

The ultimate husband in Chinese chapter 1911-1915

Chapter 1911

Call!

Seeing this scene, the surrounding guests quickly retreated into the distance. At the same time, each of them pointed at Yue Feng and whispered.

“This kid has never seen the world at first glance, so he dares to provoke He Xin.”

“Now the hotel manager is alarmed, I’m afraid this kid will suffer...”

“Never mind, this kid deserves it!” During the

discussion, No one sympathizes with Yue Feng, they all think that he is self-inflicted, after all, He Xin is now a big man in the entertainment industry, and not everyone can afford it.

call!

Seeing that the situation was not good, Li Qin and Tang Lan were both nervous.

Immediately, Li Qin quietly pulled Yue Feng and said worriedly: “Yue Feng, what should I do?”

There are so many people on the other side, but Yue Feng is only one person, can it work?

At the same time, Tang Lan bit her lip tightly, almost bleeding from the bite, her delicate body trembled, and she was unspeakably uneasy.

They all know that Yue Feng is very strong, but there are too many people on the other side, and these security guards are not weak in practice.

“It’s okay!” Yue Feng smiled and comforted.

Immediately, Yue Feng looked directly at Zhang Tao and said indifferently: “What if I don’t apologize?”

Seeing Yue Feng still not convinced, He Dao shouted angrily: “Manager Zhang, what are you talking to him, kneel for him? Come on, fight to the death!”

Alright!

Zhang Tao no longer hesitated, and waved his hand suddenly: "Give it to me, hit him until he kneels down and kowtows to Boss He and admits his mistake."

Hula.

As soon as the voice fell, a dozen security guards, holding sticks in their hands, surrounded Yue Feng.

Looking at the dozen or so security guards rushing over, Yue Feng chuckled and raised his hand gently.

hum!

A powerful aura erupted from Yue Feng's body, like a hurricane, sweeping towards the surroundings! Yue Feng is close to the breath of Transcending Tribulation Realm, and the people around him are almost out of breath, and they are extremely flustered!

More than a dozen security guards also changed their faces, and quickly stopped.

"Come up if you don't want to die." Yue Feng looked indifferent, glanced at the security guards, and said coldly. It wasn't loud, but it spread throughout the audience.

Under the suppression of Yue Feng's aura, more than a dozen security guards looked uglier than each other!

quiet!

At this moment, the entire hotel lobby was deadly silent.

Strong, too strong!

The people present were all business elites, and none of them were fools. You could guess at once that the person in front of him was not simple.

Gudong!

At this moment, Zhang Tao reacted, looked at Yue Feng and asked cautiously: "Dare to ask Mr., your surname is your name."

"Yue Feng!" Yue Feng said lightly.

What?

Hear this! The audience was shocked.

Yue Feng? He is Yue Feng, the hero who once resisted the Apocalypse army, the Sect Master of Tianmen?

In an instant, Zhang Tao felt that he could not stand still!

Not only that, He Xinxing and the others around him were also shocked, staring blankly at Yue Feng, speechless.

You must know that Yue Feng's name is too loud in the Earth Circle Continent, and almost everyone in all walks of life knows it, but I didn't expect such a big person, so low-key, to accompany the two stars Come to the banquet.

Who would believe this if he hadn't seen it with his own eyes?

Chapter 1912

"Yue Feng!"

Finally, He Tao reacted and looked at Yue Feng in shock and anger: "So you are the sect master of Tianmen, I ask you, we have no grievances or enmity, why did you hit me as soon as we met? "

Speaking, He Tao looked around and shouted: "Even if you are a mainland hero, you can't beat people for no reason. Is there any reason?" When he said this, He Tao looked righteous.

To be honest, knowing that the other party was Yue Feng, He Xin was very flustered, but when he thought that he had not had a holiday with him, he suddenly felt confident.

Even if you are Tianmen Sect Master, you have to be reasonable.

Whoa!

The voice fell, and a heated discussion broke out in the audience.

"Yeah, what Boss He said is right."

"As the sect master of Tianmen, to beat an ordinary person who has not cultivated, isn't this bullying?"

"It's too lawless to do whatever

you want." All the discussions are saying that Yue Feng is wrong. Although he has made contributions to the Earth Continent and is worthy of respect, it is not right for Yue Feng to play any channel for no reason.

Yue Feng ignored everyone's discussion, but looked at He Xin with a half-smile.

"Why beat you?" Yue Feng sneered and said bluntly: "He Xin, as the CEO of an entertainment company, you used your power to bully female stars, threatened them with bans, and wanted them to compromise... You kind of person. Scum, shouldn't we fight?"

Whoosh!

As soon as the words fell, the entire hall was in an uproar. Many people saw Li Qin behind Yue Feng and immediately understood something.

It turns out that Yue Feng came here specifically for Li Qin and Tang Lan.

"I..."

He Xin blushed, opened his mouth, and was speechless for a while.

To be honest, this matter is indeed self-defeating.

But....

at this moment, He Xin suddenly thought of something, and stiffly defended: "Sect Master Yue, is there any evidence for what you said? If there is any, please take it out and let everyone see it.

" At these times, He Channel's eyes flashed with cunning.

Yes, during this time, He Channel has been using phone calls and text messages to threaten Li Qin, but the content is not visible. He expected that Li Qin and Tang Lan would not dare to take them out. After all, they were female stars and wanted shame.

Swish!

This time, the eyes of the people around them all converged on Li Qin and Tang Lan, waiting for the two of them to come up with evidence.

However, Li Qin and Tang Lan bit their lips tightly, blushing.

The two of them did have evidence in their hands. The information He Channel sent before was just that there were too many foul language in the information, so how could they show it to everyone?

You must know that celebrities are public figures, and they are most concerned about their reputation. Once negative news is spread, even if it is not their own problem, it is not easy to continue to develop in the entertainment industry.

Nima!

Seeing this scene, Yue Feng frowned and cursed inwardly.

This He Xin is too despicable. He expected that Li Qin would not dare to publish the evidence, so he began to feel confident.

It's truly invincible.

Seeing Li Qin hesitating and not showing evidence, He Xincheng looked smug: "I can't show evidence, what else does Sect Master Yue have to say?"

call!

Yue Feng took a deep breath and looked at He Channel coldly: "He Channel, let's not talk about the evidence, you blocked Li Qin and Tang Lan, it's a fact."

He Xin shrugged, with a sly face, smiling Said: "Sect Master Yue, don't blame me. When the two of them signed with our company, I arranged a new movie for them, but they refused and did not obey the company's arrangement. I won't block them, who should I block?"

"You're lying!"

As soon as he finished speaking, Li Qin was so angry that he said directly, "That movie can't be played at all, inside..."

Halfway through, Li Qin's body was trembling, and her delicate face was full of shame and anger. , can't go on.

Chapter 1913

Before He Xincheng, he did arrange a movie for Li Qin and Tang Lan, but there were too many inappropriate plots in it. Li Qin and Tang Lan are both pure and self-loving women, how can they act?

And He Xin said this deliberately, which is obviously an excuse.

Yue Feng's mind was quick, and when he saw the reactions of Li Qin and Tang Lan, he immediately guessed the reason.

"Haha..."

At this moment, He Xin revealed a smile, looked at Yue Feng and said, "Sect Master Yue, let's talk about it, you were banned by me because of Li Qin, you can't stand it anymore, come and help them. I can understand the breath. However, this is a matter of

our entertainment industry, and Sect Master Yue is concerned about the rivers and lakes, so don't get involved in our entertainment industry."

He Xinxun made a big gesture. Appearance: "Furthermore, I'm not a person who cares too much. Sect Master Yue has made contributions to our continent. If I slap you, it's nothing, forget it." The

voice fell, and many people around nodded in praise.

"Boss He is so arrogant."

"With such an open mind, it's no wonder that Chenxing Entertainment has become the largest company in the entertainment industry."

"I admire it." What the

hell?

Hearing this, Yue Feng was both angry and funny.

This He Xin is not only insidious, but also cunning.

"So, don't you plan to give me an explanation about Li Qin and Tang Lan?" Yue Feng squinted, looked at He Xin, and said coldly.

"Sect Master Yue!"

He Xindao put on a very innocent look and smiled bitterly: "You don't know, Li Qin and Tang Lan refused the company's arrangement and violated the contract. I blocked them and didn't ask them to pay liquidated damages, which is already very good, you What do you want me to do?"

After speaking, He Tao sighed and continued: "Sect Master Yue, you are a big boss in the arena and don't understand the situation in the entertainment industry, so I still say that, don't interfere, okay? ?" The

words were extremely sincere.

I have to say that He Xin is too treacherous, this trick is to retreat, and it is used very well. Everyone around can't stand it anymore.

"Yue Feng, even if you are the sect master of Tianmen, you can't interfere in other people's affairs."

"That's right, but a head of the Jianghu sect, you still want to take care of everything?"

“Boss He was slapped by you, You don’t even care about it, but you are still pressing step by step, it’s too much.”

For a time, many people criticized Yue Feng loudly.

Nima!

Facing the situation in front of him, Yue Feng was extremely depressed, and a fire burst into his heart.

Originally, it was He Xin who did it, but now he did it, as if he was wrong.

Really interesting.

“Haha!”

Seeing this scene, He Tao couldn’t be complacent, haha, what if you were the Sect Master of Tianmen? The cultivation strength is strong, but you are too tender to fight with me in terms of human relationships.

Thinking to himself, He Tao smiled and said to Yue Feng: “Sect Master Yue, let’s not mention this matter. Since you are here, have a good drink.”

Immediately, He Taoyu turned around, with a bit of cunning in his eyes, and continued: “However, Sect Master Yue can’t bear to see Li Qin and Tang Lan being banned, if you want to help, you can ask me, as long as Sect Master Yue is willing to beg me, maybe I will agree and lift their ban.”

When he said this, He Xin was full of pride.

Although He Channel is the owner of an entertainment company, he often pays attention to the affairs of the rivers and lakes.

To be honest, if He Tao had known that the other party was Yue Feng a year ago, he would never have dared to do so. After all, as the Sect Master of Tianmen, Yue Feng’s reputation in the Earth Circle Continent was booming.

But in the past year, after Zhou Qin became the leader of the martial arts alliance, he suppressed Yue Feng in all aspects, and achieved great results. It can be said that Yue Feng’s reputation is not as loud as before.

In this case, He Xin was naturally not afraid of Yue Feng. He could see that a person like Yue Feng was the most trustworthy, and he held his own identity. As long as he was not too excessive, Yue Feng would not treat himself like that.

“You asked me to beg you?” Yue Feng was stunned for a moment, as if he had heard it wrong, he squinted at He Xin.

“Not bad!”

He Xin nodded and smiled.

Chapter 1914

In He Channel’s heart, it is indescribably cheerful and excited. Haha...

In front of me is the famous Tianmen Sect Master in the mainland. How many people in the world can make him subdue and plead for mercy?

If Yue Feng really pleaded for mercy in front of so many people, his life would not be in vain.

Nima!

Yue Feng frowned, feeling extremely annoyed.

What is this, it was enough to reverse black and white just now, but now I still have to make an inch? As the sect master of Tianmen, he has never obeyed anyone, so He Xin asked himself to intercede with him? !

To be honest, Yue Feng really wanted to rush over and give He Xian a lesson, but he held back. After all, there were so many people around him watching. He slapped He Xing just now. It was already very reckless. , The people around, it is time to say that they are bullying others.

More importantly, Tianmen has accumulated a good reputation by punishing evil and promoting good for so many years. It is not easy. Can’t go wrong.

If it was a few years ago, Yue Feng would definitely not have worried so much, but now, Yue Feng has calmed down a lot and has to worry about it.

“It’s very lively, what is this doing?”

Just when Yue Feng was secretly depressed, a magnetic voice came.

Swish!

Everyone looked over and saw a young man walking in slowly.

The man is very handsome, and his facial features are sharp and angular. He is the kind of sportsman who is attracted to girls at first sight. He wears a casual suit and is indescribably sassy and suave.

In an instant, many girls in the hall couldn't help covering their mouths, their eyes twinkling with stars.

What a handsome man!

He Xin's eyes lit up, he hurried up to meet him, and said with a smile, "Mr. Peng, why did you come out of the VIP room? I dealt with a trivial matter and went up immediately."

"Mr. Peng?"

"My God, this is Shenglong. Is it President Peng of the group?"

"The Shenglong Group covers all industries in the field of science and technology. It is said that its branches are all over the continent of Kyushu. I didn't expect the boss to be so young and handsome."

The people around couldn't help but exclaimed . .

Yue Feng showed a smile, but he didn't expect to meet an acquaintance here.

Yes, the young man is Peng Kai, the president of Shenglong Group.

Ten years ago, the Liu family had an economic crisis, and the entire Liu family was embarrassed by Liu Xuan. It was Yue Feng who told Peng Kai to buy 51% of the shares of the Liu family in the name of Shenglong Technology and transferred it to Liu Xuan's name. Liu Xuan's status rose and she suddenly became the helm of the Liu family.

However, because Liu Xuan was soft-hearted, the shares were taken back by the grandmother.

Peng Kai nodded at He Channel, his handsome face was full of calm, without the slightest fluctuation.

And He Xin, who was still very proud and confident just now, stood beside Peng Kai at this moment, respectfully, completely lost his previous arrogance and arrogance.

Outsiders all think that the boss of Chenxing Entertainment is He Xin, but in fact, the real boss is Peng Kai.

Two years ago, Chenxing Entertainment was only a small company with insufficient financial resources, and the capital chain often broke. Later, Peng Kai took a fancy to the prospects of this company, injected funds and became a major shareholder.

It can be said that Peng Kai is the real boss of Chenxing Entertainment, and He Xin is just a spokesperson. It can be said that without the support of Peng Kai, it is impossible to develop Chenxing Entertainment into a big company in the entertainment industry in just two years with He Channel alone.

At this moment, Peng Kai was surprised and happy when he saw Yue Feng.

“Brother Feng?” Peng Kai walked over quickly and shouted respectfully.

Yue Feng smiled and nodded.

“He Channel, what’s going on?” Peng Kai frowned, tilting his head to ask He Channel, noticing that Yue Feng’s face was a little wrong.

Peng Kai can be a big business man admired by everyone today, and his intuition is very keen, and he immediately notices that something is wrong.

He Xin hurried over and explained the situation.

At the end, He Xin lowered his voice and said to Peng Kai, “President Peng, it’s just two female stars, and it’s not a big deal.”

When Chapter 1915

said this, He Xin looked relaxed. He Xin could see that Peng Kai knew Yue Feng, but then again, whoever was present didn’t know Yue Feng.

Swish!

At this moment, Peng Kai’s face suddenly changed, and he was extremely angry.

Mad, how dare this idiot fight against Brother Feng?

“Crack!” In the

next second, Peng Kai raised his hand suddenly, and slapped He Channel’s face with a slap. The slap used almost all his strength, and He Xin covered his face, his face swollen high.

“Mr. Peng!” He Tao shouted, and almost didn’t cry: “Even if Yue Feng is the sect master of Tianmen, but I didn’t provoke him, but he was slapped, I didn’t say anything, and he wanted to help two Female star, I’ll let him beg me, yes!”

“Clap!”

Another slap in the face, Peng Kai shouted: "Yes? You gave me your special code and said you were right? What are you? Something? Also want Brother Feng to ask you?"

Peng Kai trembled with anger, stared at He Channel and said, "He Channel, from now on, Chenxing Entertainment has nothing to do with you, and at the same time I announce that Chenxing Entertainment, Brother Feng's name."

What? !

At this moment, the entire hall was silent!

He Xin was completely stupid! He knew that before Yue Feng founded Tianmen, there were many industries in the business world and he knew many business leaders, but that was the past. He Xin never dreamed that Mr. Peng, whom he relied on, would be so respectful to Yue Feng, and, without saying a word, gave Chen Xing Entertainment to Yue Feng.

Li Qin and Tang Lan are also stupid!

Li Qin and Tang Lan saw that the business boss in front of him, Peng Kai, who almost monopolized all the technology industries in Diyu Continent, was standing in front of Yue Feng with a respectful face!

I thought that the quarrel between Yue Feng and He Xinxing would eventually end, but I never thought that the situation would turn around so quickly.

Everyone around looked at Yue Feng blankly, speechless.

Just now, He Channel relied on his status as the boss of the entertainment company to force Yue Feng to intercede, but in a blink of an eye, Yue Feng became the boss, and He Channel had nothing.

It's incredible.

Is this Yue Feng's contacts? It's too powerful, he is worthy of being the sect master of Tianmen, the hero who once saved the Earth Circle Continent.

puff.

At this time, He Xin was covered in cold sweat and knelt down in front of Yue Feng: "I was wrong, Sect Master Yue, I was blinded by lard just now and offended you. Your lord, please go around me this time.

", Yue Feng didn't even look at him. In this world, some people can be forgiven, and some people can't.

Feeling Yue Feng's indifference, He Xin was completely paralyzed on the ground, wanting to cry without tears.

He Xin was very regretful at this time. If I knew this earlier, I shouldn't get carried away and provoke Yue Feng, but it's too late to say anything now.

"Brother Feng!"

At this moment, Peng Kai respectfully said to Yue Feng, "It's been a long time since I saw you. We must have a good drink tonight while taking advantage of this dinner party."

"Next time." Yue Feng waved his hand : "By the way, Chenxing Entertainment, you should find someone else to run it. I don't have time to run it. Also, Li Qin and Tang Lan, you can take care of it."

These years, the rivers and lakes have been strife, how can I have time to run the company?

"Okay!" Peng Kai nodded quickly.

Yue Feng said no more, and after saying goodbye to Peng Kai, he strode out of the hall.
call!

When he got outside, Yue Feng looked at the brightly lit Zhongzhou City, his mood was not relaxed in the slightest, but extremely heavy.

At this moment, Yue Feng thought of Ouyang Zhennan.

On the Earth Circle Continent, there should be nothing to do for the time being, and he should go to Duan Yu to avenge his adoptive father.

Even if you fight for this life, you have to avenge your adoptive father, even if you fight for your own life!
