

The ultimate husband in Chinese chapter 1161-1165

Chapter 1161

Yue Feng breathed a sigh of relief. It seemed that the queen was drunk, and even thought of herself as the late emperor.

Embracing the queen, Yue Feng swallowed. This can't be done, in case the queen wakes up after drinking and discovers the truth, she will be finished.

Thinking to himself, Yue Feng was about to slowly break free from the queen and was about to leave. Who knows, the Queen hugged Yue Feng's waist and clasped her fingers tightly, unable to break free at all.

In fact, Yue Feng can stimulate her inner strength and shake her away, but how can she have the courage.

"Xiandi, why didn't you speak?" At this time, the queen finally spoke, rubbing her face against Yue Feng's chest, and said softly, "You have been dead for a few months, don't you miss me? Do you have anything to say to me?"

"Cough cough.."

Hearing this, Yue Feng was sweating profusely. At that time, he had an idea, so he quickly coughed and cleared his throat, in a middle-aged voice, He replied, "Concubine Ai, of course I miss you, so I'm not here to find you tonight."

Yue Feng's ability to 'venture' and changing his voice was a piece of cake.

really!

Hearing Yue Feng's words, the Empress did not have the slightest doubt, but indescribably excited, she hugged Yue Feng tighter, and murmured, "I knew that the late emperor couldn't forget me, just like I miss you every day. It's the same."

Then, the queen took Yue Feng's arm and walked towards the dragon: "Xiandi, let's go to bed and rest together, I have a lot to say to you."

Damn!

This... is this going to collapse?

This time, Yue Feng stiffened and followed the Queen.

Before the dragon collapsed, Yue Feng sat down.

This chapter is provided by . Visit for daily update.

But the moment he sat down, Yue Feng felt very uncomfortable.

This is the dragon's collapse for the emperor to rest. I just sat like this. Not only did I sit, but I also kissed me and me with the queen. If the guards outside saw this, I wouldn't be cut into pieces?

Thinking to himself, Yue Feng was so anxious that he was sweating.

The queen was still immersed in her drunken fantasy, leaning on Yue Feng's body, enjoying it very much, her blushing face even showing a happy smile.

At the same time, the queen kept talking softly: "Xiandi, this past year, I have been diligent and diligent, and I have not abandoned the government.... I have not let you down..."

"Also, that Xicang Continent intends to invade us. Nanyun Continent. But the late emperor rest assured, we Nanyun Continent have strong soldiers and strong horses, and if Xicang Continent wants to attack us, in the end, they will only shoot themselves in the foot."

Speaking of this, the queen smiled lightly: "Tomorrow the Xicang Continent's The messenger is here, and it must be to inquire about the strength of our Nanyun Continent. When the time comes, I will let this messenger have a good look at the strength of our Nanyun Continent." The

queen said a lot, and at the end, her voice was also slow. Slow down.

Yue Feng was so anxious that he didn't hear a word. Seeing that the Queen finally couldn't hold it any longer, he said in a hoarse voice: "Concubine Ai, it's hard for you, it's getting late, you've drunk so much, hurry up and sleep.

" Alright!" The

Queen replied obediently, then lay on Yue Feng's lap, closed her eyes, and after a while, there was an even sound of breathing.

The queen slept soundly. In her heart, she really thought that the late emperor was with her.

Yue Feng didn't dare to move, until he was sure that the queen had fallen asleep, and then he got up cautiously.

This time, Yue Feng didn't dare to be careless and walked out of the bedroom on tiptoe, not daring to make a sound.

When I got outside, I saw that the sky was bright and there were already palace maids and eunuchs walking around. In an instant, Yue Feng's face turned black.

Nima.

Finally got out from Princess Changqing, but tossed with the Queen again in the middle of the night.

I just want to find Long Qianyu and get back the Panlong Jing. Is it that difficult?

Depressed, Yue Feng had no choice but to return to Changqing Palace.

no way!

If it is a little later, if someone sees him coming out of the Queen's bedroom, he will be in trouble.

Soon, when she arrived at the Changqing Palace, she saw that Princess Changqing was still sleeping, her eyelashes fluttered slightly, very quiet and gentle, which was completely different from the arrogance and arrogance when she woke up.

Yue Feng glanced at it, and was a little sleepy, so he lay on the carpet beside him and rested.

....

the next morning, Yue Feng was sleeping soundly, and was woken up by Princess Changqing: "Brother Yue, get up quickly, accompany me to the front hall, and today I will accompany Your Majesty to meet Xi Cang Continent. The messenger."

When she said this, Princess Changqing's tone was not the slightest command, but a bit of request.

This little eunuch is so interesting that he takes it with him wherever he goes.

"Okay..." Yue Feng responded and got up in a daze.

I followed Long Qianyu for three days and three nights without sleeping. Last night, I spent the night in the palace, and it was early in the morning when I slept.

At this time, Yue Feng was still sleepy, but the princess spoke, and it was not easy to refuse.

Soon, after washing up with Princess Changqing and having breakfast together, they went to the front hall together.

As soon as I arrived at the Crown Hall, I saw the civil and military officials, almost all of them, standing neatly on both sides of the hall, each with a serious expression.

On the dragon chair in the main hall, the queen sat quietly, wearing a gorgeous dragon robe, which showed her tight figure incisively and vividly.

Seeing the Queen, Yue Feng couldn't help his heart beat faster.

Nima, last night, the queen was so drunk that she probably didn't recognize herself.

Thinking about it, Yue Feng's mind suddenly came to the scene of last night when the queen hugged herself and called the late emperor.

The gentle appearance of the Queen at that time was really charming. How can there be such arrogance now.

Chapter 1162 The

next second, when Yue Feng glanced at the Queen's side, he was stunned!

I go!

Long Qianyu, she is here today!

Just saw Long Qianyu standing quietly beside the Queen, wearing a purple gold dress, indescribably beautiful and moving, without losing a bit of heroic atmosphere.

This Long Qianyu and the Queen are together, they have their own merits.

The appearance and body of the two women cannot be said.

But it gives the impression that Long Qianyu has a little more heroic and domineering arrogance.

On the other hand, the Queen has the powerful aura of the royal family.

Seriously, both are goddess-level high above, but the feeling is really different.

For a time, Yue Feng looked a little flustered.

However... Yue Feng didn't dare to look any further, standing behind Princess Changqing, bowing his head, looking like a peaceful little eunuch.

To be honest, seeing Long Qianyu, Yue Feng instantly had the urge to rush up.

But Yue Feng still held back.

Before fighting alone, he was no match for Long Qianyu.

Now that there are so many people in the hall, rushing over there is simply courting death.

Moreover, Yue Feng clearly felt that every one of the civil and military officials in front of him was a master of cultivation.

Especially those military officers. The one with the lowest strength is also a 1st Rank Martial Emperor, and there are more than a dozen 3rd Rank Martial Emperor, and even 4th Rank Martial Emperor Realm!

Nima!

The overall strength of this Southern Cloud Continent is simply more than one level higher than that of the Apocalypse Continent!

Thinking to himself, Yue Feng quickly lowered his head to prevent Long Qianyu from seeing him.

“It’s all coming.”

At this time, the queen looked around, her red lips parted lightly, and she said softly, “Wait for the messenger from Xicang Continent to come, what are your countermeasures?”

Her voice was very soft. , but gives a majesty that cannot be desecrated.

Whoa!

As soon as the voice fell, the ministers of civil and military affairs who were present immediately erupted into heated discussions.

Afterwards, a tall and straight figure walked out of the crowd, wearing a pale blue robe, with exquisite embroidery on his shoulders, with extraordinary heroism.

It was Yuan Fei, the commander of the Imperial Guard!

Yuan Fei, who is only twenty-five this year, is already the strength of a fourth-ranking Martial Emperor! He is in charge of the imperial city’s 100,000 Imperial Army, and ranks second only to Long Qianyu in the Southern Cloud Continent, and is highly regarded by the Queen.

“Your Majesty!”

Yuan Fei bowed at the Queen and said respectfully, "No matter what the purpose of the envoy of Xi Cang, today we will let him feel that the strength of our Nanyun Continent will let them get rid of their ambition to invade the west as soon as possible!"

When saying this, Yuan Fei's face was full of confidence and arrogance.

The words fell, and the other ministers around nodded in agreement.

"Commander Yuan is right, let him feel the strength of our Nanyun Continent, and weigh it in his heart!"

"I must let this messenger come with confidence and return in a panic.

"Cang Continent is about to use troops against us, and suddenly another messenger has been sent, who must want to inquire about the strength of our Southern Cloud Continent."

The voice of the ministers' discussion came, and the queen nodded silently.

"Yuan Fei." At this moment, Long Qianyu asked, "How many people did this envoy from Xicang bring to the imperial city?"

Yuan Fei quickly replied, "His Royal Highness Princess Hui, this envoy brought five hundred elite soldiers. , these elite soldiers did not follow the messenger to the palace, but lived in a restaurant outside the palace. Now the messenger is waiting outside the palace alone."

In Yuan Fei's heart, there were two women in the entire Southern Cloud Continent that he admired sincerely.

One is Her Majesty the Queen.

The other is Long Qianyu, so Yuan Fei's attitude is very respectful.

Five hundred elite soldiers?

Hearing this, Long Qianyu nodded, and then said to the Queen: "Your Majesty, I will lead someone now and control the five hundred elite soldiers first."

Five hundred elite soldiers are not too many, nor too few.

In case the messenger came later, the words collided with Your Majesty. If you control the five hundred elite soldiers in advance, you can also prevent problems before they happen.

"Okay!" The

queen nodded without thinking.

As he said that, Long Qianyu walked out of the hall directly, then brought some royal guards and quickly rushed to the restaurant outside the palace.

Seeing Long Qianyu leave the palace, Yue Feng was anxious and wanted to go out.

As a result, Princess Changqing took Yue Feng's arm and whispered: "Brother Yue, you are new here, and you probably don't understand the rules in the palace. Let me tell you, in this great hall, do not walk around, don't talk nonsense, you know? If you walk around and talk nonsense, you will be beheaded."

"Okay!"

Yue Feng had no choice but to nod, wondering whether to laugh or cry. He could only give up the idea of chasing Long Qianyu, and stood here calmly.

Chapter 1163

"Report!"

At this moment, a eunuch walked in quickly, knelt on the ground and said respectfully: "Your Majesty, the messenger of Xi Cang Continent, has been waiting outside the hall for a long time, do you want to announce him to enter the hall?" The

queen nodded . Said: "Announce him to come in." The

voice fell, and the ministers of civil and military affairs who were still discussing suddenly closed their mouths, and at the same time, they all cast their eyes towards the door of the hall.

I saw outside the hall, a eunuch walked in slowly with a middle-aged man.

The man is about thirty years old, dressed in a moon-white robe, very temperamental and handsome. His name was Wu Yong, and he was an envoy sent by Emperor Xi Cang.

That's right, Xi Cang Continent really wants to invade Nanyun Continent.

However, Xi Cang Continent knows very little about Nanyun Continent.

Therefore, Emperor Xi Cang asked Wu Yong to investigate the strength of the Southern Cloud Continent.

At the same time, Emperor Xicang explained to Wu Yong that after he came to the Nanyun Palace, he met the queen and ministers of civil and military affairs, and he must take good care of them.

hiss!

The moment he entered the hall, Wu Yong took a deep breath! The Southern Cloud Continent is too strong, isn't it? These civil and military officials are all masters!

Thinking to himself, Wu Yong clenched his fists to the Queen: "Wu Yong, messenger of Xi Cang, see Your Majesty, long live Your Majesty, long live."

Of course, he just clasped his fists, and didn't mean to kneel at all.

At this time, Wu Yong thought about it, even if Nanyun Continent's overall strength is strong, he can't embarrass Xi Canghuang.

"Wow!"

Seeing Wu Yong being so rude, that he didn't kneel down to the Queen, all the civil and military officials present were furious.

This Xi Cang messenger is too arrogant, right? !

Seeing that Her Majesty the Queen does not kneel, it is clear that she does not take Nagumo Continent seriously.

At this time, the commander of the imperial guards, Yuan Fei, came out and looked at Wu Yong coldly: "Seeing our Queen, in order not to kneel? Are you Xicang Continent so unruly?"

"Om!"

When he said this, A very strong breath burst out from Yuan Fei, and his eyes locked Wu Yong tightly.

For a time, the atmosphere in the entire hall was depressed, and it was almost breathless.

"Huh..."

Feeling the powerful breath on Yuan Fei's body, Wu Yong's expression changed, and then he smiled slightly: "This general, that's not a good word. I am His Majesty the Emperor Xi Cang, the appointed messenger, representing the West Cang Emperor. Cang Continent, come to visit Nanyun Continent in a friendly manner. I am not a subject of Her Majesty the Queen, so why do I kneel?"

After speaking, Wu Yong looked at the Queen and continued with a smile: "I think it is understandable that Her Majesty the Queen is gracious and kind. Yes."

When he said this, Wu Yong's face was calm, but his heart was a little nervous.

To be honest, the overall strength of this Southern Cloud Continent is really too strong.

Especially in front of these civil and military ministers, the powerful pressure that erupted from their bodies was almost suffocating.

But he represents Xi Cang Continent, so he must not be cowardly.

"You..."

Yuan Fei was shocked when he heard these words, but he couldn't refute it.

Immediately, Yuan Fei changed his mind, looked at Wu Yong and said with a light smile: "Emissary Wu is really good at speaking, so let me ask you, you are a courtier in Xi Cang Continent, and you must kneel when you meet Emperor Xi Cang? Our empress has the same status as Emperor Xi Cang, why don't you kneel?"

The voice fell, and the others around nodded in agreement.

"Yeah, kneel, kneel!"

"The messenger of Xicang Continent is really uneducated."

At this time, Princess Changqing was also full of displeasure, and couldn't help but muttered: "This messenger of Xicang is too hateful. Now, when I saw the Queen Mother, I didn't even kneel."

Hearing this, Yue Feng laughed secretly, and looked at Wu Yong, thinking secretly in his heart.

This Wu Yong is indeed rude.

But then again, a messenger can face such a situation without changing his face. This Wu Yong is also considered a talent.

Civil and military officials, when the question from you and me came, Wu Yong did not panic at all, changed the subject, and smiled at the queen: "Your Majesty, the Emperor of Xi Cang, specially asked me to bring a gift. To Her Majesty."

With that, Wu Yong took out an exquisite box from his body.

Swish!

In an instant, the hall became quiet, and everyone's eyes were fixed on the box in his hand.

"Huh?" At this moment, the queen finally spoke up, without the slightest fluctuation on her face, she said lightly, "What gift."

Wu Yong smiled and opened the box. Take something out of it.

Whoa!

In an instant, everyone present was stunned.

I saw Wu Yong holding a round jade in his hand. This jade is of superb quality at first glance. I'm afraid money can't buy this kind of stuff!

"This... this is a top-quality jade!" In the

court, I don't know who said it, and immediately, everyone else became interested.

Chapter 1164 It is

rumored that the continent of Xi Cang is rich in beautiful jade. But this piece of jade in Wu Yong's hands is pure and flawless, and it is truly the best of time!

"What a jade! If you can put this piece of jade on a rope and hang it around your neck, it would be so beautiful!"

"Yes, Her Majesty's face is already beautiful, if you take this piece of jade as a A pendant, that is simply a beautiful jade with a beautiful woman!"

The Queen smiled lightly upon hearing the words of the civil and military officials. Although she is the most expensive, what woman doesn't love beauty? Hearing the praise of the civil and military officials, the queen was also a little happy.

"Your Majesty!"

At this moment, Wu Yong smiled, took a few steps forward, held the beautiful jade in his hand and said, "This beautiful jade is called 'Nine Qu Xuanyu'. It is our Xicang Continent. , the treasure that everyone wants! Three years ago, our Xi Cang Continent was torn apart, and various forces fought each other, and all took pride in grabbing this piece of jade. Xuanyu, it's in the hands of our Majesty!"

Hearing this, the entire hall fell silent, and everyone listened with serious expressions.

At this time, Wu Yong smiled and continued: "The reason why this beautiful jade is called Jiuqu Xuanyu is because there is a small hole in the jade. This small hole has

nine curves and eighteen bends. I want to To hang this beautiful jade around your neck, you must use a rope to pass through the beautiful jade. But this beautiful jade has nine bends and 18 bends, and the rope cannot pass through. So far, no one has been able to pull this beautiful jade through. A piece of beautiful jade, hang it around your neck.”
The

voice fell, Wu Yong held the jade and displayed it in front of the civil and military officials.

I saw that there was a hole in this beautiful jade. And this hole is not straight, but turns a full eighteen bends in it.

Wu Yong smiled and said to the Queen: “Your Majesty, before I came to the main hall, I wanted to use a red rope to pass through the nine-curved Xuanyu, so that Her Majesty the Queen could wear it immediately. Unfortunately, the rope is too soft. I can’t pass through the tunnel at all. I’m naturally stupid, and I can’t think of any way to pass the red rope.” As the

voice fell, Wu Yong took out a red rope from his body and said, “I’m naturally stupid, I can’t find it. When it comes to the method of threading the rope, but I heard that the Nanyun Continent is rich in resources and talented, and the civil and military officials present are all smart. I think you must have a way to thread the rope.”

This time, representative of Wu Yong When Xi Cang Continent came to visit, Emperor Xi Cang gave him a task, which was to investigate the strength of Nanyun Continent.

But when he came to the palace, Wu Yong saw that the civil and military officials of the Southern Cloud Continent were all so strong, and he knew in his heart that it would be almost impossible to conquer the Southern Cloud Continent by force. But this trip can’t be in vain. It is necessary to make the civil and military officials of the Southern Cloud Continent make a fool of themselves, and only after returning by themselves, can they communicate with Emperor Xi Cang.

Whoa!

At this moment, the surrounding civil and military officials suddenly erupted into heated discussions.

“This small hole has eighteen bends, how can the rope pass through?”

“Yeah, it’s impossible!”

At the same time, Yue Feng also frowned secretly, looking at Jiuqu Xuanyu And the red rope, have a strong interest.

Use a red rope to pass through the small hole in the beautiful jade, which is impossible for ordinary people to do.

Not to mention ordinary people, cultivators are also careful not to use their internal strength, because the nine-curved mysterious jade is very fragile, and it will shatter if it is not careful.

Nima.

This messenger from the Xi Cang Continent is clearly trying to cause problems for the civil and military officials of the Southern Cloud Continent, and make them embarrassed.

“I’ll try!”

At this moment, Yuan Fei stepped out first, with a confident expression on his face: “Isn’t it easy to pass through with a rope?”

Wu Yong smiled and handed Jiuqu Xuanyu and the red rope over.

After Yuan Fei took it, he began to wear it seriously.

At first, Yuan Fei wanted to use internal force, because under the control of internal force, it was very easy to pass the rope through Jiuqu Xuanyu.

But soon, Yuan Fei discovered that although this nine-sentence jade is a rare thing in the world, it is very fragile. Yuan Fei did not dare to take the risk, so he had to give up the use of internal force.

As a result, a few minutes passed, Yuan Fei was sweating profusely, and there was no progress at all.

The small hole is curved and can’t pass through at all.

Seeing this scene, the smile on Wu Yong’s face grew stronger.

Haha...

When this nine-sentence Xuanyu fell into the hands of Emperor Xi Cang, the people below tried countless times without success.

Even if you Nanyun Continent are powerful, are you still helpless?

“How is it, Yuan Aiqing?” At this moment, the queen sitting there asked softly.

At this time, the queen also saw that Wu Yong presented this nine-song Xuanyu in order to make his Manchu civil and martial arts make a fool of himself.

However, Yuan Fei is the most respected minister, with strong strength and outstanding talent, he must have a way.

“This...”

Yuan Fei's face flushed, embarrassed and embarrassed, and said to the queen: “Your Majesty, my minister... I have not succeeded, I will try again...”

When he said this, Yuan Fei said A forehead sweat.

After a while, Yuan Fei never succeeded, so he had to retreat unwillingly.

Immediately, several other ministers also came up to try, but they were unsuccessful.

For a time, the atmosphere of the entire hall became a little subtle and depressed.

The civil and military officials of the Manchu Dynasty, facing a small piece of nine-curved Xuanyu at this time, are all frowning, completely lost the appearance of the ministers in the court, and all of them are in a hurry.

The queen also frowned, looked around, and her red lips parted lightly: “What? No one can think of a way?” The

dignified Nanyun Continent is full of talents, but at this time, she was stumped by a piece of jade.

If this matter spread to other continents, the face of the Nayun royal family would be lost.

quiet!

In the hall, there was silence, Yuan Fei and the surrounding ministers bowed their heads and looked ashamed.

Chapter 1165

Alas!

At this time, Wu Yong sighed and said to the Queen with a hypocritical emotion: “Your Majesty, before I came here, I thought that there were many talents in the Southern Cloud Continent, and some people could successfully pass through, but I didn't expect... Hehe, but please Her Majesty the Queen calms down and wants to use a rope

to pass through the beautiful jade, which is really not something ordinary people can do...”

Wu Yong’s meaning was also obvious.

You Nanyun Continent are powerful, but you are nothing but a bunch of reckless men.

There are no real capable people.

Swish!

Hearing this, the queen’s beautiful face was very ugly, but it was not easy to get angry with her own identity.

Yuan Fei and other ministers were even more shocked.

However, it was a fact that he did not succeed in passing the red rope.

Therefore, everyone present glared at Wu Yong, but could not refute.

At this moment, Yue Feng watched quietly, his brows furrowed, and he couldn’t help muttering in his heart.

This is really interesting.

How do you get through it?

Thinking about it, Yue Feng thought of a lot of ways in his mind, but it didn’t work. In the end, he communicated with Pang Tong and Yuan Tiangang in Linglong Pagoda through his thoughts.

“Do you have a solution?” Yue Feng asked with his mind.

In fact, Yue Feng didn’t want to help Nanyun Continent, but he was just too curious.

Pang Tong and Yuan Tiangang are both famous and capable people in the history of the Earth Circle, and they can definitely think of a solution.

“this...”

In an instant, Pang Tong and Yuan Tiangang in the Linglong Pagoda pondered, silently thinking of ways.

A few seconds later, Pang Tong thought of something, hehe smiled, and responded to Yue Feng: “Master, I have a solution...”

Immediately afterwards, Pang Tong quickly said his own solution.

Haha...

worthy of being Fengchu, worthy of being as famous as Zhuge Liang! This ingenious thinking is simply incredible.

Hearing Pang Tong's method, Yue Feng was overjoyed and couldn't help but smile.

"Your Majesty the Queen!"

At this moment, Wu Yong looked around and said to the Queen with a smile: "No one can pass the rope through, it seems that Your Majesty has no chance to wear this nine-curved Xuanyu, but it is placed in the bedroom. It's also good to watch."

This is polite, but it is actually a mockery.

The civil and military officials present are not fools, how can they not hear it?

Yuan Fei's face was ashen, he couldn't help walking out, and shouted at Wu Yong: "Who said no one can pass through? Don't underestimate my Nanyun Continent."

"Really?"

Wu Yong smiled, The slow response: "It seems that Commander Yuan has come up with a solution?"

"I..."

Yuan Fei was dissatisfied, but he was speechless.

At this time, Yuan Fei was very angry in his heart. If it was a martial arts competition, he would never be afraid of anyone.

But this Wu Yong, that piece of nine-curved mysterious jade, actually stumped him, which was simply too embarrassing.

"Can no one get through?"

At this moment, the queen couldn't sit still, with a layer of frost on her delicate face, she looked around coldly: "I have passed the word of my mouth, who can use a rope to pass through this nine-curved mysterious jade, I have Rewards!"

How could a piece of jade be stumped by the dignified Nanyun Continent?

Let alone let this Xi Cang messenger see a joke.

The Queen's cold voice spread throughout the hall.

However, the civil and military officials present all bowed their heads in shame, and no one dared to respond.

They all knew that this was a good opportunity to appear in front of the Queen.

But no matter what, I don't have that ability.

"Your Majesty, why don't I try it!"

At this moment, a voice came from the side, and then a figure came out and spoke respectfully to the Queen.

It is Yue Feng!

At this time, Yue Feng was wearing a suit of eunuchs. Compared with the self-confidence on his face, this outfit seemed too inconsistent.

"Brother Yue!" Seeing him go out, Princess Changqing became anxious and whispered, "What are you doing? Come back quickly."

Is he crazy?

Manchu civil and military are helpless, what can you do?

Moreover, you are just a little eunuch. If you don't succeed, you will only make the messengers of Xi Cang Continent laugh. At that time, it will be the Nayun royal family who will be embarrassed.

More importantly, when the mother emperor gets angry and wants to execute you, who will play with me in the future?

Thinking of this, Princess Changqing became even more anxious.

Yue Feng had a calm expression on his face, and gave Princess Changqing a comforting look.

Swish!

At this moment, the eyes of everyone in the hall converged on Yue Feng, each with complicated eyes.

"A little eunuch, what's the limelight?"

“This kid wants to show up when he hears the big reward? Hehe... I don't know whether to live or die!”

“We can't do anything, can you do it?”

A little eunuch?

Wu Yong was also stunned for a moment, looking at Yue Feng up and down, and then he couldn't help but smile contemptuously: “Is there no one in your Nanyun Continent? The civil and military of the whole dynasty are helpless, and finally let a little eunuch come out?”

Wow!

As soon as these words came out, the faces of everyone present were extremely ugly.

Wu Yong's remarks are full of provocation, but they are also true.

How could a little eunuch support the scene in the dignified Nanyun Continent?

It's him again!

At this time, the queen's pretty face was frosty, she stared at Yue Feng tightly, and scolded: “Go back!”

This eunuch, who was playing wildly with Princess Changqing yesterday, spared his life, and now is making a fool of himself in the hall. .

Looking for death?

Feeling the Queen's anger, Yue Feng did not panic at all, and said with a smile: “Your Majesty, only the servants can pass the rope through.”

When he said this, Yue Feng looked calm and confident.

Of course, Yuan Tiangang told him this method.

As soon as he finished speaking, Yuan Fei couldn't help walking out, pointing at Yue Feng and scolding: “We can't do it, what can you do? Don't be embarrassed here, and hurry back.”
