

The ultimate husband in Chinese chapter 1616-1620

Chapter 1616

Before Han Ao Ran was meditating and resting in the inn, when he opened his eyes, he found that the ice was gone. In a hurry, Han Ao Ran hurried out to look for it.

After searching for a long time, he found that the woman had entered the palace, and Han Ao Ran was so anxious.

Inside the palace, the security is heavily guarded, and at night, my daughter, Han Bing, broke in rashly. Isn't she courting death?

At that time, Han Aoran didn't know that Han Bing was here to look for Yue Wuya. He was eager to protect his daughter, so he broke in directly.

At this moment, Yue Wuya trembled, and looked at Han Ao Ran subconsciously, his face full of shock!

This fairy aunt is the mother of Bingbing?

Yue Wuya hurriedly took two steps forward and shouted at the surrounding royal guards: "Stop, stop..."

Hula!

Seeing the prince speak, the four Longchung Golden Guards and the surrounding royal guards all stopped and dispersed quickly.

"Bing'er!"

At this time, Han Ao Ran put away his long sword, hurried up to meet him, hugged Bing Bing in his arms, and said anxiously and angrily: "You girl, what are you doing in the palace when you have nothing to do, you Do you know how worried I am?" The

tone was stern, but there was a bit of concern. At the same time, Han Ao Ran's gaze couldn't help but look at Yue Wuya.

Who is this kid? How could his daughter be with him?

Han Aoran had heard Han Bing mention Yue Wuya, but he had never seen it.

"Mother!" Han Bing stuck out his tongue playfully and said with a smile, "I know that you want to save the various sects in the Diyu Continent, so I came to Brother Wu Ya to help."

This chapter is provided by . Visit for daily update.

When he said this, Han Bing tilted his head. Looking at Yue Wuya, his face was sweet.

Is this child Yue Wuya? Han Ao Ran nodded and looked at Yue Wuya: "You are the prince of Apocalypse Continent?"

At the same time, Han Ao Ran had mixed feelings in his heart.

After Han Aoran came to Tianqi Imperial City, he heard a lot of things. The relationship between Yue Wuya and King Guangping is one of them.

This Yue Wuya is not the child of King Guangping at all. His biological father is Yue Feng, the sect master of Tianmen. This matter has recently been rumored in the imperial city.

When thinking of Yue Feng in his heart, Han Aoran felt a burst of heartache.

"Mother! What's wrong with you?" Han Bing couldn't help asking when he noticed that Han Ao Ran's expression was wrong.

Han Aoran breathed a sigh of relief, smiled and said, "It's nothing."

Han Aoran hated Yue Feng in his heart. If it wasn't for him, he would not have been forced to leave Emei. Therefore, anything related to Yue Feng should be taken from the bottom of his heart. conflict. Han Ao Ran would not let his daughter recognize Yue Wuya and his siblings.

At this moment, Yue Wuya came over and gave Han a proud and polite salute: "Hello auntie."

Although he grew up in Tianqi Continent, over the years, Yue Wuya often went to Diyu Continent and learned a lot. The modern colloquial language and appellation of Diyu Continent.

While saying hello, Yue Wuya was deeply shocked by Han's proud face, and couldn't move his eyes.

I didn't expect Bing'er's mother to be so beautiful and charming.

Um.

Han proudly nodded, with a proud and indifferent look on his face.

As the former head of the Emei Sect, Han Ao Ran is cold and arrogant. No matter who he is facing, he is the image of an aloof icy gods who is reluctant to talk much.

More importantly, this Yue Wuya was the son of Yue Feng.

Feeling Han Aoran's indifference, Yue Wuya didn't care, and invited him with a smile, "Auntie, it's better to meet by chance. Since you came to the palace to find Bing'er, why don't you rest in the palace tonight."

When he said this, Yue Wuya looked expectant and sincere.

I haven't seen Bing'er for a long time, so of course we have to catch up.

"No need!" A cold voice came from Han Ao Ran's mouth, without any emotion.

When the voice fell, Han proudly took Han Bing's hand, no doubt: "Bing'er, let's go."

Uh...

Chapter 1617

Hearing this, Yue Wuya scratched his head, dumbfounded.

Bing'er's mother has a really cold personality.

Whoa!

Seeing this scene, the surrounding royal guards changed their expressions slightly and whispered.

This... This woman is such a big girl. His Royal Highness is so polite and courteous, and even invited her to stay in the palace to rest. If it were someone else, it would be a supreme honor.

But this woman didn't even think about rejecting it, her attitude was still so indifferent.

Really ignorant of flattery! However, seeing that Yue Wuya did not say anything, these royal guards did not dare to speak out.

"Mother!"

Han Bing was a little anxious, holding Han Ao Ran's arm and shaking it gently: "Why don't we stay for a while, my brother Wu Ya and I have just met, and we haven't had a good rapport yet.

" , what is there to reminisce about?" Han proudly frowned, and there was no room for negotiation.

Hearing this, Han Bing lost his face.

She understands her mother's temper, and she always speaks without refutation.

However, Han Bing is smart and clever. After thinking about something, he quickly said: "Mother, do you know that Wudang and Shaolin have been released by brother Wuya."

Huh?

People have let go?

Han proudly looked at Yue Wuya again, this child is young, and he is quite righteous.

For a while, Han Ao Ran didn't have any fluctuations on the surface, but his view of Yue Wuya changed slightly.

"Mother, Brother Wuya is a good guy, let's stay for a while." At this time, Han Bing begged again, her big watery eyes sparkling with anticipation, which was pitiful.

"Okay." Han Ao Ran nodded lightly.

This Yue Wuya let go of Wudang and Shaolin's major sects, but it was a wish to help himself, and it was really inappropriate to leave directly.

Great!

Seeing her mother's promise, Han Bing immediately smiled happily: "I knew that my mother is the best for me!" At the same time, Yue

Wuya also smiled slightly and made a gesture of invitation: "Auntie, please!"

Wuya leads the way.

Han Bing hugged Han proudly's arm, full of joy, and followed behind.

"Royal father!"

At the moment of entering the hall, Yue Wuya smiled and said: "Royal father, it was a misunderstanding, Bing'er's mother came to the palace to find her."

King Guangping nodded and looked at Han Aoran, and in an instant, Everyone was stunned.

beautiful!

So beautiful!

Although this woman was dressed in ordinary clothes, she couldn't hide her charming appearance, especially her aloof temperament, which was almost fascinating.

The gaze of King Guangping made Han Aoran very uncomfortable, but there was no wavering on his face, he just nodded to King Guangping as a greeting.

Whoa!

At this moment, the surrounding eunuchs and palace maids were in an uproar.

Such an arrogant woman, when she saw His Majesty, she refused to kneel and salute?

The complexion of King Guangping also changed suddenly. As the honor of the Ninety-Five and the supreme authority, this woman is so bold.

For a time, the atmosphere of the hall became extremely solemn. The surrounding eunuchs and palace maids did not dare to show their air.

Chapter 1618

Finally, at this time, King Guangping smiled slightly, looked at Han and said proudly: "Isn't this the head of Han, the predecessor of Emei? I have often heard that the head of Han is famous for the Jedi Circle Continent. When I saw it today, It really lives up to its reputation."

Having said that, King Guangping raised his hand: "Come on, give a seat!"

When he was still a prince, King Guangping was in charge of government affairs between the Tianqi royal family and various continents. Knowing it like the palm of your hand, you naturally know Han Aoran.

To be honest, King Guangping wanted to get angry and show off his royal power, but when he thought that Han Aoran's daughter was friends with Yue Wuya, he held back.

More importantly, Wang Guangping had just ascended the throne, and it was the time to hire people, and Han Ao Ran was the strength of the Tribulation Realm. If he could win over, he would be able to consolidate his throne better.

The voice fell, and a eunuch immediately brought a chair.

Han nodded proudly and sat down slowly.

"Sect Master Han!"

At this time, King Guangping asked with a smile: "I heard that Sect Master Han has left Emei and has disappeared in recent years. How dare you ask where you are now living in seclusion?"

"Travel and expand your knowledge."

"Sect Master Han, many years ago, you were famous in the world. You have traveled around in these years, and your cultivation base must have risen sharply. It is an honor for me to come to my palace today." Guang King Ping smiled, then waved his hand to the eunuch next to him, and ordered: "Quick, go down and let the imperial chef prepare the dinner. I will treat the head of Han and her daughter well tonight. When you come to the palace, there must be no mistake."

This Han proudly has strong strength, and his daughter and Ya'er are a good match, so naturally he should treat him well.

Han Ao Ran's face was calm and he smiled lightly. My heart was secretly shocked.

Setting up a dinner party and summoning hundreds of civil and military officials to accompany them is the highest standard of the Apocalypse royal family when it treats foreign guests.

At the same time, the ice beside him was extremely excited.

Unexpectedly, this emperor, His Majesty, attaches so much importance to his mother and daughter. It seems that coming to see brother Wuya tonight is the most correct decision he has made over the years.

A few minutes later!

In the Qianyuan Hall, hundreds of civil and military officials have arrived, and the banquet has also begun.

Han proudly sat at the top of the guests, enjoying the dance and drinking light wine.

On the dragon seat, King Guangping smiled and was in a good mood.

The surrounding civil and military officials also proudly toasted Han.

"I've heard the name of Sect Master Han for a long time, I'll give you a toast!"

"Yes, I heard that Sect Master Han is a well-known iceberg gods from the Earth Circle. When I saw it today, it was truly amazing."

"I also respect Sect Master Han . One cup!"

These civil and military officials, all of them elite, knew the purpose of His Majesty's banquet this time, as long as it was to win over Han Aoran, they naturally tried their best to curry favor.

Facing the enthusiasm of the crowd, Han Ao Ran looked calm, but he didn't drink too much. Every time he raised his glass, he took a small sip. Cool and elegant temperament.

"Master Han!" At this moment, King Guangping smiled proudly at Han: "I have a proposal, Master Han is beautiful and powerful, I am going to make you a national teacher."

Having said that, King Guangping looked at Yue Wuya and Han Bing next to him, and continued with a smile: "Also, I see that Ya'er and Bing'er are in love with each other, and they have gone through so many things before, it's a match made in heaven, I really decided, canonize Bing'er as the Crown Princess, and wait until the two of them become adults, and then hold the wedding, I don't know what the head of Han will think?"

After saying this, King Guangping looked closely at Han Aoran, showing a bit of anticipation.

The two decisions are my greatest sincerity.

This cold pride should not refuse.

Whoa!

At this moment, the entire hall was in an uproar, and the eyes of the civil and military officials all converged on Han Aoran, incredibly envious and shocked.

Chapter 1619

Your Majesty is generous.

Not only did she seal Han Ao Ran's national teacher, but she also made her daughter the crown princess. Everyone knew that although Yue Wuya was not personally born to King Guangping, he regarded it as his own, and the throne would definitely be passed on to him in the future.

In that case, Han Aoran's daughter will be the queen in the future.

She is also the national teacher and the mother of the future queen. The status of Han Ao Ran in the future must be incredibly expensive.

Swish!

At the same time, Han Bing's face turned red all of a sudden. She was shy, but her heart was extremely sweet.

At this time, Han Bing was at the age of the beginning of love. In fact, I liked Yue Wuya for a long time in my heart, but I didn't know how to express it. At this time, seeing the emperor explained the words all at once, he had to seal himself the prince concubine. Don't know how to be okay.

Yue Wuya next to him was even more stunned, his mind went blank.

Does the emperor want to marry himself and Binger?

This happiness came so suddenly!

Soon, Yue Wuya reacted, and he couldn't be more excited. In his heart, he already had a good impression of Han Bing, but after all, he was not an adult, and he didn't know how to express it.

While excited, Yue Wuya also looked at Han Ao Ran closely, waiting for her response.

After all, Han Ao Ran is Han Bing's mother, and marriage matters must be approved by her.

"No." The cold words came out of Han Ao Ran's mouth, with a delicate face, incomparably determined, and there was no room for negotiation: "The position of the national teacher, and the two of them are engaged, I do not agree."

"Hi!"

Hearing this, the entire Qianyuan Hall was silent, and everyone's eyes turned to Han Aoran, stunned.

She...she said no? As soon as His Majesty's mouth opened, she refused?

Not only civil and military officials, but Yue Wuya and Han Bing were also stunned, looking at Han Ao Ran in confusion.

How could this be?

This is a good thing for double happiness, why refuse?

At this moment, Han Bing only felt that he was wronged, tears kept rolling in his eyes, pitiful and pitiful.

"Auntie!"

At this moment, Yue Wuya couldn't bear it anymore, looked at Han proudly and asked: "Why not? Binger and I both like each other, I promise you, I will definitely treat her well in the future.

"No!" Han Ao Ran did not hesitate at all, his attitude was very firm.

Both Han Bing and Yue Wuya's biological fathers are Yue Feng, how could they get married? This is a taboo against ethics.

For a time, the atmosphere of the hall became extremely solemn.

King Guangping's face was gloomy and uncertain, and he was about to attack at any time.

This cold and arrogant, she showed such sincerity, but she refused so simply.

I just didn't take the royal family seriously, it's too hateful!

"Han Ao Ran!"

At this moment, among the civil and military officials, a person walked out with a serious and angry face, it was Yue Chen.

Yue Chen took a few steps forward, stared at Han Ao Ran and scolded: "You are so bold, Your Majesty is so arrogant, but you are so ignorant, do you know the guilt?"

"Said: "Although you are from a famous Emei family, but you are nothing but rambunctious, is it in your heart that a dignified prince is not worthy of your daughter?"

Chapter 1620 Yue Chen looked at Han Ao Ran and continued to scold: "Also, you used to be the head of Emei, and now His Majesty wants to make you a national teacher. If you don't agree, you really don't know how to praise."

Years ago, when Yue Chen was still living in Earth Circle, he didn't dare to talk to Han Ao Ran like that even if he was killed! But now, he is an important minister of the Apocalypse Continent. The so-called dog fights people's power, and he has the confidence to speak.

As he said that, Yue Chen secretly paid attention to King Guangping's face.

Yue Chen is a slick person, and is best at observing words and expressions. Knowing that King Guangping holds his own identity, it is inconvenient to say these words by himself, so he said it for him.

Swish!

At this moment, the eyes of everyone in the hall were fixed on Han Ao Ran, waiting for her answer.

King Guangping also sank.

The situation at this time is very obvious. If Han Ao Ran can't give a suitable reason, this matter will not go away!

However, Han Ao Ran did not panic at all!

Facing the gazes of everyone, Han proudly met King Guangping with his eyes, and said without being humble or arrogant: "I understand His Majesty's good intentions, I am used to traveling around the world, and I am not interested in being a national teacher. As for Yue Wuya and Bing Son, I just think that the two of them are too young to talk about marriage."

Han Aoran has a arrogant personality and has always been reluctant to admit that Han Bing is Yue Feng's daughter.

call!

Hearing this, King Guangping's expression softened a little, and he laughed: "It turns out that the head of Han is considering the age of the two children, but it doesn't matter, I just want them to settle the marriage first..."

Before he could finish speaking, he was interrupted by Han Ao Ran.

"I think it's better to talk about this later." Han Ao Ran said lightly, with a calm expression and no panic at all.

Swish!

In an instant, King Guangping's face was ashen, and he was completely angry.

What a cold arrogant, your own prince, betrothed to your daughter, you refuse in every possible way? ! You are so ignorant, do you really think my emperor is just a decoration?

The more King Guangping thought about it, the more angry he became, and the anger in his heart kept rising. You know, in front of civil and military officials, Han Ao Ran repeatedly refused, so where should he put his face?

"Father!"

Seeing that the atmosphere was not good, Yue Wuya hurriedly stepped forward and said, "My son also feels that it is too early to talk about marriage, my son is still young,

and it is the age to solve problems for the father, why? Can you indulge in the love of children?"

When he said this, Yue Wuya's expression was serious, but his heart was very helpless.

He couldn't understand why Han Aoran refused this marriage, but she was Han Bing's mother after all.

Um!

Hearing this, King Guangping nodded slowly, with a look of relief on his face: "Ya'er is right, you are young and promising, and it is when you are working for the royal family that you can understand this truth, it is rare!

", King Guangping looked at Han Aoran, smiled and said, "Okay, let's not talk about this matter for the time being, Sect Master Han, let's continue tasting the wine and enjoying the dance."

Seriously, if Yue Wuya hadn't come out in time After smoothing the game, King Guangping couldn't hold back his anger.

call!

At the same time, the surrounding civil and military officials also breathed a sigh of relief.

Fortunately, it's okay, His Majesty is not angry with Longyan, otherwise, it would not be easy for me as a minister.

At the same time, the eyes of many people converged on Yue Wuya, flashing a strange light. In the entire Apocalypse Continent, only this prince can persuade His Majesty.

Han Ao Ran nodded slightly, took a sip from the wine glass.
