

The ultimate husband in Chinese chapter 2216-2220

Chapter 2216

What?

The people around looked at Yue Feng blankly, and they were all stunned.

Did you hear it wrong?

A cunning woman like Zhou Qin has many tricks, yet Alliance Leader Yue actually chooses to believe her?

Among them, Tang Qingyun's face was the most ugly, and his mood was extremely anxious and complicated.

If Yue Feng believes in Zhou Qin, with his help, Zhou Qin's status may be higher than himself...

How can this be possible?

Thinking to himself, Tang Qingyun didn't know where the courage came from. He stood up, looked directly at Yue Feng, shook his head in disappointment, and said, "Leader Yue, thanks to our Tang family for trusting you so much, we elected you as the leader of the martial arts alliance, and also put him down. Your own life and the hope of the Earth's Earth Continent are all placed on you, but now you choose to believe in the evil woman Zhou Qin."

After speaking, Tang Qingyun pretended to be very regretful and continued: "You are being Zhou Qin's beauty is too disappointing, I'm afraid that under Zhou Qin's confusion, Zhongzhou City will not be able to keep it, it's boring to stay here, I

, Tangjiabao, will leave." After finishing the last sentence, Tang Qingyun With a few disciples behind him, he strode away.

Tang Qingyun is narrow-minded and believes that after Zhou Qin has won Yue Feng's trust, he will use Yue Feng to suppress himself. After all, during this time, he has been against Zhou Qin.

However, Yang Qingyun didn't know that Zhou Qin decided to change the past.

Nima.

Looking at Tang Qingyun's leaving back, Yue Feng secretly clenched his fists, unspeakably annoyed.

This Tang Qingyun, it's really more than enough to fail. At the moment of the enemy, he can make trouble everywhere, and now he has to leave and give up protecting Zhongzhou City, which is simply too hateful.

“Alas.”

Just when Yue Feng was annoyed, the real Lingbao sighed softly, got up slowly, and said, “It's really a beauty that harms the water, harms the country and the people, Yue Feng, the way is different, and I, Wudang, also take my leave. .” The

voice fell, and the masters of various sects got up one after another.

“I'm leaving too.”

“Hehe, I'm addicted to women's lust, and I'm really disappointed that I don't listen to good advice...”

“That is, Yue Feng has betrayed everyone's trust. What's the use of staying here? Our Kongtong faction also withdraws. For

a while, except for the Ouyang family, in the entire hall, the major sects walked away in an instant.

These sect masters all believed that Zhou Qin was a spy sent by the Beiyang army, and he had to get rid of it. However, Yue Feng was obsessed with Zhou Qin's beauty. Such a person was not worthy of the leader of the left alliance.

More importantly, if Yue Feng listened to Zhou Qin's words, Zhongzhou City would definitely not be able to keep it. If he stayed here, he was waiting to die, so he might as well leave as soon as possible.

This...

Seeing this scene, Yue Feng wanted to cry without tears, and was furious.

“Yue Feng...”

Zhou Qin bit her lip tightly, came over, and said softly, “I'm sorry, it's all because of me... Or, you can send someone to call them all back and lock me up. “

At this time, Zhou Qin was also a little helpless, but more in his heart, he still felt guilty for Yue Feng.

Not because of himself, Yue Feng will not be misunderstood by the major sects, nor will he leave.

“No need.”

Yue Feng breathed a sigh of relief, shook his head and said, “They want to leave, but they can’t stay.”

To be honest, Yue Feng was very annoyed when the various sects left, but after thinking about it, all these sects stayed in time. If they were not united, it would be difficult to resist the Northern Ying army. It is better to let them go first and take a good rest. Hundreds of thousands of Xi Cang’s army can still give Yang Jian a fight.

call!

Hearing these words, Zhou Qin felt a warm current in his heart. He couldn’t hide his gratitude.

He said softly, “Yue Feng, thank you for your trust.” Feng has endured so much for himself, and he must not be disappointed.

Um.

Yue Feng nodded and said slowly, “You’ve been locked up for so long, and you’ve suffered. Go and rest first.”

Chapter 2217

Speaking of which, Yue Feng didn’t want to care too much about Zhou Qin’s performance, but he couldn’t bear to see her tired face.

“Okay!” Zhou Qin smiled lightly and went to the backyard to rest.

Ugh!

As soon as his forefoot left, Yue Feng sat back on the chair and sighed lightly.

In the next second, Yue Feng then looked around and was stunned for a moment.

Seeing everyone from Jiang Shan and Ouyang’s family, they all looked at themselves with complicated eyes, and they all seemed hesitant to say anything.

Obviously, everyone in the Ouyang family also felt that Yue Feng believed that Zhou Qin was too hasty.

“Aunt Jiang!”

Yue Feng smiled bitterly, looked at Jiang Shan and said, "You also think I did something wrong? Shouldn't you believe Zhou Qin?"

Jiang Shan pondered and said softly, "What Zhou Qin said is true or false? , I'm not sure, but I trust your judgment."

Yes, like the major sects, Jiang Shan is also skeptical of Zhou Qin, but she absolutely believes in Yue Feng and supports Yue Feng's Decide.

"Thank you Aunt Jiang!" Yue Feng nodded with a smile.

At this time, Yue Feng was very relieved. The whole river and lake misunderstood him, but his family still believed in him, and that was enough!

"Haha..."

As he was talking, he suddenly heard a burst of laughter from outside, and then, Zhu Rong and Shennong walked in with great strides. and excited.

"Brother Zhu Rong, Senior Shennong."

Seeing them, Yue Feng was very happy, and hurriedly greeted them: "Where have you been?"

When Yue Feng led the Xi Cang army to the rescue, he found that Zhu Rong and Shen Nong were not there, and he was a little puzzled at the time, but because of the urgent situation, there was no time to ask Jiang Shan.

At this time, Yue Feng was very happy to see them come back safe and sound.

Zhu Rong laughed, patted Yue Feng's shoulder and said, "We are brothers, and your Di Yuan Continent is in trouble, how can Shennong and I just sit back and watch?"

Speaking of which, Zhu Rong showed a slight smile on his face and continued. Said: "Before Yang Jian led his army to besiege Zhongzhou, Shennong and I left early to find something."

Looking for something?

Hearing this, Yue Feng was stunned and puzzled.

Wow..

At this moment, Shen Nong next to him smiled slightly, took out a cloth bag filled with medicine from his body, and poured out a large amount of spiritual medicine, like a hill, thousands of them, I don't know how many.

Shennong's cloth bag with medicine has similar characteristics to Yue Feng's spirit beast bag. It looks small in appearance, but it can hold a lot of things.

In an instant, a scent of elixir filled the entire hall.

call!

Seeing this scene, both Jiang Shan and the rest of the Ouyang family were shocked.

As expected of Yaozu Shennong, he actually got so many elixir?

You can see that each of this pile of elixir is a holy product that saves lives and heals the wounded. It is enough to cause a sensation at the auction, and so many elixir together are almost priceless.

This...

Yue Feng was also stunned, staring blankly at Shen Nong, speechless.

“Ha ha..”

At this time, Shennong smiled and said, “This is the spirit grass that Zhu Rong and I have found in the nearby mountains in the past few days, and the spirit medicine that has been refined. In the battle of Zhongzhou City, many people here have suffered. The injury should be enough.”

When they learned that Yang Jian led the army to invade, Shennong and Zhu Rong discussed it. Instead of participating in the battle, it is better to do something more meaningful. After all, Yang Jian's army is too strong, even if Shennong joining the resistance with Zhu Rong could not reverse the situation.

In the end, the two discussed that they would go to the nearby mountains to find spirit grass, make some life-saving medicines, and give them to the experts of the rivers and lakes in the Earth Circle, which would also reduce some casualties.

Chapter 2218

Haha...

Hearing this, Yue Feng was overjoyed and thanked Shennong: “Senior has the world in his heart, and he has brought so many elixir, but he has helped us Diyu Continent a lot, and I am on behalf of many injured comrades. , thank you senior for your help.”

The people around Jiang Shan also cast their admiring glances at Shennong.

Shennong smiled, indicating that you are welcome.

“Come here!” Yue Feng did not hesitate, called the disciples outside and instructed: “Quick, divide these elixir.”

When he said this, Yue Feng was extremely excited. With these healing medicines, in Sun Dasheng and others resting in the backyard can quickly heal their injuries, so that they can continue to resist the Northern Ying army.

Speaking of which, in Yue Feng’s “Wu Ji Danshu”, there are also many healing elixir, but the materials required for those elixir are too rare, and Shennong, as the ancestor of medicine, can make it with ordinary herbs that can be seen everywhere. There is no comparison between the two when it comes to saving the life and healing the wounded.

Hearing Yue Feng’s order, several family disciples walked in quickly and distributed the medicinal pills.

“Yue Feng!”

At this moment, Shennong came over, handed a pill to Yue Feng, and said solemnly: “This is a pill of destiny refined by this old man thousands of years ago, and there is only one in the world. The Destiny Pill can stimulate the potential of Dantian, and it can even help you to radiate great vitality in a desperate situation, and it has the effect of bringing back the dead.” After

speaking, Shennong took a deep breath and continued: “Now Yang Jian has provoked the war in Kyushu, under the whole world, You are the only one who can stop him, so this Destiny Pill, I will give it to you, maybe it will be useful to you at a critical moment.

“

Hearing this, Yue Feng’s heart was shocked, and when he took the pill of destiny, he saw that this pill was fiery red, but it had a strange cold feeling when he started it, which was very strange.

At the same time, Yue Feng was also extremely shocked.

It actually has the effect of bringing back the dead? Is this Destiny Pill really so magical?

You must know that Yue Feng owns the “Wuji Pill Technique”, and in the world, many rare elixir are included in it. However, at this time, Yue Feng racked his brains, but he did not find any records about the Destiny Pill in the Wuji Pill Technique.

At this time, Yue Feng still didn’t know that this Destiny Pill was invented by Shennong himself. It can be said that it contains the essence of Shennong in the field of pharmacology.

A few seconds later, Yue Feng put away the Destiny Pill and thanked Shennong: "Thank you for your love, senior."

Shennong smiled and said earnestly: "Don't be so polite between you and me." After speaking, he returned with Zhu Rong. The backyard rested. In the past few days, the two of them read a lot of mountains, and it took a lot of energy to come up with so many elixir. It was really exhausting.

the other side!

Zhou Qin woke up in the backyard wing after resting for more than an hour.

Now that Zhongzhou City is at stake, how can it be possible to sleep in?

Thinking to herself, Zhou Qin walked out of the room, ready to go to the front hall to inquire about the movement of Beiyang Camp.

Huhuhu....

After walking a few steps, I heard waves of breath fluctuations and the sound of silhouettes swiping in the garden not far away. Zhou Qin was suddenly curious and walked over slowly.

call!

When he arrived in the garden, Zhou Qin was stunned when he saw the scene in front of him, and his eyes were deeply attracted.

I saw that in the open space in the center of the garden, six slender figures intertwined with each other, and their movements were light and agile, like a fairy dancing, which was indescribably pleasing to the eye.

It is Bai Shengshui and Erqing six fairies.

That's right, the six fairies are practicing a formation at this time, the Misty Seven Immortals Formation.

The Misty Seven Immortals Formation is the town-style formation of Fuyao Palace. It is never rumored that when the weather army attacked Donghai City, the Seven Fairies relied on the Misty Seven Immortals Formation to contain Xing Yao, which gave Yue Feng the opportunity to counterattack.

In the Misty Seven Immortals Formation, only the seven fairies unite can exert great power.

It was only ten years ago that after Hu Sanyang killed the three fairies, the seven fairies lost one, and the arrays they displayed were greatly reduced.

During the day, Yang Jian suddenly attacked Yue Feng. The situation was critical at the time. The Six Fairies wanted to help, but it was too late. Afterwards, Bai Shengshui proposed to study the Misty Seven Immortals Formation to see if he could make the formation without one person. the greatest power of the law.

If it is successful, then they will fight against the Beiyong army again. If Yang Jian takes action against Yue Feng, the six sisters can also take action to help.

call!

Chapter 2219

Zhou Qin stood there, looking a little fascinated. The six palace masters of the Fuyao Palace displayed a formation that was not only beautiful, but also contained infinite power.

Swish!

At this moment, the six fairies found Zhou Qin, stopped immediately, and walked over.

“Zhou Qin?” The

little fairy Erqing said to Zhou Qin, “What are you doing here?”

Erqing has a kind heart, and various schools in Jianghu have great prejudice against Zhou Qin because of her previous actions. But he didn't think much about it, and he trusted Yue Feng very much. Seeing that Yue Feng had forgiven Zhou Qin, he would have no opinion.

However, the five Bai Shengshui looked at Zhou Qin vigilantly.

“I...”

Zhou Qin smiled lightly, and said, “I saw the six palace masters practicing the formation here. I was curious, and I was fascinated. I'm sorry.

“

Hearing this, Er Qing asked curiously, “Can you see the changes in the formation?”

When she said this, Er Qing was very surprised. You must know that the Seven Immortals Formation has a myriad of changes, even if you understand a little bit of

formation. It's hard for people who know the law to understand, but Zhou Qin, who is in front of him, is fascinated by it, which is really surprising.

Zhou Qin humbly shook her head: "Just understand a little bit, many things are half-understood."

Zhou Qin didn't lie, she practiced the Indestructible Sutra, since she can understand the Zhou Tianyishu in it, she can naturally read it. Some of the changes in the Misty Seven Immortals Formation are because the Misty Seven Immortals Formation was originally invented by the founder of Fuyao Palace, on the basis of Zhou Tianyishu.

call!

Erqing suddenly became excited and turned her head towards Bai Shengshui and said, "Great, eldest sister, aren't we missing someone? Since Zhou Qin can understand, let her practice with us.

"Er Qing, her eyes were full of excitement.

For six people, it is too difficult to exert the maximum power of the Misty Seven Immortals Array.

call!

At this moment, Zhou Qin was extremely excited.

If you can practice the formation with the six fairies, and then fight against the Northern Ying army, you will be able to thank you for your strength.

However, Bai Shengshui frowned and pulled Er Qing back.

"Erqing! Don't make a fool of yourself!" Bai Shengshui gave Erqing a helpless look and reproached.

When saying this, Bai Shengshui still looked at Zhou Qin on guard.

Yes, like other sects, Bai Shengshui doesn't believe in Zhou Qin, but Yue Feng has already left her and there is nothing he can do, but in Bai Shengshui's heart, he still has to keep a distance from Zhou Qin.

You know, Zhou Qin, a woman, has hurt a lot of people before.

Under such circumstances, how could it be possible for Zhou Qin to comprehend Fuyao Palace's town formation together?

"Eldest sister..."

Er Qing's mind was pure, she didn't know what Bai Shengshui was thinking, and wanted to speak, but she held back when she saw Bai Shengshui's face.

"Zhou Qin!"

At this time, Bai Shengshui looked at Zhou Qin seriously and said softly, "The formation we practiced is a secret of the Swinging Palace, I hope you can avoid it."

Zhou Qin is a smart woman, How can I not understand the meaning of these words, nodded slightly with a smile: "I understand, I'll leave now, please excuse me!"

With that said, Zhou Qin was about to turn around and leave.

To be honest, if the previous Zhou Qin, Bai Shengshui's attitude would definitely arouse Zhou Qin's dissatisfaction, but now, Zhou Qin has decided to change the past and doesn't care about it anymore.

"Zhou Qin, stop for me!"

However, before taking two steps, he heard a loud shout from not far away, and then he saw Sun Dasheng approaching aggressively, followed by Wen Chou Chou.

Chapter 2220

Swish!

Seeing the two Sun Dashengs, Zhou Qin's delicate body trembled, and her originally calm heart suddenly became a little nervous.

Ten years ago, Zhou Qin killed Wen Chou Chou's beloved wife at the main altar of the Hall of Longevity. Although it has been so long, Zhou Qin feels guilty every time she thinks about it.

Seeing this scene, several Bai Shengshui slowly stepped aside and watched quietly.

The grievances between Sun Dasheng, Wen Chou Chou and Zhou Qin have long been spread in the arena, and the six fairies in the Swing Palace naturally know about it.

"Zhou Qin!"

When he got to the front, Sun Dasheng stared at Zhou Qin and roared, "I heard that you have changed your mind, and Fengzi has forgiven you, but some things can't be resolved with just a few words.

” Sun Dasheng said bitterly, “Brother Wen is not good at talking because of Fengzi’s face. Back then, you brutally murdered Brother Wen’s wife, how would you settle the account?”

Wen Chou Chou next to him didn’t speak, but looked at Zhou Qin with a stern expression. With a bit of hatred.

Speaking of which, Wen Chou Chou works steadily, but no one is perfect. When he thinks of the tragic death of his beloved wife, Wen Chou Chou is like a knife, and it is difficult to restrain his hatred for Zhou Qin.

Before, Sun Dasheng and Wen Chou Chou were in the room recovering from their injuries. They heard that Yue Feng had released Zhou Qin from the dungeon and chose to believe her. The three brothers had a good relationship. Wen Chou Chou and Sun Dasheng naturally supported Yue Feng’s decision. In the hearts of the two, the festival with Zhou Qin can’t be left alone.

Just now, knowing that Zhou Qin was in the garden, Sun Dasheng took Wen Chou Chou and came over to ask Zhou Qin for an explanation.

Although people cannot be resurrected from the dead, they cannot die in vain either.

“I...”

In the face of Sun Dasheng’s questioning, Zhou Qin bit his lip tightly and said softly: “Back then, I killed the palace master’s wife in a confused way. Now that I think about it, I feel very regretful. Don’t worry, I will definitely give you an explanation.”

Saying that, Zhou Qin looked at Wen Chou Chou and said seriously: “It’s just that the enemy is in front of us now, so let’s wait until the Beiyong army is repulsed, and if we want to kill or cut, I, Zhou Qin, let the master of the palace handle it, how about it?”

Huo!

Hearing this, Wen Chou Chou frowned and did not respond.

“Haha...”

At this moment, Sun Dasheng sneered, looked at Zhou Qin and said, “Zhou Qin, you’re nice, how can the Beiyong army be so easily defeated, if this war is fought for ten years, we will let go of you for ten years?”

When he said this, Sun Dasheng’s eyes were full of hatred and anger.

To be honest, Sun Dasheng wished he could kill Zhou Qin now, but thinking of Yue Feng, he still held back.

This...

In the face of Sun Dasheng's pressing step by step, Zhou Qin's delicate body trembled faintly, and her delicate face was a little pale.

"Okay!"

Finally, after a few seconds, Zhou Qin reacted and looked at Wen Chou Chou and said, "If that's the case, then I have to apologise with my death, but please tell Yue Feng that I, Zhou Qin, can't help him resist Beiyong. The army is over, and you must also persevere and never give up."

Qiang!

When the words fell, Zhou Qinyu raised his hand, clenched a long sword tightly, and stabbed it fiercely at his heart.

In Zhou Qin's heart, she has already begun to correct her evil, and she still has a long way to go in the future. She doesn't want to commit suicide at all, but she has no choice. It is a fact that she killed Wen Chou Chou's wife.

What?

Seeing this scene, Bai Shengshui and Er Qing next to them all trembled and were shocked.

Zhou Qin's personality is too stubborn, so she chose to commit suicide?

At the same time, Wen Chou Chou and Sun Da Sheng were also stunned, and they never thought that Zhou Qin would be so decisive.

Whoosh!

At this critical moment, Wen Chou Chou was the first to react, and with a wave of his hand, a powerful breath swept in and knocked off the long sword in Zhou Qin's hand.

Zhou Qin's delicate body trembled, she was shocked and took a few steps back, and her long sword was knocked to the ground.

"Palace Master Wen, you..." Zhou Qin stared blankly at Wen Chou Chou, very puzzled.

He wouldn't let himself kill himself, so would he do it himself?
