

The ultimate husband in Chinese chapter 1816-1820

Chapter 1816

In Chang'e's heart, the Ksitigarbha Pavilion is a forbidden place in the royal family. Not only is the location hidden, but it is also heavily guarded by the surrounding area. Even if you tell the location, he will not be able to find it.

Feeling Chang'e's contempt, Yue Feng smiled and said nothing.

Immediately afterwards, Yue Feng looked at Liu Xuan with a smile: "Xuan'er, I brought the things." When the words fell, Yue Feng took out the magic face beads from his body.

call!

Seeing Huanyanzhu, Liu Xuan's delicate body trembled, and she was very happy. She hugged Yue Feng tightly, and her heart was filled with endless happiness.

This is his own man, omnipotent.

Zhu Rong, Shennong Clan, and Chang'e were all stunned, and looked at Huanyanzhu closely!

Chang'e bit her lip. Unexpectedly, this kid Yue Feng really took Huanyanzhu into his hands. It was the Ksitigarbha Pavilion guarded by heavy troops. How did he escape?

At this time, Chang'e didn't know that when Yue Feng slipped into the Beiyang Palace, the guards of the Beiyang Palace were all led out of the imperial city by the masters of the rivers and lakes in the Earth Circle Continent. Therefore, Yue Feng can easily get the magic face beads.

"Haha..." Shennong couldn't help laughing: "It's really a magic face pearl, it is indeed a treasure nurtured by the essence of heaven and earth."

As he said, Shennong waved at Liu Xuan and began to help her restore appearance.

At this moment, Yue Feng and Zhu Rong stood aside, not daring to let out the air.

"Om!"

Seeing that Shennong's inner force was injected into the Magic Face Pearl, suddenly, strange rays of light bloomed from the Magic Face Bead.

The next second, Shennong put the Huan Yanzhu on Liu Xuan's face and gently rolled it back and forth. As she rolled, Shennong kept meditating on something.

Liu Xuan only felt cool and refreshing on her face, and then the skin on her face changed little by little.

“Okay.”

After a few seconds, Zhu Rongshi put away the magic face beads and said with a smile: “You’re done.”

My God!

At this moment, Yue Feng stared blankly at Liu Xuan, his heart was full of excitement, and his whole person was crazy!

Seeing that half of Liu Xuan’s face as black as ink is now snow-white and lustrous, not only has her previous appearance been restored, but her skin is even better than before, and it is almost broken by blowing a bullet!

Is this the effect of phantom beads? Simply amazing.

Under the excitement, Yue Feng couldn’t help but admire secretly in his heart.

Zhu Rong was also amazed: “As expected of a rare treasure in the world, in the blink of an eye, the face of my younger brother and sister changed. I really didn’t expect that my younger brother and sister turned out to be so beautiful.”

Phew!

Seeing the reactions of several people, Liu Xuan took a deep breath, and quickly looked in the mirror, her body trembled, and she felt stupid.

myself... I really changed back.

In the next second, Liu Xuan jumped into Yue Feng’s arms and burst into tears with excitement: “Husband, thank you, I thought I was going to be ugly like this all my life...”

Yue Feng smiled and patted Liu Xuan’s Xiangjian comforted: “My Yue Feng’s woman, how can she be ugly, haha...”

Haha...

Seeing this scene, Chang’e couldn’t help but sneer.

What a bunch of bumpkins, a magic face beads, can be surprised to be like this.

Thinking to herself, Chang'e said coldly to Yue Feng: "Okay, don't kiss me and me, you have already got Huanyanzhu, now you should follow me back to the palace, in front of the civil and military officials and Yang Jian, help me. I've recovered my innocence."

The

voice was not loud, but there was no doubt about it.

"Niangniang!"

Yue Feng smiled bitterly, looked at Chang'e and said, "Originally I should have gone back with you, but I had a little trouble in the imperial city before, I'm afraid it will be delayed for you to help you restore your innocence. ."

Swish.

Hearing this, Chang'e's face changed, her eyebrows knitted together: "What do you mean? Do you want to admit it?"

Chapter 1817

Yue Feng sighed, looked at Chang'e, and said incredulously: "Niang Niang, you misunderstood, how could I refuse to admit what I say? I will definitely help you prove your innocence, but it will take a few days. Because I went to pick up Huanyanzhu just now, and before I left the imperial city, I met Yang Jian.... Yang Jian hates me to the core, if he sees me, he will definitely kill me..."

In the next few minutes, Yue Feng will just What happened is explained in detail.

What?

After listening to Yue Feng's words, Chang'e's delicate body was shocked, and she was very surprised.

Yang Jian once defiled his sister-in-law?

Zhu Rong and Shennong, who were next to them, also looked at each other, inexplicably surprised.

Yang Jian, known as Erlang Zhenjun by the world, is famous all over the world, but he did not expect to be such a person.

"Yue Feng!"

At this moment, Chang'e reacted and glared at Yue Fengjiao and shouted: "You don't want to play tricks for me, what is Yang Jian's senior brother, you are afraid that you will

go back with this palace and your life will not be saved, so just Deliberately making up a story to make fun of Ben Gong, right?"

Yang Jian chased after Yi for many years, why didn't he know that he still has a senior brother?

It must have been made up by Yue Feng.

Hearing this, Yue Feng wanted to cry without tears.

"Niangniang!" Yue Feng said helplessly: "What I said is absolutely true, otherwise, if I met Yang Jian with my strength, how could I have retreated?"

Phew!

Chang'e frowned and pondered.

What he said makes sense. If he encounters Yang Jian, with his strength, it is impossible to come back safe and sound.

Seeing Chang'e's hesitation, Yue Feng's spiritual light moved, and he thought of something, and said with a smile: "By the way, Empress, Yang Jian also said at the time that he wanted me to hand over the whereabouts of Empress. He said that he had admired Empress for a long time, but he was always afraid of Hou Yi. Now that Hou Yi is dead, he no longer has any worries, and said that he wants to let the goddess be his wife and take care of the goddess for the rest of his life." At the

end, Yue Feng held back his smile and deliberately moved closer to Chang'e: "If Niangniang is willing, I will sacrifice my life to accompany the gentleman, and it is fine to send Niangniang back, after all, Hou Yi's death is directly related to me, if I can help Niangniang find a good home, even if I die, I will have no regrets."

Yes, these words are all made up by Yue Feng.

Chang'e is determined to restore her innocence and reputation, but she provokes Yang Jian, how could she accompany Chang'e back? Isn't that courting death?

So Yue Feng deliberately came up with this method, making up an excuse that Yang Jian likes Chang'e, so that Chang'e is in a dilemma.

After all, Chang'e is lofty and self-love, and regards fame as more important than her life. Knowing that Yang Jian likes her, if she insists on returning to the imperial city, doesn't it mean that she agrees to Yang Jian's pursuit?

Swish!

At this moment, Chang'e's beautiful face turned red all of a sudden, she stomped her feet and stared at Yue Feng: "Shut up for me, when did this palace say yes?"

"Trembling, angry.

This Yang Jian was so bold, he even caught his attention.

"Okay, okay, I won't talk about it." Yue Feng waved his hand with a smile, and then said seriously: "The lady, do you want to go back to the palace now? As far as I know, Yang Jian has sent a lot of people out to investigate the lady. The whereabouts, at the moment waiting for news in the palace, if Niangniang suddenly returned, he would be very happy."

"This..." Chang'e bit her lip tightly, and suddenly hesitated.

Yes, in this case, how can I go back? Wouldn't that make Yang Jian succeed?

Seeing Chang'e's hesitant appearance, Yue Feng's face was indifferent, but his heart was very excited.

Haha...

I was so witty, I made up a reason and fooled Chang'e.

"Yue Feng!"

At this moment, Chang'e thought of something, and said coldly: "Let's not go back to the palace, go outside the city gate first, and after the palace summons the ministers of civil and military affairs, you can tell the truth."

Chang'e just now After thinking about it, only this method is the most appropriate.

Calling the ministers of civil and military affairs outside the city gate, when the time comes, if you can't see Yang Jian, you can also let Yue Feng restore his innocence, killing two birds with one stone.

Uh...

Hearing this, Yue Feng scratched his head, very depressed.

Nima, this Chang'e is really not an ordinary woman, she can think of such a method.

hum!

Chapter 1818 While

hesitating, Yue Feng sensed that there was a wave of fluctuation in the Linglong Pagoda on his body. Obviously, Youyan returned to the Linglong Pagoda.

As the owner of Linglong Pagoda, Yue Feng clearly sensed that You Yan was injured and was seriously injured. No need to guess, Yang Jian fought alone and could not win against You Yan, so he ordered his men to besiege him.

“Youyan, how are you?” Yue Feng asked quickly.

At this moment, Youyan’s weak voice sounded: “Master, I’m fine, but your situation is not good, Yang Jian sent a lot of people to search your whereabouts, Bu Zhoushan is also within the search range, you hurry up “

It’s okay, you hurry to rest and recuperate.” Yue Feng smiled comfortingly, Shennong’s residence is very hidden, and Yang Jian may not be able to find it here.

The conversation between the two was through Linglong Pagoda, using mental power to communicate, so Chang’e, Zhu Rong, and Shennong didn’t know.

“Yue Feng, did you hear me, come with me to the imperial city.” Chang’e couldn’t help urging.

Boom!

The voice just fell, only to hear a loud noise suddenly! The entrance to Zhu Rong’s residence was smashed to pieces!

This loud noise was earth-shattering, and in an instant, Yue Feng and Chang’e were all stunned.

Two seconds later, Yue Feng was the first to react and quickly walked out.

Nima, who is so daring to come to the place where Shennong lived to make trouble?

Chang’e and Zhu Rong, hurry up to catch up!

hiss!

As soon as he arrived outside, when he saw the scene in front of him, Yue Feng couldn’t help but take a deep breath!

I saw hundreds of thousands of Northern Ying troops surrounded the exit tightly, like an iron barrel!

In front of the army, Yang Jian was wearing a golden battle armor, suspended in mid-air, majestic, and his aura was amazing.

Below, the roaring dog is sniffing around the entrance.

What the hell!

Yue Feng's face changed and he was shocked.

Nima, did this Yang Jian come here so quickly? He clearly got rid of the pursuers, and Shennong's residence was so hidden, how did he find it here?

At this time, Yue Feng still didn't know that it was the roaring dog who found this place.

As the spirit beast of True Monarch Erlang, the roaring dog's tracking ability is unmatched in the world. Although Yue Feng got rid of the chasing soldiers at the time, the roaring dog can still be tracked here through the smell left in the air by Yue Feng.

"Boy!"

At this time, Yang Jian's eyes were fixed on Yue Feng, and he sneered: "I see you are still running there now!"

Hu!

Feeling Yang Jian's powerful aura, Yue Feng pretended to be calm, squeezed out a smile, but did not respond.

At this time, Yang Jian's eyes fell on Zhu Rong and Shennong, and it was complicated: "I never imagined that Zhu Rong, the god of fire admired by the world, and Shennong, the ancestor of medicine, would live in seclusion here."

Thousands of years ago, Shennong tasted all kinds of herbs . , to save the world, was honored as 'the ancestor of medicine'.

Zhu Rong took a step forward with no fear on his face: "Yang Jian, since you know we live here, you dare to bring troops to disturb you, what do you want to do?"

Zhu Rong has a strong personality and acts straight. He was not afraid of Houyi, let alone Yang Jian. Keep an eye on it.

The voice fell, and the Shennong Clan also said coldly, "Yang Jian, this old man has lived in seclusion here for many years, and he has no intention of outside disputes. Please take someone and leave quickly, and don't disturb my retreat."

Yang Jian smiled slightly: "The two retreats, I will not disturb you, but this kid must come with me." After speaking, Yang Jian pointed at Yue Feng.

Saying that, Yang Jian's eyes fell on Chang'e, and his eyes flashed.

“It turns out that the empress is also here.”

Yang Jian smiled and looked at Chang'e: “Since it's such a coincidence, the empress will also go back to the palace with me.”

“No.” The

cold words came out of Chang'e's mouth, Resolute attitude, without the slightest hesitation.

Knowing the truth originally, Chang'e planned to take Yue Feng to Yang Jian as soon as possible to restore her innocence. But just now, Chang'e learned from Yue Feng's mouth that Yang Jian coveted her for a long time, and Chang'e had a conflict with Yang Jian in her heart. How could she go back to the palace with him? If he went back to the palace with Yang Jian, Yang Jian would definitely humiliate and tarnish himself in every possible way.

Chapter 1819

Yang Jian looked at Chang'e and said with a smile: “Niangniang, you haven't gotten rid of Hou Yi's death, you'd better go back with me and cooperate with the investigation...”

Chang'e interrupted before she finished speaking.

“Yang Jian, don't pretend to be with this palace.” Chang'e's beautiful face showed a bit of shame and anger, and said coldly: “Don't think that this palace doesn't know what you think, this palace and the late emperor are side by side. For thousands of years, deep love and righteousness are important, and you are only a subordinate of the late emperor. When the late emperor's body was still cold, you took the opportunity to become emperor, and you are rebellious, and now you are calling the attention of this palace, are you worthy?”

Hiss!

In an instant, the whole place was silent! All eyes were on Chang'e.

She...she actually scolds His Majesty for being rebellious? Even if she is the Empress Chang'e, but Yang Jian is the emperor now, she is angry with His Majesty in front of so many people?

In the Northern Ying Continent, imperial power is supreme, who would dare to speak to the emperor like this?

At this moment, Yang Jian's expression changed suddenly. You know, in front of an army of more than 100,000 people, when Chang'e was so angrily reprimanded, where would he put his face?

For a while, the atmosphere was extremely solemn. The hundreds of thousands of troops did not even dare to breathe.

Haha...

But Yue Feng was extremely excited, and he was hooked.

This Chang'e is worthy of being honored as the existence of Fairy Moon Palace. She has a dignified and strong personality. After being deceived by herself, she even scolded Yang Jian.

Finally, at this time, I only saw Yang Jian laughing, looking at Chang'e and saying, "Empress, whether you want it or not, you can't get rid of Hou Yi's death, so you must go back to the palace with me today!"

When he said these words, Yang Jian didn't smile. He was really furious.

Since he was proclaimed emperor, who would dare to reject him? Yang Jian has already thought about it, no matter what, he will take Chang'e away today.

In a fit of rage, Yang Jian looked up and down Chang'e with a playful smile on his lips.

That's right, although Yue Feng had fabricated it before, he had mistakenly told a fact that Yang Jian had been thinking about Chang'e for a long time, but when Hou Yi was there before, Yang Jian did not dare to show it.

Now, Hou Yi is dead, and Yang Jian has become the emperor, so he has no worries at all, but Chang'e is after all a famous fairy in the Moon Palace.

Therefore, Yang Jian borrowed to find out the cause of Hou Yi's death and brought Chang'e back to the palace. As long as Chang'e returned to the palace, Yang Jian would have the opportunity to take her.

It can be said that in Yang Jian's heart, it doesn't matter how Hou Yi died, the most important thing is to have Chang'e earlier.

Yang Jian's gaze made Chang'e feel uncomfortable, but it was not easy for her to attack. After all, her acupoints were blocked and she couldn't exert her internal strength. Just scolding Yang Jian would not help.

"Aiya."

At this moment, Yue Feng came out and taunted Yang Jian: "Yang Jian, you are still the famous Erlang Zhenjun, you are shameless, everyone said that they don't want to go back to the palace. , you are still insistent, you like the empress, and you want to

possess her, just say it directly, you have to beat around the bush, and you also pretend to find out the cause of Houyi's death, so hypocritical, I can't stand it anymore."

Said . At these times, Yue Feng looked contemptuous and did not panic at all. With Zhu Rong and Shennong Clan present, there was no need to be afraid of Yang Jian.

Of course, these words were still made up by Yue Feng to deliberately anger Yang Jian.

However, Yue Feng didn't know that his words directly hit Yang Jian's mind.

Swish!

At this moment, Yang Jian's face became extremely ugly. As an emperor, he was even admired by the world's true monarch Erlang, and he was said to be so unbearable by a back boy.

At this time, Yang Jian's anger in his heart was rising. He still didn't know that Yue Feng was a blind cat and a dead mouse, and guessed his mind by mistake, but he had maintained a glorious image for thousands of years, and was broken by Yue Feng's words. How to swallow?

Moreover, Yue Feng also has the Linglong Pagoda that he was looking for.

Therefore, Yue Feng must die today.

"All the officers and men obeyed the order, kill Yue Feng for me, and take the empress back to the palace." Yang Jian roared in a cold voice, the voice fell, and the army of hundreds of thousands of Beiyang rushed in like a tide, and the killing sound shook the sky.

Chapter 1820

Nima.

Seeing this scene, Yue Feng clenched his fists and was furious.

This Yang Jian is simply a lunatic.

An army of hundreds of thousands, how can I, Brother Zhu Rong, and Senior Shennong resist?

Whoosh.

At this moment, Shennong's body dodged in front of Yue Feng, and then took out a few pills from his body and distributed them to Yue Feng and Zhu Rong: "Hurry up."

I saw those pills, white and crystal clear, with a fragrance. Tangning, Yue Feng and Zhu Rong, take it quickly without thinking about it.

hum.

It was at this moment that Mr. Zhu Rong raised his hands slowly, chanting words in his mouth, a powerful breath burst out from his body, and then, he saw the grass and trees within a kilometer withered instantly.

Not only that, but in these withered vegetation, a white mist and miasma rose up, and the mist and miasma moved against the wind and quickly filled the North Ying army.

As the ancestor of medicine respected by the world, Shennong's use of herbal medicines has reached a state of perfection. To be honest, these surrounding plants are not poisonous at first, and there are many spiritual herbs, but in the operation of Shennong's special exercises Then, all of a sudden it turned into a deadly poison.

The pills that Shennong Clan gave to Yue Feng just now were the antidote.

Puff, puff... In

the blink of an eye, the hundreds of thousands of the Northern Ying army, as soon as they encountered the fog and miasma, many people fell to the ground one after another, their faces darkened and they couldn't breathe.

In less than a minute, more than 20,000 of the hundreds of thousands of troops died in the fog and miasma. Some soldiers died before they even had time to scream.

I go.

Yue Feng's eyes widened, staring at Shennong in a daze, indescribably shocked.

Amazing, I never thought that Shennong, who is famous for saving the world and saving people, would be so terrifying to kill people.

"Haha..."

At the same time, Zhu Rong was also indescribably excited, and laughed at Shennong: "Happy, really happy, Shennong is just like this, poisoning them..."

Squeak...

Yang Jian's face was ashen, He clenched his fists and made a sound of bones. The Beiyong army he brought was all elites. They should have been able to easily catch Chang'e and kill Yue Feng. .

“Shen Nong, since you want to meddle in your own business, die with Yue Feng.” Yang Jian roared, holding a three-pointed two-edged sword tightly, his tall figure, like a god coming into the world, came directly towards Yue Feng.

Originally, Yang Jian held his own identity and did not intend to take action himself, but when he saw Shennong intervening and killing so many soldiers, he couldn't help it.

However, Yang Jian's city was very deep, so he didn't go to fight Shennong, but planned to kill Yue Feng first.

After all, Yue Feng has the Linglong Pagoda on his body. After killing him and taking the Linglong Pagoda, he can control the powerhouse trapped inside. At that time, it will be very easy to deal with Shennong and Zhu Rong.

Nima.

Seeing Yang Jian burst out, Yue Feng's expression changed, and he instinctively dodged backwards.

Yang Jian's strength, Yue Feng has already learned, is not a level at all, and in Linglong Pagoda, only Youyan can fight against Yang Jian, but Youyan is injured and can't come out to fight for a while. .

Therefore, Yue Feng could only retreat.

“Brother Yue Feng.” At this moment, Zhu Rong strode out and stood in front of Yue Feng, full of fighting intent: “Don't be afraid, brother, I will help you deal with him.”
