

The ultimate husband in Chinese chapter 2016-2020

Chapter 2016

Yue Feng was tied up and was not in a hurry. Anyway, when I saw the Queen, my identity was revealed.

Soon, Chen Tu took a few soldiers and drove Yue Feng into the city.

call!

The moment he entered Canglan City, seeing the scene in front of him, Yue Feng couldn't help taking a deep breath.

As you can see, the entire Canglan City is full of patrolling soldiers, and around Chen Tu's General's Mansion, there are hundreds of thousands of troops and tens of thousands of palace guards.

The Northern Ying Continent suddenly invaded, and Queen Nayun was very shocked. After getting the news, she brought a hundred civil and military officials to Canglan City, and she wanted to sit on the front line herself to boost morale.

In this case, Chen Tu's general's mansion naturally became the command camp of Queen Nagumo.

The General's Mansion at this time, in the hall.

Empress Nayun, dressed in a dragon and phoenix robe, sat on the throne, her delicate face was full of solemnity.

Long Qianyu stood quietly, wearing a soft golden armor, showing his exquisite figure, but his expression was indifferent, without the slightest emotional fluctuations.

On the two sides below, the civil and military officials stood there neatly, all of them were also in a complicated mood and were very silent.

Yue Feng guessed right.

A day ago, the Nanyun army did fight with the Beiyang army. The Nanyun army was defeated and retreated to the city. The queen was very anxious. the plan of.

That Erlang Zhenjun Yang Jian, who shook the world and conquered the Apocalypse Continent, had a large number of soldiers, so there was no way to fight this battle.

Speaking of which, there are also many elite soldiers in the Southern Cloud Continent, but compared to the Northern Ying Continent, they are completely insignificant.

"Aiqings ." At this time, the Queen frowned, looked around and asked, "Is there a better way?"

Just now, the civil and military officials gave many suggestions, but they were all rejected by the Queen.

After all, the opponent is Zhenjun Erlang. No matter what the method is, there must be ten layers of confidence. Otherwise, if it fails, Nayun Continent will be in a state of doom.

When the voice fell, the civil and military officials looked at each other, but none of them came out.

"Your Majesty!"

At this moment, outside the hall, Chen Tu walked in quickly and respectfully said, "Chen Tu, see Your Majesty." The

queen frowned, her beautiful face showing a bit of displeasure: "Chen Tu, you are not guarding outside the city, what are you doing when you see me?"

Shuh!

In an instant, the eyes of the civil and military officials all converged on Chen Tu.

Chen Tu wiped his sweat and said quickly: "Your Majesty, this subordinate has something important to report. Just now, at the gate of the city, this subordinate arrested an enemy spy. This man is not only cunning, but also very arrogant. "

With that, Chen Tu carefully glanced at Long Qianyu, and continued: "My subordinates thought this matter was no trivial matter, so they directly grabbed the person and tied them up outside the hall first."

Wow.

As soon as the words fell, the civil and military officials suddenly burst into an uproar, and they were all angry.

"This Northern Ying Continent is too arrogant."

"Yeah, a spy is so arrogant, how dare he take the princess's reputation as a stalk..."

"So you don't take our Southern Cloud Continent seriously, this spy, Just kill it..."

The discussion continued to come from the crowd, and Long Qianyu's face was even more red, and he was extremely embarrassed and angry.

A spy actually made a joke of himself.

court death! At the same time, the queen

's beautiful face was instantly covered with frost, and then she said coldly at Chen Tu: "What about the spy? Bring it up to me."

I was very angry.

She and Long Qianyu have a deep relationship with sisters, and the other party is a small spy. His words to insult Long Qianyu are to humiliate the Queen and contempt the entire Southern Cloud Continent.

Seriously, at that moment, the queen thought about whether it could be Yue Feng, but then she thought, Yue Feng must be deploying defenses in the Earth Circle Continent, how could he suddenly come to the Southern Cloud Continent, and he is Tianmen Sect Master, with a special status, can't be a person?

"Yes, Your Majesty!" Chen Tu responded and walked out quickly.

Ten seconds later, Chen Tu came back with a man tied up in five colors.

Swish!

At this moment, the eyes of everyone in the hall converged on the man, and all of them were stunned.

Yue Feng?

Isn't this the concubine?

Chapter 2017

Chen Tu, this nerd, has been guarding the border all these years. Are people being stupid? He even caught the real concubine.

At the same time, the queen and Long Qianyu also trembled, and they were very surprised.

However, the Queen's face showed a bit of joy.

On the other hand, Long Qianyu had a cold face, unable to hide the anger and disgust in his heart.

Um?

Seeing this scene, Chen Tu was stunned, and his mind was full of questions.

This... what's the situation? Why did His Majesty and all the ministers have this expression when they saw this kid?

Could it be... this kid is really a concubine?

Thinking about it, Chen Tu's heart beat faster, and he suddenly became a little nervous.

"General Chen."

At this moment, among the ministers, I don't know who said with a smile: "What's the matter with you? You even arrested the concubine, and said he was a spy?" The

voice fell, no The young ministers all looked at Chen Tu with a half-smile.

What?

Hearing this, Chen Tu felt as if he was struck by lightning. He was completely dumbfounded. He stared at Yue Feng blankly, speechless and full of fear.

Is this person really the Concubine, the hero of the Earth Circle, the Heavenly Gate Sect Master Yue Feng?

"Chen Tu."

At this time, the queen reacted and looked at Chen Tu quietly: "What's going on? This man is Yue Feng, the consort appointed by Zhen, how do you say he is a spy? "The

voice was not loud, but there was a suffocating majesty.

Swish.

Chen Tu was sweating profusely, so he quickly knelt down and stammered: "Your Majesty, this is a misunderstanding, it is the negligence of the minister."

Immediately, Chen Tu said to Yue Feng ashamed: "My concubine, this subordinate has eyes and does not know. Taishan, I have offended you, you don't remember the villain's deeds, please forgive your subordinates this time."

Seriously, Chen Tu, as a border general, has an extraordinary identity, and if it were someone else, he would never apologize so humbly. Admit it, but Yue Feng is different. This is His Majesty's appointed concubine. The man after the eldest princess

will be under one person and above ten thousand people. Do you dare not to apologize?

At the same time as the voice fell, Chen Tu hurried forward and untied the rope for Yue Feng.

“General Chen, don’t be nervous.” Yue Feng moved his wrists and said with a smile: “Isn’t it strange for those who don’t know...”

“Thank you, Consort, for a lot of tolerance.” Chen Tu wiped the cold sweat off his forehead and was very grateful.

“Chen Tu.”

At this moment, Long Qianyu walked over slowly, frowning and said: “You don’t need to apologize to him, now that the Northern Ying mainland army is overrunning the border, as a border general, you naturally have to strictly check the entry. People, even if you catch the wrong one, it’s your duty, where is the fault?”

Uh...

Hearing this, Chen Tu smiled and nodded, but he murmured inwardly.

what happened?

Looking at the situation, it seems that the relationship between the eldest princess and the concubine is not very harmonious. I caught the wrong concubine, the eldest princess not only was not angry, but also helped herself to speak?

At this time, Yue Feng showed a smile, looked at Long Qianyu and said, “Your Highness, I haven’t seen you for a few days, are you alright.”

A few days ago, Long Qianyu took the embassy to Xi Cang Continent to sign an alliance. Yue Feng deliberately made things difficult for her and forced her to call her husband.

Thinking of the scene at that time, Yue Feng felt extremely happy in his heart.

“Shut up!”

As soon as he finished speaking, Long Qianyu’s pretty face flushed, and he couldn’t help but shout: “Yue Feng, don’t get too close to me, I tell you, from now on, you are not the princess’ concubine.”

When he said this, Long Qianyu’s beautiful face could not hide the shame and contempt in his heart.

This Yue Feng, relying on himself as the Emperor of Xi Cang before, forced himself to call his husband, it was simply too hateful.

Uh...

At this moment, Yue Feng was very embarrassed, smiled bitterly, and said nothing.

wow.

The surrounding civil and military officials were in an uproar.

what's going on?

When the eldest princess said this, she meant to break up the engagement with Yue Feng?

Chapter 2018

“Imperial Sister!” The Queen heard that Long Qianyu was about to regret the marriage, she immediately frowned, and said softly to Long Qianyu: “Don’t make a fool of yourself.”

Yue Feng and Long Qianyu’s marriage was hand-picked by herself , the entire Kyushu Continent knows, if the emperor’s sister goes back on it, wouldn’t it make the world laugh?

And.... in the heart of the Queen, Yue Feng and Huang Mei had already done things between men and women in Lu Bu’s ancient tomb. How can they be divided?

At this time, the queen didn’t know yet that Long Qianyu just went crazy and was too hot, so he tore his clothes and didn’t have anything to do with Yue Feng.

“Imperial sister.”

Long Qianyu was so anxious that he stomped his feet: “I have no feelings for Yue Feng at all, and I won’t marry him if I say anything.”

After speaking, Long Qianyu glared at Yue Feng and continued. : “In other people’s hearts, he may be a great hero, but in my eyes, he is a waste. He was the Emperor of Xi Cang before, but within two days, the throne was taken away by Duan Yu, even his own throne. Can’t keep it, does he have the ability to protect his own woman?”

Two days ago, what happened to Yue Feng and Duan Yu in the Emei faction, some people in the arena still don’t know, but Long Qianyu is the eldest princess of the Southern Cloud Continent. Lingtong, I already knew this.

Whoa!

The voice fell, and the entire hall suddenly erupted into a heated discussion. Civil and military officials whispered one by one, and there were many discussions.

“What? Yue Feng’s throne has been lost?”

“His Royal Highness Princess Eldest is right. I received news this morning that Duan Yu was in the Emei faction and regained the throne...”

“No wonder Eldest Princess, so disliked by Yue Feng, If it was me, I wouldn’t want to.”

“Yes, the eldest princess is right, she can’t even keep her own throne, can she protect her own woman? How can you be happy when you marry him?”

This... The

voices of discussion kept coming, and the Queen’s delicate face was extremely complicated at this time.

To be honest, the queen was very happy to learn that Yue Feng became the emperor of Xicang. After all, he is the consort of the Southern Cloud Continent. If he is firmly seated in the Xicang Continent, the Southern Cloud Continent will have a permanent ally. .

But now, Yue Feng lost the throne, and the queen was a little disappointed in him.

call!

At this moment, Yue Feng secretly sighed, looked at Long Qianyu, and smiled without saying a word.

Before in the Xi Cang Palace, Long Qianyu learned that she was the emperor and became extremely well-behaved and docile, but now that she lost the throne, she immediately changed her attitude.

It’s a quick turnaround.

“Okay!”

Finally, the queen breathed a sigh of relief and raised her jade hand: “Everyone, be quiet.” The

voice was recorded, and the civil and military officials quickly shut their mouths and stopped talking.

“Imperial sister, your marriage will be discussed later.” The queen looked at Long Qianyu and said softly, “This is not the time to discuss this.”

Yang Jian wanted to unify several continents, and his first goal was Nanyun. mainland. Now that Yang Jian is leading the Northern Ying army, they will fight over soon. Now it is the most important to discuss how to fight against Yang Jian.

“Yes!”

Seeing Huangjie speak, Long Qianyu couldn't hold onto the topic, so he lowered his head and responded.

However, Long Qianyu did not forget to give Yue Feng a look.

“Yue Feng, why did you suddenly come to the Southern Cloud Continent?” At this moment, the Queen looked at Yue Feng and asked.

this...

Yue Feng pondered for a while, then smiled and said, “I learned that Beiyong Continent has come to invade Nanyun Continent. I came to check the situation.” The

reason why Yue Feng came to Nanyun Continent was to find Su Qingyan, but Yue Feng came to the Nanyun Continent to find Su Qingyan. Feng definitely couldn't tell the truth. After all, Long Qianyu had to break up with him just now. If he knew that he was looking for another woman, he would be even more annoyed at him.

The Queen nodded, without asking any more questions, looked around the audience, and slowly said: “Everyone, let's discuss, Yang Jian led the troops to call, how should we defend and deploy.”

Wow!

For a time, a heated discussion broke out among the civil and military officials, and they came out one by one to express their views and suggestions. Some of these suggestions were feasible, while others were unrealistic.

The more the queen frowned, the more she suggested listening to her, the more uncertain she was to pay attention.

Haha...

Yue Feng is secretly funny. The suggestions of these ministers are really interesting. All of them advocate defense. The opponent is Zhenjun Erlang.

Muttering in his heart, Yue Feng couldn't help laughing.

Swish!

Chapter 2019

At this moment, the gazes of the civil and military officials all converged on Yue Feng, with displeased expressions on their faces.

This Yue Feng, even if he doesn't help to find a way, he still laughs.

"Yue Feng!"

Long Qianyu couldn't help it anymore. With a pretty face, he shouted at Yue Fengjiao: "If you're okay, please leave and don't make trouble here." Make

trouble?

Hearing this, Yue Feng was dumbfounded.

I didn't say anything, just smiled, that's a mess?

Thinking to himself, Yue Feng looked at Long Qianyu with a smile, and said slowly, "Your Highness, I don't mean to make trouble, I just think that the suggestions made by the ministers present are very interesting, so I can't help laughing. Get up."

What?

As soon as these words came out, the civil and military officials were extremely ashamed and angry, and they all glared at Yue Feng.

This Yue Feng actually laughed at his suggestion.

A person who lost the throne, what qualifications does he have to laugh at others?

Immediately, a minister couldn't help but said: "Yue Feng, listen to what you mean, Yang Jian calls, you have a way to resist him?"

"Of course." Yue Feng smiled slightly and nodded, although his attitude was frivolous, But with confidence.

Seeing Yue Feng's answer so succinctly, in an instant, the entire hall was silent!

The civil and military officials looked at each other in dismay, and were inexplicably stunned by the words of Yue Feng.

But after a few seconds of silence, the civil and military officials burst into laughter in unison!

“Haha, what nonsense is he talking about, how can he stop the Beiying army? Hahaha!”

“Yeah, just with his current strength, I’m afraid that Zhenjun Erlang won’t be able to catch a single move, and he’s so shameless... Haha!”

“I can’t even keep my own throne, and I still want to block the Beiying army? This is to say Let’s talk about it in a dream...haha!”

Seriously, no one of these civil and military officials would have dared to mock Yue Feng like this before. After all, he is the concubine.

But now, Long Qianyu had indicated that he did not want to marry Yue Feng, and he was rude and contemptuous of everyone. For a time, these civil and military officials were no longer polite.

When everyone laughed, Long Qian’s tone was not good, his delicate face was flushed, and he scolded Yue Feng Jiao: “Enough Yue Feng, can you shut up? Don’t be ashamed.”

Yue Feng’s words, Long Qianyu did not take it to heart.

Everyone present discussed for a long time, but there was no way to do it, but he threatened to block the Northern Ying army, which was a joke.

Yue Feng smiled slightly and ignored him.

“Yue Feng!”

At this moment, the queen looked closely at Yue Feng, and said softly, “Do you really have a way to stop the Beiying army?”

When she said this, the queen’s face was calm, but her eyes showed a bit expect.

Back then, when the Tianqi army attacked the Diyuan Continent, it was Yue Feng who led the Tianmen disciples and fought desperately with all the sects, and finally successfully repelled the Tianqi army.

It can be said that Yue Feng is very talented in leading troops to fight.

Maybe he really has a way.

Yue Feng nodded with a smile: “Yes, if Your Majesty trusts me, he will order to hand over the military power to me and let me take full command.” To

be honest, originally Yue Feng only wanted to find Su Qingyan as soon as possible, not to help Nan Yun Continent, to resist Yang Jian.

However, seeing the current situation in the Southern Cloud Continent, a war would break out at any time. At that time, there would be chaos everywhere, and it would be difficult to find Su Qingyan.

Yue Feng thought about it, and he helped Nanyun Continent to block Yang Jian. Without the war, it would be easier for him to find Su Qingyan.

Swish! Before waiting for the Queen's response, Long Qianyu's face was full of urgency, and he quickly said: "Sister Huang, you must not believe what Yue Feng said, he is making a grandfather, and it is impossible to block the

Beiyang army."

The officials also nodded in agreement.

The queen did not speak, but pondered.

Yes, if he gave Yue Feng military power, if he failed, the entire Nanyun Continent would be over.

Chapter 2020

Seeing that Long Qianyu still doesn't believe in him, Yue Feng laughed angrily: "His Royal Highness Princess, are you so sure that I will lose to Yang Jian?"

Hahaha!

Is this Yue Feng joking? What he means is that he can resist Yang Jian? Hahaha!

At this moment, Long Qianyu also laughed in anger, and then he looked serious and said word by word: "Yue Feng, what we are facing in Nanyun Continent is a matter of life and death, and we don't have time to accompany you to make trouble."

Hearing this, Yue Feng laughed angrily: "His Royal Highness, how about we make a bet?"

Bet?

Long Qianyu frowned, and said angrily, "What bet?"

"Just bet if I can block the Beiyang army." Yue Feng smiled, very relaxed and confident.

This Long Qianyu has always looked down on herself, and today she must show her what she is capable of.

Over the years, Yue Feng had already mastered Bai Qishen formation by heart. Facing Yang Jian's army, arranging troops was not a problem. Even if the situation was tense, he still had Pang Tong to help him, so he didn't panic at all.

"Okay!"

Long Qianyu thought for a while, looked at Yue Feng and said coldly: "If you lose, we will cancel the engagement, and from now on, you are not allowed to step into our Southern Cloud Continent for half a step."

Since he wanted Gambling, I will gamble with him, he can't win anyway, and I just took this opportunity to distance myself from him.

call!

As soon as these words fell, the civil and military officials suddenly burst into an uproar.

Yang Jian's army is so strong, how can he stop it? Isn't this a chance to give the eldest princess a chance to break the engagement with him?

The queen even frowned, looking at Yue Feng secretly shaking her head.

This Yue Feng was too arrogant. He had already helped him to suppress the marriage contract, but he had to take the initiative to provoke the emperor's sister.

Ugh!

Yue Feng sighed secretly, this Long Qianyu, don't want to have a relationship with him, and he also can't step into the Southern Cloud Continent for the rest of his life, okay, if you don't want to see me so much, I'm not as good as you want.

Thinking to himself, Yue Feng laughed and looked at Long Qianyu: "Okay, then if you lose, you must admit that I am your husband, and you will serve my daily life in the future, and you must be careful not to. Perfunctory."

Whoops!

As soon as these words came out, the civil and military officials couldn't help taking a deep breath. This Yue Feng, knowing that the eldest princess hated him, was too arrogant to make such a request.

Swish!

At the same time, Long Qianyu's delicate face also turned red all of a sudden, staring at Yue Feng fiercely, utterly embarrassed.

His own dignified princess, extremely noble, Yue Feng actually let him serve him?

Feeling Long Qianyu's anger, Yue Feng did not panic at all, and looked at her with a smile: "How is it? Your Royal Highness, do you dare to gamble?"

"Of course!" Long Qianyu chuckled and said coldly: "Why don't you dare to gamble?"

In Long Qianyu's heart, he didn't think he would lose at all.

The Beiyong army was so strong, how could Yue Feng be able to stop it? "Your Majesty!"

At this moment, a defender of the city ran in in a panic, his face pale: "Your Majesty, it's not good, the Beiyong army is... attacking again!"

When he said this, that The soldier was sweating profusely, and almost collapsed to the ground!

What?

Everyone in the entire hall changed their expressions.

"Quick. Pass my will." The queen also trembled, stood up immediately, and shouted: "Gather the soldiers and prepare to meet the enemy." After speaking, she quickly walked out.

Yue Feng, Long Qianyu and civil and military officials followed closely.
