

## The ultimate husband in Chinese chapter 2021-2030

### Chapter 2021

Hiss!

When they got to the top of the city gate and saw the scene outside, everyone couldn't help but take a breath! Yue Feng was also shocked, and only felt his brain buzzing.

I saw the army of hundreds of thousands of Northern Yingmen, lined up in a neat square, and had reached the foot of the city gate.

Above the army, Yang Jian was wearing a golden armor, suspended in mid-air, majestic.

In front of the army, Gonggong and Yue Wuya, as well as Han Bing, stood there quietly. Yue Wuya followed Yang Jian on the expedition, and Han Bing was worried about his brother's safety and followed along.

Ya Er... Bing Er!

Seeing Yue Wuya and Han Bing, Yue Feng's expression was stunned, very surprised.

Why are these two brothers and sisters in the Northern Ying army?

At this time, Yue Feng did not know that after the fall of Tianqi Continent, Yue Wuya was already a general under Yang Jian.

At this moment, Yue Wuya and Han Bing also saw Yue Feng on the city gate, and their expressions were startled.

Soon, Han Bing reacted and was very surprised.

Why is dad here? Shouldn't he be in the Earth Continent?

Yue Wuya, on the other hand, was full of resentment. He had always heard that Yue Feng was the concubine of the Southern Cloud Continent. Yue Wuya didn't believe it very much at first, but when he saw him here, he immediately believed it.

Under such circumstances, Yue Wuya's hatred for Yue Feng became even stronger.

His mother had suffered so much for him. When he got good, he hooked up with other women everywhere, and now he helped the princess of the Southern Cloud Continent to defend against the Northern Ying army. It was really abhorrent.

Swish!

At this moment, Yang Jian, who was suspended in mid-air, suddenly locked his eyes on Yue Feng, very surprised, and then said coldly: "Good boy, you are here too, where is Chang'e?"

Before, Yang Jian issued an imperial decree and sent people to search everywhere. , there was no news of Chang'e, which made Yang Jian very annoyed. Now that I suddenly see Yue Feng, I can't help it all of a sudden.

What?

In an instant, the civil and military officials of the Southern Cloud Continent were all stunned, looking at Yue Feng in astonishment.

This.... Yue Feng and Erlang Zhenjun know each other?

Also, Yang Jian asked him where Chang'e was. Could it be that Yue Feng is still related to Chang'e?

Yue Feng ignored the gazes of the people around him, and his face was calm and calm.

In the next second, Yue Feng squeezed a smile at Yang Jian: "Yang Jian, are you shameless? Just after Emperor Houyi died, you took the opportunity to seize power. You are not satisfied with being an emperor, and you still want to get the Empress Chang'e. You are so ambitious. Even if you win the world, you will not get the respect of the people."

"If you have self-knowledge, you should retreat quickly to avoid being punished."

When he said this, Yue Feng smiled and his tone was full of ridicule.

Anyway, he and Yang Jian have already torn apart their faces, so there is no need to be polite.

wow.

As soon as the words fell, there was an uproar inside and outside Canglan City, whether it was the queen or the civil and military officials, they were all panicked.

This Yue Feng is crazy.

That is Zhenjun Erlang, who is a powerful man in the world. He is so mocking, isn't he afraid of death?

Especially Long Qianyu, stomping his feet in a hurry.

In the current situation, Nayun Continent is already weak, and Yue Feng is still deliberately angering Yang Jian. Isn't this adding chaos?

Swish!

At this time, everyone's eyes were focused on Yang Jian.

Yang Jian's face instantly turned ashen, he stared at Yue Feng tightly for more than ten seconds, and then sneered: "Okay, very good, I was chased by me like a bereaved dog, how dare you You are arrogant, Yue Feng, you are very kind and arrogant, but arrogant people will not end well, when Canglan City is broken, I will be the first to cut off your head."

Chapter 2022 The

voice fell, Yang Jian's anger sank into his dantian, and his voice resounded throughout the world: "All officers and soldiers obey the order, attack!"

"Kill!" When the

voice fell, Yue Wuya took the lead, waving the bully hammer, and rushed directly to the Nanyun army.

At the same time, hundreds of thousands of Northern Ying troops rushed towards Canglan City like a tide.

Swish.

In that instant, the queen's delicate face turned extremely pale. There were only hundreds of thousands of soldiers on the Southern Cloud Continent. How could they defeat Yang Jian's army of hundreds of thousands? !

"The whole army obeys the order and meets the enemy!" A coquettish shout came from the Queen's mouth.

At this time, the queen was very solemn on the surface, but she was panicked in her heart.

After discussing for a long time, no effective resistance method was discussed. Now, we can only fight to the death.

"Ah!"

However, as soon as the queen's voice fell, the two armies had already collided, and many Nagumo soldiers were seen screaming and falling in a pool of blood.

The soldiers of the Beiyang army are generally stronger than the Nanyun soldiers. Fighting alone, the Nanyun soldiers are not opponents at all. Now, the number of the two sides is so disparate that this battle is not fought at all.

“Yue Feng!”

Seeing this scene, Long Qianyu bit his lip and scolded Yue Feng angrily: “It’s all you, you have to provoke Yang Jian, making the situation uncontrollable now, if Nanyun Continent falls, you will I can’t escape the guilt.”

I...

heard this, Yue Feng could not laugh or cry, and said lightly: “Your Highness, what you said, even if I don’t provoke Yang Jian, will he give up the attack?”

In two sentences, Long Qianyu was speechless.

Yes, even if Yue Feng wasn’t here today, Yang Jian would still attack Canglan City, and the Southern Cloud Continent would not be able to resist it.

However, Long Qianyu always held a fire in his heart, his mind changed, and he glared at Yue Feng and said, “Don’t you have a way to stop the Beiyang army? Hurry up.”

Haha...

Yue Feng suddenly laughed . He got up and looked at Long Qianyu with a smile: “Don’t you believe that I have this ability? What? Do you believe it now? Otherwise, please beg me...”

“You...”

Long Qian said in a tone of voice. The delicate body trembled, wishing to kill Yue Feng.

What time is it, he still has his mind wandering.

Yue Feng accepted it when he saw it, and stopped teasing Long Qianyu.

The next second, Yue Feng walked up to the Queen and said earnestly, “Your Majesty, the battle situation is urgent now, please give me a military talisman and let me command the army, so there is still a chance of life.” The

military talisman is the supreme token of the Nanyun army. , whoever owns the soldier talisman can mobilize the army.

Originally, the military talisman had always been in the hands of Long Qianyu, but this time the invasion of the Northern Ying mainland was no small matter, so the queen temporarily took back the military talisman and personally commanded the army.

What?

The words fell, Long Qianyu's pretty face changed, and he quickly interrupted: "Imperial sister, you can't give him the military charm."

Yue Feng, full of words, gave him the military charm. worse?

The queen frowned, she didn't respond, she was very hesitant.

"Your Majesty, the fighter plane is fleeting, you believe me, I must have a solution." Yue Feng continued.

Seeing that Nanyun soldiers kept falling in the battlefield, the queen no longer hesitated, nodded and said, "Okay, Yue Feng, don't let me down." Saying this, the queen took out the soldier talisman.

To be honest, the Queen is not at ease with Yue Feng's military charm.

But there was no other way. The current situation was already one-sided, and the Nagumo Continent was almost powerless to resist.

It is better to use a dead horse as a living horse doctor, I believe Yue Feng once, in case he succeeds.

Whoosh!

Yue Feng took the military talisman, and his inner strength urged him to fly into the air at once.

This...

Long Qianyu stomped her feet in a hurry, how could Huang Jie believe this scoundrel?

At this time, Yue Feng flew into the air, raised his dantian, and shouted: "Nanyun soldiers, listen to everyone, all move fifty steps to the left!" At the same time, Yue Feng raised the military talisman in his hand!

At this time, the Nagumo army, all the soldiers were wounded, and more than 10,000 people fell in a pool of blood. At this time, the morale was so low that they did not have the courage to resist.

Chapter 2023

But after hearing Yue Feng's order and seeing the military talisman in his hand, all the remaining soldiers did not dare to neglect, and moved quickly to the left according to Yue Feng's orders.

"The first 20,000 people, fifty paces to the west." Yue Feng took a deep breath and continued to shout: "The last 20,000 people, fifty paces to the east, and tens of thousands of people in the middle, spread out in a fan shape. Quick, must be quick. ."

When he shouted this, Yue Feng's face was solemn and his heart was a little nervous.

To be honest, Yue Feng knew that it was a bit risky to do so, but if he succeeded, he could immediately turn the tide of the battle.

The voice fell, and the Nanyun army did not hesitate, and followed Yue Feng's words one after another.

However, during the movement, Nagumo's army temporarily lost its combat effectiveness, and several thousand more people fell in a pool of blood.

"Yue Feng!"

Seeing this scene, Long Qianyu's face was full of anxiety, and he shouted: "What are you commanding blindly? Hurry up and hand back the soldier talisman, don't be fooling around anymore.

" Pure nonsense.

call!

At this moment, the queen and the civil and military officials were also anxious.

This... Is it okay for Yue Feng to command like this?

Wouldn't it be faster to lose?

The queen bit her lip tightly, and felt a little regretful in her heart, so she should not have given the military talisman to Yue Feng.

Yue Feng pretended not to hear Long Qianyu's coquettish drink, and continued to command the Nanyun army.

Hehe...

At this time, Yang Jian, who was suspended in mid-air, stared at Yue Feng closely, and a contemptuous smile appeared on the corner of his mouth: "How to help Nanyun Continent with this little skill?"

Like Long Qianyu and the others, Yang Jian also thought that Yue Feng was commanding blindly.

Um?

However, at this time, a scene that shocked everyone appeared.

Originally, the Nanyun army was besieged by the Beiyang army. However, under the command of Yue Feng, the Nanyun army moved quickly and unexpectedly surrounded the Beiyang army.

That's right, hundreds of thousands of people surrounded them.

What?

At this moment, whether it is the queen, the civil and military officials, or Yang Jian, their faces are full of surprise, and their hearts are extremely shocked.

What's happening here?

"This..."

At this moment, Long Qianyu's delicate body trembled, and he stared at Yue Feng in midair, his delicate face was full of shock, unable to speak.

The situation turned around, he... how did he do it?

At this moment, Yang Jian reacted, and looked at the formation of the Nanyun army, his eyes flickered with surprise, and his tone was trembling: "This... This seems to be Emperor Houyi's Wanmu Xuanchong formation?"

Yes, Yue Fengrang The Nanyun army deployed the Wanmu Xuanchong formation. One thousand years ago, Emperor Hou Yi used this formation to trap Zhu Bajie and imprisoned him for a thousand years.

Yang Jian has worked for Emperor Houyi for so many years, and he naturally understands it, but this formation is very mysterious. Only Emperor Houyi knows how to crack it, and Yang Jian can't understand it at all.

At this time, seeing Yue Feng deploying the Wanmu Xuan Chong formation, Yang Jian was not only shocked, but also very puzzled.

This kid, how can Wanmu Xuan rush into the formation?

At this time, Yang Jian didn't know yet that Yue Feng was familiar with Baiqishen Formation, and this Wanmu Xuanchong Formation was just one of the slightly clever formations. To Yue Feng, it was nothing.

"All soldiers!"

At this moment, Yue Feng roared, "Start fighting back."

"Kill.."

Upon hearing the order, the soldiers of Nanyun, without any hesitation, mobilized their inner strength and began to counterattack.

"Ah!" The

Beiyang army was surrounded by large groups, and all of them were lost by the big formation. At this time, facing the counterattack of the Nanyun army, none of them had the strength to fight back. They screamed and fell in a pool of blood. among.

call!

Seeing this scene, Yang Jian's eyes were extremely blood-red, holding the three-pointed two-edged sword tightly, his body trembled wildly, and his heart was even more angry!

Chapter 2024

"All officers and men obey orders, don't fight, all break through, break through..." A roar came from Yang Jian's mouth, revealing deep unwillingness! Originally, Nagumo Continent would definitely lose, but this Yue Feng commanded the Nagumo army and laid out a formation to turn defeat into victory.

At this time, Yang Jian could not wait to go directly to the battlefield, but he held back.

To be honest, with Yang Jian's strength, he can completely help the Beiyang army to regain the situation, but if they do this, the Beiyang army will also pay a heavy price.

After all, Yue Feng's Wanmu Xuan Chong formation is too mysterious.

Yang Jian also intends to conquer other continents. If he loses too many soldiers today, it will not be cost-effective. Only by withdrawing troops quickly can the casualties be minimized.

Hula...

The voice fell, and many Beiyang soldiers began to break through, but there were also many generals and soldiers who were still trapped in the great formation. Among them, there is Yue Wuya.

At this time, Yue Wuya was covered in blood. Although most of it was the blood of the enemy, it had consumed a lot of internal energy. At this time, he was already powerless.

“Y’er!”

Seeing this scene, Yue Fengman was displeased and said, “You can’t win today, give up, stop following Yang Jian, come to me, okay?”

When he said this, Yue Feng’s eyes were full of guilt.

I felt sorry for their mother and son originally, and if Ya’er was injured because of him again today, he would not be able to pay it back in his life.

Yue Feng has already thought about it, as long as Yue Wuya gives up resistance, he will find a way to take Qin Rongyin over and the family will be reunited.

“Shut up!”

Yue Wuya didn’t appreciate it, roared, glared at Yue Feng and said, “I will not surrender to you even if I die today.”

When the words fell, Yue Wuya desperately swung the Overlord Hammer to push back the Nagumo soldiers in front of him.

At this time, many people from the Beiyang army had already broken out, followed Yang Jian and retreated towards the distant camp.

Ugh.

Seeing that Yue Wuya would rather die than surrender, Yue Feng sighed, then raised his military talisman and shouted: “All the army obey the order, all retreat to the city, don’t fight again.”

Seriously, if it wasn’t for Yue Wuya, None of the trapped Beiyang soldiers, Yue Feng would let go.

But there is no way, there is his own son in it.

hula.

The voice fell, and the Nagumo army moved quickly and withdrew to Canglan City.

Taking this opportunity, Yue Wuya rushed out of the siege and quickly chased after the Beiyang army without turning his head.

Yue Wuya knew that Yue Feng was deliberately letting him go, but he had no gratitude in his heart.

In an instant, the remaining soldiers of the Northern Ying Continent escaped cleanly and were very embarrassed.

wow.

At this moment, the entire Canglan City, whether it was civil and military officials or the common people, suddenly cheered.

Blocked.... actually successfully blocked the Northern Ying army.

Just a day ago, I couldn't even think about it.

While excited, many eyes focused on Yue Feng, revealing deep shock and admiration.

As expected of the hero of the Earth Circle, it is too powerful.

call!

Yue Feng, on the other hand, did not look happy at all. Seeing that Yue Wuya was safely out of danger, he was relieved, and he moved his figure and slowly landed on the city gate.

"Yue Feng!"

At this moment, Long Qianyu hurried up to meet him, and said very displeasely: "The enemy troops who were just besieged can obviously be wiped out, why do you want to withdraw?"

Chapter 2025

Yue Feng smiled and did not respond.

Yue Feng's attitude made Long Qianyu very annoyed.

The next second, Long Qianyu thought of something, his eyes flashed, and he stared at Yue Feng: "I see, the young general just now seems to be the prince of Tianqi Continent. I heard that he is your biological son, so you I just let him go, right."

"That's right!"

This time, Yue Feng did not evade, nodding his head to admit it, and at the same time responding, his heart was also extremely bitter.

His own son treats him like an enemy. This father is really...

hehe...

Seeing Yue Feng's admission, Long Qianyu chuckled, his delicate face couldn't hide the contempt in his heart, and continued to mock: "Your own sons are all against you, Yue Feng, you are a failure as a human being."

Phew! Yue Feng was not angry at all, instead he said with a smile: "Your Highness, let's not talk about this

for now. The Beiyang army has been successfully blocked by me. Princess Jinkou Yuyan, should not forget her bet."

....

Hearing this, Long Qianyu's delicate body trembled, and her delicate face was immediately embarrassed.

How to do?

I thought that this rogue would bet against me that he couldn't win, but I didn't expect that he really blocked Yang Jian's army, and the big formation deployed before was really amazing.

But... so many people are watching, and Yue Feng's conditions are so excessive, how can he agree?

When he thought that he had to serve Yue Feng, Long Qianyu felt reluctant from the bottom of his heart.

Swish!

At this moment, the eyes of the surrounding civil and military officials all focused on Long Qianyu.

Her Royal Highness, the eldest princess, lost the bet with Yue Feng. With her aloof personality, would she rather die than accept it?

"Imperial sister."

At this moment, the queen smiled and comforted Long Qianyu: "You are the princess, you are responsible for everything you say and deed. The so-called willingness to

gamble and admit defeat, besides, Yue Feng is your concubine, serve you. He is also your duty." To

be honest, I heard that Yue Feng lost the throne of Xicang Continent before, and the queen was very disappointed with him, and felt that she had made a marriage contract with him and Long Qianyu, and it was unthinkable.

But just now, seeing Yue Feng commanding Nan Yun's soldiers, successfully blocking Yang Jian's army, and showing his outstanding talent, the Queen was immediately impressed.

The queen thought about it, Yue Feng has such ability, his marriage contract with Long Qianyu must not be cancelled. On the contrary, such a talent must be retained.

"I..."

Seeing that the Queen had spoken, Long Qianyu bit her lip tightly, feeling entangled in her heart, but she didn't know how to refute it.

The next second, Long Qianyu bit her lip, walked to Yue Feng, and whispered, "Yue Feng, I'm sorry, I offended you before. I was wrong, don't take offense.

" Can't hear.

Yue Feng looked relaxed and looked at Long Qianyu with a smile: "Oh, who said just now that I was a failure as a human being, and also said that I would never be allowed to step into the Southern Cloud Continent for the rest of my life."

"I was wrong, really You're wrong." Long Qianyu bit her lip tightly, almost bleeding.

"Forget it!"

Yue Feng smiled and said lightly, "How dare I blame Her Royal Highness, but what should you call me?"

Saying that, Yue Feng deliberately moved closer, his eyes twinkling provocatively.

"Hu... husband." Long Qianyu bit her lip and shouted in a low voice.

At this time, Long Qianyu's face was flushed.

I thought that after Yue Feng lost the throne of Xicang Continent, Huangjie would see him clearly and agree to break off the marriage, but she never expected that Yue Feng would win the confidence of Huangjie by defending against the Beiyang army today. And myself, in the end, I still have to call him husband. This husband, the shouting Long Qianyu blushed.

## The ultimate husband in Chinese chapter 2026-2030

### Chapter 2026

“Yue Feng!”

At this moment, the queen said: “Today, you command the army and use your soldiers like a god, which is really eye-opening. From today, this military charm will be handed over to you, I hope you can thoroughly Defeat the Beiying army, and let Yang Jian break the idea of conquering our Nanyun Continent.”

Yue Feng has such a talent, and only he can block the Beiying army. It is most suitable to return the soldier’s talisman to him.

Anyway, he is the concubine of the emperor’s sister, not an outsider.

“Thank you for your trust, Your Majesty.” Yue Feng was rude and nodded with a smile.

Immediately, Yue Feng said to the surrounding generals: “Wait for the army to gather and wait for my deployment.”

“Yes, Consort.” The generals responded quickly, and then quickly went to prepare.

Originally, these generals looked down on Yue Feng, but when they saw his outstanding commanding ability, they all admired each and every one of them. At this time, they did not dare to neglect Yue Feng’s orders.

“His Royal Highness.”

At this time, Yue Feng turned back and looked at Long Qianyu with a smile: “Husband, I’ll go to deploy the defense first, you go back and clean up the room well, it’s best to prepare some hot water, and let me take a good shower. Take a bath.”

I traveled thousands of miles to the Southern Cloud Continent, covered in dust, and helped defend against the Northern Ying army, so I naturally wanted to take a bath and have a good rest.

After the voice fell, Yue Feng walked down the city gate and began to dispatch the army and deploy defense.

Swish.

At this moment, Long Qianyu’s delicate body trembled, and his face was blushing.

This bastard, in front of so many people, even told himself to take a bath.

This chapter is provided by . Visit for daily update.

Just too embarrassing.

.....

At this moment, the Beiyong army barracks.

Inside the coach's tent, Yang Jian sat there, his face gloomy, and his whole body was filled with endless anger.

I thought that I would be able to capture Canglan City before sunset today, but I didn't expect that a Yue Feng suddenly appeared, disrupting all my plans.

Not only that, the battle just now also damaged many of his own soldiers.

As True Monarch Erlang, he has been shaking Kyushu for thousands of years. When did he suffer from this kind of cowardice?

The more Yang Jian thought about it, the more angry he became, his eyes were full of evil spirits, which was very terrifying.

On the two sides below, Yue Wuya, Han Bing and the generals stood there one by one, bowing their heads and saying nothing, their expressions solemn.

His Majesty is angry, who dares to touch the bad head.

Especially the ice, the mood at this time is very complicated.

His father helped Nanyun Continent and defeated the Beiyong army. Yang Jian would definitely not spare his father easily.

Under such circumstances, if he and his brother continued to help Yang Jian, wouldn't they be completely hostile to their father?

Should I persuade my brother to leave here and go to his father?

Thinking to himself, Han Bing quietly glanced at Yue Wuya, and seeing his gloomy and frightening face, Han Bing temporarily dismissed his thoughts.

"Your Majesty."

At this moment, a soldier walked in quickly and said in a panic, "Your Majesty, there is a strange person by the creek at the rear of the camp, and his subordinates don't know how to show his favor. ..."

There is a small stream behind the camp, and Yang Jian specially sent people to the surrounding realm. You must know that the water source is very important for the army to fight, and it is related to the army's consumption.

“waste!”

Hearing this, Yang Jian was furious and roared: “I can't handle this trivial matter, what do I want you rubbish for?” Just after the defeat, Yang Jian was already angry, when he learned about the water source of the camp, When someone broke in, it was even more unforgivable.

puff.

The soldier was so frightened that he hurriedly knelt down and kowtowed, panicking: “Your Majesty, calm down, that weirdo is very powerful. He has injured several soldiers just now. We...”

Chapter 2027 Before

he could finish speaking, Yang Jian interrupted directly.

“Okay, don't talk about it, take me to see, I want to see, what kind of expert.” Yang Jian said coldly, then stood up and strode out of the camp.

Yue Wuya, Han Bing and many other soldiers quickly followed.

Soon, Yang Jian and everyone came to the stream behind the camp.

Um?

From a distance, Yang Jian and the generals frowned secretly.

I saw a man in a black robe sitting leisurely fishing beside the scenic creek. The man had long gray-white hair and wild waves. He seemed to be sitting there peacefully, but he gave him a sense of relief. A powerful aura that cannot be offended.

It is Zhang Jiao!

After leaving the ancient tomb and separating from the ice, Zhang Jiao began to travel around the world, traveling around the mountains and waters!

Passing by this place today, I saw the beautiful scenery around, the stream in front of me is clear, and there are many fish in it. Zhang Jiao made a fishing rod on a whim to fish here and enjoy his leisure time.

Zhang Jiao has an arrogant temperament and knows that this is the camp of the Beiyang army, but he doesn't take it to heart.

Swish.

Seeing Zhang Jiao sitting there, still motionless, very relaxed and comfortable, Yang Jian's face was ashen, and the anger in his heart rose.

As the emperor of Beiyang, the true monarch Erlang, who is the most powerful person in the world, who is not respectful when he sees himself? But this person in front of him, not only did he not kneel and salute, but also ignored himself? !

Master?

However, Han Bing next to him trembled as he stared at Zhang Jiao, very surprised. When we separated, Master said that he had been detained for too long, and he had to take a good look at the outside world, but he didn't expect to meet him here.

Thinking to myself, Han Bing was about to come forward to say hello, but just as he was about to speak, he was interrupted by an angry shout.

"Breaking things!" Seeing a captain of the palace guards, he rushed out quickly and yelled at Zhang Jiao: "Your Majesty is here, why don't you kneel? Do you want to lose your head?"

The captain of the guards, whose name is Wang Qi, The strength of the Fifth Stage Martial Emperor!

Um?

Hearing this, Zhang Jiao frowned, and a contemptuous smile appeared on the corner of his mouth.

kneel? In this world, it seems that no one is worthy of kneeling!

Thinking to himself, Zhang Jiao didn't even look at Chen Qi, and he sat there and continued fishing.

Swish!

Seeing Zhang Jiao's reaction, Yang Jian's inner anger was completely aroused. He is such a arrogant and unruly man.

Zhang Jiao is dressed in ordinary clothes, and looks like he is sleeping in the open.

At this moment, Chen Qi was also completely angry, pulled out his long knife, and roared: "Dare to be disrespectful to Your Majesty, courting death!" After the

voice fell, Chen Qi rose into the air and went straight to Zhang Jiao.

hum!

A powerful breath burst out from Chen Qi's body, and a dazzling light burst out from the long knife in his hand, coming straight to Zhang Jiao's back, and he saw that the air was torn apart, and the momentum was amazing.

Seeing Chen Qi attacking, Zhang Jiao looked disdainful.

"Beyond your own power!" A cold voice came from Zhang Jiao's mouth.

Immediately afterwards, Zhang Jiao raised his hand and waved lightly. Under the surging internal force, a protective film quickly formed and enveloped Zhang Jiao.

Bang.

In an instant, the long knife slammed into the protective film, but did not smash it. On the contrary, Chen Qi let out a groan, and was directly shocked by the powerful force on the protective film, and flew out dozens of meters away. , broke a few trees, and fell heavily to the ground.

puff.

At this moment, Chen Qi's face was pale, he spat out a mouthful of blood, his breath was very sluggish, his eyes stared at Zhang Jiao, and his heart was extremely shocked.

Chapter 2028

Chen Qi stared at Zhang Jiao closely, sweat dripping down.

Who is this? Good strength.

To be honest, Zhang Jiao had shown mercy just now. If he had erupted with all his strength, Chen Qi would have been shaken to death by now.

call.

At the same time, Yang Jian and the surrounding soldiers were also stunned, their faces full of shock.

Chen Qi is a fifth-tier Martial Emperor. With a full blow, he was easily blocked by this person with a protective film?

And, it's so easy.

Who the hell is this?

Swish!

At this time, Yang Jian reacted, his eyes fixed on Zhang Jiao, his face was extremely ugly, and he said coldly: "Take this person to me."

No matter who the other party is, if he dares to make trouble in his own camp, he will die. .

Swish swish...

The voice fell, and dozens of guards rose into the air one after another and surrounded Zhang Jiao.

These guards are all responsible for the security of the palace, and their strength is not weak. It can be said that the lowest realm is also the third rank Martial Emperor, and most of them are the fourth rank Martial Sovereign.

In an instant, dozens of guards, the burst of breath, distorted the sky, and the momentum was amazing.

However, Zhang Jiao looked indifferent and did not panic at all, but muttered very irritably: "It's not over, right?" When the

voice fell, Zhang Jiao waved a palm and directly smashed the big tree next to it, and the big tree directly It cracked into a few pieces of wood, and then Zhang Jiao inserted these wood piles around him.

The action is smooth, yet dazzling.

call!

Seeing this scene, Yang Jian and Yue Wuya all frowned secretly. The wooden stakes placed by this man seemed simple, but it gave people a feeling of change.

Could it be that this is an array?

Bang bang bang...

At this moment, dozens of guards have rushed to the front, and they have exploded their skills and attacked Zhang Jiao. Zhang Jiao is not in a hurry and moves the stake quickly. Dozens of guards have not responded yet. Come here and get trapped inside one by one.

Yang Jian guessed right. Zhang Jiao used these stakes to deploy a formation called 'Reversal of the Five Elements'.

A thousand years ago, Zhang Jiao was known as the General of Tiangong. He led the Yellow Turban army, conquered all directions, and shook the world. In addition to relying on his powerful strength and outstanding commanding ability, the most important thing was Zhang Jiao's accomplishments in formation. .

And this reversal of the five-element array is one of the arrays that Zhang Jiao has learned.

In the blink of an eye, ten minutes passed, and dozens of guards were still trapped inside, turning around in circles.

This....

seeing this scene, whether it is Yang Jian or Yue Wuya, everyone is completely stunned, their faces are incredible.

This person, just using a few wooden stakes and placing them in a few random positions, can actually exert such a miraculous effect, trapping dozens of masters in it?

Incredible.

Huh..

At this moment, Yang Jian reacted, and was extremely annoyed. With so many guards, he couldn't even catch a single one, and the face of the Northern Ying army was completely lost.

Thinking to himself, Yang Jian couldn't take it anymore, staring at Zhang Jiao, his tone full of murderous intent: "Okay, very good, I thought it was a mountain villager, but I didn't expect it to be an expert outside the world, I'm here to learn. Learn your methods."

hum!

The voice fell, and a terrifying aura burst out from Yang Jian's body, and in an instant, the surrounding air seemed to be stagnant!

Unfathomable and powerful coercion, suppressing people panic!

Um?

Feeling Yang Jian's terrifying aura, Zhang Jiao's expression changed slightly, and he immediately became vigilant.

This Erlang Zhenjun is worthy of being a world-famous peerless powerhouse, and his strength is very strong.

When he was fishing here before, Zhang Jiao knew that this was the camp of the Beiying army, and the commander was Yang Jian, the true prince of Erlang.

Thinking about it, Zhang Jiao was motivated by internal force, and he was on guard, ready to meet Yang Jian's attack at any time.

Bang!

At this time, Yang Jian didn't talk nonsense, he held the three-pointed two-edged sword tightly, and came directly towards Zhang Jiao.

"Your Majesty, don't..."

But at this moment, Han Bing couldn't help shouting, her delicate face was full of anxiety and worry: "I beg Your Majesty to stop, he is my master, this should be a misunderstanding... ."

When he said this, Han Bing only felt that his heart was about to jump out.

She knew that the master was very strong, but the opponent was the real master of Erlang, Yang Jian. If he really fought, he might not necessarily be his opponent. As a disciple, how could he bear to watch his master get into trouble?

Um?

Hearing this, Yang Jian immediately stopped, looked back at Han Bing, and said in surprise: "Is he your master?"

Han Bing quickly nodded, and said nervously: "Yes, please be merciful to Your Majesty."

What?

At this moment, Yue Wuya in the crowd was shocked and very surprised.

The expert in front of him turned out to be his sister's master? Why haven't I heard her say it before?

At this time, Yang Jian didn't say anything anymore, nodded, and the figure landed down, and at the same time put away the three-pointed two-edged sword.

This Han Bing is Yue Wuya's younger sister. She went out with the army along the way. She has no credit or hard work. Since this person is her master and her own, there is no need to care about it.

"Disciple?"

Chapter 2029

At this time, Zhang Jiao was stunned when he saw the ice, surprised and happy.

Before, his attention was all on the fishing rod, and he didn't notice the ice at all. At this time, he suddenly saw his apprentice, which was very unexpected.

"Master!" Han Bing walked over quickly, his tone couldn't hide his joy and happiness: "You old man, why are you fishing here, now the two continents are at war, the situation is very chaotic, are you not afraid of causing trouble?"

Haha. ..

Zhang Jiao laughed and said very boldly: "They are fighting their battles, and I am fishing for my fish. It has nothing to do with each other. What are you afraid of?"

"But..."

Hearing this, Han Bing bit her tightly. He pursed his lips and was very tangled: "But my brother is working on the Northern Ying Continent. If you insist on fishing here, your Majesty will be unhappy. At that time, the disciple will be very embarrassed."

"Okay, okay!" Zhang Jiao laughed and said helplessly: "Teacher said so, I will go to play somewhere else."

Immediately, Zhang Jiao muttered to himself: "Oh, I finally got interested and wanted to catch a good fish. The fish are disturbed one after another, that's all, I won't fish."

When he said this, Zhang Jiao looked unhappy, but looking at Han Bing's eyes, there was love, to be honest, in his heart, The only relative in this world is this clever and clever disciple.

call!

Hearing this, Han Bing immediately smiled happily, took Zhang Jiao's hand, and said coquettishly, "I knew that Master would not embarrass the disciple. Master is very good."

“Okay.” Zhang Jiao smiled slightly and rushed towards Looking at the ice, he said, “Master continues to swim in the mountains and waters. When there is time in the future, Master will find you.” After

speaking, Zhang Jiao turned and walked towards the distance.

At this moment, Han Bing was very reluctant and wanted to speak to keep him, but he held back.

She understands Master’s personality, likes to be free, and is most troubled by trivial matters.

“Sir, stay!”

At this moment, Yang Jian suddenly spoke! , and then the figure flashed, blocking Zhang Jiao’s way.

Swish!

Zhang Jiao immediately stopped and looked at Yang Jian with a frown: “What?”

His subordinates were taught a lesson by him, but Yang Jian was so angry that he didn’t want to let him go?

Phew...

At this moment, Han Bing and Yue Wuya were also secretly nervous and worried.

What is your majesty going to do, haven’t you calmed down yet?

At this time, Yang Jian showed a smile and asked Zhang Jiao: “Just now, Mr. just arranged a small formation, and it trapped my incompetent men. Your surname is your name.” To

be honest, Yang Jian, like Zhang Jiao, are both arrogant and arrogant people, if it were normal, Yang Jian would never speak so politely.

The previous attack on Canglan City failed, Yang Jian was very annoyed, and was worrying about how to break Yue Feng’s great formation. At this time, seeing that Zhang Jiao was also highly accomplished in the formation, he suddenly thought of winning.

If this person used it for himself, wouldn’t it be easy to destroy Canglan City?

“The old man’s surname is Zhang Mingjiao.” Zhang Jiao responded lightly.

What?

Hearing this, Yang Jian was stunned for a moment, and then his heart was ecstatic.

It turns out that he is Zhang Jiao, haha...

Thousands of years ago, Zhang Jiao led the Yellow Turban army to conquer the continent of Kyushu and became famous. How could Yang Jian not know?

At this time, Yang Jian was very shocked, and at the same time looking at Zhang Jiao's eyes became even hotter.

The next second, Yang Jian said earnestly: "It turns out that it is Mr. Zhang, who has long admired the name, Mr. Zhang, I know that you are a generation of strange people, a genius of the sky, would you be willing to join me to conquer the Kyushu continent and create the great cause of the world?"

Saying this At that time, Yang Jian's eyes were full of urgency!

Now, to conquer other continents, there is an urgent need for talents, and there are enough generals around him to fight, but there is only one less counselor who can advise and arrange troops.

And Zhang Jiao in front of him is very resourceful, and it is the most suitable for him to be his own military advisor!

Conquering the Kyushu Continent with you?

Hearing this, Zhang Jiao frowned.

Immediately, Zhang Jiao smiled lightly: "I'm sorry, I'm not interested."

If it was a thousand years ago, Zhang Jiao would have been tempted directly, but after being imprisoned for a thousand years in Lu Bu's ancient tomb, and experiencing life and death, Zhang Jiao saw everything. .

Wang Tubaye is just a floating cloud, and now Zhang Jiao just wants to travel around the world without any restrictions.

What?

Hearing this, everyone around was stunned.

This... This person actually rejected His Majesty directly?

Uh...

Hearing this, Yang Jian was very embarrassed, and when he saw Han Bing next to him, he immediately had an idea.

“Mr. Zhang.” With a sincere expression on his face, Yang Jian persuaded Zhang Jiao: “I know that you will undoubtedly have disputes in the mainland, but you, your apprentice, will fight with me everywhere, and you will encounter all kinds of dangers at that time. As a master, you don’t have to worry about the safety of your disciples?” After

speaking, Yang Jian continued: “As long as you are willing, I will immediately appoint you as a military advisor and command the three armies on my behalf, one person is more than ten thousand people. How?”

Yang Jian It can be seen that Zhang Jiao loves Han Bing very much. As long as he uses Bing Bing as an excuse, Zhang Jiao will definitely not refuse.

Whoa!

In an instant, the surroundings were restless, and countless pairs of eyes converged on Zhang Jiao’s body, flickering with shock and complexity.

His Majesty wants to make him a military advisor, which is a supreme honor.

call!

Zhang Jiao pondered for a few seconds, looked at Han Bing, and finally took a deep breath and nodded, “Okay!”

Chapter 2030

Seriously, Zhang Jiao really doesn’t want to fight anymore, but Yang Jian guessed right, in Zhang Jiao’s heart, the only relative in the world is Tuer Hanbing.

Therefore, in order to make sure that nothing will happen to the ice in the war, Zhang Jiao had to agree.

“Haha!” Seeing his answer, Yang Jian was very excited, and laughed loudly: “Okay, great, with Mr. Zhang’s assistance, I can unify the Kyushu continent, just around the corner! Haha..” The words

fell, and the surrounding soldiers rushed in. Kneeling down and shouting in unison, the momentum is shocking.

“Your Majesty Shengming, long live, long live, long live! Military division thousand years old thousand thousand years old!”

Seeing this scene, Zhang Jiao looked indifferent.

He only cares about the safety of his disciples. As for the unification of the Kyushu continent, he doesn't care.

call!

At this moment, Han Bing's delicate body trembled and looked at Zhang Jiao closely, feeling very moved.

Master didn't like to be restrained the most, but for his own sake, he chose to stay.

.....

the other side.

In Canglan City.

After several hours of deployment, Yue Feng finally arranged the Nanyun army in every corner of Canglan City, and made all defenses to prevent the Beiyang army from attacking the city again.

Of course, Yue Feng didn't deploy it randomly, and secretly asked Pang Tong to give a lot of advice.

Pang Tong was a famous advisor during the Three Kingdoms period. With his participation, the defense of Canglan City would not be a problem at all.

"I wear the stars and the moon, and my heart is like an arrow. I want to see the beauty in the boudoir..."

At this moment, with the bright moon hanging overhead, Yue Feng hummed a little tune and walked towards the place where Long Qianyu lived, very relaxed and comfortable.

As the eldest princess, Long Qianyu has a noble status. Like the queen, she lives in the courtyard of the Grand Commander's Mansion.

Speaking of which, the empress's proud daughter of the sky must build a palace in advance every time she goes to a place on weekdays, but this time the Northern Ying army came suddenly, and the empress rarely came to the border, so there was no palace in Canglan City, so she could only stay in Chen temporarily. The great commander's office of the picture is aggrieved.

Soon, when he entered the Grand Commander's Mansion, Yue Feng saw that the lights in the small courtyard behind were all turned off.

Obviously, the Queen and Long Qianyu were both physically and mentally tired from defending against the Northern Ying army during the day, so they rested early.

Ugh.

Seeing this scene, Yue Feng secretly shook his head and sighed.

This Long Qianyu can't do it. She promised to fulfill the gambling contract and wait for her to go to bed. As a result, she went to bed before she came back.

Muttering in his heart, Yue Feng walked towards the small courtyard.

I go.

As soon as he entered the courtyard, Yue Feng was stunned.

This small courtyard has two wing rooms, which are exactly the same. Which one is Long Qianyu's room?

Yue Feng saw that the appearance and layout of the two wing rooms in front of him were exactly the same, and he couldn't tell them apart at all.

For a time, Yue Feng only felt that his head was getting bigger.

Forget it, the one on the left.

A few seconds later, Yue Feng calmed down and entered the wing on the left.

hiss!

As soon as he walked in and saw the scene inside, Yue Feng was shocked and couldn't help taking a breath.

I only saw a golden silk dragon robe on the soft cave of this wing, and on the soft cave lay a slender and charming figure.

It is the queen!

Yue Feng saw that there was only the Queen in the elegant room in front of him. Obviously, the queen was going to rest and sent out the maids and eunuchs.
