

The ultimate husband in Chinese chapter 2251-2260

Chapter 2251

However, the brothers and sisters are very principled, and even though the people have all run away, they still leave some money on the beach as compensation for these fishing boats.

Soon, Yue Wuya and Bing, driving the fishing boat, headed towards the Apocalypse Continent.

Han Bing was mainly responsible for sailing, and Yue Wuya meditated in the cabin because he was too weak.

In the blink of an eye, more than two hours passed, Yue Wuya recovered some internal strength, and the situation improved a little, so he walked out of the cabin, prepared to replace the ice, and drove the fishing boat.

Whoa!

At this time, in the sea not far away, there was a sound of water.

The sound of the sea was very strange, Yue Wuya subconsciously looked towards the sea.

As a result, Yue Wuya was shocked, he couldn't help taking a breath, and the whole person was stunned for a moment!

This... this...

At this moment, Yue Wuya's mouth opened wide, thinking that he had read it wrong, and rubbed his eyes with his hands, his face full of shock!

He clearly saw that on the sea not far away, a large sailboat, with a full thousand of them, came mighty!

Yes, thousands of sailboats!

On these sailboats, flying a black flag, embroidered with white sharks, black and white, very eye-catching. Obviously, these are pirates.

Speaking of which, Yue Wuya has experienced a lot since he was a child, and he has a lot of knowledge. He was once the prince of Diyuan Continent, but it was the first time he saw a pirate, and there were so many.

Pirates with thousands of ships, I can't even think about it!

This chapter is provided by . Visit for daily update.

hiss!

At this moment, Han Bing also saw those pirates, her delicate body trembled, and she couldn't help taking a breath of cold air.

I saw that these sailboats were very big, and on the decks of these ships, there were people standing neatly. Although there was still some distance, Yue Wuya could see that these people were all wearing soft clothes stitched from fish skin. A, holding a long knife, the momentum is amazing!

And the ship at the front has three floors! On the black flag standing on it, more than ten meters high, there were two blood-red characters 'Blood Shark' written on it.

Obviously, the word blood shark is the name of this pirate force.

Blood shark?

This... In this vast sea, when was there such a powerful pirate?

Seeing this scene, Yue Wuya was extremely shocked in his heart, and at the same time he couldn't express his surprise. The ice next to him was also stupid, staring at the pirate ships, unable to speak, and at the same time unable to express his doubts.

Yes, since the enchantment of the Kyushu Continent disappeared more than ten years ago, various continents have cooperated with each other, resulting in the disappearance of pirates in the seas. It stands to reason that there can be no such powerful pirates.

However, what the brothers and sisters didn't know was that the vast sea was incomparably vast. In recent years, due to the joint suppression of various continents, the pirates in the sea all fled to the islands in the depths of the sea and hid.

And recently, because Yang Jian led the Northern Ying army to conquer all over the place, the people of the Kyushu mainland were panicked and had no time to take care of the sea. These pirates hiding in the depths of the sea began to be active again.

As for Yue Wuya and Han Bing, the 'blood shark' encountered at this time is the most powerful pirate in the depths of the sea.

"Brother..."

Finally, Han Bing reacted and said softly to Yue Wuya: "What should I do?"

At this time, Han Bing was very anxious. She could see that the pirates on these ships were not strong enough. Weak, basically the realm of Marquis, and even many of them are realm of Martial Saint.

Moreover, with so many pirates together, I am afraid... I am afraid there are nearly 100,000 people, right? ! With so many people, don't say that you are alone, even if your brother's internal strength is completely restored, I am afraid that it is not an opponent.

Feeling the nervousness of the ice, Yue Wuya comforted: "Don't panic, let's take a look at the situation first!"

When he said this, Yue Wuya looked at nearly a thousand pirate ships with an extremely solemn expression.

You and these pirates have no grievances or enmity, so they shouldn't be looking for trouble.

Whizzing!

Just when Yue Wuya was thinking about this, he only saw four figures flying over from those pirate ships!

These four figures were too fast, almost in the blink of an eye, they arrived in front of the brothers and sisters. They were four sexy women, all in their twenties, wearing island-style short skirts, indescribably sexy and charming. People have a wild beauty, but the breath that permeates them is very amazing.

Chapter 2252

However, Yue Wuya was not in the mood to appreciate their beauty at all, feeling the strength of the four women, and was extremely shocked inside.

It turned out to be...all five emperors? !

Nima, Wu Duan Wuhuang!

Yue Wuya was shocked. Although he had never seen a pirate, he had heard a lot of legends about pirates. Most of the pirates were forced to go into exile at sea because they committed a heinous crime in Kyushu. , so the strength is not very strong, if it is strong, it will not escape to the sea to become a pirate.

But at this time, Yue Wuya never imagined that these pirates in front of him, and the four women who came at random, were all fifth-ranking Martial Emperors.

This kind of strength, in the Kyushu Continent, can be regarded as a top master!

Xue Luo Siyan, very cold and arrogant, with delicate faces, without the slightest expression fluctuations, quietly looked at the Yue Wuya brothers and sisters.

These four beauties are the four elders of the 'Blood Shark' pirate organization, known as 'Blood Luo Si Yan'. Despite their beautiful appearance, they are all ruthless characters who kill without blinking. They all sensed that Yue Wu Ya and Hanbing are both cultivators, and their strength is not low, but they are not panic at all.

Snapped!

In the next second, Xue Luo Siyan didn't say a word. After making eye contact, he suddenly shot at the same time and grabbed the wrists of Yue Wuya and Han Bing tightly. The brothers and sisters couldn't react at all.

Afterwards, Xue Luo Siyan flew towards the pirate ship with her brother and sister.

"Hey, what are you doing?" Yue Wuya shouted in shock and anger.

At the same time, Yue Wuya struggled hard, but he clearly felt that the blood Luo Siyan was too strong to join forces, and his internal strength was completely suppressed, and he couldn't use it at all!

On the largest pirate ship, Xue Luo Siyan put Yue Wuya and Han Bing on the deck.

call!

At this moment, seeing the scene in front of him, Yue Wuya was completely dumbfounded!

I saw that there were hundreds of pirates standing neatly around the deck of this pirate ship, all holding long knives, and at the bow of the ship, there was a chair carved from a huge fish bone.

On the chair sat a burly man.

This man looks about thirty-five. His facial features are sharp and angular, which makes people unforgettable at first glance. His bronze skin is full of explosive power, and he also has a suffocating powerful aura. !

At the man's feet, there is a huge crescent machete, the blade is ice blue, with a cold light, this machete is two meters long.

Yue Wuya only glanced at it, and was immediately taken aback.

This machete turned out to be a rare purple weapon.

“Leader Long Zang, his subordinates brought these two people here.” At this moment, Xue Luo Siyan stepped forward and said respectfully to the man.

Yes, this man is the leader of the blood shark pirates, named Long Zang.

Long Zang, a natural talent in cultivation, unfortunately he was an orphan. He was bullied since childhood. He was framed at the age of thirteen and charged with murder. Finally, he had no choice but to escape to the sea and become a pirate.

Ten years ago, the blood shark formed by Long Zang was still very weak at the time. However, in the past ten years, Long Zang, with his great strength and outstanding talent, has annexed dozens of pirate organizations, large and small, and finally made the The blood shark has become the most powerful pirate force in the vast sea.

The dragon hides in the sea and has high prestige. It can be said to be the king of the sea!

Gudong.

At this moment, Yue Wuya looked at Long Zang, feeling inexplicably uneasy, and couldn't help swallowing. Unexpectedly, in this harsh environment, there is such a powerful pirate leader.

The aura on this Long Zang body makes people who can suppress it breathless, making people afraid to look at him.

What makes Yue Wuya even more horrified is that Long Zang's strength is unfathomable. He only feels a strong pressure, which is constantly permeating from Long Zang, making it difficult for people to breathe!

Nima... A pirate whose strength has reached the Tribulation Realm is incredible!

Yue Wuya swallowed heavily. Shocked.

The ice next to him, biting his lip, was also nervous.

“You guys!”

Finally, Long Zang took a few glances at Yue Wuya and Han Bing, and slowly asked, “Who are you? What are you doing on this sea?” The

voice was not loud, but it was full of majesty, unquestionable.

Chapter 2253

Long Zang clearly felt that the young men and women in front of them were both cultivators and their strengths were not low.

Knowing that the situation in the mainland of Kyushu was turbulent, Longzang was going to sack the ports on the coasts of various continents and plunder some materials. If the plan was to go smoothly, he must beware of cultivators from various continents.

And the young men and women in front of them are not low in strength, so they must question them carefully.

“I...”

Yue Wuya swallowed a mouthful of saliva, opened his mouth, and said, “Your Excellency, we are brothers and sisters, and we are all citizens of the Diyuan Continent. Recently, the Northern Ying army has invaded, and our homes have been destroyed. , our brothers and sisters decided to take a boat to the Tianqi Continent to take refuge!”

When he said this, Yue Wuya was very careful, he knew that if he said that he was a person from the rivers and lakes, the pirates in front of him would definitely not let him go.

After all, most of the pirates were pirates at sea because of their evil deeds, and they were chased and killed by the rivers and lakes of various continents. It can be said that pirates and people from all corners of the world are completely at odds with each other.

“Ordinary people?” Long Zang’s pupils shrank, and he said coldly: “Ordinary people have such a strong strength, and, looking at your injuries, you must have been killed before...” The

voice fell, a pounding Ling’s breath burst out from Long Zang in an instant!

With this breath, Yue Wuya couldn’t catch his breath. The original internal strength was not completely recovered, and it was difficult to breathe now!

“How dare I lie?” Seeing Long Zang’s disbelief, Yue Wuya hurriedly said: “We are indeed ordinary people. We were lucky when we were young, and we were taught by a master, but I have always been self-disciplined and cultivated hard. Participating in the battles on the rivers and lakes, and rarely interacting with people in the rivers and lakes, the injury on my body is due to the defense against the Northern Ying army, not the vendetta of the rivers and lakes.”

After saying this, Yue Wuya had a cold sweat on his forehead.

The strength of this pirate leader is really terrifying, and it is almost as easy as the palm of his hand to kill himself and his younger sister.

call!

Hearing this, Long Zang frowned and pondered.

For a while, the entire sea was silent except for the waves of waves.

“Someone!”

Finally, Long Zang came back to his senses, pointed at Yue Wuya and said, “Lock them up first, and then deal with them later!” With the

ability to annex dozens of pirate forces, Long Zang is not an ordinary person. It can be seen that Yue Wuya lied, but Long Zang is not in a hurry, and it will not be too late to deal with them when the identities of the two are found out.

After all, the most important thing now is to quickly loot the port resources of various continents. You must know that pirates seem to be majestic, but in fact, living resources are very scarce.

“Yes!” Hearing the order, several pirates came over immediately, escorting Yue Wuya and Han Bing, and locked them in the cabin below the deck.

Nima!

At this moment, Yue Wuya and Han Bing were both frightened and angry, and wanted to struggle at the same time, but the acupoints were blocked, and they were completely powerless.

“Leader!”

At this moment, a pirate came over and respectfully said to Long Zang: “There are still a few hundred nautical miles ahead, and you can reach Donghai City on the Diyuan Continent!”

When he said this, the pirate was extremely of excitement.

Um!

Long Zang nodded, showing a smile, and instructed: “Everyone is ready. After landing, let’s take advantage of the chaos in the Diyuan Continent. Let’s loot.”

Saying that, Long Zang remembered something, and instructed the person next to him: “By the way, while robbing the property, don’t forget to arrest some local people and inquire about the whereabouts of the “Returning to the Ruins Surveying the Sea Map”. When it came to “Returning to the Ruins and Surveying the Sea”, Long Zang’s sharp eyes flashed with a bit of complexity and heat.

More than ten years ago, when Long Zang first became a pirate, he heard a rumor. This rumor was that there were many shocking secrets hidden in the boundless seas, and these secrets were hidden in a "Return to the Ruins". Among the charts for surveying the sea, there is only that picture, which disappeared thousands of years ago.

Many people say that the chart is just a rumor, and it doesn't necessarily exist, but Long Zang is very convinced and has always kept it in his heart.

"Yes! Chief!" Many pirates responded in unison.

Returning to the market to survey the sea map?

Hearing this, Yue Wuya and Han Bing, who were locked under the deck, were shocked.

Immediately, the brothers and sisters looked at each other, and in each other's eyes, there was indescribable complexity and surprise.

Could it be that... the sea map that Long Zang was looking for was the one that Tang Qingyun dropped before?

Chapter 2254

At this moment, the other side.

The Valley of the Wicked in the north of Zhongzhou City was like the Shura Slaughterhouse at this time, the air was full of blood and blood, and the fierce battle between the two sides continued.

"Ah!" The

screams and screams are endless! The mountains and plains seem to be dyed red with blood!

The battle is getting fiercer!

Although the Ouyang family, Huaguo Mountain, Changsheng Hall, and several hundred thousand Xi Cang army arrived in time to block the Northern Ying army, the situation was still not optimistic!

You must know that Yue Feng's original plan was that after the defense of the Valley of the Wicked was deployed, the people would gather together to effectively hold back the Northern Ying army, but he rescued Ren Yingying and the various sects, and was intercepted by Yang Jian before he reached the Valley of the Wicked. Totally messed up!

In this case, even if Zhu Rong and Shennong helped him, he would not be the opponent of the Northern Ying army?

During this period, Yue Feng once commanded the Xicang army and deployed a large formation around it, but the mountain and forest environment was complex and uneven. Yue Feng was about to successfully deploy a formation, but it was destroyed by Gonggong.

As the water god known by the world, Gonggong's strength is too strong, which makes Yue Feng very headache!

In the blink of an eye, on the Earth's Continent side, the casualties were heavy, and they couldn't resist the Northern Ying army.

"Made..."

At this time, watching the Beiyong army rushing in like a tidal wave, Yue Feng was anxious and hissed, "Everyone obeys the order and must defend the Valley of the Evil, even if they all die in battle, There can be no retreat! We have no way out!"

The Valley of the Wicked is the last barrier to resist the Northern Ying army. Once lost, the entire Diyu Continent will be completely exposed to the iron cavalry of the Northern Ying army.

"Kill!"

Hearing this, everyone's blood was aroused, dragging their tired bodies, rushing up and continuing to fight!

However, seeing the constant fall of their companions, many people's faces were full of despair, and a dull atmosphere also shrouded everyone's hearts!

Even if the battle is at the last moment, what can it be?

The overall strength of the Beiyong army is so strong, how could it be possible to stop them!

"Kill, kill!"

Yue Feng howled like crazy, waving Fang Tianhua halberd, sweeping away batch after batch of Beiyong soldiers!

At this time, Yue Feng was also desperate. He knew that the Valley of the Wicked would definitely be unstoppable, but before it fell, he must kill more enemies.

"Brother Yue Feng, we are here!"

“Yue Feng, hold on!”

“Brother-in-law, we are here to help you!”

At this moment, bursts of shouts came from the distant mountains and forests, watching from a distance. When I went, I saw hundreds of thousands of people coming in a mighty manner. These hundreds of thousands of people, dressed in different clothes, were obviously formed by the combination of many forces.

I saw more than a dozen people in the lead, all of them were familiar faces.

Dressed in white, he is indescribably dashing and suave. It is Zheng Chunqiu, the sect master of Danzong.

Wearing a long yellow dress, she is extremely beautiful and looks like a fairy, it is Ye Ziyi of the famous sword villa.

These are all the friends Yue Feng made on various continents.

At that time, in the Yellow Sea Continent, Yue Feng learned that the Northern Ying army was coming, so he asked Tianmen Hall Master Ye Fei to quickly go to various continents to send rescue to support.

Among these crowds, there are five figures, very eye-catching, a sexy and charming, fairy-like woman, with four simple and honest men.

It was Sikong Yanran, the eldest miss of Icefire Island, and her four senior brothers.

For the past six months, Sikong Yanran has been with a senior brother, tracking the whereabouts of Yue Feng, but unfortunately, there have been misunderstandings and failed to see Yue Feng. In the end, Sikong Yanran was very disappointed and was about to return to Icefire Island. The news of the Northern Ying army attacking the Earth Continent.

Two days ago, Sikong Yanran met the people from Dan Zong and learned that they were here to support Diyan Continent. Without any hesitation, they came together.

“Everyone!”

Seeing Zheng Chunqiu, Ye Ziyi, Sikong Yanran and the others, Yue Feng’s heart warmed, and he was speechless with excitement!

Chapter 2255 At the

critical moment, help me with all my strength, I can meet so many real friends in my lifetime, I really have no regrets.

“Brother-in-law!”

At this moment, Sikong Jia couldn't help shouting: “You hold on, you must not be in trouble.” The

voice fell, and the other three Sikong Yi also shouted.

“That's right, we're still waiting for you and your sister-in-law's wedding wine. You can't die.”

“Don't worry, as long as our four brothers are here, let him have a huge army, and don't even think about taking a step forward.”

“Brother-in-law . . . when the account is over, you can go to Icefire Island with us. . .” The

four brothers were simple-minded and said whatever they thought, no matter how many people were around.

Swish!

Seeing the four senior brothers, he began to speak openly again, Sikong Yanran's delicate face suddenly blushed, and he said in a coquettish anger, “You all shut up!”

Haha. . .

Seeing this scene, Yue Feng couldn't help but burst into laughter. . . This was a depressed mood, but also suddenly relaxed.

I haven't seen each other for such a long time, these four brothers are still so interesting.

Thinking to himself, Yue Feng shouted at the four brothers: “Thank you four brothers for your righteous support, don't worry, as long as you win this battle, how much wine you want to drink, I Yue Feng has enough!”

Hearing this, The four brothers were very happy.

“Haha, this sentence is right!”

“Let's see how I can defeat the Northern Ying army!”

“Come on, let's compete with the four brothers to see who can kill the most!”

When the words fell, the four brothers shouted and rushed into the formation of the Beiyang army.

“Dan Zong disciple obey the order, kill me!” Zheng Chunqiu drew out his long sword and let out a long roar, and led the Dan Zong disciple into the battlefield.

“The disciples of Mingjian Villa obey the order, help Yue Feng, and block the Northern Ying army!” Ye Ziyi shouted and followed closely!

Yue Feng once helped Mingjian Villa to get through the crisis, but because of some misunderstandings, he almost blamed Yue Feng, so in Ye Ziyi’s heart, he has always felt guilty for Yue Feng, and now he sees him resisting Beiying. The army was extremely weak, and Ye Ziyi couldn’t tell how anxious he was.

“Kill!”

In an instant, Dan Zong, Mingjian Villa, and other forces, a total of hundreds of thousands of people, poured into the battlefield like a tide, and the momentum was like a rainbow!

What?

Seeing this scene, Yang Jian, who was still entangled by the strong men of Youyan, was shocked and his face was extremely ugly.

Originally, Yang Jian had planned well, and after repelling Youyan and the others, he could focus on dealing with Yue Feng. As long as Yue Feng was killed, all the resistance forces in the Diyuan Continent would be scattered in a hurry. The continent fell into its own control.

However, Yang Jian never thought that at this last moment, forces from other continents suddenly came to support him.

What shocked Yang Jian was still behind.

“Yue Feng, here we are!”

Just when Yang Jian was secretly annoyed, he heard a coquettish shout from the sky again, and following the sound, everyone present was stunned!

In the valley not far away, I saw an army of several hundred thousand coming in a mighty manner.

Uniform silver armor, each holding a long knife, from a distance, a cold light, shocking.

In front of the army are two beautiful women.

Wearing a golden dragon and phoenix robe, a dignified and noble, graceful and gorgeous, full of royal majesty, is the Queen of the Southern Cloud Continent.

A man wearing red armor, showing his tight and graceful figure to the fullest, with an indescribable heroic appearance, it is Long Qianyu!

The ultimate husband in Chinese chapter 2256-2260

Chapter 2256

What...

Nan....The Queen of the Southern Cloud Continent is here in person? !

Seeing the scene in front of you, whether it is the Northern Ying army, the Earth Circle Continent, or even the forces of all parties in other continents, it is extremely shocking! All eyes converged on the Queen and Long Qianyu, unable to speak for a long time!

No one in the Kyushu Continent knows that although the Queen of Nagumo is a woman, she is very skillful. She manages the Nagumo Continent in an orderly manner. It can be said that she is the most legendary woman in Kyushu.

And such a high-ranking queen actually led the army to support the Diyuan Continent!

Obviously, this is a special trip to help Yue Feng!

The whole place was silent! Looking at Yue Feng, he was extremely shocked!

“The Queen is here in person...”

Everyone present was stunned, and there was a burst of discussion. The eyes of many men converged on the Queen and Long Qianyu, unable to extricate themselves.

The sisters, the queen and Long Qianyu, both have exquisite looks and sexy bodies, and they can be said to have their own merits. Appearing together at this time is almost dizzying and intoxicating!

Noble, charming, sexy.... all the beautiful words in the world, to describe them, it is not an exaggeration!

“Yue Feng, how are you?” The Queen’s eyes rolled around, looking at Yue Feng asking softly, full of concern.

A few days ago, the queen received Yue Feng’s request for help, and without any hesitation, she immediately led the army to the expedition. Speaking of which, the queen is high above and would never lead an army to expedition, but Yue Feng is different, not only the emperor of Xi Cang, Still the consort of the Southern Cloud Continent, Yue Feng’s safety is related to his sister’s happiness, so naturally he can’t see anything wrong with him.

Feeling the Queen's concern, a smile appeared on Yue Feng's face: "It's alright, hold on! Thank you Her Majesty the Queen for personally leading the army to support!"

After speaking, Yue Feng's eyes fell on Long Qianyu with a smile on his face. Said: "His Royal Highness, it's been a long time, don't worry, husband, I can't die!"

This chapter is provided by . Visit for daily update.

Haha...

At this moment, Yue Feng was in a very comfortable mood.

This Long Qianyu used to be so aloof, but because he has changed a lot, he wanted to make fun of her when he saw her.

"You!"

Long Qianyu's face turned red.

This Yue Feng has been hurt like this, and he is so eloquent!

"Hurry up and shut up, I think you're still too lightly injured!" Long Qianyu snorted, blushing and indescribably charming.

Whoa!

Seeing the hundreds of thousands of Nanyun army coming to support, waves of commotion broke out within the Beiyong army. Every Beiyong soldier's face was not good-looking.

Yang Jian in mid-air was even more pale, extremely ugly.

Seeing that, people like Yue Feng can be wiped out, but so many forces have come to support, and now, another Nanyun Continent has come!

Yang Jian's eyes swept across the Queen, Long Qianyu, Zheng Chunqiu and others, his eyes were extremely cold and furious!

With so many forces, I am afraid that this battle will make it difficult for the Beiyong army to continue.

"Everyone, let's take action together and take down Yang Jian first!" Yue Feng shouted, his face full of excitement, and now the situation is more and more inclined to his side, as long as Yang Jian is taken down, the war will be won.

swoosh swish....

Hearing this, Long Qianyu, Zheng Chunqiu, Ye Ziyi and the others did not hesitate, and they all exploded their inner strength and went straight to Yang Jian. At this time, Yang Jian was still entangled by You Yan and others, and the situation was very embarrassing.

Swish!

Seeing Long Qianyu and everyone flying over, Yang Jian's eyes were extremely blood red, and his inner anger was completely aroused, and he sneered at the sky: "Okay, very good, since you are willing to die for Yue Feng, I will fulfill you."

Om!

Chapter 2257 The

voice fell, and a terrifying aura burst out from Yang Jian's body, and the surrounding air seemed to stagnate in an instant.

Horror breath, suppressing people panic!

Seeing the situation on the battlefield, the Beiyang army became more and more passive, Yang Jian was completely furious, and roared loudly: "Today, no matter how many reinforcements come, it will not change the fact that the Earth Continent is destroyed!" The

voice fell, and the sky around Yang Jian In the middle, a terrifying force of heaven and earth gathered in front of him crazily, and then merged into the three-pointed two-edged sword. In an instant, the three-pointed and two-edged sword shone dazzlingly.

"Slaying the gods and destroying the sky!"

A few cold words came out of Yang Jian's mouth, and the next moment, the world changed color! Only one after another thunderstorm sounded above his head.

Immediately, Yang Jian clenched the three-pointed two-edged saber, and his whole body shone like a god, his body turned into a golden glow, rushing into the rolling clouds in the sky, disappearing from everyone's sight!

"Hey... such a strong breath!"

"What kind of skill is this?"

"What about people?" I

felt the terrifying aura permeating the world, whether it was Yue Feng, Zheng Chunqiu, Ye Ziyi, or You Yan and other Linglong Pagodas. The strong people were inexplicably

nervous, and on the ground, many people looked up at the clouds, and they were also depressed.

At this moment, everyone present can feel that between the clouds, there is a terrifying force surging wildly!

“This... this... Hou Yi’s stunt?” At one end of the battlefield, Zhu Rong’s burly figure trembled uncontrollably, and couldn’t help but mutter.

Shen Nong next to him also had extremely solemn eyes.

Most people have never seen this skill displayed by Yang Jian, but Zhu Rong and Shen Nong, who have also lived for a long time, are not unfamiliar.

call!

Hearing the muttering, Yue Feng couldn’t help but ask: “Brother Zhu Rong, Senior Shennong, do you know Yang Jian’s skill?”

When he said this, Yue Feng couldn’t help but glanced at the sky, feeling uneasy because Yue Feng felt Arrived, within that cloud layer, the power contained is too strong and too strong, completely beyond imagination.

Shen Nong took a deep breath, looked solemn, and said slowly: “In those days, the Great Emperor Hou Yi had a unique skill, which was unparalleled in the world, and it was called the Killing God and Killing the Heavens!”

Speaking of this, Shen Nong paused, unable to hide his inner feelings. Nervous, he continued: “This unique skill can transform into thousands of avatars, and it is so powerful that it is rare in the world. But this unique skill is only known by the Great Emperor Houyi, but the Great Emperor Houyi has already died violently, but he did not expect that Yang Jian would also Will...”

What?

Hearing this, Yue Feng’s heart trembled, and he couldn’t help taking a deep breath.

This... Yang Jian displayed the unique skills of Emperor Hou Yi?

That’s right, what Yang Jian performed was the unique technique of Emperor Houyi’s ‘killing gods and destroying the sky’. After Yang Jian became emperor at that time, he not only found a lot of treasures left by Emperor Houyi in the Beiyang Palace, but also got Some peerless secrets of Hou Yi the Great.

And this ‘kill the gods and destroy the sky’ is one of them.

To be honest, Yang Jian held his own identity and never thought of showing the stunt of pressing the bottom of the box in front of everyone, but seeing so many forces to support Yue Feng today, Yang Jian was so angry that he couldn't care less.

In the next second, Yue Feng reacted and shouted at Zheng Chunqiu and Youyan in midair, "Quick, spread out..."

Since it is the stunt of Emperor Hou Yi, its power must be terrifying.

hum! hum! hum!

Hearing Yue Feng's words, everyone didn't react, only to see golden beams bursting down from the clouds, like a golden beam of light, there were thousands of them.

And just after those beams of light disappeared, Yang Jian's figure appeared, not one, but thousands!

Yes, thousands of Yang Jian!

Of these thousands of Yang Jian, only one is real, and the others are transformed from internal forces. However, they look real, lifelike, as if they are real. Moreover, these Yang Jian transformed from internal forces are also filled with powerful and powerful spirits. breath.

Chapter 2258

Hiss!

Seeing this scene, both Yue Feng and everyone around couldn't help but take a deep breath.

It's terrifying to actually turn out so many clones.

"Yue Feng!"

In the midst of the clones, Yang Jian's eyes were blood-red, staring at Yue Feng, and his icy voice spread throughout the valley: "Everything is over!" The

voice fell, and Yang Jian waved the three-pointed and two-edged blades in his hand. The knife, with a flash of cold light, saw nearly a thousand clones around, bursting out one after another.

These clones were very fast, and wherever they passed, the entire sky was torn apart. Finally, nearly a thousand figures fell into the crowd, and the entire valley was filled with dust!

Boom!

So many clones erupted at the same time, and the terrifying power formed directly destroyed the entire valley of villains and turned them into ruins, and within the shrouded range of this terrifying power, whether it was the people of the Earth Circle Continent, the soldiers of Xi Cang, or even the South The cloud army, all in ash.

The people who were not bombed and killed were also injured by the terrifying Yu Wei.

This...

Seeing the scene in front of them, everyone's back is cold and their heads are buzzing!

There was silence between heaven and earth. Everyone looked at Yang Jian in midair, shocked and completely dumbfounded.

This Yang Jian's strength is too terrifying.

With just one move, tens of thousands of people were killed in Huangquan. How can this battle go on?

Nima!

Seeing the power of Yang Jian's 'God-killing and Sky-killing' move, Yue Feng's hands trembled, sweat broke out, and his anger was also aroused.

Is this Yang Jian's true strength? The power of this God-killing Heaven-killing Slash is terrifying!

Yang Jian was suspended in the air, his armor shone with golden light, majestic and majestic, and his body was filled with a powerful aura. It was like a god descending from the earth, his expression was icy, without the slightest fluctuation.

Yes, although God Slaughter and Sky Slash is powerful, the internal energy consumed is unimaginable.

At this time, after Yang Jian performed the God-killing and Heaven-killing Slash, his internal strength was almost exhausted.

Swish!

Finally, Yang Jian's eyes locked on Yue Feng, and his icy voice came out word by word: "I said, you are not an opponent, lead to death!" After the

voice fell, Yang Jian flashed, holding the three-pointed pair tightly. The blade came straight to Yue Feng.

Yang Jian knew that he could no longer fight because of his own situation, but if Yue Feng was released today, he would have endless troubles, so he had to be killed.

Nima!

Seeing Yang Jian burst out, Yue Feng was startled, and it was too late to dodge, so he just gritted his teeth and held Fang Tianhua halberd tightly, ready to block the blow.

At this time, Yue Feng can feel that Yang Jian is already at the end of his force. If it was normal, Yue Feng could have avoided it immediately. For Yang Jian, there is no chance to dodge at all!

“Leader!”

“Yue Feng!”

“Fengzi...”

Seeing this scene, the Queen, Ren Yingying, and Wen Chou Chou couldn't help but exclaim, and wanted to rush over, but Yang Jian's speed was too fast. Totally unable to support.

“Amitabha!”

Seeing that the three-pointed and two-edged sword was about to stab Yue Feng, at this critical moment, a loud Buddha's horn sounded throughout the valley.

hum!

The next second, a figure stood in front of Yue Feng, raised his hands, a golden Buddha light flashed out, and then deployed a protective layer in front of Yue Feng.

The visitor was tall and tall, dressed in a gray monk's robe, and his face was kind, but his body was filled with an inviolable majesty.

It's Moroye!

As the head of the Linyin Temple in the Chaos Mountains, Moraye went down the mountain to set foot in the Kyushu continent this time, shouldering an important mission. Half a day ago, Moraye arrived at the Diyuan Continent and learned that Yang Jian's army was in the valley of the villains and Diyuan. There was a fierce battle on the mainland, and Moroye hurried over.

As soon as he arrived at the Valley of the Wicked, Moraye saw that Yang Jian was trying his best to kill Yue Feng. At that time, Moraye stopped in front of Yue Feng without thinking about it.

Speaking of which, Moraye didn't know Yue Feng yet, but Buddhism was very compassionate, so naturally he didn't want to see such a bloody scene.

The protective layer quickly condensed, and the golden light above was shining, which was Moraya's defensive skill: Heavenless Brahma.

Chapter 2259

Bang!

At this moment, the three-pointed and two-edged sword slammed on the protective film, making a roar that shocked the world, and the entire valley trembled.

Under the roar, the protective layer shattered instantly, but Yue Feng, who was being protected, was nothing at all!

Speaking of which, Yang Jian is the most powerful person in the Kyushu Continent. There are very few people in the world who can block this blow, but just now, the internal strength was severely depleted, and this blow was greatly reduced, and Moraye is a Buddhist monk, and his internal strength is extremely strong. Naturally The blow was successfully blocked.

Whoa!

All of a sudden, everyone present was in an uproar, staring blankly at Moroye, speechless in shock.

This.... who is this monk? He actually blocked Yang Jian's blow?

Because Linyin Temple is located in the Chaos Mountains, the monks in the temple rarely appear in Kyushu, so everyone present did not know Moraya, let alone his origin.

call!

Yue Feng was also stunned, looking at Moroye in surprise, surprised and happy.

Who is this person? Such a strong internal force actually blocked Yang Jian...

Judging from the style of his monk robes, it does not look like a Shaolin sect, and I have never heard of such a powerful existence in Shaolin.

Under the surprise of everyone, Shaolin Master Kongwu and many Shaolin disciples frowned and pondered one by one.

Um?

At this time, Yang Jian also frowned and stared at Moroye, his face extremely ugly.

Where did the monk come from? It looks ordinary, but its strength is not weak.

rustling...

Just when everyone was secretly guessing the identity of Moroye, they heard footsteps in the woods not far away, and soon, a young monk, holding an ancient Zen staff, appeared in front of everyone.

It is Duan Yu, the Buddha's Dharma name was transformed.

At this time, Duan Yu, wearing a monk's robe, shaved his head, and the nine ring scars on his head are very eye-catching, his handsome face, his expression is blank, and there is no mood swing!

The Zen staff in Duan Yu's hand is exactly Moraya's weapon, called 'Dharma Zen Heart Staff'. The status symbol of the door.

Buddhism pays attention to cultivating the mind of Zen, and all good things come first, so Moroye never uses the Bodhidharma Zen Heart Staff easily, and Duan Yu, as an apprentice, helps to hold it.

Swish!

As soon as Duan Yu appeared, the eyes of everyone in the audience immediately focused on him.

Of course, most of his eyes were on the Zen staff in Duan Yu's hand, and he seldom paid attention to Duan Yu himself. Since he shaved his hair and became a monk, Duan Yu's appearance and temperament have undergone earth-shaking changes, and he is completely different from before. Whether it was Yue Feng or anyone else who was familiar with him, when they saw him at this time, they couldn't recognize him at all.

Duan Yu ignored everyone's gaze and walked straight towards Moroye.

"Master!"

When he got to the front, Duan Yu handed the Zen stick to Moroye, with a respectful tone: "Next time Master makes a move, can you say it ahead of time? The disciple can't catch up." His

tone was a little dissatisfied, but he didn't say anything. out of awe.

In the past few days, Moroye often talks about Buddhism, trying to resolve the evil thoughts in Duan Yu's heart, which makes Duan Yu have a headache, but thinking of Moroye's strength, he does not dare to be presumptuous.

Um!

Moroye nodded, took the Zen staff, then turned his head to look at Yue Feng, smiled and said, "Donor, are you alright?"

Yue Feng shook his head and said gratefully, "Thank you Master for your help. Dare to ask Master..."

After he finished speaking, he was interrupted by Yang Jian.

"Dharma Chan Heart Staff?" Yang Jian looked closely at the Chan Staff in Moraya's hand, unable to hide the shock in his heart, and asked, "What is the relationship between you and the Buddhist Patriarch Bodhidharma?"

As a strong man who has been famous for thousands of years, is respected by the world as Erlang Zhenjun, Yang Jian has a lot of knowledge and knowledge, and he can see at a glance that the Zen staff in the monk's hand is the Buddha's Zen Heart Staff in Buddhism.

Gonggong, Zhu Rong, Shennong and others also looked at Moroye closely, secretly shocked.

Yes, they are all people who have been famous for thousands of years, and I can see that.

What?

The voice fell, and the audience was in an uproar.

Master Dharma?

Is this monk related to the Buddha Dharma Patriarch?

Chapter 2260

Especially Yue Feng, who stared blankly at Moroye, speechless in shock.

Nima!

This monk is so big? Is it related to Patriarch Bodhidharma?

According to historical records, Patriarch Bodhidharma founded the Buddhist Zen School and promoted Buddhist culture, which has influenced countless people for thousands of years. Who does not know the name of Patriarch Bodhidharma? Almost no one knows about it.

call!

Under the astonished gazes of everyone, Moraye let out a sigh of relief and smiled at Yang Jian: “Your Excellency the true monarch has good eyesight, poor monk Moraye, this is my apprentice’s reincarnation, the poor monk is from the Primal Chaos Mountain Range. Hidden Temple, and Linyin Temple was built by Patriarch Bodhidharma.”

When he said this, Moraya smiled and spoke softly.

As an eminent Buddhist monk, Moraya treats all people in the world equally, and does not treat him specially because the person in front of him is the famous Erlang Zhenjun in Kyushu.

Whoa!

The voice fell, and everyone around was in an uproar again.

This monk... is really related to Patriarch Bodhidharma!

But the Linyin Temple he mentioned, why haven’t I heard of it before?

“Amitabha!”

At this moment, Shaolin Master Kong Wu, as well as many disciples behind him, all folded their hands towards Moraya and proclaimed the Buddha’s name, all of them looked extremely humble.

Shaolin and Patriarch Bodhidharma have a deep relationship. It is said that many of Shaolin’s unique skills were left by Patriarch Bodhidharma. At this time, seeing the inheritors of Patriarch Damo is naturally extremely respectful.

call!

At this time, Yang Jian took a deep breath, looked at Moraye and said, “Even if a Buddhist expert doesn’t study Buddhist scriptures in the temple, what are you doing here?”

When he said this, Yang Jian gave Yue Feng a cold look, very angry and unwilling.

Almost, I almost killed this kid just now, but was stopped by this Moraye, what a pity.

“Master!”

At this moment, Yue Feng couldn't help expressing gratitude towards Moraya: “Master, I am grateful to Yue Feng for helping, but then again, it seems that Master and I have never met before.”

Said At these times, Yue Feng was very puzzled.

It was the first time I met this Moraye, why did he save me?

Moroye smiled slightly, but did not answer Yue Feng immediately!

In the next second, Moroye looked around the audience, his eyes finally fell on Yang Jian, and he slowly said: “Your Excellency is respected by the world as Erlang Zhenjun, famous in Kyushu, but at this time, for a single selfish desire, he led the army to conquer all over the place, causing everyone to suffer. The people of the mainland are not living well, so many people died in vain, how can I turn a blind eye to the compassion of the Buddha?”

Hearing this, Yang Jian frowned, and said impatiently: “I am not from your Buddhist school, I can't listen to your great truths, and I see it in Da For the sake of Master Mo, I don't care about you, just get out of the way, no matter how busy I am, don't blame me for being rude.”

Om!

The words fell, Yang Jian's eyes flashed with coldness, and a strong aura permeated his body.

For a time, the atmosphere instantly became tense.

Feeling Yang Jian's anger, Moraye did not panic at all, and said lightly: “Your Excellency, please be safe, I, Linyin Temple, have never participated in disputes in Kyushu, but the poor monk is indeed on a mission to go down the mountain this time. .”

After speaking, Moroye's face became solemn, looking at Yang Jian and continued: “Half a month ago, I, the monk of Linyin Temple, observed that in the wild and strange realm on the other side of the Chaos Mountains, the evil spirit was soaring to the sky, I was afraid that I was expelled back then. The Rakshasa people there are going to make a comeback... This matter is related to the safety of Kyushu, so I also ask Your Excellency the True Monarch, as well as everyone present from all continents, to let go of their hatred and work together to defend against foreign enemies...”
