

## The ultimate husband in Chinese chapter 2051-2060

### Chapter 2051

“This kid has been losing battles before, it won't be because he was too stimulated, he has a problem with his brain, haha...”

Among the Beiyang army, there were constant laughter, Yue Feng's words just now, no people at heart.

A kid who doesn't know how to live or die, dare to speak madly, and want to confront Yang Jian directly? It's the world's joke. Without arranging troops, can the Nagumo army beat the Beiyang army?

Hehe...

Even Yang Jian couldn't help laughing and looked at Yue Feng with contempt: “Boy, what are you talking about? Are you going to fight me head-on?”

When he said this, Yang Jian's tone was full of mockery.

Although Yue Feng's strength is very strong, in Yang Jian's eyes, it is nothing at all. Yang Jian has absolute certainty that in the battle between the two sides, he can kill Yue Feng within three moves.

“That's right!” Yue Feng nodded earnestly, pointing to the wilderness north of the imperial city: “In order to avoid hurting innocent people, our two armies will compete in that wilderness. Yang Jian, do you dare?”

When he said the last sentence, Yue Feng's heart was in his throat.

This Yang Jian is ruthless and ruthless. He never plays cards according to common sense. If he does not agree and directly orders a siege, it will be troublesome.

Um?

Yang Jian took a deep breath and looked at Yue Feng in a complicated way. He didn't respond immediately, but muttered in his heart.

This kid has always been very cautious and never does anything he is not sure about. What happened today? Could it be that this kid has an exquisite tower, so he is inexplicably confident? Even if the strong are imprisoned in the Linglong Tower, Yang Jian's Beiyang army is not afraid of the Nanyun army!

“His Majesty.”

However, at this time, Zhang Jiao came over and said with a complicated expression: "Yue Feng is a deceitful man. If he wants to fight in the wilderness, he must be deceitful. Your Majesty must not be deceived by his appearance."

This chapter is provided by . Visit for daily update.

Saying this At the time, Zhang Jiao couldn't help but glance at Yue Feng with a solemn look in his eyes.

In the previous few battles, although Zhang Jiao defeated Yue Feng, the victory was not easy. Speaking of which, if Zhang Jiao hadn't used the common people as a wall of flesh, it was hard to predict who would win and who would lose.

Under such circumstances, Zhang Jiao admired Yue Feng very much on the one hand, and regarded him as a formidable enemy on the other hand. Seeing that he was uncharacteristically and wanted to fight against Yang Jian upright and bright, Zhang Jiao immediately realized that there must be a deceit.

"The strategist is thinking too much."

Zhang Jiao's reminder did not make Yang Jian's heart vigilant, but smiled slightly: "This kid is already at the end of the road, and it is impossible to reverse the situation. Even if there is a conspiracy, it will be useless."

At this time, Yang Jian , firmly believes that Yue Feng's trump card is the Qibao Linglong Pagoda.

Zhang Jiao was in a hurry and said, "Your Majesty..."

However, he was interrupted by Yang Jian after only two words.

"You don't need to say it, I have already decided to compete with this Yue Feng." Yang Jian said lightly, with incomparable confidence in his eyes: "This kid is the last hope of the Southern Cloud Continent, if I am in front of everyone If you kill him, you can completely destroy the psychological defense line of the Nanyun royal family."

Saying that, Yang Jian's eyes fell on Yue Feng, and his deep voice spread throughout the entire imperial city: "Boy, since you want to die so hard. With a little dignity, I will fulfill you." The

voice fell, and Yang Jian waved at Yue Wuya, motioning to let the people go.

Yue Wuya did not dare to neglect, and immediately asked the soldiers to release the arrested civilians.

call!

Seeing Yang Jian agree, Yue Feng suddenly let out a sigh of relief.

## Chapter 2052

After releasing the people, Yang Jian commanded the army to the wilderness north of the imperial city.

At this time, Yue Feng also commanded the Nagumo army and quickly arrived in the wilderness.

For a time, hundreds of thousands of Nanyun army and hundreds of thousands of Beiyang army faced each other in the wilderness, hunting with banners and flags, long knives lined up everywhere, and a strong chilling atmosphere filled the sky and the earth.

call!

Seeing this scene from a distance, the queen on the city gate was holding a pair of jade hands tightly, and her delicate face showed endless worry and tension.

This battle is related to the fate of the Southern Cloud Continent. It must be successful, and there can be no accidents.

Next to Long Qianyu, his eyes were fixed on Yue Feng's figure, and he was praying secretly in his heart.

Must be successful.

At this time, the wilderness battlefield is here.

Swish.

Yang Jian's figure was suspended in the air, holding the three-pointed two-edged sword tightly, and his body was filled with a domineering domineering arrogance.

In the next second, Yang Jian's eyes locked on Yue Feng and sneered: "Boy, how do you want to die?" The

current situation is already obvious, whether it is a battle between two armies or a single fight, Yue Feng has no chance of winning. The only difference is the way of death.

Hearing this, Yue Feng chuckled lightly: "Yang Jian, you are too confident, you are so sure that I will die today, what if I can't die ?

“

Hui: "The whole army listens to the order, and destroys this Nanyun army for me, not a single one."

"Kill!"

As soon as the voice fell, the hundreds of thousands of Beiyong troops let out a howling like a sky-shattering howl, rushing towards the Nanyun army like a tide.

Seeing this scene, Yue Feng didn't panic at all, and shouted: "All the officers and men obey the orders, don't panic, as I told you before, try to contain them as much as possible, don't work hard."

Yes, when the army was called before, Yue Feng specifically gave an order that when the two armies fought against each other, there was no need to resist desperately. Just wait for the volcano to erupt.

hula.

Hearing this, the army of hundreds of thousands of Nanyun quickly attacked and followed Yue Feng's orders one by one.

"Boy!"

At this time, Yang Jian looked at Yue Feng closely, and mocked coldly: "Don't do this kind of meaningless resistance, it's useless, today, this Nanyun Imperial City, I'm determined to win, you don't have any It's your chance, give it up."

Om!

When the voice fell, Yang Jian held the three-pointed two-edged sword tightly, and with a strong wave, he heard a whistling sound that shocked the world, and came from the three-pointed two-edged sword. Yue Feng burst out.

Nima!

Feeling the horror of the golden light, Yue Feng's heart trembled. He didn't have time to think about it. He quickly activated his inner strength, summoned Fang Tianhuaji, and stood in front of him to resist!

At this time, Yue Feng pushed his internal strength to the extreme. He knew Yang Jian's strength too well, and he didn't dare to be careless.

Bang!

Jin Mang slammed on Fang Tian Hua Ji, when he heard Yue Feng let out a muffled groan, the whole person was shocked and flew out, and flew more than 100 meters before falling heavily to the ground.

puff!

At the moment of landing, Yue Feng's face was pale, and he spat out a mouthful of blood.

Nima...

worthy of being the True Monarch Erlang, this Yang Jian's strength is too terrifying, and he has stimulated all his internal strength, but he can't stop it.

Fortunately, I have pure Yang internal force to protect my body, otherwise, I would have died just now.

"Yue Feng!"

"Princess Consort..."

Seeing this scene, the Queen, Long Qianyu, and all the civil and military officials couldn't help but exclaimed, each sweating for Yue Feng.

Yang Jian's strength is so terrifying, even if Yue Feng can block it temporarily, can it be dragged into the underground magma eruption?

"Father!"

Han Bing on the other side also trembled, his eyes fixed on Yue Feng, unable to tell the worry and tension.

At this time, Han Bing really wanted to stop this war, but was powerless.

"Boy!"

At this moment, Yang Jian stared at Yue Feng with absolute confidence and arrogance: "I said that today, the Nanyun Imperial City will be destroyed, and you alone cannot stop it. Yes, don't you have the Linglong Pagoda? Let go of the strong people inside, today, I want to kill happily!"

As he spoke, Yang Jian clenched his three-pointed two-edged sword and slowly walked towards Yue Feng.

A strong aura permeated the whole world.

Gudong!

Yue Feng secretly swallowed his saliva and stared at Yang Jian, secretly laughing in his heart.

Haha... This Yang Jian actually thinks that his trump card is the Linglong Tower...

This is interesting.

In the next second, Yue Feng wiped the blood from the corners of his mouth, mobilized his figure, flew into the air again, and sneered at Yang Jian: "As expected of the true monarch Erlang, he is strong and admired, since you have spoken, then I will be as you say. I wish." The

voice fell, Yue Feng raised his hand and waved, a golden light flashed on the palm of his hand, and a golden pagoda appeared!

Exquisite pagoda!

Huhuhu...

Then, under the call of Yue Feng, the powerhouses in the front four floors of Linglong Tower roared out one after another!

"Youyan, Pang Tong, Yuan Tiangang, Hongyan Bear King and others obey the orders... hurry up, block Yang Jian!" Yue Feng shouted, his tone extremely urgent.

Although there are so many strong people in Linglong Pagoda, it is useless in the face of Yang Jian's army of hundreds of thousands.

Moreover, at the moment of the fight with Yang Jian just now, Yue Feng clearly sensed that Yang Jian's strength was obviously much stronger than before.

Yes, before sending troops to conquer other continents, Yang Jian opened the Ksitigarbha Pavilion, the Ksitigarbha Pavilion, which was where Emperor Hou Yi kept his treasures. The pavilion got the magic face beads and healed Liu Xuan's face.

After Yang Jian opened the Ksitigarbha Pavilion, he took a lot of elixir in it, and his strength improved a lot.

Chapter 2053

"Yang Jian, take your life!" The enemy was extremely jealous when they met, Youyan roared, his inner strength exploded, and he was the first to charge towards Yang Jian.

Buzz buzzing...

At the same time, Yuan Tiangang, Hongyan Bear King, and others followed closely behind. For a time, dozens of powerful figures, fast as lightning, surrounded Yang Jian!

“Okay, very good...”

Yang Jian sneered as he watched You Yan and the other powerhouses come around, his handsome face showed a bit of cruelty: “That boy Yue Feng, it’s too naive to rely on you to turn the tide of the battle. Yes! Today, I will not only destroy the Nanyun Imperial City, but also take back the Linglong Pagoda!”

Om!

The voice fell, and a terrifying aura erupted from Yang Jian’s body, and the surrounding air seemed to stagnate in an instant.

The terrifying breath makes the people who are suppressed panic!

To be honest, if it was before, Yang Jian would not be so confident at all. After all, Linglong Pagoda and these powerhouses are not ordinary people, but since taking so many elixir in the Tibetan Pavilion, Yang Jian’s strength has taken a leap. The improvement is not panic at all.

Um?

Feeling Yang Jian’s powerful aura, everyone in Youyan frowned and looked solemn. But not too much panic.

I saw You Yan took a step forward, clenched his mace, glared at Yang Jian and shouted angrily: “Even if you have the ability to reach the sky, but your heart is not right, God will kill you!” After the

voice fell, You Yan rushed directly towards Yang Jian.

At the same time, Yuan Tiangang, Hongyan Bear King and others also exploded their inner strength, and together with Youyan, they fought against Yang Jian.

Huh..

Seeing this scene, the empress and everyone at the city gate not far away were extremely shocked.

Such an epic battle has been unprecedented for thousands of years.

In mid-air, Yang Jian, Youyan, Yuan Tiangang, Pang Tong, and even the Red-Eyed Bear King, which one is not a momentary existence, the battle in mid-air at this time is an eye-opener for everyone.

Nima...

And Yue Feng, who was sitting cross-legged on the ground and secretly recovered his inner strength, was extremely shocked.

Yue Feng clearly saw that Yang Jian was able to cope with the siege of so many strong men, and he did not fail at all. You know, a month ago, when You Yan faced off against Yang Jian alone, the strength of the two was not even close.

In just one month, Yang Jian's strength has improved so much, it's terrifying.

In the blink of an eye, half an hour has passed, and You Yan and the other powerhouses are still unable to suppress Yang Jian.

"Haha..."

At this time, Yang Jian sneered at Yue Feng while facing off against Youyan's crowd: "Boy, I have said that even if you play the trump card of Linglong Pagoda, you will not be able to turn the situation around. Conquering the Southern Cloud Continent, this is God's will. Haha..."

Yue Feng did not respond, but looked around the audience.

Looking at the battlefield, it was obvious that the Nanyun army could no longer be stopped. Many people fell in a pool of blood, and Yue Feng suddenly became anxious.

Nima!

After fighting for so long, has the underground magma not been affected? There is no sign of eruption...

No, I can't wait any longer. The only way now is to make a big noise and let the volcano erupt quickly!

Thinking to himself, Yue Feng took a deep breath and shouted at Yang Jian: "Yang Jian, if you think that Linglong Tower is my trump card, you're wrong."

"My real trump card is this."

hum!

The voice fell, and the air around Yue Feng suddenly condensed! A terrifying force spread out from his body crazily!

"The Promise Fortune Palm!"

A few cold words came out of Yue Feng's mouth, and in the next instant, the situation changed between heaven and earth, and only a sound of thunder was heard in the air, and a rumbling sounded!

Yue Feng folded his hands together, closed his eyes, his body was like a cannonball, and he rushed straight into the sky! In the blink of an eye, it disappeared from everyone's sight!

"He... what is he going to do?"

"Is this kid finally forced to perform a stunt?"

"Where is the person? Where did he go?"

At this moment, many people like the Beiyong army couldn't help but muttered. , At the same time, they all looked up, but in mid-air, Yue Feng's figure had penetrated into the clouds and disappeared.

Seeing this scene, many soldiers in the Beiyong army were inexplicably panicked.

They can feel that in the clouds above the sky, there is a terrifying force that is rapidly condensing!

Um?

Yang Jian couldn't help but look up at the sky, frowning tightly, his eyes flashing complex rays of light.

This move... It seems to be a famous general of a generation, Zhao Yun's stunt, the Promise Good Fortune Palm.

As a celebrity through the ages, Yang Jian is also a well-known Erlang Zhenjun in the Jianghu. He naturally knows the stunts of many strong people, including the famous general Zhao Yun.

At this time, Yang Jian was very surprised.

This Yue Feng is really not simple, not only can he master Hou Yi's Wanmu Xuan Chong formation, but also Zhao Yun's stunt, it is a rare talent.

It is a pity that such talents cannot be used for themselves, and can only be removed as soon as possible to avoid future troubles.

Thinking to himself, Yang Jian looked around and roared, "All the officers and men obey the orders, and quickly spread out."

Now that he knew that Yue Feng was using Zhao Yun's stunt, Yang Jian knew better that this move was the power of the Promise Fortune Palm. .

wow.

When the voice fell, the Beiyang army did not dare to neglect, and they quickly retreated towards the surroundings.

And the Nagumo army did not hesitate, and quickly dodged towards the distance.

hum!

As soon as the armies on both sides dodged away, they saw Yue Feng appearing in mid-air. He stretched out his right palm and descended from the sky!

At this time, Yue Feng's descending speed was extremely fast! Just like a meteor, the air is cut through a long crack wherever it passes. From a distance, it is extremely shocking!

boom!

The shadow of Yue Feng's palm grew bigger and bigger, and finally, the moment his palm fell to the ground, the land was filled with dust!

#### Chapter 2054

Yue Feng's palm directly shoots a palm print with a diameter of one kilometer, as if it smashed a mountain from the sky invisibly.

hiss!

Seeing this scene, whether it was the Beiyang army or the Nanyun army, everyone felt chills down their backs, their heads buzzed, and they couldn't help gasping for air.

It's just a palm that has such power.

too strong.

However, soon after the soldiers of the Northern Ying army responded one by one, a burst of laughter broke out.

"This palm is really powerful, but it's a pity that no one was killed... Haha..."

"Your Majesty has long known the power of this palm, so let's spread it out, this kid's palm is in vain It's a waste, haha..."

“That is, no matter how powerful it is, what’s the use of it if it doesn’t hit anyone?”

The mockery and ridicule of the Beiyang army kept coming. Yue Feng just pretended he didn’t hear it, and his figure slowly descended. , his eyes fixed on the huge palm print.

“Haha...”

At this time, Yang Jian also sneered, looking at Yue Feng’s eyes, full of contempt.

How does this kid know Zhao Yun’s stunt? It’s a pity that I met myself, and finally I was empty.

The next second, Yang Jian didn’t talk nonsense, and commanded the army to shout: “The whole army obeys the order, and encircles and suppresses the Nanyun army, not one, and not the other...”

In Yang Jian’s heart, Yue Feng’s trump cards were all used. You don’t need to waste your time.

“Kill!” The

voice fell, and the Beiyang army regained its strength and made a thunderous roar, rushing towards the Nanyun army like a tide.

For a time, the Nagumo army looked at each other in dismay, panicking.

However, Yue Feng was not nervous at all, instead he raised the corner of his mouth and showed a smile. It doesn’t matter if he hits anyone or not, as long as the volcano erupts! Yue Feng could see that in the huge palm print, cracks appeared on the ground, and in the cracks, there was an extremely scorching light.

Um?

Yang Jian noticed something was wrong and frowned.

“Not good!” At the same time, Zhang Jiao’s expression changed, and he was about to remind him, but it was too late. The volcano is about to erupt!

Boom...

Just as the Northern Ying army rushed to the vicinity of the huge palm print, they heard a violent roar from under their feet, and then, the ground of the entire wilderness vibrated violently.

Immediately afterwards, huge cracks appeared in front of everyone, and then, streams of magma containing incomparably hot energy erupted from the cracks. From a distance, they looked like dazzling pillars of fire...

Because Yue Feng already had a hunch, and at the moment when the magma erupted, he quickly recalled Yuan Tiangang and Youyan to the Linglong Pagoda.

The Nayun army also quickly retreated one by one because they had taken fire-proofing pills in advance.

The Northern Ying army was not so lucky.

“Ah...” The

magma suddenly spewed out from the ground, and the Beiyang army was caught off guard. In an instant, many soldiers were sprayed by the magma, uttered a shrill scream, and immediately turned into ashes. The formation of the entire Beiyang army, There was an instant collapse, wailing, and exclamations continued to sound, and the air was even more intertwined with the smell of blood and burning.

hum.

Zhang Jiao's face changed greatly, and he quickly exploded his inner strength, condensing a protective film to protect Han Bing, Yue Wuya and others around him.

Yang Jian was suspended in the air, looking at the collapsed Beiyang army below, his face was ashen, extremely ugly.

At the current state, Yang Jian is not afraid of these magma at all, but seeing that his invincible Northern Ying army is burned to ashes by magma one by one, he is almost mad in his heart.

“Withdraw, quickly withdraw from this wilderness.” An angry roar came from Yang Jian's mouth.

This Northern Ying army will continue to follow him to the south and north to fight, and it cannot be completely damaged here.

wow.

The voice fell, and many Beiyang soldiers fled to the surroundings in a hurry, all of them were extremely embarrassed. Although they responded quickly, more than half of the hundreds of thousands of troops were still buried in the area where the magma erupted.

And most of the soldiers who escaped by chance were also burned and lost their strength to fight. It can be said that Yang Jian suffered heavy losses.

On the other hand, the Nayun army, because they took the fire-suppressing pills one by one, and Yue Feng's perfect command, left the dangerous area of the magma eruption immediately. There were very few casualties. Only a few hundred soldiers suffered minor burns.

Whoa!

Seeing this scene, the Queen and Long Qianyu, as well as the civil and military officials, were extremely excited.

Great, the plan worked.

Haha...

At this time, Yue Feng couldn't help laughing at the sky, unable to hide his pride, and mocked at Yang Jian: "Yang Jian, I said, today I won't necessarily die, and you won't necessarily be able to break through. Imperial City, how is it? Are you convinced?"

Chapter 2055

Swish!

Hearing this, Yang Jian's eyes were extremely blood-red, he locked on Yue Feng tightly, and roared, "Good boy, I won't be Yang Jian if I don't blow your bones to ashes today."

Seeing his army suffering such a defeat, Yang Jian's inner anger was filled with anger. , rub it up!

"Your Majesty! Kill him!"

At the same time, Zhang Jiao at the back couldn't help shouting: "If this person is not eliminated, there will be endless troubles in the future."

This Yue Feng actually knew that there was magma under this wilderness, Taking advantage of the terrain to defeat the Northern Ying army, such an opponent is too terrifying. You know, Zhang Jiao claims to be proficient in astronomy and geography, and he didn't see that there was magma under the wilderness.

'No, don't kill my father...' Han Bing's tender body trembled and couldn't help but let out a low voice, very anxious.

Om.

At this moment, Yang Jian didn't hesitate at all, and an earth-shattering terrifying aura erupted all over his body. Holding the three-pointed and two-edged sword tightly, his figure flashed and came straight to Yue Feng.

At this time, Yang Jian, no matter how Yue Feng knew that there was magma under the wilderness, there was only one purpose, and that was to kill him.

Listen again . Zhang Jiao's words made Yang Jian more firm in this belief, because Yang Jian realized that if Yue Feng didn't die, he would not want to unify the Kyushu continent.

The Nanyun Imperial City could not be broken, but Yue Feng must die.

Nima!

The killing intent of Yue Feng changed, and he turned around and ran.

At this time, Yang Jian was determined to kill himself. If he didn't run, he would die.

Whoosh! The

next second, he fled back to the city gate, and Yue Feng shouted. Said: "Senior Guigu, it's time to show up. "

When he shouted this sentence, Yue Feng was sweating profusely, and at the same time secretly rejoiced in his heart.

Fortunately, he had the foresight to let Guigu stay, otherwise, even if he had the protection of strong men like Youyan and Yuan Tiangang, he would not be able to stop the furious Yang Jian.

As soon as the voice fell, he saw Guigu's figure, walked out slowly, and stood beside Yue Feng.

Swish!

At this moment, the eyes of Yang Jian, Zhang Jiao, and everyone in the Beiying army all focused on Guigu.

What?

Just looking at it, Yang Jian's body suddenly shuddered, and he immediately stopped in mid-air, his eyes fixed on Guigu, extremely shocked.

This....this is Qianguqi, Guigu?

At this time, Yang Jian only felt that his brain was buzzing, and the whole person was stupid.

As a peerless powerhouse who has lived for thousands of years, how could Yang Jian not know Guiguzi? You know, Guiguzi has influenced the world for thousands of years!

hiss!

Zhang Jiao at the back couldn't help but gasped, and his whole body froze. ,

I didn't see it.

Senior Guigu, is he here?

When Zhang Jiao established the Yellow Turban Army and the world was in chaos, the reason why he was in no position to go anywhere was precisely because he saw Guiguzi's art of war. To be honest, although Guiguzi did not accept Zhang Jiao as his apprentice, in Zhang Jiao's heart, Guiguzi's status was more important than that of Guiguzi. Parents are more important.

Now that Guiguzi suddenly appeared in front of him, how could Zhang Jiao not be shocked?

Soon, Yang Jian and Zhang Jiao reacted and looked at Yue Feng with complicated eyes.

This is impossible...

This Yue Feng is just a junior, how can he know Guiguzi, the famous ancient and strange man in Kyushu?

But that's what happened. The old man beside Yue Feng had a strong aura, especially his unique temperament, he was definitely not wrong, he was Senior Guiguzi.

Yang Jian and Zhang Jiao saw that Guiguzi was standing beside Yue Feng, although his expression was indifferent, but Guiguzi looked at Yue Feng with a bit of admiration. It was obvious that the two had a close relationship.

"Yang Jian!"

Finally, Guiguzi looked at Yang Jian and said lightly, "It is too inhuman to start a war for no reason and to force the people to attack the city. No matter how strong you are, you won't be respected by the world, and you will not be able to unify Kyushu in the end. "

Speaking, Guiguzi's eyes fell on Zhang Jiao, and continued: "And you, although you are very talented in the art of war, but your actions are too extreme, if you don't return to the

right path in time, you will not end well, okay. Now, that's all I have to say to this old man, and you can withdraw your troops.”

When he finished the last sentence, Guiguzi's eyes were extremely indifferent, and there was no mood swing at all.

To be honest, with Guiguzi's temperament, he was too lazy to say these words to Yang Jian.

But since he promised to help Yue Feng, he must help to the end.

## **The ultimate husband in Chinese chapter 2056-2060**

### Chapter 2056

“Thank you Guigu senior for your teaching.” Yang Jian was embarrassed and quickly responded.

Yang Jian is aloof and arrogant, and there are only a handful of people in the world who make him jealous, and Guiguzi is one of them.

call!

At this moment, Zhang Jiao's body trembled, and he hurriedly bowed to Guiguzi and said respectfully: “Senior's words, Zhang Jiao can't forget.”

When he said this, Zhang Jiao completely lost his previous arrogance, but was incomparable. Be humble. In front of me is Senior Guigu, who dares to be presumptuous? Moreover, it is an honor to be taught by him, but the world can't even think of it.

In the next second, Yang Jian turned his head and shouted, “The whole army obeys the order and withdraws from the Southern Cloud Continent.”

After speaking, Yang Jian gave Yue Feng a reluctant look.

Seeing that the Southern Cloud Continent was about to be conquered, Yang Jian felt very unwilling to withdraw his troops like this.

But there is no way, Yue Feng, with the help of a god like Guiguzi, if he fights again, he will be humiliating himself.

“Wait!”

However, at this moment, Yue Feng shouted, and immediately flew down the city gate tower and stopped in front of the Beiyang army.

Swish!

In an instant, the Beiyang army sent out a burst of restlessness, and each and everyone looked at Yue Feng closely, full of vigilance.

His Majesty has promised to withdraw his troops, what else does Yue Feng want to do?

Yang Jian frowned and looked at Yue Feng coldly, his face full of displeasure.

This chapter is provided by . Visit for daily update.

On the other hand, the queen and the civil and military officials were all stunned for a while, and then they sweated for Yue Feng.

This Yue Feng, wouldn't rely on Guiguzi's presence to arrest Yang Jian?

Although Yang Jian is very afraid of Guiguzi, he is still a peerless powerhouse who has been famous for thousands of years.

“Boy!”

Finally, Yang Jian reacted and looked at Yue Feng coldly: “What do you want to do?”

At this time, Yang Jian tried his best to restrain the anger in his heart, Madd, because of the senior Guigu's face, he did not continue. Siege of the city, promised to withdraw troops, and this Yue Feng, actually had to make an inch to prevent his army from leaving?

Yang Jian had already thought about it, if Yue Feng made excessive demands, even if Guiguzi was present, he would be killed.

After all, the prestige of his true monarch Erlang cannot be violated.

call!

Feeling Yang Jian's anger, Yue Feng's expression was calm, without the slightest fluctuation.

The next second, Yue Feng pointed at Yue Wuya and Han Bing, and said lightly, “You Beiyang army can leave, but the two of them will stay.”

Wow!

When the voice fell, whether it was the Beiyang army or the queen, they were all stunned, and they all looked suddenly.

It turned out that Yue Feng stopped the Beiyong army because he wanted to keep his son and daughter.

Yang Jian was also stunned for a moment, then chuckled, looked at Yue Feng and said, "Would you like to stay, your son and daughter, this is their business and your family business. What are you telling me to do?"

Saying this At the time, Yang Jian looked proud and disdainful.

At the same time, there was a bit of mockery in his eyes.

call!

Chapter 2057

Hearing this, Yue Feng took a deep breath and looked closely at Yue Wuya: "Ya'er, this battle is over, don't be stubborn, stay with Binger, okay?"

"When the war started, all of Yue Feng's energy was used to deal with the Beiyong army, and he had no time to worry about Yue Wuya and the two. Now that the Beiyong army was defeated and the situation was set, how could he let his son and daughter leave with Yang Jian. ?

"Yue Feng!" The

voice fell, Yue Wuya gave Yue Feng a cold look: "You don't have to waste your words, I won't stay, not only today, what will I do in the future, it has nothing to do with you?"

When he said this, Yue Wuya had a determined look on his face.

Uh...

Yue Feng looked embarrassed, and at the same time was anxious.

Why is this kid so disobedient?

"Brother..."

At this moment, Han Bing came over, took Yue Wuya's arm, and said softly, "Let's stay with Daddy, and Daddy has apologized to you more than once, even if there was something wrong with him in the past, It's all over, can't you just forgive him?"

Yue Wuya's face was sullen, his eyes flickered gloomily, and he didn't answer.

Han Bing bit his lip and continued to comfort him: "We have been fighting with Dad these days, can't you see it? Dad is concerned about the world, he is not from Nanyun

Continent, but he came to help Nanyun Continent to stop the war. . Shouldn't you be happy to have such a father..."

"My heart is in the world?"

Hearing this, Yue Wuya became excited as if he was touched by a wound in the bottom of his heart, and sneered: "Yes, he has lofty aspirations and broad-mindedness. He has to take care of so many people in the world, but my mother What? What is my mother? My mother gave her beautiful youth and waited for him for so long. What did he get in return? In return, he didn't ask questions for more than ten years."

"These people who have never met, he You can go all out to protect, but you are so ruthless to your own woman!"

"You know, although I grew up in the palace and under the protection of my father, the most common name I hear is not the prince, but the evil seed! I remember very clearly, once, my mother was slandered and was taken to the street for a parade. It was raining heavily that day, and I was tied with my hands and dragged to the ground by a carriage... I was so cold and scared... I thought My mother and I are going to die..."

"Yue Feng, when my mother and I needed the most care, you weren't there, now I can protect my mother, but you appeared, and you told me the truth and let me recognize it. Your father... hehe!"

"You said it yourself, are you worthy? Are you worthy?"

Yue Wuya became more and more excited, trembling all over, his eyes were extremely bloody, and the last sentence almost screamed.

Does it match?

These two words, like an invisible sledgehammer, smashed into Yue Feng's heart.

At the same time, upon hearing Yue Wuya's words, Yue Feng's eyes instantly turned red, and he felt extremely distressed.

"I'm sorry, Ya'er!" Yue Feng's tears couldn't stop flowing, and his eyes were fixed on Yue Wuya, and he said abruptly: "I'm sorry, these years have caused your mother and son to suffer..."

At this time Yue Feng finally understood why his son hated him so much.

It turned out that although he grew up in the palace and was clothed in fine clothes and food, he had suffered so much damage spiritually.

At this time, Yue Feng, in addition to being distressed, also has endless guilt.

call!

At this moment, the entire imperial city was silent.

Han Bing stared blankly at Yue Wuya, unable to speak for a while, her delicate face was also full of pity.

It turned out that my brother suffered so much when he was a child... To

be honest, Han Bing and Han proudly left Emei and wandered around, although they had no fixed place to live, but Han proudly was strong and powerful. Under her protection, Han Bing had never suffered at all. bullying by others.

Seeing Yue Wuya being so excited at this time, Han Bing vaguely understood that his brother and his living environment were different. Because of too many twists and turns, he held such a grudge against his father, and this kind of grudge could not be eliminated for a while.

Chapter 2058

“Sister!”

At this time, Yue Wuya calmed down a bit, turned his head to look at Han Bing, and said seriously: “If you want to stay, just stay, I will leave here with the Beiyang army. “

When he said this, Yue Wuya didn't even look at Yue Feng in front of the army.

Just now, Yue Wuya remembered the previous scenes, and his emotions were surging. He didn't want to see Yue Feng, let alone stay.

Han Bing bit her lip tightly and took Yue Wuya's hand: “Brother, don't be uncomfortable, I'll go with you.” After speaking

, Han Bing slowly passed through the army, walked to Yue Feng, and whispered. Said: “Father, I can't stay with you anymore. My brother is emotionally unstable. I'm afraid he will do something extreme. Don't worry, I will persuade him.”

Well!

Yue Feng squeezed out a smile and nodded, but his heart was full of bitterness.

My daughter is so well-behaved and sensible, and with her by her side, I don't have to worry too much about Ya'er.

Han Bing said no more and returned to Yue Wuya's side.

“The whole army obeys the order!”

At this moment, Yang Jian, who was watching a joke, raised his hand and said loudly, “Evacuate!”

After saying that, Yang Jian turned his head and glanced at Yue Feng, unable to hide his sneer: “Kid, I admit that you are not only talented, but also very lucky, but you are a mess, haha...”

Originally, Nanyun Continent was about to be easily accessible, but Yue Feng was disturbed, and Yang Jian was even more angry. Yes, Yue Feng had Guiguizi sitting next to him, and he didn't dare to act rashly, so he could only leave in humiliation.

But now, seeing Yue Feng and his son have staged a wonderful father-son relationship, Yang Jian couldn't help it.

After saying the last sentence, Yang Jian laughed loudly and led the army to leave slowly.

call!

At this moment, Yue Feng watched Yue Wuya slowly withdraw with the Beiyong army, his back was getting farther and farther, Yue Feng's heart was extremely bitter and uncomfortable, and he wanted to cry without tears.

What if the war was won? Ya'er still refuses to forgive herself, treating herself as an enemy... In the

end, she still loses.

Finally, the Beiyong army completely disappeared in the distant mountains and forests, never to be seen again.

Whoa!

At this moment, the entire imperial city, as well as the Nagumo army, burst into cheers, and many people even cried with joy.

“That's great, finally the army of Beiyong has been completely pushed back.”

“We won, we won!”

“Wuwu, finally we don't have to be slaves to the subjugation of the country...” The

loud cheers continued to come, Yue The wind was indifferent, without the slightest emotional fluctuations.

Looking at the people around him, their faces were filled with excited and excited smiles. Yue Feng's mood became more and more melancholy, as cold as the constantly blowing north wind.

Ya'er hates herself so much, how can she be saved?

"Okay."

Just when Yue Feng was secretly melancholy, Guiguzi came over and said lightly: "The situation has been settled, this old man should leave." The

voice fell, and before Yue Feng could respond, he saw Guiguzi's aura surging around him. , The figure flashed, and it was a few hundred meters outside the city. The speed was unbelievable, and it was rare in the world.

hiss.

Seeing this scene, Yue Feng couldn't help taking a deep breath.

I went, and I was hundreds of meters away in the blink of an eye. What kind of movement method is this?

It is indeed a miracle person, it is simply a magical skill.

Swish!

At the same time, everyone present looked at Guiguzi's figure in amazement, and they were speechless in shock.

This strength cannot be described as terrifying.

Simply beyond imagination.

Before everyone could react, Guiguzi's figure had disappeared, as if it had never appeared.

At this time, Yue Feng reacted, and directed a deep salute in the direction of Guiguzi's disappearance, and shouted at the same time, "Thank you for your help, and Yue Feng respectfully sends you off."

Chapter 2059 In

two sentences, Yue Feng came from the bottom of his heart.

You must know that Yue Feng was completely desperate before, and even made preparations, and the Queen and Long Qianyu evacuated the imperial city and left the Southern Cloud Continent, and the appearance of Guiguzi directly saved the situation.

Such an existence that can turn things around, who wouldn't accept it?

In an instant, the civil and military officials and the Nanyun army also saluted in unison, and shouted in unison: "Respectfully send Guigu senior."

A few hours later, night fell.

The Nanyun Imperial City was brightly lit, and people could be seen everywhere, gathering together to celebrate today's victory.

To be able to completely defeat Yang Jian today and force the Northern Ying army back can be said to be the most glorious day of the Southern Cloud Continent in the past few hundred years.

At this time, there was also a lively and festive scene in the Yunxiu Hall of the Imperial Palace.

Yunxiu Hall is the place where the queen handles political affairs and receives foreign envoys. It is exquisite and elegant, yet majestic. Originally it was very dignified and solemn, but in order to celebrate today's victory, the Queen specially set up a banquet here to reward Yue Feng and the generals.

At this time, the Yunxiu Hall was full of banquets, and the civil and military officials sat in full costumes, toasting with the queen on the dragon seat, and the atmosphere was very cheerful and joyful.

Even Long Qianyu, who has always been aloof, showed a smile at this time.

Today's battle, won so perfect, who is not happy.

At the top of the banquet, Yue Feng put on a set of elegant white robes, and sat there with a silent expression, which seemed out of tune with the lively and festive scenes around him.

Yes, Yue Feng is still worried about Yue Wuya's affairs.

The surrounding civil and military officials all knew that Yue Feng had something on his mind, and they all wanted to come over to toast, but seeing his gloomy appearance, they did not dare to come to disturb him.

"Yue Feng!"

At this time, the queen slowly raised the wine glass in her hand, and smiled at Yue Feng: "Today you are able to defeat the Beiyang army, you have made a great contribution, come here, I will give you a toast." The

queen saw that, Yue Feng was troubled by his son's affairs, so he wanted to persuade him to have a few drinks. After all, getting drunk can relieve a thousand worries.

"Thank you, Your Majesty!" Yue Feng smiled, raised his cup, and drank it all.

Seeing the Queen's opening, the surrounding civil and military officials also rushed over to toast, each with a more respectful attitude.

Originally, Yue Feng lost the throne of Xicang Continent. These civil and military officials all looked down on Yue Feng, but in the past few days, Yue Feng led the Nanyun army to resist Yang Jian, and the extraordinary military talent shown by everyone deeply impressed everyone. It was shocking, and today, the Northern Ying army was completely repelled, and the civil and military officials were convinced.

Everyone's toast, Yue Feng did not refuse, and the wine was almost dry. After a while, he was slightly drunk, and temporarily put aside his worries.

"Your Majesty!"

At this time, Wentai stood up, took the pleasure of wine, and said to the Queen: "Qi, Your Majesty, the majesty of the concubine, today completely defeated the Northern Ying army, I really admire, such a peerless talent, Your Majesty and the eldest princess are like a match made in heaven, the minister has a suggestion, why don't your majesty set their wedding date at today's dinner party, and make it even more hilarious."

Wentai, a first-rank officer, is even more so. The literary dean of Cloud Continent.

Many years ago, Wentai and Yue Feng had a verse comparison, and they were defeated in a mess. He fainted on the spot. Later, when he carefully recalled Yue Feng's verse, Wentai was convinced, and these days, when he saw Yue Feng's ability to lead troops, he was even more convinced. It is a five-body cast of admiration.

As soon as the voice fell, the surrounding ministers spoke up in succession.

"That's right, the concubine and the eldest princess are talented and beautiful. Let's order them to get married as soon as possible .

"

I also agree with..."

Everyone's words from you and me couldn't hide their admiration and compliment to Yue Feng.

Everyone present knew in their hearts that although Yue Feng was the concubine, if he and Long Qianyu never got married, it would be just a name. Yang Jian did not dare to pay attention to Nanyun Continent for the time being because of Yue Feng, but once Yue Feng and Long Qianyu There has been a change in the relationship between the two. Yue Feng doesn't care about Nanyun Continent, Yang Jian will no longer have any worries, and will definitely attack.

Therefore, let Yue Feng and Long Qianyu get married as soon as possible, and set the name down, so that it is foolproof.

Haha...

Hearing this, Yue Feng sat there with a leisurely expression on his face, smiling without saying a word.

Yue Feng is very thoughtful, how could he not know the purpose of these civil and military officials? Getting married with Long Qianyu is secondary, and the main purpose is to use his prestige to shock the Northern Ying Continent.

However, Yue Feng didn't care about this.

After all, he and Long Qianyu had already had a marriage contract, and it was only a matter of time before they got married.

Swish!

However, Long Qianyu's delicate body trembled, and her delicate face suddenly blushed.

These civil and military officials, who were usually respectful to themselves, now openly discuss their marriage in order to compliment Yue Feng, which is really embarrassing and irritating.

Chapter 2060

"Okay!"

At this time, the queen nodded and agreed: "Indeed, it is indeed time to set a date for the wedding of the emperor's sister." The

queen looked at Yue Feng with a smile: "Yue Feng, what do you think? What is the best date to get married with the emperor's sister?" In the

past, the queen would never take the initiative to discuss it, but set the date directly, after all, she was the queen and possessed absolute majesty.

But Yue Feng's performance today is really amazing, and even the Queen admires it, so I discussed it with Yue Feng.

"This..."

Yue Feng sat there lazily, scratched his head, and said with a smile, "Any day will do."

In Yue Feng's heart, marriage is a happy event, and any day is a good day. Saying that, Yue Feng glanced at Long Qianyu opposite with a smile.

Haha...

This Long Qianyu, a self-proclaimed princess with golden branches and jade leaves, has always looked down on me before, and finally wants to marry me as a wife?

Um!

Hearing Yue Feng's answer, the queen nodded and ordered the eunuch beside her, "Go check the almanac and see if there are any auspicious days in the past few days."

The eunuch nodded quickly.

"Imperial Sister!"

At this moment, Long Qianyu stood up and quickly said, "I...I don't want to get married now."

While saying this, Long Qianyu turned his head and glared at Yue Feng.

This Yue Feng's marriage is related to his life's happiness, he actually looks like he doesn't care, it's just too hateful.

To be honest, Yue Feng's performance in the past few days has changed Long Qianyu's opinion of him, but it does not mean that he completely accepts Yue Feng.

Therefore, seeing that the queen was going to set a date, Long Qianyu quickly stopped it.

"I don't want to get married now?" The

queen frowned and looked at Long Qianyu with a smile: "When does the emperor's sister want?" On the

surface, it seemed peaceful, but the queen was really anxious.

This imperial sister is really, she and Yue Feng lived in the same room in Canglan City before, do you still need to delay? Continue to drag on, how should people in the world view the Nayun royal family?

Swish!

At this moment, the eyes of everyone in the hall were also focused on Long Qianyu, waiting for her answer.

“I...”

Long Qianyu bit her lip tightly, her delicate face flushed red, but she said one word and couldn't go on.

At this time, Long Qianyu was in a mess. How could he know when he would get married.

A few seconds later, Long Qianyu took a deep breath, looked at the queen and said seriously: “Sister Huang, I feel that getting married is in a hurry now. Although Yue Feng is good, he is still far from the standard in my heart...”

” !

The words fell, and the surrounding civil and military officials suddenly burst into an uproar, and then, many ministers couldn't help but open their mouths to comfort them.

“His Royal Highness, Prince Consort, if you look at Kyushu, you can't find a second one.”

“Yes, even Guigu seniors have helped him. Who in the world has this honor?”

“His Royal Highness , are your requirements too high?”

The consolation of the civil and military officials, you and I came, Long Qianyu trembled, and stomped his feet in anger.

You must know that these ministers usually see Long Qianyu respectfully, and they dare not refute Long Qianyu's words, but today, because of the marriage, these ministers are all on Yue Feng's side.

At this moment, Long Qianyu's pretty face blushed, and she couldn't say anything angry, but her face full of shame and anger was also very charming.

“Shut up for me!”

Finally, Long Qianyu couldn't help it, looked around coldly, and let out a coquettish cry.  
call!
