Chapter 2271

Finally, under the shock of Long Zang, he reacted and couldn't help asking the surrounding: "Who knows, what kind of weapon is this?" The

voice fell, and many pirates around looked at each other, and no one answered. .

"Leader!"

At this moment, a middle-aged pirate took a deep breath, was extremely excited, and couldn't help but said: "With such power, and with such a special shape, could it be the legendary opening axe?"

Saying these At that time, the middle-aged pirate stared at Duan Yu in midair, unable to hide his inner shock. This middle-aged pirate used to be a member of a big family. Later, he committed a crime and was expelled. He had no choice but to become a pirate. Because he was born in a big family and was knowledgeable, he guessed it.

Open the axe?

At this moment, the gazes of the surrounding pirates suddenly converged on the opening axe in Duan Yu's hand, and they were all extremely surprised.

call!

Long Zang took a deep breath, surprised and delighted!

As the leader of the blood shark, Long Zang naturally heard of the legend of the opening of the sky axe. It was rumored that a long time ago, the heaven and the earth had not been separated, and there was chaos. An ancient great god named Pangu, holding a giant axe, split the heaven and the earth! After the creation of the world, Pangu's giant axe fell into the world and disappeared.

Originally, Long Zang always thought it was a legend, but he never thought that he would be able to see this peerless weapon with his own eyes today.

Excited, Long Zang took a deep breath and stared at Duan Yu in midair. He raised his hand and waved: "Quick, take him down and take the Heaven-Opening Axe!

" After the pirates, he developed the blood shark into the largest force in the sea. At this time, he had great ambitions and was about to make great plans. At this time, he would not miss the opportunity when he encountered the opening axe.

swoosh swish...

As soon as the voice fell, nearly a thousand pirates rose into the air one after another and charged directly towards Duan Yu!

This chapter is provided by . Visit for daily update.

The pirates who can join the blood shark are all strong, and the lowest strength is also the Marquis, and most of them are the strength of a Martial Saint.

In an instant, more than a thousand pirates, the burst of breath, distorted the sky, and the momentum was amazing.

“Pirates?”

Looking at these pirates rushing up, Duan Yu’s expression was insane, and he didn’t panic at all. Instead, his whole body’s fighting spirit was completely aroused.

“A bunch of clowns jumping on the beam, all die.” An icy voice came from Duan Yu’s mouth, and then, he swung out with an axe!

At this time, Duan Yu had already killed his red eyes. No matter where these pirates came from or how strong their background was, he only knew that whoever offended him would die.

“Roar!”

A dragon roar came from the giant axe, and then, a golden glow seemed to tear apart the sky and the sea, and swept toward the pirates!

“Ah!”

Jin Mang ripped apart the sky, lightning fast, covering a huge area. The more than a thousand pirates didn’t have time to react at all, and screamed continuously in an instant, one by one fell from the air.

hiss!

Seeing this scene, whether it was Long Zang, Xue Luo Siyan, or other pirates, they couldn’t help but gasp!

As expected of a peerless weapon, the power of the explosion is so terrifying!

Under the shock, Long Zang’s eyes became more and more hot.

As the king of the sea, such a powerful artifact is only worthy of you!

“What a ruthless monk, kill my subordinates, and let you be buried at the bottom of the sea today.” Sen Leng’s voice came from Long Zang’s mouth. The moment the voice fell, he rose into the sky and went straight to Duan Yu.

hum!

At this moment, Longzang’s internal power was released, and a terrifying breath burst out, and this piece of sky and sea was about to shatter!

Chapter 2272

Long Zang, a powerhouse in the transcending tribulation realm, is an existence in the vast seas that makes other pirates feel terrified.

hum!

At this moment, Long Zang held the ice blue long knife tightly, and a terrifying force condensed between the sky and the sea in an instant. Then, the sea water surged and rolled up a huge tornado water column.

“Roar!” In the

next second, a dragon roar erupted from the water column of the tornado, followed by a giant dragon condensed and formed. This giant dragon was completely formed by the fusion of sea water and the internal force of the dragon’s possession. It’s lifelike, and it’s the same as the real thing, giving people the feeling that it is extremely shocking.

Seeing this scene, all the pirates below were extremely excited and shouted.

“The leader is mighty.”

“This ugly monk dares to kill our people, let him taste the power.”

Yue Wuya, who was standing on the deck, looked at the situation calmly, but his heart was filled with excitement.

Great!

The pirate leader took the shot himself, and he had the opportunity to escape with his sister.

Thinking to himself, Yue Wuya silently stimulated his inner strength and planned to rush to the acupoint. He had failed to escape once before, and he was afraid of Long Zang’s strength, so Yue Wuya did not dare to take risks easily. At this time, seeing Long Zang take the initiative, Yue Wuya knew that the opportunity was coming.

Next to him, Bing Bing, Bing Xue was smart and knew what his brother was going to do, so he quickly stepped forward and put Yue Wuya behind him as a cover to prevent him from being seen by the pirates around him.

At the same time, Han Bing also closely watched the situation in the air.

“Monk!” Long Zang hovered proudly in the air, staring at Duan Yu with absolute contempt: “Kill so many of my subordinates, don’t want to leave alive today. I can give you a good time!”

Hehe...

Duan Yu sneered and sneered back: “You are the leader of this gang of pirates. People don’t attack me, I don’t attack people. It was your people who attacked me first, and they deserved to die.”

After speaking, Duan Yu went up and down . Looking at Long Zang, he continued to mock: “Also, you, a little pirate chief, also want to get the Sky-Opening Axe? What are you daydreaming about?”

When he said this, Duan Yu looked mad and his eyes were full of pride.

Although Long Zang’s strength is very strong, and can combine internal force and sea water to condense a giant dragon, Duan Yu is not panic at all. You must know that during this period of time, Duan Yu was forced to follow Moroye, keeping a low profile, and under the influence of Buddhism, he gained a new understanding of Kaitian Axe.

In this case, even if Long Zang was in the Tribulation Realm, Duan Yu didn’t take it seriously.

Swish!

Hearing this, Long Zang was furious. His dignified king of the sea was despised by a monk and even in front of so many subordinates. If he bears it, where will he put his face?

“Death to me!” Long Zang roared without talking nonsense, pointing at Duan Yu!

Roar!

The voice fell, and the giant dragon, which was formed by internal force and sea water, erupted with a thunderous roar, and went straight to Duan Yu. In an instant, within a thousand meters around, the wind and clouds were surging, and the sea was also surging with huge waves.

This piece of air seems to be stagnant, the unfathomable and powerful pressure, the people who suppress it panic!

Seeing the giant dragon rushing towards his face, Duan Yu's face was gloomy, and he didn't mean to dodge at all. Under the wave, a touch of golden light erupted again.

Bang!

Jin Mang and the giant dragon collided, and a thunderous roar erupted. Everyone below felt an overwhelming force pouring in. They were knocked back a dozen steps, and their qi and blood were churning.

hiss!

When everyone reacted, they were stunned when they saw the scene in mid-air, and they couldn't help gasping for air.

I saw that the dragon condensed by Long Zang was directly smashed by Jin Mang, and Long Zang was also shaken back dozens of steps by the volley. After stabilizing his figure, his face was pale.

Is this monk so powerful? It actually blocked the leader's stunt?

"you..."

Chapter 2273

At this time, Long Zang locked Duan Yu tightly, and he was also shocked. Nima, this monk's strength is not particularly strong, but with the opening axe in his hand, the explosive power is so terrifying, you know, The sea dragon that he condensed just now, in the whole world, few people can stop it.

And this monk, with the help of the opening axe, easily blocked it!

call!

Just when Long Zang and the surrounding pirates were extremely shocked, Yue Wuya had quietly rushed out of the acupoint, however, he did not leave with the ice for the first time, but looked closely at the monk in the air, lost in thought.

This... this monk, was able to perfectly unleash the power of the Heavenly Axe.

Also... Although this person is dressed as a monk, his indomitable expression seems to be a person.

When his mind changed, Yue Wuya suddenly thought of something, his body trembled, and his heart was shocked.

Could it be... he is Duan Yu?

Seriously, if Duan Yu didn't use the Heavenly Axe, Yue Wuya would be like most people, completely unrecognizable, but seeing him perfectly unleashing the power of the Heavenly Axe, he had to be suspicious!

You must know that at the beginning of Mount Emei, Yue Wuya used the Overlord Hammer to fight against Duan Yu, and he knew the power of the Heaven-Opening Axe. When he saw the monk in front of him, he could use it with ease, and he immediately thought of Duan Yu. .

"Brother!"

At this time, seeing Yue Wuya's different expression, Han Bing couldn't help but asked in a low voice, "What's wrong?"

Han Bing felt that his brother successfully conflicted with the sealed acupoint, but he didn't have the first time. It's too strange to leave with yourself, but to look at the monk in the air in a trance.

call!

Yue Wuya took a deep breath and said in a low voice, "I have a feeling that this monk is Duan Yu."

When he said this, Yue Wuya always paid attention to the movements of the pirates around him.

What?

Hearing this, Han Bing's delicate body trembled, and he looked at Duan Yu, and the whole person was stunned.

Is this monk Duan Yu? How can it be?

How could someone like Duan Yu easily enter Buddhism?

In shock, Han Bing couldn't help but ask: "Brother, what are you going to do? Are you going to deal with him?"

Han Bing believed in Yue Wuya's judgment, and at the same time, was a little worried.

You must know that Duan Yu is ruthless. When he was the Prime Minister of Xi Cang, he led his army to invade other continents. Later, he killed Xi Cang Huang and usurped the throne. It can be said that his fierce name has already spread all over the continent of Kyushu.

More importantly, Duan Yu and Yue Feng are deadly enemies, so in Han Bing's heart, I don't have the slightest impression of this person. But then again, Duan Yu's strength is too strong, and his brother's rash action is an adventure.

"I..." Yue Wuya frowned and was very tangled in his heart: "I don't know..."

After going through so much recently, Yue Wuya realized that he was too much for his biological father, Yue Feng, and he felt some guilt.

Under such circumstances, when he met his father's nemesis, Yue Wuya was just about to move.

At this time, Yue Wuya had an impulse in his heart to catch or kill Duan Yu to make up for the disrespect to his father before.

But...if you do it, your identity and strength will be exposed. In this case, it will be more difficult for you and your sister to leave.

For a time, Yue Wuya fell into a tangle.

"Tsk tsk!"

In midair, Duan Yu looked at Long Zang with a half-smile, and mocked word by word: "With this little strength, do you still want to snatch my Heaven-Opening Axe? If you are over yourselves, die!" With a wave, a whistling sound that shocked the heavens and the earth came from the opening axe, and then, a golden glow that ripped apart the heavens and the earth burst out towards Longzang.

This axe, Duan Yu tried his best, and almost consumed all his internal strength. It was Duan Yu's strongest blow.

Chapter 2274

Call!

Seeing this scene, the blood Luo Siyan and many pirates below changed their expressions, and they couldn't help sweating for Long Zang.

At the same time, Xue Luo Siyan couldn't help but exclaimed.

"Leader, be careful!"

“Be careful!”

Everyone present could feel the terrifying power contained in that touch of golden light. Although Long Zang is very powerful, he is flesh and blood after all, and the weapon in his hand is only Purple rank, how can you block the peerless magic weapon?

Gudong!

Seeing Jin Mang roaring, Long Zang was startled, couldn't help swallowing, and felt a little panic in his heart.

Mad, this monk seems to be ordinary, but he can actually comprehend the power of the magic weapon to such a state.

It seems that he is a rival in love. I am afraid that this blow will not be able to stop it.

It's just that the golden light was too fast to dodge at all. Long Zang didn't have time to think about it, so he quickly activated his inner strength and held the ice blue long sword in front of him in an attempt to block the blow!

“I'll help you.”

Seeing Jin Mang, he was about to hit Long Zang. At this moment, a loud shout came, and then a figure quickly blocked in front of Long Zang.

It was Yue Wuya!

Click!

The next second, Yue Wuya summoned the Overlord Hammer, only to see a radiance between heaven and earth, and then Yue Wuya held the Overlord Hammer in front of him.

At this time, Yue Wuya stood in front of Long Zang with a determined look on his face.

To be honest, Yue Wuya didn't want to take it lightly, and he didn't want to help Long Zang. After all, Long Zang had put their brother and sister under house arrest on a pirate ship for several days.

But Yue Wuya knew that if he didn't take action, Long Zang would be seriously injured by Duan Yu. Duan Yu's personality would not bypass other pirates. At that time, he and his sister would also be affected by Yuchi.

More importantly, Duan Yu was his father's mortal enemy, and now that he met him, he must not be easily spared.

What?

Seeing this scene, both Long Zang and all the pirates were stunned and shocked.

This kid who was caught actually rushed through the acupuncture point...

What is even more shocking is that he even has a magic weapon?

“It’s you...”

Seeing Yue Wuya, Duan Yu was also stunned, almost gnashing his teeth. Before, his attention was always on Long Zang, and he didn’t notice Yue Wuya wearing it, and Duan Yu never imagined that Yue Wuya would be with a group of pirates.

Enemies meet, especially jealous!

In Duan Yu’s heart, his hatred with Yue Wuya was no less than Yue Feng!

Back in Mount Emei, he had already taken control of the whole situation. It was this kid who led the Apocalypse army and suddenly appeared, not only disrupting even his own plans, but also seriously injuring himself.

If it wasn’t for him, he wouldn’t lose the Xicang throne he just won back.

If it wasn’t for him, he would never encounter Moraye and become what he is now.

The more Duan Yu thought about it, the more annoyed he became, his eyes were extremely blood red, and he wanted to peel Yue Wuya’s cramps.

Bang!

Jin Mang slammed into the Overlord’s Hammer, and he heard an earth-shattering vibration. Under the dispersal of a violent aura, Yue Wuya and Long Zang were both shaken and flew out, and the two retreated more than a hundred each. Mi, all stabilized his figure, his face was pale.

And Duan Yu was also shaken back several dozen meters, his face flushed red, and it was extremely ugly.

Obviously, Yue Wuya successfully helped Long Zang and blocked this strongest blow.

Whoa!

Seeing this scene, both the ice and the pirates around are excited.

Especially those pirates, looking at Yue Wuya one by one, were extremely shocked.

This... this kid, actually blocked the blow of the peerless magic weapon?

Even Long Zang looked at Yue Wuya incredulously, in addition to gratitude, there was indescribable surprise in his eyes.

what's the situation?

He arrested their brothers and sisters by himself, but he turned to help himself...

Chapter 2275

Also, what kind of weapon is the sledgehammer in this kid's hand?

At this time, Long Zang and many pirates didn't know that Yue Wuya's Overlord Hammer was also a divine weapon handed down from ancient times. Although it was not as old as the Kaitian Axe, it was also a rare treasure.

"Good boy!"

Finally, Long Zang reacted, looked at Yue Wuya with a smile, and exclaimed in admiration: "I didn't expect you to be a young hero!"

When he said this, Long Zang was full of gratitude and completely He was not angry because Yue Wuya concealed his strength.

Yue Wuya smiled slightly, but did not respond, but was always on guard against Duan Yu.

"Smelly monk!" Long Zang locked Duan Yu tightly, with endless resentment and anger flashing in his eyes: "The blow just now is the end of the force, right? Die!" As the

voice fell, Long Zang's inner strength exploded, and he went straight to Duan. Feather away. hum!

At the same time, Yue Wuya did not hesitate in the slightest, holding the Overlord's Hammer tightly, he burst out!

At this moment, Yue Wuya and Long Zang released their inner strength, and this piece of sky was about to shatter!

Yue Wuya and Long Zang are the most powerful people in the world!

Yue Wuya owns the Overlord's Hammer and is the leader of the younger generation in the Kyushu continent!

And Longzang, the leader of the famous pirates in the sea, is known as the king of the sea!

The two joined forces, and a terrifying force condensed in an instant, as if in mid-air, forming a huge ball of light, which suddenly smashed into Duan Yu!

This ball of light contains the formidable power of Long Zang and Yue Wuya, which is incomparably powerful.

call!

Seeing this scene, the ice below, and all the pirates, are extremely excited!

This ball of light illuminated the blue sea water within 10,000 meters, turning it into a golden color. At the same time, there was a suffocating pressure in the air.

Made!

Duan Yu was shocked, scolded secretly, and then quickly took off the axe to resist!

Duan Yu was panicked at this time, because Long Zang was right, the strongest blow just now consumed a lot of Duan Yu's internal strength.

“Boom!...”

The ball of light instantly smashed on the opening axe!

Duan Yu spit out a mouthful of blood, and his body flew far away.

Yue Wuya and Long Zang joined forces, and their power was so terrifying that even if he had the Heaven-Opening Axe, he couldn't resist this blow!

Boom!

At this moment, Yue Wuya threw the Overlord Hammer, directly hitting the middle Duan Yu's back. Hearing Duan Yu screaming, he spat out a few mouthfuls of blood.

Duan Yu was frightened and angry, endured the pain, and threw out a few axe, these axe, he tried his last strength!

“Buzz!”

These axes instantly evacuated Duan Yu's interior. Their power was so terrifying that the surrounding air was torn apart. Long Zang and Yue Wuya didn't dare to make a hard connection, so they quickly retreated and dodged!

Taking this opportunity, Duan Yu gritted his teeth, turned and flew towards the depths of the vast sea!

In a blink of an eye, he had disappeared from everyone's sight.

"Made!"

Long Zang was very annoyed, watching Duan Yu escape, his face was extremely ugly.

"Search all the sea areas immediately, be sure to catch this monk!" An angry voice came from Long Zang's mouth. He clenched his fists tightly, unspeakably annoyed.

Almost, you can get the peerless magic weapon, but at the last moment, let this monk run away!

However, since he is the king of the sea, as long as this monk is still in this sea, he will not be able to escape from his palm.

"Follow your orders!"

In an instant, all the pirates shouted in unison, the momentum was overwhelming!

"Leader, there are still people alive in the sea..." At this moment, Xue Luo Siyan discovered something and exclaimed tenderly.

I saw that among the wreckage of the sailboat, there was a cultivator, crouching on a wooden board, his expression was sluggish, and he was dying.

This person is a disciple of Tianmen and the last survivor.

The ultimate husband in Chinese chapter 2276-2280

Chapter 2276

Whoosh!

Seeing this situation, Yue Wuya did not hesitate, flew over quickly, and brought the disciple of that day back to the deck.

"What the hell is going on?" Yue Wuya looked closely at the disciples of the day, and couldn't help but ask, "Why are you here?"

The ice beside him, as well as many pirates, also looked at the disciples of the day. , eyes twinkling with curiosity.

“Young Master!” The disciple of the Tianmen, with a bit of respect on his pale face, said weakly, “The continent of Kyushu is in trouble, the Chaos Mountains...” Although Yue Wuya never recognized Yue Feng, but in Tianmen In the heart of the disciple, he has long been regarded as the young master.

In the next few minutes, the disciple of that day explained the situation in detail.

At the end, the Tianmen disciple looked sad and indignant: “We never imagined that the disciple of Master Moraya, so ruthless, would lead us to the sea and then raid us...” The

last sentence was not finished, This day, the disciple of Tianmen tilted his head and died of anger.

What?

Hearing this, Yue Wuya and Han Bing were both shocked, and at the same time they couldn't tell the anger in their hearts.

On the other side of the Chaos Mountains, is there another world?

Also, this section of Yu is too vicious, even pretending to be a monk to deceive all forces.

At this time, Yue Wuya didn't know that Duan Yu was not a voluntary monk at all, but was forced to be helpless, so he worshipped Moraye as a teacher, but it was not a real conversion to Buddhism.

call!

Thinking to himself, Yue Wuya took a deep breath, slowly closed the eyes of the disciples of that day, and whispered: “You are all deceived, that monk is Duan Yu...”

This chapter is provided by . Visit for daily update.

When he said this, Yue Wuya's heart was very complicated. Duan Yu was ruthless and attacked the masters of various sects. It was completely understandable, but he suddenly became a disciple of Linyin Temple.

“Brother!”

At this moment, Han Bing couldn't help but ask: “What shall we do next?”

Like Yue Wuya, Han Bing also finds the things in front of him unbelievable, but the most important thing now is to return quickly Continent, merge with father.

However, before Yue Wuya responded, he was interrupted by Long Zang.

“You two!” Long Zang walked over slowly and looked at Yue Wuya up and down: “Who are you?”

After speaking, Long Zang thought of something, looked at the dead Tianmen disciple, and continued: “Look at this The logo on the person’s clothes should be a Tianmen disciple from the Earth Circle Continent, and he just called you Young Master, could it be... You are the Tianmen Sect Master, the son of Yue Feng?”

When he said this, Long Zang looked at Yue Wu Ya’s eyes reveal a bit of complexity.

Over the years, under the leadership of Yue Feng, Tianmen has punished evil and promoted good, and has become famous in Kyushu, especially the coastal areas of the Earth Circle. He has played against each other before, so he is no stranger to Yue Feng and Tianmen!

Long Zang has a free and easy temperament, and has a righteousness. Even if he has had friction with Tianmen, he is well-known and admired for Yue Feng for a long time. Who doesn’t admire a person who thinks about the people of the world in everything?

“Yes!” In

the face of Long Zang’s question, Yue Wuya nodded and admitted: “I am Yue Feng’s son.”

If it was half a month ago, Yue Wuya would never admit that he was his son because he hated Yue Feng. , but after so much in this period of time, Yue Wuya has also become mature, and understands how excessive he was before. Therefore, facing Long Zang’s inquiry at this time, he did not hesitate to admit it.

Moreover, Yue Wuya understood that Long Zang had already recognized his identity, so it was useless to lie.

Whoa!

In an instant, I learned that the person in front of me was the young master of Tianmen. Whether it was Xue Luo Siyan or the many pirates around, their expressions changed.

He turned out to be Yue Feng’s son.

Before Chapter 2277

, Yue Feng’s Tianmen, on the coast of the Earth’s Circle Continent, suppressed a lot of these pirates.

Whoops!

In the next second, everyone seemed to be facing a formidable enemy, and quickly surrounded Yue Wuya and Han Bing. In an instant, swords were drawn, and the air was filled with the smell of gunpowder.

In the face of being surrounded by everyone, Yue Wuya was extremely calm and calm, protecting the ice behind him.

This blood shark leader, Long Zang was injured, and in the past few days of cultivation, his internal strength has completely recovered, and the fight is not false at all.

Swish!

Seeing this scene, Long Zang frowned, looked around and shouted angrily: "What are you doing? Retreat!" The voice spread throughout the surrounding sea area within ten thousand meters, full of majesty and unquestionable.

In Long Zang's heart, although the Yue Wuya brothers and sisters had concealed their identities before, but just now, if Yue Wuya hadn't helped in time, he would definitely not have opened the Heavenly Axe for heavy damage.

More importantly, Long Zang admires Yue Feng very much. Since the brothers and sisters in front of him are the children of Yue Feng, how can he bear to hurt them.

Uh...

Seeing Long Zang's anger, Xue Luo Siyan and the surrounding pirates couldn't understand it for a while, but they didn't dare to be presumptuous and immediately stepped aside.

"Little brother!"

At this time, Long Zang looked at Yue Wuya with a smile: "My subordinates are all rude, don't take offense if I offend you, by the way, thank you for your help just now, haha..."

"Hands up!" Yue Wuya responded with a smile, and at the same time, the impression of Long Zang in his heart also changed a little.

This pirate leader is very tolerant. He lied to him before, but he is not angry.

"Sure enough, a hero is a boy!" Long Zang nodded in admiration, then looked at Yue Wuya and asked, "I don't know what your brothers and sisters are going to do next?"

As soon as he finished speaking, Han Bing, who had been silent, said, "We need to immediately Return to the mainland, Dragon Chief, please give us a boat."

When he said this, Han Bing's delicate face was very calm, but his heart was secretly anxious.

My brother and I have just left for two days, so many things happened in the Kyushu mainland, especially that Duan Yu, who became a disciple of Linyin Temple, I am afraid that everyone is still in the dark, so we must go back as soon as possible. , and tell the father about the situation.

“No...”

But as soon as he finished speaking, Yue Wuya was about to vote against it: “It's useless for us to go back now!”

Ah?

Han Bing was stunned, and looked at Yue Wuya doubtfully: “Brother, why is it useless to go back?”

Phew!

Yue Wuya took a deep breath and looked at Han Bing with love and seriousness in his eyes: “Good sister, think about it carefully, why did Duan Yu successfully hide from all the forces? Even his father didn't recognize him? There is only one reason. , he is really that Moraye's disciple, this Buddhist identity has perfectly helped him hide himself, and now, Duan Yu has fled to the vast sea, even if we go back and tell the situation, who will believe it?”

Saying that, Yue Wuya tilted his head to look at the direction of Duan Yu's escape, and continued: “As for the matter of the wild and strange realm, my father and the forces of various continents have already started preparations, and we can't help much when we go back, so, I decided to stay, assist the dragon leader, and capture Duan Yu. Only by capturing him can we have reason to convince people.”

“This...”

Hearing this, Han Bing frowned and pondered. After a few seconds, he nodded and said, “Okay, I will listen to my brother. After capturing Duan Yu, let's return to the mainland!”

Bing Bingxue was smart and quickly understood what Yue Wuya meant.

In fact, Yue Wuya's analysis was good. The brothers and sisters returned directly to the mainland. Even if they told what they saw, no one would believe it. After all, the masters of various forces were all buried in the sea, leaving no bones.

More importantly, every continent knows Duan Yu very well. He is an arrogant and indomitable madman, and it is impossible for him to condescend to convert to Buddhism.

In this case, only grasping Duan Yu can be convincing.

Chapter 2278

Hmm!

Seeing Han Bing agree, Yue Wuya was very happy.

The next second, Yue Wuya looked at Long Zang and said, "Leader Dragon, our brothers and sisters have decided to stay with you Blood Sharks and do our best to help you catch that person just now. Chief Long will not refuse, right?"

Haha...

Long Zang Laughing loudly, he nodded and said, "Just now, my little brother made a righteous shot, how could I refuse? From now on, you are my blood shark's honored guests!"

At this time, Long Zang was very excited. Because he had seen Yue Wuya's strength just now, and with his help, he would definitely be able to catch the monk just now. When the time comes, the axe will fall into his own hands. At this time, seeing Yue Wuya take the initiative to stay, of course he can't ask for it.

Excited, Long Zang hurriedly greeted Yue Wuya brothers and sisters and entered the cabin to rest.

At the same time, Long Zang instructed Xueluo Siyan and others: "Expand the search range, be sure to find that stinky monk, and report back as soon as there is news."

"Yes!" Xueluo Siyan responded in unison, and then went to prepare.

.....

On the other side, the Northern Imperial Palace.

Yang Jian was dressed in a golden dragon robe, sitting on the dragon seat, with a handsome face, a calm expression, and no emotional fluctuations. After two days of recuperation, Yang Jian's injury has recovered, but he is not happy at all, and his mood is a little gloomy.

The failure to conquer the Earth Circle, coupled with the crisis from the Chaos Mountains, made Yang Jian restless.

In Yang Jian's heart, destroying other continents and achieving eternal hegemony is his urgent ideal, but the safety of the Kyushu continent is more important. Once the Rakshasa tribe successfully crosses the Chaos Mountains, the consequences will be unimaginable.

But in this way, he lost the opportunity to conquer various continents.

More importantly, Yue Feng is very famous in various continents. Otherwise, there would not have been so many forces in Zhongzhou City before to come to support. If the Rakshasa tribe really came over, Yue Feng united various continents to resist. His reputation grew louder and louder, and at that time, he became a hero in Kyushu.

At that time, it will be even more difficult if you want to conquer all continents.

Thinking of this, Yang Jian was extremely irritable and had a headache.

At the position where Yang Jian lowered his head, Zhang Jiao sat there, his brows furrowed, and he was silent.

On the two sides below, the ministers of civil and military affairs stood there neatly, feeling Yang Jian's annoyance, all of them were uneasy in their hearts, and did not dare to let out the air.

"Your Majesty!"

At this moment, a slender figure slowly walked into the hall. The light blue dress was as graceful as a fairy, incomparably beautiful, and the whole body was filled with an aura that could not be desecrated. It was Gonggong.

When they got to the front, Gonggong respectfully said to Yang Jian: "The people sent by my subordinates have just received news that there is indeed a vision on the other side of the Chaos Mountain Range, but it is not as serious as that Moroye said.

"Gonggong carefully expressed his thoughts: "Your Majesty, I think that Moroye is a bit alarmist. The Rakshasa people have been trapped for thousands of years. Even if they grow and develop, it is impossible to cross the Chaos Mountains at once."

Hmm!

Yang Jian nodded silently without speaking.

Seeing Yang Jian's gloomy face, Gong Gong thought of something, and continued: "Your Majesty, do we really want to deploy troops in the Chaos Mountains with Yue Feng and other continents? In case... the Chaos Mountains have not moved for two years, we will also Do you have to wait two years?"

When he said this, Gonggong felt very unwilling. The Northern Ying army was invincible, but it suffered repeated damages on the Earth Continent. Now because of the Chaos Mountains, we have to cooperate with various continents...

Especially thinking of Yue Feng, Gonggong's delicate face could not hide his anger. At that time, in Zhongzhou City, with victory in sight, he was ordered to persuade Yue Feng to surrender, but was deceived by Yue Feng.

Gonggong has an arrogant temperament, and he can't keep his bad breath out, making it difficult to sleep and eat.

More importantly, because of the failure to persuade to surrender, Yang Jian had a great opinion of Gonggong, so in Gonggong's heart, he was always looking for an opportunity to make up for his mistakes.

Chapter 2279

"I'm thinking about this..." Yang Jian frowned and replied angrily.

Yang Jian is also troubled by these things, how can he answer Gonggong?

"Your Majesty!"

At this moment, Zhang Jiao, who had been silent all the time, slowly opened his mouth and said, "Actually, there is nothing to worry about in this matter. As long as you get rid of Yue Feng, everything will be solved.

"If nothing happens, let's get rid of Yue Feng as soon as possible. When the Rakshasa clan invades, His Majesty can lead the Kyushu Continent to resist together. After defeating the Rakshasa clan, His Majesty will be a hero of Kyushu and his name will go down in history. At that time, there is no need for His Majesty to send troops. , every continent will take the initiative to bow down to His Majesty!"

Zhang Jiao is resourceful and thoughtful, and knows what Yang Jian is worried about.

"This..."

Hearing this, Yang Jian hesitated and said, "The way is good, but Yue Feng has been famous for a long time, and the situation in the Primal Chaos Mountains is in critical condition. If you kill Yue Feng at this time, won't I be punished by all? People in the world scold him?"

Although Yang Jian was conceited, he also paid great attention to his reputation and felt that this method was inappropriate.

Hehe...

Zhang Jiao smiled slightly and said, "This is simple, let's be careful, let the world think that Yue Feng died by accident, before we went around to fight, and Yue Feng is hostile, it is not easy to assassinate. , When Yue Feng died, everyone in the world recalled that we did it. But now it is different, the Chaos Mountains are in crisis, the Kyushu continent is already an alliance, and Yue Feng suddenly died, no one will doubt your majesty

. !”

Yang Jian nodded, and after some deliberation, he nodded at Zhang Jiao and said, "From the point of view of the military advisor, who is the most suitable one to send?"

Zhang Jiao smiled slightly and turned to look at Gonggong: "Of course, Gonggong-sama is the most suitable. Gonggong-sama is most familiar with Yue Feng, so he will definitely be able to handle this matter well. Besides, I have already thought of a rough plan. , Master Gonggong took the initiative to go to Yue Feng, using the excuse of discussing dealing with the crisis in the gangster mountain range, and being with Yue Feng, there is definitely a chance."

Yang Jian nodded and looked at Gonggong: "Gonggong, assassinate Yue Feng, you can Are you sure?"

Huh!

At this moment, Gong Gong's delicate body trembled, surprised and happy, and respectfully said, "Your Majesty, rest assured, your subordinates will live up to expectations!"

When he said this, Gong Gong's eyes flashed gloomy and cold.

Yue Feng, your time of death is approaching!

A few minutes later, under the arrangement of Zhang Jiao, Gonggong quickly left Beiyang Imperial City and rushed towards the Diyuan Continent.

....

Earth Circle Continent, Zhongzhou City, Ouyang Mansion.

In the hall, Yue Feng sat there, feeling extremely irritable.

Two days ago, Yue Feng issued an order to Tianmen, asking them to inquire about Su Qingyan, Yue Wuya and Han Bing on all roads. Yue Wuya and Han Bing were separated from the previous battle in the Valley of the Wicked, and their whereabouts are still unknown!

As a result, two days have passed, and there is still no clue.

What bothered Yue Feng even more was that there was no news from the Tianmen disciples sent to the Chaos Mountains.

At this time, Yue Feng didn't know that the Tianmen disciples sent out, as well as people from several other forces, were tricked into the sea by Duan Yu, and they were all destroyed, leaving no survivors.

On both sides, Wen Chou Chou, Jiang Shan, Ren Yingying and others sat there, all anxious.

“metropolitan!”

At this moment, a Tianmen disciple walked in quickly and said respectfully: “Sect Master, there is a letter from Zhongyuan Continent, which was written by Master Moraya!” Hua Yun

fell, and the Tianmen disciple handed the letter to Yue Feng's hand.

Chapter 2280

Zhongyuan Continent, similar to Dongao Continent, is in the embryonic stage of technology. Even if the technology companies in the Earth Circle Continent have already settled in Zhongyuan Continent, the network communication is still dominated by letters.

Master Moraya's handwritten letter?

I muttered in my heart, and after reading the letter that Yue Feng had opened, I couldn't help laughing and crying.

In the letter, Moroye's tone was very helpless.

The strongest in the Zhongyuan Continent is the Dugu family. The family confirmed that the Rakshasa clan in the wild and strange realm was groundless and not true, and refused Moroye's request.

Speaking of which, it is also because Linyin Temple is located in the Chaos Mountains and has been hidden for thousands of years. Very few people know it. People from the Dugu family have never heard of it, and they don't know Moroye, so naturally they don't believe it.

In this case, Moroye only needs to ask Yue Feng for help, hoping that he can go to Zhongyuan Continent in person to help persuade the Dugu family. After all, Yue Feng is famous in Kyushu, and the Dugu family should believe his words.

Whoops!

Seeing Yue Feng's wry smile, Ren Yingying and Wen Chou Chou gathered around to read the letter.

For a time, everyone was furious.

Bang!

Sun Dasheng patted the table and shouted angrily: "Mad, this Dugu family is really short-sighted. The Kyushu continent is in danger, but they say it's fake? If it's fake, can the Northern Ying continent stop the war with us?"

"As soon as it came out, many people nodded in agreement.

"Okay, okay!"

Yue Feng smiled bitterly, stood up and looked around: "It seems that I can only go to Zhongyuan Continent once."

To be honest, Su Qingyan, Yue Wuya, and Hanbing were not found, and Yue Feng was not in the mood to go to Zhongyuan Continent!

But there is no way, everyone is responsible for the safety of Kyushu. Moreover, the eminent monks of Moraye Buddhism have all written letters to invite themselves to help. If they refuse, they cannot justify it.

"Fengzi!" Sun Dasheng hurriedly shouted: "I'll go with you!" As

soon as the words fell, Wen Chouchou, Ren Yingying and others also stood up.

"I'll accompany you too!"

"I'll go too!"

Phew!

Seeing this scene, Yue Feng felt warm in his heart, but still shook his head and said, "I'll go alone, you all prepare, and go to the Chaos Mountains to check the situation! I guess that the people who were sent before must have an accident."

Having said that, Yue Feng said seriously: "The situation in the Primal Chaos Mountains is the most important thing!"

Phew!

Hearing this, everyone stopped insisting and obeyed Yue Feng's arrangement.

Soon, after everything was arranged, Yue Feng left Ouyang's mansion and went to Zhongyuan Continent!

On the outskirts of Zhongzhou City, Yue Feng just came here, but at this moment, Yue Feng frowned.

He only felt that a breath came from the sky not far away. Yue Feng looked at it subconsciously, and saw a charming figure in the air not far away, flying quickly.

From a distance, a long light blue dress, blown by the breeze, has a tight and graceful curve, which appears and disappears from time to time, and the exquisite and beautiful facial features reveal a certain aura that cannot be profaned.

It is Gonggong!

hiss!

Seeing Gonggong, Yue Feng instantly became vigilant and couldn't help gasping for air.

Nima, why did this woman suddenly come?

Could it be that Yang Jian went back on his word and did not intend to stop the war, but would continue to fight?

"Yue Feng!"

Just when Yue Feng was thinking about it, Gonggong landed gracefully, walked up to him, and shouted softly, "What a coincidence, I was going to the Ouyang family to find you, but I bumped into you halfway. It's here."

When he said this, Gong Gong's tone was calm, and there was no hostility on his delicate face.
