

## The ultimate husband in Chinese chapter 2221-2230

### Chapter 2221

Call!

At this moment, Wen Chou Chou took a deep breath, looked closely at Zhou Qin, and said complicatedly: "It seems that you really regretted it, that's all, let's end the grievances between you and me."

Yes, seeing Zhou Qin again At the moment of suicide, Wen Chou Chou completely looked away. When will the grievances be reported, and besides, now that the enemy is now, leaving Zhou Qin can also be a little more powerful.

"Brother Wen?"

Sun Dasheng was so anxious that he shouted in confusion, "What are you doing? This woman is dead, why are you saving her?"

Sun Dasheng has a hot personality and is very honest. In his heart, Zhou Qin had to pay for killing her sister-in-law, but he never expected that Wen Chou Chou would save her at a critical moment.

Wen Chou Chou smiled lightly: "Da Sheng, calm down, let's go back to the room, I will tell you well." After

saying that, Wen Chou Chou took Sun Da Sheng away.

call!

Watching the two brothers leave the garden, Zhou Qin stayed there, unable to recover for a long time.

This article is ugly, worthy of being Yue Feng's sworn eldest brother, with a generous heart, which is not comparable to ordinary people.

At the same time, Zhou Qin also secretly vowed that he must be a good person in the future.

"Zhou Qin!"

Just when Zhou Qin was thinking about this, Bai Shengshui came over and said slowly, "I was a little offended just now. Now I sincerely invite you to practice the formation with us, okay?"

Speaking of which, Bai Shengshui has always had a prejudice against Zhou Qin, but just now, seeing Zhou Qin apologize for committing suicide without hesitation, Bai Shengshui was instantly moved by her integrity.

This chapter is provided by . Visit for daily update.

At the same time, Bai Shengshui finally understood that Yue Feng was right, and Zhou Qin really repented.

“Is it okay?” Zhou Qin thought she had heard it wrong, and her delicate body trembled slightly.

This time, Er Qing and the others next to him all laughed.

Later, Er Qing came over and took Zhou Qin’s hand: “Our eldest sister has already said, how can we still have a fake? Come on, our Seven Immortals Formation is missing one person.”

Hmm!

Zhou Qin nodded, showing a smile, and then together with the six fairies, studied and practiced the Misty Seven Immortals Formation.

.....

On the other side, Tang Qingyun led the Tangjiabao disciples, as well as the masters of various sects, taking advantage of the night to leave quickly from the northeast of Zhongzhou City.

Whoa!

As a result, as soon as I arrived on the small road in the suburbs, I saw huge nets suddenly pop up on the ground. In the dust, many masters of various sects were too late to react, and they were covered all of a sudden, and then they were hanged one by one. Get up!

“Damn it!” Lingbao’s face changed: “There is an ambush here, everyone quickly pull out the weapons and cut the net.”

Shu Shu Shu ..

Hearing this, the trapped masters of various sects quickly pulled out Weapons, intend to cut off the big nets, but these big nets are actually made of cold iron and silk, which are extremely tough. Everyone tried several times, but they kept getting them.

Whoa!

Just when everyone was extremely anxious, suddenly, a fire lit up in the woods ahead!  
hiss!

The masters of various sects looked at it subconsciously, and when they saw it, they couldn't help but take a breath of cold air.

I saw that not far away, tens of thousands of torches were lit up, and the person holding the torches was the elite team of the Northern Ying Army, Tian Yuqi.

The Tianyu Cavalry was a special team of the Northern Ying army. Every soldier was riding a big bird. It was powerful and mobile. In the previous resistance, it was the enemy team that caused the most headaches for all schools.

“Haha..”

Seeing the scene in front of him, the leader of Tian Yuqi was surprised and laughed loudly: “It was delivered to the door, come on, take them all.”

Yes, these traps were specially ordered by Zhang Jiao a few days ago. It was deployed here when Yue Feng had not returned.

After careful consideration, Zhang Jiao decided that the masters of various sects could not resist, and those who would eventually evacuate should prepare traps and ambush here in advance. Later, Yue Feng led the army of Xi Cang to arrive and temporarily saved the situation. Zhang Jiao felt that these traps were useless. I ordered Tianyu Qi to evacuate tonight.

## Chapter 2222

Just now, Tian Yuqi had just assembled and was about to start to evacuate, when he heard that the trap here was triggered. This is simply an unexpected joy for the leader of Tianyuqi. You know, it is a big credit to capture the people of all sects in the Earth Circle Continent.

wow.

As soon as the order came down, all the soldiers and soldiers of the Tianyu Rider broke out and swarmed.

Each sect did not have time to think about it, and hurriedly responded to the enemy.

“Ah...”

For a while, the sound of fighting and the collision of weapons echoed in the night sky in the suburbs.

After just half an hour, all the masters of various sects were arrested. After all, most of the masters were covered by the big net, and the remaining small part was too different from the number of Tianyu Riders, and they were not opponents at all.

A few minutes later, Tian Yu rode with the masters of various sects and returned to the camp in a mighty manner.

At this moment, Beiyang camp.

In the cell to the west, Ren Yingying stood in front of the cell door, her beautiful and tired face couldn't hide her excitement and excitement.

The others who were arrested were also delighted.

Just now, Ren Yingying and the others learned that Yue Feng led the Xi Cang army to the rescue and temporarily succeeded in keeping Zhongzhou City. How could they be unhappy with such great news?

However, in the cell next to Ren Yingying, a figure was sitting in the corner, his face neither happy nor angry, very calm.

It was Yue Wuya.

"Ya'er!"

Feeling Yue Wuya's quietness, Ren Yingying smiled across the prison door, "Did you hear that? Your father, Yue Feng, led the Xi Cang army to the rescue. With him, not only the Earth and the Continent will be saved. Now, we will be rescued soon, why are you not happy at all?"

"What's there to be happy about?" Yue Wuya said angrily: "He is him, I am me, and I don't need him to save me."

Yue Wuya hated Yue Feng for a long time, not a day or two. is eliminated.

Uh...

Hearing this, Ren Yingying was very embarrassed, and said softly: "Y'er, don't be like this, after all, he is also your biological father..."

However, she was interrupted by Yue Wuya before she finished speaking. .

"Auntie, stop talking." Yue Wuya looked impatient, then frowned and asked: "By the way, Auntie, I'm asking you, are you and Yue Feng together?"

"Happy to be together for sure.

Swish!

Ren Yingying blushed pretty, but still replied in a low voice: "Well, he and I... have already made a lifelong decision..."

Although Ren Yingying is outgoing, it is a matter of affection after all, say it, still a little embarrassed.

What?

At this moment, Yue Wuya's heart was shocked, and his heart was so complicated that it was difficult to accept this fact.

A few seconds later, Yue Wuya reacted and shouted at Ren Yingying, "Why? Why do you want to be with this kind of person? What's good about Yue Feng's lack of affection?"

His mother was mistaken by Yue Feng. For a lifetime, and now, his aunt, whom he respects, even followed him.

"Y'er, don't do this." Ren Yingying frowned, her tone extremely serious, and she said word by word, "I know, you hate Yue Feng, for so many years, he didn't care about your mother and son, but that's for a reason. Well, having said that, your father is indeed a role model for you to learn from. He is the sect master of Tianmen, the emperor of Xi Cang, the hero of the Earth Circle, and now he is leading the army to resist Yang Jian for the sake of the people of the world. Are these not worthy of your respect??"

Saying that, Ren Yingying's eyes softened: "Y'er, no matter how you look at him, in my heart, he is a real man who stands upright, so in front of me, you must not disrespect him, understand?"

"I..."

Feeling the seriousness in Ren Yingying's tone, Yue Wuya opened his mouth and was speechless for a while.

In Yue Wuya's impression, Auntie was beautiful and smart. She used to be an honorable Princess Tianqi. She was not afraid of heaven and earth, and there was no man who could be attracted to her.

Most importantly, when Yue Wuya was very young, she received a lot of help from Ren Yingying, so Yue Wuya always respected her.

However, such a near-perfect goddess fell in love with Yue Feng, and even blamed herself for him.

For a while, Yue Wuya was a little unconvinced, but in front of Ren Yingying, he did not dare to attack.

Whoa!

At this moment, the door of the cell was suddenly pushed open, and then, dozens of soldiers walked in quickly, holding long knives, and their expressions were stern.

Chapter 2223

Call!

Seeing this scene, Ren Yingying's delicate body trembled, and her heart suddenly panicked.

It's broken, wouldn't it be because of Yue Feng's rescue that Yang Jian became angry and wanted to kill his captives to vent his anger?

"Bring them all out!"

At this moment, the leader of the soldiers said coldly: "Let these prisoners see how our Northern Ying army broke through Zhongzhou today

.

" After falling, Ren Yingying and Yue Wuya were all taken out of the cell and taken to a hillside in the suburbs.

call!

Arriving at the place, Ren Yingying's body trembled when she saw the scene in front of her, and she was stunned.

I saw that on the entire hillside, the masters of the major sects were blocked one by one, and they were tied there. There were tens of thousands of people. Except for the Ouyang family, all the masters of the sects in the rivers and lakes were arrested.

"You..." After a few seconds, Ren Yingying reacted and couldn't help but ask: "Why is this? Didn't Yue Feng lead the Xi Cang

army to rescue? Why are you all arrested?"

The sect masters bowed their heads in shame, all silent.

"Alas!"

Finally, Spirit Treasure Master sighed and said ashamedly, "It's all our fault." After speaking, he told what happened.

This...

Hearing this, Ren Yingying frowned, and her delicate face showed a bit of helplessness: "You are all confused, since you have elected Yue Feng as the leader of the alliance, why can't you trust his judgment?"

Saying that, Ren Yingying analyzed: "Compared to you, Yue Feng and Zhou Qin have known each other for the longest time, so naturally they know her. Whether Zhou Qin really repents, of course Yue Feng knows, but you are at a critical moment. Abandoned Yue Feng and was arrested now, isn't this adding to the chaos?"

Ren Yingying Bingxue is smart and thoughtful, although she was not present at the time, she could guess the situation at the time, and her analysis was accurate.

call!

Hearing Ren Yingying's words, Master Lingbao and many of the surrounding sect powerhouses were extremely ashamed.

"Miss Yingying." Tang Qingyun was very dissatisfied, and said: "You think too simple, that woman Zhou Qin is deceitful, we..." Before he could

finish speaking, he was beaten by a drum of war. broken.

Boom! Boom! Boom!

I saw that with the sound of the drums, the Beiyang army lined up in a neat square formation and quickly approached Ouyang's mansion.

Seeing this scene, whether it was Ren Yingying or the people of Lingbao, their hearts hung up, and they couldn't help worrying about Yue Feng and the Ouyang family.

Without the help of various sects, could Yue Feng be able to stop the Northern Ying army?

Yes, Yang Jian was very happy to learn that the various sects were arrested, and immediately ordered to attack.

In Yang Jian's heart, all sects were arrested, and the combat effectiveness of the Earth Circle Continent was greatly weakened, which was a good opportunity to attack.

At this moment.

The Ouyang family is here.

The Beiyang army suddenly attacked, and everyone was a little flustered, but Yue Feng was unusually calm, and quickly summoned the Xicang army to meet the enemy.

A few minutes later.

The armies of the two sides were facing each other from a distance, and the night sky of Zhongzhou City was filled with a chilling air.

In midair, Yang Jian hovered proudly, with a powerful aura permeating his body.

“Yue Feng!”

At this time, Yang Jian’s eyes locked on Yue Feng, and he said coldly: “All the sects have abandoned you, even if you have hundreds of thousands of Xicang army, you are not my opponent, don’t insist anymore, Give it up.” The

voice was as loud as a bell, spreading throughout Zhongzhou City, and everyone was shocked.

As expected of Mr. Erlang, he is too strong.

Chapter 2224

Speaking, Yang Jian pointed to the suburban hillside, with a smug smile on his face: “Look, you fellows in the rivers and lakes have all been caught by me, why are you fighting against me?”

What?

At this moment, seeing the masters of various sects tied there, Yue Feng’s heart was shocked, and he was stunned.

At the same time, Jiang Shan, Zhou Qin, Sun Dasheng, and everyone in the Ouyang family also changed their expressions, feeling angry and helpless.

These sects usually claim to be famous and authentic, but they always lose their chains at critical moments, and they are all caught by Yang Jian.

Now, the Earth Circle Continent is passive.

“Haha...”

Finally, Yue Feng reacted and laughed loudly in the sky: "Yang Jian, the battle has not yet reached the last moment, it is uncertain who wins or loses, how do you know that I can't hold on?"

"At that time, Yue Feng glanced at the masters of various sects on the hillside in the suburbs, and his expression returned to calm.

Yue Feng knew that Yang Jian deliberately brought out the masters of various sects in order to put pressure on himself, so he naturally had to calm down and not be fooled.

"It's too much."

Yang Jian's face suddenly turned cold, and he spit out four words coldly.

Um?

The next second, seeing the situation behind Yue Feng, Yang Jian was stunned and frowned at the same time.

At this time, Yang Jian could clearly see that behind Yue Feng, not only Zhu Rong and Shen Nong, but also the people who were injured before, are almost recovering at this time. You must know that in the previous fierce battle, the Ouyang family suffered heavy casualties. .

Not only that, many soldiers of the Xi Cang army have also recovered from their injuries.

Swish.

At this moment, Yang Jian stared at Shennong closely, flashing with anger.

Don't think about it, the injuries of these people on the other side can heal so quickly, all because of Shennong. After all, Shennong's medical skills are the best in the world, and he is known as the ancestor of medicine.

"The whole army obeys the order!" In the

next second, Yang Jian waved his hand and issued an order coldly: "Attack, not a single one."

Yang Jian originally thought that after capturing Zhongzhou City, he would have to capture Yue Feng alive, but when the time came, Shen Nong and Zhu Rong, both helping Yue Feng, changed their minds immediately.

"Kill!" The

order was issued, and the Beiyang army let out a thunderous howl, rushing towards it.

call!

Seeing this scene, Yue Feng took a deep breath, and his figure jumped up in the air and shouted: "Everyone obeys the order and prepares to meet the enemy."

Hu La!

As soon as the voice fell, the Ouyang family and the Xi Cang army responded in unison, and the momentum was overwhelming, and they greeted them like a tide.

In the blink of an eye, the two sides collided head-on, and a fierce fight broke out.

"Yue Feng!"

At this moment, Zhang Jiao leaped into the sky, looked at Yue Feng closely, and mocked: "Without the help of various sects, you have already fallen behind, and in the previous fight, the old man has already made your formation. The number of paths is clear, what else are you fighting me for?" The

voice fell, and Zhang Jiao commanded loudly at the Beiyang army: "The middle remains unchanged, the left wing moves forward a hundred steps, and the right wing retreats ten steps, Contain the enemy in front of you..."

As a former leader of the Yellow Turbans, Zhang Jiao was considered the hero of his life. In the previous battles against Yue Feng, he had already analyzed the number of Yue Feng's paths.

At this time, Zhang Jiao lined up again, believing that he could defeat the opponent in one fell swoop.

"Yes?"

Chapter 2225

Watching the rapid changes in the formation of the Beiyang army, Yue Feng smiled slightly, not panicking at all.

At this time, Zhou Qin walked over quickly, closely watching the formation of the Beiyang army, and analyzed it to Yue Feng, and finally said: "The tens of thousands of soldiers among the enemy's army seem to have the strongest defense, but they are actually weak points. "

"Understood!"

Hearing this, Yue Feng nodded and commanded loudly: "Everyone obey the order, concentrate on attacking the enemy in the middle of the opponent."

Hu La.

When the voice fell, whether it was the Ouyang family or the Xi Cang army, they quickly gathered together like a sharp sword. In the blink of an eye, the seemingly flawless Beiying army was cut into two parts, and the left and right were disconnected.

What?

Seeing this scene, Zhang Jiao's body trembled and he was shocked.

This is impossible.

How could Yue Feng know the weakness in his formation? You must know that every time you set up your formation, it is based on Zhou Tianyishu, and Zhoutianyishu is very profound and difficult to understand, it has long been lost, and there are very few people in the world who understand it.

Whoa!

On the hillside in the suburbs, Ren Yingying and the masters of various sects were extremely excited.

Great, the disparity between the strengths of the two sides is so great, and they can still have an advantage. It seems that there is hope to keep Zhongzhou City.

At the same time, many sect masters looked at Zhou Qin's figure from a distance, and they were also extremely ashamed.

It turns out that she didn't lie before, she really has a way to help Yue Feng, but these people have always suspected her and slandered her...

"It's you!"

At this moment, Zhang Jiao reacted and saw Zhou Qin at the same time, his eyes were instantly blood red: "You hateful girl, in the underground secret room of Lv Bu's ancient tomb, cheated on my practice, and even killed the old man to silence him. , Now, you still dare to appear in front of this old man?"

"The old man killed you!" As the

voice fell, Zhang Jiao's inner strength exploded, and the whole body was filled with a violent aura, fast as lightning, coming directly to Zhou Qin.

Zhang Jiao is a person who will pay revenge. He was plotted by Zhou Qin before, and this matter has always been in his heart. Now that he sees her, he is instantly furious.

Speaking of which, Zhang Jiao, as a military division, shoulders the heavy responsibility of commanding the entire army, and cannot take action without authorization, but Zhang Jiao was swept away by anger at this time, completely lost his mind, and just wanted to kill Zhou Qin immediately.

Swish!

Seeing Zhang Jiao burst out, Zhou Qin's delicate body trembled.

"I'll help you!"

Seeing this scene, Yue Feng didn't have time to think about it, and immediately after, the two quickly met Zhang Jiao and fought fiercely in mid-air.

call!

Seeing this scene, many people in the Earth Circle Continent below were extremely excited.

Yue Feng and Zhou Qin, one is the former leader of the alliance and the other is the current leader of the alliance. They are both top-level existences in the Earth Circle Continent. Together, the two may defeat Zhang Jiao, who has severely injured Zhang Jiao. The strategist is the core figure. If he is severely injured, the morale of the Beiyong army will plummet.

"Coach!"

Yang Jian frowned, his heart was secretly anxious, he couldn't help but shouted: "Don't be reckless, come back quickly!"

At this time, Yang Jian was very helpless. The heavy responsibility, but now being carried away by personal grievances, it really shouldn't be.

However, Zhang Jiao's mind was completely filled with anger at this time, and he didn't hear Yang Jian's words at all.

In the blink of an eye, a few minutes passed, and Zhang Jiao was still unable to kill Zhou Qin. Speaking of which, Zhang Jiao was much stronger than Zhou Qin, but with Yue Feng helping Zhou Qin, it was another matter.

Every time Zhang Jiao makes a shot, he can seriously damage Zhou Qin, but Yue Feng always helps Zhou Qin resolve the crisis at a critical time.

This made Zhang Jiao very annoyed.

## **The ultimate husband in Chinese chapter 2226-2230**

## Chapter 2226

Yang Jian, who is not far away, is also in a hurry. He really wants to come and help, but he is afraid of Yue Feng's Linglong Pagoda. In the previous battle, Yang Jian was besieged by Youyan and others in Linglong Pagoda. Although Yang Jian was not injured, he also consumes a lot of energy.

Moreover, Yang Jian is extremely conceited. He has been criticized by many people for his sudden attack on Yue Feng before. If he takes another shot, the news will spread all over the continent of Kyushu and will be ridiculed by people all over the world.

"Ah..." The

enemy was clearly in front of him, but he couldn't kill him. Zhang Jiao's anger rose up, Yang Jian roared, and then he stared at Yue Feng: "Boy, you'd better not fall into my hands, otherwise, I will let you live and die."

"Haha..."

Feeling Zhang Jiao's resentment, Zhang Jiao didn't panic at all, and chuckled lightly: "Take care of yourself first."

Bang!

At this moment, Zhou Qin took the opportunity to turn around and slapped Zhang Jiao on the back of the head. Zhang Jiao's attention was all on Yue Feng at this time, and he couldn't react at all. Zhenfei flew out, flew more than ten meters, and landed heavily on the ground. After landing, a mouthful of fresh blood spurted out.

Swish!

Zhang Jiao's face was horrified, staring at Zhou Qin, almost fainting from anger. He wanted to kill this woman today to avenge the previous plot, but he didn't expect that instead of killing her, she was injured by her, and was watched by so many people.

What a shame!

Zhang Jiao has always been conceited, but at this time, in front of so many people, he was injured by Zhou Qin and lost all face. How can he not be angry?

"senior."

Zhou Qin was suspended there, facing Zhang Jiao's hateful eyes, very calm, and said softly: "I'm sorry, it was my fault that I plotted against you in the secret room under the ancient tomb before, I should have asked you to sin... but now You help the Northern Ying army to invade my homeland, I can't tolerate it."

“You.....”

This chapter is provided by . Visit for daily update.

Hearing this, Zhang Jiao's face was extremely ugly, but he had no words to refute.

Whoosh!

Yang Jian moved his figure and quickly approached Zhang Jiao, worried: “Master, are you all right?”

Zhang Jiao shook his head, indicating that he was fine, although Zhou Qin's palm was very strong just now, but it was not enough to seriously damage Zhang Jiao.

“Everyone obeys the order.”

At this moment, Yue Feng was in mid-air, and ordered everyone: “Restore the formation immediately, the first 50,000 people will advance a hundred steps, the left 50,000 people will stay still, the right...”

Yes, Yue Feng is preparing to counterattack, and Zhang Jiao is injured and unable to command the battle, which is a good opportunity to counterattack.

“Kill!”

After receiving the order, the Ouyang family and the Xi Cang army immediately regrouped, made a loud scream of killing, and rushed towards the Beiyang army.

Without Zhang Jiao's command, the Beiyang army suddenly panicked, and many soldiers were damaged in the blink of an eye.

“Counselor.”

Seeing this situation, Yang Jian's face was extremely ugly, shocked and angry, and then he asked Zhang Jiao: “What should I do? Are you going to fight?”

At this time, Yang Jian could clearly see that Zhang Jiao's face was pale and his breath was weak. Although it is not life-threatening, it is impossible to take command. But he used his soldiers like a god, so he still had to ask for instructions.

“No!”

Zhang Jiao shook his head lightly and said weakly: “Let's withdraw first, Your Majesty, I was too impulsive today and lost the opportunity, but we still have a chance.”

Speaking of which, if the two armies fought recklessly face to face, the Beiyang army would occupy the absolute upper hand. Advantages, but Yue Feng has extremely high attainments in the art of war. When the time comes, he will definitely deploy formations and resist desperately. In this case, even if the Northern Ying army successfully occupied Zhongzhou, it will definitely suffer heavy damage.

This is not the result Zhang Jiao wants to see.

While saying this, Zhang Jiao glanced at Yue Feng in the air not far away, with deep resentment in his eyes.

It's all this kid, otherwise, he would have killed Zhou Qin long ago, and he would not have been injured by her, nor would he have lost the advantage of leading the battlefield.

Chapter 2227

Bang!

Hearing this, Yang Jian slammed his fist on the ground, then lifted his dantian, and issued an order to the Beiyang army: "All troops obey the order, withdraw!"

With that, Yang Jian took Zhang Jiao to the direction of the camp. go.

Hula la...

The Northern Ying army is well-trained, and upon hearing the order to withdraw troops, they retreated without hesitation, and they retreated cleanly in the blink of an eye.

Whoa!

In an instant, whether it was the captured Ren Yingying crowd on the hillside in the suburbs, or the Ouyang family and the Xi Cang army, cheers erupted.

Winning, at this disadvantage, the Earth Circle Continent has won again.

In the cheers, Ren Yingying and the masters of various sects, under the escort of Beiyang soldiers, were again imprisoned in the large barracks.

call!

Yue Feng was suspended in the air, listening to the cheers around him, but there was not the slightest excitement or excitement on his face. Especially seeing Ren Yingying and the masters of various sects still in the hands of Yang Jian, I felt even more uncomfortable.

To be honest, at this moment, Yue Feng really wanted to take advantage of the situation to chase and rescue Ren Yingying, but after thinking about it carefully, he restrained the urge.

Because Yue Feng is aware of the current situation, it seems that the continent has won two consecutive victories. In fact, they all have a lot of luck. Moreover, Zhongzhou has been able to survive until now, all because of proper defense. In other words, Zhongzhou It has always been on the basis of defense, fighting this war, after all, the strength of the two sides is disparate.

If they pursued the attack now, it would be equivalent to switching from defense to attack, and the Earth Circle Continent would give up its only advantage, and it would be impossible to win. At that time, I am afraid that Ren Yingying and everyone will be wiped out if they are not rescued.

In Yue Feng's heart, the safety of Ren Yingying and the various sects is of course important, but the safety of Zhongzhou City, and even the entire Diyu Continent, is even more important.

Therefore, Yue Feng did not dare to take this risk.

A few minutes later.

In the hall of Ouyang's mansion, Yue Feng called everyone together to discuss how to deal with the next attack of the Northern Ying army.

Everyone sat there in silence. After a short period of excitement, everyone regained their composure and realized the seriousness of the situation.

Yang Jian and Jairui must report, the military advisor was injured, how could he just let it go? I'm afraid that there will be crazy revenge in the future. More importantly, Ren Yingying and various sects are still in the hands of Yang Jian.

Therefore, today the battle was won, but the situation was not optimistic at all, but even more severe.

At this moment, Yue Feng was sitting there, staring at the map of Zhongzhou City, his brows furrowed, and he also had a headache.

To be honest, the urban area of Zhongzhou City is too big. There are dozens of main streets alone. It is difficult to fully defend against the Ouyang family and the Xi Cang army alone.

For a while, the entire hall was silent, and the atmosphere was extremely depressing and heavy.

“Hi!”

At this moment, Sun Dasheng patted the table, stood up, looked around, and said loudly, “Why are you all downcast? If you really can’t think of a good way, then you will fight with them. ...”

Phew!

Hearing this, everyone shook their heads and smiled bitterly.

Yue Feng couldn’t help laughing and laughing. After so many years, the hot personality of the Great Sage has not changed at all.

“Great Saint!”

Wen Chou Chou couldn’t help but smiled, and said to Sun Dasheng: “You calm down first, say less, if we can fight recklessly, we have already done it, can we wait until now?”

“Report!”

As he said, A disciple of the Ouyang family rushed in in a hurry and respectfully said to Yue Feng: “Master, the Beiying army has sent an envoy to see you.”

When he said this, the disciple was sweating profusely and was very nervous. look.

Chapter 2228

What?

Hearing this, everyone in the hall frowned secretly.

Yang Jian sent an envoy here? What do you want to do?

Soon, Yue Feng reacted and signaled the disciple not to be nervous, and said lightly: “Where is the person?”

“Just outside!” The disciple quickly responded.

Yue Feng nodded and waved his hand: “Bring it in.” Over the years, Yue Feng has experienced a lot, and he has achieved a state of calmness.

At this time, Yue Feng had to see what the hell Yang Jian sent people to do.

The disciple responded and walked out quickly.

After more than ten seconds, the disciple came back, with a slender figure behind him, a delicate face, and a long aqua blue dress, which could not hide his sexy curves. 's atmosphere.

It is Gonggong.

Swish!

In an instant, the eyes of everyone in the hall were focused on Gong Gong, and they were deeply alert, and at the same time, they were all muttering secretly.

Water God Gonggong?

The person sent by Yang Jian turned out to be her.

Gonggong is Yang Jian's most effective subordinate, and he is very powerful. In the previous siege, many sect masters died at her hands. When they saw her at this time, everyone was furious.

At this moment, Yue Feng was also stunned, and he never thought that the person who came would be Gonggong.

But I have to say that Gonggong is worthy of being called a water god by the world. With her peerless face, sexy figure, and her aloof temperament, no man can calm down when he sees it.

In the face of the hostile eyes of everyone, Gonggong was very calm and calm, and walked straight.

When they reached the center of the hall, Gonggong first looked around, then looked at Yue Feng closely, and said with a smile: "Yue Feng, don't look at me like this, I didn't come to fight with you, but to fight with you. Your Majesty specially asked me to send a message!"

When he said this, Gong Gong smiled, and his whole body filled with arrogance.

Send a message?

Yue Feng frowned and said with a chuckle, "Go ahead."

"Yue Feng, you know the current situation very well." Gong Gong looked calm and talked freely: "The Beiyong army is powerful in the world, you are not at all. Opponent, even if you are lucky enough to win two battles, how long can you last? Three days? Or ten days?" After

speaking, Gonggong became serious and continued: "Speaking of which, you injured your military advisor just now, Your Majesty. I am very angry, but Your Majesty has a generous heart and does not care about these. At the same time, considering the safety of the people in the Diyuan Continent, Your Majesty has decided to give you one more chance. As long as you sign on this, Zhongzhou City and even the Diyuan Continent can be exempted from one more chance. A catastrophe." The

voice fell, Gong Gong took out a delicate tablet, waved it gently, and threw it on the table in front of Yue Feng.

Swish.

Everyone's eyes suddenly converged on the booklet.

Yue Feng also looked over subconsciously, and when he saw it, he was shocked. I saw three blood-red words written on the beautiful tablet: Surrender!

Nima!

At this moment, Yue Feng was calm on the surface, but a huge wave surged in his heart.

This Yang Jian really knows how to pick the time. When he and others were feeling pressure, he deliberately asked Gonggong to persuade him to surrender. It seems that it was Zhang Jiao's suggestion.

Yes, after withdrawing the troops just now, the more Yang Jian thought about it, the more he wanted to raze Zhongzhou to the ground and kill everyone in Yue Feng, but Zhang Jiao persuaded him in time.

Chapter 2229

Zhang Jiao is very clever. After being seriously injured by Zhou Qin, he was very angry, but after calming down, he carefully analyzed the situation in front of him and decided to ask Yang Jian to send someone to persuade him to surrender. The two sides have been at a stalemate in Zhongzhou for more than ten days. On the Diyuan Continent side, it seems to be very tenacious, but it is actually a dead end. At this time, persuaded to surrender, someone must be shaken.

Whoa!

At this moment, the whole hall exploded, and everyone was furious.

"Gonggong!"

Sun Dasheng had a fiery personality, and the first one couldn't help it and shouted angrily at Gonggong: "Take this piece of paper, get out of here, go back and tell Yang Jian, even if there is only one person left in our Diyuan Continent, I will never surrender."

As soon as these words came out, many people responded.

"Yes, I would rather die than surrender."

"Yes, in our round continent, there are no people who are greedy for life and fear of death."

"Get out of here."

Everyone shouted angrily. His fists clenched tightly, his delicate body trembling faintly.

Gonggong has a cold and arrogant temperament, and is even called the existence of the water god by the world. Anyone who sees it will stay away, but now, he is being insulted by so many people, how can he bear it?

However, thinking of the mission given by Yang Jian, Gonggong finally suppressed his anger.

In the next second, Gonggong ignored everyone's shouting, looked at Yue Feng closely, and said, "Yue Feng, the person who knows the current affairs is Junjie, even if you have Zhou Qin's help, you can break the military division's formation, However, the strength of your troops is too large compared to the Northern Ying army. You were lucky enough to win once or twice. It is impossible for you to win all the time. If you continue to resist, your majesty will be completely angered. At that time, it will be the innocent people who will suffer. Moreover, Many members of your Ouyang family, as well as masters of various sects, are in our hands, do you have the heart to see them all die?"

After speaking, Gonggong eased his tone and continued to persuade: "Before you came, Your Majesty said that as long as you sign the surrender letter and promise to surrender, His Majesty will not only let everyone go, but will also make you the king of the Earth Circle. Let you manage the Diyuan Continent. Yue Feng, the conditions offered by Your Majesty are already very generous, I hope you can consider it carefully."

"Yue Feng, the future of the entire Diyuan Continent is just in your mind, I know you are Smart people will make the right choice!"

After saying this, Gong Gong quietly watched Yue Feng's reaction with a relaxed expression.

Yue Feng did not speak, his brows furrowed slightly, and he pondered secretly.

call!

At this moment, the hall was also silent, and everyone's eyes were focused on Yue Feng.

"Okay!"

I don't know how long it took, Yue Feng reacted, took a deep breath, looked at Gong Gong and said, "I'll sign!"

When he said this, Yue Feng's eyes flickered. with some deep meaning.

What?

At this moment, everyone present was shocked and looked at Yue Feng in disbelief.

"Fengzi!"

Sun Dasheng was the first to hold back, stood up and shouted at Yue Feng: "Are you crazy? We persisted for so long, and at what cost we did not let Zhongzhou fall, why did you give up? Could it be that the people before have all died in vain?"

Sun Dasheng became more and more excited, his eyes were red: "When the weather army attacked, how did we resist? Did you forget? And you founded Tianmen Have you forgotten the original intention? You tell me, tell me..."

In the roar of Sun Dasheng, everyone around was extremely excited and looked at Yue Feng closely.

"Great Saint!"

At this moment, Wen Chou Chou pulled Sun Dasheng and said in a low voice, "Don't get excited first, let's see what Feng Zi has to say."

Wen Chou Chou has a calm and thoughtful personality. Knowing that Yue Feng could not surrender so easily, he agreed at this time. Gonggong, there must be other reasons.

Yes, Yue Feng is pretending to agree to Gonggong, not really wanting to surrender at all.

Chapter 2230

Call!

Hearing Wen Chou Chou's consolation, Sun Dasheng took a deep breath and sat down again.

“Gonggong!”

At this moment, Yue Feng looked at Gonggong and smiled: “I can sign, but I have one condition.”

“What conditions? Straightforwardly.” Gonggong responded without thinking.

When he said this, Gonggong felt very comfortable. As long as Yue Feng agreed to surrender, he would have completed his mission, and then he would have made a great contribution in front of Yang Jian.

Yue Feng stood up slowly, looked at Gonggong and said word by word, “I want you to immediately release my family and the various sects. As long as they come back safely, I will sign it immediately.”

Yes, the reason why Yue Feng Pretending to agree is because he is worried about the safety of Ren Yingying and the various sects, otherwise, he would have refused decisively.

puff!

Hearing this, Gonggong was stunned for a moment, then he couldn't help laughing softly, looking at Yue Feng playfully: “Yue Feng, do you think I am a child? If you go back on your word after releasing those prisoners, I will Isn't the gain more than the loss?”

Saying that, Gonggong shook his head firmly: “It is impossible for us to release the captives in advance until you sign, so you should change the terms.”

“Okay!”

Yue Feng looked disappointed, then smiled bitterly. : “Since this is the case, I will not force it. In this case, you will take me to the large barracks and let me see them. As long as I make sure they are all right, I can rest assured. Is this okay?”

When saying this , Yue Feng's face was sincere, but his eyes flashed with cunning.

Yes, Yue Feng's purpose is to enter the prison and meet with Ren Yingying and everyone. He said just now that Yang Jian will let them go, just to try. It never occurred to me that Gonggong would agree.

This....

Hearing this, Gong Gong bit his lip lightly and hesitated.

This condition is not difficult, but Yue Feng is very cunning, will he secretly play some conspiracy?

“Gonggong!”

Seeing Gonggong’s hesitation, Yue Feng said with a smile: “You Beiying camp is heavily guarded, are you afraid that I will save everyone? Besides, I’m just going in alone to see if they are. It’s not safe and sound, so that I can sign with confidence.” The words were so sincere that they couldn’t be refuted.

“Okay!” Gong Gong had no choice but to nod and agree. This condition is in line with common sense, and it is impossible to refuse. And this kind of trivial matter, you can call the shots yourself, and you don’t need to report to Yang Jian.

Um!

Seeing her promise, Yue Feng was very excited, but he was calm on the surface. He nodded and said with a smile, “Please avoid it first, I’ll arrange it, and then we’ll go back to the camp together.”

Gonggong looked around and responded. He left the hall and went outside to wait.

Gong Gong saw the angry scene of Sun Dasheng and everyone just now, and understood that Yue Feng wanted to persuade them, so it was naturally inconvenient to be present.

Whoa!

As soon as the forefoot left, everyone in the hall suddenly gathered around, looking at Yue Feng puzzled and asking.

“Master, what are you going to do?”

“Yeah, Fengzi, what do you think?”

“Feng’er, do you have a solution?”

For a while, whether it was Jiang Shan, Wen Chou Chou, or the Seven Fairies, Are extremely curious.

Yue Feng smiled, signalling everyone to be quiet, and said with a wry smile: “In this situation, what can I do? I can only minimize casualties.”

After speaking, Yue Feng looked around and continued seriously: “ I have decided to temporarily abandon the Zhongzhou area, and we will move to the Valley of the Villains

in the northern suburbs to redeploy our defenses, where the environment is complicated, and we can still stand in a stalemate with the Northern Ying army for a period of time by virtue of the natural danger.”
