worried that this Fengtao won’t take the bait, but the plan is very smooth, and it finally didn’t disappoint you.”

“Haha..”

Hearing this, Xibo couldn't help laughing . When he got up, he looked at Mrs. Lanya with a smile: “With Mrs. Lanya, you go out in person, and there is that man who doesn't like it?”

Said, Xibo hugged Mrs. Lanya in his arms, and his hands were dishonest.

Nima!

Hearing this, Yue Feng became angry and understood something.

It turned out that Mrs. Lanya took the initiative to invite me to come, and was secretly instructed by Xibo.

Thinking of this, Yue Feng wanted to teach Xibo a lesson, but he still held back.

Chapter 3439

At this time, Xibo held Mrs. Lanya more and more presumptuously.

“Hmm...”

Mrs. Lanya let out a low moan, her face flushed, and then gently pushed Xibo away: “Your Excellency Commander, calm down, don't forget that I am terminally ill and cannot be touched by men. Hearing this ,

Xibo let go of his hand reluctantly, and his face was full of regret: “Ma De, Madam is so beautiful, but it's a pity that she can see it and can't touch it!

” When she died on the battlefield, Mrs. Lanya was heartbroken, so she took poison and wanted to leave this world with her deceased husband. How could she know that she had a special body and was immune to the poison.

But because of this, the poison remained on Mrs. Lanya, and it was difficult to get rid of it.

Later, the Marquis Mengyi took a fancy to Mrs. Lanya, who was a widow. One night, the rescuer took Mrs. Lanya to her manor.

Who knew that his subordinate was also a pervert. He wanted to carry Mengyi on his back and enjoy Mrs. Lanya first, but as soon as he touched Mrs. Lanya's body, he was poisoned and died.

At that time, Meng Yi learned of the situation, and he no longer dared to attack Mrs. Lanya's idea.

Of course, Xibo knew about these things, so even though he also had unreasonable thoughts about Mrs. Lanya, he didn't dare to go too far. After all, although beauty is charming, life is not important.

Um?

At this moment, Yue Feng, who was lying on the soft couch, was stunned when he heard the conversation between the two.

This Mrs. Lanya can't be touched by men?

At this time, Xibo had taken advantage of Mrs. Lanya, and took out a whole green flesh worm from her body: "This is called a brain-eating worm, it is said that people will become insane if they eat it, so you will eat it later. "

What?

Mrs. Lanya's body trembled and she was startled: "Commander, if you want to get rid of this Feng Tao, you can just kill it at this time. Why would you give him such an evil thing?"

Xibo smiled coldly: "What do you know? He is being reused by the Queen now. If he dies in your manor, the Queen will definitely investigate. Therefore, we don't need to take this risk."

Said, Xibo took a deep breath and continued: "And , Before Meng Yi rebelled, the Queen's vitality was greatly damaged. If her trusted subordinates suddenly became insane and caused trouble in the palace, I could take advantage of it. If one day I become the king, you will be the hero. . "

Upon hearing this, Mrs. Lanya responded, but her delicate face was inexplicably uneasy.

Nima!

At the same time, Yue Feng, who was lying there, was also shocked and furious.

It turned out that this Xibo not only wanted to deal with me, but also wanted to replace the queen as the king, just like Meng Yi.

So scheming, what an old fox.

Just as Yue Feng was scolding, Xibo handed the brain-eating worm to Mrs. Lanya and left the room.

For a while, the room was very quiet.

Yue Feng squinted his eyes slightly, and saw Mrs. Lanya standing there, her heart was up and down, her face was fluctuating, and she was obviously struggling in her heart.

“Fengtao!”

Finally, Mrs. Lanya came to her senses, walked towards the soft slump, and said to Yue Feng, “I don’t want to hurt you either, but there

’s nothing you can do, don’t blame me!” Mrs. Ya thought that Yue Feng was still in a coma, but she didn’t know that Yue Feng was pretending.

The voice fell, and Mrs. Lanya was about to stuff the brain-eating worm into Yuefeng’s mouth.

popping...

But she didn’t expect that Yue Feng suddenly sat up, knocked out the brain-eating worm in her hand, and at the same time, with lightning speed, he directly clicked on her acupuncture point.

Yue Feng’s action was quick, but Mrs. Lanya didn’t react at all.

In just a moment, Mrs. Lanya couldn’t move, her delicate body was trembling, and her delicate face was full of surprise: “How...how did you wake up?”

When she said this, Mrs. Lanya was even more horrified to find that she couldn’t move.

Yue Feng chuckled and looked at her playfully: “Mrs. Lanya, I hope I can stay asleep forever! I’m sorry for disappointing you!

“

At the same time, Yue Feng’s eyes couldn’t help but look up and down Mrs. Lanya’s charming curves again.

I have to say that Mrs. Lanya is charming and charming, and her figure is very good. Thinking that this woman and Xi Bo secretly colluded to deal with him, Yue Feng thought of teaching her a lesson.

Madam Lanya was completely flustered, her delicate face flushed red: “You, let me go, what are you going to do?”

Chapter 3440

Yue Feng couldn't help laughing, with a playful expression on his face: "There are only two of us in this room, what do you think I want to do?" After speaking

, Yue Feng's eyes became more unscrupulous.

"You..."

Yue Feng's eyes made Mrs. Lanya uncomfortable, her face flushed, and she was furious: "Close your dog's eyes and get out!"

Get out?

Hearing this, Yue Feng frowned secretly, Mad, you and Xibo conspired to plot against me, is there any reason? Seeing Mrs. Lanya who was close at hand, Yue Feng felt that a nameless fire burst out from his dantian! This evil fire almost made him lose his mind.

In the next second, Yue Feng no longer hesitated, and rushed over!

"Fengtao, you are so bold, I..." Madam Lanya was panicked and kept shouting.

Stab it!

Mrs. Lanya was tapped on acupuncture points, she couldn't move at all, she couldn't tell the panic, and the next second, before she could react, Feng's lips kissed without warning.

At this moment, feeling the breath of Yue Feng, Mrs. Lanya only felt powerless for a while, and then Yue Feng completely took over

... the

other side.

Under the guidance of the twelve holy knights, Yanhong and Miaoying finally came to the island where the Temple of Light is located.

At this moment, Yan Hong and Miao Ying were both tightly bound with their hands. This is what Yanhong asked for, and the purpose is very simple, to make the goddess of light lower her guard.

call!

At the moment of landing, looking at the majestic and solemn buildings on the island, Yan Hong was indescribably excited.

The goddess of light is the highest spiritual symbol in the entire Roland continent. I will see it soon, can you not be excited?

“Yanhong!”

At this time, Miaoying couldn't help but ask in a low voice, “What are you going to do? Why do you tie your hands when we come to see the goddess of light?”

Yanhong smiled and replied, “You twice The fake goddess of light, now coming to her territory, of course we have to show some sincerity.”

“The reason why I saw the goddess of light is to ask some questions. We will send in from the chaotic vortex and return to the Kyushu continent sooner or later. This goddess of light is the pinnacle powerhouse in this world, and she definitely knows how to leave.”

After saying the last sentence, Yan Hong's face was serious, but her eyes flashed cunningly.

Speaking of which, Yanhong's real purpose is to replace the Goddess of Light and rule the Temple of Light, but Miaoying cannot know about these things, because Miaoying is kind-hearted and knows the truth, she will definitely stop it.

“Okay!” Miao Ying nodded and stopped talking.

Yanhong and Miaoying's voices were so small that the twelve holy knights who were leading the way could not hear them at all.

Soon, after passing through the square in front of the temple, I saw many powerful knights lined up neatly and imposingly.

If ordinary people came here, they would definitely be frightened, but Yan Hong and Miao Ying were indifferent.

A few minutes later, Yanhong and Miaoying were brought into the temple by the Twelve Holy Knights.

Swish!

At this moment, Yan Hong and Miao Ying's eyes landed on the throne in the temple almost simultaneously.

I saw a beautiful figure sitting quietly on the throne, dressed in a golden robe, which showed the graceful figure to the fullest, without losing the majesty, and the whole body was filled with a powerful breath.

It is Yarina, the goddess of light.

At this time, Yalina was also quietly looking at Yanhong and Miaoying.

For a time, the atmosphere of the entire temple was somewhat depressing and subtle.

The ultimate husband in Chinese chapter 3441-3450

Chapter 3441

“Goddess!”

Finally, Jin Shi took the lead in reacting, taking a step forward and respectfully said to Yarina: “These two women, one of them is the person who pretended to be the goddess before, and the other is her accomplice.”

Said At these times, Jin Shi pointed at Yanhong and Miaoying. Hearing this ,

Yalina’s eyes locked on Miaoying, her tone soft and dignified: “Why are you impersonating me?”

surprise.

This woman is not only beautiful, but also has a strange power, and this power has never been seen before.

At this time, Yarina didn’t know that Miaoying was not a human being at all, but a fairy.

Miao Ying bit her lip lightly and replied, “It’s a condition of my promise to Zuri Principality to pretend to be you, so as to make excuses for them to start a war.”

In Miao Ying’s heart, these things had nothing to hide, so she just said it directly.

Seeing her answer truthfully, Yarina nodded.

In the next second, Yarina noticed something and turned her head to look at the Golden Lion and the other eleven Paladins: “Golden Lion, what happened to each of you?”

Yarina clearly felt that the Golden Lion and others, All of them were pale and weak.

The golden lion looked ashamed and smiled bitterly: “My subordinate is ashamed. When I caught these two women before, I was injured a little, but it was not a big problem!” The

voice fell, and the remaining eleven Paladins nodded in agreement. .

In their hearts, as a paladin, they were poisoned because they underestimated the enemy.

This chapter is provided by . Visit for daily update.

Moreover, when she was on the road before, Yan Hong also said that she came to see the goddess in the temple to ask some questions. Moreover, the goddess is powerful and is not afraid of what Yanhong and Miaoying will do.

What?

Twelve paladins were actually injured by these two women?

At this moment, both Yarina and the other knights outside the hall were stunned.

You must know that the Twelve Paladins, but the most powerful subordinates of the Goddess of Light, are invincible together. In the entire Roland Continent, there are almost no opponents, and they were injured by two women, which is incredible.

But on the other hand, if these two women were ordinary people, they wouldn't pretend to be the goddess of light.

Soon, Yarina recovered and said to Jin Shi and the others, "You've worked hard, please step back and rest first!"

"Yes!" Jin Shi and the

others responded in unison, and then stepped aside.

At this time, Yarina's eyes fell on Miaoying again: "The first time I pretended to be me was to make an excuse for the daily principality to start a war, I can understand this, but now the war has subsided, I ask you, why do you want to impersonating me?" The

voice was not loud, but there was no doubt about it.

This...

Miao Ying bit her lip, a bit of embarrassment on her delicate face, she didn't know how to respond.

Then, Miao Ying turned her head to look at Yan Hong. The second time impersonating the Goddess of Light was Yan Hong's idea, so she could only explain it.

At this moment, Yanhong took a step forward and looked at Yarina with a half-smile, "I asked her to do it for the second time I faked you."

Huh?

Yarina frowned and couldn't help but said, "Why?"

Yan Hong didn't talk nonsense, and said straight to the point: "Let's be honest, we are from other worlds, and we don't belong here at all. I heard that you have a supreme position in this world and know everything, so I want to see you."

Other worlds?

Hearing this, a bit of surprise and doubt appeared on Yarina's beautiful face.

Chapter 3442

At the same time, the twelve holy knights standing on both sides, as well as other knights, were also stunned.

Are these two women from another world?

No wonder the breath that pervades his body is so special.

At this moment, Yanhong took out a jade ring from her body: "If you don't believe it, you can take a look at this, this is something from our world, you don't have it here at all!"

A maid came over, took the jade ring, and then respectfully Hand it over to Ariana.

call!

At this moment, looking at the exquisite jade ring in her hand, Yalina's delicate body trembled faintly, and she was shocked.

Such a beautiful jade, this pattern, this carving technique, the entire Roland Continent can't find a second one. Could it be that what she said was true?

hum!

Just when Yalina was secretly surprised, she saw Yanhong sneer, her figure was astonished, her jade hand raised, and a palm hit Yalina.

Yes, Yanhong took out the jade ring in order to divert Yarina's attention and facilitate her raid.

At this time, Yalina was all focused on Yuhuan, and she never thought that Yanhong would suddenly attack.

"Yanhong, you..."

"Stop!"

Seeing this scene, both Miaoying and the surrounding twelve holy knights were all shocked.

Immediately afterwards, Miao Ying and the Twelve Paladins were about to stop her, but they were still a step behind.

In the blink of an eye, Yanhong rushed to Yarina, and a powerful aura burst out from Yanhong. .

“You are so bold!!”

Seeing the explosion of Yanhong, Yalina’s delicate face was full of anger. This is the Temple of Light, and this woman dares to do something to herself in public.

In a panic, Ya Lina was about to dodge, but Yanhong was too fast.

boom!

With this palm, Yan Hong burst out with all her strength, and slapped Yarina on the shoulder, she heard Yarina groan, and her delicate body was blown away.

Pfft!

After flying more than 100 meters away, Yalina finally fell heavily on the square outside the temple, her face was pale, she was indescribably weak, and a trace of blood overflowed from the corner of her mouth.

Yarina clearly felt that the woman’s palm directly disrupted the holy energy in her body.

quiet!

At this moment, there was a dead silence inside and outside the entire temple.

Finally, Miao Ying was the first to react and shouted at Yanhong, “Yanhong, what are you doing?” She said yes, she just asked this goddess of light some questions, why did she do it?

Yanhong showed a smile and said lightly: “Miaoying, we have been away from the illusory realm for so long, and we have experienced so many things, why are you still so naive?”

“There is an old saying in the Kyushu continent, which is called ‘when it comes, Ze Anzhi’. Since we were spread to this Roland Continent by the chaotic vortex, it is God’s will, why should we go back?”

“To tell you the truth, the real purpose of my coming here is not to ask her for advice at all, but to replace it. Her position as the goddess of light.”

Those words, like thunder, rang in the ears of everyone present.

At this moment, both Miao Ying and the others around her were all stunned.

Soon, Miaoying reacted, anxious and angry: “Yanhong, you are lying to me again!”

At this time, Miao Ying was very regretful. She had known that Yan Hong had such ambitions, she should not have listened to her before, and once again pretended to be the Goddess of Light.

Whoa!

At the same time, the golden lion and the other paladins also recovered and shouted angrily at Yanhong.

“You despicable and sinister woman, lie to us...”

“It’s really like a snake...”

Chapter 3443

“Damn, it’s terrible.”

Like Miao Ying, the Twelve Paladins at this time were also very angry.

I thought that Yanhong used the poison to force herself to bring her to the temple, just to see the goddess and ask some questions, but she never thought that she wanted to replace the goddess of light.

Invisibly, these people are her accomplices by bringing wolves into the house.

In anger, Jin Shi and others wanted to rush over to check on Yarina’s situation, but they were all poisoned and extremely weak.

Hearing the angry shouts of the Twelve Paladins, Yanhong looked indifferent.

In the next second, Yanhong looked at Miaoying and said lightly: “Miaoying, you are really stupid, I replaced the goddess of light, it is only good for us, not bad, think about it, as long as I control the temple of light, After that, everything we do will be easy.”

Hearing this, Miao Ying wanted to refute, but she didn’t know how to speak.

“Huh!”

At this time, Yalina stood up slowly, her face was pale, and she stared at Yanhong and said, "I didn't expect you to be so beautiful, yet so evil in your heart. Can you control the Temple of Light?"

Yarina was very annoyed when she said this.

It's shameful to be attacked by a woman, the dignified goddess of light, but I have to say that this woman's power is really strong.

Thinking to herself, Yalina glanced at Yanhong coldly, she really underestimated the enemy just now!

"Haha!"

Feeling Yarina's anger, Yanhong didn't panic at all and smiled: "Whether you have the strength to control the Temple of Light, you will find out later."

"By the way, I forgot to tell you that in addition to being injured by us, these twelve Paladins were also poisoned."

"Do you think they caught us both? Actually, I asked them to bring me to see you. Yours."

When saying this, Yan Hong's delicate face was full of pride.

What?

Hearing this, Yalina's delicate body trembled, and she couldn't help but look at Jin Shi and the others.

Seeing Yarina looking over, Jin Shi and the others were all ashamed and lowered their heads one by one.

Seeing this situation, Yan Hong became more and more complacent, and continued at Yarina: "You have been injured by me, and the lives of the twelve holy knights are also in my hands. Tell me, is this Temple of Light? Already under my control?"

"Bold!"

At this moment, a roar came, followed by a burly figure, swiftly approaching, with a strong aura permeating his body.

A golden armor, majestic, the realm of the Holy Spirit.

It was the head of the knights in charge of guarding the temple, Taito.

Taitu's status is slightly lower than that of the Twelve Paladins, but his strength is comparable to that of the Golden Lion and others, and he is highly valued by Yarina. Seeing Yarina being raided at this time, she couldn't help it.

Seeing Tai Tu, Yan Hong's eyes were full of contempt: "Beyond one's own strength!"

Yan Hong's gaze made Tai Tu feel extremely humiliated, her eyes were blood red, she summoned a big sword and roared, "Dare to treat the goddess. Take action and die!"

"Knights, defend the goddess, guard the temple!" The

voice fell, and Taito rose into the sky!

swoosh swish...

Hearing Taitu's cry, many Templars rushed up one after another, rushing towards Yanhong like a tidal wave.

In addition to the twelve holy knights, there are thousands of ordinary knights left in the temple, and they are not low in strength.

hum!

In an instant, Tai Tu and nearly a thousand knights erupted at the same time, and the condensed breath distorted the sky, and the momentum was amazing.

However, Yanhong was not panic at all.

"A bunch of ants, if you want to die, I will fulfill you." An icy voice came from Yanhong's mouth, as if from hell.

In the next second, Yan Hong's delicate body rose to the sky, suspended high in the sky, and then raised her jade hand, she saw that a blood-colored light ripped apart the world and swept towards the Taitu people!

Chapter 3444

"Ah!" In the

blink of an eye, everyone in Taitu was swept away by the blood-colored rays of light, and there was a loud noise. Then, one by one fell from the air and fell into a pool of blood.

hiss!

Seeing this scene, both Yarina and the Twelve Paladins were shocked.

The strength of this woman is really strong.

At the same time, Miao Ying, who was standing beside her, was also trembling, staring at Yan Hong, unable to speak.

Haven't seen her for a while, her strength has become so terrifying? Could it be that she has completely integrated the power of Hades?

At this moment, Miao Ying could clearly feel that the strength of Yanhong in front of her had more than doubled compared to the previous one. Obviously, the power of the Hades that Yanhong had obtained from Duan Yu had been completely integrated by her.

At this moment, Yanhong's figure fell to the ground, her delicate face full of arrogance: "How dare you attack me with this amount of strength? I don't know whether to live or die!"

Immediately, Yanhong looked around and said coldly, "Who else is there? If you do n't agree, come up." The

voice was not loud, but there was a palpating aura.

quiet!

The entire Temple Square was silent, and a drop of a needle could be heard clearly.

Seeing the situation, the corners of Yanhong's mouth twitched, and she said to Jinshi and the others, "It seems that no one has any objection. From now on, I am the goddess of light. You guys, lock up this former goddess first.

" At these words, Jin Shi and the others looked at each other in dismay, feeling extremely humiliated.

Seeing that they didn't move, Yan Hong frowned: "What? You don't want the antidote?"

Feeling the coldness in Yanhong's eyes, Jin Shi and the others all trembled, and then Jin Shi hurriedly said, "Yes." After the words

fell, Jin Shi and the others, a paladin, walked over together and helped Yarina. up.

"You guys..."

Yarina wanted to resist, but she was slapped by Yanhong just now, and she was not lightly injured, so she could only shout coquettishly, "Are you going to betray me? " Jin Shi

's face was full of bitterness, and he hurriedly whispered : "Goddess calm down, we can't help ourselves like this, but don't worry, we will rescue you when we find an opportunity. Now, we can only ask the goddess to be wronged temporarily."

When saying this, the golden lion looked sincere.

Jin Lion thought about it, the situation in front of him, and Yan Hong's head-to-head confrontation, was completely courting death. It is better to pretend to be loyal for the time being, and then find a way to deal with her when he gets the antidote and his strength recovers.

Hearing this, Yarina didn't say anything.

Soon, Yalina was imprisoned.

"Pass my order!"

At this time, Yan Hong was sitting on the throne of the temple, with a smile on her beautiful face, she said slowly: "Immediately look for a person named Yue Feng, and after finding it, bring it to me immediately. !"

"Yes." The knights present responded in unison.

At this moment, Yanhong was very happy, looked at the silent Miaoying, smiled and said: "Miaoying, have you seen it, with the supreme power, there is nothing that cannot be done, you will soon be able to meet Yue Feng! "

Hoo!

Miaoying sighed softly: "I hope you don't lie to me this time!"

..... On the

other side, Furong Manor.

In the room, after a lot of cloud and rain, Yue Feng released all the evil fire to Mrs. Lanya.

Under Yue Feng, Mrs. Lanya's delicate face still had a trace of blush, her eyes were staring at Yue Feng with a bit of anger, shyness, and complexity.

"Madam!" Looking at Madam Lanya's eyes, Yue Feng said with a smile: "Why are you looking at me like this? Are you still not satisfied

?" Hearing this, Mrs. Lanya's face flushed, and she said angrily, "Get out of the way!" Yue Feng smiled and got up.

Chapter 3445

“You...” The more she thought about it, the angrier Mrs. Lanya said: “Wait for death!” She was a dignified countess, but was blasphemed by this person.

However, he has a highly poisonous body on his body. If he touches himself, he will soon die from the poison. This can be regarded as a punishment for him.

call!

Hearing this, Yue Feng was stunned for a moment. He was in a trance. When Xibo was there, he seemed to say that Mrs. Lanya was poisonous. ?

However, if you are immune to all poisons, what are you afraid of?

Thinking to himself, Yue Feng showed a smile and said to Mrs. Lanya: “It’s romantic to be a ghost, haha...” After saying that, he walked to the table, poured a glass of wine, and drank it slowly. stand up.

“You...”

Mrs. Lanya was ashamed and angry, this Fengtao really didn’t know whether to live or die, he had already been infected with his own poison, and he still spoke so impolitely.

Thinking to herself, Mrs. Lanya stopped talking, but looked at Yue Feng coldly, waiting for him to die.

One minute...

two minutes...

soon, ten minutes later, Yue Feng’s face was red, and there was no sign of poisoning.

This...

Seeing this scene, Mrs. Lan Ya’s body trembled, and her whole body was covered.

How could this be? “I’m surprised, right!” Yue Feng put down his wine glass and said with a smile: “My physique is quite special, and I won’t invade

a hundred poisons. So, if you want to see me die from poison, I’m afraid you’ll be disappointed again.”

?

Hearing this, Mrs. Lanya bit her lip tightly, unable to speak for a while, and deep down, she was extremely complicated and tangled.

No wonder he was so bold and dared to touch himself.

Thinking to herself, Mrs. Lan Ya couldn't help but looked at Yue Feng, a blush appeared on her charming and delicate face.

To be honest, Madam Lanya hated Yue Feng to death just now, and wished that he would die immediately, but knowing that he was not afraid of poison, Madam Lanya's mood suddenly had some subtle changes.

Since her husband's death, Mrs. Lanya has been a widow. Because of her highly poisonous matter, no man dares to touch her. She felt the taste of a man-woman affair in Yue Feng just now, and suddenly hated Yue Feng.

You know, Mrs. Lanya at this time is just a good age.

Seeing Mrs. Lanya's silence, her expression became subtle, Yue Feng couldn't help but ask: "Will Mrs. still kill me?"

"Fengtao!"

Mrs. Lanya did not answer immediately, but silently put on her clothes and bit her lip. , said softly: "Let's go, and pretend nothing happened tonight!"

At this time, Mrs. Lanya had a different feeling about Yue Feng, but she held her own identity and would not say it herself.

"Madam, don't worry!"

Yue Feng showed a smile and said seriously: "Since you don't care, I won't talk nonsense!"

After speaking, Yue Feng turned around and continued: "However, Xibo plotted against me, I will never let this go."

What?

Hearing this, Mrs. Lan Ya's delicate body trembled, and she looked at Yue Feng in disbelief: "How do you know?" When Xibo came in just now, he was clearly still in a coma.

Yue Feng smiled slightly: "Do you think I was really in a coma just now? I just pretended, I heard everything Xibo came in and said to you, otherwise, when you used brain-eating worms to deal with me just now, how could I? Suddenly getting up?"

At this moment, Madam Lanya was completely stunned.

Yue Feng said no more, walked over, picked up the brain-eating worm that had fallen on the ground before, and after putting it away, smiled at Mrs. Lanya: "Madam, it's getting late, take a good rest, I'm leaving. !" The

last sentence fell, Yue Feng opened the door and strode away.

call!

At this moment, seeing Yue Feng's figure disappear into the night, Mrs. Lanya stayed there, unable to calm down for a long time.

I thought that tonight was well planned, but I didn't expect that nothing could be hidden from him. This man is really unfathomable.

The ultimate husband in Chinese chapter 3446-3450

Chapter 3446

Shortly after Yue Feng left, Mrs. Lanya got dressed and tidied up at the same time.

After doing this, Mrs. Lanya ordered Xibo to be called.

"Haha.."

The moment he entered the room, seeing Yue Feng's absence, Xi Bo smiled: "Good lady, how is the plan going?" When he said this, Xi Bo was full of anticipation.

call!

Mrs. Lanya breathed a sigh of relief and responded, "The brain-eating worm has been successfully fed to Feng Tao. He didn't notice anything after waking up, and he has now left."

At this time, Mrs. Lanya's face was indifferent, but her heart It's not stressful.

The plan was seen through by Feng Tao long ago. Not only that, but he also had his body occupied by him, and the brain-eating worm did not let Yue Feng take it at all. It was just such a thing, how could he tell Xibo?

Haha..

Hearing this, Xibo couldn't be more excited: "That's great, Madam, you have helped me a lot. I heard that there will be an envoy from the Principality of the Sun tomorrow who will meet the Queen. When the time comes, the Queen will definitely be there. The

banquet is set, and Feng Tao takes the brain-eating worm, so he will definitely make a fool of himself at the banquet.”

“As long as he makes a fool of himself at the banquet and loses the face of our Golden Lion Principality, the Queen will definitely not forgive him, haha... At

this time, Xibo was very excited and didn't realize that he was deceived by Mrs. Lanya.

At this moment, Mrs. Lan Ya accompanied her and said with a smile: “Then congratulations to Your Excellency Commander-in-Chief.”

..... the

other side.

This chapter is provided by . Visit for daily update.

Yue Feng returned to the palace and went to his room. Seeing that it was still early, he began to study the brain-eating worm.

call!

After careful observation, Yue Feng was very surprised, and saw that this brain-eating worm was only the size of a fingernail, and its whole body was transparent. It was difficult to find it in any place.

In particular, throw the brain-eating worm into the water glass and completely melt with the water.

After observing for a while, Yue Feng couldn't help feeling secretly.

I didn't expect that there are such strange things in this different world.

Yue Feng thought about it, if there is a chance, he must give this brain-eating worm to Xibo, and he will use his own way and give him his body. ‘

Having made up his mind, Yue Feng collected the brain-eating worms, and took advantage of the night to quietly head towards the Queen's palace. At this time, the Queen should have a rest, just in time to look up the sacred book.

Speaking of which, although An Qi promised Yue Feng to help him find the sacred book, but An Qi is very strange, and when she gets the sacred book, who knows if she will make excessive demands. In this case Next, Yue Feng still feels that it is better to rely on himself.

Um?

When approaching the Queen's bedroom, I saw bright lights inside.

What the hell!

Yue Feng hurriedly slowed down his steps, and at the same time froze for a while, it's so late, the Queen hasn't rested yet?

"Who?"

At this time, the guards guarding outside the palace found Yue Feng and couldn't help but scold him.

When he was discovered, Yue Feng didn't panic at all. He walked up and said, "It's me!"

Seeing Yue Feng, several guards hurriedly saluted, "I've seen Your Excellency Commander." It's not what it used to be, so you're welcome.

Yue Feng nodded, indicating that there is no need to be more polite.

"Is it Feng Tao outside?"

At this moment, the Queen's voice came out from the bedroom, which was indescribably soft and pleasant, and at the same time revealed a bit of majesty.

Yue Feng hurriedly said, "Yes, Your Majesty."

"Come in!"

Yue Feng did not dare to disobey and slowly walked into the bedroom.

Um?

When he arrived in the bedroom, Yue Feng was stunned when he saw the scene in front of him.

Chapter 3447

saw that the queen was sitting in front of the desk, her delicate face showing a bit of solemnity and exhaustion, and there were many files on the desk.

This queen seems to be high on weekdays, who can know the hard work behind her!

At this moment, Yue Feng couldn't help feeling secretly.

"Fengtao!"

At this moment, the Queen looked at Yue Feng and said softly, "You came just in time, I have something to ask you."

Yue Feng suddenly panicked.

I'm going, I'm going to find the holy book of jade, I won't let her know, right?

Thinking to himself, Yue Feng walked over.

As soon as she arrived, the queen pushed over the file on the case: "Before Mengyi used the assassin to make a riot in the palace, and took the opportunity to rebel. Afterwards, I dealt with many of his comrades. But I didn't expect that there are still fish caught in the net, look."

Hearing this, Yue Feng frowned, and then took the file.

Sibo?

The next second, Yue Feng was taken aback when he saw the contents of the dossier, and saw that the contents of Xibo and Mengyi's conspiracy to rebel were recorded in detail.

It turned out that when Meng Yi attacked the queen that night, Xibo also secretly called his subordinates outside the palace, ready to cooperate with Meng Yi. Later, Meng Yi was killed by the queen. After Xibo knew the situation, he immediately canceled the plan.

Mad, I didn't expect this Xibo to be a wolf's ambition.

"Fengtao!"

At this moment, the Queen looked closely at Yue Feng: "Are you willing to help me deal with Xibo?"

Yue Feng was stunned for a moment, then smiled: "This file is the proof, just take Xibo for inquiry tomorrow." The

queen shook her head: "These files are not proof at all, and Xibo is cunning and treacherous. When the time comes, you will definitely find a bunch of reasons to justify yourself."

Phew!

Hearing this, Yue Feng pondered, and couldn't help but ask: "Your Majesty, why do you believe me so much?"

“Since Mengyi rebelled, I discovered that there are many hidden dangers in the Principality, and the people I can trust, Very few.” The Queen responded slowly.

What the Queen said is right. There are only a handful of people who can trust her very much in the current Golden Lion Principality.

At this moment, Yue Feng was very sympathetic: “Don’t worry, Your Majesty, I will do my best to help you eradicate this Xibo.”

When he said this, Yue Feng’s face was serious, but there were bursts of sneer in his heart.

Mad, this Xibo, secretly conspired with Mrs. Lanya to figure out how to deal with him, but now the Queen has spoken, which is a pleasant surprise.

The queen explained a few more words and let Yue Feng back down.

....

the next morning early in the morning. The queen called everyone in the hall to discuss political affairs, and Yue Feng was also called over. Originally, Yue Feng was ineligible, but now he is the commander of the palace guards, and his identity is different.

When I arrived at the main hall, I saw Xibo and many city lords have arrived, standing neatly on both sides of the main hall.

The queen sat on the throne, wearing a gorgeous robe, showing her exquisite figure perfectly, with a thousand manners, and her whole body was filled with a powerful royal majesty.

Seeing this scene, Yue Feng took a deep breath, walked over, and stood beside the Queen.

“Report!”

At this moment, a knight walked in quickly, knelt on the ground and said respectfully: “Your Majesty, the envoy of the Principality of the Sun, come to see me!” The

queen nodded and said, “Let him come in.”

Shui!

The voice fell, and everyone in the hall looked towards the door of the hall.

I saw a man walking in slowly. Wearing a dark green robe with extraordinary imposing manner, it is Zhan Chao, the city lord of Aoki City, the Principality of Ziri.

Nima, it's him!

At this moment, seeing Zhan Chao, Yue Feng's heart trembled, and a wave of anger also rose faintly.

Chapter 3448

At that time, the Principality of Ziri failed to launch the war, and then the five principalities put pressure on the Principality to surrender Yue Feng, otherwise they would jointly attack the Principality of Ziri.

The Principality of Ziri was under pressure, so Zhan Chao secretly calculated Yue Feng, and then handed over Yue Feng.

Yue Feng will never forget this.

At this time, seeing Zhan Chao as a messenger who came to meet the Queen of the Golden Lion Principality, Yue Feng had a hard time calming down.

call!

At this time, Zhan Chao walked to the center of the hall and bowed 90 degrees to the Queen: "Zhan Chao, the Principality of the Sun, see Her Majesty the Queen!"

As he spoke, Zhan Chao couldn't help but stare at the Queen.

Beautiful, so beautiful.

I have always heard before that the Queen of the Golden Lion Principality is a peerless beauty, like a goddess descended to earth, and seeing her today, she really deserves her reputation.

"Wow!"

Seeing Zhan Chao's eyes being so rude, everyone present was furious.

It's so rude for this Zhan Chao to stare at the Queen so recklessly!

Soon, Xibo came out and scolded Zhan Chao coldly: "You are so bold, you dare to look directly at Her Majesty the Queen, are you all so rude in the Principality of the Sun?"

"Om!"

When he said this, a very strong breath burst out from Xibo, and his eyes locked Zhan Chao tightly.

For a time, the atmosphere in the entire hall was depressed, and it was almost breathless.

“call...”

Feeling the powerful aura on Xibo, Zhan Chao's expression changed, and then he smiled slightly: “This is Your Excellency Xibo, the commander of the guard army, don't get me wrong, how dare I be rude to Her Majesty the Queen? It's the first time I saw Her Majesty the Queen. , I was shocked by His Majesty's face and temperament for a while, and there was only awe in his heart, no blasphemy at all.”

After speaking, Zhan Chao looked at the Queen and continued: “Also, Her Majesty the Queen is gracious and kind, and will forgive me for a while. I 'm sorry.”

When he said this, Zhan Chao looked calm.

After the failure to launch the war, the Principality of Ziri tried to repair its relationship with the other five principalities. As a messenger, Zhan Chao, of course, had to be neither humble nor arrogant.

“Okay!”

At this time, the Queen's red lips lightly opened, and she said, “Xibo, please step back first, this Zhan Chao said it well, the behavior just now is not rude!”

Seeing the Queen's opening, Xibo took a deep breath Breathe, step aside.

At this time, Zhan Chao showed a smile and said to the Queen, “Your Majesty, it's really inappropriate for us to start a war rashly before the Principality of Ziri. This time I'm here to express my apology.” After

that, Zhan Chao continued. : “Furthermore, this time, I brought a gift on purpose.” A gift?

Hearing this, whether it was the queen or the people in the hall, all of them became interested.

Afterwards, Xibo frowned and said angrily: “Where is the gift?”

Zhan Chao smiled slightly: “It's a bit abrupt to say, I brought three powerful golden lions, which are now in the square outside. “

Golden lion?

For a time, everyone in the hall was stunned, and then they couldn't help laughing.

Ha ha....

This Zhan Chao is really interesting. He even brought a golden lion as a gift. Don't you know that the golden lion is the most indispensable thing in the Principality of the Golden Lion? It can be said that all the Golden Lion populations in Roland Continent live in the Golden Lion Principality.

In the face of everyone's laughter, Zhan Chao did not get angry at all, and said slowly: "Speaking of which, the three golden lions I brought, whether it is breed or bloodline, are the best of the best, please, Her Majesty, move one View." The

voice fell, and he took the lead out of the hall.

The queen pondered for a while, stepped down from the throne and went outside the hall, followed by Yue Feng and Xibo!

call!

Chapter 3449 Arriving

outside the main hall, everyone was stunned when they saw the scene in front of them!

I saw that there were three huge iron cages on the square, and three powerful golden lions were locked in them. The golden hair was very pure and majestic, and it was no worse than the domestication of the king's palace.

"This...these three golden lions are really superb!"

"I didn't expect that the Principality of Zuri would be able to tame such a powerful golden lion."

"It seems that the Principality of Ziri is really sincere this time!"

"Yue Feng frowned secretly in response to everyone's discussion. Mad, this Zhan Chao is very insidious. He came to visit the Golden Lion Principality this time and brought three golden lions on purpose. There must be another purpose.

really.

Just when Yue Feng was muttering in secret, he saw Zhan Chao salute the Queen and said with a smile, "Your Majesty, as we all know, your Golden Lion Principality is the best at taming golden lions, I wonder if you are interested, take your domesticated golden lions, and compare with these three golden lions."

As he spoke, Zhan Chao looked casual, but his eyes flashed with cunning.

This time, Zhan Chao is visiting on behalf of the Ziri Principality. In addition to easing the relationship with the five principalities, he also wants to show his strength. Isn't the Golden Lion Principality good at domesticating golden lions? If it can use these three golden lions to defeat the golden lions of the Golden Lion Principality, it will be too much of a face.

Whoa!

At this moment, Xibo and the people around him all had solemn expressions, and there were many discussions.

"What did he say? To compare these three golden lions with our golden lions?"

"Haha, this Zhan Chao seems to be a little more confident!"

"But then again, these three golden lions are really strong. There is a holy realm at one end."

Listening to everyone's discussion, the queen also frowned.

At this time, Zhan Chao showed a smile and said slowly: "These three golden lions are the strength of the upper sage, the middle sage, and the lower sage, as long as you also pick out three golden lions with equal strength. , to play a friendly game."

"I'm just making a suggestion, it doesn't matter whether you win or lose, I just want to have fun. If Her Majesty doesn't want to, then forget it! Hehe..."

These words seem to be innocuous. , but everyone present felt a sense of being provoked invisibly after listening to it.

This Zhan Chao said it nicely, but it was just a friendly match, but if the Golden Lion Principality lost, it would be too embarrassing.

call!

At this time, the Queen reacted and looked around: "What do you think?"

Seeing the Queen asking, everyone looked at each other, not knowing how to respond.

This friendly match is about the face of the Golden Lion Principality, and no one dares to express an opinion rashly.

"Your Majesty!"

At this moment, Xibo walked out of the crowd and shouted: "Since this Zhan Chao has said it, let's compare it, but I have a suggestion." After speaking

, Xibo pointed to Yue Feng: "Mr. Fengtao, don't you know the animal language? This time, leave it to him." The

last sentence fell, Xibo's expression was calm, but his eyes flashed coldly.

Yes, Seabow did it on purpose.

This golden lion fight is about the face of the principality of the golden lion. Once it loses, Yue Feng, as the person in charge, will be to blame. More importantly, Yue Feng took brain-eating insects last night, which will definitely cause problems. Yes, at that time, the Queen will definitely not be able to spare him.

At this time, Xibo didn't know that Shang Yuefeng didn't take brain-eating insects last night.

Swish!

At this moment, the eyes of everyone in the audience suddenly converged on Yue Feng, and at the same time, many people nodded in agreement.

"Yes, Your Excellency Fengtao is proficient in animal language. Under his command, our golden lions will definitely be able to show their

might .

"

The discussions kept coming, Yue Feng frowned, and he couldn't help but scolded secretly in his heart.

Mad, this Xibo is really insidious, and wants to make a fool of himself anytime, anywhere.

Chapter 3450

Huh?

At the same time, Zhan Chao also discovered Yue Feng, and he was stunned.

Zhan Chao's eyes were always on the Queen before, and he didn't notice Yue Feng at all. When he saw Yue Feng at this time, he only felt his brain buzzing.

This Feng Tao, who was sent to the Golden Lion Principality as a prisoner at the beginning, should not be locked in a prison? How did you become a palace guard? Moreover, the status is still high?

Seeing Zhan Chao's shocked look, Yue Feng sneered.

"Fengtao!"

At this moment, the queen said softly: "Everyone recommends you, what do you mean?"

Yue Feng took a deep breath and smiled slightly: "Since you all trust me so much, then this time the competition, leave it to me."

"Okay!" The queen nodded, and then instructed the knights behind her to pick the golden lion.

Soon, three golden lions were selected, and their strengths were the same as those brought by Zhan Chao. They were the strengths of the upper saint, the middle saint, and the lower saint.

call!

At this moment, the surrounding people suddenly quieted down, and at the same time their eyes were extremely complicated.

Although the Golden Lions on both sides had the same strength, once they lost, the Principality of the Golden Lions would be embarrassed.

Seeing this scene, Zhan Chao showed a smile.

Haha...

The people from the Golden Lion Principality seem to be nervous.

This time, even if he loses in the golden lion battle, it doesn't hurt. After all, the Principality of Zuri is not good at domesticating golden lions at all. If it wins, it will be even better. After returning, the king knows that he will definitely reward him.

Thinking to himself, Zhan Chao looked at Yue Feng triumphantly: "Your Excellency Feng Tao, are you ready?"

Yue Feng chuckled and said lightly, "It's just a golden lion fight, what's the point of preparing? You say Let's talk about the rules."

Rules?

Zhan Chao was stunned for a moment, then smiled: "Whatever, the three golden lions can go up together, or they can compete separately."

One idiot!

Hearing this, Yue Feng smiled secretly, this Zhan Chao, who just wanted to be in the limelight, didn't even think about the rules in advance, he was really stupid.

Thinking to himself, Yue Feng said word by word, "Well, the three golden lions will be divided into three trials and two wins in three rounds, how about it?" .

"Okay!" Zhan Chao nodded in agreement without thinking about it.

At this time, under the Queen's order, many guards used iron fences to encircle the square into a battle arena.

Zhan Chao was full of confidence, walked over directly, and released the golden lion whose strength was the saint of the upper section.

call!

Seeing this scene, everyone's eyes converged on Yue Feng.

In the first match, the opponent released the strongest golden lion. Judging from this situation, the opening was a fierce battle.

However, Yue Feng did not panic at all, and released a golden lion here. However, the strength of the golden lion released is that of the next Saint Venerable.

What?

Seeing this scene, both the Queen and the others were stunned.

What is this wind wave doing?

Using a golden lion of the lower saint to deal with the golden lion of the upper saint of the other party, isn't this a loser?

In shock, Xibo couldn't help shouting: "Fengtao, what are you doing? Are you afraid we can't lose?" Said that, but Xibo was excited.

Haha...

This wind wave must be the brain-eating worm in the body, otherwise how could it be so stupid?

At the same time, the queen frowned.

An Qi, who was standing on the side, couldn't help but come over and pulled Yue Feng and said, "Fengtao, did you choose the wrong one?"

The ultimate husband in Chinese chapter 3451-3460

Chapter 3451

Use the golden lion of the lower sage to deal with the golden lion of the upper sage, there is no possibility of winning.

Yue Feng showed a smile and comforted: "Don't panic, we can't lose!"

At this moment, Yue Feng looked confident.

When he asked about Zhan Chao's rules just now, Yue Feng thought of the allusion to 'Tian Ji's horse racing' in the Kyushu mainland.

This allusion tells the story of Sun Bin, a famous advisor in the Warring States Period. At that time, Sun Bin used to be a counselor under the great general Tian Ji, and Tian Ji liked to race horses with the prince of Qi State very much. Sun Bin found out that the horses in the competition were divided into upper, middle and lower classes, so he said to Tian Ji: Use your inferior horses to deal with them. Their top horses, use the top horses against their medium horses, and then use the medium horses against their inferior horses, and you can win the unfamiliar.

At that time, Tian Ji adopted Sun Bin's strategy and really won the horse race.

Yue Feng was familiar with the ancient books of Kyushu, and he couldn't be more familiar with this allusion.

"Haha..."

At this time, Zhan Chao, who was on the opposite side, couldn't help laughing, and shouted at Yue Feng, "Your Excellency Feng Tao, are you so unconfident about your golden lion? If you choose, you can't change it."

At this time, Zhan Chao didn't realize Yue Feng's true intention, thinking that Yue Feng had made a low-level mistake.

idiot!

Yue Feng chuckled lightly, glanced at Zhan Chao, and said lightly: "Don't worry, I won't change it after I choose." After saying that, he walked towards the golden lion of the next Saint Venerable.

When he got to the front, Yue Feng secretly urged the imperial beast ring and said to the golden lion: "Golden lion, golden lion, in this first fight, you will definitely not be able to beat the opponent, you don't have to go all out, wait until the right time. When the time comes, take it easy."

In Yue Feng's heart, although the golden lion is a beast, it is also a living creature.

“Roar!”

This chapter is provided by . Visit for daily update.

The golden lion heard Yue Feng's exhortation clearly and let out a low roar in response.

“Tsk tsk...”

Seeing this scene, Zhan Chao sneered: “Your Excellency Fengtao, did I read it wrong? You were talking to Jinshi just now? Haha... It's just a beast, can he understand you? “

Yue Feng didn't bother to pay attention to it, he waved his hand and signaled the fight to start.

In an instant, the two golden lions were driven into the arena.

“Roar!”

At this moment, I saw Zhan Chao's golden lion, with an aura like a rainbow, let out a roar, and pounced directly.

Yue Feng's golden lion was not to be outdone, roaring and attacking, and instantly bitten together.

There are two golden lions, one upper tier saint and one lower tier saint, and their strengths are very different.

After fighting for a few minutes, Yue Feng's golden lion gave up his counterattack and lay on the ground with his belly turned upside down. This was a sign of weakness to his opponent. The golden lion is quite spiritual and obeyed Yue Feng's previous instructions.

Sure enough, Zhan Chao's golden lion stopped attacking when he saw that the opponent was submissive.

“Haha...”

Seeing this scene, Zhan Chao couldn't help but sneered at Yue Feng: “Your Excellency Fengtao, you lost the first game, I don't think you need to... “

Huh?

Halfway through the words, Zhan Chao saw the two golden lions behind Yue Feng, and suddenly understood something, and the whole person was stunned.

The opponent now has the golden lions in the upper and middle ranks, and on his side, the golden lions in the middle and lower ranks are left, and they continue to fight, as if they have no chance of winning.

Whoa!

At the same time, the Queen and the people around them finally understood Yue Feng's strategy and cheered one by one.

"I seem to understand..."

"Haha, I see it too. Using one's own strengths to deal with the opponent's weaknesses, Lord Fengtao's strategy is really wonderful."

"Yes, Lord Fengtao's thoughts . The agility is really admirable."

The admiration of the crowd came, and the queen also showed a smile, looking at Yue Feng's eyes, full of admiration.

At this time, Yue Feng looked at Zhan Chao with a smile: "Zhan Chao, do you still need a comparison in the second game?"

"..."

Zhan Chao blushed and opened his mouth, but he couldn't say a word.

Chapter 3452

Call!

After more than ten seconds, Zhan Chao reacted and nodded at Yue Feng: "Your wit is really admirable. There is no need to compare the next two games, I lost!"

Seriously, Xiang Yue Feng admits defeat, and Zhan Chao has ten thousand reluctance in his heart.

But there is no way, the next two games, there is no possibility of winning.

Whoa!

Seeing Zhan Chao admit defeat, the audience cheered.

"Fengtao!"

At the same time, An Qi was also smiling happily, looking at Yue Feng's eyes full of admiration.

Excited, An Qi suddenly forgot her identity, hugged Yue Feng's arm intimately, and said with a smile, "How did you come up with this method? It's so clever."

Yue Feng looked dangerous: "It's nothing, It 's just an idea!"

There are countless allusions in the Kyushu mainland, and just name one is a classic among the classics.

Phew...

Seeing this scene, everyone around looked complicated.

Her Royal Highness An Qi seemed to be a little overexcited. As the Queen's younger sister, she was so close to Feng Tao at this time, which was really inappropriate.

At the same time, the Queen's delicate face also revealed a bit of subtlety, and she couldn't help but softly said: "An Qi..."

Hearing the call, An Qi was stunned. I understood something, my face blushed, and I quickly let go of my hand.

What happened to yourself? So many people actually held Feng Tao's arm.

But then again, Fengtao is witty and has to be admired.

"Fengtao!"

At this moment, the queen's eyes fell on Yue Feng, her beautiful face couldn't hide her inner appreciation, and she said slowly: "Yes, such a wonderful fight is really rare, it didn't disappoint me. !"

When she said this, the queen's eyes were full of smiles.

Yue Feng smiled slightly, very humble: "Your Majesty praised it!"

At this moment, other people around him also gathered around, and they all flattered and praised Yue Feng.

"Your Excellency Fengtao, you are a rare talent."

"Yes, our Golden Lion Principality has a person like Your Excellency Fengtao, why don't you get stronger?"

"The fight just now is really admirable."

In the face of everyone's praise, Yue Feng smiled and responded one by one, very relaxed and comfortable.

Mad!

Seeing this scene, Xibo, who was not far away, had a very ugly face. He thought that Yue Feng might lose this golden lion fight, but he never expected that Yue Feng would win so easily.

The next second, Xibo thought of something, and a cold smile appeared on his face again.

Let this Feng Tao be proud for a while. He took brain-eating insects last night, and he will definitely make a fool of himself in public.

"Emissary of Zhan Chao!"

At this time, the queen looked at Zhan Chao and smiled: "Although the golden lions you bred in the Principality of the Sun are very powerful, you have no experience after all, and it is normal for you to lose this battle. "

When she said this, the Queen gave Yue Feng an approving look, thinking of indescribable joy. After all, he earned enough face for the Golden Lion Principality. A lot of credit.

Although she was very happy in her heart, the queen still did not show it. After all, the messenger of the Sunrise Principality was watching from the side. As a queen, she couldn't be too overjoyed.

"Uh..."

Zhan Chao was very embarrassed when he heard these words, but he still managed to squeeze out a smile: "Your Majesty is right, it is reasonable for me to lose this fight..."

Having said that, Zhan Chao looked at Yue Feng and continued: "Your Excellency Feng Tao's strategy is very admirable!" After

saying this, Zhan Chao's mood was very depressed.

I thought that this golden lion fight would make the principality of the golden lion lose face, but I never imagined that this wind wave was extremely witty, and in the first fight, it was invincible.

"All right!"

Chapter 3453

Hearing Zhan Chao's words, the queen was indescribably happy, and said slowly: "It's not easy for the messenger to come, and I won't mention this fight for the time being. I have already ordered someone to prepare a banquet in the hall. , please come to the envoy." The

voice fell, and the queen returned to the main hall first.

The crowd followed.

When I entered the hall, I saw that the banquet was ready.

"Everyone!"

At this time, after seeing everyone seated, the Queen smiled, raised her glass, and looked around: "This is the first time that the envoy Zhan Chao has come to our Golden Lion Principality, we must treat it well, come, for our sake and For the peace of the Principality of the Sun, let's toast him together." The

voice fell, and everyone raised their wine glasses one after another. Zhan Chao

was frightened, stood up quickly, and said with a smile, "Your Majesty is serious, how can I be able to let Her Majesty and your Excellencies toast me together?"

And do.

At this time, Zhan Chao seemed to be calm, but he couldn't panic, and his eyes were always on Yue Feng.

This Feng Tao, who had plotted against him before, and then sent him to the Golden Lion Principality as a criminal, thought he would die, but he never thought that he would become a celebrity beside the Queen.

And just now, the Golden Lion had lost to him in the competition. At this time, Feng Tao could be said to be in high spirits. If he found a way to deal with him, it would be troublesome.

Zhan Chaoyue became more and more flustered, almost unable to sit still.

Zhan Chao's expression was seen by Yue Feng.

Haha...

Especially seeing Zhan Chao's cold sweat, Yue Feng couldn't help laughing secretly, this guy is afraid of revenge on him.

To be honest, if it was a few years ago, Yue Feng would never have missed this opportunity, but after so many things, he had seen it long ago, and he was too lazy to care about Zhan Chao.

“Fengtao!”

Just when Yue Feng was secretly laughing, he saw Xibo stand up and said with a fake face: “The golden lion fight just now was really exciting. Although the game was small, it was also for us The Golden Lion Principality has saved face, come, I will toast you!”

Said, Xibo came over and poured a glass of wine for Yue Feng himself.

When pouring the wine, Xibo was all smiles, but his eyes were a bit gloomy.

Yes, Xibo wanted to make Yue Feng make a fool of himself in public. You must know that people who take brain-eating worms usually look normal, but once they drink alcohol, the brain-eating worms will become active in the human body, which will lead to people behavior out of control.

At this time, Xibo took the initiative to pour wine for Yue Feng, just to have a brain-eating worm attack.

However, Xibo at this time didn't know that last night, Yue Feng didn't take the brain-eating worm at all.

Um?

Seeing Xibo suddenly showing his favor to him, Yue Feng couldn't help frowning secretly.

There is nothing to be courteous, either a traitor or a thief, what kind of bad idea is this Xibo going to do?

Thinking to himself, Yue Feng's mind turned quickly, and he understood something at once.

By the way, when I used the brain-eating worms for the experiment last night, the brain-eating worms would become extremely active when I encountered alcohol. It seems that this Xibo thought I was taking the brain-eating insects and wanted to drink alcohol.

Mad, this guy is really insidious.

Understanding this, Yue Feng remained calm, then picked up the wine glass and took a sip.

Haha...

Seeing Yue Feng drinking, Xibo was indescribably excited.

In the next second, Xibo said with a smile: "Your Excellency Fengtao, it is admirable that you can make the golden lion obedient. I really want to know how you tame the golden lion."

Said, Xibo Looking around: "I think everyone is very curious, right?"

At this time, Xibo deliberately brought up the topic, just to distract Yue Feng's attention, so as to take the opportunity to drink him.

The voice fell, and many people around were booing.

"Yes, Your Excellency Fengtao's Beast Language is a masterpiece." "

Seriously, I've always been curious."

"Lord Fengtao, is there any trick to that Beast Language?"

Come, Yue Feng smiled without saying a word, and looked at Xibo quietly.

Chapter 3454

Xibo's careful thoughts cannot escape Yue Feng's eyes.

Mad, this sibo still wants to drink me?

Muttering in his heart, Yue Feng smiled slightly and responded: "Speaking of which, I actually discovered this beast language by accident. I have been able to communicate with beasts since I was a child..." The matter of controlling beasts through the beast ring, of course Can't tell.

Since this Xibo wants to act, let's have a good time with him.

While talking nonsense, Yue Feng picked up the jug and smiled at Xibo: "Your Excellency Xibo, as the commander-in-chief of the guards, how can you pour me wine? I can't afford it.

", you are responsible for guarding the safety of the entire royal city, and your credit is the greatest, and it is also an example for me to learn from."

After saying this, Yue Feng brought Xibo a glass of wine.

At the moment of pouring the wine, Yue Feng secretly cast a ghost hand and quietly threw something into the wine glass. He saw that the thing was transparent. After throwing it into the wine glass, it immediately merged with the wine.

It was the brain-eating worm that Yue Feng had put away last night.

Yue Feng thought about it, isn't this Xibo trying to make himself ugly? Then 'use the way of the other, and give the body back', let him also taste the taste of this brain-eating insect.

Not only that, when Yue Feng was studying the brain-eating worm last night, he also added something to the brain-eating worm based on his superb alchemy experience.

"Haha!"

Hearing Yue Feng's compliments, Xibo was too beautiful, a little overwhelmed: "Your Excellency Fengtao, you are really polite."

He raised his glass and drank it.

At this time, in Xibo's heart, he thought that Yue Feng had become soft on himself, and he also wanted to release his quarrel with Yue Feng, but thinking that Yue Feng had already taken brain-eating insects and could not be recovered, he could only blame him for his bad luck.

Xibo didn't know that the brain-eating worm had just been taken by him.

call!

Seeing the scene in front of her, the queen was sitting there, but her eyebrows were frowning.

What happened to this Yue Feng? Last night, I wanted him to help him to deal with Xibo, but now, he and Xibo were having a good time with each other, looking like they were happy.

Aware of the Queen's gaze and staring at him from time to time, Yue Feng quietly gave her a comforting look.

Afterwards, Yue Feng chatted with Xibo for a while.

Seeing that Yue Feng had been drinking a lot, Xibo knew that he was almost done, so he was about to return to his seat.

However, before taking two steps, Xibo suddenly trembled and suddenly felt that something was wrong.

At this time, Xibo's face changed suddenly. He clearly felt that his dizziness was heavy. Not only that, but there seemed to be something in his mind, rushing to and fro.

Not only that, but the mind is also confused.

This... This is clearly a sign of taking brain-eating insects...

“Your Excellency Xibo!”

Seeing Xibo’s expression, Yue Feng showed a smile and walked over slowly: “What’s wrong?” At the same time, Yue Feng’s expression seemed concerned, but there was a bit of mockery in his eyes.

Xibo’s brows were furrowed, and he looked at Yue Feng with surprise. I saw Yue Feng’s face was red and full of energy, and it didn’t look like he had taken brain-eating insects at all.

This Feng Tao, I drank a lot of wine just now, why is there nothing at all?

As for himself, at this time, it looks like a brain-eating insect attack.

What the hell is going on here?

Seeing that Xibo was speechless, Yue Feng chuckled lightly, with a playful expression on his face: “Your Excellency Xibo, the feeling of taking brain-eating insects is very uncomfortable, right!”

What?

At this moment, Xibo’s face changed suddenly, and he looked at him in surprise: “You.... What did you say?”

“Haha...”

Yue Feng smiled and said: “Okay, Xi Bo, you don’t have to pretend, last night you plotted against me and wanted me to take brain-eating worms, but unfortunately, I found out in advance.”

Hearing this, Xibo was shocked and angry, and at the same time he understood something.

Chapter 3455

Mad! Madam Lanya, this bitch, actually lied to me.

In a panic, Xibo looked around the audience, but suddenly found that Mrs. Lanya said that she was ill today and did not come to the palace at all.

Huh...

At this moment, the eyes of everyone around looked over, and they couldn't help but whisper.

"What's the situation?"

"Lord Fengtao, I didn't have a good chat with Lord Xibo just now, why did you change your face?" "

What happened to Lord Xibo? His face is so white?"

Always keep an eye on Sibó.

In the next second, Yue Feng took a deep breath, walked slowly to Xibo, and said word by word: "After I saw through your tricks last night, I took that brain-eating worm away."

"And just now When I poured you wine, I put that brain-eating worm into your glass."

"Speaking of which, I've never heard of a brain-eating worm before, so I'd love to see it, someone took it. After that, what will be the reaction?"

Hearing this, Xibo felt cold all over, staring at Yue Feng, almost fainting from anger.

Mad, thought that Yue Feng would make a fool of himself in public, but he never expected that he would shoot himself in the foot. However, when he poured the wine just now, he didn't notice anything unusual.

That brain-eating worm, how did he put it into his wine glass?

At this time, Xibo still didn't know that Yue Feng's 'ghost hand' stunt was superb, and no one could see through it.

"Your Excellency Xibo!"

Seeing Xibo's face getting more and more ugly, Yue Feng showed a smile and mocked: "Is there anything else to say?"

"You..."

Xibo's face was hideous, and under the attack of the brain-eating worm, his whole body trembled. , couldn't help shouting: "Well, you Fengtao, you dare to poison me in public."

Said, Xibo looked around, and finally looked at the queen and shouted: "Your Majesty, Fengtao hurt me, you want to Be the master for me."

Phew!

Hearing this, the queen took a deep breath and looked at Yue Feng, not knowing what to do for a while.

The Queen has no idea about the brain-eating worm, and she doesn't know how to make a choice due to the sudden situation in front of her.

At this time, Yue Feng sneered and said to Xibo: "Xibo, stop playing this trick, it's useless, this brain-eating worm was meant for you to deal with me, and as a result, today's consequences are self-inflicted and self-inflicted."

"You are talking nonsense!" Xibo was completely mad and shouted: "What brain-eating worm, I have no idea what you are talking about? On the contrary, you poisoned me in public today in the main hall, which is a fact.

"I'm the commander-in-chief of the guards, if something goes wrong today, you can't escape the guilt." With the

last sentence, Xibo almost roared out.

Anyway, no one at the scene knew about his plot against Feng Tao, and Feng Tao's one-sided words could not be called evidence.

Whoa!

Seeing this situation, everyone in the entire hall was in an uproar.

"This... is it really Your Excellency Feng Tao who poisoned Commander Xibo?"

"It depends on the situation!"

"Why?"

The crowd continued to talk, and the queen also frowned, and at the same time, looking at Yue Feng's eyes, it was a bit complicated.

What the hell is this wind doing? Even if you want to deal with Xibo, you can't use this method. If you talk to him, how will you convince the public in the future?

However, Yue Feng had a calm expression on his face.

"Xibo!"

At this time, Yue Feng looked at Xibo with a half-smile, and said word by word, "It seems that you really can't cry without seeing the coffin."

The ultimate husband in Chinese chapter 3456-3460

Chapter 3456

At this time, Xibo, under the attack of brain-eating insects, kept sweating, his robes were soaked, his face was pale, and he couldn't tell how miserable he was.

Hehe...

Hearing Yue Feng's words, Xibo sneered, then took out a few white pills from his body and stuffed them into his mouth.

These white pills can suppress the brain-eating worms. Xibo can get the brain-eating worms, and naturally there is an antidote for suppressing the brain-eating worms.

Antidote?

Seeing this scene, Yue Feng smiled slightly: "It's useless!"

When he said this, Yue Feng had a leisurely expression on his face.

When he put brain-eating worms in the Xibo wine glass just now, Yue Feng also put a truth pill, truth pill, as the name suggests, after people eat it, they will answer any questions they have, and they will never tell lies.

This kind of truth pill, in the Wuji pill technique, is originally a trick to tease people, and the effective time does not exceed ten minutes. .

What?

Hearing this, Xibo was shocked, and then sneered and retorted: "Fengtao, don't play tricks with me, I..."

Halfway through, Xibo only felt that his mind was completely confused, almost blank.

Seeing this, Yue Feng knew that the truth pill started to attack, and immediately asked loudly: "Xibo, last night, did you plot against me and plan to give me something that eats brain worms?"

"Yes...Yes!" Xibo responded subconsciously, sweating all over his head.

When he said this, the expression on Xibo's face was extremely wonderful.

This chapter is provided by . Visit for daily update.

what happened?

How did you admit it to yourself?

At this time, Xibo fell into panic all of a sudden. He wanted to deny the wishes in his heart, but for some reason, his mouth seemed to keep calling.

Haha...

Hearing the answer, Yue Feng showed a smile, indescribably excited.

Unexpectedly, this truth Dan is quite useful.

Wow...

Seeing this scene, both the Queen and the people around were stunned.

Xibo wanted to plot against Feng Tao last night, and he admitted it himself?

At this time, Yue Feng continued to ask Xibo: "I'll ask you again, did you also participate in Mengyi's rebellion ten days ago?" The

voice was not loud, but it was full of majesty.

Swish!

At this moment, the eyes of everyone in the audience were fixed on Xibo.

Follow Meng Yi to rebel? It's a big crime of beheading.

Especially the queen, sitting there seemingly calm, but indescribably excited.

If Xibo admits it, it would be great. To be honest, the queen has been worrying about how to find evidence of Xibo's rebellion, but she didn't expect that Yue Feng would openly interrogate him in the hall in this way. .

"I..."

At this time, Xibo was dripping with cold sweat in an instant, and he hesitated to deny it.

You can't admit this, otherwise, you'll be completely finished.

However, he not only took the brain-eating worm, but also took the truth pill, his mouth was completely out of his control, he nodded and said, "Yes, I also participated in the night of Mengyi's rebellion!"

Wow!

The voice fell, and the entire hall exploded in an instant.

“What? Xibo he... actually rebelled with Meng Yi?”

“I didn’t expect Xibo to be so ambitious.”

“No wonder Meng Yi was so arrogant and domineering at that time. It turns out that Xibo was his comrade.. ..”

Everyone’s discussion, you and I came, Xibo’s face was ashen, and he slumped on the ground all of a sudden, trembling.

Chapter 3457 is

over.

It’s over now.

But what’s going on here? How can I tell the truth all by myself?

At this time, Yue Feng showed a smile and respectfully said to the Queen: “Your Majesty, this Xibo admits to rebelling with Meng Yi, the crime is extremely heinous, how to deal with it, please let your Majesty send it.”

When he said this, Yue Feng was relaxed.

I promised to help the queen deal with Xibo before, but now I have finally done it.

“Very good!” The

Queen nodded, looking at Yue Feng’s eyes, full of admiration and praise: “Fengtao, you have done a great job this time, and I will definitely reward you!” As

she spoke, the Queen’s delicate face became heavy After cooling down, he said coldly at Xibo: “Xibo, what else do you have to say?”

“Your Majesty, Your Majesty, I was wrong...” Xibo was so frightened, he knelt there and kept kowtow.

The effective time of the truth pill can only last for ten minutes. At this time, Xibo has woken up, but it is too late.

Under the panic, Xibo couldn’t help but shouted: “Your Majesty! It’s not my fault, it’s all about Mengyi! He forced me to betray Your Majesty.”

Hearing this, the Queen chuckled lightly, not at all concerned. Move: “Mengyi is dead, you can say whatever you want, but it’s a fact that you cooperated with Mengyi to rebel and betray me.”

After speaking, the queen was too lazy to talk nonsense, and said to Yue Feng: “Fengtao, today You have done a good job in dissecting Xibo, and Xibo will be handed over to you. In addition, the investigation of Xibo’s property and his party will also be handed over to you!”

“Yes, Your Majesty!” Yue Feng responded quickly.

When the words fell, Yue Feng called the guards and dragged Xi Bo out.

Huh...

for a while, the entire hall was silent.

Except for the Queen, everyone looked at Yue Feng with deep awe.

This wind wave is really powerful. With just a few words, Xibo admits the rebellion. Be very careful in front of him in the future.

Especially Zhan Chao, who sat there and didn’t dare to move.

Oops!

Even Xibo, who had the entire Wangcheng, was planted in Fengtao’s hands, and he had offended him before, so he didn’t know if he could leave safely this time.

Seeing Zhan Chao’s expression, Yue Feng showed a smile.

Haha... This Zhan Chao is very flustered at the moment, should we take the opportunity this time, should we get rid of him too?

“Your Majesty!”

Just when Yue Feng was thinking about this, he saw a palace knight walking in quickly, looking very flustered: “Report to Your Majesty, a distinguished guest has come to the Temple of Light and said that he wants to meet His Majesty.”

Guangming temple?

Hearing this, whether it was the Queen or Yue Feng and others, they were all stunned.

You must know that for thousands of years, the Temple of Light is not only sacred, but also very mysterious. It has never appeared in front of the world easily, especially the

Goddess of Light who lives in the temple, and it is the highest belief of the people of the entire continent.

And at this time, the Temple of Light suddenly sent someone, how could you not be shocked?

Yue Feng frowned secretly.

What did the Temple of Light send people to do? Could it be that... Yarina knew that she was in the Golden Lion Principality?

At this time, Yue Feng still didn't know that the position of Yarina's goddess of light had been taken away by Yanhong, and the temple at this time was also controlled by Yanhong.

"Quick..."

Finally, the Queen reacted and said quickly, "Quickly invite your distinguished guests into the hall." As she finished speaking

, she saw a tall and handsome figure walking slowly into the hall.

In golden armor, majestic, indescribably handsome, he is one of the twelve holy knights, the Pegasus Holy Knight.

It's him?

Seeing Tianma, Yue Feng couldn't help showing a smile, and at the same time, he was also a little puzzled.

He came to the Golden Lion Principality, what the hell happened?

Chapter 3458

At this time, under the watchful eyes of everyone, the Pegasus Paladin slowly walked to the center of the hall.

The next second, the Pegasus Paladin politely said to the Queen, "Paladin Pegasus, I have seen Her Majesty the Queen." After saying this, he bowed slightly, but did not kneel.

The Pegasus Holy Knight is the right-hand man of the Goddess of Light, one of the twelve Holy Knights, with a detached status, and is also famous throughout the Roland Continent. When he meets the rulers of the six major duchies, he does not need to kneel at all.

The Queen showed a smile and said softly, "Your Excellency the Paladin is exempt from the ceremony!" Then, she asked the maid beside her to bring a chair.

As the ruler of the Principality of the Golden Lion, the Queen was originally high above, but at this time she was not polite to the Pegasus Paladins. You must know that the Temple of Light has a deep influence on the entire continent, and even the Queen believes in the Goddess of Light. At this time, seeing the subordinates of the Goddess of Light, they will naturally treat each other with courtesy.

The Pegasus Paladin responded, walked over, and sat on a chair.

Um?

However, at this moment, seeing Yue Feng standing beside the Queen, the Heavenly Horse Paladin was stunned.

This...isn't this His Excellency the Holy One?

Why is he in the Golden Lion Principality? Apparently, he also served as a bodyguard beside the queen.

Thinking to myself, the Tianma Paladin was very excited and was about to stand up to say hello, but before he stood up, he was stopped by Yue Feng with his eyes.

The fact that he is the Holy Venerable of the Temple of Light cannot be exposed for the time being.

The Pegasus Paladin is a smart person, and he immediately understood that Yue Feng didn't want to reveal his identity.

At this moment, after Yue Feng and Tianma made eye contact, they frowned secretly.

Yue Feng clearly noticed that the face of the Pegasus Paladin was pale, and the whole person seemed to be in a bad mood. He looked a little weak, which was obviously a sign of poisoning.

The dignified Paladin, was actually poisoned?

Muttering in his heart, Yue Feng wanted to ask, but he held back when he thought that this was the palace hall.

Yue Feng felt right, the Tianma Paladin was indeed poisoned. At that time, Yanhong gave the Twelve Paladins a highly poisonous dose in order to go to the Temple of Light. Later, when the three-day deadline came, Yanhong gave the antidote to the Twelve Saints. The knight, though, only gave half the antidote.

In other words, the poison in the body of the twelve holy knights at this time has not been completely eliminated.

“Your Excellency Paladin!”

At this moment, the Queen smiled lightly and asked Tianma, “Suddenly here, what’s the matter?”

Huh!

Tianma took a deep breath, looked around, and said slowly: “Back to the Queen, I came here this time to invite the Queen to participate in the Holy Light Ceremony. In addition to your Golden Lion Principality, the rulers of the other five principalities also accepted it. Invitation.”

When he said this, Tianma’s face was serious, but his heart was very helpless.

Yes, this Holy Light Grand Ceremony is to be held by Yanhong, and the location is in Pearl City. As for the purpose of Yanhong holding the grand ceremony, no one knows.

Speaking of which, the twelve holy knights didn’t want to do anything for Yanhong, but they had no choice, their own life was in Yanhong’s hands, so they could only accept their fate temporarily.

What?

Holy Light Ceremony?

Hearing this, both the Queen and everyone around were stunned.

What kind of celebration is this, why haven’t I heard of it?

Even Yue Feng frowned.

The Temple of Light is going to hold a grand ceremony? Why haven’t I heard Yalina say it before?

At this time, Yue Feng did not know that the Temple of Light had been controlled by Yanhong, and Yalina had been imprisoned.

“Queen!”

At this time, Tianma continued: “The Holy Light Ceremony is organized by the goddess, and the venue is in Pearl City. I hope the queen will not miss it!” Tianma could see that everyone was puzzled, but he did not explain. After all, Yanhong Tianma is not very clear about the holding of this Holy Light Ceremony, he is just here to spread the word.

Whoa!

Chapter 3459 The

voice fell, and the entire hall was suddenly discussing, and everyone's face was full of excitement and excitement.

"It turned out to be organized by the Goddess of Light, you must go!"

"Yes, this is a rare prosperity in a thousand years."

"Finally, I have the opportunity to meet the Goddess of Light.

"I can't wait to rush to Pearl City immediately. You must know that the Goddess of Light is the incarnation of justice in Roland Continent. are you happy?"

In the hearts of everyone, the Goddess of Light holds the Holy Light Ceremony, which must be a good thing related to the peace of the entire continent.

Even the queen is smiling and happy.

In the past two years, there have been frequent outbreaks of wars between the six major duchies, making life difficult for the people. This time, the Goddess of Light will appear in Pearl City to preside over fairness and justice in the world, which is the best.

Like everyone around, the Queen also thinks that it is a good thing for the goddess of light to hold a grand ceremony.

However, Yue Feng, who was standing quietly by the side, frowned secretly.

Not right.

If Alina holds the Holy Light Ceremony, she will definitely tell me before. After all, I am the Holy Venerable of the Temple of Light, and my status is equal to that of the Goddess of Light. It is impossible to hide such an important matter from me.

Also, Tianma was poisoned this day, and instead of helping him get rid of the poison, Yalina sent him out to run errands to spread the word...

At this moment, the more Yue Feng thought about it, the more he felt that something was wrong.

"Your Excellency Paladin!"

At this time, the queen looked at Tianma with a smile: "It's really hard for you to come so far. Please go to rest first. I will definitely go to the Holy Light Ceremony in Pearl City!" , take Pegasus to rest.

At this moment, Yue Feng hurriedly took a step forward and said, "Your Majesty, let me take the Holy Knight to rest." There are too many people in this hall, and there are many questions. Yue Feng is inconvenient to ask Tianma, so he can only take this opportunity now. .

The Queen nodded, no objection.

Feng Tao is the commander of the guards, and letting him arrange for the paladins to rest is also a respect for the Temple of Light.

Soon, Yue Feng led Tianma out of the hall and went to the resting place at the back.

"Your Majesty!"

As soon as he entered the room, Tianma looked sad, and immediately knelt down to Yue Feng: "The temple of light has changed a lot, and the goddess has been imprisoned. I beg Your Majesty to go back to take charge of the overall situation immediately. "

What?

In the hall just now, Yue Feng felt that something was wrong, and when he heard Tianma's words again, his face changed and his mind was buzzing.

Yarina was imprisoned?

Who has such great ability to imprison the goddess of light?

Thinking to himself, Yue Feng looked anxious and quickly asked: "Come on, what happened?"

Huh!

Tianma took a deep breath and explained the situation in detail. At the end, Tianma looked sad and angry: "It's all those two hateful women who first plotted against our twelve holy knights, and then raided His Highness the Goddess.

" !

Hearing this, Yue Feng's heart was shocked, and he only felt his brain buzzing, and his heart was both joyful and angry.

I thought that Miao Ying was rescued by Yan Hong, and it was a disaster, but she did not expect that she and Yan Hong would control the Temple of Light together.

Don't think about it, these are all Yanhong's attention.

When he thought of Yanhong, Yue Feng's mood was extremely complicated.

Mad, this Yanhong is really lawless, not only controlling the Temple of Light, but also imprisoning the Goddess of Light.

Chapter 3460

"That's right!"

Just when Yue Feng was thinking about these things, Tianma suddenly thought of something: "Then Yanhong specially issued an order to find a person named Yue Feng..." Do

n't wait for him After speaking, Yue Feng smiled: "The Yue Feng she is looking for is me!"

"His Royal Highness!"

Hearing this, Tianma was stunned for a moment, and then said urgently: "Now the temple is being tricked by that woman. It's a mess, only you can turn the tide."

Phew! Hearing this, Yue

Feng took a deep breath and smiled bitterly: "Tianma, don't expect too much from me. If you really want to fight that Yanhong alone, I have no chance of winning."

You know, when she was in the Kyushu Continent, Yanhong devoured the power of Pluto from Duan Yu. When she saw Yanhong in Pearl City before, she was almost completely integrated, and now, another half month has passed. , Yanhong must have succeeded!

Otherwise, Yanhong would not be able to control the Temple of Light smoothly.

This...

Seeing Yue Feng's serious face, Tianma suddenly became anxious: "So, isn't the Guangming Temple hopeless?"

"

Yue Feng smiled and comforted: "Don't panic, the most important thing now is to help you and the other Paladins to remove the poison in your body, otherwise, it will be difficult for me to turn the situation around."

Said, Yue Feng Begin asking about details of Pegasus poisoning.

Tianma didn't hide it, he said it in detail, and finally asked worriedly: "Your Excellency, can you really help us get rid of the poison in our body?"

"Of course!" Yue Feng smiled, very confident.

In the medical science of the Kyushu mainland, the emphasis is on 'seeing, hearing, asking, and cutting'. Yue Feng had studied medicine with Shennong, and his medical skills had reached a very high level. Just through Tianma's description, he immediately knew what poison Yanhong was using.

Speaking of which, although Yanhong is an immortal spirit, her knowledge of poisoning can only be regarded as a skin.

Knowing what kind of poison Yanhong was using, Yue Feng did not hesitate to start preparing the ingredients to refine the antidote for Tianma. This is the palace of the Principality of the Golden Lion, and Yue Feng is the commander of the guards. The herbal materials needed can be easily obtained.

Soon, the materials were ready, and Yue Feng found a pottery and started refining.

This...

Seeing this scene, Tianma was stunned.

Your Excellency, what are you doing? In Roland Continent, there is no such thing as alchemy, so what Yue Feng did was very strange in Tianma's eyes.

Bang!

Soon, with the vibration of the pottery, the antidote was successfully refined.

"Okay!"

Yue Feng showed a smile, took out an antidote from the clay pot, and handed it to Tianma: "Hurry up and take it."

Tianma looked at the antidote suspiciously, and then swallowed it.

A few minutes later, I saw Tianma's pale face, gradually turning rosy, and the poison in his body quickly disappeared without a trace.

hiss!

At this moment, Tianma was indescribably excited and looked at Yue Feng's eyes with deep admiration.

"Your Majesty's medical skills are really amazing." Tianma's face was shocked. He clearly felt that the poison in his body had been completely eliminated, and his holy power had recovered.

You must know that after the Roland Continent was poisoned, there are many solutions, but no matter which way, it is very troublesome.

The ultimate husband in Chinese chapter 3461-3465

Chapter 3461

And the Holy Reverend in front of him, in just a few minutes, refined the antidote. This is simply unheard of.

Seeing Tianma's face of admiration, Yue Feng smiled slightly.

The next second, Yue Feng took out the rest of the antidote and handed it to Tianma: "This rest of the antidote, when you go back, give it to Jinshi and the others to take, you must be careful not to let Yanhong know about it. , After the detoxification, don't openly conflict with Yanhong, remember!"

"When I accompany the Queen to Pearl City, we will contact you secretly."

When he said this, Yue Feng had a serious look on his face.

To be honest, Yue Feng was also very anxious to learn that Yanhong controlled the Temple of Light, but he knew in his heart that if he directly confronted Yanhong, it would only make the situation worse. Identity, follow the Queen to participate in the Holy Light Ceremony. At that time, Yanhong will be in the light and she will be in the dark, and things will be easy to handle.

After instructing Tianma a few more words, Yue Feng returned to his room.

"Your Excellency Commander!"

As soon as he entered the room, he heard a guard outside politely say: "Your Majesty the Queen summoned."

Yue Feng responded and immediately walked towards the Queen's resting palace. The queen is looking for herself now, it must be for the Holy Light Ceremony.

call!

Arriving at the Queen's bedroom, Yue Feng couldn't help but take a deep breath.

I saw that the queen was sitting there quietly in a long white dress, her charming curves were soul-stirring, especially her beautiful face, which made people fall deeply when they saw it.

However, at this time, Yue Feng was in no mood to appreciate these.

"Fengtao!"

This chapter is provided by . Visit for daily update.

At this time, seeing Yue Feng come in, the queen smiled lightly: "You are here!"

Yue Feng respectfully said: "Your Majesty has called me here, what is your order?"

At this time, the queen was in a good mood and smiled: "In two days, I will go to Pearl City to attend the Holy Light Ceremony. I want to give the goddess of light a gift. But this gift is rather special, and I want you to take care of it." As

she spoke, the Queen handed a beautiful metal box to Yue Feng.

What the hell!

Yue Feng took the metal box and was stunned.

The design of this metal box is too complicated.

You can see that this metal box is the size of a basketball and is square, but it is composed of hundreds of metal blocks. These metal blocks are like the building blocks of the Kyushu continent. Each piece is different in shape, but tightly combined Together, very delicate.

Yue Feng looked at it and couldn't help muttering: "What kind of gift, you need someone to take care of it?" The

queen smiled, and then her delicate face showed a bit of seriousness: "Of course it's not an ordinary gift, speaking of it, The contents in this box have a lot to do with the Temple of Light, and it can be said that it belongs to the Temple of Light in the first place."

After speaking, the Queen looked at Yue Feng and continued: "You have heard of the Holy Scripture Jade Book. Is it? It is rumored to be the treasure of the Temple of Light... A thousand years ago, there was a civil strife in the Temple of Light. Coincidentally got this second half volume."

What? Holy Book of Jade?

Hearing this, Yue Feng was shocked, his head was buzzing, and he was ecstatic!

In this strange metal box, is the next volume of the holy book of jade?

Haha...

It really takes no effort to get through the iron shoes.

At this time, Yue Feng was indescribably excited and excited. You must know that he stayed here incognito for nearly half a month, and he was trying to find a way to find this half volume of the sacred book, but unfortunately, there was no clue at all.

At this time, the Queen actually took out the sacred book and handed it over to Yue Feng for safekeeping. This is simply an unexpected joy, can you be unhappy?

Chapter 3462

Seeing Yue Feng's expression, the Queen frowned: "Fengtao, why are you so happy?"

Uh...

Yue Feng was very embarrassed and scratched his head: "Nothing, Her Majesty trusts me so much, let me In addition to being honored, I am also very happy to keep the gift."

When he said this, Yue Feng looked serious, but secretly sweated for himself.

Nima, just now, I was so overwhelmed that I almost lost my mind.

Hearing this answer, the Queen nodded with satisfaction, and exhorted: "Then don't let me down, take good care of it until you see the Goddess of Light!" After

speaking, the Queen thought of something, and continued: "In this box If there is a mechanism, forcibly opening it will cause a fire, remember." The

mechanism?

Yue Feng was stunned for a moment, then smiled and said: "Don't worry, Your Majesty, I will take good care of it, and I will not open it privately." He promised, but his eyes couldn't hide the excitement.

I finally got the second volume of the holy book of jade, how could I not open it and take a look? Even if there is an agency, it will not be difficult for me.

After the queen warned a few more words, Yue Feng stepped back.

Haha...

Back in his room, Yue Feng couldn't wait to study the metal box.

At the beginning, Yue Feng was still full of confidence, but after trying it more than a dozen times, he still couldn't open the metal box, and suddenly felt a little depressed.

Nima, this metal box is too complicated!

Depressed, Yue Feng wanted to stimulate his inner strength and directly destroy the metal box, but thinking of the Queen's previous advice, if he forcibly opened it, the box would catch fire, so he held back.

For a time, Yue Feng was sweating profusely.

Mad, the second volume of the holy book of jade is in the box, but if you can't get it, anyone else will be depressed.

"Fengtao!"

At this moment, I heard a call from outside, and then, a slender figure walked in, dressed in a long yellow dress, indescribably beautiful and moving.

It was Angie.

What the hell!

Seeing An Qi coming in, Yue Feng wanted to put away the metal box, but it was too late.

"Huh?" An Qi saw the metal box at once, walked over quickly, and asked Yue Feng curiously: "The thousand-changing exquisite box? Isn't this sister's favorite thing? Why is it here with you?"

This metal box, called a thousand-changing exquisite box, is the queen's favorite plaything. As the queen's sister, An Qi naturally knows it.

However, at this time, An Qi did not know that this thousand-changing exquisite box contained the second volume of the holy book of jade, and was to be given to the Goddess of Light as a gift.

Thousand-changing exquisite box?

Hearing this, Yue Feng was stunned for a moment, and then asked: "What is the name of this thing?"

An Qi didn't think about it, and replied: "The thousand-changing exquisite box, as the name suggests, there are a thousand kinds of changes, each All kinds of changes are very complicated, if you don't understand it, it's hard to solve it."

Nima!

Yue Feng only felt that it was a big head. It was just a metal box with a thousand kinds of changes. No wonder it was so difficult to open.

Thinking to himself, Yue Feng hurriedly said, “Your Highness An Qi, will you open it?”

When he said this, Yue Feng’s eyes were full of anticipation and excitement.

Angie is the queen’s sister, and she must know how to open it.

“How can I know that?” An Qi shook her head, and said in an angry voice: “This thousand-changing exquisite box, only my sister can open it!”

Alas!

Hearing the answer, Yue Feng sighed, very depressed, and was happy, thinking that An Qi could open it.

At this moment, An Qi reacted and looked at Yue Feng with a frown: “By the way, why is this thing in your hands?”

This...

Yue Feng scratched his head, feeling a little embarrassed for a while.

The queen told herself several times just now not to try to open this box, but she didn’t listen, and An Qi saw it. An Qi told the queen, it would be troublesome.

How can I explain it so that An Qi does not doubt it?

“Your Excellency!”

Just when Yue Feng was secretly worried, he saw a guard quickly walk to the door and respectfully said: “The team has been assembled, please instruct Your Excellency Commander.”

Chapter 3463

Huh?

Yue Feng froze there, a little confused for a while.

what’s going on? What does a good assembled team do?

At this time, An Qi suddenly thought of something, and reminded Yue Feng: “Oh, how did you act

as a commander? Earlier in the hall, my sister asked you to be responsible for checking Xibo’s property, have you forgotten?” what.

Yue Feng patted his forehead. In the main hall, the queen did say that she was responsible for checking Xibo's property, how could she forget?

At this time, An Qi was very excited and took Yue Feng's hand: "Let's go, it must be fun to search the house, you must take me there."

I go!

Yue Feng couldn't help laughing, what's so fun about raiding a home? But did not refuse.

At the same time as going out, Yue Feng put away the thousand-changing exquisite box, and he was also secretly relieved.

Fortunately, the guard arrived in time and diverted An Qi's attention. Otherwise, I really don't know how to explain it to An Qi.

Half an hour later, Yue Feng and An Qi came to Xibo's manor with a team of guards.

What the hell!

Half an hour later, the guards piled Xibo's property together. After Yue Feng counted it, he couldn't help but sigh.

This Xibo has been the commander-in-chief of the guards for several years and has accumulated a lot of wealth.

I saw a lot of jewelry piled up together, plus a few boxes of gold coins, that piece of gold was shining. Almost all the eyes flashed.

An Qi also had a look of anger: "This Xibo, who has looted so much money, is really abominable."

Speaking, An Qi said to Yue Feng: "Fengtao, when you deal with Xibo, be sure to call me, I have to teach him a lesson." When saying this, An Qi waved her pink fist, very cute.

Haha...

Seeing An Qi's appearance, Yue Feng couldn't help laughing.

At this moment, a guard walked over quickly and said politely, "Your Excellency, I found a secret passage in Xibo's bedroom."

Secret passage?

Hearing this, Yue Feng and An Qi looked at each other and were stunned.

The next second, Yue Feng instructed the surrounding guards: "You guys stay outside, I'll go in and investigate." With that, Yue Feng quickly approached the bedroom.

Angie follow closely!

When I entered the bedroom, I saw a hidden secret passage under the bed.

Yue Feng and An Qi were very curious and walked down together.

I go!

After reaching the bottom, Yue Feng was stunned when he saw the scene in front of him.

I saw that there was a basement in front of me. This basement was not big, but it was filled with precious herbs, rare ginseng, ten thousand year snow lotus... There were hundreds of species, and Yue Feng was dazzled.

An Qi also trembled, and her eyes were full of shock.

There are a lot of precious herbs, this amount, I am afraid that there are not so many in the palace.

Um? Shocked, An Qi

was attracted by a blood-red fruit in front of her. She walked over to hold it in her hand, and asked Yue Feng curiously, "Fengtao, what kind of herb is this, have you seen it?"

As the Queen's sister, she is well-informed, but there are too many types of precious herbs in front of her, which is beyond her cognition.

Yue Feng looked at it and said with a smile: "This is called the blood spirit fruit, a big tonic, very rare!"

Is that right?

An Qi's eyes lit up, and she took a closer look at the blood spirit fruit, and immediately smelled a refreshing fragrance.

Smelling this seductive fragrance, An Qi couldn't hold it anymore, took a bite, and exclaimed, "It's so sweet..." What the hell

!

Seeing this scene, Yue Feng was taken aback: "How did you eat it?"

An Qi was stunned: "Didn't you say Dabu?"

Hearing this, Yue Feng wanted to cry without tears.

This blood spirit fruit is indeed a great tonic, but it should not be eaten indiscriminately. You must know that the blood spirit fruit is very powerful. An Qi is not a cultivator, and her physique is delicate. How could she be able to bear it?

Chapter 3464

Seeing Yue Feng's anxious face, An Qi frowned slightly, very puzzled.

"What's wrong?"

An Qi couldn't help muttering: "Why are you looking at me like this?" This Yue Feng was really making a fuss, he was so nervous after eating a fruit by himself.

Thinking of this, An Qi throws away the fruit core and has to look at other herbs. However, at this moment, An Qi suddenly trembled, and she felt the whole body, suddenly burning hot, as if she had fallen into a volcano!

"It's so hot!"

An Qi's whole body trembled, her face flushed with pain.

Obviously, this is the consequence of taking the Blood Spirit Fruit by mistake.

Yue Feng guessed well just now, An Qi is not a cultivator, and her body is weak, but she directly ate a blood spirit fruit. The energy of the blood spirit fruit burst out, which is not something she can bear.

"Fengtao, it's so hot, I'm so hot!"

An Qi's body trembled, her red lips parted lightly, and she kept shouting at Yue Feng. At this moment, she could clearly feel the burning heat in her body getting stronger and stronger. .

That feeling, like a fire burning inside the body.

"Ah!"

At this moment, An Qi felt that her whole body was about to be burned. The painful burning sensation made her delicate body tremble, and then she fell to the ground.

“Fengtao, what’s going on here, what’s wrong with me? It’s so hot...it’s so hot!” An Qi couldn’t bear it anymore and asked Yue Feng.

Ugh!

Yue Feng sighed, frowned and said, “You are so rash, the blood spirit fruit is very medicinal... Although you are not a cultivator, you can take it rashly, and you can’t avoid going crazy.”

Going crazy?

Hearing these four words, An Qi’s delicate body trembled, and she stared at Yue Feng blankly, inexplicably frightened. In the Roland Continent, there is no such thing as going crazy, so An Qi doesn’t understand what Yue Feng said, but seeing Yue Feng’s expression, she also knows that the situation is serious.

The next second, An Qi burst into tears: “Fengtao...what should I do? It’s so uncomfortable, am I going to die?”

As she spoke, An Qi hugged her body in both hands and rolled on the ground. It was so painful that she felt her body getting hotter and hotter, and almost her whole body was about to burn.

call!

Yue Feng took a deep breath and gently comforted: “Don’t panic first, let me think of a way.”

When he said this, Yue Feng was calm on the surface, but also anxious in his heart. To get rid of the medicinal properties of the blood spirit fruit, only need The Qingling Pill is fine, but the Qingling Pill on his body has long been used up.

Then Yue Feng looked around, there were many precious herbs in the basement, and it was not a problem to refine the Qingling Pill on the spot.

It’s just... With An Qi’s current situation, can she make the pills by herself?

Nima, forget it!

Soon Yue Feng made a decision to refine the Qingling Pill on the spot.

“It’s so hot, it’s so hot...”

But at this moment, An Qi’s face was flushed, her eyes were blurry and crazy: “I’m going to die, I can’t...”

Chi la... The

voice fell, An Qi He ripped off his long skirt.

Yes, under the medicinal stimulation of the blood spirit fruit, An Qi's consciousness began to blur, and she was going crazy. Speaking of which, she is not a cultivator, so how can she withstand the powerful medicinal power of the Blood Spirit Fruit?

What the hell!

Seeing this scene, Yue Feng was startled, and at the same time he couldn't help swallowing secretly.

I saw that at this time, An Qi, because her long skirt was torn off, her charming curves were exposed without any concealment!

More importantly, under the medicinal power of the blood spirit fruit, An Qi's whole body showed a charming crimson color, and her whole body was covered in fragrant sweat. Her beautiful face was extremely painful and indescribably sexy!

After watching it for a few seconds, Yue Feng reacted and walked over quickly: "His Royal Highness An Qi, stay awake!"

Yue Feng was so anxious when he said so.

Chapter 3465 is

broken, the Qingling Pill has not been refined yet, An Qi will not be able to bear it anymore, this is trouble.

Swish!

As soon as she finished speaking, An Qi suddenly stood up and hugged Yue Feng!

Yes, under the onset of the drug effect, An Qi has completely lost her mind at this time.

"An Qi." Yue Feng was startled and anxious, and at the same time he shouted, he was about to reach for An Qi's acupuncture point.

But after thinking about it, the medicinal power in An Qi's body is being attacked. If the acupoints are sealed again, the situation will be even more dangerous.

"It's so hot, so hot..."

Just when Yue Feng was tangled in secret, An Qi, who was completely crazy at this time, came up directly and kissed Yue Feng with her red lips.

At this time, An Qi felt that a flame was burning in her body, and her whole body was about to burn. She instinctively told her that if she didn't find a vent, she would die.

hum!

At this moment, Yue Feng only felt his brain buzzing and blank.

And An Qi became more and more mad. Before Yue Feng could react, she suddenly threw him to the ground, and then began to tear Yue Feng's clothes.

"An Qi... calm down..." Yue Feng was completely stunned, and when he reacted, he was about to push An Qi away.

However, it was too late, by this time the clothes had been ripped off by An Qi.

Um!

The next second, An Qi blushed, bit her lip tightly, and sat down.

All of a sudden, the whole basement was in spring.

.....

On the other side, Pearl City.

Pearl City is one of the most prosperous coastal cities in the Crescent Principality, and today, it is even more lively than ever.

A few days ago, Yanhong killed the city lord Seth and ruled Pearl City, and then took control of the Temple of Light. Then, as the goddess of light, he held the Holy Light Ceremony in Pearl City and invited the rulers of the principalities. join.

This incident caused a sensation in the entire Roland Continent.

There is still one day left before the Holy Light Ceremony, and the rulers of the major principalities are still on their way. However, many people have already rushed to Pearl City, wanting to see the demeanor of the Goddess of Light.

Because the Holy Light Ceremony was to be held, Yanhong used tens of thousands of people to build a temple in Pearl Chen.

At this time in the temple, Yan Hong was wearing a golden robe, which was indescribably sexy and charming, and at the same time, a powerful aura pervaded her body.

Below the shrine, there were dozens of people standing respectfully. These dozens of people were all the city lords of nearby cities, as well as celebrities and dignitaries, including the major families of Pearl City.

There is another day when the Holy Light Ceremony will begin, and Yanhong must ensure that the deployment of the entire Pearl City is foolproof.

“Huh!”

At this moment, Yanhong looked around, and a cold voice resounded throughout the temple: “Have you all remembered what I explained just now? You can’t have any questions, understand?”

“Understood!” Everyone quickly responded. , Indescribably respectful, at the same time, my heart is also excited.

It is a supreme honor to be able to serve the goddess of light, can you be unhappy?

“Your Highness... Goddess!”

At this moment, a young man walked out of the crowd, with a bit of nervousness and excitement on his face, it was Maddie.

To be honest, Maddie, as the young master of the Mai Wei family, is arrogant and domineering in Pearl City, and doesn’t care about anyone, but facing Yan Hong in front of him, his nervous voice trembles.

You know, the goddess of light is in front of you.

Yanhong’s delicate face did not fluctuate in the slightest. She looked at Maddie and said lightly: “What? Do you have a problem?”

Maddie at this time, his palms were sweaty, and he cautiously said: “Respected Highness Goddess, I have no problem, I. ...I just want to join the Temple of Light, and ask the goddess to allow it.”

When he said this, Maddie’s face was sincere, and his eyes were full of excitement and anticipation.

The ultimate husband in Chinese chapter 3466-3470

Chapter 3466

As the young master of the Maiwei family, although Maidu is arrogant and domineering in Pearl City, he is not stupid.

He could see that the goddess of light in front of him was going to hold a grand ceremony in Pearl City, and he had specially invited the rulers of the six major duchies to participate. Obviously, he was going to intervene in the whole continent.

In other words, the Goddess of Light may want to unify the continent.

In this case, it is natural to take the initiative to move closer to the Goddess of Light. As long as they join the Temple of Light, the Maiwei family can also grow stronger in the future.

What?

He wants to join the Temple of Light?

At this moment, the entire temple was in an uproar, and many people looked at Maddie in amazement, each with complicated eyes.

The Temple of Light has a supreme sacred status in the entire continent, and it is not easy to join. And this Maddie, who is just a young master from a small family in Pearl City, actually proposed to the goddess to join the Temple of Light, crazy.

If the goddess of light is angered, I am afraid that the entire Maiwei family will be wiped out.

Everyone present felt that Maddie was too bold.

At the same time, Yan Hong was also stunned, her eyebrows frowned.

A few seconds later, Yanhong looked at Maddie and said lightly, "Looks like you are very sincere. Well, you can temporarily become a named knight in the temple. If you perform well in the future, you will be promoted to a full knight."

Seriously, Yanhong didn't want to pay attention to Maddie's request. But these few days in Pearl City, this Maddie was very attentive, making Yanhong feel very good.

Moreover, in order to unify the continent in the future, his subordinates also need people like Maddie.

What?

This chapter is provided by . Visit for daily update.

Seeing this situation, the people around immediately exploded, looking at Maddie's eyes with envy.

The goddess actually agreed?

Maddie was even more delighted, and she was so excited that she knelt there and said to Yanhong, "Thank you, Your Highness, Goddess for your appreciation."

Although it's only a named knight, with this title, who else can compete with the others present? Compare yourself?

At this time, everyone around them reacted and wanted to take this opportunity to join the Temple of Light.

"Okay!"

However, before everyone could speak, Yan Hong raised her jade hand: "It's nothing, you all step back." The voice was not loud, but there was no doubt about it.

"Yes!" Everyone's faces were full of unwillingness, but they did not dare to disobey.

Haha...

Maddie is not excited. Today, there are so many people, only himself has been allowed by the goddess to join the Temple of Light, can you not be excited?

After leaving the temple, Maddie hurried to the Dumen family.

This good news must be told to Lolita.

During this time, Maddie went to the Dumen family when he had nothing to do, and visited Lolita. With rhetoric, the relationship between the two became much closer.

It was getting late, and night fell.

When they arrived at the Dumen family's manor, Maddie walked directly to Lolita's room. During this time, Maddie not only visited Lolita often, but also used family connections to help the Dumen family in business, so in the eyes of the Dumen family's servants, Maddie is his own person, and there is no obstruction at all.

call!

When approaching the room, far away, I saw Lolita sitting on a chair outside, staring at the sunset in the sky.

At this time, Lolita, wearing a long lavender dress, the afterglow of the sunset sprinkled on her delicate face, was indescribably charming.

For a while, Maddie was stunned.

Lolita is getting more and more beautiful, and she must be her own woman as soon as possible.

Chapter 3467

Thinking, Maddie showed a smile and walked over slowly: "Lolita, how about watching the sunset?"

"Mady?"

Seeing Maddie, Lolita smiled lightly and was very happy: "Why are you here? Did you?"

Speaking of which, Lolita hated Maddie very much. Relying on her status as the young master, she was arrogant and domineering in Pearl City and often bullied the weak, but Maddie has been helping her since her grandfather's death. Moreover, under the persuasion of Lolita, Maddie rarely bullied the weak.

In this case, Lolita's view of Maddie has changed greatly.

However, Lolita didn't know that Maddie's transformation was only superficial, deliberately done to her.

Feeling the joy of Lolita, Maddie was very happy, he smiled and said: "If I don't see you for a day, I feel that there is something missing in my life."

After speaking, Maddie couldn't hide his excitement: "Also, I want to I have good news to tell you, I have joined the Temple of Light."

Phew!

Hearing this, Lolita's body trembled, and she was shocked beyond words.

"Really? That's congratulations to you!" Lolita came back to her senses and smiled, very happy for Maddie.

Lolita has an introverted personality and doesn't like socializing the most, so today when major families and celebrities from other cities met the Goddess of Light, Lolita did not follow.

But Lolita knew in her heart that the Goddess of Light had a supreme and sacred status in the entire continent, and if Maddie could join the Temple of Light, she would surely flourish in the future. As a friend, she would naturally be happy for him.

Maddie was very excited at this time, and said to Lolita: "Lolita, I'm so happy today, you can go out with me."

When he said this, Maddie looked serious, but his eyes flashed with slyness.

I am now a member of the Temple of Light, and my status is not what it used to be. It is time to go further with Lolita.

Lolita didn't notice the change in Maddie's expression, but she nodded and said happily: "Okay!"

Maddie joined the Temple of Light, which is a good thing. As a friend, go out with him and enjoy this together. It's normal to be happy.

A few minutes later, Maddie and Lolita, riding in a unicorn car, slowly drove by the sea.

I saw that the afterglow of the setting sun dyed the entire sea golden, and the sparkling waves flickered. This seascape is like a fairy tale dream and beautiful.

"What a beautiful view!"

Seeing this scene, Lolita couldn't help but admire.

However, Maddie next to him did not appreciate the beauty in front of him, but stared at Lolita.

The next second, Maddie finally couldn't help it, and said affectionately: "Lolita, marry me and be my woman, okay?" After saying that, Maddie held Lolita's jade hand at once.

Lolita's body trembled, and she quickly withdrew her hand: "Maddy, don't be joking."

At this time, Lolita's face was a little red, and she was a little unhappy. She kindly accompanies him, but he treats herself Hands and feet.

Maddie looked serious: "I'm not joking, Lolita, I am a member of the Temple of Light now, and I will be reused by the Goddess of Light in the future. I have a bright future."

"Think about it, being my woman, the Dumen family will also Wouldn't that be good?"

Maddie's eyes were full of scorching heat when he said this.

Lolita bit her lip tightly and fell silent.

After a few seconds, Lolita said softly: "Maddy, I know you are for my own good, but have you forgotten that I will be filial to grandpa for one year, within this year, I will not consider it Married."

When Yue Feng was framed and escaped from Pearl City, Maddie wanted to propose to Lolita. At that time, Lolita said that she would be filial to Mr. Dumen for a year.

Of course Maddie knew about this.

However, at this time, McGrady just wanted to get Lolita as soon as possible, so how could he care so much?

Chapter 3468

"Lolita!"

Maddie took a deep breath and looked serious: "I know you are filial, but there are many ways to be filial, you don't have to be filial for a year, so let's do it, I will invest tomorrow, specifically Make a statue for the old man to commemorate, okay?" As

he spoke, Maddie looked up and down Lolita, and couldn't wait.

Lolita pondered for a while, then shook her head firmly: "No, I swore at the beginning, how can I change it?"

Although Maddie has become much better than before, Lolita is still a little hesitant to marry him.

Made!

Seeing Lolita's persistence, Maddie couldn't help it, and smiled contemptuously: "Okay, don't pretend to be innocent with me, you married that Yue Feng before, and you've already married a woman once, I can see you, it's your honor, don't know how to praise."

"You..."

Lolita's body trembled, and she stared at Maddie. I never thought that Maddie would suddenly change his face.

And Maddie hadn't finished speaking, and continued to sneer: "Did I say something wrong? Lolita, I've waited for you for so long, and the whole Pearl City knows that I want to marry you, don't challenge my patience."

"I don't . I'll marry you!" Lolita blushed and responded coldly.

I thought this McGrady had changed his mind, but it turned out that he pretended all this. And at this time, it finally showed its true colors.

“Haha...”

Maddie at this time was too lazy to pretend, and sneered: “Won’t you marry me? Do you think you still have a choice?” Saying that, Maddie sat beside Lolita and sneered. At the same time, he was about to grab Lolita’s hand.

Maddie figured it out, no matter if Lolita is willing or not today, she will get her.

Lolita was furious, hid for a moment, and said very displeased: “Maddy, you’d better show some respect.”

When she said this, Lolita’s face was calm, but she was very flustered. Now it’s getting late, except for the beach. Neither myself nor Maddie are alone. What would happen if Maddie forcibly took possession of him.

“Tsk tsk!”

Lolita’s scolding did not restrain Maddie, but stimulated him even more: “Lolita, don’t try to resist, tonight, I’m going to kill you, haha...” The

voice fell, Maddie again Grab Lolita.

The unicorn’s compartment is so cramped that Lolita has nowhere to dodge, her wrists clenched tightly.

“You...you let me go!” Lolita was furious.

Maddie had a wicked smile on her face, got a little closer, and took a deep breath in front of Lolita: “It’s so fragrant... I heard that after you married that Yue Feng, you haven’t been in the same room, so today, just Let me help you become a real woman.”

After saying this, Maddie’s eyes flashed with evil light, and he grabbed Lolita’s hand and yanked it.

Lolita exclaimed and slammed into Maddie’s arms, and was hugged tightly by Maddie.

“Lolita, don’t be afraid, I will take good care of you, haha...” Maddie laughed, and put his mouth up slowly.

At this moment, Lolita was very desperate and helpless.

If I knew that Maddie was pretending in front of me, I wouldn’t come out with him.

Grandpa died, and the family business went from bad to worse. If he was tainted by Maddie, there would be nothing left. It is better to die than to live like this.

Thinking to herself, Lolita's eyes were red and tears kept falling.

At this time, McGrady is also getting more and more excessive.

Lolita clearly felt that Maddie's breathing was getting closer and closer, and she was about to touch herself. At this moment, she was completely desperate.

Whoa!

Seeing that Maddie was about to succeed, suddenly, he heard footsteps coming from a distance.

Mad, who's going to mess with me?

Chapter 3469

Hearing the movement, Maddie was very angry, and quickly looked out of the car, and saw that several big men came over, the one headed, with a giant hammer in his hand, was very mighty, and his whole body was filled with power breath.

hiss! The strength is so strong.

Feeling the other party's breath, Maddie couldn't help taking a deep breath. Recently, Pearl City is going to hold the Holy Light Ceremony, and various forces are coming one after another. Obviously, these big men in front of them are also from other places, and they want to see the demeanor of the goddess of light.

Thinking of this, Maddie no longer panics.

I have no grudges against these people, and I have just joined the Temple of Light, and my status is extraordinary. What are you afraid of?

At this time, Maddie didn't know that the big men in front of him were bandits from Giant Bear Mountain.

And at the head, it was Okuyama.

A month ago, Yue Feng was framed by Maddie and was forced to leave Pearl City. When he passed through Giant Bear Mountain, he subdued the bandits of Aoshan. At that time, Yue Feng told Aoshan to let them go to Pearl City and secretly protect Lolita and Dumen. family.

Okuyama's words matter. For the past month, he has been lurking in Pearl City with his brother, always keeping an eye on the situation of the Dumen family and Lolita. Today, when I learned that Lolita and Maddie came to the beach, Okuyama didn't think much about it at the time. He rushed over with his brother.

"Several!"

Finally, Maddie reacted and said to Ou Shan: "If you guys are playing, go far away and don't disturb this young master."

When he said this, Maddie's tone was unquestionable, and his expression was extremely cold and arrogant.

These big men in front of them, at first glance, are cultivators who are not in the mainstream. He is the young master of the Maiwei family, and he has just joined the Temple of Light, so he doesn't need to pay attention.

However, Okuyama and the others did not intend to leave.

The next second, Ou Shan glanced at Maddie coldly: "Get out of the car immediately and get out of the car!"

At that time, when he worshipped Yue Feng as the boss, Ou Shan knew that Yue Feng was framed and left Pearl City, and the culprit was the , is Maddie. At this time, seeing Maddie's arrogance, he couldn't help it.

Made!

Hearing this, Maddie felt humiliated and scolded: "I don't know what I am, do you know who I am? The young master of the Maiwei family, the named knight of the Temple of Light, you dare to challenge me, have you thought about the consequences? ?"

What?

Hearing this, Okuyama was stunned. Is this kid from the Temple of Light?

"Haha..."

Seeing Ou Shan's expression, thinking he was afraid, Maddie was very proud: "I'm afraid, while I'm in a good mood, get out."

The most important thing in front of me is to enjoy Lolita. Be gentle, there is no need to waste time with these people.

"Special code doesn't care who you are!"

At this time, Ou Shan reacted and roared: "I just don't like you. Brothers, call me!"

Hu La!

In an instant, a few men behind him rushed over and dragged Maddie out of the car, followed by punching and kicking.

Although McGrady's cultivation strength is not low, which is the opponent of Ou Shan's subordinates, you must know that Ou Shan's group has been entrenched in Giant Bear Mountain for so long, and each of them is very strong.

"You...you dare to do something to me...wait to die..." Maddie couldn't stand up at all, he was beaten and rolled, howling in his mouth. The dignified young master of the Mai Wei family, the named knight of the Temple of Light, was beaten by a few unknown people. How could he swallow his breath?

After playing for more than ten minutes, seeing that Maddie was about to be beaten to death, a few talents stopped.

Then, Okuyama led his men and drove the unicorn car towards the distance.

It's over..

At this moment, Lolita sitting in the car was terrified, and her delicate face was full of horror.

Only escaped the clutches of Maddie, and fell into the hands of these people.

Where are they taking me?

Chapter 3470 Panicked

in her heart, Lolita couldn't help but look at the situation outside the car.

Um?

Seeing this, Lolita's delicate body trembled, and she was immediately stunned.

I thought that these people would take themselves away from Pearl City, but at this time, Lolita saw that several people from Okuyama were driving the unicorn car, heading towards the city.

What's going on here?

At this moment, Lolita couldn't express the doubts in her heart.

Aren't these people trying to conspire against themselves?

A few minutes later, the unicorn stopped at the gate of the Duman family estate.

"Miss Lolita!"

At this time, Okuyama said respectfully and politely to Lolita: "You must be shocked, but don't worry, it's all right now." When he said this, Okuyama smiled, It's completely different from the fierce look before.

"You..."

Lolita bit her lip and was very surprised: "Who are you? Why do you want to help me?"

At this time, Lolita finally understood that these people in front of her were deliberately coming to save herself Yes, but....I don't know them at all.

Okuyama scratched his head, with a simple and honest face: "My name is Okuyama, in fact, Miss Lolita, you don't have to thank me, it's our boss who told me to secretly protect you.

"

boss?

Hearing this, Lolita was even more confused. At first glance, these people are not ordinary people. Do you know their boss?

Thinking of this, Lolita couldn't help but ask, "Who is your boss?"

Ou Shan's eyes flickered, and when he thought of Yue Feng, there was a hint of admiration, and he was outspoken, so he said it directly: "I said Lori Miss Ta, who can help you in this world besides your husband?"

"To tell you the truth, my boss is Yue Feng, and he specially explained to me that he wanted to protect you secretly."

"Actually The boss told me about everything between you, he was framed by Maddie, a bastard, but unfortunately you don't believe him."

When he said this, Okuyama looked excited.

After recognizing Yue Feng as the boss, Ou Shan was deeply impressed by Yue Feng's bearing, and at the same time was deeply angry with Yue Feng's experience in Pearl City. When he saw Lolita at this time, he naturally wanted to help Yue Feng. Clear the charges.

What?

Hearing this, Lolita's body trembled, and she only felt her brain buzzing.

Yue Feng...he is the boss of these people? Moreover, Yue Feng also sent them to protect themselves secretly.

At this moment, Lolita was very complicated, her emotions were up and down, and she could not calm down for a long time.

Could it be that Yue Feng was really framed before? However, when all the families were present, and there were witnesses, they all pointed out that Yue Feng was the murderer of Grandpa.

Seeing that Lolita looked complicated and remained silent, Okuyama wanted to continue talking, but was interrupted by a call.

"Miss!"

With a happy shout, I saw a middle-aged woman walking out of the manor, with a sour face and freckles, it was the housekeeper Launa.

Seeing that someone came out, Ou Shan was inconvenient to say more, and smiled at Lolita: "Miss Lolita, you should rest early, by the way, you must be careful about that Maddie in the future, he is not a good person."

The voice fell, and Okuyama left in a hurry with his subordinates.

"Miss!"

As soon as she left, Launa walked over quickly, very worried: "Didn't you go out with Master Maddie? Why did you come back alone? Also, who are those people? They look fierce. At

this time, Laona clearly saw that Lolita's delicate face was pale, and she was obviously frightened.

"Don't tell me about Maddie."

The ultimate husband in Chinese chapter 3471-3480

Chapter 3471

Lolita frowned, unable to hide her shame and anger, when she thought of the situation at the beach just now, her heart couldn't stop shaking.

I thought Maddie had gotten better, but I didn't expect that his bad habits would be hard to change. Taking advantage of the night, when there was no one on the beach, he actually wanted to tell himself... With

that, Lolita walked quickly into the manor.

Laura looked suspicious and followed closely.

.....

the other side.

Maddie was on the beach by the sea, grinning and getting up.

Hiss... As

soon as he stood up, the pain swept through his body, Maddie couldn't help but gasped, his eyes spitting fire, and there was an unspeakable resentment in his heart.

Mad, thought that he could get Lolita smoothly tonight, but he never expected that a group of people suddenly appeared, taught himself a lesson, and then took Lolita away.

The more Maddie thought about it, the more angry he became, so he immediately returned to Pearl City and summoned family guards. Inexplicably was beaten, and it must not be like that.

Ten minutes later, Maddie sent someone to look for Lolita's whereabouts. At the same time, Maddie personally brought more than 100 guards to search the entire Pearl City.

After successfully joining the Temple of Light, Maddie became more unscrupulous in the entire Pearl City.

Soon, Maddie found out that Lolita was sent home, and the group of people who taught him were the mountain bandits of Giant Bear Mountain.

When he heard the news, McGrady was rampaging on the street with his guards. At that time, McGrady was shocked and the whole person was stunned.

This chapter is provided by . Visit for daily update.

Mountain bandits of Giant Bear Mountain?

Ou Shan's group has been entrenched in the Giant Bear Mountain generation for several years. They are very strong. Once the Pearl City sent people to encircle and suppress them, but they came back without success. Of course Maddie knew.

However, why did the people from Okuyama want to help Lolita?

Maddie couldn't figure it out, so he simply didn't want to. No matter how strong Okuyama's group was, if they dared to offend him, they would never let them go.

Okuyama's group must be caught, and now the more important thing is to force Lolita to marry him.

Thinking of this, Maddie was going to take someone to the Dumen family.

"Master, look at that person..."

However, at this moment, a guard beside him suddenly pointed to the distance and shouted.

"Made!" Maddie was irritable, and couldn't help scolding: "What are you screaming at?" After saying that, Maddie looked over.

Seeing this, Maddie was stunned.

At the intersection not far away, a middle-aged man was walking cautiously. He was about forty years old, with sharp-mouthed monkey cheeks and a treacherous look on his face.

It was Lolita's second uncle, Dullen.

The old man Du Men has two sons. The eldest is Lolita's father, but it is a pity that he died young, and Du Leng is the second child. However, this Du Leng is inexperienced. Five years ago, Du Leng offended the city lord Seth. He escaped from Pearl City and his whereabouts are unknown.

There was a lot of commotion in Pearl City back then. Of course Maddie knew about this, but he never expected that today, five years later, this Du Leng is back.

Seeing Du Leng at this time, Maddie's eyes flickered, and he suddenly had new attention in his heart.

The next second, Maddie walked over with a guard.

When they got to the front, Maddie laughed and shouted: "Oh, isn't this Uncle Du Leng?"

Huh!

Du Leng was taken aback when his name was suddenly called, and when he saw it was Maddie, he immediately smiled: "Master Maddie, I haven't seen him for a few years, and he has become more and more handsome.

He's so handsome." When he said this, Du Lengyi The flattering of the face.

Five years ago, Du Leng hooked up with the woman of the city lord Seth, but was discovered by Seth. Du Leng fled in a hurry and started a nomadic life outside. Knowing that recently, Du Leng learned that Seth was killed, so he quietly came back. .

Du Leng is a snobby person, and seeing Maddie at this time, he naturally pleases him in every possible way. After all, the family behind Maddie has had a strong position in Pearl City in recent years.

Chapter 3472

Du Leng's attitude made Maddie very useful.

The next second, Maddie said lightly, "Since you're back, you're not going back to your family, why are you walking on the street so late?"

Alas!

Hearing this, Du Leng sighed and smiled bitterly: "Lolita is the heir of the family now, how can I go back? You know, Lolita has always had opinions on me."

Du Leng said it well, Because of her lack of knowledge and skills, Lolita has been very resistant to this uncle since she was a child. At this time, the Dumen family is all under the control of Lolita. How could it be possible to accept Du Leng, who has a bad reputation?

Maddie chuckled, with a deep expression on his face: "Du Leng, do you want to be the helm of the family?"

Huh?

Du Leng's heart trembled and nodded without thinking: "Yes, of course I did."

Maddie showed a smile and said lightly: "Okay, as long as you obey my arrangement, I will help you to be called the new patriarch of the Dumen family. "

Of course there is no problem. As long as Mr. Maddie is willing to help me, I will definitely be grateful." Du Leng was so excited that his tone trembled.

Haha...

Hearing this, Maddie nodded with satisfaction, and his heart was extremely happy.

Lolita, with your second uncle helping me, you will never be able to escape from my palm in this life.

Maddie thought about it, to help Du Leng take the position of the patriarch of the Dumen family. You must know that if Lolita is still the head of the Dumen family, if Maddie forcibly occupies it, the impact will be very bad.

But once Lolita is no longer the head of the Dumen family, everything will be easier.

.....

On the other side, the Dumen family.

In the hall, Lolita sat there with no expression on her delicate face, and a bit of shame and anger in her eyes.

Laona stood beside her, also looking angry and shocked.

"It's abominable!"

Finally, Laona couldn't help but said, "This young master Maddie, how can you do this?" Just now, Lolita told Laona about her previous experience.

Although Lorna was a bit mean, she had grown up watching Lolita since she was a child, so in Lolita's heart, she regarded her as half a relative. Grandpa was gone, and she had to tell Lorna what she had in her heart.

Hearing Laura's words, Lolita was also very upset.

At this time, Laona thought of something and continued: "By the way, the lady just said that the group of people who rescued you was sent by Yue Feng?"

Hmm!

Lolita nodded, bit her lip lightly and said, "Laona, tell me, did I misunderstand Yue Feng, grandpa was not killed by him, he was really framed?"

Hearing this, Lao Na was stunned for a moment, then shook her head and said, "Miss, what do you think? At the funeral of the old man, Yue Feng was the murderer, and the evidence is conclusive."

After speaking, Laona analyzed: "I think this Yue Feng is going to send People must have ulterior motives to protect you secretly. You must know that the one named Ao Shan is the leader of the mountain bandit in Giant Bear Mountain, and Yue Feng is his boss, so can he be a good person?"

Launa is a gossip, and the people in Pearl City This rumor is very clear, of course I know Okuyama.

In Launa's heart, she has always looked down on Yue Feng, knowing the situation at this time, she will not help Yue Feng speak.

This...

Hearing Laura's analysis, Lolita took a deep breath and frowned, feeling even more upset.

Whoa!

At this moment, suddenly there was a commotion outside, very noisy.

Launa shouted to the outside, "What's the matter? What's going on outside? I don't know if Miss is in a bad mood today?"

However, before he went out, he saw a servant running in in a panic: "Miss, Miss, it's not good, Master Maddie brought a lot of people to break in."

What?

Lolita's body trembled, embarrassed and angry.

Chapter 3473

This Maddie is too much. If he doesn't marry him, he will bring people to make trouble?

Thinking to herself, Lolita hurried out, and Laura followed closely.

hiss!

When they got outside, Lolita couldn't help taking a deep breath when she saw the scene in front of her.

I saw that there were more than a hundred guards gathered in the open space outside the hall, each holding a big sword, aggressive, and in front of these guards, Maddie looked leisurely.

And the members of the Dumen family, standing in the distance one by one, did not dare to approach.

Since the death of the old man Du Men, the influence of the Du Men family in Pearl City has been declining day by day, and naturally it cannot compete with the Mai Wei family.

“Maddy!”

Finally, Lolita reacted, took a step forward, and shouted at Maddie: “You brought so many people to my family, what do you want to do?”

Maddie smiled and said word by word, “What? You colluded with the mountain bandits of Giant Bear Mountain, raided me at the seaside, and then asked me what I was doing?”

“Lolita, I like you so much, but you come with me.”

“The city owner of Seth is dead, and the whole pearl is dead. The city is ruled by the goddess of light, and I work under the goddess, and I will never tolerate bandits running rampant in Pearl City, Lolita, no matter how much I like you, I can’t condone your collusion with bandits.”

When he said this, Maddie Righteous words on his face, but insidiousness flashes in his eyes.

Maddie knew that if Lolita spoke out about what happened tonight, it would definitely damage her reputation, so she decided to sue the wicked first.

What?

At this moment, the surrounding Dumen family members were in an uproar.

“Miss colluded with bandits?”

“Is this...really fake?”

“Is there such a thing?”

Listening to the discussions around, Lolita’s delicate body trembled.

The next second, Lolita shouted at Maddie: “Mady, stop talking nonsense, you know the truth better than anyone else.”

At this time, Lolita wanted to tell the truth about the seaside, but if she said When you come out, your innocence will be destroyed.

But in any case, McGrady can't be turned upside down.

"Haha!"

Facing Lolita's scolding, Maddie didn't panic at all, and chuckled lightly: "I'm talking nonsense? The bandits from Giant Bear Mountain sent you back to their family, and many people saw it."

"You said that you and They didn't collude, so why did they send you back?"

Shua!

At this moment, the eyes of the audience suddenly converged on Lolita.

"I..." Lolita blushed, not knowing how to respond.

At this time, Lolita wanted to say that the people from Okushan were sent by Yue Feng, but on second thought, if Yue Feng was involved, the explanation would be even more unclear. After all, Yue Feng was previously recognized as the real murderer who killed his grandfather.

Seeing that Lolita was speechless, Maddie was even more proud: "Lolita, I believe you were confused for a while and walked with the bandits, but then again, you can't continue doing this. Be the head of the Dumen family." The

voice fell, and everyone in the surrounding Dumen family was also discussing.

"I didn't expect that the young lady would collude with the bandits."

"Oh, it's really our family's misfortune..."

"Master Maddie is right, how can you be qualified to manage the family with the behavior of the young lady?"

None of the Dumen family present at this time doubted Maddie's words. A group sent Lolita back, and many people saw it.

Facing the situation in front of her, Lolita trembled and almost fainted.

This Maddie, actually forced himself to give up the family inheritance? It's so sinister, so despicable.

Chapter 3474

“Maddy!”

Under the anger, Lolita stared at Maddie tightly, and shouted: “I don’t care what your purpose is, this is the Dumen family, whether I am qualified to be the heir, it’s not your turn.”

“Also, after my grandfather’s death, I am the only heir. This is also my grandfather’s last wish. If I don’t become the heir, who else can I be?”

When he said this, Lolita’s beautiful face was full of determination.

For a while, the whole place was silent.

Many members of the Dumen family nodded subconsciously.

Yes, it is the old man’s decision that the young lady is in charge of the family. If she does not inherit, who else is qualified?

“Me!”

Just as everyone was muttering secretly, suddenly, a low voice sounded, and then, a man came out of the crowd.

With a sinister face and a bit of treacherousness, it was Du Leng.

Whoa!

At this moment, the entire Dumen family suddenly exploded.

“Second Young Master?”

“Second Young Master is back?”

“This...”

Five years ago, after Du Leng escaped from Pearl City, his whereabouts are unknown. Everyone thought that he died outside, but they never thought of it. , he actually came back.

Lolita also trembled, and her delicate face was full of astonishment.

But soon, Lolita calmed down.

No wonder Maddie was so confident that he wanted to force himself to give up the position of heir. It turned out that he brought his second uncle.

“Du Leng!”

Finally, Lolita reacted, unable to hide the disgust in her heart, and said to Du Leng: “You still have the face to come back?” When Du Leng hooked up with the city lord’s woman, he lost all the face of the family, and still it almost affected the family. From then on, Lolita no longer tolerated this second uncle. Du Leng smiled slyly

, took two steps forward, and retorted: “Lolita, when you were young, you were ignorant and didn’t respect me. I don’t care about you. Now that you’re so old, you’re still so rude?”

After a circle, he continued: “I did make mistakes back then, but I also received the punishment I deserved. Besides, you can collude with the bandits, and I, because of the woman, can’t go back to the family?”

“You “ ...”

Hearing this, Lolita’s heart was heaving, she was angry, but she had nothing to refute.

“Everyone!”

At this time, under Maddie’s secret signal, Du Men shouted at the surrounding: “The so-called orderly order, after the death of the old man, the person who is most qualified to manage the family is me, and from now on, I will be Du Men. The new patriarch of the family, does anyone have an opinion?” As he

spoke, Du Men looked at Maddie in a pleasing manner, feeling indescribably excited.

Haha...

This Maddie’s plan is really wonderful, using Lolita’s collusion with the bandits as an excuse to let him return to the family smoothly. If it weren’t for Maddie, I really don’t know what to do.

Phew...

At this moment, the surrounding Dumen family looked at each other, looking at Du Leng, showing complexity.

Although it was a mistake for the young lady to collude with the bandits, she has managed a family business recently, and she has a good look. And this Du Leng is ignorant and ignorant. Can the family be handed over to him?

“Du Leng!”

At this moment, Laona next to him couldn't help it, pointed at Du Leng and shouted: "Miss takes over the family, it's the old man's decision, why do you want to take it away?"

Although Laona is mean, she is wholeheartedly devoted to Luo Li. Ta, seeing that Du Leng was going to be unfavorable to Lolita at this time, he couldn't help it.

Snapped!

Du Leng's face sank, without any nonsense, he rushed over and slapped Launa in the face.

"A servant who dares to yell at me, courting death!" Du Leng said coldly, raised his hand again, and slapped Launa's face one after the other.

Laura was beaten and wanted to struggle, but was stubbornly held up by Maddie's guards.

"Du Leng, don't go too far, stop, stop." Lolita was furious and wanted to rush over, but was stopped by Maddie's guard.

clap clap clap!

Chapter 3475 The

crisp slap in the face kept ringing, and everyone in the Dumen family around was shocked.

I don't know how many slaps I slapped, and I saw that Launa's mouth was swollen and she couldn't speak at all.

At this moment, Du Leng looked around and said coldly: "Who else has an opinion?"
The

voice fell, and everyone around looked at each other and responded.

"Your Excellency the Patriarch!"

"I have seen the new Patriarch!"

At this moment, all the members of the Du Men family present acknowledged the fact of the Du Leng Patriarch.

Seriously, many people know that Du Leng has no ability to be the patriarch, but there is no way, he has Maddie's backing, who dares to stand out.

Phew...

Seeing this scene, Lolita was very desperate.

She never thought that at this critical moment, no one except Laura would help her. These are their own clansmen.

“Haha...”

At this moment, Maddie came over and sneered at Du Leng: “Congratulations, I believe that the Dumen family, under your leadership of Uncle Du Leng, will definitely be able to carry forward.”

“Master Maddie is polite!” With a humble look on Du Leng’s face, he quickly said: “Without your help, how could I sit on the patriarch?”

Maddie looked at it, and then smiled and said: “Second Uncle Du Leng, our two families have always been friends, I think Marry Lolita, I believe you will not object.”

Maddie smiled evilly when he said this.

The purpose of helping Du Leng to be the patriarch is to make it easier to get Lolita. Now the plan is half successful, can you be unhappy?

Du Leng is a smart person, he immediately laughed and said, “It’s a good thing for our two families to kiss each other. How could I refuse?” “Lolita, Master Maddie doesn’t care about your colluding with bandits, and he wants to marry you as his wife. This is a blessing you have cultivated in your lifetime, and it is also an honor for our family, so I agree to this marriage.”

“No. ..”

At this moment, Lolita’s delicate body trembled, and her beautiful face was full of rejection: “I won’t marry him, and I won’t marry him if I die.”

At this time, Lolita finally understood that what Maddie did All of this is for himself, this man is so insidious and despicable, he must not be allowed to do so.

“Shut up!”

Du Leng’s face sank, and he reprimanded in the tone of an elder: “I am your second uncle, or the patriarch. I have the right to decide the happiness of your life. You have to agree if you don’t agree!”

Du Men waved his hand. : “Someone, lock up the young lady and take care of her strictly!”

“Yes!” Several servants came over and forcibly dragged Lolita away.

At this time, Lolita was extremely desperate, and the tears kept coming.

Why did I suffer so badly? My grandfather was gone, I didn't protect my family well, and I was bullied by Maddie in the end...

“Master Maddie!”

Seeing Lolita being taken down, Du Leng showed a smile and flattered Maddie. Said: “What to do with the wedding, you decide.”

Well!

At this time, Maddie was in a good mood, nodded and said: “Wait until the end of the Holy Light Ceremony, I will hold a wedding with Lolita.”

“Haha, then do as Master Maddie said.”

...

Right now, on the other side.

King City of the Golden Lion, in Xibo's manor.

In the basement, after some cloud and rain, the medicinal power in An Qi's body finally dissipated, and she fell to the side and fell asleep.

Yue Feng sat beside him with a sad face.

Having just enjoyed An Qi's tenderness, Yue Feng was not at all happy, but extremely anxious and uneasy.

How to do?

An Qi is the Queen's younger sister, but she is possessed by her. If the Queen knows, she will not forgive her lightly.

The ultimate husband in Chinese chapter 3476-3480

Chapter 3476

Call!

Just when Yue Feng was in a panic, he saw An Qiyu wake up.

At this time, An Qi still had a trace of blush on her delicate face, but looking at Yue Feng's eyes, there was a bit of anger, shyness, and deep complexity.

To be honest, during this period of contact, An Qi admired Yue Feng very much.

This Fengtao, not only knows a lot of interesting things, but also speaks animal language. A few days ago, he slipped out of the palace and encountered a giant dragon. It was Fengtao who saved his life. In the golden lion competition, it saved face for the principality of the golden lion.

But An Qi never thought that she would have a cloud and rain with Fengtao...

"Your Highness An Qi..."

Seeing An Qi's expression, Yue Feng was even more panicked and couldn't help saying: "That... What happened just now...I..." Under the anxiety in his heart, Yue Feng's words trembled.

At the same time, Yue Feng's eyes couldn't help but look at An Qi in front of him.

I have to say, this An Qi is really beautiful, her figure and appearance are simply perfect, especially when she thinks of the situation just now, Yue Feng is even more emotional and can't calm down for a long time.

Feeling Yue Feng's gaze, An Qi's face turned red all of a sudden, and then she said coquettishly, "Fengtao, you...you close your eyes for me."

When she said this, An Qi couldn't express the shame and anger in her heart. .

She is the queen's younger sister, her status is respected, she is pure and clean, but just now, she was occupied by Feng Tao, what should I do in the future?

"Okay, okay..." Yue Feng reacted and quickly closed his eyes.

At this time, Yue Feng felt a sigh of relief in his heart. Fortunately, this An Qi did not make crazy moves.

This chapter is provided by . Visit for daily update.

An Qi didn't speak, just put on her clothes silently.

Listening to the rustling of dressing, Yue Feng did not open his eyes, but stood beside him and closed his eyes tightly.

For a time, the atmosphere in the basement was a little depressing, and at the same time there was some subtlety.

“Fengtao!”

Finally, An Qi finished her makeup, her eyes fell on Yue Feng, she bit her lip and said, “Let’s just pretend it didn’t happen today, if you let me know, you go out and talk nonsense, I can’t spare you.”

As the Queen’s younger sister, she has an improper relationship with the guards, if this matter spreads, not only will her innocence be damaged, but her sister’s throne will also be affected.

Seriously, An Qi really wanted to kill Yue Feng, but she knew that she was Yue Feng’s opponent? Even calling the guards outside would be of no avail.

More importantly, he also saved his own life.

Feeling the complexity of An Qi, Yue Feng nodded seriously: “Your Highness An Qi, don’t worry, I will never say this.”

Phew!

Hearing this, An Qi nodded, said nothing, and left the basement.

After An Qi left, Yue Feng quickly counted the precious herbs in the basement, and picked some of them for emergencies, and let the guards outside transport them all to the palace.

Back at the resting place of the palace, Yue Feng took out the thousand-changing exquisite box again.

Nima!

However, what made Yue Feng depressed was that no matter how hard he tried, he still couldn’t open it.

Looking at the situation, this thing really only the queen can open.

Thinking to himself, Yue Feng gave up temporarily and decided to make plans after arriving at Pearl City.

After tossing for most of the night, Yue Feng was very tired and quickly fell asleep.

Maybe the next day, I will go to Pearl City, and I can see Yanhong and Miaoying. Yue Feng slept very sweetly.

Early the next morning, Yue Feng was summoned by the Queen.

Chapter 3477

Soon, when I arrived at the Queen's palace, I saw that the Queen was wearing a gorgeous robe, showing her beauty and sexiness, and her whole body was filled with a noble and majestic temperament.

However, at this time, Yue Feng was confused.

I don't know if An Qi told the Queen about what happened yesterday.

"Fengtao!"

Seeing Yue Feng coming in, the Queen showed a smile, and couldn't hide the praise in her eyes: "I heard that you raided Xibo's house yesterday, and it went very well, not bad."

"Thank you for the praise from the Queen." Yue Feng quickly responded. : "Your Majesty's account, the subordinates should only do their best." When

he said this, Yue Feng secretly exhaled, fortunately, looking at the situation, the relationship between himself and An Qi, the Queen still does not know.

Hearing this, the Queen was very happy, nodded and said, "It is a great honor for me, the Principality of the Golden Lion, to have a loyal person like you, Feng Tao, I will give you an appointment after attending the Hall of Holy Light.

" The queen at that time completely regarded Yue Feng as a confidant.

"Thank you, Your Majesty." Yue Feng saluted and looked very grateful, but his heart was extremely calm.

If nothing else, this time I went to see Yanhong in Pearl City, I'm afraid I won't come back again.

However, Yue Feng naturally wouldn't tell the Queen these words.

"That's right!"

At this time, the queen thought of something, and her delicate face showed a bit of worry: "You were working in the Principality of Sunrise before, and I heard that you were named an earl by the king of the Principality of Sunrise, and now, you are our gold People from the Principality of Lions, this time I went to Pearl City to participate in the Hall of Holy Light, and it is inevitable that I will meet people from the Principality of Sunrise..."

After speaking , the queen pondered: "In order to avoid some trouble, you should stay in the royal city."

When she said this, the queen looked serious.

What?

Hearing this, Yue Feng's heart was shocked, and he was stunned. Finally got the news of Miao Ying and Yan Hong, and the second half of the Holy Book of Jade Book was also in his hands.

After arriving in Pearl City and obtaining the second half of the sacred book, you can leave this different world. Under such circumstances, how could it be possible to stay in the Golden Lion Principality?

Thinking of this, Yue Feng hurriedly said: "Actually, Your Majesty, don't worry, I will dress up a little later, and people from other principalities will not recognize me."

After speaking, Yue Feng said sincerely: "Your Majesty leave the royal city and go to On the way to Pearl City, there are bound to be many crises lurking along the way, Your Majesty's safety is the most important thing, how can I stay here?" The

words were so emotional, it was impossible to refute.

The queen also nodded approvingly: "It's rare that you have such a heart, then all right, just do as you say."

Phew!

Seeing the Queen's promise, Yue Feng secretly sighed, it was so dangerous, he almost couldn't leave.

A few minutes later, Yue Feng dressed himself up a little, made his skin darker, and glued on his beard. In an instant, he was completely different from before. Not only that, but his temperament changed.

These makeup skills, Yue Feng learned from Meihui. When Mei Hui joined Thousand Faces, she was best at makeup.

The queen was very surprised to see it, and at the same time admired Yue Feng even more.

Ten minutes later, Yue Feng led several thousand elites, escorted the queen, and left the king city mightily, heading towards Pearl City.

....

On the other side, Pearl City, Dumen Family Manor.

In a room at the back of the garden, Lolita sat in it, sad and her eyes were red.

I saw that the door was locked outside, not only that, but also several servants guarding it.

Last night, after Du Leng took the patriarch's position, he locked Lolita here.

Chapter 3478

At this time, Lolita is heartbroken.

Losing control of the family, no freedom, and what makes Lolita even more unbearable is that in a few days, she will be forced to marry that bastard Maddie.

How could this be?

What the hell did I do wrong, God want to punish me like this?

The more Lolita thought about it, the more desperate she became.

At the same time of despair, the figure of Yue Feng appeared in Lolita's mind.

If Yue Feng was there, he would definitely help him.

Thinking of this, Lolita shook her head again.

Feng Tao killed grandpa, what do you want him to do?

"Hehe..."

At this moment, there was a playful laughter outside the door, and then, Maddie appeared on the windowsill, his face full of pride.

"What are you doing here? Get out, get out."

Seeing Maddie, Lolita's body trembled, and she couldn't help drinking, her eyes full of hatred and disgust.

It's all this bastard who hurts himself like this.

"Tsk tsk!"

Feeling Lolita's anger, Maddie didn't panic at all, and said with a smile: "It's all like this, and it's still so fierce, Lolita, let's face it, when the Hall of Holy Light is over, I'm going to hold a wedding. , Fengfengguanguang married you in the door."

Lolita blushed with anger: "Maddy, stop daydreaming, and I won't marry you even if I die."

Hearing this, Maddie showed a smile and joked: "Would you like it or not, it's not up to you, by the way, I came to visit you today to tell you something, your second uncle has agreed, Transfer some of your Dumen family's properties to my name."

When he said this, Maddie's eyes were full of cunning smiles.

Maddie knew that Lolita looked fragile, but her character was very strong. To deal with this kind of woman, his will must be hit hard, and only in this way could she be forced to surrender completely.

What?

Hearing this, Lolita's body was shocked, and she only felt her brain buzzing, and her heart was filled with indescribable anger.

This Du Leng really didn't raise the bar at all. He just became the patriarch and gave up the family business.

But Lolita knew that Maddie was the mastermind behind all this.

"You..."

Finally, Lolita reacted, her delicate face was full of resentment, and she said coldly to Maddie: "You will not succeed, as long as I live for one day, I will never let you invade our family. The industry."

"Haha..." Maddie laughed and couldn't tell how proud he was: "Everything is under my control, Lolita, just wait to be my woman, haha... ." The

voice fell, and Maddie strode away.

"Maddy, you bastard..." Lolita couldn't help yelling, but Maddie had gone far.

.....

At the same time that Yanhong built the temple in Pearl City, she also built a luxurious manor behind the temple.

This manor is a place for Yanhong and the temple staff to rest.

At this time, in a side hall of the manor, the Golden Lion and ten other Paladins stood there one by one, looking anxious.

A few days ago, Yanhong gave half of the antidote to continue to control the Twelve Paladins. This matter made Jin Shi and the others both annoyed and aggrieved.

In the past two days, the Twelve Holy Knights were sent by Yanhong to spread the word to the major principalities. Now, the golden lion and others have all returned, but Tianma is not seen.

Pearl City is only half a day away from the King City of the Golden Lion. And Tianma went for a day and never came back.

Did something happen to Tianma?

Thinking of this, Jin Shi and others couldn't express their worries. The Holy Knights of the Temple of Light, the Golden Lion and the Twelve Pegasus, are deeply brothers and can be said to live and die together.

Whoosh!

Chapter 3479

Just when Jin Shi and others were anxious, they saw a figure and walked in quickly. It was Tianma.

"Tianma!"

"You're finally back..."

"Why is it taking so long?"

At this moment, Jin Shi and the others were all relieved, and gathered around at the same time, asking in unison.

call!

Tianma took a deep breath and showed a smile: "You guys are ready, I have good news."

After speaking, Tianma glanced outside vigilantly, and said in a low voice, "I found the Holy Venerable, and the Holy Venerable specializes in It has refined a highly poisonous antidote for us."

Wow!

Hearing this, the Golden Lions were stunned for a moment, and then they were overjoyed.

At this time, Tianma said with a smile: "It turns out that the Holy Venerable is in the Principality of the Golden Lion, and he is also a celebrity by the Queen's side..." In the next few minutes, Tianma explained the situation of seeing Yue Feng in detail. .

After talking about the situation, Tianma took out the antidote.

At this moment, Jin Shi and others were inexplicably excited, and they picked up the antidote and swallowed it without thinking.

Buzzing....

After a few minutes, the poison in the bodies of the golden lion and others was completely eliminated, and their strengths returned to their peak state.

"The antidote of Your Excellency Holy Venerable is really amazing."

"As expected of the Holy Venerable."

"That's great, we have all regained our strength."

For a time, Jin Shi and others were in a very happy mood, and at the same time they admired Yue Feng even more.

At this time, the golden lion asked Tianma: "Tianma, why didn't the Holy Venerable come back with you? Also, did he explain anything?"

Shuh!

The voice fell, and the eyes of the other Paladins were also staring at Pegasus.

Tianma smiled slightly and was about to speak, but was interrupted by the sound of footsteps outside.

"The Twelve Paladins."

I heard a cold and crisp figure, and then I saw a slender figure walking into the side hall, sexy and charming, filled with a powerful aura.

It is Yanhong.

Seeing Yanhong appear, Jin Shi, Tianma and the others were all shocked.

Oops, did she know about Tianma finding the Holy Venerable?

The next second, Jin Shi and the others looked at each other and understood each other, and quickly pretended that the poison in their bodies had not been resolved, and looked weak.

At this time, Yanhong walked into the side hall, looked around, and finally landed on Tianma: "Have you heard the word? Tianma, why did you come back so late?"

Tianma was shocked, and quickly said: "Report to Your Highness the Goddess. , I encountered some situations on the way, so I was a little late, but the word has already reached the Golden Lion Principality, and the queen agreed to come."

When he said this, Tianma's face was calm, but he was a little uneasy in his heart.

Um!

Hearing this, Yan Hong nodded with satisfaction: "You have done a good job, but there are still things that you need to do."

Saying that, Yan Hong's face became cold: "Tomorrow, after the Holy Light Ceremony begins, I want you to control the guards of the major duchies as soon as possible, and you must ensure that the rulers of the major principalities are under my control, understand? "

What?

At this moment, Golden Lion, Tianma and the others were all shocked.

What is this woman going to do? Is this preparation to eradicate the royal families of the major principalities in one fell swoop?

If this is the case, the reputation of the Temple of Light for thousands of years will be ruined by her. You must know that the Temple of Light has always been committed to maintaining fairness and justice in the world, and has never thought of ruling the Roland Continent.

Chapter 3480

At this moment, whether it is Tianma or Jinshi and others, there is incomparable resistance in their hearts.

"What?"

Seeing that they were silent and their faces changed, Yan Hong was very unhappy: "Is there any problem with you?" The

voice was not loud, but the aura that filled her body was overwhelming.

In Yanhong's heart, although the twelve holy knights in front of her were powerful, they were all poisoned and under her own control. If they dared to go against their will, they would be courting death.

At this time, Yanhong still didn't know that Tianma, Jinshi and the others had already cleared the poison in their bodies.

"Your Highness Goddess!"

Finally, Tianma took the lead in reacting, with a smiling face: "We will definitely not disappoint you." To be

honest, Tianma at this time really wanted to fight with Yanhong, but thinking of Yue Feng's explanation, he was still hold back.

Um!

Hearing this, Yan Hong nodded and turned to leave.

"Tianma!"

As soon as his forefoot left, Jin Shi couldn't hide his inner anger, and said to Tianma, "Why do you agree to her? We have regained our strength, and we are not afraid of her at all, why should we suffer? She's at her mercy?" The

voice fell, and the other Paladins frowned at Pegasus, very puzzled.

call!

Tianma took a deep breath and said slowly, "Don't be impulsive. When I left the Principality of the Golden Lion, the Holy Venerable told me that we must not act rashly before he came. I think the Holy Venerable must have thought of a way to deal with it. This woman."

Hearing this, Jin Shi and the others instantly calmed down.

....

On the other side, Yue Feng and the Queen, as well as several thousand elites, finally arrived at Pearl City after several hours of rushing.

call!

At this moment, the moment he stepped into Pearl City, Yue Feng looked at the familiar street, and felt indescribable emotion. A month ago, he was framed and left Pearl City reluctantly, but he didn't expect to come back so soon.

Yanhong divided an area in Pearl City to rest for the royal family of the six great dukes, and the Golden Lion Principality was the first to arrive, so it was arranged to rest first.

When he got to the resting place, Yue Feng couldn't sleep.

At this time, before dawn, Yue Feng changed into casual clothes, and took advantage of the night to quickly rush towards the Dumen family.

I haven't seen you for a month, and I don't know what happened to Lolita.

To be honest, when Lolita misunderstood Yue Feng, it made Yue Feng very depressed, but he still cared about Lolita, not only because the two held a wedding, but more importantly, Yue Feng personally promised Du Men Father, protect Lolita.

call!

Soon, outside the Dumen family's manor, Yue Feng couldn't help taking a deep breath, and his mood became more complicated.

I don't know if Lolita has rested now, a month has passed, is she still suspecting that I killed his grandfather.

At this moment, Yue Feng stood outside the manor's fence, hesitating.

Whoosh!

However, at this time, I saw a slender figure in the distance, rushing in quickly, and like Yue Feng, it also quietly fell outside the manor's fence.

What the hell!

Seeing this scene, Yue Feng frowned secretly.

Did the Duman family offend anyone? This woman, hiding outside the Dumen family so late, will definitely not do anything good.

Thinking to himself, Yue Feng lightly stepped and slowly approached the slender figure. When the distance was less than ten meters, he was stunned when he saw the other side's profile.

The ultimate husband in Chinese chapter 3481-3490

Chapter 3481 I

saw that this woman has a sexy figure, her facial features are exquisite and a bit heroic, and her whole body is filled with a special aura.

It was Thea who helped Yue Feng escape from Pearl City.

Thea?

At this moment, Yue Feng was surprised and delighted when he saw that it was Thea.

At this time, Thea, unaware that someone was approaching quietly behind her, was observing the situation in the manor through the hollowed-out flower wall.

Speaking of which, Thea originally planned not to return to Pearl City, but knowing that the Goddess of Light was going to hold the Holy Light Ceremony here, and that Seth was also dead, Thea decided to come back and have a look.

As soon as she returned to Pearl City, Thea heard that the second young master of the Dumen family had returned, and took back the position of the patriarch from Lolita, not only that, but also the main betrothed Lolita to Maddie.

Thea and Lolita are not very familiar with each other, but Lolita is Yue Feng's wife, and Thea feels that she can't ignore it.

You know, in Thea's heart, Yue Feng is regarded as a sincere friend. Now that something has happened to the friend's wife, can you ignore it?

So Thea explored the Dumen family manor tonight to rescue Lolita.

At this moment, Thea quietly observed for a moment, and was ready to jump in.

Snapped!

However, at this moment, a hand clapped on Thea's shoulder.

Thea's delicate body was shocked, and she looked back immediately, and saw a dark-skinned man looking at her with a smile.

It was Yue Feng.

This chapter is provided by . Visit [for daily update.](#)

It's just that Yue Feng deliberately dressed up, but Xia couldn't bear it at all.

Where did a man appear?

Thinking to herself, Thea didn't think much, the holy power exploded, she drew out her long sword, and directly thought about Yue Feng and stabbed it.

Tonight's visit to the Dumen family must not be known, so the man in front of him must die.

What the hell!

Seeing that Xia started without saying a word, Yue Feng was startled, and hurriedly took a step back to avoid the sword. At the same time, he lowered his voice and shouted: "Xia, it's me, I'm Yue Feng!"

Yue Feng?

Hearing the voice, Thea was surprised and happy: "You are back too?" The voice of the man in front of him was indeed Yue Feng, but how did his appearance change?

Thinking to herself, Thea couldn't help but ask: "Why have you changed?" "It's a long story!" Yue Feng smiled bitterly, and then asked back: "It's so late ,

what are you doing here?"

Ya sighed lightly, her delicate face showing a bit of complexity: "Yue Feng, don't you know that something happened to the Dumen family? The situation is very unfavorable for Lolita."

What?

Hearing this, Yue Feng was shocked and quickly said, "What's wrong with Lolita?"

At the beginning, he personally promised Mr. Du Men that he would protect Lolita's integrity. If something happened to her, he would feel guilty for the rest of his life. .

Thea didn't hide it, and explained what she heard in detail. At the end of the story, Thea was very angry: "It's all about Maddie, that bastard. Yue Feng, Lolita is your wife, you must take care of yourself. Protect her. Got it?"

Maddie!

Knowing the situation, Yue Feng's eyes were instantly blood red, and he clenched his fists tightly.

Maddie, this bastard, first used despicable means to slander himself and forced himself to leave Pearl City, but now, he has attracted Lolita's attention. If this kind of scum is not removed, it will be difficult for heaven to tolerate.

"Who is outside?"

At this moment, I heard a loud shout from inside the manor, and then, dozens of family guards rushed out quickly.

Obviously, when Xia and Yue Feng started their hands just now, they alerted the guards of the Dumen family.

Chapter 3482

Nima!

Seeing this scene, Yue Feng frowned secretly, and at the same time was also angry.

I saw that in front of these guards, there was a handsomely dressed man with an arrogant expression, it was Maddie!

When the so-called enemies meet, they are particularly jealous.

As soon as he saw Maddie, the anger in Yue Feng's heart rose.

A month ago, it was this Maddie who opposed himself everywhere, not only that, but also hired a killer from the Hall of Living Beings, killed the old man Du Men, and then put the blame on himself.

Seeing Maddie again at this time, Yue Feng could not wait to kill him immediately. However, thinking of his current status as the guard of the Principality of the Golden Lion, and having changed his face, Yue Feng forcibly held back.

At the same time of anger, Yue Feng was also very doubtful.

How could Maddie be in the Duman family?

Yue Feng didn't know yet that the Du Men family was already under the control of Du Leng, and because of the relationship between Maddie and Du Leng, he was now a guest of the Du Men family, and it was not unusual to stay in the Du Men family.

Whoa!

Just when Yue Feng was secretly suspicious, he saw more guards rushed out of the manor and surrounded Yue Feng and Xia.

Oops!

At this time, Thea's face seemed calm, but her heart was a little flustered.

I thought that I met Yue Feng tonight and could rescue Lolita smoothly. Who knew the whereabouts would be discovered so quickly, not only that, but also met Maddie, a scoundrel.

There are so many people on the other side, and there are only two of you and Yue Feng. If there is a fight, I am afraid that the worst will be worse.

For a time, Thea frowned, anxiously thinking about how to deal with it.

“Oh!”

At this moment, Maddie took a step forward, saw the faces of Thea and Yue Feng, and couldn't help but tease: “Isn't this the only female knight in our Pearl City? A month ago, she betrayed the city lord and fled. , I didn't expect to be back so soon.”

“Thea, did you come back after learning that the city lord Seth was dead? Let me tell you, I am responsible for the security of Pearl City now. You betrayed Pearl City before. It's not over yet.”

When he said this, Maddie was full of pride, and at the same time, his eyes couldn't help but look at Thea.

beautiful!

How beautiful, this Thea is worthy of being the only female knight in Pearl City, with a beautiful face and a hot and sexy body. If you can enjoy a night of tenderness, it will be worth dying.

Thea was the only female knight in Pearl City at that time, and her reputation spread far and wide. Many men were addicted to it, even Maddie. However, at that time, Thea was heavily used by Seth, so Maddie did not dare to be presumptuous, and now, With Seth gone, Maddie has no scruples.

Maddie's eyes made Thea very disgusted, and said coldly: “Really, then congratulations.”

Said, Thea whispered to Yue Feng: “Let's go!”

Seriously, if one A month ago, seeing Maddie being so rude, Thea would definitely not be able to help teach her a lesson. After all, Maddie has too many men.

More importantly, Yue Feng's identity cannot be exposed.

Yue Feng responded and was about to turn and leave with Thea.

Like Thea, Yue Feng also knows that he can't do it with Maddie now.

"stop!"

However, before taking two steps, Maddie's angry shout came from behind.

Thea and Yue Feng stood up at the same time.

Looking back, I saw Maddie with a treacherous sneer: "Thea, you defected to Pearl City before, but now you have come back secretly. I bumped into it, and you still want to leave easily?"

"I have never betrayed Pearl City, if you want to say betrayal, I just betrayed Seth." Thea froze with a pretty face and responded lightly: "Seth, as the city lord, secretly colluded with the major families, I have long wanted to draw a clear line with him."

Chapter 3483

said, Thea looked at Maddie lightly: "However, these situations have nothing to do with you at all."

"Haha..."

Hearing this, Maddie nodded and chuckled: "Okay, Even if these things have nothing to do with me, but you came to the Dumen family's manor in the middle of the night, sneaking around, I'm in charge of the security of Pearl City, so you can't sit back and watch."

When he said this, Maddie's eyes were always on Thea, He didn't even look at Yue Feng.

In Maddie's heart, this man looks ordinary, dresses normally, and is not very strong. Obviously, it is Thea's subordinate, so naturally he doesn't take it seriously.

call!

At this moment, Thea lost her patience and said coldly: "Maddy, what do you want?"

"How?"

Maddie showed a sneering smile and said word by word: "Immediately capture it, go back with me, and accept the interrogation."

The voice fell, Xia's heart was shocked, and she said lightly: "What if I don't do anything?"

"Hey!"

Maddie laughed badly: "Then don't blame me for being rude!"

At this time, Yue Feng, who had been indifferent all the time, Finally, he couldn't bear it anymore, and sneered: "But a villain who is a fox and a tiger, does he really think he is a character?"

Yue Feng didn't want to speak, but seeing Maddie so arrogant, he couldn't help it.

Made!

Maddie was completely furious and stopped talking nonsense. He pointed at Yue Feng and Xia and roared, "Give me the two of them!"

The dignified young master of the Mai Wei family, the named knight of the Temple of Light, and the temporary sheriff of Pearl City, was despised by an unknown soldier at this time, how could he not be angry?

Maddie thought about it, she would catch Thea tonight no matter what, as for the guy beside her, she was naturally killed on the spot.

Whoa!

The voice fell, and dozens of guards around, burst into holy energy, rushing towards Yue Feng and Xia.

Looking at the other party rushing over, Yue Feng clenched his fists tightly, not panicking at all.

Thea was a little anxious, and whispered to Yue Feng: "You go first, I will hold them back." Yue Feng and Maddie have a deep grudge. If Maddie knew that the man in front of him was Yue Feng, the consequences would be unimaginable. .

Yue Feng was very moved by Thea's words, and smiled: "Don't worry, it's just a bunch of scumbags, we don't need to run." The

voice fell, Yue Feng's figure flashed, and he directly greeted him.

This. . .

Thea was in a hurry and wanted to dissuade him, but Yue Feng was too fast, and in the blink of an eye, he fought with the other party.

Bang bang bang...

Maddie's guards are not low in strength, but in the face of an existence like Yue Feng, they are completely vulnerable. The wind was knocked to the ground.

Of course, Yue Feng did not show his true strength at this time, so these people were just beaten down and lost their combat effectiveness. Otherwise, they would have died a long time ago.

This. . .

Seeing this scene, Xia's body trembled, unable to hide her inner shock.

In just one month, Yue Feng has actually been promoted from the Holy King to the realm of the Holy Venerable? It's really incredible. You know, it took me two years to break through from the Holy King to the Holy Venerable.

At the same time, Maddie on the opposite side was also horrified, his eyes fixed on Yue Feng, and he couldn't tell the panic in his heart.

Mad, this unremarkable guy, is so powerful?

Chapter 3484

The remaining guards, looking at Yue Feng one by one, also had lingering fears and dared not move forward.

At this moment, Yue Feng stopped his hand and taunted Maddie: "With this little strength, you are still in charge of the security of Pearl City? Your family's face is going to lose their face?"

Mad!

Hearing this, Maddie was extremely annoyed, but did not respond, but greeted his subordinates and left in embarrassment. He could see that the man in front of him was very strong, and even if he went out on his own, he would not be an opponent.

Can't run very far, Maddie did not forget to look back at Yue Feng and Thea: "Xia, you dare to instruct your subordinates to do something to me, wait for me." The

voice fell, and Maddie ran away quickly.

Maddie thought about it, since the family guard is not Thea's opponent, then go to the Temple of Light to move rescue soldiers.

idiot!

Watching Maddie run away, Yue Feng cursed inwardly, his face full of disdain.

At this time, Thea was secretly worried: "Yue Feng, let's leave quickly, this Maddie is very cunning and will definitely come back to take revenge."

Yue Feng shook his head and looked at the Dumen family manor in front of him: "Since you are here, go in. Let's take a look."

Seriously, Yue Feng couldn't let Lolita go.

Thea is a smart woman, she immediately understood Yue Feng's thoughts, and said with emotion, "Miss Lolita is so lucky to have a man like you to protect her."

Saying that, Thea approached the manor first.

Because of the melee just now, the guards all ran with Maddie, and no one stopped him at all.

Yue Feng smiled and went in.

"Thea."

Entering the manor and looking at the familiar surroundings, Yue Feng's heart was up and down, and then he couldn't help but say, "You said something happened to the Dumen family just now, what happened?"

Thea bit her lip and responded, "You Don't you know? The second young master of the Dumen family has returned, and he is Lolita's uncle, Du Leng. After this Du Leng came back, he stole the position of the patriarch, and it is said that he even locked up Lolita.

" Arriving at Du Leng, Thea couldn't hide her disdain and continued: "This Du Leng is illiterate and very lecherous. He hooked up with Seth's woman five years ago. At that time Seth was very angry and wanted to execute Du Leng in public. , Du Leng got the news and escaped from Pearl City." "With such a person as the patriarch, how could the Dumen

family thrive?" Hearing this, Yue Feng frowned. I didn't expect such a big change in the Dumen family after being gone for a month, and I don't know how Lolita is doing now. Thinking about it, Yue Feng felt even more urgent, and wanted to see Lolita. "Stop!" Finally, in the garden at the back, it was time to go to Lolita's room. Suddenly, a man with a lot of servants was seen standing in front of Yue Feng and Xia. The man was in his 40s, with sharp-mouthed monkey cheeks, giving him a treacherous and wretched feeling. It was Doulen. Du Leng was resting, and learned that Thea was with a man, injured a lot of guards, and scared Maddie away. Then Thea broke in again. At that time, Du Leng didn't think much, and immediately brought someone over to intercept it. "Thea!" At this time, Du Leng looked at Thea and said coldly: "What are you doing with

someone who broke into our house in the middle of the night? Do you still have a law in your eyes?"

When he said this, Du Leng's attention was all on Xia, and he didn't pay attention to Yue Feng at all.

Like Maddie, Du Leng also believed that Yue Feng was the subordinate of Xia, and did not take it seriously.

"Miss Lolita and I are friends." Thea's delicate face, without the slightest emotional fluctuation, responded lightly: "I returned to Pearl City this time, and I came to see my friends. Is it wrong?"

This. . .

Chapter 3485

Hearing this, Du Leng was stunned, and then said: "Lolita is uncomfortable and it is inconvenient to see guests." At this time, Du Leng was very annoyed, but he did not dare to show it. You know, West Ya is a famous female knight in Pearl City. She beat Maddie's group away just now, so don't mess with her.

However, the fact that Lolita was under house arrest by herself must never be said, she can only make up a lie.

Inconvenient to see guests?

At this moment, Thea sneered: "You don't have to lie to me, Lolita is not uncomfortable, but under house arrest by you, right?"

Shuh!

Hearing this, Yue Feng's eyes suddenly locked on Du Leng, flashing with anger.

Mad, this is Lolita's second uncle. If something happens to Lolita, he must not be spared.

Feeling Yue Feng's gaze, Du Leng couldn't help shivering.

This Thea's subordinate, the eyes are so terrible.

Muttering in his heart, Du Leng turned his eyes, thinking about how to send Thea away.

Whoa!

Just when Du Leng was thinking about countermeasures, he heard the gate of the manor suddenly slammed open, and then hundreds of Templars rushed in.

The leader, in a golden armor, is majestic.

It is Pegasus, one of the twelve holy knights.

Behind Pegasus, Maddie followed.

At this time, Maddie had a high-spirited look on his face, and a dog-like attitude.

Temple of Light?

Seeing this scene, Xia's body trembled and panicked.

It's broken. Maddie moved to rescue soldiers from the Temple of Light. These are troublesome. When Thea first returned to Pearl City, she heard people say that Maddie joined the Temple of Light. She thought it was a rumor at the time, but she didn't expect it to be true. of.

At this time, Thea clearly felt the strength of Tianma, but only felt her heartbeat speed up and her mind went blank.

Even if Yue Feng is very strong, I am afraid that he is not the opponent of the Temple of Light. Especially the holy knight in front of him, the strength is too terrifying.

"Master Maddie!" Du Leng greeted him quickly with a look of flattery.

Maddie nodded at Du Leng, indicating not to worry.

"Maddy!"

At this moment, Tianma looked at Thea and Yue Feng, and asked lightly, "You said that they were the two who disturbed the security of Pearl City?"

Tianma looked impatient when he asked.

Half an hour ago, Tianma learned that Yue Feng and the Queen of the Golden Lion Principality had arrived, so he immediately went to connect with Yue Feng, only to find that Yue Feng was not there. After that, Tianma met Maddie, who was moving to rescue the soldiers. He learned that someone disturbed the security of Pearl City, so he followed.

At this time, when he arrived at the Dumen family and saw Thea, Tianma immediately felt that Maddie was making a fuss.

There are only two people on the other side, and Maddie can't handle it. It's such a waste.

At this time, Tianma still didn't know that the dark-skinned man standing beside Thea was Yue Feng.

"Yes, your honorable paladin, it's the two of them who not only broke into the Dumen family in the middle of the night, but also injured the guards." Maddie pointed at Thea and Yue Feng and shouted.

Saying that, Maddie looked at Thea proudly: "Thea, if you are wise, hurry up and capture."

He has the support of the Pegasus Paladin, even if Thea and this subordinate are strong, they are not afraid.

Thea bit her lip and didn't respond.

Ha ha. . .

Yue Feng laughed secretly, Maddie, this idiot, thought he was calling someone, but it turned out to be Tianma.

The ultimate husband in Chinese chapter 3486-3490

Chapter 3486

Thinking, Yue Feng said coldly to Maddie: "Thea and Lolita are friends. This time, I'm just visiting Lolita. What's the problem?"

"Friend?" Maddie sneered: "I think it has ulterior motives."

Maddie pointed at Yue Feng, unable to hide his arrogance: "Boy, you hurt so many of my men just now, you are dead!"

"Okay!"

At this moment, Tianma interrupted coldly: "Stop talking nonsense, Maddie!"

After speaking, Tianma waved his hand: "Arrest this man and a woman."

At this time, Tianma only wanted to find Yue Feng as soon as possible. Not in the mood to deal with what's in front of you.

Whoops!

The voice fell, and more than a dozen Templars immediately surrounded Thea and Yue Feng.

Although these are ordinary knights of the Temple of Light, they are not comparable to those of the family guards, each of them strength, at least above the Holy Venerable.

call. . .

Seeing this, Xia's body trembled, and she panicked.

Dealing with Maddie's men, he is not afraid at all, but these Templar knights, how can you and Yue Feng be opponents?

In the panic, Thea felt a little regretful, knowing that she should have left with Yue Feng just now, but now, she can't leave if she wants to.

However, Yue Feng had a leisurely look on his face.

This chapter is provided by . Visit for daily update.

"Tianma Paladin!"

Seeing a dozen or so Templars rushing in front of him, Yue Feng suddenly said to Tianma, "What is the effect of Huiyuan Dan?"

Huiyuan Dan was the poisonous antidote specially refined for the Twelve Holy Knights by Yue Feng. Yue Feng knew that the situation in front of him could not be directly recognized with Tianma, so he deliberately mentioned Huiyuan Dan to remind Tianma.

what did he say?

At this moment, both Thea and Maddie were confused.

They didn't know about the Twelve Holy Knights and they were poisoned, so they couldn't understand what Yue Feng was talking about.

Swish!

But at this moment, Tianma's heart was shocked, and he looked at Yue Feng tightly, and the whole person was stunned.

This. . . How did this person know about Huiyuan Dan?

In the next second, Tianma suddenly understood that the Holy Venerable Yue Feng was in front of him, and hurriedly shouted: "Hold on, let me

back down.” Hearing this, a dozen Templars quickly stepped aside.

Tianma was very excited and walked quickly to Yue Feng with a respectful face: “I’m sorry, I was offended just now, Holy...” Knowing that the man in front of him was Yue Feng, Tianma couldn’t tell how excited he was.

Before he finished speaking, Yue Feng hurriedly winked at him.

Immediately, Yue Feng said with a smile: “Your Excellency Paladin, it’s been a long time.”

He is a Holy Venerable and must not be exposed. After all, Yanhong controls the Temple of Light at this time, so Yue Feng pretends to be a Pegasus acquaintance.

Tianma is a smart person. Seeing Yue Feng say this, he immediately understood that Yue Feng didn’t want to reveal his identity, so he quickly said, “Yes, yes.”

What?

At this moment, whether it was Thea, Maddie, Du Leng, and others, all of them opened their mouths wide, and they were shocked beyond words.

Tianma is one of the twelve holy knights, and has an extraordinary position in the Temple of Light. At this time, facing this unremarkable man, he is so polite?

And this man was even more relaxed and relaxed.

This, what’s the situation? !

“Your Excellency Paladin...”

Finally, Maddie was the first to react, and cautiously said to Tianma, “Do you know this person?”

Chapter 3487

“Bullshit!”

Tianma shouted angrily: “This is Your Excellency Fengtao, who has helped the Temple of Light, and is the benefactor of our Twelve Paladins!” The medicine helped the Twelve Paladins regain their strength, and it was nothing but a benefactor. At the same time, Tianma knew that Yue Feng wanted to hide his identity, so he said the fake name he used in the Golden Lion Principality.

What?

Hearing this, Maddie trembled, completely stunned. Looking at Yue Feng's eyes, full of astonishment, he was speechless for a long time.

I thought that this man was only a subordinate of Thea, but I never imagined that, with such an extraordinary origin, he was actually the benefactor of the Twelve Paladins?

After being stunned for more than ten seconds, Maddie reacted and said with a bitter face: "Your Excellency Paladin, I..."

But before he could finish, he was interrupted by Tianma: "What are you? Your Excellency Fengtao and This lady, came to the Dumen family to visit a friend, but you said it was a disturbance to the peace? Have you got water in your head?"

Maddie was scolded and she stepped aside, not daring to say anything.

At this moment, Yue Feng looked at Du Leng with a half-smile, "Can we see Miss Lolita now?"

"Yes, yes!" Du Leng wiped the cold sweat from his forehead and nodded again and again.

At this time, Du Leng was so frightened that he could not stand still. This man, even the Paladins, treated him with such respect, would he dare not agree?

However, Du Leng didn't forget, and winked at the servant next to him.

Lolita is now under house arrest, and there are guards outside the door. This scene must not be seen by Thea and Fengtao.

Hearing Du Men's hint, the subordinate hurriedly took the first step.

Watching the servants leave, Du Men then accompanied his smiling face and walked towards the backyard with Xia and Yue Feng.

call!

Soon, at the door of Lolita's room, Yue Feng took a deep breath. His calm mood suddenly became complicated.

Did Lolita still think I killed her grandpa? Do you still hate me?

Squeak!

Just when Yue Feng was thinking about this, Thea opened the door and walked in. Yue Feng followed closely behind!

Tianma held his identity and naturally waited outside.

Maddie and Du Leng stood there, even more trembling and nervous.

Especially Maddie, with sweaty palms, if Lolita told Thea about the situation, it would be troublesome. Speaking of which, Maddie is not afraid of Thea, but the storm that came with Thea is a friend of Your Excellency the Paladin.

At this time, in the room.

Lolita had just rested, and when she heard the movement, she quickly got up.

The next second, Lolita was very surprised when she saw Thea who pushed in the door: "Thea? How is it you?"

While talking, Lolita looked at Yue Feng behind. Because Yue Feng put on makeup, Lolita didn't recognize it either, thinking it was Thea's subordinate.

call!

Seeing Lolita, Yue Feng remained calm, but his heart was full of mixed feelings.

I haven't seen each other for a month, Lolita has lost a lot of weight, and her melancholy look is pitiful.

Thea smiled lightly and comforted: "Lolita, I made a special trip to see you, by the way, this..."

Said, Thea glanced at Yue Feng, and was about to reveal his identity.

However, at this moment, Yue Feng shook his head at her.

To be honest, Yue Feng really wanted to reveal his identity to Lolita, but thinking about the current situation, he still held back.

strangeness. . .

Thea also frowned, and she was very puzzled.

This Yue Feng had already seen Lolita, why didn't they recognize each other?

Muttering in her heart, Thea still smiled and said to Lolita: "This is my friend, my own, don't be nervous!"

Chapter 3488

Hearing this, Lolita's expression softened slightly, and she said softly: "Thea, what's the matter with you looking for me so late?"

"Lolita."

Thea pondered, Slowly said: "I heard that Du Leng came back, robbed you of your patriarch's position, and put you under house arrest. I'm a little worried."

"You..." Lolita was very moved, but still a little puzzled: "Why are you so good to me?"
You

and Thea can only be regarded as acquaintances, not friends, but tonight, Thea is risking a visit to herself, which is really curious.

Thea smiled lightly: "Actually, I'm here this time for Yue Feng. Yue Feng is my friend, and you are his wife. How can I just sit back and watch if something happened to you?"

"Thea glanced at Yue Feng intentionally or unintentionally.

Huh....

Seeing Xia mentioning Yue Feng, Lolita's delicate body trembled, and her heart suddenly became confused.

What surprised Lolita even more was that Thea, who was always high above the ground, actually regarded Yue Feng as a friend.

"Lolita!"

Seeing that Lolita was silent, Thea continued: "At that time, there were too many doubts about the death of Mr. Dumen. I checked some circumstances at the time. Although there is no conclusive evidence, I can be sure that Yue Feng was the Framed, you...you misunderstood him."

What?

Hearing this, Lolita was completely stunned, and only felt her brain buzzing.

Even Thea said so, did she really misunderstand Yue Feng?

Thinking to herself, Lolita asked Thea, "Thea, during this time, have you... have you seen Yue Feng?"

"He..."

Thea hesitated, glanced at Yue Feng subconsciously, and responded: "I have seen him, he is safe now, you don't have to worry."

After chatting a few more words, under Yue Feng's hint, Thea and Lolita say goodbye.

Phew...

The moment he walked out of the room, Yue Feng couldn't help but look back at Lolita, swearing in his heart.

Lolita, don't worry, as long as I'm here, you won't be in any danger.

To be honest, at this time, Yue Feng wanted to reveal his identity and take Lolita away, but he finally held back. You must know that Yanhong controlled the Temple of Light and summoned the rulers of the major principalities. , there must be a huge conspiracy brewing, this is no trivial matter.

Yue Feng thought about it, and after dealing with Yanhong and the Guangming Temple, he will come back to see Lolita.

"Du Leng!"

When he got outside, Yue Feng looked at Du Leng and said coldly, "Miss Lolita is a friend of Thea. If something happens to her, you can't escape the blame, understand?"

"At the time, Yue Feng glanced at Maddie, his eyes sharp.

"I understand, I understand!" Du Leng wiped the cold sweat from his forehead and nodded again and again.

Maddie was even more nervous, and didn't dare to let out the air.

To be honest, Maddie didn't want to be so cowardly, but this guy named Feng Tao, but the benefactor of the Twelve Paladins, was extremely respectful even when he saw Tianma.

Yue Feng stopped talking nonsense and walked out of the manor with Thea.

Tianma quickly followed.

"Yue Feng!"

When they got outside, Thea's delicate face was full of puzzlement, and she couldn't help but say, "I really don't understand, obviously I saw Lolita, why didn't you recognize her?"

Yue Feng smiled bitterly, slowly Said : “Xia, I understand your feelings, but I must not reveal my identity now, otherwise, I can’t imagine the consequences.”

When he said this, Yue Feng glanced at Tianma not far away.

Thea is a smart woman, and vaguely guessed something: “Could it be... you are from the Temple of Light?”

“Yes!” Yue Feng did not deny it, nodded and said: “The Twelve Paladins are my subordinates, However, my identity is more sensitive, so I can’t let too many people know.”

Chapter 3489

What?

Hearing this, Xia’s delicate body trembled, and she stared blankly at Yue Feng, speechless.

Shock!

Total shock.

Even the Twelve Paladins are his subordinates? What is his identity in the Temple of Light?

How many secrets does this Yue Feng have?

After being stunned for more than ten seconds, Thea recovered, and then said goodbye to Yue Feng and left.

“His Royal Highness.”

As soon as his forefoot left, Tianma hurried over with an anxious look on his face: “Now the situation in the temple is getting more and more critical, that woman wants us, the twelve holy knights, to secretly control the principalities tomorrow. Guards...”

In the next few minutes, Tianma explained the details one by one.

What the hell!

Knowing these circumstances, Yue Feng frowned and looked solemn.

This Yanhong has finally revealed his ambition. This is to rule the entire Roland Continent.

Thinking to himself, Yue Feng took a deep breath and comforted Tianma: "Don't panic, I'll tell me, where is Yanhong now, and where did she keep Yarina?"

Tianma nodded and hurriedly Say it.

Yue Feng nodded and showed a smile: "Okay, let's take action tonight to stifle the crisis in the cradle." After the words fell, Yue Feng and Tianma rushed towards the temple.

What the hell!

Soon, after arriving at the temple, Yue Feng was shocked when he saw the situation in front of him, and he couldn't help feeling secretly.

This Yanhong is not only ambitious, but also a perfectionist.

You can see that the temple in front of you is magnificent and majestic, showing elegance and splendor everywhere.

But Yue Feng didn't have time to appreciate it. The most important thing now is to rescue Yarina first.

With the help of Tianma, Yue Feng put on the soft armor of a knight. Avoid detection.

Afterwards, Tianma quickly reunited with Jinshi and the others, while Yue Feng rushed towards the secret room behind the temple, where the real goddess of light was imprisoned by Yanhong.

A few minutes later, Yue Feng rushed to the secret room where Yalina was being held, and saw that there were several knights guarding the room.

Seeing this scene, Yue Feng didn't think much, moved his figure, raised his hand to seal the acupoints of these knights with lightning speed.

Papapa...

Yue Feng's speed was very fast, and several knights could not move even before they could react.

The next second, Yue Feng hid a few knights in the grass next to him. After doing this, he walked into the secret room.

call!

The moment he entered the secret room, Yue Feng couldn't help taking a deep breath when he saw the scene in front of him.

I saw that there was only one stone bed in the secret room, and a charming figure curled up on the bed, dressed in a long white dress, with beautiful curves and beautiful and charming facial features, but it was pale and weak.

Not only that, but his hands and feet were tied with chains, and several acupuncture points on his body were sealed.

It was Arina.

Seeing this situation, Yue Feng felt a trace of pity in his heart, and called out softly, "Yarina?"

Hearing the call, Yarina's heart trembled, thinking it was Yanhong who came in.

"teacher?"

The next second, seeing Yue Feng, Yalina's body trembled, her brain buzzing, and she was surprised.

Since Yanhong took away the position of the goddess, Yalina prayed every day for Yue Feng to appear soon, but at this time, she finally saw him, can you be unhappy?

Chapter 3490

Seeing Yalina's excited look, Yue Feng smiled slightly, walked over, raised her hand and untied Yalina's acupuncture points.

Whoa!

Immediately afterwards, Yue Feng's internal force pushed and directly broke the chains on Yarina's hands and feet.

At this moment, Ya Lina completely recovered her freedom, but after being detained for so long, her body is still a little weak.

"Teacher?"

Yalina got out of bed excitedly and looked at Yue Feng closely: "Is this true?"

When she said this, Yalina's tears were blurred.

"Yes." Yue Feng smiled slightly.

Hearing the answer, Yalina was so excited and happy that she couldn't help herself, she suddenly threw herself into Yue Feng's arms: "Teacher, I'm so afraid these days, I'm so

afraid that the Temple of Light will be destroyed like this, But it's alright now, you're back." Phew

...

Feeling Yarina's soft body, Yue Feng was stunned for a moment, then smiled: "Yarina, calm down first."

But when he said this, Yue Feng's eyes couldn't help but look at Yarina.

I haven't seen her for a few days, and this Yarina seems to be even more beautiful. Although she was detained for a few days, she couldn't hide her otherworldly temperament.

Swish!

Hearing this, Yarina also realized that she was a little too excited, her beautiful face suddenly flushed with shame, and then she let go.

For a time, the atmosphere was a little awkward.

A few seconds later, Yarina reacted, her red lips opened slightly: "Teacher, that woman named Yanhong is very strong, let's..."

Halfway through the conversation, I heard light footsteps coming from outside.

"Damn it!"

Yarina's delicate body trembled, and her heart became flustered: "It must be Yanhong. She has been coming here a lot these two days, and she wants to ask me the secret of the temple."

When she said this, Yarina said again. Sadness and panic.

Yue Feng said with a calm expression, "Don't panic!"

After saying that, Yue Feng asked Yarina to lie back on the stone bed, and then hung the chain on Yarina's hands and feet, pretending that Yarina was trapped. look.

After doing this, Yue Feng told Ya Lina: "Wait and try to attract her attention."

As the goddess of light, Ya Lina is very smart, she immediately understood what Yue Feng meant and nodded.

At this time, when he heard the footsteps getting closer, Yue Feng stopped talking and hid behind the stone bed.

As soon as Yue Feng hid it, he saw a charming figure and slowly walked into the secret room.

Wearing a golden robe and a multi-colored crown, the charming figure is exquisitely set off, and the whole body is filled with a powerful aura that cannot be desecrated.

This outfit is in stark contrast to the weak and embarrassed Yarina.

It is Yanhong.

call!

After entering the secret room, Yanhong saw that the knight who was guarding the door was missing. She frowned and muttered to herself, "It's a bunch of rubbish, looking after one person is lazy.

" Her eyes fell on Yarina on the stone bed, and she didn't notice anything strange, so she felt relieved.

At this time, Yanhong didn't know that Yarina had regained her freedom.

At this time, Yalina looked at Yanhong closely: "What are you doing here again?"

When saying this, Yalina deliberately made a very panicked appearance, because Yue Feng said that she would try her best to attract Yanhong's attention. .

At the same time, Yue Feng, who was hiding behind the stone bed, also restrained his strength and held his breath.

"What are you doing?"

At this time, Yanhong looked at Yarina with a half-smiley smile: "What do you think I'm here to do? I tell you, don't tell me the cultivation formula of the temple's divine art this time, you don't want to live through tonight. ."

When saying this, Yan Hong's delicate face was full of gloom and coldness.

The ultimate husband in Chinese chapter 3491-3500

Chapter 3491

After taking control of the Temple of Light, Yanhong began to study the practice of the Temple, but the magic of the Temple of Light was created by Fuxi back then based on the background of this world. It is very profound and Yanhong is very difficult to comprehend.

In the past two days, Yanhong often came to question Yarina, but Yarina still refused to speak, which made Yanhong very annoyed.

call!

Facing Yanhong's threat, Yarina's delicate face showed no mood swings, and said lightly, "I have said before that only the true goddess of light can practice this divine art, and your goddess' position is from me. Do you think I will tell you what I stole from here?"

Hearing this, Yan Hong's pretty face changed: "It seems that you are really not afraid of death."

Om!

The voice fell, and a powerful aura burst out from Yan Hong, the air in the entire secret room was distorted, and the powerful aura was almost breathless.

Immediately, Yanhong stopped talking nonsense and walked towards Yarina step by step.

What the hell!

Feeling the breath of Yanhong's eruption, Yue Feng was secretly shocked.

I haven't seen you for a few days, this Yanhong's strength has become so strong?

"You..."

Seeing Yanhong getting closer and closer, Yarina's beautiful face was a little pale, and she said in a panic, "Don't mess around, I'll just tell you!"

When she said this, Yarina was flustered on the surface, but she was very calm in her heart. With Yue Feng around, she was not flustered at all.

"That's right!"

This chapter is provided by . Visit for daily update.

Seeing Yarina finally compromising, Yanhong showed a smile: "It's good to be like this, you don't have to suffer so much."

At this time, Yanhong was very excited. After cultivating the divine art of the temple, no one in this world would be her opponent.

Thinking to herself, Yanhong stepped forward and asked Yarina to tell her the secret.

Whoosh!

At this moment, a figure, as fast as lightning, rushed out from behind the stone bed and slapped Yanhong with a palm.

It was Yue Feng.

The reason why Yue Feng hid was to wait for the chance to raid. After all, Yan Hong's current strength was too strong, and Yue Feng had no idea what to do one-on-one. Seeing Yanhong's attention at this time, it was all on Yarina, Yue Feng did not hesitate, and sure enough he shot.

Om...

rushed to the front, a violent breath burst out from Yue Feng.

"It's you!"

Seeing Yue Feng, Yan Hong's delicate body trembled and she was furious.

At this time, Yanhong never expected to meet Yue Feng here.

No wonder the knights who were guarding outside were gone. It turned out that they were all the ghosts of Yue Feng.

"Yanhong!" Yue Feng showed a smile, but his tone was unquestionable: "I didn't intend to raid you, but there is no way, you made a mess of the Temple of Light, and you still want to rule the entire Roland Continent, I have to Do this!" The

voice fell, Yue Feng's inner strength surged, and a palm shot out like lightning.

boom!

All of this happened so fast, it was almost a flash of lightning, Yan Hong didn't have time to react, and was directly hit on the shoulder by this palm, she heard Yan Hong groan, and the whole person flew out at once.

In the next second, Yanhong hit a pit on the wall of the secret room, and then fell down, a trace of paleness on her delicate face.

Seeing this scene, Yue Feng took a deep breath.

The raid was finally successful.

At the same time, Olina also sat up, her face full of joy: "Teacher, it's a success!"

"You guys!"

Seeing this scene, Yan Hong was extremely angry, and at the same time, she was also extremely shocked.

This goddess of light, actually called Teacher Yue Feng?

Chapter 3492

Aware of Yanhong's expression, Olina couldn't hide her pride: "I didn't expect that, Your Excellency Yue Feng is my teacher, just before you came in, you have already opened the shackles on my body..."

Yan Hong snorted coldly, but did not respond, but silently adjusted her internal energy and regained her strength.

At this time, Yue Feng took a step forward and said to Yanhong, "Yanhong, give it up, you and Miaoying are both fairy spirits, how good is it to be free? Why do you want to rule the entire continent?"

"Shut up!"

Yanhong An angry body trembled, she pointed at Yue Fengjiao and shouted: "The villain who can only raid from behind, you are not qualified to teach me a lesson!"

After saying that, Yanhong's eyes flickered coldly, and continued: "Yue Feng, do you think you can save me? The Goddess of Light can turn the situation around? You are wrong, the Temple of Light is still under my control. Where are the Twelve Holy Knights?"

When she said the last sentence, Yan Hong looked at Yue Feng coldly, full of is resentment.

Whew...

As soon as the voice fell, I saw twelve figures, rushing in quickly, all of them wearing golden armor with strong aura.

It was Tianma, Jinshi and others.

Seeing this scene, Yarina suddenly became nervous. She believed that the twelve holy knights were loyal to her. However, they had all been poisoned by Yanhong before. If they disobeyed Yanhong's order, the consequences would be disastrous.

At this time, Yarina didn't know that the poison of the Twelve Paladins had been cured by Yue Feng.

Seeing Tianma, Jinshi and others, Yue Feng didn't panic at all, instead he showed a smile.

"You guys!"

At this time, Yan Hong directed at Tianma and the others, and loudly ordered: "Take him to me immediately."

However, when the voice fell, Tianma, Jinshi and the others stood there without moving.

Swish!

At this moment, Yan Hong's anger rose, and she shouted: "Can't you hear it? Why don't you do it right away?" After the

voice fell, Jin Shi couldn't help but roar: "You hateful woman, use despicable means to control the light The temple, the goddess of house arrest, the sin is unforgivable."

Tianma and other holy knights also shouted.

"Yes, our dignified paladins, how can we obey you?"

"Don't point fingers at us."

Hearing these words, Yan Hong's body trembled, and she was furious.

In the next second, Yan Hong glanced coldly at Tianma and the others, and said coldly, "You are courting death, don't forget, the poison in your body is only half cured, if you dare not obey my orders, you will end up dead. ."

Hearing this, Tianma, Jinshi and the others looked at each other and couldn't help but laugh.

At this time, Yue Feng also showed a smile, and teased at Yanhong: "Yanhong, I haven't seen it yet? The poison on their bodies has already been resolved." After

speaking, Yue Feng continued: "Yes. Oh, I forgot to tell you that I am still the Holy Venerable of the Temple of Light. So, I will never sit back and watch what you do in the Temple of Light."

What?

As soon as these words came out, Yan Hong's delicate body was shocked, and she stared at Yue Feng and was speechless.

This Yue Feng... is the Holy Venerable of the Temple of Light? How come you never know?

"The Twelve Holy Knights!"

At this moment, Yue Feng stopped talking nonsense, pointed at Yan Hong and shouted: "Take her immediately."

"Yes, Your Highness!" Upon hearing the order, Tianma, Jinshi and the others responded in unison, and then burst out with holy power, rushing directly thinking of Yanhong.

For a time, twelve figures, as fast as lightning, directly surrounded Yanhong.

call!

Seeing this scene, Yue Feng showed a smile and said to Yanhong: "Yanhong, give it up, don't struggle!"

Each of these twelve holy knights is the strength of the Holy Spirit. fear.

Chapter 3493

Hearing this, Yan Hong sneered, without the slightest expression on his face: "Yue Feng, you thought you had attacked me before, and now you have these twelve white-eyed wolves to help you, you can defeat me?"

"You underestimate me too much!" Oh

!

As the voice fell, a terrifying aura erupted from Yan Hong's body, and the surrounding air seemed to freeze in an instant.

"Kacha!"

At the same time, Yan Hong's jade hand slowly raised, and she saw a pitch-black chain appearing in Yan Hong's hand. It is the Chain of Underworld God.

At the same time that Duan Yu's power was absorbed, the Chain of the Underworld God also fell into Yan Hong's hands.

As soon as the Chain of Underworld God came out, not only the secret room, but the entire temple, and even the entire Pearl City were covered by a thick black mist.

What the hell!

Seeing the Chain of the Underworld God, Yue Feng was shocked. This divine weapon of Hades was actually in Yan Hong's hands.

While muttering in his heart, Yue Feng broke into a cold sweat for the Twelve Paladins. Because he clearly felt that Yanhong's injury had almost recovered.

At this time, Yue Feng was very shocked.

In that palm just now, she used eight layers of skill. No surprise, Yanhong needs to cultivate for at least half a month, and at this time, in less than half an hour, she has recovered?

At this time, Yue Feng didn't know that after Yanhong completely integrated the power of Hades, not only did his strength greatly increase, but his healing ability also improved a lot.

At this moment, feeling the bursting aura of Yanhong, Yalina was inexplicably nervous, and her delicate body trembled faintly.

At the same time, Tianma, Jinshi and others were also secretly shocked.

Such a strong breath.

What kind of weapon is this? It looks so unique.

"Don't panic everyone!"

At this moment, Yue Feng reacted and shouted at Tianma and the others: "Listen to my arrangement, Tianma, take two steps forward, Jinshi, take five steps to the left, Gemini, Take a walk to the right..."

When he shouted these words, Yue Feng was anxious on the surface, but his heart was unusually calm.

That's right, what Yue Feng asked the Twelve Paladins to deploy was a formation called the Shifang Reverse Killing Formation.

The Shifang Reverse Killing Formation, among the Baiqishen Formation, is a top-level formation. Yue Feng rarely uses it, but the strength of Yanhong in front of him is too terrifying, so he can only give it a shot.

Whoa!

Hearing Yue Feng's cry, the twelve holy knights, without the slightest hesitation, moved their figures one after another and surrounded Yanhong in the middle.

This...is this an array? It feels wonderful.

Seeing this scene, Yalina's delicate body trembled, inexplicably excited. Originally, Yalina didn't understand the formation technique, but after recognizing Yue Feng as her teacher, she also gained some understanding of the formation technique.

At this time, Yarina clearly saw that the twelve holy knights cooperated with each other under the command of Yue Feng, which seemed to be chaotic, but every step was very mysterious.

In an instant, Yanhong was trapped inside. Even if she had the Chain of the Underworld God in her hand, she could not rush out for a while.

In the blink of an eye, half an hour passed, but Yanhong was still unable to break out of the formation, and became extremely irritable.

Whoosh!

Seeing that Yanhong lost his mind, Yue Feng knew that the opportunity was coming. You must know that fighting at this level is the most taboo to be impatient. At that time, Yue Feng did not hesitate, his figure flashed and rushed into the battlefield, facing Yanhong's back. Raid away.

At this moment, Yanhong was all focused on the Twelve Holy Knights, and she never thought that Yue Feng would rush over.

Papa..

When he got to the front, Yue Feng turned on the electricity and sealed several acupoints of Yanhong at once. He saw Yanhong's delicate body trembling, unable to move at all, and her delicate face was also flushed red, ruthless. He stared at Yue Feng, extremely angry.

“Yue Feng, are you only going to make raids?” Yan Hong almost exploded with anger, shouting at Yue Fengjiao.

Chapter 3494

Hearing this, Yue Feng smiled and sneered at Yanhong: “The so-called winner and loser, besides, the way you used to control the Temple of Light wasn’t very glorious, right?”

” You...”

Yan Hong’s face flushed and she wanted to refute, but she didn’t know how to speak.

“Your Majesty!”

At this moment, Tianma walked over quickly, pointed at Yanhong and shouted: “This woman is so hateful,

just kill it.” As soon as the voice fell, Jin Shi and the other holy knights also They all drank.

“That’s right, this woman is so hateful, I can’t stay.”

“It’s all her, and she almost ruined the reputation of the Temple of Light.”

“Kill her directly...”

The anger of the crowd came, Yan Hong’s delicate body trembled, and The child was a little flustered.

Seriously, if it falls into the hands of others, Yan Hong is not afraid at all, because she is the body of a fairy, and ordinary means cannot kill her at all, but Yue Feng is different, he is very clear about Yan Hong’s origin, there are many ways Let her live rather than die.

call!

Yue Feng took a deep breath, looked around, and said lightly, “Although this woman is hateful, she is not guilty of death, so let’s go down and watch.”

When he said this, Yue Feng looked at Yanhong’s eyes, full of expression. complex.

To be honest, Yanhong’s actions during this period were very abhorrent and made Yue Feng very annoyed, but she still couldn’t bear to kill Yanhong.

This...

Seeing what Yue Feng said, Tianma, Jinshi and the others were all in a hurry.

At this moment, Yalina came over and said softly: "Have you not listened to the words of the Holy Venerable?"

Speaking of which, Yalina has been imprisoned for the past few days. She hated Yanhong very much, and wanted to She immediately killed Yan Hong, but she knew that Yue Feng must have his reasons for doing so.

"Yes!"

Seeing Yalina speaking, Tianma and the others didn't say anything, they responded in unison, and then pushed Yanhong down.

"Teacher!"

Seeing everyone leaving, Yalina came over, unable to hide her excitement, and said to Yue Feng, "Teacher, it's really thanks to you this time!"

Yue Feng smiled slightly: "What's your politeness?"

"Teacher, where have you been during this time?" Lolita asked curiously.

Yue Feng did not hide it, so he told the experience of this period in detail.

call!

Hearing this, Yalina was very emotional: "I didn't expect that so many things happened in just a few days. By the way, teacher, that Yanhong, in my name, invited all the royal families of the six principalities. When we arrive at Pearl City, what should we do next?"

Yue Feng smiled and comforted: "Don't panic, we can just take this opportunity to let the six principalities sign a peace treaty."

"Okay, I understand!" Ya Lina is a smart woman, she immediately understood what Yue Feng meant, her smile was like a flower, and she was indescribably charming.

After chatting for a while, Yue Feng left the temple. You must know that when he came to Pearl City this time, Yue Feng came with the Queen as a palace guard. After being out for so long, he had to go back and return to his life.

.....

At noon the next day, the entire Pearl City was indescribably lively.

Because today is the day when the Hall of Light is held in the Temple of Light.

I saw that around the temple, it was crowded with people, almost a sea of people. They all wanted to look like the goddess of light, but with the Templars guarding them, these people could not enter the temple at all.

Even so, the enthusiasm of the people could not be stopped.

In the temple, the royal families of the six principalities gathered together, quietly waiting for the appearance of the Goddess of Light. The royal families of the six major duchies were originally at odds with each other, but at this time they gathered in the hall, and no one dared to be presumptuous.

After all, the one to see later is the Goddess of Light.

Chapter 3495

Wow!

After waiting for a few minutes, accompanied by a burst of restlessness, I saw Yarina walking in slowly, surrounded by the twelve holy knights.

At this moment, the royal families of the six major duchies were all shocked and indescribably excited.

beautiful!

So beautiful!

I saw that Yalina was wearing a golden robe at this time, showing her perfect figure vividly, wearing a colorful crown on her head, and her face was exquisite and immortal temperament.

For a time, all the kings present were stunned, and their eyes did not blink.

Even the Queen of the Golden Lion Principality was amazed.

“Everyone!”

At this time, Yalina slowly sat on the throne, looked around and smiled softly: “The main purpose of holding the Holy Light Hall this time is for the peace of the entire Roland Continent. I want you to sign a covenant with the six principalities. , you can never start a war.”

When she said this, Yalina looked serious, and her heart was indescribably relaxed.

To be honest, Yanhong, in the name of the Goddess of Light, held the Holy Light Hall in Pearl City, intending to control the royal family of the six princes, and finally achieve the

purpose of ruling the entire continent. This matter seriously affected the reputation of the Light Temple.

Fortunately, even if Yue Feng appeared, the situation was reversed.

This...

Hearing this, the royal families of the six major duchies were immediately stunned.

All of you here are thinking of conquering other principalities, unifying the entire continent, and now wanting to sign a peace treaty.

Seeing their expressions, Yalina frowned slightly, a little unhappy.

“What?”

At this moment, the hot-tempered Golden Lion strode out and said coldly, “His Highness the Goddess said it herself, why don’t you express your opinion? Do you still want to start a war and make the people’s lives miserable?”

” Falling down, a powerful aura erupted from the golden lion’s body.

At the same time, Tianma also said: “Whoever doesn’t want peace today will no longer be blessed by our Temple of Light. Think about it.”

Hearing this, the royal family of the six princes trembled.

If you lose the protection of the Temple of Light, the consequences will be unimaginable.

“His Royal Highness Goddess!”

Finally, the Queen of the Golden Lion Principality was the first to react and respectfully said to Yalina, “We, the Golden Lion Principality, are willing to follow the advice of the Goddess.”

Seeing the Queen’s first statement, the other dukes and royal families also followed suit. They all agreed.

Seeing this situation, Yalina was very satisfied, smiled lightly, looked at the Queen and said, “The Queen has such knowledge and mind, which is really admirable!”

“Thank you Goddess for your praise!” The Queen’s delicate face was full of expressions. humble.

At this time, Yalina thought of something, looked around, and said softly: "After you sign the peace covenant, go back to your own territory. By the way, this Pearl City, our Temple of Light will only be used for a few days. The previous killing of the city lord Seth was just an accident. As for the new city lord of Pearl City, I propose to leave it to the Dumen family!"

After saying this, Yarina looked at the king of the Crescent Principality: "This arrangement, What do you think?"

Yes, it was Yue Feng's suggestion to let someone from the Dumen family be the new city lord, and Yalina obeyed Yue Feng's words, so she said it in the hall at this time.

Well...

Seeing that the goddess of light took the initiative to ask herself, the king of the New Moon Principality was stunned for a moment, then reacted and nodded: "Yes, yes, yes, since it is the goddess's proposal, why don't you want to?"

... On the

other side!

In the secret room behind the temple. Yanhong's hands and feet were tied with iron chains, and her expression was depressed.

The original plan to rule the entire continent was about to succeed, but at the last moment, it was destroyed by Yue Feng. Not only that, but he became a prisoner. No one else could stand it.

The ultimate husband in Chinese chapter 3496-3500

Chapter 3496

"Yanhong!"

Just when Yanhong was secretly annoyed, she heard footsteps coming from the secret room, and then Yue Feng walked in slowly.

When he got to the front, Yue Feng said with a smile: "How does it feel to be a prisoner?"

Shuh!

Seeing Yue Feng, Yan Hong's delicate face suddenly flushed with shame and anger: "Yue Feng, do you still have the face to see me? When I was in Pearl City, I could have

killed you, but I finally spared you. My fate, but you attacked me from behind, you are still a hero

of the Nine Provinces...” Facing Yanhong’s abuse, Yue Feng was not at all angry, he smiled and said, “Yanhong, you are still not awake until now. I’m not here to quarrel with you, I’m asking you, where is Miaoying?”

When he said this, Yue Feng seemed to be smiling, but his eyes flashed with anxiety.

After catching Yanhong last night, Yue Feng searched all over the temple, but did not see Miaoying’s shadow at all.

“Tsk tsk...”

Yan Hong didn’t answer immediately, but couldn’t help mocking: “You two are really affectionate and righteous.”

“Where is she?” Yue Feng frowned, now gone patience.

Yan Hong did not show weakness, and said coldly, “You have hurt me so badly, why should I tell you?”

Hu!

Hearing this, Yue Feng was very annoyed, but he still sneered and said: “Okay, you won’t tell me, will you, then I will hand you over to the Twelve Paladins for disposal, you can think about it, then You have poisoned them, will they let you go easily?”

“You...”

This chapter is provided by . Visit for daily update.

Yanhong’s tender body trembled, her eyes flickered uncertainly, she finally gave in and responded, “Three days ago, after we came to Pearl City, Miaoying left.”

Yanhong didn’t lie, Miaoying was repeatedly beaten by her . Taking advantage of it, he completely lost trust in Yanhong, so after arriving at Pearl City, he left alone.

What the hell!

Seeing that Yanhong didn’t seem to be lying, Yue Feng was stunned, wanting to cry without tears.

This luck is too bad. I thought that if I controlled Yanhong, everything would be over, but I never thought that I still missed out with Miaoying.

The Roland Continent is so big, where will Miaoying go?

At this moment, Yue Feng was indescribably lost, and turned around to leave.

“Hey!”

Just two steps away, she heard Yanhong shouting anxiously: “Yue Feng, you still won’t let me out? What are you going to do?”

“Yanhong!” Yue Feng looked back at her, faintly Said: “You are too evil, honestly stay in the Temple of Light. When I find Miaoying, I will see you again.” The

voice fell, and Yue Feng strode away.

“Yue Feng, you bastard...” Yan Hong was so angry that she kept scolding, but Yue Feng had already gone far.

...

On the other side, the Hall of Holy Light has ended.

At this time, in the temple, the royal family of the six princes had already left.

Yarina sat on the throne, looking at the mountains of gifts in front of her, her delicate face did not show the slightest joy. These gifts were all sent by the royal families of the six major duchies.

“Tianma, return all these gifts!” Yarina ordered to Tianma.

As the goddess of light, she is aloof, and naturally she will not be overjoyed by these worldly gifts.

“Yes.” Tianma replied, and asked for the gift to be taken out.

However, at this moment, Yue Feng walked in quickly and shouted, “Wait.”

When he said this, Yue Feng quickly searched the gifts.

When he came out of the secret room just now and learned that the Holy Light Ceremony was over, Yue Feng rushed over immediately, because he knew that the Queen of the Golden Lion Principality had already given the Thousand Changes Exquisite Box to Yarina, which contained the second half of the volume. Holy Book of Jade.

call!

Seeing Yue Feng coming in, Tianma hurriedly stopped and looked confused at the same time.

Your Excellency wants these gifts?

Chapter 3497

Yalina was also curious and couldn't help but said: "What's wrong?"

Yue Feng took a deep breath and said slowly: "The second half of the sacred book is in these gifts." Yue Feng walked over and searched for it, and soon found the thousand-changing exquisite box.

Haha...

Yue Feng couldn't tell how excited he was when he got the Thousand Changes Exquisite Box. What made him even more excited was that the Thousand Changes and Exquisite Boxes had already been opened. Obviously, the Queen gave Yarina a gift at that time. At the time, he opened the Thousand-Change Exquisite Box.

Whoa!

Hearing Yue Feng's words, whether it was Yarina, Tianma and others, their hearts were shocked, and they were all inexplicably excited.

This box contains the second half of the holy scriptures?

At this time, Yue Feng couldn't wait to open the box.

Um?

When I saw what was inside, I was stunned, my mind buzzed, and it went blank.

I saw that it was empty and there was nothing inside.

Nima? How could this be?

At this moment, Yue Feng was completely blinded. The Queen herself said at the time that the second half of the Holy Book of Jade Books was hidden in this box, how could it not be there?

Is it the Queen who lied?

But... she is the queen, and she is a gift to the goddess of light, how could she lie?

This...

At the same time, Yarina, Tianma and the others were also stunned there.

Finally, the golden lion was the first to react and said angrily, "The queen of the principality of the golden lion is so daring, she dares to deceive the goddess, she should not have gone far, I will go after it."

After saying that, the golden lion was about to rush out . Temple.

Before taking two steps, he was stopped by Yue Feng: "Golden Lion, don't be impulsive, there must be no secret about this matter." He believed that the Queen's personality would not deceive the Goddess of Light.

When the words fell, Yarina also said: "Yes, Jinshi, calm down." She didn't know why there was nothing in the box, but she believed in Yue Feng.

The golden lion scratched his head and stepped aside.

At this moment, Yarina said to Yue Feng, "Are you going back to the Golden Lion Principality?" Her tone was somewhat reluctant.

Yue Feng shook his head: "I won't go back for now, I have other things to do."

In Yue Feng's heart, it is important to find out the truth and find the second half of the sacred book, but before leaving, you must help Luo Li Tower regains the position of the patriarch.

Knowing that Yue Feng had something to do, Yarina didn't say much, and left Pearl City with the others and returned to the Temple of Light, while the Twelve Paladins stayed.

Because before Yarina was in the main hall, she suggested that the Dumen family govern Pearl City, and let the Twelve Paladins handle the specific related matters.

A few minutes later, Yue Feng and the twelve holy knights sent Yarina to the beach.

"Holy Venerable!"

Seeing Yarina leaving, Tianma came over and asked respectfully, "Just now, the Dumen family held a banquet and sent an invitation to our temple, do you want to go?"

Banquet?

Yue Feng frowned?

Seeing Yue Feng's expression, the golden lion said with a smile: "To learn that the Du Mun family's patriarch Du Leng is going to govern Pearl City, he is so happy. He is so honored, and of course he has to entertain other families."

Hearing this, Yue Feng couldn't help sneering, that Du Leng, really thought he could be the city lord?

Thinking to himself, Yue Feng ordered Tianma and others: "You go first, I'll wait a moment!"

"Yes, Your Highness!"

Tianma, Jinshi and others agreed in unison, and then rushed to Dumen family.

Yue Feng returned to the temple and removed his previous disguise.

Yue Feng thought about it, this time back to the Dumen family, he will no longer use any false identity, but will go back as Lolita's husband.

Chapter 3498

Half an hour later, Yue Feng took off his disguise and walked out of the temple.

Um?

As soon as I got outside, I saw Thea.

"Yue Feng!?"

Seeing Yue Feng, Xia was stunned for a moment: "Why didn't you continue to pretend?"

Yue Feng smiled: "No need."

Xia pondered, nodded and said, "That's right. , you have a prominent status in the Temple of Light, and in the entire Pearl City, who would dare to be arrogant to you

? "Why don't you go? It's going to be a good show later, let's go, let's go together!"

Seeing Yue Feng say this, Thea nodded.

A few minutes later, when they arrived at the gate of the Dumen family's manor, they saw all kinds of luxurious unicorn cars, which almost filled the gate. The Dumen family was about to take over Pearl City, and all the major families came to fawn over it.

Because Thea had an invitation, the guards at the door didn't stop her at all.

However, when they saw Yue Feng, the guards widened their eyes.

This... isn't this Uncle Yue Feng?

A month ago, he killed the master and was regarded as a scum by the major families. Finally, he escaped from Pearl City, but he did not dare to come back.

In shock, several guards wanted to come over to catch Yue Feng, but when they saw Thea beside him, they couldn't summon the courage.

Yue Feng paid no attention to the gazes of several guards, and entered the front hall with Thea.

call!

Entering the front hall, Yue Feng couldn't help taking a deep breath when he saw the scene in front of him.

I saw that in the entire front hall, celebrities from the entire Pearl City gathered, almost all the people from the major families came, and in the crowd, Du Leng and Maddie were standing there, chatting and laughing with the people around them.

Especially Du Leng, he was almost elated.

I thought it was an unexpected joy to be able to retake the patriarch from Lolita when I returned to Pearl City this time, but I never imagined that the Dumen family was named by the Goddess of Light and was in charge of the entire Pearl City.

In Du Leng's heart, he was the patriarch of the Dumen family, and the position of the city lord was naturally done by himself.

And Maddie next to him was also smiling.

Although it is not the Maiwei family who is in charge of Pearl City, Du Leng is his own puppet. He is the city owner. At that time, the real power will still be in his own hands. Can you be unhappy?

call!

Seeing Du Leng and Maddie excited from a distance, the corners of Yue Feng's mouth twitched, revealing a trace of disdain.

Immediately, Yue Feng greeted Thea, ready to find a place to sit.

Tianma and Golden Lion haven't appeared yet, so let's keep a low profile for now.

"Huh?"

However, at this moment, a yin and yang strange voice came from the side: "Isn't this the famous female knight Thea in Pearl City? Tsk tsk, a month ago, I fled in fear of crime, but I didn't expect it to return. Dare to come back!" The

voice fell, and a woman dressed in a very flamboyant and coquettish dress directly greeted her.

Swish!

Seeing this woman, Thea frowned, unable to hide her disgust.

This coquettish woman is Manny, the eldest young lady of the Manluo family. This woman is notoriously bitter and mean in Pearl City, which makes Thea disgusted.

At this time, Thea was very depressed. She never thought that she would meet this difficult woman when she first came to the Dumen family!

At the same time, Yue Feng also frowned secretly.

Mad, why is this Manny here? When Yue Feng and Lolita held their wedding, Manni also came. She said a lot of sarcastic things at that time, of course Yue Feng knew it.

While muttering in his heart, Yue Feng couldn't help but look at this Manni secretly, and found that, after not seeing him for a month, this Manni was getting more and more sexy. She was wearing a long wine red dress, showing her sexy collarbone, and the snow white underneath. Also exposed a lot.

Chapter 3499 I

have to say that this Manni is also good-looking, but she is too bitter and mean.

At this time, in the face of Manni's mockery, Thea frowned and said angrily, "Who told you that I absconded in fear of crime?"

Hearing this, Manni chuckled lightly, and her eyes fell on Yue Feng. Suddenly the body trembled, and the whole person was stunned!

Yue Feng?

Dare he come back?

A few seconds later, Manni reacted and screamed nervously: "Oh my god, isn't this Yue Feng, a fugitive? Yue Feng, you're very brave, how dare you come back?"

Yue Feng chuckled: "Why should I? Don't you dare to come back?"

Said, Yue Feng walked to the chair next to him and sat down.

Seeing this situation, Manni suddenly became excited: "Oh, do you think you are still the son-in-law of the Dumen family? You were lucky to escape last time, and now you dare to come back, you just don't know what to do!

", Manni shouted at the surrounding: "Everyone, come and see, the fugitive Yue Feng is back, and he also came to the banquet of the Dumen family..."

When saying this, Manni looked very proud. He glanced at Yue Feng.

A fugitive, still putting on airs in front of me, waiting for you to cry.

Swish!

As soon as the voice fell, the eyes of the surrounding people all focused on Yue Feng, and in an instant, the entire front room exploded.

"Yue Feng?"

"It's really him..."

"You're not too daring to come back."

Under everyone's discussion, looking at Yue Feng's eyes, there is even more hatred. You must know that when the major families besieged Yue Feng, they hurt a lot of people.

Hearing the movement here, Maddie and Du Leng walked over quickly.

When he got to the front, Du Leng looked around and asked, "What's going on?" At the same time, his eyes also fell on Thea, showing a bit of complexity.

Last night, Thea took a person named Fengtao and broke into the family. Du Leng still remembers this.

At this time, Maddie also saw Thea and smiled: "It turned out to be Thea..." Halfway through, Maddie was stunned when he saw Yue Feng next to him.

Yue Feng? Are you dazzled?

Thinking to himself, Maddie rubbed his eyes, looked again, and found that it was indeed Yue Feng.

Mad!

In the next second, Maddie reacted, gritted his teeth at Yue Feng and said, "Good boy, you dare to come back."

Yue Feng sneered and said nothing.

At this time, Du Leng also calmed down and asked Maddie, "Master Maddie, what's the matter?"

Maddie took a deep breath, pointed at Yue Feng and said, "Du Leng, this person is Yue Feng, a month ago, your father, Mr. Du, was killed by him."

"Elder Du was so kind to him, and even betrothed Lolita to him, but this man was very ambitious and wanted to occupy the Dumen family's property, so he secretly killed him. Old man Du Men, everyone present knows about this." The

voice fell, and everyone around nodded.

"Yes, this is a white-eyed wolf."

"Patriarch Du Leng, he is the great enemy of your Dumen family."

"A month ago, this scum escaped by chance, and he must not be allowed to leave alive today."

Du Leng's eyes instantly turned blood red, and he stared at Yue Feng like a hungry wolf.

"Someone!"

Finally, Du Leng roared wildly, pointing at Yue Feng and shouting, "Catch him for me, hang him publicly, and avenge my father!"

Chapter 3500

Wow!

Hearing Du Leng's order, dozens of guards rushed into the hall and surrounded Yue Feng.

Seeing this situation, the surrounding guests avoided one after another. At the same time, they all looked at Yue Feng with a sneer. In their hearts, Yue Feng had thrown himself into the trap and deserved to be beaten to death.

Looking at the guards rushing up, Yue Feng chuckled lightly, not panicking at all.

hum!

In the next second, Yue Feng's internal power exploded, and he saw that dozens of guards were all thrown out before they could react.

What?

Seeing this scene, whether it was Maddie and Du Leng, or the others around, they couldn't help but gasp.

After not seeing him for a month, this Yue Feng's strength seems to have become even more terrifying.

quiet!

At this moment, the entire hall was silent, and a drop of a needle could be heard clearly.

"Huh? Miss Lolita is here!"

At this moment, there was a commotion in the crowd, and then, a slender figure walked into the hall. It was incomparably beautiful, but his face was a little pale. .

It was Lolita.

Speaking of which, Du Leng originally planned to keep Lolita under house arrest, but the Du Men family was going to take charge of Pearl City. With such a great event, Du Leng was in a good mood, so he made an exception to let Lolita come out.

Um?

At this moment, Lolita saw Yue Feng at once, and her heart trembled.

He... how is he here?

Yue Feng was also full of emotion and wanted to go forward to say hello, but seeing the indifference in Lolita's eyes, he held back.

Yue Feng could see that Lolita was deliberately alienating herself because of the old man!

"Lolita!"

At this moment, Maddie walked over with a smile and said to Lolita, "You look good today. From today, your Dumen family will be in charge of Pearl City, you have to be happy."

When the words fell, Du Leng quickly nodded and said, "Yes, after today's banquet, I will make good preparations for your marriage with Mr. Maddie. I know you blame me, but the second uncle is doing this for your happiness."

Hearing this, Lolita's expression did not fluctuate in the slightest, and she looked disheartened.

What?

Yue Feng was shocked, his eyes fixed on Du Leng: "What did you say? Are you going to marry Lolita to Maddie?"

Feeling Yue Feng's gaze, Du Leng felt a chill in his heart and became inexplicably nervous.

This Yue Feng's eyes are so terrifying.

However, Maddie was fearless, pointed at Yue Feng, and shouted: "Yue Feng, don't pretend to be in front of Lolita. You killed her grandfather. At that time, he fled in fear of the crime, and now he dares to come back to make a big banquet, it's just lawless!"

I tell you, wait for the twelve holy knights of the Temple of Light to come to the banquet. I advise you to leave early."

When he said this, Maddie was full of pride, and his eyes were even more gloomy.

Snapped!

Yue Feng's eyes were blood red, too lazy to talk nonsense, his figure flashed, and he rushed directly to Maddie, and slapped Maddie's face without warning.

"Let me tell you?" Yue Feng looked at Maddie coldly: "Lolita will never be your woman, and you and I both know the death of Old Man Duman, so even if we wait for the Twelve Paladins. I'm here, and I won't be afraid!"

All of a sudden, the audience was silent!

Everyone was shocked and angry, this... This Yue Feng is so mad, how dare he hit Maddie?

Yue Feng ignored everyone's eyes and turned to look at Lolita: "Lolita, don't worry, I will definitely give you an explanation for the death of the old man."

The ultimate husband in Chinese chapter 3501-3510

Chapter 3501

Call!

Hearing this, Lolita bit her lip and said softly, "Leave me alone, you can go."

After seeing Maddie's true face at the beach before, Lolita realized that she might have really misunderstood Yue It's windy, grandpa's death has nothing to do with him.

To be honest, Lolita is very happy to see Yue Feng again at this time. However, the Du Men family at this time has been controlled by Du Leng and secretly colluded with Maddie.

More importantly, the Twelve Paladins will arrive later, Yue Feng is only one person, how could he be an opponent?

Hearing this, Yue Feng showed a smile and comforted: "Lolita, don't worry about me."

"Yue Feng!"

At this time, Maddie reacted and pointed at Yue Feng and shouted: "You dare to do something with me. Your special code is dead." The

voice fell, and the other people around also recovered, and couldn't help but talk about it.

"This Yue Feng is really rampant!"

"Yeah, it's okay to come to the banquet to make trouble, and he dares to beat Mr. Maddie. It's really outrageous!"

Everyone criticized, and Yue Feng didn't panic at all.

The next second, Yue Feng looked at Maddie and said word by word, "Mady, it's not certain who will die today." As he

said that, Yue Feng's eyes were cold, and he swept over every guest present: "At that time, I was in the old man's house. At the funeral, I said that what you families brought to me, I will beg back one by one. And today, I want you families to kneel and apologize in front of me!" A

cold voice resounded throughout the banquet hall. .

This chapter is provided by . Visit for daily update.

Listening to Yue Feng's words, the surroundings were instantly silent!

Haha...

After a few seconds of silence, everyone present burst into laughter!

"What did he say, he wants all of our families to kneel down and apologize to him? Hahaha!"

"What does he mean, to deal with all our families at the same time?"

"Hehe, he should have forgotten how he escaped from the pearl in the first place. City."

Phew!

Seeing this scene, Lolita bit her lip and couldn't help shouting at Yue Feng, "Don't be impulsive!"

She knew that Yue Feng was very strong, but no matter how strong he was, he was only one person!

"Lolita!!"

Feeling Lolita's worry, Yue Feng showed a smile and comforted: "Don't worry about me!"

After saying that, Yue Feng looked around the audience and said coldly: "Since I dare to come today, I'm not afraid that you will do something to me, and I tell you, if I leave today, there is no need for your banquet to go on!"

Hearing this, everyone present was stunned, this Yue Feng really knew Bragging, obviously he is a fugitive, but he says he is like a VIP.

The next second, Maddie took the lead in reacting, looking at Yue Feng and sneered: "Yue Feng, I noticed that your skin is getting thicker and thicker. Today's banquet is to celebrate the Dumen family in charge of Pearl City, and the Temple of Light will also participate. , You said that if you left, the celebration banquet would not go on? Could it be that a small character like you can still represent the Temple of Light?"

"I see that you have said so much, and the ultimate goal is to gain Lolita's favor. Go back to the Dumen family, because the Dumen family will soon be in charge of Pearl City, right?"

When he said this, Maddie's face was full of disdain, and in his heart, he thought that Yue Feng was so calm and just bluffing.

When the voice fell, everyone around also reacted.

“Master Maddie is right!”

“Back then, when Yue Feng was the son-in-law of the Dumen family, he was very good at bragging...”

A bunch of idiots!

Hearing these comments, Yue Feng sneered secretly, and said lightly to Maddie: “I want to return to the Dumen family? Let me tell you, if it wasn’t for Lolita, I wouldn’t even bother to come to this kind of banquet.”

Chapter 3502

Seeing Yue Feng’s serious look, Maddie was calm on the surface, but he was a little nervous in his heart.

Could it be... Yue Feng has something to do with the Temple of Light?

For a time, the atmosphere in the hall became a little subtle.

“Master Maddie!” Du Men came over and whispered to Maddie: “Could it be that what Yue Feng said is true? He is really from the Temple of Light?”

When he said this, Du Men was inexplicably nervous!

If Yue Feng is really from the Guangming Temple, then it will be troublesome!

call!

Maddie took a deep breath, his eyes changed, and after a few seconds, he said lightly: “Impossible, if he is from the Temple of Light, he should come with the Twelve Paladins. However, he came with Thea, Why are you panicking?”

After saying that, Maddie looked at the time and continued: “The time is almost up, we are ready to meet the Holy Knight Your Excellency, this Yue Feng, let him live a little longer.”

Seriously, Maddie at this time I really want to kill Yue Feng, but the banquet is about to start. If you really want to make a move, the banquet will really not go on.

Maddie thought about it, firstly receive the Twelve Paladins, and when the banquet is over, he will deal with Yue Feng and Thea. Anyway, with so many families around, no matter how strong Yue Feng is, he can’t stand his own crowd.

“Everyone!”

Hearing Maddie’s words, Du Leng nodded, and then looked around with a smile: “The banquet will start soon, everyone, sit down!” The

voice fell, the guests present, sit down quickly, no one pays attention to Yue Fenghe Thea.

“Yue Feng!”

At this time, Lolita came over and took Yue Feng’s hand: “You go quickly, Du Leng and Maddie will definitely not let you go, when the banquet is over, they will join hands to deal with you, and other families, they I want you to die.”

Phew!

Feeling Lolita’s worry, Yue Feng breathed a sigh of relief and smiled, “Don’t be afraid, I can handle it!”

Lolita was so anxious, but she didn’t know what to say.

At this moment, Thea, who had been silent, said softly to Lolita: “Lolita, you believe in Yue Feng!”

Lolita did not know Yue Feng’s identity, but Thea was clear. He is the Holy Venerable of the Temple of Light, not to mention Pearl City, even the six major duchies, he does not take it seriously.

Whoa!

Just as he was talking, he heard a burst of turmoil in the surrounding people.

“Your Excellency the Paladin is here!”

“So strong, so majestic.”

In the exclamations of the crowd, they saw twelve handsome figures slowly walking into the hall. The uniform golden armor was majestic and majestic. Twelve Paladins.

“Haha..”

At this moment, Du Leng squeezed out a smile, hurriedly greeted him, and said in a pleasing manner, “My Dumen family is truly honored to be here with the twelve paladins.”

At the same time, the surrounding guests, and they all gathered around, one by one with compliments and excitement on their faces. You know, the Twelve Holy Knights are in front of you, the existence of the famous mainland.

Facing everyone's compliments, the Twelve Paladins looked calm. At the same time, his eyes also exchanged secretly with Yue Feng.

Yue Feng sat there without making a sound.

"All right!"

Finally, Tianma, the leader, looked around and said indifferently: "The main purpose of our visit this time is not to attend the banquet, but to announce the candidate of the city lord."

Said, the golden lion on the side took out an appointment from his body. The book, this letter of appointment, was issued by the Temple of Light.

Swish!

In an instant, the eyes of the audience all focused on the golden lion.

Especially Du Leng, the excitement and excitement on his face could not be concealed, he was the patriarch of the Dumen family, and the position of the city lord must be his own.

Under everyone's attention, the golden lion opened his mouth slowly, his voice was loud, and it spread throughout the Dumen family: "It has been decided by the venerable Goddess of Light, that the new city lord of Pearl City will be succeeded by a member of the Dumen family, she is Miss Lolita.!"

Chapter 3503

What?

Hearing this, there was an uproar in the audience.

Shouldn't the city lord be Du Leng? You know, he is the patriarch of the Dumen family, the most qualified. How did you suddenly become Miss Lolita?

Du Leng froze there, his head buzzing, and the whole person was stupid.

what happened? Is the city owner Lolita?

Maddie was also stunned, staring blankly at the golden lion, thinking that he had heard it wrong.

I thought that after Du Men became the city lord, with his own support behind him, he could completely control the Pearl City in his hands, but he never thought that the last person to succeed the city lord would be Lolita.

And Lolita, who was standing beside Yue Feng, was trembling even more, completely bewildered by this sudden change.

Become the new city owner? Is this dreaming?

At this moment, the golden lion came over, handed the appointment letter to Lolita, and said politely, "Miss Lolita, I hope that after you become the city owner, you can think of everything for the people."

Well!

Lolita responded and took the appointment letter, still feeling a little dizzy.

This is, Yue Feng smiled and said to Lolita: "Lolita, congratulations, I believe you can do it."

Yes, it is Yue Feng's meaning to accept Lolita as the city owner of Pearl City .

"Yue Feng!"

At this time, Lolita's eyes were full of surprise and confusion: "What's going on? Did you know in advance that I would be appointed as the city lord?"

Yue Feng smiled and didn't answer immediately, but looked around and said slowly: "Don't ask so many questions. Next, we will avenge the old man."

After speaking, Yue Feng's eyes fell on Maddie. : "Maddy, I will now give you one last chance to tell the story of how you killed the old man Du Men."

Maddie!

At this time, Maddie was still immersed in consternation, and suddenly heard Yue Feng's words, and suddenly became furious: "Yue Feng, don't spit blood, the death of the old man Du Men has nothing to do with me, he was killed by you."

Immediately, Maddie shouted at Lolita again: "Lolita, don't believe what Yue Feng said, he is a scum, he..."

Slap!

Before he could finish his words, he saw Tianma walking quickly, his face gloomy, and he slapped Maddie fiercely.

This slap, Tianma's shot was very heavy, and he heard Maddie groan, and turned around a few times, and finally sat on the ground with half of his face swollen.

call!

Seeing this scene, everyone around was stunned, and the entire hall was silent.

Maddie was also beaten, sitting on the ground, staring blankly at Tianma, feeling both grievances and fears: "Your Excellency Paladin, I...Did I do something wrong?"

" He scolded: "You are so bold, dare to insult our Holy Highness, are you courting death?"

Holy Venerable?

Hearing this, Maddie only felt his head buzzing, staring at Yue Feng blankly.

What did the paladin say? Holy? Yue Feng is... Holy Venerable?

Phew..

At the same time, everyone around couldn't help gasping for air.

Is this Yue Feng the Holy Venerable of the Temple of Light?

For a while, the entire hall was silent!

Even if a needle falls on the ground, you can hear it clearly!

The major families present looked at each other and felt that it was difficult to breathe. No wonder Yue Feng was so arrogant and confident today. It turned out that he was the Holy Venerable of the Temple of Light!

Chapter 3504

This...

At this moment, Lolita bit her lip tightly, almost bleeding from the bite. She stared at Yue Feng blankly, unable to hide her inner shock, but felt her legs were weak.

At this time, Lolita finally realized that Yue Feng has been hiding, this man, like the ocean, is unfathomable.

call!

At this moment, Yue Feng breathed a sigh of relief, and looked at Maddie with a half-smiling smile: "What? Are you still not willing to plead guilty?"

"

In the next second, Maddie explained in detail how he hired a killer to kill the old man Du Men, and how to frame Yue Feng with Seth.

Seriously, confessing his guilt in public, Maddie felt ten thousand conflicts in his heart, but there was nothing he could do. Yue Feng was the Holy Venerable of the Temple of Light, and there were twelve Holy Knights around.

This...

Knowing these circumstances, the entire hall suddenly exploded.

"It turned out that Mr. Maddie did it?"

"I really didn't expect it."

"We were all deceived..."

Under the discussion, everyone glared at Maddie. The family will not offend Yue Feng.

"Maddy!"

At this moment, Lolita trembled and glared fiercely at Maddie: "You are a beast, why did you kill my grandfather? Why?"

At this time, Lolita was angry and angry again Guilt.

It's all Maddie, which caused him to misunderstand Yue Feng.

In the face of Lolita's questioning, Maddie knelt there, trembling and trembling, unable to say a word.

At this time, Yue Feng walked over and gently comforted Lolita: "Lolita, people can't be resurrected from the dead, don't be too sad, Maddie has pleaded guilty. As the city owner, what should you do?"

Lolita responded, waved her hand, called the guard, and put Maddie in the prison.

Huh...

Seeing this scene, everyone from the major families present was inexplicably nervous.

At this time, Yue Feng looked around and said lightly to the major families present: "You should have any questions, right? If not, you can come over and kneel down and apologize to me."

After saying that, Yue Feng showed a smile. Continuing: "Of course, you can also choose to refuse, but the price is that you don't want to stay in Pearl City in the future!" There

is no doubt about this.

Yue Feng is not talking big, as the Holy Venerable of the Temple of Light, he doesn't even care about the royal families of the six major duchies, and dealing with families like Pearl City is a piece of cake.

Hearing this, everyone present looked at each other in dismay, their faces were earthy, and they didn't dare to breathe. Some were timid, and their legs were weak, and they could hardly stand.

I thought that Yue Feng was just a clown who couldn't get on the stage, but now he has become the one who dominates the fate of the entire Pearl City. How can these big families not be shocked?

Pfft!

Finally, Manni was the first to react, knelt on the ground and said to Yue Feng, "Yue Feng, I'm sorry!" At this time, Manni completely lost her previous pride, but was indescribably frightened!

Puff, puff!

Seeing that someone took the lead, people from other families also hurriedly knelt down.

Seriously, kneeling down to Yue Feng, the hearts of these families are 10,000 reluctant, but they know in their hearts that if they don't apologize to Yue Feng today, the family will be over!

call!

Seeing this scene, Yue Feng stood there with an indifferent expression, without the slightest expression fluctuation.

The next second, Yue Feng's eyes fell on Du Leng, and he said lightly: "Du Leng, I heard that you robbed the position of Lolita's patriarch, right?"

Chapter 3505

Gudong!

Hearing this, Du Leng swallowed his saliva subconsciously, and hurriedly knelt down at Lolita: "Lolita, it's the second uncle that's wrong, the second uncle shouldn't collude with Maddie to snatch your heir's position, let alone You should be forced to marry Maddie, you...forgive second uncle!"

Lolita stood there, biting her lip, and didn't respond.

Speaking of which, Lolita was already desperate, but she didn't expect the turn of the tide. Not only did she become the city owner, she found out the real murderer of her grandfather, and even the cunning second uncle knelt in front of him and asked for forgiveness.

At this time, Lolita was very complicated. She wanted to deal with Du Leng, but she couldn't be ruthless. After all, this was her own second uncle.

Ugh!

Seeing this scene, Yue Feng secretly sighed.

This Lolita is still soft-hearted.

Thinking to himself, Yue Feng waved at the guards outside the door: "Take Du Leng down and lock him up temporarily!"

"Yes!" Several guards responded and dragged Du Leng out.

"Okay!"

At this moment, Yue Feng showed a smile and said to Lolita: "The matter is finally resolved, I am relieved. You can ask Thea about the governance of Pearl City, I believe she'll be happy to help you."

Seriously, Yue Feng really wanted to stay in Pearl City for a few more days, but the second half of the Holy Scripture Jade Book had not been found, and Miaoying didn't know where she went, these two things Son, don't delay.

Lolita was very thoughtful, she heard something at once, and said softly, "Yue Feng, are you leaving?"

Hmm!

Yue Feng nodded: "I still have some important things to do!"

Lolita's delicate face was full of reluctance: "Then will you come back in the future?"

“Yes!” Yue Feng showed a smile: “If there is a chance, I will definitely come back to see you.”

After saying this, Yue Feng smiled. The wind waved at Lolita, turned and walked out.

Twelve Paladins, hurry up to keep up.

call!

Watching Yue Feng’s figure go away, Lolita stood there, feeling lost and unable to calm down for a long time.

.....

Yue Feng and the Twelve Paladins left the Dumen Family Manor.

“Holy Venerable!” After leaving

the manor, Tianma couldn’t help but say: “If you need help with anything, just tell me!”

Yue Feng didn’t think about it, and ordered: “Help me find Miaoying immediately, please.”

Looking for Miao Ying and the second half of the sacred book, the two things are equally important, but Yue Feng is alone and lacks the skills to do it at the same time.

After Yue Feng thought about it, he returned to the Principality of the Golden Lion and asked the Queen about the sacred book. You must know that at that time, the queen said that the sacred book was in the thousand-changing exquisite box, but it was opened in the temple at that time. When the thousand-changing exquisite box was empty, there was nothing in it. Yue Feng knew that there must be a secret in this matter, and he had to go back and find out.

As for the Twelve Paladins, let them help find Miaoying.

“Holy Venerable, don’t worry, we will do our best to help you find that Miss Miaoying.” Tianma responded respectfully, then turned and left with the other Paladins.

Watching the Twelve Holy Knights walk away, Yue Feng did not stop, and immediately rushed towards the Golden Lion Principality.

Half an hour later, Yue Feng finally arrived at the boundary of the Golden Lion Principality.

At this time, night fell, and Yue Feng saw a forest in front of him, so he walked in and prepared to rest.

Um?

However, as soon as he entered the woods, Yue Feng frowned, and then he heard the sound of a fight coming from the depths of the woods, which was very intense.

The ultimate husband in Chinese chapter 3506-3510

Chapter 3506

Muttering in my heart, Yue Feng quickly walked in.

What the hell!

When he got inside, seeing the scene in front of him, Yue Feng was shocked and completely stunned.

Just saw the open space in the woods, two groups of people are fighting endlessly, one of them has more than 100 people, all dressed in black, but actually tough.

Yue Feng clearly felt that these men in black were all very strong, and the lowest one also had the strength of Saint Venerable.

Dozens of guards fought fiercely with these men in black.

Behind these guards, several unicorn cars were parked there, beside the car, a few maids, guarding a slender woman, shivered.

This woman, with a delicate and charming face, and an even more exquisite body, is indescribably charming. It is Mrs. Lanya who has spent a night with Yue Feng.

Obviously, Mrs. Lanya was traveling with her family and encountered a group of men in black blocking the way.

But seeing this scene, Yue Feng frowned secretly, very puzzled.

This is the border of the Principality of the Golden Lion, why is Mrs. Lanya here? With so many family members?

You must know that Mrs. Lanya is the only woman in the Golden Lion Principality who enjoys the title of honor. She has an extraordinary position in the royal city. At this time, such a delicate woman appears in this remote rural area. Can you not doubt it? ?

In his heart, Yue Feng did not show up immediately, but hid behind the tree and watched quietly.

in the battlefield.

In the face of the ferocious attack of the men in black, dozens of guards lost and retreated, and they were about to lose their strength.

This chapter is provided by . Visit for daily update.

call...

Seeing this situation, Madam Lanya's delicate face was full of anger and anxiety.

"Haha.."

At this moment, the leading man in black laughed loudly and teased at Madam Lanya: "Mrs. Lanya, I advise you to give up your resistance, your subordinates are not ours at all. Opponent."

This leading man in black, called Mo Shan, is a powerful, lower Saint Emperor realm.

Hearing this, Mrs. Lanya bit her lip tightly and waved her jade hand, signaling the guard to stop.

After receiving the order, dozens of guards quickly retreated to Madam Lanya.

Seeing Mrs. Lanya's cooperation, Moshan nodded approvingly: "As expected of Mrs. Lanya, who is well-known throughout the royal city, she is quite knowledgeable about current affairs." After

speaking, Moshan raised his hand and signaled his subordinates to stop.

Facing Moshan's ridicule, Mrs. Lanya was very unhappy, but her face was indifferent: "Who are you? Why are you blocking my way?"

Moshan smiled and said straight to the point: "Madam, don't panic, we won't hurt you, we just want you to hand over something."

"What?" Madam Lanya asked subconsciously.

Mo Shan smiled and spit out a few words: "The second half of the Holy Book of Jade Books."

What?

Hearing this, Mrs. Lan Ya's body trembled, and she stared blankly at Mo Shan, completely losing her calmness just now.

At the same time, Yue Feng, who was hiding behind the tree, was also shocked, and his eyes were fixed on Mrs. Lan Ya, indescribable astonishment.

This man in black asked Madam Lanya for the second half of the sacred book?

Could it be that Mrs. Lanya took the holy scripture jade book in the thousand-changing exquisite box?

Chapter 3507

Speaking of which, Mrs. Lanya has a distinguished status, is trusted by the Queen, and has the right to enter and leave the palace freely. If she quietly takes the second half of the sacred book, it is entirely possible.

Thinking of this, Yue Feng secretly observed Mrs. Lanya to see how she would answer.

“You...”

At this time, Mrs. Lanya reacted and said to Moshan: “What is the second half of the sacred book? I don’t know what you are talking about.”

When she said this, Mrs. Lanya had a face on her face. Seriously, but there is a bit of complexity in his eyes.

Yes, the second half of the sacred book in the exquisite box was taken by Mrs. Lanya. The night before the queen went to Pearl City, Yue Feng was raiding Xibo’s house, so Mrs. Lanya took advantage of it. Taking the opportunity, he slipped into Yue Feng’s resting room, and quietly opened the Thousand Changes Exquisite Box.

Speaking of which, only the Queen can open the Thousand-changing Exquisite Box, but Mrs. Lanya often goes in and out of the palace, and she has a good relationship with the Queen. She has seen the Queen play with the Thousand-changing Exquisite Pagoda. Mrs. Lanya is smart, and after seeing it for a long time, she will learn how to open the thousand-changing exquisite box.

After getting the second half of the sacred book, Mrs. Lanya sent someone to send it out of the royal city overnight, and then she took her family and planned to escape from the Principality of the Golden Lion. After all, the second half of the sacred book was given to the goddess of light by the queen. If she knew that the gift had been stolen, the queen would be furious. If she found out the truth, the consequences would be disastrous.

However, Mrs. Lanya never thought that when she reached the border, she was about to leave the Golden Lion Principality, but was intercepted by a group of men in black.

“Haha!”

Hearing Madam Lanya’s answer, Mo Shan sneered, shook his head and said, “Madam, don’t pretend to me. If there is no definite news, I will not ambush here.”

When he said this , Moshan looked confident.

At this time, Moshan seemed to be a mountain bandit who robbed halfway. In fact, his true identity was a spy sent by the New Moon Principality to the King City of the King of the Golden Lion.

Moshan has been lurking in the Golden Lion King City for three years. In the past three years, many eyeliners have been placed among the princes and nobles of the Golden Lion Duchy. Even Mrs. Lanya has Moshan people.

Therefore, Mrs. Lanya secretly stole the gift from the Queen to the Goddess of Light, and Moshan got the news right away.

This...

Moshan's words made Mrs. Lanya feel a little flustered.

It is impossible for outsiders to know about the fact that he secretly stole the sacred book and jade book, except for his own cronies.

Could it be that there are traitors among your own cronies?

Thinking of this, Mrs. Lanya and Moshan looked at each other, shook their heads and said, "Whether you believe it or not, I really don't have the second half of the holy book."

Moshan's face sank, and he said coldly: " Alright, very good, it seems that Madam doesn't shed tears until she sees the coffin."

After speaking, Mo Shan shouted, "Brothers, save Madam Lanya's life, and kill all the others."

Whoops!

The last sentence fell, and more than 100 men in black around, burst out with holy energy, and surrounded Mrs. Lanya.

Seeing this situation, Mrs. Lan Ya was furious and shouted: "You mountain bandits are really lawless..."

At the same time, the surrounding guards all had blood-red eyes.

"Protect Madam!"

"Never let them hurt Madam."

"Kill!"

After a while of howling, dozens of guards rushed forward and fought these men in black again.

However, the disparity between the two sides was too great. In the blink of an eye, many guards fell into a pool of blood, and the entire forest was filled with a strong bloody smell.

Seeing her subordinates fall one by one, Mrs. Lanya bit her lip, almost bleeding.

Chapter 3508

“Hey!”

Seeing Mrs. Lanya’s expression, Moshan was extremely proud and laughed: “Madam, if you don’t want all your subordinates to die, hand them over.”

Mrs. Lanya bit her lip, There was no response, and I was extremely anxious.

The sacred book is the treasure of the Temple of Light, how can it be handed over so easily?

But if you don’t pay, not only will these guards be killed, but you will also be in danger.

“Stop!”

Just when Mrs. Lanya was secretly struggling, she suddenly heard a cold drink, and then, a handsome figure slowly walked over.

There was a somewhat relaxed smile on his face, and a cynical temperament permeated his body.

It was Yue Feng.

Speaking of which, Yue Feng didn’t want to show up, but he had a night of spring rain with Mrs. Lanya, so she couldn’t ignore it. More importantly, Mrs. Lanya was also related to the second half of the missing sacred book.

Swish!

Suddenly saw a person appear, whether it was Moshan or the other men in black around him, his eyes suddenly converged.

“Fengtao?”

At the same time, Mrs. Lanya trembled, her delicate face showing a bit of surprise and joy.

Fengtao is here, and there is help.

Seeing Madam Lanya's happy face, Yue Feng nodded and motioned her not to worry.

"Fengtao?"

At this time, Mo Shan reacted, looked up and down at Yue Feng, and said coldly: "You are that Fengtao, the celebrity next to the Queen?"

After speaking, Mo Shan's face showed a bit of gloom, and continued: "I heard that you can speak animal language, and you are very good at making the queen happy, but this is not a royal city, no matter how noble you are, you must listen to me when you come here. Yes, if you are sensible, kneel on the ground and don't move, otherwise, don't blame me for being rude!"

In Moshan's eyes, this wind wave is not only the strength of the Holy Venerable, so it is not necessary to take it seriously. Yue Feng looked at him, looked at the nonsense, and spit out a word: "Go away!"

In the eyes of others, Moshan's group is very powerful, in Yue Feng's eyes, they are just a bunch of ants.

At this time, Yue Feng only wanted to ask Lan Yafu about the sacred book, and was too lazy to waste words with Moshan.

Swish!

Hearing this, Mo Shan blushed and became furious: "Ma De, you are courting death!"
How

dare a guy with the strength of the Holy Venerable dare to talk to me like this?

Just don't know how to live or die.

At the same time, the other black-clothed people around were also furious and shouted!

"He's quite arrogant!"

"It seems that I don't know how to write the dead word!"

"Ma De, I thought this was the royal city..."

Mo Shan was too lazy to talk nonsense, he raised his hand and waved: "Kill him for me!"
“

Hula... the

voice fell, a dozen men in black howled one after another, and the holy energy burst out, rushing directly towards Yue Feng.

hum!

These men in black are not low in strength. At this time, they erupted at the same time, and their power was amazing. When they saw that piece of air, they were all distorted!

“Ha ha...”

Looking at the dozen or so men in black who rushed up, a trace of disdain appeared on the corner of Yue Feng’s mouth, standing there as steady as Mount Tai, his hands swung violently, and a violent breath burst out.

boom!

In the next second, before a dozen men in black could react, they were enveloped by this violent force, and then screamed and flew out one by one.

The moment they landed, these men in black vomited blood, their eyes darkened, and they all passed out!

What?

Seeing this scene, Mo Shan and the rest of the men in black changed their expressions!

This wind wave is so powerful?

No, he is only in the realm of the Holy Venerable, how can he burst out with such a strong power?

At this time, Mo Shan and the others still didn’t know that Yue Feng seemed to be in the realm of the Holy Venerable on the surface, but his real strength was not something they could imagine.

Chapter 3509

Call!

Seeing this scene, Mrs. Lan Ya was trembling, indescribably excited and excited.

This Feng Tao is indeed a man appreciated by the Queen, especially the way he shot just now, he is really handsome.

Thinking again that he and Fengtao had a night of spring love, all of a sudden, Mrs. Lanya’s charming and charming face suddenly flushed.

“Ma De!”

At this moment, Mo Shan came to his senses, his eyes were like poisonous snakes, and he stared at Yue Feng with a grim expression: “I wanted to save your life, but now it seems that there is no need for that!”

Finally As soon as a word fell, Moshan erupted with holy power, and the figure was like a shooting star, coming directly towards Yue Feng.

call!

Looking at Mo Shan who was rushing towards him, Yue Feng chuckled softly and said very indifferently: “Want my life? I’m afraid... you don’t have that ability.”

At this time, Mo Shan had already rushed to the front and heard this As he spoke, his face instantly turned hideous: “Stop talking nonsense, and lead to death!” As the words

fell, Mo Shan clenched his fists like thunder, and slammed towards Yue Feng.

Yue Feng stopped talking nonsense and greeted him with a punch.

boom!

The two fists collided fiercely, and a low roar was heard.

Click!

Along with the roar, there was a crisp fracture sound, and Mo Shan’s face was pale, and the whole person was shaken back more than 100 meters, and his entire right arm, the bones were broken, and the blood was dripping, looking shocking!

“hiss...”

Mo Shan clenched his teeth and didn’t shout, but he couldn’t help gasping for air because of the severe pain. At the same time, the look in Yue Feng’s eyes was full of horror!

This Feng Tao actually broke one of his arms, he is only in the realm of the Holy Venerable.

“Kill him, kill him for me.” In anger, Okuyama clutched his broken arm and kept howling.

Swish...

The voice fell, and the surrounding men in black rushed towards Yue Feng.

Yue Feng sneered and shot again!

Bang Bang Bang...

In less than two breaths, nearly a hundred men in black were all knocked to the ground by Yue Feng, losing their combat effectiveness one by one.

Huh...

Seeing this scene, Mrs. Lanya clasped her fingers tightly, looking at Yue Feng's eyes flashing with brilliance.

This Fengtao is indeed a talent that the Queen takes a fancy to, so powerful.

hateful!

Mo Shan, who was standing not far away, was full of anger and anger, and his eyes were blood red.

"You have to die today!" With a roar, Mo Shan burst out all his holy energy, ready to fight Yue Feng to the death.

However, Yue Feng was faster, and with a flash, he arrived in front of Moshan, and then he used electricity to seal several acupoints on his body.

For a moment, Mo Shan froze there, unable to move.

what happened?

At this moment, Moshan was angry and inexplicably frightened. He clearly felt that his body seemed to be out of control and could not move at all. He didn't know, at this time, the unique acupuncture technique of the Kyushu continent.

At the same time, Mrs. Lanya was also stunned there, staring at Yue Feng in disbelief.

This... this leading man in black seems to be unable to move.

How did Feng Tao do it?

"Okay!"

At this moment, Yue Feng breathed a sigh of relief and smiled at Mrs. Lanya: "It's all done, Mrs. Lanya, don't be afraid, it's all right."

Hearing this, Mrs. Lanya nodded. , then came over and asked Yue Feng curiously: "Fengtao, how did you keep him still?"

Yue Feng smiled slightly: "This is my unique skill, acupuncture!"

Acupuncture?

Mrs. Lanya frowned, and suddenly she remembered, that night, before Feng Tao took possession of her, she seemed to have taped her acupuncture point, and then she couldn't move!

Chapter 3510

Thinking of the scene at that time, Mrs. Lanya's beautiful face turned red again.

The next second, Mrs. Lanya calmed down and smiled at Yue Feng: "Is this acupuncture easy to learn? Can you teach me?"

When she said this, Mrs. Lanya had a smile on her face. But there was a little bit of cunning.

To be honest, Mrs. Lanya was very happy when Feng Tao appeared in time, but after she calmed down, she felt inexplicably nervous!

You must know that she stole the second half of the Holy Book of Jade Books. The Queen knows that she will never let her go, and Feng Tao is the Queen's most trusted subordinate, can you not be nervous?

However, Mrs. Lanya was witty and smart. Seeing that Yue Feng used acupuncture techniques to control Mo Shan, she quickly showed the appearance of wanting to learn to change the topic.

Moreover, if you learn acupuncture points, you will not be afraid of danger in the future.

"This..." Yue Feng scratched

his head: "Acupuncture is not easy to learn." After speaking, Yue Feng briefly explained the distribution principle of acupuncture points in the human body.

Mrs. Lanya Bingxue is smart, she can understand it at a bit, and she quickly understood the tricks. She smiled and said: "This point is so interesting, Fengtao, you are really amazing, you know so much!"

When saying this, Lan Yafu said People were all smiles, but their hearts were secretly anxious.

How can I let Yue Feng leave? Otherwise, it would be troublesome when he asked about the sacred book.

Seeing Madam Lanya's excited look, Yue Feng smiled, and at the same time secretly sighed in his heart.

This lady is truly a stunner.

Who can resist the charm of this laughing allure?

With emotion, seeing Mo Shan next to him, Yue Feng calmed down and quickly patted his forehead.

Just talking to Mrs. Lanya, why did you forget to interrogate this person...

Thinking to herself, Yue Feng walked up to Moshan and asked coldly, "I ask you, who sent you to intercept Mrs. Lanya??"

Phew...

At this moment, Mrs. Lanya bit her lip lightly and became nervous all of a sudden.

This leading man in black knows that he has stolen the sacred book, what should he do?

"Haha..."

Facing Yue Feng's question, Mo Shan didn't respond, but sneered, then bit his tongue in secret, and in an instant, a mouthful of blood spurted out and died.

As a secret spy, Okuyama always had the determination to die in the line of duty. After all, he knew too much information. At this time, it fell into Yue Feng's hands. Knowing that he couldn't escape, he decisively killed himself by biting his tongue.

Nima!

Seeing that Aoshan's expression was wrong, Yue Feng realized something and wanted to stop it, but he was still a step behind.

At this time, seeing Ou Shan's breath, Yue Feng was both annoyed and shocked.

It seems that this leading man in black has a very simple identity. When he is caught, he will bite his tongue decisively and commit suicide. This kind of courage is not something that ordinary bandits can do.

On the other hand, Mrs. Lanya was secretly relieved.

Fortunately, this person committed suicide and did not say anything unfavorable to him.

At this moment, Yue Feng calmed down and turned his head to look at Madam Lanya: “Madam, this person said just now that he wants you to hand over the second half of the sacred book, what’s going on?”

This...

Hearing the question, Mrs. Lanya’s heart trembled, but she pretended to be surprised, she shook her head and said, “This person is talking nonsense, how could I know the sacred book? Feng Tao, you won’t believe the words of a gangster. right?”

The ultimate husband in Chinese chapter 3511-3515

Chapter 3511

When answering, Mrs. Lanya looked serious, but she was nervous, and her palms were sweating.

Seeing her expression, it didn't seem like she was lying, Yue Feng pondered for a while, and continued to ask: "Okay, let's not talk about the sacred book, but as a duchess, you are not staying in the royal city, so how do you lead your family? Appearing in such a place?"

Mrs. Lanya bit her lip lightly, her mind turned quickly, and then said softly: "To be honest, I can no longer stay in the royal city under the current situation."

Huh?

Yue Feng was stunned for a moment, puzzled: "Why?"

Mrs. Lanya smiled, her beautiful and charming face showing a bit of sadness: "You know, I have been controlled by Xibo before, these two years Under his threat, I took advantage of my beauty and hurt a lot of people from big families."

"And now, Xibo has fallen, and I have no support. Those big families can't let me go. So, I I took my family and left the royal city, completely leaving the place of right and wrong."

"The people who intercepted me just now should have been sent by those big families, otherwise, the leader wouldn't bite his tongue and kill himself!"

Said At these times, Mrs. Lanya looked sad and pitiful.

Speaking of which, she didn't know Mo Shan's true identity, but in order to dispel Yue Feng's doubts, she deliberately made up a lie.

Hearing this, Yue Feng was silent for a while and asked, "So, you really don't know about the sacred book?"

Mrs. Lanya quickly shook her head: "How would I know? It might be those big families, Knowing that the sacred book was lost, you deliberately slandered me." I

have to say that Mrs. Lanya's acting is very similar, especially her pitiful appearance, any man will feel pity when he sees it.

Even Yue Feng was no exception.

At this time, Yue Feng completely believed what Mrs. Lanya said, and did not realize that he was deceived by this charming woman.

This chapter is provided by . Visit for daily update.

“Madam!” In the

next second, Yue Feng thought about it and said to Mrs. Lanya: “If you are just worried about retribution by those big families, I don’t think you need to leave the royal city. The Queen is very righteous, as long as you tell the Queen the truth. , said that he was threatened by Xibo at the time, and that he offended those big families. I believe that the queen will definitely decide for you.”

“It’s better, wait for you to bring your family and return to the royal city with me, and when you meet the queen, you If you are afraid, I will help you.”

When he said this, Yue Feng looked serious.

“I...”

At this moment, Mrs. Lanya was full of resistance. She left the royal city because she stole the sacred book. How could she go back? However, seeing Yue Feng’s sincere look, he didn’t know how to refuse.

After a few seconds, Mrs. Lanya calmed down and smiled at Yue Feng: “I’ll talk about returning to the royal city later, I encountered these men in black just now, many guards were injured, and I’m a little tired, I think Take a rest first, okay?”

She knew that it would definitely not work to reject Yue Feng directly, so she could only find a way to delay the time.

“Okay!” Yue Feng nodded.

Seeing his promise, Mrs. Lanya was very happy, and immediately ordered the maid to build a bonfire, and at the same time told the injured guard to heal.

A few minutes later, the bonfire rose, and a tent was set up beside the bonfire.

At this time, in the tent, Yue Feng and Mrs. Lanya sat opposite each other.

“Fengtao!”

Mrs. Lanya poured two glasses of wine herself, handed a glass to Yue Feng, and said with a smile, “Fengtao, you came just in time, otherwise, the consequences would be unimaginable.”

Under the bonfire, Lan Yafu said The complexion was ruddy, indescribably bright and moving.

Yue Feng smiled: "Madam, you're welcome!"

At this time, Yue Feng wanted to return to the royal city with Mrs. Lanya, but he knew that Mrs. Lanya had just been attacked and must have been frightened. No problem.

At this time, Mrs. Lanya's eyes flickered, and she asked intentionally or unintentionally, "Fengtao, the sacred book is lost, why are you more anxious than the queen?"

Chapter 3512

This...

Yue Feng pondered for a while, and said slowly: "I have been studying ancient books recently, and I heard that the things recorded in the holy scriptures are extensive and profound. I really want to see and see."

Seriously, Yue Feng didn't want to . To answer this question, but seeing Madam Lanya's look of anticipation, she couldn't help but say it.

Hearing this, Mrs. Lan Ya frowned and said curiously: "I heard that the text recorded on it is very special, and ordinary people can't understand it at all."

"I can understand it!" Yue Feng replied with a slight smile. .

Madam Lanya's delicate body trembled, and she stared at Yue Feng in shock.

He... can he read the ancient characters in the sacred book? How many secrets does this man have?

"Okay!"

Just when Mrs. Lanya was secretly stunned, Yue Feng looked outside and urged: "We're almost at rest, it's time to go on our way."

At this time, Yue Feng just wanted to return to Wangcheng as soon as possible. .

Mrs. Lanya bit her lip and hesitated: "It's so dark, let's take a night's rest and leave early tomorrow." After speaking, she quickly poured a glass of wine for Yue Feng.

I finally escaped, how could I go back?

Mrs. Lanya thought about it, waited to pour more wine into Yue Feng, and when he fell asleep, she secretly left with her family.

Uh...

Yue Feng scratched his head, not knowing whether to laugh or cry, and at the same time it was not easy to refuse. He saw that Mrs. Lanya was tired at this moment.

However, Yue Feng didn't know that the tiredness on Mrs. Lanya's face was all fake.

Yue Feng and Mrs. Lan Ya drank a few more glasses, and then rested separately.

Of course, in order to avoid the people below gossip, the tents of Yue Feng and Mrs. Lanya were far away.

call!

After entering the tent, Yue Feng was lying there, the more he thought about it, the more he felt that something was wrong.

Those big families have many ways to deal with Mrs. Lanya. Why do they have to slander her and steal the sacred book?

Also... I saw that the Thousand-changing Exquisite Box was empty in the temple before. At that time, there were only Arina and the Twelve Paladins, and the Queen was already on her way back to the Principality of the Golden Lion. That is to say, only the Holy Light was present. The people in the temple knew that the holy scriptures inside were gone.

No matter how fast the news spreads, it is impossible for all the major families in the royal city to know about it.

Could it be.... is Mrs. Lanya lying?

Thinking to himself, Yue Feng wanted to ask Mrs. Lanya, but she just drank a lot of wine and was a little dizzy.

Forget it, tomorrow morning, let's ask Mrs. Lanya carefully.

After making up his mind, Yue Feng closed his eyes and fell asleep after a while.

the other side.

Mrs. Lanya sat in the tent, looking at the night sky outside, her beautiful face was red with meaning because of drinking, and she was indescribably charming.

At this time, Mrs. Lanya was waiting for time, and when Yue Feng fell asleep completely, she left with someone.

Whoosh!

At this moment, a figure, like a ghost, appeared at the entrance of the tent.

This is a cold and glamorous woman, wearing black soft armor, with exquisite curves and beautiful facial features, but there is no expression on her face, like ice and snow that will not melt in ten thousand years.

Seeing the woman in black, Mrs. Lanya trembled, and then said respectfully, "Your Excellency Ruilin? Why are you here?"

"When I was intercepted, I had already arrived, and I originally planned to take action, but when I saw that wind wave appeared, I temporarily hid."

The woman in black was called Ruilin, and she was from the Huanshimen.

In the entire Roland Continent, in addition to the Temple of Light, there are many hidden organizations, and Huanshimen is one of them. By chance three years ago, Mrs. Lanya joined Huanshimen, and she has been secretly working for Huanshimen since then. potency.

Chapter 3513

And this time secretly stealing the sacred book, it was the master of Huanshimen who instructed Mrs. Lanya to do so.

call!

At this moment, when she heard Ruilin's words, Mrs. Lanya's heart was shocked, but she looked very calm on the surface: "In that case, let's go quickly." With

that, Mrs. Lanya was about to go out to summon the guards and maids . .

However, Ruilin was blocking the exit of the tent, and her tone was playful: "What are you going to do with that wind wave?"

"He drank a lot of alcohol, he should be asleep by now, we leave quietly, he won't know. Mrs. Lanya bit her lip and replied softly: "Fengtao is my friend, please let him go."

Then, Mrs. Lanya thought of something and continued: "Don't worry, I didn't tell you anything." He."

When she said this, Mrs. Lanya felt very uneasy in her heart. You must know that Huanshimen is very mysterious, and no outsiders are allowed to intervene. Although she and Fengtao happened to meet here, it can be considered to destroy the illusion. World's rules.

really!

Hearing this, Rachel shook her head decisively: "You know the rules, since this wind has run into us, we must not let him go."

Mrs. Lanya's heart trembled, and she became anxious: "Rachel, You..."

Before he could finish speaking, he was interrupted by Rachel: "Okay, don't speak for him. When you were chatting just now, I heard it in the dark, this Feng Tao can understand Saint The sect master knows the ancient characters on the Jade Book, and he must be very happy, so I decided to take him back with me." The
